

Alameda County Transportation Commission (Commission) Meeting Agenda Thursday, January 22, 2026, 2:00 PM

The Commission and its Standing Committees will meet in the Mary V. King Conference Room at Alameda CTC's offices at 1111 Broadway, Suite 800, Oakland, CA 94607. The live stream of each Alameda CTC Commission and Standing Committee meeting is available for public viewing at www.alamedactc.org/all-meetings by clicking on **View Event** next to the meeting in the list of Upcoming Events.

Members of the public may submit public comments that are addressed to the Commission or Committee members on topics germane to the jurisdiction of the Alameda CTC in person by attending the meeting in Alameda CTC's offices. Alameda CTC conducts orderly meetings to fulfill its mandate. Discriminatory statements or conduct that would potentially violate the federal Civil Rights Act of 1964 and/or the California Fair Employment and Housing Act, California Penal Code sections 403 or 415 is per se disruptive to a meeting and will not be tolerated. Please see [Alameda CTC's Meeting Code of Conduct](#) for more information.

Additionally, comments may be submitted by email sent to the Clerk of the Commission at clerk@alamedactc.org, including the words "Public Comment" and the meeting to which it pertains in the email's subject line. Public comments received by 5:00 p.m. the day before the scheduled meeting will be distributed to Commissioners or Committee members before the meeting and posted on the Alameda CTC website; comments submitted after that time will be distributed to Commissioners or Committee members and posted as soon as possible.

As a convenience, members of the public may also make comments remotely during the meeting by accessing the Zoom link listed below, using the "Raise Hand" feature on their phone, tablet or other device during the relevant agenda item, and waiting to be recognized by the Chair. If calling into the meeting from a telephone, you can press the star key (*) and then the number 9 (*9) to raise/lower your hand. Comments made in person or via Zoom will generally be limited to three minutes in length, or as specified by the Chair. Alameda CTC cannot guarantee that the public's access to Zoom via phone or other device will be uninterrupted, and technical difficulties may occur from time to time. Unless required by the Brown Act, the meeting will continue despite technical difficulties for participants using the Zoom option.

Chair: David Haubert
Vice Chair: Marilyn Ezzy Ashcraft

Executive Director: Tony Tavares
Clerk of the Commission: Elizabeth (Liz) Lake

I wish to comment about
General

My comments

I am here to thank the tax payers, Commission members, and staff for the generous pension benefits that I am currently receiving.

I was hired in 2003 as the Finance Manager/CFO for ACTA and the newly formed ACTIA. My team pulled all finance functions including investments, from Alameda County in 2005 just before the 2008 crash, and set the platform for the consolidated agency that you see now. You have a great staff in finance, wanted specifically mention Lilly, Angelica and Patricia, in Finance/HR for their help when I had problems. You have a good staff at this agency, in my experience and opinion.

Thanks
Anees Azad

EXECUTIVE DIRECTOR'S REPORT

Delivering on Our Promises

Alameda County Transportation Commission (Alameda CTC) has long been dedicated to improving transportation throughout Alameda County—planning, funding, and delivering projects that enhance mobility, safety, and access. The passage of Measure BB in 2014, the third voter-approved transportation sales tax measure, reaffirmed the public's strong and lasting commitment to investing in a better transportation future.

Alameda CTC's work is rooted in long-term planning, strategic investment, and on-the-ground delivery. With a strong focus on transparency, partnership, and public service, the agency continues to improve mobility, enhance safety, and support communities throughout the county.

Thank you for your continued partnership as we build a more connected, safe, and accessible Alameda County.

Sincerely,

Tony Tavares
Executive Director

PROJECT UPDATES

Construction Advances on 7th Street Grade Separation East Project

Alameda CTC, in partnership with the Port and City of Oakland, continues to make steady progress on construction of the 7th Street Grade Separation East Project. Once complete, the project will create a safer, grade separated crossing north of the current 7th Street location, beneath the Union Pacific Railroad (UPRR) railyard tracks. The new crossing will include an elevated sidewalk, bike path, and community-requested green wall which will be covered in plants to add greenery to the project area.

To prepare for construction of the new roadway, crews installed a temporary ground stabilization system which allows for safe excavation. The system is comprised of deep soil mix walls, which strengthen soils with stabilizing materials, and steel bar tiebacks anchors, which stabilize soil while crews dig below ground level. Because of the high groundwater levels at the site, temporary dewatering wells are also necessary to remove groundwater in the area to be excavated. Crews have completed approximately 80% of this stabilization work, allowing major roadway excavation to begin in the Summer of 2025.

Project Updates cont'd on page 2

New 7th St. Grade Separation East alignment – looking east. Picture shows roadway excavation area, deep soil mix and tie-back wall installations.

Project Updates cont'd from page 1

Since excavation began, crews have removed 75,000 Cubic Yards (approximately 5,000 truckloads), which accounts for approximately 60% of the total excavation required.

Fabrication of the new UPRR steel bridge, which will replace the structure located over the current 7th Street location, is 100% complete and will be delivered to the site once construction of the new bridge foundations is complete.

Crews are also relocating UPRR tracks directly north and south of the new roadway to prepare for bridge foundation construction. Overall, construction of the project is approximately 40% complete.

PLANNING AND PROGRAMS UPDATES

Community Partnerships Expand Countywide Transportation Plan Engagement

To expand opportunities for input on the 2026 Countywide Transportation Plan (CTP), especially among historically underserved communities, Alameda CTC established the CTP Working Group which was tasked with developing partnerships with trusted community leaders around the county. Ten community-based organizations (CBOs) meet quarterly with staff and provide guidance on outreach strategy, promote engagement activities, and participate in outreach alongside CTP staff. CBOs were compensated for their involvement and have contributed in the following ways:

- Reviewed engagement materials and outreach strategy to improve survey accessibility and overall impact;
- Recommended an opportunity for open-ended feedback through the "Share My Story" form to reach new audiences;
- Disseminated CTP materials and information through a variety of platforms including SMS, WhatsApp, and social media; and
- Helped host, plan, and co-table events to grow awareness and participation.

Crews relocate Union Pacific Railroad tracks as part of the 7th Street Grade Separation East Project.

North Alameda County	Central Alameda County	South Alameda County	East Alameda County	Countywide
 Roots Community Health	 San Leandro 2050	 Afghan Coalition	 Three Valleys Community Foundation	 El Timpano
 Center for Independent Living	 Cherryland Community Association	 DPAC Deaf Plus Adult Community	 CityServe of the Tri-Valley	 Girls Inc. of Alameda County

The community-based organizations shown here partnered with Alameda CTC to expand CTP outreach and opportunities for engagement across Alameda County.

POLICY NEWS

Alameda CTC Celebrates Entering Second Decade of Measure BB

Alameda CTC is marking the second decade of Measure BB, the voter-approved transportation sales tax that continues to deliver major improvements

countywide. Since distributions began in 2015, Measure BB has provided more than \$1.1 billion for safer streets, better transit and paratransit services, improved mobility, and a stronger local economy. Investments have expanded access for students, older adults, and people with disabilities; delivered safe

Policy News cont'd from page 2

and improved connections across major corridors; and supported local businesses through contracting opportunities and goods-movement improvements. As Measure BB enters its next decade, Alameda CTC is focused on planning and delivering the next generation of transportation improvements to meet the county's evolving mobility, safety, and access goals.

As Alameda CTC celebrates this milestone, the Commission is highlighting how Measure BB is creating more accessible, reliable, and connected communities across Alameda County.

PROGRAMMING UPDATES

Annual Compliance Review Underway for Measure B/BB and VRF Programs

Alameda CTC is reviewing expenditures of Measures B and BB and the Vehicle Registration Fee (VRF) reported by local jurisdictions for fiscal year (FY) 2024-25. Each year, Alameda CTC requires recipients of these direct local distribution (DLD) funds to submit Audited Financial Statements and Program Compliance Reports detailing revenues and expenditures that support local streets and roads, bicycle and pedestrian, paratransit and transit investments.

As part of the voter-approved Measure BB Transportation Expenditure Plan, local agencies and transit operators receive direct local distribution funds totaling approximately \$200 million annually. These funds give local jurisdictions control to invest where transportation needs

are greatest in their communities. These compliance reports provide transparency and document how funds are used, including fund balances and information about specific improvements and programs funded by the sales tax and revenue programs.

