General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Cat. No. 10231X Form **W-9** (Rev. 8-2013)

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity,
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust, and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. *The IRS tells you that you are subject to backup withholding because you did* not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be *identified on the "Name" line) is another LLC that is not disregarded for U.S.* federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exemptions

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you; payments made to you in settlement of payment card and third party network transactions; real estate transactions; mortgage interest you paid; acquisition or abandonment of secured property; cancellation of debt; or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income; and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Cat. No. 10231X Form **W-9** (Rev. 8-2013)

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualified for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S. China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for U.S. federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Corporations are exempt from backup withholding for certain payments, such as interest and dividends. Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following codes identify payees that are exempt from backup withholding:

Interest and dividend payments	All exempt payees except for 7

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. Approve the award of the Invitation to Bid (ITB)-FY24-032 – On Site & Virtual Foreign Language Interpretation and Written Translation Services; Contract Term: January 23, 2024, through January 22, 2027; Total Award Amount: up to $100,000; Awarded Vendor(s); Twelve (see Procurement Method section); Small/Minority/Women Business Enterprise Vendor(s): None; District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": This solicitation is to ensure The School Board of Broward County, Florida (SBBC), meetings, services, activities, and facilities meet and maintain access standards, pursuant to Title VI of the Civil Rights Act as amended and that no citizen will be denied benefits based on race, color or national origin. This includes Executive Order 13166 - LEP, requiring federal agencies to assess and address the needs of otherwise eligible limited English proficient persons seeking access to the programs and activities of recipients of federal financial assistance.

If the Board votes "No": The District will be out of compliance with the requirements in the Florida Multicultural Education and Training Advocacy (META) Consent Decree, which states that all communications (written and oral) between School District Boards and personnel and parents of current or former limited English proficient students are undertaken in the parents' primary language or other mode of communication commonly used by the parents unless not feasible.

Background/History
Language interpreter services are delivered primarily by three (3) modes: one (1) by SBBC employees, two (2) through vendors over the telephone or video conferencing, and three (3) through vendors for face-to-face interpretation ("in person"). The type of service or method to be used is at the discretion of SBBC. These services may be used at various meetings, activities, and sponsored events and may be used during regular school hours, after hours, and some weekends.

The District outsources requested interpretations to individual vendors for languages such as Russian, Vietnamese, or other unique languages. The District will continue to provide services in the most common languages using SBBC employees. The Bilingual/ESOL Department staff Bilingual Interpreters/Facilitators are as follows: three (3) Spanish, three (3) Haitian Creole, (1) Portuguese, and (1) Arabic. Also, there are three (3) Translators, one (1) in each language (Spanish, Haitian Creole, and Portuguese) who provide written translations of District documents.

Alignment to 2027 Goals and Guardrails
Guardrail 2: Equity
Guardrail 3: School Support

Measurable Outcome(s)/Return on Investment
By the end of the 2023-2024 school year, SBBC will increase the number of interpretations to three thousand (3,000) and the volume of translations to seven hundred and fifty (750) pages per language, thereby enhancing the provision of high-quality interpretation and translation services for non-English speaking families in the District.

Procurement Method
This contract was competitively solicited in accordance with SBBC Policy 3320 **Purchasing Policy**, Part II, D, and Rule 6A-1.012(7), Florida Administrative Code. Fifteen (15) Bids were received in response to ITB-FY24-032. It was recommended that this bid be awarded to multiple vendors, that will be paid on an hourly basis, as follows:

- FLIX Translations Group LLC
- Linguistica International Inc

- Homeland Language Services LLC
- Propio LS LLC
- INGCO International LLC
- The Translated Idea Inc
- Interpreters Unlimited Inc.
- Transfective Language Services LLC
- Language Line Services Inc
- Translators Dot Com Inc

There were three (3) bid rejections for the reason(s) stated on the second page of the Award Recommendation "Bid Rejection Sheet". The bids from American Sign Language, Inc., Bromberg & Associates LLC, and Cal Interpreting & Translations have all been rejected for not complying with bid requirements.

The Economic Development & Diversity Compliance Department (EDDC) conducted a review of the respondents' compliance with SBBC Policy 3330, Section E.7.b. The GSC has recommended that the end-user department use a form of vendor rotation in the "bid" selection process to include at least one (1) SBBC Certified SMWBE in the bid process (if applicable).

Impact if the Board Voted Yes or No

If the Board votes "Yes": Access to auxiliary or detached storage space/units for all schools and facilities – District-wide.

If the Board votes "No": Reduced access to auxiliary or detached storage space/units for all schools and facilities – District-wide.

Background/History
This bid provides a mechanism for Schools and Administrative Sites to obtain auxiliary or detached storage space/units for various purposes. Historically, items (excess furniture, materials, supplies, products) have been observed to be stored in locations (electrical rooms or mechanical rooms) not designated for storage, which becomes a safety hazard and a violation of the Florida Building Code. In addition, administrative and maintenance locations have existing auxiliary storage units for hazardous materials (petroleum-based or chemicals). As these units age, they are no longer repairable and need to be replaced. This bid provides weather-proof storage with optional accessories for air conditioning, lighting, electrical, and windows/doors depending on the facility's needs.

Alignment to 2027 Goals and Guardrails
Business Operations

EXECUTIVE SUMMARY

Piggyback Recommendation of $500,000 or Greater
PY24-216 - Furnish and Install Playground Equipment, Outdoor Fitness Equipment, Surfacing, and Fabric Shade Structures

---

Board Meeting Date: January 23, 2024

Requested Action
Approve the Piggyback Agreement; Contract Term: January 23, 2024, through August 19, 2025; Award Amount: $1,000,000; Awarded Vendor(s); Awnings Contractors & Designers, Inc.; GameTime; Miracle Recreation Equipment Company; Regal Contractors Inc.; Rep Services Inc.; Shade Systems Inc.; Small/Minority/Women Business Enterprise Vendor(s): None; District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": Continue to purchase, repair, and/or install playground equipment, outdoor fitness equipment, surfacing, and fabric shade structures.

If the Board votes "No": Denial by the School Board would limit the purchase, repair, and/or installation of new playground equipment, outdoor fitness equipment, surfacing, and fabric shade structures.

Background/History
There are three (3) bids related to playground equipment. One (1) Bid (FY21-159) for new installation, one (1) Bid (FY21-080) for maintenance and repairs, and this piggyback FY24-216 to complement the maintenance and repair bid. The piggyback bid is utilized to accomplish the District Educational Facilities Plan for the repair of existing playgrounds and the installation of new playground equipment, as needed.

Alignment to 2027 Goals and Guardrails
Business Operations

Measurable Outcome(s)/Return on Investment
Repair, and replace playground equipment as needed to keep these facilities open to students and add new playground equipment as needed across the District.

Procurement Method
Pursuant to Purchasing Policy 3320 Part II, subparagraph M and the Florida Department of Education, Rule 6A-1.012(6), in lieu of requesting competitive solicitations, the School Board may make purchases at or below the specified prices from contracts awarded by other cities or county governmental agencies, other Districts School Boards, community colleges, federal agencies, the public or governmental agencies of any state, or from state university system cooperative bid agreements, when the proposer awarded a contract by another entity will permit purchases by the School Board at the same terms, conditions, and prices (or below such prices) awarded in such contract, and such purchases are to the economic advantage of the District.

A copy of the Piggyback documents is available online at:
http://www.broward.k12.fl.us/supply/agenda/PY24-216_Solicitation-20C-49P.pdf

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or

And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential

or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated pursuant to the conditions set forth in General Conditions No. 7 of ITB# 20C-49P.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. 3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting

document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the Effective Date.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. The term of this Agreement commences upon the date of the last signature below ("Effective Date") and concludes on August 19, 2025, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **Cost**. VENDOR's written proposal for all goods and services shall be based on the terms, conditions and at or below the costs identified in ITB# 20C-49P (attached hereto as **Exhibit A**) as of the date of this Agreement.

2.03 **Payment**. Upon completion of the Work identified in each Purchase Order, VENDOR shall submit an invoice to SBBC to: **The School Board of Broward County, Florida, Accounting & Financial Reporting Department, ATTN: Accounts Payable, 600 SE 3rd Avenue, 7th Floor, Fort Lauderdale, Florida 33301**. VENDOR's invoices shall state the assigned purchase order number for verification by Accounts Payable. All invoices submitted are subject to the approval of the Director of Physical Plan Operations Department. All approved VENDOR invoices will be paid net thirty (30) calendar days. VENDOR's invoiced prices shall be at or below those indicated in **Exhibit A.**

2.04 **Inspection of VENDOR's Records by SBBC**. VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

(b) Notice of Inspection. SBBC's agent or its authorized representative shall provide VENDOR reasonable advance written notice [not to exceed two (2) weeks] of any intended audit, inspection, examination, evaluation, and reproduction.

(c) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to VENDOR's facilities and to any and all records related to this Agreement and shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

(g) Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301

2.06 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.08 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. VENDOR shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, VENDOR shall provide SBBC with a copy of any requested

public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If VENDOR keeps and maintains public records upon completion of the Agreement, VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

(a) As a condition of entering into this Agreement, VENDOR represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

(b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector

List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost

and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated pursuant to the conditions set forth in General Conditions No. 7 of ITB# 20C-49P.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting

document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. The term of this Agreement commences upon the date of the last signature below ("Effective Date") and concludes on August 19, 2025, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **Cost**. VENDOR's written proposal for all goods and services shall be based on the terms, conditions and at or below the costs identified in ITB# 20C-49P (attached hereto as **Exhibit A)** as of the date of this Agreement.

2.03 **Payment**. Upon completion of the Work identified in each Purchase Order, VENDOR shall submit an invoice to SBBC to: **The School Board of Broward County, Florida, Accounting & Financial Reporting Department, ATTN: Accounts Payable, 600 SE 3rd Avenue, 7th Floor, Fort Lauderdale, Florida 33301**. VENDOR's invoices shall state the assigned purchase order number for verification by Accounts Payable. All invoices submitted are subject to the approval of the Director of Physical Plan Operations Department. All approved VENDOR invoices will be paid net thirty (30) calendar days. VENDOR's invoiced prices shall be at or below those indicated in **Exhibit A**.

2.04 **Inspection of VENDOR's Records by SBBC**. VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

(g) Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.05 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301

2.06 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

Personnel who are subject to background screening include all of VENDOR's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.08 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. VENDOR shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, VENDOR shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the

Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If VENDOR keeps and maintains public records upon completion of the Agreement, VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

(a) As a condition of entering into this Agreement, VENDOR represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

(b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at

SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to

a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated pursuant to the conditions set forth in General Conditions No. 7 of ITB# 20C-49P.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. The term of this Agreement commences upon the date of the last signature below ("Effective Date") and concludes on August 19, 2025, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **Cost**. VENDOR's written proposal for all goods and services shall be based on the terms, conditions and at or below the costs identified in ITB# 20C-49P (attached hereto as **Exhibit A)** as of the date of this Agreement.

2.03 **Payment**. Upon completion of the Work identified in each Purchase Order, VENDOR shall submit an invoice to SBBC to: **The School Board of Broward County, Florida, Accounting & Financial Reporting Department, ATTN: Accounts Payable, 600 SE 3rd Avenue, 7th Floor, Fort Lauderdale, Florida 33301**. VENDOR's invoices shall state the assigned purchase order number for verification by Accounts Payable. All invoices submitted are subject to the approval of the Director of Physical Plan Operations Department. All approved VENDOR invoices will be paid net thirty (30) calendar days. VENDOR's invoiced prices shall be at or below those indicated in **Exhibit A**.

2.04 **Inspection of VENDOR's Records by SBBC**. VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

(c) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to VENDOR's facilities and to any and all records related to this Agreement and

shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

(g) Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.05 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301

2.06 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.08 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. VENDOR shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, VENDOR shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the

Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If VENDOR keeps and maintains public records upon completion of the Agreement, VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

(a) As a condition of entering into this Agreement, VENDOR represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

(b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at

SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to

a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. 3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated pursuant to the conditions set forth in General Conditions No. 7 of ITB# 20C-49P.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. The term of this Agreement commences upon the date of the last signature below ("Effective Date") and concludes on August 19, 2025, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **Cost**. VENDOR's written proposal for all goods and services shall be based on the terms, conditions and at or below the costs identified in ITB# 20C-49P (attached hereto as **Exhibit A)** as of the date of this Agreement.

2.03 **Payment**. Upon completion of the Work identified in each Purchase Order, VENDOR shall submit an invoice to SBBC to: **The School Board of Broward County, Florida, Accounting & Financial Reporting Department, ATTN: Accounts Payable, 600 SE 3rd Avenue, 7th Floor, Fort Lauderdale, Florida 33301**. VENDOR's invoices shall state the assigned purchase order number for verification by Accounts Payable. All invoices submitted are subject to the approval of the Director of Physical Plan Operations Department. All approved VENDOR invoices will be paid net thirty (30) calendar days. VENDOR's invoiced prices shall be at or below those indicated in **Exhibit A**.

2.04 **Inspection of VENDOR's Records by SBBC**. VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

(g) Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

2.06 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. Upon request from SBBC's custodian of public records, VENDOR shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the

Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

(b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at

SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to

a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. 3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. The term of this Agreement commences upon the date of the last signature below ("Effective Date") and concludes on August 19, 2025, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **Cost**. VENDOR's written proposal for all goods and services shall be based on the terms, conditions and at or below the costs identified in ITB# 20C-49P (attached hereto as **Exhibit A)** as of the date of this Agreement.

2.03 **Payment**. Upon completion of the Work identified in each Purchase Order, VENDOR shall submit an invoice to SBBC to: **The School Board of Broward County, Florida, Accounting & Financial Reporting Department, ATTN: Accounts Payable, 600 SE 3rd Avenue, 7th Floor, Fort Lauderdale, Florida 33301**. VENDOR's invoices shall state the assigned purchase order number for verification by Accounts Payable. All invoices submitted are subject to the approval of the Director of Physical Plan Operations Department. All approved VENDOR invoices will be paid net thirty (30) calendar days. VENDOR's invoiced prices shall be at or below those indicated in **Exhibit A**.

2.04 **Inspection of VENDOR's Records by SBBC**. VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

(g) Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

2.06 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. [Insert Name] agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. 2.08 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. VENDOR shall keep and maintain public records required by SBBC to perform the services required under this Agreement. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the

Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If VENDOR keeps and maintains public records upon completion of the Agreement, VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

(b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. VENDOR understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at

SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.14 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.15 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein are incorporated into this Agreement by reference.

2.16 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to

a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. 3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

Staff Follow Up: **RSMB 012324-06 (DH)**
Today's Date: January 12, 2024
Due Date: January 16, 2024

BROWARD County Public Schools | Educating Today's Students to Succeed in Tomorrow's World

Topic: OO-12) PY24-216 Furnish/Install Playground equipment, outdoor fitness equipment

Staff Follow Up: Is there a list of schools that will receive this funding in an order of priority? How do they access the funds? Does the school ask for it or is it being handled at the district level? **RSBM-012324-06 (D. Hixon)**

Response: This agreement will be utilized for the repair/replacement of playground components at schools with existing equipment supplied by the identified vendors. The vendors included in this piggyback are different than other existing playground-related contracts. This agreement is needed to engage these specific vendors where the manufacturer of the existing equipment has a single installer/representative in this region.

The initiation of any work is at the District level through the creation of a work order and/or a request to Environmental Health & Safety for a site review to assist with work order generation. It is not the intention of this contract/item to allow schools to directly ask for these services from the vendor(s).

The Playground Standards Committee includes representatives from Physical Plant Operations, Environmental Health & Safety, and Office of Capital Programs (Construction/Pre-Construction) maintains the inventory, tracks work orders, conducts inspections, and manages repair/replacement activities. The Playground Standards Committee reviews existing work orders and prioritizes completion on injury/incident reporting, broken equipment leading to unit closure, other inspection reports findings, and an ability to make temporary repairs. DEFP funding is being utilized to complete the majority of these repair activities.

EXECUTIVE SUMMARY

Recommendation of $500,000 or Less
RFP-FY24-105 – Employment Income Verification and Unemployment Compensation Claims Services

---

Board Meeting Date: January 23, 2024

Requested Action
Approve the Award for the Request for Proposal (RFP); Contract Term: January 23, 2024 through September 30, 2026, with an option of two additional one-year renewal periods; Award Amount: $46,835 for the contract term; Awarded Vendor: Corporate Cost Control, Inc. (CCC); Small/Minority/Women Business Enterprise Vendor(s): None; District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": CCC will continue to provide a service to SBBC to review and approve unemployment claims and employment verification for employees and third-party vendors.

If the Board votes "No": Employees and third-party vendors will be unable to retrieve employment verifications as the District cannot support the influx of work. Unemployment claims will not be reviewed and responded to in a timely manner, which could result in fraudulent claims.

Background/History
Over the last eight (8) years, CCC has fulfilled and processed employment/income verification and unemployment claims. The contract was last approved in July 2020 and has continued to benefit the District by providing a revenue share program. This revenue share program has helped mitigate the quarterly invoices, which would have otherwise been paid from the District's budget.

Alignment to 2027 Goals and Guardrails
Business Operations

Measurable Outcome(s)/Return on Investment
CCC has been providing these services for the last eight (8) years. CCC saves the District money when the District disputes unemployment cases such as those that are protested (i.e., resignations, terminations "for cause"). CCC aims to win ninety-seven (97) percent of these cases as it continues to produce this average outcome.

Year	Total Claims	Liability removed ($ saved)
2019	388	$67,034.14
2020	5,089	$1,708,229.40
2021	1,493	$1,744,296.86
2022	430	$51,233.38

Procurement Method
The procurement method selected is a competitive solicitation, as required by Purchasing Policy 3320, Part II, D, and Rule 6A-1.012(7), Florida Administrative Code.
A copy of the RFP document is available online at:
http://www.broward.k12.fl.us/supply/agenda/RFP-24-105_EmploymentIncomeVerificationandUnemploymentCompensationClaimsServices.pdf

Financial Impact
The spending authority requested is $46,835, funded by the Compensation & HRSS Department operating budget.

