Application for Art Advisory Board Position

Dear City Council and/or Selection Committee,

Boynton Beach is more than where I live—it's where I've built my life. After graduating high school from Gulliver Prep in Miami in 2009, I moved here in 2010 while attending Palm Beach State, settling into my first home behind the Seacrest Scrubland on SE 28th Ave What started as a move quickly became a lifelong investment; over the past 14 years, I've built my career, my community, and my family in Boynton Beach. For the past seven years, my husband and I have proudly called Forest Park home on SW 13th Ave.

I've watched this city evolve, and I want to play a role in shaping its future—one where art is at the center of our shared spaces, conversations, and identity. Art is the soul of a community. It transforms neighborhoods, inspires connection, and gives life to spaces in ways that words alone cannot.

While my career has been in business and leadership, my heart has always been in creativity—building, shaping, and bringing ideas to life in ways that connect people. I believe Boynton Beach is a city with incredible creative potential, and I want to help cultivate an environment where artists, small businesses, and the community flourish together.

Serving on the Art Advisory Board would allow me to bring my passion for both Boynton Beach and the arts together, helping to weave creativity into the fabric of our city—not just as something to admire, but as something to experience and build upon. I would be honored to contribute my perspective, ideas, and dedication to this community I love.

Thank you for your time and consideration. I look forward to the opportunity to serve.

Warmly,

Mikaela McLaughlin

[Creative. | Compassionate. | Engaged.]

Dear Boynton Beach City Commissioners,

I am writing to express my interest in serving on the Boynton Beach Community Redevelopment Agency (CRA or BBCRA) Advisory Board. With over a decade of experience in business leadership, community engagement, and strategic funding management, I am eager to contribute to the CRA's mission of revitalizing our community and fostering sustainable economic growth.

For eight years, I worked at Nearpod, most recently as their Vice President of Sales, where I worked extensively with local, state and federal budgets, grants, and additional funding sources. This experience gave me a deep understanding of how to make impact-driven decisions while navigating financial constraints—an essential skill for responsible redevelopment efforts. Beyond managing budgets, I collaborated with local school districts to engage their communities, showcasing the positive initiatives within their schools. My team hosted approximately 200 events per year and was responsible for responding to Requests for Proposals (RFPs), which honed my skills in strategic planning, community outreach, and stakeholder engagement.

Prior to that, I worked closely with small and medium-sized business owners, gaining first hand insight into the challenges they face and the importance of fostering a business-friendly environment. Additionally, my early career included working with the founders of Citrix, where I developed a keen understanding of entrepreneurship and innovation. Most recently, my entrepreneurial efforts have landed me as a passive owner in Legendary Frameless Glass. This has further deepened my understanding of the construction industry's role in redevelopment and infrastructure improvement. This experience equips me with the knowledge to support responsible, strategic growth that benefits both residents and businesses.

My commitment to community service is demonstrated by my tenure as an executive board member for a prominent student-run philanthropy in the Southeast, Dance Marathon. We successfully raised $1.17 million for Shands Hospital for Children, a Children's Miracle Network Hospital. I recruited 35 team members and 500 staff, resulting in a 44% increase in per-person fundraising from the previous year. Additionally, we planned and executed over 15 hours of morale-focused events for more than 800 participants during an annual 26.2-hour philanthropy event.

The BBCRA is dedicated to guiding redevelopment activities such as affordable housing, business support, and community enhancement. My background in managing substantial budgets, engaging with local businesses and communities, and executing large-scale community events aligns with the BBCRA's goals. I am particularly drawn to the agency's commitment to stimulating the local economy and encouraging patronage of local businesses through promotional activities. As a local business owner myself, I'm familiar with the hurdles of real estate, acquiring properties, and developing those properties. I look forward to the opportunity to serve and help shape a vibrant Boynton Beach.

Thank you for your consideration. Please see my resume below.

Professional Summary

Business leader with over a decade of experience in strategic funding management, community engagement, and economic development. Proven track record in managing multi-million-dollar budgets, fostering local business growth, and driving impact-driven initiatives. Passionate about community redevelopment, small business support, and sustainable urban/suburban development.

This Agreement is intended by the parties hereto to be the final expression of this Agreement, and it constitutes the full and entire understanding between the parties with respect to the subject hereof, notwithstanding any representations, statements, or agreements to the contrary heretofore made. In the event of a conflict between this Agreement, any Task Order, the solicitation, and the CONTRACTOR's bid proposal, this Agreement shall govern then, any Task Order, then the solicitation, and then the bid proposal. This Agreement may be amended only by written instrument signed by both CITY and CONTRACTOR.

H. This Agreement will take effect on the Effective Date. This Agreement may be executed by hand or electronically in multiple originals or counterparts, each of which shall be deemed to be an original and together shall constitute one and the same agreement. Execution and delivery of this Agreement by the Parties shall be legally binding, valid and effective upon delivery of the executed documents to the other party through facsimile transmission, email, or other electronic delivery.

J. Services Provided in Response to Natural Disaster / Emergency. CONTRACTOR provides services that the CITY may require in the event of a hurricane or other disaster. CONTRACTOR acknowledges and agrees that in such event, the CITY may apply to the State of Florida or the federal government for funds that will be used to pay CONTRACTOR or reimburse the CITY for payments made to CONTRACTOR. FEMA will only consider reimbursing contracts which contain the requisite FEMA provisions. CONTRACTOR desires to be eligible to be awarded disaster work and be compensated through federal funds. The CITY and CONTRACTOR agree that with respect to any services or work performed or provided by CONTRACTOR or its subcontractors under the Agreement arising or related to a disaster event, the provisions set forth in the FEMA Addendum (the "FEMA Requirements"), a copy of which is attached hereto and incorporated herein by reference, shall apply. The FEMA Requirements shall only modify this Agreement upon the provision by CONTRACTOR of work or services required as a result of a disaster. The terms and conditions of the Agreement and the FEMA Requirements should be read to operate in concert, except where directly in conflict. If, in the judgment of CITY, Work provided by CONTRACTOR does not conform to the requirements of this Agreement, or if the Work exhibits poor workmanship, CITY reserves the right to require that CONTRACTOR correct all deficiencies in the Work to bring the work into conformance without additional cost to CITY, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. CITY shall be the sole judge of non-conformance and the quality of workmanship.

B. **Default of Contract**. The occurrence of any one or more of the following events shall constitute a default and breach of this Agreement by CONTRACTOR :

I. The abandonment of the project by CONTRACTOR for a period of more than seven (7) business days.

II. The abandonment, unnecessary delay, refusal of, or failure to comply with any of

the terms of this Agreement or neglect, or refusal to comply with the instructions of the CITY's designee.

III. The failure by CONTRACTOR to observe or perform any of the terms, covenants, or conditions of this Agreement to be observed or performed by CONTRACTOR, where such failure shall continue for a period of seven (7) days after written notice thereof by CITY to CONTRACTOR; provided, however, that if the nature of CONTRACTOR 's default is such that more than seven (7) days are reasonably required for its cure, then CONTRACTOR shall not be deemed to be in default if CONTRACTOR commences such cure within said seven (7) day period and thereafter diligently prosecutes such cure to completion.

IV. The assignment and/or transfer of this Agreement or execution or attachment thereon by CONTRACTOR or any other party in a manner not expressly permitted hereunder.

V. The making by CONTRACTOR of any general assignment or general arrangement for the benefit of creditors, or the filing by or against CONTRACTOR of a petition to have CONTRACTOR adjudged a bankruptcy, or a petition for reorganization or arrangement under any law relating to bankruptcy (unless, in the case of a petition filed against CONTRACTOR the same is dismissed within sixty (60) calendar days); or the appointment of a trustee or a receiver to take possession of substantially all of CONTRACTOR 's assets, or for CONTRACTOR 's interest in this Agreement, where possession is not restored to CONTRACTOR within thirty (30) calendar days; for attachment, execution or other judicial seizure of substantially all of CONTRACTOR 's assets, or for CONTRACTOR 's interest in this Agreement, where such seizure is not discharged within thirty (30) calendar days.

C. **Remedies in Default**. In case of default by CONTRACTOR, CITY shall notify CONTRACTOR, in writing, of such abandonment, delay, refusal, failure, neglect, or default and direct CONTRACTOR to comply with all provisions of the Agreement. If the abandonment, delay, refusal, failure, neglect or default is not cured within seven (7) business days of when notice was sent by CITY, CITY may declare a default of the Agreement and notify CONTRACTOR of such declaration of default and terminate the Agreement.

i. Upon such declaration of default, all payments remaining due CONTRACTOR at the time of default, less all sums due CITY for damages suffered, or expenses incurred by reason of default, shall be due and payable.

ii. CITY may complete the Agreement, or any part thereof, either by day labor, use of a subcontractor, or by re-letting a contract for the same, and procure the equipment and the facilities necessary for the completion of the Agreement, and charge the cost of same to CONTRACTOR the costs incident thereto to such default.

iii. In the event CITY completes the Agreement at a lesser cost than would have been payable to CONTRACTOR under this Agreement, if the same had been fulfilled by CONTRACTOR, CITY shall retain such differences. Should such cost to CITY be greater, CONTRACTOR shall pay the amount of such excess to the CITY.

iv. Notwithstanding the other provisions in this Article, CITY reserves the right to terminate the Agreement at any time, whenever the service provided by CONTRACTOR fails to meet reasonable standards of the trade after CITY gives written notice to the CONTRACTOR of the deficiencies.

28. **SOVEREIGN IMMUNITY.** Nothing contained herein is intended to serve as a waiver of sovereign immunity by the CITY or as a waiver of limits of liability or rights the CITY may have under the doctrine of sovereign immunity or under Section 768.28, Florida Statutes.

29. **TRUTH-IN-NEGOTIATION CERTIFICATE**.

A. Execution of this Agreement by the CONTRACTOR shall act as the execution of a truth-in-negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement is accurate, complete, and current as of the date of the Agreement and no higher than those charged to the CONTRACTOR's most favored customer for the same or substantially similar service.

B. The said rates and cost shall be adjusted to exclude any significant sums should the CITY determine that the rates and costs were increased due to inaccurate, incomplete, or non-current wage rates or due to inaccurate representations of fees paid to outside vendors. The CITY shall exercise its rights under this "Certificate" within one (1) year following payment.

30. **ENTITIES OF FOREIGN CONCERN.** CONTRACTOR will have access to an individual's personal identifying information under this Agreement. CONTRACTOR represents and certifies: (i) CONTRACTOR is not owned by the government of a foreign country of concern; (ii) the government of a foreign country of concern does not have a controlling interest in CONTRACTOR; and (iii) CONTRACTOR is not organized under the laws of and does not have its principal place of business in, a foreign country of concern. Prior to CONTRACTOR and any subcontractor having access to personal identifying information pursuant to this Agreement, CONTRACTOR and any subcontractor shall submit to City executed affidavit(s) under penalty of perjury, in a form approved by City attesting that the entity does not meet any of the criteria in Section 287.138(2), Florida Statutes. Compliance with the requirements of this section is included in the requirements of a proper invoice. Terms used in this section that are not otherwise defined in this Agreement shall have the meanings ascribed to such terms in Section 287.138, Florida Statutes.

31. **ANTI-HUMAN TRAFFICKING**. On or before the Effective Date of this Agreement, CONTRACTOR shall provide CITY with an affidavit attesting that the CONTRACTOR does not use coercion for labor or services, in accordance with Section 787.06(13), Florida Statutes.

CONTRACTOR further represents that there has been no determination that it committed a "public entity crime" as defined by Section 287.133, Florida Statutes, and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether CONTRACTOR has been placed on the convicted vendor list.

38. **COUNTRIES OF CONCERN**. CONTRACTOR represents that it is, and for the duration of the Term will remain, in compliance with Section 286.101, Florida Statutes.

(2) Additional Remedies. In addition to any other remedies provided for in the contract or to which the City may be entitled at law or in equity, in the event of a breach or violation of the Contract by the Contractor, the Contractor shall be subject to debarment or suspension from consideration for the award of additional contracts from the City, including but not limited to contracts related to disaster relief or recovery, pursuant to the terms and procedures set forth in the City Code.

These remedies are cumulative and the use of any appropriate remedy shall not constitute an election of other remedies by the City. The use of one remedy shall not preclude the use of any other remedy. Nothing in this article shall prohibit the City from enforcing the requirements of this article by any other legal means.

E. **Termination or Suspension of Contract**.
The City may, by written notice to the Contractor, suspend any or all of the City's obligations under the Contract due to the Contractor's failure to comply with applicable law or the terms of the Contract until such time as the event or condition resulting in such suspension has ceased or been corrected.

(Applicable to All FEMA Construction Contracts)

During the performance of this Contract, the Contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, his contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph **(1)** and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part 11, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings

CITY shall be the sole judge of non-conformance and the quality of workmanship.

B. **Default of Contract.** The occurrence of any one or more of the following events shall constitute a default and breach of this Agreement by CONTRACTOR :

I. The abandonment of the project by CONTRACTOR for a period of more than seven (7) business days.

II. The abandonment, unnecessary delay, refusal of, or failure to comply with any of

the terms of this Agreement or neglect, or refusal to comply with the instructions of the CITY's designee.

III. The failure by CONTRACTOR to observe or perform any of the terms, covenants, or conditions of this Agreement to be observed or performed by CONTRACTOR, where such failure shall continue for a period of seven (7) days after written notice thereof by CITY to CONTRACTOR; provided, however, that if the nature of CONTRACTOR 's default is such that more than seven (7) days are reasonably required for its cure, then CONTRACTOR shall not be deemed to be in default if CONTRACTOR commences such cure within said seven (7) day period and thereafter diligently prosecutes such cure to completion.

IV. The assignment and/or transfer of this Agreement or execution or attachment thereon by CONTRACTOR or any other party in a manner not expressly permitted hereunder.

V. The making by CONTRACTOR of any general assignment or general arrangement for the benefit of creditors, or the filing by or against CONTRACTOR of a petition to have CONTRACTOR adjudged a bankruptcy, or a petition for reorganization or arrangement under any law relating to bankruptcy (unless, in the case of a petition filed against CONTRACTOR the same is dismissed within sixty (60) calendar days); or the appointment of a trustee or a receiver to take possession of substantially all of CONTRACTOR 's assets, or for CONTRACTOR 's interest in this Agreement, where possession is not restored to CONTRACTOR within thirty (30) calendar days; for attachment, execution or other judicial seizure of substantially all of CONTRACTOR 's assets, or for CONTRACTOR 's interest in this Agreement, where such seizure is not discharged within thirty (30) calendar days.

i. Upon such declaration of default, all payments remaining due CONTRACTOR at the time of default, less all sums due CITY for damages suffered, or expenses incurred by reason of default, shall be due and payable.

ii. CITY may complete the Agreement, or any part thereof, either by day labor, use of a subcontractor, or by re-letting a contract for the same, and procure the equipment and the facilities necessary for the completion of the Agreement, and charge the cost of same to CONTRACTOR the costs incident thereto to such default.

iii. In the event CITY completes the Agreement at a lesser cost than would have been payable to CONTRACTOR under this Agreement, if the same had been fulfilled by CONTRACTOR, CITY shall retain such differences. Should such cost to CITY be greater, CONTRACTOR shall pay the amount of such excess to the CITY.

iv. Notwithstanding the other provisions in this Article, CITY reserves the right to terminate the Agreement at any time, whenever the service provided by CONTRACTOR fails to meet reasonable standards of the trade after CITY gives written notice to the CONTRACTOR of the deficiencies.

28. **SOVEREIGN IMMUNITY.** Nothing contained herein is intended to serve as a waiver of sovereign immunity by the CITY or as a waiver of limits of liability or rights the CITY may have under the doctrine of sovereign immunity or under Section 768.28, Florida Statutes.

29. **TRUTH-IN-NEGOTIATION CERTIFICATE.**

A. Execution of this Agreement by the CONTRACTOR shall act as the execution of a truth-in-negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement is accurate, complete, and current as of the date of the Agreement and no higher than those charged to the CONTRACTOR's most favored customer for the same or substantially similar service.

B. The said rates and cost shall be adjusted to exclude any significant sums should the CITY determine that the rates and costs were increased due to inaccurate, incomplete, or non-current wage rates or due to inaccurate representations of fees paid to outside vendors. The CITY shall exercise its rights under this "Certificate" within one (1) year following payment.

CONTRACTOR represents and certifies: (i) CONTRACTOR is not owned by the government of a foreign country of concern; (ii) the government of a foreign country of concern does not have a controlling interest in CONTRACTOR; and (iii) CONTRACTOR is not organized under the laws of and does not have its principal place of business in, a foreign country of concern. (2) Additional Remedies. In addition to any other remedies provided for in the contract or to which the City may be entitled at law or in equity, in the event of a breach or violation of the Contract by the Contractor, the Contractor shall be subject to debarment or suspension from consideration for the award of additional contracts from the City, including but not limited to contracts related to disaster relief or recovery, pursuant to the terms and procedures set forth in the City Code.

These remedies are cumulative and the use of any appropriate remedy shall not constitute an election of other remedies by the City. The use of one remedy shall not preclude the use of any other remedy. Nothing in this article shall prohibit the City from enforcing the requirements of this article by any other legal means.

E. **Termination or Suspension of Contract**.
The City may, by written notice to the Contractor, suspend any or all of the City's obligations under the Contract due to the Contractor's failure to comply with applicable law or the terms of the Contract until such time as the event or condition resulting in such suspension has ceased or been corrected.

(Applicable to All FEMA Construction Contracts)

During the performance of this Contract, the Contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, his contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph **(1)** and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor; that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part 11, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings

a. By signing this Addendum, the Contractor is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The Contractor shall submit an explanation of why it cannot provide the certification set out below. However, failure of the Contractor to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

d. This Contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State, and the City, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

• Form 1099-INT (interest earned or paid).

• Form 1099-DIV (dividends, including those from stocks or mutual funds).

• Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).

• Form 1099-NEC (nonemployee compensation).

• Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).

• Form 1099-S (proceeds from real estate transactions).

• Form 1099-K (merchant card and third-party network transactions).

• Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).

• Form 1099-C (canceled debt).

• Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

• An individual who is a U.S. citizen or U.S. resident alien;

• A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;

• An estate (other than a foreign estate); or

• A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

• In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.

• In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.

• In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

City of Boynton Beach
Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-055- Approve the auction of the vehicles/equipment submitted by the Fleet Maintenance Division for disposal by using the online auctioneer JJ Kane Auctioneers piggybacking Sourcewell RFP 110421.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-055.

Explanation of Request:

The Fleet Management & Mobility Division is submitting twenty-five (25) units to be disposed of at auction using the online auctioneer JJ Kane Auctioneers. The proceeds will generate revenue for the Fleet Maintenance Fund. The division has verified that the units are no longer of use and has completed all proper documentation for disposal.

The City is currently piggybacking a contract with J.J Kane LLC through Sourcewell RFP# 110421. This agreement has been effective since July 17th, 2023, and provides the City great monetary value when it comes to re-selling City vehicles.

The City of Boynton Beach effectively saves both time and money by piggybacking contracts in accordance with NIGP (National Institute of Governmental Purchasing) best practices. By leveraging existing contracts awarded by other government entities, the city avoids the time-consuming process of competitive bidding for every purchase, thus streamlining procurement and expediting the delivery of goods and services. This approach not only reduces administrative costs but also ensures access to pre-negotiated, often more favorable pricing, benefiting from the collective bargaining power of larger groups. Adopting NIGP best practices further ensures transparency, compliance, and the effective use of taxpayer funds, while maintaining high standards of procurement efficiency.

How will this affect city programs or services?

The disposal of obsolete, damaged, and surplus vehicles/equipment will eliminate the need to store them and allow the Finance Department to remove them from the City's fixed asset records.

Account Line Item and Description:

Fleet- Sale of Surplus- GL Account 501-0000-365.01-00

Fiscal Impact: The revenue generated from the sale of surplus vehicles/equipment will be placed in the Fleet Management & Mobility Fund and will be used for the future procurement of vehicles/equipment.

Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-056- Approve a Purchase Order to Robert Half International, Inc. to provide Temporary Staffing, Direct-Hire, and Other Employer Services to the City on an as-needed basis in an amount not to exceed $100,000.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-056.

Explanation of Request: Temporary staffing services are particularly important for the City of Boynton Beach, as they help the local government address fluctuating needs while ensuring smooth operations across various departments. Whether it's for seasonal events, special projects, or covering for employees on leave, temporary staff offer the flexibility required to maintain essential services without overextending the City's budget. These services allow the city to bring in skilled professionals for short-term assignments, from administrative support to specialized roles, without the long-term commitment of permanent hiring. Furthermore, temporary staffing allows for assessing potential talent for future full-time roles, contributing to the City's long-term workforce planning. By utilizing temporary staffing, Boynton Beach can efficiently manage resources, reduce costs, and maintain high-quality service to residents.

After conducting a comprehensive analysis, the staff determined that Robert Half, a highly regarded provider of temporary staffing services, currently holds a contract with HGAC-Buy to deliver staffing solutions throughout the City. The City previously entered into Interlocal Contract ILC No, ILC18-6755, with HGACBuy in May 2018 to expedite the procurement of certain goods and services for the City. The Robert Half agreement, is set to expire on May 31, 2025. The partnership would enable the City to efficiently meet its temporary professional staffing needs. Staff is estimating the use of $100K for these as-needed services.

How will this affect city programs or services? The City would be able to utilize temporary professional services as needed.

Account Line Item and Description: Finance - 001-1410-513.34.40

Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges, or other economic factors.

Price Changes
Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g. 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

Contractor must submit a written notification at least thirty (30) calendar days prior to the requested effective date of the change, setting the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must include H-GAC Forms D Offered Item Pricing and E Options Pricing, or the documentation used to submit pricing in the original Response and be supported with substantive documentation (e.g. manufacturer's price increase notices, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to the Bids and Specifications manager, William Burton, at William.Burton@h-gac.com

Review/Approval of Requests
If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. Incorporated by attachment, as part of the whole agreement, H-GAC and the Contractor do, hereby agree to the Special Provisions as follows:

ARTICLE 1: BIDS/PROPOSALS INCORPORATED

In addition to the whole Agreement, the following documents listed in order of priority are incorporated into the Agreement by reference: Bid/Proposal Specifications and Contractor's Response to the Bid/Proposal.

ARTICLE 2: END USER AGREEMENTS ("EUA")

H-GAC acknowledges that the END USER may choose to enter into an End User Agreement ("EUA) with the Contractor through this Agreement, and that the term of the EUA may exceed the term of the current H-GAC Agreement. H-GAC's acknowledgement is not an endorsement or approval of the End User Agreement's terms and conditions. Contractor agrees not to offer, agree to or accept from the END USER, any terms or conditions that conflict with those in Contractor's Agreement with H-GAC. Contractor affirms that termination of its Agreement with H-GAC for any reason shall not result in the termination of any underlying EUA, which shall in each instance, continue pursuant to the EUA's stated terms and duration. Pursuant to the terms of this Agreement, termination of this Agreement will disallow the Contractor from entering into any new EUA with END USERS. Applicable H-GAC order processing charges will be due and payable to H-GAC on any EUAs, surviving termination of this Agreement between H-GAC and Contractor.

ARTICLE 3: MOST FAVORED CUSTOMER CLAUSE

Contractor shall provide its most favorable pricing and terms to H-GAC. If at any time during this Agreement, Contractor develops a regularly followed standard procedure of entering into agreements with other governmental customers within the State of Texas, and offers the same or substantially the same products/services offered to H-GAC on a basis that provides prices, warranties, benefits, and or terms more favorable than those provided to H-GAC, Contractor shall notify H-GAC within ten (10) business days thereafter, and this Agreement shall be deemed to be automatically retroactively amended, to the effective date of Contractor's most favorable past agreement with another entity. Contractor shall provide the same prices, warranties, benefits, or terms to H-GAC and its END USER as provided in its most favorable past agreement. H-GAC shall have the right and option at any time to decline to accept any such change, in which case the amendment shall be deemed null and void. If Contractor claims that a more favorable price, warranty, benefit, or term that was charged or offered to another entity during the term of this Agreement, does not constitute more favorable treatment, than Contractor shall, within ten (10) business days, notify H-GAC in writing, setting forth the detailed reasons Contractor believes the aforesaid offer is not in fact most favored treatment. H-GAC, after due consideration of Contractor's written explanation, may decline to accept such explanation and thereupon this Agreement between H-GAC and Contractor shall be automatically amended, effective retroactively, to the effective date of the most favored agreement, to provide the same prices, warranties, benefits, or terms to H-GAC and the END USER.

EXCEPTION: This clause shall not be applicable to prices and price adjustments offered by a bidder, proposer or contractor, which are not within bidder's/proposer's control [example; a manufacturer's bid concession], or to any prices offered to the Federal Government and its agencies.

Payment of the Order Processing Charge shall be remitted from Contractor to H-GAC, within thirty (30) calendar days or ten (10) business days after receipt of an END USER's payment, whichever comes first, notwithstanding Contractor's receipt of invoice. For sales made by Contractor based on this Agreement, including sales to entities without Interlocal Agreements, Contractor shall pay the applicable order processing charges to H-GAC. Further, Contractor agrees to encourage entities who are not members of H-GAC's Cooperative Purchasing Program to execute an H-GAC Interlocal Agreement. H-GAC reserves the right to take appropriate actions including, but not limited to, Agreement termination if Contractor fails to promptly remit the appropriate order processing charge to H-GAC. In no event shall H-GAC have any liability to Contractor for any goods or services an END USER procures from Contractor. At all times, Contractor shall remain liable to pay to H-GAC any order processing charges on any portion of the Agreement actually performed, and for which compensation was received by Contractor.

WHEREAS, in reliance on such authority, H-GAC has instituted a cooperative purchasing program under which it contracts with eligible entities under the Act; and

WHEREAS, End User has represented that it is an eligible entity under the Act, that its governing body has authorized this Contract on **05/02/2018** (Date), and that it desires to contract with H-GAC on the terms set forth below;

NOW, THEREFORE, H-GAC and the End User do hereby agree as follows:

ARTICLE 1: LEGAL AUTHORITY

The End User represents and warrants to H-GAC that (1) it is eligible to contract with H-GAC under the Act because it is one of the following: a local government, as defined in the Act (a county, a municipality, a special district, or other political subdivision of the State of Texas or any other state), or a combination of two or more of those entities, a state agency (an agency of the State of Texas as defined in Section 771.002 of the Texas Government Code, or a similar agency of another state), or a non-profit corporation created and operated to provide one or more governmental functions and services, and (2) it possesses adequate legal authority to enter into this Contract.

ARTICLE 2: APPLICABLE LAWS

H-GAC and the End User agree to conduct all activities under this Contract in accordance with all applicable rules, regulations, and ordinances and laws in effect or promulgated during the term of this Contract.

ARTICLE 3: WHOLE AGREEMENT

This Contract and any attachments, as provided herein, constitute the complete contract between the parties hereto, and supersede any and all oral and written agreements between the parties relating to matters herein.

ARTICLE 4: PERFORMANCE PERIOD

The period of this Contract shall be for the balance of the fiscal year of the End User, which began **10/01/2017** and ends **09/30/2018**. This Contract shall thereafter automatically be renewed annually for each succeeding fiscal year, provided that such renewal shall not have the effect of extending the period in which the End User may make any payment due an H- GAC contractor beyond the fiscal year in which such obligation was incurred under this Contract.

ARTICLE 5: SCOPE OF SERVICES

The End User appoints H-GAC its true and lawful purchasing agent for the purchase of certain products and services through the H- GAC Cooperative Purchasing Program. End User will access the Program through HGACBuy.com and by submission of any duly executed purchase order, in the form prescribed by H-GAC to a contractor having a valid contract with H-GAC. All purchases hereunder shall be in accordance with specifications and contract terms and pricing established by H-GAC. Ownership (title) to products purchased through H-GAC shall transfer directly from the contractor to the End User.

All payments for goods or services will be made from current revenues available to the paying party. In no event shall H-GAC have any financial liability to the End User for any goods or services End User procures from an H- GAC contractor.

ARTICLE 7: CHANGES AND AMENDMENTS

This Contract may be amended only by a written amendment executed by both parties, except that any alterations, additions, or deletions to the terms of this Contract which are required by changes in Federal and State law or regulations are automatically incorporated into this Contract without written amendment hereto and shall become effective on the date designated by such law or regulation.

All parties agree that should any provision of this Contract be determined to be invalid or unenforceable, such determination shall not affect any other term of this Contract, which shall continue in full force and effect.

ARTICLE 10: FORCE MAJEURE

To the extent that either party to this Contract shall be wholly or partially prevented from the performance within the term specified of any obligation or duty placed on such party by reason of or through strikes, stoppage of labor, riot, fire, flood, acts of war, insurrection, accident, order of any court, act of God, or specific cause reasonably beyond the party's control and not attributable to its neglect or nonfeasance, in such event, the time for the performance of such obligation or duty shall be suspended until such disability to perform is removed; provided, however, force majeure shall not excuse an obligation solely to pay funds. The exceeded costs were due to printing, re-packaging, and mailing (including returning artwork overseas) in the amount of $679.35, of which receipts were submitted for reimbursement.

How will this affect city programs or services? The City's programs and services have been enhanced with the addition of the new outdoor kinetic artwork, as it will be on display for 18 months for the community to enjoy at no cost.

Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-058- Approve the renewal and purchase of insurance policies for flood insurance coverage with Wright Flood for the policies with effective dates of March 6, 2025.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-058.

Explanation of Request: The purchase and renewal of Flood policies will act as the primary Flood Insurance for the City with secondary coverage under the Preferred Government Insurance Trust (PGIT) policy.

How will this affect city programs or services? Wright Flood is the current insurance carrier the City elected for Flood coverage. Approval of this item will allow the City to continue coverage for another policy year in addition to adding coverage to other City locations based upon the changes to the FEMA Map Update.

Per the City's Procurement Policy, IV. EXEMPTIONS TO THE COMPETITIVE PROCESS. 8. Insurance is exempt from the procurement process. Insurance is a specialized service that involves complex risk assessments and underwriting processes. It is difficult or impractical to compare proposals in the same way as for other goods or services. The terms, coverage, exclusions, and premiums can vary significantly between providers, making standardizing a competitive bidding process challenging.

Budgeted Item: Yes

Account Line Item and Description: 522-1710-519-45-15- Liability Insurance Misc.

Fiscal Impact: Total cost: $22,878

City of Boynton Beach
Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-059- Adopting the 2024 Affordable Housing Advisory Committee Housing Incentives Report and providing an effective date.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-059.

Explanation of Request:

Section 420.9076, Florida Statutes, requires each Florida jurisdiction receiving State Housing Initiatives Partnership (SHIP) funds to appoint an eight to eleven-member Affordable Housing Advisory Committee (AHAC). Each member represents a role in the affordable housing industry, as a citizen of the jurisdiction, and a locally elected official.

The AHAC is mandated by section 420.9076(4), Florida Statutes, to meet annually to review, consider, and recommend to the local governing body 11 Affordable Housing Incentives to remove barriers to affordable housing. The 11 incentives are in the following areas:

1. The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects, as provided in s. 163.3177(6)(f)3.
2. All allowable fee waivers are provided for the development or construction of affordable housing.
3. The allowance of flexibility in densities for affordable housing.
4. The reservation of infrastructure capacity for housing for very low-income persons, low-income persons, and moderate-income persons.
5. Affordable accessory residential units.
6. The reduction of parking and setback requirements for affordable housing.
7. The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.
8. The modification of street requirements for affordable housing.
9. The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
10. The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
11. The support of development near transportation hubs and, major employment centers,

and mixed-use developments.

The SHIP Statute requires the City Commission to consider and discuss the AHAC's recommendations. However, the Statute does not mandate the adoption of the AHAC recommendations other than the two following Housing incentives already in effect in the City:

1. The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects, as provided in 163.3177(6)(f)3.
2. The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of Housing.

The AHAC has reviewed, considered, and evaluated the 11 affordable housing Incentives. The AHAC has no new recommendations for the City Commission on this 2024 AHAC Housing Incentives Strategies Report. The AHAC met in person on February 3, 2025, and unanimously approved sending the report to the Florida Housing Finance Corporation, Florida Housing Coalition, and City Commission.

How will this affect city programs or services?

The 2024 AHAC Housing Incentives Report is a required component of the State's SHIP program, which will be a source of over $622,748 this grant year.

Account Line Item and Description: N/A

Fiscal Impact:

Failure to adopt the 2024 Housing Incentives AHAC Report could affect the City's ability to receive SHIP funds.

STATE HOUSING INITIATIVE PARTNERSHIP

AFFORDABLE HOUSING ADVISORY COMMITTEE

HOUSING INCENTIVES 2024 REPORT

BACKGROUND

As a recipient of State Housing Initiative Partnership (SHIP) funds, the City of Boynton Beach (City) established an Affordable Housing Advisory Committee (AHAC). The AHAC is responsible for reviewing and evaluating local plans, policies, procedures, land development regulations, the Comprehensive Plan, and other aspects of the City's housing activities that impact the production of affordable housing. Further, the AHAC is specifically directed by the SHIP Statute to consider and evaluate the implementation of the incentives set out by Florida Statues, Sec. 420.9076 (4)(a)-(k). Based on the AHAC evaluation, the committee may recommend to the local governing body that it make modifications of, exceptions to, or creation of new plans, policies, procedures, and other governing vehicles which would encourage production of affordable housing.

As approved by the City Commission, the recommendations are used to amend the Local Housing Assistance Plan, the local Comprehensive Plan, land development regulations, and other policies affecting affordable housing.

COMMITTEE COMPOSITION

City Commission appointed members to the Committee (see table 1). The SHIP Statute lists the categories from which committee members must be selected. Each AHAC must have a locally elected official from the county or municipality participating in the SHIP program. The elected official will count as a member of the AHAC for purposes of meeting the number of members requirements. There must be at least eight committee members, but not more than eleven, with representation from at least six of the following categories:

(a) A citizen who is actively engaged in the residential home building industry in connection with affordable housing.
(b) A citizen who is actively engaged in the banking or mortgage banking industry in connection with affordable housing.
(c) A citizen who is a representative of those areas of labor actively engaged in home building in connection with affordable housing.
(d) A citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing.
(e) A citizen who is actively engaged as a for-profit provider of affordable housing.
(f) A citizen who is actively engaged as a not-for-profit provider of affordable housing.
(g) A citizen who is actively engaged as a real estate professional in connection with affordable housing.
(h) A citizen who actively serves on the local planning agency pursuant to s. 163.3174. If the local planning agency is comprised of the governing board of the county or municipality, the governing board may appoint a designee who is knowledgeable in the local planning process.
(i) A citizen who resides within the jurisdiction of the local governing body making the appointments.
(j) A citizen who represents employers within the jurisdiction.
(k) A citizen who represents essential services personnel, as defined in the local housing assistance plan.

AFFORDABLE HOUSING RECOMMENDATIONS

The AHAC has specifically reviewed, considered and evaluated the strategies set out by Florida Statues, Sec. 420.9076 (4)(a)-(k). Based on this review and evaluation, the AHAC has formulated recommendations to the City Commission that it incorporate into its housing strategy certain changes designed to encourage and facilitate the production of affordable housing.

The AHAC, from its review, consideration, evaluation, and recommendations, drafts and submits this report to the City Commission, to the Florida Housing Finance Corporation, and the Florida Housing Coalition, as the entity providing statewide training and technical assistance for the Affordable Housing Catalyst Program, which details the scope of its work and the resulting recommendations.

(a) The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects, as provided in s. 163.3177(6)(f)3.
(b) All allowable fee waivers provided for the development or construction of affordable housing.
(c) The allowance of flexibility in densities for affordable housing.

(e) Affordable accessory residential units.
(f) The reduction of parking and setback requirements for affordable housing.
(g) The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.
(h) The modification of street requirements for affordable housing.

(i) The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
(j) The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
(k) The support of development near transportation hubs and major employment centers and mixed-use developments.

EXPEDITED PERMITTING

A. Incentive Consideration Required: Yes

1. The processing of approvals of development orders or permits, as defined in S. 163.3164(7) and (8), for affordable housing projects is expedited to a greater degree than other projects.

B. Original Purpose of Incentive:

1. Statutorily required.
2. Reduces wait times and costs for developers.

C. Current Process:

The Department of Development is responsible for processing and facilitating affordable housing projects (e.g. site plan review, permitting, inspections, etc.) and expedites such reviews involving workforce and affordable housing units pursuant to the City's Expedited Development Review Program. In part, the Program requires assignment of a single staff liaison to ensure quick communications with staff, sets a maximum review period of 7 business days, defines/requires a quick conflict/problem resolution process, and allows consideration of a flexible or tailored fee schedule program (City Code of Ordinances, Part III, Chapter 2, Article I, Section 4). This benefit also applies to individual building permits for SHIP or CDBG rehabilitation projects (As adopted by resolution R22-032 – Affordable Housing Advisory Committee – FY 2021 Housing Incentives Recommendation Report).

D. AHAC Comments:

1. This incentive was reviewed, but there is no new recommendation at this time.

B. Original Purpose of Incentive:

1. To reduce development costs.

C. Current Process:

The City's offers fee exemption is for Art in Public Places for the percent of the project dedicated to affordable housing (City Code of Ordinances Part II, Chapter 2, Article XII, Section 2-163). In addition, City's Impact fees (Parks, Water and

Sewer) may be subsidized for new constructions of affordable housing projects with SHIP funds. In conjunction with the SHIP down payment assistance; at closing the developer could receive a credit for City's impact fee paid from the SHIP Program, by meeting all of the following conditions:

- Purchase price is at or below of SHIP Program Maximum Purchase Price (Maximum purchase price is updated yearly by Florida Finance Corporation)
- Home buyer is income eligible to participate on the City's Purchase Assistance Program
- Home buyer participates in the City's SHIP Purchase Assistance Program

The Building Department will offer non-profit developers constructing Affordable Housing dwellings up to two expedited permit reviews at no cost (a credit up to $1,000.00) as long as the buyer participates in the City's SHIP Purchase Assistance Program.

D. AHAC Proposed Recommendations:

1. This incentive was reviewed, but there is no new recommendation at this time.

FLEXIBLE DENSITIES

A. Incentive Consideration Required: Yes

1. The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.

B. Original Purpose of Incentive:

1. To allow affordable housing development on smaller parcels.
2. Increasing the maximum units allowable may help make a development more financially feasible.

