Subject: [EXTERNAL] Re: Multiple Complaints at 201, 245 and 301 E O'Keefe St Facilities

Good afternoon Pabel,

Please see the attached reports from the inspections this past Tuesday. Complaints that were noted to be closed in the reports have been closed out on our end.

Please continue to send updates on fixes for the outstanding issues. Alberto had mentioned something about a running word document where the progress has been updated.

Around Mid-December, I'd like to do the inspection for 301 E O'keefe as well, assuming majority of the planned fixes have been completed.

Thanks,

Stephen Low REHS III
SMC EHS

Good morning Pabel,

Following up on this as a reminder that we'd like to get an update on the complaints by the end of today. I would like to reiterate that failure to respond with the information we are requesting will result in each unit investigation next week being billed at the county's hourly approved rate of 249.00 per hour, per complaint.

Thanks,

Stephen Low REHS III

Subject: Re: Multiple Complaints at 201, 245 and 301 E O'Keefe St Facilities

Good afternoon Pabel,

I'm following up as a reminder that our office would like to get an update, preferably on the spreadsheets provided, for the work done in each of the units that had filed complaints by the end of the week. From there I'd like to schedule a time for an inspection to follow up and confirm the

R273
completed work and note down any remaining issues. Please note that failure to provide an update will result in an inspection, performed at a time at our discretion, that will be billed at the county's hourly approved rate of 249.00 per hour, per complaint that we find outstanding issues at.

Thanks,

Stephen Low REHS III

Good morning Pabel,

Thank you for the update on the situation. I'd like to see copies of the WOs to get an idea of the work done in each of the units before we do the walkthrough of each property.

Thanks,

Stephen Low REHS III

Good Afternoon Stephen,

We are working closely with the city of EPA in regards to this. We have compiled all of the WO that we received and we have opened new WO so our team can inspect and close out this week. I will keep you updated on when all of these items have been addressed or cleared.

Subject: [EXTERNAL] Multiple Complaints at 201, 245 and 301 E O'Keefe St Facilities

Good afternoon Alberto,

Per our discussion yesterday, I've compiled all the complaints we've received at the 3 properties into spreadsheets. Please fill out column D with all the work done at each respective unit. Be as specific as possible so that we can parse down the list of outstanding issues in each unit. For complaints that did not share the unit number, I have provided the provided names to assist in figuring out which unit they are referring to. Please fill out these sheets and return them to me within a 2 week period. From there, we can schedule a time to do an inspection at each of these properties, confirm with as many residents as possible that the work stated has been done and close out the complaints.

Please let me know if you have any questions.

Thanks,

Inspection took place in response to multiple complaints at the facility.

One exterior violation noted. See above.

Unit inspections and current complaint status are as follows:

PC-0000012549 // Unit 1

Spoke to resident. They did not have any issues in the unit that they wanted to report. Observed excessive cluttering in the unit. Resident is requesting a new fridge, but acknowledges that the current one adequately keeps their food cold / frozen. Complaint closed.

PC-0000012550 // Unit 12

Spoke to resident. They acknowledged issues that got fixed. Carpet replacement / repair and kitchen light fixture repair was scheduled with management on-site. Complaint closed.

PC-0000012551 // Unit 14

Spoke to resident. They acknowledged and confirmed window repair and heater faceplate replacement. Resident also brought up concerns about mold in the bathroom. Bathroom fan was found to be working adequately. Resident advised to increase ventilation by opening door and leaving fan on for longer. Complaint closed.

PC-0000012552 // Unit 15

Spoke to residents. They have no issues to report. Complaint closed.

PC-0000012553 // Unit 18

Spoke to resident on-site. They pointed out issues with bathtub sealing, rust on the refrigerator and a lack of smoothness when opening sliding screen door. Maintenance acknowledged the issues and scheduled a time for the repairs. Complaint remains open.

PC-0000012554 // Unit 19

Spoke to resident. Management has already agreed to do countertop reglazing and a time has been scheduled. Resident brought up issues with mold in the bathroom and were advised to improve ventilation. Complaint closed.

July 31, 2024

E. Okeefe Tenant Association
201, 245, and 301 E Okeefe St.
East Palo Alto, CA 94303

RE: July 17, 2024, Letter

Dear E. Okeefe Tenant Association:

Thank you for your letter dated as of July 17, 2024. Greystar is the property manager for all of the Woodland Park Apartments, and we have been asked to respond to your letter in that capacity. We sincerely appreciate feedback from our tenants and we are looking into your requests.

You asked for an immediate response, so we are sending this reply as fast as we are able. However, we continue to look into the situation to better understand your input.

As a preliminary matter, Greystar is committed to ensuring that all of the Woodland Park Apartments are safe and habitable at all times. We work hard in our management office and through our maintenance team to track and complete all work orders in a timely fashion. We have confirmed that all of the work orders for units in 201 and 245 E. O'Keefe Street have been resolved at this time. There are no "open" or unresolved work orders in which a resident has alerted us to a problem that has not yet been addressed. There are a handful of recent work orders for units in 301 E. O'Keefe Street that are in the process of being resolved.

The swimming pool at 201 E. OKeefe is open and clean. The elevators at 201 and 301 E. Okeefe are fully functional and there is an elevator maintenance company that responds to maintenance requests in a timely fashion. There is no elevator at 245 E. O'Keefe; any elevator that may have existed at that building was decommissioned prior to the current ownership of the Woodland Park Apartments.

In the event that a maintenance issue arises, please have that resident report the issue in their unit so that it can be fixed. There are many ways for a resident to report an issue. The resident can log on to the resident portal, they can call 650-566-2000, or they can come to a Management Office at 5 Newell Court or 2043 Euclid Ave.

We respectfully request time to look further into these issues, at which point we would be happy to meet and discuss any remaining issues.

We will be back in touch soon with additional information.

Sincerely,

Pabel Zumarraga
General Manager
Woodland Park Apartments

Reunión para Escuchar de Woodland Park Communities

Venga a compartir sus experiencias viviendo en el 201 East O'Keefe St. de Woodland Park. También podemos abordar cualquier pregunta referente a ordenes de mantenimiento.

¿Cuándo?

Lunes, 19 de agosto
desde las 6:30-8:30 pm

¿Dónde?

Oficina de Compromiso Comunitario en el 2041 Euclid Avenue esquina con East O'Keefe St.

Como recordatorio, si tiene preocupaciones de mantenimiento en su hogar, favor de darle a saber al equipo de Greystar la compañía del Manejo de la propiedad inmediatamente para que el asunto sea resuelto lo más pronto posible. Existen varias maneras para que usted reporte los problemas de mantenimiento:

1. Puede entrar o log al portal de residentes/inquilinos por línea a https://www.liveatwoodlandparkapts.com/
2. Puede llamar a la oficina al (650) 566-2000
3. Puede visitar la Oficina de Administración en el 5 Newell Court o al 2043 Euclid Ave. El horario de oficina es de lunes a viernes, de 9am a 6pm, y sábados y domingos, de 9am a 5pm.

Si tiene cualquier pregunta o información para el equipo de los dueños de Woodland Park Communities, favor de contactar a Teresa Morales, Gerente de Compromiso Comunitario, al 650-690-6199, tmorales@wlpcommunities.com ó en persona en el 2041 Euclid Avenue esquina con East O'Keefe Street.

Debido a restricciones de espacio en la oficina de Compromiso Comunitario y para asegurar que podamos proveer atención individual a cada inquilino, estaremos llevando a cabo reuniones separadas con otros edificios en otros días.

Inquilinos del Edificio 245 East O'Keefe

Reunión para Escuchar de Woodland Park Communities

Venga a compartir sus experiencias viviendo en el 245 East O'Keefe St. de Woodland Park. También podemos abordar cualquier pregunta referente a ordenes de mantenimiento.

¿Cuándo?

Martes, 20 de agosto
desde las 6:30-8:30 pm

¿Dónde?

Oficina de Compromiso Comunitario en el 2041 Euclid Avenue esquina con East O'Keefe St.

Como recordatorio, si tiene preocupaciones de mantenimiento en su hogar, favor de darle a saber al equipo de Greystar la compañía del Manejo de la propiedad inmediatamente para que el asunto sea resuelto lo más pronto posible. Existen varias maneras para que usted reporte los problemas de mantenimiento:

1. Puede entrar o log al portal de residentes/inquilinos por línea a https://www.liveatwoodlandparkapts.com/
2. Puede llamar a la oficina al (650) 566-2000
3. Puede visitar la Oficina de Administración en el 5 Newell Court o al 2043 Euclid Ave. El horario de oficina es de lunes a viernes, de 9am a 6pm, y sábados y domingos, de 9am a 5pm.

Si tiene cualquier pregunta o información para el equipo de los dueños de Woodland Park Communities, favor de contactar a Teresa Morales, Gerente de Compromiso Comunitario, al 650-690-6199, tmorales@wlpcommunities.com ó en persona en el 2041 Euclid Avenue esquina con East O'Keefe Street.

Debido a restricciones de espacio en la oficina de Compromiso Comunitario y para asegurar que podamos proveer atención individual a cada inquilino, estaremos llevando a cabo reuniones separadas con otros edificios en otros días.

Please join us

Tenants at Building 301 East O'Keefe

Woodland Park Communities Listening Session

Come and share your experiences living at Woodland Park in 301 E. O'Keefe St. We can also answer any questions you may have about maintenance requests.

When?

Wednesday, August 21
from 6:30-8:30 pm

Where?

Community Engagement Office at 2041 Euclid Avenue corner with East O'Keefe St.

As a reminder, If you have a maintenance concern in your home, please let the Greystar property management team know right away so that the issue(s) can be fixed as soon as possible. There are several ways for you to report a maintenance issue:

1. You can log on to the resident portal online at https://www.liveatwoodlandparkapts.com/
2. You can call the main office line at (650) 566-2000
3. You can visit the Management Office at 5 Newell Court or 2043 Euclid Ave. The hours of operation are Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM

If you have any questions or feedback for the Woodland Park Communities ownership team, please contact Teresa Morales, Community Engagement Manager, at 650-690-6199, tmorales@wlpcommunities.com or in person at 2041 Euclid Avenue at East O'Keefe.

Due to space constraints at our Community Engagement Office and to make sure we can provide individual attention to each of our residents, we will be holding separate meetings with other buildings on other days.

SAND HILL PROPERTY COMPANY

201 EOK Listening Session - Agenda

Monday - August 19, 2024

I. **Welcome Residents**
   a. Sign-In (Encouraged but not mandatory)
   b. We will "prioritize" residents of 201 EOK for the first meeting so they get first priority to seating and space inside if there are too many people.
   c. If residents belong to another building, welcome them to the meeting. We will not turn people away if they want to join.
   d. Cristina and Pabel – notetakers

II. **Opening Statement (Mike Kramer)**
   a. Sand Hill and Greystar Team Introduction
   b. Clarify the difference between SHPCO and Greystar
   c. Ask the attendees to introduce themselves
   d. Remind the tenants/lease signers that they will each have an opportunity to submit service request(s) with the Greystar management team towards the end of the meeting.
   e. Teresa to Translate

III. **Stacie/Pabel**
   a. Discuss different ways of submitting Work Orders
      i. Resident Portal - https://www.liveatwoodlandparkapts.com/
         1. Explain the Registration Process
         2. How to Create a free account – Disseminate Instructions (flyer)
      ii. Call the main office - (650) 566-2000
         1. Be specific and descriptive when placing a WO
         2. Explain the benefits of providing PTE vs. Scheduling an appointment
      iii. Email Management
         1. woodlandparkca@greystar.com
      iv. Visit the Management Office
         1. 5 Newell Court or 2043 Euclid Ave
         2. Hours of operation are Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM.
   b. Encourage the preferred method
   c. Explain how work orders are attended to/order of priority/urgency
      i. Emergency WO's vs Non-Emergency WO's
      ii. Average time to complete a WO
      iii. Follow up call/email for satisfaction
      iv. Case Escalation – Who to contact

IV. **Open the Floor to Residents (approx. 45-60 mins depending on # of residents/attendees)**

a. Remind the tenants/lease signers that they will each have an opportunity to submit unit service request(s) with the Greystar management team towards the end of the meeting.

V. Closing Statement (Clarisse and Teresa)

a. Thank the residents for attending
b. Emphasize the goal of the meeting
c. State next steps
d. Follow up with individuals regarding service requests

VI. Residents/Lease Signers are open to see Greystar management and submit service request(s).

Scenarios and How to Respond

I. **Scenario:** YUCA or RTO members requesting/forcing to attend the meeting
Response: We appreciate your time, attendance, and willingness to provide support to the residents; however, this is a Listening Session between the Landlord and Tenants whom we have contractual agreement with. *We will not ask them to leave, but we will only listen to/take work orders from our actual tenants.*

II. **Scenario:** Media personnel or if someone tries to record the meeting

Response: Please understand this is a private business office and video or audio recording is prohibited. We also would like to protect the privacy of the residents/attendees.

III. **Scenario**: Someone causes nuisance/raises voice out of frustration/anger/etc.

Response: (Always diffuse the situation.) We are here to amicably and openly listen to your concerns and our goal is to resolve them efficiently and effectively.

Date:	Tuesday, August 27, 2024 2:03:15 PM

Hello,
Thanks for reaching out. Are you a resident of one of the buildings? What is your name and which building do you live in?
We appreciate your correspondence. After receiving your first two letters, both the property management team and the ownership team inspected the three buildings in question and have resolved many of the stated concerns. We held the three listening sessions this week as a response to your letter so that all residents of those buildings, yourself included, would have an opportunity to ask any questions and share any concerns they may have directly with the ownership and property management teams. The listening sessions were very successful, and we had tenants from all three buildings attend the meetings and we were able to open new work orders to address their concerns. These meetings were conducted in English and Spanish. Additionally, we included instructions in the listening session invitation for tenants to report a maintenance issue for repair, and many have contacted us directly with new maintenance requests even if they chose not to attend the meeting.
We are happy to fix any maintenance issues that our tenants bring up to ensure that their housing is safe and habitable. It is important for them to let us know about any maintenance issue directly so we can look into it. There are many ways to do so. The resident can log on to the resident portal, they can call 650-566-2000, they can e-mail woodlandparkcagm@greystar.com, or they can come to a Management Office at 5 Newell Court or 2043 Euclid Ave.
If any resident has further questions or concerns, they can also contact the ownership community engagement team led by Teresa Morales. The best way to do so is to call 650-690-6199, email tmorales@wlpcommunities.com, or visit the Community Engagement Office at 2041 Euclid Ave.
I would be happy to meet with you on Wednesday 9/25 at 6:30 pm to further listen to any questions or concerns you may have. We can meet at our community engagement office at 2041 Euclid Ave. Any other residents can join us and can submit a maintenance request to Greystar at that time.
Thanks! Best wishes -
Mike

Hola,

Gracias por comunicarse con nosotros. ¿Es usted residente de uno de los edificios? ¿Cuál es su nombre y en qué edificio vive?

Agradecemos su correspondencia. Después de recibir sus dos cartas, tanto el equipo de

administración y mantenimiento de la propiedad como el equipo de propietarios inspeccionaron los tres edificios en cuestión y resolvieron muchas de las preocupaciones planteadas. Realizamos tres sesiones para escuchar esta semana pasada en respuesta a su carta para que todos los residentes de esos edificios, incluyendo usted, tuvieran la oportunidad de hacer preguntas y compartir las inquietudes que pudieran tener directamente con los equipos de los propietarios y de mantenimiento de la propiedad. Las sesiones para escuchar fueron muy exitosas, y los inquilinos de los tres edificios asistieron a las reuniones y pudimos abrir nuevas órdenes de mantenimiento para abordar sus preocupaciones. Estas reuniones se llevaron a cabo en inglés y español. Además, incluimos instrucciones en la invitación a la sesión para escuchar para que los inquilinos informen sus problemas de mantenimiento para su reparación, y muchos ya nos han contactado directamente con nuevas solicitudes de mantenimiento incluyendo aquellos que decidieron no asistir a la reunión.

Estamos disponibles para solucionar cualquier problema de mantenimiento que presenten nuestros inquilinos para garantizar que su vivienda sea segura y habitable. Es importante que nos informen sobre cualquier problema de mantenimiento directamente para que podamos investigarlo. Hay muchas formas de hacerlo. El residente puede iniciar una orden en el portal para residentes, puede llamar al 650-566-2000, puede enviar un correo electrónico a woodlandparkcagm@greystar.com o puede acercarse a las Oficinas de Administración del manejo de la propiedad en el 5 Newell Court o al 2043 Euclid Ave.

Si algún residente tiene más preguntas o inquietudes, también puede comunicarse con el equipo de participación comunitaria de los propietarios dirigido por Teresa Morales. La mejor manera de hacerlo es llamando al 650-690-6199, enviando un correo electrónico a tmorales@wlpcommunities.com o visitando la Oficina de Participación Comunitaria en el 2041 Euclid Ave.

Con gusto nos reuniremos con usted el miércoles 25 de septiembre a las 6:30 pm para escuchar más sobre cualquier pregunta o inquietud que pueda tener. Podemos reunirnos en nuestra oficina de participación comunitaria en 2041 Euclid Ave. Cualquier otro residente puede unirse a esta reunión y puede hacer una solicitud de mantenimiento a Greystar en ese momento.

¡Gracias! Saludos cordiales -

Mike

Subject: Re: Meetings with Woodland Park Ownership this week

Querido Mr. Kramer,

Agradecemos el correo electrónico de aclaración que envió y queríamos compartir con usted nuestra perspectiva sobre las sesiones para escucharnos.

El 17 de julio, enviamos nuestra primera carta de demanda a Sand Hill Property Company solicitando que todos aborden los problemas de mantenimiento diferido y las necesidades de justicia lingüística en nuestra comunidad. Todos enviaron una respuesta al correo electrónico de nuestra asociación de inquilinos el 31 de julio. En respuesta, una delegación de inquilinos que representan a la Asociación de Inquilinos de E. Okeefe, con el apoyo de aliados de la comunidad, entregó personalmente una carta a su oficina el 1 de agosto solicitando que todos respondieran al correo electrónico de nuestra asociación de inquilinos (eokeefeta@gmail.com) con los horarios disponibles. para encontrarse.

Vimos los volantes sobre una sesión para escucharnos en la oficina de Woodland y los volantes no contenían información sobre la asociación de inquilinos ni indicación de que estas sesiones pretendían ser una respuesta a la carta de la asociación de inquilinos. Como resultado, asumimos que era parte de un esfuerzo general de Woodland Park para escuchar las inquietudes de los residentes. Hemos tenido reuniones periódicas para formar nuestra asociación de inquilinos y redactar las demandas claras y articuladas que hemos incluido en nuestras dos cartas para ayudarlos a todos a abordar los problemas en nuestros edificios. Todavía no hemos recibido una respuesta que aborde los puntos de nuestras cartas.

Además, queremos aclarar lo que hemos dicho en nuestra carta inicial. Estamos pidiendo que Sand Hill Property Company se reúna con nosotros en la mesa de negociaciones para negociar de buena fe sobre nuestros temas de interés común. Lo que eso significa es que todas las partes acuerden mutuamente la hora y el lugar para que se reúnan la asociación de inquilinos y los representantes de Sand Hill Property Company y Woodland Park Property Management. Somos una asociación de inquilinos formada por familias trabajadoras y muchos de nosotros trabajamos en múltiples trabajos. Queremos poder participar en negociaciones directas y eso requiere una cuidadosa planificación y consideración por nuestra parte. Esperamos que puedan reconocer que las sesiones de escucha propuestas tienen muy poco parecido con el proceso de negociación que hemos estado solicitando como asociación de inquilinos.

En conclusión, queremos dejar muy claro que la Asociación de Inquilinos de E. Okeefe quiere negociar con usted, Sand Hill Property Company, de buena fe sobre nuestros temas de interés común. Si bien apreciamos el ofrecimiento de la sesión de

escucharnos, es una respuesta insuficiente a las demandas que ya hemos hecho como asociación de inquilinos. Como resultado, nos gustaría proponer que comencemos las negociaciones con una reunión el Miercoles (9/25) at 6:30 to 8:00 pm, Viernes (9/27) at 6:30 to 8:00 pm or Sabado (9/28) at 12 to 1:30 pm. Responda a este correo electrónico antes del 30 de agosto confirmando su participación en nuestra primera reunión de negociación.

Sinceramente,
E. Okeefe Tenant Association

Hello,

We're looking forward to our meeting on Wednesday, September 9/25 at 6:30 pm. We are happy to meet at 1900 University Ave, Suite 400. How do we get into the building/suite?

Who can we expect to attend from your group?

We will have decision makers from Sand Hill and Greystar attend the meeting to listen to your questions and concerns. To protect the privacy of our residents and staff, we request no members of the press be present – this meeting will be off the record.

Please note that we can only accept maintenance requests inside a unit made by a resident of that unit. Therefore, if anyone has a maintenance request inside their unit, it would be best if they can attend the meeting themselves. If they are not able to attend, they can also log on to the resident portal, call 650-566-2000, e-mail woodlandparkcagm@greystar.com, or come to one of our two management offices at 5 Newell Court or 2043 Euclid Ave at another time.

If any resident has further questions or concerns, or are not able to make the meeting Wednesday, they can also contact the community engagement team at 650-690-6199, email tmorales@wlpcommunities.com, or visit in person at 2041 Euclid Ave.

Looking forward to seeing you Wednesday. Please feel free to contact me directly at 650-772-4319 if anything comes up or you'd like to chat in advance.

Thanks! Best wishes –

Mike

Hola, Sr. Kramer:

Esta cuenta de correo electrónico fue creada colectivamente por los miembros de la Asociación de inquilinos de E Okeefe que viven en 201, 245, 301 E Okeefe St. Le enviamos una petición con las firmas de los miembros que se unieron para formar la asociación.

El miércoles (25 de septiembre) a las 6:30 p. m. será nuestra primera reunión de negociación. Nos gustaría proponer un lugar neutral para que Sand Hill Property Company, Greystar Management y nuestra Asociación de inquilinos de E Okeefe se reúnan. Lo ideal sería que pudiera invitar a Peter Pau y a otros tomadores de decisiones de Sand Hill y Greystar Management a unirse a la reunión. Estamos buscando un lugar donde podamos reunirnos y le enviaremos la dirección del lugar y borrador de agenda cuando la hayamos encontrado.

Hi Mr Kramer,

This email account is collectively governed by the E Okeefe Tenant Association members living at 201, 245, 301 E Okeefe St. We sent you a petition with signatures

from the members who signed on to form the association.

Wednesday (9/25) at 6:30 pm will be our first negotiation meeting. We would like to propose a neutral location for Sand HIll Property Company, Greystar Management and our E Okeefe Tenant Association to meet. Ideally, if you could invite Peter Pau and other decision makers from Sand Hill and Greystar Management to join the meeting that would be great. We are exploring meeting locations and will be sending you the location address and draft agenda when it is finalized.

Sinceramente,

Querido Mr. Kramer,

Agradecemos el correo electrónico de aclaración que envió y queríamos compartir con usted nuestra perspectiva sobre las sesiones para escucharnos.

El 17 de julio, enviamos nuestra primera carta de demanda a Sand Hill Property Company solicitando que todos aborden los problemas de mantenimiento diferido y las necesidades de justicia lingüística en nuestra comunidad. Todos enviaron una respuesta al correo electrónico de nuestra asociación de inquilinos el 31 de julio. En respuesta, una delegación de inquilinos que representan a la Asociación de Inquilinos de E. Okeefe, con el apoyo de aliados de la comunidad, entregó personalmente una carta a su oficina el 1 de agosto solicitando que todos respondieran al correo electrónico de nuestra asociación de inquilinos (eokeefeta@gmail.com) con los horarios disponibles. para encontrarse.

Vimos los volantes sobre una sesión para escucharnos en la oficina de Woodland y los volantes no contenían información sobre la asociación de inquilinos ni indicación de que estas sesiones pretendían ser una respuesta a la carta de la asociación de inquilinos. Como resultado, asumimos que era parte de un esfuerzo general de Woodland Park para escuchar las inquietudes de los residentes. Hemos tenido reuniones periódicas para formar nuestra asociación de inquilinos y redactar las demandas claras y articuladas que hemos incluido en nuestras dos cartas para ayudarlos a todos a abordar los problemas en nuestros edificios. Todavía no hemos recibido una respuesta que aborde los puntos de nuestras cartas.

Además, queremos aclarar lo que hemos dicho en nuestra carta inicial. Estamos pidiendo que Sand Hill Property Company se reúna con nosotros en la mesa de

negociaciones para negociar de buena fe sobre nuestros temas de interés común. Lo que eso significa es que todas las partes acuerden mutuamente la hora y el lugar para que se reúnan la asociación de inquilinos y los representantes de Sand Hill Property Company y Woodland Park Property Management. Somos una asociación de inquilinos formada por familias trabajadoras y muchos de nosotros trabajamos en múltiples trabajos. Queremos poder participar en negociaciones directas y eso requiere una cuidadosa planificación y consideración por nuestra parte. Esperamos que puedan reconocer que las sesiones de escucha propuestas tienen muy poco parecido con el proceso de negociación que hemos estado solicitando como asociación de inquilinos.

En conclusión, queremos dejar muy claro que la Asociación de Inquilinos de E. Okeefe quiere negociar con usted, Sand Hill Property Company, de buena fe sobre nuestros temas de interés común. Si bien apreciamos el ofrecimiento de la sesión de escucharnos, es una respuesta insuficiente a las demandas que ya hemos hecho como asociación de inquilinos. Como resultado, nos gustaría proponer que comencemos las negociaciones con una reunión el Miercoles (9/25) at 6:30 to 8:00 pm, Viernes (9/27) at 6:30 to 8:00 pm or Sabado (9/28) at 12 to 1:30 pm. Responda a este correo electrónico antes del 30 de agosto confirmando su participación en nuestra primera reunión de negociación.

Sinceramente,
E. Okeefe Tenant Association

Date: Saturday, October 19, 2024 3:09:56 PM

Hello,

Thanks for following up, it was nice meeting with you last month. I appreciate you sending along the proposal document. Regarding our response to the proposals:

Category 1: Potential Sale - We will provide updates about the sale as required by law and the City of East Palo Alto. Currently there are no potential buyers and the property is not in contract. We do not expect a sale in the immediate future.

Category 2: Repairs – We will review all recent and current work orders for 201, 245, and 301 E. O'Keefe Ave, as well as the recent petitions that were sent to the City to understand recent requests for repairs. We will work with Greystar property management to ensure they respond to repair requests in a timely and satisfactory manner. We currently have an emergency maintenance hotline 24/7 which can be reached at 650-566-2000**.**

As a reminder, If you have a maintenance concern in your home, please let the Greystar property management team know right away so that the issue(s) can be fixed as soon as possible. There are several ways for you to report a maintenance issue:

You can log on to the resident portal online at https://www.liveatwoodlandparkapts.com/.
You can call the main office line at (650) 566-2000.
You can visit the Management Office at 5 Newell Court or 2043 Euclid Ave. The hours of operation are Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM.

If you have any questions or feedback for the Woodland Park Communities ownership team, please contact Teresa Morales, Community Engagement Manager, at 650-690-6199, tmorales@wlpcommunities.com, or in-person at 2041 Euclid Avenue (at East O'Keefe).

Category 3: Weatherization – We will conduct inspections of all common areas and units in 201, 245, and 301 E. O'Keefe Ave, and make any necessary repairs to ensure the buildings and units are safe and habitable.

Category 4: Safety – We currently have private security which patrols the property on a regular basis. If any resident has a concern or would like to speak to security, they can call 408-978-9111. If any resident needs a copy of a key to any building or common

area they are entitled to in their lease, please contact Greystar management and they will provide one if possible.

Category 5: Rent – We strictly follow the East Palo Alto Rent Stabilization Ordinance and charge at or below the maximum allowable rent for each unit. You can obtain information about the maximum allowable rent for your unit from the Rent Stabilization Program at 650-853-3157.

We would be happy to meet again, but I think it would be best if we are able to complete the inspections of the buildings that you requested in advance of the meeting. Additionally, just this week we received 30 petitions that were submitted to the Rent Stabilization Program with concerns about 201, 245, and 301 E. O'Keefe. These petitions are hundreds of pages, so we need to review each of them and make the appropriate inquiries and inspections of the units involved. We would be happy to meet after we've completed this, but I expect that will take at least until mid- to late-November. I can reach out once we've made sufficient progress to schedule another meeting.

Thanks! Best wishes –

Mike

Hola,

Gracias por seguirnos, fue un placer reunirnos contigo el mes pasado. Agradezco que nos hayas enviado el documento de propuesta. Con respecto a nuestra respuesta a las propuestas:

***Categoría 1: Venta potencial**: brindaremos actualizaciones sobre la venta según lo exija la ley y la ciudad de East Palo Alto. Actualmente, no hay compradores potenciales y la propiedad no está bajo contrato. No esperamos una venta en el futuro inmediato.*

***Categoría 2: Reparaciones:** revisaremos todas las órdenes de trabajo recientes y actuales para 201, 245 y 301 E. O'Keefe Ave, así como las peticiones recientes que se enviaron a la ciudad para comprender las solicitudes recientes de reparaciones. Trabajaremos con la administración de la propiedad de Greystar para asegurarnos de que respondan a las solicitudes de reparación de manera oportuna y satisfactoria. Actualmente, contamos con una línea directa de mantenimiento de emergencia disponible las 24 horas, los 7 días de la semana, a la que se puede llamar al 650-566-2000.*

Como recordatorio, si tiene un problema de mantenimiento en su hogar, infórmeselo de inmediato al equipo de administración de propiedades de Greystar para que los problemas se puedan solucionar lo antes posible. Hay varias formas de informar un

problema de mantenimiento:

- *Puede iniciar sesión en el portal para residentes en línea en https://www.liveatwoodlandparkapts.com/.*
- *Puede llamar a la línea principal de la oficina al (650) 566-2000.*
- *Puede visitar la Oficina de Administración en 5 Newell Court o 2043 Euclid Ave. El horario de atención es de lunes a viernes, de 9 a. m. a 6 p. m., y sábados y domingos, de 9 a. m. a 5 p. m.*

Si tiene alguna pregunta o comentario para el equipo de propietarios de Woodland Park Communities, comuníquese con Teresa Morales, Gerente de Participación Comunitaria, al 650-690-6199, tmorales@wlpcommunities.com, o en persona en 2041 Euclid Avenue (en East O'Keefe).

***Categoría 3: Climatización:** realizaremos inspecciones de todas las áreas comunes y unidades en 201, 245 y 301 E. O'Keefe Ave, y haremos las reparaciones necesarias para garantizar que los edificios y las unidades sean seguros y habitables.*

***Categoría 4: Seguridad:** actualmente contamos con seguridad privada que patrulla la propiedad de manera regular. Si algún residente tiene alguna inquietud o desea hablar con seguridad, puede llamar al 408-978-9111. Si algún residente necesita una copia de una llave de cualquier edificio o área común a la que tenga derecho en su contrato de alquiler, comuníquese con la administración de Greystar y ellos le proporcionarán una si es posible.*

***Categoría 5: Alquiler:** seguimos estrictamente la Ordenanza de Estabilización de Alquileres de East Palo Alto y cobramos el alquiler máximo permitido o menos por cada unidad. Puede obtener información sobre el alquiler máximo permitido para su unidad del Programa de Estabilización de Alquileres al 650-853-3157.*

Nos encantaría volver a reunirnos, pero creo que sería mejor si pudiéramos completar las inspecciones de los edificios que solicitó antes de la reunión. Además, esta semana recibimos 30 peticiones que se presentaron al Programa de Estabilización de Alquileres con inquietudes sobre 201, 245 y 301 E. O'Keefe. Estas peticiones tienen cientos de páginas, por lo que debemos revisar cada una de ellas y realizar las consultas e inspecciones correspondientes de las unidades involucradas. Nos encantaría reunirnos después de que hayamos completado esto, pero creo que eso llevará al menos hasta mediados o fines de noviembre. Puedo comunicarme con usted una vez que hayamos avanzado lo suficiente para programar otra reunión.

¡Gracias! –

Subject: Follow-up from September 25th Negotiation Meeting

Hi Michael,

We have attached a pdf document with our proposals from our meeting on September 25th 2024. You shared in the meeting that you would send us formal responses to each line item in our proposals and we wanted to make sure that you had them in writing. In light of the fact that we were not able to get through our full discussion in regards to our proposals, we would like to schedule a second negotiation meeting with you for Wednesday, October 23rd from 6:30 to 8:00 pm or Friday, October 25th from 6:30 to 8:00 pm. It would be ideal if you could send us your formal responses by end of day on Friday, October 18th, 2024 to facilitate a more substantive discussion at our second negotiation meeting.

Similar to our first negotiation meeting we will be prepared with simultaneous English/Spanish interpretation as a tenant association. Please come prepared with a Spanish interpreter so that you all can participate fully in the negotiation meeting space.

We are looking forward to hearing a response confirming your availability for the second negotiation meeting by Tuesday, October 15th.

Sincerely,
E. Okeefe Tenant Association

Querido Michael,

Adjuntamos un documento pdf con nuestras propuestas de nuestra reuniel 25 de septiembre de 2024. Usted comparti la reuniue nos enviarrespuestas formales a cada elemento de nuestras propuestas y queros asegurarnos de que las tuviera por escrito. En vista del hecho de que no pudimos llevar a cabo nuestra discusiompleta con respecto a nuestras propuestas, nos gustarprogramar una segunda reunie negociacion usted para el mi鯷oles 23 de octubre de 6:30 a 8:00 pm o el viernes. 25 de octubre de 18:30 a 20:00 horas. Serideal si pudiera enviarnos sus respuestas formales antes del final del dviernes 18 de octubre de 2024 para facilitar una discusi sustantiva en nuestra segunda reunie negociaci

Al igual que en nuestra primera reunie negociaciestaremos preparados con

interpretaciimuḷta ingl鳳espacomo asociacie inquilinos. Venga preparado con un int鰙rete de espapara que todos puedan participar plenamente en el espacio de la reunie negociaci

Esperamos escuchar una respuesta que confirme su disponibilidad para la segunda reunie negociacintes del martes 15 de octubre.

Sinceramente,
E. Okeefe Tenant Association

Subject: RE: Following-up on our In-Person Conversation
Date: Friday, December 20, 2024 1:16:52 PM

Hello,

Thanks for reaching out. As I mentioned, we have been waiting for additional information from the City about the recently filed petitions and from the County about the complaints that were recently lodged. I believe the most productive conversation would be after we hear back from them. However, they are both moving slowly and I understand your interest in meeting earlier.

Unfortunately, we are not available the evening of 1/17 and generally a Friday night will be difficult to schedule our team. What about the afternoon of Thursday, January 16 from 4-6 pm? Or on Wednesday, January 29 from 4-6 pm?

Additionally, our team met recently to discuss how we can be more responsive and provide a helpful channel for communication. As I mentioned when we spoke in person, our Palo Alto office on El Camino Real is not open for public business, please do not visit again. You are welcome to visit our on-site management office nearby at 2041 Euclid Ave where Teresa (cc'ed) sits downstairs and Clarisse (cc'ed) sits upstairs. I would also be happy to meet you in East Palo Alto by appointment. Additionally, we will provide a dedicated ownership representative to talk through any concerns or complaints that any resident of 201, 245, or 301 E'O'Keefe may have. His name is Bill Reyes and you can reach him any time at breyes@wlpcommunities.com or 650-730-0411 to speak with him directly or make an appointment to meet in person in East Palo Alto. He has over 4 years of experience dealing with tenant concerns at Woodland Park and is well suited to listen to and address any concerns. Please feel free to provide his contact information to any of the residents.

Please let me know if the dates above work for a meeting, and I look forward to hearing back. Happy holidays and have a great weekend! Best wishes –

Mike

Hola,

Gracias por comunicarse. Como mencioné, hemos estado esperando información adicional de la Ciudad sobre las peticiones presentadas recientemente y del Condado sobre las quejas que se presentaron recientemente. Creo que la conversación más productiva sería después de que tengamos noticias de ellos. Sin embargo, ambos están avanzando lentamente y entiendo su interés en reunirse antes.

Lamentablemente, no estamos disponibles la noche del 17 de enero y, por lo general, un

viernes por la noche será difícil programar a nuestro personal. ¿Qué pasa la tarde del jueves 16 de enero de 4 a 6 p. m.? ¿O el miércoles 29 de enero de 4 a 6 p. m.?

Además, nuestro equipo se reunió recientemente para analizar cómo podemos ser más receptivos y brindar un canal útil para la comunicación. Como mencioné cuando hablamos en persona, nuestra oficina de Palo Alto no está abierta al público, no vuelva a visitarnos. Puede visitar nuestra oficina de administración en el lugar, cerca de 2041 Euclid Ave, donde Teresa (con copia) se sienta en la planta baja y Clarisse (con copia) se sienta en la planta alta. También me encantaría reunirme con usted en East Palo Alto con cita previa. Además, le proporcionaremos un representante de propietarios dedicado para hablar sobre cualquier inquietud o queja que pueda tener cualquier residente de 201, 245 o 301 E'O'Keefe. Su nombre es Bill Reyes y puede comunicarse con él en cualquier momento a breyes@wlpcommunities.com o al 650-730-0411 para hablar con él directamente o programar una cita para reunirse en persona en East Palo Alto. Tiene más de 4 años de experiencia en el tratamiento de inquietudes de inquilinos en Woodland Park y está bien preparado para escuchar y abordar cualquier inquietud. No dude en proporcionar su información de contacto a cualquiera de los residentes.

Avíseme si las fechas anteriores le convienen para una reunión. Espero recibir noticias suyas. ¡Felices fiestas y que tenga un excelente fin de semana! Mis mejores deseos –

Mike

Subject: Following-up on our In-Person Conversation

Hi Michael,

We just wanted to follow-up from our in-person conversation where you shared that you would respond to our association to schedule our second negotiation meeting. It is now December 18th and we still have not heard from you. There are still many items we would like to discuss with you in good faith and we want you to follow through on your word.

We would like to offer Friday, January 17th from 6:30 to 8:30 pm for our second negotiation meeting. With the holiday season fast approaching, we would like this second negotiation meeting to be scheduled sooner than later. Please respond with a confirmation by December 23rd, 2024 at 5 pm.

Hola Michael,

Solo queríamos dar seguimiento a nuestra conversación en persona en la que compartió que respondería a la programación de nuestra segunda reunión de negociación. Ya es 18 de diciembre y todavía no hemos tenido noticias suyas. Todavía hay muchos temas que nos gustaría discutir con usted de buena fe y queremos que cumpla su palabra.

Nos gustaría ofrecer el viernes 17 de enero de 6:30 a 8:30 pm para nuestra segunda reunión de negociación. Dado que la temporada navideña se acerca rápidamente, nos gustaría que esta segunda reunión de negociación esté programada para el 23 de diciembre.

-James

To: eokeefeta@gmail.com
Subject: East O'Keefe Tenant Association Negotiation Proposals and Petitions

Dear East O'Keefe Tenant Association:

We write today in response to your proposal dated as of January 16, 2025, and James Huynh's representations to the City of East Palo Alto (the "City") at the January 28, 2025, Pre-Hearing Conference regarding Petitions for Individual Rent Adjustment from 201, 245, and 301 E. O'Keefe St. (the "Petitions"). We appreciate your patience on this and we wanted to evaluate all matters including tenant representation.

I wanted to share a reminder pertaining to our tenant's privacy as it is valued to ownership and property management. Woodland Park is in contractual privity with its tenants. As part of this legal relationship, Woodland Park is obligated to maintain confidentiality of tenant records. Woodland Park does not discuss the specifics of any given tenant or tenancy with anyone other than the named tenants on the lease. This protects the confidentiality of the tenant information as well as the safety and security of the tenants. Woodland Park is unable to discuss specifics about any tenancy with anyone other than the tenant. The purported "Association" continues to request that Woodland Park make private tenant information public which we cannot and will not do for the sake of our tenants. We appreciate your cooperation, compliance, and understanding in respecting tenant privacy by refraining from asking Woodland Park to compromise tenants' privacy.

Woodland Park has a written lease agreement with every tenant of ours. That lease agreement, together with local and state law, governs the terms of each tenancy. Woodland Park fulfills all of its obligations to every tenant pursuant to their lease agreement, local law, and state law.

A number of tenants in 201, 245, and 301 E. O'Keefe St. have submitted petitions for individual rent adjustment. On January 28, 2025, the City held a pre-hearing conference to discuss the logistics of the hearings on these Petitions. Mr. Huynh appeared at the conference but did not disclose whom he was representing. Mr. Huynh told the City and its hearing examiners that Woodland Park refused to participate in settlement negotiations regarding the Petitions. That is not true.

In fact, Mr. Huynh has prevented Woodland Park from discussing the petitions at the meetings that have been held. The "Association" requested the January 16, 2025, meeting to "negotiate." Woodland Park came prepared to discuss the previously raised issues at 201, 245, and 301 E. O'Keefe St. Mr. Huynh cut off this conversation and refused to discuss it. This was disappointing as we wanted to focus on the 201, 245, and 301 E. O'Keefe St. tenant's thoughts and follow up with their work order concerns. This did not happen and instead, Mr. Huynh insisted on raising new and different issues at different properties, all of which are irrelevant to the Petitions. It was Mr. Huynh who refused to negotiate or work toward settlement, not Woodland Park.

Mr. Huynh is advised not to misstate facts or otherwise mislead the tribunal or the City with regard to the Petitions or any other matter. His actions do not help the tenants but in turn delays getting the tenant's issues addressed and resolved.

We wanted to reiterate that Woodland Park continues to fulfill all of its obligations under the lease agreements, local law, and state law. Woodland Park tenants are provided all of the housing services to which they are entitled. Woodland Park has opposed each of the Petitions for rent reduction and rebate on the basis that Woodland Park maintains the premises in a good and habitable condition. And, when a tenant does not notify Woodland Park of a problem or provides Woodland Park an opportunity to correct it, no rent rebate is available. Woodland Park has responded to and corrected in a timely fashion all problems identified by tenants, except where tenants prevented Woodland Park from providing requested services.

We do have concerns that there is a directive from the association side to tenants not to submit work orders through the proper channels and protocol to the leasing team, online, or by phone nor send them to our onsite Community Engagement Manager. This is concerning because it significantly reduces the opportunity for Woodland Park to address and resolve our tenants' work orders. We hope this is not the case. When Woodland Park received your letter of concerns about 201, 245, and 301 E. O'Keefe St., Woodland Park took those concerns very seriously. Woodland Park hosted three evening listening sessions and invited all tenants to all of those buildings to come speak directly about their concerns. Almost no one came, giving rise to an inference that individual tenants do not have ongoing concerns.

The "Association" has held "negotiation meetings," but unfortunately these meetings have not been productive while taking away valuable and needed time away from our tenants. To date, these meetings have consisted of "Association" representatives reading a letter that could have been sent and read in advance. As mentioned on several occasions, if there are issues to be resolved in any tenant's unit, Woodland Park invites that tenant to report the issue directly to the property management team (Greystar) or the community engagement staff so it can be solved.

To also aid in our tenants' needs, Woodland Park has hired a new part-time community engagement representative dedicated to solving any tenant problems. Woodland Park announced his e-mail address and phone number to the "Association" and reported that he would schedule an appointment with any tenant to discuss and help fix their problems. Unfortunately, zero tenants from any of the six buildings have reached out to him. This reflects that individual tenants do not have ongoing concerns.

Woodland Park has brought the General Manager, the Regional Property Manager, and the Maintenance Manager to the "negotiation meetings" to receive reports of any problems so that work orders can be created efficiently and problems can be solved expediently. No tenant provided any new work orders at the meetings. It seems it does not appear that individual tenants have any ongoing concerns.

Woodland Park hereby reiterates that it is always willing to meet with any tenant and to address their concerns. That said, Woodland Park cannot meet with "representatives" with whom it has no relationship or otherwise discuss private tenant matters with anyone other than the tenant. The property owner is working closely with Greystar property management to ensure that the on-site management team responds to repair requests in a timely and satisfactory manner. There is an emergency maintenance hotline 24/7 which can be reached at **650-566-2000**.

If any tenant has a maintenance concern in their home, they should let the Greystar property management team know right away so that the issue(s) can be fixed as soon as possible. There are several ways to report a maintenance issue:

- Tenants can log on to the resident portal online at: https://www.liveatwoodlandparkapts.com
- Tenants can call the main office line at **(650) 566-2000**.
- Tenants can visit the **Management Office** at 5 Newell Court or 2043 Euclid Ave. The hours of operation are **Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM**.

If anyone has questions or feedback for the Woodland Park Communities ownership team, please contact **Teresa Morales**, Community Engagement Manager, at (**650) 690-6199**, tmorales@wlpcommunities.com, or in-person at 2041 Euclid Avenue (at East O'Keefe). There is also a dedicated ownership representative to talk through any concerns or complaints that any tenant may have. His name is **Bill Reyes** and you can reach him any time at breyes@wlpcommunities.com or (**650) 730-0411** to speak with him directly or make an appointment to meet in person in East Palo Alto. He has over 4 years of experience dealing with tenant concerns at Woodland Park and is well suited to listen to and address any concerns.

Woodland Park will continue to fulfill its obligations under its lease agreements, local law, and state law. Woodland Park will participate in the Petition hearings. We will also continue to respond to tenant inquiries and work orders in a timely fashion and address/resolve.

At this time; and after attending recent association meetings, we will continue to be focused on addressing any tenant issues that arise; however, we will not be attending future association meetings so we can provide said focus and be mindful of our tenant's time.

R249
Woodland Park tenants and members of the public are welcome to visit the Woodland Park public offices at 5 Newell Ct., 2041 Euclid Ave., and 2043 Euclid Ave. As noted and stated at the recent association meeting, The Sand Hill Property Company office on El Camino Real is not open for public business and any unauthorized visits will be considered trespassing.

Thank you for your time and understanding.

Sincerely,

Jason Villarreal
Chief Operating Officer
SAND HILL PROPERTY COMPANY

Estimada Asociación de Inquilinos de East O'Keefe:

Le escribo hoy en respuesta a su propuesta con fecha de enero 16, 2025 y a las representaciones de James Huynh ante el Consejo de la Ciudad de East Palo Alto (la Ciudad) en la Pre-conferencia de enero 28, 2025 Audiencia acerca de las Peticiones para Ajustes de Rentas Individuales del 201, 245, y 301 E. O'Keefe St. (las "Peticiones"). Apreciamos su paciencia en este asunto y quisimos evaluar todos los asuntos presentados incluyendo la representacion de los inquilinos.

Queria compartir un recordatorio respecto a la privacidad de nuestros inquilinos ya que es valorada por los dueños y los gerentes de la propiedad. Woodland Park está en contrato de privacidad con sus inquilinos. Como parte de esta relación legal, Woodland Park está obligada a mantener confidencialidad de los records de tales inquilinos. Woodland Park no comparte los detalles de ningun asunto de contrato de inquilinos con nadie mas allá de los inquilinos dentro de cada contrato de arrendamiento. Esto proteje la confidencialidad de la información del inquilino así como la seguridad de los inquilinos.
Woodland Park no puede hablar de especificos de ningun inquilino con alguien mas aparte del inquilino. La supuesta "Asociación" continua pidiendo que Woodland Park haga pública la información de los inquilinos lo cual no podemos hacer para proteger a los inquilinos. Apreciamos su cooperación, su conformidad, y su consideración con respecto a la privacidad de los inquilinos al no solicitar que Woodland Park comprometa la privacidad de sus inquilinos.

Woodland Park tiene un acuerdo por escrito con cada inquilino. Ese acuerdo, junto con la ley local y estatal, protegen los terminos de cada contrato de arrendamiento. Woodland Park responde a todas sus obligaciones con cada inquilino de acuerdo a su contrato con la ley local y estatal.

Un número de inquilinos en el 201, 245, y 301 E. O'Keefe St., han entregado peticiones para ajustes de rental individual. El 28 de enero, 2025, la Ciudad llevo a cabo una conferencia de pre-audiencia para hablar de las logisticas de las audiencias de estas Peticiones. El Sr Huynh se presentó a la conferencia pero no reveló a quien estaba representando. El Sr. Huynh manifestó ante la Ciudad y los examinadores de la audiencia que Woodland Park se rehusó a participar en negociaciones referente a las Peticiones. Esto no es verdad.

De hecho, El Sr. Huynh ha impedido que Woodland Park dialogue sobre las peticiones en las reuniones llevadas a cabo. La "Asociación" pidió una reunión el 16 de enero, 2025 para "negociar." Woodland Park llegó preparada para hablar de los asuntos previamente discutidos del 201, 245, y 310 E. O'Keefe St. El Sr. Hyunh cerró la conversación y se rehusó a hablar de tales asuntos. Esto nos desagradó ya que queriamos enfocarnos en el 201, 245, y 301 E. O'Keefe y lo que inquilinos pensaban de las órdenes de mantenenimiento y sus preocupaciones. Esto no sucedió, y en su lugar el Sr. Huynh insistió en enfocarse en presentar nuevos y diferentes asuntos de diferentes propiedades. Las cuales todas eran irrelevantes a las Peticiones. Fué el Sr Huynh quien se rehusó a negociar ó a dialogar para llegar a un acuerdo, no Woodland Park.

Se le aconseja al Sr Huynh a no presentar hechos incorrectos ni tampoco hacer representaciones falsas ante el tribunal de la Ciudad con respecto a peticiones o cualquier otro asunto. Sus acciones no ayudan a los inquilinos, al contrario impiden que los asuntos de los inquilinos se escuchen y se resuelvan.

Queremos reiterar que Woodland Park continua asumiendo sus obligaciones bajos el contrato de arrendamiento, la ley local, y estatal. Los inquilinos de Woodland Park reciben todos los servicios de vidienda a los que tienen derecho. Woodland Park se opone a cada una de las Peticiones de reducción de renta y rebate con base en que Woodland Park mantiene las propiedad en condiciones buenas y habitables. Y, cuando un inquilino no notifica a Woodland Park de un problema o provee a Woodland Park la oportunidad de corregir tal problema, el rebate de renta no está disponible. Woodland Park ha respondido y corregido todos los poblemas de manera oportuna con los inquilinos, excepto donde los inquilinos han impedido que Woodland Park provea tales servicios requeridos.

Nos preocupa que haya un influencia por la asociación dirigiendo a los inquilinos a no entregar sus órdenes de reparaciones por medio de los medios apropiados y el protocólo del equipo de arrendamientos, ya sea por línea, por teléfono o por medio de la gerente de asuntos comunitarios. Nos preocupa porque esto reduce significativamente la oportunidad de Woodland Park de resolver y enfocarse en las órdenes de reparaciones de los inquilinos. Esperamos que este no sea el caso. Cuando Woodland park recibió su carta de procupaciones acerca de 201,245, y 301 E. O'Keefe St., Woodland Park tomó muy seriamente esas preocupaciones. Woodland Park organizó tres sesiones para escuchar por las tardes e invitó a todos los inquilinos de todos esos edificios para que vinieran a hablar directamente acerca de sus preocupaciones. Casi nadie llegó, dandonos asi el mensaje de que los inquilinos individualmente no tenian preocupaciones actuales.

La "Asociación" ha organizado "reuniones de negociación" pero desafortunadamente estas reuniones no han sido productivas tomando asi el tiempo necesario y de valor para nuestros inquilinos. A la fecha, estas reuniones han consistido en lecturas de cartas por los representates de la "Asociación" las cuales pudieron haber sido enviadas para leerlas previamente. Como mencionado en varias ocasiones, si existen asuntos a resolver en cualquiera de las unidades, Woodland Park le invita a los inquilinos a reportar el problema directamente a la compañia de manejo de la propiedad o al personal de asuntos comunitarios para que se resuelvan.

Para ayudar con las necesidades de nuestros inquilinos, Woodland Park ha contratado a un nuevo representate de asuntos comunitarios parte de tiempo y esta dedicado a resolver problemas de los inquilinos. Woodland Park anunció su correo electronico y su número de teléfono a la "Asociación" y anunciamos que esta persona estaría disponible para ayudar a asegurar que se resuelvan los problemas de mantenimiento. Desafortunadamente, ningun inquilino de los seis edificios han contactado a esta persona. Esto nos dice que los inquilinos individuales no tienen problemas actuales.

Woodland park invitó al Gerente General, El Gerente Regional, y al Gerente de Mantenimiento a las "reuniones de negociaciones" para recibir reportes y quejas de cualquier problema para asegurar que las órdernes de trabajo se llenaran al momento de la reunión y asi resolver los problemas de manera mas rápida. Ningun inquilino se acercó para entregar órdenes de trabajo de mantenimiento en estas reuniones. Esto nos dice que parece no haber preocupaciones actuales de parte de inquilinos individuales.
Por medio de la presente, Woodland Park reitera que siempre está dispuesta a reunirse con los inquilinos para abordar sus procupaciones. Habiendo dicho esto, Woodland Park no puede reunirse con "representantes" con quienes no tiene relación ó de otra manera no puede discutir asuntos privados de inquilinos con personas que nos sean los inquilinos. El dueño de la propiedad esta supervisando muy de cerca a Greystar quien maneja la propiedad para asegurarse que el equipo de mantenimiento responda a las peticiones de reparaciones de manera satisfactoria y rápida. Existe una línea de emergencias 24/7 la cual puede contactarse en el (**650) 566-2000.**

Si un inquilino tiene un asunto de mantenimiento en su hogar, ellos pueden hacerle saber al equipo de Greystar imediatamente para que el asunto se resuelva a la brevedad posible. Hay varias maneras de reportar estos asuntos de mantenimiento:

- Inquilinos pueden entrar al portal de residentes por línea a: https://www.liveatwoodlandparkapts.com
- Inquilinos pueden llamar a la oficina **(650) 566-2000**.
- Inquilinos pueden visitar la **Oficina de Gerencia** al 5 Newell Court o al 2043 Euclid Ave. Las horas de operación son de **lunes-viernes, 9am-6pm, y de sábado-domingo, 9AM-5PM**.

Si alguien tiene preguntas o información para los dueños de Woodland Park Communities, favor de hablar con **Teresa Morales,** Gerente de Compromiso Comunitario, al **(650) 690-6199,** tmorales@wlpcommunities.com, ó en persona al 2041 Euclid Avenue (en East O'Keefe). Tambíen pueden llamar al representante de los dueños dedicado a estos asuntos y quejas de los inquilinos. Su nombre es **Bill Reyes** y pueden encontrarlo en breyes@wlpcommunities.com ó **(650) 730-0411** para hablar con el directamente ó hacer una cita en persona en East Palo Alto. El tiene más de 4 años de experiencia de manejo de asuntos de mantenimiento con inquilinos en Woodland Park. El está disponible para darle atención adecuada y resolver cualquier asunto.

Woodland Park continuará asumiendo sus obligaciones bajo los acuerdos de arrendamiento, la ley local y estatal. Woodland Park participará en las audiencias de Peticiones. También continuará respondiendo a las preguntas y órdenes de trabajo de mantenimiento a la brevedad possible y asi abordar/resolver cualquier asunto.

Por ahora; y despúes de asistir a recientes reuniones de la asociación, continuaremos enfocados en responder a las cuestiones que se presenten; no obstante, no atenderemos reuniones futuras de la asociación y asi enfocarnos y respetar el tiempo de nuestros inquilinos.

Inquilinos de Woodland Park y miembros del público son bienvenidos a visitar las oficinas de Woodland Park en el 5 Newell Ct. 2041 Euclid Ave., y el 2043 Euclid Ave. Como se subrayó y como se especificó en la reunión de la asociación, la oficina de la Compañia Sand Hill Property en Camino Real no está abierta para negocios de asuntos públicos y cualquier visita no autorizada será considerada como una intrusión.

Gracias por su tiempo y comprensión.
Sinceramente,

Jason Villarreal

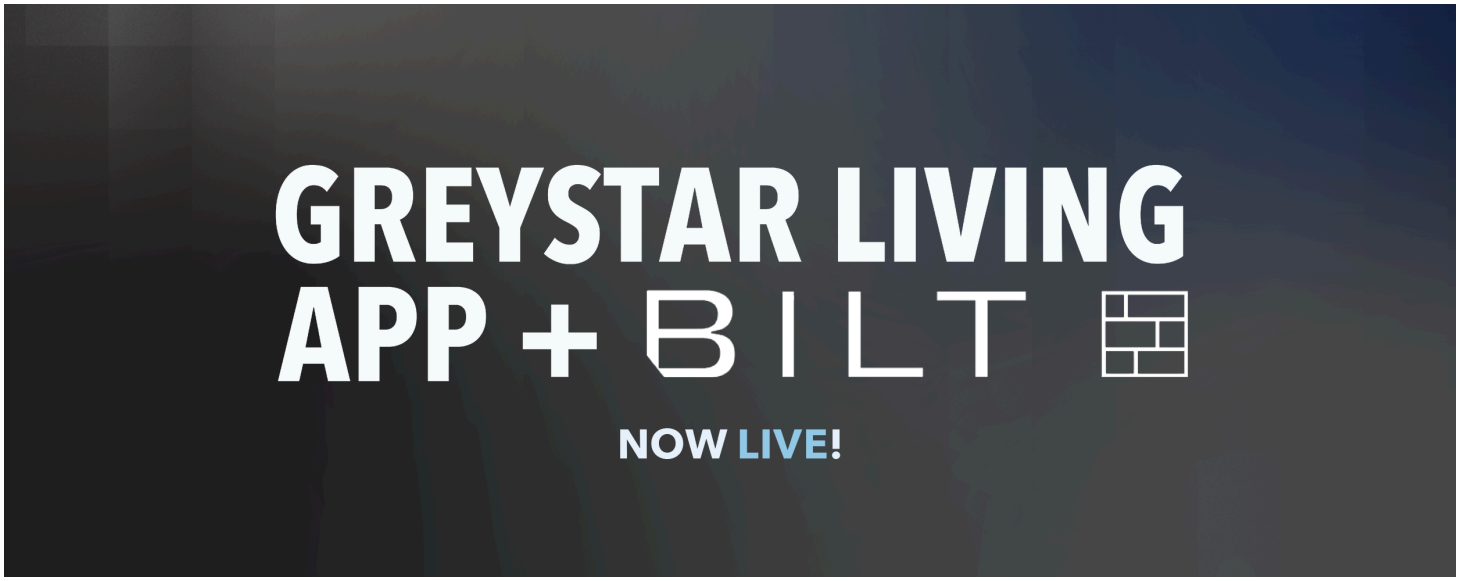
Exhibit Q



Dear Gilberto,

We're always looking for ways to enhance your resident experience here at Woodland Park, so we are excited to announce the launch of the new Resident Experience app!

Download the Resident Experience app from your preferred app store to get registered!

- If you currently have an automatic payment set up, it will not process for December's rent. You will need to set up a new recurring payment in the new Resident Experience app.

Through the new app, you will be able to:

1. Access a NEW payments and rewards program.

- It's hassle free – through the new payments and rewards program, you'll earn points on each rent payment which you can use towards travel, fitness and more.
- You'll also get access to new rent day benefits each month and be able to opt in to free rent reporting. Explore all benefits after logging in.

2. Submit maintenance requests 24/7 and automatically receive status updates.
3. Experience new ways to connect and stay-up to date with what is going on at your community and so much more!

For more information, please click on the link below and see the documents attached.

How to Use Bilt Points!

Feel free to reach us at woodlandparkcaaccts@greystar.com if you have any issues. Thank you!

45 Newell Road, East Palo Alto, CA 94303

GREYSTAR™ | BILT

BILT PAYMENTS AND REWARDS

RESIDENT FAQ

Do I need to download the Bilt App as well as the Resident Experience App?

No. The only app you need as a Greystar resident is the Resident Experience App. To access the Bilt Rewards portal, go to the Payments section within the Resident Experience App.

When my community goes live on Bilt, do I need to set up a new payment method?

Yes. Any current recurring payment or payment information setup within your previous resident portal will be deleted automatically. New payment details for one-time or recurring payments will need to be setup within the Payments section of the Resident Experience App.

What benefits will I get with my Bilt Reward membership?

Earn rewards points on every rent payment you make in Bilt to use towards future rent payments, airline tickets, hotels, Amazon purchases, ride share services, and much more.

Free credit reporting (opt-in) to build your credit rating with every on-time rent payment.

Special opportunities to purchase unique experiences only available through Bilt Rewards.

Do I need to apply for a Bilt Credit Card to pay my rent via Bilt rewards?

No. You do not need to apply for a Bilt credit card. You simply need to log into your Resident Experience app and navigate to the Payments section to access your Bilt Rewards account, select Wallet, and proceed with linking your bank account or one-time payment options. While opting for the Bilt credit card will earn more rewards, it is not required.

EQUAL HOUSING OPPORTUNITY

GREYSTAR™ | BILT

Am I required to link my bank account information?

No. There are two ways to link your Bilt Rewards payment details to your bank account: Bilt uses PLAID, a secure third-party service, which requires you to enter your bank's login information for authentication by Bilt.

A list of banks integrated with PLAID can be found at plaid.com/institutions.

The standard process supports bank integration and lets you seamlessly connect your bank account to Bilt by providing your bank account and routing number.

Is there any fee associated with paying through Bilt Rewards?

There is no fee to pay through the following methods:

-Checking or Saving accounts

-Bilt Credit Card

There will be a processing fee incurred when paying by Debit Card or Non-Bilt Credit Cards. The fee is collected by the payment processor, not the apartment community, and is disclosed in the Bilt Payments portal when you make your payment selection prior to submitting payment.

Will my rent be sent to credit agencies without my consent?

No. Credit reporting to the three major agencies (Experian, TransUnion, Equifax) is a free service offered by Bilt Rewards. However, you must opt into it. In addition, you may opt out at any time.

I am getting more emails than I would like from Bilt, how do I adjust this?

At the bottom of every email from Bilt, there is a "Click here to unsubscribe" button. Click on this button to adjust your subscription preferences.

I am having an issue logging into Bilt. Who should I reach out to?

Send an email to Bilt directly for support at **greystarmembersupport@biltrewards.com**.

Additional questions? Please contact your community's Leasing Office for assistance. Thank you!

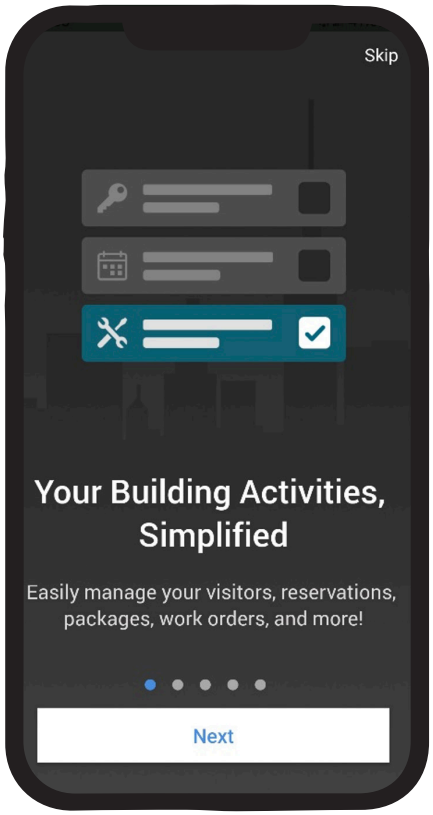
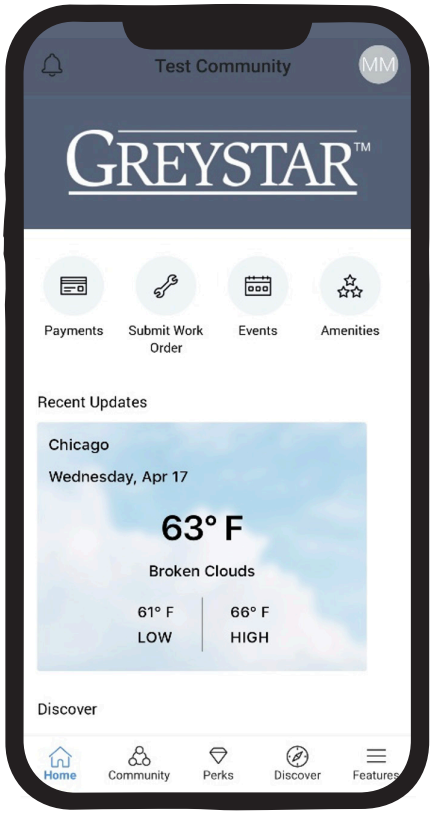
Enter your email and password to log in. This will need to be the email address you have listed with your community. If you need to update this email address, please contact the leasing office team.

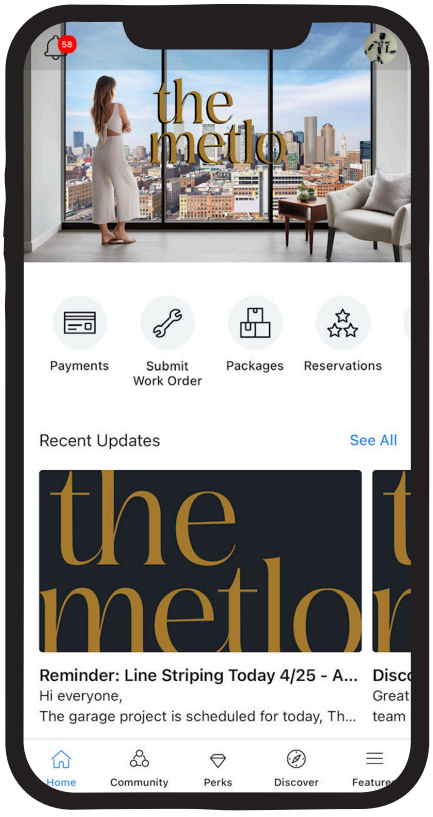


The first time you log in, you will be shown directions for navigating around the app.



Now you're in! From here you can click:

- **Payments** to make a rent payment (see later images for payments)
- **Submit Work Order** to complete a maintenance request
- **Events** to see and/or RSVP for any events created for the community
- **Amenities** to see the community's amenities, as well as book amenities where applicable
- **Community** to see Newsfeed, Marketplace and Events
- **Perks** to see which offerings are available
- **Discover** to access Lease Documents and any other links specifically curated for your community



Set Up Your Bilt Account

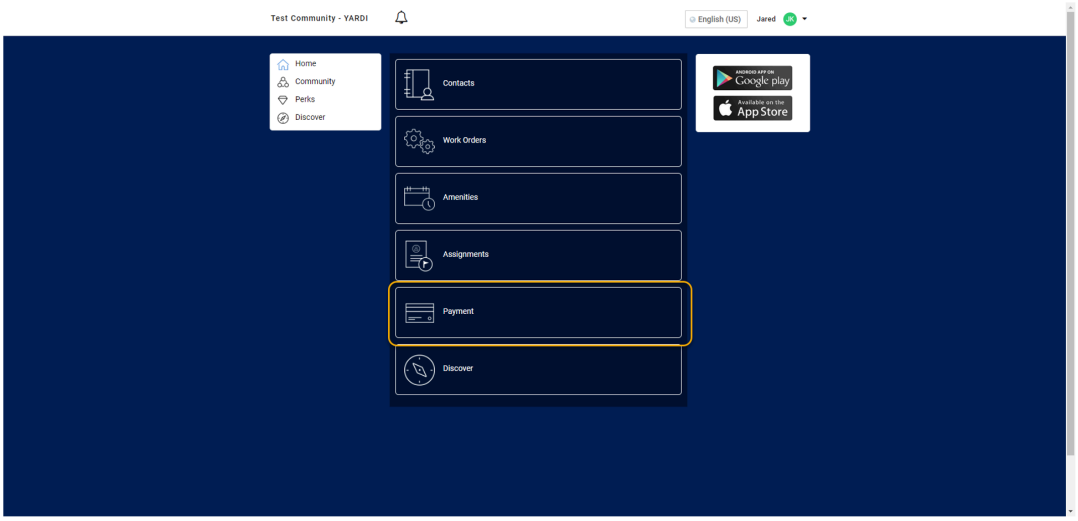
Want to start earning rewards on your rent payments? Set up your Bilt account from within the RE app.

Log into the Resident Experience App. For a superior experience, we recommend utilizing the app instead of the web version.

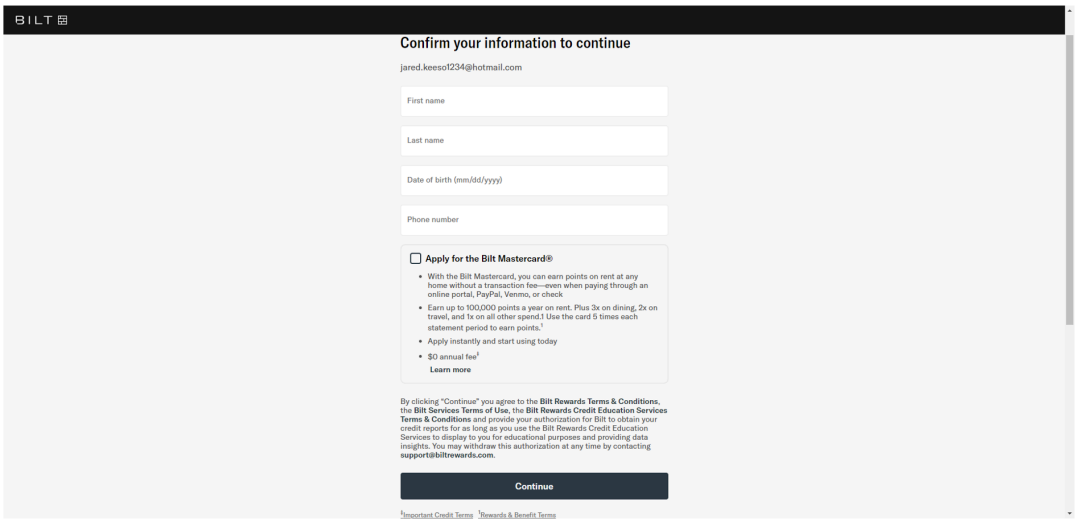
1. Click Payments on the left side
2. Follow instructions on the next page (same as Web version) to set up your account.

WEB VERSION

1. Click Payments on the left side

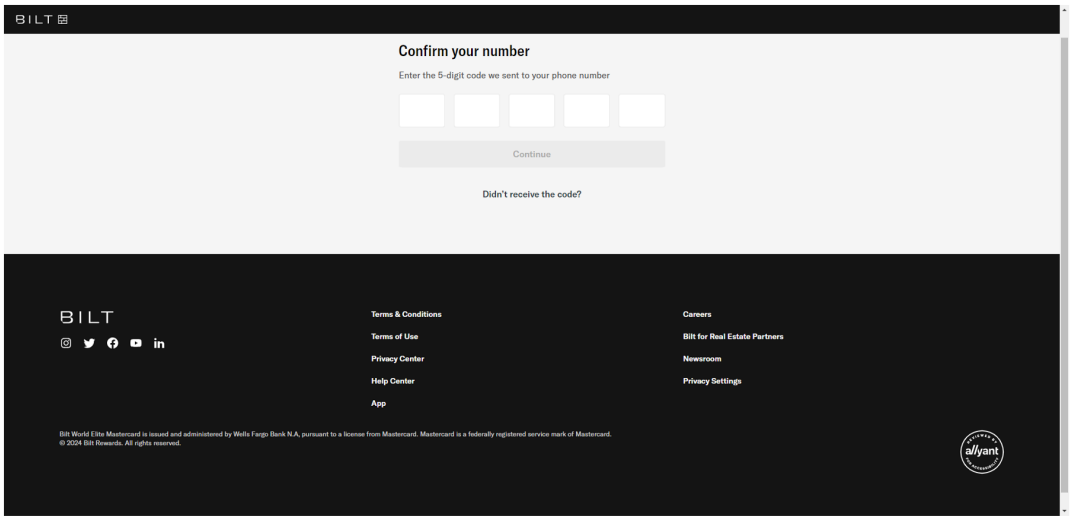


2. Complete the following form and click continue. Important: “Apply for the Bilt Mastercard” will remain unchecked at the first login. If you do not complete your account set up at this time and return later, this box will be automatically checked.



WEB VERSION

3. Bilt will ask you to confirm your phone number by entering an SMS code and clicking continue.



4. Congrats – you have set up your Bilt Rewards and can start earning Bilt Points! You can now continue and set up your payment methods.

Dear Aaron Santos

We're always looking for ways to enhance your experience here at Woodland Park. That's why we are excited to announce the launch of the new **Greystar Living App featuring our new rent payment platform and rewards program, Bilt**! This centralized hub is an easy and secure way to:

- Earn points with each rent payment and use them towards travel, fitness, and more:
  - You'll be earning the highest value in points currency, according to leading publications.
- Access new rent day benefits each month
- Submit maintenance requests 24/7 and automatically track status updates
- Explore even more benefits when logging in for the first time

The go live date is December 12th, 2024. You will receive an automated email on the 10th of December which will have a link for you to register. Please ensure all of your information is up to date in our system before the "Go live date" This includes your telephone number and email.

Through the new app, you will be able to:

1. Access a NEW payments and rewards program.
2. It's hassle-free – through the new payments and rewards program, you'll earn points on each rent payment, which you can use towards travel, fitness and more.
3. You'll also get access to new rent day benefits each month and be able to opt in to free rent reporting. Explore all the benefits after logging in.
4. Submit maintenance requests 24/7 and automatically receive status updates.
5. Experience new ways to connect and stay up to date with what is going on in your community and so much more!

For more information, please refer to the documents attached and the "How to Link" below.

EAST PALO ALTO RENT STABILIZATION STAFF REPORT

DATE: July 31, 2026

APPEAL HEARING DATE: August 12, 2026

TO: Honorable Chair and Members of the Rent Stabilization Board
BY: John D. Le, City Attorney
Michelle D. Magarrell, Deputy City Attorney
Natasha Raiburn, Rent Stabilization Program Administrator

SUBJECT: Appeal Hearing in the Matter of: *Calderon, et al. v. Woodland Park Communities*, Case Nos. 20240022–20240036; 301 East O'Keefe Street, East Palo Alto, CA

OPTIONS:

A. Affirm the Decision of the Hearing Examiner dated June 9, 2025.

B. Reverse the Decision of the Hearing Examiner dated June 9, 2025.

C. Remand the matter to the Hearing Examiner for further proceedings.

D. Modify the Decision of the Hearing Examiner dated June 9, 2025.

PARTIES

Appeal Filed by:	Property Owner/ Landlord
Tenants:	Rafaela Hernandez (Unit 1) Jorge Rodriguez (Unit 2) Silivelio and Falakika Sili (Unit 4) Fredricko Vargas and Yesenia Berber (Unit 5) Tomasi Pelesikto and Malia Pelesikti (Unit 6) Soane Kefeloa (Unit 9) Leonor Camarena and Family (Unit 10) Maggie Pende (Unit 11) Gabriel Diaz and Alejandra Gonzalez (Unit 12)

Tania Raass (Unit 14)
Juana Serrate and Hilario Arias (Unit 15)
Nubia Alvarado and Family (Unit 16)
Maria Mondragon and Family (Unit 18)
Isela Garcia (Unit 20)
Francisco Menera and Raquel Rodriguez (Unit 21)

Property Owner / Landlord: Victor Tsang (current)

SUMMARY

The issue before the Board of the Rent Stabilization Program ("Program") is whether the Hearing Examiner erred or abused his discretion under the City's Rent Stabilization Ordinance ("Rent Ordinance"), its accompanying Regulations, and applicable law in awarding rent rebates and reductions for the common-area conditions and in determining the amounts, effective dates, and duration of those rebates and reductions.

The individual tenants commenced their tenancy at 301 East O'Keefe Street, East Palo Alto, California, 94303 ("Property") in the following years: Rafaela Hernandez (Unit 1; 2010); Jorge Rodriguez (Unit 2; 2000); Silivelio and Falakika Sili (Unit 4; 2009); Fredricko Vargas and Yesenia Berber (Unit 5; 2005); Tomasi Pelesikto and Malia Pelesikti (Unit 6; 1993); Soane Kefeloa (Unit 9; 2024); Leonor Camarena and Family (Unit 10; 2014); Maggie Pende (Unit 11; 2015); Gabriel Diaz and Alejandra Gonzalez (Unit 12; 2002); Tania Raass (Unit 14; 2008); Juana Serrate and Hilario Arias (Unit 15; 2024); Nubia Alvarado and Family (Unit 16; 2015); Maria Mondragon and Family (Unit 18; 2011); Isela Garcia (Unit 20; 2022); and Francisco Menera and Raquel Rodriguez (Unit 21; 2014).

Tenants filed their Individual Rent Adjustment Petitions ("Petitions") with the Program on September 18, 2024, seeking rent reductions and rebates based on habitability problems, failure to provide maintenance and services, and reductions in maintenance and services.[1] The Program consolidated the petitions and bifurcated the issues into common area issues and individual unit issues, with common area issues to be heard and decided first. The common area issues are the subject of this appeal. The Petitions set forth the following common area issues[2]:

1. Defective elevator.
2. Defective walking surfaces.
3. Leaking water pipes, flooding, and accumulated debris in the parking area.
4. Defects in the concrete parking driveway.
5. Defective motorized gate.

[1] *See gen*., Tenant Petitions.
[2] Decision, pg. 4, lines 12-20.

6. Malfunctioning stairway lighting.
7. Defective gutter.
8. Broken doorframe.
9. Failure to maintain the exterior building paint.

A hearing was held on February 26, 2025.[3] Some tenants appeared at the hearing along with their representatives James Huynh from the Regional Tenant Organizing Network and Laura Vasquez from the East O'Keefe Tenant Association. Aura Andrade (Community Manager), Andrea Bumagat (Compliance Manager) and Enrique Bedolla (Maintenance Supervisor) appeared on behalf of Landlord.

The Hearing Examiner issued a decision on June 9, 2025 ("Decision"), finding that Tenants established reductions in housing services and/or habitability violations based on an intermittently malfunctioning elevator, leaking pipes and flooding in the parking area, and a malfunctioning motorized gate. The Decision awarded: (1) a 15% rent rebate for petitioning Tenants residing on the third level and a 7% rent rebate for petitioning Tenants residing on the second level for the elevator condition from January 2023 through February 26, 2025; (2) a 4% rent rebate for leaking pipes and flooding in the parking area from January 2023 through February 26, 2025; and (3) a 3% rent rebate for the motorized gate condition from January 2023 through January 1, 2025. The Decision also ordered continuing rent reductions for the elevator and leaking-pipe conditions until corrected. The Decision denied relief for the remaining common-area conditions.

Landlord timely appealed the Decision, challenging the findings supporting the rent rebates and continuing reductions, the commencement and duration of the awards, the amounts and scope of the reductions, the relief awarded to individual petitioners, and the requirements imposed to establish correction of the continuing conditions.

PROCEDURAL HISTORY

A. Application

This matter arises from fifteen consolidated petitions filed by over two dozen tenants residing in fifteen rental units at 301 East O'Keefe Street, East Palo Alto, California, 94303 ("Property"), against Woodland Park Communities ("Landlord").

Tenants filed their Individual Rent Adjustment Petitions ("Petitions") with the Program on September 18, 2024, seeking rent reductions and rebates based on habitability problems, failure to provide maintenance and services, reductions in maintenance and services, and code violations. The Program consolidated the petitions and bifurcated the issues into common area issues and individual unit issues, with common area issues to be heard

[3] Decision, pg. 2, lines 22-23.

and decided first. Taken together, the Petitions set forth the following common area issues:[4]

1. Defective elevator.
2. Defective walking surfaces
3. Leaking water pipes, flooding, and accumulated debris in the parking area
4. Defects in the concrete parking driveway
5. Defective motorized gate
6. Malfunctioning stairway lighting
7. Defective gutter
8. Broken doorframe
9. Failure to maintain the exterior building paint.