Period	Cost
January 23, 2024 – December 31, 2024	$16,385
January 1, 2025 – December 31, 2025	$17,400
January 1, 2026 – September 30, 2026	$13,050
TOTAL	**$46,835**

The financial impact amount represents an estimated contract value; however, the amount authorized will not exceed the estimated contract award amount.

portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

Each ATP, which includes forms for the Professional Services required, Project Schedule and Professional Fee, shall be completed by the Owner and Consultant evidencing the services, fees, time, etc. for that particular project and confirming that the terms and conditions of this Agreement apply. Each project assigned to the Consultant will be identified by the Owner's assigned project numbers. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Cat. No. 10231X Form **W-9** (Rev. 8-2013)

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Except as specified in the saving clause, may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC required to be identified on the "Name" line is another LLC that is not disregarded for U.S. federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

The following codes identify payees that are exempt from backup withholding:

These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited Liability Company (LLC) on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting *IRS.gov* or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Cat. No. 10231X Form **W-9** (Rev. 8-2013)

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity,
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust, and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be *identified on the "Name" line) is another LLC that is not disregarded for U.S.* federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the *Exemptions* box, any code(s) that may apply to you. See *Exempt payee code* and *Exemption from FATCA reporting code* on page 3.

Exempt payee code. Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends. Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following codes identify payees that are exempt from backup withholding:

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity,
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust, and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be *identified on the "Name" line) is another LLC that is not disregarded for U.S.* federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exempt payee code. Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends. The following codes identify payees that are exempt from backup withholding:

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 7

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements.

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity,
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust, and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operations. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. *The IRS tells you that you are subject to backup withholding because you did* not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* on page 1.

What is FATCA reporting? The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulation section 301.7701-2(c)(2)(iii). Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Note. Check the appropriate box for the U.S. federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the U.S. federal tax classification in the space provided. If you are an LLC that is treated as a partnership for U.S. federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation, as appropriate. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC required to be *identified on the "Name" line is another LLC that is not disregarded for U.S.* federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required U.S. federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the *Exemptions* box, any code(s) that may apply to you. See *Exempt payee code* and *Exemption from FATCA reporting code* on page 3.

Exempt payee code. Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends. Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following codes identify payees that are exempt from backup withholding:

Interest and dividend payments	All exempt payees except for 7

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

B—The United States or any of its agencies or instrumentalities

G—A real estate investment trust

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

EXECUTIVE SUMMARY

Recommendation to Approve Agreement
FY22-099 - Evolution Lab Suite 360 – Behavior Intervention Curriculum

---

Board Meeting Date: January 23, 2024

Requested Action
Approve the Agreement between The School Board of Broward County, Florida (SBBC) and Navigate360, LLC; Contract Term: February 1, 2024, through January 31, 2027; Award Amount: $785,169; Small/Minority/Women Business Enterprise Vendor(s): None; District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": School administrators and staff will continue to utilize the Suite360 Behavior Intervention curriculum as a prevention tool in the classroom and during counseling sessions and as an intervention tool providing individualized behavioral consultations with curriculum support while District students are serving internal suspension assignments and alternative to external suspension (AES) assignments, as outlined in the discipline matrix in Policy 5090 – Code of Student Conduct.

If the Board votes "No": Schools will no longer have access to this resource, leading to potential inconsistencies in curriculum support for prevention and intervention related to District student behavior.

Background/History
This contract provides for continued District-wide use of the electronic curriculum delivery system from Suite360. The age-appropriate behavior intervention curriculum supports the District's commitment to making every reasonable effort to correct student misbehavior through school-based resources, supports students in learning the skills necessary to enhance a positive school environment, and provides additional support to school administrators and teachers by providing lessons for targeted behaviors that can be used with individual students or as school-wide/classroom-wide prevention and interventions. This intervention curriculum provides District-wide consistency in satisfying the "Behavioral Consultation with Curriculum Support" intervention required by Policy 5090.

Statistical analysis of data from the previous school year suggests that our use of Suite360 has significantly reduced two thousand one hundred ninety (2,190) infractions. Furthermore, last year's data shows a significant reduction in referrals for some of the most severe incidents over the previous year, as depicted in the graph below:

	Weapons Possession (Class A)	Threat/Intimidation - Very Serious Substantive	Sexual Miscoduct/Indecent Exp.	Sexual Assault	Other Serious Incident/Delinquent Act	Fighting - Major Mutal Combat	Drug Use/Influence Leaf Marijuana	Disruption on Campus Major	Bullying	Battery - Serious
2022	174	99	150	11	18	80	104	186	127	20
2023	112	85	128	5	6	32	67	120	106	9

Alignment to 2027 Goals and Guardrails
Guardrail 3: School Support

Measurable Outcome(s)/Return on Investment
By June 2025, District discipline data will show a reduction of at least five (5%) percent in the number of students receiving multiple behavioral referrals.

Procurement Method
Pursuant to Purchasing Policy 3320, Section II, H, and under the Department of Education, Rule 6A-1.012,(11)(b), and (14), Florida Administrative Code as authorized by Section 1010.04(4)(a), Florida Statutes, the requirement for requesting competitive solicitation for commodities or contractual services from three (3) or more sources are hereby waived as for the SBBC's purchase of copyrighted materials, instructional materials, and computer software.

Financial Impact
The requested spending authority is $785,169. The funding source is the Mental Health Assistance Allocation.

Financial Impact Table:

Description	Quantity	Rate	Annual Cost	Discount Annual Cost	Total Contract Award (3 Years)
Suite360 Intervention Restorative Justice Intervention Program (3Year Subscription)	230 Schools	$2,750	$632,500	$261,723	$785,169

The financial impact amount represents an estimated contract value; however, the amount authorized will not exceed the estimated contract award amount.

1) protect SBBC against unauthorized access, unauthorized disclosure, and damage;

2) reduce the risk of compromise of the availability, integrity, confidentiality, and privacy of the provided SBBC data;

3) ensure SBBC student and/or staff personal information is collected, used, retained, disclosed, and disposed of in a manner to meet Vendor's objectives while also ensuring the data is protected from unauthorized use or disclosure; and

4) monitor compliance with established security controls.

(c) Additionally, the Vendor and/or the Vendor's subcontractors with access to SBBC data shall, at minimum, annually a third-party of their security controls showing compliance with acceptable security standards and maintain compliance during the agreement. The Vendor shall provide SBBC an attestation of continued compliance by Vendor and/or Vendor's subcontractors with access to SBBC data within ten (10) business days of written request by SBBC.

2.11 **Inspection of Vendor's Records by SBBC**. Vendor shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All Vendor's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of Vendor directly relating to this Agreement in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

(a) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to Vendor's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to Vendor pursuant to this Agreement.

(b) Notice of Inspection. SBBC's agent or its authorized representative shall provide Vendor reasonable advance written notice [not to exceed two (2) weeks] of any intended audit, inspection, examination, evaluation, and reproduction.

(c) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to Vendor's facilities and to any and all records related to this Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section.

(d) Failure to Permit Inspection. Failure by Vendor to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any Vendor's claims for payment.

(e) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by Vendor in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by Vendor. If the audit discloses billings or charges to which Vendor is not contractually entitled, Vendor shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(f) Inspection of Subcontractor's Records. If applicable, Vendor shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by Vendor to include

such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to Vendor pursuant to this Agreement and such excluded costs shall become the liability of Vendor.

(g) Inspector General Audits. Vendor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.12 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Equity, Diversity and School Climate The School Board of Broward County, Florida 1400 NW 14th Court Fort Lauderdale, Florida 33311
To Vendor:	Navigate360, LLC 3900 Kinross Lakes Parkway, Suite 200 Richfield, Ohio 44286

2.13 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.14 **Background Screening**. Vendor shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the

background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of Vendor's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of Vendor or its personnel providing any services under this Agreement. Vendor shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to Vendor and its personnel. The parties agree that the failure of Vendor to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit Vendor to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. Vendor agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from Vendor's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.15 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Vendor shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Vendor shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Vendor shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Vendor does not transfer the public records to SBBC. Upon completion of the Agreement, Vendor shall transfer, at no cost, to SBBC all public records in possession of Vendor or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Vendor transfers all public records to SBBC upon completion of the Agreement, Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Vendor keeps and maintains public records upon completion of the Agreement, Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.16 **Liability**. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

(a) By SBBC. SBBC agrees to be fully responsible up to the limits of Section 768.28, Florida Statutes, for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable, up to the limits of Section 768.28, Florida Statutes, for any damages resulting from said negligence.

(b) By Vendor. Vendor agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by Vendor, its agents, servants, or employees; the equipment of Vendor, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of Vendor or the negligence of Vendor's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by Vendor, SBBC, or otherwise.

2.17 **Insurance Requirements**. Vendor shall comply with the following insurance requirements throughout the term of this Agreement:

(a) General Liability. Vendor shall have and maintain General Liability insurance with limits of not less than $1,000,000 per occurrence for Bodily Injury/ Property Damage; $1,000,000 General Aggregate; and limits of not less than $1,000,000 for Products/Completed Operations Aggregate.

(b) Professional Liability/Errors & Omissions. Vendor shall maintain Professional Liability/Errors & Omissions insurance during the term of this Agreement with a limit of not less than $1,000,000 per occurrence covering services provided under this Agreement.

(c) Workers' Compensation. In accordance with Chapter 440, Florida Statutes, Vendor shall have and maintain Workers' Compensation insurance and Employer's Liability limits of not less than $100,000/$100,000/$500,000 (each accident/disease-each employee/disease-policy limit).

(d) Auto Liability. Vendor shall have and maintain Owned, Non-Owned and Hired Auto Liability insurance with Bodily Injury and Property Damage with limits of not less than $1,000,000 Combined Single Limit. If Vendor does not own any vehicles, it shall have and maintain hired and non-owned automobile liability coverage in the amount of $1,000,000. In addition, an affidavit signed by Vendor must be furnished to SBBC stating the following: "Vendor does not own any vehicles. If Vendor acquires any vehicles during the term of the Agreement, Vendor agrees to provide proof of "Any Auto" coverage effective as of the date of vehicle acquisition."

(e) Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

(f) Verification of Coverage. Proof of Insurance must be submitted to the insurance tracking system within fifteen (15) days of this notification. You will receive a system-generated email within three (3) business days of this letter with insurance requirements and a unique link to upload your certificate of insurance (located at the bottom of the email as a blue box labeled Upload COI). **YOU MUST RECEIVE A NOTICE OF COMPLIANCE**.

1) New vendors will receive an email notification requesting account verification and insurance agent information.

2) Existing vendors will receive an email notification of the current status.

(g) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

1) The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2) All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

3) **Certificate Holder: The School Board of Broward County, Florida, 600 SE 3rd Avenue, Fort Lauderdale, Florida 33301**

(h) Cancellation of Insurance. Vendor is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(i) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.18 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.19 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida

Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by Vendor that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Vendor further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Vendor acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. Vendor further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if Vendor (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if Vendor is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.20 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.21 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.22 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials.

The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder

precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement upon the date of the last signature below.

Board Meeting Date: January 23, 2024

Requested Action
Approve the Award of Invitation to Bid (ITB); Contract Term: January 23, 2024 through February 8, 2027, with an option for two additional one-year renewal periods; Award Amount: $1,289,850; Awarded Vendor: Raptor Technologies LLC; Small/Minority/Women Business Enterprise: None; District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": The District can continue the security procedures of conducting automatic checks of each person entering the District schools and administrative sites.

If the Board votes "No": The District will not have an immediate process for identifying and conducting automatic checks of visitors entering the District schools and administrative sites.

Background/History
The Raptor Visitor and Volunteer Management System monitors visitors, contractors, and volunteers who enter a building and provides instant screening for sex offender status and custody orders.

The Raptor Visitor Management is installed at each school's single point of entry. Upon check-in, each first-time visitor presents their state or federal government-issued identification card. The Raptor system scans the ID and automatically checks each person entering school grounds against the national database of registered sex offenders and against a custom alert database created by each school. The Raptor system allows the District to align with changing technology to be compatible with the new Florida Driver's license format and search registration information for sexual predators and sexual offenders.

Alignment to 2027 Goals and Guardrails
Guardrail 1: Safety

Measurable Outcome(s)/Return on Investment
All visitors and volunteers are automatically scanned. Since July 1, 2023, for this school year, as of December 4, 2023, Raptor has scanned three hundred one thousand eight hundred four (301,804) visitors, thirty-nine thousand six hundred forty-nine (39,649) contractors, and forty-four thousand one hundred seventy-nine (44,179) volunteers.

EXECUTIVE SUMMARY

Policy 3330: Supplier Diversity Outreach Program

Board Meeting Date: January 23, 2024

Requested Action
Adopt the revisions to Policy 3330: Supplier Diversity Outreach Program (SDOP). District-wide.

Impact if the Board Voted Yes or No

If the Board votes "Yes": Policy 3330 will be revised to address the findings of the 2023 Disparity Study update including, but not limited to, program expansion with a new Veteran-Owned Business Enterprise Certification.

If the Board votes "No": Economic Development & Diversity Compliance Department (EDDC) will not continue program implementation under existing Policy 3330 to advance District goals for diversity spend in procurement opportunities across all industry categories.

Background/History
Based on the findings of a 2015 Disparity Study, the District established Policy 3330 – Supplier Diversity Outreach Program, effective July 1, 2017, "to remedy the ongoing effects of identified marketplace discrimination that the School Board has found, continue to adversely affect the participation of Small/Minority and/or Women Business Enterprises ("S/M/WBE") in School Board contracts." The Economic Development & Diversity Compliance Department (EDDC) operates SDOP with the mission to grow the economic base of Broward County to benefit the students and business community.

With study consultant Keen Independent Research (KIR), EDDC embarked on a Disparity Study update to assess the progress of the Supplier Diversity Outreach Program. KIR assessed the utilization and availability of minority, women-owned firms and small businesses in District contracts and subcontracts during the FY2018 - FY2022 study period.

Alignment to 2027 Goals and Guardrails
Guardrail 2: Equity
Guardrail 4: Accountability

Measurable Outcome(s)/Return on Investment
The measurable outcome is increased District spend with local small, minority, women, and veteran-owned suppliers.

Financial Impact
There is no additional funding necessary for this item.

POLICY 3330
Supplier Diversity Outreach Program

I. General Provisions

A. Effective July 2017, The School Board of Broward County, Florida ("SBBC"). authorized and directed the Superintendent to establish and implement a Supplier Diversity Outreach Program ("SDOP") through Standard Operating Procedures ("SOP") that are consistent with the factual predicate, purposes, and objectives stated below and containing the following elements:

1. Factual Predicate and Purpose

a. This policy is adopted to establish a Supplier Diversity Outreach Program to remedy the ongoing effects of identified marketplace discrimination that SBBC has found continue to adversely affect the participation of Small/Minority and/or Women Business Enterprises ("S/M/WBE") in SBBC contracts.

b. In October 2015, SBBC received, reviewed, and accepted the final report of a Disparity Study conducted by Mason Tillman Associates, Ltd. ("MTA") prepared on behalf of SBBC. The MTA Disparity Study used a variety of methodologies to undertake a comprehensive examination of the relevant marketplace for SBBC purchases for the Study period from July 1, 2008, through June 30, 2013. The MTA Disparity Study identified a number of barriers, including various forms of marketplace discrimination that undermine the formation, growth, and equitable participation of minority- and women-owned businesses in SBBC purchases and contracts. Among the numerous findings that formed a strong basis in evidence to support the initial adoption of this Policy were the following:

i. There was evidence of ongoing effects of past discrimination in the relevant local marketplace in Broward County, Palm Beach County, and Miami- Dade County as previously reflected in the 2010 Broward County Disparity Study and the 2013 Miami-Dade County Public Schools Disparity Study, and as reflected in SBBC purchases examined in the 2015 SBBC Disparity Study. The opportunities for Minority/Women Business Enterprise ("M/WBE") participation in the local marketplace and in School Board contracts were affected by past discrimination in the private sector. For example, regression analysis conducted as part of the 2015 Disparity Study for SBBC observed large, adverse, and statistically

significant disparities in business formation and business earnings for M/WBEs in the construction sector and in commodities and other contractual services sectors, even while controlling for independent variables such as age, experience, finances, marital status, homeownership, and education. Moreover, a regression analysis of data from the 2003 National Survey of Small Business Finances found that when Minority Business Enterprises ("MBE") applied for loans, their requests were substantially more likely to be denied than non-MBEs, even after accounting for differences like firm size and credit history.

ii. MTA found contemporary evidence of discrimination against M/WBEs in the relevant marketplace. Some practices within the marketplace had the effect of causing disadvantage to M/WBE firms and undermine their ability to compete. MTA found particularized evidence of negative stereotypes against M/WBEs, and qualitative evidence obtained through interviews of business owners and searches of judicial opinions in Broward County confirmed a history of fraud and collusion and other exclusionary practices of prime contractors to avoid utilizing M/WBE subcontractors and sub-consultants. Such practices were found to have adversely affected M/WBE contract participation, growth, and competitiveness. As noted above, the MTA Disparity Study contained extensive evidence of discrimination against M/WBE business owners when seeking commercial credit within the local market. Credit is a necessary attribute for a firm to be successful in each of the industries from which the SBBC makes purchases, especially in the construction industry, wherein credit availability affects access to bonding. Bonding is often a prerequisite to being able to bid on SBBC construction contracts.

iii. The MTA Disparity Study's threshold analysis of M/WBE participation on smaller contracts ruled out differences in capacity as the explanation for significant disparities in the underutilization of M/WBE firms in SBBC contracts. However, significant anecdotal evidence supported a finding that unequal access to capital leads to unequal access to bonding. Unequal access to bonding reduces the size of bid opportunities and the magnitude of business earnings for M/WBE firms competing for SBBC contracts. Accordingly, such discrimination adversely affects the availability, growth, capacity, and size of M/WBE firms.

iv. Other forms of marketplace discrimination identified by the MTA Disparity Study such as slow payment by prime contractors, "good old boy" networks that exclude M/WBEs

from prime contract and subcontract opportunities, manipulation of the bidding process to deny M/WBE firms adequate time to respond to bid requests, and unfair denial of contract awards also adversely affect the ability of M/WBE firms to compete for SBBC contracts.

2. 2023 Disparity Study Update

In November 2022, Keen Independent Research ("KIR") was commissioned to conduct a Disparity Study Update. The study aimed to determine if evidence demonstrated a disparity among ready, willing, and available (RWA) M/WBEs in construction, architecture & engineering, professional services, goods, and other services. The study period covered July 1, 2017, to June 30, 2022.

Based on statistical findings in the KIR Disparity Study Update, the utilization of qualified vendors as reflected by the percentage of contracts or purchase orders awarded, appear to be less inclusive than warranted, when compared to the RWA firms. The following race, ethnicity, and gender groups showed statistically significant disparity in the following business categories:

Business Categories	**Race, Ethnicity & Gender**
Construction	African American-Owned and Asian American-Owned
Architecture & Engineering	Women (White Woman-Owned)
Professional Services	Asian American-Owned
Goods	African American-Owned, Asian American-Owned, Hispanic American-Owned, and Women (White Woman-Owned)
Other services	African American-Owned, Asian American-Owned, Hispanic American-Owned, Native American-Owned, and Women (White Woman-Owned)

Anecdotal analysis data in the KIR Disparity Study Update illustrated barriers, which may exist, for minority and women business owners. The barriers included the process with paperwork, timely payment, and subcontractor utilization.

