CITY OF EASTVALE

REGULAR CITY COUNCIL MEETING AGENDA

Eastvale City Hall Council Chambers
12363 Limonite Avenue, Suite 900, Eastvale, CA 91752
Closed Session Meeting: 5:30 PM
Regular City Council Meeting: 6:30 PM
Wednesday, June 24, 2026

City Councilmembers
Jocelyn Yow, Mayor
Clint Lorimore, Mayor Pro Tem
Christian Dinco, Councilmember
Michael McMinn, Councilmember
Todd Rigby, Councilmember

Mark Orme, City Manager
Erica Vega, City Attorney
Marc Donohue, Government Services Director/City Clerk

This Agenda contains a brief general description of each item to be considered. Except as otherwise provided by law, no action or direction shall be taken on any item not appearing on the following Agenda. Unless legally privileged, all supporting documents, including staff reports, and any writings or documents provided to a majority of the City Council after the posting of this agenda are available for review at Eastvale City Hall, 12363 Limonite Avenue, Eastvale, CA 91752 or you may contact the City Clerk's Office, at (951) 361-0900 Monday through Thursday from 7:30 a.m. to 5:30 p.m. and available online at www.eastvaleca.gov.

Members of the public can observe the meeting by viewing the live-stream at www.eastvaleca.gov and may provide public comment by sending comments to the City Clerk's Office by email at cityclerk@eastvaleca.gov. Staff will monitor emails to the extent possible during the meeting and provide comments as possible. All comments will be made part of the record. Comments will then be read into the record, with a maximum allowance of 3 minutes per individual comment, subject to the Mayor's discretion to reduce time on public comment. All comments should be a maximum of 500 words, which corresponds to approximately 3 minutes of speaking time. If a comment is received before the agenda item is heard but before the close of the meeting, the comment will all be included as a part of the record of the meeting but will not be read into the record.

If you are a person with a disability and need an accommodation to participate in the City of Eastvale programs, services, activities, and meetings, contact Maricela Mejia at mmejia@eastvaleca.gov or (951)703-4433 at least 72 business hours in advance to request an auxiliary aid or accommodation.

Regular meetings are recorded and made available on the City's website at www.eastvaleca.gov. Meeting recordings are uploaded to the City's website within 24 hours (unless otherwise noted) after the completion of the meeting.

1. **CALL TO ORDER**

2. **ROLL CALL**

3. **CLOSED SESSION PUBLIC COMMENT**

Any member of the public may address the Council on items within the Council's subject matter jurisdiction, but which are not listed on this agenda during PUBLIC COMMENTS. However, no action may be taken on matters that are not part of the posted agenda. We request comments made on the agenda be made at the time the item is considered and that comments be limited to three minutes per person with a maximum of six minutes (time may be donated by one person). Please address your comments to the Council and do not engaged in dialogue with individual Council Members, City staff, or members of the audience. Blue speaker forms are available at the front table to the entrance of Council Chambers.

4. **CLOSED SESSION ITEM(S)**

4.1. **CONFERENCE WITH REAL PROPERTY NEGOTIATORS (Gov't Code Sec. 54956.8) Property: portions of Lot S and Lot 64 of Tract 38594, located at the northwest corner of Limonite Avenue and Hamner Avenue Agency negotiator: Gustavo Gonzalez, Community Development Director; Jimmy Chung, Public Works Director; Robb Steel, consultant Negotiating parties: Regency Centers Under negotiation: price and terms of payment**

4.2. **CONFERENCE WITH LEGAL COUNSEL—EXISTING LITIGATION (Government Code Section 54956.9(d)(1) Name of case: The New Home Company Southern California LLC v. City of Eastvale, CVRI2600724**

5. **INVOCATION**

6. **PLEDGE OF ALLEGIANCE**

7. **ADDITIONS/REVISIONS**

The City Council may only add an item to the Agenda after making a finding that there is a need to take immediate action on the item and that the item came to the attention of the agency subsequent to the posting of the agenda. An action adding an item to the agenda requires 2/3 vote of the Council. If there is less than 2/3 of the Council members present, adding an item to the agenda requires a unanimous vote. Added items will be placed for discussion at the end of each section unless otherwise noted.

8. **PRESENTATIONS/ANNOUNCEMENTS**

8.1. **Parks & Recreation Month Proclamation**

9. **AGENCY PARTNER UPDATES**

9.1. **Eastvale Library Update**
9.2. **YMCA Update**
9.3. **Riverside County Animal Control Update**

10. PUBLIC COMMENT

Any member of the public may address the Council on items within the Council's subject matter jurisdiction, but which are not listed on this agenda during PUBLIC COMMENTS. However, no action may be taken on matters that are not part of the posted agenda. We request comments made on the agenda be made at the time the item is considered and that comments be limited to three minutes per person with a maximum of six minutes (time may be donated by one person). Please address your comments to the Council and do not engaged in dialogue with individual Councilmembers, City staff, or members of the audience. Blue speaker forms are available at the front table to the entrance of Council Chambers.

11. CONSENT CALENDAR

Consent Calendar items are normally enacted in one motion. The Mayor or City Council may remove a Consent Calendar item for separate action. If a member of the public would like to speak on a Consent Calendar item, please complete a blue "Public Comment Form" and submit to the City Clerk prior to the item.

2. Authorize the City Manager to execute the Third Amendment.

11.14. Approval of Professional Services Agreement with Robb R. Steel for FY 2026-2027 Community Development and Economic Development Consulting Services
Submitted by: David Murray, City Planner

RECOMMENDED ACTION(S):
Staff recommends that the City Council authorize the City Manager to execute a Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $60,000 for economic development and community development consultation services from July 1, 2026 to June 30, 2027.

11.15. Fixed Assets, Leases, and Subscription-Based IT Arrangements Policy and Investment Policy Updates
Submitted by: Karla Lopez, Purchasing Manager

RECOMMENDED ACTION(S):
Staff recommends that the City Council:

1. Delegate authority for the Fixed Assets, Leases, and Subscription-Based IT Arrangements policy to the City Manager; and
2. Approve and adopt the updated Investment Policy effective July 1, 2026.

12. PUBLIC HEARINGS

The public is encouraged to express your views on any matter set for public hearing. It is our procedure to first receive the staff report, then to ask for public testimony, first from those in favor of the project followed by testimony from those in opposition to it, and if there is opposition, to allow those in favor, rebuttal testimony only as to the points brought up in opposition. To testify on the matter, you need to simply come forward to the speaker's podium at the appropriate time, give your name and address and make your statement. After a hearing is closed, you may not further speak on the matter unless requested to do so or are asked questions by the Mayor or a Councilmember. Public comment is limited to three (3) minutes each with a maximum of six (6) minutes (time may be donated by one speaker.)

12.1. Approving the Annual Reports; Confirming the Diagram and Assessment; Ordering the Levy for Landscape and Lighting Maintenance Districts and Benefit Assessment Districts for Fiscal Year 2026-2027

Submitted by: Amanda Wells, Finance Director/City Treasurer

RECOMMENDED ACTION(S):
Staff recommends that the City Council hold the public hearing and:

1. Adopt a Resolution Approving the Annual Reports, Confirming the Diagram and Assessment, and Ordering the Levy for the Following Districts: Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, And 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G and S), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM) for Fiscal Year 2026-2027; and
2. Adopt a Resolution Approving the Annual Report, Confirming the Diagram and Assessment, and Ordering the Levy for Benefit Assessment District No. 2014-2 for Fiscal Year 2026-2027.

12.2. Adoption of the Five-Year Capital Improvement Plan (CIP) for Fiscal Years 2026/2027 through 2030/2031

Submitted by: Jimmy Chung, Public Works Director/ City Engineer

RECOMMENDED ACTION(S):
Staff recommends that the City Council hold the public hearing and adopt a resolution approving the Five-Year Capital Improvement Plan (CIP) for Fiscal Years 2026/2027 through 2030/2031.

12.3. PLN25-20102 – Density Bonus Agreement, Tentative Tract Map 39416, and Major

Development Review for Regent Land Company, LLC Residential Development
Submitted by: Jamie K. Cerda, AICP, Principal Planner

RECOMMENDED ACTION(S):
Staff recommends that the City Council take the following actions:

1. Find the project exempt from CEQA pursuant to CEQA Guidelines Section 15183 based on the findings and conclusions provided in the Exemption Determination Report, attached hereto and the conclusion that the proposed project would not result in new or more severe impacts to the environment beyond what was previously evaluated and disclosed by the General Plan EIR (State Clearinghouse No. 20222080090);
2. Approve the Density Bonus Agreement between Regent Land Company LLC and the City of Eastvale, authorize the City Manager to execute the Agreement, and authorize the City Manager to made minor revisions to the Agreement as determined prudent with the concurrence of the City Attorney;
3. Adopt the Resolution approving Tentative Tract Map No. 39416 to subdivide four (4) existing residential lots totaling 3.57 gross acres into 35 residential lots, two (2) open space purposes and four (4) for street purposes, subject to conditions of approval, and approving the Major Development Review for the master building architecture and site planning of 35 single-family residential lots, landscaping, and parking areas, subject to conditions of approval.

13. CITY COUNCIL BUSINESS

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.2
June 24, 2026

Treasurer's Report: May 2026

Prepared By:
Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)
Staff recommends that the City Council receive and file the City Treasurer's Report.

Summary
In accordance with the City of Eastvale's Investment Policy, adopted September 10, 2025, the City Treasurer is required to submit a quarterly treasurer's report to the City Council. The report shall include types of investments, credit ratings, institutions involved, dates of purchases, dates of maturity, amount of deposits or cost of the security, current market value of the securities, interest rates, investment fund balances, and a statement as to whether investments are in compliance with the Investment Policy and whether there are sufficient funds to meet the City's cash obligations for the next six months.

Background
The Schedule of Investments includes a breakdown of the City's investments by "Active" or "Inactive" Deposits. "Active Deposits" are those accounts which receive revenues, whereas "Inactive Deposits" are available for use but are not earning revenues. Detail reports for the PFM Managed Investment Portfolio, with all supplemental information required by the City's investment policy, are included in the report.

The Dash Board Report Card, consists of two sections:

I. Portfolio Diversification – This section reflects the diversification of the City of Eastvale's portfolio by both type of instrument and length of maturity.

II. Portfolio Performance Measures – This section compares budget to actuals in for interest earnings. Also included is a cash breakdown report per the City's fund balance reserve policy showing funds restricted, committed, designated, and unassigned in addition to investment income received as of May 31, 2026, broken down by investment type. The City of Eastvale's Schedule of Investments complies with the City's Investment Policy. The City has sufficient funds to meet its expenditure requirements for the next six months. Total cash and investments as of the end of May are $340,071,078 (book value). Active deposits total $301,150,001; inactive deposits total $8,000,000. The remaining amount of $30,921,077 accounts for cash with fiscal agent, which comprises bond proceeds for the Civic Center Project. Net investment income received for fiscal year 2025-26 through the end of May (eleven months of the fiscal year) is $11,499,959. The net annualized yield on investments is 3.927%.

Cash and investment income is spread among all of the city's 100+ funds and is not an indicator of available cash in any one particular fund, such as the General Fund.

Environmental

Government investment reports are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

The Treasurer's Report is an activity required by the city's investment policy and is not a strategic activity.

Fiscal Impact

Not applicable.

Prior City Council/Commission Action

Not applicable.

Attachment(s)

Attachment 1 - Investment Report: May 2026
Attachment 2 - PFM Statement: May 2026

CITY OF EASTVALE
Treasurer's Report
Fiscal Year 2025-26 as of May 31, 2026

Introduction

In accordance with the City Investment Policy, a quarterly investment report shall be filed with the City Council which provides a clear picture of the status of the current investments. The report for the month ending May 31, 2026 has been prepared by City Staff. We hereby certify that this report accurately reflects all pooled investments and is in compliance with the City's Investment Policy. Combined with anticipated revenues, the portfolio contains sufficient investment liquidity to meet budgeted expenditures for the next six months.

This report is based on the city's fiscal year, July through June.

12 MONTH BALANCES

Month Ending	Active Deposits Ending Book Value	Inactive Deposits Ending Book Value	Cash With Fiscal Agent	Interest*	Realized Gain/(Loss)	Yield at Cost

*Restricted, committed, and assigned figures based on estimated fund balances at the end of the fiscal year, 06/30/2026. However cash estimates in this report are based on the current month. As a result, it is typical that a variance exists between projected unassigned cash balance and current unassigned cash balances. The variance will not be resolved until the end of the fiscal year. A negative unassigned cash balance in the current period does not indicate a cash flow issue for the city.

Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management ("PFMAM") is a division of U.S. Bancorp Asset Management, Inc. ("USBAM"), a SEC-registered investment adviser. USBAM is direct subsidiary of U.S. Bank National Association ("U.S. Bank") and an indirect subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

Proxy Voting PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

Questions About an Account PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

Account Control PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

Market Value Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by ICE Data Services. There may be differences in the values shown for investments due to accrued but uncollected income and the use of differing valuation sources and methods. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

Amortized Cost The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

Tax Reporting Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

Financial Situation In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

Callable Securities Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

Portfolio The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

Rating Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are distributed by representatives of USBAM's affiliate, U.S. Bancorp Investments, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address https://www.finra.org/investors/investor-contacts. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

Key Terms and Definitions

Dividends on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratable amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

Current Yield is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally $1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed.

Average maturity represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

Monthly distribution yield represents the net change in the value of one share (normally $1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

YTM at Cost The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

YTM at Market The yield to maturity at market is the rate of return, based on the current market value, the annual interest receipts, maturity value and the time period remaining until maturity, stated as a percentage, on an annualized basis.

Managed Account A portfolio of investments managed discretely by PFMAM according to the client's specific investment policy and requirements. The investments are directly owned by the client and held by the client's custodian.

Unsettled Trade A trade which has been executed however the final consummation of the security transaction and payment has not yet taken place.

Please review the detail pages of this statement carefully. If you think your statement is wrong, missing account information, or if you need more information about a transaction, please contact PFMAM within 60 days of receipt. If you have other concerns or questions regarding your account, or to request an updated copy of PFMAM's current disclosure statement, please contact a member of your client management team at PFMAM Service Operations at the address below.

Agenda Item No. 11.3
June 24, 2026

Planning Division Update

Prepared By:
David Murray, City Planner

Recommended Action(s)
Staff recommends that the City Council receive and file the Planning Division Update.

Summary
Planning projects are provided in the attached Planning Project Status list. The list provides a brief summary and status of each project. New information is highlighted in yellow. A map identifying the locations of each project is also included.

Background
The purpose of the Planning Division Update is to provide a list of the current status of major projects in the City of Eastvale.

Environmental
The following update requires no environmental review as it is not considered a "project" under the California Environmental Quality Act (CEQA).

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A
Not Applicable.

Fiscal Impact
The following update has no applicable fiscal impacts.

Prior City Council/Commission Action

Not Applicable.

PUBLIC WORKS GRANTS SUMMARY

GRANTS AWARDED

AGENCY	GRANT NAME	PROJECT NAME	GRANT AWARD	MATCH	DUE DATE	STATUS
USDOT: Department of Transportation	Congressman Calvert: 2023 Transportation and Infrastructure Appropriations Bill	Limonite Gap Pedistrian Bridge	$ 1,600,000.00	$ 400,000.00		This grant is for construction phaseo only. The project is currently under design.
California Department of Resources Recycling and Recovery	CalRecycle Rubberized Pavement (TRP) Grant Program (TRP16-23-0047)	Annual Overlay/Residential Slurry Seal Project	$ 170,586.00		April 1, 2026	
California Department of Transportation	HSIP: Highway Safety Improvement Program Cycle 12	Traffic Signal Improvement at Sumner and 68th	$ 642,402.00	$ 79,398.00	March 31, 2028	Allocation request for PE phase will be submitted.

EASTVALE PUBLIC WORKS PROJECT UPDATES

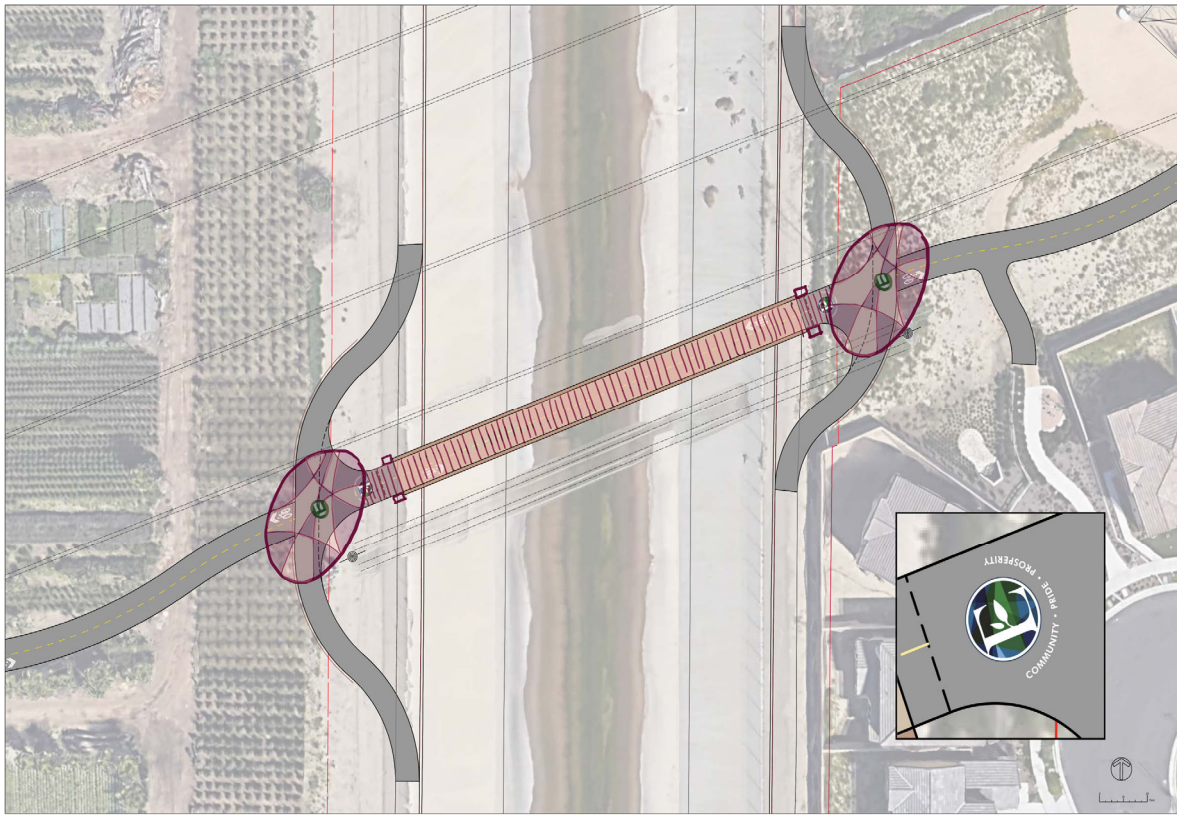
PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Civic Center Project (Phase 1)
PROJECT DESCRIPTION:	A design build project to construct a Phase 1 of the Civic Center Project, which includes approximately 52,000 square foot City Hall, a 25,000 square foot library, a 20,000 square foot police station with a park and a civic plaza.
PROJECT STATUS:	**In Construction:** The construction contract was awarded to Clark Construction on June 25, 2025. Notice to Proceed was issued to Clark, effective August 11, 2025.
PROJECT SCHEDULE:	Construction is on schedule. Contractor started installing interior metal stud framing at City Hall. Offsite utility work has begun on Premier Place.

PROJECT RENDERING:

EASTVALE PUBLIC WORKS PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Limonite Gap Pedestrian Bridge
PROJECT DESCRIPTION:	Project will design and install a prefabricated steel fabricated bridge over Cucamonga Creek Channel to close the gap of pedestrian path within the SCE easement.
PROJECT STATUS: :	**In Design – Engineering:** Design contract was awarded to TYLin on April 10, 2024. 65% PS&E was delivered on February 17, 2025 and is being reviewed.
PROJECT SCHEDULE:	100% PS&E is anticipated to be delivered by June 2026.

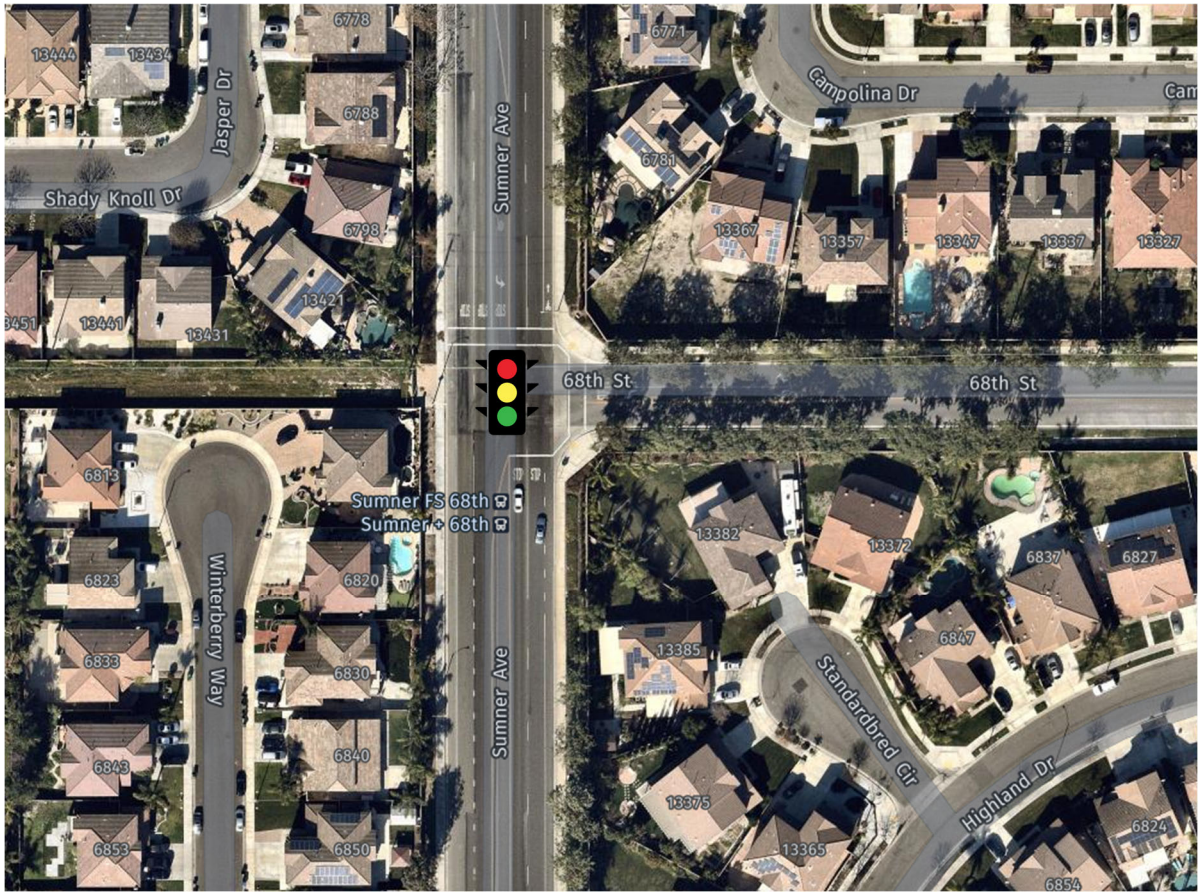
PROJECT MAP:



EASTVALE PUBLIC WORKS
PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Traffic Signal Improvement at Sumner Ave and 68th St
PROJECT DESCRIPTION:	Project will design and install traffic signals at the intersection of Sumner Ave and 68th Street.
PROJECT STATUS:	**In Design – Engineering:** Design contract was awarded to STC on August 13, 2025.
PROJECT SCHEDULE:	The final PS&E is expected to be completed by June 2026, and the project is tentatively scheduled to be advertised for construction bidding in July 2026.

PROJECT IMAGE:



EASTVALE PUBLIC WORKS PROJECT UPDATES

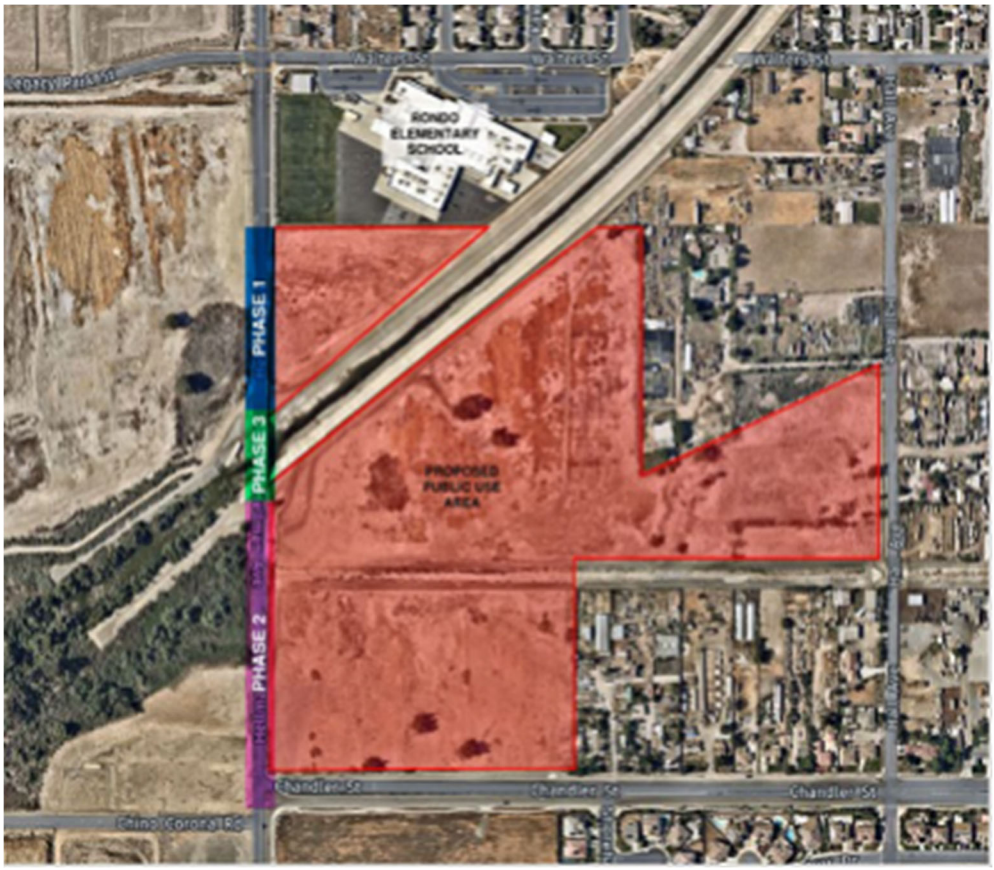
PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Citywide Traffic Signal Synchronization - Phase 1 Arterials
PROJECT DESCRIPTION:	Install traffic synchronization components and fiber optic line and/or wireless antenna to relay signal per the traffic signal synchronization master plan. Traffic signal synchronization of major corridors will be completed in two phases. Phase 1 includes Hamner Avenue, Archibald Avenue, Schleisman Road and Scholar Way. Phase 2 includes collectors streets including Harrison Ave, Sumner Ave, 65th St, and Citrus St (CIP 94007). This project is for Phase 1, and synchronization on Schleisman Rd will be completed after the intersection of Schleisman Rd and Sumner is improved by a developer.
PROJECT STATUS:	**In Design - Engineering:** Design contract was awarded to STC on August 13, 2025.
PROJECT SCHEDULE:	The final PS&E is expected to be completed by June 2026, and the project is tentatively scheduled to be advertised for construction bidding in July 2026.

PROJECT IMAGE:

EASTVALE PUBLIC WORKS PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Hellman Avenue Street Widening and Walters Pedestrian Bridge
PROJECT DESCRIPTION:	The project involves widening Hellman Avenue from Walters Street to River Road to eliminate bottlenecks and improve traffic flow. The scope includes conducting a feasibility study, preparing environmental documents, right-of-way easement documents, and PS&E. The project will be completed in two phases: 1) Widening of Hellman Avenue north of Chandler Avenue, including lot grading south of Rondo Elementary School and bridge widening. 2) Widening of Hellman Avenue from Shortham Street to River Road. The feasibility study will determine the most efficient approach for phasing the project.
PROJECT STATUS:	**In Design - Engineering:** This project is receiving TUMF funding.
PROJECT SCHEDULE:	The RFP for design and environmental services has been issued. The NTP is anticipated in June 2026.

PROJECT IMAGE:



EASTVALE PUBLIC WORKS PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Schleisman Road Mobility, Safety and Connectivity Project
PROJECT DESCRIPTION:	Design and construction of Schleisman Road between Hamner Avenue and Sumner Avenue to include all-inclusive, all ages and abilities.
PROJECT STATUS:	**In Design – Engineering:** Notice to Proceed issued 6/12/2025.
PROJECT SCHEDULE:	60% plans being prepared.

Adoption of Fiscal Year 2026-27 Annual Operating and Capital Improvement Budget Review

Prepared By:

Mark Orme, City Manager & Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council approve and adopt the following:

1. Fiscal Year 2026-2027 Annual Operating and Capital Improvement Budget; and
2. A Resolution of the City Council of the City of Eastvale, California, Approving and Adopting the Annual Appropriations Limit Pursuant to Article XIII (B) of the California Constitution for Fiscal Year 2026-2027; and
3. A Resolution of the City Council of the City of Eastvale, California, Adopting An Operating Budget and Capital Improvement Budget for the Fiscal Year Commencing July 1, 2026 and Ending June 30, 2027, and Appropriating Funds for Purposes Therein Set Forth; and
4. A Resolution of the City Council of the City of Eastvale, California, Approving the Commitment of Fund Balance Pursuant to GASB 54; and
5. A Resolution of the City Council of the City of Eastvale, California, Establishing Revised Salary Schedule Effective July 1, 2026; and
6. A Resolution of the City of Council of the City of Eastvale, California, Establishing the Authorized Positions for the Fiscal Year 2026-2027, Effective July 1, 2026 and;
7. Approve and Adopt the revised Fund Balance Policy.

Summary

Proposed Fiscal Year 2026-27 Operating and Capital Improvement Budget Book Link

The goal of the Annual Operating and Capital Improvement Budget serves to establish both long-term and short-term financial planning for the City while adhering to regulations set by the Governmental Accounting Standards Board (GASB) and criteria for the Government Finance Officers Association (GFOA) budget award. The comprehensive budget illustrates City Council's commitment to providing cost effective municipal services. City Council adopts an operating and capital improvement budget every year, which commits resources for the accomplishment of the City's Strategic Plan, provision of services to the public, regulatory and statutory requirements, and adherence to policies. The budget report identifies target areas while measuring achievements to ensure departments remain effective, efficient, and perform. An abundant amount of time, analysis, and data from various resources helps establish projections to forecast proper revenue and expenditure budgets. Early financial planning by the City Manager's Office and the Finance Department is followed with the identification of key goals identified by City Council, City departments, stakeholders, and members of the community supporting the determination of how the City should manage its assets and liabilities. The city's budget development timeline can be found at this link.

The budget is a dynamic document that is amended throughout the year for various reasons, including City Council actions on department requests, actions by third parties which impact the budget plan, or changes in the economy.

This proposed Fiscal-Year 2026-27 Annual Operating and Capital Improvement Budget document represents the City of Eastvale's conservative estimate of the City's financial performance in the coming year. The proposed budget plan includes $111,724,350 in total revenues and $182,761,784 in total expenditures (excludes transfers of $93,866,510). The proposed budget projects General Fund revenues at $79,433,460, excluding transfers-in of $812,590, and expenditures at $48,111,924, excluding transfers-out of $93,053,920. Net of transfers the total General Fund annual budget surplus is $31,321,536, operating surplus is $14,338,866. After compiling budget projections and presenting a budget workshop to City Council in April, the proposed fiscal-year budget is brought to the full City Council for consideration and adoption. Although the primary emphasis is on the General Fund, the comprehensive budget document includes special revenue funds, capital improvement projects, capital reserves, underlying rationale, long-term forecasts, and investment strategy necessary to meet the projects and policies set forth by the City Council.

Citywide Total Budget			
Category	**FY 2025-26 Amended Budget**	**FY 2026-27 Proposed Budget**	**Change**
Revenues	$ 159,606,688	$ 111,724,350	$ (47,882,338)
Expenditures	233,457,974	182,761,784	(50,696,190)
Transfers In	*52,170,269*	*93,866,510*	*304,779*
Transfers Out (Appropriation from Reserve)	*52,170,269*	*93,866,510*	*41,405,212*

The city's Proposed Fiscal Year 2026-27 Operating and Capital Improvement Budget Book can be found at this link. The City Manager's Budget Message can be found at this link.

Background

FISCAL YEAR 2026-27 BUDGET ANALYSIS

The city's Proposed Fiscal Year 2026-27 Operating and Capital Improvement Budget Book can be found at this link.

GENERAL FUND – REVENUES, EXPENDITURES & AVAILABLE RESOURCES: General Fund Overview Link

Overall, General Fund revenue projections are $79,433,460 and expenditures are $48,111,924 (excluding transfers). General fund revenues exceed expenditures by $31,321,536, creating a budget surplus. Of the $79,433,460 in revenues, $61,533,460 are attributable to operating revenues and $17,900,000 are non-operating revenues. Of the $48,111,924 in expenditures, $47,985,924 are attributable to operating expenditures and $126,000 are non-operating expenditures. As a result, the city is expected to end the 2026-27 fiscal year with a $14,338,866 operating surplus. Staff utilized a 40/60 ratio of non-operating versus operating sales tax as a conservative approach to ensure stable revenue sources are identified, considering the risks to the city's largest single source of revenue. The fiscal year 2026-27 budget includes $93,032,660 in transfers out to the General Capital Projects Fund and Capital Replacement Funds and a general contribution for special assessment districts.

General Fund Revenue Forecast: General Fund Revenue Summary Link

All General Fund revenues total $80,246,050; operating revenues total $62,346,050 and non-operating revenues total $17,900,000 for the fiscal year 2026-27. Net of transfers, revenues total $79,433,460.

General Fund Revenue highlights include the following:

- *Sales and Use Tax* – Staff recommends budget for sales tax revenues for fiscal year 2026-27 at $50,640,000, based on HdL's projections (City's vendor for sales tax projections). Of the sales tax revenues, $37,140,000 is considered operating revenue and $13,500,000 is considered non-operating revenue. Staff continues to utilize the non-operating sales tax for one-time non-operating expenditures, such as funding future capital maintenance and replacement projects, future capital projects, and current capital projects. It is unknown how long the non-operating sales tax revenues will last, point of sale location for any business could change at any time for a multitude of reasons, as such it is a conservative approach to only use these revenues sparingly for operating costs and utilize a majority of the funding for non-operating capital equipment and infrastructure projects. It is likely that at least a portion of the revenues will become a long term revenue source.
- *Property Tax* – A wave of commercial parcel assessment valuation appeals has been occurring throughout the county for several years and still continues. Although home prices have remained steady and the city experienced development of new commercial property, the influx of assessment appeals will keep the city's overall assessed property valuation from growing at the same pace as the housing market. However, staff expects property tax revenues to still increase, 2% over the prior year based on projections provided by HdL Coren and Cone.
- *Franchise Fees* – The city expects to see an $195,000 increase in franchise fees. Although the trend for natural gas and electricity franchise fees has increased, fees for cable has slowly declined over the last several years. Electricity fees have increased mainly due to the price of natural gas, which drives the rates charged for electricity. Refuse fees are expected to increase $200,000 and electric fees are expected to increase $5,000, however a reduction of $10,000 is expected in the natural gas category.
- *Licenses, Fees, and Permits* - Permitting activity remained steady over the past few fiscal years and saw a heavy increase in permits during the pandemic. However, normal development activity has slowed in the past two fiscal years and is expected to increase only due to large developments in the city. Staff recommends budgeting building permits, development revenue, and encroachment fees with a 19 % increase over the 2025-26 fiscal year projections at $4,312,900.
- *Fines, Penalties, and Forfeitures* - Staff recommends decreasing this revenue category to $995,000 for fiscal year 2026-27, a decrease of 2% from the previous year based on trend. This category is dependent upon Riverside Sheriff and Code Enforcement activity and fluctuates with staffing levels and programming priorities.
- *Vehicle License Fees*– Vehicle License Fee Adjustment Account (VLFAA) revenue, resulted from the passing of SB130 in April 2017. VLFAA revenues are based on property valuations, which have continued to steadily increase in the city over the last few years. This revenue is expected to increase from $7,075,000 in fiscal year 2025-26 to $7,540,500 in fiscal year 2026-27, an increase of 7%.

General Fund Expenditures

Overall, the total expenditures for the General Fund total $141,165,844 in fiscal year 2026-27; operating expenditures total $48,007,184 and non-operating expenditures total $93,158,660.

Personnel Highlights: General Fund Personnel Summary Link

- *Salaries and Benefits* costs are projected at $14,303,809 for fiscal year 2026-27. The personnel projections were prepared based on current pay rates plus 5% merit for all current employees and a 3.5% cost of living adjustment effective July 1, 2026. Budget estimates include full benefits, including health and retirement contributions. Vacant positions are budgeted at top step with full benefits. The proposed full-time equivalent (FTE) of City employees is 85.25 for fiscal year 2026-27, an increase of 2.5 positions over the amended 2025-26 fiscal year budget. In total, personnel costs increased $1,399,312 over the prior year. Total proposed staffing includes 75 full-time staff, 4.75 part-time staff equivalents, 0.5 part-time temporary, and 5 elected positions.
    - *Position Changes* for the 2026-27 fiscal year budget plan include adding two new full-time positions, one part time position, nine promotions, and three title changes. In total the changes will equate to a $718,134 impact to the personnel category, which is a portion of the total $1,399,312 personnel category increase.

Operations Highlights: General Fund Department Summary Link

- *Law Enforcement* updated costs are $18,316,155 as compared to $17,153,750 for fiscal year 2026-27. The Riverside Sheriff Office announced a 7.0% contract increase for the new fiscal year plus an additional 1.85% increase over fiscal year 2025-26 projected rates; the proposed budget for law enforcement is increasing based on these new rates. Additionally, the city continues to fund a $136,000 line item for special overtime operations within the city.
- *Non Departmental* includes city wide costs such as copier maintenance, revenue neutrality with Riverside County, transfers out to other funds, and building leases. Riverside County revenue neutrality will continue until 2040; budget projections are $300,000 for the new year. Total expenditures for the non departmental category are $95,620,660 for fiscal year 2026-27, an increase of $41,353,490 from the prior fiscal year. Transfers-out to other funds represent the largest expenditure in this category at $93,053,920. Transfers-out include funding the five capital replacement and maintenance funds for information technology, vehicles, street maintenance, facility maintenance, and storm drain maintenance for a total of $1,140,000. Capital projects transfers total $91,807,660 and include the City Hall, Library, and Police Station. A total of $85,000 is budgeted for vehicle purchases. Finally, $21,260 of transfers are for general benefit contribution to four special assessment districts.
- *Community Development* expenditures are forecasted at $3,686,418, a decrease of 0.12% or $4,332 from the prior fiscal year. The decrease is mainly due to two reasons. The Building Safety division lowered budget for private development contracts. Secondly, the Building Safety division and Administration division both housed Administrative Specialists and those divisions now share one position and as a result, the department saw a decrease in expenditure budget.
- *Community Safety and Technology* expenditures are forecasted at $3,042,744 an increase of 16% or $408,373 over the prior year. The IT and Administration divisions are investing heavily in artificial intelligence software, and as a result budget increased by $310,385. The Code Enforcement Division is adding one vehicle purchase for a total of $40,000.
- *Public Works* expenditures are forecasted at $8,511,204, an increase of $765,655 or 10% over the 2025-26 fiscal year. The increase is caused by several budget proposals, including the addition of an Assistant City Engineer and Public Works Superintendent positions, and additional contracts related to citywide private land development, and citywide maintenance.

- *Finance* expenditures are proposed at $2,280,504, a 3% increase of $56,377 over the prior fiscal year. The increase is mainly caused by CPI on service contracts.

General Fund Available Resources: Fund Balance Link

The beginning balance for the fiscal year 2026-27 budget reflects the projected General Fund audited ending balances for fiscal year 2025-26. The General Fund is anticipated to end the 2025-26 fiscal year with an estimated total fund balance of $206,042,596 and the proposed fiscal year 2026-27 budget includes anticipated fund balance of $90,948,059, as of June 30, 2027.

- Assigned reserves: $47,450,493
  - The General Fund Emergency Contingency (based upon 50% of operating expenditure appropriations) is fully funded at $24,003,592 and is classified as an assigned reserve.
  - The Fire Fund Emergency Contingency (based upon 50% of operating expenditure appropriations) is fully funded at $4,989,225 and is classified as an assigned reserve. This reserve was moved from the Fire Fund to the General Fund for the 2026-27 fiscal year budget in order to free up Fire Fund reserves for the city's future third fire station.
  - Additionally, $4,727,676 is held in assigned reserve to cover known and expected negative cash flow. A total of 4,269,774 is held to cover reimbursable grants until specific projects are complete and the granting agency has reimbursed the city for expenditures. A total of $457,902 is required to cover negative cash flow in 13 special assessment districts.
  - Staff has also set aside $11.6 million for possible land purchases related to the Civic Center project and other City Council strategic initiatives. Finally, $130,000 for the city's Business Incentive Loan Program and $2.0 million for a future financial system implementation is held as assigned reserves.
- Committed reserves: $35,149,457
  - The City continues to also hold a committed reserve of $17,949,457 million for Civic Center Parking Structure construction, $6,000,000 for Public Works Yard construction, $2,500,000 committed reserve for pension liabilities, and $3,000,000 for public safety rate increase stabilization.
  - The city is also holding a $5,700,000 debt service reserve for the anticipated Civic Center lease revenue bonds. Staff expects the maximum annual debt service payment to be $3,800,000 million; a specific reserve for the bond issuance should help the city obtain better bond ratings and possibly lower interest rates. Once debt is issued and the city owes an annual debt service payment, 50% of this reserve will be moved into the city's operating reserve and should only hold $3.5 million in this reserve.
- Unassigned reserves:
  - Total projected unassigned general fund reserves are projected at approximately $2.5 million.

Changes Since Budget Workshop: Budget Development Link

Only a handful of changes that total to a savings of $43,830 to the operating budget have occurred since the Budget Workshop on April 22, 2026. Revenues increased slightly in the General Fund for the Cost Allocation Plan (CAP). The CAP increased $304,779, from $507,811 to $812,590. No other changes to revenues occurred. Expenditures decreased $250,614 in several categories. Personnel decreased $218,075, from $14,521,884 to $14,303,809; Maintenance decreased $40,000 from $687,460 to $647,460; and Operations increased $25,750 from $5,936,745 to $5,962,495. Transfers out increased $13,892,010 from $79,161,910 to $93,053,920 to recognize a development impact fee loan from General Fund reserves for the Police Station that was approved by City Council last fall. An

accounting entry was finalized for a Development Impact Fee loan that was approved by City Council last fall, funds previously held in committed and assigned reserves specifically for the entry were moved from the General Fund into the Development Impact Fee funds. As a result, final fund balance changed; committed reserves increased from $23,685,036 to $35,149,457. Assigned reserves decreased from $91,386,512 to $47,450,493.

SUMMARY OF OTHER GENERAL PURPOSE FUNDS: FIRE FUND

Fire Fund Link

The *Fire Fund* houses general purpose property taxes levied specifically for the purpose of fire protection services. Although a General Fund revenue source, these funds are restricted through the City's incorporation procedures and revenue neutrality agreement by the County of Riverside for fire protection services and operations. For audit purposes this fund is collapsed into the General Fund. Revenues are projected at $11,100,000 million and expenditures total $9,978,450 million; the fund is projected to end the fiscal year with a $1,121,550 budget surplus, which will go towards the future third fire station construction. The main revenue source for the fund is property tax, which makes up $10.0 million or 90% of the fund's revenue. Main expenditures in the fund are contract fire services at $9,155,250 , building maintenance and operations for the two City owned fire stations at $523,200, and revenue neutrality with Riverside County at $300,000. Contract fire services is increasing by 5% over the prior year due to an estimated 2% increase to contract rates and a return to the contract stipulated Advanced Life Support staffing as of January 2027. The City contracts for two medic engines and one medic squad at the two fire stations and dedicated fire marshal support including business inspection services.

Fire Fund Budget				
Category	**FY 2025-26 Amended Budget**	**FY 2026-27 Proposed Budget**	**Change**	**Change %**

Surplus net of Transfers	*(2,434,360)*	*1,121,550*		

Fire Fund Available Resources

The Fire Fund is anticipated to end the 2026-27 fiscal year with an estimated total fund balance of $21,576,199. Fire Fund fund-balance is restricted by the County of Riverside, however City Council has assigned and committed the following fund balances in order to ensure the ability to continue

operations in down economic situations and ensure resources are available to purchase apparatus and build vital infrastructure, such as the City's third fire station:

- Assigned reserves:
  - The Fire Fund Emergency Contingency was moved to the General Fund for the new 2026-27 fiscal year.
- Committed reserves:
  - The City will increase a committed reserve of $20,476,199 for a third fire station construction, and $600,000 for apparatus replacement.
- Restricted fund balance:
  - Total projected remaining restricted Fire Fund fund-balance are approximately $500,000.

SUMMARY OF SPECIAL REVENUE FUNDS

- *Gas Tax Fund* revenues are forecasted at $2,178,500 and expenditures are projected at $2,874,570. Although expenditures exceed revenues, the Gas Tax fund has available fund balance and is projected to end the fiscal year with $584,166 in available fund balance. Gas tax revenues are lower than originally anticipated; the Governor's final budget included less Gas Tax allocations for local agencies. The gas tax revenues in this fund are solely utilized to fund vital street infrastructure and maintenance projects.
- *Measure A Fund* revenues are projected at $3,501,000 and expenditures are projected at $5,040,580. The fund is projected to complete fiscal year 2026-27 with $82,780 in total fund balance. Similar to Gas Tax, these funds are solely utilized for street related projects. Riverside County allocates the funding from a 1/2 cent sales tax measure to local agencies.
- *Miscellaneous Grant Fund* revenues are projected at $1,164,845 and expenditures are projected at $2,273,290. The Grants Fund does not have available fund balance and is projected to end the fiscal year at negative $682,404. This is primarily due to the reimbursement nature of the fund and the Limonite Gap Bridge Pedestrian Bridge and Traffic Signal Improvement at Sumner and 68th projects which will likely be reimbursed in the next fiscal year.

Special Revenue Funds Available Resources

A large majority of the special revenue funds are forecasted to finish the 2026-27 fiscal year with a positive fund balance. Funds with an expected negative fund balance are the TDA fund, miscellaneous grants fund, the TUMF reimbursement fund, a few of the City's landscape and lighting maintenance districts (LLMD), several of the JCSD transferred lighting maintenance districts (LMD), and one community facility district (CFD). The TDA fund, miscellaneous grants fund, and TUMF fund are reimbursed after projects are completed. The special districts (LLMD, LMD, and CFD) do not generate adequate revenues to offset district expenditures. Any funds with negative fund balances will utilize General Fund assigned fund balances to bring the funds to zero on the city's Annual Comprehensive Financial Report. As a result, staff maintains an assigned reserve totaling $12,017,495 to cover these negative balances within the General Fund.

SUMMARY OF CAPITAL PROJECT FUND

General Capital Project Fund Link

The *Capital Project Fund* is used to track capital projects funded solely by the General Fund. Funds are transferred into the Capital Projects Fund from the General Fund. For the fiscal year 2026-27 budget, revenues are projected at $91,892,660 and expenditures are projected at the same amount, $91,892,660. The fund is expected to end the 2026-27 fiscal year with $0 in fund balance.

Expenditures for fiscal year 2026-27 include the Hellman Avenue Widening, City hall, Library, Police Station, Civic Center Site Improvement, Public Works Yard, Civic Center Surface Parking Lot, and Civic Center Phase 2 Parking Structure.

SUMMARY OF DEVELOPMENT IMPACT FEE FUNDS

Development Impact Fee Funds Link

The *Development Impact Fee Funds* are used to track development impact fees assessed on development projects throughout the city. These funds must be utilized on projects identified within nexus studies. The city adopted a new nexus study in late June 2025 for Park Improvements, Community and Recreation Centers, Fire Facilities, Public Facilities, and Police Facilities. Per the nexus study the fees collected for Public Facilities and Police Facilities may be used towards Civic Center buildings including City Hall, Library, and Police Station. As a result, significant budget in these funds for the Civic Center Project has been appropriated as a General Fund loan these DIF funds to fund portions of the project with future DIF receivables. As revenues trickle into these funds, the General Fund will be reimbursed for the Civic Center loan in accordance with a City Council adopted resolution and loan agreement. Available fund balance may not reflect funds fully available for projects until the loan repayments are processed.

SUMMARY OF CAPITAL REPLACEMENT FUNDS

Capital Replacement Funds Link

Staff established five capital replacement and maintenance funds in the prior fiscal year. Each was seeded by the General Fund with an estimated amount of fund balance to start fund balance accumulation in the funds. Finance staff is creating replacement schedules and will calculate annual contribution amounts for each of the funds, depending on the type of future maintenance and replacement the fund will supply. The expectation is to build adequate fund balance to prepare the city to replace and maintain public equipment and infrastructure as a means to support the General Fund during lean economic periods.

CAPITAL IMPROVEMENT BUDGET

Capital Improvement Budget Link

The five-year capital improvement budget identifies the highest priority capital needs that can be addressed with available and forecasted revenues. These capital needs are matched with the previous year's continuing appropriations and five-year revenue projections identified by the Finance department. Additionally, capital needs are delineated to eligible funding sources and programs available to the City's capital improvements. Over the next five-years of this capital improvement budget, Eastvale will program over $227.7 million in funding for City Street Improvements, Maintenance, Roadway and Traffic Safety Improvements, and future Civic Center plans. For the fiscal year 2026-27 the City will commit $121.6 million to fund projects within the categories listed above.

Major capital projects for fiscal year 2026-27 include the Annual Overlay and Slurry Seal ($4.7 million) , Civic Center Project Phase 1 and Phase 2 (City Hall, Library, Police Station, Plaza, Public Park, Parking Structure, Surface Lot $101.7 million), Limonite Gap Pedestrian Bridge ($5.5 million), and Hellman Avenue Widening ($1.2 million).

APPROPRIATIONS LIMIT

The Gann Appropriations Limit for Fiscal Year 2026-27 was calculated at $37,380,249 using the $35,320,505 limit approved from the prior year multiplied by the (1.0495) increase in per capita income multiplied by the (1.0084) increase in population growth for the City of Eastvale. The city's proceeds of taxes total $75,619,329. The city's appropriations that are subject to the limit are $37,380,249 as a result of qualified exemptions from the limit, which consist of appropriations for the Civic Center project, capital outlay reserve commitments, and the city's annual CalPERS unfunded liability payment. As a result, the city does not need to utilize provisions under AB137 for the 2026-27 fiscal year.

GFOA AWARD

The city has been awarded the Government Finance Officer's Association (GFOA) Distinguished Budget Award for three consecutive years. Over the past several years GFOA has made changes to the award criteria. As a result, the city's budget document continues to be adjusted. Long range operational financial plans must now incorporate all appropriated funds, of which the city has 137 budgeted funds. In an effort to expand long-range planning, staff will prepare plans for all of the city's funds, but provide narrative for the city's two major funds and several additional funds. At the time of the publication of this agenda, staff is still drafting narrative for the long range planning section of the budget document. Staff will submit the fiscal year 2026-27 budget document for the GFOA distinguished budget award.

BUDGET DOCUMENT

Since 2022, staff has been utilizing OpenGov for budget management. The software provides a budgeting platform for departments to submit budget proposals, personnel budgeting tools, reporting, and online portals. Staff has utilized the online portal to create an online budget book, which appears similar to a website. The online budget book allows for a more interactive experience for the public, as reports and graphics can be drilled down to line item detail. This is the third online budget book for the city. As of the date of the agenda posting, staff has not yet updated all sections of the book, however those sections are marked in red text. The landing page for the book can be found here: Online Budget Book.

Analysis

FUND BALANCE POLICY

At the preliminary budget presentation on April 22, several Council members mentioned the city's fund balance policy and asked how funds are designated for reserve. The current adopted policy was approved on January 22, 2025 ahead of bond financing for the Civic Center project.

The current policy includes a summary statement of all reserves and a priority order in which they should be filled and/or replenished. An excerpt from the policy is included below:

- At the end of the fiscal year end close, the annual surplus fund balance, as defined above, in the General Fund will be automatically allocated as listed below. City Council may take action to override the priority list or change amounts. The list is in order of highest priority to lowest priority:

    - 50% Assigned General Fund Operating Reserve;
    - A cap of 50% of Debt service operating costs in a specific Debt Service reserve;
    - A cap of $2,500,000 for Pension Obligation;
    - A cap of $3,000,000 for Public Safety Rate Increase Stabilization;
    - 5% retained in General Fund Balance unassigned reserves;
    - $500,000 to General Street Maintenance;
    - $250,000 to General Facility Maintenance;
    - $120,000 to General Fleet Capital Replacement;
    - $50,000 to General Information Capital Replacement;
    - $100,000 to General Catch Basin and Storm Drain Maintenance
- Annual budget surplus for the Fire Fund will automatically be allocated as follows, unless City Council takes action to override the list or change amounts:
    - 75% Assigned Fire Fund Operating Reserve

Staff recommends the following changes as highlighted in *italics*:

- At the end of the fiscal year end close, the annual surplus fund balance, as defined above, in the General Fund will be automatically allocated as listed below. City Council may take action to override the priority list or change amounts. The list is in order of highest priority to lowest priority:

    - 50% Assigned General Fund Operating Reserve;
    - *50% Assigned Fire Fund Operating Reserve, unless funded by the Fire Fund fund-balances;*
    - A cap of 50% of Debt service operating costs in a specific Debt Service reserve;
    - A cap of $2,500,000 for Pension Obligation;
    - A cap of $3,000,000 for Public Safety Rate Increase Stabilization;
    - 5% retained in General Fund Balance unassigned reserves;
    - $500,000 to General Street Maintenance;
    - $250,000 to General Facility Maintenance;
    - $120,000 to General Fleet Capital Replacement;
    - $50,000 to General Information Capital Replacement;
    - $100,000 to General Catch Basin and Storm Drain Maintenance
- Annual budget surplus for the Fire Fund will automatically be allocated as follows, unless City Council takes action to override the list or change amounts:
    - *50%* Assigned Fire Fund Operating Reserve *unless funded by the General Fund fund-balances*

Funds in excess of the amounts listed above are not memorialized within the fund balance policy. In practice, the remainder of available fund balances in excess of the annual Gann Appropriations Limit have been set aside for capital improvement projects that exceed $100,000 in cost and will have 10 plus years of useful life, in accordance with provisions within the State Constitution. Over the last six or seven years, excess fund balance has been set aside for the Civic Center project, which meets the Gann Appropriations Limit provisions. However, as that project nears completion The City Council can direct how those project reserves are funded annually during the budget process or memorialize the funding priorities within the fund balance policy.

Environmental

Government fiscal activities and budget adoption are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: C | Goal #: H

Target: Financial Planning; Goal: Ensure that city revenues align with expenditures.

Fiscal Impact

Overall, the proposed resolutions and reports are technical in nature and will enable the City Council to direct staff in making necessary budget adjustments to the accounts to reflect the adopted City of Eastvale Fiscal Year 2026-27.

Prior City Council/Commission Action

City Council conducted a budget workshop on April 22, 2026 and capital improvement plan workshop on May 27, 2026. Since the preliminary budget workshop, no major program changes have been incorporated into the budget plan. All changes between the workshop and the proposed budget are listed above in the background section.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE APPROVING AND ADOPTING THE ANNUAL APPROPRIATIONS LIMIT PURSUANT TO ARTICLE XIII (B) OF THE CALIFORNIA CONSTITUTION FOR FISCAL YEAR 2026-2027

WHEREAS, Article XIII (B), Section 1 of the California Constitution provides that the total annual appropriations subject to limitation of the State and of each local government entity shall not exceed the appropriations limit of the entity for the prior year adjusted for the changes in the cost of living and population, and Government Code Section 7900 et seq. provides for the implementation of Article XIII B; and

WHEREAS, the City Council of the City of Eastvale adopted Resolution 10-16 on October 1, 2010 establishing a provisional appropriations limit of $13,938,809 as determined by the Riverside Local Agency Formation Commission; and

WHEREAS, the voters of the City at the first municipal election held on November 6, 2012 established a permanent appropriations limit for Fiscal Year 2012-2013 of $15,518,412 under the provisions of Government Code Section 56812; and

WHEREAS, the voters of the City at the municipal election held on March 2, 2021 established a temporary appropriations limit for Fiscal Year 2020-2021 of $33,000,000 pursuant to Article XIII (B), Section 4 of the California Constitution; and

WHEREAS, the temporary appropriations limit expired on March 2, 2024 during Fiscal Year 2024-2025 and the permanent limit of $33,094,134 was re-established; and

WHEREAS, Assembly Bills 137 and 163, passed in the 2021-2022 legislative regular session, added Government Code Section 7902.2.2; and

WHEREAS, Government Code Section 7902.2.2 provides a calculation to be performed if an agency's proceeds of taxes exceed its appropriations limit determined pursuant to Section 7902 for that fiscal year, and if the calculation results in a positive value, the governing body of the City may increase its appropriations limit for the applicable fiscal year by that amount; and

WHEREAS, the City Council of the City deems it to be in the best interest of the City of Eastvale to establish an appropriations limit for Fiscal Year 2026-2027 in the manner provided for in Government Code Section 7900 et seq. and Article XIII (B) of the California Constitution.

NOW, THEREFORE, the City Council of the City of Eastvale, California, does hereby resolve, declare, determine and order that said appropriations limit for Fiscal Year 2026-2027 be in the amount of $37,380,249; $37,380,249, calculated pursuant to Government Code Section 7902 using the growth factor in the California Per Capita Income of 4.95% and change in population

for the City of Eastvale, of 0.84% as reported by the California Department of Finance, plus $0 calculated pursuant to 7902.2.2 for a total of $37,380,249.

PASSED, APPROVED AND ADOPTED this 24th day of June, 2026.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING AN OPERATING BUDGET AND CAPITAL BUDGET FOR THE FISCAL YEAR COMMENCING JULY 1, 2026 AND ENDING JUNE 30, 2027, AND APPROPRIATING FUNDS FOR PURPOSES THEREIN SET FORTH

WHEREAS, the City Manager has heretofore presented to this Council the "Proposed Budget" for the Fiscal Year July 1, 2026 through June 30, 2027; and

WHEREAS, the City Council has reviewed and recommended budget and directed certain changes which have been incorporated therein; and

WHEREAS, incorporated within the recommended budget is the proposed expenditure limitation on revenues derived from "proceeds of taxes" as established by Article XIIIB of the State Constitution, which was adopted by Resolution No. 26-XX.

NOW, THEREFORE, **THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:**

SECTION 1. There are appropriated for obligation and expenditure by the City Manager the amounts shown for the various accounts separately set forth in the Fiscal Year 2026-2027 Annual Operations and Capital Improvement Budget;

SECTION 2. All obligations and expenditures shall be incurred and made in the manner provided by the provisions of State Law and City Ordinances and Resolutions;

SECTION 3. The City Manager is authorized to proceed with the implementation of the work program as incorporated in the approved and adopted budget and is authorized to transfer appropriations between accounts, departments, programs, and funds provided that no change is made in the total amount of the total appropriations within the adopted budget.

SECTION 4. The City Manager is authorized to appropriate developer deposits for expenditure, only for cost reimbursement projects where developers are providing funds for staff services and contracts are in place.

SECTION 5. The approved budgets for the individual capital outlay projects and capital improvement projects remain as authorized until these projects are completed. Any unexpended authorized appropriation for each capital project is automatically carried over from fiscal year to fiscal year until the funds of the individual capital project are expended or the capital project is canceled by the City Manager. Following the completion of the individual capital projects, the unexpended appropriation of each completed capital project shall be canceled, and the capital projects' funding sources shall be released from their unexpended funding commitment.

SECTION 6. At the end of Fiscal Year 2025-2026, certain purchase orders exist as outstanding encumbrances representing contractual obligations of previously budgeted funds. In addition, certain amounts have been included in the Fiscal Year 2025-2026 budget that related to one-time allocations for specific projects and services but remain unspent. Outstanding encumbrances and unspent one-time allocations may be carried forward to Fiscal Year 2026-2027 upon review and recommendation by the Finance Director and approval of the City Manager.

SECTION 7. The approved budgets for individual grants remain as authorized appropriations for the individual grants until the grant is completed or expires. Any unexpended authorized appropriation for each grant and the corresponding revenue budget is automatically carried over from fiscal year to fiscal year until the funds of the individual grant are expended, the grant expires, or the grant is canceled by the City Manager.

PASSED, APPROVED AND ADOPTED this 24th day of June, 2026.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE COMMITMENT OF FUND BALANCE PURSUANT TO GASB 54

WHEREAS, the Governmental Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Type Definitions, with the intent of improving financial reporting by providing fund balance categories that will be more easily understood; and

WHEREAS, the City Council may commit fund balance amounts for specific purposes by taking formal action, and the committed amounts cannot be used for any other purpose unless the City Council removes and changes the specific use through the same formal action taken to establish the commitment; and

WHEREAS, the City Council deems it appropriate that the current and prior years' commitments of fund balance be released; and

WHEREAS, the City Council deems appropriate that a commitment of $35,149,457 of the General Fund unassigned fund balance be established for Reserve for the following projects in the following amounts: Facility Construction: Parking Structure/Civic Center $17,949,457; Public Works Yard $6,000,000; Pension Liability $2,500,000; Public Safety Rate Increase Stabilization $3,000,000; Debt Service Reserve: Civic Center, $5,700,000; and

WHEREAS, the General Fund balance will be adjusted to final fund balance at the end of the fiscal year; and

WHEREAS, the City Council deems appropriate that a commitment of $21,076,199 of the Fire Fund unassigned fund balance be established for Reserve for the following projects in the following amounts: Third Fire Station Construction $20,476,199; Apparatus Replacement $600,000; and

WHEREAS, the Fire Fund balance will be adjusted to final fund balance at the end of the fiscal year.

NOW, THEREFORE, **THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:**

SECTION 1. the City Council establishes and approves the release of all prior years' commitments of unassigned fund balance of the General Fund and the Fire Fund to the unassigned category of fund balance as specified in the approved budget for fiscal year 2026-2027.

SECTION 2. The City Council establishes and approves the commitment of $35,149,457 of the unassigned fund balance of the General Fund to the committed category of fund balance.

SECTION 3. The City Council establishes and approves the commitment of $21,076,199 of the unassigned fund balance of the Fire Fund to the committed category of fund balance.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ESTABLISHING A REVISED SALARY SCHEDULE EFFECTIVE JULY 1, 2026

WHEREAS, it is determined to be in the best interest of the City of Eastvale "City") to hire and compensate employees to perform defined essential functions and responsibilities; and

WHEREAS, Government Code Sections 20636, 20636.1, 7522.34(a) and corresponding sections of the California Code of Regulations (CCR) section 570.5 require that salary schedules be publicly available, approved and adopted by the City Council at a public meeting; and

WHEREAS, annual adoption and approval of the City's salary schedule in compliance with Government Code Section 20636 and California Code of Regulations Section 570.50 will ensure proper reporting to CalPERS in compliance with the Public Employees Retirement Law (PERL) for retirement benefits purposes; and

WHEREAS, the City of Eastvale's Municipal Code; Chapter 2.60 establishes the Personnel System and adopted the City's Personnel Policies and Procedures; and

WHEREAS, the City of Eastvale's Personnel Policies and Procedures provides within Chapter 1.2 that classification titles and pay ranges shall be established from time to time upon adoption of a resolution by the City Council; and

WHEREAS, the City's salary schedule will be made available on the City's publicly accessible website; and

WHEREAS, the City's salary schedule is adjusted to reflect the removal of the Government Services Director/City Clerk classifications; and

WHEREAS, the City's salary schedule is adjusted to reflect the following new classifications: Assistant Buyer, Assistant City Engineer, Buyer, Purchasing Supervisor; and

WHEREAS, the City's salary schedule is adjusted to reflect the following title modifications: Lead Building Inspector to Building Inspection Supervisor; Lead Permit Technician to Permit Technician Supervisor; Senior Purchasing & Contracts Specialist to Senior Buyer; and

WHEREAS, the City's salary schedule is adjusted to reflect the following classification changes from Management to Classified-Exempt: Associate Engineer, Landscape & Facilities Superintendent, Public Works Superintendent, Senior Communications Officer, Senior Engineer, Senior Environmental Compliance Analyst, Senior HR & Risk Analyst, Senior IT Business Systems Analyst, Senior Planner; and

WHEREAS, the City Council desires to amend the approved salary schedule to conform to the aforementioned approved changes.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. The above recitals are true and correct and are incorporated as a material part of this resolution.

SECTION 2. The "Range Table" referenced as Exhibit "A" and to this resolution are hereby adopted effective July 1, 2026.

PASSED, APPROVED AND ADOPTED this 24th day of June, 2026.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ESTABLISHING THE AUTHORIZED POSITIONS FOR THE FISCAL-YEAR 2026-2027, EFFECTIVE, JULY 1, 2026

WHEREAS, the City of Eastvale's Personnel Policies and Procedures ("Personnel Rules") require that the City classification titles, salary schedule and range table be adopted by resolution by the City Council for providing adequate and appropriate staffing levels to provide efficient and effective public services for fiscal year 2026-2027; and

WHEREAS, City Departments may not hire in excess of the approved number of positions as indicated in the authorized position list without the approval of City Council; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Human Resources Analyst position and authorize one (1) Full-Time Equivalent Human Resources Technician position at Range 18 within the Human Resources and Risk Management Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Economic Development Manager position and authorize one (1) Full-Time Equivalent Deputy City Manager position at Range 59 within the City Manager/Administration Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Management Assistant position and authorize one (1) Full-Time Equivalent Senior Administrative Analyst position at Range 35 within the Economic Development Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Communications Officer position and authorize one (1) Full-Time Equivalent Senior Communications Officer position at Range 35 within the Communications Division; and

WHEREAS, the City of Eastvale seeks to authorize one half (0.5) Part-Time Equivalent Intern position at Range 1 within the Communications Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Human Resources Specialist position and authorize one (1) Full-Time Equivalent Senior Human Resources Specialist position at Range 27 within the Human Resources and Risk Management Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent City Clerk/Government Services Director position and authorize one (1) Full-Time Equivalent City Clerk position at Range 45 within the City Clerk Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Accounting Technician position and authorize one (1) Full-Time Equivalent Buyer position at Range 24 within the Finance Department; and

WHEREAS, the City of Eastvale seeks to eliminate two (2) Full-Time Equivalent Lead Building Inspector positions and authorize two (2) Full-Time Equivalent Building Inspector Supervisor positions at Range 34 within the Building Safety Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Lead Permit Technician position and authorize one (1) Full-Time Equivalent Permit Technician Supervisor position at Range 27 within the Building Safety Division; and

WHEREAS, the City of Eastvale seeks to authorize one (1) Full-Time Equivalent Assistant City Engineer position at Range 62 within the Public Works Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Management Analyst position and authorize one (1) Full-Time Equivalent Senior Administrative Analyst position at Range 35 within the Public Works Department; and

WHEREAS, the City of Eastvale seeks to authorize one (1) Full-Time Equivalent Public Works Superintendent position at Range 39 within the Public Works Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Maintenance and Operations Manager position and authorize one (1) Full-Time Equivalent Landscape and Facilities Superintendent position at Range 39 within the Public Works Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Code Enforcement Supervisor position and authorize one (1) Full-Time Equivalent Code Enforcement Manager position at Range 44 within the Code Enforcement Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Assistant Community Services and Recreation Director position and authorize one (1) Full-Time Equivalent Community Services and Recreation Director position at Range 60 within the Community Services and Recreation Department; and

WHEREAS, the City of Eastvale desires to adopt the authorized positions in the Council adopted budget for the fiscal year 2025-2026.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. The City Council of the City of Eastvale orders that the proposed Authorized Position list in the City of Eastvale proposed budget for fiscal year 2026-2027 shall be adopted, effective July 1, 2026, as shown in Exhibit "B";

SECTION 2. The City Manager is authorized to proceed with backfilling vacant authorized positions with temporary employees for the duration of said vacancy.

PASSED, APPROVED AND ADOPTED this 24th day of June, 2026.

PURPOSE

This policy establishes the target and minimum levels of fund balance to be maintained in various funds and to identify certain requirements for classifying fund balance in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions.

BACKGROUND

In March 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, to address issues related to how fund balance was being reported in governmental financial statements. The intent of the Statement is to bring greater transparency and consistency to fund balance reporting in the governmental sector.

The standard does not change the total amount of a given fund balance, but it substantially alters the categories and terminology used to describe the components of a fund balance. The new categories and terminology reflect an approach that focuses, not on financial resources available for appropriation within a fund, but on the extent to which the City is bound to honor constraints on the use of the funds. There are almost always limitations on the purpose for which all or a portion of the City's fund balance resources can be used. The force of these limitations can vary significantly depending on their source. The various components of the fund balance reporting standard are designed to indicate the extent to which the City is bound by these limitations placed upon the resources.

SCOPE

The use of this policy is primarily focused within the City's governmental funds: General Fund, Structural Fire Fund, General Capital Project Funds, and General Capital Replacement Funds. The City's primary financial objective is to maintain the fiscal stability of the municipality. Fund balance is an important measure of economic stability. It is essential that the City maintain adequate levels of assigned and unrestricted fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations and unanticipated expenditures.

DEFINITIONS

Fund balance is the difference between the assets (what is owned) and liabilities (what is owed) reported in the City's governmental funds. There are generally limitations on the purpose for which all or a portion of the resources of a governmental fund may be used. The force behind these limitations can vary significantly, depending upon their source. Consequently, the fund balance reported in the annual financial statements is categorized into five components whereby each component identifies the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the fund can be spent. The five components of fund balance are as follows:

1. **Nonspendable**: Resources that are 1) not in spendable form, such as inventories, prepaids, long-term receivables, or non-financial assets held for resale, or 2) required to be maintained intact such as an endowment. However, nonspendable items that are

restricted, committed or assigned when they become spendable are included in those respective categories.

2. **Restricted**: Resources that are subject to externally enforceable legal restrictions; these restrictions would be either 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.
3. **Committed**: Resources that are constrained to specific purposes by a formal action of the City Council such as an ordinance or resolution. The constraint remains binding unless removed in the same formal manner by the City Council. Council action to commit fund balance must occur within the fiscal reporting period while the amount committed may be determined subsequently.
4. **Assigned**: Resources that are constrained by the City's intent to be used for specific purposes, but that are neither restricted nor committed.
5. **Unassigned**: Residual resources, either positive or negative, in excess of what can be properly classified in one of the other four fund balance categories. Within all other governmental funds, the negative residual resources in excess of what can be properly classified as nonspendable, restricted, or committed.

The first two components listed above are not addressed in this policy due to the nature of their restrictions. Some examples of nonspendable fund balance are prepaid expenses, notes receivable, inventory and land held for resale. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This policy focuses on financial reporting of unrestricted fund balance, the last three components listed above, committed, assigned, and unassigned.

POLICY

The City shall maintain minimum fund balances as described in detail below. This policy also requires that internal service funds be funded every fiscal year to ensure there is no deficit at June 30. Minimum fund balances are necessary to maintain the City's credit worthiness and to adequately provide for:

- Economic uncertainties, local disasters and other hardships/downturns in the local economy
- Contingencies for unforeseen operating or capital needs
- Cash flow requirements

1. **Authority and Hierarchy**
    a. **Commitment of Fund Balance:** The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose

unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. City Council action to commit fund balance needs to occur within the fiscal reporting period; however, the amount can be determined subsequently.

b. **Assigning Fund Balance:** This policy delegates to the City Manager, or the City Manager's designee, the authority to assign unrestricted fund balance amounts where the City's intent is for those amounts to be used for specific purposes. This delegation of authority is for the sole purpose of reporting these amounts in the annual financial statements and holding funds for specific projects. Amounts will also be reported within the City's Interim Financial Reports. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

c. **Reporting Encumbrances:** Encumbering amounts in governmental funds for specific purposes for which resources have already been restricted, committed or assigned should not result in a separate display of encumbered amounts. Encumbered amounts for specific purposes for which amounts have not been previously restricted, committed or assigned, will be classified as committed or assigned, as appropriate, based on the definitions and criteria set forth in GASB Statement No. 54.

d. **Hierarchy of Fund Balance:** When multiple categories of fund balance are available for expenditure, the City will spend the most restricted funds first before moving down to the next category with available funds in the following order, assuming usable funds for the intended use are available in the category of fund balance:
   i. Restricted
   ii. Committed
   iii. Assigned
   iv. Unassigned

   If funds in the most restrictive category are not available for a specific use, the next less restrictive category of funds will be utilized.

2. Assigned Reserves:

a. Assigned Operating Reserves and Usage:

i. Operating Reserve Fund Balance shall be used only to fund unanticipated needs and/or emergencies as described below:

1. Catastrophic Events and Major Disasters: Operating Reserves may fund the extraordinary operating costs, legal costs, and cash flow problems associated with delays in State and Federal reimbursements for any catastrophic event and major disaster

(natural or man-made) declared by the City Council of their designee, or by the State of California, or by the federal government that are nonrecurring expenditures.

2. Fiscal Emergencies: Operating Reserves may fund operating expenditures in the event of a fiscal emergency due to unforeseen changes to operating revenue streams.

ii. City Council must appropriate budget in order to utilize the operating reserve funds. A maximum of fifty percent of the prior year-ending balance in the Operating Reserve Fund may be drawn. At no time may the balance be less than 5 percent of the adopted annual appropriations for cash flow purposes.

b. **General Fund Operating Reserve:**

i. The City has established a General Fund "Operating Reserve" assigned fund balance policy, also known as the Emergency Contingency reserve. At the end of each fiscal year, the General Fund should have a minimum assigned fund balance of 50% of the current year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director to fully fund the "Operating Reserve." This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The General Fund's "Operating Reserve" assigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as "General Fund Operating Reserve" assigned fund balance. The "General Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.

c. Fire Fund Operating Reserve:

i. The City has established a Fire Fund "Operating Reserve" assigned fund balance policy. The Fire Fund Operating Reserve may be funded by one of two methods, only one method is necessary to meet the requirements of this policy:

1. At the end of each fiscal year, the Fire Fund should have a minimum assigned fund balance of 50% of the current year's Fire Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day Fire operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The Fire Fund's "Operating Reserve" assigned fund balance policy is

reported in the notes to the annual financial statements and is shown in the annual financial statements as "Fire Fund Operating Reserve" assigned fund balance. The "Fire Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.

a.

d. At the end of each fiscal year, the General Fund should have a minimum assigned fund balance of 50% of the current year's Fire Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day Fire operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The General Fund provided Fire-Fund "Operating Reserve" assigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as "Fire Fund Operating Reserve" assigned fund balance. The "Fire Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.
Capital Replacement and Maintenance Funds:

i. When a General Fund budget surplus is available, the General Fund will contribute to the Capital Replacement Funds for future maintenance and replacement of vital public infrastructure and equipment. These funds will be held in an assigned reserve. Annual contributions to the funds are as follows:

1. General Information Capital Replacement: $50,000
2. General Fleet Capital Replacement: $120,000
3. General Street Maintenance: $500,000
4. General Facility Maintenance: $250,000
5. General Catch Basin and Storm Drain Maintenance: $100,000

ii. The replacement and maintenance funds shall be capped in a method that retains available cash to fund emergency projects, but not in excessive amounts.

1. Maintenance funds shall be capped at 40% of the total five-year CIP or five-year planning document maintenance project costs.
2. Replacement funds shall be capped at 20% of the five-year CIP or five-year planning document replacement project costs.

iii. In deficit budget years, the General Fund will not contribute to the Capital Replacement and Maintenance Funds.

iv. Assigned fund balance in the Capital Replacement and Maintenance Funds shall not available to support operating expenditures of the General Fund,

unless the expenditures are directly related to the replacement of capital or maintenance of infrastructure as the funds have been titled.

4. **Unassigned Reserves:**
    a. The City has established a General Fund minimum unassigned fund balance policy. At the end of each fiscal year, the General Fund shall have a minimum unassigned fund balance of 5% of the current year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide contributions to the city's special revenue funds that may complete the fiscal year with a negative fund balance. The General Fund's minimum unassigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as unassigned fund balance.

5. **Replenishing Fund Balance Deficiencies in any Category of Fund Balance:** When fund balance falls below thresholds set by this policy, the City Council must approve and adopt a plan to restore this balance to the target level within three years using the budget strategies described below:
    i. Use of budget surplus
    ii. Reduction to recurring expenditures to eliminate any structural deficit or,
    iii. Increase revenues or pursue other funding sources, or
    iv. A combination of the three options above

    The progress of replenishment shall be reported in the annual budget.

6. **Deficit Fund Balance:** If a fund's unassigned fund balance is not positive at any year-end, the City shall develop a funding plan and a timeframe to bring it into a positive state. The unassigned fund balance deficit in any fund shall be restored through the following mechanisms, in order of priority:
    i. Reduction of (1) assigned fund balance levels, (2) committed fund balance levels;
    ii. Transfer of unassigned fund balances from other related funds, if allowed.

7. **Surplus Fund Balance:** If all categories of fund balances are fully funded as described in this policy and both unrestricted and unassigned fund balance in any fund remains, it will be considered a surplus for the budgeted year. If unrestricted and unassigned fund balance of any fund exceeds this policy's targets, the City Council may consider such fund balance surpluses to be used for (a) capital projects and equipment (b) pay down long-term obligations, and (c) one-time expenditures that are non-recurring in nature and which do not require additional future operating expenditure outlay for maintenance, additional staffing, or other recurring expenditure. Appropriation from the General Fund's unassigned fund balance shall require the approval of the City Council.

SUMMARY & PRIORITY

At the end of the fiscal year end close, the annual surplus fund balance, as defined above, in the General Fund will be automatically allocated as listed below. City Council may take action to override the priority list or change amounts. The list is in order of highest priority to lowest priority:

- 50% Assigned General Fund Operating Reserve;
- 50% Assigned Fire Fund Operating Reserve, unless funded by the Fire Fund fund-balances;
- A cap of 50% of Debt service operating costs in a specific Debt Service reserve;
- A cap of $2,500,000 for Pension Obligation;
- A cap of $3,000,000 for Public Safety Rate Increase Stabilization;
- 5% retained in General Fund Balance unassigned reserves;
- $500,000 to General Street Maintenance, capped at 40% of the five-year CIP street maintenance projected costs;
- $250,000 to General Facility Maintenance, capped at 40% of the annual facility maintenance operating budget;
- $120,000 to General Fleet Capital Replacement, capped at 20% of the five-year CIP fleet replacement costs;
- $50,000 to General Information Capital Replacement, capped at 20% of the five-year equipment replacement cost;
- $100,000 to General Catch Basin and Storm Drain Maintenance, capped at 40% of the five-year CIP street maintenance projected costs;

Annual budget surplus for the Fire Fund will automatically be allocated as follows, unless City Council takes action to override the list or change amounts:

- 50% Assigned Fire Fund Operating Reserve, unless funded by the General Fund fund-balances

PROCEDURES

Implementation and Review

Upon adoption of this policy the City Council authorizes the Finance Department, under direction of the City Manager, to establish standards and procedures which may be necessary for its implementation. The Finance Director reviews this policy annually with the City Manager's Office and recommends updates to the City Council for adoption when necessary.

RESPONSIBILTIES

1. City Council:
    a. Set and adopt fund balance policy
    b. Establishes committed funds
    c. Approve budgeted expenditure appropriations from any reserve fund
2. City Manager:
    a. Determine appropriate levels of fund balance in accordance with adopted policy

3. Finance:
    a. Finance Director to assign specific amounts for financial reporting purposes
    b. Responsible for recording amounts according to adopted policy
    c. Responsible for ensuring that fund balance is properly reported in the City's Annual Comprehensive Financial Report (ACFR)
    d. Annual review of policy

This policy has been prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54. No other policy or procedure supersedes the authority and provisions of this policy.

CITY OF EASTVALE Administrative Policy	Policy No: A-23
Subject **Fund Balance Reserve Policy**	Effective Date: ~~01/22/2025~~07/01/2026
	Page **1** of **8**

PURPOSE

This policy establishes the target and minimum levels of fund balance to be maintained in various funds and to identify certain requirements for classifying fund balance in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions.

BACKGROUND

In March 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, to address issues related to how fund balance was being reported in governmental financial statements. The intent of the Statement is to bring greater transparency and consistency to fund balance reporting in the governmental sector.

The standard does not change the total amount of a given fund balance, but it substantially alters the categories and terminology used to describe the components of a fund balance. The new categories and terminology reflect an approach that focuses, not on financial resources available for appropriation within a fund, but on the extent to which the City is bound to honor constraints on the use of the funds. There are almost always limitations on the purpose for which all or a portion of the City's fund balance resources can be used. The force of these limitations can vary significantly depending on their source. The various components of the fund balance reporting standard are designed to indicate the extent to which the City is bound by these limitations placed upon the resources.

SCOPE

The use of this policy is primarily focused within the City's governmental funds: General Fund, Structural Fire Fund, General Capital Project Funds, and General Capital Replacement Funds. The City's primary financial objective is to maintain the fiscal stability of the municipality. Fund balance is an important measure of economic stability. It is essential that the City maintain adequate levels of assigned and unrestricted fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations and unanticipated expenditures.

DEFINITIONS

Fund balance is the difference between the assets (what is owned) and liabilities (what is owed) reported in the City's governmental funds. There are generally limitations on the purpose for which all or a portion of the resources of a governmental fund may be used. The force behind these limitations can vary significantly, depending upon their source. Consequently, the fund balance reported in the annual financial statements is categorized into five components whereby each component identifies the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the fund can be spent. The five components of fund balance are as follows:

1. **Nonspendable**: Resources that are 1) not in spendable form, such as inventories, prepaids, long-term receivables, or non-financial assets held for resale, or 2) required to

be maintained intact such as an endowment. However, nonspendable items that are restricted, committed or assigned when they become spendable are included in those respective categories.

2. **Restricted**: Resources that are subject to externally enforceable legal restrictions; these restrictions would be either 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.
3. **Committed**: Resources that are constrained to specific purposes by a formal action of the City Council such as an ordinance or resolution. The constraint remains binding unless removed in the same formal manner by the City Council. Council action to commit fund balance must occur within the fiscal reporting period while the amount committed may be determined subsequently.
4. **Assigned**: Resources that are constrained by the City's intent to be used for specific purposes, but that are neither restricted nor committed.
5. **Unassigned**: Residual resources, either positive or negative, in excess of what can be properly classified in one of the other four fund balance categories. Within all other governmental funds, the negative residual resources in excess of what can be properly classified as nonspendable, restricted, or committed.

The first two components listed above are not addressed in this policy due to the nature of their restrictions. Some examples of nonspendable fund balance are prepaid expenses, notes receivable, inventory and land held for resale. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This policy focuses on financial reporting of unrestricted fund balance, the last three components listed above, committed, assigned, and unassigned.

POLICY

The City shall maintain minimum fund balances as described in detail below. This policy also requires that internal service funds be funded every fiscal year to ensure there is no deficit at June 30. Minimum fund balances are necessary to maintain the City's credit worthiness and to adequately provide for:

- Economic uncertainties, local disasters and other hardships/downturns in the local economy
- Contingencies for unforeseen operating or capital needs
- Cash flow requirements

1. **Authority and Hierarchy**
    a. **Commitment of Fund Balance:** The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes

pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. City Council action to commit fund balance needs to occur within the fiscal reporting period; however, the amount can be determined subsequently.

b. **Assigning Fund Balance:** This policy delegates to the City Manager, or the City Manager's designee, the authority to assign unrestricted fund balance amounts where the City's intent is for those amounts to be used for specific purposes. This delegation of authority is for the sole purpose of reporting these amounts in the annual financial statements and holding funds for specific projects. Amounts will also be reported within the City's Interim Financial Reports. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

c. **Reporting Encumbrances:** Encumbering amounts in governmental funds for specific purposes for which resources have already been restricted, committed or assigned should not result in a separate display of encumbered amounts. Encumbered amounts for specific purposes for which amounts have not been previously restricted, committed or assigned, will be classified as committed or assigned, as appropriate, based on the definitions and criteria set forth in GASB Statement No. 54.

d. **Hierarchy of Fund Balance:** When multiple categories of fund balance are available for expenditure, the City will spend the most restricted funds first before moving down to the next category with available funds in the following order, assuming usable funds for the intended use are available in the category of fund balance:
   i. Restricted
   ii. Committed
   iii. Assigned
   iv. Unassigned

   If funds in the most restrictive category are not available for a specific use, the next less restrictive category of funds will be utilized.

2. Assigned Reserves:

a. Assigned Operating Reserves and Usage:

i. Operating Reserve Fund Balance shall be used only to fund unanticipated needs and/or emergencies as described below:

1. Catastrophic Events and Major Disasters: Operating Reserves may fund the extraordinary operating costs, legal costs, and cash flow

problems associated with delays in State and Federal reimbursements for any catastrophic event and major disaster (natural or man-made) declared by the City Council of their designee, or by the State of California, or by the federal government that are nonrecurring expenditures.

2. Fiscal Emergencies: Operating Reserves may fund operating expenditures in the event of a fiscal emergency due to unforeseen changes to operating revenue streams.

ii. City Council must appropriate budget in order to utilize the operating reserve funds. A maximum of fifty percent of the prior year-ending balance in the Operating Reserve Fund may be drawn. At no time may the balance be less than 5 percent of the adopted annual appropriations for cash flow purposes.

b. **General Fund Operating Reserve:**

i. The City has established a General Fund "Operating Reserve" assigned fund balance policy, also known as the Emergency Contingency reserve. At the end of each fiscal year, the General Fund should have a minimum assigned fund balance of 50% of the current year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director to fully fund the "Operating Reserve." This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The General Fund's "Operating Reserve" assigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as "General Fund Operating Reserve" assigned fund balance. The "General Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.

c. Fire Fund Operating Reserve:

i. The City has established a Fire Fund "Operating Reserve" assigned fund balance policy. The Fire Fund Operating Reserve may be funded by one of two methods, only one method is necessary to meet the requirements of this policy:

~~i.~~1. At the end of each fiscal year, the Fire Fund should have a minimum assigned fund balance of ~~75~~50% of the current year's Fire Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-

Formatted

day Fire operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The Fire Fund's "Operating Reserve" assigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as "Fire Fund Operating Reserve" assigned fund balance. The "Fire Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.

a. ~~The Fire Fund Operating Reserve is calculated at 75% due to the limited resources available within the fund. The Fire Fund is wholly supported by property taxes and therefore is subject to more volatility than the City's General Fund.~~

~~0.~~ At the end of each fiscal year, the General Fund should have a minimum assigned fund balance of 50% of the current year's Fire Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day Fire operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The General Fund provided Fire-Fund "Operating Reserve" assigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as "Fire Fund Operating Reserve" assigned fund balance. The "Fire Fund Operating Reserve" is also shown in Interim Financial Reports provided to the City Council.

~~c.~~**d. Capital Replacement and Maintenance Funds:**

i. When a General Fund budget surplus is available, the General Fund will contribute to the Capital Replacement Funds for future maintenance and replacement of vital public infrastructure and equipment. These funds will be held in an assigned reserve. Annual contributions to the funds are as follows:

1. General Information Capital Replacement: $50,000
2. General Fleet Capital Replacement: $120,000
3. General Street Maintenance: $500,000
4. General Facility Maintenance: $250,000
5. General Catch Basin and Storm Drain Maintenance: $100,000

ii. The replacement and maintenance funds shall be capped in a method that retains available cash to fund emergency projects, but not in excessive amounts.

1. Maintenance funds shall be capped at 40% of the total five-year CIP or five-year planning document maintenance project costs.
2. Replacement funds shall be capped at 20% of the five-year CIP or five-year planning document replacement project costs.

iii. In deficit budget years, the General Fund will not contribute to the Capital Replacement and Maintenance Funds.

iv. Assigned fund balance in the Capital Replacement and Maintenance Funds shall not available to support operating expenditures of the General Fund, unless the expenditures are directly related to the replacement of capital or maintenance of infrastructure as the funds have been titled.

4. Unassigned Reserves:

a. The City has established a General Fund minimum unassigned fund balance policy. At the end of each fiscal year, the General Fund shall have a minimum unassigned fund balance of 5% of the current year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide contributions to the city's special revenue funds that may complete the fiscal year with a negative fund balance. The General Fund's minimum unassigned fund balance policy is reported in the notes to the annual financial statements and is shown in the annual financial statements as unassigned fund balance.

5. **Replenishing Fund Balance Deficiencies in any Category of Fund Balance:** When fund balance falls below thresholds set by this policy, the City Council must approve and adopt a plan to restore this balance to the target level within three years using the budget strategies described below:

i. Use of budget surplus
ii. Reduction to recurring expenditures to eliminate any structural deficit or,
iii. Increase revenues or pursue other funding sources, or
iv. A combination of the three options above

The progress of replenishment shall be reported in the annual budget.

6. **Deficit Fund Balance:** If a fund's unassigned fund balance is not positive at any year-end, the City shall develop a funding plan and a timeframe to bring it into a positive state. The unassigned fund balance deficit in any fund shall be restored through the following mechanisms, in order of priority:

i. Reduction of (1) assigned fund balance levels, (2) committed fund balance levels;

ii. Transfer of unassigned fund balances from other related funds, if allowed.

7. **Surplus Fund Balance:** If all categories of fund balances are fully funded as described in this policy and both unrestricted and unassigned fund balance in any fund remains, it will be considered a surplus for the budgeted year. If unrestricted and unassigned fund balance of any fund exceeds this policy's targets, the City Council may consider such fund balance surpluses to be used for (a) capital projects and equipment (b) pay down long-term obligations, and (c) one-time expenditures that are non-recurring in nature and which do not require additional future operating expenditure outlay for maintenance, additional staffing, or other recurring expenditure. Appropriation from the General Fund's unassigned fund balance shall require the approval of the City Council.

SUMMARY & PRIORITY

At the end of the fiscal year end close, the annual surplus fund balance, as defined above, in the General Fund will be automatically allocated as listed below. City Council may take action to override the priority list or change amounts. The list is in order of highest priority to lowest priority:

- 50% Assigned General Fund Operating Reserve;
- 50% Assigned Fire Fund Operating Reserve, unless funded by the Fire Fund fund-balances;
- A cap of 50% of Debt service operating costs in a specific Debt Service reserve;
- A cap of $2,500,000 for Pension Obligation;
- A cap of $3,000,000 for Public Safety Rate Increase Stabilization;
- 5% retained in General Fund Balance unassigned reserves;
- $500,000 to General Street Maintenance, capped at 40% of the five-year CIP street maintenance projected costs;
- $250,000 to General Facility Maintenance, capped at 40% of the annual facility maintenance operating budget;
- $120,000 to General Fleet Capital Replacement, capped at 20% of the five-year CIP fleet replacement costs;
- $50,000 to General Information Capital Replacement, capped at 20% of the five-year equipment replacement cost;
- $100,000 to General Catch Basin and Storm Drain Maintenance, capped at 40% of the five-year CIP street maintenance projected costs;

Annual budget surplus for the Fire Fund will automatically be allocated as follows, unless City Council takes action to override the list or change amounts:

- ~~75~~50% Assigned Fire Fund Operating Reserve, unless funded by the General Fund fund-balances

PROCEDURES

Implementation and Review

Upon adoption of this policy the City Council authorizes the Finance Department, under direction of the City Manager, to establish standards and procedures which may be necessary for its implementation. The Finance Director reviews this policy annually with the City Manager's Office and recommends updates to the City Council for adoption when necessary.

RESPONSIBILTIES

1. City Council:
    a. Set and adopt fund balance policy
    b. Establishes committed funds
    c. Approve budgeted expenditure appropriations from any reserve fund
2. City Manager:
    a. Determine appropriate levels of fund balance in accordance with adopted policy
3. Finance:
    a. Finance Director to assign specific amounts for financial reporting purposes
    b. Responsible for recording amounts according to adopted policy
    c. Responsible for ensuring that fund balance is properly reported in the City's Annual Comprehensive Financial Report (ACFR)
    d. Annual review of policy

This policy has been prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54. No other policy or procedure supersedes the authority and provisions of this policy.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.6
June 24, 2026

Award Construction Contract to Pavement Coatings Co. for the 2026 Residential Slurry Seal Project (CIP #94001)

Prepared By:

Jimmy Chung, Public Works Director/ City Engineer

Recommended Action(s)

Staff recommends that the City Council approve the following actions for the 2026 Residential Slurry Seal Project (CIP #94001):

1. Award a Construction Contract to Pavement Coatings Co. in the amount of $1,135,502.94.
2. Authorize the City Manager to execute the Construction Contract and related documents, including the Notice of Completion.
3. Authorize City Staff to file a Notice of Exemption from the California Environmental Quality Act.

Summary

The *2026 Residential Slurry Seal Project (CIP #94001)* is an annual preventative maintenance project designed to treat pavement on various residential streets throughout the City of Eastvale. Specific treatments such as crack sealing, slurry sealing, and cape sealing are applied to structurally sound pavements as a cost-effective strategy to preserve their condition, extend their service life, and minimize future deterioration and repair costs.

The project includes both cape seal and slurry seal treatments across selected residential neighborhood roadways in addition to crack seal. Project locations were identified via a combination of the following: based on the City's Pavement Management Plan, field inspections by City staff, and coordination with inter-jurisdictional construction efforts. A detailed Project Location Map is

provided as part of Attachment 1.

The project scope of work includes, but is not limited to:

- Cleaning and sealing and/or filling pavement cracks
- Removal and replacement of existing asphalt concrete pavement (dig-outs and cul-de-sacs), as needed
- Resurfacing streets using Asphalt Rubber Aggregate Membrane (ARAM) and/or Rubberized Emulsion Aggregate Slurry (REAS) Type II Slurry
- Reconstructing or retrofitting existing curb ramps adjacent to cape seal treatment project location areas
- Installation or re-establishment of traffic striping, pavement markers, and markings as necessary

Staff recommends awarding the construction contract for the *2026 Residential Slurry Seal Project* to Pavement Coatings, Co., the lowest responsive and responsible bidder, in accordance with unit bid prices in the amount of $1,135,502.94.

Background

The Engineering Department oversees the maintenance of the City's street system and assembles a capital project for the placement of slurry seal and/or cape seal on an annual basis. Crack sealing, slurry seal, and cape seal are all preventive pavement maintenance techniques intended to preserve the existing roadway network and maximize the life of the City's infrastructure. Crack seal and slurry seal are preventive maintenance treatments used to prevent water intrusion, protect pavement structure and surface, slow deterioration, and extend the overall service life of roadways in a cost-effective manner. Slurry seal and cape seal are common treatments used on all road types, especially residential roadways.

The 2026 Residential Slurry Seal Project will apply a little over a million square feet of rubberized slurry seal and cape seal combined (701,622 SF and 299,314 SF, respectively) on designated residential roadways throughout the City. In contrast to conventional slurry seal, rubberized slurry seal is a more durable, polymer-modified (rubber) material which offers enhanced flexibility, adhesion, and crack-resistance making it more durable and provides better performance especially in high-traffic areas when compared to the conventional slurry seal treatment option. Cape seal is a two-step process which is applied in streets showing more wear conditions. The first step in the cape seal treatment option is the application of chip seal in which crews apply the first layer of asphalt binder and gravel. Then, the sweeper sweeps up any loose gravel within a few days. Next, a final coating of rubberized slurry seal is applied over the surface. Lastly, streets are inspected to ensure cleanliness and quality finish so they can be reopened for public use.

The project scope also includes 1.5" Coldmill and 1.5" AC Overlay; and Base Repairs, which involve the removal and reconstruction of failed pavement areas where the underlying base, and sometimes subgrade, has deteriorated, on certain locations with existing asphalt concrete pavement. Curb ramps adjacent to certain project location areas will be reconstructed and/or retrofitted to be compliant with current Americans with Disabilities Act (ADA) requirements.

The project location was developed from the Pavement Management System (PMS), which is a tool that assists the City in making cost-effective decisions related to the maintenance and rehabilitation

of roadway pavements. PMS allows the City to maximizes the use of the limited funding by taking a comprehensive approach to managing the City's pavements instead of a worst-first pavement plan. The City took a unique approach in that the benefit to cost ratio was considered in a zone-basis instead of an individual street segment. This allows maximizing the efficiency by reducing the mobilization cost.

The Invitation for Bids (IFB) was posted on the City's website and City of Eastvale Vendor Portal through PlanetBids on May 14, 2026. It was also published in a local newspaper twice on May 17, 2026 and May 24, 2026 following the Public Contract Code. In addition to the Base Bid schedule, the construction bid included a separate schedule for Additive Alternate Bid items associated with concrete and asphalt work. These Additive Alternate Bid items may be included or excluded at the City's discretion, without affecting the Base Bid. Bidders were instructed that the construction contract award would be based solely on the Base Bid amount and that Alternate Bid Items are for bidding purposes only and they may or may not be used. A total of three (3) electronic bids were received by the City by the June 4, 2026 deadline, and the results are as follows:

Name of Bidder Base Bid Amount
Pavement Coatings Co. $1,135,502.94
All American Asphalt $1,165,789.00
Union Pavement Services, Inc. $1,209,909.48

After review of the bids received, staff has determined that Pavement Coatings Co. is the lowest responsive and responsible bidder with a total base bid amount of $1,135,502.94. Pavement Coatings Co. holds a valid Class A Contractor's license in the State of California. Pavement Coatings Co. is a Southern California based commercial contractor in the road construction industry and has been in business for over 50 years. Pavement Coatings Co. has delivered successful projects to other agencies such as Cities of Whittier, La Mirada, Pomona and more. As specified in the bid documents, the contractor must execute and return the contract, along with other specified required, within ten calendar days following receipt of the Notice to Award.

Construction is anticipated to commence late July 2026, assuming no complications with the contract execution process. The contract allows for a total of 31 working days to complete the required work. The work is expected to be completed by the end of August 2026. The contractor will be responsible for creating public notifications to be reviewed and approved by the City; the bid document provided suggested templates for public notification and door hangers. The contractor will be required to notify all affected residents and/or businesses at least three days prior to slurry seal and cape seal operations. Finally, the contractor will be responsible for creating, installing and removing No Parking restrictions; the City provided suggested templates. The contractor is to submit the No Parking sign for the City's review and approval.

Environmental

In accordance with the California Environmental Quality Act (CEQA), the proposed project is Categorically Exempt from future review under Class 1 for Existing Facilities (CEQA Section 15301). A Notice of Exemption (NOE) which has already been prepared, will be filed with the required agencies. Refer to Attachment 2 for the completed Notice of Exemption.

Strategic Plan Action - Priority Level: 2 | Target #: E | Goal #: F

Create a walkable community.

Fiscal Impact

Total fiscal impact for this project is $1,135,502.94. There is sufficient funding in Fiscal Year 2026-2027 budget, totaling $1,500,000.00, allocated within the Road Maintenance and Rehabilitation Fund (RMRA) and Gas Tax. Therefore, no additional appropriations are necessary at this time to fully fund the project. Any unexpended funds from Fiscal Year 2025–2026, including those provided through CalRecycle, may also be used for the project.

Funding Source	FY26-27 Budget	Account
Road Maintenance Rehabilitation Account (RMRA)	$500,000.00	205-510-6660-94001
Gas Tax	$1,000,000.00	200-510-6660-94001
Total Available Budget	$1,500,000.00

LEAD AGENCY:

CITY OF EASTVALE
12363 Limonite Avenue, Suite 910
Eastvale, CA 91752

PROJECT CASE NO: CIP-94001

PROJECT TITLE: 2026 Residential Slurry Seal

PROJECT APPLICANT: Public Works Department, City of Eastvale

PROJECT LOCATION: Existing public roadways within the City of Eastvale. **CITY:** Eastvale
COUNTY: Riverside

APN(s): N/A (Public Right-of-way)

PROJECT DESCRIPTION: Placement of Type II Slurry Seal on various residential streets within the City. General work includes pavement preparation, crack sealing, slurry seal placement, base repair, traffic striping, and pavement markings.

AGENCY APPROVING PROJECT: City of Eastvale, City Council

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: Guadalupe Cortes, Associate Engineer

The project or activity identified above is determined to be exempt from further environmental review requirements contained in the California Environmental Quality Act (CEQA).