B. Hearing

A hearing on the Petitions was conducted on February 26, 2025. Some Tenants attended and provided testimony. Tenants were represented by James Huynh from the Regional Tenant Organizing Network and Laura Vasquez from the East O'Keefe Tenant Association. Respondent was represented by Aura Andrade (Community Manager), Andrea Bumagat (Compliance Manager), and Enrique Bedolla (Maintenance Supervisor).

The Hearing Examiner issued a post-hearing order on April 3, 2025, to allow for the submission of additional evidence.[5] Thereafter, both parties submitted additional documents, and the hearing record was declared closed as of April 21, 2025.[6]

C. Hearing Examiner Decision

On June 9, 2025, the Hearing Examiner issued his written Decision. The Hearing Examiner found that Tenants proved that the Property's elevator had not functioned reliably from January 2023 through the hearing date and that the recurring breakdowns substantially affected Tenants, particularly those residing on the third level. The Decision awarded a 15% rent rebate to petitioning Tenants residing on the third level and a 7% rent rebate to petitioning Tenants residing on the second level from January 2023 through February 26, 2025, with the same percentage reductions continuing until the elevator condition is corrected. The Hearing Examiner also found recurring leaking pipes and flooding in the parking area and awarded all listed petitioning Tenants a 4% rent rebate from January 2023 through February 26, 2025. The Decision continued a 4% reduction for the leaking-pipe condition until corrected. Finally, the Decision awarded a 3% rent rebate for the malfunctioning motorized gate from January 2023 through January 1, 2025. The Decision found that the flooding-control and gate-repair efforts had become effective

[4] Decision, pg. 4, lines 12-20.
[5] *See gen*., Post Hearing Order dated April 3, 2025; Decision, pg. 3, lines 15-19.
[6] Decision, pg. 3, lines 15-19.

and therefore did not order continuing reductions for those conditions. The Hearing Examiner denied relief for the asserted defects involving walking surfaces, the concrete parking driveway, stairway lighting, a gutter, a doorframe, and the exterior building paint.

D. Appeal of the Hearing Examiner's Decision

On June 27, 2025, Landlord filed a timely Notice of Appeal challenging the Hearing Examiner's findings, the retrospective rebates, the continuing rent reductions, and the conditions imposed to establish correction.

On March 11, 2026, the Program requested the Board set a hearing and briefing schedule, and the Board determined to conduct this appeal on the record.[7]

Landlord filed its Opening Brief on April 22, 2026, arguing that: (1) the record shows Landlord timely addressed reported elevator, plumbing, and gate problems; (2) the record does not support a finding that Landlord had notice of the conditions beginning in January 2023; (3) rebates and reductions may apply only while a housing-service reduction exists and the continuing reductions are unsupported; (4) no reduction may be awarded for minor or de minimis conditions; (5) petitioners may receive relief only for issues and rebates requested in their individual Petitions; (6) the Hearing Examiner lacked authority to require contractor certifications as a condition of restoring rent; (7) no rebate may be awarded for periods before or after a petitioner's tenancy; and (8) petitioners who did not appear or present evidence failed to carry their burden of proof. Landlord requests reversal of the rebates and continuing reductions.

Tenant Tania Raass filed an Opposition Brief on May 6, 2026, arguing that substantial evidence, including consistent tenant testimony, photographs, third-party inspection materials, and Landlord's records, supports the Decision. Raass contends that the conditions were recurring and were not promptly or effectively corrected; Landlord had actual, verbal, and constructive notice; Regulation Section 1500(E)(2)(d)(iii) authorizes continuing reductions for conditions existing at the hearing; the sustained conditions were not de minimis; every petitioner submitted an addendum raising the common-area issues; the certification provisions establish proof of correction rather than compel specific performance; the Decision does not award rebates outside an actual tenancy; and personal appearance by every petitioner was not required to prove building-wide common-area claims. Raass requests that the Decision be affirmed.

STANDARD OF REVIEW

Under Chapter 14.04 of City's Rent Stabilization and Just Cause Eviction Ordinance ("Rent Ordinance") and its corresponding Regulations, a tenant may, in relevant part, petition the City's Board for a reduction of rent resulting from: (i) failure to comply with the

[7] *See* Regulation, § 1500(G)(2)(h).

"warranty of habitability" set forth in California Civil Code section 1941.1[8]; (ii) failure to maintain the premises in a habitable condition consistent with building or housing codes[9]; and (iii) for decrease in housing services or failure to provide adequate maintenance without a corresponding reduction in rent[10]. Under each of the foregoing grounds, a petitioner must evidence the grounds for a rent reduction by a preponderance of the evidence.[11]

On appeal, an appellant must establish there was either an error or abuse of discretion on the part of the Hearing Examiner.[12] "Error" nor "abuse of discretion" are defined in the Rent Ordinance nor its corresponding Regulations. Accordingly, the Board has interpreted "abuse of discretion" to mean and refer to the standard of review established by the state law applicable to judicial review of administrative decisions like the present one—California Code of Civil Procedure section 1094.5.

Under Section 1094.5, an abuse of discretion is found if: (i) the Hearing Examiner did not proceed in the manner required by law; (b) the decision is not supported by the findings; and (c) where the findings are not supported by substantial evidence.[13] Where it is claimed that findings are not supported by the evidence, abuse of discretion is established only if the findings are not supported by substantial evidence in the light of the whole record.[14]

The Board's *scope* of review on appeal is as follows:

> "The Board may conduct a new (de novo) hearing or may act on the basis of the record submitted to the Hearing Examiner. Unless the Board determines that a de novo hearing is required, the Board's decision will be based exclusively on the record before the Hearing Examiner. If the Board does not grant a de novo hearing, the parties shall be instructed that their discussions or comments at the Board hearing may not include factual matters or evidence that were not presented to the Hearing Examiner or officially noticed. Parties may discuss or comment upon the legal matters in question and any other pertinent issues raised by the appeal. The Board shall disregard any discussion or comment regarding factual matters that were not in the record before the Hearing Examiner or officially noticed."[15]

[8] Regulation, § 1500(E)(1)(a).
[9] Rent Ordinance, § 14.04.130(A); Regulation, § 1500(E)(1)(b).
[10] Rent Ordinance, § 14.04.130(B); Regulation, § 1500(E)(1)(c).
[11] Rent Ordinance, § 14.04.140(E); Regulation §1500(E)(2)(c).
[12] Regulation ,§ 1500(G)(2)(b).
[13] Code of Civ. Proc. §1094.5(b).
[14] Code of Civ. Proc. §1094.5(c).
[15] Regulation, § 1500(G)(2)(h).

During its March 11, 2026 meeting, the Board determined to conduct this appeal on the record submitted by to the Hearing Examiner.

Lastly, on appeal, the Board may affirm, reverse, remand or modify the Decision of the Hearing Examiner. The Board's decision to affirm, reverse, or modify the Decision of the Hearing Examiner shall be supported by written findings of fact and conclusions of law.[16]

QUESTION TO BE DETERMINED

In light of the appeal, the Board must determine the following:

1. Whether the Hearing Examiner erred or abused his discretion in awarding rent rebates and reductions for the common-area conditions (the elevator, leaking pipes and flooding in the parking area, and the motorized gate).

2. Whether the Hearing Examiner erred or abused his discretion in determining the amounts, effective dates, and duration of the rent rebates and reductions.

DISCUSSION / ANALYSIS

Under Regulation section 1500(E)(3), reductions in rent shall reflect the loss in rental value attributable to the failures providing the grounds for a reduction in rent under the Regulation 1500(E)(1) which are listed in the preceding section above and include: (i) failure to comply with the "warranty of habitability" set forth in California Civil Code section 1941.1;[17] (ii) failure to maintain the premises in a habitable condition consistent with building or housing codes[18]; and (iii) for decrease in housing services or failure to provide adequate maintenance without a corresponding reduction in rent.[19]

"Factors that may be considered in setting the amount of the reduction in Rent include the extent to which the failure affects the tenant(s), the relative significance of the failure in relation to the safety, health, convenience, and comfort of the tenant(s), the extent to which the tenant relied on the fact that the condition would be adequately maintained, the extent to which the use and enjoyment of the unit is affected, and other factors that are reasonably deemed to be relevant."[20] Regulation Section 1500(E)(2)(d) authorizes a refund equivalent to a rent reduction for past failures and a continuing rent reduction for a failure that remains in effect at the time of the original hearing.

[16] Regulation, § 1500(G)(2)(j).
[17] Regulation, § 1500(E)(1)(a).
[18] Rent Ordinance, § 14.04.130(A); Regulation, § 1500(E)(1)(b).
[19] Rent Ordinance, § 14.04.130(B); Regulation, § 1500(E)(1)(c).
[20] Regulation, § 1500(E)(3).

A. Sufficiency of the Evidence Concerning the Sustained Common-Area Conditions

Landlord argues that its work orders and maintenance records demonstrate that reported elevator, plumbing, and gate problems were promptly investigated and corrected. It contends that intermittent or promptly corrected conditions do not support the rebates awarded. Raass responds that the Hearing Examiner considered Landlord's records but credited consistent tenant testimony, photographs, inspection materials, and portions of Landlord's own records showing that the conditions repeatedly recurred. The Decision found that individual repairs did not provide predictably reliable elevator service or promptly and effectively cure the recurring leaking-pipe, flooding, and gate conditions.

The Board must determine whether those findings are supported by substantial evidence in light of the whole record.

B. Notice and Commencement Dates

The Rent Ordinance and Regulation Section 1500(E)(2)(a) require reasonable notice, which may be verbal, written, or constructive, and a reasonable opportunity to correct the condition. Landlord argues that the record establishes notice no earlier than the tenants' written communications in July 2024 and that the Decision did not identify evidence supporting January 2023 commencement dates. Raass relies on testimony concerning repeated verbal complaints, the observable nature of the common-area conditions, security personnel's reporting responsibilities, and Landlord's elevator-service records. The Decision found that the elevator contractor's service records documented Landlord's awareness during 2023 and 2024 and that Landlord had actual or constructive notice of the recurring parking-area conditions.

The Board must determine whether the findings adequately support the commencement date selected for each award.

C. Retrospective and Continuing Reductions

Regulation Section 1500(E)(2)(d)(ii) permits a refund equivalent to a rent reduction for past failures. Section 1500(E)(2)(d)(iii) permits a continuing reduction where the failure remains in effect at the hearing and provides that the reduction continues until correction. Landlord maintains that the relevant conditions were repaired and that the Decision imposed reductions for periods when no service loss existed. Raass responds that the Hearing Examiner found the elevator and leaking-pipe conditions continued through the hearing. The Decision ended the gate rebate on January 1, 2025 and did not continue the flooding-related reduction, based on findings that recent repair efforts for those conditions had become effective. It continued the elevator

reductions at 15% and 7%, depending on floor, and continued a 4% reduction for leaking pipes.

D. Amount of the Rent Reductions

Landlord argues that the conditions were minor, affected tenants differently, and did not reduce rental value by the percentages awarded. Raass responds that the Hearing Examiner reasonably assessed the recurring nature of the conditions and their effects on safety, convenience, comfort, and use and enjoyment. The Decision differentiated the elevator award by floor, assigning a 15% reduction to third-level units and a 7% reduction to second-level units. It assigned 4% to the combined leaking-pipe and flooding conditions retrospectively and 3% to the gate condition.

The Board must determine whether the findings and evidence support these percentages as reasonable approximations of the loss in rental value attributable to the established conditions.

E. Scope of the Petitions and Notice of Requested Relief

Regulation Section 1500(E)(3) requires reductions to be based on issues presented in the petition, and Regulation Section 1500(A)(13)(a) limits the hearing to the issues raised in the petition. Landlord argues that most petitioners did not request rebates for the three sustained conditions on the individual petition forms. Raass responds that every petitioner submitted an addendum raising all common-area issues and that Landlord received notice and defended those claims at the consolidated hearing. Determining this issue requires review of each Petition and its attachments in the hearing record.

F. Requirements for Establishing Correction

The Decision provides that the continuing elevator and leaking-pipe reductions will end after Landlord submits certifications from licensed contractors not previously employed by Landlord. The certifications must state that long-term repairs have been completed and that the conditions are not expected to recur for twelve months. Landlord characterizes these requirements as unauthorized specific performance and argues that contractors may be unwilling or unable to certify future performance. Raass responds that the requirements do not compel repairs but establish the evidence necessary to demonstrate correction of recurring conditions.

The Hearing Examiner's authority is not limited to awarding rent reductions. Regulation Section 1500(A)(19)(b) authorizes a Hearing Examiner to make "appropriate orders for compliance or other appropriate relief" when a landlord has violated the Ordinance or Regulations. Regulation Section 1500(A)(20) also expressly contemplates decisions ordering a party to make repairs and places the burden on

that party to demonstrate compliance by a preponderance of the evidence. These provisions provide authority to order corrective action and establish reasonable requirements for demonstrating compliance.

That authority operates together with Regulation Section 1500(E)(4), which establishes the procedure for restoring rent after correction. The Regulations do not expressly authorize or prohibit requiring a previously unused contractor or a certification predicting twelve months of future performance.

The Board must therefore determine whether the certification provisions constitute appropriate compliance requirements within the Hearing Examiner's authority or impose additional prerequisites inconsistent with the regulatory restoration procedure.

G. Periods of Actual Tenancy

Landlord argues that the Decision awards rebates to certain petitioners for periods before their tenancies began or after they ended. Raass responds that the Decision does not award a rebate for any period in which the petitioner did not occupy the unit and that the reduction attaches to the unit during the tenancy. The Award applies to the listed petitioning Tenants who occupied units when the Petitions were filed, but Appendix A states condition-wide date ranges without expressly limiting the calculation for each petitioner to that petitioner's period of occupancy. The Board may determine whether clarification is necessary.

H. Petitioners Who Did Not Personally Appear

Landlord argues that Rafaela Hernandez and Jorge Rodriguez did not appear or present evidence and therefore failed to carry their burden of proof. Raass responds that the Regulations do not require every petitioner to appear personally and that common-area claims may be established through the consolidated evidentiary record.

The Board must determine whether the evidence admitted at the consolidated hearing was sufficient to satisfy the burden of proof as to the building-wide services affecting the listed petitioning units.

STAFF NOTES

Staff does not recommend a disposition of the appeal. The following items identify matters the Board may wish to address expressly in its ruling and in the resolution prepared after the Board determines the appeal:

A. Loss in Rental Value

If the Board affirms the percentage reductions, the resolution should expressly find that the percentages reasonably reflect the loss in rental value attributable to the established

reductions in housing services under Regulation Section 1500(E)(3), considering the nature, duration, and recurring frequency of the conditions; their effects on safety, health, convenience, comfort, and use and enjoyment; the common-area nature of the affected services; and, for the elevator, the greater effect on third-level Tenants than on second-level Tenants.

B. Internal Drafting Language and Commencement Dates

Page 24 of the Decision contains an unremoved internal drafting instruction in the discussion of notice and rebate commencement dates: "???look at these again and add a Finding and Conclusion on this issue." If the Board affirms the January 2023 commencement dates, the resolution should independently identify the findings and record evidence supporting those dates.

C. Continuing 4% Leaking-Pipe Reduction

The Decision assigned a combined 4% retrospective reduction to leaking pipes and flooding but continued the full 4% reduction for leaking pipes alone after finding that flooding-control efforts had become effective. If the Board affirms that continuing reduction, the resolution should explain why the 4% reduction reasonably reflects the loss in rental value attributable to the continuing leaking-pipe condition independently of the flooding condition.

D. Actual Tenancy Periods

Appendix A provides condition-wide rebate periods, while the Award does not expressly state that each petitioner's calculation is limited to the period of that petitioner's actual tenancy. The Board may wish to clarify that no petitioner is entitled to a rebate for a period before the petitioner's tenancy began or after it ended.

E. Scope of Individual Petitions

The parties dispute whether each petitioner raised the sustained common-area issues. Before the Board resolves this argument, each Petition and its attachments should be reviewed to determine whether it incorporated the common-area addendum identified in the Opposition Brief.

F. Restoration Procedure

The Regulations authorize a Hearing Examiner to issue appropriate compliance orders but do not expressly authorize or prohibit the certification requirements imposed here. The Board should clarify whether those requirements are within the Hearing Examiner's authority or impose additional prerequisites inconsistent with Regulation Section 1500(E)(4).

G. Identification of the Responsible Landlord Entity

The Decision identifies the former owner as Woodland Park, LLC. Landlord's Opening Brief states that the former owner was Woodland Park Property Owner, LLC and characterizes the Decision's identification as erroneous. The correct legal entity should be confirmed before the Board's resolution is prepared.

City records identify Victor Tsang as the current owner of the Property. The administrative record and party filings previously identify Woodland Park Communities and Woodland Park Property Owner, LLC as ownership entities.

CONCLUSION

After considering the administrative record, the Decision, the parties' briefs and arguments, and the applicable Rent Ordinance and Regulations, the Board may affirm, reverse, remand, or modify the Decision of the Hearing Examiner dated June 9, 2025. Staff does not recommend a particular disposition.

RENT STABILIZATION BOARD

CITY OF EAST PALO ALTO

HEARING EXAMINER DECISION

JOSEPHINA CALDERON, ET AL, Tenant-Petitioners, vs. WOODLAND PARK COMMUNITIES, Landlord-Respondent.	Consolidated Petitions Numbers 2024007 - 20240036 Subject Rental Property and Units: 201, 245, 301 East Okeefe Consolidated **DECISION FOR COMMON AREA ISSUES AT 301 EAST OKEEFE STREET**

I.

STATEMENT OF THE CASE AND PROCEDURAL HISTORY

a) On September 18, 2024, a group of Tenants, hereafter "Tenants," filed Tenant Petitions Numbers 2024007 through 20240036 with attachments. These Petitions were filed pursuant to the provisions of the City of East Palo Alto, hereafter "City," Rental Stabilization and Just Cause for Eviction Ordinance of 2010, and the Regulations associated with that Ordinance, hereafter jointly referenced as the "RSO." The Petitions applied to various rental units in buildings located at 201, 245 and 301 East Okeefe Street, in the City East Palo Alto, CA 94303, hereafter "Rental Properties." The Petitions asserted the presence of conditions on the Rental Properties that constituted a breach of the implied warranty of habitability, a decrease in housing services and/or a deterioration of the Rental Properties.

b) The Petitions named Woodland Park Communities as the Respondent owner of the Rental Properties. The legal name of the owner was subsequently identified as Woodland Park,

LLC. Greystar was subsequently identified as the owner's property management agent for the Rental Properties. Both parties are jointly identified herein as the "Landlord."

c) The petitions subject to this Decision were subsequently served on the Landlord and consolidated for Hearing and for Decision, pursuant to Section 1500.A.11.

d) As per the January 22,2025 Notice served on the parties in the consolidated cases, a Pre-Hearing Meeting was held on January 28, 2025. The Meeting participants were: Representative for the Tenant Petitioners, James Huynh from the Regional Tenant Organizing Network; Attorney Cori Calfee, appearing on behalf of the Landlord; Martin Eichner and Michael Roush, the Hearing Examiners assigned to hold the Hearings and issue the Decisions for these consolidated cases; Natasha Raiburn, East Palo Alto Rent Stabilization Program Administrator; and Spanish-English interpreters Melisa Rybaltowski and Laura Eloina. Other interested parties attended the Meeting as non-speaking participants through the Zoom Webinar format. At this meeting, the process that would be applied to the various evidentiary Hearings for these Petitions was described. Scheduling dates for the Hearings and for Pre-Hearing disclosures were also established.

e) Hearing Examiner Eichner issued a Pre-Hearing Summary and Order on January 31, 2025. Pursuant to that Summary and Order, initial hearing dates were set to determine the common area issues in each of the three Rental Property Buildings. The Hearing for the 301 East Okeefe building common area issues was set for February 26, 2025 at 10 a.m. to be conducted by Hearing Examiner Eichner. The Pre-Hearing Order and Summary also set dates for the parties to submit Pre-Hearing witness lists and documentary evidence relevant to these common area Hearings.

f) The evidentiary Hearing for the common area issues at 301 E. Okeefe, hereafter "Rental Property," was held on February 26, 2025 by Hearing Examiner Martin Eichner. Tenants from 301 E. Okeefe attended the Hearing and participated as witnesses. Other Tenants attended the Hearing in person and introduced themselves. The Hearing was also available for simultaneous viewing on the Zoom platform. The Tenants were represented by James Huynh, from the Regional Tenant Organizing Network, and Laura Vasquez from the East Okeefe Tenant Association. The Landlord

was represented at the Hearing by Aura Andrade, Community Manager, Andrea Boulepark, Compliance Manager, and Enrique Bedollah, Maintenance Manager. The City was represented at the Hearing by Rent Stabilization Program Administrator Natasha Raiburn. Simultaneous Spanish translation was provided by Jorge Andres. The above-named parties participated in person, but the Hearing was available for viewing, and was recorded, on the Zoom Platform.

g) The witness oath was administered to all persons who were present as potential witnesses and the interpreter oath was administered to Jorge Andres.

h) At the start of the Hearing, Hearing Examiner Eichner again explained the process and rules of evidence that apply in this administrative Hearing. He emphasized that regardless of whether he was asking questions, it remained the responsibility of the parties to present their own cases and offer their evidence in support.

i) At the Hearing, various documents identified and marked as Exhibits. The evidentiary portion of the Hearing was completed on February 26, 2025, except that certain relevant documents were identified that had not yet been submitted as exhibits.

j) A Post-Hearing Order was issued on April 3, 2025 to address the unavailable documents and other submissions necessary to close the Hearing Record.

k) Thereafter, the parties did submit additional documents pursuant to the Post-Hearing Order, as noted in the below Exhibit List. The Hearing Record was declared to be closed as of April 21, 2025.

II.

ISSUES TO BE DETERMINED IN THIS HEARING

A. As identified at the Pre-Hearing, the issues to be determined relevant to the common areas at the 301 E. Okeefe Street Rental Property, hereafter "Rental Property," are:

i. Whether conditions in the Rental Property, have constituted a breach of the implied warranty of habitability.

ii. Whether there has been a decrease in housing services at the Rental Property,

iii. Whether there has been a deterioration of the Rental Property.[1]

B. The overall analysis that will be applied to these contentions addresses the following questions:

i. Was it proven that there was a condition within the scope of one or more of the RSO violations listed above, and if so, how long did it exist and how did it affect the Tenant or Tenants?

ii. Was the Landlord aware of the condition directly or indirectly, or should the Landlord have been aware of it?

iii. After becoming aware of the condition, did the Landlord take timely and effective action to remedy it?

C. The specific conditions subject to this analysis are:

1. A defective elevator;
2. Defective walking surfaces;
3. Leaking water pipes, and flooding as well as accumulated debris in the parking area;
4. Defects in the concrete parking driveway;
5. Defective motorized gate;
6. Malfunctioning stairway lighting;
7. Defective gutter;
8. Broken doorframe;
9. Failure to maintain the exterior building paint.

[1] For purposes of greater clarity in this Decision, this description has been shortened to "**a decrease in housing services and/or a violation of applicable habitability requirements**."

III.

EXHIBIT LIST

As was indicated to the parties, the fact that a document was marked as an Exhibit does not necessarily mean that document will be relevant to this Decision. Those documents found to be relevant are identified in this Decision.

The specific number given a document at the Hearing may have been re-numbered in this Decision.

Hearing Examiner Exhibits

IV.

SUMMARY OF TESTIMONY[5]

General Facts – based on testimony from the Landlord witnesses

The name of the legal owner of the Rental Property is Woodland Park, LLC. There are a total of 20 rental units on this 301 E. Okeefe Rental Property. The buildings were constructed in the 1980s. Greystar Properties is the property manager for this Rental Property. The three Landlord representatives participating in this Hearing are employees of Greystar. The asset manager for the owner is Clarice Chan.

Opening Statement on behalf of the Tenants

There is a history of more than nine years of issues in the common areas that have not been addressed. At this Hearing, the Tenants will address the specific conditions listed above and many other issues due to the poor conditions at this Rental Property.

For many years, the management has not dealt with our complaints and our concerns, to the point that we began to believe we had no right to raise these issues that have been present for many years. As a result, we formed a tenant organization for these buildings in July 2024. We presented a petition and a legal demand letter on behalf of a majority of the families in our buildings, describing many of these common area issues, as well as other issues that are present in many of our individual units.

---

[4] This correspondence references attached inspection reports, but those reports do not appear to have been included despite being covered in the Post-Hearing Order, HE Ex. 3.

[5] to improve clarity, the order of testimony and specific language during the Hearing may have been revised. It is also noted that the camera used for the Hearing was not directed at the witnesses, so it was more difficult to accurately identify the names of the witnesses as they presented their testimony and verbal statements.

We received an answer from management on July 31, 2024 recognizing our association and acknowledging receipt of our lawsuit demand letter. Management shared with us that there were no open work orders for the unresolved issues. We were told there were work orders for individual units at the 301 Building, which were in the process of being resolved.

Even though there has been some maintenance performed, we see that many conditions remain, even though management claims work orders have been addressed, and even though we have witnessed management making repairs, particularly in anticipation of this Hearing. These maintenance repairs have not always been competently performed. These recent management efforts don't make up for the years of neglect. We hope this Hearing can end management's pattern of negligence so that we live in our units in a healthy way. Thank you.

SPECIFIC CONDITIONS TO BE DETERMINED

The Elevator

On behalf of the Tenants

Maria De Los Angeles

She and her family have been living in unit 18 since approximately 2011. There is one bedroom in the unit.[6] There are a total of five people living there.

She didn't experience many problems when she first moved into her unit on the third floor. The problems started in 2017. She remembers it was 2017 because it was shortly after she became pregnant. As a result of her pregnancy, she was not supposed to use stairways. The elevator has been in very poor condition since then. She has submitted recent photos showing the problems with the elevator.

In her building, the first level is for parking, and there is also a lobby and two units. There are approximately 8 units located on the second level and 8 on the third level, with stairs between each level. There is only one elevator. It faces the street.

The elevator has continually been "paralyzed." She would call the office to report the elevator not working. Management would fix the elevator, and it would work for a few days or a

5. All of the rental units are one-bedroom units.

couple of weeks and then break down again. To make a complaint about the elevator not working, they called the phone number given to them, 650-662-0000[7]. Sometimes, she would go to the Landlord's local office on the corner of East Okeefe and O'Connor. The staff in that office accept their rent payments and also "take their complaints."

Before 2024, these were the only options to make a complaint. There was no specific form to be filled out; they just reported the problem and trusted that the person would take care of her complaint.

The elevator breakdowns are still continuing through the present. For example, based on her notes for October 2024, there was an incident when she called a courier service to pick up a large package she sent every Saturday to her country of origin. She realized the elevator was not working on October 7 or October 9, 2024. This box was too large to carry down the stairway. It took management three weeks to repair the elevator so that the courier could pick up the box.

The elevator has not been functioning to reach her unit on the third floor this week. Even today when she returned from shopping at Costco with her groceries the elevator was not working.

She can tell when the elevator is not working. She will enter the elevator on the first floor, push the number for her floor, but the elevator stops before it reaches her floor and the door won't open. She has to go back down to the second floor and walk up to her floor. Right now, it has been a week that the elevator has been broken.

She needed stomach surgery in 2024. She was forced to walk up the stairs after the surgery because the elevator wasn't working. On some occasions, her family was not there at the unit to help up move items up to her unit.

On average, the elevator has been broken 2 or 3 times a month since 2024.

Management has known for years about the elevator not working, because management has sent repair technicians to fix it multiple times. She assumes these technicians report the

---

[7] The recording is unclear as to this phone number.

problems to management. She always called management to notify them when she realized the elevator was not working. Sometimes when she was returning from work, she would stop at the office. The office staff always tells her that a technician would be sent to fix the elevator. She doesn't remember the names of any of the people she spoke with at the office. She was late to work "a few times" because the elevator was broken, including last Monday. She suffered a lot in the past from the broken elevator when she was pregnant and again when she had a C-Section on September 24, 2018 and also when she had stomach surgery on November 7, 2024.

One of her neighbors, Gabriel in Unit 12, needs the elevator because he uses a wheelchair. She saw him not being able to use the elevator, until one of his family arrives to carry him up or down the stairs. This neighbor also has missed medical appointments because the elevator was broken. Gabriel's son has missed school because he had to come to help carry his father. She took the video of herself being trapped in the elevator. That video has been submitted as an exhibit.

Maggie Pande

She has lived in Unit 11 on the third floor since 2015 with her son and her daughter.

She is a caregiver. On one occasion in 2024, she took her client to the building to go up to her unit to use the bathroom. They became stuck in the elevator. She pushed the button to ring the alarm, which opened the elevator door. She didn't report this incident at the time, but she told management about this incident when the Tenants Association met with the Landlord. Since this incident, she takes the stairs to avoid the elevator.

In general, the elevator works off and on. It's unpredictable. This has been true since 2015. She can tell when it is not working because "the light" will not be working. She doesn't remember an "out of order" sign being posted on the elevator.

Leonor Camarena

She is one of the representatives of the Tenant Organization.

On one occasion they were holding an event to celebrate 2024 Christmas Eve. Ms. De Los Angeles had prepared food so they needed to go to the third floor to bring it down. The elevator wasn't working and there was no sign on the door. She asked the other tenants if

they had reported this problem. They replied that they had reported it, but that it always takes a long time for someone to arrive at the Rental Property to make repairs.

There is another tenant, who lives in Unit 15, Guana Serate, who was unable to come today. She helped Guana write an email stating that she missed a day of work due to the elevator not working. That email was submitted as an exhibit.

James Huynh

In Maggie's case, when she tried to push the emergency button at the time of the incident she described, the emergency button didn't work. When the elevator is stuck, this emergency bell doesn't ring or tell anyone that a person is stuck. Fortunately, no one has been trapped inside the elevator for very long.

Tania Raass

She has lived at this Rental Property for 17 years in unit 14 on the third level. There are 28 steps going up to the third level.

Her unit is next to the elevator, so she can hear when someone presses the emergency button. This occurs many times, approximately once a month.

On one occasion, someone living on the third floor died. "They" had to enter the unit to remove the body. Then they had to carry the body down the stairs because the elevator was not working. This occurred last year, although she doesn't remember the month.

In her own experience, the elevator doesn't work "lots of times." Sometimes, it breaks down less than a month after it is repaired.

She has called the office to report that the elevator was broken. Every time she calls, the office staff answers that the repair techs will be called. She has personally gone to the office to tell the staff about the elevator being broken. She doesn't recall the names of the persons she spoke with, but they gave her the same answer, that the repairmen will be called.

On two occasions, the fire department has come to open the elevator door. The fire department personnel were there on that day when the dead body had to be carried down the steps.

Raquel Rodriguez

She has been a Tenant on this Rental Property for 10 years in unit 21.

She wants to know how the Landlord knows that the elevator has actually been repaired by their contractor.

On behalf of the Landlord

Andrea Boulepark

She is the Compliance Manager.

Woodland Park became responsible for this Rental Property in January 2018. They don't know the name of the prior owner.

Regarding the Christmas event, they have a record of a call received about the elevator. They have a record of the resulting immediate response to that call. They have submitted their records for these calls.

Their system for receiving calls for repairs and complaints is as follows:

They have three different offices. One of these offices is close to the East Okeefe property in the Euclid area. It is managed by a Resident Relations team. Tenants can come to that local office to pay rent and for other services including making repair requests or complaints and loading their cards for the washing machines.

They also have a phone number that can be called, 650-566-2000.

They have a security team that responds to calls made after hours using this same phone number. Calls are recorded and there are records of calls made.

They also have an online portal as another option; it records the work orders they have. If there is an issue for the property in general, the issue is recorded for the property as a whole. If the contact is on behalf of an individual tenant, each tenant has their own work order file.

Enrique Bedollah

He is the Maintenance Manager.

They post notices when an elevator is not working. In October and November, the elevator was taken offline because they were going through a state inspection after there was "a state demand." They posted notices during this time. The state signed off on November 20, 2024 to allow the elevator to be returned to service.

Bleyle Elevators is the contractor they have used to make repairs during this time period. They have records of the service calls and invoices for work performed. This company also performs a monthly preventative maintenance.

They have invoices for the work performed by this contractor since 2021. Their contractor contacts them by email to give them the details of work they performed plus other issue such as the need to delay or order parts.

Walking Surfaces in the Common Areas

Leonor Camarena

She lives in Unit 10. She has been there for more than 10 years.

The corridors on the second and third floors, where her apartment is located, have many cracks in the walking surfaces. Her photos show the many cracks in the hallways on the second floor and third floor.

They reported these conditions on July 27, 2024 as part of their submission to the Landlord at that time. The cracks have been present in these areas for 3-4 years, getting worse over time.

She sent an email to the Landlord about this condition in July 2024. She also called the office at least once using the phone number provided by the Landlord, but doesn't remember the exact date that she called. Her call was approximately a year ago.

They have made many additional complaints in the last 4-5 months since July 2024.

Currently, the cracks are there every 2-3 meters. You can see cracks in the wood and the raw surface of the woods. This condition is still present as of today.

She has not tripped or fallen, but her neighbor Nubia who lives in Unit 16 on the third floor, tripped and fell on one of the cracks as she was leaving her apartment. She helped Nubia send an email to complain about the walkway after she fell on September 5, 2024. That email has been submitted as an exhibit. She is not aware of anyone else who has fallen due to the condition of the walkways.

There is a large crack in front of the door of unit 12; when you stepped there it felt like the flooring was going to collapse. This crack was fixed approximately two months ago. None of the other cracks have been fixed.

As you go up the stairs near the elevator, there are two steps with broken plastic edges which could cause someone to slip and fall.

Tania Raass

When a person exits the elevator at the third floor, the walkway is soft and "soggy." A small part of this area was fixed somewhat, with new plywood, two months ago. The Landlord contractors spent about a week fixing this area. None of the other areas have been fixed. When it rains, they must walk on the side of the corridor for the entire floor near her unit because the center is soggy. This condition has existed for 3-4 years.

She has not fallen.

She reported this condition by calling the local office when it was raining in March or April 2024. The answer she would always receive prior to two months ago, was that they were going to send someone to fix it.

Raquel Rodriguez

Her unit is on the third floor, in the back corner. The material on the stairways and on the corridors is different. One evening in November 2024 when she was coming home from work, she stumbled over a crack in this area, although she kept herself from actually falling.

She complained about this condition to someone in the maintenance staff who was at her unit to make another repair. The condition was not repaired, it is still the same today.

On Behalf of the Landlord

Enrique Bedollah

Their contractor repaired a condition on the walkway.

The county performs a yearly inspection of the Rental Property. There was no citation or notice from the County about the walkways.

They were cited by the County for other conditions such as a smashed gutter.

The County person, Steven Lowe, told him that he, Steven, spoke directly with some of the tenants.

Andrea Boulepark

They are aware of the tenant who fell. The condition that caused the fall has been addressed, as is documented in their repair records. These records are either generated from their own

team or from an independent contractor. Enrique conducts a final inspection after a contractor has made repairs.

Regarding the recent photos of walkways included in T Ex. 11, "cracked and shaky stairs in the lobby and second floor cracked and unfinished stairs," these photos look like they depict the 3rd level. They repaired an extensive area on the third level. When they participated in the County inspection in January, there were no citations regarding the walkways.

They are not notified in advance when the County intends to conduct an inspection. They do receive the resulting reports after the inspections.

Leonor Camarena, Maggie Pande, James Huynh and Tania Raass

When these County inspections occur, the tenants have not been notified so that they can also participate. They have not seen the County Inspectors on the Rental Property.

There have been complaints made to the County, including through its online portal for environmental health and to the City Code Enforcement, but they have not been notified about when the inspections are going to occur and have not been given the resulting reports even after requesting them. They have the case numbers for the complaints submitted to the County in October. The records they have received have been confusing and difficult to understand.

Tenants have seen Steven Lowe walking around the property, but Maggie is the only one who was contacted. Enrique did come inside her apartment with Steven from Code Enforcement to look at mold in the bathroom.

CONDITIONS RELATED TO THE PARKING AREA INCLUDING FLOODING, LEAKING PIPES, A HOLE IN THE ROOF

Leaks and Flooding

Raquel Rodriguez

The leaks have been occurring for more than 5 years. The Landlord has tried to fix the problem by sealing the leak 5 or 6 times, but the problem continues. She is worried about damage to her car mirror, and also worried that the building itself could be affected. She and her husband must clean the white stains from the leak off the mirror or else have the car detailed. The paint on her prior car was also damaged. The leaks continue through every

season, regardless of whether it is raining. There is a photo and a video included in T Ex. 9. This problem is more visible in the video. Despite the notation that it was "repaired," that condition is continuing through today.

She reports this problem every month when she goes to the Landlord's local office to pay her rent. She also called the maintenance telephone number when the condition has become worse. She first began to make these reports in 2018 or 2019. She is only describing the leak in her area of the Rental Property. There are leaks in other parts of the parking areas.

The parking area shown in the exhibits has flooded every year during rainy season. Sometimes, the flood water is not removed for 2-3 weeks until some of the tenants make complaints, after which the Landlord has the water removed. Their photos show areas that flood in both the front and back areas every rainy season.

When the flooding is bad, they have to drive their cars on the side of the driveway to avoid having their cars sink into the flooded area.

There is also a bad smell when these areas are flooded.

When she or her husband go to the office to pay their monthly rent, they always report this condition.

One time, she received an email telling her the leak had been fixed, but it started again the next morning. This email is in their submitted exhibits. There is also a hole with a bump in the front driveway which hits the bottom of their car even when the driveway is not flooded. They fixed the crack shown in one of the photos, but it has subsequently reopened. One day when she wasn't being careful, she scrapped the front of her car due to this hole, although she didn't incur any repair costs for this damage.

Leonor Camarena

She lives in Unit 10, which is also her parking lot number. The photos submitted show two different leaks. She reported one of the leaks after a lot of water came through the broken pipe on the same day it happened. The Landlord did send repair staff to fix this leak the same day. But the overall condition of leaking pipes in various parts of the parking area has been occurring over a long period, as much as 10 years. They also must drive carefully through the entrance area, steering sideways, to avoid hitting the bump that Raquel Rodriguez mentioned.

When the flooding occurs during the rainy season they must walk through the water to get to their cars, getting their shoes wet. The flood water lasts until it eventually drains or just evaporates, sometimes after a few days and sometimes after more than a week.

Her husband gets his shoes wet on his way to get the car to go to work, so he is the one who complains to the staff at both of the Landlord's offices. The flooding doesn't prevent them from driving their car out of the parking area. This condition has existed for 4-5 years.

Leonor Camarena and James Huynh

Another Tenant who filed a Petition B has submitted evidence that shows the same conditions that were mentioned by Raquel Rodriguez, but there is another photo which shows a different hole in the driveway entrance.

The Landlord's work orders show leaks noted near parking stalls 7, 12, and 21. This condition was noted in the first letter sent to the Landlord when the Tenant Organization formed.

Gabriel's video is one of the exhibits, their number 24.

On Behalf of the Landlord

Andrea Boulepark

They have submitted all the work orders for the repairs they completed. They repaired the condition noted by Raquel Rodriguez the same day and made another repair for a leak noted on November 11 the same day. Unfortunately, the building was constructed during the 70s and 80s.

Enrique Bedollah

There are three storm drains. The drain in the front gets clogged with debris in the winter. There is a pump which pumps the rain water into the street. When it gets clogged, they or a plumber remove the pump to unclog it. There is additional preventative maintenance twice a year which includes snaking out the line. This work is documented in the invoices they submitted.

When they know there will be rain, their security staff notifies them if there has been a leak or flooding. There is also a maintenance contractor that reports any problems to them, also documented in their records they submitted.

Regarding the photos in T Exs. 30 and 31 showing pooled water that remains for several weeks, they have set up additional pumps inside the existing pumps to remove accumulated rainwater.

Regarding leaks, some are caused by a problem with a pipe and some originate in a unit, for example one Tenant had an condition inside her unit that resulted in an overflow leak.

Since the units are above the parking areas, they sometimes need to open walls to access the pipes or to access other conditions causing the leaks.

Further Input on Behalf of the Tenants

Leonor Camarena

There have been incidents of flooding in the last couple of weeks where they observed the pumps working, but they never saw any pumps being employed inside the existing pumps before the last couple of weeks.

Tania Raass

She has been living at the Rental Property for a long time. The Landlord did not take any action to address the flooding and leaking before they filed their Petitions. Her best estimate is that this condition existed for four year prior to the date the petitions were filed.

Raquel Rodriguez

She received an email from the Landlord stating that the leaking condition about which she complained had been repaired, but the leak continued after that, as is shown by the video she submitted.

Further by the Landlord Witnesses

When they recently inspected the area described by Raquel, the report they received indicated that no leaks were found, but there is a new open work order as of yesterday.

THE MOTORIZED GATE

On Behalf of the Tenants

Maggie Pande, Leonor Camarena and Raquel Rodriguez

Maggie suffered her own damage leading to an insurance claim due to the malfunctioning of the same gate. This gate functioned well until 2023. But then the problems started.

In October 2023, her son was driving through the gate with her daughter, but it closed too quickly and damaged the rear-view mirror on her car. They called the security service immediately. The security staff responded but told them there was nothing security could do. They went to the local office the next day, to report the damage. Local staff told them to contact their insurance company.

The photos in the exhibits show damage suffered on April 30, 2024 by Gabriel Diaz, the Tenant in Unit 12. He stated that the damage occurred due to the same gate malfunction. He provided proof of the damage he suffered, which was submitted to the Landlord.

This problem recurred over a period of approximately six months. During this period, the gate was left open when it was not working properly. Raquel notified the local office when she went to pay her rent at least twice during this time period.

Leonor felt that the gate wasn't working for approximately two years. They became accustomed to the gate being left open when it was broken. Her husband also complained to the local office more than once. The office staff always answers that the gate will be repaired. Sometimes they just become frustrated and stop making complaints.

Their photos document that the gate remains broken for long periods of time. When the Landlord fixes the gate, it works for a few days but is then "down" for a period of 1-2 months. The gate has been working better for the last 1-2 months.

James Huynh

When the gate was left open, it created a security concern because the entire property could be accessed by anyone entering through the gate.

ON BEHALF OF THE LANDLORD

Enrique Bedollah

This gate is a swing gate, not a gate that retracts. The gate is left open when it is broken to avoid trapping cars in the parking lot. Their repairs efforts are documented in the invoices they are submitting.

The gate is left open for the Recology collection of trash bins almost every day for certain pre-set hours.

Andrea Boulepark

They have reports in their files for the two incidents where tenants suffered damage to their cars. They have no evidence to support a conclusion that the gate caused these two incidents. Their records reflect the action they took to secure a response from their vendors when the gate was broken. They can't track the dates that the Tenants claim the gate remained unrepaired because the Tenant testimony is vague on the dates.

STAIRWAY PROBLEMS INCLUDING LIGHTING

By Tania Raass and James Huynh

She called the office to complain about this condition in August 2024 on numerous occasions, and then decided to take photos in October 2024. She read the stairway complaint to the Landlord group. Her email to the Landlord is one of the exhibits.

There is a stairway in the front, near the lobby, on the inside of the building. There are 28 steps. The lack of light on this stairway in the front of the building, creates a significant security concern, made worse when the elevator is not working. It is particularly bad for her because she works a night shift and uses the stairs when it is dark, which is even worse when it is windy or raining.

There is an outside stairway in the back of the building which does not have a lighting problem.

When they had their last Landlord meeting in January 2024, the lighting was fixed the next day. This condition has remained repaired since then.

She is not aware of anyone who has fallen or been injured due to the stairway condition.

ON BEHALF OF THE LANDLORD

Andrea Boulepark

There was no current work order for the stairway lighting at the time Ms. Tania spoke to their group, but the light was fixed the next day after that meeting. If a tenant accesses his or her account through their online portal, they can see the status of their various contacts concerning repairs.

Tania's email, dated November 9, 2024, used their general email address; resident relations has a different email address.

In response to a question about how they have been informing the tenants about the availability of the online portal, the answer is that they have a community engagement team that posts information on common areas and has not begun "blast" emails.

Dislocated Gutter

Maggie Pande and James Huynh

She has submitted Exhibit 37 which shows the gutter in question. It is located on the first floor near unit 9 and unit 10. Its defective condition results in water dripping onto the walkway. It has been in this condition since she moved into this Rental Property.

There is no evidence of any complaint made to the Landlord about this condition, but it should be apparent to the Landlord staff and the government inspectors when they conduct inspections. In a letter from Landlord Representative Michael Cramer, sent after their first meeting, he promised he would conduct a full inspection of all the common areas in October 2024.

This gutter has remained in the same condition as of this Hearing. The hotos taken on October 31, 2024 and February 20, 2025 show that the condition remains.

On Behalf of the Landlord

Enrique Bedollah

They conducted gutter and downspout cleaning at the end of the year, which also includes checking their alignment. They found several conditions that needed repairs. They were cited by the County for other gutter conditions but not the one identified here.

He checked this area on Monday and did not see any gutter issue in this area of the property.

Damaged Door Frame

Leonor Camarena and James Huynh

Tenant "Exhibit 35"[8] was taken on October 26, 2024 but it was not submitted until February 2025. This door depicted in the photo is on the second floor near the elevator, leading to one

[8] Part of T Ex. 12 in the Hearing Record

of the passageways. This condition lasted for 2-4 months. It was recently repaired about two weeks ago.

The condition of the door could have injured a person's fingers or head while opening it. She doesn't know of anyone who was actually injured.

She did not complain about the condition of this door in the letters and emails they sent to the Landlord while meeting with them. They forgot to mention this condition or submit the photo. Sometimes they lose track of all the problems.

This condition should have been visible to anyone inspecting the property.

On Behalf of the Landlord

Andrea Boulepark

Their records show the door was repaired, but they have no record of receiving a complaint prior to this repair being made.

General Maintenance

By James Huynh

Their photos show the failure to maintain the exterior paint and other overall appearance of the property gives an impression of deterioration. Maintaining the appearance of the property is a housing service.

Andrea Boulepark

This is an aesthetic problem not a habitability violation.

CLOSING STATEMENT ON BEHALF OF THE TENANTS

Maggie Pande

These conditions of neglect in the common areas have existed for the nine years that the property has been owned by Sandhill Properties.

Based on the evidence of this pattern of neglect, there should be an overall rent reduction of 15% for all petitioning households. There should also be a "rent credit" for the months of August 2024 through January 2025. During this time, the Landlord was assuring them that all issues had been resolved while they experienced that these conditions remained, causing significant stress to them and their families. For example, complaints about leaks in the parking area have been raised several times in meetings with the property owner.

V.

ANALYSIS OF KEY ISSUES

A. The tenants established the existence of the following conditions that constituted a decrease in housing services and/or a violation of applicable habitability requirements:

1. The intermittent breakdowns of the elevator in the building;
2. The leaks, flooding, and related defects in the building parking area, including the malfunctioning gate;

B. The Landlord was aware of each of the continuing existence of these conditions or should have been aware of them.

The Tenant witnesses described various occasions when they complained about these conditions to the Landlord, primarily by lodging verbal complaints with the staff at the Landlord's local office near the Rental Property, when they paid their monthly rent. They also verbally complained by calling the Landlord telephone number given to them to request repairs.

However, even if the Tenants had not complained, the Landlord should have independently been aware these conditions needed attention.

Several of these conditions were long-standing and obvious. They should have been discovered by the Landlord during periodic inspections.

Most of the conditions, such as the broken elevator and flooded parking area should have been obvious to anyone present at the Rental Property, including the Landlord's security service contractor personnel who were regularly present there.

The Landlord has asserted that its work order records and other similar records document that these conditions had been inspected and repaired.

However, regardless of the state of Landlord knowledge prior to July 2024, the Tenants, through the Tenant Association, submitted written complaints to the Landlord in July 2024, documented with photographs and videos. The continued existence of these conditions was subsequently described and documented by the Tenants and the Tenant Organization during the meeting process that began in July 2024. These actions clearly placed the Landlord on notice that the Tenants were asserting the ongoing presence of these conditions.

For some conditions, such as the broken elevator, the frequent onsite repair activities of the Landlord's elevator repair contractor also provided notice to the Landlord that these conditions were ongoing and were not being effectively addressed. According to the Landlord testimony, the security staff notified the office staff when there was flooding from rain.

In assessing the response of the Landlord to repair concerns raised by the Tenants, it is noted in the below Findings and Conclusions that several of the conditions at issue in this case were repaired by the Landlord very close to the time period of the February 26, Hearing.

C. It has been difficult to determine the beginning dates for the rent rebates ordered herein.

The Tenants testified that conditions found to warrant a rent rebate have existed for many years. For example, there was testimony that the elevator has malfunctioned since 2017. The Landlord has generally responded that its work order records don't reflect the existence of tenant complaints over this period of many years.

The challenge in determining an appropriate date for the elevator rebate and other rebates is the lack of written records. The Tenants testified that they made their complaints about various conditions verbally at the local officer or over the phone, so there are no clear records establishing Landlord awareness of the conditions found to justify a rebate. The Landlord's internal work order records do not appear to accurately reflect the very credible Tenant testimony about multiple verbal complaints to the Landlord's local office or telephone service.???look at these again and add a Finding and Conclusion on this issue

In order to justify the relevant Findings and Conclusions, and to balance the conflicting testimony, conservative rebate starting dates in 2023 or 2024 have been selected.

VI.

FINDINGS OF FACT BASED ON THE HEARING RECORD INCLUDING WITNESS TESTIMONY FOUND TO BE CREDIBLE

General, Procedural History, Jurisdictional

1. In September 2024, a number of Petitions were filed by tenants residing in Rental Units on the Rental Properties, located at 201 E. Okeefe, 245 E. Okeefe and 301 E. Okeefe, hereafter

"Rental Properties," in the City of East Palo Alto, hereafter "City." The Petitions were filed pursuant to the provisions of the City's Rental Stabilization and Just Cause for Eviction Ordinance of 2010, Title 14, Chapter 14.04 of the City's Ordinance Codes, hereafter referenced as the "RSO," and Chapter 1500 of the Regulations associated with that Ordinance, hereafter "Regulations."

2. The Petitions were filed pursuant to the Petition B provisions of the RSO and Regulations. These Petitions permit a tenant to assert that conditions in a rental unit subject to the RSO evidenced a breach of the implied warranty of habitability, a decrease in housing services and/or a deterioration of the rental property, hereafter referenced as "Habitability Violations" and "Service Reduction" conditions.
3. The Petitions filed by the Tenants subject to this Decision named Woodland Park Communities as the Respondent owner of the Rental Properties. The legal name of the owner of the Rental Property was subsequently identified as Woodland Park, LLC. Greystar Property Management was subsequently identified as the owner's property management agent for the Rental Properties. Both parties are jointly responsible for the conditions at issue in this Decision. These Landlord parties have been responsible for the Rental Property since 2018, which is the time period relevant to the Award herein. Both parties are jointly identified herein as the "Landlord."
4. The Petitions were subsequently served on the Landlord and consolidated for Hearing and for Decision based on the City's assessment that all the petitioning Tenants subject to this Decision lived in the same "building," and that there were conditions and issues common to all the relevant Petitions. The Landlord and Tenants did not object to the consolidation.
5. As part of the subsequent pre-hearing proceedings, the Rental Property common area issues raised in the consolidated Petitions for the Rental Property at 301 E. Okeefe were severed from the remaining cases and set for Hearing on February 26, 2025. This Decision is being issued by Hearing Examiner Martin Eichner to determine these common area issues at 301 E. Okeefe.

6. There are a total of 20 rental units on the 301 E. Okeefe Rental Property. All the units are one-bedroom units. The building containing the rental units on this Rental Property was constructed in the 1980s or earlier.
7. The Landlord did not object to applying the RSO jurisdiction to this proceeding.

General Findings Applicable to the Common Area Conditions

8. Prior to July 2024, the Tenants understood that the process for requesting a repair or complaining about a condition on the Rental Property was to verbally submit that concern to the Landlord staff working at an office close to the Rental Property, typically at the same time they went to this office to pay their monthly rent. There was also a telephone number for the Tenants to use as an alternative communication channel with the Landlord. There was no written complaint form supplied to tenants to register their requests.
9. At some point in 2024, a group of Tenants at the three Rental Property buildings located at 201, 245 and 301 E. Okeefe in the City, formed a Tenant Organization to address their concerns about conditions at these Rental Properties.
10. In a letter to the Tenant Organization dated July 31, 2024, the Landlord described the communication options available to tenants at the Rental Property. The letter states,

> There are many ways for a resident to report an issue. The resident can log on to the resident portal, they can call 650-566-2000, or they can come to a Management Office at 5 Newell Court or 2043 Euclid Ave.

This letter includes an online portal as one option but does not provide details or instructions for accessing that portal.

11. In a December 2024 communication, the Landlord described an online service portal called Bilt as an alternative method to raise a concern. There is no evidence of any notice about the Bilt portal prior to December 2024. [LL Ex. 7].
12. The Tenant Organization began to communicate with the Landlord on behalf of the Tenants, starting with a July 17, 2024 "Demand Letter." [T Ex. 5]. There were subsequent exchanges between the Landlord and the Tenant Organization, including photos and videos submitted by the Tenant Organization depicting conditions about which the Tenants were concerned. There were also meetings between the Landlord representatives and the Tenant Organization to discuss resolution of the concerns raised by the Tenant

Organization. [T Ex. 5, T Ex.17, LL Ex. 6]. Witness James Huynh from the Regional Tenant Organizing Network acted as one of the representatives for the Tenant Organization during these interactions.

13. The Rental Property is subject to periodic unannounced inspections conducted by the San Mateo Environmental Health Department.

Specific Common Area Conditions to be Addressed

The Building Elevator

14. The Rental Property building at 301 E. Okeefe has three levels. The street level primarily consists of a parking garage area. The second and third levels contain most of the 20 Rental Units. There is one elevator providing access to the second and third levels for tenants and visitors. Alternatively, there is an outside stairway providing tenant and visitor access to the second and third levels. There are 38 stairway steps to the third level.
15. The Tenant witnesses described a history of intermittent elevator breakdowns. These breakdowns would be followed by repairs made by the Landlord elevator repair contractor after a complaint was made to the Landlord. After these repairs were completed, the elevator would function for time periods of various lengths and then break down again.
16. Witness Maria de los Angeles has been living in unit 18 on the third level since approximately 2011. She described the elevator becoming intermittently "paralyzed" since approximately 2017. She found it difficult to use the stairway due to her pregnancy complications in the 2017 time period. This Tenant suffered additional stress when forced to use the stairway instead of the elevator on later occasions when she was experiencing medical issues.
17. She described calling the Landlord service phone number to make complaints about the condition of the elevator and also making complaints to the nearby Landlord office staff. She understood these two options were the way to raise a repair issue with the Landlord.
18. According to this Tenant, the Landlord contractor would fix the elevator. It would then work for a few days or a couple of weeks and then break down again.
19. According to this Tenant, the elevator continues to break down, through the current time period, including the week of this Hearing. She estimates that the break downs have

occurred 2 – 3 times a month in the last year. This witness submitted a video made on February 19, 2025 when the elevator broke down while she was inside it. [Included in T Ex. 6].

20. Tenant Maggie Pande has lived on the third level since 2015. She described an incident in 2024 where a disabled caregiver client needed access to her unit to use the bathroom. When they tried to use the elevator to reach her unit, the elevator broke down. This witness also testified that the unpredictable intermittent elevator breakdowns have continued through the present. Due to its unreliability, Ms. Pande has stopped using the elevator.
21. Tenant Tania Raass lives on the third level near the elevator location. She hears the elevator emergency button being pressed approximately once a month. She described two occasions when the fire department was called to open the elevator door. On one of these occasions, a tenant died in his rental unit. The body of the deceased tenant had to be carried down the stairs by the responding service providers because of the elevator was not working.
22. Leonor Camarena has been a Tenant in Unit 10 for more than ten years. She described a 2024 Christmas Eve party that was held at the Rental Property. On this occasion, the elevator broke down, forcing the participants to carry the party food down the stairs from the third level.
23. The Landlord employed Bleyle Elevator as its repair contractor for 2023 and 2024. The service records and invoices from this contractor were submitted by the Landlord as part of LL Ex. 8. These records document 11 services calls from January 2023 through March 4, 2025. Six of these services calls were listed as "trouble calls."
24. According to the Landlord Maintenance Manager, the elevator was offline for approximately one month in the October-November 2024 time period due to a "State Inspection." One of the Bleyle invoices, dated November 20, 2024 references a "Load Test" which appears to be related to the State Inspection.

COMMON AREA WALKWAYS AND STAIRS

25. Leonor Camarena described multiple cracks that have existed for the last 3-4 years in the walking corridors on the second and third levels of the building. These cracks are approximately 2-3 meters apart. A photo showing this condition is included in T Ex. 8. This witness stated that she has not fallen as a result of tripping on these cracks, but that her neighbor in Unit 12 did fall once. The crack causing her neighbor to fall was repaired by the Landlord. None of the other cracks have been repaired.
26. Tenant Tania Raass stated that the walkway near the third level elevator has been "soggy" for 3-4 years. Due to this soggy condition, she and others must walk on the side of the walkway. She testified that she called the Landlord's office to complain about this condition during a period of rain in March or April 2024. She acknowledged that a small part of the walkway was fixed two months prior to the Hearing but asserted that none of the other defects have been repaired.
27. Tenant Raquel Rodriguez lives in a unit on the third level. She testified that a crack in the walkway caused her to stumble, although she did not fall to the floor. She stated that this crack remains in the walkway, unrepaired.
28. Tenant Leonor Camarena also described cracks and chips on two stairs near the Rental Property elevator. She submitted a photo of these stairs as part of T Ex. 8.
29. The condition of the walkways was described in the July 17, 2024 Demand Letter sent to the Landlord. [Included in T Ex.5]. This condition, with the photo attached, was described again in subsequent negotiations between the Tenant Organization and the Landlord.
30. According to the testimony of Landlord Maintenance Manager Enrique Bedollah and Compliance Manager Andrea Boulepark, extensive repairs have been made to the walkways. A January 22, 2025 receipt from Innovative General Engineering included in LL Ex. 8 appears to include walkway repairs made a month before the Hearing. The Landlord witnesses asserted it has not been cited for this condition during the periodic San Mateo County inspections.

CONDITIONS RELATED TO THE PARKING AREA INCLUDING FLOODING, LEAKING PIPES

31. According to Tenant Raquel Rodriguez, there have been year-round water leaks in the pipes located in the parking area. This condition has occurred for more than five years. She is forced to remove stains from the leaks on the side view mirror of her vehicle. The leaking pipes are depicted in T Ex. 7. She acknowledges that the Landlord has tried to fix these leaks by sealing the pipes, but she asserts the leaks eventually return, including the repaired leak that the Landlord witnesses described in their testimony.
32. Ms. Rodriguez testified that the front and back parking areas flood every year during rainy season. These flooded areas sometimes remain, and producing bad odors, for 2-3 weeks until the Landlord takes action to remove the flood water. Examples of this condition are included in T Exs. 9 and 16. When the flooding becomes significant, she must drive her vehicle around the flooded area. This condition has not been permanently repaired.
33. There is also a hole and a bump in the front driveway that scraps the bottom of her car. This condition, depicted in T Ex. 11, was repaired but then the hole reopened.
34. Ms. Rodriguez testified that she or her husband have verbally complained about these conditions since 2018 or 2019. They make these complaints when they pay their monthly rent bill at the Landlord's local office.
35. Leonor Camarena testified the water leaks from various pipes in the parking area have occurred for many years. One such leak was repaired by the Landlord after she reported it to the Landlord staff.
36. She also described being forced to drive carefully through the area to avoid the rain water flooding and a hole in the driveway. She described her shoes becoming wet when walking through the area. She stated that the flood waters sometimes remain a few days and sometimes remain more than week.
37. These conditions, with attached photographic evidence, were described in the initial Demand Letter to the Landlord representatives. [T Ex. 5]. These conditions were mentioned again in the Tenant Organization's subsequent exchange of letters with the Landlord, and during the negotiations. Tenant Tania Raass testified that the Landlord made no effort to repair these conditions until after the Petitions in this case were filed.

38. The Tenant witnesses acknowledged the Landlord installed effectively functioning pumps to remove flood waters, but they note this action was only taken approximately two weeks before the Hearing.
39. According to Landlord witness Andrea Boulepark, their records show two leaks being repaired, including the one leak reported by Raquel Rodriguez that was repaired the same day it was reported. Their staff face challenges when repairing the pipe leaks due to the age of the building and the need to reach the plumbing inside the building walls.
40. Landlord Witness Bedollah indicated that the outside storm drains become clogged with debris during rainy season. Their security staff is directed to notify them when there is a leak or flooding in the parking area. There is a pump installed to direct rainwater into the street. This pump can become clogged, at which point their plumber, or their own staff, are instructed to remove the clogs. They have more recently installed additional pumps inside the existing pumps to remove the accumulated rainwater in the parking area more quickly.
41. The initial conditions identified during the Hearing process also included an assertion of "accumulated debris" in the parking area. Apart from the conditions in this area already discussed above, there was no additional evidence presented at the Hearing to document the presence of accumulated debris.

BROKEN MOTORIZED GATE

42. There is a motorized gate that opens and closes access to the parking area.
43. According to the Tenant witnesses, the gate began to malfunction in 2023. Tenant Maggie Pende described an incident where the gate closed as her son was driving through it, damaging a rear-view mirror on her car, as depicted in T Ex. 16. Ms. Pende reported this incident to the Landlord security staff and the local office staff.
44. Raquel Rodriguez testified that the gate malfunctioned over a period of approximately six months. Leonor Camarena stated that the gate has not functioned properly for approximately two years. The Tenant witnesses stated that the gate was left open when it was not working properly, thereby creating a safety issue.

45. The Tenant witnesses acknowledged that the Landlord would have the gate repaired, but stated it would stop working again, and remain broken for as long as 1-2 months. This gate has been working better for the 1-2 months prior to the Hearing.
46. Maintenance Manager Enrique Bedollah testified that the gate must be left for the Recology Company to collect trash and other refuse. The gate is also left open when it is broken to avoid trapping cars in the parking area. Andrea Boulepark testified that the company repair records show that the gate was repaired.
47. The repair and service invoices submitted by the Landlord in LL Ex. 8 do not include any documentation of repairs to the motorized gate.

DEFECTIVE STAIRWAY LIGHTING

48. Tenant Tania Raass described the lack of adequate lighting on the stairway in the front of the building. She has no choice but to use this stairway when the elevator is not functioning. The lack of lighting created a security concern for her, since she works a night shift. She testified that she complained to the Landlord local office staff in 2024. She described this condition in an email to the Landlord sent in November 2024. This condition is depicted in a photo included in T Ex. 10.
49. According to Ms. Rouse, this condition was fixed after she complained about this condition during a meeting with the Landlord representatives in January 2025.
50. Landlord witness Andrea Boulepark denied that the Landlord was aware of this condition until the January 2025 negotiation meeting. She stated that the condition was repaired the next day. Ms. Boulepark further explained that Ms. Rouse sent her November 2024 email to the wrong email address.

DISLOCATED GUTTER, DAMAGED DOOR FRAME, GENERAL EXTERIOR APPEARANCE

51. Tenant witnesses Maggie Pande and James Huyn described a dislocated rain gutter on the first level near units 9 and 10. They stated that rain water drips on the nearby walkway because of the condition of this gutter. They further stated that this gutter has remained unrepaired through the date of the Hearing, despite the Landlord's promise to conduct a full inspection in October 2024. Photographs depicting this condition are included in in T Ex. 13.

52. There is no evidence that Ms. Pande or any other Tenant made an individual complaint about this gutter to the Landlord.
53. Landlord witness Enrique Bedollah testified that his staff conducted gutter and downspout cleaning at the end of the year. This activity included checking their alignment. They found several conditions that needed repairs, but not the gutter condition raised in this Hearing. The property was cited by the County for other gutter conditions but not the one identified here.
54. He checked this first level area on Monday where this specific gutter is located. He did not see any issue with it.
55. Tenant witnesses Leonor Camarena and James Huynh described a damaged door frame leading to a passageway on the second level near the elevator. A photo of this condition is contained in T Ex. 12. This condition lasted for 2-4 months but was then repaired. There is no evidence in the Hearing Record of any tenant complaint about this condition prior to February 2025. There is no evidence that any tenant was injured or otherwise seriously impacted by this condition during the 2-4 months it existed.
56. Landlord witness Andrea Boulepark testified that their records show the door was repaired without any prior complaint from a tenant.
57. Tenant witness James Huynh testified that the poor condition of the building's exterior paint and other similar maintenance failures created an overall impression of a Rental Property in deteriorating condition.
58. There is no evidence of any complaint made to the Landlord about the overall appearance of the Rental Property. The Hearing Record does not contain photographic or video evidence accurately depicting the overall appearance of the Rental Property. There was no testimony presented by an Tenant to document that the overall exterior appearance of the Rental Property negatively impacted his or her use of the Rental Property.
59. Landlord witness Andrea Boulepark asserted that this condition was only an aesthetic concern, outside the scope of the Landlord's Housing Services or Habitability responsibilities.

VI.

CONCLUSIONS OF LAW BASED ON THE FINDINGS OF FACT

JURISDICTION

A. The Tenants are within the RSO Section 14.04.040 definition of "tenant" covered by the RSO Ordinance. The Landlord is within the "landlord" definition set forth in RSO Section 14.04.040. At the times relevant to this Decision, the Rental Units were not excluded from RSO coverage pursuant to RSO Section 14.04.050.

B. Based on the above Conclusions, it is held that the relevant Petitions in this case and this Decision are subject to the jurisdiction of the RSO. As noted in the Findings, Woodland Park, LLC and Greystar Property Management, jointly referenced herein as the Landlord, are the parties responsible for the Award issued in this Decision.

C. This holding is further supported by the fact that The Landlord did not challenge the RSO jurisdiction in this case.

D. There are sufficient grounds to recognize that the Petitioning Tenants subject to this Decision were living in the same building within the meaning of Regulation Section 1500.A.11 and that the common area conditions and issues raised in the relevant Petitions are similar for all the relevant Petitions. The consolidation of the individual Petitions subject to this Decision was therefore appropriate as authorized in Regulation Section 1500.A.11.

GENERAL PRINCIPLES

E. RSO Section 14.04.130 recognizes the right of tenants covered by the Ordinance to file a Petition seeking a downward Rent adjustment pursuant to the procedure set forth in RSO 14.04.140 and the associated Regulations. RSO Subsection 14.04.130.A allows a Petitioning Tenant to seek a rent reduction where a landlord has failed to maintain a habitable premises. RSO Section 14.04.130.B allows a tenant to seek a rent reduction when there has been a decrease in housing services affecting the petitioning tenant.

F. RSO Section 14.04.040. defines "Housing Services" to include, but not be limited to,

"repairs, maintenance, painting, providing light, hot and cold water, elevator service, window shades and screens, storage, kitchen, bath and laundry facilities and privileges, janitor services, refuse removal, furnishings, parking and any other benefit, privilege or facility connected with the use or occupancy of any rental unit. Services to a rental unit shall include a proportionate part of services provided to common facilities of the building in which the rental unit is contained."

G. Section 1500.A of the Regulations generally governs the Hearing process for this type of tenant petition.

H. Regulation Section 1500.E establishes the bases for reviewing petitions asserting the occurrence of conditions that constitute a reduction in Housing Services and/or Maintenance and/or Failure to Provide Maintenance and/or Services Required by Law, hereafter referenced as "Service Reductions." Pursuant to Section 1500.E.2.c, the Petitioning Tenants have the burden of proving the elements necessary to support their Service Reduction and Habitability Petitions and must do so by a "preponderance of the evidence." This preponderance evidentiary standard asks which party has presented the greater weight of credible evidence, sometimes described as asking which party "tipped the scales" to support Findings in its favor.

I. Regulation Section 1500.E.2.d.i authorizes a rent reduction from the date after August 1, 2010 that the Landlord knew or should have known about the condition justifying the reduction, and thereafter failed to take promptly correct it.

J. RSO Section 14.04.130 and other similar RSO provisions limit the remedy for this type of Petition to a rent reduction award. The RSO does not recognize the authority of a Hearing Examiner to grant other types of relief to a petitioning tenant, such as personal injury damages or damage to personal private property, for example, claims that the Rental Property parking gate damaged a tenant's vehicle. Such claims are outside the scope of this Decision.[9]

---

[9] Nothing in this Decision should be interpreted to represent a decision on the merits of any such damages claim.

THE BUILDING ELEVATOR

K. "Elevator service" is specifically included in the RSO Section 14.04.040 definition of Housing Services. A properly functioning, reliable elevator at this type of Rental Property with three levels of floors is an important component of the Housing Services owed to the Tenants living there.

L. The Tenant witnesses credibly described continuing intermittent failures of this elevator, the only elevator on the Rental Property. It is concluded that these failures occurred over a period of at least two years prior to the Hearing and continued through the February 2025 Hearing date. The Tenant testimony documented significant impacts and stresses resulting from the elevator breakdowns, particularly for tenants living on the third level. These occasions included persons with disabilities or medical conditions impacted by the absence of elevator access, as well as more mundane stresses such as carrying groceries up the stairs. This testimony was supported by video and photographic evidence. It is realistic that a tenant would constantly worry about whether the elevator would be functional, due to the unpredictability of the elevator's functioning.

M. The Tenants differed in their estimates about the frequency of the elevator breakdowns; their estimates ranged from once a month to 2-3 times a month. All agreed that the elevator breakdowns continue through the present.

N. The Tenant testimony described multiple efforts to inform the Landlord about the elevator failures.

O. The Landlord did not present an expert witness to testify that the elevator did function properly on a continuing, predictable basis. There was no witness or report from the elevator contractor to dispute the Tenant testimony about the reliability of the elevator.

P. The Bleyle service records show their technicians performed elevator service five times in 2023 and five additional times in 2024, as well as one time in March 2025. Six of these ten occasions were listed as "trouble calls." Only one of the service calls appears to have been linked to a State Inspection in late 2024. The frequency of service by this contractor documents that the elevator has not reliably functioned on multiple occasions in the years 2023, 2024 as well as early 2025. These service records document that the Landlord was

aware of the elevator problems during this time period. These records show that the Landlord acted to repair the elevator. However, these records, and the Tenants' evidence, document that the Landlord's efforts were insufficient to provide the Tenants with a predictably reliable elevator service.

Q. It is held that the Tenants met their burden of proving that they were denied a Housing Service within the meaning of the RSO. This conclusion is based on the failure of the Rental Property elevator to reliably function for the time period between January 2023 and the date of the Hearing. If a Tenant cannot rely on the building elevator to enter or leave his or her Rental Unit, the other benefits of living in a Rental Unit at this Rental Property are significantly impacted. A rental reduction of 15% for the Petitioning Tenants living on the third level is an appropriate Award. A rental reduction of 7% for the Petitioning Tenants living on the second level is an appropriate Award. The calculation is set forth in Appendix A. The beginning date for applying this rebate is set for January 1, 2023 based on the multiple elevator repair records for 2023 and 2024.

R. A continuing Award is also appropriate for this condition since the preponderance of the evidence in the Hearing Record supports a Conclusion that the elevator malfunctioning was continuing through the date of the February Hearing. Pursuant to Regulation Section 1500.E.2.d.iii, the rent reductions for this Housing Service denial continue at the same rate set forth in Appendix A "until the failure is corrected." The basis for determining that this denial has been corrected is set forth in the below Award.

COMMON AREA WALKWAYS

S. Maintenance of the common area walkways is a "benefit, privilege or facility connected with the use or occupancy" of the Rental Property within the scope of Housing Services required by RSO Section 14.04.040. Safe, properly repaired walkways are also within the scope of a landlord's duty to provide a habitable premises, as defined in California Civil Code Section 1941.1(a)(8). This provision requires a landlord to provide "Floors, stairways, and railings maintained in good repair."

T. The determination as to whether the Tenants' evidence tipped the scales in their favor to establish the elements of a violation is very close, but it is held that they failed to do so.

U. The Tenants did not present direct witness testimony that anyone fell or was injured due to these conditions. The Landlord evidence documents repairs to the most egregious walkway defects. The Tenants' photographic evidence is insufficient to establish defects or hazards more serious than would be expected in any older building subject to the RSO.

CONDITIONS RELATED TO THE PARKING AREA INCLUDING FLOODING, LEAKING PIPES, BROKEN ENTRANCE/EXIT GATE

V. These conditions described by the Tenants are within the scope of Housing Services required by RSO Section 14.04.040 which specifically includes "parking" along with "repairs and maintenance."

W. The leak and flooding conditions in the parking area are also within the scope of the Landlord's habitability duties as defined in California Civil Code Section 1941.1(a)(1). This provision requires a landlord to provide "Effective waterproofing and weather protection of roof and exterior walls."

X. The Tenants have proven the existence of this Housing Services violation and this Habitability violation based on the leaky pipes and rain-water flood conditions in the parking area. In addition, the Findings show that the malfunctioning gate was a safety hazard to vehicles passing through it and a safety hazard when it was left open while broken. Although the gate was broken on an intermittent basis, the Tenants faced the continuing concern during the entire relevant time period about whether it would work when they were entering or leaving the parking area. They were also faced with the continuing safety concern that unwanted intruders would entry the property when the gate was left open.

Y. In addition to complaints made by Tenants, it is held that the Landlord was aware of these violations because its security staff personnel were instructed to report these type of conditions.

Z. The Landlord failed to prove that it took prompt and effective action to cure any of these conditions, as evidenced by the fact that they continued to re-occur. The Tenant testimony about the continuing intermittent occurrence of these conditions is held to meet their burden of proof.

AA. Based on these conditions, it is held that the Tenants are entitled to a rent reduction for these conditions. The combined percentage of rent reduction for the parking area leaks and flooding is held to be 4%, for the time periods and dates set forth in Appendix A. The dates for the rebate allocated to the flooding have been adjusted to represent a projected overall reduction based on averaging the impact of flooding during rainy season versus the dry season. The additional rent reduction for the broken motorized gate is held to be 3%, for the time periods and dates set forth in Appendix A.

BB. It is held that the Landlord's recent efforts to control the flooding and maintain the motorized gate have been effective. However, a continuing Award is appropriate for the leaking pipe conditions, given the lack of evidence of effective repairs for these conditions through the date of the February Hearing. Pursuant to Regulation Section 1500.E.2.d.iii, the rent reduction for the leaky pipe condition continues at the same rate set forth in Appendix A "until the failure is corrected." The basis for determining that this condition has been corrected is set forth in the below Award.

STAIRWAY LIGHTING

CC. Failure to maintain the stairway lighting is within the RSO scope of Housing Services. Such a failure would also violate the Landlord's habitability responsibilities established by Civil Code Section 1941.1(a)(5). This provision requires a landlord to provide "Electrical lighting, with wiring and electrical equipment …. maintained in good working order."

DD. It is held that the Tenants did not meet their burden of proving this Landlord violation. The Tenant testimony established that this stairway lighting failure did violate the Housing Services and Habitability requirements. However, unlike other conditions, the testimony does not establish a lengthy time period of complaints by multiple tenants about this condition. The Hearing Record does not include convincing evidence establishing that Landlord was aware of this condition prior to the January 2025 negotiation meeting with the Tenant Organization. The Tenants acknowledge the condition was repaired immediately after the January 2025 negotiation meeting.

DISLOCATED GUTTER, DAMAGED DOOR FRAME, GENERAL EXTERIOR APPEARANCE

EE. The Tenants failed to meet their burden of proving that any of these conditions violated the Landlord's Housing Services or Habitability responsibilities within the meaning of the RSO and Regulations.

FF. Repairing the defective gutter was arguably within the scope of Housing Services maintenance and repair responsibilities. This condition was also with the Landlord's habitability responsibility established by California Civil Code Section 1941.1(a)(1). This provision requires a landlord to provide "Effective waterproofing and weather protection of roof and exterior walls."

GG. There is no evidence in the Hearing Record to establish that the condition of this gutter affected the health or safety of any Tenant or any property owned by a Tenant.

HH. There is no evidence in the Hearing Record to establish that the Landlord was actually aware of this specific gutter condition. There was no Tenant witness asserting that a complaint had been made through the various Landlord channels such as the local office. The Tenants asserted that it should have been apparent as part of the overall inspection that the Landlord promised to conduct in October. However, Maintenance Manager Enrique Bedollah testified that he did subsequently inspect this gutter and found no defect. He also testified that other gutter conditions had been cited during San Mateo County inspections, but not this one.

II. The door frame condition described by the Tenant witnesses shows a repair condition that is within the scope of the Housing Services owed to the Tenants by the Landlord. The Tenant photographic evidence of this door, T Ex. 12, depicts a door in obvious need of repair. However, there is no evidence in the Hearing Record to document that any Tenant complained to the Landlord about this condition. There is also no evidence in the Hearing Record documenting that any Tenant was injured, or inconvenienced, by this door condition, or that there was any safety concern or any other serious impact resulting from this condition.

JJ. The Tenant testimony indicated that the door was repaired within 2-4 months after its defective condition was discovered. Landlord Compliance Manager Andrea Bouleware

testified that this door was repaired despite the lack of a documented Tenant complaint about it.

KK. Regarding the overall appearance of the Rental Property, the Tenants did not submit photograph or video evidence that sufficiently documented the quality of the overall appearance of the Rental Property. There was no evidence in the Hearing Record documenting that any Tenant suffered a measurable or noticeable negative impact from the overall appearance of the Rental Property. There is also no evidence in the Hearing Record that any Tenant made a repair request to the Landlord to improve the property's overall appearance, or a complaint about a negative impact from the present appearance.

VII.

AWARD

A. This Decision and Award apply to those Tenants who filed the RSO Petitions subject to this Decision who were occupying Rental Units in the Landlord's Rental Property located at 301 E. Okeefe Street in the City of East Palo Alto at the time these Petitions were filed.

B. This Award is limited to the common area conditions covered by these Tenant Petitions that were described during the January 28, Pre-Hearing Meeting and the evidentiary Hearing conducted on February 26, 2025 by Hearing Examiner Martin Eichner.

C. The Tenants subject to this Award are entitled to rental rebates for the conditions found to be Habitability violations and/or Housing Services violations in this Decision's Findings and Conclusions. The conditions subject to this rebate and the percentage of the rebate for each such condition are set forth in Appendix A. The rebates are effective 30 days after this Decision becomes final.

D. The names and Rental Unit numbers of the Tenants subject to this Award are set forth in Appendix B. The Landlord is directed to provide an accounting of the Rent Rebate owed to each of the Tenants listed in Appendix B, no later than 40 days after this Decision becomes final. This accounting should be submitted to the Rent Stabilization Office for service on the Tenants and Tenant Organization. The rent

rebate and continuing rent reduction due to the elevator condition is limited to those Tenants living in Rental Units on the second and third levels of the Rental Property.

E. The rent rebates itemized in Appendix A shall be applied as a credit against any existing arrears or judgment resulting from unpaid monthly rent owed the Landlord by any Tenant subject to this Award.

F. Any remaining rebate, due after existing arrears and judgments have been satisfied, should be applied as a credit to each Tenant's future monthly rent payments if that Tenant still occupies the Rental Unit as of that date.