This Policy further seeks to exercise the spending powers of the SBBC in a manner that promotes economic inclusion of all segments of the business population, regardless of race or gender, to maximize the economic vitality and development of the region that the SBBC serves, and to maximize future economic opportunities for the students that SBBC is responsible for educating.

II. Policy Objectives

A. This Policy, and the SDOP Standard Operating Procedures established pursuant to this Policy, shall serve the School District's compelling interest to remedy the various ongoing effects of marketplace discrimination against E/S/M/V/WBEs that are ready, willing, and able to sell goods and services to SBBC.

B. The narrowly tailored remedial efforts established in this Policy are designed to promote greater availability, capacity development, and contract participation by E/S/M/V/WBEs in SBBC contracts.

C. This Policy is intended, in part, to further the School District's compelling interest in ensuring that it is neither an active nor passive participant in private sector marketplace discrimination and to actively promote equal opportunity for all segments of the contracting and business community to participate in SBBC contracts.

D. SBBC shall resort to the use of race- and gender-conscious means for addressing disparities within its contract participation only when it is apparent that the use of race- and gender-neutral means alone will likely be insufficient to remedy the effects of identified discrimination.

E. Having found that it has a compelling governmental interest to remedy the effects of discrimination upon its contracts, SBBC directs the Superintendent or designee, the Director of Procurement & Warehousing Services or designee, and the Officer, Economic Development & Diversity Compliance (EDDC) or designee to collaborate in periodically recommending to SBBC possible future amendments necessary to fully effectuate the purposes and objectives established in this Policy. Such proposed amendments shall also be narrowly tailored in accordance with applicable law and the specific barriers to E/S/M/V/WBEs participation identified within the School District's factual predicate as described above in Section A. 2. of this Policy.

F. It is the policy of SBBC to take all necessary, reasonable, and legal action to prevent discrimination and to ensure that all businesses, including E/S/M/V/WBEs, are afforded the maximum practicable opportunity to participate in the School District's purchasing and contracting processes.

G. As referenced in Section D, it is SBBC's policy to ensure that the firms it engages in business with, do not discriminate in the solicitation, selection, or treatment of subcontractors, suppliers, vendors, or commercial customers on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's, or commercial customer's employees or owners.

H. The EDDC Department Program shall have primary oversight responsibility with the full support and cooperation of all other School District offices and departments in the administration of the SDOP policy, as well as the SDOP Standard Operating Procedures established pursuant to this Policy.

I. The EDDC Department will notify SBBC and appropriate School District advisory committees of any substantive changes to the Standard Operating Procedures. A substantive change is any change that alters the responsibilities, roles, duties, processes, or procedures for the administration of this Policy in a material way. Minor alterations to timeframes for the performance of tasks and duties under the Standard Operating Procedures shall, in general, not be deemed to be substantive changes. Similarly, changes to the Standard Operating Procedures that are intended merely as more detailed clarifications of existing Standard Operating Procedures shall not be considered to be substantive changes. However, to the extent there is any uncertainty as to whether a change to the Standard Operating Procedures is substantive or material, the EDDC shall err on the side of providing notification of such changes to SBBC and appropriate School District advisory committees.

III. Scope and Exclusions / Definitions - Supplier Diversity Outreach Program

A. This Policy shall apply to all solicitations and awards of contracts for the purchase of services, goods, or supplies that are awarded by, or on behalf of SBBC, including, but not limited to, every contract or other agreement between SBBC and any governmental agency, quasi-governmental agency, corporation, vendor, or contractor, under which the agency, corporation, vendor, or contractor directly or indirectly receives any fiscal assistance or remuneration from SBBC for the purpose of contracting with businesses to perform construction, renovation, maintenance or other services, or for the purpose of directly or indirectly purchasing goods or goods for use by the School District. As such, SBBC shall require the agency, corporation, vendor, or contractor to comply with this Policy in the solicitation, the award, and administration of that contract or agreement, provided, however, that the following categories of contracts shall be excluded from the scope and application of this Policy:

1. Contracts for the purchase of goods or supplies of a unique nature for which the School District's Procurement & Warehousing Services Department determines and confirms there is only a sole source of supply;

2. Contracts for electricity or water and sewage services from a municipal utility district or governmental agency;

3. Emergency contracts for goods or supplies that the Superintendent or designee determines are necessary for the preservation of public health or safety and whose immediacy of need is so great that it is impractical for the School District to apply the terms of this Policy to the contract;

4. Contracts for the School District's lease or purchase of real property where School District is lessee or purchaser; and

5. Contracts for personal services involving the unique abilities or style of a particular individual.

IV. Definitions

A. Affirmative Procurement Initiatives ("API") – refers to various SDOP tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals, and joint venture incentives. (For full descriptions of these and other SDOP tools, see, Section E of this Policy and the SDOP Standard Operating Procedures.)

B. Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE prime and subcontract participation in School Board contracts is established each year for construction, architecture & engineering, professional services, goods, and other services industry categories. This annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee ("GSC") based upon the M/WBE availability by industry in accordance with the District's 2023 KIR Disparity Study Update findings, along with relative M/WBE availability data to be collected by SBBC through its Centralized Bidder Registration ("CBR") system, and the utilization of M/WBEs. Annual Aspirational Goals are not to be routinely applied to individual contracts but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Participation, Points or Price Preference Goals, for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

C. Award – the final selection of a respondent for a specified prime contract or subcontract dollar amount. Contract awards are made by SBBC to prime contractors or vendors and by prime contractors or vendors to subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract.)

D. Best Value Contracting – a purchasing solicitation process through which the originating department may evaluate factors other than price. Evaluation criteria for selection may include a respondent's previous experience and quality of product or services procured and other factors identified in the applicable statute.

E. Centralized Bidder Registration (CBR) System – an electronic system of hardware and software programs by which the School District requires all prospective respondents and subcontractors that are ready, willing, and able to sell goods or services to the District to register. All businesses awarded a SBBC contract shall be required to register in the CBR system. The CBR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the School District. The CBR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of E/S/M/V/WBE firms by industry or commodity codes and for establishing annual Aspirational Goals and contract-by-contract subcontracting goals.

F. Certification – the process by which the Supplier Diversity Outreach Program staff determines a firm to be a bona-fide small, minority, women-owned, veteran, or emerging business enterprise. Any firm may apply for multiple certifications that cover each and every status category, e.g., Emerging Business Enterprise ("EBE"), Small Business Enterprise ("SBE"), Minority Business Enterprise ("MBE"), Veteran Business Enterprise ("VBE"), or Women Business Enterprise ("WBE") for which it satisfy eligibility standards. The SDOP staff may contract these services to a regional certification agency or other entity. For certification purposes, the School District may accept any firm certified by local government entities and other organizations identified herein that have adopted certification standards and procedures similar to those followed by the SDOP, provided the prospective firm satisfies the eligibility requirements outlined in the SOP, Section 6.

G. Certification Application – the online submittal process shall be completed by vendors when applying for certification and tri-county reciprocal certification for participation as E/S/M/V/WBE firms in the School District's SDOP policy. This form shall be submitted to the School District's certifying agency, every three (3) years by each certified vendor by the anniversary date of its original certification. For renewals, vendors must upload an E/S/M/V/WBE Tri-Annual Affidavit and supporting documentation.

H. Commercially Useful Function – an E/S/M/V/WBE firm performs a commercially useful function when it is responsible for the execution of the contract and carries out its responsibilities by actually performing, staffing, managing, and supervising the work involved. To perform a commercially useful function, the S/M/V/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an E/S/M/V/WBE firm is performing a commercially useful function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the E/S/M/V/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/V/WBE

credit claimed for its performance of the work and other relevant factors. Specifically, an E/S/M/V/WBE firm does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed to obtain the appearance of meaningful and useful S/M/V/WBE participation when in similar transactions in which E/S/M/V/WBE firms do not participate, there is no such role performed.

I. Compliance – The level of performance at which the SBBC and the prime contractor utilize vendors in meeting diversity and inclusion objectives.

J. Control – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business, and have the primary authority to direct a business enterprise's day-to-day management and operation without interference from others.

K. Debarment – The exclusion of a vendor or contractor, for cause, from bidding and/or doing business with SBBC.

L. Economic Inclusion – efforts to promote and maximize commercial transactions within, between, and among all segments of the business population, regardless of race or gender, within the relevant marketplace.

M. Emerging Business Enterprise – a certified EBE corporation, partnership, sole proprietorship, or other legal entity for the purpose of making a profit, which is independently owned and operated by individuals legally residing in, or that are citizens of, the United States or its territories who has average annual receipts under $4 million and 50 employees or fewer”) and meets the Significant Business Presence requirements as defined herein.

N. Evaluation Preference – an API that may be applied by the Goal Setting Committee to construction, architecture & engineering, professional services, goods and other goods contracts that are to be awarded on a basis that includes factors other than lowest price and wherein responses that are submitted to the School District by E/S/M/V/WBEs firms may be awarded additional points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime respondents.

O. Formal Solicitation – an Invitation to Bids (“ITB”), Request For Proposals (“RFP”), Request For Qualifications(“RFQ”), or other competitive solicitation documents issued by an SBBC department for a contract that requires SBBC approval, in accordance with the procurement procedures established by the Superintendent or designee through a memorandum issued by the Superintendent or designee, an administrative directive or a procurement manual issued under the authority of the Superintendent or designee, and/or

pursuant to requirements established by applicable law, rules, or School Board Policies.

P. Goal Setting Committee (GSC) – a committee appointed and chaired by the Superintendent or designee that includes, at a minimum, the Economic Development & Diversity Compliance Officer, or designee, the Director of Procurement & Warehousing Services or designee, the Chief of Facilities and Construction Management or designee, the Executive Director, or designee, Capital Programs or designee, the Director or designee of the originating department (if the originating department is neither Procurement & Warehousing Services or Facilities and Construction), a designee from the Business Support Center all without duplication of designees.

Q. The Superintendent or designee may also appoint two (2) ex-officio members of the Small Business Advisory Committee to serve on any GSC purely in an advisory and non-voting capacity. All GSC members including any such non-voting ex officio members shall be subject to the requirements of the Sunshine Law. The GSC establishes E/S/M/V/WBE program goals for the School District (e.g. Mandatory Goals, Contract-by-Contract Subcontracting Goals, and determines which MBE and WBE segments are eligible for Segmented Subcontracting Goals or other Affirmative Procurement Initiatives) based upon industry categories, vendor availability, project-specific characteristics, and MBE and WBE utilization.

R. Good Faith Efforts – documentation of the respondent's intent to comply with E/S/M/V/WBE program goals and procedures including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the respondent's commitment to comply with E/S/M/V/WBE goals as established under the SDOP by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the E/S/M/V/WBE program goals (e.g., solicitations of bids/proposals/qualification statements from all qualified E/S/M/V/WBE firms listed in the SDOP's directory of certified Emerging Business Enterprise ("EBE"), Small Business Enterprise ("SBE"), Minority Business Enterprise ("MBE"), Veteran Business Enterprise ("VBE"), or Women Business Enterprise ("WBE") firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a prime contractor's posting of a bond covering the work of E/S/M/V/WBEs subcontractors; documentation of efforts to assist E/S/M/V/WBEs firms with obtaining financing, bonding, or insurance required by the respondent; and documentation of consultations with trade associations and consultants that represent the interests of E/S/M/V/WBEs in order to identify qualified and available E/S/M/V/WBEs subcontractors).

forth in Section (7) of the Standard Operating Procedures for this Policy. A firm's graduation or temporary suspension from participation as an E/S/M/V/WBE firm in the SDOP does not necessarily affect its eligibility to be recertified and to participate in the District's SDOP policy as an E/S/M/V/WBE. Graduated E/S/M/V/WBE firms shall be eligible to apply for E/S/M/V/WBE two-year transitional renewal immediately following graduation. Such application for S/M/V/WBE two (2) year transitional renewal shall only be granted on condition that the graduated E/S/M/V/WBE firm presents documentation as required by the SDOP that establishes that the E/S/M/V/WBE firm's annual revenues and number of employees is below the SBA's small business size standards for the relevant industry. A S/M/V/WBE firm permanently graduates from the SDOP when it meets the criteria for graduation as outlined in Section (7) of the Standard Operating Procedures for this Policy. However, a graduated E/S/M/V/WBE firm may continue to participate in and benefit from other race-neutral, non-industry-specific remedies of the SDOP policy described in Section D of this Policy.

T. Independently Owned and Operated – ownership of an E/S/M/V/WBE firm must be direct, independent, and by individuals only. The E/S/M/V/WBE firm must also be independently owned and operated because it cannot be the subsidiary of another firm that does not (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for E/S/M/V/WBE Certification.

When specified by the GSC, the MBE Subcontracting Program may also be required to reflect good faith efforts that a prime contractor or vendor has taken (or commits to taking in the case of solicitations that do not include a

V. Administrative Reforms and Non-Industry-Specific Remedies

A. In furtherance of the policies and objectives of this Policy, the Superintendent or designee shall be responsible for implementing the following procurement policy reforms and non-industry-specific remedies to address ongoing effects of discrimination that adversely affect MBE and WBE access to public and private sector contracting opportunities and that will further facilitate the efficient implementation and successful enforcement of the SDOP:

1. Commercial Nondiscrimination Policy

It is SBBC's policy to not enter into a contract or to be engaged in a business relationship with any business entity that has discriminated in the solicitation, selection, hiring, or commercial treatment of vendors, suppliers, subcontractors, or commercial customers on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's or commercial customer's employees or owners; provided that nothing in this policy shall be construed to prohibit or limit otherwise lawful efforts to remedy the effects of discrimination that have occurred or are occurring in the relevant marketplace.

The EDDC Department shall implement this policy by periodically conducting outreach and distributing educational materials to the School District's contracting and vendor community and related trade associations to advise such contractors, vendors, and prospective respondents of this policy and the procedures to be followed in submitting complaints alleging violations of this policy. In addition, the Superintendent or designee, the Office of the Chief Financial Officer, Financial Management, the Executive Director, Operations, the Director of the Department of Purchasing & Warehousing Services, Officer, Economic Development & Diversity Compliance, the Executive Director, Capital Programs, and the Office of the General Counsel shall ensure that the following commercial nondiscrimination clause language is set forth in, and incorporated into, all SBBC contracts that result from competitive solicitations:

Every contract and subcontract shall contain a nondiscrimination clause that materially reads as follows:

"As a condition of entering into this agreement, the company represents and warrants that it will comply with the District's Commercial Nondiscrimination Policy, as described under, Section D.1 of the District's Policy No. 3330 – Supplier Diversity Outreach Program.

As part of such compliance, the company shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company

shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the School District's relevant marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this agreement and may result in termination of this agreement, disqualification of the company from participating in SBBC contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party."

All competitive solicitations issued for SBBC contracts shall include the following certification to be completed by the respondent:

The undersigned respondent hereby certifies and agrees that the following information is correct:

In preparing its response on this project, the respondent has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in "discrimination" as defined in the District's Policy No. 3330 – Supplier Diversity Outreach Program, Section D.1; to wit: Discrimination in the solicitation, selection, or commercial treatment of any subcontractor, vendor, supplier, or commercial customer on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation or on the basis of disability or other unlawful forms of discrimination. Without limiting the foregoing, "discrimination" also includes retaliating against any person or other entity for reporting any incident of "discrimination." Without limiting any other provision of the solicitation for responses on this project, it is understood and agreed that, if this certification is false, such false certification will constitute grounds for the School District to reject the response submitted by the respondent on this project, and terminate any contract awarded based on the response. As part of its response, the respondent shall provide to the School District a list of all instances within the immediate past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Florida that the respondent discriminated against its subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that complaint, including any remedial action taken. As a condition of submitting a response to SBBC, the respondent agrees to comply with the School District's Commercial Nondiscrimination Policy as described under its School Board Policy No. 3330 – Supplier Diversity Outreach Program, Section D.1.

2. Centralized Bidder Registration Policy

SBBC shall establish an electronic Centralized Bidder Registration ("CBR") system to provide the elements and functionalities necessary to advance and facilitate the program objectives of the SDOP policy stated herein. The CBR shall, at a minimum, include the following:

a. The CBR shall allow a prospective vendor to electronically enter, maintain, and update its vendor registration and profile data. The CBR shall capture relevant vendor contact information, nationally recognized industry/commodity identification codes, ownership status, length of time in business, number of employees, and the unique identifiers deemed necessary by the School District. Vendors shall be required to update critical fields, as defined by the Officer, EDDC or designee, within seventy-two (72) hours of any changes. Vendors shall be required to update any changes to their entire registration and profile and confirm their interest in performing work for the School District on an annual basis.

b. Every vendor that seeks to respond to SBBC solicitations, to receive an SBBC prime contract or subcontract, or to receive payment for work performed, and/or to receive payment for goods or services delivered on behalf of SBBC, is recommended to register through the CBR System. All businesses awarded a School District contract shall be required to register in the CBR. The School District shall designate the acceptable methods for the unique identification of vendors. Each respondent/vendor must complete registration on the CBR to be eligible to respond to any SBBC solicitations, to receive a contract award, or to receive a payment from the School District.

c. The School District shall use the CBR for electronic outreach purposes and to send alerts to CBR registrants of upcoming solicitation opportunities based upon the identified industry/commodity codes of CBR registrants or vendor-identified areas of interest unless such notification is declined.

d. The CBR shall track all payments, by industry/commodity classification codes that are made to each CBR registrant.

e. Upon payment by the School District to a vendor for goods or services provided, vendors shall be required to provide and aver at such times and in the format required by the School District:

   i. Their CBR vendor identifiers;

   ii. The CBR vendor identifiers for all subcontractors and

suppliers;

iii. The claimed value of the respective goods or services provided by the vendor and any subcontractor or supplier; and

iv. The nationally recognized industry/commodity identification codes for all goods or services provided by the vendor and any subcontractors or suppliers.

