BUCKEYE, AZ

PLEASE SILENCE ALL ELECTRONIC COMMUNICATION DEVICES. THANK YOU.

NOTICE OF POSSIBLE QUORUM OF THE CITY OF BUCKEYE PLANNING AND ZONING COMMISSION OR OTHER COUNCIL APPOINTED BOARD: PLEASE NOTE THAT THERE MAY BE A QUORUM PRESENT BUT THERE WILL BE NO VOTING TAKING PLACE BY THE CITY PLANNING AND ZONING COMMISSION OR OTHER COUNCIL APPOINTED BOARD AT THIS MEETING.

CITY OF BUCKEYE
REGULAR COUNCIL MEETING
SEPTEMBER 3, 2024
AGENDA

City Council Chambers
530 East Monroe Avenue
Buckeye, AZ 85326
6:00 p.m.
The doors will be open to the public at least 15 minutes prior to the start time of the meeting.

Accessibility for all persons with disabilities will be provided upon request. Please telephone your accommodation request (623) 349-6911, 72 hours in advance if you need a sign language interpreter or alternate materials for a visual or hearing impairment.

Voting Members will either attend in person or by telephone conference call or video presentation. Items listed may be considered in any order.

Pursuant to A.R.S. § 38-431.03(A)(3) the Council may, by majority vote, recess or adjourn to executive session at one or more times during the meeting, as needed to confer with the City Attorney for legal advice regarding any item listed on this agenda.

1. Call to Order/Invocation/Pledge of Allegiance/Roll Call

2. Comments from the Public- Members of the audience may comment on any non-agenda item of interest.

3. Awards/Presentations/Proclamations

4. CONSENT AGENDA ITEMS / NEW BUSINESS
Approval of items on the Consent Agenda - All items with an (*) are considered to be routine matters and will be enacted by one motion and vote of the City Council. There will be no separate discussion of these items unless a Council member requests. This section may include the approval of Minutes from previous meetings.

***4.A** Council to take action on Resolution No. 59-24 approving the renewal of an Intergovernmental Agreement entered into on July 11, 2019 between the City of Buckeye and the Saddle Mountain Unified School District No. 90 for the shared use of facilities; and authorizing the City Manager to

execute and deliver the Agreement.
Summary: The City of Buckeye has several shared use Agreements with local school districts, including Buckeye Elementary School District, Buckeye Union High School District, and Wickenburg Unified School District. These Agreements allow the City to use school facilities at no cost. Likewise, the schools are able to use City facilities at no cost. The agreements allow the Community Services Department to offer programs at the schools, including before and after school programs, youth sports, and special interest classes. This Intergovernmental Agreement (IGA) renewal with the Saddle Mountain Unified School District No. 90 will allow the City to expand program offerings in Council District 4, benefiting Buckeye residents.
Staff Liaison: Miranda Gomez, Community Services Director, mgomez@buckeyeaz.gov, (623) 349-6353

***4.B** Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025039) between the City of Buckeye, an Arizona municipal corporation, and San Tan Auto Partners, LLC, DBA San Tan Ford, an Arizona limited liability company, for the purchase of light and medium duty vehicles; and authorize the City Manager to execute and deliver said CCPA on behalf of the City of Buckeye.
Summary: Approval of this Cooperative Contract Purchase Addendum with San Tan Ford will allow the City to purchase various Ford produced vehicles in a total amount not to exceed $1,000,000. Approval of this CCPA will ensure City staff have mechanically sound vehicles to perform daily work assignments for the benefit of the residents of the City. Vehicles that have reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.
Staff Liaison: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801

***4.C** Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025028) between the City of Buckeye, an Arizona municipal corporation, and Don Sanderson Ford, Inc., an Arizona municipal corporation, for the purchase of light and medium duty vehicles, and authorizing the City Manager to execute and deliver said CCPA on behalf of the City of Buckeye.
Summary: Approval of this Cooperative Contract Purchase Addendum with Don Sanderson Ford will allow the City to purchase various Ford produced vehicles in a total amount not to exceed $500,000. Approval of this CCPA will ensure City staff have mechanically sound vehicles to perform daily work assignments for the benefit of the residents of the City. Vehicles that have reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.
Staff Liaison: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801

***4.D** Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025127) between the City of Buckeye, an Arizona municipal corporation, and Sewer Equipment Co. of America, an Illinois corporation, to purchase a Hydo-Excavator Truck along with authorization for the City Manager to execute and deliver the Cooperative Contract Purchase Addendum on behalf of the City of Buckeye.
Summary: Approval of this Cooperative Contract Purchase Addendum with Sewer Equipment Co. of America will allow the City to purchase a 9-Yard Hydro-Excavator Truck, in an amount not to exceed $ 543,000. Approval of this CCPA will ensure City staff have mechanically sound equipment to perform daily work assignments for the benefit of the residents of the. Equipment that has reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.

Staff Liaison: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801

***4.E** Council to take action on Task Order No. 7 to the On-Call Consulting Contract (No. 2022003.35) between the City of Buckeye, an Arizona municipal corporation, and Tristar Engineering and Management, Inc., an Arizona corporation, related to civil inspections for various projects/permits such as earthwork, asphalt work, concrete work, wet and dry utilities, traffic control and bridge inspection projects; and authorizing the City Manager to execute and deliver said Task Order of behalf of the City.

Summary: The Development Services Department is requesting funds through Task Order No. 7 to keep up with the current demand for Civil Inspection services. Tristar Engineering and Management, Inc. will provide assistance with Civil Inspections. The total amount to be paid under this Task Order will not exceed $150,000.

Staff Liaison: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov (623) 349-6209

***4.F** Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 7S," located north of the northwest corner of West Westpark Loop North and West Warner Street.

Summary: Barry Lindner from Atwell, LLC, on behalf of D.R. Horton Inc, is requesting approval of a Final Plat of 109 lots and 18 tracts located north of the northwest corner of West Westpark Loop North and West Warner Street. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources. The subject Final Plat will allow continued development of traditional single-family residences within the City.

Staff Liaison: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233

***4.G** Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 8," located at the northwest corner of West Westpark Loop North and West Warner Street.

Summary: Barry Lindner from Atwell, LLC, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 8," consisting of 85 lots and 12 tracts located at the northwest corner of West Westpark Loop North and West Warner Street. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources.

Staff Liaison: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233

***4.H** Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 19," a subdivision located northeast of the intersection of West Westpark Loop North and West Warner Street.

Summary: Barry Lindner from Atwell, LLC, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 19," a subdivision consisting of 105 lots and 12 tracts located northeast of the intersection of West Westpark Loop North and West Warner Street. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources.

Staff Liaison: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233

***4.I** Council to take action on a Final Plat titled Westpark Phase 2.2 "Parcel 20N," a subdivision located northeast of the intersection of West Westpark Loop North and West Warner Street.

Summary: Barry Lindner from Atwell, LLC, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 20N," consisting of 70 lots and 12 tracts located northeast of the intersection of West Westpark Loop North and West Warner Street. The proposal

is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources.
Staff Liaison: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233

***4.J** Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 7N," located north of the northwest corner of West Westpark Loop North and West Warner Street.

Summary: Barry Lindner from Atwell, LLC, on behalf of GDC WP 2.2, LLC, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 7N," consisting of 77 lots and 10 tracts located north of the northwest corner of West Westpark Loop North and West Warner Street. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources.
Staff Liaison: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233

***4.K** Council to take action on a Final Plat for Buckeye Ten 85, generally located at the southeast corner of State Route 85 and West Southern Avenue.

Summary: Brian Schiltz from Hunter Engineering, on behalf of Creation Equity LLC, is requesting approval of a Final Plat for Buckeye Ten 85, consisting of approximately 265 acres generally located at the southeast corner of State Route 85 and West Southern Avenue. The Final Plat creates four developable light industrial lots and dedicates to the City four well site tracts, public rights of way, and public utility easements as shown on the final plat. The subject Final Plat will provide developable lots for light industrial uses resulting in enhanced employment opportunities for the residents of Buckeye.
Staff Liaison: Bart Wingard, Principal Planner, hwingard@buckeyeaz.gov, (623) 208-8830

***4.L** Council to take action on the Public Improvements In-Lieu Payment Agreement between the City of Buckeye, an Arizona municipal corporation, and CRP/Martens Mission Park Owner, L.L.C., a Delaware limited liability company; and authorize the City Manager to execute and deliver said Agreement on behalf of the City of Buckeye.

Summary: As part of its development of land generally located at the northwest corner of North Perryville Road and West Roosevelt Street, Martens Mission Park Venture, L.L.C. is required to construct certain off-site streetlight improvements. Due to conflicts along the property frontage with large APS powerlines, the streetlights along Perryville Road are unable to be installed at this time. Future development will complete Perryville Road, which will include a median that will then have streetlights installed for this portion of the roadway. The Parties have agreed that rather than the Developer immediately performing the improvements, Developer may make an In-Lieu Payment to the City in the amount of $79,200, to be held by the City until such time as the funds are used to complete the improvements. The Public Improvements In-Lieu Payment Agreement memorializes the terms and conditions related to the payment.
Staff Liaison: Ron Moll, City Engineer, rmoll@buckeyeaz.gov, (623) 986-8442

***4.M** Council to take action on Resolution No. 57-24 accepting a Petition, Waiver and Consent to Formation of a Maintenance Improvement District by the City of Buckeye; declaring the intention to form a Maintenance Improvement District; designating such District as “City of Buckeye Maintenance Improvement District No. MID-2024-002”; and providing for the annual levy of taxes or an annual assessment against the lots within the District in proportion to the benefits received; and ordering the recording and filing of this Resolution.

Summary: Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement Districts (MIDs) provide for the benefit of ensuring there is a balance of revenue and expenditures

to provide for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community. MIDS are responsible for maintaining parkways and roadway landscaping on streets within the District. This puts a methodology in place for the future if the parkway or parking areas are not maintained by the development's owners or Homeowners Association (HOA).
Staff Liaison: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209

***4.N** Council to take action on Resolution No. 58-24 ordering the work as described in Resolution No. 57-24; ordering the formation of City of Buckeye Maintenance Improvement District No. MID-2024-002; and ordering the recording and filing of this Resolution.
Summary: Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement Districts (MIDs) provide for the benefit of ensuring there is a balance of revenue and expenditures to provide for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community. SLIDs ensure that only the owners that benefit from the lighting in their community pay for that service. Having the costs of street and public park lighting within a SLID borne by the owners in a development ensures that the revenue needed to fund these costs is always in place.
Staff Liaison: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209

***4.O** Council to take action on Resolution No. 55-24 enlarging City of Buckeye Street Lighting Improvement District No. 2006-SLID-009 and ordering recording and filing of this Resolution.
Summary: Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement Districts (MIDs) provide for the benefit of ensuring there is a balance of revenue and expenditures to provide for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community. SLIDs ensure that only the owners that benefit from the lighting in their community pay for that service. Having the costs of street and public park lighting within a SLID borne by the owners in a development ensures that the revenue needed to fund these costs is always in place.
Staff Liaison: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209

***4.P** Council to take action on the Job Order Contracts resultant contracts from the Job Order Contracts (Nos. 2025081, 2025082, 2025083, 2025084, 2025085, 2025086, 2025087, 2025088, 2025089, 2025090, 2025091, 2025092, 2025093, 2025094, 2025095, 2025096, 2025097, 2025100, 2025101, 2025102, 2025103, 2025104, 2025105, 2025106, 2025107, 2025108, 2025109, 2025110, 2025111, 2025112, 2025113, and 2025114) between the City of Buckeye and M.R. Tanner Development and Construction, LLC, Haydon Companies, LLC, Sunland Asphalt & Construction, LLC, Talis Construction Corporation, Willmeng Construction, Inc., Haydon Companies, LLC, J. Banicki Construction, Inc., Brycon Corporation, S.D. Crane Builders, Inc., Combs Construction Company, Inc., KBE Building Corporation, BWC Enterprises, Inc., Achen-Gardner Construction, LLC, B & F Contracting, Inc., TF Contracting Services, LLC, DCS Contracting, Inc., Felix Construction Company, MGC Contractors, Inc., Hunter Contracting Co., Schofield Civil Construction, LLC, PCL Construction, Inc., and ASR Construction Group, LLC; authorize the awarding of the Contracts and the City Manager to execute any future Delivery Orders under these contracts on behalf of the City of Buckeye.
Summary: Job Order Contracting is a delivery method the helps the City complete a large

number of repairs, maintenance, renovations and new construction projects with a single competitively awarded contract. There is no money associated with these Contracts. The maximum term for the contracts will be five years, one year base term with four optional years. Delivery Orders will be issued when a need arises for services under specific categories. Individual Delivery Orders/Projects will be limited to $2,000,000 and under and each contractor will be limited to $6,000,000 in total for all Delivery Orders/Projects per fiscal year.
Staff Liaison: Nicola Perrera, Procurement Manager, nperrera@buckeyeaz.gov, (623) 349-6174

***4.Q** Council to take action on the submission of a $670,000 Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant Program (HMGP) Post-Fire Grant application through the Arizona Department of Emergency and Military Affairs (AZDEMA) for the removal of fire fuel to mitigate the risk of wildfire in the White Tank Mountain Range which borders the master-planned community of Verrado.

Summary: The City of Buckeye seeks to address the current community wildfire risk by submitting a grant application that supports the removal of fire fuel to mitigate the risk of wildfire to the White Tank Mountains and the communities that abut the White Tank Mountain Range. The grant funds the removal effort over a three-year period.
Staff Liaison: Rob Roach, Grant Program Manager, rroach@buckeyeaz.gov, (623) 349-6165

***4.R** Council to take action on the Memorandum of Understanding (MOU) between the City of Buckeye, an Arizona municipal corporation, and DMB White Tank, LLC, an Arizona limited liability company (DMB), related to the dedication of real property located West of Verrado High School and North of Indian School Road for the proposed future site for Victory Fire Station #708, related to CIP No. 109260 Verrado North Fire Station Land Acquisition, and authorize the City Manager to execute and deliver the MOU on behalf of the City of Buckeye.

Summary: This Council action will allow for the dedication of land for the future Victory Fire Station #708, as outlined in the revised Memorandum of Understanding (MOU) between the City and DMB. The original Pre-Annexation and Development Agreement (PADA) proposed dedicating land near the intersection of Indian School Road and Verrado Way The newly proposed site is approximately 1.5 acres of land West of Verrado High School and North of Indian School Road. The MOU formalizes this new location and, upon Council approval, will dedicate this site for Victory Fire Station #708, related to CIP No. 109260 Verrado North Fire Station Land Acquisition. Per the MOU language, the exact legal description of the site is to be finalized no later than October 31, 2024.
Staff Liaison: James Zwerg, CIP Project Manager, jzwerg@buckeyeaz.gov, (602) 558-2076

***4.S** Council to take action on the grant of a utility easement, as set forth in the Utility Easement Agreement between the City of Buckeye, an Arizona municipal corporation, and Arizona Public Service Company (APS), an Arizona corporation; and authorize the City Manager to execute and deliver said Agreement on behalf of the City of Buckeye.

Summary: This Agreement is a requirement for the construction and maintenance of electrical services related to CIP No. 100680 Blue Horizons Fire Station #707. This Agreement is necessary for the construction and operation of the future Fire Station #707. This includes constructing, reconstructing, replacing, repairing, operating, and maintaining electrical lines and associated facilities and fixtures necessary for the transmission and distribution of electricity to, through, across, and beyond the property. Additionally, it encompasses the installation, operation, and maintenance of telecommunication wires, cables, conduits, fixtures, and facilities for the sole use of APS to supplying electricity. This is a crucial measure for the project's overall operation

and functionality.
Staff Liaison: Steve Riley, Construction Project Manager, sriley@buckeyeaz.gov, (623) 687-8442

5. Comments from the Mayor and Council

Mayor and Council may present a brief summary of current events and/or report on any of the Boards and Commissions and other organizations as necessary. The Council may not propose, discuss, deliberate, or take any legal action on information presented. Council may direct inquiries to staff.

6. City Manager's Report and Summary of Current Events

7. Proposals for Future Agenda Items

The Mayor or three Council Members may propose items for inclusion in a future agenda. Council shall not discuss the merit or substance of any proposed item: discussion and action shall be limited to whether or not the item shall be included in a future agenda.

8. Adjournment

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.A. CS - Resolution No. 59-24 - Renewal of the Saddle Mountain Unified School District #90 IGA for Shared Use of Facilities
DATE PREPARED: 08/29/24	**DISTRICT NO.:** 4
STAFF LIAISON: Miranda Gomez, Community Services Director, mgomez@buckeyeaz.gov, (623) 349-6353	
DEPARTMENT: Community Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on Resolution No. 59-24 approving the renewal of an Intergovernmental Agreement entered into on July 11, 2019 between the City of Buckeye and the Saddle Mountain Unified School District No. 90 for the shared use of facilities; and authorizing the City Manager to execute and deliver the Agreement.

SUMMARY

PROJECT DESCRIPTION:
The City of Buckeye has several shared use agreements with local school districts, including Buckeye Union High School District, Buckeye Elementary School District and Wickenburg Unified School District. These agreements allow the City to use school facilities at no cost. Likewise, the schools are able to use City facilities at no cost. The agreements allow the Community Services Department to offer programs, activities and events at the schools, including before and after school programs, youth sports and special interest classes. The IGA renewal with Saddle Mountain Unified School District will allow the City to expand program offerings in Council District 4, benefiting Buckeye residents. Each spring, the City will coordinate with the School District on the desired program offerings and the scheduling of facilities.

The Saddle Mountain Unified School District board approved the renewal of the agreement at their August 14, 2024 board meeting.

BENEFITS:
The IGA renewal will allow the City to use the school facilities at no cost and eliminate the need to pay rental fees. This includes the District's campuses, classroom space, gymnasium / cafeteria and parking for approved purposes when not in conflict with the school's use. The School District recognizes the value City programs offered at the school has to their students and residents living nearby and therefore supported extending the IGA for another five years. The agreement also provides the opportunity for the City to expand programs, activities and events to residents living in District 4.

FUTURE ACTION:
The IGA renewal is for a five year term through September 30, 2029. During the course of the term, City staff will coordinate with the superintendent on the programs and activities to be programmed at the schools each spring. As fall 2029 approaches, staff will meet with the District to update the IGA for City Council and the school board's consideration.

FINANCIAL IMPACT STATEMENT:
There is no cost to either party for the renewal of the IGA.

CURRENT FISCAL YEAR TOTAL COST:

None.

Items related to a project or facility location must include an attached vicinity map for Council Review.

2019 to 2024 IGA wtih Saddle Mountain USD No. 90.pdf

FIRST RENEWAL OF THE INTERGOVERNMENTAL AGREEMENT DATED JULY 11, 2019 BETWEEN THE CITY OF BUCKEYE AND THE SADDLE MOUNTAIN UNIFIED SCHOOL DISTRICT NO. 90 FOR THE SHARED USE OF FACILITIES

WHEREAS, the City of Buckeye, Arizona, an Arizona municipal corporation ("City") and the Saddle Mountain Unified School District No. 90 ("District") entered into an Intergovernmental Agreement ("IGA") for the Shared Use of Facilities dated July 11, 2019.

WHEREAS, Section 4(A) of the IGA established an Initial Term from September, 2019 through September, 2024, and authorized the Parties to renew the IGA for subsequent five-year terms by mutual, written agreement of the Parties approved by the City Council and District Governing Board; and,

WHEREAS, the Parties desire to renew the Agreement for a First Renewal Term from September 1, 2024 until September 30, 2029.

NOW THEREFORE, the Parties Agree as follows:

Section 1. The foregoing Recitals are incorporated herein by reference.

Section 2. The Intergovernmental Agreement is renewed for a First Renewal Term of September 1, 2024 until September 30, 2029.

Section 3. Section 17 "Notice" is updated to replace the City and District representatives as follows:

If to the City: Dan Cotterman, City Manager
City of Buckeye
530 East Monroe Avenue
Buckeye, Arizona 85326

With copy to: K. Scott McCoy, City Attorney
City of Buckeye
530 East Monroe Avenue
Buckeye, Arizona 85326

If to the District: Dr. Mike Winters, Superintendent
Saddle Mountain Unified School District No. 90
38201 W. Indian School Rd
Tonopah AZ 85354

With a copy to: Denise Lowell-Britt, Attorney
Udall Shumway PLC
1138 N. Alma School Rd. #101
Mesa AZ 85201

INTERGOVERNMENTAL AGREEMENT
BETWEEN
SADDLE MOUNTAIN UNIFIED SCHOOL DISTRICT NO. 90
AND
THE CITY OF BUCKEYE
FOR
THE SHARED USE OF FACILITIES

THIS INTERGOVERNMENTAL AGREEMENT (this "Agreement") is entered into as of July 11, 2019 (the "Effective Date"), between the SADDLE MOUNTAIN UNIFIED SCHOOL DISTRICT NO. 90, a political subdivision of the State of Arizona (the "District"), and the CITY OF BUCKEYE, an Arizona municipal corporation (the "City"). The District and City are referred to herein, individually and collectively, as "Party" or "Parties."

RECITALS

A. This Agreement is made under the authority of A.R.S. §§ 11-951 to -954 and A.R.S. § 15-342(13).

B. A.R.S. § 15-1105(B) permits the use of school buildings, school grounds and other school property by organizations whose membership is open to the public and whose activities promote the educational function of the District as determined in good faith by the District's Governing Board, and A.R.S. § 15-364 permits the District's Governing Board to enter into an agreements with the City for the use of parks and recreational facilities under the District's control. The Governing Board of the District finds that the City is an entity whose activities are open to the public and whose programs promote the educational function of the District. A.R.S. § 9-240 provides that the City Council shall have control over the property of the City.

C. The District and the City serve residents in common and desire to further the public interest by permitting City use of District Facilities (as hereinafter defined) and permitting District use of City Facilities (as hereinafter defined) to minimize the expense to City residents and provide enhanced resources to the community for the benefit of City residents.

D. The District desires to permit the use of its available campuses, classrooms, recreational and parking facilities by the City at no charge in exchange for the District's right to use the City Facilities as provided under this Agreement.

E. The City desires to permit the use of its available recreational and parking facilities under the control of the City's Community Services Department by the District at no charge.

AGREEMENT

NOW, THEREFORE, the Parties hereto agree as follows:

1. DEFINITIONS

A. "District Facility" or "District Facilities" means real property, buildings, parking lots and facilities owned or under District's control, including, but not limited to, campus sites, classrooms, and recreation and parking facilities.

B. "City Facility" or "City Facilities" means real property, buildings, parking lots and facilities owned or under the City's control and within the control of the Community Services Department.

C. "Out-of-Pocket Costs" shall include those direct costs incurred by the City or the District over and beyond normal operating costs budgeted for and expended by each Party. The intent of this definition is to reimburse only those additional direct costs each Party incurs from providing services or facilities to the other.

2. COVENANTS

A. City's Obligations:

1. The City agrees to use the District Facilities in a lawful manner that complies with all applicable statutes, codes, ordinances, and the District's Governing Board Policies. The City shall engage in activities that promote the educational function of the District and that are open to the public. The District is under no obligation to consent to additional or alternative uses.

2. The City shall permit the District to use, at no charge, the City Facilities, for approved purposes pursuant to Section 2(B)(1) of this Agreement at such times when the District's use of the City Facilities is not in conflict with the use of such City Facilities by the City. The City agrees to coordinate its use of the City Facilities with the District to allow for District sponsored or administered recreation, sports, training, and community programs. The District recognizes that the City may have certain City Facilities that may be limited by the City for the District to use.

3. The City, as part of the maintenance of its property, shall reasonably clean, maintain, and repair the City Facilities at its own expense during the term of this Agreement (as may be renewed), and such maintenance obligations shall include, but not be limited to, the routine, preventative, and capital maintenance of the City Facilities, subject to the District's cleaning and removal obligations as set forth in Section 2(B)(4) of this Agreement. Each Party shall be responsible for the repair of any damage caused to the City Facilities by its use. If the City

Facilities are vandalized or damaged when neither the City nor the District is occupying the property, then the City shall be responsible for the repairs.

4. Notwithstanding the foregoing, the City shall immediately clean any waste, hazardous substance, or hazardous condition caused on, and remove equipment placed upon, the District Facilities by its employees, agents, and invitees, after each use of the District Facilities by the City.

5. The City shall pay all reasonable utility charges including water, natural gas, and electricity consumed upon the City Facilities.

6. The City shall pay all reasonable costs associated with normal use of the City Facilities, including, but not limited to, toiletries, soap, hand towels and toilet paper consumed upon the City Facilities.

7. The City shall pay any Out-of-Pocket Costs incurred by its use of the District Facilities.

B. District's Obligations:

1. The District agrees to use the City Facilities in a lawful manner that complies with all applicable statutes, codes, ordinances, and City Council directives. The City is under no obligation to consent to additional or alternative uses.

2. The District shall permit the City to use, at no charge, the District Facilities, for approved purposes pursuant to Section 2(A)(1) of this Agreement at such times when City's use of the District Facilities is not in conflict with the use of such District Facilities by the District. The City's right to use District Facilities at no charge is in exchange for the District's right to use the City Facilities as further provided in this Agreement. The District agrees to coordinate its use of the District Facilities with the City to allow for City sponsored or administered recreation, sports, training, and community programs. The City recognizes that the District may have certain Facilities that may be limited by the District for the City to use.

3. The District, as part of the maintenance of its property, shall reasonably clean, maintain, and repair the District Facilities at its own expense during the term of this Agreement (as may be renewed), and such maintenance obligations shall include, but not be limited to, the routine, preventative, and capital maintenance of the District Facilities, subject to the City's cleaning and removal obligations as set forth in Section 2(A)(4) of this Agreement. Each Party shall be responsible for the repair of any damage caused to the District Facilities by its use. If the District Facilities are vandalized or damaged when neither the District nor the City is occupying the property, then the District shall be responsible for the repairs.

4. Notwithstanding the foregoing, the District shall immediately clean any waste, hazardous substance, or hazardous condition caused on, and remove equipment placed upon, the City Facilities by its employees, agents, and invitees, after each use of the City Facilities by the District.

5. The District shall pay all reasonable utility charges including water, natural gas, and electricity consumed upon the District Facilities.

6. The District shall pay all reasonable costs associated with normal use of the District Facilities, including, but not limited to, toiletries, soap, hand towels and toilet paper consumed upon the District Facilities.

7. The District shall pay any Out-of-Pocket Costs incurred by its use of the City Facilities.

3. ANNUAL JOINT USE SCHEDULING AND MANAGEMENT PROCESS

This Agreement seeks to provide a framework and administrative support for collaboration and decision-making among City and District administrators, school building staff, and City Community Services Department personnel.

A. Joint Use Scheduling Process - Joint use planning and decision-making will occur each spring for the upcoming City fiscal year. All joint use programming scheduled the preceding year will be included in the schedule for the upcoming year unless otherwise negotiated as set forth below.

1. On an annual basis, the City's Community Services Director or designee and a District representative shall meet to review the prior year's facility usage and to discuss changes or modifications that should be made for the upcoming year. During these annual meetings, the Parties shall discuss any challenges or issues that may have developed and that the Parties will work to resolve. This annual meeting will include a review of a cost benefit analysis for both the City and the District and discuss how to maximize the benefits to both Parties. At the annual meeting, the Parties shall discuss parking arrangements to accommodate both Parties and shall review event schedules to coordinate simultaneous events. The Parties shall also review the scheduling process and scheduling dates to determine if any changes are necessary to the scheduling process as set forth below.

2. By March 1st of each year, the City's Community Services Director or designee shall deliver a joint use scheduling confirmation notice for the upcoming City fiscal year to the District representative or designee of each District Facility it intends to use. The notice will list City activities from the preceding year that are proposed to continue and current District usage of the City Facilities. Any new requests for the upcoming year will be identified.

3. Upon receiving the confirmation notice, the District representative or designee shall identify which District activities will continue in the upcoming year and identify new District needs for the use of the City Facilities for the upcoming year. In assessing the needs for the upcoming year, the District representative or designee may either approve the City's proposed schedule of use and return the confirmation notice; or by April 1st, contact the City's Community Services Director or designee to discuss changes or amendments.

4. Upon receiving the confirmation notice completed and approved by the District representative or designee, the City's Community Services Director or designee may either approve the District's proposed schedule of use or contact the District representative or designee to discuss changes or amendments. Once both the District representative or designee and the City's Community Services Director or designee have approved and signed the confirmation notice, the City's Community Services Director or designee will send a copy of the signed notice to the District representative or designee and file it with central administrative offices of both Parties;

5. Unless otherwise agreed to by the Parties, the signed confirmation notice must be filed no later than May 1st of each year with the central administrative offices of both Parties.

B. Resolving Space Availability Conflicts - Efforts at resolution of space availability issues are first encouraged directly between the respective City Facility and District Facility representatives. The central scheduling offices of both Parties will, whenever possible, identify options or ways to accommodate the interests of both Parties.

C. Completing the Joint Use Scheduling Process

1. Timing of Joint Use Scheduling Process - The City and the District shall complete the joint use scheduling process as described above. The City/District collaboration for joint use scheduling will consider all negotiated use agreements and schedules affecting the City Facilities and the District Facilities. Except as identified in Section 3(G) below, the user Party shall deliver scheduled usage confirmation to the respective facilities by July 15th for the upcoming year.

2. Amendments to Joint Use Scheduled Events - Annual plans and associated use permits can be amended through mutual agreement of a District school site representative and the City's Community Services Director or designee. Each Party's central administrative office must be notified of such amendments. Both Parties shall make reasonable accommodations to each other when circumstances outside the control of the Parties arise which may require schedule changes.

D. Central Coordination, Permitting, Record-keeping, and Problem Resolution

1. The District and the City will formally permit all building uses and will jointly maintain the annual joint use schedule. Parties will utilize their existing respective facility reservation forms for single and ongoing use.

2. The District and the City will develop a system for maintaining accurate records of use and tracking and reporting scheduling issues occurring under this Agreement.

3. The City's Community Services Director and the District school site representative or their designees shall meet regularly to provide operational coordination and planning, to coordinate the use of the City Facilities and District Facilities, to discuss future changes in programming, and to provide a regular forum for the resolution of challenges on such issues as scheduling conflicts, maintenance, security, and vandalism.

E. Change in Availability Notification - Both Parties shall honor each other's scheduled events to the greatest extent possible and shall not disrupt scheduled programs. Should an unforeseen event occur which precludes a joint use activity or program from occurring, each Party will seek to accommodate the scheduled program at an alternate facility. Except in the case of an emergency, or due to a situation beyond the control of a Party, a minimum of two weeks' (10 business days') written notice is required to change a regularly scheduled one to three consecutive days program/event, and a minimum of 60 days' written cancellation notice is required to change regularly scheduled leagues and/or programs that are four consecutive days or longer.

F. Temporary Rescheduling of Scheduled Priority Use - In the event the user Party communicates its inability to utilize its scheduled priority use, the owner Party may pursue scheduling other uses temporarily until the user Party is ready to resume its scheduled priority use.

G. Single Use Requests - Written requests to use the City Facilities and the District Facilities outside the annual scheduling confirmation process shall be submitted to each Party's central administrative office. The central administrative office of the requesting Party will verify in advance with the District representative or designee or City's Community Services Director or designee that the City Facility or District Facility is available at the date and time requested. The request will be granted only if the allotted time and space is available.

H. Joint Use Program Requirements - All programs must provide adequate supervision by adults, age 18 and above, trained in emergency procedures specified by the owner Party. The user Party is responsible for providing program staffing or covering expense of owner Party program staffing, if necessary. Staffing must be sufficient to supervise program participants in entry areas, locker rooms, and non-secured spaces of a City Facility or District Facility, as applicable.

I. **Issuance of Facility Keys** - Keys shall be issued or other means of access provided for program events and activities approved under this Agreement. Issuance of keys to City personnel for use of the District Facilities and to District personnel for the City Facilities shall be limited to the requirements of this Agreement. The City and the District agree that issued keys will not be duplicated and assume financial responsibility for the re-keying and other costs resulting from the loss of a key by an employee. Parties will make reasonable efforts to return keys issued after the completion of the program/event within three working days unless otherwise agreed upon by both Parties.

J. **Joint Use Facility Maintenance Responsibilities** -With each occupancy, the user Party shall be responsible for the pre-occupancy preparations. Users must leave the City Facility or District Facility, including displays, furniture and equipment in the condition and arrangement preceding the permitted use.

K. **Access to Storage** - Wherever possible, each Party shall make available storage space on site for joint use program equipment and supplies.

L. **Restitution and Repairs** - The user Party shall make restitution for the repair of any damage to a City Facility or District Facility and its equipment or other property missing from the premises that may occur as a result of scheduled programs for which a permit was issued.

1. **Inspection of Facilities** - The owner Party shall, through its designated representative, inspect all buildings and grounds of a City Facility or District Facility for which a use permit has been issued. Inspection shall be directed toward identification of damage to the City Facility or District Facility and equipment or missing property that may have been caused by the user Party through conduct of its program.

2. **Reporting Method** - The owner Party shall notify the user Party of damage or loss within three working days after inspection. Such notification shall consist of sending a facsimile or electronic mail message to the user Party's designated representative identifying the City Facility or District Facility, permit, date of detection, name of inspector, area or areas involved, description of damage, and estimated and/or fixed costs of repairs or property replacement.

3. **Repairs** - Except as otherwise mutually agreed, the user Party shall not cause repairs to be made to any City Facility or District Facility or item of equipment for which the owner Party has responsibility. The owner Party agrees to make such repairs within the estimated and/or fixed costs agreed upon by the Parties. If it is mutually determined that the user Party is responsible for the damage, then the user Party shall reimburse the owner Party at the estimated and/or fixed costs agreed upon.

4. **Reimbursement Procedure** - The owner Party shall invoice the user Party responsible for the damage within seven working days of completion of repairs or replacement of missing property. The invoice shall itemize all work hours, equipment, and material with cost rates as applied to the repair work. If the repair is contracted, a copy of the contractor's itemized statement must be attached. Actual costs shall be invoiced if less than the estimated and/or fixed costs. The user Party shall reimburse the owner Party within 30 days from receipt of such an invoice.

5. **Disagreements** - The user Party retains the right to disagree with any and all items of damage to the City Facilities or District Facilities, as applicable, or equipment or missing property as identified by the owner Party provided this challenge is made within ten working days after the first notification of the damage.

   a. Disagreements shall be made in writing to the owner Party and shall clearly identify the reasons for refusing responsibility for damages to the City Facility or District Facility or equipment or missing property. Failure to do so within the prescribed time period shall be considered acceptance of responsibility by the user Party.

   b. Settlement of disagreements, after written notification, shall be made following an on-site investigation involving designated representatives of both the owner and user Parties.

   c. In the event an agreement cannot be reached, the matter shall be referred to the District Superintendent and the City Manager or their respective designees for review and consideration.

   d. The owner Party shall have the right to make immediate emergency repairs without voiding the user Party's right to disagree.

M. **Cost Sharing** - The joint use of the City Facilities and District Facilities will be based upon fiscally sound considerations. Neither the District nor the City will be required to subsidize the other's use of its respective facilities under this Agreement.

N. **Requests for Services Outside the Agreement** - Specific requests by the City or District for services, equipment, or facilities not covered under this Agreement may be provided, at direct charge, to the Party making the request.

4. TERM

A. Subject to Sections 8, 11 and 12 of this Agreement, the term of this Agreement shall be for the period commencing September, 2019, and ending on September, 2024, but shall be renewable for subsequent five year terms by mutual, written agreement of the

Parties. Notwithstanding the foregoing, any financial obligation of a Party hereto is subject to the applicable budget laws of the State of Arizona.

B. The execution of this Agreement and renewal or extension of this Agreement must be authorized by both the District Governing Board and City Council.

5. INSURANCE AND INDEMNIFICATION

A. At all times during the term of the Agreement, and during any renewal thereof, each Party shall maintain commercial general liability insurance, at its expense, with coverage limits of not less than $1,000,000 per occurrence and $2,000,000 aggregate limit for bodily injury and property damage, issued by an insurance carrier or via self-insurance and naming the other Party as an additional insured.

B. To the extent permitted by law, District shall hold harmless the City, its officers, employees, agents, and volunteers for, from, and against any and all claims, demands, suits, actions, proceedings, and expenses of any kind or nature, for damages to property or injuries to or death of a person or persons, including employees or agents of the City arising out of the use of the City's property, including, but not by way of limitation, workers' compensation claims, resulting from or arising out of the negligent or wrongful acts, errors, or omissions of the District, its employees, agents, or subcontractors in connection with this Agreement.

C. To the extent permitted by law, the City shall hold harmless District, its officers, employees, agents, and volunteers for, from, and against any and all claims, demands, suits, actions, proceedings, and expenses of any kind or nature, for damages to property or injuries to or death of a person or persons, including employees or agents of District arising out of the use of the District's property, including, but not by way of limitation, workers' compensation claims, resulting from or arising out of the negligent or wrongful acts, errors, or omissions of the City, its employees, agents, or subcontractors in connection with this Agreement.

6. HAZARDOUS MATERIALS

During the term of this Agreement (as may be renewed), neither the District nor the City will use, generate, place, store, transport, release, or otherwise dispose of Hazardous Materials (as defined below) in any portion of the other Party's facilities except in strict accordance with all applicable environmental laws. In the event of a breach of the foregoing, the breaching Party will undertake remediation or removal in accordance with all applicable environmental laws. In addition, to the extent permitted by law, the Parties will indemnify, defend, and hold each other harmless against and reimburse the other Party for, all hazardous materials liabilities caused by the negligent release of a Hazardous Material in violation of applicable environmental laws. As used herein, the term "Hazardous Materials" shall mean asbestos or any hazardous substance, waste, or materials as defined in any federal, state, or local environmental or safety law or regulation including, but not limited to, Resource Conservation and Recovery Act (RCRA) and

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The obligations of this Section shall survive the expiration or other termination of this Agreement.

7. ENTIRE AGREEMENT

This Agreement embodies the entire agreement between the City and the District. The Parties shall not be bound by or be liable for any statement or representation of any nature not set forth in this Agreement. Changes of any of the provisions of this Agreement shall not be valid unless reduced to writing and approved and signed by both Parties.

8. TERMINATION

Either Party may terminate this Agreement by giving a minimum of six months' prior, written notice to the other Party of its intention to terminate the Agreement. The Parties do not anticipate having to dispose of any property upon partial or complete termination of this Agreement. However, to the extent that a disposition of property is necessary upon termination, property shall be returned to its original owner.

9. WAIVER

The failure or delay of the District or the City to insist upon strict performance of any of the provisions of this Agreement or to exercise any rights or remedies provided by this Agreement, shall not release either Party from any of its responsibilities or obligations imposed by this Agreement and shall not be deemed a waiver of any right of either Party to insist upon strict performance of this Agreement.

10. DISPUTE RESOLUTION

A. Both Parties agree to utilize good faith efforts to informally resolve disputes arising out of this Agreement. In the event of delays, exceptions, or problems arising from this Agreement, the City Manager and the District representative shall be involved in the attempt to resolve the dispute as soon as reasonably practical. In the event the City Manager and District representative cannot agree on a remedy for the dispute they may, upon mutual agreement, request a third individual, acceptable to the City and the District, to serve as a mediator on behalf of the Parties.

B. Within 15 days of the appointment of a mediator, the mediator shall provide a written report to both Parties with proposed recommendations to resolve the matter. Each Party shall have 15 days from the date of the mediator's report to notify the other that it accepts or rejects the mediator's recommendations. If either Party rejects the mediator's recommendations, it may exercise any legal rights and remedies it may have under the laws of the State of Arizona.

11. SUBJECT TO APPROPRIATIONS

This Agreement is subject to the provisions of A.R.S. § 42-17106. The provisions of this Agreement for payment of funds by the City and the District shall and be effective when funds are appropriated for purposes of this Agreement and are actually available for payment. The Parties shall be the sole judge and authority in determining their respective availability of funds under this Agreement and each Party shall keep the other Party fully informed as to the availability of funds for the Agreement. The obligation of the Parties to make any payment pursuant to this Agreement is a current expense of the Parties, payable exclusively from such annual appropriations, and is not a general obligation or indebtedness of the Parties. If the City Council or District Governing Board fails to appropriate money sufficient to pay the amounts as set forth in this Agreement during any immediately succeeding fiscal year, this Agreement shall terminate at the end of the then-current fiscal year and the City and the District shall be relieved of any subsequent obligation under this Agreement.

12. CONFLICT OF INTEREST

The Parties acknowledge that this Agreement is subject to cancellation pursuant to Arizona Revised Statutes Section 38-511, without penalty or further obligation on the part of the District or the City.

13. E-VERIFY, RECORDS AND AUDITS

To the extent applicable under A.R.S. § 41-4401, the Parties and their respective subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under A.R.S. § 23-214(A). The Parties' or a subcontractor's breach of the above-mentioned warranty shall be deemed a material breach of the Agreement and may result in the termination of the Agreement by either Party under the terms of this Agreement. The Parties each retain the legal right to randomly inspect the papers and records of the other Party and the other Parties' subcontractors who work under this Agreement to ensure that the other Party and its subcontractors are complying with the above-mentioned warranty. The Parties warrant to keep their respective papers and records open for random inspection during normal business hours by the other Parties. The Parties and their respective subcontractors shall cooperate with the other Parties' random inspections including granting the inspecting Party entry rights onto their respective properties to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

14. COMPLIANCE WITH NON-DISCRIMINATION LAWS

The Parties agree to comply with all provisions of applicable federal, state, and local laws relating to non-discrimination, equal employment opportunity, and the Americans with Disabilities Act. The Parties agree to comply with Arizona Governor's Executive Order No. 75-5, dated April 28, 1975 ("Prohibition of Discrimination in State Contracts - Nondiscrimination in Employment by Government Contractors and Subcontractors"), as amended by Arizona Governor's Executive Order 99-4, dated January 29, 1999, as amended by Arizona Governor's Executive Order 2009-09, dated October 20, 2009, and as may be amended from time to time.

15. GOVERNING LAW

The laws of the State of Arizona shall govern this Agreement and courts in Maricopa County, Arizona shall have jurisdiction of the subject matter hereof.

16. RELATIONSHIP BETWEEN PARTIES

A. Except as otherwise provided by law, in the performance of duties and activities under this Agreement, the Parties hereto will be acting in their individual capacities and not as agents, employees, partners, joint ventures, or associates of each other. The officers, employees, agents, or subcontractors of one Party shall not be deemed or construed to be the employees or agents of the other Party. Each Party shall remain responsible for the supervision of their respective staff and participants and shall maintain insurance coverage as required by law and this Agreement.

B. An employee of either Party shall be deemed to be an "employee" of both public agencies while performing pursuant to this Agreement solely for purposes of A.R.S. § 23-1022 and the Arizona Workers' Compensation laws. The primary employer shall be solely liable for any workers' compensation benefits that may accrue. Each Party shall post notice pursuant to the provisions of A.R.S. § 23-1022 in substantially the following form:

> "All employees are hereby further notified that they may be required to work under the jurisdiction or control of or within the jurisdictional boundaries of another public agency pursuant to an intergovernmental agreement or contract, and under such circumstances they are deemed by the laws of Arizona to be employees of both public agencies for the purposes of workers' compensation."

17. NOTICE

Any notice or other communication required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given if (A) delivered to the party at the address set forth below, (B) deposited in the U.S. Mail, registered or certified, return receipt requested, to the address set forth below or (C) given to a recognized and reputable overnight delivery service, to the address set forth below:

If to the City: City of Buckeye
530 East Monroe Avenue
Buckeye, Arizona 85326
Attn: Stephen S. Cleveland, City Manager

With copy to:	GUST ROSENFELD, P.L.C. One East Washington Street, Suite 1600 Phoenix, Arizona 85004-2553 Attn: Shiela B. Schmidt, Esq.
If to the District:	Saddle Mountain Unified School District No. 90 38201 West Indian School Road Tonopah, Arizona 85354 Attn: Superintendent
With copy to:	_____ _____ _____ _____

or at such other address, and to the attention of such other person or officer, as any party may designate in writing by notice duly given pursuant to this subsection. Notices shall be deemed received (A) when delivered to the party, (B) three business days after being placed in the U.S. Mail, properly addressed, with sufficient postage or (C) the following business day after being given to a recognized overnight delivery service, with the person giving the notice paying all required charges and instructing the delivery service to deliver on the following business day. If a copy of a notice is also given to a party's counsel or other recipient, the provisions above governing the date on which a notice is deemed to have been received by a party shall mean and refer to the date on which the party, and not its counsel or other recipient to which a copy of the notice may be sent, is deemed to have received the notice.

18. AUTHORITY

The individual signing below hereby represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of his/her respective Party. The District represents that this Agreement has been approved at a duly noticed public meeting of the Governing Board of the District and the City represents that this Agreement has been approved at a duly noticed public meeting of the City Council of the City.

19. COUNTERPARTS

This Agreement may be executed in any number of counterparts, all such counterparts shall be deemed to constitute one and the same instrument, and each of said counterparts shall be deemed original hereof.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.B. PW - Cooperative Contract Purchase Addendum with San Tan Ford to purchase light and medium duty vehicles.
DATE PREPARED: 08/29/24	**DISTRICT NO.:**
STAFF LIAISON: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801	
DEPARTMENT: Public Works	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025039) between the City of Buckeye, an Arizona municipal corporation, and San Tan Auto Partners, LLC, DBA San Tan Ford, an Arizona limited liability company, for the purchase of light and medium duty vehicles; and authorize the City Manager to execute and deliver said CCPA on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:
Fleet Management is seeking Council's authorization to enter into the Cooperative Contract Purchase Addendum with San Tan Ford to purchase various light and medium vehicles.

BENEFITS:
The approval of this Cooperative Contract Purchase Addendum will ensure City staff have mechanically sound vehicles to perform daily work assignments for the benefit of the residents of the City of Buckeye. Vehicles that have reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.

FUTURE ACTION:
No further action contemplated.

FINANCIAL IMPACT STATEMENT:
The total amount is not to exceed $1,000,000.00.

CURRENT FISCAL YEAR TOTAL COST:
$1,000,000.00 from vehicle replacement and department budgets that have been approved to purchase supplemental vehicles during the FY25 budget process.

BUDGETED:
Yes

FISCAL YEAR:
FY25

FUND/DEPARTMENT:
Various

Items related to a project or facility location must include an attached vicinity map for Council

Review.

COOPERATIVE CONTRACT PURCHASE ADDENDUM (CCPA)
BETWEEN THE CITY OF BUCKEYE
AND
San Tan Auto Partners, LLC DBA San Tan Ford

New Vehicle Purchase
CONTRACT NO. 2025039

THIS COOPERATIVE CONTRACT PURCHASE ADDENDUM (this "Addendum") is entered into as of _____between the City of Buckeye, an Arizona municipal corporation (the "City"), and San Tan Auto Partners, LLC DBA San Tan Ford an Arizona limited liability company (the "Contractor").

WHEREAS, after a competitive procurement process, which is documented in the Award attached hereto as part of **Exhibit A**, "the State of Arizona" and Contractor entered into Contract No. CTR059323, dated March 17, 2022 (such contract and subsequent amendments thereto herein referred to as the "State of Arizona Contract"), which is attached hereto as Exhibit A and incorporated herein by reference); and

WHEREAS, the City is permitted by Section 24-3-16 of the City Procurement Code to make purchases via cooperative purchasing pursuant to a cooperative purchasing contract; and

WHEREAS, the Contractor has made a proposal to the City, which is attached hereto as **Exhibit A** and incorporated herein by reference (the "Contract"); and

WHEREAS, the City desires to accept the Proposal and enter into contract with the Contractor under the terms and conditions of the State of Arizona Contract, by issuing this Addendum to said contract.

THEREFORE, the City now enters into this Addendum with the Contractor for the goods and services set forth in the Proposal. This Addendum incorporates the terms and conditions of the State of Arizona Contract, save that references therein to State of Arizona shall be read to refer to the City of Buckeye. This Addendum shall be effective as of the date set forth below for approval and remain in effect for the remainder of the Contract's term unless such term is modified or extended pursuant to the terms of the State of Arizona Contract. Payments to the Contractor shall be calculated in accordance with the Proposal, which is attached hereto as part of Exhibit A, in a total amount not to exceed $1,000,000.00.

FURTHER, this Addendum is subject to cancellation pursuant to ARS §38-511.

FURTHER, to the extent applicable, the Contractor and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees and their compliance with the E-verify requirements under A.R.S. § 23-214(A). The Contractor's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Addendum and may result in the termination of this Addendum by the City. The City retains the

right to inspect the papers of the Contractor's or its subcontractors' employees who perform any work or services pursuant to this Addendum to ensure compliance with these warranties.

FURTHER, to the extent applicable, the Contractor warrants that it is not participating and will not participate in prohibited activity in contravention of A.R.S. § 35-393.01.

FURTHER, to the extent applicable under ARIZ. REV. STAT. § 35-394, Contractor certifies that it does not currently, and agrees for the duration of this Agreement that it will not use (i) the forced labor of ethnic Uyghurs in the Peoples Republic of China ("ethnic Uyghurs"), (ii) any goods or services produced by the forced labor of ethnic Uyghurs, or (iii) any Contractors, subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs. If Contractor becomes aware that it is not in compliance with this paragraph, Contractor shall notify the City of the noncompliance within five (5) business days of becoming aware of it. If Contractor fails to provide a written certification that Contractor has remedied the noncompliance within one hundred eighty (180) days after that, this Agreement shall terminate unless the termination date of this Agreement occurs before the end of the remedy period, in which case this Agreement terminates on the Agreement termination date.

FURTHER, the Parties agree that the Addendum and Exhibits thereto shall be governed by State of Arizona law and suits pertaining to the Addendum and Exhibits thereto may only be brought in courts located in Maricopa County, Arizona.

FURTHER, all modifications, including but not limited to service additions and deletions, will be made in writing and with the written agreement of both parties.

FURTHER, in the event of any inconsistency between this Addendum and **Exhibit A**, the documents shall govern in that order.

CLICKWRAP TERMS EXCLUDED, in the event the Consultant's terms of sale or service were provided to the City only upon "acceptance" of a "clickwrap" or "clickthrough" agreement, such terms of sale or service shall not be binding upon the City. No oral agreement, "clickwrap" or "clickthrough" agreement or other understanding shall in any way modify a City issued or approved contract or the terms of this Cooperative Contract Purchase Addendum (CCPA).

THEREFORE, the Parties have executed this Addendum as of the date first set forth above.

Contract Amendment Summary

CONTRACTOR: San Tan Auto Partners	**AMENDMENT NO.: Two (2)**
DESCRIPTION: CTR059323 - New Vehicles Purchases	

Pursuant to the Uniform Terms and Conditions, Section 5, Contract Changes, the above referenced contract is amended. Summary of changes is as follows:

1. Amendment Two (2) to mutually extend this contract from March 17, 2024 through March 16, 2025 unless terminated, canceled or extended as otherwise provided in the contract.

2. The executed SPO205 Forced Labor of Ethnic Uyghurs Ban form is hereby included with this amendment.

3. All other terms, conditions and provisions of this contract remain unchanged.

FORCED LABOR OF ETHNIC UYGHURS BAN

Forced Labor of Ethnic Uyghurs Ban

Please note that if any of the following apply to the Contractor, then the Offeror shall select the "Exempt Contractor" option below:

- Contractor is a sole proprietorship;
- Contractor has fewer than ten (10) employees; OR
- Contractor is a non-profit organization.

Pursuant to A.R.S. § 35-394, the State of Arizona prohibits a public entity from entering into or renewing a contract with a company unless the contract includes written certification that the company does not use the forced labor, or any goods or services produced by the forced labor, of ethnic Uyghurs in the People's Republic of China.

Under A.R.S. §35-394:

1. "Company" means an organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company or other entity or business association, including a wholly owned subsidiary, majority-owned subsidiary, parent company or affiliate, that engages in for-profit activity and that has ten or more full-time employees.

2. "Public entity" means this State, a political subdivision of this State or an agency, board, commission or department of this State or a political subdivision of this State.

In compliance with A.R.S. §§ 35-394 et seq., all offerors must select one of the following:

☒	The Company submitting this Offer does not use, and agrees not to use during the term of the contract, any of the following: • Forced labor of ethnic Uyghurs in the People's Republic of China; • Any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; or • Any Contractors, Subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.
☐	The Company submitting this Offer **does** participate in use of Forced Uyghurs Labor as described in A.R.S. § 35-394.
☐	**Exempt Contractor.** Indicate which of the following statements applies to this Contractor (may be more than one): ☐ Contractor is a sole proprietorship; ☐ Contractor has fewer than ten (10) employees; and/or ☐ Contractor is a non-profit organization.

1. Statement of Need

1.1. Pursuant to the Arizona Procurement Code, A.R.S. §41-2501 et seq., the State of Arizona Department of Transportation (Department), has a requirement for New Vehicle Purchase.

2. Introduction and Background

2.1 The State of Arizona Department of Transportation (Department) is seeking to contract with a qualified vendor(s) who can provide new vehicles (all fuel types, hybrid, and full electric) including but not limited to: Sedans, Trucks up to 19,500 GVWR, Vans, Sport Utility Vehicles (SUVs), and Crossovers for the State of Arizona and participating Eligible Agencies. These vehicles will be used to support official organizational goals. These vehicles will be used on highways, city/county roads and shall be designed to operate under typical Arizona ambient temperatures.

2.2 Background: The State and its Eligible Agencies currently spend an estimated twenty-one million dollars in the purchase of new vehicles annually.

2.3 The following are the Three Categories covered in this Scope of Work:

- **Category One: Phase One (1) Vehicle Purchases**
- **Category Two: Phase Two (2) Vehicle Purchases**
- **Category Three: FTA Funded Vehicles**

3 General Requirements

3.1 Vehicles shall be new and supplied with all equipment and accessories indicated as standard equipment in the manufacturer's published literature (or website). Optional equipment necessary to meet the minimum requirements shall be included.

3.2 All vehicles ordered through Phase 1 (off the line) shall be Manufacturer's current year models in production throughout the term of this contract and shall be serviced completely by the vendor before delivery and ready in all respects for use. For the initial contract period; vehicles shall be new model year 2022 or greater.

3.3 Vehicles ordered through Phase 2 (on the lot) shall have less than 100 original odometer miles and be new (have never been previously owned) unless pre-approved in writing by the Eligible Agency.

3.4 All vehicles shall meet requirements of applicable Arizona Motor Vehicle laws and all other applicable Federal Motor Vehicle Safety Standards (including the Federal Bridge Formula), whether or not such requirements are specified in detail.

3.5 For Phase Two (2) vehicles, the Contractor shall supply a quote within five (5) calendar days after receiving a request from the Eligible Agency. The quotation shall include but not be limited to the following information: State contract number, vehicle availability and delivery lead-time, Vehicle Identification Number (VIN), dealer stock number, vehicle base bid price, itemized options, applicable tax, delivery cost, total price, and point of contact. For vehicles requiring up-fit/modifications, all applicable cost may be included in quotation or as a separate quotation.

3.6 Delivery location shall be identified on the issuing agency purchase order. Deliveries shall be made within 120 days of receipt of purchase orders, unless factory delays make this impossible. Dealer shall notify the ordering agency of such delays along with a revised delivery estimate from the factory immediately after it becomes known. If the manufacturer has a website available to check order status, this information will be shown in space provided on Offer Response Form.

3.7 All deliveries shall be made Monday through Friday from 8:00 A.M. to 2:00 P.M. The Contractor shall be required to give the using agency a minimum of 24-hour notification prior to delivery with the anticipated time of delivery and number of units to be delivered.

3.8 All vehicles shall be delivered with four (4) entrance tools and a full tank(s) of fuel, less delivery fuel.

3.9 The following documents shall be provided upon delivery of the vehicle(s):

3.9.1 M.S.O. (Manufacturer Statement of Origin) that includes the odometer statement
3.9.2 Warranty Document
3.9.3 Manufacturers unaltered invoice
3.9.4 Delayed warranty / in service start request form (if requested by ordering entity)
3.9.5 Level 1 Inspection if applicable, completed before delivery

3.10 For Phase One (1) the Contractor shall provide the Eligible Agency copies of the manufacturer's vehicle identification numbers (VIN#) to confirm vehicles have been ordered unless impossible due to manufacture delay within ninety (90) calendar days after receipt of a purchase order. If confirmation of manufacturer's VIN #(s) is not received within this timeframe the Eligible Agency has the option to award to the second lowest bidder meeting specifications. This shall be considered a mandatory requirement and the timeframe must be met unless there is a manufacture delay. Failure to provide this document for each vehicle ordered may be cause for determination of default of contract.

4 Specific Requirements

4.1 The Contractors are encouraged to provide a full line of new vehicles (gasoline, hybrid, full electric) including but not limited to the following categories: Sedans, Trucks up to 19,500 GVWR, Vans (cargo, passenger, transit, etc.), Sport Utility Vehicles (SUVs), and Crossovers. Eligible Agencies throughout the State will have varying vehicle needs. Contractors are to provide a full line of manufactured new vehicles and all subsequent variants of each vehicle; including but not be limited to: models and manufacturer options, trim package, etc. to meet each need of an Eligible Agency.

4.2 As new model year vehicles become available, vendor shall submit pricing at either the same rate as the previous model, or submit a request for an increase or decrease based only on the manufacturer's increase or decrease. Documentation must be submitted to the Procurement Officer within 30 days of the effective date of change. New model year vehicles cannot be offered without approval from the Procurement Officer.

4.3 The following fuel types are allowable under this contract are to include but are not limited too.

4.3.1 Flexible Fuel Vehicles (FFV) also called Ethanol or E85
4.3.2 Diesel

4.3.3 Gasoline
4.3.4 Compressed Natural Gas (CNG): CNG systems must be O.E.M. or O.E.M. approved
4.3.5 Hybrid-Electric Vehicles (HEV)
4.3.6 Plug-in Hybrid Electric Vehicles (PHEV)
4.3.7 Electric Vehicles (EV) also called Battery Electric Vehicles (BEV)
4.3.8 Fuel Cell Vehicles (FCV)

4.4 Vehicle Up-fit / Modifications

4.4.1 The Eligible Agency may request the awarded Contractor(s) to up-fit/modify any vehicle for specific organizational needs. For example, the cab and chassis of ½ ton, ¾ ton, and/or up to 19,500 GVW trucks may require a specialized body (i.e.: dump body, landscape body, etc.). Other vehicles may require interior and/or exterior modifications per the individual Eligible Agency.

4.4.2 The Eligible Agency will supply all up-fit/modification requests to the Contractor. The Contractor shall identify any conditions that apply to the up-fit/modification on a quotation to the Eligible Agency for review before any work commences.

4.5 Minimum Vehicle Requirements: All prices shall include the following equipment:

4.5.1 All standard factory equipment

4.5.2 Automatic transmission [maximum towing/payload capacity shall be provided upon request)

4.5.3 Bluetooth capabilities

4.5.4 AM/FM radio

4.5.5 Cruise Control

4.5.6 Power Door Locks/Power Windows
4.5.7 Power Mirrors when available

4.5.8 Four (4) entrance tools (in any combination allowed; keyless entry remotes, integrated or smart keys, standard cut keys) per vehicle.
a. Type of keys to be provided shall be indicated on quote.

4.5.9 Air conditioning
a. Rear air conditioning on all vehicles, when available

4.5.10 Cloth seats

4.5.11 Rear view mirrors including on driver and passenger doors
a. FOR TRUCKS: Rear view mirrors on driver front and passenger front doors, largest available without upgrading vehicle options package.
b. Back up Camera

4.5.12 Spare tire
a. Full size standard steel wheel with matching Original Equipment Manufacturer spare tire identical to standard equipment with the trim level of the delivered vehicle.
b. If full spare is not available due to space or manufacturer standards, an alternative shall be provided and noted on quote provided.

4.5.13 Floor Mats

a. O.E.M. floor mat sets installed in all seating rows where the vehicle comes with carpeted floors.

b. Fixed driver floor mat

4.5.14 Arizona legal tinted glass

4.5.15 Minimum of 2 USB charging Ports

4.6 Specific Requirements for Trucks (when available)

4.6.1 Anti-slip differential for two-wheel drive pickup trucks, ¾ ton, up to 19,500 GVW.

4.6.2 Skid plate package and anti-slip differential for four-wheel drive vehicles

4.6.3 Front tow hooks

5 Contractor's Responsibilities

Contractor shall be responsible for processing the registration, licensing, title and plating of all new vehicles ordered only if requested by the Eligible Agency.

6 Department's Responsibilities

The Eligible Agencies will provide final acceptance and approval of any equipment and services delivered

SPECIAL TERMS AND CONDITIONS

1. CONTRACT TERM

The term of any resultant contract shall commence on the effective day of award and shall continue for a period of twelve months (12) thereafter, unless terminated, cancelled or extended as otherwise provided herein.

2. CONTRACT EXTENSION

By mutual written contract amendment, any resultant contract may be extended for supplemental periods of up to a maximum of forty-eight (48) months.

3. ELIGIBLE AGENCIES

This contract shall be for the use of all State of Arizona departments, agencies and boards. In addition, eligible universities, political subdivisions and nonprofit educational or public health institutions may participate at their discretion. In order to participate in any resultant contract, a university, political subdivision or nonprofit educational or public health institution must have entered into a cooperative purchasing agreement with the State Procurement Office as required by Arizona Revised Statutes §41-2632.

4. NON-EXCLUSIVE CONTRACT

This contract shall be for the sole convenience of the Department. The Department reserves the right to obtain like goods or services from another source when necessary. The Off-Contract Purchase Authorization and subsequent procurement shall be consistent with the Arizona Procurement Code.

5. ORDERING PROCESS

The Department shall issue a purchase order to the Contractor. Each purchase order must cite the contract number. This purchase order shall be the only document required for the Department to order and the Contractor to deliver the material and/or service.

Any attempts to represent any material and/or service not specifically awarded as being under contract is a breach of the contract and a violation of the Arizona Procurement Code. Any such action is subject to the legal and contractual remedies available to the State inclusive of but not limited to contract cancellation, suspension and/or debarment of the Contractor.

6. SHIPPING TERMS

Delivery shall be F.O.B. Destination to the location designated herein. Contractor shall retain title and control of all goods until they are delivered. All risk of transportation and related charges shall be the responsibility of the Contractor. All claims for visible or concealed damage shall be filed by the Contractor. The Department will notify the Contractor promptly of any damaged goods and shall assist the Contractor in arranging for inspection.

7. DELIVERY

Contract prices shown for each vehicle include delivery cost within a sixty (60) mile radius of Phoenix.

For the purpose of this contract, the address used for mapping the radius within Phoenix will be as follows:

Equipment services shop/ADOT
2225 S 22nd Ave, Phoenix, AZ 85009

Delivery costs for each county outside of the Phoenix area shall be indicated on Offer Response form.

This will be an added cost to the contract price.

Deliveries shall be completed In accordance with the requirements of the contract.
Delivery of the product does not constitute acceptance.

8. INSPECTION AND ACCEPTANCE

Each item delivered shall be subject to a complete inspection by the Department within 10 days after delivery. Inspection criteria shall include, but not be limited to, conformity to the specifications, workmanship, quality and materials.

If the delivered product is not accepted and returned for corrective action, an additional fifteen (15) calendar days shall be allowed for inspection of the corrected or replacement product.

The Contractor shall be responsible for the transport of the material to and from the Department for the correction of items or workmanship not in compliance with the specifications.

Product returned for corrective action may delay payment. Invoices will be processed for payment only after the product is accepted.

9. INVOICING and PAYMENT

Contractor shall submit all billing notices or invoices to the Eligible Agency or Co-Op Buyer at the address Indicated on the applicable Order document.

Separate invoices are required for each shipment of product or delivery of service and shall include at a minimum:

- Department Location's Name and Address
- Vendor Name, Remit to Address and Contact Information
- Contract Number
- Purchase Order Number
- Invoice Number and Date
- Date the items were shipped to the Department
- Applicable payment terms
- Contract Line Item Number
- Line Item Description or Item or Service
- Quantity Purchased

- Line Item Unit of Measure
- Price per Unit and Total per Unit
- Catalog or Other Discount (if applicable)
- Net Unit Price and Total per Unit (if applicable)
- Applicable taxes (as a separate invoice line item)
- Applicable Shipping/Freight Charges etc. (as a separate invoice line item) Materials only.
- Total Invoice Amount Due

Invoices not sent to the proper address, or not containing the necessary and required information may delay payment. A Contractor whose payments are delayed due to improper invoicing shall make no claim against the Department or the State for late or finance charges.

The Department will make every effort to process payment for the purchase of product within thirty (30) calendar days after the Department has conducted the necessary reviews, inspections and acceptance as described herein.

The department acceptance date will be the valid date for starting the thirty (30) calendar day payment period.

Payment due dates, including discount periods, will be computed from the date of acceptance or date of correct invoice (whichever is later) to the date the Department's warrant is mailed.

10. ESTIMATED USAGE

The Department anticipates considerable usage under this contract. The Department reserves the right to increase or decrease actual quantities ordered as circumstances may require. No guarantees are made concerning actual purchases under this contract.

11. PRICING

1 Phase 1 and 2 pricing for vehicles shall be a minimum Percentage off MSRP, less the manufacturer's rebates and any additional discounts available for that model/power-train combination.

a. Contractor shall provide a copy of manufacturer's invoice to the ordering agency upon request. The manufacturer's invoice shall be unaltered to include original pricing from the manufacturer.
b. Transportation costs to transfer a vehicle from another dealer for a Phase 2 or purchase from stock may be added to the cost of the vehicle. The justification for this cost is at the discretion of the Eligible Agency.
c. Any reference to Phase 1 pricing shall be in reference to vehicles ordered prior to the factory cut-off date.
d. Any reference to Phase 2 pricing shall be in reference to vehicles purchased from stock or "on the lot".
e. Phase 2 pricing shall receive the same cost considerations as Phase 1 pricing, all discounts and rebates should be passed onto the Eligible Agency.
f. All vehicles are to be billed at prices in effect at the time of order, not the date of shipment.

g. Pricing for vehicles shall include all discounts and deductions, less Federal and State taxes. Pricing shall be firm for life of contract unless amended by way of contract change order.

2 CONTRACTOR'S BEST PRICING: Supplier warrants that, for the term of the Contract, the prices and discounts set out in the Pricing Documents, including any subsequent agreed amendment to it (the "Contract Pricing"), will be equal to or better than the lowest prices and largest discounts, both separately and in combination, at which Contractor sells equivalent items of equipment and materials.

2.1 That price-plus-discount equivalence ("Contractor's Best Pricing") is intended to be irrespective of whether or not those other sales have special purchase terms, conditions, rebates or allowances.

2.2 If Contractor's Best Pricing for equivalent items of equipment and materials is better than the Contract Pricing, then Contractor agrees to adjust the Contract Pricing to match the Contractor's Best Pricing for all sales related to the Contractor made after the date when the Contractor's Best Pricing was first better than the Contract Pricing.

2.3 For clarification of intent, that date is intended to be the date when the difference first occurred, which might have been before the difference was first identified. If it was before, then Supplier agrees to charge at less than the Contract Pricing until the extended difference that would have been realized (i.e., if the Contractor's Best Pricing had been applied when it should have been) has been settled.

3 PRICING-ALL-INCLUSIVE: Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's offer as accepted by State. Details of service not explicitly stated in the Scope of Work or in Contractor's Offer, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the Contract are included in the pricing provided.

4 LARGE VOLUME DISCOUNT PRICING: An Eligible Agency may seek to obtain additional volume discount pricing for large orders provided Contractor is willing to offer additional discounts for large volume orders. No amendment to this Contract is necessary for Contractor to offer discount pricing to an Eligible Agency for large volume purchases.

5 A price reduction adjustment may be offered at any time during the term of a contract and shall become effective upon notice through a written contract amendment.

12. PRICE INCREASE

The Department will review **fully documented** requests for price increases for any contract which will or has been in effect for twelve (12) months. The request shall be submitted no less than 60 days prior to the contract renewal date. The Contractor shall provide fully documented information which supports the price increase request. Fully documented means that the request shall present detailed information and calculations that make it clear how the claimed increase has an impact on the contract unit prices. All assumptions regarding cost factors that have an impact on the requested increase shall also be

clearly identified and justified. The requested price increase must be based upon a cost increase that was clearly unpredictable at the time of the offer and can be shown to directly affect the price of the item concerned. Any price increase adjustment request prior to the time of contract extension will be a factor in the extension review process. The Department will determine whether the requested price increase or an alternate option, is in the best interest of the State. All pricing should reflect the minimum percentage of MSRP.

13. SAFETY STANDARDS

Items supplied under this contract shall comply with all current applicable safety standards and regulations including the Occupational Safety and Health Standards of the State of Arizona Industrial Commission, the National Electric Code and the National Fire Protection Association Standards.

14. WARRANTY

The Contractor warrants:

1. That all services performed hereunder shall conform to the requirements of this contract and shall be performed by qualified personnel in accordance with the highest professional standards.

2 At a minimum all equipment supplied under these specifications shall be fully warranted by the vehicle manufacturer against mechanical and electrical defects for a minimum period of thirty-six (36) months from the date vehicle is placed in service.

3 This warranty shall cover such items as actual repair labor, parts, and shipping charges to and from the nearest service facility or other designated repair depot.

4 Any defects of design, workmanship or material, shall be fully corrected by the vendor without cost to the state agency or political subdivision.

5 The written warranty shall be included with the delivered vehicles to the Eligible Agency. The warranty terms shall be stated on Attachment 3-A, where indicated. Failure to provide this general information may result in the offer being rejected.

6 Hybrid / Electric Vehicle Warranty: Hybrid-related components including catalytic convertor, electronic control unit, onboard emissions diagnostic device, high voltage battery, transmission, DC/DC convertor for hybrid vehicles shall be covered for 8 years/100,000 miles, battery for electric vehicles shall be 8/years/100,000 miles and bidder shall indicate limitation of warranty due to voltage and amps. The warranty terms shall be stated where indicated on Attachment 3-A. Failure to provide this general information may result in the bid being rejected.

15. CURRENT PRODUCTS

All products supplied under this contract shall be in current and ongoing production; shall have been formally announced for general marketing purposes; shall be a model or type currently functioning in a user (paying customer) environment and capable of meeting or exceeding all specifications and requirements set forth in the contract.

16. PRODUCT DISCONTINUANCE

In the event that a product or model is discontinued by the manufacturer, the Department at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request authorization to substitute a new product or model and provide the following:

1. A formal announcement from the manufacturer that the product or model has been discontinued.

2. Documentation from the manufacturer that names the replacement product or model.

3. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation.

4. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model.

5. Documentation confirming that the price for the replacement is the same as or less than the discontinued product or model.

17. CONTRACT ADMINISTRATION

The Contractor shall contact the assigned Procurement Officer for guidance or direction in matters of contract interpretation or questions regarding the terms, conditions or scope of the contract.

18. NOTICES

All notices, requests, demands, consents, approvals, and other communications which may or are required to be served or given hereunder (for the purposes of this provisions collectively called "Notices"), shall be in writing and shall be sent by certified United States mail, return receipt requested, or by any other method that provides evidence of receipt, addressed to the party or parties to receive such notice as follows:

A. If intended for the State, to:

Arizona Department of Transportation, Procurement Group
1739 W. Jackson Street, MD 100P
Phoenix, Arizona 85007-3276

B. If intended for the Contractor, to the address as identified in the Contractor's electronic vendor profile. Or to such other address as either party may from time to time furnish in writing to the other by notice hereunder. Any notice so mailed shall be deemed to have been given as of the date such notice is received as shown on the return receipt. Furthermore, such notice may be given by delivering personally such notice, if intended for the State, to the Arizona Department of Transportation, Procurement Officer and, if intended for the Contractor, to the person named on the Offer & Contract Award of this contract, or to such other person as either party may from time to time furnish in writing to the other by notice hereunder. Any notice so delivered shall be deemed to have been given as of the date such notice is personally delivered to the other party.

19. CANCELLATION FOR POSSESSION OF WEAPONS ON ADOT PROPERTY

This contract may be cancelled if Contractor or any subcontractors or others in the employ or under the supervision of the Contractor or subcontractors is found to be in possession of weapons.

Possession of weapons (firearms, explosive device, knife or blade of more than three inches, or any other instrument designed for lethal or disabling use) is prohibited on ADOT property.

Further, if the Contractor or any subcontractors or others in the employ or under the supervision of the Contractors or subcontractors are asked by an ADOT official to leave the ADOT property, they are advised that failure to comply with such a request shall result in cancellation of the contract and anyone who refuses, whether armed or not, is subject to prosecution under A.R.S. § 13-1502, "Criminal trespass in the third degree; classification."

20. INDEMNIFICATION CLAUSE

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the contractor or sub-contractor(s) is/are an agency, board, commission or university of the State of Arizona.

21. INSURANCE REQUIREMENTS

21.1 Contractor and subcontractors shall procure and maintain, until all of their obligations have been discharged, including any warranty periods under this Contract, insurance against claims for injury to persons or damage to property arising from, or in connection with, the performance of the work hereunder by the Contractor, its agents, representatives, employees or subcontractors.

21.2 The Insurance Requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State of Arizona in no way

warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this Contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

21.3 Minimum Scope and Limits of Insurance Contractor shall provide coverage with limits of liability not less than those stated below.

21.3.1 Commercial General Liability (CGL) – Occurrence Form

The Contractor shall furnish Certificate(s) of Insurance inclusive of the following requirements to the Department. Certificate(s) shall be received within 10 calendar days of notification of contract award by the Procurement Officer.

Policy shall include bodily injury, property damage, and broad form

contractual liability coverage.

- General Aggregate $2,000,000
- Products – Completed Operations Aggregate $1,000,000
- Personal and Advertising Injury $1,000,000
- Damage to Rented Premises $50,000
- Each Occurrence $1,000,000

a. The policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

b. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

21.3.2 Business Automobile Liability

Bodily Injury and Property Damage for any owned, hired, and/or non-owned automobiles used in the performance of this Contract.

- Combined Single Limit (CSL) $1,000,000

a. Policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by, or on behalf of, the Contractor involving

automobiles owned, hired and/or non-owned by the Contractor.

b. Policy shall contain a waiver of subrogation endorsement as required by this written agreement in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

21.3.3 Workers' Compensation and Employers' Liability

• Workers' Compensation	Statutory
• Employers' Liability	
o Each Accident	$1,000,000
o Disease – Each Employee	$1,000,000
o Disease – Policy Limit	$1,000,000

a. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

b. This requirement shall not apply to each Contractor or subcontractor that is exempt under A.R.S. § 23-901, and when such Contractor or subcontractor executes the appropriate waiver form (Sole Proprietor or Independent Contractor).

21.4 Additional Insurance Requirements The policies shall include, or be endorsed to include, as required by this written agreement, the following provisions:

21.4.1 The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the Department, its agents, officials, employees or the State of Arizona shall be excess and not contributory insurance, as provided by A.R.S. § 41-621 (E).

21.4.2 Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this Contract.

21.5 Notice of Cancellation Applicable to all insurance policies required within the Insurance Requirements of this Contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the State of Arizona. Within two (2) business days of receipt, Contractor must provide notice to the State of Arizona if they receive notice of a policy that has been or will be suspended, canceled, materially changed for any reason, has expired, or will be expiring. Such notice shall be sent directly to the Department and shall be mailed, emailed, hand delivered or sent by facsimile transmission to (State Representative's Name, Address & Fax Number).

21.6 Acceptability of Insurers Contractor's insurance shall be placed with companies licensed in the State of Arizona or hold approved non-admitted status on the Arizona Department of Insurance List of Qualified Unauthorized Insurers. Insurers shall have an "A.M. Best" rating of

not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

21.7 Verification of Coverage Contractor shall furnish the State of Arizona with certificates of insurance (valid ACORD form or equivalent approved by the State of Arizona) evidencing that Contractor has the insurance as required by this Contract. An authorized representative of the insurer shall sign the certificates.

21.7.1 All such certificates of insurance and policy endorsements must be received by the State before work commences. The State's receipt of any certificates of insurance or policy endorsements that do not comply with this written agreement shall not waive or otherwise affect the requirements of this agreement.

21.7.2 Each insurance policy required by this Contract must be in effect at, or prior to, commencement of work under this Contract. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of contract.

21.7.3 All certificates required by this Contract shall be sent directly to the Department. The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete copies of all insurance policies required by this Contract at any time.

21.8 Subcontractors Contractor's certificate(s) shall include all subcontractors as insureds under its policies or Contractor shall be responsible for ensuring and/or verifying that all subcontractors have valid and collectable insurance as evidenced by the certificates of insurance and endorsements for each subcontractor. All coverages for subcontractors shall be subject to the minimum Insurance Requirements identified above. The Department reserves the right to require, at any time throughout the life of the Contract, proof from the Contractor that its subcontractors have the required coverage.

21.9 Approval and Modifications the Contracting Agency, in consultation with State Risk, reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal Contract amendment but may be made by administrative action.

21.10 Exceptions In the event the Contractor or subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a certificate of self-insurance. If the Contractor or subcontractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

22. USAGE REPORT

The Contractor shall furnish Two (2) Usage reports, the first to the Department on a quarterly basis showing purchasing activity under this contract. This usage report shall be provided in a form substantially equivalent to Exhibit 03. Usage reports shall be submitted to the Procurement Officer no later than 30 days after the end of each quarter.

Usage report quarters shall be defined as follows:

- January through March – Report due April 30
- April through June – Report due July 30
- July through September – Report due October 30
- October through December – Report due January 30

Contractor shall submit the second to the State documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. A *Quarterly Usage Report* shall still be submitted; even if there have been no sales to either Eligible Agencies and/or Co-Op Buyers. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee

23. CONTRACT ORDER OF PRECEDENCE

In the event of a conflict in the provisions of the Contract, as accepted by the Department and as they may be amended, the following shall prevail in the order set forth below:

- Federal Provisions
- Special Terms and Conditions
- Uniform Terms and Conditions
- Statement or Scope of Work
- Specifications
- Attachments
- Exhibits
- Special Instructions to Offerors
- Uniform Instructions to Offerors
- Other documents referenced or included in the Solicitation

24. LICENSES, PERMITS, CERTIFICATIONS

Contractor, at their expense, shall maintain in current status without any violations, complaints, or suspensions during the term of this contract all Federal, State and Local licenses, permits and certifications required for the operation of a business conducted by the Contractor.

25. CO-OP USAGE

Contractor shall verify if an ordering entity is a bona fide Co-Op Buyer before selling Materials to or providing Services for them under the Contract. The current list of Co-Op Buyers is available on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee

Contractor shall sell to Co-Op Buyers at the same price, and with the same lead times and other terms and conditions under which it sells to Eligible Agencies. With the sole exception of any legitimate additional costs for extraordinary shipping, or delivery requirements, if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).

Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each buyer's instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State's part, since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor's obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor's refusal to do so would be a material breach of the Contract.

26. POST AWARD MEETING

At the discretion of the Department, the Contractor, at their expense, shall attend and participate in post award meetings as scheduled by the Procurement Officer.

1. Definition of Terms

As used in this Solicitation and any resulting Contract, the terms listed below are defined as follows:

1.1. *"Attachment"* means any item the Solicitation requires the Offeror to submit as part of the Offer.

1.2. *"Contract"* means the combination of the Solicitation, including the Uniform and Special Instructions to Offerors, the Uniform and Special Terms and Conditions, and the Specifications and Statement or Scope of Work; the Offer and any Best and Final Offers; and any Solicitation Amendments or Contract Amendments.

1.3. "*Contract Amendment*" means a written document signed by the Procurement Officer that is issued for the purpose of making changes in the Contract.

1.4. *"Contractor"* means any person who has a Contract with the State.

1.5. *"Days"* means calendar days unless otherwise specified.

1.6. *"Exhibit"* means any item labeled as an Exhibit in the Solicitation or placed in the Exhibits section of the Solicitation.

1.7. *"Gratuity"* means a payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is received.

1.8. "*Materials"* means all property, including equipment, supplies, printing, insurance and leases of property but does not include land, a permanent interest in land or real property or leasing space.

1.9. *"Procurement Officer"* means the person, or his or her designee, duly authorized by the State to enter into and administer Contracts and make written determinations with respect to the Contract.

1.10. *"Services"* means the furnishing of labor, time or effort by a contractor or subcontractor which does not involve the delivery of a specific end product other than required reports and performance, but does not include employment agreements or collective bargaining agreements.

1.11. *"Subcontract"* means any Contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or any service required for the performance of the Contract.

1.12. *"State"* means the State of Arizona and Department or Agency of the State that executes the Contract.

1.13. *"State Fiscal Year"* means the period beginning with July 1 and ending June 30.

2. Contract Interpretation

2.1. Arizona Law. The Arizona law applies to this Contract including, where applicable, the Uniform Commercial Code as adopted by the State of Arizona and the Arizona

Procurement Code, Arizona Revised Statutes (A.R.S.) Title 41, Chapter 23, and its implementing rules, Arizona Administrative Code (A.A.C.) Title 2, Chapter 7.

2.2. Implied Contract Terms. Each provision of law and any terms required by law to be in this Contract are a part of this Contract as if fully stated in it.

2.3. Contract Order of Precedence. In the event of a conflict in the provisions of the Contract, as accepted by the State and as they may be amended, the following shall prevail in the order set forth below:

- Federal Provisions
- Special Terms and Conditions
- Uniform Terms and Conditions
- Statement or Scope of Work
- Specifications
- Attachments
- Exhibits
- Special Instructions to Offerors
- Uniform Instructions to Offerors
- Other documents referenced or included in the Solicitation

2.4. Relationship of Parties. The Contractor under this Contract is an independent Contractor. Neither party to this Contract shall be deemed to be the employee or agent of the other party to the Contract.

2.5. Severability. The provisions of this Contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the Contract.

2.6. No Parole Evidence. This Contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any terms used in this document and no other understanding either oral or in writing shall be binding.

2.7. No Waiver. Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

3. Contract Administration and Operation

3.1. Records. Under A.R.S. § 35-214 and § 35-215, the Contractor shall retain and shall contractually require each subcontractor to retain all data and other "records" relating to the acquisition and performance of the Contract for a period of five years after the completion of the Contract. All records shall be subject to inspection and audit by the State at reasonable times. Upon request, the Contractor shall produce a legible copy of any or all such records.

3.2. Non-Discrimination. The Contractor shall comply with State Executive Order No. 2009-09 and all other applicable Federal and State laws, rules and regulations, including the Americans with Disabilities Act.

3.3. Audit. Pursuant to ARS § 35-214, at any time during the term of this Contract and five (5) years thereafter, the Contractor's or any subcontractor's books and records shall be subject to audit by the State and, where applicable, the Federal Government, to the extent that the books and records relate to the performance of the Contract or Subcontract.

3.4. Facilities Inspection and Materials Testing. The Contractor agrees to permit access to its facilities, subcontractor facilities and the Contractor's processes or services, at reasonable times for inspection of the facilities or materials covered under this Contract. The State shall also have the right to test, at its own cost, the materials to be supplied under this Contract. Neither inspection of the Contractor's facilities nor materials testing shall constitute final acceptance of the materials or services. If the State determines non-compliance of the materials, the Contractor shall be responsible for the payment of all costs incurred by the State for testing and inspection.

3.5. Notices. Notices to the Contractor required by this Contract shall be made by the State to the person indicated on the Offer and Acceptance form submitted by the Contractor unless otherwise stated in the Contract. Notices to the State required by the Contract shall be made by the Contractor to the Solicitation Contact Person indicated on the Solicitation cover sheet, unless otherwise stated in the Contract. An authorized Procurement Officer and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the Contract shall not be necessary.

3.6. Advertising, Publishing and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this Contract without the prior written approval of the Procurement Officer.

3.7. Property of the State. Any materials, including reports, computer programs and other deliverables, created under this Contract are the sole property of the State. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of the State.

3.8. Ownership of Intellectual Property. Any and all intellectual property, including but not limited to copyright, invention, trademark, trade name, service mark, and/or trade secrets created or conceived pursuant to or as a result of this contract and any related subcontract ("Intellectual Property"), shall be work made for hire and the State shall be considered the creator of such Intellectual Property. The agency, department, division, board or commission of the State of Arizona requesting the issuance of this contract shall own (for and on behalf of the State) the entire right, title and interest to the Intellectual Property throughout the world. Contractor shall notify the State, within thirty (30) days, of the creation of any Intellectual Property by it or its subcontractor(s). Contractor, on behalf of itself and any subcontractor(s), agrees to execute any and all document(s) necessary to assure ownership of the Intellectual Property vests in the State and shall take no affirmative actions that might have the effect of vesting all or part of the Intellectual Property in any entity other than the State. The Intellectual Property shall not be disclosed by contractor or its subcontractor(s) to any entity not the

State without the express written authorization of the agency, department, division, board or commission of the State of Arizona requesting the issuance of this contract.

3.9. Federal Immigration and Nationality Act. The contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the contract. Further, the contractor shall flow down this requirement to all subcontractors utilized during the term of the contract. The State shall retain the right to perform random audits of contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the contract for default and suspension and/or debarment of the contractor.

3.10 E-Verify Requirements. In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.

3.11 Offshore Performance of Work Prohibited.
Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by subcontractors at all tiers.

4. Costs and Payments

4.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, Net 30 days. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate invoice for payment from the State within thirty (30) days.

4.2. Delivery. Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.3. Applicable Taxes.

4.3.1. Payment of Taxes. The Contractor shall be responsible for paying all applicable taxes.

4.3.2. State and Local Transaction Privilege Taxes. The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

4.3.3. Tax Indemnification. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if

applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

4.3.4. IRS W9 Form. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona, unless not required by law.

4.4. Availability of Funds for the Next State fiscal year. Funds may not presently be available for performance under this Contract beyond the current state fiscal year. No legal liability on the part of the State for any payment may arise under this Contract beyond the current state fiscal year until funds are made available for performance of this Contract.

4.5. Availability of Funds for the current State fiscal year. Should the State Legislature enter back into session and reduce the appropriations or for any reason and these goods or services are not funded, the State may take any of the following actions:

4.5.1. Accept a decrease in price offered by the contractor;

4.5.2. Cancel the Contract; or

4.5.3. Cancel the contract and re-solicit the requirements.

5. Contract Changes

5.1. Amendments. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the procurement officer in writing or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized written Contract Amendments shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.

5.2. Subcontracts. The Contractor shall not enter into any Subcontract under this Contract for the performance of this contract without the advance written approval of the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

5.3. Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

6. **Risk and Liability**

6.1. Risk of Loss: The Contractor shall bear all loss of conforming material covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

6.2. Indemnification

6.2.1. Contractor/Vendor Indemnification (Not Public Agency) The parties to this contract agree that the State of Arizona, its departments, agencies, boards and commissions shall be indemnified and held harmless by the contractor for the vicarious liability of the State as a result of entering into this contract. However, the parties further agree that the State of Arizona, its departments, agencies, boards and commissions shall be responsible for its own negligence. Each party to this contract is responsible for its own negligence.

6.2.2. Public Agency Language Only Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers."

6.3. Indemnification - Patent and Copyright**.** The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this section shall not apply.

6.4. Force Majeure.

6.4.1 Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term *"force majeure"* means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God; acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-intervention-acts; or failures or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

6.4.2. Force Majeure shall not include the following occurrences:

6.4.2.1. Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;

6.4.2.2. Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

6.4.2.3. Inability of either the Contractor or any subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

6.4.3. If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

6.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

6.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this Contract.

7. Warranties

7.1. Liens. The Contractor warrants that the materials supplied under this Contract are free of liens and shall remain free of liens.

7.2. Quality. Unless otherwise modified elsewhere in these terms and conditions, the Contractor warrants that, for one year after acceptance by the State of the materials, they shall be:

7.2.1. Of a quality to pass without objection in the trade under the Contract description;

7.2.2. Fit for the intended purposes for which the materials are used;

7.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units;

7.2.4. Adequately contained, packaged and marked as the Contract may require; and

7.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

7.3. Fitness. The Contractor warrants that any material supplied to the State shall fully conform to all requirements of the Contract and all representations of the Contractor, and shall be fit for all purposes and uses required by the Contract.

7.4. Inspection/Testing. The warranties set forth in subparagraphs 7.1 through 7.3 of this paragraph are not affected by inspection or testing of or payment for the materials by the State.

7.5. Compliance With Applicable Laws. The materials and services supplied under this

Contract shall comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable license and permit requirements.

7.6. Survival of Rights and Obligations after Contract Expiration or Termination.

7.6.1. Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

7.6.2. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

8. State's Contractual Remedies

8.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.

8.2. Stop Work Order.

8.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part, of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

8.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive.

8.4. Nonconforming Tender. Materials or services supplied under this Contract shall fully comply with the Contract. The delivery of materials or services or a portion of the

materials or services that do not fully comply constitutes a breach of contract. On delivery of nonconforming materials or services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

8.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

9. Contract Termination

9.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time. If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided in A.R.S. § 38-511.

9.2. Gratuities. The State may, by written notice, terminate this Contract, in whole or in part, if the State determines that employment or a Gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State for the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three times the value of the Gratuity offered by the Contractor.

9.3. Suspension or Debarment. The State may, by written notice to the Contractor, immediately terminate this Contract if the State determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that the contractor is not currently suspended or debarred. If the contractor becomes suspended or debarred, the contractor shall immediately notify the State.

9.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State upon demand. The

Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of the termination. The cost principles and procedures provided in A.A.C. R2-7-701 shall apply.

9.5. Termination for Default.

9.5.1. In addition to the rights reserved in the contract, the State may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

9.5.2. Upon termination under this paragraph, all goods, materials, documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State on demand.

9.5.3. The State may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, materials or services to replace those under this Contract. The Contractor shall be liable to the State for any excess costs incurred by the State in procuring materials or services in substitution for those due from the Contractor.

9.6. Continuation of Performance Through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

10. Contract Claims

All contract claims or controversies under this Contract shall be resolved according to A.R.S. Title 41, Chapter 23, Article 9, and rules adopted thereunder.

11. Arbitration

The parties to this Contract agree to resolve all disputes arising out of or relating to this contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes (Title 41).

12. Comments Welcome

The State Procurement Office periodically reviews the Uniform Terms and Conditions and welcomes any comments you may have. Please submit your comments to: State Procurement Administrator, State Procurement Office, 100 North 15th Avenue, Suite 201, Phoenix, Arizona, 85007.

1. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The following provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220 available at: https://www.transit.dot.gov/regulations-and-guidance/fta-circulars/third-party-contracting-guidance are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any (name of grantee) requests which would cause (name of grantee) to be in violation of the FTA terms and conditions.

The Federal Terms and Conditions under this Contract shall be incorporated in any sub-contractor, or lower-tier agreement for any federally-funded task assignment / project awarded under this Contract.

2. NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

The Department and Contractor acknowledge and agree that, notwithstanding any concurrence b the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Department, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by Federal Funding Agency. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

3. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 USC 3801 et seq. and USDOT regulations, "Program Fraud Civil Remedies," 49 CFR 31, apply to its actions pertaining to this project.

Upon execution of the underlying contract, contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on contractor to the extent the US Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) (5323(I)) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor shall include the above two clauses in each subcontract financed in whole or in part with FTA assistance. The clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

4. ACCESS TO RECORDS AND REPORTS

The following access to records requirements apply to this Contract:

1. Where the Purchaser is not a State but a local government and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C. F. R. 18.36(i), the Contractor shall - provide the Purchaser, the FTA, the US Comptroller General or their authorized representatives access to any books, documents, papers and contractor records which are pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Contractor shall also , pursuant to 49 C. F. R. 633.15, provide authorized FTA representative including any PMO Contractor access to Contractor's records and construction sites pertaining to a capital project, defined at 49
U.S.C. 5302(a)1, which is receiving assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.

2. Where the Purchaser is a State and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 633.15, Contractor shall provide the Purchaser, authorized FTA representatives, including any PMO Contractor, access to the Contractor's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which receives FTA assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311. By definition, a major capital project excludes contracts of less than the simplified acquisition threshold currently set at
$250,000.00.

3. Where the Purchaser enters into a negotiated contract for other than a small purchase or under the simplified acquisition threshold and is an institution of higher education, a hospital or other non- profit organization and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 19.48, Contractor shall provide the Purchaser, FTA, the US Comptroller General or their authorized representatives with access to any books, documents, papers and record of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions.

4. Where a Purchaser which is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 U.S.C. 5325(a) enters into a contract for a capital project or improvement (defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, the Contractor shall make available records related to the contract to the Purchaser, the Secretary of USDOT and the US Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.

5. Contractor shall permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

6. The Contractor shall retain, and shall require its subcontractors at all tiers, all books, records, accounts and reports required under this contract for a period of not less than five years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Contractor agrees to maintain same until the Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).

5. TERMS OF THE MASTER AGREEMENT AND COMPLIANCE

Contractor shall at all times comply with all applicable Federal Funding Agency laws, regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement, available at https://www.transit.dot.gov/funding/grantee-resources/sample-fta- agreements/fta-grant-agreements, between the Department and FTA, as they may be amended or promulgated from time to time during the term of this contract. This Master Agreement does not have an Expiration Date. This Master Agreement continues to apply to the Recipient and its Underlying Agreement, until modified or superseded by a more recently enacted or issued applicable federal law, regulation, requirement, or guidance, or amendment to this Master Agreement or the Underlying Agreement. To assure compliance the Recipient must take measures to assure that other participants in its Underlying Agreements (*e.g.*, Third Party Participants) comply. Contractor's failure to so comply shall constitute a material breach of this contract.

All contractual provisions required by the U.S. Department of Transportation are hereby incorporated by reference. In the event of additional funding provided by FHWA, the applicable requirements of the Stewardship Agreement, available at https://www.fhwa.dot.gov/federalaid/stewardship, between the Department and FHWA are incorporated by reference.

6. CIVIL RIGHTS REQUIREMENTS

The AGENCY is an Equal Opportunity Employer. As such, the AGENCY agrees to comply

with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the AGENCY agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

Equal Employment Opportunity

1. Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex(including sexual orientation and gender identity), age, or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements Federal Funding Agency may issue.

2. Race, Color, religion, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

3. Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

4. Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42
U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided, modified only if necessary to identify the affected parties.

7. TERMINATION

Termination of the contract shall be in accordance with the Uniform Terms and Conditions, Section 9., paragraph 9.1 through 9.6.

8. DEBARMENT OR SUSPENSION

This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940and 29.945. The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the Department. If it is later determined that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the Department, the

Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

8.1 GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

The Contractor agrees to the following:

(1) It will comply with the requirements of 2 C.F.R. part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 C.F.R. part 1200, which include the following:

(a) It will not enter into any arrangement to participate in the development or implementation of the Project with any Third Party Participant that is debarred or suspended except as authorized by: 1 U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, 2 U.S. OMB, "Guidelines to Agencies on Government wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180, including any amendments thereto, and 3 Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 U.S.C. § 6101 note,

(b) It will review the U.S. GSA "System for Award Management," https://www.sam.gov, if required by U.S. DOT regulations, 2 C.F.R. part 1200, and

(c) It will include, and require each of its Third Party Participants to include, a similar provision in each lower tier covered transaction, ensuring that each lower tier Third Party Participant:

(1) Will comply with Federal debarment and suspension requirements, and 2 Reviews the "System for Award Management" at https://www.sam.gov, if necessary to comply with U.S. DOT regulations, 2 C.F.R. part 1200, and

If the Department suspends, debars, or takes any similar action against a Third Party Participant or individual, the Department will provide immediate written notice to the:

(a) FTA Regional Counsel for the Region in which the Recipient is located or implements the Project,
(b) FTA Project Manager if the Project is

administered by an FTA Headquarters Office, or

(c) FTA Chief Counsel.

9. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER

POLLUTION CONTROL ACT Clean Water

Contractor shall comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq. Contractor shall report each violation to the recipient and understands and agrees that the recipient shall, in turn, report each violation as required to FTA and the appropriate EPA Regional Office. Contractor shall include these requirements in each subcontract exceeding $150,000 financed in whole or in part with FTA assistance.

Clean Air

1) Contractor shall comply with all applicable standards, orders or regulations pursuant to the Clean Air Act, 42 USC 7401 et seq. Contractor shall report each violation to the recipient and understands and agrees that the recipient will, in turn, report each violation as required to FTA and the appropriate EPA Regional Office.

2) Contractor shall include these requirements in each subcontract exceeding $150,000 financed in whole or in part with FTA assistance.

10. BUY AMERICA

In any task assignment / project for construction, acquisition of goods, or rolling stock valued at more than $150,000, the contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. part 661, which provide that Federal funds may not be obligated unless all steel, iron, and manufactured products used in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

Contractor shall comply with 49 USC 5323(j) and 49 CFR 661, stating that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7, and include software, microcomputer equipment and small purchases (currently less than $150,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are stated at 5323(j)(2)(C) and 49 CFR 661.11. Rolling stock must be manufactured in the US and have a minimum 65% domestic content for FY2019 and a minimum 70% domestic content for FY2020 and beyond. A bidder or offeror shall submit appropriate Buy America certification to the recipient with all bids on FTA-funded contracts, except those subject to a general waiver. Proposals not accompanied by a completed a certification shall be rejected as

nonresponsive. This requirement does not apply to lower tier subcontractors.

11. BREACHES AND DISPUTE RESOLUTION

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the (Recipient), (Architect) or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Disputes arising in the performance of this contract which are not resolved by agreement of the parties shall be decided in writing by the Department. This decision shall be final and conclusive unless within ten days from the date of receipt of its copy, contractor mails or otherwise furnishes a written appeal to the Department. In connection with such appeal, contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Department shall be binding upon contractor and contractor shall abide by the decision. FTA has a vested interest in the settlement of any violation of Federal law including the False Claims Act, 31 U.S.C. § 3729.

Performance During Dispute - Unless otherwise directed by the recipient, contractor shall continue performance under this contract while matters in dispute are being resolved. Claims for Damages - Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefore shall be made in writing to such other party within ten days after the first observance of such injury or damage.

Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the Department and contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the residing State.

Rights and Remedies - Duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Department or contractor shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

12. LOBBYING

The Contractor agrees to comply with the provisions of Title 31, U.S. C 1352 as

amended by the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. 1601, et seq.] and (Public Law 101.121) as codified in Title 48, Federal Acquisition Regulations Subpart 3.8 and Subpart 52.203-11. The legislation prohibits Federal funds from being expended by a recipient or any lower tier sub- recipients of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence a Federal agency or Congress in connection with the award of any Federal contract, the making of any Federal grant or loan, or entering into any cooperative agreement, including the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement. All disclosure statements are to be furnished to the Department.

Contractors who apply or propose/bid for an award of $100,000 or more in value shall file the attached Lobbying Certification {01Lobbying Certification document} required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

13. FLY AMERICA

The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government- financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not
available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

14. ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency, stated in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

15. CONFLICTS OF INTEREST / EMPLOYMENT OF FEDERAL PERSONNEL

Contractors will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the Department or the Federal funding agency shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when: The employee, officer or agent, any member of his immediate family, His or her partner, or an organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. Department officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements.

16. COPYRIGHT AND PATENT

To the extent permitted by A.R.S. § 41-621 and § 35-154, the Contractor shall indemnify and hold harmless ADOT against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of this contract performance or use by ADOT of materials furnished or work performed under this contract. ADOT shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph.

Copyrights pursuant to 23 CFR 420.121 (b): The Department, as a State DOT may copyright any books, publications, or other copyrightable materials developed in the course of the project, and does herein exercise that right. The federal funding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for Government purposes.

Patents pursuant to 23 CFR 420.121 (i): The Department, as a State DOT is subject to the provisions of 37 CFR part 401 governing patents and inventions and must include or cite the standard patent rights clause at 37 CFR 401.14, except for §401.14(g), in all subgrants or contracts. In addition, State DOTs must include the following clause, suitably modified to identify the parties, in all subgrants or contracts, regardless of tier, for experimental, developmental or research work: “The subgrantee or contractor will retain all rights provided for the State in this clause, and the State will not, as part of the consideration for awarding the subgrant or contract, obtain rights in the subgrantee's or contractor's subject inventions.”

Standard Patent Rights required pursuant to 37 CFR 401.14:

(a) Definitions

(1) Invention means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C.

2321 et seq.).

(2) Subject invention means any invention of the contractor conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) must also occur during the period of contract performance.

(3) Practical Application means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) Made when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) Small Business Firm means a small business concern as defined at section 2 of Pub. L. 85-536 (15
U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) Nonprofit Organization means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(7) The term statutory period means the one-year period before the effective filing date of a claimed invention during which exceptions to prior art exist per 35 U.S.C. 102(b) as amended by the Leahy-Smith America Invents Act, Public Law 112-29.

(8) The term contractor means any person, small business firm or nonprofit organization, or, as set forth in section 1, paragraph (b)(4) of Executive Order 12591, as amended, any business firm regardless of size, which is a party to a funding agreement.

(b) Allocation of Principal Rights

The Contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention

throughout the world.

(c) Invention Disclosure, Election of Title and Filing of Patent Application by Contractor

(1) The contractor will disclose each subject invention to the Federal Agency within two months after the inventor discloses it in writing to contractor personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the agency, the Contractor will promptly notify the agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the contractor.

(2) The contractor will elect in writing whether or not to retain title to any such invention by notifying the Federal agency within two years of disclosure to the Federal agency. However, in any case where a patent, a printed publication, public use, sale, or other availability to the public has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The contractor will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. If the contractor files a provisional application as its initial patent application, it shall file a non-provisional application within 10 months of the filing of the provisional application. The contractor will file patent applications in additional countries or international patent offices within either ten months of the first filed patent application or six months from the date permission is granted by the Commissioner of Patents to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) For any subject invention with Federal agency and contractor co-inventors, where the Federal agency employing such co-inventor determines that it would be in the interest of the government, pursuant to 35 U.S.C. 207(a)(3), to file an initial patent application on the subject invention, the Federal agency employing such co-inventor, at its discretion and in consultation with the contractor, may file such application at its own expense, provided that the contractor retains the ability to elect title pursuant to 35 U.S.C. 202(a).

(5) Requests for extension of the time for disclosure, election, and filing under

paragraphs (1), (2), and (3) of this clause may, at the discretion of the Federal agency, be granted. When a contractor has requested an extension for filing a non-provisional application after filing a provisional application, a one-year extension will be granted unless the Federal agency notifies the contractor within 60 days of receiving the request.

(d) Conditions When the Government May Obtain Title

The contractor will convey to the Federal agency, upon written request, title to any subject invention—

(1) If the contractor fails to disclose or elect title to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain title.

(2) In those countries in which the contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the Federal agency, the contractor shall continue to retain title in that country.

(3) In any country in which the contractor decides not to continue the prosecution of any non- provisional patent application for, to pay a maintenance, annuity or renewal fee on, or to defend in a reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to Contractor and Protection of the Contractor Right to File

(1) The contractor will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the contractor fails to disclose the invention within the times specified in (c), above. The contractor's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the contractor is a party and includes the right to grant sublicenses of the same scope to the extent the contractor was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of the Federal agency except when transferred to the sucessor of that party of the contractor's business to which the invention pertains.

(2) The contractor's domestic license may be revoked or modified by the funding Federal agency to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and agency licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the funding Federal agency to the extent the contractor, its licensees, or the domestic

subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the funding Federal agency will furnish the contractor a written notice of its intention to revoke or modify the license, and the contractor will be allowed thirty days (or such other time as may be authorized by the funding Federal agency for good cause shown by the contractor) after the notice to show cause why the license should not be revoked or modified. The contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and agency regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(f) Contractor Action to Protect the Government's Interest

(1) The contractor agrees to execute or to have executed and promptly deliver to the Federal agency all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the contractor elects to retain title, and (ii) convey title to the Federal agency when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the contractor each subject invention made under contract in order that the contractor can comply with the disclosure provisions of paragraph (c) of this clause, to assign to the contractor the entire right, title and interest in and to each subject invention made under contract, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by paragraph (c)(1) of this clause. The contractor shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) For each subject invention, the contractor will, no less than 60 days prior to the expiration of the statutory deadline, notify the Federal agency of any decision: Not to continue the prosecution of a non- provisional patent application; not to pay a maintenance, annuity or renewal fee; not to defend in a reexamination or opposition proceeding on a patent, in any country; to request, be a party to, or take action in a trial proceeding before the Patent Trial and Appeals Board of the U.S. Patent and Trademark Office, including but not limited to post-grant review, review of a business method patent, inter partes review, and derivation proceeding; or to request, be a party to, or take action in a non-trial submission of art or information at the U.S. Patent and Trademark Office, including but not limited to a pre-issuance submission, a

post-issuance submission, and supplemental examination.

(4) The contractor agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the contract) awarded by (identify the Federal agency). The government has certain rights in the invention."

(g) Subcontracts

(1) The contractor will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a subcontractor.. The subcontractor will retain all rights provided for the contractor in this clause, and the contractor will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) The contractor will include in all other subcontracts, regardless of tier, for experimental developmental or research work the patent rights clause required by (cite section of agency implementing regulations or FAR).

(3) In the case of subcontracts, at any tier, when the prime award with the Federal agency was a contract (but not a grant or cooperative agreement), the agency, subcontractor, and the contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Federal agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (j) of this clause.

(h) Reporting on Utilization of Subject Inventions

The Contractor agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the contractor, and such other data and information as the agency may reasonably specify. The contractor also agrees to provide additional reports as may be requested by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph (j) of this clause. As required by 35 U.S.C. 202(c)(5), the agency agrees it will not disclose such information to persons outside the government without permission of the contractor.

(i) Preference for United States Industry

Notwithstanding any other provision of this clause, the contractor agrees that neither

it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the Federal agency upon a showing by the contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights

The contractor agrees that with respect to any subject invention in which it has acquired title, the Federal agency has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the contractor, assignee, or exclusive licensee refuses such a request the Federal agency has the right to grant such a license itself if the Federal agency determines that:

(1) Such action is necessary because the contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the contractor, assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the contractor, assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special Provisions for Contracts with Nonprofit Organizations

If the contractor is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the contractor;

(2) The contractor will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the contractor with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the contractor. However, the contractor agrees that the Federal agency may review the contractor's licensing program and decisions regarding small business applicants, and the contractor will negotiate changes to its licensing policies, procedures, or practices with the Federal agency when the Federal agency's review discloses that the contractor could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4). In accordance with 37 CFR 401.7, the Federal agency or the contractor may request that the Secretary review the contractor's licensing program and decisions regarding small business applicants.

17. RECOVERED MATERIALS

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

18. SAFE OPERATION OF MOTOR VEHICLES

a. Seat Belt Use. The Recipient agrees to implement Executive Order No. 13043, "Increasing Seat Belt Use in the United States," April 16, 1997, 23 U.S.C. § 402 note, (62 Fed. Reg. 19217), by:

(1) Adopting and promoting on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles, and

(2) Including a "Seat Belt Use" provision in each third party agreement related to the Award.

b. Distracted Driving, Including Text Messaging While Driving. The Recipient agrees to comply with:

(1) Executive Order No. 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1, 2009, 23 U.S.C. § 402 note, (74 Fed. Reg. 51225),

(2) U.S. DOT Order 3902.10, "Text Messaging While Driving," December 30, 2009, and

(3) The following U.S. DOT Special Provision pertaining to Distracted Driving:

(a) Safety. The Recipient agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Recipient owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the Award, or when performing any work for or on behalf of the Award,

(b) Recipient Size. The Recipient agrees to conduct workplace safety initiatives in a manner commensurate with its size, such as establishing new rules and programs to prohibit text messaging while driving, re-evaluating the existing programs to prohibit text messaging while driving, and providing education, awareness, and other outreach to employees about the safety risks associated with texting while driving, and

(c) Extension of Provision. The Recipient agrees to include the preceding Special Provision of section 34.b(3)(a) – (b) of this Master Agreement in its third party agreements, and encourage its Third Party Participants to comply with this Special Provision, and include this Special Provision in each third party subagreement at each tier supported with federal assistance.

19. CERTIFICATION AND ASSURANCES

The FTA Certifications and Assurances are incorporated herein by reference. Upon award or contract renewal, the Contractor must agree to comply with the most current FTA Certifications and Assurances by signing and submitting the signature page provided by the Department. In the event FTA issues new Certifications and Assurances, the Department reserves the right to require submission of a new signature page agreeing to comply; to be added to the terms and conditions by Amendment. All such requests are a condition of continued award.

20. DISADVANTAGED BUSINESS ENTERPRISES

1.0 Policy:

The Arizona Department of Transportation (hereinafter the Department) has established a Disadvantaged Business Enterprise (DBE) program in accordance with the regulations of the U.S. Department of Transportation (USDOT), 49 CFR Part 26. The Department has received Federal financial assistance from the U.S. Department of Transportation and as a condition of receiving this assistance, the Department has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of the Department to ensure that DBEs, as defined in Part 26, have an equal opportunity to receive and participate in USDOT-assisted contracts. It is also the policy of the Department:

1. To ensure nondiscrimination in the award and administration of USDOT-assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for USDOT-assisted contracts;
3. To ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are counted as DBEs;
5. To help remove barriers to the participation of DBEs in USDOT-assisted contracts;
6. To assist in the development of firms that can compete successfully in the market place outside the DBE program; and
7. To promote the use of DBEs in all types of federally-assisted contracts and procurement activities.

It is also the policy of the Department to facilitate and encourage participation of Small Business Concerns (SBCs), as defined herein, in USDOT-assisted contracts. The Department encourages contractors to take reasonable steps to eliminate obstacles to SBCs' participation and to utilize SBCs in performing contracts.

2.0 Assurances of Non-Discrimination:

The contractor, subrecipient, or subcontractor shall not discriminate on the basis of race, color, sex or national origin in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Department deems appropriate, which may include, but are not limited to:

1. Withholding monthly progress payments;
2. Assessing sanctions;

3. Liquidated damages;
4. Suspension or Debarment per Uniform Terms and Conditions Paragraph 9.3 of the contractor from future bidding; and/or
5. Cancellation, termination, or suspension of the Contract, in whole or in part.

The contractor, subrecipient, or subcontractor shall ensure that all subcontract agreements contain this non-discrimination assurance.

3.0 Definitions:

(A) Commercially Useful Function (CUF): Commercially Useful Function is defined fully in 49 CFR 26.55, which definition is incorporated herein by reference.

(B) Disadvantaged Business Enterprise (DBE): a for-profit small business concern which meets both of the following requirements:

(1) Is at least 51 percent owned by one or more socially and economically disadvantaged individuals or, in the case of any publicly owned business, at least 51 percent of the stock is owned by one or more such individuals; and,

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

(C) NAICS Code: The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

(D) Non-DBE: any firm that is not a DBE.

(E) Race-Conscious (RC): a measure or program focused specifically on assisting only DBEs, including women-owned DBEs.

(F) Race-Neutral (RN): a measure or program used to assist all small businesses. For the purposes of this part, race-neutral includes gender-neutrality.

(G) Small Business Concern (SBC): a business that meets all of the following conditions:

(1) Operates as a for-profit business registered to do business in Arizona;

(2) Operates a place of business primarily within the U.S., or makes a significant contribution to the U.S. economy through payment of taxes

or use of American products, materials, or labor;

(3) Is independently owned and operated;

(4) Is not dominant in its field on a national basis; and

(5) Does not have annual gross receipts that exceed the Small Business Administration size standards average annual income criteria for its primary North American Industry Classification System (NAICS) code.

(H) Socially and Economically Disadvantaged Individuals: any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is:

(1) Any individual who is found to be a socially and economically disadvantaged individual on a case-by-case basis.

(2) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:

(i) "Black Americans," which includes persons having origins in any of the Black racial groups of Africa;

(ii) "Hispanic Americans," which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(iii) "Native Americans," which includes persons who are enrolled members of federally or State recognized Indian tribe, Alaskan Natives or Native Hawaiians;

(iv) “Asian-Pacific Americans,” which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Republic of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;

(v) “Subcontinent Asian Americans,” which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

(vi) "Women;"

(vii) Any additional groups whose members are designated as socially and economically disadvantaged by the Small Business

Administration (SBA), at such time as the SBA designation becomes effective.

4.0 Working with DBEs:

The Department works with DBEs and assists them in their efforts to participate in the highway construction. All proposers should contact the Department's Business Engagement and Compliance Office (BECO) by phone, through email, or at the address shown below, for assistance in their efforts to use DBEs in the highway construction industry. BECO contact information is as follows:

Arizona Department of Transportation Business Engagement and Compliance Office 1801 W. Jefferson St., Ste. 101, Mail Drop 154A
Phoenix, AZ 85007
Phone (602) 712-7761
FAX (602) 712-8429
Email: contractorcompliance@azdot.gov Website: www.azdot.gov/bec

4.01 Mentor-Protégé Program:

The Department has established a Mentor- Protégé program as an initiative to encourage and develop disadvantaged businesses in the highway construction industry. The program encourages prime contractors to provide certain types of assistance to certified DBE subcontractors. ADOT encourages contractors and certified DBE subcontractors to engage in a Mentor-Protégé agreement under certain conditions. Such an agreement must be mutually beneficial to both parties and to ADOT in fulfilling requirements of 49 CFR Part 23. For guidance regarding this program refer to the Mentor-Protégé Program Guidelines available on the BECO website.

The Mentor-Protégé program is intended to increase legitimate DBE activities. The program does not diminish the DBE rules or regulations, and participants may not circumvent these rules.

5.0 Applicability:

The Department has established an overall annual goal for DBE participation on Federal aid contracts. The Department intends for the goal to be met with a combination of race conscious efforts and race neutral efforts. Race conscious participation occurs when the contractor uses a percentage of DBEs, as defined herein, to meet the contract specified goal. Race neutral efforts are those that are, or can be, used to assist all small businesses or increase opportunities for all small businesses. The regulation, 49 CFR 26, defines race neutral as when a DBE wins a prime contract through customary competitive procurement procedures or is awarded a subcontract

on a prime contract that does not carry a DBE contract goal.

Prime contractors are encouraged to obtain DBE participation even if a DBE goal was not established on a contract.

The DBE provisions are applicable to all contractors including DBE contractors.

6.0 Certification and Registration:

6.1 DBE Certification:

Certification as a DBE shall be predicated on:

(1) The completion and execution of an application for certification as a "Disadvantaged Business Enterprise".

(2) The submission of documents pertaining to the firm(s) as stated in the application(s), including but not limited to a statement of social disadvantage and a personal financial statement.

(3) The submission of any additional information which the Department or the applicable Arizona Unified Certification (UCP) agency may require to determine the firm's eligibility to participate in the DBE program.

(4) The information obtained during the on-site visits to the offices of the firm and to active job-sites.

Applications for certification may be filed online with the Department or the applicable UCP agency at any time through the Arizona Unified Transportation Registration and Certification System (AZ UTRACS) website at http://www.azutracs.com.

DBE firms and firms seeking DBE certification shall cooperate fully with requests for information relevant to the certification process. Failure or refusal to provide such information is a ground for denial or removal of certification.

ADOT is a member of the AZ Unified Certification Program (AZUCP). Only DBE firms that are certified by the AZUCP are eligible for credit on ADOT projects. A list of DBE firms certified by AZUCP is available on the internet at http://www.azutracs.com/. The list will indicate contact information and specialty for each DBE firm, and may be sorted in a variety of ways. However, ADOT does not guarantee the accuracy and/or completeness of this information, nor does ADOT represent that any licenses or registrations are appropriate for the work to be done.

The Department's certification of a DBE is not a representation of qualifications and/or abilities nor does it mean that a DBE firm is guaranteed or entitled to receive or be awarded a contract. Being certified simply means that a firm has met the criteria for

DBE certification as outlined in 49 CFR Part 26. The contractor bears all risks of ensuring that DBE firms selected by the contractor are able to perform the work.

6.2 SBC Registration:

To comply with 49 CFR Part 26.39, ADOT's DBE Program incorporates contracting requirements to facilitate participation by Small Business Concerns (SBCs) in federally assisted contracts. SBCs are for- profit businesses authorized to do businesses in Arizona that meet the Small Business Administration (SBA) size standards for average annual revenue criteria for its primary North American Industry Classification System (NAICS) code.

While the SBC component of the DBE program does not require utilization of goals on projects, ADOT strongly encourages contractors to utilize small businesses that are registered in AZ UTRACS on their contracts, in addition to DBEs meeting the certification requirement. The contractor may use the AZ UTRACS website to search for certified DBEs and registered SBCs that can be used on the contract. However, SBCs that are not DBEs will not be counted toward DBE participation.

SBCs can register online at the AZ UTRACS website.

The Department's registration of SBCs is not a representation of qualifications and/or abilities nor does it mean that an SBC firm is guaranteed or entitled to receive or be awarded a contract. Being SBC registered simply means that a firm has met the criteria for SBC registration as outlined in 49 CFR Part
26. The contractor bears all risks of ensuring that SBC firms selected by the contractor are able to perform the work.

7.0 DBE Financial Institutions:

The Department thoroughly investigates the full extent of services offered by financial institutions owned and controlled by socially and economically disadvantaged individuals in its service area and makes reasonable efforts to use these institutions. The Department encourages prime contractors to use such institutions on USDOT assisted contracts. However, use of DBE financial institutions will not be counted toward DBE participation.

The Department encourages prime contractors to research the Federal Reserve Board website at www.federalreserve.gov to identify minority-owned banks in Arizona derived from the Consolidated Reports of Condition and Income filed quarterly by banks (FFIEC 031 and 041) and from other information on the Board's National Information Center database.

8.0 Time is of the Essence:

TIME IS OF THE ESSENCE IN RESPECT TO THE DBE PROVISIONS.

9.0 Computation of Time:

In computing any period of time described in this DBE special provision, such as calendar days, the day from which the period begins to run is not counted, and when the last day of the period is a Saturday, Sunday, or Federal or State holiday, the period extends to the next day that is not a Saturday, Sunday, or Federal or State holiday. In circumstances where the Department's offices are closed for all or part of the last day, the period extends to the next day on which the Department's offices are open.

10.0 Contractor and Subcontractor Requirements:

10.1 General:

Each contractor shall establish a program that will ensure nondiscrimination in the award and administration of contracts and subcontracts.

Agreements between the bidder and a DBE in which the DBE promises not to provide subcontracting quotations to other bidders are prohibited.

10.2 DBE Liaison:

The contractor shall designate a DBE Liaison responsible for the administration of the contractor's DBE program. The name of the designated DBE Liaison shall be included in the DBE Intended Participation Affidavit Summary.

11.0 DBE Goals

The Department has not established contract goals for DBE participation in this contract.

Contractors are still encouraged to employ reasonable means to obtain DBE participation. Contractors must retain records in accordance with these DBE specifications. The contractor is notified that this record keeping is important to the Department so that it can track DBE participation where only race neutral efforts are employed.

11.1 Race Neutral Contract (With No DBE Goal)

The Department has established a Disadvantaged Business Enterprise (DBE) program in accordance with the regulations of the U.S. Department of Transportation (USDOT), 49 CFR Part 26. ADOT has received federal financial assistance from the USDOT and as a condition of receiving this assistance, ADOT has signed an assurance that it shall comply with 49 CFR Part 26.

It is ADOT's policy to ensure that DBEs, as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in federally-funded contracts.

NO CONTRACT DBE GOAL HAS BEEN ESTABLISHED FOR DBE PARTICIPATION ON THIS CONTRACT.

Contractors are still encouraged to employ reasonable means to obtain DBE participation. Contractors must retain records in accordance with these DBE specifications. The consultant is notified that this record keeping is important to the Department so that it can track DBE participation where only race neutral efforts are employed.

12.0 Bidders/Proposers List and AZ UTRACS Registration Requirement:

Under Title 49 CFR of the Code of Federal Regulations, Part 26.11, DOTs are required to collect certain information from all contractors and subcontractors who seek to work on federally-assisted contracts in order to set overall and contract DBE goals. ADOT collects this information when firms register their companies on the Arizona Unified Transportation Registration and Certification System (AZ UTRACS) web portal at http://www.azutracs.com/ a centralized database for companies that seek to do business with ADOT. This information will be maintained as confidential to the extent allowed by federal and state law.

Prime contractors and all subcontractors, including DBEs listed in the offer must be registered in AZUTRACS. Proposers may verify that their firm and each subcontractor is registered using the AZUTRACS website.

Proposers may obtain additional information at the AZ UTRACS website or by contacting BECO.

All proposers shall create a Bidders/Proposers list in the AZ UTRACS by selecting all firms, service providers, and vendors that expressed interest or submitted proposals or quotes for this contract. The Bidders/Proposers List form must be complete and must include the names for all subcontractors, service providers, and vendors that submitted proposals or quotes on this project regardless of the proposer's intentions to use the those firms on the project.

All proposers must complete and submit the Bidders/Proposers List online at AZ UTRACS prior to Offer submittal. A confirmation email will be generated by the system. This email confirmation shall be submitted with the Offer.

13.0 Payment Reporting:

The contractor shall report on a monthly basis indicating the amounts paid to all subcontractors, of all tiers, working on the project. Reporting shall be in accordance with below.

Subcontracts:

a. Sub-Contract Terms:

1. The Contractor agrees to execute a written Contract with all Subcontractors for work to be completed under this Contract. The executed Contract shall include Subcontractor's Scope of Work and all the Uniform Terms and Conditions set forth in this Contract.

2. The Contractor shall provide electronic copies of signed subcontract agreements with all Subcontractors to ADOT Business Engagement and Compliance Office (BECO) by uploading them to the BECO's online DBE Contract & Labor Compliance Management System (**DBE System**) at https://adot.dbesystem.com. Subcontract agreements shall include all required assurances and required clauses as outlined in this Contract. Each agreement and required attachment shall be dated and signed by the Subcontractor in order for the subcontract to be considered valid.

3. The Contractor may be in breach of this Contract if the Contractor materially modifies the federal regulations and State statutes in its subcontract agreements terms and conditions with its Subcontractors. Deviations from the terms of this Contract may result in termination of the Contract, or any other such remedy as deemed appropriate by the Department.

b. Sub-Contract Payments

1. Retention: If the prime contract does not provide for retention, the contractor and each subcontractor of any tier shall not withhold retention on any subcontract. If the prime contract provides for retention, the prime contractor and each subcontractor of any tier shall not retain a higher percentage than the Department may retain under the prime contract. Retainage shall be paid to the subcontractor within 7 days of satisfactory completion of the work performed by the subcontractor.

2. No Set-offs Arising from Other Contracts: If a subcontractor is performing work on multiple contracts for the same contractor or subcontractor of any tier, the contractor or subcontractor of any tier shall not withhold or reduce payment from its subcontractors on the contract because of disputes or claims on another contract.

3. Partial Payment: The contractor and each subcontractor of any tier shall make prompt partial payments to its subcontractors within seven days of receipt of payment from the Department. Notwithstanding any provision of Arizona Revised Statutes Section 28-411, the parties may not agree otherwise.

4. Final Payment: The contractor and each subcontractor of any tier shall make prompt final payment to each of its subcontractors. The contractor and each subcontractor of any tier shall pay all monies, including retention, due to its subcontractor within seven days of receipt of payment. Notwithstanding any provision of Arizona Revised Statutes Section 28-411, the parties may not agree otherwise.

5. Payment Reporting: For the purposes of this subsection "Reportable Contracts" means any subcontract, of any tier, DBE or non-DBE, by which work shall be performed on behalf of the contractor and any contract of any

tier with a DBE material or service supplier.

The requirements of this subsection apply to all Reportable Contracts.

Payment Reporting for all Reportable Contracts shall be done through the Department's web- based DBE System. The DBE System can be accessed from the Department's BECO website. No later than fifteen calendar days after the Notice to Proceed is issued, the contractor shall log into the Department's web based DBE System and enter or verify the name, contact information, and subcontract amounts for Reportable Contracts on the project. As Reportable Contracts are approved over the course of the contract, the contractor shall enter them in the system. Reportable contracts shall be entered into the system no later than five calendar days after approval by the Department.

The contractor shall report on a monthly basis indicating the amounts actually paid and the dates of each payment under any Reportable Contract on the project. In addition, the contractor shall require that all participants in any Reportable Contract electronically verify receipt of payment on the contract by the last day of the month and the contractor shall actively monitor the Department's DBE System to ensure that the verifications are input. The contractor shall proactively work to resolve any payment discrepancies in the DBE System between payment amounts it reports and payment confirmation amounts reported by others.

The contractor shall ensure that all Reportable Contract activity is reported to the Department. This includes all lower-tier Reportable Contracts, regardless of whether a DBE is involved or not.

The contractor shall maintain records for each payment explaining the amount requested by the subcontractor, and the amount actually paid pursuant to the request, which may include but are not limited to, estimates, invoices, pay requests, copies of checks or wire transfers, and lien waivers in support of the monthly payments in the DBE System.

The contractor shall provide information for payments made on all Reportable Contracts during the previous month by the 15th day of the current month. In the event that no payments were made during a given month, the contractor shall identify that by entering a dollar value of zero. If the contractor does not pay the full amount of any invoice from a subcontractor, the contractor shall note that and provide the reasons in the comment section of the Monthly Payment Audit of the DBE System.

For each Reportable Contract on which the contractor fails to submit timely payment information the Department will retain $1,000.00 as liquidated damages, from the monies due to the contractor. Liquidated damages will be deducted each month for each Reportable Contract on which the contractor fails to submit payment information until the contractor provides the required information as described herein. After 90 consecutive days of non- reporting, the liquidated damages will increase to $2,000.00 for each subsequent month, for each Reportable Contract on which the contractor fails to report until the information is provided. These liquidated damages

shall be in addition to all other retention or liquidated damages provided for elsewhere in the contract.

Payment reporting requirements apply to all contracts, federal and non-federal funded.

The contractor shall ensure that a copy of this Subsection is included in every Reportable Contract of every tier.

(a) Sanctions for Inadequate Reporting:

For each Reportable Contract on which the contractor fails to submit timely and complete payment information the Department will retain $1,000.00 as liquidated damages, from the monies due to the contractor. Liquidated damages will be deducted each month for each Reportable Contract on which the contractor fails to submit payment information until the contractor provides the required information as described herein. After 90 consecutive days of non-reporting, the liquidated damages will increase to $2,000.00 for each subsequent month, for each Reportable Contract on which the contractor fails to report until the information is provided. These liquidated damages shall be in addition to all other retention or liquidated damages provided for elsewhere in the contract.

6. Completion of Work: A subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished, documented, and accepted by the Department.

7. Disputes: If disputes arise regarding payment of subcontractors, the contractor shall immediately provide the ADOT Project Manager with a written, verifiable explanation if:

   - The contractor does not pay the full amount of any invoice from a subcontractor within seven days of receipt of a progress payment from the Department, or
   - The monthly estimate does not include all work claimed by a subcontractor to have been performed.

   The Department will determine whether the contractor has acted in good faith concerning any such explanations. The Department reserves the right to request and receive documents from the contractor and all subcontractors of any tier, in order to determine whether termination requirements were met. The contractor shall implement and use the dispute resolution process outlined in the subcontract, as described in Uniform Terms and Conditions Paragraph, to resolve payment disputes.

8. Non-Compliance: Failure to make prompt partial payment or prompt final payment including any retention, within the time frames established in this contract, will result in remedies, as the Department deems appropriate, which may include, but are not limited to:

   - Liquidated Damages: These liquidated damages shall be in addition to all other retention or liquidated damages provided for elsewhere in the

contract.

(i) The Department will withhold two times the disputed dollar amount not paid to each subcontractor.
(ii) If full payment is made within 30 days of the Department's payment to the contractor, the amount withheld by the Department will be released.
(iii) If full payment is made after 30 days of the Department's payment to the contractor, the Department will release 75 percent of the funds withheld. The Department will retain 25 percent of the monies withheld as liquidated damages.

- Additional Remedies: If the contractor fails to make prompt payment for three consecutive months, or any four months over the course of one project, or if the contractor fails to make prompt payment on two or more contracts within 24 months, the Department may, in addition, invoke the following remedies:

(i) Withhold monthly progress payments until the issue is resolved and full payment has been made to all subcontractors and vendors subject to the requirements outlined under "Liquidated Damages" above,
(ii) Terminate the contract for default in accordance with this Contract, and/or
(iii) Suspension or Debarment per Uniform Terms and Conditions Paragraph 9.3 of the contractor from future bidding temporarily or permanently, depending on the number and severity of violation.
(iv) Reflect the contractor's performance in submitting payment reports and making subcontractor payments utilizing the Department's Vendor Performance Report.

14.0 Crediting DBE Participation:

14.01 General Requirements:

To count toward DBE participation, the DBE firms must be certified at the time of Offer submission in each NAICS code applicable to the kind of work the firm will perform on the contract. NAICS for each DBE can be found on the AZ UTRACS website. General descriptions of all NAICS codes can be found at http://www.naics.com/search/.

Credit is given only after the DBE has been paid for the work performed.

The entire amount of a contract that is performed by the DBE's own forces, including the cost of supplies and materials purchased by the DBE for the work on the contract and equipment leased by the DBE will be credited toward DBE participation. Supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate will not be credited toward DBE participation.

The contractor bears the responsibility to determine whether the DBE possesses the

proper contractor's license(s) to perform the work and, if DBE credit is requested, that the DBE subcontractor is certified for the requested type of work.

The Department's certification is not a representation of a DBE's qualifications and/or abilities. The contractor bears all risks that the DBE may not be able to perform its work for any reason.

A DBE may participate as a prime contractor, subcontractor, or as a vendor of materials or supplies. The dollar amount of work to be accomplished by DBEs, including partial amount of a lump sum or other similar item, shall be on the basis of subcontract, purchase order, hourly rate, rate per ton, etc., as agreed to between parties.

DBE credit may be obtained only for specific work done for the project, supply of equipment specifically for physical work on the project, or supply of materials to be incorporated in the work. DBE credit will not be allowed for costs such as overhead items, capital expenditures (for example, purchase of equipment), and office items.

The contractor may credit second-tier subcontracts issued to DBEs by non-DBE subcontractors. Any second-tier subcontract to a DBE must meet the requirements of a first-tier DBE subcontract.

A prime contractor may credit the entire amount of that portion of a contract that is performed by the DBE's own forces. The cost of supplies and materials obtained by the DBE for the work of the contract can be included so long as that cost is reasonable. Leased equipment may also be included. No credit is permitted for supplies purchased or equipment leased from the prime contractor or its affiliate(s).

When a DBE subcontracts a part of the work of its contract to another firm, the value of the subcontract may be credited towards DBE participation only if the DBE's subcontractor is itself a DBE and performs the work with its own forces. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE participation.

A prime contractor may credit the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consulting, or managerial services, or for providing bonds or insurance specifically required for the performance of a USDOT-assisted contract, provided the fees are reasonable and not excessive as compared with fees customarily allowed for similar services.

14.02 DBE Prime Contractor:

When a certified DBE firm proposes on a contract/Task Assignment all the work that is performed by the DBE contractor or any other DBE subcontractors and DBE suppliers will count toward DBE participation.

14.03 Effect of Loss of DBE Eligibility:

For On-Call Task Assignment contracts, if a DBE is deemed ineligible (decertified) or suspended by ADOT or one of its UCP Partner Agencies in accordance with 49 CFR 26.87 and 26.88, the DBE may not be count toward DBE participation on a new Task Assignment, but may be considered for the contract/Task Assignment DBE participation if a subcontract or contract modification for the work to be completed on the Task Assignment was executed before the DBE suspension or decertification is effective.

A subcontract or contract modification for work on the task assignment means, any subcontract or agreement for the task assignment, which includes a specific ADOT TRACS/Project Number, defined scope, duration and budget for the work to be completed under the Task Assignment that is duly signed by the contractor/contractor and subcontractor/subcontractor.

When the contractor/contractor intents to use an ineligible DBE firm or ADOT made a commitment to use an ineligible DBE prime contractor/contractor, but a subcontract or Contract Modification for the work to be completed on the Task Assignment has not been executed before a decertification notice is issued to the DBE firm by its certifying agency, the ineligible firm does not count toward DBE participation. When a subcontract or contract modification is executed with the DBE firm for the work to be completed on the Task Assignment before ADOT notified the firm of its ineligibility, the DBE's work on the Task Assignment may continue to be credited toward DBE participation for the firm's work.

14.04 Notifying the Contractor of DBE Certification Status:

Each DBE contract at any tier shall require any DBE subcontractor or supplier that is either decertified or certified during the term of the contract to immediately notify the contractor and all parties to the DBE contract in writing, with the date of decertification or certification. The contractor shall require that this provision be incorporated in any contract of any tier in which a DBE is a participant.

14.05 Commercially Useful Function:

A prime contractor can credit expenditures to a DBE subcontractor only if the DBE performs a Commercially Useful Function (CUF).

A DBE performs a CUF when it is responsible for execution of the work of a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself that it uses on the project. To determine whether a DBE is performing a commercially useful function, the Department will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually

performing and the DBE credit claimed for its performance of the work, and other relevant factors.

A DBE will not be considered to perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, the Department will examine similar transactions, particularly those in which DBEs do not participate.

If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or if the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, the Department will presume that the DBE is not performing a commercially useful function.

When a DBE is presumed not to be performing a commercially useful function as provided above, the DBE may present evidence to rebut this presumption. The Department will determine if the firm is performing a CUF given the type of work involved and normal industry practices.

The Department will notify the contractor, in writing, if it determines that the contractor's DBE subcontractor is not performing a CUF. The contractor will be notified within seven calendar days of the Department's decision.

Decisions on CUF may be appealed to the Chief Procurement Officer (CPO). The appeal must be in writing and personally delivered or sent by certified mail, return receipt requested, to the CPO. The appeal must be received by the CPO no later than seven calendar days after the decision of BECO. BECO's decision remains in place unless and until the CPO reverses or modifies BECO's decision. CPO will promptly consider any appeals under this subsection and notify the contractor of CPO's findings and decisions. Decisions on CUF matters are not administratively appealable to USDOT.

The BECO may conduct project site visits on the contract to confirm that DBEs are performing a CUF. The contractor shall cooperate during the site visits and the BECO's staff will make every effort not to disrupt work on the project.

15.0 Required Provisions for DBE Subcontracts:

All subcontracts of any tier, all supply contracts, and any other contracts in which a DBE is a participant shall include as a physical attachment, DBE Subcontractor Compliance Assurances refer to the Federal Attachments and Exhibits.

Contractors executing agreements with subcontractors, DBE or non-DBE, that materially modify federal regulation and state statutes such as, prompt payment and retention requirements, through subcontract terms and conditions will be found in breach of contract which may result in termination of the contract, or any other such

remedy as the deemed appropriate as outlined in DBE Subsection 2.0 of these DBE provisions.

The Department reserves the right to conduct random reviews of DBE and non-DBE subcontract documentation to ensure compliance with federal requirements.

The contractor shall ensure that all subcontracts or agreements with DBEs to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with 49 CFR Part 26 provisions.

The Contractor shall provide electronic copies of subcontract agreements with all Subcontractors by uploading them within 15 calendar days of an executed contract to the ADOT DBE System. Subcontract agreements shall include all required assurances and clauses as outlined in DBE Subcontractor Compliance Assurances refer to the Federal Attachments and Exhibits of the Contract. Each agreement and required attachment shall be dated and signed by the Subcontractor in order for the subcontract to be considered valid.

The Contractor shall be in breach of this Contract if the Contractor materially modifies the federal regulations and State statutes in its subcontract agreements terms and conditions with its Subcontractors. Deviations from the terms of this Contract may result in termination of the Contract, or any other such remedy as deemed appropriate by the Department

16.0 Certification of Final DBE Payments:

DBE participation on the contract is measured by actual payments made to the DBEs. The contractor shall submit the “Certification of Final DBE Payments” form for each DBE firm working on the contract. This form shall be signed by the contractor and the relevant DBE, and submitted to the Engineer no later than 30 days after the DBE completes its work.

The contractor will not be released from the obligations of the contract until the ”Certification of Final DBE Payments” forms are received and deemed acceptable by the Engineer and BECO.

17.0 False, Fraudulent, or Dishonest Conduct:

In addition to any other remedies or actions, the Department will bring to the attention of the US Department of Transportation any appearance of false, fraudulent, or dishonest conduct in connection with the DBE program, so that USDOT can take steps such as referral to the Department of Justice for criminal prosecution, referral to the USDOT Inspector General for possible initiation of suspension and debarment proceedings against the offending parties or application of “Program Fraud and Civil Penalties” rules provided in 49 CFR Part 31.

21. NONDISCRIMINATION

1. During the performance of this Contract, the Consultant, for itself, its Subconsultants, assignees and successors shall:

   a. Not discriminate on the basis of race, color, national origin, or sex and shall carry out applicable requirements of 49 CFR Part 26 in the performance of this Contract. Failure by the Consultant to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract, disqualification from proposing on other Contracts or other remedy as the State deems appropriate.

   b. Comply with Executive Order 2009-09, "Prohibition of Discrimination in Employment by Government Contractors and Subcontractors," which is hereby included in its entirety by reference and considered a part of this Contract.

   c. Comply with the provisions of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented in Department of Labor Regulations (41 CFR Part 60). Said provisions are made applicable by reference and are hereinafter considered a part of this Contract.

   d. Post in conspicuous places available to employees and applicants for employment, the following notice:

      "It is the policy of this company not to discriminate against any employee, or applicant for employment, because of race, color, religion, creed, national origin, sex, age, handicapped, or disabled veterans and Vietnam era veterans. Such actions shall include, but are not limited to: employment, upgrading, demotion, transfer, recruitment, or recruitment advertising; laying- off or termination; rates of pay or other compensation; and selection for training, and on-the- job training. Also, it is the policy to ensure and maintain a working environment free of harassment, intimidation and coercion."

   e. Comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the
      U.S. Department of Transportation (hereinafter USDOT), 49 CFR Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Contract.

   f. Not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or

indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices.

g. In all solicitations either by competitive bidding or negotiations made by the Consultant for work to be performed under a subcontract, including procurement of materials or leases of equipment, notify each potential Subconsultant or supplier of the Consultant's obligations under this Contract and the Regulations relative to nondiscrimination on the ground of race, color, or national origin.

h. Provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the State to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Consultant is in the exclusive possession of another who fails or refuses to furnish this information, the Consultant shall so certify to the State as appropriate, and shall set forth what efforts it has made to obtain the information.

2. In the event of the Consultant's noncompliance with the NONDISCRIMININATION provision (Section A) of this Contract, the State shall impose such Contract sanctions as the State or FHWA may determine to be appropriate, including but not limited to:

   a. Withholding of payments to the Consultant under the Contract until the Consultant complies,

   and/or;

   b. Cancellation, termination, or suspension of the Contract, in whole or in part.

3. The Consultant shall include the provisions of paragraph 1.a. through 1.h. in every subcontract with Subconsultants, DBEs and non-DBEs, including procurement of materials and equipment leases, unless exempt by the Regulations or directives issued pursuant thereto.

4. The Consultant shall take such action with respect to any Subconsultants or procurement as the State or the Federal Aviation Administration (FAA), FHWA and the Federal Transit Administration (FTA) may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the Consultant becomes involved in or is threatened with litigation with a Subconsultant or supplier as a result of such direction, the Consultant may request the State to enter into such litigation to protect the interests of the State, and in addition, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

22. AFFIRMATIVE ACTION

Contractor shall take the following affirmative action steps with respect to securing supplies, equipment, or services under the terms of this contract:

a. Include qualified firms owned by socially and economically disadvantaged individuals on solicitation lists.

b. Assure that firms owned by socially and economically disadvantaged individuals are solicited whenever they are potential sources.

c. When economically feasible, divide total requirements into smaller tasks or quantities so as to permit maximum participation by firms owned by socially and economically disadvantaged individuals.

d. Where the requirement permits, establish delivery schedules which will encourage participation by firms owned by socially and economically disadvantaged individuals.

e. Use the services and assistance of the Small Business Administration, the Office of Minority Business Enterprise of the Department of Commerce, and the Community Services Administration, as required.

23. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

The following clauses apply to any Federal-aid contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed

with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1.) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1.) of this section.

Withholding for unpaid wages and liquidated damages. The FHWA or the contacting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

24. FEDERAL CHANGES

The Contactor and its sub-contractors shall comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between the Department and FTA, as they be amended or promulgated from time to time during the term of the contract. Contractor's failure to comply shall constitute a material breach of the contract.

25. PROMPT PAY

The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contract receives from the Recipient. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractors work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Recipient. This clause applies to both DBE and non-DBE subcontracts.

26. FULL AND OPEN COMPETITION

In accordance with 49 U.S.C. § 5325(h) all procurement transactions shall be

conducted in a manner that provides full and open competition.

27. PROHIBITION AGAINST EXCLUSIONARY OR DISCRIMINATORY SPECIFICATIONS

Apart from inconsistent requirements imposed by Federal statute or regulations, the contractor shall comply with the requirements of 49 USC 5323(h)(2) by refraining from using any FTA assistance to support procurements using exclusionary or discriminatory specifications.

28. CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

29. ACCESS REQUIREMENTS FOR PERSONS WITH DISABILITIES

Contractor shall comply with 49 USC 5301(d), stating Federal policy that the elderly and persons with disabilities have the same rights as other persons to use mass transportation services and facilities and that special efforts shall be made in planning and designing those services and facilities to implement that policy.

Contractor shall also comply with all applicable requirements of Sec. 504 of the Rehabilitation Act (1973), as amended, 29 USC 794, which prohibits discrimination on the basis of handicaps, and the Americans with Disabilities Act of 1990 (ADA), as amended, 42 USC 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments thereto.

30. NOTIFICATION OF FEDERAL PARTICIPATION

To the extent required by law, in the announcement of any third party contract award for goods and services (including construction services) having an aggregate value of $500,000 or more, contractor shall specify the amount of Federal assistance to be used in financing that acquisition of goods and services and to express that amount of Federal assistance as a percentage of the total cost of the third party contract.

31. INTEREST OF MEMBERS OR DELEGATES TO CONGRESS

No members of, or delegates to, the US Congress shall be admitted to any share or part of this contract nor to any benefit arising therefrom.

32. INELIGIBLE CONTRACTORS AND SUBCONTRACTORS

Any name appearing upon the Comptroller General's list of ineligible contractors for federally-assisted contracts shall be ineligible to act as a subcontractor for contractor pursuant to this contract. If contractor is on the Comptroller General's list of ineligible contractors (https://www.sam.gov/SAM/) for federally financed or assisted construction, the recipient shall cancel, terminate or suspend this contract.

33. OTHER CONTRACT REQUIREMENTS

To the extent not inconsistent with the foregoing Federal requirements, this contract shall also include those standard clauses attached hereto, and shall comply with the recipient's Procurement Guidelines, available upon request from the Department.

34. COMPLIANCE WITH FEDERAL REGULATIONS

Any contract entered pursuant to this solicitation shall contain the following provisions: All USDOT- required contractual provisions, as set forth in FTA Circular 4220, are incorporated by reference. Anything to the contrary herein notwithstanding, FTA mandated terms shall control in the event of a conflict with other provisions contained in this Agreement. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any grantee request that would cause the recipient to be in violation of FTA terms and conditions. Contractor shall comply with all applicable FTA regulations, policies, procedures and directives, including, without limitation, those listed directly or incorporated by reference in the Master Agreement between the recipient and FTA, as may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

35. REAL PROPERTY

Any contract entered into shall contain the following provisions: Contractor shall at all times comply with all applicable statutes and USDOT regulations, policies, procedures and directives governing the acquisition, use and disposal of real property, including, but not limited to, 49 CFR 18.31-18.34, 49 CFR 19.30-19.37, 49 CFR Part 24, 49 CFR 5326 as amended by Map-21, 49 CFR part 18 or 19, 49 USC 5334, applicable FTA Circular 5010, and FTA Master Agreement, as they may be amended or promulgated during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

36. ACCESS TO SERVICES FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY

To the extent applicable and except to the extent that FTA determines otherwise in writing, the Recipient agrees to comply with the policies of Executive Order No. 13166, "Improving Access to Services for Persons with Limited English Proficiency," 42 U.S.C. § 2000d 1 note, and with the provisions of U.S. DOT Notice, "DOT Guidance to Recipients on Special Language Services to Limited English Proficient (LEP)

Beneficiaries," 70 Fed. Reg. 74087, December 14, 2005.

37. ENVIROMENTAL JUSTICE

Except as the Federal Government determines otherwise in writing, the Recipient agrees to promote environmental justice by following: (1) Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," February 11, 1994, 42
U.S.C. § 4321 note, as well as facilitating compliance with that Executive Order, and (2) DOT Order 5610.2, "Department of Transportation Actions To Address Environmental Justice in Minority Populations and Low-Income Populations," 62 Fed. Reg. 18377, April 15, 1997, and (3) The most recent and applicable edition of FTA Circular 4703.1, "Environmental Justice Policy Guidance for Federal Transit Administration Recipients," August 15, 2012, to the extent consistent with applicable Federal laws, regulations, and guidance,

38. ENVIRONMENTAL PROTECTIONS

Compliance is required with any applicable Federal laws imposing environmental and resource conservation requirements for the project. Some, but not all, of the major Federal laws that may affect the project include: the National Environmental Policy Act of 1969; the Clean Air Act; the Resource Conservation and Recovery Act; the comprehensive Environmental response, Compensation and Liability Act; as well as environmental provisions with Title 23 U.S.C., and 49 U.C. chapter 53. The U.S. EPA, FHWA and other federal agencies may issue other federal regulations and directives that may affect the project. Compliance is required with any applicable Federal laws and regulations in effect now or that become effective in the future.

39. GEORGRAPHIC INFORMATION RELATED TO SPATIAL DATA

Any project activities involving spatial data or geographic information systems activities financed with Federal assistance are required to be consistent with the National Spatial Data Infrastructure promulgated by the Federal Geographic Data Committee, except to the extent that FTA determines otherwise in writing.

40. GEOGRAPHIC PREFERENCE

Pursuant to 2 CFR 200.319(b), all procurements must be conducted in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract).

41. ORGANIZATIONAL CONFLICTS OF INTEREST

The Recipient agrees that it will not enter into a procurement that involves a real or apparent organizational conflict of interest described as follows:

(1) When It Occurs. An organizational conflict of interest occurs when the Project work, without appropriate restrictions on certain future activities, results in an unfair competitive advantage:

(a) To that Third Party Participant or another Third Party Participant performing the Project work, and
(b) That impairs that Third Party Participant's objectivity in performing the Project work, or

(2) Other. An organizational conflict of interest may involve other situations resulting in fundamentally unfair competitive conditions,

(3) Disclosure Requirements. Consistent with FTA policies, the Recipient must disclose to FTA, and each of its Subrecipients must disclose to the Recipient:

(a) Any instances of organizational conflict of interest, or
(b) Violations of federal criminal law, involving fraud, bribery, or gratuity violations potentially affecting the federal award, and

(4) Failure to Disclose. Failure to make required disclosures can result in remedies for noncompliance, including debarment or suspension.

42. VETRANS PREFERENCE

As provided by 49 U.S.C. § 5325(k), to the extent practicable, the Recipient agrees and assures that each of its Subrecipients:

(1) Will give a hiring preference to veterans, as defined in 5 U.S.C. § 2108, who have the skills and abilities required to perform construction work required under a third party contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53, and
(2) Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

43. CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) IDENTIFICATION NUMBER

The municipal project sponsor is required to identify in its accounts all Federal awards received and expended, and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and name of the pass-through entity.

44. AMERICANS WITH DISABILITIES ACT (ADA)

The contractor agrees to comply with the requirements of 49 U.S.C. § 5301 (d), which states the Federal policy that the elderly and persons with disabilities have the same right as other persons to use mass transportation service and facilities, and that special efforts shall be made in planning and designing those services and facilities to implement that policy. The contractor also agrees to comply with all applicable requirements of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of handicaps, with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments to that Act, and with the Architectural Barriers act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to persons with disabilities, including any subsequent amendments to that Act. In addition, the contractor agrees to comply with any and all applicable requirements issued by the FTA, DOT, DOJ, U.S. GSA, U.S. EEOC, U.S. FCC, any subsequent amendments thereto and any other nondiscrimination statute(s) that may apply to the Project.

45. BYRD ANTI-LOBBYING AMENDMENT

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Agency."

46. NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Agency and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Agency, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

44. BUS TESTING

The operator of the bust testing facility is required to provide the resulting test report to the entity that submits the bus for testing. The manufacturer or dealer of a new bus

model or a bus produced with a major change in component or configuration is required to provide a copy of the corresponding full bus testing report and any applicable partial testing report(s) to the Agency during the point in the procurement process specified by the Agency, but in all cases before final acceptance of the first bus by the Agency. The complete bus testing report requirements are provide in 49 C.F.R. § 665.11.

45. CARGO PREFERENCE REQUIREMENTS

The contractor agrees:

a. to use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;

b. to furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "onboard" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA Recipient (through the contractor in the case of a subcontractor's bill-of-lading.); and

c. to include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

46. E-AWARD AND POST-DELIVERY AUDITS OF ROLLING STOCK PURCHASES

The Contractor agrees to comply with 49 U.S.C. § 5323(m) and FTA's implementing regulation at 49 C.F.R. part 663. The Contractor shall comply with the Buy America certification(s) submitted with its proposal/bid. The Contractor agrees to participate and cooperate in any pre-award and post-delivery audits performed pursuant to 49 C.F.R. part 663 and related FTA guidance.

EXHIBIT 1
Title VI/Non-Discrimination Assurances
Appendix A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, the *Federal Highway Administration,* as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. **Non-discrimination:** The contractor, with regard to the work performance by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and Regulations relative to Non-discrimination on the grounds of race, color, or national origin.

4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the *Federal Highway Administration* to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the *Federal Highway Administration,* as appropriate, and will set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the *Federal Highway Administration* ,may determine to be appropriate, including, but not limited to:

    a. withholding payments to the contractor under the contract until the contractor complies; and/or
    b. cancelling, terminating, or suspending a contract, in whole or in part.

6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with request to any subcontract or procurement as the Recipient or the *Federal Highway Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that **if** the contractor becomes involved in, or is threatened with litigation by a subcontractor or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

EXHIBIT 2
Title VI/Non-Discrimination Assurances
Appendix E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.,* 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin): and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *etseq.),* (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.),* as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.),* (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1687 et. seq).

EXHIBIT 5
PRE-AWARD AUDIT AND CERTIFICATION

Subrecipient		Date / Completed By
Description		
Program/Phase/Amounts		
PRE-AWARD AUDIT (before issuing purchase order)		
Pre-award audit requirements. A recipient purchasing revenue service rolling stock with FTA funds must ensure that a pre-award audit under this part is complete before the recipient enters into a formal contract for the purchase of such rolling stock.		Master Agreement; 49 CFR §663.21
49 CFR 661.13 Grantee Responsibility (a) The grantee shall adhere to the Buy America clause set forth in its grant contract with FTA Section 16. Preference for United States Products and Services. a. Buy America. Domestic preference procurement requirements of: (1) 49 U.S.C. § 5323(j), as amended by FAST Act, and (2) FTA regulations, "Buy America Requirements," 49 C.F.R. part 661, to the extent consistent with FAST Act,		49 CFR §663.13
49 CFR §663.23 Description of pre-award audit. A pre-award audit under this part includes— (a) A Buy America certification as described in §663.25 of this part; (b) A purchaser's requirements certification as described in §663.27 of this part; and (c) Where appropriate, a manufacturer's Federal Motor Vehicle Safety certification information as described in §663.41 or §663.43 of this part.		49 CFR §663.23
Met? Y/N (if NO 1b, 1 REQ'D)	(1) A Buy America certification:	49 CFR §663.25
	a) There is a letter from FTA which grants a waive OR	
Met? Y/N (if NO 1a, 2 REQ'D)	b) ADOT reviewed documentation provided by the manufacturer which lists—	
	1) Component and subcomponent parts of the rolling stock to be purchased identified by manufacturer of the parts, their country of origin and costs; and	
	2) The location of the final assembly point for the rolling stock, including a description of the activities that will take place at the final assembly point and the cost of final assembly.	
Met? Y/N (2 REQ'D)	(2) A purchaser's requirements certification:	49 CFR §663.27
	a) The rolling stock the recipient is contracting for is the same product described in the purchaser's solicitation specification; and	
	b) The proposed manufacturer is a responsible manufacturer with the capability to produce a vehicle that meets the recipient's	
Met? Y/N (1 REQ'D)	(3) A manufacturer's Federal Motor Vehicle Safety certification or Certification that Federal motor vehicle standards do not apply.	
	a) If a vehicle purchased under this part is subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, a recipient shall keep on file its certification that it received, both at the pre-award and post-delivery stage, a copy of the manufacturer's self-certification information that the vehicle complies with relevant Federal Motor Vehicle Safety Standards.	49 CFR §663.41
	a) Except for rolling stock subject to paragraph (b) of this section, if a vehicle purchased under this part is not subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, the recipient shall keep on file its certification that it received a statement to that effect from the manufacturer.	49 CFR §663.43

The Post-Delivery Review Requirements (http://www.fta.dot.gov/legislation_law/12921_5430.html)		
The Post-Delivery Buy America Certification Requirement		
Select basis' (1 REQ'D)	Buy America-Compliant Buses	49 CFR 663(b)
	§663.33 Description of post-delivery audit. A post-delivery audit under this part includes—	
	(a) A post-delivery Buy America certification as described in §663.35 of this part;	
	§663.35 Post-delivery Buy America certification. For purposes of this part, a post-delivery Buy America certification is a certification that the recipient keeps on file that—	
	(a) There is a letter from FTA which grants a waiver to the rolling stock received from the Buy America requirements under sections 165 (b)(1), or (b)(4) of the Surface Transportation Assistance Act of 1982, as amended; **or**	
	(b) The recipient is satisfied that the rolling stock received meets the requirements of section 165 (a) or (b)(3) of the Surface Transportation Assistance Act of 1982, as amended, after having reviewed itself or by means of an audit prepared by someone other than the manufacturer or its agent documentation provided by the manufacturer which lists— (1) Components and subcomponent parts of the rolling stock identified by manufacturer of the parts, their country of origin and costs; and (2) The actual location of the final assembly point for the rolling stock including a description of the activities which took place at the final assembly point and the cost of the final assembly.	
Met? Y/N (3 REQ'D)	(b) A post-delivery purchaser's requirements certification as described in §663.37 of this part; **and**	
	§663.37 Post-delivery purchaser's requirements certification. For purposes of this part, a post-delivery purchaser's requirements certification is a certification that the recipient keeps on file that—	
	(a) Except for procurements covered under paragraph (c) in this section, a resident inspector (other than an agent or employee of the manufacturer) was at the manufacturing site throughout the period of manufacture of the rolling stock to be purchased and monitored and completed a report on the manufacture of such rolling stock. Such a report, at a minimum, shall— (1) Provide accurate records of all vehicle construction activities; and (2) Address how the construction and operation of the vehicles fulfills the contract specifications.	
	(b) After reviewing the report required under paragraph (a) of this section, and visually inspecting and road testing the delivered vehicles, the vehicles meet the contract specifications.	
	(c) For procurements of: (1) Ten or fewer buses; or (2) Procurements of twenty vehicles or fewer serving rural (other than urbanized) areas, or urbanized areas of 200,000 people or fewer; or (3) Any number of primary manufacturer standard production and unmodified vans, after visually inspecting and road testing the vehicles, the vehicles meet the contract specifications.	
Met? Y/N (1 REQ'D)	(c) When appropriate, a manufacturer's Federal Motor Vehicle Safety Standard self-certification information as described in §663.41 **or** §663.43 of this part.	
	§663.41 Certification of compliance with Federal motor vehicle safety standards. If a vehicle purchased under this part is subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, a recipient shall keep on file its certification that it received, both at the pre-award and post-delivery stage, a copy of the manufacturer's self-certification information that the vehicle complies with relevant Federal Motor Vehicle Safety Standards.	
	§663.43 Certification that Federal motor vehicle standards do not apply. (a) Except for rolling stock subject to paragraph (b) of this section, if a vehicle purchased under this part is not subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, the recipient shall keep on file its certification that it received a statement to that effect from the manufacturer. (b) This subpart shall not apply to rolling stock that is not a motor vehicle.

Solicitation Amendment Summary

SOLICITATION NO.: BPM004157	**AMENDMENT NO.: Two (2)**
DESCRIPTION: New Vehicles Purchases	

Pursuant to the Uniform Instructions to Offerors, Item B.6, Solicitation Amendments, the above referenced solicitation shall be amended as follows:

1. **Specifications**
   The following sections are hereby modified to read:

   a. **Paragraph 2.1** "The State of Arizona Department of Transportation (Department) is seeking to contract with a qualified vendor(s) who can provide new vehicles (all fuel types, hybrid, and full electric) including but not limited to: Sedans, Trucks up to 19,500 GVWR, Vans, Sport Utility Vehicles (SUVs), and Crossovers for the State of Arizona and participating Eligible Agencies. These vehicles will be used to support official organizational goals. These vehicles will be used on highways, city/county roads and shall be designed to operate under typical Arizona ambient temperatures."
   b. **Paragraph 3.3.1, 3.5.1 and 3.5.2** is hereby removed.
   c. **Paragraph 4.1**: "The Contractors are encouraged to provide a full line of new vehicles (gasoline, hybrid, full electric) including but not limited to the following categories: Sedans, Trucks up to 19,500 GVWR, Vans (cargo, passenger, transit, etc.), Sport Utility Vehicles (SUVs), and Crossovers. Eligible Agencies throughout the State will have varying vehicle needs. Contractors are to provide a full line of manufactured new vehicles and all subsequent variants of each vehicle; including but not be limited to: models and manufacturer options, trim package, etc. to meet each need of an Eligible Agency."
   d. **Paragraph 4.1.1** is hereby removed.
   e. **Paragraph 4.4.1:"** The Eligible Agency may request the awarded Contractor(s) to up-fit/modify any vehicle for specific organizational needs. For example, the cab and chassis of ½ ton, ¾ ton, and/or up to 19,500 GVW trucks may require a specialized body (i.e.: dump body, landscape body, etc.). Other vehicles may require interior and/or exterior modifications per the individual Eligible Agency. "
   f. **Paragraph 4.6.1**: " Anti-slip differential for two-wheel drive pickup trucks, ¾ ton, up to 19,500 GVW."

2. **Special Terms and Conditions**

   The following sections are hereby modified to read:

   a. Paragraph 11.1, (a-g): "Phase 1 and 2 pricing for vehicles shall be a minimum Percentage off MSRP, less the manufacturer's rebates and any additional discounts available for that model/power-train combination.
      a. Contractor shall provide a copy of manufacturer's invoice to the ordering agency upon request. The manufacturer's invoice shall be unaltered to include original pricing from the manufacturer.

Pursuant to the Uniform Instructions to Offerors, Item B.6, Solicitation Amendments, the above referenced solicitation shall be amended as follows:

1. **Specifications**
   The following sections are hereby modified to read:

   a. **Paragraph 3.5** "For Phase Two (2) vehicles, the Contractor shall supply a quote within five (5) calendar days after receiving a request from the Eligible Agency. The quotation shall include but not be limited to the following information: State contract number, vehicle availability and delivery lead-time, Vehicle Identification Number (VIN), dealer stock number, vehicle base bid price, itemized options, applicable tax, delivery cost, total price, and point of contact. For vehicles requiring up-fit/modifications, all applicable cost may be included in quotation or as a separate quotation."

   b. **Paragraph 3.10**: "For Phase One (1) the Contractor shall provide the Eligible Agency copies of the manufacturer's vehicle identification numbers (VIN#) to confirm vehicles have been ordered unless impossible due to manufacture delay within ninety (90) calendar days after receipt of a purchase order. If confirmation of manufacturer's VIN #(s) is not received within this timeframe the Eligible Agency has the option to award to the second lowest bidder meeting specifications. This shall be considered a mandatory requirement and the timeframe must be met unless there is a manufacture delay. Failure to provide this document for each vehicle ordered may be cause for determination of default of contract."

2. All other terms, conditions and provisions of this solicitation remain unchanged.

Solicitation Amendment Summary

SOLICITATION NO.: BPM004157	**AMENDMENT NO.: Two (2)**
DESCRIPTION: New Vehicles Purchases	

b. Transportation costs to transfer a vehicle from another dealer for a Phase 2 or purchase from stock may be added to the cost of the vehicle. The justification for this cost is at the discretion of the Eligible Agency.
c. Any reference to Phase 1 pricing shall be in reference to vehicles ordered prior to the factory cut-off date.
d. Any reference to Phase 2 pricing shall be in reference to vehicles purchased from stock or "on the lot".
e. Phase 2 pricing shall receive the same cost considerations as Phase 1 pricing, all discounts and rebates should be passed onto the Eligible Agency.

f. All vehicles are to be billed at prices in effect at the time of order, not the date of shipment.

g. Pricing for vehicles shall include all discounts and deductions, less Federal and State taxes. Pricing shall be firm for life of contract unless amended by way of contract change order. "

b. Paragraph 22 is hereby replaced with the following: "The Contractor shall furnish Two (2) Usage reports, the first to the Department on a quarterly basis showing purchasing activity under this contract. This usage report shall be provided in a form substantially equivalent to Exhibit 03. Usage reports shall be submitted to the Procurement Officer no later than 30 days after the end of each quarter.

Usage report quarters shall be defined as follows:

- January through March – Report due April 30
- April through June – Report due July 30
- July through September – Report due October 30
- October through December – Report due January 30

Contractor shall submit the second to the State documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. A *Quarterly Usage Report* shall still be submitted; even if there have been no sales to either Eligible Agencies and/or Co-Op Buyers. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee"

c. Paragraph 25: Co-op administrative fee has hereby been removed.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.C. PW - Cooperative Contract Purchase Addendum with Don Sanderson Ford to purchase light and medium duty vehicles.
DATE PREPARED: 08/29/24	**DISTRICT NO.:**
STAFF LIAISON: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801	
DEPARTMENT: Public Works	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025028) between the City of Buckeye, an Arizona municipal corporation, and Don Sanderson Ford, Inc., an Arizona municipal corporation, for the purchase of light and medium duty vehicles, and authorizing the City Manager to execute and deliver said CCPA on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:
Fleet Management is seeking Council's authorization to enter into the Cooperative Contract Purchase Addendum with Don Sanderson Ford to purchase various light and medium vehicles.

BENEFITS:
The approval of this Cooperative Contract Purchase Addendum will ensure City staff have mechanically sound vehicles to perform daily work assignments for the benefit of the residents of the City of Buckeye. Vehicles that have reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.

FUTURE ACTION:
No further action contemplated.

FINANCIAL IMPACT STATEMENT:
The total amount is not to exceed $500,000.00.

CURRENT FISCAL YEAR TOTAL COST:
$500,000.00 from vehicle replacement and department budgets that have been approved to purchase supplemental vehicles during the FY25 budget process.

BUDGETED:
Yes

FISCAL YEAR:
FY25

FUND/DEPARTMENT:
Various

Items related to a project or facility location must include an attached vicinity map for Council

Review.

COOPERATIVE CONTRACT PURCHASE ADDENDUM (CCPA)
BETWEEN THE CITY OF BUCKEYE
AND
DON SANDERSON FORD, INC.

NEW VEHICLE PURCHASES
CONTRACT NO. 2025028

THIS COOPERATIVE CONTRACT PURCHASE ADDENDUM (this "Addendum") is entered into as of _____ between the City of Buckeye, an Arizona municipal corporation (the "City"), and Don Sanderson Ford., Inc., an Arizona corporation (the "Contractor").

WHEREAS, after a competitive procurement process, which is documented in the Award attached hereto as **Exhibit A** and incorporated herein by reference, State of Arizona Contract entered into Contract No. CTR059316, dated March 17, 2022 with the Contractor (such contract and subsequent amendments thereto here referred to as the "State of Arizona Contract"), which is attached hereto as **Exhibit A** and incorporated herein by reference; and

WHEREAS, the City is permitted by Section 24-3-16 of the City Procurement Code to make purchases via cooperative purchasing pursuant to a cooperative purchasing contract; and

WHEREAS, the Contractor has made a proposal to the City, which is attached hereto as **Exhibit A** and incorporated herein by reference (the "Contract"); and

WHEREAS, the City desires to accept the Proposal and enter into contract with the Contractor under the terms and conditions of the State of Arizona Contract, by issuing this Addendum to said contract.

THEREFORE, the City now enters into this Addendum with Contractor, for the goods and services set forth in State of Arizona Contract, which is attached hereto as **Exhibit A** and incorporated herein by reference. This Addendum incorporates the terms and conditions of the State of Arizona Contract, save that references therein to State of Arizona shall be read to refer to the City of Buckeye. This Addendum shall be effective as of the date set forth below for approval and remain in effect for the remainder of the State of Arizona Contract CTR059316, unless such term is modified or extended pursuant to the terms of the State of Arizona Contract. The Contractor shall provide all goods and services in accordance with the State of Arizona Contract, which is attached hereto as part of **Exhibit A**, in a total amount not to exceed $500,000.00.

FURTHER, this Addendum is subject to cancellation pursuant to ARS §38-511.

FURTHER, to the extent applicable, the Contractor and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees and their compliance with the E-verify requirements under A.R.S. § 23-214(A). The Contractor's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Addendum and may result in the termination of this Addendum by the City. The City retains the

right to inspect the papers of the Contractor's or its subcontractors' employees who perform any work or services pursuant to this Addendum to ensure compliance with these warranties.

FURTHER, to the extent applicable, the Contractor warrants that it is not participating and will not participate in prohibited activity in contravention of A.R.S. § 35-393.01.

FURTHER, to the extent applicable under ARIZ. REV. STAT. § 35-394, Contractor certifies that it does not currently, and agrees for the duration of this Agreement that it will not use (i) the forced labor of ethnic Uyghurs in the Peoples Republic of China ("ethnic Uyghurs"), (ii) any goods or services produced by the forced labor of ethnic Uyghurs, or (iii) any Contractors, subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs. If Contractor becomes aware that it is not in compliance with this paragraph, Contractor shall notify the City of the noncompliance within five (5) business days of becoming aware of it. If Contractor fails to provide a written certification that Contractor has remedied the noncompliance within one hundred eighty (180) days after that, this Agreement shall terminate unless the termination date of this Agreement occurs before the end of the remedy period, in which case this Agreement terminates on the Agreement termination date.

FURTHER, the Parties agree that the Addendum and Exhibits thereto shall be governed by State of Arizona law and suits pertaining to the Addendum and Exhibits thereto may only be brought in courts located in Maricopa County, Arizona.

FURTHER, all modifications, including but not limited to service additions and deletions, will be made in writing and with the written agreement of both parties.

FURTHER, in the event of any inconsistency between this Addendum and **Exhibit A**, the documents shall govern in that order.

CLICKWRAP TERMS EXCLUDED, in the event the Consultant's terms of sale or service were provided to the City only upon "acceptance" of a "clickwrap" or "clickthrough" agreement, such terms of sale or service shall not be binding upon the City. No oral agreement, "clickwrap" or "clickthrough" agreement or other understanding shall in any way modify a City issued or approved contract or the terms of this Cooperative Contract Purchase Addendum (CCPA).

THEREFORE, the Parties have executed this Addendum as of the date first set forth above.

Contract Amendment Summary

CONTRACTOR: Don Sanderson Ford	**AMENDMENT NO.: Two (2)**
DESCRIPTION: CTR059316 - New Vehicles Purchases	

Pursuant to the Uniform Terms and Conditions, Section 5, Contract Changes, the above referenced contract is amended. Summary of changes is as follows:

1. Amendment Two (2) to mutually extend this contract from March 17, 2024 through March 16, 2025 unless terminated, canceled or extended as otherwise provided in the contract.

2. The executed SPO205 Forced Labor of Ethnic Uyghurs Ban form is hereby included with this amendment.

3. All other terms, conditions and provisions of this contract remain unchanged.

ADOT
Procurement

FORCED LABOR OF ETHNIC UYGHURS BAN

Forced Labor of Ethnic Uyghurs Ban

Please note that if any of the following apply to the Contractor, then the Offeror shall select the "Exempt Contractor" option below:

- Contractor is a sole proprietorship;
- Contractor has fewer than ten (10) employees; OR
- Contractor is a non-profit organization.

Pursuant to A.R.S. § 35-394, the State of Arizona prohibits a public entity from entering into or renewing a contract with a company unless the contract includes written certification that the company does not use the forced labor, or any goods or services produced by the forced labor, of ethnic Uyghurs in the People's Republic of China.

Under A.R.S. §35-394:

1. "Company" means an organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company or other entity or business association, including a wholly owned subsidiary, majority-owned subsidiary, parent company or affiliate, that engages in for-profit activity and that has ten or more full-time employees.

2. "Public entity" means this State, a political subdivision of this State or an agency, board, commission or department of this State or a political subdivision of this State.

In compliance with A.R.S. §§ 35-394 et seq., all offerors must select one of the following:

☒	The Company submitting this Offer does not use, and agrees not to use during the term of the contract, any of the following: • Forced labor of ethnic Uyghurs in the People's Republic of China; • Any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; or • Any Contractors, Subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.
☐	The Company submitting this Offer **does** participate in use of Forced Uyghurs Labor as described in A.R.S. § 35-394.
☐	**Exempt Contractor.** Indicate which of the following statements applies to this Contractor (may be more than one): ☐ Contractor is a sole proprietorship; ☐ Contractor has fewer than ten (10) employees; and/or ☐ Contractor is a non-profit organization.

1. Statement of Need

1.1. Pursuant to the Arizona Procurement Code, A.R.S. §41-2501 et seq., the State of Arizona Department of Transportation (Department), has a requirement for New Vehicle Purchase.

2. Introduction and Background

2.1 The State of Arizona Department of Transportation (Department) is seeking to contract with a qualified vendor(s) who can provide new vehicles (all fuel types, hybrid, and full electric) including but not limited to: Sedans, Trucks up to 19,500 GVWR, Vans, Sport Utility Vehicles (SUVs), and Crossovers for the State of Arizona and participating Eligible Agencies. These vehicles will be used to support official organizational goals. These vehicles will be used on highways, city/county roads and shall be designed to operate under typical Arizona ambient temperatures.

2.2 Background: The State and its Eligible Agencies currently spend an estimated twenty-one million dollars in the purchase of new vehicles annually.

2.3 The following are the Three Categories covered in this Scope of Work:

- **Category One: Phase One (1) Vehicle Purchases**
- **Category Two: Phase Two (2) Vehicle Purchases**
- **Category Three: FTA Funded Vehicles**

3 General Requirements

3.1 Vehicles shall be new and supplied with all equipment and accessories indicated as standard equipment in the manufacturer's published literature (or website). Optional equipment necessary to meet the minimum requirements shall be included.

3.2 All vehicles ordered through Phase 1 (off the line) shall be Manufacturer's current year models in production throughout the term of this contract and shall be serviced completely by the vendor before delivery and ready in all respects for use. For the initial contract period; vehicles shall be new model year 2022 or greater.

3.3 Vehicles ordered through Phase 2 (on the lot) shall have less than 100 original odometer miles and be new (have never been previously owned) unless pre-approved in writing by the Eligible Agency.

3.4 All vehicles shall meet requirements of applicable Arizona Motor Vehicle laws and all other applicable Federal Motor Vehicle Safety Standards (including the Federal Bridge Formula), whether or not such requirements are specified in detail.

3.5 For Phase Two (2) vehicles, the Contractor shall supply a quote within five (5) calendar days after receiving a request from the Eligible Agency. The quotation shall include but not be limited to the following information: State contract number, vehicle availability and delivery lead-time, Vehicle Identification Number (VIN), dealer stock number, vehicle base bid price, itemized options, applicable tax, delivery cost, total price, and point of contact. For vehicles requiring up-fit/modifications, all applicable cost may be included in quotation or as a separate quotation.

3.6 Delivery location shall be identified on the issuing agency purchase order. Deliveries shall be made within 120 days of receipt of purchase orders, unless factory delays make this impossible. Dealer shall notify the ordering agency of such delays along with a revised delivery estimate from the factory immediately after it becomes known. If the manufacturer has a website available to check order status, this information will be shown in space provided on Offer Response Form.

3.7 All deliveries shall be made Monday through Friday from 8:00 A.M. to 2:00 P.M. The Contractor shall be required to give the using agency a minimum of 24-hour notification prior to delivery with the anticipated time of delivery and number of units to be delivered.

3.8 All vehicles shall be delivered with four (4) entrance tools and a full tank(s) of fuel, less delivery fuel.

3.9 The following documents shall be provided upon delivery of the vehicle(s):

3.9.1 M.S.O. (Manufacturer Statement of Origin) that includes the odometer statement
3.9.2 Warranty Document
3.9.3 Manufacturers unaltered invoice
3.9.4 Delayed warranty / in service start request form (if requested by ordering entity)
3.9.5 Level 1 Inspection if applicable, completed before delivery

3.10 For Phase One (1) the Contractor shall provide the Eligible Agency copies of the manufacturer's vehicle identification numbers (VIN#) to confirm vehicles have been ordered unless impossible due to manufacture delay within ninety (90) calendar days after receipt of a purchase order. If confirmation of manufacturer's VIN #(s) is not received within this timeframe the Eligible Agency has the option to award to the second lowest bidder meeting specifications. This shall be considered a mandatory requirement and the timeframe must be met unless there is a manufacture delay. Failure to provide this document for each vehicle ordered may be cause for determination of default of contract.

4 Specific Requirements

4.1 The Contractors are encouraged to provide a full line of new vehicles (gasoline, hybrid, full electric) including but not limited to the following categories: Sedans, Trucks up to 19,500 GVWR, Vans (cargo, passenger, transit, etc.), Sport Utility Vehicles (SUVs), and Crossovers. Eligible Agencies throughout the State will have varying vehicle needs. Contractors are to provide a full line of manufactured new vehicles and all subsequent variants of each vehicle; including but not be limited to: models and manufacturer options, trim package, etc. to meet each need of an Eligible Agency.

4.2 As new model year vehicles become available, vendor shall submit pricing at either the same rate as the previous model, or submit a request for an increase or decrease based only on the manufacturer's increase or decrease. Documentation must be submitted to the Procurement Officer within 30 days of the effective date of change. New model year vehicles cannot be offered without approval from the Procurement Officer.

4.3 The following fuel types are allowable under this contract are to include but are not limited too.

4.3.1 Flexible Fuel Vehicles (FFV) also called Ethanol or E85
4.3.2 Diesel

4.3.3 Gasoline
4.3.4 Compressed Natural Gas (CNG): CNG systems must be O.E.M. or O.E.M. approved
4.3.5 Hybrid-Electric Vehicles (HEV)
4.3.6 Plug-in Hybrid Electric Vehicles (PHEV)
4.3.7 Electric Vehicles (EV) also called Battery Electric Vehicles (BEV)
4.3.8 Fuel Cell Vehicles (FCV)

4.4 Vehicle Up-fit / Modifications

4.4.1 The Eligible Agency may request the awarded Contractor(s) to up-fit/modify any vehicle for specific organizational needs. For example, the cab and chassis of ½ ton, ¾ ton, and/or up to 19,500 GVW trucks may require a specialized body (i.e.: dump body, landscape body, etc.). Other vehicles may require interior and/or exterior modifications per the individual Eligible Agency.

4.4.2 The Eligible Agency will supply all up-fit/modification requests to the Contractor. The Contractor shall identify any conditions that apply to the up-fit/modification on a quotation to the Eligible Agency for review before any work commences.

4.5 Minimum Vehicle Requirements: All prices shall include the following equipment:

4.5.1 All standard factory equipment

4.5.2 Automatic transmission [maximum towing/payload capacity shall be provided upon request)

4.5.3 Bluetooth capabilities

4.5.4 AM/FM radio

4.5.5 Cruise Control

4.5.6 Power Door Locks/Power Windows
4.5.7 Power Mirrors when available

4.5.8 Four (4) entrance tools (in any combination allowed; keyless entry remotes, integrated or smart keys, standard cut keys) per vehicle.
a. Type of keys to be provided shall be indicated on quote.

4.5.9 Air conditioning
a. Rear air conditioning on all vehicles, when available

4.5.10 Cloth seats

4.5.11 Rear view mirrors including on driver and passenger doors
a. FOR TRUCKS: Rear view mirrors on driver front and passenger front doors, largest available without upgrading vehicle options package.
b. Back up Camera

4.5.12 Spare tire
a. Full size standard steel wheel with matching Original Equipment Manufacturer spare tire identical to standard equipment with the trim level of the delivered vehicle.
b. If full spare is not available due to space or manufacturer standards, an alternative shall be provided and noted on quote provided.

4.5.13 Floor Mats

a. O.E.M. floor mat sets installed in all seating rows where the vehicle comes with carpeted floors.

b. Fixed driver floor mat

4.5.14 Arizona legal tinted glass

4.5.15 Minimum of 2 USB charging Ports

4.6 Specific Requirements for Trucks (when available)

4.6.1 Anti-slip differential for two-wheel drive pickup trucks, ¾ ton, up to 19,500 GVW.

4.6.2 Skid plate package and anti-slip differential for four-wheel drive vehicles

4.6.3 Front tow hooks

5 Contractor's Responsibilities

Contractor shall be responsible for processing the registration, licensing, title and plating of all new vehicles ordered only if requested by the Eligible Agency.

6 Department's Responsibilities

The Eligible Agencies will provide final acceptance and approval of any equipment and services delivered

1. CONTRACT TERM

The term of any resultant contract shall commence on the effective day of award and shall continue for a period of twelve months (12) thereafter, unless terminated, cancelled or extended as otherwise provided herein.

2. CONTRACT EXTENSION

By mutual written contract amendment, any resultant contract may be extended for supplemental periods of up to a maximum of forty-eight (48) months.

3. ELIGIBLE AGENCIES

This contract shall be for the use of all State of Arizona departments, agencies and boards. In addition, eligible universities, political subdivisions and nonprofit educational or public health institutions may participate at their discretion. In order to participate in any resultant contract, a university, political subdivision or nonprofit educational or public health institution must have entered into a cooperative purchasing agreement with the State Procurement Office as required by Arizona Revised Statutes §41-2632.

4. NON-EXCLUSIVE CONTRACT

This contract shall be for the sole convenience of the Department. The Department reserves the right to obtain like goods or services from another source when necessary. The Off-Contract Purchase Authorization and subsequent procurement shall be consistent with the Arizona Procurement Code.

5. ORDERING PROCESS

The Department shall issue a purchase order to the Contractor. Each purchase order must cite the contract number. This purchase order shall be the only document required for the Department to order and the Contractor to deliver the material and/or service.

Any attempts to represent any material and/or service not specifically awarded as being under contract is a breach of the contract and a violation of the Arizona Procurement Code. Any such action is subject to the legal and contractual remedies available to the State inclusive of but not limited to contract cancellation, suspension and/or debarment of the Contractor.

6. SHIPPING TERMS

Delivery shall be F.O.B. Destination to the location designated herein. Contractor shall retain title and control of all goods until they are delivered. All risk of transportation and related charges shall be the responsibility of the Contractor. All claims for visible or concealed damage shall be filed by the Contractor. The Department will notify the Contractor promptly of any damaged goods and shall assist the Contractor in arranging for inspection.

7. DELIVERY

Contract prices shown for each vehicle include delivery cost within a sixty (60) mile radius of Phoenix.

For the purpose of this contract, the address used for mapping the radius within Phoenix will be as follows:

Equipment services shop/ADOT
2225 S 22nd Ave, Phoenix, AZ 85009

Delivery costs for each county outside of the Phoenix area shall be indicated on Offer Response form.

This will be an added cost to the contract price.

Deliveries shall be completed In accordance with the requirements of the contract.
Delivery of the product does not constitute acceptance.

8. INSPECTION AND ACCEPTANCE

Each item delivered shall be subject to a complete inspection by the Department within 10 days after delivery. Inspection criteria shall include, but not be limited to, conformity to the specifications, workmanship, quality and materials.

If the delivered product is not accepted and returned for corrective action, an additional fifteen (15) calendar days shall be allowed for inspection of the corrected or replacement product.

The Contractor shall be responsible for the transport of the material to and from the Department for the correction of items or workmanship not in compliance with the specifications.

Product returned for corrective action may delay payment. Invoices will be processed for payment only after the product is accepted.

9. INVOICING and PAYMENT

Contractor shall submit all billing notices or invoices to the Eligible Agency or Co-Op Buyer at the address Indicated on the applicable Order document.

Separate invoices are required for each shipment of product or delivery of service and shall include at a minimum:

- Department Location's Name and Address
- Vendor Name, Remit to Address and Contact Information
- Contract Number
- Purchase Order Number
- Invoice Number and Date
- Date the items were shipped to the Department
- Applicable payment terms
- Contract Line Item Number
- Line Item Description or Item or Service
- Quantity Purchased

- Line Item Unit of Measure
- Price per Unit and Total per Unit
- Catalog or Other Discount (if applicable)
- Net Unit Price and Total per Unit (if applicable)
- Applicable taxes (as a separate invoice line item)
- Applicable Shipping/Freight Charges etc. (as a separate invoice line item) Materials only.
- Total Invoice Amount Due

Invoices not sent to the proper address, or not containing the necessary and required information may delay payment. A Contractor whose payments are delayed due to improper invoicing shall make no claim against the Department or the State for late or finance charges.

The Department will make every effort to process payment for the purchase of product within thirty (30) calendar days after the Department has conducted the necessary reviews, inspections and acceptance as described herein.

The department acceptance date will be the valid date for starting the thirty (30) calendar day payment period.

Payment due dates, including discount periods, will be computed from the date of acceptance or date of correct invoice (whichever is later) to the date the Department's warrant is mailed.

10. ESTIMATED USAGE

The Department anticipates considerable usage under this contract. The Department reserves the right to increase or decrease actual quantities ordered as circumstances may require. No guarantees are made concerning actual purchases under this contract.

11. PRICING

1 Phase 1 and 2 pricing for vehicles shall be a minimum Percentage off MSRP, less the manufacturer's rebates and any additional discounts available for that model/power-train combination.

a. Contractor shall provide a copy of manufacturer's invoice to the ordering agency upon request. The manufacturer's invoice shall be unaltered to include original pricing from the manufacturer.
b. Transportation costs to transfer a vehicle from another dealer for a Phase 2 or purchase from stock may be added to the cost of the vehicle. The justification for this cost is at the discretion of the Eligible Agency.
c. Any reference to Phase 1 pricing shall be in reference to vehicles ordered prior to the factory cut-off date.
d. Any reference to Phase 2 pricing shall be in reference to vehicles purchased from stock or "on the lot".
e. Phase 2 pricing shall receive the same cost considerations as Phase 1 pricing, all discounts and rebates should be passed onto the Eligible Agency.
f. All vehicles are to be billed at prices in effect at the time of order, not the date of shipment.

g. Pricing for vehicles shall include all discounts and deductions, less Federal and State taxes. Pricing shall be firm for life of contract unless amended by way of contract change order.

2 CONTRACTOR'S BEST PRICING: Supplier warrants that, for the term of the Contract, the prices and discounts set out in the Pricing Documents, including any subsequent agreed amendment to it (the "Contract Pricing"), will be equal to or better than the lowest prices and largest discounts, both separately and in combination, at which Contractor sells equivalent items of equipment and materials.

2.1 That price-plus-discount equivalence ("Contractor's Best Pricing") is intended to be irrespective of whether or not those other sales have special purchase terms, conditions, rebates or allowances.

2.2 If Contractor's Best Pricing for equivalent items of equipment and materials is better than the Contract Pricing, then Contractor agrees to adjust the Contract Pricing to match the Contractor's Best Pricing for all sales related to the Contractor made after the date when the Contractor's Best Pricing was first better than the Contract Pricing.

2.3 For clarification of intent, that date is intended to be the date when the difference first occurred, which might have been before the difference was first identified. If it was before, then Supplier agrees to charge at less than the Contract Pricing until the extended difference that would have been realized (i.e., if the Contractor's Best Pricing had been applied when it should have been) has been settled.

3 PRICING-ALL-INCLUSIVE: Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's offer as accepted by State. Details of service not explicitly stated in the Scope of Work or in Contractor's Offer, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the Contract are included in the pricing provided.

4 LARGE VOLUME DISCOUNT PRICING: An Eligible Agency may seek to obtain additional volume discount pricing for large orders provided Contractor is willing to offer additional discounts for large volume orders. No amendment to this Contract is necessary for Contractor to offer discount pricing to an Eligible Agency for large volume purchases.

5 A price reduction adjustment may be offered at any time during the term of a contract and shall become effective upon notice through a written contract amendment.

12. PRICE INCREASE

The Department will review **fully documented** requests for price increases for any contract which will or has been in effect for twelve (12) months. The request shall be submitted no less than 60 days prior to the contract renewal date. The Contractor shall provide fully documented information which supports the price increase request. Fully documented means that the request shall present detailed information and calculations that make it clear how the claimed increase has an impact on the contract unit prices. All assumptions regarding cost factors that have an impact on the requested increase shall also be

clearly identified and justified. The requested price increase must be based upon a cost increase that was clearly unpredictable at the time of the offer and can be shown to directly affect the price of the item concerned. Any price increase adjustment request prior to the time of contract extension will be a factor in the extension review process. The Department will determine whether the requested price increase or an alternate option, is in the best interest of the State. All pricing should reflect the minimum percentage of MSRP.

13. SAFETY STANDARDS

Items supplied under this contract shall comply with all current applicable safety standards and regulations including the Occupational Safety and Health Standards of the State of Arizona Industrial Commission, the National Electric Code and the National Fire Protection Association Standards.

14. WARRANTY

The Contractor warrants:

1. That all services performed hereunder shall conform to the requirements of this contract and shall be performed by qualified personnel in accordance with the highest professional standards.

2 At a minimum all equipment supplied under these specifications shall be fully warranted by the vehicle manufacturer against mechanical and electrical defects for a minimum period of thirty-six (36) months from the date vehicle is placed in service.

3 This warranty shall cover such items as actual repair labor, parts, and shipping charges to and from the nearest service facility or other designated repair depot.

4 Any defects of design, workmanship or material, shall be fully corrected by the vendor without cost to the state agency or political subdivision.

5 The written warranty shall be included with the delivered vehicles to the Eligible Agency. The warranty terms shall be stated on Attachment 3-A, where indicated. Failure to provide this general information may result in the offer being rejected.

6 Hybrid / Electric Vehicle Warranty: Hybrid-related components including catalytic convertor, electronic control unit, onboard emissions diagnostic device, high voltage battery, transmission, DC/DC convertor for hybrid vehicles shall be covered for 8 years/100,000 miles, battery for electric vehicles shall be 8/years/100,000 miles and bidder shall indicate limitation of warranty due to voltage and amps. The warranty terms shall be stated where indicated on Attachment 3-A. Failure to provide this general information may result in the bid being rejected.

15. CURRENT PRODUCTS

All products supplied under this contract shall be in current and ongoing production; shall have been formally announced for general marketing purposes; shall be a model or type currently functioning in a user (paying customer) environment and capable of meeting or exceeding all specifications and requirements set forth in the contract.

16. PRODUCT DISCONTINUANCE

In the event that a product or model is discontinued by the manufacturer, the Department at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request authorization to substitute a new product or model and provide the following:

1. A formal announcement from the manufacturer that the product or model has been discontinued.

2. Documentation from the manufacturer that names the replacement product or model.

3. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation.

4. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model.

5. Documentation confirming that the price for the replacement is the same as or less than the discontinued product or model.

17. CONTRACT ADMINISTRATION

The Contractor shall contact the assigned Procurement Officer for guidance or direction in matters of contract interpretation or questions regarding the terms, conditions or scope of the contract.

18. NOTICES

All notices, requests, demands, consents, approvals, and other communications which may or are required to be served or given hereunder (for the purposes of this provisions collectively called "Notices"), shall be in writing and shall be sent by certified United States mail, return receipt requested, or by any other method that provides evidence of receipt, addressed to the party or parties to receive such notice as follows:

A. If intended for the State, to:

Arizona Department of Transportation, Procurement Group
1739 W. Jackson Street, MD 100P
Phoenix, Arizona 85007-3276

B. If intended for the Contractor, to the address as identified in the Contractor's electronic vendor profile. Or to such other address as either party may from time to time furnish in writing to the other by notice hereunder. Any notice so mailed shall be deemed to have been given as of the date such notice is received as shown on the return receipt. Furthermore, such notice may be given by delivering personally such notice, if intended for the State, to the Arizona Department of Transportation, Procurement Officer and, if intended for the Contractor, to the person named on the Offer & Contract Award of this contract, or to such other person as either party may from time to time furnish in writing to the other by notice hereunder. Any notice so delivered shall be deemed to have been given as of the date such notice is personally delivered to the other party.

19. CANCELLATION FOR POSSESSION OF WEAPONS ON ADOT PROPERTY

This contract may be cancelled if Contractor or any subcontractors or others in the employ or under the supervision of the Contractor or subcontractors is found to be in possession of weapons.

Possession of weapons (firearms, explosive device, knife or blade of more than three inches, or any other instrument designed for lethal or disabling use) is prohibited on ADOT property.

Further, if the Contractor or any subcontractors or others in the employ or under the supervision of the Contractors or subcontractors are asked by an ADOT official to leave the ADOT property, they are advised that failure to comply with such a request shall result in cancellation of the contract and anyone who refuses, whether armed or not, is subject to prosecution under A.R.S. § 13-1502, "Criminal trespass in the third degree; classification."

20. INDEMNIFICATION CLAUSE

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the contractor or sub-contractor(s) is/are an agency, board, commission or university of the State of Arizona.

21. INSURANCE REQUIREMENTS

21.1 Contractor and subcontractors shall procure and maintain, until all of their obligations have been discharged, including any warranty periods under this Contract, insurance against claims for injury to persons or damage to property arising from, or in connection with, the performance of the work hereunder by the Contractor, its agents, representatives, employees or subcontractors.

21.2 The Insurance Requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State of Arizona in no way

warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this Contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

21.3 Minimum Scope and Limits of Insurance Contractor shall provide coverage with limits of liability not less than those stated below.

21.3.1 Commercial General Liability (CGL) – Occurrence Form

The Contractor shall furnish Certificate(s) of Insurance inclusive of the following requirements to the Department. Certificate(s) shall be received within 10 calendar days of notification of contract award by the Procurement Officer.

Policy shall include bodily injury, property damage, and broad form

contractual liability coverage.

- General Aggregate $2,000,000
- Products – Completed Operations Aggregate $1,000,000
- Personal and Advertising Injury $1,000,000
- Damage to Rented Premises $50,000
- Each Occurrence $1,000,000

a. The policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

b. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

21.3.2 Business Automobile Liability

Bodily Injury and Property Damage for any owned, hired, and/or non-owned automobiles used in the performance of this Contract.

- Combined Single Limit (CSL) $1,000,000

a. Policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by, or on behalf of, the Contractor involving

automobiles owned, hired and/or non-owned by the Contractor.

b. Policy shall contain a waiver of subrogation endorsement as required by this written agreement in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

21.3.3 Workers' Compensation and Employers' Liability

• Workers' Compensation	Statutory
• Employers' Liability	
o Each Accident	$1,000,000
o Disease – Each Employee	$1,000,000
o Disease – Policy Limit	$1,000,000

a. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

b. This requirement shall not apply to each Contractor or subcontractor that is exempt under A.R.S. § 23-901, and when such Contractor or subcontractor executes the appropriate waiver form (Sole Proprietor or Independent Contractor).

21.4 Additional Insurance Requirements The policies shall include, or be endorsed to include, as required by this written agreement, the following provisions:

21.4.1 The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the Department, its agents, officials, employees or the State of Arizona shall be excess and not contributory insurance, as provided by A.R.S. § 41-621 (E).

21.4.2 Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this Contract.

21.5 Notice of Cancellation Applicable to all insurance policies required within the Insurance Requirements of this Contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the State of Arizona. Within two (2) business days of receipt, Contractor must provide notice to the State of Arizona if they receive notice of a policy that has been or will be suspended, canceled, materially changed for any reason, has expired, or will be expiring. Such notice shall be sent directly to the Department and shall be mailed, emailed, hand delivered or sent by facsimile transmission to (State Representative's Name, Address & Fax Number).

21.6 Acceptability of Insurers Contractor's insurance shall be placed with companies licensed in the State of Arizona or hold approved non-admitted status on the Arizona Department of Insurance List of Qualified Unauthorized Insurers. Insurers shall have an "A.M. Best" rating of

not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

21.7 Verification of Coverage Contractor shall furnish the State of Arizona with certificates of insurance (valid ACORD form or equivalent approved by the State of Arizona) evidencing that Contractor has the insurance as required by this Contract. An authorized representative of the insurer shall sign the certificates.

21.7.1 All such certificates of insurance and policy endorsements must be received by the State before work commences. The State's receipt of any certificates of insurance or policy endorsements that do not comply with this written agreement shall not waive or otherwise affect the requirements of this agreement.

21.7.2 Each insurance policy required by this Contract must be in effect at, or prior to, commencement of work under this Contract. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of contract.

21.7.3 All certificates required by this Contract shall be sent directly to the Department. The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete copies of all insurance policies required by this Contract at any time.

21.8 Subcontractors Contractor's certificate(s) shall include all subcontractors as insureds under its policies or Contractor shall be responsible for ensuring and/or verifying that all subcontractors have valid and collectable insurance as evidenced by the certificates of insurance and endorsements for each subcontractor. All coverages for subcontractors shall be subject to the minimum Insurance Requirements identified above. The Department reserves the right to require, at any time throughout the life of the Contract, proof from the Contractor that its subcontractors have the required coverage.

21.9 Approval and Modifications the Contracting Agency, in consultation with State Risk, reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal Contract amendment but may be made by administrative action.

21.10 Exceptions In the event the Contractor or subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a certificate of self-insurance. If the Contractor or subcontractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

22. USAGE REPORT

The Contractor shall furnish Two (2) Usage reports, the first to the Department on a quarterly basis showing purchasing activity under this contract. This usage report shall be provided in a form substantially equivalent to Exhibit 03. Usage reports shall be submitted to the Procurement Officer no later than 30 days after the end of each quarter.

Usage report quarters shall be defined as follows:

- January through March – Report due April 30
- April through June – Report due July 30
- July through September – Report due October 30
- October through December – Report due January 30

Contractor shall submit the second to the State documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. A *Quarterly Usage Report* shall still be submitted; even if there have been no sales to either Eligible Agencies and/or Co-Op Buyers. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee

23. CONTRACT ORDER OF PRECEDENCE

In the event of a conflict in the provisions of the Contract, as accepted by the Department and as they may be amended, the following shall prevail in the order set forth below:

- Federal Provisions
- Special Terms and Conditions
- Uniform Terms and Conditions
- Statement or Scope of Work
- Specifications
- Attachments
- Exhibits
- Special Instructions to Offerors
- Uniform Instructions to Offerors
- Other documents referenced or included in the Solicitation

24. LICENSES, PERMITS, CERTIFICATIONS

Contractor, at their expense, shall maintain in current status without any violations, complaints, or suspensions during the term of this contract all Federal, State and Local licenses, permits and certifications required for the operation of a business conducted by the Contractor.

25. CO-OP USAGE

Contractor shall verify if an ordering entity is a bona fide Co-Op Buyer before selling Materials to or providing Services for them under the Contract. The current list of Co-Op Buyers is available on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee

Contractor shall sell to Co-Op Buyers at the same price, and with the same lead times and other terms and conditions under which it sells to Eligible Agencies. With the sole exception of any legitimate additional costs for extraordinary shipping, or delivery requirements, if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).

Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each buyer's instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State's part, since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor's obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor's refusal to do so would be a material breach of the Contract.

26. POST AWARD MEETING

At the discretion of the Department, the Contractor, at their expense, shall attend and participate in post award meetings as scheduled by the Procurement Officer.

1. Definition of Terms

As used in this Solicitation and any resulting Contract, the terms listed below are defined as follows:

1.1. *"Attachment"* means any item the Solicitation requires the Offeror to submit as part of the Offer.

1.2. *"Contract"* means the combination of the Solicitation, including the Uniform and Special Instructions to Offerors, the Uniform and Special Terms and Conditions, and the Specifications and Statement or Scope of Work; the Offer and any Best and Final Offers; and any Solicitation Amendments or Contract Amendments.

1.3. "*Contract Amendment*" means a written document signed by the Procurement Officer that is issued for the purpose of making changes in the Contract.

1.4. *"Contractor"* means any person who has a Contract with the State.

1.5. *"Days"* means calendar days unless otherwise specified.

1.6. *"Exhibit"* means any item labeled as an Exhibit in the Solicitation or placed in the Exhibits section of the Solicitation.

1.7. *"Gratuity"* means a payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is received.

1.8. "*Materials"* means all property, including equipment, supplies, printing, insurance and leases of property but does not include land, a permanent interest in land or real property or leasing space.

1.9. *"Procurement Officer"* means the person, or his or her designee, duly authorized by the State to enter into and administer Contracts and make written determinations with respect to the Contract.

1.10. *"Services"* means the furnishing of labor, time or effort by a contractor or subcontractor which does not involve the delivery of a specific end product other than required reports and performance, but does not include employment agreements or collective bargaining agreements.

1.11. *"Subcontract"* means any Contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or any service required for the performance of the Contract.

1.12. *"State"* means the State of Arizona and Department or Agency of the State that executes the Contract.

1.13. *"State Fiscal Year"* means the period beginning with July 1 and ending June 30.

2. Contract Interpretation

2.1. Arizona Law. The Arizona law applies to this Contract including, where applicable, the Uniform Commercial Code as adopted by the State of Arizona and the Arizona

Procurement Code, Arizona Revised Statutes (A.R.S.) Title 41, Chapter 23, and its implementing rules, Arizona Administrative Code (A.A.C.) Title 2, Chapter 7.

2.2. Implied Contract Terms. Each provision of law and any terms required by law to be in this Contract are a part of this Contract as if fully stated in it.

2.3. Contract Order of Precedence. In the event of a conflict in the provisions of the Contract, as accepted by the State and as they may be amended, the following shall prevail in the order set forth below:

- Federal Provisions
- Special Terms and Conditions
- Uniform Terms and Conditions
- Statement or Scope of Work
- Specifications
- Attachments
- Exhibits
- Special Instructions to Offerors
- Uniform Instructions to Offerors
- Other documents referenced or included in the Solicitation

2.4. Relationship of Parties. The Contractor under this Contract is an independent Contractor. Neither party to this Contract shall be deemed to be the employee or agent of the other party to the Contract.

2.5. Severability. The provisions of this Contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the Contract.

2.6. No Parole Evidence. This Contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any terms used in this document and no other understanding either oral or in writing shall be binding.

2.7. No Waiver. Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

3. Contract Administration and Operation

3.1. Records. Under A.R.S. § 35-214 and § 35-215, the Contractor shall retain and shall contractually require each subcontractor to retain all data and other "records" relating to the acquisition and performance of the Contract for a period of five years after the completion of the Contract. All records shall be subject to inspection and audit by the State at reasonable times. Upon request, the Contractor shall produce a legible copy of any or all such records.

3.2. Non-Discrimination. The Contractor shall comply with State Executive Order No. 2009-09 and all other applicable Federal and State laws, rules and regulations, including the Americans with Disabilities Act.

3.3. Audit. Pursuant to ARS § 35-214, at any time during the term of this Contract and five (5) years thereafter, the Contractor's or any subcontractor's books and records shall be subject to audit by the State and, where applicable, the Federal Government, to the extent that the books and records relate to the performance of the Contract or Subcontract.

3.4. Facilities Inspection and Materials Testing. The Contractor agrees to permit access to its facilities, subcontractor facilities and the Contractor's processes or services, at reasonable times for inspection of the facilities or materials covered under this Contract. The State shall also have the right to test, at its own cost, the materials to be supplied under this Contract. Neither inspection of the Contractor's facilities nor materials testing shall constitute final acceptance of the materials or services. If the State determines non-compliance of the materials, the Contractor shall be responsible for the payment of all costs incurred by the State for testing and inspection.

3.5. Notices. Notices to the Contractor required by this Contract shall be made by the State to the person indicated on the Offer and Acceptance form submitted by the Contractor unless otherwise stated in the Contract. Notices to the State required by the Contract shall be made by the Contractor to the Solicitation Contact Person indicated on the Solicitation cover sheet, unless otherwise stated in the Contract. An authorized Procurement Officer and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the Contract shall not be necessary.

3.6. Advertising, Publishing and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this Contract without the prior written approval of the Procurement Officer.

3.7. Property of the State. Any materials, including reports, computer programs and other deliverables, created under this Contract are the sole property of the State. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of the State.

3.8. Ownership of Intellectual Property. Any and all intellectual property, including but not limited to copyright, invention, trademark, trade name, service mark, and/or trade secrets created or conceived pursuant to or as a result of this contract and any related subcontract ("Intellectual Property"), shall be work made for hire and the State shall be considered the creator of such Intellectual Property. The agency, department, division, board or commission of the State of Arizona requesting the issuance of this contract shall own (for and on behalf of the State) the entire right, title and interest to the Intellectual Property throughout the world. Contractor shall notify the State, within thirty (30) days, of the creation of any Intellectual Property by it or its subcontractor(s). Contractor, on behalf of itself and any subcontractor(s), agrees to execute any and all document(s) necessary to assure ownership of the Intellectual Property vests in the State and shall take no affirmative actions that might have the effect of vesting all or part of the Intellectual Property in any entity other than the State. The Intellectual Property shall not be disclosed by contractor or its subcontractor(s) to any entity not the

State without the express written authorization of the agency, department, division, board or commission of the State of Arizona requesting the issuance of this contract.

3.9. Federal Immigration and Nationality Act. The contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the contract. Further, the contractor shall flow down this requirement to all subcontractors utilized during the term of the contract. The State shall retain the right to perform random audits of contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the contract for default and suspension and/or debarment of the contractor.

3.10 E-Verify Requirements. In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.

3.11 Offshore Performance of Work Prohibited.
Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by subcontractors at all tiers.

4. Costs and Payments

4.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, Net 30 days. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate invoice for payment from the State within thirty (30) days.

4.2. Delivery. Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.3. Applicable Taxes.

4.3.1. Payment of Taxes. The Contractor shall be responsible for paying all applicable taxes.

4.3.2. State and Local Transaction Privilege Taxes. The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

4.3.3. Tax Indemnification. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if

applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

4.3.4. IRS W9 Form. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona, unless not required by law.

4.4. Availability of Funds for the Next State fiscal year. Funds may not presently be available for performance under this Contract beyond the current state fiscal year. No legal liability on the part of the State for any payment may arise under this Contract beyond the current state fiscal year until funds are made available for performance of this Contract.

4.5. Availability of Funds for the current State fiscal year. Should the State Legislature enter back into session and reduce the appropriations or for any reason and these goods or services are not funded, the State may take any of the following actions:

4.5.1. Accept a decrease in price offered by the contractor;

4.5.2. Cancel the Contract; or

4.5.3. Cancel the contract and re-solicit the requirements.

5. Contract Changes

5.1. Amendments. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the procurement officer in writing or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized written Contract Amendments shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.

5.2. Subcontracts. The Contractor shall not enter into any Subcontract under this Contract for the performance of this contract without the advance written approval of the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

5.3. Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

6. Risk and Liability

6.1. Risk of Loss: The Contractor shall bear all loss of conforming material covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

6.2. Indemnification

6.2.1. Contractor/Vendor Indemnification (Not Public Agency) The parties to this contract agree that the State of Arizona, its departments, agencies, boards and commissions shall be indemnified and held harmless by the contractor for the vicarious liability of the State as a result of entering into this contract. However, the parties further agree that the State of Arizona, its departments, agencies, boards and commissions shall be responsible for its own negligence. Each party to this contract is responsible for its own negligence.

6.2.2. Public Agency Language Only Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers."

6.3. Indemnification - Patent and Copyright**.** The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this section shall not apply.

6.4. Force Majeure.

6.4.1 Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term *"force majeure"* means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God; acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-intervention-acts; or failures or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

6.4.2. Force Majeure shall not include the following occurrences:

6.4.2.1. Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;

6.4.2.2. Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

6.4.2.3. Inability of either the Contractor or any subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

6.4.3. If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

6.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

6.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this Contract.

7. Warranties

7.1. Liens. The Contractor warrants that the materials supplied under this Contract are free of liens and shall remain free of liens.

7.2. Quality. Unless otherwise modified elsewhere in these terms and conditions, the Contractor warrants that, for one year after acceptance by the State of the materials, they shall be:

7.2.1. Of a quality to pass without objection in the trade under the Contract description;

7.2.2. Fit for the intended purposes for which the materials are used;

7.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units;

7.2.4. Adequately contained, packaged and marked as the Contract may require; and

7.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

7.3. Fitness. The Contractor warrants that any material supplied to the State shall fully conform to all requirements of the Contract and all representations of the Contractor, and shall be fit for all purposes and uses required by the Contract.

7.4. Inspection/Testing. The warranties set forth in subparagraphs 7.1 through 7.3 of this paragraph are not affected by inspection or testing of or payment for the materials by the State.

7.5. Compliance With Applicable Laws. The materials and services supplied under this

Contract shall comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable license and permit requirements.

7.6. Survival of Rights and Obligations after Contract Expiration or Termination.

7.6.1. Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

7.6.2. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

8. State's Contractual Remedies

8.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.

8.2. Stop Work Order.

8.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part, of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

8.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive.

8.4. Nonconforming Tender. Materials or services supplied under this Contract shall fully comply with the Contract. The delivery of materials or services or a portion of the

materials or services that do not fully comply constitutes a breach of contract. On delivery of nonconforming materials or services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

8.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

9. Contract Termination

9.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time. If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided in A.R.S. § 38-511.

9.2. Gratuities. The State may, by written notice, terminate this Contract, in whole or in part, if the State determines that employment or a Gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State for the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three times the value of the Gratuity offered by the Contractor.

9.3. Suspension or Debarment. The State may, by written notice to the Contractor, immediately terminate this Contract if the State determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that the contractor is not currently suspended or debarred. If the contractor becomes suspended or debarred, the contractor shall immediately notify the State.

9.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State upon demand. The

Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of the termination. The cost principles and procedures provided in A.A.C. R2-7-701 shall apply.

9.5. Termination for Default.

9.5.1. In addition to the rights reserved in the contract, the State may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

9.5.2. Upon termination under this paragraph, all goods, materials, documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State on demand.

9.5.3. The State may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, materials or services to replace those under this Contract. The Contractor shall be liable to the State for any excess costs incurred by the State in procuring materials or services in substitution for those due from the Contractor.

9.6. Continuation of Performance Through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

10. Contract Claims

All contract claims or controversies under this Contract shall be resolved according to A.R.S. Title 41, Chapter 23, Article 9, and rules adopted thereunder.

11. Arbitration

The parties to this Contract agree to resolve all disputes arising out of or relating to this contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes (Title 41).

12. Comments Welcome

The State Procurement Office periodically reviews the Uniform Terms and Conditions and welcomes any comments you may have. Please submit your comments to: State Procurement Administrator, State Procurement Office, 100 North 15th Avenue, Suite 201, Phoenix, Arizona, 85007.

1. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The following provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220 available at: https://www.transit.dot.gov/regulations-and-guidance/fta-circulars/third-party-contracting-guidance are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any (name of grantee) requests which would cause (name of grantee) to be in violation of the FTA terms and conditions.

The Federal Terms and Conditions under this Contract shall be incorporated in any sub-contractor, or lower-tier agreement for any federally-funded task assignment / project awarded under this Contract.

2. NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

The Department and Contractor acknowledge and agree that, notwithstanding any concurrence b the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Department, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by Federal Funding Agency. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

3. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 USC 3801 et seq. and USDOT regulations, "Program Fraud Civil Remedies," 49 CFR 31, apply to its actions pertaining to this project.

Upon execution of the underlying contract, contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on contractor to the extent the US Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) (5323(I)) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor shall include the above two clauses in each subcontract financed in whole or in part with FTA assistance. The clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

4. ACCESS TO RECORDS AND REPORTS

The following access to records requirements apply to this Contract:

1. Where the Purchaser is not a State but a local government and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C. F. R. 18.36(i), the Contractor shall - provide the Purchaser, the FTA, the US Comptroller General or their authorized representatives access to any books, documents, papers and contractor records which are pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Contractor shall also , pursuant to 49 C. F. R. 633.15, provide authorized FTA representative including any PMO Contractor access to Contractor's records and construction sites pertaining to a capital project, defined at 49
U.S.C. 5302(a)1, which is receiving assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.

2. Where the Purchaser is a State and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 633.15, Contractor shall provide the Purchaser, authorized FTA representatives, including any PMO Contractor, access to the Contractor's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which receives FTA assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311. By definition, a major capital project excludes contracts of less than the simplified acquisition threshold currently set at
$250,000.00.

3. Where the Purchaser enters into a negotiated contract for other than a small purchase or under the simplified acquisition threshold and is an institution of higher education, a hospital or other non- profit organization and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 19.48, Contractor shall provide the Purchaser, FTA, the US Comptroller General or their authorized representatives with access to any books, documents, papers and record of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions.

4. Where a Purchaser which is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 U.S.C. 5325(a) enters into a contract for a capital project or improvement (defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, the Contractor shall make available records related to the contract to the Purchaser, the Secretary of USDOT and the US Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.

5. Contractor shall permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

6. The Contractor shall retain, and shall require its subcontractors at all tiers, all books, records, accounts and reports required under this contract for a period of not less than five years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Contractor agrees to maintain same until the Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).

5. TERMS OF THE MASTER AGREEMENT AND COMPLIANCE

Contractor shall at all times comply with all applicable Federal Funding Agency laws, regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement, available at https://www.transit.dot.gov/funding/grantee-resources/sample-fta- agreements/fta-grant-agreements, between the Department and FTA, as they may be amended or promulgated from time to time during the term of this contract. This Master Agreement does not have an Expiration Date. This Master Agreement continues to apply to the Recipient and its Underlying Agreement, until modified or superseded by a more recently enacted or issued applicable federal law, regulation, requirement, or guidance, or amendment to this Master Agreement or the Underlying Agreement. To assure compliance the Recipient must take measures to assure that other participants in its Underlying Agreements (*e.g.*, Third Party Participants) comply. Contractor's failure to so comply shall constitute a material breach of this contract.

All contractual provisions required by the U.S. Department of Transportation are hereby incorporated by reference. In the event of additional funding provided by FHWA, the applicable requirements of the Stewardship Agreement, available at https://www.fhwa.dot.gov/federalaid/stewardship, between the Department and FHWA are incorporated by reference.

6. CIVIL RIGHTS REQUIREMENTS

The AGENCY is an Equal Opportunity Employer. As such, the AGENCY agrees to comply

with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the AGENCY agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

Equal Employment Opportunity

1. Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex(including sexual orientation and gender identity), age, or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements Federal Funding Agency may issue.

2. Race, Color, religion, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

3. Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

4. Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42
U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements Federal Funding Agency may issue.

The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided, modified only if necessary to identify the affected parties.

7. TERMINATION

Termination of the contract shall be in accordance with the Uniform Terms and Conditions, Section 9., paragraph 9.1 through 9.6.