Alameda CTC, in coordination with the Independent Watchdog Committee, will review submissions for the FY 2024-25 reporting year to assess program compliance and note any discrepancies to the Commission in the Spring 2026. Program compliance information is available on the [Alameda CTC website](https://alamedactc.org/compliance-reports) (alamedactc.org/compliance-reports).

Measure BB Investment Supports Accessible Transportation Through CRIL

In May 2024, Alameda CTC awarded \$1.06 million in Measure BB funds to the Community Resources for Independent Living (CRIL), a non-profit, peer-based agency in that empowers people with disabilities in Alameda County to live independently. Alameda CTC funding supports the Door-through-Door and Travel Training program operations for five years—from FY 2024-25 through FY 2028-29. This program provides transportation for individuals who need assistance at their destination, along with individualized and group travel training for individuals with disabilities and older adults. During the first half of this year, CRIL delivered 22 individualized travel training sessions and three group sessions, and provided 870 trips to 111 consumers. To improve accessibility and reach a broader audience, CRIL provided a Spanish speaking scheduler to support program participants.

Transportation Investments

Alameda CTC supports the future of Alameda County by equitably investing in projects and programs throughout the county to improve transportation.

Measure BB Program Distributions

Measure BB direct local distributions began in April 2015 and total more than \$1.10 billion; over \$15 million was distributed in September 2025.

Vehicle Registration Fee

Since 2011, Alameda CTC has distributed more than \$98.6 million for local road improvement and repair; \$1 million was collected in September 2025.

Agency Activities

During December 2025 and January 2026, Alameda CTC either hosted, sponsored or participated in the following events:

- Jan 15-16 – CALCOG's California Academy for Regional Leaders (CARL) in Stockton
- Jan 22 – 2026 District 4 Caltrans Calmentor 1st Quarter Meeting
- Jan 31 & Feb 1 – Oakland Chinatown Lunar New Year Bazaar

Bike Mobile Outreach Events:

- Dec 12 – Livermore Library, Rincon Branch
- Dec 13 – Livermore Library, Civic Center
- Dec 15 – Lockwood STEAM, Oakland
- Dec 16 – Delaine Eastin Elementary, Union City
- Dec 17 – Castlemont High, Oakland
- Dec 19 – United for Success Academy Middle, Oakland
- Jan 9 – Eleanor Murray Fallon, Dublin
- Jan 12 – E. M. Grimmer Elementary, Fremont
- Jan 13 – Amador Valley High, Pleasanton
- Jan 14 – Bay Elementary, San Lorenzo
- Jan 15 – Community School for Creative Education, Oakland
- Jan 16 – International Community Elementary, Oakland
- Jan 20 – Ruus Elementary, Hayward
- Jan 21 – Global Family Elementary, Oakland
- Jan 22 – Joseph Azevada Elementary, Fremont

FINANCE UPDATES

Alameda CTC Strengthens Financial Transparency with ACFR and Budget Planning

In December, finance staff, together with consultants Maze and Associates, presented the Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2025 to the Commission. Alameda CTC received an unmodified, or clean, opinion for its financial statements, related notes, required schedules, and federal compliance. The ACFR will be submitted to the Government Finance Officers Association (GFOA) for consideration for the award for Excellence in Financial Reporting. This award recognizes government agencies that go beyond minimum requirements when preparing ACFRs to ensure transparency and full disclosure. Alameda CTC has earned this award for the past 12 consecutive years.

In addition, finance staff launched the mid-year budget update for FY 2025-26 and began preparations for the FY 2026-27 annual budget. Staff worked across departments to ensure that budget priorities and program needs are fully addressed for each fiscal year.

Contracting Opportunities

Alameda CTC anticipates upcoming solicitations for the following professional services and construction contracts:

Professional Services

- Program Management Services – Accessible Transportation
- San Pablo Avenue Bus Lanes and Bike Lanes Project
- Express Lane System Manager and Program Support

Construction

- San Pablo Avenue Parallel Bike Improvements
- East Bay Greenway Multimodal – North Segment (San Leandro – Broadmoor Boulevard to E14th Street)
- East Bay Greenway Multimodal – North Segment (Lake Merritt to Fruitvale BART Segment)

For more information, visit the [Contracting Opportunities webpage](#).

OTHER NEWS

Staff Bring Lessons for Responsible AI in Government Back to Agency

Alameda CTC staff recently participated in the GovAI Coalition Summit, a national conference focused on the use of Artificial Intelligence (AI) in government. The event, hosted in San José by the GovAI Coalition, brought together representatives from more than 300 government agencies to share insights on leveraging AI responsibly and sustainably.

The GovAI Coalition—a rapidly growing network of hundreds of government agencies led by the City of San José—provides resources, templates, and a collaborative platform for exploring critical topics in public service delivery. Staff are excited to bring back lessons on how to responsibly adapt AI tools that can enhance Commission services.

COMMITTEE ACTIVITIES

January 8th: The Alameda County Technical Advisory Committee (ACTAC) received reports on the Measure BB/VRF Direct Local Distribution Program Performance Measures and a Program Compliance update.

January 15th: The Independent Watchdog Committee (IWC) received an update on the Measure B/BB Direct Local Distribution Programs including performance measures updates and grant program status, and a briefing of the upcoming DLD Program Compliance process for reporting fiscal year 2024-25.

Visit [Alameda CTC's Meetings webpage](#) for details on upcoming meetings.

Alameda County Transportation Commission Meeting Minutes Thursday, December 11, 2025, 2:00 p.m.

6.1

1111 Broadway, Suite 800, Oakland, CA 94607

• PH: (510) 208-7400

• www.AlamedaCTC.org

1. Call to Order

2. Roll Call

A roll call was conducted. All members were present except Commissioners Fife, Fortunato Bas, Jordan, Márquez, Miley and Taplin.

Commissioner Bowen attended as an alternate for Commissioner Tam.

Subsequent to the roll call:

Commissioner Miley arrived during item 3.

Commissioner Taplin arrived during item 6.

Commissioner Fife arrived during item 7.3.

3. Public Comment

There were six verbal public comments.

4. Chair and Vice Chair Report

Chair Haubert and Vice Chair Ezzy Ashcraft each shared a brief report.

5. Executive Director's Report

Executive Director Tony Tavares shared several updates with the Commission during his report.

6. Consent Calendar

6.1 Approve the October 23, 2025 Commission Meeting Minutes

6.2 Approve the Alameda CTC Meeting Schedule for the 2026 Calendar Year

6.3 Fiscal Year (FY) 2025-26 First Quarter Report of Claims Acted Upon Under the Government Claims Act Update

6.4 Annual Local Business Contract Equity Program Utilization Report for Payments Processed between July 1, 2024 and June 30, 2025

6.5 Approve the Alameda CTC FY2025-26 First Quarter Consolidated Financial Report

6.6 Approve the Professional Services Contracts Plan

6.7 Approve the Annual Performance Objectives for the Executive Director

6.8 I-580 and I-680 Express Lanes Quarterly Operations Update

6.9 Approve Administrative Amendments to Various Agreements to Extend Agreement Expiration Dates

6.10 Informational update on the East Bay Greenway Multimodal - Hayward Segment Project (Project Number 1587.003)

- 6.11 Approve Resolution 25-008 including Actions Associated with Allocation of Regional Measure 3 funds for the City of Newark’s Thorton Avenue Multimodal Complete Streets Project**
- 6.12 Approve Resolution 25-009 including Actions Associated with Allocation of Regional Measure 3 Funds for the City of Union City’s Quarry Lakes Parkway Project**
- 6.13 Approve Time Extension Actions Associated with the 2014 Transportation Expenditure Plan Deadlines for Securing Environmental Clearance and a Full Funding Plan**
- 6.14 Approve Advance Programming of One Bay Area Grant Cycle 4 Funding for the Alameda County Safe Routes to Schools Program**
- 6.15 Approve Amendments to Professional Service Agreements for Closeout Services for Capital Projects**
- 6.16 Informational Update on the I-580 Express Lanes Expenditure Plan – Net Toll Revenue Programming**
- 6.17 Congestion Management Program: Summary of Review and Comments on Environmental Documents and General Plan Amendments**
- 6.18 Approve the Bicycle and Pedestrian Advisory Committee Bylaws Update**
- 6.19 Approve the 2026 Legislative Program**
- 6.20 Alameda County Mobility Needs Assessment for Older Adults and People with Disabilities Update**
- 6.21 Approve the Access for All Grant Program Guidelines**
- 6.22 Approve Community Advisory Committee Appointments**

Commissioner Marchand made a motion to approve the Consent Calendar. Commissioner Brown seconded the motion. The motion passed with the following roll call vote:

Yes: Balch, Bowen, Brown, Ezzy Ashcraft, González, Hannon, Haubert, Hernandez, Hu, Marchand, McCarthy, Miley, Salinas, Salwan, Singh, Solomon, Taplin, Young

No: None

Abstain: None

Absent: Fife, Fortunato Bas, Jordan, Márquez

7. Committee Member Reports

7.1 Bicycle and Pedestrian Advisory Committee (BPAC)

BPAC Vice Chair Matt Turner provided a report from the October BPAC meeting.