SBBC shall electronically notify such identified subcontractors and suppliers and require that they confirm and aver payment from prime contractors for goods and services for which the SBBC has paid the prime contractor.

f. The CBR shall provide users the ability to identify prospective respondents, subcontractors, and vendors that are ready, willing, and able to sell specific types of goods or services. Consistent with applicable law regarding privacy and public records, SBBC may establish policies regarding the access and use of the CBR system by vendors and by the general public.

g. SBBC shall strive to ensure this registration process is integrated with any other registrations required by law or available by common practice. The Superintendent shall recommend any inter-local, intergovernmental, and data-sharing agreements, as necessary for the development of this CBR, in a manner that promotes integration with other registrations. The CBR shall contain links to such other mandatory on-line business registration systems, business-licensing applications, and business ownership status certification applications that are not directly integrated with the CBR, as deemed appropriate by the School District.

3. Respondent De-briefings

For any contract in which SBBC has undertaken a formal solicitation and subsequent evaluation of responses in accordance with a “Best Value Contracting” method of procurement, the Director of the department issuing the competitive solicitation, or of the department on whose behalf the competitive solicitation was issued, or their designees, shall provide a de-briefing to any non-recommended respondent, upon request. At a minimum, de-briefings shall include disclosures of scoring criteria and scores from the evaluation panel responsible for making the selection for each response that was evaluated. To the extent possible, the de-briefing should also identify for each non-recommended respondent those areas where its submittal was not as competitive as others, with an explanation as to why.

VI. Industry-Specific Remedial Affirmative Procurement Initiatives

A. The GSC shall be established by the Superintendent or designee in accordance with this Policy and shall have the responsibility of evaluating categories of informal solicitations and each prospective competitive solicitation document in advance of its advertised posting to the public to determine which of the following APIs it should apply to a given contract within a particular industry. Once any API is selected for application by the GSC, then it shall be applied to the bid solicitation language in advance of advertised posting to the public, and also to the resultant contract language for that awarded contract as follows:

1. Race-Neutral Construction Program Elements

a. Direct Owner Purchasing Program

Under this Program element, the Office of Facilities and Construction shall continue and expand its practice of directly purchasing large dollar item equipment and supply purchases for its construction projects that are valued at $200,000 or less (e.g., heating, ventilation and air conditioning units, kitchen equipment, pool pump, sprinkler systems) so as to level the playing field for smaller contractors that may not be able to negotiate as low of a price with suppliers or vendors. In this way, contractors will not need to provide bonding for that portion of the contract that would normally require them to purchase those large dollar equipment and supply items. The Executive Director, Capital Programs or designee shall be responsible for establishing systems and procedures for coordinating the warehousing of such items that are purchased directly by SBBC and for managing efficient and accountable delivery of the inventory of the purchased items to the correct job sites for installation by selected contractors.

b. SBE Prime Contract Program

Under this Program element, the GSC may establish an SBE prime contractor capacity-building initiative to enhance long-term competition and to provide SBBC with its “Best Value” on Construction projects valued at $500,000 or less using alternative construction delivery methods of contracting in accordance with Florida law. Under this Program, the GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted selection criteria in favor of the selection of a respondent that is a certified SBE firm. A SBE prime contractor that is awarded a prime contract under this Program may not subcontract more than forty-nine percent (49%) of the contract value to a non-SBE firm. In determining whether the SBE Prime Contract Program should be applied to

a particular contract, the GSC shall consider: the relative availability of SBEs, with a preference for at least three (3) SBEs that are likely to bid as a prime contractor for the contract; and the degree of underutilization of the SBEs in the specific industry categories. In addition, under this Program element, the GSC may elect to waive bonding on contracts valued under $200,000 and may further exclusively reserve prime contracts valued at under $50,000 for bids by SBE firms only.

c. EBE Prime Contract Program

Under this Program element, the GSC may establish an Emerging Small Business Enterprise prime contract capacity-building initiative to enhance long-term competition and to provide SBBC with its “Best Value” on construction projects valued at $500,000 or less using alternative construction delivery methods of contracting in accordance with Florida law. Under this program, the GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted selection criteria in favor of the selection of a respondent that is a certified EBE. An EBE contractor that is awarded a prime contract under this program may not subcontract more than forty-nine percent (49%) of the contract value to a non-EBE firm. In determining whether a particular contract is eligible for this program, the GSC shall consider: a) the relative availability of EBEs, with a preference for at least three (3) EBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of EBEs in the specific industry categories. In addition, under this Program element, the GSC may elect to waive bonding on contracts valued under $200,000 and may further exclusively reserve prime contracts valued at under $50,000 for bids by EBE firms only.

d. SBE Subcontracting Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%) be subcontracted to eligible SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent, to a School District solicitation for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by SBBC that provides:

i. The name(s) of the SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each SBE;

iii. A description of the work that each SBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by the SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the SBE subcontracting goal, shall render its response non-responsive. During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each SBE;

vii. A description of the work that each SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a “commercially useful function” under the scope of the contract; and

xi. Whether there are no certified SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified SBE firm, then the prime contractor is allowed to self-perform up to the entire SBE subcontracting goal amount with its own forces. To the extent that the certified SBE prime contractor does not self-perform a portion of the SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified SBE prime contractors may be suspended at the discretion of the Officer, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the SBE subcontracting goal by a certified SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or the SBBC has mandated the de-certification, suspension, graduation, or termination of a designated SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith

efforts to replace the de- certified, suspended, graduated, or terminated SBE with one or more other certified SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including SBE subcontractors. The originating department shall audit the reported payments to SBE and non-SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non- compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

e. EBE Subcontracting Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible EBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of EBE firms to perform commercially useful functions on the specific contract. A prospective respondent, to a School District solicitation for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by SBBC that provides:

i. The name(s) of the EBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE;

iii. A description of the work that each EBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive

solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the EBE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE;

vii. A description of the work that each EBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available EBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified EBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP failure of a prime contractor to commit as required in the solicitation to satisfying the EBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any

prime contract valued under $1 million, if the prime contractor is a certified EBE firm, then the prime contractor is allowed to self-perform up to the entire EBE subcontracting goal amount with its own forces. To the extent that the certified EBE prime contractor does not self-perform a portion of the EBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified EBE prime contractors may be suspended at the discretion of the Officer, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the EBE subcontracting goal by a certified EBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for EBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated EBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated EBE with one or more other certified EBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including EBE

subcontractors. The originating department shall audit the reported payments to EBE and non-EBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non- compliance regarding such payments,

the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

f. EBE, SBE and VBE Mentor-Protégé Program

Under this Program element, the SDOP shall consult with the Small Business Advisory Committee to establish an EBE, SBE and VBE Mentor-Protégé Program that provides technical assistance to EBEs, SBEs and VBEs to build their capacity by pairing EBE, SBE and VBE protégé firms with a more established, successful mentor firm that can provide the EBE, SBE and VBE protégé with knowledge to further grow their business. The Officer, EDDC shall examine various "best practices" of other mentor-protégé programs including, but not limited to, incentives for mentor firms to pair with protégé firms; approval and monitoring of written mentor-protégé team agreements that outline the respective objectives and responsibilities of the mentor-protégé teams; maintaining the independence and business autonomy of the protégé firms from mentor team members; terms for dissolution of mentor-protégé teams; and objective criteria for quantifying the success of mentor-protégé relationships. The Officer, EDDC or designee shall seek to establish the guidelines for this program within one (1) year of the effective date of this Policy and shall have discretion to modify the Mentor-Protégé Program as necessary to address weaknesses or unintended consequences.

2. Race-Conscious Construction Program Elements

GSC shall consider establishment of an overall M/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC construction formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to those construction solicitations and resultant contracts based upon the following criteria:

i. Whether the most recent data on M/WBE utilization in the absence of race-conscious APIs indicate that construction contracts of this type have exhibited significant disparities in the utilization of M/WBE subcontractors and/or M/WBE prime contractors;

ii. Whether race and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of M/WBE subcontractors and/or M/WBE prime contractors based upon past contract award and payment data;

iii. Whether a particular API is the least burdensome available remedy to non-M/WBE Respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of M/WBEs in construction contracts; and whether the particular API is appropriate for the specific type of construction contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to construction competitive solicitations, it shall provide an explanation in the competitive solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the District's relevant marketplace for construction services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall M/WBE prime and subcontract participation on SBBC construction contracts.

This annual Aspirational Goal for M/WBE participation in SBBC construction contracts has initially been established at fifty percent (51%) MBE contract participation (10% African American, 5% Asian American, 35% Hispanic American, and .5% Native American) and three percent (3%) WBE based upon the industry availability estimates in accordance with the District's 2023Disparity Study findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by SBBC through its CBR system once established for at least one (1) year and the utilization of MBE/WBE s.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis, and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Subcontracting Program

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific construction contract, up to forty percent (40%), be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of M/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by SBBC that provides:

1. The name(s) of the MBE/WBEs subcontractor(s) it intends to use on the project;

2. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBEs;

3. A description of the work that each MBE/WBEs subcontractor shall perform; and

4. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation.

In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the solicitation to satisfying the MBE/WBEs subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

5. The name(s) of the MBE/WBEs subcontractor(s) it intends to use on the project;

6. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBEs; and

7. A description of the work that each MBE/WBEs subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

8. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

9. Whether subcontracting would be inappropriate and/or not provide a “commercially useful function” under the scope of the contract; and

10. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified MBE/WBEs prime contractors may be suspended at the discretion of the Office, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a

material breach of contract, grounds for termination of that contract with SBBC and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with the SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self- performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with SBBC, or by law.
A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or the SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de- certified, suspended, graduated, or terminated MBE/WBE subcontractor(s) with one (1) or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC Invitations to Bid, RFPs, RFQs, and/or contracts shall include language pertaining to responsibilities for prime contractors or vendors regarding invoicing and payment schedules. Prime contractors shall include clauses requiring them to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

c. MBE/WBE Segmented Subcontracting Goals

The GSC may establish segmented MBE/WBE goals within the annual Aspirational Goal based upon the MBE/WBE availability by industry in accordance with the SBBC's 2023 KIR Disparity Study Update findings, along with relative MBE/WBE availability data to be collected by SBBC through its CBR system, and the utilization of MBE/WBEs. The GSC may also establish MBE/WBE segmented subcontracting goals on an individual SBBC contract wherein an overall combined MBE/WBE goal is accompanied by subsets of one or more smaller goals that specifically target the participation of a particular segment of minority group member categories or the WBE segment based upon relative availability. Such segmented goals shall specifically target the participation of a particular segment of business enterprises owned and controlled by WBEs or certain minority group members (e.g., African Americans or Hispanic Americans) based upon relative availability and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and minority group member categories of MBE/WBEs. The application of segmented MBE/WBE goals is intended to ensure that those segments of MBE/WBEs that have been most significantly and persistently underutilized receive a fair measure of remedial assistance. Segmented MBE/WBE goals shall operate in the same manner as the MBE/WBE Subcontracting Program set forth in Section E. 2. C. of this Policy.

d. MBE/WBE Mentor-Protégé Program

Under this Program element, the SDOP shall consult with the Small Business Advisory Committee to establish an MBE/WBE Mentor-Protégé Program that provides technical assistance to MBE/WBEs to build their capacity by pairing MBE/WBE protégé firms with a more established successful mentor firm that can provide the MBE/WBE business knowledge to further grow their business. The Officer, EDDC shall examine various "best practices" of other mentor-protégé programs including, but not limited to, incentives for mentor firms to pair with protégé firms; approval and monitoring of written mentor-protégé team agreements that outline the respective objectives and responsibilities of the mentor-protégé team members; maintaining the independence and business autonomy of the protégé firms from mentor team members; terms for dissolution of mentor-protégé teams; and objective criteria for quantifying the success of mentor-protégé relationships. The Officer,

EDDC or designee shall seek to establish the guidelines for this program within one (1) year of the effective date of this Policy and shall have discretion to modify the MBE/WBE Mentor-Protégé Program as necessary to address weaknesses or unintended consequences.

e. Minority Inclusion Language in RFPs

Under this Program element, in "Best Value" contracts that are issued pursuant to RFPs rather than lowest responsible bid Invitation to Bid (e.g., construction manager or design-build contracts), the GSC may include language in the RFP to include diversity in participation on a respondent's team and its plans to encourage M/WBE subcontract participation as one (1) element in the selection criteria. An additional element in such selection criteria may be past performance of the respondent in achieving diversity in subcontract awards on similar projects, as well as inclusion of MBE/WBE primes, MBE/WBE suppliers, and MBE/WBE professional services firms in prior projects.

f. MBE/WBE Evaluation Preference for "Best Value" RFPs

Under this Program element, the GSC may establish an MBE/WBE prime contractor capacity-building initiative to enhance long-term competition and to provide SBBC with its "Best Value" on construction projects using alternative construction delivery methods of contracting in accordance with Florida law. The GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted selection criteria in favor of the selection of a respondent that is a certified MBE/WBE firm. An MBE/WBE prime contractor that is awarded a prime contract under this program may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE firm. In determining whether the MBE/WBE Evaluation Preference for "Best Value" RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBEs, with the preference for at least three (3) MBE/WBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBEs in the specific industry categories.

3. Race-Neutral Professional Services Program Elements

The Goal Setting Committee (GSC) shall consider the application of one (1) or more of the following race-neutral Affirmative Procurement Initiatives for each SBBC professional services solicitation:

a. Emerging/Small Business Enterprise Vendor Rotation

Under this Program element, the GSC may use vendor rotation

of a pre-qualified panel of certified EBE/SBE professional services firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE professional services firms. The order of the vendor rotation is periodically adjusted by the EDDC Department or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

b. Evaluation Preference for EBE/SBE Prime Bidders

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE s. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE firms.

EBE/SBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved EBE/SBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE firms that have never previously performed any professional services work on behalf of the SBBC.

c. Evaluation Panel Diversity

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract awards, the Officer, EDDC may appoint a voting representative to serve on the evaluation panel to ensure that scoring is fair and to guard against inherent bias against non-incumbent firms and Emerging/Small/Minority/Veteran/Women Business Enterprise firms.

d. EBE/SBE Reserve of Contracts Up to $50,000

Under this Program element, the GSC may reserve some

smaller professional services contracts valued at less than $50,000 for competition solely among EBE/SBE professional services firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE firms that are available to compete for the work prior to applying this API.

e. EBE/SBE Subcontracting Goals Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible EBE/SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of EBE/SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent to a School District competitive solicitation for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC that provides:

i. The name(s) of the EBE/SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

iii. A description of the work that each EBE/SBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the

absolute dollar value of subcontracting services to be provided by each E/SBE;

vii. A description of the work that each EBE/SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available EBE/SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified EBE/SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified EBE/SBE firm, then the prime contractor is allowed to self-perform up to the entire EBE/SBE subcontracting goal amount with its own forces. To the extent that the certified EBE/SBE prime contractor does not self-perform a portion of the EBE/SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified EBE/SBE prime contractors may be suspended at the discretion of the Director of Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self- performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the EBE/SBE subcontracting goal by a certified EBE/SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for EBE/SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated EBE/SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated EBE/SBE with one (1) or more other certified EBE/SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including EBE/SBE subcontractors. The originating department shall audit the reported payments to EBE/SBE and non-EBE/SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

4. Race-Conscious Professional Services Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC professional services formal solicitation in advance of its public release and advertisement, and shall determine whether to apply any of the other race-conscious APIs to those professional services solicitations and resultant

contracts based upon the following criteria:

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that professional services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

iii. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of MBE/WBEs in professional services contracts; and

iv. Whether the particular API is appropriate for the specific type of professional services contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to professional services competitive solicitations, it shall provide an explanation in the solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the School District's relevant marketplace for professional services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime and subcontract participation on SBBC professional services contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC professional services contracts has initially been established at thirty-six percent (36%) MBE contract participation (5%) African American, (22%) Asian American, (9%) Hispanic American) MBE contract participation and twenty-nine percent (29%) WBE contract participation based upon the industry availability estimates in accordance with the District's 2023KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be

collected by the SBBC through its CBR system once established for at least one (1) year and the utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/V/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Evaluation Preference for “Best Value” RFPs

Under this Program element, the GSC may establish an MBE/WBE prime contractor capacity-building initiative to enhance long-term competition and to provide SBBC with its “Best Value” on professional services contracts in accordance with Florida law. The GSC may reserve from fifteen percent up to a maximum of twenty percent (15%-20%) of the total available evaluation points for award to a respondent that is a certified MBE/WBE firm. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work, may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those M/WBE firms that have never previously performed any professional services work on behalf of SBBC. An MBE/WBE prime contractor that is awarded a prime contract under this program element may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE firm. In determining whether the MBE/WBE Evaluation Preference for “Best Value” RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBEs, with a preference for at least three (3) MBE/WBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBEs in the specific industry categories.

c. MBE/WBE Subcontracting Program for Professional Services

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific professional services contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC that provides:

v. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE;

vii. A description of the work that each MBE/WBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

ix. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

x. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE; and

xi. A description of the work that each MBE/WBE subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

xii. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

xiii. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xiv. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified M/WBE prime contractors may be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a

material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self- performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated M/WBE subcontractor(s) with one or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

d. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified MBE/WBE professional services firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of MBE/WBE professional services firms. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each MBE/WBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

5. Race-Neutral Goods Program Elements

a. EBE/SBE/VBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified EBE/SBE/VBE goods vendors for smaller SBBC contracts valued at less than $50,000. Supply orders are rotated among this pre-qualified panel of EBE/SBE/VBE goods vendors. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of purchase orders assigned to the highest dollar volume of purchase orders assigned to each EBE/SBE/VBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

b. EBE/SBE/VBE Reserve for Contracts Up $50,000

Under this Program element, the GSC may reserve some smaller goods contracts valued at less than $50,000 for bid competition solely among EBE/SBE/VBE goods firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE/VBE firms that are available to compete for the sale of the goods to SBBC prior to applying this API.

6. Race-Conscious Goods Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection “a” below and, in addition, shall review each prospective SBBC goods competitive solicitation in advance of its public release and advertisement and shall make a determination whether to apply any of the other race-conscious APIs to those goods competitive solicitations and resultant contracts based upon

the following criteria:

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that goods contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

iii. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of MBE/WBEs in goods contracts; and

iv. Whether the particular API is appropriate for the specific type of goods contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to goods competitive solicitations, it shall provide an explanation in the competitive solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the School District's relevant marketplace for goods.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE participation on SBBC goods contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC goods contracts has initially been established at fifty-six (56%) MBE contract participation (9%) African American, (4%) Asian American, (43%) Hispanic American) and eight percent (8%) WBE contract participation based upon the industry availability estimates in accordance with the School District's 2023 KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by the SBBC through its Centralized Bidder Registration system once established for at least one (1) year and the School District's utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/WBE goals and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified MBE/WBE goods firms for smaller SBBC contracts valued at less than $50,000. Purchase orders are rotated among this pre-qualified panel of MBE/WBE firms.