8. DEBARMENT OR SUSPENSION

This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940and 29.945. The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the Department. If it is later determined that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the Department, the

Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

8.1 GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

The Contractor agrees to the following:

(1) It will comply with the requirements of 2 C.F.R. part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 C.F.R. part 1200, which include the following:

(a) It will not enter into any arrangement to participate in the development or implementation of the Project with any Third Party Participant that is debarred or suspended except as authorized by: 1 U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, 2 U.S. OMB, "Guidelines to Agencies on Government wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180, including any amendments thereto, and 3 Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 U.S.C. § 6101 note,

(b) It will review the U.S. GSA "System for Award Management," https://www.sam.gov, if required by U.S. DOT regulations, 2 C.F.R. part 1200, and

(c) It will include, and require each of its Third Party Participants to include, a similar provision in each lower tier covered transaction, ensuring that each lower tier Third Party Participant:

(1) Will comply with Federal debarment and suspension requirements, and 2 Reviews the "System for Award Management" at https://www.sam.gov, if necessary to comply with U.S. DOT regulations, 2 C.F.R. part 1200, and

If the Department suspends, debars, or takes any similar action against a Third Party Participant or individual, the Department will provide immediate written notice to the:

(a) FTA Regional Counsel for the Region in which the Recipient is located or implements the Project,
(b) FTA Project Manager if the Project is

administered by an FTA Headquarters Office, or

(c) FTA Chief Counsel.

9. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER

POLLUTION CONTROL ACT Clean Water

Contractor shall comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq. Contractor shall report each violation to the recipient and understands and agrees that the recipient shall, in turn, report each violation as required to FTA and the appropriate EPA Regional Office. Contractor shall include these requirements in each subcontract exceeding $150,000 financed in whole or in part with FTA assistance.

Clean Air

1) Contractor shall comply with all applicable standards, orders or regulations pursuant to the Clean Air Act, 42 USC 7401 et seq. Contractor shall report each violation to the recipient and understands and agrees that the recipient will, in turn, report each violation as required to FTA and the appropriate EPA Regional Office.

2) Contractor shall include these requirements in each subcontract exceeding $150,000 financed in whole or in part with FTA assistance.

10. BUY AMERICA

In any task assignment / project for construction, acquisition of goods, or rolling stock valued at more than $150,000, the contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. part 661, which provide that Federal funds may not be obligated unless all steel, iron, and manufactured products used in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

Contractor shall comply with 49 USC 5323(j) and 49 CFR 661, stating that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7, and include software, microcomputer equipment and small purchases (currently less than $150,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are stated at 5323(j)(2)(C) and 49 CFR 661.11. Rolling stock must be manufactured in the US and have a minimum 65% domestic content for FY2019 and a minimum 70% domestic content for FY2020 and beyond. A bidder or offeror shall submit appropriate Buy America certification to the recipient with all bids on FTA-funded contracts, except those subject to a general waiver. Proposals not accompanied by a completed a certification shall be rejected as

nonresponsive. This requirement does not apply to lower tier subcontractors.

11. BREACHES AND DISPUTE RESOLUTION

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the (Recipient), (Architect) or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Disputes arising in the performance of this contract which are not resolved by agreement of the parties shall be decided in writing by the Department. This decision shall be final and conclusive unless within ten days from the date of receipt of its copy, contractor mails or otherwise furnishes a written appeal to the Department. In connection with such appeal, contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Department shall be binding upon contractor and contractor shall abide by the decision. FTA has a vested interest in the settlement of any violation of Federal law including the False Claims Act, 31 U.S.C. § 3729.

Performance During Dispute - Unless otherwise directed by the recipient, contractor shall continue performance under this contract while matters in dispute are being resolved. Claims for Damages - Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefore shall be made in writing to such other party within ten days after the first observance of such injury or damage.

Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the Department and contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the residing State.

Rights and Remedies - Duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Department or contractor shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

12. LOBBYING

The Contractor agrees to comply with the provisions of Title 31, U.S. C 1352 as

amended by the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. 1601, et seq.] and (Public Law 101.121) as codified in Title 48, Federal Acquisition Regulations Subpart 3.8 and Subpart 52.203-11. The legislation prohibits Federal funds from being expended by a recipient or any lower tier sub- recipients of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence a Federal agency or Congress in connection with the award of any Federal contract, the making of any Federal grant or loan, or entering into any cooperative agreement, including the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement. All disclosure statements are to be furnished to the Department.

Contractors who apply or propose/bid for an award of $100,000 or more in value shall file the attached Lobbying Certification {01Lobbying Certification document} required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

13. FLY AMERICA

The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government- financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not
available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

14. ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency, stated in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

15. CONFLICTS OF INTEREST / EMPLOYMENT OF FEDERAL PERSONNEL

Contractors will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the Department or the Federal funding agency shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when: The employee, officer or agent, any member of his immediate family, His or her partner, or an organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. Department officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements.

16. COPYRIGHT AND PATENT

To the extent permitted by A.R.S. § 41-621 and § 35-154, the Contractor shall indemnify and hold harmless ADOT against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of this contract performance or use by ADOT of materials furnished or work performed under this contract. ADOT shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph.

Copyrights pursuant to 23 CFR 420.121 (b): The Department, as a State DOT may copyright any books, publications, or other copyrightable materials developed in the course of the project, and does herein exercise that right. The federal funding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for Government purposes.

Patents pursuant to 23 CFR 420.121 (i): The Department, as a State DOT is subject to the provisions of 37 CFR part 401 governing patents and inventions and must include or cite the standard patent rights clause at 37 CFR 401.14, except for §401.14(g), in all subgrants or contracts. In addition, State DOTs must include the following clause, suitably modified to identify the parties, in all subgrants or contracts, regardless of tier, for experimental, developmental or research work: “The subgrantee or contractor will retain all rights provided for the State in this clause, and the State will not, as part of the consideration for awarding the subgrant or contract, obtain rights in the subgrantee's or contractor's subject inventions.”

Standard Patent Rights required pursuant to 37 CFR 401.14:

(a) Definitions

(1) Invention means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C.

2321 et seq.).

(2) Subject invention means any invention of the contractor conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) must also occur during the period of contract performance.

(3) Practical Application means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) Made when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) Small Business Firm means a small business concern as defined at section 2 of Pub. L. 85-536 (15
U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) Nonprofit Organization means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(7) The term statutory period means the one-year period before the effective filing date of a claimed invention during which exceptions to prior art exist per 35 U.S.C. 102(b) as amended by the Leahy-Smith America Invents Act, Public Law 112-29.

(8) The term contractor means any person, small business firm or nonprofit organization, or, as set forth in section 1, paragraph (b)(4) of Executive Order 12591, as amended, any business firm regardless of size, which is a party to a funding agreement.

(b) Allocation of Principal Rights

The Contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention

throughout the world.

(c) Invention Disclosure, Election of Title and Filing of Patent Application by Contractor

(1) The contractor will disclose each subject invention to the Federal Agency within two months after the inventor discloses it in writing to contractor personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the agency, the Contractor will promptly notify the agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the contractor.

(2) The contractor will elect in writing whether or not to retain title to any such invention by notifying the Federal agency within two years of disclosure to the Federal agency. However, in any case where a patent, a printed publication, public use, sale, or other availability to the public has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The contractor will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. If the contractor files a provisional application as its initial patent application, it shall file a non-provisional application within 10 months of the filing of the provisional application. The contractor will file patent applications in additional countries or international patent offices within either ten months of the first filed patent application or six months from the date permission is granted by the Commissioner of Patents to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) For any subject invention with Federal agency and contractor co-inventors, where the Federal agency employing such co-inventor determines that it would be in the interest of the government, pursuant to 35 U.S.C. 207(a)(3), to file an initial patent application on the subject invention, the Federal agency employing such co-inventor, at its discretion and in consultation with the contractor, may file such application at its own expense, provided that the contractor retains the ability to elect title pursuant to 35 U.S.C. 202(a).

(5) Requests for extension of the time for disclosure, election, and filing under

paragraphs (1), (2), and (3) of this clause may, at the discretion of the Federal agency, be granted. When a contractor has requested an extension for filing a non-provisional application after filing a provisional application, a one-year extension will be granted unless the Federal agency notifies the contractor within 60 days of receiving the request.

(d) Conditions When the Government May Obtain Title

The contractor will convey to the Federal agency, upon written request, title to any subject invention—

(1) If the contractor fails to disclose or elect title to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain title.

(2) In those countries in which the contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the Federal agency, the contractor shall continue to retain title in that country.

(3) In any country in which the contractor decides not to continue the prosecution of any non- provisional patent application for, to pay a maintenance, annuity or renewal fee on, or to defend in a reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to Contractor and Protection of the Contractor Right to File

(1) The contractor will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the contractor fails to disclose the invention within the times specified in (c), above. The contractor's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the contractor is a party and includes the right to grant sublicenses of the same scope to the extent the contractor was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of the Federal agency except when transferred to the sucessor of that party of the contractor's business to which the invention pertains.

(2) The contractor's domestic license may be revoked or modified by the funding Federal agency to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and agency licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the funding Federal agency to the extent the contractor, its licensees, or the domestic

subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the funding Federal agency will furnish the contractor a written notice of its intention to revoke or modify the license, and the contractor will be allowed thirty days (or such other time as may be authorized by the funding Federal agency for good cause shown by the contractor) after the notice to show cause why the license should not be revoked or modified. The contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and agency regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(f) Contractor Action to Protect the Government's Interest

(1) The contractor agrees to execute or to have executed and promptly deliver to the Federal agency all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the contractor elects to retain title, and (ii) convey title to the Federal agency when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the contractor each subject invention made under contract in order that the contractor can comply with the disclosure provisions of paragraph (c) of this clause, to assign to the contractor the entire right, title and interest in and to each subject invention made under contract, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by paragraph (c)(1) of this clause. The contractor shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) For each subject invention, the contractor will, no less than 60 days prior to the expiration of the statutory deadline, notify the Federal agency of any decision: Not to continue the prosecution of a non- provisional patent application; not to pay a maintenance, annuity or renewal fee; not to defend in a reexamination or opposition proceeding on a patent, in any country; to request, be a party to, or take action in a trial proceeding before the Patent Trial and Appeals Board of the U.S. Patent and Trademark Office, including but not limited to post-grant review, review of a business method patent, inter partes review, and derivation proceeding; or to request, be a party to, or take action in a non-trial submission of art or information at the U.S. Patent and Trademark Office, including but not limited to a pre-issuance submission, a

post-issuance submission, and supplemental examination.

(4) The contractor agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the contract) awarded by (identify the Federal agency). The government has certain rights in the invention."

(g) Subcontracts

(1) The contractor will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a subcontractor.. The subcontractor will retain all rights provided for the contractor in this clause, and the contractor will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) The contractor will include in all other subcontracts, regardless of tier, for experimental developmental or research work the patent rights clause required by (cite section of agency implementing regulations or FAR).

(3) In the case of subcontracts, at any tier, when the prime award with the Federal agency was a contract (but not a grant or cooperative agreement), the agency, subcontractor, and the contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Federal agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (j) of this clause.

(h) Reporting on Utilization of Subject Inventions

The Contractor agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the contractor, and such other data and information as the agency may reasonably specify. The contractor also agrees to provide additional reports as may be requested by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph (j) of this clause. As required by 35 U.S.C. 202(c)(5), the agency agrees it will not disclose such information to persons outside the government without permission of the contractor.

(i) Preference for United States Industry

Notwithstanding any other provision of this clause, the contractor agrees that neither

it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the Federal agency upon a showing by the contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights

The contractor agrees that with respect to any subject invention in which it has acquired title, the Federal agency has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the contractor, assignee, or exclusive licensee refuses such a request the Federal agency has the right to grant such a license itself if the Federal agency determines that:

(1) Such action is necessary because the contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the contractor, assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the contractor, assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special Provisions for Contracts with Nonprofit Organizations

If the contractor is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the contractor;

(2) The contractor will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the contractor with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the contractor. However, the contractor agrees that the Federal agency may review the contractor's licensing program and decisions regarding small business applicants, and the contractor will negotiate changes to its licensing policies, procedures, or practices with the Federal agency when the Federal agency's review discloses that the contractor could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4). In accordance with 37 CFR 401.7, the Federal agency or the contractor may request that the Secretary review the contractor's licensing program and decisions regarding small business applicants.

17. RECOVERED MATERIALS

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

18. SAFE OPERATION OF MOTOR VEHICLES

a. Seat Belt Use. The Recipient agrees to implement Executive Order No. 13043, "Increasing Seat Belt Use in the United States," April 16, 1997, 23 U.S.C. § 402 note, (62 Fed. Reg. 19217), by:

(1) Adopting and promoting on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles, and

(2) Including a "Seat Belt Use" provision in each third party agreement related to the Award.

b. Distracted Driving, Including Text Messaging While Driving. The Recipient agrees to comply with:

(1) Executive Order No. 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1, 2009, 23 U.S.C. § 402 note, (74 Fed. Reg. 51225),

(2) U.S. DOT Order 3902.10, "Text Messaging While Driving," December 30, 2009, and

(3) The following U.S. DOT Special Provision pertaining to Distracted Driving:

(a) Safety. The Recipient agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Recipient owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the Award, or when performing any work for or on behalf of the Award,

(b) Recipient Size. The Recipient agrees to conduct workplace safety initiatives in a manner commensurate with its size, such as establishing new rules and programs to prohibit text messaging while driving, re-evaluating the existing programs to prohibit text messaging while driving, and providing education, awareness, and other outreach to employees about the safety risks associated with texting while driving, and

(c) Extension of Provision. The Recipient agrees to include the preceding Special Provision of section 34.b(3)(a) – (b) of this Master Agreement in its third party agreements, and encourage its Third Party Participants to comply with this Special Provision, and include this Special Provision in each third party subagreement at each tier supported with federal assistance.

19. CERTIFICATION AND ASSURANCES

The FTA Certifications and Assurances are incorporated herein by reference. Upon award or contract renewal, the Contractor must agree to comply with the most current FTA Certifications and Assurances by signing and submitting the signature page provided by the Department. In the event FTA issues new Certifications and Assurances, the Department reserves the right to require submission of a new signature page agreeing to comply; to be added to the terms and conditions by Amendment. All such requests are a condition of continued award.

20. DISADVANTAGED BUSINESS ENTERPRISES

1.0 Policy:

The Arizona Department of Transportation (hereinafter the Department) has established a Disadvantaged Business Enterprise (DBE) program in accordance with the regulations of the U.S. Department of Transportation (USDOT), 49 CFR Part 26. The Department has received Federal financial assistance from the U.S. Department of Transportation and as a condition of receiving this assistance, the Department has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of the Department to ensure that DBEs, as defined in Part 26, have an equal opportunity to receive and participate in USDOT-assisted contracts. It is also the policy of the Department:

1. To ensure nondiscrimination in the award and administration of USDOT-assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for USDOT-assisted contracts;
3. To ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are counted as DBEs;
5. To help remove barriers to the participation of DBEs in USDOT-assisted contracts;
6. To assist in the development of firms that can compete successfully in the market place outside the DBE program; and
7. To promote the use of DBEs in all types of federally-assisted contracts and procurement activities.

It is also the policy of the Department to facilitate and encourage participation of Small Business Concerns (SBCs), as defined herein, in USDOT-assisted contracts. The Department encourages contractors to take reasonable steps to eliminate obstacles to SBCs' participation and to utilize SBCs in performing contracts.

2.0 Assurances of Non-Discrimination:

The contractor, subrecipient, or subcontractor shall not discriminate on the basis of race, color, sex or national origin in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Department deems appropriate, which may include, but are not limited to:

1. Withholding monthly progress payments;
2. Assessing sanctions;

3. Liquidated damages;
4. Suspension or Debarment per Uniform Terms and Conditions Paragraph 9.3 of the contractor from future bidding; and/or
5. Cancellation, termination, or suspension of the Contract, in whole or in part.

The contractor, subrecipient, or subcontractor shall ensure that all subcontract agreements contain this non-discrimination assurance.

3.0 Definitions:

(A) Commercially Useful Function (CUF): Commercially Useful Function is defined fully in 49 CFR 26.55, which definition is incorporated herein by reference.

(B) Disadvantaged Business Enterprise (DBE): a for-profit small business concern which meets both of the following requirements:

(1) Is at least 51 percent owned by one or more socially and economically disadvantaged individuals or, in the case of any publicly owned business, at least 51 percent of the stock is owned by one or more such individuals; and,

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

(C) NAICS Code: The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

(D) Non-DBE: any firm that is not a DBE.

(E) Race-Conscious (RC): a measure or program focused specifically on assisting only DBEs, including women-owned DBEs.

(F) Race-Neutral (RN): a measure or program used to assist all small businesses. For the purposes of this part, race-neutral includes gender-neutrality.

(G) Small Business Concern (SBC): a business that meets all of the following conditions:

(1) Operates as a for-profit business registered to do business in Arizona;

(2) Operates a place of business primarily within the U.S., or makes a significant contribution to the U.S. economy through payment of taxes

or use of American products, materials, or labor;

(3) Is independently owned and operated;

(4) Is not dominant in its field on a national basis; and

(5) Does not have annual gross receipts that exceed the Small Business Administration size standards average annual income criteria for its primary North American Industry Classification System (NAICS) code.

(H) Socially and Economically Disadvantaged Individuals: any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is:

(1) Any individual who is found to be a socially and economically disadvantaged individual on a case-by-case basis.

(2) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:

(i) "Black Americans," which includes persons having origins in any of the Black racial groups of Africa;

(ii) "Hispanic Americans," which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(iii) "Native Americans," which includes persons who are enrolled members of federally or State recognized Indian tribe, Alaskan Natives or Native Hawaiians;

(iv) “Asian-Pacific Americans,” which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Republic of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;

(v) “Subcontinent Asian Americans,” which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

(vi) "Women;"

(vii) Any additional groups whose members are designated as socially and economically disadvantaged by the Small Business

Administration (SBA), at such time as the SBA designation becomes effective.

4.0 Working with DBEs:

The Department works with DBEs and assists them in their efforts to participate in the highway construction. All proposers should contact the Department's Business Engagement and Compliance Office (BECO) by phone, through email, or at the address shown below, for assistance in their efforts to use DBEs in the highway construction industry. BECO contact information is as follows:

Arizona Department of Transportation Business Engagement and Compliance Office 1801 W. Jefferson St., Ste. 101, Mail Drop 154A
Phoenix, AZ 85007
Phone (602) 712-7761
FAX (602) 712-8429
Email: contractorcompliance@azdot.gov Website: www.azdot.gov/bec

4.01 Mentor-Protégé Program:

The Department has established a Mentor- Protégé program as an initiative to encourage and develop disadvantaged businesses in the highway construction industry. The program encourages prime contractors to provide certain types of assistance to certified DBE subcontractors. ADOT encourages contractors and certified DBE subcontractors to engage in a Mentor-Protégé agreement under certain conditions. Such an agreement must be mutually beneficial to both parties and to ADOT in fulfilling requirements of 49 CFR Part 23. For guidance regarding this program refer to the Mentor-Protégé Program Guidelines available on the BECO website.

The Mentor-Protégé program is intended to increase legitimate DBE activities. The program does not diminish the DBE rules or regulations, and participants may not circumvent these rules.

5.0 Applicability:

The Department has established an overall annual goal for DBE participation on Federal aid contracts. The Department intends for the goal to be met with a combination of race conscious efforts and race neutral efforts. Race conscious participation occurs when the contractor uses a percentage of DBEs, as defined herein, to meet the contract specified goal. Race neutral efforts are those that are, or can be, used to assist all small businesses or increase opportunities for all small businesses. The regulation, 49 CFR 26, defines race neutral as when a DBE wins a prime contract through customary competitive procurement procedures or is awarded a subcontract

on a prime contract that does not carry a DBE contract goal.

Prime contractors are encouraged to obtain DBE participation even if a DBE goal was not established on a contract.

The DBE provisions are applicable to all contractors including DBE contractors.

6.0 Certification and Registration:

6.1 DBE Certification:

Certification as a DBE shall be predicated on:

(1) The completion and execution of an application for certification as a "Disadvantaged Business Enterprise".

(2) The submission of documents pertaining to the firm(s) as stated in the application(s), including but not limited to a statement of social disadvantage and a personal financial statement.

(3) The submission of any additional information which the Department or the applicable Arizona Unified Certification (UCP) agency may require to determine the firm's eligibility to participate in the DBE program.

(4) The information obtained during the on-site visits to the offices of the firm and to active job-sites.

Applications for certification may be filed online with the Department or the applicable UCP agency at any time through the Arizona Unified Transportation Registration and Certification System (AZ UTRACS) website at http://www.azutracs.com.

DBE firms and firms seeking DBE certification shall cooperate fully with requests for information relevant to the certification process. Failure or refusal to provide such information is a ground for denial or removal of certification.

ADOT is a member of the AZ Unified Certification Program (AZUCP). Only DBE firms that are certified by the AZUCP are eligible for credit on ADOT projects. A list of DBE firms certified by AZUCP is available on the internet at http://www.azutracs.com/. The list will indicate contact information and specialty for each DBE firm, and may be sorted in a variety of ways. However, ADOT does not guarantee the accuracy and/or completeness of this information, nor does ADOT represent that any licenses or registrations are appropriate for the work to be done.

The Department's certification of a DBE is not a representation of qualifications and/or abilities nor does it mean that a DBE firm is guaranteed or entitled to receive or be awarded a contract. Being certified simply means that a firm has met the criteria for

DBE certification as outlined in 49 CFR Part 26. The contractor bears all risks of ensuring that DBE firms selected by the contractor are able to perform the work.

6.2 SBC Registration:

To comply with 49 CFR Part 26.39, ADOT's DBE Program incorporates contracting requirements to facilitate participation by Small Business Concerns (SBCs) in federally assisted contracts. SBCs are for- profit businesses authorized to do businesses in Arizona that meet the Small Business Administration (SBA) size standards for average annual revenue criteria for its primary North American Industry Classification System (NAICS) code.

While the SBC component of the DBE program does not require utilization of goals on projects, ADOT strongly encourages contractors to utilize small businesses that are registered in AZ UTRACS on their contracts, in addition to DBEs meeting the certification requirement. The contractor may use the AZ UTRACS website to search for certified DBEs and registered SBCs that can be used on the contract. However, SBCs that are not DBEs will not be counted toward DBE participation.

SBCs can register online at the AZ UTRACS website.

The Department's registration of SBCs is not a representation of qualifications and/or abilities nor does it mean that an SBC firm is guaranteed or entitled to receive or be awarded a contract. Being SBC registered simply means that a firm has met the criteria for SBC registration as outlined in 49 CFR Part
26. The contractor bears all risks of ensuring that SBC firms selected by the contractor are able to perform the work.

7.0 DBE Financial Institutions:

The Department thoroughly investigates the full extent of services offered by financial institutions owned and controlled by socially and economically disadvantaged individuals in its service area and makes reasonable efforts to use these institutions. The Department encourages prime contractors to use such institutions on USDOT assisted contracts. However, use of DBE financial institutions will not be counted toward DBE participation.

The Department encourages prime contractors to research the Federal Reserve Board website at www.federalreserve.gov to identify minority-owned banks in Arizona derived from the Consolidated Reports of Condition and Income filed quarterly by banks (FFIEC 031 and 041) and from other information on the Board's National Information Center database.

8.0 Time is of the Essence:

TIME IS OF THE ESSENCE IN RESPECT TO THE DBE PROVISIONS.

9.0 Computation of Time:

In computing any period of time described in this DBE special provision, such as calendar days, the day from which the period begins to run is not counted, and when the last day of the period is a Saturday, Sunday, or Federal or State holiday, the period extends to the next day that is not a Saturday, Sunday, or Federal or State holiday. In circumstances where the Department's offices are closed for all or part of the last day, the period extends to the next day on which the Department's offices are open.

10.0 Contractor and Subcontractor Requirements:

10.1 General:

Each contractor shall establish a program that will ensure nondiscrimination in the award and administration of contracts and subcontracts.

Agreements between the bidder and a DBE in which the DBE promises not to provide subcontracting quotations to other bidders are prohibited.

10.2 DBE Liaison:

The contractor shall designate a DBE Liaison responsible for the administration of the contractor's DBE program. The name of the designated DBE Liaison shall be included in the DBE Intended Participation Affidavit Summary.

11.0 DBE Goals

The Department has not established contract goals for DBE participation in this contract.

Contractors are still encouraged to employ reasonable means to obtain DBE participation. Contractors must retain records in accordance with these DBE specifications. The contractor is notified that this record keeping is important to the Department so that it can track DBE participation where only race neutral efforts are employed.

11.1 Race Neutral Contract (With No DBE Goal)

The Department has established a Disadvantaged Business Enterprise (DBE) program in accordance with the regulations of the U.S. Department of Transportation (USDOT), 49 CFR Part 26. ADOT has received federal financial assistance from the USDOT and as a condition of receiving this assistance, ADOT has signed an assurance that it shall comply with 49 CFR Part 26.

It is ADOT's policy to ensure that DBEs, as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in federally-funded contracts.

NO CONTRACT DBE GOAL HAS BEEN ESTABLISHED FOR DBE PARTICIPATION ON THIS CONTRACT.

Contractors are still encouraged to employ reasonable means to obtain DBE participation. Contractors must retain records in accordance with these DBE specifications. The consultant is notified that this record keeping is important to the Department so that it can track DBE participation where only race neutral efforts are employed.

12.0 Bidders/Proposers List and AZ UTRACS Registration Requirement:

Under Title 49 CFR of the Code of Federal Regulations, Part 26.11, DOTs are required to collect certain information from all contractors and subcontractors who seek to work on federally-assisted contracts in order to set overall and contract DBE goals. ADOT collects this information when firms register their companies on the Arizona Unified Transportation Registration and Certification System (AZ UTRACS) web portal at http://www.azutracs.com/ a centralized database for companies that seek to do business with ADOT. This information will be maintained as confidential to the extent allowed by federal and state law.

Prime contractors and all subcontractors, including DBEs listed in the offer must be registered in AZUTRACS. Proposers may verify that their firm and each subcontractor is registered using the AZUTRACS website.

Proposers may obtain additional information at the AZ UTRACS website or by contacting BECO.

All proposers shall create a Bidders/Proposers list in the AZ UTRACS by selecting all firms, service providers, and vendors that expressed interest or submitted proposals or quotes for this contract. The Bidders/Proposers List form must be complete and must include the names for all subcontractors, service providers, and vendors that submitted proposals or quotes on this project regardless of the proposer's intentions to use the those firms on the project.

All proposers must complete and submit the Bidders/Proposers List online at AZ UTRACS prior to Offer submittal. A confirmation email will be generated by the system. This email confirmation shall be submitted with the Offer.

13.0 Payment Reporting:

The contractor shall report on a monthly basis indicating the amounts paid to all subcontractors, of all tiers, working on the project. Reporting shall be in accordance with below.

Subcontracts:

a. Sub-Contract Terms:

1. The Contractor agrees to execute a written Contract with all Subcontractors for work to be completed under this Contract. The executed Contract shall include Subcontractor's Scope of Work and all the Uniform Terms and Conditions set forth in this Contract.

2. The Contractor shall provide electronic copies of signed subcontract agreements with all Subcontractors to ADOT Business Engagement and Compliance Office (BECO) by uploading them to the BECO's online DBE Contract & Labor Compliance Management System (**DBE System**) at https://adot.dbesystem.com. Subcontract agreements shall include all required assurances and required clauses as outlined in this Contract. Each agreement and required attachment shall be dated and signed by the Subcontractor in order for the subcontract to be considered valid.

3. The Contractor may be in breach of this Contract if the Contractor materially modifies the federal regulations and State statutes in its subcontract agreements terms and conditions with its Subcontractors. Deviations from the terms of this Contract may result in termination of the Contract, or any other such remedy as deemed appropriate by the Department.

b. Sub-Contract Payments

1. Retention: If the prime contract does not provide for retention, the contractor and each subcontractor of any tier shall not withhold retention on any subcontract. If the prime contract provides for retention, the prime contractor and each subcontractor of any tier shall not retain a higher percentage than the Department may retain under the prime contract. Retainage shall be paid to the subcontractor within 7 days of satisfactory completion of the work performed by the subcontractor.

2. No Set-offs Arising from Other Contracts: If a subcontractor is performing work on multiple contracts for the same contractor or subcontractor of any tier, the contractor or subcontractor of any tier shall not withhold or reduce payment from its subcontractors on the contract because of disputes or claims on another contract.

3. Partial Payment: The contractor and each subcontractor of any tier shall make prompt partial payments to its subcontractors within seven days of receipt of payment from the Department. Notwithstanding any provision of Arizona Revised Statutes Section 28-411, the parties may not agree otherwise.

4. Final Payment: The contractor and each subcontractor of any tier shall make prompt final payment to each of its subcontractors. The contractor and each subcontractor of any tier shall pay all monies, including retention, due to its subcontractor within seven days of receipt of payment. Notwithstanding any provision of Arizona Revised Statutes Section 28-411, the parties may not agree otherwise.

5. Payment Reporting: For the purposes of this subsection "Reportable Contracts" means any subcontract, of any tier, DBE or non-DBE, by which work shall be performed on behalf of the contractor and any contract of any

tier with a DBE material or service supplier.

The requirements of this subsection apply to all Reportable Contracts.

Payment Reporting for all Reportable Contracts shall be done through the Department's web- based DBE System. The DBE System can be accessed from the Department's BECO website. No later than fifteen calendar days after the Notice to Proceed is issued, the contractor shall log into the Department's web based DBE System and enter or verify the name, contact information, and subcontract amounts for Reportable Contracts on the project. As Reportable Contracts are approved over the course of the contract, the contractor shall enter them in the system. Reportable contracts shall be entered into the system no later than five calendar days after approval by the Department.

The contractor shall report on a monthly basis indicating the amounts actually paid and the dates of each payment under any Reportable Contract on the project. In addition, the contractor shall require that all participants in any Reportable Contract electronically verify receipt of payment on the contract by the last day of the month and the contractor shall actively monitor the Department's DBE System to ensure that the verifications are input. The contractor shall proactively work to resolve any payment discrepancies in the DBE System between payment amounts it reports and payment confirmation amounts reported by others.

The contractor shall ensure that all Reportable Contract activity is reported to the Department. This includes all lower-tier Reportable Contracts, regardless of whether a DBE is involved or not.

The contractor shall maintain records for each payment explaining the amount requested by the subcontractor, and the amount actually paid pursuant to the request, which may include but are not limited to, estimates, invoices, pay requests, copies of checks or wire transfers, and lien waivers in support of the monthly payments in the DBE System.

The contractor shall provide information for payments made on all Reportable Contracts during the previous month by the 15th day of the current month. In the event that no payments were made during a given month, the contractor shall identify that by entering a dollar value of zero. If the contractor does not pay the full amount of any invoice from a subcontractor, the contractor shall note that and provide the reasons in the comment section of the Monthly Payment Audit of the DBE System.

For each Reportable Contract on which the contractor fails to submit timely payment information the Department will retain $1,000.00 as liquidated damages, from the monies due to the contractor. Liquidated damages will be deducted each month for each Reportable Contract on which the contractor fails to submit payment information until the contractor provides the required information as described herein. After 90 consecutive days of non- reporting, the liquidated damages will increase to $2,000.00 for each subsequent month, for each Reportable Contract on which the contractor fails to report until the information is provided. These liquidated damages

shall be in addition to all other retention or liquidated damages provided for elsewhere in the contract.

Payment reporting requirements apply to all contracts, federal and non-federal funded.

The contractor shall ensure that a copy of this Subsection is included in every Reportable Contract of every tier.

(a) Sanctions for Inadequate Reporting:

For each Reportable Contract on which the contractor fails to submit timely and complete payment information the Department will retain $1,000.00 as liquidated damages, from the monies due to the contractor. Liquidated damages will be deducted each month for each Reportable Contract on which the contractor fails to submit payment information until the contractor provides the required information as described herein. After 90 consecutive days of non-reporting, the liquidated damages will increase to $2,000.00 for each subsequent month, for each Reportable Contract on which the contractor fails to report until the information is provided. These liquidated damages shall be in addition to all other retention or liquidated damages provided for elsewhere in the contract.

6. Completion of Work: A subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished, documented, and accepted by the Department.

7. Disputes: If disputes arise regarding payment of subcontractors, the contractor shall immediately provide the ADOT Project Manager with a written, verifiable explanation if:

   - The contractor does not pay the full amount of any invoice from a subcontractor within seven days of receipt of a progress payment from the Department, or
   - The monthly estimate does not include all work claimed by a subcontractor to have been performed.

   The Department will determine whether the contractor has acted in good faith concerning any such explanations. The Department reserves the right to request and receive documents from the contractor and all subcontractors of any tier, in order to determine whether termination requirements were met. The contractor shall implement and use the dispute resolution process outlined in the subcontract, as described in Uniform Terms and Conditions Paragraph, to resolve payment disputes.

8. Non-Compliance: Failure to make prompt partial payment or prompt final payment including any retention, within the time frames established in this contract, will result in remedies, as the Department deems appropriate, which may include, but are not limited to:

   - Liquidated Damages: These liquidated damages shall be in addition to all other retention or liquidated damages provided for elsewhere in the

contract.

(i) The Department will withhold two times the disputed dollar amount not paid to each subcontractor.
(ii) If full payment is made within 30 days of the Department's payment to the contractor, the amount withheld by the Department will be released.
(iii) If full payment is made after 30 days of the Department's payment to the contractor, the Department will release 75 percent of the funds withheld. The Department will retain 25 percent of the monies withheld as liquidated damages.

- Additional Remedies: If the contractor fails to make prompt payment for three consecutive months, or any four months over the course of one project, or if the contractor fails to make prompt payment on two or more contracts within 24 months, the Department may, in addition, invoke the following remedies:

(i) Withhold monthly progress payments until the issue is resolved and full payment has been made to all subcontractors and vendors subject to the requirements outlined under "Liquidated Damages" above,
(ii) Terminate the contract for default in accordance with this Contract, and/or
(iii) Suspension or Debarment per Uniform Terms and Conditions Paragraph 9.3 of the contractor from future bidding temporarily or permanently, depending on the number and severity of violation.
(iv) Reflect the contractor's performance in submitting payment reports and making subcontractor payments utilizing the Department's Vendor Performance Report.

14.0 Crediting DBE Participation:

14.01 General Requirements:

To count toward DBE participation, the DBE firms must be certified at the time of Offer submission in each NAICS code applicable to the kind of work the firm will perform on the contract. NAICS for each DBE can be found on the AZ UTRACS website. General descriptions of all NAICS codes can be found at http://www.naics.com/search/.

Credit is given only after the DBE has been paid for the work performed.

The entire amount of a contract that is performed by the DBE's own forces, including the cost of supplies and materials purchased by the DBE for the work on the contract and equipment leased by the DBE will be credited toward DBE participation. Supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate will not be credited toward DBE participation.

The contractor bears the responsibility to determine whether the DBE possesses the

proper contractor's license(s) to perform the work and, if DBE credit is requested, that the DBE subcontractor is certified for the requested type of work.

The Department's certification is not a representation of a DBE's qualifications and/or abilities. The contractor bears all risks that the DBE may not be able to perform its work for any reason.

A DBE may participate as a prime contractor, subcontractor, or as a vendor of materials or supplies. The dollar amount of work to be accomplished by DBEs, including partial amount of a lump sum or other similar item, shall be on the basis of subcontract, purchase order, hourly rate, rate per ton, etc., as agreed to between parties.

DBE credit may be obtained only for specific work done for the project, supply of equipment specifically for physical work on the project, or supply of materials to be incorporated in the work. DBE credit will not be allowed for costs such as overhead items, capital expenditures (for example, purchase of equipment), and office items.

The contractor may credit second-tier subcontracts issued to DBEs by non-DBE subcontractors. Any second-tier subcontract to a DBE must meet the requirements of a first-tier DBE subcontract.

A prime contractor may credit the entire amount of that portion of a contract that is performed by the DBE's own forces. The cost of supplies and materials obtained by the DBE for the work of the contract can be included so long as that cost is reasonable. Leased equipment may also be included. No credit is permitted for supplies purchased or equipment leased from the prime contractor or its affiliate(s).

When a DBE subcontracts a part of the work of its contract to another firm, the value of the subcontract may be credited towards DBE participation only if the DBE's subcontractor is itself a DBE and performs the work with its own forces. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE participation.

A prime contractor may credit the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consulting, or managerial services, or for providing bonds or insurance specifically required for the performance of a USDOT-assisted contract, provided the fees are reasonable and not excessive as compared with fees customarily allowed for similar services.

14.02 DBE Prime Contractor:

When a certified DBE firm proposes on a contract/Task Assignment all the work that is performed by the DBE contractor or any other DBE subcontractors and DBE suppliers will count toward DBE participation.

14.03 Effect of Loss of DBE Eligibility:

For On-Call Task Assignment contracts, if a DBE is deemed ineligible (decertified) or suspended by ADOT or one of its UCP Partner Agencies in accordance with 49 CFR 26.87 and 26.88, the DBE may not be count toward DBE participation on a new Task Assignment, but may be considered for the contract/Task Assignment DBE participation if a subcontract or contract modification for the work to be completed on the Task Assignment was executed before the DBE suspension or decertification is effective.

A subcontract or contract modification for work on the task assignment means, any subcontract or agreement for the task assignment, which includes a specific ADOT TRACS/Project Number, defined scope, duration and budget for the work to be completed under the Task Assignment that is duly signed by the contractor/contractor and subcontractor/subcontractor.

When the contractor/contractor intents to use an ineligible DBE firm or ADOT made a commitment to use an ineligible DBE prime contractor/contractor, but a subcontract or Contract Modification for the work to be completed on the Task Assignment has not been executed before a decertification notice is issued to the DBE firm by its certifying agency, the ineligible firm does not count toward DBE participation. When a subcontract or contract modification is executed with the DBE firm for the work to be completed on the Task Assignment before ADOT notified the firm of its ineligibility, the DBE's work on the Task Assignment may continue to be credited toward DBE participation for the firm's work.

14.04 Notifying the Contractor of DBE Certification Status:

Each DBE contract at any tier shall require any DBE subcontractor or supplier that is either decertified or certified during the term of the contract to immediately notify the contractor and all parties to the DBE contract in writing, with the date of decertification or certification. The contractor shall require that this provision be incorporated in any contract of any tier in which a DBE is a participant.

14.05 Commercially Useful Function:

A prime contractor can credit expenditures to a DBE subcontractor only if the DBE performs a Commercially Useful Function (CUF).

A DBE performs a CUF when it is responsible for execution of the work of a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself that it uses on the project. To determine whether a DBE is performing a commercially useful function, the Department will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually

performing and the DBE credit claimed for its performance of the work, and other relevant factors.

A DBE will not be considered to perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, the Department will examine similar transactions, particularly those in which DBEs do not participate.

If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or if the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, the Department will presume that the DBE is not performing a commercially useful function.

When a DBE is presumed not to be performing a commercially useful function as provided above, the DBE may present evidence to rebut this presumption. The Department will determine if the firm is performing a CUF given the type of work involved and normal industry practices.

The Department will notify the contractor, in writing, if it determines that the contractor's DBE subcontractor is not performing a CUF. The contractor will be notified within seven calendar days of the Department's decision.

Decisions on CUF may be appealed to the Chief Procurement Officer (CPO). The appeal must be in writing and personally delivered or sent by certified mail, return receipt requested, to the CPO. The appeal must be received by the CPO no later than seven calendar days after the decision of BECO. BECO's decision remains in place unless and until the CPO reverses or modifies BECO's decision. CPO will promptly consider any appeals under this subsection and notify the contractor of CPO's findings and decisions. Decisions on CUF matters are not administratively appealable to USDOT.

The BECO may conduct project site visits on the contract to confirm that DBEs are performing a CUF. The contractor shall cooperate during the site visits and the BECO's staff will make every effort not to disrupt work on the project.

15.0 Required Provisions for DBE Subcontracts:

All subcontracts of any tier, all supply contracts, and any other contracts in which a DBE is a participant shall include as a physical attachment, DBE Subcontractor Compliance Assurances refer to the Federal Attachments and Exhibits.

Contractors executing agreements with subcontractors, DBE or non-DBE, that materially modify federal regulation and state statutes such as, prompt payment and retention requirements, through subcontract terms and conditions will be found in breach of contract which may result in termination of the contract, or any other such

remedy as the deemed appropriate as outlined in DBE Subsection 2.0 of these DBE provisions.

The Department reserves the right to conduct random reviews of DBE and non-DBE subcontract documentation to ensure compliance with federal requirements.

The contractor shall ensure that all subcontracts or agreements with DBEs to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with 49 CFR Part 26 provisions.

The Contractor shall provide electronic copies of subcontract agreements with all Subcontractors by uploading them within 15 calendar days of an executed contract to the ADOT DBE System. Subcontract agreements shall include all required assurances and clauses as outlined in DBE Subcontractor Compliance Assurances refer to the Federal Attachments and Exhibits of the Contract. Each agreement and required attachment shall be dated and signed by the Subcontractor in order for the subcontract to be considered valid.

The Contractor shall be in breach of this Contract if the Contractor materially modifies the federal regulations and State statutes in its subcontract agreements terms and conditions with its Subcontractors. Deviations from the terms of this Contract may result in termination of the Contract, or any other such remedy as deemed appropriate by the Department

16.0 Certification of Final DBE Payments:

DBE participation on the contract is measured by actual payments made to the DBEs. The contractor shall submit the “Certification of Final DBE Payments” form for each DBE firm working on the contract. This form shall be signed by the contractor and the relevant DBE, and submitted to the Engineer no later than 30 days after the DBE completes its work.

The contractor will not be released from the obligations of the contract until the ”Certification of Final DBE Payments” forms are received and deemed acceptable by the Engineer and BECO.

17.0 False, Fraudulent, or Dishonest Conduct:

In addition to any other remedies or actions, the Department will bring to the attention of the US Department of Transportation any appearance of false, fraudulent, or dishonest conduct in connection with the DBE program, so that USDOT can take steps such as referral to the Department of Justice for criminal prosecution, referral to the USDOT Inspector General for possible initiation of suspension and debarment proceedings against the offending parties or application of “Program Fraud and Civil Penalties” rules provided in 49 CFR Part 31.

21. NONDISCRIMINATION

1. During the performance of this Contract, the Consultant, for itself, its Subconsultants, assignees and successors shall:

   a. Not discriminate on the basis of race, color, national origin, or sex and shall carry out applicable requirements of 49 CFR Part 26 in the performance of this Contract. Failure by the Consultant to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract, disqualification from proposing on other Contracts or other remedy as the State deems appropriate.

   b. Comply with Executive Order 2009-09, "Prohibition of Discrimination in Employment by Government Contractors and Subcontractors," which is hereby included in its entirety by reference and considered a part of this Contract.

   c. Comply with the provisions of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented in Department of Labor Regulations (41 CFR Part 60). Said provisions are made applicable by reference and are hereinafter considered a part of this Contract.

   d. Post in conspicuous places available to employees and applicants for employment, the following notice:

      "It is the policy of this company not to discriminate against any employee, or applicant for employment, because of race, color, religion, creed, national origin, sex, age, handicapped, or disabled veterans and Vietnam era veterans. Such actions shall include, but are not limited to: employment, upgrading, demotion, transfer, recruitment, or recruitment advertising; laying- off or termination; rates of pay or other compensation; and selection for training, and on-the- job training. Also, it is the policy to ensure and maintain a working environment free of harassment, intimidation and coercion."

   e. Comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the
      U.S. Department of Transportation (hereinafter USDOT), 49 CFR Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Contract.

   f. Not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or

indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices.

g. In all solicitations either by competitive bidding or negotiations made by the Consultant for work to be performed under a subcontract, including procurement of materials or leases of equipment, notify each potential Subconsultant or supplier of the Consultant's obligations under this Contract and the Regulations relative to nondiscrimination on the ground of race, color, or national origin.

h. Provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the State to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Consultant is in the exclusive possession of another who fails or refuses to furnish this information, the Consultant shall so certify to the State as appropriate, and shall set forth what efforts it has made to obtain the information.

2. In the event of the Consultant's noncompliance with the NONDISCRIMININATION provision (Section A) of this Contract, the State shall impose such Contract sanctions as the State or FHWA may determine to be appropriate, including but not limited to:

   a. Withholding of payments to the Consultant under the Contract until the Consultant complies,

   and/or;

   b. Cancellation, termination, or suspension of the Contract, in whole or in part.

3. The Consultant shall include the provisions of paragraph 1.a. through 1.h. in every subcontract with Subconsultants, DBEs and non-DBEs, including procurement of materials and equipment leases, unless exempt by the Regulations or directives issued pursuant thereto.

4. The Consultant shall take such action with respect to any Subconsultants or procurement as the State or the Federal Aviation Administration (FAA), FHWA and the Federal Transit Administration (FTA) may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the Consultant becomes involved in or is threatened with litigation with a Subconsultant or supplier as a result of such direction, the Consultant may request the State to enter into such litigation to protect the interests of the State, and in addition, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

22. AFFIRMATIVE ACTION

Contractor shall take the following affirmative action steps with respect to securing supplies, equipment, or services under the terms of this contract:

a. Include qualified firms owned by socially and economically disadvantaged individuals on solicitation lists.

b. Assure that firms owned by socially and economically disadvantaged individuals are solicited whenever they are potential sources.

c. When economically feasible, divide total requirements into smaller tasks or quantities so as to permit maximum participation by firms owned by socially and economically disadvantaged individuals.

d. Where the requirement permits, establish delivery schedules which will encourage participation by firms owned by socially and economically disadvantaged individuals.

e. Use the services and assistance of the Small Business Administration, the Office of Minority Business Enterprise of the Department of Commerce, and the Community Services Administration, as required.

23. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

The following clauses apply to any Federal-aid contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed

with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1.) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1.) of this section.

Withholding for unpaid wages and liquidated damages. The FHWA or the contacting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

24. FEDERAL CHANGES

The Contactor and its sub-contractors shall comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between the Department and FTA, as they be amended or promulgated from time to time during the term of the contract. Contractor's failure to comply shall constitute a material breach of the contract.

25. PROMPT PAY

The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contract receives from the Recipient. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractors work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Recipient. This clause applies to both DBE and non-DBE subcontracts.

26. FULL AND OPEN COMPETITION

In accordance with 49 U.S.C. § 5325(h) all procurement transactions shall be

conducted in a manner that provides full and open competition.

27. PROHIBITION AGAINST EXCLUSIONARY OR DISCRIMINATORY SPECIFICATIONS

Apart from inconsistent requirements imposed by Federal statute or regulations, the contractor shall comply with the requirements of 49 USC 5323(h)(2) by refraining from using any FTA assistance to support procurements using exclusionary or discriminatory specifications.

28. CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

29. ACCESS REQUIREMENTS FOR PERSONS WITH DISABILITIES

Contractor shall comply with 49 USC 5301(d), stating Federal policy that the elderly and persons with disabilities have the same rights as other persons to use mass transportation services and facilities and that special efforts shall be made in planning and designing those services and facilities to implement that policy.

Contractor shall also comply with all applicable requirements of Sec. 504 of the Rehabilitation Act (1973), as amended, 29 USC 794, which prohibits discrimination on the basis of handicaps, and the Americans with Disabilities Act of 1990 (ADA), as amended, 42 USC 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments thereto.

30. NOTIFICATION OF FEDERAL PARTICIPATION

To the extent required by law, in the announcement of any third party contract award for goods and services (including construction services) having an aggregate value of $500,000 or more, contractor shall specify the amount of Federal assistance to be used in financing that acquisition of goods and services and to express that amount of Federal assistance as a percentage of the total cost of the third party contract.

31. INTEREST OF MEMBERS OR DELEGATES TO CONGRESS

No members of, or delegates to, the US Congress shall be admitted to any share or part of this contract nor to any benefit arising therefrom.

32. INELIGIBLE CONTRACTORS AND SUBCONTRACTORS

Any name appearing upon the Comptroller General's list of ineligible contractors for federally-assisted contracts shall be ineligible to act as a subcontractor for contractor pursuant to this contract. If contractor is on the Comptroller General's list of ineligible contractors (https://www.sam.gov/SAM/) for federally financed or assisted construction, the recipient shall cancel, terminate or suspend this contract.

33. OTHER CONTRACT REQUIREMENTS

To the extent not inconsistent with the foregoing Federal requirements, this contract shall also include those standard clauses attached hereto, and shall comply with the recipient's Procurement Guidelines, available upon request from the Department.

34. COMPLIANCE WITH FEDERAL REGULATIONS

Any contract entered pursuant to this solicitation shall contain the following provisions: All USDOT- required contractual provisions, as set forth in FTA Circular 4220, are incorporated by reference. Anything to the contrary herein notwithstanding, FTA mandated terms shall control in the event of a conflict with other provisions contained in this Agreement. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any grantee request that would cause the recipient to be in violation of FTA terms and conditions. Contractor shall comply with all applicable FTA regulations, policies, procedures and directives, including, without limitation, those listed directly or incorporated by reference in the Master Agreement between the recipient and FTA, as may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

35. REAL PROPERTY

Any contract entered into shall contain the following provisions: Contractor shall at all times comply with all applicable statutes and USDOT regulations, policies, procedures and directives governing the acquisition, use and disposal of real property, including, but not limited to, 49 CFR 18.31-18.34, 49 CFR 19.30-19.37, 49 CFR Part 24, 49 CFR 5326 as amended by Map-21, 49 CFR part 18 or 19, 49 USC 5334, applicable FTA Circular 5010, and FTA Master Agreement, as they may be amended or promulgated during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

36. ACCESS TO SERVICES FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY

To the extent applicable and except to the extent that FTA determines otherwise in writing, the Recipient agrees to comply with the policies of Executive Order No. 13166, "Improving Access to Services for Persons with Limited English Proficiency," 42 U.S.C. § 2000d 1 note, and with the provisions of U.S. DOT Notice, "DOT Guidance to Recipients on Special Language Services to Limited English Proficient (LEP)

Beneficiaries," 70 Fed. Reg. 74087, December 14, 2005.

37. ENVIROMENTAL JUSTICE

Except as the Federal Government determines otherwise in writing, the Recipient agrees to promote environmental justice by following: (1) Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," February 11, 1994, 42
U.S.C. § 4321 note, as well as facilitating compliance with that Executive Order, and (2) DOT Order 5610.2, "Department of Transportation Actions To Address Environmental Justice in Minority Populations and Low-Income Populations," 62 Fed. Reg. 18377, April 15, 1997, and (3) The most recent and applicable edition of FTA Circular 4703.1, "Environmental Justice Policy Guidance for Federal Transit Administration Recipients," August 15, 2012, to the extent consistent with applicable Federal laws, regulations, and guidance,

38. ENVIRONMENTAL PROTECTIONS

Compliance is required with any applicable Federal laws imposing environmental and resource conservation requirements for the project. Some, but not all, of the major Federal laws that may affect the project include: the National Environmental Policy Act of 1969; the Clean Air Act; the Resource Conservation and Recovery Act; the comprehensive Environmental response, Compensation and Liability Act; as well as environmental provisions with Title 23 U.S.C., and 49 U.C. chapter 53. The U.S. EPA, FHWA and other federal agencies may issue other federal regulations and directives that may affect the project. Compliance is required with any applicable Federal laws and regulations in effect now or that become effective in the future.

39. GEORGRAPHIC INFORMATION RELATED TO SPATIAL DATA

Any project activities involving spatial data or geographic information systems activities financed with Federal assistance are required to be consistent with the National Spatial Data Infrastructure promulgated by the Federal Geographic Data Committee, except to the extent that FTA determines otherwise in writing.

40. GEOGRAPHIC PREFERENCE

Pursuant to 2 CFR 200.319(b), all procurements must be conducted in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract).

41. ORGANIZATIONAL CONFLICTS OF INTEREST

The Recipient agrees that it will not enter into a procurement that involves a real or apparent organizational conflict of interest described as follows:

(1) When It Occurs. An organizational conflict of interest occurs when the Project work, without appropriate restrictions on certain future activities, results in an unfair competitive advantage:

(a) To that Third Party Participant or another Third Party Participant performing the Project work, and
(b) That impairs that Third Party Participant's objectivity in performing the Project work, or

(2) Other. An organizational conflict of interest may involve other situations resulting in fundamentally unfair competitive conditions,

(3) Disclosure Requirements. Consistent with FTA policies, the Recipient must disclose to FTA, and each of its Subrecipients must disclose to the Recipient:

(a) Any instances of organizational conflict of interest, or
(b) Violations of federal criminal law, involving fraud, bribery, or gratuity violations potentially affecting the federal award, and

(4) Failure to Disclose. Failure to make required disclosures can result in remedies for noncompliance, including debarment or suspension.

42. VETRANS PREFERENCE

As provided by 49 U.S.C. § 5325(k), to the extent practicable, the Recipient agrees and assures that each of its Subrecipients:

(1) Will give a hiring preference to veterans, as defined in 5 U.S.C. § 2108, who have the skills and abilities required to perform construction work required under a third party contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53, and
(2) Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

43. CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) IDENTIFICATION NUMBER

The municipal project sponsor is required to identify in its accounts all Federal awards received and expended, and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and name of the pass-through entity.

44. AMERICANS WITH DISABILITIES ACT (ADA)

The contractor agrees to comply with the requirements of 49 U.S.C. § 5301 (d), which states the Federal policy that the elderly and persons with disabilities have the same right as other persons to use mass transportation service and facilities, and that special efforts shall be made in planning and designing those services and facilities to implement that policy. The contractor also agrees to comply with all applicable requirements of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of handicaps, with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments to that Act, and with the Architectural Barriers act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to persons with disabilities, including any subsequent amendments to that Act. In addition, the contractor agrees to comply with any and all applicable requirements issued by the FTA, DOT, DOJ, U.S. GSA, U.S. EEOC, U.S. FCC, any subsequent amendments thereto and any other nondiscrimination statute(s) that may apply to the Project.

45. BYRD ANTI-LOBBYING AMENDMENT

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Agency."

46. NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Agency and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Agency, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

44. BUS TESTING

The operator of the bust testing facility is required to provide the resulting test report to the entity that submits the bus for testing. The manufacturer or dealer of a new bus

model or a bus produced with a major change in component or configuration is required to provide a copy of the corresponding full bus testing report and any applicable partial testing report(s) to the Agency during the point in the procurement process specified by the Agency, but in all cases before final acceptance of the first bus by the Agency. The complete bus testing report requirements are provide in 49 C.F.R. § 665.11.

45. CARGO PREFERENCE REQUIREMENTS

The contractor agrees:

a. to use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;

b. to furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "onboard" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA Recipient (through the contractor in the case of a subcontractor's bill-of-lading.); and

c. to include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

46. E-AWARD AND POST-DELIVERY AUDITS OF ROLLING STOCK PURCHASES

The Contractor agrees to comply with 49 U.S.C. § 5323(m) and FTA's implementing regulation at 49 C.F.R. part 663. The Contractor shall comply with the Buy America certification(s) submitted with its proposal/bid. The Contractor agrees to participate and cooperate in any pre-award and post-delivery audits performed pursuant to 49 C.F.R. part 663 and related FTA guidance.

EXHIBIT 1
Title VI/Non-Discrimination Assurances
Appendix A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, the *Federal Highway Administration,* as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. **Non-discrimination:** The contractor, with regard to the work performance by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and Regulations relative to Non-discrimination on the grounds of race, color, or national origin.

4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the *Federal Highway Administration* to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the *Federal Highway Administration,* as appropriate, and will set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the *Federal Highway Administration* ,may determine to be appropriate, including, but not limited to:

    a. withholding payments to the contractor under the contract until the contractor complies; and/or
    b. cancelling, terminating, or suspending a contract, in whole or in part.

6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with request to any subcontract or procurement as the Recipient or the *Federal Highway Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that **if** the contractor becomes involved in, or is threatened with litigation by a subcontractor or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

EXHIBIT 2
Title VI/Non-Discrimination Assurances
Appendix E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.,* 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin): and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *etseq.),* (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.),* as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.),* (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1687 et. seq).

The Post-Delivery Review Requirements (http://www.fta.dot.gov/legislation_law/12921_5430.html)		
The Post-Delivery Buy America Certification Requirement		
Select basis' (1 REQ'D)	Buy America-Compliant Buses	49 CFR 663(b)
	§663.33 Description of post-delivery audit. A post-delivery audit under this part includes—	
	(a) A post-delivery Buy America certification as described in §663.35 of this part;	
	§663.35 Post-delivery Buy America certification. For purposes of this part, a post-delivery Buy America certification is a certification that the recipient keeps on file that—	
	(a) There is a letter from FTA which grants a waiver to the rolling stock received from the Buy America requirements under sections 165 (b)(1), or (b)(4) of the Surface Transportation Assistance Act of 1982, as amended; **or**	
	(b) The recipient is satisfied that the rolling stock received meets the requirements of section 165 (a) or (b)(3) of the Surface Transportation Assistance Act of 1982, as amended, after having reviewed itself or by means of an audit prepared by someone other than the manufacturer or its agent documentation provided by the manufacturer which lists— (1) Components and subcomponent parts of the rolling stock identified by manufacturer of the parts, their country of origin and costs; and (2) The actual location of the final assembly point for the rolling stock including a description of the activities which took place at the final assembly point and the cost of the final assembly.	
Met? Y/N (3 REQ'D)	(b) A post-delivery purchaser's requirements certification as described in §663.37 of this part; **and**	
	§663.37 Post-delivery purchaser's requirements certification. For purposes of this part, a post-delivery purchaser's requirements certification is a certification that the recipient keeps on file that—	
	(a) Except for procurements covered under paragraph (c) in this section, a resident inspector (other than an agent or employee of the manufacturer) was at the manufacturing site throughout the period of manufacture of the rolling stock to be purchased and monitored and completed a report on the manufacture of such rolling stock. Such a report, at a minimum, shall— (1) Provide accurate records of all vehicle construction activities; and (2) Address how the construction and operation of the vehicles fulfills the contract specifications.	
	(b) After reviewing the report required under paragraph (a) of this section, and visually inspecting and road testing the delivered vehicles, the vehicles meet the contract specifications.	
	(c) For procurements of: (1) Ten or fewer buses; or (2) Procurements of twenty vehicles or fewer serving rural (other than urbanized) areas, or urbanized areas of 200,000 people or fewer; or (3) Any number of primary manufacturer standard production and unmodified vans, after visually inspecting and road testing the vehicles, the vehicles meet the contract specifications.	
Met? Y/N (1 REQ'D)	(c) When appropriate, a manufacturer's Federal Motor Vehicle Safety Standard self-certification information as described in §663.41 or §663.43 of this part.	
	§663.41 Certification of compliance with Federal motor vehicle safety standards. If a vehicle purchased under this part is subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, a recipient shall keep on file its certification that it received, both at the pre-award and post-delivery stage, a copy of the manufacturer's self-certification information that the vehicle complies with relevant Federal Motor Vehicle Safety Standards.	
	§663.43 Certification that Federal motor vehicle standards do not apply. (a) Except for rolling stock subject to paragraph (b) of this section, if a vehicle purchased under this part is not subject to the Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in part 571 of this title, the recipient shall keep on file its certification that it received a statement to that effect from the manufacturer. (b) This subpart shall not apply to rolling stock that is not a motor vehicle.

Solicitation Amendment Summary

SOLICITATION NO.: BPM004157	**AMENDMENT NO.: Two (2)**
DESCRIPTION: New Vehicles Purchases	

Pursuant to the Uniform Instructions to Offerors, Item B.6, Solicitation Amendments, the above referenced solicitation shall be amended as follows:

1. **Specifications**
   The following sections are hereby modified to read:

   a. **Paragraph 2.1** "The State of Arizona Department of Transportation (Department) is seeking to contract with a qualified vendor(s) who can provide new vehicles (all fuel types, hybrid, and full electric) including but not limited to: Sedans, Trucks up to 19,500 GVWR, Vans, Sport Utility Vehicles (SUVs), and Crossovers for the State of Arizona and participating Eligible Agencies. These vehicles will be used to support official organizational goals. These vehicles will be used on highways, city/county roads and shall be designed to operate under typical Arizona ambient temperatures."
   b. **Paragraph 3.3.1, 3.5.1 and 3.5.2** is hereby removed.
   c. **Paragraph 4.1**: "The Contractors are encouraged to provide a full line of new vehicles (gasoline, hybrid, full electric) including but not limited to the following categories: Sedans, Trucks up to 19,500 GVWR, Vans (cargo, passenger, transit, etc.), Sport Utility Vehicles (SUVs), and Crossovers. Eligible Agencies throughout the State will have varying vehicle needs. Contractors are to provide a full line of manufactured new vehicles and all subsequent variants of each vehicle; including but not be limited to: models and manufacturer options, trim package, etc. to meet each need of an Eligible Agency."
   d. **Paragraph 4.1.1** is hereby removed.
   e. **Paragraph 4.4.1:"** The Eligible Agency may request the awarded Contractor(s) to up-fit/modify any vehicle for specific organizational needs. For example, the cab and chassis of ½ ton, ¾ ton, and/or up to 19,500 GVW trucks may require a specialized body (i.e.: dump body, landscape body, etc.). Other vehicles may require interior and/or exterior modifications per the individual Eligible Agency. "
   f. **Paragraph 4.6.1**: " Anti-slip differential for two-wheel drive pickup trucks, ¾ ton, up to 19,500 GVW."

2. **Special Terms and Conditions**

   The following sections are hereby modified to read:

   a. Paragraph 11.1, (a-g): "Phase 1 and 2 pricing for vehicles shall be a minimum Percentage off MSRP, less the manufacturer's rebates and any additional discounts available for that model/power-train combination.
      a. Contractor shall provide a copy of manufacturer's invoice to the ordering agency upon request. The manufacturer's invoice shall be unaltered to include original pricing from the manufacturer.

Solicitation Amendment Summary

SOLICITATION NO.: BPM004157	**AMENDMENT NO.: Three (3)**
DESCRIPTION: New Vehicles Purchases	

Pursuant to the Uniform Instructions to Offerors, Item B.6, Solicitation Amendments, the above referenced solicitation shall be amended as follows:

1. **Specifications**
   The following sections are hereby modified to read:

   a. **Paragraph 3.5** "For Phase Two (2) vehicles, the Contractor shall supply a quote within five (5) calendar days after receiving a request from the Eligible Agency. The quotation shall include but not be limited to the following information: State contract number, vehicle availability and delivery lead-time, Vehicle Identification Number (VIN), dealer stock number, vehicle base bid price, itemized options, applicable tax, delivery cost, total price, and point of contact. For vehicles requiring up-fit/modifications, all applicable cost may be included in quotation or as a separate quotation."

   b. **Paragraph 3.10**: "For Phase One (1) the Contractor shall provide the Eligible Agency copies of the manufacturer's vehicle identification numbers (VIN#) to confirm vehicles have been ordered unless impossible due to manufacture delay within ninety (90) calendar days after receipt of a purchase order. If confirmation of manufacturer's VIN #(s) is not received within this timeframe the Eligible Agency has the option to award to the second lowest bidder meeting specifications. This shall be considered a mandatory requirement and the timeframe must be met unless there is a manufacture delay. Failure to provide this document for each vehicle ordered may be cause for determination of default of contract."

2. All other terms, conditions and provisions of this solicitation remain unchanged.

Phoenix, AZ 85007
602.712.7211

Solicitation Amendment Summary

SOLICITATION NO.: BPM004157	**AMENDMENT NO.: Two (2)**
DESCRIPTION: New Vehicles Purchases	

b. Transportation costs to transfer a vehicle from another dealer for a Phase 2 or purchase from stock may be added to the cost of the vehicle. The justification for this cost is at the discretion of the Eligible Agency.
c. Any reference to Phase 1 pricing shall be in reference to vehicles ordered prior to the factory cut-off date.
d. Any reference to Phase 2 pricing shall be in reference to vehicles purchased from stock or "on the lot".
e. Phase 2 pricing shall receive the same cost considerations as Phase 1 pricing, all discounts and rebates should be passed onto the Eligible Agency.

f. All vehicles are to be billed at prices in effect at the time of order, not the date of shipment.

g. Pricing for vehicles shall include all discounts and deductions, less Federal and State taxes. Pricing shall be firm for life of contract unless amended by way of contract change order. "

b. Paragraph 22 is hereby replaced with the following: "The Contractor shall furnish Two (2) Usage reports, the first to the Department on a quarterly basis showing purchasing activity under this contract. This usage report shall be provided in a form substantially equivalent to Exhibit 03. Usage reports shall be submitted to the Procurement Officer no later than 30 days after the end of each quarter.

Usage report quarters shall be defined as follows:

- January through March – Report due April 30
- April through June – Report due July 30
- July through September – Report due October 30
- October through December – Report due January 30

Contractor shall submit the second to the State documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. A *Quarterly Usage Report* shall still be submitted; even if there have been no sales to either Eligible Agencies and/or Co-Op Buyers. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

https://spo.az.gov/contractor-resources/statewide-contracts-administrative-fee"

c. Paragraph 25: Co-op administrative fee has hereby been removed.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.D. PW - Cooperative Contract Purchase Addendum with Sewer Equipment Co. of America to purchase a new 9-Yard Hydro-Excavator Truck.
DATE PREPARED: 08/29/24	**DISTRICT NO.:**
STAFF LIAISON: Bret Hodne, Public Works Director, bhodne@buckeyeaz.gov, (623) 349-6801	
DEPARTMENT: Public Works	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on the Cooperative Contract Purchase Addendum (CCPA No. 2025127) between the City of Buckeye, an Arizona municipal corporation, and Sewer Equipment Co. of America, an Illinois corporation, to purchase a Hydo-Excavator Truck along with authorization for the City Manager to execute and deliver the Cooperative Contract Purchase Addendum on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:
Fleet Management is seeking Council's authorization to enter into the Cooperative Contract Purchase Addendum with Sewer Equipment Co. of America, to purchase a new 9-Yard Hydro-Excavator truck to replace a failing unit that has experienced extensive repairs in the past 12 months of over $60,000 and currently needs a motor replaced at an additional $25,000 cost.

BENEFITS:
The approval of this Cooperative Contract Purchase Addendum will ensure City staff have mechanically sound equipment to perform daily work assignments for the benefit of the residents of the City of Buckeye. Equipment that has reached or exceeded their life expectancy cost more to maintain and frequently experience higher downtime to staff which results in a lack of timely services.

FUTURE ACTION:
No further action contemplated.

FINANCIAL IMPACT STATEMENT:
The total amount is not to exceed $ 543,000.

CURRENT FISCAL YEAR TOTAL COST:
$543,000 from Water Resources vehicle budget that was approved to purchase supplemental vehicles during the FY25 budget process.

BUDGETED:
Yes

FISCAL YEAR:
FY25

FUND/DEPARTMENT:

40003229-541210

Items related to a project or facility location must include an attached vicinity map for Council Review.

COOPERATIVE CONTRACT PURCHASE ADDENDUM (CCPA)
BETWEEN THE CITY OF BUCKEYE
AND
SEWER EQUIPMENT CO. OF AMERICA

SEWER VACUUM, HYDRO-EXCAVATION, AND MUNICIPAL PUMPING EQUIPMENT WITH RELATED ACCESSORIES AND SUPPLIES
CONTRACT NO. 2025127

THIS COOPERATIVE CONTRACT PURCHASE ADDENDUM (this "Addendum") is entered into as of_____between the City of Buckeye, an Arizona municipal corporation (the "City"), and Sewer Equipment Co. of America, an Illinois corporation (the "Contractor")

WHEREAS, after a competitive procurement process, which is documented in the Award attached hereto as **Exhibit A** and incorporated herein by reference, Sourcewell and Contractor entered into Contract No. 101221-SCA, dated November 23, 2021 with the Contractor (such contract and subsequent amendments thereto here referred to as the "Sourcewell Contract"), which is attached hereto as **Exhibit A** and incorporated herein by reference; and

WHEREAS, the City is permitted by Section 24-3-16 of the City Procurement Code to make purchases via cooperative purchasing pursuant to a cooperative purchasing contract; and

WHEREAS, the Contractor has made a proposal to the City, which is attached hereto as **Exhibit B** and incorporated herein by reference (the "Contract"); and

WHEREAS, the City desires to accept the Proposal and enter into contract with the Contractor under the terms and conditions of the Sourcewell Contract, by issuing this Addendum to said contract.

THEREFORE, the City now enters into this Addendum with Contractor for the goods and services set forth in the Proposal. This Addendum incorporates the terms and conditions of the Sourcewell Contract, except to the extent superseded herein. All references in the Sourcewell Contract shall be read to refer to the City of Buckeye. This Addendum shall be effective as of the date set forth below for approval and remain in effect for the remainder of the Sourcewell Contract 101221-SCA, unless such term is modified or extended pursuant to the terms of the Sourcewell Contract. Payments to the Contractor shall be calculated in accordance with the Fee Schedule, which is attached hereto as part of **Exhibit B**, in a total amount not to exceed $543,000.00.

FURTHER, this Addendum is subject to cancellation pursuant to ARS §38-511.

FURTHER, to the extent applicable, the Contractor and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees and their compliance with the E-verify requirements under A.R.S. § 23-214(A). The Contractor's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Addendum and may result in the termination of this Addendum by the City. The City retains the

right to inspect the papers of the Contractor's or its subcontractors' employees who perform any work or services pursuant to this Addendum to ensure compliance with these warranties.

FURTHER, to the extent applicable, the Contractor warrants that it is not participating and will not participate in prohibited activity in contravention of A.R.S. § 35-393.01.

FURTHER, to the extent applicable under ARIZ. REV. STAT. § 35-394, Contractor certifies that it does not currently, and agrees for the duration of this Agreement that it will not use (i) the forced labor of ethnic Uyghurs in the Peoples Republic of China ("ethnic Uyghurs"), (ii) any goods or services produced by the forced labor of ethnic Uyghurs, or (iii) any Contractors, subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs. If Contractor becomes aware that it is not in compliance with this paragraph, Contractor shall notify the City of the noncompliance within five (5) business days of becoming aware of it. If Contractor fails to provide a written certification that Contractor has remedied the noncompliance within one hundred eighty (180) days after that, this Agreement shall terminate unless the termination date of this Agreement occurs before the end of the remedy period, in which case this Agreement terminates on the Agreement termination date.

FURTHER, the Parties agree that the Addendum and Exhibits thereto shall be governed by State of Arizona law and suits pertaining to the Addendum and Exhibits thereto may only be brought in courts located in Maricopa County, Arizona.

FURTHER, all modifications, including but not limited to service additions and deletions, will be made in writing and with the written agreement of both parties.