C. Current Process:

1. The City allows for increased floor area ratios and densities in selected residential districts to incentivize the provision of affordable dwelling units. The City has a density bonus in place as part of the Workforce Housing Program. A developer may elect to obtain a density bonus and/or a height bonus through the construction of the workforce units on-site or off-site, monetary contribution, donation of land, or purchase of units to be designated as workforce (City Code of Ordinances, Part III, Chapter 1, Article V, Section 2.C). The AHAC recommended for this incentive to include affordable housing on projects located city-wide (As adopted by resolution R22-032 – FY2021 AHAC Housing Incentives Recommendation Report).

A. Incentive Consideration Required: Yes

2. To decrease the cost of housing (i.e. the primary residence).

C. Current Process:

1. The City doesn't have a process in place at this point.

D. AHAC Comments:

1. This incentive was reviewed, but there is no new recommendation at this time.

1. To lower development costs.
2. To ensure that more of the buildable land is available for affordable housing development.

All other homes are required to provide a minimum of two (2) spaces plus extra spaces depending on the total bedrooms provided. For construction of a new single-family or two-family structure, a minimum of two (2) spaces are required per unit, or one (1) space per bedroom, whichever is greatest. An exception may be made when the house is constructed for individuals meeting purchase or eligibility requirements that include maximum income thresholds, then a maximum of two (2) parking spaces shall be required per dwelling unit (City Code of Ordinances, Part III, Chapter 4, Article V, Section 2.B.1).

The City has not considered allowing zero lot line standards for affordable housing; however, the City has eliminated the minimum lot size standard for select neighborhoods within the Redevelopment Area. Older residential areas of the City of Boynton Beach CDBG target area have several nonconforming lots that were unbuildable due to lot size and frontage requirements. In order to allow single-family residences to be built on these lots, Ordinance No. 20-018 was adopted that modified minimum lot area per unit, lot frontage, and building setbacks (front, interior side, corner side, and rear).

D. **AHAC Comments:**
   1. This incentive was reviewed, but there is no new recommendation at this time.

B. **Original Purpose of Incentive:**

1. Statutorily required.
2. To provide insight and recommendation to City Commissioners when a proposed City Ordinance could impact the cost of affordable/workforce housing.

C. Current Process:

1. The Department of Development, the Community Improvement Division and the AHAC will continue to review all policies, procedures, ordinances, regulations and plan provisions to determine what effects, if any, they may have on the cost of producing affordable units prior to their passage. Proposed ordinances will be reviewed in sufficient time needed to evaluate and comment on any potential impact on the provision of affordable housing (As adopted by resolution R22-032 – FY2021 AHAC Housing Incentives Recommendation Report).

D. AHAC Comments:

2. Reduce the cost of the development of affordable housing.
3. Increase the availability of land for the development of affordable housing.

C. Current Process:

1. The Community Improvement Division maintains a list of the current inventory of all vacant land including those properties owned by the City of Boynton Beach and Palm Beach County within the target area. A list of all available land and a list of vacant land suitable for affordable housing in the city, is available as a link on the City's website for easy access for developers (As adopted by resolution R22-032 – FY2021 AHAC Housing Incentives Recommendation Report).

Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-061- Ratifying the City's application for the Florida Department of Law Enforcement (FDLE) Online Sting Operations Grant Program, and if awarded, authorize the City to accept the Grant and authorizing the Mayor or Chief of Police to sign all documents associated with the Grant subject to the approval of the City Attorney.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-061.

Explanation of Request:

State funding is provided to establish the Online Sting Operations Grant Program within the FDLE, aimed at supporting local law enforcement agencies in developing sting operations to identify individuals attempting to solicit children online.

Grant funds must be used specifically for the creation or implementation of online sting operations targeting individuals who solicit children online. The funds may cover expenses for necessary equipment, such as computers, electronics, software, and other related supplies.

To expand our agency's ability to identify, disrupt, and dismantle activities by online offenders soliciting children, our agency requires expanded technology, electronics and equipment as it relates to evidence processing. Offenders are reliant on digital devices to connect with minors online and conduct illegal activities. The addition of new computer equipment and software will enhance our agency's ability to investigate these crimes. The application was submitted on February 27, 2025.

How will this affect city programs or services? By allocating resources to combat online child exploitation, the Police Department can enhance its ability to protect vulnerable populations, particularly children, from predatory behavior. This funding supports law enforcement in identifying and apprehending offenders, thereby creating a safer environment in the City.

Account Line Item and Description: N/A

Fiscal Impact: If awarded, the City of Boynton Beach Police Department may receive up to $238,160.79 in grant funds with no cash match.

No more than 10% of the Exclusive Parking Spaces may be compact spaces and no more than 1% of the Exclusive Parking Spaces may be motorcycle spaces.

b. 45 City Spaces shall be designated "**Nonexclusive City Spaces**," which shall be for the exclusive use of the City between the hours of 7:30 am to 6:30 pm, Monday through Friday (the "**City Control Hours**"). Except during the City Control Hours, the Nonexclusive City Spaces shall be used on a first-come, first-served basis and Owner may utilize the Nonexclusive City Spaces for other parking purposes, including commercial parking and residential parking; provided however, that Owner's use of the Nonexclusive Parking Spaces shall not be counted towards required parking for Owner's residential and commercial tenants for site planning purposes. Owner may not tow or boot vehicles from the Nonexclusive City Spaces solely because the City Control Hours have expired. No more than 10% of the Nonexclusive Parking Spaces may be compact

spaces and no more than 1% of the Nonexclusive Parking Spaces may be motorcycle spaces.

c. During the site planning process, the parties may agree to swap the location of a portion of the City Spaces with certain of those spaces depicted as "commercial spaces" on Exhibit "D."

4. **Owner Controlled Spaces.** Owner shall have the absolute right to use and control the Owner Controlled Spaces for the purpose of providing parking for its residential and commercial tenants on an exclusive basis, pursuant to rules and regulations binding such tenants as determined by Owner from time to time in its sole discretion, notwithstanding anything in this Agreement to the contrary (provided such rules and regulations shall not materially affect the use of or access to the City Spaces and are in compliance with all applicable city, state, and federal ordinances, laws, rules, and regulations). Further, Owner shall have the right to install a gate or other mechanism within the Garage, to be installed, modified, replaced, repaired and maintained at Owner's sole cost, which shall restrict access to the Owner Controlled Spaces as deemed appropriate by Owner in its sole and absolute discretion (the "**Gate**"); it being understood and agreed that the Owner Controlled Spaces are intended and reserved exclusively for the use and enjoyment of Owner's tenants, are not being leased to City, and City shall have no rights (possessory or otherwise) with respect thereto (except to enforce Owner's express obligations hereunder if necessary). Notwithstanding the foregoing, Owner's installation, maintenance, modification, replacement and repair of the Gate shall not materially interfere with City's and the public's use of the City Spaces, and all such work shall be performed in accordance with all Legal Requirements. In the event that City and Owner later agree that certain City Spaces may be located behind a Gate, such agreement shall be expressly conditioned on the understanding that the Owner may not deny the City (or City's designee, if any) access to the City Spaces behind the Gate for any reason whatsoever (it being understood that such City Spaces may be located behind the Gate, but the City (or its designee) shall at all times have continuous and uninterrupted access (via a gate fob, "clicker" or otherwise) through the Gate to and from such City Spaces). Additionally, Owner shall have the right, from time to time, alter or modify the use, design or structure (or any combination thereof) of that portion of the Garage comprising the Owner Controlled Spaces and the Common Area appurtenant thereto (the "Owner Alteration"), provided (i) Owner obtains all necessary permits and approvals for the applicable governmental authorities, (ii) the Owner Alteration, including alteration of the Common Areas appurtenant to such Owner Controlled Spaces, shall not disturb the City Spaces or the use thereof (as permitted in this Agreement).

5. **Management of Garage**. Owner, itself or through an affiliate or management company designated by Owner in its sole discretion, shall operate and maintain the Garage as a first-class facility and shall, in such capacity, among other things, assess City its Proportionate Share of Operating Expenses pursuant to Section 9 below. Notwithstanding the foregoing, however, if any portion of the City Spaces (or the Common Areas appurtenant thereto) are subject to any interference, action, condition, material waste or damage not caused solely by Owner, its agents, contractors, tenants or designees and which, in Owner's reasonable discretion, (i) impedes or restricts access to the Common Areas and/or Owner Controlled Spaces (ii) creates a visual, audial or other nuisance, (iii) violates any applicable laws or codes which violations can be lawfully

remediated by Owner, (iv) violates the any of the Rules and Regulations (defined below) or (v) otherwise causes the Garage to be less than a "first-class" facility (any of the foregoing, a "**Violation**"), then Owner shall have the right to tow or boot vehicles, perform extra cleaning or maintenance, contact the appropriate authorities, replace or repair damage or take such other action as Owner reasonably believes is necessary to remedy such violation and City shall reimburse Owner's actual charges therefor within forty-five (45) days of delivery of an invoice with reasonable detail. Reimbursement for any such Violation shall be in addition to any Operating Expenses for which City is otherwise responsible. Owner shall have the right, but not the obligation, to create reasonable rules and regulations for use of the Garage ("**Rules and Regulations**") which shall be uniformly applied in a non-discriminatory manner and shall be effective upon delivery of a copy thereof to City; provided however, that any such Rules and Regulations shall not impede or disrupt the City's rights under this Agreement (including the City's rights to use and access the City Spaces), and including the right to park vehicles in the Exclusive City Spaces during hurricanes or other natural disasters. The Owner shall operate the Garage in compliance with all applicable laws, ordinances, regulations, codes or orders of the United States, the State of Florida, county, and/or city or other applicable governmental subdivisions where the Garage is located. Owner shall comply with all such laws, ordinances, regulations, codes and orders now in effect or hereafter enacted or passed during the Term.

6. **Term and Commencement of Term.** This Agreement shall be in full force and effect from the date of the issuance of the final Certificate of Occupancy (or equivalent certification) for the Garage ("Effective Date"). The term of the Agreement **("Term")** shall commence on the date first written above. Unless sooner terminated pursuant to the terms of this Agreement, the Term shall continue from the Commencement Date for a period of one hundred (100) years and shall terminate at midnight on the last day of the one hundredth (100th) Lease Year (as hereinafter defined) **("Expiration Date").**

7. **Rent and Expenses.**

(a) Pursuant to the Development Agreement, City has provided consideration to Owner for the use of the City Spaces for the Term set forth herein, the sufficiency of which Owner hereby acknowledges.

(b) The City shall pay its Proportionate Share of the Operating Expenses (as defined in Section 9) related to the maintenance and operation of the Garage.

8. **Sales Tax Exemption**. Notwithstanding anything to the contrary set forth in this Agreement, so long as City obtains and provides a true, correct, and complete copy of a sales tax exemption certificate, issued by the Florida Department of Revenue to Owner contemporaneously with City's execution and delivery of this Agreement, City shall be exempted from paying sales tax (from which it is so exempt) under this Agreement. City shall, not later than thirty (30) days before the end of each calendar year throughout the Term provide to Owner an updated sales tax exemption certificate from the Florida Department of Revenue to establish City's exemption from sales tax for the upcoming year. In the event that, at any time during the Term, City no longer holds a valid sales tax exemption certificate from the Florida Department of Revenue or it is determined by the Florida Department of Revenue that sales tax is otherwise due on the amounts payable by City under this Agreement for any reason whatsoever, then City shall be liable for all sales taxes due under this

Agreement and shall promptly remit same to Owner. City may, upon written notice to Owner, request that Owner contest any such taxes, assessments and other charges that City reasonably determines, in its good faith judgment, are not appropriate or applicable. Owner may elect, but shall not be obligated, to accept any request by City to contest such taxes, assessments and/or other charges. In the event Owner elects to accept City's request, City shall reimburse Owner for all actual costs and expenses incurred by Owner in connection with contesting such taxes, assessments and/or other charges on City's behalf (including, without limitation, reasonable attorneys' fees) within thirty (30) days of Owner's written demand therefor. Notwithstanding any pending tax or assessment contest, City shall be obligated to pay, when and as due under this Agreement, all taxes, assessments or other charges so contested. City's obligation to pay any taxes, assessments and/or other charges under this Agreement shall not be contingent upon the resolution of any such tax contest. Owner shall provide the City with a credit for all taxes, assessments and other charges which are awarded to Owner in such tax contest to the extent applicable to City's Proportionate Share.

9. **Expenses.**

(a) Definitions. For purposes of this Agreement, the following terms shall have the meanings set forth below:

(i) "City's Proportionate Share of Operating Expenses" shall be calculated as follows: the City shall be charged 100% of the Operating Expenses associated with the Exclusive City Spaces, which shall be calculated by dividing the number of Exclusive City Spaces by the number of total Garage spaces, then multiplying the resulting number by the total Operating Expenses of the Garage. The City shall also be charged 33% of the Operating Expenses associated with the Nonexclusive City Spaces, which shall be calculated by dividing the number of Nonexclusive City Spaces by the number of total Garage spaces, which resulting amount shall be multiplied by .33, which shall then be multiplied by the Operating Expenses of the Garage. The multiplier .33 is determined by dividing the number of hours the City will control the Nonexclusive City Spaces during one week by 168 and rounding to the nearest two decimal places. The Operating Expenses of the Exclusive City Spaces shall be added to the Operating Expenses of the Nonexclusive Spaces to determine the City's Proportionate Share of Operating Expenses. Figure 1, below, contains a mathematical illustration of the calculation described in this Section 9(a)(i).

Figure 1: City's Proportionate Share of Operating Expenses Calculation

$$\frac{\text{Number of Exclusive City Spaces}}{\text{Number of Total Garage Spaces}} \times \text{Operating Expenses} = \text{Operating Expenses for Exclusive City Spaces}$$

$$\frac{\text{Number of Nonexclusive City Spaces}}{\text{Number of Total Garage Spaces}} \times .33 \times \text{Operating Expenses} = \text{Operating Expenses for Nonexclusive City Spaces}$$

$$\text{Operating Expenses for Exclusive City Spaces} + \text{Operating Expenses for Nonexclusive City Spaces} = \text{City's Proportionate Share of Operating Expenses}$$

At present, the parties anticipate that the City's Proportionate Share of Operating Expenses shall be 20.10% of the total Operating Expenses of the Garage.

(ii) "Commencement Date" shall mean that "Commencement Date" as set forth in that certain Confirmation of Commencement Date completed and executed by City and Owner on the form attached as **Exhibit "E"** hereto. Upon the issuance of a final certificate of occupancy for the Garage (or upon another milestone agreed in writing by Owner and City), then Owner and City shall promptly execute the Confirmation of Commencement Date with the applicable date of issuance of such certificate of occupancy (or other agreed date) inserted as the Commencement Date.

(iii) "Common Areas" shall mean all areas located within the Garage excluding the actual parking spaces comprising All Spaces. To avoid confusion, Common Areas shall include all utilities, drainage, driveways, structures, elevators, ductwork, risers, decoration (including, without limitation, artwork), landscaping, ramps and all other portions of the Garage, including, without limitation, those Common Areas which serve the Garage and/or All Spaces.

(iv) "Lease Year" shall mean the following time periods: the first Lease Year shall commence upon the Commencement Date and end on December 31; and each Lease Year thereafter shall commence upon January 1 after the end of the prior Lease Year, and shall end on

December 31 of that year. Any calculations based on the first Lease Year and last Lease Year shall be prorated accordingly.

(v) "Operating Expenses" shall mean all costs and expenses which Owner actually incurs for operating, maintaining and repairing the Garage, the parking areas (including, without limitation, All Spaces), and the Common Areas. Operating Expenses shall include the following with respect to the Garage and Owner and any manager or operator engaged to manage the Garage and others engaged in the operation, maintenance and repair thereof: (a) market rate management fees, including, to the extent permitted under the applicable management contract, employee compensation, benefits and taxes; (b) all charges for water, sewer, electricity and other utilities and services which are not separately metered, pest control, and rubbish removal, and taxes thereon; (c) the cost of all supplies, tools, materials and equipment; (d) the cost of repairs, maintenance, alterations, replacements and painting; the cost of cleaning, maintenance and landscaping of Common Areas and window cleaning; (e) the cost of capital improvements to any portion of the Garage; (f) all taxes and assessments (including, without limitation, real estate taxes); (g) insurance costs; and (h) all other costs customarily treated as operating expenses or taxes in buildings of this nature. Operating Expenses do not include salary, benefits, or bonuses of Owner's employees or officers employed by Owner or any subsidiary of Owner or entity related to Owner; or other expenses not directly related to the operation of the Garage. Notwithstanding the foregoing, the City shall not be required to pay taxes and assessments from which it is lawfully exempt, and in the event Owner receives any reduction in taxes or assessments owed or paid, which reduction can be verified as resulting directly from the City's status as a governmental entity, such savings shall be passed directly on to the City. Any Operating Expenses associated solely with the Owner Controlled Spaces shall not be included in the calculation of City's Proportionate Share of Operating Expenses.

(vi) Rights. City acknowledges that Owner shall have the right to install facilities within the Common Areas for the benefit of the Garage and to perform services for the benefit of the Garage, of Owner, of Owner's tenants, and of the licensees, employees, customers, visitors and invitees of the Garage, and to pass through to the City its proportionate share of the costs of operating, maintaining and insuring such facilities and performing such services, which may include, without limitation, additional security, trash compaction and disposal, litter control, and landscape maintenance of the Garage. Owner's costs of operating, maintaining and insuring any such facilities and providing any such services for the benefit of the Garage as a whole, as well as all costs passed through to Owner by the City or incurred directly by Owner for operating, maintaining and insuring the Common Areas, as well as all other costs incurred by Owner in connection with administering, operating, maintaining and insuring the Garage, shall be included, in proportionate share, in Operating Expenses for purposes hereof. Notwithstanding anything to the contrary in this Agreement, to the extent that any material improvements to the Garage contemplated by Owner directly affect the City Spaces or City's right to the use of the City Spaces, Owner shall be required to obtain the prior written consent of City, which consent shall not be unreasonably withheld, delayed or conditioned by City, and City shall be responsible for City's Proportionate Share of Operating Expenses with respect to such improvements. However, to the extent that any improvements to the Garage only:

(A) Affect the City Spaces or City's right to the use of the City Spaces under this Agreement, City shall be solely responsible for all costs of construction, installation, maintenance, repair, and replacement of such improvements; and

(B) Affect the Owner Controlled Spaces or Owner's right to the use of the Owner Controlled Spaces under this Agreement, then Owner shall be solely responsible for all costs of construction, installation, maintenance, repair, and replacement of such improvements.

(b) Payment of City's Proportionate Share. Commencing as of the Effective Date, City agrees to pay to Owner, in accordance with the methodology set forth in Section 9(a)(i), the City's Proportionate Share of Operating Expenses (prorated for any partial Lease Year at the beginning or end of the Term).

(c) Estimate. For each Lease Year during the Term, Owner shall supply City with an estimate of the City's Proportionate Share of Operating Expenses ("Owner's Estimated Expense Computation") for such Lease Year. City shall pay to Owner on the first day of each month during the Lease Year one-twelfth (1/12) of Owner's Estimated Expense Computation. For each Lease Year during the Term, Owner shall notify City of the actual annualized Operating Expenses for the Lease Year just concluded ("Owner's Actual Expense Computation"). Owner's Actual Expense Computation shall be prorated for any fraction of a Lease Year in which the Term begins or ends. If the Owner's Estimated Expense Computation paid by City to Owner with regard to any Lease Year is less than the Owner's Actual Expense Computation with regard to the same Lease Year, the amount of such shortfall shall be taken into account in calculating the Owner's Estimated Expense Computation for the following Lease Year (and shall thereby increase the following Lease Year's estimated payments by the amount of such shortfall). If the portion of the Owner's Estimated Expense Computation paid by City to Owner with regard to any Lease Year exceeds the Owner's Actual Expense Computation with regard to the same Lease Year, the excess shall be taken into account in calculating the Owner's Estimated Expense Computation for the following Lease Year (and shall thereby decrease the following Lease Year's estimated payments by the amount of such excess).

(d) Right to Audit. City shall have the right, at its sole cost and expense, within sixty (60) days from receipt of Owner's Actual Expense Computation, to audit or have its appointed accountant audit Owner's records related to Owner's Actual Expense Computation, provided any such audit may not occur more frequently than once during each Lease Year occurring during the term of the Agreement. City must raise any objection to any item contained within the Owner's Actual Expense Computation by providing written notice of such objection to Owner within thirty (30) days after its completion of the audit of Owner's records. If City has paid in excess of its Proportionate Share of Operating Expenses, then Owner will immediately adjust the Estimated Expense Computation to take into account the amount of the overpayment.

(e) Changes to Common Areas. City acknowledges that (subject to applicable laws, codes and ordinances) the Owner has the right to: change or modify and add to or subtract from the sizes, locations, shapes and arrangements of parking areas, entrances, exits, parking aisle alignments, lighting, landscaping, and other Common Areas and Common Area improvements and facilities located within the Garage; establish and, from time to time, change the level or grade of parking surfaces and do and perform such other acts in and to Common Areas as Owner, in its sole discretion, deems advisable. Notwithstanding the foregoing, except as required by applicable law, Owner will not modify or rearrange the City Spaces without the prior written consent of City, which consent shall not be unreasonably withheld, conditioned, or delayed. In no case shall the City Spaces

be moved to a higher level than depicted on Exhibit "D" unless expressly consented to by the City in its sole discretion.

(f) Demolition of Garage. After 30 years from the Effective Date, the Owner has the right to demolish the garage and construct new parking garage improvements on the Property; provided however that Owner may exercise such right only if the following conditions are met:

(A) Except in cases where immediate demolition is required to protect public health or provide public safety, Owner shall provide the City at least one year's advance written notice of such demolition;

(B) Owner must obtain, at its sole expense, all necessary approvals and permits;

(C) Owner must, at its sole expense, provide to City parking in a substantially equivalent amount of parking spaces in an alternative location and with the same rights to use, occupy, manage, charge for (meter), and tow temporarily during the demolition and construction of the new parking garage. In the event the temporary parking provided is more than .25 miles from the entrance to City Hall, Owner shall provide, at its sole expense, shuttle service not less than once per hour and for which the average shuttle trip time does not exceed 15 minutes; and

(D) Upon completion of the new parking garage, this Agreement shall remain in full force and effect and Developer and City shall recognize the new parking garage as the Garage.

In the event Developer exercises its right to demolish the Garage, the City may, in its sole discretion, elect (x) to terminate this Agreement instead of accepting alternative parking arrangements, or (y) to allow the Agreement to remain in full force and effect but provide its own alternative parking arrangements, during which City shall not pay any fees or costs of any kind to Owner.

10. **Late Charge and Default Interest.** Any payment owed by City not received within thirty (30) calendar days of the date due shall bear an administrative late charge of Twenty-Five and 00/100 Dollars ($25.00) and shall bear interest at ten (10%) per annum. If any check given to Owner for any payment under this Agreement is dishonored, for any reason whatsoever not attributable to Owner, in addition to all other remedies available to Owner, at Owner's option, all future payments from City shall be made by Cashier's Check drawn on a bank located in the Palm Beach County or by wire transfer to Owner's account.

11. **Payment of Utilities.** Subject to reimbursement by City as part of the Operating Expenses, Owner shall provide and pay for any electrical or other utility services required to operate the City Spaces. Owner makes no warranty or representation as to the quality or capacity of utility service to the City Spaces.

12. **Use of City Spaces.**

(a) City shall use the City Spaces solely for the parking of motor vehicles and for no other purpose. The City may, in its sole discretion, allow the general public to park in all, some, or none of (i) the Exclusive City Spaces at all times and (ii) the Nonexclusive City Spaces only during the City Controlled Hours.

(b) City acknowledges that all parking in the Garage is currently on a self-parking basis. City covenants and agrees that notwithstanding anything in Section 5 above or otherwise in this Agreement to the contrary, Owner shall have no obligation, liability, or responsibility to City should the City Spaces be occupied at any time or times by vehicles not so authorized or directed by Owner.

(c) During the Term of this Agreement, City, at its sole expense, shall have the right to install or otherwise designate (via paint or other approved format) and maintain appropriate signage of the City Spaces, including signage indicating that the Exclusive City Spaces are for the sole use of City, that the Nonexclusive Spaces are for the sole use of the City during the City Control Hours, and that violators will be subject to towing at the violators' expense. Any signage that City intends to be installed shall first be submitted to Owner for its review and approval which shall not be unreasonably withheld, conditioned, or delayed. City, at its sole cost and expense, shall prior to installation of signage, obtain all required governmental, quasi-governmental, and other permits and approvals.

(d) During the Term of this Agreement, City, at its sole expense, shall have the right to install and maintain metered parking equipment and such other equipment and facilities as are necessary in connection with allowing the public use of all or any portion of the City Spaces in the ordinary course, whether with or without charge, on an hourly or daily basis. Any equipment that City intends to be installed shall first be submitted to Owner for its review and approval, which approval shall not be unreasonably withheld, conditioned, or delayed provided that such installation will comply with applicable law and will not materially impact the structural integrity of the Garage, any electrical or other systems in the Garage, or otherwise have any material adverse impact upon the Garage or its use and operation. City, at its sole cost and expense, shall, prior to installation of such equipment, obtain all required governmental, quasi-governmental, and other permits and approvals. City shall be responsible for all costs of installation, maintenance, and repair of such equipment and facilities, and shall coordinate same with Owner and any third-party manager of the Garage at no expense to Owner or such third-party manager; City shall be entitled to all revenue resulting from such use of the City Spaces, and such amounts shall either be collected by or paid to City, or if collected by Owner or any third-party manager, shall be paid to City or, at the option of the City in its sole discretion, applied to reduce City's obligations with respect to City's Proportionate Share of Operating Expenses. If City should elect to have metered parking equipment installed for its facilities during the initial construction or at any time thereafter, City shall pay for and/or reimburse Owner for the total construction cost for the additional metered parking equipment.

(e) City, at its sole expense, may also contract with a duly licensed towing company to service the City Spaces and to enforce the signage described in Section 12(c), above. If City elects to contract with such a towing company, City shall promptly furnish Owner with a copy of its written contract with the towing company, and shall require the towing company to furnish insurance in connection with its services in a form and in amounts reasonably required by the Owner, and such insurance shall name the Owner as an additional insured.

(f) City, at its sole expense, may also contract with a management company to operate the City Spaces or any aspect thereof, including metering, charging, maintenance, signage, and other aspects. Such manager shall reasonably coordinate with Owner and any manager employed by Owner for the operation of the Garage. This Section 12(f) shall not interfere with or

reduce the Owner's rights pursuant to Sections 5 and 9 of this Agreement, including but not limited to the right to pass through to the City its proportionate share of the costs of operating the Garage.

(g) City covenants that, during the Term, no part of the City Spaces shall be used in any manner whatsoever for any purposes other than as set forth in this Section 12 or in violation of the laws, ordinances, regulations, codes or orders of the United States, the State of Florida, county, and/or city or other applicable governmental subdivisions where the City Spaces are located. City shall comply with all such laws, ordinances, regulations, codes and orders now in effect or hereafter enacted or passed during the Term insofar as the City Spaces and any signs of the City are concerned (collectively, **"Legal Requirements").**

(h) The City Control Hours have been determined based on the operating hours of the City's facilities. In the event the such operating hours change, the City may request that Owner agree to modify the City Control Hours accordingly, which agreement shall not be unreasonably withheld, conditioned, or delayed, and in which case the City's Proportionate Share of Operating Expenses shall be adjusted accordingly.

13. **City's Insurance.** City may elect to self-insure against certain risks, including certain risks related to City's rights under this Agreement and to City's occupation or use of the City Spaces. City shall keep Owner reasonably apprised of any material changes to its self-insurance program (e.g., any current action or planned actions to make significant increases or decreases in the reserves for such purpose or to modify the source or method of replenishment of such reserves). Notwithstanding the foregoing, to the extent that City obtains any insurance policy from a private insurer (rather than a governmental insurance pooling arrangement or other self-insurance method), City, at its sole cost, shall maintain such coverages with admitted insurers authorized to do business in the State of Florida and which are rated "A-/VIII" or equivalent in Best's Key Rating Guide, or any successor thereto (or if there is none, a rating organization having a national reputation); City shall provide to Owner a copy of each such policy or a certificate of insurance prior to the Commencement Date (or if City later elects to obtain insurance in lieu of self-insurance, then City shall immediately notify Owner in writing of such election and provide a certificate of insurance which conforms to the requirements of this Section). If permitted by the insurer or the terms of City's insurance pooling arrangement or other self-insurance method, any policy of insurance maintained by City in connection with the Garage shall name Owner as an additional insured, and if required by any mortgagee, shall name such mortgagee as additional insured. Furthermore, any policy of insurance maintained by City in connection with the Garage shall provide that written notice shall be given to all insured parties, additional insured parties, and holders of certificates of insurance at least thirty (30) days prior to suspension, cancellation, termination, modification, non-renewal or lapse or material change of coverage. Subject to applicable law, in no event shall the limits of any insurance policies (or City's election to self-insure as to any risks in connection with the Garage) limit the liability of City under this Agreement.

14. **Waiver of Claims.** Except for claims arising from Owner's intentional or negligent acts that are not covered by City's insurance required by this Agreement, subject to applicable law, City or any party claiming through City (or both) (collectively, **"City Parties")** hereby waives all claims against Owner and Owner's members, and each of their respective members, managers, officers, agents, employees, and independent contractors (collectively, **"Owner Parties")** for injury or death to persons, or damage to property or to any other interest of any of the City Parties, resulting from: (i) any occurrence in or upon the Garage; (ii) wind, rain, hurricane, flooding, fire, explosion, hail, or other

casualty or act of God; and (iii) vandalism, assault, battery, malicious mischief, theft or other acts or omissions of any third parties not caused by Owner's failure to operate the Garage in all material respects as required by this Agreement.

15. **Indemnification by City.** Subject to applicable law, City shall indemnify, defend, and hold harmless Owner and Owner's members, and each of their respective members, managers, employees, independent contractors, attorneys, and agents, and each of their respective heirs, representatives, successors and assigns, from and against any and all claims, expenses, damages and liabilities of every kind and nature whatsoever including, without limitation, reasonable attorneys' fees, court costs, litigation expenses, and penalties, arising out of, caused by, or related to the use of the City Spaces by City and its employees, independent contractors, invitees, or agents, and the conduct and/or actions of any of City's employees, independent contractors, invitees, guests, or agents relating thereto up to the amount specified in Section 768.28, Florida Statutes, whether such claim lie in indemnity, contract, tort, or otherwise. This Section 15 shall survive the termination of the Agreement.

16. **Indemnification by Owner.** Owner (and Owner's heirs, successors, and assigns) shall indemnify, defend, and hold harmless City and City's managers, employees, independent contractors, attorneys, and agents, and each of their respective heirs, representatives, successors and assigns, from and against any and all claims, expenses, damages and liabilities of every kind and nature whatsoever including, without limitation, reasonable attorneys' fees, court costs, litigation expenses, and penalties, arising out of, caused by, or related to any acts of negligence or intentional misconduct by Owner or any of its employees, independent contractors, invitees, guests, or agents. This Section 16 shall survive the termination of the Agreement.

17. **Events of Default by City.** Upon the happening of one or more of the following events **("Event of Default"),** Owner shall have any and all rights and remedies hereinafter set forth:

(a) if City shall fail to pay any sum due from City to Owner within forty-five days (45) calendar days after City receives written notice of the failure to pay after the payment is due;

(b) if City attempts to transfer its rights under this Agreement without Owner's prior written consent including any attempt to assign this Agreement or sublease all or any portion of the City Spaces without Owner's prior written consent;

(c) if City violates any other material term, condition, or covenant in this Agreement which is to be performed by City, and fails to remedy the same within ninety (90) days after written notice of the default is given by Owner to City. Such written notice shall give reasonable detail as to the nature and extent of the default and identify the Agreement provisions containing the obligations. If the default cannot reasonably be cured within ninety (90) days, City shall not be in default of this Agreement if City, during said ninety (90) day period, commences to cure the default and diligently continues in good faith to cure the default until completion.

18. **Remedies of Owner.**

(a) If any monetary Event of Default by City occurs, then, in addition to any other remedies of Owner, Owner shall have Owner shall have the right to bring an action to recover all sums due, which may include an action for revenues generated by the City Spaces (including, if necessary, court selection of a receiver) to be paid to Owner up to the amount owed.

(b) If any Event of Default by City occurs, in addition to or instead of the remedies described in this Agreement, Owner may exercise any right or remedy now or hereafter existing at law or in equity or by statute.

(c) If any Event of Default by City occurs, Owner, in addition to other rights and remedies it may have, shall have the right to remove all personal property, including signage, from the City Spaces and any property removed may be stored in any public warehouse or elsewhere at the cost of, and for the account of City, and Owner shall not be responsible for the care or safekeeping thereof whether in transport, storage or otherwise, and City hereby waives any and all claims against Owner for loss, destruction and/or damage or injury which may be occasioned by any of the aforesaid acts.

Any amounts which may be due Owner shall include any costs, expenses, or any other amounts payable pursuant to this Agreement.

(d) If City fails to maintain any insurance required by law, Owner shall have the right to force-place such insurance with respect to the City's rights under this Agreement or to add City as an additional insured under a policy of Owner's as to City's rights under this Agreement, and Owner shall have the right to charge City for any amounts required to purchase such insurance (or to be reimbursed for such amounts).

(e) Any and all rights, remedies and options given in this Agreement to Owner shall be cumulative and in addition to and without waiver of, or in derogation of, any right or remedy under this Agreement or provided under any law now or hereafter in effect.

(f) No cure periods shall apply to any emergencies or to failure to maintain and furnish insurance.

(g) It is expressly understood that the remedies provided in the Event of Default by the City shall be in the form of damages or equitable relief, which may include, specific performance, and injunctive relief (it being understood monetary damages may not be a sufficient remedy for City's default hereunder), and shall not result in termination of this Agreement.

19. **Event of Default by Owner.** Owner shall be in default of this Agreement ("Owner Event of Default") if it fails to perform any provision of this Agreement that it is obligated to perform, and if the failure to perform is not cured within ninety (90) days of written notice of the default from City to Owner. Such written notice shall give reasonable detail as to the nature and extent of the default and identify the Agreement provisions containing the obligations. If the default cannot reasonably be cured within ninety (90) days, Owner shall not be in default of this Agreement if Owner, during such ninety (90) day period, commences to cure the default and diligently continues in good faith to cure the default until completion.

20. **Remedies of City.** If Owner shall have failed to cure any Owner Event of Default, after applicable written notice and opportunity to cure, City may terminate this Agreement, may seek damages or specific performance, which may include injunctive relief, and may exercise any right or remedy now or hereafter existing at law or in equity or by statute.

21. **Non-Waiver.** Any failure of either party to insist upon strict performance of any part or provision of the Agreement shall not be deemed a waiver, and shall not waive or diminish such party's right thereafter to demand strict compliance therewith or any other provision and shall not prejudice or affect such party's rights in event of a subsequent default. Except as otherwise provided in this Agreement, each party's rights and remedies under this Agreement are cumulative. No delay or failure by either party in exercising any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right.

22. **No Assignment or Sublease/Change in Ownership.**

(a) City may not assign this Agreement in whole or in part, nor sublease all or any portion of the City Spaces, without the prior written consent of Owner in each instance, which consent shall be at Owner's sole discretion; provided, however, that the foregoing shall not prohibit the City from allowing public use of all or any portion of the City Spaces in the ordinary course, whether with or without charge, on an hourly or daily basis. The consent by Owner to any assignment or sublease shall not constitute a waiver of the necessity for such consent to any subsequent assignment or sublease. No assignment, sublease, occupancy or collection shall be deemed acceptance of the assignee, sub-lessee, or occupant, or as a release of City from the further performance by City of the covenants on the part of City herein contained. Despite Owner's consent to an assignment or sublease, City shall remain fully liable on this Agreement and shall not be released from performing any of the terms, covenants and conditions hereof or any rent or other sums to be paid hereunder unless otherwise expressly consented to by Owner in its sole discretion. Any attempted assignment or sublease without Owner's prior written consent shall be void and shall constitute an Event of Default.

(b) City acknowledges and agrees that, subject to the terms of this Agreement, any and all right and interest of Owner in and to the City Spaces and the Property, and all right and interest of Owner in this Agreement, may be conveyed or assigned at the sole discretion of Owner at any time provided such conveyance or assignment is of the whole Agreement and the party conveyed or assigned to is recognized as Owner under this Agreement.

(c) If Owner, in its sole and absolute discretion, consents to an assignment or sublease of all or any portion of the City Spaces, the form of such documents shall be as acceptable to Owner in its sole and absolute discretion.

23. **Subordination and Attornment.**

(a) From time to time, Owner may request the City to subordinate its rights hereunder to mortgage or other method of financing or refinancing through a subordination, non-disturbance, and attornment agreement ("SNDA"). Any subordination must be effectuated through an SNDA reasonably acceptable to the City so as to ensure the City's rights under this Agreement are continued without interruption for the Term of this Agreement. So long as the above-described

conditions are met and the City has adequate assurances this Agreement will not be disturbed, the City shall approve of the SNDA. So long as such request is received more than 10 days before a City Commission meeting, the SNDA shall be placed on the next City Commission agenda, and if received less than 10 days before the next City Commission meeting, shall be placed on the agenda of the next available regularly scheduled meeting. Further, the City and Owner agree to work together with reasonable diligence and in good faith to create a standard form of SNDA to expedite such requests.

(b) If any proceedings are brought for the foreclosure of, or if exercise of the power of sale occurs under, any mortgage covering the City Spaces and/or the Property; or if a deed is given in lieu of foreclosure of any such mortgage, City shall attorn to the purchaser, mortgagee, or grantee in lieu of foreclosure, upon any such foreclosure or sale or transfer in lieu of foreclosure, and recognize such purchaser, mortgagee, or grantee in lieu of foreclosure, as Owner under this Agreement.