G. If any Tenant subject to this Award has vacated the Rental Unit after this Decision becomes final with any rent rebate still owing, the remaining unapplied rebate will be due and payable directly to that Tenant no later than 30 days after the date the Tenant fully vacates the Rental Unit.

H. The Tenants subject to this Award are also entitled to a continuing rental reduction in addition to the rebates described in Appendix A. Those reductions apply to the following conditions, and will continue until the following requirements have been met:

a. The malfunctioning elevator

i. Pursuant to Regulation Section 1500.E.2.d.iii, the rent reduction for the malfunctioning elevator condition continues "until the failure is corrected." As to this condition, "corrected" means that the Landlord has filed a written certification from a licensed elevator repair contractor, not previously employed by the Landlord, stating that long-term repairs have been completed and that the elevator will be expected to function without interruption or breakdown for the next twelve months;

b. The leaking pipes in the garage area

i. Pursuant to Regulation Section 1500.E.2.d.iii, the rent reduction for the leaky pipe condition continues "until the failure is corrected." As to this condition, "corrected" means that the Landlord has filed a written certification from a licensed plumbing contractor, not previously

employed by the Landlord, stating that long-term repairs have been completed and that further leaks from these pipes will not be expected to occur in the next twelve months.

I. Any dispute about any aspect of the rebates or reductions owed to any Tenant will be determined by the Hearing Examiner in a summary proceeding utilizing written submissions by the affected parties.

J. The Tenants are not entitled to an Award for any of the other common area conditions at this Rental Property that existed as of February 26, 2025.

Dated: June 9, 2025

Martin Eichner
Hearing Examiner

APPENDIX A – Calculation of Rental Rebate as of March 1, 2025

Condition	Period of Rental Rebate	% of reduction in monthly rate for each Tenant subject to the Award
Malfunctioning elevator – [Petitioning Tenants living on the third level]	January 2023 to February 26, 2025	15%
Malfunctioning elevator – [Petitioning Tenants living on the second level]	January 2023 to February 26, 2025	7%
Leaking pipes and flooding in the parking area	January 2023 to February 26, 2025	4%
Malfunctioning motorized gate	January 2023 – January 1, 2025	3%

APPENDIX B – List of Tenants at 301 E. Okeefe Subject to the Award herein

Tenant Name	Rental Unit
Rafaela Hernandez	1

CONCLUSION 22

INTRODUCTION

This appeal presents the question as to when a rent rebate is warranted under the City of East Palo Alto's Rent Stabilization Ordinance ("RSO"). Apparently concerned about an imminent sale of their building and frustrated by the age of the property, certain residents ("Petitioners") filed Petitions for Individual Rent Adjustment ("Petitions") for their respective tenancies in apartments located at 301 E. O'Keefe St., East Palo Alto (the "Property"). The Petitions claim that Petitioners should be awarded significant rent rebates.

Unfortunately for Petitioners, record evidence is clear that to the extent that material maintenance issues arose at the Property, the landlord addressed those issues in a timely fashion, working to resolve them as soon as they had notice of the problem. Rent rebates are not proper for problems that have been timely addressed by the landlord.

This appeal asks the Rent Stabilization Board ("Rent Board") to reverse the Hearing Examiner's decision on common area issues at the Property to the extent that it: (1) awards rebates when record evidence shows that problems were fixed in a timely fashion; (2) cites no evidence to that Respondent had notice of problems years before petition was filed; (3) awards rent rebates beyond the time period where there was a problem, especially prospectively before there could be evidence presented of an ongoing problem; (4) awards rent rebates for minor problems; (5) awards rent reductions that tenants did not request in their petitions; (6) requires specific performance; (7) awards rebates for periods in which tenants had no tenancy; and (8) awards rent rebates for Petitioners who never presented any evidence.

Such determinations are contrary to the RSO and its implementing Rules and Regulations for Residential Tenancies Under 2010 RSO ("Rules").

FACTS

This matter involves fifteen petitions that were filed by tenants in the fall of 2024. At that time, the Property was owned by Woodland Park Property Owner, LLC.[1] The Property was part of the portfolio of apartment buildings on the west side of East Palo Alto, known as the

[1] The Decision (at 7:9) erroneously refers to the owner as having been "Woodland Park, LLC." This is inaccurate.

Woodland Park Apartments. The then-owner contracted with Greystar to manage the rental property, including negotiating lease agreements, collecting rent payments, and responding to requests for maintenance. Together, the owner and the property manager are referred to herein as "Respondent."

I. Petition Process

The petitions were submitted to the Rent Stabilization Program ("RSP") in September 2024. They were served on Respondent in October 2024. Within two weeks, Respondent timely responded to the Petition on the RSP response form. The responses were served on the RSP and the Petitioners.

The RSP decided to consolidate the petitions and to bifurcate the issues into "common area issues" and individual issues. The RSP set a hearing on the common area issues for February 26, 2025. The RSP required the parties to provide a witness list and exhibits to the RSP and the other party by February 20, 2025. Respondent provided the witness list and exhibits to the RSP before the deadline. Respondent submitted exhibits related to each individual petitioner's tenancy as well as exhibits related to the common area issues.

The Hearing Examiner conducted a hearing on common area issues as scheduled. Only four of the petitioners were listed as speakers for the hearing on common area issues to provide testimony.

After the hearing, in April 2025, Woodland Park Property Owner, LLC sold the Property to a new owner. The new owner contracted with a new property management company to manage the Property. After April 2025, the new property owner and new property manager were responsible for day-to-day operations at the Property. However, the old property owner and property manager continued through the petition process on behalf of Respondent.

The Hearing Examiner issued a decision (the "Decision") dated as of June 9, 2025. It was not served on Respondent until June 12, 2025.

The Decision (at 44:2-16) awarded all fifteen petitioners a rent rebate. Everyone received a 4% rent rebate for "leaking pipes and flooding in the parking area" from January 2023 through February 26, 2025, and a 3% rent rebate for "malfunctioning motorized gate" from January 2023

through January 1, 2025. Rent rebates were also provided for the "malfunctioning elevator" in the amount of 15% for tenants on the third floor and 7% for tenants on the second floor from January 2023 through February 26, 2025. *Id.* The Decision (42:17-28) also provided for a prospective rent rebate requiring Respondent to take certain prescribed actions to obtain written certifications.

Respondent timely appealed the decision on June 27, 2025. The RSP took no action on the appeal for nearly nine months.

The RSP finally asked the Rent Board to set a hearing and briefing schedule on March 11, 2026. At that time, the Rent Board determined to hold the appeal hearing on the record.

II. Tenant-Specific Facts

A. Rafaela Hernandez, Apartment 1

This tenancy began on May 3, 2011. See R002.[2] The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevators, flooding or leaks in the parking area, or problems with the security gates. See R046 through R076. It appears that Petitioner has dropped the Petition: She did not appear at the common area hearing and never proceeded with a hearing on the individual apartment.

B. Jorge Rodriguez, Apartment 2

This tenancy began on May 6, 2011. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevators, flooding or leaks in the parking area, or problems with the security gates. See R048 through R078. It appears that Petitioner has dropped the Petition: He did not appear at the common area hearing and never proceeded with a hearing on the individual apartment.

C. Silivelio Sili, Apartment 4

This tenancy began on June 1, 2011. See R002. The Petition does not request any rent

[2] The citations related to an individual tenancy are to the exhibits submitted with regard to that individual petition. These include leases, ledgers, and work orders related to the particular tenancy. Otherwise, citations to the record are to record evidence submitted for the common area hearing.

refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with flooding or leaks in the parking area, or problems with the security gates. See R029 through R058.

There is a work order dated October 29, 2024, reporting the "elevator not working." R049. The technician went and inspected on October 31, 2024, and found "elevator is working fine, inspected it and went to second and third floor everything is working fine." *Id.* The Petitioner came to the office to report that certain hallway lights needed to be fixed. Another work order on the same day reported that the elevator needs paint. R054. The technician reported that the elevator door has been painted and that it was in the process of being cleaned after chocolate had spilled in the elevator. *Id.* Finally, that same day, there is a third work order regarding the floor outside the elevator "peeling." R055. The flooring on the second and third floors outside the elevator were replaced a few days later, by November 7, 2024. *Id.*

D. Federico Vargas, Apartment 5

This tenancy began on December 1, 2014. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petition lists 23 specific items but does not mention problems with flooding or leaks in the parking area or problems with the gate. (See Petition PDF p.10). The Petitioner never reported problems with flooding or leaks in the parking area, or problems with the security gates. See R036 through R109.

There is a work order dated September 9, 2024, regarding the elevator. See R059. The elevator was inspected and it was working fine. *Id.*

E. Tomasi Pelesikoti, Apartment 6

This tenancy began on December 1, 2024. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with flooding or leaks in the parking area. See R047 through R089.

There is a work order dated October 29, 2024, reporting problems with the elevator. R078. The technician went and inspected on October 31, 2024, and found the elevator to be working. *Id.* A problem with the security gate closing too quickly was reported on July 1, 2024. R060. A technician came to inspect on July 9, 2024, and readjusted the timing of the gate to give

tenants more time to come in and out of the gate before it automatically closed. *Id.* It had been closing more rapidly than the Petitioner wanted. *Id.* Note that this is different than the problem articulated in the common area hearing wherein the gate did not provide adequate security. Here, the tenant found that the gate was too secure and wanted more time with the gate open.

F. Soane Kofeloa, Apartment 9

This tenancy began on March 21, 2024. See R002. The tenancy ended in August 2024. R037-38. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevators, flooding or leaks in the parking area, or problems with the security gates. See R043 through R059.

G. Leonor Camarena, Apartment 10

This tenancy began on December 1, 2014. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevator. See R047 through R092.

Unit 10 experienced a leak in the parking stall on October 16, 2024, that was repaired on November 4, 2024. R059.There is a work order dated October 29, 2024, regarding the security gate not working. R068. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.* There is also a work order for the same date regarding exterior drains becoming clogged. R070. A technician came out on October 31, 2024, and found that the drains were working "fine with no issues." *Id.*

On November 11, 2024, a new issue arose. R077. The tenant reported that a parking stall pipe had broken. The technician came the same day and "replaced damaged broken pipe." *Id.* On November 26, 2024, the tenant confirmed that "theirs [sic] no leaks anywhere." R063.

H. Maggie Pande, Apartment 11

This tenancy began on December 1, 2014. See R002. The Petition does not request any rent refund for any common area problems other than a 10% reduction for the security gate. (See Petition, p.6). The Petitioner never reported problems with the elevator or with flooding or leaks in the parking area. See R047 through R081.

There is a work order dated October 29, 2024, regarding the security gate not working.

R082. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.*

I. Gabriel Diaz, Apartment 12

This tenancy began on May 20, 2011. See R002. The Petition does not request any rent refund for the elevator or any common area problems other than a 10% reduction for the leaking water in the parking lot. (See Petition, p.6). The Petitioner never reported problems with the elevator. See R046 through R082.

There is a work order dated as of August 14, 2024, regarding a leak in the parking area. R060. Respondent immediately worked to address the issue. *Id.* That same day, the technician came to inspect and found that there was a leak in Unit 12, above the parking area, causing the water to enter the parking area. *Id.* The technician posted a notice to enter for Unit 12 (requiring time to enter someone else's apartment) and found a leak coming from the tub and enclosure seam. *Id.* The technician recaulked the tub with silicone and inspected the carport area. *Id.* The technician removed the damaged drywall and stucco. *Id.* On August 21, 2024, they inspected again to ensure the problem had been solved. *Id.* The technician advised Mr. Diaz that the carport would be open for a few days to let the wood dry and then it would be re-closed. *Id.* On September 19, 2024, the area was still dry so the stucco and drywall were replaced. *Id.* A follow-up work order was placed on October 31, 2024. R080. The inspection notes explain "broken pipe was replaced back in August. Copper hot line at elbow had pinch hold causing leak." *Id.*

There is a work order dated October 29, 2024, regarding the security gate not working. R082. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.*

J. Tania Raass, Apartment 14

This tenancy began on May 19, 2011. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported

problems with the elevators, flooding or leaks in the parking area, or problems with the security gates. See R047 through R059.

K. Juana Serrate, Apartment 15

This tenancy began on June 1, 2024. See R002. The Petition does not request any rent refund for any common area problems other than the elevator. (See Petition, p.6). The Petitioner never reported problems with flooding or leaks in the parking area, or problems with the security gates. See R050 through R108.

There is a work order dated September 9, 2024, regarding the elevator. R062. The technician immediately checked it out and found that the elevator was working properly. *Id.*

L. Nubia Alvarado, Apartment 16

This tenancy began on March 1, 2015. See R002. The Petition does not request any rent rebate for any common area problems. (See Petition, p.6). The tenant did, however, request reimbursement for damages to her car. The Petitioner never reported problems with the elevators, or problems with the security gates. See R036 through R067.

There is a work order dated August 14, 2024, regarding the parking area leak, admitting that it had already been resolved. R052. The notes on the work order indicate that "resident states theirs [sic] no water leaking, she said she has a stain on her car from along [sic] time ago," *Id.*

M. Maria Mondragon, Apartment 18

This tenancy began on November 18, 2011. See R002. The Petition does not request any rent refund for any common area problems other than the flooding/leaks in the parking area. (See Petition, p.6). Note that the Petition leaves a blank space next to the amount for any rent rebate for the elevator, indicating that no rebate was sought. *Id.* The Petitioner never reported problems with the security gates. See R043 through R074.

There is a work order dated August 15, 2024, regarding the elevator. R052. The technician investigated and found that the "elevator is currently working no issues." *Id.* A subsequent work order from August 19, 2024, states "All leaks in carport have been address [sic], stall 7, 21 and 12." R053.

N. Isela Garcia, Apartment 20

This tenancy began on February 5, 2022. See R002. The Petition does not request any

rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevators, flooding or leaks in the parking area, or problems with the security gates. See R052 through R078.

O. Francisco Menera, Apartment 21

This tenancy began on May 4, 2014. See R002. The Petition does not request any rent refund for any common area problems. (See Petition, p.6). The Petitioner never reported problems with the elevators or problems with the security gates. See R050 through R074.

There are a series of work orders regarding work done in the parking area. On July 14, 2024, the resident reported a leak in the parking stall. R057. The technician came to inspect and found no leak. *Id.* Tenant reported a leak on December 26, 2025. R073 The technician inspected and found no leak. The technician inspected repeatedly, including on December 26, 27, 28, 29, and 31 and found no leaks. *Id.* Another work order was entered on January 23, 2025, and again no leak was found. R074. Pedro, the technician, ran the water from the units above and found no leak. *Id.*

STANDARD OF REVIEW

Neither the Rules nor the RSO articulate the standard of review that the Rent Board should apply to an appeal on the record. Respondent supports the use of the standard of review that applies generally to the review of quasi-judicial decisions:

> The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of, jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

Cal. Code Civ. Proc. ("CCP") Section 1094.5(b). "Where it is claimed that the findings are not supported by the evidence … abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record." CCP Section 1094.5(c).

The quantum of proof required for a Hearing Examiner to award a rent rebate is the

"preponderance of the evidence." Rule 1500(A)(16)(a). "No individual Maximum Allowable Rent adjustment shall be granted unless supported by the preponderance of the evidence submitted at the hearing." The "preponderance of the evidence" means more than half of the evidence.

In this case, the Hearing Examiner abused his discretion by failing to proceed in the manner required by law and by issuing a decision that is not supported by the findings, which in turn are not supported by more than half of the evidence.

ARGUMENT

The retrospective rent rebate and prospective rent reduction awarded to Petitioners should be reversed because they constitute an abuse of discretion. The Hearing Examiner failed to proceed in the manner required by law and made findings that were not supported by the preponderance of the evidence.

I. Record Evidence Shows That Woodland Park Timely Fixes Common Area Problems.

The Decision awards a rent rebate (15% or 7%, depending on location of unit) for an allegedly "malfunctioning elevator" from January 2023 through February 2025 (and beyond), a 4% rent rebate for allegedly leaking pipes from January 2023 through February 2025 (and beyond), and a 3% rent reduction for an allegedly malfunctioning motorized gate from January 2023 through January 2025. Decision at 44. However, the record evidence shows that every time a Petitioner provided notice to the landlord of a problem in the common area, it was immediately fixed.

There is ample record evidence that when a Petitioner did provide notice to Respondent, the problem was fixed. Pursuant to Rule 1500(E)(2)(d)(i), "There shall be no rent reduction if the condition was promptly corrected upon notice to the landlord and the breach had a minimal impact." That is the case for every common area issue here.

A. Elevators Have Been Promptly Repaired.

The record evidence shows that when a petition raised an issue with the elevator, it was immediately inspected. If work was required, it was completed. Silivelio Sili in Apartment 4 reported elevator problems. There is a work order dated October 29, 2024, reporting the

"elevator not working." R049. The technician went and inspected on October 31, 2024, and found "elevator is working fine, inspected it and went to second and third floor everything is working fine." *Id.* The Petitioner came to the office to report that certain hallway lights needed to be fixed. Another work order on the same day reported that the elevator needs paint. R054. The technician reported that the elevator door has been painted and that it was in the process of being cleaned after chocolate had spilled in the elevator. *Id.* Finally, that same day, there is a third work order regarding the floor outside the elevator "peeling." R055. The flooring on the second and third floors outside the elevator were replaced a few days later, by November 7, 2024. *Id.*

Similarly, Federico Vargas in Apartment 5 entered a work order related to the elevator. There is a work order dated September 9, 2024, regarding the elevator. See R059. The elevator was inspected and it was working fine. *Id.* Tomasi Pelesikoti in Apartment 6 had a similar experience. There is a work order dated October 29, 2024, reporting problems with the elevator. R078. The technician went and inspected on October 31, 2024, and found the elevator to be working. *Id.* Same with Juana Serrate in Apartment 15. There is a work order dated September 9, 2024, regarding the elevator. R062. The technician immediately checked it out and found that the elevator was working properly. *Id.* Similarly, Maria Mondragon in Apartment 18 entered a work order dated August 15, 2024, regarding the elevator. R052. The technician investigated and found that the "elevator is currently working no issues." *Id.*

The evidence shows that the elevator was working. No rent rebate is appropriate. There is no record evidence that Petitioners made reports of problems that went unaddressed by Respondent. No rent rebate is appropriate for this issue.

B. Plumbing Issues in Parking Areas Were Timely Addressed.

The Decision refers to leaking pipes in the parking area. Decision p.44. The record evidence shows that any time a problem with a leak in the parking area was raised, it was immediately inspected and addressed. Leonor Camarena in Apartment 10 experienced a leak in the parking stall on October 16, 2024, that was repaired on November 4, 2024. R059. There is another work order dated as of October 29, 2024, regarding exterior drains becoming clogged.

R070. A technician came out on October 31, 2024, and found that the drains were working "fine with no issues." *Id.* On November 11, 2024, a new issue arose. R077. The tenant reported that a parking stall pipe had broken. The technician came the same day and "replaced damaged broken pipe." *Id.* On November 26, 2024, the tenant confirmed that "theirs [sic] no leaks anywhere." R063.

For Gabriel Diaz in Apartment 12, there is a work order dated as of August 14, 2024, regarding a leak in the parking area. R060. Respondent immediately worked to address the issue. *Id.* That same day, the technician came to inspect and found that there was a leak in Apartment 12, above the parking area, causing the water to enter the parking area. *Id.* The technician posted a notice to enter for Apartment12 (requiring time to enter someone else's apartment) and found a leak coming from the tub and enclosure seam. *Id.* The technician recaulked the tub with silicone and inspected the carport area. *Id.* The technician removed the damaged drywall and stucco. *Id.* On August 21, 2024, they inspected again to ensure the problem had been solved. *Id.* The technician advised Mr. Diaz that the carport would be open for a few days to let the wood dry and then it would be re-closed. *Id.* On September 19, 2024, the area was still dry so the stucco and drywall were replaced. *Id.* A follow-up work order was placed on October 31, 2024. R080. The inspection notes explain "broken pipe was replaced back in August. Copper hot line at elbow had pinch hold causing leak." *Id.*

Nubia Alvarado in Apartment 16 entered a work order dated August 14, 2024, regarding the parking area leak, admitting that it had already been resolved. R052. The notes on the work order indicate that "resident states theirs [sic] no water leaking, she said she has a stain on her car from along [sic] time ago." *Id.* Similarly, a work order from Maria Mondragon in Apartment 18 as of August 19, 2024, states "All leaks in carport have been address [sic], stall 7, 21 and 12." R053.

Finally, for Francisco Menera in Apartment 21, there are a series of work orders regarding work done in the parking area. On July 14, 2024, the resident reported a leak in the parking stall. R057. The technician came to inspect and found no leak. *Id.* Tenant reported a leak on December 26, 2025. R073 The technician inspected and found no leak. The technician

inspected repeatedly, including on December 26, 27, 28, 29, and 31 and found no leaks. *Id.* Another work order was entered on January 23, 2025, and again no leak was found. R074. Pedro, the technician, ran the water from the units above and found no leak. *Id.*

Together, this record evidence shows Respondent being responsive to requests from tenants regarding the parking area. Whenever a problem was reported, Respondent came to investigate. If there was an actual leak, it was repaired immediately. Therefore, record evidence shows no ongoing problems with pipes in the parking area that would warrant a rent rebate.

C. Problems With the Security Gate Were Resolved Efficiently.

The Decision awards a 3% rent reduction for alleged problems with the security gate. But record evidence shows that when tenants reported a problem, it was timely addressed by the landlord. Tomasi Pelesikoti in Apartment 6 reported a problem with the security gate closing too quickly on July 1, 2024. R060. A technician came to inspect on July 9, 2024, and readjusted the timing of the gate to give tenants more time to come in and out of the gate before it automatically closed. *Id.* It had been closing more rapidly than the Petitioner wanted. *Id.*

Leonor Camarena in Apartment 10 has a work order dated October 29, 2024, regarding the security gate not working. R068. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.*

Maggie Pande in Apartment 11 has a work order dated October 29, 2024, regarding the security gate not working. R082. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.* Similarly, Gabriel Diaz in Apartment 12 had the same situation. There is a work order dated October 29, 2024, regarding the security gate not working. R082. A technician came to inspect and found "Vehicle gate is working fine, it says open 3 times a week Monday, Wednesday and Friday from 6am to 1pm so Recology can access and empty the bins." *Id.*

When issues with the security gate were raised, they were resolved. No rebate is appropriate.

II. The Decision Cites No Evidence That Respondent Had Notice of Problems Years Before the Petitions Were Filed.

The RSO specifies that a tenant "must specify the housing services decreased and demonstrate that the landlord was provided with reasonable notice and opportunity to correct the conditions that provide the basis for the petition." RSO §§14.04.130C. The Rules further specify that "[t]he petitioner must provide proof that the landlord has reasonable notice (verbal, written, or constructive) and a reasonable opportunity to correct the conditions or restore the reductions in Housing Services that provide the basis for the petition." Rule 1500(E)(2)(a). The hearing examiner "shall determine the date on which the landlord was notified or actually knew or reasonably should have known that the conditions or problems existed." Rule 1500(A)(16)(b).

The record evidence shows that the earliest date of notice of Petitioner's alleged problems was the July 17, 2024, letter, followed by an August 1, 2024, letter and the Petitions themselves, in October 2024.

The Decision fails to articulate any basis for starting the rent rebate in 2023. The Decision admits at page 24:8-21: "It has been difficult to determine the beginning dates for the rent rebates ordered herein." The Decision explains, "there are no clear records establishing Landlord awareness of the conditions found to justify a rebate." Decision 24:15-16. It admits that the tenants, who have the burden of proof, have created a record with "lack of written records." Decision 24:14. It continues, in what appears to be an uncorrected draft form that was never completed:

> There are no clear records establishing Landlord awareness of the conditions found to justify a rebate. The Landlord's internal work order records do not appear to accurately reflect the very credible Tenant testimony about multiple verbal complaints to the Landlord's local office or telephone service.**<u>???look at these again and add a Finding and Conclusion on this issue</u>**

[Emphasis added.] It appears that the Decision came to a conclusion about the date without ever looking back at the testimony. The Hearing Examiner's own Decision undermines the conclusion. It admits, with the passive voice, that "starting dates in 2023 or 2024 have been

selected." Furthermore, the Decision is inconsistent with regard to whether the start date would be in 2023 or 2024. This admits that there is no preponderance of evidence to support a start date of January 2023.

That is error and an abuse of discretion warranting reversal.

In fact, there are established ways for tenants to report issues and get problems fixed. All the Petitioners regularly availed themselves of these tools. For example, the record contains evidence that every single Petitioner submitted work orders to Respondent between the beginning of their tenancy and the date of the hearing. See, e.g., Apartment 1 R046 through R076; Apartment 2 R048 through R078; Apartment 3 R029 through R058; Apartment 4 R029 through R058; Apartment 5 R036 through R109; Apartment 6 R047 through R089; Apartment 9 R043 through R059; Apartment 10 R047 through R092; Apartment 11 R047 through R081; Apartment 12 R046 through R082; Apartment 14 R047 through R059; Apartment 15 R050 through R108; Apartment 16 R036 through R067; Apartment 18 R043 through R074; Apartment 20 R052 through R078; and Apartment 21 R050 through R074. The existence of these work orders shows that the Petitioners knew how to register problems with Respondent. When they needed work to be completed, they communicated the problem with Respondent and Respondent resolved the problem. To the extent that Petitioners have testified that there were other problems that they did not submit work orders for, it defies credulity. When any Petitioner had a real problem, they alerted Respondent and Respondent solved the problem. *Id.* The petition process is not intended to allow tenants to lay in wait for years, using the work order process to resolve acute problems, but springing a massive request for rent rebates on a landlord without ever telling the landlord about those problems. That is what has happened here.

There is also ample record evidence regarding the many ways for a tenant to report a problem to the landlord. The July 31, 2024, letter from Respondents to tenants in the Property explained that any tenant can report issues by logging onto the online resident portal, calling 650-566-2000, or coming to the two management offices then in existence. R214. Similarly, an invitation to a listening session on August 19, 2024, likewise confirmed these ways to report a maintenance issue. R215. The agenda for the August 19, 2024, listening session reiterated the

ways to notify the landlord of a maintenance problem. R221. The August 27, 2024, September 23, 2024, and October 19, 2024, emails from Michael Kramer again reiterated these ways of logging issues. R223, R228, R236. The February 7, 2025, email from Jason Villareal again provided this information. R247. Respondents clearly and repeatedly communicated to Petitioners how to report problems, and Petitioners used these methods effectively to get problems resolved.

The Decision's award of rent rebates that date to before the Petitioners raised their issues is error and must be reversed. The Hearing Examiner abused his discretion by failing to proceed in the manner required by law — which would have been to make a determination, based on factual record evidence, as to when Respondent had notice. The preponderance of the evidence shows that Petitioners all knew how to — and did — make maintenance requests and give Respondent notice of actual problems. They never requested attention on the common area issues raised herein. It was error to find that Respondent somehow had notice dating back to 2023.

III. Rent Rebates Are Only Appropriate During the Time of a Reduction of Housing Services And Not Beyond.

The RSO provides for rent rebates to account for the reduction in rental value of an apartment when the apartment is not receiving a housing service to which it is entitled. Any rent reduction is "based on loss of rental value attributable to a reduction in maintenance or services." RSO §14.04.130B. The rent reduction "shall be in effect until the failure is corrected." See Regulation 1500E.2.d.(iii). There is a process in Regulation 1500E.4 for "Restoration of Rent Once Bases for Reductions in Rent Are Corrected." There is no authority in the RSO for ongoing rent reductions after the housing service is restored. At that time, the tenant is receiving all of the housing services for which they contracted and no rent reduction is appropriate. There are no provisions for punitive or prospective rent reductions unassociated with a reduction in housing services.

The Decision awards prospective rent reductions for the elevator and the parking area. (See Decision p.42-43). There is no evidence that the housing services continued to be reduced

during this time period. After all, the time period had not yet occurred. There is no basis in the RSO or the implementing Rules for this kind of prospective rent reduction that has no connection with whether or not the housing service has been restored. The only permissible rent reductions are for when the housing service has not been restored and where the rental value is therefore diminished. It was error and abuse of discretion to award an ongoing, prospective rent reduction without any evidence that the housing service continued to be a problem.

Similarly, it was error for the Decision to require the Respondent to take particular actions to "prove" that the services have been restored. The RSO only provides for rent rebates and reductions. It does not provide a hearing examiner with the authority to require affirmative actions be taken. Here, the Decision requires Respondent to find new contractors who have never worked at the property to certify that long-term repairs have been completed and further problems are unlikely. Respondent is unaware of any contractors who would be willing to make any such certification about future events.

Furthermore, the Decision awards rent rebates to everyone for issues that only affect certain tenants. It is error and an abuse of discretion to do so. All petitioners were awarded a 4% rent reduction starting in January 2023 and continuing to the present day for "leaking pipes" and flooding in the parking area. Most tenants experienced no leaking pipes and therefore this did not affect the rental value of most tenants' units. Rent rebates cannot be awarded when the rental value is not affected. The leaking pipes only affected certain petitioners. There is record evidence that Apartment 10 experienced a leak in the parking stall on October 16, 2024, that was repaired on November 4, 2024, (R059) and a second leak in the parking stall on November 11, 2024, that was fixed the same day (R077). On November 26, 2024, the tenant confirmed that "theirs [sic] no leaks anywhere." (R063) Those are the only two leaks for Apartment 10. They affected Apartment 10 for a maximum of 20 days. There is no record evidence that these two leaks affected any other unit or affected anyone for longer than 20 days.

There is record evidence that Apartment 12 experienced a leak in their parking stall on August 13, 2024. R060. This leak was fixed on August 16, 2024, by repairing the shower in the unit above the parking stall. *Id.* There is no other record evidence for any other parking area

leaks for Apartment 12, other than this leak that lasted 3 days.

There is no record evidence that anyone experienced parking area leaks from January 2023 through the present date. It is error to award rent rebates and reimbursements for that time period, especially for the tenants who experienced no leaks. At most, any rent rebate would cover the affected tenant for the time period affected. However, because the landlord timely fixed each leak, no rent rebate is proper.

It was error to award a rent rebate for flooding in the parking areas when the record evidence shows that this happened occasionally, and not for a period extending from January 2023 to the present day. Record evidence shows that this problem only exists for short periods of time during rainy weather. Rainy weather has not extended from January 2023 to the present day, so it is error to award that rent rebate and reimbursement for that whole time period.

It was error to award an ongoing rent rebate for elevator problems that began and ended on certain dates. Record evidence shows the dates that elevator outages were reported to landlord and the dates that the elevator was repaired. (See Decision p.27). Rent rebates and reimbursements outside of those dates are not permissible as there was no lack of housing services when the elevator was functioning. Indeed, tenants testified that they failed to report certain problems (see Decision p.10). When a problem is not reported, landlord has no notice of the problem and no rent rebate is available.

It was error to award a blanket, ongoing rent rebate and reimbursement for problems with the mechanical gate. Any problems that have been reported have been repaired. The problem is not ongoing.

Record evidence shows that all problems had been resolved.

IV. A Rent Reduction Is Not Proper for De Minimis Problems.

Under the RSO, a rent reduction must reflect the "loss in rental value attributable to the failures specified." Rule 1500 (E)(3). The hearing examiner is required to make this determination in light of the following factors:

> [T]he extent to which the failure affects the tenant(s), the relative significance of the failure in relation to the safety, health, convenience,

> and comfort of the tenant(s), the extent to which the tenant relied on the fact that the condition would be adequately maintained, the extent to which the use and enjoyment of the unit is affected, and other factors that are reasonably deemed to be relevant.

Rule 1500(E)(3). It follows that where a *de minimis* problem does not affect the rental value, no award is permissible. Accordingly, the Rule 1500(E)(1) specifies that:

> Minor maintenance deficiencies or deterioration which have no or insignificant impacts on the livability or rental value of a unit and which do not cause any health and safety risk shall not provide a basis for a reduction in the Rent pursuant to this subsection. (Emphasis added).

The Decision misstates and misapplies the law by failing to consider the magnitude of the alleged issues and how they affect the Petitioners. Rule 1500(E)(1) clearly exempts minor problems from the general rule that reductions in housing services warrant a rent reduction. In this case, the Hearing Examiner has erroneously awarded rent reductions for minor deficiencies that had insignificant, if any, impacts on the livability, rental value, or health and safety of the rental unit. Such reductions are improper and should be reversed.

Even if the common area issues had existed, they had no impact on the livability, rental value, or health and safety of the rental unit, and so no rent rebate should have been awarded. An occasional leak in one person's parking stall does not have any effect on another person. This is especially true if the leak is resolved and never extends beyond the parking stall it originally affected. There was no discussion of the level of impact these alleged defects have. Indeed, there is no record evidence that these problems had any effect on the livability, rental value, or health and safety of the unit. Petitioners bear the burden of proof for these issues, and they did not offer any evidence, much less a "preponderance of the evidence" (Rule 1500 (E)(2)(c)), as to these factors. Absent any evidence, the award was erroneous.

There is no record evidence that the alleged and unspecified problems with the common areas reduced the rental value by up to 22% for every Petitioner. This determination is that nearly one quarter of the value of the rental unit was lost during the relevant time period, when record evidence shows that every alleged problem was addressed by the landlord and no problem continued to exist unabated for the entire time period. This further means that the rental value of the function components of the units and building cannot exceed 78%. It is impossible to

understand how the entire living area of each unit including windows, ceiling, roof, walls, bedrooms, closets, bathroom, kitchen, stove, refrigerator, faucets, bath/shower, cabinets, and flooring, in addition to the many attributes of the common areas that function properly day in and day out comprise only 78% of the rental value of the units. The rent reduction is not supported by record evidence or the law and should be reversed.

V. A Petitioner Can Only Receive A Rent Rebate That They Request.

The Decision awards the same rent rebate to each of the fifteen Petitioners, without regard to the relief that those petitioners sought in their Petitions. This is an error. Due process requires that the Respondent have notice that a Petitioner is requesting relief on a particular topic. The Petition is the mechanism for giving such notice. When a petition does not mention a particular request, the landlord has no notice that the tenant seeks rent relief on that topic. Absent notice, there is no due process for the landlord.

Rule 1500 (E)(3) requires that rent reductions "shall be based on the issues presented in the petition" (emphasis added). Rule 1500(A)(13)(a) protects due process by limiting a hearing to the issues raised by the petition ("the hearing shall be limited to the issues raised by the petition" "to ensure that each party is given notice of the grounds for a petition").

Not all petitioners raised issues with all of the common area complaints. Under the Rules, it was error and an abuse of discretion for the Decision to award rent rebates and reimbursements for issues that were not raised in a given Petition. The following table summarizes which issues were raised in each Petition. Issues not raised in a Petition cannot be awarded a rent rebate.

Petitioner	Elevator	Leak/Flood in Parking Area	Security gate
Hernandez #1	No rebate requested	No rebate requested	No rebate requested
Rodriguez #2	No rebate requested	No rebate requested	No rebate requested
Sili #4	No rebate requested	No rebate requested	No rebate requested
Vargas #5	No rebate requested	No rebate requested	No rebate requested
Pelesikoti #6	No rebate requested	No rebate requested	No rebate requested
Kofeloa #9	No rebate requested	No rebate requested	No rebate requested
Camarena #10	No rebate requested	No rebate requested	No rebate requested
Pande #11	No rebate requested	No rebate requested	10% rent rebate requested
Diaz #12	No rebate requested	10% rent rebate requested	No rebate requested (asked for reimbursement for damages to car)
Raass #14	No rebate requested	No rebate requested	No rebate requested

Serrate #15	10% rent rebate requested	No rebate requested	No rebate requested
Alvarado #16	No rebate requested	No rebate requested	No rebate requested (asked for reimbursement for damages to car)
Mondragon #18	No rebate requested (listed on p. 6 but left the amount blank, indicating no rebate being requested)	20% rent rebate requested for building drains	No rebate requested
Garcia #20	No rebate requested	No rebate requested	No rebate requested
Menera #21	No rebate requested	No rebate requested	No rebate requested

The Decision must be reversed to the extent that it awards rent relief to a Petitioner for issues not raised in a Petition. Only Ms. Serrate in Apartment 15 requested a rebate for the elevator, thus she is the only person who gave Respondent notice of a claim for a rebate due to elevator problems. The other rebates for elevator problems must be denied on due process grounds. Only Ms. Mondragon in Apartment 18 and Mr. Diaz in Apartment 12 requested a rebate for the leak/flood in parking areas. The other rebates for water in the parking area must be denied on due process grounds. Only Ms. Pande in Apartment 11 requested rent rebates for problems with the security gate. The other rebates for problems with the security gate must be denied on due process grounds.

It was error to award rent rebates to petitioners who did not request them for a given problem. The Decision must be reversed to the extent that it awarded rebates that Petitioners did not request.

VI. The Hearing Examiner Has No Authority to Require Specific Performance, Which Remedy is Not Available Under the RSO.

The Decision requires specific performance of particular tasks by landlord before the rent reductions can stop. There is no authority in the RSO or the Rules for specific performance. The only remedy is a rent reduction. See 14.04.130 providing for "rent adjustments" but not specific performance. The landlord cannot be required to "file a written certification from a licensed elevator repair contractor, not previously employed by the Landlord, stating that long-term repairs have been completed and that the elevator will be expected to function without interruption or breakdown for the next twelve months" (Decision at 42:19-23) or to file "a

written certification from a licensed plumbing contractor, not previously employed by the Landlord, stating that long-term repairs have been completed and that further leaks from these pipes will not be expected occur in the next twelve months" (Decision at 42:27 to 43:3). It was error and an abuse of discretion to require these acts. Furthermore, there is no evidence in the record or otherwise that it is possible to obtain a "certification" from an elevator contractor or a plumbing contractor that a given housing service is not expected to have problems in the next twelve months. It is error and an abuse of discretion to require something that is not possible.

The Decision did not specify exactly what needs to be fixed. For example, it cites a "malfunctioning elevator" that is currently functioning and in service, "leaking pipes" that are not leaking, and a flooded parking area that is not flooded. There is no description or citation to record evidence as to what alleged elevator malfunction needs to be fixed, what pipe needs to be fixed, or how to fix a parking area that is not flooded. This is error and an abuse of discretion.

VII. The Decision Improperly Awards Rent Rebates For Periods Tenants Had No Tenancy.

The Decision awarded rent rebates and reimbursements to tenants for time periods in which they were not tenants and did not pay rent. For example, record evidence shows that Soane Kofeloa became a tenant of Apartment 9 on March 21, 2024. R002. Record evidence further shows that their tenancy ended a few months later in August 2024. R037-38. They resided in Apartment 9 for less than 5 months. Similarly, Juana Serrate moved into Apartment 15 on June 1, 2024. R002. The May 2025 Decision nonetheless awards these tenants rent rebates and reimbursements from January 2023 (before the tenant moved in) through February 2025 (and beyond). Decision p.44.

There is no authority in the RSO to rebate or reimburse tenants for rent that was not paid, during a time period in which they were not tenants. (The prior and subsequent tenants are not petitioners and no rent rebate or reimbursement is appropriate for a tenant who does not petition.) The rent rebate for periods in which a tenant had no tenancy is improper and must be reversed.

VIII. The Decision Improperly Awards Rent Rebates For Petitioners Who Failed To Pursue Their Petitions.

Two of the Petitioners in the Property have never presented evidence or appeared at any hearings. The Rules place the burden of proof on Petitioners: "Petitioners bear the burden of proof and must show by a preponderance of the evidence the grounds for a reduction in rent." Rule 1500E2C. Certain Petitioners have not met this burden and their Petitions must be dismissed without rent rebate.

Rafaela Hernandez filed a petition for Apartment 1. They did not appear at the common area hearing, did not present any evidence to support their individual petition or the common petition, and did not proceed with an individual petition. Their request for rent rebate should be dismissed.

Jorge Rodriguez filed a petition for Apartment 2. They did not appear at the common area hearing, did not present any evidence at all, and did not proceed with an individual petition. Their request for rent rebate should be dismissed.

No rent rebate is available when no evidence is presented.

CONCLUSION

The rent rebates and reduction in rent should be reversed.

Respectfully submitted,

Dated: April 22, 2026

I. INTRODUCTION

This appeal stems from fifteen petitioners holding their landlord accountable for illegally profiting at their expense. Following a five-hour evidentiary hearing, East Palo Alto's Rent Stabilization Board ("the Board") found that Woodland Park Communities ("Landlord") did not provide its tenants with the housing services they paid for at 301 O'Keefe Street ("Property"). As such, the Board ordered Landlord to reimburse its tenants 7% of their rents for the two years preceding the tenants' petitions up to the date of the hearing. The Board also ordered Landlord to reduce the rent by an additional 7% for tenants who live on the second floor and 15% for those on the third. Rather than submit to this modest reduction, Landlord appeals, raising a slew of meritless arguments about why it should be free to overcharge its tenants.

While it is clear that Landlord dislikes the Hearing Examiner's order, he made his decision based on substantial evidence from fifteen different units. This evidence included hearing testimony, photographic evidence, third-party reports, and even the Landlord's own business records. Landlord's appeal fails to show that the Examiner erred or in any way abused his discretion. At best, it shows that there were, at times, factual disputes. As such, the order should be upheld in its entirety.

II. FACTS

On September 18, 2024, Tenants at 201, 245, and 301 East O'Keefe Street, filed petitions with the East Palo Alto Rent Stabilization Program against Landlord, Woodland Park Communities. (Hearing Decision, at p. 1.)

The tenants' petitions requested rent rebates, in part, due to Landlord failing to provide housing services in the Property's common areas. (*Id.*, at pp. 1-22.) Specifically, Tenants raised issues including a malfunctioning elevator; defective floors; water pipes leaking and flooding in the parking area; defects in the parking area; a defective motorized gate; malfunctioning stairway lighting; defective gutter; broken doorframe; and poor maintenance of the exterior building paint. (*Id.*, at p. 4.)

The tenants live in fifteen different units at the Property. (*Id.*, at pp. 44-45.) The Board consolidated the matters and set a hearing specifically for the common area issues. (*Id.*, at pp. 1-2.)

On February 26, 2025, the Board held its hearing on the common-area issues. (*Ibid.*) The tenants, many of whom testified, were represented by James Huynh from the Regional Tenant Organizing Network. (*Ibid.*)

Several long-time tenants testified and/or submitted documents concerning conditions in the common area of the property, all of which they say they have brought to the attention of the Landlord numerous times. (*Id.*, at p. 4.) In addition to their testimony, the Tenants submitted seventeen exhibits. (*Id.*, at p. 6.)

The Board issued its decision on June 9, 2025. (*Id.*, at p. 43.) Tenants prevailed on some issues and lost on others. The Decision awarded all fifteen petitioning units a 4% rent rebate for the period of January 2023 through February 26, 2025 for the leaking pipes and flooding in the parking area and a 3% rent rebate for the period of January 2023 to January 1, 2025 for the malfunctioning motorized gate. (*Id.*, at p. 44.) Due to Landlord's neglect of the Property's elevator, Tenants who reside in units on the second level received an additional 7% rent rebate from January 2023 to February 26, 2025. (*Ibid.*) Tenants living on the third floor received an additional 15% rent rebate. (*Ibid.*)

III. LEGAL STANDARDS

Three legal standards are relevant in this matter. The standard in the initial hearing, the standard for this appeal, and the standard if either side seeks judicial review of this decision. All three standards should inform the Board's decision here.

A. Initial Petition

In the initial petition, the Petitioners bear the burden of proof and must show by a preponderance of the evidence the grounds for a reduction in Rent. (RSBR 1500(E)(2)(c).) A preponderance of the evidence "requires the trier of fact to believe that the existence of a fact is more probable than its nonexistence." (*In re Angelia P.* (1981) 28 Cal.3d 908, 918.) "The sole focus of the legal definition of 'preponderance' in the phrase 'preponderance of the evidence' is on the quality of the evidence. The quantity of evidence presented by each side is irrelevant." (*Glage v. Hawes Firearms Co.*, 266 (1990) Cal.App.3d 314, 324–25.)

Appellant falsely claims that a preponderance of the evidence means "more than half of the

evidence." This (citationless) assertion mischaracterizes the standard. The standard addresses the persuasiveness and quality of the evidence, not the quantity.

B. Board Appeal

In appeals before the Board, unless "the Board determines that a de novo hearing is required, the Board's decision will be based exclusively on the record before the Hearing Examiner." (Rent Stabilization Board Regulation (hereafter "RSBR" 1500(G)(2)(h).) To prevail in an appeal, the appellant must establish "either error or abuse of discretion." (RSBR 1500(G)(2)(b).) "In those cases where the Board is able to determine that the Hearing Examiner has erred, the Board may remand the case for further hearing…" (RSBR 1500(G)(2)(g).) The Board can also "affirm, reverse, remand or modify the decision of the Hearing Examiner." (RSBR 1500(G)(2)(j).)

Here, the Board did not order a de novo trial. As such, the Board is limited to the established record. (Notice of Rent Board Appeal Hearing)

C. Superior Court Review

If a party is unsatisfied with the Board's appeal decision, it may seek judicial review in the San Mateo Superior Court. (RSBR 1500(H); Cal. Code Civ. Proc., §§ 1094.5, 1094.6.) However, Courts do not disturb reasonable findings of local rent boards. Superior Court review is limited to jurisdictional issues, whether there was a fair trial, and whether there was "any prejudicial abuse of discretion." (Cal. Code Civ. Proc., §1094.5 subd. (b).) One way of establishing abuse of discretion is by showing that the "decision is not supported by the findings, or the findings are not supported by the evidence." (*Ibid.*) When the petitioner claims that findings are not supported by the evidence, the trial court can use two standards. (Cal. Code Civ. Proc., §1094.5 subd. (c). First,

> In cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence.

(*Ibid.*)

In any other case, "abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record." (*Ibid.*)

Here, Landlord and Tenant agree that the second standard would apply in the Superior Court. (Appellants Opening Brief ("AOB"), at p. 8. *See also H.N. & Frances C. Berger Found. v. City*

of Escondido (2005) 127 Cal.App.4th 1, 7.) Under this standard, "the trial court must draw all reasonable inferences to support the agency's factual findings and ***may reverse only if the findings are so lacking in evidentiary support as to render them arbitrary, capricious, or unreasonable.***" (*Harrington v. Hous. Auth. of Riverside Cnty.* (2026) 118 Cal.App.5th 1086, Citing *Auburn Woods I Homeowners Assn. v. Fair Employment & Housing Com.* (2004) 121 Cal.App.4th 1578, 1583) The reviewing court, "begins with the presumption the record contains evidence to sustain the board's findings of fact." (*H.N. & Frances C. Berger Found.*, *supra*, 127 Cal.App.4th at p. 7.)

If the Board upholds its previous decision, Landlord will have an uphill battle in superior court. Tenants will likely be represented by experienced counsel, and Landlord will not be able to simply allege that there is "no evidence" supporting the decision (as done here). Instead, Landlord will need to affirmatively defeat the Court's presumption that the Board's decision was proper. In doing so, the Court will "draw all inferences" in support of the Board. (*Harrington.*, *supra*, 118 Cal.App.5th 1086.)

IV. ARGUMENT

The Board should uphold its order because the Examiner correctly determined that the preponderance of the evidence showed Landlord neglected its common areas despite having notice of ongoing issues. Landlord's brief makes numerous overlapping arguments about why the Board should reverse its decision. Most center around the Landlord simply disagreeing with the Examiner's findings about whose evidence was more convincing.

Instead of arguing why the Tenant's evidence was insufficient, Landlord merely points out that it had its own evidence. Simply stating that the Landlord had its own evidence is not a basis for appeal. Tenants do not dispute that Landlord defended itself and presented evidence. That said, the Examiner found the weight of Tenants' evidence to be more persuasive. The remaining arguments misrepresent the record, are completely irrelevant, or attempt to create legal errors where none truly exist. To simplify the review of Landlord's appeal, Tenant addresses each of their arguments in the order presented by Landlord in its brief.

A. <u>The Record Demonstrates a Failure to Maintain the Common Areas.</u>

Landlord's first argument is that "Woodland Park timely fixes common area problems"

and that the Hearing Examiner's order is not detailed enough. (Appellant's Opening Brief "AOB", at p. 9.) Unsurprisingly, Landlord presented a defense at the hearing – this is not disputed. Landlord did indeed present evidence that it claimed showed it addressed the issues. Landlord also acknowledged "that its work order records don't reflect the existence of tenant complaints over this period of many years." (Decision, at p. 24.) On the other hand, Tenants had evidence showing that the Landlord did not adequately address the issues. Ultimately, for several issues, the tenants' evidence was more persuasive.

The Examiner did not ignore the Landlord's evidence. Landlord prevailed in part, on issues of the common area walkways and stairs, as well as stairway lighting, and the general exterior appearance. (*Id.*, at pp. 29, 32-33, 37-41.) However, the Examiner also found that "[i]n assessing the response of the Landlord to repair concerns raised by the Tenants, it is noted… that several of the conditions at issue in this case were repaired by the Landlord very close to the time period of the February 26, Hearing." (*Id.*, at p. 24.)

In making this determination, the Examiner credited overlapping, consistent tenant testimony, photographic exhibits of neglected common areas, County Environmental Health inspection notes, and Landlord's own exhibits showing numerous invoices for repairs and other maintenance **but** only within the past few months before the hearing. (*Id.*, at pp. 24, 36-41.)

Pages nine through twenty-two of the Landlord's opening brief offer nothing more than its opinion that the Examiner should have found its evidence persuasive. Landlord did indeed present records that it responded to some complaints (although most of them showed Landlord's hurried attempts to resolve common area issues before the Hearing). (*Id.*, at p. 24.) This evidence was acknowledged in the decision and presumably led to Landlord not being found liable for a greater rent reduction. While Landlord attempts to rehash its largely failed case again, a one-sided rehashing of the Landlord's evidence does nothing to show that the decision involves "either error or abuse of discretion." (RSBR 1500(G)(2)(b).)

a. <u>Elevator Repairs Have Been Unreasonably Delayed and Inadequate</u>

Landlord claims that whenever a tenant raised an issue with the elevator, it was immediately inspected. (AOB, p. 9.) Landlord also claims that the evidence shows the elevator was working and

therefore, no rent rebate is appropriate. (*Id.*, at p. 10.) However, a tenant testified that the elevator continued to break down, including the week of the Hearing. (Decision, at p. 27.) The Rules specify that a basis for reduction in rent is "failure to provide adequate maintenance." (RSBR 1500(E)(1)(c).) Adequate repair of the elevator would mean that the elevator was not unpredictably and intermittently breaking down monthly. (Decision, at p. 27-28.)

Landlord's evidence of some work orders for the elevator does not outweigh the testimony provided by the tenants. Maria De Los Angeles testified that she has repeatedly called the office to report the elevator not working or gone in person to the Landlord's local office. (Decision, at pp. 8-9.) "Management would fix the elevator, and it would work for a few days or a couple of weeks and then break down again." (*Id.*, at p. 8.) Ms. De Los Angeles also testified to an incident in October 2024, where it took management three weeks to repair the elevator. (*Id.*, at p. 9.) At the time of the hearing, Ms. De Los Angeles noted that the elevator had been out of service for a week. (*Ibid.*) A tenant in Unit 12 who uses a wheelchair had to be carried up and down the stairs by family members when the elevator was not working. (*Id.*, at p. 10.) Tenant Tania Raass also recounted when a tenant living on the third floor died and paramedics had to carry the deceased person down the stairs because the elevator was not working. (*Id.*, at p. 11.) "Sometimes, [the elevator] breaks down less than a month after it is repaired." (*Ibid.*)

Landlord's representatives testified that there are records and immediate responses to elevator calls. However, the tenant testimony shows that these issues have not been addressed sufficiently. Even if the records are accurate, the fact remains that the elevators had the same recurring problems. Landlord did not present any reliable testimony that showed the elevator functioned properly on a regular and predictable basis. (*Id.*, at p. 36.) "There was no witness or report from the elevator contractor to dispute the Tenant testimony about the reliability of the elevator." (*Ibid.*) Landlord's records "and the Tenants' evidence, document that the Landlord's efforts were insufficient to provide the Tenants with a predictably reliable elevator service." (*Id.*, at p. 37.)[1] The Examiner did not err or abuse his discretion.

[1] While not pertinent to the hearing here, Tenant's counsel has prosecuted disability discrimination cases based on similar conduct. A small rent reduction trivial compared to the damages and attorney's fees that

b. <u>Plumbing Repairs in Parking Areas Have Been Unreasonably Delayed and Inadequate</u>

Landlord complains that the evidence shows that Landlord timely repaired plumbing issues in the parking area. (AOB, at p. 10.) Again, despite Landlord's claims, consistent tenant testimony and evidence shows that problems with the plumbing in the parking area persist. Raquel Rodriguez testified that leaks in the parking area have been occurring for more than five years. (Decision, at p. 15.) "Despite the notation that [the condition] was 'repaired,' that condition is continuing through today." (*Id.*, at p. 16.) "She reports this problem every month when she goes to the Landlord's local office to pay her rent. She also called the maintenance telephone number when the condition has become worse." (*Ibid.*) Ms. Rodriguez also noted that "[s]ometimes, the flood water is not removed for 2-3 weeks until some of the tenants make complaints, after which the Landlord has the water removed." (Ibid.) There are photos to show areas that continuously flood every rainy season. (*Ibid.*, Tenant's Exhibits 30 & 31.)

Landlord's representatives blamed the age of the building for these problems, instead of noting ways they have tried to structurally address and resolve these issues long-term. (Decision, at p. 17.) Landlord's representatives claimed to have put in pumps to remove accumulated rainwater. (*Ibid.*) However, Tenants testified that they never saw pumps being used before the couple of weeks before the hearing, and that Landlord did not take any actions to address flooding and leaking issues before Tenants filed their petitions. (*Ibid.*) Ultimately the Examiner found "The Landlord failed to prove that it took prompt and effective action to cure any of these conditions, as evidenced by the fact that they continued to re-occur [sic]." (*Id.*, at p. 38.)

There is ample evidence for the Examiner to reasonably find that the Landlord delayed and inadequately resolved the common area plumbing issues, and that this conduct warranted a rent reduction. Landlord does not show that the Examiner's decision was an error or an abuse of discretion.

---

may be available in Superior Court under the Fair Employment and Housing Act. Tenant's counsel is optimistic that these proceedings will teach Landlord an important lesson about the importance of maintaining elevators. That said, regardless of the outcome of this appeal, the situation at the Property is being monitored.

c. Security Gate Repairs Have Been Unreasonably Delayed

Again, Landlord simply argues with the Examiner's conclusion on the value of the evidence presented by both sides. Tenants presented ample testimonial and photographic evidence of issues caused by the malfunctioning of the gate. (*Id.* at p. 19.) The tenants met their burden and their evidence was more persuasive that Landlord's. Therefore, the Examiner did not err in his decision.

B. Respondent Had Knowledge of Problems Years Before the Petitions Were Filed.

Landlord's second argument is that it did not have notice or opportunity to correct the conditions forming the basis for the petition, and that Tenants did not provide proof of Landlord's notice. (AOB, at p. 13.) This assertion is contradicted by ample evidence from Tenants in their exhibits and testimony.

The Decision is abundantly clear that tenants met their burden of establishing their claims. The Decision summarizes the testimony of several different Tenants about their repeated notifications to management on issues in the common areas. "The Tenant witnesses described various occasions when they complained about these conditions to the Landlord, primarily by lodging verbal complaints with the staff at the Landlord's local office near the Rental Property, when they paid their monthly rent. They also verbally complained by calling the Landlord telephone number given to them to request repairs." (Decision, at p. 23.) This testimony is not only evidence, but it is evidence superior to the Landlord's hearsay business records. This is because, unlike a self-serving business record, "[o]ral testimony of witnesses given in the presence of the trier of fact is valued for its probative worth on the issue of credibility, because such testimony affords the trier of fact an opportunity to observe the demeanor of witnesses." (*Elkins v. Superior Ct.* (2007) 41 Cal.4th 1337, 1358.)

More importantly, the regulations are clear that "verbal, written, ***or constructive***" notice are all acceptable forms of notice. (Rule 1500(E)(2)(a) (emphasis).)

> Every person who has actual notice of circumstances sufficient to put a prudent person upon inquiry as to a particular fact has constructive notice of the fact itself in all cases in which, by prosecuting such inquiry, he or she might have learned that fact.

(Cal. Civ. Code, § 19.)

Even if none of the tenants said a word about the problems (not the case), all the problems at issue were in the property's common areas. The Landlord cannot, and does not contend, that it has not set foot on its own Property since 2021. "In addition to complaints made by Tenants, it is held that the Landlord was aware of these violations because its security staff personnel were instructed to report these type of conditions." (Decision, at p. 38.) These persistent and observable common area conditions were sufficient to put a prudent person who regularly surveys the property on notice. In fact, in the 201 O'Keefe hearing, Landlord's representative testified that,

> Same thing when we do our walks, um, uh, we take note of it like today as well, we put in a service request and we send out a technician to take care of it …. So, we have ourselves who walk the property, the building, uh we have security who does their checks as well, laundry rooms, you know um, elevators, uh grounds, uh we have our [inaudible] company as well that also walks the premises, they see anything they report it back to us. Um, I know we've had county inspections as well, I think the last one was January, I believe. Um, so if they cite us for anything like that we take care of.

(201 O'Keefe Hearing Recording at 1:44:00.)

Landlord's representative affirmed this assertion in the 245 Hearing as well,

> **Hearing Examiner:** "You testified in uh- earlier proceeding about a security patrol, do those security, those same security company patrol, deal with 245 O'Keefe as well?"
> **Ms. Andrade:** "Yes, sir, they also—that is part of their list as well to patrol."
> **Hearing Examiner:** "And do they also have checkpoints within the building?"
> **Ms. Andrade:** "They do have checkpoints there as well."
>
> ….
>
> **Hearing Examiner:** "And they would have to physically get out of their car to do the laundry checks. But also during the day, they come by, they have checkpoints that they physically have to get out of the car and do some checking?"
> **Ms. Andrade:** "Yes, sir."

(245 O'Keefe Hearing Recording at 29:00)

Landlord attempts to mislead the Board and discredit the Examiner's decision by creatively misquoting the decision. Landlord claims that the decision states,

> There are no clear records establishing Landlord awareness of the conditions found to justify a rebate.

(AOB, at p. 13:21.)

This "quote" from the decision is a product of eliminating part of the sentence and changing the lower case t in "there" to an upper case T – pretending the "quote" is complete when it is not. The actual sentence reads,

> The Tenants testified that they made their complaints about various conditions verbally at the local officer[sic.] or over the phone, so there are no clear records establishing Landlord awareness of the conditions found to justify a rebate.

(Decision, at p. 24:14)

This is not the only instance of Landlord's counsel eliminating words for the decision in hiding the context. (see e.g. AOB, pp. 13:28-14:1.)

Inadvertent drafting errors aside, the Tenants testified that conditions warranting a rent rebate existed for many years. For the elevator, there is testimony that it has been malfunctioning since 2017. (Decision, at p. 24.) "Tenants testified that they made their complaints about various conditions verbally at the local officer [sic] or over the phone, so there are no clear records establishing Landlord awareness of the conditions found to justify a rebate." (*Ibid*.) Landlord's own service records document eleven service calls between January 2023 and March 2025, six of the calls being "trouble calls." (*Id*. at p. 28, LL Ex. 8.) "The frequency of service by [Bleyle elevator service] documents that the elevator has not reliably functioned on multiple occasions in the years 2023, 2024, as well as early 2025. These service records document that the Landlord was aware of the elevator problems during this time period." (*Id*., at pp. 36-37.)

Unable to contradict the tenant's credible testimony, Landlord again attempts to defeat the Tenants' case using their own self-serving and admittedly incomplete business records. "Prior to July 2024, the Tenants understood that the process for requesting a repair or complaining about a condition on the Rental Property was to verbally submit that concern to the Landlord staff working at an office close to the Rental Property, typically at the same time they went to this office to pay their monthly rent. There was also a telephone number for the Tenants to use as an alternative communication channel with the Landlord. There was no written complaint form supplied to tenants to register their requests." (*Id*., at p. 26.) Tenant Maria De Los Angeles testified to her methods of notifying Landlord of issues. "She would call the office to report the elevator not working… Sometimes, she would go to the Landlord's local office on the corner of East Okeefe and

O'Connor… Before 2024, **these were the only options to make a complaint.** There was no specific form to be filled out; they just reported the problem and trusted that the person would take care of her complaint." (*Id.*, at pp. 8-9, *emphasis added*.) Long-time Tenant Tania Raass has testified to the same pattern of reporting. "She has called the office to report that the elevator was broken. Every time she calls, the office staff answers that the repair techs will be called. She has personally gone to the office to tell the staff about the elevator being broken." (*Id.*, at p. 11.) Therefore, it should come as no shock to Landlord that there are no detailed written records of tenants' complaints before July 2024. All this shows is that the Landlord likely took steps to minimize a paper trail of its neglect.

Landlord claims that tenants should have used their portal. (AOB, at p. 14:25.) Whether the tenants used the online portal or not is irrelevant. The issue is whether the Landlord knew of the problems, not whether the tenants used the Landlord's web portal. The Examiner notes, "even if the Tenants had not complained, the Landlord should have independently been aware these conditions needed attention. Several of these conditions were long-standing and obvious. They should have been discovered by the Landlord during periodic inspections." (*Id.*, at p. 23.) The Decision's award of a rent reduction and reimbursement starting from January 2023 is appropriate given that the Hearing Examiner found that Petitioners presented sufficient evidence of a reduction in maintenance and housing services. This determination falls within the Examiner's fact-finding discretion.

C. Prospective Rent Rebates Are Appropriate in This Case.

Landlord claims there is "no authority" for a prospective reduction. However, Prospective Rent Rebates are appropriate when a landlord has not corrected maintenance failures, decreased housing services, or habitability violations that are "in affect at the time of the hearing." (RSBR 1500 (E)(2)(d)(iii). The purpose of these prospective rebates is to adjust rent going forward until compliance and rebate value prospectively by lowering rent during the period of noncompliance that continues past the hearing.

Landlord argues here that "the tenant is receiving all of the housing services for which they contracted and no rent reduction is appropriate." (AOB, at p. 15.) This is not the finding of the

Examiner, but the Landlord's opinion. However, the Examiner notes that "a continuing Award is appropriate for the leaking pipe conditions, given the lack of evidence of effective repairs for these conditions through the date of the February Hearing." (Decision, at p. 39.) For the elevator, the Decision also notes that "[a] continuing award is also appropriate for this condition since the preponderance of the evidence in the Hearing Record supports a Conclusion that the elevator malfunctioning was continuing through the date of the February hearing." (*Id.*, at p. 37.)

Landlord could have eliminated this rent decrease by fixing the issues Tenants complained of and following the proper procedures. (RSBR 1500 (E)(4).) Instead of addressing the issues and following the Board's process, Landlord chose to retain an attorney and challenge the Board's authority on frivolous grounds.

Landlord complains that common area issues reported happen intermittently and affect certain tenants more than others, and this means that the tenants should not receive a blanket rent rebate. (AOB, at p. 16.) There is no legal support for this proposition. The Tenants' rents were adjusted based on the value of the services eliminated. They are not receiving tort damages for emotional distress, pain or suffering, or anything else that requires an individual fact-finding.

The reported common area issues are intermittent but they are repeatedly recurring and unpredictable, leaving Tenants unable to rely on the services they paid for. These issues also occur in the common areas, in which tenants share use. Just because an issue is intermittent does not mean that the Examiner cannot award a rent rebate. "The dates for the rebate allocated to the flooding have been adjusted to represent a projected overall reduction based on averaging the impact of flooding during rainy season versus the dry season." (Decision, at p. 39.) Landlord claims that these conditions only affect certain units.(AOB, at p. 18.) However, the testimony shows that multiple tenants must drive their cards around flooded areas to avoid damage to their vehicles. (*Id.*, at p. 30.) Additionally, the flooding produces bad odors and remains for weeks at times; Tenants' shoes get wet with this water when they must walk through the parking area. (*Ibid.*) This affects all tenants who enter. It is absolutely within the Examiner's discretion to require that Landlord prove the problems are not continuing when time and time again Landlord has told Tenants that problems were remedied without truly resolving them.

D. <u>Landlord's "De Minimis Problems" Argument is not Persuasive.</u>

The Examiner has discretion to determine when maintenance deficiencies or deterioration have significantly impacted the livability or rental value of a unit. (See Regulations 1500(E)(3).) It is not surprising that Landlord does not believe that the maintenance issues at the property were important. That point was made far before the initial petitions. Despite Landlord's belief that the problems were not significant, the Decision did not award rent rebates for *de minimis* problems.

The Tenant's Petitions list many different conditions that qualify tenants for rent reductions, including, "Building, yard, garage, hallways, stairs, and common areas are not clean, sanitary, or free from all accumulations of debris, filth, rubbish, garbage, rodents, and vermin, such as cockroaches or rats; … Inoperative/missing exterior lights; … Peeling, crumbling, stained, worn, scraped or cracked paint or peeling, torn, stained wall covering; ..." Tenants also reported a loss or reduction of services of "Defective or inoperative elevator; … Broken or defective security gates, door or fencing."

The San Mateo County Health Environmental Health Services Department inspected the building in January 2025, after Tenants had organized and pressured Landlord to conduct much-needed repairs. Though the inspector opined that the two of the issues (the downspouts in the central plaza and the dryer vents detached) were "minor" (not de minimis), the Examiner's decision was not solely based on the San Mateo Report. (Decision, at p. 7.) The Department's inspector is merely one witness, not the finder of fact. The evidence still largely shows persistent, unpredictable problems with the elevator, plumbing in parking areas, and motorized gate.

The awarded rent rebates and reimbursements are appropriate and proportional to the rental value attributable to the reported issues. The Examiner found that tenants carried their burden on reductions in maintenance and services due to unreasonable delays in remedying plumbing-related issues, a malfunctioning gate, and a persistent inoperative elevator, while denying other categories, such as the claims of general issues with exterior maintenance and walkways (*Id*. at p. 29-43.) The Examiner properly applied the Rules' factors in determining that Petitioners were entitled to a rent

reduction based on the evidence of maintenance deficiencies in the record. (See RSBR 1500(E)(3).)[2] Landlord's unsupported and inaccurate assertions that the problems "do not affect the rental value" are not a sufficient basis for overturning the decision.

E. <u>All Petitioners Raised Common Area Issues in Their Petitions.</u>

The rule Landlord cites to argue that the petitioners can only receive the rent rebates they request is Rule 1500(E)(3), which requires that rent reductions "shall be based on the issues presented in the petition." Landlord attempts to mislead the Board by failing to mention that every tenant in this consolidated matter submitted an addendum to their petition, which raised all common-area issues. While Landlord's table purports to analyze "each petition," it chooses to simply ignore the most important page, the addendum, which universally raises the issues in question. (T Ex. 1-4) The fact that Tenants did not raise the issues in a particular format or on a particular page is irrelevant, as Landlord was on notice and presented a defense to these claims. This tactic is particularly egregious, as Tenants confronted it in their first petition, and it is repeated here, ruling out the possibility that this was an oversight on the part of Landlord's counsel.

F. <u>The Hearing Examiner Has Discretion to Require Proof of Remedy Under the RSBR.</u>

Landlord argues that there is no authority in the RSO or Rules for specific performance demonstrating adherence to the decision. RSBR 1500(E)(4) outlines the general method for a Landlord to prove that it has resolved the conditions that formed the basis for ordering a rent reduction. The Rules note that restoration of the original rent may be effective once a landlord delivers a notice to the administrator and the tenant, saying that the landlord has corrected the conditions, or the tenant directly confirms to the administrator that the landlord corrected the conditions forming the basis of the rent reduction. (RSBR 1500(E)(4).) However, the rent shall not be restored if "[t]he administrator determines… that there is cause to believe that the condition has not been corrected or was not corrected as of the date specified by the landlord[.]" ((RSBR

[2] Factors include "the extent to which the failure affects the tenant(s), the relative significance of the failure in relation to the safety, health, convenience, and comfort of the tenant(s), the extent to which the tenant relied on the fact that the condition would be adequately maintained, the extent to which the use and enjoyment of the unit is affected, and other factors that are reasonably deemed to be relevant."

1500(E)(4)(a).) Nothing in the RSO or Rules says that an Examiner cannot provide specific parameters for Landlord to prove that it has remedied the conditions that form the basis of the rent rebate. This is especially crucial when record evidence shows a pattern of persistent and intermittent issues, as well as a pattern of the Landlord's failure to adequately repair these conditions.

Landlord mischaracterizes the Examiner's decision as requiring "specific performance." "In essence, the remedy of specific performance enforces the execution of a contract according to its terms, … In specific performance, execution of the contract is enforced by the power of the Court to treat disobedience of its decree as contempt." (G.W. Keeton, *An Introduction to Equity* 304 (5th ed. 1961).) Landlord will not be held in contempt if it does not make the repairs. The parties are in agreement that the Board does not have the power to compel specific performance.

The Examiner has determined that Landlord has failed to provide adequate maintenance in the common areas that constitutes a decrease in housing services at the Property that warrants a rent reduction. (Decision, at p. 39.) "Housing services" include "repairs, maintenance", "elevator service," "parking and any other benefit, privilege or facility connected with the use or occupancy of any rental unit."(East Palo Alto Mun. Code, § 14.04.040.) Services to a rental unit shall include a proportionate part of services provided to common facilities of the building in which the rental unit is contained." (*Ibid.*) The Board is well within its right to order rent rebates if Landlord refuses to maintain its property. The landlord is free to not resolve the problems, they will not be violating a court order, they will not be held in contempt, but they will be subject to further rent rebates.[3]

G. <u>The Decision Only Awards Rebates to Tenants with Tenancies at the Property.</u>

The Decision does not include compensation for time periods when tenants did not occupy their units. Similarly, the Decision does not offer rebates for non-tenants. Clearly, Landlord does not need to apply the rent decrease from January 2023 to February 2025 to tenants who were not occupying the property during that period. The Board has not ordered this, and Tenants do not request it.

[3] And perhaps other legal action.

Landlord's next argument is that several petitioners are not "tenants." No provision of The East Palo Alto Municipal Code requires the Board to, for example, issue half the rent reduction to one unit because the Landlord claims that one of the two tenants is "unauthorized." The reduction of the rent attaches to the unit during the time of tenancy, not to the individual tenants, making this argument unnecessary. (RSBR 1500(C)(3),(4).)

In any event, whether these tenants' names appear on a lease or not, is irrelevant, as the East Palo Alto Municipal code defines a "Tenant" as,

> Any renter, tenant, subtenant, lessee or sublessee of a rental unit, or successor to a renter's interest, or any group of tenants, subtenants, lessee's, or sublessee's of any rental unit, or any other person entitled to the use or occupancy of such rental unit.

(East Palo Alto Mun. Code, 14.04.040.)

Landlord would, of course, benefit from a system that disallows non-signatories of written lease agreements from petitioning; however, for good reason, that is not the law in East Palo Alto. Even tenants not on a written lease are entitled to dignified housing.

In any event, this is not the forum to determine the legitimacy of these tenancies. It was (correctly) not resolved by the Board and was not litigated on the merits. Landlord's choice to retaliate against these tenants for asserting their rights, by claiming these individuals are not tenants, while illegal, has no bearing on this appeal. (Cal. Civ. Code, § 1942.5)

H. <u>The Decision Appropriately Awards Rent Rebates to Petitioners</u>

The preponderance of the evidence standard can be satisfied without personal appearance at the hearing. The evidentiary standard in the Rules contains no requirement of the petitioners' personal appearances at the hearing. Additionally, there is no requirement in the Rules for petitioners pursuing common area claims to also pursue individual unit claims. When the record demonstrates building-wide service reductions affecting the similarly situated tenants, all petitioners are not required to appear on the record and submit evidence for all claims. Rafaela Hernandez and Jorge Rodriguez are still entitled to the rent rebates they petitioned for despite not appearing at the hearing or pursuing individual petitions.

V. CONCLUSION

The rent rebates and reductions should be preserved because the Examiner applied the correct legal framework, properly weighed evidence, and made careful, itemized findings that reflect persistent reductions in common area maintenance and services and intermittent loss of other housing services. While Landlord may disagree with the Examiner's assessment, that alone is not grounds for reversal.

Attorneys for Respondent Woodland Park Communities

RENT STABILIZATION BOARD

CITY OF EAST PALO ALTO

CALDERON, et al., Petitioners and Appellees, v. WOODLAND PARK COMMUNITIES, Respondents and Appellants.	Case Nos. 20240013-20240021 **RESPONDENT'S/APPELLANT'S REPLY BRIEF ON APPEAL** Hearing: June 10, 2026

INTRODUCTION

This appeal presents the question as to when a rent rebate is warranted under the City of East Palo Alto's Rent Stabilization Ordinance ("RSO"). Petitioners argue that a rent rebate is warranted in any circumstance, whether or not the specific requirements of the RSO and its implementing rules (Rules and Regulations for Residential Tenancies Under 2010 RSO ("Rules")) have been met. They apparently believe that a hearing examiner can simply award rent rebates for any issue without regard for the limitations in the RSO and Rules.

In contrast, Respondent believes that the plain language of the voter-adopted RSO and its implementing regulations means something. The authority of the hearing examiner and the scope of a lawful decision is constrained by the authority provided by the voters in the RSO. Respondent agrees that rent rebates are available in some circumstances. However, the Decision went well beyond the authority set forth in the RSO. Respondent asks that rent rebates beyond the authority of the RSO be invalidated.

The RSO sets clear guidance for how the petition process works, what evidence must be presented, what findings a hearing examiner must make to award a rent rebate, and the potential scope of rent rebates. That guidance was not followed in this case. When the guidance isn't followed, it is an error and an abuse of discretion by the hearing examiner that warrants a remand or reversal.

This appeal asks the Rent Stabilization Board ("Rent Board") to reverse the Hearing Examiner's decision on common area issues at the Property to the extent that it: (1) awards a rent rebate when there was no change in housing services; (2) awards a rent rebate for the pool being closed when the pool was open; (3) awards 3 years of rent rebates without determining when landlord was notified of an alleged problem; (4) awards rebates when record evidence shows that problems were fixed in a timely fashion; (5) awards rent rebates without regard for whether a housing service is restored; (6) awards rent rebates for minor problems; (7) awards rent reductions that tenants did not request in their petitions; and (8) awards rebates for periods in which tenants had no tenancy. Such determinations are contrary to the RSO and Rules.

ARGUMENT

I. Unclear Representation.

As a preliminary matter, it is not clear who is appearing in this appeal. Respondent received an opposition brief from the California Center for Movement Legal Services on behalf of Adelina Garcia. No other opposition brief has been received from any other Petitioner. It appears that none of the other Petitioners (Caldaron, Apartment 107; Rios, Apartment 108; Del Cid, Apartment 110; Hernandez, Apartment 201; Villalon, Apartment 202; Garcia, Apartment 204; Ciramagua, Apartment #206; Pereda, Apartment 207; and Spruell, Apartment 208) have opposed the appeal. The deadline has passed for those Petitioners to submit opposition to the appeal. The appeal should be granted as to the Petitioners who did not oppose.

This continues a long-term pattern in which it is not clear which petitions are continuing or who has authority to represent a Petitioner. Without evidence or correspondence from the Petitioner indicating that they are represented or continue to prosecute the Petition, it is error to continue their cases. The Rules provide that although petitioners have the right to representation in petitions, "Any such representative shall file a written statement with the Board that he/she is assisting the named party, with the name, address and phone number of the representative." Rules Section 1500.A.13.e. That does not appear to have happened here, making it impossible to understand who is appearing in these proceedings and on whose behalf.

II. Standard of Review Requires The Decision to Be Supported By Evidence.

The Opposition Brief confusingly articulates three different standards of review. That obfuscates the relevant questions, which are whether the Decision is in error and whether it constitutes an abuse of discretion. The answer to both questions is "yes." The Hearing Examiner must be governed by the RSO and the Rules. Where the Decision violates the RSO or the Rules, it is in error and constitutes an abuse of discretion.

A critical piece of this is the administrative record. "Where it is claimed that the findings are not supported by the evidence… abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record." CCP Section 1094.5(c). The Opposition alleges without citation or explanation that

there is plenty of record evidence to support the Decision. Neither the Decision nor the Opposition cites to that record evidence. Without any connection between the Decision and the record evidence, there is simply no proof that the Decision is supported by record evidence. Respondent has provided ample citations to the voluminous record in support of its position. Petitioners have provided none, other than a quote from the common area hearing.[1] That quote, of course, supports Respondent's position that it actively managed the properties.

Petitioners' argument on page 5 is illustrative. Petitioners argue that "the tenants' evidence was more persuasive." 5:6-7. The Brief proceeds to cite to Respondents' evidence and brief without ever mentioning a single piece of evidence from Petitioners, much less a persuasive piece of evidence. If Petitioners' evidence was so persuasive, then there would have been citations to evidence and facts to support the conclusion. There are literally none. For example, the Opposition could cite to a particular tenant recalling a particular date on which they notified landlord of a particular problem. If this happened as often as Petitioners allege, certainly there would be some evidence of it. Perhaps there would be emails or handwritten notes. But none were provided. The Decision is not supported by the evidence.

Only Respondent has provided citations and fact to support the claim that landlord did fix problems that were brought to their attention. The reason that Respondent thoroughly explains the record evidence that was presented below is that such evidence is the only proper basis for a decision. Ignoring this evidence without any other evidentiary basis to award a rent rebate is an abuse of discretion.

In this case, the Hearing Examiner abused his discretion by failing to proceed in the manner required by law and by issuing a decision that is not supported by the findings, which in

---

[1] This is true even though the City of East Palo Alto apparently provided Petitioners, but not Respondents, with the recording for the hearing on common area issues prior to briefing. Because the City did not provide a copy of the recording prior to the Opening Brief, it was not possible to cite to the hearing. City said they would treat the request for the hearing recording as Public Records Act request and then did not fulfill such request until after the City-set briefing deadline. This made it impossible for Respondent to cite to the hearing record. It is a violation of due process for a document to be provided to one party, but not the other, in a quasi-judicial setting.

turn are not supported by the preponderance of the evidence.

III. The Rules Require the Hearing Examiner to Determine Specific Dates; He Did Not.

The RSO stipulates that a tenant "must specify the housing services decreased and demonstrate that the landlord was provided with reasonable notice and opportunity to correct the conditions that provide the basis for the petition." RSO §§14.04.130C. The Rules further specify that "[t]he petitioner must provide proof that the landlord has reasonable notice (verbal, written, or constructive) and a reasonable opportunity to correct the conditions or restore the reductions in Housing Services that provide the basis for the petition." Rule 1500(E)(2)(a). The hearing examiner "**shall determine the date** on which the landlord was notified or actually knew or reasonably should have known that the conditions or problems existed." Rule 1500(A)(16)(b) (emphasis added). After all, petitioners are required to "set forth in the petition the date on which the landlord was given notice of the conditions or problems" and should attach copies of written notice to the landlord. Rule 1500A.3.E. Petitioners entirely failed to do this.