EXEMPT STATUS:

☐ Ministerial (Sec. 21080(b)(1); 15268);

☐ Declared Emergency (Sec. 21080(b)(3);15269(a));

☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));

☒ Categorical Exemption. State type and section no: Class 1: Existing Facilities. (Section 15301)

☐ Statutory Exemptions. State code number: _____

REASONS TO SUPPORT EXEMPTION FINDING (attach if needed):

Pursuant to the provisions of the California Environmental Quality Act (CEQA Public Resources Code, Section 21083 et. Seq.), this project meets the criteria for a Categorical Exemption under Section 15301 (Class 1 – Existing Facilities) of the CEQA Guidelines in that the proposed project involves negligible or no expansion of use consistent with the criteria set forth in Section 15301. Pavement preparation, crack sealing, slurry seal placement, base repair, traffic striping, and pavement markings does not alter existing public streets; additionally, the project does not add additional vehicular travel lanes; therefore qualifies for a Class 1 (Existing Facilities) exemption and no further environmental review is required pursuant to the California Environmental Quality Act (CEQA) Guidelines Section 15301.

CONTRACT AGREEMENT

BETWEEN
THE CITY OF EASTVALE
AND
PAVEMENT COATINGS CO.

This Agreement for Construction Services ("Agreement"), is made and entered into this ___ day of _____, 2026, by and between the City of Eastvale, a California general municipal corporation organized under the laws of the State of California with its principal place of business at 12363 Limonite Ave., Suite 910, Eastvale, California ("City") and Pavement Coatings Co., a California (corporation) ("Contractor").

SECTION 1. RECITALS

A. City is a municipal corporation organized under the laws of the State of California, with power to contract for services necessary to achieve its purpose. City has sought, by request for proposals, Bid Number# 26-112CIP, 2026 Residential Slurry Seal Project, CIP #94001, the performance of the services defined and described particularly in Section 3 of this Agreement.

B. Contractor is a professional contractor, experienced in providing removal and replacement of existing asphalt concrete pavement (dig outs and cul-de-sacs), resurfacing of various residential streets with applications of Asphalt Rubber Aggregate Membrane (ARAM) and/or Rubberized Emulsion Aggregate Slurry (REAS) Type II Slurry, reconstructing and retrofitting existing curb ramps, and new and/or reestablishing disturbed traffic striping, pavement markers, and markings, and is familiar with the plans of the City.

C. City desires to engage Contractor to construct public improvements associated with the **Project #94001-2026 Residential Slurry Seal Project** as set forth herein.

D. Contractor has obtained, and delivers concurrently herewith **PERFORMANCE BOND, PAYMENT BOND, INSURANCE DOCUMENTS AND OTHER CERTIFICATIONS** as required by the Contract.

SECTION 2. INCORPORATION OF DOCUMENTS

This Contract includes and hereby incorporates in full by reference the following documents, including all exhibits, drawings, specifications and documents therein, and attachments and addenda thereto: **Project Specifications for the 2026 Residential Slurry Seal Project (Project #94001-2026).**

SECTION 3. SCOPE OF WORK

A. Contractor's Basic Obligation; Scope of Work. Contractor promises and agrees, at its own cost and expense, to furnish to the Owner all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately complete the **#94001-2026 Residential Slurry Seal Project**, including all structures and facilities necessary for the Project or described in the Contract (hereinafter the "Work" or "Project"), for a Total Contract Price as specified pursuant to this Contract. All Work shall be subject to, and performed in

accordance with the above referenced documents, as well as the exhibits attached hereto and incorporated herein by reference. The plans and specifications for the Work are further described in the Exhibits attached hereto and incorporated herein by this reference. Special conditions, if any, relating to the Work are described in the Exhibits attached hereto and incorporated herein by this reference.

B. Change in Scope of Work Any change in the scope of the Work, method of performance, nature of materials or price thereof, or any other matter materially affecting the performance or nature of the Work shall not be paid for or accepted unless such change, addition or deletion is approved in advance and in writing by a valid change order executed by the City.

SECTION 4. PERIOD OF PERFORMANCE AND LIQUIDATED DAMAGES

Contractor shall perform and complete all Work under this Contract within **31 working days**, beginning the effective date of the Notice to Proceed ("Contract Time"). Contractor shall perform its Work in strict accordance with any completion schedule, construction schedule or project milestones developed by the City. Contractor agrees that if such Work is not completed within the aforementioned Contract Time and/or pursuant to any such completion schedule, construction schedule or project milestones developed pursuant to provisions of the Contract, it is understood, acknowledged and agreed that the City will suffer damage. Since it is impractical and infeasible to determine the amount of actual damage, it is agreed that the Contractor shall pay to the City as fixed and liquidated damages, and not as a penalty, the sum of **Fifteen Hundred Dollars ($1,500) per day** for each and every calendar day of delay beyond the Contract Time or beyond any completion schedule, construction schedule or Project milestones established pursuant to the Contract.

SECTION 5. STANDARD OF PERFORMANCE

Contractor shall perform all Work under this Contract in a skillful and workmanlike manner, and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Work. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Work assigned to them. Finally, Contractor represents that it, its employees and its subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Work, and that such licenses and approvals shall be maintained throughout the term of this Contract. Any employee who is determined by the City to be uncooperative, incompetent, a threat to the safety of persons or the Work, or any employee who fails or refuses to perform the Work in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed on the Work.

SECTION 6. CONTROL AND PAYMENT OF SUBORDINATES; CONTRACTUAL RELATIONSHIP

City retains Contractor on an independent contractor basis and Contractor is not an employee of City. Any additional personnel performing the work governed by this Contract on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance under this Contract and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, and workers' compensation insurance.

SECTION 7. CITY'S BASIC OBLIGATION

City agrees to engage and does hereby engage Contractor as an independent contractor to furnish all materials and to perform all Work according to the terms and conditions herein contained for the sum set forth above. Except as otherwise provided in the Contract, the City shall pay to Contractor, as full consideration for the satisfactory performance by the Contractor of the services and obligations required by this Contract, the above referenced compensation in accordance with compensation provisions set forth in the Contract.

SECTION 8. COMPENSATION AND PAYMENT

A. Amount of Compensation. As consideration for performance of the Work required herein, City agrees to pay Contractor One Million One Hundred Thirty-Five Thousand, Five Hundred Two Dollars and Ninety-Four Cents ($1,135,502.94) ("Total Contract Price").

B. Payment of Compensation. If the Work is scheduled for completion in thirty-one (31) or less calendar days, City will arrange for payment of the Total Contract Price upon completion and approval by City of the Work. If the Work is scheduled for completion in more than thirty-one (31) calendar days, City will pay Contractor on a monthly basis as provided for herein. On or before the fifth (5th) day of each month, Contractor shall submit to the City an itemized application for payment in the format supplied by the City indicating the amount of Work completed since commencement of the Work or since the last progress payment. These applications shall be supported by evidence which is required by this Contract and such other documentation as the City may require. The Contractor shall certify that the Work for which payment is requested has been done and that the materials listed are stored where indicated. Contractor may be required to furnish a detailed schedule of values upon request of the City and in such detail and form as the City shall request, showing the quantities, unit prices, overhead, profit, and all other expenses involved in order to provide a basis for determining the amount of progress payments.

City shall review and pay all progress payment requests in accordance with the provisions set forth in Section 20104.50 of the California Public Contract Code. No progress payments will be made for Work not completed in accordance with this Contract.

SECTION 9. CONTRACT RETENTIONS

From each approved progress estimate, five percent (5%) will be deducted and retained by the City, and the remainder will be paid to Contractor. All Contract retainage shall be released and paid to the Contractor and subcontractors pursuant to California Public Contract Code Section 7107.

SECTION 10. OTHER RETENTIONS

In addition to Contract retentions, the City may deduct from each progress payment an amount necessary to protect City from loss because of: (1) liquidated damages which have accrued as of the date of the application for payment; (2) any sums expended by the City in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has

performed inadequately; (3) defective Work not remedied; (4) stop notices as allowed by state law; (5) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract Price or within the scheduled completion date; (6) unsatisfactory prosecution of the Work by Contractor; (7) unauthorized deviations from the Contract; (8) failure of the Contractor to maintain or submit on a timely basis, proper and sufficient documentation as required by the Contract or by City during the prosecution of the Work; (9) erroneous or false estimates by the Contractor of the value of the Work performed; (10) any sums representing expenses, losses, or damages as determined by the City, incurred by the City for which Contractor is liable under the Contract; and (11) any other sums which the City is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including Section 1727 of the California Labor Code. The failure by the City to deduct any of these sums from a progress payment shall not constitute a waiver of the City's right to such sums.

SECTION 11. SUBSTITUTIONS FOR CONTRACT RETENTIONS

In accordance with California Public Contract Code Section 22300, the City will permit the substitution of securities for any monies withheld by the City to ensure performance under the Contract. At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the City, or with a state or federally chartered bank in California as the escrow agent, and thereafter the City shall then pay such monies to the Contractor as they come due. Upon satisfactory completion of the Contract, the securities shall be returned to the Contractor. For purposes of this Section and Section 22300 of the Public Contract Code, the term "satisfactory completion of the contract" shall mean the time the City has issued written final acceptance of the Work and filed a Notice of Completion as required by law and provisions of this Contract. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this Section shall be in the form provided by the City.

SECTION 12. PAYMENT TO SUBCONTRACTORS

Contractor shall pay all subcontractors for and on account of work performed by such subcontractors in accordance with the terms of their respective subcontracts and as provided for in Section 10262 of the California Public Contract Code. Such payments to subcontractors shall be based on the measurements and estimates made and progress payments provided to Contractor pursuant to this Contract.

SECTION 13. TITLE TO WORK

As security for partial, progress, or other payments, title to Work for which such payments are made shall pass to the City at the time of payment. To the extent that title has not previously been vested in the City by reason of payments, full title shall pass to the City at delivery of the Work at the destination and time specified in this Contract. Such transferred title shall in each case be good, and free and clear from any and all security interests, liens, or other encumbrances. Contractor promises and agrees that it will not pledge, hypothecate, or otherwise encumber the items in any manner that would result in any lien, security interest, charge, or claim upon or against said items. Such transfer of title shall not imply acceptance by the City, nor relieve Contractor from the responsibility to strictly comply with the Contract, and shall not relieve Contractor of responsibility for any loss of or damage to items.

SECTION 14. DISPUTE RESOLUTION

Any separate demand by Contractor for the payment of money or damages shall be resolved in

accordance with Public Contract Code Sections 20104 et seq., if applicable.

SECTION 15. TERMINATION

This Contract may be terminated by City at any time by giving Contractor three (3) days advance written notice. In the event of termination by City for any reason other than the fault of Contractor, City shall pay Contractor for all Work performed up to that time as provided herein. In the event of breach of the Contract by Contractor, City may terminate the Contract immediately without notice, may reduce payment to the Contractor in the amount necessary to offset City's resulting damages, and may pursue any other available recourse against Contractor. Contractor may not terminate this Contract except for cause.

In the event this Contract is terminated in whole or in part as provided, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated. Further, if this Contract is terminated as provided, City may require Contractor to provide all finished or unfinished documents, data, diagrams, drawings, materials or other matter prepared or built by Contractor in connection with its performance of this Contract.

SECTION 16. COMPLETION OF WORK

When the Contractor determines that it has completed the Work required herein, Contractor shall so notify City in writing and shall furnish all labor and material releases required by this Contract. City shall thereupon inspect the Work. If the Work is not acceptable to the City, the City shall indicate to Contractor in writing the specific portions or items of Work which are unsatisfactory or incomplete. Once Contractor determines that it has completed the incomplete or unsatisfactory Work, Contractor may request a re-inspection by the City. Once the Work is acceptable to City, City shall pay to Contractor the Total Contract Price remaining to be paid, less any amount which City may be authorized or directed by law to retain. Payment of retention proceeds due to Contractor shall be made in accordance with Section 7107 of the California Public Contract Code.

SECTION 17. CITY'S REPRESENTATIVE

The City hereby designates the **City Engineer**, or his or her designee, to act as its representative for the performance of this Contract ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Contract. Contractor shall not accept direction or orders from any person other than the City's Representative or his or here designee.

SECTION 18. CONTRACTOR'S REPRESENTATIVE

Before starting the Work, Contractor shall submit in writing the name, qualifications and experience of its proposed representative who shall be subject to the review and approval of the City ("Contractor's Representative"). Following approval by the City, the Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Contract. The Contractor's Representative shall supervise and direct the Work, using his best skill and attention, and shall be responsible for all construction means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Work under this Contract. Contractor's Representative shall devote full time to the Project and either he or his designee, who shall be acceptable to the City, shall be present at the Work site at all times that any Work is in progress and at any time that any employee or subcontractor of Contractor is present at the Work site. Arrangements for responsible supervision, acceptable to the City, shall be made for emergency Work which may be required. Should Contractor desire to

change its Contractor's Representative, Contractor shall provide the information specified above and obtain the City's written approval.

SECTION 19. CONTRACT INTERPRETATION

Should any question arise regarding the meaning or import of any of the provisions of this Contract or written or oral instructions from City, the matter shall be referred to City's Representative, whose decision shall be binding upon Contractor.

SECTION 20. LOSS AND DAMAGE

Contractor shall be responsible for all loss and damage which may arise out of the nature of the Work agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Work until the same is fully completed and accepted by City. However, Contractor shall be responsible for damage proximately caused by Acts of God, within the meaning of Section 4150 of the Government Code, only to the extent of five percent (5%) of the Total Contract Price as specified herein. In the event of damage proximately caused by "Acts of God," the City may terminate this Contract upon three (3) days advanced written notice.

SECTION 21. INDEMNIFICATION

A. Indemnification. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged acts, omissions or willful misconduct of Contractor, its officials, officers, employees, agents, consultants and contractors arising out of or in connection with the performance of the Services, the Project or this Agreement, including without limitation the payment of all consequential damages and attorneys fees and other related costs and expenses. Contractor shall defend, at Contractor's own cost, expense and risk, any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against City, its directors, officials, officers, employees, agents or volunteers. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against City or its directors, officials, officers, employees, agents or volunteers, in any such suit, action or other legal proceeding. Contractor shall reimburse City and its directors, officials, officers, employees, agents and/or volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents or volunteers.

B. General Indemnification. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement. In the event Contractor fails to obtain such indemnity obligations from others are required here, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth here is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

SECTION 22. INSURANCE

Prior to the beginning of and throughout the duration of the Work, Contractor will maintain insurance in conformance with the requirements set forth below. Contractor will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth here, Contractor agrees to amend, supplement or endorse the existing coverage to do so. Contractor acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds in excess of the limits and coverage required in this Agreement and which are applicable to a given loss, will be available to the City. Contractor shall provide the following types and amounts of insurance:

A. Commercial General Liability Insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01 or the exact equivalent. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another. Limits are subject to review but in no event less than $1,000,000 per occurrence for all covered losses and no less than $2,000,000 general aggregate.

B. Business Auto Coverage on ISO Business Auto Coverage form CA 00 01 including symbol 1 (Any Auto) or the exact equivalent. Limits are subject to review, but in no event to be less than $1,000,000 per accident. If Contractor owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Contractor or Contractor's employees will use personal autos in any way on this project, Contractor shall provide evidence of personal auto liability coverage for each such person.

C. Workers Compensation on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than $1,000,000 per accident or disease.

D. Excess or Umbrella Liability Insurance (Over Primary) if used to meet limit requirements, shall provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an umbrella liability policy shall include a drop down provision providing primary coverage above a maximum $25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage shall be provided on a "pay on behalf" basis, with defense costs payable in addition to policy limits. Policy shall contain a provision obligating insurer at the time insured's liability is determined, not requiring actual payment by the insured first. There shall be no cross liability exclusion precluding coverage for claims or suits by one insured against another. Coverage shall be applicable to City for injury to employees of Contractor, subcontractors or others involved in the Work. The scope of coverage provided is subject to approval of City following receipt of proof of insurance as required herein. Insurance procured pursuant to these requirements shall be written by insurers that are admitted carriers in the State of California and with an A.M. Best rating of A or better and a minimum financial size VII.

E. General conditions pertaining to provision of insurance coverage by Contractor. Contractor and City agree to the following with respect to insurance provided by Contractor:

(1) Contractor agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insureds City, its officials, employees and agents,

using standard ISO endorsement No. CG 2010 with an edition prior to 1992. Contractor also agrees to require all contractors, and subcontractors to do so likewise.

(2) No liability insurance coverage provided to comply with this Agreement shall prohibit Contractor, or Consultant's employees, or agents, from waiving the right of subrogation prior to a loss. Contractor agrees to waive subrogation rights against City regardless of the applicability of any insurance proceeds, and to require all contractors and subcontractors to do likewise.

(3) All insurance coverage and limits provided by Contractor and available or applicable to this Agreement are intended to apply to the full extent of the policies. Nothing contained in this Agreement or any other agreement relating to the City or its operations limits the application of such insurance coverage.

(4) None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved in writing.

(5) No liability policy shall contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or any contractor or subcontractor.

(6) All coverage types and limits required are subject to approval, modification and additional requirements by the City, as the need arises. Contractor shall not make any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect City's protection without City's prior written consent.

(7) Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to Contractor's general liability policy, shall be delivered to City at or prior to the execution of this Agreement. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, City has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by City shall be charged to and promptly paid by Contractor or deducted from sums due Contractor, at City option.

(8) Certificate(s) are to reflect that the insurer will provide 30 days notice to City of any cancellation of coverage. Contractor agrees to require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, or that any party will "endeavor" (as opposed to being required) to comply with the requirements of the certificate.

(9) It is acknowledged by the parties of this Agreement that all insurance coverage required to be provided by Contractor or any subcontractor, is intended to apply first and on a primary, non-contributing basis in relation to any other insurance or self insurance available to City.

(10) Contractor agrees to ensure that subcontractors, and any other party involved with the project that is brought onto or involved in the project by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and

review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with subcontractors and others engaged in the project will be submitted to City for review.

(11) Contractor agrees not to self-insure or to use any self-insured retention's or deductibles on any portion of the insurance required herein except as disclosed to and approved by the City and further agrees that it will not allow any contractor, subcontractor, Architect, Engineer or other entity or person in any way involved in the performance of work on the project contemplated by this Agreement to self-insure its obligations to City. City expressly approves maintenance by the Contractor of a $100,000 deductible on its current Professional Liability insurance policy.

(12) The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Contractor ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Contractor, the City will negotiate additional compensation proportional to the increased benefit to City.

(13) For purposes of applying insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this Agreement.

(14) Contractor acknowledges and agrees that any actual or alleged failure on the part of City to inform Contractor of non-compliance with any insurance requirement in no way imposes any additional obligations on City nor does it waive any rights hereunder in this or any other regard.

(15) Contractor will renew the required coverage annually as long as City, or its employees or agents face an exposure from operations of any type pursuant to this Agreement. This obligation applies whether or not the Agreement is canceled or terminated for any reason. Termination of this obligation is not effective until City executes a written statement to that effect.

(16) Contractor shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Contractor's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to City within five days of the expiration of the coverages.

(17). The provisions of any workers' compensation or similar act will not limit the obligations of Contractor under this Agreement. Contractor expressly agrees not to use any statutory immunity defenses under such laws with respect to City, its employees, officials and agents.

(18) Requirements of specific coverage features or limits contained in this section are not intended as limitations on coverage, limits or other requirements nor as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage

feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be limiting or all-inclusive.

(19) These insurance requirements are intended to be separate and distinct from any other provision in this Agreement and are intended by the parties here to be interpreted as such.

(20). The requirements in this Section supersede all other sections and provisions of this Agreement, except Exhibit "E" "Modifications to Contract Documents", to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

(21) Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

(22) Contractor agrees to provide immediate notice to City of any claim or loss against Contractor arising out of the work performed under this Agreement. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.

SECTION 23. BONDS

A. Performance Bond. If specifically requested by City in the Bidding Documents, attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

B. Payment Bond. If required by law or otherwise specifically requested by City in the Bidding Documents, attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

C. Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this Section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above),

extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

D. Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety with a current A.M. Best's rating no less than A:VIII and satisfactory to the City. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

SECTION 24. SAFETY

Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. Contractor shall comply with the requirements of the specifications relating to safety measures applicable in particular operations or kinds of work. In carrying out its Work, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Work and the conditions under which the Work is to be performed. Safety precautions as applicable shall include, but shall not be limited to, adequate life protection and life saving equipment; adequate illumination for underground and night operations; instructions in accident prevention for all employees, such as machinery guards, safe walkways, scaffolds, ladders, bridges, gang planks, confined space procedures, trenching and shoring, fall protection and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and adequate facilities for the proper inspection and maintenance of all safety measures. Furthermore, Contractor shall prominently display the names and telephone numbers of at least two medical doctors practicing in the vicinity of the Project, as well as the telephone number of the local ambulance service, adjacent to all telephones at the Project site.

SECTION 25. WARRANTY

Contractor warrants all Work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) Days after being notified in writing by the City of any defect in the Work or non-conformance of the Work to the Contract, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at his sole cost and expense. Contractor shall act sooner as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor's obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as the City may require verifying that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility

of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

SECTION 26. LAWS AND REGULATIONS

Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Contract or the Work, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Work. If the Contractor observes that the drawings or specifications are at variance with any law, rule or regulation, it shall promptly notify the City in writing. Any necessary changes shall be made by written change order. If the Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, the Contractor shall be solely responsible for all costs arising there from. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Contract, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

SECTION 27. PERMITS AND LICENSES

Contractor shall be responsible for securing, at its own expense, and paying for all permits and licenses necessary to perform the Work described herein.

SECTION 28. TRENCHING WORK

If the Total Contract Price exceeds $25,000 and if the Work governed by this Contract entails excavation of any trench or trenches five (5) feet or more in depth, Contractor shall comply with all applicable provisions of the Labor Code, including Section 6705. To this end, Contractor shall submit for City's review and approval a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

SECTION 29. HAZARDOUS MATERIALS AND DIFFERING CONDITIONS

As required by Public Contract Code Section 7104, if this Contract involves digging trenches or other excavations that extend deeper than four (4) feet below the surface, Contractor shall promptly, and prior to disturbance of any conditions, notify City of: (1) any material discovered in excavation that Contractor believes to be a hazardous waste that is required to be removed to a Class I, Class II or Class III disposal site; (2) subsurface or latent physical conditions at the site differing from those indicated by City; and (3) unknown physical conditions of an unusual nature at the site, significantly different from those ordinarily encountered in such contract work. Upon notification, City shall promptly investigate the conditions to determine whether a change order is appropriate. In the event of a dispute, Contractor shall not be excused from any scheduled

completion date and shall proceed with all Work to be performed under the Contract, but shall retain all rights provided by the Contract or by law for making protests and resolving the dispute.

SECTION 30. UNDERGROUND UTILITY FACILTIES

To the extent required by Section 4215 of the Government Code, City shall compensate Contractor for the costs of: (1) locating and repairing damage to underground utility facilities not caused by the failure of Contractor to exercise reasonable care; (2) removing or relocating underground utility facilities not indicated in the construction drawings; and (3) equipment necessarily idled during such work. Contractor shall not be assessed liquidated damages for delay caused by failure of City to provide for removal or relocation of such utility facilities.

SECTION 31. PREVAILING WAGES

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), the Davis-Bacon Act of 1931 and 23 USC 113, which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Contractor agrees to fully comply with such Prevailing Wage Laws.

SECTION 32. APPRENTICEABLE CRAFTS

When Contractor employs workmen in an apprenticed craft or trade, Contractor shall comply with the provisions of Section 1777.5 of the Labor Code with respect to the employment of properly registered apprentices upon public works. The primary responsibility for compliance with said section for all apprenticed occupations shall be with Contractor.

SECTION 33. HOURS OF WORK

Contractor is advised that eight (8) hours labor constitutes a legal day's work. Pursuant to Section 1813 of the Labor Code, Contractor shall forfeit a penalty of $25.00 per worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one-half (1-1/2) times the basic rate for that worker.

SECTION 34. PAYROLL RECORDS

In accordance with the requirements of Labor Code Section 1776, Contractor shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Responsibility for compliance with Labor Code Section 1776 shall rest solely with Contractor, and Contractor shall make all such records available for inspection at all reasonable hours.

SECTION 35. CONTRACTOR'S LABOR CERTIFICATION

By its signature hereunder, Contractor certifies that he is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Work. A certification form for this purpose, which is attached to this Contract as Exhibit "D" and incorporated herein by reference, shall be executed simultaneously with this Contract.

SECTION 36. LABOR AND MATERIAL RELEASES

Contractor shall furnish City with labor and material releases from all subcontractors performing

work on, or furnishing materials for, the work governed by this Contract prior to final payment by City.

SECTION 37. EQUAL OPPORTUNITY EMPLOYMENT

Contractor represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the state or Federal Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

SECTION 38. ANTI-TRUST CLAIMS

This provision shall be operative if this Contract is applicable to California Public Contract Code Section 7103.5. In entering into this Contract to supply goods, services or materials, the Contractor hereby offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Contract. This assignment shall be made and become effective at the time the City tender final payment to the Contractor, without further acknowledgment by the parties.

SECTION 39. NOTICES

All notices hereunder and communications regarding interpretation of the terms of the Contract or changes thereto shall be provided by the mailing thereof by registered or certified mail, return receipt requested, postage prepaid and addressed as follows:

CITY	CONTRACTOR
City of Eastvale	Pavement Coatings Co.
12363 Limonite Ave., Suite 910	10240 San Sevaine Way
Eastvale, CA 91752	Jurupa Valley, CA 91752
Attn: Jimmy Chung, City Engineer	Attn: Tim Schimid, President

Any notice so given shall be considered received by the other party three (3) days after deposit in the U.S. Mail as stated above and addressed to the party at the above address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

SECTION 40. ENTIRE CONTRACT; MODIFICATION

This Agreement, including the attached Exhibits "A" through "F", the advertised bid documents, associated addendas, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreement or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of the agreement. No prior statements, representations or other agreements, whether oral or written, made by any parties which are not embodied herein shall be valid and binding. No amendment to this Agreement shall be valid and binding unless in writing duly executed by the parties or their authorized representatives.

SECTION 41. TIME IS OF THE ESSENCE

Time is of the essence in the performance of this Contract.

SECTION 42. ASSIGNMENT FORBIDDEN

Contractor shall not, either voluntarily or by action of law, assign or transfer this Contract or any obligation, right, title or interest assumed by Contractor herein without the prior written consent of City. If Contractor attempts an assignment or transfer of this Contract or any obligation, right, title or interest herein, City may, at its option, terminate and revoke the Contract and shall thereupon be relieved from any and all obligations to Contractor or its assignee or transferee.

SECTION 43. GOVERNING LAW

This Contract shall be governed by the laws of the State of California.

SECTION 44. COUNTERPARTS

This Contract may be executed in counterparts, each of which shall constitute an original.

SECTION 45. SUCCESSORS

The parties do for themselves, their heirs, executors, administrators, successors, and assigns agree to the full performance of all of the provisions contained in this Contract.

SECTION 46. ATTORNEYS' FEES

If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Contract, the prevailing party in such action shall be entitled to have and recover from the losing party reasonable attorneys' fees and all other costs of such action.

SECTION 47. CLAIMS OF $375,000 OR LESS

Notwithstanding any other provision herein, claims of $375,000 or less shall be resolved pursuant to the alternative dispute resolution procedures set forth in Public Contracts Code 20104, et seq.

SECTION 48. PROHIBITED INTERESTS

A. Solicitation. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Contract. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, City shall have the right to terminate this Contract without liability.

B. Conflict of Interest. For the term of this Contract, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Contract, or obtain any present or anticipated material benefit arising there from.

SECTION 49. CERTIFICATION OF LICENSE

Contractor certifies that as of the date of execution of this Contract, Contractor has a current contractor's license of the classification indicated below under Contractor's signature.

IN WITNESS WHEREOF, each of the parties has caused this Contract to be executed on the day and year first above written.

EXHIBIT "A" PLANS AND SPECIFICATIONS

The following plans and specifications are incorporated into this Contract herein by this reference:

The work for which this proposal is submitted is for construction in conformance Technical Specifications described below, including any addenda thereto, the contract annexed hereto, and also in conformance with the "Standard Specifications for Public Works Construction, 2021 Edition" (Latest Edition) (Standard Specifications), City of Eastvale Standards for Design and Construction of Public Improvements, City of Eastvale Standard Specifications for Design and Construction of Public Improvements, any referenced Special Provisions, and the California Department of Transportation Standard Plans and Specifications, 2018 Edition (State Standard) and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished. The Plans for the work are titled as follows: 2026 Residential Slurry Seal Project, #94001.

The Plans and Specifications for the work are as follows:

- **Advertised bid documents and associated Addendas for: 2026 Residential Slurry Seal Project (Project #94001-2026)**

EXHIBIT "B" BID PROPOSAL

The Bid Proposal from Contractor is attached hereto and incorporated into this Contract.

EXHIBIT "C" SPECIAL CONDITIONS

Standard Erosion and Sediment Control Plan Notes:

1. Dust control shall conform to Section 10, "Dust Control", Section 7-1.01F, "Air Pollution Control", Section 17, "Watering", and Section 18 "Dust Palliative" of the State Standard Specifications, Rules no. 401, 402, 403 and 403.1 of the South Coast Air Quality Management District (AQMD), Riverside County Code, Chapter 8.52, "Fugitive Dust Reduction Program For Coachella Valley", all other applicable Federal and State laws, and the requirements set forth herein.
2. The Contractor is cautioned that failure to control fugitive dust may result in fines being levied by the South Coast Air Quality Management District to both the Contractor and the City of Eastvale, as owner. The Contractor shall be fully responsible for payment of all fines pertaining to air pollution control violations, resulting from Contractor's operations related to the construction contract, which may be levied against both the Contractor and the City of Eastvale by the AQMD or other regulatory agencies. The Contractor's attention is directed to Section 7-1.01, "Laws to be Observed" of the State Standard Specifications. The cost of all fines levied against the City of Eastvale will be deducted from any moneys due or which may become due to the Contractor, unless other payment arrangements are made by the Contractor.
3. Dust control of all of the contractor's operations is required 24 hours per day, 7 days a week for the duration of the contract, and until the disturbed soil is permanently stabilized. The Contractor shall take every precaution to prevent emissions of fugitive dust from the project site, from locations of stockpiled materials, from unpaved driving surfaces, from haul vehicles, from inactive construction areas, and from all other operations of the Contractor. The Contractor shall plan for and carry out proper and efficient measures to prevent his operations from producing dust in amounts damaging to property or which constitute a public nuisance, or which cause harm to person living or working in the vicinity of the work. Of particular concern are emissions of PM10 particles, which are fine particulate matter of 10 microns or less and which are associated with sickness and death from respiratory disease.
4. The Contractor shall respond to complaints by mobilizing equipment and personnel at the construction site within 2 hours of each complaint to control fugitive dust.
5. Attention is directed to AQMD Rule 403.1, which applies to all contracts within the City of Eastvale. That AQMD Rule requires the Contractor to take specified dust control actions when prevailing wind speeds exceed 25 miles per hour. Wind forecasts, AQMD Rules and other related information are provided by AQMD at 1-800-CUT-SMOG and at www.aqmd.gov.
6. The Contractor shall utilize the "Best Available Control Measures" of controlling fugitive dust, as prepared by the AQMD. However, if fugitive dust crosses the project boundary, more effective control measures, including the "Best Available Control Measures" shall be implemented.
7. A site specific fugitive dust control plan shall be submitted to the City Engineer for review and approval at least 10 days prior to the start of construction.
8. The fugitive dust control plan shall include the "Reasonably Available Control Measures" and "Best Available Control Measures" of controlling fugitive dust, as may be appropriate and necessary, including by not limited to watering, application of chemical dust

suppressants, wind fencing, covering of haul vehicles, haul vehicle bed-liners, grading, planting of vegetation, the use of a 24 hour environmental observer, and track-out controls at locations where unpaved construction accesses intersect with paved roads. The use of chemical stabilizers, which are approved by all environmental regulatory agencies, and the use of reclaimed water is encouraged. If water is intended as a primary dust control tool, the dust control plan shall provide for at least one 2,000 gallon water truck for every 4 acres of disturbed soil, unless otherwise approved by the City Engineer.

9. If the Project Inspector determines that the project scope and the forecasted weather conditions are such that the Contractor's work is unlikely to be a source of dust emissions, the Construction Engineer has the authority to waive the requirements for submittal of a dust control plan and for placement of the dust control signs described herein. However, the Contractors responsibilities for the control of fugitive dust and the other requirements of this section may not be waived.
10. A completion notice will not be filled, and the final payment will not be made to the Contractor until the areas of disturbed soil on the construction site, including roadway shoulders, are suitable stabilized for long term control of fugitive dust.
11. This signature of the Contractor on the Proposal constitutes acknowledgement by the Contractor of the dust control enforceability of those requirements.
12. Full compensation for conformance with these dust abatement requirements, including lab equipment and materials, developing water supply and incidentals, shall be considered as included in items of work, and no additional compensation will be allowed therefore.
13. The successful Contractor shall attend an AQMD PM10 Dust Control Program training session, and furnish evidence of attendance to the City Engineer. Attendance at AQMD training seminars can be scheduled the AQMD at 1-866-861-DUST or by email to dustcontrol@agmd.gov. Current AQMD certification of previous attendance will be accepted. At that training session, the successful Contractor will be furnished with the AQMD prepared Rule 403 and Rule 403.1 implementation handbooks, which include the Best Available Control Measures" and "Reasonably Available Control Measures", and other associated information, including a listing of suggested dust control related to devices, material and chemicals.
14. Any days on which the Contractor is prevented from working, due to the requirements of AQMD Rules, will be considered as non-working days, in accordance with Section 8-1.06, "Time of Completion" of the State Standard Specification.

EXHIBIT "D" CERTIFICATION LABOR CODE-SECTION 1861

I, the undersigned Contractor, am aware of the provisions of Section 3700 et seq. of the Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of the Code, and I, the undersigned Contractor, agree to and will comply with such provisions before commencing the performance of the Work on this Contract.

ADDENDUM NO. 1: Q&A
Date of Addendum: June 2, 2026

INVITATION TO BID (ITB) NO. 26-112CIP
Residential Slurry Seal Project (CIP# 94001)

NOTICE TO ALL BIDDERS AND PLANHOLDERS
Notice is hereby given to Bidders that, where applicable, the City of Eastvale has made certain clarifications, modifications, additions, and/or deletions, for specifications of this Bid. **ALL OTHER TERMS, CONDITIONS AND SPECIFICATIONS REMAIN UNCHANGED.** The original IFB Documents and any previously issued addenda remain in full force and effect except as set forth herein, which is hereby made part of the IFB and resulting Contract Documents.

SECTION 1. CLARIFICATION REGARDING ALTERNATE BID SCHEDULE:
The Bid Schedule has been revised and attached hereto as Exhibit H to correct a clerical error at Alternate Bid "A" (Concrete), under the Total Alternate Bid section. The sum of lines shall be #A-1 through A-29 and *has been updated from* #A-1 through A-23. No other changes have been made to the bid schedule and bid specifications. Exhibit H replaces the original Bid Schedule included in Section C of the bid documents and must be submitted with Bidders' submissions.

TOTAL ALTERNATE BID: ***(SUM OF LINES #A-1 THROUGH A-29)***	$ _____

SECTION 2. Q&A SET:
Clarifications and answers to questions submitted by the deadline are as follows:

1. Q: What is the Engineer's Estimate?
   A: The City is not disclosing this estimate at this time.

2. Q: Given the City's requirement that Contractors must self-perform at least 51% of the work, would the City be willing to classify the ARAM as a Specialty Item for the purposes of this bid?
   A: The requirement is the prime contractor must perform at least 51% of the work. The specifications and Bid Schedule shall remain in effect as specified in the bid document.

CITY OF EASTVALE
12363 Limonite Avenue | Suite 910 | Eastvale, CA 91752
951.361.0900

3. Q: May we know the engineer's estimate?
   A: See answer to Question No. 1.

4. Q: What is the Engineer's Estimate? What is the estimated start date for project?
   A: See answer to Question No. 1. Construction is anticipated to begin late July 2026.

Prepared by: Karla Lopez, Purchasing Manager

Proposal To: The Honorable Mayor and City Council
City of Eastvale
Eastvale, California

The undersigned, as bidder, declares that he has carefully examined the location of the proposed work as described, examined the Plans, Specifications, Special Provisions, and other contract documents, together with all Addenda issued by the City of Eastvale, read the Instructions to Bidders, and is familiar with all proposal requirements, and hereby proposed and agrees, if the proposal is accepted, to complete the said construction in accordance with the Contract Documents, in the time stated herein, for the unit price or lump sum given on the following pages of this proposal, amounting to a base bid total of:

One Million One Hundred Thirty-Five Thousand Five Hundred Two Dollars and Ninety Four Cents — $ 1,135,502.94

Words **Figures**

Said amount to include and cover all taxes, the furnishing of all materials, the performing of all the labor requisite or proper and the providing of all necessary machinery, tools, apparatus, and other means of construction; also, the performance and completion of all the work in the manner set forth, described and shown in the Specifications or the drawings for the work.

If the contract is awarded, the undersigned agrees to enter into a contract with the City of Eastvale and to commence work within ten (10) calendar days from the date of issuance of the Notice to Proceed and to diligently prosecute the work to completion within forty (40) working days.

All bids are to be computed on the basis of the given Estimated Quantities of Work, as indicated in this proposal, times the unit prices as submitted by the bidders. In case of discrepancy between words and figures, the words shall prevail. In case of discrepancy between unit prices and the extension thereof, the unit price shall prevail and bids will be computed as indicated above and compared on the basis of corrected totals, given solely as a basis for comparison of bids. It is understood that the City does not expressly, nor by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any item or portion of the work or to omit portions of the work as may be deemed expedient by the Engineer.

It is also understood by Bidder that the City of Eastvale has the right to reject this proposal or to award a contract to the undersigned at the prices stipulated. If the proposal is rejected, then any check or cashier's check shall be returned to the undersigned within thirty (30) days. No bid bonds will be returned. If the proposal is accepted and the undersigned fails to enter into a contract within fifteen (15) days after the agreement is delivered to him for signature, or within such further time as may be granted by the Members of the City Council, then said check shall be cashed or said bond declared forfeit and an amount equal to the difference between the lowest bid and the next lowest bid who will execute a contract shall be paid into the treasury of the City of City of Eastvale as liquidated damages for the failure of the undersigned to comply with the terms of this proposal.

Accompanying this proposal is Bidder's Bond - Ten Percent of Bid Amount *(Insert "$ 10% cash," cashier's check, certified check or bidder's bond forms included in these Contract Documents, as the case may be),* in an amount equal to at least ten percent (10%) of the total bid.

The following is the name and place of business of the surety company which will furnish the required bonds as surety if the work is awarded to the undersigned:

The Ohio Casualty Insurance Company - 790 The City Drive South, Ste 200 Orange CA 92868 .....

NOTICE - If bidder or other interested person is a corporation, state legal name of corporation, also names of the president, secretary, treasurer, and manager thereof; if a co-partnership, state

true name of firm, also names of all individual copartners composing firm; if bidder or other interested person is an individual, state first and last names in full.

Pavement Coatings Co.
Tim Schmid - President, James Wu, Vice President/Secretary, Rick Yauney, Treasurer/CFO

ADDENDA - This Proposal is submitted with respect to the changes to the contract included in addenda number/s: 1

(*Fill in addenda numbers if addenda have been received and insert, in this Proposal, any Engineer's Estimate sheets that were received as part of the addenda.*)

By my signature on this proposal I certify, under penalty of perjury under the laws of the State of California, that the foregoing questionnaire and statements of Public Contract Code Sections 10162, 10232 and 10285.1 are true and correct and that the bidder has complied with the requirements of Section 8103 of the Fair Employment and Housing Commission Regulations (Chapter 5, Title 2 of the California Administrative Code). By my signature on this proposal, I further certify, under penalty of perjury under the laws of the State of California and the United States of America, that the Noncollusion Affidavit required by Title 23 United States Code, Section 112 and Public Contract Code Section 7106; are true and correct.

Date: 6/2/2016

BID BOND

We, Pavement Coatings Co. as Principal, and The Ohio Casualty Insurance Company as Surety are bound unto the City/County of Eastvale, State of California, hereafter referred to as "Obligee", in the penal sum of ten percent (10%) of the total amount of the bid of the Principal submitted to the Obligee for the work described below, for the payment of which sum we bind ourselves, jointly and severally,

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT:

WHEREAS, the Principal is submitted to the Obligee, for The City of Eastvale

(Copy here the exact description of work, including location as it appears on the proposal)

2026 Residential Slurry Seal Project (CIP #94001)

for which bids are to be opened at Planetbids on 6/4/2026 @ 2:00 PM

(Insert place where bids will be opened) *(Insert date of bid opening)*

NOW, THEREFORE, if the Principal is awarded the contract and, within the time and manner required under the specifications, after the prescribed forms are presented to him for signature, enters into a written contract, in the prescribed form, in conformance with the bid, and files two bonds with the Obligee, one to guarantee faithful performance of the contract and the other to guarantee payment for labor and materials as provided by law, then this obligation shall be null and void; otherwise, it shall remain in full force.

In the event suit is brought upon this bond by the Obligee and judgment is recovered, the Surety shall pay all costs incurred by the Obligee in such suit, including a reasonable attorney's fee to be fixed by the court.

Dated: June 1, 2026

Pavement Coatings Co.

Teresa Pastella, Notary Public
Montgomery County
My commission expires March 28, 2029
Commission number 1126044
Member, Pennsylvania Association of Notaries

By: _____
Teresa Pastella, Notary Public

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 1st day of June, 2026.

By: _____
Renee C. Llewellyn, Assistant Secretary

Not valid for mortgage, note, loan, letter of credit, currency rate, interest rate or residual value guarantees.

NON-COLLUSION AFFIDAVIT
TO THE CITY OF EASTVALE

In conformance with Title 23 United States Code Section 112 and Public Contract Code 7106 the bidder declares that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Note: The above Noncollusion Affidavit is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Noncollusion Affidavit.

Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

EXPERIENCE/QUALIFICATIONS STATEMENT

1. The bidder has been engaged in the contracting business, under the present business name for 50 years.

2. Experience in work of a nature similar to that covered in the proposal extends over a period of 50 years.

3. List any projects your company has **failed to complete** within the last five years due to a termination of contract. For each project, list the type of project, client's name, contact person, current telephone number, email address, and provide a brief description of the grounds for termination. Bidder may attach a separate sheet if needed.

Check appropriate box: **None** [X] **See list below** [ ]

Type of Work/Project Name	Project Owner/Client	Contact Person	Contact Phone No. and email address
N/A	N/A	N/A	N/A
Description: N/A

Description of work: **See Attached**					

5. List the name of the person(s) **(A MINIMUM OF ONE)** who inspected the site of the proposed work for your company.

Name:	Position/Title	Date of Inspection:
Brenton Havsgaard	Estimator	5/27/2026

6. The following is a list of plant and equipment owned by the bidder, which is definitely available for use on the proposed work as required. Bidder may attach a separate sheet if needed.

Quantity	Name, Type and Capacity	Condition	Location
See Attached	**See Attached**	**See Attached**	**See Attached**

7. If requested by the City, the Bidder shall furnish a notarized financial statement, financial data, or other information and references sufficiently comprehensive to permit an appraisal of its current financial condition or ability to perform the work.

   Failure to furnish information upon request will render the bid nonresponsive.

   All of the above statements regarding Contractor's experience and financial qualifications are submitted in conjunction with the Bid Proposal, as a part thereof, and the truthfulness and accuracy of the information is guaranteed by the Bidder.

DESIGNATION OF SUBCONTRACTORS

The Bidder shall list the name, address and license number of each subcontractor to whom the Bidder proposes to subcontract portions of the work. It is understood and agreed that all those portions of the work called for in the contract documents for which a sub-contractor is not listed will be performed by the undersigned through his forces. If no sub-contractors are listed, all bonds and insurance will be written in the name of the general contractor only. Bidder may attach a separate sheet if needed.

Check appropriate box: **None** ☐ **See list below** ☒

Information must be typed or clearly printed.

BUSINESS NAME AND ADDRESS (1)	CSLB NUMBER (2)	DIR REGISTRATION NO. (3)	BID ITEM NUMBERS (4)	PERCENTAGE OF BID ITEM SUBCONTRACTED AND PORTION OF WORK TO BE PERFORMED BY SUBCONTRACTOR (5)*
Onyx Paving Company, Inc. 22707 La Palma Ave. Yorba Linda, CA 92887	630360	1000004798	1 (Partial), 3 (Partial),	7,8,10,11,14,15: 100%

PUBLIC CONTRACT CODE

1. PUBLIC CONTRACT CODE SECTION 10285.1 STATEMENT

In conformance with Public Contract Code Section 10285.1 (Chapter 376, Stats. 1985), the bidder hereby declares under penalty of perjury under the laws of the State of California, the following regarding conviction within the preceding three years of any offenses referred to in that section, including any charge of fraud, bribery, collusion, conspiracy, or any other act in violation of any state or Federal antitrust law in connection with the bidding upon, award of, or performance of, any public works contract, as defined in Public Contract Code Section 1101, with any public entity, as defined in Public Contract Code Section 1100, including the Regents of the University of California or the Trustees of the California State University. The term "bidder" is understood to include any partner, member, officer, director, responsible managing officer, or responsible managing employee thereof, as referred to in Section 10285.1, that the bidder:

- _____ Has been convicted as described above.
- _X_ Has not been convicted as described above.

Note: The bidder must place a checkmark after "has" or "has not" in one of the blank spaces provided. The above Statement is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement. Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

---

2. PUBLIC CONTRACT CODE SECTION 10162 QUESTIONNAIRE

In conformance with Public Contract Code Section 10162, the Bidder shall complete, under penalty of perjury, the following questionnaire:

- Has the bidder, any officer of the bidder, or any employee of the bidder who has a proprietary interest in the bidder, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation?

  Yes _____ No _X_

- If the answer is yes, explain the circumstances in the following space. A separate sheet may be attached if needed.

N/A

3. PUBLIC CONTRACT CODE 10232 STATEMENT

In conformance with Public Contract Code Section 10232, the Contractor, hereby states under penalty of perjury, that no more than one final unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of a federal court which orders the Contractor to comply with an order of the National Labor Relations Board.

Note: The above Statement and Questionnaire are part of the Bidder's Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement and Questionnaire. Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

RESOLUTION OF BOARD OF DIRECTORS OF

PAVEMENT COATINGS CO.

RESOLVED, That all officers of the Company (being the President, Timothy Schmid; the Vice-Presidents, James Wu, and Guy Tittlemier; Secretary, James Wu; and the Treasurer, Rick Yauney) are hereby authorized and empowered to enter into contracts, sign bid documents and otherwise execute agreements in the normal course of business and upon such terms and conditions as may be agreed by the Company and the counterparty (ies).

I, James Wu, do hereby certify that I am the duly elected and qualified Secretary and keeper of the records and corporate seal of Pavement Coatings Co., a corporation organized and existing under the laws of the State of California, and that the above is a true and correct copy of a resolution duly adopted at a meeting of the Board of Directors thereof, convened and held in accordance with the Bylaws of said Corporation on the 25th day of November, 2025, and that such resolution is now in full force and effect.

IN WITNESS WHEREOF, I have affixed my name as Secretary and have caused the corporate seal of said Corporation to be hereunto affixed, June 2nd, 2026 .

James Wu, Secretary
Pavement Coatings Co.

CALIFORNIA ALL-PURPOSE ACKNOWLEDGMENT **CIVIL CODE § 1189**

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

AIR RESOURCES BOARD

Certificate of Reported Compliance With:

Advanced Clean Fleets Regulation

Truck and Bus Regulation

Issued to: Pavement Recycling Systems, Inc./ Pavement Coatings Co.

This certificate confirms that the fleet owner has attested under penalty of perjury that the statements and information they provided to the California Air Resources Board (CARB) are true, accurate, and complete regarding all relevant vehicles in the fleet required to show compliance. CARB hereby finds that the fleet listed has met requirements of:

Title 13 CCR sections 2013 - 2016 (Advanced Clean Fleets Regulation)
Title 13 CCR 2025 (Truck and Bus Regulation)

If CARB subsequently finds that the statements and information that have been provided are not true, accurate, and complete, this certificate shall be effectively revoked and the fleet subject to penalties.

This certificate is valid until **December 31, 2026**

SECTION A. NOTICE INVITING SEALED BIDS

NOTICE IS HEREBY GIVEN that the City of Eastvale will receive electronic bids only, via the online bidding service PlanetBids, until **2:00 PM** local time on **Thursday, June 4, 2026**, for the:

2026 Residential Slurry Seal (CIP Project #94001)
Invitation For Bid #26-112CIP

Immediately after 2:00 PM on said date of **June 4, 2026,** the bids results will automatically be made public in the bid management system upon bid closing. Bids shall be prepared in strict conformance with Section B. Instructions to Bidders.

A-1. Description of Work

The proposed work shall be performed in accordance with the plans, specifications and other contract documents and shall consist of the following:

Furnishing all labor, materials, necessary tools and machinery, supervision and support, and all utility and transportation services required for the construction of street improvements that include, but are not limited to, cleaning up and sealing and/or filling pavement cracks, removing and replacing existing asphalt concrete pavement (dig outs and cul-de-sac) where required, resurfacing of various residential streets with applications of Asphalt Rubber Aggregate Membrane (ARAM) and/or Rubberized Emulsion Aggregate Slurry (REAS) Type II Slurry, reconstructing or retrofitting existing curb ramps, and new and/or re-establishing disturbed traffic striping, pavement markers and markings, as needed.

A-2. Obtaining Contract Documents

Electronic copies of plans, specifications and other contract documents can be viewed on PlanetBids (https://vendors.planetbids.com/portal/43976/portal-home). Interested bidders must register with PlanetBids to be placed on the Planholder list and to receive addenda notifications.

A-3. Submission of Bids

Bids must be submitted on the online bidding service PlanetBids (https://vendors.planetbids.com/portal/43976/portal-home).

Electronic modifications to or withdrawal of bids may be made by the bidder prior to the bid closing deadline. All bids must be submitted no later than the time prescribed. The bidder is wholly responsible to submit their electronic bid on time. The City will only consider bids that have been transmitted successfully and have been issued an e-bid confirmation number with a time stamp from the Bid Management System indicating that bid was submitted successfully.

Each bid must conform and be responsive to this notice and shall be made on the official proposal forms furnished with the contract documents.

Attention is directed to the provisions of Business and Professions Code section 7028.15, which makes it a misdemeanor for any person without a valid contractor's license (with specific exceptions) to submit a bid to act as a Contractor to a public agency.

A-4. Bid Guarantee

Each bid must be accompanied by a cashier's check, certified check, or bid bond, executed on the prescribed form, in an amount not less than ten (10) percent of the total bid price payable to the City of Eastvale.

The cashier's check or certified check payable to the City of Eastvale and drawn on a solvent bank of the United States of America, or Bid Bond shall be given as a guarantee that the successful bidder will enter into a written contract within ten (10) days after being requested to do so and will be considered as the stipulated amount of liquidated damages in the event the bidder is unable to or refuses to execute a contract for the work. Upon an award to the successful bidder, the security of unsuccessful bidders shall be returned in a reasonable period of time.

Bidders are hereby notified that in accordance with the provisions of Public Contracts Code section 22300, securities may be substituted for any monies, which the City may withhold pursuant to the terms of this Contract to ensure performance.

If the bidder elects to provide a bid bond, the bond shall be furnished by a company that is authorized and licensed by the Insurance Commissioner as an "admitted surety insurer." Bid Security shall be submitted as follows

- Original Paper Hard Copy Bid Bond. If the Bidder's Bid Security is in the form of a hard copy of the Bid Bond, the original copy Bid Bond, along with the Attorney-In-Fact Certificate and Surety Resolutions attesting to the appointment and authority of the Attorney-In-Fact must be mailed and received by the City of Eastvale before the latest date/time for submitting Bid Proposals. If the hard copy Bid Bond is received by the City after the latest date/time for submitting Bid Proposals will result in rejection of the Bidder's Bid Proposal for non-responsiveness. The submitted hard copy Bid Bond must include original signatures of the Bidder/Principal, Surety Attorney-In-Fact and Notary Public. **Bid Security in the form of a hard copy Bid Bond must be mailed or delivered by the Bidder to the Finance Department in a sealed envelope with the exterior prominently marked with the Bidder's (company) name, Project Name and Bid Number.**

  Bidders shall submit Bid Bond or Certified Check in a sealed envelope to the address shown below:

  City of Eastvale – Finance Department
  Attention: Karla Lopez, Purchasing Manager
  12363 Limonite Ave Suite 910
  Eastvale, CA 91752

  Electronic Bid Bond. Bid Security may be submitted in the form of a verified electronic Bid Bond. If an electronic Bid Bond is submitted as the Bid Security, the electronic Bid

Bond will be accepted only if the electronically issued Bid Bond is in the form and content included with the Contract Documents and issuance of the electronic Bid Bond is verified through Surety2000 (http://www.surety2000.com/). Bidder submitting an electronic Bid Bond are solely responsible for completing Surety2000 registration requirements and payment of Surety2000 fees and charges. The City will accept electronic Bid Bonds in satisfaction of Bid Security requirements as an accommodation to Bidders. The City is not responsible to Bidders for: (i) Surety2000 acts or omissions; (ii) the complete/timely verification of electronically issued Bid Bonds; or (iii) any other errors in the electronically issued Bid Bond.

A-5. Construction License

The successful bidder must possess a current **Class A Contractor's License** issued by the State of California to cover all of the work to be performed under this project.

Effective April 1, 2015, Contractors and subcontractors bidding and performing work on public works project must register on an annual basis with Department of Industrial Relations (DIR).

A-6. Award

The award shall be made to the lowest responsible bidder submitting the lowest responsive bid. The award of Contract will be made by the City Council. The Contractor shall execute the Contract within ten (10) days after he has received the Contract from the City. Alternate bid items are for bidding purposes only. Those items and quantities may or may not be used, at the discretion of the City Engineer. The City Engineer shall determine the exact locations and quantities, if any, where the above quantities will be needed. Items shown in the Alternate bid will not be used in the determination of the lowest base bid for the project and shall not be used to determine the lowest responsible bidder. **The award of contract shall be made to the lowest, responsible bidder submitting the lowest, responsive bid for the total of base bid items.**

The City reserves the right to waive any minor irregularity in the proposals. No bid may be withdrawn for a period of ninety (90) days after the opening of bids.

A-7. Rejection of Bids

The City reserves the right to reject any and all bids. Any bid not conforming to the intent and purpose of the Contract documents may be rejected. The City reserves the right to make all awards in the best interest of the City.

A-8. Disqualification of Bidder

If there is a reason to believe that collusion exists among any bidders, none of the bids of the participants in such collusion will be considered and the City may likewise elect to reject all bids received.

A-9. Relief of Bidder

Attention is directed to the provisions of Public Contracts Code section 5101 and following, concerning relief of bidders and in particular to the requirements therein that if the bidder claims a mistake was made in his bid, the bidder shall give the City written notice, within five (5) calendar

days after the opening of bids of the alleged mistake, specifying in the notice, in detail, how the mistake occurred.

A-10. Bonds

The successful bidder will be required to furnish, prior to the performance of any work hereunder, a payment bond in an amount equal to one hundred percent (100.0%) of the Contract price, and a faithful performance bond in an amount equal to one hundred percent (100.0%) of the Contract price. The bonds must be approved by the City. Each bond must be furnished by a company, acceptable to the City, that is authorized and licensed by the Insurance Commissioner as an "admitted surety insurer" and which maintains at least one officer in California for conducting business. Prior to such approval, the Surety shall provide the City with at least one of the following: (1) a print-out of information from the web-site of the Department of Insurance confirming the Surety is an admitted surety insurer and attaching it to the bond; or (2) a certificate from the Riverside County Clerk that the certificate of authority of the Surety has not been surrendered, revoked, cancelled, annulled or suspended and confirming that the Surety is an admitted surety and attaching the certificate to the bond. (See Cal. Code Civ. Proc. Code § 995.311).

A-11. Questions

All questions relative to this project must be submitted via PlanetBids no later than the date and time specified on the cover page of this IFB. No verbal requests or requests made in any other format will be accepted. Questions must be submitted individually and not in a paragraph format nor combined in a single submission. Significant interpretations or clarifications and responses to questions received by the deadline will be addressed via addenda to this IFB, which will be released and posted on PlanetBids under the "Addenda/Emails" tab.

General process questions may be directed to the following:

CITY OF EASTVALE, CALIFORNIA

Date: _____

By: _____ 5/14/26
Jimmy Chung, P.E., City Engineer
12363 Limonite Ave., Suite 910
Eastvale, California, 91752

SECTION B. INSTRUCTION TO BIDDERS

B-1. Introduction

Each bid shall be in accordance with the Contract Documents. The Invitation for Bid will specify whether Contract Documents are available on a purchase or deposit basis. Where payment for such sets is specified, no refund will be made.

B-2. Local Conditions

The quantities of work or material stated in the unit price items of the Bidding Schedule are given only as a basis for the comparison of Bids, and the City does not represent or warrant that the actual amount of work or material will correspond therewith, but reserves the right to increase or decrease the quantity of any unit price item of the work as may be deemed necessary or expedient by the City Engineer or designated representative.

The Bidder shall examine carefully the site of the work contemplated and the Contract Documents. The submission of a proposal shall be conclusive evidence that the Bidder has investigated and is satisfied as to the conditions to be encountered, as to the character, quality and quantities of work to be performed and the materials to be furnished, and as to the requirements of the Contract Documents.

Where the City Engineer has made investigations of surface and subsurface conditions in areas where work is to be performed under the Agreement, or in other areas, some of which may constitute possible local material sources, such investigations were made only for the purpose of study and design. Where such investigations have been made, bidders or Contractor may, upon written request, inspect the records of the City Engineer as to such investigations subject to and upon the conditions hereinafter set forth. Such inspection of records may be made at the office of the City Engineer.

The records of such investigations are not a part of the Agreement and are made available for inspection solely for the convenience of the bidder or Contractor. It is expressly understood and agreed by bidder or Contractor that neither the City nor the City Engineer assumes any responsibility whatsoever with respect to the sufficiency or accuracy of the investigations thus made, the records thereof, or of the interpretation set forth therein or made by the City Engineer in its use thereof and there is no representation, warranty or guarantee, either express or implied, that the conditions indicated by such investigations or records thereof are correct or representative of those existing throughout such areas or any part thereof, or that unanticipated developments may not occur or that materials other than, or in proportions different from, those indicated may not be encountered.

When a log of test borings showing a record of the data obtained by the City Engineer's investigation of the subsurface conditions is included with the drawings, it is expressly understood and agreed by bidder that the log of test borings does not constitute a part of the Agreement, represents only the opinion of the City Engineer as to the character of the materials encountered in the test borings, is included with the plans only for the convenience of bidders and its use is subject to all of the conditions and limitations set forth in this Section. Water levels that may be

shown on a log of test borings are valid only for the stated date of observation. The water level may change from season to season and from year to year.

The availability or use of information described in this Section or the special conditions is not to be construed in any way as a waiver of the provisions of this Section and a bidder or Contractor is cautioned to make such an investigation and examination as it deems necessary to satisfy itself as to conditions to be encountered in the performance of the work and, with respect to possible local material sources, the quality and quantity of material available from such property and the type and extent of processing that may be required in order to produce material conforming to the requirements of the Specifications.

No information derived from such inspection of records of investigations or compilations thereof made by the City Engineer or its assistants will in any way relieve the bidder or Contractor from any risk or from properly fulfilling the terms of the Agreement.

Information derived from inspection of topographic maps, or from Plans showing location of utilities and structures will not in any way relieve the Contractor from any risk, or from properly examining the site and making such additional investigations as it may elect, or from properly fulfilling all the terms of the Agreement.

Each bidder shall inform itself of, and the bidder awarded an Agreement, shall comply with, Federal, State and Local laws, relative to the execution of the work. This requirement includes, but is not limited to, applicable laws and regulations concerning employment of labor, protection of public and employee safety and health, environmental protection, the protection of natural resources, fire protection, burning and non-burning requirements, permits, fees, and similar subjects.

B-3. Form of Bid and Signature

Bids shall be submitted only on the forms attached hereto and shall be submitted as instructed in Section A. Notice Inviting Bids. The Bidder shall state in figures the unit prices or the specific sums as the case may be, for which it proposes to supply the labor, materials, supplies or machinery, and perform the work required by the Specifications. If the Bid is made by an individual, it shall be signed by the individual and the individual's full name and address shall be given; if it is made by a partnership, it shall be signed with the co-partnership name by a member of the partnership, who shall also sign the member's own name, and the name and address of each member of such partnership shall be given; and, if it is made by a corporation, the name of the corporation shall be given and it shall be signed by its duly authorized officer or officers attested by the corporate seal, the name and titles of all officers of the corporation shall be given, and the address of the corporation and the state in which incorporated shall be stated.

Bids will be considered only from persons licensed as required under applicable provisions of the Contractors License Law (California Business and Professions Code section 7000, et seq.) and regulations adopted pursuant thereto; and each bidder shall insert his type of contractor's license, license number, and other requested information in the place provided in the bid. No oral, telephonic or telegraphic Bid or modification of a Bid will be considered.

B-4. Submission of Bids

All Bids must be submitted no later than the time prescribed, at the place and in the manner set forth in the Invitation for Bid. Bids must be made on the prescribed Bid forms. A complete Bid requires submission of fully completed contract documents. The bidder is wholly responsible to see that its Bid is submitted at the time and place named for the opening of bids.

Bids shall include all addenda or clarifications issued during the bidding period acknowledged by the bidder's signature thereon. Failure to so include or acknowledge an addendum or clarification will result in the Bid being rejected as not responsive.

Bids shall be opened at the time and place specified in the Invitation for Bid, unless changed by addendum.

B-5. Preparation of Bid

Blank spaces in the Bid shall be properly completed. The phraseology of the Bid must not be changed and no additions shall be made to the items mentioned therein. Unauthorized conditions, limitations or provisions attached to a Bid will render it unresponsive and will cause its rejection. If erasures, interlineations or other changes appear on the form, each erasure, interlineation or change must be initialed by the person signing the Bid. Alternative bids will not be considered unless specifically provided for in the Bidding Schedule. No Bid received after the time fixed, or received at any place other than the place stated in the Invitation For Bid will be considered. All bids will be opened and read publicly. Bidders, their representatives and other interested parties are invited to be present at the opening. Where bonds are required, the bidder shall name in its Bid the surety or sureties who have agreed to furnish said bonds.

B-6. Bid Security

Each bid must be accompanied by a cashier's check, certified check, or bid bond, executed on the prescribed form, in an amount not less than ten (10) percent of the total bid price payable to the City of Eastvale.

The cashier's check or certified check payable to the City of Eastvale and drawn on a solvent bank of the United States of America, or Bid Bond shall be given as a guarantee that the successful bidder will enter into a written contract within ten (10) days after being requested to do so and will be considered as the stipulated amount of liquidated damages in the event the bidder is unable to or refuses to execute a contract for the work. Upon an award to the successful bidder, the security of unsuccessful bidders shall be returned in a reasonable period of time.

Bidders are hereby notified that in accordance with the provisions of Public Contracts Code section 22300, securities may be substituted for any monies, which the City may withhold pursuant to the terms of this Contract to ensure performance.

If the bidder elects to provide a bid bond, the bond shall be furnished by a company that is authorized and licensed by the Insurance Commissioner as an "admitted surety insurer." Bid Security shall be submitted as follows:

- Original Paper Hard Copy Bid Bond. If the Bidder's Bid Security is in the form of a hard copy of the Bid Bond, the original copy Bid Bond, along with the Attorney-In-

Fact Certificate and Surety Resolutions attesting to the appointment and authority of the Attorney-In-Fact must be mailed and received by the City of Eastvale before the latest date/time for submitting Bid Proposals. If the hard copy Bid Bond is received by the City after the latest date/time for submitting Bid Proposals will result in rejection of the Bidder's Bid Proposal for non-responsiveness. The submitted hard copy Bid Bond must include original signatures of the Bidder/Principal, Surety Attorney-In-Fact and Notary Public. **Bid Security in the form of a hard copy Bid Bond must be mailed or delivered by the Bidder to the Finance Department in a sealed envelope with the exterior prominently marked with the Bidder's name, Project Name and Bid Number.**

Bidders shall submit Bid Bond or Certified Check in a sealed envelope to the address shown below:

City of Eastvale – Finance Department
Attention: Karla Lopez, Purchasing Manager
12363 Limonite Ave Suite 910
Eastvale, CA 91752

- Electronic Bid Bond. Bid Security may be submitted in the form of a verified electronic Bid Bond. If an electronic Bid Bond is submitted as the Bid Security, the electronic Bid Bond will be accepted only if the electronically issued Bid Bond is in the form and content included with the Contract Documents and issuance of the electronic Bid Bond is verified through Surety2000 (http://www.surety2000.com/). Bidder submitting an electronic Bid Bond are solely responsible for completing Surety2000 registration requirements and payment of Surety2000 fees and charges. The City will accept electronic Bid Bonds in satisfaction of Bid Security requirements as an accommodation to Bidders. The City is not responsible to Bidders for: (i) Surety2000 acts or omissions; (ii) the complete/timely verification of electronically issued Bid Bonds; or (iii) any other errors in the electronically issued Bid Bond.

B-7. List of Subcontractors

(a) Each bidder shall set forth in his Bid on the form provided the following information in accordance with the provisions of Public Contract Code sections 4100-4113:

(1) The name, location of the place of business, and contract license number of each Subcontractor who will perform work or labor or render service to the prime Contractor in or about the construction of the work or improvement, or a Subcontractor licensed by the State of California who, under subcontract to the prime Contractor, specifically fabricates and installs a portion of the work or improvement according to the Contract Documents, in any amount in excess of one-half of one percent (0.5%) of the prime Contractor's total Bid, or, in the case of bids or offers for the construction of streets or highways, including bridges, in excess of one-half of one percent (0.5%) of the Contractor's total bid or ten thousand dollars ($10,000), whichever is greater.

(2) The portion of the work which will be done by each such Subcontractor, only one Subcontractor shall be listed for each such portion of the work as defined in the Bid.

(3) The bidder is considered the prime contractor and shall perform at least fifty-

one percent (51.0%) of the work, as determined by a percentage of the value of the work.

(b) If the bidder fails to specify a Subcontractor for any portion of the work to be performed under the Contract pursuant to Section B-7(a) above, the bidder agrees to perform that portion of the work itself.

B-8. Interpretation of Contract Documents

Any explanation desired by the bidders regarding the meaning or interpretation of any of the Contract Documents must be requested in writing, with sufficient allowance of time for receiptof reply before the time set for opening of Bids. Any such explanations or interpretations will be issued by written Addenda as described in Section A-11. Questions. Neither the City Engineer nor any representative of the City is authorized to give oral explanations or interpretations of Contract Documents, and a submission of a Bid constitutes agreement by the bidder that it has placed no reliance on any such oral explanation or interpretation. However, the City Engineer may, upon inquiry by bidder, orally direct the bidder's attention to specific provisions of the Contract Documents which cover the subject of the inquiry.

B-9. Modification of Bids

Electronic modifications to bids may be made by the bidder prior to the bid closing deadline.

B-10. Withdrawals of Bids

Bids may be withdrawn without prejudice by the bidder prior to the bid closing deadline. No bid may be withdrawn after the hour affixed for opening Bids without rendering the accompanying Bid Security subject to retention as liquidated damages in like manner as in the case of failure to execute the Agreement after award, as in the Contract Documents herein provided. Negligence on the part of the bidder preparing his bid shall not constitute a right to withdraw the Bid subsequent to the opening of Bids. The bonds must be approved by the City. Prior to such approval, the Surety shall provide the documentation required by California Code of Civil Procedure section 995.660.

B-11. Discrepancies

In the case of discrepancy between unit prices and totals, unit prices will prevail. In case of discrepancy between words and figures, words will prevail.

B-12. Servicing and Maintenance

Each bidder must, if requested, furnish evidence that there is an efficient service organization which regularly carries a stock of repair parts for the proposed equipment to be furnished and installed in the work and that the organization is conveniently located for prompt service.

B-13. Disqualification of Bidders

More than one Bid from an individual, firm, partnership or corporation under the same or different names will not be considered. Reasonable grounds for believing that any individual, firm, partnership or corporation is interested in more than one Bid for the work contemplated may cause

the rejection of all Bids in which the individual, firm, partnership or corporation is interested. If there is reason for believing that collusion exists among the bidders, any or all Bids may be rejected. Bids in which the price is obviously unbalanced may be rejected.

All bidders are put on notice that any collusive agreement fixing the prices to be bid so as to control or affect the awarding of this Contract is in violation of the competitive bidding requirements of the Public Contract Code and may render void any Contract let under such circumstances.

B-14. Bidder Responsiveness

Failure of the Bidder to provide requested information in a complete and accurate manner may be considered non-responsive resulting in rejection of the bid. The use of "N/A" or "n/a" in response to any request for information without an explanation as to why that abbreviation is being used may render the bid non-responsive.

B-15. Bidder Responsibility and Debarment

Bidders are hereby notified that, the City may give a Bidder notice of a tentative determination that they are debarred or believed to be non-responsible and provide said Bidder the opportunity to offer evidentiary support that the Bidder has not committed any of the following through the Bid Protest process in accordance with Section B-16 below: (1) violated a term of a contract, present or past, with the City or other entity; (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the City or any other entity or engaged in a pattern or practice which negatively reflects on the same; (3) committed an act or omission which evidences a lack of business integrity or business honesty; (4) made or submitted a false claim against the City or any other entity; or (5) received a fine or citation for performing work in an unsafe manner; or (6) violated a condition, rule, regulation, permit, or standard applicable to a contract with the City or any other entity. In arriving at their determination, the City's Public Works Director/City Engineer may consider Bidder's past conduct on City projects or on any other public or private projects upon which Bidder performed work.

B-16. Bid Protest

Any Bid protest in connection with the construction contract or work must be submitted in writing to the City's Purchasing Manager via email at kalopez@eastvaleca.gov or delivered to 12363 Limonite Ave., Suite #910, Eastvale, California, 91752, before 3:00 p.m. of the fifth day following opening of Bids or following the notification described in Section B-15 above.

(a) The protest must contain a complete statement of the basis for the protest, and all supporting documentation. The protest must state the facts and refer to the specific portion of the bid document or statute which forms the basis for the protest.

(b) The Bidder filing the protest must have submitted a Bid for the Work. A subcontractor or supplier may not submit a Bid Protest. A party may not rely on the Bid protest submitted by another Bidder but must timely pursue its own protest.

(c) The protest must include the name, address and telephone number of the person representing the protesting party.

(d) Only Bidders who the city otherwise determines are responsive are eligible to protest a Bid; protests from any other Bidders will not be considered. In order to determine whether a protesting Bidder is responsive, City may evaluate all information contained in any protesting Bidder's Bid and conduct the same investigation and evaluation as City is entitled to take regarding an apparent low bidder.

(e) The party filing the protest must concurrently transmit a copy of the protest and any attached documentation to all other parties with a direct financial interest which may be adversely affected by the outcome of the protest. Such parties shall include all other Bidders who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.

(f) The procedure and time limits set forth in this Section are mandatory and are the Bidder's sole and exclusive remedy in the event of Bid protest. The Bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue a Bid protest, including filing a Government Code Claim or legal proceedings. A Bidder may not rely on a protest submitted by another Bidder but must timely pursue its own protest.

(g) If the City determines that a protest is frivolous, the protesting bidder may be determined to be non-responsible and that bidder may be determined to be ineligible for future contract awards. The City's decision is final, and no other appeals shall be accepted.

B-17. Bid Award of Contract (Agreement)

The City reserves the right to accept or reject any and all Bids for a period of ninety (90) days after the date of opening, and to waive any informality or irregularity in any Bid. No Bid can be withdrawn during that period.

The City reserves the right to reject any or all Bids, including, without limitation, the right to reject any non-conforming, non-responsive, unbalanced, or conditional bids.

Before a Bid is considered for award, the City may, in addition to the Experience Qualifications form set forth in Section C, require a bidder to submit a statement of facts and detail as to his business, technical organization and financial resources and equipment available and to be used in performing the work. Additionally, the City may require evidence that the bidder has performed other work of comparable magnitude and type. The City expressly reserves the right to reject any Bid if it determines that the business and technical organization, equipment, financial and other resources or other experience of the bidder (including the bidder's Subcontractors) is not sufficiently qualified for the work bid upon and, therefore, justifies such rejection.

The award of the Contract, if it is awarded, will be to the responsible bidder submitting the lowest responsive bid. Within seven (7) days after the date of bid opening, the responsible bidder with the lowest, responsive bid shall deliver to the City, in a form acceptable to the City, a complete cost breakdown for the project herein bid.

B-18. Contract Bonds

The successful bidder shall furnish both a Performance Bond and a Payment Bond in the amounts specified in the forms attached hereto.

These Bonds shall be furnished in the forms enclosed following the Contract and shall be satisfactory to the City and shall be obtained from a responsible corporate surety (or sureties) acceptable to the City, which is licensed by the State of California to act as surety upon bonds and undertakings and which maintains in this State at least one office for the conduct of its business. The surety (or sureties) shall furnish reports as to its financial condition from time to time as requested by the City. The premiums for said Bonds shall be paid by the successful bidder.

These Bonds shall be furnished by companies who are authorized and licensed by the Insurance Commissioner as an "admitted surety insurer." The surety shall provide the City with the documentation required by Section 995.660 of the California Code of Civil Procedure.

If any surety becomes unacceptable to the City or fails to furnish reports as to its financial condition as requested by the City, the Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the City and of persons supplying labor or materials in the prosecution of the work contemplated by this Contract.

In the event of any conflict between the terms of the Contract and the terms of the Bonds, the terms of the Contract shall control and the Bonds shall be deemed to be amended thereby. Without limiting the foregoing, the City shall be entitled to exercise all rights granted to it by the Contract in the event of default, without control thereof by the surety, provided that the City gives the surety notice of such default at the time or before the exercise of any such right by the City, and, regardless of the terms of said Bonds, the exercise of any such right by the City shall in no manner affect the liability of the surety under said Bonds.

B-19. Substitution of Securities for Monies Withheld

Bidders are hereby notified that in accordance with the provisions of Public Contract Code section 22300, securities may be substituted for any monies which the City may withhold pursuant to the terms of the Contract to insure performance.

B-20. Execution of Contract

The successful bidder will be notified in writing by the City of the award of the Contract within ninety (90) days after opening of Bids. Accompanying the City's Notice of Award will be the Contract, in triplicate, which the successful bidder will be required to execute and return, together with the Performance and Payment Bonds, and the required certificates and policies of insurance together with the required endorsements thereto (or equivalent) for the Contractor and the workers' compensation certificate (see Section 22-C of the Agreement or Exhibit "D"), to the City within ten (10) days following receipt of such Notice of Award. Failure to do so shall be just cause for annulment of the award and for forfeiture of the Bid Bond which shall be retained as liquidated damages, and it is agreed that the bond sum is a fair estimate of the amount of damages that the City will sustain by reason of such failure. The City will promptly determine whether such Contract, Bonds and insurance are as required by the Contract Documents, and upon such determination will forward a fully executed copy of the Contract and a Notice to Proceed with the

work to the successful bidder. Signature by both parties constitutes execution of the Contract. In the event of failure of the lowest responsible bidder to sign and return the Contract with acceptable Bonds and insurance as prescribed herein, the City may award the Contract to the next lowest responsible bidder, and, in the event that bidder fails to sign and return the Contract with acceptable Bonds and insurance, the City may award the Contract to the then next lowest responsible bidder, etc.

B-21. Return of Bid Securities

All Bid Securities will be held until the Contract has been finally executed, after which all Bid Securities, other than any Securities which have been forfeited, will be returned to the respective bidders. It is the bidder's responsibility to request and coordinate the return of any bid bonds or certified checks.

B-22. Power of Attorney

The Attorney-in-Fact (resident agent) who executes the Performance Bond and Payment Bond on behalf of the surety company must attach a copy of his Power of Attorney as evidence of his authority. A notary shall acknowledge the power as of the date of the execution of the surety bond which it covers.

B-23. Time of Completion and Liquidated Damages

The Contractor shall begin work after the contract has been approved by the City Attorney and only after written notice to proceed with work has been issued by the City. The Contractor shall then have ten (10) calendar days after receipt of written notice to proceed to begin work. The counting of contract days will begin ten (10) calendar days from the time the Contractor receives the Notice to Proceed or when Contractor starts work, whichever comes first.

The time of completion of the work to be performed hereunder is the essence of this Contract. Delays and extensions of time may be allowed in accordance with the provisions of the Agreement for Construction Services.

The Contractor shall complete all Work under the Contract within 31 working days.

B-24. Licensing Requirements for Contractors

All bidders, including general contractors and specialty contractors, shall hold such licenses as may be required by the laws of the State of California for the performance of the work specified in the Contract Documents.

Effective April 1, 2015, Contractors and subcontractors bidding and performing work on public works project must register on an annual basis with Department of Industrial Relations (DIR). A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

B-25. Escrow of Bid Documents

Upon award of the job to the successful bidder, and at the time of execution of this Contract, Contractor shall present all documentation used by the successful bidder in arriving at the bid upon which the Contract was awarded ("Bid Documentation") to the City Engineer's office. Such documentation shall be presented in a sealed envelope or box. Notice to Proceed will not be granted until City receives notice that such documentation has been received. This Bid Documentation shall include, but not be limited to any documents, pictures, or writings which relate to, arise out of, or constitute in any way notes, memoranda, phone logs, subcontractor and materialmen estimates, computations, or the like used by, complied by, or drafted by the successful bidder or its agents in arriving at its bid for the Project.

B-26. Preconstruction Conference

A preconstruction conference will be convened after the Contractor has delivered the necessary bonds, insurance certificates and signed agreement in proper form as required in the Invitation For Bid, bid proposal and general conditions of these specifications. Prior to any work, the Contractor shall provide the City Engineer with a list of key personnel assigned to the project and the telephone numbers where they may be reached at any time. The list shall be made available in sufficient copies and presented at the preconstruction conference.

SECTION C. BIDDER'S PROPOSAL

BIDDER SHALL SUBMIT ALL FORMS UNDER SECTION C. BIDDER'S PROPOSAL AS PART OF THE BID. FAILURE TO DO SO SHALL RESULT IN A NON-RESPONSIVE BID.

Name	Title	Email Address

Proposal To: The Honorable Mayor and City Council
City of Eastvale
Eastvale, California

The undersigned, as bidder, declares that he has carefully examined the location of the proposed work as described, examined the Plans, Specifications, Special Provisions, and other contract documents, together with all Addenda issued by the City of Eastvale, read the Instructions to Bidders, and is familiar with all proposal requirements, and hereby proposed and agrees, if the proposal is accepted, to complete the said construction in accordance with the Contract Documents, in the time stated herein, for the unit price or lump sum given on the following pages of this proposal, amounting to a base bid total of:

_____**$**_____
Words **Figures**

Said amount to include and cover all taxes, the furnishing of all materials, the performing of all the labor requisite or proper and the providing of all necessary machinery, tools, apparatus, and other means of construction; also, the performance and completion of all the work in the manner set forth, described and shown in the Specifications or the drawings for the work.

If the contract is awarded, the undersigned agrees to enter into a contract with the City of Eastvale and to commence work within ten (10) calendar days from the date of issuance of the Notice to Proceed and to diligently prosecute the work to completion within forty (40) working days.

All bids are to be computed on the basis of the given Estimated Quantities of Work, as indicated in this proposal, times the unit prices as submitted by the bidders. In case of discrepancy between words and figures, the words shall prevail. In case of discrepancy between unit prices and the extension thereof, the unit price shall prevail and bids will be computed as indicated above and compared on the basis of corrected totals, given solely as a basis for comparison of bids. It is understood that the City does not expressly, nor by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any item or portion of the work or to omit portions of the work as may be deemed expedient by the Engineer.

It is also understood by Bidder that the City of Eastvale has the right to reject this proposal or to award a contract to the undersigned at the prices stipulated. If the proposal is rejected, then any check or cashier's check shall be returned to the undersigned within thirty (30) days. No bid bonds will be returned. If the proposal is accepted and the undersigned fails to enter into a contract within fifteen (15) days after the agreement is delivered to him for signature, or within such further time as may be granted by the Members of the City Council, then said check shall be cashed or said bond declared forfeit and an amount equal to the difference between the lowest bid and the next lowest bid who will execute a contract shall be paid into the treasury of the City of City of Eastvale as liquidated damages for the failure of the undersigned to comply with the terms of this proposal.

Accompanying this proposal is _____ *(Insert "$_____ cash," cashier's check, certified check or bidder's bond forms included in these Contract Documents, as the case may be),* in an amount equal to at least ten percent (10%) of the total bid.

The following is the name and place of business of the surety company which will furnish the required bonds as surety if the work is awarded to the undersigned:

_____.....

NOTICE - If bidder or other interested person is a corporation, state legal name of corporation, also names of the president, secretary, treasurer, and manager thereof; if a co-partnership, state

true name of firm, also names of all individual copartners composing firm; if bidder or other interested person is an individual, state first and last names in full.

ADDENDA - This Proposal is submitted with respect to the changes to the contract included in addenda number/s:

(*Fill in addenda numbers if addenda have been received and insert, in this Proposal, any Engineer's Estimate sheets that were received as part of the addenda*.)

By my signature on this proposal I certify, under penalty of perjury under the laws of the State of California, that the foregoing questionnaire and statements of Public Contract Code Sections 10162, 10232 and 10285.1 are true and correct and that the bidder has complied with the requirements of Section 8103 of the Fair Employment and Housing Commission Regulations (Chapter 5, Title 2 of the California Administrative Code). By my signature on this proposal, I further certify, under penalty of perjury under the laws of the State of California and the United States of America, that the Noncollusion Affidavit required by Title 23 United States Code, Section 112 and Public Contract Code Section 7106; are true and correct.

BID BOND

We, _____ as Principal, and _____ as Surety are bound unto the City/County of _____, State of California, hereafter referred to as "Obligee", in the penal sum of ten percent (10%) of the total amount of the bid of the Principal submitted to the Obligee for the work described below, for the payment of which sum we bind ourselves, jointly and severally,

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT:

WHEREAS, the Principal is submitted to the Obligee, for _____

_____

(Copy here the exact description of work, including location as it appears on the proposal)

_____

for which bids are to be opened at _____ on _____
(Insert place where bids will be opened) *(Insert date of bid opening)*

NOW, THEREFORE, if the Principal is awarded the contract and, within the time and manner required under the specifications, after the prescribed forms are presented to him for signature, enters into a written contract, in the prescribed form, in conformance with the bid, and files two bonds with the Obligee, one to guarantee faithful performance of the contract and the other to guarantee payment for labor and materials as provided by law, then this obligation shall be null and void; otherwise, it shall remain in full force.

In the event suit is brought upon this bond by the Obligee and judgment is recovered, the Surety shall pay all costs incurred by the Obligee in such suit, including a reasonable attorney's fee to be fixed by the court.

NON-COLLUSION AFFIDAVIT
TO THE CITY OF EASTVALE

In conformance with Title 23 United States Code Section 112 and Public Contract Code 7106 the bidder declares that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Note: The above Noncollusion Affidavit is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Noncollusion Affidavit.

Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

EXPERIENCE/QUALIFICATIONS STATEMENT

1. The bidder has been engaged in the contracting business, under the present business name for ____ years.

2. Experience in work of a nature similar to that covered in the proposal extends over a period of _____ years.

3. List any projects your company has **failed to complete** within the last five years due to a termination of contract. For each project, list the type of project, client's name, contact person, current telephone number, email address, and provide a brief description of the grounds for termination. Bidder may attach a separate sheet if needed.

Check appropriate box: None ☐ See list below ☐

Type of Work/Project Name	Project Owner/Client	Contact Person	Contact Phone No. and email address
Description:

Description of work:					

5. List the name of the person(s) **(A MINIMUM OF ONE)** who inspected the site of the proposed work for your company.

Name:	Position/Title	Date of Inspection:

6. The following is a list of plant and equipment owned by the bidder, which is definitely available for use on the proposed work as required. Bidder may attach a separate sheet if needed.

Quantity	Name, Type and Capacity	Condition	Location

7. If requested by the City, the Bidder shall furnish a notarized financial statement, financial data, or other information and references sufficiently comprehensive to permit an appraisal of its current financial condition or ability to perform the work.

Failure to furnish information upon request will render the bid nonresponsive.

All of the above statements regarding Contractor's experience and financial qualifications are submitted in conjunction with the Bid Proposal, as a part thereof, and the truthfulness and accuracy of the information is guaranteed by the Bidder.

DESIGNATION OF SUBCONTRACTORS

The Bidder shall list the name, address and license number of each subcontractor to whom the Bidder proposes to subcontract portions of the work. It is understood and agreed that all those portions of the work called for in the contract documents for which a sub-contractor is not listed will be performed by the undersigned through his forces. If no sub-contractors are listed, all bonds and insurance will be written in the name of the general contractor only. Bidder may attach a separate sheet if needed.

Check appropriate box: **None** ☐ **See list below** ☐

Information must be typed or clearly printed.

PUBLIC CONTRACT CODE

1. PUBLIC CONTRACT CODE SECTION 10285.1 STATEMENT

In conformance with Public Contract Code Section 10285.1 (Chapter 376, Stats. 1985), the bidder hereby declares under penalty of perjury under the laws of the State of California, the following regarding conviction within the preceding three years of any offenses referred to in that section, including any charge of fraud, bribery, collusion, conspiracy, or any other act in violation of any state or Federal antitrust law in connection with the bidding upon, award of, or performance of, any public works contract, as defined in Public Contract Code Section 1101, with any public entity, as defined in Public Contract Code Section 1100, including the Regents of the University of California or the Trustees of the California State University. The term "bidder" is understood to include any partner, member, officer, director, responsible managing officer, or responsible managing employee thereof, as referred to in Section 10285.1, that the bidder:

- _____ Has been convicted as described above.
- _____Has not been convicted as described above.

Note: The bidder must place a checkmark after "has" or "has not" in one of the blank spaces provided. The above Statement is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement. Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

---

2. PUBLIC CONTRACT CODE SECTION 10162 QUESTIONNAIRE

In conformance with Public Contract Code Section 10162, the Bidder shall complete, under penalty of perjury, the following questionnaire:

- Has the bidder, any officer of the bidder, or any employee of the bidder who has a proprietary interest in the bidder, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation?

  Yes _____ No _____

- If the answer is yes, explain the circumstances in the following space. A separate sheet may be attached if needed.

_____

_____

_____

3. PUBLIC CONTRACT CODE 10232 STATEMENT

In conformance with Public Contract Code Section 10232, the Contractor, hereby states under penalty of perjury, that no more than one final unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of a federal court which orders the Contractor to comply with an order of the National Labor Relations Board.

Note: The above Statement and Questionnaire are part of the Bidder's Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement and Questionnaire. Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

SECTION D. TECHNICAL SPECIFICATIONS

The work for which this proposal is submitted is for construction in conformance Technical Specifications described below, including any addenda thereto, the contract annexed hereto, and also in conformance with the "Standard Specifications for Public Works Construction, 2021 Edition" (Latest Edition) (Standard Specifications), City of Eastvale Standards for Design and Construction of Public Improvements, City of Eastvale Standard Specifications for Design and Construction of Public Improvements, any referenced Special Provisions, and the California Department of Transportation Standard Plans and Specifications, 2018 Edition (State Standard) and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished. The Plans for the work are titled as follows: **2026 Residential Slurry Seal Project, #94001.**

1. EXISTING FACILITIES

Where excavations are performed in the vicinity of underground utility services, the Contractor shall, as necessary, perform initial exploratory excavations to determine their exact location. Extreme care shall be exercised by the Contractor to avoid damage to utility services and to coordinate the work with utility agencies. It shall be the Contractor's responsibility to have repairs made to existing facilities in the event of damage. The costs of all such repairs are the Contractor's responsibility.

The Contractor shall notify Dig Alert at 811 forty-eight (48) hours prior to the start of any work.

This project may include work on streets with mature trees adjacent to the roadway. In some locations, the tree canopy may extend over the roadway. It is the responsibility of the Contractor to conduct construction operations around said tree canopy such that the work is accomplished without damaging or injuring tree or tree limbs in any way.

Measurement and Payment
Full compensation for **EXISTING FACILITIES**, as specified herein, shall be considered as included in the prices paid for the various items of work involved and no additional compensation will be made therefore.

2. MOBILIZATION

Mobilization shall be accomplished in accordance with the provisions set forth in Section 2-4, "Contract Bonds", and Section 9-3.4, "Mobilization" of the Standard Specifications, except as modified and supplemented below:

The Scope of Work under this Item shall include all the incidental work items and costs necessary for mobilizing and demobilizing the contract work effort, personnel, equipment, etc.; obtaining all necessary Bonds and Certificates of Insurance; miscellaneous management and overhead costs; miscellaneous site preparation, and cleanup as necessary; and any other miscellaneous work costs not classifiable under the other Bid Item numbers.

The cost of bonds, insurance, move in and move out costs, preparation and submission of submittals, obtaining encroachment permits, and miscellaneous incidental costs, shall be included in the Bid Item. No work shall be started without prior approval of the submittals. Failure to comply

with the preceding requirement will be sufficient ground for the City Inspector to stop all work on the project until the requirements are met.

Sanitary facilities shall be supplied and maintained by the Contractor for the duration of the contract work.

Measurement and Payment
Payment for **Mobilization** shall be at the price bid per **Lump Sum (LS)** and shall be considered full compensation for doing all work as specified herein and no additional compensation will be allowed therefore. Seventy five percent (75%) of the lump sum amount will be eligible for inclusion in the first progress payment, with the remaining twenty five percent (25%) not eligible for inclusion until one hundred percent (100%) of the work has been completed and if progress of the work is satisfactory.

3. WATER POLLUTION CONTROL PROGRAM

As part of the Contractor's Water Pollution Control Program, the Contractor shall submit a Stormwater Pollution Prevention Plan (SWPPP), conforming to "The Construction Site Best Management Practices (BMPs) Manual" and the "Stormwater Pollution Prevention Plan (SWPPP) and Water Pollution Control Program (WPCP) Preparation Manual" for the State of California, for review and acceptance at least ten (10) working days prior to the pre-construction conference. The Contractor shall revise the SWPPP as indicated by the City.

In the event that the project is not completed due to the weather, the City Engineer will notify the Contractor to cease operations. After notification, the Contractor shall cease operations as indicated in the notification and winterize the project as specified in the Contractor's SWPPP and to the satisfaction of the City Engineer. When weather permits, the City Engineer will notify the Contractor to resume operations. After notification, the Contractor shall resume operations within ten (10) calendar days and diligently complete the Contract. The Contractor shall not make any claim nor receive compensation for anticipated profits, loss of profits, damages, or any extra payment due to the work stoppage ordered by the City Engineer due to inclement weather.

Measurement and Payment
The contract **Lump Sum (LS)** price paid for **Water Pollution Control Program Plan** shall include full compensation for ceasing operations, mobilization, performing all work items as contained in the SWPPP and conforming to the requirements of this section and no additional compensation will be allowed therefore.

4. CONTROL OF MATERIALS

The Contractor shall comply with the requirements as set forth in Section 4, "Control of Materials" of the Standard Specifications.

All materials required to complete the work under this contract shall be produced or furnished, delivered, and installed by the Contractor unless otherwise specified in these specifications. The Contractor shall be responsible for controlling the quality of materials entering the work and of the work performed.

The Contractor is responsible for the costs and making all the arrangements to stockpile and store materials and/or equipment as work is performed. The City Engineer shall approve the duration

and location of all temporary stockpiles and storage location for the Contractor's material and/or equipment within the right of way. The Contractor shall immediately comply with the City Engineer's instructions regarding any stockpile or storage locations to the satisfaction of the City Engineer.

Measurement and Payment
Full compensation for Control of Materials for conforming to the requirements of this section shall be considered as included in the prices paid for the various contract items of work involved and no additional compensation will be allowed therefore.

5. PROGRESS SCHEDULE

Progress schedules shall conform to Section 6 "Prosecution, Progress, And Acceptance of the Work" of the Standard Specifications.

During the duration of the contract, on or before the first calendar day of each month, the Contractor shall submit a complete, updated progress schedule to the Engineer. Updated progress schedules shall incorporate all current schedule information, actual progress, approved adjustments of time, and proposed changes in sequence and logic.

The Contractor shall also submit, on a weekly basis, a three-week rolling schedule. The three-week rolling schedule shall be submitted on the first day of the work week or as indicated by the Engineer at the Pre-construction Conference. The weekly schedule shall include location of work areas proposed and work activity included that week and other pertinent information as requested by the Engineer.

When preparing the progress schedule, the Contractor shall accommodate school sites, businesses and the public within the work areas. See Traffic Control section for more details.

For submitted initial and resubmitted phased schedules via email, the Contractor is to copy the City of Eastvale's Communications Division at the email addresses: etrujillo@eastvaleca.gov and mcorrao@eastvaleca.gov.

Measurement and Payment
Full compensation for **Progress Schedules**, as specified herein, shall be considered as included in the prices paid for the various items of and no additional compensation shall be made.

6. INCLEMENT WEATHER PROTECTION

Contractor is directed to the "Water Pollution Control Program" section found elsewhere in these specifications.

In the event that the Contractor's work is suspended due to inclement weather for a period exceeding seven (7) calendar days, all sections of asphalt concrete for any dig outs or similar work where asphalt concrete has been removed, shall be backfilled with aggregate base or asphalt concrete to match the existing conditions grade. Compaction shall be a minimum of ninety percent (90%), and shall be placed in such a manner as to minimize the amount of standing water in the removed gutter sections and thereby reducing water infiltration into the road base. Driveway areas shall also be covered with trench plating. Areas that have been backfilled with aggregate base or asphalt concrete shall be protected as specified in the Contractor's WPCP. Upon resumption of work, the excess compacted aggregate base or asphalt concrete shall be removed with the

remaining aggregate base recompacted and tested prior to curb and gutter installation.

Measurement and Payment
Full compensation for ceasing operations (demobilization), providing and maintaining drainage inlet protection, performing various items within the Contractor's Water Pollution Control Program or as specified herein, and resuming operations (mobilization) after inclement weather shall be considered as included in the prices paid for the various items of work, no additional compensation shall be made.

Compensation for furnishing, placing, and removing aggregate base for inclement weather protection shall be considered as included in the prices paid for the various items of work and no additional compensation shall be made.

7. UNIT PRICE CONTRACT

Payment for all work bid at a price per unit of measurement will be based upon the actual quantities of work as measured upon completion. The Estimated Quantities provided in the Bid Documents are for comparative bidding only. The City does not express or imply that the actual amount of work or materials will correspond to the Estimated Quantities. The City reserves the right to increase or decrease the amount of any class or portion of the Work, or to omit portions of the Work, as may be deemed necessary or advisable in the sole discretion of the City.

8. EXISTING HIGHWAY FACILITIES AND PRESERVATION OF PROPERTY

The Contractor's attention is directed to Section 15, "Existing Facilities," of the State Standard. It shall be the responsibility of the Contractor to protect existing curb, gutter, culverts, signs, traffic signal detectors, and other roadway appurtenances not scheduled for removal under this contract while performing work under the Contract. Facilities damaged due to the Contractor's operations shall be repaired or replaced as directed by the City Engineer by the Contractor at his sole expense. Facilities damaged due to the Contractor’s operations shall be repaired or replaced as directed by the Engineer at the Contractor’s sole expense.

In the event that a sign is knocked down, the Contractor shall immediately notify the Engineer and replace the sign within 48 hours or as determined by the Engineer. Regulatory Signs (Black on White Signs) shall be immediately replaced. Interruptions to the Traffic Signal shall be notified immediately, within one (1) hour, to the Engineer or contact (951) 232-7293 after business hours and on weekends. Costs incurred due to Contractor’s negligence shall be paid for at Contractors sole expense.

Existing Trees - This project may include work on streets with mature trees adjacent to the roadway. In cases where the tree canopy extends over the roadway, it is the responsibility of the Contractor to conduct construction operations around said tree canopy such that the work is accomplished without damaging or injuring tree or tree limbs in any way. The Contractor may trim the trees in order to better facilitate construction operations. Any tree trimming must be approved by the Engineer at least four (4) working days prior to the planned work operation. Advanced notices to adjacent property owners may be required as directed by the Engineer.

When permitted by the Engineer, tree pruning shall be performed by a Certified Arborist and in accordance with “Pruning Standards,” published by the Western Chapter of the International Society of Arboriculture. The Arborist may be a person in the employment of the Contractor so

long as the person has been certified by the Western Chapter of the International Society of Arboriculture. The Certified Arborist shall be approved in advance by the Engineer, and all pruning shall be done in the presence of the Engineer.

Overhead Utilities - This project includes work on streets with overhead utility and service lines. There may be locations where utility and service lines may have minimal vertical clear distance or clearance above the existing elevations within the limits of work. It is the Contractor's responsibility to conduct operations around the facilities such that the work is accomplished without damage to these facilities.

Manhole and Utility Covers, Survey Monuments - Before paving operations, the Contractor shall submit to the Engineer an inventory of all survey monuments/spikes, manhole and utility covers and any other miscellaneous covers and lids located within the project limits. Construction shall not begin until the inventory list is submitted to the Engineer. All survey monuments/spikes shall be protected during construction and exposed after construction.

Existing Traffic Striping, Markings, and Markers – Existing traffic stripes and pavement markers that are outside the areas of the project limits that are to remain in place shall be protected from wheel marks and other damage by the Contractor. Damaged traffic stripes and pavement markers shall be cleaned or replaced as approved by the Engineer. The restoration of such objects will be at the Contractor's expense and in conformance with "Traffic Striping and Pavement Marking" found elsewhere in these specifications.

The Contractor shall be responsible for limiting the "tracking" of material off of the project site. The Contractor shall sweep the street and/or sidewalk to remove the material. The Contractor shall submit to the City Engineer the proposed haul route to each job site two (2) working days prior to starting work.

Measurement and Payment
Full compensation for **Existing Highway Facilities and Preservation of Property**, as specified herein, shall be considered as included in the prices paid for the various items of work and no additional compensation shall be made.

9. AESTHETIC CLEAN UP

The Contractor is responsible for the timely removal of asphalt, concrete, dirt, and oil on gutters, sidewalks, driveways, catch basins, roadways within and adjacent to the project limits, and haul route roadways that was tracked, sprayed, or deposited by his equipment or personnel under his control.

Upon completion of all construction operations, all roadways within the project limits shall be cleaned by sweeping, flushing, power brooms, power blowers, or other means approved by the Engineer, to remove all dirt, foreign material including any paint markings. Haul routes shall be cleaned of materials tracked or deposited by the Contractor's equipment or personnel. All sanitary sewer and drainage facilities and their appurtenant structures constructed or modified under the contract shall be cleaned out. All materials and equipment in stockpile and storage locations shall be removed and the areas cleaned to the satisfaction of the Engineer.

Measurement and Payment
Full compensation for **Aesthetic Clean-Up**, as specified herein, shall be considered as included in the prices paid for by the various items of work and no additional compensation shall be made.

10. ORDER OF WORK

The Contractor shall prepare a written schedule denoting locations and times of planned activities, and other impacts. The schedule for planned activities shall be submitted to the Engineer before or at the time of the pre-construction meeting. Contractor shall note that work shall not start unless a schedule, Traffic Control Plan, Encroachment Permit, and the WPCP has been submitted and accepted by the Engineer and a preconstruction conference has taken place.

The Contractor must field verify all existing utilities, survey monument and shall submit the report to the Engineer prior to beginning work at each site.

All pavement preparation including base repair to grade, shall be completed and in place prior to placing crack seal within the same street.

There is no waiting time for crack sealing to be performed prior to the placement of slurry seal, per the manufacturer's recommendation.

Measurement and Payment
Full compensation for **Order of Work**, as specified herein, shall be considered as included in the prices paid for by the various items of work and no additional compensation shall be made.

11. TRAFFIC CONTROL SYSTEM

Attention is directed to Section 7-1.03, "Public Convenience," of the State Specifications. The Contractor shall be responsible for the safety vehicular and pedestrian traffic within the project limits and on the approaches to the project.

Traffic Control Plan - The Contractor shall submit Traffic Control Plans (TCP) conforming to Section 601, "Work Area Traffic Control," of the Standard Specifications and these provisions developed for the Project to assure that adequate consideration is given to the safety and convenience of motorists, bicyclists, pedestrians, and workers during construction. The TCP shall include all work within the City rights-of-way. Work shall not be allowed until the TCP has been reviewed and accepted by the Engineer. It is the Contractor's responsibility to provide a qualified person to prepare the TCP. Contractor shall note that TCP may be required for individual work activity.

The TCP shall be submitted to the Engineer seven (7) calendar days prior to any work activity. Under no circumstances shall any construction work affecting traffic be performed prior to the Engineer's acceptance of the TCP and the installation of the required advisory signs.

The Contractor shall cooperate and allow City work crews to use the traffic control system when set up for the Contractor's work as requested by the Engineer.