24. **Estoppel.** Owner and City agree that each will, at any time and from time to time, within thirty (30) days following written notice by the other party hereto specifying that it is given under this Section 24, execute, acknowledge and deliver to the party who gave such notice, or its designate, a statement in writing certifying this Agreement is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect and stating the modifications), and the date to which any payments due hereunder from City have been paid in advance, if any, and stating whether or not there are defenses or offsets claimed by the maker of the certificate and whether or not to the best of knowledge of the signer of such certificate the other party is in default in performance of any covenant, agreement or condition contained in this Agreement, and if so, specifying each such default of which the maker may have knowledge. The failure of either party to execute, acknowledge and deliver to the other a statement in accordance with the provisions of this Section 24 within such thirty (30) day period shall constitute an acknowledgment, by the party given such notice, which may be relied on by any person holding or proposing to acquire an interest in the Property or any part thereof or the City Spaces or this Agreement from or through the other party, that this Agreement is unmodified and in full force and effect and that such amounts have been duly and fully paid to and including the respective due dates immediately preceding the date of such notice and shall constitute, as to any person entitled as aforesaid to rely upon such statements, waiver of any defaults which may exist prior to the date of such notice; provided, however that nothing contained in the provisions of this Section 24 shall constitute waiver by Owner of any default in payment of any amounts owed as of the date of such notice and, unless expressly consented to in writing by Owner, and City shall still remain liable for the same.

25. **Right of Entry.** Owner and Owner's agents may enter the Garage at all reasonable times to examine the City Spaces (as well as other portions of the Garage), and to show the Garage to prospective purchasers, mortgagees, or other interested parties, and to make such repairs, alterations, improvements or additions as Owner may deem necessary or desirable (including, without limitation, actions taken pursuant to Section 5 or 9 above), and Owner shall be allowed to take all material into and upon the City Spaces that may be required therefor without the same constituting a termination of or infringement upon City's rights in whole or in part, provided however that should such material remain in the City Spaces more than 3 calendar days the amounts payable to Owner shall be abated in proportion to the reasonably determined loss of use and access to the City Spaces while the repairs, alterations, improvements, or additions are being made. If City shall not be present to open and permit

entry into the City Spaces, at any time, when for any reason an entry will be necessary or permissible, Owner or Owner's agents may enter the same without in any manner affecting the obligations and covenants of this Agreement.

26. **Hazardous Materials and Environmental Laws; Indemnity.**

City shall not cause or permit the City Spaces to be used for the generation, handling, storage, transportation, disposal or release of any Hazardous Materials except as specifically exempted or permitted under applicable Environmental Laws, and City shall not cause or permit the City Spaces or any activities conducted thereon to be in violation of any current and/or future applicable Environmental Laws. City agrees to indemnify, defend and hold Owner (and Owner's members, principals, affiliates, directors, officers, employees, mortgagees, ground Owners, heirs, successors and assigns, as applicable) harmless from and against any and all claims, losses, damages (including all foreseeable and unforeseeable consequential and incidental damages), liabilities, fines, penalties, charges, interest, administrative or judicial proceedings and orders, judgments, remedial action, requirements, enforcement actions of any kind, and all costs and expenses incurred in connection therewith (including, without limitation, attorneys' fees and expenses at both trial and appellate levels), directly or indirectly resulting in whole or in part from the violation of any Environmental Laws applicable to any activity conducted thereon, and from any use, generation, handling, storage, transportation, disposal or release of Hazardous Materials at or in connection with the Garage and City's use thereof, or any contamination, detoxification, closure, cleanup or other remedial measure required under any Environmental Laws. This indemnity shall survive the full payment of charges under this Agreement and the expiration or earlier termination of this Agreement, and shall inure to the benefit of Owner and Owner's heirs, personal representatives, successors and assigns.

As used herein, "Hazardous Materials" means: substances defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials", "toxic substances", "containments", or other pollution under applicable federal, state, commonwealth, county, municipal, or local laws, ordinances, codes, rules, regulations or orders now or hereafter in effect.

As used herein "Environmental Laws" means: any applicable current federal, commonwealth, state, county, municipal, or local laws, ordinances, rules, codes, regulations, or orders pertaining to Hazardous Materials or industrial hygiene or environmental conditions.

27. **Time of the Essence.** Time is of the essence regarding the performance of every provision of this Agreement.

28. **Limitation of Liability of Owner.** Notwithstanding any provision to the contrary contained in this Agreement, City shall look solely to the estate and property of Owner (which term Owner, for the purposes of this Section 28 only includes any party with a real property interest in any portion the Property including a leasehold interest) in the event of any claim against Owner arising out of or in connection with this Agreement, the relationship of Owner and City, or City's use of the City Spaces, and City agrees that the liability of Owner arising out of or in connection with this Agreement, the relationship of Owner and City, or City's use of the City Spaces, shall be limited to such estate and property of Owner in and to the Property. No properties or assets of Owner other than

the estate and property of Owner in and to the Property, and no property owned by any affiliate of or member of Owner shall be subject to levy, execution or other enforcement procedures for the satisfaction of any judgment (or other judicial process) or for the satisfaction of any other remedy of City arising out of or in connection with this Agreement, the relationship of Owner and City or City's use of the City Spaces. In the event of Owner bankruptcy, all City's rights under this Agreement (including the rights of use and access to the City Spaces, and amount and timing of payment) shall be considered appurtenant to the Property for the balance of the Term and shall be considered enforceable rights but may be subject to any limitation or subordination found in any SNDA entered into pursuant to Section 23(a) above.

29. **Waiver of Jury Trial.** OWNER AND CITY KNOWINGLY, INTENTIONALLY, AND VOLUNTARILY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM INVOLVING ANY MATTER WHATSOEVER ARISING OUT OF OR IN ANY WAY CONNECTED WITH (I) THIS AGREEMENT, OR (II) CITY'S USE OF CITY SPACES AND THE GARAGE. THE WAIVERS SET FORTH IN THIS SECTION ARE MADE KNOWINGLY, INTENTIONALLY, AND VOLUNTARILY BY THE PARTIES. THIS PROVISION IS A MATERIAL INDUCEMENT TO BOTH PARTIES IN AGREEING TO ENTER INTO THIS AGREEMENT.

31. **Miscellaneous.**

(a) Accord and Satisfaction. No payment by City or receipt by Owner of a lesser amount than the amount stipulated in this Agreement to be paid shall be deemed to be other than on account of the earliest stipulated payable amounts, nor shall any endorsement or statement on any check or any letter accompanying any check or payment be deemed an accord and satisfaction, and Owner may accept such check or payment without prejudice to Owner's right to recover the balance of such amount or pursue any other remedy provided herein or by law.

(b) Entire Agreement. This Agreement and the exhibits attached hereto and forming a part thereof as if fully set forth herein, constitute all covenants, promises, agreements, conditions and understandings between Owner and City concerning the City Spaces and there are no covenants, promises, conditions or understandings, either oral or written, between them other than are herein set forth. Nothing contained in this Agreement shall in any manner restrict Owner's right to assign this Agreement and, in the event Owner sells its interest in the Property and the purchaser assumes Owner's obligations and covenants, Owner shall thereupon be relieved of all further obligations hereunder.

(d) Captions and Section Numbers. The captions, section numbers, and article numbers appearing in this Agreement are inserted only as a matter of convenience and in no way define, limit, construe, or describe the scope or intent of such sections or articles of this Agreement nor in any way affect this Agreement.

Additional information regarding radon and radon testing may be obtained from your county public health unit.

(n) Sovereign Immunity. The parties agree that the City is a political subdivision of the State of Florida and therefore is entitled to sovereign immunity. PARKING LEASE AGREEMENT

South Garage

THIS PARKING LEASE AGREEMENT (the "**Agreement**") is entered into this day of March 8, 2023, by and between BOYNTON BEACH TOWN CENTER APARTMENTS, LLC, a Florida limited liability company ("**Owner**"), and CITY OF BOYNTON BEACH ("**City**").

WITNESSETH:

WHEREAS, Owner owns certain real property in Boynton Beach, Florida, as more particularly depicted on the attached **Exhibit "A"**, together with all rights, easements and appurtenances belonging or in any way pertaining thereto, and all improvements to be constructed thereon, including without limitation certain buildings, and a parking garage commonly known Garage South (the **"Garage"**) (collectively, the "**Property**"); and

WHEREAS, Owner, itself or through an affiliate thereof, and City have entered into a Development Agreement of even date herewith (the "**Development Agreement**") governing, among other things, development of the Garage, and Owner's obligations to commence construction thereunder; and

WHEREAS, pursuant to the Development Agreement and that certain City-approved master plan attached hereto as **Exhibit "B"** (the "**Master Plan**"), the Garage contemplated for construction on the Property is anticipated to contain a total of approximately 1026 parking spaces; and

WHEREAS, pursuant to that certain Parking Allocation attached hereto as **Exhibit "C"** ("**Parking Allocation**"), the approximately 983 parking spaces in the Garage shall be allocated as follows:

a. 236 parking spaces which are being leased by Owner to City pursuant and subject to the terms and conditions in this Agreement (the "**City Spaces**").

b. 747 parking spaces which are not being leased to City and are reserved by Owner for the exclusive use of its residential and commercial tenants, as depicted in the Parking Allocation as "Residential and Guest" and "Commercial" (together the "**Owner Controlled Spaces**"; the City Spaces and the Owner Controlled Spaces are referred to hereinafter together as "**All Spaces**"); and

WHEREAS, Owner desires to lease the City Spaces to City, upon the terms and conditions set forth herein; and

WHEREAS, once constructed, the Garage will provide required parking for certain City buildings and facilities;

WHEREAS, pursuant to the Master Plan, Owner plans to construct a second parking garage ("North Garage"); and

WHEREAS, simultaneous with the execution of this Agreement the parties intend to execute a substantially similar parking lease agreement for parking spaces in the North Garage;

NOW, THEREFORE, in consideration of their mutual promises, covenants and intending to be legally bound, the parties hereto agree as follows:

1. **Recitals.** The foregoing recitals are true and correct and are incorporated herein by reference.

2. **Construction of Garage**. The Garage will be constructed pursuant to the terms and conditions of the Master Plan and the Development Agreement and any development orders issued for the Garage.

3. **Lease of City Spaces.** Owner hereby leases to City and City hereby leases from Owner, pursuant and subject to the terms and conditions of this Agreement, the City Spaces, together with the nonexclusive use, in common with others entitled thereto, of the Common Areas, for the purpose of accessing and using the City Spaces. As constructed and installed, the City Spaces shall be located within the areas designated as the City Spaces in the site plan to be submitted to City for its approval, provided that such spaces shall be on the same levels of the Garage as depicted on the drawing attached hereto as Exhibit "D" (the remaining levels of the Garage being reserved for the Owner Controlled Spaces). The parties understand that the attached Exhibit "D" is for illustrative purposes only, remains subject to site plan review, and nothing in this Agreement shall be deemed a site plan approval or relieve Owner of its obligations to obtain the same. Notwithstanding illustrative nature of Exhibit "D," the 237 City Spaces shall be as follows, subject to the terms herein:

a. 171 parking spaces shall be designated "**Exclusive City Spaces**," which shall be for the exclusive use of the City 24 hours a day, 7 days a week. The Exclusive City Spaces shall be located no higher in the Garage than the ramp located between the mezzanine and second level of the Garage. No more than 10% of the Exclusive Parking Spaces may be compact spaces and no more than 1% of the Exclusive Parking Spaces may be motorcycle spaces.

b. 65 City Spaces shall be designated "**Nonexclusive City Spaces**," which shall be for the exclusive use of the City between the hours of 7:30 am to 6:30 pm, Monday through Friday (the "**City Control Hours**"). Except during the City Control Hours, the Nonexclusive City Spaces shall be used on a first-come, first-served basis and Owner may utilize the Nonexclusive City Spaces for other parking purposes, including commercial parking and residential parking; provided however, that Owner's use of the Nonexclusive Parking Spaces shall not be counted towards required parking for Owner's residential and commercial tenants for site planning purposes. Owner may not tow or boot vehicles from the Nonexclusive City Spaces solely because the City Control Hours have expired. No more than 10% of the Nonexclusive Parking Spaces may be compact

spaces and no more than 1% of the Nonexclusive Parking Spaces may be motorcycle spaces.

c. During the site planning process, the parties may agree to swap the location of a portion of the City Spaces with certain of those spaces depicted as "commercial spaces" on Exhibit "D."

4. **Owner Controlled Spaces.** Owner shall have the absolute right to use and control the Owner Controlled Spaces for the purpose of providing parking for its residential and commercial tenants on an exclusive basis, pursuant to rules and regulations binding such tenants as determined by Owner from time to time in its sole discretion, notwithstanding anything in this Agreement to the contrary (provided such rules and regulations shall not materially affect the use of or access to the City Spaces and are in compliance with all applicable city, state, and federal ordinances, laws, rules, and regulations). Further, Owner shall have the right to install a gate or other mechanism within the Garage, to be installed, modified, replaced, repaired and maintained at Owner's sole cost, which shall restrict access to the Owner Controlled Spaces as deemed appropriate by Owner in its sole and absolute discretion (the "**Gate**"); it being understood and agreed that the Owner Controlled Spaces are intended and reserved exclusively for the use and enjoyment of Owner's tenants, are not being leased to City, and City shall have no rights (possessory or otherwise) with respect thereto (except to enforce Owner's express obligations hereunder if necessary). Notwithstanding the foregoing, Owner's installation, maintenance, modification, replacement and repair of the Gate shall not materially interfere with City's and the public's use of the City Spaces, and all such work shall be performed in accordance with all Legal Requirements. In the event that City and Owner later agree that certain City Spaces may be located behind a Gate, such agreement shall be expressly conditioned on the understanding that the Owner may not deny the City (or City's designee, if any) access to the City Spaces behind the Gate for any reason whatsoever (it being understood that such City Spaces may be located behind the Gate, but the City (or its designee) shall at all times have continuous and uninterrupted access (via a gate fob, "clicker" or otherwise) through the Gate to and from such City Spaces). Additionally, Owner shall have the right, from time to time, alter or modify the use, design or structure (or any combination thereof) of that portion of the Garage comprising the Owner Controlled Spaces and the Common Area appurtenant thereto (the "Owner Alteration"), provided (i) Owner obtains all necessary permits and approvals for the applicable governmental authorities, (ii) the Owner Alteration, including alteration of the Common Areas appurtenant to such Owner Controlled Spaces, shall not disturb the City Spaces or the use thereof (as permitted in this Agreement).

5. **Management of Garage**. Owner, itself or through an affiliate or management company designated by Owner in its sole discretion, shall operate and maintain the Garage as a first-class facility and shall, in such capacity, among other things, assess City its Proportionate Share of Operating Expenses pursuant to Section 9 below. Notwithstanding the foregoing, however, if any portion of the City Spaces (or the Common Areas appurtenant thereto) are subject to any interference, action, condition, material waste or damage not caused solely by Owner, its agents, contractors, tenants or designees and which, in Owner's reasonable discretion, (i) impedes or restricts access to the Common Areas and/or Owner Controlled Spaces (ii) creates a visual, audial or other nuisance, (iii) violates any applicable laws or codes which violations can be lawfully

remediated by Owner, (iv) violates the any of the Rules and Regulations (defined below) or (v) otherwise causes the Garage to be less than a "first-class" facility (any of the foregoing, a "**Violation**"), then Owner shall have the right to tow or boot vehicles, perform extra cleaning or maintenance, contact the appropriate authorities, replace or repair damage or take such other action as Owner reasonably believes is necessary to remedy such violation and City shall reimburse Owner's actual charges therefor within forty-five (45) days of delivery of an invoice with reasonable detail. Reimbursement for any such Violation shall be in addition to any Operating Expenses for which City is otherwise responsible. Owner shall have the right, but not the obligation, to create reasonable rules and regulations for use of the Garage ("**Rules and Regulations**") which shall be uniformly applied in a non-discriminatory manner and shall be effective upon delivery of a copy thereof to City; provided however, that any such Rules and Regulations shall not impede or disrupt the City's rights under this Agreement (including the City's rights to use and access the City Spaces), and including the right to park vehicles in the Exclusive City Spaces during hurricanes or other natural disasters. The Owner shall operate the Garage in compliance with all applicable laws, ordinances, regulations, codes or orders of the United States, the State of Florida, county, and/or city or other applicable governmental subdivisions where the Garage is located. Owner shall comply with all such laws, ordinances, regulations, codes and orders now in effect or hereafter enacted or passed during the Term.

6. **Term and Commencement of Term.** This Agreement shall be in full force and effect from the date of the issuance of the final Certificate of Occupancy (or equivalent certification) for the Garage ("Effective Date"). The term of the Agreement **("Term")** shall commence on the date first written above. Unless sooner terminated pursuant to the terms of this Agreement, the Term shall continue from the Commencement Date for a period of one hundred (100) years and shall terminate at midnight on the last day of the one hundredth (100th) Lease Year (as hereinafter defined) **("Expiration Date").**

7. **Rent and Expenses.**

(a) Pursuant to the Development Agreement, City has provided consideration to Owner for the use of the City Spaces for the Term set forth herein, the sufficiency of which Owner hereby acknowledges.

(b) The City shall pay its Proportionate Share of the Operating Expenses (as defined in Section 9) related to the maintenance and operation of the Garage.

8. **Sales Tax Exemption**. Notwithstanding anything to the contrary set forth in this Agreement, so long as City obtains and provides a true, correct, and complete copy of a sales tax exemption certificate, issued by the Florida Department of Revenue to Owner contemporaneously with City's execution and delivery of this Agreement, City shall be exempted from paying sales tax (from which it is so exempt) under this Agreement. City shall, not later than thirty (30) days before the end of each calendar year throughout the Term provide to Owner an updated sales tax exemption certificate from the Florida Department of Revenue to establish City's exemption from sales tax for the upcoming year. In the event that, at any time during the Term, City no longer holds a valid sales tax exemption certificate from the Florida Department of Revenue or it is determined by the Florida Department of Revenue that sales tax is otherwise due on the amounts payable by City under this Agreement for any reason whatsoever, then City shall be liable for all sales taxes due under this

Agreement and shall promptly remit same to Owner. City may, upon written notice to Owner, request that Owner contest any such taxes, assessments and other charges that City reasonably determines, in its good faith judgment, are not appropriate or applicable. Owner may elect, but shall not be obligated, to accept any request by City to contest such taxes, assessments and/or other charges. In the event Owner elects to accept City's request, City shall reimburse Owner for all actual costs and expenses incurred by Owner in connection with contesting such taxes, assessments and/or other charges on City's behalf (including, without limitation, reasonable attorneys' fees) within thirty (30) days of Owner's written demand therefor. Notwithstanding any pending tax or assessment contest, City shall be obligated to pay, when and as due under this Agreement, all taxes, assessments or other charges so contested. City's obligation to pay any taxes, assessments and/or other charges under this Agreement shall not be contingent upon the resolution of any such tax contest. Owner shall provide the City with a credit for all taxes, assessments and other charges which are awarded to Owner in such tax contest to the extent applicable to City's Proportionate Share.

9. **Expenses.**

(a) Definitions. For purposes of this Agreement, the following terms shall have the meanings set forth below:

(i) "City's Proportionate Share of Operating Expenses" shall be calculated as follows: the City shall be charged 100% of the Operating Expenses associated with the Exclusive City Spaces, which shall be calculated by dividing the number of Exclusive City Spaces by the number of total Garage spaces, then multiplying the resulting number by the total Operating Expenses of the Garage. The City shall also be charged 33% of the Operating Expenses associated with the Nonexclusive City Spaces, which shall be calculated by dividing the number of Nonexclusive City Spaces by the number of total Garage spaces, which resulting amount shall be multiplied by .33, which shall then be multiplied by the Operating Expenses of the Garage. The multiplier .33 is determined by dividing the number of hours the City will control the Nonexclusive City Spaces during one week by 168 and rounding to the nearest two decimal places. The Operating Expenses of the Exclusive City Spaces shall be added to the Operating Expenses of the Nonexclusive Spaces to determine the City's Proportionate Share of Operating Expenses. Figure 1, below, contains a mathematical illustration of the calculation described in this Section 9(a)(i).

Figure 1: City's Proportionate Share of Operating Expenses Calculation

$\frac{\text{Number of Exclusive City Spaces}}{\text{Number of Total Garage Spaces}}$	x Operating Expenses	=	Operating Expenses for Exclusive City Spaces
$\frac{\text{Number of Nonexclusive City Spaces}}{\text{Number of Total Garage Spaces}}$	x .33 x Operating Expenses	=	Operating Expenses for Nonexclusive City Spaces
Operating Expenses for Exclusive City Spaces	+ Operating Expenses for Nonexclusive City Spaces	=	City's Proportionate Share of Operating Expenses

At present, the parties anticipate that the City's Proportionate Share of Operating Expenses shall be 19.57% of the total Operating Expenses of the Garage.

(ii) "Commencement Date" shall mean that "Commencement Date" as set forth in that certain Confirmation of Commencement Date completed and executed by City and Owner on the form attached as **Exhibit "E"** hereto. Upon the issuance of a final certificate of occupancy for the Garage (or upon another milestone agreed in writing by Owner and City), then Owner and City shall promptly execute the Confirmation of Commencement Date with the applicable date of issuance of such certificate of occupancy (or other agreed date) inserted as the Commencement Date.

(iii) "Common Areas" shall mean all areas located within the Garage excluding the actual parking spaces comprising All Spaces. To avoid confusion, Common Areas shall include all utilities, drainage, driveways, structures, elevators, ductwork, risers, decoration (including, without limitation, artwork), landscaping, ramps and all other portions of the Garage, including, without limitation, those Common Areas which serve the Garage and/or All Spaces.

(iv) "Lease Year" shall mean the following time periods: the first Lease Year shall commence upon the Commencement Date and end on December 31; and each Lease Year thereafter shall commence upon January 1 after the end of the prior Lease Year, and shall end on

December 31 of that year. Any calculations based on the first Lease Year and last Lease Year shall be prorated accordingly.

(v) "Operating Expenses" shall mean all costs and expenses which Owner actually incurs for operating, maintaining and repairing the Garage, the parking areas (including, without limitation, All Spaces), and the Common Areas. Operating Expenses shall include the following with respect to the Garage and Owner and any manager or operator engaged to manage the Garage and others engaged in the operation, maintenance and repair thereof: (a) market rate management fees, including, to the extent permitted under the applicable management contract, employee compensation, benefits and taxes; (b) all charges for water, sewer, electricity and other utilities and services which are not separately metered, pest control, and rubbish removal, and taxes thereon; (c) the cost of all supplies, tools, materials and equipment; (d) the cost of repairs, maintenance, alterations, replacements and painting; the cost of cleaning, maintenance and landscaping of Common Areas and window cleaning; (e) the cost of capital improvements to any portion of the Garage; (f) all taxes and assessments (including, without limitation, real estate taxes); (g) insurance costs; and (h) all other costs customarily treated as operating expenses or taxes in buildings of this nature. Operating Expenses do not include salary, benefits, or bonuses of Owner's employees or officers employed by Owner or any subsidiary of Owner or entity related to Owner; or other expenses not directly related to the operation of the Garage. Notwithstanding the foregoing, the City shall not be required to pay taxes and assessments from which it is lawfully exempt, and in the event Owner receives any reduction in taxes or assessments owed or paid, which reduction can be verified as resulting directly from the City's status as a governmental entity, such savings shall be passed directly on to the City. Any Operating Expenses associated solely with the Owner Controlled Spaces shall not be included in the calculation of City's Proportionate Share of Operating Expenses.

(vi) Rights. City acknowledges that Owner shall have the right to install facilities within the Common Areas for the benefit of the Garage and to perform services for the benefit of the Garage, of Owner, of Owner's tenants, and of the licensees, employees, customers, visitors and invitees of the Garage, and to pass through to the City its proportionate share of the costs of operating, maintaining and insuring such facilities and performing such services, which may include, without limitation, additional security, trash compaction and disposal, litter control, and landscape maintenance of the Garage. Owner's costs of operating, maintaining and insuring any such facilities and providing any such services for the benefit of the Garage as a whole, as well as all costs passed through to Owner by the City or incurred directly by Owner for operating, maintaining and insuring the Common Areas, as well as all other costs incurred by Owner in connection with administering, operating, maintaining and insuring the Garage, shall be included, in proportionate share, in Operating Expenses for purposes hereof. Notwithstanding anything to the contrary in this Agreement, to the extent that any material improvements to the Garage contemplated by Owner directly affect the City Spaces or City's right to the use of the City Spaces, Owner shall be required to obtain the prior written consent of City, which consent shall not be unreasonably withheld, delayed or conditioned by City, and City shall be responsible for City's Proportionate Share of Operating Expenses with respect to such improvements. However, to the extent that any improvements to the Garage only:

(A) Affect the City Spaces or City's right to the use of the City Spaces under this Agreement, City shall be solely responsible for all costs of construction, installation, maintenance, repair, and replacement of such improvements; and

(B) Affect the Owner Controlled Spaces or Owner's right to the use of the Owner Controlled Spaces under this Agreement, then Owner shall be solely responsible for all costs of construction, installation, maintenance, repair, and replacement of such improvements.

(b) Payment of City's Proportionate Share. Commencing as of the Effective Date, City agrees to pay to Owner, in accordance with the methodology set forth in Section 9(a)(i), the City's Proportionate Share of Operating Expenses (prorated for any partial Lease Year at the beginning or end of the Term).

(c) Estimate. For each Lease Year during the Term, Owner shall supply City with an estimate of the City's Proportionate Share of Operating Expenses ("Owner's Estimated Expense Computation") for such Lease Year. City shall pay to Owner on the first day of each month during the Lease Year one-twelfth (1/12) of Owner's Estimated Expense Computation. For each Lease Year during the Term, Owner shall notify City of the actual annualized Operating Expenses for the Lease Year just concluded ("Owner's Actual Expense Computation"). Owner's Actual Expense Computation shall be prorated for any fraction of a Lease Year in which the Term begins or ends. If the Owner's Estimated Expense Computation paid by City to Owner with regard to any Lease Year is less than the Owner's Actual Expense Computation with regard to the same Lease Year, the amount of such shortfall shall be taken into account in calculating the Owner's Estimated Expense Computation for the following Lease Year (and shall thereby increase the following Lease Year's estimated payments by the amount of such shortfall). If the portion of the Owner's Estimated Expense Computation paid by City to Owner with regard to any Lease Year exceeds the Owner's Actual Expense Computation with regard to the same Lease Year, the excess shall be taken into account in calculating the Owner's Estimated Expense Computation for the following Lease Year (and shall thereby decrease the following Lease Year's estimated payments by the amount of such excess).

(d) Right to Audit. City shall have the right, at its sole cost and expense, within sixty (60) days from receipt of Owner's Actual Expense Computation, to audit or have its appointed accountant audit Owner's records related to Owner's Actual Expense Computation, provided any such audit may not occur more frequently than once during each Lease Year occurring during the term of the Agreement. City must raise any objection to any item contained within the Owner's Actual Expense Computation by providing written notice of such objection to Owner within thirty (30) days after its completion of the audit of Owner's records. If City has paid in excess of its Proportionate Share of Operating Expenses, then Owner will immediately adjust the Estimated Expense Computation to take into account the amount of the overpayment.

(e) Changes to Common Areas. City acknowledges that (subject to applicable laws, codes and ordinances) the Owner has the right to: change or modify and add to or subtract from the sizes, locations, shapes and arrangements of parking areas, entrances, exits, parking aisle alignments, lighting, landscaping, and other Common Areas and Common Area improvements and facilities located within the Garage; establish and, from time to time, change the level or grade of parking surfaces and do and perform such other acts in and to Common Areas as Owner, in its sole discretion, deems advisable. Notwithstanding the foregoing, except as required by applicable law, Owner will not modify or rearrange the City Spaces without the prior written consent of City, which consent shall not be unreasonably withheld, conditioned, or delayed. In no case shall the City Spaces

be moved to a higher level than depicted on Exhibit "D" unless expressly consented to by the City in its sole discretion.

(f) Demolition of Garage. After 30 years from the Effective Date, the Owner has the right to demolish the garage and construct new parking garage improvements on the Property; provided however that Owner may exercise such right only if the following conditions are met:

(A) Except in cases where immediate demolition is required to protect public health or provide public safety, Owner shall provide the City at least one year's advance written notice of such demolition;

(B) Owner must obtain, at its sole expense, all necessary approvals and permits;

(C) Owner must, at its sole expense, provide to City parking in a substantially equivalent amount of parking spaces in an alternative location and with the same rights to use, occupy, manage, charge for (meter), and tow temporarily during the demolition and construction of the new parking garage. In the event the temporary parking provided is more than .25 miles from the entrance to City Hall, Owner shall provide, at its sole expense, shuttle service not less than once per hour and for which the average shuttle trip time does not exceed 15 minutes; and

(D) Upon completion of the new parking garage, this Agreement shall remain in full force and effect and Developer and City shall recognize the new parking garage as the Garage.

In the event Developer exercises its right to demolish the Garage, the City may, in its sole discretion, elect (x) to terminate this Agreement instead of accepting alternative parking arrangements, or (y) to allow the Agreement to remain in full force and effect but provide its own alternative parking arrangements, during which City shall not pay any fees or costs of any kind to Owner.

10. **Late Charge and Default Interest.** Any payment owed by City not received within thirty (30) calendar days of the date due shall bear an administrative late charge of Twenty-Five and 00/100 Dollars ($25.00) and shall bear interest at ten (10%) per annum. If any check given to Owner for any payment under this Agreement is dishonored, for any reason whatsoever not attributable to Owner, in addition to all other remedies available to Owner, at Owner's option, all future payments from City shall be made by Cashier's Check drawn on a bank located in the Palm Beach County or by wire transfer to Owner's account.

11. **Payment of Utilities.** Subject to reimbursement by City as part of the Operating Expenses, Owner shall provide and pay for any electrical or other utility services required to operate the City Spaces. Owner makes no warranty or representation as to the quality or capacity of utility service to the City Spaces.

12. **Use of City Spaces.**

(a) City shall use the City Spaces solely for the parking of motor vehicles and for no other purpose. The City may, in its sole discretion, allow the general public to park in all, some, or none of (i) the Exclusive City Spaces at all times and (ii) the Nonexclusive City Spaces only during the City Controlled Hours.

(b) City acknowledges that all parking in the Garage is currently on a self-parking basis. City covenants and agrees that notwithstanding anything in Section 5 above or otherwise in this Agreement to the contrary, Owner shall have no obligation, liability, or responsibility to City should the City Spaces be occupied at any time or times by vehicles not so authorized or directed by Owner.

(c) During the Term of this Agreement, City, at its sole expense, shall have the right to install or otherwise designate (via paint or other approved format) and maintain appropriate signage of the City Spaces, including signage indicating that the Exclusive City Spaces are for the sole use of City, that the Nonexclusive Spaces are for the sole use of the City during the City Control Hours, and that violators will be subject to towing at the violators' expense. Any signage that City intends to be installed shall first be submitted to Owner for its review and approval which shall not be unreasonably withheld, conditioned, or delayed. City, at its sole cost and expense, shall prior to installation of signage, obtain all required governmental, quasi-governmental, and other permits and approvals.

(d) During the Term of this Agreement, City, at its sole expense, shall have the right to install and maintain metered parking equipment and such other equipment and facilities as are necessary in connection with allowing the public use of all or any portion of the City Spaces in the ordinary course, whether with or without charge, on an hourly or daily basis. Any equipment that City intends to be installed shall first be submitted to Owner for its review and approval, which approval shall not be unreasonably withheld, conditioned, or delayed provided that such installation will comply with applicable law and will not materially impact the structural integrity of the Garage, any electrical or other systems in the Garage, or otherwise have any material adverse impact upon the Garage or its use and operation. City, at its sole cost and expense, shall, prior to installation of such equipment, obtain all required governmental, quasi-governmental, and other permits and approvals. City shall be responsible for all costs of installation, maintenance, and repair of such equipment and facilities, and shall coordinate same with Owner and any third-party manager of the Garage at no expense to Owner or such third-party manager; City shall be entitled to all revenue resulting from such use of the City Spaces, and such amounts shall either be collected by or paid to City, or if collected by Owner or any third-party manager, shall be paid to City or, at the option of the City in its sole discretion, applied to reduce City's obligations with respect to City's Proportionate Share of Operating Expenses. If City should elect to have metered parking equipment installed for its facilities during the initial construction or at any time thereafter, City shall pay for and/or reimburse Owner for the total construction cost for the additional metered parking equipment.

(e) City, at its sole expense, may also contract with a duly licensed towing company to service the City Spaces and to enforce the signage described in Section 12(c), above. If City elects to contract with such a towing company, City shall promptly furnish Owner with a copy of its written contract with the towing company, and shall require the towing company to furnish insurance in connection with its services in a form and in amounts reasonably required by the Owner, and such insurance shall name the Owner as an additional insured.

(f) City, at its sole expense, may also contract with a management company to operate the City Spaces or any aspect thereof, including metering, charging, maintenance, signage, and other aspects. Such manager shall reasonably coordinate with Owner and any manager employed by Owner for the operation of the Garage. This Section 12(f) shall not interfere with or

reduce the Owner's rights pursuant to Sections 5 and 9 of this Agreement, including but not limited to the right to pass through to the City its proportionate share of the costs of operating the Garage.

(g) City covenants that, during the Term, no part of the City Spaces shall be used in any manner whatsoever for any purposes other than as set forth in this Section 12 or in violation of the laws, ordinances, regulations, codes or orders of the United States, the State of Florida, county, and/or city or other applicable governmental subdivisions where the City Spaces are located. City shall comply with all such laws, ordinances, regulations, codes and orders now in effect or hereafter enacted or passed during the Term insofar as the City Spaces and any signs of the City are concerned (collectively, **"Legal Requirements").**

(h) The City Control Hours have been determined based on the operating hours of the City's facilities. In the event the such operating hours change, the City may request that Owner agree to modify the City Control Hours accordingly, which agreement shall not be unreasonably withheld, conditioned, or delayed, and in which case the City's Proportionate Share of Operating Expenses shall be adjusted accordingly.

13. **City's Insurance.** City may elect to self-insure against certain risks, including certain risks related to City's rights under this Agreement and to City's occupation or use of the City Spaces. City shall keep Owner reasonably apprised of any material changes to its self-insurance program (e.g., any current action or planned actions to make significant increases or decreases in the reserves for such purpose or to modify the source or method of replenishment of such reserves). Notwithstanding the foregoing, to the extent that City obtains any insurance policy from a private insurer (rather than a governmental insurance pooling arrangement or other self-insurance method), City, at its sole cost, shall maintain such coverages with admitted insurers authorized to do business in the State of Florida and which are rated "A-/VIII" or equivalent in Best's Key Rating Guide, or any successor thereto (or if there is none, a rating organization having a national reputation); City shall provide to Owner a copy of each such policy or a certificate of insurance prior to the Commencement Date (or if City later elects to obtain insurance in lieu of self-insurance, then City shall immediately notify Owner in writing of such election and provide a certificate of insurance which conforms to the requirements of this Section). If permitted by the insurer or the terms of City's insurance pooling arrangement or other self-insurance method, any policy of insurance maintained by City in connection with the Garage shall name Owner as an additional insured, and if required by any mortgagee, shall name such mortgagee as additional insured. Furthermore, any policy of insurance maintained by City in connection with the Garage shall provide that written notice shall be given to all insured parties, additional insured parties, and holders of certificates of insurance at least thirty (30) days prior to suspension, cancellation, termination, modification, non-renewal or lapse or material change of coverage. Subject to applicable law, in no event shall the limits of any insurance policies (or City's election to self-insure as to any risks in connection with the Garage) limit the liability of City under this Agreement.

14. **Waiver of Claims.** Except for claims arising from Owner's intentional or negligent acts that are not covered by City's insurance required by this Agreement, subject to applicable law, City or any party claiming through City (or both) (collectively, **"City Parties")** hereby waives all claims against Owner and Owner's members, and each of their respective members, managers, officers, agents, employees, and independent contractors (collectively, **"Owner Parties")** for injury or death to persons, or damage to property or to any other interest of any of the City Parties, resulting from: (i) any occurrence in or upon the Garage; (ii) wind, rain, hurricane, flooding, fire, explosion, hail, or other

casualty or act of God; and (iii) vandalism, assault, battery, malicious mischief, theft or other acts or omissions of any third parties not caused by Owner's failure to operate the Garage in all material respects as required by this Agreement.

15. **Indemnification by City.** Subject to applicable law, City shall indemnify, defend, and hold harmless Owner and Owner's members, and each of their respective members, managers, employees, independent contractors, attorneys, and agents, and each of their respective heirs, representatives, successors and assigns, from and against any and all claims, expenses, damages and liabilities of every kind and nature whatsoever including, without limitation, reasonable attorneys' fees, court costs, litigation expenses, and penalties, arising out of, caused by, or related to the use of the City Spaces by City and its employees, independent contractors, invitees, or agents, and the conduct and/or actions of any of City's employees, independent contractors, invitees, guests, or agents relating thereto up to the amount specified in Section 768.28, Florida Statutes, whether such claim lie in indemnity, contract, tort, or otherwise. This Section 15 shall survive the termination of the Agreement.

16. **Indemnification by Owner.** Owner (and Owner's heirs, successors, and assigns) shall indemnify, defend, and hold harmless City and City's managers, employees, independent contractors, attorneys, and agents, and each of their respective heirs, representatives, successors and assigns, from and against any and all claims, expenses, damages and liabilities of every kind and nature whatsoever including, without limitation, reasonable attorneys' fees, court costs, litigation expenses, and penalties, arising out of, caused by, or related to any acts of negligence or intentional misconduct by Owner or any of its employees, independent contractors, invitees, guests, or agents. This Section 16 shall survive the termination of the Agreement.

17. **Events of Default by City.** Upon the happening of one or more of the following events **("Event of Default"),** Owner shall have any and all rights and remedies hereinafter set forth:

(a) if City shall fail to pay any sum due from City to Owner within forty-five days (45) calendar days after City receives written notice of the failure to pay after the payment is due;

(b) if City attempts to transfer its rights under this Agreement without Owner's prior written consent including any attempt to assign this Agreement or sublease all or any portion of the City Spaces without Owner's prior written consent;

(c) if City violates any other material term, condition, or covenant in this Agreement which is to be performed by City, and fails to remedy the same within ninety (90) days after written notice of the default is given by Owner to City. Such written notice shall give reasonable detail as to the nature and extent of the default and identify the Agreement provisions containing the obligations. If the default cannot reasonably be cured within ninety (90) days, City shall not be in default of this Agreement if City, during said ninety (90) day period, commences to cure the default and diligently continues in good faith to cure the default until completion.