7.2 Independent Watchdog Committee (IWC)

IWC Chair Damian Park provided a report from the November IWC meeting.

7.3 Paratransit Advisory and Planning Committee (PAPCO)

PAPCO Chair Sandra Johnson provided a report from the October PAPCO meeting.

8. Regular Matters

8.1 Approve the Alameda CTC Draft Audited Annual Comprehensive Financial Report for the Year Ended June 30, 2025

Whitney Crockett of Maze & Associates provided an overview of Alameda CTC's Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2025.

Patricia Reavey recommended that the Commission approve the Alameda CTC Draft ACFR for the Year Ended June 30, 2025.

Commissioner Ezzy Ashcraft made a motion to approve the item. Commissioner Young seconded the motion. The motion passed with the following roll call vote:

Yes: Balch, Bowen, Brown, Ezzy Ashcraft, Fife, González, Hannon, Haubert, Hernandez, Hu, Marchand, McCarthy, Miley, Salinas, Salwan, Singh, Solomon, Taplin, Young

No: None

Abstain: None

Absent: Fortunato Bas, Jordan, Márquez

8.2 Approve the Alameda CTC Staff and Retiree Benefits for Calendar Year 2026, Classifications Ranges for FY2026-27, and Staffing Plan

Angelica Khan presented an annual benefits plan, classification ranges, and staffing plan to the Commission for approval.

Under the Brown Act, Alameda CTC is required to provide an oral summary of any recommendation for salaries or benefits affecting positions identified as "local agency executives" prior to final action by the Commission on the recommendation.

There are five positions in the classification list which are considered local agency executives including: the

- Executive Director,
- Chief Deputy Executive Director,
- Deputy Executive Director of Projects,
- Deputy Executive Director of Finance and Administration, and
- Deputy Executive Director of Planning and Policy.

The requested approval does not affect the Executive Director's, Chief Deputy Executive Director's, or the Deputy Executive Directors' salaries. As with all employees, there will be a slight increase to the cafeteria plan allowance of \$323 which could affect local agency executive benefits.

Commissioner Marchand made a motion to approve the item. Commissioner Fife seconded the motion. The motion passed with the following roll call vote:

Yes: Balch, Bowen, Brown, Ezzy Ashcraft, Fife, González, Hannon, Haubert, Hernandez, Hu, Marchand, McCarthy, Miley, Salinas, Salwan, Singh, Solomon, Taplin, Young

No: None
Abstain: None
Absent: Fortunato Bas, Jordan, Márquez

8.3 Plan Bay Area 2050+ Update

The Commission received an update from the Metropolitan Transportation Commission and the Association of Bay Area Governments on Plan Bay Area 2050+.

8.4 Adoption of an Amendment to the Alameda CTC Express Lanes Toll Enforcement Ordinance – Public Hearing

Chair Haubert opened the public hearing. John Lowery recommended that the Commission waive the reading and adopt an ordinance to amend Alameda CTC's Express Lanes Toll Enforcement Ordinance to update the limits of the I-680 Express Lanes and remove references to the Clean Air Vehicle toll discount that expired on September 30, 2025. Following the public comment period for this item, Chair Haubert closed the public hearing.

Commissioner Singh made a motion to approve the item. Commissioner Young seconded the motion. The motion passed with the following roll call vote:

Yes: Balch, Bowen, Brown, Ezzy Ashcraft, Fife, González, Hannon, Haubert, Hernandez, Hu, Marchand, McCarthy, Miley, Salinas, Salwan, Singh, Solomon, Taplin, Young
No: None
Abstain: None
Absent: Fortunato Bas, Jordan, Márquez

9. Adjournment

Memorandum

6.2

1111 Broadway, Suite 800, Oakland, CA 94607

• PH: (510) 208-7400

• www.AlamedaCTC.org

DATE: January 15, 2026

TO: Alameda County Transportation Commission

FROM: Colin Dentel-Post, Assistant Director of Planning
Aleida Andrino-Chavez, Associate Transportation Planner

SUBJECT: Congestion Management Program: Summary of Alameda CTC's Review and Comments on Environmental Documents and General Plan Amendments Update

Recommendation

Receive an update on the Congestion Management Program (CMP): Summary of Alameda CTC's Review and Comments on Environmental Documents and General Plan Amendments. This item is for information only.

Summary

Commenting on Notices of Preparation (NOPs) and Draft Environmental Impact Reports (DEIRs) fulfills one of the requirements under the Land Use Analysis Program (LUAP) element of the CMP. As part of the LUAP, Alameda CTC reviews NOPs, General Plan Amendments, and Environmental Impact Reports prepared by local jurisdictions and comments on the potential impact of proposed land development on the regional transportation system.

Between October 16 and December 15, 2025, Alameda CTC did not submit comments on any NOPs or DEIRs.

Fiscal Impact: There is no fiscal impact. This item is for information only.

Memorandum

6.3

1111 Broadway, Suite 800, Oakland, CA 94607

• 510.208.7400

• www.AlamedaCTC.org

DATE: January 15, 2026

TO: Alameda County Transportation Commission

FROM: Remy Goldsmith, Assistant Director of Policy and Government Affairs

SUBJECT: Federal, State, Regional and Local Legislative Activities Update

Recommendation

Receive an update on the federal, state, regional and local legislative activities. This item is for information only.

Summary

This item provides the Commission with an update on the state budget, potential implications for transportation funding, and efforts to reauthorize the next federal surface transportation bill, a critical funding source for state and local transportation improvement projects.

Background

Each month, staff brings items to the Commission that are guided by the priorities identified in Alameda CTC's 2026 Legislative Program, approved by the Commission in December 2025 and included as Attachment A. The Legislative Program informs Alameda CTC's legislative activities, including recommended positions on pending legislation and updates on relevant legislative and policy developments.

State Budget

The Governor has released his proposed State Budget, which reflects higher-than-anticipated revenues but continues to project a nearly \$3 billion shortfall in FY 2026–27. Alameda CTC staff are evaluating the proposed budget and will provide more information to the Planning, Policy, and Legislation Committee (PPLC) in February as the budget process advances.

Federal Reauthorization of Surface Transportation Bill

In 2026, federal activities are expected to focus on development and authorization of the next surface transportation bill, which will replace the Infrastructure Investment and Jobs Act (IIJA), the current federal surface transportation law. The IIJA provides the primary source of multi-year funding certainty for highway, transit, and safety programs nationwide and is

critical for state and local transportation improvement projects. Both the U.S. Department of Transportation and Congress continue to reiterate a shared goal of enacting a long-term authorization before the current law expires at the end of September 2026. Staff will provide updates as legislation develops.

Fiscal Impact

There is no fiscal impact. This item is for information only.

Attachment:

- A. Alameda CTC 2026 Legislative Program

2026 Legislative Program

The Alameda County Transportation Commission (Alameda CTC) legislative program identifies core legislative priorities to support and advance the vision and goals adopted in the Policy Blueprint for the 2026 Countywide Transportation Plan. Alameda CTC will develop strategic partnerships and support efforts to increase transportation funding and support policies that advance this legislative program.