Hours of Work and Lane Closures - The Contractor shall notify and coordinate with the fire department, highway patrol, police, schools, Transit, Solid Waste, post office, and other agencies as required as to the road closure and the expected duration.

Special considerations shall be taken to implement the traffic control plan. The hours of work and traffic lane closures shall be as follows unless approved by the Engineer. Lane closure shall not be allowed without proper advances warning devices, signing, and flagmen control in conformance with the State Specifications and these specifications.

For all streets, unless noted elsewhere, the hours of work and lane closures shall be as follows unless approved by the Engineer;

- No work shall be performed on Saturday, Sundays, or legal holidays.
- Hours of construction are between 8:00 am – 5:00 pm; Workdays are 8 hour days.
- No lane of traffic shall be closed to the public prior to 8:30 a.m. and all lanes shall be open to traffic by 3:30 p.m.
- Generally, one of the traffic lanes in each direction of an existing four lane road, and one of the lanes of an existing two lane road can be closed to perform the required work.
- Lanes of traffic shall have a minimum width of 10 feet.
- Where roads will have complete closures for the slurry seal work, Contractor shall prepare maps indicating where, dates and receive approval from the City prior to complete closures. The preparation of Street closures shall consider minimizing long distance for residents to park or walk to their homes.

At the completion of the work shift, all existing lanes of traffic shall be maintained and opened to traffic. In order for lanes to be open for traffic by the time designated, Engineer may direct work activity to stop two to three (2-3) hours in advance or earlier to accommodate hour restrictions. **The Contractor shall pay liquidated damages of $500.00 per ½ hour or portion of ½ hour that a traveled lane remains closed after the time designated in these specifications due to the Contractor's operations.**

The Engineer reserves the right to modify Contractor's scheduled locations for construction operations to accommodate access for businesses/residents.

The Contractor shall provide for the uninterrupted passage of emergency vehicles through the Work zone at all times regardless of the controlled traffic conditions in place at the time. The Contractor shall be responsible for maintaining local property access and access to existing public cross-streets within the limits of this contract. Where applicable, Contractor shall sand driveways and other areas as needed for traffic access. Wash sand shall be used for sanding and shall be mechanically and evenly spread or broadcast.

Contractor shall place Type II barricade with "Road Closed" signs at the end of each street in the process of being resurfaced. Signs shall remain in place until the resurfaced pavement has cured sufficiently and when the road or lane is open for through traffic.

On-Street Parking - Contractor will provide, install, maintain and remove "No Parking" signs in areas ONLY where the Contractor's work will require restricted parking. The Contractor shall place notification for the elimination of on-street parking, if required, at least forty-eight (48) hours, but not more than seventy-two (72) hours prior to the start of work. The signs shall clearly show the date(s) and hours of the parking prohibition. The signs will also need to include a short description of the work being performed. Writing shall be legible and visible for drivers of vehicles. The notification shall include the Contractor's name and phone number where questions can be directed by the public. This notice shall be affixed to a Type II barricade that is placed in the lane of the road, near lip of gutter, (max. 200 ft. spacing) used for on-street parking. No other location or method of placement is acceptable. The notification shall be in a form approved by the Engineer.

When originally scheduled paving dates change due to weather or other, Contractor shall remove and replace NO PARKING signs with corrected dates. CROSS OUT DATES IS NOT ALLOWED. Removal and/or replacement of corrected signs and barricades shall be performed within 24 hours of approved changed or as directed by the Engineer.

All construction signs, including barricades used for NO PARKING restrictions, shall be furnished, installed, and removed when no longer required in accordance with the provisions in Section 12, "Temporary Traffic Control," of the State Standard Specifications and these specifications. Non-compliance with any stipulation of this section will be justification for the City to stop work.

Refer to Exhibit G for the City of Eastvale's suggested template for Temporary No Parking and No Driving. Contractor shall submit Temporary No Parking and No Driving signs for City's review and approval.

Towing - In the event that towing is required after proper notifications have been delivered and posted, and reasonable attempt have been made to the property owner or resident, the Contractor shall be responsible for towing vehicles. Contractor shall notify the Engineer prior to towing. The City shall not be responsible for any claims made as a result of towing from the Contractor. Towing signs shall reference the California vehicle code CVC22651 (L).

Measurement and Payment
The contract **Lump Sum (LS)** price paid for **TRAFFIC CONTROL SYSTEM** shall include full compensation for furnishing all labor, materials, tools, equipment, incidentals, and for doing all work involved in placing, removing, storing, maintaining, moving to new locations, and disposing of the components of the traffic control system.

12. PUBLIC NOTIFICATION

The Contractor shall be required to notify and cooperate with the public, transit companies, local law enforcement agencies, local fire districts, local utility companies, refuse collectors, schools, and any other persons or agencies who may be affected by this project at least seven (7) days prior to construction. Any changes in schedule will be coordinated with affected local agencies as needed and as requested by the Engineer. Other notifications may be required during project construction as outlined below.

Notifications will be provided by the Contractor relating to, but not limited to, the following items:

- General information
- Traffic delays and alternate routes
- Tree removals and/or trimming
- Driveway closures
- Water service interruptions
- Temporary relocation of bus stops
- Adjustment of utilities
- Waste pick up
- Transit disruptions

7-Day General Notifications - Before Contractor begins any work, all residents and businesses on each street affected by the work shall be notified in writing, at least seven (7) calendar days in advance. This notification will provide general information about the project, approximate range

of dates on when construction will take place, time of work, Contractor's name and phone number and any other pertinent information for residents.

The Contractor shall provide the Engineer a copy of all written notifications for review seventy-two (72) hours prior to delivery.

72-Hour Notifications - The Contractor is responsible for delivering Notifications/Door hangers ***PRIOR*** to the slurry seal operations. Notification will require dates, times and other pertinent information regarding the project and shall be approved by the Engineer prior to distribution. The Contractor is responsible for providing a phone number on the notice that can be reached after hours and on weekends by resident and businesses to answer their concerns.

72-Hour Notifications to affected residents and businesses shall be delivered a minimum of 72-hours prior to resurfacing operations. For areas that have been notified and have parking areas restricted, should the Contractor's operation, be postponed or cancelled with no work in the proposed area for more than seven (7) calendar days, the Contractor shall re-notify the affected residents and businesses with similar notifications, as listed above, a minimum of two (2) working days prior to the start of the work. See also "Traffic Control System" section regarding sign changes.

Failure to comply with the notification requirement will result in a stop work order. The Contractor shall maintain an updated and chronological record at the job site of all written notifications along with a list of recipients. Such records shall be made available upon request by the Engineer. Refer to Exhibit F for City of Eastvale's suggested templates for Public Notification and Door Hanger. Contractor shall submit Public Notification and Door Hanger for City's review and approval.

Measurement and Payment

The contract **Lump Sum (LS)** price for **Public Notification** shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved.

13. CLEARING AND GRUBBING

Clearing and grubbing shall conform these specifications.

Contractor shall remove all objectionable material from within the area required for resurfacing. Objectionable material shall include, but not limited to roots, brush, grass, weeds, pavement material and debris and other related materials. Objectionable material shall be removed from the right-of-way and shall be transported and properly disposed of off-site. All cost charges and fees shall be the responsibility of the Contractor.

Measurement and Payment

Full compensation for **Clearing and Grubbing**, as specified herein, shall be considered as included in the prices paid for by the various items of work and no additional compensation shall be made.

14. CONSTRUCTION SURVEY AND MONUMENT PRESERVATION

Prior to any construction activities, all monuments, centerline ties, and any other survey markers within the project limits shall be located and recorded by a State of California Licensed Land Surveyor. No work will be authorized until the Contractor submits the required

documentation to the City. Upon completion of construction, conflicting monuments, centerline ties, and other survey markers obliterated during construction shall be replaced in-kind per Section 309 of the SSPWC and per the California Professional Land Surveyor's Act, latest edition. Corner records for all applicable intersections shall be filed by the Contractor with the County of Riverside's Surveyor's Office per CA BPC 8773 prior to and after construction activities with copies of recordings provided to the City. Corner records shall be submitted to the City Engineer for review and approval before filing them with the County Surveyor's Office. All work involved shall conform to the California Professional Land Surveyor's Act, latest edition. The Contractor shall be responsible for maintaining one up-to-date set of Record (As-Constructed) Drawings on the job site, available for review by City representatives at all times. These plans shall be clean, neat, and legible and show all deviations from the original improvement plan and design. This set of Record Drawings shall be given to the City Inspector upon project completion.

If a documented centerline monument is found, the Contractor shall have them checked, as to the accuracy of measurements and description of physical monument in place, and prepare a corner records. If any discrepancies are found, they should be documented and submitted to the City Engineer for review.

If monument is found and centerline tie notes do not exist, the Contractor shall prepare a corner record documenting the location and description of the centerline monument and ties.

Any monuments identified in the records but found to be missing or destroyed, as well as those disturbed by construction, must be reset or replaced by the Contractor in strict accordance with Riverside County and City of Eastvale Standards at no additional cost to the city.

The Notice of Completion will not be filed until the City receives and approves the Record Drawings.

Measurement and Payment

Measurement & Payment for **Monument Preservation** shall be on a **Lump Sum (LS)** basis for all work involved with impacted monuments, centerline ties and survey markers due to all construction activity and shall include furnishing all materials, labor, and equipment necessary to perform all operations involved with resetting obliterated monuments, centerline ties, and other survey markers. Work shall also include all work involved with filing corner records prior to and after construction in conformance with the California Professional Land Surveyor's Act, latest edition and County of Riverside requirements, and providing documentation of same to the City. Seventy five percent (75%) of the lump sum amount will be eligible for inclusion in the progress payment, with the remaining twenty five percent (25%) not eligible for inclusion until all corner records are provided to the City. Full compensation for conforming to the Corner Records requirement will be considered as included; in the prices paid for various contract Items of work and no additional compensation will be allowed therefore.

15. DUST CONTROL

The Contractor's attention is directed to Section 7-1.04, "Public Safety," of the Standard Specifications. The Contractor shall be responsible for dust control within the project limits. The

Contractor shall diligently control dust resulting from his operations and from public traffic passing through the work area by the application of water and/or dust palliative.

The Contractor shall provide dust control at all times including Saturdays, Sundays, and holidays as ordered by the Engineer. The Contractor shall immediately alleviate any dust hazard as directed by the Engineer.

Measurement and Payment
Full compensation for **Dust Control**, as specified herein, shall be considered as included in the prices paid for the various contract items of work involved and no additional compensation shall be made.

16. SURPLUS MATERIAL DISPOSAL

All excess excavated material, broken concrete, and any other excess material resulting from excavation or construction shall become the property of the Contractor and shall be removed by end of the working day unless approved by the Engineer.

The Contractor shall comply with all disposal and grading code requirements of the City when disposing of surplus material.

Measurement and Payment
Full compensation for **Surplus Material Disposal**, as specified herein, shall be considered as included in the prices paid for by the various items of and no additional compensation shall be made.

17. IRRIGATION SYSTEMS

The Contractor shall be responsible for protecting any existing irrigation system that is encountered within the project site. Cost for damage to irrigation systems as a result of the Contractor's operations shall be included in the bid items the Contractor deems appropriate. Any damage caused by the Contractor will be repaired by the Contractor to at least its original condition and that it performs to the same level or better as its original condition. Repairs to sprinklers will be completed within 48 hours from the time the damage occurred. **If the City is required to perform the repair after the 48-hour time requirement and has given notice to the Contractor, the cost to perform the repair by the City shall be deducted from any future payments due to the Contractor.**

Measurement and Payment
Full compensation for **Irrigation Systems**, as specified herein, shall be considered as included in the prices paid for by the various items of and no additional compensation shall be made.

18. LANDSCAPING

The Contractor shall be responsible for protecting and replacing any landscaped areas disturbed or damaged as a result of the construction improvements. Landscaped areas shall be removed and replaced as directed by the Engineer. Materials replaced shall be of the same type or better.

Measurement and Payment
Full compensation for **Landscaping**, as specified herein, shall be considered as included in the prices paid for by the various items of work and no additional compensation shall be made.

19. CRACK SEAL

Areas receiving crack seal work consists of the preparation of cracks and placement of hot asphalt-rubber sealant material. Crack seal shall only be applied in project location areas identified in Exhibit A Project Location Map with Treatment Type and Curb Ramp Reconstruction and Rehabiliation Map depicted in a green color which represents REAS Type II Slurry Seal. **Crack Sealing shall be completed a minimum of 3 (three) calendar days prior to placing slurry seal on that street or as directed by the City.**

Cracks in the existing asphalt concrete surfacing and shoulders that are greater than 1/8" in width shall be prepared and sealed. No crack less than an eighth of an inch (1/8") shall be sealed on any areas that are deemed unnecessary. Small cracks may be sealed as directed by the City. The Contractor will be required to thoroughly complete preparation of all cracks at least 1/8" in width no matter the number of or how widespread the existing cracks extend across the asphalt pavement, to the satisfaction of the Engineer, prior to scheduling installation of slurry seal or asphalt concrete overlay

Materials

The emulsified crack sealant shall be furnished in accordance with the requirements specified for asphaltic emulsion in Section 94, "Asphaltic Emulsions," of the State Specifications, can be readily handled at ambient temperature, and shall contain no volatile organic compounds which may contribute to air pollution. Material shall meet the CRAFCO Polyflex Type 4 or approved equal.

The Contractor shall provide the Engineer with a Certificate of Compliance conforming to the provisions in Section 6, "Control of Materials," of the State Specifications with each shipment of crack sealant. Said certificate shall also certify that the sealant complies with the specifications and shall be accompanied with storage and heating instructions and cautions for the material.

Preparation and Application

Cracks to be filled and adjacent asphalt concrete surfacing shall be cleaned and shall be free from dirt, vegetation, debris and loose sealant. Preparation and application of sealant shall meet the manufacturer's directions and specifications and as directed by the City. Joints and cracks shall be sealed from the bottom up and sealant material shall be applied so it is flush with the existing pavement surface. Care shall be taken to avoid spillage and runover onto the surface of the pavement. The surface of pavement shall be immediately squeezed smoothly after the cracks have been filled. Traffic shall not be allowed on the material until it has been sanded to prevent tracking.

The Contractor shall fix or refill areas to the proper elevation when directed by the City. Within 5 days after application of sealant, sealed cracks that reopen or in which the sealant material sags below the surrounding asphalt concrete surfacing, cracks shall be cleaned and resealed.

Sealant shall bond to the crack with no separation, cracks or other opening in the sealant.

Measurement and Payment

The contract **Lump Sum (LS)** price for **Crack Seal** shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in preparing the pavement and placement of crack seal as specified in these specifications, and as directed by the Engineer and no additional compensation shall be made.

The payment of crack seal is based on performing the work as listed under Exhibit A found in the Appendix and as specified in this Section and is NOT based on the amount of crack seal applied**.**

Contractor will be responsible for visiting and quantifying the work that is needed on the streets proposed and shall perform all work based on the lump sum price and no additional compensation shall be allowed. It should be noted that not all streets need crack sealing, and some require more than others, therefore, a visit to the site is highly recommended.

20. BASE REPAIR – REMOVE EXISTING PAVEMENT AND CONSTRUCT FULL DEPTH AC, B2-PG 64-10, (5" DEPTH)

Base repair areas designated for removal and replacement are listed under Exhibit B found in the Appendix. All asphalt dig out and replacement areas Full Depth (patching), shall occur after the full width pavement grind and before the full width roadway paving operations. The inspector and Engineer are to field verify each asphalt dig out location. All asphalt dig out areas are to be field marked by the inspector and approved by the engineer.

The contractor shall be responsible for grinding or full depth saw cutting and excavating the existing pavement/base to the depths noted. Pavement to be removed shall be jack hammered or by any other methods, as approved by the Engineer, to the full depth of the pavement at the removal boundary. The pavement edge shall be kept reasonably straight and vertical, and shall be performed in such a manner that the remaining pavement is undisturbed and undamaged. Edges shall be constructed parallel and/or right angles to the direction of traffic flow. Where determined by the Engineer, saw cutting may be required if pavement edges are not determined to be reasonably straight and vertical.

Where unsuitable material is found after 5" of excavation, the Contractor shall notify the Engineer regarding directions to proceed with base repair.

Upon exposing the subgrade/underlying pavement, the subgrade shall be probed to verify adequacy of the existing base/subgrade. If unstable soils are encountered, additional removals will be directed by the engineer. Additional quantities of export and asphalt concrete observed from the removals shall be paid for at the contract unit price and no additional compensation will be allowed.

The contractor shall not be allowed to excavate more patches than can be paved back in a single day's operation. All patches shall be paved back by the end of each day, and all lanes shall be open to traffic.

All asphalt concrete for patching locations shall be **B2-PG 64-10.** Sides and base at all patching locations shall be tack-coated immediately prior to placement of asphalt concrete. Tack coat shall be furnished and applied in accordance with section "Asphalt Emulsion Binder" found elsewhere in these specifications.

Certified quantity tickets for the asphalt concrete shall be submitted to the City Inspector on the job site as the material is delivered and signed, so as to certify delivery and acceptance. Any material for which quantity tickets are not submitted as the material is delivered, will not be accepted.

Finish Roadway
Areas of base repair pavement shall be brought up to the existing surface grade. Asphalt concrete shall be placed to the previous existing roadway surface plane without indentations, swales or ponds. The HMA pavement top layer must not vary from the lower edge of a 12-foot long straightedge:

1. More than 0.01 foot when the straight edge is laid parallel with the centerline
2. More than 0.02 foot when the straightedge is laid perpendicular to the centerline and extends from edge to edge of a traffic lane
3. More than 0.02 foot when the straightedge is laid within 24 feet of a pavement conform

Finish Roadway Correction
If the top layer of the Asphalt Concrete pavement does not comply with the above specifications, the pavement correction may include grinding the pavement to within tolerances, remove and replace it, or place a layer of hot mix asphalt. The corrective work shall be determined and accepted by the Engineer prior to any corrective work beginning.

Corrected pavement areas must be uniform rectangles with edges:

1. Parallel to the nearest asphalt pavement edge or lane line
2. Perpendicular to the pavement centerline

Quantities of material wasted or disposed of in a manner not called for under the contract, or rejected loads of material, including material rejected after it has been placed by reason of the failure of the Contractor to conform to the specifications of the contract, or materials placed outside the lines indicated from the transporting vehicle, or material remaining on hand after completion of the work, will not be paid for and such quantities will be deducted from the final total quantities. No compensation shall be allowed for hauling rejected material.

Pavement delineation removal shall be coordinated with temporary delineation so that lane lines are provided at all times on traveled ways open to public traffic. Temporary reflective pavement markers shall be placed at intervals of not more than 25 feet. Temporary reflective raised pavement markers shall be the same color as the existing lane line or centerline.

Measurement and Payment
The contract unit price paid **per Square Foot (SF)** of **Base Repair – Remove Existing Pavement and Construct Full Depth AC, B2-PG 64-10 (5" DEPTH)** shall include full compensation for furnishing all labor, equipment, saw-cutting, tools and materials necessary for the excavation or cold milling of the existing asphalt concrete pavement, aggregate base and sub-base to depths shown on the plans. The price of this item shall include excavating the asphalt concrete pavement, aggregate base and subgrade to be removed, the disposal and hauling of material removed as described herein, removal of fabric/rubberized asphalt/petro-mat if it exists in the field at no additional cost, all debris, traffic controls as described herein, scarification and re-compaction of exposed base/sub-grade in areas where entire pavement section is removed, removal of unsuitable subgrade material as directed by the Engineer, native-material, and grindings from cold milling on the job site, and incidentals for doing the work involved in cold milling asphalt concrete surfaces as defined in Section 302-1, and no further compensation will be allowed therefore.

21. ASPHALT EMULSION BINDER (TACK COAT)

Asphalt emulsion binder shall comply with Section 203, "Bituminous Materials" of the Standard Specifications, these specifications, and as directed by the Engineer.

Asphalt emulsion shall be Type SS-1 or RS-1. When asphalt concrete is placed in contact with existing asphalt concrete, the surface shall be completely dry of water, clean of dirt and debris, and a tack coat of asphaltic emulsion shall be applied to insure proper bond. Asphaltic emulsion shall be applied to all vertical surfaces of existing pavement, curbs, and gutters, and construction joints against which asphalt concrete material is to be placed, to pavement to be surfaced and to other surfaces designated in the specifications or as directed by the Engineer.

The overlay shall not be placed until the binder has cured to the point where it is tacky to the touch and as directed by the Engineer. Asphalt emulsion binder shall be applied so far in advance of placing the surfacing as permitted by the Engineer. Immediately in advance of placing the overlay, additional asphalt emulsion binder shall be applied as directed by the Engineer to areas where the asphalt emulsion binder has been damaged, and loose or extraneous material shall be removed, and additional compensation shall not be allowed.

The area to which asphalt emulsion binder has been applied shall be closed to public traffic. Care shall be taken to avoid tracking binder material onto existing pavement surfaces beyond the limits of the construction.

Measurement and Payment
Full compensation for **Asphaltic Emulsion Binder (Tack coat)**, as specified herein, shall be considered as included in the prices paid for the various contract items of work involved and no additional compensation shall be allowed.

22. RUBBERIZED EMULSION AGGREGATE SLURRY (REAS) TYPE II

This work shall consist of furnishing and placing Rubberized Emulsion Aggregate Slurry (REAS) Type II to the existing asphalt surfaces as shown under "Location of Areas to Receive Crack Seal and Slurry Seal" found in the Appendix.

The slurry seal shall comply with Section 203 "Bituminous Materials" of the Standard Specifications and the following changes:

A. GENERAL

REAS shall be a stable mixture of Rubberized Polymer Modified Emulsion (RPME), aggregate, water, and Portland cement. REAS shall be specified by combined aggregate gradation, i.e. Type II-REAS. REAS must conform to the Standard Specification unless specified in this Specification.

B. MATERIALS

Crumb rubber certifications and total binder characteristics results are required. The rubberized binder as specified herein shall be used for producing rubberized hot-mix asphalt. The rubberized binder must contain a minimum of 300 pounds (equivalent to 15% by weight) of one hundred percent (100%) California waste tire crumb rubber per ton of rubberized binder.

1. Rubberized Polymer Modified Emulsion (RPME)

a. General

RPME shall consist of a mixture of emulsified asphalt, crumb rubber, and latex. RPME shall contain between 0.55 pounds per gallon (66 grams per liter) and 0.65 pounds per gallon (78 grams per liter) of crumb rubber. Latex shall constitute a minimum of 2 percent by weight of RPME.

Crumb rubber shall:
• Be granulated scrap tire rubber free from fabric, wires, and other contaminants.
• Be dry and free flowing.
• Have a specific gravity between 1.15 and 1.20.
• Have a gradation of 100 percent passing the No. 16 (1.18 mm) sieve, 95 percent passing the No. 20 (900 µm) sieve, and a maximum of 1 percent passing the No. 200 (75 µm) sieve.

Calcium carbonate or talc may be added to a maximum of 4 percent by dry weight of crumb rubber to prevent the rubber particles from sticking together.

Emulsified asphalt may be reheated, but at no time after loading shall the temperature be raised above 160°F (70°C). During reheating, emulsified asphalt shall be agitated to prevent localized overheating. Emulsified asphalt shall not be permitted to cool to a temperature less than 40°F (5°C). RPME shall be mixed and applied within 60°F – 140°F (15 – 60°C).

b. Quality Tests

The emulsified asphalt, and emulsified asphalt residue, shall meet the requirements of AASHTO M 208 or ASTM D 2397 for CQS-1h, with the following exceptions:

TEST	TEST METHOD	SPECIFICATION	
	ASTM	MIN	MAX
Viscosity, 77°F (25°C), Brookfield, Model RVT #6 Spindle @ 10 RPM (Centipoise) @ 60 seconds	D 2196	4,000	12,000
Residue by Evaporation % (including fillers)	D 6934	50	55
Sieve Test (% retained on No. 20 (850 µm) sieve	D 6933	-	2.0[1]
Penetration of Residue, 77°F (25°C), 0.1 mm	D 5	15	30
Solubility of Residue	D 2042	75	-
Weight lbs/gallon (g/L) 77°F ± 1°F (25°C ± 5°C)	D 1475	8.33 lbs/gal (1000 g/L)	8.75 bs/gal (1050 g/L)
Asphalt Content[2]	-	40	-

[1] Sieve test of original emulsion is 0.10 max.
[2] Asphalt Content shall be determined by multiplying Residue by Evaporation by Solubility of Residue.

TESTS	TEST METHOD	TYPE II
RPME % by weight of dry Aggreate[1]	ASTM D6302[2] or CT 382[2]	33-40
Residual RPME Solids[3]		17-22

[1] Must meet Residual RPME Solids.
[2] Sample size shall be 500 g minimum.
[3] Residual RPME Solids shall be determined by multiplying RPME % (ASTM D 6307 or CT 382) by Residue by Evaporation of RPME % (ASTM D 6934)

2. Aggregate

a. General

The aggregate shall be Type II 100 percent crushed rock. Rock products are defined as crushed rock, rock dust, gravel, sand, stone for rip rap, or any combination thereof. All rock products shall be clean, hard, sound, durable, uniform in quality, and free of any detrimental quantity of soft, friable, thin elongated or laminated pieces, disintegrated material, organic matter, oil, alkali, or other deleterious substance. Crushed rock and rock dust shall be the product of crushing rock or gravel.

b. Quality Tests

The aggregate should meet agency specified polishing values and these minimum requirements:

TEST	TEST METHOD ASTM	SPECIFICATION
Percentage Wear at 500 Revolutions[1]	C 131	40% Maximum
Sand Equivalent	D 2419	55 Minimum
Soundness (5 Cycles)[1]	C 88	15% Maximum

[1] To be run on the material retained on the No. 4 (4.75 mm) sieve graded from the source.

c. Gradation

When tested in accordance with ASTM C136, the mix design aggregate gradation shall be as specified below:

SIEVE SIZE	TYPE II PERCENT PASSING
3/8 (9.5 mm)	100
# 4 (4.75 mm)	90-100
# 8 (2.36 mm)	65-90
# 16 (1.18 mm)	45-70
# 30 (600 um)	30-50
# 50 (330 um)	18-36
#100 (150 mm)	10-24
#200 (75 mm)	5-15

3. Water
The water shall be potable water, free from harmful soluble salts and compatible with the other components.

4. Portland Cement
Portland cement may be added to modify the viscosity and curing characteristics accordance with the approved mix design. Portland cement shall be Type I/II or II/V and shall not exceed 1.5 percent of the dry weight of the aggregate.

All cement to be used or furnished shall be:

a. Type II portland cement, or Type V portland cement conforming to ASTM C150. Additionally, Type II and Type V portland cements shall meet the optional requirements of ASTM C150, Table 2 for maximum equivalent alkalis ($Na_2O + 0.658K_2O$) of 0.60 percent, or Type IP (MS) portland- pozzolan cement conforming to ASTM C595, unless otherwise specified. Type IP (MS) cement shall meet the optional mortar expansion requirements of ASTM C595, Table 2 and contain no more than 20 percent pozzolan, which shall be inter-ground with clinker.

b. Rapid-hardening hydraulic cement may be used when approved by the Engineer. When used, the concrete mix shall conform to the requirements of ASTM C928 and admixtures may be used when approved by the Engineer.

The Contractor shall furnish a Certificate of Compliance signed by the manufacturer identifying the cement and confirming compliance. Supporting test data will be furnished upon request by the Engineer. Whenever suitable facilities are available for handling and weighing bulk cement, they shall be used. Otherwise, cement shall be delivered in original unopened sacks marked with brand, type, and weight. Cement shall be stored in such a manner as to permit ready access for inspection and sampling and suitably protected against contamination

and moisture. Should any cement show evidence of contamination or be otherwise unsuitable, the Engineer may reject it and require that it be removed from the site. All portland cement used in concrete shall be of the same brand and type unless otherwise approved by the Engineer.

5. Central Plant Mix

REAS shall be mixed at a central mixing plant. The mix shall conform to the following requirements:

a. Aggregate shall neither be stored nor transported in such a way that may cause segregation, degradation, or intermingling of different size aggregates.

b. Materials shall be proportioned by weight into the mixing tank. Volumetric proportioning will not be permitted.

c. The mixing tank shall be equipped with scales. The zero tolerance for the tank scales shall be 0.5 percent based on the total batch weight. The scales shall be calibrated and certified on a yearly basis or after every modification or repair.

d. The mixing tank shall be equipped with a full sweep mixer/agitator with blades or paddles of a sufficient size and number and operated at a speed sufficient to product a homogeneous mix. Should the blades, paddles, or other parts of the mixer/agitator become worn to such an extent to adversely affect the quality of the mix they shall be promptly replaced. Insufficient mixing or agitation within the mixing tank shall be corrected by either a reduction in the volume of component materials or other adjustments.

e. Each batch shall be continuously mixed for 3 minutes or until all of the component materials are thoroughly blended, whichever is longer. The mixing time shall begin upon the introduction of the last component material. If the Engineer determines that the mixture is not thoroughly blended, the mixing time shall be increased.

f. Mixed REAS shall be stored at the central mixing plant site in storage tanks equipped with an agitator of a similar configuration to the agitator in the mixing tank. The agitator shall be capable of continuous operation.

The application rate of REAS mixed at a central mixing plant shall conform to the requirements shown in the table below unless otherwise specified in the Special Provisions or shown on the Plans.

TYPE	APPLICATION RATE
Type II REAS	11.3 – 15.0 lbs/yd^2 (6.1 – 8.1 kg/m^2)

Asphalt concrete adjacent to the curb ramps that are reconstructed that are next to the areas where ARAM (CAPE Seal Treatment) is placed, shall be grinded to a 0” lip. The purpose of grinding a lip down to 0" adjacent to a curb ramp is to eliminate trip hazards and create a smooth, continuous accessible route for people with disabilities, in compliance with the Americans with Disabilities Act (ADA). Note that areas with curb ramps that are adjacent to concrete spandrels will not have to be grinded down to a 0” lip.

Asphalt concrete adjacent to the curb ramps that are reconstructed that are next to the areas where Rubberized Emulsion Aggregate Slurry (REAS) Type II is placed, shall be grinded to a 0” lip. The purpose of grinding a lip down to 0" adjacent to a curb ramp is to eliminate trip hazards and create a smooth, continuous accessible route for people with disabilities, in compliance with the Americans with Disabilities Act (ADA).

C. EQUIPMENT

1. All equipment, tools, and machines used in the application of REAS shall be maintained in satisfactory working condition at all times. The machine shall be specifically designed and manufactured to apply REAS.

2. The spreader box shall be equipped with flexible material in continuous contact with the existing pavement and shall be capable of controlling the rate of application. The spreader box shall have adjustable width and strikeoff height, and be capable of controlling and providing uniform spreading.

3. Each mixing unit to be used in the performance of the work shall be calibrated in the presence of the Engineer prior to the start of the project. Any component replacement affecting material proportioning requires that the machine be recalibrated. No machine will be allowed to work on the project until the calibration has been completed and/or accepted.

D. CONSTRUCTION

1. Timing and Traffic Control

Streets where slurry seal is scheduled to be applied shall be closed from the time the CONTRACTOR begins to clean the street surface until the Engineer determines the slurry seal has achieved sufficient set to be opened to traffic.
Rock dust or sand shall be spread, as directed by the Engineer, to eliminate tracking or damage and to provide vehicular or pedestrian crossings.

2. Weather Limitations

REAS shall not be applied if either the pavement or the ambient temperature is less than 55°F (13°C) and falling, but may be applied when the pavement and ambient temperatures are above 50°F (10°C) and rising.

3. Surface Preparation

Prior to spreading, the CONTRACTOR shall clean the existing pavement unless otherwise specified in the Special Provisions. Immediately ahead of the spread truck, the existing pavement shall be pre-wetted by a pressurized water distribution system equipped with a fog-type spray bar capable of completely covering the surface of the pavement.

4. Application

a. General

A test strip shall be constructed at a location approved by the Engineer at least one day prior to the actual REAS placement.

REAS shall be spread by a spreader box attached to an agitator truck. REAS shall be transported from the central mixing plant to the Work site in trucks specifically designed for this purpose

equipped with an agitator. REAS shall be continuously agitated during transport and spreading.

The maximum speed of the spreader truck shall not exceed 270 feet per minute (80 meters per minute). Hand squeegees and other equipment shall be provided for spreading and spillage removal in areas inaccessible to the spreader box.

Slurry seal shall be applied in such a manner that no ridges remain. Areas in which there is evidence of solidification of the emulsified asphalt, balling or lumping of the aggregates, or uncoated aggregates shall be removed and replaced to the satisfaction of the Engineer.

The CONTRACTOR shall prevent slurry seal from being deposited on other than asphalt concrete surfaces and shall remove it from surfaces not designated to be sealed. The method of removal shall be approved by the Engineer.

When the completed slurry seal surfacing is not uniform in color, the street shall be treated by a method approved by the Engineer to eliminate the color variation.

b. Quality Test

During the performance of the Work, the CONTRACTOR shall provide the Engineer with at least 2 field samples, from separate loads, of mixed slurry seal per mixer per day. Wet Track Abrasion Test (WTAT) specimens shall be cast and struck off within 60 seconds of obtaining the sample. WTAT specimens shall not be transported until the slurry seal has set as defined by ASTM D3910.

Field samples shall conform to the requirements shown below:

TESTS	ASTM TEST METHOD	REQUIREMENTS
Wet Track Abrasion Test, Weight loss, Type II Aggregate	D3910[1]	0 – 60 gm/ft^2 (0 - 650 gm/m^2)
Consistency Test	D3910[1]	20 – 40 mm
Extraction Test (Calculated Emulsion Content, %)	D6307[2]	± 3% of mix design
Water Content (% of Dry Slurry)	See Note 3	< 40

[1] Modified ASTM D3910 to include No. 4 (4.75 mm) aggregate or greater and to be performed using field samples. Subsection 6.4.4.7, ASTM D3910 may be modified to use a microwave oven for drying the specimen after the abrasion cycle is complete and the debris washed off.

[2] Modified ASTM D6307 to allow a minimum of 500 ± 50 gram sample.

[3] Weigh a minimum of 500 grams of homogenized mixed slurry into a previously tared quart can with a friction lid. The lid shall be placed on the can to prevent loss of material during transportation. Place the can with the lid off in an oven and dry to constant mass at 230°F ± 9°F (110°C ± 5°C).

If the test results fail to meet the Specifications, the CONTRACTOR shall ease spreading slurry seal produced by the nonconforming mixer until the CONTRACTOR demonstrates the mixer is producing slurry seal which conforms to the Specifications.

Measurement & Payment

Measurement & Payment for Furnish and Place **Rubberized Emulsion Aggregate Slurry (REAS) Type II** shall be on a **Square Foot (SF)** basis as measured in the field and shall include full compensation for all labor, materials, tools, equipment, and incidentals; for doing all the work involved in scheduling, obtaining approvals, providing notifications, no parking signs, site

preparation, weed abatement, crack sealing, crack filling, surface preparations, covering and protecting all utility appurtenances, application of slurry seal, protection and barricading of the work, and for completing the work in place, as noted on the plans and approved by the City Engineer, and no additional compensation will be allowed therefore.

23. ARAM CAPE SEAL PRESERVATION SYSTEM

A. GENERAL

The Contractor shall furnish all labor, equipment, material, supplies, environmental protection, no parks, raised markers, signage, traffic control, secondary sweeping, and other incidentals necessary to provide an application of polymerized emulsified asphalt, cover coat aggregate, followed by a polymerized Slurry Seal to an existing roadway surface. This two-step process is called Cape Seal.

A minimum of two vacuum designed sweepers having only negative air pressure at the road surface capable of removing excess aggregate and debris material shall be used on this project. Any and all areas within or adjacent to the project where a vacuum broom cannot access, shall be removed by the use of a blow pack.

The Contractor shall inform himself of the city trash pick up days schedule for the project area. There shall be at least four (4) calendar day period prior to trash pick up day for each street receiving Cape Seal.

This project is partially funded in part by the California Department of Resources Recycling and Recovery (CalRecycle) grant. The following is required with the Contractor's submittals and work specifications:

The Contractor is required to complete the following forms for the Rubberized Emulsion Aggregate Slurry (REAS) Type II and Tire Rubber Recycling.

1. Form CalRecycle 168—Reliable Contractor Declaration (Submit with Bid Proposal)
2. **Rubberized Pavement Certification (Submit with all progress payment invoices**) – See Exhibit D found in the Contract Agreement

These forms are available for download at: http://www.calrecycle.ca.gov/Grants/Forms/, and also in Appendix D. It is the Contractor's responsibility to determine the eligibility and other requirements described in the forms, especially Form CalRecycle 168. Failure to meet the eligibility criteria would render the bid non-responsive.

B. DESCRIPTION

This project shall consist of a bituminous surface Asphalt Rubber Aggregate Membrane (ARAM) composed of a single application of Asphalt-Rubber material and hot pre-coated 3/8"aggregate. 46 This specification requires the application of a specified blend of asphalt-rubber binder material (i.e. a field blend product). This specification expressly determines that the asphalt-rubber binder material specified herein (i.e. a field blend product) and modified binder, rubber modified asphalt or PG 76-22TR (i.e. terminal blend products) are sufficiently different such that they are not functionally equivalent. Therefore, any substitutions for the asphalt-rubber binder material specified herein, such as but not limited to any rubber modified

asphalt binder (i.e. a terminal blend product) will not be accepted.

C. MATERIAL COMPONENTS

1. ASPHALT CEMENT

The type and grade of PG asphalt cement utilized to manufacture the Asphalt Rubber binder shall be PG 58-22, PG 64-16, or PG 70-10 which shall comply with requirements in Table #1.

Table #1 – PG Asphalt Cement Grading Requirements

Climate	**PG Grading**
Cold	PG 58-22
Moderate	PG 64-16
Hot	PG 70-10

• The exact grade of PG asphalt cement, if different than PG 64-16, shall be determined by the Asphalt Rubber supplier dependant on the specific project requirements.

2. GRANULATED RECLAIMED TIRE RUBBER

The CRM shall be produced primarily from the processing of whole automobile and truck tires. The rubber shall be produced by ambient temperature grinding processes only. The gradation of the CRM when tested in accordance with ASTM C-136 (dry sieve only) and using a 100 gram sample, shall meet the requirements in Table #2.

Table #2 - CRM Grading Requirements

Sieve Size	**Scrap Tire Crumb Rubber**	**High Natural Crumb Rubber**
#8	100	---
#10	95 - 100	100
#16	35-85	92-100
#30	2 - 25	25-95
#50	0 - 10	6-35
#100	0-5	0-7
#200	0-2	0-3

The use of CRM from multiple sources is acceptable provided that the overall blend of rubber meets the gradation requirements.

The individual CRM particles, irrespective of diameter, shall not be greater in length than 3/16 of an inch (5mm).

The CRM shall have a specific gravity of 1.15 ± 0.05 as determined by, and shall be free of loose fabric, wire and other contaminants except that up to 4 percent (by weight of rubber) calcium

carbonate or talc may be added to prevent the rubber particles from sticking together. The rubber shall be sufficiently dry so as to be free flowing and not produce a foaming problem when blended with the hot asphalt cement. The CRM shall be accepted by certification from the approved supplier. The Reclaimed Tire CRM material shall conform to the chemical analysis in Table # 3.

Table #3 - Reclaimed Tire CRM Chemical Requirements

Test	**ASTM Test Method**	**Minimum**	**Maximum**
Acetone Extract	D 297	6.0 %	16.0 %
Ash Content	D 297	----	8.0 %
Carbon Black Content	D 297	28.0 %	38.0 %
Rubber Hydrocarbon	D 297	42.0 %	65.0 %
Natural Rubber Content	D 297	22.0 %	39.0 %

Note: All reclaimed tire rubber CRM shall be certified to have originated in California, and the CRM material will also be certified to have been processed in California, through invoice and bill of lading.

3. ASPHALT MODIFIER

Table #4 - Asphalt Modifier

Quality characteristic	**ASTM Test Method**	**Requirement**
Viscosity at 100 °C (m2/s x 10-6)	ASTM D445	X ± 3a
Flash point (min, CL.O.C., °C)	ASTM D92	207
Molecular analysis:		
Asphaltenes by mass (max, %)	ASTM D2007	0.1
Aromatics by mass (min, %)	ASTM D2007	55

4. ASPHALT RUBBER BINDER

The temperature of the blended PG asphalt cement shall not be less that 375° F nor more than 450° F when the CRM is homogenously blended, in the field. The combined materials shall be reacted for a minimum of 120 minutes after the incorporation of all the CRM. The Asphalt Rubber binder shall meet the requirements in Table #5, when the reaction/interaction is complete.

Table #5 - Specification Limits for (Asphalt Rubber Binder)

		Hot Climate	Moderate Climate	Cold Climate
Apparent viscosity, 347° F Spindle 3 @ 12 RPM: cps (ASTM D2669)	 Min Max	 1500 2500	 1500 2500	 1500 2500
Cone Penetration, 77° F (25° C), 150g, 5 sec; 1/10 dm (ASTM D217)	Min Max	15 40	20 70	25 100
Softening Point, °F (° C) (ASTM D36)	Min	170° F (77° C)	160° F (71° C)	150° F (66° C)
Resilience, 77° F (25° C), % (ASTM D3407)	 Min	 45	 35	 25

The viscosity shall be conducted by using a hand held HAAKE VISCOMETER, with rotor 1, 24mm in depth x 53mm in height, or equivalent. When applying Asphalt Rubber, the reacted Asphalt Rubber binder shall be maintained at a temperature of not less than 375° F and no more than 425° F. If material in a batch of Asphalt Rubber binder is not used within six hours after the reaction period is complete, heating of the material shall be discontinued. When applying Asphalt Rubber, if the Asphalt Rubber binder temperature cools below 300° F and is then reheated, it shall be considered a reheat cycle. The total number of reheat cycles shall not exceed two (2). The binder materials shall be uniformly reheated to a temperature of not less than 375° F for application. Additional scrap tire CRM may be added to the reheated Asphalt Rubber binder and reacted for a minimum of 45 minutes and shall not exceed 10 percent of the total binder weight. Reheated Asphalt Rubber binder shall conform to the requirements for blended Asphalt Rubber binder.

5. ASPHALT RUBBER BINDER FORMULATION

The Asphalt Rubber binder supplier, shall furnish to the Engineer within 15 days of the notice to proceed, the Asphalt Rubber binder formulations which shall contain the following information:

PG Asphalt Cement
- Source of PG Asphalt
- Grade of PG Asphalt
- Percentage of PG Asphalt by total weight of the Asphalt Rubber mixture
- Percentage of Asphalt Modifier by total weight of the Asphalt Rubber mixture

Reclaimed Tire Rubber (CRM)
- Source of CRM
- Grade of CRM
- Percentage of CRM and High Natural CRM by total weight of the Asphalt Rubber mixture

6. AGGREGATE COVER MATERIAL

Aggregate shall be composed of clean and durable crushed rock or crushed gravel conforming to the following requirements:

If the aggregate is to be crushed stone, it shall be manufactured from sound, hard, durable material of accepted quality and crushed to specification size. All strata, streaks and pockets of clay, dirt, sandstone, soft rock or other unsuitable material accompanying the sound rock shall be discarded and not allowed to enter the crusher.

If the aggregate material is to be crushed gravel, it shall consist of hard, durable fragments of stone or gravel of accepted quality and crushed to specification size. All strata, streaks, pockets of sand, excessively fine gravel, clay or other unsuitable material including all stones, rocks and boulders of inferior quality shall be discarded and not allowed to enter the crusher. The crushing of the gravel shall separate the #4, 3/8 and 1/2 inch sieves and shall have a minimum 95% of the particles with a minimum of one mechanically fractured face and 90% of the particles shall have a minimum of two mechanically fractured faces.

The crushed aggregate or crushed gravel shall not contain more that 8% by weight of flat or elongated pieces and shall be free from wood, roots and vegetable or other organic extraneous matter. The 3/8 inch crushed aggregate or crushed gravel shall have a minimum Cleanness Value (CV) of 80 and shall have a percentage of wear not more than 7 percent at 100 revolutions and not more than 30 percent at 500 revolutions, as determined by ASTM C131 or California Test Method 211.

The crushed aggregate for Asphalt Rubber binder applications shall meet the requirements for gradation given in Table #6.

3/8 inch Asphalt Rubber Aggregate Gradation

Sieve Size	**Percent Passing**
1/2 inch (12 mm)	95-100
3/8 inch (9 mm)	70 – 85
1/4 inch (4.75 mm)	0 – 15
#8 (2.36 mm)	0 – 5
#200 (75 µm)	0 – 1
---	---

Table #6 - Aggregate Gradation Requirements –Asphalt Rubber

The aggregate to be utilized shall be hot pre-coated with 0.5 to 1.0 percent PG asphalt cement. The Engineer shall determine the appropriate amount of pre-coat. At no time shall the bag house fines be allowed to be reintroduced back into the hot coated aggregate. The pre-coated aggregate shall be supplied to the project site at 225° F to 325° F.

Asphalt concrete adjacent to the curb ramps that are reconstructed that are next to the areas where ARAM (CAPE Seal Treatment) is placed, shall be grinded to a 0” lip. The purpose of grinding a lip down to 0" adjacent to a curb ramp is to eliminate trip hazards and create a smooth, continuous accessible route for people with disabilities, in compliance with the Americans with Disabilities Act (ADA). Note that areas with curb ramps that are adjacent to concrete spandrels will not have to be grinded down to a 0” lip.

Asphalt concrete adjacent to the curb ramps that are reconstructed that are next to the areas where Rubberized Emulsion Aggregate Slurry (REAS) Type II is placed, shall be grinded to a 0” lip. The

purpose of grinding a lip down to 0" adjacent to a curb ramp is to eliminate trip hazards and create a smooth, continuous accessible route for people with disabilities, in compliance with the Americans with Disabilities Act (ADA).

D. EQUIPMENT

1. GENERAL

The equipment used by the contractor for pavement cleaning and excess aggregate removal shall include operational top dumping pick-up brooms.

2. ASPHALT RUBBER EQUIPMENT

All equipment utilized in the production and application of AR binder material shall be described as follows:

a) A PG asphalt cement heating tank with a hot oil heat transfer system or a retort heating system capable of heating the PG asphalt cement to the proper temperature for blending with the CRM may be used for additional storage at the contractors option.

b) An Asphalt Rubber mechanical blender shall have a two stage continuous mixing process capable of producing a homogenous blend of PG asphalt cement and CRM, at the mix design specified ratios, as directed by the engineer. The mechanical blender shall be equipped with a granulated rubber feed system capable of supplying the PG asphalt cement feed system, as not to interrupt the continuity of the blending process. The maximum capacity of the primary blending vessel shall be 500 gallons. Both the primary and secondary blenders shall be equipped with an agitation device orientated horizontally or vertically in the blending vessel. The mechanical blender shall be capable of fully blending the individual modifier particles (CRM) with the PG asphalt cement. A separate PG asphalt cement feed pump and finished product pump are required. This unit shall have a PG asphalt cement coriolis meter to determine the exact flow rate in gallons per minute.

c) A distributor truck equipped with a heating unit, and an internal mixing device capable of maintaining a uniform mixture of PG asphalt cement and CRM. It shall be equipped with a full circulating spray bar and pumping system capable of applying the Asphalt Rubber binder material within a 5% tolerance of the specified application rate, and must achieve a uniform covering of the surface to be treated. The distributor shall have a boot board on the rear of the vehicle and a bootman shall accompany the distributor. The bootman shall ride in a position so that all the spray bar tips are in full view and readily assessable for unplugging, if a plugged tip should occur. The distributor truck shall also require a thermometer and a computer rate control (CRC). In addition, the distributor truck shall be equipped with a gear pump metering device separate from the actual binder pump. The pump and meter must have individual sensors to ensure the most accurate application rates in the event screens become plugged with crumb rubber debris. Spreader trucks shall be equipped with a maximum width 12 foot spray bar to ensure proper coverage across the entire spray bar. Spray bars in excess of 12 feet will not be allowed to apply Asphalt Rubber.

3. AGGREGATE COVER MATERIAL SPREADER

The cover material (chip) spreader shall be a self-propelled machine with an aggregate receiving hopper in the rear, belt conveyors to carry the pre-coated aggregate to the front, and a full width spreading hopper. The spreader shall be in good mechanical condition and shall be capable of applying the cover aggregate uniformly across the spread width and at the specified application

rate.

4. ROLLING EQUIPMENT

Sufficient rollers shall be used to cover the width of the aggregate spread with one pass. The first pass shall be made immediately behind the aggregate spreader as the aggregate is being placed. Three (3) complete passes with the pneumatic tire rollers shall be made. The pneumatic-tired rollers' shall carry a minimum loading of 3,000 pounds on each wheel and a minimum pressure of 90 pounds per square inch in each tire. Foam filled tires can be utilized.

5. HAULING EQUIPMENT

Trucks for hauling the pre-coated cover aggregate shall be tailgate discharge and shall be equipped with a device to lock onto the hitch of the cover material spreader. Haul trucks shall also be compatible with the cover aggregate spreader so that the dump bed will not push down on the spreader when fully raised, or have too short of a bed which results in aggregate spillage while dumping into the receiving hopper.

E. CONSTRUCTION METHODS

1. GENERAL

Immediately prior to the application of the Asphalt Rubber binder chip seal application, the surface shall be clean in order to insure adequate adhesion of the Asphalt Rubber to the existing pavement surface.

A minimum of two vacuum designed sweepers having only negative air pressure at the road surface capable of removing excess aggregate and debris material shall be used on this project. The body hoppers of the vacuum sweepers shall be a minimum capacity of ten cubic yards, and the negative air pressure at the intake shall be rated at 46 inches of negative water. pressure. Sweepers shall meet applicable U.S. Environmental Protection Agency Standards. Mechanical pick-up brooms may be allowed on the project. The Contractor will be responsible to ensure that the work is done properly. Any areas adjacent to the project where a vacuum broom cannot access, shall be removed by the use of a blow pack.

2. ASPHALT RUBBER BINDER - MIXING AND REACTION

The blending equipment must allow the determination of weight percentages of each asphalt rubber binder ingredient.

An asphalt rubber binder must be 79 ± 1 percent by weight asphalt binder and 21 ± 1 percent by weight of CRM. The minimum percentage of CRM must be 20.0 percent and lower values must not be rounded up. The CRM must be 75 ± 2 percent by weight scrap tire crumb rubber and 25 ± 2 percent by weight high natural scrap tire crumb rubber.

An asphalt modifier and asphalt binder must be blended at the production site. An asphalt modifier must be from 0 to 6.0 percent by weight of the asphalt binder in the asphalt rubber binder. The asphalt rubber binder supplier determines the exact percentage.

If blended before adding CRM, the asphalt binder must be from 375 to 440 degrees F when an

asphalt modifier is added and the mixture must circulate for at least 20 minutes. An asphalt binder, asphalt modifier, and CRM may be proportioned and combined simultaneously.

The blend of an asphalt binder and an asphalt modifier must be combined with the CRM at the asphalt rubber binder production site. The asphalt binder and asphalt modifier blend must be from 375 to 440 degrees F when the CRM is added. Combined ingredients must be allowed to react at least 45 minutes at temperatures from 375 to 425 degrees F except the temperature must be at least 10 degrees F below the flash point of the asphalt rubber binder.

3. APPLICATION OF ASPHALT RUBBER BINDER

Placement of the Asphalt Rubber shall proceed only under the following conditions:

a) The pavement surface temperature shall be 60° F and rising.
b) The pavement surface is clean and dry.
c) The wind conditions do not exceed 20 mph.
d) All of the construction equipment such as the Asphalt-Rubber distributor, aggregate spreader, haul trucks loaded with cover material, rollers and brooms are in position and ready to commence placement operations.
e) Chance of rain does not exceed 75%.

Asphalt Rubber binder shall be applied to the roadway following the mixing, reacting and blending of Asphalt Rubber binder at a rate of 0.55 to 0.65 gallons per square yard. At no time will the application width exceed twelve (12) feet on the spray bar.

Distributor bar height, tip size, distribution, speed and shielding materials shall be utilized to reduce the effects of excess wind upon the spray distribution (fan), of each binder. The Engineer shall delay or reschedule work when high gusting or dusty winds in excess of 20 mph prevent or adversely affect binder or aggregate application.

The application of Asphalt Rubber binder to areas not accessible with the distributor bar on the distributor truck shall be accomplished by using a squeegee or other means approved by the Engineer.

The contractor shall comply with all Federal, State and Local environmental laws, regulations and ordinances.

4. APPLICATION OF AGGREGATE COVER MATERIAL

The 3/8 inch cover material shall be applied immediately onto the Asphalt Rubber membrane at a rate of 30 to 32 pounds per square yard. The actual rate selected within this range will be determined in the field based on the appearance of the Asphalt Rubber chip seal after initial rolling.

At the time of application the temperature of the aggregate shall range from 225° F to 325° F.

A minimum of two vacuum designed sweepers having only negative air pressure at the road surface capable of removing excess aggregate and debris material shall be used on this project. The body hoppers of the vacuum sweepers shall be a minimum capacity of ten cubic yards, and the negative air pressure at the intake shall be rated at 46 inches of negative water

pressure. Sweepers shall meet applicable U.S. Environmental Protection Agency Standards. No mechanical pick-up brooms will be allowed on the project. Any areas adjacent to the project where a vacuum broom cannot access, shall be removed by the use of a blow pack. No mechanical pick-up brooms will be allowed on the project.

Sweepers shall be used CONTINUALLY during the operation and all areas shall be cleaned a minimum of twice a day throughout the process to remove any and all excess rock from the roadway and sidewalks.

5. ROLLING

Sufficient rollers shall be used for the initial rolling to cover the width of the aggregate spread with one pass. The pneumatic tire rollers shall be operated in front of the steel wheel roller.

Sufficient rollers shall be used for the initial rolling to cover the width of the aggregate spread with one pass. The first pass shall be made immediately behind the cover material spreader (chip-box) as the aggregate is being placed. If the spreading is stopped for more than two minutes, the cover material spreader (chip-box) and aggregate trucks shall be moved ahead or off the chip seal surface so that all cover material may be immediately rolled. Three complete passes shall be made with the pneumatic rollers.

Measurement & Payment
Measurement & Payment for **Asphalt Rubber Aggregate Member (ARAM)** shall be on a **Square Foot (SF)** basis as measured in the field and shall include full compensation for all labor, materials, tools, equipment, and incidentals; for doing all the work involved in scheduling, obtaining approvals, providing notifications, no parking signs, site preparation, weed abatement, crack sealing, crack filling, surface preparations, covering and protecting all utility appurtenances, application of slurry seal, protection and barricading of the work, and for completing the work in place, as noted on the plans and approved by the City Engineer, and no additional compensation will be allowed therefore.

24. THERMOPLASTIC - TRAFFIC STRIPING AND PAVEMENT MARKING

All references to traffic striping and markings shall be "Thermoplastic".

Traffic Signs, Striping, Markers, and Markings, shall conform to the latest Caltrans Standard Plans and Specifications and the current CA MUTCD and these technical specifications.

The Contractor shall field verify all existing striping marking, widths, types, and alignments in advance of the resurfacing. Traffic striping and Markings shall be recorded by type, size, color and location and accurately and neatly detailed so that striping and, markings may be identically replaced, unless otherwise noted in the drawings. This record shall be submitted for review and acceptance by the Engineer prior to any removal activity. The record shall also include the limits or changes in striping pattern, including one- and two-way barrier lines, limit lines, crosswalks and other pavement markings.

Removal of Existing Pavement Striping and Markings
Removal of traffic striping and pavement markings shall comply with the requirements of Section 84-9.03B of the State Specifications.

All existing striping and markings within the areas to be resurfaced and as directed by the Engineer shall be removed prior to placing any resurfacing. This does not apply to areas proposed for base repair.

Striping removal shall occur no sooner than two (2) calendar days prior to the pavement resurfacing. If the stripe removal is performed on a day other than the day of pavement resurfacing, the Contractor shall supply and install temporary pavement markings as detailed in these specifications. The Contractor shall be responsible for the removal of the temporary pavement markings prior to placement of the resurfacing.

All limit lines, crosswalks and legends within the project limit shall be scarified prior to resurfacing. Scarification shall be performed by grinding such that at least 75% of the underlying pavement is exposed.

Grinding material shall be removed immediately as the work progresses. Accumulation of grinding material which may constitute a hazard to traffic shall not be permitted.

Placement of Traffic Stripes and Pavement Markings
The existing striping shall be replaced with thermoplastic, as specified in these specifications and as directed by the Engineer. Unless noted elsewhere in these specifications and Plans, Traffic striping and pavement markings shall be replaced at all locations where existing traffic stripes and pavement markings are obliterated or covered as a result of asphalt resurfacing operations.

The thermoplastic material shall be applied by extrusion method in a single uniform layer. Unless otherwise noted on the plans or in these specifications, the Contractor shall replace all pavement delineation on the same alignment and location.

Reflective Pavement Markers shall conform to Section 84-2, “Traffic Stripes and Pavement Markings,” of the State Standard and these specifications. All pavement markers shall be removed prior to pavement resurfacing. Pavement markers shall be applied at all locations where existing pavement markers are obliterated or removed as a result of resurfacing operations.

Unless otherwise noted on the plans or in these specifications, the Contractor shall replace all pavement markers on the same alignment and location.

Fire Hydrant Markers - Blue reflective pavement markers shall be placed in the street at 6” off of centerline and perpendicular to all fire hydrants. Markers shall be blue with two reflective faces. Contractor shall be responsible for locating all fire hydrants and layout work required for installation of blue reflective pavement markers. **Blue markers shall be referenced and installed at all fire hydrant locations within the project limits whether a reflective pavement marker was existing or not. This item shall be paid separately under Pavement Marker = Blue in the Bid Schedule.**

Traffic Striping
Contractor shall furnish and replace traffic stripes and markings in the original pattern on all roadways. Traffic Striping shall be Thermoplastic Traffic Stripe and applied in conformance with the provisions in Section 84-2, "Traffic Stripes and Pavement Markings," of the State Standard and these special provisions.

Where striping joins existing striping, the Contractor shall begin and end the transition from the existing striping pattern into or from the new striping pattern a sufficient distance to ensure continuity of the striping pattern. All existing striping within the project limits and any conflicting striping shall be removed by sand blasting or as directed by the Engineer. Contractor shall replace all striping which is obliterated or damaged during the Project.

The Contractor shall physically tie down the location of the beginning and ending of each existing stripe and marking adjacent to the work area. The Contractor shall accurately replace the existing stripes and markings by cat tracking with painted marks. Temporary tab markers shall not be placed more than twelve feet apart on curves nor more than twenty-four feet apart on straight segments. Temporary tab markers shall be the same color as the stripe they are replacing, shall measure two inches tall by 3-1/2 inches wide, and have a reflective lens across the marker width.

Upon notification by the Contractor, the City Engineer shall review and approve the equipment tracking prior to applying the permanent stripes and markings. The Contractor shall allow a minimum of three working days for City review of the equipment tracking, and permanent stripes and markings shall not be applied prior to City approval. The City may make changes to the layout after equipment tracking.
Thermoplastic material shall be free of lead and chromium, and shall conform to the requirements in California Department of Transportation,

Retroreflectivity of the thermoplastic traffic stripes and pavement markings shall conform to the requirements in ASTM Designation: D 6359-99. White thermoplastic traffic stripes and pavement markings shall have a minimum initial retroreflectivity of 250 mcd $m^{-2} lx^{-1}$. Yellow thermoplastic traffic stripes and pavement markings shall have a minimum initial retroreflectivity of 150 mcd m^{-2} lx^{-1}.

Thermoplastic traffic stripes shall be applied at the minimum thickness and application rate as specified below. The minimum application rate is based on a solid stripe of 4 inches in width.

Minimum Stripe Thickness (inch)	Minimum Application Rate (lb/ft)
0.079	0.27

Thermoplastic traffic stripes and pavement markings shall be free of runs, bubbles, craters, drag marks, stretch marks, and debris.

Time Limitations

Temporary Lane Delineation

The Contractor shall, upon completing slurry work, which covers or obliterates existing pavement striping, immediately place temporary striping or other delineation as approved by the Engineer along the lines of the existing striping to direct traffic until permanent striping or markers can be placed.

Final striping and pavement markings shall be complete no later than ten days after placement of slurry seal. Scheduling of raised pavement marker installation shall comply with State Standard Specifications Section Nos. 85-103B and 85-103C.

The Contractor shall place the striping and markings between seven (7) and fourteen (14)

calendar days from the placement of slurry seal. The Contractor shall pay liquidated damages of $500.00 per calendar day for each street that is not completed beyond the fourteen (14) calendar days.

Measurement and Payment
The contract unit price paid per **Lump Sum (LS)** of **Traffic Striping and Pavement Marking** for the various street segments included in the Project Plan shall include full compensation for furnishing all labor, equipment and materials necessary for striping, including but not limited to the removal of existing thermoplastic and/or striping and pavement markers by approved methods as required, installation of thermoplastic and raised pavement markers as required, thermoplastic legends and striping, painting new curb to match existing, re-painting all existing curb paint markings, delineators, signs and signposts in the public right of way and private property. This work shall conform to the SSPWC, Sections 210 and 310 and no further compensation will be allowed therefore

The contract price paid per **Lump Sum (LS)** for **Pavement Marker - Blue** shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in removing, supplying and applying Pavement Markers, complete in place, including lead compliance, establishing alignment, and layout work, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the City Engineer.

25. COLD MILL AC PAVEMENT

All Cold Milling operations shall conform to section 302-1 of the Standard Specification, the plans and these technical specifications.

Existing asphalt concrete pavement shall be cold milled (cold planed) at the locations and to the dimensions and depth shown on the Project Plans.

The outside lines of the planed area shall be neat and uniform. Planing asphalt concrete pavement operations shall be performed without damage to the pavement that is to remain in place.

Following planing operations, a drop-off of more than 0.15-foot will not be allowed at any time between adjacent lanes open to public traffic. Where transverse joints are planed in the pavement at conform lines, no drop-off shall remain between the existing pavement and the planed area when the pavement is opened to public traffic.

If asphalt concrete has not been placed to the level of existing pavement before the pavement is to be opened to public traffic a temporary asphalt concrete taper shall be constructed.

The Contractor shall place and maintain all temporary paving tapers and shall provide additional material as directed by the Engineer to maintain public safety. If it becomes necessary to remove temporary asphalt concrete tapers at some point in advance of placing permanent surfacing, the Contractor shall replace such tapers, at his expense, prior to opening the roadway to traffic.

Asphalt concrete for temporary paving tapers (cutback) shall be commercial quality and may be spread and compacted by any method that will produce a smooth riding surface. Asphalt concrete for temporary paving tapers shall be placed to the level of the existing pavement and tapered on a slope of 30:1 or flatter to the level of the planed area. All temporary paving tapers shall be completely removed and disposed of by the Contractor, including the removal of all loose material from the underlying surface, before placing the permanent surfacing.

Cold planing machines shall be equipped with a cutter head not less than 30 inches in width and shall be operated so as not to produce fumes or smoke. The cold planing machine shall be capable of planing the pavement without requiring the use of a heating device to soften the pavement during or prior to the planing operation.

Removal operations of planed material shall be concurrent with cold plane operations.

Loosened material shall be removed so that no aggregate remains on the project, and on parkway and side streets, at the end of each workday.

In the event of inclement weather where rain has been forecasted within 24 hours, the CONTRACTOR will ensure that all loosened material has been removed from the street surface, parkway, and side streets and that no debris will be discharged with storm run-off into the storm drain system.

Loaders and trucks of approved sized, type and number suitable for hauling materials shall be provided.

Wedge grinding shall be a triangular wedge of the width specified in the plans or as directed by the Engineer. Any sections of asphalt that becomes loose after wedge grinding shall be removed and disposed of by the Contractor at the Contractor's expense.

No additional compensation shall be made for pavement grinding in excess of the width specified in these Technical Specifications and shown on the Plans unless so directed by the Engineer.

The City has made every reasonable effort to locate and mark on the plans all known metal roadway improvements such as sewer manhole covers, water valve covers, and catch basin covers, which if struck, could damage the cold milling cutting drum and/or carbide tipped cutting teeth. The City makes no guarantee that it has successfully located all said items therefore; the contractor shall thoroughly inspect the work site in advance of the cold milling operation to minimize the risk of striking any of these items.

Care shall be exercised not to damage adjacent concrete curbs or gutters. Curb or gutter damaged due to cold milling work shall be replaced as approved by the City at the Contractor's expense.

Under no circumstances shall the period of time between cold milling of existing improvements (which create an obstruction or hazard to the public) and the permanent surfacing is placed exceed **three (3) calendar days** at any one location unless approved otherwise by the Engineer or necessary to facilitate or protect work. **Planed pavement exposed for more than the time period allowed, liquidated damages of $2,000.00 per calendar day will be assessed to the Contractor for each calendar day the street is not completed as defined above. No area of pavement that has been cold milled or removed for reconstruction shall be left exposed over a weekend or holiday. Any cold milled area shall be swept prior to opening to traffic**

Measurement and Payment
Measurement & Payment for **Cold Mill AC Pavement** shall be paid on a **TON** basis, and shall include full compensation for doing all the work and shall include cold milling, haul-off and disposal of millings, and all other necessary work as directed by the Engineer, and no additional compensation will be allowed thereof.

26. PCC IMPROVEMENTS – MISCELLANEOUS CONCRETE

PCC Improvements - Miscellaneous Concrete shall conform to the provisions in Section 16. Concrete Curb and Gutter and Sidewalk of the City of Eastvale's Standard Specifications for Design and Construction of Public Improvements, and Standard Plans for Public Works Construction (SPPWC).

Miscellaneous Concrete shall include PCC sidewalks, curbs, cross gutters, *and curb ramps.*

Concrete shall be class 560-C-3250. CMB work shall conform to Sections 200-2 and 301 of the Standard Specifications. CMB shall be installed for concrete sidewalk, curb, and gutter.

PCC improvements shall include the following:

All concrete curb ramps shall be installed over a 6" thick 95% compacted CMB over 90% compacted native subgrade.

All existing concrete curb ramps shall be removed, and new concrete curb ramps shall be installed as specified in the Plans and in these Specifications. New curb ramps shall include cast-in-place detectable warning surfaces in accordance with Caltrans Standard Specifications Section 73-1.02B, Caltrans Standard Plan A88A, and the Americans with Disabilities Act (ADA). Detectable warning surfaces shall be factory-molded tiles set directly into the fresh concrete during curb ramp construction, aligned per plan, and installed to be flush with the surrounding concrete surface.

Detectable warning surfaces shall be Federal Yellow unless otherwise specified by the Engineer and shall meet the following minimum performance criteria:

- UV Resistance per ASTM G155
- Compressive Strength ≥ 28,000 psi (ASTM D695)
- Flexural Strength ≥ 30,000 psi (ASTM D790)
- Slip Resistance ≥ 0.65 wet (ANSI A137.1 DCOF)
- Water Absorption < 0.05% (ASTM D570)

Concrete flatwork, including base and/or subgrade material under the concrete flatwork, shall be removed to accommodate the new improvements. Concrete removal shall be completed in such a manner so that the surfacing which is to remain in place is not damaged. Where no joint exists between concrete to be removed and concrete to remain in place, the concrete shall be removed to the nearest deep joint or score line as approved by the Engineer. Where concrete to be removed is adjacent to concrete to remain, concrete shall be cut in a neat line with a power-driven saw before concrete is removed.

Whenever a part of a square or slab of existing concrete curb, gutter, or sidewalk that is to remain in place is broken or damaged during removal of adjacent concrete, the entire section or slab shall be removed to the nearest score or deep joint and replaced at the Contractor's expense.

Roots that are damaging adjacent concrete improvements will need to be pruned. The depth of root cutting shall be 12" along the sidewalk and driveway. A rotary pruner is required for this work. Prior to any root pruning, the City Inspector shall be notified a minimum of 24 hours in advance. Coordination with the City's Arborist may be required for roots near the tree trunk or greater than 1 inch in diameter.

The Contractor shall submit a cut sheet of the detectable warning surface, installation details, and warranty information to the City Engineer for approval, prior to the start of construction. All concrete work shall be completed prior to cold milling and overlay operations.

Measurement and Payment

Payment for PCC Improvements – Miscellaneous Concrete shall be at the various unit bid prices as listed in the Bid Schedule and shall include, but not be limited to: Type A-6 Curb and Gutter, 4" Sidewalk, Median Curb Type D-1, Cross Gutter, Commercial Driveway, *and Curb Ramp.*

The contract unit price shall include full compensation for conforming to the requirements of PCC Improvements and associated CMB thickness for each item and shall include furnishing all labor, materials, tools, equipment, and incidentals, including excavation, backfilling, compacting, removal of materials off-site, and for doing all work involved for installing PCC, CMB, slot patch, and other associated items as shown on the project plans and in these Technical Specifications, complete in place, and no additional compensation will be allowed therefor.

Measurement for PCC Curb Ramp shall be for EACH ramp installation and shall include the following: grading, compaction of subgrade, slot patch, construction of curb ramp including cast-in-place detectable warning surface, and construction of sidewalk adjacent to ramp and curb and gutter from beginning of curb return to end of curb return.

Payment for root pruning adjacent to proposed concrete improvements shall be considered as included in the prices paid for REMOVE AND REPLACE 4" THICK CONCRETE SIDEWALK and no additional compensation will be made therefor.

27. REMOVE AND REPLACE CURB OR CURB & GUTTER

This bid item includes removal and disposal of existing material and the installation and compaction of CAB underneath all segments of new curb or curb and gutter and adjacent pavement to match structural section of street.

Prior to removal, contractor shall field verify the join limits to ensure there will be positive fall between the removal limits and bring to the City's attention any locations that will not drain properly. Limits shall be adjusted per field conditions to ensure positive drainage is achieved on all new curb & gutter.

Curb or Curb and Gutter Removal and Replacements shall match the existing curb height and gutter width for the adjoining segments. This item also includes forming and pouring any portion of depressed curbs at driveways that fall within the removal and replacement limits.

Prior to placement of these improvements, contractor shall grind or prune all obstructing roots if present and per the root pruning specifications.

Prior to acceptance of any curb and gutter, the Contractor shall water flow test each segment of curb and gutter to ensure that ponding of water does not occur within the limits of new construction.

A sidewalk ½-inch radius edging tool is be used to finish the edges of all curbs.

Curb and gutter constructed in conjunction with or as a result of new curb ramp, alley approach or cross gutter construction limits shall not be included as part of this bid item. All such curb and gutter shall be included in the unit price for the respective bid items and no further compensation will be allowed.

Measurement and Payment

Measurement & Payment **for Remove and Replace Curb or Curb & Gutter** shall be on a **Linear Foot (LF)** basis and shall include furnishing all labor, equipment, tools and materials necessary for the removal of existing and construction of new curb/curb & gutter including coordinating with the City Inspector to verify locations and limits, removals, preparation of subgrade, installation of base, construction of work item, finishing and protection of the work item and no further compensation will be allowed therefore.

28. REMOVE AND REPLACE SIDEWALK

Concrete sidewalk shall be constructed to the line, grades and designs shown on the plans or as ordered by the Engineer. Existing surfaces to be joined shall be sawcut on a neat, straight line at the join location. Any and all gas or water meter boxes falling within the limits of sidewalk

construction shall be adjusted to the finished grade of the new sidewalk as part of this work item unless specifically called out as a separate work item on the plans.

Sidewalk score lines shall have a minimum finished depth of ½-inch. Walkway replacement needed to join new sidewalk shall be in-kind (surface texture, aggregate, finish, etc.) to the walkway removed or as directed by the Engineer's representative.

A sidewalk ½-inch radius edging tool is be used to finish the edges of all curbs.

Limited infill and compaction of suitable base material will be required under certain portions of sidewalk. Contractor shall include the cost of material, labor and compaction of such material in the unit price per bid.

The contractor shall verify existing grades in order to ensure full ADA compliance

Any appurtenant PCC Improvement constructed as part of this project and not included with a unit price bid quote or otherwise covered for payment herein shall be paid at the unit price for Sidewalk per square foot prorated to reflect the true amount of PCC material being constructed, as approved by the Engineer's Representative. The prorated unit price bid for the appurtenant PCC improvement shall include all costs of subgrade preparation, and the excavation, furnishing and compacting of backfill material and no additional compensation will be allowed therefore.

Measurement and Payment
Measurement & Payment for **Remove & Replace Sidewalk, Construct Sidewalk** shall be on a **Square Foot (SF)** basis and shall include furnishing all labor, equipment, tools and materials necessary for the item of work including removal and disposal of existing improvements and materials, construction of new sidewalk including coordinating with the City Inspector to verify locations and limits, removals, preparation of subgrade, construction of work item, adjustment of miscellaneous parkway items found within the limits of construction, finishing and protection of the work item and no further compensation will be allowed therefore. Measurement of this bid item shall not include the area of any planter areas, and shall only include the actual PCC surface area as measured in the plan view.

29. REMOVE AND REPLACE CROSS GUTTER

It shall be the contractor’s responsibility to verify the limits of construction with the City inspector for each of the cross gutters. Construction of the cross gutter shall be per the project plans and the referenced Riverside County Standard Plans and any applicable details.

Construction of the cross gutter shall include the monolithic curb and gutter. Where a new curb ramp is proposed adjacent to the cross gutter, the curb and gutter shall be paid for as part of the curb ramp bid item, and the appropriate square footage shall be deducted from the total area of the cross gutter.

All removal and replacement cross gutters locations shall be constructed to existing join elevations. The contractor shall document the existing relative elevations and grades at the join locations as well as key elevation points. The Contractor shall ensure that positive drainage is achieved between

the join locations of construction.

All concrete for cross gutters shall be high-early strength concrete as defined in the General portion of the concrete improvements specification. High-early strength concrete shall achieve a compressive strength of 2,500 psi within 48 hours of pouring and at least 5,000 psi after 28 days.

All intersections with cross gutters shall be opened to traffic at the close of each day. Adequate ramping or plating of the cross gutter location during the removal and grading phase shall be required based on the Engineers direction. Plating of the cross gutter during curing phase shall be required in order to maintain traffic through the intersection at all times.

2' minimum width sawcut, removal and full depth slot paving with CAB shall be required adjacent to all sides of the cross gutter.

The contractor shall verify existing grades in order to ensure full ADA compliance.

Measurement and Payment
Measurement & Payment **for Remove & Replace Cross Gutter** shall be on a **Square Foot (SF)** basis and shall include furnishing all labor, equipment, tools and materials necessary for the item of work including removal of existing improvements and materials, construction of new cross gutter including coordinating with the City Inspector to verify locations, configuration and limits, surveying and staking, removals, preparation of subgrade, temporary ramping, slot paving, construction of work item, high early strength concrete, adjustment of miscellaneous utility items found within the limits of construction, finishing, plating, and protection of the work item and no further compensation will be allowed therefore. Measurement of this bid item shall not include the area of any adjacent slot paving and only includes the area bound by new PCC surface as measured in the plan view.

30. REMOVE AND RECONSTRUCT CURB RAMPS

Concrete Curb Ramps shall be per City of Eastvale's Standard No. 403. Concrete shall be Class 560-C-3250. The Contractor shall place 6" of CMB under the reconstructed curb ramp, curb and gutter.

The geometry shown on the plans is representational. The final limits and geometry of the required curb ramp shall be verified and placed in the field by the contractor in order to ensure the required grades and clearances are obtained.

Curb and Gutter Shall be included in the limits of the Curb Ramp which includes the sawcutting and full AC reconstruction of a 2' wide (slot pavement with 2-sack PCC slurry) portion of AC pavement adjacent to the curb and gutter or as required to achieve the required 5% maximum grade for 4' adjacent to the curb face. A minimum of a 2' saw cut and pavement replacement will be required in all areas of curb return replacements adjacent to existing pavement. In locations for a 2' slot pave with 2-sack PCC slurry is inadequate at achieving the required 5% maximum grade and would create adverse driving conditions for the 1' transition, each location shall be individually documented in the construction project files justifying the reason for non-compliance.

The proposed pavement section shall be full depth asphalt paving to match the existing pavement section thickness.

Construction of any necessary retaining curbs at the back of ramp or wings of the ramp are included as part of this bid item. The contractor shall install retaining curbs within the ramps to ensure that the constructed ramp is fully ADA compliant while joining existing grades at the back of walk/ramp.

When curb ramp removal and installation is adjacent to PCC cross gutters that are not abandoned/buried then the concrete shall be sawcut 4" off the existing curb face, and the new concrete shall be doweled and epoxied into the existing cross gutter spandrel at 12" on center using 18" #4 bars.

All work within the ECR/BCR, as well as any necessary work beyond the ECR/BCR, including any extra sidewalk or curb and gutter items required to achieve compliance, and the replacement of any pre-existing or contractor-caused damaged curb, gutter, or sidewalk adjacent to the curb ramp, shall be considered incidental to the curb ramp and included in the bid price per curb ramp. No separate payment will be made for these additional items, regardless of whether the damage existed prior to the start of construction.

Existing surfaces to be joined shall be sawcut on a neat, straight line at the join location. All sawcut locations along existing cross gutters shall be cut in a curve conforming to the existing curb return and shall be cut at a set offset from the flow line as approved by the City Engineer. The flow line shall be maintained, ensuring that ponding does not occur in the existing cross gutter.

Any and all Traffic Signals, or pedestrian push button poles, traffic signal poles and other surface mounted appurtenances shall be protected in place and/or re-attached as part of this bid item.

All pull boxes within curb ramp limits shall also be adjusted to the finished grade of the new curb ramp and shall be paid for per the unit price for each respective bid item. All water or gas valve can and lids within curb ramp limits shall also be adjusted to the finished grade of the new curb ramp and shall be paid for per the unit price for each respective bid item.

The City Engineer shall have final say regarding the case and type of curb ramp to be installed and shall retain the right to revise the ramp designation at any point prior to construction. The contractor shall verify existing grades in order to ensure full ADA compliance.

Curb ramps shall be constructed with cast-in-place detectable warning surfacing in accordance with Caltrans Standard Specifications Section 73-1.02B, Caltrans Standard Plan A88A, and the Americans with Disabilities Act (ADA). Detectable warning surfaces shall be factory-molded tiles set directly into the fresh concrete during curb ramp construction, aligned per plan, and installed to be flush with the surrounding concrete surface.

Detectable warning surfaces shall be Federal Yellow unless otherwise specified by the Engineer and shall meet the following minimum performance criteria:

UV Resistance per ASTM G155

- Compressive Strength ≥ 28,000 psi (ASTM D695)

• Flexural Strength ≥ 30,000 psi (ASTM D790)

• Slip Resistance ≥ 0.65 wet (ANSI A137.1 DCOF)

• Water Absorption < 0.05% (ASTM D570)

The Contractor shall submit a cut sheet of the detectable warning surface, installation details, and warranty information to the City Engineer for approval, prior to the start of construction.

The Contractor shall install panels in accordance with manufacturer's recommendations. The cost of installing detectable warning surfaces on new ramps shall be included in the cost of the curb ramp.

Retrofitting detectable warning surfaces on existing ramp or walkway surfaces shall be paid for as part of their respective bid items as outlined in "RETROFIT TRUNCATED DOMES ON EXISTING SURFACES" of these Special Provisions.

Measurement and Payment

Measurement & Payment for **Remove & Reconstruct Curb Ramp** shall be on an **Each Item (EA)** basis and shall include furnishing all labor, equipment, tools and materials necessary for the item of work including removal of existing improvements and materials, construction of new curb ramp, including coordinating with the City Inspector to verify case & type, configuration and limits, removals, preparation of subgrade, temporary ramping, construction of work item, slot paving, construction of monolithic retaining curbs, reconstruction of adjacent curb, gutter and/or sidewalk, adjustment of miscellaneous utility items found within the limits of construction, installation of detectable warning surfaces, finishing, and protection of the work item and no further compensation will be allowed therefore.

31. RETROFIT TRUNCATED DOMES ON EXISTING SURFACES

Detectable warning surfaces shall be installed on existing curb ramp surfaces at the locations indicated on the plans or as directed by the Engineer. Detectable warning surfaces shall conform to the provisions of the State Standard Construction Specifications, Section 73-1.02B "Detectable Warning Surface."

The detectable warning surface shall be surface-applied and replaceable, using Access® Tile Surface Applied - Replaceable (SA) or approved equal. The panels shall be constructed of a vitrified polymer composite (VPC) and designed for surface application using both adhesive and mechanical fasteners in accordance with the manufacturer's recommendations.

The detectable warning surface panels shall be 4 feet wide by 3 feet deep, and Federal Yellow in color (unless otherwise directed by the Engineer). Panels shall feature factory-molded truncated domes and beveled perimeter edges, and shall conform to all applicable accessibility standards including the Americans with Disabilities Act (ADA), California Title 24, and Caltrans Standard Plans A88A.

Detectable Warning Surface panels shall meet or exceed the following performance criteria:

• Compressive Strength: ASTM D695 ≥ 28,000 psi

• Flexural Strength: ASTM D790 ≥ 30,000 psi

• Slip Resistance: ASTM C1028 or ANSI A137.1 DCOF ≥ 0.65 wet

• Water Absorption: ASTM D570 < 0.05%
• UV Resistance: ASTM G155 – no significant degradation or color fading
• Dome geometry and spacing shall comply with Caltrans Standard Plan A88A

The detectable warning surface shall be installed on clean, dry, structurally sound existing concrete surfaces. The Contractor shall apply manufacturer-specified adhesive and install the panels using stainless-steel mechanical fasteners at the designated locations. Panels shall be installed flush with surrounding surfaces and properly aligned per plan and Caltrans standards.

On all ramps to be retrofitted with a truncated dome, if an existing lip exists as the bottom of the ramp adjacent to the flowline, the Contractor shall grind the existing curb ramp lip to achieve a 0" curb face. The grind shall be tapered at the edge of the ramp surface, as appropriate, to avoid creating a sharp elevation drop-off and shall be 0" to ½" deep and shall be at least 6" wide in a straight-line-grade. Grades within the grind area shall also be limited to 8.33%. The price of grinding the lip shall be included in the unit price for retrofitting the existing curb ramp

The detectable warning surface shall be installed in accordance with the manufacturer's recommendations and instructions; and the manufacturer shall provide a minimum 5-year warranty. The warranty period shall commence on the date of acceptance.

The Contractor shall submit a cut sheet of the detectable warning surface, installation details, and warranty information to the City Engineer for approval, prior to the start of construction.

Measurement and Payment
The contract unit price paid for **Each (EA)** for **Retrofit Truncated Domes on Existing Surfaces** shall include full compensation for furnishing all labor, equipment, tools and materials necessary for the item of work including surface preparations, coordinating with the City Inspector to verify limits of grinding, grinding the existing lip, removal and disposal of debris, dust control, cutting and configuration of the truncated domes (as required), installation of the truncated domes per manufacturers recommendations, protection of the work item and no further compensation will be allowed therefore.

32. ASPHALT CONCRETE (AC) CONSTRUCTION

All asphalt concrete pavement shall conform to Subsection 203-6, "Asphalt Concrete" of the Standard Specifications and all asphalt concrete pavement shall be constructed in accordance with Subsection 302-5, "Asphalt Concrete Pavement" of the Standard Specifications as modified herein, and to the lines and grades indicated in the project plans.

A minimum of five (5) working days prior to the paving operation, as outlined on the Contractor's approved construction schedule, the CONTRACTOR shall furnish to the City reports from the supplier certifying that the asphalt pavement materials and proportions comply with the designated classifications for asphalt concrete pavement as required herein, or as directed by the Engineer.

Prime Coat will not be required on this project. Tack Coat shall be required and uniformly applied to existing hard-surfaced pavement including the vertical portions of all A.C. and P.C.C. surfaces to be joined. Tack coat shall be Grade SS-1h emulsified asphalt applied at 0.10 gal/yd^2.

Three-inch and greater thickness pavement shall be laid in two courses. The asphalt concrete pavement shall conform to the following specifications:

Applicability	Asphalt Type
6” Base AC Pavement:	B2-PG 64-10
1” to 5” Wedge AC Pavement	C2-PG 64-10
1” to 3” Leveling AC Pavement	C2-PG 64-10
1.5” Finish AC Pavement	C2-PG 64-10
0.75” Leveling AC Pavement	D2-PG 64-10

The provisions of Section 301-1, “Subgrade Preparation”, Section 302-5, “Asphalt Concrete Pavement”, and Section 203-6, “Asphalt Concrete”, of the Standard Specifications, shall apply to asphalt pavement except as modified and supplemented below:

COMPACTION TEST - The Contractor, at his expense, shall perform compaction tests on the subgrade for the roadway pavement areas.

Compaction tests of the subgrade which do not meet the specified requirements shall be reworked at the Contractor’s expense and re-tested. All re-tests shall be at the Contractor’s expense.

The Contractor’s attention is directed to the possible existence of underground improvements which may not be shown on the plans. All reasonable precautions shall be taken to preserve and protect any such improvements whether shown on the plans or not. Where it is necessary to remove and replace or to relocate such improvements in order to execute the work, they shall be removed, maintained, and permanently replaced at no expense to the City.

Subsection 302-5.6, “Rolling”: The following is hereby added to the first paragraph:

Rolling along a joint shall be such that the widest part of the roller is on the hot side of the joint. Rubber tire roller shall be used on any leveling course.

Subsection 302-5.7, “Joints”: The following is hereby added to the first paragraph: Joint lines between successive runs shall be on lane lines.
Subsection 302-5.5, “Distribution and Spreading”, of the Standard Specifications is supplemented and amended by the following:

Unless approved by the City Engineer, the CONTRACTOR will not be allowed to deposit the A.C. material from bottom dump trucks into a windrow then pick up said material and convey it into the paving machine by an elevating device. All areas shall be paved by depositing the A.C. material from delivery trucks directly into the paving machine hopper.

In addition to the requirements in Subsection 302-5.5 of the Standard Specifications, asphalt concrete shall be placed with spreading equipment equipped with fully automated screed and grade sensing controls, which shall control the longitudinal grade of the screed.

The AC Pavement shall not be placed when the atmospheric temperature is below 60 degrees Fahrenheit, or during unsuitable weather.

Unless otherwise approved by the City Engineer, all AC pavement shall be placed with a self-propelled paving machine equipped with devices for use in obtaining the most constant

longitudinal grade, cross-slope grade, and maximum joint quality.

Prior to placement of the AC pavement, the Contractor shall set reference points as necessary in order that all utility valves, manholes, and vaults may be located after pavement placement. The Contractor shall cover the utilities prior to pavement placement to keep the lids clean. Care shall be taken during rolling operations not to damage the utilities. After the final pavement rolling, the Contractor shall remove any loose asphalt that may have entered the utilities during the paving operations. The Contractor shall provide all labor, materials, and equipment necessary for adjusting all utilities (unless otherwise noted) to finished grade.

Where existing AC pavement is being removed and replaced, or initially constructed, adjacent to improvements (i.e., asphalt concrete pavement, P.C.C. flatwork, AC dikes, etc.), the existing improvements shall be neatly sawcut prior to any removal, unless otherwise approved by the City Engineer. The new improvements shall then be neatly constructed and secured in place, to the satisfaction of the City Engineer, prior to acceptance of the Item of Work.

Bituminous pavement to be removed shall be removed to neatly sawed edges conforming to the limits as shown on the Plans, unless otherwise approved by the Engineer. These edges shall be preserved during intermediate operations so as to present a straight, firm and unyielding edge against which paving asphalt may be subsequently jointed and compacted. Should the Contractor fail to maintain said edge, corrections shall be made by additional cutting, as directed by the Engineer.

Certified quantity tickets for the asphalt concrete shall be submitted to the City Inspector on the job site as the material is delivered and signed, so as to certify delivery and acceptance. Any material for which quantity tickets are not submitted as the material is delivered, will not be accepted.

Measurement and Payment
Measurement & Payment for **Asphalt Concrete (AC) Construction**, complete in place, shall be on a **TON** basis. Certified weigh tickets shall be submitted to the Engineer for all asphalt concrete pavement incorporated into the work. The unit price for asphalt concrete pavement shall include full compensation for furnishing all materials, labor, tools, equipment, transportation and incidentals required to construct the pavement in accordance with the plans, these Special Provisions and the Standard Specifications and no additional compensation will be allowed thereof.

33. ADJUST WATER VALVE FRAME AND COVER TO GRADE

The Contractor shall adjust the existing water valve frame and cover to grade at the locations shown on the plans. Valve box and cover shall be adjusted after finish grade has been established. The Contractor shall make sure that the valve cans are free from debris and lift cans are properly in place.

The Contractor shall notify at least two working days prior and coordinate the water valve frame and cover adjustment work with and to the satisfaction of Jurupa Community Service District's Water Division. Valve box and cover shall be adjusted after finish grade has been established. The Contractor shall make sure that the valve cans are free from debris and lift cans are properly in place.

Measurement and Payment
Payment for **ADJUST WATER VALVE FRAME AND COVER TO GRADE** shall be at the unit price bid per **EACH (EA)**. The contract unit price shall include full compensation for furnishing labor, tools, equipment, and materials necessary for doing the work, complete in place, and no additional compensation will be allowed.

34. TRAFFIC LOOP DETECTORS

Traffic Loop Detectors shall conform to Types E per Caltrans Standard Plans and as noted in the project plans.

Loops shall be installed after the paving operations are complete. Loop wire shall be installed on the same day in which the loop slots are cut. This shall include placement of the loop conductors and all associated runs and sealant.

The Contractor shall provide 48 hours notification to the City when cold milling operations will remove existing loops. The Contractor shall provide a schedule to the Engineer detailing the number of working days the loops will not be operational.

Measurement and Payment
Measurement and payment for **Traffic Loop Detector** shall be at the unit price bid per **Each (EA)** and shall include full compensation for furnishing labor, tools, equipment, and materials necessary for doing the work, complete in place, as shown on the plans, as specified in the Standard Specifications and these Technical Specifications, and as directed by the Engineer, and no additional compensation will be allowed.

35. SIDEWALK GRINDING

Sidewalk joints and cracks with vertical offsets between 3/8 inch and 1-1/2 inches shall be ground until level with the surrounding sidewalk. The maximum taper of ground areas shall conform to the Americans with Disabilities Act (ADA) requirements and not exceed 8.33% in the direction of travel. The minimum width of grind shall be 6". Grinding work shall include defects running perpendicular to the direction of pedestrian travel; parallel to the direction of travel (primarily at driveways); and those areas at the sidewalk return where the sidewalk is raised above the curb. At locations where the sidewalk is sunken in relation to the top of the curb, between 3/8 inch and 3/4 inch, the top of the curb shall be ground. Where the sidewalk is raised 3/8 inch to 1-1/2 inches in relation to the curb return, the sidewalk shall be ground. The city will mark limits of grinding work in advance of the actual repairs. Offsets shall be ground to produce a smooth nonskid surface closely resembling the appearance of the adjacent concrete. The finish shall approximate a transverse broomed surface texture. The ground taper shall have a "squared off" geometric shape with straight borders. Sharp edges left by the grinding operations shall be smoothed. Grinding shall be performed so that the sidewalk surface has essentially the same or slightly rougher texture adjacent to either side of the joint or crack. Ground surfaces shall not be smooth. Grinding shall be performed so that the finish grind has a rectangular appearance consisting of straight back line with no stray grinding marks. The adjacent concrete shall remain untouched by the grinding process without scar or damage.

The Contractor shall demonstrate the sidewalk grinding operation and resulting finish and appearance at three test sites chosen by the Engineer. Should the Engineer deem the quality of the taper to be unacceptable, the Contractor shall modify his methods and/or equipment and proceed to an additional two test sites. This sequence shall be repeated until the acceptable quality is achieved. Approval of

the test results shall be obtained prior to the commencement of the full-scale grinding operation. Only the methods and equipment that produce acceptable results shall be employed on the project. Areas inaccessible to the grinding machine shall be ground with a handheld grinder. The contractor shall use best management practices to prevent dust from leaving the project site.

Measurement and Payment
Payment for **Sidewalk Grinding** shall be at the price bid per **Linear Foot (LF)** and shall be considered full compensation for furnishing all materials, labor, incidentals, and equipment for all work involved, as described herein. No changes to payment will be made in regard to of the height of the grind.

36. UNTREATED BASE

Untreated Base shall conform to the requirements of Subsection 200-2.2, "Crushed Aggregate Base," or Subsection 200-2.4, "Crushed Miscellaneous Base," and be constructed in accordance with Subsection 301-2, "Untreated Base" of the Standard Specifications and these Technical Provisions.

Add to Subsection 200-2.4.1, "General" of the Standard Specifications the following:

Brick shall not be used in crushed miscellaneous base. If any detrimental material or deleterious substance is found; it shall be cause for rejection and be removed from the site.

Add to Subsection 200-2.4.2, "Grading" of the Standard Specifications the following:

Grading or blending of the material shall be done through a screening process.

Add to Subsection 301-2.1, "General," of the Standard Specifications the following: Untreated base material shall be either crushed aggregate base as specified in Subsection 200-2.2 or crushed miscellaneous base as specified in Subsection 200-2.4.

Measurement and Payment
The contract unit price paid per **TON of Untreated Base** (CAB OR CMB per Bid Schedule) shall include full compensation for placement Untreated Base including furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved as specified on the Plans and in the Standard Specifications, these Technical Specifications, and as directed by the City Engineer.

SECTION E. SAMPLE CONTRACT AGREEMENT

BETWEEN
THE CITY OF EASTVALE
AND

_____

This Agreement for Construction Services ("Agreement"), is made and entered into this__ day of _____, 20_, by and between the City of Eastvale, a California general municipal corporation organized under the laws of the State of California with its principal place of business at 12363 Limonite Ave., Suite 910, Eastvale, California ("City") and _____, a California (partnership, limited partnership, corporation, etc.) ("Contractor").

SECTION 1. RECITALS

A. City is a municipal corporation organized under the laws of the State of California, with power to contract for services necessary to achieve its purpose.

B. Contractor is a professional contractor, experienced in providing pavement rehabilitation and overlay services and is familiar with the plans of the City.

C. City desires to engage Contractor to construct public improvements associated with the **Project #94001-2026 Residential Slurry Seal Project (Bid #26-112CIP)** as set forth herein

D. Contractor has obtained, and delivers concurrently herewith, **[INSERT APPLICABLE PERFORMANCE BOND, PAYMENT BOND, INSURANCE DOCUMENTS AND OTHER CERTIFICATIONS**] as required by the Contract.

SECTION 2. INCORPORATION OF DOCUMENTS

This Contract includes and hereby incorporates in full by reference the following documents, including all exhibits, drawings, specifications and documents therein, and attachments and addenda thereto: **[INSERT APPLICABLE DOCUMENTS].**

SECTION 3. SCOPE OF WORK

A. Contractor's Basic Obligation; Scope of Work. Contractor promises and agrees, at its own cost and expense, to furnish to the Owner all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately complete the **Project #94001-2026 Residential Slurry Seal Project**, including all structures and facilities necessary for the Project or described in the Contract (hereinafter the "Work" or "Project"), for a Total Contract Price as specified pursuant to this Contract. All Work shall be subject to, and performed in accordance with the above referenced documents, as well as the exhibits attached hereto and incorporated herein by reference. The plans and specifications for the Work are further described in the Exhibits attached hereto and incorporated herein by this reference. Special conditions, if any, relating to the Work are described in the Exhibits attached hereto and incorporated herein by this reference.

B. Change in Scope of Work Any change in the scope of the Work, method of performance, nature of materials or price thereof, or any other matter materially affecting the performance or nature of the Work shall not be paid for or accepted unless such change, addition or deletion is approved in advance and in writing by a valid change order executed by the City.

SECTION 4. PERIOD OF PERFORMANCE AND LIQUIDATED DAMAGES

Contractor shall perform and complete all Work under this Contract within XX **working days**, beginning the effective date of the Notice to Proceed ("Contract Time"). Contractor shall perform its Work in strict accordance with any completion schedule, construction schedule or project milestones developed by the City. Contractor agrees that if such Work is not completed within the aforementioned Contract Time and/or pursuant to any such completion schedule, construction schedule or project milestones developed pursuant to provisions of the Contract, it is understood, acknowledged and agreed that the City will suffer damage. Since it is impractical and infeasible to determine the amount of actual damage, it is agreed that the Contractor shall pay to the City as fixed and liquidated damages, and not as a penalty, the sum of **XXXXX Dollars ($XXX) per day** for each and every calendar day of delay beyond the Contract Time or beyond any completion schedule, construction schedule or Project milestones established pursuant to the Contract.

SECTION 5. STANDARD OF PERFORMANCE

Contractor shall perform all Work under this Contract in a skillful and workmanlike manner, and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Work. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Work assigned to them. Finally, Contractor represents that it, its employees and its subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Work, and that such licenses and approvals shall be maintained throughout the term of this Contract. Any employee who is determined by the City to be uncooperative, incompetent, a threat to the safety of persons or the Work, or any employee who fails or refuses to perform the Work in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed on the Work.

SECTION 6. CONTROL AND PAYMENT OF SUBORDINATES; CONTRACTUAL RELATIONSHIP

City retains Contractor on an independent contractor basis and Contractor is not an employee of City. Any additional personnel performing the work governed by this Contract on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance under this Contract and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, and workers' compensation insurance.

SECTION 7. CITY'S BASIC OBLIGATION

City agrees to engage and does hereby engage Contractor as an independent contractor to furnish all materials and to perform all Work according to the terms and conditions herein contained for the sum set forth above. Except as otherwise provided in the Contract, the City shall pay to Contractor, as full consideration for the satisfactory performance by the Contractor of the services and obligations required by this Contract, the above referenced compensation in accordance with

compensation provisions set forth in the Contract.

SECTION 8. COMPENSATION AND PAYMENT

A. Amount of Compensation. As consideration for performance of the Work required herein, City agrees to pay Contractor the Total Contract Price of **[INSERT DOLLARS]** Dollars and **[INSERT CENTS]** Cents ($_____) ("Total Contract Price") provided that such amount shall be subject to adjustment pursuant to the applicable terms of this Contract or written change orders approved and signed in advance by the City.

B. Payment of Compensation. If the Work is scheduled for completion in thirty (30) or less calendar days, City will arrange for payment of the Total Contract Price upon completion and approval by City of the Work. If the Work is scheduled for completion in more than thirty (30) calendar days, City will pay Contractor on a monthly basis as provided for herein. On or before the fifth (5th) day of each month, Contractor shall submit to the City an itemized application for payment in the format supplied by the City indicating the amount of Work completed since commencement of the Work or since the last progress payment. These applications shall be supported by evidence which is required by this Contract and such other documentation as the City may require. The Contractor shall certify that the Work for which payment is requested has been done and that the materials listed are stored where indicated. Contractor may be required to furnish a detailed schedule of values upon request of the City and in such detail and form as the City shall request, showing the quantities, unit prices, overhead, profit, and all other expenses involved in order to provide a basis for determining the amount of progress payments.

City shall review and pay all progress payment requests in accordance with the provisions set forth in Section 20104.50 of the California Public Contract Code. No progress payments will be made for Work not completed in accordance with this Contract.

SECTION 9. CONTRACT RETENTIONS

From each approved progress estimate, five percent (5%) will be deducted and retained by the City, and the remainder will be paid to Contractor. All Contract retainage shall be released and paid to the Contractor and subcontractors pursuant to California Public Contract Code Section 7107.

SECTION 10. OTHER RETENTIONS

In addition to Contract retentions, the City may deduct from each progress payment an amount necessary to protect City from loss because of: (1) liquidated damages which have accrued as of the date of the application for payment; (2) any sums expended by the City in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has performed inadequately; (3) defective Work not remedied; (4) stop notices as allowed by state law; (5) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract Price or within the scheduled completion date; (6) unsatisfactory prosecution of the Work by Contractor; (7) unauthorized deviations from the Contract; (8) failure of the Contractor to maintain or submit on a timely basis, proper and sufficient documentation as required by the Contract or by City during the prosecution of the Work; (9) erroneous or false estimates by the Contractor of the value of the Work performed; (10) any sums representing expenses, losses, or damages as determined by the City, incurred by the City for which Contractor is liable under the Contract; and (11) any other sums which the City is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including Section 1727 of the California Labor Code. The failure

by the City to deduct any of these sums from a progress payment shall not constitute a waiver of the City's right to such sums.

SECTION 11. SUBSTITUTIONS FOR CONTRACT RETENTIONS

In accordance with California Public Contract Code Section 22300, the City will permit the substitution of securities for any monies withheld by the City to ensure performance under the Contract. At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the City, or with a state or federally chartered bank in California as the escrow agent, and thereafter the City shall then pay such monies to the Contractor as they come due. Upon satisfactory completion of the Contract, the securities shall be returned to the Contractor. For purposes of this Section and Section 22300 of the Public Contract Code, the term "satisfactory completion of the contract" shall mean the time the City has issued written final acceptance of the Work and filed a Notice of Completion as required by law and provisions of this Contract. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this Section shall be in the form provided by the City.