18. **Remedies of Owner.**

(a) If any monetary Event of Default by City occurs, then, in addition to any other remedies of Owner, Owner shall have Owner shall have the right to bring an action to recover all sums due, which may include an action for revenues generated by the City Spaces (including, if necessary, court selection of a receiver) to be paid to Owner up to the amount owed.

(b) If any Event of Default by City occurs, in addition to or instead of the remedies described in this Agreement, Owner may exercise any right or remedy now or hereafter existing at law or in equity or by statute.

(c) If any Event of Default by City occurs, Owner, in addition to other rights and remedies it may have, shall have the right to remove all personal property, including signage, from the City Spaces and any property removed may be stored in any public warehouse or elsewhere at the cost of, and for the account of City, and Owner shall not be responsible for the care or safekeeping thereof whether in transport, storage or otherwise, and City hereby waives any and all claims against Owner for loss, destruction and/or damage or injury which may be occasioned by any of the aforesaid acts.

Any amounts which may be due Owner shall include any costs, expenses, or any other amounts payable pursuant to this Agreement.

(d) If City fails to maintain any insurance required by law, Owner shall have the right to force-place such insurance with respect to the City's rights under this Agreement or to add City as an additional insured under a policy of Owner's as to City's rights under this Agreement, and Owner shall have the right to charge City for any amounts required to purchase such insurance (or to be reimbursed for such amounts).

(e) Any and all rights, remedies and options given in this Agreement to Owner shall be cumulative and in addition to and without waiver of, or in derogation of, any right or remedy under this Agreement or provided under any law now or hereafter in effect.

(f) No cure periods shall apply to any emergencies or to failure to maintain and furnish insurance.

(g) It is expressly understood that the remedies provided in the Event of Default by the City shall be in the form of damages or equitable relief, which may include, specific performance, and injunctive relief (it being understood monetary damages may not be a sufficient remedy for City's default hereunder), and shall not result in termination of this Agreement.

19. **Event of Default by Owner.** Owner shall be in default of this Agreement ("Owner Event of Default") if it fails to perform any provision of this Agreement that it is obligated to perform, and if the failure to perform is not cured within ninety (90) days of written notice of the default from City to Owner. Such written notice shall give reasonable detail as to the nature and extent of the default and identify the Agreement provisions containing the obligations. If the default cannot reasonably be cured within ninety (90) days, Owner shall not be in default of this Agreement if Owner, during such ninety (90) day period, commences to cure the default and diligently continues in good faith to cure the default until completion.

20. **Remedies of City.** If Owner shall have failed to cure any Owner Event of Default, after applicable written notice and opportunity to cure, City may terminate this Agreement, may seek damages or specific performance, which may include injunctive relief, and may exercise any right or remedy now or hereafter existing at law or in equity or by statute.

21. **Non-Waiver.** Any failure of either party to insist upon strict performance of any part or provision of the Agreement shall not be deemed a waiver, and shall not waive or diminish such party's right thereafter to demand strict compliance therewith or any other provision and shall not prejudice or affect such party's rights in event of a subsequent default. Except as otherwise provided in this Agreement, each party's rights and remedies under this Agreement are cumulative. No delay or failure by either party in exercising any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right.

22. **No Assignment or Sublease/Change in Ownership.**

(a) City may not assign this Agreement in whole or in part, nor sublease all or any portion of the City Spaces, without the prior written consent of Owner in each instance, which consent shall be at Owner's sole discretion; provided, however, that the foregoing shall not prohibit the City from allowing public use of all or any portion of the City Spaces in the ordinary course, whether with or without charge, on an hourly or daily basis. The consent by Owner to any assignment or sublease shall not constitute a waiver of the necessity for such consent to any subsequent assignment or sublease. No assignment, sublease, occupancy or collection shall be deemed acceptance of the assignee, sub-lessee, or occupant, or as a release of City from the further performance by City of the covenants on the part of City herein contained. Despite Owner's consent to an assignment or sublease, City shall remain fully liable on this Agreement and shall not be released from performing any of the terms, covenants and conditions hereof or any rent or other sums to be paid hereunder unless otherwise expressly consented to by Owner in its sole discretion. Any attempted assignment or sublease without Owner's prior written consent shall be void and shall constitute an Event of Default.

(b) City acknowledges and agrees that, subject to the terms of this Agreement, any and all right and interest of Owner in and to the City Spaces and the Property, and all right and interest of Owner in this Agreement, may be conveyed or assigned at the sole discretion of Owner at any time provided such conveyance or assignment is of the whole Agreement and the party conveyed or assigned to is recognized as Owner under this Agreement.

(c) If Owner, in its sole and absolute discretion, consents to an assignment or sublease of all or any portion of the City Spaces, the form of such documents shall be as acceptable to Owner in its sole and absolute discretion.

23. **Subordination and Attornment.**

(a) From time to time, Owner may request the City to subordinate its rights hereunder to mortgage or other method of financing or refinancing through a subordination, non-disturbance, and attornment agreement ("SNDA"). Any subordination must be effectuated through an SNDA reasonably acceptable to the City so as to ensure the City's rights under this Agreement are continued without interruption for the Term of this Agreement. So long as the above-described

conditions are met and the City has adequate assurances this Agreement will not be disturbed, the City shall approve of the SNDA. So long as such request is received more than 10 days before a City Commission meeting, the SNDA shall be placed on the next City Commission agenda, and if received less than 10 days before the next City Commission meeting, shall be placed on the agenda of the next available regularly scheduled meeting. Further, the City and Owner agree to work together with reasonable diligence and in good faith to create a standard form of SNDA to expedite such requests.

(b) If any proceedings are brought for the foreclosure of, or if exercise of the power of sale occurs under, any mortgage covering the City Spaces and/or the Property; or if a deed is given in lieu of foreclosure of any such mortgage, City shall attorn to the purchaser, mortgagee, or grantee in lieu of foreclosure, upon any such foreclosure or sale or transfer in lieu of foreclosure, and recognize such purchaser, mortgagee, or grantee in lieu of foreclosure, as Owner under this Agreement.

24. **Estoppel.** Owner and City agree that each will, at any time and from time to time, within thirty (30) days following written notice by the other party hereto specifying that it is given under this Section 24, execute, acknowledge and deliver to the party who gave such notice, or its designate, a statement in writing certifying this Agreement is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect and stating the modifications), and the date to which any payments due hereunder from City have been paid in advance, if any, and stating whether or not there are defenses or offsets claimed by the maker of the certificate and whether or not to the best of knowledge of the signer of such certificate the other party is in default in performance of any covenant, agreement or condition contained in this Agreement, and if so, specifying each such default of which the maker may have knowledge. The failure of either party to execute, acknowledge and deliver to the other a statement in accordance with the provisions of this Section 24 within such thirty (30) day period shall constitute an acknowledgment, by the party given such notice, which may be relied on by any person holding or proposing to acquire an interest in the Property or any part thereof or the City Spaces or this Agreement from or through the other party, that this Agreement is unmodified and in full force and effect and that such amounts have been duly and fully paid to and including the respective due dates immediately preceding the date of such notice and shall constitute, as to any person entitled as aforesaid to rely upon such statements, waiver of any defaults which may exist prior to the date of such notice; provided, however that nothing contained in the provisions of this Section 24 shall constitute waiver by Owner of any default in payment of any amounts owed as of the date of such notice and, unless expressly consented to in writing by Owner, and City shall still remain liable for the same.

25. **Right of Entry.** Owner and Owner's agents may enter the Garage at all reasonable times to examine the City Spaces (as well as other portions of the Garage), and to show the Garage to prospective purchasers, mortgagees, or other interested parties, and to make such repairs, alterations, improvements or additions as Owner may deem necessary or desirable (including, without limitation, actions taken pursuant to Section 5 or 9 above), and Owner shall be allowed to take all material into and upon the City Spaces that may be required therefor without the same constituting a termination of or infringement upon City's rights in whole or in part, provided however that should such material remain in the City Spaces more than 3 calendar days the amounts payable to Owner shall be abated in proportion to the reasonably determined loss of use and access to the City Spaces while the repairs, alterations, improvements, or additions are being made. If City shall not be present to open and permit

entry into the City Spaces, at any time, when for any reason an entry will be necessary or permissible, Owner or Owner's agents may enter the same without in any manner affecting the obligations and covenants of this Agreement.

26. **Hazardous Materials and Environmental Laws; Indemnity.**

City shall not cause or permit the City Spaces to be used for the generation, handling, storage, transportation, disposal or release of any Hazardous Materials except as specifically exempted or permitted under applicable Environmental Laws, and City shall not cause or permit the City Spaces or any activities conducted thereon to be in violation of any current and/or future applicable Environmental Laws. City agrees to indemnify, defend and hold Owner (and Owner's members, principals, affiliates, directors, officers, employees, mortgagees, ground Owners, heirs, successors and assigns, as applicable) harmless from and against any and all claims, losses, damages (including all foreseeable and unforeseeable consequential and incidental damages), liabilities, fines, penalties, charges, interest, administrative or judicial proceedings and orders, judgments, remedial action, requirements, enforcement actions of any kind, and all costs and expenses incurred in connection therewith (including, without limitation, attorneys' fees and expenses at both trial and appellate levels), directly or indirectly resulting in whole or in part from the violation of any Environmental Laws applicable to any activity conducted thereon, and from any use, generation, handling, storage, transportation, disposal or release of Hazardous Materials at or in connection with the Garage and City's use thereof, or any contamination, detoxification, closure, cleanup or other remedial measure required under any Environmental Laws. This indemnity shall survive the full payment of charges under this Agreement and the expiration or earlier termination of this Agreement, and shall inure to the benefit of Owner and Owner's heirs, personal representatives, successors and assigns.

As used herein, "Hazardous Materials" means: substances defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials", "toxic substances", "containments", or other pollution under applicable federal, state, commonwealth, county, municipal, or local laws, ordinances, codes, rules, regulations or orders now or hereafter in effect.

As used herein "Environmental Laws" means: any applicable current federal, commonwealth, state, county, municipal, or local laws, ordinances, rules, codes, regulations, or orders pertaining to Hazardous Materials or industrial hygiene or environmental conditions.

27. **Time of the Essence.** Time is of the essence regarding the performance of every provision of this Agreement.

28. **Limitation of Liability of Owner.** Notwithstanding any provision to the contrary contained in this Agreement, City shall look solely to the estate and property of Owner (which term Owner, for the purposes of this Section 28 only includes any party with a real property interest in any portion the Property including a leasehold interest) in the event of any claim against Owner arising out of or in connection with this Agreement, the relationship of Owner and City, or City's use of the City Spaces, and City agrees that the liability of Owner arising out of or in connection with this Agreement, the relationship of Owner and City, or City's use of the City Spaces, shall be limited to such estate and property of Owner in and to the Property. No properties or assets of Owner other than

the estate and property of Owner in and to the Property, and no property owned by any affiliate of or member of Owner shall be subject to levy, execution or other enforcement procedures for the satisfaction of any judgment (or other judicial process) or for the satisfaction of any other remedy of City arising out of or in connection with this Agreement, the relationship of Owner and City or City's use of the City Spaces. In the event of Owner bankruptcy, all City's rights under this Agreement (including the rights of use and access to the City Spaces, and amount and timing of payment) shall be considered appurtenant to the Property for the balance of the Term and shall be considered enforceable rights but may be subject to any limitation or subordination found in any SNDA entered into pursuant to Section 23(a) above.

29. **Waiver of Jury Trial.** OWNER AND CITY KNOWINGLY, INTENTIONALLY, AND VOLUNTARILY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM INVOLVING ANY MATTER WHATSOEVER ARISING OUT OF OR IN ANY WAY CONNECTED WITH (I) THIS AGREEMENT, OR (II) CITY'S USE OF CITY SPACES AND THE GARAGE. THE WAIVERS SET FORTH IN THIS SECTION ARE MADE KNOWINGLY, INTENTIONALLY, AND VOLUNTARILY BY THE PARTIES. THIS PROVISION IS A MATERIAL INDUCEMENT TO BOTH PARTIES IN AGREEING TO ENTER INTO THIS AGREEMENT.

30. **Notices.** All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given:

(a) when personally delivered; or

(b) the next Business Day after being sent by reputable overnight express courier (charges prepaid); or

(c) when received if by facsimile or e-mail transmission, so long as notice is concurrently provided to the parties to this Agreement by a method set forth in Section 30(a) or Section 30(b).

If any party refuses to accept any attempted delivery of notice in any of the foregoing manners, then notice shall be deemed to have been delivered upon such refusal. Any party hereto shall have the right to change its address for notice if written notice is given to all other parties in accordance with the notice provisions hereof.

31. **Miscellaneous.**

(a) Accord and Satisfaction. No payment by City or receipt by Owner of a lesser amount than the amount stipulated in this Agreement to be paid shall be deemed to be other than on account of the earliest stipulated payable amounts, nor shall any endorsement or statement on any check or any letter accompanying any check or payment be deemed an accord and satisfaction, and Owner may accept such check or payment without prejudice to Owner's right to recover the balance of such amount or pursue any other remedy provided herein or by law.

(b) Entire Agreement. This Agreement and the exhibits attached hereto and forming a part thereof as if fully set forth herein, constitute all covenants, promises, agreements, conditions and understandings between Owner and City concerning the City Spaces and there are no covenants, promises, conditions or understandings, either oral or written, between them other than are herein set forth. Neither Owner nor Owner's agents have made nor shall be bound to any representations with respect to the City Spaces except as herein expressly set forth, and all representations, either oral or written, shall be deemed to be merged into this Agreement. Except

as herein otherwise provided, no subsequent alteration, change or addition to this Agreement shall be binding upon Owner or City unless reduced to writing and signed by them.

(c) Successors and Assigns. All rights, obligations, and liabilities herein given to, or imposed upon, the respective parties hereto shall extend to and bind the several respective heirs, legal representatives, and permitted successors and assigns of the said parties. No rights, however, shall inure to the benefit of any assignee of City unless the assignment to such assignee has been approved by Owner in writing as provided herein. Nothing contained in this Agreement shall in any manner restrict Owner's right to assign this Agreement and, in the event Owner sells its interest in the Property and the purchaser assumes Owner's obligations and covenants, Owner shall thereupon be relieved of all further obligations hereunder.

(d) Captions and Section Numbers. The captions, section numbers, and article numbers appearing in this Agreement are inserted only as a matter of convenience and in no way define, limit, construe, or describe the scope or intent of such sections or articles of this Agreement nor in any way affect this Agreement.

(e) Partial Invalidity. Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-064- Approve and authorize the Mayor to execute the Interlocal Agreement between Palm Beach County and the City of Boynton Beach to re-determine, re-adopt, and ratify the existing distribution formula for the six (6) cent Local Option Fuel Tax.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-064.

Explanation of Request:

The current Six (6) Cent Local Option Fuel Tax (LOGT) Interlocal Agreement and County Ordinance from 1995 will terminate on August 31, 2025. This agreement outlines the formula for distributing fuel tax revenues between Palm Beach County and its municipalities for the next 30 years.

The proposed agreement maintains the existing distribution formula where Palm Beach County receives 66.5648% of the collected tax, and municipalities collectively receive 33.4352%. The municipal share is distributed based on a formula that considers 70% lane miles and 30% population.

Representatives from Palm Beach County and various municipalities, through the Palm Beach County League of Cities, have negotiated and agreed upon the terms of this Interlocal Agreement.

The Board of County Commissioners will enact an appropriate ordinance to re-levy the tax effective September 1, 2025.

How will this affect city programs or services? The continuation of the Local Option Gas Tax funding is essential for the City's road maintenance and transportation improvement projects. These funds provide a reliable revenue source for maintaining city streets, sidewalks, and related infrastructure. Without this agreement, the City would need to identify alternative funding sources for these critical services.

Budgeted Item: Yes

Account Line Item and Description: Revenue Account: 104-0000-312.41-00 (Transportation Fund - Local Option Gas Tax).

Fiscal Impact: Based on current collections and the City's proportional share, the City of Boynton Beach anticipates receiving approximately $1.2 million annually from this revenue source. These funds are specifically designated for transportation-related expenses and cannot be used for general operations. Approval of this agreement ensures the continued receipt of this critical funding for the next 30 years.

INTERLOCAL AGREEMENT TO REDETERMINE, RE-ADOPT AND RATIFY EXISTING DISTRIBUTION FORMULA FOR SIX (6) CENT LOCAL OPTION FUEL TAX

THIS INTERLOCAL AGREEMENT is dated, made, and entered into on this ____ day of _____ 2025, by and between Palm Beach County, a political subdivision of the State of Florida, hereinafter referred to as the COUNTY, and City of Boynton Beach, a municipal corporation located in Palm Beach County, Florida, and organized and existing in accordance with the laws of the State of Florida, hereinafter referred to as the MUNICIPALITY.

WITNESSETH:

WHEREAS, Section 336.025(1)(a), *Florida Statutes* (STATUTE) authorizes a one (1), two (2), three (3), four (4), five (5), and/or six (6) cent local option fuel tax to be levied upon the sale of every gallon of motor fuel and special fuel within the COUNTY; and

WHEREAS, pursuant to the STATUTE, in 1995, the COUNTY re-levied the six (6) cent local option fuel tax (TAX) for a 30 year term, as provided in County Code Chapter 17, Article I, Section 17-3 (1995 ORDINANCE). Pursuant to the STATUTE and prior to enacting the 1995 ORDINANCE, the COUNTY established by interlocal agreement with various municipalities representing a majority of the population of the incorporated area within the COUNTY, the distribution formula for dividing the entire proceeds of the TAX among the COUNTY and all eligible municipalities within the COUNTY (collectively, 1995 INTERLOCAL AGREEMENT); and

WHEREAS, the 1995 ORDINANCE and the 1995INTERLOCAL AGREEMENT will, by their own terms and in accordance with the STATUTE, terminate on August 31, 2025; and

WHEREAS, the COUNTY desires to once again re-levy and re-impose the TAX for a new 30 year term pursuant to the STATUTE, and enter into this Interlocal Agreement to redetermine the distribution formula for dividing the entire proceeds of the TAX among the COUNTY and all eligible municipalities within the COUNTY; and

WHEREAS, representatives of the COUNTY and the various municipalities, utilizing the Palm Beach County League of Cities, Inc., (LEAGUE) have met and negotiated mutually acceptable terms and conditions for this Interlocal Agreement, which terms are set forth herein; and

WHEREAS, once effective, this Interlocal Agreement re-adopts and ratifies the distribution

formula currently in effect for dividing the entire proceeds of the TAX among the COUNTY and all eligible municipalities within the COUNTY,.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained and for such other good and valuable consideration, the receipt of which the parties hereby expressly acknowledge, the COUNTY and the MUNICIPALITY hereto covenant and agree to enter into this Interlocal Agreement as follows:

Section 1: This Interlocal Agreement is entered into with the specific contemplation that the Board of County Commissioners of Palm Beach County (BCC) will enact an appropriate ordinance to relevy the TAX to be effective September 1, 2025 (2025 ORDINANCE). In the event the BCC fails or refuses to enact the 2025 ORDINANCE to relevy the TAX, this Interlocal Agreement shall be null and void.

Section 2: The term of this Interlocal Agreement shall be for the same duration as the 2025 ORDINANCE relevying the TAX. Upon the expiration of the levy of the TAX, as provided in the 2025 ORDINANCE , this Interlocal Agreement shall terminate; except that if the BCC reimposes the TAX again as provided in the STATUTE, then this Interlocal Agreement may be renewed as provided for in the STATUTE.

Section 3:

A. All proceeds of the TAX collected pursuant to Section 336.025(1)(a), *Florida Statutes* shall be divided between the COUNTY and the municipalities, as follows (DISTRIBUTION FORMULA):

1. The COUNTY shall receive 66.5648 percent of the TAX collected.
2. The municipalities collectively shall receive 33.4352 percent of the TAX collected (TOTAL MUNICIPAL SHARE).

B. All money shall be collected and distributed to the respective parties as provided in Section 336.025(2), *Florida Statutes*.

C. The MUNICIPALITY (and all other municipalities eligible to participate in the distribution of the proceeds of the TAX) shall receive a pro rata share of the TOTAL MUNICIPAL SHARE pursuant to a formula (MUNICIPAL SHARE FORMULA) that is based seventy percent (70%) on lane miles located within the MUNICIPALITY (and for all other municipalities eligible to participate

in the distribution of the proceeds of the TAX) for which the MUNICIPALITY (or the other eligible municipalities) is responsible for maintenance, and thirty percent (30%) on the population of the MUNICIPALITY (or the other eligible municipalities) based upon the most recent University of Florida Population Estimate. The MUNICIPAL SHARE FORMULA is:

(30% x (Municipality's population/sum of all of Municipalities' population)) + (70% x (Municipality's lane miles/sum of all of Municipalities' lane miles)) = Municipality's Pro Rata Share.

Exhibit A attached hereto and incorporated herein by reference identifies each eligible municipality's pro rata share of the TOTAL MUNICIPAL SHARE. The calculation(s) of the MUNICIPAL SHARE FORMULA may be amended not more than once annually by the Palm Beach County League of Cities, Inc., by the preparation of a new Exhibit A on behalf of the municipalities and based upon changes in the MUNICIPAL SHARE FORMULA and submitting the new Exhibit A to the COUNTY Administrator no later than June 1 of any year. The COUNTY Administrator shall then transmit the new Exhibit A to the Florida Department of Revenue.

D. In the event that a new municipality is incorporated in the COUNTY, the new municipality's share of the TAX shall be provided from the share formerly allocated to the COUNTY and the TOTAL MUNICIPAL SHARE, as set forth below.

1. In the first full fiscal year following incorporation, the new municipality will receive a share based solely on its population, as opposed to the MUNICIPAL SHARE FORMULA that considers lane miles and population, as set forth in Section 3C above. The new municipality's share shall be determined pursuant to **Exhibit B** attached hereto which shows an example of the calculations for a hypothetical new municipality with a population of 40,000.

    a. The combined COUNTY and collective municipalities contributions shall equal one hundred percent (100%) of the new municipality's share.

    b. Section 3C above shall continue to apply as the MUNICIPAL SHARE FORMULA for the remaining municipalities after their contribution to the new municipality's share as set forth in Section 3 D1 above.

2. In the subsequent fiscal years after the first full fiscal year following incorporation of

the new municipality:

a. The percentage allocated to the COUNTY in the DISTRIBUTION FORMULA in Section 3A above, as may be amended, shall be reduced by an amount that reflects the COUNTY's contribution to the new municipality's share, as set forth in Section 3D1, above.

b. Likewise, the TOTAL MUNICIPAL SHARE, including the new municipality, in Section 3A above, as may be amended, shall be increased by an amount that reflects the COUNTY's contribution to the new municipality's share, as set forth in Section 3D1 above.

c. Section 3C below shall apply to the new municipality in all annual distributions in the years after the first full fiscal year following incorporation of the new municipality.

E. In the event an existing municipality in the COUNTY is dissolved, the former municipality's share of the TAX shall be distributed to the COUNTY and to the remaining collective municipalities by applying in reverse the process set forth in Section 3D, above.

F. In the event of proposed legislation which would either create or dissolve a municipality in the COUNTY, the COUNTY and the subject municipality agree that the COUNTY Legislative Delegation and the Florida Legislature (and Governor, if deemed necessary) be made aware of this Interlocal Agreement and appropriately incorporate its provisions into such proposed legislation. The subject municipality may accomplish this by supporting the LEAGUE, as the organization that is in place to convey municipal consensus on legislative matters.

Section 4: This Interlocal Agreement between the COUNTY and the MUNICIPALITY is one of several identical interlocal agreements between the COUNTY and other municipalities providing the same terms for the distribution of the proceeds of the TAX. As such, this Interlocal Agreement along with all other identical interlocal agreements may be executed in multiple counterparts, each of which shall be deemed an original, but all of which combined shall constitute one in the same Interlocal Agreement for purposes of Section 336.025 *Florida Statutes*. The Interlocal Agreement between the COUNTY and the MUNICIPALITY, along with the identical interlocal agreements executed by other municipalities in the COUNTY represent a majority of the incorporated population

of the COUNTY.

Section 5: The COUNTY and the MUNICIPALITY agree to meet every two (2) years to evaluate the method of distribution of the TAX revenues as required by Section 336.025(1)(d), *Florida Statutes*. The MUNICIPALITY and all other municipalities that have executed an identical interlocal agreement shall be collectively represented at said meeting by the Palm Beach County League of Cities, Inc. The COUNTY shall be represented at said meeting by representatives selected by the COUNTY Administrator's Office. The MUNICIPALITY or the COUNTY may call for said meeting by providing thirty (30) days' notice to the other as set forth in Section 12 below.

Section 6: Nothing in this Interlocal Agreement shall preclude either the COUNTY or the MUNICIPALITY from litigating against the other on matters completely unrelated to and not contemplated by this Interlocal Agreement.

Section 7: This Interlocal Agreement shall take effect only upon execution by both the COUNTY, and the MUNICIPALITY along with those other municipalities representing a majority of the population of the incorporated areas of the COUNTY. In the event that either the COUNTY fails or refuses to execute this Interlocal Agreement, or fails or refuses to adopt the 2025 ORDINANCE, as more fully described in Section 1 above, or in the event that those municipalities representing a majority of the population of the incorporated areas of the COUNTY fail to execute this Interlocal Agreement, then this Interlocal Agreement shall be null and void and the parties hereto shall have no further rights or responsibilities hereunder.

Section 8: The invalidity of any portion, article, paragraph, provision, clause or any part thereof of this Interlocal Agreement shall have no effect upon the validity of any other part of this Interlocal Agreement.

Section 9: To the extent allowed by law, the venue for any action arising from this Interlocal Agreement shall be in Palm Beach County, Florida.

Section 10: This Interlocal Agreement shall be governed by and in accordance with the laws of the State of Florida.

Section 11: Any costs or expenses including reasonable attorney's fees associated with the enforcement of the terms or conditions of this Interlocal Agreement shall be borne by the respective parties.

WHEREAS, the parties already have in effect an Interlocal Agreement(s) providing for distribution of the first (1st), second (2nd), third (3rd), fourth (4th), fifth (5th) and sixth (6th) cents of the local option gas tax, and

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for such other good and valuable consideration, the receipt of which the parties hereby expressly acknowledge, the parties hereto covenant and agree to the following terms and conditions:

1. This Agreement is entered into with the specific contemplation that the Board of County Commissioners of Palm Beach County will enact an appropriate ordinance to extend the six (6) cents local option gas tax previously levied for an additional period of time with said tax being imposed effective on September 1, 1995. In the event the Board of County Commissioners of Palm Beach County fails or refuses to enact said ordinance to extend the six (6) cents tax, this Agreement shall be null and void.

2. The terms of this Agreement shall be for the same duration as the amendment to the local option gas tax ordinance identified in paragraph 1 hereof extending the levy of the six (6) cents. Upon expiration of the period for which said tax is levied as provided for in the amendment to the COUNTY ordinance, this Agreement shall terminate except that if the Board of County Commissioners reimposes said tax as provided in Section 1(a) of said statute, this Agreement may be renewed as provided therein.

3 A All proceeds of the six (6) cents of the tax collected pursuant to said statute shall be divided between the COUNTY and the municipalities as follows; or as may be mutually agreed upon by the parties pursuant to paragraph 16:

Said formula is.

$$30\% \times \frac{\text{(city population)}}{\text{(sum of city population)}} + 70\% \times \frac{\text{(city lane miles)}}{\text{(sum of city lane miles)}} = \text{Local Distribution}$$

Exhibit A attached hereto and incorporated herein by reference identifies each eligible MUNICIPALITY's pro rata share of the MUNICIPALITIES' collective one-third (1/3) share. Said distribution may be amended not more than once annually by the Palm Beach County Municipal League, Inc , preparing on behalf of the said MUNICIPALITIES a new Exhibit "A" based upon changes in the foregoing criteria and submitting same by June 1st of any year to the County Administrator who shall in turn transmit same to the Department of Revenue.

5. This is one of several Interlocal Agreements between the COUNTY and various MUNICIPALITIES providing the same terms for the division and distribution of the proceeds of the first six (6) cents of the local option gas tax. As such, this Interlocal Agreement may be executed in one (1) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one (1) in the same instrument (the Interlocal Agreement) for the purpose of Section 336.025, Florida Statutes. The Interlocal Agreement constitutes an interlocal agreement between the COUNTY and the MUNICIPALITIES located therein representing a majority of the incorporated area population within the COUNTY.

6. The parties agree to meet every two (2) years to evaluate the method of distribution of the local option gas tax revenues in accordance with Section 336.025(1)(d), Florida Statutes. In the event that either the COUNTY fails or refuses to execute this Agreement or in the event that those MUNICIPALITIES representing a majority of the population of the incorporated

areas of the COUNTY fail to execute this Agreement, then this Agreement automatically shall be null and void and the parties hereto shall have no further rights or responsibilities hereunder.

9 The invalidity of any portion, article, paragraph, provision, clause or any portion thereof of this Agreement shall have no affect upon the validity of any other part or portion hereof

10. To the extent allowed by law, the venue for any action arising from this Agreement shall be in Palm Beach County, Florida.

11. This Agreement shall be governed by and in accordance with the laws of the State of Florida.

12. In any action brought by either party for the enforcement of the obligations of the other party, the prevailing party shall be entitled to recover reasonable attorneys' fees

City of Boynton Beach
Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-065- Approve the final ranking for RFP No. PLDEV25-011R Comprehensive Plan Review Professional Services (Consultant) as recommended by the evaluation committee and allow negotiations to begin with the top-ranked proposer Chen Moore and Associates, Inc., and if negotiations fail to culminate into an agreement with the top-ranked proposer, enable staff to terminate negotiations and allow negotiations to begin with the 2nd-ranked proposer Kimley-Horn and Associates, Inc.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-065.

Explanation of Request: A comprehensive plan is crucial for the City of Boynton Beach as it provides a clear, strategic roadmap for sustainable growth, development, and resource management. This plan ensures that future decisions align with the city's long-term goals, addressing key areas such as infrastructure, land use, housing, environmental protection, and economic development. By proactively planning for the City's needs and challenges, the City can effectively manage growth, improve the quality of life for its residents, and ensure that development is balanced with environmental and community considerations. A well-developed comprehensive plan is a foundational tool for decision-making, fostering a cohesive vision for the city's future while adapting to changing circumstances and opportunities.

The City needs an Comprehensive Plan. To facilitate this process, the Purchasing Division worked with Planning and Development to develop a Request for Proposal ("RFP") pursuant to the Consultants' Competitive Negotiation Act (CCNA). The RFP was released on December 4, 2024, with a non-mandatory pre-proposal meeting on December 17, 2024. The solicitation was distributed to create maximum competition and had a proposal submission due date of January 27, 2025. As a result of the broadcast, the City received nine proposal submissions from the RFP. The evaluation committee was comprised to review the nine submittals in accordance with the criteria of the RFP.

The evaluation committee began reviewing and preliminary scoring the proposals after they were distributed. On February 18, 2025, the committee met at a publicly noticed, open-to-the-public meeting to discuss the submittals and the pros and cons of each. As a result of the meeting, the committee determined that it was in the City's best interest to shortlist the top three scoring proposal packages and request presentations.

On March 3, 2025, the evaluation committee witnessed presentations from the top three ranked firms:

1. Chen Moore and Associates, Inc.
2. Kimley-Horn and Associates, Inc.
3. Calvin, Giordano & Associates, Inc.

After witnessing the presentations, the evaluation committee reconvened in a publicly noticed meeting, open to the public, to assess each presentation's strengths and weaknesses. Following this discussion, the committee decided to eliminate Calvin, Giordano & Associates, Inc. from consideration and proceed with ranking the top two firms. As a result of the evaluation, Chen Moore and Associates, Inc. was ranked as the top firm, while Kimley-Horn and Associates, Inc. was ranked second.

The evaluation decided collectively through a consensus that it was in the best interest of the City to request the Commission's authorization and approval to allow negotiations to begin with the top-ranked firm, Chen Moore and Associates, Inc., and if negotiations fail to culminate into an agreement with the top-ranked firm, enable staff to terminate negotiations and allow negotiations to begin with the second-ranked firm, Kimley-Horn and Associates, Inc.

Staff will bring back the final agreement to the City Commission for approval.

How will this affect city programs or services? N/A

Budgeted Item: Yes

Account Line Item and Description: The Comprehensive Plan Review & Amendment has been budgeted for within the Planning and Zoning FY24/25 budget per the City's Strategic Plan.

Our Team will prepare a substantive, graphically driven document easy to read. CMA is offering an option to create a new Resiliency Element to address the rising sea level and the vulnerability challenges that impact the City. Please see examples of Comprehensive Plan Amendments the CMA Team prepared for other local governments including the City of Lake Worth Beach and the City of Dania Beach.

Our Team has the credentials and expertise to provide urban design and site planning services. Our planning and landscape architects can deliver CAD drawings and 3D architectural renderings. We will welcome the opportunity to work with City staff to develop conceptual design plans for specific areas, including neighborhood/ block layouts, site designs, and roadway redesign concepts. We are proficient in developing preliminary architectural designs as part of the conceptual work. As shown in following examples, we have the experience to produce high-quality presentation graphics and 3-D renderings that clearly communicate the proposed designs. The CMA Team of professionals are experienced in 3D Renderings to provide an understanding of Urban Form and Massing. We are proficient in AutoCAD, TwinMotion, and SketchUp softwares that can illustrate zoning and land uses in terms of density, intensity and height. Our Urban Design professionals have the knowledge to prepare rendering showing potential redevelopment scenarios, neighborhoods and blocks lay outs. Please see the following CAD renderings prepared for the City of Lake Worth Beach illustrating low, median and high density scenarios that allowed the municipality to make decisions regarding specific land uses and zoning regulations. Also, our planners are experts in writing zoning code changes including preparing ordinances, and presenting to P&Z Boards and City Council. We wrote the zoning code for the City of Westlake, the new city in Palm Beach County, and other numerous code amendments for local governments. Streetscape Design The CMA Team of planners and landscape architects has the knowledge and experience to support the City of Boynton Beach in the technical tasks of all areas of urban streetscape planning to guide public policy planning, and decision making to support the identity and character of a welcoming and lush city. Affordable Housing Planning The CMA planners are proficient in recent legislation regarding affordable housing, the Live Local Act. In fact, Ms. Zacarias served as the Chair of the successful Affordable Housing Symposium that focused on the Live Local Act held in April 2024. Since CMA serves as the Planning Department for the City of Westlake, we prepared the “Housing Assistance Purchase Program” an innovative program to fund eligible applicants under the Housing and Urban Development categories for low, moderate, and middle income households based upon income limitations. The program provides assistance to eligible households purchasing property within the City of Westlake's to cover a portion of the costs of homeownership such as down payment assistance and/or assistance with closing costs. CMA also assisted the City of Lake Worth Beach in drafting the Affordable/Workforce Housing Program to establish an affordable/workforce housing program within the City of Lake Worth Beach. The Affordable/ Workforce Housing Program provides incentives to encourage the inclusion of affordable and workforce housing units within both residential and mixed-use projects as well as planned developments of all types to provide for broader and more accessible housing options within the City. Urban Forestry Expertise CMA understands the value of protecting and supporting Urban Forestry in the City of Boynton Beach. Urban Forestry is the careful care and management of tree populations in urban settings for the purpose of improving the urban environment. Mr. Brian Voelker, M.S., SWPS, C.A., CLI, CMA's senior scientist and expert on Urban Forestry, can assist the City in applying to specific grants to support this initiative. Urban Forestry advocates the role of trees as a critical part of the urban infrastructure. There are also economic benefits associated with urban trees such as increased land, property, and rental value. Well-maintained trees and landscaped business districts have been shown to encourage consumer purchases and attract increased residential, commercial and public investments. Numerous studies have shown the direct relationship between home value, public health, and street trees. In her article “City Trees and Property Values,” Kathleen L. Wolf writes that there is a home price increase between 6-9 percent when there is good tree cover in a neighborhood, and a 10-15 percent increase when there are mature trees in a high income neighborhood. Urban forests and community gardens bring many environmental and economic benefits to cities. Among these are energy benefits in the form of reduced air conditioning by shading buildings, homes and roads, absorbing sunlight, reducing ultraviolet light, cooling the air, and reducing wind speed - in short improvement of the microclimates and air quality. GIS Data and Mapping The CMA Team was contracted by the Treasure Coast Regional Planning Council (TCRPC Dr. Kim DeLaney) to apply ArcGIS Business Analyst modeling and prepare mapping and data table for Palm Beach County 107 TOD Stations. This initiative is part of the 2050 Long Range Transportation Plan of the Palm Beach Transportation Planning Agency (TPA). Our team of planners are proficient in GIS mapping and prepared more than 1,000 maps for 107 TOD stations to be located in Palm Beach County. The GIS data and mapping processing includes potential redevelopment areas and the analysis includes a number of variables such as property value, age of structures, density, intensity and others.

EXCESS FOLLOW-FORM AND UMBRELLA LIABILITY INSURANCE

THIS POLICY, INPART, PROVIDES FOLLOW-FORM LIABILITY COVERAGE.

COVERAGE WILL APPLY ON A CLAIMS-MADE BASIS WHEN FOLLOWING CLAIMS-MADE UNDERLYING INSURANCE.

COVERAGE WILL APPLY ON A DEFENSE-WITHIN-LIMITS BASIS WHEN FOLLOWING UNDERLYING INSURANCE UNDER WHICH DEFENSE EXPENSES ARE PAYABLE WITHIN, AND NOT IN ADDITION TO, THE LIMITS OF INSURANCE. WHEN FOLLOWING SUCH UNDERLYING INSURANCE, PAYMENT OF DEFENSE EXPENSES UNDER THIS POLICY WILL REDUCE, AND MAY EXHAUST, THE LIMITS OF INSURANCE OF THIS POLICY.

PLEASE READ THE ENTIRE POLICY CAREFULLY.

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy, the words "you" and "your" refer to the Named Insured shown in the Declarations and any other person or organization qualifying as a Named Insured under this policy. The words "we", "us" and "our" refer to the company providing this insurance.

The word "insured" means any person or organization qualifying as such under **SECTION II – WHO IS AN INSURED**.

Other words and phrases that appear in quotation marks have special meaning. Refer to **SECTION VI – DEFINITIONS**.