The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of purchase orders assigned to the highest dollar volume of purchase orders assigned to each MBE/WBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

c. MBE/WBE Subcontracting Program for Goods

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific goods contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC that provides:

i. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE;

iii. A description of the work that each MBE/WBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the competitive solicitation to satisfying the MBE/WBE subcontracting goal shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE; and

vii. A description of the work that each MBE/WBE subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

viii. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

ix. Whether subcontracting would be inappropriate and/or not provide a “commercially useful function” under the scope of the contract; and

x. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified M/WBE prime contractors may be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self-performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated M/WBE subcontractor(s) with one or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

d. Voluntary MBE/WBE Distributorship Development Program

Under this Program element, where there is low availability of MBE/WBE distributorships that are able to sell particular goods to the SBBC, the GSC may apply incentives to encourage manufacturers to establish authorized dealerships or distributorships with MBE/WBE suppliers of their products on a non-discriminatory basis. Such incentives may include two (2) or three (3) additional option years in supply contracts that may be exercised by SBBC when the manufacturer sells its products through its authorized MBE/WBE distributorship and demonstrates that its distributorship with that MBE/WBE vendor is established and operated in a non-discriminatory fashion as compared to its other distributorships. When this API is applied by the GSC to a goods program solicitation, the SDOP shall review the distributorship agreements of the

selected manufacturer that accepts the incentives as part of its bid to ensure that the terms of the designated authorized MBE/WBE's distributorship agreement are similar to that of non- MBE/WBE distributors for that manufacturer. Specifically, as a condition of the application of the incentives under this API, the SDOP will review relevant documentation to determine whether the MBE/WBE distributor is in no way more limited in geographic territory, credit terms, marketing support, public and private sector customer allocations and access, pricing, rebates, volume discounts, etc. as compared to the terms of similar non-MBE/WBE distributorship agreements for that manufacturer. The SDOP will also determine whether the MBE/WBE distributorship is performing a commercially useful function on behalf of the SBBC prior to exercising each additional option year under the contract. An additional incentive that may be provided by the GSC to the manufacturer and MBE/WBE distributorship under this API is accelerated payment terms of invoices for payment from the SBBC within fifteen (15) calendar days of receipt of goods and invoices.

7. Race-Neutral Other Services Program Elements

a. Direct Contracting for Other Services

Under this Program element, the GSC may direct the originating department to separate out certain other services categories (e.g., trucking, hauling, surveying, demolition, environmental consulting, testing, and landscaping) that normally would be bundled within much larger construction contracts or architecture and engineering design contracts, and issue separate bid solicitations to permit SBBC to directly award contracts for those specialty or non-license services. This API is intended to expand opportunities for such E/S/M/V/WBE firms to gain experience as prime vendors and prime contractors.

b. EBE/SBE/VBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified EBE/SBE/VBE other services vendors for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE/VBE other services vendors. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE/VBE vendor that is listed on the pre-qualified panel of vendors.

Participation on vendor rotation panel is contingent on vendor

having no negative history of unsatisfactory performance on prior SBBC contracts.

c. EBE/SBE/VBE Evaluation Preference for Prime Bidders

Under this Program element, on “Best Value” contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE/VBEs. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE/VBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE/VBE firms. EBE/SBE/VBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of the reserved EBE/SBE/VBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE/VBE firms that have never previously performed any other services work on behalf of SBBC.

8. Race-Conscious Other Services Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection “a” below and, in addition, shall review each prospective SBBC other services formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to those other services solicitations and resultant contracts based upon the following criteria:

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that other services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

iii. Whether a particular API is the least burdensome available

remedy to non-MBE/WBE respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of M/WBEs in other services contracts; and

iv. Whether the particular API is appropriate for the specific type of other services contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to other services solicitations, it shall provide an explanation in the solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the School District's relevant marketplace for other services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime participation on SBBC other services contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC other services contracts has initially been established at forty-five (45%) MBE contract participation (22%) African American, (1%) Asian American, (21%) Hispanic American, and (1%) Native American) contract participation and ten percent (10%) WBE contract participation based upon the industry availability estimates in accordance with the District's 2023 KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by SBBC through its CBR system once established for at least one (1) year and the School District's utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term

as stated in this Policy.

b. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified MBE/WBE other services vendors for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of MBE/WBE other services vendors. The order of the vendor rotation is periodically adjusted
by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE/VBEBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

c. MBE/WBE Evaluation Preference for Prime Bidders

Under this Program element, on “Best Value” contract solicitations where low price is not the only factor considered in contract award (i.e., Request for Proposal), the GSC may reserve from fifteen points up to a maximum of twenty points(15- 20) of the total available evaluation points for award to those prime bidders or respondents that are certified as MBE/WBEs. Out of those fifteen to twenty points(15-20) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten points(7.5-10) out of the total fifteen to twenty points(15-20) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty points(15-20) of the reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty points(15- 20) of evaluation preference points for those MBE/WBE firms that have never previously performed any other services work on behalf of SBBC.

9. Race-Neutral Architecture & Engineering Program Elements

The Goal Setting Committee (GSC) shall consider the application of one or more of the following race-neutral Affirmative Procurement Initiatives for each SBBC Architecture & Engineering solicitation:

a. Emerging/Small Business Enterprise Vendor Rotation

Under this Program element, the GSC may use vendor rotation

of a pre-qualified panel of certified EBE/SBE Architecture & Engineering firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE Architecture & Engineering firms. The order of the vendor rotation is periodically adjusted by the EDDC Department or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each SBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

b. Evaluation Preference for EBE/SBE Prime Bidders

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE s. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE firms.

EBE/SBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved EBE/SBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE firms that have never previously performed any architecture & engineering services work on behalf of SBBC.

c. Evaluation Panel Diversity

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract awards, the Officer, EDDC may appoint a voting representative to serve on the evaluation panel to ensure that scoring is fair and to guard against inherent bias against non-incumbent firms and Emerging/Small/Minority/Veteran/Women Business Enterprise firms.

d. EBE/SBE Reserve of Contracts Up to $50,000

Under this Program element, the GSC may reserve some smaller professional services contracts valued at less than $50,000 for competition solely among EBE/SBE architecture & engineering firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE firms that are available to compete for the work prior to applying this API.

e. EBE/SBE Subcontracting Goals Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible EBE/SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of EBE/SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent, to a School District competitive solicitation for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC that provides:

i. The name(s) of the EBE/SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

iii. A description of the work that each EBE/SBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall

be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

vii. A description of the work that each EBE/SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available EBE/SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified EBE/SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified EBE/SBE firm, then the prime contractor is allowed to self-perform up to the entire EBE/SBE subcontracting goal amount with its own forces. To the extent that the certified EBE/SBE prime contractor does not self-perform a portion of the EBE/SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified EBE/SBE prime contractors

may be suspended at the discretion of the Director of Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the EBE/SBE subcontracting goal by a certified EBE/SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for EBE/SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated EBE/SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated EBE/SBE with one (1) or more other certified EBE/SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including EBE/SBE subcontractors. The originating department shall audit the reported payments to EBE/SBE and non-EBE/SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non- compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with SBBC, or by law.

10. Race-Conscious Architecture & Engineering Program Elements

i. The GSC shall consider establishment of an overall MBE/WBE

annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC architecture & engineering formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to those architecture & engineering solicitations and resultant contracts based upon the following criteria:

ii. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that professional services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

iii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

iv. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of MBE/WBEs in architecture & engineering contracts; and

v. Whether the particular API is appropriate for the specific type of architecture & engineering contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to architecture & engineering competitive solicitations, it shall provide an explanation in the competitive solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the District's relevant marketplace for architecture & engineering services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime and subcontract participation on SBBC architecture & engineering contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC architecture & engineering contracts has initially been established at thirty-eight percent (38%) MBE contract participation (2% African American, 5% Asian American, 31% Hispanic American) MBE contract participation and twenty percent (20%) WBE contract participation based upon the

industry availability estimates in accordance with the School District's 2023 KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by SBBC through its CBR system once established for at least one (1) year and the utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/V/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Evaluation Preference for "Best Value" RFPs

Under this Program element, the GSC may establish an MBE/WBE prime contractor capacity-building initiative to enhance long-term competition and to provide SBBC with its "Best Value" on architecture & engineering contracts in accordance with Florida law. The GSC may reserve from fifteen percent up to a maximum of twenty percent (15%-20%) of the total available evaluation points for award to a respondent that is a certified MBE/WBE firm. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work, may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those M/WBE firms that have never previously performed any architecture & engineering work on behalf of SBBC. An MBE/WBE prime contractor that

is awarded a prime contract under this program element may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE firm. In determining whether the MBE/WBE Evaluation Preference for "Best Value" RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBEs, with a preference for at least three (3) MBE/WBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBEs in the specific industry categories.

c. MBE/WBE Subcontracting Program for Architecture & Engineering

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific Architecture & Engineering contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC that provides:

xii. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

xiii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE;

xiv. A description of the work that each MBE/WBE subcontractor shall perform; and

xv. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the solicitation. In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the

solicitation to satisfying the MBE/WBE subcontracting goal shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

xvi. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

xvii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE; and

xviii. A description of the work that each MBE/WBE subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

xix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

xx. Whether subcontracting would be inappropriate and/or not provide a “commercially useful function” under the scope of the contract; and

xxi. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified M/WBE prime contractors may

be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self-performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a District-mandated change order or contract amendment, or SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated M/WBE subcontractor(s) with one or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's

failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with SBBC, or by law.

d. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre- qualified panel of certified MBE/WBE architecture & engineering firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of MBE/WBE professional services firms. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each MBE/WBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

VII. Periodic Review and Factual Predicate

SBBC shall issue a Request for Proposals to undertake a comprehensive update of the full disparity study when deemed necessary, by the Superintendent or SBBC. The existing Policy shall remain in effect through the complete, SBBC review of the Disparity Study update and implementation of the Policy. Upon completion of each disparity study update, present disparity study results to SBBC, and following SBBC review and a public comment period regarding those study findings and recommendations., the SBBC shall consider any proposed modifications to, or sunset of, this Policy. As part of this review process, the Superintendent or designee shall make, or recommend to SBBC, as appropriate, modifications to the procedures or substantive provisions of this Policy and submit any necessary draft amendments to policies and procedures to SBBC for adoption as appropriate to effectuate the continuation, modification, or termination of the SDOP's EBE, MBE, SBE, VBE and WBE program elements.

VIII. SDOP Policy Review, Modification, and Sunset

The SBBC shall issue a Request for Proposals to undertake a comprehensive update of the full disparity study when deemed necessary by the Superintendent and SBBC, and upon completion of each disparity study update, present disparity

study results to SBBC, and following SBBC review and a public comment period regarding those study findings and recommendations, SBBC shall consider any proposed modifications to, or sunset of, this Policy. As part of this review process, the Superintendent or designee shall make or recommend to SBBC as appropriate, modifications to the procedures or substantive provisions of this Policy and submit any necessary draft amendments to policies and procedures to SBBC for adoption as appropriate to effectuate the continuation, modification, or termination of the SDOP's EBE, SBE, MBE, VBE, and ~~M/~~WBE program elements. The existing Policy shall remain in effect through the completion and SBBC review of the Disparity Study update. Absent SBBC implementation and approval prior to the sunset date for this amended SDOP policy by SBBC, the provisions of this Policy shall be void and may not be enforced after December 31, 2028.

IX. Severability Clause

If any section, paragraph, sentence, clause, phrase, or word of this SDOP policy, or the application thereof, to any person or circumstance is for any reason held by a court of competent jurisdiction to be unconstitutional, inoperative, invalid, or void, such holding shall not affect the remainder of this Policy or the application of any other provisions of this Policy which can be given effect without the invalid provision or application, and to this end, all the provisions of this Policy are hereby declared to be severable.

POLICY 3330
SUPPLIER DIVERSITY OUTREACH PROGRAM (SDOP)

~~SUPPLIER DIVERSITY OUTREACH PROGRAM~~

Effective July 2017, ~~the School Board authorizes~~ The School Board of Broward County, Florida ("SBBC"), authorized and ~~directs~~ directed the Superintendent to establish and implement a Supplier Diversity Outreach Program ("SDOP") through Standard Operating Procedures ("SOP") that are consistent with the factual predicate, purposes, and objectives stated below and containing the following elements:

A. Factual Predicate and Purpose

1. This policy is adopted to establish a Supplier Diversity Outreach Program to remedy the ongoing effects of identified marketplace discrimination that ~~the School~~SBBC ~~Board~~ has found continue to adversely affect the participation of Small/Minority and/or Women Business Enterprises ("S/M/WBE") in ~~School Board~~SBBC contracts.

2. In October 2015, ~~the School Board~~SBBC received, reviewed, and accepted the final report of a Disparity Study conducted by Mason Tillman Associates, Ltd. ("MTA") prepared on behalf of SBBC. ~~The School Board of Broward County, Florida ("SBBC").~~ The MTA Disparity Study used a variety of methodologies to undertake a comprehensive examination of the relevant marketplace for ~~School Board~~SBBC purchases for the Study period from July 1, 2008, through June 30, 2013. ~~This~~ The MTA Disparity Study identified a number of barriers, including various forms of marketplace discrimination that undermine the formation, growth, and equitable participation of minority- and women-owned businesses in ~~School Board~~SBBC purchases and contracts. Among the numerous findings that formed a strong basis in evidence to support the initial adoption of this Policy ~~are~~were the following:

    a. There ~~is~~ was evidence of ongoing effects of past discrimination in the relevant local marketplace in Broward County, Palm Beach County, and Miami- Dade County as previously reflected in the 2010 Broward County Disparity Study and the 2013 Miami-Dade County Public Schools Disparity Study, and as reflected in ~~School Board~~SBBC purchases examined in the 2015 ~~Broward County Public Schools~~SBBC Disparity Study. The ~~present~~ opportunities for Minority/Women Business Enterprise ("M/WBE") participation in the local marketplace and in School Board contracts ~~are~~ were affected by past discrimination in the private sector. For example, regression analysis conducted as part of the 2015 Disparity Study for ~~the School Board~~SBBC observed large, adverse, and statistically

significant disparities in business formation and business earnings for M/WBEs in the construction sector and in commodities and other contractual services sectors, even while controlling for independent variables such as age, experience, finances, marital status, homeownership, and education. Moreover, a regression analysis of data from the 2003 National Survey of Small Business Finances found that when Minority Business Enterprises ("MBE") applied for loans, their requests were substantially more likely to be denied than non-MBEs, even after accounting for differences like firm size and credit history.

b. ~~There is~~MTA found contemporary evidence of discrimination against M/WBEs in the relevant marketplace. Some practices within the marketplace ~~have~~ had the effect of causing disadvantage to M/WBE firms and undermine their ability to compete. MTA found particularized evidence of negative stereotypes against M/WBEs, and qualitative evidence obtained through interviews of business owners and searches of judicial opinions in Broward County confirmed a history of fraud and collusion and other exclusionary practices of prime contractors to avoid utilizing M/WBE subcontractors and sub-consultants. Such practices were found to have adversely affected M/WBE contract participation, growth, and competitiveness. As noted above, the MTA Disparity Study ~~contains~~ contained extensive evidence of discrimination against M/WBE business owners when seeking commercial credit within the local market. Credit is a necessary attribute for a firm to be successful in each of the industries from which the SBBC makes purchases~~;~~, especially in the construction industry, wherein credit availability affects access to bonding. Bonding is often a prerequisite to being able to bid on ~~School Board~~SBBC construction contracts.

c. The MTA Disparity Study's threshold analysis of M/WBE participation on smaller contracts ruled out differences in capacity as the explanation for significant disparities in the underutilization of M/WBE firms in SBBC contracts. However, significant anecdotal evidence ~~supports~~ supported ~~the~~ a finding that unequal access to capital leads to unequal access to bonding. ~~, and u~~Unequal access to bonding reduces the size of bid opportunities and the magnitude of business earnings for M/WBE firms competing for SBBC contracts. Accordingly, such discrimination adversely affects the availability, growth, capacity, and size of M/WBE firms.

d. Other forms of marketplace discrimination identified by the MTA Disparity Study such as slow payment by prime contractors, "good old boy" networks that exclude M/WBEs from prime contract and subcontract opportunities,

manipulation of the bidding process to deny M/WBE firms adequate time to respond to bid requests, and unfair denial of contract awards also adversely affect the ability of M/WBE firms to compete for ~~School Board~~SBBC contracts.

3. 2023 Disparity Study Update

~~On~~In November 2023~~2~~, Keen Independent Research ("~~KIN~~KIR") was commissioned to conduct a Disparity Study Update. The ~~purpose of the study was to determine if there is evidence showing that there is~~ study aimed to determine if ~~there is~~ evidence ~~showing~~demonstrated a disparity among ready, willing, and available (RWA) M/WBEs in ~~C~~construction, ~~A~~architecture~~al~~ & ~~E~~engineering, ~~P~~professional ~~S~~services, ~~G~~goods, and ~~O~~other ~~S~~services. The study period cover~~s~~ed July 1, 2017, to June 30, 2022.

Based on statistical findings in the ~~KIN~~KIR Disparity Study Update, the utilization of qualified vendors as reflected by the percentage of contracts or purchase orders awarded, appear to be less inclusive than warranted, when compared to the RWA firms. The following race, ethnicity, and gender groups showed statistically significant disparity in the following business categories:

Business Categories	Race, Ethnicity & Gender
Construction	African American-Owned and Asian American-Owned
Architecture & Engineering	Women (White Woman-Owned)
Professional Services	Asian American-Owned
Goods	African American-Owned, Asian American-Owned, Hispanic American-Owned, and Women (White Woman-Owned)
Other services	African American-Owned, Asian American-Owned, Hispanic American-Owned, Native American-Owned, and Women (White Woman-Owned)

~~**Construction** (African American and Asian American)~~
~~**Architecture & Engineering** (Women)~~
~~**Professional Services** (Asian American)~~
~~**Goods** (African American, Asian American, Hispanic American, and Women)~~
~~**Other Services** (African American, Asian American, Hispanic American, Native American, and Women)~~

Anecdotal analysis data in the ~~KIN~~KIR Disparity Study Update illustrated barriers, which may exist, for minority and women business owners. The barriers included the process with paperwork, ~~with paperworkdocumentation~~, timely payment, and subcontractor utilization.

~~3.~~4. This Policy further seeks to exercise the spending powers of the ~~School Board~~SBBC in a manner that promotes economic inclusion of all segments of the business population, regardless of race or gender, ~~so as to~~to maximize the economic vitality and development of the region that the ~~School Board~~SBBC serves, and to maximize future economic opportunities for the students that ~~the School Board~~SBBC is responsible for educating.