FURTHER, in the event of any inconsistency between this Addendum, the Sourcewell Contract, and **Exhibit B**, the documents shall govern in that order.

CLICKWRAP TERMS EXCLUDED, in the event the Consultant's terms of sale or service were provided to the City only upon "acceptance" of a "clickwrap" or "clickthrough" agreement, such terms of sale or service shall not be binding upon the City. No oral agreement, "clickwrap" or "clickthrough" agreement or other understanding shall in any way modify a City issued or approved contract or the terms of this Cooperative Contract Purchase Addendum (CCPA).

THEREFORE, the Parties have executed this Addendum as of the date first set forth above.

Solicitation Number: RFP #101221

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Sewer Equipment Co. of America, 1590 Dutch Rd., Dixon, IL 61021 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Sewer Vacuum, Hydro-Excavation, and Municipal Pumping Equipment with Related Accessories and Supplies from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires November 29, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.

C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

   a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use thetrademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.

   b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers,

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. As applicable, Supplier agrees to indemnify and hold harmless Sourcewell and its Participating Entities against any and all suits, claims, judgments, and costs instituted or recovered against Sourcewell or Participating Entities by any person on account of the use of any Equipment or Products by Sourcewell or its Participating Entities supplied by Supplier in violation of applicable patent or copyright laws.

5. Termination. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*
Workers' Compensation: As required by any applicable law or regulation.
Employer's Liability Insurance: must be provided in amounts not less than listed below:
Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.
Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for Products-Completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:
$2,000,000 per occurrence
$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to "federal" should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier's Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier not use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by an Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

DocuSign Envelope ID: 9D50ACBA-95DC-4439-9F3D-09EB66C12FA3

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 1: Proposer Identity & Authorized Representatives

General Instructions (applies to all Tables) Sourcewell prefers a brief but thorough response to each question. Do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; respond "N/A" if the question does not apply to you (preferably with an explanation).

Line Item	Question	Response *	
1	Proposer Legal Name (one legal entity only): (In the event of award, will execute the resulting contract as "Supplier")	Sewer Equipment Co. of America	*
2	Identify all subsidiary entities of the Proposer whose equipment, products, or services are included in the Proposal.	Rock Rentals	*
3	Identify all applicable assumed names or DBA names of the Proposer or Proposer's subsidiaries in Line 1 or Line 2 above.	Sewer Equipment	*
4	Proposer Physical Address:	1590 Dutch Rd., Dixon, IL 61021	*
5	Proposer website address (or addresses):	www.sewerequipment.com, www.rock-rental.com, www.sewershop.com	*
6	Proposer's Authorized Representative (name, title, address, email address & phone) (The representative must have authority to sign the "Proposer's Assurance of Compliance" on behalf of the Proposer and, in the event of award, will be expected to execute the resulting contract):	Shawn Bondele Inside Sales Manager 1590 Dutch Rd. Dixon, IL 61021 shawnbondele@sewerequipment.com 815-835-5566	*
7	Proposer's primary contact for this proposal (name, title, address, email address & phone):	Shawn Bondele Inside Sales Manager 1590 Dutch Rd. Dixon, IL 61021 shawnbondele@sewerequipment.com 815-835-5566	*
8	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Tom Hochmuth Regional Sales Manager 1590 Dutch Rd. Dixon, IL 61021 tomhochmuth@sewerequipment.com 815-342-1700 Vanessa Gomez Inside Sales Coordinator 1590 Dutch Rd. Dixon, IL 61021 vanessagomez@sewerequipment.com 815-835-5566	

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	
9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	"Best Product, Best Local Support" is a promise to our customers and is also a tagline that acts as a guiding principle to us each day. We have long been known for robust and innovative products that focus on simplicity, an increasingly rare characteristic in our marketplace. Sewer Equipment is also unique among manufacturers for our breadth of product, which ultimately allows our salespeople and distributors to sell in a consultative fashion. No other manufacture provides full size combination (jet/vacuum) trucks, mini combo trucks, water recycling combo trucks, truck and trailer jets both large and small, rodders, easement machines, and accessories for sewer cleaning applications as well as purpose built hydro excavation and air excavation trucks of all sizes. Our 76-year history has been one of growth and meaningful innovation. In 1941, our founder, H.T. O'Brien, developed the idea of using a rotating, spring tipped rod for cleaning drains in buildings, and a company was born. Throughout the 1940's and into the 1960's, O'Brien Manufacturing refined and expanded this principle to include trailer mounted rodders for cleaning mainline sewer pipes – these rodders were the predecessors of today's sewer jetters. The late 1960's saw the advent of modern-day sewer jet trucks and water powered rotating root cutters by O'Brien. O'Brien Manufacturing was sold in the early 70's and Sewer Equipment Company of America was opened by Jim O'Brien, son of the founder. The company grew from accessory sales to the manufacture of rodders, bucket machines, vacuum trailers, and truck and trailer jetters. In the mid 2000's we began manufacturing an extensive line of hydro excavating trucks and trailers. In 2012, the company was moved from a 37,000 sq/ft manufacturing facility in Chadwick Il to a 122,000 sq/ft plant in Dixon IL to accommodate our growth. This move allowed us to begin producing the 900-ECO combination sewer cleaner 2015. In the 6 years since its release, the 900-ECO has achieved approximately a 13% share of this hotly contested segment, measured in annual new truck sales in the US. In the last 4 years, we have also released the 400-ECO mini combo truck, the Genesis water recycling combo, and the AX-4000 air excavator truck. May of 2021 marked the completion of our 9000th piece of "big equipment" in company history.	*
10	What are your company's expectations in the event of an award?	We would immediately schedule a video conference meeting with all distributor sales personnel, reiterating the terms of the contract and calling attention to any changes. This would be followed up with in person reviews as well as e-mail / social media blasts to dealers and end users. We would remain the sole source of responsibility for this contract and would handle all order entry and reporting tasks required by the contract as we currently do.	*
11	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Sewer Equipment has a consistent track record of growth and profitability. The company's past performance assures ample resources to enhance our product offerings for the markets we serve. Sewer Equipment maintains insurance coverage that is customary for the business being conducted. (Attachment – 11-2020 Sewer Equipment Co……., 11 – Huntington National Bank……., 11 – 2021-2022 Sewer Equipment COI)	*
12	What is your US market share for the solutions that you are proposing?	Our US Market Share data listed here for combination trucks, truck jets, and hydro excavation trucks is based on data reporting through the American Association of Equipment Manufacturers. Combination Sewer Cleaners (2018) 6.4% (2019) 7.1% (2020) 14% (2021y.t.d.) 13.3% Truck Jets (2018) 58.5% (2019) 8% (2020) 44.6% (2021y.t.d.) 31.7% Hydro-Excavation Trucks (2018) 5.9% (2019) 9.3% (2020) 6.9% (2021y.t.d.) 8.1%	*
13	What is your Canadian market share for the solutions that you are proposing?	Our Canadian Market Share data listed here for combination trucks, truck jets, and hydro-excavation trucks is based on data reporting through the American Association of Equipment Manufacturers. Combination Sewer Cleaners (2018) 1.7% (2019) 2.0% (2020) 7.7% (2021y.t.d.)7.5% Truck Jets (2018) 66.7% (2019) 42.9% (2020) 75% (2021y.t.d.) 75% Hydro-Excavation Trucks (2018) 2.1% (2019) 2.0% (2020) 0% (2021y.t.d.) 7.8%	*
14	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Since its formation, Sewer Equipment has never petitioned for bankruptcy protection.	*
15	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	As a manufacturer, our primary means of going to market is via exclusive distributors that are typically responsible for covering the municipal entities in an entire state/states, multiple provinces, or multiple countries. We have distributors in 46 States and 2 Providences in Canada, as well as 5 overseas countries. The only exception is in some states/provinces that are in a transitional phase. Distributors act on our behalf as local sales, service, training, and warranty providers. These distributor sales and service people are 3rd party employees and are looked after by regional sales managers from Sewer Equipment. Distributor service personnel work closely with, and have direct access to Sewer Equipment's warranty department, technical service department and engineering group.	*
16	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	As a United States based company, we are an Illinois corporation registered with the Illinois Secretary of State (File No. 50370119). Our Federal Employer Identification Number is 36-2786536. Our Illinois Certificate of Resale Number is 0252-2705. As a manufacturing making mobile products operating on US highways, we have two dealer licenses. DL1582 for trucks and DLT1419 for trailers. Each of our Dealers also hold Dealer Licenses in their respective territories. Where required, Sewer Equipment is licensed as a Manufacturer or Motor Vehicle Converter including Iowa Manufacturer License No. M241, Texas Motor Vehicle Converter License No. 105517, Louisiana Motor Vehicle Converter License No. CV-2021-00122, Washington Vehicle Manufacturer License No. 08152 and Montana New Motor Vehicle Manufacturer License No. 139. Sewer Equipment is also a member of the National Association of Trailer Manufacturers. This assures our trailers are manufactured in accordance with all DOT and NATM guidelines.	*
17	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	Sewer Equipment has not within the ten-year period preceding this bid been debarred or suspended from any public transactions (Federal, State, or local).	*

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	
18	Describe any relevant industry awards or recognition that your company has received in the past five years	Sewer Equipment was awarded patent number "US 9,863,135 B2" for our Hydro-Drive system on January 9th, 2018. This Hydro-Drive System is the heart of our 900-ECO Combination Sewer Cleaner and has been a major contributor to the continued growth and success of our company. In the July 2021 issue of THE MUNICIPAL, Sewer Equipment was featured in an article "Moving Beyond Transactional Relationships Toward Partnerships." referencing a sale to King County, WA, where they utilized the Sourcewell Contract for the purchase and National Cooperative Lease for the financing. Sewer Equipment's products are in focus on almost a monthly basis in Industry Trade Publications such as CLEANER, DIG DIFFERENT, and MUNICIPAL WATER & SEWER.	*
19	What percentage of your sales are to the governmental sector in the past three years	(2018) 47%, (2019) 52%, (2020) 53%, (2021) 54%	*
20	What percentage of your sales are to the education sector in the past three years	(2018) .032%, (2019) .058%, (2020) 0%, (2021) 0%	*
21	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	The figures below do not include state and other local contracts that are manages by our distributors. These are only contract held directly by Sewer Equipment. HGAC (2018) $361,491.00, (2019) $496,502.00, (2020) $0.00, (2021) $0.00, State of Ohio (2018) $66,914.00, (2019) $337,639.00, (2020) $569,970.00, (2021) $248,523.00 Florida Sheriffs (2018) $0.00, (2019) $0.00, (2020) $0.00, (2021) $87,886.00 BuyBoard (2018) $0.00, (2019) $0.00, (2020) $0.00 (2021) $52,325.00	*
22	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	Sewer Equipment partners with Fedharmony on a GSA contract. We also directly hold a DLA contract. GSA (2018) $0.00, (2019) $250,619.00, (2020) $263,271.00, (2021) $58,479.00 DLA (2018) $0.00, (2019) $256,309.83, (2020) $274,847.00, (2021) $0.00	*

Table 4: References/Testimonials

Line Item 23. Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *	
City of Reno, NV	Zac Haffner	775-399-8692	*
City of Salem, OR	Jerry Smith	503-385-7560	*
City of Atlanta, GA	Robert Horton	404-982-1426	*

Table 5: Top Five Government or Education Customers

Line Item 24. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
City of Atlanta, GA	Government	Georgia - GA	Combination Sewer Cleaners	8 - 900-ECO's	$2,171,740.00	*
City of Reno, NV	Government	Nevada - NV	Combination Sewer Cleaners, Truck Jets, Easement Machines	3 - 800-HPRs, 3 - 900-ECO's, 1 - JAJ-600WH	$1,141,776.00	*
Snohomish County	Government	Washington - WA	Combination Sewer Cleaners	3 - 900-ECO's	$812,988.00	*
City of Salem, OR	Government	Oregon - OR	Combination Sewer Cleaners	3 - 900-ECO's	$755,912.00	*
City of Hamilton, ON	Government	ON - Ontario	Hydro Excavators	2 - Ramvac HX-12's	$705,804.00	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
25	Sales force.	We directly employ a national sales manager as well as an eastern, central, and western regional sales manager that are responsible for our distributor network. We employ 3 inside salespeople as well as 7 direct salespeople that serve markets that are not fully covered by distribution (primarily contractors, but also some federal agencies and education to a very small degree). Three full time demonstration specialists work with our regional sales managers and distributor salespeople to allow our customers to "try it before they buy it", which is a very important aspect of our sales program.	*

26	Dealer network or other distribution methods.	In total, our distributor network employs approximately 140 salespeople. As a premium specialty product, our distributors are quite focused on the Sewer Equipment line, typically spending 50% or more of their efforts on our offerings. A new focus moving forward will be an intensive product and presentation technique training (SEAL - Sewer Equipment Advanced Learning) program for our distributors, with the goal being the most educated and knowledgeable sales staff in the industry. This has already begun with a dealer "walkaround" event (live product presentation), in which dealer salespeople presented several products to their peers and factory personnel and were graded for certification purposes. This program will be expanded with more events and more content in the coming years.	*
27	Service force.	(See attachment: 27 Service Distributor Map – US) As the Sewer Equipment distributor network evolves, our service presence has improved in recent years. With more professional organizations in our ranks, our number of service techs at the dealer in the US and Canada is approximately 170. Each of our distributors is required to have at least two technicians certified at Sewer University, a multi-day class that is regularly held at our Dixon IL headquarters. 99% of our customer's service needs are accommodated at the distributor level. Sewer Equipment also employs 3 mobile service technicians equipped with service trucks that fill in any gaps in service coverage and cover special projects. A relatively unique offering for customers in remote regions is our willingness to provide warranty coverage via a 3rd party repair shop of their choice or to reimburse the customer to perform simple warranty repairs themselves. This is very popular among customers in the rural western US, and is largely made possible by our simple products and factory tech support.	*
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	As in the past, Sewer Equipment distributors will provide Sourcewell quotations to customers and will accept purchase orders from customers following Sourcewell guidelines as called out in our Quick start guide for distributors which will be updated (Attachment - 28 Quick Start Guide for dealers- Sourcewell INTERNAL - rev6 4-6-2020). Upon securing the order from the end user, the distributor will in turn place their order with Sewer Equipment and must include a copy of their customer's purchase order complete with Sourcewell discount information, customer Sourcewell number, and our Sourcewell contract number. Said in a simpler way, customers will order from their authorized distributor, and the distributor will order from Sewer Equipment as they normally would, with the exception that Sourcewell quote and order protocols will be followed.	*
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	The first and likely most important aspect of our service program is building equipment that can be worked on by the customer or a local shop. Because Sewer Equipment has consciously avoided the use of computers, circuit boards, and CANbus communication protocols in our products, a mechanic with traditional skills and a knowledge of 12-volt wiring systems can often help themselves. If the customer does not possess the skills or cannot resolve the issue on their own, they should make a call to their local distributor to schedule a service visit, or to our corporate service technicians for assistance via the phone. Our corporate, in-house customer service department is comprised of both parts sales specialists and technical support specialists that provide toll-free service and tech support 24-7 & 365 days a year to end users and distributor service groups. Depending upon the issue, many can be handled over the phone with minor adjustments to either the operator's use of the equipment or to the machine itself. Our support specialists have extensive experience in troubleshooting issues and offering solutions. If repair service and parts are required, our specialists will work with the customer and/or dealer to most quickly and easily remedy the situation. To assist in this process, each unit we build is assigned a 4 digit serial number that allows us to retrieve electronic copies of every document related to the system from the sales order to product manuals that contain as built wiring diagrams and hydraulic schematics. We stock an extensive inventory of repair parts and accessories to give expedited service to our customers. Due to our stock levels and standardization on most buy out components, we have a track record of consistently shipping 95+% parts the same day ordered. For those remaining parts, we go to our vendor suppliers for support to meet our customer and dealer network needs. In regard to response time, most customers can expect a personal visit from a dealer technician within 24 hours with some exceptions due to geographic challenges. As detailed above, technical phone support is available all day, every day.	*
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	All personnel, physical assets. and procedures are already in place to provide our products and product support nationwide.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We are prepared and have already utilized the Sourcewell contract in Canada for a substantial transaction with Hamilton, Ontario (2 Hydro-Excavator trucks)	*
32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Hawaii is the only geography not covered by an exclusive distributor, but we do utilize a non-exclusive reseller to facilitate service issues and the few sales that we see there.	*
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Although we are willing and able to serve all sectors, 98-99% of our customers fall in the government segment with some tribal entities and an occasional school district or university mixed in.	*
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	We do not have any restrictions in regards to the contract for the States of Alaska and Hawaii.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	• Product Literature: We display the Sourcewell contract awarded logo on our product line cards, product catalogs, and our website. See supporting document "Sewer Equipment Co. of America Full Product Line Catalog". • Website: We will highlight this in our website blog content when awarded and highlight on our social platforms. • Magazines: Collaborate with Industry Partners and Trade Publications advertise and write articles highlighting the benefits of utilizing the Sourcewell Contract. • Training on Finance Options: Promote the use of the Contract and Finance Options during our yearly Dealer Meetings. • Main Phone Line: Our on-hold message for our main Sewer Equipment phone line includes a narrative describing the contract and benefits to our customers. • Tradeshows: We display Sourcewell flags/banners at the major industry shows and our distribution (dealer) partners do as well at dozens of local shows each year. • Field: Our three regional sales managers, national sales manager, and demonstration specialists promote the contract at in person customer visits and demonstrations. Trailing has also been provided to our distribution (dealer) partners on how to also promote the contract in the field	*
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Our marketing platforms include: our websites (Sewer Equipment and Rock Rental), ad campaigns through Google AdWords, LinkedIn ads, and Facebook ads, social media platforms such as LinkedIn, Facebook, and Twitter, advertising and editorial content with trade magazines, and email campaigns to established dealer networks and customers.	*
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We feel that Sourcewell provides the medium and Sewer Equipment supplies the product, both supplying prospects. Sourcewell's marketing efforts are important to expose municipalities to the contract and the accepted option as an alternative to the traditional bid process. Sewer Equipment's responsibility is to market our product to prospects and our distribution network. Integrate Into Sales Process: • We will continue with our existing plan which is mentioned in number 35 above. In addition to what is mentioned we have additional plans already in place that we will continue with that include: o WWETT show, Indianapolis, February 2022: announce renewal of contract at annual dealer meeting. o Each year we present the top 3 Sourcewell dealer salespersons with monetary awards covered by Sewer Equipment. o Our secured dealer portal website includes: all Sourcewell pricing, Sourcewell quick start guide which outlines all pertinent details of our contract. o Internal quarterly sales meeting includes update on sales success regarding the contract. o When a new dealer is brought on, we allocate for 1 hour of Sourcewell training.	*
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do not have an e-procurement system in place at this time.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Operational training is standard and provided free of charge by our distributors at time of delivery of new machines. Because a large percentage of our customers are repeat buyers, we choose to offer additional on-site operator training by a factory representative on an optional basis for those that feel they need it. Price is $1,839.00 for the first day and $1,370.00 for each subsequent day, including all expenses such as transportation. Model specific maintenance training is optional, customizable, and available on demand. This covers daily, weekly, monthly, and annual maintenance requirements as well as basic and model specific troubleshooting. This is typically 2 days at our plant and is $943 per person. Meals and lodging are included in the price and customer is responsible for transportation.	*
40	Describe any technological advances that your proposed products or services offer.	Our primary "advancement" revolves around the principle of keeping our systems simple. Particularly in the combination truck, hydro excavator, and full-size truck jet market, nearly every manufacturer has moved to microprocessor-controlled modules that incorporate touch screens and complex digital user interfaces. We have retained the use of traditional 12-volt control systems. This makes our trucks easier and safer to run, easier to maintain without special training and tools (increasing up-time) and eliminates the obsolescence and fragility of high-tech components. We are in the process of manufacturing the world's only battery powered rodder for the City of Seattle sewer collections department. The Genesis Recycling Combination truck is an exclusive partnership with Cappellotto of Italy that allows us to offer their world leading technology of this product in North America with the sales efforts and support of our nationwide dealer network. Our patented Hydro Drive system utilized on our 900-ECO drives our blower and water pump in a very unique but surprisingly simple manner that offers a host of benefits. Eliminating the transfer case present in most other designs removes a potential maintenance headache, allows our truck to work in neutral offering unmatched operator safety and ease of setup, and consumes less horsepower, thus cutting fuel consumption and emissions. The 800-HPRTV Series IV was recently refined and is the most user friendly and productive TV/Jet combination systems in the truck and trailer market, allowing customers to TV and clean sewer lines simultaneously.	*

41	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Company 2020 solar panel project. Through the Illinois Adjustable Block Program Sewer Equipment's 706.86 kW solar system is generating 11,871 REC's (Renewable Energy Credits). (attachment – 41 Sewer Equipment Solar Renewable… and attachment - 41 Illinois Adjustable….), Sewer Equipment participated in ComEd's Smart Inverter rebate program which incentivizes non-residential customers to make renewable energy investments. (attachment – 41 Smart Inverter….) To date, Sewer Equipment's solar charging system has saved CO2 emissions of 895,396 lbs. (attachment 41 Solar Edge summary.) Battery powered forklifts and material handling devices utilize solar charging Adoption of low VOC paints has decreased overall VOC generation despite a 10-fold increase in production in the last 10 years. Installation of a water recirculation system for jetter testing, saving hundreds of thousands of gallons per year. Recycling Program Utilization of reusable, steel transport skids for our locally sourced large components eliminates the need for one-use wood and plastic skids. Recycling of wood and cardboard shipping components Plant-wide paper and plastic recycling program Products The Genesis recycler combo truck can clean sewers all day without using a drop of fresh water. It processes the debris and water that is vacuumed during the operating process, using the reclaimed water for jetting. Our 900-ECO truck, 800HPR-ECO truck and 747-ECO trailer operating system allows the engine to operate at 30-50% lower speed while in the work mode, offering reductions in fuel use, emissions, and ambient noise. Our rodders are the only commonly accepted waterless sewer cleaning tools, making them popular in arid regions where water conservation is of importance. Thousands of gallons of water are saved daily versus traditional sewer jet-vac technology. Although traditionally gas powered, we have now developed a battery powered rodder. Biodegradable hydraulic fluid is offered as an option in all our systems. We have manufactured several CNG powered jet trucks for the Southern California Market	*
42	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Sewer Equipment has not received any third-party ECO ratings specifically. However, a patent has been granted by the US Patent office for our HydroDrive system described above, as used on our 900-ECO. This system does provide fuel saving vs traditional drive systems. (Attachment 42 HydroDrive…)	*
43	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	We continue to receive the EDGE credit from the State of Illinois. This credit is based on the number of jobs created and retained. (Attachment 43 Edge Credit……)	*
44	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	One of the most unique attributes of our offering is our unprecedented breadth of product. No other manufacturer in our marketplace offers everything from small jetters used in the plumbing segment to full size combo trucks, and everything in between. This means that our distributors cans be consultants starting with assessing a customer's needs and then supplying the proper product. This also makes us one of the only suppliers of smaller products in the sewer industry that has a strong nationwide sales and service network.	*

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
45	Do your warranties cover all products, parts, and labor?	Sewer Equipment's standard warranty policy covers all items manufactured by Sewer Equipment except for wear items. Many major components are covered by their respective manufactures warranty policy. (Attachment 45 Warranty Policy……)	*
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Sewer Equipment's standard warranty policy covers 12 months or use or 2000 hours. The 2000 hours limit covers typical usage by all Municipalities.	*
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Sewer Equipment provides up to 3 hours of travel time for warranty reimbursement. Our Dealers pick up travel time in addition to the 3 hours as needed. Our Municipal customers do not have to pay for travel time regardless of where they are located.	*
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Sewer Equipment has dealers that cover 46 of States in the U.S. In Canada we have dealers currently covering 4 Providences. Our dealers cover service in these areas. For customer in other states or providences in Canada we have two options for service. First Sewer Equipment employs direct field service personnel that we can send directly to the customers locations. We also work with third party service centers across North America that will do warranty work on Sewer Equipment products. Regardless of the customers location, we have service handled.	*
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Sewer Equipment assist in processing warranty claims for all purchased items covered by their respective manufacturer's warranties. For most items we handle these claims directly with the manufacturer for a seamless claim by the end user. This would be similar to claims on Sewer manufactured items. The only exception is auxiliary engines. Engine warranty claims and repairs are handled by the respective manufacturers service centers around the country. Sewer Equipment does assist with communication between the end user and the service center.	*
50	What are your proposed exchange and return programs and policies?	If the customer decides to return a purchased item such as a spare part, Sewer Equipment charges a 25% re-stocking fee. The customer will also be responsible for shipping charges. This policy does not apply to new custom-built equipment sold through our dealer network. Any potential return for new equipment would be negotiated with the selling dealer.	*
51	Describe any service contract options for the items included in your proposal.	Sewer Equipment's dealer network offers service packages for customers. These packages are priced by our dealers. For regions not supported by our dealer network, Sewer Equipment offers quarterly maintenance packages with work performed by our own Field Service Personnel. Pricing is on a case-by-case basis based on expectations of the customer.	*

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
52	Describe any performance standards or guarantees that apply to your services	Sewer Equipment does not have any performance guarantees that apply to service. We do offer a 27/7 phone support for all service-related issues. For urgent parts needs, we typically ship 90% of orders within 24 hours.	*
53	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	We do not have service performance standards currently but are looking to implement a program in 2022.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
54	Describe your payment terms and accepted payment methods?	Sewer Equipment's payment terms for all municipal and educational Customers is Net 30. Our dealers would also utilize Net 30-day terms to their customers.	*
55	Describe any leasing or financing options available for use by educational or governmental entities.	Sewer Equipment utilizes and recommends NCL Government Capital for leasing options to our Municipal Customers. This has proved very useful for long term leasing arrangements. For short term rental needs, we offer rentals through our subsidiary Rock Rentals. Many of our dealers also partner with us in offering short term equipment rentals.	*
56	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Sewer Equipment and our dealers utilize our standard Sourcewell Price sheets for quoting to our customers. When a customer submits a purchase order to one of our dealers, the dealer submits a copy of the customer purchase order along with the worksheet used for quotation to us. We utilize this information to establish the Sourcewell Contract fee. All other related transaction documents are handled between our dealers and customers. See copies of our worksheets uploaded in the pricing section.	*
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Sewer Equipment does not accept P-Card for payments currently.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Sewer Equipment utilizes a straightforward discount off list pricing model for all our new equipment sales. This also applies to all spare parts and accessories. Pricing for all our new equipment models has been uploaded and is included with this submittal. We do not utilize SKUs for our equipment. All worksheets are identified by their model name. Pricing for all parts and accessories is not included with this submittal as the number of items is quite large. MSRP pricing for most items can be found at www.sewershop.com.	*
59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The Sourcewell Contract discount for all new equipment is 3% off MSRP. The discount for parts and accessories is 5% off MSRP. The discount for rentals is 3% off published rates. The buyout price for rentals if applicable is priced at 3% off MSRP. These discounts are minimums, and our dealers may provide additional discounts.	*
60	Describe any quantity or volume discounts or rebate programs that you offer.	Sewer Equipment does not have a standard volume discount pricing structure. However, us and our dealers will offer volume discounts as necessary on a case by case basis. When offered, these discounts are noted on the quote to be above and beyond the standard Sourcewell discount.	*
61	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Sewer Equipment and/or our dealers will provide non-standard items to be mounted on our equipment at request of our customers. These items are quoted on a case-by-case basis and are considered part of our product. These non-standard items are subject to the Sourcewell discount. Sewer Equipment and/or our dealers will also supply chassis for our truck mounted models. These chassis are currently being quoted at cost on a case by case basis due to pricing influx in the market. We consider these items to be “pass-thru” items and are not subject to Sourcewell discounts or fee reporting.	*
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Items that can be included on a quotation to a customer but are not on our pricing worksheet or discussed in the above sections include the following. Dealer supplied freight, training, and pre-delivery inspections. These items are not subject to Sourcewell Discount or fee reporting.	*
63	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Sewer Equipment charges freight from our Dixon, IL location to our Dealers location. We charge freight on a per mile bases. Our dealers may impose an additional charge for freight from their location to the customers location depending on location. That is a separate charge as listed in question 62.	*
64	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	For freight charges to customers located outside of the continental United States or Canada, we will with our freight broker to establish the lowest price options for our customers. Our customers are also welcomed to take on the freight responsibility themselves.	*
65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	We do not currently offer any unique freight programs other that what is listed above.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
66	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Sewer Equipment has always offered a discount from list price on the Sourcewell Contract.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
67	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Our Sourcewell pricing worksheets are accessible for download on our dealer website. This assures that our dealer sales staff have access to the correct price pages. These contract specific price sheets have the 3% minimum discount already listed to prevent error. Sewer Equipment audits every incoming order to determine if our Dealers have sold it via the Sourcewell Contract. If it was determined it was a Sourcewell sale, we verify all contract pricing via our worksheet and the customer purchase order. Every customer purchase order utilizing the Sourcewell contract must list their Sourcewell membership number and Sewer Equipment's contract number. Upon confirming the order is purchased via the contract, we document every order on an Excel spreadsheet. This spreadsheet tracks contract sell price, contract fee, and so on. Our Accounting Department audits this spreadsheet on every order that is completed before shipping. We also identify the use of the contract on our order tracking database for an easy to access record of all Sourcewell orders. For fee reporting and remittance we have a dedicated person in our Accounting Department that audits the Sourcewell Orders spreadsheet and reports sales on a quarterly basis. Fees are paid based on this quarterly reporting.	*
68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We continually monitor contract usage against overall sales volumes through our Dealerships. We track and award the highest grossing dealer salesperson that utilizes the Sourcewell Contract on a yearly basis during our dealer awards ceremony. It should be noted that the Sourcwell Contract is the only contract where we offer this award. We also compare the Sourcewell contract against competing national contracts and dealer held state contracts. These comparisons help us to put emphasis on training dealer sales staff.	*
69	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Sewer Equipment will pay an administrative fee to Sourcewell based on 1% of the Sourcewell sell price to the customer. This 1% fee is paid on our equipment, spare parts, and accessories. We do not pay the administrative fee on chassis which are considered a pass thru with our units. We will also pay the 1% administrative fee on all rental billings limited to 18 months and to buyouts of rentals based on the negotiated buyout price. The fees are calculated and paid on a quarterly basis.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
70	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Sewer Equipment is offering an extensive range of equipment that all fall into the Sewer Vacuum, & Hydro-Excavation Category on this proposal. Our list of offered equipment is as follows…. • Our models 400-ECO & 900-ECO Combination Sewer Cleaners • Our Genesis Recycler Sewer Cleaner • Our Mongoose Series of Truck and Trailer Jetters • Our 545 & 747 Series of Truck and Trailer Jetters • Our 800 Series Truck Jetters • Our Ramvac Series Hydro Excavation Trucks • Or Ramvac Series Air Excavation Trucks. • Our JAJ Series of Easement Machines for Sewer Cleaning • Our 444, 866 & 877 Rodders for Sewer Cleaning • Spare parts and Accessories for above listed equipment. • Our Rental Program of above equipment.	*
71	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	All our equipment falls under the primary category on the proposal.	*

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments	
72	Sewer vacuums or combination sewer cleaners	(•) Yes ( ) No	See Equipment List	*
73	Hydro or air excavation equipment	(•) Yes ( ) No	See Equipment List	*
74	Jetters and rodders	(•) Yes ( ) No	See Equipment List	*
75	Dewatering, mud, trash, and centrifugal pumps	( ) Yes (•) No	No items specifically in this category, but our Geneisis Recycler unit does de-water before dumping.	*
76	Pumps used in lift stations, sewage treatment, water treatment, or water collection facilities	( ) Yes (•) No	No items specifically in this category, but our 900-ECO with optional trash pump can be used as an emergency pump system.	*
77	Accessories, supplies and replacement or wear parts related to the offerings above.	(•) Yes ( ) No		

Table 15: Industry Specific Questions

Line Item	Question	Response *	
78	Describe any product or equipment features that improve operator safety.	Our 900-ECO with patented HydroDrive system operates with the transmission in neutral and no transfer case required which has the potential to pop into gear and drive away. All of our ECO Series equipment operators at a reduced RPM for lowered noise for the operator. Our standard wireless remote has an e-stop safety check built in.	*
79	Describe any product or equipment innovations that increase uptime and operator productivity.	Our 900-ECO with patented HydroDrive system operates with the transmission in neutral and no transfer case required. The operator simply puts the truck in neutral, sets the parking brake, gets out of the truck, and turns on one switch to activate the unit. Then they can vacuum and/or jet within seconds. We do not utilize any completed computers or touch screens that prevent the operator from using while wearing gloves. Our dig-deep boom available on the 900-ECO and our HX12 series allows for increase vacuum depth without the need for as many vacuum tube additions.	

Table 16: Exceptions to Terms, Conditions, or Specifications Form

Line Item 80. NOTICE: To identify any exception, or to request any modification, to the Sourcewell template Contract terms, conditions, or specifications, a Proposer must submit the exception or requested modification on the **Exceptions to Terms, Conditions, or Specifications Form** immediately below. The contract section, the specific text addressed by the exception or requested modification, and the proposed modification must be identified in detail. Proposer's exceptions and proposed modifications are subject to review and approval of Sourcewell and will not automatically be included in the contract.

Contract Section	Term, Condition, or Specification	Exception or Proposed Modification

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:

    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. CAREER HIGHLIGHTS AND SKILLS

Previous ADOT Employee

Construction Inspection

Materials Testing

Survey Experience

Plans Reading

Asphaltic Concrete

Structures Inspection

ADOT Specifications

Mr. Jonathan Taylor has more than 20 years of experience in the civil construction and field inspection industry. He began his career with ADOT and is knowledgeable of federal standards, policies, and procedures for highway construction as well as municipal MAG specifications and standard drawings.

Mr. Taylor is experienced with the inspection of structures, earthwork, concrete, subgrade, curb and gutter, minor concrete incidentals and asphaltic concrete. He is proficient in pay item documentation, plans reading, density testing and materials sampling. He is certified with industry-standard materials testing procedures and requirements.

SELECTED PROJECT EXPERIENCE

City of Buckeye, AZ – Canyon Springs Blvd Bridge over C.A.P. Canal

Mar 2022 to Current | Supervisor: Michael Byrne

★ Mr. Taylor is serving as a Senior Inspector, overseeing the construction of the new structure. He is responsible for inspection and documentation, ensuring all work is completed per plans and specifications.

Tristar is providing inspection staff augmentation services for this project that is constructing a new 335’ Type 5 modified girder bridge over the C.A.P. Canal, which will extend Canyon Springs Blvd for future development.

City of Phoenix – Streets Dept. Maintenance Division – 7th Street & UPRR Bridge Rehabilitation Phase 3, Phoenix, AZ

Sept 2022 and Various Additional Dates | Supervisor: Rick Evans

★ Mr. Taylor served as a structures inspector, ensuring and documenting all work is performed per plans and specifications.

Tristar is providing inspection staff for work which includes replacing some PCCP sections, remove/replace deck joints and compression seal membrane, flood coat the approach slabs with healer/sealer, and repair damaged sidewalk. Ensured coordination with Truesdell and the COP to make sure work did not interfere with baseball games or concerts at Chase Field.

MCDOT - Deer Valley Road, El Mirage Road to 109th Avenue (TT0248), El Mirage, AZ

Aug 2019 to Mar 2022 | Supervisor: John Hall, PE

★ Mr. Taylor was assigned to the structures team where he inspected drilled shafts, abutments, columns and pier caps, girder placement and bridge deck.

Tristar is providing full-service construction administration services for the one-mile project to extended Deer Valley Road to (5 lanes). The scope includes a new 711-ft five span, precast, prestessed, AASHTO Type Super VI concrete girder bridge over the Agua Fria River and more than 750,000 CY of earthwork borrow material will be imported to construct the bridge approaches in accordance with the USACE 404 Permit. One mile of Williams

Drive will be widened to a 5-lane facility and two roundabouts will be constructed at the intersection of Deer Valley Road / 109th Avenue and 117th Avenue.

Town of Gilbert, Germann Road, Gilbert to Val Vista (ST0145)

Feb 2018 to Sept 2019 | Supervisor: John Akin, PE

- ★ Mr. Taylor provided field inspection duties and responsibilities for this project.

As a subconsultant to CEI, Tristar provided inspection services for this $20M project to widen Germann Road, which included new underground municipal utilities, new flood irrigation facilities, new sidewalk, curb and gutter and new asphalt paving. The project also included bridge widening over the SRP Eastern Canal and RWCD canal, which parallel one another.

Town of Gilbert - Intersection Improvements at Cooper and Guadalupe Roads

Sept 2016 to Nov 2017 | Supervisor: Corum Brown, PE

- ★ Mr. Taylor provided field inspection duties and responsibilities for this project.

Tristar provided CA&I services for this CMAR project which replaced the existing 6-inch wastewater DIP force main with fusible 8-inch-high density polyethylene (HDPE) pipe and updated manholes. A new 12-inch water main pipeline was installed and provided new water services to each of the commercial properties. The project also widened the road to three lanes at all legs of the intersection with sufficient width to accommodate bike lanes, raised medians, and reconstructed curbs, gutters, and sidewalks. Other municipal utility improvements included gravity sewer, water main and lateral replacement, storm drains, underground retention and basins, signal upgrades (including improved telecommunication with the railroad), and landscaping.

During his time with Tristar, Mr. Taylor has provided service on multiple projects under our ADOT on-call and Temp Tech contracts.

ADOT, I-40 Townsend-Winona Bridge Deck Replacement (F010801C)

Flagstaff District

- ★ Mr. Taylor performed as the lead bridge inspector for super structure throughout the demolition and reconstruction of the bridge. His duties included inspections for the demolition of the bridge, abutments, wing and retaining walls. He also provided inspections for pier caps, steel girder placement, deck and roadway, and quality control for the new bridge structure.

This $3.8M bridge rehabilitation project was located on Interstate 40 near Flagstaff. The work consisted of replacing girders, bearing pads and bridge deck. Project challenges included working over live traffic, coordinating closures with DPS and local law enforcement, coordination of the removal of lead-based paint, and demo and reconstruction of steel girder bridge.

ADOT, SR101L Baseline Road to SR202L (Santan) (H687301C)

Central District

- ★ Mr. Taylor was assigned to the structures crew and was responsible for inspection of drilled shafts, abutments, wing walls, retaining walls, columns and pier caps, girder placement, bridge deck and roadway, and soil nail walls.

This $68M Design-Build project includes design and construction for general purpose lanes on SR101L in both travel directions. The work includes constructing pavement, structures, retaining walls, barriers, drainage facilities, signing, pavement markings, street lighting, traffic signal modifications, ITS, utilities relocation, landscape restoration, and rubberized friction course.

ADOT, I-10 Earley Road – Junction I-8 (H798401C)

Central District

★ Mr. Taylor performed as the bridge inspector for sub structure and super structure through different phases of the project. His duties included inspections for drilled shafts, abutments, wing and retaining walls, girder placement, deck and roadway.

This $49M project was located on Interstate 10, in Pinal County through the city of Casa Grande. The work consisted of widening I-10 from four lanes to six lanes including two new bridges over Jimmie Kerr Boulevard and the Union Pacific Railroad. The scope and time frame of the project was under an A+B schedule. Project challenges included working near UPRR Railroad, APS overhead powerlines, and Kinder Morgan natural gas lines.

ADOT, SR 77, S. Old Tiger Rd to Miguel Rd (H879101C)

South Central District

This $6.1M project in Pinal County on SR 77 consisted of milling and replacing existing Asphaltic Concrete pavement and a double chip seal coat application. Additional work included removing and replacing guardrail, pipe culverts, sidewalk, driveways, sidewalk ramps, pavement markings, and other related work. Mr. Taylor was assigned to the milling, tack, and paving operations.

ADOT, I-10 Gila River Bridge to SR 587 (H892501C)

Central District

This $6.2M project was located on Interstate 10, in Pinal County within the Gila River Indian Reservation. The work consisted of milling and replacing existing Asphaltic Concrete pavement and AR-ACFC. Additional work included installing new guardrail, replacing pavement markings seeding and other related items. Mr. Taylor was assigned to hot plant inspection and guardrail reconstruction.

ADOT, SR 89, Jct US 93 to Jct SR 71 (H813601C)

Northwest District

This $2.6M pavement preservation consisted of replacing the full width of SR 89 with asphaltic concrete and an asphalt rubber-AC friction course, shoulder build-up with milled AC, installing traffic loop detector, replacing signs and reflectors, and related work. Mr. Taylor was responsible for inspection of:

- 500’ reconstruction of SR 71 including subgrade and AC
- Concrete driveways and other minor work
- Required testing and sampling
- Daily documentation and communication with his supervisor.

ADOT, Grand Avenue Corridor Improvements

Valley West & Deer Valley Field Offices

As an ADOT employee, Mr. Taylor was part of the team that built much of the Grand Avenue Corridor improvements while working for the Valley West Field Office and on loan to the Deer Valley Field Office. Some of the segments he worked on include:

- 27th Avenue and Thomas
- 43rd Avenue and Camelback
- 51st Avenue and Bethany Home Road

EMPLOYMENT HISTORY

Construction Inspector / Materials Tester

Tristar Engineering and Management, Inc. 2017 to Present

Mr. Taylor is available for assignment for a variety of highway and municipal construction projects statewide. He serves as a construction inspector and materials tester responsible for project inspection services, field sampling and testing of concrete and soils.

Field / Laboratory Technician

Ninyo & Moore 2015-2017

- Perform density testing by nuclear and sand cone method
- Sample concrete perform slump, temperature, and cast test samples
- Sample asphaltic concrete per ASTM testing methods
- Plans reading, interpreting standards and specifications from MAG, ADOT, different municipalities.
- Perform different testing procedures by following ASTM test methods guidelines, ACI and ATTI.
- Keep records of all testing through daily reports and testing reports.

Speedie and Associates 2008

- Inspected and performed quality checks on construction materials
- Soil densities with nuclear gauge
- Sampled concrete, Soils, and Asphalt

Transportation Construction Tech II

Arizona Department of Transportation 2000-2004

- Surveyor Instrument Man with District Survey
- Field Technician soil, concrete, asphalt sampling,
- Civil inspections underground utilities, structural, rebar, soil nail, retaining walls
- Tracking quantities
- Reading plans and specs

ON-CALL CONSULTING TASK ORDER
FOR ENGINEERING AND ARCHITECTURAL SERVICES
BETWEEN
THE CITY OF BUCKEYE
AND
TRISTAR ENGINEERING AND MANAGEMENT, INC.

ON-CALL CONSULTING CONTRACT NO. 2022003.35
TASK ORDER #7
FY25 CIVIL INSPECTION SERVICES

THIS TASK ORDER #7 (this "Task Order") is entered into as of _____, between the City of Buckeye, an Arizona municipal corporation (the "City"), and Tristar Engineering and Management, Inc., an Arizona corporation (the "Consultant"). This Task Order is subject to and governed by the terms and conditions of On-Call Consulting Contract No. 2022003.35 between the City and Consultant, dated March 1, 2022 (the "Contract").

ARTICLE 1
SCOPE OF SERVICES

Consultant shall provide Civil Inspection Services for the Fiscal Year 2025, as more fully set forth in the Consultant's Proposal, which is attached hereto as **Exhibit A** and incorporated as if fully set forth herein (the "Work").

ARTICLE 2
SCHEDULE OF COMPLETION OF SERVICES

The Consultant shall commence work immediately, and complete the services and deliverables on or before June 30, 2025, unless this Task Order is earlier terminated pursuant to the terms and conditions of the Contract.

ARTICLE 3
FEE BREAKDOWN

Consultant shall be paid in accordance with the fee schedule set forth in the Contract. The total cost to complete the Work shall not exceed **One Hundred Forty-Five Thousand Five Hundred Twelve Dollars and Zero Cents ($145,512.00),** as set forth in **Exhibit A**.

ARTICLE 4
ADDITIONAL TERMS

This Task Order is subject to the terms and requirements of the Contract and may be canceled pursuant to the provisions of A.R.S. § 38-511.

By executing this Task Order, the Consultant certifies its compliance with A.R.S. § 35-393.01. To the extent applicable under A.R.S. § 35-394, the Consultant certifies that it does not, and will not for the duration of the Contract, use the forced labor, any goods or services produced by the forced labor, or any contractors, subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.

If there is any discrepancy between the terms and conditions of this Task Order, the Contract, and **Exhibit A** to this Task Order, the documents shall govern in that order.

ARTICLE 5
EXHIBITS

This Task Order includes and incorporates the following Exhibit:

Exhibit A – Consultant's Proposal

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties hereto have executed this Task Order as of the date first set forth above.

CAREER HIGHLIGHTS AND SKILLS

Previous ADOT Employee

Construction Inspection

Materials Testing

Survey Experience

Plans Reading

Asphaltic Concrete

Structures Inspection

ADOT Specifications

Mr. Jonathan Taylor has more than 20 years of experience in the civil construction and field inspection industry. He began his career with ADOT and is knowledgeable of federal standards, policies, and procedures for highway construction as well as municipal MAG specifications and standard drawings.

Mr. Taylor is experienced with the inspection of structures, earthwork, concrete, subgrade, curb and gutter, minor concrete incidentals and asphaltic concrete. He is proficient in pay item documentation, plans reading, density testing and materials sampling. He is certified with industry-standard materials testing procedures and requirements.

SELECTED PROJECT EXPERIENCE

City of Buckeye, AZ – Canyon Springs Blvd Bridge over C.A.P. Canal

Mar 2022 to Current | Supervisor: Michael Byrne

★ Mr. Taylor is serving as a Senior Inspector, overseeing the construction of the new structure. He is responsible for inspection and documentation, ensuring all work is completed per plans and specifications.

Tristar is providing inspection staff augmentation services for this project that is constructing a new 335' Type 5 modified girder bridge over the C.A.P. Canal, which will extend Canyon Springs Blvd for future development.

City of Phoenix – Streets Dept. Maintenance Division – 7th Street & UPRR Bridge Rehabilitation Phase 3, Phoenix, AZ

Sept 2022 and Various Additional Dates | Supervisor: Rick Evans

★ Mr. Taylor served as a structures inspector, ensuring and documenting all work is performed per plans and specifications.

Tristar is providing inspection staff for work which includes replacing some PCCP sections, remove/replace deck joints and compression seal membrane, flood coat the approach slabs with healer/sealer, and repair damaged sidewalk. Ensured coordination with Truesdell and the COP to make sure work did not interfere with baseball games or concerts at Chase Field.

MCDOT - Deer Valley Road, El Mirage Road to 109th Avenue (TT0248), El Mirage, AZ

Aug 2019 to Mar 2022 | Supervisor: John Hall, PE

★ Mr. Taylor was assigned to the structures team where he inspected drilled shafts, abutments, columns and pier caps, girder placement and bridge deck.

Tristar is providing full-service construction administration services for the one-mile project to extended Deer Valley Road to (5 lanes). The scope includes a new 711-ft five span, precast, prestessed, AASHTO Type Super VI concrete girder bridge over the Agua Fria River and more than 750,000 CY of earthwork borrow material will be imported to construct the bridge approaches in accordance with the USACE 404 Permit. One mile of Williams

Drive will be widened to a 5-lane facility and two roundabouts will be constructed at the intersection of Deer Valley Road / 109th Avenue and 117th Avenue.

Town of Gilbert, Germann Road, Gilbert to Val Vista (ST0145)

Feb 2018 to Sept 2019 | Supervisor: John Akin, PE

- ★ Mr. Taylor provided field inspection duties and responsibilities for this project.

As a subconsultant to CEI, Tristar provided inspection services for this $20M project to widen Germann Road, which included new underground municipal utilities, new flood irrigation facilities, new sidewalk, curb and gutter and new asphalt paving. The project also included bridge widening over the SRP Eastern Canal and RWCD canal, which parallel one another.

Town of Gilbert - Intersection Improvements at Cooper and Guadalupe Roads

Sept 2016 to Nov 2017 | Supervisor: Corum Brown, PE

- ★ Mr. Taylor provided field inspection duties and responsibilities for this project.

Tristar provided CA&I services for this CMAR project which replaced the existing 6-inch wastewater DIP force main with fusible 8-inch-high density polyethylene (HDPE) pipe and updated manholes. A new 12-inch water main pipeline was installed and provided new water services to each of the commercial properties. The project also widened the road to three lanes at all legs of the intersection with sufficient width to accommodate bike lanes, raised medians, and reconstructed curbs, gutters, and sidewalks. Other municipal utility improvements included gravity sewer, water main and lateral replacement, storm drains, underground retention and basins, signal upgrades (including improved telecommunication with the railroad), and landscaping.

During his time with Tristar, Mr. Taylor has provided service on multiple projects under our ADOT on-call and Temp Tech contracts.

ADOT, I-40 Townsend-Winona Bridge Deck Replacement (F010801C)

Flagstaff District

- ★ Mr. Taylor performed as the lead bridge inspector for super structure throughout the demolition and reconstruction of the bridge. His duties included inspections for the demolition of the bridge, abutments, wing and retaining walls. He also provided inspections for pier caps, steel girder placement, deck and roadway, and quality control for the new bridge structure.

This $3.8M bridge rehabilitation project was located on Interstate 40 near Flagstaff. The work consisted of replacing girders, bearing pads and bridge deck. Project challenges included working over live traffic, coordinating closures with DPS and local law enforcement, coordination of the removal of lead-based paint, and demo and reconstruction of steel girder bridge.

ADOT, SR101L Baseline Road to SR202L (Santan) (H687301C)

Central District

- ★ Mr. Taylor was assigned to the structures crew and was responsible for inspection of drilled shafts, abutments, wing walls, retaining walls, columns and pier caps, girder placement, bridge deck and roadway, and soil nail walls.

This $68M Design-Build project includes design and construction for general purpose lanes on SR101L in both travel directions. The work includes constructing pavement, structures, retaining walls, barriers, drainage facilities, signing, pavement markings, street lighting, traffic signal modifications, ITS, utilities relocation, landscape restoration, and rubberized friction course.

ADOT, I-10 Earley Road – Junction I-8 (H798401C)

Central District

- ★ Mr. Taylor performed as the bridge inspector for sub structure and super structure through different phases of the project. His duties included inspections for drilled shafts, abutments, wing and retaining walls, girder placement, deck and roadway.

This $49M project was located on Interstate 10, in Pinal County through the city of Casa Grande. The work consisted of widening I-10 from four lanes to six lanes including two new bridges over Jimmie Kerr Boulevard and the Union Pacific Railroad. The scope and time frame of the project was under an A+B schedule. Project challenges included working near UPRR Railroad, APS overhead powerlines, and Kinder Morgan natural gas lines.

ADOT, SR 77, S. Old Tiger Rd to Miguel Rd (H879101C)

South Central District

This $6.1M project in Pinal County on SR 77 consisted of milling and replacing existing Asphaltic Concrete pavement and a double chip seal coat application. Additional work included removing and replacing guardrail, pipe culverts, sidewalk, driveways, sidewalk ramps, pavement markings, and other related work. Mr. Taylor was assigned to the milling, tack, and paving operations.

ADOT, I-10 Gila River Bridge to SR 587 (H892501C)

Central District

This $6.2M project was located on Interstate 10, in Pinal County within the Gila River Indian Reservation. The work consisted of milling and replacing existing Asphaltic Concrete pavement and AR-ACFC. Additional work included installing new guardrail, replacing pavement markings seeding and other related items. Mr. Taylor was assigned to hot plant inspection and guardrail reconstruction.

ADOT, SR 89, Jct US 93 to Jct SR 71 (H813601C)

Northwest District

This $2.6M pavement preservation consisted of replacing the full width of SR 89 with asphaltic concrete and an asphalt rubber-AC friction course, shoulder build-up with milled AC, installing traffic loop detector, replacing signs and reflectors, and related work. Mr. Taylor was responsible for inspection of:

- 500’ reconstruction of SR 71 including subgrade and AC
- Concrete driveways and other minor work
- Required testing and sampling
- Daily documentation and communication with his supervisor.

ADOT, Grand Avenue Corridor Improvements

Valley West & Deer Valley Field Offices

As an ADOT employee, Mr. Taylor was part of the team that built much of the Grand Avenue Corridor improvements while working for the Valley West Field Office and on loan to the Deer Valley Field Office. Some of the segments he worked on include:

- 27th Avenue and Thomas
- 43rd Avenue and Camelback
- 51st Avenue and Bethany Home Road

EMPLOYMENT HISTORY

Construction Inspector / Materials Tester

Tristar Engineering and Management, Inc. 2017 to Present

Mr. Taylor is available for assignment for a variety of highway and municipal construction projects statewide. He serves as a construction inspector and materials tester responsible for project inspection services, field sampling and testing of concrete and soils.

Field / Laboratory Technician

Ninyo & Moore 2015-2017

- Perform density testing by nuclear and sand cone method
- Sample concrete perform slump, temperature, and cast test samples
- Sample asphaltic concrete per ASTM testing methods
- Plans reading, interpreting standards and specifications from MAG, ADOT, different municipalities.
- Perform different testing procedures by following ASTM test methods guidelines, ACI and ATTI.
- Keep records of all testing through daily reports and testing reports.
- Communicate with Project Managers, Inspectors, and Contractors with results of testing or findings at field level and up.

Quality Control for Sand and Gravel

Vulcan Materials 2014-2015

- Responsible for the quality of the sand and gravel that is produce daily.
- Daily aggregates sampling through sieves, sand and equivalent, durability index and plasticity index all testing follow ASTM or ASHTO standards.
- Daily walk through the plant from feed to discharge point.
- Daily preventive maintenance checks with screens and belts
- Assisted ground man with shoveling material around tail pulley or away from plant
- Operated water truck when needed to keep up with dust control on haul roads
- Generated monthly reports for salesman
- Escorted clients around plant to see our products or stockpiles

Night Lead

UPS Mail Innovations 2013

Customer Service Supervisor

Transperfect Remote Interpreting 2011-2012

E-4 / Corporal Bulk Fuel Specialist

United States Marine Corp 2003-2011

- Set up connect dispense fuel to ground vehicles, fixed wing and rotary wing aircraft by either expeditionary fuel sites or air bases.
- Team leader of 4 Marines and assistant squad leader
- Volunteer for ceremonial details (Funeral Details) Flag folding, presenting, pall bearing, and rifle commander

- Deployed to Horn of Africa for security missions on base of Camp Lemonnier Djibouti, Africa. Billets held team leader, rifleman, and machine gunner.
- Received Letter of Appreciation from Deputy Commander CJTF Horn of Africa and good conduct award

Construction Materials Tester

Speedie and Associates 2008

- Inspected and performed quality checks on construction materials
- Soil densities with nuclear gauge
- Sampled concrete, Soils, and Asphalt

Transportation Construction Tech II

Arizona Department of Transportation 2000-2004

- Surveyor Instrument Man with District Survey
- Field Technician soil, concrete, asphalt sampling,
- Civil inspections underground utilities, structural, rebar, soil nail, retaining walls
- Tracking quantities
- Reading plans and specs

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.F. DS - Westpark Phase 2.2 "Parcel 7S" - Final Plat - PLZS-23-00016
DATE PREPARED: 08/29/24	**DISTRICT NO.:** Council District 3
STAFF LIAISON: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 7S," located north of the northwest corner of West Westpark Loop North and West Warner Street.

SUMMARY

PROJECT DESCRIPTION:
Barry Lindner from Atwell, Inc, on behalf of D.R. Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 7S" located north of the northwest corner of W. Westpark Loop North and W. Warner Street. The project encompasses approximately 26.02 acres and includes 109 single-family lots,18 tracts and approximately 4.69 acres of open space with an overall density of approximately 4.19 dwelling units per acre. Approximately 4.88 acres of Right-of-way (ROW) is being dedicated to the City of Buckeye through this Final Plat. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources, per A.R.S. 9-463.01(I).

BENEFITS:
The subject Final Plat will allow continued development of traditional single-family residences within the City of Buckeye.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

Final Plat Narrative Report

For

Westpark – Phase 2.2
Parcel 7S

PLZS-23-00016

SEC of I-10 & SR-85
Buckeye, AZ

4700 E. Southern Avenue, Mesa, AZ 85206 Tel: 480.218.8831 Fax: 480.830.4888
www.atwell-group.com

Purpose of Request

The primary purpose of the subject Final Plat submittals is to fulfill prior project entitlements and to complete site development of Phase 2.2 for the existing Westpark residential subdivision. This current phase of the project will focus on completing the remaining portions of the Westpark Loop Road and Warner Street infrastructure, as well as continue with final development approvals to permit full construction of Parcels 5, 6, 7N, 7S, 8, 18N, 19 and 20N. The improvements for the remaining portions of the West Park Loop Road and Warner Street will be completed under a separate cover specific to only off-site improvements while each of the different parcels will be constructed under individual on-site covers. Refer to the Development Standards section of this narrative for a table of the approved and proposed development zoning conditions. Developer is expecting to commence construction of Westpark Loop North before the end of the year. Agreements with builders and other developers affect the schedule with the intent to construct Westpark Loop North first, then Parcels 8, 7S & 19. The development schedule of the remaining parcels is not certain at this time.

Project Background & Current Conditions

The overall Westpark subdivision is located at the southeast corner of the intersection of Interstate 10 (I-10) and State Route 85 (SR-85) in Buckeye, Arizona. As it sits today, the overall subdivision is mostly surrounded by undeveloped desert and agricultural farmlands with an existing development directly southeast. It is bordered to the south by the RID Canal but is not necessarily served by those irrigation facilities. Public vehicular access is currently only provided from Miller Road to the East. There are two access points to Miller Road, and they are the North and South Westpark Loop Road connections. A tertiary access road identified as E. Connector Road was constructed in 2010. This road connects to W. Broadway Road to the south, bridges the RID Canal, then stops at a point along the old SR-85 frontage road just south of the intersection with I-10. There are future plans by a developer to connect this over to the existing end of W. Durango Street, just north of Phase 1. Eventually, additional interior street connections with Westpark will be made to aide in overall vehicular circulation and connectivity with local roadways.

The subdivision was originally planned as “Roston/Buckeye” and received approval of its Community Master Plan (CMP) in October of 2000 since it was consistent with the City’s General Plan Land Use Designation of “Master Planned Community” (MPC). Several amendments have occurred over the years since it’s initial approval to enact minor updates to better suit the changing needs of the City and surrounding area. A Preliminary Plat of Westpark Phase 2, Project No. PP04-09, was approved in mid-2004 and is the basis for the scope of work proposed with the subject project submittals. Parcel 7S is proposing 109 lots over a total of 26.02 acres, which equates to a density of 4.19 dwelling units per acre. The minimum lot size proposed is 53’x115’. While the parcel has an overlying zoning of Planned Community (PC), the development standards remain consistent with the City’s underlying applicable residential zoning standards and maintain the initial intent and approvals of the CMP.

Construction of Phase 1 began around 2004 and met full build-out in 2007. With Phase 1 nearing completion and the need for further expansion, Phase 2 began construction in 2006 but stalled out after mass grading and some portions of infrastructure work. The mass grading covered a predominance of the Phase 2 area, but a small portion of the northerly parcels was left in a natural state due to an irrigation supply ditch that was necessary to remain in service at the time. Since then, the subject ditch has been decommissioned and is no longer needed. The site has remained in a partially completed state until the southeasterly portion of it (identified as Phase 2.1 and consisting of platted Parcels 13, 14, 18S and 20S was resurrected recently in 2019 by a separate ownership entity. These four parcels are continuing development pursuit by said owner on a parallel track to the subject Phase 2.2 work. Currently, Parcel 14 is complete, Parcel 18S has approved plans, and improvement plans for Parcels 13 and 20S are in progress.

The mass grading work established large offsite drainage attenuating basins along the entire northerly portion of the property. These basins intercept offsite runoff then route them accordingly and discharge in the historic courses. Individual parcels will maintain the necessary offsite routing as well as provide for the required onsite stormwater management addressing the 100-year design conditions as typical. Existing ground conditions have been maintained over the years to keep unwanted vegetation growth at bay and to ensure the in-place network of surface basins and drainageways function as needed. Natural terrain falling from northeast to southwest remains as the overall condition.

Utilities and Services

Water and sewer are both provided to and serving the Westpark subdivision by the City of Buckeye. Westpark falls within the limits of the City's water pressure Zone 2. This zone is primarily supplied by a facility identified as the North Airport Road Water Campus (NARWC), which is located approximately 8-miles northeast of Westpark. The primary supply of water is brought to the subdivision by offsite 16" transmission mains located within W. Durango Street and Miller Road. Phase 1 contains distribution mains throughout which vary in size from 6" through 16" which stop at Phase 2 for continuation. Phase 2 will install the same type and sizes of potable distribution throughout and a new 16" connection to the offsite main in W. Durango Street to help bolster the overall system's capabilities. A 16" main line stub exists at the west end of Warner Street for future connection and further continuation of the water system. Parcel 7S's potable water distribution is mostly comprised of 8" mains and connects to the 16" main within the Weskpark Loop Road at two locations, an 8" stub in W. Kingman Street and 8" stub in Payson Road. The water distribution for Parcel 7S connects at two locations to Parcel 7N at S. 263rd Drive north of Payson Road & S. 264th Drive, and one location to Parcel 8 at S. 264th Drive.

Similar to the water distribution, sewage collection is provided throughout the existing subdivision utilizing a network of 8" through 10" public collection gravity main lines. Due to the gravity design of the sewer following the natural terrain, the individual parcels within Phase 2 cascade through one another as the site sewerage flows from north to south. Infrastructure for the Phase 2.2 parcels will be constructed in a manner that starts with the lower end of the system so that dependent parcels are able to discharge once flow demands come online. Parcel 7S's system consists of 8" & 10" sewer lines that ultimately drain to S 264th Drive, into Parcel 8. Existing Westpark Phase 1 discharges at its southwest corner and Phase 2 discharges at its southeast corner, meeting at an existing 18" main on the north side of the RID Canal at the intersection with the Rooks Road alignment. From there, the existing 18" main heads south, crosses the canal, then continues roughly 5 miles southeast where it ends up at the Beloat Wastewater Treatment Plant facility (which is located just south of downtown Buckeye, southeast of the intersection of S. Miller Road and E. Irwin Avenue). The plant currently has capacity to serve the Westpark Phase 2.2 build-out.

Other public utilities and service providers include Arizona Public Service (APS) for electrical with cable and telephone provided by both CenturyLink and Cox. Additionally, refuse/recycle service is handled by the City of Buckeye for typical residential collection services.

Emergency services are handled within the City's jurisdictional limits and are provided by Buckeye Fire Department and Buckeye Police Department. The nearest Fire Station to serve Phase 2.2 already exists within the Phase 1 limits. Buckeye Fire Station #706 is located just east of Parcel 5, on the north side of the adjacent Westpark Elementary School. An additional future Fire Station site has been slated for a vacant parcel within the Phase 2.2 limits but is not yet defined for construction. The primary Buckeye Police Station dispatches from their home base located at 100 N. Apache Road, which is south of Downtown Buckeye on the east side of the MC85/Monroe Avenue curve.

Education services are provided through the local school districts. Students start off in the Buckeye Elementary School District which handles grades K-8. The nearest elementary school is Westpark Elementary, which happens to be adjacent east to Parcel 5. The school was completed and has been serving the neighborhood since 2007. Once students are ready to move on, they migrate to the Buckeye

Union High School District. The nearest public school is Youngker High School, which is approximately 1-mile due east of Westpark, at the northwest corner of S. Apache Road and W. Lower Buckeye Road.

Landscaping, Parks & Open Space

Overall, the new Phase 2.2 landscape design will match and mesh with the existing Westpark Phase 1 theme, continuing to provide appropriate green spaces that soften the development appearance while maintaining strict standards for a low water-use plant palette and maintenance. With 20.6% of open space allocated in Phase 2.2, there is a meaningful natural appearance offering an array of outdoor uses that tie the subdivision together. Overall, this equates to roughly 41 +/- acres of common area open space and amenities for the residents. Each parcel is proposed to include a "pocket park" for safe family activities as well as harnessing the various remaining open spaces for activity opportunities. Parcel 7S specifically has multiple dual-use basins located throughout the site, with a playground, shade structure, and activity area located at one of the more centralized basins. These areas help make up the 4.68 acres of parks and open space, which is about 18% of the Parcel. An 8' wide multiuse path is also provided along the exterior of the site and connects to the subdivision's larger trail network. This trail network will ensure all the open/green spaces are connected to one another as well as providing a safe and continuous accessway throughout the entire subdivision. This network and other access means will be extended to each of the future phases as well, completing the harmonious nature of the development and general community feel. Although not part of this current plan of development, a large format regional park and recreation facility is designed and slated for one of the remaining undeveloped parcels of Phase 2.2. It is adjacent south of Warner Street and will be a substantial amenity benefit to the area. When developed, it will add an additional 25 +/- acres of high-quality recreational facilities of varied substance.

Development Schedule

Currently, the anticipated development schedule is somewhat dependent on the timing of all jurisdictional reviews and approvals. As mentioned prior, the entirety of Phase 2 (with the exception of portions of the northerly parcels) was mass-graded in 2006, with some primary utility infrastructure placed as well. The utility work was focused on the southern leg of the Loop Road, and the adjacent four Parcels 13, 14, 18S and 20S. This prior work reduces some of the longer field processes associated with site development, but there is still plenty to do once field work commences.

In general, it is expected that the first portion of new development will be to construct the remaining segments of Westpark Loop Road, Warner Street and the offsite water main connection north to Durango Street. Once work begins, it is projected to be completed in approximately 5-8 months. Individual parcel construction will commence once approvals are obtained and home builders have committed to parcels accordingly. Since this is not yet clearly defined, some speculation is necessary to forecast the development progress. It is anticipated that individual parcel development would take an initial 3-6 months to complete site improvements and begin constructing homes. With construction varying both regionally and throughout the industry, we would anticipate first homes coming online for sale within the following 4-6 months. Currently home builders are averaging anywhere from 5 to 8 home closings per month once they are in full swing (after site work). As identified prior, since there are some infrastructure limitations for several parcels, the progression of development is expected to proceed in the following order: Loop Road/Offsite Infrastructure, then Parcels 8, 7S, 19, 20N, 7N, 6, 18N & 5. This order will ensure that suitable utilities and drainage facilities are maintained to support the construction and new residents of Buckeye accordingly.

FINAL PLAT
OF
WESTPARK PHASE 2.2
"PARCEL 7S"

LOCATED IN A PORTION OF THE NORTHWEST QUARTER OF SECTION 24 AND THE SOUTHWEST QUARTER OF SECTION 13, TOWNSHIP 1 NORTH, RANGE 4 WEST, OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA

DEDICATION

STATE OF ARIZONA }
}SS
COUNTY OF MARICOPA }

KNOW ALL PERSONS BY THESE PRESENTS: D.R. HORTON INC, A DELAWARE CORPORATION ("OWNER"), HAS SUBDIVIDED UNDER THE NAME WESTPARK PHASE 2.2 "PARCEL 7S", A SUBDIVISION LOCATED IN A PORTION OF THE NORTHWEST QUARTER OF SECTION 24 AND THE SOUTHWEST QUARTER OF SECTION 13, TOWNSHIP 1 NORTH, RANGE 4 WEST, OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA AS SHOWN AND PLATTED HEREON AND DOES HEREBY PUBLISH THIS PLAT AS AND FOR THE PLAT OF WESTPARK PHASE 2.2 "PARCEL 7S" AND DECLARES THAT THIS PLAT SETS FORTH THE LOCATION AND GIVES THE DIMENSIONS OF EACH LOT, TRACT, STREET, AND EASEMENTS CONSTITUTING SAME, AND THAT EACH LOT, TRACT, STREET, AND EASEMENT SHALL BE KNOWN BY THE NUMBER, LETTER, AND/OR NAME GIVEN TO EACH RESPECTIVELY AS SHOWN ON THIS PLAT.

OWNER HEREBY DEDICATES TO THE CITY OF BUCKEYE FEE TITLE TO ALL PUBLIC RIGHTS-OF-WAY AS SHOWN ON THIS PLAT.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS PUBLIC UTILITY EASEMENTS AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTING, MAINTAINING, REPAIRING, REPLACING AND UTILIZING PUBLIC UTILITIES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE AN EXCLUSIVE EASEMENT FOR THE PURPOSE OF WATER WITHIN THE AREAS SHOWN ON THIS PLAT AS WATER EASEMENTS. THE CITY SHALL HAVE THE RIGHT TO ACCESS, CONSTRUCT, MAINTAIN, OPERATE AND REPLACE PUBLIC WATER LINES OVER, UNDER AND ACROSS THE EASEMENT AREAS SHOWN HEREON.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE, A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS SITE VISIBILITY TRIANGLES FOR THE PURPOSE OF ENSURING THAT THESE AREAS REMAIN FREE OF SITE VISIBILITY OBSTRUCTIONS AS PER THE ENGINEERING DESIGN STANDARDS.

OWNER HEREBY GRANTS TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIGATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

ALL IMPROVEMENTS, FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL FOR THE CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

THE EASEMENTS GRANTED WITHIN THIS DEDICATION ARE PERMANENT AND PERPETUAL AND SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS AND INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF.

TRACTS A7, B7, C7, D7, E7, F7, G7, I5, J5, K5, M5, S6, U6, V6, W6, X6, Y6 AND Z6 ARE DECLARED TO BE FOR LANDSCAPE AND OPEN SPACE AS SHOWN IN THE TRACT INCLUDED HEREON.

TRACT C7 IS DECLARED TO BE FOR LANDSCAPE, OPEN SPACE AND DRAINAGE AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

ALL TRACTS ARE TO BE OWNED AND MAINTAINED BY THE WESTPARK PHASE 2.2 COMMUNITY ASSOCIATION. THERE HAS BEEN OR IS BEING RECORDED HEREWITH A DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS (CC&R'S) FOR "WESTPARK PHASE 2.2, PARCEL 7S"

OWNER HEREBY GRANTS TO THE PUBLIC A NON-EXCLUSIVE EASEMENT FOR RECREATION OVER UPON AND ACROSS THOSE AREAS DESIGNATED AS RECREATION TRAILS OR AREAS FOR THE PURPOSE OF ALLOWING PUBLIC ACCESS TO THE TRAIL SYSTEM.