SECTION I – COVERAGES

A. COVERAGE A – EXCESS FOLLOW-FORM LIABILITY

1. We will pay on behalf of the insured those sums, in excess of the "applicable underlying limit", that the insured becomes legally obligated to pay as damages to which Coverage **A** of this insurance applies, provided that the "underlying insurance" would apply to such damages but for the exhaustion of its applicable limits of insurance. If a sublimit is specified in any "underlying insurance", Coverage **A** of this insurance applies to damages that are in excess of that sublimit only if such sublimit is shown for that "underlying insurance" in the Schedule Of Underlying Insurance.

2. Coverage **A** of this insurance is subject to the same terms, conditions, agreements, exclusions and definitions as the "underlying insurance", except with respect to any provisions to the contrary contained in this insurance.

3. The amount we will pay for damages is limited as described in **SECTION III – LIMITS OF INSURANCE**.

4. For the purposes of Paragraph **1.** above:

a. The applicable limit of insurance stated for the policies of "underlying insurance" in the Schedule Of Underlying Insurance will be considered to be reduced or exhausted only by the following payments:

(1) Payments of judgments or settlements for damages that are covered by that "underlying insurance". However, if such "underlying insurance" has a policy period which differs from the policy period of this Excess Follow-Form And Umbrella Liability Insurance, any such payments for damages that would not be covered by this Excess Follow-Form And Umbrella Liability

© 2016 The Travelers Indemnity Company. All rights reserved.

3. When we have the duty to defend, we may, at our discretion, investigate and settle any claim or "suit". In all other cases, we may, at our discretion, participate in the investigation, defense and settlement of any claim or "suit" for damages to which this insurance may apply. If we exercise such right to participate, all expenses we incur in doing so will not reduce the applicable limits of insurance.

4. Our duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements, or defense expenses if such expenses are within the limits of insurance of this policy.

5. We will pay, with respect to a claim we investigate or settle, or "suit" against an insured we defend:

a. All expenses we incur.

b. The cost of:

(1) Bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which this insurance applies; or

(2) Appeal bonds and bonds to release attachments;

but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.

c. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of such claim or "suit", including actual loss of earnings up to $1,000 a day because of time off from work.

d. All court costs taxed against the insured in the "suit". However, these payments do not include attorneys' fees or attorneys' expenses taxed against the insured.

e. Prejudgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.

f. All interest that accrues on the full amount of any judgment after entry of the judgment and before we have paid, offered to pay or deposited in court the part of the judgment that is within the applicable limit of insurance. If we do not pay part of the judgment for any reason other than it is more than the applicable limit of insurance, we will not pay any interest that accrues on that portion of the judgment.

With respect to a claim we investigate or settle, or "suit" against an insured we defend under **COVERAGE A – EXCESS FOLLOW-FORM LIABILITY**, these payments will not reduce the applicable limits of insurance, but only if the applicable "underlying insurance" provides for such payments in addition to its limits of insurance. With respect to a claim we investigate or settle, or "suit" against an insured we defend under **COVERAGE B – UMBRELLA LIABILITY**, these payments will not reduce the applicable limits of insurance.

SECTION II – WHO IS AN INSURED

A. COVERAGE A – EXCESS FOLLOW-FORM LIABILITY

With respect to Coverage **A**, the following persons and organizations qualify as insureds:

1. The Named Insured shown in the Declarations; and

3. Each of the following is also an insured:

a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:

(1) "Bodily injury" or "personal injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(d) Arising out of his or her providing or failing to provide professional health care services.

Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a)**, **(b)**, **(c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide first aid or "Good Samaritan services" by any of your "employees" or "volunteer workers" other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

(2) "Property damage" to property:

(a) Owned, occupied or used by; or

(b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by;

b. Any person (other than your "employee" or "volunteer worker"), or any organization, while acting as your real estate manager.

maintain an ownership interest of more than 50%, on the first day of the policy period is an insured and will qualify as a Named Insured. No such organization is an insured or will qualify as a Named Insured for "bodily injury" or "property damage" that occurred, or "personal injury" or "advertising injury" caused by an offense committed after the date, if any, during the policy period, that you no longer maintain an ownership interest of more than 50% in such organization.

5. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and of which you are the sole owner, or in which you maintain an ownership interest of more than 50%, is an insured and will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier; and

b. Coverage for such organization does not apply to:

(1) "Bodily injury" or "property damage" that occurred; or

(2) "Personal injury" or "advertising injury" arising out of an offense committed

before you acquired or formed the organization.

No person or organization is an insured or will qualify as a Named Insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations. This paragraph does not apply to any such partnership, joint venture or limited liability company that otherwise qualifies as an insured under Paragraph **B.** of **SECTION II – WHO IS AN INSURED**.

C. COVERAGE C – CRISIS MANAGEMENT SERVICE EXPENSES

With respect to Coverage **C**, the following persons and organizations are insureds and will qualify as Named Insureds:

1. The Named Insured shown in the Declarations.

2. Any organization, other than a partnership, joint venture or limited liability company, of which you are the sole owner, or in which you maintain an ownership interest of more than 50%, on the first day of the policy period. No such organization is an insured or will qualify as a Named Insured for "crisis management service expenses" arising out of a "crisis management event" that first commences after the date, if any, during the policy period, that you no longer maintain an ownership interest of more than 50% in such organization.

3. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and of which you are the sole owner, or in which you maintain an ownership interest of more than 50%, is an insured and will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier; and

b. Coverage for such organization does not apply to "crisis management service expenses" arising out of a "crisis management event" that occurred before you acquired or formed the organization, even if an "executive officer" only first becomes aware of an "event" or "occurrence" that leads to such "crisis management event" after the date you acquired or formed the organization.

No person or organization is an insured or will qualify as a Named Insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III – LIMITS OF INSURANCE

A. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay for the amounts described below to which this insurance applies regardless of the number of:

1. Insureds;

2. Claims made or "suits" brought;

3. Number of vehicles involved;

4. Persons or organizations making claims or bringing "suits"; or

5. Coverages provided under this insurance.

As indicated in Paragraph **D.1.** of **SECTION I – COVERAGES**, for any "suit" for which we have the right and duty to defend the insured under Coverage **A**, defense expenses will be within the limits of insurance of this policy when such expenses are within the limits of insurance of the applicable "underlying insurance".

B. The General Aggregate Limit is the most we will pay for the sum of all:

1. Damages; and

2. Defense expenses if such expenses are within the limits of insurance of this policy;

except:

© 2016 The Travelers Indemnity Company. All rights reserved.

d. That Extended Reporting Period endorsement is issued by us and made a part of this policy.

3. Any Extended Reporting Period endorsement for this insurance will not reinstate or increase the Limits of Insurance or extend the policy period.

4. Except with respect to any provisions to the contrary contained in Paragraphs **1.**, **2.** or **3.** above, all provisions of any option to purchase an "extended reporting period" granted to you in the "underlying insurance" apply to this insurance.

J. INSPECTIONS AND SURVEYS

1. We have the right but are not obligated to:

a. Make inspections and surveys at any time;

b. Give you reports on the conditions we find; and

c. Recommend changes.

2. Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. We do not warrant that conditions:

a. Are safe or healthful; or

b. Comply with laws, regulations, codes or standards.

K. LEGAL ACTION AGAINST US

1. No person or organization has a right under this insurance:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this insurance unless all of its terms have been fully complied with.

2. A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured. We will not be liable for damages that:

a. Are not payable under the terms of this insurance; or

b. Are in excess of the applicable limit of insurance.

An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

L. MAINTENANCE OF UNDERLYING INSURANCE

1. The insurance afforded by each policy of "underlying insurance" will be maintained for the full policy period of this Excess Follow-Form And Umbrella Liability Insurance. This provision does not apply to the reduction or exhaustion of the aggregate limit or limits of such "underlying insurance" solely by payments as permitted in Paragraphs **4.a.(1)**, **(2)** and **(3)** of **COVERAGE A – EXCESS FOLLOW-FORM LIABILITY** of **SECTION I – COVERAGES**. As such policies expire, you will renew them at limits and with coverage at least equal to the expiring limits of insurance. If you fail to comply with the above requirements, Coverage **A** is not applicable. However, in the event of a loss, we will pay only to the extent that we would have paid had you complied with the above requirements.

2. The first Named Insured shown in the Declarations must give us written notice of any change in the "underlying insurance" as respects:

a. Coverage;

b. Limits of insurance;

c. Termination of any coverage; or

d. Exhaustion of aggregate limits.

3. If you are unable to recover from any "underlying insurance" because you fail to comply with any term or condition of the "underlying insurance", Coverage **A** is not invalidated. However, we will pay for any loss only to the extent that we would have paid had you complied with that term or condition of the "underlying insurance".

M. OTHER INSURANCE

This insurance is excess over any valid and collectible "other insurance" whether such "other insurance" is stated to be primary, contributing, excess, contingent or otherwise. This provision does not apply to a policy bought specifically to apply as excess of this insurance.

However, if you specifically agree in a written contract or agreement that the insurance provided to any person or organization that qualifies as an insured under this insurance must apply on a primary basis, or a primary and non-contributory basis, then insurance provided under Coverage **A** is subject to the following provisions:

© 2016 The Travelers Indemnity Company. All rights reserved.

1. This insurance will apply before any "other insurance" that is available to such additional insured which covers that person or organization as a named insured, and we will not share with that "other insurance", provided that the injury or damage for which coverage is sought is caused by an "event" that takes place or is committed subsequent to the signing of that contract or agreement by you.

2. This insurance is still excess over any valid and collectible "other insurance", whether primary, excess, contingent or otherwise, which covers that person or organization as an additional insured on any other insured that does not qualify as a named insured.

N. PREMIUM

1. The first Named Insured shown in the Declarations is responsible for the payment of all premiums and will be the payee for any return premiums.

2. If the premium is a flat charge, it is not subject to adjustment except as provided in Paragraph **4.** below.

3. If the premium is other than a flat charge, it is an advance premium only. The earned premium will be computed at the end of the policy period, or at the end of each year of the policy period if the policy period is two years or longer, at the rate shown in the Declarations, subject to the Minimum Premium.

4. Additional premium may become payable when coverage is provided for additional insureds under the provisions of **SECTION II – WHO IS AN INSURED**.

O. PREMIUM AUDIT

The premium for this policy is the amount stated in Item **5.** of the Declarations. The premium is a flat charge unless it is specified in the Declarations as adjustable.

P. PROHIBITED COVERAGE – UNLICENSED INSURANCE

1. With respect to loss sustained by any insured in a country or jurisdiction in which we are not licensed to provide this insurance, this insurance does not apply to the extent that insuring such loss would violate the laws or regulations of such country or jurisdiction.

2. We do not assume responsibility for:

a. The payment of any fine, fee, penalty or other charge that may be imposed on any person or organization in any country or jurisdiction because we are not licensed to provide insurance in such country or jurisdiction; or

b. The furnishing of certificates or other evidence of insurance in any country or jurisdiction in which we are not licensed to provide this insurance.

Q. PROHIBITED COVERAGE – TRADE OR ECONOMIC SANCTIONS

We will provide coverage for any loss, or otherwise will provide any benefit, only to the extent that providing such coverage or benefit does not expose us or any of our affiliated or parent companies to:

1. Any trade or economic sanction under any law or regulation of the United States of America; or

2. Any other applicable trade or economic sanction, prohibition or restriction.

R. REPRESENTATIONS

By accepting this insurance, you agree:

1. The statements in the Declarations and any subsequent notice relating to "underlying insurance" are accurate and complete;

2. Those statements are based upon representations you made to us; and

3. We have issued this insurance in reliance upon your representations.

S. SEPARATION OF INSUREDS

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this policy to the first Named Insured shown in the Declarations, this insurance applies:

1. As if each Named Insured were the only Named Insured; and

2. Separately to each insured against whom claim is made or "suit" is brought.

T. WAIVER OR TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

1. If the insured has rights to recover all or part of any payment we have made under this insurance, those rights are transferred to us and the insured must do nothing after loss to impair them. At our request, the insured will bring suit or transfer those rights to us and help us, and with respect to Coverage **A**, the "underlying insured", enforce them.

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against that person or organization, but only for payments we make because of an "event" that takes place or is committed subsequent to the

UMBRELLA

execution of that contract or agreement by such insured.

2. Reimbursement of any amount recovered will be made in the following order:
   a. First, to any person or organization (including us or the insured) who has paid any amount in excess of the applicable limit of insurance;
   b. Next, to us; and
   c. Then, to any person or organization (including the insured and with respect to Coverage **A**, the "underlying insurer") that is entitled to claim the remainder, if any.
3. Expenses incurred in the process of recovery will be divided among all persons or organizations receiving amounts recovered according to the ratio of their respective recoveries.

U. TRANSFER OF YOUR RIGHTS AND DUTIES UNDER THIS INSURANCE

1. Your rights and duties under this insurance may not be transferred without our written consent except in the case of death of an individual Named Insured.
2. If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

V. UNINTENTIONAL OMISSION OR ERROR

The unintentional omission of, or unintentional error in, any information provided by you which we relied upon in issuing this policy will not prejudice your rights under this insurance. However, this provision does not affect our right to collect additional premium or to exercise our rights of cancellation or nonrenewal in accordance with applicable insurance laws or regulations.

W. WHEN LOSS IS PAYABLE

If we are liable under this insurance, we will pay for injury, damage or loss after:

1. The insured's liability is established by:
   a. A court decision; or
   b. A written agreement between the claimant, the insured, any "underlying insurer" and us; and
2. The amount of the "applicable underlying limit" or "self-insured retention" is paid by or on behalf of the insured.

LANDSCAPE ARCHITECTURE

CMA's Landscape Architecture studio strives to develop context sensitive design solutions incorporating and conserving nature in our urban environments. Our design approach focuses on creating high quality environments for people. Public landscapes, whether in the form of parks, streetscapes, or other municipal facilities, serve multiple purposes. They provide beautification, shade, habitat for wildlife, they improve water quality, and they can serve as educational spaces informing the public of our need to care for our natural resources. They contribute to our physical and mental health, improve our quality of life and enhance the urban experience.

We begin our projects by understanding our client's ability to maintain and operate the spaces we create. The design and its implementation represent a fraction of our work's anticipated life. We work closely with you to make certain inherited facilities can be maintained for the long-term benefit of your community. Landscapes and infrastructure should be sustainable socially, environmentally, and economically.

CMA believes parks play a vital role in our communities. Parks lay a healthy foundation for community development. They can catalyze community revitalization, engage the community, and support economic development through enhancement of property values and increased municipal revenue. Parks can promote tourism by providing venues for special events, festivals, and sports tournaments and often contain special facilities such as zoos, memorials, or significant cultural artifacts. Socially, parks create safer neighborhoods and provide an environment where people can connect with nature and benefit from physical activity, social interaction, and a cleaner environment raising their quality of life. Physically, our parks shape our environment and help to define our public realm by providing open space that preserves vital ecological functions, protects biodiversity, buffers incompatible land uses, and reduces public costs for stormwater management, flood control, and other forms of public infrastructure. OUR APPROACH

Narrative Document

Project Delivery, Schedule, and Budget Compliance

The City of Boynton Beach was initially established by Major Nathan Boynton in 1894. History tells us that he was impressed by the natural beauty of the year-round sunshine and pristine beaches, and he built the famous Boynton Hotel which opened in 1897.

The City was officially incorporated in 1920, and today is the third largest municipality in Palm Beach County with an estimated population of approximately 80,139 residents. Boynton Beach strives to preserve its natural beauty and resources, enhance the quality of life of its residents, and support its business community since its incorporation. We believe this dedicated commitment is reflected in the vibrant community life, outstanding recreation areas, lush residential districts, rich history, and growing business partners.

The City's ability to embrace innovation while respecting its history has made it a vibrant community with a hometown feel for its residents, businesses, and visitors. **Chen Moore and Associates (CMA)** has an established reputation in Palm Beach County, and we recognize the urban planning challenges pose unique opportunities to further advance Boynton Beach in a sustainable, innovative, and resilient manner as the City prepares its 2050 Comprehensive Plan.

In this section of the RFP response, we will elaborate on our qualifications to prepare the City's 2050 Comprehensive Plan, the services that the CMA Team will deliver to the City, and the approach that will be utilized to meet the requirements of this RFP.

We believe in a team work approach, and supporting the City Staff as a method to accomplish the goals. For each assignment, we will identify the goals, target timeline and deliverables; and we will conduct weekly or by-weekly coordination meetings with the City staff to report back and monitor project progress.

Technical knowledge and fluid communication are the keystone of our planning services. CMA is appointing **Nilsa Zacarias, AICP, as the Principal-in-Charge.** Ms. Zacarias has over 25 years of experience working with local governments. Ms. Zacarias served as the Chair of the successful Affordable Housing Symposium that focused on the Live Local Act held in April 2024, and she was a speaker at the Florida Chapter APA Conference held in Tampa this last September 2024. We are also appointing **Osniel Leon, AICP, as the Project Manager,** with years of experience in current and long-range planning. Mr. Osniel credentials include site plan reviews, writing policies for comprehensive planning, and presentations to Boards and City Councils. Please see the resumes of all our proposed team of AICP planners, PLA landscape architects, certified arborists, experienced in federal, state and local regulations.

CMA is proposing a highly multidisciplinary and qualified team comprising AICP planners, environmental scientists, landscape architects, P.E. engineers, and GIS experts. Our team is deeply experienced with Florida Statutes and the importance of the Comprehensive Plan as a guiding document for local government strategic policies.

Our proposed team brings expertise in land planning, urban design, public meeting facilitation, landscape architecture, resiliency, transportation, drainage, water, and wastewater engineering. Based locally in **West Palm Beach,** CMA is committed to working closely with the **City of Boynton Beach** staff and leadership to ensure smooth and timely delivery of the project. We are fully committed to completing this project by **January 31, 2026,** as specified in the City's RFP.

The CMA Team will utilize unparalleled technical analysis, writing proficiency, and expertise in resilience planning to deliver a Comprehensive Plan that addresses coastal zones, conservation, natural resource preservation, and resilience. Our team will update the Goals, Objectives, and Policies (GOPs) to reflect the City's priorities and incorporate demographic trends, existing plans and studies, and local regulations, while aligning with the latest updates to Florida Statutes.

Our approach will include creating a graphically driven, user-friendly document that reflects the City of Boynton Beach's unique vision and values. We will work with City staff to analyze each chapter of the Comprehensive Plan, update its elements to reflect current trends and challenges, with emphasis on the redevelopment and mixed-use development throughout the City, and prepare actionable policies to promote preservation on the City's environmental sensitive lands, climate change resilience plan, improvements of the transportation system, and rapid growth in the community.

The CMA Team of professionals are experienced in 3D Renderings to provide an understanding of Urban Form and Massing. We are proficient in AutoCAD, TwinMotion, and SketchUp softwares that can illustrate zoning and land uses in terms of density, intensity and height. Our Urban Design professionals have the knowledge to prepare rendering showing potential redevelopment scenarios, neighborhoods and blocks lay outs. Please see the following CAD renderings prepared for the City of Lake Worth Beach illustrating low, median and high density scenarios that allowed the municipality to make decisions regarding specific land uses and zoning regulations.

► Streetscape Design

The CMA Team of planners and landscape architects has the knowledge and experience to support the City of Boynton Beach in the technical tasks of all areas of urban streetscape planning to guide public policy planning, and decision making to support the identity and character of a welcoming and lush city.

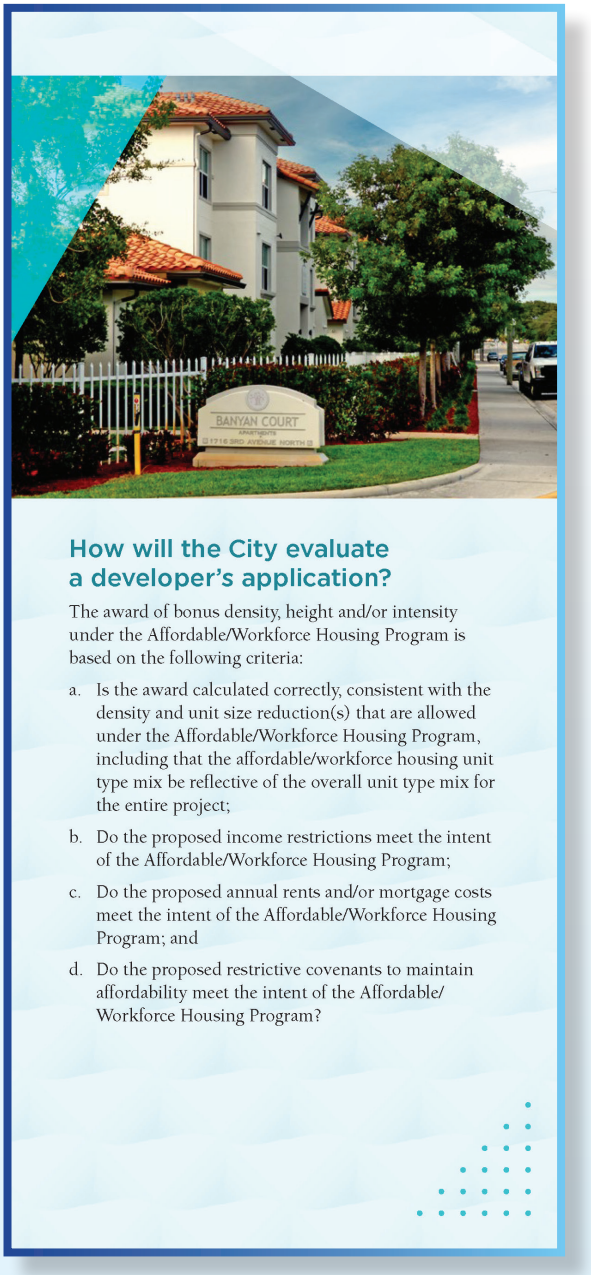
► Affordable Housing Planning

The CMA planners are proficient in recent legislation regarding affordable housing, the Live Local Act. In fact, Ms. Zacarias served as the Chair of the successful Affordable Housing Symposium that focused on the Live Local Act held in April 2024.

Since CMA serves as the Planning Department for the City of Westlake, we prepared the “Housing Assistance Purchase Program” an innovative program to fund eligible applicants under the Housing and Urban Development categories for low, moderate, and middle income households based upon income limitations.

The program provides assistance to eligible households purchasing property within the City of Westlake's to cover a portion of the costs of homeownership such as down payment assistance and/or assistance with closing costs.

CMA also assisted the City of Lake Worth Beach in drafting the Affordable/Workforce Housing Program to establish an affordable/workforce housing program within the City of Lake Worth Beach. The Affordable/ Workforce Housing Program provides incentives to encourage the inclusion of affordable and workforce housing units within both residential and mixed-use projects as well as planned developments of all types to provide for broader and more accessible housing options within the City.



ABOUT THE PROGRAM

The City of Lake Worth Beach is committed to providing sound, high-quality, attractive housing options to all segments of its population as well as to encourage new residents. As housing has become more scarce and more expensive, the City has adopted an official affordable/workforce housing program to address the significant housing shortages in Palm Beach County. The program is an inclusionary means of requiring developers to provide attainable housing in all projects requesting density, intensity and/or height bonuses under its Sustainable Bonus Incentive Program, Transfer Development Rights Program or Affordable Housing Bonus Program.

What are the incentives for developers?

Tier One Incentives: applies to all development projects consistent with these provisions:

(a) Up to a fifteen percent (15%) increase in overall project density;

(b) Up to a fifteen percent (15%) reduction in the gross area requirements based on unit type;

(c) Up to a twenty five percent (25%) reduction in required parking, provided that each residential dwelling unit is provided at least one (1) parking space. This reduction may not be combined with other parking reduction provisions of the Land Development Regulations;

(d) Any additional density and/or other benefits provided under this tier shall require that those units benefiting from the provisions be restricted as affordable/workforce housing meeting the requirements of the program through a restrictive covenant.

(e) Additional financial incentives may be considered on a case by case basis during the review by the applicable decision-making entity, if the project provides more affordable/workforce units than the minimum required.

Tier Two Incentives: applies to all projects utilizing other city incentive and/or bonus program(s):

(a) For all projects utilizing any other city incentive or bonus program(s), fifteen percent (15%) of the total number of dwelling units within the project must be restricted as affordable/workforce dwelling units meeting the requirements of this section through a restrictive covenant.

(b) Any combination of Tier One incentives with other city incentive and/or bonus program(s) related to density, intensity and/or height shall require that all units benefiting from these increases and/or incentives be restricted as affordable/workforce dwelling units meeting the requirements of the program through a restrictive covenant.

What are the Incentives to Provide Additional Affordable Units?

The following financial incentive values are based on unit type and to ensure that more than the required fifteen percent (15%) of the deed restricted units remain affordable for a guaranteed period of twenty-five (25) years through a restrictive covenant. These incentive values also apply for the extension of affordability in increments of twenty-five (25) years.

1. For a studio dwelling unit, a one-time payment of $40,000 or 50% percent of the area median income, whichever is greater;
2. For a one-bedroom dwelling unit, a one-time payment of $60,000 or 75% percent of the area median income, whichever is greater;
3. For a two-bedroom dwelling unit, a one-time payment of $80,000 or 100% percent of the area median income, whichever is greater;
4. For a three-bedroom dwelling unit, a one-time payment of $100,000 or 125% percent of the area median income, whichever is greater;
5. For a four or more-bedroom dwelling unit, a one-time payment of $120,000 or 150% percent of the area median income, whichever is greater.
6. For a fee simple ownership dwelling unit, an additional one-time payment of $25,000 may be provided; and
7. Payments shall be made at time of dwelling units receiving a final certificate of occupancy or certificate of completion.

► Urban Forestry Expertise

CMA understands the value of protecting and supporting Urban Forestry in the City of Boynton Beach. Urban Forestry is the careful care and management of tree populations in urban settings for the purpose of improving the urban environment. **Mr. Brian Voelker, M.S., SWPS, C.A., CLI, CMA's senior scientist and expert on Urban Forestry, can assist the City in applying to specific grants to support this initiative.**

Urban Forestry advocates the role of trees as a critical part of the urban infrastructure. There are also economic benefits associated with urban trees such as increased land, property, and rental value. Well-maintained trees and landscaped business districts have been shown to encourage consumer purchases and attract increased residential, commercial and public investments. Numerous studies have shown the direct relationship between home value, public health, and street trees. **In her article "City Trees and Property Values," Kathleen L. Wolf writes that there is a home price increase between 6-9 percent when there is good tree cover in a neighborhood, and a 10-15 percent increase when there are mature trees in a high income neighborhood.**

Urban forests and community gardens bring many environmental and economic benefits to cities. Among these are energy benefits in the form of reduced air conditioning by shading buildings, homes and roads, absorbing sunlight, reducing ultraviolet light, cooling the air, and reducing wind speed - in short improvement of the microclimates and air quality.

The below 3D CAD renderings were prepared by the CMA team for the City of Belle Glade redevelopment plan.

► GIS Data and Mapping

The CMA Team was contracted by the Treasure Coast Regional Planning Council (TCRPC Dr. Kim DeLaney) to apply ArcGIS Business Analyst modeling and prepare mapping and data table for Palm Beach County 107 TOD Stations. This initiative is part of the 2050 Long Range Transportation Plan of the Palm Beach Transportation Planning Agency (TPA). Our team of planners are proficient in GIS mapping and prepared more than 1,000 maps for 107 TOD stations to be located in Palm Beach County. **The GIS data and mapping processing includes potential redevelopment areas and the analysis includes a number of variables such as property value, age of structures, density, intensity and others.**

The CMA team utilized a proactive public participation program (4Ps) to obtain community input and ensure maximum outreach. "Our Parks Our Values" main goal was to prepare a robust document based on the community vision to serve as a long-term strategic road map to guide improvements to the Village's parks. The Master Plan included the following chapters: Chapter 1 – evaluates demographics and socio-economic indicators of the Village population. This chapter includes existing and projected data on population, household type, population age and race, education attainment and housing tenure; Chapter 2 – provides detailed description of the Proactive Public Participation Program (4Ps) that included surveys (with QR Codes), interviews with stakeholders, public workshops with council and boards, informational kiosks at Village events, and "open houses" held to explore design ideas; Chapter 3 – based on the residents' vision and ideas obtained from the survey ,three (3) conceptual design options were prepared for each Remembrance Park and Tequesta Park; then, multiple "opens houses" were held to elicit the residents' preferences regarding amenities and the design itself; the designs included landscaping (native plants); informational plaques, trails, and amenities; Chapter 4 –summarizes recommendations for additional parks, and emphasize that the Master Plan will facilitate applications for grants, and provides information to for the capital improvement program.

The Master Plan was approved by the Village Council in August 2022, and it is currently being implemented. CMA was contracted by the Treasure Coast Regional Planning Council to conduct this study. The existing conditions analysis and mapping for the 107 TOD station included 1,926 GIS maps (Age of Structures, Assessed Value of Improvements, Taxable Value, Density, FAR, NAICS, MAZ, property acreage and others). Once the key sites for redevelopment were identified, CMA prepared 107 GIS maps showcasing the potential capacity of the subject sites.

Resilience Support for LUPA Application for Regional Activities Center (RAC). City of Dania Beach. The City of Dania Beach submitted a Land Use Plan Amendment (LUPA) to Broward County on July 12, 2022, for 4,000 additional units of the Dania Beach Regional Activities Center (RAC) zoning area. The City received comments from Broward County regarding concerns around resilience related to the approval of the LUPA. Portions of the proposed Regional Activities Zone (RAC) do fall within Broward County's Priority Planning Areas for Sea Level Rise. The Broward County letter (dated November 3, 2022) from Dr. Jennifer Jurado, Chief Resilience Officer and Deputy Director of the Resilient Environment Department, requested that "the Applicant agrees to a legally enforceable mechanism providing a binding commitment to the above stated request to ensure the design, integration, and construction of surface water management infrastructure needed to serve major and minor development and redevelopment within the RAC, addressing future conditions standards and compound flood conditions predicted in the 2070 planning horizon as a contingency of the LUPA".

This EAR based amendment should address changes in the state requirements and changes to local conditions since the last update of the comprehensive plan. In 2020, the Mangonia Park comprehensive plan prepared by the CMA planning team was adopted. The Comprehensive Plan consists of the following elements:

- Introduction and Administration
- Future Land Use
- Transportation
- Housing
- Utilities
- Conservation
- Recreation and Open Space

Flood Protection Level of Services (FPLOS) analysis for the C2, C3W, C4, C5, and C6 watersheds in central Miami-Dade County. South Florida Water Management. On behalf of the District, CMA prepared a FPLOS analysis for the C2, C3W, C4, C5, and C6 watersheds in central Miami-Dade County. This effort involved developing a calibrated and validated hydrologic and hydraulic (H&H) model of the subject watersheds, while considering the interconnectivity of the canal network. Overall, the FPLOS analysis included five (5) separate tasks. Task 1 consisted of selecting a model and collecting data. Task 2 consisted of developing an integrated, groundwater-surfacewater modeling tool. Task 3 consisted of calibrating and validating the model for the roughly 200 square mile model domain. Task 4 consisted of simulating the design storm events for existing conditions and determining the FPLOS. Task 5 consisted of simulating future sea level rise conditions and determining the FPLOS. The primary tool used for analysis was the MIKE-SHE software which provides an integrated surfacewater-groundwater model of the region. This information was used by local governments, the SFWMD, and other state and federal agencies to identify areas where improvements to the design, construction and operation or upgrade of water management facilities were required. Due to the insightfulness of the results and the overall success of the FPLOS program CMA has presented the findings of this project at the following conferences:

- Greater Everglades Ecosystem Restoration Conference 2023
- Florida Stormwater Association Annual Conference 2023
- ASCE Florida Section Annual Conference 2023
- AWRA National Conference 2023 (Raleigh, NC)

SFWMD Okeechobee Field Station - Peer Review. South Florida Water Management District. The project consists of the peer review of the civil engineering design for offsite related components of a new Field Station facility, located at 5445 Highway 441 N, Okeechobee, Florida. The project area is approximately 31.33 acres which includes approximately 4.9 acres of wetland areas. The offsite components, which include microwave tower, roadway turn lanes, water main extension, sanitary sewer pump station, and sanitary sewer force main, have been designed to a 100% level. CMA provided peer review of offsite roadway and utility design.

Project Experience:

Worth Avenue - 400 Block. Town of Palm Beach. CMA provided civil engineering and bidding assistance services for the installation of drainage infrastructure and underground utilities in the 400 block of Worth Avenue in the Town of Palm Beach. The project was identified by an earlier study, the Mid-Town Drainage Basin Report, which documented the benefits to flood protection that could be realized by the installation of a 1,050-ft long, 36-inch diameter drainage “trunk-line” connecting the 300 block of Worth Avenue more directly to the D-7 Pump Station. As part of this effort, CMA also designed the replacement of the 6-inch AC water main and lining replacement of the 8-inch and 12-inch VCP sewer.

In addition to underground utility design, CMA designed a modification to the roadway typical section to resolve localized drainage issues in front of residential properties. As part of the public outreach effort, CMA also coordinated meetings with residents of the Royal Park Homeowners Association and management of the Everglades Club.

Gomez Corridor Water Main and Low Pressure Sewer System Project Improvements with Town of Jupiter Island. Town of Jupiter Island. South Martin Regional Utilities (SMRU) wished to install a backbone low pressure sewer system (including laterals to the property lines of a customer, but not including laterals, grinder pumps and electric panel, or septic tank decommissioning within the property boundaries of a customer) (the “LPFM Project”) and replace the existing water mains within the Gomez Corridor prior to Martin County performing roadway improvements along the Gomez Corridor. SMRU had requested that CMA provide engineering services for the design and permitting of the LPFM Project and the Water Main Project. .

Blue Road Park. City of Coral Gables. CMA is providing design, permitting, and construction administration services for the development of Blue Road Park, a neighborhood park, to serve residents. The plans will be based on the conceptual plans developed by the City and provided to CMA as an exhibit. The project program includes: site preparation (clearing and grading, removal of existing landscape); development of a site plan based on the provided concept plan to include landscape, irrigation, perimeter fencing, internal pathways, upland viewing deck, playground, site furnishings (i.e. drinking fountains, picnic tables, benches, waste receptacles, bike racks, etc.), and security lighting; attendance at public engagement meeting with the local residents; preparation of construction documents; coordination with permitting agencies; bid assistance; and construction administration services. Wetland Impacts and Mitigation Assessments for White Rock Quarry, Hialeah, FL. White Rock Quarries. White Rock Quarry is interested in clearing and filling two contiguous sites (112 acres total) to create a truck parking facility. The two potential impact sites consist of a mix of dense forested areas (melaleuca), cleared pasture areas, and remnant agricultural areas with alternating ridges and furrow; each of these areas is anticipated to contain jurisdictional wetlands with variable functional values. CMA will determine the approximate extent (acreage) of each wetland type and perform qualitative assessments of each wetland type using the Uniform Mitigation Assessment Method (UMAM) scoring matrix. In addition to the two impact sites, CMA will determine the approximate acreage of wetlands and perform a UMAM analysis for a nearby littoral shelf mitigation area known as “Section 13”. CMA shall compare the current size of the mitigation area to the permitted size to determine if excess wetland acreage may be present, which could potentially be used to offset wetland filling at the two impact sites.

BRENT WHITFIELD, P.E., ENV SP, F.ASCE
Director of Water Resources (Sustainability)

chen moore and associates

Brent is the Director of Water Resources for CMA. With 20 years of professional experience, Mr. Whitfield has worked for a variety of public sector clients at the City, County and State level. His experience includes tasks as varied as hydrologic and hydraulic modeling related to environmental and flood protection studies and detailed engineering design and construction oversight for roadway, water, sewer, and stormwater infrastructure. Brent has provided infrastructure solutions in various settings from residential neighborhoods to commercial airports. As a life-long resident of Florida, Brent has maintained a commitment to serving the community both professionally and personally serving as an appointed board member for a municipal advisory board with maintaining involvement in the ASCE, the FES and Leadership Florida.

Project Experience:

Flood Protection Level of Services (FPLOS) analysis for the C2, C3W, C4, C5, and C6 watersheds in central Miami-Dade County. SFWMD. On behalf of the District, CMA prepared a FPLOS analysis for the C2, C3W, C4, C5, and C6 watersheds in central Miami-Dade County. This effort involved developing a calibrated and validated hydrologic and hydraulic (H&H) model of the subject watersheds, while considering the interconnectivity of the canal network. Overall, the FPLOS analysis included five (5) separate tasks. Task 1 consisted of selecting a model and collecting data. Task 2 consisted of developing an integrated, groundwater-surfacewater modeling tool. Task 3 consisted of calibrating and validating the model for the roughly 200 square mile model domain. Task 4 consisted of simulating the design storm events for existing conditions and determining the FPLOS. Task 5 consisted of simulating future sea level rise conditions and determining the FPLOS. The primary tool used for analysis was the MIKE-SHE software which provides an integrated surfacewater-groundwater model of the region. This information was used by local governments, the SFWMD, and other state and federal agencies to identify areas where improvements to the design, construction and operation or upgrade of water management facilities were required. Due to the insightfulness of the results and the overall success of the FPLOS program CMA has presented the findings of this project at the following conferences: Greater Everglades Ecosystem Restoration Conference 2023; Florida Stormwater Association Annual Conference 2023; ASCE Florida Section Annual Conference 2023; AWRA National Conference 2023 (Raleigh, NC)

Homestead Watershed Management Plan. City of Homestead. The City's Public Works and Engineering Department is seeking to protect the health, safety, and welfare of the Citys residents and create saving on flood insurance premiums for policyholders by producing a Watershed Master Plan (WMP) for credit under Community Rating System (CRS) of the National Flood Insurance Program (NFIP). This effort is also expected to highlight opportunities to improve the resilience of the City's infrastructure. CMA were selected to prepare the WMP which consists of the following activities: (1) Evaluation of the watershed's runoff response from specific design storms under current and predicted future conditions; (2) Assessment of the impacts of sea level rise and climate change; (3) Identification of wetlands and other natural areas throughout the watershed; (4) Protection of natural channels; (5) Implementation of regulatory standards for new development such that peak flows and volumes are sufficiently controlled; (6) Specific mitigation recommendations to ensure that communities are resilient in the future; (7) A dedicated funding source to implement the mitigation strategies recommended by the plan.