Core Legislative Priorities
Transportation Funding: Advocate for increased transportation funding and protection of existing funding to support projects, programs, and operations and seek to leverage local funds to the maximum extent possible to implement transportation improvements and services in Alameda County through grants and partnerships with regional, state and federal agencies. Advocate for sustainable funding to support transit agencies. Support efforts to advance full implementation of Cap-and-Invest Program to ensure revenues effectively benefit transit, sustainable transportation, and community investments.
Safety: Advocate for resources and legislation that enable Alameda CTC to deliver safe, multimodal infrastructure that prioritizes the safety of all users. Support opportunities for local jurisdictions to advance initiatives to increase safety in their communities.
Economic Vitality: Advocate for policies and investments that strengthen Alameda County's economy by supporting an efficient, reliable transportation system that provides access to opportunity and sustains prosperity across the Northern California megaregion. Support modernization of goods movement infrastructure, improvements to safety and reliability, and integration of transportation and land use to promote a cleaner, more resilient economy.
Healthy Communities: Support legislation, strategies and investments that reduce pollution to create sustainable and healthy communities and increase the resilience of our transportation system and communities, especially for low-income communities and those historically underserved by high-quality transportation. Promote initiatives that increase resiliency of the transportation system and support funding and investments to reduce pollution and improve air quality.
Equity: Advocate for resources, legislation, and initiatives that expand access to safe, affordable, and reliable transportation options throughout Alameda County, with focused support for low-income and underserved communities. Advance inclusion, economic opportunity, and healthy communities throughout the legislative program.
Effective Project Delivery and Operations: Support policies that facilitate efficient and expedited project development and delivery processes, effective and efficient transportation system operations, and innovative and timely project delivery.

In-depth Core Legislative Priorities

Transportation Funding: Advocate for increased transportation funding and protection of existing funding to support projects, programs, and operations and seek to leverage local funds to the maximum extent possible to implement transportation improvements and services in Alameda County through grants and partnerships with regional, state and federal agencies. Advocate for sustainable funding to support transit agencies. Support efforts to advance full implementation of Cap-and-Invest Program to ensure revenues effectively benefit transit, sustainable transportation, and community investments. Seek, acquire, accept and implement grants to advance project and program delivery.

- Support efforts to increase transportation funding and advance priority projects and programs in Alameda County, including regional transportation measures.
- Support transit agencies as they improve fiscal solvency and ridership, including regional efforts to secure sustainable multi-year funding and improve service for the public.
- Support efforts that protect against transportation funding diversions.
- Ensure fair share of sales tax allocations from new laws and regulations.
- Protect and enhance voter-approved funding. Support efforts to lower the two-thirds voter threshold for voter-approved transportation measures including funding for delivery of programs and operations.
- Support rewarding Self-Help Counties and states that provide significant transportation funding.
- Support efforts to increase funding and advance policies that support transit, paratransit, and multimodal transportation incorporating multiple modes of transportation.
- Support efforts to increase funding to advance safety and active transportation.
- Support policies and funding that enhance Bay Area goods movement and passenger rail funding, delivery and advocacy that improve the economy, local communities, and the environment.
- Support policies and programs that improve transportation services and infrastructure and do not create unfunded mandates.

Safety: Advocate for resources and legislation that enable Alameda CTC to deliver safe, multimodal infrastructure that prioritizes the safety of all users. Support opportunities for local jurisdictions to advance initiatives to increase safety in their communities.

- Expand multimodal options, shared mobility and innovative technology.
- Support investments in active transportation, including for improved safety and advance Vision Zero strategies to reduce speeds and protect communities.
- Support allowing cities the discretion to use more effective methods of speed enforcement within their jurisdictions.
- Support policies that advance safety for all users of the transportation system, including roadways, sidewalks and transit infrastructure.

- Support advocacy of cooperation and partnership with railroads to advance projects, with a particular interest in rail safety projects.

Economic Vitality: Advocate for policies and investments that strengthen Alameda County's economy by supporting an efficient, reliable transportation system that provides access to opportunity and sustains prosperity across the Northern California megaregion. Support modernization of goods movement infrastructure, improvements to safety and reliability, and integration of transportation and land use to promote a cleaner, more resilient economy.

- Support investments that strengthen Alameda County's role as the Bay Area's primary intermodal hub, improving goods movement infrastructure and ensuring that economic benefits are shared across local communities.
- Advance policies and funding that connect transportation and land use to expand access to quality jobs, education, and services, particularly in areas where improved mobility can unlock new opportunities.
- Promote infrastructure and programs that enhance reliability, affordability, and sustainability, supporting a resilient economy that benefits residents and businesses countywide.

Healthy Communities: Support legislation, strategies and investments that reduce pollution to create sustainable and healthy communities and increase the resilience of our transportation system and communities, especially for low-income communities and those historically underserved by high-quality transportation. Promote initiatives that increase resiliency of the transportation system and support funding and investments to reduce pollution and improve air quality.

- Support funding for infrastructure, operations, and programs to relieve congestion, improve air quality, reduce emissions, expand resiliency and support economic development, including to support transitioning to a cleaner transportation system.
- Support emerging technologies such as alternative fuels and technology to reduce greenhouse gas (GHG) emissions and encourage continued access to the electric grid for charging to support reliable operations.
- Support legislation to modernize the Congestion Management Program, supporting the linkage between transportation, housing, and multimodal performance monitoring.
- Support efforts to increase transit throughout the transportation system, such as on freeway corridors and bridges.
- Support efforts to address climate adaptation and resiliency including planning, funding and implementation support.
- Support legislation and policies to facilitate deployment of connected and autonomous vehicles in Alameda County to enhance last mile connectivity to transit, including data sharing that will enable long-term planning and analysis of benefits and impacts.
- Continue to support legislation that furthers flexibility and reduces barriers for infrastructure improvements that support the linkage between transportation, housing and jobs and leverage opportunities for implementing transportation-oriented

development and Priority Development Areas (PDA), the latter which are places near public transit planned for new homes, jobs and community amenities. This includes transportation corridor investments that link PDAs.

Equity: Advocate for resources, legislation, and initiatives that expand access to safe, affordable, and reliable transportation options throughout Alameda County, with focused support for low-income and underserved communities. Advance inclusion, economic opportunity, and health communities throughout the legislative program.

- Support investments in transportation that enhance access to goods, services, jobs and education.
- Support means-based fare programs while being fiscally responsible.
- Support policies and funding to develop and implement equitable mobility improvements.
- Support projects and programs that reduce emissions with a particular emphasis on communities historically disproportionately burdened by pollution from the transportation sector.
- Support expanding economic opportunities for small and local businesses by leveraging our procurement, contracting and hiring processes and supporting businesses that are disadvantaged or underrepresented.

Effective Project Delivery and Operations: Support policies that facilitate efficient and expedited project development and delivery processes, effective and efficient operations of the transportation system, and support innovative and timely project delivery.

- Advance innovative and cost-effective project delivery.
- Advance efficient and effective operations and governance of the express lane and high-occupancy vehicle (HOV) systems.
- Support environmental streamlining, efforts that reduce project and program implementation costs, and expedited project delivery, including contracting flexibility and innovative project delivery methods.
- Support funding and policies to implement transportation projects that create jobs and economic growth, including apprenticeships and workforce training programs.
- Support HOV/managed lane policies and efforts that promote effective and efficient lane implementation and operations, protect toll operators' management of lane operations and performance, toll rate setting and toll revenue reinvestments, deployment of new technologies and improved enforcement.
- Oppose legislation that degrades HOV lanes that could increase congestion and decrease efficiency.

SUBJECT: 2026 Countywide Transportation Plan Engagement Update

Recommendation

Receive an update on the 2026 Countywide Transportation Plan (CTP) Engagement. This item is for information only.

Summary

Alameda CTC updates the CTP approximately every four to six years to respond to changing conditions and evaluate new opportunities and demands placed on the transportation system. The 2026 CTP update will build on recommendations from the [Policy Blueprint](#), approved by the Commission in October 2024, which sets the plan's vision and goals, and identifies policy objectives that detail how the plan will advance each of the four goals related to safety, equity, climate, and economic vitality.