NOTHING CONTAINED HEREIN SHALL BE DEEMED TO DEDICATE ANY PORTION OF THE TRACTS FOR PUBLIC USE OTHER THAN FOR EASEMENTS SPECIFICALLY GRANTED TO THE PUBLIC HEREIN.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON, AND ACROSS THE AREAS DESIGNATED AS "ROADWAY EASEMENTS" AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTION, MAINTAINING, REPAIRING AND UTILIZING STREET AS PER THE CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

OWNER WARRANTS AND REPRESENTS TO THE CITY OF BUCKEYE TO BE THE SOLE OWNER OF THE PROPERTY COVERED HEREBY AND THAT EVERY LENDER, EASEMENT HOLDER, OR OTHER PERSON, OR ENTITY, HAVING ANY INTEREST IN THE LAND ADVERSE TO OR INCONSISTENT WITH THE DEDICATION, CONVEYANCES OR OTHER REAL PROPERTY INTEREST CREATED OR TRANSFERRED BY THIS PLAT HAS CONSENTED TO, OR JOINED IN THE PLAT, AS EVIDENCED BY INSTRUMENTS WHICH ARE RECORDED WITH THE MARICOPA COUNTY RECORDERS OFFICE, OR WHICH OWNER WILL RECORD NOT LATER THAN THE DATE ON WHICH THIS PLAT IS RECORDED.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

IN WITNESS WHEREOF, OWNER HAS HEREUNTO CAUSED ITS CORPORATE NAME TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

SHEET INDEX

DESCRIPTION	SHEET NO
COVER SHEET	1
KEY MAP, TRACT TABLE, LOT DETAIL AND LEGAL DESCRIPTION	2
PLAT SHEETS	3-6

NOTES

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVERFLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.
2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.
3. IN ACCORDANCE WITH ARS § 9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.
4. PURSUANT TO A.R.S. § 42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.
5. THIS SITE CONSISTS OF A TOTAL OF 109 LOTS, 18 TRACTS, AND 1 PARCEL IN THE "PC" PLANNED COMMUNITY ZONING DISTRICT.
6. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JULY 13TH, 2004 UNDER CASE #PP04-09.
7. THIS SUBDIVISION WAS ISSUED A CERTIFICATE OF ASSURED WATER SUPPLY BY ARIZONA DEPARTMENT OF WATER RESOURCES ON OCTOBER 19TH, 2007 WITH ADWR CERTIFICATE #31-402138.0001.
8. NO STRUCTURE OF ANY KIND SHALL BE CONSTRUCTED OR ANY VEGETATION TO BE PLANTED OR BE ALLOWED TO GROW WITHIN ANY DRAINAGE EASEMENT WHICH WOULD IMPEDE THE FLOW OF WATER OVER, UNDER, OR THROUGH EASEMENTS.
9. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER ONE YEAR FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL THE FINANCIAL ASSURANCES ARE IN PLACE.
10. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69KV AND LARGER.
11. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A PARKWAY MAINTENANCE IMPROVEMENT DISTRICT (MID) AND STREET LIGHTING IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED, IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.
12. THE WATER EASEMENT DEDICATED HEREON WITHIN TRACT C7 IS INTENDED FOR FUTURE INSTALLATION OF WATER LINES. PRIOR TO THE INSTALLATION OF ANY FACILITIES WITHIN THE EASEMENT AREA, THE EXISTING DRAINAGE CHANNEL IN TRACT C7 SHALL BE RECONSTRUCTED IN A MANNER THAT PROVIDES A WATER EASEMENT CONFORMING TO THE REQUIREMENTS OF THE MOST RECENTLY ADOPTED CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

FLOODZONE DESIGNATION

THE PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO 04013C2115L, WITH A REVISION DATE OF OCTOBER 16TH, 2013 FOR COMMUNITY NO. 2115, IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

100 YEAR ASSURED WATER SUPPLY

THIS SUBDIVISION IS WITHIN THE CITY OF BUCKEYE WATER SERVICE AREA AND HAS OBTAINED A CERTIFICATE OF 100 YEAR ASSURED WATER SUPPLY FROM THE ARIZONA DEPARTMENT OF WATER RESOURCES, CERTIFICATE #31-402138.0001.

ZONING DESIGNATION

"PC" PLANNED COMMUNITY

SURVEYOR'S CERTIFICATION:

I, JAMES G. SPRING, HEREBY CERTIFY THAT I AM A PROFESSIONAL LAND SURVEYOR IN THE STATE OF ARIZONA, THAT THIS PLAT CONSISTING OF SIX SHEETS CORRECTLY REPRESENTS A BOUNDARY SURVEY MADE BY ME DURING THE MONTH OF JULY, 2024. THAT THE SURVEY IS TRUE AND CORRECT AS SHOWN, THAT ALL MONUMENTS EXIST OR WILL BE SET AND, THAT THEIR POSITIONS ARE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 8," located at the northwest corner of West Westpark Loop North and West Warner Street.

SUMMARY

PROJECT DESCRIPTION:
Barry Lindner from Atwell, Inc, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 8" located at the northwest corner of W. Westpark Loop North and W. Warner Street. The project encompasses approximately 17.3 acres and includes 85 single-family lots,12 tracts and 3.21 acres of open space with an overall density of approximately 4.91 dwelling units per acre. Approximately 3.04 acres of Right-of-way (ROW) is being dedicated to the City of Buckeye through this Final Plat. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources, per A.R.S. 9-463.01(I).

BENEFITS:
The subject Final Plat will allow continued development of traditional single-family residences within the City of Buckeye.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two (2) years after construction.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

Purpose of Request

The primary purpose of the subject Final Plat submittals is to fulfill prior project entitlements and to complete site development of Phase 2.2 for the existing Westpark residential subdivision. This current phase of the project will focus on completing the remaining portions of the Westpark Loop Road and Warner Street infrastructure, as well as continue with final development approvals to permit full construction of Parcels 5, 6, 7N, 7S, 8, 18N, 19 and 20N. The improvements for the remaining portions of the West Park Loop Road and Warner Street will be completed under a separate cover specific to only off-site improvements while each of the different parcels will be constructed under individual on-site covers. Refer to the Development Standards section of this narrative for a table of the approved and proposed development zoning conditions. Developer is expecting to commence construction of Westpark Loop North before the end of the year. Agreements with builders and other developers affect the schedule with the intent to construct Westpark Loop North first, then Parcels 8, 7S & 19. The development schedule of the remaining parcels is not certain at this time.

Project Background & Current Conditions

The overall Westpark subdivision is located at the southeast corner of the intersection of Interstate 10 (I-10) and State Route 85 (SR-85) in Buckeye, Arizona. As it sits today, the overall subdivision is mostly surrounded by undeveloped desert and agricultural farmlands with an existing development directly southeast. It is bordered to the south by the RID Canal but is not necessarily served by those irrigation facilities. Public vehicular access is currently only provided from Miller Road to the East. There are two access points to Miller Road, and they are the North and South Westpark Loop Road connections. A tertiary access road identified as E. Connector Road was constructed in 2010. This road connects to W. Broadway Road to the south, bridges the RID Canal, then stops at a point along the old SR-85 frontage road just south of the intersection with I-10. There are future plans by the developers to connect this over to the existing end of W. Durango Street, just north of Phase 1. Eventually, additional interior street connections with Westpark will be made to aide in overall vehicular circulation and connectivity with local roadways.

The subdivision was originally planned as “Roston/Buckeye” and received approval of its Community Master Plan (CMP) in October of 2000 since it was consistent with the City’s General Plan Land Use Designation of “Master Planned Community” (MPC). Several amendments have occurred over the years since it’s initial approval to enact minor updates to better suit the changing needs of the City and surrounding area. A Preliminary Plat of Westpark Phase 2, Project No. PP04-09, was approved in mid-2004 and is the basis for the scope of work proposed with the subject project submittals. Parcel 8 is proposing 85 lots over a total of 17.30 acres, which equates to a density of 4.91 dwelling units per acre. The minimum lot size proposed is 45’x110’. While the parcel has an overlying zoning of Planned Community (PC), the development standards remain consistent with the City’s underlying applicable residential zoning standards and maintain the initial intent and approvals of the CMP.

Construction of Phase 1 began around 2004 and met full build-out in 2007. With Phase 1 nearing completion and the need for further expansion, Phase 2 began construction in 2006 but stalled out after mass grading and some portions of infrastructure work. The mass grading covered a predominance of the Phase 2 area, but a small portion of the northerly parcels was left in a natural state due to an irrigation supply ditch that was necessary to remain in service at the time. Since then, the subject ditch has been decommissioned and is no longer needed. The site has remained in a partially completed state until the southeasterly portion of it (identified as Phase 2.1 and consisting of platted Parcels 13, 14, 18S and 20S) was resurrected recently in 2019 by a separate ownership entity. These four parcels are continuing development pursuit by said owner on a parallel track to the subject Phase 2.2 work. Currently, Parcel 14 is complete, Parcel 18S has approved plans, and improvement plans for Parcels 13 and 20S are in progress.

The mass grading work established large offsite drainage attenuating basins along the entire northerly portion of the property. These basins intercept offsite runoff then route them accordingly and discharge in the historic courses. Individual parcels will maintain the necessary offsite routing as well as provide for the required onsite stormwater management addressing the 100-year design conditions as typical. Existing ground conditions have been maintained over the years to keep unwanted vegetation growth at bay and to ensure the in-place network of surface basins and drainageways function as needed. Natural terrain falling from northeast to southwest remains as the overall condition.

Utilities and Services

Water and sewer are both provided to and serving the Westpark subdivision by the City of Buckeye. Westpark falls within the limits of the City's water pressure Zone 2. This zone is primarily supplied by a facility identified as the North Airport Road Water Campus (NARWC), which is located approximately 8-miles northeast of Westpark. The primary supply of water is brought to the subdivision by offsite 16" transmission mains located within W. Durango Street and Miller Road. Phase 1 contains distribution mains throughout which vary in size from 6" through 16" which stop at Phase 2 for continuation. Phase 2 will install the same type and sizes of potable distribution throughout and a new 16" connection to the offsite main in W. Durango Street to help bolster the overall system's capabilities. A 16" main line stub exists at the west end of Warner Street for future connection and further continuation of the water system. Parcel 8's potable water distribution is mostly comprised of 8" mains and connects to the 16" main within the Warner Street at one location, an 8" stub in S 264th Avenue. A main extension through Parcel 7S via Florence Avenue, S. 263rd Drive & Kingman Street is necessary to create a looped system.

Similar to the water distribution, sewage collection is provided throughout the existing subdivision utilizing a network of 8" through 10" public collection gravity main lines. Due to the gravity design of the sewer following the natural terrain, the individual parcels within Phase 2 cascade through one another as the site sewerage flows from north to south. Infrastructure for the Phase 2.2 parcels will be constructed in a manner that starts with the lower end of the system so that dependent parcels are able to discharge once flow demands come online. Parcel 8's system is at a low point in the overall system and consists of 8" & 10" sewer lines that ultimately drain to S 264th Avenue and connects to the existing 8" main in Warner Street. Existing Westpark Phase 1 discharges at its southwest corner and Phase 2 discharges at its southeast corner, meeting at an existing 18" main on the north side of the RID Canal at the intersection with the Rooks Road alignment. From there, the existing 18" main heads south, crosses the canal, then continues roughly 5 miles southeast where it ends up at the Beloat Wastewater Treatment Plant facility (which is located just south of downtown Buckeye, southeast of the intersection of S. Miller Road and E. Irwin Avenue). The plant currently has capacity to serve the Westpark Phase 2.2 build-out.

Other public utilities and service providers include Arizona Public Service (APS) for electrical with cable and telephone provided by both CenturyLink and Cox. Additionally, refuse/recycle service is handled by the City of Buckeye for typical residential collection services.

Emergency services are handled within the City's jurisdictional limits and are provided by Buckeye Fire Department and Buckeye Police Department. The nearest Fire Station to serve Phase 2.2 already exists within the Phase 1 limits. Buckeye Fire Station #706 is located just east of Parcel 5, on the north side of the adjacent Westpark Elementary School. An additional future Fire Station site has been slated for a vacant parcel within the Phase 2.2 limits but is not yet defined for construction. The primary Buckeye Police Station dispatches from their home base located at 100 N. Apache Road, which is south of Downtown Buckeye on the east side of the MC85/Monroe Avenue curve.

Education services are provided through the local school districts. Students start off in the Buckeye Elementary School District which handles grades K-8. The nearest elementary school is Westpark Elementary, which happens to be adjacent east to Parcel 5. The school was completed and has been serving the neighborhood since 2007. Once students are ready to move on, they migrate to the Buckeye

Union High School District. The nearest public school is Youngker High School, which is approximately 1-mile due east of Westpark, at the northwest corner of S. Apache Road and W. Lower Buckeye Road.

Landscaping, Parks & Open Space

Overall, the new Phase 2.2 landscape design will match and mesh with the existing Westpark Phase 1 theme, continuing to provide appropriate green spaces that soften the development appearance while maintaining strict standards for a low water-use plant palette and maintenance. With 20.6% of open space allocated in Phase 2.2, there is a meaningful natural appearance offering an array of outdoor uses that tie the subdivision together. Overall, this equates to roughly 41 +/- acres of common area open space and amenities for the residents. Parcel 8 specifically has multiple dual-use basins located throughout the site. These areas help make up the 3.21 acres of parks and open space, which is about 19% of the Parcel. An 8' wide multiuse path is also provided along the exterior of the site and connects to the subdivision's larger trail network. This trail network will ensure all the open/green spaces are connected to one another as well as providing a safe and continuous accessway throughout the entire subdivision. This network and other access means will be extended to each of the future phases as well, completing the harmonious nature of the development and general community feel. Although not part of this current plan of development, a large format regional park and recreation facility is designed and slated for one of the remaining undeveloped parcels of Phase 2.2. It is adjacent south of Warner Street and will be a substantial amenity benefit to the area. When developed, it will add an additional 25 +/- acres of high-quality recreational facilities of varied substance.

Development Schedule

Currently, the anticipated development schedule is somewhat dependent on the timing of all jurisdictional reviews and approvals. As mentioned prior, the entirety of Phase 2 (with the exception of portions of the northerly parcels) was mass-graded in 2006, with some primary utility infrastructure placed as well. The utility work was focused on the southern leg of the Loop Road, and the adjacent four Parcels 13, 14, 18S and 20S. This prior work reduces some of the longer field processes associated with site development, but there is still plenty to do once field work commences.

In general, it is expected that the first portion of new development will be to construct the remaining segments of Westpark Loop Road, Warner Street and the offsite water main connection north to Durango Street. Once work begins, it is projected to be completed in approximately 5-8 months. Individual parcel construction will commence once approvals are obtained and home builders have committed to parcels accordingly. Since this is not yet clearly defined, some speculation is necessary to forecast the development progress. It is anticipated that individual parcel development would take an initial 3-6 months to complete site improvements and begin constructing homes. With construction varying both regionally and throughout the industry, we would anticipate first homes coming online for sale within the following 4-6 months. Currently home builders are averaging anywhere from 5 to 8 home closings per month once they are in full swing (after site work). As identified prior, since there are some infrastructure limitations for several parcels, the progression of development is expected to proceed in the following order: Loop Road/Offsite Infrastructure, then Parcels 8, 7S, 19, 20N, 7N, 6, 18N & 5. This order will ensure that suitable utilities and drainage facilities are maintained to support the construction and new residents of Buckeye accordingly.

OWNER HEREBY DEDICATES TO THE CITY OF BUCKEYE FEE TITLE TO ALL PUBLIC RIGHTS-OF-WAY AS SHOWN ON THIS PLAT.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS PUBLIC UTILITY EASEMENTS AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTING, MAINTAINING, REPAIRING, REPLACING AND UTILIZING PUBLIC UTILITIES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE AN EXCLUSIVE EASEMENT FOR THE PURPOSE OF WATER WITHIN THE AREAS SHOWN ON THIS PLAT AS WATER EASEMENTS. THE CITY SHALL HAVE THE RIGHT TO ACCESS, CONSTRUCT, MAINTAIN, OPERATE AND REPLACE PUBLIC WATER LINES OVER, UNDER AND ACROSS THE EASEMENT AREAS SHOWN HEREON.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE, A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS SITE VISIBILITY TRIANGLES FOR THE PURPOSE OF ENSURING THAT THESE AREAS REMAIN FREE OF SITE VISIBILITY OBSTRUCTIONS AS PER THE ENGINEERING DESIGN STANDARDS.

OWNER HEREBY GRANTS TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIGATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

ALL IMPROVEMENTS, FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL THE CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

THE EASEMENTS GRANTED WITHIN THIS DEDICATION ARE PERMANENT AND PERPETUAL AND SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS AND INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF.

TRACTS A9, C9 AND W8 ARE DECLARED TO BE FOR LANDSCAPE, OPEN SPACE, DRAINAGE AND PUBLIC ACCESS, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

TRACTS B9, D9, F9, G7, G9, H9, X8, Y8 AND Z8 ARE DECLARED TO BE FOR LANDSCAPE AND OPEN SPACE, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

ALL TRACTS ARE TO BE OWNED AND MAINTAINED BY THE WESTPARK PHASE 2.2 COMMUNITY ASSOCIATION. THERE HAS BEEN OR IS BEING RECORDED HEREWITH A DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS (CC&R'S) FOR "WESTPARK PHASE 2.2, PARCEL 8"

OWNER HEREBY GRANTS TO THE PUBLIC A NON-EXCLUSIVE EASEMENT FOR RECREATION OVER UPON AND ACROSS THOSE AREAS DESIGNATED AS RECREATION TRAILS OR AREAS FOR THE PURPOSE OF ALLOWING PUBLIC ACCESS TO THE TRAIL SYSTEM.

NOTHING CONTAINED HEREIN SHALL BE DEEMED TO DEDICATE ANY PORTION OF THE TRACTS FOR PUBLIC USE OTHER THAN FOR EASEMENTS SPECIFICALLY GRANTED TO THE PUBLIC HEREIN.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON, AND ACROSS THE AREAS DESIGNATED AS "ROADWAY EASEMENTS" AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTION, MAINTAINING, REPAIRING AND UTILIZING STREET AS PER THE CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

OWNER WARRANTS AND REPRESENTS TO THE CITY OF BUCKEYE TO BE THE SOLE OWNER OF THE PROPERTY COVERED HEREBY AND THAT EVERY LENDER, EASEMENT HOLDER, OR OTHER PERSON, OR ENTITY, HAVING ANY INTEREST IN THE LAND ADVERSE TO OR INCONSISTENT WITH THE DEDICATION, CONVEYANCES OR OTHER REAL PROPERTY INTEREST CREATED OR TRANSFERRED BY THIS PLAT HAS CONSENTED TO, OR JOINED IN THE PLAT, AS EVIDENCED BY INSTRUMENTS WHICH ARE RECORDED WITH THE MARICOPA COUNTY RECORDERS OFFICE, OR WHICH OWNER WILL RECORD NOT LATER THAN THE DATE ON WHICH THIS PLAT IS RECORDED.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

IN WITNESS WHEREOF, OWNER HAS HEREUNTO CAUSED ITS CORPORATE NAME TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

DESCRIPTION	SHEET NO
COVER SHEET	1
KEY MAP, TRACT TABLE, LOT DETAIL AND LEGAL DESCRIPTION	2
PLAT SHEETS	3-6

NOTES

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVERFLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.
2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.
3. IN ACCORDANCE WITH ARS §9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.
4. PURSUANT TO A.R.S. §42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.
5. THIS SITE CONSISTS OF A TOTAL OF 85 LOTS, 12 TRACTS, IN THE "PC" PLANNED COMMUNITY ZONING DISTRICT.
6. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JULY 13TH, 2004 UNDER CASE #PP04-09.
7. THIS SUBDIVISION WAS ISSUED A CERTIFICATE OF ASSURED WATER SUPPLY BY ARIZONA DEPARTMENT OF WATER RESOURCES ON OCTOBER 19TH, 2007 WITH ADWR CERTIFICATE #31-402138.0001.
8. NO STRUCTURE OF ANY KIND SHALL BE CONSTRUCTED OR ANY VEGETATION TO BE PLANTED OR BE ALLOWED TO GROW WITHIN ANY DRAINAGE EASEMENT WHICH WOULD IMPEDE THE FLOW OF WATER OVER, UNDER, OR THROUGH EASEMENTS.
9. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER ONE YEAR FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL THE FINANCIAL ASSURANCES ARE IN PLACE.
10. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69KV AND LARGER.
11. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A PARKWAY MAINTENANCE IMPROVEMENT DISTRICT (MID) AND STREET LIGHTING IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED, IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.
12. THE WATER EASEMENT DEDICATED HEREON WITHIN TRACT W8 IS INTENDED FOR FUTURE INSTALLATION OF WATER LINES. PRIOR TO THE INSTALLATION OF ANY FACILITIES WITHIN THE EASEMENT AREA, THE EXISTING DRAINAGE CHANNEL IN TRACT W8 SHALL BE RECONSTRUCTED IN A MANNER THAT PROVIDES A WATER EASEMENT CONFORMING TO THE REQUIREMENTS OF THE MOST RECENTLY ADOPTED CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

FLOODZONE DESIGNATION

THE PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO 04013C2115L, WITH A REVISION DATE OF OCTOBER 16TH, 2013 FOR COMMUNITY NO. 2115, IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

100 YEAR ASSURED WATER SUPPLY

THIS SUBDIVISION IS WITHIN THE CITY OF BUCKEYE WATER SERVICE AREA AND HAS OBTAINED A CERTIFICATE OF 100 YEAR ASSURED WATER SUPPLY FROM THE ARIZONA DEPARTMENT OF WATER RESOURCES, CERTIFICATE #31-402138.0001.

ZONING DESIGNATION

CERTIFICATE OF ASSURED WATER SUPPLY

This is to certify that

KEMF WP 2.2, LLC, an Arizona limited liability company, Owner, D.R.Horton, Inc., a Delaware corporation, Buyer, Century Communities of Arizona , an Arizona limited liability company, Buyer and GDC WP 2.2, LLC, an Arizona limited liability company, Buyer,

have met the requirements of A.R.S. §§ 45-576 and A.A.C.R12-15-701 et. seq., and

By powers vested in the Director of the Arizona Department of Water Resources by the State of Arizona, and subject to the conditions contained in A.A.C. R12-15-701 et seq.,

Are issued this Certificate of Assured Water Supply for

Westpark Phase 2.2 Parcels 7N, 7S, 8, 19 and 20N
Township 1 North, Range 4 West, Sections 13 and 24
GSRB&M Maricopa County, PHOENIX AMA

The referenced subdivision consists of **446 lots** as described in the preliminary plat on file with the Department, and has an estimated water demand of **199.52 acre-feet per year.** The subdivision will be served **groundwater** by **the City of Buckeye.**

This Certificate is invalid as to any entity not named above.
This Certificate may be assigned pursuant to A.A.C. R12-15-705.

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 19," a subdivision located northeast of the intersection of West Westpark Loop North and West Warner Street.

SUMMARY

PROJECT DESCRIPTION:
Barry Lindner from Atwell, Inc, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 19," a subdivision located northeast of the intersection of W. Westpark Loop North and W. Warner Street. The project encompasses approximately 21.8 acres and includes 105 single-family lots,12 tracts and approximately 2.73 acres of open space with an overall density of approximately 4.82 dwelling units per acre. Approximately 3.79 acres of Right-of-way (ROW) is being dedicated to the City of Buckeye through this Final Plat. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources, per A.R.S. 9-463.01(I).

BENEFITS:
The subject Final Plat will allow continued development of traditional single-family residences within the City of Buckeye.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two (2) years after construction.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

Purpose of Request

The primary purpose of the subject Final Plat submittals is to fulfill prior project entitlements and to complete site development of Phase 2.2 for the existing Westpark residential subdivision. This current phase of the project will focus on completing the remaining portions of the Westpark Loop Road and Warner Street infrastructure, as well as continue with final development approvals to permit full construction of Parcels 5, 6, 7N, 7S, 8, 18N, 19 and 20N. The improvements for the remaining portions of the West Park Loop Road and Warner Street will be completed under a separate cover specific to only off-site improvements while each of the different parcels will be constructed under individual on-site covers. Refer to the Development Standards section of this narrative for a table of the approved and proposed development zoning conditions. Developer is expecting to commence construction of Westpark Loop North before the end of the year. Agreements with builders and other developers affect the schedule with the intent to construct Westpark Loop North first, then Parcels 8, 7S & 19. The development schedule of the remaining parcels is not certain at this time.

Project Background & Current Conditions

The overall Westpark subdivision is located at the southeast corner of the intersection of Interstate 10 (I-10) and State Route 85 (SR-85) in Buckeye, Arizona. As it sits today, the overall subdivision is mostly surrounded by undeveloped desert and agricultural farmlands with an existing development directly southeast. It is bordered to the south by the RID Canal but is not necessarily served by those irrigation facilities. Public vehicular access is currently only provided from Miller Road to the East. There are two access points to Miller Road, and they are the North and South Westpark Loop Road connections. A tertiary access road identified as E. Connector Road was constructed in 2010. This road connects to W. Broadway Road to the south, bridges the RID Canal, then stops at a point along the old SR-85 frontage road just south of the intersection with I-10. There are future plans by Developers to connect this over to the existing end of W. Durango Street, just north of Phase 1. Eventually, additional interior street connections with Westpark will be made to aide in overall vehicular circulation and connectivity with local roadways.

The subdivision was originally planned as “Roston/Buckeye” and received approval of its Community Master Plan (CMP) in October of 2000 since it was consistent with the City’s General Plan Land Use Designation of “Master Planned Community” (MPC). Several amendments have occurred over the years since it’s initial approval to enact minor updates to better suit the changing needs of the City and surrounding area. A Preliminary Plat of Westpark Phase 2, Project No. PP04-09, was approved in mid-2004 and is the basis for the scope of work proposed with the subject project submittals. Parcel 19 is proposing 105 lots over a total of 21.80 acres, which equates to a density of 4.82 dwelling units per acre. The minimum lot size proposed is 53’x115’. While the parcel has an overlying zoning of Planned Community (PC), the development standards remain consistent with the City’s underlying applicable residential zoning standards and maintain the initial intent and approvals of the CMP.

Construction of Phase 1 began around 2004 and met full build-out in 2007. With Phase 1 nearing completion and the need for further expansion, Phase 2 began construction in 2006 but stalled out after mass grading and some portions of infrastructure work. The mass grading covered a predominance of the Phase 2 area, but a small portion of the northerly parcels was left in a natural state due to an irrigation supply ditch that was necessary to remain in service at the time. Since then, the subject ditch has been decommissioned and is no longer needed. The site has remained in a partially completed state until the southeasterly portion of it (identified as Phase 2.1 and consisting of platted Parcels 13, 14, 18S and 20S) was resurrected recently in 2019 by a separate ownership entity. These four parcels are continuing development pursuit by said owner on a parallel track to the subject Phase 2.2 work. Currently, Parcel 14 is complete, Parcel 18S has approved plans, and improvement plans for Parcels 13 and 20S are in progress.

The mass grading work established large offsite drainage attenuating basins along the entire northerly portion of the property. These basins intercept offsite runoff then route them accordingly and discharge in the historic courses. Individual parcels will maintain the necessary offsite routing as well as provide for the required onsite stormwater management addressing the 100-year design conditions as typical. Existing ground conditions have been maintained over the years to keep unwanted vegetation growth at bay and to ensure the in-place network of surface basins and drainageways function as needed. Natural terrain falling from northeast to southwest remains as the overall condition.

Utilities and Services

Water and sewer are both provided to and serving the Westpark subdivision by the City of Buckeye. Westpark falls within the limits of the City's water pressure Zone 2. This zone is primarily supplied by a facility identified as the North Airport Road Water Campus (NARWC), which is located approximately 8-miles northeast of Westpark. The primary supply of water is brought to the subdivision by offsite 16" transmission mains located within W. Durango Street and Miller Road. Phase 1 contains distribution mains throughout which vary in size from 6" through 16" which stop at Phase 2 for continuation. Phase 2 will install the same type and sizes of potable distribution throughout and a new 16" connection to the offsite main in W. Durango Street to help bolster the overall system's capabilities. A 16" main line stub exists at the west end of Warner Street for future connection and further continuation of the water system. Parcel 19's potable water distribution is mostly comprised of 8" mains and connects to the 16" main within the Weskpark Loop Road at one location, an 8" stub in S 261st Lane. Parcel 19 also connects to Parcel 20N in S. 263rd Avenue, S. 262nd Lane and S. 262nd Avenue.

Similar to the water distribution, sewage collection is provided throughout the existing subdivision utilizing a network of 8" through 10" public collection gravity main lines. Due to the gravity design of the sewer following the natural terrain, the individual parcels within Phase 2 cascade through one another as the site sewerage flows from north to south. Infrastructure for the Phase 2.2 parcels will be constructed in a manner that starts with the lower end of the system so that dependent parcels are able to discharge once flow demands come online. Parcel 19's system is at a mid point in the overall system and consists of 8" sewer lines that ultimately drain to Parcel 20N in S. 263rd Avenue and S. 262nd Lane. Existing Westpark Phase 1 discharges at its southwest corner and Phase 2 discharges at its southeast corner, meeting at an existing 18" main on the north side of the RID Canal at the intersection with the Rooks Road alignment. From there, the existing 18" main heads south, crosses the canal, then continues roughly 5 miles southeast where it ends up at the Beloat Wastewater Treatment Plant facility (which is located just south of downtown Buckeye, southeast of the intersection of S. Miller Road and E. Irwin Avenue). The plant currently has capacity to serve the Westpark Phase 2.2 build-out.

Other public utilities and service providers include Arizona Public Service (APS) for electrical with cable and telephone provided by both CenturyLink and Cox. Additionally, refuse/recycle service is handled by the City of Buckeye for typical residential collection services.

Emergency services are handled within the City's jurisdictional limits and are provided by Buckeye Fire Department and Buckeye Police Department. The nearest Fire Station to serve Phase 2.2 already exists within the Phase 1 limits. Buckeye Fire Station #706 is located just east of Parcel 5, on the north side of the adjacent Westpark Elementary School. An additional future Fire Station site has been slated for a vacant parcel within the Phase 2.2 limits but is not yet defined for construction. The primary Buckeye Police Station dispatches from their home base located at 100 N. Apache Road, which is south of Downtown Buckeye on the east side of the MC85/Monroe Avenue curve.

Education services are provided through the local school districts. Students start off in the Buckeye Elementary School District which handles grades K-8. The nearest elementary school is Westpark Elementary, which happens to be adjacent east to Parcel 5. The school was completed and has been serving the neighborhood since 2007. Once students are ready to move on, they migrate to the Buckeye

Union High School District. The nearest public school is Youngker High School, which is approximately 1-mile due east of Westpark, at the northwest corner of S. Apache Road and W. Lower Buckeye Road.

Landscaping, Parks & Open Space

Overall, the new Phase 2.2 landscape design will match and mesh with the existing Westpark Phase 1 theme, continuing to provide appropriate green spaces that soften the development appearance while maintaining strict standards for a low water-use plant palette and maintenance. With 20.6% of open space allocated in Phase 2.2, there is a meaningful natural appearance offering an array of outdoor uses that tie the subdivision together. Overall, this equates to roughly 41 +/- acres of common area open space and amenities for the residents. Each parcel is proposed to include a “pocket park” for safe family activities as well as harnessing the various remaining open spaces for activity opportunities. Parcel 19 specifically has multiple dual-use basins located throughout the site, with a playground, shade structure, and activity area located at one of the more centralized basins. These areas help make up the 2.73 acres of parks and open space, which is about 12.5% of the Parcel. The Westpark trail network will ensure all the open/green spaces are connected to one another as well as providing a safe and continuous accessway throughout the entire subdivision. This network and other access means will be extended to each of the future phases as well, completing the harmonious nature of the development and general community feel. Although not part of this current plan of development, a large format regional park and recreation facility is designed and slated for one of the remaining undeveloped parcels of Phase 2.2. It is adjacent south of Warner Street and will be a substantial amenity benefit to the area. When developed, it will add an additional 25 +/- acres of high-quality recreational facilities of varied substance.

Development Schedule

Currently, the anticipated development schedule is somewhat dependent on the timing of all jurisdictional reviews and approvals. As mentioned prior, the entirety of Phase 2 (with the exception of portions of the northerly parcels) was mass-graded in 2006, with some primary utility infrastructure placed as well. The utility work was focused on the southern leg of the Loop Road, and the adjacent four Parcels 13, 14, 18S and 20S. This prior work reduces some of the longer field processes associated with site development, but there is still plenty to do once field work commences.

In general, it is expected that the first portion of new development will be to construct the remaining segments of Westpark Loop Road, Warner Street and the offsite water main connection north to Durango Street. Once work begins, it is projected to be completed in approximately 5-8 months. Individual parcel construction will commence once approvals are obtained and home builders have committed to parcels accordingly. Since this is not yet clearly defined, some speculation is necessary to forecast the development progress. It is anticipated that individual parcel development would take an initial 3-6 months to complete site improvements and begin constructing homes. With construction varying both regionally and throughout the industry, we would anticipate first homes coming online for sale within the following 4-6 months. Currently home builders are averaging anywhere from 5 to 8 home closings per month once they are in full swing (after site work). As identified prior, since there are some infrastructure limitations for several parcels, the progression of development is expected to proceed in the following order: Loop Road/Offsite Infrastructure, then Parcels 8, 7S, 19, 20N, 7N, 6, 18N & 5. This order will ensure that suitable utilities and drainage facilities are maintained to support the construction and new residents of Buckeye accordingly. Parcel 20N Sewer must be approved as part of Parcel 19

FINAL PLAT OF WESTPARK PHASE 2.2 "PARCEL 19"

LOCATED IN A PORTION OF THE SOUTH HALF OF SECTION 13 AND THE NORTH HALF OF SECTION 24, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA

DEDICATION

STATE OF ARIZONA }
}SS
COUNTY OF MARICOPA }

KNOW ALL PERSONS BY THESE PRESENTS: D.R. HORTON INC, A DELAWARE CORPORATION ("OWNER"), HAS SUBDIVIDED UNDER THE NAME WESTPARK PHASE 2.2 "PARCEL 19", A SUBDIVISION LOCATED IN A PORTION OF THE SOUTH HALF OF SECTION 13 AND THE NORTH HALF OF SECTION 24, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA AS SHOWN AND PLATTED HEREON AND DOES HEREBY PUBLISH THIS PLAT AS AND FOR THE PLAT OF WESTPARK PHASE 2.2 "PARCEL 19" AND DECLARES THAT THIS PLAT SETS FORTH THE LOCATION AND GIVES THE DIMENSIONS OF EACH LOT, TRACT, STREET, AND EASEMENTS CONSTITUTING SAME, AND THAT EACH LOT, TRACT, STREET, AND EASEMENT SHALL BE KNOWN BY THE NUMBER, LETTER, AND/OR NAME GIVEN TO EACH RESPECTIVELY AS SHOWN ON THIS PLAT.

OWNER HEREBY DEDICATES TO THE CITY OF BUCKEYE FEE TITLE TO ALL PUBLIC RIGHTS-OF-WAY AS SHOWN ON THIS PLAT.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS PUBLIC UTILITY EASEMENTS AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTING, MAINTAINING, REPAIRING, REPLACING AND UTILIZING PUBLIC UTILITIES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE, A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS SITE VISIBILITY TRIANGLES FOR THE PURPOSE OF ENSURING THAT THESE AREAS REMAIN FREE OF SITE VISIBILITY OBSTRUCTIONS AS PER THE ENGINEERING DESIGN STANDARDS.

OWNER HEREBY GRANTS TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIGATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY OF BUCKEYE. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

ALL IMPROVEMENTS, FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL THE CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

THE EASEMENTS GRANTED WITHIN THIS DEDICATION ARE PERMANENT AND PERPETUAL AND SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS AND INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF.

TRACTS H7 & M7 ARE DECLARED TO BE FOR LANDSCAPE, OPEN SPACE, DRAINAGE AND PUBLIC ACCESS, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

TRACTS C7, I7, I8, K7, L7, N7, O7, P7, Q7 AND R7 ARE DECLARED TO BE FOR LANDSCAPE AND OPEN SPACE, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

ALL TRACTS ARE TO BE OWNED AND MAINTAINED BY THE WESTPARK PHASE 2.2 COMMUNITY ASSOCIATION. THERE HAS BEEN OR IS BEING RECORDED HEREWITH A DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS (CC&R'S) FOR "WESTPARK PHASE 2.2, PARCEL 19"

OWNER HEREBY GRANTS TO THE PUBLIC A NON-EXCLUSIVE EASEMENT FOR RECREATION OVER UPON AND ACROSS THOSE AREAS DESIGNATED AS RECREATION TRAILS OR AREAS FOR THE PURPOSE OF ALLOWING PUBLIC ACCESS TO THE TRAIL SYSTEM.

NOTHING CONTAINED HEREIN SHALL BE DEEMED TO DEDICATE ANY PORTION OF THE TRACTS FOR PUBLIC USE OTHER THAN FOR EASEMENTS SPECIFICALLY GRANTED TO THE PUBLIC HEREIN.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON, AND ACROSS THE AREAS DESIGNATED AS "ROADWAY EASEMENTS" AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTION, MAINTAINING, REPAIRING AND UTILIZING STREET AS PER THE CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

OWNER WARRANTS AND REPRESENTS TO THE CITY OF BUCKEYE TO BE THE SOLE OWNER OF THE PROPERTY COVERED HEREBY AND THAT EVERY LENDER, EASEMENT HOLDER, OR OTHER PERSON, OR ENTITY, HAVING ANY INTEREST IN THE LAND ADVERSE TO OR INCONSISTENT WITH THE DEDICATION, CONVEYANCES OR OTHER REAL PROPERTY INTEREST CREATED OR TRANSFERRED BY THIS PLAT HAS CONSENTED TO, OR JOINED IN THE PLAT, AS EVIDENCED BY INSTRUMENTS WHICH ARE RECORDED WITH THE MARICOPA COUNTY RECORDERS OFFICE, OR WHICH OWNER WILL RECORD NOT LATER THAN THE DATE ON WHICH THIS PLAT IS RECORDED.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

IN WITNESS WHEREOF, OWNER HAS HEREUNTO CAUSED ITS CORPORATE NAME TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

SHEET INDEX

DESCRIPTION	SHEET NO
COVER SHEET	1
KEY MAP, TRACT TABLE, LOT DETAIL AND LEGAL DESCRIPTION	2
PLAT SHEETS	3-6

NOTES

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVERFLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.
2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.
3. IN ACCORDANCE WITH ARS § 9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.
4. PURSUANT TO A.R.S. § 42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.
5. THIS SITE CONSISTS OF A TOTAL OF 105 LOTS, 12 TRACTS, AND 1 PARCEL IN THE "PC" PLANNED COMMUNITY ZONING DISTRICT.
6. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JULY 13TH, 2004 UNDER CASE #PP04-09.
7. THIS SUBDIVISION WAS ISSUED A CERTIFICATE OF ASSURED WATER SUPPLY BY ARIZONA DEPARTMENT OF WATER RESOURCES ON OCTOBER 19TH, 2007 WITH ADWR CERTIFICATE #31-402138.0001.
8. NO STRUCTURE OF ANY KIND SHALL BE CONSTRUCTED OR ANY VEGETATION TO BE PLANTED OR BE ALLOWED TO GROW WITHIN ANY DRAINAGE EASEMENT WHICH WOULD IMPEDE THE FLOW OF WATER OVER, UNDER, OR THROUGH EASEMENTS.
9. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER ONE YEAR FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL THE FINANCIAL ASSURANCES ARE IN PLACE.
10. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69KV AND LARGER.
11. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A PARKWAY MAINTENANCE IMPROVEMENT DISTRICT (MID) AND STREET LIGHTING IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED, IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.

FLOODZONE DESIGNATION

THE PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO 04013C2115L, WITH A REVISION DATE OF OCTOBER 16TH, 2013 FOR COMMUNITY NO. 2115, IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

100 YEAR ASSURED WATER SUPPLY

THIS SUBDIVISION IS WITHIN THE CITY OF BUCKEYE WATER SERVICE AREA AND HAS OBTAINED A CERTIFICATE OF 100 YEAR ASSURED WATER SUPPLY FROM THE ARIZONA DEPARTMENT OF WATER RESOURCES, CERTIFICATE #31-402138.0001.

ZONING DESIGNATION

"PC" PLANNED COMMUNITY

SURVEYOR'S CERTIFICATION:

I, JAMES G. SPRING, HEREBY CERTIFY THAT I AM A PROFESSIONAL LAND SURVEYOR IN THE STATE OF ARIZONA, THAT THIS PLAT CONSISTING OF SIX SHEETS CORRECTLY REPRESENTS A BOUNDARY SURVEY MADE BY ME DURING THE MONTH OF JULY, 2024. THAT THE SURVEY IS TRUE AND CORRECT AS SHOWN, THAT ALL MONUMENTS EXIST OR WILL BE SET AND, THAT THEIR POSITIONS ARE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

THENCE, N00°40'01"E A DISTANCE OF 74.27 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE TO THE RIGHT;

THENCE, NORTHERLY ALONG SAID CURVE AN ARC LENGTH OF 50.15 FEET, WITH A RADIUS OF 500.00 FEET AND A CENTRAL ANGLE OF 05°44'46";

THENCE, N82°09'16"W A DISTANCE OF 40.01 FEET;

THENCE, S48°08'13"W A DISTANCE OF 36.60 FEET;

THENCE, N88°55'10"W A DISTANCE OF 63.22 FEET;

THENCE, N41°57'56"W A DISTANCE OF 40.96 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE RIGHT;

THENCE, NORTHEASTERLY ALONG SAID CURVE AN ARC LENGTH OF 971.95 FEET, WITH A RADIUS OF 660.00 FEET AND THE RADIAL BEARING OF S83°42'34"E AND A CENTRAL ANGLE OF 84°22'35";

THENCE, S89°19'59"E A DISTANCE OF 517.37 FEET TO THE BEGINNING OF A TANGENT CURVE CONCAVE TO THE RIGHT;

THENCE, EASTERLY ALONG SAID CURVE AN ARC LENGTH OF 97.69 FEET, WITH A RADIUS OF 1960.00 FEET AND A CENTRAL ANGLE OF 02°51'20";

THENCE, S46°32'31"W A DISTANCE OF 41.27 FEET;

THENCE, S00°00'00"E A DISTANCE OF 50.00 FEET;

THENCE, S06°01'38"W A DISTANCE OF 47.10 FEET;

THENCE, N90°00'00"E A DISTANCE OF 113.95 FEET;

THENCE, S00°00'00"E A DISTANCE OF 53.00 FEET;

THENCE, S04°18'59"W A DISTANCE OF 53.15 FEET;

THENCE, S00°00'00"E A DISTANCE OF 232.60 FEET;

THENCE, S05°48'13"W A DISTANCE OF 149.00 FEET;

THENCE, N84°11'47"W A DISTANCE OF 113.14 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE LEFT;

THENCE, SOUTHEASTERLY ALONG SAID CURVE AN ARC LENGTH OF 10.56 FEET, WITH A RADIUS OF 20.00 FEET AND THE RADIAL BEARING OF N70°54'13"E AND A CENTRAL ANGLE OF 30°15'00" TO THE BEGINNING OF A REVERSE CURVE CONCAVE TO THE RIGHT;

THENCE, SOUTHERLY ALONG SAID CURVE AN ARC LENGTH OF 68.84 FEET, WITH A RADIUS OF 50.00 FEET AND A CENTRAL ANGLE OF 78°53'08";

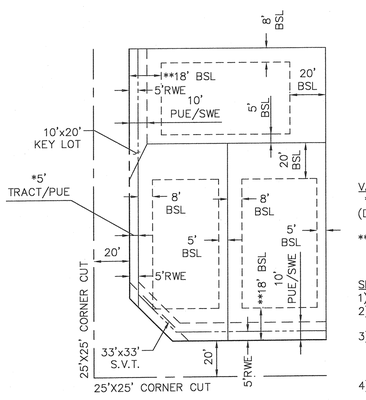
THENCE, S60°27'39"E A DISTANCE OF 41.38 FEET;

THENCE, S00°40'01"W A DISTANCE OF 115.88 FEET TO THE POINT OF BEGINNING.

LOT DETAIL

TYPICAL LOT DETAIL – 53' WIDTH

LOT COVERAGE 65% AS PER DEVELOPMENT STANDARDS



VARIED CONDITIONS:
* = 5' MIN. – 10' MAX.
(DEPENDENT ON 10' PUE ON OPPOSITE SIDE OF STREET)

** = 10' TO SIDE ENTRY GARAGE
= 12' TO LIVABLE AREA
= 18' TO GARAGE

SPECIAL NOTES:
1) SETBACKS MEASURED FROM PROPERTY LINE.
2) FRONT YARD SETBACKS TO BE STAGGERED 3' SO NO TWO CONSECUTIVE FRONTAGES MATCH.
3) DRIVEWAY SHALL NOT BE LESS THAN 20 FEET IN LENGTH FROM FACE OF GARAGE TO BACK OF THE SIDEWALK OR TO CURRENT DEVELOPMENT CODE STANDARDS
4) RWE = ROADWAY ACCESS EASEMENT

STATE OF ARIZONA
DEPARTMENT OF WATER RESOURCES
CERTIFICATE OF ASSURED WATER SUPPLY

This is to certify that

KEMF WP 2.2, LLC, an Arizona limited liability company, Owner, D.R.Horton, Inc., a Delaware corporation, Buyer, Century Communities of Arizona , an Arizona limited liability company, Buyer and GDC WP 2.2, LLC, an Arizona limited liability company, Buyer,

have met the requirements of A.R.S. §§ 45-576 and A.A.C.R12-15-701 et. seq., and

By powers vested in the Director of the Arizona Department of Water Resources by the State of Arizona, and subject to the conditions contained in A.A.C. R12-15-701 et seq.,

Are issued this Certificate of Assured Water Supply for

Westpark Phase 2.2 Parcels 7N, 7S, 8, 19 and 20N
Township 1 North, Range 4 West, Sections 13 and 24
GSRB&M Maricopa County, PHOENIX AMA

The referenced subdivision consists of **446 lots** as described in the preliminary plat on file with the Department, and has an estimated water demand of **199.52 acre-feet per year.** The subdivision will be served **groundwater** by **the City of Buckeye.**

This Certificate is invalid as to any entity not named above.
This Certificate may be assigned pursuant to A.A.C. R12-15-705.

Certificate Number: 31-402138.0001

Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.I. DS - Westpark Phase 2.2 "Parcel 20N" - Final Plat - PLZS-23-00020
DATE PREPARED: 08/29/24	**DISTRICT NO.:** Council District 3
STAFF LIAISON: Patricia Cooley, Planner 1, pcooley@buckeyeaz.gov, (623) 349-6233	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat titled Westpark Phase 2.2 "Parcel 20N," a subdivision located northeast of the intersection of West Westpark Loop North and West Warner Street.

SUMMARY

PROJECT DESCRIPTION:
Barry Lindner from Atwell, Inc, on behalf of DR Horton Inc, is requesting approval of a Final Plat of Westpark Phase 2.2 "Parcel 20N," located northeast of the intersection of W. Westpark Loop North and W. Warner Street. The Final Plat encompasses approximately 17.16 acres and includes 70 single-family lots,12 tracts and 0.44 acres of open space with an overall density of approximately 4.08 dwelling units per acre. Approximately 3.34 acres of Right-of-way (ROW) is being dedicated to the City of Buckeye through this Final Plat. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources, per A.R.S. 9-463.01(I).

BENEFITS:
The subject Final Plat will allow continued development of traditional single-family residences within the City of Buckeye.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

Purpose of Request

The primary purpose of the subject Final Plat submittals is to fulfill prior project entitlements and to complete site development of Phase 2.2 for the existing Westpark residential subdivision. This current phase of the project will focus on completing the remaining portions of the Westpark Loop Road and Warner Street infrastructure, as well as continue with final development approvals to permit full construction of Parcels 5, 6, 7N, 7S, 8, 18N, 19 and 20N. The improvements for the remaining portions of the West Park Loop Road and Warner Street will be completed under a separate cover specific to only off-site improvements while each of the different parcels will be constructed under individual on-site covers. Refer to the Development Standards section of this narrative for a table of the approved and proposed development zoning conditions. Developer is expecting to commence construction of Westpark Loop North before the end of the year. Agreements with builders and other developers affect the schedule with the intent to construct Westpark Loop North first, then Parcels 8, 7S & 19. The development schedule of the remaining parcels is not certain at this time.

Project Background & Current Conditions

The overall Westpark subdivision is located at the southeast corner of the intersection of Interstate 10 (I-10) and State Route 85 (SR-85) in Buckeye, Arizona. As it sits today, the overall subdivision is mostly surrounded by undeveloped desert and agricultural farmlands with an existing development directly southeast. It is bordered to the south by the RID Canal but is not necessarily served by those irrigation facilities. Public vehicular access is currently only provided from Miller Road to the East. There are two access points to Miller Road, and they are the North and South Westpark Loop Road connections. A tertiary access road identified as E. Connector Road was constructed in 2010. This road connects to W. Broadway Road to the south, bridges the RID Canal, then stops at a point along the old SR-85 frontage road just south of the intersection with I-10. There are future plans by Developers to connect this over to the existing end of W. Durango Street, just north of Phase 1. Eventually, additional interior street connections with Westpark will be made to aide in overall vehicular circulation and connectivity with local roadways.

The subdivision was originally planned as “Roston/Buckeye” and received approval of its Community Master Plan (CMP) in October of 2000 since it was consistent with the City’s General Plan Land Use Designation of “Master Planned Community” (MPC). Several amendments have occurred over the years since it’s initial approval to enact minor updates to better suit the changing needs of the City and surrounding area. A Preliminary Plat of Westpark Phase 2, Project No. PP04-09, was approved in mid-2004 and is the basis for the scope of work proposed with the subject project submittals. Parcel 20N is proposing 70 lots over a total of 17.16 acres, which equates to a density of 4.08 dwelling units per acre. The minimum lot size proposed is 65’x120’. While the parcel has an overlying zoning of Planned Community (PC), the development standards remain consistent with the City’s underlying applicable residential zoning standards and maintain the initial intent and approvals of the CMP.

Construction of Phase 1 began around 2004 and met full build-out in 2007. With Phase 1 nearing completion and the need for further expansion, Phase 2 began construction in 2006 but stalled out after mass grading and some portions of infrastructure work. The mass grading covered a predominance of the Phase 2 area, but a small portion of the northerly parcels was left in a natural state due to an irrigation supply ditch that was necessary to remain in service at the time. Since then, the subject ditch has been decommissioned and is no longer needed. The site has remained in a partially completed state until the southeasterly portion of it (identified as Phase 2.1 and consisting of platted Parcels 13, 14, 18S and 20S) was resurrected recently in 2019 by a separate ownership entity. These four parcels are continuing development pursuit by said owner on a parallel track to the subject Phase 2.2 work. Currently, Parcel 14 is complete, Parcel 18S has approved plans, and improvement plans for Parcels 13 and 20S are in progress.

The mass grading work established large offsite drainage attenuating basins along the entire northerly portion of the property. These basins intercept offsite runoff then route them accordingly and discharge in the historic courses. Individual parcels will maintain the necessary offsite routing as well as provide for the required onsite stormwater management addressing the 100-year design conditions as typical. Existing ground conditions have been maintained over the years to keep unwanted vegetation growth at bay and to ensure the in-place network of surface basins and drainageways function as needed. Natural terrain falling from northeast to southwest remains as the overall condition.

Utilities and Services

Water and sewer are both provided to and serving the Westpark subdivision by the City of Buckeye. Westpark falls within the limits of the City's water pressure Zone 2. This zone is primarily supplied by a facility identified as the North Airport Road Water Campus (NARWC), which is located approximately 8-miles northeast of Westpark. The primary supply of water is brought to the subdivision by offsite 16" transmission mains located within W. Durango Street and Miller Road. Phase 1 contains distribution mains throughout which vary in size from 6" through 16" which stop at Phase 2 for continuation. Phase 2 will install the same type and sizes of potable distribution throughout and a new 16" connection to the offsite main in W. Durango Street to help bolster the overall system's capabilities. A 16" main line stub will be placed at the west end of Warner Street for future connection and further continuation of the water system. Parcel 20N's potable water distribution is mostly comprised of 8" mains and connects to the 8" main in Parcel 19 at two locations, an 8" stub in S 262nd Avenue and an 8" stub in S. 263rd Avenue. Parcel 20N also connects to Parcel 20S at two locations, an 8" stub in S. 262nd Avenue and an 8" stub in S. 263rd Avenue. Parcel 20N will be connected to the 16-inch main in Westpark Loop North via Florence Avenue in Parcel 20S and Cordes Road within Parcel 20N.

Similar to the water distribution, sewage collection is provided throughout the existing subdivision utilizing a network of 8" through 10" public collection gravity main lines. Due to the gravity design of the sewer following the natural terrain, the individual parcels within Phase 2 cascade through one another as the site sewerage flows from north to south. Infrastructure for the Phase 2.2 parcels will be constructed in a manner that starts with the lower end of the system so that dependent parcels are able to discharge once flow demands come online. Parcel 20N's system is at a mid point in the overall system and consists of 8" sewer lines that ultimately drain to Parcel 20S in S. 262nd Avenue and S. 263rd Avenue. Parcel 20 also connects to Parcel 19 in S. 263rd Avenue. Existing Westpark Phase 1 discharges at its southwest corner and Phase 2 discharges at its southeast corner, meeting at an existing 18" main on the north side of the RID Canal at the intersection with the Rooks Road alignment. From there, the existing 18" main heads south, crosses the canal, then continues roughly 5 miles southeast where it ends up at the Beloat Wastewater Treatment Plant facility (which is located just south of downtown Buckeye, southeast of the intersection of S. Miller Road and E. Irwin Avenue). The plant currently has capacity to serve the Westpark Phase 2.2 build-out.

Other public utilities and service providers include Arizona Public Service (APS) for electrical with cable and telephone provided by both CenturyLink and Cox. Additionally, refuse/recycle service is handled by the City of Buckeye for typical residential collection services.

Emergency services are handled within the City's jurisdictional limits and are provided by Buckeye Fire Department and Buckeye Police Department. The nearest Fire Station to serve Phase 2.2 already exists within the Phase 1 limits. Buckeye Fire Station #706 is located just east of Parcel 5, on the north side of the adjacent Westpark Elementary School. An additional future Fire Station site has been slated for a vacant parcel within the Phase 2.2 limits but is not yet defined for construction. The primary Buckeye Police Station dispatches from their home base located at 100 N. Apache Road, which is south of Downtown Buckeye on the east side of the MC85/Monroe Avenue curve.

Education services are provided through the local school districts. Students start off in the Buckeye Elementary School District which handles grades K-8. The nearest elementary school is Westpark

Elementary, which happens to be adjacent east to Parcel 5. The school was completed and has been serving the neighborhood since 2007. Once students are ready to move on, they migrate to the Buckeye Union High School District. The nearest public school is Youngker High School, which is approximately 1-mile due east of Westpark, at the northwest corner of S. Apache Road and W. Lower Buckeye Road.

Landscaping, Parks & Open Space

Overall, the new Phase 2.2 landscape design will match and mesh with the existing Westpark Phase 1 theme, continuing to provide appropriate green spaces that soften the development appearance while maintaining strict standards for a low water-use plant palette and maintenance. With 20.6% of open space allocated in Phase 2.2, there is a meaningful natural appearance offering an array of outdoor uses that tie the subdivision together. Overall, this equates to roughly 41 +/- acres of common area open space and amenities for the residents. Each parcel is proposed to include a “pocket park” for safe family activities as well as harnessing the various remaining open spaces for activity opportunities. Parcel 20N specifically has no multi-use basins, instead drainage is managed on adjacent parcel basins. These areas help make up the 0.44 acres of parks and open space, which is about 3% of the Parcel. This trail network will ensure all the open/green spaces are connected to one another as well as providing a safe and continuous accessway throughout the entire subdivision. This network and other access means will be extended to each of the future phases as well, completing the harmonious nature of the development and general community feel. Although not part of this current plan of development, a large format regional park and recreation facility is designed and slated for one of the remaining undeveloped parcels of Phase 2.2. It is adjacent south of Warner Street and will be a substantial amenity benefit to the area. When developed, it will add an additional 25 +/- acres of high-quality recreational facilities of varied substance.

Development Schedule

Currently, the anticipated development schedule is somewhat dependent on the timing of all jurisdictional reviews and approvals. As mentioned prior, the entirety of Phase 2 (with the exception of portions of the northerly parcels) was mass-graded in 2006, with some primary utility infrastructure placed as well. The utility work was focused on the southern leg of the Loop Road, and the adjacent four Parcels 13, 14, 18S and 20S. This prior work reduces some of the longer field processes associated with site development, but there is still plenty to do once field work commences.

In general, it is expected that the first portion of new development will be to construct the remaining segments of Westpark Loop Road, Warner Street and the offsite water main connection north to Durango Street. Once work begins, it is projected to be completed in approximately 5-8 months. Individual parcel construction will commence once approvals are obtained and home builders have committed to parcels accordingly. Since this is not yet clearly defined, some speculation is necessary to forecast the development progress. It is anticipated that individual parcel development would take an initial 3-6 months to complete site improvements and begin constructing homes. With construction varying both regionally and throughout the industry, we would anticipate first homes coming online for sale within the following 4-6 months. Currently home builders are averaging anywhere from 5 to 8 home closings per month once they are in full swing (after site work). As identified prior, since there are some infrastructure limitations for several parcels, the progression of development is expected to proceed in the following order: Loop Road/Offsite Infrastructure, then Parcels 8, 7S, 20N, 7N, 19 and 6. This order will ensure that suitable utilities and drainage facilities are maintained to support the construction and new residents of Buckeye accordingly.

OWNER HEREBY GRANTS TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIGATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

D.R. HORTON INC, A DELAWARE CORPORATION, AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY OF BUCKEYE. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

ALL IMPROVEMENTS, FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL THE CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

THE EASEMENTS GRANTED WITHIN THIS DEDICATION ARE PERMANENT AND PERPETUAL AND SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS AND INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF.

TRACT T8 IS DECLARED TO BE FOR LANDSCAPE, OPEN SPACE AND PUBLIC ACCESS, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

TRACTS K8, L8, M8, N8, O8, P8, Q8, R8, S8, U8 AND V8 ARE DECLARED TO BE FOR LANDSCAPE AND OPEN SPACE, AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

ALL TRACTS ARE TO BE OWNED AND MAINTAINED BY THE WESTPARK PHASE 2.2 COMMUNITY ASSOCIATION. THERE HAS BEEN OR IS BEING RECORDED HEREWITH A DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS (CC&R'S) FOR "WESTPARK PHASE 2.2, PARCEL 20N"

OWNER HEREBY GRANTS TO THE PUBLIC A NON-EXCLUSIVE EASEMENT FOR RECREATION OVER UPON AND ACROSS THOSE AREAS DESIGNATED AS RECREATION TRAILS OR AREAS FOR THE PURPOSE OF ALLOWING PUBLIC ACCESS TO THE TRAIL SYSTEM.

NOTHING CONTAINED HEREIN SHALL BE DEEMED TO DEDICATE ANY PORTION OF THE TRACTS FOR PUBLIC USE OTHER THAN FOR EASEMENTS SPECIFICALLY GRANTED TO THE PUBLIC HEREIN.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON, AND ACROSS THE AREAS DESIGNATED AS "ROADWAY EASEMENTS" AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTION, MAINTAINING, REPAIRING AND UTILIZING STREET AS PER THE CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

OWNER WARRANTS AND REPRESENTS TO THE CITY OF BUCKEYE TO BE THE SOLE OWNER OF THE PROPERTY COVERED HEREBY AND THAT EVERY LENDER, EASEMENT HOLDER, OR OTHER PERSON, OR ENTITY, HAVING ANY INTEREST IN THE LAND ADVERSE TO OR INCONSISTENT WITH THE DEDICATION, CONVEYANCES OR OTHER REAL PROPERTY INTEREST CREATED OR TRANSFERRED BY THIS PLAT HAS CONSENTED TO, OR JOINED IN THE PLAT, AS EVIDENCED BY INSTRUMENTS WHICH ARE RECORDED WITH THE MARICOPA COUNTY RECORDERS OFFICE, OR WHICH OWNER WILL RECORD NOT LATER THAN THE DATE ON WHICH THIS PLAT IS RECORDED.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

IN WITNESS WHEREOF, OWNER HAS HEREUNTO CAUSED ITS CORPORATE NAME TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

SHEET INDEX

DESCRIPTION	SHEET NO
COVER SHEET	1
KEY MAP, TRACT TABLE, LOT DETAIL AND LEGAL DESCRIPTION	2
PLAT SHEETS	3-4

NOTES

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVERFLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.
2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.
3. IN ACCORDANCE WITH ARS § 9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.
4. PURSUANT TO A.R.S. § 42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.
5. THIS SITE CONSISTS OF A TOTAL OF 70 LOTS, 12 TRACTS, AND 1 PARCEL IN THE "PC" PLANNED COMMUNITY ZONING DISTRICT.
6. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JULY 13TH, 2004 UNDER CASE #PP04-09.
7. THIS SUBDIVISION WAS ISSUED A CERTIFICATE OF ASSURED WATER SUPPLY BY ARIZONA DEPARTMENT OF WATER RESOURCES ON OCTOBER 19TH, 2007 WITH ADWR CERTIFICATE #31-402138.0001.
8. NO STRUCTURE OF ANY KIND SHALL BE CONSTRUCTED OR ANY VEGETATION TO BE PLANTED OR BE ALLOWED TO GROW WITHIN ANY DRAINAGE EASEMENT WHICH WOULD IMPEDE THE FLOW OF WATER OVER, UNDER, OR THROUGH EASEMENTS.
9. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER ONE YEAR FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL THE FINANCIAL ASSURANCES ARE IN PLACE.
10. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69KV AND LARGER.
11. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A PARKWAY MAINTENANCE IMPROVEMENT DISTRICT (MID) AND STREET LIGHTING IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED, IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.

FLOODZONE DESIGNATION

THE PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO 04013C2115L, WITH A REVISION DATE OF OCTOBER 16TH, 2013 FOR COMMUNITY NO. 2115, IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

100 YEAR ASSURED WATER SUPPLY

THIS SUBDIVISION IS WITHIN THE CITY OF BUCKEYE WATER SERVICE AREA AND HAS OBTAINED A CERTIFICATE OF 100 YEAR ASSURED WATER SUPPLY FROM THE ARIZONA DEPARTMENT OF WATER RESOURCES, CERTIFICATE #31-402138.0001.

ZONING DESIGNATION

"PC" PLANNED COMMUNITY

SURVEYOR'S CERTIFICATION:

I, JAMES G. SPRING, HEREBY CERTIFY THAT I AM A PROFESSIONAL LAND SURVEYOR IN THE STATE OF ARIZONA, THAT THIS PLAT CONSISTING OF FOUR SHEETS CORRECTLY REPRESENTS A BOUNDARY SURVEY MADE BY ME DURING THE MONTH OF JULY, 2024. THAT THE SURVEY IS TRUE AND CORRECT AS SHOWN, THAT ALL MONUMENTS EXIST OR WILL BE SET AND, THAT THEIR POSITIONS ARE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DEPARTMENT OF WATER RESOURCES
CERTIFICATE OF ASSURED WATER SUPPLY

This is to certify that

KEMF WP 2.2, LLC, an Arizona limited liability company, Owner, D.R.Horton, Inc., a Delaware corporation, Buyer, Century Communities of Arizona , an Arizona limited liability company, Buyer and GDC WP 2.2, LLC, an Arizona limited liability company, Buyer,

have met the requirements of A.R.S. §§ 45-576 and A.A.C.R12-15-701 et. seq., and

By powers vested in the Director of the Arizona Department of Water Resources by the State of Arizona, and subject to the conditions contained in A.A.C. R12-15-701 et seq.,

Are issued this Certificate of Assured Water Supply for

Westpark Phase 2.2 Parcels 7N, 7S, 8, 19 and 20N
Township 1 North, Range 4 West, Sections 13 and 24
GSRB&M Maricopa County, PHOENIX AMA

The referenced subdivision consists of **446 lots** as described in the preliminary plat on file with the Department, and has an estimated water demand of **199.52 acre-feet per year.** The subdivision will be served **groundwater** by **the City of Buckeye.**

This Certificate is invalid as to any entity not named above.
This Certificate may be assigned pursuant to A.A.C. R12-15-705.

Certificate Number: 31-402138.0001

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat of Westpark Phase 2.2 "Parcel 7N," located north of the northwest corner of West Westpark Loop North and West Warner Street.

SUMMARY

PROJECT DESCRIPTION:
Barry Lindner from Atwell, Inc, on behalf of GDC WP 2.2, LLC, is requesting approval of a Final Plat of Westpark Phase 2.2 "Phase 7N" located north of the northwest corner of W. Westpark Loop North and W. Warner Street. The project encompasses approximately 21.81 acres and includes 77 single-family lots,10 tracts and 6.0 acres of open space with an overall density of approximately 3.53 dwelling units per acre. Approximately 3.56 acres of Right-of-way (ROW) is being dedicated to the City of Buckeye through this Final Plat. The proposal is in substantial conformance with the Preliminary Plat. The Final Plat is accompanied by a Certificate of Assured Water Supply from the Department of Water Resources, per A.R.S. 9-463.01(I).

BENEFITS:
The subject Final Plat will allow continued development of traditional single-family residences within the City of Buckeye.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two (2) years after construction.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

www.atwell-group.com

Purpose of Request

The primary purpose of the subject Final Plat submittals is to fulfill prior project entitlements and to complete site development of Phase 2.2 for the existing Westpark residential subdivision. This current phase of the project will focus on completing the remaining portions of the Westpark Loop Road and Warner Street infrastructure, as well as continue with final development approvals to permit full construction of Parcels 5, 6, 7N, 7S, 8, 18N, 19 and 20N. The improvements for the remaining portions of the West Park Loop Road and Warner Street will be completed under a separate cover specific to only off-site improvements while each of the different parcels will be constructed under individual on-site covers. Refer to the Development Standards section of this narrative for a table of the approved and proposed development zoning conditions. Developer is expecting to commence construction of Westpark Loop North before the end of the year. Agreements with builders and other developers affect the schedule with the intent to construct Westpark Loop North first, then Parcels 8, 7S & 19. The development schedule of the remaining parcels is not certain at this time.

Project Background & Current Conditions

The overall Westpark subdivision is located at the southeast corner of the intersection of Interstate 10 (I-10) and State Route 85 (SR-85) in Buckeye, Arizona. As it sits today, the overall subdivision is mostly surrounded by undeveloped desert and agricultural farmlands with an existing development directly southeast. It is bordered to the south by the RID Canal but is not necessarily served by those irrigation facilities. Public vehicular access is currently only provided from Miller Road to the East. There are two access points to Miller Road, and they are the North and South Westpark Loop Road connections. A tertiary access road identified as E. Connector Road was constructed in 2010. This road connects to W. Broadway Road to the south, bridges the RID Canal, then stops at a point along the old SR-85 frontage road just south of the intersection with I-10. There are future plans by the Developers to connect this over to the existing end of W. Durango Street, just north of Phase 1. Eventually, additional interior street connections with Westpark will be made to aide in overall vehicular circulation and connectivity with local roadways.

The subdivision was originally planned as “Roston/Buckeye” and received approval of its Community Master Plan (CMP) in October of 2000 since it was consistent with the City’s General Plan Land Use Designation of “Master Planned Community” (MPC). Several amendments have occurred over the years since it’s initial approval to enact minor updates to better suit the changing needs of the City and surrounding area. A Preliminary Plat of Westpark Phase 2, Project No. PP04-09, was approved in mid-2004 and is the basis for the scope of work proposed with the subject project submittals. Parcel 7N is proposing 77 lots over a total of 21.81 acres, which equates to a density of 3.53 dwelling units per acre. The minimum lot size proposed is 58’x115’. While the parcel has an overlying zoning of Planned Community (PC), the development standards remain consistent with the City’s underlying applicable residential zoning standards and maintain the initial intent and approvals of the CMP.

Construction of Phase 1 began around 2004 and met full build-out in 2007. With Phase 1 nearing completion and the need for further expansion, Phase 2 began construction in 2006 but stalled out after mass grading and some portions of infrastructure work. The mass grading covered a predominance of the Phase 2 area, but a small portion of the northerly parcels was left in a natural state due to an irrigation supply ditch that was necessary to remain in service at the time. Since then, the subject ditch has been decommissioned and is no longer needed. The site has remained in a partially completed state until the southeasterly portion of it (identified as Phase 2.1 and consisting of platted Parcels 13, 14, 18S and 20S) was resurrected recently in 2019 by a separate ownership entity. These four parcels are continuing development pursuit by said owner on a parallel track to the subject Phase 2.2 work. Currently, Parcel 14 is complete, Parcel 18S has approved plans, and improvement plans for Parcels 13 and 20S are in progress.

The mass grading work established large offsite drainage attenuating basins along the entire northerly portion of the property. These basins intercept offsite runoff then route them accordingly and discharge in the historic courses. Individual parcels will maintain the necessary offsite routing as well as provide for the required onsite stormwater management addressing the 100-year design conditions as typical. Existing ground conditions have been maintained over the years to keep unwanted vegetation growth at bay and to ensure the in-place network of surface basins and drainageways function as needed. Natural terrain falling from northeast to southwest remains as the overall condition.

Utilities and Services

Water and sewer are both provided to and serving the Westpark subdivision by the City of Buckeye. Westpark falls within the limits of the City's water pressure Zone 2. This zone is primarily supplied by a facility identified as the North Airport Road Water Campus (NARWC), which is located approximately 8-miles northeast of Westpark. The primary supply of water is brought to the subdivision by offsite 16" transmission mains located within W. Durango Street and Miller Road. Phase 1 contains distribution mains throughout which vary in size from 6" through 16" which stop at Phase 2 for continuation. Phase 2 will install the same type and sizes of potable distribution throughout and a new 16" connection to the offsite main in W. Durango Street to help bolster the overall system's capabilities. A 16" main line stub will be placed at the west end of Warner Street for future connection and further continuation of the water system. Parcel 7N's potable water distribution is mostly comprised of 8" mains and connects to the 16" main within Weskpark Loop North Road at one location, an 8" stub in W. Payson Drive in Parcel 7S. A second connection will be made to Parcel 6 within S. 263rd Drive.