THUHA NGUYEN, PE, PTOE, PTP

SENIOR ENGINEER

YEARS OF EXPERIENCE

- via planning, inc.: 10 years
- Total: 22 years

EDUCATION

- University of Florida, ME Transportation Engineering 2001
- University of Florida, BS Mechanical Engineering 1999

LICENSE/CERTIFICATION

- PE license (#74050),
- Professional Traffic Operations Engineer (PTOE) certification,
- Professional Transportation Planner (PTP) certification,

Ms. Thuha Nguyen, with over 20 years of experience, has participated in a variety of transportation engineering and planning projects that span transportation planning, traffic operations, safety analysis, travel demand modeling, multi-modal planning, and research.

RELEVANT EXPERIENCE AND QUALIFICATIONS

PROJECT MANAGEMENT: Thuha served as the Project Manager for the FDOT District 4 Districtwide General Planning Contract. This contract includes a team of a dozen sub consultants, and Thuha oversee projects relating to model application support, Development of Regional Impact (DRI) review, Geographic Information System (GIS) support, project traffic development, interchange report preparation and review, and quality/level of service (Q/LOS) assessment support. Thuha has reviewed numerous interchange proposals throughout the District.

DEVELOPMENT OF PROJECT TRAFFIC: Thuha has prepared dozens of design traffic studies, including those required for RRR projects, road widening, and roadway extensions. She follows the methodology recommended by the FDOT District Offices and has a thorough understanding of the procedure as well as the challenges of applying it to unique projects. Thuha has also assisted the FDOT District 4 PLEM Office with the review of over 50 other DTTMs performed all over the District.

TRAVEL DEMAND MODELING: Thuha is an active member of the FDOT District 4 Travel Demand Modeling task force, and she has conducted multiple travel demand modeling projects in South Florida. For example, she assisted the FDOT District 4 Planning Office and the RPC with the recent South Florida hurricane evacuation modeling project. She also prepared the 2030 Broward County model update for distribution. Her responsibilities related to the Broward County model update included examining the process for calculating free-flow speed from posted speed, verifying network coding, and investigating the transition from TransCAD to the Cube Voyager environment.

3. Current and Projected Workload of the Proposer (3.4)

Historically, describe the typical number of projects handled by the Proposer's key project managers at any given time.

Project managers typically manage approximately $300,000 in revenue per year. The number of projects will typically vary based on the size and requirements of each project. Project managers also have the ability internally to bring in assistant project managers to assist with larger project or provide parallel design services if the City's requires multiple large projects designed at the same time and coordinated.

Projected workload of project management activities as defined in the scope of services.

CMA makes the commitment that all key personnel on the project team will be dedicated as necessary to complete the Comprehensive Plan Review and Update of the City of Boynton Beach. All CMA project managers and staff realize that on time delivery is a key element in meeting our commitments to clients. Because of our resources and qualified personnel, CMA is able to overcome any unforeseen delays by assigning additional staff.

The proposed CMA Team is available to provide Comprehensive Plan services to the City, as we have done with other local governments such as the City of Lake Worth Beach, City of Westlake, City of Dania Beach, Village of North Palm Beach, and Village of Tequesta, among others. A CMA team member can regularly attend meetings at the municipality and work with City staff.

All of CMA proposed staff and resources are immediately available to start work on one or more of the elements or chapters of the City's Comprehensive Plan identified in your Request for Proposal. The majority of the work performed out of the West Palm Beach office consists of smaller task orders under continuing services; for that reason, the staff assigned to this contract do not have any large projects that will interfere with the work for the City.

To anticipate future workload, the managers at CMA conduct revenue projections each month. This allows management to review the available resources and staff and determine if any additions are required. The projections for the West Palm Beach office show that projects under this continuing service agreement could be completed with the employees currently on staff. It is the intention that the CMA staff members identified in the organizational chart will be dedicated for completing the City of Boynton Beach Comprehensive Plan Review and Update. No substitutions will be made unless they are approved by City staff.

Identify any subconsultant firms providing significant services that may be assigned more than five (5%) of the work.

Ms. Thuha Nguyen Lyew, P.E. from via planning will be providing experise in transportation planning as presented in the organizational chart and enclosed resume. This portion of the contract is 5%.

As requested by the subject RFP, the following table presents workload data for each key project team:

Summarize the quality of the firm's support personnel and continuity of staff.	Part of exceptional client service - one of our core values - is being available to serve our clients when they need us. We typically think of extra effort as key to exceptional service, but shifting work is another way for us to deliver on this core value. Shifting, a concept unique to Kimley-Horn, has been a critical component of Kimley-Horn's one-profit center culture since we opened our doors in 1967. Shifting refers to Kimley-Horn's ability to use resources throughout the firm to work on client projects. Our clients benefit from shifting because they are able to receive the full strength and experience of our firm no matter where someone "sits." Separate Kimley-Horn teams never compete for a project. Instead, we combine staff from various locations to make the best team for the Client. Through shifting, we are able to select resources and talents that best meet our clients' needs. At times, this allows us to make commitments to clients that our competition cannot—because we are confident, we have resources, via shifts, to meet them. Project managers can feel empowered when making these commitments, knowing that the full firm is there for support.

Describe the ability to perform additional services and provide technical support throughout engagement.	Our Kimley-Horn planning team is backed with robust planning, transportation, engineering and multi-disciplinary support, all collaboratively working together to provide technical support throughout engagement. Kimley-Horn is committed to excellent client service in all facets presented and will pull out all the stops to ensure seamless project execution. Our comprehensive team is prepared to offer a full suite of planning services to the City of Boynton Beach, including additional (optional) services, some noted below. Unified Land Development Code Update Our team's core philosophy is based on staff's perspective, recognizing the challenges in the current code and processes, and therefore brings best planning practices to the staff and their community whether it is part of an initial code assessment and recommended strategies (amendments), focused code section updates (i.e., historic, signage, tree preservation, etc.) or a full code update. We know that one size does not fit all. Amending the code to implement the updates goals, objectives, and policies of the Comprehensive Plan will be crucial to the implementation of Vision. When working with our clients, we provide revisions to codes in the form of an adoptable ordinance that implement comprehensive plan policies. Our codes are tailor-made and based on location and implementable standards. To accomplish this, we always keep the following in mind: administrative capacity, balance, flexibility, and existing regulations. Each community we serve is unique and having a well-rounded knowledge helps ensure the plans we develop are easily implementable for the City. In Florida alone, we have provided zoning and land development codes to over 30 municipalities. Planning and Development Review Our team routinely serves as an extension of City staff to review applications and other applicant requests, as well as code interpretations. From the processing and review of planning and zoning requests like Development Order Review, Conditional Use Permits, Planned Unit Development or Variances, to the interpretation of the Land Development Regulations, our staff can achieve both short-term and long-term City planning and development goals. Economic Analyses and Benefit-Cost Analyses (BCAs) As an added benefit, Kimley-Horn offers a broad array of economic development services, including planning and strategy development, market analysis, fiscal impact analysis, and economic impact analysis. We regularly recommend policies and investments to improve economic competitiveness for communities. We have a successful track record of helping communities leverage existing economic anchors, regional demographics, and labor force attributes to target key industries. Through land assembly planning, we can help our clients determine the most appropriate site locations that offer both visibility and access to transportation and infrastructure. Our interdisciplinary team, which includes market and financial analysts, planners, and engineers, regularly supports capital project and infrastructure planning across Florida. Transportation Planning Kimley-Horn is renowned for our excellence in mobility planning, a practice area in which we have extensive experience both throughout Florida and nationwide. Our wide spectrum of experience includes public policy writing, corridor planning, level of service analyses, intelligent transportation system design and planning, congestion management, multimodal planning, feasibility studies, geographic information systems, systems management, environmental assessments, computer modeling, and public involvement.

Kimley-Horn is able to provide excellent service and meet set standards because we prioritize efficient and effective project management, we understand the local and regional context, and we value partnership with our public partners. We are passionate about our work, which is shown in our commitment to our clients and communities. Our primary mission is to create great places where people can flourish. We will work with your planning staff, senior leadership, and community stakeholders to co-create places where people can be engaged and successful. We do this through planning, designing, and supporting neighborhoods, districts, buildings, and public spaces that are healthy, welcoming, sustainable, resilient, and innovative.
Provide evidence of a capable and well-organized engagement team and management plan.	Kimley-Horn has a shared understanding of the sensitivities involved when impacting a community and will collaboratively act as a trusted partner that understands the City of Boynton Beach's communication goals and will effectively manage and execute the public engagement and community outreach needs to support projects under this planning contract. Our team will develop comprehensive Public Engagement and Community Outreach Plans that will serve as the communication "blueprint," outlining the tools, techniques, tactics, and technology that will be implemented throughout the duration of each issued task, as well as, include a comprehensive stakeholder list. Each plan will consider area demographics and unique community characteristics so the most effective methods are used, that will not only resonate with the public, but produce valuable results. Formulating a strategic community outreach and public engagement approach, starting with careful assessment of the current issues and challenges and identification of key stakeholders, is also critical to a project's success. Shaleese Pitterson, in conjunction with our key team members, will be leading the public engagement efforts. Shaleese has 8 years of experience performing public engagement services for the Florida Department of Transportation (FDOT) and municipal clients. She has led efforts associated with preparing and executing virtual meetings and several virtual workshops. As our approach outlines, we will conduct a hybrid engagement plan, utilizing both in-person and virtual means. Our main goal is to encourage active participation, meet the City's constituents where they are and ensure they are heard. Our team has effectively organized and implemented engagement and management plans for numerous communities in Florida including the Cities of Hollywood, Oakland Park, Crestview, Jupiter Island and Ocala.

18. Describe policies and methods for project monitoring and budgeting control as well as adherence to project schedule (continue on insert sheet, if necessary).

Budget Control

Kimley-Horn uses a variety of budget controls to forecast project budgets, allocate labor hours, and track schedule progress against the remaining budget. These tools enable our project teams to evaluate projections of timeline and budget, and proactively make any necessary adjustments to the work plan. When evaluating project progress, project managers identify the percent completed for a task or overall project by looking at what remains to be accomplished, rather than how much effort has already been put forth.

One example of forward-looking budget control is Earned Value Management (EVM) which, based on several formulas, creates a projected forecast that displays whether a task order is projected to be under or over budget. Project managers can view real-time effort and hours dedicated to project tasks, including variances from the projected schedule and labor cost. These tools are readily available within Kimley-Horn developed proprietary software that prioritizes ease of use while accounting for all necessary details. By leveraging these tools that allow for both daily and milestone/summary evaluation, we're able to make proactive changes to stay within budget.

With regards to our invoicing process, the CostPoint Engineering Accounting system has been proven to precisely track fees against a work directive project. Each month, a preliminary invoice is generated and given to Kimley-Horn project managers for review. This draft invoice allows our project managers to ensure that the draft meets the client's specific invoicing requirements. Changes are then incorporated into the final invoice before submitting it to the client. Reviews built into our invoicing procedure help us confirm that fees remain consistent with contract requirements for each project we undertake. Throughout this contract, we will provide progress reports for each task order that include:

- A description of ongoing tasks and deliverables
- Progress and cost status (planned versus actual)
- Identification of issues and corresponding resolution strategies before they affect the schedule and budget
- Updates to the project's baseline schedule and schedule recovery plans
- Look-ahead calendar and tracking of action items
- User-friendly invoices describing the percentage completion of each task/deliverable/milestone along with an updated milestone payment schedule

Schedule Control

Kimley-Horn has a proven record of performing on time and within budget. Managing the right resources at the right time is key to our success. We emphasize project management using bi-monthly effort reports that give our project managers up-to-date staffing and expense information related to their projects. This information enables them to continuously monitor the status of project cost, cost control effectiveness, and schedule. In addition, Kimley-Horn often schedules bimonthly telephone progress meetings with our clients to communicate progress to date and the next steps to be taken.

Frequent communication and clear definition of the responsibilities of team members are critical elements in maintaining schedules. With that in mind, our project-specific work plan identifies critical project milestones and deliverable dates. We then will actively manage our team resources to meet the agreed-upon schedules and keep your project on track.

Kimley-Horn employs an intensive forecasting technique known as our Castaheads process to monitor our staff workload. This effort involves assessing our project milestones and staff loading on a weekly, monthly, and six-month basis, drilling down to the project team level. Individual staff member loading is assessed to the person level in the one-week and one-month time frames and the operating unit level in the six-month time frame. A database is used to track all project commitments/milestones and staff commitments firmwide. Using this intensive process, we can identify overloads and shortfalls many months in advance and develop strategies to overcome them. Having a clear picture of staff workload at all times, Kimley-Horn will be optimally positioned to meet the City's expectations on this contract.

19. Provide descriptions of quality assurance/quality control management methods (continue on insert sheet, if necessary):

Quality Control/Quality Assurance (QC/QA)

Quality is a keystone principle of Kimley-Horn. It is one of the key attributes enabling us to become one of the leading consulting firms in the country, and it is essential to our continuing success. Our priority on quality is rooted in the value we place on providing exceptional client service that emphasizes giving clients a quality experience, proactive communication, and delivering quality client deliverables.

Comprehensive Plan Review Professional Services

Kimley-Horn insists that each project has a carefully structured scope of services, a corresponding schedule, and an accurately developed budget. We simply don't begin an assignment until these three elements are in place and mutually agreed upon by Kimley-Horn and the client. Each project undertaken at Kimley-Horn has a quality review task built into it, with assigned QC/QA advisors. The QC advisor is not directly involved in the completion of the deliverables but will step in at key points during the project to provide a thorough critique of the work completed to date. These quality measures are implemented to ensure thorough reviews throughout your project effort.

Focus on Quality from Beginning to End

Kimley-Horn's standard QC/QA manual for planning projects includes identification of QC/QA advisors for each project. The QC/QA advisor is typically a senior staff member who is not directly involved in the production of the work deliverable. The QC/QA advisor will direct an independent review of the interim and final deliverables, be responsible for preparing documentation of the completion of the required reviews, and verify that revisions to documents arising from the quality reviews are implemented in the final deliverable.

Quality Control Communication

A finding, recommendation, or other outcome that is strategically correct and supported by complete and accurate technical analysis and data must also be easily understood by both technical and non-technical audiences. Not only will we make sure that what we produce for you is technically and strategically correct, but we also will ensure that our outcomes and deliverables are communicated clearly. We routinely involve technical writers, desktop publishers, data visualization specialists, renderers, and other professionals on our staff to ensure that your end deliverable is easy to interpret and understand, regardless of who uses the information.

Project Tracking and Oversight

Within our management information system (MIS), CostPoint, and companion project tracking tools, project manager Ali Palmer will have seamless access to all ongoing project performance information. We provide this information to our project managers so that they can effectively communicate with you on matters related to project status, progress, and assignment; firm and staff use and commitments; and progress on scope, schedule, and budget in a timely fashion.

22. What will be your turnaround time for written responses to the City inquiries?

Turnaround time for any written response depends on the task and the level of research required for a response. We will strive to acknowledge all written requests on the same business day. We recognize responding to your needs is critical to the success of your projects. At all times, we will provide our services as expeditiously as possible with response times that we know will meet and exceed your expectations.

24. List all claims, arbitrations, administrative hearings, and lawsuits brought by or against the Proper or its predecessor organization(s) during the last five (5) years. The list shall include all case names, case arbitration or hearing identification numbers, the name of the project in which the dispute arose, and a description of the subject matter of the dispute.

Kimley-Horn and its subsidiaries have provided services in all 50 states and numerous countries. Because of the many and varied projects we have completed, we are subject to various legal proceedings from time to time and in the ordinary course of business. It is not practical to provide a complete list as part of this proposal. In the last five (5) years, Kimley-Horn has had more than 27,624 active projects in Florida, 32 of which had some form of litigation. Of these cases, 3 were dismissed, 21 were settled, and 8 are pending. This represents 0.1158% of all projects completed by Kimley-Horn in Florida over the past five years. None of the pending cases, if decided against Kimley-Horn, would have a material impact on our financial statements or impair in any way our ability to serve our clients. Generally, these matters are covered by insurance, and we consider them to be without merit. If you would like to discuss our legal matters in more detail, please contact Kimley-Horn's General Counsel, Richard Cook, at 919.677.2058.

Certified Minority Business Entity

Kimley-Horn is not a small or minority-owned business enterprise (MBE). At Kimley-Horn, we consistently look for opportunities to partner with small and disadvantaged businesses in our contracts and through teaming agreements. We are committed to meeting or exceeding our clients' minority business participation goals. As our corporate policy, our firm actively seeks to encourage and promote the use of disadvantaged business enterprise (DBE), minority business enterprise, and woman-owned business enterprise (WBE) firms to support our business operations. We provide interested DBE, MBE, and WBE firms with the opportunity to serve as subconsultants on our teams, and we actively seek to increase our large database of qualified minority firms for use on future projects. Our aggressive DBE, MBE, and WBE utilization policy ensures that Kimley-Horn is consistently furthering the positive economic development momentum through the use of minority-owned businesses.

Over the past two decades, our aggressive W/MBE utilization policy ensures that Kimley-Horn is furthering the positive economic development momentum that the State of Florida advocates through its contractors' use of W/MBE businesses. These policies extend to our own employees and recruitment initiatives as well. Diversity and inclusion make us a better consulting firm by bringing broader perspectives and a greater understanding of our increasingly diverse client base. The STEM industry is becoming increasingly diverse, which means as industry leaders, we must be intentional about a sustained commitment to a diverse Kimley-Horn. Within our firm, this means creating a set of diversity standards that allow us to sustain an environment where all of our employees feel they are treated fairly and equitably and have an equal opportunity to flourish based on their contribution. Equally important is our commitment to partnering with minority firms to assist on projects, which is demonstrated by the fees allocated by Kimley-Horn to such firms.

From 2019 to 2024, we have paid small and disadvantaged firms more than **$430 million.** Kimley-Horn set a goal to contract at least $92 million in 2024 to minority-owned professional firms, consultants, or suppliers and achieved a total amount paid of **$123.2 million,** continuing the firm's pattern of increased involvement. We believe this speaks well of Kimley-Horn's efforts to involve minority business enterprises in our practice. Kimley-Horn will continue its long-standing practice of using minority business enterprises on current and future projects.

Determining Workload

We are confident our proposed team members are available to serve you and are in an excellent position to handle the workload required for this contract. One of the ways Kimley-Horn tracks capacity and ensures the proper resources are dedicated to specific projects is using a proactive, proprietary management system known as "Castaheads." Castaheads detail every project's personnel needs and staff availability, and help ensure that the project team is committed to completing the various assignments. Internal production meetings are held weekly to enable staff, task managers, and project managers to stay up to date regarding current and projected workloads.

Castaheads track real-time effort to define specific staffing needs, helping us ensure that sufficient staff and hours are available to meet project schedules. Work overloads or shortages for specific personnel, individual offices, and disciplines are tabulated and addressed. Where possible, these imbalances are resolved through internal shifts of personnel between offices. The objective is to balance the workload in a manner that maximizes the use of production staff, while helping to ensure that all project requirements and client deadlines are met. This proactive internal system gives us an in-depth understanding of our capacity and both short- and long-term personnel commitments.

ii. Historically, describe the typical number of projects handled by the Proposer's key project managers at any given time

Historically, the number of projects handled by Kimley-Horn project managers at any given time varies according to their area of practice and the size of projects. Ali Palmer typically may manage up to 6 projects at a time depending on size, location, and scheduled milestones. By virtue of conducting regular project coordination meetings and utilizing key project staff to lead and oversee production of specific deliverables on a given project, Ali is able to manage multiple projects while maintaining the quality of work and proactively communicating with clients. She will devote the time required to effectively oversee and manage the City of Boynton Beach projects awarded under this contract.

iii. Projected workload of project management activities as defined in the scope of services

Kimley-Horn recognizes that both a strong project manager and experienced management team are necessary to successfully serve the City and exceed your expectations for each assignment. Our project manager, Ali Palmer, will direct each assignment that arises from this contract. She will have complete authority to allocate Kimley-Horn resources and will be fully accessible to the City of Boynton Beach.

Comprehensive Plan Review Professional Services

Sustainability

Community and infrastructure resiliency are a focal point for planning in many cities. Resilience planning can have positive impact on public health and safety, key public infrastructure, community housing stock, the municipal tax base, and community cohesion. Preparing for disruptions through planning helps our communities identify vulnerabilities and develop strategies to become more resilient. By analyzing physical and social vulnerabilities, we can identify and develop resilience solutions for various plan components, whether that be developing strategies to provide social services for those who need it most or identifying strategies to protect vulnerable infrastructure against hazards.

Hurricanes and Extreme Weather

Our multidisciplinary teams implement emergency response plans, building codes, stormwater management systems, and evacuation routes to enhance community resilience.

Affordable Housing

Our team works on creating affordable housing solutions to ensure that all residents have access to safe and affordable living spaces. This includes inclusionary zoning, housing needs assessments, and partnerships with local governments and developers.

Infrastructure and Transportation

We plan and design modern, resilient infrastructure and transportation systems to support population growth and enhance connectivity. This involves comprehensive transportation planning, public transit improvements, and smart growth strategies.

Environmental Conservation

Our team protects South Florida's unique ecosystems through environmental and ecological studies, sustainable development practices, and conservation efforts. This includes habitat preservation, biodiversity conservation, and the implementation of green building standards.

Kimley-Horn is passionate about creating great places where people can thrive. In each community we serve, we strive to understand the values of that community and transform them into a vision that guides the planning process. With our extensive knowledge, history, and capacity, Kimley-Horn is equipped to assist South Florida communities—including Boynton Beach—with a wide range of planning services.

Relevant Project Experience in South Florida

CITY OF OAKLAND PARK COMPREHENSIVE PLAN UPDATE

In 2019, the City hired Kimley-Horn to conduct their EAR, which laid the groundwork for updating the Comprehensive Plan. Following the EAR recommendations, Kimley-Horn was selected again to update the plan, which has now been successfully completed. The initial phase involved extensive research and analysis to assess current conditions within the City and gather supporting data for the next phase, which focuses on planning for Oakland Park's future. This phase included updating and preparing Goals, Objectives, and Policies to guide the City over the next 20 years.

The update process began with a robust public engagement plan, featuring five meetings with the public and city-identified stakeholders all occurring immediately after a COVID environment, and requiring a unique approach to virtual engagement. The next step was to collect new data reflecting the City's current demographics and land use. Kimley-Horn analyzed this data and provided recommendations for each element of the plan.

After engaging with stakeholders and analyzing the data, Kimley-Horn began drafting policies that reflect the City of Oakland Park today and for the next 20 years. Three new elements were added to the plan: Economic Development, Sustainability, Resiliency, and Property Rights.

LESSONS LEARNED

ADAPTABILITY IN PLANNING

Adding new elements such as Economic Development, Sustainability and Resiliency, and Property Rights to the Comprehensive Plan highlights the importance of adapting to emerging issues and priorities. This flexibility ensures that the plan remains relevant over time.

VALUE OF PUBLIC ENGAGEMENT

A robust public engagement plan, including multiple meetings with the public and stakeholders, ensures that community input is integrated into the planning process. This inclusivity helps in creating a plan that reflects the needs and aspirations of the community.

CITY OF HOLLYWOOD EAR AND COMPREHENSIVE PLAN UPDATE

Kimley-Horn is assisting the City of Hollywood with an Evaluation and Appraisal Report (EAR) and Comprehensive Plan Update. The last Comprehensive Plan update occurred in 2008—the new plan will guide visionary growth and development through 2050, addressing new trends and challenges, setting strategic goals in key areas, and ensuring compliance with evolving state laws. Our tasks have included visioning and project branding; data inventory and analysis; assessment of existing plans, studies, and policies; updates to the Comprehensive Plan including Goals, Objectives and Policies; creation of New Elements including Sustainability, Resiliency, Urban Design, Community Safety, and Economic Development; and inclusive public engagement and involvement. The project includes a robust public engagement strategy with four communitywide charettes, half a dozen focus group stakeholder meetings, and multiple virtual engagement surveys.

CITY OF NORTH MIAMI BEACH SUSTAINABILITY MASTER PLAN

Kimley-Horn is involved in an ongoing project with the City of North Miami Beach to produce a Sustainability Master Plan. The City seeks to create a long-term vision and strategy to become a more sustainable City. This effort comes as an extension of several previous endeavors in which the City is assessing its long-term vulnerabilities. The City is a coastal community which is experiencing direct impacts of climate change and is seeking to create a path today that secures a sustainable and resilient future.

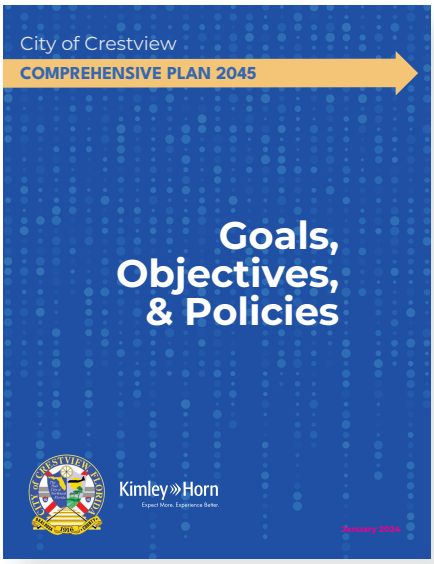
Policies related to sustainability and resiliency were grouped into themes to identify trends and deficiencies. The list of themes evolved over time, and now there are 7 central themes reflecting the concerns of North Miami Beach. Policies can be linked to multiple themes, as sustainability is multi-faceted. The sustainability themes are:

- Building and Site Development
- Conservation
- Disaster Preparedness
- Energy
- Public Utilities and Water
- Stormwater and Flooding
- Transportation

Kimley-Horn analyzed the goals, objectives, policies, recommendations, and action items to assess the strengths and weaknesses of the City Comprehensive Plan. They are also conducting a geospatial analysis of existing GIS features, layers, and data related to sustainability and resiliency, including maps from the North Miami Beach Vulnerability Assessment. These efforts will culminate in a final Sustainability Master Plan to guide the City's future planning.

CITY OF CRESTVIEW EAR AND COMPREHENSIVE PLAN UPDATE

Kimley-Horn is assisting the City of Crestview with updating their Comprehensive Plan. The initial phase of the project required extensive analysis of their current Comprehensive Plan and its amendments, as well as referencing Florida State Statutes to recommend policy updates. The next portion of the project expands on this research and data collection to cultivate detailed reports for each plan element that will provide supporting data for the development of Goals, Objectives, and Policies. These tasks are coupled with stakeholder engagement with City Council to ensure that community values are upheld, and consensus is reached.



Approach

Task 1: Review and Analyze (MONTHS 1 AND 2)

Every seven years the state of Florida requires that local governments conduct an Evaluation and Appraisal review (EAR) of their Comprehensive Plan pursuant to Florida Statute §163.3191. The City of Boynton Beach last conducted their EAR in 2020, requiring the next evaluation to begin by 2027.

Kimley-Horn will evaluate the City of Boynton Beach's Comprehensive Plan since the last evaluation in 2020, including all statutory changes in Chapter 163 between 2020 and 2025, to determine what goals, objectives, and policies will need to be amended to ensure compliance with the Florida Department of Commerce. During the evaluation we will note policies that may be out of date, duplicative or contradictory in nature, as well as whether a policy may be more impactful if relocated to the land development regulations.

Kimley-Horn will prepare a spreadsheet that includes an assessment of each goal, policy, and objective in the 2020 Comprehensive Plan. The spreadsheet will note if the policy is recommended to remain, be removed, or to be modified based on the findings of the statutory compliance analysis. If the policy is to be removed or modified the spreadsheet will include an explanation. The spreadsheet will also include new policies to be considered based on the analysis. Kimley-Horn will provide one (1) draft plan evaluation in a spreadsheet format for the City to review.

Task 2: Background Data, Inventory and Analysis (MONTHS 1 AND 2)

Kimley-Horn will collect data specific to the nine (9) elements of the comprehensive plan and assess changes since the City's last data inventory and analysis update. Kimley-Horn will rely on the information provided by the city, as well as local, regional and state agencies. Part of this task will include the preparation of a community profile summarizing statistics of the existing conditions in the city to be utilized throughout the planning process. The Kimley-Horn team will review and analyze the data and documents collected, including:

- City Plans and Studies including special area studies
- City's approved Strategic Plan 2024 - 2029 (Resolution 24-205)
- Neighboring jurisdiction comprehensive plans
- Palm Beach County Planning Documents
- Regional Planning Documents
- Transportation Plans, Studies and Data
- Resiliency, Preservation, and Coastal Studies and Plans
- Public Facility Data (utilities, infrastructure)
- Capital Improvement Plans
- Environmental and Coastal Resource Studies
- Demographic and Socioeconomic Data
- Emergency Services Data

LEADERSHIP INTERVIEWS

Kimley-Horn will participate in one-on-one "interviews" with Commissioners and directors to gain insight of their perspective and objectives for the Comprehensive Plan update. These meetings are most valuable if held in the beginning of phases of the project. One (1) professional from Kimley-Horn will participate in up to ten (10) one-hour interviews.

LPFLTALL003823.2024

Kimley-Horn will prepare one (1) set of interview questions to prompt discussion. The City shall provide the list of individuals to be interviewed, as well as the meeting venue and notification of the meeting. These meetings may be converted to virtual conference calls if preferred.

KEY PERSONNEL FOCUS GROUP

Kimley-Horn will facilitate one (1) focus group meeting for up to three (3) hours to share the EAR in draft form to gain candid input in a discussion format. The City shall provide the list of meeting attendees, as well as the meeting venue and notification of the meeting to attendees. These meetings may convert to virtual meetings if preferred.

Kimley-Horn will make one (1) revision to the EAR spreadsheet after the focus group meeting. The final EAR spreadsheet can be utilized as the attachment to the EAR letter to the Florida department of Commerce (FL Commerce).

CITY COMMISSION

Kimley-Horn will attend one (1) City Commission meeting and assist City staff in initial discussions with the Commission on the Comprehensive Plan update project and process.

Task 3: Public Outreach and Participation (MONTHS 3 AND 4)

Kimley-Horn recommends having a targeted outreach strategy to help solicit information that is most meaningful to the planning process, to understand gaps in the community as well as the strengths and assets. We recommend an equitable approach that gathers, processes, and responds to input from a representative cross-section of the community—not just the subsets of the community most likely to engage in a traditional outreach process. This approach engages residents including all who live in the city, business owners and operators, advocacy groups, interested parties, adjacent local governments, City Commissioners, and staff throughout the City. Above all, our approach to engagement yields actionable input on par with the technical analysis that will be required for the development of the Comprehensive Plan.

IN-PERSON ENGAGEMENT

We understand the importance of community-wide participation. Kimley-Horn will prepare for and facilitate Citywide Summits that can be topical or geographically-themed. These meetings will encourage interactive participation to envision the future of Boynton Beach and identify the City's assets and gaps in service. We hope to work closely with you to meet people where they are and leverage existing community connections and channels of communication. Outreach for these meetings will be done in Spanish and English with targeted invitations shared with underrepresented groups through existing channels of communication like local service providers, churches, and apartment complexes.

Summit on the Future

Kimley-Horn will support the facilitation of up to two (2) public workshops, also referred to as Citywide Summits, for gaining input into the community's vision for future development. These meetings will communicate the opportunities afforded by updating the City's Comprehensive Plan policies and the City's Future Land Use Plan, while providing a platform for residents and other stakeholders to share their vision for the future. Each summit will be held for two (2) hours in an open house format with interactive activity stations focusing on specific topics or themes agreed upon by the City and the Consultant. Stations may include a youth activity station, an urban design station, and visual preference station.

Each summit will be held in a different geographic location within the City limits to ensure the opportunity to provide input in-person is afforded to a diverse group of the City's constituents and stakeholders. These meetings will encourage interactive participation to envision the future of Boynton Beach and should identify the City's assets and gaps in service through mapping and visual preference activities. This task includes the time spent in the preparation of the presentation material including the meeting agenda, PowerPoint, exhibits including maps, visual preference, and information boards. The same exhibits will be utilized and reprinted for each of the three summits. Data will be collected from the exhibits at the conclusion of each event.

Targeted Focus Groups

Beyond these citywide meetings, we are also proposing up to two (2) focus groups that can be hosted for targeted audience groups or thematic goals depending on what is needed to supplement the input received at the citywide meetings. If desired, Kimley-Horn can create a youth engagement opportunity that could be facilitated at a local school or library. One-on-one interviews with long-time residents and business operators are another valuable way to supplement the engagement process.

Kimley-Horn will attend in-person and facilitate two (2), two-hour, focus group meetings throughout the life of the project. Kimley-Horn will prepare for each meeting by providing materials or by preparing a presentation that will be sent to the City in advance of the meeting.

VIRTUAL ENGAGEMENT

Kimley-Horn offers a wide variety of online tools that can be leveraged to maximize online participation and to ensure there is representation by anyone who would like to be involved. Kimley-Horn's own planning professionals created two online platforms— PublicCoordinate and KollabSpace. We also offer additional web-based participation services including ArcGIS Story Mapping, Survey 123, and Urban and Community Analyst. We will work closely with you to develop your goals for online engagement and participation to ensure we are using the right tools at the right time.

Online Surveys

Kimley-Horn will propose up to two (2) web-based participation surveys. The first survey will be a brief "pulse survey" and the second to be a mapping survey to communicate geographic information and collect geographic intelligence from the community. Kimley-Horn will develop a concept for overall look, organization of information, and functionality for the ArcGIS web-based surveys. The project surveys will be linked from the project landing page. The pulse survey will feature responsive functionality for tablets and mobile devices, and both surveys will be designed to match project branding.

Kimley-Horn will provide links to the first drafts of both surveys for staff to review and provide comment. One (1) round of comments will be addressed from the City for each survey before the survey websites become live and open to the public. Kimley-Horn will maintain the project surveys for the agreed upon timeframe pursuant to the project schedule and the data collected will be backed up nightly.

Project Website

Kimley-Horn will develop a concept for overall look, organization of information, and functionality for a project website. This includes the purchase of a domain name to be determined by City staff at the Kick-off Meeting. The site will be designed using a Content Management System (CMS) interface such as WordPress. It will feature responsive functionality (for tablets and mobile devices), incorporate social media links and/or content, and will be designed to match project branding. The process for developing the project website is assumed to be as follows:

1. Develop website framework that describes the flow and content of the website (using wireframes and/or sample visuals)
2. Review and finalize wireframes
3. Create draft website with a client weblink to review/approve the content/design
4. Address one set of consolidated comments from City staff
5. Launch public website
6. Coordinate with City IT staff to link to City's website
7. Consultant to host until final project deliverable is provided to City staff (final draft of the comprehensive plan).
8. Website to be updated with new information including communitywide meeting information and completed deliverables one time per month.

Task 4: Summary and Recommendations (MONTHS 5 AND 6)

ENGAGEMENT SUMMARY

Kimley-Horn will prepare a summary based on the input received during the public engagement events and activities that will include an analysis on how the input aligns with the findings of the plan evaluation and data collection tasks previously completed. The summary will also include the community's preferred strategies and focused visions for the City. We will submit one (1) draft of the summary to City staff for reviews and comments.

CITY COMMISSION

Kimley-Horn will prepare for and present at one (1) City Commission meeting once the summary is final, along with the recommendations moving forward.

Task 5: Update Data and Analysis (MONTHS 5 AND 6)

Kimley-Horn will update the Data Inventory and Analysis (DIA) documents as the technical analyses for each comprehensive plan element based on the data collected in Task 2, and the input received in Task 3. Demographic data including population projections for a 2050 planning horizon will be reviewed and incorporated into level of service analysis, including data for future annexation areas adjacent to the city boundary but that are unincorporated Palm Beach County today. This analysis will become the basis of the proposed amendments to the elements in the comprehensive plan document. Kimley-Horn will ensure all data related to resilience strategies, sea level rise, and the preservation and enhancement of the existing coastal zone, including the existing dune system, are evaluated in specific detail as part of this review.

Kimley-Horn will provide a draft of the updated DIA for City staff to review and provide comments. City staff shall collect comments from each reviewer and provide one consolidated set of comments to Kimley-Horn. Kimley-Horn will revise the DIA as applicable and provide one (1) final draft of the DIA to City staff.

MAP SERIES

The Future Land Use Map and Comprehensive Plan map series within the current Plan will be updated to reflect the current City boundary and any changes since the last Comprehensive Plan update in 2020, as provided by the City. Kimley-Horn will request GIS data sets from the City, or County. Parcel data with existing use and future land use will be required to update the series. The City shall provide all future land use changes by Ordinance since the most recent Comprehensive Plan update in a consolidated format, preferably in an Excel table. Kimley-Horn will revise the map series after one (1) round of consolidated comments and provide one (1) final draft to the City for their use.

Task 6: Goal, Objective, and Policy updates (MONTHS 7 AND 8)

Kimley-Horn understands that the City desires to have a modern, updated Comprehensive Plan that is both intuitive and user-friendly with measurable Goals, Objectives, and Policies that will address deficiencies, incorporate the City's future plan, and establishes a framework for the City through 2050. Kimley-Horn will draft recommended updates to the Comprehensive Plan's nine (9) elements, including all goals, objectives, and policies, based on the EAR, DIA and Engagement summary for the following elements:

- Future Land Use
- Transportation
- Utilities
- Housing
- Recreation and Open Space
- Transportation
- Coastal Management
- Intergovernmental Coordination
- Capital Improvement

Kimley-Horn will provide one (1) draft of each element for City staff to review and provide edits. City staff shall collect comments from each reviewer and provide one consolidated document to Kimley-Horn per element including all reviewer comments. Kimley-Horn will provide a revised second draft of each element to City staff to be utilized in the transmittal process.

Task 7: Adoption and Transmittal (MONTHS 9 – 12)

LOCAL PLANNING AGENCY

Once the second draft of the comprehensive plan has been provided to the City, Kimley-Horn shall present the updated 2050 Comprehensive Plan at one Local Planning Agency (LPA) advertised public hearing. Kimley-Horn will prepare a PowerPoint presentation summarizing the changes to the comprehensive plan. Any input received will be added to a transmittal memorandum to be presented to the City Commission.