Consistent with Policy Blueprint recommendations to conduct robust and inclusive public engagement throughout Alameda County, Alameda CTC launched a major round of public engagement between July and October 2025 to collect input on needs and priorities for the CTP. Staff will provide an update on engagement activities including a summary of partnerships with community-based organizations (CBOs), outcomes from digital and in-person events, and key findings that will inform development of the CTP's draft recommendations. The CTP Summer-Fall 2025 Community Engagement Summary Report is included as **Attachment A**.

Background

Public engagement activities conducted between July and October included 21 in-person outreach events and a suite of digital promotions. Engagement through in-person outreach events spanned all areas of the County with at least one event in every local jurisdiction. Events ranged from large community festivals that reached hundreds of

people to smaller, partnered neighborhood events hosted with CBO partner organizations to engage hard-to-reach communities. The full list of events, including partnered events, is included in **Attachment A**.

To expand the reach of the 2026 CTP and hear from a variety of people, especially from historically underserved communities, Alameda CTC formed a CTP Working Group comprised of community leaders from CBOs. Ten CBOs from across Alameda County informed outreach strategy, disseminated and promoted engagement activities, and directly supported outreach alongside staff.

Alameda CTC used recommendations from the agency's Inclusive Engagement Report and the CTP Working Group to increase multilingual outreach and reduce barriers to engagement. Examples of inclusive engagement efforts included partnering with El Timpano, which distributed targeted communications reaching over 3,500 mostly Spanish-speaking residents in Alameda County via WhatsApp and SMS messages. The CTP survey and all promotional materials were available in English, Spanish, and Simplified Chinese. Multilingual staff were present at all events for conversations in English, Spanish, Mandarin Chinese, Tagalog, and Vietnamese. Staff also offered paper surveys, a phone-in option, and one-on-one assistance at events to reduce participation barriers.

Engagement Results and Key Findings

Outreach generated almost 6,000 touchpoints including over 2,000 responses to the 5-minute CTP survey, 3,750 in-person interactions which generated qualitative feedback on transportation priorities, and 88 Share My Story responses. The Share My Story feature allowed respondents to submit longer-form feedback and perspectives on transportation needs and priorities.

The CTP survey reached all Alameda County zip codes with at least one survey respondent in every zip code, and response rates were generally proportional to the population within each planning area. Approximately 21 percent of responses came from Equity Priority Community ZIP codes. Optional demographic questions, answered by more than 90 percent of respondents, showed substantial representation across incomes, age, and racial/ethnic groups. Compared with Alameda County, older, White/Caucasian respondents and women were slightly overrepresented and Black/African American and Latino/Hispanic respondents and young residents were slightly underrepresented.

Across all engagement methods, several consistent themes emerged:

- **Providing equitable transit access** through expanding access to reliable, affordable, and safe transit.
- **Addressing speeding** to improve safety on roadways is a critical community priority to across all areas of the county.
- **Protecting vulnerable users** by focusing on safety for older adults, youth, and people walking or biking.

- **Investing in lighting, greenery, and public spaces** to improve safety, encourage active transportation, and promote community well-being.
- **Maintaining existing infrastructure** with a focus on road and sidewalk conditions.

These five priorities were consistent in survey responses and conversations across all areas of Alameda County. **Attachment A** describes these high-level themes in further detail with additional context by area as applicable.

Conclusions and Next Steps

The CTP is supported by two parallel, detailed planning efforts underway: the Paratransit Needs Assessment and the Countywide Active Transportation Plan (CATP). As presented at November's Planning, Policy and Legislation Committee (PPLC) meeting, Alameda CTC conducted additional, specific outreach with older adults and people with disabilities in August and September 2025 to inform the Paratransit Needs Assessment. This included a tailored survey, tabling at senior centers and health or resource fairs, and outreach with Alameda CTC's Paratransit Advisory and Planning Committee. The CATP will directly use engagement conducted for the CTP to inform focus areas and implementation recommendations. The Commission will receive an update on the CATP at the February PPLC meeting.

Engagement findings from CTP outreach, along with strategies and recommendations from the Paratransit Needs Assessment and CATP, will be coordinated and reflected in the CTP's strategies and core recommendations. Staff will present draft CTP recommendations to the Commission this spring for review and feedback, followed by one more round of public outreach before finalizing the CTP later this year.

Fiscal Impact: There is no fiscal impact. This item is for information only.

TO: Alameda County Transportation Commission

FROM: Carolyn Clevenger, Deputy Executive Director of Planning and Policy

SUBJECT: Approve an Amendment to the 2014 Measure BB Transportation Expenditure Plan

Recommendation

Approve an Amendment to the 2014 Measure BB Transportation Expenditure Plan (2014 TEP).

Summary

The proposed amendment to the 2014 TEP, as requested by the City of Alameda (Attachment A) and AC Transit (Attachment B), would replace the “Alameda to Fruitvale BART Rapid Bus” project with a “City of Alameda Transit Priority and Improvement Program.” The amount of \$9 million remains unchanged.

This is an action item and requires 2/3 approval at the Commission meeting per the 2014 TEP Implementing Guidelines.

Background

The 2014 TEP is guided by principles (“Implementation Guidelines”) that ensure that the revenue generated by the sales tax is spent only for the purposes outlined in the TEP, in the most efficient and effective manner possible, consistent with serving the transportation needs of Alameda County. The Implementation Guidelines include strict project delivery deadlines to ensure that the projects promised in the plan can be completed in a timely manner, and requirements for how funds be reallocated should the need arise. Implementation Guideline 8 establishes that “each project will be given a period of seven years from the first year of revenue collection (up to December 31, 2022) to receive environmental clearance approvals and to have a full funding plan for each project. Project sponsors may appeal to the Alameda CTC Commissioners for one-year time extensions.” (2014 TEP, page 38)

Each year, Alameda CTC requests project sponsors of those projects that have not yet met the deadlines requirement to submit project status updates, including a description of their efforts to obtain environmental clearance approval and a full funding plan, anticipated milestones schedules, and any requests for a time extension. In December 2024, the Commission, with the support of the City of Alameda, did not extend the project deadline requirements for the Alameda to Fruitvale BART Rapid Bus project. Through discussions with the City of Alameda and AC Transit, it was determined that no specific bus rapid transit project was advancing as originally planned in the 2014 TEP. Instead, the City of Alameda and AC Transit identified a set of improvements to support transit. The Commission directed staff to work with the City of Alameda and AC Transit to define a program of projects, determine TEP eligibility and return to the Commission with a recommendation to reprogram Measure BB funds in 2025.

On June 16, 2025, Alameda CTC received a request from the City of Alameda and supported by the AC Transit Board of Directors to amend the 2014 TEP to replace the Alameda to Fruitvale BART Rapid Bus project with a program of transit priority and transit improvement projects.

TEP Amendment Process

In approving Measure BB and the accompanying 2014 TEP, it was anticipated that amendments would be needed over the life of the measure. Implementation Guideline 22 details how funds may be reallocated should the need arise over time.

Should a planned project become undeliverable, infeasible or unfundable due to circumstances unforeseen at the time this Plan was created, or should a project not require all funds programmed for that project or have excess funding, funding for that project will be reallocated to another project or program of the same type, such as Transit, Streets, Highways, Community Development Investments, or Bicycle and Pedestrian Safety, at the discretion of the Alameda CTC. (2014 TEP, page 39)

The Alameda to Fruitvale BART Rapid Bus project is part of the BART, Bus, Senior, and Youth Transit section of the TEP, within the Rapid Bus and Transit Improvements Project investment category. The proposed amendment is consistent with TEP Implementation Guideline 22 as the funds will remain within the BART, Bus, Senior, and Youth Transit section of the TEP, and will maintain the geographic equity of the TEP. In addition, the proposed amendment will ensure improvements are delivered in a timely fashion to benefit the voters of Alameda County.

Proposed Amendment

As of 2016, the City of Alameda planned to use the \$9 million identified in the TEP for the Alameda to Fruitvale BART Rapid Bus project for dedicated bus lanes on Ralph Appenzato Memorial Parkway. The City of Alameda was at that time anticipating high-frequency AC Transit service to the planned development at Alameda Point. Since that time, AC Transit has conducted an extensive overhaul of service through the agency's Realign

Plan implemented in 2025. This restructuring of service results in reduced bus service to the corridor, with one-hour frequencies along Ralph Appezato Memorial Parkway. This level of service is not sufficient to justify dedicated bus lanes.