The Decision fails to meet this basic requirement set forth in the authorizing regulations. The hearing examiner did not determine the date on which the landlord was notified, despite the mandatory language in the Rules. This violates the Rules. The Decision states, without any citation to record evidence or anything else, that "for a period of three years prior to the filing of the petitions in September 2024…Tenants are entitled to have their rents reduced." Decision at p.9. But there is no explanation as to how that date was established or whether Respondent had notice of the alleged problems prior to the summer of 2024 and Petitioner's original letter and subsequent Petitions. That is error and an abuse of discretion warranting reversal.

The Decision's award of rent rebates that date back three years before the Petitioners raised their issues is error and must be reversed. The Hearing Examiner abused his discretion by failing to proceed in the manner required by law — which would have been to make a determination, based on factual record evidence, as to when Respondent had notice. The preponderance of the evidence shows that Petitioners all knew how to — and did — make maintenance requests and give Respondent notice of actual problems. They never requested attention on the common area issues raised herein. It was error to find that Respondent somehow

had notice dating back to 2021.

IV. Rent Rebates Cannot Continue Beyond the Resolution of the Problem.

The Decision awarded prospective rent rebates for a set amount of time — 12 months from the date of the Decision—without regard to whether or not the problem had already been resolved. This is contrary to the RSO, which only authorizes rent rebates to account for the reduction in rental value of an apartment when the apartment is not receiving a housing service to which it is entitled. Any rent reduction is "based on loss of rental value attributable to a reduction in maintenance or services." RSO §14.04.130B. The rent reduction "shall be in effect until the failure is corrected." See Regulation 1500E.2.d.(iii).

Once the failure is corrected, there is no authority for an ongoing rent rebate. To assume, without evidence, that a rent rebate should continue prospectively for 12 months violates the RSO and the Rules. There are no provisions for punitive or prospective rent reductions unassociated with a reduction in housing services.

Petitioners argue that Respondent could have "eliminated" the rent rebate required by the Decision "by fixing the issues." 7:20-21. But that is exactly the flaw in the Decision: It does not permit the Respondent to eliminate a rent reduction by fixing the issues. Rather, it requires the rent reduction for 12 months prospectively "From June 2025 through May 2026 Tenants' rent are reduced by 5%." Decision p.9. There is no provision for eliminating that rent reduction. Without such a provision, the Decision violates the RSO and Rules.

V. The RSO Does Not Support Rebates for Minor Issues Like the Decision Awarded.

Rule 1500(E)(1) specifies that:

> Minor maintenance deficiencies or deterioration which have no or insignificant impacts on the livability or rental value of a unit and which do not cause any health and safety risk shall not provide a basis for a reduction in the Rent pursuant to this subsection. (Emphasis added).

The Decision nonetheless awarded rent reductions for minor deficiencies that had insignificant, if any, impact on the livability, rental value, or health and safety of the rental unit. The San Mateo County Environmental Health Services Department inspected the building in October 2024, in response to complaints from Petitioners, and found only minor issues. See

R518. This government agency is tasked with inspecting multi-family dwellings to ensure they are safe and healthy. Stephen Low, the Housing Inspector, looked at the very same common area issues that the Decision considered. He determined the exterior paint issues to be "Minor." He inspected steps, handrails, and landings and found only one portion of a balcony railing to be loose and need to be re-secured. He considered this to be "Minor." During his multiple inspections of the building, he did not find any issues at all with the pool, the common area floor, the common area lighting, or the elevator. R518 through 521. Because the County's housing inspector found only minor issues, no rent rebate is appropriate.

Petitioners attempt to discount the value of the County's inspection report. However, this runs afoul of direct authority in the Rules. Rule 1500E.3 expressly provides that rent reductions "shall be based on…the evidence presented in conjunction with the hearing, including governmental inspection reports, if any" (emphasis added). This is not "merely one witness," as Petitioners state, but is rather a required source of information that the hearing examiner must consider. The governmental inspection reports determined that there were only minor issues. Minor issues do not warrant rent rebates.

Furthermore, the Decision misstates the findings in the County's report to support the award of a rent rebate. It is an error and an abuse of discretion to misstate the contents of a governmental report. Decision states that the County Inspector identified "the need to repair or replace steps." Decision p. 7. That is not what the report said. The report said, in relation to the topic of steps, handrails, and landings, that the only problem was the following, "Observed that the bottom portion of the balcony railing for unit 110 was loose. Re-secure as necessary." R518. There was no finding that there were missing steps or steps that required repair. Woodland Park re-secured the balcony railing for Unit 110, which the tenant confirmed. See R519.

The Decision states that the County Inspector found "inoperable fire extinguishers." Decision p. 7. That is not true. The County Inspector "observed that the fire extinguishers are due for annual servicing" and indicated this was a "minor" issue. See R518. This is not a determination that the extinguishers are "inoperable."

VI. Due Process Requires Notice of Requests Within the Petitions Themselves.

The Decision ignores the specific requests of each tenant, and instead awards the same rent rebate to each Petitioner. This is error. The City's own petition form, created to effectuate the process set forth in the RSO and explained in the Rules, requires each tenant to complete a table that includes precise dates on which tenant gave landlord notice of a problem and to notify the landlord what rent rebate they are seeking for that problem. Most of the petitions did not indicate that the Petitioner sought a rent rebate for common area issues. It would violate due process to award Petitioners relief they never sought, and they never told Respondent about. Rule 1500(A)(13)(a) protects due process by limiting a hearing to the issues raised by the petition ("the hearing shall be limited to the issues raised by the petition" "to ensure that each party is given notice of the grounds for a petition.").

Only Ms. Spruell in Unit 208, who requested a rebate for pool issues, and Ms. Hernandez in Unit 201, who requested a rebate for elevator issues, gave Respondent notice of their claim for a rebate due to common area issues. The other rebates must be denied on due process grounds.

VII. Rent Rebates for the Pool Can Only Cover Time Periods the Pool Was Closed.

The RSO and Rules only permit a rent rebate when there is a reduction of housing services. Municipal Code §14.04.130B. Petitioners argue that a rent rebate is acceptable even when the housing services are available. That runs contrary to the authority in the ordinance and is error. Respondents have cited significant record evidence regarding when the pool was available. Neither Petitioners nor the Decision cite any evidence whatsoever about dates on which the pool was unavailable. Absent any evidence at all about the pool being closed, no rent rebate is appropriate. There is no record evidence that the pool was closed for long periods in the summers or that Petitioners made reports of pool problems that went unaddressed by Respondent.

Petitioners also argue that it is appropriate to reduce rent for the pool being unavailable in the winter, even though the pool is never available in the winter. In support of this argument, they argue that rent is an annual payment. Record evidence is clear in every single lease for every single Petitioner that rent is paid monthly. There is no support for the theory that rent is annual.

VIII. Petitioners Concede That No Rent Rebates Are Available Without a Tenancy.

Respondents agree with Petitioners that no rent rebates are available when tenants did not occupy a unit. As a clarifying point, the Decision does provide for rebates during time periods when a Petitioner was not a tenant. For example, Katterine Ciramagua and Alex Santiago became tenants of Apartment 206 on June 8, 2024. R002. The May 2025 Decision awards these tenants rent rebates and reimbursements for 24 months, which predates the beginning of their tenancy. See Decision Attachment 1.

The Decision and rent rebates must be corrected to provide for the accurate rebates.

CONCLUSION

The rent rebates and reduction in rent should be reversed.

RENT STABILIZATION

FORM TO APPEAL DECISION OF HEARING EXAMINER

☐ Filed by Petitioner(s): _____
Name of Appellant(s)

☑ Filed by Respondent(s):
Woodland Park Communities, Respondent
Name of Appellant(s)

Case Number: 2024-007 to 2024-036

Date of Hearing: February 26, 2025

Date Hearing Decision Received by Appellant(s): June 12, 2025

Property Address: 301 E. O'Keefe St., East Palo Alto, CA

General Information: Any party may appeal the decision of the Hearing Examiner to the Rent Board within 15 calendar days after receipt of the Notice of the Decision of the Hearing Examiner. An appeal must be submitted using this form and must state why the Appellant believes there was either error or abuse of discretion on the part of the Hearing Examiner. The Appellant shall file two copies of this Appeal Form with the Board at the above address with proof of mailing a copy of the appeal to the opposing party(ies). If the decision of the Hearing Examiner is appealed to the Rent Board, the decision of the Hearing Examiner shall be stayed pending issuance of a final and effective Board decision. For more information about the appeal process, please refer to Section 1500, E. Appeals of Decision of Hearing Examiner to Rent Stabilization Board in the regulations adopted by the Rent Board to implement the City of East Palo Alto Rent Stabilization [illegible]

State below the grounds for the appeal and why the Appellant believes there was either error or abuse of discretion on the part of the Hearing Examiner. Attach additional sheets if necessary.

Please see attached.

Each Appellant listed above must sign the certification below in order to be considered one of the parties filing this appeal.

Certification. *I declare under penalty of perjury that the foregoing information in this appeal and any attachments is true and correct to the best of my knowledge and belief. This statement is executed under the laws of the State of California.*

Grounds for the Appeal

Respondent Woodland Park Communities ("Respondent") hereby appeals the Decision of the Hearing Examiner because the decision was in error and constituted an abuse of discretion on the part of the Hearing Examiner. Respondent respectfully requests that the Rent Board modify the Hearing Examiner's decision to correct the errors and the abuse of discretion.

The Decision was in error and constituted an abuse of discretion, including without limitation for the following reasons:

1.) The Decision awarded rent rebates and reimbursements to tenants for time periods in which Petitioners were not tenants and did not pay rent. For example, record evidence shows that Soane Kefeloa became a tenant of Apartment 9 on March 21, 2024 and moved out on September 4, 2024. The Decision awards this tenant rent rebates and reimbursements for January 2023 to February 2025, which is longer than their entire tenancy. There is no authority in the Rent Stabilization Ordinance ("RSO") to rebate or reimburse tenants for rent that was not paid, during a time period in which they were not tenants. (Neither the prior tenants nor the subsequent tenants are petitioners and no rent rebate or reimbursement is appropriate for a tenant who does not petition.)

2.) The Decision awarded rent rebates and reimbursements for *de minimus* problems, including occasional drips from pipes in a parking area, water during rainstorms, elevator outages and problems with a mechanized gate. No rent rebates or reimbursements are available for minor maintenance deficiencies or deterioration. See Regulation 1500(E)(1)(c) ("Minor maintenance deficiencies or deterioration which have no or insignificant impacts on the livability or rental value of a unit and which do not cause any health and safety risk shall not provide a basis for a reduction in the Rent pursuant to this subsection.")

3.) The Decision awarded rent rebates and reimbursements in excess of the loss in rental value attributable to the alleged problems. Regulation 1500(E)(3) requires "Reductions in Rent shall reflect the loss in rental value attributable to the failures specified...above." The rent rebates and reimbursements far exceed any loss in rental value attributable to the alleged problems, which are de minimus. There is no record evidence that the alleged and unspecified problems with the common areas reduced the rental value by up to 22% for every petitioner. This determination is that nearly one quarter of the value of the rental unit was lost during the relevant time period, when record evidence shows that every alleged problem was addressed by the landlord and no problem continued to exist unabated for the entire time period. This further means that the rental value of the function components of the units and building cannot exceed 78%. It is impossible to understand how the entire living area of each unit including windows, ceiling, roof, walls, bedrooms, closets, bathroom, kitchen, stove, refrigerator, faucets, bath/shower, cabinets, and flooring, in addition to the many attributes of the common areas that function properly day in and day out comprise only 78% of the rental value of the units.

4.) The Decision awarded rent rebates and reimbursements without properly considering the criteria for reductions in rent. Regulation 1500(E)(3) requires that reductions in rent be based on, among other things, "governmental inspection reports, if any." The governmental inspection reports in the instant case showed that any alleged common area problems were "minor." Therefore, it was error and an abuse of discretion to award a rent rebate or reimbursement.

5.) The Decision failed to determine, as required by Regulation 1500(A)(16), the date on which the landlord was notified that each condition or problem existed. Without such date, it is impossible to determine the length of time for any rent rebate or reimbursement. It was error

to calculate or award any rent rebate or reimbursement absent record evidence was to when the landlord was notified of a problem, and to instead assume notice, without any citation or record evidence that it was January 2023. The Decision admits at page 24:8-21 "It has been difficult to determine the beginning dates for the rent rebates ordered herein." The Decision further states, "there are no clear records establishing Landlord awareness of the conditions found to justify a rebate" and "...???look again at and add a Finding and Conclusion on this issue in order to justify the relevant Findings and Conclusions, and to balance the conflicting testimony. conservative [sic] rebate starting dates in 2023 or 2024 have been selected." In other words, the Decision admits that there is no clear starting date for the rent rebates and admits that there is uncertainty and no justification for the starting date in January 2023. Furthermore, the Decision is inconsistent with regard to whether the start date would be in 2023 or 2024. This admits that there is no preponderance of evidence to support a start date of January 2023.

6.) Similarly, Petitioners "must provide proof" that landlords had reasonable notice and a reasonable opportunity to correct the conditions or restore the reductions in housing services. See Regulation 1500(E)(2)(A). Petitioners failed to provide such proof. The Decision explains, "there are no clear records establishing Landlord awareness of the conditions found to justify a rebate." Therefore, the Decision is in error and an abuse of discretion.

7.) The preponderance of the record evidence shows that as soon as a tenant notified the landlord of a problem, the landlord took action to solve the problem. No rent adjustment is permissible unless supported by the preponderance of the evidence, which is not present here. See Regulation 1500(A)(15). There is ample record evidence that when a tenant did provide notice to the landlord, the problem was fixed.

8.) The Decision awards a blanket rent reduction and reimbursement starting from January 2023. There is no record evidence that the alleged housing service reductions began in January 2023 or that the tenants provided the landlord with notice of any problem at that time. There is no citation to record evidence regarding this January 2023 date and there is no explanation as to why this date was chosen.

9.) The blanket rent reduction and reimbursement continues through the present day (and beyond) with no explanation and no citation to record evidence. The hearing on this case took place in February 2025 and no evidence was solicited or provided regarding the time period after the hearing through the present. It is error and an abuse of discretion to award a rent reduction and reimbursement during a time period during which there is no evidence of a problem.

10.) The Decision provides for prospective rent reductions without consideration for whether each alleged condition or problem has been fixed. There is no authority in the RSO or the Rules for prospective relief. Rather, Regulation 1500(E)(2) specifies that "the reduction shall be in effect until the failure is corrected." Regulation 1500(E)(4) explains "Restoration of Rent Once Bases for Reductions in Rent Area Corrected." There is no authority for a reduction to continue beyond the time of correction. Moreover, there is no record evidence that any problems are ongoing, so no prospective rent reduction is lawful. It is error and abuse of discretion to award prospective rent reductions.

11.) The Decision requires specific performance of particular tasks by landlord before the rent reductions can stop. There is no authority in the RSO or the Rules for specific performance. The only remedy is a rent reduction. The landlord cannot be required to "file a written certification from a licensed elevator repair contractor, not previously employed by the

Landlord, stating that long-term repairs have been completed and that the elevator will be expected to function without interruption or breakdown for the next twelve months" or to file "a written certification from a licensed plumbing contractor, not previously employed by the Landlord, stating that long-term repairs have been completed and that further leaks from these pipes will not be expected occur in the next twelve months." It was error and an abuse of discretion to require these acts. Furthermore, there is no evidence in the record or otherwise that it is possible to obtain a "certification" from an elevator contractor or a plumbing contractor that a given housing service is not expected to have problems in the next twelve months. It is error and an abuse of discretion to require something that is not possible.

12.) The Decision did not specify exactly what needs to be fixed. For example, it cites a "malfunctioning elevator" that is currently functioning and in service, "leaking pipes" that are not leaking, and a flooded parking area that is not flooded. There is no description or citation to record evidence as to what alleged elevator malfunction needs to be fixed, what pipe needs to be fixed, or how to fix a parking area that is not flooded. This is error and an abuse of discretion.

13.) The Decision awarded rent rebates and reimbursements to individuals who are not tenants. For example, the Decision awarded Francisco Menera a reimbursement/rebate for Apartment 21 even though the record evidence shows that only Raquel Rodriguez is a tenant in that apartment. No rent rebates and reimbursements are available to non-tenants.

14.) The Decision awards rent rebates and reimbursements that were not requested. Regulation 1500(A)(13) limits a hearing to the issues raised by the petition. Not all petitioners raised issues for which rent rebates were awarded. It was error and abuse of discretion for the Decision to award rent rebates and reimbursements for issues not raised by a given petition.

15.) Furthermore, the Decision awards rent rebates to everyone for issues that only affect certain tenants. It is error and an abuse of discretion to do so. All petitioners were awarded a 4% rent reduction starting in January 2023 and continuing to the present day for "leaking pipes" and flooding in the parking area. Most tenants experienced no leaking pipes and therefore this did not affect the rental value of most tenants' units. Rent rebates cannot be awarded when the rental value is not affected. The leaking pipes only affected certain petitioners. There is record evidence that Unit 10 experienced a leak in the parking stall on October 16, 2024 that was repaired on November 4, 2024 and a second leak in the parking stall on November 11, 2024 that was fixed the same day. On November 26, 2024, the tenant confirmed that "theirs [sic] no leaks anywhere." Those are the only two leaks for Unit 10. They affected Unit 10 for a maximum of 20 days. There is no record evidence that these two leaks affected any other unit or affected anyone for longer than 20 days. There is record evidence that Unit 12 experienced a leak in their parking stall on August 13, 2024. This leak was fixed on August 16, 2024 by repairing the shower in the unit above the parking stall. There is no other record evidence for any other parking area leaks for Unit 12, other than this leak that lasted 3 days. Similarly, there is record evidence that Unit 21 experienced a leak in the parking area on July 14, 2024 that was resolved on July 17, 2024. This is a three day period. There is no evidence of any other parking area leak for Unit 21. On November 4, 2024, the "resident advised that everything work fine and has no issues" [sic]. There is no record evidence that anyone experienced parking area leaks from January 2023 through the present date. It is error to award rent rebates and reimbursements for that time period, especially for the tenants who experienced no leaks. At most, any rent rebate would cover the affected tenant for the time period affected. However, because the landlord timely fixed each leak, no rent rebate is proper.

16.) It was error to award a rent rebate for flooding in the parking areas when the record evidence shows that this happened occasionally, and not for a period extending from January 2023 to the present day. Record evidence shows that this problem only exists for short periods of time during rainy weather. Rainy weather has not extended from January 2023 to the present day, so it is error to award that rent rebate and reimbursement for that whole time period.

17.) It was error to award a rent rebate for flooding in the parking areas when the record evidence shows that landlord immediately responds upon notice of a problem. Record evidence further shows that the problem is caused by the City's storm drain system, which cannot accommodate the storm runoff from the apartment building. Landlord cannot fix the City's storm drain system.

18.) It was error to award an ongoing rent rebate for elevator problems that began and ended on certain dates. Record evidence shows the dates that elevator outages were reported to landlord and the dates that the elevator was repaired. See Decision p. 27. Rent rebates and reimbursements outside of those dates are not permissible as there was no lack of housing services when the elevator was functioning. Indeed, tenants testified that they failed to report certain problems (see Decision p. 10). When a problem is not reported, landlord has no notice of the problem and no rent rebate is available.

19.) It was error to award a blanket, ongoing rent rebate and reimbursement for problems with the mechanical gate. Any problems that have been reported have been repaired. The problem is not ongoing.

20.) It was error to award an ongoing rent rebate and reimbursement for issues that began and ended on particular dates. Record evidence shows when a given problem was

reported and when it was resolved. It is error to award a rent rebate and reimbursement for any time period outside of those dates.

21.) The Decision has many factual inaccuracies. For example, the Decision regularly reports that "Andrea Boulepark" offered testimony on behalf of landlord. There is no such person. Andrea Bumagat attended the hearing but offered no testimony. It is error to state that she did offer testimony. Aura Andrade also attended the hearing. She provided testimony. It was error to misattribute the testimony from landlord representatives. The Decision states that testimony was provided that "Clarice Chan" is the asset manager for the owner. That is not true. The Decision states that the property owner was "Woodland Park, LLC." That is not true.

22.) The Decision omits relevant information that was submitted as part of the record in this case. For example, the landlord submitted information regarding all 15 petitioners but the Decision omits any reference to the information submitted for 10 of these petitioners. Landlord also provided a number of additional supplemental exhibits during the process, not all of which are referenced in the Decision. All of the information submitted by landlord is record evidence and it was error and abuse of discretion to exclude it.

23.) The Decision awards rent rebates and reimbursements to all petitioners, even petitioners who did not attend the hearing and for whom there is no evidence to support a finding that the rental value of their unit has been decreased by the common area issues for which an award was given. This is error and an abuse of discretion.

PROOF OF SERVICE

I, the undersigned, declare that I am employed in the County of San Mateo, State of California. I am over the age of eighteen years and not a party to the within cause. My business address is 5 Newell Ct., East Palo Alto, CA 94303.

On June 27, 2025, I served the following documents:

- Form to Appeal Decision of Hearing Examiner

BY FIRST CLASS MAIL by placing a true copy thereof enclosed in a sealed envelope with postage thereon fully prepaid, in the United States mail at East Palo Alto, CA to the person(s) at the addresses set forth below.

Title: Manager

Address	Apartment	Tenants	Individual Petition Issues	Common Area Items
201 E. Okeefe	107	Josefina Calderon	Since 12/2012 ther was mold for about 6 years, mold in the bathroom and on the windows, pinted it but the mold came back, about 3 months ago it was painted again, toilet doesn't work properly, waste doesn't flush and have to use a bucket of water to force the toilet to flush. Sink in the bathroom is rusty, kitchen floor in living room is peeling off and it is wet underneath, sink cabinets do not close, bathroom doors have mold, the living room windows get wet inside, windows get stuck when it rains, dishwasher has mold, the refridgerator is not working properly, cockroaches, clack water comes out of the pipes.	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	108	Rocio Rios, Jose de la Torre, Miriam De La Torre, Miguel Angel De La Torre	The sink is in terrible condiition, mold around the sink, tiles around the sink are cracked and mold can be seen inside, everything around the sink needs to be repaired, The bathroom tub is rusty and in bad condition, the sink is rusty and peeling paint, Bathroom fan does not work well, the humidity and mold and mold on the walls continually appear. . Stove continually breaks down, more than 10 years old and doesn't work as it should, carpet is worn out and is 8 years old, bathroom doors are in terrible condition, rusted with mold,	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	110	Reyna Del Cid, Richard Juarez, Jacqueline Argueta	rusted bathroom sink and tub, moldy and damaged windows,Rusted blinds, peeling paint on walls, mold on bathroom doors, door hinges with rust, leaking and rusted pipes, dirty pool, no chairs, lots of trash	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	201	Alma Hernandez	pool area, rotten windows during rain water gets in and during hot weather termites come out,stove, balcony door moldy, burner is broken, bathtub is moldy, blinds don't work, cockroaches seen in kitchen	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	202	Maria Guadalupe Villalon	dishwasher doesn't drain properly, bathroom tub clogged, molded tub, sliding bathroom doors have mold and rust, bathroom ventilation is not working properly, fan is rusted, bathroom mirrors are starting to peel, blinds are damaged, heater doesn't work, kitchen drawers are peeling, cockroaches, humidity under the refrigerator.	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	204	Adelina Garcia, Mireya Segundo	Closet doors are falling down, dishwasher doesn't work, storage doors are broken, refrigerator door doesn't close properly thus the food spoils, The bathroom cabinets are rotten and have sawdust, bathroom pipes have not been properly fixed, blinds have rust and mold, heaters are not good, carpet is very damaged.	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	206	Katterine Ciramangua, Alex Santiago	Floor creaks, cockroaches	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Only one washing machine on each floor, mailbox is damaged so mail can be stollen

201 E. Okeefe	207	Elibeth Pereda	Carbon monoxide alarm not working, kitchen hood is not working and does not vent, the stove burners are not working properly and have rust on the bottom, bathroom air conditier is not working properly, dishwasher is broken, kitchen cabinets are in poor condition and some are broken, bathroom cabinets need attention and on eis broken, heater does not work, damp and moldy window.	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on.

201 E. Okeefe	208	Melva Spruell	Kitchen walls need to be repainted, kitchen cabinets need caulking because they are falling off, front door needs the weather stripping as insects are going inside, hot water pressure is lacking, bedroom window has mold and doesn't close all the way, screen doors on the balcony sliding door are not closing and look like they are not fitting right, heater is not working, lights in the hallways are out, termites seen in unit.	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Building is poorly lit.

245 E. Okeefe	1	Earleen Jenkins, Brian Jenkins	Stove does not work well, ceiling fan in kitchen does not work, outlets in the kitchen and bedroom do not work, bathtub has lots of rust and discoloration needs replacement, kitchen walls need to be painted, grey patch in kitchen, windows are not weatherized and let in a lot of cold and let out heat, medicine cabinet is rusted and needs to be replaced, locks are very old and loose posing a safety risk, termites in unit,	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Elevator down, building is poorly lit

245 E. Okeefe	12	Oscar Reyes, Elida Candia	Humidity problem in the walls, rust in the refrigerator, apartment floors unleveled, closet doors are bad, extractor fan is constantly damaged,	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Elevator, cockroaches,

245 E. Okeefe	14	Tomas Jimenez	Bathroom has mold on walls, hole in the bathroom, bathroom has liquid that goes down to the parking lot, corner behind the bathroom toilet is broken, windows fo the partment are broken, cabinets next to the sink and next to the stove are broken, smoke alarms are broken	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Dryer door doesn't work, hole in the laundry room wall, mailboxes are not secure. Building needs new paint

245 E. Okeefe	15	Sallyanne vuthbert, Carmon webster, francisco hernandez	Kitchen cabinets damaged, maintenance does not come	The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation. The paining in the common areas needs to be redone, the stairwell paint is very patchy. Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced. The walkway floors are cracked and uneven. The cracks should be filled in. The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage. The motorized gate into the parking structure malfunctions and has damaaged multiple resident's cars on the property. Througout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when water is turned back on. Rats, packages stolen, elevator broken

245 E. Okeefe	18	Fredy Raman, Ana Cardana, Becky Roman	Refridgerator is rusty on outside and light bulb inside is not working does not cool well. Bathtub is leaking water and it is also spilling on the floor, the kitchen vent hood is not working well and is not drawing in air, rats in public area are climbing onto balcony, the windows are damaged and letting in moisture and air, they also need window screens, sliding balcony door is not in good condition and the screen is not good, termites in the ceiling, kitchen floor is giving way, bathroom floor is damaged, the bathroom sliding doors are not working properly, entire floor fo the apartment moves a lot and there is a lot of noise, the carpet was very old, when requested the replacement was told that they would increase the rent, Tenant changed it themselves paid $8000. RENT STABILIZATION BOARD

CITY OF EAST PALO ALTO

PRE-HEARING MEETING SUMMARY AND ORDER

JOSEPHINA CALDERON, ET AL, Tenant-Petitioners, vs. WOODLAND PARK COMMUNITIES, Landlord-Respondent.	Consolidated Petitions Numbers 2024007 - 20240036 Subject Rental Property and Units: 201, 245, 301 East O'Keefe [Numerous Rental Units]

SUMMARY[1]

a) As per the January 22,2025 Notice served on the parties in the above consolidated cases, a Pre-Hearing Meeting was held on January 28, 2025. The Meeting commenced at 1:00 pm and concluded at approximately 2:30 pm.

b) The Meeting participants were:

Representative for the Tenant Petitioners, [hereafter "Tenants"], James Huynh from the Regional Tenant Organizing Network;

Attorney Cori Calfee, appearing on behalf of the Landlord, Woodland Park Communities, [hereafter "Landlord];"

[1] In order to provide greater clarity, this Summary varies from the actual order and content of the discussion at the January 22, 2025.

The Hearing Examiners assigned to hold the Hearings and issue the Decisions for these consolidated cases, Martin Eichner and Michael Roush;

Natasha Raiburn, East Palo Alto Rent Stabilization Program Administrator;

Spanish-English interpreters Melisa Rybaltowski and Laura Eloina.

Other interested parties attended the Meeting as non-speaking participants through the Zoom Webinar format.

c) The Meeting was facilitated by Hearing Examiner Martin Eichner. It was convened and recorded on the Zoom digital platform. The parties were informed that they could obtain a copy of the recording by making an appropriate request to City Staff.

d) After the participating parties identified themselves, Hearing Examiner Eichner began by describing the goals for this Pre-Hearing Conference, which are:

   i. To explain the process that would be utilized for the upcoming evidentiary hearings in this case, hereafter "Hearings,"

   ii. To identify the steps that need to be completed so that all parties are prepared to effectively prepare their cases and effectively participate in the Hearings;

   iii. To lay the groundwork to develop a complete and accurate record upon which the subsequent written Decisions would be based.

e) Hearing Examiner Eichner indicated that he would be issuing this written Summary and Order documenting the content of this Conference, including the disclosure schedule set forth therein.

f) It was further explained that the Hearings for this case are being held under the provisions of Section 1500 of the East Palo Alto Rent Stabilization Regulations. The general contentions raised by the Tenants were listed as,

   i. Whether conditions in the Rental Property or in the Rental Units have constituted a breach of the implied warranty of habitability.

   ii. Whether there has been a decrease in housing services in the rental property or rental units occupied by the Tenants;

   iii. Whether there has been a deterioration of the Rental Property.

The overall analysis that applies to these contentions addresses the following questions:

i. Was it proven that there was a condition violating one of the general contentions listed above, and if so, how long did it exist and how did it affect the Tenant or Tenants?

ii. Was the Landlord aware of the condition directly or indirectly, or should the Landlord have been aware of it?

iii. After becoming aware of the condition, did the Landlord take timely and effective action to remedy it?

g) It was further explained that the formal rules of evidence used in a courtroom do not apply in these Hearings. Instead, a more general standard applies, which asks whether the evidence, either by testimony or by documents, is believable. The evidence from each side is judged under the preponderance of the evidence rule, which asks which party has tipped the scales in its favor.

The Hearings are formal. Each witness testifies under penalty of perjury without interruption, subject to being questioned by the other side.

Alltestimony as to each of the specific conditions raised in the Petitions will be presented by both sides, before moving to the next condition raised. After each person finishes testifying about one specific condition raised in the Petition, the opposing party will be entitled to cross-examine that witness and then present its own testimony and evidence for that condition. Each party will be given an additional follow-up opportunity to present any further evidence or testimony.

The Hearing Examiner may ask many of the questions during the Hearing because of his greater experience examining witnesses. However, despite the fact that the Hearing Examiner may ask many of the questions, the parties remain ultimately responsible for presenting and proving their cases. It is not the responsibility of the Hearing Examiner to help the parties prove their cases or obtain documentary evidence apart from the subpoena process described in the below Order.

The fact that the Rent Stabilization Program accepted the Petition is an administrative judgment that the required paperwork for a petition had been filed. It is not a decision on

the merits of the case. That decision is the independent role of the Hearing Examiner, totally separate from the role of Rent Stabilization Staff.

Inspection reports from code enforcement agencies are being obtained and will be given significant weight.

The parties are strongly encouraged to submit evidence in the form of written statements. Landlord evidence of repairs will be accepted in the form of written invoices from contractors and similar receipts, as detailed in Appendix A.

h) In order to effectively administer the large number of Petitions, the Hearing process is being divided into several parts. The initial plan, subject to further revision as the process moves forward, is that the first three Hearings, and resulting written decisions, will focus on the common area conditions in each of the three buildings, one Hearing for each building.

Thereafter, Hearings focusing on the specific issues raised in each Petition for the individual rental units will be held. It is currently contemplated that two to three Petitions with at least some common conditions in the same building will be heard in a single Hearing. The Hearing examiners will then issue written decisions in these cases.

Thereafter, all remaining unresolved Petitions will be determined in additional Hearings, if the parties are unable to resolve the remaining cases in light of the decisions issued to date.

ORDER

1. The first Hearing in this case, to be conducted by Hearing Examiner Eichner, will be noticed for February 26, 2025 in the East Palo Alto City Council Chambers beginning at 10 a.m. That Hearing will be limited to the common area contentions for the rental property at 301 E. O'Keefe. If there will be an inspection on February 26, the notice will include the inspection.
2. Hearings and inspections by Hearing Examiner Roush for the common area contentions at 201 E. O'Keefe and 245 E. O'Keefe will be scheduled on the same day, February 27, 2025. The inspections will occur beginning at 9:00 a.m., with the first inspection at 201 E. O'Keefe and the second inspection at 245 E. O'Keefe immediately following the first inspection. The hearing for 201 E. O'Keefe will begin at 10 a.m. or as soon thereafter as the parties return from the inspections to the East Palo Alto City Hall. The hearing for 245 E. O'Keefe will begin at 1 p.m., or shortly thereafter. If necessary, February 28, 2025 is also available for these hearings.
3. These first three Hearings will be held, pursuant to notice, in-person in the East Palo Alto City Council Chambers.
4. Each party is directed to make the following written disclosures relevant to the first three Hearings, to be submitted to Rent Stabilization Staff for service on the opposing party.
5. The parties will submit the written disclosures directly to the Rent Stabilization Staff for service on the opposing party with an indication of the specific rental property building to which they pertain. The submissions will be made pursuant to the following schedule:
6. The initial disclosures from each party must be submitted to Rent Stabilization Staff by close of business, February 20, 2025.
7. Each party may send further submissions to Rent Stabilization Staff in response to the February 20, 2025 disclosures by close of business February 24, 2025.
8. The specific disclosures are:

a. On behalf of the Tenants: A specific description of each common area condition that the Tenants intend to address as a habitability, housing services or deterioration violation;

b. The names of any witnesses, including any Tenant who is a Petitioner and any Landlord representative, that the party intends to have testify at the Hearing;

c. A list of any written documentary exhibits, including photos, videos, text messages and emails, to be presented at the Hearing, along with copies of any such exhibits. This list should include any documents already submitted with the Petitions. The exhibit disclosure should follow the instructions and format of the attached Appendix A.

9. These disclosure requirements supersede any general standing disclosure orders that may apply in other Rent Stabilization cases.
10. Any witnesses or documents not disclosed pursuant to this schedule will not be permitted unless the party wishing to use the document or witness shows good cause as to why the document or witness was not disclosed pursuant to the above schedule.
11. Any party wishing to have a Hearing Officer issue a subpoena must make that request in writing and explain the basis for the request as part of its February 20, 2025 submission.
12. To the extent there have been any settlement discussions between the parties, no evidence describing any such discussions will be admissible in any of these Hearings.

Dated: January 31, 2025

Martin Eichner
Hearing Examiner

APPENDIX A

PROCEDURE REGARDING EXHIBITS

Each party will need to submit an Exhibit List.

1. Exhibit List Contents

A. Correspondence, letters, e-mails and notices must include the following information:

i. The date of the document;

ii. The author of the document;

iii. Any and all recipients of the document.

iv. Any e-mails or text messages submitted must include the entirety of all responses and replies to the email or text thread.

B. Videos and Photographs must include the following information:

i. The location and subject of the document, eg. "mold on master bedroom wall";

ii. The date on which the video or photograph was taken;

iii. If the document is a video indicate the duration of the video.

iv. The name of the person who took the photo or the video.

C. Copies of written Service Requests, must include the following information:

i. Indicate the date on which the request was made;

ii. Indicate to whom the request was made;

iii. The condition which is the subject of the service request;

iv. The date on which any condition or defect was repaired;

v. The nature of the repair or correction.

D. Work Orders and Invoices must include the following information;

i. Date that the invoice was issued;

ii. The date on which the invoice was served;

iii. The name of the individual, company or other business entity who issued the invoice, AND contractor license number if applicable;

iv. The nature of the work for which the invoice was prepared;

v. The amount of the invoice.

E. Exhibit Lists may be submitted in hard copy or in electronic format. In the event that an Exhibit List is submitted electronically, it should be submitted as a Microsoft Word document (.doc or .docx) or a Portable Document Format (.pdf).

G. Petitioners shall mark their exhibits sequentially, using numbers only, beginning with Exhibit 1.

H. Respondents shall mark their exhibits sequentially, using letters only, beginning with Exhibit A.

RENT STABILIZATION BOARD

CITY OF EAST PALO ALTO

POST-HEARING ORDER

JOSEPHINA CALDERON, ET AL, Tenant-Petitioners, vs. WOODLAND PARK COMMUNITIES, Landlord-Respondent.	Consolidated Petitions Numbers 2024007 - 20240036 Subject Rental Property and Units: 201, 245, 301 East O'Keefe Consolidated **HEARING FOR COMMON AREA ISSUES AT 301 East O'Keefe**

1. PROCEDURAL HISTORY TO DATE

a) On September 18, 2024, a group of Tenants, hereafter "Tenants," filed Tenant Petitions Numbers 2024007 through 20240036 with attachments. These Petitions were filed pursuant to the provisions of the Rental Stabilization and Just Cause for Eviction Ordinance of 2010, and the Regulations associated with that Ordinance, hereafter jointly referenced as the "RSO." The Petitions applied to various rental units in buildings located at 201, 245 and 301 East O'Keefe, in the City East Palo Alto, CA 94303, hereafter "Rental Properties." The Petitions asserted the presence of conditions on the Rental Properties that constituted a breach of the implied warranty of habitability, a decrease in housing services and/or a deterioration of the Rental Properties.

b) The Petitions named Woodland Park Communities as the Respondent owner of the Rental Properties. Greystar was subsequently identified as the owner's property management agent for the Rental Properties. Both parties are jointly identified herein as the "Landlord."

c) The petitions were subsequently served on the Landlord and consolidated for Hearing and for Decision.

d) As per a January 22,2025 Notice served on the parties in the consolidated cases, a Pre-Hearing Meeting was held on January 28, 2025. The Meeting participants were: Representative for the Tenant Petitioners, James Huynh from the Regional Tenant Organizing Network; Attorney Cori Calfee, appearing on behalf of the Landlord; the Hearing Examiners assigned to hold the Hearings and issue the Decisions for these consolidated cases, Martin Eichner and Michael Roush; Natasha Raiburn, East Palo Alto Rent Stabilization Program Administrator; and Spanish-English interpreters Melisa Rybaltowski and Laura Eloina. Other interested parties attended the Meeting as non-speaking participants through the Zoom Webinar format. At this meeting, the process that would be applied to the various evidentiary Hearings for these Petitions was described. Scheduling dates for the Hearings and for Pre-Hearing disclosures were also established.

e) Hearing Examiner Eichner issued a Pre-Hearing Summary and Order on January 31, 2025. Pursuant to that Summary and Order, initial hearing dates were set to determine the common area issues in each of the three Rental Property Buildings. The Hearing for the 301 East O'Keefe building common area issues was set for February 26, 2025 at 10 a.m. to be conducted by Hearing Examiner Eichner. Hearings for the common area issues at the 201 and 245 E. O'Keefe Rental Property buildings were set to begin on February 27, 2025 to be conducted by Hearing Examiner Michael Roush. The Pre-Hearing Order and Summary also set dates for the parties to submit Pre-Hearing witness lists and documentary evidence relevant to these common area Hearings.

f) The evidentiary Hearing for the common area issues at 301 E. O'Keefe was held on February 26, 2025 by Hearing Examiner Martin Eichner. Tenants from 301 E. O'Keefe attended the Hearing and participated as witnesses. Other Tenants attended the Hearing which was also available for viewing on the Zoom platform. The Tenants were represented by James Huynh and from the Regional Tenant Organizing Network and Laura Vasquez from the East O'Keefe Tenant Association. The Landlord was

represented at the Hearing by Aura Andrade, Community Manager, Andrea Boulepark, Compliance Manager, and Enrique Bedolla, Maintenance Manager for Woodland Park. The City was represented at the Hearing by Rent Stabilization Program Administrator Natasha Raiburn. Simultaneous translations was provided by Jorge Andres. The above named parties participated in person but the Hearing was available, and was recorded, on the Zoom Platform.

g) At the start of the Hearing, the Hearing Examiner again explained the process and rules of evidence that apply in this administrative Hearing. He emphasized that regardless of whether he was asking questions, it remained the responsibility of the parties to present their own cases and offer their evidence in support.

h) At the Hearing, various documents identified and marked as Exhibits. The evidentiary portion of the Hearing was completed on February 26, 2025, except that certain relevant documents were identified that had not yet been submitted as exhibits.

i) The following Post-Hearing Order is being issued to address the unavailable documents and other submissions necessary to close the Hearing Record:

ORDER

A. this Order applies to any of the following common area issues at 301 E. O'Keefe that were addressed during the February 26, 2025 Hearing:

   a. Malfunctioning elevator;
   b. Defects or hazards in the walking area surfaces;
   c. Water leaks, flooding and ceiling holes in or near the parking area;
   d. Defects or hazards to vehicles in the pavement or surface used by vehicles;
   e. Malfunctioning automatic entrance gate;
   f. Broken or inadequate lighting in the front covered stairway;
   g. Dislocated rain gutter;
   h. Door frame with broken or displaced mounting [Tenant Exhibit 35];
   i. Failure to maintain the exterior paint.

B. The following documents pertaining to the above issues at the Rental Property, *that have not already been submitted to the Rent Stabilization Program Administrator prior to February 25, 2025*, shall be submitted to the Rent Stabilization Program Administrator for service on the opposing party and the Hearing Officer. These documents are limited to those created or existing during the time period February 26, 2022 through February 26, 2025. These documents are to be submitted, no later than close of business, April 17, 2025:

a. Any documents containing communications between the Tenants and the Landlord, including text messages or emails, concerning any of the above conditions;

b. Any records of complaints or requests for repairs or maintenance made by any tenant at 301 E. O'Keefe concerning any of the above conditions;

c. Any notices or written instructions given to the tenants at 301 E. O'Keefe concerning how to request a repair or maintenance service or to otherwise report a concern about a condition at 301 E. O'Keefe;

d. Any work orders, invoices, receipts, reports or other evidence of repairs or attempted repairs by any contractors or vendors at the request of the Landlord, or by staff directly employed by the Landlord concerning any of the above conditions;

e. Any reports from the Landlord's security staff or security contractors concerning any of the above conditions;

f. Any photos depicting any of the above conditions, in either hardcopy or in a digital file format that can be opened and provided for the Hearing Record;

g. Any documents containing communications with City of East Palo Alto code enforcement staff or County of San Mateo environmental health or building inspection staff, including any annual inspections or other inspections concerning 301 E. O'Keefe.

C. Either of the parties may submit additional documents in response to the April 17, 2025 submittals from the opposing party, no later than close of business April 21, 2025.

D. Absent unforeseen circumstances, the Hearing Record for this Decision will be fully closed as of April 21, 2025 and the Hearing Examiner Decision will be due thereafter.

Dated: April 3, 2025

Jesús I. López B.	650 301 2196	
Brittany Y. López B.		
Joczan López C.		

Cada inquilino mencionado arriba debe firmar la certificación en la página 3 para ser considerado como una de las partes en esta aplicación.

3. **Persona u organización autorizada para representarlo/a, si existe:**

Nombre: _____ **Teléfono(s):** _____

Dirección: _____ **Ciudad:** _____

Estado: _____ **Código Postal:** _____ **Correo Electrónico:** _____

4. **Base para la Solicitud**: Marque la razón(es) de su solicitud. Marque solamente el casillero que aplica. Complete la solicitud correspondiente y proporcione la información necesaria solicitada.

☐ **Petición A — Violación de Límite de Renta** (para reducción de renta y/o devolución por cobros de renta por encima de la renta máxima permitida)

☑ **Petición B— Reducciones de mantenimiento, servicio, y/o habitabilidad** (cuando hay una disminución en servicios de vivienda, incluyendo mantenimiento que el propietario no ha subsanado después de dar aviso razonable, el incumplimiento del contrato de alquiler, o de los códigos de construcción y vivienda, Garantía de Habitabilidad de California y otros requisitos legales para el alquiler de vivienda)

☐ **Petición C — Aprobación para Retener la Renta** (el propietario no registró la unidad con el Programa de Estabilización de Renta)

☐ **Otro —** Adjunte una hoja explicando sus razones para la solicitud y las secciones pertinentes de la Ordenanza y/o regulaciones.

5. **Yo elijo mediación (Opcional):** ☐

a. Ambas partes deben estar de acuerdo a la mediación; si no, el asunto será referido a un Examinador de Audiencia. El proceso de mediación no es obligatorio, es decir que las partes no estan obligados a llegar a un acuerdo,. Si no se llega a un acuerdo a través de mediacion, entonces el asunto se referirá al Examinador de Audiencia.

b. Si el asunto se resuelve a través de la mediación, el mediador preparará una estipulación que establece los términos del acuerdo que será ejecutado por las partes. Esta disposición a partir de entonces se convertirá en una orden de la Junta de Estabilización de Alquileres. Las partes que estipulan renuncian a cualquier derecho de audiencia o apelación sobre las cuestiones contenidas en la petición que han sido cubiertas por la estipulación. Asuntos relacionados con la petición que no esten contemplados en la estipulación no se consideran resultos y cualquiera de las partes puede solicitar una audiencia sobre los asuntos no resueltos.

6. **Consolidación**: Si esta solicitud se ha presentado junto con las peticiones de los inquilinos de otras unidades en la misma propiedad, por favor liste los números de los apartamentos de las unidades en conjunto.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

COPY

Rental unit address: 301 E. O'Keefe St, Unit 10

Date you moved into this rental unit: June 16, 2014

1. I am seeking (check all that apply): ☒ **A Rent Reduction** ☒ **A Rent Rebate**

2. Check if you have any of the following habitability, maintenance and/or problems, or list other problems with your unit that your landlord failed to correct in a reasonable timeframe. (Attach additional pages if needed)

HABITABILITY PROBLEMS: (Failure to comply with the "Warranty of Habitability" set forth in California Civil Code Sec. 1941.1.)

☒ Ineffective waterproofing to prevent wet or moldy walls

☒ Inadequate weather protection of roof and exterior walls or ceiling, including broken windows and doors.

☒ Defective plumbing, drains, sewage system or toilet facilities.

☒ Loss of or insufficient hot water or water supply.

☒ Defective or broken heater or gas facilities.

☒ Unsafe or inoperative electrical lighting, wiring or outlets and other equipment.

☒ Building, yard, garage, hallways, stairs, and common areas are not clean, sanitary, or free from all accumulations of debris, filth, rubbish, garbage, rodents, and vermin, such as cockroaches or rats.

☒ Inadequate trash receptacles in clean condition and good repair.

☒ Floors; stairways, or railings are broken, rotting, or missing.

MAINTENANCE-RELATED CONDITIONS:

☐ Broken locks or security devices on the windows or doors

☒ Holes in floors, walls or ceilings.

☒ Defective plumbing, drains, sewage system or toilet, sink, bathtub or shower.

☒ Carpets or other floor coverings with holes, cracks, gaps, shredded or disintegrated material.

☒ Deteriorated/broken cabinets or drawers.

☒ Deteriorated countertops.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

- [x] Window coverings with stains, holes, tears, or disintegrating fabric, or window coverings that have been removed.
- [x] Defective or inoperative appliance in unit.
- [x] Peeling, crumbling, stained, worn, scraped or cracked paint or peeling, torn, stained wall covering.
- [x] Missing or cracked, broken tile.
- [x] Bathtub or shower with glazing chipped or peeling.
- [x] Broken fan or vent.
- [ ] Inoperative/missing exterior lights.

Other: _____

Other: _____

CODE VIOLATIONS:

- [x] Failure to comply with code violations that materially affect tenants' health and safety, including Health and Safety Code Sec. 17920.3. (Attach copy of Notice to Correct from City Building Inspector or Code Enforcement Officer, or County Environmental Health Inspector.)

LOSS OF OR REDUCED HOUSING SERVICES:

- [ ] Parking.
- [x] Broken or defective security gates, door or fencing.
- [x] Defective or inoperative elevator.
- [ ] Broken or defective intercom.
- [ ] Storage.
- [x] Laundry facilities.
- [ ] Swimming pool or recreational facilities.
- [ ] Play areas, yards, patios, balconies.
- [ ] Landscaping or yard-care services.
- [x] Broken or missing mailbox.
- [ ] No on-site resident manager services for rental properties with16 or more units.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Other: _____

Other: _____

3. For each of the problems checked above, describe where the problem exists, and the nature and cause of each problem. (Attach additional pages if necessary.)

Windows with mold, no screen, old ventilator, the tub is damaged. In winter and raining season the walls get moldy, the security gate doesn't work, the elevator breaks down often and its in bad conditions the mailboxes are also broken down the locks don't work, the exterior of the drains leak and they get clogged when it rains.

I have attached another page with more problems.

4. For each of the problems presented in this petition, specify whether you have already notified your landlord, and how your landlord was notified of each problem, whether verbally or in writing. If you know the name of the landlord or manger that you informed of a problem, include the name of this person. If you notified your landlord in writing of a problem and you have a copy of the notice, attach a copy.

Tenant notified landlord: ■ **verbally** ■ **in writing (attach copy)**

If you did not notify the landlord, provide the timeframe in which the landlord knew or should have known about each problem. Explain how they knew about the problem.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

5. Describe specifically how you and your family have been affected by the problems cited in this petition. In what ways has your use and enjoyment of and benefit from your rental unit been impaired by each of the problems? (Attach additional pages if necessary.)

In my unit I suffer from mold on the walls with nasal allergies constantly sneezing my daugheter Britanny who has the worst allergies (cough, teary eyes, runny nose, sneezing) always dealing with it during rainy season. Since i've lived in my unit 301 E Okeefe #10 EPA, CA 94303 the cockroaches have been infecting my food. The stove burners get damaged and stop working continually. The windows during winter get mold and the screen is missing. The closet light remained without a cover for many years. The mailbox the key doesn't work and my mail is not safe. The ceiling drops dust and small bubbles. The floor is damaged and peeled off the corners the kitchen area and dining room. Hole in the bathroom shower from ceiling to wall in the pipe affected me for almost a year with the hole open but tube water leak and ceiling and wall poured for 9 years. The kitchen cabinets don't close and the shelevs are lose and the paint is in bad condition.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

6. What documentation do you have for the existence of each of the problems cited in this petition?

Photos

☐ I wish to have the Rent Program Administrator or Hearing Examiner determine whether my unit has been properly registered and whether my landlord failed to comply with the Rent Stabilization Ordinance or regulations adopted by the Rent Board to implement the Ordinance. If it is found that my landlord has not properly registered my rental unit or failed to comply with the Ordinance and regulations, I wish to contest any increases in my rent until compliance is met.

☐ I wish to have the Hearing Examiner conduct an inspection of the problems cited in this petition if a hearing is held to make a determination on the issues raised in this petition.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

7. To calculate the amount you believe your rent should be reduced and/or be rebated to you, complete the following table with the information requested for each maintenance, service, or habitability problem that you claim. For each problem, provide the date it began, or the first date you had knowledge of the problem. Then provide the date your landlord first knew of or was notified of the problem, or should have known about the problem. If a problem has already been corrected, provide the date the correction was made or completed. (Attach additional pages if necessary.) State the percent you think your rent should be reduced for each item given its impact on your use and enjoyment of your rented home and its rental value.

Unit Address: 301 E. O'Keefe St.Unit 10

List Each Problem	Date Problem First Noticed	Date Owner Informed (or Should Have Known) of Problem	Date Problem Corrected (If not corrected, leave blank)	Number of Months Problem Existed	Rent Paid During Period Each Problem Existed	Percent Reduction in Rent Requested
Heater not working	Jul 2014	Mar 20. 2022		9 years	$1338	20 %
Bathtub	Jul 2014	Jul 2014		10 years; 6 months	$1338	30 %
Ventilator	Jul 2014	3 Sept 2024		10 years; 6 months	$1338	30 %
Windows	Jul 2014	3 Sept 2024		10 years; 6 months	$1338	30 %
Stove	Oct 2016	3 Sept. 2024		7 years; 10 months	$1378	20 %
Closet lamp	March 20, 2023	Oct 2024		1 year, 5 months	$1478	10 %
Cockroach infestation	Jul 2014	3 Sept 2024		10 years; 6 months	$1556	30 %
Mailbox	Jul 2018	3 Sept 2024		6 years; 1 month	$1378	20 %

8. If you seek reimbursement for out-of-pocket expenses you incurred as a result of the above reductions in maintenance and service, enter the amount of reimbursement requested: $_____. (Submit documentation for each expense, and how it relates to the maintenance or service reduction reported.)

Leonor 301

I also want to let you know that the bathroom ceiling and wall had a large hole that was left so they could repair it for a full year. Started since July 2014 and reported since 2014, repaired March 2023.

The kitchen wall and the kitchen light were leaking water since July 2014 and I reported it since July 2014 and since July I have not had the problem. The problem happened so often that I asked them to move my apartment and they told me that if they moved me they would raise my rent.

The enamel of the bathtub is damaged and rusty July 2014 until now the problem.
The mailbox has not worked since August 2018 but only reported on September 3, 2024
The heater had not worked since July 2014, I reported it since July 2014 and they fixed it in March 2023.

The ceiling of the room was falling and I reported it in July 2014 and they fixed it until March 20.
The apartment floor was damaged since I entered in July 2014 and reported it in 2014 and they fixed it in March 2023

The kitchen parapet had the tile detached and broken since July 2014 and it was reported in July 2014 that they repaired it in March 2023.

The kitchen cabinets did not close and were damaged in July 2014 and were repaired in March 2023.

Black water from the pipeline July 2014 to September 2024. It was reported in September 2024.

The cockroaches from July 2014 until now are the problem.
The same has been reported to them since July 2014.

- The ceiling of the bathroom and the wall had a large hole that remained so they could repair it for a full year.
- The kitchen wall and the kitchen light leaked water
- The bathroom tub, the enamel is damaged and parts are rusty.
- The mailbox does not work
- The heater does not work
- The ceiling of the living room was falling
- The floor was damaged
- The kitchen parapet had the tile detached and broken
- The kitchen cabinets did not close and were damaged
- Cockroaches

cayendose

6. ¿Qué documentación tiene usted para la existencia de cada problema citado en esta petición?

fotos

☐ Yo deseo que el Administrador del Programa de Rentas o Examinador a cargo de la Audiencia determine si mi unidad fue registrada adecuadamente, y si el propietario falló en cumplir con la Ordenanza de Estabilización de Rentas, o las regulaciones adoptadas por la Mesa de Rentas para implementar la Ordenanza. Si se encuentra que el propietario no ha registrado adecuadamente mi unidad de renta o falló en cumplir con la Ordenanza y las regulaciones, deseo disputar cualquier aumento en mi renta hasta que se logre la conformidad.

☐ Yo deseo que el Examinador de la Audiencia realice una inspección de los problemas citados en esta petición si es que se realizará una audiencia para determinar los asuntos aquí presentados.

Leonor 301 problemas anteriores.

Tambien quiero dejarles saber que el techo del bano y la pared tenia un gran hoyo que estubo asi para que pudieran repararlo un ano completo. Comenso desde Julio del 2014 y lo reporte desde Julio 2014 repararon Marzo 2023.

La pared de la cocina y la luz de la cocina filtraban agua desde Julio 2014 y la reporte desde Julio 2014 y desde Julio no he tenido el problema. El problema ocurria tan seguido que les pedi que me movieran de apartamento y me dijeron que si me movían me iba a subir la renta a lo que estaba en ese momento.

La tina del baño el esmalte está maltratado y partes con óxido Julio 2014 hasta ahora el problema.
El buzón del correo no funciona desde Agosto 2018 pero apenas reporte en septiembre 3 2024
El calentón no funcionaba desde Julio 2014 lo reporte desde Julio 2014 y lo arreglaron el MArzo 2023.
El techo de la sala estaba cayendo y lo reporte Julio 2014 y lo arreglaron hasta el 20 de Marzo.
El piso estaba maltratado desde que entre en julio 2014 y lo reporte 2014 y lo arre4glar0on marzo 2023
El pretil de la cocina tenía el azulejo desprendido y quebrado desde
Julio 2014 y lo reporte julio 2014 repararon Marzo 2023

Los gabinetes de la cocina no cerraban y estaban dañados en julio 2014 se repararon en marzo 2023.
Aguas negras de la tubería Julio 2014 hasta septiembre 2024. Se reportó en septiembre de 2024.

Las cucarachas desde Julio 2014 hasta ahora esta el problema.
Igual se les reportó desde Julio 2014.

Leonor peticion

- El techo del baño y la pared tenia un gran hoyo que estuvo así para que pudieran repararlo un año completo.
- La pared de la cocina y la luz de la cocina filtraban agua
- La tina del baño el esmalte está maltratado y partes con óxido
- El buzón del correo no funciona
- El calentón no funcionaba
- El techo de la sala estaba cayendo
- El piso estaba maltratado
- El pretil de la cocina tenía el azulejo desprendido y quebrado
- Los gabinetes de la cocina no cerraban y estaban dañados
- Las cucarachas

Response 3 Addendum:

301 E Okeefe Common Area Issues:

- The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation
- The painting in the common areas needs to be redone, the stairwell paint is very patchy
- Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced
- The walkway floors are cracked and uneven. The cracks should be filled in.
- The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage
- The motorized gate into the parking structure malfunctions and has damaged multiple resident's cars on the property
- Throughout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when we turn on the water.

Problemas de áreas comunes en 301 E Okeefe St.:

- El ascensor suele quedar inutilizable o fuera de servicio de forma aleatoria. No se comunica claramente a los residentes cuándo estará en funcionamiento el ascensor.
- Es necesario rehacer la pintura en las áreas comunes, la pintura de las escaleras está muy irregular
- Las escaleras de las escaleras están agrietadas, son desiguales y las barandillas del edificio tiemblan y necesitan ser reforzadas.
- Los pisos de las pasarelas están agrietados y desiguales. Se deben rellenar las grietas.
- Las áreas comunes específicamente el área de estacionamiento no están climatizadas y cuando llueve hay inundaciones importantes en el estacionamiento.
- La puerta motorizada de la estructura del estacionamiento no funciona correctamente y ha dañado los automóviles de varios residentes en la propiedad.
- En todo el edificio, el agua/agua caliente se corta con previo aviso limitado. Sale agua marrón de los lavabos y de la bañera cuando abrimos el agua.

TENANT PETITION APPLICATION FORM — GENERAL INFORMATION

Attach Petitions for Rent Ceiling Violations to Secure an Individual Rent Adjustment and/or Rent Rebate; Maintenance and Service Reductions; Breach of Implied Warranty of Habitability; and Approval for Rent Withholding.

Provide the information requested below. You may attach additional sheets if necessary.

1. **Rental Unit Address:**

Address: 301 E O'Keefe **Apt. #** 11 **Zip code:** 94303

2. **Tenant Information:** Fill in the following information for **all** adult tenants in the rental unit who are petitioning for a rent adjustment, rebate or withholding.

Date of Initial Occupancy: 2015 December 23th

Name(s)	Phone(s)	Email Address
Maggie Pande	5134623	MaggiePande@outlook.com

(Each Tenant listed above must sign the certification on page 3 in order to be considered one of the parties filing this petition.)
Per Regulation 2000 and for the purposes of this petition, I authorize to be served at:

MaggiePande@outlook.com — **Email Address**

MP — **Initials**

I also understand that I can electronically submit my filings related to this petition to the Rent Stabilization Program at rentprogram@cityofepa.org

3. **Person or organization authorized to represent you, if any:**

Name: _____ **Phone(s):** _____

Address: _____ **City:** _____

State: _____ **Zip:** _____ **Email:** _____

4. **Basis for petition:** Check the reason(s) for filing your petition. Check only the boxes which apply. Complete the corresponding Petition(s) and provide supporting information as requested.

☐ **Petition A — Rent Ceiling Violation** (to seek a rent reduction and/or rebate for rent overcharges above Maximum Allowable Rent)

☑ **Petition B— Reductions in Maintenance, Service, and/or Habitability** (when there are decreases in Housing Services, including maintenance, that the landlord has failed to correct after given reasonable notice; failure to comply with rental agreement or with building and housing codes, California Warranty of Habitability, and other legal requirements for rental of housing)

☐ **Petition C — Petition for Approval to Withhold Rent** (for Landlord's Failure to Register with the Rent Stabilization Program)

☐ **Other** — Attach sheet(s) explaining your grounds for petitioning and relevant sections of the Rent Stabilization Ordinance and/or regulations.

5. **I elect to pursue mediation (Optional):** ☐

a. Both parties must agree to mediation; if not the matter will be referred to a Hearing Examiner. The mediation process is non-binding, meaning that parties are not required to reach an agreement. Should this matter be deemed unresolved by the Mediator, the matter shall be referred to a Hearing Examiner.

b. Should this matter be resolved through mediation, the Mediator shall prepare a stipulation setting forth the terms of the agreement to be executed by the parties. This stipulation shall thereafter become an order of the Rent Stabilization Board. Each party executing such a stipulation will be deemed to have waived any right to a hearing or appeal on the issues in the petition that are addressed by the stipulation. Issues in the petition that are not addressed by the stipulation are not considered resolved, and either party may request a hearing on these unresolved issues.

6. **Consolidation:** If this petition is being submitted together with petitions from tenants in other units on the same property, please list apartment numbers of units petitioning together.

201 E O'Keefe St 107, 108, 109, 110, 201, 202, 204, 206, 207, 208
301 E O'Keefe St 1, 2, 4, 5, 6, 9, 10, 11, 12, 14, 15, 16, 18, 20, 21
245 E O'Keefe St 1, 12, 14, 15, 18, 19.

7. **Certification:** ***I declare under penalty of perjury that the foregoing information in this petition, schedules and attachment is true and correct to the best of my knowledge and belief. This statement is executed under the laws of the State of California.***

Signature	Print Name	Date
Maggie Pandl	Maggie Pandl	8-14-2024
	Regina Pandl	8-14-2024
	Graham	8-14-2024

Attach additional pages if there are more signing this petition at the same property, listing the tenant address and unit for each tenant signing the petition.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Rental unit address: 301 E OBrien Apt 11

Date you moved into this rental unit: 2015 December - 21st

1. I am seeking (check all that apply): ☑ **A Rent Reduction** ☑ **A Rent Rebate**

2. Check if you have any of the following habitability, maintenance and/or problems, or list other problems with your unit that your landlord failed to correct in a reasonable timeframe. (Attach additional pages if needed)

HABITABILITY PROBLEMS: (Failure to comply with the "Warranty of Habitability" set forth in California Civil Code Sec. 1941.1.)

☑ Ineffective waterproofing to prevent wet or moldy walls

☑ Inadequate weather protection of roof and exterior walls or ceiling, including broken windows and doors.

☑ Defective plumbing, drains, sewage system or toilet facilities.

☑ Loss of or insufficient hot water or water supply.

☐ Defective or broken heater or gas facilities.

☑ Unsafe or inoperative electrical lighting, wiring or outlets and other equipment.

☑ Building, yard, garage, hallways, stairs, and common areas are not clean, sanitary, or free from all accumulations of debris, filth, rubbish, garbage, rodents, and vermin, such as cockroaches or rats.

☑ Inadequate trash receptacles in clean condition and good repair.

☑ Floors; stairways, or railings are broken, rotting, or missing.

MAINTENANCE-RELATED CONDITIONS:

☐ Broken locks or security devices on the windows or doors

☑ Holes in floors, walls or ceilings.

☑ Defective plumbing, drains, sewage system or toilet, sink, bathtub or shower.

☑ Carpets or other floor coverings with holes, cracks, gaps, shredded or disintegrated material.

☑ Deteriorated/broken cabinets or drawers.

☑ Deteriorated countertops.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

☑ Window coverings with stains, holes, tears, or disintegrating fabric, or window coverings that have been removed.

☑ Defective or inoperative appliance in unit.

☑ Peeling, crumbling, stained, worn, scraped or cracked paint or peeling, torn, stained wall covering.

☑ Missing or cracked, broken tile.

☑ Bathtub or shower with glazing chipped or peeling.

☑ Broken fan or vent.

☑ Inoperative/missing exterior lights.

Other:_____

Other:_____

CODE VIOLATIONS:

☐ Failure to comply with code violations that materially affect tenants' health and safety, including Health and Safety Code Sec. 17920.3. (Attach copy of Notice to Correct from City Building Inspector or Code Enforcement Officer, or County Environmental Health Inspector.)

LOSS OF OR REDUCED HOUSING SERVICES:

☐ Parking.

☑ Broken or defective security gates, door or fencing.

☑ Defective or inoperative elevator.

☑ Broken or defective intercom.

☐ Storage.

☐ Laundry facilities.

☐ Swimming pool or recreational facilities.

☑ Play areas, yards, patios, balconies.

☐ Landscaping or yard-care services.

☐ Broken or missing mailbox.

☑ No on-site resident manager services for rental properties with16 or more units.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Other: _____

Other: _____

3. For each of the problems checked above, describe where the problem exists, and the nature and cause of each problem. (Attach additional pages if necessary.)

- Water not running down the drain from the bath drain.
- Cabinets in the bathroom broken
- Water running down on the front of the down stairs when it rains.
- Tile missing from the living room
- Leaks from the refrigerator from the freezer.
- Stove, one part of it is not working even though it was changed recently.
- Not letting us know when shut shutting the water off.
- Kitchen cabinet nops are broken

4. For each of the problems presented in this petition, specify whether you have already notified your landlord, and how your landlord was notified of each problem, whether verbally or in writing. If you know the name of the landlord or manger that you informed of a problem, include the name of this person. If you notified your landlord in writing of a problem and you have a copy of the notice, attach a copy.

Tenant notified landlord: ☑ **verbally** ☑ **in writing (attach copy)**

If you did not notify the landlord, provide the timeframe in which the landlord knew or should have known about each problem. Explain how they knew about the problem.

Sending Email and pictures of the problems. Letting the Landlord know through Email. My daughter called the manger and notify about the problem and they would say that they coming and not show up a year ago.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

5. Describe specifically how you and your family have been affected by the problems cited in this petition. In what ways has your use and enjoyment of and benefit from your rental unit been impaired by each of the problems? (Attach additional pages if necessary.)

Broken refrigerator which leaks from the above freezer water coming down and destroys the food and the floor. Toilet lid joints loos and it terrible sitting on it. Roof is always bring rain water to the front off the porch which is always slippery when walking. Main Electric gate is always not function and it is a problem and you feel unsafe. Main dranging system doesn't work and when its rainy, there's a huge flood in the drive through because it doesn't flow through the drain. Blinds that are mold and it is not safe breathing. Bathroom tube draining doesn't work properly and it is a headach everytime you take a shower. Light fixtures are broken and you feel afraid to touch it because you might get Electrocuted. All this are some of the issues we face living in the apartment and it does affect us emotionally.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

6. What documentation do you have for the existence of each of the problems cited in this petition?

Pictures

☑ I wish to have the Rent Program Administrator or Hearing Examiner determine whether my unit has been properly registered and whether my landlord failed to comply with the Rent Stabilization Ordinance or regulations adopted by the Rent Board to implement the Ordinance. If it is found that my landlord has not properly registered my rental unit or failed to comply with the Ordinance and regulations, I wish to contest any increases in my rent until compliance is met.

☑ I wish to have the Hearing Examiner conduct an inspection of the problems cited in this petition if a hearing is held to make a determination on the issues raised in this petition.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

7. To calculate the amount you believe your rent should be reduced and/or be rebated to you, complete the following table with the information requested for each maintenance, service, or habitability problem that you claim. For each problem, provide the date it began, or the first date you had knowledge of the problem. Then provide the date your landlord first knew of or was notified of the problem, or should have known about the problem. If a problem has already been corrected, provide the date the correction was made or completed. (Attach additional pages if necessary.) State the percent you think your rent should be reduced for each item given its impact on your use and enjoyment of your rented home and its rental value.

Unit Address: 301 E O'Keefest Apt # 11

List Each Problem	Date Problem First Noticed	Date Owner Informed (or Should Have Known) of Problem	Date Problem Corrected (If not corrected, leave blank)	Number of Months Problem Existed	Rent Paid During Period Each Problem Existed	Percent Reduction in Rent Requested
Bathroom drainage problem	~~2022~~ 7-7-2022	8-7-2022	None	2 Years	$ 1991.49	10 %
Lights Fixtures	7-7-2022	8-7 2022		2 Years	$ 1991.49	10 %
Flower Tiling	7-7-22	8-7-2022		2 Years	$ 1991.49	10 %
Refrigerator Leaks	7-7-22	8-7 2022		2 years	$ 1991.49	10 %
Kitchen Cabinets Nops	7-7-22	8-7-2022		2 Years	$ 1991.49	10 %
Electric Main Gate Disfunctional	10-10-22	10-10-23		1 Years	$ 1991.49	10 %
Rain coming from the roof	7-7-22	8-7-2022		2 years	$ 1991.49	10 %
Blinds Molad	7-7-22	8-7-2022		2 Years	$ 1991.49	10 %

8. If you seek reimbursement for out-of-pocket expenses you incurred as a result of the above reductions in maintenance and service, enter the amount of reimbursement requested: $_____. (Submit documentation for each expense, and how it relates to the maintenance or service reduction reported.)

Response 3 Addendum:

301 E Okeefe Common Area Issues:

- The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation

- The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage
- The motorized gate into the parking structure malfunctions and has damaged multiple resident's cars on the property
- Throughout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when we turn on the water.

Problemas de áreas comunes en 301 E Okeefe St.:

- El ascensor suele quedar inutilizable o fuera de servicio de forma aleatoria. No se comunica claramente a los residentes cuándo estará en funcionamiento el ascensor.
- Es necesario rehacer la pintura en las áreas comunes, la pintura de las escaleras está muy irregular
- Las escaleras de las escaleras están agrietadas, son desiguales y las barandillas del edificio tiemblan y necesitan ser reforzadas.
- Los pisos de las pasarelas están agrietados y desiguales. Se deben rellenar las grietas.
- Las áreas comunes específicamente el área de estacionamiento no están climatizadas y cuando llueve hay inundaciones importantes en el estacionamiento.
- La puerta motorizada de la estructura del estacionamiento no funciona correctamente y ha dañado los automóviles de varios residentes en la propiedad.
- En todo el edificio, el agua/agua caliente se corta con previo aviso limitado. Sale agua marrón de los lavabos y de la bañera cuando abrimos el agua.

APLICACIÓN DEL INQUILINO — INFORMACIÓN GENERAL

Adjunte Solicitudes por Violaciones del Límite de Renta para asegurar un Ajuste de Renta Individual y/o Descuento; Reducción de Mantenimiento y Servicios; Incumplimiento de Garantía Implícita de Habitabilidad; y Aprobación de Retención del Alquiler.

Proporcione la información solicitada a continuación. Adjunte hojas adicionales si es necesario.

1. **Información de la Propiedad:**

Dirección: 301 E. OKeefe st **Apt. #** 18 **Código Postal:** 94303

2. **Información del Inquilino:** Llene los datos para todos los inquilinos en la unidad rentada que están buscando un ajuste de alquiler, descuento o retención.

Fecha de Inquilinato: 11/30/2011

Nombe(s)	Teléfono(s)	Correo Electrónico(s)
Maria Mendragon R.	650 518 23 18	Maninangeles82@gmail.com
Candido Marin R.	650 814 13 92	
Julian Marin M		
Ashley Marin M		
Candido Marin M		

Cada inquilino mencionado arriba debe firmar la certificación en la página 3 para ser considerado como una de las partes en esta aplicación.

3. **Persona u organización autorizada para representarlo/a, si existe:**

Nombre: _____ **Teléfono(s):** _____

Dirección: _____ **Ciudad:** _____

Estado: _____ **Código Postal:** _____ **Correo Electrónico:** _____

4. **Base para la Solicitud**: Marque la razón(es) de su solicitud. Marque solamente el casillero que aplica. Complete la solicitud correspondiente y proporcione la información necesaria solicitada.

☐ **Petición A — Violación de Límite de Renta** (para reducción de renta y/o devolución por cobros de renta por encima de la renta máxima permitida)

☑ **Petición B— Reducciones de mantenimiento, servicio, y/o habitabilidad** (cuando hay una disminución en servicios de vivienda, incluyendo mantenimiento que el propietario no ha subsanado después de dar aviso razonable, el incumplimiento del contrato de alquiler, o de los códigos de construcción y vivienda, Garantía de Habitabilidad de California y otros requisitos legales para el alquiler de vivienda)

☐ **Petición C — Aprobación para Retener la Renta** (el propietario no registró la unidad con el Programa de Estabilización de Renta)

☐ **Otro —** Adjunte una hoja explicando sus razones para la solicitud y las secciones pertinentes de la Ordenanza y/o regulaciones.

5. **Yo elijo mediación (Opcional):** ☐

   a. Ambas partes deben estar de acuerdo a la mediación; si no, el asunto será referido a un Examinador de Audiencia. El proceso de mediación no es obligatorio, es decir que las partes no estan obligados a llegar a un acuerdo,. Si no se llega a un acuerdo a través de mediacion, entonces el asunto se referirá al Examinador de Audiencia.

   b. Si el asunto se resuelve a través de la mediación, el mediador preparará una estipulación que establece los términos del acuerdo que será ejecutado por las partes. Esta disposición a partir de entonces se convertirá en una orden de la Junta de Estabilización de Alquileres. Las partes que estipulan renuncian a cualquier derecho de audiencia o apelación sobre las cuestiones contenidas en la petición que han sido cubiertas por la estipulación. Asuntos relacionados con la petición que no esten contemplados en la estipulación no se consideran resultos y cualquiera de las partes puede solicitar una audiencia sobre los asuntos no resueltos.

6. **Consolidación**: Si esta solicitud se ha presentado junto con las peticiones de los inquilinos de otras unidades en la misma propiedad, por favor liste los números de los apartamentos de las unidades en conjunto.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Rental unit address: 301 E. O'Keefe St, Unit 18

Date you moved into this rental unit: Nov. 1 2024

COPY

1. I am seeking (check all that apply): ■ **A Rent Reduction** ■ **A Rent Rebate**

2. Check if you have any of the following habitability, maintenance and/or problems, or list other problems with your unit that your landlord failed to correct in a reasonable timeframe. (Attach additional pages if needed)

HABITABILITY PROBLEMS: (Failure to comply with the "Warranty of Habitability" set forth in California Civil Code Sec. 1941.1.)

■ Ineffective waterproofing to prevent wet or moldy walls

☐ Inadequate weather protection of roof and exterior walls or ceiling, including broken windows and doors.

■ Defective plumbing, drains, sewage system or toilet facilities.

☐ Loss of or insufficient hot water or water supply.

■ Defective or broken heater or gas facilities.

☐ Unsafe or inoperative electrical lighting, wiring or outlets and other equipment.

■ Building, yard, garage, hallways, stairs, and common areas are not clean, sanitary, or free from all accumulations of debris, filth, rubbish, garbage, rodents, and vermin, such as cockroaches or rats.

☐ Inadequate trash receptacles in clean condition and good repair.

■ Floors; stairways, or railings are broken, rotting, or missing.

MAINTENANCE-RELATED CONDITIONS:

☐ Broken locks or security devices on the windows or doors

■ Holes in floors, walls or ceilings.

■ Defective plumbing, drains, sewage system or toilet, sink, bathtub or shower.

☐ Carpets or other floor coverings with holes, cracks, gaps, shredded or disintegrated material.

■ Deteriorated/broken cabinets or drawers.

☐ Deteriorated countertops.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

- [x] Window coverings with stains, holes, tears, or disintegrating fabric, or window coverings that have been removed.
- [x] Defective or inoperative appliance in unit.
- [x] Peeling, crumbling, stained, worn, scraped or cracked paint or peeling, torn, stained wall covering.
- [ ] Missing or cracked, broken tile.
- [x] Bathtub or shower with glazing chipped or peeling.
- [ ] Broken fan or vent.
- [ ] Inoperative/missing exterior lights.

Other: The painting on the outside of the building is in bad conditions

Other: The elevator works some days and some days it does not

CODE VIOLATIONS:

- [ ] Failure to comply with code violations that materially affect tenants' health and safety, including Health and Safety Code Sec. 17920.3. (Attach copy of Notice to Correct from City Building Inspector or Code Enforcement Officer, or County Environmental Health Inspector.)

LOSS OF OR REDUCED HOUSING SERVICES:

- [ ] Parking.
- [x] Broken or defective security gates, door or fencing.
- [x] Defective or inoperative elevator.
- [ ] Broken or defective intercom.
- [ ] Storage.
- [x] Laundry facilities.
- [ ] Swimming pool or recreational facilities.
- [x] Play areas, yards, patios, balconies.
- [ ] Landscaping or yard-care services.
- [ ] Broken or missing mailbox.
- [x] No on-site resident manager services for rental properties with16 or more units.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Other: _____

Other: _____

3. For each of the problems checked above, describe where the problem exists, and the nature and cause of each problem. (Attach additional pages if necessary.)

Mold there is mold continually around the bedroom window and the kitchen window. The wall in the kitchen is eaten away. The bathroom floor is in bad conditions around the shower its bursting on the wall. The wall on the doors is peeling. The fridge is in bad conditions. The bell pipe is not working correctly the grease expands on the walls. The bathtub needs to be painted and the sink as well. The kitchen cabinets are worn out and eaten away.

4. For each of the problems presented in this petition, specify whether you have already notified your landlord, and how your landlord was notified of each problem, whether verbally or in writing. If you know the name of the landlord or manger that you informed of a problem, include the name of this person. If you notified your landlord in writing of a problem and you have a copy of the notice, attach a copy.

Tenant notified landlord: ☐ **verbally** ■ **in writing (attach copy)**

If you did not notify the landlord, provide the timeframe in which the landlord knew or should have known about each problem. Explain how they knew about the problem.

I have been waiting over a year for them to come repair the fridge I asked that the replaced it because they had already tried to repair it on many occasions. And I reported it verbally. A few weeks ago I reported via electronic email and they only came to fix a few things.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

the mold in the rooms I reported verbally and they came and only painted that was about 2 years ago. Subsequently we have been painting because it keeps happening and its been about a month since we have painted we have to paint twice a year.

5. Describe specifically how you and your family have been affected by the problems cited in this petition. In what ways has your use and enjoyment of and benefit from your rental unit been impaired by each of the problems? (Attach additional pages if necessary.)

In the kitchen the refrigerator was spoiling my vegetables and freezing food in the back all the time. The hood, I have to constantly clean the walls, the mold The elevator service when you go to the supermarket is difficult to bring everything up the stairs since I try to stock up every week so as not to waste too much time and it its burdensome. Sometimes it works and other days it doesn't work. The drains outside the building get clogged and it takes several days for the water to drain away, so they retain a bad smell. The sink is rusty and gives off an odor. The stoves they install, even if they are new, do not work properly. I reported my previous stove more than 3 years ago and it took more than 1 year to replace it. The cockroach infestation has been going on for over 4 years and they have not fumigated properly. The staff that comes only puts out boxes and they know there are plenty of them and they have not done anything. It is frustrating for all of us.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

6. What documentation do you have for the existence of each of the problems cited in this petition?

I have photos and the las email I sent

some issues I reported verbally.

☐ I wish to have the Rent Program Administrator or Hearing Examiner determine whether my unit has been properly registered and whether my landlord failed to comply with the Rent Stabilization Ordinance or regulations adopted by the Rent Board to implement the Ordinance. If it is found that my landlord has not properly registered my rental unit or failed to comply with the Ordinance and regulations, I wish to contest any increases in my rent until compliance is met.