CITY COMMISSION TRANSMITTAL

After LPA Kimley-Horn will present the 2050 Comprehensive Plan to the City Commission at one (1) advertised public hearing with a recommendation to transmit the plan to the Florida Department of Commerce. Kimley-Horn will transmit the updated Comprehensive Plan to the Florida Department of Commerce via their portal and to the required state and regional agencies by e-mail within 10 days of the City Commission meeting. Any input received will be added to the transmittal memorandum.

ADOPTION

Kimley-Horn shall update the 2050 Comprehensive Plan to incorporate comments received from Florida Commerce and other state and regional agencies as well as from the transmittal memorandum. Kimley-Horn will then present the 2050 Comprehensive Plan at one (1) City Commission advertised public hearing for adoption.

Kimley-Horn will provide the City with one (1) digital "camera ready" document of the 2050 Comprehensive Plan with print-ready graphics in an ADA-compliant format, usable on the City's website. All GIS maps and data (shapefiles) used to create the map series shall be provided to the City. Kimley-Horn shall send the 2050 comprehensive plan adopted by the City Commission to Florida Commerce within 30 days of its adoption.

Task 8: Project Management (CONTINUOUS)

PROJECT KICK OFF

Kimley-Horn project management team will attend one (1) "kick-off" meeting to set goals and expectations, review the scope and budget, establish communication protocols, identify the core project team and advisors from City staff, and to confirm the project schedule and timeline, to ensure that periodic working draft documents pertaining to the deliverables are provided as necessary.

We will also take this time to begin discussing the particulars of a tailored community engagement strategy for reaching out to and engaging the public at different stages of the planning process, which will commence in a community engagement plan, including a stakeholder database based on input from City staff and officials.

A meeting summary will be provided to the City after the project kick off meeting.

MONTHLY MEETINGS

Kimley-Horn will set up a date and time for monthly conference calls to review the project's progress and status and to revisit each of the agenda items from the project kick off. A professional from the Kimley-Horn project management team will attend the monthly conference calls. This session will allow us to ensure that key elements of the proposed deliverables are fully understood and agreed on before drafting begins.

Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-066- Approve the issuance of a Purchase Order to Stryker Medical ProCare Services, a Sole Source vendor and the original equipment manufacturer of Stryker Medical, for parts and equipment maintenance for four years, with an expenditure of $81,931.52, and authorize the Mayor to sign a vendor proposal.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-066.

Explanation of Request: Maintaining stretcher equipment is crucial to ensuring the safety and well-being of patients during transportation in medical settings. Regular maintenance helps prevent equipment failure, which can lead to delays or complications in patient care. Stretcher equipment, including its wheels, brakes, and adjustable features, must be kept in optimal condition to provide smooth and secure transport, reducing the risk of injury to patients and healthcare providers. Additionally, properly maintained stretchers contribute to the overall efficiency of medical teams, minimizing downtime and potential disruptions in emergency or routine care. Investing in consistent maintenance not only extends the lifespan of the equipment but also supports the highest standards of patient care and operational safety.

Stryker Medical ProCare Services is the sole provider of parts and equipment maintenance for Stryker Medical, which is used for emergency care products. Acquiring parts and administering repairs in a timely manner for stretchers and defibrillators is imperative for Emergency Medical Services. This increase will ensure the maintenance of the Fire Rescue's equipment and devices. As part of this maintenance purchase, the Fire Department has instituted a stretcher replacement program and will purchase one per year. The new stretcher will be added to this maintenance program.

This purchase is being made pursuant to the Sole Source Procurement Exemption outlined in Section X, Alternatives to Formal Sealed Bids, of the procurement policy. This section permits Sole Source Services and Purchases when it is determined that only one viable source is available. Such circumstances may include, but are not limited to, repairs or additions from the original equipment manufacturer, exclusive regional suppliers, franchised or licensed distributors, or proprietary items. The vendor has submitted the required documentation to the City, and the Procurement Division has affirmed that the documentation for this purchase meets the Sole Source Procurement Exemption criteria.

Staff had originally received a proposal of $21,413.92 for FY2024 for this service, with an expected 8% increase each subsequent year. Since this is a sole-source service, staff believes entering into a multiyear contract is in the City's best interest, as it will minimize the

time and effort required to prepare an agenda item for this sole-source service each year. After extensive negotiations with Stryker, the Procurement division with the Fire Department successfully secured a four-year agreement, which includes an additional 12% discount for the City or over $14,500 in savings. Payment will be divided, with 50% due after commission approval in the current fiscal year and the remaining 50% to be paid in March of 2026 for repair and maintenance services.

How will this affect city programs or services? Maintenance of emergency medical equipment will ensure the continuity of services by keeping essential medical equipment in good repair.

Budgeted Item: Yes

Account Line Item and Description: 001-2210-522-49-17 Contractual Services.

Fiscal Impact: This is a budgeted item.

Explanation of Request: This agenda item proposes amending the FY2024-25 capital improvement budget to adjust appropriations and revenue sources for the Galaxy Park Field Lighting Project, requiring $567,482 in spending authority.

On February 4, 2025, the City Commission approved two related resolutions: R25-039, which authorized a substantial amendment to the Community Development Block Grant FY 2022 Annual Action Plan, reprogramming $503,484.97 of unused funds from the cancelled Hester Center Airnasium project; and R25-033, which awarded ITB# REC25-013B to Davco Electrical Contractors Corporation for the installation of field lighting at Galaxy Park.

The upgraded LED lighting infrastructure will substantially expand the facility's usability, enabling extended evening activities and improving the overall park experience for both residents and visitors.

Luis Benscome, Principal Planner, stated that staff does not have much to add, and mentioned that it a small alley and that it does not have a public purpose. He noted that staff recommends approval.

Commissioner Cruz stated that the residents asked if this will increase the density of the site.

Amanda Radigan, Planning and Development Director, stated that the abandonment will not affect the project, unless the entire project was brought forth to the City Commission to rezone the parcel. She confirmed that it would not affect the density.

Commissioner Cruz stated that the concerns of the residents have been the moving of the Andrews House and getting funding in exchange for this piece of property. She mentioned that she has had conversations with all parties and asked about expanding the art fee to move historic structures, because the 1% can be significant. She asked if there is consensus to open that avenue.

Ms. Miskel clarified the point about the law, that her developer refrained from exercising his right to demolish the Andrews House. She said that this is a great suggestion, but he has no legal obligation to keep the structure or pay for moving it, but he is willing to help the City.

Ms. Radigan spoke about expanding the art fee and some of the things they could use the funds for. She said that the developer is now interested in moving the property and using it for a public purpose. She mentioned that there are many possible options, and that what it suggested would require a code amendment.

Commissioner Cruz asked if they can have a code amendment to allow for the use of the art fee to move the Andrews House.

Ms. Radigan stated that it does not have a historic designation, so she does not want to tie up the funds on historic purposes if it is not going to be able to be used for this.

Commissioner Turkin stated that he is glad to hear about the expansion of the art fee. He asked for clarification on the timeline of why this is just now being requested.

Ms. Radigan spoke about the site plan and the abandonment history, and the benefits to the City for this.

Commissioner Turkin asked if this is City initiated.

Ms. Radigan said that the City did not initiate it, but it came out of the conversation of cleaning up the plat.

City Attorney Lamb spoke about the quasi-judicial capacity and being strict about what is approved and not approved. She explained what they could and could not ask for.

Ms. Miskel clarified that there are other partners in the deal, so these are two separate developers.

City Attorney Lamb continued clarifying what is prohibited and not being able to use conditions to approve this.

Commissioner Turkin spoke about a deed restriction and appraised values of our properties. He thanked the client for preserving the house and said that he would like to have the Andrews House Board at the table, so there is communication. Marc Karageorge stated that we heard from one of the best staffers and developers in the county, and we should go with their recommendation. He spoke about the developer budgeting the demolition of the house and apply it to the move of the house.

Barbara Ready stated that they learned something new, that the two parcels are not owned by the same developers, and she understands not being able to make a deal for this parcel. She said that we are going to have another bite of the apple and that she appreciates everyone not giving up on this.

Mayor Penserga closed public comment.

City Attorney Lamb stated that the LDRs and current code does not allow for the appraisal and assessing the value of the abandonment.

Ms. Miskel spoke about the surplusing provision in the state law, where the appraisal can be done.

Ms. Radigan clarified that should the applicant do a Live Local Project, the site plan would not come to Commission. She said that there will be other applications that are required

that will have to come before the Commission and they could negotiate then.

Commissioner Cruz asked for an update on the study she requested last time, to move the Andrews House.

Deputy City Manager Mack stated that they are waiting on direction from the CRA Director. He mentioned that there is missing information, and a written agreement.

Assistant City Manager Adam Temple stated that one of the items discussed is getting with the land owner about withdrawing the demolition permit, and spoke about what was done regarding that. He stated that there is a community survey that was developed and will be sent out.

Mayor Penserga thanked Mr. Paul for his report, and he spoke about the $32 million collected out of the City and only $2 million came back to the City.

Mr. Paul spoke about the disparity of the City paying the most and getting the least back.

Mayor Penserga said that he supports this mobility fee because we need to invest the money back into our own transportation needs. He said that we have been neglected in the process, by the County.

Vice Mayor Kelley stated that we have several County and FDOT roads, and asked how do we set aside money for us to have funds to do the City's projects.

Mr. Paul said that we could offer to the County that we use the funds to make improvements on the roadway, with their permission.

Vice Mayor Kelley asked Mr. Paul if he is seeing cooperation with the County and State when it comes to roads, when we have the funding mechanism. She mentioned that we run into hiccups because our major roads do not belong to us.

Mr. Paul responded that it has been very successful to advance and leverage projects. He said that PBC has been difficult, but Palm Beach Gardens has gone fully into this. He mentioned other municipalities that have moved forward with this, such as Palm Springs. He said that his hope is that there will be a greater level of cooperation.

Ms. Radigan mentioned that she does not believe we will be in a worse position, because we will have more funding coming into the City and can negotiate.

Ms. Radigan spoke about the credits that could be used on existing fees, and the different options that they could go with.

Commissioner Turkin asked if we still have time to play around with what those fees look like.

Mr. Paul confirmed that they are scheduled for the 18th, but they could push this back.

Commissioner Turkin spoke about incentivizing the residents regarding these fees. He asked if there is a minimum of the size of the units, because he does not want developers to build smaller units to avoid the fee.

Ms. Radigan explained that they could do per unit instead of per square foot.

10C. Discussion regarding construction hours near residential locations.
(Heard out of Order)

Adam Temple, Assistant City Manager, stated that staff worked with Commissioner Cruz on this analysis, to get ready for this presentation.

Pat Hart, Community Standards Supervisor, spoke about eight municipalities that they compared our Code to, in regard to construction hours.

Commissioner Cruz thanked staff for doing this research and for coming to the Town Hall meeting in Monterrey. She mentioned that this is complete obstruction of peace and sleep of her constituents.

Mr. Hart stated that they have staff checking Monterrey from 6:00 A.M. to 9:00 A.M. to see if anyone does work during those hours, and they are working with the Police as well.

Commissioner Cruz stated that citizens have a right to a peaceful home. She asked to have a noise litigation waiver explained.

John Kuntzman, Building Director, spoke about the waiver form that was used when City Hall was constructed, and what the rules are with the waiver. He said that for this project, the contractor had the Police on site during a portion of construction, which complied with the regulations. He stated that for another project, they had to have a complaint line, that was available to residents, to keep tabs on it. He spoke about reports that they have had on vibrations in the community.

Mayor Penserga asked who owns the vibration censor.

Mr. Kuntzman stated that they are provided by a third party.

Mayor Penserga said that he would trust it more if the City owned the vibration censor rather than the third party.

Commissioner Turkin said that maybe the City could choose a censor vendor.

Commissioner Cruz stated that she wants to provide relief to these residents and future residents that are near construction locations. She said that she would like to remove the exemption of any construction after designated working hours, especially related to properties adjacent to residential areas within a certain number of feet. She said that the goal is to figure out the distance from residential homes to the building.

Mr. Temple stated that there were a lot of concrete pours needed for this project, and they were trying to remove them from peak hours of traffic.

Mr. Kuntzman spoke about the impact of the number of concrete trucks that are lined up to pour concrete for this project, and that shifting it to daytime hours would cause a huge backup in traffic. He mentioned some of the other reasons why they have been conducting concrete pours at night, instead of during the day.

Commissioner Cruz said that unfortunately this is causing an issue with residents, and she understands the business side of it. She suggested a change of the hours.

Mayor Penserga said that he supported changing the hours and distance from the residences.

Commissioner Cruz said that she proposed constructions hours for 8 A.M.-8 P.M. Monday-Friday, 9 A.M.-8 P.M. on Saturday, and none on Sunday. She stated that this would be for any construction within a certain amount of feet of residential areas.

Commissioner Hay said that he supports this, because quality of life is more important to him, than construction. He stated that he gets a lot of complaints about this as well.

Commissioner Turkin said that he supports this change and suggestion, and that it is important to include the exemption of emergency matters, such as a busted water pipe.

He stated that there is a lot of development that is coming, which was approved, so it is important to get ahead of this now. He mentioned that we are here to enable a policy to make necessary changes.

Vice Mayor Kelley stated that the timing that she is suggesting is even shorter, 10 A.M. to 4 P.M. She said that she is in support of establishing construction times, and doesn't mind making it a little stricter, for at home quiet times in the evenings.

Commissioner Cruz said that she is comfortable with the stricter hours. She asked to allow public comment on this item.

City Attorney Lamb stated that we can come up with an Ordinance with this direction and have public hearings at that time.

Commissioner Turkin stated that he doesn't mind opening up to comments. He asked if the cities we compared to have a separate noise ordinance.

Assistant City Manager Temple responded that they did, and mentioned that the City has a citywide noise ordinance, with a construction portion.

Dan Dugger, City Manager, said that it goes to midnight on the weekends, and spoke about the allowed decibels. He mentioned that if it is after hours, the Police will go there and check the decibel levels and report to Community Standards.

Commissioner Turkin asked to make the noise ordinance stricter as well, because this should be updated. He mentioned that he would like a complete a code overhaul.

Mayor Penserga asked if the City should make a separate Ordinance for construction hours.

City Attorney Lamb stated our that Code of Ordinances is all over the place, and it is very expensive to do an overhaul, but she will determine if they need a completely new ordinance or not. She stated that the next meeting is March 18, which is after a new Board is sworn in.

Commissioner Hay asked if we have measured the decibel levels at Monterrey.

Mr. Hart stated that they have during the day, and it has measured to be in line with what is allowed. He spoke about the rules of how they measure decibel levels.

Commissioner Hay said that he is okay with allowing Public Comments.

Vice Mayor Kelley said that she doesn't want to set a precedent to allow Public Comment for this, when they already spoke during Public Audience. She stated that if we come back with an ordinance, it would allow for public comment.

Commissioner Hay said that he understands, but would like to know which end of the spectrum is the most problematic. He mentioned that they can make an exception.

City Attorney Lamb stated that this is a discussion item and that they can have a Public Comment portion when they come back with an Ordinance.

Mayor Penserga said that the majority of the Board has decided to allow Public Comment.

Beth Stanzone, Monterrey resident, stated that most recently, they had very loud pounding, and that she had to go try to talk to the construction company to mitigate the noise issue. She said that they have pieces of construction that over exceeds the decibel levels, it is not all the time.

Amelia stated that this has been going on for eight months, and that they need help sooner than later. She said that they need some kind of relief today, not later.

Mayor Penserga stated that direction has been given to staff.

Assistant City Manager Temple clarified the direction that was given to staff for a Code change.

Commissioner Cruz said that the purpose is to not allow construction to happen after 8 P.M., and removing the exception.

Commissioner Turkin stated that he is okay to come back to for a special meeting if they need it.

Mayor Penserga said that this is a draft.

Commissioner Cruz said that it should only be when it is adjacent to residential areas, not for other areas.

Commissioner Turkin said that the Board should be able to make changes, but without causing an issue where it doesn't affect residents.

Commissioner Cruz reiterated her direction and said that this is very specific in the Code.

8. Public Hearing

Commissioner Turkin left the dais at 7:33 P.M.

Mayor Penserga closed Public Comment.

Commissioner Cruz commented about the Andrews House, and the art fee expansion that she has requested for the future.

Mr. Paul stated that there have been no changes, and spoke about the City's Mobility Fee and Updated Mobility Plan Projects, as contained in the meeting materials.

City Manager Dugger asked where the $2M was spent in Boynton Beach.

Mr. Paul stated that it was spent on the western periphery of the City, and that none of it has been on the main areas of the City. He spoke about single-family mobility fees per 1,000 sq. ft.; immediate next steps; next steps after adoption; and comments and questions.

Commissioner Turkin returned to the dais at 7:53 PM.

Mayor Penserga opened to Public Comment.

No one came forward and Public Comment was closed.

Khurshid Mohyuddin, Palm Beach County Planning Department, spoke about letters objecting to any attempt by the City, to repeal and replace Palm Beach County's Traffic Concurrency studies, impact fees and proportionate share. He mentioned that the letters were coordinated with the County Attorney's Office and the County believes an attempt to repeal the County's laws would be unconstitutional. He stated that if the City adopts the Ordinance, the County plans to file any litigation necessary.

Susan Oyer stated that the residents are all for this, because this is our chance to get as much money as possible from these large buildings being built. She said that the mobility study still includes the train station, that we don't need and don't want. She suggested that we should be looking at putting trams in the City, and mentioned how amazing they are.

Barbara Ready stated that we don't need the train depot, and that she can't believe that the County is threatening to sue us for not getting money that we have paid.

Mayor Penserga closed Public Comment.

Motion

City Attorney Lamb stated the County did bring different proposals regarding the rates, and stated that if they approve it as is, it will be for the original rates. She said that they can make changes now, whether they want the 10% or 20% in reduction.

9. City Manager's Report- None

10. Regular Agenda

A. Discussion regarding Workforce Housing and Affordable Housing.

Vice Mayor Kelley stated that a lot has changed since she brought this up, and it opened up a new can of worms. She said that as a result, adjustments have been made to enhance affordable housing.

Amanda Radigan, Director, Planning and Development, spoke about workforce housing and affordable housing as follows: completed affordable housing developments; approved workforce housing developments; workforce housing program; what is the Boynton Beach Housing Trust Fund; potential housing initiatives/programs/incentives; and questions. She noted that the program is voluntary.

Vice Mayor Kelley stated that the incentives of the program are leaning towards attracting funding for the purchase of single-family homes. She said that she would like to see where the funds are directed and establish a true program, and to be the most fiscally responsible as possible.

Commissioner Turkin said that he likes the land acquisition option, and he is not in favor of awarding density. He stated that we need to look at subsidizing senior housing and other housing needs, and that they should look at what we have now, to see how they can help them now as well.

Mayor Penserga recommended figuring out which would increase new housing stock, what would help the current residents, and what would support our current housing stock to make it more affordable.

Ms. Radigan stated that option 1 and 3 would help with new construction. She explained the options.

Mayor Penserga asked about subsidy.

Ms. Radigan spoke about gap units and gap financing.

Commissioner Cruz stated that if we need to subsidize, we need to only subsidize for sale properties, such as single family houses and townhomes, and a portion only for seniors. She said that in her opinion, that although it's great that we get money, we're not in the business of developing land and they would have to rely on someone else to build the product.

There was further discussion regarding subsidizing properties and land acquisitions.

Commissioner Cruz said that she would support land acquisitions for For-Sale properties, and that a percentage would be allocated to seniors.

Ms. Radigan spoke about the difficulty in her ask to add a percentage to the rules for this, but said that she can look at options.

Commissioner Cruz mentioned the CRA, and deed restricting a parcel. She said that she would like to know more information on the legality of Live Local.

Attorney Lamb stated that they can have a conversation.

Ms. Radigan stated that she can share some great resources that they have, and mentioned what the City governs.

Attorney Lamb spoke about preemption and Home Rule.

There was discussion regarding the following: Comprehensive Plan; rezoning; advocating for reduction in density; enhancing green space; mitigation of this housing programs; request for a discussion for minimum-sized units; reason for this conversation about the workforce housing funds and how to use those funds; reiterate the different options; which program would make the most sense; 3 buckets mentioned by the Mayor; who gets the money; reiterating the different housing program options; senior and Veteran housing options; concept of off-site construction; federal funding grant money; and Commission direction.

B. Discussion regarding Miner Road Extension by Palm Beach County.

Vice Mayor Kelley stated that about a year and a half ago, her residents noticed surveying going on, on Miner Road. She mentioned that Miner Road is very narrow, and it is 45 MPH. She spoke about voicing her objection to expanding this road, and that the County said that they were going to do it regardless. She spoke about her conversation with the County regarding the surrounding roads and the data that the County said they had, and what was on the data. She mentioned the County's Five-Year Plan, right of way acquisition fees, and construction of the extension of Miner Road. She suggested that we could, as a Commission, send a letter to object the County's plan.

Mayor Penserga asked how best could we help.

Deputy City Manager Mack stated that we could continue to write letters, and that we should set up meetings with the County, because there will be impacts with this construction. He suggested a letter from the Commission be sent to the County.

Vice Mayor Kelley asked what the status of the animal control is and how that is being handled, because how it is being handled now is not working. She spoke about the complaints coming in regarding leash laws.

City Manager Dugger stated that we could add a full animal control position to the Police Department.

Vice Mayor Kelley said that she's not sure why it was removed, but she supports having a position that is full time here in the City.

Mayor Penserga asked for an update on that.

City Manager Dugger stated that it was a decision from the Police Chief, and that it was hard to replace the Animal Control Officer that retired, but he will explore those options and see what the best option is.

Vice Mayor Kelley said that we shouldn't be hearing about this at the Commission Meeting.

Commissioner Hay gave kudos on the Sims Center project going forward. He said that he would like to add a for staff to look at additional areas for more cemetery plots. He also spoke about allowing people in wheelchairs to get out to the water with beach wheelchairs.

City Manager Dugger said that the City has some, but maybe not enough.

Commissioner Turkin concurred on the Animal Control Officer as a budget amendment and add it back to the budget.

City Manager Dugger said that he could do that administratively with Commission direction.

Vice Mayor Kelley said we should already have that position, and she wants to know what happened to that position.

Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-069- Approve an annual expenditure increase to the service agreement with Catalis Payments, LLC for billing, mailings, electronic bill presentment, and payment for an updated expenditure of $420,000 per year.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-069.

Explanation of Request: The City currently has a service agreement with Catalis Payments, LLC through resolution R24-177 for the purchase of bill printing, mailing, and electronic bill presentment and lockbox payment services for Utilities and other City departments.

Catalis Payments, LLC delivers a comprehensive and seamless solution for managing utility billing and payment processing. Their system efficiently handles daily billing files, facilitating the distribution of both paper and electronic bills. In addition, Catalis Payments offers flexible payment options, including check, credit card, pay-by-phone, and autopay, while ensuring daily reconciliation of all payments for accurate reporting.

With a monthly volume of approximately 38,000 utility bills, Catalis Payments supports both hard copy and electronic formats to meet diverse customer preferences. The company enhances the customer experience with a user-friendly website that provides easy access to account management and payment options. Furthermore, an interactive voice response (IVR) system allows customers to conveniently interact with their accounts via phone, making account management and payments simple and efficient.

Per the Procurement Policy, the City previously utilized a Single Source procurement exemption through Resolution No. R24-177. A Single-Source Purchase allows an Award for Commodities, Services, or a construction item without competition when it is determined that more than one source is available; however, selecting a single vendor for the purchase is most advantageous for the City.

Pursuant to the Agreement certain services provided by Catalis are provided to the City through Catalis' subcontract, Data Prose. The below estimated annual expenditures provide a breakdown of fees for services by each party.

Utility Expenses:
Catalis $60,000
Data Prose $303,000

This increase will accommodate the following additional costs:

Processing approximately 17,000 business tax receipt bills during the renewal season and receiving payments in the lockbox for Development Services:
Data Prose $18,000
Catalis $18,000

Inserts for Public Works and Sanitation:
Data Prose $4,200

Marketing event inserts:
Data Prose $3,000

Other departments as needed: Estimated $13,800

The estimated annual expenditure is $420,000 per year.

How will this affect city programs or services?

Increasing the expenditure will enable the City to enhance service delivery for Utility Bills, Business Tax Receipt customers by ensuring timely receipt and processing of outstanding bills and payments. It will also allow the Public Works and Marketing departments to reach out to all customers and keep them informed regarding program schedules, hurricane preparation, mitigation, and City-wide events as needed.

City of Boynton Beach
Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-070- Approve the Piggyback Agreement with The Ware Group, LLC d/b/a Johnstone Supply, LLC for the purchase of HVAC equipment, parts, supplies (OEM), and services, piggybacking Palm Beach County (PBC) IFB #18-091/HS Contract #18091, with an annual total not to exceed $150,000.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-070.

Explanation of Request:

Agreement Term: January 8, 2025- June 17, 2025

The Public Works Department will use Johnstone Supply to purchase HVAC equipment, parts, OEM supplies, and services for City buildings and facilities. The Piggyback Agreement authorizes a total expenditure of $150,000 over the term of the agreement.

The City of Boynton Beach effectively saves both time and money by piggybacking contracts in accordance with NIGP (National Institute of Governmental Purchasing) best practices. By leveraging existing contracts awarded by other government entities, the City avoids the time-consuming process of competitive bidding for every purchase, thus streamlining procurement and expediting the delivery of goods and services.

This approach not only reduces administrative costs but also ensures access to pre-negotiated, often more favorable pricing, benefiting from the collective bargaining power of larger groups. Adopting NIGP best practices further ensures transparency, compliance, and the effective use of taxpayer funds while maintaining high standards of procurement efficiency. The Palm Beach County procurement process meets the City's competitive bidding requirements.

How will this affect city programs or services? Ensure continuity of the HVAC services throughout the City.

c. SBE BID DOCUMENT LANGUAGE

Item 1 – Policy
It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that SBE(s) have the maximum practical opportunity to participate in the competitive process of supplying goods, services and construction to the County. To that end, the Board of County Commissioners adopted a Small Business Ordinance which is codified in Sections 2-80.21 through 2-80.34 (as amended) of the Palm Beach County Code, which sets forth the County's requirements for the SBE program, and is incorporated in this solicitation. Compliance with the requirements contained in this section shall result in a bidder being deemed responsive to SBE requirements. The provisions of this Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.
Although preferences will not be extended to certified M/WBEs, unless otherwise provided by law, businesses eligible for certification as an M/WBE are encouraged to maintain their certification in order to assist in the tracking of M/WBE availability and awards of contracts to M/WBEs. This information is vital to determining whether race and gender neutral programs assist M/WBE firms or whether race and gender preferences are necessary in order to address any continued discrimination in the market.

Item 2 – SBE Goals
The County has established a minimum goal of 15% SBE participation for all County solicitations, inclusive of all alternates and change orders. This goal is a minimum, and no rounding will be accepted.

Item 3 – Ranking of Responsive Bidders
Bidders who meet the SBE goal will be deemed to be responsive to the SBE requirement.

a. In evaluating competitive bids or quotes between $1,000 and one million dollars ($1,000,000) where the low bidder is non-responsive to the SBE requirement, the contract shall be awarded to the low bidder responsive to the SBE requirement as long as the bid does not exceed the low bid amount by 10%. In the event there are no bidders responsive to the SBE requirement, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, as long as the bid does not exceed the low bid amount by ten percent (10%).

b. In evaluating bids in excess of one million dollars ($1,000,000), where the low bidder is non-responsive to the SBE requirement, the contract shall be awarded to the low bidder responsive to the SBE requirements provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars ($100,000) plus three percent (3%) of the total bid in excess of one million dollars ($1,000,000). In the event there are no bidders responsive to the SBE goal, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars ($100,000) plus three percent (3%) of the total bid in excess of one million dollars ($1,000,000).

Item 4 – Bid Submission Documentation
SBE bidders, bidding as prime contractors, are advised that they must complete Schedule 1 and Schedule 2, listing the work to be performed by their own workforce, as well as the work to be performed by any SBE subcontractor. Failure to include this information on Schedule 1 will result in the participation by the SBE prime bidders own workforce NOT being counted towards meeting the SBE goal. This requirement applies even if the SBE contractor intends to perform 100% of the work with their own workforce.

Bidders are required to submit with their bid the appropriate SBE-M/WBE schedules in order to be deemed responsive to the SBE requirements. SBE-M/WBE documentation to be submitted is as follows:

Schedule 1 – List of Proposed SBE and M/WBE Participation
This list shall contain the names of the SBE Prime SBE and subcontractors intended to be used in performance of the contract, if awarded. This schedule shall also be used if an SBE prime bidder is utilizing ANY subcontractors.

(Only Job Order Contracting (JOC) contracts and Task Authorizations for annual contracts may be excluded from this requirement.)

Schedule(s) 2 – Letter(s) of Intent to Perform as an SBE or M/WBE Subcontractor
A Schedule 2 shall be completed by the SBE Prime. A Schedule 2 shall be completed and signed by the proposed SBE subcontractor listed on Schedule 1. SBE Primes and SBE Subcontractors shall specify the type of work to be performed, the cost and / or percentage. If the SBE intends to subcontract any portion of the job to another certified SBE, or non-SBE, they are required to list the amount and the name of the subcontractor on this form. The Prime may count toward its SBE goal second and third tiered SBE subcontractors; provided that the Prime submits a completed Schedule 2 form for each SBE subcontractor. Additional sheets may be used as needed. In lieu of a Schedule 2, a detailed responsive proposal may be acceptable.

Item 5 – SBE Certification
Only those firms certified by Palm Beach County at the time of bid submission shall be counted toward the established SBE goals. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN SBE WITH PALM BEACH COUNTY**. It is the responsibility of the bidder to confirm the certification of any proposed SBE; therefore, it is recommended that bidders visit the on-line Vendor Directory at www.pbcgov.org/osba to verify SBE certification.

Item 6 – Counting SBE Participation (and M/WBE Participation for Tracking Purposes)

a. Once a firm is determined to be an eligible SBE according to the Palm Beach County certification procedures, the County or the Prime may count toward its SBE goals only that portion of the total dollar value of a contract performed by the SBE. Prior to issue, total dollar value of a contract will be determined by the PBC user department by defining factors to be considered as value. Total dollar value of retail contracts shall be determined by Gross Receipts.

b. The County may count toward its SBE goals the total value of a contract awarded to an eligible SBE firm that subsequently is decertified or whose certification has expired after a contract award date or during the performance of the contract.

c. The County or Prime may count toward its SBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the SBE partner in the joint venture.

d. The County or Prime may count toward its SBE goal the entire expenditures for materials and equipment purchased by an SBE subcontractor, provided that the SBE subcontractor has the responsibility for the installation of the purchased materials and equipment.

e. The County or Prime may count the entire expenditure to an SBE manufacturer (i.e., a supplier / distributor that produces goods from raw materials or substantially alters the goods before resale).

f. The County or Prime may count sixty percent (60%) of its expenditure to SBE suppliers / distributors that are not manufacturers.

g. The County or Prime may count toward its SBE goal second and third tiered SBE subcontractors; provided that the Prime submits a completed Schedule 2 form for each SBE subcontractor.

h. The County or Prime may only count toward its SBE goal the goods and services in which the SBE is certified and performs with its own forces.

Item 7 – Responsibilities After Contract Award

Schedule 3 – SBE-M/WBE Activity Form
This form shall be submitted by the prime contractor with each payment application when SBE subcontractors are utilized in the performance of the contract. This form shall contain the names of all SBE subcontractors, specify the subcontracted dollar amount for each subcontractor and show amount drawn and payments to date issued to subcontractors. This form is intended to be utilized on all non-professional services contracts.

Schedule 4 – SBE-M/WBE Payment Certification
A Schedule 4 for each SBE sub shall be completed and signed by the proposed SBE after receipt of payment from the Prime. If a SBE subcontractor intends to disburse any funds associated with this payment to any subcontractor for labor provided on this contract, the amount and name of the subcontractor must be listed on this form. In addition, if the named subcontractor is a certified SBE, then a Schedule 4 shall be completed and signed by the named SBE after receipt of payment from the SBE subcontractor. When applicable, the Prime shall submit this form with each application submitted to the County for payment to document payment issued to a sub in the performance of the contract.

All bidders hereby assure that they will meet the SBE participation percentages submitted in their respective bids with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Bidders agree to provide any additional information requested by the County to substantiate participation.

The successful bidder shall submit an SBE-M/WBE Activity Form (Schedule 3) and SBE-M/WBE Payment Certification Forms (Schedule 4) with each payment application. Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted. The SBE-M/WBE Activity Form is to be filled out by the Prime Contractor and the SBE-M/WBE Payment Certification Forms are to be executed by the SBE or M/WBE firm to verify receipt of payment.

Item 8 – SBE Substitutions
After contract award, the successful bidder will only be permitted to replace a certified SBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified SBE's in order to maintain the SBE percentages submitted with the bid. Requests for substitutions must be submitted to the user Department and OSBA.

d. **LOCAL PREFERENCE ORDINANCE**: In accordance with the Palm Beach County Local Preference Ordinance, a preference may be given to (1) bidders having a permanent place of business in Palm Beach County or (2) bidders having a permanent place of business in the Glades that are able to provide the goods or services within the Glades.

1. Glades Local Preference: Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Glades Local Preference is given when a Glades business offers to provide the goods or services that will be procured for use in the Glades. If the lowest responsive, responsible bidder is a non-Glades business, all bids received from responsive, responsible Glades businesses will be decreased by 5%. The original bid amount is not changed. The 5% decrease given for the Glades Local Preference is calculated only for the purpose of determining local preference.
2. Local Preference: Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Local Preference is given to bidders having a permanent place of business in Palm Beach County. If the lowest responsive, responsible bidder is a non-local business; all bids received from responsive, responsible local businesses will be decreased by 5%. The original bid amount is not changed. The 5% decrease given for the Local Preference is calculated only for the purpose of determining local preference.
3. To receive a Glades Local Preference or a Local Preference (collectively referred to as "local preference"), a bidder must have a permanent place of business in existence prior to the County's issuance of this Notice of Solicitation / Invitation for Bid. A permanent place of business means that the bidder's headquarters is located in Palm Beach County or in the Glades, as applicable; or, the bidder has a permanent office or other site in Palm Beach County or in the Glades, as applicable, where the bidder will produce a substantial portion of the goods or services to be purchased. A valid Business Tax Receipt issued by the Palm Beach County Tax Collector is required, unless the bidder is exempt from the business tax receipt requirement by law, and will be used to verify that the bidder had a permanent place of business prior to the issuance of this Notice of Solicitation / Invitation for Bid. In addition, the attached "Certification of Business Location" and Business Tax Receipt must accompany the bid at the time of bid submission. The Palm Beach County Business Tax Receipt and this Certification are the sole determinant of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the bidder / proposer to not receive a local preference.

e. **DRUG FREE WORKPLACE CERTIFICATION**: In compliance with Florida Statute (Section 287.087) attached form "Drug-Free Workplace Certification" should be fully executed and submitted with bid response in order to be considered for a preference whenever two (2) or more bids which are equal with respect to price, quality, and service are received by Palm Beach County.

f. **CONDITIONED OFFERS**: Bidders are cautioned that any condition, qualification, provision, or comment in their bid, or in other correspondence transmitted with their bid, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, is sufficient cause for the rejection of their bid as non-responsive.

g. **PRICING**:

1. Prices offered must be the price for new merchandise and free from defect. Unless specifically requested in the bid specifications, any bids containing modifying or escalation clauses shall be rejected.
2. The price offered must be in accordance with the unit of measure provided on the bid response page(s). One (1) space or line requires only one (1) single, fixed unit price. Anything other than a single, fixed unit price shall result in the rejection of your bid.
3. All unit prices bid should be within two (2) decimal points. If bidder's pricing exceeds two (2) decimal points, Purchasing reserves the right to round up or down accordingly.
4. Bidder warrants by virtue of bidding that prices shall remain firm for a period of ninety (90) days from the date of bid submission to allow for evaluation and award.
5. Bidder warrants by virtue of bidding that prices shall remain firm for the initial and any subsequent term.
6. In the event of mathematical error(s), the unit price shall prevail and the bidder's total offer shall be corrected accordingly. **BIDS HAVING ERASURES OR CORRECTIONS MUST BE INITIALED BY THE BIDDER**

PRIOR TO BID SUBMISSION. IF THE CORRECTION IS NOT PROPERLY INITIALED, OR IF THE INTENT OR LEGIBILITY OF THE CORRECTION IS NOT CLEAR, THE BID SHALL BE REJECTED.

7. Bidders may offer a cash discount for prompt payment. However, such discounts shall not be considered in determining the lowest net cost for bid evaluation purposes unless otherwise specified in the special conditions. Bidders should reflect any discounts to be considered in the unit prices bid.

h. **SUBMITTING NO BID or NO CHARGE**: Bidders not wishing to bid on some items sought by this solicitation should mark those items as "no bid". If some items are to be offered at no charge, bidders should mark those items as "no charge". Items left blank shall be considered a "no bid" for that item, and the bid shall be evaluated accordingly.

i. **ACCEPTANCE / REJECTION OF BIDS**: Palm Beach County reserves the right to accept or to reject any or all bids. Palm Beach County also reserves the right to (1) waive any non-substantive irregularities and technicalities; (2) reject the bid of any bidder who has previously failed in the proper performance of a contract of a similar nature, who has been suspended or debarred by another governmental entity, or who is not in a position to perform properly under this award; and (3) inspect all facilities of bidders in order to make a determination as to its ability to perform.