The City of Alameda worked closely with AC Transit to identify a program of transit improvements in the City of Alameda that, while not a full bus rapid transit project, are consistent with the description of the Rapid Bus and Transit Improvements category of the 2014 TEP and will enhance transit reliability and service. The TEP states that \$35 million in “sales tax funds will be allocated to projects that enhance the reliability and speed of bus transit services in the East Bay. These projects include the implementation of Bus Rapid Transit and transit priority projects,” including \$9 million specifically identified for the Alameda to Fruitvale BART Rapid Bus. Funds may be used for project development, design, construction, access and enhancement of the rapid transit corridors.

While the proposed program of projects is not anticipated to directly improve bus operations or increase ridership at the same level as a rapid bus project would, AC Transit has determined that it does not have the resources available to operate rapid bus service along the originally intended corridor in the near-term. Given the lack of progress on this project since the approval of Measure BB in 2014, and that there is no Rapid Bus/BRT project proposed or in development between Alameda and the Fruitvale BART station, the project as originally intended in the TEP is considered undeliverable or infeasible, as described in Guideline 22. The proposed amendment would enable these funds to be spent on transit reliability and enhancement projects that match AC Transit’s current service plan and need, including lines serving Alameda Point, and support the delivery of transit improvements to benefit the public. The proposed amendment is fully consistent with Implementation Guideline 22 of the TEP which details how funds may be reallocated over time.

City of Alameda Transit Priority and Improvement Program

The City of Alameda is currently advancing a number of multimodal projects that include substantial transit priority and transit improvement elements. Funding in this program will be used for elements of the projects that directly benefit and improve transit service.

The City of Alameda Transit Priority and Improvement Program will increase transit service reliability and provide bus stop amenities and access improvements to support transit priority elements of multimodal projects, such as those on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive.

- Lincoln/Marshall/Pacific Corridor Improvements: Transit service and safety enhancements on a three-mile corridor in Alameda, include bus stop enhancements (i.e., new bus islands, bus stop consolidations, and bus stop amenities). Serves AC Transit lines 96, 631, and 663.
- Stargell Avenue Roundabout and Transit Improvements: Pedestrian safety and transit operational improvements along Willie Stargell Avenue between Main Street

and Mariner Square Loop/East Campus Drive, include four new bus stops following Realign Plan implementation. Serves AC Transit lines 19 and 96.

- Westline Drive Bus Queue Jump Lane: Northbound transit-only lane along Westline Drive/Eighth Street between Otis Drive and Portola Avenue. Serves AC Transit lines 30, 663, and W.

The City of Alameda coordinated with AC Transit to present the program of projects to various local committees for review and feedback, including presentations and discussions at the AC Transit/City of Alameda Interagency Liaison Committee (ILC) in January 2025, and the City of Alameda's Transportation Commission, which endorsed the program of projects in February 2025. The City of Alameda City Council approved the recommendation on May 6, 2025, and the AC Transit Board approved the proposal at its June 11, 2025, Board meeting.

Proposed Amendments Comment Period

The TEP amendment process requires approval of the proposed amendments by Alameda CTC and a 45-day comment period by jurisdictions in Alameda County. Following the September 25, 2025 Commission action, staff initiated the comment period. All jurisdictions within Alameda County were notified via email and letter of the proposed amendments and comment period, and the information was posted on the Alameda CTC webpage Latest News. The comment period ended on November 12, 2025. No comments were received.

Proposed Amendment

Attachment C is the Commission Resolution that documents the amendment. The recommended proposed amendment includes the following elements, which are documented in track changes in Attachment D:

*Existing TEP Language to be Amended as noted in **red** and ~~striketrough~~:*

Amend the BART, Bus, Senior, and Youth Transit references in the TEP as follows:

TEP Table 1 (List of Investments) on Page 3

~~Alameda to Fruitvale BART Rapid Bus~~ **City of Alameda Transit Priority and Improvement Program**

BART, Bus, Senior and Youth Transit, Rapid Bus and Transit Improvements, Page 16

Delete the third bullet under discussion of AC Transit's BRT Projects as described above and as shown below:

- ~~The Alameda to Fruitvale BART Rapid Bus service will provide a fast and reliable connection between the City of Alameda and the Fruitvale BART station, providing service to new development proposed for the City of Alameda.~~

Add a new Program as detailed below:

City of Alameda Transit Priority and Improvement Program

The City of Alameda Transit Priority and Improvement Program will increase transit service reliability and provide bus stop amenities and access improvements to support transit priority elements of multimodal projects such as on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive.

Page 17

Remove “City of Alameda to Fruitvale BART Bus Rapid Transit” from the legend next to item **C** as shown on the map. Replace with “**City of Alameda Transit Priority and Improvement Program**”

Fiscal Impact: There is no fiscal impact.

- D. Proposed 2014 TEP Amendment Redline Markups and Technical Amendments

June 16, 2025

Alameda County Supervisor David Haubert, Chair
Alameda County Transportation Commission
1111 Broadway, Suite 800
Oakland, CA 94607

Subject: Request to Amend 2014 Measure BB Transportation Expenditure Plan

Dear Chair Haubert:

The purpose of this letter is to request the Alameda County Transportation Commission (Alameda CTC) to amend the 2014 Measure BB Transportation Expenditure Plan (TEP). On May 6, 2025, the City of Alameda's City Council authorized this request for "The Alameda to Fruitvale BART Rapid Bus" project on page 16 of the TEP, which totals \$9 million, to be replaced with "a program of transit-focused multimodal projects." This request was developed in coordination with AC Transit, which approved the proposal on June 11, 2025, at its Board meeting.

Background

In November 2014, Alameda County voters passed Measure BB authorizing an extension and augmentation of a preexisting transportation sales tax (Measure B) for transportation projects and programs, which is administered by Alameda CTC. The 2014 Measure BB TEP includes four named rapid bus investments, including a bus corridor project within the City of Alameda titled "The Alameda to Fruitvale BART Rapid Bus" for \$9 million. According to the TEP, these named rapid bus projects must:

"...enhance the reliability and speed of bus transit services in the East Bay. These projects include the implementation of Bus Rapid Transit and transit priority projects on some of the busiest corridors in the AC Transit system... Funds may be used for project development, design, construction, access, and enhancement of the rapid transit corridors."

For "The Alameda to Fruitvale BART Rapid Bus" project, the TEP states that the project:

"will provide a fast and reliable connection between the City of Alameda and the Fruitvale BART station, providing service to new development proposed for the City of Alameda."

City of Alameda
Mayor's Office
2263 Santa Clara Avenue, Room 320
Alameda, California 94501
510.747.4700

In 2016, the City of Alameda planned to use the \$9 million in Measure BB funds for dedicated bus lanes on Ralph Appezzato Memorial Parkway (Appezzato Pkwy), anticipating high-frequency AC Transit service due to the planned development at Alameda Point. In 2017, the City of Alameda included the project in its Capital Improvement Plan and requested Alameda CTC to program the \$9 million in Measure BB funds to the project.

By 2023, AC Transit's draft Realign Plan omitted the anticipated new bus service along Appezzato Pkwy, prompting discussions with AC Transit, including at the AC Transit/City of Alameda Interagency Liaison Committee (ILC), on alternative transit projects. Although AC Transit adjusted its final 2024 Realign Plan to include Line 19 serving Appezzato Pkwy at one-hour frequency, this infrequent level of service did not justify dedicated bus lanes.

The TEP requires projects to complete delivery milestones by a certain deadline to demonstrate project feasibility and progress. Projects may request annual time extensions from Alameda CTC. In fall 2024, as part of the annual time extension request, the City of Alameda noted the change in project status. Consequently, on December 5, 2024, Alameda CTC declined a time extension for the Alameda to Fruitvale BART Rapid Bus/Appezzato Pkwy Bus Lanes project due to no near-term bus rapid transit implementation as originally intended in the TEP. Thus, Measure BB funds would need to be reprogrammed towards eligible transit improvements.