☐ I wish to have the Hearing Examiner conduct an inspection of the problems cited in this petition if a hearing is held to make a determination on the issues raised in this petition.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

7. To calculate the amount you believe your rent should be reduced and/or be rebated to you, complete the following table with the information requested for each maintenance, service, or habitability problem that you claim. For each problem, provide the date it began, or the first date you had knowledge of the problem. Then provide the date your landlord first knew of or was notified of the problem, or should have known about the problem. If a problem has already been corrected, provide the date the correction was made or completed. (Attach additional pages if necessary.) State the percent you think your rent should be reduced for each item given its impact on your use and enjoyment of your rented home and its rental value.

Unit Address: 301 E. O'Keefe St. Apt #18 EPA CA 94303

List Each Problem	Date Problem First Noticed	Date Owner Informed (or Should Have Known) of Problem	Date Problem Corrected (If not corrected, leave blank)	Number of Months Problem Existed	Rent Paid During Period Each Problem Existed	Percent Reduction in Rent Requested
Fridge	March 2021	March 2021	August 2024	3 years	$1544.27	10 %
Stove	Nov. 2022	Jun 2023		3 years	$1544.27	10 %
Pipe	Aug. 2022	Aug. 2024		2 years	$1544.27	10 %
Elevator	Jan. 2017	Aug. 2024		7 years	$1544.27	%
Bathtub	/2018	Aug. 2024		6 years	$	%
Cockroaches	/2020	They've known	all these years	Around 4 years	$	10 %
Mold	Sept. 2012	/2021		12 years	$	30 %
Building Drains	Jan. 2018	/2020		4 or 5 years	$	20 %

8. If you seek reimbursement for out-of-pocket expenses you incurred as a result of the above reductions in maintenance and service, enter the amount of reimbursement requested: $_____. (Submit documentation for each expense, and how it relates to the maintenance or service reduction reported.)

la tina del Baño Necesita pintarse y el lavamanos tambien los gabinetes de la Cosina estan calcomidos y desgastados

4. Para cada problema presentado en esta petición, especifique si usted ya ha notificado al propietario, y cómo el propietario fue notificado de cada problema, si fue verbalmente o por escrito. Si usted conoce el nombre del propietario o administrador a quien usted le informó de un problema, incluya el nombre de esta persona. Si usted notificó al propietario por escrito de un problema y usted tiene una copia de la notificación, adjunte una copia.

El Inquilino notificó al propietario: ☐ **verbalmente** ☑ **por escrito (Adjunte copia)**

Si usted no le notificó al propietario, provea el período de tiempo en el cual el propietario supo o debería haber sabido sobre cada problema. Explique como ellos supieron del problema.

yo Tuve esperando Mas de 1 año con el Refigerador para que ellos Vinieran a Reparar yo pedia que lo cambiaran por que ya habia sido Reparado, Varcas Ocaciones.
y lo Reporte Verbalmente.
y hace unas Semanas Reporte Todo por medio de un Correo electronico y Solo Repararon unas par de Cosas

el Mojo en el Cuarto yo lo Reporte Verbalment y Binieron y Solo pintaron eso fue hace como 2 años postercor mente Nosotros emos estado pintando por que sigue Saliendo y hace mas de 1 mes que acabamos de pintar tenemos que pintar 2 veces por año

5. Describa específicamente como usted y su familia han sido afectados por los problemas citados en esta petición. ¿De qué maneras cada uno de los problemas le ha perjudicado a usted en el uso, disfrute y beneficio de la unidad rentada? (Adjunte hojas adicionales si es necesario.)

en la Cosina el Refigerador me dañava los Vegetales y Congelava la Comida en la parte de atras todo el Tiempo.
la Campana tengo que limpiar paredes Contantemente el mojo el holor es molesto
el Servicio del Elevador. Cuando uno va al Super Mercado es dificil Subir todo por las escaleras ya que yo trato de Surtir Cada Semana por no perder mucho tiempo. y es pesado. aveces Funciona y dias No funciona
las Coladeras de afuera del Edificio se tapan y Tarda Varios dias Para irse la agua asi que guardan Mal olor.
en el lavamanos esta oxidado y despide un olor
las Estufas que ellos instalan aun que sean Nuevas No funcionan correctamente.
Mi estufa antercor la Reporte mas de 3 años y Tardaron mas de 1 año para Cambiarla.
la plaga de las Cucarachas tengo mas de 4 años que no fumigan Correctamente el personal que viene solo pone unas Cajas y ellos saben que hay Bastanes y No an echo Nada es frustante para todos Nosotros

PETICIÓN B – Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla para Proveer Mantenimiento y Servicios Requeridos por la Ley

6. ¿Qué documentación tiene usted para la existencia de cada problema citado en esta petición?

Tengo fotos y el ultimo Correo que envie pues algunas problemas los Notifique verbalmente.

☑ Yo deseo que el Administrador del Programa de Rentas o Examinador a cargo de la Audiencia determine si mi unidad fue registrada adecuadamente, y si el propietario falló en cumplir con la Ordenanza de Estabilización de Rentas, o las regulaciones adoptadas por la Mesa de Rentas para implementar la Ordenanza. Si se encuentra que el propietario no ha registrado adecuadamente mi unidad de renta o falló en cumplir con la Ordenanza y las regulaciones, deseo disputar cualquier aumento en mi renta hasta que se logre la conformidad.

☐ Yo deseo que el Examinador de la Audiencia realice una inspección de los problemas citados en esta petición si es que se realizará una audiencia para determinar los asuntos aquí presentados.

PETICIÓN B – Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla para Proveer Mantenimiento y Servicios Requeridos por la Ley

7. Para calcular la cantidad que usted cree que su renta debería ser reducida y/o reembolsada a usted, complete la siguiente tabla con la información pedida para cada mantenimiento, servicio o problema de habitabilidad que usted reclama. Para cada problema, provea la fecha en que comenzó o la primera fecha que usted tuvo conocimiento del problema. Luego provea la fecha en que el propietario se enteró o fue notificado del problema, o debería haber sabido sobre el problema. Si un problema ya ha sido corregido, provea la fecha en que la corrección fue hecha o completada. (Adjunte hojas adicionales si es necesario.) Diga el porcentaje que usted piensa que su renta debería ser reducida por cada punto, considerando el impacto causado en su uso y disfrute de su casa rentada y el valor de la renta.

Dirección de la Unidad: 301 E. Okeefe st. Apt. # 18 E. P. A. CA 94303

Lista de Cada Problema	Fecha que el Problema Primero fue Notificado	Fecha que el Dueño fue Informado (o debería haber sabido) del Problema	Fecha que el Problema fue corregido (Si no está corregido, déjelo en blanco)	Número de meses que el Problema Existió	Renta Pagada Durante el Periodo que Cada Problema Existió	Porcentaje Requerido de Reducción en la Renta
Refrigerador	Marza 2021	Marzo /2021	Agost/24	Marzo 3 años	$ 1,544.27	10 %
estufa	Nov. /22	Jun /23		3 años	$ 1,544.27	10 %
pipa	Agost/22	Agost/24		2 años	$ 1,544.27	10 %
elevador	Enero /2017	Agost/24		N7 años	$ 1,544.27	%
Bañera	/2018	Agost/24		6 años	$	%
Cucarachas	/2020	Todos estos Años lo an saben		al Rededor de 4 años	$	10 %
Mojo	Sept./2012	/2021		12 años	$	30 %
caladeras del edificio	Enero /2018	/2020		5 o 4 años	$	20 %

8. Si usted busca un reintegro de los gastos de bolsillo en los que usted incurrió como resultado de las reducciones mencionadas en el mantenimiento y los servicios, entre la cantidad de reembolso solicitado: $_____. (Presentar la documentación de cada gasto, y cómo se relaciona con el mantenimiento o la reducción en el servicio que se ha reportado.)

Response 3 Addendum:

301 E Okeefe Common Area Issues:

- The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation
- The painting in the common areas needs to be redone, the stairwell paint is very patchy
- Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced
- The walkway floors are cracked and uneven. The cracks should be filled in.
- The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage
- The motorized gate into the parking structure malfunctions and has damaged multiple resident's cars on the property
- Throughout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when we turn on the water.

Problemas de áreas comunes en 301 E Okeefe St.:

- El ascensor suele quedar inutilizable o fuera de servicio de forma aleatoria. No se comunica claramente a los residentes cuándo estará en funcionamiento el ascensor.
- Es necesario rehacer la pintura en las áreas comunes, la pintura de las escaleras está muy irregular
- Las escaleras de las escaleras están agrietadas, son desiguales y las barandillas del edificio tiemblan y necesitan ser reforzadas.
- Los pisos de las pasarelas están agrietados y desiguales. Se deben rellenar las grietas.
- Las áreas comunes específicamente el área de estacionamiento no están climatizadas y cuando llueve hay inundaciones importantes en el estacionamiento.
- La puerta motorizada de la estructura del estacionamiento no funciona correctamente y ha dañado los automóviles de varios residentes en la propiedad.
- En todo el edificio, el agua/agua caliente se corta con previo aviso limitado. Sale agua marrón de los lavabos y de la bañera cuando abrimos el agua.

4. **Base para la Solicitud**: Marque la razón(es) de su solicitud. Marque solamente el casillero que aplica. Complete la solicitud correspondiente y proporcione la información necesaria solicitada.

☐ **Petición A — Violación de Límite de Renta** (para reducción de renta y/o devolución por cobros de renta por encima de la renta máxima permitida)

☑ **Petición B— Reducciones de mantenimiento, servicio, y/o habitabilidad** (cuando hay una disminución en servicios de vivienda, incluyendo mantenimiento que el propietario no ha subsanado después de dar aviso razonable, el incumplimiento del contrato de alquiler, o de los códigos de construcción y vivienda, Garantía de Habitabilidad de California y otros requisitos legales para el alquiler de vivienda)

☐ **Petición C — Aprobación para Retener la Renta** (el propietario no registró la unidad con el Programa de Estabilización de Renta)

☐ **Otro —** Adjunte una hoja explicando sus razones para la solicitud y las secciones pertinentes de la Ordenanza y/o regulaciones.

5. **Yo elijo mediación (Opcional):** ☐

   a. Ambas partes deben estar de acuerdo a la mediación; si no, el asunto será referido a un Examinador de Audiencia. El proceso de mediación no es obligatorio, es decir que las partes no estan obligados a llegar a un acuerdo,. Si no se llega a un acuerdo a través de mediacion, entonces el asunto se referirá al Examinador de Audiencia.

   b. Si el asunto se resuelve a través de la mediación, el mediador preparará una estipulación que establece los términos del acuerdo que será ejecutado por las partes. Esta disposición a partir de entonces se convertirá en una orden de la Junta de Estabilización de Alquileres. Las partes que estipulan renuncian a cualquier derecho de audiencia o apelación sobre las cuestiones contenidas en la petición que han sido cubiertas por la estipulación. Asuntos relacionados con la petición que no esten contemplados en la estipulación no se consideran resultos y cualquiera de las partes puede solicitar una audiencia sobre los asuntos no resueltos.

6. **Consolidación**: Si esta solicitud se ha presentado junto con las peticiones de los inquilinos de otras unidades en la misma propiedad, por favor liste los números de los apartamentos de las unidades en conjunto.

201 E O'Keefe St 107, 108, 109, 110, 201, 202, 204, 206, 207, 208
301 E O'Keefe St 1, 2, 4, 5, 6, 9, 10, 11, 12, 14, 15, 16, 18, 20, 21
215 E O'Keefe St 1, 13, 14, 15, 18, 19

7. **Certificación**: ***Declaro bajo pena de perjurio que la información anterior en esta aplicación, solicitud y adjuntos es verdadera y correcta en la medida de mi conocimiento. Esta declaración se ejecuta bajo las leyes del Estado de California.***

Firma	Imprima su nombre	Fecha

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Rental unit address: 301 E. O'Keefe St, Unit 2

Date you moved into this rental unit: 11-21-2000

COPY

1. I am seeking (check all that apply): ☒ **A Rent Reduction** ☒ **A Rent Rebate**

2. Check if you have any of the following habitability, maintenance and/or problems, or list other problems with your unit that your landlord failed to correct in a reasonable timeframe. (Attach additional pages if needed)

HABITABILITY PROBLEMS: (Failure to comply with the "Warranty of Habitability" set forth in California Civil Code Sec. 1941.1.)

☒ Ineffective waterproofing to prevent wet or moldy walls

☒ Inadequate weather protection of roof and exterior walls or ceiling, including broken windows and doors.

☒ Defective plumbing, drains, sewage system or toilet facilities.

☐ Loss of or insufficient hot water or water supply.

☐ Defective or broken heater or gas facilities.

☐ Unsafe or inoperative electrical lighting, wiring or outlets and other equipment.

☒ Building, yard, garage, hallways, stairs, and common areas are not clean, sanitary, or free from all accumulations of debris, filth, rubbish, garbage, rodents, and vermin, such as cockroaches or rats.

☒ Inadequate trash receptacles in clean condition and good repair.

☒ Floors; stairways, or railings are broken, rotting, or missing.

MAINTENANCE-RELATED CONDITIONS:

☐ Broken locks or security devices on the windows or doors

☒ Holes in floors, walls or ceilings.

☒ Defective plumbing, drains, sewage system or toilet, sink, bathtub or shower.

☒ Carpets or other floor coverings with holes, cracks, gaps, shredded or disintegrated material.

☒ Deteriorated/broken cabinets or drawers.

☒ Deteriorated countertops.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

- [x] Window coverings with stains, holes, tears, or disintegrating fabric, or window coverings that have been removed.
- [x] Defective or inoperative appliance in unit.
- [x] Peeling, crumbling, stained, worn, scraped or cracked paint or peeling, torn, stained wall covering.
- [x] Missing or cracked, broken tile.
- [x] Bathtub or shower with glazing chipped or peeling.
- [x] Broken fan or vent.
- [ ] Inoperative/missing exterior lights.

Other:_____

Other:_____

CODE VIOLATIONS:

- [ ] Failure to comply with code violations that materially affect tenants' health and safety, including Health and Safety Code Sec. 17920.3. (Attach copy of Notice to Correct from City Building Inspector or Code Enforcement Officer, or County Environmental Health Inspector.)

LOSS OF OR REDUCED HOUSING SERVICES:

- [ ] Parking.
- [x] Broken or defective security gates, door or fencing.
- [x] Defective or inoperative elevator.
- [ ] Broken or defective intercom.
- [ ] Storage.
- [ ] Laundry facilities.
- [x] Swimming pool or recreational facilities.
- [x] Play areas, yards, patios, balconies.
- [x] Landscaping or yard-care services.
- [ ] Broken or missing mailbox.
- [ ] No on-site resident manager services for rental properties with16 or more units.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

Other: _____

Other: _____

3. For each of the problems checked above, describe where the problem exists, and the nature and cause of each problem. (Attach additional pages if necessary.)

See attached page with my responses.

4. For each of the problems presented in this petition, specify whether you have already notified your landlord, and how your landlord was notified of each problem, whether verbally or in writing. If you know the name of the landlord or manger that you informed of a problem, include the name of this person. If you notified your landlord in writing of a problem and you have a copy of the notice, attach a copy.

Tenant notified landlord: ■ **verbally** ■ **in writing (attach copy)**

If you did not notify the landlord, provide the timeframe in which the landlord knew or should have known about each problem. Explain how they knew about the problem.

PETITION B – Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

5. Describe specifically how you and your family have been affected by the problems cited in this petition. In what ways has your use and enjoyment of and benefit from your rental unit been impaired by each of the problems? (Attach additional pages if necessary.)

The condition of the apartment is what causes us allergies and the balcony fence is dangerous and could fall on someone at any moment.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

6. What documentation do you have for the existence of each of the problems cited in this petition?

Photos

☐ I wish to have the Rent Program Administrator or Hearing Examiner determine whether my unit has been properly registered and whether my landlord failed to comply with the Rent Stabilization Ordinance or regulations adopted by the Rent Board to implement the Ordinance. If it is found that my landlord has not properly registered my rental unit or failed to comply with the Ordinance and regulations, I wish to contest any increases in my rent until compliance is met.

☐ I wish to have the Hearing Examiner conduct an inspection of the problems cited in this petition if a hearing is held to make a determination on the issues raised in this petition.

PETITION B–Reductions in Maintenance and Services, Habitability Problems, and/or Failure to Provide Maintenance and Services Required by Law

7. To calculate the amount you believe your rent should be reduced and/or be rebated to you, complete the following table with the information requested for each maintenance, service, or habitability problem that you claim. For each problem, provide the date it began, or the first date you had knowledge of the problem. Then provide the date your landlord first knew of or was notified of the problem, or should have known about the problem. If a problem has already been corrected, provide the date the correction was made or completed. (Attach additional pages if necessary.) State the percent you think your rent should be reduced for each item given its impact on your use and enjoyment of your rented home and its rental value.

Unit Address: 301 E. O'Keefe Street, Apt 2

List Each Problem	Date Problem First Noticed	Date Owner Informed (or Should Have Known) of Problem	Date Problem Corrected (If not corrected, leave blank)	Number of Months Problem Existed	Rent Paid During Period Each Problem Existed	Percent Reduction in Rent Requested
Damaged bathtub	Jun 2010	Jun 2010		14 Years	$1000	30 %
Bathroom Glass Doors	Jun 2010	Jun 2010		14 Years	$1000	30 %
Damaged Entrance Door	Jun 2015	Jun 2015		9 years	$1200	20 %
Screen Door Entrance	Jun 2015	Jun 2015		9 years	$1200	20 %
Falling Balcony	Jun 2010	Jun 2010		14 years	$1000	30 %
					$	%
					$	%
					$	%

8. If you seek reimbursement for out-of-pocket expenses you incurred as a result of the above reductions in maintenance and service, enter the amount of reimbursement requested: $_____. (Submit documentation for each expense, and how it relates to the maintenance or service reduction reported.)

Petition B Response to Question #3 Jorge Rodriguez 301 E. O'Keefe St. Apt. 2

1. The bathtub is damaged; it has a hole on the outside.

2. The sliding bathroom doors are damaged and have mold and rust.

3. The floor in the living room entrance is damaged and raised.

4. The windows in the entire apartment are damaged and have mold.

5. The balcony door is rusty and moldy.

6. The stove is constantly breaking down and they repair it and after a few days it doesn't work again. And it has rust.

7. The kitchen cabinets are giving off dust because they are very old and damaged.

8. The wooden fence on the balcony is falling down, it's dangerous.

9. The carpet in the bedroom is very old and gives us allergies.

10. The blinds are rusty, and damp and they fall off very often.

11. The bathroom needs ventilation.

12. The screen door at the entrance needs repair.

13. The hallways outside are deteriorating and many people have fallen.

14. The elevator is in very poor condition.

15. The building needs to be repainted.

16. The fence at the back needs a gate like the one in the apartment next door. For Rene, access to exit through the back.

2885

PETICIÓN B – Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla en Proveer Mantenimiento y Servicios Requeridos por la Ley

Dirección de la Unidad de Renta: 301 E O'Keefe St Apt. 2

Fecha en que se mudó a esta unida de Renta: 11-21-2000

1. Estoy pidiendo (Marque lo que aplique): ☒ **Una Reducción de la Renta** ☒ **Una Devolución**

2. Marque si usted tiene algunos de los siguientes problemas de habitabilidad, mantenimiento, o haga una lista de otros problemas en su unidad que el propietario falló en corregir en un lapso de tiempo razonable. (Adjunte páginas adicionales si necesita).

PROBLEMAS DE HABITABILIDAD: (Falló en cumplir con la "Garantía de Habitabilidad" establecida en el Código Civil de Sec. 1941.1.)

☒ Alberca o instalaciones de recreación.

☒ Áreas de juego, jardín, patios, balcones.

☒ Servicios de cuidado del jardín y del paisaje.

☐ Buzones de correo roto o faltante.

☐ Servicios de administración de las propiedades en renta con 16 o más unidades que no vive en el lugar.

PETICIÓN B – Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla para Proveer Mantenimiento y Servicios Requeridos por la Ley

Otra: _____

Otra: _____

3. Para cada problema marcado arriba, describa dónde existe el problema y la naturaleza y causa de cada problema. (Adjunte hojas adicionales si es necesario.)

Añado una hoja con mis respuestas.

4. Para cada problema presentado en esta petición, especifique si usted ya ha notificado al propietario, y cómo el propietario fue notificado de cada problema, si fue verbalmente o por escrito. Si usted conoce el nombre del propietario o administrador a quien usted le informó de un problema, incluya el nombre de esta persona. Si usted notificó al propietario por escrito de un problema y usted tiene una copia de la notificación, adjunte una copia.

El Inquilino notificó al propietario: ☒ **verbalmente** ☐ **por escrito (Adjunte copia)**

Si usted no le notificó al propietario, provea el período de tiempo en el cual el propietario supo o debería haber sabido sobre cada problema. Explique como ellos supieron del problema.

5. Describa específicamente como usted y su familia han sido afectados por los problemas citados en esta petición. ¿De qué maneras cada uno de los problemas le ha perjudicado a usted en el uso, disfrute y beneficio de la unidad rentada? (Adjunte hojas adicionales si es necesario.)

y en las condiciones que esta el apartamento es la causa de que nos causa alergia y pues el fens del balcon esta peligroso en cualquier rato se puede caher ensima de alguien

PETICIÓN B – Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla para Proveer Mantenimiento y Servicios Requeridos por la Ley

6. ¿Qué documentación tiene usted para la existencia de cada problema citado en esta petición?

FOTOS

☐ Yo deseo que el Administrador del Programa de Rentas o Examinador a cargo de la Audiencia determine si mi unidad fue registrada adecuadamente, y si el propietario falló en cumplir con la Ordenanza de Estabilización de Rentas, o las regulaciones adoptadas por la Mesa de Rentas para implementar la Ordenanza. Si se encuentra que el propietario no ha registrado adecuadamente mi unidad de renta o falló en cumplir con la Ordenanza y las regulaciones, deseo disputar cualquier aumento en mi renta hasta que se logre la conformidad.

☐ Yo deseo que el Examinador de la Audiencia realice una inspección de los problemas citados en esta petición si es que se realizará una audiencia para determinar los asuntos aquí presentados.

PETICIÓN B–Reducciones en el Mantenimiento y Servicios, Problemas de Habitabilidad, y/o Falla para Proveer Mantenimiento y Servicios Requeridos por la Ley

7. Para calcular la cantidad que usted cree que su renta debería ser reducida y/o reembolsada a usted, complete la siguiente tabla con la información pedida para cada mantenimiento, servicio o problema de habitabilidad que usted reclama. Para cada problema, provea la fecha en que comenzó o la primera fecha que usted tuvo conocimiento del problema. Luego provea la fecha en que el propietario se enteró o fue notificado del problema, o debería haber sabido sobre el problema. Si un problema ya ha sido corregido, provea la fecha en que la corrección fue hecha o completada. (Adjunte hojas adicionales si es necesario.) Diga el porcentaje que usted piensa que su renta debería ser reducida por cada punto, considerando el impacto causado en su uso y disfrute de su casa rentada y el valor de la renta.

Dirección de la Unidad: 301 E O'Keefe St Apt #2

Lista de Cada Problema	Fecha que el Problema Primero fue Notificado	Fecha que el Dueño fue Informado (o debería haber sabido) del Problema	Fecha que el Problema fue corregido (Si no está corregido, déjelo en blanco)	Número de meses que el Problema Existió	Renta Pagada Durante el Periodo que Cada Problema Existió	Porcentaje Requerido de Reducción en la Renta
Tina dañada	Jun-2010	Jun-2010		14 años	$1,000	30 %
Puertas Vidrio Bajo	Jun-2010	Jun-2010		14 años	$1,000	30 %
Piso Entrada Dañado	Jun-2015	Jun-2015		9 años	$1,200	20 %
Sickeen Door Entrada	Jun-2015	Jun-2015		9 años	$1,200	20 %
Fence Cayendose	Jun-2010	Jun-2011		14 años	$1,000	30 %
					$	%
					$	%
					$	%

8. Si usted busca un reintegro de los gastos de bolsillo en los que usted incurrió como resultado de las reducciones mencionadas en el mantenimiento y los servicios, entre la cantidad de reembolso solicitado: $_____. (Presentar la documentación de cada gasto, y cómo se relaciona con el mantenimiento o la reducción en el servicio que se ha reportado.)

Peticion B Respuestas a la Pregunta numero 3 Jorge Rodriguez 301 E O'Keefe st Apt 2

1. La tina está dañada tiene un hoyo por fuera.
2. Las puertas del baño deslizables están dañadas y tienen mojo y oxidación.
3. El piso de la entrada de la sala está dañada y levantado.
4. Las ventanas de todo el apartamento están dañadas tienen mojo.
5. La puerta del balcón está con oxidación y mojo.
6. La estufa se descompone constatenmente y la reparan y a los días ya no sirve otra vez. Y tiene óxido.
7. Los gabinetes de la cocina sueltan polvo porque ya son muy viejos y dañados.
8. El fence de madera de la parte del balcón se está cayendo, es peligroso.
9. La alfombra del cuarto es muy vieja y nos da alergia.
10. Las persianas están con oxidación y humedad y se caen muy seguido.
11. El baño ocupa la ventilación.
12. El screen door de la entrada necesita arreglo.
13. Los pasillos de afuera están deteriorados y mucha gente se ha caído.
14. El elevador en muy malas condiciones.
15. La pintura del edificio necesita pintarse otra vez.
16. El fence de atrás necesita una puerta como la del apartamento de al lado. Para René acceso a salir por la parte de atrás.

Response 3 Addendum:

301 E Okeefe Common Area Issues:

- The elevator is frequently unusable or out of service randomly. It is not clearly communicated to residents when the elevator will be in operation
- The painting in the common areas needs to be redone, the stairwell paint is very patchy
- Stairway stairs are cracked, uneven and building railings are shaky and need to be reinforced
- The walkway floors are cracked and uneven. The cracks should be filled in.
- The common areas specifically the parking area is not weatherized and when it rains there is significant flooding in the parking garage
- The motorized gate into the parking structure malfunctions and has damaged multiple resident's cars on the property
- Throughout the whole building, the water/hot water is shut off with limited advance notice. Brown water comes out of the sinks and bathtub when we turn on the water.

Problemas de áreas comunes en 301 E Okeefe St.:

- El ascensor suele quedar inutilizable o fuera de servicio de forma aleatoria. No se comunica claramente a los residentes cuándo estará en funcionamiento el ascensor.
- Es necesario rehacer la pintura en las áreas comunes, la pintura de las escaleras está muy irregular
- Las escaleras de las escaleras están agrietadas, son desiguales y las barandillas del edificio tiemblan y necesitan ser reforzadas.
- Los pisos de las pasarelas están agrietados y desiguales. Se deben rellenar las grietas.
- Las áreas comunes específicamente el área de estacionamiento no están climatizadas y cuando llueve hay inundaciones importantes en el estacionamiento.
- La puerta motorizada de la estructura del estacionamiento no funciona correctamente y ha dañado los automóviles de varios residentes en la propiedad.
- En todo el edificio, el agua/agua caliente se corta con previo aviso limitado. Sale agua marrón de los lavabos y de la bañera cuando abrimos el agua.

to ppau

Hello Mr Pa

Por este medio queremos hacerles saber que los inquilinos de los edificios 245,301 y 201 hemos formado nuestra Asociación de Inquilinos y además les entregamos esta carta con las cosas que nos gustaría que se tuvieran en cuenta lo antes posible.

Muchas gracias

Atentamente
Asociación de inquilinos de E O'Keefe St

We hereby want to let you know that we, the tenants of buildings 245,301 and 201, have formed our Tenants Association and also give you this letter with the things that we would like to be taken into account as soon as possible.

Thank you so much

Sincerely
E O'Keefe St Tenants Association

Email sent with demand letter from the E Okeefe Tenant Association sent to owner of Sand Hill Property Company, petition signatures to form the E Okeefe Tenant Association were sent by mail (these are photos of the resident signatures) , Peter Pau, 7.24.24

Exhibit 1: E. Okeefe TA Demand Letter #1.pdf

July 17, 2024
Sand HIll Property Company
2600 El Camino Real # 410, Palo Alto, CA 94306

Dear Mr. Pau,

We are delivering this petition on behalf of E. Okeefe Tenant Association representing a majority of residents at 201, 245, 301 E Okeefe St. As long-term residents at 201, 245, 301 E Okeefe St, we have observed a set of consistent behaviors and management practices that we would like changed. Across all buildings, we would like for all notices from management to be offered in English and Spanish. Here is a summarized list of demands that we want addressed divided by each apartment building:

201 E. Okeefe St.

- Swimming Pool: Open and clean the swimming pool. Provide clear hours of operation and access for all residents.
- Ensure safe and sanitary conditions in common areas: Repaint stairways and repair broken and unsafe stairs and balcony railings. Fix the flooring in common areas to be even and fill in cracks.
- Elevator: Ensure the elevator is properly maintained and hire an elevator maintenance company that is able to respond to elevator maintenance requests within 24 hours
- Provide effective plumbing: replace leaky pipes and old pipes that cause leakage in units throughout the complex. In addition, provide thorough inspection and remediation to brown water coming out of the kitchen sink and shower at irregular intervals.
- Repair and provide effective walls, floors and weather protection for all residents by:
    - Repairing all windows that are broken in the units and in the common areas. Ensure that all windows and doors have effective working locks and that all windows and doors are properly sealed from outside elements in the resident's unit and in common areas.
    - Ensure that roof is in good condition and does not leak when raining
- Fumigation for Cockroaches: Provide proper fumigation for units for pests like cockroaches working in conjunction with resident's schedules to limit interruptions
- Notices: Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Appliances: Update and fix appliances in the kitchen including dishwashers
- Bathroom: Update and fix old bathroom fixtures like rusted bathtubs and sinks
- Carpet: Put in new carpets for all tenants that would like to have old carpets replaced

245 E. Okeefe St.:

- Elevator: Re-open the elevator and ensure it is fully functional and hire an elevator maintenance company that is able to respond to elevator maintenance requests within 24 hours
- Repair and provide effective walls, floors and weather protection for all residents by:
    - Repairing all windows that are broken in the units and in the common areas. Ensure that all windows and doors have effective working locks and that all windows and doors are properly sealed from outside elements in the resident's unit and in common areas.
    - Ensure that roof is in good condition and does not leak when raining
- Security: Improve on-site security response time to ensure the property is safe for residents. This means hiring effective on-site security patrolmen and ensuring garage gates are fixed and secure to deter outside non-residents from entering.
    - Hire a security company that can communicate professionally with residents in Spanish
- Kitchen: Update and fix appliances in the kitchen including stoves with alot of oxidation and rust
- Bathroom: Update and fix bathroom fixtures like rusted bathtubs and sinks. For example: In some units, bathtubs leak water onto the bathroom floor.
- Provide effective plumbing: replace leaky pipes and old pipes that cause leakage in units throughout the complex.
- Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Carpets: Put in new carpets for all tenants that would like to have old carpets replaced

301 E. Okeefe St.:

- Elevator: Repair and maintain the elevator so it is fully functional and hire an elevator maintenance company that is able to respond to elevator maintenance requests within 24 hours
- Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Install fire and carbon monoxide alarms in all units in the complex
- Repair and provide effective walls, floors and weather protection for all residents by:
    - Repairing all windows that are broken in the units and in the common areas. Ensure that all windows and doors have effective working locks and that all windows and doors are properly sealed from outside elements in the resident's unit and in common areas.
    - Replace blinds and screen doors in all units
    - Ensure that roof is in good condition and does not leak when raining
- Ensure safe and sanitary conditions in common areas:

    - Repaint stairways and repair broken and unsafe stairs and balcony railings. Fix the flooring in common areas to be even and fill in cracks.
- Provide effective plumbing: Replace the pipes in units to ensure that pipes do not keep bursting. Retain a plumbing company to ensure that plumbing issues are fixed in a timely manner. Address the leaking pipes, old sewer systems and clog drains that contribute to the sulfur smell in the water.
- Fix the motorized gate to enter the parking structure: multiple neighbors have had their motor vehicles and transportation damaged by the gate malfunctioning. Pay for all damages incurred by tenants due to the gate malfunctioning.
- Address flooding in the parking structure: When it rains the parking structure gets flooded which is a hazard and poses potential damage to vehicles
- Provide proper fumigation for units for pests like cockroaches working in conjunction with resident's schedules to limit interruptions
- Properly remediate mold/mildew within all units
- Kitchen Appliances: Update and fix appliances in the kitchen including stoves, refrigerators and stove hoods. For example: refrigerators do not work properly and do not maintain temperature properly
- Bathroom: Update and fix bathroom fixtures like rusted bathtubs and sinks.
- Cabinetry: Replace cabinet fixtures in kitchen and bathrooms. Many cabinets have completely fallen apart in units throughout the complex posing a potential health hazard for tenants.
- Carpets: Put in new carpets for all tenants that would like to have old carpets replaced

In light of these issues, the undersigned tenants would like to request that Sandhill Properties come to the negotiation table to address these matters. Please see the enclosed petition. We request a response by July 30th, 2024 to our association email: eokeefeta@gmail.com

Sincerely,
E Okeefe Tenant Association

2600 El Camino Real # 410, Palo Alto, CA 94306

Querido Mr. Pau,

Entregamos esta petición en nombre de la Asociación de Inquilinos de E. Okeefe que representa a la mayoría de los residentes de 201, 245, 301 E Okeefe Street. Como residentes a largo plazo en estos edificios, hemos observado un conjunto de comportamientos y prácticas constantes que nos gustaría cambiar. Aquí hay una lista resumida de las demandas que queremos abordar en los apartamentos:

201 E. Okeefe St.:

- Abrir y limpiar la piscina. Proporcionar un procedimiento de mantenimiento claro
- Asegúrese de que el ascensor esté completamente funcional y contrate una empresa de mantenimiento de ascensores que pueda responder a las solicitudes de mantenimiento de ascensores dentro de las 24 horas.
- Trate las unidades contra plagas, incluidas las cucarachas.
- Garantizar condiciones seguras y sanitarias en las áreas comunes:
- Volver a pintar escaleras y reparar escaleras y barandillas de balcones rotas e inseguras. Arregle el piso en áreas comunes para que quede nivelado y rellene las grietas.
- Reparar todas las ventanas que estén rotas en las unidades y en las áreas comunes. Asegúrese de que todas las ventanas y puertas tengan cerraduras que funcionen eficazmente y que todas las ventanas y puertas estén debidamente selladas contra elementos externos en la unidad del residente y en las áreas comunes.
- Asegúrese de que el techo esté en buenas condiciones y no gotee cuando llueve.
- Fumigación contra cucarachas: proporcione una fumigación adecuada para las unidades contra plagas como cucarachas, trabajando en conjunto con los horarios de los residentes para limitar las interrupciones.
- Avisos: Proporcionar un aviso adecuado con un mínimo de 24 horas de anticipación para cortes de agua en el complejo.
- Electrodomésticos: Actualizar y reparar electrodomésticos en la cocina, incluidos lavavajillas.
- Baño: actualice y arregle accesorios de baño viejos, como bañeras y lavabos oxidados.
- Alfombra: coloque alfombras nuevas para todos los inquilinos que deseen reemplazar las alfombras viejas.

245 E. Okeefe St.:

- Vuelva a abrir el ascensor y asegúrese de que esté completamente funcional y contrate una empresa de mantenimiento de ascensores que pueda responder a las solicitudes de mantenimiento de ascensores dentro de las 24 horas.
- Seguridad: Mejorar el tiempo de respuesta de seguridad en el sitio para garantizar que la propiedad sea segura para los residentes. Esto significa contratar patrullas de seguridad efectivas en el lugar y garantizar que las puertas de los garajes estén fijas y seguras para disuadir la entrada de no residentes externos.
    - Contratar una empresa de seguridad que pueda comunicarse profesionalmente con los residentes en español.
- Repare y proporcione paredes, pisos y protección efectiva contra la intemperie para todos los residentes mediante:
    - Reparar todas las ventanas que estén rotas en las unidades y en las áreas comunes.
    - Asegúrese de que todas las ventanas y puertas tengan cerraduras que funcionen eficazmente y que todas las ventanas y puertas estén debidamente selladas contra elementos externos en la unidad del residente y en las áreas comunes.

301 E Okeefe St.

- Ascensor: repare y mantenga el ascensor para que sea completamente funcional y contrate una empresa de mantenimiento de ascensores que pueda responder a las solicitudes de mantenimiento de ascensores dentro de las 24 horas.
- Proporcionar un aviso adecuado con un mínimo de 24 horas de anticipación para cortes de agua en el complejo.
- Instalar alarmas contra incendios y monóxido de carbono en todas las unidades del complejo.
- Repare y proporcione paredes, pisos y protección efectiva contra la intemperie para todos los residentes mediante:
- Reparar todas las ventanas que estén rotas en las unidades y en las áreas comunes. - - - Asegúrese de que todas las ventanas y puertas tengan cerraduras que funcionen eficazmente y que todas las ventanas y puertas estén debidamente selladas contra elementos externos en la unidad del residente y en las áreas comunes.
- Reemplazar persianas y puertas mosquiteras en todas las unidades.
- Asegúrese de que el techo esté en buenas condiciones y no gotee cuando llueve.
- Garantizar condiciones seguras y sanitarias en las áreas comunes:

- Volver a pintar escaleras y reparar escaleras y barandillas de balcones rotas e inseguras. Arregle el piso en áreas comunes para que quede nivelado y rellene las grietas.
- Proporcione plomería eficaz: reemplace las tuberías en las unidades para garantizar que no sigan con fugas. Contrate una empresa de plomería para garantizar que los problemas de plomería se solucionen de manera oportuna. Aborde las tuberías con fugas, los sistemas de alcantarillado viejos y los desagües obstruidos que contribuyen al olor a azufre en el agua.
- Repare la puerta motorizada para ingresar en carro al estacionamiento del edifico: varios vecinos han sufrido daños en sus vehículos y transportes debido al mal funcionamiento de la puerta. Pagar todos los daños sufridos a los vehículos de los inquilinos debido al mal funcionamiento de la puerta.
- Reparar las inundaciones en la estructura del estacionamiento: cuando llueve, la estructura del estacionamiento se inunda, lo cual es un peligro y presenta daños potenciales a los vehículos.
- Proporcionar una fumigación adecuada para las unidades contra plagas como cucarachas, trabajando en conjunto con los horarios de los residentes para limitar las interrupciones.
- Reparar y remover el moho y los hongos dentro de todas las unidades.
- Electrodomésticos de cocina:
- Actualizar y reparar electrodomésticos en la cocina, incluidas estufas, refrigeradores y campanas extractoras. Por ejemplo: los refrigeradores no funcionan correctamente y no mantienen la temperatura adecuadamente
- Baño: actualice y repare los accesorios del baño, como bañeras y lavabos oxidados.
- Gabinetes: Reemplace los accesorios de los gabinetes en la cocina y los baños. Muchos gabinetes se han desmoronado por completo en unidades de todo el complejo, lo que representa un peligro potencial para la salud de los inquilinos.
- Alfombras: coloque alfombras nuevas para todos los inquilinos que deseen reemplazar las alfombras viejas.

A la luz de estos problemas, los inquilinos firmando en la parte de abajo quisieran solicitar que Sandhill Properties venga a la mesa de negociación para abordar y elaborar un plan sobre estos asuntos. Por favor vea la petición adjunta. Solicitamos una respuesta antes del 30 de Julio de 2024 al correo electrónico de nuestra asociación: **eokeefeta@gmail.com**

RE: July 17, 2024, Letter

Dear E. Okeefe Tenant Association:

Thank you for your letter dated as of July 17, 2024. Greystar is the property manager for all of the Woodland Park Apartments, and we have been asked to respond to your letter in that capacity. We sincerely appreciate feedback from our tenants and we are looking into your requests.

You asked for an immediate response, so we are sending this reply as fast as we are able. However, we continue to look into the situation to better understand your input.

As a preliminary matter, Greystar is committed to ensuring that all of the Woodland Park Apartments are safe and habitable at all times. We work hard in our management office and through our maintenance team to track and complete all work orders in a timely fashion. We have confirmed that all of the work orders for units in 201 and 245 E. O'Keefe Street have been resolved at this time. There are no "open" or unresolved work orders in which a resident has alerted us to a problem that has not yet been addressed. There are a handful of recent work orders for units in 301 E. O'Keefe Street that are in the process of being resolved.

The swimming pool at 201 E. OKeefe is open and clean. The elevators at 201 and 301 E. Okeefe are fully functional and there is an elevator maintenance company that responds to maintenance requests in a timely fashion. There is no elevator at 245 E. O'Keefe; any elevator that may have existed at that building was decommissioned prior to the current ownership of the Woodland Park Apartments.

In the event that a maintenance issue arises, please have that resident report the issue in their unit so that it can be fixed. There are many ways for a resident to report an issue. The resident can log on to the resident portal, they can call 650-566-2000, or they can come to a Management Office at 5 Newell Court or 2043 Euclid Ave.

We respectfully request time to look further into these issues, at which point we would be happy to meet and discuss any remaining issues.

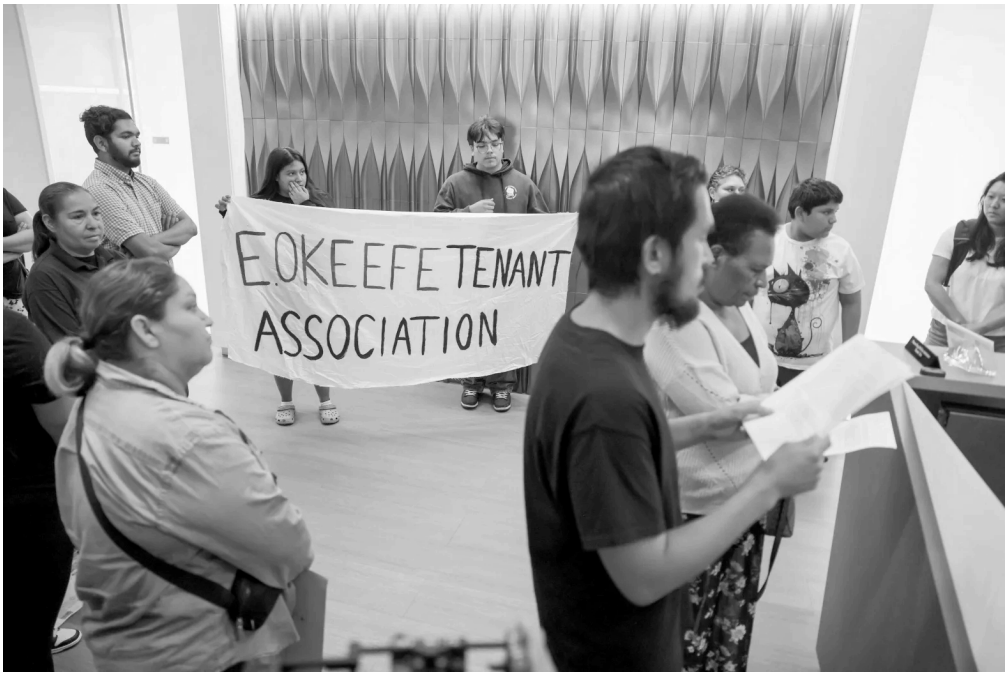
We will be back in touch soon with additional information.

Sincerely,

Pabel Zumarraga
General Manager
Woodland Park Apartments

East Palo Alto tenants demand property owners improve living conditions

Tenants, who unionized last month, say maintenance requests have gone unresolved for years



Tenants of Woodland Park Apartments, a rent-controlled property in East Palo Alto, drop off a petition at Sandhill Property Company in Palo Alto, Calif., on Thursday, Aug. 1, 2024. Residents have been complaining about mold and broken elevators, among

By **CAMERON DURAN** | Bay Area News Group

PUBLISHED: August 3, 2024 at 6:30 AM PDT | UPDATED: August 4, 2024 at 2:15 AM PDT

Mold. Cockroaches. Broken windows. Faulty plumbing.

These are a few of the problems residents of three East Palo Alto apartment buildings along one residential street say they have lived with for years. Complaints, they say, have gone unheard for too long.

On Thursday afternoon, around 10 residents gathered in the office of the property owner, Sand Hill Property Company, to deliver a list of demands. The dozens of requests included repairs, pest control and improved security.

“Now, they heard,” said Maggie Bande, one of the residents who read the letter aloud Thursday. “It sort of gives us a little peace.”

The movement to organize began when residents received a notice that the properties they live in, three buildings along East Okeefe Street, had been put up for sale. Confused by what the notice meant for the future of their buildings, tenants reached out to the local social justice group Youth United for Community Action, who contacted the Bay Area's Regional Tenant Organizing Network (TRO).

When the TRO began asking more questions, they realized tenants were living in poor conditions, said TRO director James Huynh. Last month, around 50 tenants — out of the around 60 total units — signed a petition to form a union, Huynh said. Tenants mailed a list of demands to Sand Hill last Tuesday but received what they saw as an insufficient response, leading to Thursday's in-person demonstration at the company's swanky Palo Alto office.

Tenants of Woodland Park Apartments, a rent-controlled property in East Palo Alto, drop off a petition at Sandhill Property Company in Palo Alto, Calif., as Chief Operating Officer Jason Villarreal, second from right, and Chief Financial Officer Igor Aleksandrov look on on Thursday, Aug. 1, 2024. Residents have been complaining about mold and broken elevators, among other issues that have been allegedly neglected for years and have caused health issues and accessibility problems for tenants with disabilities, they say. (Ray Chavez/Bay Area News Group)

"We are committed to ensuring that all the Woodland Park Apartments are safe and habitable at all times," a spokesperson for Sand Hill Property Company wrote to this news organization. "These buildings are managed by

Greystar Property Management did not immediately respond to a request for comment.

Tenants and organizers squeezed into the office lobby as two tenants began to read out their demands in English and Spanish. A dozen Youth United for Community Action members held a banner reading “E. OKEEFE TENANT ASSOCIATION.” A handful of employees came into the lobby, which was silent as residents read a long list of grievances.

“It was a challenge for me to go out there,” one tenant, Jesús Villalón, said in Spanish. “I just wanted to make sure my voice was heard.”

On one of the office walls, a flat screen TV played a slideshow of Sand Hill Property Company’s other properties. Their portfolio includes dozens of Silicon Valley properties that evoke images of techie utopias. The Innovation Curve, a complex of futuristic buildings at the edge of Stanford Research Park. A Cupertino Whole Foods, as well as the picturesque mixed-use mall down the block. Two theaters. One property sticks out from their portfolio — the 1,800-unit, rent-controlled Woodland Park apartments, which include the East Okeefe Street buildings, built in the early 1960s.

Freddy Roman, a 38-year-old landscaper, has lived on East Okeefe Street for 13 years. He says there have been unresolved maintenance issues in his apartment throughout his time at the property.

“It’s not in conditions fit for habitation,” Roman said in Spanish. “They don’t pay attention to us.”

When he reports a maintenance issue, Roman says, someone will come out to fix it, but the problem isn’t permanently resolved. And the stakes are now higher — Roman and his wife are expecting their first child, a baby girl, in just over a week.

“She has to be in good conditions,” Roman said.

Despite the problems, the Roman family is reluctant to consider relocating. The aging building is protected by the city’s Rent Stabilization Ordinance — the couple pays $1,500 per month in rent for a one-bedroom apartment.

Villalón, who works as a valet, also hasn't considered leaving. He has lived on East Okeefe Street since he first moved to the U.S. from Mexico in the fifth grade. He lives with his aunt in a two-bedroom for $2,200 per month, and he has more family members along the street. Villalón said that though his windows don't close all the way, making for chilly winters, it doesn't make sense to move.

"It's a place that feels like home," he said. "I don't wanna leave."

Sand Hill Property Company's COO Jason Villarreal and CFO Igor Aleksandrov were present at Thursday's reading. They introduced themselves and said they were open to working with the association and addressing residents' concerns.

Huynh said the response from Villarreal and Aleksandrov on Thursday was a good sign.

"I think it all went as well as it could. The hope is that they're true to their word," Huynh said.

James Huynh, an organizer from the Regional Tenant Network, talks to Chief Operating Officer Jason Villarreal and Chief Financial Officer Igor Aleksandrov after tenants of Woodland Park Apartments, a rent-controlled property in East Palo Alto, after dropping off a petition at Sandhill Property Company in Palo Alto, Calif., on Thursday, Aug. 1, 2024. Residents have been complaining about mold and broken elevators, among other issues that have been allegedly neglected for years and have caused health issues and accessibility problems for tenants with disabilities, they say. (Ray Chavez/Bay Area News Group)

Dear Mr. Pau,

We are members of the E Okeefe Tenant Association. We have some points we want to highlight in response to the letter you sent to our tenant association email yesterday, July 31st.

1. We request that all communication with tenants and the tenant association at large be in both English and Spanish
2. The letter implies that all maintenance requests at 201 and 245 have been fully completed and that property management has been timely in response to our repair requests. That has not been our experience as residents. There were many items noted in our first demand letter related to security, plumbing issues, frequent water stoppages, leakages, mold and cockroaches that have not been addressed in the response.
3. We have requested to have a direct meeting with you, our landlord Sandhill Property Company as our landlord to negotiate on our issues of common concern which include the general decisions made around the sale and purchase of our homes. We are still awaiting a response for our meeting request and that is why we have come here to your office in person.

Here are a set of demands from our first demand letter that we are still waiting to be addressed properly:

201 E. Okeefe St.

- Ensure safe and sanitary conditions in common areas
- Provide proper fumigation for units for pests like cockroaches working in conjunction with resident's schedules to limit interruptions
- Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Update and fix appliances in the kitchen including dishwashers and old bathroom fixtures like rusted bathtubs and sinks
- Put in new carpets for all tenants that would like to have old carpets replaced

245 E. Okeefe St.:

- Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Ensure safe and sanitary conditions and address rats in common areas
- Repair and provide effective walls, floors and weather protection for all residents-
- Repair or replace all broken windows in units and common areas
- Provide effective plumbing: replace leaky pipes and old pipes that cause leakage in units throughout the complex.

- Update and fix appliances in the kitchen including dishwashers and old bathroom fixtures like rusted bathtubs and sinks
- Put in new carpets for all tenants that would like to have old carpets replaced

301 E. Okeefe St.:

- Provide proper notice at minimum 24 hour notice for water shutoffs in the complex
- Install fire and carbon monoxide alarms in all units in the complex
- Repair and provide effective walls, floors and weather protection for all residents by repairing roof, windows and blinds
- Repaint stairways and repair broken and unsafe stairs and balcony railings. Fix the flooring in common areas to be even and fill in cracks.
- Provide effective plumbing
- Fix the motorized gate to enter the parking structure
- Address flooding in the parking structure
- Provide proper fumigation for units for pests
- Properly remediate mold/mildew within all units
- Update and fix appliances in the kitchen including dishwashers and old bathroom fixtures like rusted bathtubs and sinks
- Replace cabinet fixtures in kitchen and bathrooms.
- Put in new carpets for all tenants that would like to have old carpets replaced

We look forward to your response. Please email eokeefeta@gmail.com with available times to meet.

Sincerely,
E Okeefe Tenant Association

Sand HIll Property Company
2600 El Camino Real # 410, Palo Alto, CA 94306

Estimado Peter Pau,
Somos miembros de la Asociación de inquilinos de E Okeefe. Tenemos algunos puntos que queremos destacar en respuesta a la carta que envió ayer a nuestro correo electrónico de la asociación de inquilinos.

1. Solicitamos que toda la comunicación con los inquilinos o a la asociación de inquilinos en general se realice tanto en inglés como en español.
2. La carta implica que todas las solicitudes de mantenimiento en 201 y 245 se han completado por completo y que la administración de la propiedad ha respondido oportunamente a nuestras solicitudes de reparación. Esa no ha sido nuestra experiencia como residentes. En nuestra primera carta de demanda se mencionaron muchos elementos relacionados con la seguridad, problemas de plomería, cortes frecuentes de agua, fugas, moho y cucarachas que no se abordaron en la respuesta.
3. Hemos solicitado tener una reunión directa con usted, nuestro propietario Sandhill Property Company, como nuestro propietario para negociar sobre nuestros problemas de interés común, que incluyen las decisiones generales tomadas en torno a la venta y compra de nuestras casas. Todavía estamos esperando una respuesta a nuestra solicitud de reunión y es por eso que hemos venido aquí a su oficina en persona.

A continuación se incluye un conjunto de demandas de nuestra primera carta de demanda que aún estamos esperando que se aborden adecuadamente:

201 E. Okeefe St.:

- Trate las unidades contra plagas, incluidas las cucarachas.
- Garantizar condiciones seguras y sanitarias en las áreas comunes
- Asegúrese de que el techo esté en buenas condiciones y no gotee cuando llueve.
- Proporcionar un aviso adecuado con un mínimo de 24 horas de anticipación para cortes de agua en el complejo.
- Actualizar y reparar electrodomésticos en la cocina, incluidos lavavajillas y accesorios de baño viejos, como bañeras y lavabos oxidados.
- Coloque alfombras nuevas para todos los inquilinos que deseen reemplazar las alfombras viejas.

245 E. Okeefe St.:

- Repare y proporcione paredes, pisos y protección efectiva contra la intemperie para todos los residentes mediante
- Garantizar condiciones sanitarias y seguras y abordar las ratas en las zonas comunes.
- Reparar o reemplazar todas las ventanas que estén rotas en las unidades y en las áreas comunes
- Proporcione plomería eficaz: reemplace las tuberías en las unidades para garantizar que no sigan con fugas.
- Proporcionar un aviso adecuado con un mínimo de 24 horas de anticipación para cortes de agua en el complejo.
- Actualizar y reparar electrodomésticos en la cocina, incluidos lavavajillas y accesorios de baño viejos, como bañeras y lavabos oxidados.
- Coloque alfombras nuevas para todos los inquilinos que deseen reemplazar las alfombras viejas.

301 E. Okeefe St.

- Proporcionar un aviso adecuado con un mínimo de 24 horas de anticipación para cortes de agua en el complejo.
- Instalar alarmas contra incendios y monóxido de carbono en todas las unidades
- Reparar y proporcionar paredes, pisos y protección efectiva contra la intemperie para todos los residentes mediante la reparación de techos, ventanas y persianas.
- Volver a pintar escaleras y reparar escaleras y barandillas de balcones rotas e inseguras. Arregle el piso en áreas comunes para que quede nivelado y rellene las grietas.
- Proporcione plomería eficaz: reemplace las tuberías en las unidades para garantizar que no sigan con fugas.
- Repare la puerta motorizada para ingresar en carro al estacionamiento del edificio
- Reparar las inundaciones en la estructura del estacionamiento
- Proporcionar una fumigación adecuada para las unidades contra plagas como cucarachas, trabajando en conjunto con los horarios de los residentes para limitar las interrupciones.
- Reparar y remover el moho y los hongos dentro de todas las unidades.
- Actualizar y reparar electrodomésticos en la cocina, incluidos lavavajillas y accesorios de baño viejos, como bañeras y lavabos oxidados.
- Reemplace los accesorios de los gabinetes en la cocina y los baños.
- Coloque alfombras nuevas para todos los inquilinos que deseen reemplaza

Esperamos su respuesta. Envíe un correo electrónico a eokeefeta@gmail.com con los horarios disponibles para reunirse.

Sincerely,
E Okeefe Tenant Association

East Palo Alto residents organizing to fight for better living conditions

Complaints of mold, pests, plumbing issues went unresolved for years, tenants say

Tennant Maggie Pande says her car and other tenants' vehicles have been damaged by the malfunction of the electric gate which is left open and unsafe now at Woodland Park Apartments in East Palo Alto, Calif., on Thursday, Aug. 15, 2024. Residents say that have been complaining about mold and broken elevators, among other issues that have been allegedly neglected for years. (Ray Chavez/Bay Area News Group)

By **RYAN MACASERO** | rmacasero@bayareanewsgroup.com | Bay Area News Group

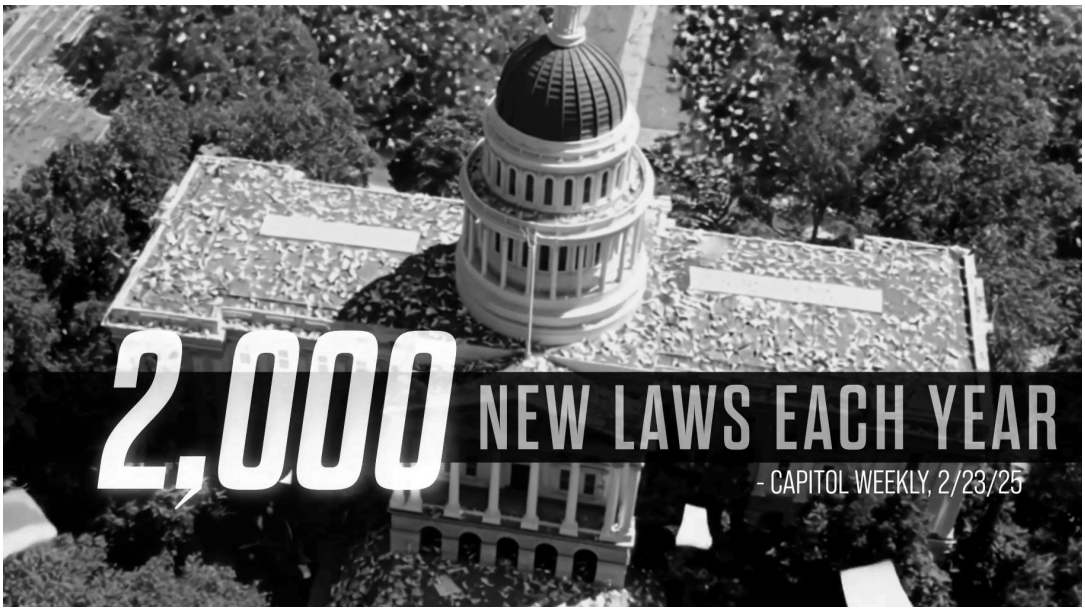
PUBLISHED: September 7, 2024 at 5:45 AM PDT | UPDATED: September 12, 2024 at 12:14 PM PDT

Maggie Pande first came to America from Papua New Guinea more than 30 years ago with nothing more than a few suitcases and a dream for a better life for her family. Pande initially lived in Ohio when she first arrived in 1993. But in 2015, she settled at Woodland Park Apartments in East Palo Alto, near where her son decided to go to school and pursue his dream of becoming a psychologist.

Pande is a caregiver in San Mateo, while her son Graham now works with special education students in Redwood City.

“Even if we live not in the best area, it allowed us to pursue our goals,” Pande said of their modest home in what was dubbed the “murder capital” of the U.S. in the early 1990s.

While that distinction no longer holds — the city reported zero murders in 2023 — Pande’s one-bedroom unit, which she rents for about $2,000, has fallen into disrepair in recent years, she said, and like dozens of other tenants at the complex, the pair say they have had difficulty getting the building’s owner to attend to their needs.



The easy answer might be to move elsewhere, but it’s not that simple for Pande and her neighbors.

East Palo Alto is near their jobs. Once known as the last affordable area in Silicon Valley, the tech boom in nearby Menlo Park, Mountain View and Palo Alto has driven up the cost of living in the Peninsula’s most diverse city, meaning there are few options nearby for those on a modest budget.

According to Apartments.com, the average rent for a one-bedroom apartment is now $2,369. While the region’s housing crisis has pushed many families who lived in the area for decades to more affordable areas like the Central Valley, many residents of three buildings on E. O’Keefe Street — part of the 1,800 unit Woodland Park complex — are choosing to stay and fight for better living conditions.

“I love that there are plenty of international people here. So, I identify with them,” Pande said. “This is home to me.”

0:15 / 0:30

The movement to organize for improvements to the apartments began when residents of the rent-controlled buildings received a notice that their homes had been put up for sale. While the sale is not expected to be imminent and it's not clear what a transaction might mean for tenants, the news worried residents, who connected with a tenants' rights group. That group urged them to push for better apartment conditions. Before that, many of the residents had been worried about upsetting the powerful property owner, Sand Hill Property Company, and facing eviction.

Last month, nearly a dozen residents visited Sand Hill Property Company, the developer behind the massive project at the former Vallco mall site in Cupertino and other high-end sites, at their upscale Palo Alto office to present their demands for improving building conditions.

Among those demands include ensuring "safe and sanitary conditions" in common areas, fumigation for pest control, providing proper notice for water shutoffs, and updating and fixing appliances that many residents say have been neglected for years.

Tennant Gabriel Diaz shows deterioration in an electrical panel caused by water or sewage leakage at Woodland Park Apartments in East Palo Alto, Calif., on Thursday, Aug. 15, 2024. Residents say that have been complaining about mold and broken elevators, among other issues that have been allegedly neglected for years. (Ray Chavez/Bay Area News Group)

Gabriel Dias has lived in the complex for more than 20 years with his wife and five children, one of whom is in a wheelchair and had to be rescued by firefighters after being trapped in the building's aging elevator, he said.

Raquel and Francisco Rodriguez, who have lived there for 10 years, say their patio door doesn't fully close, letting in wind and rain during the winter. Mold grows in the bathroom and kitchen, and several cabinets are broken or missing.

"Last winter was really hard for us," Raquel, who is from Mexico, said in Spanish. She works as a porter, handling custodial tasks at a tech company in Palo Alto, while her husband works at a janitorial services company in Mountain View.

In the past, Raquel said she has requested repairs in person or over the phone. She said management leaves notices, but workers will either not show up or perform insufficient work.

The fan above her stove, she said, was broken for years.

A spokesperson for Sand Hill Property Company told the Bay Area News Group the company has been responsive since hearing about tenants' concerns.

"When we received the concerns, we inspected the buildings and held three listening sessions with the residents to learn more about their specific requests," the spokesperson said. "As always, we encourage residents to report any maintenance issue when it arises so it can be fixed."

"We have either resolved or are in the process of resolving all open maintenance requests," he added.

Greystar, the property manager, said it is "committed to ensuring that all residents of Woodland Park Apartments are safe and habitable at all times."

Tenants say that since organizing and formalizing a tenant union, maintenance workers have come to visit, albeit at inconvenient times or without enough notice.

Tenants of Woodland Park Apartments, a rent-controlled property in East Palo Alto, drop off a petition at Sandhill Property Company in Palo Alto as Chief Operating Officer Jason Villarreal, second from right, and Chief Financial Officer Igor Aleksandrov look on on Thursday, Aug. 1, 2024. (Ray Chavez/Bay Area News Group)

“The goal over the next couple of weeks is to really articulate some concrete proposals that can be presented to Sand Hill Company,” said James Huynh of the Regional Tenant Organizing Network, the tenants’ rights organization working with residents. “The speed, the responsiveness has definitely improved, but there still continues to be communication challenges.”

In recent weeks, tenants have been meeting to discuss how to pressure the building’s management to improve maintenance services. They are also planning to get in touch with East Palo Alto’s rent board in the coming days.

East Palo Alto officials said no formal complaints have been received so far about the E. O’Keefe Street buildings. But Mayor Antonio Lopez said he is aware of the recent complaints from residents and that the city is willing to work with tenants to address them.

“We are happy to work with any tenants. (They can) escalate if necessary, as well as work with the private landlords,” Lopez said.

Residents say they are now hopeful they will be able to improve their living conditions.

“One good thing that came out of this is that the neighbors are becoming like family. Before, we’d just mind our own business. Now we watch out for each other,” Pande said.

“This experience taught me that we have rights,” she said. “We thought that if you’re just a renter, you play by the landlord’s rules. But we have rights and we should assert it.”

Meetings with Woodland Park Ownership this week

8 messages

Michael Kramer <mkramer@shpco.com> Tue, Aug 20, 2024 at 7:56 PM
To: eokeefeta@gmail.com
Cc: Ofelia Bello <ofeliabello@youthunited.net>, Laura Rubio <lauritarneli@yahoo.com>

Hello,

We recently received correspondence from you requesting a meeting with Woodland Park ownership regarding specific questions and concerns about 201, 245, and 301 E. O'Keefe Ave. Thank you for contacting us. We posted an invitation on all the apartments in those buildings last Monday 8/12 about listening session meetings each evening from 6:30 – 8:30 pm with the property management and ownership team on Monday 8/19, Tuesday 8/20, and Wednesday 8/21. These meetings are open to any residents and will be translated in English and Spanish.

Recientemente recibimos correspondencia de usted pidiendo una reunión con los dueños de Woodland Park concerniente a preguntas especificas y preocupaciones acerca de 201, 245, y 301 E. Okeefe Avenue. Gracias por contactarnos. Pusimos un aviso en todos los apartamentos en esos edificios el Lunes pasado 8/12 acerca de las sesiones o reuniones para escuchar cada tarde de 6:30-8:30 pm con el equipo de manejo de la propiedad y el equipo de los dueños el lunes 8/19, martes 8/20 y miércoles 8/21. Estas reuniones están abiertas a cualquier residente y serán traducidas en ingles y en español.

Ofelia joined us earlier this evening but said it was not clear that these meetings were intended as a response to your request. These meetings are intended as a response to your request, and as an opportunity to hear from residents about any questions or concerns they may have.

Ofelia paso por la reunión esta tarde pero dijo no estar claro que estas reuniones fueron en respuesta a su petición. Estas reuniones tienen el fin de servir como respuesta a su petición, y como una oportunidad para escuchar de los inquilinos acerca de sus preguntas que pudieran tener.

You are welcome to join or to invite any residents interested in speaking with ownership to the remainder of tonight's meeting (we'll be here until 8:30 pm) or to tomorrow's meeting (6:30 – 8:30 pm). They are held at our community engagement office at 2041 Euclid Ave (at the corner of E. O'Keefe).

Sírvase a participar o a invitar a los residentes interesados en hablar con los dueños en la reunión que resta en el 2041 Euclid Avenue (esquina de East O'Keefe).

Thanks! Hope to see you soon – *Gracias! Espero verle muy pronto* –

Mike

Querido Mr. Kramer,

Agradecemos el correo electrónico de aclaración que envió y queríamos compartir con usted nuestra perspectiva sobre las sesiones para escucharnos.

El 17 de julio, enviamos nuestra primera carta de demanda a Sand Hill Property Company solicitando que todos aborden los problemas de mantenimiento diferido y las necesidades de justicia lingüística en nuestra comunidad. Todos enviaron una

respuesta al correo electrónico de nuestra asociación de inquilinos el 31 de julio. En respuesta, una delegación de inquilinos que representan a la Asociación de Inquilinos de E. Okeefe, con el apoyo de aliados de la comunidad, entregó personalmente una carta a su oficina el 1 de agosto solicitando que todos respondieran al correo electrónico de nuestra asociación de inquilinos (eokeefeta@gmail.com) con los horarios disponibles. para encontrarse.

Vimos los volantes sobre una sesión para escucharnos en la oficina de Woodland y los volantes no contenían información sobre la asociación de inquilinos ni indicación de que estas sesiones pretendían ser una respuesta a la carta de la asociación de inquilinos. Como resultado, asumimos que era parte de un esfuerzo general de Woodland Park para escuchar las inquietudes de los residentes. Hemos tenido reuniones periódicas para formar nuestra asociación de inquilinos y redactar las demandas claras y articuladas que hemos incluido en nuestras dos cartas para ayudarlos a todos a abordar los problemas en nuestros edificios. Todavía no hemos recibido una respuesta que aborde los puntos de nuestras cartas.

Además, queremos aclarar lo que hemos dicho en nuestra carta inicial. Estamos pidiendo que Sand Hill Property Company se reúna con nosotros en la mesa de negociaciones para negociar de buena fe sobre nuestros temas de interés común. Lo que eso significa es que todas las partes acuerden mutuamente la hora y el lugar para que se reúnan la asociación de inquilinos y los representantes de Sand Hill Property Company y Woodland Park Property Management. Somos una asociación de inquilinos formada por familias trabajadoras y muchos de nosotros trabajamos en múltiples trabajos. Queremos poder participar en negociaciones directas y eso requiere una cuidadosa planificación y consideración por nuestra parte. Esperamos que puedan reconocer que las sesiones de escucha propuestas tienen muy poco parecido con el proceso de negociación que hemos estado solicitando como asociación de inquilinos.

En conclusión, queremos dejar muy claro que la Asociación de Inquilinos de E. Okeefe quiere negociar con usted, Sand Hill Property Company, de buena fe sobre nuestros temas de interés común. Si bien apreciamos el ofrecimiento de la sesión de escucharnos, es una respuesta insuficiente a las demandas que ya hemos hecho como asociación de inquilinos. Como resultado, nos gustaría proponer que comencemos las negociaciones con una reunión el Miercoles (9/25) at 6:30 to 8:00 pm, Viernes (9/27) at 6:30 to 8:00 pm or Sabado (9/28) at 12 to 1:30 pm. Responda a este correo electrónico antes del 30 de agosto confirmando su participación en nuestra primera reunión de negociación.

Sinceramente,
E. Okeefe Tenant Association

Michael Kramer <mkramer@shpco.com> Tue, Aug 27, 2024 at 2:03 PM
To: Okeefe Street <eokeefeta@gmail.com>
Cc: Ofelia Bello <ofeliabello@youthunited.net>, Laura Rubio <lauritarneli@yahoo.com>, Teresa Morales <tmorales@wlpcommunities.com>, Pabel Zumarraga <woodlandparkcagm@greystar.com>

Hello,

Thanks for reaching out. Are you a resident of one of the buildings? What is your name and which building do you live in?

We appreciate your correspondence. After receiving your first two letters, both the property management team and the ownership team inspected the three buildings in question and have resolved many of the stated concerns. We held the three listening sessions this week as a response to your letter so that all residents of those buildings, yourself included, would have an opportunity to ask any questions and share any concerns they may have directly with the ownership and property management teams. The listening sessions were very successful, and we had tenants from all three buildings attend the meetings and we were able to open new work orders to address their concerns. These meetings were conducted in English and Spanish. Additionally, we included instructions in the listening session invitation for tenants to report a maintenance issue for repair, and many have contacted us directly with new maintenance requests even if they chose not to attend the meeting.

We are happy to fix any maintenance issues that our tenants bring up to ensure that their housing is safe and habitable. It is important for them to let us know about any maintenance issue directly so we can look into it. There are many ways to do so. The resident can log on to the resident portal, they can call 650-566-2000, they can e-mail woodlandparkcagm@greystar.com, or they can come to a Management Office at 5 Newell Court or 2043 Euclid Ave.

If any resident has further questions or concerns, they can also contact the ownership community engagement team led by Teresa Morales. The best way to do so is to call 650-690-6199, email tmorales@wlpcommunities.com, or visit the Community Engagement Office at 2041 Euclid Ave.

I would be happy to meet with you on Wednesday 9/25 at 6:30 pm to further listen to any questions or concerns you may have. We can meet at our community engagement office at 2041 Euclid Ave. Any other residents can join us and can submit a maintenance request to Greystar at that time.

Thanks! Best wishes -

Mike

Hola,

Gracias por comunicarse con nosotros. ¿Es usted residente de uno de los edificios? ¿Cuál es su nombre y en qué edificio vive?

Agradecemos su correspondencia. Después de recibir sus dos cartas, tanto el equipo de administración y mantenimiento de la propiedad como el equipo de propietarios inspeccionaron los tres edificios en cuestión y resolvieron muchas de las preocupaciones planteadas. Realizamos tres sesiones para escuchar esta semana pasada en respuesta a su carta para que todos los residentes de esos edificios, incluyendo usted, tuvieran la oportunidad de hacer preguntas y compartir las inquietudes que pudieran tener directamente con los equipos de los propietarios y de mantenimiento de la propiedad. Las sesiones para escuchar fueron muy exitosas, y los inquilinos de los tres edificios asistieron a las reuniones y pudimos abrir nuevas órdenes de mantenimiento para abordar sus preocupaciones. Estas reuniones se llevaron a cabo en inglés y español. Además, incluimos instrucciones en la invitación a la sesión para escuchar para que los inquilinos informen sus problemas de mantenimiento para su reparación, y muchos ya nos han contactado directamente con nuevas solicitudes de mantenimiento incluyendo aquellos que decidieron no asistir a la reunión.

Estamos disponibles para solucionar cualquier problema de mantenimiento que presenten nuestros inquilinos para garantizar que su vivienda sea segura y habitable. Es importante que nos informen sobre cualquier problema de mantenimiento directamente para que podamos investigarlo. Hay muchas formas de hacerlo. El residente puede iniciar una orden en el portal para residentes, puede llamar al 650-566-2000, puede enviar un correo electrónico a woodlandparkcagm@greystar.com o puede acercarse a las Oficinas de Administración del manejo de la propiedad en el 5 Newell Court o al 2043 Euclid Ave.

Si algún residente tiene más preguntas o inquietudes, también puede comunicarse con el equipo de participación comunitaria de los propietarios dirigido por Teresa Morales. La mejor manera de hacerlo es llamando al 650-690-6199, enviando un correo electrónico a tmorales@wlpcommunities.com o visitando la Oficina de Participación Comunitaria en el 2041 Euclid Ave.

Con gusto nos reuniremos con usted el miércoles 25 de septiembre a las 6:30 pm para escuchar más sobre cualquier pregunta o inquietud que pueda tener. Podemos reunirnos en nuestra oficina de participación comunitaria en 2041 Euclid Ave. Cualquier otro residente puede unirse a esta reunión y puede hacer una solicitud de mantenimiento a Greystar en ese momento.

¡Gracias! Saludos cordiales -

Mike

Hola, Sr. Kramer:

Esta cuenta de correo electrónico fue creada colectivamente por los miembros de la Asociación de inquilinos de E Okeefe que viven en 201, 245, 301 E Okeefe St. Le enviamos una petición con las firmas de los miembros que se unieron para formar la asociación.

El miércoles (25 de septiembre) a las 6:30 p. m. será nuestra primera reunión de negociación. Nos gustaría proponer un lugar neutral para que Sand Hill Property Company, Greystar Management y nuestra Asociación de inquilinos de E Okeefe se reúnan. Lo ideal sería que pudiera invitar a Peter Pau y a otros tomadores de decisiones de Sand Hill y Greystar Management a unirse a la reunión. Estamos buscando un lugar donde podamos reunirnos y le enviaremos la dirección del lugar y borrador de agenda cuando la hayamos encontrado.

Hi Mr Kramer,

This email account is collectively governed by the E Okeefe Tenant Association members living at 201, 245, 301 E Okeefe St. We sent you a petition with

signatures from the members who signed on to form the association.

Wednesday (9/25) at 6:30 pm will be our first negotiation meeting. We would like to propose a neutral location for Sand HIll Property Company, Greystar Management and our E Okeefe Tenant Association to meet. Ideally, if you could invite Peter Pau and other decision makers from Sand Hill and Greystar Management to join the meeting that would be great. We are exploring meeting locations and will be sending you the location address and draft agenda when it is finalized.

Sinceramente,
E. Okeefe Tenant Association

Hello,

Thank you, we are looking forward to meeting on Wednesday, September 9/25 at 6:30 pm. We are happy to meet at any nearby location. Since it is walking distance to the buildings, our offer stands to host the meeting at our Community Engagement Office at 2041 Euclid Ave if you're interested. Who can we expect to attend from your group?

Yes, we will have decision makers from Sand Hill and Greystar attend the meeting to listen to your questions and concerns.

We did not receive a petition with signatures from the members of the association – when you came to our office you left us a letter, but it was unsigned. Do you have a copy?

If any maintenance issues come up between now and the meeting, any resident can log on to the resident portal, call 650-566-2000, e-mail woodlandparkcagm@greystar.com, or come to one of our two management offices at 5 Newell Court or 2043 Euclid Ave. If any resident has further questions or concerns, they can contact the community engagement team at 650-690-6199, email tmorales@wlpcommunities.com, or visit in person at 2041 Euclid Ave.

Please feel free to contact me directly at 650-772-4319 if anything comes up or you'd like to chat before the meeting. Thanks! Best wishes,

Mike

Hola,

Gracias, esperamos reunirnos el miércoles 25 de septiembre a las 6:30 p.m. Con gusto le recibiremos en cualquier lugar cercano. Dado que está a corta distancia de los edificios, nuestra oferta es organizar la reunión en nuestra Oficina de Participación Comunitaria en 2041 Euclid Ave, si están interesados. ¿Quién asistirá de su grupo?

Sí, los que hacen las decisiones de Sand Hill y Greystar asistirán a la reunión para escuchar sus preguntas e inquietudes.

No hemos recibimos una petición firmada por los miembros de la asociación; cuando ustedes vinieron a nuestra oficina nos dejaron una carta, pero no estaba firmada. ¿Tienen una copia?

Si surge algún problema de mantenimiento entre ahora y la reunión, todo residente puede iniciar una sesión en el portal para residentes, llamando al 650-566-2000, enviando un correo electrónico a woodlandparkcagm@greystar.com o visitando una de nuestras dos oficinas administrativas en 5 Newell Court ó en 2043 Euclid Ave. Si algún residente tiene más preguntas o inquietudes, puede comunicarse con el equipo de participación comunitaria al 650-690-6199, enviando un correo electrónico a tmorales@wlpcommunities.com o visitando en persona en 2041 Euclid Ave.

No duden en comunicarse conmigo directamente al 650-772-4319 si surge algo o si desea conversar antes de la reunión.

Michael Kramer <mkramer@shpco.com> Mon, Sep 23, 2024 at 11:54 AM
To: Okeefe Street <eokeefeta@gmail.com>
Cc: Teresa Morales <TMorales@wlpcommunities.com>

Hello,

We're looking forward to our meeting on Wednesday, September 9/25 at 6:30 pm. We are happy to meet at 1900 University Ave, Suite 400. How do we get into the building/suite?

Who can we expect to attend from your group?

We will have decision makers from Sand Hill and Greystar attend the meeting to listen to your questions and concerns. To protect the privacy of our residents and staff, we request no members of the press be present – this meeting will be off the record.

Please note that we can only accept maintenance requests inside a unit made by a resident of that unit. Therefore, if anyone has a maintenance request inside their unit, it would be best if they can attend the meeting themselves. If they are not able to attend, they can also log on to the resident portal, call 650-566-2000, e-mail woodlandparkcagm@greystar.com, or come to one of our two management offices at 5 Newell Court or 2043 Euclid Ave at another time.

If any resident has further questions or concerns, or are not able to make the meeting Wednesday, they can also contact the community engagement team at 650-690-6199, email tmorales@wlpcommunities.com, or visit in person at 2041 Euclid Ave.

Looking forward to seeing you Wednesday. Please feel free to contact me directly at 650-772-4319 if anything comes up or you'd like to chat in advance.

Thanks! Best wishes –

Hello,

To your question about who will be in the meeting, members of the E. Okeefe tenant association will be present with support from community based organizations.

And when you get there tomorrow you can contact Laura Vasquez at 408-887-0510 and she can go and show you where the Suite is located.

Thanks and see you on Tomorrow

Follow-up from September 25th Negotiation Meeting

6 messages

Okeefe Street <eokeefeta@gmail.com> Thu, Oct 10, 2024 at 11:35 AM
To: Michael Kramer <mkramer@shpco.com>
Cc: Teresa Morales <TMorales@wlpcommunities.com>

Hi Michael,

We have attached a pdf document with our proposals from our meeting on September 25th 2024. You shared in the meeting that you would send us formal responses to each line item in our proposals and we wanted to make sure that you had them in writing. In light of the fact that we were not able to get through our full discussion in regards to our proposals, we would like to schedule a second negotiation meeting with you for Wednesday, October 23rd from 6:30 to 8:00 pm or Friday, October 25th from 6:30 to 8:00 pm. It would be ideal if you could send us your formal responses by end of day on Friday, October 18th, 2024 to facilitate a more substantive discussion at our second negotiation meeting.