Similar to the water distribution, sewage collection is provided throughout the existing subdivision utilizing a network of 8" through 10" public collection gravity main lines. Due to the gravity design of the sewer following the natural terrain, the individual parcels within Phase 2 cascade through one another as the site sewerage flows from north to south. Infrastructure for the Phase 2.2 parcels will be constructed in a manner that starts with the lower end of the system so that dependent parcels are able to discharge once flow demands come online. Parcel 7N's system consists of 8" sewer lines that ultimately drain to S 263rd Drive, into Parcel 7S. Parcel 7N system also provides for a future connection to the property to the north in S. 263rd Lane. Existing Westpark Phase 1 discharges at its southwest corner and Phase 2 discharges at its southeast corner, meeting at an existing 18" main on the north side of the RID Canal at the intersection with the Rooks Road alignment. From there, the existing 18" main heads south, crosses the canal, then continues roughly 5 miles southeast where it ends up at the Beloat Wastewater Treatment Plant facility (which is located just south of downtown Buckeye, southeast of the intersection of S. Miller Road and E. Irwin Avenue). The plant currently has capacity to serve the Westpark Phase 2.2 build-out.

Other public utilities and service providers include Arizona Public Service (APS) for electrical with cable and telephone provided by both CenturyLink and Cox. Additionally, refuse/recycle service is handled by the City of Buckeye for typical residential collection services.

Emergency services are handled within the City's jurisdictional limits and are provided by Buckeye Fire Department and Buckeye Police Department. The nearest Fire Station to serve Phase 2.2 already exists within the Phase 1 limits. Buckeye Fire Station #706 is located just east of Parcel 5, on the north side of the adjacent Westpark Elementary School. An additional future Fire Station site has been slated for a vacant parcel within the Phase 2.2 limits but is not yet defined for construction. The primary Buckeye Police Station dispatches from their home base located at 100 N. Apache Road, which is south of Downtown Buckeye on the east side of the MC85/Monroe Avenue curve.

Education services are provided through the local school districts. Students start off in the Buckeye Elementary School District which handles grades K-8. The nearest elementary school is Westpark Elementary, which happens to be adjacent east to Parcel 5. The school was completed and has been serving the neighborhood since 2007. Once students are ready to move on, they migrate to the Buckeye

Union High School District. The nearest public school is Youngker High School, which is approximately 1-mile due east of Westpark, at the northwest corner of S. Apache Road and W. Lower Buckeye Road.

Landscaping, Parks & Open Space

Overall, the new Phase 2.2 landscape design will match and mesh with the existing Westpark Phase 1 theme, continuing to provide appropriate green spaces that soften the development appearance while maintaining strict standards for a low water-use plant palette and maintenance. With 20.6% of open space allocated in Phase 2.2, there is a meaningful natural appearance offering an array of outdoor uses that tie the subdivision together. Overall, this equates to roughly 41 +/- acres of common area open space and amenities for the residents. Each parcel is proposed to include a “pocket park” for safe family activities as well as harnessing the various remaining open spaces for activity opportunities. Parcel 7N specifically has multiple dual-use basins located throughout the site. These areas help make up the 6.0 acres of parks and open space, which is about 27.5% of the Parcel. An 8’ wide multiuse path is also provided along the exterior of the site and connects to the subdivision’s larger trail network. This trail network will ensure all the open/green spaces are connected to one another as well as providing a safe and continuous accessway throughout the entire subdivision. This network and other access means will be extended to each of the future phases as well, completing the harmonious nature of the development and general community feel. Although not part of this current plan of development, a large format regional park and recreation facility is designed and slated for one of the remaining undeveloped parcels of Phase 2.2. It is adjacent south of Warner Street and will be a substantial amenity benefit to the area. When developed, it will add an additional 25 +/- acres of high-quality recreational facilities of varied substance.

Development Schedule

Currently, the anticipated development schedule is somewhat dependent on the timing of all jurisdictional reviews and approvals. As mentioned prior, the entirety of Phase 2 (with the exception of portions of the northerly parcels) was mass-graded in 2006, with some primary utility infrastructure placed as well. The utility work was focused on the southern leg of the Loop Road, and the adjacent four Parcels 13, 14, 18S and 20S. This prior work reduces some of the longer field processes associated with site development, but there is still plenty to do once field work commences.

In general, it is expected that the first portion of new development will be to construct the remaining segments of Westpark Loop Road, Warner Street and the offsite water main connection north to Durango Street. Once work begins, it is projected to be completed in approximately 5-8 months. Individual parcel construction will commence once approvals are obtained and home builders have committed to parcels accordingly. Since this is not yet clearly defined, some speculation is necessary to forecast the development progress. It is anticipated that individual parcel development would take an initial 3-6 months to complete site improvements and begin constructing homes. With construction varying both regionally and throughout the industry, we would anticipate first homes coming online for sale within the following 4-6 months. Currently home builders are averaging anywhere from 5 to 8 home closings per month once they are in full swing (after site work). As identified prior, since there are some infrastructure limitations for several parcels, the progression of development is expected to proceed in the following order: Loop Road/Offsite Infrastructure, then Parcels 8, 7S, 7N, 20N & 19 then Parcels 6, 5, & 18N.This order will ensure that suitable utilities and drainage facilities are maintained to support the construction and new residents of Buckeye accordingly.

FINAL PLAT
OF
WESTPARK PHASE 2.2
"PARCEL 7N"

LOCATED IN A PORTION OF THE NORTHWEST QUARTER OF SECTION 24 AND THE SOUTH HALF OF SECTION 13, TOWNSHIP 1 NORTH, RANGE 4 WEST, OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA

DEDICATION

STATE OF ARIZONA }
}SS
COUNTY OF MARICOPA }

KNOW ALL PERSONS BY THESE PRESENTS: GDC WP 2.2, LLC, AN ARIZONA LIMITED LIABILITY COMPANY ("OWNER"), HAS SUBDIVIDED UNDER THE NAME WESTPARK PHASE 2.2 "PARCEL 7N", A SUBDIVISION LOCATED IN A PORTION OF THE NORTHWEST QUARTER OF SECTION 24 AND THE SOUTH HALF OF SECTION 13, TOWNSHIP 1 NORTH, RANGE 4 WEST, OF THE GILA AND SALT RIVER BASE AND MERIDIAN MARICOPA COUNTY, ARIZONA AS SHOWN AND PLATTED HEREON AND DOES HEREBY PUBLISH THIS PLAT AS AND FOR THE PLAT OF WESTPARK PHASE 2.2 "PARCEL 7N" AND DECLARES THAT THIS PLAT SETS FORTH THE LOCATION AND GIVES THE DIMENSIONS OF EACH LOT, TRACT, STREET, AND EASEMENTS CONSTITUTING SAME, AND THAT EACH LOT, TRACT, STREET, AND EASEMENT SHALL BE KNOWN BY THE NUMBER, LETTER, AND/OR NAME GIVEN TO EACH RESPECTIVELY AS SHOWN ON THIS PLAT.

OWNER HEREBY DEDICATES TO THE CITY OF BUCKEYE FEE TITLE TO ALL PUBLIC RIGHTS-OF-WAY AS SHOWN ON THIS PLAT.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS PUBLIC UTILITY EASEMENTS AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTING, MAINTAINING, REPAIRING, REPLACING AND UTILIZING PUBLIC UTILITIES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE AN EXCLUSIVE EASEMENT FOR THE PURPOSE OF WATER WITHIN THE AREAS SHOWN ON THIS PLAT AS WATER EASEMENTS. THE CITY SHALL HAVE THE RIGHT TO ACCESS, CONSTRUCT, MAINTAIN, OPERATE AND REPLACE PUBLIC WATER LINES OVER, UNDER AND ACROSS THE EASEMENT AREAS SHOWN HEREON.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE AN EXCLUSIVE EASEMENT FOR THE PURPOSE OF SEWER WITHIN THE AREAS SHOWN ON THIS PLAT AS SEWER EASEMENTS. THE CITY HALL HAVE THE RIGHT TO ACCESS, CONSTRUCT, MAINTAIN, OPERATE AND REPLACE PUBLIC SEWER LINES OVER, UNDER AND ACROSS THE EASEMENT AREAS SHOWN HEREON.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE, A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS SITE VISIBILITY TRIANGLES FOR THE PURPOSE OF ENSURING THAT THESE AREAS REMAIN FREE OF SITE VISIBILITY OBSTRUCTIONS AS PER THE ENGINEERING DESIGN STANDARDS.

OWNER HEREBY GRANTS TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIGATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

GDC WP 2.2, LLC, AN ARIZONA LIMITED LIABILITY COMPANY ("OWNER"), AS OWNER DOES HEREBY (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

GDC WP 2.2, LLC, AN ARIZONA LIMITED LIABILITY COMPANY ("OWNER"), AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

ALL IMPROVEMENTS, FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

THE EASEMENTS GRANTED WITHIN THIS DEDICATION ARE PERMANENT AND PERPETUAL AND SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS AND INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF.

TRACTS A5, B5, C5, D5, E5, F5, G5, H5, I5, AND S6 ARE DECLARED TO BE FOR LANDSCAPE AND OPEN SPACE AS SHOWN IN THE TRACT TABLE INCLUDED HEREON.

ALL TRACTS ARE TO BE OWNED AND MAINTAINED BY GDC WP 2.2, LLC, AN ARIZONA LIMITED LIABILITY COMPANY.

OWNER HEREBY GRANTS TO THE PUBLIC A NON-EXCLUSIVE EASEMENT FOR RECREATION OVER UPON AND ACROSS THOSE AREAS DESIGNATED AS RECREATION TRAILS OR AREAS FOR THE PURPOSE OF ALLOWING PUBLIC ACCESS TO THE TRAIL SYSTEM.

NOTHING CONTAINED HEREIN SHALL BE DEEMED TO DEDICATE ANY PORTION OF THE TRACTS FOR PUBLIC USE OTHER THAN FOR EASEMENTS SPECIFICALLY GRANTED TO THE PUBLIC HEREIN.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON, AND ACROSS THE AREAS DESIGNATED AS "ROADWAY EASEMENTS" AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTION, MAINTAINING, REPAIRING AND UTILIZING STREET AS PER THE CITY OF BUCKEYE ENGINEERING DESIGN STANDARDS.

OWNER WARRANTS AND REPRESENTS TO THE CITY OF BUCKEYE TO BE THE SOLE OWNER OF THE PROPERTY COVERED HEREBY AND THAT EVERY LENDER, EASEMENT HOLDER, OR OTHER PERSON, OR ENTITY, HAVING ANY INTEREST IN THE LAND ADVERSE TO OR INCONSISTENT WITH THE DEDICATION, CONVEYANCES OR OTHER REAL PROPERTY INTEREST CREATED OR TRANSFERRED BY THIS PLAT HAS CONSENTED TO, OR JOINED IN THE PLAT, AS EVIDENCED BY INSTRUMENTS WHICH ARE RECORDED WITH THE MARICOPA COUNTY RECORDERS OFFICE, OR WHICH OWNER WILL RECORD NOT LATER THAN THE DATE ON WHICH THIS PLAT IS RECORDED.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

IN WITNESS WHEREOF, OWNER HAS HEREUNTO CAUSED ITS CORPORATE NAME TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

DESCRIPTION	SHEET NO
COVER SHEET	1
KEY MAP, TRACT TABLE, LOT DETAIL AND LEGAL DESCRIPTION	2
PLAT SHEETS	3-5

NOTES

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVERFLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.
2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.
3. IN ACCORDANCE WITH ARS §9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.
4. PURSUANT TO A.R.S. §42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.
5. THIS SITE CONSISTS OF A TOTAL OF 77 LOTS, 10 TRACTS, IN THE "PC" PLANNED COMMUNITY ZONING DISTRICT.
6. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JULY 13TH, 2004 UNDER CASE #PP04-09.
7. THIS SUBDIVISION WAS ISSUED A CERTIFICATE OF ASSURED WATER SUPPLY BY ARIZONA DEPARTMENT OF WATER RESOURCES ON OCTOBER 19TH, 2007 WITH ADWR CERTIFICATE #31-402138.0001.
8. NO STRUCTURE OF ANY KIND SHALL BE CONSTRUCTED OR ANY VEGETATION TO BE PLANTED OR BE ALLOWED TO GROW WITHIN ANY DRAINAGE EASEMENT WHICH WOULD IMPEDE THE FLOW OF WATER OVER, UNDER, OR THROUGH EASEMENTS.
9. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER ONE YEAR FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL THE FINANCIAL ASSURANCES ARE IN PLACE.
10. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69KV AND LARGER.
11. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A PARKWAY MAINTENANCE IMPROVEMENT DISTRICT (MID) AND STREET LIGHTING IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED, IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.

BENCHMARK

BENCHMARK DATUM:
HORIZONTAL LOCATION= SE COR SEC 24, T.1N., R.4W. FOUND BRASS CAP IN HANDHOLE.
ELEVATION = 967.84' NORTH AMERICAN VERTICAL DATUM 1988

BASIS OF BEARING

BASIS OF BEARING IS ALONG THE SOUTH LINE OF THE SOUTHEAST QUARTER OF SECTION 24, T.1N., R.4W. BEING N89°39'26"W WITH A DISTANCE OF 2670.94 FEET.

FLOODZONE DESIGNATION

THE PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO 04013C2115L, WITH A REVISION DATE OF OCTOBER 16TH, 2013 FOR COMMUNITY NO. 2115, IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

100 YEAR ASSURED WATER SUPPLY

THIS SUBDIVISION IS WITHIN THE CITY OF BUCKEYE WATER SERVICE AREA AND HAS OBTAINED A CERTIFICATE OF 100 YEAR ASSURED WATER SUPPLY FROM THE ARIZONA DEPARTMENT OF WATER RESOURCES, CERTIFICATE #31-402138.0001.

ZONING DESIGNATION

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.K. DS - Buckeye Ten 85 - Final Plat - PLZS-22-00055
DATE PREPARED: 08/29/24	**DISTRICT NO.:** Council District 1
STAFF LIAISON: Bart Wingard, Principal Planner, hwingard@buckeyeaz.gov, (623) 208-8830	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on a Final Plat for Buckeye Ten 85, generally located at the southeast corner of State Route 85 and West Southern Avenue.

SUMMARY

PROJECT DESCRIPTION:
The Final Plat for Buckeye Ten 85 consisting of approximately 265 acres will create four (4) developable light industrial lots and four (4) well tracts. The developable parcels range from 39.36 to 81.59 acres while the well tracts average one half (1/2) acre.

BENEFITS:
The subject Final Plat will provide developable lots for light industrial uses resulting in enhanced employment opportunities for the residents of Buckeye. Additionally, the subject well tracts will contribute to the overall water solution for the area.

FINANCIAL IMPACT STATEMENT:
Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and then conveyed to the city two (2) years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.

Buckeye Ten|85
Preliminary Plat Request

Southeast Corner of SR 85 and Southern Avenue

APNs 504-39-027C; 504-39-028J; 504-39-028G; 504-39-028B and 504-39-028K

Introduction

Creation RE LLC ("Applicant" or "Creation") is requesting approval of a Preliminary Plat to facilitate the development of the vacant, 265-acre property located at the southeast corner of SR 85 and W. Southern Avenue, specifically Maricopa County Assessor Parcel Numbers (APNs) 504-39-027C; 504-39-028J; 504-39-028G; 504-39-028B and 504-39-028K (the "Property" or "Site") to accommodate new office-flex buildings and associated site improvements. See **Exhibits 1 and 2**, **Aerial Map and Approved Site Plan**. On October 25, 2022, the Site Plan for this project was approved by the Planning & Zoning Commission.

Current General Plan Designation

The Site is approximately 265 acres of vacant, agricultural land. It is relatively flat and does not contain any structures. The General Plan Land Use Designation is Employment. See **Exhibit 3, Existing General Plan Land Use Map**.

Current Zoning

As shown in **Exhibit 4, Existing Zoning Map,** the Property's zoning designation is Light Industrial (I-1).

Vicinity Information

Location	Current Zoning	Description
Subject Property	Light Industrial (I-1)	Vacant agricultural
North	Planned Residential	Vacant agricultural
East	Planned Residential	Undeveloped residential subdivision
South	RU-43 (County)	Vacant agricultural
West	RU-43 (County)	Vacant agricultural

There is a small, 0.08 acre parcel of land (APN 504-39-031) located in between the north and south portions of the subject property, at the intersection of SR85 and the W. Maricopa Road alignment; this parcel is under the jurisdiction of the Arizona Department of Transportation (ADOT) and is not a part of this preliminary plat application.

Project Description

The Applicant is proposing to develop four (4), single-story office/flex buildings to accommodate light industrial uses. The proposed development will bring more than four million square feet of office/flex space to vacant land that is conveniently located adjacent to the SR85 highway and about two miles south of the I-10 freeway.

Roadway Circulation

The Property enjoys close proximity to SR85 and Interstate 10. SR85 abuts the west side of the Property. The I-10 freeway is approximately 2.4 miles to the north.

In the initial phase of development, there will be two (2) access points on Southern Avenue and two (2) access points on Baseline Road. The timing and installation of additional access points will be implemented as determined by the Traffic Impact Analysis (TIA) approved by the City of Buckeye and in coordination with City Engineer.

The Applicant will form a Streetlight Improvement District (SLID) for the purposes of paying for the power to the streetlights on public streets either within or adjacent to the Property. The SLID will include the centerline of adjacent arterial roadways in accordance with the requirements in City Code, Chapter 20.

Water, Sewer, and Refuse Providers

Water and sewer services will be provided by the City of Buckeye. A refuse service provider will be identified further along in the development process. The Property requires a well site for on-site needs. The Property can accommodate four well sites, and the Applicant is working with the City to provide three additional well sites for municipal use.

Fire Protection

Fire protection will be provided by the Buckeye Fire-Medical-Rescue Department. The closest fire station is Fire Station 701 at 404 S. Miller Road, which is approximately 2.3 miles southeast of the Property. As shown on the enclosed Site Plan, a potential fire pump house is proposed next to the primary well site, southwest of Building C. The fire pump house is proposed to be developed in Phase I.

Police Protection

Law enforcement services will be provided by the Buckeye Police Department. The nearest police station is approximately 2.6 miles southeast of the Property at 100 N. Apache Road #D.

Impact to Local Schools

The proposed industrial development will neither increase nor decrease the number of students, and thus will not impact local schools.

Design and Landscaping

The Property has been thoughtfully designed to be compatible with the surrounding uses. There will be a minimum of 20% landscaping provided, as shown in **Exhibit 5, Approved Landscape Plan**.

Parks, Open Space and Trails

The proposed project will not create a need for parks, open space or trails. As shown on the Approved Site Plan, 20% of the property will be developed as open space, with 2% of the site allocated to employee gathering areas. The retention areas have been strategically located along the perimeter of the Site to provide a buffer between future surrounding uses. Landscaping and screen walls will provide additional buffers to ensure that the proposed use is compatible with the surrounding area. Specifically, the Project will work to develop a streetscape appearance that complements the Farallon subdivision on the east side of 263rd Avenue.

Phasing

The project will be developed in two phases. The southern 141 acres will be developed in Phase I, and the remaining 124 acres in the northern portion will be developed in Phase II.

Conclusion

Creation RE is proposing to provide approximately four million square feet to accommodate office/flex users in response to the need for employment space that has resulted from the explosion of industrial development in the West Valley. Creation RE looks forward to transforming this vacant land into an industrious space that will provide substantial employment opportunities in the City of Buckeye for years to come.

CONCEPTUAL LANDSCAPE PLAN

2R PLZSP-22-00015
RECEIVED JUN 28 2022
CITY OF BUCKEYE ~ WD

VISIBILITY EASEMENT RESTRICTIONS

1. Any object, wall, structure, mound or landscaping (mature) over 24" in height is not allowed within the visibility easement.
2. Trees canopies overhanging the easement shall be kept trimmed to a height no less than 7'.
3. No trees are to be installed within 6' of any fire hydrant.
4. No Trees, boulders are to be installed in the VNAE, PUE, R/W or within 6' back of curb.
5. Any vegetation including trees, shrubs, or ground-cover, may be removed for any reason if deemed necessary by by the City of Buckeye.

C.O.B EASEMENT RESTRICTION

In easements for the exclusive use of water, sanitary sewer, reclaimed water or any combination thereof, only ground-cover and bushes are allowed to be planted within the easement areas. No trees or boulders are allowed.

DRAINAGE EASEMENT RESTRICTION

No structures or vegetation of any kind that would impede the flow though the easement may be constructed, planted or allowed to grow within the drainage easement.

CIVIL COMPLIANCE NOTE:

ALL RIP RAP, UNDERGROUND PIPE, UTILITIES AND METERS HAVE BEEN COORDINATED WITH THE CIVIL ENGINEERING FIRM.

ROOT BARRIER NOTE:

All trees located in the public right of way shall recieve vertical 'Root Barrier'

a. Linear Root Barrier shall be used along public improvements that are only on one side of the tree.
b. Surrounded Root Barriers shall be used when a tree is near the sidewalk, or within the median.

Trees extending into the right of ways shall be trimmed to the following minimums standards.

a. 18'-0" over any public roadways.
b. 7'-0" over any public sidewalk.

All trees in or adjacent to the public ROW who's canopy at full maturity should overhang the public ROW

GENERAL LANDSCAPING NOTES

1. The Landscape Architect, or his representative, reserve the right to refuse any plant materials he deems unacceptable. (See specifications)
2. For clarification of discrepancies between the drawings and the site, it should be brought to the attention of the Landscape Architect prior to beginning work.
3. The Landscape Architect and the Planning division of development Services is to approve any and all substitutions.
4. Plant list provided for contractor's convenience only. Plans take precedence.
5. Double stake all 15 gallon, 24", and 36" box trees as required.
6. Sprinkler Contractor must guarantee 100% coverage.
7. Exposed soil in planters shall be raked and free from rocks, roots, weeds, etc.
8. Finished grade in groundcover, granite and lawn areas shall be 1" below adjacent header, paving, curbing, etc. 100 % coverage in all landscape areas.
9. Plants shall be quality material having a growth habit which is normal for the species and be sound, vigorous, healthy, and free from insects and injury.
10. Groundcover and/or decomposed granite shall extend under shrubs unless noted.
11. After all work is completed, the contractor shall remove all materials not incorporated in the Scope of Work from the job site.
12. Grading shall include all excavation, settlement, handling, import, distribution, transportation, and disposal necessary to bring ground to finish grade as shown on the plan. (once general contractor has provided finish grade within 1/10 of 1')
13. All earthwork is to be done so that all water drains away from all structures.
14. A pre-emergent herbicide is to be applied to all granite areas after the granite has been laid. Include all river rock areas, if applicable.
15. All underground conduits are to be located before digging. If doubt exists call Blue Stake at (602) 263-1100.
16. All material to be guaranteed for a period of ONE (1) YEAR after final acceptance.
17. Landscape contractor shall provide arbor guards to all trees located in turf areas.
18. Contractor is responsible for all required sleeving whether it is shown on on the plans or not.

CITY OF BUCKEYE GENERAL NOTES:

1. All lighting, signs, walls and ramadas and other structures require separate building approval and permits.
2. All plant material in rights-of-way are in compliance. with the Arizona Department of Water Resources Low Water Use Plant List for the Phoenix active Management Area.
3. All plant material and specifications are to conform to the Az Nurseryman association current standards.
4. All plant material will be guaranteed for a min. of (60) sixty days from the date of final approval. Any plant material that has to be replaced under the terms of the guarantee shall be guaranteed for an additional sixty days from the date of replacement.
5. If sidewalks and paving are part of landscape improvements indicate that all on-site paving will meet design and construction requirements of the Americans with disabilities act (ADA)
6. Maricopa County Dust Control and Landscape permits are required for all landscape work in residential, commercial, and industrial subdivisions.
7. Prior acceptance of any BACKFLOW device, it must be tested by a state certified tester.
8. All BACKFLOW devices shall be recertified yearly.
9. Contractor shall ensure a 24" inch clearance between sidewalks and plant material.
10. Sprinkler contractor must guarantee 100% coverage in all landscape areas.
11. Erosion control shall be required at all inlet/outlet locations.
12. An 18 gauge tracer wire, of a different color than the controller wires, shall be installed w/ 2" inch and larger main lines.
13. No vegetation shall be planted within drainage easements or tracts which would impede the flow of water over, under, or through the drainage easements or tracts.

CITY OF BUCKEYE NOTES FOR CONSTRUCTION

1. Substitutions in type, and/or deviation in size or quantity from the approved landscape or irrigation plans shall not be premitted without prior written approval from the city of Buckeye and Landscape Architect.
   a. (City contact information 623-349-6200)
   b. (Landscape Architect contact information 602-265-0320)
2. All existing landscape including trees, shrubs and irrigation systems that are designated to remain in the approved landscape plans, and are damaged or destroyed during construction, will be replaced in kind by the contractor.
3. The City shall be notified 24 hours prior to any construction work and inspections (623)-349-6200. Construction work concealed without inspection from the City shall be subject to exposure at the contractor's expense.
4. All construction shall conform with the latest MAG Standard Details and specifications and the City's Supplemental details and Specifications.
5. This set of plans will be reviewed for compliance with City requirements prior to issuance of construction permits. However, such review shall not prevent the City from requiring correction of errors in plans found to be in volition of any law or ordinance.
6. The approval is valid for a period of 1 year. Construction permits shall be obtained during this period or the plans shall be resubmitted for review and approval.
7. An approved set of plans shall be available on the job site at all times.
8. Right-of-way improvements shall not be accepted until 'As-Built' plans have been submitted and approved by the City. (See as-built requirements).
9. The developer is responsible for the removal or relocation of all obstructions with in the right-of-way prior to starting new construction.
10. The developer is responsible for arranging the relocation and associated costs of all utilities. A utility relocation schedule shall be submitted prior to the issuance of permits.
11. The developer is responsible for obtaining or dedicating all required rights-of -way and easements to the City prior to issuance of permits.
12. The contractor shall contact (Arizona 811) (602-263-1100) at least 48 hours prior to construction.
13. The contractor shall barricade construction sites at all times per the (City of Buckeye) Traffic Barricade Manual. When required by the City, a traffic control plan shall be submitted for approval in advance of construction.
14. The contractor may request a fire hydrant meter for construction water from the public works department Department. This meter should be ordered two working days prior to the start of construction. The unlawful removal of water from a fire hydrant is a violation of the municipal code, punishable by fine and/or imprisonment. Note: potable water not available for construction purposes.
15. Private on-site water and sewer lines shall be constructed in accordance with the Uniform Plumbing Code, N.F.P.A. and the Uniform Fire Code as adopted by the City.
16. Irrigation lines serving landscaping within public right of way shall be inspected by the public works dept. 623-349-6800 before backfilling.
17. Any above ground mechanical units that are placed adjacent to city right-of-way shall be properly screened in accordance with the development code.

14. Visibility restrictions:
    Any object, wall, structure, mound or landscaping (mature) over 24" in height is not allowed within the visibility easement.
    Trees canopies overhanging the easement shall be kept trimmed to a height no less than 7'.
    Trees canopies overhanging STREETS SHALL BE FOREVER MAINTAINED AT 18'-0" CLEAR.
    No trees are to be installed within 6' of any fire hydrant.
    No Trees, boulders are to be installed in the VNAE, PUE, R/W or within 6' back of curb.
    Any vegetation including trees, shrubs, or ground-cover, may be removed for any reason if deemed necessary by by the City of Buckeye.
15. This owner will provide all maintenance for this project (INCLUDING LANDSCAPE IN THE R.O.W.)
16. DG will be used for dust control, litter will be picked up weekly or more often if needed, weed control will be provided weekly
17. City of Buckeye is the supplier of potable water for this site.

Approved by the Planning and Zoning Commission on October 25, 2022 subject to Conditions a. through lll.

COUNTY OF MARICOPA)

KNOW ALL PERSONS BY THESE PRESENTS:

THAT CH CRE TEN85 OWNER LLC, A DELAWARE LIMITED LIABILITY COMPANY AS OWNER HAS SUBDIVIDED UNDER THE NAME "BUCKEYE TEN 85" A FINAL PLAT OF PORTIONS OF THE WEST HALF OF SECTION SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST, OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA, AS SHOWN AND PLATTED HEREON AND DOES HEREBY PUBLISH THIS PLAT AS AND FOR THE PLAT OF "BUCKEYE TEN 85", AND DECLARES THAT THIS FINAL PLAT SETS FORTH THE LOCATION AND GIVES THE DIMENSIONS OF EACH LOT, STREET, AND EASEMENT CONSTITUTING SAME, AND THAT EACH LOT, STREET, AND EASEMENT SHALL BE KNOWN BY THE NUMBER, AND/OR NAME GIVEN TO EACH RESPECTIVELY AS SHOWN ON THIS PLAT.

OWNER HEREBY DEDICATES TO THE CITY OF BUCKEYE FEE TITLE TO ALL PUBLIC RIGHT-OF-WAYS AS SHOWN ON THE PLAT.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS PUBLIC UTILITY EASEMENTS AS SHOWN ON THE PLAT FOR THE PURPOSE OF INSTALLING, CONSTRUCTING, MAINTAINING, REPAIRING, REPLACING AND UTILIZING PUBLIC UTILITIES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE TRACTS DESIGNATED AS TRACT 1, TRACT 2, TRACT 3, AND TRACT 4 FOR USE AS WELL SITES.

OWNER HEREBY GRANTS TO THE CITY OF BUCKEYE A NON-EXCLUSIVE EASEMENT OVER, UPON AND ACROSS THE AREAS DESIGNATED AS SIGHT VISIBILITY TRIANGLES FOR THE PURPOSE OF ENSURING THAT THESE AREAS REMAIN FREE OF SIGHT VISIBILITY OBSTRUCTING AS PER THE ENGINEERING DESIGN STANDARDS.

CH CRE TEN85 OWNER LLC, A DELAWARE LIMITED LIABILITY COMPANY AS OWNER DOES HEREBY; (1) RELEASE AND DISCHARGE THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH THE AREAS LOCATED WITHIN THE NEWLY DEDICATED RIGHT-OF-WAY AS DEPICTED ON THIS PLAT UNTIL SUCH TIME THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARDS AND THOSE IMPROVEMENTS ARE APPROVED AND ACCEPTED BY THE CITY COUNCIL. THE MAINTENANCE OF THE AREA WITHIN ANY NEWLY DEDICATED RIGHT-OF-WAY AS SHOWN ON THIS PLAT SHALL BE THE RESPONSIBILITY OF THE ADJACENT OWNER/OR SUBSEQUENT ADJACENT OWNERS WITHIN THE BOUNDARY OF SAID PLAT UNTIL SUCH TIME THAT THE AREA WITHIN THE RIGHT-OF-WAY IS IMPROVED TO CITY STANDARD AND ACCEPTED BY THE CITY OF BUCKEYE.

OWNER HEREBY GRANT TO THE UNITED STATES OF AMERICA DEPARTMENT OF THE AIR FORCE ("USAF") AN AVIATION EASEMENT OVER AND ACROSS THIS PLAT AND EVERY LOT AND PARCEL THEREOF, WHICH EASEMENT SHALL INCLUDE, BUT NOT BE LIMITED TO; THE RIGHT OF FLIGHT OF AIRCRAFT OVER THIS PLAT, TOGETHER WITH ITS ATTENDANT NOISE, VIBRATIONS, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE AND AUXILIARY FIELD.

CH CRE TEN5 OWNER LLC, A DELAWARE LIMITED LIABILITY COMPANY AS OWNER DOES HEREBY (1) RELEASE AND DISCHARGE THE USAF AND THE CITY OF BUCKEYE, AND (2) INDEMNIFY, DEFEND, AND HOLD HARMLESS THE CITY OF BUCKEYE, OF AND FROM ANY LIABILITY FOR ANY AND ALL CLAIMS FOR DAMAGES OF ANY KIND TO PERSONS OR PROPERTY THAT MAY ARISE AT ANY TIME IN THE FUTURE OVER, OR IN CONNECTION WITH AIRCRAFT OVERFLIGHTS FROM AIRCRAFT UTILIZING LUKE AIR FORCE BASE, WHETHER SUCH DAMAGE SHALL ORIGINATE FROM NOISE, VIBRATION, FUMES, DUST, FUEL AND LUBRICANT PARTICLES, AND ALL OTHER EFFECTS THAT MAY BE CAUSED BY THE OPERATION OF AIRCRAFT LANDING AT, OR TAKING OFF FROM, OR OPERATING AT OR ON LUKE AIR FORCE BASE. THIS INSTRUMENT SHALL RUN WITH THE LAND AND BE BINDING UPON OWNER AND ITS HEIRS, ASSIGNS, AND SUCCESSORS IN INTEREST TO THIS PLAT OR ANY PARCEL OR LOT THEREOF. THIS INSTRUMENT DOES NOT RELEASE THE USAF FROM LIABILITY FOR DAMAGE OR INJURY TO PERSON OR PROPERTY CAUSED BY FALLING AIRCRAFT OR FALLING PHYSICAL OBJECTS FROM AIRCRAFT, EXCEPT AS STATED HEREIN WITH RESPECT TO NOISE, FUMES, DUST, FUEL, AND LUBRICANT PARTICLES.

THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNERS OR THE ASSOCIATION FORMED BY THE OWNERS.

THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING; LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

ALL IMPROVEMENTS FOR STREETS AND PUBLIC UTILITIES OWNED AND OPERATED BY THE CITY, INSTALLED OR CONSTRUCTED BY OWNER WITHIN THE PUBLIC RIGHT-OF-WAYS, THE EASEMENTS, OR ANY TRACTS OR PARCELS HEREBY DEDICATED TO THE CITY OF BUCKEYE SHALL BE DEEMED TO HAVE BEEN DEDICATED BY OWNER TO THE CITY UPON THEIR COMPLETION; HOWEVER, SUCH TRANSFER SHALL NOT OCCUR UNTIL THE CITY OF BUCKEYE MANIFESTS ITS ACCEPTANCE BY SEPARATE FORMAL ACTION.

TRACTS 1, 2, 3, AND 4 SHALL HAVE THE ABILITY TO UTILIZE THE RETENTION AREAS WITHIN ALL PARCELS SHOWN HEREON FOR WELL MAINTENANCE, RETENTION BASINS WILL BE REQUIRED FOR THIS USE.

IN WITNESS WHEREOF, CH CRE TEN85 OWNER LLC, A DELAWARE LIMITED LIABILITY COMPANY, AS OWNER HAS HEREUNTO CAUSED THEIR CORPORATE NAMES TO BE SIGNED AND THEIR CORPORATE SEALS TO BE AFFIXED BY THE UNDERSIGNED, DULY AUTHORIZED OFFICER THIS _____ DAY OF _____, 2024.

GENERAL NOTES:

1. THE LOTS DEPICTED ON THIS PLAT ARE LOCATED WITHIN THE VICINITY OF LUKE AIR FORCE BASE AND MAY BE SUBJECT TO OVER FLIGHTS BY JET AIRCRAFT. ALL STRUCTURES WITHIN THIS PLAT SHALL BE CONSTRUCTED IN COMPLIANCE WITH THE STATUTORILY REQUIRED SOUND ATTENUATION STANDARDS.

2. THE PROPERTY OWNERS, OR ANY SUBSEQUENT OWNERS SHALL NOT PROCEED WITH ANY ON SITE GRADING OR EXCAVATION WITHOUT FIRST OBTAINING A PERMIT FROM THE CITY OF BUCKEYE.

3. PURSUANT TO A.R.S. § 42-11102, THE CITY OF BUCKEYE, A POLITICAL SUBDIVISION OF THE STATE OF ARIZONA, IS EXEMPT FROM ALL TAXES AND ASSESSMENTS BASED ON ASSESSED VALUE EXCEPT FOR SPECIAL DISTRICTS #14751 AND 14710, WHEN APPLICABLE.

4. THE MAINTENANCE OF LANDSCAPING WITHIN THE OPEN SPACES, LANDSCAPED TRACTS, RETENTION BASINS, AND PARKS SHALL BE THE RESPONSIBILITY OF THE OWNER OR THE ASSOCIATION FORMED BY THE OWNER.

5. IN ACCORDANCE WITH ARS § 9-461.07, THE CITY OF BUCKEYE HAS DETERMINED THAT ALL DEDICATIONS OCCURRING WITH THIS PLAT ARE IN CONFORMANCE WITH THE GENERAL PLAN.

6. THE MAINTENANCE OF LANDSCAPING WITHIN THE ADJACENT PUBLIC RIGHT-OF-WAYS, INCLUDING: LANDSCAPED MEDIANS WITHIN COLLECTORS AND LOCAL STREETS AND LANDSCAPED AREAS BETWEEN THE CURB AND THE DETACHED SIDEWALK, SHALL BE THE RESPONSIBILITY OF THE ADJACENT PROPERTY OWNER OR THE PROPERTY ASSOCIATION FORMED BY THE ADJACENT PROPERTY.

7. ALL NEW OR RELOCATED UTILITIES WILL BE PLACED UNDERGROUND EXCEPT POWER LINES 69kV AND LARGER.

8. IT IS ACKNOWLEDGED THAT THIS PROPERTY WILL BE PART OF A STREET LIGHT IMPROVEMENT DISTRICT (SLID) AT THE TIME THAT IT IS DEVELOPED IN ACCORDANCE WITH BUCKEYE ORDINANCES 43-05 AND 42-06.

9. THIS SITE CONSISTS OF A TOTAL OF 4 PARCELS & 4 TRACTS, IN THE LIGHT INDUSTRIAL ZONING DISTRICT.

10. THIS FINAL PLAT IS IN SUBSTANTIAL CONFORMANCE WITH THE PRELIMINARY PLAT APPROVED ON JANUARY 10, 2023 UNDER CASE# PLZS-22-00029.

11. FINAL PLAT APPROVAL BY THE CITY IS CONDITIONAL AND SUBJECT TO FINANCIAL ASSURANCES BEING IN PLACE FOR ALL IMPROVEMENTS AS SHOWN ON THE APPROVED PLANS. THE CITY WILL NOT RECORD ANY PLATS UNTIL SUCH TIME FINANCIAL ASSURANCES ARE IN PLACE. IF AFTER 180 DAYS FROM CITY COUNCIL APPROVAL THE FINAL PLAT HAS NOT BEEN RECORDED, THEN IT SHALL BE NULL AND VOID. A VALID PRELIMINARY PLAT NEEDS TO BE IN PLACE PRIOR TO APPROVAL OF ANY FINAL PLAT ASSOCIATED WITHIN THE PROJECT IN ACCORDANCE WITH THE DEVELOPMENT CODE. THE SIGNED PLAT WILL NOT BE SUBMITTED TO THE CITY FOR SIGNATURE AND RECORDING UNTIL FINANCIAL ASSURANCES ARE IN PLACE.

12. A BLANKET CROSS LOT ACCESS AND PARKING EASEMENT IS HEREBY GRANTED TO AND BETWEEN LOTS WITHIN THE SUBDIVISION FOR THE PURPOSE OF PARKING AND INGRESS AND EGRESS OF VEHICLES, INCLUDING EMERGENCY VEHICLES, PEDESTRIANS, AND BICYCLES. THE UNDERLYING PROPERTY OWNER OR ASSIGNS IS RESPONSIBLE FOR THE MAINTENANCE OF THE EASEMENT AREA.

13. AN INGRESS / EGRESS EASEMENT IS DEDICATED TO THE CITY FOR WELL ACCESS TO TRACTS 1-4 AS SHOWN ON THIS PLAT.

14. OWNER AFFIRMS THAT IT HAS REVIEWED THE REQUIREMENTS OF A.R.S. 9-463.01(J) AND 45-576 AND RELATED REQUIREMENTS REGARDING SUBDIVIDED LANDS AND THE ASSURED WATER SUPPLY PROGRAM, AND AFFIRMS THAT A CERTIFICATE OF ASSURED WATER SUPPLY IS NOT REQUIRED.

THENCE CONTINUING ALONG SAID EXISTING EAST RIGHT–OF–WAY LINE OF STATE ROUTE 85, SOUTH 10 DEGREES 24 MINUTES 12 SECONDS WEST, A DISTANCE OF 202.00 FEET TO A POINT HEREINAFTER REFERRED TO AS POINT "B".

PARCEL NO. 2:

THE SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;

EXCEPT THAT PORTION CONDEMNED IN AMENDED FINAL ORDER OF CONDEMNATION RECORDED IN DOCUMENT NO. 20100636580, RECORDS OF MARICOPA COUNTY, ARIZONA, DESCRIBED AS FOLLOWS:

THAT PORTION OF THE SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA, LYING SOUTH AND WEST OF THE FOLLOWING DESCRIBED LINE:

COMMENCING AT AN ADOT BRASS CAP IN A HANDHOLE MARKING THE SOUTHWEST CORNER OF SAID SECTION 36, BEING NORTH 89 DEGREES 31 MINUTES 57 SECONDS WEST 147.99 FEET FROM A 2 INCH CAP ON A 1/2 INCH REBAR MARKING THE NORTHWEST CORNER OF SECTION 1, TOWNSHIP 1 SOUTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;

THENCE ALONG THE SOUTH LINE OF SAID SECTION 36, SOUTH 89 DEGREES 31 MINUTES 57 SECONDS EAST, A DISTANCE OF 1434.46 FEET TO THE TRUE POINT OF BEGINNING;

THENCE NORTH 00 DEGREES 28 MINUTES 03 SECONDS EAST, A DISTANCE OF 120.00 FEET;
THENCE NORTH 89 DEGREES 31 MINUTES 57 SECONDS WEST, A DISTANCE OF 113.58 FEET TO THE POINT OF ENDING ON THE WEST LINE OF THE SAID SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 36.

PARCEL NO. 3:

THE WEST HALF OF THE NORTH HALF OF THE SOUTHWEST QUARTER OF SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA; EXCEPT THE FOLLOWING DESCRIBED PROPERTY:

BEGINNING AT THE WEST QUARTER CORNER OF SAID SECTION 36;
THENCE SOUTH ALONG THE WEST LINE OF SAID SECTION 36, A DISTANCE OF 60.00 FEET;
THENCE EAST PARALLEL TO THE EAST AND WEST MID–SECTION LINE OF SAID SECTION 36, A DISTANCE OF 93.00 FEET;
THENCE NORTH PARALLEL WITH THE WEST LINE OF SAID SECTION 36, TO A POINT ON THE EAST–WEST MID–SECTION LINE OF SAID SECTION 36;

THENCE WEST ALONG THE EAST AND WEST MID–SECTION LINE OF SAID SECTION 36, A DISTANCE OF 93.00 FEET TO THE TRUE POINT OF BEGINNING; AND

EXCEPT THAT PORTION OF THE NORTH HALF OF THE SOUTHWEST QUARTER OF SAID SECTION 36, WHICH LIES WITHIN THE FOLLOWING DESCRIBED TRACT OF LAND:

BEGINNING AT THE SOUTHWEST CORNER OF SAID SECTION 36;
THENCE SOUTH 89 DEGREES 43 MINUTES 54 SECONDS EAST ALONG THE SOUTH LINE OF SAID SECTION 36, A DISTANCE OF 147.91 FEET TO THE MOST NORTHERLY CORNER COMMON TO SECTIONS 1 AND 2, TOWNSHIP 1 SOUTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;

THENCE SOUTH 89 DEGREES 54 MINUTES 48 SECONDS EAST CONTINUING ALONG THE SOUTH LINE OF SAID SECTION 36, COINCIDENT WITH THE NORTH LINE OF SAID SECTION 1, A DISTANCE OF 230.00 FEET;
THENCE NORTH 00 DEGREES 05 MINUTES 06 SECONDS EAST, A DISTANCE OF 66.64 FEET;
THENCE NORTH 89 DEGREES 54 MINUTES 48 SECONDS WEST, A DISTANCE OF 230.00 FEET;
THENCE NORTH 33 DEGREES 11 MINUTES 54 SECONDS WEST, A DISTANCE OF 31.68 FEET;
THENCE NORTH 04 DEGREES 58 MINUTES 43 SECONDS WEST, A DISTANCE OF 1145.31 FEET TO A POINT ON THE EXISTING EASTERLY RIGHT–OF–WAY LINE OF A COUNTY ROAD; THENCE NORTH 00 DEGREES 04 MINUTES 49 SECONDS WEST ALONG SAID EASTERLY RIGHT–OF–WAY LINE, A DISTANCE OF 1355.00 FEET, MORE OR LESS, TO THE SOUTH LINE OF THE NORTH 60.00 FEET OF SAID WEST HALF OF THE SOUTHWEST QUARTER OF SECTION 36;
THENCE WEST ALONG SAID SOUTH LINE, A DISTANCE OF 33.00 FEET TO THE WEST LINE OF SAID SECTION 36;
THENCE SOUTH 00 DEGREES 04 MINUTES 49 SECONDS EAST, ALONG THE WEST LINE OF SAID SECTION 36, A DISTANCE OF 2600.00 FEET, MORE OR LESS, TO THE TRUE POINT OF BEGINNING;

EXCEPTING THE SOUTH 66.64 FEET THEREOF; AND

EXCEPT THAT PORTION CONDEMNED IN AMENDED FINAL ORDER OF CONDEMNATION RECORDED IN DOCUMENT NO. 20100636580, RECORDS OF MARICOPA COUNTY, ARIZONA, DESCRIBED AS FOLLOWS:

COMMENCING AT A 2 INCH CAP ON A 1/2 INCH REBAR MARKING THE WEST QUARTER CORNER OF SAID SECTION 36, BEING SOUTH 00 DEGREES 17 MINUTES 48 SECONDS WEST 2657.16 FEET FROM AN ARIZONA DEPARTMENT OF TRANSPORTATION (ADOT) BRASS CAP IN A HAND HOLE 0.3 FEET BELOW PAVEMENT MARKING THE NORTHWEST CORNER OF SAID SECTION 36;

THENCE ALONG SAID EAST–WEST MID–SECTION LINE OF SAID SECTION 36, SOUTH 88 DEGREES 56 MINUTES 55 SECONDS EAST, A DISTANCE OF 33.00 FEET TO THE TRUE POINT OF BEGINNING ON THE EXISTING EAST RIGHT–OF–WAY LINE OF STATE ROUTE 85 (GILA BEND BUCKEYE HIGHWAY);

THENCE CONTINUING ALONG SAID EAST–WEST MID–SECTION LINE, SOUTH 88 DEGREES 56 MINUTES 55 SECONDS EAST, A DISTANCE OF 24.67 FEET;
THENCE SOUTH 00 DEGREES 17 MINUTES 48 SECONDS WEST, A DISTANCE OF 1706.26 FEET TO SAID EXISTING EAST RIGHT–OF–WAY LINE OF STATE ROUTE 85;
THENCE ALONG SAID EXISTING EAST RIGHT–OF–WAY LINE OF STATE ROUTE 85, NORTH 04 DEGREES 33 MINUTES 31 SECONDS WEST, A DISTANCE OF 293.71 FEET;
THENCE CONTINUING ALONG SAID EXISTING EAST RIGHT–OF–WAY LINE OF STATE ROUTE 85, NORTH 00 DEGREES 17 MINUTES 48 SECONDS EAST, A DISTANCE OF 1413.92 FEET TO THE TRUE POINT OF BEGINNING.

PARCEL NO. 4:

THE EAST HALF OF THE NORTH HALF OF THE SOUTHWEST QUARTER OF SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA;

EXCEPT THE EAST HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF THE NORTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SAID SECTION 36.

PARCEL NO. 5:

THE EAST HALF OF THE SOUTHEAST QUARTER OF THE SOUTHEAST QUARTER OF THE NORTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 36, TOWNSHIP 1 NORTH, RANGE 4 WEST OF THE GILA AND SALT RIVER BASE AND MERIDIAN, MARICOPA COUNTY, ARIZONA.

FLOOD ZONE DESIGNATION:

THIS PROPERTY IS LOCATED WITHIN AN AREA DESIGNATED AS HAVING FLOOD ZONE X BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, ON FLOOD INSURANCE RATE MAP NO. 04013C 2115L, WITH A REVISION DATE OF OCTOBER 16, 2013 FOR COMMUNITY NO. 040037 IN THE CITY OF BUCKEYE, COUNTY OF MARICOPA, STATE OF ARIZONA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.

BASIS OF BEARING:

THE BASIS OF BEARINGS FOR THIS SURVEY IS THE SOUTH LINE OF SECTION 36 ALONG BASELINE ROAD WHICH BEARS NORTH 89°52'15" WEST PER THE RESULTS OF SURVEY PER BOOK 629 OF MAPS, PAGE 17 OF THE RECORDS OF MARICOPA COUNTY, ARIZONA

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.L. DS - Mission Park III Perryville Streetlight In-Lieu Payment Agreement
DATE PREPARED: 08/29/24	**DISTRICT NO.:** Council District 5
STAFF LIAISON: Ron Moll, City Engineer, rmoll@buckeyeaz.gov, (623) 986-8442	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on the Public Improvements In-Lieu Payment Agreement between the City of Buckeye, an Arizona municipal corporation, and CRP/Martens Mission Park Owner, L.L.C., a Delaware limited liability company; and authorize the City Manager to execute and deliver said Agreement on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:
As part of its development of land generally located at the North Perryville Road and West Roosevelt Street, Martens Mission Park Venture, L.L.C. is required to construct certain off-site streetlight improvements ("Off-Site Improvements"). The Off-Site Improvements are listed in the itemized estimate incorporated into the Agreement, and include, but are not limited to six streetlights. The estimated costs of the Off-Site Improvements total $79,200.00. The City has reviewed and approved the itemized estimate. The City does not have an anticipated time for completion of the future Perryville Road improvements, which will install the streetlights once a median is constructed. The Parties have agreed that rather than Developer immediately completing the Off-Site Improvements, Developer may make an In-Lieu Payment to the City, to be held by the City until such time as the funds are utilized to complete the Off-Site Improvements.

BENEFITS:
Implementing the payment in-lieu Agreement protects against waste and spoilage of city resources.

FUTURE ACTION:

PUBLIC IMPROVEMENTS
IN-LIEU PAYMENT AGREEMENT

This Public Improvements In-Lieu Payment Agreement (this "**Agreement**"), effective as of this _____ day of _____, 2024 (the "**Effective Date**"), is entered into by and between the City of Buckeye, an Arizona municipal corporation (the "**City**"), and CRP/Martens Mission Park Owner, L.L.C., a Delaware limited liability company ("**Owner**"). The City or the Owner may each be referred to herein as a "**Party**" or collectively as the "**Parties**."

1. **Background.** The following is the background to this Agreement:

A. Owner owns and is developing approximately 36.6 acres of real property within the jurisdictional boundaries of the City, generally located at the northwest corner of Perryville Road and Roosevelt Street, and which is legally described on the attached **Exhibit A** (the "**Property**"), incorporated by this express reference.

B. Owner is developing the Property as a proposed industrial building development and is required by the City to provide and install streetlights that meet applicable lighting standards along the Property's Perryville Road frontage from Roosevelt Street to the ADOT right of way described on the attached **Exhibit B** (the "**Improvements**"), incorporated by this express reference.

C. Due to challenges with design of the streetlights conflicting with APS 69kV powerlines running along the Perryville Road right of way, and no median within the roadway due to the east side not being constructed, Owner has requested, and the City has agreed, that rather than Owner constructing the Improvements necessitated by Owner's development of the Property, Owner may make the In-Lieu Payment (as defined below) to the City of the estimated costs of the Improvements.

2. **Agreement.** For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the City and Owner agree as is more specifically set forth in this Agreement.

3. **Estimated Costs of the Improvements.** The estimated costs of the Improvements total Seventy-Nine Thousand Two Hundred Dollars and 00/100 ($79,200.00) (the "**In-Lieu**

Payment"), which sum is acceptable to both Parties. The In-Lieu Payment has been approved by the City Engineer or Designee, and is based upon the itemized estimate attached as **Exhibit C**, and incorporated by this express reference. The In-Lieu Payment shall be paid to the City by Owner or its assign(s) prior to receiving a certificate of occupancy. In the event that the In-Lieu Payment is not timely received by the City, a certificate of occupancy will not be issued for the Property.

4. Necessary Property; Easements. Owner represents and warrants that Owner is the owner in fee of the Property. To the extent applicable, and at no cost to the City, Owner has dedicated and/or shall dedicate fee title to all necessary real and/or personal property needed for construction and maintenance of the Improvements.

5. Owner's Obligation to Construct. Execution of this Agreement by both Parties and payment in full of the In-Lieu Payment pursuant to this Agreement shall constitute full satisfaction of the Owner's obligation to construct the Improvements listed on **Exhibits B and C**.

6. Owner Representation. Owner on behalf of itself and all other parties having an interest in the Property intends to encumber the Property with the following agreements and waivers. Owner agrees and consents to all the conditions imposed by this Agreement, and by signing this Agreement waives any and all claims, suits, damages, compensation and causes of action for diminution in value of the Property the Owner of the Property may have now or in the future under the provisions of A.R.S. §§ 12-1134 through and including 12-1136 resulting from this Agreement or from any "land use law" (as such term is defined in the aforementioned statute sections) expressly permitted or contemplated by this Agreement to be enacted, adopted or applied by the City now or hereafter. The terms of this waiver shall run with the Property and shall be binding upon all subsequent landowners and shall survive the expiration or other termination of this Agreement.

7. Conflicts of Interest. The Parties acknowledge that this Agreement is subject to cancellation pursuant to A.R.S. § 38-511, as amended.

8. Covenants Running with the Property. The provisions of this Agreement shall be for the benefit of, and shall be a burden upon, the Property, and the provisions of this Agreement shall be covenants running with the Property, without the necessity of an assignment of this Agreement with the conveyance of any part of the Land.

9. Severability. If any provision of this Agreement is declared void or unenforceable by a court of competent jurisdiction, such provision shall be severed from this Agreement, which shall otherwise remain in full force and effect if the remaining provisions permit the parties to achieve the practical and proportional benefits and obligations of the arrangements contemplated by this Agreement. Otherwise, either Party may terminate this Agreement.

10. No Agency or Partnership. Neither the City nor Owner is acting as the agent of the other with respect to this Agreement, and this Agreement shall not be deemed to create a partnership, joint venture or other business relationship between the City and Owner.

11. No Third-Party Beneficiary. This Agreement shall not create any third-party beneficiary rights to any person or entity who is not a party to this Agreement, including any lender to the Owner.

12. Construction. The provisions and exhibits of this Agreement shall be construed as a whole consistent with their plain meaning and intent, and they shall not be construed against one party or the other based upon which party prepared or influenced the drafting of any provision or exhibit of this Agreement.

13. Recording. The City shall record this Agreement with the County Recorder no later than ten (10) days after the last Party to execute this Agreement.

14. Time of Essence and Merger. Time is of the essence of this Agreement. This Agreement constitutes the entire agreement between the Parties hereto pertaining to the subject matters of this Agreement and the In-Lieu Payment. All prior contemporaneous agreements, representations and understandings of the parties, oral or written, are hereby superseded and merged herein, and this Agreement constitutes full satisfaction of all claims and liabilities that exist, whether known or unknown, on or before the effective date of this Agreement, between the Parties.

15. Benefit and Binding Effect. This Agreement shall be for the benefit of and binding upon the Parties hereto and their successor and assigns.

16. Counterparts; Entire Agreement. This Agreement, which may be executed in counterpart, shall constitute the entire agreement between the Parties regarding the subject of this Agreement. This Agreement will constitute the entire agreement between the Parties, and supersedes all previous written or oral agreements or understandings regarding the subject matter of this Agreement. Owner knowingly and voluntarily forever releases and discharges the City and all of its past and present elected officials, officers, directors, agents, employees, successors, assigns, attorneys, and representatives from all legal and equitable claims, causes of action, debts, accounts, and damages, known or unknown, asserted or unasserted, and of every nature and extent whatsoever, that the Owner has against the City, and arising from actions, omissions, delays or other events that occurred prior to the date of this Agreement.

17. Section Titles. The section titles in this Agreement are not part of this Agreement and are for convenience only.

18. Notices. All notices, requests, waivers, approvals, acceptances or other communications under this Agreement shall be in writing and shall be deemed given when personally delivered or two days after mailing by certified mail, return receipt requested and postage prepaid, to the addresses set forth below:

(a) City

Dan Cotterman, City Manager
City of Buckeye

530 East Monroe Avenue
Buckeye, Arizona 85326

With a copy to:

K. Scott McCoy, City Attorney
City of Buckeye
530 East Monroe Avenue
Buckeye, Arizona 85326

(b) Owner

CRP/Martens Mission Park Owner, L.L.C.
c/o Peter W. Martens
6710 N. Scottsdale Rd., #140
Scottsdale, AZ 85253

No notice to a Party shall be effective unless and until a copy of such notice is given to, or as appropriate, received by, all persons indicated above as entitled to receive required copies of notices to that party. The above-described recipients of notices may change their address for notice purposes by giving the other parties notice of such change, provided, however, that no such change in notice shall be effective for a period of ten (10) days following such notice of such change.

19. Governing Law. This Agreement shall be governed by and construed under the laws of the state of Arizona, and any litigation shall take place only in Maricopa County, Arizona.

20. Amendment. Any amendment to this Agreement shall be in writing and signed by both Parties.

21. Attorneys' Fees. The prevailing party in any litigation in connection with this Agreement shall be entitled to its attorneys' fees and costs.

22. Representations and Warranties. As of the date of the execution of this Agreement, Owner represents and warrants that (i) it is a corporation or limited liability company, duly formed and in good standing in its State of incorporation or formation and duly qualified to do business in Arizona; (ii) Owner has the authority, including the person signing for Owner, and the right to enter into this Agreement as authorized by the board of directors or members of the Owner at duly noticed meetings at which quorums were present; (iii) Owner is not prohibited from executing this Agreement by any law, rule, regulation, instrument, agreement, order or judgment; and, (iv) Owner has not relied on any representations or warranties of the City other than those expressly set forth in this Agreement.

23. Signatures. The Parties have executed this Agreement on the date set forth below.

EXHIBIT B

[Description of Improvements]

(See following page)

Project Name: Mission Park 3

Location: NWC Roosevelt Street & Perryville Road

Date: 6/17/2024

Subject: Streetlight Improvements Scope of Work for Fee In-Lieu of Construction

Streetlight Improvements along Perryville Road from Roosevelt Street to the ADOT ROW consisting of approximately 690 feet of property frontage. While there is no streetlight design for Perryville Road, the scope of work was based on an assumed spacing of approximately 150 feet between lights, which would require 6 lights to properly cover the property's frontage.

EXHIBIT C

[In-Lieu Payment Cost Estimate]

Project Name: Mission Park 3

Location: NWC Roosevelt Street & Perryville Road

Date: 6/17/2024

Mission Park 3 Perryville Road Streetlight Improvements					
ITEM NO	ITEM	UNIT COST	UNIT	QUANT.	AMOUNT
1	Streetlights	$12,000.00	EA	6	$72,000.00
				Sub-Total	$72,000.00
	Contingency	10%	Lump Sum	1	$7,200.00
				Grand Total	$79,200.00

Cost based on six streetlights installed at a 200' spacing in the median of Perryville Road along the frontage of Mission Park 3 from Roosevelt Street to the ADOT ROW.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.M. MID - Resolution No. 57-24, Montana Vista -- Intent to form Maintenance Improvement District No. MID-2024-002
DATE PREPARED: 08/29/24	**DISTRICT NO.:** 3
STAFF LIAISON: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on Resolution No. 57-24 accepting a Petition, Waiver and Consent to Formation of a Maintenance Improvement District by the City of Buckeye; declaring the intention to form a Maintenance Improvement District; designating such District as “City of Buckeye Maintenance Improvement District No. MID-2024-002”; and providing for the annual levy of taxes or an annual assessment against the lots within the District in proportion to the benefits received; and ordering the recording and filing of this Resolution.

SUMMARY

PROJECT DESCRIPTION:

Maintenance Improvement Districts (MIDS) are formed in the City of Buckeye in accordance with Ordinance #42-06 and assess the owners within a development for the cost of maintenance of the landscaping along the rights-of-ways within a development MID.

MIDS are responsible for maintaining parkways and roadway landscaping on streets within the District. This puts a methodology in place for the future in the event that the parkway or parking areas are not maintained by the development's owners or Homeowners Association (HOA).

MIDs are not activated unless the development’s owners should fail or otherwise go out of business, since the owner is charged with that maintenance responsibility; however, the MID is standing by as a protection for the City to ensure that there is adequate revenue to take on the maintenance.

BENEFITS:

Maintenance Improvement Districts ensure that only the owners that benefit from the improvements to their community pay for that service. Having the costs of maintenance, repair, and improvement of right of ways and parks within a District borne by the owners in a development ensure that the revenue needed to fund these costs are always in place. Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement District (MIDs) provide for the benefit of ensuring that there is a balance of revenue and expenditures to provider for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community.

FUTURE ACTION:
This Resolution will be recorded within ten (10) business days of Council action, to give notice of intention to form the District. Resolution No. 58-24, ordering the work and the formation of the District, if approved, will be recorded and also filed with the Arizona Department of Revenue and the Office of the Maricopa County Recorder.

BUDGETED:
No

FISCAL YEAR:
FY 25/26

FUND/DEPARTMENT:
SLIDs

Items related to a project or facility location must include an attached vicinity map for Council Review.

RESOLUTION NO. 57-24

RESOLUTION OF THE COUNCIL OF THE CITY OF BUCKEYE, ARIZONA, ACCEPTING A PETITION, WAIVER AND CONSENT TO FORMATION OF A MAINTENANCE IMPROVEMENT DISTRICT BY THE CITY OF BUCKEYE; DECLARING THE INTENTION TO FORM A MAINTENANCE IMPROVEMENT DISTRICT; DESIGNATING SUCH DISTRICT AS "CITY OF BUCKEYE MAINTENANCE IMPROVEMENT DISTRICT NO. MID-2024-002"; PROVIDING FOR THE ANNUAL LEVY OF TAXES OR AN ANNUAL ASSESSMENT AGAINST THE LOTS WITHIN THE DISTRICT IN PROPORTION TO THE BENEFITS RECEIVED AND ORDERING THE RECORDING AND FILING OF THIS RESOLUTION.

BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF BUCKEYE, ARIZONA, as follows:

Section 1. Acceptance and Findings. A Petition for the formation of the City of Buckeye Maintenance Improvement District No. MID-2024-002 to operate, maintain, repair and improve Parkings, Parkways, Retention Basins and Detention Basins within, adjacent to, or that serve the District, as it now exists or is hereafter dedicated, constructed, modified or enlarged, and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets, scuppers, dry wells, and other adjuncts and appliances related to such Parkings, Parkways, Retention Basins and Detention Basins has been filed with the Clerk and presented to the Mayor and Council at the meeting at which this Resolution was adopted. The Petition is accepted. The Petition purports to be signed by all of the non-public real property owners in the proposed District, exclusive of mortgagees and other lienholders. After verification of such ownership, the Mayor and Council find that the Petition was signed by all of the non-public real property owners in the proposed District, exclusive of mortgagees and other lienholders.

Section 2. Definitions. In this Resolution, the following terms shall have the following meanings:

"*City*" shall mean the City of Buckeye, Arizona.

"*Clerk*" shall mean the Clerk of the City of Buckeye, Arizona located at 530 East Monroe Avenue, Buckeye, Arizona 85326.

"*Detention Basin*" shall mean a flood control structure that captures and diverts stormwater runoff and typically does not retain a permanent pool of water.

"*District*" shall mean the City of Buckeye Maintenance Improvement District No. MID-2024-002, encompassing the property described in *Exhibits A*, *B*, *C,* and *C-1* attached hereto.

"*Mayor and Council*" shall mean the Mayor and Council of the City.

"*Landscaping*" shall mean trees, plants, grass, ornamental structures, lighting structures and facilities for watering or otherwise maintaining such landscaping that are now in place or hereafter constructed or acquired for beautification of streets within or adjacent to the District.

"*Parking*" shall mean the landscaped public area lying between a sidewalk and the adjacent street.

"*Parkway*" shall mean a street with landscaped sides and/or a landscaped center median and shall also include ornamentation that enhances the beauty of a street.

"*Petition*" shall mean the petition, waiver and consent to formation of a municipal parkway maintenance improvement district by the City on file in the Clerk's office.

"*Public Property*" shall mean any lot or parcel belonging to the United States, the state of Arizona (the "*State*"), any county, city, town, school district or any political subdivision or institution of the State or county that is physically located within the District, including, without limitation any public street, avenue, alley or public easement located within the District hereinafter dedicated to public use.

"*Retention Basin*" shall mean a stormwater control structure that captures and retains stormwater runoff and typically retains a permanent pool of water.

"*Work*" shall mean the operation, maintenance, repair and improvement of Parkings, Parkways, Retention Basins and Detention Basins within, adjacent to, or that serve the District, as it now exists or is hereafter dedicated, constructed, modified or enlarged, and public Landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets, scuppers, dry wells, and other adjuncts and appliances related to such Parkings, Parkways, Retention Basins and Detention Basins.

Section 3. Declaration of Intention to Order Formation of the District. The public interest and convenience require and it is the intention of the Mayor and Council to order the Work through formation of the District pursuant to Title 48, Chapter 4, Article 2, Arizona Revised Statutes. The District's sole purpose shall be for the operation, maintenance, repair and improvement of Parkings, Parkways, Retention Basins and Detention Basins within, adjacent to, or that serve the District, as it now exists or is hereafter dedicated, constructed, modified or enlarged, and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets, scuppers, dry wells, and other adjuncts and appliances related to such Parkings, Parkways, Retention Basins and Detention Basins. For purposes of this Resolution and of all resolutions, ordinances and notices pertaining hereto, the District shall be known as, and is hereby designated, "City of Buckeye Maintenance Improvement District No. MID-2024-002".

Section 4. Omission of Public Property from District. Any Public Property or property owned by a homeowners' association that is included within the District shall be omitted from all assessments or taxes hereafter to be made with respect to the District. Additionally, any public streets, avenues, alleys, or public easements hereafter dedicated to public use shall become exempt after such dedication.

Section 5. Statutory Authority. All proceedings pertaining to the District shall be done under and as authorized by Title 48, Chapter 4, Article 2, Arizona Revised Statutes, and all amendments thereto including, without limitation, Section 48-574.

Section 6. Protests and Objections to Extent of District. In the Petition, the signer has made written consents and waivers pertaining to the ordering of the Work and to the formation of the District and has specifically waived all protests against formation of, and objections to, the extent of the District. City staff has verified that all non-public real property owners within the District exclusive of mortgagees and other lienholders have signed the Petition, and the Mayor and Council find as a fact that all such property owners within the District have signed such Petition. Therefore, no publication or posting of any notice pertaining to formation of the District will be made.

Section 7. Engineer's Estimate. The District's sole purpose will be for the operation, maintenance, repair and improvement of Parkings, Parkways, Retention Basins and Detention Basins within, adjacent to, or that serve the District, and public Landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets, scuppers, dry wells, and other adjuncts and appliances related to such Parkings, Parkways, Retention Basins and Detention Basins. No engineer's estimate, plans, or specifications have been filed with the Clerk. In the Petition, the signer specifically waived the filing of an engineer's estimate, plans, or specifications.

Section 8. Recordation. A certified copy of this Resolution shall be recorded in the office of the Maricopa County Recorder within ten (10) days of its adoption to give notice of formation of the District, as required by A.R.S. § 48-574(M).

Section 9. Extension for Filing. If either the formation of the District occurs after November 1 of the year preceding the year in which initial assessments are to be levied, or the resolution ordering the Work is not filed with both the Arizona Department of Revenue and the Maricopa County Assessor prior to such November 1, the Mayor and Council hereby request, subject to the November 30 deadline for such request as provided in A.R.S. § 42-17257(B), that the Director of the Arizona Department of Revenue extend the deadline prescribed by A.R.S. § 42-17257(A) to December 20, 2024.

PASSED AND ADOPTED by the Mayor and City Council of the City of Buckeye, Arizona, this 3rd day of September, 2024.

PETITION, WAIVER AND CONSENT TO FORMATION OF A MAINTENANCE IMPROVEMENT DISTRICT BY THE CITY OF BUCKEYE

MONTANA VISTA
MID-2024-002

To: Honorable Mayor and Councilmembers, City of Buckeye, Arizona

Pursuant to Arizona Revised Statutes ("*A.R.S.*") Title 48, Chapter 4, Article 2 (the "*Improvement District Law*"), the undersigned property owner(s) (the "*Petitioner*") respectfully petitions the Mayor and City Council (the "*City Council*") of the City of Buckeye, Arizona (the "*City*") to order the formation of a residential municipal maintenance improvement district under the Improvement District Law. In support of this Petition, Waiver and Consent to Formation of a Maintenance Improvement District by the City of Buckeye (this "*Petition*"), the Petitioner agrees to waive certain rights under the Improvement District Law and hereby consents to the formation of a residential municipal maintenance improvement district encompassing the land shown on *Exhibits A*, *B*, *C*, and *C-1*, attached hereto and incorporated by reference herein.

1. Name of District. The Petitioner hereby requests the proposed district to be named the "City of Buckeye Maintenance Improvement District No. MID-2024-002" (the "*District*").

2. Area of District. The property comprising the proposed District is described by a legal description, Assessor's parcel number(s), and a map or plat of the area, all as set forth in *Exhibits A*, *B*, *C*, and *C-1*. The proposed District consists of an aggregate of 3,106,554 square feet or 71.3167 acres, more or less, which are entirely within the corporate boundaries of the City. The Petitioner respectfully requests that the land shown on *Exhibits A*, *B*, *C*, and *C-1* be included within the District. The Assessor's parcel number(s) set forth in *Exhibit B* is for convenience only. Should either the legal description set forth in *Exhibit A* or the Assessor's parcel number(s) set forth in *Exhibit B* conflict with *Exhibit C-1*, *Exhibit C-1* shall govern.

3. Ownership. The Petitioner is the sole owner of all non-public real property within the proposed District.

4. Purpose. The District is proposed to be formed for the purpose of providing for operation, maintenance, repair and improvement of parkings, parkways, retention basins and detention basins within, adjacent to, or that serve the District, and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets,

scuppers, dry wells, and other adjuncts and appliances related to such parkings, parkways, retention basins and detention basins. To enhance such purposes the Petitioner grants to the City the public use of all such parkings, parkways, retention basins and detention basins to carry out all District purposes.

5. Public Convenience and Necessity. Public convenience, necessity and welfare will be promoted by the formation of the District, the inclusion of the property described in *Exhibits A*, *B*, *C*, and *C-1* within the District, and the levying of an annual ad valorem tax or annual special assessment upon all of the non-public real property within the District.

6. Fees and Reimbursement. The Petitioner has paid all application fees for the formation of the District and further agrees to reimburse the City for all reasonable legal and engineering fees and costs incurred by the City with respect to the formation of the District.

7. Document Requirements. The Petitioner has previously submitted the following documents to the City's Development Services Department:

   a. Street landscaping layout plans.
   b. One 24" x 36" copy of the District diagram showing each lot or parcel.
   c. A metes and bounds legal description of the District boundary, accompanied by a list of Assessor's parcel number(s) within the proposed District and a map showing the District boundary (with back-up material showing that the boundary closes, as necessary).