In early 2025, City of Alameda staff, working closely with AC Transit staff, proposed a program of transit-focused multimodal projects elsewhere in Alameda as alternative uses of the \$9 million in Measure BB funds. The AC Transit/City of Alameda ILC discussed this proposal in January 2025, which was well received with positive support. The City of Alameda's Transportation Commission endorsed this recommendation in February 2025 and Alameda's City Council approved the proposal on May 6, 2025. As mentioned, the AC Transit Board approved the proposal on June 11, 2025.

TEP Amendment Request

The City of Alameda requests to amend the TEP's "Alameda to Fruitvale BART Rapid Bus" project on page 16 of the TEP to be replaced with "a program of transit-focused multimodal projects." This proposal focuses on reducing bus travel time and on continuing the momentum of the City's high-priority projects with **a program of transit-focused multimodal projects** on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive as described below.

Lincoln/Marshall/Pacific Corridor Improvements: This project enhances safety on a three-mile High Injury Corridor, as identified in the Vision Zero Action Plan. Funds would support a bus island at the Academy of Alameda (on Pacific Avenue at Fourth Street), consolidated bus stops between Fifth Street and Webster Street for improved efficiency, bus stop amenities, and intersection improvements to make bus stops safer and easier to access. The project will serve Alameda Point via Line 96. Project webpage: www.alamedaca.gov/LincolnMarshallPacific

City of Alameda
Mayor's Office
2263 Santa Clara Avenue, Room 320
Alameda, California 94501
510.747.4700

Stargell Avenue Roundabout and Transit Improvements (Phase 1): The project will add transit-focused improvements to Willie Stargell Avenue between Main Street and Mariner Square Loop/East Campus Drive. The project includes access enhancements and amenities at four new bus stops on the corridor that will serve the newly re-routed Line 19 with implementation of AC Transit's Realign plan. Single-lane roundabouts at Fifth Street and Mariner Square Loop/East Campus Drive will support pedestrian safety and transit operations for Lines 19 and 96 serving Alameda Point. The proposed roundabout at Stargell Avenue/Fifth Street is prioritized for Phase 1 implementation. The proposed roundabout at Stargell Avenue/Mariner Square Loop/East Campus Drive is Phase 2 and is unfunded. Project webpage: www.alamedaca.gov/Stargell

Westline Bus Queue Jump Lane: As stated in the Transportation Choices Plan, the Westline Drive Bus Queue Jump Lane project would identify a transit-only lane along Westline Drive/Eighth Street between Otis Drive and Portola Avenue, in the northbound direction. A dedicated bus lane would allow buses traveling northbound to Central Avenue to bypass general traffic queues. As part of a multimodal concept design process, the project also would identify bikeways on or adjacent to Westline Drive/Eighth Street to help close the Westline Drive/Shoreline Drive and Central Avenue bike lane gap. The project would serve future South Shore development via Line 20.

The City of Alameda can fully comply with the requirements for Measure BB recipients, including but not limited to, annual audits and compliance reporting, separate accounting funds for Measure BB, Independent Watchdog Committee reviews, performance measures, environmental clearance, timely use of funds, contracting requirements, public reviews, and approvals.

On behalf of the City of Alameda, I would like to express my appreciation to Alameda CTC for considering this request to amend the 2014 Measure BB TEP.

Thank you to your esteemed staff for their time and prompt attention to this matter.

Best regards,

Marilyn Ezzy Ashcraft
Mayor, City of Alameda

Executive Director

Tony Tavares

WHEREAS, by action of the governing body (“Commission”) of Alameda County Transportation Commission (“Alameda CTC”) at a regular Commission meeting on January 23, 2014, Alameda CTC approved the 2014 Transportation Expenditure Plan (“2014 TEP”), and in November 2014, the voters of Alameda County approved Measure BB, a sales tax measure intended to provide funding for the 2014 TEP.

WHEREAS, the 2014 TEP allocated \$3.73 billion to projects and programs to support BART, Bus, Senior, and Youth Transit as one of the Project Types in the TEP.

WHEREAS, the 2014 TEP included Implementing Guideline 8, Strict Project Deadlines, providing each project a period of seven years from the first year of revenue collection (up to December 31, 2022) to receive environmental clearance approvals and to have a full funding plan.

WHEREAS, on December 5, 2024 the Commission did not approve a time extension to the deadlines under Implementing Guideline 8, Strict Project Deadlines, for the Alameda to Fruitvale BART Rapid Bus project.

WHEREAS, this project has not demonstrated progress in project development milestones necessary to meet the deadlines set forth in Implementing Guideline 8, Strict Project Deadlines.

WHEREAS, Implementing Guideline 22 included in the 2014 TEP details how funds may be reallocated during implementation of the 2014 TEP, stating that should a planned project become undeliverable, infeasible or unfundable, funding for that project will be reallocated to another project or program of the same type at the discretion of Alameda CTC.

WHEREAS, the 2014 TEP and Public Utilities Code section 180207 together provide that the 2014 TEP may be modified if an amendment is approved by a two-thirds vote of the Commission, with Alameda CTC’s member jurisdictions being provided with a minimum of 45 days to comment on any proposed Plan amendment.

WHEREAS, at the Commission’s regular meeting on September 25, 2025, the Commission gave initial approval by at least a two-thirds majority to the amendment to the 2014 TEP to address the project referenced above, and Alameda CTC thereafter provided notice to its member jurisdictions on September 26, 2025, of the commencement of the 45-day comment period for the proposed amendment.

WHEREAS, at the Commission’s regular meeting on January 22, 2026, following the completion of the 45-day comment period, the Commission considered all comments from its member jurisdictions and from members of the public, and gave final approval by at least a two-thirds majority to the proposed amendment to the 2014 TEP.

NOW THEREFORE, BE IT RESOLVED that the 2014 Transportation Expenditure Plan is amended with respect to the project identified above as set forth in Exhibit A attached hereto and by this reference incorporated herein.

DULY PASSED AND ADOPTED by the Alameda CTC Commission at the regular Commission meeting held on January 22, 2026 in Oakland, California, by the following vote:

AYES: NOES: ABSTAIN: ABSENT:

SIGNED:

Attest:

David Haubert,
Chair, Alameda CTC

Elizabeth (Liz) Lake,
Clerk of the Commission

Exhibit A
Text of Amendments to the 2014 Transportation Expenditure Plan

*Existing TEP Language to be Amended as noted in **red** and ~~strikethrough~~:*

Amend the BART, Bus, Senior, and Youth Transit references in the TEP as follows:

TEP Table 1 (List of Investments) on Page 3

~~Alameda to Fruitvale BART Rapid Bus~~ **City of Alameda Transit Priority and Improvement Program**

BART, Bus, Senior and Youth Transit, Rapid Bus and Transit Improvements, Page 16

Delete the third bullet under discussion of AC Transit's BRT Projects as described above and as shown below:

- ~~The Alameda to Fruitvale BART Rapid Bus service will provide a fast and reliable connection between the City of Alameda and the Fruitvale BART station, providing service to new development proposed for the City of Alameda.~~

Add a new Program as detailed below:

City of Alameda Transit Priority and Improvement Program

The City of Alameda Transit Priority and Improvement Program will increase transit service reliability and provide bus stop amenities and access improvements to support transit priority elements of multimodal projects such as on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive.

Page 17

Remove "City of Alameda to Fruitvale BART Bus Rapid Transit" from the legend next to item C as shown on the map. Replace with **"City of Alameda Transit Priority and Improvement Program"**

See Table 1 for a detailed list of transportation investments.