Similar to our first negotiation meeting we will be prepared with simultaneous English/Spanish interpretation as a tenant association. Please come prepared with a Spanish interpreter so that you all can participate fully in the negotiation meeting space.

We are looking forward to hearing a response confirming your availability for the second negotiation meeting by Tuesday, October 15th.

Sincerely,
E. Okeefe Tenant Association

Querido Michael,

Adjuntamos un documento pdf con nuestras propuestas de nuestra reunión del 25 de septiembre de 2024. Usted compartió en la reunión que nos enviaría respuestas formales a cada elemento de nuestras propuestas y queríamos asegurarnos de que las tuviera por escrito. En vista del hecho de que no pudimos llevar a cabo nuestra discusión completa con respecto a nuestras propuestas, nos gustaría programar una segunda reunión de negociación con usted para el miércoles 23 de octubre de 6:30 a 8:00 pm o el viernes. 25 de octubre de 18:30 a 20:00 horas. Sería ideal si pudiera enviarnos sus respuestas formales antes del final del día viernes 18 de octubre de 2024 para facilitar una discusión más sustantiva en nuestra segunda reunión de negociación.

Al igual que en nuestra primera reunión de negociación, estaremos preparados con interpretación simultánea inglés/español como asociación de inquilinos. Venga preparado con un intérprete de español para que todos puedan participar plenamente en el espacio de la reunión de negociación.

Esperamos escuchar una respuesta que confirme su disponibilidad para la segunda reunión de negociación antes del martes 15 de octubre.

Sinceramente,
E. Okeefe Tenant Association

Cc: Teresa Morales <TMorales@wlpcommunities.com>

Hello,

Thanks for following up, it was nice meeting with you last month. I appreciate you sending along the proposal document. Regarding our response to the proposals:

Category 1: Potential Sale - We will provide updates about the sale as required by law and the City of East Palo Alto. Currently there are no potential buyers and the property is not in contract. We do not expect a sale in the immediate future.

Category 2: Repairs – We will review all recent and current work orders for 201, 245, and 301 E. O'Keefe Ave, as well as the recent petitions that were sent to the City to understand recent requests for repairs. We will work with Greystar property management to ensure they respond to repair requests in a timely and satisfactory manner. We currently have an emergency maintenance hotline 24/7 which can be reached at 650-566-2000**.**

As a reminder, If you have a maintenance concern in your home, please let the Greystar property management team know right away so that the issue(s) can be fixed as soon as possible. There are several ways for you to report a maintenance issue:

> You can log on to the resident portal online at https://www.liveatwoodlandparkapts.com/.
>
> You can call the main office line at (650) 566-2000.
>
> You can visit the Management Office at 5 Newell Court or 2043 Euclid Ave. The hours of operation are Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM.

If you have any questions or feedback for the Woodland Park Communities ownership team, please contact Teresa Morales, Community Engagement Manager, at 650-690-6199, tmorales@wlpcommunities.com, or in-person at 2041 Euclid Avenue (at East O'Keefe).

Category 3: Weatherization – We will conduct inspections of all common areas and units in 201, 245, and 301 E. O'Keefe Ave, and make any necessary repairs to ensure the buildings and units are safe and habitable.

Category 4: Safety – We currently have private security which patrols the property on a regular basis. If any resident has a concern or would like to speak to security, they can call 408-978-9111. If any resident needs a copy of a key to any building or common area they are entitled to in their lease, please contact Greystar management and they will provide one if possible.

Category 5: Rent – We strictly follow the East Palo Alto Rent Stabilization Ordinance and charge at or below the maximum allowable rent for each unit. You can obtain information about the maximum allowable rent for your unit from the Rent Stabilization Program at 650-853-3157.

We would be happy to meet again, but I think it would be best if we are able to complete the inspections of the buildings that you requested in advance of the meeting. Additionally, just this week we received 30 petitions that were submitted to the Rent Stabilization Program with concerns about 201, 245, and 301 E. O'Keefe. These petitions are hundreds of pages, so we need to review each of them and make the appropriate inquiries and inspections of the units involved. We would be happy to meet after we've completed this, but I expect that will take at least until mid- to late-November. I can reach out once we've made sufficient progress to schedule another meeting.

Thanks! Best wishes –

Mike

Hola,

Gracias por seguirnos, fue un placer reunirnos contigo el mes pasado. Agradezco que nos hayas enviado el documento de propuesta. Con respecto a nuestra respuesta a las propuestas:

***Categoría 1: Venta potencial**: brindaremos actualizaciones sobre la venta según lo exija la ley y la ciudad de East Palo Alto. Actualmente, no hay compradores potenciales y la propiedad no está bajo contrato. No esperamos una venta en el futuro inmediato.*

***Categoría 2: Reparaciones:** revisaremos todas las órdenes de trabajo recientes y actuales para 201, 245 y 301 E. O'Keefe Ave, así como las peticiones recientes que se enviaron a la ciudad para comprender las solicitudes recientes de reparaciones. Trabajaremos con la administración de la propiedad de Greystar para asegurarnos de que respondan a las solicitudes de reparación de manera oportuna y satisfactoria. Actualmente, contamos con una línea directa de mantenimiento de emergencia disponible las 24 horas, los 7 días de la semana, a la que se puede llamar al 650-566-2000.*

Como recordatorio, si tiene un problema de mantenimiento en su hogar, infórmeselo de inmediato al equipo de administración de propiedades de Greystar para que los problemas se puedan solucionar lo antes posible. Hay varias formas de informar un problema de mantenimiento:

- *Puede iniciar sesión en el portal para residentes en línea en https://www.liveatwoodlandparkapts.com/.*
- *Puede llamar a la línea principal de la oficina al (650) 566-2000.*
- *Puede visitar la Oficina de Administración en 5 Newell Court o 2043 Euclid Ave. El horario de atención es de lunes a viernes, de 9 a. m. a 6 p. m., y sábados y domingos, de 9 a. m. a 5 p. m.*

Si tiene alguna pregunta o comentario para el equipo de propietarios de Woodland Park Communities, comuníquese con Teresa Morales, Gerente de Participación Comunitaria, al 650-690-

6199, tmorales@wlpcommunities.com, o en persona en 2041 Euclid Avenue (en East O'Keefe).

Categoría 3: Climatización: *realizaremos inspecciones de todas las áreas comunes y unidades en 201, 245 y 301 E. O'Keefe Ave, y haremos las reparaciones necesarias para garantizar que los edificios y las unidades sean seguros y habitables.*

Categoría 4: Seguridad: *actualmente contamos con seguridad privada que patrulla la propiedad de manera regular. Si algún residente tiene alguna inquietud o desea hablar con seguridad, puede llamar al 408-978-9111. Si algún residente necesita una copia de una llave de cualquier edificio o área común a la que tenga derecho en su contrato de alquiler, comuníquese con la administración de Greystar y ellos le proporcionarán una si es posible.*

Categoría 5: Alquiler: *seguimos estrictamente la Ordenanza de Estabilización de Alquileres de East Palo Alto y cobramos el alquiler máximo permitido o menos por cada unidad. Puede obtener información sobre el alquiler máximo permitido para su unidad del Programa de Estabilización de Alquileres al 650-853-3157.*

Nos encantaría volver a reunirnos, pero creo que sería mejor si pudiéramos completar las inspecciones de los edificios que solicitó antes de la reunión. Además, esta semana recibimos 30 peticiones que se presentaron al Programa de Estabilización de Alquileres con inquietudes sobre 201, 245 y 301 E. O'Keefe. Estas peticiones tienen cientos de páginas, por lo que debemos revisar cada una de ellas y realizar las consultas e inspecciones correspondientes de las unidades involucradas. Nos encantaría reunirnos después de que hayamos completado esto, pero creo que eso llevará al menos hasta mediados o fines de noviembre. Puedo comunicarme con usted una vez que hayamos avanzado lo suficiente para programar otra reunión.

¡Gracias! –

Mike

Subject: Follow-up from September 25th Negotiation Meeting

Hi Michael,

We have attached a pdf document with our proposals from our meeting on September 25th 2024. You shared in the meeting that you would send us formal responses to each line item in our proposals and we wanted to make sure that you had them in writing. In light of the fact that we were not able to get through our full discussion in regards to our proposals, we would like to schedule a second negotiation meeting with you for Wednesday, October 23rd from 6:30 to 8:00 pm or Friday, October 25th from 6:30 to 8:00 pm. It would be ideal if you could send us your formal responses by end of day on Friday, October 18th, 2024 to facilitate a more substantive discussion at our second negotiation meeting.

Similar to our first negotiation meeting we will be prepared with simultaneous English/Spanish interpretation as a tenant association. Please come prepared with a Spanish interpreter so that you all can participate fully in the negotiation meeting space.

We are looking forward to hearing a response confirming your availability for the second negotiation meeting by Tuesday, October 15th.

Sincerely,
E. Okeefe Tenant Association

Querido Michael,

Adjuntamos un documento pdf con nuestras propuestas de nuestra reuni□el 25 de septiembre de 2024. Usted comparti la reuni□ue nos enviar?respuestas formales a cada elemento de nuestras propuestas y quer?os asegurarnos de que las tuviera por escrito. En vista del hecho de que no pudimos llevar a cabo nuestra discusi□ompleta con respecto a nuestras propuestas, nos gustar?programar una segunda reuni□e negociaci□on usted para el mi oles 23 de octubre de 6:30 a 8:00 pm o el viernes. 25 de octubre de 18:30 a 20:00 horas. Ser?ideal si pudiera enviarnos sus respuestas formales antes del final del d?viernes 18 de octubre de 2024 para facilitar una discusi□□sustantiva en nuestra segunda reuni□e negociaci□

Al igual que en nuestra primera reuni□e negociaci□estaremos preparados con interpretaci□imu̧ta ingl espa□como asociaci□e inquilinos. Venga preparado con un int rete de espa□para que todos puedan participar plenamente en el espacio de la reuni□e negociaci□

Esperamos escuchar una respuesta que confirme su disponibilidad para la segunda reuni□e negociaci□ntes del martes 15 de octubre.

Cc: Teresa Morales <TMorales@wlpcommunities.com>

Hola Michael,

Sí, estamos revisando estas respuestas a nuestras propuestas y esperamos continuar negociando con usted. En vista de los próximos días festivos que se acercan nos gustaría proponer algunas fechas sobre la mesa para así poder programar nuestra segunda reunión de negociación. ¿Podría informarnos si el 13 o 15

de noviembre a las 6:30 pm sería conveniente para usted y sus colegas para una segunda reunión de negociación? Así nosotros, podemos incluir esta fecha en el calendario y prepararnos como asociación de inquilinos e informar a nuestros miembros para que puedan organizar horarios de trabajo y cuidado de niños para que puedan participar en el diálogo con todos ustedes.

Creemos que la negociación nos facilitará a nosotros como residentes y a usted como nuestro propietario formar una relación más sólida y trabajar mejor juntos. Nos complace saber que está revisando nuestras peticiones y que todos ustedes se involucrarán más en ese frente.

Atentamente,
Asociación de Inquilinos de E O'Keefe

Hi Michael,

Yes we are reviewing these responses to our proposals and look forward to continuing to negotiate with you. In light of the upcoming holidays, we would like to put some dates on the table for us to have our second negotiation meeting scheduled. Could you let us know if November 13th or 15th at 6:30 pm would work for you and your colleagues for a second negotiation meeting? Ideally, we can get this on the calendar so that we can prepare as a tenant association and inform our members so that they can arrange work and childcare schedules so that we can participate in dialogue with you all.

We believe that negotiation will facilitate us as residents and you as our landlord to form a stronger relationship and work better together. We are excited to hear that you are reviewing our petitions and further engagement from you all on that front.

Sincerely,
E Okeefe Tenant Association

Hola Michael,

Queremos comunicarnos con usted para dar seguimiento a la programación de nuestra segunda reunión de negociación para el 13 o 15 de noviembre. Necesitamos tiempo de anticipación para coordinar nuestros horarios como familias trabajadoras para estar completamente presentes en estas reuniones de negociación. Tomaremos su falta de respuesta a nuestro mensaje anterior como confirmación de que los días 13 y 15 de noviembre no le convienen en términos de nuestra segunda reunión de negociación.

A la luz del próximo feriado de Acción de Gracias, la próxima fecha disponible para nuestra asociación de inquilinos es el miércoles 4 de diciembre a las 6:30 p.m. Esperamos recibir una respuesta que confirme su disponibilidad para la segunda reunión de negociación antes del viernes 8 de noviembre de 2024 a las 5:00 p.m.

Atentamente,
Asociación de inquilinos de E Okeefe

Hi Michael,

We want to reach back out to you to follow-up on scheduling for our second negotiation meeting for either November 13th or 15th. We do need lead time in order to coordinate our schedules as working families to be fully present for these negotiation meetings. We will take your lack of response to our prior message as confirmation that November 13th and 15th do not work for you in terms of our second negotiation meeting.

In light of the upcoming Thanksgiving holiday, the next available date for our tenant association is Wednesday December 4th at 6:30 pm. We are looking forward to hearing a response confirming your availability for the second negotiation meeting by Friday, November 8th 2024 at 5 pm.

Sincerely,
E Okeefe Tenant Association

Hello,

Thank you for reaching back out. It has recently come to our attention that besides the 30 petitions that were submitted to the Rent Stabilization Program with concerns about 201, 245, and 301 E. O'Keefe, similar complaints were submitted to the San Mateo County Department of Housing as well. These petitions are hundreds of pages, so we need to review each of them and make the appropriate inquiries and inspections of the units involved. We also need to discuss with both City staff and County staff to resolve these complaints, which is a time-consuming process.

We would be happy to meet after we've completed this, but I expect that will not be done by November 15th. I will let you know if it is completed sooner than expected, and I can reach out once we've made sufficient progress to schedule another meeting.

Thanks! Best wishes –

Mike

Hola,

Gracias por volver a contactarnos. Recientemente nos enteramos de que, además de las 30 peticiones que se presentaron al Programa de Estabilización de Alquileres con inquietudes sobre 201, 245 y 301 E. O'Keefe, también se presentaron quejas similares al Departamento de Vivienda del Condado de San Mateo. Estas peticiones tienen cientos de páginas, por lo que debemos revisar cada una de ellas y realizar las consultas e inspecciones correspondientes de las unidades involucradas. También debemos hablar con el personal de la ciudad y del condado para resolver estas quejas, lo que es un proceso que lleva mucho tiempo.

Nos encantaría reunirnos después de que hayamos completado esto, pero espero que no sea antes del 15 de noviembre. Le informaré si se completa antes de lo esperado y podré comunicarme con usted una vez que hayamos logrado el progreso suficiente para programar otra reunión.

E Okeefe Tenant Association

[Quoted text hidden]

E. O’Keefe Tenant Association Proposals

CATEGORY 1: CONDITIONS OF SALE

To improve transparency, we propose:

1. Provide regular monthly updates to the tenant association regarding potential interested buyers
2. Set up a meeting between potential buyers and the E. Okeefe Tenant Association prior to entering escrow

CATEGORY 2: REPAIR PROCEDURE

1. Improved Repair Process & Individual Repair Requests (See attached list). In light of past difficulties in obtaining timely, quality repairs, we propose the following demands for a more effective repair process:
    a. Initial Response and Inspection: Respond to non-urgent repair requests within 48 hours. Provide tenants with proper, legal notice for an initial inspection of the reported issue**.**
        i. As tenants we have experienced getting multiple 24 hour notices to enter from different places and that should become streamlined with a single written notice.
    b. Written Repair Proposal: After the initial visit, management should provide tenants with a written repair proposal within a reasonable timeframe. The proposal should outline the plan, scope of work, and details of the repair. The proposal should also include what maintenance staff will be working on the repair and provide identification. Residents need coordination with Manager so that they can be present for repairs.
        i. If the tenant raises no objection within 24 hours, management can proceed with the plan.
        ii. If there’s objection, management should engage in a dialogue with the tenant to address concerns, make necessary adjustments, and reach an agreement. Final Inspection: After repair completion, both the manager and tenant must be present for a final inspection and sign-off on the work and provide a copy to the tenant
            1. If a needed repairs take longer than 12 hours, property management should provide tenants with relocation for a night in a hotel that accommodates their household.
    c. If the reported issue reoccurs within a 90-day period, the tenant should be eligible for a 20% rent reduction. An additional 10% reduction should be provided for each subsequent recurrence within that time frame.

d. Property management provides an emergency maintenance hotline for unforseen habitability emergencies 24/7.

CATEGORY 3: WEATHERIZATION OF ALL UNITS AND COMMON AREAS

1. Sand Hill Property Company shall arrange comprehensive inspections of all common areas and dwelling units within 30 days of the execution of the agreement. Sand Hill's inspections shall assess any defects, including the electrical systems, heating, cooling, plumbing, appliances, the weathertightness of the unit, for any evidence of moisture, mold, or infestations. Sand Hill Property Company shall present a report of all inspections and plan to the tenant union to correct any defects within 30 days of completing the inspections and shall promptly make repairs, with documentation provided in writing to the tenants occupying the repaired unit(s). This document shall include:
    a. Inspection by licensed professional plumbers on plumbing system and methodically begin upgrades to plumbing system while providing relocation as needed
    b. Update all windows in the complex so that they can fully seal when it is raining
    c. Every unit should receive needed updates to cabinets, carpets and bathroom fans
2. Improve common areas:
    a. Ensure that there is no leakage into the parking garage area when it is raining.
    b. Fill in cracked floors and chipped paint
    c. Ensure elevator is properly maintained and has responsive maintenance for when elevator goes out of service
        i. Tenants need a responsive emergency number to call when the elevator is out of service and/or they are trapped inside.
    d. Restore elevator at 245 E. O'keefe to be used by residents
    e. Add additional washers and dryers, put forth a regular cleaning schedule and improve ventilation
    f. Ensure that the access roads to the cars where the water drains are located and all those that are uneven must be leveled so as not to cause damage to the tenants' vehicles.

CATEGORY 4: SAFETY & SECURITY

To improve security, we propose:

1. Provide walking security patrol and signage for 201, 245 and 301 E O'keefe and have the Tenants Association view reports of this patrol on an ongoing basis.

2. Installation of security cameras in parking lot areas, commitment to maintain the cameras and provide tenants with camera footage upon request within 24 hours of their request
3. Ensure that all entrances to the apartments, including pedestrian entrances, car entrances, pool accesses and mailbox accesses, are properly closed.
4. Ensure that all tenants have copies of keys with access to the pool in the buildings where necessary.

CATEGORY 5: RENT ROLLBACK FOR ALL UNITS

1. Provide documentation for each unit of their rent increase history for the full duration of their tenure and correct any discrepancies between rent increase amounts and allowable annual rent increases under local rent stabilization ordinance.
2. Provide rent reduction of 10% to all units in the three buildings with an additional 1% per year that the tenant has lived in the building

Propuestas De La Asociacion de Inquilinos De E. Okeefe

Para comenzar las negociaciones, nuestras propuestas iniciales de nuestros miembros se encuentran a continuación:

CATEGORÍA 1: CONDICIONES DE VENTA

Para mejorar la transparencia, proponemos:

1. Proporcionar actualizaciones mensuales regulares a la asociación de inquilinos con respecto a los posibles compradores interesados.
2. Establecer una reunión entre los compradores potenciales y la Asociación de inquilinos de E. Okeefe antes de ingresar el depósito en garantía.

CATEGORÍA 2: PROCEDIMIENTO DE REPARACIÓN

Proceso de reparación mejorado y solicitudes de reparación individuales (ver lista adjunta).

1. En vista de las dificultades pasadas para obtener reparaciones oportunas y de calidad, proponemos las siguientes demandas para un proceso de reparación más efectivo:
    a. Respuesta inicial e inspección: Responder a las solicitudes de reparación no urgentes dentro de las 72 horas. Proporcionar a los inquilinos un aviso adecuado para una inspección inicial del problema informado.
        - Como inquilinos, hemos recibido múltiples avisos de 24 horas para ingresar desde diferentes lugares y eso debería simplificarse con un solo aviso por escrito.
    b. Propuesta de reparación por escrito: después de la visita inicial, la administración debe proporcionar a los inquilinos una propuesta de reparación por escrito dentro de un período de tiempo razonable. La propuesta debe describir el plan, el alcance del trabajo y los detalles de la reparación. También debe incluir cuál es el personal de mantenimiento que trabajará en la reparación y proporcionar una identificación. Los residentes deben coordinarse con el administrador para que puedan estar presentes durante las reparaciones.
        I. Si el inquilino no plantea objeciones dentro de las 48 horas, la administración puede continuar con el plan. (Enviamos varias cartas a los inquilinos el mismo día. Eso es muy poco profesional).
        Ii. Si hay objeciones, la administración debe entablar un diálogo con el inquilino para abordar las inquietudes, hacer los ajustes necesarios y llegar a un acuerdo. Inspección final: una vez

finalizada la reparación, tanto el administrador como el inquilino deben estar presentes para una inspección final y aprobar el trabajo y dar documentación del mismo al inquilino.

c. Si el problema informado ocurre dentro de un período de 90 días, el inquilino debe ser elegible para una reducción del alquiler del 20 % (40 %). Se debe proporcionar una reducción adicional del 10 % (20 %) por cada recurrencia posterior dentro de ese período de tiempo.
d. La administración de la propiedad debe proporcionar una línea directa de mantenimiento de emergencias imprevistas en los apartamentos y tener a alguien que resuelva estas emergencias imprevistas 24/7.

CATEGORÍA 3: CLIMATIZACIÓN DE TODAS LAS UNIDADES Y ÁREAS COMUNES

1. Sand Hill Property Company organizará inspecciones exhaustivas de todas las áreas comunes y unidades de vivienda dentro de los 30 días posteriores a la ejecución del contrato. Las inspecciones de Sand Hill evaluarán cualquier defecto, incluidos los sistemas eléctricos, calefacción, refrigeración, plomería, electrodomésticos, la hermeticidad de la unidad, para detectar cualquier evidencia de humedad, moho o infestaciones. Sand Hill Property Company presentará un informe de todas las inspecciones y un plan a la Asociación de Inquilinos para corregir cualquier defecto dentro de los 30 días posteriores a la finalización de las inspecciones y realizará reparaciones de inmediato, con documentación proporcionada por escrito a los inquilinos que ocupan la(s) unidad(es) reparada(s). Este documento incluirá:

    a. Actualizar el sistema de plomería metódicamente y proporcionar reubicación para todos los residentes
    b. Actualizar todas las ventanas del complejo para que puedan sellar completamente cuando llueva
    c. Asegurarse de que no haya fugas en el área del estacionamiento cuando llueva.
    d. Cada unidad debe recibir las actualizaciones necesarias en gabinetes, alfombras y ventiladores de baño

2. Mejorar las áreas comunes:
    a. Rellenar pisos agrietados y pintura cayendo o descarapelando.
    b. Asegurarse de que el ascensor tenga el mantenimiento adecuado y un mantenimiento continuo para cuando el ascensor deje de funcionar

c. Los inquilinos necesitan un número de emergencia al que puedan llamar cuando el ascensor esté fuera de servicio o se queden atrapados en el interior.
d. Reparar el ascensor en 245 E. O'keefe para que lo utilicen los residentes.
e. Agregar más lavadoras y secadoras y establecer un programa de limpieza regular y mejorar la ventilación del cuarto de lavandería.
f. Asegurarse que los caminos de acceso a los carros donde están las coladeras del agua y todos los que esten desnivelados deben estar nivelados para no causar daños a los vehículos de los inquilinos.

CATEGORÍA 4: SEGURIDAD Y PROTECCIÓN

Para mejorar la seguridad, proponemos:

1. Proporcionar patrulla de seguridad a pie y llevar un continuo patrullaje cada ciertas horas para 201, 245 y 301 E O'keefe St y que la Asociación de Inquilinos pueda ver los reportes de este patrullaje constantemente.
2. Instalación de cámaras de seguridad en áreas de estacionamiento, compromiso de mantener las cámaras y proporcionar a los inquilinos las imágenes de la cámara a pedido dentro de las 24 horas posteriores a su solicitud.
3. Asegurarse de que todas las entradas a los edificios de los apartamentos incluyendo entrada de peatones, entrada de carros, accesos a piscinas y acceso a cajas de correo están cerrando bien y funcionando bien.
4. Asegurarse que todos los inquilinos cuenten con sus copias de llaves con acceso a la piscina en los edificios que sea necesario.

CATEGORÍA 5: RETROACTIVO DEL ALQUILER PARA TODAS LAS UNIDADES

1. Proporcionar documentación para cada unidad de su historial de aumento de alquiler durante toda la duración de su mandato y corregir cualquier discrepancia entre los montos de aumento de alquiler y los aumentos de alquiler anuales permitidos según la ordenanza local de estabilización de alquiler.
2. Proporcionar una reducción de alquiler del 10 % a todas las unidades en los tres edificios con un 1 % adicional por año que el inquilino haya vivido en el edificio

Following-up on our In-Person Conversation

7 messages

Okeefe Street <eokeefeta@gmail.com> Thu, Dec 19, 2024 at 3:45 PM
To: Michael Kramer <mkramer@shpco.com>

Hi Michael,

We just wanted to follow-up from our in-person conversation where you shared that you would respond to our association to schedule our second negotiation meeting. It is now December 18th and we still have not heard from you. There are still many items we would like to discuss with you in good faith and we want you to follow through on your word.

We would like to offer Friday, January 17th from 6:30 to 8:30 pm for our second negotiation meeting. With the holiday season fast approaching, we would like this second negotiation meeting to be scheduled sooner than later. Please respond with a confirmation by December 23rd, 2024 at 5 pm.

Hola Michael,

Solo queríamos dar seguimiento a nuestra conversación en persona en la que compartió que respondería a la programación de nuestra segunda reunión de negociación. Ya es 18 de diciembre y todavía no hemos tenido noticias suyas. Todavía hay muchos temas que nos gustaría discutir con usted de buena fe y queremos que cumpla su palabra.

Nos gustaría ofrecer el viernes 17 de enero de 6:30 a 8:30 pm para nuestra segunda reunión de negociación. Dado que la temporada navideña se acerca rápidamente, nos gustaría que esta segunda reunión de negociación esté programada para el 23 de diciembre.

-James

Michael Kramer <mkramer@shpco.com> Fri, Dec 20, 2024 at 1:16 PM

Cc: Teresa Morales <TMorales@wlpcommunities.com>, Bill Reyes <breyes@wlpcommunities.com>, Clarisse Tan <ctan@shpco.com>

Hello,

Thanks for reaching out. As I mentioned, we have been waiting for additional information from the City about the recently filed petitions and from the County about the complaints that were recently lodged. I believe the most productive conversation would be after we hear back from them. However, they are both moving slowly and I understand your interest in meeting earlier.

Unfortunately, we are not available the evening of 1/17 and generally a Friday night will be difficult to schedule our team. What about the afternoon of Thursday, January 16 from 4-6 pm? Or on Wednesday, January 29 from 4-6 pm?

Additionally, our team met recently to discuss how we can be more responsive and provide a helpful channel for communication. As I mentioned when we spoke in person, our Palo Alto office on El Camino Real is not open for public business, please do not visit again. You are welcome to visit our on-site management office nearby at 2041 Euclid Ave where Teresa (cc'ed) sits downstairs and Clarisse (cc'ed) sits upstairs. I would also be happy to meet you in East Palo Alto by appointment. Additionally, we will provide a dedicated ownership representative to talk through any concerns or complaints that any resident of 201, 245, or 301 E'O'Keefe may have. His name is Bill Reyes and you can reach him any time at breyes@wlpcommunities.com or 650-730-0411 to speak with him directly or make an appointment to meet in person in East Palo Alto. He has over 4 years of experience dealing with tenant concerns at Woodland Park and is well suited to listen to and address any concerns. Please feel free to provide his contact information to any of the residents.

Please let me know if the dates above work for a meeting, and I look forward to hearing back. Happy holidays and have a great weekend! Best wishes –

Mike

Hola,

Gracias por comunicarse. Como mencioné, hemos estado esperando información adicional de la Ciudad sobre las peticiones presentadas recientemente y del Condado sobre las quejas que se presentaron recientemente. Creo que la conversación más productiva sería después de que tengamos noticias de ellos. Sin embargo, ambos están avanzando lentamente y entiendo su interés en reunirse antes.

Lamentablemente, no estamos disponibles la noche del 17 de enero y, por lo general, un viernes por la noche será difícil programar a nuestro personal. ¿Qué pasa la tarde del jueves 16 de enero de 4 a 6 p. m.? ¿O el miércoles 29 de enero de 4 a 6 p. m.?

Además, nuestro equipo se reunió recientemente para analizar cómo podemos ser más receptivos y brindar un canal útil para la comunicación. Como mencioné cuando hablamos en persona, nuestra oficina de Palo Alto no está abierta al público, no vuelva a visitarnos. Puede visitar nuestra oficina de administración en el lugar, cerca de 2041 Euclid Ave, donde Teresa (con copia) se sienta en la planta baja y Clarisse (con copia) se sienta en la planta alta. También me encantaría reunirme con usted en East Palo Alto con cita previa. Además, le proporcionaremos un representante de propietarios dedicado para hablar sobre cualquier inquietud o queja que pueda tener cualquier residente de 201, 245 o 301 E'O'Keefe. Su nombre es Bill Reyes y puede comunicarse con él en cualquier momento a breyes@wlpcommunities.com o al 650-730-0411 para hablar con él directamente o programar una cita para reunirse en persona en East Palo Alto. Tiene más de 4 años de experiencia en el tratamiento de inquietudes de inquilinos en Woodland Park y está bien preparado para escuchar y abordar cualquier inquietud. No dude en proporcionar su información de contacto a cualquiera de los residentes.

Avíseme si las fechas anteriores le convienen para una reunión. Espero recibir noticias suyas. ¡Felices fiestas y que tenga un excelente fin de semana! Mis mejores deseos –

Mike

Hi Michael,
Happy New Year and we appreciate your timely response to schedule our second negotiation meeting. The evening of Friday (1/17) was our preferred date to accommodate our members schedules and so it has taken us time to figure out other options especially during the holiday season. It is important that we meet in the evening because that ensures that more members are able to participate. After discussing with our membership, it seems that Thursday, (1/16) can work for us if we can meet at 6 pm so that members can join after they come back from work.

Please confirm your availability by Friday (1/10) at 5 pm so that we can hold it on our schedule. We will be looking to secure a location for this second negotiation meeting and will provide an updated location prior to the confirmed meeting time.

Sincerely,
East Okeefe Tenant Association

Hola Michael,

Feliz Año Nuevo y agradecemos su oportuna respuesta para programar nuestra segunda reunión de negociación. La noche del viernes (17 de enero) fue nuestra fecha preferida para acomodar los horarios de nuestros miembros, por lo que nos tomó tiempo pensar en otras opciones, especialmente durante la temporada navideña. Es importante que nos reunamos por la noche porque eso garantiza que más miembros puedan participar. Después de discutir con nuestros miembros, parece que el jueves (16 de enero) puede funcionar para nosotros si podemos reunirnos a las 6 pm para que los miembros puedan unirse después de regresar del trabajo.

Confirme su disponibilidad antes del viernes (1/10) a las 5 p.m. para que podamos mantenerla en nuestro horario. Buscaremos asegurar una ubicación para esta segunda reunión de negociación y proporcionaremos una ubicación actualizada antes de la hora confirmada de la reunión.

Sinceramente,
Asociación de inquilinos de E OKeefe

Hello –

Happy New Year. Yes, our team is available to meet on Thursday evening 1/16 at 6 pm. I suggest we meet at our community engagement office at 2041 Euclid Ave at the corner of E. O'Keefe. Please let us know if this works for you.

Thanks – see you soon –

Mike

Hola –

Feliz año nuevo. Sí, nuestro equipo está disponible para reunirse el jueves 16 de enero a las 6:00 p. m. Sugiero que nos reunamos en nuestra oficina de participación comunitaria en 2041 Euclid Ave, esquina con E. O'Keefe. Por favor, avísenos si esto le resulta conveniente.

Gracias. Nos vemos pronto.

Hi Michael,

We are looking forward to meeting with you and your colleagues at 6 pm tomorrow (1/16). For the meeting we have reserved 1900 University Avenue, Floor 4. Please let us know if you need additional directions.

Here is the basic outline for the agenda of the meeting tomorrow:

1. Intros/Community Agreements (10 mins)
2. Updates from the E Okeefe Tenant Association (10 minute)
3. Negotiation on Proposals from E Okeefe Tenant Association (60 minutes)
4. Report back / next steps (10 minutes)

Please let us know if you have any questions.

See you tomorrow,
E Okeefe Tenant Association

- - - - - - -

Hola Michael,

Esperamos reunirnos con usted y sus colegas mañana a las 6 p.m. (16/01). Para la reunión hemos reservado 1900 University Avenue, piso 4. Infórmenos si necesita instrucciones adicionales.

Aquí está el esquema básico de la agenda de la reunión de mañana:
- Introducciones/Acuerdos comunitarios (10 minutos)
- Actualizaciones de la Asociación de Inquilinos de E Okeefe (10 minutos)

- Negociación sobre propuestas de la Asociación de Inquilinos de E Okeefe (60 minutos)
- Informe posterior/próximos pasos (10 minutos)

Por favor háganos saber si tiene alguna pregunta.

Nos vemos mañana,
Asociación de inquilinos de E Okeefe

Cc: Teresa Morales <TMorales@wlpcommunities.com>, Bill Reyes <breyes@wlpcommunities.com>, Clarisse Tan <ctan@shpco.com>

Hello,

Thank you for confirming. We will see you there at 6 pm. I will be joined by my colleagues Jason, Clarisse, Teresa, and Bill from Sand Hill, and Stacie and Enrique from Greystar Property Management.

Who will be joining from your side? Will you have any City Council members or Rent Board members in attendance? Please note that since petitions have been submitted to the rent stabilization program, any public official (including Rent Board members) who joins the meeting will have to be recused from any future hearings regarding those petitions.

Thanks,

Mike

Hola,

Gracias por confirmar. Nos vemos allí a las 6:00 p. m. Me acompañarán mis colegas Jason, Clarisse, Teresa y Bill de Sand Hill Property Company, y Stacie y Enrique de Greystar Property Management.

¿Quién se unirá a ustedes? ¿Habrá miembros del Ayuntamiento o de la Junta de Alquileres presentes? Tenga en cuenta que ahora que se han presentado peticiones al programa de estabilización de alquileres, cualquier funcionario público (incluidos los miembros de la Junta de Alquileres) que se una a la reunión deberá ser recusado de cualquier audiencia de petición futura relacionada con esas peticiones.

Gracias,

Hi Michael,

On our side there will be tenant association members with support from community based organization staff and volunteers. We have invited no public officials (city council or rent board members) to join this meeting and do not expect for them to attend.

Looking forward to meeting,
E Okeefe Tenant Association

- - - -

De nuestro lado habrá miembros de la asociación de inquilinos con el apoyo del personal y voluntarios de organizaciones comunitarias. No hemos invitado a ningún funcionario público (concejo municipal o miembros de la junta de alquileres) a unirse a esta reunión y no esperamos que asistan.

Sinceramente,
Asociación de Inquilinos E Okeefe

Following up on our Negotiation Meeting Yesterday

1 message

Okeefe Street <eokeefeta@gmail.com> Fri, Jan 17, 2025 at 3:42 PM
To: Michael Kramer <mkramer@shpco.com>, ppau@shpco.com
Cc: Teresa Morales <tmorales@wlpcommunities.com>, Bill Reyes <breyes@wlpcommunities.com>, Clarisse Tan <ctan@shpco.com>

Hi Michael,

It was great being able to meet with you all yesterday and continue the process of discussing the proposals presented to you by our tenant association. I have included the full list of proposals for your review. We would like to continue the discussion on these proposals as soon as possible. If you could share the full update that you shared during the meeting via email that would be great.

Here are some of the questions we have for you all regarding our experiences as tenants:
Category 1: Repair Procedure
What is the internal communication system for Property Management? From our experience maintenance staff come in at different parts of the same repair confused about what they are supposed to do.

Category 2: Safety & Security
We have noticed less frequent walking security in our buildings for the past few months? How many times a week is security supposed to be on patrol based on the contract signed by property management? And what is the schedule time daily?

Category 3: Weatherization and Improvements of all Units and Common Areas
In fall of 2024, we saw that you came to 201,245 and 301 buildings to do inspections. What were the results of those inspections? Did you have a plumber check out why we have so many water issues in our buildings?

We will be working on a set of dates to follow-up on this negotiation process and will send those to you next week. We do hope that at our next meeting you all will be prepared to engage in substantive responses to our proposals and we can have productive negotiations.

- -
Fue fantástico poder reunirme con todos ustedes ayer y continuar el proceso de discusión de las propuestas que les presentó nuestra asociación de inquilinos. He incluido la lista completa de propuestas para su revisión. Si pudiera compartir la actualización completa que compartió durante la reunión por correo electrónico, sería fantástico.
Estas son algunas de las preguntas que tenemos para todos ustedes sobre nuestras experiencias como inquilinos:

Categoría 1: Procedimiento de Reparación
¿Cuál es el sistema de comunicación interna de Gestión de Propiedades? Según nuestra experiencia, el personal de mantenimiento llega a diferentes partes de la misma reparación confundido acerca de lo que se supone que debe hacer.

Categoría 2: Seguridad y protección
¿Hemos notado una seguridad ambulante menos frecuente en nuestros edificios durante los últimos meses? ¿Cuántas veces por semana se supone que la seguridad debe estar patrullando según el contrato firmado por la administración de la propiedad? ¿Y cuál es el horario horario diario?

Categoría 3: Climatización y mejoras de todas las unidades y áreas comunes
En el otoño de 2024, vimos que vinieron a 201,245 y 301 edificios para realizar inspecciones. ¿Cuáles fueron los resultados de esas inspecciones? ¿Le pidió a un plomero que averiguara por qué tenemos tantos problemas de agua en nuestros edificios?

Estaremos trabajando en un conjunto de fechas para dar seguimiento a este proceso de negociación y se las enviaremos la próxima semana. Esperamos que en nuestra próxima reunión todos ustedes estén preparados para dar respuestas sustantivas a nuestras propuestas y que podamos tener negociaciones productivas.

Have a great weekend!

E Okeefe Tenant Association

1.16.25 EOTA Negotiation Proposals .pdf
104K

Date Presented: 1.16.25

E. OKeefe Tenant Association Proposals

CATEGORY 1: REPAIR PROCEDURE

1. All written communication with tenants should be conducted in their preferred language (English or Spanish)
2. Maintenance staff should wear a badge to indicate that they are staff members with greystar property management and/or woodland park.
3. Property management provides an emergency maintenance hotline for unforseen habitability emergencies 24/7. The emergency hotline should be available in both English and spanish.

Proposed Repair Procedure

4. When tenants make a request (in person, over phone or via email) they should be emailed a work order form within 24 hours for emergency requests and up to 48 hours for nonurgent requests that details
    a. The overview plan for the timeline of when the initial inspection and repair will take place
    b. The primary maintenance staff(s) who will be working on the repair
    c. The supervisor who will oversee the coordination of the repair
5. For nonurgent repair requests, tenants should be able to make schedule adjustment requests within 24 hours of receiving the work order form
6. After repair completion, both the manager and tenant must be present for a final inspection and sign-off on the work and provide a copy to the tenant
    a. If a needed repairs take longer than 12 hours, property management should provide tenants with relocation for a night in a hotel that accommodates their household.
7. If the reported issue reoccurs within a 90-day period, the tenant should be eligible for a 20% rent reduction. An additional 10% reduction should be provided for each subsequent recurrence within that time frame.

CATEGORY 2: SAFETY & SECURITY

To improve security, we propose:

1. Provide regular walking security patrol and signage for 201, 245, 300, 301, 360 & 380
    a. Patrol officers should wear identification and badge when on patrol
    b. There has been instances of a patrol officer being unprofessional and aggressive with residents and we want to be able to file specific complaints as residents

2. Installation of security cameras in parking lot areas, commitment to maintain the cameras and provide tenants with camera footage upon request within 24 hours of their request
3. Ensure that all entrances to the apartments, including pedestrian entrances, car entrances, pool accesses and mailbox accesses, are properly secured.
4. Ensure that all tenants have copies of keys with access to the pool in the buildings where necessary.
5. Implement a security patrol number to have call options for both English and Spanish so that residents can navigate the menus. Spanish speaking call operatorsr should be available for the security number.

CATEGORY 3: WEATHERIZATION AND IMPROVEMENTS OF ALL UNITS AND COMMON AREAS

1. Improve common areas:
    a. Ensure that there is no leakage into the parking garage area when it is raining. Level the access roads to the cars where the water drains are located so as not to cause damage to the tenants' vehicles
    b. Ensure elevator is properly maintained and has responsive maintenance for when elevator goes out of service
        i. Tenants need a responsive emergency number to call when the elevator is out of service and/or they are trapped inside.
    c. Fill in cracked floors and chipped paint
    d. Add additional washers and dryers, put forth a regular cleaning schedule and improve ventilation
2. Improve common issues in all units:
    a. Update all windows and patio doors in the complex so that they can fully seal when it is raining
    b. Every unit should receive needed updates to cabinets, carpets and bathroom fans
3. Upon receipt of multiple complaints from the same building and/or demand letter with a building-wide petition, Sand Hill Property Company shall arrange comprehensive inspections of all common areas and dwelling units within 30 days. Sand Hill’s inspections shall assess any defects, including the electrical systems, heating, cooling, plumbing, appliances, the weathertightness of the unit, for any evidence of moisture, mold, or infestations. Sand Hill Property Company shall present a report of all inspections and plan to the tenant union to correct any defects within 30 days of completing the inspections and shall promptly make repairs, with documentation provided in writing to the tenants occupying the repaired unit(s).This document shall include: Inspection by licensed

professional plumbers on plumbing system and methodically begin upgrades to plumbing system while providing relocation as needed

CATEGORY 4: RENT ROLLBACK FOR ALL UNITS

1. Provide rent reduction of 15% to all units in the six buildings
2. Waive annual rent increases until the major repairs and renovations to common areas, plumbing and appliances are completed and the completed work is signed off on by the tenant association

CATEGORY 5: CONDITIONS OF SALE

To improve transparency, we propose:

1. Provide regular monthly updates to the tenant association regarding potential interested buyers
2. Arrange a meet & greet meeting between potential buyers and the E. Okeefe Tenant Association prior to entering escrow

Propuestas de la Asociación de Inquilinos de E. OKeefe

CATEGORÍA 1: PROCEDIMIENTO DE REPARACIÓN

1. Toda comunicación escrita con los inquilinos debe realizarse en su idioma preferido (inglés o español).
2. El personal de mantenimiento debe usar una identificacion para indicar que son miembros del personal de Greystar Property Management y/o Woodland Park.
3. La administración de la propiedad proporciona una línea directa de mantenimiento de emergencia para emergencias de habitabilidad imprevistas las 24 horas, los 7 días de la semana. La línea directa de emergencia debe estar disponible tanto en inglés como en español.Procedimiento de reparación propuesto
4. Cuando los inquilinos realizan una solicitud (en persona, por teléfono o por correo electrónico), se les debe enviar por correo electrónico un formulario de orden de trabajo dentro de las 24 horas para solicitudes de emergencia y hasta 48 horas para solicitudes no urgentes que se detallen.
5. El plan general para el cronograma o linea de tiempo de cuándo se llevarán a cabo la inspección y reparación inicial.
    a. El personal de mantenimiento principal que trabajará en la reparación.
    b. El supervisor que supervisará la coordinación de la reparación.
6. Para solicitudes de reparación no urgentes, los inquilinos deben poder realizar solicitudes de ajuste de horario dentro de las 24 horas posteriores a la recepción del formulario de orden de trabajo.
7. Después de completar la reparación, tanto el administrador como el inquilino deben estar presentes para una inspección final y aprobar el trabajo y proporcionar una copia al inquilino.
    a. Si las reparaciones necesarias tardan más de 12 horas, la administración de la propiedad debe proporcionar a los inquilinos la reubicación para pasar una noche en un hotel que acomode a su familia.
8. Si el problema reportado vuelve a ocurrir dentro de un período de 90 días, el inquilino debería ser elegible para una reducción del alquiler del 20 %. Se debe proporcionar una reducción adicional del 10% por cada recurrencia posterior dentro de ese plazo.

CATEGORÍA 2: SEGURIDAD Y PROTECCIÓN

Para mejorar la seguridad, proponemos:

1. Proporcionar patrullas de seguridad ambulantes regulares y señalización para 201, 245, 300, 301, 360 y 380.
    a. Los oficiales de patrulla deben usar identificación y placa cuando estén patrullando.
    b. Ha habido casos en los que un oficial de patrulla ha sido poco profesional y agresivo con los residentes y queremos poder presentar quejas específicas como residentes.
2. Instalación de cámaras de seguridad en las áreas de estacionamiento, comprometerse al mantenimiento de las cámaras y de proporcionar a los inquilinos las imágenes de las cámaras si las solicitan dentro de las 24 horas posteriores a su solicitud.
3. Asegurarse de que todas las entradas a los apartamentos, incluidas las entradas para peatones, las entradas para automóviles, los accesos a la piscina y los accesos al buzón, estén debidamente aseguradas.
4. Asegurarse de que todos los inquilinos tengan copias de las llaves con acceso a la piscina en los edificios cuando sea necesario.
5. Implementar un número de patrulla de seguridad para tener opciones de llamada tanto en inglés como en español para que los residentes puedan navegar por los menús. Los operadores de llamadas de habla hispana deben estar disponibles para el número de seguridad

CATEGORÍA 3: CLIMATIZACIÓN Y MEJORAS DE TODAS LAS UNIDADES Y ÁREAS COMUNES

1. Mejorar areas comunes:
    a. Asegúrese de que no haya fugas en el área del estacionamiento cuando esté lloviendo. Nivelar las vías de acceso a los autos donde se encuentran los desagües de agua para no causar daños a los vehículos de los inquilinos.
    b. Asegúrese de que el ascensor tenga el mantenimiento adecuado y tenga un mantenimiento adecuado para cuando el ascensor quede fuera de servicio.
        i. Los inquilinos necesitan un número de emergencia receptivo para llamar cuando el ascensor está fuera de servicio y/o están atrapados dentro.
    c. Rellene pisos agrietados y pintura desconchada.
    d. Agregue lavadoras y secadoras adicionales, establezca un programa de limpieza regular y mejore la ventilación en los cuartos de lavanderia.
2. Mejorar problemas comunes en todas las unidades:
    a. Actualice todas las ventanas y puertas de patio del complejo para que puedan sellar completamente cuando llueve.

b. Cada unidad debe recibir las actualizaciones necesarias en gabinetes, alfombras y ventiladores de baño.

3. Al recibir múltiples quejas del mismo edificio y/o carta de demanda con una petición para todo el edificio, Sand Hill Property Company organizará inspecciones integrales de todas las áreas comunes y unidades de vivienda dentro de los 30 días. Las inspecciones de Sand Hill evaluarán cualquier defecto, incluidos los sistemas eléctricos, calefacción, refrigeración, plomería, electrodomésticos y la estanqueidad de la unidad a la intemperie, en busca de evidencia de humedad, moho o infestaciones. Sand Hill Property Company presentará un informe de todas las inspecciones y un plan al sindicato de inquilinos para corregir cualquier defecto dentro de los 30 días posteriores a la finalización de las inspecciones y realizará las reparaciones de inmediato, con documentación proporcionada por escrito a los inquilinos que ocupan las unidades reparadas. Este documento deberá incluir: Inspección por parte de plomeros profesionales con licencia en el sistema de plomería y comenzar metódicamente las actualizaciones del sistema de plomería mientras se proporciona la reubicación según sea necesario.

CATEGORÍA 4: REVOCACIÓN DEL ALQUILER PARA TODAS LAS UNIDADES

1. Proporcionar una reducción de alquiler del 15% a todas las unidades en los seis edificios.
2. Renunciar a los aumentos anuales de alquiler hasta que se completen las reparaciones y renovaciones importantes de las áreas comunes, la plomería y los electrodomésticos y la asociación de inquilinos apruebe el trabajo completado.

CATEGORÍA 5: CONDICIONES DE VENTA

Para mejorar la transparencia, proponemos:

1. Proporcionar actualizaciones mensuales regulares a la asociación de inquilinos con respecto a los posibles compradores interesados.
2. Establecer una reunión entre los compradores potenciales y la Asociación de inquilinos de E. Okeefe antes de ingresar el depósito en garantía.

East O'Keefe Tenant Association Negotiation Proposals and Petitions

2 messages

Jason Villarreal <jvillarreal@shpco.com> Fri, Feb 7, 2025 at 7:58 AM
To: eokeefeta@gmail.com

Dear East O'Keefe Tenant Association:

We write today in response to your proposal dated as of January 16, 2025, and James Huynh's representations to the City of East Palo Alto (the "City") at the January 28, 2025, Pre-Hearing Conference regarding Petitions for Individual Rent Adjustment from 201, 245, and 301 E. O'Keefe St. (the "Petitions"). We appreciate your patience on this and we wanted to evaluate all matters including tenant representation.

I wanted to share a reminder pertaining to our tenant's privacy as it is valued to ownership and property management. Woodland Park is in contractual privity with its tenants. As part of this legal relationship, Woodland Park is obligated to maintain confidentiality of tenant records. Woodland Park does not discuss the specifics of any given tenant or tenancy with anyone other than the named tenants on the lease. This protects the confidentiality of the tenant information as well as the safety and security of the tenants. Woodland Park is unable to discuss specifics about any tenancy with anyone other than the tenant. The purported "Association" continues to request that Woodland Park make private tenant information public which we cannot and will not do for the sake of our tenants. We appreciate your cooperation, compliance, and understanding in respecting tenant privacy by refraining from asking Woodland Park to compromise tenants' privacy.

Woodland Park has a written lease agreement with every tenant of ours. That lease agreement, together with local and state law, governs the terms of each tenancy. Woodland Park fulfills all of its obligations to every tenant pursuant to their lease agreement, local law, and state law.

A number of tenants in 201, 245, and 301 E. O'Keefe St. have submitted petitions for individual rent adjustment. On January 28, 2025, the City held a pre-hearing conference to discuss the logistics of the hearings on these Petitions. Mr. Huynh appeared at the conference but did not disclose whom he was representing. Mr. Huynh told the City and its hearing examiners that Woodland Park refused to participate in settlement negotiations regarding the Petitions. That is not true.

In fact, Mr. Huynh has prevented Woodland Park from discussing the petitions at the meetings that have been held. The "Association" requested the January 16, 2025, meeting to "negotiate." Woodland Park came prepared to discuss the previously raised issues at 201, 245, and 301 E. O'Keefe St. Mr. Huynh cut off this conversation and refused to discuss it. This was disappointing as we wanted to focus on the 201, 245, and 301 E. O'Keefe St. tenant's thoughts and follow up with their work order concerns. This did not happen and instead, Mr. Huynh insisted on raising new and different issues at different properties, all of which are irrelevant to the Petitions. It was Mr. Huynh who refused to negotiate or work toward settlement, not Woodland Park.

Mr. Huynh is advised not to misstate facts or otherwise mislead the tribunal or the City with regard to the Petitions or any other matter. His actions do not help the tenants but in turn delays getting the tenant's issues addressed and resolved.

We wanted to reiterate that Woodland Park continues to fulfill all of its obligations under the lease agreements, local law, and state law. Woodland Park tenants are provided all of the housing services to which they are entitled. Woodland Park has opposed each of

the Petitions for rent reduction and rebate on the basis that Woodland Park maintains the premises in a good and habitable condition. And, when a tenant does not notify Woodland Park of a problem or provides Woodland Park an opportunity to correct it, no rent rebate is available. Woodland Park has responded to and corrected in a timely fashion all problems identified by tenants, except where tenants prevented Woodland Park from providing requested services.

We do have concerns that there is a directive from the association side to tenants not to submit work orders through the proper channels and protocol to the leasing team, online, or by phone nor send them to our onsite Community Engagement Manager. This is concerning because it significantly reduces the opportunity for Woodland Park to address and resolve our tenants' work orders. We hope this is not the case. When Woodland Park received your letter of concerns about 201, 245, and 301 E. O'Keefe St., Woodland Park took those concerns very seriously. Woodland Park hosted three evening listening sessions and invited all tenants to all of those buildings to come speak directly about their concerns. Almost no one came, giving rise to an inference that individual tenants do not have ongoing concerns.

The "Association" has held "negotiation meetings," but unfortunately these meetings have not been productive while taking away valuable and needed time away from our tenants. To date, these meetings have consisted of "Association" representatives reading a letter that could have been sent and read in advance. As mentioned on several occasions, if there are issues to be resolved in any tenant's unit, Woodland Park invites that tenant to report the issue directly to the property management team (Greystar) or the community engagement staff so it can be solved.

To also aid in our tenants' needs, Woodland Park has hired a new part-time community engagement representative dedicated to solving any tenant problems. Woodland Park announced his e-mail address and phone number to the "Association" and reported that he would schedule an appointment with any tenant to discuss and help fix their problems. Unfortunately, zero tenants from any of the six buildings have reached out to him. This reflects that individual tenants do not have ongoing concerns.

Woodland Park has brought the General Manager, the Regional Property Manager, and the Maintenance Manager to the "negotiation meetings" to receive reports of any problems so that work orders can be created efficiently and problems can be solved expediently. No tenant provided any new work orders at the meetings. It seems it does not appear that individual tenants have any ongoing concerns.

Woodland Park hereby reiterates that it is always willing to meet with any tenant and to address their concerns. That said, Woodland Park cannot meet with "representatives" with whom it has no relationship or otherwise discuss private tenant matters with anyone other than the tenant. The property owner is working closely with Greystar property management to ensure that the on-site management team responds to repair requests in a timely and satisfactory manner. There is an emergency maintenance hotline 24/7 which can be reached at **650-566-2000**.

If any tenant has a maintenance concern in their home, they should let the Greystar property management team know right away so that the issue(s) can be fixed as soon as possible. There are several ways to report a maintenance issue:

- Tenants can log on to the resident portal online at:

  https://www.liveatwoodlandparkapts.com

- Tenants can call the main office line at **(650) 566-2000**.
- Tenants can visit the **Management Office** at 5 Newell Court or 2043 Euclid Ave. The hours of operation are **Monday-Friday, 9am-6pm, and Saturday-Sunday, 9AM-5PM**.

If anyone has questions or feedback for the Woodland Park Communities ownership team, please contact **Teresa Morales**, Community Engagement Manager, at **(650) 690-6199**, tmorales@wlpcommunities.com, or in-person at 2041 Euclid Avenue (at East O'Keefe). There is also a dedicated ownership representative to talk through any concerns or complaints that any tenant may have. His name is **Bill Reyes** and you can reach him any time at breyes@wlpcommunities.com or **(650) 730-0411** to speak with

him directly or make an appointment to meet in person in East Palo Alto. He has over 4 years of experience dealing with tenant concerns at Woodland Park and is well suited to listen to and address any concerns.

Woodland Park will continue to fulfill its obligations under its lease agreements, local law, and state law. Woodland Park will participate in the Petition hearings. We will also continue to respond to tenant inquiries and work orders in a timely fashion and address/resolve.

At this time; and after attending recent association meetings, we will continue to be focused on addressing any tenant issues that arise; however, we will not be attending future association meetings so we can provide said focus and be mindful of our tenant's time.

Woodland Park tenants and members of the public are welcome to visit the Woodland Park public offices at 5 Newell Ct., 2041 Euclid Ave., and 2043 Euclid Ave. As noted and stated at the recent association meeting, The Sand Hill Property Company office on El Camino Real is not open for public business and any unauthorized visits will be considered trespassing.

Thank you for your time and understanding.

Sincerely,

Jason Villarreal

Chief Operating Officer

SAND HILL PROPERTY COMPANY

T:(650) 344-1500

F:(650) 344-0652

Estimada Asociación de Inquilinos de East O'Keefe:

Le escribo hoy en respuesta a su propuesta con fecha de enero 16, 2025 y a las representaciones de James Huynh ante el Consejo de la Ciudad de East Palo Alto (la Ciudad) en la Pre-conferencia de enero 28, 2025 Audiencia acerca de las Peticiones para Ajustes de Rentas Individuales del 201, 245, y 301 E. O'Keefe St. (las "Peticiones"). Apreciamos su paciencia en este asunto y quisimos evaluar todos los asuntos presentados incluyendo la representacion de los inquilinos.

Queria compartir un recordatorio respecto a la privacidad de nuestros inquilinos ya que es valorada por los dueños y los gerentes de la propiedad. Woodland Park está en contrato de privacidad con sus inquilinos. Como parte de esta relación legal, Woodland Park está obligada a mantener confidencialidad de los records de tales inquilinos. Woodland Park no comparte los detalles de ningun asunto de contrato de inquilinos con nadie mas allá de los inquilinos dentro de cada contrato de arrendamiento. Esto proteje la confidencialidad de la información del inquilino así como la seguridad de los inquilinos.

Woodland Park no puede hablar de especificos de ningun inquilino con alguien mas aparte del inquilino. La supuesta “Asociación” continua pidiendo que Woodland Park haga pública la información de los inquilinos lo cual no podemos hacer para proteger a los inquilinos. Apreciamos su cooperación, su conformidad, y su consideración con respecto a la privacidad de los inquilinos al no solicitar que Woodland Park comprometa la privacidad de sus inquilinos.

Woodland Park tiene un acuerdo por escrito con cada inquilino. Ese acuerdo, junto con la ley local y estatal, protegen los terminos de cada contrato de arrendamiento. Woodland Park responde a todas sus obligaciones con cada inquilino de acuerdo a su contrato con la ley local y estatal.

Un número de inquilinos en el 201, 245, y 301 E. O’Keefe St., han entregado peticiones para ajustes de rental individual. El 28 de enero, 2025, la Ciudad llevo a cabo una conferencia de pre-audiencia para hablar de las logisticas de las audiencias de estas Peticiones. El Sr Huynh se presentó a la conferencia pero no reveló a quien estaba representando. El Sr. Huynh manifestó ante la Ciudad y los examinadores de la audiencia que Woodland Park se rehusó a participar en negociaciones referente a las Peticiones. Esto no es verdad.

De hecho, El Sr. Huynh ha impedido que Woodland Park dialogue sobre las peticiones en las reuniones llevadas a cabo. La “Asociación” pidió una reunión el 16 de enero, 2025 para “negociar.” Woodland Park llegó preparada para hablar de los asuntos previamente discutidos del 201, 245, y 310 E. O’Keefe St. El Sr. Hyunh cerró la conversación y se rehusó a hablar de tales asuntos. Esto nos desagradó ya que queriamos enfocarnos en el 201, 245, y 301 E. O’Keefe y lo que inquilinos pensaban de las órdenes de mantenenimiento y sus preocupaciones. Esto no sucedió, y en su lugar el Sr. Huynh insistió en enfocarse en presentar nuevos y diferentes asuntos de diferentes propiedades. Las cuales todas eran irrelevantes a las Peticiones. Fué el Sr Huynh quien se rehusó a negociar ó a dialogar para llegar a un acuerdo, no Woodland Park.

Se le aconseja al Sr Huynh a no presentar hechos incorrectos ni tampoco hacer representaciones falsas ante el tribunal de la Ciudad con respecto a peticiones o cualquier otro asunto. Sus acciones no ayudan a los inquilinos, al contrario impiden que los asuntos de los inquilinos se escuchen y se resuelvan.

Queremos reiterar que Woodland Park continua asumiendo sus obligaciones bajos el contrato de arrendamiento, la ley local, y estatal. Los inquilinos de Woodland Park reciben todos los servicios de vidienda a los que tienen derecho. Woodland Park se opone a cada una de las Peticiones de reducción de renta y rebate con base en que Woodland Park mantiene las propiedad en condiciones buenas y habitables. Y, cuando un inquilino no notifica a Woodland Park de un problema o provee a Woodland Park la oportunidad de corregir tal problema, el rebate de renta no está disponible. Woodland Park ha respondido y corregido todos los poblemas de manera oportuna con los inquilinos, excepto donde los inquilinos han impedido que Woodland Park provea tales servicios requeridos.

Nos preocupa que haya un influencia por la asociación dirigiendo a los inquilinos a no entregar sus órdenes de reparaciones por medio de los medios apropiados y el protocólo del equipo de arrendamientos, ya sea por línea, por teléfono o por medio de la gerente de asuntos comunitarios. Nos preocupa porque esto reduce significativamente la oportunidad de Woodland Park de resolver y enfocarse en las órdenes de reparaciones de los inquilinos. Esperamos que este no sea el caso. Cuando Woodland park recibió su carta de procupaciones acerca de 201,245, y 301 E. O’Keefe St., Woodland Park tomó muy seriamente esas preocupaciones. Woodland Park organizó tres sesiones para escuchar por las tardes e invitó a todos los inquilinos de todos esos edificios para que vinieran a hablar directamente acerca de sus preocupaciones. Casi nadie llegó, dandonos asi el mensaje de que los inquilinos individualmente no tenian preocupaciones actuales.

La “Asociación” ha organizado “reuniones de negociación” pero desafortunadamente estas reuniones no han sido productivas tomando asi el tiempo necesario y de valor para nuestros inquilinos. A la fecha, estas reuniones han consistido en lecturas de cartas por los representates de la “Asociación” las cuales pudieron haber sido enviadas para leerlas previamente. Como mencionado en varias ocasiones, si existen asuntos a resolver en cualquiera de las unidades, Woodland Park le invita a los inquilinos a reportar el problema directamente a la compañia de manejo de la propiedad o al personal de asuntos comunitarios para que se resuelvan.

Para ayudar con las necesidades de nuestros inquilinos, Woodland Park ha contratado a un nuevo representate de asuntos comunitarios parte de tiempo y esta dedicado a resolver problemas de los inquilinos. Woodland Park anunció su correo electronico y su número de teléfono a la "Asociación" y anunciamos que esta persona estaría disponible para ayudar a asegurar que se resuelvan los problemas de mantenimiento. Desafortunadamente, ningun inquilino de los seis edificios han contactado a esta persona. Esto nos dice que los inquilinos individuales no tienen problemas actuales.

Woodland park invitó al Gerente General, El Gerente Regional, y al Gerente de Mantenimiento a las "reuniones de negociaciones" para recibir reportes y quejas de cualquier problema para asegurar que las órdernes de trabajo se llenaran al momento de la reunión y asi resolver los problemas de manera mas rápida. Ningun inquilino se acercó para entregar órdenes de trabajo de mantenimiento en estas reuniones. Esto nos dice que parece no haber preocupaciones actuales de parte de inquilinos individuales.

Por medio de la presente, Woodland Park reitera que siempre está dispuesta a reunirse con los inquilinos para abordar sus procupaciones. Habiendo dicho esto, Woodland Park no puede reunirse con "representantes" con quienes no tiene relación ó de otra manera no puede discutir asuntos privados de inquilinos con personas que nos sean los inquilinos. El dueño de la propiedad esta supervisando muy de cerca a Greystar quien maneja la propiedad para asegurarse que el equipo de mantenimiento responda a las peticiones de reparaciones de manera satisfactoria y rápida. Existe una línea de emergencias 24/7 la cual puede contactarse en el (**650) 566-2000.**

Si un inquilino tiene un asunto de mantenimiento en su hogar, ellos pueden hacerle saber al equipo de Greystar imediatamente para que el asunto se resuelva a la brevedad posible. Hay varias maneras de reportar estos asuntos de mantenimiento:

- Inquilinos pueden entrar al portal de residentes por línea a:

  https://www.liveatwoodlandparkapts.com

- Inquilinos pueden llamar a la oficina **(650) 566-2000**.
- Inquilinos pueden visitar la **Oficina de Gerencia** al 5 Newell Court o al 2043 Euclid Ave. Las horas de operación son de **lunes-viernes, 9am-6pm, y de sábado-domingo, 9AM-5PM**.

Si alguien tiene preguntas o información para los dueños de Woodland Park Communities, favor de hablar con **Teresa Morales,** Gerente de Compromiso Comunitario, al **(650) 690-6199,** tmorales@wlpcommunities.com, ó en persona al 2041 Euclid Avenue (en East O'Keefe). Tambíen pueden llamar al representante de los dueños dedicado a estos asuntos y quejas de los inquilinos. Su nombre es **Bill Reyes** y pueden encontrarlo en breyes@wlpcommunities.com ó (**650) 730-0411** para hablar con el directamente ó hacer una cita en persona en East Palo Alto. El tiene más de 4 años de experiencia de manejo de asuntos de mantenimiento con inquilinos en Woodland Park. El está disponible para darle atención adecuada y resolver cualquier asunto.

Woodland Park continuará asumiendo sus obligaciones bajo los acuerdos de arrendamiento, la ley local y estatal. Woodland Park participará en las audiencias de Peticiones. También continuará respondiendo a las preguntas y órdenes de trabajo de mantenimiento a la brevedad possible y asi abordar/resolver cualquier asunto.

Por ahora; y despúes de asistir a recientes reuniones de la asociación, continuaremos enfocados en responder a las cuestiones que se presenten; no obstante, no atenderemos reuniones futuras de la asociación y asi enfocarnos y respetar el tiempo de nuestros inquilinos.

Inquilinos de Woodland Park y miembros del público son bienvenidos a visitar las oficinas de Woodland Park en el 5 Newell Ct. 2041 Euclid Ave., y el 2043 Euclid Ave. Como se subrayó y como se especificó en la reunión de la asociación, la oficina de la Compañia Sand Hill Property en Camino Real no está abierta para negocios de asuntos públicos y cualquier visita no autorizada será considerada como una intrusión.

Gracias por su tiempo y comprensión.

Sinceramente,

Jason Villarreal

Chief Operating Officer

SAND HILL PROPERTY COMPANY

Okeefe Street <eokeefeta@gmail.com> Thu, Feb 13, 2025 at 10:12 AM
To: jvillareal@shpco.com, Michael Kramer <mkramer@shpco.com>, ppau@shpco.com

Hi Jason,

We want to respond to a few points that you have made in your letter to the tenant association dated for 2.7.25. As the E Okeefe Tenant Association, we have stated from the beginning since our first petition and demand letter from tenant association members living at 201, 245, 301 E Okeefe that our intent was to negotiate with you all on our issues of common concern and improve our living conditions. We have had two negotiation meetings with the first on September 25th 2024 and the second on January 16th 2025. At both meetings, we presented proposals drafted from our membership on ways to improve issues of common concern across the buildings in the tenant association. These proposals were clear in that they do not pertain to individual tenant units but are in fact related to the overall business process and procedures in regards to property management processes and functions.

At the meeting on 1.16.25, prior to the proposals being shared by the negotiation committee, you all shared that there are no outstanding work orders for 201, 245, 301 E Okeefe. Many of the tenants present at the meeting have direct experience about calling about an issue in their unit and/or common areas and not getting the issue addressed. For example, the light being out in the stairwell at 301 E Okeefe that did not get fixed for months until after the negotiation meeting and a tenant shared with you the issue directly. If that update was an attempt towards settlement negotiations regarding the petitions, it was very much unclear to us. We developed proposals as a way to clarify and strengthen the relationship between yourselves, our landlord, and us, the residents as a tenant association. Presenting proposals is our good faith effort to come to settlement negotiations in regards to the petitions and we hope that you can see why we have been trying to resume active meetings with you all.

At the meeting you stated that you all were not prepared to comment on any of the proposals and specific questions asked by the tenant association negotiation committee and shared that you were amenable to meeting again. Since the meeting, we have followed up with the written proposals and also a request to continue the conversation for February 12th and have received this letter stating that you all are not willing to meet with the tenant association and continue the negotiation process. We are disheartened by this response and hope that you can come back to the negotiation table because currently it appears that you are unwilling to participate in settlement negotiations.

As tenant association members, we are proactive in calling the main office line (650) 566-2000 when issues arise. The claim that there has been a directive to not submit work orders is false. The challenge is that we have had consistent experiences where we call about an issue and do not receive timely response and follow-up. As of the emergence of the E Okeefe Tenant Association we have seen increased efforts of responsiveness on your part, but still issues persist and repairs are often still left incomplete. That is why we presented a proposal for a systemized process for how work orders would be followed-up upon when tenants make complaints. We are invested in improving the system for all of us. As you are well aware, a majority of our membership are immigrant, non-English speaking and so the phone is oftentimes the most accessible method of making complaints for our membership.

We want to reiterate that we very much have outstanding habitability issues in our individual units and common areas. Many of these issues have been communicated through our association letters, individual correspondence and complaints made over the phone and in-person at the office. The association is composed of residents in Woodland Park properties on East Okeefe Street and we are working together to exercise our rights as a tenant association. We will continue to organize to ensure that our voices are heard and that we can build a constructive relationship with you all as our landlord.

Sincerely, E Okeefe Tenant Association

Queremos responder a algunos puntos que usted ha planteado en su carta a la asociación de inquilinos del 2.7.25. Como Asociación de Inquilinos de E Okeefe, hemos declarado desde el principio desde nuestra primera petición y carta de demanda de los miembros de la asociación de inquilinos que viven en 201, 245, 301 E Okeefe que nuestra intención era negociar con todos ustedes sobre nuestros temas de interés común y mejorar nuestras condiciones de vida. Hemos tenido dos reuniones de negociación: la primera el 25 de septiembre de 2024 y la segunda el 16 de enero de 2025. En ambas reuniones, presentamos propuestas redactadas por nuestros miembros sobre formas de mejorar cuestiones de interés común en todos los edificios de la asociación de inquilinos. Estas propuestas fueron claras en el sentido de que no se refieren a unidades de inquilinos individuales, sino que, de hecho, están relacionadas con el proceso y los procedimientos comerciales generales con respecto a los procesos y funciones de administración de propiedades.

En la reunión del 16/01/25, antes de que el comité de negociación compartiera las propuestas, todos ustedes compartieron que no hay órdenes de trabajo pendientes para 201, 245, 301 E Okeefe. Muchos de los inquilinos presentes en la reunión tienen experiencia directa en llamar por un problema en su unidad y/o áreas comunes y no solucionar el problema. Por ejemplo, la luz de la escalera en 301 E Okeefe no se reparó durante meses hasta después de la reunión de negociación y un inquilino compartió con usted el problema directamente. Si esa actualización fue un intento de lograr negociaciones para llegar a un acuerdo con respecto a las peticiones, no nos quedó muy claro. Desarrollamos propuestas como una manera de aclarar y fortalecer la relación entre ustedes, nuestro propietario y nosotros, los residentes como asociación de inquilinos. Presentar propuestas es nuestro esfuerzo de buena fe para llegar a negociaciones para llegar a un acuerdo con respecto a las peticiones y esperamos que puedan ver por qué hemos estado tratando de reanudar reuniones activas con todos ustedes.

En la reunión usted declaró que no todos estaban preparados para comentar sobre ninguna de las propuestas y preguntas específicas formuladas por el comité de negociación de la asociación de inquilinos y compartió que estaban dispuestos a reunirse nuevamente. Desde la reunión, hemos dado seguimiento a las propuestas escritas y también a una solicitud para continuar la conversación para el 12 de febrero y hemos recibido esta carta indicando que todos ustedes no están dispuestos a reunirse con la asociación de inquilinos y continuar el proceso de negociación. Estamos desalentados por esta respuesta y esperamos que pueda volver a la mesa de negociaciones porque actualmente parece que no está dispuesto a participar en las negociaciones para llegar a un acuerdo.

Como miembros de la asociación de inquilinos, somos proactivos al llamar a la línea de la oficina principal (650) 566-2000 cuando surgen problemas. La afirmación de que ha habido una directiva para no presentar órdenes de trabajo es falsa. El desafío es que hemos tenido experiencias consistentes en las que llamamos sobre un problema y no recibimos respuesta ni seguimiento oportunos. A partir del surgimiento de la Asociación de Inquilinos de E Okeefe, hemos visto mayores esfuerzos de respuesta de su parte, pero aún persisten los problemas y las reparaciones a menudo quedan incompletas. Por eso presentamos una propuesta de proceso sistematizado de cómo se daría seguimiento a las órdenes de trabajo cuando los inquilinos presenten quejas. Estamos invertidos en mejorar el sistema para todos nosotros. Como bien sabe, la mayoría de nuestros miembros son inmigrantes que no hablan inglés, por lo que el teléfono suele ser el método más accesible para presentar quejas para nuestros miembros.

Queremos reiterar que tenemos problemas de habitabilidad pendientes en nuestras unidades individuales y áreas comunes. Muchos de estos problemas se han comunicado a través de cartas de nuestra asociación, correspondencia individual y quejas realizadas por teléfono y en persona en la oficina. La asociación está compuesta por residentes de propiedades de Woodland Park en East Okeefe Street y estamos trabajando juntos para ejercer nuestros derechos como asociación de inquilinos. Continuaremos organizándonos para garantizar que nuestras voces sean escuchadas y que podamos construir una relación constructiva con todos ustedes como nuestro propietario.

Sinceremente,
La Asociación de Inquilinos de E Okeefe

Hola

Estamos mandando este email por parte Nubia en el apartamento 16 del 301 porque ella no tiene acceso a su email por razones de seguridad.

La persona de mantenimiento que fue a hablar con ella para las reparaciones de el techo en la entrada de el apartamento le dijo que no queria que nadie pasarra por ahi en en el lapso de 6 horas que practicamente es imposible porque ella necesita tener acceso a su apartamento para el bano y comida. Asi que si por favor hablan con los de mantenimiento para que sepan que Nubia y su familia van a tener que estar entrando al apartamento para alguna necesidad.

Otra cosa que Nubia quiere reportar es que el dia de ahora se tropezo y callo en el pasillo del piso 2 por que el pasillo esta en mal estado y eso ya se ha reportado anteriormente y esto es negligencia de ustedes por no hacer las reparaciones necesesarias. Nubia mandara un email en cuanto pueda para repoortarlo ella directamente tambien pero ella espera una indemnizacion de dinero por parte de ustedes por la caida y el golpe que sufrio en su pie ella ya no pudo hacer las cosas que tenia que hacer.

Ella les dejara saber despues cuanto es lo que ella esta pidiendo.

Manda fotos de eso.

Gracias

Atentamente
Asociacion de Inquilinos de E O'Keefe St

Manejadores de los edificios del 301 E' O'keefe St.

Me gustaria darles a saber sobre los siguientes problemas en mi apartamento.

1. Las luces de la cocina y en general de todo el apartamento se caen y están en muy mal estado. Es peligroso porque ya se han caído varias veces y podemos tener un accidente fatal. Mando fotos.
2. La campana de la estufa está bien dañada y no funciona. No jala aire y se llena todo el apartamento de el olor y lo caliente. Necesita ser remplazada.
3. El refrigerador no esta enfriando bien y esta oxidado de la parte de afuera y esos toxicos los estamos oliendo en la casa. Por favor reemplazar por uno nuevo.
4. La estufa no funciona bien y se esta apagando los quemadores. No calienta bien. También es muy vieja y esta oxidada en algunas partes. Ocupa ser reemplazada.
5. Ventanas y puerta corrediza están muy dañadas. No cierran bien están muy viejas.
6. Gabinetes de la cocina muy viejos de la madera no cierran bien, les falta partes.
7. Los calentones se estan cayendo y no trabajan bien.
8. Las puertas estan danadas tambien y necesitan ser remplazadas.
9. El piso del pasillo de afuera del apartamento esta danado y necesita reparacion urgente porque se mueve y es peligroso.
10. El lugar de mi parqueadero esta goteando y puede dañar mi carro y lo muevo mas adelante para que no pase esto,hasta los de seguridad me dicen que lo mueva pero no puedo porque se va a danar la pintura. Se de varios vecinos que ya les ha pasado esto y tuvieron que pagar de su dinero las reparaciones. Por favor arreglar lo mas pronto posible. Y han mandado varia gente a arreglar pero creo no son profesionales porque el problema continua.
11. Las persianas tambien estan muy danadas y se llenan de mojo son muy viejas necesitan ser remplazadas.
12. Mi carro sufrio un golpe por culpa de que no lo reparan y ya se les ha reportado varias vecez desde hace 3 anos o mas. Yo hable con Pabel de la oficina de manejadors hace como 4 meses y todavia no me ha resuelto y la verdad si me urge porque yo tuve que conseguir para arreglarlo porque es el que usamos para el trabajo. Mando fotos y los recibos para que se me sea pagado lo mas pronto posible. Perdi dos dias de trabajo tambien por el mismo motivo que seria un total de $600 que tambien fueran recuperados por parte de ustedes.
13. Tambien me gustaria dejarles saber que yo soy testigo de que el carro de mi vecina Maggie en el apartamento 11 y ella necesita ser remunerada por lo que pago.
14. Ocupamos el aire de ventilación en el baño. La ciudad vino y les dejo saber que se necesitaban pero ustedes no lo han llevado a cabo.

Espero su pronta respuesta a más tardar el Jueves 15 de Agosto.

Sinceramente
Gabriel Diaz

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

i. A written notice stating that Resident has elected to exercise the Early Termination Option;
ii. An early termination option payment of **$3,000.00**;
iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
iv. Payment of rent and other amounts due through the new End Date.

R003
When Landlord has (1) received the ...ten notice and the Early Termination Option payme... ...nd (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least **thirty** days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience – the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the **4th** day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the **4th** day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the **4th** day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

disbursement of the security dep[illegible].

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at **10% per year**, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
    To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
    Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident **$5.00** for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device **$0.00** Key Fob **$0.00** Entry Gate Key **$50.00**

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carbon-

monoxide device without immediately placing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

pay rent during the time the Pre[illegible]es are not available to Resident during the repairs [illegible]andlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

information from the California Enviro. ental Protection Agency's Office of Environmental He. Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment of rent on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detailer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING**: Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS**: If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
    - i. No more than two drying lines/racks may be in use at any one time.
    - ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
    - iii. Drying lines/racks must be free standing.
    - iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
    - v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
    - vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
    - vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
    - viii. Drying lines/racks cannot interfere with the maintenance of the Community.
    - ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

    If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

    The following terms shall apply:
    - i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
    - ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
    - iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
    - iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
    - v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
    - vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
    - i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

ii. Resident should be aware that s. .s units may be equipped with an HVAC heating syste. .hich operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.

iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.

iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.

v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.

vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
   i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
   ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
      a. Orders for a permanent change of station; or
      b. Orders to deploy for a period of at least 90 days.

   Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
   i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
   ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
   iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
   iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
   v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
   vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

   Resident covenants and agree(s):
   i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
   ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
   iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
   iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
   v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

R012

68. **SUBORDINATION:** This Lease shall, without further act on the part of Resident, be subject and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT:** This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
    i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
    ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES:** The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated **December 1, 2014** by between **Leonor Camarena Vazquez Jesus Ignacio Lopez** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 10** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303.**

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

R015

11. **Barbeques:** The use or storage of a[illegible]harcoal burner, liquid petroleum, gas fueled or any [illegible]r open flame cooking devices are prohibited in the Premises, including on any patio or balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.

13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.

14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.

15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.

16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.

17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.

18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.