Palm Beach County reserves the right to reject any offer or bid if the prices for any line items or subline items are materially unbalanced. An offer is materially unbalanced if it is mathematically unbalanced, and if there is reason to believe that the offer would not result in the lowest overall cost to the County, even though it is the lowest evaluated offer. An offer is mathematically unbalanced if it is based on prices which are significantly less than fair market price for some bid line item and significantly greater than fair market price for other bid line items. Fair market price shall be determined based on industry standards, comparable bids or offers, existing contracts, or other means of establishing a range of current prices for which the line items may be obtained in the market place. The determination of whether a particular offer or bid is materially unbalanced shall be made in writing by the Purchasing Director, citing the basis for the determination.

j. **NON-EXCLUSIVE**: The County reserves the right to acquire some or all of these goods and services through a State of Florida contract under the provisions of Section 287.042, Florida Statutes, provided the State of Florida contract offers a lower price for the same goods and services. This reservation applies both to the initial award of this solicitation and to acquisition after a term contract may be awarded. Additionally, Palm Beach County reserves the right to award other contracts for goods and services falling within the scope of this solicitation and resultant contract when the specifications differ from this solicitation or resultant contract, or for goods and services specified in this solicitation when the scope substantially differs from this solicitation or resultant contract.

l. **PERFORMANCE DURING EMERGENCY**: By submitting a bid, bidder agrees and promises that, immediately preceding, during and after a public emergency, disaster, hurricane, flood, or act of God, Palm Beach County shall be given "first priority" for all goods and services under the contract. Bidder agrees to provide all goods and services to Palm Beach County immediately preceding, during and after a public emergency, disaster, hurricane, flood, or act of God, at the terms, conditions, and prices as provided in this solicitation on a "first priority" basis. Bidder shall furnish a 24-hour phone number to the County. Failure to provide the goods or services to the County on a first priority basis immediately preceding, during and after a public emergency, disaster, hurricane, flood, or act of God, shall constitute breach of contract and subject the bidder to sanctions from doing further business with the County.

m. **SALES PROMOTIONS / PRICE REDUCTIONS / MOST FAVORED CUSTOMER**: Should sales promotions occur during the term of the contract that lower the price of the procured item, the successful bidder shall extend to the County the lower price offered by the manufacturer on any such promotional item. Further, any price decreases effectuated during the contract period by reason of market change or otherwise, shall be passed on to Palm Beach County. Additionally, anytime after award, the successful bidder may offer a reduced price which shall remain in effect for the duration of the contract. The successful bidder warrants that the price(s) shall not exceed the successful bidder's price(s) extended to its most favored customer for the same or similar goods or services in similar quantities, or the current market price, whichever is lower. In the event the successful bidder offers more favorable pricing to one of its customer(s), the successful bidder shall extend to the County the same pricing or the then current market price, whichever is lower.

4. BID SUBMISSION TIME / AWARD OF BID

a. **OBSERVING THE PUBLISHED BID SUBMISSION TIME**: **The published bid submission time shall be scrupulously observed.** It is the sole responsibility of the bidder to ensure that their bid arrives in the Purchasing Department prior to the published bid submission time. c. **PROTEST PROCEDURE**: Protest procedures are provided in the Palm Beach County Purchasing Code. Protests must be submitted in writing, addressed to the Director of Purchasing, via hand delivery, mail or fax to (561) 242-6705. The protest is considered filed when it is received by the Purchasing Department. Failure to file protest as outlined in the Palm Beach County Purchasing Code shall constitute a waiver of proceedings under the referenced County Code.

5. CONTRACT ADMINISTRATION

a. **DELIVERY AND ACCEPTANCE**: Deliveries of all items shall be made as soon as possible. Deliveries resulting from this bid are to be made during the normal working hours of the County. Time is of the essence and delivery dates must be met. In the event the County terminates the contract in whole or in part because of default of the successful bidder, the County may procure goods and / or services similar to those terminated, and the successful bidder shall be liable for any excess costs incurred due to this action.

If it is determined that the successful bidder was not in default or that the default was excusable (e.g., failure due to causes beyond the control of, or without the fault or negligence of, the successful bidder), the rights and obligations of the parties shall be those provided in Section 5f, "Termination for Convenience".

f. **TERMINATION FOR CONVENIENCE**: The Director of Purchasing may, whenever the interests of the County so require, terminate the contract, in whole or in part, for the convenience of the County. The Director of Purchasing shall give five (5) days prior written notice of termination to the successful bidder, specifying the portions of the contract to be terminated and when the termination is to become effective. If only portions of the contract are terminated, the successful bidder has the right to withdraw, without adverse action, from the entire contract.

Unless directed differently in the notice of termination, the successful bidder shall incur no further obligations in connection with the terminated work, and shall stop work to the extent specified and on the date given in the notice of termination. Additionally, unless directed differently, the successful bidder shall terminate outstanding orders and / or subcontracts related to the terminated work.

g. **REMEDIES:** No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law, or in equity, by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

6. **PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL AUDIT REQUIREMENTS**: Pursuant to Palm Beach County Code, Section 2-421 – 2-440, as amended, Palm Beach County's Office of Inspector General is authorized to review past, present and proposed County contracts, transactions, accounts, and records. The Inspector General's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the County, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be a violation of Palm Beach County Code, Section 2-421 – 2-440, and punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second degree misdemeanor.

7. **BUSINESS INFORMATION**: If bidder is a Joint Venture for the goods / services described herein, bidder shall, upon request of Palm Beach County, provide a copy of the Joint Venture Agreement signed by all parties.

THIS IS THE END OF "GENERAL CONDITIONS"

SPECIAL CONDITIONS

8. GENERAL / SPECIAL CONDITION PRECEDENCE

In the event of conflict between General Conditions and Special Conditions, the provisions of the Special Conditions shall have precedence.

9. QUALIFICATION OF BIDDERS

This bid shall be awarded only to a responsive and responsible bidder, qualified to provide the goods and/or service specified. The bidder shall, upon request, promptly furnish the County sufficient evidence in order to confirm a satisfactory performance record. Such information may include an adequate financial statement of resources, the ability to comply with required or proposed delivery or performance schedule, a satisfactory record of integrity and business ethics, the necessary organization, experience, accounting and operation controls, and technical skills, and be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The bidder should submit the following information with their bid response; however, if not included, it shall be the responsibility of the bidder to submit all evidence, as solicited, within a timeframe specified by the County (normally within two working days of request). Failure of a bidder to provide the required information within the specified time frame is considered sufficient cause for rejection of their bid. **Information submitted with a previous bid shall not satisfy this provision.**

A. The bidder, if not the manufacturer, must provide written evidence executed by the manufacturer, stating that the bidder is, in fact, an authorized dealer/distributor/reseller of the manufacturer.

10. AWARD (ITEM-BY-ITEM)

Palm Beach County shall award this bid to the lowest, responsive, responsible bidder on an item-by-item basis. The County reserves the right to reject bids which would result in an award which is financially disadvantageous to the County. An award may be considered financially disadvantageous when it would result in an award to a bidder for less than $1,000, or when it would result in awards of multiple small fragments. This policy is predicated on avoidance of increased administrative costs and operational complexity.

11. CATALOGS, PRICE LIST(S), ETC.

Upon request, the successful bidder shall supply at no charge current catalogs for all awarded manufacturers. The successful bidder shall update and keep all catalogs throughout the term of the contract. When a revision to the manufacturer's catalog occurs which includes the addition of new products within the scope of this solicitation, the discount and net price of the new products must be equal to or better than the discount and price of items originally included in this solicitation.

Upon award, the successful bidder shall supply one copy of the appropriate catalog(s) to:

Palm Beach County Finance Department
Supervisor, Pre-Audit Division
P.O. Box 4036
West Palm Beach, Florida 33402-4036
(561) 355-3011

Note: All Catalogs shall clearly identify the term contract number and the successful bidder's name, address and telephone number. Additionally, catalogs, if not the manufacturer, will not satisfy this requirement.

12. INVOICES

When invoicing the County for goods purchased under this solicitation, the successful bidder must provide complete, accurate invoices which must include for every item purchased a unique catalog number, a definitive description, the catalog/list price, and the invoiced price. If the applicable catalog does not provide unique numbers, the description of the item must be sufficiently accurate to specifically identify the goods provided to the County. Example: Invoice shall include:

Item #	Description	Part #	List Price	Discount	Discount Price	Qty	Total
1.	Sony speaker	#123	$50.00	50%	$25.00	3	$75.00

13. AUDIT

All items sold to Palm Beach County as a result of this bid award are subject to post sale audit adjustment. In the event an audit indicates the successful bidder has not honored quoted price lists and discounts, the successful bidder shall be liable for any and all overage charges, and may be considered in default of the contract.

14. METHOD OF ORDERING (TERM CONTRACT)

A contract shall be issued for a term of sixty (60) months or until the estimated amount is expended, at the discretion of the County. The County will order on an "as needed" basis.

15. F.O.B. POINT

The F.O.B. point shall be destination. Exact delivery point will be indicated on the term contract delivery order (DO). Bid responses showing other than F.O.B. destination shall be rejected. Bidder retains title and assumes all transportation charges, responsibility, liability and risk in transit, and shall be responsible for the filing of claims for loss or damages.

16. DELIVERY

Delivery shall be required within four (4) calendar days after receipt of term contract delivery order (DO) for stock items and ten (10) calendar days for non-stock items, unless a modified delivery date has been requested by the successful bidder and approved in writing by the Purchasing Director or his/her designee. Failure of the successful bidder to perform to the delivery requirement, is sufficient cause for default and termination of the contract.

17. AS SPECIFIED

A term contract delivery order (DO) will be issued to the successful bidder with the understanding that all items delivered must meet the specifications herein. Palm Beach County will return, at the expense of the successful bidder, items not delivered as specified.

18. ESTIMATED EXPENDITURES

The anticipated term of the contract to be awarded as a result of this bid is for sixty (60) months. The anticipated value during the contract term is $4,905,000. Palm Beach County reserves the right to increase or decrease the anticipated value as necessary to meet actual requirements, and to rebid for the contracted goods and services at any time after the anticipated value of the contract has been reached, notwithstanding that the anticipated term has not been completed.

19. BRAND / MANUFACTURER REFERENCED

Only the referenced manufacturer will be considered. Bids will be considered only from manufacturers or their authorized dealer/distributor/reseller. Authorized dealers/distributors/resellers must regularly maintain an adequate stock of materials normally required to meet the requirements of this bid.

20. WARRANTY

The successful bidder shall furnish factory/manufacturer warranty on all items furnished hereunder against defect in materials and/or workmanship. The factory/manufacturer warranty shall become effective on the date of delivery and acceptance by Palm Beach County. Should any defect in materials or workmanship, excepting ordinary wear and tear, appear during the above stated warranty period, the successful bidder shall repair or replace same at no cost to Palm Beach County.

21. PACKAGING / SHIPPING LABELS

Each carton, case, and/or package delivered as a result of the contract shall include a shipping label and packing slip. Each shipping label shall specify the Purchase Order number, and the carton/case/package number per total number of cartons/cases/packages shipped for the order. Each packing slip (and all required copies) shall specify the successful bidders name, part number, part description, and the quantity for each part delivered. Parts delivered in the original manufacturer's cartons/cases/packages are acceptable, and each carton/case/package shall be labeled or marked with specific information including but not limited to manufacturer's name, part number, product type and style, brand name, size, weight, dimensions, compositional materials, and carton/case/package quantity.

22. TERMINATION OF RELATIONSHIP WITH MANUFACTURER

In the event the successful bidder's relationship as an authorized representative of a particular manufacturer's line is terminated by the manufacturer, a notice of termination shall be supplied, in writing, to the Purchasing Department. Supporting documentation from the manufacturer, terminating their relationship with the successful bidder, shall be included. If notification is not provided to the Purchasing Department as outlined above, the successful bidder may face termination from the contract and possible sanctions of being suspended from doing business with the County for up to two (2) years.

Failure to meet this requirement shall be considered a default of contract.

c. **INDEPENDENT CONTRACTOR RELATIONSHIP**: The successful bidder is, and shall be, in the performance of all work, services, and activities under the Contract, an Independent Contractor and not an employee, agent, or servant of the COUNTY. All persons engaged in any of the work or services performed pursuant to the Contract shall at all times, and in all places, be subject to the successful bidder's sole direction, supervision, and control. The successful bidder shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the successful bidder's relationship, and the relationship of its employees, to the COUNTY shall be that of an Independent Contractor and not as employees or agents of the COUNTY.

County facilities that require this heightened level of security are identified in Resolution R-2003-1274, as amended. In Octo

2013, compliance with the requirements of the U. S. Federal Bureau of Investigations CJI Security Policy was added to the Ordinance, which includes a broad list of disqualifying offenses. The bidder is solely responsible for understanding the financial, schedule, and / or staffing implications of this Ordinance. Further, the bidder acknowledges that its bid price includes any and all direct or indirect costs associated with compliance with this Ordinance, except for the applicable FDLE / FBI fees that shall be paid by the County.

e. **PUBLIC ENTITY CRIMES**: F.S. 287.133 requires Palm Beach County to notify all bidders of the following: "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in F.S. 287.017 for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."

f. **NON-COLLUSION**: Bidder certifies that it has entered into no agreement to commit a fraudulent, deceitful, unlawful, or wrongful act, or any act which may result in unfair advantage for one or more bidders over other bidders. Conviction for the Commission of any fraud or act of collusion in connection with any sale, bid, quotation, proposal or other act incident to doing business with Palm Beach County may result in permanent debarment.

No premiums, rebates or gratuities are permitted; either with, prior to or after any delivery of material or provision of services. Any such violation may result in award cancellation, return of materials, discontinuation of services, and removal from the vendor bid list(s), and / or debarment or suspension from doing business with Palm Beach County.

g. **LOBBYING**: Bidders are advised that the "Palm Beach County Lobbyist Registration Ordinance" prohibits a bidder or anyone representing the bidder from communicating with any County Commissioner, County Commissioner's staff, or any employee authorized to act on behalf of the Commission to award a particular contract regarding its bid, i.e., a "Cone of Silence".

The "Cone of Silence" is in effect from the date / time of the deadline for submission of the bid, and terminates at the time that the Board of County Commissioners or a County Department authorized to act on their behalf, awards or approves a contract, rejects all bids, or otherwise takes action which ends the solicitation process.

Bidders may, however, contact any County Commissioner, County Commissioner's staff, or any employee authorized to act on behalf of the Commission to award a particular contract, via written communication, i.e., facsimile, e-mail or U.S. mail. Violations of the "Cone of Silence" are punishable by a fine of $250.00 per violation.

h. **CONFLICT OF INTEREST**: All bidders shall disclose with their bid the name of any officer, director, or agent who is also an employee or a relative of an employee of Palm Beach County. Further, all bidders shall disclose the name of any County employee or relative of a County employee who owns, directly or indirectly, an interest of ten percent or more in the bidder's firm or any of its branches.

i. **SUCCESSORS AND ASSIGNS**: The County and the successful bidder each binds itself and its successors and assigns to the other party in respect to all provisions of the Contract. Neither the County nor the successful bidder shall assign, sublet, convey or transfer its interest in the Contract without the prior written consent of the other.

j. **INDEMNIFICATION**: Regardless of the coverage provided by any insurance, the successful bidder shall indemnify, save harmless and defend the County, its agents, servants, or employees from and against any and all claims, liability, losses and / or causes of action which may arise from any negligent act or omission of the successful bidder, its subcontractors, agents, servants or employees during the course of performing services or caused by the goods provided pursuant to these bid documents and / or resultant contract.

k. **PUBLIC RECORDS, ACCESS AND AUDITS**: The bidder agrees that copies of any and all property, work product, documentation, reports, computer systems and software, schedules, graphs, outlines, books, manuals, logs, files, deliverables, photographs, videos, tape recordings or data relating to the Contract which have been created as a part of the bidder's services or authorized by the COUNTY as a reimbursable expense, whether generated directly by the bidder, or by or in conjunction or consultation with any other party whether or not a party to the Contract, whether or not in privity of contract with the COUNTY or the bidder, and wherever located shall be the property of the COUNTY.

Any material submitted in response to this solicitation is considered a public document in accordance with Section 119.07, F.S. This includes material which the responding bidder might consider to be confidential. All submitted information that the responding bidder believes to be confidential and exempt from disclosure (i.e., a trade secret or as provided for in Section 119.07 and Section 812.081, F.S.) must be specifically identified as such. Upon receipt of a public records request for such information, a determination will be made as to whether the identified information is, in fact, confidential.

The bidder shall maintain records related to all charges, expenses, and costs incurred in estimating and performing the work for at least three (3) years after completion or termination of the Contract. The COUNTY shall have access to such records as required in this Section for the purpose of inspection or audit during normal business hours, at the Bidder's place of business.

Notwithstanding anything contained herein, as provided under Section 119.0701, F.S., if the Bidder: **(i) provides a service; and (ii) acts on behalf of the COUNTY as provided under Section 119.011(2), F.S.**, the Bidder shall comply with the requirements of Section 119.0701, Florida Statutes, as it may be amended from time to time. The Bidder is specifically required to:

1. Keep and maintain public records required by the COUNTY to perform services provided under the Contract.
2. Upon request from the COUNTY's Custodian of Public Records ("County's Custodian") or COUNTY's representative/liaison, on behalf of the County's Custodian, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law. The Bidder further agrees that all fees, charges and expenses shall be determined in accordance with Palm Beach County PPM CW-F-002, Fees Associated with Public Records Requests, as it may be amended or replaced from time to time.
3. Ensure that public records that are exempt, or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the Contract, if the Bidder does not transfer the records to the public agency. Nothing contained herein shall prevent the disclosure of or the provision of records to the COUNTY.
4. Upon completion of the Contract, the Bidder shall transfer, at no cost to the COUNTY, all public records in possession of the Bidder unless notified by COUNTY's representative/liaison, on behalf of the County's Custodian, to keep and maintain public records required

by the COUNTY to perform the service. If the Bidder transfers all public records to the COUNTY upon completion of the Contract, the Bidder shall destroy any duplicate public records that are exempt, or confidential and exempt from public records disclosure requirements. If the Bidder keeps and maintains public records upon completion of the Contract, the Bidder shall meet all applicable requirements for retaining public records. All records stored electronically by the Bidder must be provided to the COUNTY, upon request of the County's Custodian or the COUNTY's representative/liaison, on behalf of the County's Custodian, in a format that is compatible with the information technology systems of COUNTY, at no cost to COUNTY.

Bidder acknowledges that it has familiarized itself with the requirements of Chapter 119, F. S., and other requirements of state law applicable to public records not specifically set forth herein. Failure of the Bidder to comply with the requirements of this Section, Chapter 119, F.S. and other applicable requirements of state law, shall be a material breach of the Contract. COUNTY shall have the right to exercise any and all remedies available to it for breach of contract, including but not limited to, the right to terminate for cause.

IF THE BIDDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE BIDDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE CONTRACT, PLEASE CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT RECORDS REQUEST, PALM BEACH COUNTY PUBLIC AFFAIRS DEPARTMENT, 301 N. Any legal action necessary to enforce the award or the resultant contract will be held in a court of competent jurisdiction located in Palm Beach County, Florida.

n. **NO THIRD PARTY BENEFICIARIES**: No provision of the Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to the Contract, including but not limited to any citizen or employees of the County and / or successful bidder.

c. SBE BID DOCUMENT LANGUAGE

Item 1 – Policy
It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that SBE(s) have the maximum practical opportunity to participate in the competitive process of supplying goods, services and construction to the County. To that end, the Board of County Commissioners adopted a Small Business Ordinance which is codified in Sections 2-80.21 through 2-80.34 (as amended) of the Palm Beach County Code, which sets forth the County's requirements for the SBE program, and is incorporated in this solicitation. Compliance with the requirements contained in this section shall result in a bidder being deemed responsive to SBE requirements. The provisions of this Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.
Although preferences will not be extended to certified M/WBEs, unless otherwise provided by law, businesses eligible for certification as an M/WBE are encouraged to maintain their certification in order to assist in the tracking of M/WBE availability and awards of contracts to M/WBEs. This information is vital to determining whether race and gender neutral programs assist M/WBE firms or whether race and gender preferences are necessary in order to address any continued discrimination in the market.

Item 2 – SBE Goals
The County has established a minimum goal of 15% SBE participation for all County solicitations, inclusive of all alternates and change orders. This goal is a minimum, and no rounding will be accepted.

Item 3 – Ranking of Responsive Bidders
Bidders who meet the SBE goal will be deemed to be responsive to the SBE requirement.

a. In evaluating competitive bids or quotes between $1,000 and one million dollars ($1,000,000) where the low bidder is non-responsive to the SBE requirement, the contract shall be awarded to the low bidder responsive to the SBE requirement as long as the bid does not exceed the low bid amount by 10%. In the event there are no bidders responsive to the SBE requirement, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, as long as the bid does not exceed the low bid amount by ten percent (10%).

b. In evaluating bids in excess of one million dollars ($1,000,000), where the low bidder is non-responsive to the SBE requirement, the contract shall be awarded to the low bidder responsive to the SBE requirements provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars ($100,000) plus three percent (3%) of the total bid in excess of one million dollars ($1,000,000). In the event there are no bidders responsive to the SBE goal, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars ($100,000) plus three percent (3%) of the total bid in excess of one million dollars ($1,000,000).

Item 4 – Bid Submission Documentation
SBE bidders, bidding as prime contractors, are advised that they must complete Schedule 1 and Schedule 2, listing the work to be performed by their own workforce, as well as the work to be performed by any SBE subcontractor. Failure to include this information on Schedule 1 will result in the participation by the SBE prime bidders own workforce NOT being counted towards meeting the SBE goal. This requirement applies even if the SBE contractor intends to perform 100% of the work with their own workforce.

Bidders are required to submit with their bid the appropriate SBE-M/WBE schedules in order to be deemed responsive to the SBE requirements. SBE-M/WBE documentation to be submitted is as follows:

Schedule 1 – List of Proposed SBE and M/WBE Participation
This list shall contain the names of the SBE Prime SBE and subcontractors intended to be used in performance of the contract, if awarded. This schedule shall also be used if an SBE prime bidder is utilizing ANY subcontractors.

(Only Job Order Contracting (JOC) contracts and Task Authorizations for annual contracts may be excluded from this requirement.)

Schedule(s) 2 – Letter(s) of Intent to Perform as an SBE or M/WBE Subcontractor
A Schedule 2 shall be completed by the SBE Prime. A Schedule 2 shall be completed and signed by the proposed SBE subcontractor listed on Schedule 1. SBE Primes and SBE Subcontractors shall specify the type of work to be performed, the cost and / or percentage. If the SBE intends to subcontract any portion of the job to another certified SBE, or non-SBE, they are required to list the amount and the name of the subcontractor on this form. The Prime may count toward its SBE goal second and third tiered SBE subcontractors; provided that the Prime submits a completed Schedule 2 form for each SBE subcontractor. Additional sheets may be used as needed. In lieu of a Schedule 2, a detailed responsive proposal may be acceptable.

Item 5 – SBE Certification
Only those firms certified by Palm Beach County at the time of bid submission shall be counted toward the established SBE goals. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN SBE WITH PALM BEACH COUNTY**. It is the responsibility of the bidder to confirm the certification of any proposed SBE; therefore, it is recommended that bidders visit the on-line Vendor Directory at www.pbcgov.org/osba to verify SBE certification.

Item 6 – Counting SBE Participation (and M/WBE Participation for Tracking Purposes)

a. Once a firm is determined to be an eligible SBE according to the Palm Beach County certification procedures, the County or the Prime may count toward its SBE goals only that portion of the total dollar value of a contract performed by the SBE. Prior to issue, total dollar value of a contract will be determined by the PBC user department by defining factors to be considered as value. Total dollar value of retail contracts shall be determined by Gross Receipts.

b. The County may count toward its SBE goals the total value of a contract awarded to an eligible SBE firm that subsequently is decertified or whose certification has expired after a contract award date or during the performance of the contract.

c. The County or Prime may count toward its SBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the SBE partner in the joint venture.

d. The County or Prime may count toward its SBE goal the entire expenditures for materials and equipment purchased by an SBE subcontractor, provided that the SBE subcontractor has the responsibility for the installation of the purchased materials and equipment.

e. The County or Prime may count the entire expenditure to an SBE manufacturer (i.e., a supplier / distributor that produces goods from raw materials or substantially alters the goods before resale).

f. The County or Prime may count sixty percent (60%) of its expenditure to SBE suppliers / distributors that are not manufacturers.

g. The County or Prime may count toward its SBE goal second and third tiered SBE subcontractors; provided that the Prime submits a completed Schedule 2 form for each SBE subcontractor.

h. The County or Prime may only count toward its SBE goal the goods and services in which the SBE is certified and performs with its own forces.

Item 7 – Responsibilities After Contract Award

Schedule 3 – SBE-M/WBE Activity Form
This form shall be submitted by the prime contractor with each payment application when SBE subcontractors are utilized in the performance of the contract. This form shall contain the names of all SBE subcontractors, specify the subcontracted dollar amount for each subcontractor and show amount drawn and payments to date issued to subcontractors. This form is intended to be utilized on all non-professional services contracts.

Schedule 4 – SBE-M/WBE Payment Certification
A Schedule 4 for each SBE sub shall be completed and signed by the proposed SBE after receipt of payment from the Prime. If a SBE subcontractor intends to disburse any funds associated with this payment to any subcontractor for labor provided on this contract, the amount and name of the subcontractor must be listed on this form. In addition, if the named subcontractor is a certified SBE, then a Schedule 4 shall be completed and signed by the named SBE after receipt of payment from the SBE subcontractor. When applicable, the Prime shall submit this form with each application submitted to the County for payment to document payment issued to a sub in the performance of the contract.

All bidders hereby assure that they will meet the SBE participation percentages submitted in their respective bids with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Bidders agree to provide any additional information requested by the County to substantiate participation.

The successful bidder shall submit an SBE-M/WBE Activity Form (Schedule 3) and SBE-M/WBE Payment Certification Forms (Schedule 4) with each payment application. Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted. The SBE-M/WBE Activity Form is to be filled out by the Prime Contractor and the SBE-M/WBE Payment Certification Forms are to be executed by the SBE or M/WBE firm to verify receipt of payment.

Item 8 – SBE Substitutions
After contract award, the successful bidder will only be permitted to replace a certified SBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified SBE's in order to maintain the SBE percentages submitted with the bid. Requests for substitutions must be submitted to the user Department and OSBA.

d. **LOCAL PREFERENCE ORDINANCE**: In accordance with the Palm Beach County Local Preference Ordinance, a preference may be given to (1) bidders having a permanent place of business in Palm Beach County or (2) bidders having a permanent place of business in the Glades that are able to provide the goods or services within the Glades.

1. Glades Local Preference: Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Glades Local Preference is given when a Glades business offers to provide the goods or services that will be procured for use in the Glades. If the lowest responsive, responsible bidder is a non-Glades business, all bids received from responsive, responsible Glades businesses will be decreased by 5%. The original bid amount is not changed. The 5% decrease given for the Glades Local Preference is calculated only for the purpose of determining local preference.
2. Local Preference: Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Local Preference is given to bidders having a permanent place of business in Palm Beach County. If the lowest responsive, responsible bidder is a non-local business; all bids received from responsive, responsible local businesses will be decreased by 5%. The original bid amount is not changed. The 5% decrease given for the Local Preference is calculated only for the purpose of determining local preference.
3. To receive a Glades Local Preference or a Local Preference (collectively referred to as "local preference"), a bidder must have a permanent place of business in existence prior to the County's issuance of this Notice of Solicitation / Invitation for Bid. A permanent place of business means that the bidder's headquarters is located in Palm Beach County or in the Glades, as applicable; or, the bidder has a permanent office or other site in Palm Beach County or in the Glades, as applicable, where the bidder will produce a substantial portion of the goods or services to be purchased. A valid Business Tax Receipt issued by the Palm Beach County Tax Collector is required, unless the bidder is exempt from the business tax receipt requirement by law, and will be used to verify that the bidder had a permanent place of business prior to the issuance of this Notice of Solicitation / Invitation for Bid. In addition, the attached "Certification of Business Location" and Business Tax Receipt must accompany the bid at the time of bid submission. The Palm Beach County Business Tax Receipt and this Certification are the sole determinant of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the bidder / proposer to not receive a local preference.

e. **DRUG FREE WORKPLACE CERTIFICATION**: In compliance with Florida Statute (Section 287.087) attached form "Drug-Free Workplace Certification" should be fully executed and submitted with bid response in order to be considered for a preference whenever two (2) or more bids which are equal with respect to price, quality, and service are received by Palm Beach County.

f. **CONDITIONED OFFERS**: Bidders are cautioned that any condition, qualification, provision, or comment in their bid, or in other correspondence transmitted with their bid, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, is sufficient cause for the rejection of their bid as non-responsive.

g. **PRICING**:

1. Prices offered must be the price for new merchandise and free from defect. Unless specifically requested in the bid specifications, any bids containing modifying or escalation clauses shall be rejected.
2. The price offered must be in accordance with the unit of measure provided on the bid response page(s). One (1) space or line requires only one (1) single, fixed unit price. Anything other than a single, fixed unit price shall result in the rejection of your bid.
3. All unit prices bid should be within two (2) decimal points. If bidder's pricing exceeds two (2) decimal points, Purchasing reserves the right to round up or down accordingly.
4. Bidder warrants by virtue of bidding that prices shall remain firm for a period of ninety (90) days from the date of bid submission to allow for evaluation and award.
5. Bidder warrants by virtue of bidding that prices shall remain firm for the initial and any subsequent term.
6. In the event of mathematical error(s), the unit price shall prevail and the bidder's total offer shall be corrected accordingly. **BIDS HAVING ERASURES OR CORRECTIONS MUST BE INITIALED BY THE BIDDER**

PRIOR TO BID SUBMISSION. IF THE CORRECTION IS NOT PROPERLY INITIALED, OR IF THE INTENT OR LEGIBILITY OF THE CORRECTION IS NOT CLEAR, THE BID SHALL BE REJECTED.

7. Bidders may offer a cash discount for prompt payment. However, such discounts shall not be considered in determining the lowest net cost for bid evaluation purposes unless otherwise specified in the special conditions. Bidders should reflect any discounts to be considered in the unit prices bid.

h. **SUBMITTING NO BID or NO CHARGE**: Bidders not wishing to bid on some items sought by this solicitation should mark those items as "no bid". If some items are to be offered at no charge, bidders should mark those items as "no charge". Items left blank shall be considered a "no bid" for that item, and the bid shall be evaluated accordingly.

i. **ACCEPTANCE / REJECTION OF BIDS**: Palm Beach County reserves the right to accept or to reject any or all bids. Palm Beach County also reserves the right to (1) waive any non-substantive irregularities and technicalities; (2) reject the bid of any bidder who has previously failed in the proper performance of a contract of a similar nature, who has been suspended or debarred by another governmental entity, or who is not in a position to perform properly under this award; and (3) inspect all facilities of bidders in order to make a determination as to its ability to perform.

Palm Beach County reserves the right to reject any offer or bid if the prices for any line items or subline items are materially unbalanced. An offer is materially unbalanced if it is mathematically unbalanced, and if there is reason to believe that the offer would not result in the lowest overall cost to the County, even though it is the lowest evaluated offer. An offer is mathematically unbalanced if it is based on prices which are significantly less than fair market price for some bid line item and significantly greater than fair market price for other bid line items. Fair market price shall be determined based on industry standards, comparable bids or offers, existing contracts, or other means of establishing a range of current prices for which the line items may be obtained in the market place. The determination of whether a particular offer or bid is materially unbalanced shall be made in writing by the Purchasing Director, citing the basis for the determination.

j. **NON-EXCLUSIVE**: The County reserves the right to acquire some or all of these goods and services through a State of Florida contract under the provisions of Section 287.042, Florida Statutes, provided the State of Florida contract offers a lower price for the same goods and services. This reservation applies both to the initial award of this solicitation and to acquisition after a term contract may be awarded. Additionally, Palm Beach County reserves the right to award other contracts for goods and services falling within the scope of this solicitation and resultant contract when the specifications differ from this solicitation or resultant contract, or for goods and services specified in this solicitation when the scope substantially differs from this solicitation or resultant contract.

k. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES**: Palm Beach County encourages and agrees to the successful bidder extending the pricing, terms and conditions of this solicitation or resultant contract to other governmental entities at the discretion of the successful bidder.

Bidder agrees to provide all goods and services to Palm Beach County immediately preceding, during and after a public emergency, disaster, hurricane, flood, or act of God, at the terms, conditions, and prices as provided in this solicitation on a "first priority" basis. Bidder shall furnish a 24-hour phone number to the County. Failure to provide the goods or services to the County on a first priority basis immediately preceding, during and after a public emergency, disaster, hurricane, flood, or act of God, shall constitute breach of contract and subject the bidder to sanctions from doing further business with the County.

m. **SALES PROMOTIONS / PRICE REDUCTIONS / MOST FAVORED CUSTOMER**: Should sales promotions occur during the term of the contract that lower the price of the procured item, the successful bidder shall extend to the County the lower price offered by the manufacturer on any such promotional item. Further, any price decreases effectuated during the contract period by reason of market change or otherwise, shall be passed on to Palm Beach County. Additionally, anytime after award, the successful bidder may offer a reduced price which shall remain in effect for the duration of the contract. The successful bidder warrants that the price(s) shall not exceed the successful bidder's price(s) extended to its most favored customer for the same or similar goods or services in similar quantities, or the current market price, whichever is lower. In the event the successful bidder offers more favorable pricing to one of its customer(s), the successful bidder shall extend to the County the same pricing or the then current market price, whichever is lower.

4. BID SUBMISSION TIME / AWARD OF BID

a. **OBSERVING THE PUBLISHED BID SUBMISSION TIME**: **The published bid submission time shall be scrupulously observed.** It is the sole responsibility of the bidder to ensure that their bid arrives in the Purchasing Department prior to the published bid submission time. The official posting on the Purchasing Department website shall prevail if a discrepancy exists between the referenced listings.

c. **PROTEST PROCEDURE**: Protest procedures are provided in the Palm Beach County Purchasing Code. Protests must be submitted in writing, addressed to the Director of Purchasing, via hand delivery, mail or fax to (561) 242-6705. Protest must identify the solicitation, specify the basis for the protest, and be received by the Purchasing Department within five (5) business days of the posting date of the recommended award. The protest is considered filed when it is received by the Purchasing Department. Failure to file protest as outlined in the Palm Beach County Purchasing Code shall constitute a waiver of proceedings under the referenced County Code.

5. CONTRACT ADMINISTRATION

a. **DELIVERY AND ACCEPTANCE**: Deliveries of all items shall be made as soon as possible. Deliveries resulting from this bid are to be made during the normal working hours of the County. Time is of the essence and delivery dates must be met. Minor changes are defined as modifications which do not significantly alter the scope, nature, or price of the specified goods or services. Typical minor changes include, but are not limited to, place of delivery, method of shipment, minor revisions to customized work specifications, and administration of the contract. The successful bidder shall not amend any provision of the contract without written notification to the Director of Purchasing, and written acceptance from the Director of Purchasing or the Board of County Commissioners.

e. **DEFAULT**: The County may, by written notice of default to the successful bidder, terminate the contract in whole or in part if the successful bidder fails to satisfactorily perform any provisions of this solicitation or resultant contract, or fails to make progress so as to endanger performance under the terms and conditions of this solicitation or resultant contract, or provides repeated non-performance, or does not remedy such failure within a period of 10 days (or such period as the Director of Purchasing may authorize in writing) after receipt of notice from the Director of Purchasing specifying such failure. In the event the County terminates the contract in whole or in part because of default of the successful bidder, the County may procure goods and / or services similar to those terminated, and the successful bidder shall be liable for any excess costs incurred due to this action.

If it is determined that the successful bidder was not in default or that the default was excusable (e.g., failure due to causes beyond the control of, or without the fault or negligence of, the successful bidder), the rights and obligations of the parties shall be those provided in Section 5f, "Termination for Convenience".

f. **TERMINATION FOR CONVENIENCE**: The Director of Purchasing may, whenever the interests of the County so require, terminate the contract, in whole or in part, for the convenience of the County. 10. AWARD (ITEM-BY-ITEM)

Palm Beach County shall award this bid to the lowest, responsive, responsible bidder on an item-by-item basis. The County reserves the right to reject bids which would result in an award which is financially disadvantageous to the County. An award may be considered financially disadvantageous when it would result in an award to a bidder for less than $1,000, or when it would result in awards of multiple small fragments. This policy is predicated on avoidance of increased administrative costs and operational complexity.

11. CATALOGS, PRICE LIST(S), ETC.

Upon request, the successful bidder shall supply at no charge current catalogs for all awarded manufacturers. The successful bidder shall update and keep all catalogs throughout the term of the contract. Authorized dealers/distributors/resellers must regularly maintain an adequate stock of materials normally required to meet the requirements of this bid.

The successful bidder shall furnish factory/manufacturer warranty on all items furnished hereunder against defect in materials and/or workmanship. Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-071- Approve a Piggyback Agreement with Dana Safety Supply, Inc. for the purchase and installation of emergency equipment on an "as-needed basis" for all City of Boynton Beach Departments, with an annual expenditure of $470,000, utilizing the Bradford County Sheriff Contract No. BCSO219-01, which expires on July 14, 2029.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-071.

Explanation of Request: Outfitting the City of Boynton Beach's vehicles with proper emergency equipment and lighting is crucial for ensuring the City's fleet's safety, effectiveness, and reliability, particularly in emergency response situations. Having the appropriate lighting, sirens, and other essential tools allows for clear visibility and quick identification during emergencies, helping to prevent accidents and improve response times. Moreover, maintaining uniformity across the fleet in terms of equipment ensures consistency in operation, reducing confusion for first responders and improving overall coordination. Standardized emergency equipment also streamlines maintenance and repair, as parts and systems are uniform across vehicles, enhancing cost efficiency and minimizing downtime. By prioritizing its emergency vehicles' proper outfitting and uniformity, the City of Boynton Beach can maintain a well-prepared, professional, and effective response capability.

Dana Safety Supply, which currently has a contract with Bradford County, is a Blueprint-certified installer in South Florida, which is the Police and other Departments' current lighting operating system. This contract will furnish required emergency equipment and lighting for vehicles, allowing for uniformity within the fleet and continuity in equipment design across vehicles. This contract agreement with Dana Safety Supply will allow emergency equipment installation and lighting for emergency vehicles on an "as-needed basis" for all City of Boynton Beach departments.

Piggyback contracts significantly benefit the City of Boynton Beach by providing a cost-effective and efficient way to procure goods and services. By leveraging agreements already in place with other governmental entities, the City can avoid the time-consuming and expensive process of issuing its own competitive bids. This allows quicker access to needed resources while often securing more favorable pricing due to the economies of scale achieved through larger contracts. Additionally, piggybacking ensures the City can tap into pre-vetted vendors who have already been thoroughly evaluated, reducing administrative burdens and risks associated with vendor selection. Ultimately, piggyback contracts streamline procurement, save taxpayer money, and improve the efficiency of City operations.

How will this affect city programs or services? The purchase of emergency equipment will allow our emergency vehicles to continue to respond to emergency calls for service in a safe and prudent manner and allow employees to successfully meet our mission in an effective, efficient, and impartial service to the community.