B. Policy Objectives

1. This Policy, and the SDOP Standard Operating Procedures established pursuant to this Policy, shall serve the School District's compelling interest to remedy the various ongoing effects of marketplace discrimination against E/S/M/V/WBEs ~~S/M/WBEs~~ that are ready, willing, and able to sell goods and services to ~~the School Board~~SBBC.

2. The ~~narrowly-tailored~~narrowly tailored remedial efforts established in this Policy are designed to promote greater availability, capacity development, and contract participation by E/S/M/V/WBEs in ~~School Board~~SBBC contracts.

3. This Policy is intended, in part, to further the School District's compelling interest in ensuring that it is neither an active nor passive participant in private sector marketplace discrimination and to actively promote equal opportunity for all segments of the contracting and business community to participate in ~~School Board~~SBBC contracts.

4. ~~The School Board~~SBBC shall resort to the use of race- and gender-conscious means for addressing disparities within its contract participation only when it is apparent that the use of race- and gender-neutral means alone will likely be insufficient to remedy the effects of identified discrimination.

5. Having found that it has a compelling governmental interest to remedy the effects of discrimination upon ~~School Board~~its contracts, ~~the School Board~~SBBC directs the Superintendent or designee, the Director of Procurement & Warehousing Services or designee, and the Officer, Economic Development & Diversity Compliance (EDDC) or designee to collaborate in periodically recommending to ~~the School Board~~SBBC possible future amendments necessary to fully effectuate the purposes and objectives established in this Policy. Such proposed amendments shall also be ~~narrowly-tailored~~narrowly tailored in accordance with applicable law and the specific barriers to E/S/M/V/WBEs ~~S/M/WBE~~ participation identified within the School District's factual predicate as described above in Section A. 2. of this Policy.

6. It is the policy of ~~the School Board~~SBBC to take all necessary, reasonable, and legal action to prevent discrimination and to ensure that all businesses, including E/S/M/V/WBEs ~~S/M/WBEs~~, are afforded the maximum practicable opportunity to participate in the School District's purchasing and contracting processes.

7. As referenced in Section D, it is ~~the~~ SBBC's policy ~~of the School Board~~ to ensure that the firms it engages in business with, do not discriminate in the solicitation, selection, or treatment of subcontractors, suppliers, vendors, or commercial customers on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the

vendor's, supplier's, or commercial customer's employees or owners.

8. The EDDC Department Program shall have primary oversight responsibility with the full support and cooperation of all other School District offices and departments in the administration of the SDOP policy, as well as the SDOP Standard Operating Procedures established pursuant to this Policy.

9. The EDDC Department will notify ~~the Board~~SBBC and appropriate School District advisory committees of any substantive changes to the Standard Operating Procedures. A substantive change is any change that alters the responsibilities, roles, duties, ~~process~~ processes, or procedures for the administration of this ~~policy~~ Policy in a material way. Minor alterations to timeframes for the performance of tasks and duties under the Standard Operating Procedures shall, in general, not be deemed to be substantive changes. Similarly, changes to the Standard Operating Procedures that are intended merely as more detailed clarifications of existing Standard Operating Procedures shall not be considered to be substantive changes. However, to the extent there is any uncertainty as to whether a change to the Standard Operating Procedures is substantive or material~~;~~, the EDDC shall err on the side of providing notification of such changes to ~~the Board~~SBBC and appropriate School District advisory committees.

C. Scope and Exclusions / Definitions - Supplier Diversity Outreach Program

1. This Policy shall apply to all solicitations and awards of contracts for the purchase of services, goods, or supplies that are awarded by, or on behalf of~~, the School Board~~ SBBC~~;~~, including, but not limited to, every contract or other agreement between ~~the School Board~~SBBC and any governmental agency, quasi-governmental agency, corporation, vendor, or contractor, under which the agency, corporation, vendor, or contractor directly or indirectly receives any fiscal assistance or remuneration from ~~the School Board~~ SBBC for the purpose of contracting with businesses to perform construction, renovation, maintenance or other services, or for the purpose of directly or indirectly purchasing goods or ~~commodities~~goods for use by the School District. As such, ~~the School Board~~SBBC shall require the agency, corporation, vendor, or contractor to comply with this Policy in the solicitation, the award, and administration of that contract or agreement, provided~~;~~, however, that the following categories of contracts shall be excluded from the scope and application of this Policy:

   ~~a. Any expenditure for purchases with a value that is less than $5,000 and that are not competitively bid as stated in Section B, of Policy 3320;~~

   ~~b.~~ a. Contracts for the purchase of goods or supplies of a unique nature for which the School District's Procurement & Warehousing Services Department determines and confirms there is only a sole source of supply;

   ~~c.~~b. Contracts for electricity or water and sewage services from a municipal utility district or governmental agency;

   ~~d.~~c. Emergency contracts for goods or supplies that the Superintendent or designee determines are necessary for the preservation of public health or safety and whose immediacy of need is so great that it is impractical for the School District to apply the terms of this Policy to

2. Definitions. The following definitions shall be used for the purposes of this Policy and related Standard Operating Procedures:

Affirmative Procurement Initiatives ("API") – refers to various SDOP tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals, and joint venture incentives. (For full descriptions of these and other SDOP tools, see, Section E of this Policy and the SDOP Standard Operating Procedures.)

Annual Aspirational Goal – a non-mandatory annual aspirational percentage goal for overall M/WBE prime and subcontract participation in School Board contracts is established each year for construction, architecture~~al~~ & engineering, professional services, ~~commodities~~goods, and ~~other contractual services~~other services industry categories. SBE Subcontracting Program – a race- and gender-neutral API in which prime contractors or vendors are required to make good faith efforts to subcontract a specified percentage of the value of prime contract dollars to certified SBE firms. Such subcontracting goals may be set and applied by the GSC on a ~~contract-by- contract~~contract-by-contract basis to those types of contracts that provide subcontract opportunities for performing commercially useful functions. When specified by the GSC, the SBE Subcontracting Program may also be required to reflect good faith efforts that a prime contractor or vendor has taken (or commits to taking in the case of solicitations that do not include a detailed scope of work or those in which price cannot be considered a factor in evaluation) towards attainment of subcontracting goals for SBE firms.

School District – refers to the School District of Broward County, Florida, which is governed by The School Board of Broward County, Florida~~, and the School District in Broward County, Florida, that it governs~~.

Segmented M~~A~~WBE Goals – the application of multiple goals for M~~A~~WBE participation within the within annual Aspirational Goals or for M~~A~~WBE subcontracting goals on an individual School District contract wherein an overall combined M~~A~~WBE goal is accompanied by subsets of one or more smaller goals. Such

segmented goals specifically target the participation of a particular segment of business enterprises owned and controlled by M~~W~~BEs or certain minority group members (e.g., ~~African-Americans~~African Americans or ~~Hispanic-Americans~~Hispanic Americans) based upon relative availability and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and minority group member categories of M~~A~~WBEs. The application of Segmented M~~A~~WBE goals is intended to ensure that those segments of M~~A~~WBEs that have been most significantly and persistently underutilized receive a fair measure of remedial assistance.

Significant Business Presence – to qualify for participation as an E/S/M/V/WBE firm in this SDOP policy, an E/S/M/V/WBE must be headquartered or have a *significant business presence* for at least one (1) year within the relevant marketplace, defined as: an established place of business in one (1) or more of the three (3) counties that make up the Southern Florida relevant marketplace, from which at least fifty percent (50%) of its full-time, part-time, and contract employees are domiciled and regularly based, and from which a substantial role in the E/S/M/V/WBE's performance of a commercially useful function is conducted. A location utilized solely as a post office box, mail drop or telephone message center, or any combination thereof, with no other substantial work function, shall not be construed to constitute a significant business presence.

POLICY 3330: SUPPLIER DIVERSITY OUTREACH PROGRAM **REV. 1/23/2024~~4/21/2020~~**

1. Commercial Nondiscrimination Policy

a. Statement of Policy

It is ~~the~~ SBBC's policy ~~of the School Board not~~ to not enter into a contract or to be engaged in a business relationship with any business entity that has discriminated in the solicitation, selection, hiring, or commercial treatment of vendors, suppliers, subcontractors, or commercial customers on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's or commercial customer's employees or owners; provided that nothing in this policy shall be construed to prohibit or limit otherwise lawful efforts to remedy the effects of discrimination that have occurred or are occurring in the relevant marketplace.

b. Policy Implementation

The EDDC Department shall implement this policy by periodically conducting outreach and distributing educational materials to the School District's

contracting and vendor community and related trade associations to advise such contractors, vendors, and prospective respondents of this policy and the procedures to be followed in submitting complaints alleging violations of this policy. In addition, the Superintendent or designee, the Office of the Chief Financial Officer, Financial Management, the Executive Director, Operations, the Director of the Department of Purchasing & Warehousing Services, ~~Officer~~Officer, ~~Economic Development~~ Economic Development & ~~Diversity Compliance,~~ Diversity Compliance, the Executive Director, Capital Programs, and the Office of the General Counsel shall ensure that the following commercial nondiscrimination clause language is set forth in, and incorporated into, all ~~the School Board~~SBBC contracts that result from ~~formal~~ competitive solicitations:

Every contract and subcontract shall contain a nondiscrimination clause that materially reads as follows:

"As a condition of entering into this agreement, the company represents and warrants that it will comply with the District's Commercial Nondiscrimination Policy, as described under, Section D.1 of the District's Policy No. 3330 – Supplier Diversity Outreach Program.

As part of such compliance, the company shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the School District's relevant marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this agreement and may result in termination of this agreement, disqualification of the company from participating in ~~School Board~~SBBC contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party."

All ~~formal~~ competitive solicitations issued for SBBC contracts shall include the following certification to be completed by the respondent:

The undersigned respondent hereby certifies and agrees that the following information is correct:

~~d~~Discrimination in the solicitation, selection, or commercial treatment of any subcontractor, vendor, supplier, or commercial customer on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation or on the basis of disability or other unlawful forms of discrimination. Without limiting the foregoing, "discrimination" also includes retaliating against any person or other entity for reporting any incident of "discrimination." Without limiting any other provision of the solicitation for responses on this project, it is understood and agreed that, if this certification is false, such false certification will constitute grounds for the School District to reject the response submitted by the respondent on this project, and terminate any contract awarded based on the response. As part of its response, the respondent shall provide to the School District a list of all instances within the immediate past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Florida that the respondent discriminated against its subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that complaint, including any remedial action taken. As a condition of submitting a response to ~~the School Board~~SBBC, the respondent agrees to comply with the School District's Commercial Nondiscrimination Policy as described under its School Board Policy No. 3330 – Supplier Diversity Outreach Program, Section D.1.

2. Centralized Bidder Registration Policy

~~The~~ SBBC shall establish an electronic Centralized Bidder Registration ("CBR") system to provide the elements and functionalities necessary to advance and facilitate the program objectives of the SDOP policy stated herein. The CBR shall, at a minimum, include the following:

a. The CBR shall allow a prospective vendor to electronically enter, maintain, and update its vendor registration and profile data. The CBR shall capture relevant vendor contact information, nationally recognized industry/commodity identification codes, ownership status, length of time in business, number of employees, and the unique identifiers deemed necessary by the School District. Vendors shall be required to update critical fields, as defined by the Officer ~~ffi c e r~~, E-D-D-C or designee, within seventy-two (72) hours of any changes. Vendors shall be required to update any changes to their entire registration and profile and confirm their interest in performing work for the School District on an annual basis.

b. Every vendor that seeks to respond to SBBC solicitations, to receive an SBBC prime contract or subcontract, or to receive payment for work performed, and/or to receive payment for goods or services delivered on behalf of ~~the~~ SBBC, is recommended to register through the CBR System. All businesses awarded a School District contract shall be required to register in the CBR. The School District

shall designate the acceptable methods for the unique identification of vendors. Each respondent/vendor must complete registration on the CBR to be eligible to respond to any SBBC solicitations, to receive a contract award, or to receive a payment from the School District.

c. The School District shall use the CBR for electronic outreach purposes and to send alerts to CBR registrants of upcoming solicitation opportunities based upon the identified industry/commodity codes of CBR registrants or vendor-identified areas of ~~interest, unless~~interest unless such notification is declined.

d. The CBR shall track all payments, by industry/commodity classification codes that are made to each CBR registrant.

e. Upon payment by the School District to a vendor for goods or services provided, vendors shall be required to provide and aver at such times and in the format required by the School District:

   i. Their CBR vendor identifiers;

   ii. The CBR vendor identifiers for all subcontractors and suppliers;

   iii. The claimed value of the respective goods or services provided by the vendor and any subcontractor or supplier; and

   iv. The ~~nationally recognized~~nationally recognized industry/commodity identification codes for all goods or services provided by the vendor and any subcontractors or suppliers.

~~The School Board~~SBBC shall electronically notify such identified subcontractors and suppliers and require that they confirm and aver payment from prime contractors for goods and services for which the SBBC has paid the prime contractor.

f. The CBR shall provide users the ability to identify prospective respondents, subcontractors, and vendors that are ready, willing, and able to sell specific types of goods or services. Consistent with applicable law regarding privacy and public records, ~~the School~~SBBC ~~Board~~ may establish policies regarding the access and use of the CBR system by vendors and by the general public.

g. ~~The School Board~~SBBC shall strive to ensure this registration process is integrated with any other registrations required by law or available by common practice. The Superintendent shall recommend any inter-local, intergovernmental, and data-sharing agreements, as necessary for the development of this CBR, in a manner that promotes integration with other registrations. The CBR shall contain links to such other mandatory on-line business registration systems, business-licensing applications, and business ownership status certification applications that are not directly integrated with the CBR, as deemed appropriate by the School District.

3. Respondent De-briefings

   For any contract in which ~~the~~ SBBC has undertaken a formal solicitation and subsequent evaluation of responses in accordance with a "Best Value Contracting" method of procurement, the Director of the department issuing the competitive solicitation, or of the department on whose behalf the competitive solicitation was issued, or their designees,

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

shall provide a de-briefing to any non-recommended respondent, upon request. At a minimum, de-briefings shall include disclosures of scoring criteria and scores from the evaluation panel responsible for making the selection for each response that was evaluated. To the extent possible, the de-briefing should also identify for each non-recommended respondent those areas where its submittal was not as competitive as others, with an explanation as to why.

E. Industry-Specific Remedial Affirmative Procurement Initiatives

The GSC shall be established by the Superintendent or designee in accordance with this Policy and shall have the responsibility of evaluating categories of informal solicitations and each prospective ~~formal~~ competitive solicitation document in advance of its advertised posting to the public to determine which of the following APIs it should apply to a given contract within a particular industry. Once any API is selected for application by the GSC, then it shall be applied to the bid solicitation language in advance of advertised posting to the public, and also to the resultant contract language for that awarded contract as follows:

1. Race-Neutral Construction Program Elements

a. Direct Owner Purchasing Program

Under this Program element, the Office of Facilities and Construction shall continue and expand its practice of directly purchasing large dollar item equipment and supply purchases for its construction projects that are valued at $200,000 or less (e.g., heating, ventilation and air conditioning units, kitchen equipment, pool pump, sprinkler systems) so as to level the playing field for smaller contractors that may not be able to negotiate as low of a price with suppliers or vendors. In this way, contractors will not need to provide bonding for that portion of the contract that would normally require them to purchase those large dollar equipment and supply items. The Executive Director, Capital Programs or designee shall be responsible for establishing systems and procedures for coordinating the warehousing of such items that are purchased directly by SBBC and for managing efficient and accountable delivery of the inventory of the purchased items to the correct job sites for installation by selected contractors.

b. ~~Small Business Enterprise~~SBE Prime Contract Program
Under this Program element, the GSC may establish an SBE prime contractor capacity-building initiative to enhance long-term competition and to provide ~~the~~ SBBC with its "Best Value" on Construction projects valued at $500,000 or less using alternative construction delivery methods of contracting in accordance with Florida law. Under this Program, the GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted

selection criteria in favor of the selection of a respondent that is a certified SBE firm. A SBE prime contractor that is awarded a prime contract under this Program may not subcontract more than forty-nine percent (49%) of the contract value to a non-SBE firm. In

determining whether the SBE Prime Contract Program should be applied to a particular contract, the GSC shall consider: the relative availability of SBEs, with a preference for at least three (3)-SBEs that are likely to bid as a prime contractor for the contract; and the degree of underutilization of the

SBEs in the specific industry categories. In addition, under this Program element, the GSC may elect to waive bonding on contracts valued under
$200,000, and may further exclusively reserve prime contracts valued at under $50,000 for bids by SBE firms only.

c. ~~ESBE~~EBE Prime Contract Program

Under this Program element, the GSC may establish an Emerging Small Business Enterprise prime contract capacity-building initiative to enhance long-term competition and to provide ~~the~~ SBBC with its "Best Value" on construction projects valued at $500,000 or less using alternative construction delivery methods of contracting in accordance with Florida law. Under this program, the GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted selection criteria in favor of the selection of a respondent that is a certified ~~ESBE~~EBE. An ~~ESBE~~EBE contractor that is awarded a prime contract under this program may not subcontract more than forty-nine percent (49%) of the contract value to a non-~~ESBE~~EBE firm. In determining whether a particular contract is eligible for this program, the GSC shall consider: a) the relative availability of ~~ESBE~~EBEs, with a preference for at least three (3) ~~ESBE~~EBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of ~~ESBE~~EBEs in the specific industry categories. In addition, under this Program element, the GSC may elect to waive bonding on contracts valued under $200,000 and may further exclusively reserve prime contracts valued at under $50,000 for bids by ~~ESBE~~EBE firms only.

d. SBE Subcontracting Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%) be subcontracted to eligible SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent, to a School District solicitation for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each SBE;

iii. A description of the work that each SBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by the SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the SBE subcontracting goal, shall render its response non-responsive. During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each SBE;

vii. A description of the work that each SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10

million, if the prime contractor is a certified SBE firm, then the prime contractor is allowed to self-perform up to the entire SBE subcontracting goal amount with its own forces. To the extent that the certified SBE prime contractor does not self-

perform a portion of the SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified SBE prime contractors may be suspended at the discretion of the Officer, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the SBE subcontracting goal by a certified SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or the SBBC has mandated the de-certification, suspension, graduation, or termination of a designated SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated SBE with one or more other certified SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including SBE subcontractors. The originating department shall audit the reported payments to SBE and non-SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

e. E~~ES~~BE Subcontracting Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible E~~S~~BEs. Factors to be considered by the

GSC in making this determination shall include the relative availability of E~~S~~BE firms to perform commercially useful functions on the specific contract.