19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated **December 1, 2014** between **Leonor Camarena Vazquez Jesus Ignacio Lopez** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 10** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay **$0.00** per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay **$0.00** will be required to pay an additional pet deposit of **$500.00**.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined **$50.00** per occurrence.
10. Animals shall not weigh over **30 pounds** full grown. Animals under **one (1) year** of age are not permitted.
11. The number of pets per unit is limited to **1**.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    - i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    - ii. All pets must be spayed/neutered.
    - iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    - iv. Birds shall not be let out of cages.
    - v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    - vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    - vii. Residents are not allowed to keep endangered species.
    - viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    - ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    - x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    - i. Spayed/Neutered requirement;
    - ii. Breed restriction;
    - iii. Age restriction;
    - iv. Weight restriction;
    - v. The number of assistive animals per unit shall be evaluated on case by case basis;
    - vi. Monthly pet rent;
    - vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the pet

immediately if any of the following oc...:

i. Payment of Pet Rent is delinquent
ii. The pet displays aggressive behavior
iii. Landlord perceives the pet to be dangerous or disruptive to premises, common areas, or Community, other residents, guest or employees.
iv. Upon thirty (30) day notice by either party to the other of intent to terminate this Addendum

20. Resident agrees to hold harmless and indemnify Landlord from all liability pertaining to animals on the property. Resident shall hold Landlord harmless and indemnify Landlord for any and all damages or costs in connection with pet.

Resident Landlord represent that they have read this Addendum, understand the terms conditions contained herein, and agree to the terms conditions contained herein.

$0.00 per month for **Electricity**. Total amount of additional rent over the lease term is **$0.00**.	

COMMENTS: If Resident fails to maintain his/her/their tenancy for the entire length of the initial term described in Section 3 of the Lease, then Resident shall reimburse **Woodland Park** for the full amount used of the concession outlined above. The concession reimbursement owed to **Woodland Park** is due and payable on the date that the Resident serves upon **Woodland Park** a notice of intent to vacate, or the date upon which the Resident vacates the Premises, whichever occurs earlier, and Resident shall simultaneously pay any other penalties that may be due pursuant to the Lease, and any other outstanding balances on the resident account.

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed,** including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

R020

PROTECTIONS AGAINST EVICTIO[illegible] WITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

For legal advice or representation, you may contact Legal Aid Society of San Mateo County for an appointment at (650) 517-8911; or Community Legal Services in East Palo Alto at (650) 326-20740; or go to 1861 Bay Road, East Palo Alto.

I received a copy of this notice on **December 1, 2014**.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated December 1, 2014 between Leonor Camarena Vazquez Jesus Ignacio Lopez ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #10, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   ii. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   iii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to Conservice 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

i. Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:
   a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of **$35.00**, which is a reasonable estimate of the costs incurred;
   b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.

ii. Resident's billing statement will include a monthly service charge of up to **$0.00**. A new account set up charge of **$0.00** final bill fee of **$0.00** will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon **sixty (60) days** written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.

8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **December 1, 2014** between **Leonor Camarena Vazquez Jesus Ignacio Lopez** and **Woodland Park** for the **Unit # 10** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated December 1, 2014 by and between Leonor Camarena Vazquez Jesus Ignacio Lopez and Woodland Park for Unit # 10 located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, **December 1, 2014**, by and between **Woodland Park** (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, **Leonor Camarena Vazquez Jesus Ignacio Lopez** (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: **301 East O'Keefe Street #10, East Palo Alto, Ca 94303** in **Woodland Park** (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: **$1,000.00** (Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   - A. Resident shall vacate completely the entire Premises on or before the date specified in the required written **30-day** move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   - B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   - C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   - D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   - E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   - F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   - G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   - H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

PARKING RULES REGULATIONS

1. Each resident may only use the assigned parking space associated with that resident's lease and parking permit. Any vehicle parked in a parking space other than the assigned space is subject to immediate tow at the owner's expense. If you are not sure which space is yours, please ask the Management Office.
2. Every vehicle, including motorcycles, parked in an assigned **Woodland Park** parking space must have a visible, valid **Woodland Park** parking permit.
3. The **Woodland Park** Management Office at **5 Newell Court, East Palo Alto, CA 94303** issues parking permits. Generally, one parking permit will be issued for each assigned parking space. The make, model, color, and license plate number for each vehicle must be provided to obtain a parking permit.
4. The parking permit, including the permit identification number, must be fully visible at all times that the vehicle is parked at **Woodland Park**. Be sure not to cover the permit identification number.
5. If a resident's vehicle information changes or there are any other changes affecting the parking permit, the Management Office will reissue the parking permit. Upon reissue, the original parking permit will no longer be valid. All updated information must be provided to the Management Office.
6. If a parking permit must be reissued due to loss or theft, the resident will be charged a replacement fee for reissuance of the permit. Upon reissue, the original parking permit will no longer be valid. If the original parking permit is found in any vehicle parked at **Woodland Park**, that vehicle will be subject to immediate tow at the owner's expense. Reproduction or alteration of a parking permit is a direct violation of the Parking Rules. Any vehicle parked at **Woodland Park** with a reproduced or altered parking permit will be subject to immediate tow at the owner's expense.
7. No vehicle may be parked at any time in a fire lane, red zone, or any other area marked "NO PARKING." No vehicle may be parked so as to block any other parking space, sidewalk, driveway, or garage entrance. Any vehicle parked in violation of these rules is subject to immediate tow at the owner's expense.
8. Certain parking spaces are marked as guest or visitor parking spaces. Vehicles cannot be parked in guest or visitor spaces for more than 72 hours, unless the Management Office has provided prior written approval. An unapproved vehicle parked in a guest or visitor space for more than 72 hours is subject to immediate tow at the owner's expense. It is the resident's responsibility to advise guests and visitors of the Parking Rules.
9. Residents and their guests or visitors may park their vehicles in the parking spaces marked "**Woodland Park Management Office**" outside of Management Office hours; however, these vehicles must be moved during Management Office hours (signs are posted with the times). Any vehicle parked in the Management Office parking spaces during office hours are subject to immediate tow at the owner's expense.
10. Motorcycles must be parked in parking spaces. Motorcycles must affix the parking permit so that it is visible on the front area of the vehicle. Motorcycles may not be stored in units, on walkways, in courtyards, or on balconies. All parking rules and regulations apply to motorcycles.
11. All vehicles parked at **Woodland Park** must be in good operating condition and currently registered and licensed. Vehicles leaking any fluids will be subject to clean up fees. Any vehicle that is lacking any part or equipment necessary to operate safely, including without limitation, an engine, transmission, wheels, tires, doors, or windshield is subject to tow at the owner's expense. Management will attempt to provide 72 hours of notice before towing any such vehicle. Vehicle repair and maintenance in parking spaces and/or driveways is strictly prohibited.
12. Storage of personal property is not allowed in parking spaces. Management reserves the right to remove personal property left in parking spaces with no prior warning. Parking spaces and adjacent areas are to be neat and clean at all times.
13. Vehicles are not to be covered. Management will remove and discard covers.
14. Management is not responsible for theft or damage to any vehicle or personal property in the parking areas.
15. Boats, large trucks, RV's or trailers are not to be parked in the parking areas.
16. Bicycles must be parked in designated bicycle racks or inside a Resident's unit. Bicycles may not be stored or parked in common walkways or by the resident's front door.

Please remember to always lock your vehicle and never leave valuables in your car. Management is not responsible for loss or damage. Park at your own risk.

IF YOUR VEHICLE IS TOWED...

You have rights if your vehicle gets towed. Please consult the California Vehicle Code to fully understand your rights, as this is only an overview the law may change at any time.

Generally, prior to paying any towing storage-related fees, you have the right to:

- Receive an itemized invoice of actual charges.
- Receive your personal property, at no charge, during normal business hours.
- Retrieve your vehicle during the first 72 hours of storage and not pay a lien fee.
- Request a copy of the Towing Fees and Access Notice.
- Pay by cash or valid bank credit card
- Inspect your vehicle or have your insurance carrier inspect your vehicle at the storage facility, at no charge, during normal business hours.

You generally have the right to have the vehicle released to you upon (1) payment of all towing and storage-related fees, (2) presentation of a valid photo identification, (3) presentation of reliable documentation showing that you are the owner of the vehicle or that the owner has authorized you to take possession of the vehicle, and (4), if applicable, presentation of any required police or law enforcement release documents.

If you do not pay the towing and/or storage-related fees or you abandon your vehicle at the towing company, the towing company may sell your vehicle and any money received will be applied to towing and storage-related fees that have accumulated against your vehicle. You are still responsible for paying the towing company any outstanding balance due on any of these fees once the sale is complete.

If your vehicle was damaged during storage or towing, the owner of the vehicle may recover for any damage to the vehicle resulting from any intentional or negligent act of a person causing the removal of, or removing, the vehicle.

If the towing company violates the law, you may be able to bring a lawsuit in court, generally in small claims court. The towing company may be civilly liable for damages up to two times the amount charged, not to exceed $500, and possibly more for certain violations.

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

i. A written notice stating that Resident has elected to exercise the Early Termination Option;
ii. An early termination option payment of **$3,000.00**;
iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
iv. Payment of rent and other amounts due through the new End Date.

OnSite

When Landlord has (1) received the ...ten notice and the Early Termination Option payme...nd (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least thirty days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience – the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the 4th day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the 4th day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the 4th day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices,mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

disbursement of the security dep

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at 10% per year, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to the treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident $5.00 for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device $0.00 Key Fob $0.00 Entry Gate Key $50.00

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carb

monoxide device without immediately acing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

pay rent during the time the Premises are not available to Resident during the repairs Landlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

information from the California Envir ntal Protection Agency's Office of Environmental H Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls or insulation walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment of rent on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detailer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING:** Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS:** If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
    i. No more than two drying lines/racks may be in use at any one time.
    ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
    iii. Drying lines/racks must be free standing.
    iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
    v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
    vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
    vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
    viii. Drying lines/racks cannot interfere with the maintenance of the Community.
    ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

    If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

    The following terms shall apply:
    i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
    ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
    iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
    iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
    v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
    vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
    i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

ii. Resident should be aware that some units may be equipped with an HVAC heating system which operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.

iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.

iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.

v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.

vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
   i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
   ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
      a. Orders for a permanent change of station; or
      b. Orders to deploy for a period of at least 90 days.

   Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
   i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
   ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
   iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
   iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
   v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
   vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

   Resident covenants and agree(s):
   i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
   ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
   iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
   iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
   v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

68. **SUBORDINATION:** This Lease shall, without further act on the part of Resident, be subject and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT**: This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
   i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
   ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
   iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES**: The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated December 1, 2014 between Maggie Pande Graham Pande Regina Pande ("Resident") and Woodland Park ("Landlord") for the Unit # 11 ("Premises") located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay $0.00 per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay $0.00 will be required to pay an additional pet deposit of $500.00.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined $50.00 per occurrence.
10. Animals shall not weigh over 30 pounds full grown. Animals under one (1) year of age are not permitted.
11. The number of pets per unit is limited to 1.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    - i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    - ii. All pets must be spayed/neutered.
    - iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    - iv. Birds shall not be let out of cages.
    - v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    - vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    - vii. Residents are not allowed to keep endangered species.
    - viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    - ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    - x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    - i. Spayed/Neutered requirement;
    - ii. Breed restriction;
    - iii. Age restriction;
    - iv. Weight restriction;
    - v. The number of assistive animals per unit shall be evaluated on case by case basis;
    - vi. Monthly pet rent;
    - vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the

immediately if any of the following occ
i. Payment of Pet Rent is delinquen
ii. The pet displays aggressive behavior
iii. Landlord perceives the pet to be dangerous or disruptive to premises, common areas, or Community, other residents, guest or employees.
iv. Upon thirty (30) day notice by either party to the other of intent to terminate this Addendum

20. Resident agrees to hold harmless and indemnify Landlord from all liability pertaining to animals on the property. Resident shall hold Landlord harmless and indemnify Landlord for any and all damages or costs in connection with pet.

Resident Landlord represent that they have read this Addendum, understand the terms conditions contained herein, and agree to the terms conditions contained herein.

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated **December 1, 2014** by between **Maggie Pande Graham Pande Regina Pande** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 11** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303.**

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

11. **Barbeques:** The use or storage of a charcoal burner, liquid petroleum, gas fueled or any open flame cooking devices are prohibited in the Premises, including on any patio or balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.

13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.

14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.

15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.

16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.

17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.

18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.

19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed,** including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, **December 1, 2014**, by and between **Woodland Park** (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, **Maggie Pande Graham Pande Regina Pande** (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: **301 East O'Keefe Street #11, East Palo Alto, Ca 94303** in **Woodland Park** (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: _(Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   A. Resident shall vacate completely the entire Premises on or before the date specified in the required written **30-day** move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **December 1, 2014** between **Maggie Pande Graham Pande Regina Pande** and **Woodland Park** for the **Unit # 11** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

ACKNOWLEDGEMENT RE USE OF MEDICAL MARIJUANA

Resident acknowledges receipt and understanding of the attached policies concerning use of Medical Marijuana. If applicable, Resident agrees to complete the Addendum for any Resident, Occupant, invitee, or guest who requires a Medical Marijuana Accommodation. If the accommodation is not applicable, Resident is **not** required to complete the Addendum and it will remain solely as an informative section of the lease, not an Acknowledgment of any sort.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated December 1, 2014 between Maggie Pande Graham Pande Regina Pande ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #11, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   ii. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   iii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to Conservice 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

i. Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:

   a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of **$35.00**, which is a reasonable estimate of the costs incurred;
   b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.

ii. Resident's billing statement will include a monthly service charge of up to **$0.00**. A new account set up charge of **$0.00** final bill fee of **$0.00** will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon **sixty (60) days** written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.

8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated **December 1, 2014** by and between **Maggie Pande Graham Pande Regina Pande** and **Woodland Park** for **Unit # 11** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

PROTECTIONS AGAINST EVICTIO VITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

For legal advice or representation, you may contact Legal Aid Society of San Mateo County for an appointment at (650) 517-8911; or Community Legal Services in East Palo Alto at (650) 326-20740; or go to 1861 Bay Road, East Palo Alto.

I received a copy of this notice on **December 1, 2014**.

Any security deposit shall be held by the Landlord for Resident who is party to the Lease. The claim of a Resident to the security deposit shall be prior to the claim of any creditor for the Landlord. **(Civil Code Section 1950.5(d)).**

From the time of the Pre Move-Out Inspection until the termination of the tenancy, the Resident may remedy the deficiencies identified in a manner consistent with the rights obligations of the Parties under the Lease, in order to avoid deductions from the security deposit.

The law allows the Landlord to use the security deposit for legal deductions itemized in this statement that are not corrected by the Resident prior to the termination of tenancy or that were not identified during the time of the Pre Move-Out Inspection for damages to the Premises/Community. A final itemized statement will be provided to Resident.

PARKING RULES REGULATIONS

1. Each resident may only use the assigned parking space associated with that resident's lease and parking permit. Any vehicle parked in a parking space other than the assigned space is subject to immediate tow at the owner's expense. If you are not sure which space is yours, please ask the Management Office.
2. Every vehicle, including motorcycles, parked in an assigned **Woodland Park** parking space must have a visible, valid **Woodland Park** parking permit.
3. The **Woodland Park** Management Office at **5 Newell Court, East Palo Alto, CA 94303** issues parking permits. Generally, one parking permit will be issued for each assigned parking space. The make, model, color, and license plate number for each vehicle must be provided to obtain a parking permit.
4. The parking permit, including the permit identification number, must be fully visible at all times that the vehicle is parked at **Woodland Park**. Be sure not to cover the permit identification number.
5. If a resident's vehicle information changes or there are any other changes affecting the parking permit, the Management Office will reissue the parking permit. Upon reissue, the original parking permit will no longer be valid. All updated information must be provided to the Management Office.
6. If a parking permit must be reissued due to loss or theft, the resident will be charged a replacement fee for reissuance of the permit. Upon reissue, the original parking permit will no longer be valid. If the original parking permit is found in any vehicle parked at **Woodland Park**, that vehicle will be subject to immediate tow at the owner's expense. Reproduction or alteration of a parking permit is a direct violation of the Parking Rules. Any vehicle parked at **Woodland Park** with a reproduced or altered parking permit will be subject to immediate tow at the owner's expense.
7. No vehicle may be parked at any time in a fire lane, red zone, or any other area marked "NO PARKING." No vehicle may be parked so as to block any other parking space, sidewalk, driveway, or garage entrance. Any vehicle parked in violation of these rules is subject to immediate tow at the owner's expense.
8. Certain parking spaces are marked as guest or visitor parking spaces. Vehicles cannot be parked in guest or visitor spaces for more than 72 hours, unless the Management Office has provided prior written approval. An unapproved vehicle parked in a guest or visitor space for more than 72 hours is subject to immediate tow at the owner's expense. It is the resident's responsibility to advise guests and visitors of the Parking Rules.
9. Residents and their guests or visitors may park their vehicles in the parking spaces marked "**Woodland Park Management Office**" outside of Management Office hours; however, these vehicles must be moved during Management Office hours (signs are posted with the times). Any vehicle parked in the Management Office parking spaces during office hours are subject to immediate tow at the owner's expense.
10. Motorcycles must be parked in parking spaces. Motorcycles must affix the parking permit so that it is visible on the front area of the vehicle. Motorcycles may not be stored in units, on walkways, in courtyards, or on balconies. All parking rules and regulations apply to motorcycles.
11. All vehicles parked at **Woodland Park** must be in good operating condition and currently registered and licensed. Vehicles leaking any fluids will be subject to clean up fees. Any vehicle that is lacking any part or equipment necessary to operate safely, including without limitation, an engine, transmission, wheels, tires, doors, or windshield is subject to tow at the owner's expense. Management will attempt to provide 72 hours of notice before towing any such vehicle. Vehicle repair and maintenance in parking spaces and/or driveways is strictly prohibited.
12. Storage of personal property is not allowed in parking spaces. Management reserves the right to remove personal property left in parking spaces with no prior warning. Parking spaces and adjacent areas are to be neat and clean at all times.
13. Vehicles are not to be covered. Management will remove and discard covers.
14. Management is not responsible for theft or damage to any vehicle or personal property in the parking areas.
15. Boats, large trucks, RV's or trailers are not to be parked in the parking areas.
16. Bicycles must be parked in designated bicycle racks or inside a Resident's unit. Bicycles may not be stored or parked in common walkways or by the resident's front door.

Please remember to always lock your vehicle and never leave valuables in your car. Management is not responsible for loss or damage. Park at your own risk.

Initials: GP Initials: MP Initials: RP Initials:

IF YOUR VEHICLE IS TOWED...

You have rights if your vehicle gets towed. Please consult the California Vehicle Code to fully understand your rights, as this is only an overview the law may change at any time.

Generally, prior to paying any towing storage-related fees, you have the right to:

- Receive an itemized invoice of actual charges.
- Receive your personal property, at no charge, during normal business hours.
- Retrieve your vehicle during the first 72 hours of storage and not pay a lien fee.
- Request a copy of the Towing Fees and Access Notice.
- Pay by cash or valid bank credit card
- Inspect your vehicle or have your insurance carrier inspect your vehicle at the storage facility, at no charge, during normal business hours.

You generally have the right to have the vehicle released to you upon (1) payment of all towing and storage-related fees, (2) presentation of a valid photo identification, (3) presentation of reliable documentation showing that you are the owner of the vehicle or that the owner has authorized you to take possession of the vehicle, and (4), if applicable, presentation of any required police or law enforcement release documents.

If you do not pay the towing and/or storage-related fees or you abandon your vehicle at the towing company, the towing company may sell your vehicle and any money received will be applied to towing and storage-related fees that have accumulated against your vehicle. You are still responsible for paying the towing company any outstanding balance due on any of these fees once the sale is complete.

If your vehicle was damaged during storage or towing, the owner of the vehicle may recover for any damage to the vehicle resulting from any intentional or negligent act of a person causing the removal of, or removing, the vehicle.

If the towing company violates the law, you may be able to bring a lawsuit in court, generally in small claims court. The towing company may be civilly liable for damages up to two times the amount charged, not to exceed $500, and possibly more for certain violations.

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

i. A written notice stating that Resident has elected to exercise the Early Termination Option;
ii. An early termination option payment of **$3,000.00**;
iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
iv. Payment of rent and other amounts due through the new End Date.

When Landlord has (1) received the written notice and the Early Termination Option payment and (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least thirty days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience – the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the **4th** day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the **4th** day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the **4th** day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

disbursement of the security de[illegible]

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at 10% per year, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
    To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
    Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

R006 instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident **$5.00** for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device **$0.00** Key Fob **$0.00** Entry Gate Key **$50.00**

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carbon-

monoxide device without immediately replacing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

R008 pay rent during the time the P[illegible]ses are not available to Resident during the repairs [illegible]andlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

information from the California Envir ental Protection Agency's Office of Environmental H Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment of rent on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detailer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING**: Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS**: If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
   i. No more than two drying lines/racks may be in use at any one time.
   ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
   iii. Drying lines/racks must be free standing.
   iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
   v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
   vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
   vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
   viii. Drying lines/racks cannot interfere with the maintenance of the Community.
   ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

   If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

   The following terms shall apply:
   i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
   ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
   iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
   iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
   v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
   vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
   i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

ii. Resident should be aware that some units may be equipped with an HVAC heating system which operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.
iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.
iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.
v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.
vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
a. Orders for a permanent change of station; or
b. Orders to deploy for a period of at least 90 days.

Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

Resident covenants and agree(s):
i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

68. **SUBORDINATION:** This Lease shall without further act on the part of Resident, be subject to and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT:** This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
   i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
   ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
   iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES:** The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated November 18, 2011 between Candido Romero Maria Ramos ("Resident") and Woodland Park ("Landlord") for the Unit # 18 ("Premises") located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay $0.00 per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay $0.00 will be required to pay an additional pet deposit of $500.00.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined $50.00 per occurrence.
10. Animals shall not weigh over 30 pounds full grown. Animals under one (1) year of age are not permitted.
11. The number of pets per unit is limited to 1.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    - i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    - ii. All pets must be spayed/neutered.
    - iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    - iv. Birds shall not be let out of cages.
    - v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    - vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    - vii. Residents are not allowed to keep endangered species.
    - viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    - ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    - x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    - i. Spayed/Neutered requirement;
    - ii. Breed restriction;
    - iii. Age restriction;
    - iv. Weight restriction;
    - v. The number of assistive animals per unit shall be evaluated on case by case basis;
    - vi. Monthly pet rent;
    - vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the pet immediately if any of the following occurs:

R015

i. Payment of Pet Rent is delinq.
ii. The pet displays aggressive behavior
iii. Landlord perceives the pet to be dangerous or disruptive to premises, common areas, or Community, other residents, guest or employees.
iv. Upon thirty (30) day notice by either party to the other of intent to terminate this Addendum

20. Resident agrees to hold harmless and indemnify Landlord from all liability pertaining to animals on the property. Resident shall hold Landlord harmless and indemnify Landlord for any and all damages or costs in connection with pet.

Resident Landlord represent that they have read this Addendum, understand the terms conditions contained herein, and agree to the terms conditions contained herein.

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated **November 18, 2011** by between **Candido Romero Maria Ramos** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 18** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303.**

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

11. **Barbeques:** The use or storage of any charcoal burner, liquid petroleum, gas fueled or any other open flame cooking devices are prohibited in

R017
the Premises, including on any patio balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.

13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.

14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.

15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.

16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.

17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.

18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.

19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed**, including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

R020

PROTECTIONS AGAINST EVICTIC WITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

For legal advice or representation, you may contact Legal Aid Society of San Mateo County for an appointment at (650) 517-8911; or Community Legal Services in East Palo Alto at (650) 326-20740; or go to 1861 Bay Road, East Palo Alto.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated **November 18, 2011** by and between **Candido Romero Maria Ramos** and **Woodland Park** for **Unit # 18** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated November 18, 2011 between Candido Romero Maria Ramos ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #18, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   ii. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   iii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to Conservice 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

i. Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:

   a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of **$35.00**, which is a reasonable estimate of the costs incurred;

   b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.

ii. Resident's billing statement will include a monthly service charge of up to **$0.00**. A new account set up charge of **$0.00** final bill fee of **$0.00** will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon **sixty (60) days** written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.

8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **November 18, 2011** between **Candido Romero Maria Ramos** and **Woodland Park** for the **Unit # 18** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

ACKNOWLEDGEMENT RE USE OF MEDICAL MARIJUANA

Resident acknowledges receipt and understanding of the attached policies concerning use of Medical Marijuana. If applicable, Resident agrees to complete the Addendum for any Resident, Occupant, invitee, or guest who requires a Medical Marijuana Accommodation. If the accommodation is not applicable, Resident is **not** required to complete the Addendum and it will remain solely as an informative section of the lease, not an Acknowledgment of any sort.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, **November 18, 2011**, by and between **Woodland Park** (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, **Candido Romero Maria Ramos** (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: **301 East O'Keefe Street #18, East Palo Alto, Ca 94303** in **Woodland Park** (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: **$400.00** (Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   A. Resident shall vacate completely the entire Premises on or before the date specified in the required written **30-day** move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

Technician Notes: resident on vacation will call back when ready, she said 8/24/2024.

Resident rescheduled for 8/31/2024, notice was posted and sent.

8/31/2024, Resident advised that she was leaking and wanted to reschedule for another day.

Enrique/9/4/2024 I spoke to resident and she was upset because she states she wants brand new things not fixed, I advised her we wanted to take a look before we make the decision of replace or repair, she said someone came in and left already. I asked for description but no answer. Resident advised why do I keep calling her and she has no time during the week only weekends. we agreed for 9/21/2024 between 9am-11am and notice was posted on her door.

9/21/2024--Resident said she wasnt aware and she didn't want us going in. JUAN LOPEZ, TECHNCIAN

Technician Notes: resident on vacation will call back when ready, she said 8/24/2024.

Resident rescheduled for 8/31/2024, notice was posted and sent.

8/31/2024, Resident advised that she was leaking and wanted to reschedule for another day.

Enrique/9/4/2024 I spoke to resident and she was upset because she states she wants brand new things not fixed, I advised her we wanted to take a look before we make the decision of replace or repair, she said someone came in and left already. I asked for description but no answer. Resident advised why do I keep calling her and she has no time during the week only weekends. we agreed for 9/21/2024 between 9am-11am and notice was posted on her door.

9/21/2024--Resident said she wasnt aware and she didn't want us going in. JUAN LOPEZ, TECHNCIAN

[juan.lopez2@greystar.com 9/25/24, 11:02 AM]

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

i. A written notice stating that Resident has elected to exercise the Early Termination Option;
ii. An early termination option payment of **$3,000.00**;
iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
iv. Payment of rent and other amounts due through the new End Date.

When Landlord has (1) received written notice and the Early Termination Option payment and (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least thirty days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience – the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the **4th** day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the **4th** day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the **4th** day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

disbursement of the securit_ posit.

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at 10% per year, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

R005

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
    To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
    Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident **$5.00** for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device **$0.00** Key Fob **$0.00** Entry Gate Key **$50.00**

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carbon-

monoxide device without immedi[illegible] replacing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

pay rent during the time the premises are not available to Resident during the repairs if Landlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

information from the California E. onmental Protection Agency's Office of Environment. ealth Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detainer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING:** Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS:** If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
    i. No more than two drying lines/racks may be in use at any one time.
    ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
    iii. Drying lines/racks must be free standing.
    iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
    v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
    vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
    vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
    viii. Drying lines/racks cannot interfere with the maintenance of the Community.
    ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

    If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

    The following terms shall apply:
    i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
    ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
    iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
    iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
    v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
    vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
    i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

ii. Resident should be aware that some units may be equipped with an HVAC heating system which operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.
iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.
iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.
v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.
vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
a. Orders for a permanent change of station; or
b. Orders to deploy for a period of at least 90 days.

Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

Resident covenants and agree(s):
i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

68. **SUBORDINATION:** This Lease shall, without further act on the part of Resident, be subject and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT:** This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
    i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
    ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES:** The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated May 6, 2011 between Jorge Rodriguez Yolanda Rodriguez ("Resident") and Woodland Park ("Landlord") for the Unit # 2 ("Premises") located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay $0.00 per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay $0.00 will be required to pay an additional pet deposit of $500.00.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined $50.00 per occurrence.
10. Animals shall not weigh over 30 pounds full grown. Animals under one (1) year of age are not permitted.
11. The number of pets per unit is limited to 1.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    ii. All pets must be spayed/neutered.
    iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    iv. Birds shall not be let out of cages.
    v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    vii. Residents are not allowed to keep endangered species.
    viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    i. Spayed/Neutered requirement;
    ii. Breed restriction;
    iii. Age restriction;
    iv. Weight restriction;
    v. The number of assistive animals per unit shall be evaluated on case by case basis;
    vi. Monthly pet rent;
    vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the pet immediately if any of the following occurs:

R015

i. Payment of Pet Rent is delinquent
ii. The pet displays aggressive behavior
iii. Landlord perceives the pet to be dangerous or disruptive to premises, common areas, or Community, other residents, guest or employees.
iv. Upon thirty (30) day notice by either party to the other of intent to terminate this Addendum

20. Resident agrees to hold harmless and indemnify Landlord from all liability pertaining to animals on the property. Resident shall hold Landlord harmless and indemnify Landlord for any and all damages or costs in connection with pet.

Resident Landlord represent that they have read this Addendum, understand the terms conditions contained herein, and agree to the terms conditions contained herein.

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated **May 6, 2011** by between **Jorge Rodriguez Yolanda Rodriguez** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 2** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303.**

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

11. **Barbeques:** The use or storage of any charcoal burner, liquid petroleum, gas fueled or any other open flame cooking devices are prohibited in

the Premises, including on any patio or balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.
13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.
14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.
15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.
16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.
17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.
18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.
19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

rentprogram@cityofepa.org

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed**, including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

R020

PROTECTIONS AGAINST EVICTIONS WITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

For legal advice or representation, you may contact Legal Aid Society of San Mateo County for an appointment at (650) 517-8911; or Community Legal Services in East Palo Alto at (650) 326-20740; or go to 1861 Bay Road, East Palo Alto.

I received a copy of this notice on **May 6, 2011**.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated May 6, 2011 by and between Jorge Rodriguez Yolanda Rodriguez and Woodland Park for Unit # 2 located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated May 6, 2011 between Jorge Rodriguez Yolanda Rodriguez ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #2, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   ii. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   iii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to **Conservice** 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

- Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:
  a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of $35.00, which is a reasonable estimate of the costs incurred;
  b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.
- Resident's billing statement will include a monthly service charge of up to $0.00. A new account set up charge of $0.00 final bill fee of $0.00 will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon sixty (60) days written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.
8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

ACKNOWLEDGEMENT RE USE OF MEDICAL MARIJUANA

Resident acknowledges receipt and understanding of the attached policies concerning use of Medical Marijuana. If applicable, Resident agrees to complete the Addendum for any Resident, Occupant, invitee, or guest who requires a Medical Marijuana Accommodation. If the accommodation is not applicable, Resident is **not** required to complete the Addendum and it will remain solely as an informative section of the lease, not an Acknowledgment of any sort.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **May 6, 2011** between **Jorge Rodriguez Yolanda Rodriguez** and **Woodland Park** for the **Unit # 2** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, **May 6, 2011**, by and between **Woodland Park** (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, **Jorge Rodriguez Yolanda Rodriguez** (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: **301 East O'Keefe Street #2, East Palo Alto, Ca 94303** in **Woodland Park** (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: **$250.00** (Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   - A. Resident shall vacate completely the entire Premises on or before the date specified in the required written **30-day** move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   - B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   - C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   - D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   - E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   - F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   - G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   - H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

Any security deposit shall be held by the Landlord for Resident who is party to the Lease. The claim of a Resident to the security deposit shall be prior to the claim of any creditor for the Landlord. **(Civil Code Section 1950.5(d)).**

From the time of the Pre Move-Out Inspection until the termination of the tenancy, the Resident may remedy the deficiencies identified in a manner consistent with the rights obligations of the Parties under the Lease, in order to avoid deductions from the security deposit.

The law allows the Landlord to use the security deposit for legal deductions itemized in this statement that are not corrected by the Resident prior to the termination of tenancy or that were not identified during the time of the Pre Move-Out Inspection for damages to the Premises/Community. A final itemized statement will be provided to Resident.

PARKING RULES REGULATIONS

1. Each resident may only use the assigned parking space associated with that resident's lease and parking permit. Any vehicle parked in a parking space other than the assigned space is subject to immediate tow at the owner's expense. If you are not sure which space is yours, please ask the Management Office.
2. Every vehicle, including motorcycles, parked in an assigned **Woodland Park** parking space must have a visible, valid **Woodland Park** parking permit.
3. The **Woodland Park** Management Office at **5 Newell Court, East Palo Alto, CA 94303** issues parking permits. Generally, one parking permit will be issued for each assigned parking space. The make, model, color, and license plate number for each vehicle must be provided to obtain a parking permit.
4. The parking permit, including the permit identification number, must be fully visible at all times that the vehicle is parked at **Woodland Park**. Be sure not to cover the permit identification number.
5. If a resident's vehicle information changes or there are any other changes affecting the parking permit, the Management Office will reissue the parking permit. Upon reissue, the original parking permit will no longer be valid. All updated information must be provided to the Management Office.
6. If a parking permit must be reissued due to loss or theft, the resident will be charged a replacement fee for reissuance of the permit. Upon reissue, the original parking permit will no longer be valid. If the original parking permit is found in any vehicle parked at **Woodland Park**, that vehicle will be subject to immediate tow at the owner's expense. Reproduction or alteration of a parking permit is a direct violation of the Parking Rules. Any vehicle parked at **Woodland Park** with a reproduced or altered parking permit will be subject to immediate tow at the owner's expense.
7. No vehicle may be parked at any time in a fire lane, red zone, or any other area marked "NO PARKING." No vehicle may be parked so as to block any other parking space, sidewalk, driveway, or garage entrance. Any vehicle parked in violation of these rules is subject to immediate tow at the owner's expense.
8. Certain parking spaces are marked as guest or visitor parking spaces. Vehicles cannot be parked in guest or visitor spaces for more than 72 hours, unless the Management Office has provided prior written approval. An unapproved vehicle parked in a guest or visitor space for more than 72 hours is subject to immediate tow at the owner's expense. It is the resident's responsibility to advise guests and visitors of the Parking Rules.
9. Residents and their guests or visitors may park their vehicles in the parking spaces marked "**Woodland Park Management Office**" outside of Management Office hours; however, these vehicles must be moved during Management Office hours (signs are posted with the times). Any vehicle parked in the Management Office parking spaces during office hours are subject to immediate tow at the owner's expense.
10. Motorcycles must be parked in parking spaces. Motorcycles must affix the parking permit so that it is visible on the front area of the vehicle. Motorcycles may not be stored in units, on walkways, in courtyards, or on balconies. All parking rules and regulations apply to motorcycles.
11. All vehicles parked at **Woodland Park** must be in good operating condition and currently registered and licensed. Vehicles leaking any fluids will be subject to clean up fees. Any vehicle that is lacking any part or equipment necessary to operate safely, including without limitation, an engine, transmission, wheels, tires, doors, or windshield is subject to tow at the owner's expense. Management will attempt to provide 72 hours of notice before towing any such vehicle. Vehicle repair and maintenance in parking spaces and/or driveways is strictly prohibited.
12. Storage of personal property is not allowed in parking spaces. Management reserves the right to remove personal property left in parking spaces with no prior warning. Parking spaces and adjacent areas are to be neat and clean at all times.
13. Vehicles are not to be covered. Management will remove and discard covers.
14. Management is not responsible for theft or damage to any vehicle or personal property in the parking areas.
15. Boats, large trucks, RV's or trailers are not to be parked in the parking areas.
16. Bicycles must be parked in designated bicycle racks or inside a Resident's unit. Bicycles may not be stored or parked in common walkways or by the resident's front door.

Please remember to always lock your vehicle and never leave valuables in your car. Management is not responsible for loss or damage. Park at your own risk.

IF YOUR VEHICLE IS TOWED...

You have rights if your vehicle gets towed. Please consult the California Vehicle Code to fully understand your rights, as this is only an overview the law may change at any time.

Generally, prior to paying any towing storage-related fees, you have the right to:

- Receive an itemized invoice of actual charges.
- Receive your personal property, at no charge, during normal business hours.
- Retrieve your vehicle during the first 72 hours of storage and not pay a lien fee.
- Request a copy of the Towing Fees and Access Notice.
- Pay by cash or valid bank credit card
- Inspect your vehicle or have your insurance carrier inspect your vehicle at the storage facility, at no charge, during normal business hours.

You generally have the right to have the vehicle released to you upon (1) payment of all towing and storage-related fees, (2) presentation of a valid photo identification, (3) presentation of reliable documentation showing that you are the owner of the vehicle or that the owner has authorized you to take possession of the vehicle, and (4), if applicable, presentation of any required police or law enforcement release documents.

If you do not pay the towing and/or storage-related fees or you abandon your vehicle at the towing company, the towing company may sell your vehicle and any money received will be applied to towing and storage-related fees that have accumulated against your vehicle. You are still responsible for paying the towing company any outstanding balance due on any of these fees once the sale is complete.

If your vehicle was damaged during storage or towing, the owner of the vehicle may recover for any damage to the vehicle resulting from any intentional or negligent act of a person causing the removal of, or removing, the vehicle.

If the towing company violates the law, you may be able to bring a lawsuit in court, generally in small claims court. The towing company may be civilly liable for damages up to two times the amount charged, not to exceed $500, and possibly more for certain violations.

	❑ GARAGE	0	❑ STORAGE	0
	❑ CARD	2	❑ COMMON AREA	0

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

i. A written notice stating that Resident has elected to exercise the Early Termination Option;
ii. An early termination option payment of **$3,000.00**;
iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
iv. Payment of rent and other amounts due through the new End Date.

When Landlord has (1) received the R003 en notice and the Early Termination Option payme nd (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least **thirty** days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience – the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the **4th** day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the **4th** day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the **4th** day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

disbursement of the security dep

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at 10% per year, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

R005 instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident **$5.00** for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device **$0.00** Key Fob **$0.00** Entry Gate Key **$50.00**

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carbon-

information from the California Enviro ntal Protection Agency's Office of Environmental He Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment of rent on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detailer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING:** Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS:** If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
    i. No more than two drying lines/racks may be in use at any one time.
    ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
    iii. Drying lines/racks must be free standing.
    iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
    v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
    vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
    vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
    viii. Drying lines/racks cannot interfere with the maintenance of the Community.
    ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

    If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

    The following terms shall apply:
    i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
    ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
    iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
    iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
    v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
    vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
    i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

68. **SUBORDINATION:** This Lease shall, without further act on the part of Resident, be subject and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT:** This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
    i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
    ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES:** The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

1	Animal Addendum
2	Community Policies
3	Concession Agreement
5	Move-In/Move-Out Inspection Form
6	Notice of Ordinance at Commencement of Tenancy

ii. Resident should be aware that some units may be equipped with an HVAC heating system which operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.
iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.
iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.
v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.
vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
a. Orders for a permanent change of station; or
b. Orders to deploy for a period of at least 90 days.

Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

Resident covenants and agree(s):
i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

monoxide device without immediately replacing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

R041 pay rent during the time the Pr es are not available to Resident during the repairs ndlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
    To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
    Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

the Premises, including on any patio or balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.

13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.

14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.

15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.

16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.

17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.

18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.

19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated **May 19, 2011** between **Sione Mahoni Tania Raass** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 14** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay **$0.00** per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay **$0.00** will be required to pay an additional pet deposit of **$500.00**.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined **$50.00** per occurrence.
10. Animals shall not weigh over **30 pounds** full grown. Animals under **one (1) year** of age are not permitted.
11. The number of pets per unit is limited to **1**.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    - i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    - ii. All pets must be spayed/neutered.
    - iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    - iv. Birds shall not be let out of cages.
    - v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    - vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    - vii. Residents are not allowed to keep endangered species.
    - viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    - ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    - x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    - i. Spayed/Neutered requirement;
    - ii. Breed restriction;
    - iii. Age restriction;
    - iv. Weight restriction;
    - v. The number of assistive animals per unit shall be evaluated on case by case basis;
    - vi. Monthly pet rent;
    - vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the pet immediately if any of the following occurs:

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated **May 19, 2011** by between **Sione Mahoni Tania Raass** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 14** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303.**

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

11. **Barbeques:** The use or storage of any charcoal burner, liquid petroleum, gas fueled or any other open flame cooking devices are prohibited in

PROTECTIONS AGAINST EVICTION WITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed**, including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

i. Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:

   a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of **$35.00**, which is a reasonable estimate of the costs incurred;
   b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.

ii. Resident's billing statement will include a monthly service charge of up to **$0.00**. A new account set up charge of **$0.00** final bill fee of **$0.00** will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon **sixty (60) days** written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.

8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated **May 19, 2011** by and between **Sione Mahoni Tania Raass** and **Woodland Park** for **Unit # 14** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated May 19, 2011 between Sione Mahoni Tania Raass ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #14, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   i. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   ii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to Conservice 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

R024

ACKNOWLEDGEMENT RE USE OF MEDICAL MARIJUANA

Resident acknowledges receipt and understanding of the attached policies concerning use of Medical Marijuana. If applicable, Resident agrees to complete the Addendum for any Resident, Occupant, invitee, or guest who requires a Medical Marijuana Accommodation. If the accommodation is not applicable, Resident is **not** required to complete the Addendum and it will remain solely as an informative section of the lease, not an Acknowledgment of any sort.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **May 19, 2011** between **Sione Mahoni Tania Raass** and **Woodland Park** for the **Unit # 14** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

PARKING RULES REGULATIONS

1. Each resident may only use the assigned parking space associated with that resident's lease and parking permit. Any vehicle parked in a parking space other than the assigned space is subject to immediate tow at the owner's expense. If you are not sure which space is yours, please ask the Management Office.
2. Every vehicle, including motorcycles, parked in an assigned **Woodland Park** parking space must have a visible, valid **Woodland Park** parking permit.
3. The **Woodland Park** Management Office at **5 Newell Court, East Palo Alto, CA 94303** issues parking permits. Generally, one parking permit will be issued for each assigned parking space. The make, model, color, and license plate number for each vehicle must be provided to obtain a parking permit.
4. The parking permit, including the permit identification number, must be fully visible at all times that the vehicle is parked at **Woodland Park**. Be sure not to cover the permit identification number.
5. If a resident's vehicle information changes or there are any other changes affecting the parking permit, the Management Office will reissue the parking permit. Upon reissue, the original parking permit will no longer be valid. All updated information must be provided to the Management Office.
6. If a parking permit must be reissued due to loss or theft, the resident will be charged a replacement fee for reissuance of the permit. Upon reissue, the original parking permit will no longer be valid. If the original parking permit is found in any vehicle parked at **Woodland Park**, that vehicle will be subject to immediate tow at the owner's expense. Reproduction or alteration of a parking permit is a direct violation of the Parking Rules. Any vehicle parked at **Woodland Park** with a reproduced or altered parking permit will be subject to immediate tow at the owner's expense.
7. No vehicle may be parked at any time in a fire lane, red zone, or any other area marked "NO PARKING." No vehicle may be parked so as to block any other parking space, sidewalk, driveway, or garage entrance. Any vehicle parked in violation of these rules is subject to immediate tow at the owner's expense.
8. Certain parking spaces are marked as guest or visitor parking spaces. Vehicles cannot be parked in guest or visitor spaces for more than 72 hours, unless the Management Office has provided prior written approval. An unapproved vehicle parked in a guest or visitor space for more than 72 hours is subject to immediate tow at the owner's expense. It is the resident's responsibility to advise guests and visitors of the Parking Rules.
9. Residents and their guests or visitors may park their vehicles in the parking spaces marked "**Woodland Park Management Office**" outside of Management Office hours; however, these vehicles must be moved during Management Office hours (signs are posted with the times). Any vehicle parked in the Management Office parking spaces during office hours are subject to immediate tow at the owner's expense.
10. Motorcycles must be parked in parking spaces. Motorcycles must affix the parking permit so that it is visible on the front area of the vehicle. Motorcycles may not be stored in units, on walkways, in courtyards, or on balconies. All parking rules and regulations apply to motorcycles.
11. All vehicles parked at **Woodland Park** must be in good operating condition and currently registered and licensed. Vehicles leaking any fluids will be subject to clean up fees. Any vehicle that is lacking any part or equipment necessary to operate safely, including without limitation, an engine, transmission, wheels, tires, doors, or windshield is subject to tow at the owner's expense. Management will attempt to provide 72 hours of notice before towing any such vehicle. Vehicle repair and maintenance in parking spaces and/or driveways is strictly prohibited.
12. Storage of personal property is not allowed in parking spaces. Management reserves the right to remove personal property left in parking spaces with no prior warning. Parking spaces and adjacent areas are to be neat and clean at all times.
13. Vehicles are not to be covered. Management will remove and discard covers.
14. Management is not responsible for theft or damage to any vehicle or personal property in the parking areas.
15. Boats, large trucks, RV's or trailers are not to be parked in the parking areas.
16. Bicycles must be parked in designated bicycle racks or inside a Resident's unit. Bicycles may not be stored or parked in common walkways or by the resident's front door.

Please remember to always lock your vehicle and never leave valuables in your car. Management is not responsible for loss or damage. Park at your own risk.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, May 19, 2011, by and between Woodland Park (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, Sione Mahoni Tania Raass (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: 301 East O'Keefe Street #14, East Palo Alto, Ca 94303 in Woodland Park (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: $1,450.00 (Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   A. Resident shall vacate completely the entire Premises on or before the date specified in the required written 30-day move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

IF YOUR VEHICLE IS TOWED...

You have rights if your vehicle gets towed. Please consult the California Vehicle Code to fully understand your rights, as this is only an overview the law may change at any time.

Generally, prior to paying any towing storage-related fees, you have the right to:

- Receive an itemized invoice of actual charges.
- Receive your personal property, at no charge, during normal business hours.
- Retrieve your vehicle during the first 72 hours of storage and not pay a lien fee.
- Request a copy of the Towing Fees and Access Notice.
- Pay by cash or valid bank credit card
- Inspect your vehicle or have your insurance carrier inspect your vehicle at the storage facility, at no charge, during normal business hours.

You generally have the right to have the vehicle released to you upon (1) payment of all towing and storage-related fees, (2) presentation of a valid photo identification, (3) presentation of reliable documentation showing that you are the owner of the vehicle or that the owner has authorized you to take possession of the vehicle, and (4), if applicable, presentation of any required police or law enforcement release documents.

If you do not pay the towing and/or storage-related fees or you abandon your vehicle at the towing company, the towing company may sell your vehicle and any money received will be applied to towing and storage-related fees that have accumulated against your vehicle. You are still responsible for paying the towing company any outstanding balance due on any of these fees once the sale is complete.

If your vehicle was damaged during storage or towing, the owner of the vehicle may recover for any damage to the vehicle resulting from any intentional or negligent act of a person causing the removal of, or removing, the vehicle.

If the towing company violates the law, you may be able to bring a lawsuit in court, generally in small claims court. The towing company may be civilly liable for damages up to two times the amount charged, not to exceed $500, and possibly more for certain violations.

This Lease is entered into on the date signed, by and between the above-named parties (collectively, "Parties"). The party executing this Lease as the Landlord's Agent is acting as the managing agent for the owner of Woodland Park (the "Community"). Each person living in the Premises that is 18 years of age or older must sign the Lease as a resident. Each Resident states that they are of legal age to enter into a binding Lease for lodging. All others living in the Premises must be designated as Occupants. Each person signing the Lease is jointly and severally liable for all the various resident obligations under the Lease. Every individual resident, including all co-residents, is responsible for the entire rental amount and other obligations, even if, as roommates, individual residents have made arrangements among themselves to allocate the rent or other payments or obligations.

Landlord hereby leases and Resident hereby hires and takes the Premises for the term specified and subject to all of the terms and provisions set forth herein.

A. TERM OF LEASE

7. **INITIAL TERM:** The initial term of this Lease shall commence on the Start Date and end on the End Date as outlined in Section 3 and shall **automatically continue as a tenancy from month-to-month upon expiration of the initial term.**

8. **LEASE EXPIRATION:** Either party may terminate this Lease on the End Date or after the initial term by giving the other party at least **thirty (30) days'** written notice of its intention to terminate the tenancy, subject to California Civil Code sections 1946, et seq. In the absence of written notice of termination, or a new lease, after the expiration of the initial term, the tenancy shall become month-to-month subject to a rental increase and applicable fees as allowed under local and state law. Resident agrees to pay all rent up to and including the end of any **thirty (30) day** (or, as applicable, sixty (60) day) notice period (which may not occur before the end of the initial Lease term) or until the Premises are re-occupied, whichever occurs first.

9. **FAILURE TO VACATE AFTER NOTICE:** If Resident gives written notice to vacate the Premises and fails to completely vacate prior to the expiration of the notice, Landlord shall be entitled to commence legal proceedings to recover possession of the Premises and Resident shall be liable, unless otherwise prohibited by law, in addition to all other damages provided for under this Lease, for the daily rent based on a pro-ration of the monthly rent for each day Resident remains in the Premises. In addition, Landlord may collect costs for loss suffered from future resident losses, legal costs, lost rent, and other expenses, and any other amount allowed by law.

10. **OPTION FOR EARLY TERMINATION:** Resident is expected to remain a Resident for the entire initial term. If Resident fails to do so, Resident will be responsible to Landlord for all damages provided by law, including (but not limited to) rent due through the end of the initial term, minus rents paid by a replacement resident (if any). This amount will vary depending upon how long it takes Landlord to find a replacement resident which typically cannot be determined in advance of move-out.

    To avoid this uncertainty, Resident may choose to exercise an Early Termination Option. Resident understands and acknowledges that Landlord is not legally obligated to allow early termination of the Lease unless provided for pursuant to law. To exercise this option, Resident must deliver to Landlord:

    i. A written notice stating that Resident has elected to exercise the Early Termination Option;
    ii. An early termination option payment of **$3,000.00**;
    iii. An executed agreement for repayment of concessions received prior to the early termination (if applicable, see Concession Addendum); and
    iv. Payment of rent and other amounts due through the new End Date.

R003
When Landlord has (1) received the written notice and the Early Termination Option payment, and (2) signed the notice, the End Date will be amended. The new End Date will be the date specified in the notice which must be at least **thirty** days after the written election and payment are given to Landlord. Exercise of the Early Termination Option will affect only Resident's rent obligations after the new End Date. Resident must comply with all other Lease obligations.

The notice will not move the End Date forward if:

i. Resident is in default under the Lease at the time that Resident gives notice of Resident's exercise of the option;
ii. Resident provides the notice unaccompanied by the Early Termination Option payment; or
iii. Resident does not properly exercise the Early Termination Option by following the procedures specified above, but vacates the Premises before the End Date specified in the Lease.

11. **EARLY TERMINATION:** In the event Resident vacates the Premises before the End Date, and fails to exercise the Early Termination Option as specified above. Resident shall be liable for all rent owed for the remainder of the initial term minus amounts paid by a replacement resident (if any), plus any other amounts as specified by law.

12. **DELAY OF POSSESSION:** If the Landlord, for any reason, cannot deliver the possession of the Premises to Resident at the Move-In Date, this Lease shall not be void or voidable, nor shall Landlord be liable to Resident for any loss or damages resulting therefrom; but in that event there shall be a per diem deduction of rent covering the period between the Move-In Date and the time when Landlord can deliver possession.

13. **FAILURE TO MAKE PAYMENTS PRIOR TO COMMENCEMENT:** If Resident fails to make any payment due prior to the Start Date of Lease shown in Section 3, Landlord has no duty to provide possession of the Premises, and Landlord may apply any and all previously made payments to amounts due to Landlord.

B. PAYMENTS, DEPOSITS, AND FEES

14. **MONTHLY RENT PAYMENT:** The total rent is set forth in Section 4.
    i. All rent payments are due in advance on or before the 1st day of each month. It is Resident's responsibility to be certain that each payment is actually received by Landlord on or before its due date. Use of a rental payment drop box is for Resident's convenience -- the risk of receipt of funds by Landlord when such box is used is Resident's risk, and not Landlord's risk. If any rent payment is made late, it will be subject to all applicable charges and may be rejected by Landlord.
    ii. Initial payment due for move in must be made in the form of a cashier's check. Except as otherwise provided, all subsequent rent payments shall be made by check, cashier's check, money order, or through the online payment portal. No cash or post-dated checks will be accepted.
    iii. Payments must be made payable to **Woodland Park** and may be personally delivered to the Business Manager, Assistant Business Manager or Sales Associate at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. On non-holidays, the business hours, which remain subject to change, when rent payments may be made personally are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
    iv. Unless Resident notifies Landlord otherwise by written notation on the rent payment, Landlord shall apply all of the payments made in the order of priority Landlord determines. Landlord reserves the right at any time to change payment procedures and policies.
    v. If Resident makes any payment by check, it may be converted into an electronic funds transfer ("EFT"). This means Landlord will copy the check and use the account information on it to electronically debit Resident's account for the amount of the check. The debit from Resident's account will usually occur within 24 hours, and may occur as early as the same day as Landlord receives payment. The debit will be shown on Resident's regular account statement. Resident will not receive the original check back. Landlord will destroy the original check, but will keep a copy of it to the extent required by applicable laws. If the EFT cannot be processed for technical reasons, Resident authorizes Landlord to process the copy in place of the original check. If the EFT cannot be completed because of insufficient funds, Landlord may require payment in certified funds as required below.
    vi. If the Start Date occurs on other than the first day of a calendar month or the End Date occurs on other than the last day of a calendar month, then the rent for that month shall be prorated on a daily basis.

15. **LATE CHARGE AND NSF CHARGE:** Landlord and Resident agree that when Resident fails to pay rent on time, or when Resident pays rent by a check which payment is subsequently dishonored by the bank, the actual cost to Landlord is difficult or impossible to ascertain, but the Parties agree that Landlord does, in the event of late payment or in the event of a dishonored check, incur certain costs, including without limitation, communication with Resident, additional bookkeeping and administrative charges, bank charges, and lost opportunity costs of the late payment. After making a reasonable endeavor to estimate accurately the approximate costs associated with such a breach, which the Parties agree is difficult or impossible to ascertain, the Parties agree that, any time the rent for any given month is paid after the **4th** day of such month, Resident will in that month pay to Landlord, as additional rent due with the late payment, a late charge in the sum of **$35.00** and further agree that, in the event of a dishonored check, Resident will pay to Landlord, as additional rent due with the payment required to replace the dishonored check, an NSF fee in the sum of **$25.00**. The Parties agree that the payment of these sums does not constitute a license to pay rent late nor does it constitute a license to pay by dishonored check. Rent remains due on the first day of the month and there is no grace period for the payment of rent. A three-day notice to pay rent or quit may be served at any time after the first day of the month irrespective of the existence of the late charges as set forth in this section. If such notice is served after the **4th** day of the month, it may include the late charge and NSF charge, if applicable, which charges, as set forth above, are payable as additional rent. Furthermore, if Resident does not pay by the end of the **4th** day of the month, Resident may only pay by cashier's check or electronic payment (if offered). Landlord will not accept a personal check after the **4th** day of the month, or in response to a notice to pay rent or quit, or a notice to perform covenant or quit requiring payment. Landlord may terminate this Lease for failure to pay late charges and may terminate this Lease for non-payment of rent. If Resident gives Landlord two payments that are returned for nonpayment during the term of this Lease, then the future rent shall be payable by cashier's check for the remainder of the term.

16. **SECURITY DEPOSIT:**
    i. Resident shall pay to Landlord, as security, the amount set forth in Section 5, which sum shall not exceed the maximum permitted by California Civil Code Section 1950.5. This sum shall be applied and accounted for in accordance with the provisions of California Civil Code Section 1950.5 and any other applicable statutes. Landlord shall not be obligated to pay Resident interest in connection with such security deposit, unless specifically required by applicable law.
    ii. It is understood that the security deposit is applicable to all Residents jointly, and Landlord does not account for it until the passing of the permissible statutory period after all Residents have vacated the Premises. Any refund due may be made payable jointly to all Residents and it shall be the responsibility of all Residents to work out between themselves the manner of dividing said security deposit. If Landlord chooses to make the refund to any one of the Residents individually, in legal contemplation the payment shall be deemed to have been made to all Residents and Landlord shall have no liability to any one or group of Residents for failure of any Resident to divide such refund equitably.
    iii. If the security deposit is later increased by agreement of the Parties for any reason (such as the installation of a waterbed or relating to a pet), the additional security deposit will be disbursed by Landlord in accordance with this section at the end of the statutory period following the end of Resident's tenancy. Removal of the waterbed or pet, or whatever caused the increase in the deposit, will not be grounds for early

disbursement of the security dep...

C. RESIDENT DEFAULT

17. **DEFAULT BY RESIDENT:** Resident shall be guilty of material breach of this Lease if Resident: (a) fails to pay any rent or other sums payable under this Lease on the date it becomes due; (b) defaults in the performance of or breach of any other provision, term, covenant or condition of this Lease; (c) vacates or abandons the Premises before expiration of the full term of this Lease, or any extension of the term; (d) permits the leasehold interest of Resident to be levied upon or attached by process of law; or (e) makes an assignment for the benefit of creditors.

18. **REMEDIES:** Upon the occurrence of any default by Resident, Landlord may exercise any right or remedy which Landlord may have at law or in equity, each and all of which are cumulative and nonexclusive. This may include giving Resident notice to correct or cure such default, taking action to recover possession of the Premises via the eviction process or otherwise, and/or terminating the Lease, all in accordance with applicable law. Additionally, Landlord shall be entitled to recover from Resident all damages incurred by Landlord by reason of Resident's default. Without limitation on the foregoing, upon the occurrence of any event of default by Resident, Landlord shall have the option to pursue any one or more of the following remedies, each and all of which shall be cumulative and nonexclusive:
    i. Terminate this Lease and Resident's right to possession of the Premises and recover from Resident all damages allowed at law or in equity, including those allowed under Civil Code Section 1951.2 including:
        a. The worth at the time of award of the unpaid rent which had been earned at time of termination;
        b. The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Resident proves could have been reasonably avoided;
        c. Subject to subsection (iii), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Resident proves could be reasonably avoided; and
        d. Any other amount necessary to compensate the Landlord for all the detriment proximately caused by the Resident's failure to perform Resident's obligations under the Lease or which in the ordinary course of things would be likely to result therefrom.
    ii. The "worth at the time of award" of the amounts referred to in paragraphs (a) and (b) of subsection (i) is computed by allowing interest at 10% per year, but no greater than the maximum interest rate permitted by law. The worth at the time of award of the amount referred to in paragraph c of subsection (i) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.
    iii. Landlord may recover damages that include the worth at the time of award of the amount by which the unpaid rent of the balance of the term after the time of award, exceeds the amount of rental loss for the same period Resident proves could be reasonably avoided.
    iv. Efforts by the Landlord to mitigate the damages caused by the Resident's breach of the Lease do not waive the Landlord's rights to recover damages under this section.
    v. Nothing in this section affects the right of the Landlord under a Lease to indemnification for liability arising prior to the termination of the Lease for personal injuries or property damage where the Lease provides for such indemnification.
    vi. Landlord has the remedy described in California Civil Code Section 1951.4 (Landlord may continue Lease in effect after Resident's breach and abandonment and recover rent as it becomes due, if Resident has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Resident, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies under this Lease, including the right to recover all rent as it becomes due.

19. **DAMAGE BY RESIDENT:** If any damage or destruction to the Premises, building, or Community is caused by Resident, Occupants, guests or invitees, such damage shall be considered a breach of Lease. Resident further agrees to pay rent for the period the Premises is damaged whether or not habitable, if such damage is caused by Resident, Occupants, guests or invitees. Any such damage or destruction of the Premises caused by Resident, Occupants, guests or invitees constitutes grounds for termination of the Lease; additionally, such actions will not create any right of rent reduction. Resident shall pay for any expenses, including the costs of repairing such damage or destruction.

20. **RESIDENT INFORMATION:** If Resident has supplied information to Landlord by means of a rental application or similar instrument, Landlord has relied upon the statements set forth in said application or instrument in deciding to rent the Premises to Resident. Resident covenants that all such information is accurate and was given voluntarily and knowingly by Resident. It is agreed that, if Landlord subsequently discovers any misstatements of fact in the application or instrument, any such misstatements shall be deemed a material breach of this Lease. In the event that Resident submits information to verify Resident's income, Resident hereby certifies the accuracy of such information and further agrees that accurate information regarding family income, family composition and any other related eligibility requirements shall be deemed substantial and material obligations of Resident's tenancy; that Resident will comply with all requests for information with respect thereto from Landlord or any mortgagee; that Resident's failure to provide accurate information shall be a default by Resident, which shall entitle Landlord to pursue all rights and remedies set forth in the **"DEFAULT BY RESIDENT"** section or otherwise permitted by law, and that Resident's failure to furnish accurate and current information could subject Resident to civil liability.

21. **COMPLIANCE WITH APPLICABLE LAWS:** Resident agrees not to engage in or permit unlawful activities in the Premises, in the common areas or on the grounds of the Community or permit the Premises or Community to be used for any purpose which violates local, state or federal law. Resident, Occupants, guests or invitees and any other person under Resident's control shall not engage in or facilitate in criminal activity, including drug-related criminal activity, on or near the Premises. "Drug-related criminal activity" means illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use a controlled substance (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)). Resident, Occupants, guests or invitees or other person under Resident's control shall not engage in any act of violence or threats of violence, including, but not limited to, the unlawful discharge of firearms, on or near the Premises. Resident agrees to reimburse and indemnify Landlord for all fines or other penalties incurred by Landlord as a result of Resident's violation of any statute, ordinance, regulation or other governmental restriction. This provision constitutes written notice to cease any breach of this section, including, without limitation, being so disorderly as to destroy the peace, quiet, comfort, or safety of the Landlord or other tenants of the building or Community or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property. Such disorderly conduct includes violations of state and federal criminal law that destroy the peace, quiet, comfort, or safety of the landlord or other tenants of the building or Community containing the rental unit, or, where the Premises are a single-family dwelling, the peace, quiet, comfort or safety of the owner or residents of an adjacent property.

22. **COMPLIANCE WITH POLICIES:** If indicated on the last page of this Lease with respect to Attachments/Addenda, Resident acknowledges receipt of a copy of the Community Policies, which Community Policies are incorporated into and made a part of this Lease, Resident agrees to abide by said Community Policies in all respects. Any Community Policies may be changed with thirty days' notice and Resident agrees to abide by any such changes. Failure to comply with the Community Policies shall be deemed a breach of this Lease.

D. PREMISES:

23. **CONDITION OF PREMISES:** Resident has inspected the Premises and acknowledges that the Premises are in good and habitable order and repair with all appliances and equipment in good working order at the time Resident is given occupancy. Resident also agrees that Landlord has made no promise to decorate, alter, repair or improve the Premises, except as listed on the Move In/Move Out Inspection Form.

24. **RESTRICTIONS ON ALTERATIONS:** Without the prior written consent of Landlord, Resident agrees not to make any alterations or improvements to the Premises, including, without limitation (i) changing or removing any part of the appliances, fixtures, or equipment; (ii) painting, installing wallpaper, or adhering contact paper; (iii) installing appliances including washing machines, dishwashers, dryers, fans, heaters, or air conditioners; or (iv) adding window coverings, foil draperies, or non-standard window coverings. In no event can any personal property, alterations, or improvements block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment. All additions, fixtures and improvements shall be Landlord's property and shall remain upon the Premises after the termination of the Lease unless Landlord, as a condition to allowing Resident to make such alteration, requires that the Premises be restored to the condition existing prior to such alteration or addition.

25. **MAINTENANCE:** Resident is responsible to notify Landlord in writing, delivered personally or submitted online (except in the event of an emergency, in which case by telephone), if maintenance issues arise in or around the Premises. Maintenance requests will be handled after office hours only in an emergency. The on-duty maintenance associate will determine the appropriate course of action. Resident shall replace light bulbs and replace broken, damaged, or missing articles that Landlord has furnished.
    To maintain the Premises, Resident agrees to:
    i. Keep the Premises clean.
    ii. Use all appliances, fixtures, and equipment in a safe manner and only for the purposes for which they are intended.
    iii. Refrain from destroying, defacing, damaging or removing any part of the Premises, common areas, Community or grounds.
    iv. Refrain from making any repairs without Landlord's prior written consent.
    v. Maintain a minimum of 50 degrees inside the Premises at all times to prevent water lines from freezing during winter months.
    vi. Dispose of all garbage, waste and recyclable materials in designated containers and/or designated areas and in accordance with applicable law and Landlord's instructions. Large items may not be disposed of in garbage containers or common areas.
    vii. Keep all ingress and egress routes clear and unobstructed and at all times.
    viii. Practice safe use of electrical cords, outlets, and appliances.

26. **DUTY TO CLEAN AND VENTILATE:** Resident hereby acknowledges that mold and mildew can grow in the Premises if the Premises are not properly ventilated and maintained. Resident acknowledges that it is important that Resident regularly allow air to circulate in the Premises. Resident agrees to regularly allow air to circulate in the Premises by using bathroom fan(s), using ceiling fans, where available, and regularly opening the windows and/or sliding doors where available. Since it is common for mold and mildew to grow even if a small amount of moisture builds up, Resident agrees to regularly wipe down areas where moisture sometimes accumulates and clean all toilets, sinks, countertops, bathroom walls, windows, windowsills, patio doors, showers, bathtubs and tile or linoleum floors with a household cleaner on at least a bi-weekly basis. Resident further agrees to notify Landlord immediately whenever Resident learns of any condition which could lead to a build-up of moisture in the Premises, including, but not limited to plumbing leaks, broken window or door seals, accumulation of rainwater or other moisture around windows or doors, broken water lines or sprinklers, inoperable fans, doors, or windows, and any failure or malfunction in the heating, ventilation, or air-conditioning system, if any, in the Premises, storage room, garage, or common area. If Resident notices mold, mildew, or other organic growth in the Premises, Resident agrees to notify Landlord, in writing, immediately. Resident agrees to take the following steps to prevent the growth of mildew, mold, and organic growth in the Premises:
    i. In damp or rainy weather, keep windows and doors closed.
    ii. If possible, maintain a temperature of between 50° and 80° Fahrenheit within the Premises at all times.
    iii. Use the pre-installed bathroom fan or alternative ventilation when bathing or showering and allow the fan to run until all excess moisture has vented from the bathroom.
    iv. Use the exhaust fan in the kitchen when cooking or while the dishwasher is running. Allow the fan to run until all excess moisture has vented from the kitchen.
    v. Use care when watering houseplants. If spills occur, dry up excess water immediately.
    vi. When washing clothes in warm or hot water, watch to make sure condensation does not build up within the washer and dryer closet. If condensation does accumulate, dry with a fan or towel.
    vii. Thoroughly dry any spills on carpeting.
    viii. Do not allow damp or moist stacks of clothes or other cloth materials to lie in piles for an extended period of time.
    ix. Do not overfill closets or storage areas to allow for proper ventilation.
    x. Do not overfill the Premises or block with personal property ventilation from fans, windows, or doors.
    xi. Vacuum and dust the Premises on a regular basis to remove household dirt and debris that contribute to mold growth.
    Any failure to comply with the requirements of this section shall be deemed a material breach of this Lease. In addition, Resident shall be liable to Landlord for any damage resulting from Resident's failure to comply with the requirements of this section.

27. **PESTS AND PEST CONTROL:**
    i. The Premises and/or the common areas may be covered by a contract for periodic pest control by a registered structural pest control company. If so, pursuant to applicable law, concurrently with signing this Lease, Resident is being provided with a copy of the legally required notice provided by the registered pest control company under Business and Professions Code §8538 and California Civil Code §1940.8. Resident accepts all risks and hazards associated with chemicals used on the Premises that are stated in the notice attached to this Lease.
    ii. Resident and Landlord have inspected the Premises prior to leasing and acknowledge there is no visible evidence of the presence or infestation of insects or vermin, including bedbugs, in the Premises. Resident agrees to inspect all personal belongings for signs of bedbugs or other insects or vermin prior to bringing personal belongings into the apartment and further agrees not to bring into the Premises any belongings which Resident suspects may be infested with bedbugs, insects, or other vermin.
    iii. Resident agrees to maintain the Premises in a manner that prevents the occurrence of an infestation of insects and vermin, including bedbugs, and comply with policies relating to the prevention of infestations. Resident further agrees to report any signs of bedbugs, ants, fleas, roaches, or other insects or vermin immediately to Landlord.
    iv. If Resident allows individuals or items carrying bedbugs, fleas, roaches, or other insects or vermin into the Premises, or has an infestation that cannot be traced to another source, such infestation will be deemed damage to the Premises and Resident will be responsible for all costs of treatment to the Premises, Resident's personal belongings, and neighboring units as necessary to eradicate the infestation. Resident will also be responsible for any damages caused to the Premises or to any of Resident's personal property, including without limitation furniture, clothing, and personal belongings, caused by pests or the treatment of pests. The choice of treatment shall be at the discretion of Landlord in consultation with Landlord's pest control vendor, if any.
    v. Resident agrees to cooperate with all pest control efforts at and within the Premises and the Community. Resident shall follow all

instructions from Landlord and/or Landlord's pest control vendor, if any, with respect to treatment and eradication of pests, whether infestation is within the Premises, a neighboring unit, or elsewhere in the Community. The Premises must be properly prepared for any treatment. Resident acknowledges that preparations for treatments can be time consuming and difficult. Resident nonetheless agrees to fully prepare the Premises in a timely manner at its own cost and expense for the treatment and eradication of pests until the pest infestation is fully abated. Resident further agrees to coordinate the cleaning and/or disposal of Resident's personal property with the treatment being performed, so as to protect against a re-infestation of any pests. Resident agrees to follow the recommended readiness procedures, including allowing full access for treatment(s). Resident agrees that the choice of pest control vendors, if any, and the implementation of a treatment plan, including the application of pesticides, is exclusively that of Landlord. Resident agrees not to treat the Premises, building, or Community with pesticides without the written authorization of Landlord.

vi. Resident is required to report, in writing, any suspected infestations to Landlord immediately after discovery. Resident shall report any signs of any infestations, including, but not limited to any household member experiencing any bites, seeing any insects or vermin within the Premises, or seeing any feces or other detritus relating to insects.

vii. Resident represents to Landlord that Resident is not aware that bed bugs were present in Resident's last residence and that if bed bugs were present in any of their furniture, clothing, or other personal property, the bed bugs have been eradicated. Resident agrees that this representation to Landlord is a material inducement to Landlord leasing the Premises to Resident.

28. **KEYS, LOCKS, AND ACCESS DEVICES:**

i. **Keys and Locks:** Resident agrees not to change or add any locks or gates on any doors or windows to the Premises without prior written consent of Landlord. If Landlord, in its sole discretion, approves a request to install locks, Resident agrees to immediately provide Landlord with a key for each lock. On or before the end of the term, Resident agrees to return all keys to the Premises to Landlord. Landlord may charge Resident **$5.00** for each key that is lost or not returned.

ii. **Access:** Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security device. Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges. It is understood that Landlord is not responsible for providing access to the Premises after office hours. Resident is responsible for contacting a locksmith, at Resident's expense, to gain access to the Premises in the event of lockout. If Resident has called a locksmith, Landlord must be notified and then change locks at Resident's expense.

iii. **Access Devices:** If Resident has received gate cards, fitness, restroom and/or entry gate keys as indicated in Section 6 of this Lease, Resident understands that if any of these items are lost or not returned upon move out, that the following fees will apply: Gate Access Device **$0.00** Key Fob **$0.00** Entry Gate Key **$50.00**

29. **LOCATION:** Upon reasonable notice, Landlord shall have the right to transfer Resident to another unit that is comparable to the Premises, upon which transfer the other unit shall automatically become the Premises under this Lease, which shall remain in full force and effect. Resident acknowledges and agrees that such comparable unit shall be deemed to provide the same housing services as the original Premises and that such transfer is not an eviction.

30. **CONDITION UPON TERMINATION.** Upon termination of the Lease, or the termination of Resident's right to occupy the Premises, Resident shall deliver all keys, access cards, and remotes to Landlord and move out of the Premises, leaving them in substantially the same clean, undamaged, and ready-to-rent condition as existed on the Start Date, less ordinary wear and tear. If the Premises are not returned in such condition, Landlord may charge Resident for the costs to repair any damage and to put the Premises back in the condition they were in upon the Start Date, less ordinary wear and tear. Resident is responsible for replacement of any damaged or missing items and for payment of all costs to clean or repair any portion of the Premises, carpeting, flooring, wall coverings, paint, counters, trim, window treatment, doors, windows, or appliances which are damaged, dirty, or unsanitary. Cleaning and repair of any damage due to smoking of any kind is not considered ordinary wear and tear. Resident is responsible for removing all trash and other items of personal property from the Premises. Failure to do so will constitute a condition that exceeds ordinary wear and tear. Resident will not be considered as having moved out, vacated and surrendered possession of the Premises until Resident has removed all personal belongings from the Premises and returned all keys, access cards and remotes. If Resident moves out and fails to return all keys, access cards and remotes, Resident agrees that the move-out date shall be determined by Landlord in Landlord's reasonable judgment and that Resident will be charged for any missing keys, access cards and remotes. If Resident leaves personal property in the Premises after move-out or if Resident places personal property in areas of the Community not designated for Resident's exclusive use, Landlord can determine that such property has been abandoned and can take steps to remove or dispose of the property consistent with applicable laws.

31. **ENTRY:** Landlord has the right to enter the Premises as allowed by law, including, without limitation, in case of emergency, to make desired, necessary or agreed repairs, decorations, alterations, renovations, or improvements, to supply necessary or agreed services, to test smoke detectors, to exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors, or for any other purposes permitted by California Civil Code section 1954 (and any other applicable statutes or amendments which might be enacted subsequent to the execution of this Lease). Landlord also has the right to enter the Premises in order to make an inspection pursuant to subdivision (f) of Civil Code section 1950.5 when Resident has abandoned or surrendered the Premises and pursuant to court order. Resident agrees that if Resident denies Landlord access to the Premises when Landlord is in compliance with statutory requirements and entitled to access, any such denial of access shall be deemed a material breach of this Lease. The Parties agree that 24 hours' notice is presumed reasonable, although the Parties acknowledge that a shorter time period may also be reasonable under some circumstances. Landlord will serve Resident with written notice before entry unless:

i. Entry is due to an emergency, surrender or abandonment of the Premises, or

ii. Resident and Landlord agree orally to an entry to make agreed repairs or supply agreed services at an approximate day and time within one week of the oral agreement, or

iii. Resident is present and consents to entry at the time of entry, or

iv. To exhibit the Premises to prospective or actual purchasers of the property, provided that Landlord has notified Resident in writing within 120 days of the oral notice that the property is for sale and that Resident may be contacted to allow for an inspection.

32. **SMOKE DETECTORS:** The Premises have been equipped with smoke detectors. The smoke detectors have been tested prior to Resident's move in to ensure they are operational. Resident agrees not to interfere with the presence or operability of any smoke detector and to report immediately to Landlord, in writing, any defects in the condition of any smoke detectors. Resident agrees that if a smoke detector is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a smoke detector without immediately replacing the battery with a new one.

33. **CARBON-MONOXIDE DEVICES:** If a carbon-monoxide device has been installed within the Premises, Resident acknowledges that the carbon-monoxide device was operable at the time Resident took possession of the Premises. Resident is responsible for notifying Landlord if Resident becomes aware of an inoperable or deficient carbon-monoxide device within the Premises. Landlord shall correct any reported deficiencies or inoperability's in the carbon-monoxide device. Resident further agrees that, if the carbon-monoxide device is battery operated, pursuant to California Civil Code Section 1942.1, as part of the consideration of the rental, Resident assumes responsibility to: (a) ensure the battery is in operating condition at all times; and (b) replace the battery as needed. Under no circumstances shall Resident remove the battery of a carbon-

monoxide device without immediately placing the battery with a new one.

34. **SATELLITE DISHES:** If satellite dishes are allowed in the Community they must be one meter or less in size and may not be affixed to the patio or balcony of the Premises. Resident is specifically prohibited from making physical modifications to the Premises and is prohibited from installing said satellite dish in the common areas of the Community, including, but not limited to, outside walls, roofs, window sills, common balconies or stairways. Resident will be responsible for damages caused by the satellite dish, including the cost of removal if in any violation of any satellite guidelines. Resident shall install, use, maintain and remove a satellite dish in a manner which is consistent with industry standards and shall be liable for any damage or injury sustained as a result of the negligent installation, maintenance, use or removal of said satellite dish. Allowable locations may not provide an optimal signal or any signal at all.

35. **WATERBEDS AND AQUARIUMS:** Waterbeds and water tanks holding 30 or more gallons may only be installed in the Premises with prior written consent from Landlord. Prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage must be obtained. The policy shall be issued by a company licensed to do business in California and possessing a Best's Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the waterbed/water tank is permanently removed from the Premises. The policy shall be written for no less than **one hundred thousand dollars ($100,000.00)** of coverage. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the Landlord or other residents caused by or arising out of the ownership, maintenance, use, or removal of the waterbed/water tank, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. Landlord may require Resident to produce evidence of insurance at any time. The insurance carrier shall give Landlord notice of cancellation or non-renewal 10 days prior to this action. The waterbed/tank shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the Premises. The weight shall be distributed on a pedestal or frame which is equivalent to the dimensions of the mattress itself. Resident shall install, maintain and remove the waterbed/tank, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. Resident shall notify Landlord in writing of the intent to install, remove, or move the waterbed/tank. The notice shall be delivered at least 24 hours prior to the installation, removal, or movement. The Landlord has the right to be present at the time of installation, removal, or movement. If the waterbed/water tank is installed or moved by any person other than Resident, Resident shall deliver to Landlord a written installation receipt stating the installer's name, address, and business affiliation.

E. LIMITATION ON LIABILITY:

36. **LIABILITY:** Landlord shall not be liable to Resident, Occupants, or to any guests or invitees of Resident for any damage or losses to person or property arising from any cause including, but not limited to, theft, burglary, assault, vandalism, fire, flood, water leaks, rain, hail, ice, snow, smoke, lightning, wind, explosion, interruption of utilities, earthquake, or any other condition over which the Landlord has no control. To the extent allowed by law, Resident agrees to assume all risk of harm, and waive all claims against Landlord, resulting from use of common area amenities. To the extent allowed by law, use of the common area amenities is at the sole risk of Resident, Occupants, guests or invitees.

37. **INDEMNITY/HOLD HARMLESS:** Resident and Occupants agree to indemnify and hold Landlord harmless, from any claims arising out of any death or injury to any person, or any damage to property, if such injury or damage is caused directly or indirectly by the act, omission, negligence, or fault of Resident, Occupants, or Resident's guests or invitee(s).

38. **HOUSING SERVICES:** The furnishing by Landlord to Resident of any storage space, use of laundry, electronic access controls and gates, or any other common area facilities outside the Premises shall be deemed to be furnished gratuitously and Landlord makes no representations or guarantees as to the availability, adequacy, or fitness of such space, service, or facilities. Resident acknowledges that Landlord will not provide lifeguard service at swimming facilities, if any, and Resident agrees to take adequate and reasonable care in use of all recreational facilities to ensure the safety of Resident, Occupants, guests or invitees. All guests and invitees must be accompanied by a Resident or Occupant to use recreational facilities and amenities. Resident, Occupants, guests, and invitees shall comply with all signs posted by Landlord in and around the common areas and Community. Landlord may ban any Resident, Occupant, guest or invitee from using any amenity at the Community if such persons fail to abide by posted signs or rules relating to those areas and Resident shall not be entitled to any rent reduction or offset if the loss of amenity privileges is the result of the conduct of Resident, Occupants, guests or invitees. Landlord makes no representations, warranties or guarantees express or implied, regarding the presence or quality of reception of electronic communication or information retrieving devices within the Premises or Community.