Table 1: List of Investments				
Type	Investment Category	Project/Program	Amount (\$ x millions)	% of Total Funds
 BART, Bus, Senior, and Youth Transit (48%)	Transit: Operations, Maintenance, and Safety Program	AC Transit	\$1,455.15	18.8%
		Altamont Commuter Express	\$77.40	1.0%
		BART Maintenance	\$38.70	0.5%
		San Francisco Bay Area Water Emergency Transportation Authority	\$38.70	0.5%
		Livermore Amador Valley Transit Authority	\$38.70	0.5%
		Union City Transit	\$19.35	0.25%
		Innovative grant funds, including successful student transportation programs	\$174.63	2.24%
	Affordable Transit Program for Students and Youth	Affordable Student Transit Pass Program	\$15.00	0.19%
		Subtotal	\$1,857.63	24%
	Affordable Transit for Seniors and People with Disabilities	City-based and Locally Mandated	\$232.20	3.0%
		East Bay Paratransit - AC Transit	\$348.31	4.5%
		East Bay Paratransit - BART	\$116.10	1.5%
		Coordination and Service Grants	\$77.40	1.0%
		Subtotal	\$774.01	10%
	Rapid Bus Projects	Telegraph Avenue/East 14th/ International Boulevard project	\$10.0	14%
		Alameda to Fruitvale BART Rapid Bus City of Alameda Transit Priority and Improvement Program	\$9.0	
		Grand/MacArthur BRT	\$6.0	
		College/Broadway Corridor Transit Priority	\$10.0	
		Subtotal	\$35.0	
	BART System Modernization and Expansion	Irvington BART Station	\$120.0	
		Bay Fair Connector/BART METRO	\$100.0	
		BART Station Modernization and Capacity Program	\$90.0	
		BART to Livermore	\$400.0	
		Subtotal	\$710.0	
	Major Transit Corridor Enhancements and Rail Connections	Dumbarton Corridor Area Transportation Improvements	\$120.0	
		Union City Intermodal Station	\$75.0	
		Railroad Corridor Right of Way Preservation and Track Improvements	\$110.0	
		Oakland Broadway Corridor Transit	\$10.0	
		Capitol Corridor Service Expansion	\$40.0	
		Subtotal	\$355.0	
	TOTAL		\$3,731.64	48%

Notes: Priority implementation of specific investments and amounts for fully defined capital projects and phases will be determined as part of the Capital Improvement Program developed through a public process and adopted by Alameda CTC every two years and will include geographic equity provisions.

BART Maintenance funds will require an equal amount of matching funds and must be spent in Alameda County.

All recipients of sales tax funds will be required to enter into agreements which will include performance and accountability measures.

RAPID BUS AND TRANSIT IMPROVEMENTS (\$35 M)

A total of \$35 M in sales tax funds will be allocated to projects that enhance the reliability and speed of bus transit services in the East Bay. These projects include the implementation of Bus Rapid Transit and transit priority projects on some of the busiest corridors in the AC Transit system.

AC Transit East Bay Bus Rapid Transit (BRT) Projects (\$25 M)

Bus Rapid Transit is a technology that reduces bus travel times, improves the efficiency of transit service and reduces conflicts between bus service and auto travel on major streets. Three BRT corridors are proposed:

- **The Telegraph Avenue/East 14th/International Boulevard project** will provide enhanced transit service connecting the Cities of San Leandro and Oakland with potential improved rapid bus services to UC Berkeley.
- **The Grand/MacArthur BRT project** will enhance transit service and allow for significant reliability improvements in this critical corridor as well as enhancing access to regional services at the MacArthur BART station.
- ~~The Alameda to Fruitvale BART Rapid Bus service will provide a fast and reliable connection between the City of Alameda and the Fruitvale BART station, providing service to new development proposed for the City of Alameda.~~

Funds may be used for project development, design, construction, access and enhancement of the rapid transit corridors. These sales tax funds will allow the Telegraph/East 14th/International project to be completed and will provide the needed leverage as local matching funds to attract outside funds to the other corridors which are currently under development.

College/Broadway Corridor Transit Priority (\$10 M)

Funding will be provided for the implementation of transit priority treatments to improve transit reliability, reduce travel times and encourage more transit riders on the well-utilized College/Broadway corridor.

City of Alameda Transit Priority and Improvement Program (\$9 M)

The City of Alameda Transit Priority and Improvement Program will increase transit service reliability and provide bus stop amenities and access improvements to support transit priority elements of multimodal projects such as on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive.

ALAMEDA COUNTY TRANSPORTATION COMMISSION

2014 Transportation Expenditure Plan Proposed Amendment

A presentation to the Alameda County Transportation Commission

January 22, 2026

Overview

- 2014 Transportation Expenditure Plan
 - Implementing Guidelines
- Proposed Amendment
- Action

2014 Transportation Expenditure Plan

- Implementing Guidelines

- Implementation Guideline 8: Strict Project Deadlines

- *each project will be given a period of seven years from the first year of revenue collection (up to December 31, 2022) to receive environmental clearance approvals and to have a full funding plan for each project (TEP, page 38)*

- Implementation Guideline 22: Fund Allocations

- *Should a planned project become undeliverable, infeasible or unfundable due to circumstances unforeseen at the time this Plan was created, or should a project not require all funds programmed for that project or have excess funding, funding for that project will be reallocated to another project or program of the same type (TEP, page 39)*

Background

- Each year, project sponsors of those projects that have not yet met the deadlines requirement must submit project status updates
- In December 2024, Commission did not provide a time extension for the Alameda to Fruitvale BART Rapid Bus project
 - The project as originally intended in the TEP is considered undeliverable or infeasible, as described in Guideline 22
 - There is no Rapid Bus/BRT project proposed or in development between Alameda and the Fruitvale BART station
 - AC Transit has significantly reduced service on the corridor
- Commission directed staff to work with the City of Alameda and AC Transit to define a program of projects, determine TEP eligibility and return to the Commission with a recommendation to reprogram the Measure BB funding

New Program: City of Alameda Transit Priority and Improvement Program

- The City of Alameda worked closely with AC Transit to identify a program of transit improvements in the City of Alameda consistent with the description of the Rapid Bus and Transit Improvements category of the TEP that will enhance transit reliability and service.
 - *"sales tax funds will be allocated to projects that enhance the reliability and speed of bus transit services in the East Bay. These projects include the implementation of Bus Rapid Transit and transit priority projects"*
- Program will fund elements of multimodal projects that increase transit service reliability, provide transit priority and bus stop amenities, and improve access to transit
- Funding in this program will be used specifically for the elements of projects that directly benefit and improve transit service in the City of Alameda
- Funding amount remains \$9 million

Amendment Development

- City of Alameda and AC Transit coordinated closely to develop the proposed amendment
 - AC Transit/City of Alameda Interagency Liaison Committee, January 2025
 - City of Alameda's Transportation Commission, February 2025
 - City of Alameda City Council, May 2025 approved submitting amendment request
 - AC Transit Board of Directors, June 2025 approved support for amendment request
- Formal request for a TEP amendment submitted to Alameda CTC in June 2025

Proposed Amendment (Attachment D)

*Existing TEP Language to be Amended as noted in **red** and ~~strikethrough~~:*

Amend the BART, Bus, Senior, and Youth Transit references in the TEP as follows:

TEP Table 1 (List of Investments) on Page 3

~~Alameda to Fruitvale BART Rapid Bus~~ **City of Alameda Transit Priority and Improvement Program**

Proposed Amendment, cont. (Attachment D)

BART, Bus, Senior and Youth Transit, Rapid Bus and Transit Improvements, Page 16

Delete the third bullet under the discussion of AC Transit's BRT Projects as described above and as shown below:

- ~~• The Alameda to Fruitvale BART Rapid Bus service will provide a fast and reliable connection between the City of Alameda and the Fruitvale BART station, providing service to new development proposed for the City of Alameda.~~

Add a new Program as detailed below:

City of Alameda Transit Priority and Improvement Program

The City of Alameda Transit Priority and Improvement Program will increase transit service reliability and provide bus stop amenities and access improvements to support transit priority elements of multimodal projects such as on Lincoln Avenue/Marshall Way/Pacific Avenue, Stargell Avenue, and Westline Drive.

TEP Amendment Process

- Comment Period: Alameda CTC initiated the comment period on September 26, 2025
 - Commission approved initiating a 45-day comment period at the September 25, 2025, Commission meeting
 - Notification of the comment period was sent to all jurisdictions in Alameda County
 - Proposed amendment and comment period was posted on the Latest News section on the agency homepage
 - The comment period closed on November 12, 2025
- No comments were received

Recommendation

- This is an action item and requires 2/3 approval at the Commission meeting per the Implementing Guidelines of the 2014 TEP.