A prospective respondent, to a School District solicitation for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the EBE ~~ESBE~~ subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE~~ESBE~~;

iii. A description of the work that each E~~S~~BE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by ~~the~~ SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the E~~S~~BE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each E~~S~~BE;

vii. A description of the work that each E~~S~~BE ~~-~~subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. of a waiver request on criteria such as, but not limited to:

xi. Whether there are no certified E~~S~~BE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP failure of a prime contractor to commit as required in the solicitation to satisfying the E~~S~~BE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $1 million, if the prime contractor is a certified E~~S~~BE firm, then the prime contractor is allowed to self-perform up to the entire E~~S~~BE subcontracting goal amount with its own forces. To the extent that the certified E~~S~~BE prime contractor does not self-perform a portion of the E~~S~~BE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified E~~S~~BE prime contractors may be suspended at the discretion of the Officer, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the E~~S~~BE subcontracting goal by a certified E~~S~~BE prime contractor, the failure of a prime contractor to attain a subcontracting goal for E~~S~~BE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or ~~the~~ SBBC has mandated the de-certification, suspension, graduation, or termination of a designated ~~ESBE~~EBE subcontractor. f. EBE, SBE and VBE Mentor-Protégé Program

Under this Program element, the SDOP shall consult with the Small Business Advisory Committee to establish ~~a~~an EBE, SBE and VBE Mentor-Protégé Program that provides technical assistance to EBEs, SBEs and VBE~~SBE~~s to build their capacity by pairing EBE, SBE and VBE ~~SBE~~ protégé firms with a more established, successful mentor firm that can provide the EBE, SBE and VBE ~~SBE~~ protégé with knowledge to further grow their business. The Officer, EDDC shall examine various "best practices" of other mentor-protégé programs including, but not limited to, incentives for mentor firms to pair with protégé firms; approval and monitoring of written mentor-protégé team agreements that outline the respective objectives and responsibilities of the mentor-protégé teams; maintaining the independence and business autonomy of the protégé firms from mentor team members; terms for dissolution of mentor-protégé teams; and objective criteria for quantifying the success of mentor-protégé relationships. The Officer~~Officer~~, EDDC or designee shall seek to establish the guidelines for this program within one (1) year of the effective date of this Policy~~,~~ and shall have discretion to modify the Mentor-Protégé Program as necessary to address weaknesses or unintended consequences.

2. Race-Conscious Construction Program Elements

The GSC shall consider establishment of an overall M/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC construction formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to those construction solicitations and resultant contracts based upon the following criteria:

i. Whether the most recent data on M/WBE utilization in the absence of race-conscious APIs indicate that construction contracts of this type have exhibited significant disparities in the utilization of M/WBE subcontractors and/or M/WBE prime contractors;

ii. Whether race ~~-~~and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of M/WBE subcontractors and/or M/WBE prime contractors

based upon past contract award and payment data;

~~iii.~~ Whether a particular API is the least burdensome available remedy to non-M/WBE Respondents that is ~~narrowly-tailored~~narrowly tailored and that can effectively eliminate the disparities in the utilization of M/WBEs in construction contracts; and

~~iv.~~iii. ~~W~~whether the particular API is appropriate for the specific type of construction contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to construction competitive solicitations, it shall provide an explanation in the competitive solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the District's relevant marketplace for construction services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall M/WBE prime and subcontract participation on SBBC construction contracts.

This annual Aspirational Goal for M/WBE participation in SBBC construction contracts has initially been established at fifty-one percent (51%)~~thirty-seven percent (37%)~~ MBE ~~prime~~ contract participation (10% - African American, 5% Asian American, 35% Hispanic American, and .5~~1~~% Native American) and ~~twelve percent (12%)~~ three percent (~~-~~3%) WBE ~~prime~~ contract participation ~~and thirty three percent (33%) MBE subcontract participation and eleven percent (11%) WBE subcontract participation~~ based upon the industry availability estimates in accordance with the District's 2023Disparity Study findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE~~M/WBE~~ availability data to be collected by ~~the~~ SBBC through its CBR system once established for at least one (1) year and the utilization of MBE/WBE ~~M/WBE~~s.

Annual Aspirational Goals are not to be routinely applied to individual solicitations, but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis, and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific ~~E/S/M/WBE~~ goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Subcontracting Program

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific construction contract, up to forty percent (40%), be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of M/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the MBE/WBEs ~~M/WBE~~ subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each ~~S/M/WBE~~ MBE/WBEs;

iii. A description of the work that each MBE/WBEs~~M/WBE~~ subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation.

In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the solicitation to satisfying the MBE/WBEs~~M/WBE~~ subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. The name(s) of the MBE/WBEs~~M/WBE~~ subcontractor(s) it intends to use on the project;

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

viii. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBE~~M/WBE~~s;

ix. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

x. Whether there are no certified MBE/WBE~~M/WBE~~ firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the MBE/WBE~~M/WBE~~ subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE~~M/WBE~~ firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE~~M/WBE~~ subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE~~M/WBE~~ prime contractor does not self-perform a portion of the MBE/WBE~~M/WBE~~ subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self- performance option for certified MBE/WBEs~~M/WBE~~ prime contractors may be suspended at the discretion of the Office, EDDC or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE~~M/WBE~~ subcontracting goal by a certified MBE/WBE~~M/WBE~~ prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE ~~M/WBE~~ participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its

contract shall be considered a material breach of contract, shall be grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-mandated change order or contract amendment, or the SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE~~M/WBE~~ subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de- certified, suspended, graduated, or terminated MBE/WBE~~M/WBE~~ subcontractor(s) with one (1) or more other certified MBE/WBE~~M/WBE~~ subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE~~M/WBE~~ subcontractors. The originating department shall audit the reported payments to MBE/WBE~~M/WBE~~ and non-MBE/WBE~~M/WBE~~ subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE~~M/WBE~~ subcontracting shall be considered a material breach of contract. SBBC Invitations to Bid~~s~~, RFPs, RFQs, and/or contracts shall include language pertaining to responsibilities for prime contractors or vendors regarding invoicing and payment schedules. Prime contractors shall include clauses requiring them to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

c. MBE/WBE Segmented Subcontracting Goals

The GSC may establish segmented MBE/WBE~~M/WBE~~ goals within the annual Aspirational Goal based upon the MBE/WBE~~M/WBE~~ availability by industry in accordance with the SBBC's 2023 ~~2015 KIN~~KIR Disparity Study Update findings, along with relative MBE/WBE~~M/WBE~~ availability data to be collected by ~~the~~ SBBC through its CBR system, and the utilization of MBE/WBE~~M/WBE~~s.

The GSC may also establish MBE/WBE~~M/WBE~~ segmented subcontracting goals on an individual SBBC contract wherein an overall combined MBE/WBE~~M/WBE~~ goal is accompanied by subsets of one or more smaller goals that specifically target the participation of a particular segment of minority group member categories or the WBE segment based upon relative availability. Such segmented goals shall specifically target the participation of a particular segment of business

Formatted: Font: (Default) Arial

enterprises owned and controlled by WBEs or certain minority group members (e.g., ~~African-Americans~~African Americans or ~~Hispanic-Americans~~Hispanic Americans) based upon relative availability and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and minority group member categories of MBE/WBE~~M/WBE~~s. The application of segmented MBE/WBE~~M/WBE~~ goals is intended to ensure that those segments of MBE/WBE~~M/WBE~~s that have been most significantly and persistently underutilized receive a fair measure of remedial assistance. Segmented MBE/WBE~~M/WBE~~ goals shall operate in the same manner as the MBE/WBE~~M/WBE~~ Subcontracting Program set forth in Section E. 2. C. of this Policy.

d. MBE/WBE~~M/WBE~~ Mentor-Protégé Program

Under this Program element, the SDOP shall consult with the Small Business Advisory Committee to establish an MBE/WBE~~M/WBE~~ Mentor-Protégé Program that provides technical assistance to MBE/WBE~~M/WBE~~s to build their capacity by pairing MBE/WBE~~M/WBE~~ protégé firms with a more established successful mentor firm that can provide the MBE/WBE~~M/WBE~~ business knowledge to further grow their business. The Officer, EDDC shall examine various "best practices" of other mentor-protégé programs including, but not limited to, incentives for mentor firms to pair with protégé firms; approval and monitoring of written mentor-protégé team agreements that outline the respective objectives and responsibilities of the mentor-protégé team members; maintaining the independence and business autonomy of the protégé firms from mentor team members; terms for dissolution of mentor-protégé teams; and objective criteria for quantifying the success of mentor-protégé relationships. The Officer, EDDC or designee shall seek to establish the guidelines for this program within one (1) year of the effective date of this ~~Policy, and~~Policy and shall have discretion to modify the MBE/WBE~~M/WBE~~ Mentor-Protégé Program as necessary to address weaknesses or unintended consequences.

e. Minority Inclusion Language in RFPs

Under this Program element, in "Best Value" contracts that are issued pursuant to RFPs rather than lowest responsible bid Invitation to Bid~~s~~ (e.g., construction manager or design-build contracts), the GSC may include language in the RFP to include diversity in participation on a respondent's team and its plans to encourage M/WBE subcontract participation as one (1) element in the selection criteria. An additional element in such selection criteria may be past performance of the respondent in achieving diversity in subcontract awards on similar projects, as well

Formatted: Right: 0.08"

as inclusion of MBE/WBE~~M/WBE~~ primes, MBE/WBE~~M/WBE~~ suppliers, and MBE/WBE~~M/WBE~~ professional services firms in prior projects.

Formatted: Font: (Default) Arial, 12 pt

f. MBE/WBE~~M/WBE~~ Evaluation Preference for "Best Value" RFPs

Under this Program element, the GSC may establish an MBE/WBE~~M/WBE~~ prime contractor capacity-building initiative to enhance long-term competition and to provide ~~the~~ SBBC with its "Best Value" on construction projects using alternative construction delivery methods of contracting in accordance with Florida law. The GSC may allocate from fifteen percent up to a maximum of twenty percent (15%-20%) of weighted selection criteria in favor of the selection of a respondent that is a certified MBE/WBE~~M/WBE~~ firm. An MBE/WBE~~M/WBE~~ prime contractor that is awarded a prime contract under this program may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE~~M/WBE~~ firm. In determining whether the MBE/WBE~~M/WBE~~ Evaluation Preference for "Best Value" RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBE~~M/WBE~~s, with the preference for at least three (3) MBE/WBE~~M/WBE~~s that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBE~~M/WBE~~s in the specific industry categories.

3. Race-Neutral Professional Services Program Elements

Formatted: Left, Indent: Left: 0.87", Hanging: 0.25"

The Goal Setting Committee (GSC) shall consider the application of one (1) or more of the following race-neutral Affirmative Procurement Initiatives for each SBBC professional services solicitation:

Formatted: Font: (Default) Arial

a. Emerging/Small Business Enterprise Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-~~-~~qualified panel of certified EBE/SBE professional services firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE professional services firms. The order of ~~the vendor~~the ~~rotation~~vendor ~~is~~rotation is periodically adjusted by the EDDC Department, ~~Department~~ or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

b. Evaluation Preference for EBE/SBE Prime Bidders

Formatted: Font: (Default) Arial

Formatted: Left, Indent: Left: 1.37"

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of

twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE ~~SBE~~s. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE~~SBE~~ firms.

Formatted: Font: (Default) Arial

EBE/SBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved EBE/SBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE firms that have never previously performed any professional services work on behalf of the SBBC.

c. Evaluation Panel Diversity

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract awards, the Officer, EDDC may appoint a voting representative to serve on the evaluation panel to ensure that scoring is fair and to guard against inherent bias against non-incumbent firms and Emerging/Small/Minority/Veteran/Women Business Enterprise firms.

d. EBE/SBE Reserve of Contracts Up to $50,000

Under this Program element, the GSC may reserve some smaller professional services contracts valued at less than $50,000 for competition solely among EBE/SBE professional services firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE firms that are available to compete for the work prior to applying this API.

e. EBE/SBE Subcontracting Goals Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible EBE/SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of EBE/SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent~~,~~ to a School District competitive solicitation for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the EBE/SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

iii. A description of the work that each E B E / SBE subcontractor shall perform; and

Formatted: Font: (Default) Arial

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by ~~the~~ SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each E/SBE;

vii. A description of the work that each EBE/SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available EBE/SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified EBE/SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime

contract valued under $10 million, if the prime contractor is a certified EBE/SBE firm, then the prime contractor is allowed to self-perform up to the entire EBE/SBE subcontracting goal amount with its own forces. To the extent that the certified EBE/SBE prime contractor does not ~~self- perform~~self-perform a portion of the EBE/SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of

work that is subcontracted. This self-performance option for certified EBE/SBE prime contractors may be suspended at the discretion of the Director of Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self- performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the EBE/SBE subcontracting goal by a certified EBE/SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for EBE/SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-~~-~~mandated change order or contract amendment, or ~~the~~ SBBC has mandated the de-certification, suspension, graduation, or termination of a designated EBE/SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated EBE/~~-~~SBE with one (1) or more other certified EBE/SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including EBE/SBE subcontractors. The originating department shall audit the reported payments to EBE/SBE and non-EBE/SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non-~~-~~compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC professional services formal solicitation in advance of its public release and advertisement, and shall ~~make a determination~~determine whether to apply any of the other race-conscious APIs to those professional services solicitations and resultant contracts based upon the following criteria:

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that professional services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

iii. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is ~~narrowly-tailored~~narrowly tailored and that can effectively eliminate the disparities in the utilization of MBE/WBEs in professional services contracts; and

iv. Whether the particular API is appropriate for the specific type of professional services contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to professional services competitive solicitations, it shall provide an explanation in the solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the School District's relevant marketplace for professional services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime and subcontract participation on SBBC professional services contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC professional services contracts has initially been established at thirty-six percent (36%) MBE contract participation (5% ~~—~~African American, 22% Asian American, 9% Hispanic American) ~~sixty-two percent (62%) MBE prime~~ MBE contract participation and twenty-nine ~~eight~~ percent (29~~8~~%) WBE ~~prime~~ contract participation ~~and fifty-eight percent (58%) MBE subcontract participation and nine percent (9%) WBE subcontract participation~~ based upon the industry availability estimates in accordance with the District's 2023~~2015 KIN~~KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by the SBBC through its CBR system once established for at least one (1) year

and the utilization of MBE/WBEs.

Formatted: Font: (Default) Arial

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/V/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Evaluation Preference for "Best Value" RFPs

Under this Program element, the GSC may establish an MBE/WBE prime contractor capacity-building initiative to enhance long-term competition and to provide ~~the~~ SBBC with its "Best Value" on professional services contracts in accordance with Florida law. The GSC may reserve from fifteen percent up to a maximum of twenty percent (15%-20%) of the total available evaluation points for award to a respondent that is a certified MBE/WBE firm. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work, may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those M/WBE firms that have never previously performed any professional services work on behalf of ~~the~~ SBBC. An MBE/WBE prime contractor that is awarded a prime contract under this program element may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE firm. In determining whether the MBE/WBE Evaluation Preference for "Best Value" RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBEs, with a preference for at least three (3) MBE/WBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBEs in the specific industry categories.

c. MBE/WBE Subcontracting Program for Professional Services

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific professional services contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self- performance option for certified M/WBE prime contractors may be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self- performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with ~~the~~ SBBC, or by law.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

d. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-~~-~~qualified panel of certified MBE/WBE professional services firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of MBE/WBE professional services firms. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each MBE/WBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

5. Race-Neutral ~~Commodities~~Goods Program Elements

a. EBE/SBE/VBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-~~-~~qualified panel of certified EBE/SBE/VBE ~~commodities~~goods vendors for smaller SBBC contracts valued at less than $50,000. Supply orders are rotated among this pre-qualified panel of EBE/SBE/VBE ~~commodities~~goods vendors. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of purchase orders assigned to the highest dollar volume of purchase orders assigned to each EBE/SBE/VBE vendor that is listed on the pre-qualified panel of vendors. b. EBE/SBE/VBE Reserve for Contracts Up to $50,000

Under this Program element, the GSC may reserve some smaller ~~Commodities~~goods contracts valued at less than $50,000 for bid competition solely among EBE/SBE/VBE ~~commodities~~goods firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE/VBE firms that are available to compete for the sale of the ~~commodities~~goods to ~~the~~ SBBC prior to applying this API.

6. Race-Conscious ~~Commodities~~Goods Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC ~~commodities~~goods ~~formal~~ competitive solicitation in advance of its public release and advertisement and shall make a determination whether to apply any of the other race-conscious APIs to those ~~commodities~~goods competitive solicitations and resultant contracts based upon the following criteria:

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that ~~commodities~~goods contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by the SBBC through its Centralized Bidder Registration system once established for at least one (1) year and the School District's utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/WBE goals and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific goods contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC that provides:

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by SBBC to affirm its intent to meet the subcontracting requirements indicated in the competitive solicitation. In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the competitive solicitation to satisfying the MBE/WBE subcontracting goal shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE; and

vii. A description of the work that each MBE/WBE subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

viii. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

ix. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

x. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the competitive solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self-performance option for certified M/WBE prime contractors may be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self-~~-~~performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a School District-~~-~~mandated change order or contract amendment, or ~~the~~ SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime

contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated M/WBE subcontractor(s) with one or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

~~c.~~d. Voluntary MBE/WBE Distributorship Development Program

Under this Program element, where there is low availability of MBE/WBE distributorships that are able to sell particular ~~commodities~~goods to the SBBC, the GSC may apply incentives to encourage manufacturers to establish authorized dealerships or distributorships with MBE/WBE suppliers of their products on a non-discriminatory basis. Such incentives may include two (2) or three (3) additional option years in supply contracts that may be exercised by ~~the~~ SBBC when the manufacturer sells its products through

its authorized MBE/WBE distributorship and demonstrates that its distributorship with that MBE/WBE vendor is established and operated in a ~~non- discriminatory~~non-discriminatory fashion as compared to its other distributorships. When this API is applied by the GSC to a ~~commodities~~goods program solicitation, the SDOP shall review the distributorship agreements of the selected manufacturer that accepts the incentives as part of its bid to ensure that the terms of the designated authorized MBE/WBE's distributorship agreement are similar to that of non- MBE/WBE distributors for that manufacturer. Specifically, as a condition of the application of the incentives under this API, the SDOP will review relevant documentation to determine whether the MBE/WBE distributor is in no way more limited in geographic territory, credit terms, marketing support, public and private sector customer allocations and access, pricing, rebates, volume discounts, etc. as compared to the terms of similar non-MBE/WBE distributorship agreements for that manufacturer. The SDOP will also determine whether the MBE/WBE distributorship is performing a commercially useful function on behalf of the SBBC prior to exercising each additional option year under the contract. An additional incentive that may be provided by the GSC to the manufacturer and MBE/WBE distributorship under this API is accelerated payment terms of invoices for payment from the SBBC within fifteen (15) calendar days of receipt of goods and invoices.