SECTION 12. PAYMENT TO SUBCONTRACTORS

Contractor shall pay all subcontractors for and on account of work performed by such subcontractors in accordance with the terms of their respective subcontracts and as provided for in Section 10262 of the California Public Contract Code. Such payments to subcontractors shall be based on the measurements and estimates made and progress payments provided to Contractor pursuant to this Contract.

SECTION 13. TITLE TO WORK

As security for partial, progress, or other payments, title to Work for which such payments are made shall pass to the City at the time of payment. To the extent that title has not previously been vested in the City by reason of payments, full title shall pass to the City at delivery of the Work at the destination and time specified in this Contract. Such transferred title shall in each case be good, and free and clear from any and all security interests, liens, or other encumbrances. Contractor promises and agrees that it will not pledge, hypothecate, or otherwise encumber the items in any manner that would result in any lien, security interest, charge, or claim upon or against said items. Such transfer of title shall not imply acceptance by the City, nor relieve Contractor from the responsibility to strictly comply with the Contract, and shall not relieve Contractor of responsibility for any loss of or damage to items.

SECTION 14. DISPUTE RESOLUTION

Any separate demand by Contractor for the payment of money or damages shall be resolved in accordance with Public Contract Code Sections 20104 et seq., if applicable.

SECTION 15. TERMINATION

This Contract may be terminated by City at any time by giving Contractor three (3) days advance written notice. In the event of termination by City for any reason other than the fault of Contractor, City shall pay Contractor for all Work performed up to that time as provided herein. In the event of breach of the Contract by Contractor, City may terminate the Contract immediately without notice, may reduce payment to the Contractor in the amount necessary to offset City's resulting damages, and may pursue any other available recourse against Contractor. Contractor may not terminate this Contract except for cause.

In the event this Contract is terminated in whole or in part as provided, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated. Further, if this Contract is terminated as provided, City may require Contractor to provide all finished or unfinished documents, data, diagrams, drawings, materials or other matter prepared or built by Contractor in connection with its performance of this Contract.

SECTION 16. COMPLETION OF WORK

When the Contractor determines that it has completed the Work required herein, Contractor shall so notify City in writing and shall furnish all labor and material releases required by this Contract. City shall thereupon inspect the Work. If the Work is not acceptable to the City, the City shall indicate to Contractor in writing the specific portions or items of Work which are unsatisfactory or incomplete. Once Contractor determines that it has completed the incomplete or unsatisfactory Work, Contractor may request a re-inspection by the City. Once the Work is acceptable to City, City shall pay to Contractor the Total Contract Price remaining to be paid, less any amount which City may be authorized or directed by law to retain. Payment of retention proceeds due to Contractor shall be made in accordance with Section 7107 of the California Public Contract Code.

SECTION 17. CITY'S REPRESENTATIVE

The City hereby designates the **City Engineer**, or his or her designee, to act as its representative for the performance of this Contract ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Contract. Contractor shall not accept direction or orders from any person other than the City's Representative or his or here designee.

SECTION 18. CONTRACTOR'S REPRESENTATIVE

Before starting the Work, Contractor shall submit in writing the name, qualifications and experience of its proposed representative who shall be subject to the review and approval of the City ("Contractor's Representative"). Following approval by the City, the Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Contract. The Contractor's Representative shall supervise and direct the Work, using his best skill and attention, and shall be responsible for all construction means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Work under this Contract. Contractor's Representative shall devote full time to the Project and either he or his designee, who shall be acceptable to the City, shall be present at the Work site at all times that any Work is in progress and at any time that any employee or subcontractor of Contractor is present at the Work site. Arrangements for responsible supervision, acceptable to the City, shall be made for emergency Work which may be required. Should Contractor desire to change its Contractor's Representative, Contractor shall provide the information specified above and obtain the City's written approval.

SECTION 19. CONTRACT INTERPRETATION

Should any question arise regarding the meaning or import of any of the provisions of this Contract or written or oral instructions from City, the matter shall be referred to City's Representative, whose decision shall be binding upon Contractor.

SECTION 20. LOSS AND DAMAGE

Contractor shall be responsible for all loss and damage which may arise out of the nature of the

Work agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Work until the same is fully completed and accepted by City. However, Contractor shall be responsible for damage proximately caused by Acts of God, within the meaning of Section 4150 of the Government Code, only to the extent of five percent (5%) of the Total Contract Price as specified herein. In the event of damage proximately caused by "Acts of God," the City may terminate this Contract upon three (3) days advanced written notice.

SECTION 21. INDEMNIFICATION

A. Indemnification. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged acts, omissions or willful misconduct of Contractor, its officials, officers, employees, agents, consultants and contractors arising out of or in connection with the performance of the Services, the Project or this Agreement, including without limitation the payment of all consequential damages and attorneys fees and other related costs and expenses. Contractor shall defend, at Contractor's own cost, expense and risk, any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against City, its directors, officials, officers, employees, agents or volunteers. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against City or its directors, officials, officers, employees, agents or volunteers, in any such suit, action or other legal proceeding. Contractor shall reimburse City and its directors, officials, officers, employees, agents and/or volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents or volunteers.

B. General Indemnification. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement. In the event Contractor fails to obtain such indemnity obligations from others are required here, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth here is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

SECTION 22. INSURANCE

Prior to the beginning of and throughout the duration of the Work, Contractor will maintain insurance in conformance with the requirements set forth below. Contractor will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth here, Contractor agrees to amend, supplement or endorse the existing coverage to do so. Contractor acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds in excess of the limits and coverage required in this Agreement and which are applicable to a given loss, will be available to the City. Contractor shall provide the following types and amounts of insurance:

A. Commercial General Liability Insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01 or the exact equivalent. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another. Limits are subject to review but in no event less than $1,000,000 per occurrence for all covered losses and no less than $2,000,000 general aggregate.

B. Business Auto Coverage on ISO Business Auto Coverage form CA 00 01 including symbol 1 (Any Auto) or the exact equivalent. Limits are subject to review, but in no event to be less than $1,000,000 per accident. If Contractor owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Contractor or Contractor's employees will use personal autos in any way on this project, Contractor shall provide evidence of personal auto liability coverage for each such person.

C. Workers Compensation on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than $1,000,000 per accident or disease.

D. Excess or Umbrella Liability Insurance (Over Primary) if used to meet limit requirements, shall provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an umbrella liability policy shall include a drop down provision providing primary coverage above a maximum $25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage shall be provided on a "pay on behalf" basis, with defense costs payable in addition to policy limits. Policy shall contain a provision obligating insurer at the time insured's liability is determined, not requiring actual payment by the insured first. There shall be no cross liability exclusion precluding coverage for claims or suits by one insured against another. Coverage shall be applicable to City for injury to employees of Contractor, subcontractors or others involved in the Work. The scope of coverage provided is subject to approval of City following receipt of proof of insurance as required herein. Insurance procured pursuant to these requirements shall be written by insurers that are admitted carriers in the State of California and with an A.M. Best rating of A or better and a minimum financial size VII.

E. General conditions pertaining to provision of insurance coverage by Contractor. Contractor and City agree to the following with respect to insurance provided by Contractor:

(1) Contractor agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insureds City, its officials, employees and agents, using standard ISO endorsement No. CG 2010 with an edition prior to 1992. Contractor also agrees to require all contractors, and subcontractors to do so likewise.

(2) No liability insurance coverage provided to comply with this Agreement shall prohibit Contractor, or Consultant's employees, or agents, from waiving the right of subrogation prior to a loss. Contractor agrees to waive subrogation rights against City regardless of the applicability of any insurance proceeds, and to require all contractors and subcontractors to do likewise.

(3) All insurance coverage and limits provided by Contractor and available or applicable to this Agreement are intended to apply to the full extent of the policies. Nothing

contained in this Agreement or any other agreement relating to the City or its operations limits the application of such insurance coverage.

(4) None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved in writing.

(5) No liability policy shall contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or any contractor or subcontractor.

(6) All coverage types and limits required are subject to approval, modification and additional requirements by the City, as the need arises. Contractor shall not make any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect City's protection without City's prior written consent.

(7) Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to Contractor's general liability policy, shall be delivered to City at or prior to the execution of this Agreement. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, City has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by City shall be charged to and promptly paid by Contractor or deducted from sums due Contractor, at City option.

(8) Certificate(s) are to reflect that the insurer will provide 30 days notice to City of any cancellation of coverage. Contractor agrees to require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, or that any party will "endeavor" (as opposed to being required) to comply with the requirements of the certificate.

(9) It is acknowledged by the parties of this Agreement that all insurance coverage required to be provided by Contractor or any subcontractor, is intended to apply first and on a primary, non-contributing basis in relation to any other insurance or self insurance available to City.

(10) Contractor agrees to ensure that subcontractors, and any other party involved with the project that is brought onto or involved in the project by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with subcontractors and others engaged in the project will be submitted to City for review.

(11) Contractor agrees not to self-insure or to use any self-insured retention's or deductibles on any portion of the insurance required herein except as disclosed to and approved by the City and further agrees that it will not allow any contractor, subcontractor, Architect, Engineer or other entity or person in any way involved in the performance of work on the project contemplated by this Agreement to self-insure its obligations to City. City expressly approves

maintenance by the Contractor of a $100,000 deductible on its current Professional Liability insurance policy.

(12) The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Contractor ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Contractor, the City will negotiate additional compensation proportional to the increased benefit to City.

(13) For purposes of applying insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this Agreement.

(14) Contractor acknowledges and agrees that any actual or alleged failure on the part of City to inform Contractor of non-compliance with any insurance requirement in no way imposes any additional obligations on City nor does it waive any rights hereunder in this or any other regard.

(15) Contractor will renew the required coverage annually as long as City, or its employees or agents face an exposure from operations of any type pursuant to this Agreement. This obligation applies whether or not the Agreement is canceled or terminated for any reason. Termination of this obligation is not effective until City executes a written statement to that effect.

(16) Contractor shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Contractor's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to City within five days of the expiration of the coverages.

(17). The provisions of any workers' compensation or similar act will not limit the obligations of Contractor under this Agreement. Contractor expressly agrees not to use any statutory immunity defenses under such laws with respect to City, its employees, officials and agents.

(18) Requirements of specific coverage features or limits contained in this section are not intended as limitations on coverage, limits or other requirements nor as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be limiting or all-inclusive.

(19) These insurance requirements are intended to be separate and distinct from any other provision in this Agreement and are intended by the parties here to be interpreted as such.

(20). The requirements in this Section supersede all other sections and provisions of this Agreement, except Exhibit "D" "Modifications to Contract Documents", to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

(21) Contractor agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge City or Contractor for the cost of additional insurance coverage required by this Agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.

(22) Contractor agrees to provide immediate notice to City of any claim or loss against Contractor arising out of the work performed under this Agreement. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.

SECTION 23. BONDS

A. Performance Bond. If specifically requested by City in the Bidding Documents, attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

B. Payment Bond. If required by law or otherwise specifically requested by City in the Bidding Documents, attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

C. Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this Section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

D. Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety with a current A.M. Best's rating no less than A:VIII and satisfactory to the City. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

SECTION 24. SAFETY

Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. Contractor shall comply with the requirements of the specifications relating to safety measures applicable in particular operations or kinds of work. In carrying out its Work, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Work and the conditions under which the Work is to be performed. Safety precautions as applicable shall include, but shall not be limited to, adequate life protection and life saving equipment; adequate illumination for underground and night operations; instructions in accident prevention for all employees, such as machinery guards, safe walkways, scaffolds, ladders, bridges, gang planks, confined space procedures, trenching and shoring, fall protection and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and adequate facilities for the proper inspection and maintenance of all safety measures. Furthermore, Contractor shall prominently display the names and telephone numbers of at least two medical doctors practicing in the vicinity of the Project, as well as the telephone number of the local ambulance service, adjacent to all telephones at the Project site.

SECTION 25. WARRANTY

Contractor warrants all Work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) Days after being notified in writing by the City of any defect in the Work or non-conformance of the Work to the Contract, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at his sole cost and expense. Contractor shall act sooner as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor's obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as the City may require verifying that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

SECTION 26. LAWS AND REGULATIONS

Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Contract or the Work, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Work. If the Contractor observes that the drawings or specifications are at variance with any law, rule or regulation, it shall promptly notify the City in writing. Any necessary changes shall be made by written change order. If the Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, the Contractor shall be solely responsible for all costs arising there from. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Contract, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

SECTION 27. PERMITS AND LICENSES

Contractor shall be responsible for securing, at its own expense, and paying for all permits and licenses necessary to perform the Work described herein.

SECTION 28. TRENCHING WORK

If the Total Contract Price exceeds $25,000 and if the Work governed by this Contract entails excavation of any trench or trenches five (5) feet or more in depth, Contractor shall comply with all applicable provisions of the Labor Code, including Section 6705. To this end, Contractor shall submit for City's review and approval a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

SECTION 29. HAZARDOUS MATERIALS AND DIFFERING CONDITIONS

As required by Public Contract Code Section 7104, if this Contract involves digging trenches or other excavations that extend deeper than four (4) feet below the surface, Contractor shall promptly, and prior to disturbance of any conditions, notify City of: (1) any material discovered in excavation that Contractor believes to be a hazardous waste that is required to be removed to a Class I, Class II or Class III disposal site; (2) subsurface or latent physical conditions at the site differing from those indicated by City; and (3) unknown physical conditions of an unusual nature at the site, significantly different from those ordinarily encountered in such contract work. Upon notification, City shall promptly investigate the conditions to determine whether a change order is appropriate. In the event of a dispute, Contractor shall not be excused from any scheduled completion date and shall proceed with all Work to be performed under the Contract, but shall retain all rights provided by the Contract or by law for making protests and resolving the dispute.

SECTION 30. UNDERGROUND UTILITY FACILTIES

To the extent required by Section 4215 of the Government Code, City shall compensate Contractor for the costs of: (1) locating and repairing damage to underground utility facilities not caused by the failure of Contractor to exercise reasonable care; (2) removing or relocating underground utility facilities not indicated in the construction drawings; and (3) equipment necessarily idled during such work. Contractor shall not be assessed liquidated damages for delay caused by failure of City to provide for removal or relocation of such utility facilities.

SECTION 31. PREVAILING WAGES

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), the Davis-Bacon Act of 1931 and 23 USC 113, which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Contractor agrees to fully comply with such Prevailing Wage Laws.

SECTION 32. APPRENTICEABLE CRAFTS

When Contractor employs workmen in an apprenticed craft or trade, Contractor shall comply with the provisions of Section 1777.5 of the Labor Code with respect to the employment of properly registered apprentices upon public works. The primary responsibility for compliance with said section for all apprenticed occupations shall be with Contractor.

SECTION 33. HOURS OF WORK

Contractor is advised that eight (8) hours labor constitutes a legal day's work. Pursuant to Section 1813 of the Labor Code, Contractor shall forfeit a penalty of $25.00 per worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one-half (1-1/2) times the basic rate for that worker.

SECTION 34. PAYROLL RECORDS

In accordance with the requirements of Labor Code Section 1776, Contractor shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Responsibility for compliance with Labor Code Section 1776 shall rest solely with Contractor, and Contractor shall make all such records available for inspection at all reasonable hours.

SECTION 35. CONTRACTOR'S LABOR CERTIFICATION

By its signature hereunder, Contractor certifies that he is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Work. A certification form for this purpose, which is attached to this Contract as Exhibit "C" and incorporated herein by reference, shall be executed simultaneously with this Contract.

SECTION 36. LABOR AND MATERIAL RELEASES

Contractor shall furnish City with labor and material releases from all subcontractors performing work on, or furnishing materials for, the work governed by this Contract prior to final payment by City.

SECTION 37. EQUAL OPPORTUNITY EMPLOYMENT

Contractor represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the state or Federal Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

SECTION 38. ANTI-TRUST CLAIMS

This provision shall be operative if this Contract is applicable to California Public Contract Code Section 7103.5. In entering into this Contract to supply goods, services or materials, the Contractor hereby offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Contract. This assignment shall be made and become effective at the time the City tender final payment to the Contractor, without further acknowledgment by the parties.

SECTION 39. NOTICES

All notices hereunder and communications regarding interpretation of the terms of the Contract or changes thereto shall be provided by the mailing thereof by registered or certified mail, return receipt requested, postage prepaid and addressed as follows:

CITY	**CONTRACTOR**
City of Eastvale	[INSERT NAME]
12363 Limonite Ave., Suite910	[INSERT ADDRESS]
Eastvale, CA 91752	Attn: [INSERT NAME]
Attn: Name	

Any notice so given shall be considered received by the other party three (3) days after deposit in the U.S. Mail as stated above and addressed to the party at the above address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

SECTION 40. ENTIRE CONTRACT; MODIFICATION

This Agreement, including the attached Exhibits "A" through "G", the advertised bid documents, associated addendas, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreement or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of the agreement. No prior statements, representations or other agreements, whether oral or written, made by any parties which are not embodied herein shall be valid and binding. No amendment to this Agreement shall be valid and binding unless in writing duly executed by the parties or their authorized representatives.

SECTION 41. TIME IS OF THE ESSENCE

Time is of the essence in the performance of this Contract.

SECTION 42. ASSIGNMENT FORBIDDEN

Contractor shall not, either voluntarily or by action of law, assign or transfer this Contract or any obligation, right, title or interest assumed by Contractor herein without the prior written consent of City. If Contractor attempts an assignment or transfer of this Contract or any obligation, right, title or interest herein, City may, at its option, terminate and revoke the Contract and shall thereupon be relieved from any and all obligations to Contractor or its assignee or transferee.

SECTION 43. GOVERNING LAW

This Contract shall be governed by the laws of the State of California.

SECTION 44. COUNTERPARTS

This Contract may be executed in counterparts, each of which shall constitute an original.

SECTION 45. SUCCESSORS

The parties do for themselves, their heirs, executors, administrators, successors, and assigns agree to the full performance of all of the provisions contained in this Contract.

SECTION 46. ATTORNEYS' FEES

If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Contract, the prevailing party in such action shall be entitled to have and recover from the losing party reasonable attorneys' fees and all other costs of such action.

SECTION 47. CLAIMS OF $375,000 OR LESS

Notwithstanding any other provision herein, claims of $375,000 or less shall be resolved pursuant to the alternative dispute resolution procedures set forth in Public Contracts Code 20104, et seq.

SECTION 48. PROHIBITED INTERESTS

A. Solicitation. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Contract. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, City shall have the right to terminate this Contract without liability.

B. Conflict of Interest. For the term of this Contract, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Contract, or obtain any present or anticipated material benefit arising there from.

SECTION 49. CERTIFICATION OF LICENSE

Contractor certifies that as of the date of execution of this Contract, Contractor has a current contractor's license of the classification indicated below under Contractor's signature.

IN WITNESS WHEREOF, each of the parties has caused this Contract to be executed on the day and year first above written.

EXHIBIT "A" PLANS AND SPECIFICATIONS

The following plans and specifications are incorporated into this Contract herein by this reference:

The work for which this proposal is submitted is for construction in conformance with these bid documents, including any addenda thereto, the contract annexed hereto, and also in conformance with the 2021 Edition of the Standard Specifications for Public Works Construction (Standard Specifications), City of Eastvale Standards for Design and Construction of Public Improvements, City of Eastvale Standard Specifications for Design and Construction of Public Improvements, Riverside County Transportation Department Improvement Standards and Specifications, latest edition, County Ordinance No. 461 and subsequent amendments, the California Department of Transportation Standard Plans and Specifications, 2018 Edition (State Standard) and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished.

The Plans and Specifications for the work are as follows:

- **Advertised bid documents and associated Addendas for: 2026 Residential Slurry Seal Project (CIP Project #94001) Bid Number #26-112CIP**

EXHIBIT "B" BID PROPOSAL

The following Bid Proposal from (Contractor's name) are incorporated into this Contract.

[INSERT BID PROPOSAL]

EXHIBIT "C" SPECIAL CONDITIONS

Standard Erosion and Sediment Control Plan Notes:

1. Dust control shall conform to Section 10, "Dust Control", Section 7-1.01F, "Air Pollution Control", Section 17, "Watering", and Section 18 "Dust Palliative" of the State Standard Specifications, Rules no. 401, 402, 403 and 403.1 of the South Coast Air Quality Management District (AQMD), Riverside County Code, Chapter 8.52, "Fugitive Dust Reduction Program For Coachella Valley", all other applicable Federal and State laws, and the requirements set forth herein.
2. The Contractor is cautioned that failure to control fugitive dust may result in fines being levied by the South Coast Air Quality Management District to both the Contractor and the City of Eastvale, as owner. The Contractor shall be fully responsible for payment of all fines pertaining to air pollution control violations, resulting from Contractor's operations related to the construction contract, which may be levied against both the Contractor and the City of Eastvale by the AQMD or other regulatory agencies. The Contractor's attention is directed to Section 7-1.01, "Laws to be Observed" of the State Standard Specifications. The cost of all fines levied against the City of Eastvale will be deducted from any moneys due or which may become due to the Contractor, unless other payment arrangements are made by the Contractor.
3. Dust control of all of the contractor's operations is required 24 hours per day, 7 days a week for the duration of the contract, and until the disturbed soil is permanently stabilized. The Contractor shall take every precaution to prevent emissions of fugitive dust from the project site, from locations of stockpiled materials, from unpaved driving surfaces, from haul vehicles, from inactive construction areas, and from all other operations of the Contractor. The Contractor shall plan for and carry out proper and efficient measures to prevent his operations from producing dust in amounts damaging to property or which constitute a public nuisance, or which cause harm to person living or working in the vicinity of the work. Of particular concern are emissions of PM10 particles, which are fine particulate matter of 10 microns or less and which are associated with sickness and death from respiratory disease.
4. The Contractor shall respond to complaints by mobilizing equipment and personnel at the construction site within 2 hours of each complaint to control fugitive dust.
5. Attention is directed to AQMD Rule 403.1, which applies to all contracts within the City of Eastvale. That AQMD Rule requires the Contractor to take specified dust control actions when prevailing wind speeds exceed 25 miles per hour. Wind forecasts, AQMD Rules and other related information are provided by AQMD at 1-800-CUT-SMOG and at www.aqmd.gov.
6. The Contractor shall utilize the "Best Available Control Measures" of controlling fugitive dust, as prepared by the AQMD. However, if fugitive dust crosses the project boundary, more effective control measures, including the "Best Available Control Measures" shall be implemented.
7. A site specific fugitive dust control plan shall be submitted to the City Engineer for review and approval at least 10 days prior to the start of construction.
8. The fugitive dust control plan shall include the "Reasonably Available Control Measures" and "Best Available Control Measures" of controlling fugitive dust, as may be appropriate and necessary, including by not limited to watering, application of chemical dust

suppressants, wind fencing, covering of haul vehicles, haul vehicle bed-liners, grading, planting of vegetation, the use of a 24 hour environmental observer, and track-out controls at locations where unpaved construction accesses intersect with paved roads. The use of chemical stabilizers, which are approved by all environmental regulatory agencies, and the use of reclaimed water is encouraged. If water is intended as a primary dust control tool, the dust control plan shall provide for at least one 2,000 gallon water truck for every 4 acres of disturbed soil, unless otherwise approved by the City Engineer.

9. If the Project Inspector determines that the project scope and the forecasted weather conditions are such that the Contractor's work is unlikely to be a source of dust emissions, the Construction Engineer has the authority to waive the requirements for submittal of a dust control plan and for placement of the dust control signs described herein. However, the Contractors responsibilities for the control of fugitive dust and the other requirements of this section may not be waived.
10. A completion notice will not be filled, and the final payment will not be made to the Contractor until the areas of disturbed soil on the construction site, including roadway shoulders, are suitable stabilized for long term control of fugitive dust.
11. This signature of the Contractor on the Proposal constitutes acknowledgement by the Contractor of the dust control enforceability of those requirements.
12. Full compensation for conformance with these dust abatement requirements, including lab equipment and materials, developing water supply and incidentals, shall be considered as included in items of work, and no additional compensation will be allowed therefore.
13. The successful Contractor shall attend an AQMD PM10 Dust Control Program training session, and furnish evidence of attendance to the City Engineer. Attendance at AQMD training seminars can be scheduled the AQMD at 1-866-861-DUST or by email to dustcontrol@agmd.gov. Current AQMD certification of previous attendance will be accepted. At that training session, the successful Contractor will be furnished with the AQMD prepared Rule 403 and Rule 403.1 implementation handbooks, which include the Best Available Control Measures" and "Reasonably Available Control Measures", and other associated information, including a listing of suggested dust control related to devices, material and chemicals.
14. Any days on which the Contractor is prevented from working, due to the requirements of AQMD Rules, will be considered as non-working days, in accordance with Section 8-1.06, "Time of Completion" of the State Standard Specification.

EXHIBIT "D" CERTIFICATION LABOR CODE-SECTION 1861

I, the undersigned Contractor, am aware of the provisions of Section 3700 et seq. of the Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of the Code, and I, the undersigned Contractor, agree to and will comply with such provisions before commencing the performance of the Work on this Contract.

FAITHFUL PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS:

THAT, WHEREAS, THE CITY OF EASTVALE, hereinafter designated as the "City", entered into a Contract dated _____, 20_, with _____ hereinafter designated as the "Contractor" for the work described as follows:

_____ Project

WHEREAS, the said Contractor is required under terms of said Contract to furnish a bond for the faithful performance of said Contract;

WHEREAS, the Contract is by reference made a part hereof;

NOW, THEREFORE, we, _____ the undersigned Contractor, as Principal, and _____ (corporate surety), a corporation organized and existing under the laws of the State of _____, and duly authorized to transact business under the laws of the State of California, as Surety, are held and firmly bound unto the City in the penal sum of _____ dollars ($_____), lawful money of the United States, said sum being not less than one hundred (100) percent of the total Contract amount, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT, if the above bounded Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, and agreements in the said Contract and any alterations thereof made as therein provided, on his or their part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless the City, its officers and agents, as therein stipulated, then this obligation shall become null and void; otherwise it shall be and remain in full force and virtue.

As a condition precedent to the satisfactory completion of the said Contract, the above obligation in said amount shall hold good for a period of one (1) year after the completion and acceptance of the said work, during which time if the above bounded Contractor, his or its heirs, executors, administrators, successors or assigns shall fail to make full, complete, and satisfactory repair and replacements or totally protect the City from loss or damage made evident during said period of one year from the date of acceptance of said work, and resulting from or caused by defective materials or faulty workmanship in the prosecution of the work done, the above obligation in the said sum shall remain in full force and effect. However, anything in this paragraph to the contrary notwithstanding, the obligation of the Surety hereunder shall continue so long as any obligation of the Contractor remains.

And the Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder

or the specifications accompanying the same shall, in any way, affect its obligations on this bond and it does hereby waive notice of any such change, extension of time, alteration, or addition to the terms of the Contract or to the work or the specifications. Said Surety hereby waives the provisions of Sections 2819 and 2845 of the Civil Code of the State of California.

In the event suit is brought upon this bond by the City and judgment is recovered, the Surety shall pay all costs incurred by the City in such suit, including reasonable attorney's fees to be fixed by the Court.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this_____day of_____, 20_.

NOTE: If Contractor is Partnership, all parties must execute Bond.

IMPORTANT: Surety companies executing Bonds must appear on the Treasury Department's most current list (Circular 570 as amended) and be authorized to transact business in California.

NOTICE: The signature of the Surety on this bond must be acknowledged before a notary public, and this bond must be accompanied by evidence of the signatory's appointment as attorney in fact and authority to bind the Surety.

MANDATORY: The Surety shall be authorized and licensed by the California Insurance Commissioner as an "admitted surety insurer." (See Cal. Code Civ. Proc. § § § 995.310, 995.311, 995.320)

APPROVAL: Bonds must be approved by the City. In order to verify the status of the Surety as an admitted surety, the Surety shall provide the City with at least one of the following: (1) a print-out of information from the web-site of the Department of Insurance confirming the Surety is an admitted surety insurer and attaching it to the bond; or (2) a certificate from the Riverside County Clerk that the certificate of authority of the Surety has not been surrendered, revoked, cancelled, annulled or suspended and confirming that the Surety is an admitted surety and attaching the certificate to the bond. (See Cal. Code Civ. Proc. Code § 995.311).

PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

THAT, WHEREAS, THE CITY OF EASTVALE, hereinafter designated as the "City", has awarded to_____, hereinafter designated as the "Contractor" a Contract for the work described as follows:

_____ Project

WHEREAS, the Contractor is required by the Contract and by the provisions of Division Third, Part 4, Title 15, Chapter 7 of the Civil Code to furnish a bond in connection with the Contract, as hereinafter set forth.

NOW, THEREFORE, we,_____, the undersigned Contractor, as Principal, and_____, a corporation organized and existing under the laws of the State of_____duly authorized to transact business under the laws of the State of California, as Surety, are held and firmly bound unto the_____in the sum of _____ dollars ($_____) said sum being not less than one hundred (100) percent of the total Contract amount payable by the city, under the terms of the Contract, for which payment well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT, if the Contractor, his or its heirs, executors, administrators, successors and assigns or subcontractors shall fail to pay for any materials, provisions, provender or other supplies or teams, implements or machinery used in, upon, for or about the performance of the work contracted to be done, or shall fail to pay for any work or labor thereon of any kind, or shall fail to pay any persons named in Civil Code section 3181, or shall fail to pay for amounts due under the Unemployment Insurance Code with respect to such work or labor as required by the provisions of Division Third, Part 4, Title 15, Chapter 7 of the Civil Code, or shall fail to pay for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the Contractor and subcontractors pursuant to Section 13020 of the Unemployment Insurance Code with respect to such work or labor, and provided that the claimant shall have complied with the provisions of that Code, the Surety or Sureties hereon will pay for the same in amount not exceeding the sum specified in the Contract, otherwise the above obligation shall be void. In case suit is brought upon this bond, the Surety will pay all court costs, expenses and reasonable attorney's fee to the prevailing party to be fixed by the court.

This bond shall inure to the benefit of any and all persons, companies and corporations entitled to file claims under Section 3181 of the Civil Code, so as to give a right of action to them or to their assigns in any suit brought upon this bond.

And the Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or the specifications accompanying the same shall in any way affect its obligation on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contractor to the work or to the specifications.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this_____day of_____, 20_.

Rubberized Pavement Certification

The Rubberized Pavement Certification form must be submitted with the payment request form(s). By signing this form, the signator certifies, under penalty of perjury, that the information provided below by the rubberized pavement (RP) manufacturer, binder supplier or contractor is true and accurate.

Grantee: Request completion of this form by each RP manufacturer, binder supplier or contractor. Review form for completeness and submit form to CalRecycle with payment request form(s). Retain supporting documentation that only California-generated waste tires were used for this grant project.

RP manufacturer, binder supplier or contractor: See instructions on the next page, complete and submit form to Grantee.

			/		=	
					TOTAL:	

The Product Provider agrees to be bound by the Audit/Records Access requirements of the above-referenced Grant. See next page for additional detail.

I certify under penalty of perjury that the material provided to the above-named grantee was manufactured from only California-generated waste tires. I understand that if it cannot be verified that the source of the material is from only California-generated waste tires, or an audit discloses the use of non-California tire rubber, that the CalRecycle may deny reimbursement or require the grantee to return all grant funds previously paid under this grant, and that the grantee may seek reimbursement from the above-named RP manufacturer, binder supplier or contractor.

This form must be completed and submitted to the Department of Resources Recycling and Recovery (CalRecycle) prior to authorizing a contractor(s) to commence work. Failure to provide this documentation in a timely manner may result in nonpayment of funds to the contractor(s).

This form is intended to help the CalRecycle s Grantees comply with the Reliable Contractor Declaration (formerly Unreliable List) requirement of their Terms and Conditions.

The Reliable Contractor Declaration (formerly Unreliable List) provision requires the following: Prior to authorizing a contractor(s) to commence work under the Grant, the Grantee shall submit to CalRecycle a declaration signed under penalty of perjury by the contractor(s) stating that within the preceding three (3) years, none of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor(s). Please see the end of this page or refer to the California Code of Regulations (K W W S V R D O F D J R Y S X E O L F D W L R Q V F F U).

If any of the events listed in Section 17050 have occurred, disclosure is required but will not necessarily result in CalRecycle refusing to approve the contractor. A signed statement explaining the facts and circumstances of the events must be attached to and submitted with this form.

Contractor: Co mplete the form and send original to the Grantee.
Grantee: Scan the form and upload it to the grant in CalRecycle s Grant Management System. For further instruction about logging into the Grant Management System and uploading this form, reference the Procedures and Requirements. Retain the original form in your grant file.

As the authorized representative of the above identified contractor, I declare under penalty of perjury under the laws of the State of California that within the preceding three (3) years, none

of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the above identified contractor.

Alternatively, as the authorized representative of the above identified contractor, I declare under penalty of perjury under the laws of the State of California that within the preceding three (3) years, if any of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the above identified contractor, I have disclosed all such occurrences in an attached signed statement that explains the facts and circumstances of the listed events

Signature	Date

Title 14 CCR, Division 7, Chapter 1
Article 5. Unreliable Contractors, Subcontractors, Borrowers and Grantees
Section 17050. Grounds for Placement on Unreliable List

The following are grounds for a finding that a contractor, any subcontractor that provides services for a board agreement, grantee or borrower is unreliable and should be placed on the board's Unreliable Contractor, Subcontractor, Grantee or Borrower List (Unreliable List). The presence of one of these grounds shall not automatically result in placement on the Unreliable List. A finding must be made by the Executive Director in accordance with section 17054, and there must be a final decision on any appeal that may be filed in accordance with section 17055 et seq.

a) Disallowance of any and/or all claim(s) to the board due to fraudulent claims or reporting; or
b) The filing of a civil action by the Attorney General for a violation of the False Claims Act, Government Code section 12650 et. seq; or
c) Default on a board loan, as evidenced by written notice from board staff provided to the borrower of the default; or
d) Foreclosure upon real property loan collateral or repossession of personal property loan collateral by the board; or
e) (e) Filing voluntary or involuntary bankruptcy, where there is a finding based on substantial evidence, that the bankruptcy interfered with the board contract, subcontract, grant or loan; or
f) Breach of the terms and conditions of a previous board contract, any subcontract for a board agreement, grant, or loan, resulting in termination of the board contract, subcontract, grant or loan by the board or prime contractor; or
g) Placement on the board's chronic violator inventory established pursuant to Public Resources Code section 44104 for any owner or operator of a solid waste facility; or
h) The person, or any partner, member, officer, director, responsible managing officer, or responsible managing employee of an entity has been convicted by a court of competent jurisdiction of any charge of fraud, bribery, collusion, conspiracy, or any act in violation of any state or federal antitrust law in connection with the bidding upon, award of, or performance under any board contract, subcontract, grant or loan; or
i) The person or entity is on the list of unreliable persons or entities, or similar list, of any other federal or California state agency; or
j) The person or entity has violated an Order issued in accordance with section 18304; or,
k) The person or entity has directed or transported to, has or accepted waste tires at, a site where the operator is required to have but does not have a waste tire facility permit; or
l) The person or entity has transported waste tires without a waste tire hauler registration; or,
m) The person or entity has had a solid waste facility or waste tire permit or a waste tire hauler registration denied, suspended or revoked; or,
n) The person or entity has abandoned a site or taken a similar action which resulted in corrective action or the expenditure of funds by the Board to remediate, clean, or abate a nuisance at the site; or
o) The following are additional grounds for a finding that, a person or entity described below should be placed on the Unreliable List:

1) The person or entity owned 20% or more of an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List;
2) The person held the position of officer director, manager, partner, trustee, or any other management position with significant control (Principal Manager) in an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List;
3) The entity includes a Principal Manager who:
    1. Was a Principal Manager in an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List; or,
    2. Owned 20% or more of an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List;
4) The entity has a person who owns 20% or more of the entity, if that person:
    1. Was a Principal Manager in an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List; or,
    2. Owned 20% or more of an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List.
5) The entity has another entity which owns 20% or more of the entity, if that other entity:
    1. Is on the Unreliable List; or,
    2. Owned 20% or more of an entity on the Unreliable List at the time of the activity that resulted in its placement on the Unreliable List.
6) Subsection (o) is not intended to apply to a person or entity that purchases or otherwise obtains an entity on the Unreliable List subsequent to its placement on the Unreliable List.

CURB RAMP PROFILE

STANDARD No. 403 (3 OF 7)

NOTES:

1. TO MEET AMERICAN WITH DISABILITIES ACT STANDARDS, MAXIMUM STATED SLOPES AND MINIMUM STATED DISTANCES ARE ABSOLUTE AND NO CONSTRUCTION TOLERANCES WILL BE PERMITTED.
2. IF THE DISTANCE FROM CENTER OF CURB RETURN TO EXISTING RIGHT-OF-WAY LINE IS INSUFFICIENT TO ACCOMMODATE THE CASE A CURB RAMP AND TOP LANDING, THEN USE THE CASE B CURB RAMP.
3. THE MINIMUM SIDEWALK WIDTH IS 5.00' WHERE A VERTICAL OBJECT (SUCH AS A CURB OR WALL) IS ADJACENT TO THE PEDESTRIAN ACCESS ROUTE.
4. TRANSITIONS FROM CURB RAMPS TO SIDEWALKS, GUTTERS, AND STREETS SHALL BE FLUSH AND FREE FROM ABRUPT LEVEL CHANGES. NO LIPS ARE PERMITED AT THE GUTTER FLOWLINE OR EDGE OF PAVEMENT.
5. THE TOP OF CURB WIDTH IS NOT INCLUDED IN THE MEASUREMENT OF MINIMUM SIDEWALK WIDTH.
6. THE TRANSITION SLOPE OF THE FLARED WINGS OF THE CASE A CURB RAMP IS MEASURED ALONG THE BACK OF CURB.
7. FOR CASE B CURB RAMPS, CONSTRUCT WEAKENED PLANE JOINTS AT 1/4 DELTAS WHEN THE RADIUS EQUALS 35' AND AT TOPS OF RAMPS WHEN THE RADIUS EQUALS 25'.
8. WHEN ABUTTING SOIL HAS A HIGH SULFATE CONTENT, USE A MODIFIED CONCRETE MIX AND PLACE 6" MIN CLASS 2 AGGREGATE BASE AND 6 MIL PLASTIC SHEETING UNDER AND AROUND ALL SIDES OF CONCRETE IMPROVEMENTS. FOR EXPANSIVE SOIL, PLACE 6" MIN CLASS 2 AGGREGATE BASE UNDER CONCRETE IMPROVEMENTS AS DIRECTED BY THE ENGINEER. SEE SPECIFICATIONS SECTIONS 16.03 & 16.04 AND STANDARD No. 401 FOR REFERENCE.
9. MINIMUM CONCRETE STRENGTH SHALL BE 560-C-3250.
10. THE ROAD SURFACE AND GUTTER SURFACE SHALL NOT EXCEED 5.00% WITHIN 4' OF THE CURB RAMP EDGE (FLOW LINE).
11. DETECTABLE WARNING SURFACES ARE REQUIRED WHEREVER AT-GRADE PEDESTRIAN SURFACES ENTER INTO A VEHICULAR TRAVEL WAY (EXCEPT NOT REQUIRED AT DRIVEWAY APPROACHES).
12. CURB RAMPS SHALL INCLUDE A YELLOW DETECTABLE WARNING SURFACE THAT EXTENDS THE FULL CURB OPEN WIDTH AND 3'-0" DEPTH OF THE RAMP. DETECTABLE WARNING SURFACES SHALL CONSIST OF A PANEL SET INTO WET CONCRETE AND CONFORM TO THE DETAILS ON SHEET 2 OF THIS STANDARD. NO BOLT DOWN OR GLUE DOWN PANELS WILL BE ALLOWED FOR NEW RAMP CONSTRUCTION.
13. THE EDGE OF THE DETECTABLE WARNING SURFACE NEAREST THE STREET SHALL BE BETWEEN 6" AND 8" FROM THE GUTTER FLOWLINE.
14. UTILITY PULL BOXES, MANHOLES, VAULTS AND ALL OTHER UTILITY FACILITIES ARE NOT TO BE LOCATED WITHIN THE BOUNDARIES OF THE CURB RAMP. EXISTING STRUCTURES WILL BE RELOCATED OR ADJUSTED TO GRADE BY THE OWNER PRIOR TO, OR IN CONJUNCTION WITH, CURB RAMP CONSTRUCTION.
15. CROSSWALK STRIPING IS ONLY APPLIED IF SHOWN ON IMPROVEMENT PLANS. CROSSWALK STRIPING, WHEN CALLED FOR, SHALL BE PER STANDARD No. 1211.
16. FOR NEW CASE B, CASE C, AND CASE D CURB RAMPS THE LEVEL LANDING AT THE BOTTOM OF THE RAMPS SHALL BE A MINIMUM OF 5.00' WIDE. FOR INVENTORYING EXISTING CASE B AND CASE C RAMPS, A CURB OPENING WIDTH OF 4.00' MIN IS ACCEPTABLE.
17. FOR PUBLIC WORKS PROJECTS, THE CONTRACT UNIT PRICE FOR CURB RAMP SHALL INCLUDE RAMP, SIDEWALK, CURB AND GUTTER (OR SPANDREL) FROM BCR TO ECR.
18. THE DETECTABLE WARNING SURFACE SHALL BE PREFABICATED SURFACE, RIGID, COLORFAST AND UV STABLE, YELLOW COLOR COMPLYING WITH FEDERAL STANDARD 595B, COLOR NO. 33538 "ADA REPLACEABLE (WET SET) COMPOSITE TACTILE UNITS" AS MANUFACTURED BY ADA SOLUTIONS, ARMOR-TILE, OR APPROVED EQUAL. THE EDGE OF THE DETECTABLE WARNING SURFACE ADJACENT TO THE STREET SHALL BE BETWEEN 6" AND 8" FROM THE GUTTER FLOW LINE.

RAISED TRUNCATED DOME PATTERN (IN–LINE)
DETECTABLE WARNING SURFACE

THE STATE OF CALIFORNIA OR ITS OFFICERS OR AGENTS SHALL NOT BE RESPONSIBLE FOR THE ACCURACY OR COMPLETENESS OF SCANNED COPIES OF THIS PLAN SHEET.

NOTES:

1. As site conditions dictate, Case A through Case G curb ramps may be used for corner installations similar to those shown in Detail A and Detail B. The case of curb ramps used in Detail A do not have to be the same. Case A through Case G curb ramps also may be used at mid block locations, as site conditions dictate. For specific site condition configuration, including the conform to existing sidewalk, see Project Plans.
2. If distance from curb to back of sidewalk is too short to accommodate ramp and 4'–2" platform (landing) as shown in Case A, the sidewalk may be depressed longitudinally as in Case B or C or may be widened as in Case D.
3. When ramp is located in center of curb return, crosswalk configuration must be similar to that shown for Detail B.
4. As site conditions dictate, the retaining curb side and the flared side of the Case G ramp shall be constructed in reversed position.
5. The ramp portion of the curb ramp is a typical rectangle, unless modified in the Project Plans.
6. Side slope of ramp flares vary uniformly from a maximum of 9.0% at curb to conform with longitudinal sidewalk slope adjacent to top of the ramp, except in Case C and Case F.
7. The adjacent surfaces at transitions at curb ramps to walks, gutters, and streets shall be at the same level.
8. Counter slopes of adjoining gutters and road surfaces immediately adjacent to and within 24 inches of the curb ramp shall not be steeper than 1V:20H (5.0%). Gutter pan slope shall not exceed 1" of depth for each 2'–0" of width.
9. Transition gutter pan slope from 1" of depth for each 2'–0" of width to match typical gutter pan slope per Standard Plan A87A.
10. The detectable warning surface will be a rectangle as shown at back of curb, unless modified in the Project Plans. Curb ramps shall have a detectable warning surface that extends the full width and 3'–0" depth of the ramp. Detectable warning surfaces shall extend the full width of the ramp except a maximum gap of 1 inch is allowed on each side of the ramp. Detectable warning surfaces shall conform to the requirements in the Standard Specifications.
11. Sidewalk and ramp thickness, "T", shall be 31/2" minimum.
12. Utility pull boxes, manholes, vaults and all other utility facilities within the boundaries of the curb ramp will be relocated or adjusted to grade by the owner prior to, or in conjunction with, curb ramp construction.
13. Detectable warning surface may have to be cut to allow removal of utility covers while maintaining detectable warning width and depth.

NOTICE OF SLURRY SEAL CONSTRUCTION

2026 RESIDENTIAL SLURRY SEAL PROJECT, CIP NO. 94001

Dear Resident and/or Property/Business Owner:

The City of Eastvale's Public Works Department has retained our company to make certain street improvements in your neighborhood as part of the 2026 Residential Slurry Seal Project, CIP No. 94001. The duration of the project is approximately THIRTY-ONE (31) working days. The construction is scheduled to start on July 20, 2026 and is expected to be completed by August 31, 2026, barring unforeseen circumstances or adverse weather conditions.

The scope of work includes the following:

Slurry and Cape Seal

- Selective removal/reconstruction/grinding of deteriorated pavement and placement of asphalt concrete pavement;
- Application of crack sealing material;
- Application of emulsion aggregate slurry (Rubberized Slurry Seal Type II) or application of emulsion aggregate slurry over the asphalt rubber aggregate membrane (ARAM);
- Selective removal and repair of broken and damaged sidewalk; curb; curb and gutter; cross gutter, and alley apron;
- Construction of new curb ramps;
- Retrofitting existing curb ramps;
- 1.5" Cold Milling and 1.5" AC Overlay at Cul-de-Sac;
- Base repair – remove existing pavement and construct full depth AC;
- Monument Preservation;
- Adjustment of existing manholes and water meters to finished grade; and,
- Removal and replacement of existing traffic striping and pavement marking.

Our company is committed to working with you to help alleviate the impact of the construction on your daily activities. Every effort will be made to minimize any inconveniences to you. If you need to drive through the construction zone, please allow additional commuting time.

We are responsible for sequencing and scheduling the work. We will post a door hanger three (3) days (72 hours) prior to the start of construction. The door hanger will specify the exact date and time when the work will take place on your street. We will also post "NO PARKING" signs in the work zone at least forty-eight (48 hours) but not more than seventy-two (72 hours) in advance of working on your street.

Slurry seal is a wet liquid asphalt mixture. To ensure an acceptable slurry seal quality (1), it is important that no vehicles travel or pedestrians walk on the newly laid slurry seal until all the traffic control signage has been removed. Driving on it will damage the slurry seal and your car. On the day of slurry seal application, please refrain from using water that may run onto the street surface. If possible, please turn off the sprinklers during the construction activity on your street. If slurry seal application occurs on a trash collection day on your street, trash will be picked up as scheduled.

(1) For clarification, slurry sealing prolongs the service life and restores the appearance of the pavement and prevents further deterioration of the pavement to a point when the street will need resurfacing or reconstruction. Prior to the slurry application, cracks are sealed to minimize reflective cracking. On some streets, reflective cracking may occur due to thermal expansion and contraction. These hairline cracks do not affect the performance of thenewly laid slurry seal.

Unfortunately, construction is sometimes delayed in which case, the previous day's work may not be finished and construction activities will resume the next working day or will be rescheduled. Thank you for your patience while we work to improve the City of Eastvale.

RESCHEDULE NOTICE OF SLURRY SEAL CONSTRUCTION

Date Issued: _____

Dear Resident:

We appreciate your cooperation with our construction operation thus far. We were unable to complete construction on your street due to:

☐ Adverse Weather ☐ Equipment Failure ☐ City Request ☐ Other_____

We have to re-schedule the work on your street. We will notify you in advance with another 3-day (72 hours) door hanger of the revised date for slurry seal construction (3 days – 72 hours prior to the start of construction).

While the Slurry and Cape Seal operation is being performed, please remember:

- Access to your street will be restricted between 8:00 AM and 5:00 PM, when Slurry Seal is being applied and to allow for cure time.
- The areas being sealed cannot be driven on during this time and will be closed to traffic.
- When access is restricted, detours will be set up to help you reach your destination.
- Street parking is not allowed and signs will be posted accordingly at least 30 hours in advance of parking enforcement. Please adhere to the parking restrictions posted.
- Parking will be available within a reasonable distance to your house.
- If Slurry Seal application occurs on trash collection day on your street, trash will be picked-up as normal.
- Refrain from using irrigation, sprinklers or watering on the day of slurry seal.
- Driving on wet slurry seal will damage your vehicle and the newly placed slurry seal.

Insert Contractor's Name Here is committed to working with you to help alleviate the impact of the construction on your daily activities. Every effort will be made to minimize any inconvenience to you.

If you have any questions, or concerns please feel free to call:

Contractor Project Manager, Insert Project Manager Name Here at (XXX) XXX-XXXX or

City of Eastvale's Public Works Engineering Project Manager, Guadalupe Cortes at (951) 703-4447.

Construction Notice for ARAM Installation

CITY OF EASTVALE

2026 Residential Slurry Seal Project, CIP No. 94001

Part of the City's annual maintenance effort is the 2026 Residential Slurry Seal Project. This Project Involves Installation of Asphalt Rubber Aggregate Membrane (ARAM) on existing pavement, and emulsion aggregate slurry over the ARAM. This method restores the appearance of the pavement and prevents further deterioration of the pavement. While this operation is being performed, please remember:

- Access to your street will be restricted between 8:00 AM and 5:00 PM, while ARAM is being installed.
- Street parking is not allowed and signs will be posted accordingly at least 30 hours in advance of parking enforcement. Please adhere to the parking restrictions posted.
- Parking will be available within a reasonable distance to your house.
- When access is restricted, detours will be set up to help you reach your destination.
- If ARAM Installation occurs on trash collection day on your street, trash will be picked-up as normal.
- Refrain from using irrigation, sprinklers or watering on the day of slurry seal.
- There might be some loose gravels during and few days after ARAM Installation. Please drive safely.
- Installed ARAM is not the finish surface of your street. It will receive a layer of slurry seal in near future and you will receive another notification for the scheduled slurry seal.
- Construction schedules may shift due to weather or unforeseen conditions. Check the City website or social media for real-time updates. Residents directly affected will receive additional notices.

Construction Notice for SLURRY SEAL

2026 Residential Slurry Seal Project, CIP No. 94001

Part of the City's annual maintenance effort is the 2026 Residential Slurry Seal Project. Street Slurry involves the application of crack sealing and emulsion aggregate slurry over the existing pavement. Slurry seal prolongs the service life and restores the appearance of the pavement and prevents further deterioration of the pavement.

The work will involve: **Crack Sealing and Application of Slurry Seal.**

While this operation is being performed, please remember:

- Access to your street will be restricted between 8:00 AM and 5:00 PM, when Slurry Seal is being applied and to allow for cure time. The areas being sealed cannot be driven or walked on during this time and will be closed to traffic.
- Street parking is not allowed and signs will be posted accordingly at least 30 hours in advance of parking enforcement. Please adhere to the parking restrictions posted.
- Parking will be available within a reasonable distance to your house.
- When access is restricted, detours will be set up to help you reach your destination.
- If Slurry Seal application occurs on trash collection day on your street, trash will be picked-up as normal.
- Refrain from using irrigation, sprinklers or watering on the day of slurry seal.
- Driving on wet slurry seal will damage your vehicle and the newly placed slurry seal.

We appreciate your cooperation and understanding while we work to improve your City.

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.7
June 24, 2026

Approval of a Professional Services Agreement with Lan Wan Enterprise Inc. for Information Technology Services

Prepared By:

Johnny Terfehr, Community Safety and Technology Director

Recommended Action(s)

Staff recommends that the City Council:

1. Approve a professional services agreement with Lan Wan Enterprises for a not to exceed amount of $196,800 annually for a period of two years commencing on July 1, 2026, with the potential for three one year extensions; and
2. Authorize the City Manager to execute all necessary documents

Summary

The Community Safety Department issued a request for proposals (RFP) for managed information technology (IT) services on March 5, 2026. After thorough review, Staff recommends the City Council award to Lan Wan Enterprise Inc. based on the expertise and experience of the vendor, the services outlined in the submitted proposal, and compliance with RFP requirements.

IT services provided by Lan Wan Enterprise Inc. will cost approximately $196,800 per fiscal year.

Background

On April 28, 2021, the City Council approved an agreement with Infinity Technologies to provide managed information technology services. The agreement expired on June 1, 2026 and had a monthly cost of approximately $16,000.

To ensure the continued delivery of high-quality, reliable, and cost-effective IT services, staff issued a Request-for-Proposals (RFP) No. 26-106CE on March 5, 2026. The RFP was released on the City's online bid management and publication system, PlanetBids, to solicit proposals from qualified firms to provide comprehensive managed IT services, including help desk and onsite technical support, cybersecurity, network and systems administration, vendor coordination, strategic IT planning, and support for the City's future Civic Center needs. Interested firms could submit proposals until April 7, 2026.

A total of 10 proposals were submitted by the RFP deadline and, of those, 8 were determined to be responsive to the specifications and met the City's requirements. Following a thorough evaluation based on the criteria outlined in the RFP, Lan Wan Enterprise Inc. was determined to be the most qualified firm to provide these services. Lan Wan Enterprise Inc. demonstrated a clear understanding of the scope of services requested by the City and provided a comprehensive approach for delivering managed information technology services. The firm's proposal highlighted significant experience supporting municipal agencies and public sector clients, as well as the staffing, technical resources, and operational capabilities necessary to meet the City's ongoing technology needs. In addition to providing day-to-day IT support, Lan Wan's proposal reflected a proactive and innovative approach to technology management. The firm's experience implementing modern technology solutions, strengthening cybersecurity, and planning for future infrastructure needs will help support the City's continued growth and future projects, including the Civic Center and Public Works Yard. The proposed monthly cost for services is approximately $16,400.

The proposed agreement will commence on July 1, 2026, for an amount not to exceed the proposed $16,400 per month. Reimbursable costs, such as software, licensing, and other technology-related expenses, will not be subject to the not-to-exceed amount. These costs vary based on the City's operational needs and may fluctuate throughout the term of the agreement. The agreement will be for two years with three optional one-year renewals.

Environmental

Not applicable.

Strategic Plan Action - Priority Level: N/A | Target #: F | Goal #: G

Invest internally in software/technology improvements to enhance customer service.

Fiscal Impact

IT services will cost approximately $196,800 per fiscal year. Adequate funding for managed IT services are budgeted in General Fund account 100-240-6412 for fiscal year 2026-2027.

Prior City Council/Commission Action

On April 28, 2021, the City Council approved an agreement with Infinity Technologies to provide managed information technology services.

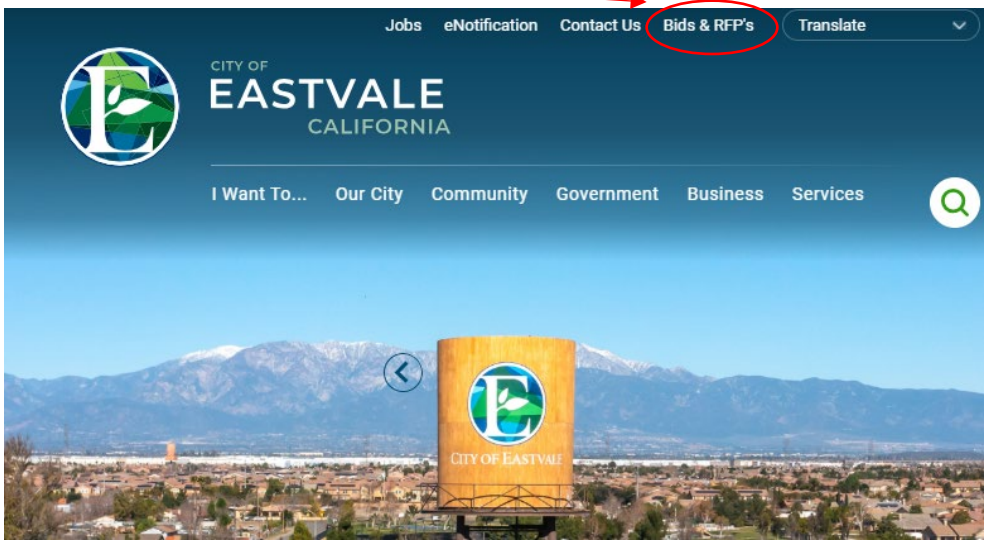
I. PROPOSER RFP CHECKLIST

- ☐ Download the RFP Documents from the City's website. Register if new to the City's PlanetBids website.
  - ➢ *https://www.eastvaleca.gov/home*
  - ➢ Go to Bids & RFP's



- ☐ Carefully review the entire RFP document. Questions can be submitted for clarification in accordance with the instructions provided herein.

- ☐ Attend the mandatory pre-proposal conference. These conferences provide firms with an opportunity to ask clarifying questions, obtain a better understanding of the project, or to notify the City of any ambiguities, inconsistencies, or errors in the RFP.

- ☐ Download, review, and acknowledge all addenda issued for the RFP. All addenda are released on the City's online bidding system, PlanetBids.

- ☐ Prepare your firm's proposal in the format required in the RFP. Address all sections of this RFP requiring information and proposed services in a clear and concise manner.

- ☐ Complete and include all required attachments, certifications, licenses, and other forms with proposal.

- ☐ Upload your proposal on time on the City's online bidding system. Allow sufficient time to submit proposal fully. No late proposal shall be accepted. No exceptions shall be made.

II. CITY BACKGROUND

Eastvale is the most northwest city in Riverside County, in Southern California, and is surrounded by the Cities of Chino and Ontario in San Bernardino County on the west and north and the Riverside County Cities of Jurupa Valley, Norco and Corona on the east and south. The Santa Ana River and Cucamonga Creek waterways border the city as does Interstate 15 and Highway 60.

To learn more about the City of Eastvale, please visit: https://www.eastvaleca.gov/home

III. PROJECT OVERVIEW

The City of Eastvale (City) is seeking proposals from qualified firms and organizations (Proposers) to provide managed IT services for all City departments and locations. The City is also in the process of constructing a new Civic Center facility that will include a City Hall, Sheriff Station, and a Library. The City seeks a strategic IT partner to support the planning, implementation, deployment, and ongoing management of all technology systems necessary to fully establish and maintain modern municipal IT operations.

Current Technology Environment:

- 39 Laptops, 26 Desktops, 56 VOIP phone sets, 16 iPads, 28 iPhones, 7 Android phones, associated monitors, hotspots, and mobile devices
- Desktop printers and scanners
- 2 servers on the premises (containing several VM's)
- 1 SAN host server
- Microsoft O365 environment

Hereinafter, the terms "Vendor", "Proposer", "Firm", "Contractor", and "Contractor" shall refer to any legal entity or entities submitting a proposal in response to this Request for Proposals (RFP).

IV. SCOPE OF SERVICES

See Exhibit I – Scope of Services

V. MANDATORY PRE-PROPOSAL CONFERENCE

A mandatory pre-proposal conference will be held on the date and time specified on the cover page of this RFP.

Location of meeting: Eastvale City Hall
City Council Chambers
12363 Limonite Avenue, Suite 910
Eastvale, CA 91752

Attendance will be taken and proposers interested in participating must sign-in upon arriving at the meeting location. Attendees will be required to sign a non-disclosure agreement. **Failure to attend this meeting shall result in your firm being disqualified from proposing.**

VI. PROJECT TIMELINE

All dates below are tentative and subject to change at the discretion of the City. Changes to any deadlines will be followed with a notice to prospective proposers via addenda.

Event, Milestone, or Deliverable	Date or Date Due
RFP Issuance	March 5, 2026
Mandatory Pre-Proposal Conference	March 19, 2026
Final Date to Submit Inquiries	March 27, 2026
Proposal Due Date	April 7, 2026
Review of Proposals	April 8-17, 2026
Selection of Respondent	On or about week of April 20, 2026

VII. TERM OF AGREEMENT

The anticipated term of the awarded agreement is for an initial period of two (2) years, expiring on June 30, 2028. The City may, at its discretion, extend the agreement with the same or more limited scope of required services for three (3) additional one (1) year periods, upon mutual agreement contingent upon City Council approval, or City Manager or City Attorney authorization, as appropriate. The total term of the awarded agreement shall not exceed five (5) years.

VIII. MINIMUM QUALIFICATIONS

1) Proposer must have been in business continuously for the most recent five (5) years prior to the date of this RFP.
2) Minimum five (5) most recent years of experience performing similar services as those detailed in the scope of services of this RFP.

IX. SUBMITTAL INSTRUCTIONS

It is the responsibility of the Proposer to ensure that any proposals submitted have been uploaded to PlanetBids prior to the RFP due date and time. Proposals, including all required sections and forms, shall be submitted electronically via the city's online bidding system, PlanetBids. No other form of submittal will be accepted.

PlanetBids will not accept late proposals, and no exceptions shall be made. If submittal is completed by the deadline, Proposers will receive an e-bid confirmation number with a time

stamp from PlanetBids indicating that their proposal was submitted successfully. The City will only receive and consider those proposals that were transmitted successfully.

Submit proposal online at: https://vendors.planetbids.com/portal/43976/bo/bo-search

Proposer shall be solely responsible for informing itself with respect to the proper utilization of the online bid management system, for ensuring the capability of their computer system to upload the required documents, and for the stability of their internet service. Failure of the Proposer to successfully submit an electronic proposal shall be at the Proposer's sole risk and no relief will be given for late and/or improperly submitted proposals. Proposers experiencing any technical difficulties with the bid submission process may contact PlanetBids at (818) 992-1771. Questions of an operational nature may be directed to the City's assigned RFP Administrator. Neither the City, nor PlanetBids, makes any guarantee as to the timely availability of assistance, or assurance that any given problem will be resolved by the bid submission deadline.

Proposals shall NOT be submitted via telegraphic, electronic, or facsimile means.

All notifications, updates and addenda will be posted online on PlanetBids at https://vendors.planetbids.com/portal/43976/bo/bo-search. Proposers registered with PlanetBids and have downloaded the RFP documents from the online bidding system will receive email notifications upon the release of project updates and communications. Please ensure registration and contact information is updated in PlanetBids. Proposers shall be responsible for monitoring the site to obtain information regarding this solicitation. Failure to respond to required updates may result in a determination of a nonresponsive proposal.

X. PROPOSAL CONTENTS AND FORMAT

Proposers should structure their proposals as described below and in such a way to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this RFP. Colored displays, promotional materials, photographs, etc., are not necessary nor desired. Emphasis should be concentrated on conformance to RFP instructions, responsive to the RFP requirements, and the completeness and clarity of content. Digital dividers and clear organization of content material are encouraged. Proposals shall include each of the sections listed below, and in the order presented. Failure to address all items will impact the evaluation and may classify the response as non-responsive, precluding it from further consideration.

Required Proposal Sections are as follows:

A	Title Page	F	Project Staffing and Organization
B	Letter of Transmittal	G	Project Work Plan and Schedule
C	Executive Summary	H	Cost Proposal
D	Company Background and Experience	I	Client References
E	Project Understanding	J	Appendices

Below, each section is detailed further. The required information must be included in Proposer's submissions at minimum. Additional information relative to the Proposer's experience, service or product offerings, proposed innovation, etc. may be included as supplemental information.

A. Title Page shall include, at minimum, the following:

- Name of Project – Title of this RFP
- Submitted by - Company's Legal Name
- Date of Submittal
- Title Page must be addressed to the following City Project Manager:

Johnny Terfehr, Director of Community Safety and Technology
City of Eastvale
12363 Limonite Avenue, Suite 910
Eastvale, CA 91752

B. Letter of Transmittal should:

- Indicate the intention of the firm to adhere to the provisions described in the RFP without modification or confirm if firm has submitted exceptions for the City's consideration by the deadline (See Section XIII);
- Identify the submitting organization;
- Identify the person, by name and title, authorized to contractually obligate the organization;
- Identify the contact person responsible for this response, specifying name, title, mailing address, phone, fax, and email address;
- Acknowledge the proposal is considered firm for one hundred and eighty (180) days after the due date for receipt of proposals or receipt of the last best and final offer submitted;
- Provide the original signature of the person authorized to contractually obligate the organization.

C. Executive Summary

Provide an Executive Summary that presents in brief, concise terms a summary level description of the contents of the proposal response.

D. Company Background and Experience

This section of the proposal shall establish the ability of the firm to satisfactorily perform the required work by reasons of experience in performing work of a similar nature, demonstrated competence in the services to be performed, strength and stability of the firm, staffing capability, and record of meeting expectations on similar projects. The City, at its option, may require a firm to provide additional support and/or clarify requested information.

The firm shall also provide:

1. A brief profile of the firm
    a. A brief description of the organization structure, entity type (e.g., sole proprietorship, partnership, LLC, corporation), and primary products and services provided
    b. Other major products or services offered
    c. Company's dedication and commitment to serve public sector clients
2. A general description of the company's financial condition
    a. Provide information regarding any pending litigation, contract defaults, planned office closures, impending mergers, bankruptcies, or other conditions related to the financial health of the company
3. Company's experience in performing work of a similar nature to that solicited in this RFP
    a. Highlight participation in such work by the key personnel proposed for assignment to this project, including work for similar municipal organizations

E. Project Understanding

Proposal shall contain a description of how the firm intends to organize its approach to the project. The firm shall discuss how its proposed solution meets the City's needs, as requested in this RFP. The firm shall relate how it perceives its role in carrying out the responsibilities required by this RFP.

Proposer must include their suggestions or special concerns the evaluation committee should take into consideration (if any). Additionally, Proposals shall describe deliverables, implementation plan, and proposed timeline.

F. Project Staffing and Organization

Proposer shall identify key personnel who will be assigned to the project, assuming an estimated July 1, 2026 start date. An organization chart for the project shall be provided. The chart shall indicate how the firm intends to structure the project effort, and identify the Project Director/Engagement Manager, Project Manager, Technical Team Members, Trainers and all other key personnel. Key personnel information must include resumes describing relevant experience and commitment level for the duration of the project.

The specific staff identified in the original Proposal may not be changed prior to commencement of work or during the course of the project without the specific approval of the City and two weeks' notice. Replacement candidates must have the same or higher level of similar experience as the original project team member they replace. Resumes of replacements shall be submitted with all applicable information. The City reserves the right to require the replacement of any key staff member at any time during the project.

G. Implementation and Transition Plan

Proposers shall include with their proposal a detailed Implementation and Transition Plan describing the methodology, approach, timeline, and resources that will be used to assume responsibility for the City's IT services and fully implement the Scope of Services.

The Implementation and Transition Plan must demonstrate the Proposer's ability to ensure continuity of operations, minimize service disruption, and successfully transition from the incumbent provider. Failure to provide a complete Implementation and Transition Plan may result in the proposal being deemed non-responsive.

At a minimum, the Implementation and Transition Plan shall include:
Transition Timeline

- Detailed schedule outlining major milestones and estimated completion dates
- Identification of critical transition activities
- Estimated timeframe to achieve full operational status

Project Management & Staffing

- Identification of the Transition Project Manager
- Roles and responsibilities of key personnel
- Escalation and issue resolution procedures

Knowledge Transfer & Onboarding

- Process for reviewing and documenting existing infrastructure, systems, applications, and security configurations
- Coordination plan with incumbent provider (if applicable)
- Asset inventory validation process

Risk Mitigation & Service Continuity

- Identification of potential transition risks
- Mitigation strategies
- Plan to ensure uninterrupted support services during transition

Communication Plan

- Reporting structure and frequency
- Stakeholder communication approach
- End-user communication strategy during transition

H. Cost Proposal

See Sec. 3 of Addendum #3 - Cost Proposal instructions were updated.

All Proposers are required to submit a fixed rate fee with their Cost Proposal, including the following :

1) Base fixed monthly fee for all IT services included in this contract

2) Hourly rate sheets (if applicable) by contractor staff titles for services not included in the base fixed monthly fee. Proposer shall not include rate ranges or averages. If providing hourly rate sheets, Proposer shall not include rate ranges or averages.

3) Optional: Pricing for Managed Detection and Response, including any setup fees, monthly or annual costs if services are included in proposal – See Exhibit I, No. 7.

Cost Proposal shall clearly define included services and additional services proposed or available from Proposer and not included in the base fixed monthly fee. Pricing instructions should be clearly defined to ensure fees proposed can be compared and evaluated. Cost Proposal must include a payment schedule if applicable. City reserves the right to negotiate compensation and/or payment schedule prior to award of any resulting agreement.

The City shall not provide reimbursement for travel-related expenses, mileage, parking, lodging, meals, incidental fees, insurance, freight/shipping and handling/delivery, and any other business expenses, supplies and materials related to providing services as specified herein. Additional costs will not be considered and will not be reimbursed by the City, therefore, such costs must be absorbed in Proposer's cost proposal fee structure. Any language related to travel reimbursement shall be stricken from the document by the City and if not stricken, shall be deemed invalid.

Proposals shall be valid for a minimum of one hundred eighty (180) days following Proposal deadline. The cost for developing the Proposal is the sole responsibility of the Proposer. All Proposals submitted become property of the City.

Pricing shall remain firm for the entire initial Agreement term. Thereafter, any proposed pricing adjustment for follow-on renewal periods shall be submitted to the City Representative in writing at least ninety (90) days prior to the new Agreement term. The City reserves the right to accept, reject, or negotiate any proposed pricing adjustment not to exceed the Bureau of Labor Statistics Consumer Price Index (CPI) data as follows: Riverside-San Bernardino-Ontario, CA; All Urban Consumers; Not Seasonally Adjusted;

annualized change comparing the most recent month's reported data to the same month of the prior year. (This information may be found on the U.S. Department of Labor's website at www.bls.gov.)

I. Client References *See Addendum 3, Question #14 for clarification.*

Proposer shall provide five (5) references from other similar public agencies, at least two (2) of which are preferred to be from California for which services similar to those specified in this RFP have been performed. Proposer grants permission for the City to contact any individuals listed as references.

A. For each reference, Proposer must include the following information:

- Customer Name/Agency
- Name of Project Manager
- Agency address
- Contact/Project Manager phone number
- Contract Amount
- Contract Term Dates (Effective Date - Expiration Date)
- Description of services or work performed for customer/agency
- Identify key personnel assigned to the project.

A. City may disqualify a Proposer if:

- References fail to substantiate Proposer's description of services and deliverables provided; or
- References fail to support that Proposer has a continuing pattern of providing capable, productive, and skilled personnel, or
- City is unable to reach the point of contact with reasonable effort. It is the Proposer's responsibility to inform the point of contact(s) of normal City working hours.

J. Appendices

Proposers shall carefully examine the RFP for required documentation not specifically covered in each of the subsections of this section of the RFP and shall place such documentation in an appendix. Information considered by the firm to be pertinent to this project, but not specifically requested in this RFP, may also be placed in an appendix. The firm is reminded that this is not an invitation to submit voluminous amounts of extraneous material. Examples of documents that can be included in this section include:

1. Productivity/Activity Dashboard Samples
2. Examples of similar projects completed for similar government agencies
3. Pertinent certifications and expertise relating to IT, cybersecurity, artificial intelligence, Accela, Microsoft, ERP's, web design, data governance, and business intelligence.

K. Certifications (Attachments)

In addition to the above-mentioned proposal contents, the following forms, included in this RFP, shall be signed and included as part of the proposal submittal package:

- Attachment A: California All-Purpose Acknowledgement
- Attachment B: Proposer's Certification and Proposal Pricing
- Attachment C: Non-Collusion Affidavit
- Attachment D: Non-Lobbying Certification

The proposal must be completely responsive to the RFP. Incomplete proposals will be deemed non-responsive and will be rejected. The City reserves the right to reject any or all proposals submitted, and no representation is made hereby that any commitment will be awarded pursuant to this RFP or otherwise.

PLEASE NOTE:

- ***All forms above must be signed by a representative of the Firm that is legally authorized to contractually bind the Proposer.***

- ***City will not waive notarization requirement when applicable on any of the required attachments.***

XI. EX PARTE COMMUNICATION

Unless otherwise authorized herein, Proposers who are considering submitting a proposal in response to this RFP, or who submit a proposal in response to this RFP, are only to communicate with the assigned RFP Administrator, and no other City staff about this RFP from the date this RFP is issued until a contract is awarded. The City will provide all official communication concerning this RFP in writing via the City's Bid Management System, PlanetBids.

The City will not be responsible for or bound by any oral communication or any other information or contact that occurs outside the official communication process specified herein, unless confirmed in writing by the designated Project Manager(s).

XII. QUESTIONS AND REQUESTS FOR INFORMATION OR CLARIFICATION

Questions regarding this RFP shall be submitted via PlanetBids. Responses to all questions will be posted on PlanetBids no later than the date and time shown at the schedule of key RFP dates on the cover page of this RFP. All prospective Proposers are advised to visit PlanetBids on a regular basis as responses may be posted earlier than the date above (if applicable). No verbal requests or responses will be accepted. Significant interpretations or clarifications will be addressed via addenda to this RFP.

Significant interpretations or clarifications and responses to questions received by the deadline will be addressed via addenda to this RFP, which will be released and posted on PlanetBids under the "Addenda/Emails" tab.

General process questions may be directed to the following RFP Administrator:

Karla Lopez
Purchasing Manager
klopez@eastvaleca.gov

XIII. EXCEPTIONS

Proposers were instructed to submit any requests for exceptions to our Ts & Cs. If you see any suggested changes to our terms within the proposal, please flag and make a note.

Requests submitted for City's consideration of proposed terms and conditions, including modifications to the City's RFP and/or Contract terms and conditions must be submitted by the deadline for questions. Such requests should include an attachment in Word or PDF format on formal company letterhead that shows the requested modifications. Should the Proposer be considered for award recommendation and progress into the negotiations phase, the requests for exceptions or modifications to the City's terms and conditions will be discussed at that time. The City will not accept any requests after the deadline for questions and reserves the right to reject or strike any requests for exceptions or additional terms and conditions related to Agreement, RFP, and insurance and indemnification terms and conditions.

XIV. ADDENDA

Any changes in RFP from the date of release to date of submittal will result in an addendum or amendment. Notification of such addendum or amendment shall be posted on City's PlanetBids system, https://vendors.planetbids.com/portal/43976/bo/bo-search. Proposers shall be responsible for maintaining current contact information for their company and monitoring the site to obtain information regarding this solicitation.

XV. SELECTION PROCEDURES AND CRITERIA

A. The City will evaluate all proposals deemed responsive to this request by an evaluation panel selected by the City.

1. Short-List Selection
   The City may select two or more proposers from the RFP responses to continue with further evaluation. In the case the City short-lists Proposers, they will be contacted in writing regarding their status as short-listed Proposers. The short-list will be selected by evaluating the Proposer's response by scoring the criteria outlined within this RFP. Additional discovery may be performed to assist in selecting the short list Proposers. The City may request an interview from the short-listed firms to further assist in the selection process. Should the City choose to require an interview process; the

proposer will be required to make a short presentation, followed by a question-and-answer period.

2. Interviews and Oral Presentations: At the option of the City, the evaluation team may request interviews and/or oral presentations by any number of the finalists for the purpose of clarification or amplification of the materials presented in any part of the proposals. The evaluation team may also request best and final offers (BAFO) from one or more prospective firms. However, prospective firms are cautioned that the evaluation team are not required to invite oral presentations, request clarification, or conduct negotiations and may award a contract based on the original proposal. Therefore, all initial proposals shall be complete and reflect the firm's most favorable terms.

   Should the City decide to request oral presentations, it may choose to invite any number of the firms that submitted top-scoring proposals. No proposer will be given an opportunity to make an oral presentation if any prospective firm receiving a higher score is not invited to make an oral presentation. Proposers must only include proposed key staff for this project and decision makers at most as interviews and oral presentations are the City approaches interviews as an opportunity to explore what it would be like for the City to work with the Proposer's team in a collaborative setting and to clarify any outstanding questions from their proposal.

   When the City elects to receive oral presentations, the firm with the highest Grand Total Score shall be awarded the contract.

3. Requests for Clarification/ BAFO

   Please note if any clarifications are needed regarding proposed services or cost. I will issue a formal Request for Clarifications once all of your initial reviews are completed.

   The City may extend an opportunity to one or more Proposers to provide clarifications regarding their proposal through a formal Request for Clarifications to provide solution confirmations or to provide a BAFO issued by the City's Purchasing staff to resolve any of the City's questions for the evaluation of proposals. The BAFO will form the basis for contract negotiation should further negotiation be required by the City.

4. Final Selection

   The finalist will be selected by compiling the qualifications, references, and price evaluation criteria and selecting the highest-ranked Proposer the City feels would make the best services partner. The City may, at its discretion, select two finalists if it believes that two Proposers are so close as to consider the evaluation a draw. In this case, the two Proposers will be taken through negotiation. The best-negotiated solution will become the finalist and will be contracted to provide the proposed solution. If agreement cannot be reached with the top ranked proposer, the City will dismiss the proposer and begin negotiation with the second ranked proposer.

5. Contract Negotiation

   At the conclusion of solution confirmation and BAFO, the City will enter contract negotiations with the finalist. The final negotiated contract, along with the BAFO, will be submitted to the City of Eastvale's City Council for approval.

B. Evaluation and Scoring Criteria

Proposals: Proposals will be scored according to the criteria in the chart below.

(Update proposal scoring criteria based on RFP requirements)

CRITERIA	WEIGHT
Understanding of Scope of Works & Quality of Proposal	**10**
Understanding of City needs is addressed	
Proposal meets requirements listed in RFP	
PAST PERFORMANCE (Experience and References)	**30**
Demonstrated skills and credentials	
Experience with similar projects	
Feedback from references	
PROJECT PLAN (Approach to Scope of Work Implementation)	**25**
Timelines and proposed schedule	
Proposed staffing, deployment of personnel, organization	
Management of performance	
Approach for accomplishing tasks in scope of work	
Ability to meet current and projected service requirements over term of agreement	
PROPOSED FEE/COST	35
TOTAL	**100**
INTERVIEWS/ORAL PRESENTATIONS	100
Maximum number of additive points for proposers invited to interview or Provide oral presentations. Total possible score may exceed 100 points.	

C. Debriefing *Your non-bias notes (if any) will help Johnny in any debriefings for unsuccessful firms. Please list any strengths or discrepancies/weaknesses.*

Any Firm that submitted a proposal and feels that their proposal was not given adequate consideration or not given a fair evaluation may request a debriefing from the City's proposal evaluation team. The request for debriefing shall be submitted in writing to the Purchasing Manager within ten (10) business days (Monday – Friday) after it was notified of the City's intention to award the contract. However, debrief meetings will only be scheduled with requesting firms after the contract has been awarded and fully executed with the selected firm.

XVI. INSURANCE

Prior to commencing work on the Contract, Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Attachment I, Exhibit "C" "Insurance". All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. Commercial General Liability

   A. Vendor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office (ISO) form CG 00 01, in an amount not less than $2,000,000 per occurrence, $4,000,000 general aggregate, and $2,000,000 products and completed operations. The policy shall include a per project or per location general aggregate endorsement. If a per project/location endorsement is not available, the limit for the general aggregate shall be doubled.
   B. The policy shall allow and be endorsed as primary and not seek contribution from the City's coverage.
   C. The policy(s) shall provide and be endorsed to include, the City, its officers, officials, employees, agents, and volunteers as additional insureds on ISO form CG 20 10 (or equivalent) for ongoing operations, and, for construction or service agreements, ISO form CG 20 37 (or equivalent) for completed operations.
   D. Any failure to comply with reporting provisions of the policies by Vendor shall not affect coverage provided to the City.
   E. Coverage shall state that Vendor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
   F. Coverage shall provide and be endorsed to include a waiver of subrogation in favor of the City and its officers, officials, employees, agents, and volunteers.

2. Business Automobile Liability

   A. Vendor shall provide automobile liability coverage for owned, non-owned, and hired autos using ISO Business Automobile Coverage form CA 00 01 (or equivalent) with a limit of not less than $2,000,000 each accident. If the Vendor's business/company does not own any automobiles, coverage for hired and non-owned autos shall be provided.
   B. The policy shall provide and be endorsed that the City, its officers, officials, employees, agents, and volunteers are included or named as additional insureds.
   C. The policy shall provide and be endorsed to include a waiver of subrogation in favor of the City, its officers, officials, employees, agents, and volunteers.

3. Umbrella or Excess Liability

    A. The limits of liability for commercial general liability and automobile liability may be provided through a combination of primary and umbrella or excess liability policies provided each policy complies with the requirements set forth in this agreement. Excess policies shall be follow-form to the underlying policies. Umbrella or excess policies shall include City and its officers, officials, employees, agents, and volunteers as additional insured.

4. Workers' Compensation and Employers' Liability - Statutory

    A. Vendor shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for all persons employed directly or indirectly by Vendor. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than $1,000,000 each accident, $1,000,000 by disease-policy limit, and $1,000,000 by disease-each employee. No proprietor, partner, executive officer, or member shall be excluded. In the alternative, Vendor may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the California Labor Code shall be solely in the discretion of City.
    B. The insurer, if insurance is provided, or Vendor, if a program of self-insurance is provided, shall allow, and be endorsed to waive all rights of subrogation against City and its officers, officials, employees, agents, and volunteers.
    C. The requirement to maintain Statutory Worker's Compensation and Employer's Liability Insurance may be waived by the City upon written verification that Vendor does not have any employees.

5. Professional Liability

    A. Vendor shall maintain professional liability insurance that insures against professional errors and omissions that may be made in performing professional services in the minimum amount of $1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of the start of work, and Vendor agrees to maintain continuous coverage through a period no less than three (3) years after completion of the work.

6. Cyber Liability

    A. Vendor shall provide Cyber Liability Insurance with limits not less than$2,000,000 per claim.
    B. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Vendor in this agreement and shall include, but not be limited to,

claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information or personally identifiable information (PII), alteration of electronic information, extortion, and network security.

C. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties, and credit monitoring expenses with limits sufficient to respond to these obligations.

7. All Coverages

A. Any available insurance proceeds broader than, or in excess of the specified minimum insurance coverage requirements and/or limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named insured; whichever is greater. No representation is made that the minimum insurance requirements are sufficient to cover the obligations of the Vendor.

B. Each required insurance policy shall be endorsed to state that coverage shall not be cancelled except after thirty (30) days' prior written notice, has been given to the City, except that ten (10) days' prior written notice shall apply in the event of cancellation for nonpayment of premium. If a carrier will not provide the required notice of cancellation, the Vendor shall provide written notice to the City of a cancellation no later than five (5) business days before cancellation.

C. All self-insurance, self-insured retentions, and deductibles must be declared and approved by the City.

D. Evidence of Insurance - Prior to commencement of work, the Vendor shall furnish the City with certificate(s) of insurance evidencing compliance with the insurance requirements above. All required endorsements shall be attached to the certificate(s), including additional insured, waiver of subrogation, primary coverage, and notice of cancellation endorsements. The Vendor shall provide complete or certified copies of all required insurance policies if requested by the City.

E. Acceptability of Insurers - Insurance shall be placed with insurers admitted in the State of California and with an AM Best rating of A VII or higher.

F. Hired Parties - Vendors who will use subcontractors or other parties to provide materials, services, or perform construction or other work for the Vendor must enter into a written and executed contract agreement with each of its subcontractors, vendors, agents, subcontractors and/or any other parties, collectively, "hired parties". The contract agreement must contain a defense, indemnification and hold harmless provision in favor of the City and its officers, officials, employees, agents, and volunteers. The contract agreement shall also cause the hired parties to comply with the insurance requirements required of the Vendor, including providing an additional insured endorsement for ongoing and completed operations. Vendor shall obtain certificates of insurance and additional insured endorsements from each of its hired parties and provide a copy to City upon request.

XVII. UNDERSTANDING THE RFP

It is the responsibility of each Proposer to inquire about any criteria, condition, term, provision, or requirement of this RFP that the Proposer does not understand. Responses to inquiries, if they significantly change or clarify the RFP requirements or any aspect of the procurement process, will be forwarded by addenda to all Proposers. The City will not be bound by any oral responses to inquiries. By submitting proposals, Proposers assert that they have fully read the RFP and any addenda issued by the City, the proposed Contract and any other Contract Documents, and affirm that the terms and conditions stated therein are fully understood and are acceptable to the Proposer. Each Proposer accepts the terms and conditions of the Contract Documents and indicates their ability and willingness to perform the requested services under such terms and conditions. Any exceptions to the terms and conditions set forth in the Contract Document shall be submitted to the City by the deadline to submit requests for information or clarification/questions set forth herein.

XVIII. WITHDRAWALS

Proposers are responsible for verifying all prices and information before submitting a proposal. Prior to the proposal due date, the Proposer or Proposer's representative may withdraw the proposal by providing written notice of the proposal withdrawal to the City's Purchasing Manager. Verbal or telephonic withdrawals are not permissible.

XIX. GENERAL TERMS AND CONDITIONS

A. AMERICANS WITH DISABILITIES ACT

The awarded Contractor hereby certifies that it will comply, as applicable, with the Americans with Disabilities Act of 1990 ("ADA"), 42 USC §§ 12101 et seq., and its implementing regulations, including Subtitle A, Title II of the ADA. Contractor will not discriminate against persons with disabilities nor against persons due to their relationship to or association with a person with a disability. Any contract entered into by the awarded Contractor (or any subcontract thereof), relating to this RFP, shall be subject to the provisions of this paragraph.

B. BUSINESS REGISTRATION

The City requires any individual, corporation, supplier, contractor, subcontractor, and sole proprietor who wishes to conduct any business within the City of Eastvale to secure a City of Eastvale business registration upon award of the resulting contract. Procedure to register their business with the City of Eastvale is available by contacting the City at (951) 961-0900 or on the City's website: https://www.eastvaleca.gov/business/business-registration.

C. CITY RIGHT TO REJECT

The City reserves the right to reject any or all proposals submitted and no representation is made hereby that any agreement will be awarded pursuant to this RFP or otherwise. The City reserves the right to accept or reject the combined or separate components of this proposal in part or in its entirety or to waive any minor inconsistency, informality or technical defect in the proposal.

D. CONFLICT OF INTEREST

Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the City. This obligation shall apply to the Contractor; the Contractor's employees, agents, and Subcontractors associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to, establishing precautions to prevent its employees, agents, and Subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence City staff or elected officers from acting in the best interests of the City.

Each Proposer must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. The City reserves the right to disqualify any Proposer on the grounds of actual or apparent conflict of interest.

No person, firm, or subsidiary thereof who has been awarded this Contract may be awarded a Contract for the provision of services, the delivery of supplies, or the provision of any other related action which is required, suggested, or otherwise deemed appropriate as an end product of this Contract. Therefore, Contractor is precluded from contracting for any work recommended as a result of this Contract.

E. CONTRACTOR'S EXPENSE

Pre-Contractual Expenses: The City is not liable for any costs incurred by Proposers prior to entering into a formal contract. Costs of developing a response to this RFP, are entirely the responsibility of the Proposer, and shall not be reimbursed in any manner by the City. Pre-contractual expenses are not to be included in the cost proposal. Pre-contractual expenses include, but are not limited to, preparation of the proposal, submission of the proposal and additional information, attendance at pre-proposal conference, negotiating any matter related to this RFP with City, and/or any other expenses incurred by the Proposer prior to the date of award and execution, if any, of the contract.

Other Expenses: The Contractor will be responsible for all costs related to photocopying, telephone communications, fax communications, and parking while on City sites during the performance of work and services under this Contract.

F. CONTRACTOR'S PROJECT MANAGER/KEY PERSONNEL

Except as formally approved by the City, the key personnel identified in Contractor's proposal shall be the individuals who will actually complete the work. Changes in staffing must be reported in writing and approved by the City. The City shall have the right to require the removal and replacement of the Contractor's Project Manager and key personnel under the awarded contract. The City shall notify the Contractor in writing of such action. The City is not required to provide any reason, rationale, or additional factual information if it elects to request any specific key personnel be removed from performing services under the awarded contract. The City shall review and approve the appointment of the replacement for the Contractor's personnel. Said approval shall not be unreasonably withheld.

Standards of Conduct: Contractor's personnel shall be courteous and maintain good working relationships with all stakeholders, state or outside agencies, other team members and staff within the City.

G. COST PROPOSAL

The awarded Contractor agrees to provide the purchased services at the costs, rates, and fees as set forth in their Cost Proposal and/or fee schedule in response to this RFP. No other costs, rates or fees shall be payable to the awarded Subcontractor for implementation of their proposal.

H. DATA RETENTION

Contractor shall be responsible for retaining data, records, and documentation for the preparation of required items. These materials shall be made available to and as requested by City.

All materials, documents, data or information obtained from the City Data files or any City medium furnished to Contractor in the performance of an awarded contract will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Contractor after completion or termination of this Contract without the express written consent of the City. All materials, documents, data or information, including copies, must be returned to the City at the end of the contract.

All data, documents and other products used, developed, or produced during response preparation of the RFP will become property of the City. All responses to the RFP shall become property of the City. Proposer information identified as proprietary shall be maintained confidential, to the extent allowed under the California Public Records Act.

I. DRUG-FREE WORKPLACE

The awarded Contractor certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. Failure to comply with these requirements may result in suspension of payments under the Contract or termination of the contract or both, and the Contractor may be ineligible for award of any future City contracts.

J. EXAMINATION

Proposer represents that it has thoroughly examined and become familiar with the services and responsibilities required by this RFP and that it is capable of effectively and efficiently performing quality work to achieve the City's objectives. Any attachments referenced herein or any interpretations, clarifications or amendments subsequently posted in relation to this RFP are fully incorporated. Any irregularities or lack of clarity in the RFP should be brought to the designated City Contact or Project Manager's attention as soon as possible so that corrective addenda may be furnished to prospective Proposers. Proposals which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of this contract, may be rejected.

K. EXECUTION OF AGREEMENT

Upon successful negotiations, the City and the selected Proposer will enter into an Agreement similar to that as shown in EXHIBIT II – Sample Agreement of this RFP. If a Proposer is unwilling or unable to execute an Agreement within thirty (30) days after being notified of selection under this RFP, the City reserves the right to disqualify them without any further obligation

L. FISCAL NONFUNDING CLAUSE

In the event sufficient budgeted funds are not available for a new fiscal period, the City shall retain the right to notify the provider of such occurrence in writing at least thirty (30) days before the end of the current fiscal period and terminate the contract on the last day of the current fiscal period without penalty or expense to the City.

M. INDEPENDENT CONTRACTOR

Contractor is considered an independent Contractor and neither Contractor, its employees, nor anyone working under Contractor will be considered an agent or an employee of City. Neither Contractor, its employees, nor anyone working under Contractor, will qualify for workers' compensation or other fringe benefits of any kind through City.

N. JOINT OFFERS/SUBCONTRACTORS

Where two or more Proposers desire to submit a single proposal in response to this RFP, they should do so on a prime sub-contractor basis. The City intends to contract with a single firm, also known as the prime, and not with multiple firms doing business as a joint venture. Should

the use of sub-contractors be offered, the Proposer shall provide the same assurances of competence for the sub-contractor plus the demonstrated ability to manage and supervise the subcontracted work. Sub-contractors shall not be allowed to further subcontract with others for work under the Agreement. The provisions of the Agreement shall apply to all sub-contractors in the same manner as the Proposer. The proposer is responsible for all the actions taken by their subcontractor or subcontractor.

The City reserves the right to reject, replace and approve any and all subcontractors or subcontractors. All subcontractors or subcontractors shall be identified in the response to the RFP and the City reserves the right to reject any proposed subcontractors or subcontractors. Subcontractors or subcontractors shall be the responsibility of the prime Contractor and the City shall assume no liability of such subcontractors or subcontractors.

O. LITIGATION STATUS

Each Proposer must include in its proposal a complete disclosure of any alleged significant prior or ongoing contract failures, any civil or criminal litigation or investigation pending which involves the Proposer or in which the Proposer has been judged guilty or liable. Failure to comply with the terms of this provision will disqualify any proposal. The City reserves the right to reject any proposal based upon the Proposer's prior history with the City or with any other party, which documents, without limitation, unsatisfactory performance, adversarial or contentious demeanor, significant failure(s) to meet contract milestones or other contractual failures.

P. NEGOTIATIONS

The City reserves the right to negotiate final contract terms with any Proposer selected. The contract between the parties will consist of the RFP together with any modifications thereto, and the awarded Contractor's proposal, together with any modifications and clarifications thereto that are submitted at the request of the City during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the final executed contract, the RFP, any modifications and clarifications to the awarded Contractor's proposal, and the awarded Contractor's proposal. Specific exceptions to this general rule may be noted in the final executed contract.

Negotiations shall be confidential and not subject to disclosure to competing Contractors unless and until an agreement is reached. If contract negotiations cannot be concluded successfully, the City reserves the right to negotiate a contract with another Contractor or withdraw the RFP.

Q. NON-PAYMENTS

Note that payments will NOT be made for any unsatisfactory work until corrected. In the event of nonpayment of undisputed sums by the City, Contractor shall give the City thirty (30) working days to cure the alleged breach.

R. OWNERSHIP OF DOCUMENTS

The City has permanent ownership of all directly connected and derivative materials produced under this contract by the Contractor. All documents, reports and other incidental or derivative work or materials furnished hereunder shall become and remains the sole property of the City and may be used by the City as it may require without additional cost to the City. Contractor shall provide the City copies of documents upon its request at any time. None of the documents, reports and other incidental or derivative work or furnished materials shall be used by the Contractor without the express written consent of the City.

S. PROFESSIONAL STANDARDS

Contractor staff shall be courteous to the public and City staff utilizing facilities where Contractor is performing work, but shall be responsive only to the requests of the City's Project Manager or designee. Contractor staff shall direct all inquiries to Project Manager or designee.

Contractor acknowledges that City locations consist of public-use facilities and recognizes the obligation to ensure Contractor personnel and agents maintain the highest level of professional standards in attire, decorum, and interaction with the public and City personnel.

T. PROJECT MANAGER

The selected Proposer will assume responsibility for all services in its proposal. The selected Proposer shall identify a sole point of contact, Project Manager, with the greatest knowledge in regard to the required service operations and contractual matters, including payment of any and all charges resulting from the Agreement.

U. PROPOSAL VALIDITY

Services, pricing, and warranties indicated in a Proposer's Proposal must be valid for a period of 180 days at minimum after the submission of the Proposal.

V. PUBLIC AGENCIES

Other public agencies, as defined by California Government Code Section 6500, may choose to use the terms of this Contract, subject to Contractor's acceptance. The City is not liable or responsible for any obligations related to a subsequent contract between Contractor and another public agency.

W. PUBLIC RECORDS

Proposals will become public record after the award of a contract unless the proposal or specific parts of the proposal can be shown to be exempt by law. Each Proposer may clearly label all or part of a proposal as "CONFIDENTIAL" provided that the Proposer thereby agrees to indemnify and defend the City for honoring such a designation. The failure to so label any information that is released by the City shall constitute a complete waiver of any and all claims for damages caused by any release of the information. Proposer information identified as proprietary shall be maintained confidential, to the extent allowed under the California Public Records Act.

X. SUBCONTRACTORS/SUBCONSULTANTS

Proposals in response to this RFP must identify any subcontractors or subconsultants, and outline the contractual relationship between the awarded subcontractors or subconsultants and each subcontractors or subconsultants. An official of each proposed subcontractors or subconsultants must sign, and include as part of the proposal submitted by the Prime Contractor or Consultant, a statement to the effect that the subcontractors or subconsultants has read and will agree to abide by the awarded Contractor's obligations. Any subcontractors or subconsultants proposed after award of contract must be approved by the City before commencement of work.

The City will look solely to the awarded Contractor for the performance of all contractual obligations which may result from an award based on this RFP, and the awarded Contractor shall not be relieved for the non-performance of any or all subcontractors or subconsultants.

Contractor shall provide, at a minimum, the following services: *Proposals should address all sections of this exhibit too. See section 2 of Addendum 3 for updates to Section 10 of this Scope of Services. Q&A may also provide some clarifications.*

Managed Services Responsibility

The Contractor shall function as the City's primary Managed IT Services Provider and shall be fully responsible for the availability, security, performance, and continuous improvement of the City's IT environment. Services are outcome-based and not limited to task execution. Contractor shall proactively identify issues, risks, and improvement opportunities without direction from City staff.

1) **Comprehensive Assessment and IT Review**
   - Conduct a Comprehensive Assessment and IT Review within the first 30 days and draft an IT Road Map within the first 60 days of contract execution which includes but is not limited to assessment of the current state of the City's technological environment, existing infrastructure, current software licenses and subscriptions, current architecture, staffing levels, knowledge, and educational challenges.
   - Assess organizational IT needs by meeting with representatives from each department and the operational areas that IT supports.
   - Perform risk assessment and gap analysis on the effectiveness of current IT organizational structure, technical infrastructure, and support to meet the needs of current and future City initiatives.
   - Review IT policy and procedures (informal and formal) and their adherence to industry standards), and make recommendations to the City for appropriate updates.
   - Contractor shall proactively recommend service improvements, technology modernization opportunities, and cost-optimization strategies throughout the term of the agreement. At least annually, contractor shall present a roadmap update outlining recommended improvements, risks, and priorities.

2) **Strategic Planning and Oversight of personnel and vendors**
   - Evaluate existing IT Projects, timelines, and project budgets and provide ongoing recommendations to the City as needed for decision making.
   - Assist in annual IT budget preparation by identifying necessary hardware/software investments, licensing needs, IT/software enhancements, and upgrade projects within budget timelines established by Finance Department.
   - Create a road map for long-range information systems planning and forecasting based on analysis and audit. Evaluate and identify means and approaches to accommodate current and emerging technology requirements, major trends, and upgrades facing the City.
   - Identify practical and relevant public sector best practices, and industry standards for IT Contingency Plans for Incident Response, Disaster Recovery, Cyber Security, Business Continuity, and Risk Management.

- Evaluation of Cloud-based technologies, support for mobile computing options, user experience and usability strategies, storage and backup strategies, and skill levels related to the technologies needed now and likely to be needed in near future.

3) Help Desk & End User Support

- Provide full administration and end-user support, including troubleshooting, configuration, escalation management, and resolution for common City software and business applications. Own end to end resolution of usage issues or errors in office productivity software (e.g. MS Office 365) and all City-specific programs (e.g. finance, permitting, code enforcement, GIS, document management systems, etc.) including escalation to appropriate vendor help desk and follow through with resolution.
- Furnish a responsive IT help desk reachable 24 hours a day, 7 days a week, including holidays. Offer unlimited remote technical support for City staff via phone, email, or remote login tools at all times. After-hours emergency calls are addressed by on-call technicians, with guaranteed rapid response for critical issues (e.g. network outages).
- Utilize a help desk ticket system to log all support requests (by phone, email, or in person) and track them through resolution. Document each issue, the resolution steps, and time taken. Provide City staff with updates on ticket status and maintain a history of incidents to identify recurring problems or training needs. Provide read only access to ticketing system to key city staff.
- Handle user account lifecycle tasks. Create new user accounts (for network/domain, email, applications) when new employees are onboarded. Manage user access permissions (e.g. file shares, system rights) and set up multi-factor authentication for remote access as required. User accounts for separated employees shall be **disabled within 24 hours of notification**, and **immediately (same business day)** for involuntary separations or security related terminations, as directed by the City.
- Serve as primary administrator for City-issued smartphones, tablets, and mobile devices. This includes configuring email and applications on mobile devices, troubleshooting connectivity or sync issues, and ensuring mobile device management policies (e.g. remote wipe, MFA) are applied.
- Conduct basic IT orientation and training for City staff as needed. This may include instructing users on City systems, security practices, new software features, or self-service tips. Perform proactive “department outreach” visits to understand user needs and educate staff on technology best practices. Security awareness training is covered separately under Cybersecurity.
- Enable and support City staff to work securely from remote locations as needed. Maintain remote access infrastructure to allow telecommuting. Support virtual meeting platforms and remote collaboration tools including setting up and troubleshooting Zoom, Teams, or other video conferencing as needed.

- Contractor shall provide a full-time, on-site support technician during City Hall business hours. Contractor shall ensure qualified backup coverage during absences, vacations, or illness, with no reduction in service levels. On-site technician shall be able to travel between city facilities as needed utilizing transportation provided by Contractor.
- As needed on-site technology installation
- Install, configure, and troubleshoot City-owned PCs, laptops, and tablets for staff. Resolve hardware and software issues on user workstations. Perform new PC deployments, including installing standard City applications and network services on each device.
- Serve as the primary administrator for all user peripherals such as printers, scanners, multi-function copiers, monitors, and other connected devices. Install and configure printers for network or local use and resolve printing issues. Ensure users can reliably use scanning/imaging systems and coordinate with vendors for hardware repairs if a device fails.
- Manage and support technology used for all public meetings, including but not limited to City Council, Planning Commission, and Public Safety Commission. Set up and test audio-visual equipment in Council chambers (projectors, recording systems, streaming encoders, microphones, cameras) prior to meetings. Provide on-site support during public meetings including live operation of virtual meeting systems (i.e. Zoom), cameras, microphones, etc.