The Petitioner or the Petitioner's engineer will submit the following documents to the City's Development Services Department concurrently with the submission of this fully executed Petition:

   d. Proof of payment of the District application fees.
   e. Two 8-1/2" x 11" recordable copies of a legal description of the District boundary and a map showing the District boundary.

8. Expansion of or Annexation to the District. The Petitioner waives any objection to, or protest against, any future enlargement or enlargements of the District and also waives all notices of such enlargement or enlargements, whether required to be published, posted, or mailed with respect to the later enlargement of the District's boundaries. The Petitioner further waives any objection to, or protest against, the consolidation of the District with any other similar district or districts.

9. Waiver and Consent. The Petitioner, with full knowledge of its rights being waived hereunder, hereby expressly waives:

   a. The right to challenge or object to any and all irregularities, illegalities or deficiencies which may exist in the acts or proceedings resulting in the resolution of intention and the resolution ordering the work relating to the formation of the District;
   b. The right to challenge or object to any and all irregularities, illegalities or deficiencies which may exist in the acts or proceedings that result in the adoption of any and all

future resolutions of intention, resolutions ordering work, resolutions enlarging the District, and notices pertaining thereto;

c. Any necessity for publication, posting, mailing or recording of the resolution of intention and the notice of proposed improvements pursuant to A.R.S. § 48-578;
d. All protest rights whatsoever under A.R.S. § 48-579(A) and (B), which provide for protests against the work;
e. All objections to the extent of the District under A.R.S. § 48-579(C);
f. All objections to the lack of plans and specifications, the engineer's estimate and an assessment diagram, all which are unnecessary for completion of the District's formation or purpose; and
g. Any necessity for any notice or hearing with respect to land owned by the Petitioner now within the proposed boundaries of the District.

10. Expenses. The Petitioner hereby petitions the City Council to provide for the expenses of the District by assessment of the total sum upon the several lots, each respectively in proportion to the benefits to be received by each lot within the District, pursuant to A.R.S. § 48-574(D). The Petitioner further requests that no publicly owned land or property owned by a homeowners' association shall be liable to pay any expenses of the District. The Petitioner hereby agrees that each non-public parcel within the property proposed to be included in the District receives the same benefits as each other non-public parcel proposed to be included in the District.

11. Waiver of Petition. This Petition shall be deemed to be a petition of more than one-half (1/2) of the taxable property units and more than one-half (1/2) of the assessed valuation within the District and as such shall also be deemed to be a waiver of any and all requirements to file a petition under A.R.S. § 48-576, as amended.

12. Public Benefit. The operation, maintenance, repair and improvements of parkings, parkways, retention basins and detention basins within, adjacent to, or serving the District is of more than local or ordinary public benefit and the costs and expense thereof should be charged against the property within the District, all of which will benefit thereby.

13. Successors and Assigns. To the extent permitted by law, this Petition shall be binding on all successors or assigns of the Petitioner who hereafter own or have an interest in the property described in *Exhibits A*, *B*, *C*, and *C-1* attached hereto.

14. Authority to Sign Petition. The individual(s) signing this Petition represents and warrants to the City that he/she is duly authorized to (i) sign the Petition to form or enlarge the District, as applicable; (ii) bind the Petitioner to the matters set forth in this Petition; and (iii) agree to hold the City harmless for, from and against any claims in connection with the formation or enlargement of the District.

15. Recordation. This Petition may be recorded in the office of the Maricopa County Recorder and in the office of the Superintendent of Streets of the City.

16. Name. The Owner requests that the proposed District be named "*City of Buckeye Maintenance Improvement District No. MID-2024-002*".

The Petitioner hereby requests the City Council of the City to adopt a resolution of intention to order the proposed improvements and to proceed with the improvements requested herein.

PROPERTY: See attached *Exhibits A, B, C,* and *C-1*.

IN WITNESS WHEREOF, the undersigned representative(s) of the Petitioner has executed this Petition as of the date shown below.

[Remainder of Page Intentionally Left Blank]

[Signature Page(s) Follows]

IN WITNESS WHEREOF, the undersigned authorized representative(s) has executed this Petition as of the ____ day of _____, 20_____.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.N. MID - Resolution No. 58-24, Montana Vista -- Ordering the formation and work for Maintenance Improvement District No. MID-2024-002
DATE PREPARED: 08/29/24	**DISTRICT NO.:** 3
STAFF LIAISON: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on Resolution No. 58-24 ordering the work as described in Resolution No. 57-24; ordering the formation of City of Buckeye Maintenance Improvement District No. MID-2024-002; and ordering the recording and filing of this Resolution.

SUMMARY

PROJECT DESCRIPTION:

MIDS are formed in the City of Buckeye in accordance with Ordinance #42-06 and assess the owners within a development for the cost of maintenance of the landscaping along the rights-of-ways within a development MID. MIDs are not activated unless the development's owners should fail or otherwise go out of business, since the owner is charges with that maintenance responsibility; however, the MID is standing by as a protection for the City to ensure that there is adequate revenue to take on the maintenance.

BENEFITS:

Maintenance Improvement Districts ensure that only the owners that benefit from the improvements to their community pay for that service. Having the costs of maintenance, repair, and improvement of right of ways and parks within a District borne by the owners in a development ensure that the revenue needed to fund these costs are always in place. Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement District (MIDs) provide for the benefit of ensuring that there is a balance of revenue and expenditures to provider for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community.

FUTURE ACTION:

This Resolution will be recorded and a conformed copy delivered to the Maricopa County Assessor and the Arizona State Department of Revenue within ten (10) business days of Council action to ensure that this MID is on the tax rolls for fiscal year 2025/26.

Buckeye, Arizona 85326

RESOLUTION NO. 58-24

RESOLUTION OF THE COUNCIL OF THE CITY OF BUCKEYE, ARIZONA, ORDERING THE WORK AS DESCRIBED IN RESOLUTION NO. 57-24; ORDERING THE FORMATION OF CITY OF BUCKEYE MAINTENANCE IMPROVEMENT DISTRICT NO. MID-2024-002 AND ORDERING THE RECORDING AND FILING OF THIS RESOLUTION.

WHEREAS, on September 3, 2024, the Mayor and City Council of the City of Buckeye, Arizona (the "*City*") passed and adopted Resolution No. 57-24 (the "*Resolution of Intention*"), which Resolution of Intention declared the Mayor and City Council's intention to form the City of Buckeye Maintenance Improvement District No. MID-2024-002 (the "*District*"), solely for the purpose of operation, maintenance, repair and improvement of parkings, parkways, retention basins and detention basins within, adjacent to, or that serve the District, as it now exists or is hereafter dedicated, constructed, modified or enlarged, and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets, scuppers, dry wells, and other adjuncts and appliances related to such parkings, parkways, retention basins and detention basins (collectively, the "*Work*"); and

WHEREAS, a legal description, Assessor's parcel number(s) and a map of the proposed District boundaries are attached hereto as *Exhibits A*, *B*, *C,* and *C-1* and incorporated by reference herein; and

WHEREAS, prior to adoption of the Resolution of Intention, a petition (the "*Petition*") for the formation of the District was presented to this Mayor and City Council, which Petition purported to be signed by all of the non-public real property owners in the proposed District, exclusive of mortgagees and other lienholders; and

WHEREAS, the Mayor and City Council accepted the Petition and found that the Petition was signed by all such owners and have verified such finding of such fact; and

WHEREAS, in the Petition the signer waived all protests against the proposed Work, all objections to the extent of the District, and all publication, posting and mailing of the Resolution of Intention and this Resolution; and

WHEREAS, pursuant to A.R.S. §§ 48-574 and -579, the Mayor and City Council hereby find and determine that they have jurisdiction to order the Work of operation, maintenance, repair and improvement of parkings, parkways, retention basins and detention basins and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain

inlets, scuppers, dry wells, and other adjuncts and appliances related to such parkings, parkways, retention basins and detention basins that are or hereafter will be within or adjacent to the District as it is described in the Resolution of Intention or is hereafter modified or enlarged, and by this Resolution order the formation of the District described in the Resolution of Intention;

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF BUCKEYE, ARIZONA, as follows:

Section 1. Ordering the Work and District Formation. All protests against the Work or the formation of the District and all objections to the extent of the District being waived by the owners of all non-public real property within the District, exclusive of mortgagees and lienholders, the Work as described in the Resolution of Intention is hereby ordered and the formation of the City of Buckeye Maintenance Improvement District No. MID-2024-002 is hereby ordered. The legal description, Assessor's parcel number(s) and boundary map of the District are set forth in *Exhibits A*, *B*, *C,* and *C-1*.

Section 2. Excluded Property. No publicly owned land or property owned by a homeowners' association will be liable to pay any portion of the District's costs and expenses. This exclusion shall apply to all public streets, avenues, alleys, or public easements within the District that may hereafter be dedicated to public use.

Section 3. Annual Tax or Annual Assessment. Subject to the restrictions of Section 2 of this Resolution, the City shall annually, commencing in tax year 2025 and for the City's 2025-2026 fiscal year, make annual statements and estimates of the expenses of the District, if any, and shall submit the same to the Board of Supervisors of Maricopa County for the levy and collection of ad valorem taxes upon the assessed value of all taxable property, real and personal, in the District or by equal apportionment of taxes based on the number and classification of properties within the District, and shall publish notice of the statements and estimates, hold hearings on them and adopt them at the times and in the manner provided for an incorporated city's statements and estimates by applicable portions of Title 42, Chapter 17, Article 3, Arizona Revised Statutes, and shall annually set, fix and cause to be levied and assessed the amount to be raised by ad valorem taxes upon all of the taxable property of the District and shall cause to be collected, as county taxes are collected, the amounts shown by the statements and estimates so adopted by the Mayor and City Council. As provided in A.R.S. § 48-574, all statutes providing for the levy and collection of general county taxes, including collection of delinquent taxes and sale of property for nonpayment of taxes, are applicable to the District taxes as provided to be levied by this section.

Section 4. Recording and Filing. The City Clerk is ordered and directed to cause a certified copy of this Resolution to be recorded in the office of the Maricopa County Recorder within ten (10) days of the adoption of this Resolution. The City Clerk is further ordered and directed to file certified copies of this Resolution with the Arizona Department of Revenue (the "*Department*") and the Maricopa County Assessor, as required by A.R.S. § 42-17257, together with all other information prescribed by the Director of the Department relating to the boundaries of newly created taxing jurisdictions.

Section 5. Extension for Filing. If either the formation of the District occurs after November 1 of the year preceding the year in which initial assessments are to be levied, or this

Resolution is not filed with both the Department and the Maricopa County Assessor prior to such November 1, the Mayor and City Council hereby request, subject to the November 30 deadline for such request as provided in A.R.S. § 42-17257(B), that the Director of the Department extend the deadline prescribed by A.R.S. § 42-17257 to December 20, 2024.

PASSED AND ADOPTED by the Mayor and Council of the City of Buckeye, Arizona, on September 3, 2024.

PETITION, WAIVER AND CONSENT TO FORMATION OF A MAINTENANCE IMPROVEMENT DISTRICT BY THE CITY OF BUCKEYE

MONTANA VISTA
MID-2024-002

To: Honorable Mayor and Councilmembers, City of Buckeye, Arizona

Pursuant to Arizona Revised Statutes ("*A.R.S.*") Title 48, Chapter 4, Article 2 (the "*Improvement District Law*"), the undersigned property owner(s) (the "*Petitioner*") respectfully petitions the Mayor and City Council (the "*City Council*") of the City of Buckeye, Arizona (the "*City*") to order the formation of a residential municipal maintenance improvement district under the Improvement District Law. In support of this Petition, Waiver and Consent to Formation of a Maintenance Improvement District by the City of Buckeye (this "*Petition*"), the Petitioner agrees to waive certain rights under the Improvement District Law and hereby consents to the formation of a residential municipal maintenance improvement district encompassing the land shown on *Exhibits A*, *B*, *C*, and *C-1*, attached hereto and incorporated by reference herein.

1. Name of District. The Petitioner hereby requests the proposed district to be named the "City of Buckeye Maintenance Improvement District No. MID-2024-002" (the "*District*").

2. Area of District. The property comprising the proposed District is described by a legal description, Assessor's parcel number(s), and a map or plat of the area, all as set forth in *Exhibits A*, *B*, *C*, and *C-1*. The proposed District consists of an aggregate of 3,106,554 square feet or 71.3167 acres, more or less, which are entirely within the corporate boundaries of the City. The Petitioner respectfully requests that the land shown on *Exhibits A*, *B*, *C*, and *C-1* be included within the District. The Assessor's parcel number(s) set forth in *Exhibit B* is for convenience only. Should either the legal description set forth in *Exhibit A* or the Assessor's parcel number(s) set forth in *Exhibit B* conflict with *Exhibit C-1*, *Exhibit C-1* shall govern.

3. Ownership. The Petitioner is the sole owner of all non-public real property within the proposed District.

4. Purpose. The District is proposed to be formed for the purpose of providing for operation, maintenance, repair and improvement of parkings, parkways, retention basins and detention basins within, adjacent to, or that serve the District, and public landscaping, street lights, all headwalls, pumps, piping, canals, washes, ditches, storm drain inlets,

scuppers, dry wells, and other adjuncts and appliances related to such parkings, parkways, retention basins and detention basins. To enhance such purposes the Petitioner grants to the City the public use of all such parkings, parkways, retention basins and detention basins to carry out all District purposes.

5. Public Convenience and Necessity. Public convenience, necessity and welfare will be promoted by the formation of the District, the inclusion of the property described in *Exhibits A*, *B*, *C*, and *C-1* within the District, and the levying of an annual ad valorem tax or annual special assessment upon all of the non-public real property within the District.

6. Fees and Reimbursement. The Petitioner has paid all application fees for the formation of the District and further agrees to reimburse the City for all reasonable legal and engineering fees and costs incurred by the City with respect to the formation of the District.

7. Document Requirements. The Petitioner has previously submitted the following documents to the City's Development Services Department:

   a. Street landscaping layout plans.
   b. One 24" x 36" copy of the District diagram showing each lot or parcel.
   c. A metes and bounds legal description of the District boundary, accompanied by a list of Assessor's parcel number(s) within the proposed District and a map showing the District boundary (with back-up material showing that the boundary closes, as necessary).

The Petitioner or the Petitioner's engineer will submit the following documents to the City's Development Services Department concurrently with the submission of this fully executed Petition:

   d. Proof of payment of the District application fees.
   e. Two 8-1/2" x 11" recordable copies of a legal description of the District boundary and a map showing the District boundary.

8. Expansion of or Annexation to the District. The Petitioner waives any objection to, or protest against, any future enlargement or enlargements of the District and also waives all notices of such enlargement or enlargements, whether required to be published, posted, or mailed with respect to the later enlargement of the District's boundaries. The Petitioner further waives any objection to, or protest against, the consolidation of the District with any other similar district or districts.

9. Waiver and Consent. The Petitioner, with full knowledge of its rights being waived hereunder, hereby expressly waives:

   a. The right to challenge or object to any and all irregularities, illegalities or deficiencies which may exist in the acts or proceedings resulting in the resolution of intention and the resolution ordering the work relating to the formation of the District;
   b. The right to challenge or object to any and all irregularities, illegalities or deficiencies which may exist in the acts or proceedings that result in the adoption of any and all

future resolutions of intention, resolutions ordering work, resolutions enlarging the District, and notices pertaining thereto;

c. Any necessity for publication, posting, mailing or recording of the resolution of intention and the notice of proposed improvements pursuant to A.R.S. § 48-578;
d. All protest rights whatsoever under A.R.S. § 48-579(A) and (B), which provide for protests against the work;
e. All objections to the extent of the District under A.R.S. § 48-579(C);
f. All objections to the lack of plans and specifications, the engineer's estimate and an assessment diagram, all which are unnecessary for completion of the District's formation or purpose; and
g. Any necessity for any notice or hearing with respect to land owned by the Petitioner now within the proposed boundaries of the District.

10. Expenses. The Petitioner hereby petitions the City Council to provide for the expenses of the District by assessment of the total sum upon the several lots, each respectively in proportion to the benefits to be received by each lot within the District, pursuant to A.R.S. § 48-574(D). The Petitioner further requests that no publicly owned land or property owned by a homeowners' association shall be liable to pay any expenses of the District. The Petitioner hereby agrees that each non-public parcel within the property proposed to be included in the District receives the same benefits as each other non-public parcel proposed to be included in the District.

11. Waiver of Petition. This Petition shall be deemed to be a petition of more than one-half (1/2) of the taxable property units and more than one-half (1/2) of the assessed valuation within the District and as such shall also be deemed to be a waiver of any and all requirements to file a petition under A.R.S. § 48-576, as amended.

12. Public Benefit. The operation, maintenance, repair and improvements of parkings, parkways, retention basins and detention basins within, adjacent to, or serving the District is of more than local or ordinary public benefit and the costs and expense thereof should be charged against the property within the District, all of which will benefit thereby.

13. Successors and Assigns. To the extent permitted by law, this Petition shall be binding on all successors or assigns of the Petitioner who hereafter own or have an interest in the property described in *Exhibits A*, *B*, *C*, and *C-1* attached hereto.

14. Authority to Sign Petition. The individual(s) signing this Petition represents and warrants to the City that he/she is duly authorized to (i) sign the Petition to form or enlarge the District, as applicable; (ii) bind the Petitioner to the matters set forth in this Petition; and (iii) agree to hold the City harmless for, from and against any claims in connection with the formation or enlargement of the District.

15. Recordation. This Petition may be recorded in the office of the Maricopa County Recorder and in the office of the Superintendent of Streets of the City.

16. Name. The Owner requests that the proposed District be named "*City of Buckeye Maintenance Improvement District No. MID-2024-002*".

The Petitioner hereby requests the City Council of the City to adopt a resolution of intention to order the proposed improvements and to proceed with the improvements requested herein.

PROPERTY: See attached *Exhibits A, B, C,* and *C-1*.

IN WITNESS WHEREOF, the undersigned representative(s) of the Petitioner has executed this Petition as of the date shown below.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.O. SLID - Resolution 55-24. Montana Vista Intent to expand Street Lighting Improvement District No. 2006-SLID-009
DATE PREPARED: 08/29/24	**DISTRICT NO.:** 3
STAFF LIAISON: Brian Craig, Development Services Director, bcraig@buckeyeaz.gov, (623) 349-6209	
DEPARTMENT: Development Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on Resolution No. 55-24 enlarging City of Buckeye Street Lighting Improvement District No. 2006-SLID-009 and ordering recording and filing of this Resolution.

SUMMARY

PROJECT DESCRIPTION:

Street Lighting Improvement Districts (SLIDs) are established to purchase (not generate) energy for street lighting within the District and adjacent street so that the costs are not borne by the City in its Highway User Revenue Fund.

BENEFITS:
Both SLIDs and Maintenance Improvement Districts (MIDs) provide for the benefit of ensuring that there is a balance of revenue and expenditures to provide for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community. SLIDs ensure that only owners that benefit from the lighting in their community pay for that service. Having the costs of street lighting within a SLID borne by the owners in a development ensures that the revenue needed to fund these costs is always in place

FUTURE ACTION:

A budget and further Council action will take place at the beginning of the next fiscal year to implement this District.

RESOLUTION NO. 55-24

RESOLUTION ENLARGING CITY OF BUCKEYE STREET LIGHTING IMPROVEMENT DISTRICT NO. 2006-SLID-009 AND ORDERING RECORDING AND FILING OF THIS RESOLUTION.

WHEREAS, on January 18, 2011, the Mayor and City Council of the City of Buckeye, Arizona (the "*City*") passed and adopted Resolution No. 01-11 ordering the formation of City of Buckeye Street Lighting Improvement District No. 2006-SLID-009 (the "*District*"), solely for the purpose of purchasing (and not generating) energy for lighting of public streets and parks; and

WHEREAS, the owner of certain property adjoining the District has filed a petition seeking to enlarge the District to include the property described in the attached *Exhibits A*, *B*, *C*, and *C-1* (collectively, the "*Annexed Area*"); and

WHEREAS, by this Resolution the City Council of the City will enlarge the District by adding the Annexed Area to the District;

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BUCKEYE, ARIZONA, as follows:

Section 1. District Enlargement. The District is enlarged by the addition of the Annexed Area, as shown on *Exhibits A*, *B*, *C* and *C-1* attached hereto and incorporated by reference into this Resolution. The Assessor's parcel numbers shown on *Exhibit B* is for convenience only. If either the legal description set forth in *Exhibit A* or the Assessor's parcel numbers set forth in *Exhibit B* conflict with *Exhibit C-1*, *Exhibit C-1* shall govern and be determinative of a parcel's inclusion within, or exclusion from, the District, subject to the restrictions of Section 2 of this Resolution.

Section 2. Excluded Property; Annual Tax. No publicly owned land or property owned by a homeowners' association will be liable to pay any portion of the District's costs and expenses. The annual tax levied upon the District will remain in full force and effect and will apply to the District as enlarged by this Resolution. The District taxes will continue to be levied based on the number and classification of non-public parcels within the enlarged District, excluding those parcels which are publicly owned or owned by a homeowners' association.

Section 3. Recording and Filing. The City Clerk is ordered and directed to cause a certified copy of this Resolution to be recorded in the office of the Maricopa County Recorder.

The City Clerk is further ordered and directed to file certified copies of this Resolution with the Director of the Arizona Department of Revenue and the Maricopa County Assessor, pursuant to A.R.S. § 42-17257.

Section 4. Extension for Filing. If either the enlargement of the District occurs after November 1 of the year preceding the year in which initial taxes are to be levied, or this Resolution is not filed with both the Arizona Department of Revenue and the Maricopa County Assessor prior to such November 1, the Mayor and City Council hereby request, subject to the November 30 deadline for such request as provided in A.R.S. § 42-17257(B), that the Director of the Arizona Department of Revenue extend the deadline prescribed by A.R.S. § 42-17257 to December 20, 2024.

PASSED AND ADOPTED by the Mayor and City Council of the City of Buckeye, Arizona, this 3rd day of September, 2024.

When Recorded, Return to:

City of Buckeye
ATTN: City Clerk, Lucinda J. Aja
530 East Monroe Avenue
Buckeye, Arizona 85326

PETITION, WAIVER AND CONSENT TO INCLUSION OF ADDITIONAL LAND WITHIN AN EXISTING STREET LIGHTING IMPROVEMENT DISTRICT BY THE CITY OF BUCKEYE

MONTANA VISTA
ANNEXATION TO 2006-SLID-009

To: Honorable Mayor and Councilmembers City of Buckeye, Arizona

Pursuant to Arizona Revised Statutes ("*A.R.S.*") Title 48, Chapter 4, Article 2 (the "*Improvement District Law*"), the undersigned property owner(s) (the "*Petitioner*") respectfully petitions the City Council of the City of Buckeye, Arizona ("*City Council*") to order the enlargement of the existing City of Buckeye Street Lighting Improvement District No. 2006-SLID-009 (the "*District*") under the Improvement District Law. In support of this Petition, Waiver and Consent to Inclusion of Additional Land within an Existing Street Lighting Improvement District by the City of Buckeye (this "*Petition*"), the Petitioner agrees to waive certain rights under the Improvement District Law and hereby consents to the annexation and inclusion of the land shown on *Exhibits A*, *B*, *C*, and *C-1* to be annexed into the District.

1. Area to be Added to District. The property comprising the proposed addition to the existing District is described by a legal description, Assessor's parcel number(s) and a map or plat of the area, all as set forth in *Exhibits A*, *B*, *C*, and *C-1*, attached hereto and incorporated herein by this reference. The proposed enlarged District consists of an aggregate of 3,117,592 square feet or 71.5701± acres and is entirely within the corporate boundaries of the City of Buckeye, Arizona (the "*City*"). The Petitioner respectfully requests that the land shown on *Exhibits A*, *B*, *C*, and *C-1* be annexed into and become included within the District. The Assessor's parcel number(s) set forth in *Exhibit B* is for convenience only. Should either the legal description set forth in *Exhibit A* or Assessor's parcel number(s) set forth in *Exhibit B* conflict with *Exhibit C-1*, *Exhibit C-1* shall govern.

2. Authority. The Petitioner is the sole owner of all non-public real property within the area proposed to be annexed to the District.

3. Purpose. The District was formed solely for the purchase of energy for lighting the streets and public parks within and adjacent to the District.

4. Public Convenience and Necessity. The necessity for the enlargement of the District is the purchase of energy for lighting the streets and public parks within the proposed enlarged

District by the levying of an annual ad valorem tax or by an equal apportionment of taxes upon all of the non-public real property of the District as provided in A.R.S. § 48-616(C).

5. Payment of Costs by Petitioner. The Petitioner agrees to pay the costs and expenses of operation, repair and energy for street lighting within and surrounding the proposed addition to the District that operate prior to July 1, 2025, because the District will not be able to levy taxes for such expenses of the area added to the District prior to the City's fiscal year 2025/2026. Tax collections of taxes levied on the addition to be annexed to the District will not be posted to the City until on or about July 1, 2025 and the City does not expect to receive taxes from the property described in *Exhibits A*, *B*, *C*, and *C-1* before November 1, 2025.

6. Reimbursement. The Petitioner agrees to reimburse the City for all reasonable legal and engineering fees and costs incurred by the City with respect to the enlargement of the District.

7. Expansion of or Annexation to the District. The Petitioner waives any objections to, or protest against, future enlargement or enlargements of the District and also waives all notices of such enlargement or enlargements, whether required to be published, posted, or mailed with respect to the later enlargement of the District's boundaries; the Petitioner further waives any objection to, or protest against, the consolidation of the District with any other similar district or districts.

8. Waiver and Consent. The Petitioner, with full knowledge of its rights being waived hereunder, hereby expressly waives:

a) The right to challenge or object to any and all irregularities, illegalities or deficiencies which may exist in the acts or proceedings that resulted in or will result in the adoption of the Resolution of Intention, the Resolution Forming the District, and the Resolution(s) Enlarging the District, or any Notices pertaining thereto;

b) Any necessity for publication, posting, or mailing of the Resolution(s) Enlarging the District, Notices of Proposed Improvements, or Notices described in A.R.S. §§ 48-574(J) and 48-616(M);

c) All protest rights whatsoever under A.R.S. §§ 48-579(A)-(B) and 48-616(M), which provide for protests against the work or objections to the extent of the enlargement of the District; and

d) Any necessity for any notice or hearing with respect to land owned by the Petitioner now within the District or within the property comprising the proposed addition to the District.

9. Fees. The Petitioner has paid, or will pay, any and all District application fees.

10. Equal Apportionment. The Petitioner hereby petitions the City Council to equally apportion the District's annual taxes based on the number and classifications of properties within the proposed enlarged District pursuant to A.R.S. § 48-616(J).

11. Waiver. This Petition shall also be deemed to be a petition of more than one-half (1/2) of the taxable property units and more than one-half (1/2) of the assessed valuation within the proposed addition to the District and as such shall also be deemed to be a waiver of any and all requirements to file a petition under A.R.S. § 48-576, as amended.

12. Public Benefit. The purchase of energy to operate street lighting improvements within the area to be annexed is of more than local or ordinary public benefit.

13. Successors and Assigns. To the extent permitted by law, this Petition shall be binding on all successors or assigns of the Petitioner who hereafter own or have an interest in the property described in *Exhibits A*, *B*, *C*, and *C-1* attached hereto.

14. Authority to Sign Petition. The individual(s) signing this Petition represents and warrants to the City that s/he is duly authorized to (i) sign the Petition to form or enlarge the District, as applicable; (ii) bind the Petitioner to the matters set forth in this Petition; and (iii) agree to hold the City harmless for, from and against any claims in connection with the formation or enlargement of the District.

15. Recordation. This Petition may be recorded in the office of the Maricopa County Recorder and in the office of the Superintendent of Streets of the City.

PROPERTY: See attached *Exhibits A*, *B*, *C*, and *C-1*.

IN WITNESS WHEREOF, the undersigned representative(s) of the Petitioner has executed this Petition as of the date shown below.

CITY OF BUCKEYE
Regular Council Meeting
COUNCIL ACTION REPORT

MEETING DATE: 09/03/24	**AGENDA ITEM:** 4.P. FIN - Job Order Contracts for General and Wastewater/Water
DATE PREPARED: 08/29/24	**DISTRICT NO.:** All
STAFF LIAISON: Nicola Perrera, Procurement Manager, nperrera@buckeyeaz.gov, (623) 349-6174	
DEPARTMENT: Financial Services	**AGENDA ITEM TYPE:** Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
Council to take action on the Job Order Contracts resultant contracts from the Job Order Contracts (Nos. 2025081, 2025082, 2025083, 2025084, 2025085, 2025086, 2025087, 2025088, 2025089, 2025090, 2025091, 2025092, 2025093, 2025094, 2025095, 2025096, 2025097, 2025100, 2025101, 2025102, 2025103, 2025104, 2025105, 2025106, 2025107, 2025108, 2025109, 2025110, 2025111, 2025112, 2025113, and 2025114) between the City of Buckeye and M.R. Tanner Development and Construction, LLC, Haydon Companies, LLC, Sunland Asphalt & Construction, LLC, Talis Construction Corporation, Willmeng Construction, Inc., Haydon Companies, LLC, J. Banicki Construction, Inc., Brycon Corporation, S.D. Crane Builders, Inc., Combs Construction Company, Inc., KBE Building Corporation, BWC Enterprises, Inc., Achen-Gardner Construction, LLC, B & F Contracting, Inc., TF Contracting Services, LLC, DCS Contracting, Inc., Felix Construction Company, MGC Contractors, Inc., Hunter Contracting Co., Schofield Civil Construction, LLC, PCL Construction, Inc., and ASR Construction Group, LLC; authorize the awarding of the Contracts and the City Manager to execute any future Delivery Orders under these contracts on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:

The Finance Department has issued a Request for Qualifications (RFQ) No. 2024193 and 2024194 on May 20, 2024, for multiple Job Order Contracting categories. The City received multiple Statement of Qualifications (SOQs). Three (3) five (5) person evaluation panels recommended, based on criteria listed in the RFQs, the above Contractors to be awarded contracts.

There is no money associated with these Contracts. The maximum term for the contracts will be five years, one year base term with four optional years. Delivery Orders will be issued when a need arises for services under specific categories. Individual Delivery Orders/Projects will be limited to $2,000,000.00 and under and each contractor will be limited to $6,000,000.00 in total for all Delivery Orders/Projects per fiscal year.

Contract No. 2025112 Felix Construction Company

Contract No. 2025113 MGC Contractors, Inc.

Contract No. 2025114 Hunter Contracting Co.

There is no money associated with these Contracts and Delivery Orders will be issued when a need arises for their services.

BENEFITS:
Job Order Contracting is a delivery method that helps the City complete a large number of repairs, maintenance, renovations and new construction projects with a single competitively awarded contract. Job Order Contracting cuts down on the time needed to start a project.

FUTURE ACTION:
The Contracting and Procurement Division will administer the Job Order Contracts and utilize their services as needed.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
TF CONTRACTING SERVICES LLC

CONTRACT NO. 2025103

This JOB ORDER CONTRACT FOR Category 1: Water/Wastewater Pipeline Utility & Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and TF Contracting Services LLC, an Arizona limited liability company (the "Contractor"). This Contract is for Water/Wastewater Pipeline Utility & Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 1: Water/Wastewater Pipeline Utility & Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water/Wastewater Pipeline Utility & Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Water/Wastewater Pipeline Utility & Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Water/Wastewater Pipeline Utility & Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

"Differing Site Conditions" means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

"Final Acceptance" means the completion of the Project as prescribed in Article 10.

"Float" means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

"Legal Requirements" means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

"Liquidated Damages" means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments' (MAG) Uniform Standard Specifications and Details for Public Works Construction.

"Materials" means goods, items, or supplies utilized in the completion of the Work.

"Notice to Proceed" or "NTP" means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

"Payment Application" means the City form used by the Contractor to request payment for Work performed.

"Product Data" means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

"Project" means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

"Project Schedule" means a schedule as prescribed in this Contract or subsequent Job Orders.

"Project Record Documents" means the documents created pursuant to Article 12.

"Samples" means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

"Schedule of Construction" means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: TF Contracting Services LLC
Kyle Foley, Vice President
1440 Missouri Ave., Suite 100
Phoenix, Arizona 85142
Phone: 602.909.6995
Email: kfoley@tfcontractingaz.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
DCS CONTRACTING, INC.

CONTRACT NO. 2025104

This JOB ORDER CONTRACT FOR Category 1: Water/Wastewater Pipeline Utility & Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and DCS Contracting, Inc., an Arizona corporation (the "Contractor"). This Contract is for Water/Wastewater Pipeline Utility & Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 1: Water/Wastewater Pipeline Utility & Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water/Wastewater Pipeline Utility & Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Water/Wastewater Pipeline Utility & Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Water/Wastewater Pipeline Utility & Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

"Differing Site Conditions" means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

"Final Acceptance" means the completion of the Project as prescribed in Article 10.

"Float" means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

"Legal Requirements" means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

"Liquidated Damages" means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments' (MAG) Uniform Standard Specifications and Details for Public Works Construction.

"Materials" means goods, items, or supplies utilized in the completion of the Work.

"Notice to Proceed" or "NTP" means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

"Payment Application" means the City form used by the Contractor to request payment for Work performed.

"Product Data" means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

"Project" means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

"Project Schedule" means a schedule as prescribed in this Contract or subsequent Job Orders.

"Project Record Documents" means the documents created pursuant to Article 12.

"Samples" means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

"Schedule of Construction" means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: DCS Contracting, Inc.
Brandon Byrne, President
11535 E. Germann Road
Chandler, Arizona 85286
Phone: 480.732.9238 Ext. 201
Email: brandon.byrne@dcscontracting.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
HAYDON COMPANIES, LLC

CONTRACT NO. 2025105

This JOB ORDER CONTRACT FOR Category 2: Water Production Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and Haydon Companies, LLC, an Arizona limited liability company (the "Contractor"). This Contract is for Water Production Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 2: Water Production Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water Production Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Water Production Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Water Production Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: Haydon Companies, LLC
Katie Haydon, President and CEO
4640 E. Cotton Gin Loop
Phoenix, Arizona 85040
Phone: 602.296.1496
Email: khaydon@haydonbc.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
FELIX CONSTRUCTION COMPANY

CONTRACT NO. 2025106

This JOB ORDER CONTRACT FOR Category 2: Water Production Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and Felix Construction Company, an Arizona corporation (the "Contractor"). This Contract is for Water Production Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 2: Water Production Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water Production Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Water Production Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Water Production Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: Felix Construction Company
David Giannetto, Principal
2530 S. 52nd Avenue
Phoenix, Arizona 85043
Phone: 602.625.4811
Email: davidg@felixconstruction.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
MGC CONTRACTORS, INC.

CONTRACT NO. 2025107

This JOB ORDER CONTRACT FOR Category 2: Water Production Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and MGC Contractors, Inc., an Arizona corporation (the "Contractor"). This Contract is for Water Production Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 2: Water Production Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water Production Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Water Production Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Water Production Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

"Differing Site Conditions" means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

"Final Acceptance" means the completion of the Project as prescribed in Article 10.

"Float" means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

"Legal Requirements" means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

"Liquidated Damages" means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments' (MAG) Uniform Standard Specifications and Details for Public Works Construction.

"Materials" means goods, items, or supplies utilized in the completion of the Work.

"Notice to Proceed" or "NTP" means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

"Payment Application" means the City form used by the Contractor to request payment for Work performed.

"Product Data" means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

"Project" means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

"Project Schedule" means a schedule as prescribed in this Contract or subsequent Job Orders.

"Project Record Documents" means the documents created pursuant to Article 12.

"Samples" means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

"Schedule of Construction" means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: MGC Contractors, Inc.
Greg Beetem, Vice President
4110 E. Elwood Street
Phoenix, Arizona 85040
Phone: 602.437.5000
Email: greg@mgccontractors.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
PCL CONSTRUCTION, INC.

CONTRACT NO. 2025110

This JOB ORDER CONTRACT FOR Category 3: Wastewater Treatment Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and PCL Construction, Inc., a Colorado corporation (the "Contractor"). This Contract is for Wastewater Treatment Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 3: Wastewater Treatment Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Wastewater Treatment Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Wastewater Treatment Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Wastewater Treatment Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: PCL Construction, Inc.
Nico Swart, JOC Account Manager
1711 W. Greentree Drive, Unit 200
Tempe, Arizona 85284
Phone: 602.319.8458
Email: nswart@pcl.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
ASR CONSTRUCTION GROUP LLC

CONTRACT NO. 2025111

This JOB ORDER CONTRACT FOR Category 3: Wastewater Treatment Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and ASR Construction Group LLC, an Arizona limited liability company (the "Contractor"). This Contract is for Wastewater Treatment Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 3: Wastewater Treatment Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Wastewater Treatment Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Wastewater Treatment Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Wastewater Treatment Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: ASR Construction Group LLC
Dan Anderson, ASR Managing Member
1620 S. Stapley Drive, Suite 100
Mesa, Arizona 85204
Phone: 480.435.6398
Email: d.anderson@asr-cg.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
FELIX CONSTRUCTION COMPANY

CONTRACT NO. 2025112

This JOB ORDER CONTRACT FOR Category 3: Wastewater Treatment Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and Felix Construction Company, an Arizona corporation (the "Contractor"). This Contract is for Wastewater Treatment Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 3: Wastewater Treatment Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Wastewater Treatment Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Wastewater Treatment Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Wastewater Treatment Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: Felix Construction Company
David Giannetto, Principal
2530 S. 52nd Avenue
Phoenix, Arizona 85043
Phone: 602.625.4811
Email: davidg@felixconstruction.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
MGC CONTRACTORS, INC.

CONTRACT NO. 2025113

This JOB ORDER CONTRACT FOR Category 3: Wastewater Treatment Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and MGC Contractors, Inc., an Arizona corporation (the "Contractor"). This Contract is for Wastewater Treatment Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 3: Wastewater Treatment Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Wastewater Treatment Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Wastewater Treatment Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Wastewater Treatment Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

"Differing Site Conditions" means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

"Final Acceptance" means the completion of the Project as prescribed in Article 10.

"Float" means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

"Legal Requirements" means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

"Liquidated Damages" means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments' (MAG) Uniform Standard Specifications and Details for Public Works Construction.

"Materials" means goods, items, or supplies utilized in the completion of the Work.

"Notice to Proceed" or "NTP" means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

"Payment Application" means the City form used by the Contractor to request payment for Work performed.

"Product Data" means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

"Project" means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

"Project Schedule" means a schedule as prescribed in this Contract or subsequent Job Orders.

"Project Record Documents" means the documents created pursuant to Article 12.

"Samples" means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

"Schedule of Construction" means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;

   D. The creation and submission to the City of detailed as-built drawings depicting all as-built construction;

   E. The furnishing of any required surety bonds and insurance as may be required by each Job Order;

   F. The furnishing of all equipment and product warranties, manuals, test results and user guides required by each Job Order or otherwise reasonably available to Contractor;

   G. The furnishing of all other services and things required or reasonably inferable from the Contract Documents, including the provisions of Article 6 below.

ARTICLE 6
TIME FOR CONSTRUCTION: THE CONTRACT TIME

1. After the City has awarded each Job Order, the City shall issue a NTP directing Contractor to proceed with the Work on the date indicated in the notice (the "Commencement Date"). Work shall commence within ten (10) days of the Commencement Date.

2. Contractor shall commence the Work within ten (10) days of the Commencement Date, and the Work shall be carried out regularly and without interruption. Contractor shall substantially complete the Work no later than the date established in each Job Order or such other date as may be issued by a Change Order (the "Scheduled Completion Date"). The number of calendar days between the effective date of the Contract and the Scheduled Completion Date is the "Contract Time". Contractor shall achieve Final Completion of the Work no later than thirty (30) calendar days after achieving Substantial Completion.

3. Contractor understands that if Substantial Completion for entire project is not attained by the Scheduled Substantial Completion date, the City will suffer damages which are difficult to determine and accurately specify. Contractor agrees that if Substantial Completion is not attained by the Scheduled Substantial Completion Date, Contractor shall pay the City the amount established in each Job Order as liquidated damages for each day that Substantial completion extends beyond the Scheduled Substantial Completion Date.

4. All limitations of time set forth in each Job Order are material and time is of the essence of each Job Order.

ARTICLE 7
ADDITIONAL DUTIES AND RESPONSIBILITIES OF CONTRACTOR

1. The intent of this Contract is to require complete, correct and timely execution of all Job Orders awarded for the Construction Work. Any and all Construction Work that may be required reasonably implied or reasonably inferred by each Job Order as necessary to produce the intended result shall be provided by Contractor for the Construction Price as provided in each awarded Job Order.

2. All Work performed by Contractor shall be in strict compliance with each Job Order. "Substantial Compliance" is not strict compliance. Any Construction Work not in strict compliance with each Job Order is defective.

3. The Construction Work shall be strictly supervised and directed using Contractors best and highest skill and effort. Contractor shall bear full responsibility for any and all acts or omissions of those engaged in the Construction Work on behalf of the Contractor.

4. Contractor warrants and guarantees to the City that all labor furnished to perform the Construction Work under each Job Order will be competent to perform the tasks undertaken and is the best quality obtainable, that the product of such labor will yield only superior results in strict compliance with the requirements of each Job Order, that materials and equipment furnished will be of high quality and new unless otherwise permitted by the Job Order, and that the Construction Work will be of high quality, free

from faults and defects and in strict conformance with the requirements found in each Job Order. Any and all Construction Work not strictly conforming to these requirements shall be considered defective and shall constitute a breach of Contractor's warranty.

5. Special or specific guarantees and warranties which are required by each Job Order to run for a fixed period of time shall commence running on the date of Substantial Completion of all Construction Work. In general, Contractor warrants all work, including labor and materials, for a period of two (2) years from the date of Substantial Completion, unless otherwise specified in the Job Order.

6. Contractor, within fifteen (15) days after the Commencement Date, shall submit to the Manager of Construction and Contracting for his information, and shall comply with, Contractor's Schedule of Construction for each Job Order awarded. The Schedule of Construction shall reflect the performance of all Construction Work on weekdays and non-holidays. The Schedule of Construction shall be a detailed critical path (CPM) schedule in a form acceptable to the City. The Schedule of Construction shall be revised at least monthly and shall be revised to reflect conditions encountered from time to time and shall be related to the entire Project awarded as a Job Order. Each such revision shall be furnished to the City. Strict compliance with the requirements of this Paragraph shall be a condition precedent for payment to Contractor, and failure to strictly comply with this requirement shall constitute a material breach of the Contract. No claim for an increase in the Construction Price shall be allowed as a result of Contractor basing the Construction Price upon an early completion schedule, or as a result of delays and costs attributable to completion later than the planned early completion date.

7. Contractor shall continuously maintain at the Site, for the benefit of the City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Additionally, Contractor shall maintain at the Site, for the benefit of the City, a copy of all Shop Drawings, Product Data, Samples, and other Submittals, if any, that are specified in the awarded Job Order. Upon Final Completion of the Construction Work, or upon the City's request, all of the documents described in this Paragraph shall be finalized and delivered to the City and shall become the property of the City.

8. Contractor shall review, study, and approve, or take other necessary action upon all Shop Drawings, Product Data, Samples, and other Submittals to ensure that each Job Order will be constructed in a timely fashion in strict compliance with the requirements of the Contract and Job Order. No deviation from, substitution for or other modification from the Documents shall be allowed by Contractor in a shop drawing or submittal without written approval, in the form of a Change Order from the City, and signed by the parties hereto. Contractor shall engage in prompt and adequate review of Shop Drawing and other Submittals to maintain the Construction Schedule; Contractor also warrants it will

use its best independent professional judgment in its review to determine compliance with the Contract Documents.

9. The City shall also, in its discretion, have the right to review and approve Submittals. In the event that the City exercises the foregoing right to review, Contractor shall not perform any portion of the Construction Work unless and until the City approves in writing such Submittal. Any such approval shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If the City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to the City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

10. Contractor shall procure from all Subcontractors and Suppliers and shall transmit to the City, all warranties required by the Contract. Contractor shall review all such warranties and shall certify to the City that the warranties are in strict compliance with the requirements of the Contract.

11. Contractor shall prepare or procure and shall transmit to the City all documentation required by this Contract regarding the operation and recommended maintenance programs relating to the various elements of the Construction Work.

12. If required in the Job Order, Contractor shall prepare and provide to the City a complete set of all as-built drawings which shall be complete and, except as specifically noted, shall reflect performance of the Construction Work in strict compliance with the requirements of this Contract.

13. Contractor shall assume all labor responsibility for all personnel assigned to or contracted for the performance of the Construction Work and agrees to strictly comply with all its obligations as employer with respect to said personnel under all applicable labor laws.

14. Contractor shall be responsible for procuring all tests and inspections required by sound professional practices and by governmental authorities having jurisdiction over the Project. Contractor shall submit certified results of such tests to the City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by the City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold the City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by the City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of the City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by the City shall be a condition precedent to final payment. Contractor shall also give and maintain any and all notices required by applicable laws pertaining to the construction of the Construction Work.

18. While on the City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to the City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard the City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect the City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free

from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

20. Unless otherwise instructed by the City, Contractor shall repair and return to original condition all buildings, streets, curbs, sidewalks, utilities or other facilities affected by Contractor's performance of the Construction Work.

21. Contractor shall keep the site reasonably clean during performance of the Construction Work. Upon Final Completion of the Construction Work, Contractor shall thoroughly clean the site and the Project and remove all waste, debris, trash and excess materials or equipment, together with Contractor's property therefrom.

22. At all times relevant to the Contract, Contractor shall provide access to the Construction Work to the City and its designees without formality or other procedure.

23. The City's decisions in matters relating to aesthetic standards and effect shall be final.

24. In performing both Design Services and Construction Work under this Contract, the relationship between the City and Contractor is that of independent contractor, and the execution of this Contract does not change the independent status of Contractor. Contractor shall exercise independent judgment in performing its duties under this Contract and is solely responsible for setting working hours, scheduling or prioritizing the Contract work flow and determining how all Contract work is to be performed. No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of the City, or making Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which the City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. The City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

2. Job Order Construction Price, unless changed by Change Order, represents the absolute limit of obligation or liability that the City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this

Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and the City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Contract Price described in this Contract is paid. Such construction management services are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. The City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Payment Application, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

    a. Unsatisfactory job progress as determined by the City.
    b. Defective Work or materials not remedied.
    c. Disputed Work or materials.
    d. Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
    e. Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
    f. A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
    g. The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
    h. Deficiencies or claims asserted by the City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate for Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%; provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

a. The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from subcontractors and major suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
b. If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by the City in writing, when the Project is sufficiently complete in accordance with the Contract that the City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by the City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. The City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to the City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by the City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of the City, the City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of the City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Within thirty (30) days following (a) Substantial Completion of the Construction Work, and (b) the parties' execution of the Certificate of Substantial Completion the City will remit payment of all sums due Contractor, including such amount of retainage based upon the value of remaining performance, less the reasonable costs for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and

handling all outstanding or threatened claims. Such payment less reasonable costs shall be determined by the City in its sole and absolute discretion.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to the City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by the City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then the City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. The City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by the City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to the City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish the City, in the form and manner required by the City, the following:

    (a) a signed and notarized statement of final payment and release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing the City from all claims that Contractor had or might have asserted during the performance of this Contract;
    (b) if required by the City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against the City or the City's property;
    (c) consent of surety to final payment;
    (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and
    (e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against the City by Contractor except for those claims previously made in writing against the City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, the City shall undertake to perform the following:

1. The City shall provide Contractor with information regarding the City's requirements for the Project including any desired or required design or construction schedule.

2. The City shall review any documents submitted by Contractor requiring the City's decision, and shall render any required decisions pertaining thereto.

3. In the event the City has actual knowledge of (a) any material fault or defect in the Construction Work, (b) nonconformance with the Contract, or (c) errors, omissions or inconsistencies in the Design Documents, the City shall give prompt written notice thereof to Contractor.

4. The City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. The City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. The City shall perform the duties set forth in this Article 11 in a reasonably timely manner so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. The City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with the City's construction program and requirements. No review, inspection, or approval by the City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or

Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by the City pursuant to the Contract shall not constitute a waiver of any of the City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by the City.

8. The City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

9. The City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, the City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, the City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

10. The City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as the City may request in obtaining such easements, certificates of occupancy, and the like.

11. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, the City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from the City in writing, Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instructions has been corrected, no longer exists, or the City instructs that the Construction Work may resume.

12. In the event the City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and

this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies the City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to the City for inspection and copying upon the City's request at any time. Additionally, such records shall be made available upon request by the City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, audio or video recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish the City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as the City deems necessary. The City shall promptly reply to Contractor, in writing, stating any objections the City may have to such proposed Subcontractors (“disapproved Subcontractor”). With respect to this Contract and the subject matter hereto, Contractor shall not engage the services of or otherwise enter into a contract with a disapproved Subcontractor. Notwithstanding the foregoing, any consent or failure to reject a subcontractor by the City shall in no way relieve Contractor of any of its duties or warranties under this Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to the City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise shall be created between the City and any Subcontractor of Contractor, and a provision to this effect shall be incorporated into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of Contractor's subcontractors, suppliers, and contractors.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from the City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, the City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, the City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to the City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by the City without invalidating the Contract. Such changes shall be communicated by Change Order as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by the City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and the City and agrees that it shall at all times in good faith use its best efforts to advance the City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against the City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of the City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to the City all such documentation, including cost and time records, as and when the City may request so that the City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against the City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of the City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against the City for compensation in excess of the Construction Price, any liability of the City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. The City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which the City would not be liable to Contractor under the terms of the Contract. As a condition precedent to the City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to the City by Contractor in strict compliance with all the requirements of this Article. The City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by the City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of the City, or contrary to any provision of the Contract, said Construction Work shall, if required by the City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by the City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to the City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by the City as defective or failing to conform to the Contract. Contractor shall pay all costs

and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from the City. This obligation shall survive final payment by the City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. The City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. The City shall be entitled to a reduction in the Construction Price regardless of whether the City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from the City, pay the City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. The City may for any reason whatsoever suspend performance under the Contract. The City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by the City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at the City's direction, either suspend or assign to the City any of its open or outstanding subcontracts or purchase orders.

3. In the event the City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, the City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

(a) Demobilization and remobilization, including such costs paid to Subcontractors
(b) Preserving and protecting Construction Work in place;
(c) Storage of materials or equipment purchased for the Project, including Insurance.
(d) Performing in a later, or during a longer, time frame than that contemplated by this contract.

4. If the City lifts the suspension it shall do so in writing and Contractor shall promptly resume performance of the Contract unless, prior to receiving the notice to resume, Contractor has exercised its right of termination as provided herein.

5. The City reserves the right, for any reason whatsoever (including, but not limited to, the City's failure to appropriate funding for this Contract), or without reason, terminate performance under the Contract by Contractor for convenience. The City shall give thirty (30) calendar days advance written notice of termination for convenience to Contractor. Contractor shall incur no further obligations in connection with the Contract and Contractor shall stop Work when such termination becomes effective. Contractor shall also, at the City's direction, either terminate or assign to the City outstanding orders and subcontracts. Contractor shall settle the liabilities and claims arising out of any terminated subcontracts and orders. The City may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to the City or its designee. Contractor shall transfer title and deliver to the City such completed or partially completed Design Documents (if any), Construction Work and materials, equipment, parts, fixtures, information and Contract rights as Contractor has.

6. When terminated for convenience, Contractor shall be compensated as follows:

(a) Contractor shall submit a termination claim to the City specifying the amounts believed to be due because of the termination for convenience together with costs, pricing or other data required by the City. If Contractor fails to file a termination claim within three (3) months from the effective date of termination, the City shall pay Contractor an amount derived in accordance with Subparagraph (c) below;
(b) The City and Contractor may agree to the compensation, if any, due to Contractor under this paragraph;
(c) Absent agreement to the amount due to Contractor, the City shall pay Contractor, as full compensation for termination for convenience, the following amounts:

(i) the Cost of the Construction Work and Services, as defined and allowed by to the extent incurred or paid prior to receipt by Contractor of the notice of termination;
(ii) such portion of Work which is completed and unpaid as of the date of receipt by Contractor of the notice of termination; and

(iii) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders hereinabove. These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from the City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then the City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by the City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

ARTICLE 18
INDEMNITY

1. To the fullest extent permitted by law, Contractor agrees to defend, indemnify and hold the City, its elected officials, officers, agents and employees, harmless for, from and against any and all claims, lawsuits, judgments, costs and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by Contractor's breach of any of the terms or provisions of this Contract, or by any negligent, grossly negligent or strictly liable act or omission of Contractor, its officers, agents, or employees, in the performance of this Contract; except that the indemnity provided for in this paragraph shall not apply to any liability resulting from the sole negligence or fault of the City, its elected officials, officers, agents, employees or separate contractors. The provisions of this paragraph are solely for the benefit of the parties hereto and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

ARTICLE 19
INSURANCE AND BONDS

See *Exhibit C.*

ARTICLE 20
CANCELLATION UNDER A.R.S. § 38-511

1. This Contract may be cancelled pursuant to the terms of Arizona Revised Statutes Section 38-511 as amended.

ARTICLE 21
GIFT TO PUBLIC SERVANT

1. The City may terminate this Contract immediately if Contractor has offered, conferred, or agreed to confer any benefit upon a City of Buckeye employee or official that the City of Buckeye employee or official is prohibited by law from accepting.

2. For purposes of this section, "benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including benefit to any other person in whose welfare the beneficiary has a direct or substantial interest, but does not include a contribution or expenditure made and reported in accordance with law.

3. Notwithstanding any other legal remedies, the City may require Contractor to remove any employee of Contractor from the Project who has violated the restrictions of this section or any similar state or federal law, and obtain reimbursement for any expenditures made to Contractor as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 22
NONDISCRIMINATION

1. As a condition of this Contract, Contractor covenants that Contractor will take all necessary actions to insure that, in connection with any work under this Contract, Contractor, his associates and subcontractors, will not discriminate in the treatment or employment of any individual or groups of individuals on the grounds of race, color, religion, national origin, age, sex, or handicap unrelated to job performance, either directly, indirectly or through contractual or other arrangements. Contractor shall also comply with all applicable requirements of the Americans with Disabilities Act, 42 U.S.C.A. §§12101-12213, as amended. In this regard, Contractor shall keep, retain and safeguard all records relating to this Contract or work performed hereunder for a minimum period of three (3) years from final Contract completion, with full access allowed to authorized representatives of the City, upon request, for purposes of evaluating compliance with this and other provisions of the Contract.

2. Subject to existing law, and regulations, illegal or undocumented persons will not be employed by the Contractor for any work or services to be performed pursuant to this contract. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this contract. Contractor shall notify the City upon the selection and agreement with any sub-contractor, and shall notify the City prior to any subcontractor being on site doing work. Contractor agrees to comply with the provisions of section 274A(a)(1)(A) and 274A(a)(2) of the Immigration and Nationality Act ("INA") (8 U.S.C.1324a(a)(1)(A), 1324a(a)(2)) (the "INA employment provisions"), and any amendments thereto, prohibiting the unlawful employment of illegal or undocumented persons. Under the terms of this agreement, the Contractor shall not knowingly hire or employ for any work performed pursuant to this contract any workers or employees not lawfully authorized to work in the United States under the provisions of the INA or any other applicable federal or state laws. Violation of the provisions of this Article 22 shall be deemed a material breach of this Contract.

ARTICLE 23
MISCELLANEOUS PROVISIONS

1. This Contract shall be governed by the laws and court decisions of the State of Arizona. This Contract is performed in Maricopa County, Arizona, and exclusive venue for the enforcement of rights or legal obligations under this Contract shall be in Maricopa County, Arizona.

2. This Contract shall be binding upon and inure to the benefit of the parties to this Contract and their respective successors and, except as otherwise provided in this Contract, their assigns.

3. Contractor shall not assign this Contract, or any part of this Contract, without prior written consent of the City.

4. All notices, communications, and reports required or permitted under this Contract shall be personally delivered or mailed to the respective parties by depositing same in the United States mail, postage prepaid, at the addresses shown below, unless and until either party is otherwise notified in writing by the other party, at the following addresses. Mailed notices shall be deemed communicated as of five days after mailing.

If intended for the City, to:

William Kauppi
Chief Financial Officer, Finance
City of Buckeye
530 E. Monroe Ave.
Buckeye, Arizona 85326
Phone: 623.349.6225

If intended for Contractor, to: MGC Contractors, Inc.
Greg Beetem, Vice President
4110 E. Elwood Street
Phoenix, Arizona 85040
Phone: 602.437.5000
Email: greg@mgccontractors.com

5. No information relative to the existence or the details of the Design Services or the Construction Work shall be released by Contractor, either before or after completion of the Project, for publication, advertising or any commercial purposes without the City's prior written consent.

6. In the event that any portion or any portions of this Contract are held to be unenforceable by a court of competent jurisdiction, then the remainder of this Contract shall be enforced as though such portions had not been included, unless to do so would cause this Contract to fail of its essential purposes.

7. This Contract, with all Exhibits and incorporated or referenced attachments, and any Job Order, together with Contractor's and Surety's performance and payment bonds for the Project, constitute the entire and exclusive agreement between the City and Contractor with reference to the Project. This Contract supersedes any and all prior documents, discussions, communications, representations, understandings, negotiations or agreements by and between the parties.

8. If the City Council does not appropriate funds to continue this Contract or any Job Order into a subsequent fiscal year, and pay for charges hereunder or under any current Job Order for a Project that extends into a new fiscal year, the City may terminate this Contract at the end of the current fiscal period, or at the time that funds are no longer available to meet the City's payment obligations hereunder. The City agrees to give written notice of termination to the Contractor at least thirty (30) days prior to any termination for a lack of funds and will pay to the Contractor all approved charges incurred prior to Contractor's receipt of such notice, subject to the availability of funds therefore.

9. Cooperative Purchasing- Specific eligible political subdivisions and nonprofit educational or health institutions ("Eligible Procurement Unit(s)") are permitted to utilize procurement agreements developed by the City, at their discretion and with the agreement of the awarded Consultant. Consultant may, at its sole discretion, accept orders from Eligible Procurement Unit(s) for the purchase of the Materials and/or Services at the prices and under the terms and conditions of this Agreement, in such quantities and configurations as may be agreed upon between the parties. All cooperative procurements under this Agreement shall be transacted solely between the requesting Eligible Procurement Unit and Consultant. Payment for such purchases will be

the sole responsibility of the Eligible Procurement Unit. The exercise of any rights, responsibilities or remedies by the Eligible Procurement Unit shall be the exclusive obligation of such unit. The City assumes no responsibility for payment, performance or any liability or obligation associated with any cooperative procurement under this Agreement. The City shall not be responsible for any disputes arising out of transactions made by others.

ARTICLE 24
E-VERIFY

1. E-Verify Requirements. To the extent applicable under Ariz. Rev. Stat. §41-4401, Contractor and its subconsultants warrant compliance with all federal immigration laws and regulations that relate to their employees and compliance with the E-verify requirements under Ariz. Rev. Stat. §23-214(A). The Contractor or its subcontractor's failure to comply with such warranty shall be deemed a material breach of this Agreement and may result in the termination of this Agreement by the City.

2. The Contractor and its subcontractors warrant to keep the papers and records open for random inspection during normal business hours by the City. The Contractor and its subcontractors shall cooperate with the City's random inspections including granting the City's entry rights onto its property to perform the random inspections and waiving their respective rights to keep such papers and records confidential.

ARTICLE 25
ISRAEL

1. To the extent required by applicable law, pursuant to Arizona Revised Statute § 35-393.01, Contractor certifies that it is not currently engaged in, and agrees for the duration of the Contract to not engage in, a boycott of Israel, or any entity that does business in Israel or any territories controlled by Israel.

JOB ORDER CONTRACT
BETWEEN
CITY OF BUCKEYE
AND
HUNTER CONTRACTING CO.

CONTRACT NO. 2025114

This JOB ORDER CONTRACT FOR Category 3: Wastewater Treatment Facility Infrastructure (the "Contract") is made and entered into, by and between the City of Buckeye, an Arizona municipal corporation (the "City") and Hunter Contracting Co., an Arizona corporation (the "Contractor"). This Contract is for Wastewater Treatment Facility Infrastructure, and issued as required by award of individual Job Orders (the "Project").

RECITALS

A. The City issued a Request for Qualifications entitled "Job Order Contracting – Water/Wastewater for "Category 3: Wastewater Treatment Facility Infrastructure (the "RFQ") incorporated herein by reference, seeking proposals from vendors interested in providing Water Production Facility Infrastructure.

B. The Contractor submitted a statement of qualifications (the "SOQ"), attached hereto as Exhibit A, in response to the RFQ, attached hereto as Exhibit B, and both Exhibits are incorporated herein by reference, and the City desires to enter into an Agreement with the Contractor for indefinite quantity and indefinite delivery for various projects related to Wastewater Treatment Facility Infrastructure for the City. The Projects may include Design Services, preconstruction services, permitting regulatory requirements and as-built/close-out documents (collectively the "Services").

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

ARTICLE 1
CONTRACT TERM

1. This Contract has a base period of one (1) year and four (4) option periods of one (1) year each that may be exercised in the sole discretion of the City. Any exercise of any option to renew this Contract beyond the base period will only be effective upon written notice from the City. The time period during which this Contract is in effect is the "Term".

2. The Contract Time for each Job Order shall start with the Notice to Proceed ("NTP") and end with Final Acceptance, as set forth below. The NTP will not be issued until prior approval and acceptance by the City of the Job Order.

3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. Contractor agrees that it will commence performance of the Work after receiving an official NTP letter and complete the Project through both Substantial Completion (if applicable) and Final Completion within the Contract Time.

4. Time is of the essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed milestone thereof.

5. Failure on the part of Contractor to adhere to the approved Project Schedule will be deemed a material breach and sufficient grounds for termination of a specific Job Order and/or this Contract by the City. The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as the City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, the City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. The Contract Price for any Job Order will be established as a Firm Fixed Price, subject to the following:

   (a) Estimated values for individual projects are estimated at $100,000.00 to $1,000,000.00. Most projects will be completed within the same fiscal year they are initiated in or within three hundred sixty-five (365) days from the Notice to Proceed. Projects may extend into the next fiscal year and beyond, but in no instance will any one project under this Contract exceed $2,000,000.00. The total Job Orders for a single contractor issued during a single fiscal year will not exceed $6,000,000.00.

   (b) There is no limit on the number of Job Orders that the City may issue to the Contractor during the term of this Contract. Likewise, there is no requirement that the City issue any Job Orders to the Contractor during the Term of this Contract.

3. This Contract is non-exclusive. The City shall have the right to engage other contractors to perform the Services or to self-perform the Services.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by the City and Contractor.

5. During the Term of this Contract, the City will issue an individual Job Order request for proposal to the Contractors under the JOC Wastewater Treatment Facility Infrastructure category for each Project or negotiate directly with a contractor. Each Job Order will have specific instructions concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

6. The general steps for development of a Job Order are:

   (a) When the City identifies a need for performance of a Project under a Job Order; the City will issue an RFP to the Contractor and also advise the Contractor of the nature of the Work to be done. This is done either by a delivery order request for proposal or through direct negotiations utilizing the rankings from the RFQ evaluation process as specified in the RFQ. At the same time, the City will advise the Contractor if Design Services are required and how those services will be provided. Within seven (7) working days of receipt of this notification, the Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and
      (ii) Arrange with the City to further define the scope of the Project.

   The Contractor shall thoroughly acquaint itself with all available information concerning the conditions of the Work under each Job Order and is responsible for correctly and fully estimating the difficulty of performing the Work, the actions required to perform the Work and the cost of successfully performing the Work under each Job Order.

   (b) The City may arrange for any needed Design Services to produce the Drawings and Specifications. Design Services will not begin until the scope of Design Services is approved by the City. The Drawings and Specifications developed by the Design Services are subject to approval by the City. If there are no Design Services, the City will develop Drawings and Specifications consisting of a line drawing and a written description of the contemplated Work.

   (c) Upon establishment of the scope of work, the Contractor will prepare its proposal for accomplishment of the Project. The proposal will include pricing and schedule for completion of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to the Contractor. Failure by the Contractor to pick up or receive the mailed or

electronic orders shall not relieve the Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. The City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

ARTICLE 3
DEFINITIONS

"Addenda" means written or graphic instruments issued prior to the submittal of the Proposal(s), which clarify, correct or change the Proposal(s) requirements.

"Agreement" or "Contract" means the executed agreement between the City and Contractor, including any amendments to the executed Agreement.

"Certificate for Payment" means the City form issued by the City to certify amount due and payable by the City to the Contractor.

"Certificate of Final Completion" means the City form issued by the City to the Contractor stating the Work required under the Contract has been completed.

"Certificate of Substantial Completion" means the City form issued by the City to the Contractor certifying that the Work under the Contract is considered sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Change Order" means a written instrument issued after execution of a Job Order or this Contract signed by the City and the Contractor, stating their agreement upon all of the following: the scope of the change in the Work; the amount of the adjustment to the Contract Price; and the extent of the adjustment to the Contract Time(s). A Change Order is an amendment to the Agreement.

"City" means the City of Buckeye, a municipal corporation, with whom Contractor has entered into this Contract and for whom the Services is to be provided pursuant to said Contract.

"City's Project Criteria" means information developed by or for the City to describe the City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Contractor's performance of the Work. The City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.

"City's Representative" means the person designated within this Contract.

"Commissioning" means the process for achieving, validating and documenting the performance of the Project including any works and its systems to meet the design needs and requirements of the City.

"Construction Documents" means the plans, specifications and drawings prepared by the Contractor or a Consultant.

"Construction Drawings" means the detailed drawings approved as part of the approved Construction Documents.

"Construction Work" means the construction component of the Project.

"Contract Documents" means the following items and documents in descending order of precedence: (i) all written modifications, amendments and Change Orders to this Contract; (ii) this Contract, including all exhibits and attachments, executed by the City and Contractor to include each Job Order; (iii) written supplementary conditions; (iv) Construction Documents prepared and approved; (v) Contractor's approved Variations of the City's Project Criteria, as contained in Exhibit A.; (vi) City's Project Criteria; (vii) Contractor's Proposal(s), except for accepted Variations of the City's Project Criteria, submitted in response to City's Project Criteria.

"Contract Price" means the amount or amounts set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Contract Time" means the Days set forth in each awarded Job Order subject to adjustment in accordance with this Contract.

"Job Order" means a specific written agreement between the City and the Contractor for Work to be performed under this Contract for an individual, mutually agreed upon scope of work, schedule and price.

"Day(s)" means calendar days unless otherwise specifically noted in the Contract Documents.

"Deliverables" means the work products prepared by the Contractor in performing the scope of work described in each Job Order.

"Design Services" means all professional services to be performed or procured by the Contractor or by the City to provide required Project design under this Contract and any subsequent amendments.

"Job Order Contractor" means the firm, corporation, or other approved legal entity with whom the City has entered into this Contract to provide services as detailed in this Contract. The term Contractor may be used to identify the Job Order Contractor.

“Differing Site Conditions” means concealed or latent physical conditions or subsurface conditions at the Site that, (i) materially differ from the conditions indicated in the Scope of Work issued with each Job Order or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work.

“Final Acceptance” means the completion of the Project as prescribed in Article 10.

“Float” means the number of Days by which an activity can be delayed without lengthening the Critical Path and extending the Substantial Completion date.

“Legal Requirements” means all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.

“Liquidated Damages” means a specified amount due by the Contractor when in breach of the Contract. The amount is determined based off of the Contract Price and predetermined amounts from the Maricopa Association of Governments’ (MAG) Uniform Standard Specifications and Details for Public Works Construction.

“Materials” means goods, items, or supplies utilized in the completion of the Work.

“Notice to Proceed” or “NTP” means the directive issued by the City, authorizing the Contractor to start Work or a portion of the work.

“Payment Application” means the City form used by the Contractor to request payment for Work performed.

“Product Data” means illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

“Project” means the Work to be completed in the execution of any awarded Job Order and as amended and as prescribed as any Scope of Work in identified in each awarded Job Order. Project means the Work associated with each awarded Job Order issued under this Contract.

“Project Schedule” means a schedule as prescribed in this Contract or subsequent Job Orders.

“Project Record Documents” means the documents created pursuant to Article 12.

“Samples” means physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

“Schedule of Construction” means the timeline submitted by the Contractor for the completion of the Work.

"Schedule of Values (SOV)", means the Document specified in the construction phase, which divides the Contract Price into pay items, such that the sum of all pay items equals the awarded Job Order Price for the Work, or for any portion of the Work having a separate specified Contract Price.

"Shop Drawings" mean drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

"Scheduled Substantial Completion Date" means the calendar date equal to the Notice to Proceed date established plus the number of Days established in each Job Order.

"Site" means the land or locations on which the Project is located, as more particularly described in the Job Order.

"Subcontractor" or "Sub consultant*"* means any person or entity retained by Contractor as an independent contractor to perform a portion of the Work and shall include material, men and suppliers.

"Substantial Completion" means the date on which the Work, or an agreed upon portion of the Work, is sufficiently complete so that the City can occupy and use the Project or a portion thereof for its intended purposes.

"Technical Consultant" means an agent of the City who furnishes project management assistance (if applicable to a Job Order).

"Variations of the City's Project Criteria" means agreed changes to the City's Project Criteria by both Parties.

"Work" means as defined in Article 5, Paragraph 2.

ARTICLE 4
DESIGN PHASE AND DESIGN SERVICES

1. Costs for Preconstruction services will be included in Contractor's firm fixed price cost proposal.

2. Normally the City will obtain Design Services from a consultant or prepare design documents using City Staff. However, Contractor may also be required to provide incidental Design Services for all or a portion of the Work to be constructed under a specific Job Order. If consulting services for design and the preparation of Plans and Specifications are required; they will be paid for as a separate line item in the Contractor's price proposal.

ARTICLE 5
CONSTRUCTION SERVICES

1. Contractor shall perform all Work necessary to construct the Project in accordance with all applicable Legal Requirements, this Contract and the specifications outlined in each Job Order, and render the Project and all its components operational and functionally and legally usable for their intended purpose.

2. The term "Work" shall mean whatever is done by or required of Contractor to perform and complete its duties relating to the construction of each Job Order under the Contract, including, without limitation, the following:

   A. Construction of the whole and all parts of the Project in full and strict conformity with each Job Order;

   B. The provision and furnishing, and prompt payment therefore, of all labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, other utilities and things required for the construction of each Job Order;

   C. The procurement and furnishing of all necessary permits and other permits required for the construction of each Job Order;