39. **EMINENT DOMAIN OR CONDEMNATION:** Should the land whereon the building containing the Premises is situated, or any part thereof, or any portion of the Community, be condemned or taken for public use, then, in that event, upon the taking of the same for such public use, this Lease, at the option of Landlord, shall be deemed null and void, and the term shall cease and come to an end, notwithstanding anything to the contrary herein, and without apportionment of the award. Resident shall not be entitled to receive any sum, or portion thereof, constituting any award arising out of any such eminent domain or condemnation.

40. **SIGNIFICANT DAMAGE TO OR DESTRUCTION OF PREMISES:**
    i. If the Premises or property are damaged by fire, flood or other casualty, necessitating repairs that require Resident to vacate the Premises for any length of time, in the sole and absolute discretion of Landlord, Landlord shall have the option either (1) to repair the damage or otherwise restore the Premises, with this Agreement continuing in full force and effect, or (2) give notice to Resident, at any time after such damage occurs or repairs become necessary, terminating this Agreement as of a date to be specified in such notice. Landlord shall not be required to repair any damage by fire or other cause or to make any repairs of any property installed in the Premises by Resident.
    ii. If Landlord elects to terminate, this Lease shall expire and all interest of the Resident in the Premises shall terminate and Landlord shall have no obligation to pay lodging costs or other expenses to Resident after the termination date. If Landlord elects to repair the damage and/or make the significant repairs and continue this Lease in full force and effect, the "Duty to Cooperate" and "Significant Repairs" sections, below, shall apply.

41. **SIGNIFICANT REPAIRS:**
    i. If the Premises require significant renovations, improvements or repairs (such as, by way of example only and not by way of any limitation, tenting for termites, treating for pests or other vermin, replacing plumbing or electrical wiring, repairing fire damage, etc.) which require Resident to vacate the Premises for any length of time, Resident must vacate the Premises as needed and otherwise cooperate with Landlord in its efforts to perform the work. To the extent possible, Landlord shall give Resident at least ten days written notice of the need to vacate the Premises, which notice shall include Landlord's best estimation of the length of time Landlord anticipates Resident will need to be absent from the Premises.
    ii. Resident agrees to vacate the Premises for the time necessary for the work to be completed and, if Resident needs to be absent from the Premises for more than 8 hours in any 24-hour period, relocate to alternative housing of the Landlord's choosing. Landlord shall be responsible to pay for the alternative housing; however, Resident will remain responsible for all rent while Landlord is paying for alternative accommodations. If Resident elects to relocate temporarily to lodging other than that designated by Landlord, then Landlord shall have no obligation to pay the cost of such housing, which shall be at Resident's sole cost and expense; although Resident shall have no obligation to

pay rent during the time the Premises are not available to Resident during the repairs. Landlord is not paying for the alternative lodging, except as provided below. Resident shall return to the Premises once Landlord advises Resident that the work has been completed. Landlord shall have no obligation to pay for alternative housing or waive rent after Landlord has advised Resident that Resident may return to the Premises.

iii. If the work or repairs are required because of the conduct of Resident or the conduct of Occupants, invitees or guests (such as misuse of plumbing, causing a fire, etc.), then Landlord shall be relieved of its obligation to pay for alternative accommodations set forth above and Resident shall remain responsible for both rent and the cost of alternative lodging during the time when Resident must vacate the Premises for any work to be completed.

42. **DUTY TO COOPERATE:** Failure to vacate the Premises or otherwise cooperate with Landlord's efforts to conduct repairs, renovations or other improvements in the Community is a material breach of this Lease and grounds for termination of this Agreement.

43. **SAFETY CONCERNS:**

i. Landlord makes no representations or guarantees to Resident concerning the security of the Premises or the Community. Landlord is under no obligation to Resident to provide any security measure or take any action not required by statute. The presence of courtesy patrols, patrol cars, access gates, surveillance cameras or other deterrents do not guarantee that crime can or will be prevented. Landlord reserves the right to reduce, modify or eliminate any such measures (other than those statutorily required) at any time; and Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord. All such measures are subject to personnel absenteeism, human error, mechanical malfunctions and tampering. Resident is responsible for planning and taking action with respect to the safety of Resident and personal property as if such systems and deterrents did not exist.

ii. Landlord may install surveillance cameras in some common areas. These cameras may or may not be monitored and the footage recorded by these cameras may or may not be kept by Landlord for any length of time. Landlord may remove such cameras, or install additional cameras, at any time without notice to Resident. Footage from any cameras belongs to Landlord and shall not be released to any resident although such footage may be released to law enforcement personnel, insurance adjusters or others with legitimate business needs for such footage in the sole discretion of Landlord and without the consent of any individuals recorded by such footage.

iii. Landlord has no obligation to obtain criminal background checks on any residents and bears no responsibility or liability related to the criminal background or actions (whether past, present or future) of any person, even if Landlord has actually run a criminal background check on applicants. Resident agrees to hold Landlord harmless from claims arising out of criminal acts of other residents or third parties. Resident shall not rely on the fact that Landlord may have run a criminal background check on residents or any other applicant when deciding whether to enter into this Lease. Background checks are limited to the information actually reviewed and are not a guarantee that a person with a criminal background does not reside at the Community or that someone living in the Community will not commit a crime in the future. Landlord has not made and does not make any representations as to the background of any existing or future resident and Landlord is under no obligation to run background checks on any existing resident or future applicant.

iv. Resident agrees to report immediately all suspected or actual criminal activity to the appropriate local law enforcement agencies and, after doing so, to Landlord, and shall provide Landlord with such law enforcement agency's incident report number upon request. If Resident receives a copy of any law enforcement agency's incident report for an incident that occurred on the property and said incident impacted the Premises, the Community or other residents in the Community, Resident shall provide a copy of said incident report to Landlord upon request.

44. **INSURANCE:** Landlord does not maintain insurance to cover (a) Resident's personal injury, (b) loss or damage to Resident's personal property, or (c) Resident's liability for injury, loss or damage caused to others by Resident (or Occupants or guests). Resident is not a co-insured, a beneficiary, or an implied beneficiary under any insurance policy maintained by Landlord. Unless prior to the Start Date, Resident provides Landlord with written proof of a policy of liability insurance issued by an authorized insurance company that provides Resident with a minimum policy coverage amount of $100,000 per occurrence and names Landlord as an Interested Party, Resident hereby elects for Landlord to enroll Resident in a service program administered by Landlord and backed by a liability coverage program administered by an insurance company selected by Landlord. Resident agrees to reimburse Landlord for the actual cost of such program. The premium payment made by Landlord on Resident's behalf will be considered rent. Landlord reserves the right to hold Resident liable for any loss in excess of the insurance proceeds paid by the insurer. If Resident maintains its own liability insurance, Resident shall provide proof of such insurance to Landlord upon Landlord's request. Resident's failure to provide such proof within three days of a request therefor shall constitute an election by Resident for Landlord to enroll Resident in the service program specified above, at the then-current actual cost of the service program.

45. **MEGAN'S LAW:** Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via internet web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and the zip code in which the offender resides. Since the information is equally available to residents and Landlord, and Landlord cannot discriminate against registered sex offenders pursuant to Penal Code Section 290.46 et seq., Landlord has not made any inquiry of any applicant or resident as to whether he or she is a registered sex offender. Resident is advised to take whatever reasonable and lawful actions Resident believes necessary to protect household members or guests against any potential harm. This includes talking to any children or individuals with a diminished capacity about how to deal with strangers and similar topics. Resident is advised that Landlord may not notify Resident if Landlord learns or is advised that a registered sex offender is living in the Community.

46. **ENVIRONMENTAL INDEMNIFICATION:** To the extent allowed by law, Resident expressly assumes and accepts any and all risks involved or related to the presence in the Premises, common areas, and Community of any and all health affecting substances, and any power lines in the vicinity of the Premises. Resident waives all claims and causes of action of any kind or nature, at law or in equity, including, but not limited to, claims or causes of action arising by statute, ordinance, rule, regulation or similar provision, against Landlord and Landlord's agents, principals, employees, legal representatives, affiliates, assignees, successors in title, partners, shareholders, officers, directors, parents, members and managers (herein collectively called the "Landlord Affiliates") with respect to any health hazard occurring in connection with the presence in the Premises, common areas, or Community of materials containing potentially health affecting substances, and claims arising out of or based upon any potentially health affecting substances brought, or allowed to be brought, into the Premises, common areas, or Community by any Resident, Occupant, guest, or invitee. Resident agrees to defend, indemnify and hold harmless the Landlord Affiliates against and from any and all actions, causes of action, claims, demands, liabilities, losses, damages and expenses of whatsoever kind, including, but not limited to, attorneys' fees at both the trial and appellate levels, that any or all of the Landlord Affiliates may at any time sustain or incur by reason of any and all claims asserted against them arising out of potentially health affecting substances brought or allowed to be brought into the Community by any Resident, Occupant, guest, or invitee.

47. **PROPOSITION 65 WARNING:** The Premises, common areas, and Community may contain chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm. These chemicals may be contained in emissions and fumes from building materials, products and materials used to maintain the property, and emissions, fumes, and smoke from Resident and guest activities, including but not limited to the use of motor vehicles, barbecues, and tobacco products. These chemicals may include, but are not limited to carbon monoxide, formaldehyde, tobacco smoke, unleaded gasoline, soot, tars, and mineral oils.

For more information please contact OEHHA at (916) 445-6900 or visit http://www.oehha.org/prop65/pdf/Prop65tenants.pdf for additional

information from the California Enviro ntal Protection Agency's Office of Environmental He. Hazard.

48. **LEAD-BASED PAINT WARNING:** Housing built before 1978 may contain lead-based paint. Lead from paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and/or lead-based paint hazards in the Unit. Residents must also receive a federally approved pamphlet on lead poisoning prevention. By Resident signing this Lease, they acknowledge receipt of Protect Your Family from Lead in Your Home pamphlet.
    i. Presence of lead-based paint or lead-based paint hazards: Known lead-based paint and/or lead-based paint hazards **are present** in the housing.
    ii. Landlord has reports or records pertaining to lead-based and/or lead-based paint hazards in the Premises and has made available to Resident all available records and reports upon Resident's request.

49. **ASBESTOS DISCLOSURE:** Before 1981, asbestos was commonly used in construction. This Community was built before 1981 and asbestos may be present. Asbestos is a chemical known to cause cancer. Asbestos may be present in sprayed-on acoustical ceiling material, insulation, fire proofing and floor tiles in the Premises and/or buildings of the Community. Disturbing or damaging certain interior Premises, common areas, and/or Community surfaces may increase the potential exposure to asbestos. Resident may not pierce, damage, disturb, or remove any portions of the Premises, common areas, and/or Community known or suspected to contain asbestos. Resident must notify Landlord immediately in writing if any portion of the Premises, common areas, and/or Community known or suspected to contain asbestos are pierced, damaged, disturbed or removed. Landlord has instituted an operations and maintenance program directed at maintaining the Community in accordance with any applicable federal and state safety requirements regarding asbestos-containing material. This program is designed (among other things) to prevent release of asbestos fibers into the air; minimize disturbance of damage to asbestos-containing materials; monitor the conditions of materials and air in the building; and regulate maintenance, renovation and construction activities. No matter how small the percentage of such material may be, Resident, Occupants, guests, or invitees shall comply with such rules and regulations as Landlord from time to time may prescribe in connection with Landlord's operations and maintenance program, including without limitation to the following:
    i. Hazardous Materials: Resident shall not take or allow any action which in any way damages or disturbs all or part of the ceiling, flooring, walls, insulation in the Premises, including but not limited to: Piercing the surface of the ceiling, flooring, walls or insulation by drilling or any other method; hanging plants, mobiles, or other objects from the ceiling; allowing any objects to come into contact with the ceiling; permitting water or any other liquid to come into contact with the ceiling; painting or undertaking any repairs or improvements with respect to the ceiling or floor tiles; or undertaking any activity which results in building vibration which may damage the ceiling.
    ii. Resident shall notify Landlord immediately in writing if there is any damage to or deterioration of the ceiling, flooring, walls or insulation of the Premises, including (without limitation) loose, cracking, hanging, or dislodged material, water leaks, or stains in the ceiling, flooring, walls or insulation.

50. **CREDIT REPORTING:** Resident is notified that Resident's performance as a tenant of this Community may be reported to credit reporting agencies.

51. **SOCIAL MEDIA:** Landlord maintains an online presence through its website and social media. This online presence includes, but is not limited to, displaying images from community events organized by Landlord. From time to time Landlord will capture still ("photo") and moving ("video") images at these events. Resident hereby acknowledges that by attending these events Residents accepts and agrees to the potential of being depicted in those images and further agrees to permit Landlord to use Resident's, Occupants', guests' or invitees' likenesses, without compensation, for the limited purpose of Landlord's online presence. Please note that Landlord respects Resident's privacy and at Resident's written request Landlord will remove any image depicting Resident, Occupants, guests or invitees.

F. COMMUNITY CONSIDERATION

52. **USE OF PREMISES:** Resident agrees to use the Premises solely as a private residence. Storage areas, parking areas, balconies, patios, outdoor areas, and decks shall not be used for occupancy. Resident shall not use the Premises as a business address, nor shall Resident conduct business activities on the Premises. Conducting business activities includes, without limitation, using the Premises as a mailing address for a business enterprise, having a business telephone line in the Premises, having business clients meet with Resident at the Premises, having business stationery setting forth the address of the Premises as a business address, assembling or manufacturing any product upon the Premises, or otherwise holding out the Premises as the address of any business. Resident may, however, insofar as it is consistent with the restrictions set forth in this section, and with the written consent of Landlord, use a portion of the Premises as a "home office." Nothing set forth herein shall be deemed as disallowing any use of the Premises that cannot be prohibited legally.

53. **CONDUCT OF RESIDENT:** Resident agrees not to harass, annoy, or endanger any other resident, neighbor, or other person, or create or maintain a nuisance, or disturb the peace or solitude or quiet enjoyment of any other resident, neighbor or other person, or commit waste in or about the Premises. Resident further agrees not to harass, verbally abuse, denigrate or otherwise disrespect Landlord's employees, agents and/or contractors or interfere with the operations of the Community or the work of Landlord's employees or agents. Resident agrees to keep the volume of any activity, radio, stereo, electronic equipment, television or musical instrument at such a level which will not disturb the other residents at any time. Any noise, disturbance, or activity which would, in the sole and absolute discretion of Landlord, be reasonably likely to annoy or disturb other residents is strictly prohibited. Certain acts are considered to be contrary to the safety, well-being, peace, and enjoyment of the other residents of the Community. These include, but are not limited to, the use, possession or sale of illegal drugs or controlled substances and the carrying or exhibiting of firearms in the Community. Such acts are prohibited. The carrying or exhibiting of firearms may be permitted with written consent of Landlord if doing so is required by law or job necessity. Resident shall not deface or damage any part of the Premises or the common areas or the Community or permit the same to be done. Resident shall not keep in the Community any flammable or explosive materials or any substance considered dangerous, hazardous, or toxic under any governmental law or regulation. Resident shall not do or permit anything to be done in the Premises that may be deemed hazardous or which will cause a cancellation of or an increase in the premiums for any insurance for the Community. Resident is responsible for the conduct of Occupants, guests, and invitees, including without limitation any minors, while they are in the Premises and in the Community. A resident conducting any of the activities set forth in this section, or who allows Occupants, guests, or invitees to conduct any of said activities shall be deemed in violation of this Agreement, and said activity shall be grounds for termination of this Agreement. This provision constitutes written notice to cease any breach of this section, including, without limitation, committing or permitting to exist a nuisance in the Premises, building, or Community.

54. **PARKING:** Resident, Occupants, guests, and invitees shall follow the Parking Rules and Regulations, as the same may be amended from time to time. Landlord shall not be liable for any damage or loss to motor vehicles, the contents of motor vehicles, or personal property of Residents, Occupants, guests, or invitees. Failure to follow the Parking Rules and Regulations and posted signs relating to parking and operation of vehicles will result in the towing of the offending vehicle at the cost of the vehicle owner.

55. **OCCUPANTS:** Any person staying in the Premises for longer than two weeks or 20 nonconsecutive days out of the year shall be considered to be occupying the Premises. The Premises shall be occupied only by the person(s) indicated in Section 2. No other persons have permission to occupy the Premises unless such permission is in writing and signed by Landlord. Landlord's acceptance of rent from any other individual shall

be deemed to be the payment of rent on behalf of the Resident and shall not constitute permission for the person making the payment to occupy the Premises. Should any person not named in Section 2 make any claim of right to possession of the Premises, any such person shall be deemed to be the guest or invitee of the named Resident and their claim to right of possession shall be denied. Any Occupant, named in Section 2, who is not a signatory to this Lease shall be deemed to be an invitee of Resident, who is a signatory to this Lease. Accordingly, if any such Occupant is not named in any unlawful detailer action to regain possession of the Premises, and if any such individual thereafter makes a claim to right of possession of the Premises, that claim shall be denied on the basis that said individual is the invitee of the named Resident and does not have an independent claim to right of possession of the Premises.

56. **GUESTS:** Any person occupying the Premises shall be considered an unauthorized occupant in violation of this Lease unless that person has completed a rental application, been approved, and been added to the Lease.

57. **ASSIGNMENT AND SUBLETTING:** Resident shall not assign this Lease nor sublet all or any part of the Premises without Landlord's written consent. Resident shall not sublet all or any part of the Premises on a short-term basis, including without limitation through Air BNB or any other short-term rental program. Permitting any person not named as an Occupant or as a Resident in this Lease to occupy the Premises shall be deemed an improper subletting of the Premises and shall subject the tenancy to termination. This provision constitutes written notice to cease any breach of this section, which breach is incurable pursuant to state law. Any attempted subletting or assignment in violation of this provision shall be void. In the event that no original Resident remains in residency at the Premises, Landlord may reset the rent in accordance with the Civil Code and Rent Stabilization Ordinance.

58. **PETS:** No pets are permitted in the Premises without the prior written consent of the Landlord through an Animal Addendum to this Lease. Permission to keep a pet may be granted, denied, or revoked in Landlord's sole discretion. Except to the extent written permission has been given, pets may not be brought upon the Premises, whether such pets belong to Resident or to any other person. The presence of any pets for which written permission has not been given and is not currently in force, even if such pets are "just visiting" shall be deemed a material breach of this Lease. This policy does not apply to accommodation or service animals. A disabled individual who requires an animal in order to be able to use and enjoy the Premises or the Community should contact Landlord before bringing the animal onto the Premises and request an accommodation to this Lease provision. All accommodation requests will be processed in accordance with applicable laws. Resident is responsible for reimbursing Landlord for the costs of repairing damage to the Premises, common areas, or Community caused by animal(s) under the control of or visiting Resident. Resident must promptly notify Landlord of any damage caused by animals.

59. **CLOTHESLINES/DRYING RACKS**: If the Premises has a private patio, deck, or balcony, which is enclosed by a fence, railing, or other structure, Resident is permitted to hang clothing, blankets or other laundry on the patio, deck, or balcony subject to the following rules and conditions:
    i. No more than two drying lines/racks may be in use at any one time.
    ii. Items may not be left on the drying lines/racks for more than 24 hours (i.e., all items must be removed within 24 hours of being put out on the drying lines/racks).
    iii. Drying lines/racks must be free standing.
    iv. No drying lines or racks may be attached or affixed in any manner to any portion of the building, fence, railing, wall, building support structure, or light fixtures.
    v. Drying lines/racks cannot be higher than the patio, balcony, or deck fence or railing.
    vi. Drying lines/racks cannot be clearly visible from the sidewalk or street.
    vii. Drying lines/racks cannot block entrance to or egress from the Premises, create a health or safety hazard or interfere with walkways or utility service equipment.
    viii. Drying lines/racks cannot interfere with the maintenance of the Community.
    ix. Clothes may not be draped over fence or balcony railings, or hung from any building fixtures.

    If the private patio or balcony is not enclosed by a fence, railing, or other structure, Resident is not permitted to hang clothing, blankets, or any other laundry on the patio, deck, or balcony.

G. UTILITIES AND HOT WATER

60. **UTILITIES:** Utility services shall be provided directly from the utility provider or, at the sole discretion of Landlord, on a sub-metering, square footage, or other allocation basis. Landlord reserves the right to modify the method by which the utilities are furnished to the Premises or billed to Resident during the term of this Lease and may modify billing Resident for utilities previously included in the rent by giving Resident a 30-day written notice. Reference the utility addendum for detailed terms, conditions and methodology.

    The following terms shall apply:
    i. Resident agrees to pay all charges for utilities for the Premises for the term of the Lease including but not limited to those listed in the Utility Billing Addendum. Charges may be assessed by the utility provider or Landlord or Landlord's designated Billing Party in the case of utilities billed to Resident by Landlord in connection with Resident's use of utilities.
    ii. Resident shall not use any utility in a wasteful, unreasonable, or hazardous manner and agrees to comply with all utility conservation efforts implemented by Landlord.
    iii. Landlord is not liable for claims arising from utility service outages, interruptions, or fluctuations in utilities provided to the Premises not reasonably within Landlord's control.
    iv. For any utility which Resident is responsible for paying directly to the utility provider, Resident must contact the utility company prior to move-in to have the services placed in Resident's name no later than ten (10) business day following move-in. Resident shall continue to contract with the utility provider throughout the term for continuous utility service. Resident's failure to make necessary arrangements for Resident's utility service may result in an interruption of services and Resident's failure to transfer utility services to Resident's name or failure to have continuous utility service may be, at Landlord's discretion, considered a material breach of this Lease and will permit Landlord to terminate the Lease. If Resident fails to pay any utility charges that are to be paid by Resident, Landlord may, at its option, pay such charges to retain continuing utilities service. If Landlord does so, any such charges may be billed to Resident by Landlord and said billing shall become due and payable, in full, as additional rent together with the regular monthly rent payment on the first day of the month next following the date of such billing.
    v. Resident shall not use any utilities in the common areas for their own personal use without written consent of the Landlord.
    vi. Resident agrees not to disturb, tamper, adjust, or disconnect any utility service, sub-metering device or system.

61. **HOT WATER:** The following will apply.
    i. The water temperature in the Premises is set at 120 degrees Fahrenheit or below. When the water temperature is 120 degrees Fahrenheit, or below, bacteria may enter the water heater or associated plumbing and accumulate. If Resident desires the thermostat to remain at 120 degrees Fahrenheit, or below, Resident assumes any and all risks associated with any bacterial growth in the water heater or associated plumbing.

R011

ii. Resident should be aware that s. units may be equipped with an HVAC heating syste. hich operates on hot water. To achieve full heating potential, it may be necessary to increase the temperature of the water heater during the colder months of the year. Resident should also be aware that some units operate on centralized hot water systems which service multiple units and as such individual adjustments in temperatures will not be possible.

iii. If Resident desires the water temperature in the Premises to be higher than 120 degrees Fahrenheit and the Premises has an individual hot water heater, Resident will request, in writing, the temperature of the hot water heater to be adjusted by Landlord, and Resident shall specify the desired temperature at which Landlord is requested to set the thermostat.

iv. Resident understands that if the temperature is set above 120 degrees Fahrenheit, that the water released from the taps in the Premises may scald or burn anyone using water, and potentially cause severe injury.

v. Resident may not tamper with, or adjust the water temperature thermostat in the Premises in any way without written authorization from Landlord.

vi. Resident agrees to indemnify and hold Landlord harmless in any action involving any injury related to the temperature of the water, the water system or the associated plumbing in the Premises.

H. ADDITIONAL TERMS

62. **REQUESTS FOR ACCOMMODATIONS OR MODIFICATIONS:** A disabled person shall be provided reasonable accommodations or reasonable modifications to the extent necessary to provide the disabled person with an opportunity to use and occupy the Premises in a manner equal to that of a non-disabled person. If Resident believes Resident, Occupant, or a member of Resident's household requires an accommodation or modification as a result of a disability, Resident should contact Landlord to begin the interactive process.

63. **MILITARY:** Military personnel on active duty may terminate this lease under Federal law if:
   i. Resident becomes a member of the Armed Forces of the United States after Resident enters into the Lease; or
   ii. Resident is or becomes a member of the Armed Forces of the United States and receives:
      a. Orders for a permanent change of station; or
      b. Orders to deploy for a period of at least 90 days.

   Landlord fully supports its residents who are active-duty or reserve military personnel. Resident must give Landlord written notice of termination. For rentals when rent is paid monthly, the termination becomes effective 30 days after the first date on which the next rent payment is due after the termination notice is delivered and no further rent will be owed following the expiration of the notice period (or the actual move-out date, if later). Resident must furnish the Landlord with proof to establish that Resident qualifies for this limited exception. Proof may consist of any official military orders, or any notification, certification, or verification from the service member's commanding officer, with respect to the service member's current or future military duty status. Military permission for base housing does not constitute a permanent change-of-station order.

64. **OFFICE OF FOREIGN ASSETS CONTROL:** Resident represents and warrants that Resident and each person or entity owning an interest in Resident is:
   i. Not currently identified on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation (collectively, the "List").
   ii. Not a person or entity with whom a citizen of the United States is prohibited to engage in transactions by any trade embargo, economic sanction, or other prohibition of United States law, regulation, or Executive Order of the President of the United States.
   iii. None of the funds or other assets of Resident constitute property of, or are beneficially owned, directly or indirectly, by any Embargoed Person (as hereinafter defined).
   iv. No Embargoed Person has any interest of any nature whatsoever in Resident (whether directly or indirectly).
   v. None of the funds of Resident have been derived from any unlawful activity with the result that the investment in Resident is prohibited by law or that the Lease is in violation of law.
   vi. Resident has implemented procedures, and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. The term "Embargoed Person" means any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. § 1701 et seq., The Trading with the Enemy Act, 50 U.S.C. App. 1 at seq., and any Executive Orders or regulations promulgated there under with the result that the investment in Resident is prohibited by law or Resident is in violation of law.

   Resident covenants and agree(s):
   i. To comply with all requirements of law relating to money laundering, anti-terrorism, trade embargo and economic sanctions, now or hereafter in effect.
   ii. To immediately notify Landlord in writing if any of the representations, warranties or covenants set forth in this section or the preceding section are no longer true or have been breached or if Landlord has a reasonable basis to believe that they may no longer be true or have been breached.
   iii. Not to use funds from any "Prohibited Person" (as such term is defined in the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) to make any payment due to Landlord.
   iv. At the request of Landlord, Resident may be asked to provide such information to determine Resident's compliance with the terms hereof.
   v. Resident hereby acknowledges and agrees that Resident's inclusion on the List at any time during the term shall be a material default. Notwithstanding anything herein to the contrary, Resident shall not permit the Premises or any portion thereof to be used or occupied by any person or entity on the List or by any Embargoed Person (on a permanent, temporary or transient basis), and any such use or occupancy of the Premises by any such person or entity shall be a material default.

65. **NON-DISCRIMINATION:** There shall be no discrimination against or segregation of, any persons on account of race, color, national origin, ancestry, creed, religion, gender, gender identity, gender expression, sexual orientation, genetic information, marital status, familial status, age, source of income, handicap, disability, citizenship status, immigration status, primary language spoken or any other protected classification under state or federal law, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Premises, nor shall the Landlord or any person claiming under or through Landlord, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, or vendees of the Premises.

66. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to the provisions of this Lease. This provision shall be interpreted in its strictest sense irrespective of the relative hardship to the Parties.

67. **SUCCESSORS:** If the property is sold or the ownership interest otherwise transferred, the successor in interest of Landlord shall be deemed the assignee of all rights arising under this Lease, and shall be entitled to enforce the provisions of this Lease against Resident. Nothing in this provision shall be construed as conflicting or superseding the foregoing subordination or as requiring a continuation of the tenancy in the event of a foreclosure or other involuntary transfer of ownership.

R012

68. **SUBORDINATION:** This Lease shall, without further act on the part of Resident, be subject and subordinate to the lien of any mortgage and/or any deed of trust or other encumbrance which may now exist, upon, or which may hereafter be placed by Landlord upon, the leased Premises or property including the Premises.

69. **ATTORNMENT:** Resident hereby agrees that Resident will recognize as its Landlord under this Lease and shall attorn to any person succeeding to the interest of Landlord in respect of the land and the buildings on or in which the Premises is contained upon any foreclosure of any mortgage upon such land or buildings or upon the execution of any deed in lieu of such foreclosure in respect of such mortgage. If requested, Resident shall execute and deliver an instrument or instruments confirming its attornment as provided for herein; provided, however, that no such mortgagee or successor-in-interest shall be bound by any payment of rent for more than one 1 month in advance, or any amendment or modification of this Lease made without the express written consent of such mortgagee.

70. **ESTOPPEL CERTIFICATE:** Resident agrees that within 5 days of Landlord's request, Resident must execute and deliver to Landlord a written statement certifying that this Lease is unmodified and in full force and effect (or if modified, describing the modification). Any prospective or actual property purchaser may rely upon Resident's written statement. Should Resident fail to deliver a statement within the specified time, it will be conclusively presumed that the Lease is unmodified and in full force and effect, except as otherwise indicated, and there are no uncured defaults in Landlord's performance, and any other details specified by Landlord originally requested of Resident.

71. **CONTENTS OF THIS LEASE:** The failure of Landlord to insist upon strict performance of any of the covenants and agreements of this Lease or any addenda thereto, or to exercise any rights arising under this Lease, shall not be construed to be a waiver of Landlord's right to subsequently enforce any such provision or to insist upon any such right. The fact that Landlord may have accepted late payment(s) on one or more occasions shall not be deemed a waiver of Landlord's right to insist upon timely payment or rent or to exercise any remedy available for late payment of rent. Acceptance of rent following a breach of this Agreement shall not be deemed to constitute a waiver of such breach. No custom or practice which may develop between the Parties in the course of the tenancy shall be construed to waive the right of Landlord to enforce any provision of this Lease.

72. **SEVERABILITY AND PROVISIONS REQUIRED BY LAW:** If a provision or section of this Lease is legally invalid, or declared by a court to be unenforceable, such provision or section will be deemed deleted and the rest of this Lease will remain in effect. To the extent any provision of this Lease is in direct conflict with any provisions of applicable law, such provision is hereby deleted. Any provision specifically required by applicable law which is not included in this Lease is hereby inserted as an additional provision of this Lease, but only to the extent required by applicable law and then only so long as the provision of the applicable law is not repealed or held invalid by a court of competent jurisdiction.

73. **ENTIRE AGREEMENT:** This Lease, including all addenda executed by both Parties, sets forth the entire agreement among the Parties with respect to the matters set forth in it. It shall not be altered nor modified unless such alteration or modification is in writing and signed by all signatories to this Lease. No verbal agreements or representations have been made or relied upon by either party or any agent or employee of either party, and neither party nor any agent or employee of either party is entitled to alter any provisions of this Lease by any verbal representations or agreements to be made subsequent to the execution of this Lease. The foregoing notwithstanding, if Resident holds over after the expiration of the Lease term on a month-to-month basis, Landlord may change any provision of this Lease without the consent of Resident in the manner prescribed by California Civil Code Section 827.

74. **SECTION HEADINGS:** The section headings are inserted only for convenience and are not intended to define or limit the scope or intent of any clause.

75. **NOTICES:**
   i. Any notice that Landlord gives to Resident shall be deemed properly served (whether or not actually received by (Resident) if served in the manner prescribed in Code of Civil Procedure Section 1162. Except as prohibited by law, if Landlord fails to serve the notice in accordance with the provisions of Code of Civil Procedure Section 1162, but Resident actually receives the notice, the actual receipt shall be deemed to cure any defects in the manner of service and the notice shall be deemed properly and personally served. Service upon any Resident of the Premises shall be deemed valid service upon all Residents - it is not necessary to serve each Resident individually unless otherwise required by law.
   ii. Any notice that Resident gives to Landlord shall be given to the business manager, assistant business manager, or sales associates, who are authorized to manage the Premises, at the management office(s) located at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303 during normal business hours. The telephone number is 650-566-2000. On non-holidays, the business hours, which remain subject to change, are: Monday and Wednesday, 9am to 6pm, Tuesday 10am to 6pm, Thursday and Friday 9am to 7 pm, Saturday and Sunday 10am to 7pm.
   iii. The persons designated above are the persons authorized by the owner to act for an on behalf of the owner for the purpose of service of process and for the purpose of receiving and giving receipts for all notices and demands.

76. **JOINT AND SEVERAL LIABILITY AND AUTHORITY:** In the event of more than one Resident, each Resident is jointly and severally liable for each provision of this Lease and service of any notice or demand upon one shall constitute notice to each other Resident. All persons signing this Lease as Resident shall remain jointly and severally liable for all obligations arising under it, whether or not they remain in actual possession of the Premises. The giving by any individual Resident of a notice of termination of tenancy shall not terminate the Lease as to that Resident unless all Residents vacate the Premises by the agreed date. Landlord may, however, treat any such notice as a notice binding against all Residents of the Premises, and may institute unlawful detainer proceedings against all Residents if they do not restore possession of the Premises to Landlord on or before the end of the notice period. Conversely, Landlord may, at its sole option, if one or more Resident gives notice, but all Residents do not return possession of the Premises to Landlord within the notice period, continue the tenancy in effect and, if Landlord does so, all Residents, including the Resident giving notice, shall remain fully liable for all obligations arising hereunder whether or not they remain in occupancy of the Premises.

77. **ELECTRONIC SIGNATURES:** The Parties agree that they may enter into this Lease by electronic means, although traditional hard copies with wet signatures may be used instead at the option of Landlord. Resident agrees and acknowledges that if Resident is entering into this Lease with Landlord by electronic means, doing so is not conditioned on Resident's agreement to conduct the leasing transaction electronically.

78. **ATTACHMENTS/ADDENDA:** Resident(s) acknowledges receipt of a copy of the attachments/addenda listed in this section, which are incorporated into and made part of this Lease. Resident(s) agrees to abide by said attachments/addenda in all respects. Any failure to comply with any of the attachments shall be deemed a breach of this Lease. If there is a conflict between these policies and the Lease, the Lease shall govern.

ANIMAL ADDENDUM

This document is an addendum to the California Lease Agreement ("Lease") dated **May 3, 2011** between **Rafaela Hernandez Zarco** ("Resident") and **Woodland Park** ("Landlord") for the **Unit # 1** ("Premises") located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

Animals, including unauthorized or visiting pets, are not permitted on the Premises without prior written consent from Landlord. This addendum constitutes written consent for the animal(s) described below in the "Pet Description."

Pet Description

Resident Landlord agree as follows:

1. Resident agrees to pay **$0.00** per month in Pet Rent per month on or before the first of each month with Monthly Rent. Pet Rent is additional "rent" for all purposes.
2. If a pet is added during the lease term, Resident agrees to pay **$0.00** will be required to pay an additional pet deposit of **$500.00**.
3. The additional deposit shall be subject to full inspection of the Premises upon Resident's move out shall be considered an additional deposit pursuant to the Lease terms.
4. Resident shall be liable for all damages to Premises, common areas, or Community and all expenses caused by or in connection with pet.
5. Pet will not be permitted outside the Premises unless restrained by a leash. Resident must control pet activity while in the Premises.
6. Pets may not be left or tied on balconies, porches, or patios. These areas must be kept clean and free of pet waste.
7. Resident is responsible for immediate and proper cleaning up and disposal of pet waste. Please note that landscape pesticides and chemicals are used on the grounds of the Community and therefore special care should be taken when walking pets.
8. If pet is a cat, an appropriate litter box shall be maintained and a scratching post should be provided. Resident must place soiled cat litter in a securely tied trash bag for disposal.
9. If Resident does not clean up after pet, Resident will be fined **$50.00** per occurrence.
10. Animals shall not weigh over **30 pounds** full grown. Animals under **one (1) year** of age are not permitted.
11. The number of pets per unit is limited to **1**.
12. Resident shall not permit and represents that pet will not cause any damage, discomfort, annoyance, nuisance or in any way inconvenience, or cause complaints from, any other resident.
13. All pets must have all required vaccinations. Resident must provide proof of vaccinations to Landlord.
14. It is strongly recommended that all pets have an identification tag showing current address and telephone number on their collar. Dogs are required to have a current license and an identification tag at all times.
15. Resident agrees to comply with all applicable ordinances, regulations laws governing pets.
16. In addition, Resident shall comply with the following policies:
    - i. Except as further restricted by law, the following types of pets are permissible: cats, dogs, hamsters, guinea pigs, rabbits, birds, fish, non-poisonous or non-venomous amphibians, non-poisonous or non-venomous reptiles. Birds must be kept caged and permitted fish, amphibians, reptiles must remain in in a tank/aquarium at all times.
    - ii. All pets must be spayed/neutered.
    - iii. Resident shall prevent any fleas or other infestation of the Premises, building and Community.
    - iv. Birds shall not be let out of cages.
    - v. Resident must obtain prior written consent from Landlord to have fish tanks over 30 gallons. Fish tanks must be placed in a safe area inside of the Premises.
    - vi. Dangerous, illegal, exotic or poisonous animals (as determined solely by Landlord) are not permitted on the Premises.
    - vii. Residents are not allowed to keep endangered species.
    - viii. Feral animals cannot be fed or kept on the Premises, common areas, or Community.
    - ix. Resident shall not allow any animal in the Community that has exhibited any sign of aggressive behavior or aggressive tendencies towards any person.
    - x. Resident shall not allow any animal in the Community that is a Restricted Breed. Restricted Breeds are Alaskan Malamute, Boxer, Chow Chow, Dalmatian, Doberman Pinscher, German Shepherd, Belgian Malinois, Husky breeds, Pit-Bull breeds, Staffordshire Terrier, Presa Canario, Rottweiler wolf hybrids.
17. Assistive Animals (including companion animals): Landlord will accept and evaluate a request for reasonable accommodation to allow Resident to have an assistive animal. Assistive animals for persons with disabilities are not considered pets and are not subject to the following requirements:
    - i. Spayed/Neutered requirement;
    - ii. Breed restriction;
    - iii. Age restriction;
    - iv. Weight restriction;
    - v. The number of assistive animals per unit shall be evaluated on case by case basis;
    - vi. Monthly pet rent;
    - vii. Pet deposits.
18. A request for a Reasonable Accommodation must be submitted for Landlord's review and Landlord shall not unreasonably withhold its written approval for an assistive animal or animals. Resident hereby agrees to comply with the terms and conditions of this Pet Addendum, except for the exceptions set forth in section 17, for assistive animals.
19. This addendum shall terminate without affecting the Lease or Resident's responsibilities under the Lease and Resident shall remove the pet immediately if any of the following occurs:

R015

i. Payment of Pet Rent is delinqu...
ii. The pet displays aggressive behavior
iii. Landlord perceives the pet to be dangerous or disruptive to premises, common areas, or Community, other residents, guest or employees.
iv. Upon thirty (30) day notice by either party to the other of intent to terminate this Addendum

20. Resident agrees to hold harmless and indemnify Landlord from all liability pertaining to animals on the property. Resident shall hold Landlord harmless and indemnify Landlord for any and all damages or costs in connection with pet.

Resident Landlord represent that they have read this Addendum, understand the terms conditions contained herein, and agree to the terms conditions contained herein.

COMMUNITY POLICIES

This document is an addendum to the California Lease Agreement ("Lease") dated May 3, 2011 by between Rafaela Hernandez Zarco ("Resident") and Woodland Park ("Landlord") for the Unit # 1 ("Premises") located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

In order to maintain and promote the Community, Landlord has established the following policies for the comfort and convenience of all residents. These Community Policies may be modified by written notice to residents.

1. **Service Requests:** All requests for service should be made in writing, delivered personally, sent via electronic mail, or submitted to the online resident portal. In an emergency, call 911 directly for help. Notify the Landlord immediately after.

2. **Laundry Facilities:** Laundry facilities are for the exclusive use by Resident and/or Occupants during the hours posted. Items should not be left unattended in the laundry area. Landlord is not responsible for loss or damage to personal items or clothing. To ensure the washers and dryers are working when needed, please follow the posted operating instructions carefully and treat the machines with care. If any of the laundry machines are not working properly, please notify Landlord immediately, so service can be arranged. A few additional tips:
   i. Do not put plastic items in the dryer.
   ii. Always clean the lint screen prior to use.
   iii. Never operate the dryer without a lint screen,
   iv. Refrain from overloading the washing machine or dryer. Do not use laundry facilities to wash or dry bulky items such as comforters.
   v. We recommend leaving washer door open after cycle for better ventilation.
   vi. Always clean the lint screen prior to using the dryer never operate it without a lint filter.
   vii. Never dry items that have come into contact with flammable substances like cooking oil, gasoline, paint thinner, or alcohol.

3. **Appliances:** The following policies must be followed with regard to appliances.
   i. Appliances shall not be removed from the Premises, common areas, or Community.
   ii. The Dispose All should only be used for the purpose for which it was designed. The following items should not be put in the Dispose All: metal, string, grease, coffee grounds, nut shells, fruit pits, corn on the cob, or potato peel.
   iii. The bathroom fixtures should only be used for the purpose for which they were designed. The following items should not be disposed of in the toilets: diapers, paper towels, sanitary napkins, tampons, food, and baby wipes rags. Resident shall be held responsible for any repairs or damage resulting from the disposal of such items in the toilet. If Resident puts any other foreign objects in bathroom or plumbing fixtures, Resident shall reimburse Landlord for any repairs or damage caused by the same.
   iv. Dishwashers should not be overloaded and only detergents made for automatic dishwashers should be used. We recommend using a rinse agent to improve drying and reduce spots and build up in dishwasher.
   v. To keep the oven clean, use mild detergents following each use and do not use hard abrasives on chrome or glass parts of the oven.
   vi. On the stove, never place foil under the burner pans.

4. **Interior Alterations:** Resident must obtain the prior written approval of Landlord before making any interior alteration. Any expenses incurred to restore the Premises will be at Resident's expense. Resident may not use nails when hanging pictures, mirrors, or other wall hangings. Please use adhesive hangers.

5. **Window Coverings Signs:** Resident shall not use blankets, sheets, foil or non-standard window coverings in place of draperies or blinds. Except as permitted by law, Residents shall not place objects on window or window sill which are visible from the outside.

6. **Community Equipment Facilities:** Recreational facilities may include business centers, fitness rooms, swimming pools, and community rooms. Residents, Occupants, guests and invitees shall abide by all rules and regulations for the use of the recreational facilities. Resident, Occupants, guests and invitees will avoid conduct that Landlord deems inappropriate or disruptive. Any person in violation of these rules will be asked to vacate the area immediately. Failure to adhere strictly to the posted rules and regulations is acknowledged as grounds for suspension of privileges or termination of the tenancy in accordance with law. Landlord may change the rules and regulations at Landlord's discretion. Exercise care when enjoying the recreation facilities/equipment. Landlord is not responsible for physical injuries that result from the use of the recreational facilities/equipment. Any damages to any of the recreational facilities/ equipment caused by Resident, Occupants, guests or invitees will result in Resident being responsible for the cost of repairing the damages. Take caution to lock/close common area doors and gates. No pets are allowed in any of the recreational facilities.

7. **Communities with Pools:** Resident is required to limit guests to no more than two at a time and accompany them to the pool. Visitors not accompanied by Resident will be asked to leave. Glass containers are not allowed in the pool area. Please help keep the pool area clean. Proper pool attire, such as bathing suits or swim trunks, is required. Children who are not toilet trained must wear a swim diaper. Cut-off jeans, T-shirts or non-swim diapers are not allowed. Additional pool policies and hours are posted by the pool. For safety reasons, do not swim alone.

8. **Patios Balconies:** Resident shall comply with the following rules:
   i. Patios and balconies are to be kept neat and orderly at all times.
   ii. The installation of sunshades, blinds or hanging fabrics is not allowed.
   iii. The construction of walls, ceilings, or other permanent attachments to the patio or balcony is not permitted.
   iv. Patios and balconies may not be used as bedrooms.
   v. No storage of any personal property or trash containers is allowed.
   vi. All plants must be free-standing and have saucers underneath them. Hanging plants are not permitted.
   vii. No motorcycles are allowed to be kept on any patios or balconies at any time.
   viii. Unapproved bike hooks are not permitted and will be removed.
   ix. Only furniture designed for outdoor use is permitted.

9. **Trash Removal:** Containers are located at various places throughout the Community. Residents shall secure trash and place it in a designated container. Residents shall not place trash on the ground if dumpster is full and should proceed to the next closest container to dispose of the trash. Resident shall not place large articles, such as furniture, for trash removal and Resident shall make alternate arrangements with a private disposal service to pick up such item at Resident's expense. Recyclable materials shall be separated from trash disposed of in the recycling receptacles. Boxes should be recycled and broken down before disposal. Resident shall not dispose of hazardous materials in any container or other location at the Community. Resident shall only dispose of refuse in compliance with applicable laws. Resident may be charged a fee for not following these guidelines. Do not store trash on porches, balconies or in the hallways unless it is an approved container provided by the Landlord is served regularly by the Landlord or a third-party vendor.

10. **Recycling:** Resident agrees to comply with all present and future Community policies, laws, orders regulations of all state, federal, municipal local governments regarding the collection, sorting, separation, recycling of waste products, garbage, and refuse trash.

11. **Barbeques:** The use or storage of any charcoal burner, liquid petroleum, gas fueled or any other open flame cooking devices are prohibited in

R017
the Premises, including on any patio / balcony.

12. **Loitering:** No unnecessary loitering in laundry facilities, recreation areas, leasing office, amenity areas, parking areas, or other common areas.

13. **Recreational Equipment:** Skateboards, motorcycles, bicycles and similar vehicles may not be stored in entry ways or under stairs without prior written permission from Landlord. Skateboards, roller-blades or other similar recreational equipment usage in Premises and in common areas is prohibited.

14. **Posting Flyers:** Resident is not authorized to distribute advertising, information or any other type of flyer, door-to-door, on cars, anywhere else in the building or throughout the Community, except as authorized by law. Landlord may designate a place for such items to be displayed remove items that are not in keeping with the nature of the Community, as determined by Landlord.

15. **Garage Storage:** Parking areas may only be used to park the Resident's registered, operational personal vehicle(s) in accordance with the Lease and Parking Rules and Regulations. Resident shall not use any parking area as storage for equipment, personal items, containers, vehicle parts or inoperable vehicles. In addition, Resident will not under any circumstances use any parking area or storage space to store flammable or toxic chemicals /or waste. The parking area and storage space may not be used for occupancy. If Resident violates these requirements Resident agrees to immediately reimburse the Landlord for any costs associated with the removal of the unauthorized materials immediately vacate the parking area or storage. Resident further agrees to be liable for any and all damage caused by Resident's carelessness or negligent driving, which may result in the destruction of the storage space and/or parking area or to any other vehicle near garage or storage space. The Landlord shall not be liable for any loss, theft, damages and/or destruction of any personal property contained in any parking area or storage space. Nor shall the Landlord be held liable for or held responsible for any injury to any Resident, Occupant, guest or invitee resulting from the use of any parking area and/or storage space.

16. **Solicitors and Salespeople:** Solicitors are not allowed in the Community, except as authorized by law. Residents shall report all solicitors or salespeople to the Landlord immediately.

17. **Car Wash and Repair:** Vehicle repairs, including oil changes washing of vehicles are prohibited in the common areas and Community unless there is a designated area provided by Landlord.

18. **Moving of Furniture:** Landlord may designate the time and method for moving items to and from the Premises such as any furniture, merchandise, goods, freight or other such items. Residents may not move furniture to and from the Premises through the lobby, patio doors, or through the use of elevators (if available) without Landlord's permission. If elevators are installed at the Community, Landlord does not guaranty that the elevators will be available for use by Resident nor shall Landlord be liable for any loss resulting from the unavailability of elevator service.

19. **Notification of Changes:** Resident shall notify Landlord immediately in writing with any change to Resident's employer, employer telephone number, alternate phone numbers, emergency contact or other pertinent information.

Resident and Landlord represent that they have read this Addendum, understand the terms and conditions contained herein, and agree to the terms conditions contained herein.

City of East Palo Alto
Office of the City Manager Rent Stabilization Program
2415 University Avenue, 2nd Floor East
Palo Alto, CA 94303
Tel: 650-853-3114 / Fax: 650-853-3115
rentprogram@cityofepa.org

NOTICE OF ORDINANCE AT COMMENCEMENT OF TENANCY

Section 6 of the East Palo Alto Rent Stabilization Just Cause of Eviction Ordinance of 2010 requires Landlords provide residential tenants with a written notice of this Ordinance at the commencement of any tenancy.

RENTS RENT INCREASES

How Much Can Rents be Increased Each Year:

The Rent Stabilization Board determines the percentage increase each year, the Annual General Adjustment ("AGA"), that Landlords can raise rents for tenants in regulated rental units. **The percentage of rent increase allowed**, including for all fees for regulated housing services, **for the 2017-2018 program year is 2.7%.**

Landlords, who are in compliance with the Ordinance, may increase rents between July 1 and June 30 of each program year by the amount of the AGA after giving a proper 30-day notice to a tenant. A landlord is eligible to increase rents using AGAs only if the landlord:

1. Registers all units in the same property with the Rent Stabilization Program;
2. Substantially complies with the Rent Stabilization Ordinance /or orders or regulations issued under the Ordinance, including not charging more than the maximum allowed rent;
3. Ensures the rental unit complies with the implied warranty of habitability; and completes all repairs ordered by the City.

Fees paid to a landlord for regulated housing services such as parking or utilities are generally part of the rent. An increase in fees for housing services, or charges for additional services that were not included in a tenant's initial rental agreement, are generally considered rent increases must conform to the requirements for raising rents.

Accumulating AGAs for Future Rent Increases:

Landlords may raise rents by a lesser amount than allowed by the AGA or choose not to raise rents in any given year, and in that event, they may apply the AGA for future use to raise a tenant's rent. Rent increases may not exceed **10%** in any 12-month period.

Certificate of Maximum Allowable Rent ("MAR"):

Certificates are issued upon Initial Registration of a rental unit, upon occupancy by a new tenant, and upon individual request. They are not issued every year. Based on information submitted by Landlords, the Rent Stabilization Administrator calculates the Maximum Allowable Rent in the Certificates issued for rental units that have been properly registered with the City. A tenant cannot be charged rent, including any fees for regulated housing services, that exceeds the MAR for the timeframe specified in the Certificate issued for their unit.

RIGHT TO PETITION FOR VIOLATIONS OF ORDINANCE

A tenant can file petition A, B /or C when their landlord violates the requirements of the City's Rent Stabilization Ordinance. A tenant may file a petition seeking a rent reduction or a rebate for rent already paid for the following reasons:

File Petition A for a Rent Reduction Rebate for Maximum Allowable Rent Violations: This petition may be filed when rent is being charged over the Maximum Allowable Rent for a regulated rental unit. A tenant can also file Petition A if their landlord failed to properly register the unit.

File Petition B for Rent Reduction Rebate for Housing Service Reductions, including Maintenance Breach of Implied Warranty of Habitability: This petition may be filed when the tenant experiences habitability /or maintenance problems, /or reductions in services that have not been corrected in a reasonable time.

File Petition C for Approval to Withhold Rent for Landlord's Failure to Register a Unit with the Rent Stabilization Program: Tenants may contact the Rent Program to find out if their rental unit is properly registered for more information about this provision in the Ordinance.

R020

PROTECTIONS AGAINST EVICTION WITHOUT CAUSE

Evictions are only permitted for the specific reasons cited in the Ordinance. Evictions not meeting these requirements can be contested in any action to recover possession of a rental unit in court.

Landlords must specify at least one of the permitted grounds for eviction listed in the Ordinance in a written notice of termination of tenancy. Permitted grounds for eviction include failing to pay rent, violating the lease, or engaging in disorderly or destructive conduct, among other reasons.

The landlord must file with the Rent Board a copy of any termination of tenancy unlawful detainer action within five calendar days after the tenant has been served with such a notice.

TENANT PROTECTION ORDINANCE (Codified in Section 14.02 of the Municipal Code):
In May 2014, the City Council adopted the Tenant Protection Ordinance ("TPO") to further protect tenants. The TPO requires landlords to provide tenants a tenant rights information sheet, to give keys to every adult occupant in the rental unit, and to replace locks before a new tenancy begins. The TPO prohibits landlords from discriminating against families with children or based on the student or non-student status of housing applicants and tenants. It also prohibits landlords from harassing or taking retaliatory action against tenants. The TPO confirms tenants' rights to organize and to distribute literature related to tenancy issues. The TPO also provides for relocation assistance when units are to be demolished or removed or tenants have to temporarily relocate due to necessary repairs.

FOR MORE INFORMATION ABOUT THE ORDINANCE

Contact the Rent Stabilization Program at (650) 853-3114 or rentprogram@cityofepa.org; or the City's website at: www.cityofepa.org/rentprogram. You may also visit us at 2415 University Avenue, 2nd floor between 8:00 a.m. – 5:00 p.m.

For legal advice or representation, you may contact Legal Aid Society of San Mateo County for an appointment at (650) 517-8911; or Community Legal Services in East Palo Alto at (650) 326-20740; or go to 1861 Bay Road, East Palo Alto.

I received a copy of this notice on **May 3, 2011**.

Information About Bedbugs Pest Control Policies

This document is an addendum to the Lease Agreement dated May 3, 2011 by and between Rafaela Hernandez Zarco and Woodland Park for Unit # 1 located at 301 East O'Keefe Street, East Palo Alto, CA 94303.

1. In recent times, bed bugs have become a re-emerging problem nationwide. One reason for these increasing problems is that it is easy for persons to spread the problem unknowingly. Bed bugs readily hide in small crevices and are notorious hitch-hikers. Bed bugs are often transferred by purchasing used furniture and through travel in luggage and in hotel beds linens.

2. Landlord provides the following information about bedbugs pursuant to California Civil Code Section 1954.603:

   a) Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

   b) Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

   c) Bed bugs can survive for months without feeding.

   d) Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

   e) Common signs symptoms of a possible bed bug infestation:

      • Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

      • Molted bed bug skins, white, sticky eggs, or empty eggshells.

      • Very heavily infested areas may have a characteristically sweet odor.

      • Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

   f) For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

3. The best strategy for effective pest control is prevention. The following are recommended steps in the prevention of infestations by insects vermin, including bed bugs: (1) Clean Premises regularly, including vacuuming mattresses; (2) Clean up clutter to help reduce the number of places insects like bed bugs can hide; (3) Carefully thoroughly inspect used furniture or clothes you acquire bring into the Premises; Ask the person from whom you acquire the items if the items were checked and treated for bed bugs; (4) Do not bring discarded furniture, mattresses or clothing into the Premises; and (5) When traveling or staying in hotels, avoid places which do not appear to be cleaned regularly.

4. If the Premises or neighboring Premises are infested with vermin or insects, including bed bugs, Landlord may hire a pest control professional to develop a treatment plan and apply pesticides. The Premises must be properly prepared for any treatment and Resident must cooperate with the implementation of the treatment plan.

Resident and Landlord represent that they have read this Addendum, understands the terms and conditions contained herein, and agree to the terms conditions contained herein.

UTILITY ADDENDUM 2 (WITH GAS ELECTRIC CHARGES)

UTILITY/ SERVICE	UTILITY'S CUSTOMER OF RECORD	CHARGED TO RESIDENT?	CALCULATION METHOD ("FORMULA") For CHARGES TO RESIDENT	COMMON AREAS
Water	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Sewer	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Trash	Landlord	Yes		Resident will pay a pro-rata share of the utilities consumed in common areas
Gas	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill
Electricity	Landlord	Yes		Are not separately metered a deduction of 0% for estimated common area charges is made before calculating Resident's bill

This document is an addendum to the California Lease Agreement ("Lease") dated May 3, 2011 between Rafaela Hernandez Zarco ("Resident") and Woodland Park ("Landlord") for the Unit # 207 ("Premises") located at 301 East O'Keefe Street #1, East Palo Alto, CA 94303.

1. **Resident Not the Direct Customer of Record.** The following provisions apply to utilities/services which are the Resident's responsibility, but of which Landlord is the utility/service customer of record.

   i. Sub-metered Utilities. Billings based on sub-meter readings (if any) will itemize the beginning and ending meter readings, the rate charged to Resident and all categories of information that appear within the utility's standard billing format to the Landlord billing amounts will be determined by multiplying the sub-meter readings for the Resident's Premises by the utility rate that would be charged by the utility for that level of consumption if the Resident was the utility provider's direct customer of record. Residents should be aware that because of volume discounts the rate charged to Landlord may be less than the rate that would be charged to the Resident if the Resident was the utility provider's direct customer of record. If the Premises are sub-metered, Resident agrees to allow Landlord, or a billing service provider designated by Landlord, access to Resident's Premises in order to install, repair, remove read sub-meters.

   ii. The sub meters in the Premises are located_____. Landlord's agent will require access to your Premises, upon reasonable advanced notice (at least 24 hours when possible), for the purpose of submeter installation, repair, reading, maintenance, inspections testing.

   iii. RUBS Formula Billing Used. If formula billing is used, the specific formula used is indicated above. Details about formulas are below.
      a. Square footage: For any Square Footage formula, Resident's share is calculated by comparing the approximate square footage of Resident's Premises as compared to the total square footage of all premises on the property.
      b. Occupants: Resident's share using an Occupant formula is calculated by comparing the number of occupants residing in Resident's Premises as compared to all occupants in all premises on the property as of the first day of the month. Resident represents that all occupants that who reside in the Premises are identified in the Lease. Resident agrees to immediately notify Landlord of any change in the number of occupants.
      c. Per Premises: Dividing the bill equally among all premises on the property.
      d. Flat: Standard amount charged each month.

2. **Water, Sewer, Trash, Gas, Electricity.** If either sub-metering or formula methods are used to calculate Resident's share for water, sewer, trash, gas, or electricity, all related charges assessed to Landlord may be used to calculate the amount charged to Resident. These may include (but are not limited to) related charges contained on tax bills, and all charges contained on the local water provider's bills to Landlord. Landlord Resident agree that it is impractical or extremely difficult to determine the exact amount of the utilities consumed by Resident (/or in the common areas), but that the methods used to determine Resident's share described above are reasonably accurate estimates. Trash costs to be charged to Resident may include actual trash invoices, costs on tax bills, Landlord's internal costs related to trash disposal, trash management costs, trash auditing costs, and recycling charges.

3. **Utility Billing Service.** Landlord currently uses the services of Conservice, Resident Services, P.O. Box 4718, Logan, Utah, 84323-4718 ("Utility Billing Company") to bill for utilities. Landlord reserves the right to change utility billing service providers at any time. If Landlord changes the utility billing service during Resident's tenancy, Resident will be given notice by Landlord. The Utility Billing Company is not the utility provider. Resident Questions Concerns Regarding Utility Billings may be addressed to Conservice 1-866-947-7 2079

4. **Utility Billing Statements.** Resident will receive monthly billing statements. All amounts due to are payable to Woodland Park at 5 Newell Court or at 2041 Euclid Ave., East Palo Alto, CA 94303. Failure of the Resident to pay the utility charges by their due date will be considered a material breach of the Lease grounds for termination. All monetary amounts due under this Utility Addendum are deemed additional rent. Utility billings will be prorated as necessary.

5. **Payment from Security Deposit.** Any obligation that remains unpaid, including utility charges that have accrued but have not been invoiced when Landlord reacquires possession of the Premises, may be deducted from the Resident's security deposit. If actual amounts have not been determined before Landlord provides Resident with an accounting of Resident's security deposit, Landlord may estimate the amount based on prior consumption or until actual numbers become available.

6. **Utility Payment.** Resident must make payment in full to Landlord or the Utility Billing Company for the utility charges prior to the due date listed on each bill.

i Landlord Resident agree that the actual cost to Landlord /or Utility Billing Company when Resident fails to pay the utility bill on time is difficult or impossible to ascertain, but the Parties agree that Landlord /or Utility Billing Company does, in the event of a late payment, incur certain costs including, without limitation, additional bookkeeping administrative charges, additional charges from the billing provider, costs in printing mailing late notices, lost opportunity costs of the payment. Accordingly, Landlord and Resident agree that if the payment is received after the enumerated due date then:

a. If the Utility Billing company collects utility payments then Resident shall immediately pay a late payment in the amount of $35.00, which is a reasonable estimate of the costs incurred;

b. If Landlord collects utility payments then late fees shall apply as if rent was not paid. Returned checks will be assessed a non-sufficient funds charge applicable charges in accordance to the Lease.

i Resident's billing statement will include a monthly service charge of up to $0.00. A new account set up charge of $0.00 final bill fee of $0.00 will also be applied to the resident's bill. The service charge represents the reasonable value of services provided by Landlord or the utility billing company to allocate the utility costs to the responsible parties, provides billing to Resident, and process payments. The monthly service charge is subject to change upon sixty (60) days written notice of increase. Resident agrees to pay any fees charged by a collection agency to Landlord to collect amounts due from Resident.

7. **No Waiver.** Landlord's waiver of any covenant of this Utility Addendum or the Lease will not constitute a waiver of any other breach. Landlord's acceptance of rent or any other payment with knowledge of Resident's failure to pay utility charges does not waive Landlord's right to enforce any provision of this Utility Addendum or the Lease. No waiver will exist unless made in writing and signed by both Resident and Landlord.

8. **Estimation.** Landlord may estimate Resident's consumption if Resident's sub-meter is broken or does not transmit a meter reading or if Landlord has not received bills from utility providers in time to prepare Resident's invoices.

Resident and Landlord represent that they have read this Addendum, understanding the terms conditions contained herein, and agree to the terms and conditions contained herein.

ACKNOWLEDGEMENT RE USE OF MEDICAL MARIJUANA

Resident acknowledges receipt and understanding of the attached policies concerning use of Medical Marijuana. If applicable, Resident agrees to complete the Addendum for any Resident, Occupant, invitee, or guest who requires a Medical Marijuana Accommodation. If the accommodation is not applicable, Resident is **not** required to complete the Addendum and it will remain solely as an informative section of the lease, not an Acknowledgment of any sort.

ADDENDUM RE USE OF MEDICAL MARIJUANA

This document is an addendum to the Lease Agreement dated **May 3, 2011** between **Rafaela Hernandez Zarco** and **Woodland Park** for the **Unit # 1** located at **301 East O'Keefe Street, East Palo Alto, CA 94303**.

I have read the following and agree to adhere to the below rules and regulations for Medical Marijuana use at the Community:

1. I have a physical or mental impairment that limits one (or more) major life activity. As a result of my disability, I require the use of Medical Marijuana. A copy of the Medical Marijuana Card is attached and incorporated by reference into this Addendum. I agree to notify Landlord if the Medical Marijuana Card is revoked or expires and understands that this Agreement terminates immediately upon revocation or expiration of the Medical Marijuana Card.
2. The Office of Environmental Health Hazard Assessment and the California Environmental Protection Agency list marijuana smoke as a carcinogen. In 2009, the Carcinogen Identification Committee determined that marijuana smoke was shown to cause cancer, and was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).
3. I UNDERSTAND THAT ANY SECONDHAND MARIJUANA SMOKE THAT DRIFTS INTO THE WINDOWS OF OTHER UNITS, THROUGH THE VENTS, UNDER ANOTHER RESIDENT'S DOOR, ONTO A BALCONY, OR IN A COMMON AREA (INCLUDING FITNESS CENTER POOL/SPA) IS PROHIBITED. I AGREE TO CONFINE THE SMOKE TO MY PREMISES AND AGREE THAT ANY SMOKE THAT AFFECTS A NEIGHBORING RESIDENT WILL BE DEEMED A NUISANCE. I UNDERSTAND THAT I WILL BE REQUIRED TO TAKE THE MEDICATION IN AN ALTERNATE MEANS /OR SMOKE IN AN ALTERNATE LOCATION IF THE SMOKE DISTURBS ANY NEIGHBORING RESIDENT.
4. I understand that there are reasonable alternate means to take the medication, including (among others) edibles, tinctures, beverages, cannabis oils, and pills. Landlord understands that each individual's medical situation is different and will address the specific situation and alternate means to take the medication with advice from the prescribing physician.
5. The distribution /or sale of marijuana or any other narcotic or illegal substance is a violation of the Lease and basis for termination of tenancy.
6. Resident is prohibited from making any unauthorized modifications to the Premises, including indoor irrigation systems or any other alteration that may increase the moisture /or humidity levels or risk of fire in the Premises, building or Community.
7. This Addendum may be modified for any reason at any time without Resident's approval in accordance with State and Federal law.
8. Except as expressly modified hereunder, the remaining terms and conditions of the Lease as previously amended shall remain in full force and effect.
9. Resident hereby acknowledges that this addendum is incorporated into the Lease.
10. The Parties hereto represent and acknowledge that in executing this Agreement they do not rely upon and have not relied upon any representation made by the other party with regard to the subject matter of this Addendum, or its effects, other than those representations specifically set forth herein. No supplement, modification, or amendment of this Addendum shall be binding unless executed in writing by both Parties.

This Addendum may be executed in counterparts facsimile copies of same shall be admissible for all purposes shall be deemed an original.

BECAUSE WE CARE

At **Woodland Park**, we care about our residents' safety. We would like you to be aware of some important guidelines for your safety and protecting your personal property. Keep in mind that security is provided by local law enforcement agencies, much as it is for the other communities in the surrounding area. You should always proceed as if safety systems do not exist. The best safety measures you can take are the ones you can perform yourself as a matter of common sense. We have worked with local law enforcement agencies to develop a list of their recommendations for prudent practices regarding your personal safety. We provide this list as a convenience to you, without making any representation or warranty, and subject to the Lessee Security Notice & Acknowledgement:

PERSONAL SAFETY/INSIDE YOUR HOME

1. Lock your doors and windows, even when you're home.
2. If you have a deadbolt or night latch, use them even when you're home.
3. Never answer your door unless you know who is on the other side by looking through a peephole or window. If you don't know the person, talk to them without opening the door, and don't open the door unless you're satisfied with their identity.
4. If you are worried because you have lost a key, ask the management to rekey the locks. You have the right to do so, provided that you pay the cost of rekeying in advance.
5. Keep the telephone numbers for the police, emergency, and medical services handy.
6. Check your smoke detector periodically to ensure it is working.
7. Report to the management (in writing, dated signed) any malfunction of safety devices outside your home such as broken gate locks, burned-out stairwell parking lot lights, etc.
8. Close your curtains or blinds at night.
9. Let friends know when you're going to be gone for an extended period of time. Ask your neighbors to keep an eye on your home, because the management cannot assume that responsibility.
10. Mark or engrave valuable personal possessions for identification.
11. Be careful to whom you lend or give your keys.
12. When lighting candles, always use holders that are sturdy to avoid tipping and keep candles 12" away from flammable objects such as curtains or pillows. Never leave a candle unattended. Extinguish them prior to sleeping or leaving your home.
13. Do not leave cooking items unattended. If a grease fire should break out, place a metal lid over the flames. Do not use glass since the heat from the fire could cause the glass to break. Smother the fire with a liberal amount of baking soda if it is relatively small contained. Do NOT attempt to extinguish a grease fire with water; this will only cause the burning oil to splash and spread the flames.

PERSONAL SAFETY/OUTSIDE YOUR HOME

1. Lock your doors while you're gone. That means dead bolts too!
2. Leave a radio playing very softly when you're not at home.
3. Close and lock your windows when you're gone. Don't forget the sliding glass doors. Purchase a lamp timer at the hardware store, and set the time when you're not home in the evening or when you're on vacation.
4. Try not to walk outside alone at night.
5. Don't hide your front door key under the doormat. It's usually the first place a burglar will look.
6. If you have an entry code, don't give your code to guests or strangers.
7. Arrange for your newspaper delivery to be stopped when you're on vacation.

PERSONAL SAFETY/USING YOUR CAR

1. Lock your car doors when you're driving. Lock the doors and roll up the windows when you leave the car parked.
2. Don't leave visible items in the car, such as purses, briefcases, packages, money, etc.
3. Don't leave your keys in the car.
4. No matter where you are, always carry your key ring in your hand when you walk to the car. Don't ever stand by the car fumbling for keys.
5. Look in the back seat before you get in the car.
6. Don't stop alone at night at an automatic teller or gas station.

RESIDENT SECURITY
NOTICE & ACKNOWLEDGMENT

NOTICE TO RESIDENT: Landlord does not promise, warrant, or guarantee the safety or security of the Resident, Occupants, or their personal property against the criminal actions of other residents or third parties. Each Resident has the responsibility to protect himself or herself and to maintain appropriate insurance to protect his or her belongings.

It is a fact that no security system, courtesy patrol or electronic security device can guarantee protection against crime. Even elaborate security systems are subject to mechanical malfunction, tampering, human error or personnel absenteeism, and can be defeated or avoided by clever criminals. Therefore, Lessees should always proceed on the assumption that no security systems exist. The best safety measures are those precautions that can be performed as a matter of common sense and habit.

If security systems, security devices, or walk-through/drive-through services are employed at this community, no representation is being made that they will be effective to prevent injury, theft or vandalism. Such personnel, if provided, cannot physically be every place at every moment. Usually, such personnel are unarmed independent contractors and have no greater authority under the law to restrain or arrest criminals than the ordinary citizen. Therefore, Landlord does not warrant that any security systems, security devices, or services employed at this community will discourage or prevent breaches of security, intrusions, thefts, or incidents of violent crime. Further, Landlord reserves the right to reduce, modify or eliminate any security system, security devices or services (other than those statutorily required) at any time; Resident agrees that such action shall not be a breach of any obligation or warranty on the part of Landlord.

Resident agrees to promptly notify Landlord in writing of any problem, defect, malfunction or failure of door locks, window latches, controlled access gates, intrusion alarms, and any other security-related device. If Resident's home is equipped with an intrusion alarm, Resident agrees to be responsible for all fines, penalties and other charges resulting from or attributable to the alarm, including false alarm charges.

ACKNOWLEDGMENT BY RESIDENT: I have read, understood and agree with the above notice. I have received no representation or warranties, either express or implied, as to any security or any security system on the property. Landlord has not in any way stated or implied to me that security of person or property was provided, promised, or guaranteed or that the Community was or will be free from crime. I further acknowledge that Landlord is not obligated under any circumstances to respond to any signal from an intrusion alarm system. The responsibility for protecting me, my property, and my family, guests invitees from acts of crime is the sole responsibility of myself and law enforcement agencies.

I agree to release and hold harmless Landlord from claims arising out of criminal acts of other residents and third parties. I agree that Landlord shall not be liable to me based upon any claim that security was not provided, subject to Landlord's compliance with state statutes regarding door locks and window latches. Resident acknowledges that the foregoing shall also be binding upon Resident's heirs, successors, and assigns.

Representatives of Landlord have no authority to make changes or modifications in the terms of this document, except when in writing and signed.

SECURITY DEPOSIT AGREEMENT

This Agreement is made this day, **May 3, 2011**, by and between **Woodland Park** (hereinafter referred to as "Landlord"), Landlord of the Community in which the "Premises", as hereinafter defined, are located, acting pursuant to express written authority given by the owner of such apartment complex, **Rafaela Hernandez Zarco** (hereinafter referred to as "Resident"), in connection with the California Lease Agreement (the "Lease") between Landlord Resident for: **301 East O'Keefe Street #1, East Palo Alto, Ca 94303** in **Woodland Park** (the "Premises").

1. **Security Deposit.** Landlord hereby acknowledges receipt from Resident of the sum of: **$750.00** (Security Deposit) which represents the security deposit payment under the Lease, which shall hereinafter be defined as "Security Deposit". Landlord will hold the Security Deposit for the faithful performance by Resident of Resident's obligations under the Lease, including payment of rent, and cleaning and repair of the Premises after surrender.

2. **Refund of Security Deposit.** Landlord shall deduct from the Security Deposit all monies expended as a result of any breach of the Lease or this Agreement, including but not limited to the following obligations:
   - A. Resident shall vacate completely the entire Premises on or before the date specified in the required written **30-day** move-out notice, expiration of the term of the Lease, or termination or cancellation of the Lease in accordance with the express provisions thereof.
   - B. Payment by Resident of all rent required under the Lease, up to and including the date of expiration or termination of the term of the Lease, or the full move-out notice period, whichever is longer.
   - C. The Premises, including all kitchen appliances (refrigerator, oven, range, dishwasher, and microwave) including all baths, closets, storage areas, patios/balconies, and all other areas have been thoroughly cleaned, so as to be in the same condition as they were in on the commencement date of the term of Lease, normal wear and tear excepted.
   - D. There are no defects or damage to the Premises, whether caused by Resident, pets, or otherwise, unless shown on a written list of damages and defects signed by Resident at the commencement of the Lease term.
   - E. Resident observes and performs all other covenants and obligations to be kept or performed by Resident under the Lease up to and including the date of expiration or termination of the Lease term.
   - F. Resident observes and follows all rules and regulations including, without limitation, those rules and regulations pertaining to pets.
   - G. **RESIDENT has given LANDLORD thirty (30) days written notice prior to the date of expiration or termination of the term of the Lease.**
   - H. Resident has provided Landlord with a written copy of the forwarding address of Resident.

3. **Deductions.** Within twenty-one (21) days after Resident has vacated the Premises, Landlord shall furnish Resident with an itemized written statement of the basis for, and the amount of, any security received and the disposition of such security to Resident.

4. **Move-Out Procedures.** When Resident moves out of the Premises, an inspection of the condition of same shall be made after all of the personal effects of Resident have been removed. Resident should accompany Landlord during said inspection to help resolve any problems that may arise. Failure of Resident to do so shall constitute a concurrence by Resident in Landlord's assessment of charges for damages or cleaning. After inspection by Landlord, appropriate charges will be assessed by Landlord for any missing items; damages or repairs to the Premises, or its contents (normal wear tear excepted) with the exception of those items listed on the Move-In/Move-Out Inspection Report attached to this Agreement; insufficient light bulbs; scratches, burns, or holes in the walls, doors, floors, draperies, carpets /or furniture; for cleaning the Premises (including all kitchen appliances). Resident shall be charged for each unreturned key (mail-box key garage remote), and charged for replacing locks if all door keys to the Premises are not returned to Landlord.

PARKING RULES REGULATIONS

1. Each resident may only use the assigned parking space associated with that resident's lease and parking permit. Any vehicle parked in a parking space other than the assigned space is subject to immediate tow at the owner's expense. If you are not sure which space is yours, please ask the Management Office.
2. Every vehicle, including motorcycles, parked in an assigned **Woodland Park** parking space must have a visible, valid **Woodland Park** parking permit.
3. The **Woodland Park** Management Office at **5 Newell Court, East Palo Alto, CA 94303** issues parking permits. Generally, one parking permit will be issued for each assigned parking space. The make, model, color, and license plate number for each vehicle must be provided to obtain a parking permit.
4. The parking permit, including the permit identification number, must be fully visible at all times that the vehicle is parked at **Woodland Park**. Be sure not to cover the permit identification number.
5. If a resident's vehicle information changes or there are any other changes affecting the parking permit, the Management Office will reissue the parking permit. Upon reissue, the original parking permit will no longer be valid. All updated information must be provided to the Management Office.
6. If a parking permit must be reissued due to loss or theft, the resident will be charged a replacement fee for reissuance of the permit. Upon reissue, the original parking permit will no longer be valid. If the original parking permit is found in any vehicle parked at **Woodland Park**, that vehicle will be subject to immediate tow at the owner's expense. Reproduction or alteration of a parking permit is a direct violation of the Parking Rules. Any vehicle parked at **Woodland Park** with a reproduced or altered parking permit will be subject to immediate tow at the owner's expense.
7. No vehicle may be parked at any time in a fire lane, red zone, or any other area marked "NO PARKING." No vehicle may be parked so as to block any other parking space, sidewalk, driveway, or garage entrance. Any vehicle parked in violation of these rules is subject to immediate tow at the owner's expense.
8. Certain parking spaces are marked as guest or visitor parking spaces. Vehicles cannot be parked in guest or visitor spaces for more than 72 hours, unless the Management Office has provided prior written approval. An unapproved vehicle parked in a guest or visitor space for more than 72 hours is subject to immediate tow at the owner's expense. It is the resident's responsibility to advise guests and visitors of the Parking Rules.
9. Residents and their guests or visitors may park their vehicles in the parking spaces marked "**Woodland Park Management Office**" outside of Management Office hours; however, these vehicles must be moved during Management Office hours (signs are posted with the times). Any vehicle parked in the Management Office parking spaces during office hours are subject to immediate tow at the owner's expense.
10. Motorcycles must be parked in parking spaces. Motorcycles must affix the parking permit so that it is visible on the front area of the vehicle. Motorcycles may not be stored in units, on walkways, in courtyards, or on balconies. All parking rules and regulations apply to motorcycles.
11. All vehicles parked at **Woodland Park** must be in good operating condition and currently registered and licensed. Vehicles leaking any fluids will be subject to clean up fees. Any vehicle that is lacking any part or equipment necessary to operate safely, including without limitation, an engine, transmission, wheels, tires, doors, or windshield is subject to tow at the owner's expense. Management will attempt to provide 72 hours of notice before towing any such vehicle. Vehicle repair and maintenance in parking spaces and/or driveways is strictly prohibited.
12. Storage of personal property is not allowed in parking spaces. Management reserves the right to remove personal property left in parking spaces with no prior warning. Parking spaces and adjacent areas are to be neat and clean at all times.
13. Vehicles are not to be covered. Management will remove and discard covers.
14. Management is not responsible for theft or damage to any vehicle or personal property in the parking areas.
15. Boats, large trucks, RV's or trailers are not to be parked in the parking areas.
16. Bicycles must be parked in designated bicycle racks or inside a Resident's unit. Bicycles may not be stored or parked in common walkways or by the resident's front door.

Please remember to always lock your vehicle and never leave valuables in your car. Management is not responsible for loss or damage. Park at your own risk.

IF YOUR VEHICLE IS TOWED...

You have rights if your vehicle gets towed. Please consult the California Vehicle Code to fully understand your rights, as this is only an overview the law may change at any time.

Generally, prior to paying any towing storage-related fees, you have the right to:

- Receive an itemized invoice of actual charges.
- Receive your personal property, at no charge, during normal business hours.
- Retrieve your vehicle during the first 72 hours of storage and not pay a lien fee.
- Request a copy of the Towing Fees and Access Notice.
- Pay by cash or valid bank credit card
- Inspect your vehicle or have your insurance carrier inspect your vehicle at the storage facility, at no charge, during normal business hours.

You generally have the right to have the vehicle released to you upon (1) payment of all towing and storage-related fees, (2) presentation of a valid photo identification, (3) presentation of reliable documentation showing that you are the owner of the vehicle or that the owner has authorized you to take possession of the vehicle, and (4), if applicable, presentation of any required police or law enforcement release documents.

If you do not pay the towing and/or storage-related fees or you abandon your vehicle at the towing company, the towing company may sell your vehicle and any money received will be applied to towing and storage-related fees that have accumulated against your vehicle. You are still responsible for paying the towing company any outstanding balance due on any of these fees once the sale is complete.

If your vehicle was damaged during storage or towing, the owner of the vehicle may recover for any damage to the vehicle resulting from any intentional or negligent act of a person causing the removal of, or removing, the vehicle.

If the towing company violates the law, you may be able to bring a lawsuit in court, generally in small claims court. The towing company may be civilly liable for damages up to two times the amount charged, not to exceed $500, and possibly more for certain violations.