4) Hardware Inventory and Warranty Management

- Maintain an up-to-date inventory of all City IT assets (computers, devices, servers, software licenses).
- Track equipment serial numbers, warranty expirations, and software license renewals.
- Provide inventory reports on a quarterly basis and as requested by the City, and advise when assets are due for replacement or support contract renewal. Contractor shall provide annual hardware lifecycle and replacement recommendations aligned with the City's budget development cycle, with interim updates provided as needed for unplanned failures or emerging risks.
- Plan and carry out phased upgrades or replacements of aging IT infrastructure. Complete end-of-life hardware and software refresh projects, configuring new systems according to best practices. Minimize disruption by scheduling and executing major upgrades (servers, network gear, PCs, etc.) in a controlled manner.

5) Network, Telecommunications, Data, and Infrastructure Management

- Maintain detailed documentation of the City's IT infrastructure. This includes network diagrams showing device locations and connections, configuration records (IP addresses, VLANs, firewall rules, etc.), server inventories with roles and configurations, and admin credentials stored securely. Update documents promptly when changes are made. All such documentation is made available to City personnel upon request.
- Provide day-to-day administration of the City's networks (LAN/WAN). Monitor network performance and proactively address issues to ensure reliable connectivity for all City locations. Manage network equipment (firewalls, routers, switches, wireless access points) – including applying firmware updates, managing configurations, and optimizing for security and performance. Regularly review the network to confirm it is operating at peak efficiency and capacity.
- Provide day-to-day server and IT infrastructure systems support, which includes, but is not limited to maintenance, repairs and minor updates and security and Enterprise system implementation and support.
- Manage the City's data storage systems and perform regular data backups. This includes maintaining file servers, NAS/SAN devices, and cloud storage allocations so that staff have reliable access to shared files. Monitor storage capacity and performance, and plan for expansions or archiving as needed. Perform daily backups of all critical systems and databases (on-site and to off-site or cloud locations). Verify backup jobs succeed and conduct periodic test restorations to ensure data can be recovered. Maintain backup logs and remediate any failed backups immediately.
- Oversee the City's internet connections (ISP services) and act as liaison to the ISP for any outages or bandwidth issues. Ensure the City's voice/data network is integrated with the IT network and coordinate with telecom vendors for support.
- Develop and maintain the City's IT disaster recovery mechanisms. Provide off-site file backup and disaster recovery solutions so that critical data and services can be restored after a major incident. Implement failover procedures for key systems. Draft and periodically update a Disaster Recovery Plan detailing steps to rebuild or failover City IT systems in various disaster scenarios. Conduct an annual disaster recovery test or simulated failover to validate the City's preparedness.
- Manage the City's wireless networks and remote access systems. Configure and monitor secure Wi-Fi networks at City facilities, ensuring adequate coverage and performance for staff and public (if offered). Ensure that remote connectivity is stable and uses strong encryption/MFA as per security policies.
- Read-only visibility into current state and key historical performance metrics (dashboards) for key client personnel.

- Support the City's use of cloud-based solutions. This may include administration of Microsoft 365 tenant services (Exchange Online, SharePoint/OneDrive, Teams) – managing licenses, user accounts, and security settings.
- Administer the City's email and collaboration systems. This may involve, but is not limited to creating mailboxes, distribution lists, and archives. Ensure spam filtering and malware protection on email is active. Provide user support for email issues and handle backend email system tasks like retention policies, e-discovery searches, and mailbox backups. If applicable, manage other messaging platforms (i.e., Teams, Slack) and ensure they integrate with City authentication.
- Proactive patching and timely firmware upgrades of infrastructure hardware.
- Manage the City's telecommunications infrastructure in coordination with telecom vendors. For example, administration of a VoIP phone system adding new phones, updating phone directory routes, and troubleshooting network-related call quality issues.
- Formalized change management process requiring pre-approval, defined maintenance windows and detailed documentation for all critical infrastructure changes.
- Routine, documented, and auditable testing of data restoration from server and endpoint backups (e.g. staggered, quarterly test restores).
- Administer backup and recovery solution for Microsoft 365 services, including but not limited to Exchange Online, SharePoint, OneDrive, Teams.

6) Cybersecurity

- Maintain a comprehensive cybersecurity program. Develop a formal Cyber Security Plan and update it regularly to address new threats. This includes layering defenses (firewall, AV, email security, MFA, etc.), enforcing security policies City-wide, and keeping security architecture documentation. Advise the City on cyber-liability insurance coverage and, if in place, ensure cooperation with insurer's requirements (e.g. annual security audits). **Overall, serve as the City's subject-matter expert on cybersecurity, keeping City leadership informed of risks, mitigation strategies, and incidents.**
- Develop procedures for responding to IT security incidents or breaches. In the event of a suspected cyber incident (malware outbreak, data breach, etc.), execute the Incident Response Plan: isolate affected systems, eradicate threats, recover data from backups, and restore services safely
- Investigate the root cause and implement measures to prevent recurrence. Coordinate with law enforcement or cyber insurance as necessary. Provide post-incident reports and user communications.
- Conduct regular (minimum annual) cybersecurity awareness training for City employees. Educate staff on safe computing practices: how to recognize phishing emails, use strong passwords, handle sensitive data, and report potential security incidents. As part of this, run periodic simulated phishing exercises to test and reinforce employee vigilance.

Provide training modules covering social engineering, general cyber hygiene, and department-specific security procedures. Track participation to ensure all users complete required training.

- Deploy and manage enterprise-grade anti-malware and anti-virus solutions on all City computers, servers, and email systems. Maintain up-to-date virus definitions and ensure scans are running regularly. Monitor dashboards for any virus detections or quarantines, and respond to neutralize any malware found. This includes protecting against ransomware and spyware. Also keep spam filtering and email threat prevention systems active (blocking phishing emails, infected attachments, etc.).
- Ensure compliance with relevant standards (e.g. CJIS, PCI-DSS, HIPAA)
- Utilize DNS or web content filtering systems to block access to malicious or inappropriate websites from the City network. Monitor web traffic for signs of malware callbacks or data exfiltration. Manage DNS security services that prevent users from visiting known dangerous domains.
- Tune web filters to balance security with business needs (e.g. allowing required research sites while denying categories like malware, phishing, etc.)
- Proactively assess the City's IT environment for vulnerabilities and ensure compliance with relevant security standards and best practices. Perform periodic vulnerability scans of networks and systems (using tools or managed services) and promptly remediate any findings. Ensure the City meets any mandated security frameworks. This includes implementing controls for data encryption, secure configurations, and access controls as required.
- Implement and manage multi-factor authentication for remote network access and key applications. Ensure VPN logins, email accounts, and other critical systems require a second factor.
- Monitor and manage the MFA/SSO platform (issuing tokens, assisting users with setup). This reduces the risk of compromised passwords being enough to breach City systems.
- Implement a rigorous patch management program. Apply security patches and software updates to servers, PCs, network devices, and applications on a timely schedule – often weekly after hours for critical updates. Ensure operating systems (Windows, Linux) and third-party software (browsers, PDF readers, etc.) are kept current to eliminate known vulnerabilities. Coordinate with City departments to schedule patches so as to minimize disruption (e.g. deploy after Business Hours 7:00 AM – 6:00 PM). Maintain a log of applied patches and verify systems are fully updated.
- Contractor shall notify the City of any confirmed cybersecurity incident within one (1) hour of detection, followed by a written incident report within 24 hours and a final root-cause and remediation report within 10 business days.

7) Optional: Managed Detection and Response (MDR)

The City requests that proposers optionally include a Managed Detection and Response (MDR) service as an add-on at an additional cost, separate from the base proposal. MDR is a service that provides 24/7 monitoring and human review of cybersecurity alerts, with investigation and response support when potential security incidents occur.

If proposed, the MDR service should include:

- Continuous monitoring of the City's Microsoft 365 environment, user accounts, and endpoints
- Human review and investigation of security alerts
- Identification of common threats such as phishing, compromised accounts, and suspicious login activity
- After-hours, weekend, and holiday coverage
- Clear notification and escalation procedures to City staff
- Guidance and/or assistance with containment and remediation actions

Proposers shall clearly describe:

- What response actions are included (e.g., advisory only vs. active containment)
- How incidents are communicated to the City
- What Microsoft or third-party security tools are used
- Any additional licensing or software required

Pricing for MDR shall be provided separately, including any setup fees, monthly or annual costs, and minimum service terms.

MDR services are not required and will be evaluated independently of the base proposal. The City may choose to add MDR services at a later date under the same contract or procure its own independent MDR service with alternate provider.

8) Procurement

- Assist in procuring IT equipment, software, licenses, and services as needed. Contractor staff shall assist with obtaining quotes and providing recommendations for the purchasing of new IT assets. Evaluate proposals from vendors and ensure the City receives appropriate technology at the best value and coordinate order placement and delivery for approved purchases in accordance with City policies and procedures.

9) Reporting and Analytics

- Provide various reports and analyses of IT operations as required. Examples: monthly help desk report (number of tickets by type, resolution times), network uptime reports, security incident reports, asset depreciation schedules, etc. If requested, develop dashboards or statistics that help City management understand IT performance and areas of need.
- Utilize analytics to recommend adjustments to staffing or infrastructure (for instance, if reports show many after-hours calls, recommend adjusting support hours).
- Develop Citywide activity dashboards for management decision making and productivity monitoring.

10) Future City Hall IT Implementation

- Support design, procurement, and implementation of required IT infrastructure for the new City Hall, including network architecture (LAN/WAN), wireless systems, server environments (on-premises and/or cloud), and telecommunications systems.
- Coordinate installation and integration of all City installed technology systems (not installed by Civic Center contractor), including workstations, VoIP, printing, and other departmental technology needs, ensuring compatibility with existing City systems.
- Provide project management, testing, documentation, and transition support, including implementation timelines, vendor coordination, system configuration, cybersecurity controls, staff training, and post-deployment support to ensure a seamless operational launch of the new facility.

11) Emergency Response and Service Level Agreement (SLA) sample (final SLA to be negotiated with selected contractor, this is for reference purposes only)

- Respond to emergency outages within (1) hour during normal business hours
- Respond to emergency outages within (2) hours during non-business hours
- If issue cannot be resolved remotely, be on site within (4) hours
- Provide unlimited technical phone support
- Contractor shall report monthly on SLA performance, including response times, resolution times, and SLA compliance percentages. Chronic SLA failures may constitute grounds for contract remedies as defined in the Agreement.
- Trouble tickets will be acknowledged within 30 minutes with typical response times as:
    i. Password reset: 15 minutes
    ii. Create new user: 60 minutes
        i.
    iii. Installing device application: 60 minutes
    iv. Troubleshoot/repair device: 30 minutes
    v. Add printer: 30 minutes

12) Enterprise Resource Planning (ERP) Support

ERP Implementation Support

- Provide application support, configuration, upgrades, and implementation assistance for enterprise business systems, including the City's Enterprise Resource Planning (ERP) system.
- Provide ongoing application management and implementation support for the City's enterprise business systems, including financial and human resources platforms (ERP).

ERP Integration with Existing Systems

- Support and maintain interfaces and integrations between the ERP system and third-party applications, including finance, payroll, cashiering, and permitting systems.
- Coordinate with software vendors to implement, test, and troubleshoot system integrations required for City operations.
- Provide technical support for existing and new ERP integrations with internal and external systems, including payroll, project systems, and third-party applications.
- Support data interfaces and system integrations between enterprise applications and existing City systems, ensuring data integrity and availability.

AGREEMENT FOR SERVICES
BETWEEN
THE CITY OF EASTVALE, CALIFORNIA
AND
_____

This Agreement for Services ("Agreement") is entered into as of this ____ day of _____, 20__ by and between the City of Eastvale, a municipal corporation ("City") and _____, a _____ ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by Request for Proposals No.26-106EG the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for *[___ years/months/days]* commencing on the date first ascribed above.

SCOPE OF SERVICES & SCHEDULE OF PERFORMANCE.

Scope of Services. Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

COMPENSATION AND METHOD OF PAYMENT.

Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed _____ dollars ($_____), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

CONTRACTOR'S BOOKS AND RECORDS.

Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating

to work, services, expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

INDEPENDENT CONTRACTOR.

Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City.

The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's officers, employees, or agents except as set forth in this Agreement. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of City.

Neither Contractor , nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights.

STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

CONFLICTS OF INTEREST.

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work

product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorney's fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including

but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorney's fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

TERMINATION OF AGREEMENT.

City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the

date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by telecopier or certified mail, postage prepaid and return receipt requested, addressed as follows:

To City: City of Eastvale
Attn: Johnny Terfehr, Director of Community Safety and Technology
12363 Limonite Ave., Suite 910
Eastvale, CA 91752

To Contractor: _____
_____

_____

_____

Notice shall be deemed effective on the date personally delivered or transmitted by facsimile or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 "Amendment" and the City Manager's contracting authority under the Eastvale Municipal Code.

BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager's contracting authority under the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

NOTE: CONTRACTOR'S SIGNATURES SHALL BE DULY NOTARIZED, AND APPROPRIATE ATTESTATIONS SHALL BE INCLUDED AS MAY BE REQUIRED BY THE BYLAWS, ARTICLES OF INCORPORATION, OR OTHER RULES OR REGULATIONS APPLICABLE TO CONTRACTOR'S BUSINESS ENTITY.

Proposer understands and agrees that this written RFP (or any part thereof specifically designated and accepted by the City of Eastvale, hereinafter City) shall constitute the entire agreement between proposer and the City only after it has been accepted by the City Council, endorsed by the City Clerk with their signature and official seal noting hereon the action of approval of the Council, signed by the Director or his duly authorized agent, and signed by the City Attorney, denoting their approval of the form of this document, and its execution, and when it or an exact copy of it has been either delivered to proposer or deposited with the City's selected postal service properly addressed to the proposer with the correct postage affixed thereto.

Proposer further agrees that upon delivery (as defined above) of the accepted agreement he/she will furnish City all required bonds (if required) and certificate of liability insurance, or the funds, check, draft, or proposer's bond substituted in lieu thereof accompanying this proposal shall become the property of the City and shall be considered as payment of damages due to the delay and other causes suffered by City because of the failure to furnish the necessary bonds and because it is distinctly agreed that the proof of damages actually suffered by City is difficult to ascertain; otherwise said funds, check drafts, or proposer's bond substituted in lieu thereof shall be returned to the undersigned.

Proposer understands that a proposal is required for the entire work, that the estimated quantities set forth in the RFP schedule are solely for the purpose of comparing proposals, and that final compensation under the contract will be based upon the actual quantities of work satisfactorily completed.

All terms contained in the specifications, the certification of nondiscrimination by contractors, and the required insurance certificates are to be incorporated by reference into this agreement and are made specifically as part of this RFP.

Certification - I certify that I have read, understand and agree to the terms and conditions of this Request for Proposals. I have examined the Scope of Services **(Exhibit I**) and am qualified to provide services being requested as specified herein. I understand and agree that I am responsible for reporting any errors, omissions or discrepancies to the City for clarification prior to the submission of my proposal.

PROPOSER'S STATEMENT: I have read, understood and agree to the terms and conditions on all pages of this RFP. Upon request, I will transfer and deliver goods or services to the City in accordance with said terms and conditions.

(Title 23 United States Code Section 112 and Public Contract Code Section 7106)

To the CITY OF EASTVALE

In accordance with Title 23 United States Code Section 112 and Public Contract Code 7106 the proposer declares that the proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the proposal is genuine and not collusive or sham; that the proposer has not directly or indirectly induced or solicited any other proposer to put in a false or sham proposal, and has not directly or indirectly colluded, conspired, connived or agreed with any proposer or anyone else to put in a sham proposal, or that anyone shall refrain from bidding; that the proposer has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the proposal price of the proposer or any proposer, or to fix any overhead, profit, or cost element of the proposal price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the proposal are true; and, further, that the proposer has not, directly or indirectly, submitted his or her proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham proposal.

Note: The above non-collusion affidavit is part of the proposal. Signing this proposal on the signature portion thereof shall also constitute signature of this non-collusion affidavit. Proposers are cautioned that making a false certification may subject the certifier to criminal prosecution.

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

AGREEMENT FOR MANAGED IT SERVICES
BETWEEN
THE CITY OF EASTVALE, CALIFORNIA
AND
LAN WAN ENTERPRISE, INC.

This Agreement for Managed IT Services ("Agreement") is entered into as of this 1st day of July, 2026 ("Effective Date") by and between the City of Eastvale, a municipal corporation ("City") organized under the laws of the State of California, and Lan Wan Enterprise Inc., a California S-Corporation with its principal place of business at 17500 Red Hill Avenue, Ste 120 Irvine, CA 92614 ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by request for proposals, RFP No. 26-106CE, Managed Information Technology Services. The performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

The Term of this Agreement is for two years commencing on the Effective Date ("Term") unless earlier terminated as provided in Section 20 "Termination of Agreement". Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. Prior to the expiration of the Term, the Parties may agree, in writing, to extend the Term for up to three (3) additional one (1) year periods, for a total possible term not-to-exceed five (5) years.

SECTION 2. SCOPE OF SERVICES.

Contractor agrees to perform the services set forth in Contractor's Proposal, attached hereto as Exhibit "A" "Proposal" (hereinafter, the "Services") and made a part of this Agreement by this reference. The Services shall be completed pursuant to the schedule specified in Exhibit "A." Should the Services not be completed pursuant to that schedule, the Contractor shall be deemed to be in Default of this Agreement. The City,

in its sole discretion, may choose not to enforce the Default provisions of this Agreement and may instead allow Contractor to continue performing the Services. Only the portions of Contractor's Proposal which describe the Services to be provided and the compensation for such Services shall be incorporated into this Agreement. Other information, terms and conditions contained in the Proposal are not incorporated into this Agreement shall be of no force or effect. If there is any conflict between the body of this Agreement and the Contractor's Proposal, the body of this Agreement shall govern.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "A". The monthly compensation for Services shall not exceed sixteen thousand four hundred dollars ($16,400) per month, unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. Reimbursable costs and expenses shall not be subject to a not-to-exceed amount.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "A" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF MATERIALS; EXCEPTIONS; WARRANTY.

(a) Documents and Data. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement ("Materials") shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such Materials. .

(b) If and to the extent that City utilizes for any purpose not related to this Agreement any Materials prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the Materials.

(c) All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

(d) Contractor warrants that all Materials it drafts and completes pursuant to this Agreement constitutes original work. Specifically, Contractor understands and agrees that use of artificial intelligence (AI) tools including, without limitation, ChatGPT, Microsoft's Bing Chat, Google's Bard, and Meta's LLaMA (Large Language Model Meta AI), in the performance of this Agreement does not constitute an original work, i.e., submitting Materials generated by such AI tools to City and representing it as Contractor's original work constitutes a material breach of this Agreement, constitutes a false claim, and may also violate applicable intellectual property right laws including, without limitation, United States Copyright Law. Accordingly, and notwithstanding any other provision of this Agreement as to ownership, City specifically rejects ownership of such Materials. Contractor is required to indemnify and defend City to the fullest extent allowed by applicable law should it violate this Section.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

(a) Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Proposal" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

(b) Contractor warrants that (1) it has thoroughly investigated and considered the work to be performed, (2) it has investigated the issues, regarding the scope of Services to be provided, (3) it has carefully considered how the work should be performed, and (4) it fully understands the facilities, difficulties and restrictions attending performance of the work under this Agreement.

(c) Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Contractor shall at all times enforce strict discipline and good order among its employees. Any employee who is determined by the City to be uncooperative, incompetent, a threat to the safety of persons or the Services, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Services to be performed by the Contractor and shall not be re-employed on the Services.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the Term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement and such

licenses, permits and approvals shall be maintained throughout the Term of this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

Contractor represents that it is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, *et seq*., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall obtain a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the Department of Industrial Relations located at www.dir.ca.gov/dlsr/. In the alternative, Contractor may view a copy of the prevailing rates of per diem wages at the City. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Contractor and all subcontractors must be registered with the Department of Industrial Relations. Contractor shall maintain registration for the duration of the project and require the same of any subcontractors. This project may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Contractor's sole responsibility to comply with all applicable registration and labor compliance requirements.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should

Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law. Contractor shall not use City's name or insignia, photographs, or any publicity pertaining to the Services in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall

have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "B" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance. If City doe not agree to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(c) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant, in the sole discretion of the City. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City:	City of Eastvale Attn: Johnny Terfehr 12363 Limonite Ave., Suite 910 Eastvale, CA 91752
To Contractor:	Lan Wan Enterprise Inc. Attn: Rami Dababneh 17500 Red Hill Avenue, Ste.120 Irvine, CA 92614

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 “Amendment” and the City Manager’s contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if it does not exceed the amount that may be approved administratively pursuant to the Eastvale Municipal Code. The

Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" and "B", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

SECTION 35. ELECTRONIC SIGNATURE.

The Parties agree that the Parties may use electronic signatures to execute this Agreement. Such signatures shall have the same force and effect as if this Agreement were executed by hand. Contractor agrees to indemnify, defend, and hold the City harmless from any claim, damage, or liability associated with transmitting an electronic signature or an electronically signed record by electronic transmission.

SECTION 36. DATA PROTECTION.

a) Contractor shall protect, using the most secure means and technology that is commercially available, City-provided data or consumer-provided data acquired in the course and scope of this Agreement, including but not limited to customer lists and customer credit card or consumer data, (collectively, the "City Data"). Contractor shall notify City in writing as soon as reasonably feasible, and in any event within twenty-four (24) hours, of Contractor's discovery or reasonable belief of any unauthorized access of City Data (a "Data Breach"), or of any incident affecting, or potentially affecting City Data related to cyber security (a "Security Incident"), including, but not limited to, denial of service attack, and system outage, instability or degradation due to computer malware or virus. Contractor shall begin remediation immediately. Contractor shall provide daily updates, or more frequently if required by City, regarding findings and actions performed by Contractor until the Data Breach or Security Incident has been effectively resolved to City's satisfaction. Contractor shall conduct an investigation of the Data Breach or Security Incident and shall share the report of the investigation with City. At City's sole discretion, City and its authorized agents shall have the right to lead or participate in the investigation. Contractor shall cooperate fully with City, its agents and law enforcement.

b) If City is subject to liability for any Data Breach or Security Incident, then Contractor shall fully indemnify and hold harmless City and defend against any resulting actions**.**

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "A"
PROPOSAL

EXHIBIT "B"
INSURANCE

Contractor shall procure and maintain for the duration of the contract agreement, at its own cost and expense, the following insurance policies and coverage with companies qualified and approved to do business in California and acceptable to City.

1. **Commercial General Liability Insurance**
    a. Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office (ISO) form CG 00 01, in an amount not less than $2,000,000 per occurrence, $4,000,000 general aggregate, and $2,000,000 products and completed operations. The policy shall include a per project or per location general aggregate endorsement. If a per project/location endorsement is not available, the limit for the general aggregate shall be doubled.
    b. The policy shall allow and be endorsed as primary and not seek contribution from the City's coverage.
    c. The policy(s) shall provide and be endorsed to include, the City, its officers, officials, employees, agents, and volunteers as additional insureds on ISO form CG 20 10 (or equivalent) for ongoing operations, and, for construction or service agreements, ISO form CG 20 37 (or equivalent) for completed operations.
    d. Any failure to comply with reporting provisions of the policies by Contractor shall not affect coverage provided to the City.
    e. Coverage shall state that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
    f. Coverage shall provide and be endorsed to include a waiver of subrogation in favor of the City and its officers, officials, employees, agents, and volunteers.
2. **Business Automobile Liability**
    a. Contractor shall provide automobile liability coverage for owned, non-owned, and hired autos using ISO Business Automobile Coverage form CA 00 01 (or equivalent) with a limit of not less than $2,000,000 each accident. If the Contractor's business/company does not own any automobiles, coverage for hired and non-owned autos shall be provided. The policy shall provide and be endorsed that the City, its officers, officials, employees, agents, and volunteers are included or named as additional insureds.
    b. The policy shall provide and be endorsed to include a waiver of subrogation in favor of the City, its officers, officials, employees, agents, and volunteers.
3. **Umbrella or Excess Liability**
    a. The limits of liability for commercial general liability and automobile liability may be provided through a combination of primary and umbrella or excess

liability policies provided each policy complies with the requirements set forth in this agreement. Excess policies shall be follow-form to the underlying policies. Umbrella or excess policies shall include City and its officers, officials, employees, agents, and volunteers as additional insured

4. **Workers' Compensation and Employers' Liability - Statutory**
    a. Contractor shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for all persons employed directly or indirectly by Contractor. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than $1,000,000 each accident, $1,000,000 by disease-policy limit, and $1,000,000 by disease-each employee. No proprietor, partner, executive officer, or member shall be excluded. In the alternative, Contractor may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the California Labor Code shall be solely in the discretion of City.
    b. The insurer, if insurance is provided, or Contractor, if a program of self-insurance is provided, shall allow, and be endorsed to waive all rights of subrogation against City and its officers, officials, employees, agents, and volunteers.
    c. The requirement to maintain Statutory Worker's Compensation and Employer's Liability Insurance may be waived by the City upon written verification that Contractor does not have any employees.
5. **Professional Liability**
    a. Vendor shall maintain professional liability insurance that insures against professional errors and omissions that may be made in performing professional services in the minimum amount of $1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of the start of work, and Vendor agrees to maintain continuous coverage through a period no less than three (3) years after completion of the work.
6. **Cyber Liability**

    a. Vendor shall provide Cyber Liability Insurance with limits not less than $2,000,000 per claim. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Vendor in this agreement and shall include, but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information or personally identifiable information (PII), alteration of electronic information, extortion, and network security. The policy shall provide coverage for breach response costs as well as regulatory fines

and penalties, and credit monitoring expenses with limits sufficient to respond to these obligations.

7. All Coverages

a. Any available insurance proceeds broader than, or in excess of the specified minimum insurance coverage requirements and/or limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named insured; whichever is greater. No representation is made that the minimum insurance requirements are sufficient to cover the obligations of the Contractor.

b. Each required insurance policy shall be endorsed to state that coverage shall not be cancelled except after thirty (30) days' prior written notice, has been given to the City, except that ten (10) days' prior written notice shall apply in the event of cancellation for nonpayment of premium. If a carrier will not provide the required notice of cancellation, the Contractor shall provide written notice to the City of a cancellation no later than five (5) business days before cancellation.

c. All self-insurance, self-insured retentions, and deductibles must be declared and approved by the City.

d. Evidence of Insurance - Prior to commencement of work, the Contractor shall furnish the City with certificate(s) of insurance evidencing compliance with the insurance requirements above. All required endorsements shall be attached to the certificate(s), including additional insured, waiver of subrogation, primary coverage, and notice of cancellation endorsements. The Contractor shall provide complete or certified copies of all required insurance policies if requested by the City.

e. Acceptability of Insurers - Insurance shall be placed with insurers admitted in the State of California and with an AM Best rating of A- VII or higher.

f. Hired Parties - Contractors who will use subcontractors or other parties to provide materials, services, or perform construction or other work for the Contractor must enter into a written and executed contract agreement with each of its subcontractors, vendors, agents, subconsultants and/or any other parties, collectively, "hired parties". The contract agreement must contain a defense, indemnification and hold harmless provision in favor of the City and its officers, officials, employees, agents, and volunteers. The contract agreement shall also cause the hired parties to comply with the insurance requirements required of the Contractor, including providing an additional insured endorsement for ongoing and completed operations. Contractor shall obtain certificates of insurance and additional insured endorsements from each of its hired parties and provide a copy to City upon request.

Eastvale, CA 91752

Re: RFP No. 26-106CE

Dear Mr. Terfehr,

LAN WAN Enterprise, Inc. is pleased to submit this Proposal in response to the City of Eastvale's RFP No. 26-106EG for Managed IT Services. We have read, understood, and agree to all terms and conditions contained in the RFP, and we acknowledge receipt of all addenda issued through PlanetBids, including Addendum No. 3 dated April 23, 2026.

We bring **24+ years of MSP experience**, with **20 years** supporting **local municipalities** and **public safety agencies** across **Southern California**. Our team has a successful record of providing secure, compliant, and highly responsive managed IT services that align with the City's operational demands and budgetary expectations.

Our approach emphasizes proactive support, CJIS-aligned security, and fiscal discipline tailored to cities like Eastvale, full-service organizations balancing administration, public works, public safety, and community services. As a **SBA-certified Woman-Owned Small Business, S-Corporation, California C7/C10 licensed contractor**, **Microsoft Gold Certified Partner, Motorola Solutions (MSI) Partner**, and **Avigilon Premier Partner**, we operate a **24×7×365** in-house **NOC/SOC** and carry Cyber Liability coverage. Our company name reflects the discipline we were built around, LAN/WAN network infrastructure design, deployment, and management, which is precisely the technical advisory work called out in the City's revised Exhibit I, Section 10 for the new Civic Center and Public Works Yard.

We are deeply familiar with environments like yours (per RFP): **39 laptops**, **26 desktops**, **56 VoIP phone sets**, **16 iPads, 28 iPhones, 7 Android phones**, associated **161 monitors**, **hotspots**, and **mobile devices**; desktop **printers** and **scanners** (connectivity supported); 2 on-premises **servers** (containing several VMs); 1 SAN host server; and a **Microsoft O365 environment** integrated with Microsoft **Azure**, **Springbrook** & **Concur** (ERP), **Kronos** (HR/payroll), **Accela** (permitting), **GoGov**, and **Laserfiche,** accounting for all in-house and field users.
We acknowledge all addenda posted to PlanetBids, including Addendum No. 3 dated April 23, 2026, and confirm proposal validity for 180 days from the proposal deadline. Pricing is firm for the initial two-year term with renewal-year adjustments limited to the BLS CPI for Riverside-San Bernardino-Ontario, CA. LAN WAN accepts the City's terms regarding non-reimbursable travel and has absorbed all such costs into our fixed monthly fee. Required proposal forms (Attachments A through D) are completed and included in the Appendices for PlanetBids submittal.

We appreciate the opportunity to partner with the City of Eastvale to deliver reliable, secure, and **value-driven IT services**. We certify the accuracy of the information herein.

LAN WAN Enterprise Inc.'s staff is conveniently located just miles away from Eastvale's City Hall, "Citrus House". and two Fire Stations, allowing us to provide responsive, local support with ease and flexibility at all times on-site presence is required.

17500 Red Hill Ave, Suite 120, Irvine, CA 92614

(844) LAN-WAN-E

We would be proud to bring our municipal IT expertise to the City of Eastvale Our team stands ready to transition swiftly and seamlessly into your environment, ensuring minimal disruption and maximum continuity.

Sincerely,

Rami Dababneh
Executive Vice President
LAN WAN Enterprise Inc.
RamiD@lanwane.com

Executive Summary

LAN WAN Enterprise, Inc. is pleased to propose a fully turnkey, fixed-fee Managed IT Services program for the City of Eastvale, supporting City Hall, the Altfillisch Property ("Citrus House"), and ISP support for Fire Stations No. 27 and No. 31. As a municipal-first Managed Services Provider with **23+ years** of MSP delivery and **20 years** of dedicated service to Southern California cities, public works, and public safety agencies, our program is built around the City's actual operating realities, full-time on-site coverage during business hours, predictable budgeting, proactive cybersecurity, and a partner who is already familiar with the line-of-business applications and city-government workflows in use at Eastvale.

Meeting the Scope of Services:

Our proposal directly addresses each of the eleven service areas defined in Exhibit I: **Strategic IT Planning** and **vCIO advisory**; **Help Desk** and **end-user support**; **Network and Infrastructure Management**; **Software and Application Management**; **Cybersecurity** and **compliance**; **Backup**, **Disaster Recovery,** and **Business Continuity**; the optional **Managed Detection** and **Response service**; **Procurement support**; **Reporting** and **documentation**; **Service Level Agreements**; and the **future-facility advisory work** for the new Civic Center and Public Works Yard. Every service is delivered by LAN WAN W-2 employees, for we do not subcontract our core IT work.

On-Site Coverage and Staffing:

LAN WAN will provide one (1) named, dedicated, full-time on-site technician at City Hall during the City's published business hours (Monday – Thursday, 7:30 a.m. to 5:30 p.m.), backed by a named secondary on-site technician for planned and unplanned absences under our 2-2-1 staffing model. The on-site technician supports daily user needs, AV operation for City Council and Commission meetings, and AV/IT support for special and out-of-bound sessions. Behind the on-site team are a 24×7×365 help desk and NOC/SOC, two senior network/systems engineers on escalation, two in-house EC-Council Certified Ethical Hackers, a Virtual CIO, and a dedicated Operations Manager / Account Owner. All on-site personnel complete LAN WAN's standard background investigation and Live Scan fingerprinting prior to deployment.

Cybersecurity and Compliance:

Security is built into our base service rather than added on. We deliver EDR/XDR on every endpoint, 24×7 SOC-backed SIEM monitoring, zero-trust controls (MFA, conditional access, PAM), Microsoft 365 hardening, continuous internal/external vulnerability scanning, immutable 3-2-1 backups with quarterly test restores, and ongoing security-awareness training including phishing simulations. We align to NIST CSF and CIS Controls and support CJIS, PCI-DSS, and HIPAA where applicable. We carry $2M Cyber Liability coverage.

Predictable, All-Inclusive Pricing:

Our Cost Proposal is presented as a single base fixed monthly fee covering all in-scope services**,** with a hourly rate sheet by staff title for any out-of-scope or project-based work, separately itemized optional MDR pricing, and clearly stated procurement-markup positions for software and hardware. Pricing is firm for the initial two-year term and travel costs are absorbed into the base fee. Optional renewal-year adjustments are limited to the published BLS CPI for the Riverside-San Bernardino-Ontario, CA metro area.

Smooth Transition:

LAN WAN's transition methodology is built on a structured 30-day onboarding plan that includes incumbent knowledge transfer, asset and credential validation, RMM and documentation tool deployment, password rotation, SOP development, system assessment, and staff orientation, all timed to align with the existing contract expiration in June 2026 and to ensure zero service interruption.
The remainder of this Proposal details Company Background, Project Understanding, Staffing, Work Plan, Cost, References, and Appendices.

D COMPANY BACKGROUND & EXPERIENCE

LAN WAN Enterprise IT Solutions

Firm Profile & Fit for the City of Eastvale

- 24+ Years as an MSP
- S-Corporation Entity Type
- 19 Years Serving So-Cal Cities
- WOSB Certified
- 24/7 NOC/SOC Operations
- 23+ Staff & Growing

LAN WAN Enterprise is a municipal-first MSP with 23+ years of delivery and 19 years supporting Southern California city halls, police and public works. As a WOSB headquartered in Irvine, we operate a 24×7 NOC/SOC and a full bench of service desk, field services, systems/network engineering, cybersecurity, and vCIO talent. Our team is built for local government realities clear SLAs, on-site Tier 1 coverage, lifecycle budgeting, and transparent reporting so cities get reliable operations without enterprise overhead.

Security is our starting point, not an add-on. We are one of the few MSPs with **two in-house EC-Council Certified Ethical Hackers (CEH)** a **U.S. Department of Defense recognized** credential, who lead our Security team, vulnerability management, and secure architecture for public-safety and municipal systems. Our stack combines **EDR/XDR on every endpoint**, a **24×7 SOC–backed SIEM**, and continuous internal/external **vulnerability scanning** with remediation SLAs. We enforce **zero-trust controls** (MFA, conditional access, least-privilege/PAM) and harden **Microsoft 365 GCC.**

For police networks we apply **CJIS-aligned workflows** (fingerprinting/backgrounds & CJIS Security Awareness training), **segmented networks**. Data protection follows a **3-2-1 backup strategy with immutable copies** and **quarterly test-restores** documented for audit.

All technicians and senior engineers are **CLETS-certified** and complete Level 4 CJIS Security Awareness training annually.

The City receives dashboards for tickets, assets & SLA monitoring. We carry $2M cyber liability, align to **NIST CSF** and **CIS Controls**, support **CJIS/PCI-DSS/HIPAA** as applicable, and deliver ongoing **security awareness & phishing resilience training,** making security measurable, compliant, and municipal-ready from day one.

State-Licensed Electrical (C7 & C10) — Why it matters for cities & public safety
LAN WAN Enterprise is a California State licensed C7 (Low Voltage) and C10 (Electrical) contractor. For a municipal MSP, It gives the City one accountable team to design, power, install, and support critical systems , Citywide WiFi, Camera Solutions or Smart City Solutions.

Financial/Legal Status

Within the past five (5) years the firm has had no bankruptcies, no litigation in excess of $25,000, and no merger, acquisition, or divestiture event that would impact our ability to deliver multi-year municipal contracts.

Relevant Municipal Experience

Current municipal staffing MSP contracts

The engagements below represent our current municipal staffing MSP contracts, with the on-site staffing levels we actively provide today. Each program includes a dedicated full-time or scheduled on-site technician, pooled Tier 2/3 engineering and vCIO coverage, and 24×7 NOC/SOC monitoring. On-site hours shown are the baseline weekly commitments we manage for these cities & Agencies scaling up for projects, public safety priorities, and emergencies while maintaining CJIS-aligned practices and documented SLAs.

Client	Service Scope	Start Date
City of Bell Gardens & PD	All-inclusive IT services: vCIO, NOC/SOC, cybersecurity 24/7 management, on-site coverage, 80 hrs/week	**2006 – Present**
City of South Pasadena	All-inclusive IT services: vCIO, NOC/SOC, cybersecurity 24/7 management, on-site coverage, 80 hrs/week	**2025 – Present**
City of Lomita	All-inclusive IT services: vCIO, NOC/SOC, cybersecurity 24/7 management, on-site coverage, 24 hrs/week	**2025 – Present**
City of Yucaipa	Full managed services; vCIO; NOC/SOC; on-site tech support 16 hrs/week	**2021 – Present**
City of San Gabriel	Co-managed network modernization, assess, build, harden and on-site support.	**2021 – Present**
City of Cypress	Co-managed network modernization, assess, build, harden and on-site support.	**2024 – Present**
City of Pasadena - Rosebowl Stadium	All-inclusive IT services: vCIO, NOC/SOC, cybersecurity 24/7 management, Events on-site coverage, Olympics 2028	**2025 - Present**

Specialized Projects for other government agencies

In addition to our long-term MSP contracts, LAN WAN Enterprise has successfully executed a wide array of specialized public safety and infrastructure projects for major agencies, including:

Client	Service Scope
City of Tustin	Comprehensive Network Infrastructure Assessment
City of Gardena	Integrated Network & Cybersecurity Assessment
City of Lynwood	Recreation Parks WiFi Indoor and Outdoor
City of San Marino	Network Assessment
City of Wildomar	Full managed services and onsite support
City of Adelanto	Outdoor AI Video Analytics & License Plate Recognition Systems
City of Huntington Park	Citywide public Wi-Fi network design & implementation (12,000 residents)
City of Bell Gardens	Installation & Maintenance of New AV System, with Support for Council and Commission Meetings Including Translations and Online Streaming

LAN WAN Enterprise is also trusted to deliver **complex technology initiatives** for cities and municipalities, backed by our long history of successful engagements with government agencies. Beyond technical execution, we bring the full perspective of a **Virtual CIO,** aligning IT strategy with city goals, **ensuring fiscal budgeting discipline**, and planning effectively for future budget years to maximize long-term value and sustainability.

Specialized Projects for Public Safety and Law Enforcement

In addition to our long-term MSP contracts, LAN WAN Enterprise is an MSI (Motorola Solutions) Partner and a Premier Motorola Avigilon Partner, delivering specialized public safety and critical infrastructure projects, LPR and video analytics, 911/dispatch A/V, radio network hardening for major agencies across Southern California.

Client	Service Scope	Project Year
LAPD	Upgraded 911 dispatch consoles	2024
Orange County Sheriff	Radio system upgrades across 7 simulcast RF sites	2024
Riverside Sheriff	Modernized 911 dispatch centers for 13 police departments	2024
LAX Airport	Dispatch center infrastructure overhaul	2023
UCI	Radio center infrastructure upgrade	2023
Bell Gardens PD	Zero fault tolerance for CAD/RMS operations	2020
Costa Mesa Sanitary District	Disaster recovery site with dark fiber + 8-hour EOC backup	2021

Torrance Police Department	Various security infrastructure and upgrades for 911 dispatch consoles	2024

These projects required deep technical expertise in Microsoft, Cisco, Motorola, Veeam, and Avigilon ecosystems—tools that are fully aligned and compatible with the City of EastVale's IT landscape.

E

PROJECT UNDERSTANDING

The City's Environment Today

Based on the RFP Documents and the clarifications provided in Addendum No. 3, LAN WAN Enterprise understands the City of Eastvale's current environment as follows:

Facilities (Current).

1. City Hall — 12363 Limonite Avenue, Suite 910, Eastvale, CA 91752 (~49 staff)
2. Altfillisch Property ("Citrus House") — 13200 Citrus Street, Eastvale, CA 91752 (~26 staff)
3. Fire Station No. 27 — 7067 Hamner Avenue, Eastvale, CA 92880 (ISP support only)
4. Fire Station No. 31 — 14491 Chandler Street, Eastvale, CA 92880 (ISP support only)

Facilities (Upcoming, Advisory Scope per Revised Exhibit I, Section 10).

- New Civic Center at the northwest corner of Hamner Avenue and Limonite Avenue (bordered by 58th Street and Scholar Way), which will house the new City Hall (Library and Police Station are co-located but not part of this contract).
- New Public Works Yard — 14821 Chandler Street, Eastvale, CA 92880. Construction completion is anticipated in Winter 2027 or Spring 2028.

Users: Approximately 65–70 active users requiring IT support (full-time, part-time, and seasonal staff combined), with a planned increase of 3–4 field staff during the contract term. The majority are based at City Hall and the Citrus House. Public Works "Streets" team members and Code/Building & Safety personnel make up the field component — Code staff use laptops, cradlepoints, and mobile printers in fleet vehicles, and Building & Public Works staff use iPads and tablets in the field.

Endpoints and Mobile Devices: 39 laptops (Dell Latitude legacy phasing out, Dell Pro 16 Plus, Microsoft Surface 7), 26 desktops (Dell OptiPlex legacy phasing out, Dell Pro Slim Plus, Dell Micro Plus), 16 iPads (Air 11" and 13"), 28 iPhones (11, 14, 16e, 17e), 7 Google Pixel 9 Android devices, 161 monitors, and 49 devices enrolled in MDM. The majority of laptops and desktops remain under warranty per the City's refresh policy.

Servers and Storage: Two on-premises servers in a secure, climate-controlled environment; Dell Storage SCv3020 SAN; approximately 2–3 TB of production data.
Cloud and Identity. Microsoft 365 environment, integrated with Microsoft Azure for cloud services. The City's primary collaboration platform is Microsoft Teams; secondary platforms (Zoom, Google Meet, GoTo Meeting) are used as needed.

Telephone System and Backup: GoTo Connect cloud VoIP with Polycom VVX 410 and Polycom VVX 450 desk phones (56 stations) and Datto for Backup.

Line-of-Business Applications:

- Springbrook + Concur — Finance / accounting / cashiering / purchasing / accounts payable
- Kronos — HR / payroll
- Accela — Permitting
- GoGov — Citizen requests
- Laserfiche — Records management
- Microsoft 365 — Productivity All cloud-hosted; vendor ticketing systems are in place. The MSP's role is to assist staff in obtaining vendor support and to handle local configuration/integration. The City plans to release an RFP for Finance and HRIS modules in late 2026 or Spring 2027.

Audio/Visual and Public Meetings:
Two conference rooms each at City Hall and Citrus House, with speakerphones, cameras, and monitors (laptop tether for Teams capability). City Hall's Council Chambers has additional monitors, live streaming, and AV equipment, currently using Granicus for agenda/voting (with possible transition to CivicPlus). The City Council meets twice per month, the Public Safety Commission once per month, and the Planning Commission once per month, typically under two hours, occasionally up to four hours, with rare special-session meetings up to six hours. Approximately 2–3 special "out-of-bound" Council meetings per year. The on-site technician operates AV equipment during meetings and is in-person available to resolve any issue that arises.

Help Desk Volume:
Current baseline 300–400 monthly tickets (including monitoring alerts and report tickets), with a Tier breakdown of approximately 75% Tier 1, 24% Tier 2, and 1% Tier 3. Most tickets arrive Monday morning and decrease over the week.

Cybersecurity Posture: The City reports a cybersecurity Maturity Level 4 (per Q&A No. 31) and currently conducts weekly penetration testing with reports issued by CISA. Cybersecurity tools are inherited (existing tools will continue and may be evaluated as contracts expire).
Internal IT Staffing. The City does not maintain dedicated internal IT staff. The contracted MSP is the City's primary IT resource.

Incumbent:
An incumbent MSP is in place; the current contract expires in June 2026. The incumbent will provide formal knowledge transfer including credentials, network diagrams, configuration documentation, and licensing records during the transition period.

The City's Business Hours and On-Site Coverage Requirements

City Hall hours are Monday – Thursday, 7:30 a.m. to 5:30 p.m. LAN WAN Enterprise will provide a named, dedicated full-time on-site technician at City Hall during those hours. Backup coverage for planned and unplanned absences will be a named secondary on-site resource (per Q&A No. 8, on-site presence is required except in extreme circumstances and for no more than one working day if approved by the City).

The on-site technician will undergo LAN WAN's standard pre-engagement criminal background investigation and Live Scan fingerprinting (per Q&A No. 9), with results disclosed to the City. Our background-investigation procedure is documented in our Human Resources policy and is available to the City prior to deployment.

The City will provide a dedicated workspace (per Q&A Nos. 52 and 58) suitable for performing support activities, conducting remote sessions, and managing confidential information. LAN WAN appreciates this and will configure the workspace consistent with the City's operational-security expectations.

Revised Exhibit I, Section 10 — Future City Facilities IT Implementation

LAN WAN Enterprise has carefully reviewed the revised Section 10 issued in Addendum No. 3 and confirms its understanding and acceptance.

Section 10(a) — Included in this Contract: Technical expertise, advice, and support for the design, procurement, and implementation planning of IT infrastructure for the new Civic Center and Public Works Yard, including network architecture (LAN/WAN), wireless systems, server environments (on-premises and/or cloud), telecommunications systems, and hardware/equipment and software. This is core LAN WAN Enterprise work, and it aligns directly with our company's foundational discipline. We will assign vCIO leadership, our senior solutions architects, and our in-house procurement team to support City staff making procurement, design, and lifecycle decisions for both upcoming facilities.

Section 10(b) — Future Separate RFP: We acknowledge and accept that the City will release a separate RFP later in the contract term for the coordination of installation/integration of City-installed technology systems (workstations, VoIP, printing, departmental technology) and for project management, testing, documentation, transition, and post-deployment support of the new facilities. We will compete for that future RFP on its merits, fully respecting the City's right to solicit one or more contractors at that time.

Note for the City: While Section 10(b) is out of current scope, the City should know that LAN WAN Enterprise has been designing, deploying, and maintaining VoIP/UCaaS systems and end-user workstation environments for 20+ years across virtually every major platform — Cisco UCM, Avaya, GoTo Connect, Polycom (the City's current desk phones), Microsoft Teams Phone, RingCentral, Mitel, and Ubiquiti Talk for VoIP; and Dell, Microsoft Surface, Lenovo, HP, and Apple for workstations and field hardware. When the future RFP is released, the City will benefit from a partner already on the ground with full institutional knowledge of every Eastvale system, user, and workflow — reducing risk, schedule, and onboarding cost.

Sheriff Substation, CJIS, and Out-of-Scope Items

We understand and confirm:

- The Sheriff substation co-located at the future Civic Center is not part of this contract's scope; CJIS-applicable systems related to the Sheriff substation are out of scope.
- Print/copier/scanner support is provided by a separate vendor; our role is connectivity and support coordination.
- Printers, multifunction devices, and desktop scanners are out of scope for this contract.
- Existing security/cybersecurity tools are inherited; the MSP may recommend improvements as contracts expire (or sooner if a risk exists), per Q&A No. 30.
- The City does not have SCADA, OT, or utility networks in scope (per Q&A No. 118).

Compliance Commitments

LAN WAN Enterprise commits to the following compliance posture for the City of Eastvale:

- Frameworks: NIST CSF and CIS Controls primary; CJIS, PCI-DSS, and HIPAA support as applicable.
- Security awareness training: Annual training plus phishing simulations; we will propose frequency-based options in our Cost Proposal (per Q&A No. 34).
- Vulnerability management: Continuous internal/external scanning with documented remediation SLAs (per Exhibit I, Section 6).
- Incident response: Formal Incident Response Plan developed and maintained; written incident report within 24 hours of a confirmed cybersecurity incident; verbal/email/portal notification within 1 hour of detection.
- Disaster recovery: Documented DR Plan with annual DR testing; 3-2-1 backup architecture with immutable copies and quarterly test restores.
- Reporting: Monthly help-desk and operations reports (tickets by type, resolution times, network uptime, security incidents, asset depreciation); dashboards for management decision-making; read-only client visibility into key historical performance metrics; quarterly inventory reports per Exhibit I, Section 9.

Service Level Agreements

LAN WAN Enterprise commits to the following SLA framework for the City of Eastvale, fully consistent with RFP Exhibit I, Section 11 and the City's environment:

Severity Level	Definition	Response Time	Resolution Goal
Critical	A critical issue that disrupts the organization's core operations, severely impacting the ability to deliver essential services or conduct business. No viable workarounds are available.	Immediate	30 mins
Urgent	An urgent incident that affects multiple users or departments and poses a significant risk to business operations. The situation lacks an immediate workaround, necessitating prompt attention.	15 Minutes	1-2 hours
Routine	Incidents with a moderate impact that can be localized, where a workaround is feasible and can be implemented quickly.	1 Hour	2-4 hours
General	Low-impact incidents involving a single user or issue with minimal disruption, including advisory questions, software requests, routine maintenance, and scheduled tasks.	2-4 Hour	4-6 hours

After-hours emergency response is included in the base fixed monthly fee. On-site escalation occurs within 4 hours if remote resolution fails. Ticket acknowledgment occurs within 30 minutes of submission.

Final SLA language will be negotiated with the selected Contractor consistent with the RFP.

F

PROJECT STAFFING & ORGANIZATION

LAN WAN Enterprise IT Solutions

The 2-2-1 Staffing Model

At LAN WAN Enterprise, **we apply a "2-2-1" staffing model** to every municipal client:

2 Primary + 2 Backup resources
1 Account Owner / Operations Manager
This ensures full coverage, redundancy, and no single point of failure at all times.

City of Eastvale – Dedicated Team

Account Oversight

- Dave Miller – Operations Manager / Account Owner

Executive oversight & primary escalation
SLA performance, service delivery, long-term planning

Senior Engineering & Cybersecurity

- Joseph Dawaher – Solutions Architect (Primary): Cybersecurity leadership & Senior Networking CCNP , Vulnerability management, secure design
- Nick (Nezar) Oweis – Sr. Network Engineer / Certified Ethical Hacker (CEH) , (Backup) 34+ years experience Ensures uninterrupted senior-level coverage

On-Site Support (FTE Requirement)

- **Primary On-Site Technician (Full-Time)**

Dedicated full-time onsite presence during City Hall business hours
Provides day-to-day user support, troubleshooting, and issue resolution
Handles device deployments, installations, and lifecycle management
Supports AV systems for Council and Commission meetings

- **Backup On-Site Technician (Coverage Resource)**
- Provides same-day onsite coverage during absences (PTO, illness, training)
- Fully trained and aligned with City environment
- Ensures no interruption in onsite support services

***Staffing Commitment**
LAN WAN Enterprise provides a fully supported staffing model, ensuring:

- Continuous onsite coverage with no single point of failure
- Resources backed by senior engineering and help desk teams
- All personnel assigned will meet or exceed required qualifications

*All staffing assignments are subject to final scheduling at time of award. Equivalent or higher-qualified resources will be provided at all times.

IT Services Team Qualifications and Experience

LAN WAN Enterprise IT Solutions is pleased to present our proposal to provide comprehensive IT Managed Services to the City of Eastvale. With a proven track record of **supporting public sector organizations such as municipalities and law enforcement agencies since 2006**, we bring a wealth of experience and expertise to ensure that the City's IT infrastructure is strong, secure, and future-ready. Our approach is tailored to the City of Eastvale's specific requirements, ensuring a smooth transition to enhanced IT services while maintaining cost efficiency and high service standards.

Experience Working with Public Agencies and Similar Assignments

LAN WAN Enterprise has been a trusted provider of comprehensive technology solutions in Southern California since 2002, specializing in delivering reliable and professional IT services. We have a strong track record of partnering with local government agencies, offering customized IT solutions tailored to meet the specific needs of public sector operations.

Our strengths include:

- Proven Track Record: We have maintained city contracts since 2006, which are still active today. This long-standing relationship is a testament to the high quality of our services and the consistency of our deliverables.
- Unmatched Security: We proudly employ full-time, in-house Certified Ethical Hackers, ensuring our security systems have the longest continuous operational history in the field.
- Expert Team: Our professionals are highly trained across all IT disciplines.
- Certified and Secure: All team members are DOJ CLETS certified and have undergone Live Scan background checks.
- Rapid Response: We never talk in terms of days our response times are measured in minutes or just hours, ensuring your IT needs are addressed promptly.

Identification of Experience of Principal Staff Members

Adam Dababneh (Primary\ Dedicated Onsite Support)
System/Network Administrator with 7+ years of IT experience, including the last 2 years fully dedicated to supporting local municipalities. Currently serves as the onsite lead for the City of Adelanto, and previously supported the City of Bell Gardens. Adam has also contributed to multiple municipal and law enforcement technology projects, gaining hands-on expertise in city operations, public safety systems, and end-user support in government environments.

Jason Lopez (System Administrator / Backup to Adam Dababneh)
System Administrator with 5+ years of IT experience supporting municipal networks, user environments, and endpoint security. Serves as a secondary onsite resource under LAN WAN's 2-2-1 staffing model, ensuring continuity of service, redundancy in account knowledge, and reliable backup coverage for the City.

Joseph Dawaher
Solutions Architect with 17+ years of experience across Windows Servers, Network Security, Cloud Solutions, and extensive work with law enforcement agencies.

Dave Miller
Operations Manager with over 22+ years of experience in network systems administration, service delivery management, and MSP operations.

Nezar Oweis
Senior Network Systems Engineer with 34+ years of enterprise IT experience, specializing in server administration, security, backup systems, and network design.

PROJECT WORK PLAN & SCHEDULE

(IMPLEMENTATION & TRANSITION PLAN)

www.lanwane.com
17500 Red Hill Ave., Ste. 120, Irvine CA
(844) Lan-Wan-E
info@lanwane.com

Service Plan for Transition to Full Operation

LAN WAN has extensive expertise in transitioning and onboarding new clients by thoroughly mapping out existing environments and coordinating knowledge transfer from the outgoing MSP. We begin by assembling detailed information on custom configurations, workflows, tickets, credentials, and licenses through collaborative discovery sessions. Our technical teams use industry-leading tools such as N-able, 1Password, and HUDU to gather and organize operational data, validate network assets, and prepare for smooth handover.

By focusing on open communication between stakeholders, credential protection, and thorough documentation, LAN WAN ensures that the transition is not solely reliant on the former provider. Instead, we build an independent, comprehensive understanding of your network, covering everything from password rotation and firewall configurations to standard operating procedures, so we can take over seamlessly and keep your operations running without interruption.

Target Start Date: 1 month per RFP Q&A (For demonstration only)

1.0 Knowledge Transfer & Incumbent Coordination (Days 1-2)

Discovery Sessions: Meet with the outgoing MSP to collect custom configurations, historical tickets, specialized workflows, etc.

Handover of Credentials: Secure existing network diagrams, admin credentials, license keys, and vendor contracts Via a Password Vault (Using Secure & Encrypted Password vaults)

2.0 Operational Data Gathering (Days 3-5)

Inventory & Asset Validation: Use tools like N-able to auto-discover network devices (switches, routers, firewalls, printers).

AD & Licensing Audit: Verify domain controllers, group policies, user accounts, Office 365 seat allocations, and SQL CAL usage.

Legacy System Check: Identify any end-of-life software/hardware needing immediate attention.

3.0 Tool Installation & Integration (Days 8-12)

RMM Automate: Deployed for endpoint patch management and monitoring.
N-able for Network Monitoring: Baseline bandwidth, switch utilization, link stability.
1Password: Centralize privileged credentials, controlling access by authorized staff only.
HUDU Tool: Prepare or migrate existing documentation for quick retrieval (network topologies, SOPs).

4.0 Password Security Enhancement (Days 13-14)

Password Rotation: Replace all publicly accessible accounts, especially those managed by the incumbent MSP.
VLAN Validation: Review firewall rules, NAT, VLAN segmentation, ensuring no stale configurations remain.

5.0 Documentation & SOP Setup (Days 15-17)

HUDU Build-Out: Consolidate network diagrams, user provisioning scripts, vendor contacts, and standard procedures.
Service Desk SOP: Formalize ticket escalation paths, after-hours on-call instructions, and standard response times in ConnectWise Manage.

6.0 Initial System Assessment (Days 18-20)

Performance Benchmarks: Evaluate resource usage, identify potential bottlenecks, confirm backup schedules.

7.0 Staff Training & Familiarization (Day 21)

LAN WAN Team Onboarding: Internal knowledge sessions to ensure engineers understand the City's environment, departmental priorities, and typical issues.
City User Orientation: Brief staff on new help desk contact info, ticketing procedures, and expected SLAs.

8.0 Final Configuration & Testing (Day 22-28)

9.0 Go-Live & Post-Go-Live Support (Days 29 and Beyond)

Formal Handoff: LAN WAN Enterprise officially assumes all IT operations, including 24/7 monitoring and help desk coverage.

Citywide Client Package: LAN WAN will distribute an onboarding package to all City staff introducing our team and outlining how to submit IT tickets, escalation process and service levels, onsite engineer contact, dispatch management, and escalation points for urgent issues.

*Date used for illustrative purposes only to outline our proposed transition strategy

APPENDICES

Proposer understands and agrees that this written RFP (or any part thereof specifically designated and accepted by the City of Eastvale, hereinafter City) shall constitute the entire agreement between proposer and the City only after it has been accepted by the City Council, endorsed by the City Clerk with their signature and official seal noting hereon the action of approval of the Council, signed by the Director or his duly authorized agent, and signed by the City Attorney, denoting their approval of the form of this document, and its execution, and when it or an exact copy of it has been either delivered to proposer or deposited with the City's selected postal service properly addressed to the proposer with the correct postage affixed thereto.

Proposer further agrees that upon delivery (as defined above) of the accepted agreement he/she will furnish City all required bonds (if required) and certificate of liability insurance, or the funds, check, draft, or proposer's bond substituted in lieu thereof accompanying this proposal shall become the property of the City and shall be considered as payment of damages due to the delay and other causes suffered by City because of the failure to furnish the necessary bonds and because it is distinctly agreed that the proof of damages actually suffered by City is difficult to ascertain; otherwise said funds, check drafts, or proposer's bond substituted in lieu thereof shall be returned to the undersigned.

Proposer understands that a proposal is required for the entire work, that the estimated quantities set forth in the RFP schedule are solely for the purpose of comparing proposals, and that final compensation under the contract will be based upon the actual quantities of work satisfactorily completed.

All terms contained in the specifications, the certification of nondiscrimination by contractors, and the required insurance certificates are to be incorporated by reference into this agreement and are made specifically as part of this RFP.

Certification - I certify that I have read, understand and agree to the terms and conditions of this Request for Proposals. I have examined the Scope of Services **(Exhibit I**) and am qualified to provide services being requested as specified herein. I understand and agree that I am responsible for reporting any errors, omissions or discrepancies to the City for clarification prior to the submission of my proposal.

PROPOSER'S STATEMENT: I have read, understood and agree to the terms and conditions on all pages of this RFP. Upon request, I will transfer and deliver goods or services to the City in accordance with said terms and conditions.

ATTACHMENT B – NON-COLLUSION AFFIDAVIT

(Title 23 United States Code Section 112 and Public Contract Code Section 7106)

To the CITY OF EASTVALE In accordance with Title 23 United States Code Section 112 and Public Contract Code 7106 the

proposer declares that the proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the proposal is genuine and not collusive or sham; that the proposer has not directly or indirectly induced or solicited any other proposer to put in a false or sham proposal, and has not directly or indirectly colluded, conspired, connived or agreed with any proposer or anyone else to put in a sham proposal, or that anyone shall refrain from bidding; that the proposer has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the proposal price of the proposer or any proposer, or to fix any overhead, profit, or cost element of the proposal price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the proposal are true; and, further, that the proposer has not, directly or indirectly, submitted his or her proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham proposal.

Note: The above non-collusion affidavit is part of the proposal. Signing this proposal on the signature portion thereof shall also constitute signature of this non-collusion affidavit. Proposers are cautioned that making a false certification may subject the certifier to criminal prosecution.

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1)No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2)If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. The prospective participant also agrees by submitting his or her

bid or proposal that he or she shall
require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

AI Initiatives for the City of Eastvale

LAN WAN Enterprise believes the City of Eastvale has a unique opportunity to become a regional leader in the responsible adoption of Artificial Intelligence (AI) technologies within local government. While many municipalities are still evaluating the future impact of AI, Eastvale is in an ideal position to proactively embrace innovation and establish a long-term strategic roadmap that improves operational efficiency, enhances resident services, and maximizes available funding opportunities. We strongly believe the City should begin this journey sooner rather than later, positioning itself ahead of the curve instead of reacting to future technological demands after the fact.

As part of our ongoing initiatives, LAN WAN Enterprise is currently evaluating and developing AI-driven municipal solutions focused on automation, cybersecurity, analytics, workflow optimization, and grant management. One area we believe can deliver immediate and measurable value to the City of Eastvale is the implementation of an **AI-powered Grant Discovery and Grant Writing platform** designed specifically for municipal operations.

This initiative would allow the City to leverage AI to continuously aggregate, monitor, and analyze available grants in real time from federal, state, regional, and private funding sources. Instead of relying on manual research or periodic reviews, the platform would intelligently identify grants that align with Eastvale's departments, initiatives, infrastructure projects, public safety programs, technology modernization goals, sustainability objectives, transportation projects, and community development priorities.

The proposed AI solution would not simply identify grants. It would also qualify opportunities on behalf of the City by evaluating eligibility requirements, deadlines, matching fund obligations, compliance requirements, and estimated award probabilities. The system would present staff and City leadership with organized recommendations, including matching percentage requirements, estimated internal effort, and strategic value to the City.

Once a grant opportunity is approved internally by City management, the AI platform could then assist with drafting grant applications on the City's behalf using available City data, project descriptions, prior submissions, departmental goals, and funding criteria. Draft applications would then be routed back to designated City personnel for review, edits, and final approval prior to submission. This approach significantly reduces administrative burden while increasing the City's ability to pursue a larger volume of funding opportunities without requiring additional staffing resources.

In addition to grant identification and grant writing, LAN WAN Enterprise sees significant future opportunities for AI within municipal government operations, including:

- AI-powered resident service chatbots and virtual assistants
- Intelligent document management and records retrieval
- Automated meeting summarization and action-item tracking
- Smart city analytics and operational dashboards
- Public safety intelligence and situational awareness tools
- Predictive infrastructure maintenance and asset lifecycle management
- AI-assisted cybersecurity monitoring and threat detection
- Workflow automation for permitting, HR, finance, and public works
- AI-assisted budget forecasting and reporting analytics
- GIS and data intelligence integrations

LAN WAN Enterprise also recognizes that AI initiatives require careful governance, cybersecurity oversight, data privacy protections, and responsible implementation policies. As part of any future AI initiative, we would assist the City with evaluating best practices, acceptable-use policies, security frameworks, compliance considerations, and implementation roadmaps to ensure AI technologies are introduced responsibly and strategically.

We believe Eastvale has the opportunity to become a model city for practical and responsible AI adoption within municipal government. By taking proactive steps today, the City can position itself to improve efficiency, increase funding opportunities, modernize operations, and enhance services for residents while maintaining strong governance and operational control.

Smart City and Public WiFi Experience

As Eastvale opens its new Civic Center, high-speed public Wi-Fi becomes a cornerstone of a true smart city — delivering free, reliable connectivity to residents, visitors, and businesses while supporting public safety and community engagement.

Our Expertise

- Delivered one of the largest public Wi-Fi networks in Southeast LA, serving 12,000 residents in low-income communities
- Bridging the digital divide by connecting the unserved and underserved with fast, free internet
- California Low & High Voltage Contractor licensed for major public projects
- Monetization built in: Feature local small business sponsors on the Wi-Fi splash page to generate revenue

Additional Smart City Solutions

- Facial recognition cameras & license plate readers (City of Adelanto)
- Camera systems integrated with access control (City of Bell Gardens)
- Gunshot detection, environmental sensors, and crime prevention technologies

Let's make Eastvale's Civic Center a connected, safe, inclusive, and thriving smart city destination.

D. RESUMES

Adam Dababneh – Professional Summary (2 Pages)

Professional Summary

System Administrator with 7 years experience delivering IT support and infrastructure management for city governments, police departments, and public agencies. Skilled in troubleshooting Windows environments, Active Directory, Microsoft 365, Azure, network infrastructure, and cybersecurity solutions. Proven track record in managing municipal IT operations, including cloud-hosted environments (M365, SharePoint, Teams), Motorola dispatch console upgrades, citywide Wi-Fi deployments, and enterprise camera systems with AI analytics and license plate recognition. Experienced in supporting multi-site networks infrastructure, fiber/fixed wireless failover, capabilities that align with the City of E's current IT environment. Recognized for technical expertise, problem-solving, and cross-department collaboration.

Core Competencies Include:

- Active Directory, Group Policy, VPN Setup, Powershell Scripting
- Microsoft 365, Microsoft Azure, VMware, Cisco, Sophos, SonicWall, Veeam, Ubiquiti
- Network Security, Endpoint Protection, Cloud Deployments, Disaster Recovery
- IT Committee Collaboration, Cybersecurity Compliance, Infrastructure Upgrades
- Video Surveillance & Public Safety Technologies (AI Video Analytics, LPR)

Local Municipalities Experience

LAN WAN Enterprise (Jan 2024 – Present)

Dedicated on-site Account Manager & System Administrator supporting:

- City of Adelanto – Provided IT support for city departments, led water/sewer surveillance and camera deployments, antenna buildouts, and network infrastructure.

- City of Bell Gardens Police Department – Delivered direct IT support, including critical public safety operations.
- Managed A/V systems and live streaming for City of Bell Gardens Council meetings.
- Major Projects – Motorola dispatch console upgrades for LAPD (Valley & Metropolitan), Orange County Sheriff's Department, and Orange County Fire Authority.
- Led citywide Wi-Fi deployment in Lynwood and managed enterprise camera infrastructure projects (e.g., Thomson/Oceanside, CA).

Prior Experience

ITON IT Solutions (Jan 2019 – Dec 2023)

- Managed IT infrastructures remotely for a diverse client base, including municipal and small business environments. Responsibilities included administration of backup systems, VPNs, software deployment, and endpoint security, along with Active Directory management, patching, and user support. Gained hands-on experience delivering multi-site IT support and coordinating with vendors to resolve escalated issues.

B12 Digital Solutions (Oct 2016 - Dec 2018)

- Backend Developer, Designed and maintained backend systems to support enterprise applications, collaborating with cross-functional teams to deliver stable, reliable solutions.

Education

- Bachelor of computer Science \ Software Engineering – Jordan University of Science & Technology, Jordan (2016)

Certifications

- CompTIA Network+ (Network Specialist Certification)
- Microsoft 365 Fundamentals
- Microsoft Azure Fundamentals
- CJIS Security (Advanced) – California Department of Justice
- Certified UCaaS Phone Systems Specialist (Installation Certified)

LAN WAN Enterprise IT Solutions

Jesse Rich – Professional Summary (1 page)

Experienced Network Engineer and Solutions Architect with over 17 years of hands-on expertise in network design, security infrastructure, and IT systems management. Adept at deploying client-centered solutions, maintaining server and network systems, and leading technology initiatives in dynamic environments. Holder of the Certified Ethical Hacker (CEH) credential, recognized by EC-Council and Department of Defense (DoD) cybersecurity standards.

Core Competencies:

- Network Engineering, Systems Architecture, Security Infrastructure
- Server Virtualization, O365, Sharepoint, VMware, Office 365, Security Hardening
- Troubleshooting, Help Desk Management, Client Infrastructure Development

Highlighted Local Municipalities Experience:

- **LAN WAN Enterprise Inc. (May 2016 – Present)**
Solutions Architect / Network Engineer
- Designed and deployed technology solutions for local government and enterprise clients.
- Developed and maintained client server, network, and security infrastructures.
- Led troubleshooting, systems integration, and infrastructure modernization projects across various municipal departments.
- Oversaw local municipality accounts and public safety agency networks, ensuring robust system integrity and security.
- As a Certified Ethical Hacker (CEH), safeguarded all client environments by proactively identifying vulnerabilities, conducting penetration testing, enforcing cybersecurity best practices, and ensuring continuous protection for MSP-managed systems.
- Architected and implemented solutions including Microsoft Azure migrations, SharePoint implementations and migrations, disaster recovery plans, and cloud-based security upgrades.

Previous Roles:

- Calvary Chapel Costa Mesa (Nov 2007 – May 2016)
Network and Systems Engineer
- Managed networks serving 4,000+ devices, implemented virtualization of 80 servers, and led helpdesk teams.
- Richwell Tech, LLC (Oct 2013 – Sept 2015)
Co-Owner – Small business IT consulting focused on infrastructure, server deployment, and web development.

Certifications:

- Certified Ethical Hacker (CEH) – EC-Council (DoD Recognized)

Nick Oweis – Professional Summary (1 page)

Senior Network Systems Engineer with 34+ years of experience in designing, implementing, and securing enterprise-level LAN, WLAN, and WAN networks. Expert in Microsoft Windows Server environments, VMware, SQL Databases, backup solutions, and enterprise network security. Certified across multiple disciplines, including MCSE, Master CNE, Server+, and CJIS Security (Advanced). Extensive experience supporting local municipalities, law enforcement, and public sector agencies.

Core Competencies:

- Enterprise Network Infrastructure Design, Implementation, and Security
- Active Directory, Microsoft Exchange, VMware, SQL Database Management
- Disaster Recovery, Veeam, Veritas Backup Systems, Endpoint Protection
- Firewall Management (ASA, Sonicwall, WatchGuard, Checkpoint), VPN Setup
- IT Consultation, Client Relations, Remote Customer Service, Network Optimization

Highlighted Local Municipalities Experience:

- LAN WAN Enterprise Inc. (2007 – Present)

Senior Network Systems Engineer

- Oversaw and managed network infrastructure for City of Bell Gardens, City of Huntington Park, City of Yucaipa, Bell Gardens Police Department, and Midway City Sanitary District.
- Designed, deployed, and supported secure network systems, server virtualization (VMware, Hyper-V), Active Directory architecture, SQL database environments, and Exchange email systems.
- Oversaw public safety agency IT environments, ensuring compliance with CJIS security policies and disaster recovery readiness.
- Implemented enterprise-grade security practices including firewalls, intrusion detection, endpoint protection, and backup strategies.
- Designed and implemented solutions including Microsoft Azure deployments, SharePoint migrations, Veeam backup integration, cloud security upgrades, and SQL Server high-availability architectures.

Previous Roles:

- Senior Network Systems Engineer, Ricoh Business Systems (2003 – 2007)
- Senior Network Systems Engineer, 1st Priority Solutions (1999 – 2003)
- Network Computer Specialist, Inland Computer Systems (1996 – 1999)
- Senior Computer Engineer, Jordan Data Systems (1994 – 1996)
- Computer Maintenance Engineer, Petra Computer Services (1991 – 1994)

Education and Certifications:

- B.S. Electrical Engineering (Electronics), University of Salahaddin
- Certifications: CSSP, CSSA, ACTC, ACSP, Master CNE, MCITP, MCTS, MCSE, CCEA, CCA, CLP, CJIS Security (Advanced), CDIA+, Server+, A+, HP STAR, Compaq ASE, API, APS

Dave Miller– Professional Summary (1 page)

Operations Manager and Senior Network Administrator with over 22 years of hands-on experience in IT infrastructure, network security, virtualization, and client support for both local municipalities and private sector organizations. A reliable escalation point for technical challenges, delivering robust solutions through a strong service-driven, organized, and structured approach.

Core Competencies:

- Operations Management, Escalation Support, Client Relations
- IT Infrastructure Deployment, Virtualization (VMware, Hyper-V)
- Microsoft Server Administration, Exchange Server, Active Directory
- Cisco Networking, VLAN Management, Network Security, VOIP Systems
- Project Management, Wireless Network Installations, Disaster Recovery

Highlighted Local Municipalities Experience:

- LAN WAN Enterprise Inc. (2015 – Present)
Operations Manager and Escalation Lead
- Oversaw technical operations and acted as primary escalation point for complex IT issues across local municipalities and private sector accounts.
- Directly supported and maintained data center infrastructures for the City of Bell Gardens and City of Huntington Park, ensuring high system uptime and optimal network performance.
- Led project management efforts for installations, upgrades, and network development initiatives.
- Delivered integrated solutions for virtualization (VMware, Hyper-V), Exchange Server deployments, SharePoint migrations, VOIP implementations, and wireless network expansions.
- Advised municipalities on network optimization, cybersecurity hardening, and cloud integration strategies.

Previous Roles:

- Network Administrator, Saudi Graphco (2009 – 2015)
- IT Project Coordinator, True Networking Solutions (2002 – 2009)

Education and Certifications:

- Bachelor's Degree in Philosophy
- Microsoft Certified Systems Engineer (MCSE)
- Microsoft Certified Professional (MCP)
- Cisco Certified Network Associate (CCNA)
- CCNA-Voice + QOS
- Star2Star VoIP Systems Professional
- MCSA-Server 2016

LAN WAN Enterprise IT Solutions

1. Base Monthly Cost (Excluding MDR)

LAN WAN Enterprise confirms its proposed fixed monthly fee for Comprehensive Managed IT Services is:

$16,400 per month
$196,800 annually

This fixed monthly fee excludes Managed Detection and Response (MDR) services and includes all services identified in Section 3 below.

LAN WAN Enterprise utilizes a fixed-fee managed services model designed to simplify budgeting and eliminate fluctuating IT costs. We do not charge based on the number of users, computers, servers, mobile devices, access points, network devices, or software assets.

The proposed monthly fee includes support for normal organizational growth throughout the contract term. Any increase in users, workstations, laptops, mobile devices, network equipment, or software administration resulting from the City's normal growth will be included within the monthly managed services fee without additional recurring charges.

Additionally, pricing will remain fixed during the initial agreement term, with no annual CPI increases applied to the City of Eastvale.

2. Managed Detection and Response (MDR)

MDR services are optional and may be added at the City's discretion. LAN WAN Enterprise offers two MDR service options:

Option A – MDR Essentials

Endpoint Type	Monthly Cost
User Endpoint	$6.38 per user/month
Server Endpoint	$13.68 per server/month

Key Benefits:
- 24x7x365 security monitoring
- Threat detection and alerting
- Security event investigation and triage
- Endpoint behavioral analysis
- Malware and ransomware protection
- Threat intelligence monitoring
- Security reporting and recommendations

Recommended for organizations seeking managed threat monitoring and enhanced endpoint protection.

Option B – MDR Complete

Endpoint Type	Monthly Cost
User Endpoint	$11.96 per user/month
Server Endpoint	$20.70 per server/month

Key Benefits:
- All MDR Essentials features
- Advanced threat hunting
- Security Operations Center (SOC) analyst review
- Extended Detection & Response (XDR)
- Behavioral analytics
- Advanced ransomware protection
- Automated threat containment
- Microsoft 365 security visibility
- Enhanced incident investigation and response
- Executive security reporting

Recommended for organizations seeking a mature cybersecurity posture and advanced threat detection capabilities.

No setup fees, onboarding fees, implementation fees, project fees, or recurring management fees will be charged for MDR services.

Installation, deployment, configuration, tuning, monitoring coordination, policy management, vendor management, and ongoing administration of MDR services are included as part of LAN WAN Enterprise's monthly managed services agreement.

3. IT Services Included in Monthly Fixed Fee

The following services are included within LAN WAN Enterprise's fixed monthly managed services fee and will not result in additional charges to the City. **Included Services:**

- One dedicated full-time onsite technician during City operating hours
- Unlimited remote support
- Unlimited help desk services
- Unlimited troubleshooting and issue resolution
- Unlimited senior engineer escalation support
- Unlimited systems engineering support
- Unlimited network engineering support
- Unlimited server administration and support
- Unlimited network administration and support
- Microsoft 365 administration and management
- Azure administration and management
- User onboarding and offboarding
- Vendor coordination and management
- Backup monitoring and management
- Disaster Recovery (DR) planning and support
- Firewall administration and management
- Wireless infrastructure administration and management
- Endpoint monitoring and management
- Security monitoring and management
- Technology procurement assistance
- Software license management
- Quarterly Business Reviews (QBRs)
- Information & Digital Transformation (IDT) Committee participation
- IT budgeting and fiscal year planning
- vCIO services and strategic technology planning
- Technology roadmap development
- Asset lifecycle management
- After-hours emergency support
- 24x7x365 monitoring and alerting
- NOC/SOC services
- Complete IT infrastructure assessments
- Cybersecurity assessments and recommendations
- Transition and onboarding from incumbent provider

LAN WAN Enterprise confirms that no additional charges will be assessed for troubleshooting, issue resolution, escalation, engineering support, or after-hours response associated with the services listed above, regardless of the level of expertise required.

4. IT Services Not Included in Monthly Managed Services Fee

The City's monthly managed services agreement is intended to cover day-to-day IT operations, support, administration, monitoring, maintenance, and strategic planning activities associated with the City's existing environment.

The following services are considered out-of-scope and may be quoted separately upon written authorization by the City:

- Structured cabling projects
- Fiber optic installation projects
- Electrical work and power infrastructure projects
- New facility deployments
- Civic Center construction and technology implementation projects
- Public Works facility construction and technology implementation projects
- Major infrastructure redesigns
- Major network backbone upgrades or overhauls
- Addition of new servers, storage platforms, or major infrastructure systems not currently part of the City's environment
- Large-scale cloud migration projects
- Large-scale data migration projects
- Hardware procurement and equipment purchases
- Software licensing and third-party subscription costs
- New enterprise application implementations
- Special event support requiring dedicated staffing resources
- Technology projects associated with capital improvement programs
- Manufacturer-required professional services or certified subcontractor services
- Any project or initiative materially expanding the City's technology environment beyond the scope of the existing managed services agreement

For clarification, LAN WAN Enterprise's monthly managed services agreement is intended to cover operational support and management of the City's existing environment and normal organizational growth. Major technology expansion projects, infrastructure overhauls, facility construction projects, and capital improvement initiatives would be separately scoped and approved by the City before work begins.

Managed IT Services Cost Summary

Base Managed IT Services

Year	Monthly Cost	Annual Cost
Year 1	$16,400	$196,800
Year 2	$16,400	$196,800

Notes:
Fixed monthly pricing
No per-user billing
No per-device billing
No per-server billing
No per-virtual machine billing
Includes normal City growth during the contract term
No CPI increases during the initial agreement term

Optional MDR Services

Option A – MDR Essentials

Item	Monthly Cost	Annual Cost
MDR Essentials	$442.00	$5,304.00

Total Cost Including MDR Essentials

Year	Managed IT Services	MDR Essentials	Annual Total
Year 1	$196,800	$5,304.72	$202,104.72
Year 2	$196,800	$5,304.72	$202,104.72

Managed IT Services Cost Summary

Option B – MDR Complete

Item	Monthly Cost	Annual Cost
MDR Complete	$818.80	$9,825.60

Total Cost Including MDR Complete

Year	Managed IT Services	MDR Complete	Annual Total
Year 1	$196,800	$9,825.60	$206,625.60
Year 2	$196,800	$9,825.60	$206,625.60

Additional Professional Services Rates (Out-of-Scope Work Only)

Service Type	Blended Hourly Rate
Approved Project Work During Business Hours	$150
Approved Project Work Outside Normal Business Hours (Evenings, Weekends, Holidays)	$175
Emergency Project Work Requested by the City (Outside Contract Scope)	$175

These rates apply only to City-approved out-of-scope projects, infrastructure expansions, facility deployments, major technology initiatives, and other services not included within the monthly Managed IT Services Agreement.

Support, troubleshooting, escalation, and emergency response associated with in-scope managed services are included in the monthly fee and are not subject to hourly billing.

Pricing Summary

Option	Monthly Cost	Annual Cost
Managed IT Services Only	**$16,400.00**	**$196,800.00**
Managed IT Services + MDR Essentials	**$16,842.06**	**$202,104.72**
Managed IT Services + MDR Complete	**$17,218.80**	**$206,625.60**

- *Pricing remains fixed during the initial agreement term with no annual CPI increases applied to the City of Eastvale.*
- *MDR pricing is based on approximately 65 user endpoints and 2 Servers (no virtual servers) endpoints and will be adjusted based on actual licensed quantities deployed.*

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.8
June 24, 2026

Memorandum of Understanding (MOU) for the SB 821 Bicycle and Pedestrian Facilities Program with the Riverside County Transportation Commission (RCTC) for the ADA Pedestrian Safety Improvement Project

Prepared By:

Jimmy Chung, Director of Public Works/City Engineer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve the Memorandum of Understanding (MOU) for the SB 821 Bicycle and Pedestrian Facilities Program with the Riverside County Transportation Commission (RCTC) for the ADA Pedestrian Safety Improvement Project;
2. Authorize the City Manager to execute the MOU and make adjustments to the language to the MOU prior to its execution as deemed prudent with the concurrence of the City Attorney.

Summary

The City of Eastvale has been awarded $338,975.70 in SB 821 Bicycle and Pedestrian Facilities Program funding from the Riverside County Transportation Commission (RCTC) for the ADA Pedestrian Safety Improvement Project. The funding was drawn from a remaining balance identified under the FY 2025/26 SB 821 Call for Projects, for which the City's project ranked first on RCTC's contingency list.

To align the project with the available award, the City worked with RCTC to revise the project scope while preserving the original 41% grant / 59% local match cost-sharing ratio, the original project

boundaries, and the destinations served. The RCTC Commission approved the partial award and the revised scope at its May 2026 Commission meeting. Execution of the attached MOU is required to formally accept the funding.

Background

In 2025, the City submitted an application under the FY 2025/26 SB 821 Call for Projects for the ADA Pedestrian Safety Improvement Project, requesting $727,986 in SB 821 funds (41% of the project cost) toward a total project cost of $1,787,434, with a City local match of $1,059,448 (59%). The project was not selected in the initial round of awards but was placed first on RCTC's contingency list.

In February 2026, RCTC identified a remaining program balance of $491,000 from the FY 2025/26 SB 821 cycle and offered a partial award of $338,975.70 to the City as the top contingency project, with the remaining balance allocated to another agency. Because RCTC scores applications on their original submittals, City staff coordinated with RCTC to revise the project scope to fit the reduced award while maintaining the original 41% / 59% cost-sharing ratio and the project's original limits, target areas, destinations served, and multimodal benefits. The RCTC Commission approved the partial award and the revised scope at its May 2026 Commission meeting.

The project remains within the three original target areas (Target Area A - Scholar Way, Target Area B - Sumner Avenue, and Target Area C - Hamner Avenue) and includes the following improvements:

- Retrofit 40 curb ramps with detectable warning surfaces to improve safety for pedestrians with visual impairments.
- Reconstruct 32 curb ramps, including slot paving, detectable warning surfaces, curb and gutter repairs, cross gutters, spandrels (where applicable), and transition sidewalk panels.

The revised scope maintains the same project boundaries as the original application. It continues to serve the 15 destinations identified in the application (8 schools, 4 parks, and 3 commercial centers), all located within one-half mile of the target areas, and continues to benefit the 12 transit stops along the Limonite Avenue, Sumner Avenue, and Hamner Avenue corridors. The improvements address pedestrian safety hazards documented through resident GoGov service requests. By concentrating the available funding within the original project limits, the project preserves the connectivity, safety, and multimodal benefits on which the application was originally scored, with the reduction reflected in the density of improvements rather than the project's geographic reach.

The following table summarizes the adjustment from the original application to the revised, approved scope:

	Original Application	Revised / Approved
Total Project Cost	$1,787,434	$832,000
SB 821 Funds (41%)	$727,986	$338,975.70
City Local Match (59%)	$1,059,448	$493,024.30
Retrofit Curb Ramps	76 units	40 units
Reconstruct Curb Ramps	82 units	32 units

Environmental

Approval of the MOU is categorically exempt from California Environmental Quality Act (CEQA) review under CEQA Guidelines Section 15301 - Existing Facilities.

Strategic Plan Action - Priority Level: 2 | Target #: E | Goal #: F

Increase community connectivity, pedestrian safety, and accessibility citywide.

Fiscal Impact

The SB 821 award provides $338,975.70 in grant funding, covering 41% of the revised project cost. As a condition of the award, the City is responsible for a local match of approximately $493,024.30, representing the remaining 59%. The revised total project cost is $832,000.

The local match will be funded through TDA funds allocated from Fund Account No. 211-510-6690-91010. This funding is contingent upon City Council adoption of the Five-Year Capital Improvement Plan (CIP) for Fiscal Years 2026/2027 through 2030/2031.

Prior City Council/Commission Action

There is no prior City Council action on this MOU.

Attachment(s)

Attachment - DRAFT Eastvale ADA - SB821 25-26 RCTC MOU.doc

RIVERSIDE COUNTY TRANSPORTATION COMMISSION AGREEMENT FOR FUNDING UNDER SB 821 BICYCLE AND PEDESTRIAN FACILITIES PROGRAM

(Transportation Development Act Article 3; Senate Bill 821)

This Funding Agreement ("AGREEMENT") is entered into as of _____, 2026 ("Effective Date"), by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("RCTC") and City of Eastvale ("RECIPIENT"). RCTC and RECIPIENT may be referred to herein individually as a "Party" and collectively as the "Parties."

RECITALS

A. RCTC is a county transportation commission created and existing pursuant to California Public Utilities Code Sections 130053 and 130053.5.

B. Under RCTC's SB 821 Bicycle and Pedestrian Facilities Program ("PROGRAM"), cities and counties in the County of Riverside are notified of the availability of PROGRAM funding and a call for projects ("CALL FOR PROJECTS") is anticipated to be issued biennially by RCTC.

C. On February 3rd, 2025, a CALL FOR PROJECTS was published by RCTC seeking applications for FY 2025/26 PROGRAM funding, which applications were reviewed in accordance with the applicable evaluation criteria included in the CALL FOR PROJECTS.

D. Based on the application attached as Attachment 1 and incorporated herein by this reference, RECIPIENT has been selected to receive PROGRAM funding for a reduced scope of work of its proposed ADA Pedestrian Safety Improvement Project, as reflected in Attachment 1A and incorporated herein by this reference ("PROJECT").

E. Funding for the PROJECT shall be provided pursuant to the terms contained in this AGREEMENT and pursuant to applicable PROGRAM policies adopted by RCTC, which are attached hereto and incorporated herein as Attachment 2.

NOW, THEREFORE, in consideration of the preceding recitals and the mutual covenants and consideration contained herein, the Parties mutually agree as follows:

1. Incorporation of Recitals. The Parties acknowledge and agree that the above recitals are true and correct, and hereby incorporate those recitals by this reference into the AGREEMENT.

2. RCTC Funding Amount. RCTC hereby agrees to distribute to the RECIPIENT, on the terms and conditions set forth herein, a sum not to exceed Three Hundred Thirty-Eight Thousand Nine Hundred Seventy-Five Dollars and Seventy Cents ($338,975.70), to be used exclusively for reimbursing the RECIPIENT for eligible expenses as described herein ("FUNDING

AMOUNT"). RECIPIENT acknowledges and agrees that the FUNDING AMOUNT may be less than the actual and final cost of the PROJECT, which final costs are the sole responsibility of RECIPIENT, and RCTC will not contribute PROGRAM funds in excess of the maximum authorized in this Section 2 unless otherwise mutually agreed to in writing by the PARTIES.

2.1 Eligible Project Costs. Reimbursement for PROJECT costs ("REIMBURSEMENT") may only include those items expressly allowed for under Article 3 of the Transportation Development Act (California Public Utilities Code section 99200 *et seq*.), which provides that funding shall be allocated for the construction, including related engineering expenses, of facilities based on the PROGRAM policies adopted by RCTC, provided that such items are included in the scope of work approved by RCTC, attached as Attachment 1 and 1a ("SCOPE OF WORK"). All PROJECT costs not included in the SCOPE OF WORK and not expressly permitted under Article 3 of the Transportation Development Act and the PROGRAM policies shall be considered ineligible for REIMBURSEMENT. In the event the SCOPE OF WORK needs to be amended, RECIPIENT shall submit a scope change request electronically via RCTC's online tracking and reporting system known as the Rivtrack system and accessible at https://rivtrack.rctc.org/ ("Rivtrack system"). The electronically submitted scope change request must include the reasons for the requested change and confirmation that costs associated with the proposed amendment are eligible for PROGRAM reimbursement. Such request is subject to written approval by RCTC, in RCTC's sole discretion.

In the event of any ambiguity between this AGREEMENT, PROGRAM policies, and applicable law, the following order of precedence will govern: (1) applicable law; (2) PROGRAM policies; (3) this AGREEMENT. In the case of any conflict between this Agreement and any of its attachments, the body of this Agreement shall govern. Notwithstanding the foregoing, in the case of a conflict, the most stringent requirement shall govern, unless prohibited by applicable law or otherwise agreed upon by RCTC.

2.2 Timing for Project Completion. In accordance with the PROGRAM policies attached hereto as Attachment 2, RECIPIENT has thirty-six (36) months to complete the PROJECT from July 1, 2026, unless otherwise agreed to in writing by the PARTIES. If the PROJECT is not completed within 36 months, RCTC shall have the sole discretion to delete the PROJECT from the PROGRAM and reprogram the funding for future approved PROGRAM projects. RECIPIENT will not be reimbursed until the PROJECT is accepted as complete by RCTC following the submission of the PROGRAM funding claim form completed electronically via the Rivtrack system. In the event additional time is needed for the completion of the PROJECT, RECIPIENT may submit a time extension request electronically via the Rivtrack system. Before and after PROJECT photographs must be uploaded with the CLAIM FORM upon PROJECT completion, as well as copies of paid invoices and any other backup requested for repayment and audit purposes.

2.3 Changes in Project Funding. RECIPIENT will not be reimbursed for PROJECT cost overruns. In the event the FUNDING AMOUNT is not fully utilized by RECIPIENT for the PROJECT, the unused FUNDING AMOUNT must be returned to RCTC within ninety (90) ninety days of a written request by RCTC unless RECIPIENT can demonstrate in writing, subject to written approval of RCTC's Executive Director, in his or her sole discretion, the following: (i) valid reason for why PROJECT costs were significantly lower than the estimate included in RECIPIENT's attached application for funding, and (ii) written

proposal for how RECIPIENT can apply any unused FUNDING AMOUNT to a project previously submitted under an Article 3 call for projects and approved by the Commission or to fund an approved scope expansion to the approved PROJECT. Notwithstanding the foregoing, unused funds may not be reallocated to work already completed. RECIPIENT match funds proportionate to the amounts included in Section 3 of this Agreement will be required should unused funds be redirected to another approved project or approved scope expansion.

2.4 Cost Savings. In the event that bids or proposals for the PROJECT are lower than anticipated, or there are cost savings for any other reason, the FUNDING AMOUNT shall be reduced through an amendment to the AGREEMENT. RECIPIENT shall inform RCTC of any cost savings and any cost savings shall be returned to RCTC or may be reprogrammed with written approval by RCTC as further detailed in Section 2.3 above. No PROGRAM funding may be used for projects not approved by RCTC. If RECIPIENT provides a local match commitment and there are cost savings on the PROJECT, RCTC will still be reimbursed at the matching ratio as presented in the Project application despite such cost savings in accordance with PROGRAM policies.

2.5 No Funding for Temporary Improvements. Only segments or components of improvements that are intended to form part of or be integrated into the PROJECT may be funded by PROGRAM funds. No improvement(s) which is/are temporary in nature, including but not limited to temporary lanes, curbs, or drainage facilities, shall be funded with PROGRAM funds except as needed for staged construction of the PROJECT.

2.6 Review and Reimbursement by RCTC. Upon submission into Rivtrack of the final detailed invoice from the RECIPIENT clearly documenting work completed and corresponding costs, RCTC may request additional documentation or explanation of the SCOPE OF WORK costs for which reimbursement is sought. Undisputed amounts shall be paid by RCTC to the RECIPIENT within thirty (30) days. In the event that RCTC disputes the eligibility for reimbursement of all or a portion of an invoiced amount, the Parties shall meet and confer in an attempt to resolve the dispute. Additional details concerning the procedure for the RECIPIENT's submittal of invoices to RCTC and RCTC's consideration and payment of submitted invoices are set forth in Attachment 2.

2.7 Recipient's Funding Obligation to Complete the Work; Limitation of RCTC Obligations. In the event that the PROGRAM funds allocated to the SCOPE OF WORK represent less than the total cost of the PROJECT, RECIPIENT shall be solely responsible for providing such additional funds as may be required to complete the PROJECT. RCTC has no obligation with respect to the safety of any work performed under the SCOPE OF WORK, for the PROJECT, or at a PROJECT site. Further, RCTC shall not be liable for any action of RECIPIENT or its contractors relating to the condemnation of property undertaken by RECIPIENT or construction related to the PROJECT.

2.8 Recipient's Obligation to Repay Program Funds to RCTC. In the event it is determined, whether through a post-completion audit or otherwise, the PROJECT was not completed in accordance with the PROGRAM requirements or this AGREEMENT, RECIPIENT agrees that any PROGRAM funds distributed to RECIPIENT for the PROJECT shall be repaid in full to RCTC. The Parties shall enter into good faith negotiations to establish a reasonable repayment schedule and repayment mechanism which may include, but is not limited to, withholding of Measure A Local Streets and Roads revenues, if applicable. RECIPIENT

acknowledges and agrees that RCTC shall have the right to withhold any Measure A Local Streets and Roads revenues due to RECIPIENT, in an amount not to exceed the total of the PROGRAM funds distributed to RECIPIENT, and/or initiate legal action to compel repayment, if the RECIPIENT fails to repay RCTC within a reasonable time period not to exceed one hundred eighty (180) days, including any good faith negotiations, from receipt of written notification from RCTC that repayment is required due to failure to comply with the PROGRAM policies or this AGREEMENT.

2.9 Records Retention and Audits. RECIPIENT shall retain all PROJECT records in an organized manner for a minimum of three (3) years following completion of the PROJECT. PROJECT records shall be made available for inspection by RCTC upon request. If a post PROJECT audit or review indicates that RCTC has provided reimbursement to the RECIPIENT in an amount in excess of the FUNDING AMOUNT set forth in Section 2, or has provided reimbursement of ineligible PROJECT costs, the RECIPIENT shall reimburse RCTC for the excess or ineligible payments within thirty (30) days of notification by RCTC. This Section 2.9 does not supersede any rights or remedies provided to RCTC under Section 2.8 or applicable law.

3. Recipient's Local Match Contribution. RECIPIENT shall provide at least Four Hundred Ninety-Three Thousand Twenty-Four Dollars and Thirty Cents ($493,024.30) of funding toward the SCOPE OF WORK. RECIPIENT costs related to (i) preparation and administration costs related to invoices, billings and payments; (ii) any RECIPIENT fees attributed to the processing of the SCOPE OF WORK; and (iii) expenses for items not included within the attached SCOPE OF WORK shall be borne solely by the RECIPIENT and shall not qualify towards RECIPIENT's local match requirement in this Section 3.

4. Term: The term of this AGREEMENT shall be from the date first herein above written until: (i) the date RCTC formally accepts the PROJECT as complete, pursuant to Section 2.2; (ii) termination of this AGREEMENT pursuant to Section 14; or (iii) RECIPIENT has fully satisfied its obligations under this AGREEMENT. All applicable indemnification and insurance provisions of this AGREEMENT shall remain in effect following the termination of this AGREEMENT.

5. Recipient Responsibilities. RECIPIENT shall be responsible for all aspects of the PROJECT, in compliance with all applicable state and federal laws, including: (i) development and approval of plans, specifications and engineer's estimate in accordance with all applicable laws, regulations and building codes; obtaining any necessary environmental clearances; right of way acquisition; and, obtaining all permits required by impacted agencies prior to commencement of the PROJECT; (ii) all aspects of procurement, contracting, and administration of the contracts and claims for the PROJECT; (iii) all construction management of any construction activities undertaken in connection with the PROJECT, including surveying and materials testing; and, (iv) development of a budget for the PROJECT and SCOPE OF WORK prior to award of any contract for the PROJECT, taking into consideration available funding, including PROGRAM funds.

6. Indemnification. RECIPIENT shall defend, indemnify and hold RCTC, its officials, governing board members, officers, employees, agents, and consultants free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property, persons or government funding agency,

including wrongful death ,arising out of or incident to any intentional or negligent acts, errors or omissions of the RECIPIENT, its officials, officers, employees, agents, consultants and contractors arising out of or in connection with the performance of this AGREEMENT, the PROJECT or the SCOPE OF WORK. RECIPIENT'S obligation to indemnify includes without limitation the payment of all consequential damages and reasonable attorneys' fees, expert witness fees and other related costs and expenses of defense. RECIPIENT shall defend, at its own cost, expense and risk, any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against RCTC, its officials, officers, employees, agents, and consultants in connection with this AGREEMENT. RECIPIENT shall pay and satisfy any judgment, award or decree that may be rendered against RCTC, its officials, officers, employees, agents, and consultants in any such suits, actions or other legal proceedings, including any settlement. RECIPIENT's obligation to indemnify shall not be restricted to insurance proceeds. The indemnity obligation shall not apply to the extent of the sole negligence or willful misconduct of RCTC, its officials, officers, employees, agents, and consultants. This section shall survive the expiration or termination of this Agreement.

7. Expenditure of Funds by Recipient Prior to Execution of Agreement. RECIPIENT may commence the Project starting July 1, 2026, and costs incurred following such date will be eligible for reimbursement under this AGREEMENT, provided they otherwise meet the requirements herein, and provided that this AGREEMENT is executed no later than October 1, 2026.

8. Compliance with Applicable Laws and Insurance. RECIPIENT agrees to comply with all applicable laws and regulations, including public contracting laws, requirements for any local state or federal funding used, and records retention and performance reporting requirements concerning the SCOPE OF WORK and PROJECT, which applicable laws and regulations shall be passed on to contractors by RECIPIENT as applicable. RECIPIENT shall have the responsibility of making sure the appropriate amounts of insurance are included in all applicable agreements for the construction of the PROJECT and RCTC shall be named as an Additional Insured on all insurance certificates obtained for the completion of the PROJECT. PROJECT insurance funds shall be looked to first for the repayment of any claims determined to have merit.

9. Representatives of the Parties. RCTC's Executive Director, or his or her designee, shall serve as RCTC's representative and shall have the authority to act on behalf of RCTC for all purposes under this AGREEMENT. RECIPIENT's representative shall be the individual identified in the Project application as RECIPIENT'S representative to RCTC. RECIPIENT'S representative, or designee, shall have the authority to act on behalf of RECIPIENT for all purposes under this AGREEMENT and shall coordinate all activities with RCTC concerning the SCOPE OF WORK under the RECIPIENT's responsibility. RECIPIENT shall work closely and cooperate fully with RCTC's representative and any other agencies which may have jurisdiction over or an interest in the PROJECT.

10. Monitoring of Progress by RCTC. RECIPIENT shall allow RCTC's designated representative, or designee, to inspect or review the progress of the work at any reasonable time with prior written notice by RCTC. RCTC may request that the RECIPIENT provide RCTC with progress reports concerning the status of the SCOPE OF WORK and PROJECT completion.

11. Binding on Successors in Interest. Each and every provision of this AGREEMENT shall be binding and inure to the benefit of the successors in interest of the Parties. Due to the specific obligations contemplated herein, this AGREEMENT may not be assigned by any Party hereto except with the prior written consent of the other Party.

12. Independent Contractors. Any person or entities retained by RECIPIENT or any contractor shall be retained on an independent contractor basis and shall not be employees of RCTC. Any personnel performing services on the PROJECT shall at all times be under the exclusive direction and control of the RECIPIENT or contractor, whichever is applicable. The RECIPIENT or contractor shall pay all wages, salaries and other amounts due such personnel in connection with their performance of services on the SCOPE OF WORK and as required by law. The RECIPIENT or contractor shall be responsible for all reports and obligations concerning such personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance and workers' compensation insurance.

13. Conflicts of Interest. For the term of this AGREEMENT, no member, officer or employee of RECIPIENT or RCTC, during the term of his or her service with RECIPIENT or RCTC, as the case may be, shall have any direct interest in this AGREEMENT, or obtain any present or anticipated material benefit arising therefrom.

14. Termination. This AGREEMENT may be terminated for cause or convenience as further specified below.

14.1 Termination for Convenience. Either RCTC or RECIPIENT may, by written notice to the other party, terminate this AGREEMENT, in whole or in part, for convenience by giving thirty (30) days' written notice to the other party of such termination and specifying the effective date thereof.