7. Race-Neutral Other ~~Contractual~~ Services Program Elements

a. Direct Contracting for Other ~~Contractual~~ Services

Under this Program element, the GSC may direct the originating department to separate out certain other ~~contractual~~ services categories (e.g., trucking, hauling, surveying, demolition, environmental consulting, testing, and landscaping) that normally would be bundled within much larger construction contracts or architecture~~al~~ and engineering design contracts, and issue separate bid solicitations to permit ~~the~~ SBBC to directly award contracts for those specialty or non-license services. This API is intended to expand opportunities for such E/S/M/V/WBE firms to gain experience as prime vendors and prime contractors.

b. EBE/SBE/VBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a ~~pre- qualified~~pre-qualified panel of certified EBE/SBE/VBE other ~~contractual~~ services vendors for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE/VBE other ~~contractual~~ services vendors. The

order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE/VBE vendor that is listed on the pre-qualified panel of vendors.

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

c. EBE/SBE/VBE Evaluation Preference for Prime Bidders

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE/VBEs. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE/VBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE/VBE firms. EBE/SBE/VBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of the reserved EBE/SBE/VBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE/VBE firms that have never previously performed any other ~~contractual~~ services work on behalf of ~~the~~ SBBC.

8. Race-Conscious Other ~~Contractual~~ Services Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC ~~other contractual services~~other services formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to those ~~other contractual services~~other services solicitations and resultant contracts based upon the following criteria:

i. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that ~~other contractual services~~other services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

ii. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment

iii. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is ~~narrowly-tailored~~narrowly tailored and that can effectively eliminate the disparities in the utilization of M/WBEs in ~~other contractual services~~other services contracts; and

iv. Whether the particular API is appropriate for the specific type of ~~other contractual services~~other services contract being procured. Whenever the GSC uses its discretion to apply any of the following race- conscious APIs to ~~other contractual services~~other services solicitations, it shall provide an explanation in the solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the School District's relevant marketplace for ~~other contractual services~~other services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime participation on SBBC ~~other contractual services~~other services contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC ~~other contractual services~~other services contracts has initially been established at forty-five (45%) MBE contract participation (22% - African American, 1% Asian American, 21% Hispanic American, and 1% Native American) ~~forty-one percent (41%) MBE prime~~ contract participation and ten ~~twenty-three~~ percent (10~~23~~%) WBE ~~prime~~ contract participation based upon the industry availability estimates in accordance with the District's 2023~~2015~~ ~~KIN~~KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by ~~the~~ SBBC through its CBR system once established for at least one (1) year and the School District's utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each EBE/SBE/VBEBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

c. MBE/WBE Evaluation Preference for Prime Bidders

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award (i.e., Request for Proposal), the GSC may reserve from fifteen points ~~percent~~ up to a maximum of twenty points~~percent~~ (15~~5%~~- 20~~%~~) of the total available evaluation points for award to those prime bidders or respondents that are certified as MBE/WBEs. Out of those fifteen to twenty points~~percent~~ (15~~%~~-20~~%~~) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten points~~percent~~ (7.5~~%~~-10~~%~~) out of the total fifteen to twenty points~~percent~~ (15~~%~~-20~~%~~) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty points~~percent~~ (15~~%~~-20~~%~~) of the reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty ~~percent~~ points(15~~%~~- 20~~%~~) of evaluation preference points for those MBE/WBE firms that have never previously performed any ~~other contractual services~~other services work on behalf of ~~the~~ SBBC.

9. Race-Neutral Architecture~~al~~ & Engineering Program Elements

The Goal Setting Committee (GSC) shall consider the application of one or more of the following race-neutral Affirmative Procurement Initiatives for each SBBC Architecture~~al~~ & Engineering solicitation:

a. Emerging/Small Business Enterprise Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre-qualified panel of certified EBE/SBE Architecture~~al~~ & Engineering firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of EBE/SBE Architecture~~al~~ & Engineering firms. volume of work tasks assigned to each SBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

b. Evaluation Preference for EBE/SBE Prime Bidders

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract award, the GSC may reserve from fifteen percent up to a maximum of twenty percent (15%- 20%) of the total available evaluation points for award to those prime bidders or respondents that are certified as EBE/SBE s. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit EBE/SBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for EBE/SBE firms.

EBE/SBEs that have never before received SBBC work may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved EBE/SBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those EBE/SBE firms that have never previously performed any ~~A~~architecture~~al~~ & ~~E~~engineering services work on behalf of ~~the~~ SBBC.

c. Evaluation Panel Diversity

Under this Program element, on "Best Value" contract solicitations where low price is not the only factor considered in contract awards, the Officer, EDDC may appoint a voting representative to serve on the evaluation panel to ensure that scoring is fair and to guard against inherent bias against non-incumbent firms and Emerging/Small/Minority/Veteran/Women Business Enterprise firms.

d. EBE/SBE Reserve of Contracts Up to $50,000

Under this Program element, the GSC may reserve some smaller professional services contracts valued at less than $50,000 for competition solely among EBE/SBE ~~A~~architecture~~al~~ & ~~E~~engineering firms. The GSC shall determine whether there are at least three (3) qualified EBE/SBE firms that are available to compete for the work prior to applying this API.

e. EBE/SBE Subcontracting Goals Program

Under this Program element, the GSC may, at its discretion, and on a contract-by-contract basis, require that a predetermined percentage of a specific contract, up to forty percent (40%), be subcontracted to eligible EBE/SBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of EBE/SBE firms to perform commercially useful functions on the specific contract.

A prospective respondent, to a School District competitive solicitation for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the EBE/SBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

iii. A description of the work that each EBE/SBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A prospective respondent on a School District competitive solicitation for which respondents are not initially evaluated based on price or for which the project scope is not predefined, shall submit as required in the competitive solicitation such documentation as required by ~~the~~ SBBC to affirm its intent to meet the subcontracting requirements indicated in the solicitation. Failure of a respondent to commit as required in the competitive solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. Subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each EBE/SBE;

vii. A description of the work that each EBE/SBE subcontractor shall perform; and

viii. Documentation confirming the subcontractor's commitment to perform the work at the stated price.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the competitive solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination of a waiver request on criteria such as, but not limited to:

ix. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available EBE/SBEs;

x. Whether subcontracting would be inappropriate and/or not provide a "commercially useful function" under the scope of the contract; and

xi. Whether there are no certified EBE/SBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the EBE/SBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued

under $10 million, if the prime contractor is a certified EBE/SBE firm, then the prime contractor is allowed to self-perform up to the entire EBE/SBE subcontracting goal amount with its own forces. To the extent that the certified EBE/SBE prime contractor does not self-perform a portion of the EBE/SBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of

work that is subcontracted. This self-performance option for certified EBE/SBE prime contractors may be suspended at the discretion of the Director of Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-~~-~~performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP or the self-performance of a portion or all of the EBE/SBE subcontracting goal by a certified EBE/SBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for EBE/SBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a District-~~-~~mandated change order or contract amendment, or ~~the~~ SBBC has mandated the de-certification, suspension, graduation, or termination of a designated EBE/SBE subcontractor. However, under such circumstances, the prime contractor shall undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated EBE/SBE with one (1) or more other certified EBE/SBE subcontractors and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including EBE/SBE subcontractors. The originating department shall audit the reported payments to EBE/SBE and non-EBE/SBE subcontractors to ensure that the prime contractor's reported subcontract participation is accurate. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws, and such clauses shall mandate that in the event of a prime contractor's non- compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract terms with ~~the~~ SBBC, or by law.

10.Race-Conscious Architecture~~al~~ & Engineering Program Elements

The GSC shall consider establishment of an overall MBE/WBE annual Aspirational Goal in accordance with subsection "a" below and, in addition, shall review each prospective SBBC ~~A~~architecture~~al~~ & ~~E~~engineering formal solicitation in advance of its public release and advertisement, and shall make a determination whether to apply any of the other race-conscious APIs to ~~those Aarchitectur~~those architecture~~al~~ & ~~E~~engineering solicitations and resultant contracts based upon the following criteria:

v. Whether the most recent data on MBE/WBE utilization in the absence of race-conscious APIs indicate that professional services contracts of this type have exhibited significant disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors;

vi. Whether race- and/or gender-neutral remedies alone are likely to fully eliminate any such disparities in the utilization of MBE/WBE subcontractors and/or MBE/WBE prime contractors based upon past contract award and payment data;

vii. Whether a particular API is the least burdensome available remedy to non-MBE/WBE respondents that is narrowly tailored and that can effectively eliminate the disparities in the utilization of MBE/WBEs in ~~A~~architecture~~al~~ & ~~E~~engineering contracts; and

viii. Whether the particular API is appropriate for the specific type of ~~A~~architecture~~al~~ & ~~E~~engineering contract being procured. Whenever the GSC uses its discretion to apply any of the following race-conscious APIs to ~~A~~architecture~~al~~ & ~~E~~engineering competitive solicitations, it shall provide an explanation in the competitive solicitation documents of its reasons for doing so based upon its determinations pursuant to these criteria. In making such determinations, the GSC may also take into consideration the experiences of other jurisdictions within the District's relevant marketplace for ~~A~~architecture~~al~~ & e~~E~~ngineering services.

a. MBE/WBE Annual Aspirational Goals

For each fiscal year, the GSC may establish a non-mandatory annual aspirational percentage goal for overall MBE/WBE prime and subcontract participation on SBBC ~~A~~architecture~~al~~ & ~~E~~engineering contracts.

This annual Aspirational Goal for MBE/WBE participation in SBBC ~~A~~architecture~~al~~ & ~~E~~engineering contracts has initially been established at thirty-eight~~six~~ percent (3~~6~~8%) MBE contract participation (2~~5~~% - African American, ~~22~~5% Asian American, 31% Hispanic American) MBE contract participation and twenty~~-nine~~ percent (2~~9~~0%) WBE contract participation based upon the industry availability estimates in accordance with the School District's 2023 ~~KIN~~KIR Disparity Study Update findings.

This annual Aspirational Goal is to be reviewed on an annual basis for potential adjustment by the GSC based upon the School District's relative MBE/WBE availability data to be collected by ~~the~~ SBBC through its CBR system once established for at least one (1) year

and the utilization of MBE/WBEs.

Annual Aspirational Goals are not to be routinely applied to individual solicitations but are intended to serve as a benchmark against which to measure the overall effectiveness of the SDOP policy on an annual basis and to gauge the need for future adjustments to the mix and aggressiveness of race-conscious and race-neutral remedies and APIs being applied pursuant to this Policy.

MBE/WBE annual Aspirational Goals may be stated only in those SBBC solicitations that do not contain contract-specific E/S/M/V/WBE goals, and when provided, shall be advisory only, and must also be accompanied by the full definition of the term as stated in this Policy.

b. MBE/WBE Evaluation Preference for "Best Value" RFPs

Under this Program element, the GSC may establish an MBE/WBE prime contractor capacity-building initiative to enhance long-term competition and to provide ~~the~~ SBBC with its "Best Value" on ~~A~~architecture~~al~~ & ~~E~~engineering contracts in accordance with Florida law. The GSC may reserve from fifteen percent up to a maximum of twenty percent (15%-20%) of the total available evaluation points for award to a respondent that is a certified MBE/WBE firm. Out of those fifteen to twenty percent (15%-20%) of the total evaluation preference points, the GSC may limit MBE/WBE bidders that have prior experience performing work on behalf of SBBC to half of the evaluation preference points seven and a half to ten percent (7.5%-10%) out of the total fifteen to twenty percent (15%-20%) evaluation preference points that are reserved for MBE/WBE firms. MBE/WBEs that have never before received SBBC work, may be eligible for the entire fifteen to twenty percent (15%-20%) of reserved MBE/WBE evaluation preference points. Alternatively, the GSC may, at its discretion, reserve all of the fifteen to twenty percent (15%-20%) of evaluation preference points for those M/WBE firms that have never previously performed any ~~A~~architecture~~al~~ & ~~E~~engineering work on behalf of ~~the~~ SBBC. An MBE/WBE prime contractor that is awarded a prime contract under this program element may not subcontract more than forty-nine percent (49%) of the contract value to a non-MBE/WBE firm. In determining whether the MBE/WBE Evaluation Preference for "Best Value" RFPs should be applied to a particular contract, the GSC shall consider: a) the relative availability of MBE/WBEs, with a preference for at least three (3) MBE/WBEs that are likely to bid as a prime contractor for the contract; and b) the degree of underutilization of the MBE/WBEs in the specific industry categories.

c. MBE/WBE Subcontracting Program for Architecture~~al~~ & Engineering

Under this Program element, the GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific Architecture~~al~~ & Engineering contract, up to forty percent (40%) be subcontracted to eligible MBE/WBEs. Factors to be considered by the GSC in making this determination shall include the relative availability of MBE/WBE firms to perform commercially useful functions on the specific contract.

A prospective respondent on a School District competitive solicitation, for which price and scope are defined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC that provides:

i. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

ii. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE;

iii. A description of the work that each MBE/WBE subcontractor shall perform; and

iv. Documentation confirming the subcontractor's commitment to perform the work at that price.

A prospective respondent to a School District competitive solicitation, for which respondents are not initially evaluated based on price or for which project scope is not predefined, shall submit at the time as required in the competitive solicitation such documentation as required by ~~the~~ SBBC to affirm its intent to meet the subcontracting requirements indicated in the solicitation. In the absence of a waiver granted by the SDOP, failure of a respondent to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal shall render its response non-responsive.

During the price proposal negotiation phase, respondents shall be required to submit:

v. The name(s) of the MBE/WBE subcontractor(s) it intends to use on the project;

vi. The percentage of prime contract dollars and the absolute dollar value of subcontracting services to be provided by each MBE/WBE; and

vii. A description of the work that each MBE/WBE subcontractor shall perform.

A respondent may request a full or partial waiver of this mandatory subcontracting requirement for good cause by submitting the appropriate form(s) and documentation at the time as required in the solicitation. Under no circumstances shall a waiver of a mandatory subcontracting requirement be granted without submission of adequate documentation of good faith efforts by the respondent and careful review by the SDOP. The SDOP shall base its determination on a waiver request on criteria such as, but not limited to:

viii. Whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available MBE/WBEs;

ix. Whether subcontracting would be inappropriate and/or not

provide a "commercially useful function" under the scope of the contract; and

x. Whether there are no certified MBE/WBE firms that are qualified and available to provide the goods or services required.

In the absence of a waiver granted by the SDOP, failure of a prime contractor to commit as required in the solicitation to satisfying the MBE/WBE subcontracting goal, shall render its response non-responsive. Provided, however, that on any prime contract valued under $10 million, if the prime contractor is a certified MBE/WBE firm, then the prime contractor is allowed to self-perform up to the entire MBE/WBE subcontracting goal amount with its own forces. To the extent that the certified MBE/WBE prime contractor does not self-perform a portion of the MBE/WBE subcontracting goal, it shall be responsible for complying with all other requirements of this API for that portion of work that is subcontracted. This self- performance option for certified M/WBE prime contractors may be suspended at the discretion of the Director of the Procurement & Warehousing Services or designee in the event it determines that the adverse cumulative effect of the use of this self-performance option upon subcontractor opportunities is too great.

In the absence of a waiver granted by the SDOP, or the self-performance of a portion or all of the MBE/WBE subcontracting goal by a certified MBE/WBE prime contractor, the failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract or otherwise comply with the provisions of this API shall be considered a material breach of contract, grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

With the exception of certified MBE/WBE prime contractors that are self-~~-~~performing a portion or all of a subcontracting goal, in the absence of a waiver granted by the SDOP, failure of a prime contractor to attain a subcontracting goal for MBE/WBE participation in the performance of its contract shall be considered a material breach of contract, shall be grounds for termination of that contract with ~~the~~ SBBC, and shall be subject to any penalties and sanctions available under the terms of the SDOP policy, the terms of its contract with ~~the~~ SBBC, or by law.

A prime contractor is required to notify and obtain prior written approval from the SDOP in advance of any reduction in subcontract scope, unless such reduction in scope is the direct and immediate result of a District-~~-~~mandated change order or contract amendment, or ~~the~~ SBBC has mandated the de-certification, suspension, graduation, or termination of a designated MBE/WBE subcontractor. However, under such circumstances, the prime contractor shall

undertake good faith efforts to replace the de-certified, suspended, graduated, or terminated M/WBE subcontractor(s) with one or more other certified MBE/WBE subcontractor(s) and shall submit a waiver request to the SDOP in the event such good faith efforts are unsuccessful.

Upon award of the prime contract to a respondent, the prime contractor shall be required to submit accurate progress payment information with each invoice regarding each of its subcontractors, including MBE/WBE subcontractors. The originating department shall audit the reported payments to MBE/WBE and non-MBE/WBE subcontractor to ensure that the prime contractors' reported subcontract participation is accurate. Absent a waiver from the SDOP, a prime contractor's failure to reach the required level of MBE/WBE subcontracting shall be considered a material breach of contract. SBBC contracts with prime contractors shall include clauses requiring prime contractors to pay subcontractors in compliance with Florida prompt payment laws (the "Prompt Payment Act"), and such clauses shall mandate that in the event of prime contractor non-compliance regarding such payments, the prime contractor shall be subject to any penalties and sanctions available under the terms of the SDOP policy, its contract with ~~the~~ SBBC, or by law.

d. MBE/WBE Vendor Rotation

Under this Program element, the GSC may use vendor rotation of a pre- qualified panel of certified MBE/WBE architecture~~al~~ & engineering firms for smaller SBBC contracts valued at less than $50,000. Work tasks are rotated among this pre-qualified panel of MBE/WBE professional services firms. The order of the vendor rotation is periodically adjusted by the SDOP or designee to account for ranking from the lowest dollar volume of work tasks assigned to the highest dollar volume of work tasks assigned to each MBE/WBE vendor that is listed on the pre-qualified panel of vendors. Participation on vendor rotation panel is contingent on vendor having no negative history of unsatisfactory performance on prior SBBC contracts.

Magnet programs provide high-quality education options that meet the diverse needs and interests of students.

Alignment to 2027 Goals and Guardrails
Goal 4: College & Career Readiness/Acceleration

Measurable Outcome(s)/Return on Investment