14.2 Effect of Termination for Convenience. In the event that RECIPIENT terminates this AGREEMENT for convenience, RECIPIENT shall, within 180 days, repay to RCTC in full all PROGRAM funds provided to RECIPIENT under this AGREEMENT. In the event that RCTC terminates this AGREEMENT for convenience, RCTC shall, within 90 days, distribute to the RECIPIENT PROGRAM funds in an amount equal to the aggregate total of all unpaid invoices which have been received from RECIPIENT regarding the SCOPE OF WORK for the PROJECT at the time of the notice of termination; provided, however, that RCTC shall be entitled to exercise its rights under Section 2.6, including but not limited to conducting a review of the invoices and requesting additional information from RECIPIENT. This AGREEMENT shall terminate upon receipt by the non-terminating party of the amounts due it under this Section 14.

14.3 Termination for Cause. Either RCTC or RECIPIENT may, by written notice to the other party, terminate this AGREEMENT, in whole or in part, in response to a material breach hereof by the other Party, by giving written notice to the other Party of such termination and specifying the effective date thereof. The written notice shall provide a thirty (30) day period to cure any alleged breach. During the 30 day cure period, the Parties shall discuss, in good faith, the manner in which the breach can be cured.

14.4 Effect of Termination for Cause. In the event that RECIPIENT terminates this AGREEMENT in response to RCTC's uncured material breach hereof, RCTC shall, within ninety (90) days, distribute to the RECIPIENT PROGRAM funds in an amount equal to the aggregate total of all unpaid invoices which have been received from RECIPIENT regarding the SCOPE OF WORK for the PROJECT at the time of the notice of termination. In the event that RCTC terminates this AGREEMENT in response to the RECIPIENT's uncured material breach hereof, the RECIPIENT shall, within one hundred eighty (180) days, repay to RCTC in full all PROGRAM funds provided to RECIPIENT under this AGREEMENT. Notwithstanding termination of this AGREEMENT by RCTC pursuant to this Section 14.4, RCTC shall be entitled to exercise its rights under Section 2.6, including but not limited to conducting a review of the invoices and requesting additional information. This AGREEMENT shall terminate upon receipt by the terminating Party of the amounts due it under this Section 14.4.

14.5 No Program Funding. In the event that RCTC determines there are inadequate PROGRAM funds for whatever reason, RCTC shall have the right to immediately terminate the AGREEMENT with written notice to RECIPIENT. In the event that RCTC terminates this AGREEMENT under this Section 14.5, RCTC shall, within 90 days, distribute to the RECIPIENT PROGRAM funds in an amount equal to the aggregate total of all unpaid invoices which have been received from RECIPIENT regarding the SCOPE OF WORK for the PROJECT at the time of the notice of termination; provided, however, that RCTC shall be entitled to exercise its rights under Section 2.6, including but not limited to conducting a review of the invoices and requesting additional information from RECIPIENT.

14.6 Cumulative Remedies. The rights and remedies of the Parties provided in this Section 14 are in addition to any other rights and remedies provided by law or under this AGREEMENT.

15. Notice. All notices hereunder shall be in writing and shall be effective upon receipt by the other Party. All notices and communications between the Parties to this AGREEMENT shall be addressed as set forth below and provided by any of the following methods (i) personally delivered; (ii) sent by electronic mail, with a subject line clearly identifying this AGREEMENT, read receipt requested, and a cc: provided to the identified staff; (iii) sent by first-class mail, return receipt requested; or (iv) sent by overnight express delivery service with postage or other charges fully prepaid. Notwithstanding the foregoing, notices of dispute or termination sent by electronic mail must be followed by hard copy mailed notice to be effective. Notwithstanding the foregoing, invoices and requests for changes to the SCOPE OF WORK, shall be submitted through the Rivtrack system as specified in this AGREEMENT.

Any party may update its address and contact information by providing written notice of the new information to the other Parties in accordance with this Section 15.

16. Prevailing Wages. RECIPIENT is alerted to the requirements of California Labor Code Sections 1770 *et seq*., which require the payment of prevailing wages where the SCOPE OF WORK or any portion thereof is determined to be a "public work," as defined therein. RECIPIENT shall ensure compliance with applicable prevailing wage requirements by any person or entity hired to perform the SCOPE OF WORK or any portion thereof falling within the definition of "public work." RECIPIENT shall defend, indemnify, and hold harmless RCTC, its officers, employees, consultants, and agents from any claim or liability, including without limitation reasonable attorneys' fees, arising from any failure or alleged failure to comply with California Labor Code Sections 1770 *et seq*. on the PROJECT.

17. Equal Opportunity Employment. The Parties represent that they are equal opportunity employers and they shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, sexual orientation, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

18. Entire Agreement. This AGREEMENT embodies the entire understanding and agreement between the Parties pertaining to the matters described herein and supersedes and cancels all prior oral or written agreements between the Parties with respect to these matters. Each Party acknowledges that no Party, agent or representative of the other Party has made any promise, representation or warranty, express or implied, not expressly contained in this AGREEMENT, that induced the other Party to sign this document. Modifications to this AGREEMENT shall be in the form of a written amendment executed by authorized representatives of the Parties to be bound.

19. Governing Law; Venue and Severability. This AGREEMENT shall be governed by, and be construed in accordance with, the laws of the State of California. Venue shall be in Riverside County. If any portion of this AGREEMENT is found to be unenforceable by a court of law with appropriate jurisdiction, the remainder of the AGREEMENT shall be severable and survive as binding on the Parties.

20. Attorneys' and Other Fees. If any legal action is initiated for the enforcement/interpretation of this AGREEMENT, or because of any alleged dispute, breach, default or misrepresentation in connection with any of the provisions of this AGREEMENT, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, witness fees and other costs incurred in that action or proceeding, in addition to any other relief to which it may be entitled as determined by a court of law or appointed decider under alternative legal proceedings.

21. No Third Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

22. Section Headings and Interpretation. The section headings contained herein are for convenience only and shall not affect in any way the interpretation of any of the provisions contained herein. The AGREEMENT shall not be interpreted as being drafted by any Party or its counsel.

23. No Waiver. Failure of RCTC to insist on any one occasion upon strict compliance with any of the terms, covenants or conditions in this AGREEMENT shall not be deemed a waiver of such term, covenant or condition, nor shall any waiver or relinquishment of any rights or powers hereunder at any one time or more times be deemed a waiver or relinquishment of such other right or power provided under applicable law.

24. Time of Essence. Time is of the essence for each and every provision of this AGREEMENT.

25. Counterparts. This AGREEMENT may be executed in any number of counterparts, each of which shall be deemed to be an original, but all which together will constitute but one agreement.

26. Form of Signatures. A manually signed copy of this Agreement which is transmitted by facsimile, email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Agreement for all purposes. This Agreement may be signed using an electronic signature.

27. Survival. All rights and obligations under this AGREEMENT that by their nature are to continue after any expiration or termination of this AGREEMENT shall survive any such expiration or termination.

ATTACHMENT 1A

(BOARD APPROVAL FOR SCOPE CHANGE AND FUNDING)

ATTACHMENT 2

(PROGRAM POLICIES)

RIVERSIDE COUNTY TRANSPORTATION COMMISSION TRANSPORTATION DEVELOPMENT ACT ARTICLE 3 BICYCLE AND PEDESTRIAN FACILITIES PROGRAM ADOPTED POLICIES

Transportation Development Act Policies

1. Up to 5% of Article 3 apportionment can be used to supplement other funding sources used for bicycle and safety education programs; the allocation cannot be used to fully fund the salary of a person working on these programs.
2. Article 3 money shall be allocated for the construction, including related engineering expenses, of the facilities, or for bicycle safety education programs.
3. Money may be allocated for the maintenance of bicycling trails, which are closed to motorized traffic.
4. Facilities provided for the use of bicycles may include projects that serve the needs of commuting bicyclists, including, but not limited to, new trails serving major transportation corridors, secure bicycle parking at employment centers, park and ride lots, and transit terminals where other funds are available.
5. Within 30 days after receiving a request for a review from any city or county, the transportation-planning agency shall review its allocations.
6. Up to 20 percent of the amount available each year to a city or county may be allocated to restripe Class II bicycle lanes.
7. A portion of each city's allocation may also be used to develop comprehensive bicycle and pedestrian plans. Plans must emphasize bike/pedestrian facilities that support utilitarian bike/pedestrian travel rather than solely recreational activities; a maximum of one entire allocation per five years may be used for plan development.
8. Allowable maintenance activities for the local funds are limited to maintenance and repairs of Class I off-street bicycle facilities only.

RCTC Policies

1. The SB 821 Call for Projects will occur on a biennial basis, with a release date of the first Monday of every other February and a close date of the last Thursday of every other April, beginning in 2015.
2. If a project cannot be fully funded, RCTC may recommend partial funding for award. To handle tiebreakers, RCTC will use, in terms of priority, the safety question first then construction readiness.
3. Agencies awarded funds will not be reimbursed for any project cost overruns.
4. Agencies being awarded an allocation will be reimbursed in arrears only upon

submitting adequate proof of satisfactory project completion. Claims need to include: the claim form, copies of paid invoices, a copy of the Notice of Completion (NOC), and photographs of the completed project.

5. The allocated amount represents the maximum amount eligible for reimbursement. For projects completed under the allocated amount, the agency will be reimbursed at the matching ratio as presented in the application.
6. An agency will have thirty-six (36) months from the time of the allocation to complete the project. There will be no time extensions granted unless the reason for the delay can be demonstrated. Where substantial progress or a compelling reason for delay can be shown, the agency may be granted administrative extensions in twelve-month increments at the discretion of the Executive Director.
7. Any programmed and unused Article 3 Program funds will be forfeited unless that agency can a) utilize the unused funds to complete projects that are the same or similar in scope and/or are contiguous to the approved project or b) apply the funds to a project previously submitted under an Article 3 call for projects and approved by the Commission, subject to Executive Director approval.
8. Design and construction of facilities must conform to the general design criteria for non-motorized facilities as outlined in the Caltrans Highway Design Manual.
9. Temporary facilities, projects in the bid process, or projects that are under construction will not be funded.
10. The SB 821 evaluation committee will be comprised of a minimum of five evaluators representing a wide range of interests; such as: accessibility, bicycling, Coachella Valley, public transit, and the region. Staff, consultants, and other representatives from agencies submitting project proposals will not be eligible to participate on the evaluation committee that year.
11. Following each call, staff will monitor the equity of allocations to Coachella Valley versus Western Riverside County; the allocation should be relative to what the Coachella Valley's share would have been if distributed on a per capita basis (the percentage of funds applied for should also be taken into consideration). If the allocation is often found to be inequitable to the Coachella Valley, staff will recommend adoption of a new policy to correct the imbalance.
12. Certain costs at times associated with bicycle/pedestrian projects are not eligible when the benefit provided is not the exclusive use of bicyclists/pedestrians, such as: curb and gutter as part of roadway drainage system, driveway ramps installed across sidewalks, and where roadway design standards require a roadway shoulder width that is at least as wide as a standard bike lane.
13. For each Call for Projects, a city is eligible to submit up to three (3) applications, and the County of Riverside is eligible to submit up to two (2) applications per Supervisorial District.
14. Each application is limited to a maximum request of 10% of the current Call for Projects programming capacity.
15. Total award to one jurisdiction is limited to 20% of current Call for Project's programming capacity.

16. Awarded agencies can commence reimbursable project activities on July 1 of the Call for Project fiscal year cycle (unless otherwise stated). E.g.: for FY 25/26 Call for Projects, reimbursable work starts on July 1, 2025.
17. Awarded agencies have until October 1 of the Call for Project fiscal year cycle to execute the Memorandum of Understanding (MOU) with RCTC (unless otherwise stated). E.g.: for FY 25/26 Call for Projects, MOUs must be executed by October 1, 2025.

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.9
June 24, 2026

Approval of the First Amendment of the Credit Agreement for the Road and Bridge Benefit District (RBBD) for Zone D - Hamner and Limonite Avenues Median and Limonite Street, The New Home Company, LLC

Prepared By:

Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)

Staff recommends that the City Council approve the First Amendment to the Credit Agreement for the Road and Bridge Benefit District (RBBD) for Zone D - Hamner and Limonite Avenues Median and Limonite Streets, and authorize the City Manager and the City Clerk to sign said first amendment.

Summary

The developer, The New Home Company, LLC., has requested an amendment to the RBBD Agreement to include additional median improvements on Limonite Avenue west of Scholar Avenue that were not included within the scope of the Improvements identified in the original RBBD agreement.

The design and construction cost reimbursement for the additional improvements will be based on actual costs in the amount not to exceed $67,760.00. Breakdown of the added RBBD eligible credit amount is included below:

Location	Limonite Avenue (west of Scholar)
RBBD Eligible Improvements	Landscaped Median
LF Quantities	880

Reimbursement per LF	$77
RBBD Eligible Credit Amount	$67,760

The eligible reimbursement is therefore, amended as follows:

Eligible Reimbursement for:	**Total:**
Landscaped Median Hamner Avenue	$260,400.00
Landscaped Median Limonite Avenue (east of Scholar)	$103,950.00
Landscaped Median Limonite Avenue (west of Scholar)	$67,760.00
Maximum Eligible Credit/Reimbursement	**$432,110.00**

The agreement is on file in the City Clerk's Office.

Background
On June 25, 2025, City Council approved the RBBD Agreement (Agreement No. A-2025-078) for Zone D - Hamner and Limonite Avenues Median and Limonite Street.

Environmental
The first amendment to the RBBD Agreement does not require environmental review.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A
None.

Fiscal Impact
The agreement is for an earned fee credit, as such there is no fiscal impact to the budget; the developer will construct infrastructure in exchange for paying less RBBD fees. Additionally, the first amendment to the RBBD Agreement will not impact the City's operating budget.

Prior City Council/Commission Action
On June 25, 2025, City Council approved the RBBD Agreement

First Amendment to Project Agreement
Road and Bridge Benefit District
(Zone D – Hamner Avenue and Limonite Avenue Median and Limonite Street)

This First Amendment ("First Amendment") is entered into this ____ day of _____, 2026 by and between the City of Eastvale, a California general law city ("City"), and The New Home Company, LLC, a Delaware limited liability company ("Developer"), as follows:

RECITALS

A. City and Developer entered into a Project Agreement (Agreement No. A-2025-078) on or about June 25, 2025 ("Project Agreement") pertaining to Developer's construction of Improvements within the District and Developer's eligibility for credits against or reimbursement of District fees for said Improvements.

B. Developer constructed median improvements on Limonite Avenue west of Scholar Avenue that were not included within the scope of the Improvements identified in the Project Agreement, more specifically identified in Exhibit A hereto ("Additional Improvements"). The Additional Improvements are within the District and Developer is eligible for credits against or reimbursement of District fees for constructing the Additional Improvements.

C. The purpose of this First Amendment is to amend the Project Agreement to add the Additional Improvements to the scope of the Project Agreement and make the Additional Improvements subject to all of the terms and conditions of the Project Agreement.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the promises made and recited herein, the parties do hereby enter into this First Amendment which modifies and amends the Project Agreement as follows:

1. **AMENDMENTS.**

   a. **Additional Improvements.** The definition of "Improvements" in the Project Agreement, contained in the fourth recital of the Project Agreement, and Exhibit C to the Project Agreement identifying the Improvements are hereby amended to add the Additional Improvements. The Additional Improvements are subject to all terms and conditions of the Project Agreement as amended by this First Amendment.

   b. **Additional Reimbursement.** The design and construction cost reimbursement for the Additional Improvements will be based on actual costs in an amount not to exceed $67,760.00.

      i. The fifth recital to the Project Agreement is amended to increase the amount stated therein by $67,760.00, for a new not to exceed amount

of $432,110.00. The reference to Exhibit C in the fifth recital is changed to Exhibit D.

ii. Exhibit D, Section II (Maximum Obligation) is amended to read as follows:

"Eligible Reimbursement for:

Landscaped median Hamner Ave	$260,400
Landscaped median Limonite Ave (east of Scholar)	$103,950
Landscaped median Limonite Ave (west of Scholar)	$67,760
Maximum Eligible credit/reimbursement	**$432,110**

c. **Property**. The third recital is amended to correct a typographical error in the identification of the Property. The third recital shall read as follows:

"WHEREAS, Developer owns property that is located within Zone D of the District, and this property ahs received development approval from the City as Tract Map 38591 as shown on exhibit A which is attached hereto (the "Property" or the "Tracts"); and"

2. **GENERAL PROVISIONS.**

a. **Remainder Unchanged**. Except as specifically modified and amended in this First Amendment, the Project Agreement remains in full force and effect and binding upon the parties.

b. **Integration**. This First Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this First Amendment.

c. **Effective Date**. This First Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Developer.

d. **Applicable Law**. The laws of the State of California shall govern the interpretation and enforcement of this First Amendment.

e. **References**. All defined terms utilized in this First Amendment have the same meaning as provided in the Project Agreement, unless expressly stated to the contrary in this First Amendment.

IN WITNESS WHEREOF, the parties hereto have executed this First Amendment to the Agreement on the date and year first written above.

SOUTHEAST QUARTER OF SECTION 24
TOWNSHIP 2 SOUTH, RANGE 7 WEST

GENERAL NOTES:

1 IT SHALL BE THE RESPONSIBILITY OF THE DEVELOPER/OWNER OR CONTRACTOR TO APPLY TO THE CITY OF EASTVALE, PUBLIC WORKS, PERMIT SECTION FOR AN ENCROACHMENT PERMIT FOR ALL WORK PERFORMED WITHIN PUBLIC RIGHT-OF-WAY, DEDICATED AND ACCEPTED FOR PUBLIC USE, AND TO BE RESPONSIBLE FOR SATISFACTORY COMPLIANCE FOR ALL CURRENT ENVIRONMENTAL REGULATIONS DURING THE LIFE OF CONSTRUCTION ACTIVITIES FOR THIS PROJECT ADDITIONAL STUDIES AND/OR PERMITS MAY BE REQUIRED

2 THE CONTRACTOR/DEVELOPER SHALL BE RESPONSIBLE FOR THE CLEARING OF THE WORK AREA, AND RELOCATION COSTS OF ALL EXISTING UTILITIES THIS INCLUDES UNDER GROUNDING OF EXISTING OVERHEAD LINES ALONG THE PROJECT FRONTAGE AS REQUIRED BY THE CONDITIONS OF APPROVAL PERMITEE MUST INFORM CITY OF CONSTRUCTION SCHEDULE AT LEAST 48 HOURS PRIOR TO BEGINNING OF CONSTRUCTION

3 THE DEVELOPER WILL INSTALL STREET NAME SIGNS CONFORMING TO CITY STANDARD NO 1220, 1221 AND 1222

4 ALL WORK SHALL CONFORM TO THE REQUIREMENTS OF THE CITY OF EASTVALE PUBLIC WORKS IMPROVEMENT STANDARDS AND SPECIFICATIONS, LATEST EDITION, CITY ORDINANCE NO 461 AND SUBSEQUENT AMENDMENTS

5 IT SHALL BE THE RESPONSIBILITY OF THE DEVELOPER TO NOTIFY THE ENGINEER TO INSTALL STREET CENTERLINE MONUMENTS AS REQUIRED BY CITY OF EASTVALE ORDINANCE NO 461 (TRACTS AND PARCEL MAPS ONLY)

6 ALL UNDERGROUND FACILITIES, WITH LATERALS, SHALL BE IN PLACE PRIOR TO PAVING THE STREET, INCLUDING, BUT NOT LIMITED TO THE FOLLOWING SEWER, WATER, ELECTRIC, GAS, STORM DRAINS

7 CURB DEPRESSIONS AND DRIVEWAY APPROACHES WILL BE INSTALLED AND CONSTRUCTED ACCORDING TO CITY STANDARD NO 206 AND/OR NO 207, AS DIRECTED IN THE FIELD

8 IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR OR DEVELOPER TO INSTALL AND MAINTAIN ALL CONSTRUCTION, REGULATORY, GUIDE AND WARNING SIGNS WITHIN THE PROJECT LIMITS AND ITS SURROUNDINGS TO PROVIDE SAFE PASSAGE FOR THE TRAVELING PUBLIC AND WORKERS UNTIL THE FINAL COMPLETION AND ACCEPTANCE OF THE PROJECT BY THE COUNTY A TRAFFIC CONTROL PLAN MUST BE SUBMITTED FOR REVIEW TO THE PERMITS SECTION OR INSPECTION SECTION PRIOR TO OBTAINING AN ENCROACHMENT PERMIT

9 ALL STREET SECTIONS ARE TENTATIVE ADDITIONAL SOIL TESTS SHALL BE TAKEN BY THE CONTRACTOR AFTER ROUGH GRADING TO DETERMINE THE EXACT STREET SECTION REQUIREMENTS USE STANDARD NO. 401, IF EXPANSIVE SOILS ARE ENCOUNTERED

10 ASPHALTIC EMULSION (FOG SEAL) SHALL BE APPLIED NOT LESS THAN FOURTEEN DAYS FOLLOWING PLACEMENT OF THE ASPHALT SURFACING FOG SEAL AND PAINT BINDER SHALL BE APPLIED AT RATE OF 0.05 AND 0.03 GALLON PER SQUARE YARD RESPECTIVELY ASPHALTIC EMULSION SHALL CONFORM TO SECTION 37, 39 AND 94 OF THE STATE STANDARD SPECIFICATIONS

11 PRIME COAT IS REQUIRED PRIOR TO PAVING ON ALL GRADES IN EXCESS OF TEN PERCENT

12 INSTALL STREET TREES IN ACCORDANCE WITH ORDINANCE NO 460 AND 499 (MAGNOLIA GRANDIFLORA, PODOCARPUS GRACILIOR, QUERCUS ILEX)

13 STREETLIGHTS SHALL BE INSTALLED IN ACCORDANCE WITH THE APPROVED STREET LIGHTING PLAN

14 AS DETERMINED BY THE CITY ENGINEER, THE DEVELOPER IS RESPONSIBLE AS A MINIMUM FOR ROAD IMPROVEMENTS TO CENTERLINE, AND MAY BE REQUIRED TO RECONSTRUCT EXISTING PAVEMENT, INCLUDING BASE, AND MATCHING OVERLAY REQUIRED TO MEET THE STRUCTURAL STANDARDS FOR THE CURRENT ASSIGNED TRAFFIC INDEX

15 ONLY LANDSCAPING CONSISTING OF GRASS AND PARKWAY TREES MAY BE INSTALLED WITHIN PARKWAYS ON LOCAL RESIDENTIAL STREETS WITHOUT SEPARATE LANDSCAPE PLANS ALL OTHER TYPES OF LANDSCAPING IN THESE AREAS, AND ALL LANDSCAPING ON ALL OTHER STREETS, SHALL REQUIRE SEPARATE LANDSCAPE PLANS ALL LANDSCAPING ENCROACHMENTS SHALL CONFORM TO THE CITY OF EASTVALE "STANDARDS RELATING TO THE ADMINISTRATION OF LANDSCAPE ENCROACHMENTS" DATED JUNE 1990

16 CONSTRUCTION PROJECTS DISTURBING MORE THAN ONE ACRE MUST OBTAIN A NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT OWNERS/DEVELOPERS ARE REQUIRED TO FILE A NOTICE OF INTENT (NOI) WITH THE STATE WATER RESOURCES CONTROL BOARD (SWRCB), PREPARE A STORM WATER POLLUTION PREVENTION PLAN (SWPPP), AND MONITORING PLAN FOR THE SITE PRIOR TO ANY CONSTRUCTION, THE DEVELOPER SHALL PROVIDE THE COUNTY A COPY OF THE NOI WITH A VALID WDID NUMBER

17 THE DEVELOPER SHALL BE RESPONSIBLE FOR THE INSTALLATION OF ADDITIONAL SIGN AND MARKINGS NOT INCLUDED IN THE SIGNING AND STRIPING PLAN WITHIN THE PROJECT AREA, OR ON ROADWAYS ADJACENT TO THE PROJECT BOUNDARIES, UPON REQUEST OF THE DIRECTOR OF TRANSPORTATION OR HIS DESIGNEE TO IMPROVE TRAFFIC SAFETY ON THE ROADS UNDER THE JURISDICTION OF THE DEVELOPER

18 EXISTING STORM DRAIN PIPES/CULVERTS (WETHER TO BE CONNECTED TO, EXTENDED, ADJUSTED, DRAINED TO, OR JUST IN THE PROJECT VICINITY) MUST BE REPAIRED, AND/OR CLEANED TO MAKE THEM FUNCTIONAL AND ACCEPTABLE AS DIRECTED BY THE PUBLIC WORKS DEPARTMENT

NOTICE TO CONTRACTORS:

THE EXISTENCE AND LOCATIONS OF ALL UNDERGROUND UTILITIES (UTILITY PIPES, STRUCTURES, ETC.) SHOWN ON THESE PLANS (MAIN LINES ONLY -- NO SERVICE LATERALS) WERE ASCERTAINED BY A REVIEW OF RECORDS PROVIDED BY THESE NAMED AGENCIES AND ARE APPROXIMATE ONLY NEITHER THE OWNER NOR THE ENGINEER ASSUMES ANY RESPONSIBILITY FOR UTILITIES NOT SHOWN OR NOT IN THE LOCATION SHOWN

THE CONTRACTOR IS REQUIRED TO TAKE DUE PRECAUTIONARY MEASURES TO PROTECT ALL UTILITIES SHOWN ON THESE PLANS AND/OR ANY OTHER UNDERGROUND UTILITIES NOT OF RECORD OR NOT SHOWN ON THESE PLANS LOCATIONS OF THE "IN-SERVICE" UTILITIES SHALL BE VERIFIED BY THE CONTRACTOR PRIOR TO COMMENCEMENT OF CONSTRUCTION CALL UNDERGROUND SERVICE ALERT (U.S.A.) 1-800-422-4133 AT LEAST 2 WORKING DAYS PRIOR TO EXCAVATION

THE CONTRACTOR IS RESPONSIBLE TO ASSURE THAT ALL SIDEWALKS, RAMPS, RAILS, CLEARANCES AND APPURTENANCES MEET OR EXCEED THE MOST STRINGENT REQUIREMENTS OF COUNTY, STATE OR GOVERNMENTAL AGENCY'S FOR ACCESSIBILITY PRIOR TO POURING OF CONCRETE TO FINAL GRADE ALL ADA ACCESSIBLE SIDEWALKS SHALL HAVE A SLOPE NO GREATER THAN 5% MAXIMUM AND A CROSS SLOPE OF NO GREATER THAN 2% MAXIMUM

EXISTING UTILITY POTHOLE NOTE:

EXISTING UNDERGROUND FACILITIES ARE SHOWN ON THE PLANS BASED ON THE BEST INFORMATION AVAILABLE. THE CONTRACTOR IS RESPONSIBLE FOR POTHOLING (EXPLORATORY EXCAVATIONS) ALONG THE ALIGNMENT OF THE PROJECT TO CONFIRM THE ELEVATION AND LOCATION OF ALL EXISTING FACILITIES INCLUDING SERVICE LATERALS AND TO ESTABLISH CONNECTION REQUIREMENTS TO EXISTING FACILITIES. THE CONTRACTOR SHALL PROVIDE THE POTHOLING INFORMATION TO THE ENGINEER OF RECORD A MINIMUM OF THREE WEEKS PRIOR TO CONSTRUCTION TO ALLOW DESIGN REVISIONS IF A CONFLICT ARISES. THE CONTRACTOR SHALL PROVIDE DETAILED SPREAD SHEET INCLUDING POTHOLE NUMBER, DESCRIPTION, LOCATION, STATION, OFFSIDE DISTANCE, DEPTH, AND TYPE OF MATERIAL UPON LOCATING OF THE EXISTENCE OR LOCATION OF ANY FACILITY OMITTED FROM OR SHOWN INCORRECTLY ON CONSTRUCTION DRAWINGS, OR IMPROPERLY MARKED OR LOCATED AS INDICATED, CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD PROVIDING FULL DETAILS AS SPECIFIED HEREIN

PROJECT AGREEMENT
ROAD AND BRIDGE BENEFIT DISTRICT
(ZONE D - HAMNER AVENUE AND LIMONITE AVENUE MEDIAN AND LIMONITE STREET)

This PROJECT AGREEMENT ("Agreement") is entered into by and between the City of Eastvale, a California municipal corporation, hereinafter referred to as "City", and The New Home Company, LLC., a Delaware Limited Liability Company ("Developer"). City and Developer are sometimes hereinafter referred to individually as "Party" and collectively as "Parties".

RECITALS

WHEREAS, the County of Riverside ("County"), pursuant to Section 66484 of the California Government Code, Chapter 16.28 of the Riverside County Code and Resolution No. 94-378, adopted on December 6, 1994, established the Mira Loma Road and Bridge Benefit District (the "District"), which consisted of five zones, designated construction costs for certain road and bridge improvements to be funded by the District, and established a road and bridge improvement fee schedule that apportioned said construction costs to all properties within the District to be paid upon recordation of a final map or the issuance of a building permit; and

WHEREAS, the County, by Resolution No. 97-002 adopted on February 4, 1997, and by Resolution No. 99-025 adopted on January 5, 1999, has amended the list of designated road and bridge improvements whose construction costs are to be funded by the District and the road and bridge improvement fee schedule; the current applicable fee schedule for properties within the District is established by County Resolution No. 2005-482; and

WHEREAS, Developer owns property that is located within Zone D of the District, and this property has received development approval from the City as Project No. PLN21-20039 and/or Tract Map 38920 as shown on Exhibit A which is attached hereto (the "Property" or the "Tracts"); and

WHEREAS, as a condition of development of the Property, the Developer is required to construct improvements to Limonite Avenue realignment/widening and the Hamner Avenue and Limonite Avenue landscaped median that are identified on Exhibit B and C, which is attached hereto (the "Improvements"); and

WHEREAS, the design and construction cost reimbursement of the Improvements will be based on actual costs in an amount not to exceed $364,350 as shown on Exhibit C, which is attached hereto and made a part hereof; and

WHEREAS, the Improvements are identified in the District program and the construction costs of which are to be funded by the fees collected under the District consistent with Resolution No. 2005-482; and

WHEREAS, the City of Eastvale incorporated on October 1, 2010 and assumed administrative responsibilities for Mira Loma RBBD Zones within City boundaries including all or portions of Zones A, B, D, and E; and

WHEREAS, the City estimates that as of the date of this Agreement, the amount of District fees the Developer is obligated to pay to City, pursuant to Resolution No. 2005-482, is $1,385,784.00; and

WHEREAS, the Developer has requested to enter into this Agreement with the City by the terms of which the Developer's actual eligible costs for construction of the Improvements can be reimbursed or receive credit from fees that the District has collected or will collect in the future for actual construction costs not to exceed the amount specified herein; and

WHEREAS, the City estimates the total amount of District fees that can be collected from the Property consistent with Resolution No. 2005-482 and the development rights that have been approved by City to be $1,385,784.00.

AGREEMENT

NOW, THEREFORE, for the purposes set forth herein, and for good and valuable consideration, the adequacy of which is hereby acknowledged, Developer and City hereby agree as follows:

Section 1. **Purpose of the Agreement:** Following execution of this Agreement, the Developer shall cause, consistent with Sections 3 through 12, below, the Improvements to be designed, engineered and constructed as if it had been constructed under the direction and supervision or under the authority of the City, and the City shall pay or credit the Developer the Reimbursement Amount consistent with Exhibit D in conformance with Section 6, below.

Section 2. **Definitions:** Unless otherwise specifically defined in this Agreement, all terms will have the meaning ascribed to them by the Rules and Regulations for the Administration of Road and Bridge Benefit Districts of the County of Riverside and City of Eastvale, where applicable.

Section 3. **Preparation and Approval of Plans and Specifications:** To the extent that it has not already done so, the Developer shall cause plans (the "Plans") to be prepared for the Improvements. The Developer shall obtain the written approval of the Plans from City. The Developer shall provide a copy of the Plans and specifications to the City Engineer, or his/her designee.

Section 4. **Duty of Developer to Construct:** To the extent authorized by law, City will grant the Developer any license and/or permit required from it to allow for the construction of the Improvements as approved by City. The Developer shall perform all of its obligations hereunder and shall conduct all operations with respect to the construction of the Improvements in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken. The Developer shall not be relieved of its obligation to construct the Improvements and cause title to the Improvements to be conveyed to the City even if the Reimbursement Amount is less than the actual cost of the Improvements. Notwithstanding the foregoing, nothing set forth in this Agreement shall be construed to require the Developer to perform any work requiring a

contractor's license, nor shall the Developer be deemed to be performing construction services pursuant to this Agreement.

Section 5. **Acquisition of City Facilities:** The Developer hereby agrees to convey to the City and the City hereby agrees to pay to the Developer the Reimbursement Amount for the Improvements, subject to the terms and conditions hereof.

The Reimbursement Amount is to be paid solely from fees collected or to be collected by the District and designated for the cost of construction of the Improvements and the City shall not be obligated to pay the Reimbursement Amount except from amounts held by the District for such purposes.

Section 6. **Payment of the Reimbursement Amount:** The Developer accepts that this Agreement does not serve to stop the City from making further adjustments to the District Fee, by amending the District, consistent with State law. The Developer acknowledges that the City Council will annually consider adjustments to the District Fee. The parties agree that the dollar amount of any fee credit to be earned by the Developer pursuant to this Agreement will be determined by the actual cost of construction incurred not to exceed the amount shown in Exhibit D. The maximum allowable reimbursement amount will be based on the reimbursement schedule established by the District at the time the Developer pays District Fees. Additionally, cash reimbursement is subject to availability of funds received by the District. Reimbursement is subject to the availability of funds, which may include reimbursement over a period of time.

(a) Upon recordation of a Notice of Completion for the Improvements and acceptance of the Improvements by the City Engineer, the Developer shall submit a billing to the City Engineer requesting determination of the actual cost of the Improvements and the District Fee credit. The reimbursement amount of the earned fee credit is to equal the actual cost incurred in an amount not to exceed what is set forth in Exhibit D in constructing the Improvements. The Developer is to supply all documentation requested by the City Engineer in determining the actual construction cost of the Improvements. The City Engineer is to use his/her best efforts to determine the amount of the earned fee credit within thirty (30) calendar days of receipt of the bill submitted by the Developer.

(b) The City Engineer will provide the Developer written notice, in the form of Exhibit E attached hereto (the "Credit Notice"), of the dollar amount of the earned credit. If the dollar amount of the earned fee credit exceeds the dollar amount of the District Fee that would otherwise be due from the Developer (the "Fee Credit Excess"), the City Engineer will identify in the Notice that the Fee Credit Excess will generate either: (i) a cash reimbursement to the Developer or (ii) an earned fee credit to offset the District Fee required on another approved tract or parcel map to be developed by the Developer within the District. Once completed, the Credit Notice is to be executed and dated by the City Engineer and the Developer. Developer shall have the option to select reimbursement or credit transfer at any time after validation of eligible expenses in consultation with City.

(c) If the dollar amount of the earned fee credit is less than the District Fee that would be due from the Developer, the Credit Notice will so note. The amount of credit to be applied with each District Fee payment on either a per unit or per acre basis will be identified, and

shall be based on prorating the earned fee credit over those units which have not previously paid the District Fee.

Upon acceptance of the Improvements by the City Engineer, the City Engineer will note on the Notice of Credit the full District fee paid to date of acceptance and make the appropriate adjustment for the application of the earned fee credit consistent with the subsections (b) or (c) above.

Section 7. Bid and Construction Requirements:

(a) In order to ensure that the Improvements are constructed as if it had been constructed under the direction and supervision, or under the authority of, the City, the Developer shall comply with all of the requirements set forth in this Section.

(b) Prior to soliciting bids, the Developer shall submit a bid packet for review and approval to the City Engineer. The contract for the construction of the Improvements shall be awarded to the responsible bidder submitting the lowest responsive bid for the Improvements after notice inviting sealed bids is given as required for public works projects pursuant to any applicable provisions of the California Public Contracts Code and the rules, regulations and policies of the City. Upon opening of bids and prior to awarding the construction contract, the Developer shall submit the lowest responsible bidder's bid to the City Engineer for review and approval, which approval shall not be unreasonably withheld or delayed.

(c) The Developer shall require, and the specifications, bid and contract documents shall require all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on the Improvements, to pay at least general prevailing wage rates to all workers employed in the execution of the contract, to post a copy of the general prevailing wage rates at the job-site in a conspicuous place available to all employees and applicants for employment, and to otherwise comply with applicable provisions of the California Labor Code, the California Government Code and the California Public Contracts Code relating to general prevailing wage rates as required by the specifications approved by the City Engineer. The City has provided the Developer with copies of tables setting forth the general prevailing wage rates, and the Developer hereby acknowledges receipt thereof.

(d) The Developer shall require each contractor, subcontractor, vendor, equipment operator and owner operator, in each such case to the extent such individual or entity is engaged to perform work on the Improvements, to provide proof of insurance coverage satisfying the requirements of Section 12(g) hereof throughout the term of the construction of the Improvements. Rather than requiring its contractors to provide such insurance, the Developer may elect to provide the same for the benefit of its contractors.

(e) Each contractor engaged to perform work on the Improvements shall be required to furnish (i) labor and material payment bonds, and (ii) contract performance bonds, each in an amount equal to 100% of the contract price naming the Developer and the City as obligees and issued by a California admitted surety subject to the provisions of Section 995.660 of the California Code of Civil Procedure. All such bonds shall be in a form as shown in Exhibit F. Rather than requiring its

contractors to provide such bonds, the Developer may elect to provide the same for the benefit of its contractors.

(f) The Developer shall comply, and shall cause each contractor, subcontractor, vendor, equipment operator and owner operator, in each such case to the extent such individual or entity is engaged to perform work on the Improvements, to comply, with such other requirements relating to the construction of the Improvements as the City may impose by written notification delivered to the Developer, to the extent legally required as a result of changes in applicable Federal, State or City laws, rules or procedures.

(g) The Developer shall require, and the specifications and bid and contract documents shall require, all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on the Improvements, to submit certified weekly payroll records to the Developer for inspection by the City Engineer, and to furnish certified payroll records to the City Engineer promptly upon request.

(h) The Developer shall provide proof to the City Engineer, at such intervals and in such form as the City Engineer may require that the foregoing requirements have been satisfied as to the Improvements.

Section 8. **Licenses and Permits:** To the extent authorized by law, City will grant the Developer any license and/or permit required from it to allow for the construction of the Improvements as approved by City. The form and content of said license and/or permit shall be in form mutually acceptable to both the City and the Developer.

Section 9. **Modifications to the Estimated Cost:** The lowest responsible bid for the Improvements shall not exceed the amounts shown in Exhibit D without a formal amendment to this Agreement. If during the course of construction of the Improvements, the Developer is presented with a change order or set of change orders that would increase the construction cost, the Developer must receive the approval of the City Engineer before approving the change order(s). In no instance shall the total construction costs, including any change orders, exceed the estimated costs shown in Exhibit D without a formal amendment to this Agreement. Upon approving the change order, the City Engineer will cause a formal amendment to this Agreement to be prepared, if necessary. Failure to comply with this provision will result in the City not reimbursing or crediting the Developer for any change orders.

Section 10. **Inspection; Completion of Construction:** The City Engineer shall have responsibility for providing inspection of the work of construction of the Improvements to ensure that the work of construction is accomplished in accordance with the Plans and the specifications approved by the City Engineer. City personnel shall have access to the site of the work of construction at all reasonable times for the purpose of accomplishing such inspection.

No later than thirty (30) calendar days after receiving notification from the City that the Improvements have been constructed in accordance with the Plans, the Developer shall forthwith file with the Riverside County Recorder a Notice of Completion pursuant to the provisions of Section 3093 of the California Civil Code. The Developer shall furnish to the City a duplicate copy of each such Notice of Completion showing thereon the date of filing with said County Recorder.

Section 11. **Maintenance of Facilities; Warranties:** The Developer shall maintain the Improvements in good and safe condition until their acceptance by the City. Prior to the acceptance of the Improvements, the Developer shall be responsible for maintaining the Improvements in proper operating condition, and shall perform such maintenance as the City Engineer reasonably determines to be necessary. As of the date of acceptance, the performance bond provided by the Developer for the Improvements pursuant to Section 7(e) hereof shall be reduced to an amount equal to 10% of the original amount thereof and shall serve as a warranty bond to guarantee that the Improvements will be free from defects due to faulty workmanship or materials for a period of 12 months from the date of acceptance, or the Developer may elect to provide a new warranty bond or cash in such an amount. As of the date of acceptance of the Improvements, the Developer shall assign to the City all of the Developer's rights in any warranties, guarantees, maintenance obligations or other evidence of contingent obligations of third persons with respect to the Improvements.

Section 12. **Insurance Requirements:** Without limiting or diminishing the Developer's obligation to indemnify or hold the City harmless, the Developer shall procure and maintain or cause to be maintained, at its sole cost and expense the following insurance coverages during the term of this Agreement

(i) *Commercial General Liability:* Commercial General Liability insurance coverage, including but not limited to, premises liability, contractual liability, products and completed operations, explosion, collapse, use of cranes, and other heavy equipment and underground hazards, personal and advertising injury covering claims which may arise from or out of Developer's performance of its obligations hereunder. Policy shall name by endorsement the City and its special districts, respective directors, officers, elected officials, employees, agents or representatives as Additional Insured's. Policy's limit of liability shall not be less than $2,000,000 per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this Agreement or be no less than two (2) times the occurrence limit.

(ii) *Vehicle Liability:* Developer shall maintain liability insurance for all owned, non-owned or hired vehicles in an amount not less than $1,000,000 per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this Agreement or be no less than two (2) times the occurrence limit. Policy shall name by endorsement the City, its special districts, their respective directors, officers, elected officials, employees, agents or representatives as Additional Insureds.

(iii) *Worker's Compensation Insurance:* Developer shall maintain Workers' Compensation Insurance (Coverage A) as prescribed by the laws of the State of California. Policy shall include Employers' Liability (Coverage B) including Occupation Disease with limits not less than $1,000,000 per person per accident. Policy shall be endorsed to waive subrogation in favor of the City, and if applicable, to provide a Borrowed Servant/Alternate Employer Endorsement.

General Insurance Provisions - all lines:

(a) Any insurance carrier providing insurance coverage hereunder shall be admitted to the State of California and have an A.M. Best rating of not less than an A:VIII (A:8) unless such requirements are waived, in writing, by the City Risk Manager.

(b) The Developer's insurance carrier(s) must declare its insurance deductibles or self-insured retentions. If such deductibles or self-insured retentions exceed $500,000 per occurrence such deductibles and/or retentions shall have the prior written consent of the City Risk Manager before the commencement of operations under this Agreement. Upon notification of deductibles or self-insured retentions which are deemed unacceptable to the City, at the election of the City's Risk Manager, the Developer's carriers shall either: (i) reduce or eliminate such deductibles or self-insured retentions as respects this Agreement with the City, or (ii) procure a bond which guarantees payment of losses and related investigations, claims administration, defense costs and expenses.

(c) The Developer shall cause their insurance carrier(s) to furnish the City with (i) a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein; or (ii) if requested to do so orally or in writing by the City Risk Manager, provide original certified copies of policies including all Endorsements and all attachments thereto, showing such insurance is in full force and effect.

(d) Further, said Certificate(s) and Endorsements to policies of insurance shall contain the covenant of the insurance carrier(s) that it shall provide no less than thirty (30) days written notice be given to the City prior to any material modification or cancellation of such insurance. In the event of a material modification or cancellation of coverage, this Agreement shall terminate forthwith, unless the City receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of Endorsements or certified original policies, including all endorsements and attachments thereto evidencing coverages and the insurance required herein are in full force and effect. Individual(s) authorized by the insurance carrier to do so on its behalf shall sign the original endorsements for each policy and the Certificate of Insurance.

(e) ***The Developer shall not commence construction of the Improvements until the City has been furnished original Certificate(s) of Insurance and certified original copies of Endorsements or policies of insurance including all endorsements and any and all other attachments as required in this Section.***

(f) It is understood and agreed by the parties hereto and the Developer's insurance company(s) that the Certificate(s) of Insurance and policies shall so covenant and shall be construed as primary insurance, and the City's insurance and/or deductibles and/or self-insured retentions or self-insured programs shall not be construed as contributory.

(g) The Developer and contractors shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement and will require all such subcontractors to name on their insurance policies by endorsement the City, its special districts, their respective directors, officers, elected officials employees, agents or representatives as Additional Insureds. Copies of such certificates and endorsements shall be provided to the City. The minimum limits of liability required of all tiers of subcontractors

are $1,000,000 Combined Single Limit for Commercial General Liability and $1,000,000 Combined Single Limit for Vehicle Liability Insurance.

Section 13. Ownership of Facilities: Notwithstanding the fact that a portion or all of the Improvements may be constructed in dedicated street rights-of-way or on property that has been or will be dedicated to the City, the Improvements shall be and remain the property of the Developer until acceptable title thereto is conveyed to the City as provided herein. Acceptable title means title to land, or an easement therein, delivered free and clear of all liens, taxes assessments, leases, easements, and encumbrances, whether any such item is recorded or unrecorded, except those non-monetary items which are reasonably determined by the City not to interfere with the intended use of the land and the Improvements. Such ownership by the Developer shall likewise not be affected by any agreement that the Developer may have entered into or may enter into with the City pursuant to the provisions of the Subdivision Map Act, Section 66410 *et seq.* of the Code, and the provisions of this Section shall control.

Section 14. Representations, Warranties and Covenants of the Developer: The Developer makes the following representations, warranties and covenants for the benefit of the City, as of the date hereof and as of the date of the Payment Request is delivered to the City hereunder:

(a) Organization. The Developer represents and warrants that the Developer is a California corporation duly organized and validly existing under the laws of the State of California, is in good standing under the laws of the State of California, and has the power and authority to own its properties and assets and to carry on its business as now being conducted and as now contemplated.

(b) Authority. The Developer represents and warrants that the Developer has the power and authority to enter into this Agreement, and has taken all action necessary to cause this Agreement to be executed and delivered, and this Agreement has been duly and validly executed and delivered on behalf of the Developer.

(c) Binding Obligation. The Developer represents and warrants that this Agreement is a valid and binding obligation of the Developer and is enforceable against the Developer in accordance with its terms, subject to bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights in general and by general equity principles.

(d) Completion of Improvements. The Developer covenants that it will use its reasonable and diligent efforts to do all things that may be lawfully required of it in order to cause the Improvements to be completed in accordance with this Agreement.

(e) Compliance with Laws. The Developer covenants that, while the Improvements are owned by the Developer or required pursuant to this Agreement to be maintained by the Developer, it will not commit, suffer or permit any of its agents, employees or contractors to commit any act to be done in, upon or to the Improvements in violation in any material respect of any law, ordinance, rule, regulation or order of any governmental authority or any covenant, condition or restriction now or hereafter affecting the Property or the Improvements.

(f) Payment Requests. The Developer represents and warrants that it will diligently follow all procedures set forth in this Agreement with respect to Payment Requests.

(g) Financial Records. Until the final acceptance of the Improvements, the Developer covenants to maintain proper books of record and account for the Improvements and all costs related thereto. The Developer covenants that such accounting books will be maintained in accordance with generally accepted accounting principles, and will be available for inspection by the City and the City Engineer, at any reasonable time during regular business hours on two business days' prior written notice, subject to mutually acceptable arrangements regarding the confidentiality of proprietary data.

(h) Permits. The Developer covenants that it will obtain all governmental or other permits required to proceed with the construction of the Improvements and that it will pay all fees relating thereto.

(i) Environmental Matters. The Developer represents and warrants that it has complied with, has caused compliance with, or will cause compliance with, the California Environmental Quality Act as required for the construction of the Improvements and its conveyance to the City.

Section 15. Representations, Warranties and Covenants of City: City makes the following representations, warranties and covenants for the benefit of the Developer:

(a) Authority. City represents and warrants that City has the power and authority to enter into this Agreement, and has taken all action necessary to cause this Agreement to be executed and delivered, and this Agreement has been duly and validly executed and delivered on behalf of City.

(b) Binding Obligation. City represents and warrants that this Agreement is a valid and binding obligation of City and is enforceable against City in accordance with its terms, subject to bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights in general and by general equity principles.

(c) Completion of the Improvements. The City covenants that it will use its reasonable and diligent efforts to take expeditiously all actions that may be lawfully required of it in issuing permits, processing and approving plans and specifications and inspecting and accepting the Improvements in accordance with this Agreement.

(d) Payment Requests. City represents and warrants that it will diligently follow all procedures set forth in this Agreement with respect to each payment request and payment of the Reimbursement Amount.

Section 16. Indemnification: The Developer agrees to protect, indemnify, defend and hold the City, its elected officials, officers, employees, agents, and representatives (the "Indemnified Parties") and each of them, harmless from and against any and all claims, liabilities, losses,

expenses, suits, actions, decrees, judgments, awards, attorney's fees, and court costs which the Indemnified Parties, or any combination thereof, may suffer or which may be sought against or recovered or obtained from the Indemnified Parties, or any combination thereof, as a result of, or by reason of, or in consequence of, or arising out of

(a) this Agreement,

(b) the acquisition, construction, or installation of the Improvements,

(c) the design, construction, or failure of the Improvements,

(d) the untruth or inaccuracy of any representation or warranty made by the Developer in this Agreement or in any certifications delivered by or on behalf of the Developer hereunder, or

(e) any act or omission of the Developer or any of its subcontractors, or their respective directors, officers, employees, agents, and representatives in connection with the Improvements. If the Developer fails to do so, the Indemnified Parties, or each of them, shall have the right, but not the obligation, to defend the same and charge all of the direct or incidental costs of such defense, including reasonable attorneys' fees and court costs to, and recover the same from, the Developer.

No indemnification is required to be paid by the Developer for any claim, liability, loss, expense, suit, action, decree, judgment, award of attorneys' fees and court costs

(f) as a result of, or by reason of, or in consequence of, or arising out of the willful misconduct or sole or active negligence of the Indemnified Parties or

(g) as a result of, or by reason of, or in consequence of, or arising out of the use or operation of the Improvements after acceptance by the City, unless such claim, liability, loss, expense, suit, action, decree, judgment, award of attorneys' fees or court costs results from the defective or improper design, defective or improper construction, or defective or improper installation of the Improvements by Developer, its agents, or representatives.

The Provisions of this Section shall survive the termination of this Agreement. Developer shall be released from the indemnity obligations set forth herein upon expiration of all applicable statute of limitations periods.

Section 17. **Developer as a Private Developer:** In performing under this Agreement, it is mutually understood that the Developer is acting as an independent contractor, and not as an agent of the City. The City shall have no responsibility for payment to any contractor, subcontractor or supplier of the Developer.

Section 18. **Other Agreements:** Nothing contained herein shall be construed as affecting the City's or the Developer's respective duty to perform its respective obligations under other agreements, land use regulations or subdivision requirements relating to the development of the Property, which obligations are and shall remain independent of the Developer's rights and obligations, and the City's rights and obligations, under this Agreement; provided, however, that the Developer shall use its reasonable and diligent efforts to perform each and every covenant to be performed by it under any lien or encumbrance, instrument, declaration, covenant, condition, restriction, license, order, or other agreement, the nonperformance of which could reasonably be expected to materially and adversely affect the acquisition, construction and installation of the Improvements.

Section 19. **Binding on Successors and Assigns:** Neither this Agreement nor the duties and obligations of the Developer hereunder may be assigned to any person or legal entity other than an affiliate of the Developer without the written consent of the City, which consent shall not be unreasonably withheld or delayed. Neither this Agreement nor the duties and obligations of the City hereunder may be assigned to any person or legal entity, without the written consent of the Developer, which consent shall not be unreasonably withheld or delayed. The agreements and covenants included herein shall be binding on and inure to the benefit of any partners, permitted assigns, and successors-in-interest of the parties hereto.

Section 20. **Amendments:** This Agreement can only be amended by an instrument in writing executed and delivered by the City and the Developer.

Section 21. **Waivers:** No waiver of, or consent with respect to, any provision of this Agreement by a party hereto shall in any event be effective unless the same shall be in writing and signed by such party, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which it was given.

Section 22. **No Third Party Beneficiaries:** No person or entity shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City and the Developer (and their respective successors and assigns), any rights, remedies, obligations or liabilities under or by reason of this Agreement.

Section 23. **Notices:** All notices, statements, demands, consent, approvals, authorizations, designations, invoices, or other communications shall be in writing and delivered to the following addresses or such other addresses as the Parties may designate by written notice:

To City: City of Eastvale
12363 Limonite Avenue, Ste. 910
Eastvale, CA 91752
Attn: Jimmy Chung
City Engineer
Phone No. (951) 703-4473

To Developer: The New Home Company of Southern California, LLC, a Delaware Limited Liability Company
15231 Laguna Canyon Rd, Suite 250
Irvine, CA 92618
Attn: _____
Phone No. (949) 783-9986

Notice shall be deemed delivered (a) if served or delivered by messenger, as of the date delivered, (b) if by electronic facsimile, upon the sender's receipt of an appropriate answerback or other written acknowledgment, (c) if transmitted by United States mail first class, registered or certified mail, return receipt requested, deposited with the United States mail postage prepaid, 72

hours after such notice is deposited with the United States mail, (d) if delivered by overnight courier, with courier charges prepaid, 24 hours after delivery to said overnight courier, or (e) if delivered by any other means, upon delivery at the address specified in this Section.

Section 24. Default; Notice; Remedies:

(a) If Developer neglects, refuses, or fails to fulfill or timely complete any obligation, term, or condition of this Agreement, or if City determines there is a violation of any federal, state, or local law, ordinance, regulation, code, standard, or other requirement, City may at any time thereafter declare Developer to be in default or violation of this Agreement and make written demand upon Developer or its surety, or both, to immediately remedy the default or violation ("Notice"). Developer shall substantially commence the work required to remedy the default or violation within five (5) days of the Notice. If the default or violation constitutes an immediate threat to the public health, safety, or welfare, City may provide the Notice verbally, and Developer shall substantially commence the required work within twenty-four (24) hours thereof. Immediately upon City's issuance of the Notice, Developer and its surety shall be liable to City for all costs of construction and installation of the Improvements and all other administrative costs or expenses as provided for in this Section 24 of this Agreement.

(b) If the work required to remedy the noticed default or violation is not diligently prosecuted to a completion acceptable to City within the time frame contained in the Notice, City may complete all remaining work, arrange for the completion of all remaining work, and/or conduct such remedial activity as in its sole and absolute discretion it believes is required to remedy the default or violation. All such work or remedial activity shall be at the sole and absolute cost, expense, and liability of Developer and its surety, without the necessity of giving any further notice to Developer or surety. City's right to take such actions shall in no way be limited by the fact that Developer or its surety may have constructed any of the Improvements at the time of City's demand for performance. In the event City elects to complete or arrange for completion of the remaining work and the Improvements, City may require all work by Developer or its surety to cease in order to allow adequate coordination by City.

(c) No action by City pursuant to this Section 24 shall prohibit City from exercising any other right or pursuing any other legal or equitable remedy available under this Agreement or any federal, state, or local law. City may exercise its rights and remedies independently or cumulatively, and City may pursue inconsistent remedies. City may institute an action for damages, injunctive relief, or specific performance.

Section 25. Jurisdiction and Venue: Each of the City and the Developer (a) agrees that any suit action or other legal proceeding arising out of or relating to this Agreement shall be brought in the Courts of the United States of America in the district in which said City is located, (b) consents to the jurisdiction of each such court in any suit, action or proceeding, and (c) waives any objection that it may have to the laying of venue or any suit, action or proceeding in any of such courts and any claim that any such suit, action or proceeding has been brought in an inconvenient forum. Each of the City and the Developer agrees that a final and non-appealable judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

Section 26. **Attorneys' Fees:** If any action is instituted to interpret or enforce any of the provisions of this Agreement, the party prevailing in such action shall be entitled to recover from the other party thereto reasonable attorney's fees and costs of such suit (including both prejudgment and post judgment fees and costs) as determined by the court as part of the judgment.

Section 27. **Governing Law:** This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

Section 28. **Usage of Words:** As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

Section 29. **Counterparts:** This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 30. **Severability:** If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this instrument, or the application of such term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement and will be made effective on the day and year signed by the City of Eastvale Mayor.

EXHIBIT D

I. CREDIT/REIMBURSEMENT:

The final settlement shall be based on the actual allowable cost of design, engineering, and construction costs for the completion and acceptance of the Improvements described in this Agreement, and shall not exceed the maximum obligation of the CITY herein. The Mira Loma Road and Bridge Benefit District will not provide reimbursement for:

- Tapers that will not be part of ultimate improvements;
- Frontage improvements including but not limited to curb, gutter, and sidewalks; and
- Right-of-Way Costs.

II. MAXIMUM OBLIGATION:

Eligible Reimbursement for:	Landscaped median Hamner Ave	$260,400
	Landscaped median Limonite Ave	$103,950
Maximum Eligible credit/reimbursement:		**$364,350**

III. DOCUMENTATION TO BE PROVIDED BY DEVELOPER:

Developer shall provide the following documents to City:

1. Plans, specifications and Developer's Civil Engineer's cost estimate;
2. List of bidders from whom bids were requested;
3. Construction schedules and progress reports;
4. Contracts, insurance certificates and change orders with each contractor or vendor;
5. Invoices received from all vendors;
6. Canceled checks from payments made to contractors and vendors (copy both front and back of canceled checks);
7. Spreadsheet showing total costs incurred in and related to the construction of each Improvement and the check number for each item of cost and invoice;
8. Final lien releases form each contractor and vendor;
9. Copy of recorded Notice of Completion; and
10. Such further documentation as may be reasonably required by City to evidence the completion of construction and the payment of each item of cost and invoice.

FORMS FOR SECURITY

[ATTACHED BEHIND THIS PAGE]

BOND NO. ES000163000
INITIAL PREMIUM: $64,885.00/Annual
SUBJECT TO RENEWAL

CITY OF EASTVALE

PROJECT NO. Tr. 38594 SUBDIVISION IMPROVEMENT BOND

(Faithful Performance)

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS the City of Eastvale, California ("City") and The New Home Company Southern California LLC, a Delaware limited liability company ("Principal"), have executed an agreement for work consisting of, but not limited to, the furnishing all labor, materials, tools, equipment, services, and incidentals for specified improvements, survey monuments and required facilities for Tract Map No. 38594 ("Public Improvements");

WHEREAS, the Public Improvements to be performed by Principal are more particularly set forth in that certain Subdivision Improvement Agreement dated _____, 2023 ("Improvement Agreement");

WHEREAS, the Improvement Agreement is hereby referred to and incorporated herein by reference; and

WHEREAS, Principal is required by the Improvement Agreement to provide a good and sufficient bond for performance of the Improvement Agreement, and to guarantee and warranty the Public Improvements constructed thereunder.

NOW, THEREFORE, Principal and Everest National Insurance Company ("Surety"), a corporation organized and existing under the laws of the State of Delaware, and duly authorized to transact surety business under the laws of the State of California, are held and firmly bound unto City in the sum of Twelve Million Nine Hundred Seventy Seven Thousand Dollars ($12,977,000.00),said sum being one hundred percent (100%) of the total cost of the Public Improvements as set forth in the Improvement Agreement, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION is such, that if Principal, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, agreements, guarantees, and warranties in the Improvement Agreement and any alteration thereof made as therein provided, to be kept and performed at the time and in the manner therein specified and in all respects according to their intent and meaning, and to indemnify and save harmless City, its officers, employees, and agents, as stipulated in the Improvement Agreement, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As part of the obligation secured hereby, and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by City in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Improvement Agreement, or to any plans, profiles, and specifications related thereto, or to the Public Improvements to be constructed thereunder, shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration, or addition.

This bond is executed and filed to comply with Section 66499 et seq. of the Government Code of California as security for performance of the Improvement Agreement and security for the one-year guarantee and warranty of the Public Improvements.

IN WITNESS WHEREOF, the seal and signature of the Principal is hereto affixed, and the corporate seal and the name of the Surety is hereto affixed and attested by its duly authorized Attorney-in-Fact at Orange, CA, this 11th day of December, 2023.

The New Home Company Southern California LLC, a Delaware limited liability company	Everest National Insurance Company

INSTRUCTIONS

1. **The above bond must be executed by both the Principal and the Surety.**
2. **If the Principal is a corporation, the bond must be executed in the corporate name and signed by the President or a Vice-President and the Secretary or Assistant Secretary, and the corporate seal affixed. If the Principal is a partnership, it must be signed by all partners. If the Principal is an Individual doing business under a fictitious name, it must be signed by all persons having an interest in the business and the fictitious name must be signed also. The bond must be notarized by both the Principal and the Surety.**
3. **The bond, after approval, must be filed with the Assistant City Clerk of the City of Eastvale.**

ALL- PURPOSE
CERTIFICATE OF ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

State of California }

County of Orange }

On December 11, 2023 before me, Susan E. Morales, Notary Public
(Here insert name and title of the officer)

personally appeared Cheryl L. Thomas,
who proved to me on the basis of satisfactory evidence to be the person~~(s)~~ whose name~~(s)~~ is/~~are~~ subscribed to the within instrument and acknowledged to me that ~~he~~/she/~~they~~ executed the same in ~~his~~/her/~~their~~ authorized capacity~~(ies)~~, and that by ~~his~~/her/~~their~~ signature~~(s)~~ on the instrument the person~~(s)~~, or the entity upon behalf of which the person~~(s)~~ acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknolwedgents from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. ~~he~~/she/~~they~~, ~~is~~ /~~are~~) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

CALIFORNIA ACKNOWLEDGMENT CIVIL CODE § 1189

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

POWER OF ATTORNEY
EVEREST REINSURANCE COMPANY and EVEREST NATIONAL INSURANCE COMPANY

KNOW ALL PERSONS BY THESE PRESENTS: That Everest Reinsurance Company and Everest National Insurance Company, corporations of the State of Delaware ("Company") having their principal offices located at Warren Corporate Center, 100 Everest Way, Warren, New Jersey, 07059, do hereby nominate, constitute, and appoint:

Shane Wolf, Cathy S. Kennedy, Beata A. Sensi, Cheryl L. Thomas, Todd M. Rohm, Wrenetta Walker

its true and lawful Attorney(s)-in-fact to make, execute, attest, seal and deliver for and on its behalf, as surety, and as its act and deed, where required, any and all bonds and undertakings in the nature thereof, for the penal sum of no one of which is in any event to exceed UNLIMITED, reserving for itself the full power of substitution and revocation.

Such bonds and undertakings, when duly executed by the aforesaid Attorney(s)-in-fact shall be binding upon the Company as fully and to the same extent as if such bonds and undertakings were signed by the President and Secretary of the Company and sealed with its corporate seal.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Board of Directors of Company ("Board") on April 21, 2016:

***RESOLVED**, that the President, any Executive Vice President, and any Senior Vice President are hereby appointed by the Board as authorized to make, execute, seal and deliver for and on behalf of the Company, any and all bonds, undertakings, contracts or obligations in surety or co-surety with others and that the Secretary or any Assistant Secretary of the Company be and that each of them hereby is authorized to attest to the execution of any such bonds, undertakings, contracts or obligations in surety or co-surety and attach thereto the corporate seal of the Company.*

***RESOLVED, FURTHER**, that the President, any Executive Vice President, and any Senior Vice President are hereby authorized to execute powers of attorney qualifying the attorney named in the given power of attorney to execute, on behalf of the Company, bonds and undertakings in surety or co-surety with others, and that the Secretary or any Assistant Secretary of the Company be, and that each of them is hereby authorized to attest the execution of any such power of attorney, and to attach thereto the corporate seal of the Company.*

***RESOLVED, FURTHER**, that the signature of such officers named in the preceding resolutions and the corporate seal of the Company may be affixed to such powers of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be thereafter valid and binding upon the Company with respect to any bond, undertaking, contract or obligation in surety or co-surety with others to which it is attached.*

IN WITNESS WHEREOF, Everest Reinsurance Company and Everest National Insurance Company have caused their corporate seals to be affixed hereto, and these presents to be signed by their duly authorized officers this 10th day of October 2023.

Everest Reinsurance Company and Everest National Insurance Company

By: Anthony Romano, Senior Vice President

On this **22nd of March 2023**, before me personally came Anthony Romano, known to me, who, being duly sworn, did execute the above instrument; that he knows the seal of said Company; that the seal affixed to the aforesaid instrument is such corporate seal and was affixed thereto; and that he executed said instrument by like order.

Linda Robins, Notary Public

I, Sylvia Semerdjian, Assistant Secretary of Everest Reinsurance Company and Everest National Insurance Company do hereby certify that I have compared the foregoing copy of the Power of Attorney and affidavit, and the copy of the Section of the bylaws and resolutions of said Corporation as set forth in said Power of Attorney, with the ORIGINALS ON FILE IN THE HOME OFFICE OF SAID CORPORATION, and that the same are correct transcripts thereof, and of the whole of the said originals, and that the said Power of Attorney has not been revoked and is now in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Company, this 11th day of December 2023

By: Sylvia Semerdjian, Assistant Secretary

ES 00 01 04 16

BOND NO. ES00016300
INITIAL PREMIUM: included with the Performance Bond
SUBJECT TO RENEWAL

CITY OF EASTVALE

PROJECT NO. Tr. 38594 SUBDIVISION IMPROVEMENT BOND

(Labor and Materials)

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS the City of Eastvale California ("City") and The New Home Company Southern California LLC, a Delaware limited liability company ("Principal"), have executed an agreement for work consisting of, but not limited to, the furnishing all labor, materials, tools, equipment, services, and incidentals for specified improvements, survey monuments, and required facilities for Tract Map No. 38594 ("Public Improvements");

WHEREAS, the Public Improvements to be performed by Principal are more particularly set forth in that certain Subdivision Improvement Agreement dated _____, 2023 ("Improvement Agreement");

WHEREAS, the Improvement Agreement is hereby referred to and incorporated herein by reference; and

WHEREAS, Principal is required to furnish a bond in connection with the Improvement Agreement providing that if Principal or any of its subcontractors shall fail to pay for any materials, provisions, or other supplies, or terms used in, upon, for, or about the performance of the Public Improvements, or for any work or labor done thereon of any kind, or for amounts due under the provisions of Title 15 (commencing with section 3082) of Part 4 of Division 3 of the California Civil Code, with respect to such work or labor, that the Surety on this bond will pay the same together with a reasonable attorney's fee in case suit is brought on the bond.

NOW, THEREFORE, Principal and Everest National Insurance Company ("Surety"), a corporation organized and existing under the laws of the State of Delaware, and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto City and to any and all material men, persons, companies or corporations furnishing materials, provisions, and other supplies used in, upon, for or about the performance of the Public Improvements, and all persons, companies or corporations renting or hiring teams, or implements or machinery, for or contributing to the Public Improvements to be done, and all persons performing work or labor upon the same and all persons supplying both work and materials as aforesaid excepting the Principal, the sum of Six Million Four Hundred Eighty-Eight Thousand Five Hundred Dollars ($6,488,500.00),said sum being 50% of the total cost of the Public Improvements under the terms of the Improvement Agreement, we bind ourselves, our heirs, executors and administrators, successors and assigns jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Principal, his or its subcontractors, heirs, executors, administrators, successors, or assigns, shall fail to pay for any materials, provisions, or other supplies or machinery used in, upon, for or about the performance of the Public Improvements, or for work or labor thereon of any kind, or fail to pay any of the persons named in California Civil Code Section 3181, or amounts due under the Unemployment Insurance Code with respect to work or labor performed by any such claimant, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the contractor and his subcontractors pursuant to Section 13020 of the Unemployment Insurance Code with respect to such work and labor, and all other applicable laws of the State of California and rules and regulations of its agencies, then said Surety will pay the same in or to an amount not exceeding the sum specified herein.

As part of the obligation secured hereby, and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by City in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

This bond is executed and filed to comply with Section 66499 et seq. of the California Government Code as security for payment to contractors, subcontractors, and persons furnishing labor, materials, or equipment for construction of the Public Improvements or performance of the Improvement Agreement. It is hereby expressly stipulated and agreed that this bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file claims under Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the California Civil Code, so as to give a right of action to them or their assigns in any suit brought upon this bond.

Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Improvement Agreement, or to any plans, profiles, and specifications related thereto, or to the Public Improvements to be constructed thereunder, shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration, or addition.

IN WITNESS WHEREOF, the seal and signature of the Principal is hereto affixed, and the corporate seal and the name of the Surety is hereto affixed and attested by its duly authorized Attorney-in-Fact at Orange, CA, this 11th day of December, 2023.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. ~~he~~/she/~~they~~, ~~is~~ /~~are~~) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

POWER OF ATTORNEY
EVEREST REINSURANCE COMPANY and EVEREST NATIONAL INSURANCE COMPANY

KNOW ALL PERSONS BY THESE PRESENTS: That Everest Reinsurance Company and Everest National Insurance Company, corporations of the State of Delaware ("Company") having their principal offices located at Warren Corporate Center, 100 Everest Way, Warren, New Jersey, 07059, do hereby nominate, constitute, and appoint:

Shane Wolf, Cathy S. Kennedy, Beata A. Sensi, Cheryl L. Thomas, Todd M. Rohm, Wrenetta Walker

its true and lawful Attorney(s)-in-fact to make, execute, attest, seal and deliver for and on its behalf, as surety, and as its act and deed, where required, any and all bonds and undertakings in the nature thereof, for the penal sum of no one of which is in any event to exceed UNLIMITED, reserving for itself the full power of substitution and revocation.

Such bonds and undertakings, when duly executed by the aforesaid Attorney(s)-in-fact shall be binding upon the Company as fully and to the same extent as if such bonds and undertakings were signed by the President and Secretary of the Company and sealed with its corporate seal.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Board of Directors of Company ("Board") on April 21, 2016:

***RESOLVED**, that the President, any Executive Vice President, and any Senior Vice President are hereby appointed by the Board as authorized to make, execute, seal and deliver for and on behalf of the Company, any and all bonds, undertakings, contracts or obligations in surety or co-surety with others and that the Secretary or any Assistant Secretary of the Company be and that each of them hereby is authorized to attest to the execution of any such bonds, undertakings, contracts or obligations in surety or co-surety and attach thereto the corporate seal of the Company.*

***RESOLVED, FURTHER**, that the President, any Executive Vice President, and any Senior Vice President are hereby authorized to execute powers of attorney qualifying the attorney named in the given power of attorney to execute, on behalf of the Company, bonds and undertakings in surety or co-surety with others, and that the Secretary or any Assistant Secretary of the Company be, and that each of them is hereby authorized to attest the execution of any such power of attorney, and to attach thereto the corporate seal of the Company.*

***RESOLVED, FURTHER**, that the signature of such officers named in the preceding resolutions and the corporate seal of the Company may be affixed to such powers of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be thereafter valid and binding upon the Company with respect to any bond, undertaking, contract or obligation in surety or co-surety with others to which it is attached.*

IN WITNESS WHEREOF, Everest Reinsurance Company and Everest National Insurance Company have caused their corporate seals to be affixed hereto, and these presents to be signed by their duly authorized officers this 10th day of October 2023.

June 24, 2026

Second Amendment to the Professional Services Agreement with Z & K Consultants, Inc. for Median Improvement Project – Phase 2 at Cantu Galleano Road, Archibald Avenue, and River Road

Prepared By:
Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)
Staff recommends that the City Council:

1. Approve the Second Amendment Amendment to the Professional Services Agreement with Z & K Consultants, Inc. for Median Improvement Project – Phase 2 at Cantu Galleano Road, Archibald Avenue, and River Road, increasing the contract amount by $42,488 for a new not-to-exceed contract amount of $159,600 (from $117,112); and,
2. Authorize the City Manager to execute the Amendment No. 2 to the Professional Services Agreement with Z & K Consultants, Inc., and all related documents.

Summary
On May 14, 2025, the City Council approved a Professional Services Agreement (PSA) with Z & K Consultants, Inc. (Z&K) in an amount not-to-exceed $82,720 for construction management and inspection services for the Median Improvement Project - Phase 2. Phase 2 consists of the installation of landscaping and irrigation systems at three newly constructed medians at Cantu Galleano Road, Archibald Avenue, and River Road, as well as two monument signs and new street lighting.

Z&K's original fee structure was based on an anticipated 45 working days. However, during the

course of construction, the project schedule was significantly impacted by multiple unforeseen field issues and scope adjustments. These included unanticipated soil conditions requiring extra compaction and grading, an expanded electrical scope for street lighting along River Road and Baron Drive, a four-month manufacturing delay for streetlight poles, and the incorporation of a developer-funded median monument on Archibald Avenue. To address the additional resources and manpower necessitated by these prolonged delays and additional work, the City Council executed the First Amendment on January 14, 2026, which increased Z&K's contract by $38,379, moving the not-to-exceed total from $82,720 to $117,112.

Subsequent to the execution of the First Amendment, further unforeseen field complications arose, specifically requiring additional change order work for electrical conduits to establish critical connections to the project's electrical meters. Resolving these electrical connectivity issues extended the construction timeline even further beyond the previous schedule adjustments. Because these ongoing modifications required continued active field coordination, technical oversight, and project administration to bring the remaining street lighting and irrigation meter connections to final completion, Z&K's team was required on-site past their previously expanded duration. Staff requests approval of the Second Amendment to increase the contract's not-to-exceed amount by $42,488, resulting in a new total authorized contract compensation of $159,600.

Background

The Median Improvement Project aims to enhance traffic safety and community aesthetics by installing new raised landscaped medians at three key locations:

- Cantu Galleano Road between Hamner Avenue and Goodman Way
- Archibald Avenue between Corbin Drive and the existing raised median to the north
- River Road at Baron Drive

The project is constructed in two phases. Phase 1 (hardscape installation including median curbs and conduits) was awarded to Hardy & Harper on November 13, 2024, and successfully completed in late April 2025. Phase 2 (landscaping, irrigation, monuments, and lighting) was awarded to Superb Engineering, Inc. on May 14, 2025, with Z&K providing construction management and inspection services to ensure all work meets the City's quality standards and procedures. Due to the prolonged field timeline caused by the subsequent electrical conduit modifications and meter connection issues, the Second Amendment is now necessary to ensure complete professional oversight through final project closeout.

Environmental

The project remains categorically exempt under CEQA Guideline §15301 (Existing Facilities).

Strategic Plan Action - Priority Level: 2 | Target #: E | Goal #: F

Create a walkable community.

Fiscal Impact

The Median Improvement Project - Phase 2 is included in the 2025-26 Capital Improvement Program. The total fiscal impact of the proposed action is $42,488. Sufficient funds are currently available within the project's allocated budget to absorb this increase, and there is an adequate fund balance available in the Measure A account to cover this cost. No budget adjustment is

required. The existing project budget lines remain established as follows:

Project Number	Funding Source	Account	Adopted FY25-26 Budget	Available budget
93039	Gas Tax	200-500-6660-93039	$370,000.00	$28,109.64
93039	Measure A	210-500-6660-93039	$587,004.16	$502.73
94010	Measure A	210-510-6660-94010	$240,413.00	$152,413
93036	Measure A	210-510-6660-93036	$150,000.00	$57,159

Prior City Council/Commission Action

On October 11, 2023 City Council approved Task Order No. 1 for the initial design of the median.
On April 10, 2024, City Council provided staff with a direction on a preferred traffic safety option for the River Rd median. On November 13, 2024 city council awarded a construction contract to Hardy and Harper Inc for the construction of Phase 1.
On May 14, 2025 City Councill awarded a construction contract to Superb Engineering for the construction of Phase 2.
On January 14, 2026 City Council approved the First Amendment to the Professional Service Agreement with Z&K Consultants.

AGREEMENT FOR SERVICES BETWEEN THE CITY OF EASTVALE AND Z&K CONSULTANTS

This Agreement for Services ("Agreement") is entered into as of this 14 day of May, 2025 by and between the City of Eastvale, a municipal corporation ("City") and Z & K Consultants, Inc., a California corporation ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by request for proposals the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement shall commence on the date first ascribed above and terminate upon completion of the Scope of Services and final payment is rendered to Contractor.

SECTION 2. SCOPE OF SERVICES.

Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with

Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Eighty-Two Thousand Seven Hundred Twenty Dollars ($82,720.00), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition

to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), the Davis-Bacon Act of 1931 and 23 USC 113, which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Contractor agrees to fully comply with such Prevailing Wage Laws.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of

the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any

such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City:	City of Eastvale Attn: Public Works Director 12363 Limonite Ave., Suite 910 Eastvale, CA 91752
To Contractor:	Z&K Consultants Crystal Fraire, President 17130 Van Buren Blvd., Suite 122 Riverside, CA 92504

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 "Amendment" and the City Manager's contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if it does not exceed the amount that may be approved administratively pursuant to the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "A"
SCOPE OF SERVICES

Contractor will perform all services listed in the section entitled "Project Understanding & Scope of Work" in the proposal submitted by Contractor dated April 1, 2025 in response to the City's Request for Proposals for Construction Management and Inspection Services for the 2024 Median Improvement Project Phase 2 attached hereto and incorporated as if fully set forth herein.

EXHIBIT "B"
COMPENSATION

Contractor will perform all Services in accordance with the rates and sums listed in Contractor's Cost Proposal dated April 1, 2025 submitted in response to the City's Request for Proposals for Construction Management and Inspection Services for the 2024 Median Improvement Project Phase 2 attached hereto and incorporated as if fully set forth herein.

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $1,000,000 general aggregate for bodily injury, personal injury and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of

not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California of not less than $1,000,000 per occurrence.

(4) Professional Liability. $1,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor's insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor's insurance.

(3) Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation

against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor identical to those Contractor provides.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

FIRST AMENDMENT TO AGREEMENT WITH Z & K CONSULTANTS, INC. TO PROVIDE CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES

This First Amendment to Agreement ("First Amendment") is entered into this 11 day of February, 2026 by and between the City of Eastvale, a municipal corporation ("City") and Z & K Consultants Inc, a California corporation ("Contractor"), as follows:

RECITALS

A. City and Contractor entered in an agreement (No. A-2025-047) for construction management, inspection, and project administration services for the Median Improvement Project – Phase 2 on May 14, 2025 ("Agreement") with a not to exceed amount of $82,720.00.

B. This First Amendment to the Agreement increases the contract amount by $38,376 for a revised compensation amount not to exceed $117,112.00.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the Parties do hereby enter into this First Amendment which modifies and amends the Agreement as follows:

1. AMENDMENTS

(a) **Scope of Services**. In addition to the Services to be provided by Contractor as set forth in the Agreement, Contractor shall perform the services detailed in the Additional Work Request attached to this First Amendment as Exhibit "A" ("Additional Services"), which shall be added to the Scope of Services for the Agreement.

(b) **Compensation and Method of Payment**. In addition to the compensation set forth in Section 4 (a) of the Agreement, the City agrees to pay Contractor the amounts specified in the Additional Work Request attached to this First Amendment as Exhibit "A" for the Additional Services identified therein. The total compensation for the Additional Services, shall not exceed Thirty-Eight Thousand Three Hundred Seventy-Six Dollars and Zero Cents ($38,376.00), and total contract compensation shall not exceed One Hundred Seventeen Thousand One Hundred Twelve Dollars ($117,112.00) unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of the Agreement.

2. GENERAL PROVISIONS

(a) **Remainder Unchanged.** Except as specifically modified and amended in this First Amendment, the Agreement remains in full force and effect and binding upon the parties.

(b) **Integration.** This First Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this First Amendment.

(c) **Effective Date.** This First Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Contractor.

(d) **Applicable Law.** The laws of the State of California shall govern the interpretation and enforcement of this First Amendment.

(e) **References.** All references to the Agreement include all their respective terms and provisions. All defined terms utilized in this First Amendment have the same meaning as provided in the Agreement, unless expressly stated to the contrary in this First Amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

ADDITIONAL WORK REQUEST
(under separate cover)

AMENDMENT NO. 1 REQUEST

November 18, 2025

Gabriel Mayorquin, Associate Engineer
City of Eastvale, Public Works Department
12363 Limonite Avenue, Suite 910, Eastvale, CA 91752

Subject: Amendment No. 1 – Additional Time Extension for Construction Management and Inspection Services for the 2024 Median Improvement Project Phase 2

Dear Mr. Mayorquin,

Z&K Consultants, Inc. (Z&K) respectfully submits this Amendment No. 1 request for a time and budget extension to continue providing Construction Management and Inspection (CM/CI) Services for the 2024 Median Improvement Project Phase 2. This amendment includes support through December 2025, adding an estimated 3 weeks of service on an as-needed basis to assist with final construction oversight and project closeout.

Below is a projected monthly labor summary supporting the continued need for CM/CI services. The total cost of this amendment is **$38,376.00,** which will bring the revised contract total to $117,112.00:

Month	Invoice No.	CM	Inspector	Invoice Total	Cumulative	Remaining
		$ 168.00	$ 152.00			
June 2025	33041	10	9	$ 3,048.00	$ 3,048.00	$ 75,688.00
July 2025	33042	13	40	$ 8,264.00	$ 11,312.00	$ 67,424.00
August 2025	33043	42	168	$ 32,592.00	$ 43,904.00	$ 34,832.00
September 2025	33044	42	168	$ 32,592.00	$ 76,496.00	$ 2,240.00
October 2025	33045	16	25	$ 6,488.00	$ 82,984.00	$ (4,248.00)
November 2025*	33045	20	16	$ 5,792.00	$ 88,776.00	$ (10,040.00)
December 2025*	33045	30	120	$ 23,280.00	$ 112,056.00	$ (33,320.00)
Project Close Out*	33046	12	20	$ 5,056.00	$ 117,112.00	$ (38,376.00)

**Projected hours for the remainder of the project.*

Assumed Labor Effort, consistent with our original cost proposal, is as follows:

- Senior Construction Manager = 10 hours a week on average
- Senior Construction Inspector = 8 hours a day

The requested 3 weeks will be used only as needed. If no work is scheduled on-site, our staff will not be deployed for that day. We appreciate the City's continued support and look forward to successfully closing out the project. Should you have any questions or need further details, please don't hesitate to reach out.

Sincerely,

Crystal Fraire

SECOND AMENDMENT TO AGREEMENT WITH Z & K CONSULTANTS, INC. TO PROVIDE CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES

This Second Amendment to Agreement for Construction Management and Inspection Services ("Second Amendment") is entered into this ____ day of _____, 2026 by and between the City of Eastvale, a municipal corporation ("City") and Z & K Consultants, Inc., a California corporation ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" or hereinafter collectively referred to as the "Parties".

RECITALS

A. City and Contractor entered in an agreement (No. A-2025-047) for construction management and inspection services for the 2024 Median Improvement Project Phase 2 on or about May 14, 2025 ("Agreement") with a not-to-exceed amount of $82,720.00.

B. On January 14, 2026, the City issued a First Amendment (No. A-2026-007) to the Agreement ("First Amendment") and increased the contract not-to-exceed amount by $38,376 and increased the total compensation amount to $117,112.00.

C. This Second Amendment to the Agreement increases the contract not-to-exceed amount by $42,488.00 and amends the total contract compensation to $159,600.00.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the Parties do hereby enter into this Second Amendment which modifies and amends the Agreement as follows:

1. AMENDMENTS

(a) **Compensation and Method of Payment**. In addition to the compensation set forth in Section 4 (a) of the Agreement and Section 1(b) of the First Amendment, the City agrees to pay Contractor the additional amount of Forty-Two Thousand Four Hundred Eighty-Eight Dollars and Zero Cents ($42,488.00) as specified in the Amendment No. 2 Request attached to this Second Amendment as Exhibit "A."

2. GENERAL PROVISIONS

(a) **Remainder Unchanged.** Except as specifically modified and amended in this Second Amendment, the Agreement remains in full force and effect and binding upon the parties.

(b) **Integration.** This Second Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this Second Amendment.

(c) **Effective Date.** This Second Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Contractor.

(d) **Applicable Law.** The laws of the State of California shall govern the interpretation and enforcement of this Second Amendment.

(e) **References.** All references to the Agreement include all their respective terms and provisions. All defined terms utilized in this Second Amendment have the same meaning as provided in the Agreement, unless expressly stated to the contrary in this Second Amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

12363 Limonite Avenue, Suite 910, Eastvale, CA 91752

Subject: Amendment No. 2 – Additional Time Extension for Construction Management and Inspection Services for the 2024 Median Improvement Project Phase 2

Dear Mr. Mayorquin,

Z&K Consultants, Inc. respectfully submits this Amendment No. 2 request for a time extension to continue providing Construction Management and Inspection Services for the 2024 Median Improvement Project Phase 2. This amendment is requested due to the project schedule extending beyond the original anticipated duration. Z&K's services are needed to continue supporting the City through the remaining construction activities, final documentation, project closeout.

No additional scope is being requested. This amendment is intended to extend the contract time only so Z&K may continue providing services on an as-needed basis through project completion and closeout. Below is a projected monthly labor summary supporting the continued need for CM/CI services. The total cost of this amendment is $42,488.00, which will bring the revised contract total to $159,600.00.

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.11
June 24, 2026

Approval of First Amendment to the Professional Services Agreement with STC Traffic for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street

Prepared By:

Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve First Amendment to the Professional Services Agreement with STC Traffic for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street, increasing the contract amount by $25,000, for a total not-to-exceed contract amount of $85,000; and
2. Authorize the City Manager to execute all necessary documents.

Summary

The City successfully applied for and received state funding for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street through the Highway Safety Improvement Program (HSIP) Cycle 12. The project is designated as HSIPSL-5466(014). The total estimated construction cost was initially projected at $721,800, with $642,402 (89%) funded by HSIP and the remaining portion covered by local matching funds. This project is identified as a 'Critical' project in the City's Five-Year Capital Improvement Plan for FY2025-26 through FY2029-30, under Project No. 92021.

The project scope includes the design and construction of a new traffic signal at the intersection of Sumner Avenue and 68th Street, which is currently controlled by a three-way stop. Additional improvements include modification to signage and striping, as well as the construction of ADA-

compliant pedestrian facilities to enhance safety and traffic circulation.

Following a competitive procurement process in June 2025 (RFP No. 25-118EG), STC Traffic, Inc. (STC) was selected to provide engineering design services and awarded an agreement on August 14, 2025. This First Amendment is requested to expand STC's scope of services to include underground utility exploration services at the proposed signal foundations to identify and verify the location of existing underground utilities and assess potential utility conflicts that may affect the design and construction of the proposed improvements.

Background

The City of Eastvale received a grant to install a new traffic signal that will enhance safety and accessibility at the Sumner Avenue and 68th Street intersection. Historical collision data, including a pedestrian fatality in February 2023 and 24 documented collisions from 2016–2023, highlighted severe safety deficiencies. A February 2024 traffic signal warrant study confirmed the critical need for a signalized intersection.

STC Traffic's original scope includes topographic surveys, utility coordination, traffic data collection, and preparation of plans, specifications, and cost estimates (PS&E).

As design has progressed, staff identified a crucial need to conduct utility exploration at the proposed locations of the future traffic signal pole foundations. Sumner Avenue corridor contains a high concentration of existing underground utilities, making it critical to accurately identify and verify utility locations prior to finalizing the design.

Utility exploration methods, including but not limited to potholing and alternative nondestructive method such as ground-penetrating radar (GPR), will provide the information necessary to identify potential utility conflicts and refine the placement of proposed improvements. Staff is currently coordinating with STC Traffic, Inc. to evaluate and determine the most appropriate utility investigation approach based on site conditions, efficiency, cost-effectiveness, and potential impacts to the surrounding area. To provide flexibility during implementation, the amended scope of services allows for the use of either potholing, GPR, or a combination of methods, enabling the consultant to utilize the safest and most effective technology available.

Performing this work during the design phase will reduce the risk of unforeseen utility conflicts, utility relocations, construction delays, and costly change orders during construction. The First Amendment formally adds these utility exploration services and the associated budget to STC Traffic, Inc.'s Professional Services Agreement.

Environmental

Approval of the agreement is categorically exempt from California Environment Quality Act (CEQA) review under the CEQA Guidelines Section 15303.

Strategic Plan Action - Priority Level: 2 | Target #: 5 | Goal #: 7

Improve traffic mobility and management throughout the City's major corridors

Fiscal Impact

The fiscal impact of the requested First Amendment is $25,000. Sufficient project budget was

previously appropriated within the fiscal year 2025-26 project tracking budget (Project No. 92021). As there is no amendment to the project budget required, the $25,000 contract increase will be absorbed entirely within the existing project fund allocations.

Account	Fund	Amended Fiscal Year 2026-27	Available Budget
200-510-6660-92021	Gas Tax	0	$150,000
290-510-6660-92021	DIF Transportation	$69,828	$69,828
240-510-6660-92021	HSIP	$564,972	$564,972
Total Budget		$634,800	$784,800

Prior City Council/Commission Action

On June 24, 2025, City Council approved the original Professional Services Agreement with STC Traffic, Inc. in the amount of $60,000.

AGREEMENT FOR SERVICES
BETWEEN
THE CITY OF EASTVALE, CALIFORNIA
AND
STC TRAFFIC, INC.

This Agreement for Services ("Agreement") is entered into as of this 14th day of August, 2025 ("Effective Date") by and between the City of Eastvale, a municipal corporation ("City") organized under the laws of the State of California, and STC Traffic, Inc., a California Corporation with its principal place of business at ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. The City has sought, through a competitive procurement process via Request for Proposal (RFP) No. 25-118EG, the performance of professional engineering services for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street, as defined and described particularly in Section 2 of this Agreement.

B. Contractor, STC Traffic, Inc., following submission of a technical and cost proposal in response to RFP No. 25-118EG, was selected by the City as the top-ranked firm based on their technical competency, project approach, understanding of the scope, and relevant experience to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

The Term of this Agreement is for one (1) year commencing on the Effective Date ("Term") unless earlier terminated as provided in Section 20 "Termination of Agreement". Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines.

SECTION 2. SCOPE OF SERVICES.

Contractor agrees to perform the services set forth in Contractor's Proposal, attached hereto as Exhibit "A" "Proposal" (hereinafter, the "Services") and made a part of this Agreement by this reference. The Services shall be completed pursuant to the schedule specified in Exhibit "A." Should the Services not be completed pursuant to that schedule, the Contractor shall be deemed to be in Default of this Agreement. The City,

in its sole discretion, may choose not to enforce the Default provisions of this Agreement and may instead allow Contractor to continue performing the Services. Only the portions of Contractor's Proposal which describe the Services to be provided and the compensation for such Services shall be incorporated into this Agreement. Other information, terms and conditions contained in the Proposal are not incorporated into this Agreement shall be of no force or effect. If there is any conflict between the body of this Agreement and the Contractor's Proposal, the body of this Agreement shall govern.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "A". The total compensation, including reimbursement for actual expenses, shall not exceed sixty thousand dollars ($60,000.00), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "A" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF MATERIALS; EXCEPTIONS; WARRANTY.

(a) Documents and Data. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement ("Materials") shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such Materials. .

(b) If and to the extent that City utilizes for any purpose not related to this Agreement any Materials prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the Materials.

(c) All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

(d) Contractor warrants that all Materials it drafts and completes pursuant to this Agreement constitutes original work. Specifically, Contractor understands and agrees that use of artificial intelligence (AI) tools including, without limitation, ChatGPT, Microsoft's Bing Chat, Google's Bard, and Meta's LLaMA (Large Language Model Meta AI), in the performance of this Agreement does not constitute an original work, i.e., submitting Materials generated by such AI tools to City and representing it as Contractor's original work constitutes a material breach of this Agreement, constitutes a false claim, and may also violate applicable intellectual property right laws including, without limitation, United States Copyright Law. Accordingly, and notwithstanding any other provision of this Agreement as to ownership, City specifically rejects ownership of such Materials. Contractor is required to indemnify and defend City to the fullest extent allowed by applicable law should it violate this Section.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

(a) Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Proposal" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

(b) Contractor warrants that (1) it has thoroughly investigated and considered the work to be performed, (2) it has investigated the issues, regarding the scope of Services to be provided, (3) it has carefully considered how the work should be performed, and (4) it fully understands the facilities, difficulties and restrictions attending performance of the work under this Agreement.

(c) Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Contractor shall at all times enforce strict discipline and good order among its employees. Any employee who is determined by the City to be uncooperative, incompetent, a threat to the safety of persons or the Services, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Services to be performed by the Contractor and shall not be re-employed on the Services.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the Term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement and such

licenses, permits and approvals shall be maintained throughout the Term of this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

Contractor represents that it is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, *et seq.*, as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall obtain a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the Department of Industrial Relations located at www.dir.ca.gov/dlsr/. In the alternative, Contractor may view a copy of the prevailing rates of per diem wages at the City. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Contractor and all subcontractors must be registered with the Department of Industrial Relations. Contractor shall maintain registration for the duration of the project and require the same of any subcontractors. This project may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Contractor's sole responsibility to comply with all applicable registration and labor compliance requirements.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should

Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law. Contractor shall not use City's name or insignia, photographs, or any publicity pertaining to the Services in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall

have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Design Professional Indemnification. Contractor is a "design professional" as defined in Civil Code Section 2782.8. In accordance with Civil Code Section 2782.8, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all claims, actions and proceedings (whether at law or equity, administrative or judicial), demands, orders, judgments, losses, liabilities, damages, costs and expenses, including attorney's fees and costs, (collectively "Claims") to the extent same arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Contractor, its officers, agents, employees or sub-consultants (or any entity or individual that Contractor shall bear the legal liability thereof). In the event Claims are found by the trier of fact to have been caused by the joint or concurrent negligence of the City, its contractors and other design professionals, and Contractor, damages and expenses from both indemnity and duty to defend obligations shall be borne by each party in proportion to its negligence. Notwithstanding the foregoing, in the event one or more defendants are unable to pay its share of defense costs due to bankruptcy or dissolution of the business, Contractor shall meet and confer with other parties regarding unpaid defense costs. The provisions of this section pertaining to Contractor's duty to defend shall not apply if there is a project-specific general liability policy of insurance that insures all project participants for general liability exposure on a primary basis and also covers all design professionals involved with the project for their legal liability arising out of their professional services on a primary basis.

(b) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as

additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(c) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "B" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance. If City doe not agree to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(c) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant, in the sole discretion of the City. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City:	City of Eastvale Attn: City Engineer 12363 Limonite Ave., Suite 910 Eastvale, CA 91752
To Contractor:	STC Traffic, Inc. Attn: Jason Stack 5973 Avenida Encinas, Suite 218 Carlsbad, CA 92008

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 "Amendment" and the City Manager's contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if it does not exceed the amount that may be approved administratively pursuant to the Eastvale Municipal Code. The

Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" and "B", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

SECTION 35. ELECTRONIC SIGNATURE.

The Parties agree that the Parties may use electronic signatures to execute this Agreement. Such signatures shall have the same force and effect as if this Agreement were executed by hand. Contractor agrees to indemnify, defend, and hold the City harmless from any claim, damage, or liability associated with transmitting an electronic signature or an electronically signed record by electronic transmission.

SECTION 36. DATA PROTECTION.

a) Contractor shall protect, using the most secure means and technology that is commercially available, City-provided data or consumer-provided data acquired in the course and scope of this Agreement, including but not limited to customer lists and customer credit card or consumer data, (collectively, the "City Data"). Contractor shall notify City in writing as soon as reasonably feasible, and in any event within twenty-four (24) hours, of Contractor's discovery or reasonable belief of any unauthorized access of City Data (a "Data Breach"), or of any incident affecting, or potentially affecting City Data related to cyber security (a "Security Incident"), including, but not limited to, denial of service attack, and system outage, instability or degradation due to computer malware or virus. Contractor shall begin remediation immediately. Contractor shall provide daily updates, or more frequently if required by City, regarding findings and actions performed by Contractor until the Data Breach or Security Incident has been effectively resolved to City's satisfaction. Contractor shall conduct an investigation of the Data Breach or Security Incident and shall share the report of the investigation with City. At City's sole discretion, City and its authorized agents shall have the right to lead or participate in the investigation. Contractor shall cooperate fully with City, its agents and law enforcement.

b) If City is subject to liability for any Data Breach or Security Incident, then Contractor shall fully indemnify and hold harmless City and defend against any resulting actions.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

RE: Request for Proposal No. 25-118EG HSIP Cycle 12 Project – HSIPSL-5486 (014)
Traffic Signal Improvement Project at Sumner Ave and 68th Street

STC Traffic, Inc. (STC) is pleased to submit our qualifications to the City of Eastvale for RFP No. 25-118EG. Our core function is focused on delivering these types of project to the public. We do not stray from this mission. Our proposed Project Manager, Rob Blough, P.E., T.E., understands municipal agency needs from the inside-out. As a former City Traffic Engineer for the Cities of Menifee (2018-2023) and Encinitas (1997-2018), he will be able to serve as a true extension of City staff, capable of rounding out every element of the Scope of Services.

We bring exceptional advantages to the City, with unique insight into local traffic signal infrastructure and a proven track record of successfully delivering on-call services to the City of Eastvale. Since 2018, we have played an active role in delivering traffic engineering projects for the City.

STC is a **certified Small Business Enterprise (SBE)**. The staff represented in our proposal are the staff that are going to be there for the City 100% of the time.

As the contract manager, contact person for this proposal, and authorized representative to contractually obligate the firm, I certify that STC takes no exceptions to the terms and requirements of the RFP. We acknowledge receipt of all addenda. Our proposal is considered firm for one hundred and eighty (180) days after the due date for receipt of proposals or receipt of the last best and final offer. We look forward to the opportunity!

Sincerely,

Jason Stack

Section C

Executive Summary

Executive Summary

STC is known in the traffic engineering community for a strong reputation in traffic systems design, implementation, operation, and creative problem-solving solutions. Our staff of over 30 engineers and signal technicians are wholly dedicated to municipal traffic engineering. Through our combined decades of experience, we have developed a tried and proven process to **deliver the exact services needed for the Sumner and 68th Street traffic signal improvements.**

We carry out our work with the ultimate purpose in mind: the life cycle of management, operation, and maintenance that the City will be responsible for. Our process starts with a concept for the system that ties directly to this ultimate use, which is why we prepare a **Basis of Design** document. This critical reference document captures our rationale, criteria, principles, assumptions, and constraints. It is combined with 30% design-level plans so that both the City and STC have a shared understanding, minimizing changes during the design process. The Basis of Design reduces the risks of unknowns and ensures that our concept has been vetted, is understood, and has the necessary answers to progress confidently into the detailed design phase.

We are thorough and comprehensive in our engineering analysis because, through our extensive experience with these types of projects, we understand the potential ramifications. If the analysis is not conducted comprehensively, it can result in costly change orders for the City and lead to unnecessary project re-designs.

Our engineers are *field-oriented*, which is unique in the modern traffic engineering services industry. We perform our work in the field—whether it's working inside cabinets, underground with pull boxes, vaults, and conduit, or up on a bucket truck.

We have former City Traffic Engineers on our staff with over 30 years of municipal experience, and we currently provide both signal design and plan check services for numerous cities throughout Riverside County.

We understand the City of Eastvale's needs. STC has worked closely with City staff by providing on-call traffic engineering services. We know the City's traffic signal systems and design standards, and have specialized knowledge in providing the City with construction management and inspection services, as well as radio configuration and integration related to the Limonite Avenue traffic signal communication improvements.

Experience with HSIP-Funded Projects

Our HSIP track record in Riverside County, along with our intimate knowledge of the City and underlying grant applications, puts our team in a strong position to successfully deliver this project.

Over the past 10 years, STC has completed dozens of contracts for HSIP grant-funded projects, which required coordination with DLA for project delivery. Our staff is versed in the LAPM, and we recognize the City needs STC to self-deliver our expertise and drive the agenda for this project.

STC has delivered HSIP-funded projects since HSIP Cycle 1 and has direct experience on HSIP-funded projects for traffic signal upgrades and improvements.

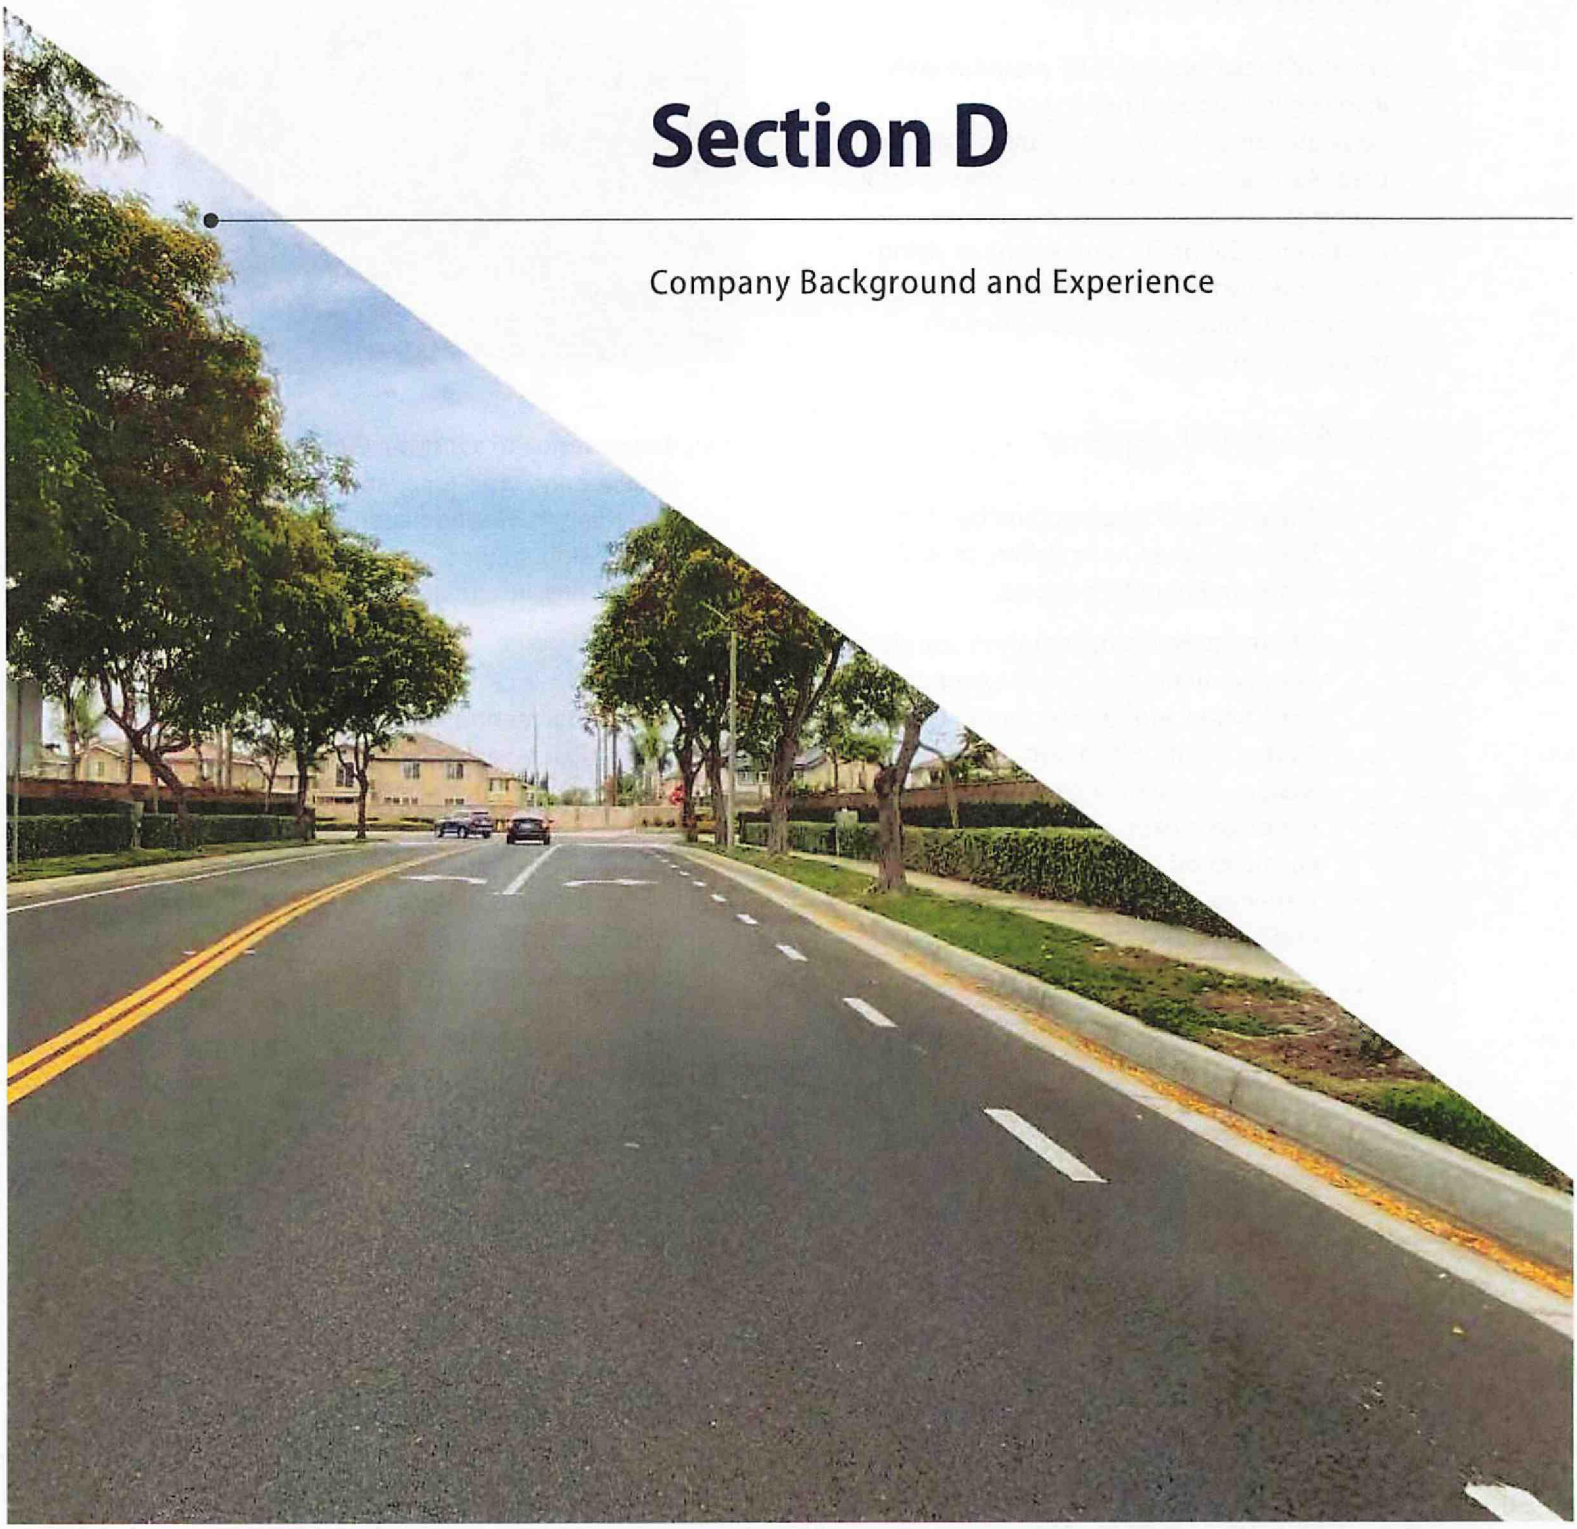
For all of these projects, STC was intimately involved in the coordination and administrative efforts with Caltrans, Caltrans Local Assistance, and the representative local agencies. STC has extensive experience producing HSIP grant applications applying the relevant countermeasures and has keen insight into the associated construction methods and costs.

Local Eastvale Experience

- Since 2018, STC has worked hand-in-hand with the City to deliver critical traffic engineering projects.
- STC has played a major role in corridor improvements on Limonite Avenue. This work has included PS&E for the Limonite Avenue Traffic Signal Synchronization System, signal timing conversions and controller swaps, signal coordination, construction management and inspection, and ongoing traffic system and operations services.
- STC led the grant application process for HSIP Cycle 9 Citywide Interconnect Upgrades to improve signal timing throughout the City. The purpose was to establish traffic signal communication and upgrade equipment, hardware, and software to provide the capability to implement optimized and coordinated signal timing strategies at 50 signalized intersections.
- We continue to assist the City with traffic engineering tasks for a range of services including traffic engineering planning and design, traffic systems and operations, information technology, and security.
- We are the local team. Municipal on-call traffic engineering and transportation planning is what we do. We stay directly involved from concept through construction, taking projects from the planning phase to build to operations and maintenance—this is exactly the type of consultant that the City of Eastvale needs for this contract.

Section D

Company Background and Experience



Company Background and Experience

STC Traffic, Inc. *has been providing professional traffic engineering services to municipal agencies in Southern California for over 18 years.*

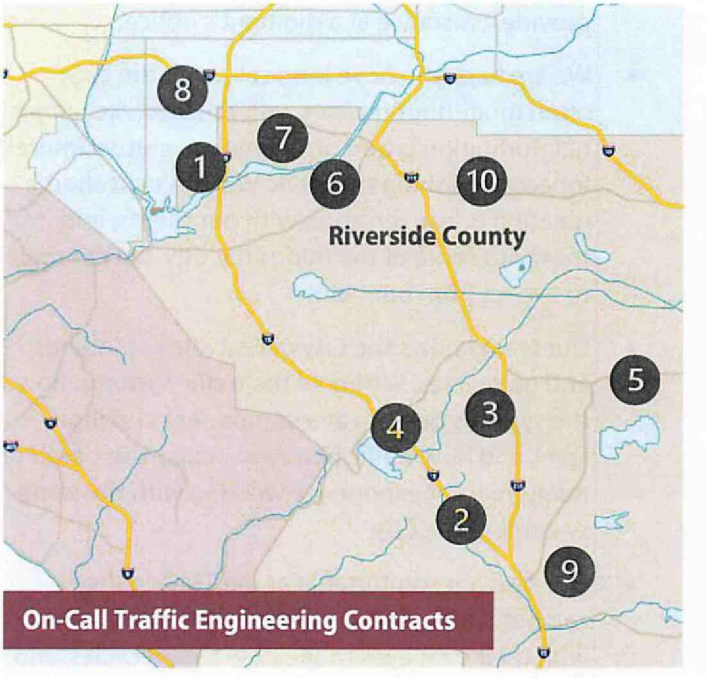
Our team is recognized for its ability to creatively solve problems arising from the most challenging traffic engineering projects.

We are comprised of professional engineers in traffic and civil engineering, traffic operations engineers, certified planners, certified IMSA signal technicians, ITS and systems and network engineers, and Public Works electricians/ inspectors. These are exactly the professionals that the City will need for this contract.

STC is structured as a full-service extension of City staff precisely so that our planners, designers, and ITS experts can address the City's immediate needs.

STC currently provides on-call traffic engineering services to a wide variety of regional municipal agencies in the Inland Empire. Over 95% of our work is in support of public sector clients.

Each of our contracts demonstrates STC's strong local presence and ability to deliver the range of services that the City requires. We are modeled after a municipal Public Works/Engineering Division so that we can provide a wide breadth of traffic engineering and transportation planning services on a flexible basis.



As shown above, STC provides on-call transportation planning and traffic engineering services to the following agencies:

[1] **Eastvale**	[4] Lake Elsinore	[7] Jurupa Valley
[2] Murrieta	[5] Hemet	[8] Ontario
[3] Menifee	[6] Riverside City	[9] Temecula
[10] Riverside County		

Seasoned Project Management

The STC Team for will be led by Rob Blough, P.E., T.E., and supported by in-house technical staff in STC's planning, engineering, and systems and operations divisions. Rob is a Traffic Engineer with over 34 years of professional experience, including 20 years serving as the City Traffic Engineer for the City of Encinitas and 5 years serving as the City Traffic Engineer for the City of Menifee.

Dedication to Public Sector Clients

- We support all levels of effort for our municipal clients—including addressing immediate needs that may be small in scope or varied in service. Our staff are always available to provide assistance at a moment's notice.
- We are happy to have long calls with the City, often multi-hour reviews with detailed exchanges of information based on a genuine, mutual interest for accomplishing the work. We don't cut short a meeting or conversation with our clients, and these are some of the things the City can continue to expect from our team.
- Our team knows the City of Eastvale's standards and guidelines. We know the traffic systems, how the systems operate at a component and logic level, and how traffic behaves—expertise based on many years of experience working with the same systems in the City.
- Our staff are comfortable at the TMC, in the cabinet, and on the corner, viewing operations with their own eyes to see how cars, bicycles, and pedestrians move along corridors from intersection to intersection, making sure that exactly what we expect to see is actually out on the street. We emphasize this across the board when preparing plans. This is one of the special things about STC—the City can always count on us to be present on the street.

STC Traffic, Inc. | Est. 2007
California Corporation

Headquarters

5973 Avenida Encinas, Suite 218
Carlsbad, CA 92008

Professionals

Licensed Civil & Traffic Engineers
Former City Traffic Engineers
Public Works Inspectors
Certified Planners
Certified IMSA Signal Technicians
Systems and Network Engineers
Construction Managers

Number of Employees – 31

Licenses/Certifications

- California DIR #1000009329
- California DGS SB (Micro): 53625
- SBE Metro (CUCP) Number: 6454

Financial Condition

Stable financial condition with no conditions that would impede STC's ability to deliver services. No pending litigation, contract defaults, office closures, bankruptcies, etc.

Dedication to traffic engineering combined with field expertise and technological know-how allows STC to excel in the following core service areas:

1. Traffic Engineering Design Services

- Traffic Signal Design
- Signing and Striping Design
- Worksite Traffic Control Design
- Street Lighting Design
- Roadway and Intersection Design
- Traffic Detour/Control Plans
- Traffic Study Review
- Street Light Layouts
- Neighborhood Traffic Management Program
- Modern Roundabouts
- Communication Systems Design
- Traffic Calming Design
- Traffic Investigations
- Signal Warrant Analysis
- Traffic Engineering Plan Check
- Communications Conduit Plans (Fiber Optic Interconnect)
- Alignment Studies
- Signal Coordination
- Traffic Counts/Delay & Speed Zone Analysis

2. Transportation Planning Services

- Traffic Impact Studies and Reviews
- Parking Studies
- Corridor Studies
- Feasibility Studies
- Traffic Calming Assessments
- Complete Street Studies
- School Related Operations
- Congestion Management Plans
- Traffic Modeling
- Circulation Element Update
- Collision Trend and Traffic Safety Analysis
- Engineering and Traffic Surveys
- Trip Generation Studies
- Conceptual Design of Improvements
- Grant Writing
- Community Engagement

3. Traffic Engineering Systems, Operations, and Construction Support Services

- Constructability Reviews
- Construction Management
- Electrical Inspection Services
- Maintenance Reviews
- Staff Training
- TMC Operation and Management
- Performance Monitoring
- Traffic Signal Timing and Control Logic
- Railroad Preemption Applications
- System Integration
- System Program Management
- System Master Planning
- System Tests, Verification, Evaluation
- System Troubleshooting
- ITS Technologies
- Communications and Networking

STC Featured Project

Menifee Road & La Piedra Road Traffic Signal Design | Menifee, CA

Plans, specifications and estimates (PS&E) for the construction of a new traffic signal at the intersection of Menifee Road & La Piedra Road. The project consisted of installing traffic signals and detection equipment to replace the former stop sign. The project also realigned northbound traffic through lanes on Menifee Road and added a left turn pocket lane. Additional work associated with the project included striping and modifying existing pedestrian curb ramps. Key Personnel: Christian Lambarth, Joseph Walters.

Design of Similar Projects

W. Liberty at Miller Avenue Traffic Signal Project | Fontana, CA

Plans, specifications and estimates (PS&E) for the construction of a new traffic signal at the intersection of Miller Avenue and West Liberty Parkway. Project improvements included protected-permissive left-turn (PPLT) phasing, pedestrian scrambles, interconnect, and ADA ramp improvements. STC coordinated with the Cities of Fontana and Rancho Cucamonga to present several options and cost estimates for proving interconnection to the existing traffic signal at East Avenue and Miller Avenue located in the City of Rancho Cucamonga. Key Personnel: Christian Lambarth.

Traffic Signal Improvements for Five Intersections | Temecula, CA

Plans, specifications and estimates (PS&E) for the Traffic Signal Modification Improvements Project – Permissive Left-Turn to Protected/Permissive Left-Turn. The City of Temecula was awarded funds through the Highway Safety Improvement Program (HSIP) to implement protected left turn phasing at five select intersections in the City, with the goal of reducing the number and severity of traffic accidents. Project improvements included the installation of new traffic signal poles, mast arms and equipment, and ADA compliant pedestrian ramps. STC led project delivery, including managing all project delivery requirements for local HSIP projects. Key Personnel: Christian Lambarth, Joesph Walters.

Traffic signal design and associated improvements are part of STC's core expertise, and we perform these services on a daily basis.

Our staff has delivered a variety of traffic signal design and improvement projects for municipal clients, showcasing an extensive history of project relevant to the City of Jurupa Valley. Many of these projects involved developing plans to address minor roadway improvements such as ADA curb ramps, sidewalks, trails, roadway widening, curbs, gutters, drainage facilities, and guard rails. The table below summarizes five recent projects where we delivered relevant traffic signal designs in the City of Fontana.

Representative STC Projects	Design Elements
N. Cherry Ave. at Live Oak Ave. Traffic Signal Modification Design **(2020)**	Pedestrian scramble, PPLT, curb return reduction, storm drain relocation
West Liberty Pkwy. at Miller Ave. New Traffic Signal Design **(2020)**	Pedestrian scramble, Rancho interconnect, PPLT, ADA ramp improvements
Baseline Ave. and Palmetto Ave. New Traffic Signal Design **(2022)** *Sample Plans Included as Appendix*	Rialto development coordination, constrained utility/ ROW, staggered intersection
Cypress Ave. and Arrow Ave. New Traffic Signal Design **(2022)**	Utility relocation, ROW acquisition, constrained utility/ ROW, PPLT, CCTV
TS Improvements or Date Elementary School **(2023)**	Pedestrian access improvements, SRTS, pole relocation, future TSIC conduit

Other Relevant Projects

- **City of Jurupa Valley** – PS&E for HSIP Citywide Traffic Signal Coordination and Safety Upgrades (2023-Present)
- **City of Jurupa Valley** – On-Call Traffic Engineering Services including plan checks for traffic signals and signing and signing for land development project (2015-Present)
- **City of Beaumont** – PS&E for Traffic Signal Modification at Cougar/Beaumont (2023-2024)
- **City of Menifee** – PS&E for Traffic Signal Design at Murrieta Rd./Rouse Rd. (2020-2022)
- **City of Menifee** – PS&E for Intersection Design at Scott Rd./Murrieta Rd. (2018-2020)
- **City of Banning** – RRFB Design at Various Intersections (2023-2024)
- **City of Colton** – San Bernardino Ave Street Improvement Project (2022-2024)

Key Personnel Involvement

Rob Blough, P.E., T.E. (Project Manager), and/or Christian Lambarth, P.E., T.E., PTOE (QA/QC Manager), have been involved in key roles in nearly all of STC's representative traffic signal design projects discussed above. Additional project details and client references are discussed in Section I.

Section E

Project Understanding

Project Understanding & Approach

This project represents a continuation of the City's dedication to improving traffic safety and directly benefits the community's quality of life by reducing crashes and improving the efficiency of the roadway network.

The City applied for and received Caltrans HSIP Cycle 12 funding for this project and STC will follow all applicable Caltrans Local Assistance Procedures Manual (LAPM) and Local Assistance Program Guidelines (LAPG) requirements.

The project involves engineering design services for a new traffic signal at Sumner Avenue and 68th Street. The design will include a new traffic signal to replace the existing all-way stop, signing and striping modification plans, and the construction of new pedestrian ramps should they be determined to be non-ADA compliant.

Discussion & Site Constraints

Sumner Avenue/68th Street. STC staff conducted a field site visit to the intersection to document the existing conditions and to observe traffic operations.

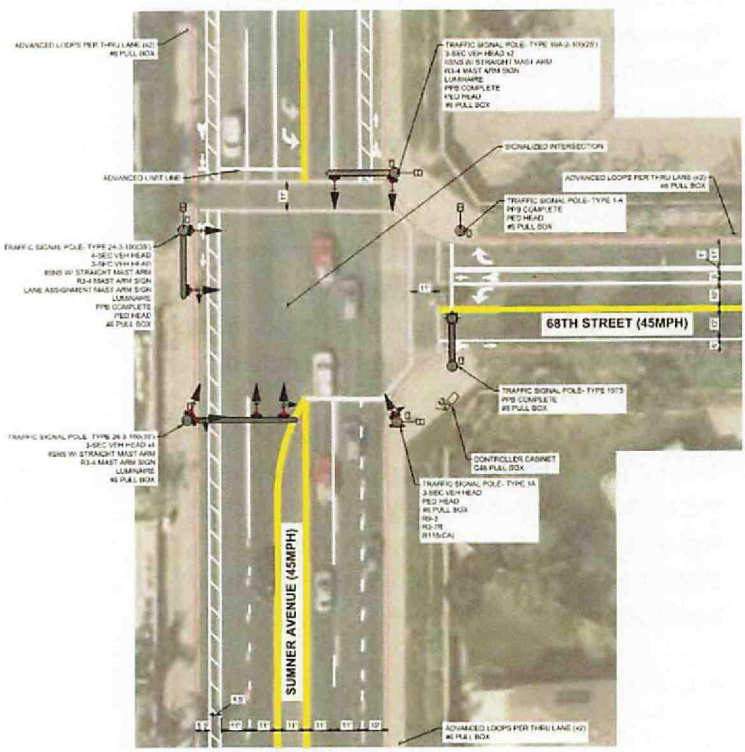
The intersection of Sumner Avenue/68th Street is a T-intersection that is all-way stop controlled with oversized 48" LED blinker stop signs on Sumner Avenue and a 36" LED blinker stop sign on 68th Street. Standard crosswalks are provided on the north leg of Sumner Avenue and the east leg of 68th Street.

There are three pedestrian ramps at the intersection. The two pedestrian ramps on the east side were constructed in 2008 and the single ramp on the west side was constructed in 2020 when the all-way stop was installed. These ramps will be surveyed by Calvada Surveying, Inc. to document if they meet current ADA standards and if not, STC will design new ramps (See Scope of Work).

Sumner Avenue is posted at 45 mph and is 76' wide curb-to-curb with two 11' through travel lanes in both the northbound and southbound directions and a 12' wide painted median that transitions into a 150' long southbound left turn pocket at the intersection of 68th Street. There are 6' wide bike lanes with 4' wide bike lane buffers in both directions. Sumner Avenue has an ADT of approximately 11,300 vehicles and 400 feet south of the intersection of 68th Street there is a southbound right lane trap at Starflower Street.

68th Street is posted at 45 mph and is 44' wide curb-to-curb with one 16' wide travel lane in each direction, and 6' wide bike lanes in each direction. At the intersection of Sumner Avenue, the striping transitions to provide for a 10' wide 140' long westbound left turn pocket and a 12' wide right turn pocket. 68th Street has an ADT of approximately 5,400 with the peak hour westbound traffic of 300 in AM peak hour. New AM and PM peak hour turning movement counts will be taken and analyzed to determine if the existing 140' long westbound left turn pocket needs to be lengthened to provide adequate storage outside of the right lane.

The anticipated signal phasing (shown below) was provided in the Caltrans HSIP 12 application and provides for a southbound protected left turn phase.



It is critical to select the appropriate left turn phase for approaches of the intersection for safety and operational benefits.

There are four options to control the left turn movement including permitted, protected, protected-permitted and split phasing. As part of the Basis of Design document, STC will evaluate the southbound left turn phase based on the methodology and guidelines outlined in the National Cooperative Highway Research Program (NCHRP) Report 812, Signal Timing Manual (Second Edition 2015). The flowchart will be used as it provides a structured evaluation procedure based on criteria including crash history, sight distance, intersection geometry, speed limit, delay, and traffic volume. The objective of the flowchart is to identify the least restrictive left turn phase that can meet the desired operational and safety objectives.

There is an opportunity to provide a westbound right turn overlap phase that runs concurrently with a southbound protected left turn phase. This is possible since Sumner Avenue does not provide sufficient width for a southbound U-turn. STC will evaluate and make a recommendation in the Basis of Design document should the peak hour turning movements and site conditions warrant a right turn overlap phase.

STC will also evaluate the striping on Sumner Avenue, particularly in the southbound direction where the outside lane traps into a right turn pocket 400 feet south of the intersection (shown below).

Currently, the all-way stop meters the southbound traffic and speeds are slow leaving the stop sign. The existing right turn trap lane likely works fine as is. However, after the traffic signal is installed, the southbound speeds will be much higher and if approaching the signal on a green are likely to be at or above the posted 45 mph speed limit.

Right turn traps are typically not expected on a residential side street and may result in an increase in sideswipe crashes near Starflower Street. STC proposes to evaluate this existing striping and will consider installing a right lane merge further north of 68th Street. Instead of two southbound vehicles side by side waiting at the red signal, only one vehicle lane will be provided and should help prevent sudden lane changes, driving straight through the right turn trap, and reducing sideswipe crashes.

This may also be desired by the City to calm the speed of traffic if acceptable traffic signal operation is maintained. This will be based on discussions with the City following an analysis of various striping options in the Basis of Design document.

STC's project deliverables, implementation plan, and proposed timeline are discussed in Section G.

Section F

Project Staffing and Organization

STC Traffic, Inc. | City of Eastvale – Traffic Signal Improvement Project at Sumner and 68th Street

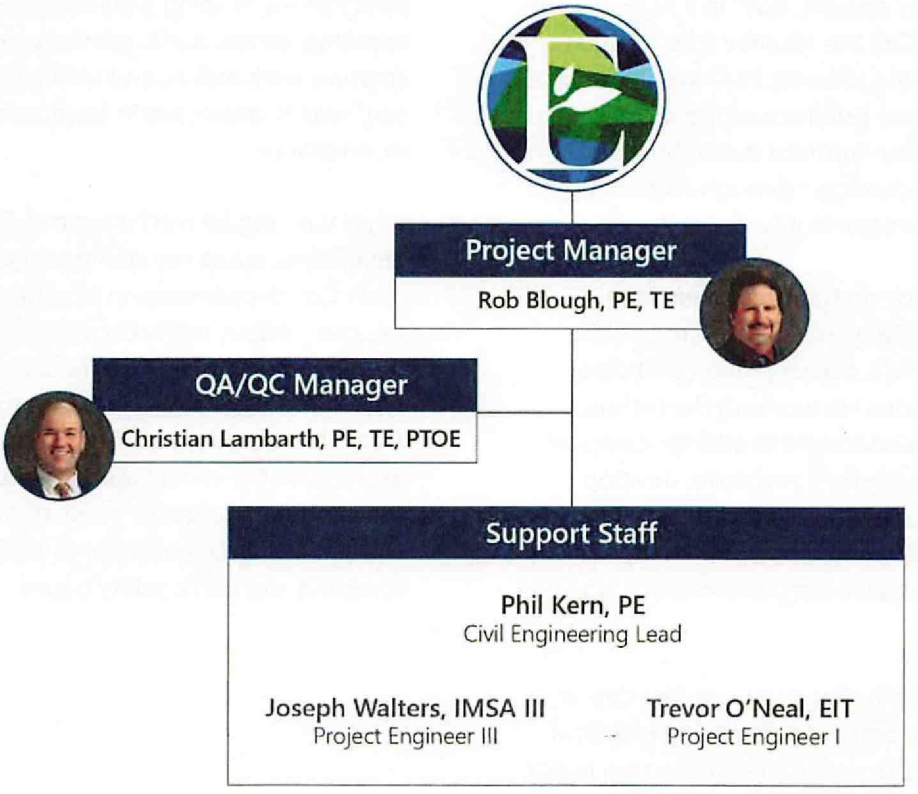
Project Staffing and Organization

The STC Organizational Chart for the project is shown below.

STC personnel have many decades of combined traffic signal systems engineering, management, operations, and maintenance experience.

We have worked as municipal employees and extensions of staff in our role as consultants; we operate and maintain TMCs and systems; we have been foreman for electrical contractors in traffic signal construction and maintenance; we have managed the municipal Public Works Electrical Division; and, we have worked for traffic signal system suppliers and manufacturers.

Brief bio sketches for key staff are included on the following pages. Resumes for key staff are included at the end of this section.



**Additional support staff available as needed*

Project Team – Brief Bio Sketches

Rob Blough, PE, TE

Project Manager

Rob has 25 years of experience as the City Traffic Engineer for the City of Encinitas and five years for the City of Menifee. He often functions as the City Traffic Engineer in many of STC's on-call contracts throughout Southern California. During his 30+ year government career as City Traffic Engineer for two unique cities, Rob gained the knowledge of how local governments operate, both in a high-growth developing City like Menifee (No. 1 fastest growth City in California 2017-2022), and in a City with heavy public participation like Encinitas that prioritized maintaining its community character through addressing neighborhood traffic issues.

Rob is a hands-on traffic engineer that understands how to work with the public, elected officials, citizen groups, and other public agencies. He has both the technical knowledge and insight to address complex traffic issues, identify problems, develop solutions and alternatives, and present results both in writing and orally to citizens, traffic commissions, planning commissions, and City Councils.

While City Traffic Engineer with the City of Encinitas, he prepared over 1,000 technical reports and presented these reports in public meetings at over 300 Traffic Commission, Planning Commission, and City Council meetings and workshops.

He understands what the City of Eastvale needs in a traffic engineer and will provide the City with all traffic engineering functions due to his wealth of experience with any issue the City will typically experience. He has extensive experience in traffic signal design, signal timing, traffic operations, and trouble-shooting problems in the field, design of traffic calming, roundabouts, parking issues, streetscape projects, interchange projects, school traffic safety issues, striping plan design and field implementation, traffic control plan review, creating work orders, and working with contractors, public works inspectors, and street maintenance.

While working for the fast-paced City of Menifee, he was a key staff member assisting other City departments in land development, site plan review, traffic circulation planning, construction of over 50 traffic signals, signal timing and coordination development, ITS and Traffic Management Communication, CIP projects, traffic impact and VMT studies, active transportation and bike projects, and working with the Police Department to address speeding and traffic safety issues.

Project Team – Brief Bio Sketches

Christian Lambarth, PE, TE, PTOE, QA/QC Manager, has over 16 years of experience managing traffic engineering projects throughout Southern California, specializing in traffic operation analysis and design of traffic signals, signing and striping, traffic control, street lighting, and traffic signal interconnect. He pulls from his years of experience in the transportation industry to develop PS&E that focuses on constructability. Christian leads STC's engineering design team and has contributed to PS&E for nearly all the example projects listed in this proposal, including key designs/TS mods for the Cities of Jurupa Valley, Menifee, and Temecula.

Meet the Support Team

Phil Kern, PE, Principal Engineer, has over 38 years of experience in the planning, design, permitting, and construction support of a wide range of public works, transportation, infrastructure, and capital improvement projects for public agencies. The last 20 years of his career have focused on the design and delivery of capital projects through on-call contracts and serving as staff extension for public agencies. Phil leads civil engineering design for STC's Riverside contracts.

Joseph Walter, IMSA III, Senior Project Engineer, has over 14 years of experience in traffic engineering design and lighting design for various public municipal projects. He is experienced in preparing PS&E for various traffic engineering and street lighting projects, including federally funded design projects. Joseph is IMSA Level III Certified and is experienced in implementing various traffic systems and operations projects including traffic signal timing, traffic signal equipment, street lighting, communications network, and ITS systems.

Trevor O'Neal, EIT, Project Engineer I, is a project engineer with experience as a civil engineering construction intern, where he got hands-on experience reviewing plans, conducting field work, developing quantity takeoffs, and working in Bluebeam and HeavyBid. He supports STC's engineering team developing and reviewing PS&E for various traffic and civil engineering improvements, having recently supported projects for the Cities of Jurupa Valley, Beaumont, Fontana, Banning, and Palm Desert.

PROJECT MANAGER

Rob Blough PE, TE

Rob's professional experience includes serving 20 years as the City Traffic Engineer for the City of Encinitas and 5 years for the City of Menifee, where he managed all aspects of City transportation tasks, including working directly with maintenance staff in the field to troubleshoot signal issues and working with elected and appointed officials, citizens, community groups, Caltrans, and school districts. He currently supports traffic departments under on-call contracts for the cities of Cathedral City, Beaumont, Menifee, Murrieta, and Jurupa Valley.

Years of Experience: 35

Education

B.S. Civil Engineering, University of California, Irvine, 1990

Professional Registrations

Professional Engineer (Civil) CA, #60204

Professional Engineer (Traffic) CA, #1829

Relevant Experience

City of Jurupa Valley, Traffic Signal Design at Rubidoux/24th & Wineville/Riverside, 2025-Present

Project Manager. Rob is managing the design of two new traffic signals at two separate intersections. Additional design elements include new curb returns, pedestrian ramps, reconstruction of existing non-ADA compliant pedestrian ramps, traffic signal interconnect, and roadway striping modifications.

City of Beaumont, Cougar/Beaumont Traffic Signal Modification, 2023-Present

Project Manager. Rob overaw evaluation of traffic signal operations and the schematic improvement plan which recommended converting the existing permissive signal operation for east and westbound traffic to protected/ permissive, utilizing 5-section "doghouse" signal heads. Rob is responsible for coordination and development of PS&E.

City of Fontana, Baseline/Palmetto Intersection Improvements, 2023-Present

Principal Manager III. STC is responsible for traffic signal design and street improvements, including curb, gutter, and sidewalk improvements, and signing and striping for bike lanes, intersections, and pedestrian crossings. Rob coordinated with the Cities of Fontana and Rialto, reviewed geometric constraints at the intersection, and provided QA/QC for development of PS&E.

City of Fontana, Date Elementary Street Improvements, 2023-Present

Project Manager. STC is providing traffic engineering design to support safety improvements near the elementary schoool, including ADA-compliant access ramps, street signing and striping, traffic signal modifications at Fontana Avenue and Merrill Avenue, and fiber optic communications. Rob is responsible for coordination and development of PS&E.

Cathedral City, HSIP Pedestrian Crossings Projects, 2024-Present

Principal Manager III. STC is providing engineering design services for several HSIP-funded projects, including two signalized and one unsignalizeed pedestrian crossings. Improvements include new traffic signals, curb bulb-outs, ADA curb ramps, LED safety lighting, high-visibility crosswalks, pavement markings, advanced warning signs, and flashing beacons. Rob is responsible for QA/QC for traffic signal and signing/striping design plans.

City of Menifee, Traffic Engineering Services, 2018-2023

City Traffic Engineer. Rob managed all Traffic Engineering functions of one of the fastest developing cities in Southern California. He was responsible for the design, operation, and signal timing of 25 new traffic signals constructed and modified during his tenure. He currently manages the on-call services contract.

QA/QC Manager

Christian Lambarth PE, TE, PTOE

Christian has over 16 years of experience managing traffic engineering projects throughout Southern California, specializing in traffic operation analysis and design of traffic signals, signing and striping, traffic control, street lighting, and traffic signal interconnect. He pulls from his years of experience in the transportation industry to develop PS&E that focuses on constructability. Christian leads STC's engineering design team.

Years of Experience: 16

Education

B.S. Civil Engineering, Michigan State University, East Lansing, 2009

Professional Registrations

Professional Engineer (Civil) CA, #86675

Professional Engineer (Traffic) CA, #2927

Professional Traffic Operations Engineer, USA, #5180

Relevant Experience

City of Fontana, Baseline/Palmetto Intersection Improvements, 2023-Present

Project Manager. STC is responsible for traffic signal design and street improvements at the intersection of a major arterial highway and a collector roadway. Christian led PS&E for traffic signal design, signing and striping, and civil design for modification of existing pedestrian curb ramps to bring them up to ADA compliance. Christian is overseeing PS&E for additional improvements for the widening of the north side of Baseline Avenue, which includes curb, gutter, and sidewalk improvements, and signing and striping for bike lanes, intersections, and pedestrian crossings.

City of Fontana, West Liberty/Miller Traffic Signal Design, 2020-2021

Project Manager. Miller Avenue and West Liberty Avenue are fully improved collectors that form a "T" intersection, and the new design will provide the ultimate intersection configuration. Christian oversaw topographic survey and development of PS&E for curb ramp improvements, traffic signals, signing and striping, and traffic signal interconnect to the adjacent Rancho Cucamonga traffic signal.

City of Menifee, Traffic Signal Design Projects at Menifee/La Piedra & Murrieta/Rouse, 2020-2022

Project Manager. Improvements at the two intersections consisted of installing traffic signals and detection equipment to replace existing stop signs. Christian led PS&E for traffic signal design, signing and striping, and civil design for modification of existing pedestrian curb ramps to bring them up to ADA compliance.

City of Menifee, Scott/Murrieta Intersection Design, 2018-2020

Design Lead. Christian provided traffic engineering design for roadway improvements that included traffic signalization and road widening. Christian prepared design plans for the traffic signal and signing/striping and was responsible for coordinating subconsultant efforts for surveying, R/W mapping, and civil design.

City of Temecula, HSIP Traffic Signal Modifications, 2021-2024

Project Manager. STC provided traffic engineering design and construction support services for implementation of protected left-turn phasing at three intersections. Improvements included installation of new traffic signal poles, mast arms, and equipment, vehicle detection loops, and ADA compliant pedestrian ramps. Christian oversaw all project elements, including coordination with the City and Caltrans and development of PS&E.

CIVIL ENGINEERING LEAD

Phil Kern PE

Phil has over 38 years of experience in the planning, design, permitting, and construction support of a wide range of public works, transportation, infrastructure, and capital improvement projects for public agencies. The last 20 years of his career have focused on the design and delivery of capital projects through on-call contracts and serving as staff extension for public agencies. Phil leads civil engineering design for STC's on-call services contracts.

Years of Experience: 38

Education

B.S. Civil Engineering, San Diego State University, 1983

Professional Registrations

Professional Engineer (Civil) CA, #40831

Relevant Experience

City of Banning, HSIP Rectangular Rapid Flashing Beacons Design, 2023-Present

Project Manager. STC was selected to provide engineering design for implementation of Rectangular Rapid Flashing Beacons (RRFB) at four unsignalized intersections along Ramsey Street, a major arterial that serves as an alternate route to I-10. The project design also includes enhanced crosswalk striping, retroreflective signage, and ADA-compliant pedestrian curb ramps. Phil oversaw survey coordination and preliminary and final design.

Cathedral City, HSIP Pedestrian Crossing Upgrades Projects, 2024-Present

Civil Design Lead. STC is providing engineering design services for several HSIP-funded projects, including two signalized and one unsignalizeed pedestrian crossings. Improvements include new traffic signals, curb bulb-outs, ADA curb ramps, LED safety lighting, high-visibility crosswalks, pavement markings, advanced warning signs, and flashing beacons. Phil oversees coordination and development of PS&E for civil improvements.

City of Fontana, Baseline/Palmetto Intersection Improvements, 2023-Present

Civil Design Lead. STC is responsible for traffic signal design and street improvements at the intersection of a major arterial highway and a collector roadway. The project expanded to include widening of the north side of Baseline Avenue, which included curb, gutter, and sidewalk improvements, and signing and striping for bike lanes, intersections, and pedestrian crossings. Phil oversaw development of three concept alternatives, preliminary cost estimates, and recommendations to the City.

City of Murrieta, Clinton Keith/Nutmeg Traffic Signal Modifications 2024-Present

Civil Design Lead. STC is responsible for traffic signal modification and intersection improvements, including implementation of protected left-turn phasing, ADA compliant curb ramps, and signing and striping modifications. Phil oversees coordination and development of PS&E for civil improvements.

City of Temecula, Jedediah Smith/De Portola Roundabout Preliminary Design, 2022

Project Manager. Responsible for project oversight and coordination with the city. STC provided preliminary design services for a proposed roundabout at an existing 4-way stop controlled intersection, including cost estimates for grading, paving, drainage, signing and striping, and street lighting. 3D digital survey data was collected along with right-ofway boundary mapping. STC's design helped identify potential right-ofway impacts and anticipated project costs.

PROJECT ENGINEER III

Joseph Walters IMSA III

Joseph has over 14 years of experience in traffic engineering design and lighting design for various public municipal projects. He is experienced in preparing PS&E for various traffic engineering and street lighting projects, including federally funded design projects. Joseph is IMSA Level II Certified and is experienced in implementing and integrating various traffic systems and operations projects including traffic signal timing, traffic signal equipment, street lighting, communications network, and ITS systems.

Years of Experience: 14

Education

B.S. Civil Engineering, San Diego State University, 2008

Certifications

IMSA Level 3 - Traffic Signal Senior Field Technician

IMSA Level 1 - Roadway Lighting Technician

Relevant Experience

City of Fontana, Baseline/Palmetto Intersection Improvements, 2023-Present

Project Engineer III. STC is responsible for traffic signal design and street improvements at the intersection and improvements associated with widening of the north side of Baseline Avenue. Joseph was responsible for field review and as-built research, creating base files for the Basis of Design, development of PS&E, and construction support.

City of Fontana, Date Elementary School Street Improvements, 2023-Present

Project Engineer III. STC is providing traffic engineering design to support safety improvements near the elementary schoool, including ADA-compliant access ramps, street signing and striping, traffic signal modifications, and fiber optic communications. Joseph is responsible for field review, PS&E development, and coordination with potholing subcontractor.

City of Banning, HSIP RRFB Design at Various Intersections, 2023-Present

Project Engineer III. STC was selected to provide engineering design for implementation of Rectangular Rapid Flashing Beacons (RRFB) at four unsignalized intersections along Ramsey Street, one of the City's major east-west arterials that serves as an alternate route to Interstate 10. The project design also includes enhanced crosswalk striping, retroreflective signage, and ADA compliant pedestrian curb ramps. Joseph developed GIS utility base files and PS&E at 60%, 90%, and 100% submittal.

City of Temecula, HSIP Traffic Signal Modifications, 2021-2024

Project Engineer III. STC provided traffic engineering design and construction support services for implementation of protected left-turn phasing at three intersections. Improvements included installation of new traffic signal poles, mast arms, and equipment, vehicle detection loops, and ADA compliant pedestrian ramps. Joseph developed the base plans in CAD and final PS&E for traffic and civil improvements.

City of Lake Elsinore, HSIP Traffic Signal Improvements, 2020

Project Engineer III. Project improvements included implementation of new dilemma zone detection systems and flashing beacon warning assemblies for eight signalized intersections. Joseph was responsible for developing specifications, completing PES and RFA forms for construction, and QA/QC for final PS&E.

PROJECT ENGINEER I

Trevor O'Neal EIT

Trevor is a project engineer with experience as a civil engineering construction intern, where he got hands-on experience reviewing plans, conducting field work, developing quantity takeoffs, and working in Bluebeam and HeavyBid. He supports STC's engineering team developing and reviewing PS&E for various traffic and civil engineering improvements.

Professional Registrations

Engineer-In-Training (EIT), #0T9051

Relevant Experience

City of Beaumont, Cougar/Beaumont Traffic Signal Modification, 2023-Present

Project Engineer I. The project will upgrade the existing traffic signals at the intersection adjacent to Mountain View Middle School, to improve safety during morning and afternoon peak periods. The project upgrades the east and west left turn operations from permissive to protected/permissive, utilizing 5-section "doghouse" signal heads. Trevor supported field investigations, documenting existing utilities, and PS&E.

City of Fontana, Date Elementary School Street Improvements, 2023-Present

Project Engineer I. STC is providing traffic engineering design to support safety improvements near the elementary schoool, including ADA-compliant access ramps, street signing and striping, traffic signal modifications, and fiber optic communications. Trevor provides engineering support and updates plans according to City comments.

City of Escondido, Washinton/Rose Traffic Signal Modifications, 2024-Present

Project Engineer I. STC is providing traffic engineering design to implement protected left turn-phasing for all left-turn movements at the intersection of Washington Ave and Rose St. The project will include replacement of mast arm poles and traffic signal heads and pedestrian heads, and installation of new Accessible Pedestrian push buttons with poles and ADA compliant pedestrian ramps. Trevor supported development of PS&E.

City of Cathedral City, Various HSIP Projects, 2023-Present

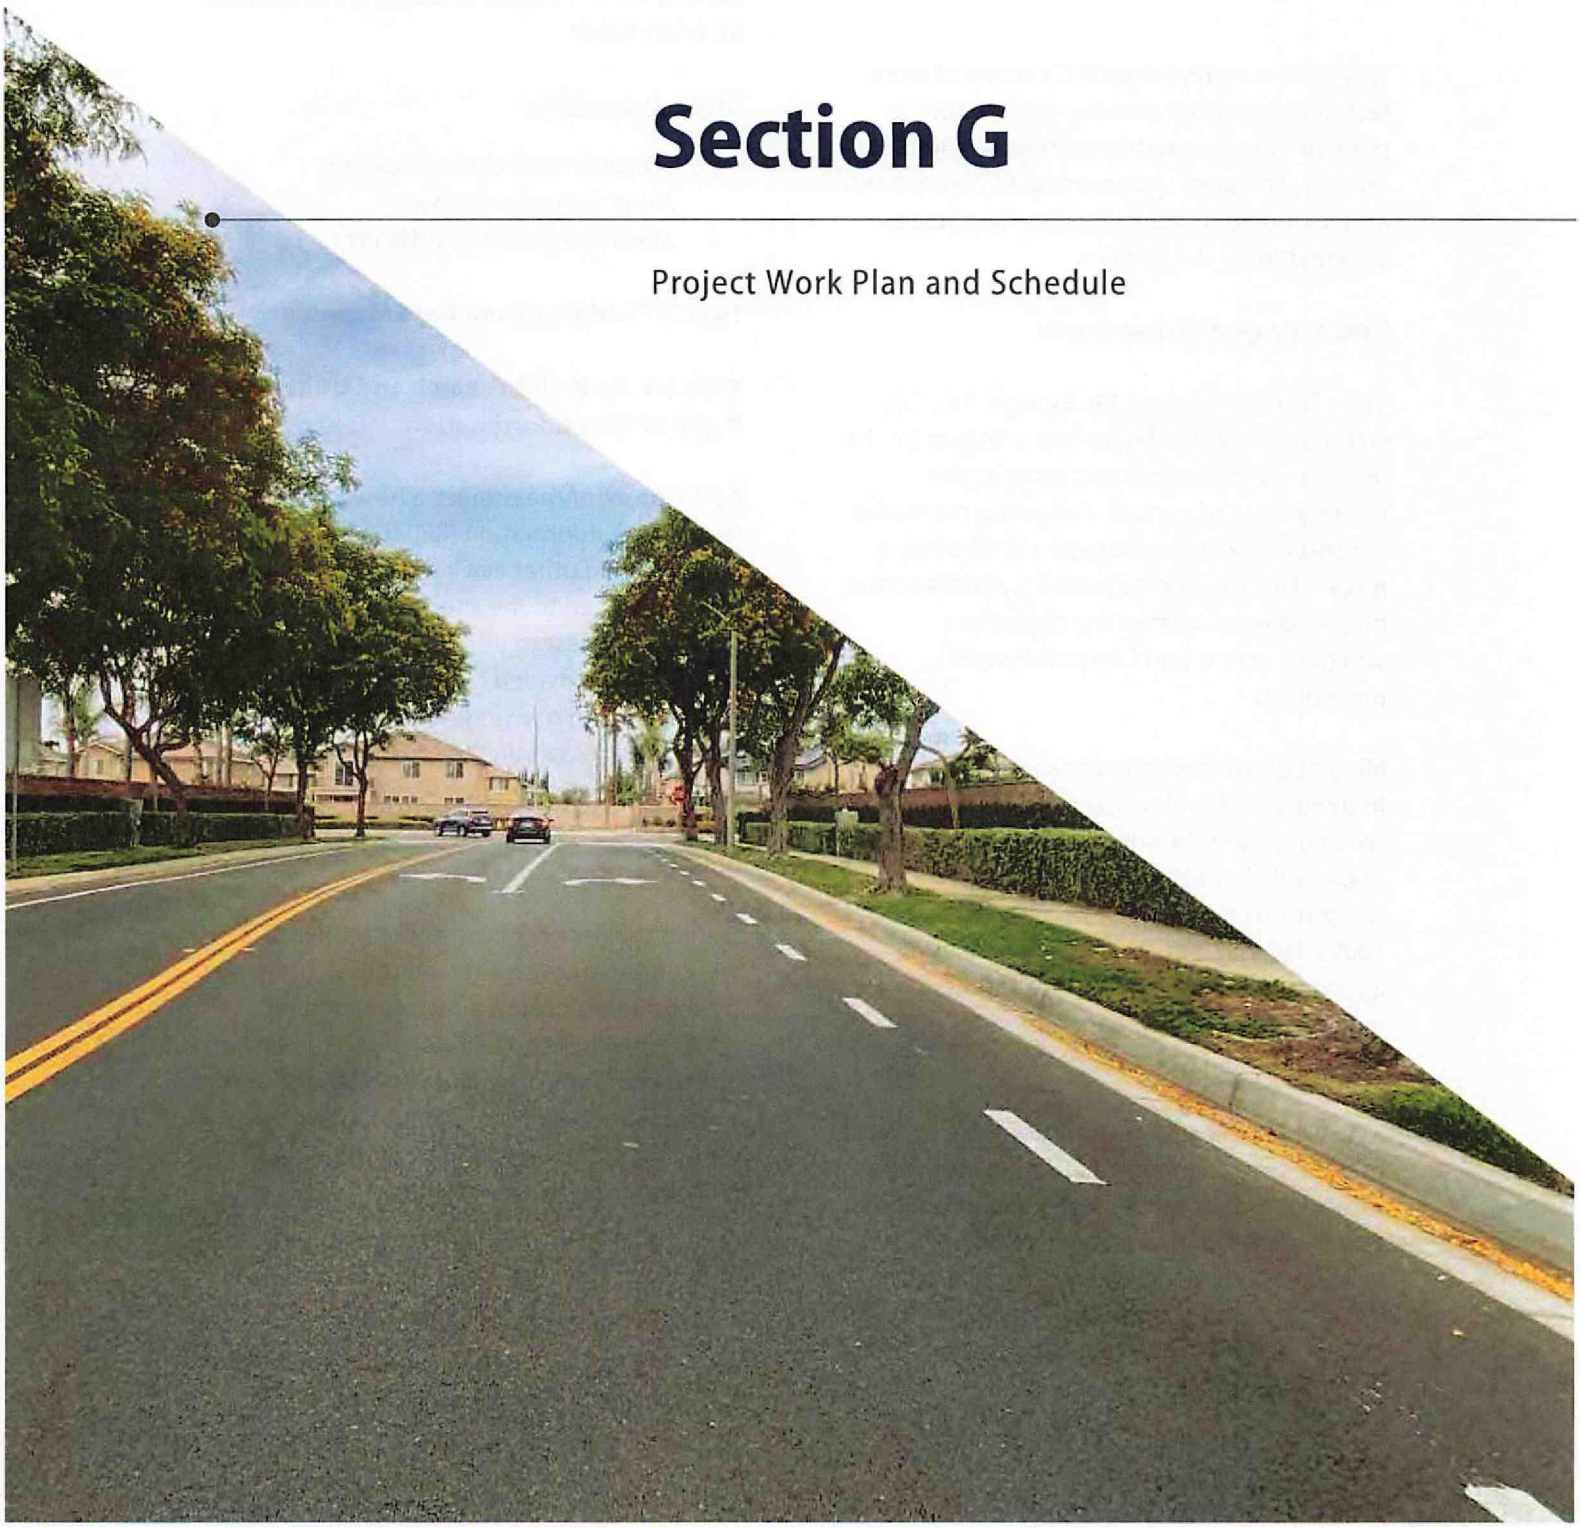
Project Engineer I. Trevor is supporting several HSIP-funded projects throughout the City. His responsibilities include conducting field investigations, developing base plans, supporting PS&E development, and addressing City comments. Projects include Citywide Traffic Signal Hardware Upgrades, Signalized Pedestrian Crossings at 2 locations, and Pedestrian Crossing Upgrade. Improvements include new traffic signals, curb bulb-outs, ADA curb ramps, LED safety lighting, high-visibility crosswalks, pavement markings, advanced warning signs, and flashing beacons.

City of Banning, HSIP Traffic SIgnal Hardware Upgrades, 2024-Present

Project Engineer I. STC prepared the HSIP grant which awarded the City funding for traffic signal upgrades at 17 key intersections, which includes installing retroreflective backplates, EVP systems, APS signal heads, and LED safety lighting. Trevor is supporting field reviews and PS&E.

Section G

Project Work Plan and Schedule



Project Work Plan and Schedule

This section summarizes STC's scope of work, technical approach, and key deliverables to provide the engineering services required by the City. The tasks shown in the RFP have been modified to reflect the workflow and hours anticipated for the project.

Task 1. Project Management

STC's Project Manager, Mr. Blough, P.E., T.E., will coordinate the day-to-day activities for the duration of the project and serve as the primary point of contact. Following the Notice to Proceed (NTP), Mr. Blough will schedule a project kick-off meeting with City staff and the project team to discuss the objectives, schedule, scope, and City policies and procedures.

Mr. Blough will coordinate progress meetings to discuss design development, staff comments on submittals, and action items. There will be meetings following each submittal to the City at 30%, 60%, 90% and 100%. STC will prepare and email meeting agendas to City staff in advance of the meetings and email meeting minutes after each meeting.

STC will submit a progress report with invoices to the City in an organized format and with sufficient detail and backup documentation to clearly identify personnel, hours worked, and tasks completed. STC will control all project documents and provide deliverables and final files to the City in both hard-copy and electronic format.

STC will maintain project files in an organized, logical fashion, and will be able to promptly retrieve and distribute project information to the City in the event of an audit or PRA request for information.

Task 1. Deliverables:

- *Schedule and Schedule Updates*
- *Monthly Progress Reports*
- *Meeting Agendas and Minutes*

Task 2. Field Work and Base Mapping

Task 2.1. As-Built Research and Utility and Right-of-Way Coordination

At the onset of the project, STC will submit a Request for Information (RFI) to obtain record drawings and other available information from the City related to the site area. STC will also submit a request to utility companies, based on contacts provided by the City, to obtain existing record drawings and future planned utility facilities within the project limits. The utility information will be reviewed to develop a design that minimizes conflicts with existing utilities.

During the design phase of the project, STC will coordinate with affected utility companies by submitting progress plans to conduct conflict reviews and will work with the City and SCE to coordinate the location of a service point for the new traffic signal. STC will assist in initiating the service request to obtain a SCE work order for the new service.

Task 2.1. Deliverables:

- *Utility Records (As Requested)*
- *Utility Conflict Matrix and Correspondence*
- *Utility Relocation Plan (if needed)*
- *Right-of-Way Summary and Map*

Task 2.2. Field Meeting & Field Work

The STC Team and City Project Manager, if available, will walk the project area and collect relevant information to aid in completing location optimization and preliminary plan development.

During the field review, STC will evaluate the project area for compliance with minimum safety standards as provided in the CA-MUTCD, Americans with Disabilities Act (ADA), and City Standards. The project area will be observed, paying special attention to pedestrian activity, vehicle speed, safety concerns, overhead utilities, site constraints, and opportunities. Detailed field notes and photos will document field conditions and be logged for reference.

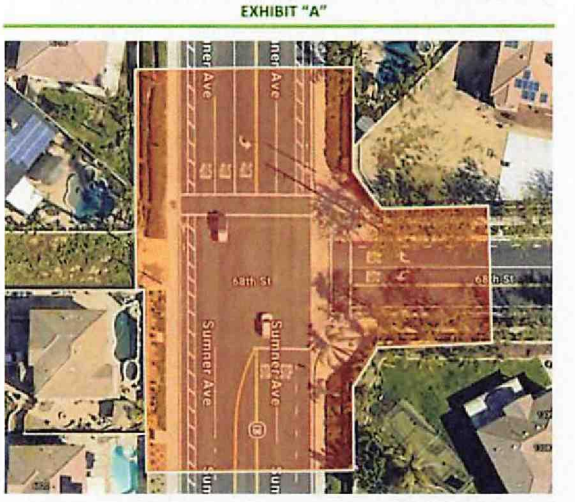
The traffic operations of the southbound right turn lane trap on Sumner Avenue at Starflower Street will be evaluated due to anticipated higher southbound speeds when the all-way stop is converted to a traffic signal. Due to closely spaced intersections, STC will evaluate removing the right turn trap and developing a striping and signing plan that merges southbound traffic into one lane south of 65th Street. Final details will be determined based on existing and future traffic counts and discussions with the City.

Task 2.2. Deliverables:

- *Field Notes and Pictures (As Requested)*

Task 2.3. Topographic Survey

Calvada Surveying, Inc. (Calvada), the proposed subconsultant surveyor, will research recorded maps and surveys filed with the Riverside County Surveyor's office. An A.D.A. design level Topographic Survey (conventional field survey) will be provided for the area as shown below.



The boundary component of the survey will include a field boundary verification denoting current property lines and easements of record as shown on current county recorded maps. The items to be included are as follows:

Survey Control

1. The vertical control will be based on the North American Vertical Datum of 1988 (NAVD 88). A local municipal benchmark will be used, if available. Confirmation of the vertical datum will be required before field mobilization.

2. The horizontal control will be based on the California State Plane Coordinate System of 1983 (NAD 83). Confirmation of the horizontal datum/EPOCH will be required before field mobilization.

Survey Features

3. Survey observations will be taken on a 10'x10' grid within accessible routes and sidewalks. Areas where the survey extends past the A.D.A. areas may be on a 25'x25' grid to create 1-foot contour intervals. In addition, we will survey spot elevations at back of walk/sidewalks, top of curbs, flow lines, gutter edges, road access street crowns, high/low points, grade breaks, finish floors, driveway aprons and handicap ramps and concrete expansion joints.

4. Location of signing and striping within the Site.

Utilities

5. Location, elevation, size, and type of visible above ground utilities within the Site.

6. Flow line invert elevations and sizes of drain inlets, sanitary sewer and storm drain manholes within the Site, unless bolted down.

7. Existing utility lines identified by painted striping from USA markings will be surveyed.

Calvada will create the base map for the project site. Survey data from the survey will be compiled into one mapping drawing, one topographic drawing, and a combined drawing for plotting. The mapping drawing will contain existing right-of-way and adjacent property lines. The topographic drawing will include existing features, improvements, and contours.

Task 2.3. Deliverables:

- *AutoCAD (Civil 3D) drawing, version 2024 or lower, including 3D surface files*
- *Signed and Stamped PDF file*

Task 3. Environmental Documentation

The STC Team will prepare the required environmental documentation that will include the Notice of Exemption (NOE) and the City will file with the County of Riverside and the State Clearinghouse at the Governor's Office of Planning and Research (OPR).

Task 3. Deliverables:

- *Prepare CEQA NOE Form/Provide to City*

Task 4. Preliminary Engineering (30% Design)

The STC Team has reviewed the traffic signal warrant analysis that was included in the HSIP funding application. STC will also review any traffic analysis reports in the vicinity of the intersection to account for any future traffic growth that is anticipated. AM and PM peak hour traffic turning movement counts will be collected at the intersection of Sumner and 68th Street and used to determine pocket lengths, striping modifications for merge and lane drop, and signal phasing.

STC will develop a Basis of Design (BOD) document that will evaluate the optimal location of the traffic signal equipment, left turn storage lengths, signal phasing, existing deficiencies including underground and above ground utility conflicts, right-of-way constraints, and ADA compliance issues.

The BOD will show new striping to accommodate left turn pocket storage lengths on Sumner Avenue and 68th Street and options to modify the southbound right turn trap lane at Sumner Avenue and Starflower Street, pedestrian ramp and crosswalk locations, signal phasing, signal equipment, types and locations of controllers and cabinets, video detection, CCTV, and all other signal equipment.

Included in the BOD will be 30% Preliminary Plans showing options for traffic signal pole placement locations and roadway striping reconfiguration. Both the Preliminary Plan and Basis of Design Memo will show and discuss any existing deficiencies, utility conflicts, right-of-way constraints, ADA compliance issues, traffic signal phasing, and other proposed civil improvements with anticipated costs. The result of the BOD will be an accepted preferred design for the traffic signal and associated civil improvements. **This is a critical differentiator to STC's approach, ensuring that costly re-design never happens.**

Task 4. Deliverables:

- *Basis of Design Technical Memorandum*
- *30% Preliminary Engineering Drawings*
- *30% Cost Estimates*

Task 5. Utility and Right-of-Way Coordination

This task from the RFP has been modified to reflect the workflow for the project. Please refer to Task 2.1.

Task 6. PS&E Preparation (60%, 90%, and 100%)

The STC Team will prepare all drawings, specifications and engineers estimates adequate and sufficient for the City of Eastvale to solicit bids for the award of the contract and construction. This work is summarized in the subsequent tasks.

Task 6.1. Plans

STC will prepare plans for the new traffic signal, and signing/striping, and associated civil improvements should the pedestrian ramps not meet ADA. Plans shall conform to the City of Eastvale Standard Plans, AASHTO Greenbook, County of Riverside Standard Plans, and Caltrans Standard Plans as applicable. Plans will be prepared utilizing AutoCAD software. All work identified on the plans will be approved and sealed by a professional Civil Engineer registered in the State of California. Project plans shall include:

- Title, General Notes, and Construction Detail Sheets
- Civil Design Plans will include removals, existing and proposed surface improvements, and utility locations based on available records and field investigations. Where necessary, the plans shall define the limits of repair to pavement, curb, gutter, sidewalk, and ADA curb ramp upgrades. The plans shall be at a horizontal scale of 1"=10' or 1"=20' as appropriate. The plans will include horizontal and vertical control for any new ADA-compliant curb ramps, centerline stationing, and will depict existing utility locations as determined from the survey and available records. If existing curb ramps do not meet current regulations, they will be removed and reconstructed to

current standards. Conduit runs to connect the signal poles will be accomplished by pavement saw cuts, with minimal removals and reconstruction, per the signal plans. Civil Design Plans to be prepared will include a Street Improvement Plan, including limits of demolition, and a Detail Sheet with ADA Ramp details.

- Signing and Striping Plans at a horizontal scale of 1"=40'. Signing and striping plans shall be prepared to meet the latest edition of the CA- MUCTD. The plans will include full geometry of the roadway and appropriate signing and striping removals and improvements. The plans will incorporate all aspects of existing and proposed signing and striping design approved in the Basis of Design Memo.
- Traffic Signal Plan at a horizontal scale of 1"=20'. The design will be developed in accordance with City of Eastvale Design Standards, Ordinances and Regulations, Caltrans Standard Plans and Specifications, and the CA-MUTCD. Plans will include general notes, construction notes, phase diagrams, pole and equipment schedules, conduit and conductor schedules, and details for pole locations and foundations, pull boxes, conduits, and splicing. Other elements of design will include Emergency Vehicle Preemption (EVP) systems, pole and mast-arm signage, Accessible Pedestrian Systems (APS) and countdown signal heads, cabinets and controllers, and LED safety lighting.

Task 6.1. Deliverables:

- *60%, 90%, and 100% Design Plans (AutoCAD and PDF)*
- *Comment Responses and Plan Revisions*
- *Final Bid-Ready PS&E Package*

Task 6.2. Specifications

STC will prepare project specifications utilizing the City's current boilerplate bid package, special provisions, and the latest editions of the AASHTO Greenbook for Public Works Construction, Caltrans specifications, and City Standards.

The bid package will be prepared via Microsoft Word and remain in the City's boilerplate font and format. All additions or changes to the boilerplate shall be highlighted in yellow for each respective first plan check submittal. The project specifications and bid documents will include the detailed project description, preparation of bid schedules, bid item descriptions, special provisions, technical specifications, and specification detail sheets or standard plans, as needed. **The STC Team will also provide product specifications for traffic signal and communication equipment, if desired by the City.**

Task 6.2. Deliverables:

- *60%, 90%, and 100% Technical Specifications (Word Format)*

Task 6.3. Engineer's Cost Estimate

The STC Team will provide an itemized engineer's cost estimate at the 60%, 90% and 100% levels of design for all proposed improvements. The estimates will be detailed with unit prices and quantities for individual line items of work and specified equipment based on the historical cost index.

Cost estimate details, including items and descriptions, will be consistent with bid items and specification sections. STC excels in producing accurate cost estimates for construction through our experience with recently completed projects, materials

procurement, and changing conditions in the traffic signal construction industry.

Task 6.3. Deliverables:

- *60%, 90%, and 100% Engineer's Cost Estimate (Excel Format)*

Task 6.4. Funding Allocation Request (Optional Task)

If desired by the City, STC will prepare all necessary documents required for the Construction Funding Allocation Request (CON) in compliance with LAPM state-funded HISP project implementation procedures. It is anticipated that the City will submit all LAPM forms prepared by STC to Caltrans District 8 DLAE.

Task 6.4. Deliverables

- *Request for Funding Allocation Form*
- *Approved CEQA Notice of Exemption Documents (Task 3)*
- *Right-of-Way Certification*
- *State-only Finance Letter for Construction*
- *Detailed Engineer's Cost Estimate for Construction Items*
- *Printout from List of Selected HSIP Projects Highlighting City's Project*

Task 7. Bidding Assistance

The STC Team will provide support for bidding, construction, and utility coordination. This work will include, but is not limited to, responding to the Contractor's RFIs during project advertisement and construction, responding to questions, preparing addenda, conferring with the City's Construction Manager regarding RFIs as appropriate, reviewing and approving shop drawings, and preparing final record drawings.

All communication will be directed to the City for issuance to the Contractor. STC will have no direct contact with the Contractor. This task excludes regularly scheduled construction observation.

Task 7. Deliverables:

- *Pre-Bid and Pre-Construction Meeting Attendance, Written RFI Responses, Addenda, Shop Drawing Review and Acceptance, and Final Record Drawings*

Project Schedule
STC Traffic - Traffic Signal Improvement Project at Sumner Ave and 68th St

ID	Task Name	Duration	Start	Finish
1	**Project Design**	**137 days**	**Tue 8/19/25**	**Wed 2/25/26**
2	Task 1. Project Management	245 days	Tue 8/19/25	Sun 7/26/26
3	Notice to Proceed	1 day	Tue 8/19/25	Tue 8/19/25
4	Kick-off Meeting	1 day	Mon 8/25/25	Mon 8/25/25
5	Progress Meeting #1	1 day	Mon 11/3/25	Mon 11/3/25

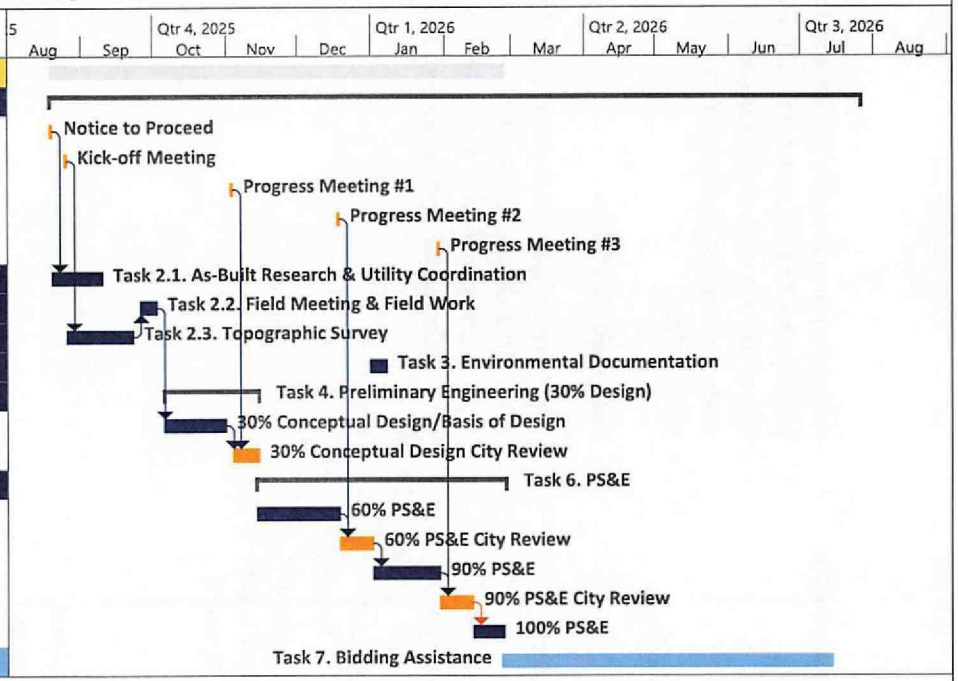
21	Task 7. Bidding Assistance	100 days	Wed 2/25/26	Tue 7/14/26



July 8, 2025

STC Task | City Task | Milestone | Summary

Project Management

Most of our personnel live within a quick drive to City Hall, and are immediately responsive to as-needed requests. We pride ourselves on this level of 24/7 responsiveness. Our small size and adaptiveness make us the right fit for this contract. We are always happy to perform small-scale tasks such as signal inspection and design review, and we employ former City Traffic Engineers, such as Rob Blough, PE, TE, precisely so we can respond to any requests that the City of Eastvale might throw our way at a moment's notice.

QA/QC Measures

STC is fully aware of the planning, engineering, and technical needs that will be necessary to support the City on this contract. **Rob Blough, PE, TE,** will be the Project Manager with direct responsibility for handling day-to-day activities (**See Organizational Chart**).

All work products delivered to the City will be reviewed by Mr. Blough and/or Christian Lambarth, the designated QA/QC Manager. Time to review all work products will be built into the project schedule and clearly documented and maintained by STC during the course of each project.

In addition to formal reviews of work products, Christian will conduct over the shoulder reviews throughout the life of the project. This hands-on project management style provides assurance to the City that the work products in process are on-task and in line with the scope of work and pending deadlines.

Quality Assurance reviews will be conducted internally prior to submittal of plans or documents to the City. The Task Lead will be responsible for scheduling detailed reviews throughout the project, ensuring the products produced by the STC Team meet the QA/QC standards and expectations established for the project. Quality Control review will be conducted by discipline-specific professionals, as assigned by the Project Manager, at major milestones to ensure the plans and technical documents meet design requirements, standards, and technical requirements.

- **Schedule Control:** STC staff conduct regular check-in meetings with City staff to track each project schedule, discuss potential modifications to the schedule or deliverables, and discuss actions needed to keep the project on track. The schedule will be reviewed during Project Development Team Meetings.
- **Cost Control/Risk Management:** Budget monitoring is conducted on a monthly basis and reported to the City during monthly team meetings. All invoices include hours expended by task and a detailed summary of work completed to date. This system of checks and balances ensures that each task stays on track with approved costs, reducing financial risk.
- **Value Engineering:** Recognizing cost savings measures throughout the life of the project is the responsibility of STC's Project Team. During team meetings, STC will discuss value engineering opportunities in order to implement schedule and cost savings measures.

Section H

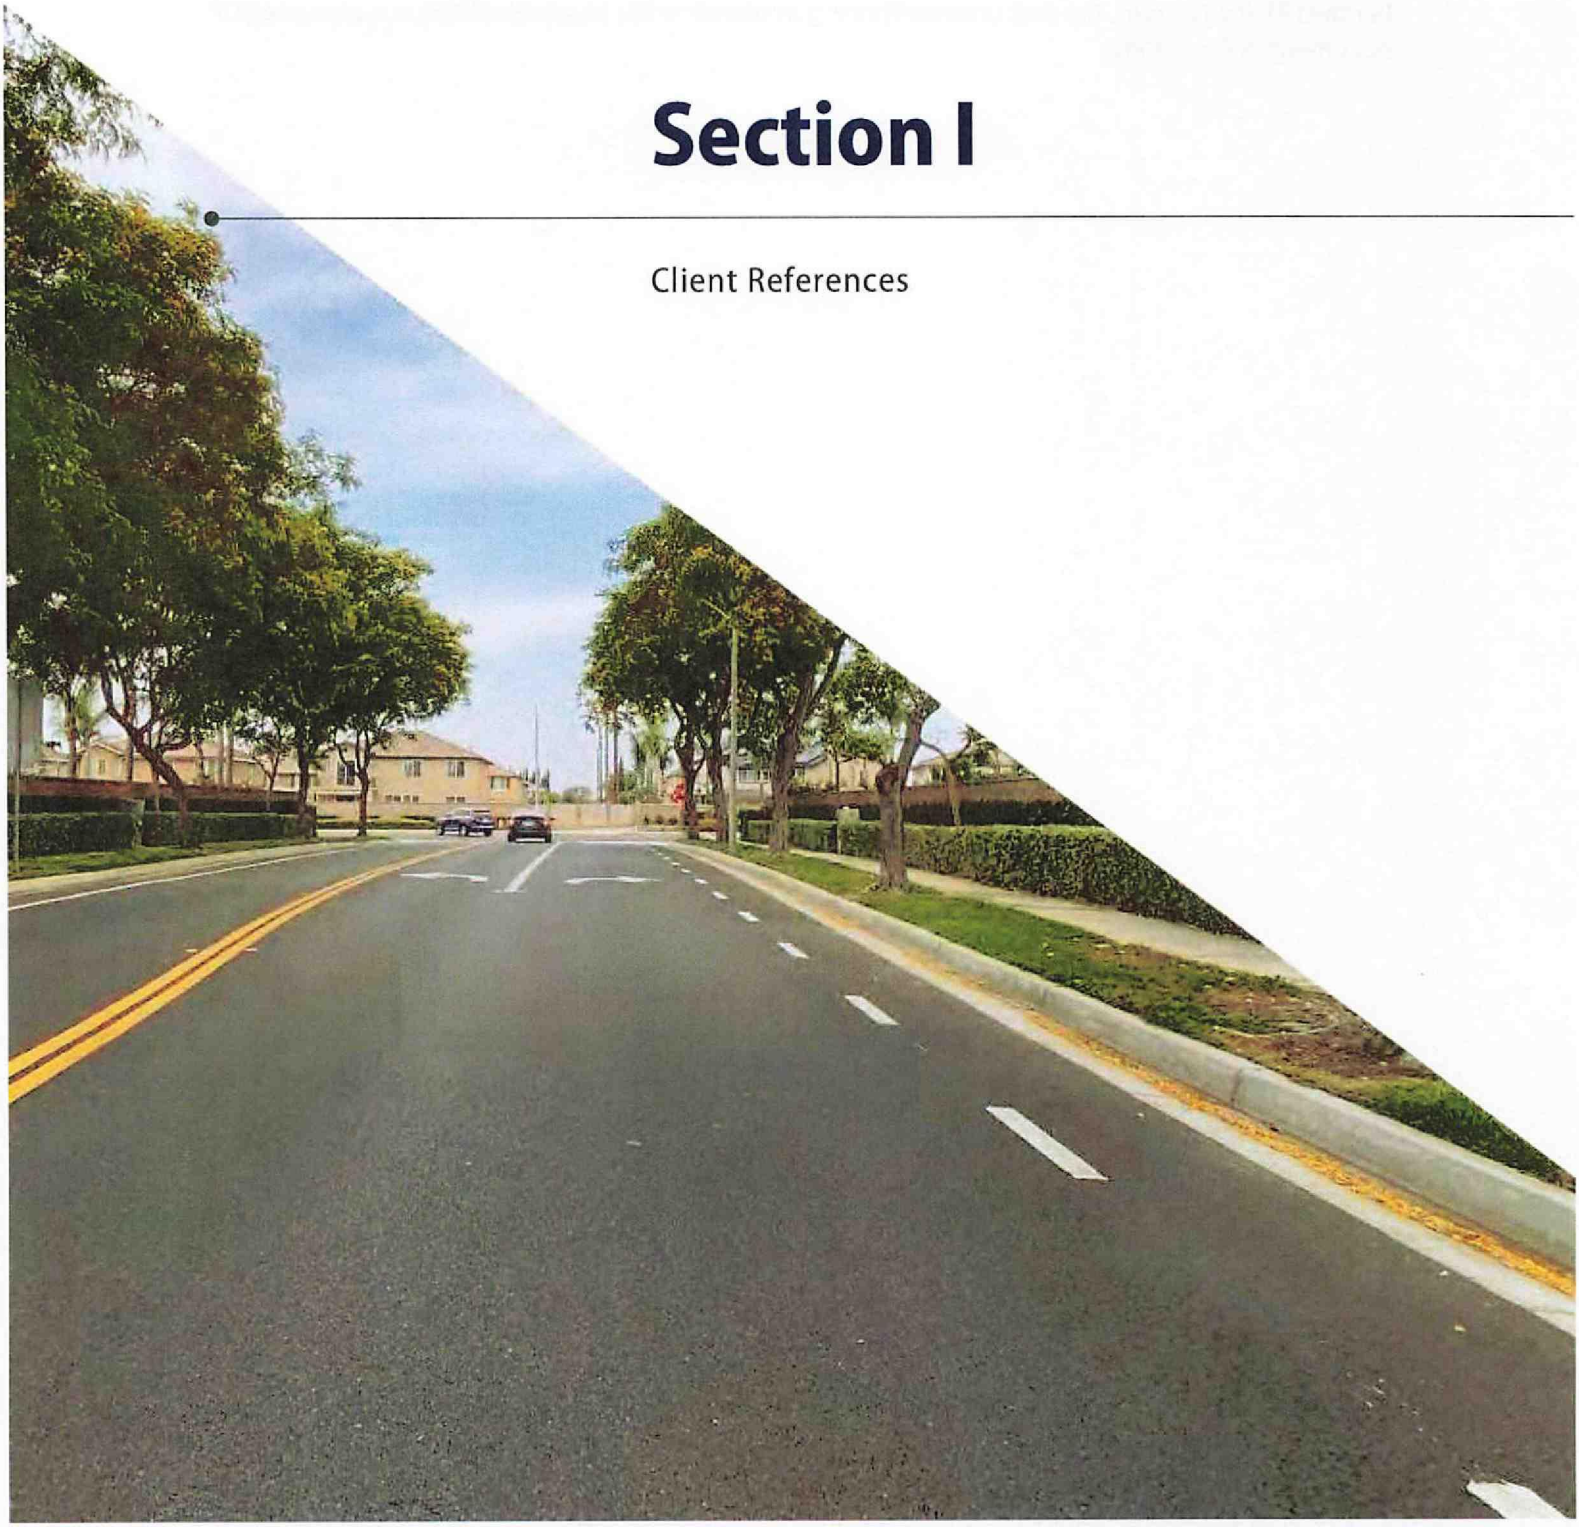
Cost Proposal

Cost Proposal

Per the RFP instructions, the cost proposal/pricing information has been submitted as a separate PDF document in PlanetBids.

Section I

Client References



Client References

We have established a successful track record through similar traffic engineering contracts. Below, we have included three client references.

City	Client Reference	Reference for Key Personnel
City of Temecula 2016-Present NTE $1,000,000	**On-Call Traffic Engineering Services, Including Traffic Signal Design** This contract includes relevant task orders and projects for traffic signal design and associated improvements. Refer to Section 2 for more information. An example project includes plans, specifications and estimates (PS&E) for the Traffic Signal Modification Improvements Project – Permissive Left-Turn to Protected/Permissive Left-Turn for five intersections citywide (2020-2022). Client Reference: Nick Minicilli, PE, TE, Senior Traffic Engineer (951) 693-3917, nick.minicilli@temeculaca.gov 41000 Main Street, Temecula, CA 92590	✓ Rob Blough ✓ PM: Christian Lambarth ✓ Phil Kern
City of Jurupa Valley 2015-Present NTE $250,000	**On-Call Traffic Engineering Services, Including Traffic Signal Design** Traffic Signal Design at Rubidoux/24th & Wineville/Riverside. Additionally, STC has assisted with traffic signal plan reviews and ITS and communication systems planning and design, prepared traffic signal modification plans and traffic signal timing, and much more citywide under this contract. Client Reference: Manuel (Manny) Gonzales, PE, QSD/QSP, Principal Civil Engineer, (951) 332-6464 Ext. 157 mgonzales@jurupavalley.org 8930 Limonite Avenue, Jurupa Valley, CA 92509	✓ PM: Rob Blough
City of Menifee 2015-Present NTE $400,000	**On-Call Traffic Engineering Services, Including Traffic Signal Design Projects** This contract includes relevant task orders and projects for traffic signal design and associated improvements. Refer to Section 2 for more information. Example projects include PS&E for Traffic Signal Design at Murrieta Rd./Rouse Rd. and Menifee Rd./La Piedra (2020-2022). Client Reference: Bryan Jones, P.E., AICP, Assistant City Manager (951) 723-3702, bjones@cityofmenifee.us 29844 Haun Rd, Menifee, CA 92586	✓ PM: Rob Blough ✓ Christian Lambarth

Section J

Appendices

Appendices

STC has included sample plans (traffic signal improvements, street improvements, and signing and striping improvements) for a representative project located at Baseline Avenue and Palmetto Avenue in the City of Fontana. Please see attached.

CITY OF FONTANA

BASELINE AVENUE AT PALMETTO AVENUE TRAFFIC SIGNAL PROJECT - TRAFFIC SIGNAL IMPROVEMENTS

GENERAL NOTES:

1. ALL WORK SHALL BE IN ACCORDANCE WITH THESE PLANS, THE CITY OF FONTANA STANDARD PLANS, THE CONTRACT PROVISIONS AND THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION ("GREEN BOOK"). ALL REFERENCE SPECIFICATIONS AND STANDARDS SHALL BE THE LATEST EDITION UNLESS OTHERWISE NOTED.
2. WHEN A TECHNICAL CONFLICT IS FOUND TO EXIST IN THE CONTRACT DOCUMENTS THAT CANNOT BE RESOLVED BY REFERENCE TO PRECEDENCE PROVISIONS IN THE "GREEN BOOK", THE CONTRACTOR SHALL IMMEDIATELY REPORT SAID CONFLICT TO THE CITY ENGINEER FOR RESOLUTION.
3. ALL MATERIALS AND METHODS ARE SUBJECT TO APPROVAL OF THE CITY ENGINEER.
4. CONSTRUCTION PERMITS SHALL BE OBTAINED FROM THE CITY OF FONTANA COMMUNITY DEVELOPMENT DEPARTMENT, ENGINEERING DIVISION PRIOR TO THE START OF ANY WORK. INSPECTION COORDINATION SHALL BE REQUESTED AT LEAST TWO WORKING DAYS PRIOR TO THE START OF ANY WORK IN PUBLIC RIGHT-OF-WAY WITHIN THE CITY LIMITS. CALL (909) 350-7610.
5. THE CONTRACTOR SHALL CONFORM TO ALL TRAFFIC CONTROL POLICIES, METHODS AND PROCEDURES DESCRIBED IN THE STATE OF CALIFORNIA MANUAL OF TRAFFIC CONTROLS, LATEST NON-METRIC EDITION UNLESS OTHERWISE DIRECTED BY THE CITY TRAFFIC ENGINEER.
6. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN BARRICADES, DELINEATORS OR OTHER TRAFFIC CONTROL DEVICES AT ALL TIMES.
7. THE CONTRACTOR SHALL OBTAIN A PERMIT TO PERFORM EXCAVATION OR TRENCH WORK FOR TRENCHES 5 FEET OR GREATER IN DEPTH FROM THE CALIFORNIA STATE DIVISION OF INDUSTRIAL SAFETY.
8. THE SIDES AND FACES OF ALL EXCAVATIONS GREATER THAN FIVE (5) FEET IN DEPTH SHALL BE GUARDED BY SHORING, SLOPING OF THE GROUND OR OTHER APPROVED MEANS PURSUANT TO THE REQUIREMENTS OF THE DIVISION OF INDUSTRIAL SAFETY OF THE STATE OF CALIFORNIA. TRENCHES LESS THAN FIVE (5) FEET SHALL ALSO BE GUARDED WHEN THE POTENTIAL EXISTS FOR GROUND MOVEMENT.
9. NO MATERIAL OR EQUIPMENT SHALL BE STORED IN THE PUBLIC RIGHT OF WAY WITHOUT OBTAINING A SEPARATE PERMIT FOR THAT PURPOSE.
10. THE LOCATIONS OF UTILITIES SHOWN HAVE BEEN DETERMINED FROM AVAILABLE INFORMATION, HOWEVER, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO DETERMINE, IN THE FIELD, THE TRUE LOCATION AND ELEVATION OF ANY EXISTING UTILITIES, AND TO EXERCISE PROPER PRECAUTION TO AVOID DAMAGE THERETO. THE CONTRACTOR SHALL CONTACT UNDERGROUND SERVICE ALERT AT 811 TWO WORKING DAYS BEFORE EXCAVATION.
11. THE CONTRACTOR SHALL COORDINATE CONSTRUCTION WITH ALL UTILITY COMPANIES INCLUDING, BUT NOT LIMITED TO, GAS, TELEPHONE, ELECTRIC, CABLE TELEVISION, LANDSCAPING, LANDSCAPE IRRIGATION, DOMESTIC WATER, RECLAIMED WATER, SEWER, STORM DRAIN, FLOOD CONTROL AND CALTRANS. ALL UTILITY COMPANIES SHALL BE GIVEN TWO WORKING DAYS NOTICE PRIOR TO WORK AROUND THEIR FACILITIES.
12. THE CONTRACTOR SHALL NOT OPERATE ANY FIRE HYDRANT OR WATER MAIN VALVES WITHOUT APPROPRIATE AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR THE VALVE OPERATION AND WATER REQUIREMENTS.
13. CURVE DATA REFERS TO THE FACE OF CURB.
14. STATIONING REFERS TO THE CENTERLINE OF STREETS EXCEPT WHERE OTHERWISE NOTED.
15. ACCURATE CONSTRUCTION CONTROL STAKES SHALL BE SET BY THE ENGINEER TO ENABLE THE CONTRACTOR TO CONSTRUCT THE WORK TO THE PLAN GRADES. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PRESERVATION OF BENCHMARKS AND CONSTRUCTION CONTROL STAKING DURING CONSTRUCTION.
16. THE CONTRACTOR SHALL NOT DISTURB EXISTING SURVEY MONUMENTS, MONUMENT TIES OR BENCHMARKS WITHOUT PRIOR NOTIFICATION TO THE CITY ENGINEER.
17. REMOVAL AND REPLACEMENT OF EXISTING SURVEY CONTROL, INCLUDING SURVEY MONUMENTS, MONUMENT TIES AND BENCHMARKS, SHALL BE DONE BY A REGISTERED CIVIL ENGINEER OR LICENSED LAND SURVEYOR. SURVEY MONUMENTS THAT WILL BE DESTROYED AS A RESULT OF THIS CONSTRUCTION SHALL BE REPLACED. THE CONTRACTOR SHALL NOTIFY THE ENGINEER ONE WEEK PRIOR TO CONSTRUCTION SO THAT TIES TO MONUMENTS CAN BE ESTABLISHED FOR LATER REPLACEMENT OF THE MONUMENT.
18. THE CONTRACTOR SHALL MAINTAIN ACCESS FOR LOCAL RESIDENTS AND BUSINESSES AT ALL TIMES. A MINIMUM 12-FOOT LANE SHALL BE MAINTAINED AT ALL TIMES IN THE CONSTRUCTION AREA FOR RESIDENTS AND EMERGENCY VEHICLES.
19. THE CONTRACTOR SHALL PROVIDE AND MAINTAIN AN EFFECTIVE MEANS OF DUST CONTROL, INCLUDING ADEQUATE WATERING, AT ALL TIMES.
20. ALL GRADING OPERATIONS SHALL BE DISCONTINUED WHEN SUSTAINED WIND VELOCITIES EXCEED 25 MILES PER HOUR.
21. THE CONTRACTOR SHALL NOT CAUSE ANY EXCAVATED MATERIAL, MUD, SILT, OR DEBRIS TO BE DEPOSITED ONTO PUBLIC OR PRIVATE PROPERTY ADJACENT TO THE RIGHT OF WAY DURING CONSTRUCTION WITHOUT PRIOR WRITTEN APPROVAL.
22. NO TRENCH BACKFILL SHALL TAKE PLACE WITHOUT PRIOR APPROVAL OF THE CITY INSPECTOR.
23. A GEOTECHNICAL ENGINEER SHALL CERTIFY ALL BACKFILL COMPACTION. FAILURE TO OBTAIN THE REQUIRED DENSITY SHALL REQUIRE RE-WORKING OF THAT PORTION OF THE WORK UNTIL THE SPECIFIED DENSITY IS OBTAINED.
24. CARE SHOULD BE TAKEN TO PREVENT GRADES, DITCHES, AND SWALES FROM UNDERMINING STREET IMPROVEMENTS. UPON INSPECTION OF THE SITE, THE CITY ENGINEER MAY REQUIRE TEMPORARY NON-ERODABLE SWALES ENTERING OR LEAVING IMPROVEMENTS.
25. THE FINAL LOCATION AND WIDTH OF DRIVEWAY APPROACH APRONS SHALL BE APPROVED AT THE TIME OF CONSTRUCTION AND SHALL CONFORM TO THE CITY OF FONTANA STANDARD DETAILS.
26. ALL EXPOSED CONCRETE SURFACES SHALL CONFORM IN GRADE, COLOR AND FINISH TO MATCH EXISTING CONCRETE.
27. THE SEWER CONTRACTOR SHALL STAMP "S" IN THE FACE OF THE CURB AT THE LOCATION OF THE SEWER LATERAL.
28. NO CONCRETE SHALL BE PLACED UNTIL THE FORMS AND REINFORCING STEEL HAVE BEEN PLACED, INSPECTED AND APPROVED.
29. ALL UNDERGROUND UTILITIES SHALL BE INSTALLED, TESTED, AND APPROVED PRIOR TO PAVING OF STREET.
30. APPROVED SOIL STERILANT IS REQUIRED UNDER ALL NEW ASPHALT PAVEMENT PRIOR TO PLACEMENT.
31. PAVEMENT STRUCTURAL SECTIONS SHOWN ARE HOWEVER AND SUBJECT TO REVISION AND APPROVAL OF THE CITY ENGINEER AS DETERMINED BY SOILS TESTS TAKEN AFTER COMPLETION OF ROUGH GRADING.
32. UPON COMPLETION OF CONSTRUCTION, CONTRACTOR SHALL RESTORE ALL SIGNING, STRIPING, BARRICADES, AND OTHER TRAFFIC CONTROL DEVICES TO THE SATISFACTION OF THE CITY TRAFFIC ENGINEER.
33. CONTRACTOR SHALL RELOCATE AND/OR REPLACE LANDSCAPING, SPRINKLERS AND SIDEWALKS AFFECTED BY THE CONSTRUCTION TO THE SATISFACTION OF THE CITY ENGINEER.
34. AS-BUILT DRAWING SHALL BE PROVIDED BY THE CONTRACTOR TO THE ENGINEER OF RECORD, WHO SHALL PROVIDE RECORD DRAWINGS TO THE CITY ENGINEER.

NOTES TO CONTRACTOR

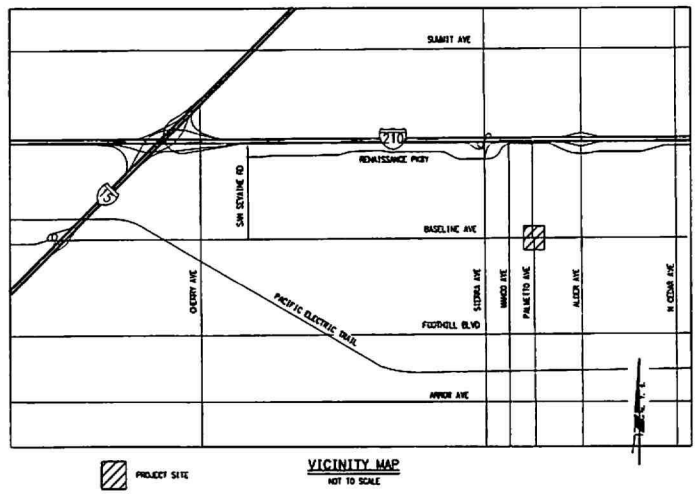
1. ALL SIDEWALK AND PARKWAY DISTURBED BY CONSTRUCTION SHALL BE RESTORED AND/OR REPLACED TO THE SATISFACTION OF THE ENGINEER.
2. CONTRACTOR SHALL DELIVER APPROVED SALVAGED EQUIPMENT TO THE CITY OF FONTANA PUBLIC WORKS YARD OR AS DIRECTED BY THE CITY'S REPRESENTATIVE. CONTACT PUBLIC WORKS STAFF 48 HOURS IN ADVANCE. OBTAIN A RECEIPT FOR ALL SALVAGED EQUIPMENT.
3. CONTRACTOR SHALL POT HOLE TO VERIFY DEPTH AND LOCATION OF EXISTING UTILITIES. PROTECT IN PLACE ALL EXISTING UNDERGROUND FACILITIES.
4. CONTRACTOR MUST PERFORM SITE VISIT WITH ENGINEER PRIOR TO CONSTRUCTION.
5. CONTRACTOR SHALL PROVIDE EQUIPMENT SUBMITTALS FOR CITY APPROVAL PRIOR TO ORDERING.
6. EXISTING ELECTRICAL ROUTING HAS BEEN SHOWN TO THE BEST EXTENT POSSIBLE VIA AS-BUILTS AND FIELD INVESTIGATION. CONTRACTOR TO VERIFY THE EXISTENCE AND HORIZONTAL/VERTICAL LOCATION OF ALL ELECTRICAL UTILITIES WITHIN THE PROJECT AREA AND SHALL COORDINATE WITH THE CITY TO INCORPORATE FIELD FINDINGS WHEN APPLICABLE.

DATUM STATEMENT:

VERTICAL BENCH MARK:
SAN BERNARDINO COUNTY SURVEYORS GPS CONTROL POINT NUMBER 21187, THE VERTICAL DATA PROVIDED ON ALL POINTS IS BASED UPON THE NORTH AMERICA VERTICAL DATUM OF 1929 AND IS CURRENTLY THE DATUM USED BY THE COUNTY OF SAN BERNARDINO, CITY OF FONTANA AND ALL OTHER INCORPORATED CITIES WITHIN THE COUNTY.

BASIS OF BEARINGS:
THE BASIS OF BEARING FOR THIS SURVEY IS THE CALIFORNIA COORDINATE SYSTEM NAD 83, ZONE 5, BETWEEN POINT 21187 AND 21265.

DATUM: NAVD29 ELEVATION: 1115.37'



VICINITY MAP
NOT TO SCALE

DECLARATION OF RESPONSIBLE CHARGE

I HEREBY DECLARE THAT I AM THE ENGINEER OF WORK FOR THIS PROJECT, THAT I HAVE EXERCISED RESPONSIBLE CHARGE OVER THE DESIGN OF THIS PROJECT AS DEFINED IN SECTION 6703 OF THE BUSINESS AND PROFESSIONAL CODE, AND THAT THE DESIGN IS CONSISTENT WITH CURRENT STANDARDS.

I UNDERSTAND THAT THE CHECK OF THESE PROJECT DRAWINGS AND SPECIFICATIONS BY THE CITY OF FONTANA IS CONFINED TO A REVIEW ONLY AND DOES NOT RELIEVE ME AS ENGINEER OF WORK OF MY RESPONSIBILITIES FOR THE PROJECT DESIGN.

TRAFFIC SIGNAL GENERAL NOTES

1. ALL WORK, MATERIALS, EQUIPMENT AND TEMPORARY TRAFFIC CONTROL SHALL CONFORM TO THESE PLANS, THE CITY OF FONTANA DESIGN STANDARDS, THE CITY'S SPECIAL PROVISIONS, SECTION E, CALTRANS STANDARD PLANS AND SPECIFICATIONS, LATEST EDITIONS, AND THE CALIFORNIA MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES, LATEST EDITION.
2. ALL REQUIRED CONSTRUCTION PERMITS SHALL BE OBTAINED FROM THE CITY OF FONTANA ENGINEERING DIVISION PRIOR TO COMMENCEMENT OF WORK.
3. CONTRACTOR SHALL FURNISH ALL EQUIPMENT, MATERIALS, AND HARDWARE TO CONSTRUCT THE TRAFFIC SIGNAL AND INTERCONNECT CIRCUIT AS SHOWN ON THE PLANS, EXCEPT ANY CITY FURNISHED OR PROVIDED AS NOTED IN SECTION E.
4. LOCATION OF ALL UNDERGROUND FACILITIES ARE APPROXIMATE. CONTRACTOR SHALL BE RESPONSIBLE FOR THE LOCATION AND PROTECTION OF ALL EXISTING FACILITIES WITHIN THE AREA OF CONSTRUCTION. THE CITY ENGINEER SHALL BE NOTIFIED OF ANY DISCREPANCIES OR CONFLICTS PRIOR TO COMMENCING WORK.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF ALL EXISTING SURVEY MONUMENTS OR MARKERS DURING CONSTRUCTION.
6. ALL PULLBOXES SHALL BE No. 6 AND CONDUIT SHALL BE 3" GALVANIZED RIGID METAL UNLESS OTHERWISE SHOWN.
7. ANCHOR BOLTS FOR TYPE 1A POLES SHALL HAVE SLEEVE NUTS (PER DETAIL C OF RSP ES-7B).
8. ALL VEHICLE INDICATIONS SHALL BE 12" AND HAVE L.E.D. SIGNAL MODULES. ALL PEDESTRIAN HEADS SHALL HAVE L.E.D. PEDESTRIAN MODULES & UTILIZE PEDESTRIAN COUNTDOWN TIMERS PER SPECIAL PROVISIONS.
9. ANY EXISTING TRAFFIC SIGNALS AND LIGHTING SHALL REMAIN IN OPERATION UNTIL REPLACED WITH NEW CONSTRUCTION.
10. CONTRACTOR SHALL OBTAIN APPROVAL FROM THE ENGINEER FOR EXACT EQUIPMENT LOCATIONS PRIOR TO FINAL PLACEMENT. SEE PLANS FOR MORE INFORMATION.
11. CONTROLLER AND SERVICE CABINETS SHALL NOT BE SUBJECTED TO WATER FROM SPRINKLERS. CONTRACTOR SHALL MODIFY SPRINKLER SYSTEMS AS NECESSARY.
12. CONTRACTOR SHALL INSTALL CITY-SUPPLIED REINFORCING CABLES AND ASSOCIATED HARDWARE (2 PER SIGN) ON OVERHEAD REFLECTIVE STREET NAME SIGNS IN ACCORDANCE WITH CITY DESIGN STANDARD 4102.
13. ALL OPEN EXCAVATIONS WITHIN THE PUBLIC RIGHT-OF-WAY SHALL BE BACK-FILLED PER CITY STD. 1000 OR STEEL PLATED PER CITY STD. 1000 DURING NON-WORKING HOURS. "STEEL PLATES AHEAD" WARNING SIGNS SHALL BE POSTED IN ADVANCE OF STEEL PLATE BRIDGING. PERMANENT TRENCH REPAIR SHALL BE PER CITY STD. 1000.
14. THE CONTRACTOR SHALL REPAIR/REPLACE/RELOCATE ANY AND ALL DAMAGED LANDSCAPING, IRRIGATION, SIDEWALK, CURB, PAVEMENT OR ROADWAY STRIPING TO THE SATISFACTION OF THE ENGINEER.
15. CONTRACTOR SHALL REFER TO THE CITY ENGINEER IN THE EVENT OF A CONFLICT OR POTENTIAL CONFLICT WITH THESE PLANS AND/OR SPECIFICATIONS FOR THIS PROJECT.
16. AS-BUILT DRAWINGS SHALL BE PROVIDED BY THE CONTRACTOR TO THE ENGINEER OF RECORD, WHO SHALL PROVIDE RECORD DRAWINGS AND ELECTRONIC AUTOCAD FILES TO THE CITY ENGINEER.
17. AS FIRST ORDER OF WORK THE CONTRACTOR SHALL POT HOLE ALL POLE LOCATIONS PRIOR TO ORDERING OF MATERIAL.
18. ALL COMMUNICATION PULL BOXES SHALL BE NO. 6S AND COMMUNICATION CONDUIT SHALL BE 3" GALVANIZED RIGID METAL UNLESS OTHERWISE SHOWN ON PLANS. ALL SPLICE VAULTS SHALL CONFORM TO CITY DESIGN STANDARD 4103 AND SECTION E. PULL BOXES AND SPLICE VAULTS SHALL BE INSTALLED PER CALTRANS AND SECTION E SPECIFICATIONS.
19. PULL BOXES AND SPLICE VAULTS SHALL NOT BE INSTALLED WITHIN THE BOUNDARIES OF NEW OR EXISTING WHEEL CHAIR RAMPS.
20. WHEN PULL BOXES AND SPLICE VAULTS ARE INSTALLED WITHIN SIDEWALK, THE DEPTH SHALL BE ADJUSTED SO THAT THE TOP IS FLUSH WITH THE TOP OF THE SIDEWALK. WHEN INSTALLED IN UNDERGROUND AREAS, THE DEPTH SHALL BE ADJUSTED SO THAT THE TOP IS 1" ABOVE GRADE.
21. WITHIN EACH PULL BOX AND SPLICE VAULT, ALL CONDUITS SHALL BE SEALED WITH SEALING COMPOUND. ALL GROUND CONNECTIONS SHALL BE COATED WITH OXIDATION PROHIBITING COMPOUND. PULL BOXES AND SPLICE VAULTS SHALL BE SEALED AFTER ALL CONDUIT ENTRANCES HAVE BEEN MADE.
22. CONTRACTOR SHALL SUPPLY AND INSTALL 1" MULE TAPE IN ALL EMPTY CONDUITS.

CONSTRUCTION NOTES

1. INSTALL CITY FURNISHED TYPE 90 CONTROLLER EQUIPMENT PACKAGE INCLUDING TYPE "M" CABINET, LOOP DETECTION SYSTEM AND APPURTENANT EQUIPMENT PER MANUFACTURER'S SPECIFICATIONS. CONTROLLER CABINET AND FOUNDATION SHALL BE INSTALLED PER CITY STANDARD PLAN 4100.
2. FURNISH AND INSTALL TYPE III-SP SERVICE EQUIPMENT ENCLOSURE PER CITY OF FONTANA AND SOUTHERN CALIFORNIA EDISON COMPANY REQUIREMENTS.
3. FURNISH AND INSTALL PULL BOX. SIZE PER PLAN.
4. FURNISH AND INSTALL 3" SCHEDULE 40 PVC CONDUIT WITH 1/4" POLY PULL ROPE AND PULL BOX PER SCE REQUIREMENTS. COORDINATE SERVICE WITH SCE PLANNING DEPARTMENT AT 909-357-6316. VERIFY PHONE NUMBERS AT TIME OF CONSTRUCTION.
5. FURNISH AND INSTALL 2" RIGID CONDUIT. CONDUCTORS PER PLAN.
6. FURNISH AND INSTALL NEW 6' DETECTOR LOOP. SEE LOOP PLACEMENT & SAWCUT DETAIL.
7. FURNISH AND INSTALL NEW MAST ARM MOUNTED SIGN PER PLAN AND CALTRANS STD PLAN ES-7N, DETAIL U.
8. FURNISH AND INSTALL NEW POLE MOUNTED SIGN PER PLAN AND CALTRANS STD R54 AND CITY OF FONTANA STD PLAN NO. 4003.
9. INSTALL CITY FURNISHED EVP OPTICAL DETECTOR WITH MOUNTING PER DETAIL "B".
10. FURNISH AND INSTALL CCTV CAMERA PER CITY DESIGN STANDARD 4104 AND MANUFACTURER'S REQUIREMENTS. TERMINATE CCTV ETHERNET CABLE AT CAMERA AND WITHIN CONTROLLER CABINET PER MANUFACTURER'S SPECIFICATIONS.

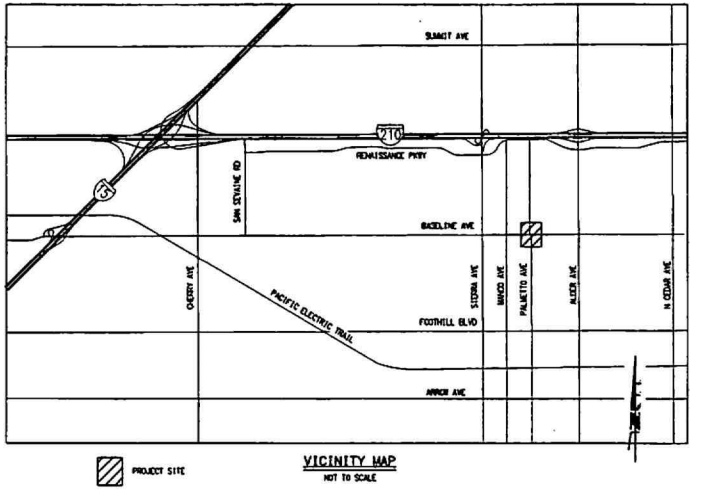
GENERAL NOTES:

1. ALL WORK SHALL BE IN ACCORDANCE WITH THESE PLANS, THE CITY OF FONTANA STANDARD PLANS, THE CONTRACT PROVISIONS AND THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION ("GREEN BOOK"). ALL REFERENCE SPECIFICATIONS AND STANDARDS SHALL BE THE LATEST EDITION UNLESS OTHERWISE NOTED.
2. WHEN A TECHNICAL CONFLICT IS FOUND TO EXIST IN THE CONTRACT DOCUMENTS THAT CANNOT BE RESOLVED BY REFERENCE TO PRECEDENCE PROVISIONS IN THE "GREEN BOOK", THE CONTRACTOR SHALL IMMEDIATELY REPORT SAID CONFLICT TO THE CITY ENGINEER FOR RESOLUTION.
3. ALL MATERIALS AND METHODS ARE SUBJECT TO APPROVAL OF THE CITY ENGINEER.
4. CONSTRUCTION PERMITS SHALL BE OBTAINED FROM THE CITY OF FONTANA COMMUNITY DEVELOPMENT DEPARTMENT, ENGINEERING DIVISION PRIOR TO THE START OF ANY WORK. INSPECTION COORDINATION SHALL BE REQUESTED AT LEAST TWO WORKING DAYS PRIOR TO THE START OF ANY WORK IN PUBLIC RIGHT-OF-WAY WITHIN THE CITY LIMITS. CALL (909) 350-7610.
5. THE CONTRACTOR SHALL CONFORM TO ALL TRAFFIC CONTROL POLICIES, METHODS AND PROCEDURES DESCRIBED IN THE STATE OF CALIFORNIA MANUAL OF TRAFFIC CONTROLS, LATEST NON-METRIC EDITION UNLESS OTHERWISE DIRECTED BY THE CITY TRAFFIC ENGINEER.
6. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN BARRICADES, DELINEATORS OR OTHER TRAFFIC CONTROL DEVICES AT ALL TIMES.
7. THE CONTRACTOR SHALL OBTAIN A PERMIT TO PERFORM EXCAVATION OR TRENCH WORK FOR TRENCHES 5 FEET OR GREATER IN DEPTH FROM THE CALIFORNIA STATE DIVISION OF INDUSTRIAL SAFETY.
8. THE WALLS AND FACES OF ALL EXCAVATIONS GREATER THAN FIVE (5) FEET IN DEPTH SHALL BE GUARDED BY SHORING, SLOPING OF THE GROUND OR OTHER APPROVED MEANS PURSUANT TO THE REQUIREMENTS OF THE DIVISION OF INDUSTRIAL SAFETY OF THE STATE OF CALIFORNIA. TRENCHES LESS THAN FIVE (5) FEET SHALL ALSO BE GUARDED WHEN THE POTENTIAL EXISTS FOR GROUND MOVEMENT.
9. NO MATERIAL OR EQUIPMENT SHALL BE STORED IN THE PUBLIC RIGHT OF WAY WITHOUT OBTAINING A SEPARATE PERMIT FOR THAT PURPOSE.
10. THE LOCATIONS OF UTILITIES SHOWN HAVE BEEN DETERMINED FROM AVAILABLE INFORMATION, HOWEVER, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO DETERMINE, IN THE FIELD, THE TRUE LOCATION AND ELEVATION OF ANY EXISTING UTILITIES, AND TO EXERCISE PROPER PRECAUTION TO AVOID DAMAGE THERETO. THE CONTRACTOR SHALL CONTACT UNDERGROUND SERVICE ALERT AT 811 TWO WORKING DAYS BEFORE EXCAVATION.
11. THE CONTRACTOR SHALL COORDINATE CONSTRUCTION WITH ALL UTILITY COMPANIES INCLUDING, BUT NOT LIMITED TO, GAS, TELEPHONE, ELECTRIC, CABLE TELEVISION, LANDSCAPING, LANDSCAPE IRRIGATION, DOMESTIC WATER, RECLAIMED WATER, SEWER, STORM DRAIN, FLOOD CONTROL AND CALTRANS. ALL UTILITY COMPANIES SHALL BE GIVEN TWO WORKING DAYS NOTICE PRIOR TO WORK AROUND THEIR FACILITIES.
12. THE CONTRACTOR SHALL NOT OPERATE ANY FIRE HYDRANT OR WATER MAIN VALVES WITHOUT APPROPRIATE AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR THE VALVE OPERATION AND WATER REQUIREMENTS.
13. CURBS DATA REFERS TO THE FACE OF CURB.
14. STATIONING REFERS TO THE CENTERLINE OF STREETS EXCEPT WHERE OTHERWISE NOTED.
15. ADEQUATE CONSTRUCTION CONTROL STAKES SHALL BE SET BY THE ENGINEER TO ENABLE THE CONTRACTOR TO CONSTRUCT THE WORK TO THE PLAN GRADES. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PRESERVATION OF BENCHMARKS AND CONSTRUCTION CONTROL STAKING DURING CONSTRUCTION.
16. THE CONTRACTOR SHALL NOT DISTURB EXISTING SURVEY MONUMENTS, MONUMENT TIES OR BENCHMARKS WITHOUT PRIOR NOTIFICATION TO THE CITY ENGINEER.
17. REMOVAL AND REPLACEMENT OF EXISTING SURVEY CONTROL, INCLUDING SURVEY MONUMENTS, MONUMENT TIES AND BENCHMARKS, SHALL BE DONE BY A REGISTERED CIVIL ENGINEER OR LICENSED LAND SURVEYOR. SURVEY MONUMENTS THAT WILL BE DESTROYED AS A RESULT OF THIS CONSTRUCTION SHALL BE REPLACED. THE CONTRACTOR SHALL NOTIFY THE ENGINEER ONE WEEK PRIOR TO CONSTRUCTION SO THAT TIES TO MONUMENTS CAN BE ESTABLISHED FOR LATER REPLACEMENT OF THE MONUMENT.
18. THE CONTRACTOR SHALL MAINTAIN ACCESS FOR LOCAL RESIDENTS AND BUSINESSES AT ALL TIMES. A MINIMUM 12-FOOT LANE SHALL BE MAINTAINED AT ALL TIMES IN THE CONSTRUCTION AREA FOR RESIDENTS AND EMERGENCY VEHICLES.
19. THE CONTRACTOR SHALL PROVIDE AND MAINTAIN AN EFFECTIVE MEANS OF DUST CONTROL, INCLUDING ADEQUATE WATERING, AT ALL TIMES.
20. ALL GRADING OPERATIONS SHALL BE DISCONTINUED WHEN SUSTAINED WIND VELOCITIES EXCEED 25 MILES PER HOUR.
21. THE CONTRACTOR SHALL NOT CAUSE ANY EXCAVATED MATERIAL, MUD, SILT, OR DEBRIS TO BE DEPOSITED ONTO PUBLIC OR PRIVATE PROPERTY ADJACENT TO THE RIGHT OF WAY DURING CONSTRUCTION WITHOUT PRIOR WRITTEN APPROVAL.
22. NO TRENCH BACKFILL SHALL TAKE PLACE WITHOUT PRIOR APPROVAL OF THE CITY INSPECTOR.
23. A GEOTECHNICAL ENGINEER SHALL CERTIFY ALL BACKFILL COMPACTION. FAILURE TO OBTAIN THE REQUIRED DENSITY SHALL REQUIRE RE-WORKING OF THAT PORTION OF THE WORK UNTIL THE SPECIFIED DENSITY IS OBTAINED.
24. CARE SHOULD BE TAKEN TO PREVENT GULLIES, DITCHES, AND SWALES FROM UNDERMINING STREET IMPROVEMENTS. UPON INSPECTION OF THE SITE, THE CITY ENGINEER MAY REQUIRE TEMPORARY NON-ERODABLE SWALES ENTERING OR LEAVING IMPROVEMENTS.
25. THE FINAL LOCATION AND WIDTH OF DRIVEWAY APPROACH APRONS SHALL BE APPROVED AT THE TIME OF CONSTRUCTION AND SHALL CONFORM TO THE CITY OF FONTANA STANDARD DETAILS.
26. ALL EXPOSED CONCRETE SURFACES SHALL CONFORM IN GRADE, COLOR AND FINISH TO MATCH EXISTING CONCRETE.
27. THE SEWER CONTRACTOR SHALL STAMP "S" IN THE FACE OF THE CURB AT THE LOCATION OF THE SEWER LATERAL.
28. NO CONCRETE SHALL BE PLACED UNTIL THE FORMS AND REINFORCING STEEL HAVE BEEN PLACED, INSPECTED AND APPROVED.
29. ALL UNDERGROUND UTILITIES SHALL BE INSTALLED, TESTED, AND APPROVED PRIOR TO PAVING OF STREET.
30. APPROVED SOIL STERILANT IS REQUIRED UNDER ALL NEW ASPHALT PAVEMENT PRIOR TO PLACEMENT.
31. PAVEMENT STRUCTURAL SECTIONS SHOWN ARE HONDAM AND SUBJECT TO REVISION AND APPROVAL OF THE CITY ENGINEER AS DETERMINED BY SOILS TESTS TAKEN AFTER COMPLETION OF ROUGH GRADING.
32. UPON COMPLETION OF CONSTRUCTION, CONTRACTOR SHALL RESTORE ALL SIGNING, STRIPING, BARRICADES, AND OTHER TRAFFIC CONTROL DEVICES TO THE SATISFACTION OF THE CITY TRAFFIC ENGINEER.
33. CONTRACTOR SHALL RELOCATE AND/OR REPLACE LANDSCAPING, SPRINKLERS AND SIDEWALKS AFFECTED BY THE CONSTRUCTION TO THE SATISFACTION OF THE CITY ENGINEER.
34. AS-BUILT DRAWING SHALL BE PROVIDED BY THE CONTRACTOR TO THE ENGINEER OF RECORD, WHO SHALL PROVIDE RECORD DRAWINGS TO THE CITY ENGINEER.



VICINITY MAP

DECLARATION OF RESPONSIBLE CHARGE

I HEREBY DECLARE THAT I AM THE ENGINEER OF WORK FOR THIS PROJECT, THAT I HAVE EXERCISED RESPONSIBLE CHARGE OVER THE DESIGN OF THIS PROJECT AS DEFINED IN SECTION 6703 OF THE BUSINESS AND PROFESSIONAL CODE, AND THAT THE DESIGN IS CONSISTENT WITH CURRENT STANDARDS.

I UNDERSTAND THAT THE CHECK OF THESE PROJECT DRAWINGS AND SPECIFICATIONS BY THE CITY OF FONTANA IS CONFINED TO A REVIEW ONLY AND DOES NOT RELIEVE ME AS ENGINEER OF WORK OF MY RESPONSIBILITIES FOR THE PROJECT DESIGN.

FIRM: STC TRAFFIC, INC
ADDRESS: 5973 AVENIDA ENCINAS, SUITE 210

NOTES TO CONTRACTOR

1. ALL SIDEWALK AND PARKWAY DISTURBED BY CONSTRUCTION SHALL BE RESTORED AND/OR REPLACED TO THE SATISFACTION OF THE ENGINEER.
2. CONTRACTOR SHALL DELIVER APPROVED SALVAGED EQUIPMENT TO THE CITY OF FONTANA PUBLIC WORKS YARD OR AS DIRECTED BY THE CITY'S REPRESENTATIVE. CONTACT PUBLIC WORKS STAFF 48 HOURS IN ADVANCE. OBTAIN A RECEIPT FOR ALL SALVAGED EQUIPMENT.
3. CONTRACTOR SHALL POT HOLE TO VERIFY DEPTH AND LOCATION OF EXISTING UTILITIES. PROTECT IN PLACE ALL EXISTING UNDERGROUND FACILITIES.
4. CONTRACTOR MUST PERFORM SITE VISIT WITH ENGINEER PRIOR TO CONSTRUCTION.
5. CONTRACTOR SHALL PROVIDE EQUIPMENT SUBMITTALS FOR CITY APPROVAL PRIOR TO ORDERING.
6. EXISTING ELECTRICAL ROUTING HAS BEEN SHOWN TO THE BEST EXTENT POSSIBLE VIA AS-BUILTS AND FIELD INVESTIGATION. CONTRACTOR TO VERIFY THE EXISTENCE AND HORIZONTAL/VERTICAL LOCATION OF ALL ELECTRICAL UTILITIES WITHIN THE PROJECT AREA AND SHALL COORDINATE WITH THE CITY TO INCORPORATE FIELD FINDINGS WHEN APPLICABLE.

DATUM STATEMENT:

VERTICAL BENCH MARK:
SAN BERNARDINO COUNTY SURVEYORS GPS CONTROL POINT NUMBER 21157, THE VERTICAL DATA PROVIDED ON ALL POINTS IS BASED UPON THE NORTH AMERICA VERTICAL DATUM OF 1929 AND IS CURRENTLY THE DATUM USED BY THE COUNTY OF SAN BERNARDINO, CITY OF FONTANA AND ALL OTHER INCORPORATED CITIES WITHIN THE COUNTY.

BASIS OF BEARINGS:
THE BASIS OF BEARING FOR THIS SURVEY IS THE CALIFORNIA COORDINATE SYSTEM NAD 83, ZONE 5, BETWEEN POINT 21157 AND 21260.

CITY OF FONTANA - 100% DRAFT - NOT FOR CONSTRUCTION

CITY OF FONTANA

BASELINE AVENUE AT PALMETTO AVENUE TRAFFIC SIGNAL PROJECT - SIGNING AND STRIPING IMPROVEMENTS

GENERAL NOTES:

1. ALL WORK SHALL BE IN ACCORDANCE WITH THESE PLANS, THE CITY OF FONTANA STANDARD PLANS, THE CONTRACT PROVISIONS AND THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION ("GREEN BOOK"). ALL REFERENCE SPECIFICATIONS AND STANDARDS SHALL BE THE LATEST EDITION UNLESS OTHERWISE NOTED.
2. WHEN A TECHNICAL CONFLICT IS FOUND TO EXIST IN THE CONTRACT DOCUMENTS THAT CANNOT BE RESOLVED BY REFERENCE TO PRECEDENCE PROVISIONS IN THE "GREEN BOOK", THE CONTRACTOR SHALL IMMEDIATELY REPORT SAID CONFLICT TO THE CITY ENGINEER FOR RESOLUTION
3. ALL MATERIALS AND METHODS ARE SUBJECT TO APPROVAL OF THE CITY ENGINEER.
4. CONSTRUCTION PERMITS SHALL BE OBTAINED FROM THE CITY OF FONTANA COMMUNITY DEVELOPMENT DEPARTMENT, ENGINEERING DIVISION PRIOR TO THE START OF ANY WORK. INSPECTION COORDINATION SHALL BE REQUESTED AT LEAST TWO WORKING DAYS PRIOR TO THE START OF ANY WORK IN PUBLIC RIGHT-OF-WAY WITHIN THE CITY LIMITS. CALL (909) 350-7610.
5. THE CONTRACTOR SHALL CONFORM TO ALL TRAFFIC CONTROL POLICIES, METHODS AND PROCEDURES DESCRIBED IN THE STATE OF CALIFORNIA MANUAL OF TRAFFIC CONTROLS, LATEST NON-METRIC EDITION UNLESS OTHERWISE DIRECTED BY THE CITY TRAFFIC ENGINEER.
6. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN BARRICADES, DELINEATORS OR OTHER TRAFFIC CONTROL DEVICES AT ALL TIMES.
7. THE CONTRACTOR SHALL OBTAIN A PERMIT TO PERFORM EXCAVATION OR TRENCH WORK FOR TRENCHES 5 FEET OR GREATER IN DEPTH FROM THE CALIFORNIA STATE DIVISION OF INDUSTRIAL SAFETY.
8. THE BALLS AND FACES OF ALL EXCAVATIONS GREATER THAN FIVE (5) FEET IN DEPTH SHALL BE GUARDED BY SHORING, SLOPING OF THE GROUND OR OTHER APPROVED MEANS PURSUANT TO THE REQUIREMENTS OF THE DIVISION OF INDUSTRIAL SAFETY OF THE STATE OF CALIFORNIA. TRENCHES LESS THAN FIVE (5) FEET SHALL ALSO BE GUARDED WHEN THE POTENTIAL EXISTS FOR GROUND MOVEMENT.
9. NO MATERIAL OR EQUIPMENT SHALL BE STORED IN THE PUBLIC RIGHT OF WAY WITHOUT OBTAINING A SEPARATE PERMIT FOR THAT PURPOSE.
10. THE LOCATIONS OF UTILITIES SHOWN HAVE BEEN DETERMINED FROM AVAILABLE INFORMATION. HOWEVER, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO DETERMINE, IN THE FIELD, THE TRUE LOCATION AND ELEVATION OF ANY EXISTING UTILITIES, AND TO EXERCISE PROPER PRECAUTION TO AVOID DAMAGE THERETO. THE CONTRACTOR SHALL CONTACT UNDERGROUND SERVICE ALERT AT 811 TWO WORKING DAYS BEFORE EXCAVATION.
11. THE CONTRACTOR SHALL COORDINATE CONSTRUCTION WITH ALL UTILITY COMPANIES INCLUDING, BUT NOT LIMITED TO, GAS, TELEPHONE, ELECTRIC, CABLE TELEVISION, LANDSCAPING, LANDSCAPE IRRIGATION, DOMESTIC WATER, RECLAIMED WATER, SEWER, STORM DRAIN, FLOOD CONTROL AND CALTRANS. ALL UTILITY COMPANIES SHALL BE GIVEN TWO WORKING DAYS NOTICE PRIOR TO WORK AROUND THEIR FACILITIES.
12. THE CONTRACTOR SHALL NOT OPERATE ANY FIRE HYDRANT OR WATER MAIN VALVES WITHOUT APPROPRIATE AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR AGENCY AUTHORIZATION. CONTRACTOR SHALL COORDINATE WITH THE APPROPRIATE WATER COMPANY FOR THE VALVE OPERATION AND WATER REQUIREMENTS.
13. CURBS: DATA REFERS TO THE FACE OF CURB.
14. STATIONING REFERS TO THE CENTERLINE OF STREETS EXCEPT WHERE OTHERWISE NOTED.
15. ACCURATE CONSTRUCTION CONTROL STAKES SHALL BE SET BY THE ENGINEER TO ENABLE THE CONTRACTOR TO CONSTRUCT THE WORK TO THE PLAN GRADES. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PRESERVATION OF BENCHMARKS AND CONSTRUCTION CONTROL STAKING DURING CONSTRUCTION.
16. THE CONTRACTOR SHALL NOT DISTURB EXISTING SURVEY MONUMENTS, MONUMENT TIES OR BENCHMARKS WITHOUT PRIOR NOTIFICATION TO THE CITY ENGINEER.
17. REMOVAL AND REPLACEMENT OF EXISTING SURVEY CONTROL, INCLUDING SURVEY MONUMENTS, MONUMENT TIES AND BENCHMARKS, SHALL BE DONE BY A REGISTERED CIVIL ENGINEER OR LICENSED LAND SURVEYOR. SURVEY MONUMENTS THAT WILL BE DESTROYED AS A RESULT OF THIS CONSTRUCTION SHALL BE REPLACED. THE CONTRACTOR SHALL NOTIFY THE ENGINEER ONE WEEK PRIOR TO CONSTRUCTION SO THAT TIES TO MONUMENTS CAN BE ESTABLISHED FOR LATER REPLACEMENT OF THE MONUMENT.
18. THE CONTRACTOR SHALL MAINTAIN ACCESS FOR LOCAL RESIDENTS AND BUSINESSES AT ALL TIMES. A MINIMUM 12-FOOT LANE SHALL BE MAINTAINED AT ALL TIMES IN THE CONSTRUCTION AREA FOR RESIDENTS AND EMERGENCY VEHICLES.
19. THE CONTRACTOR SHALL PROVIDE AND MAINTAIN AN EFFECTIVE MEANS OF DUST CONTROL, INCLUDING ADEQUATE WATERING, AT ALL TIMES.
20. ALL GRADING OPERATIONS SHALL BE DISCONTINUED WHEN SUSTAINED WIND VELOCITIES EXCEED 25 MILES PER HOUR.
21. THE CONTRACTOR SHALL NOT CAUSE ANY EXCAVATED MATERIAL, MUD, SILT, OR DEBRIS TO BE DEPOSITED ONTO PUBLIC OR PRIVATE PROPERTY ADJACENT TO THE RIGHT OF WAY DURING CONSTRUCTION WITHOUT PRIOR WRITTEN APPROVAL.
22. NO TRENCH BACKFILL SHALL TAKE PLACE WITHOUT PRIOR APPROVAL OF THE CITY INSPECTOR.
23. A GEOTECHNICAL ENGINEER SHALL CERTIFY ALL BACKFILL COMPACTION FAILURE TO OBTAIN THE REQUIRED DENSITY SHALL REQUIRE RE-WORKING OF THAT PORTION OF THE WORK UNTIL THE SPECIFIED DENSITY IS OBTAINED.
24. CARE SHOULD BE TAKEN TO PREVENT GRADES, DITCHES, AND SWALES FROM UNDERMINING STREET IMPROVEMENTS. UPON INSPECTION OF THE SITE, THE CITY ENGINEER MAY REQUIRE TEMPORARY NON-ERODABLE SWALES ENTERING OR LEAVING IMPROVEMENTS.
25. THE FINAL LOCATION AND WIDTH OF ENTRYWAY APPROACH APRONS SHALL BE APPROVED AT THE TIME OF CONSTRUCTION AND SHALL CONFORM TO THE CITY OF FONTANA STANDARD DETAILS.
26. ALL EXPOSED CONCRETE SURFACES SHALL CONFORM IN GRADE, COLOR AND FINISH TO MATCH EXISTING CONCRETE.
27. THE SEWER CONTRACTOR SHALL STAMP "S" IN THE FACE OF THE CURB AT THE LOCATION OF THE SEWER LATERAL.
28. NO CONCRETE SHALL BE PLACED UNTIL THE FORMS AND REINFORCING STEEL HAVE BEEN PLACED, INSPECTED AND APPROVED.
29. ALL UNDERGROUND UTILITIES SHALL BE INSTALLED, TESTED, AND APPROVED PRIOR TO PAVING OF STREET.
30. APPROVED SOIL STERILANT IS REQUIRED UNDER ALL NEW ASPHALT PAVEMENT PRIOR TO PLACEMENT.
31. PAVEMENT STRUCTURAL SECTIONS SHOWN ARE MINIMUM AND SUBJECT TO REVISION AND APPROVAL OF THE CITY ENGINEER AS DETERMINED BY SOILS TESTS TAKEN AFTER COMPLETION OF ROUGH GRADING.
32. UPON COMPLETION OF CONSTRUCTION, CONTRACTOR SHALL RESTORE ALL SIGNING, STRIPING, BARRICADES, AND OTHER TRAFFIC CONTROL DEVICES TO THE SATISFACTION OF THE CITY TRAFFIC ENGINEER.
33. CONTRACTOR SHALL RELOCATE AND/OR REPLACE LANDSCAPING, SPRINKLERS AND SIDEWALKS AFFECTED BY THE CONSTRUCTION TO THE SATISFACTION OF THE CITY ENGINEER.
34. AS-BUILT DRAWING SHALL BE PROVIDED BY THE CONTRACTOR TO THE ENGINEER OF RECORD, WHO SHALL PROVIDE RECORD DRAWINGS TO THE CITY ENGINEER.

CONSTRUCTION NOTES

1. INSTALL 12" THERMOPLASTIC SOLID WHITE CROSSWALK LINE PER CALTRANS 2018 STD PLAN A24F. CROSSWALK SHALL BE 10' WIDE.
2. INSTALL 12" THERMOPLASTIC LIMIT LINE PER CALTRANS 2018 STD PLAN A24E. LIMIT LINE SHALL BE 4' SET BACK FROM CROSSWALK LINE.
3. INSTALL 8" DOUBLE-YELLOW NO PASSING ZONES-TWO DIRECTION STRIPING PER CALTRANS 2018 STD PLAN A20A DETAIL 22.
4. INSTALL 8" DOUBLE-YELLOW MEDIAN ISLAND STRIPING PER CALTRANS 2018 STD PLAN A20B DETAIL 29.
5. INSTALL 8" DOUBLE-YELLOW TWO-WAY LEFT TURN LANE MEDIAN STRIPING PER CALTRANS 2018 STD PLAN A20B DETAIL 32.
6. INSTALL 8" YELLOW CENTER LINE EXTENSION PER CALTRANS 2018 STD PLAN A20D DETAIL 41.
7. INSTALL 8" YELLOW CENTER LINE PER CALTRANS 2018 STD PLAN A20A DETAIL 6.
8. INSTALL 8" WHITE RIGHT EDGE LINE PER CALTRANS 2018 STD PLAN A20B DETAIL 27B.
9. INSTALL 8" WHITE SOLID LEAD-IN / LEAD OUT LINE PER CALTRANS 2018 STD PLAN A20B DETAIL 27B.
10. INSTALL 8" WHITE LANE LINE PER CALTRANS 2018 STD PLAN A20A DETAIL 12.
11. INSTALL 8" WHITE LANE DROP LINE AT INTERSECTIONS PER CALTRANS 2018 STD PLAN A20C DETAIL 37B.
12. INSTALL 6" WHITE BIKE LANE LINE PER CALTRANS 2018 STD PLAN A20D DETAIL 39.
13. INSTALL 8" THERMOPLASTIC SOLID WHITE CHANNELIZING LINE PER CALTRANS 2018 STD PLAN A20D DETAIL 38.
14. INSTALL THERMOPLASTIC ARROW PER CALTRANS 2018 STD PLAN A24A, TYPE PER PLAN.
15. RELOCATE EXISTING R2-1 AND R26(S)(CA) SIGNS FROM STREET LIGHT TO NEW POST. SIGN SHALL HAVE A MINIMUM CLEARANCE OF 7' ABOVE FINISHED SURFACE.
16. INSTALL THERMOPLASTIC PAVEMENT MARKING BIKE LANE SYMBOL WITH PERSON PER 2018 CALTRANS STANDARD A24C.
17. FURNISH AND INSTALL PEDESTRIAN BARRICADE TYPE II PER CALTRANS STANDARD PLAN ES-7D.
18. FURNISH AND INSTALL NEW SIGN AND POST. SIGN PER PLAN. SIGN SHALL HAVE A MINIMUM CLEARANCE OF 7' ABOVE FINISHED SURFACE.
19. APPLY RED PAINT ON CURB.
20. REMOVE EXISTING STRIPING, MARKING, OR ARROW AS SHOWN.
21. REMOVE AND SALVAGE EXISTING SIGN AND POST, SIGN PER PLAN.
22. EXISTING STRIPING TO REMAIN.

SIGNING AND STRIPING GENERAL NOTES

1. CONSTRUCTION PERMITS SHALL BE OBTAINED FROM THE CITY OF FONTANA DEPARTMENT OF ENGINEERING PRIOR TO THE START OF ANY WORK. INSPECTION COORDINATION SHALL BE REQUESTED AT LEAST TWO WORKING DAYS PRIOR TO THE START OF ANY WORK WITHIN PUBLIC RIGHT-OF-WAY WITH IN THE CITY LIMITS. CALL (909) 350-7610.
2. ALL WORK, MATERIALS, EQUIPMENT AND TEMPORARY TRAFFIC CONTROL SHALL CONFORM TO THESE PLANS, THE CITY OF FONTANA DESIGN STANDARDS, THE CITY'S SPECIAL PROVISIONS, SECTION E, CALTRANS STANDARD PLANS AND SPECIFICATIONS, LATEST EDITIONS, AND THE CALIFORNIA MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES, LATEST EDITION.
3. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN TEMPORARY TRAFFIC CONTROL AT ALL TIMES.
4. ALL SIGNS SHALL BE INSTALLED PER CITY DESIGN STANDARD 4023, UNLESS OTHERWISE SHOWN ON THE PLANS. SIGNS AND SIGNPOSTS THAT ARE REMOVED SHALL BE SALVAGED TO THE CITY YARD.
5. ALL STRIPING AND PAVEMENT MARKINGS SHALL BE ALKYD THERMOPLASTIC UNLESS OTHERWISE NOTED.
6. SUBSTITUTE TYPE "C" RAISED PAVEMENT MARKERS FOR TYPE "G" MARKERS ON DETAIL 38 ON ROADWAYS WITH RAISED MEDIANS.
7. SUBSTITUTE DETAIL 14A STRIPING FOR DETAIL 12 STRIPING FOR ROADWAYS WITH RAISED MEDIANS.
8. STRIPING AND PAVEMENT MARKINGS TO BE REMOVED SHALL BE REMOVED BY SANDBLASTING OR OTHER APPROVED METHODS, NONE OF WHICH SHALL DAMAGE THE PAVEMENT. THE "BLACK OUT" METHOD OF REMOVAL IS NOT PERMITTED. ANY PAVEMENT DAMAGED BY REMOVALS SHALL BE REPAIRED PER APPROVAL OF THE CITY ENGINEER AT NO COST TO THE CITY.
9. CONTROL POINTS OR "CAT TRACKING" SHALL BE APPROVED BY THE CITY ENGINEER PRIOR TO APPLICATION OF PAVEMENT STRIPING AND LEGENDS. NOTIFY THE CITY AT LEAST TWO DAYS PRIOR FOR APPROVAL OF "CAT TRACKING."
10. STRIPING AND PAVEMENT MARKINGS SHALL BE APPLIED IN ACCORDANCE WITH MANUFACTURERS SPECIFICATIONS.
11. BLUE RAISED PAVEMENT MARKERS SHALL BE INSTALLED AT ALL FIRE HYDRANT LOCATIONS PER CITY DESIGN STANDARD 6001.
12. AS-BUILT DRAWINGS SHALL BE PROVIDED BY THE CONTRACTOR TO THE ENGINEER OF RECORD, WHO SHALL PROVIDE RECORD DRAWINGS AND ELECTRONIC AUTOCAD FILES TO THE CITY ENGINEER.

NOTES TO CONTRACTOR

1. ALL SIDEWALK AND PARKWAY DISTURBED BY CONSTRUCTION SHALL BE RESTORED AND/OR REPLACED TO THE SATISFACTION OF THE ENGINEER.
2. CONTRACTOR SHALL DELIVER APPROVED SALVAGED EQUIPMENT TO THE CITY OF FONTANA PUBLIC WORKS YARD OR AS DIRECTED BY THE CITY'S REPRESENTATIVE. CONTACT PUBLIC WORKS STAFF 48 HOURS IN ADVANCE. OBTAIN A RECEIPT FOR ALL SALVAGED EQUIPMENT.
3. CONTRACTOR SHALL POT HOLE TO VERIFY DEPTH AND LOCATION OF EXISTING UTILITIES. PROTECT IN PLACE ALL EXISTING UNDERGROUND FACILITIES.
4. CONTRACTOR MUST PERFORM SITE VISIT WITH ENGINEER PRIOR TO CONSTRUCTION.
5. CONTRACTOR SHALL PROVIDE EQUIPMENT SUBMITTALS FOR CITY APPROVAL PRIOR TO ORDERING.
6. EXISTING ELECTRICAL ROUTING HAS BEEN SHOWN TO THE BEST EXTENT POSSIBLE VIA AS-BUILTS AND FIELD INVESTIGATION. CONTRACTOR TO VERIFY THE EXISTENCE AND HORIZONTAL/VERTICAL LOCATION OF ALL ELECTRICAL UTILITIES WITHIN THE PROJECT AREA AND SHALL COORDINATE WITH THE CITY TO INCORPORATE FIELD FINDINGS WHEN APPLICABLE.

INSTRUCTIONS FOR COMPLETING THIS FORM

Any acknowledgment completed in California must contain verbiage exactly as appears above in the notary section or a separate acknowledgment form must be properly completed and attached to that document. The only exception is if a document is to be recorded outside of California. In such instances, any alternative acknowledgment verbiage as may be printed on such a document so long as the verbiage does not require the notary to do something that is illegal for a notary in California (i.e. certifying the authorized capacity of the signer). Please check the document carefully for proper notarial wording and attach this form if required.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. ~~he~~/she/~~they~~, is /~~are~~) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document
  - ❖ Indicate title or type of attached document, number of pages and date.
  - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

Signed: Jason Stock

Title: President

Firm: STC Traffic, Inc.

Date: 6/20/2025

As suppliers of goods or services to the City of Eastvale, the Firm listed below certifies that it does not discriminate in its employment with regard to race, color, religion, sex, or national origin; that it is in compliance with all federal, state and local directives and executive orders regarding non-discrimination in employment; and that it agrees to demonstrate positively and aggressively the principle of equal opportunity in employment.

WE AGREE SPECIFICALLY:

1. To take affirmative steps to hire minority employees with the company.

2. To establish or observe employment policies within affirmative promotion opportunities for minority persons at all job levels.

3. To communicate this policy to all persons concerned, including all company employees, outside recruiting services, especially those servicing minority communities, and to the minority communities at large.

(Title 23 United States Code Section 112 and Public Contract Code Section 7106)

To the CITY OF EASTVALE

In accordance with Title 23 United States Code Section 112 and Public Contract Code 7106 the proposer declares that the proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the proposal is genuine and not collusive or sham; that the proposer has not directly or indirectly induced or solicited any other proposer to put in a false or sham proposal, and has not directly or indirectly colluded, conspired, connived or agreed with any proposer or anyone else to put in a sham proposal, or that anyone shall refrain from bidding; that the proposer has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the proposal price of the proposer or any proposer, or to fix any overhead, profit, or cost element of the proposal price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the proposal are true; and, further, that the proposer has not, directly or indirectly, submitted his or her proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham proposal.

Note: The above non-collusion affidavit is part of the proposal. Signing this proposal on the signature portion thereof shall also constitute signature of this non-collusion affidavit. Proposers are cautioned that making a false certification may subject the certifier to criminal prosecution.

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

EXHIBIT "B"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $2,000,000 general aggregate for bodily injury, personal injury and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of

not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California with statutory limits and Employers Liability Insurance with limits of not less than $1,000,000 per occurrence.

(4) Professional Liability. $2,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor's insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor's insurance.

(3) Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation

against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "B". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor identical to those Contractor provides.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

FIRST AMENDMENT TO AGREEMENT WITH STC TRAFFIC, INC. TO PROVIDE PROFESSIONAL ENGINEERING SERVICES

This First Amendment to Agreement for Professional Engineering Services ("First Amendment") is entered into this ____ day of _____, 2026 by and between the City of Eastvale, a municipal corporation ("City") and STC Traffic, Inc, a California corporation ("Contractor"), as follows:

RECITALS

A. City and Contractor entered into an agreement (No. A-2025-104) for professional engineering design services for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street on or about June 24, 2025 ("Agreement") with a not-to-exceed amount of $60,000.00.

B. This First Amendment to the Agreement increases the contract amount by $25,000.00 to include potholing services or an alternative nondestructive method to identify the existing utilities at the project foundations and amends the total contract compensation to $85,000.00.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the Parties do hereby enter into this First Amendment which modifies and amends the Agreement as follows:

1. AMENDMENTS

(a) **Scope of Services**. In addition to the Services to be provided by Contractor as set forth in the Agreement, Contractor shall perform the services detailed in the Additional Work Request attached to this First Amendment as Exhibit "A" ("Additional Services"), which shall be added to the Scope of Services for the Agreement.

(b) **Compensation and Method of Payment**. In addition to the compensation set forth in Section 4 (a) of the Agreement, the City agrees to pay Contractor the amounts specified in the Additional Work Request attached to this First Amendment as Exhibit "A" for the Additional Services identified therein. The total compensation for the Additional Services shall not exceed Twenty-Five Thousand Dollars and Zero Cents ($25,000.00), bringing the total contract amount called for in the Agreement to a not-to-exceed total of Eighty-Five Thousand Dollars and Zero Cents ($85,000.00), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of the Agreement.

2. GENERAL PROVISIONS

(a) **Remainder Unchanged.** Except as specifically modified and amended in this First Amendment, the Agreement remains in full force and effect and binding upon the parties.

(b) **Integration.** This First Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this First Amendment.

(c) **Effective Date.** This First Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Contractor.

(d) **Applicable Law.** The laws of the State of California shall govern the interpretation and enforcement of this First Amendment.

(e) **References.** All references to the Agreement include all their respective terms and provisions. All defined terms utilized in this First Amendment have the same meaning as provided in the Agreement, unless expressly stated to the contrary in this First Amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT A

ADDITIONAL WORK REQUEST

This Exhibit “A” (Additional Work Request) is attached to, incorporated into, and made a part of the First Amendment to the Agreement for Professional Engineering Services by and between the City of Eastvale (“City”) and STC Traffic, Inc. (“Contractor”).

1. Scope of Work
The Contractor shall provide professional subsurface utility verification services for the Traffic Signal Improvement Project at Sumner Avenue and 68th Street (Agreement No. A-2025-104) to identify and map utility lines at proposed foundation zones.

The scope of services shall be performed progressively on a task-by-task basis. The Contractor shall obtain written or electronic authorization from the City’s Project Manager prior to commencing work or incurring expenses on any individual task below. The City reserves the right to adjust, reduce, or omit specific tasks or quantities based on real-time field data:

- Task 1: Geophysical Locating & Research (Phase I): Review City record drawings, utility maps, and active USA North 811 tickets. Utilize non-destructive geophysical methods (e.g., Ground Penetrating Radar and electromagnetic locating) to map alignments.

- Task 2: Targeted Physical Potholing (Phase II): Upon explicit written direction from the City, perform physical potholing via vacuum excavation to verify exact horizontal and vertical positions of utilities at critical foundation points. Backfill and restore all test holes to original or better condition in compliance with City standards.

- Task 3: Data Integration & Reporting (Phase III): Compile findings into a comprehensive Utility Pothole Log (documenting depth, utility type, size, and material) and integrate data directly into the final engineering design and foundation drawings.

2. Compensation
Compensation for all services, labor, materials, and equipment detailed in this Exhibit "A" shall be billed on a Unit Price and Time and Materials basis, subject to an absolute Not-to-Exceed total of $25,000.00.

Invoicing shall reflect specific tasks successfully completed and verified in the field. Any unexpended balance within the $25,000.00 maximum allocation shall remain unspent, and the City shall have no financial obligation for unauthorized or unperformed units.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.12
June 24, 2026

Adoption of Resolution Authorizing the Submission of CAL FIRE Wildfire Prevention Grant Application

Prepared By:

Alexander Fung, Economic Development Manager

Recommended Action(s)

Staff recommends that the City Council adopt a resolution to authorize the submission of an application seeking up to $950,000 in grant funds from the CAL FIRE Wildfire Prevention Grants Program for the Eastvale Santa Ana Riverbed Hazardous Fuels Reduction Project.

Summary

The State of California's Proposition 4 Program has allocated up to $70 million to the California Department of Forestry and Fire Protection (CAL FIRE) in FY 2025-2026 for the purpose of funding the agency's Wildfire Prevention Grants Program. This program provides funding for wildfire prevention initiatives such as hazardous fuels removal, wildfire prevention planning, and wildfire prevention education activities. Grant guidelines for the CAL FIRE Wildfire Prevention Grants Program can be found in Attachment 1. Staff is in the process of preparing to submit an application seeking up to $950,000 from CAL FIRE to clear hazardous fuels in the Santa Ana Riverbed.

CAL FIRE recommends the governing entities of applicants to submit resolutions authorizing the submission of wildfire prevention grant applications. As a result, staff recommends that the City Council adopt the proposed resolution (Attachment 2).

Background

The Santa Ana Riverbed at the border of Eastvale and Norco contains dry vegetation that can serve as fuel for wildfires, especially during windy, hot, or dry weather conditions. Reducing the fuel minimizes the risk of fast-spreading fires that can threaten nearby homes, businesses, and

infrastructure. The Santa Ana Riverbed area is adjacent to major roadways, utilities, and flood control systems that can be damaged in the event of wildfire. Protecting these assets ensures uninterrupted services and prevents costly repairs. Controlled removal of excessive brush helps with maintaining a balanced ecosystem and prevents uncontrolled wildfires from destroying native habitats and nearby infrastructures. Proper vegetation management, especially brush removal efforts, can reduce the risk of erosion and improve the health of the riverbed environment.

Analysis

If awarded, the grant can cover staff time spent on managing and coordinating grant activities, environmental analyses around the Santa Ana Riverbed, and hazardous fuel mitigation activities. To ensure that the Santa Ana Riverbed remains as a balanced ecosystem, brush removal efforts will focus on areas closer to residential homes and civic infrastructures. In particular, brush removal activities will center around high fire-risk areas at the corner of Baron Drive and River Road.

Environmental

Pursuant to Section 15378 of the California Environmental Quality Act (CEQA) Guidelines, organizational or administrative activities of governments that do not result in direct or indirect physical changes in the environment, such as applying for grants, are not considered as CEQA projects. In the event that CAL FIRE approves the City's grant application and that the City accepts the funds, the Grant Program Guidelines require CEQA review to be conducted, and grant funds may be used for CEQA review. Certain wildfire risk reduction projects may be exempt from CEQA review pursuant to Public Resources Code Section 21080.49 or other exemptions.

Strategic Plan Action - Priority Level: N/A | Target #: C | Goal #: I

The submission of this grant application can lead to possible award funds for hazardous fuels reduction activities in the Santa Ana Riverbed. This supports Goal I of Target C in the City's Strategic Plan, which directs staff to leverage grant opportunities.

Fiscal Impact

The submission of a grant application and the approval of a resolution do not result in direct fiscal impacts. Should the application be selected for an award, the City can choose to accept or reject the award offer.

Prior City Council/Commission Action

Staff previously submitted a request to Congressman Calvert's Office seeking funds for hazardous fuel removal activities around the Santa Ana Riverbed. As part of that request, the City Council approved a letter supporting the submittal of a FY 2024-2025 Congressional Community Project Funding Request for the Eastvale Brush Fire Fuel Removal Project on February 26, 2025.

Additionally, staff previously submitted a grant application seeking funds from the CAL FIRE Wildfire Prevention Grants Program for similar hazardous fuels reduction activities last year. As part of the application, the City Council approved a resolution authorizing the submission of the application on August 13, 2025.

I. INTRODUCTION

This grant guideline includes information about the California Department of Forestry and Fire Protection (CAL FIRE) Wildfire Prevention (WP) Grants Program. Up to $70 million is being allocated to CAL FIRE's Wildfire Prevention Grants Program in Fiscal Year 2025-26 from the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 (Proposition 4). For information about CAL FIRE's other CCI programs, please visit CAL FIRE Grants.

WILDFIRE PREVENTION GRANTS PROGRAM SUMMARY AND PRIORITIES

CAL FIRE's Wildfire Prevention Grants Program provides funding for wildfire prevention projects and activities in and near wildfire-threatened communities that focus on increasing the protection of people, structures, and communities. Funded activities include Hazardous Fuels Reduction, Wildfire Prevention Planning, and Wildfire Prevention Education with an emphasis on improving public health and safety while reducing greenhouse gas emissions.

California's Strategic Fire Plan serves as a roadmap for project development. Projects are evaluated based on the overall benefit to reduce the threat of wildfires to people, structures, and communities. CAL FIRE will consider the wildfire hazards and risks to an area, the geographic balance of projects, and whether the project is complementary to other wildfire prevention or forest health activities when awarding grants. Projects benefiting disadvantaged communities or low-income communities, as defined by Health and Safety Code section 39713, projects that demonstrate a carbon benefit by reducing greenhouse gas emissions, and projects that contain matching funds will receive additional priority. Projects located in or submitted by local agencies on the Fire Risk Reduction Community List, or projects that utilize funding to meet the List eligibility requirements pursuant to Public Resources Code sections 4124.7 and 4290.1, will receive additional priority. Projects are selected on a competitive basis, and consecutive awards are not guaranteed. Disadvantaged and low-income communities can be determined using the process in Appendix F. Projects that demonstrate that they are providing maintenance of existing fuels reduction projects paid for by CAL FIRE or any other funding sources (i.e., other state funds, federal funds, or private funds) will also receive priority. Projects conducted by any local governmental entity qualified to perform defensible space assessments pursuant to Public Resources Code Section 4291.5 in very high and high fire hazard severity zones, as identified by the State Fire Marshal pursuant to Section 51178 of the Government Code or Division 4, Part 2, Chapter 1, Article 9 (commencing with Section 4201) of the Public Resources Code or by a local agency pursuant to Section 51179 of the Government Code, will receive priority if they utilize the common reporting platform created pursuant to subdivision (c) of Public Resources Code Section 4291.5 to report that information.

CAL FIRE will provide technical expertise and management oversight of grants but may not be the primary agency or applicant for a project. CAL FIRE reserves the right to fund projects in total or in part, whichever best serves the objectives of the Wildfire Prevention Grants Program. Project applicants that are selected to receive partial funding will be provided with additional information on their revised funding amount, project performance period, and any other changes to their application, as needed.

PROPOSITION 4 BACKGROUND AND PRIORITIES

In November of 2024, California voters approved Proposition 4 to fund water, climate, wildfire, and natural resource projects across the state of California. Proposition 4 will allocate $185 million to CAL FIRE Wildfire Prevention Grants as follows: “projects and grants to improve local fire prevention capacity, improve forest health and resilience, and reduce the risk of wildfire spreading into populated areas from wildlands. Where appropriate, projects may include activities on lands owned by the United States.” (Pub. Resources Code, section 91520, subd. (d).) To the extent feasible, a project whose application includes the use of services of the California Conservation Corps or certified community conservation corps, as defined in Section 14507.5, shall be given preference for receipt of a grant under this division (Pub. Resources Code, section 90150). In addition, projects that leverage private, federal, and local funding or produce the greatest public benefit will also receive priority (Pub. Resources Code, section 90050). Proposition 4 requires that at least 40 percent of the total funds available under Proposition 4 be allocated for projects that provide meaningful and direct benefits to vulnerable populations or disadvantaged communities. Of this 40 percent, at least 10 percent of the total funds available shall be allocated for projects that provide meaningful and direct benefits to severely disadvantaged communities. (Pub. Resources Code, section 90140).

QUALIFYING PROJECT TYPES AND ACTIVITIES

The Wildfire Prevention Grants Program funds three types of activities: Hazardous Fuels Reduction, Wildfire Prevention Planning, and Wildfire Prevention Education. Below are some examples of qualifying projects and activities:

HAZARDOUS FUELS REDUCTION

- Vegetation clearance in critical locations to reduce wildfire intensity and rate of spread.
- Creation or maintenance of fuel breaks in strategic locations, as identified in CAL FIRE Unit Fire Plans, a Community Wildfire Protection Plan, or similar strategic planning document.
- Maintenance of existing fuels reduction projects paid for by CAL FIRE or any other funding sources (i.e., other state funds, federal funds, or private funds).
- Removal of ladder fuels to reduce the risk of crown fires.
- Creation of community-level wildfire prevention programs, such as community chipping days, roadside chipping, and green waste bin programs.
- Selective tree removal (thinning) to improve forest health to withstand wildfire.
- Modification of vegetation adjacent to roads to improve public safety for egress of evacuating residents and ingress of responding emergency personnel.
- Reduction of fuel loading around critical infrastructure to maintain continuity of government and other critical services.
- Projects to improve compliance with defensible space requirements as required by Public Resources Code Section 4291 (Projects eligible are low-income, disabled, or elderly households per CA requirements).
    - CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) Compliance is required for contractors performing Public Resources Code Section 4291.
- Seasonal and temporary prescribed grazing using temporary infrastructure consistent with increasing the protection of people, structures, and communities.
- Removal of dead, dying, diseased, or otherwise hazardous trees.

WILDFIRE PREVENTION PLANNING

- Wildfire risk or related mapping
- Creation or update of strategic wildfire planning documents, such as:
- Evacuation plans
- Community Wildfire Protection Plans (CWPP)
- Local Hazard Mitigation Plans
- Safety Elements
- Wildfire Prevention or Mitigation Plans

WILDFIRE PREVENTION EDUCATION

Development and implementation of public education and outreach programs. Workshops, meetings, materials creation, and other educational activities with the purpose of increasing knowledge and awareness of information that could be used to reduce the total number of wildfires, acres burned, and structures lost.
To educate the public on making homes and communities more wildfire resilient, including defensible space training.

Activities are subject to CAL FIRE approval.

II. ELIGIBILITY, CONDITIONS, AND IMPORTANT POINTS

ELIGIBILITY FOR PROPOSITION 4

- State Agencies
- Native American Tribes
- Joint Powers Authorities (JPAs) if the entities involved are eligible applicants.
- Special districts
    - Fire protection districts.
    - Community services districts
    - Water districts
    - Resource conservation districts
- Local agencies, including:
    - City, county, or city and county
- Fire Safe Councils with a 501(c)(3) designation.
- Other qualified non-profit organizations with a 501(c)(3) designation

In situations where a local government has contracted with CAL FIRE for fire protection services, CAL FIRE is considered a local government for purposes of this grant program.

If an applicant has applied for 501(c)(3) status at the time of application, that is sufficient. Applicants will have to provide the official 501(c)(3) approval prior to execution of the grant agreement.

Applicants may not be one of the following:

- A privately held for-profit company or corporation.
- Individual or private landowners.
- Homeowners' associations or other associations unless they have 501(c)(3) non- profit status.
- No sub-awarding allowed.

ELIGIBLE COSTS INCLUDE, BUT ARE NOT LIMITED TO:

- Removal of dead, dying, diseased, or otherwise hazardous trees posing an imminent threat to public health and safety, public rights-of-way, and public infrastructure, which may include dead, dying, diseased trees on private property.
- Contracted tree removal, transportation, holding site fees, and disposal.
- Costs that are necessary and prudent to the accomplishment of the project, e.g.,
- Project equipment not to exceed a cumulative total of $750,000.
- Project supplies (supplies include items under $10,000 per unit cost). Chainsaws are an example of a supply item and are not considered equipment.
- Fuel and Maintenance
- CEQA Costs
- National Environmental Policy Act (NEPA) Costs

All equipment purchases must be pre-approved. All pre-approved equipment purchases are owned by the grantee. Equipment cannot be purchased by subcontractors and billed to the grantee for reimbursement.

INELIGIBLE COSTS INCLUDE, BUT ARE NOT LIMITED TO:

- Removal of non-hazardous trees that do not pose an imminent threat to public health and safety or for non-wildfire prevention purposes, including but not limited to improvement of private property view sheds.
- Costs associated with the improvement of landscaping, or ecological restoration, including planting.
- Costs that are not directly associated with the project.
- Costs already funded or budgeted through another source (i.e., supplanting)
- Income, fees, revenues, or wages lost or voluntarily waived by a local agency.
- Activities or costs associated with permanent infrastructure.
- Costs incurred before or after the project performance period.
- Cost of preparing a grant and application.
- Late fees, penalties, and bank fees.
- Gifts or gift cards. If uncertain, contact your Region.
- CAL FIRE has final discretion for approval on all costs

NON-QUALIFYING PROJECT TYPES AND ACTIVITIES INCLUDE, BUT ARE NOT LIMITED TO:

- Purchase of capital equipment with a cumulative total of more than $750,000
- Purchase of capital equipment without demonstrating how the equipment will be utilized. All equipment purchases must be pre-approved. All pre-approved equipment purchases are owned by the grantee. Equipment cannot be purchased by subcontractors and billed to the grantee for reimbursement.

- Installation, creation, upgrade, or maintenance of fire protection features, such as roads, bridges, structures, water storage facilities, or other permanent infrastructure.
- Projects or activities utilizing CAL FIRE staff without corresponding reimbursements or requests seeking funding for services already provided by CAL FIRE.

LIMITED WAIVERS OF SOVEREIGN IMMUNITY FOR NATIVE AMERICAN TRIBES:

CAL FIRE is accountable for the responsible use of state funds. Federally recognized tribes are sovereign nations with special legal status. In order to provide accountability for this grant funding and to ensure the grant agreements may be enforced in case of default, CAL FIRE may require limited waivers of sovereign immunity when the primary grantee (who signs the grant agreement contract) is a federally recognized tribe. This will be determined on a case-by-case basis and is dependent on the type and scope of the project. If required, the grant agreement will include these important terms and conditions

CAL FIRE will avoid seeking a limited waiver of sovereign immunity when possible and will strive to notify applicants early in the grant application review process if it is anticipated a limited waiver of sovereign immunity will be necessary. CAL FIRE is committed to working collaboratively with California Native American tribes on tailoring limited waiver of sovereign immunity terms to support tribal priorities while also meeting the state's legal obligations.

CAL FIRE will conduct a risk analysis of all projects that may involve limited waivers of sovereign immunity. In general, CAL FIRE may require limited waivers of sovereign immunity when the grantee is a federally recognized tribe, and the project includes any of the following elements:

- Advance funds
- High-risk implementation projects, which may include fuels reduction, prescribed burning, cultural burning, ceremonial, or other use of fire
- Organizations without demonstrated reliability in sound financial management

For questions regarding sovereign immunity, please reach out to the program by emailing WPGrants@fire.ca.gov, who may refer you to discuss specifics with the appropriate person at CAL FIRE Legal.

CONDITIONS AND IMPORTANT POINTS

1. The recommended funding amount is $950,000 or less.
2. Grants can be made only to "eligible" applicants.
3. Projects must provide benefits to habitable structures and people in and near wildfire threatened communities.
4. Projects utilizing partners must provide a letter of commitment from the partner entity as proof that they have contacted the entity, the entity has the required resources (if needed) to commit toward the project, and the entity supports the project.
5. Qualifying projects and activities are limited to those where the proposed project or activity addresses the hazards and risks to wildfire threatened communities that focus on increasing the protection of people, structures, and communities.
6. Applicants must consider greenhouse gas emissions of project activities and plan to reduce emissions as much as possible during project activities.

7. Grantees must have and demonstrate to CAL FIRE the ability to plan, administer, and complete the grant project.
8. Projects that may impact the environment must comply with CEQA. Projects that may impact the environment and involve a federal action must also comply with NEPA. Projects requiring CEQA/NEPA review are required to provide documented compliance within 12 months from the grant execution. CEQA/NEPA compliance must begin immediately after grant execution. No grant funds, including those provided via an advance payment from CAL FIRE, shall be spent on any project activity that could affect the environment, including any ground-disturbing activity, until the grantee receives written environmental compliance approval from CAL FIRE.
9. A Registered Professional Forester (RPF) must design and oversee any fuel "forestry" projects, as defined in Public Resources Code (PRC) Section 753, proposed on a "forested landscape," as defined in PRC Section 754. The RPF must conduct at least one site visit during active project operations to ensure vegetation removal is being conducted according to the prescription. An RPF is not required to provide the general project information required in the Scope of Work during the grant application phase, but the applicant must explain how CEQA or NEPA compliance will be met and describe RPF involvement in the Project Scope of Work and include this cost in the budget, if applicable.
    a) PRC Section 753 - "Forestry," as used in this article, refers to the science and practice of managing forested landscapes and the treatment of the forest cover in general, and includes, among other things, the application of scientific knowledge and forestry principles in the fields of fuels management and forest protection, timber growing and utilization, forest inventories, forest economics, forest valuation and finance, and the evaluation and mitigation of impacts from forestry activities on watershed and scenic values, to achieve the purposes of this article. The practice of forestry applies only to those activities undertaken on forested landscapes. The professions specified in PRC Section 772 are not practicing forestry when mitigating or recommending mitigation of impacts from previous forestry activities on related watershed or ecological values within their area of professional expertise or when recommending those mitigations for proposed timber operations. However, public and private foresters are required to be licensed pursuant to this article when making evaluations and determinations of the appropriate overall combination of mitigations of impacts from forestry activities necessary to protect all forest resources.
    b) PRC Section 754 - "Forested landscapes" means those tree-dominated landscapes and their associated vegetation types on which there is growing a significant stand of tree species, or which are naturally capable of growing a significant stand of native trees in perpetuity, and is not otherwise devoted to non-forestry commercial, urban, or farming uses.
10. Projects outside of a "forested landscape" should consider the use of a professional ecologist, biologist, certified rangeland manager, arborist, RPF, or other professional with knowledge of local ecosystem processes to develop an appropriate fuel hazard reduction removal project.
11. CAL FIRE has the discretion to specify an earlier project completion date at the time of award based on the funds associated with the grant award. CAL FIRE will work with the grantees to ensure projects will still be achievable within the earlier timeframe.

12. Fuel reduction vegetation treatment prescriptions shall focus on increasing safety for the public and first responders, as well as reducing fire hazards to improve the protection of lives, structures, and communities. Treatments shall eliminate the vertical and horizontal continuity of vegetative fuels for the purpose of reducing the rate of fire spread, duration and intensity of fire, fuel ignitability, and the ignition of tree crowns or structures.
13. Required project deliverables to be included in the Project Scope of Work:
    a) Pre- and post-treatment description of: (1) site conditions and project results relative to hazardous tree or vegetative conditions; (2) wildfire hazard reduction goal accomplishments, or (3) another measurable metric for evaluation of the project. This includes, but is not limited to, number of acres treated, number of parcels treated for fuel reduction for defensible space compliance, number of prevention plans created, and number of people reached in a public education project. CAL FIRE reserves the right to retain copies of these descriptions and publicly disseminate the information for its own purposes.
    b) GIS data files supporting the project map to allow CAL FIRE to accurately document the spatial extent of the project for the duration of the grant.
        - For projects and activities involving on-the-ground work, CAL FIRE requires shapefiles to be submitted with the signed agreement and on a quarterly basis throughout the duration of the grant. (See Progress report quarterly calendar, pg. XX).
    c) Documented CEQA or NEPA compliance within 12 months of grant execution, unless a longer period of time is approved by CAL FIRE. This includes the approval of a Negative Declaration, Mitigated Negative Declaration, or Environmental Impact Report, or the filing of a Notice of Exemption. If compliance is not achieved or if reasonable articulation of non-compliance is not made, the grant could be subject to termination. No grant funds, including those provided via an advance payment from CAL FIRE, shall be spent on any project activity that could affect the environment, including any ground-disturbing activity, until the grantee receives written environmental compliance approval from CAL FIRE.
14. Financial reports are required for reimbursement. Please see Appendix C for guidelines for the invoice that must be submitted with the financial report. The invoice template is found on the CAL FIRE website.
15. A Quarterly Progress Report form must be submitted under the Pending tasks “Activities report request” in the Grants Portal, utilizing the required CAL FIRE Wildfire Prevention Grants Template. Grantee shall provide data reporting to CAL FIRE, including but not limited to, number of acres treated, number of parcels treated for fuel reduction for defensible space compliance, the number of prevention plans created, and the number of people reached in a public education project. Pre and Post implementation photos is required to be submitted with all progress reports that include fuel reduction activities. CAL FIRE will provide grantees with the specific metrics and the reporting process. The quarterly progress report is due within 30 days of the end of every calendar quarter, even if no fiscal activity has occurred:

Quarter	Progress Report Covering	Due Date
1st Quarter	January 1 – March 31	April 30
2nd Quarter	April 1 – June 30	July 31
3rd Quarter	July 1 – September 30	October 31
4th Quarter	October 1 – December 31	January 31

16. For all Proposition 4 funded grant projects, grantees will provide CAL FIRE with updated cash flow projections. Cash flow projections will be utilized aggregately for monthly projections and semi-annually for individual projects.
17. Final financial reports for grant-related work must be submitted to CAL FIRE no later than 30 days after the project completion date.
18. A Wildfire Prevention Grants Program Final report (found on the CAL FIRE website) must be submitted simultaneously with the final financial report, within 30 days from the expiration date.
    a) Pre-implementation and post-implementation pictures must be submitted with the Final Report, along with updated GIS data files.
19. Projects must demonstrate all efforts to reduce greenhouse gas emissions. Projects that demonstrate significant greenhouse gas emissions reductions will be favored.
20. All Wildfire Prevention Grants projects must clearly display, identify, and label themselves as being funded by CAL FIRE. Acknowledgments must contain the CAL FIRE logo as well as the following statement: Funding for this project provided by CAL FIRE's Wildfire Prevention Grants Program. Grantees must include the Proposition 4 logo and boilerplate language (Link for the Prop 4 Climate Bond can be found here), along with the CAL FIRE logo on all outreach and public-facing materials, including but not limited to press releases, media advisories, printed collateral, event invitations, signs, and project/program websites.
21. Each application should focus on one or more of the following major activities:
    a) Hazardous Fuels Reduction
    b) Wildfire Prevention Planning
    c) Wildfire Prevention Education

    Entities with more than one application should consider consolidating into just one application, especially if proposed project(s) are similar or share geographic locations. For additional assistance work with your local CAL FIRE Unit coordinator or your region representatives.
22. Applications must be submitted in the CAL FIRE Grants Portal by July 08, 2026, at 3:00 PM Pacific Time. It is highly recommended you submit your application before the deadline as CAL FIRE will not accept any late applications due to technical issues.
23. No reimbursable work on proposed Wildfire Prevention Grants projects may commence until there is a fully executed agreement between CAL FIRE and the grantee. An agreement is considered fully executed upon signature and approval by the State Fire Marshal or designee.

24. All project and activity work related to grants must be completed by final expiration date located in the executed Grant Agreement.
25. No grant activities that may impact the environment, including ground disturbing work, may commence until the requirements of CEQA or NEPA have been satisfied. For more details see Appendix A: Environmental Compliance for CAL FIRE Projects (CEQA).
26. Agreements must be executed by the date specified in the Agreement.
27. Reimbursement payments are expected to be issued 45 calendar days from the time of an undisputed financial report. Payments are sent via U.S. Mail; electronic payment is not available. The financial report approval process is as follows:
    a) Financial report submitted to the Region for review and approval using Grants Portal.
    b) Unit reviews the financial report and performs a project site inspection, if applicable, to verify that invoiced work has been satisfactorily completed according to the deliverable items described in the grant documentation.
    c) Grants Management Unit reviews and submits the financial report to the Business Service Office for payment.
28. When a Contract County is the grantee, the Contract County must contact the CAL FIRE Administrative Unit to conduct an inspection of the modification efforts prior to submitting a Financial Report in Grants Portal for completed work. The CAL FIRE Administrative Unit or designee will conduct an inspection to verify that work to be invoiced has been satisfactorily completed according to the deliverable items described in the grant documentation.
29. A resolution or attesting document may be requested for Wildfire Prevention Grants. The attestee cannot be the same individual designated to sign the agreement. Please refer to the sample resolution (Appendix B). A board resolution template is available on the CAL FIRE WP Grants website.

    Note: Where the line indicates 'whereas the Board designates (designee's title)', it is recommended the applicant list the title rather than an individual's name. In the event the individual leaves the organization, a new resolution designating a replacement will be required if a name is listed rather than the working title. The resolution should name the designee for entering into agreements on behalf of the board and the authorized signatory for financial reports.
30. Wildfire Prevention Grants are neither designed nor intended to create or substantially support ongoing administrative positions.
31. The inclusion of indirect costs are acceptable for Wildfire Prevention Grants funded by Proposition 4 projects. The grantee may request one of the following indirect cost rates:
    a) The grantee's federal negotiated indirect cost rate, pursuant to its Negotiated Indirect Cost Rate Agreement (NICRA).
    b) The 15 percent de minimis indirect cost rate specified in Part 200 of Title 2 of the Code of Federal Regulations.
    c) A rate negotiated by the grantee with another state agency within the last five years.
    d) A rate proposed by the grantee in the grantee's program application with the administering state agency if the grantee does not have an existing state rate.
    e) Grantee can request an indirect cost rate of 15% to 20%.

f) up to 15% of the total amount of direct grant funds provided to the grantee, minus equipment. Applicants may request from CAL FIRE a higher indirect cost rate by providing additional justification as to why a higher indirect rate is needed as well as including appropriate documentation substantiating the basis of the higher indirect rate (e.g. a copy of a federally approved Negotiated Indirect Cost Rate Agreement, etc.). In no instances may the request exceed 20%. This shall apply to all entities, including University of California (UC) and California State University (CSU) entities. Grantee must retain documentation related to the determination of the grantee's indirect cost rate for audit purposes. Approval of the higher indirect rate is solely at CAL FIRE's discretion. Please refer to Appendix H

32. All educational materials and planning documents created and used for a Wildfire Prevention Grant project must be submitted to CAL FIRE. CAL FIRE may retain copies of these materials and utilize them for CAL FIRE's own purposes. Similarly, any Wildfire Prevention Grant project photos, videos, testimonials, or other similar information submitted to CAL FIRE throughout the performance of the project may be retained by CAL FIRE and utilized for CAL FIRE's own purposes.
33. Records in CAL FIRE's possession, including but not limited to application packages, Agreements, and grant project financial records, may be subject to public inspection or disclosure pursuant to the California Public Records Act.
34. Grantees should note that CAL FIRE will only serve in a lead agency capacity for activities related to its discretionary approval (i.e., grant-funded activities). In the circumstance where another public agency subsequently seeks to use a CAL FIRE- led Project Specific Analysis under the California Vegetation Treatment Program for CEQA compliance and there is no related discretionary approval required of CALFIRE, CAL FIRE would have no involvement, oversight, or other obligation in the approval, implementation, or documentation of that agency's actions.

PREVAILING WAGE REQUIREMENTS

CAL FIRE provides no opinion as to whether projects may be subject to prevailing wages. For determination for prevailing wages, please contact the Department of Industrial Relations (DIR) at DIR Prevailing Wage. It is the applicant's responsibility to budget for prevailing wages in their project cost when applicable.

Please Note: Beginning July 1, 2026, certain fuel reduction work, including but not limited to residential chipping, rural road fuel breaks, and fire breaks funded by the State will be subject to prevailing wage, record keeping, and registration requirements. (California Public Resources Code section 80200 et seq.). DIR has issued an Important Notice and FAQ related to the implementation of Public Resources Code Section 80200.

GREENHOUSE GAS (GHG) EMISSIONS REQUIREMENTS

Projects administered by CAL FIRE through the Forest Health, Wildfire Prevention, and Urban and Community Forestry Programs contribute to California's climate goals by reducing GHG emissions from wildfires, stabilizing long- term storage of carbon in biomass, and improving carbon sequestration in California's natural and working forests.

In terms of direct emissions benefits, the objectives of the Wildfire Prevention Grants Program are to:

- Reduce GHG emissions from wildfire and prevent the need for cleanup and rebuilding of communities following destructive wildfire events
- Provide fire personnel with more opportunities to access the fire perimeter to extinguish fires more quickly, thereby reducing GHG emissions
- Encourage projects that result in smaller scale fires to reduce GHG emissions and reduce the carbon impact
- Improve health and resilience of treated areas for increased carbon sequestration
- Improve public awareness and reduce human caused wildfire ignitions
- Promote orderly growth and development through land use planning which helps to reduce GHG emissions

Eliminating wildfire starts, mitigating wildfires before they progress into wildland areas and communities, and facilitating firefighting efforts and safety all contribute to reduced wildfire emissions over time. The Wildfire Prevention Grants Program also includes support for planning, such as development of Community Wildfire Protection Plans, and education programs that promote fire- safe communities to capture the benefits and synergy of collective, community-wide efforts.

However, fuel reduction activities also release GHG emissions at the time of treatment, and CAL FIRE must balance emissions costs and benefits of the Wildfire Prevention and Forest Health Programs to comply with the law. Minimizing emissions of fuel treatment activities, using disposal methods other than open burning, and optimizing vegetation health options in the development of treatment prescriptions are important steps in project development to achieve balanced emissions costs and benefits.

PROPOSITION 4 REPORTING REQUIREMENTS

These Wildfire Prevention Grants are funded by Proposition 4 from the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024. The funds are appropriated by the California Legislature to CAL FIRE, who is responsible for administering the funds.

Accountability and transparency are essential elements for Proposition 4. Full public disclosure is required to provide information on how administering agencies are investing appropriations and what benefits are being achieved from those investments. CAL FIRE is responsible for collecting project information and reporting.

For each grant project, grantees must submit reporting data to CAL FIRE on a quarterly basis.

III. GRANT APPLICATION REVIEW AND EVALUATION FACTORS

REVIEW PROCESS

Applications will be reviewed by CAL FIRE. The application review involves three levels:

- Local – CAL FIRE Units and Contract Counties
- Regional – CAL FIRE Northern and Southern Regional Offices
- Statewide – Statewide review team. The statewide review team will prepare a list of recommended projects and activities for consideration by the Director of CAL FIRE. The Director will make decisions on approved projects and activities, taking into consideration the recommendations of the statewide review team.

Emphasis at each level will be placed on projects and activities that address hazards that reduce potential risk from wildfire in and near communities. The department shall consider the fire risk of an area, the geographic balance of projects, and whether the project is complementary to other wildfire prevention or forest health activities when awarding local assistance grants. Additionally, to the extent possible, a project or activity will not be selected if it conflicts or competes with another proposed or approved project

EVALUATION FACTORS (RANKING CRITERIA)

In evaluating applications, CAL FIRE is seeking information that allows it to consider the following factors:

1. The grant application clearly identifies the focus of the grant as Hazardous Fuels Reduction, Wildfire Prevention Planning, or Wildfire Prevention Education.
2. The project addresses hazards and risks from wildfire.
    a) The project includes Fire Hazard Severity Zone rankings and indicates areas and their relative proportion of Very High, High, and Moderate Fire Hazard Severity Zones as adopted by the State Fire Marshal and identified in the CAL FIRE map located at Fire Hazard Severity Zones.
    b) The proposed project is in or near a wildfire-threatened community and adequately describes how it will address the hazards and risks from wildfire.
    c) The project protects other assets of wildfire-threatened communities to maintain continuity of government operations and critical services. This includes, but is not limited to, fire, police, power, water, sewer, roads, or other critical facilities. If the project involves community infrastructure, it must explain how it will address the hazards and risks from wildfire to these assets.
3. The project is related to or part of one or more strategic plans or tree removal plan:
    a) The project is included in or consistent with one or more of the following plans:
        - CAL FIRE Unit Fire Plan, Contract County Fire Plan, Local Fire Plan, a CWPP, Community Evacuation Plan, tree removal plan, Fire Safe Council Action Plan, Firewise USA Community Wildfire Risk Assessment, Local Hazard Mitigation Plan, Safety Element plan, or other local plan (identified in Scope of Work) that addresses the hazards and risks from wildfire.
        - Countywide CWPPs, or projects that develop or update countywide CWPPs, will receive additional priority due to their broader regional benefit and alignment with multi-jurisdictional wildfire risk reduction planning.
    b) The project proposes to create, or update, a long-term fire hazard reduction planning document affecting or involving wildfire-threatened communities, such as, but not limited to, a CWPP or Community Evacuation Plan. A strategic planning document would include a Safety Element of a General Plan and a Local Hazard Mitigation Plan with elements for increasing safety for the public and first responders.

c) The project removes hazardous trees in collaboration with other entities, other funding sources, or as part of a larger tree mortality project.
d) The project considers other projects, pending or past, in the Unit/Contract County.
e) The project strategically advances the protection and preparedness of wildfire threatened communities across a region or the state, while increasing safety for the public and first responders.

4. The applicant has taken steps to reduce GHG emissions as much as possible, such as chipping or mulching removed vegetation, or disposing of material through biomass markets. The applicant is willing and able to provide project data as requested to calculate project emissions.
5. Community support/ meaningful and direct benefits exist.
    a) The project includes plans for external communications, such as planned press releases, project signage, community meetings or field tours that all, or in part, reach owners and residents in the project area.
    b) Letters of Support have been obtained.
    c) Letters of Commitment from partnering entities are submitted with the application. Letters of commitment are required if grantee is utilizing the California or Certified Community Conservation Corps.

    d) Please note that although matching funds are not required, the existence of matching funds is a positive factor.
    e) The degree to which a project provides in-kind services and/or secured federal, state, private, or local cost share funding. Have non-monetary and/or funding resources of agencies and organizations that have been identified and secured.
6. There is an implementation plan in place.
    a) The project includes a detailed timeline that addresses potential limitations and includes specific tasks and milestones to measure progress during implementation of the project.
    b) The project includes an accurate set of deliverables that are measurable and attainable.
    c) The project is fully defined with metrics to measure progress and completion. This includes, but is not limited to, number of acres treated, number of parcels treated for fuel reduction for defensible space compliance, number of prevention plans created, or number of people reached in a public education project.

7. The project budget and narrative are clear and reasonable.
    a) The proposed budget shows how grant funds will be spent by category.
    b) Costs and indirect costs are reasonable for the size, scope, and anticipated benefit of the proposed project.
    c) For hazardous fuel reduction projects, the actual number of acres being treated is clearly defined.
8. There is demonstrated capacity to administer the grant.
    a) The applicant shows an acceptable amount of experience in administering grants. This is largely based on successfully administering other grant- funded projects/activities over the past five years. Project proponents having no previous experience with similar projects should discuss any past experiences that may help show capacity to successfully complete the proposed project. This may include partnering with a more experienced organization that can provide project support.
    b) Discuss successes and administration of previously awarded CAL FIRE grants or grants administered by the applicant for other granting entities.
9. Fire Risk Reduction Community List per Public Resources Code 4290.1
    a) Public Resources Code 4124.7 requires CAL FIRE to "prioritize local assistance grant funding applications" from local agencies based on the "Fire Risk Reduction Community List."
    b) The prioritization required in subdivision (a) of Public Resources Code 4124.7 shall not affect applications from entities that are not local agencies.
    c) Wildfire Prevention Grant applicants will receive priority for utilizing the funding to meet the List eligibility requirements.
    d) Wildfire Prevention Grant applicants will also receive priority if the applicant is already on the List.
    e) Projects are selected on a competitive basis, and consecutive awards are not guaranteed.
    f) Applicants not eligible for the List are not precluded from receiving grant funds.

For more information about the Fire Risk Reduction Community List, please visit the Board of Forestry website

10. Use of the California Conservation Corps or Certified Community Conservation Corps.
    a) To the extent feasible, projects that include the use of the California Conservation Corps or a certified Community Conservation Corps, as defined in Section 14507.5 of the Public Resources Code, shall be given preference for receipt of a grant under this division (Pub. Resources Code, section 90150).
    b) The application clearly identifies how corps services will be utilized, including the type of work to be performed, anticipated scope, and coordination required.
    c) If applicable, the applicant provides a Letter of Commitment from the California Conservation Corps or certified Community Conservation Corps confirming interest, availability, and proposed participation in the project.

APPLICATION PROCESS AND PROJECT ADMINISTRATION

Applicants should work with the local CAL FIRE Unit for guidance in developing project plans for your application. Find your local-unit-contact-list.pdf as listed by county. Building a relationship with the local CAL FIRE Unit enhances the potential for a successful application and grant award.

Applications not received by the deadline, not submitted in the CAL FIRE Grants Portal, or that do not adhere to the procedures in this guide, will not be accepted or considered.

STAGE 1 - PROJECT APPLICATION

Due July 08, 2026, at 3:00 PM Pacific Time

ELECTRONIC APPLICATION SUBMISSION IN THE CAL FIRE GRANTS PORTAL SOLICITATION LINK ON THE WP GRANTS WEBSITE AND IN THE WP GRANTS MAPPING CENTER PROJECT MAPPING PROGRAM:

The Grants Portal WP Grants solicitation link and a Grants Portal user guide can be found on the Wildfire Prevention Grants website.

Entities with more than one application should consider consolidating into just one application, especially if proposed project(s) are similar or share geographic locations. For additional assistance, work with your local CAL FIRE Unit coordinator or your region representatives.

Upload all documents related to your application to the Grants Portal no later than 3:00 PM Pacific Time on July 08, 2026. Instructions on how to apply through the Grants Portal can be found in the Grants Portal Application Submittal User Guide.

The Grants Portal will issue a Project Tracking Number for each application.

Please use this file naming structure (Project Tracking Number plus document name) for attachments (if you have multiples of one file, please make it into a zip file) uploaded in the Grants Portal. Below is an example (the Grants Portal will assign the actual Project Tracking number that you will use):

- 25-WP-UUU-XXXXXXXX-STD 204.pdf
- 25-WP-UUU- XXXXXXXX-Letter of Support.pdf
- 25-WP-UUU- XXXXXXXX-Letter of Commitment.pdf

PROJECT MAPPING PROGRAM

In addition to the CAL FIRE Grants Portal application package, each applicant must submit online mapping in our WP Grants Mapping Center Project Mapping Program database. Submit your application in the Grants Portal first to obtain the auto-generated Project Tracking Number, which you will need for the mapping program. The online mapping submission consists of submitting a Geopoint for all project types. For Hazardous Fuels Reduction projects, you also will need to submit treatment area polygon(s). The instructions on how to draw and submit a Geopoint and Polygon in the Project Mapping Program can also be found at CAL FIRE WP Grants. There is a video and a quick reference guide with screenshots of the online mapping program.

- Applications for Hazardous Fuel Reduction that do not include Treatment Area Polygon(s) in the Project Mapping Program will not be accepted.
- Applications for Wildfire Prevention Planning and Wildfire Prevention Education projects will submit a Geopoint only.

Complete all documents accurately to avoid delays due to corrections and revisions prior to final approval. If revisions are necessary during Stage 2, then the revised documents will be used in the final grant agreement between the State and the grantee.

- Late submissions will be rejected. No exceptions. Late is defined as: after 3:00 PM Pacific Time on the due date according to the date stamp on the CAL FIRE Grants Portal. To avoid possible issues with the Grants Portal (such as internet connectivity and internet speed), applicants are highly encouraged to apply as early as possible.
- Please retain a copy of all documents uploaded to the CAL FIRE Grants Portal for your own records.

DISQUALIFICATION OF APPLICATION

CAL FIRE may consider an application inadequate and, therefore, disqualified from the selection process for several reasons. These may include, but are not limited to, the following:

- Application is not complete.
- Application contains significant inconsistencies with spatial data or project acres proposed for treatment.
- The application is not submitted by an eligible applicant in the Grants Portal.
- The project does not meet any of the other eligibility criteria outlined in the Grant Guidelines.

STAGE 2 - GRANT APPLICATION REVIEW AND SELECTION

Sacramento staff will review the project application packages for completeness and determine if the project meets the objectives of the program. Applications found to meet the initial criteria will continue in the multi-level review and selection process.
Incomplete applications will be disqualified.

Notification of grants selected for funding will be sent to the applicant. The grant agreement package for successful grant applicants will be emailed after selection and will include any required grant agreement forms and instructions to proceed to Stage 3. The grant agreement template can be found online but may be subject to change prior to the execution of a final agreement.

2024 Standard Grant Terms and Conditions

STAGE 3 - GRANTS AWARDED

Awarded grant applicants shall review and return original signed agreements, and any additional information required, following the instructions provided in the correspondence. Grant agreement packages not completed or received by the agreement deadline may not be eligible for funding.

STAGE 4 – COMPLETED GRANT AGREEMENTS

Once the grant agreement is received and signed by the State Fire Marshal or designee, the approval process is complete. All agreements must be signed and submitted per deadlines established by CAL FIRE.

A CAL FIRE designee will be named as the designated contact. The CAL FIRE designee will work with the Region Program Manager on any grant project issues.

The CAL FIRE designee will conduct periodic and final inspections to ensure compliance with the project plan and environmental rules and regulations. All project messaging and documents must be approved by CAL FIRE.

CAL FIRE may perform an audit at any time during or upon completion of the project as described in this guide under "State Audit."
Grant Termination Date: All project and activity work related to the grant must be completed by the project completion date identified in the executed grant agreement.

PROJECT AMENDMENTS, MODIFICATIONS, AND TERMINATIONS

Before work on the project begins, a Grant Agreement may be terminated by CAL FIRE or the grantee upon 30 days advanced written notice to the other party. After work begins on the Project, termination may occur: (1) if CAL FIRE and the grantee mutually agree to terminate the agreement; (2) if the State determines Grantee has made a material misrepresentation, violated this Agreement, failed to fulfill its obligations under this Agreement, or otherwise determines there is cause to do so; or (3) if the State gives 30-days written notice of termination to Grantee.

Once a Grant Agreement has been signed, it may only be amended with advanced written consent of both CAL FIRE and the grantee. Any amendment requests, including the ability to extend the project timeline, where permissible, must be submitted to CAL FIRE sixty (60) days before the agreement end date using the Grants Portal system. CAL FIRE reserves the right to waive the sixty (60) days in extenuating circumstances.

A grantee wishing to change the scope or budget of an approved project at any stage shall submit the proposed change in writing, on entity letterhead, to CAL FIRE for review. Any change must be consistent with the need cited in the original application and authorizing legislation. Any modification or alteration to the grant agreement on file must be submitted to the State for review and may require a new signed amended agreement. Any reduction in the actual number of acres being treated in a hazardous fuel reduction grant may result in a corresponding reduction of the grant award

ACCOUNTING REQUIREMENTS

The grantee shall maintain an accounting system that follows Generally Accepted Accounting Principles. The accounting system must accurately reflect fiscal transactions, using the necessary controls and safeguards. This system shall provide an adequate audit trail, including original source documents such as receipts, progress payments, invoices, purchase orders, timecards, canceled checks, etc. Please redact account numbers and personal identifying information before submitting invoices. The system shall also provide accounting data so the total cost of each individual project can be readily determined. CAL FIRE may request records and documentation at any time. These records shall be retained by the grantee for a period of three years after final payment is made by the State or one year after final disposition of any disputed audit findings, whichever occurs later, unless it is the grantee's policy to retain records for a longer duration. Avoid audit exceptions – keep accurate records.

LOSS OF FUNDING

The following are examples of actions that may result in a grantee's loss of funding:

- Grantee withdraws from or fails to complete the funded project (in substantial conformance with the Agreement).
- Grantee fails to submit all required documentation within the time periods specified in the grant agreement.
- Grantee fails to submit evidence of CEQA or NEPA compliance within 12 months of the execution of the agreement as specified by the grant agreement.
- Grantee changes the project scope without the approval of the State.
- Grantee or the State terminates the project in accordance with the terms and conditions in the grant agreement.
- Grantee engages in activities that would lead to the project not achieving GHG emissions reductions.
- Grantee or anyone acting on behalf of Grantee shall not engage in fraud, waste, or the abuse of Grant Funds in violation of California Penal Code section 424 et seq. Grantee shall cooperate in any investigation of such activities that are suspected in connection with this Agreement.
- Recipients of Grant Funds shall receive no more than the fair market value of an arm's length transaction for any goods or services provided under this Agreement. Grantee shall provide evidence to the State upon request of compliance with this Section 11.e. Violation of this Section 11.e. will result in a violation of California Penal Code section 424, subd. a.

PROPOSITION 4 INDIRECT COST RATES

For grants awarded for projects under Proposition 4, Wildfire Prevention Grants will reimburse the grantee's indirect costs. The grantee may request one of the following indirect cost rates:

- The grantee's federal negotiated indirect cost rate, pursuant to its Negotiated Indirect Cost Rate Agreement (NICRA).
- The 15 percent de minimis indirect cost rate specified in Part 200 of Title 2 of the Code of Federal Regulations.
- A rate negotiated by the grantee with another state agency within the last five years.

In the event of an audit, projects with budgets that include administrative costs must be able to document the appropriateness of these expenses. If the applicant does not have an existing NICRA, a typical method for documentation of administrative overhead expenses is a Cost Allocation Plan (CAP). A CAP is a formal accounting plan used to calculate and document the method for recovering overhead costs. The CAL FIRE strongly recommends that grantees consult with an accounting professional to develop an appropriate method for calculating the overhead rate and prepare a CAP.

PROJECT COSTS

Project costs must be consistent with the approved project and incurred during the performance period as specified in the grant agreement.

Budget Item	Eligible Cost	Required Documentation
Salaries and Wages (Grantee Only)	Salaries and wages of employees employed by the grantee who are DIRECTLY engaged in the execution of the grant project. Limited to actual time spent on the grant project. Leave benefits (i.e., sick leave, vacation, etc.) that are consistent with the grantee's leave benefit policy may be charged to the grant in proportion to the percentage of time worked on the grant within the pay period. Examples of expenditures include time-related to site visits and project monitoring and completion of reporting related to the grant project. Staff time related to accounting, business services, etc. are allowed only if those functions are not included in the grantee's overhead cost.	A payroll summary of all employees' time spent on the project must be provided with invoices requesting salary/wage reimbursement. Payroll documentation should show a nexus between time worked on the project and wages paid to the employee after the fact. Timesheets or similar documentation detailing days and hours worked on the project must be maintained and retained by the grantee for audit purposes but should not be submitted to CAL FIRE unless otherwise instructed. Any leave charged to the grant must reflect the calculation of time spent on the grant compared to overall time worked. A statement certifying that leave charged to the grant is in proportion to employee's time spent must be included as part of the supporting documentation. All salary and wages charged to the grant must tie back to the grantee's accounting records.
Benefits (Grantee Only)	Employer contribution share of fringe benefits associated with employees (paid from salaries and wages Budget Item) who are directly engaged in the execution of the grant project. This will include Social Security, Medicare, Health Insurance, Pension Plan costs, Payroll taxes, etc. as applicable for the specific employee.	Same documentation as Salaries and Wages. Payroll summary documentation showing wages and hours paid to employee and associated fringe benefits. Back-up documentation to be retained by grantee for audit records.
Contractual	Direct consultant and contractual services necessary to achieve the objectives of the grant. Examples of contractual costs will be RPF supervision/certification, professional/consultant services (the costs of consultant services necessary for project planning and implementation), Wildfire Prevention contractor, etc. Procurement of contractual services should be documented to ensure selection on a competitive basis and documentation of price analysis.	Invoices from Consultant/Contractor identifying expenditure, services performed, and period of services. When reporting acres, contractor invoices must identify when and where the acres were treated. Documents related to consultant/contractor selection analysis must be kept by the grantee and made available for audit purposes, upon request. Use of California Conservation Corps or certified community conservation corps is exempt from competitive selection.

Travel (Grantee Only)	Travel costs associated with travel to and from project sites, meetings, etc. directly related to the grant project and must be considered reasonable and necessary for the completion of the project. Per diem shall not exceed the California Standard Per Diem Rate allowable by the U.S. General Services Administration. Mileage rates shall not exceed the rates allowable by the Internal Revenue Service (IRS).	Receipts identifying travel costs (i.e., lodging, rental cars). Mileage must be documented by either employee travel claims that are signed by the employee or vehicle mileage logs for vehicles owned by the grantee. Per Diem must be documented by employee travel claims.

Budget Item	Eligible Cost	Required Documentation
Supplies (Grantee Only)	Supplies that are used in the direct support of the project are allowable. Supplies exceeding. $1,000 per unit cost shall be documented to ensure procurement of supplies on a competitive basis and documentation of price analysis. Any technology must be identified and pre-approved by CAL FIRE. Supplies include items under $10,000 per unit cost. (e.g., chainsaws etc.) All food costs must be pre- approved and explicitly listed in the Scope of Work, Budget, and Budget narrative in order to be considered an eligible cost.	Receipts identifying item purchased, cost, and date of purchase. Documentation related to price analysis of procurement of supplies exceeding $1,000 must be kept by the grantee and made available for audit purposes upon request.
Equipment (Grantee Only)	Equipment is an item of $10,000 or more per unit cost and has a tangible useful life of more than one year. Purchase of equipment may not exceed $750,000 and must be owned by the grantee. The cost to lease equipment to use in the grant project may be charged to the grant but listed under the 'Other' budget category. A cost-benefit analysis to justify the cost of purchasing equipment versus leasing must be identified in the scope of work. Procurement of equipment must be done on a competitive basis and include documentation of price analysis. The grantee must include in the application package the proposed use and maintenance plans for equipment after the performance period of the grant. Disposition of equipment beyond the project performance period is subject to CAL FIRE approval. If grantee fails to complete grant or dissolves during grant, grantee must dispose of the equipment in accordance with an equipment disposition plan that is approved by CAL FIRE in advance. Equipment purchased using grant funds can not be used as collateral, financed, or sold without written approval from the State at its discretion.	Cost of equipment purchased shall be substantiated by purchase receipt and a bid quote worksheet at the time of invoicing. All documentation related to price analysis of procurement of equipment must be kept by the grantee and made available for audit purposes, upon request. Disposition of the equipment must be submitted and approved by CAL FIRE every two years upon completion of the project until notified in writing by CAL FIRE that reporting is no longer required.
Other (Grantee Only)	Other costs that do not fit in any of the above categories. The cost must be directly related to the grant project. A cost (such as rent, utilities, phones, general office supplies, etc.) that must be apportioned to the grant is considered indirect cost unless written justification is submitted and approved by CAL FIRE. Use of equipment owned by the grantee may be charged to the grant at a rate set by the California Department of Transportation Labor Surcharge and Equipment Rental Rate Guide. Example, grantee has a rental rate in Other for equipment and Fuel in Supplies for said equipment. As per the Cal-Trans guideline, fuel is calculated and accounted for in the rate.	Invoices or receipts identifying the item and cost charged to the grant. Cost of leased equipment charged to the grant must be substantiated with receipts identifying equipment leased, dates equipment was leased, lease rate and total cost. Use of grantee equipment must be substantiated with an equipment usage log that identifies the equipment used, rate, and total rental cost.

Budget Item	Eligible Cost	Required Documentation
Indirect Costs (Grantee Only)	Indirect Costs are costs associated with doing business that are of a general nature and are incurred to benefit two or more functions within the grantee organization. These costs are not usually identified specifically in the grant agreement, project, or activity, but are necessary for the general operation of the organization. Examples include salaries and benefits of employees not directly assigned to a project; functions such as personnel, accounting, budgeting, audits, business services, information technology, janitorial, and rent, utilities, supplies, etc. Functions included as direct versus indirect costs must be applied consistently for all activities within the Grantee organization, regardless of fund source. For grants awarded for projects under Proposition 4, Wildfire Prevention Grants will reimburse the grantee's indirect costs. The grantee may request one of the following indirect cost rates: The grantee's federal negotiated indirect cost rate, pursuant to its Negotiated Indirect Cost Rate Agreement (NICRA). The 15 percent de minimis indirect cost rate specified in Part 200 of Title 2 of the Code of Federal Regulations. A rate negotiated by the grantee with another state agency within the last five years. A rate proposed by the grantee in the grantee's program application with the administering state agency if the grantee does not have an existing state rate. Grantee can request an indirect cost rate of 15% to 20%.	Applied on a percentage (%) basis on direct costs except for equipment. Documentation related to the determination of the grantee's indirect cost rate must be retained by the grantee and made available upon request for audit purposes.

PAYMENT OF GRANT FUNDS

Funds will be disbursed only when there is a fully executed grant agreement between CAL FIRE and the grantee. An agreement is considered fully executed upon signature and approval by the State Fire Marshal or designee. All payments are made on a reimbursement basis, except in cases where CAL FIRE authorizes advance payments. (i.e., the grantee is invoiced for services, products, or supplies; invoices CAL FIRE for same; and is reimbursed by the State upon approval of the invoice). No work prior to or after the grant period will be reimbursable.

CAL FIRE has the legal right to conduct a spot inspection to verify that work invoiced has been satisfactorily completed. If a financial report is incomplete or non-reimbursable, it will be returned to the grantee.

STATE CONFLICT OF INTEREST LAWS

All applicants, individuals who participate in the review of submitted Project Proposals, and grantees are subject to state and federal conflict-of-interest laws. Applicable statutes include, but are not limited to, California Government Code section 1090 and Public Contract Code sections 10365.5, 10410, and 10411. These statutes include, but are not limited to, prohibitions on the following conduct:

a) Current State Officers or Employees: No State officer or employee shall engage in any employment, activity, or enterprise from which the officer or employee receives compensation or has a financial interest, and which is sponsored or funded by any State agency, unless the employment, activity, or enterprise is required as a condition of regular State employment. No State officer or employee shall contract on his or her own behalf as an independent contractor with any State agency to provide goods or services.

b) Former State Officers or Employees: For the two-year period from the date he or she left State employment, no former State officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements, or any part of the decision-making process relevant to the contract while employed in any capacity by any State agency. For the twelve-month period from the date he or she left State employment, no former State officer or employee may enter into a contract with any State agency if he or she was employed by that State agency in a policy-making position in the same general subject area as the proposed contract within the twelve-month period prior to his or her leaving State service.

Any individual who has participated in planning or setting priorities for a specific grant solicitation over and above the public comment process or who will participate in any part of the grant development and negotiation process on behalf of the State is ineligible to receive funds or personally benefit from funds through that solicitation. Failure to comply with conflict-of-interest laws, including business and financial disclosure provisions, will result in the Project Proposal being rejected or any grant agreement made in violation of the conflict-of-interest laws being declared void. CAL FIRE may request additional documentation during the performance of the grant, including review of financial progress reporting, or during State Audit to verify that a conflict of interest does not exist. Other legal actions may also be taken.

If an applicant has any questions about compliance with conflicts of interest laws, the applicant should consult the California Fair Political Practices Commission or a qualified attorney.

CAL FIRE may require Grantee to establish conflict-of-interest policies and procedures and maintain adequate controls to ensure that the grantee or anyone acting on behalf of the grantee does not have any conflicting personal or financial interest associated with activities funded by the grant project. CAL FIRE may request additional documentation during the performance of the grant, including during review of financial or progress reporting, or during State Audit to verify that a conflict of interest does not exist.

Private Benefit Prohibited
Grantee will not be reimbursed for any costs that exceed the fair market value of an "arm's length" transaction for goods or services rendered in furtherance of the grant project.

An "arm's length" transaction exists where the parties have an adverse (or opposing) interest. For example, a seller wants to sell his goods at the highest possible price, while a buyer wants to buy at the lowest possible price. These are adverse interests. In negotiating with a person, an adverse interest is assumed if that person is otherwise unrelated to you in the sense of not being in a position to exercise substantial influence over you or your affairs. If the person is in a position to exercise substantial influence over your affairs, then an arm's length standard requires additional precautions to eliminate the effect of the relationship. Using a conflict-of-interest policy, information about comparable transactions between unrelated parties, and reliable methods for evaluating the transaction, are examples of precautions that would help make the negotiation process equivalent to one between unrelated persons.

Fair market value is the price at which goods, services, or property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy, sell, or transfer the goods, services, or property, and both having reasonable knowledge of relevant facts.
Grant recipients must avoid or scrutinize transactions that exhibit signs of actual or possible conflicts-of-interests and should avoid even the appearance of conflicts. The appearance of a conflict of interest occurs when a person in a position of authority over an organization, such as a director, officer, or manager, may benefit personally from a decision he or she could make.

Conflict-of-interest red flags may also include organizations that engage in transactions that are less than "arm's length" indicating there may be a bargain or gift element, such as transactions with friends and relatives, or receiving gifts from contractors. In addition, transactions with organizations that have several employees or Board members who are personally or professionally related should be highly scrutinized.

ADVANCE PAYMENTS

In accordance with Public Resources Code section 4124.5, or other applicable statutory authority, advance payments may be considered for non-profit organizations, local agencies, Resource Conservation Districts, special districts, and Native American tribes. Advance payments are solely at CAL FIRE's discretion and eligibility and may be subject to change. An advance request form must be submitted identifying how funds may be used over a six-month period.

Advance payments must be deposited into a federally insured, interest-bearing account that provides the ability to track interest earned and withdrawals. Any interest earned on advance payment funds must be accounted for as project income and used toward offsetting the project cost or returned to the STATE. Refer to Appendix K on calculations and supporting documentation for interest income. All other advance payment requests shall not exceed 25% of the total grant award.

Advances must be fully utilized within a six-month period unless additional time has been requested and is approved by CAL FIRE.

Additional advances may not be requested until acceptable documentation is received that the previous advance has been fully liquidated on eligible expenses. In addition, an accountability report must be submitted to CAL FIRE every four months upon receipt of funds until funds have been fully liquidated.

CAL FIRE processes for approving and managing grant advances are subject to change.

STATE AUDIT

Projects may be audited at any time during the project performance period and for three years after final payment by the State.

The purpose of an audit is to verify compliance with governing criteria requirements, confirm that expenditures are appropriate and accurately charged, and identify opportunities to improve the effectiveness, efficiency, accountability, and transparency of the grant program.

When project(s) are selected for audit, the grantee must immediately locate and preserve all records that may be related to the funded project(s). This mandatory hold prohibits the destruction, deletion, or alteration of any potentially relevant information including, but not limited to, emails, texts, photographs, computer files, notes, correspondence, and other documentation. Records must be organized, secured, and readily accessible. Because relevant information may exist across multiple locations and devices, the grantee must take reasonable steps to identify and retain all materials in their possession and those held by employees, contractors, and consultants. This includes data stored on computers, servers, mobile devices, external drives, cloud storage, and backup media. The grantee must also notify all associated personnel of their obligation to preserve records.

The grantee shall provide the State of California, CAL FIRE, and/or any other entity designated by the State with unrestricted access to all functions, data, records, information, physical property, and personnel that are related to administration of the grant and necessary to perform the audit. All such records and materials shall be made available at reasonable times for auditing purposes.

If the audit reveals the grantee failed to comply with the terms and conditions of the grant agreement, or if there are concerns regarding the integrity or management of the project(s). To protect public funds, potential remedies may include, but are not limited to, suspension of project activities, withholding payments, disallowing unallowable or unsupported costs, recovery of funds, terminating the grant, deeming the grantee ineligible for future funding, and making investigative referrals when warranted.

Grantees must retain source documents for all grant-related expenditures for at least three (3) years after final payment by the State, or one year after an audit is completed, whichever is later, unless a longer retention period is required by the grantee’s internal policies.

IV. EXPLANATION OF TERMS

TERM	EXPLANATION
Agreement	A legally binding agreement between the State and another entity.
Amendment	A formal modification or a material change of the Agreement, such as terms, cost, budget, or scope of work.
Applicant	The entity who has applied requested grant funds.
Application	The form identified by CAL FIRE as the document to be submitted by an applicant requesting grant funds, and its required supporting attachments, as required by the enabling legislation or program.
Appropriation	A legislative budget authorization from a specific fund to a specific agency or program to make expenditures or incur obligations for a specific purpose and period.
Authorized Representative	The designated person or position identified by the Grantee as the agent to sign all required grant documents including, but not limited to, grant agreements, Application forms, and payment requests.
CEQA	The California Environmental Quality Act, as stated in the PRC 21000 et sq.; Title 14 California Code of Regulations (CCR) 15000 et seq., CEQA is a law establishing policies and procedures that require agencies to identify, disclose to decision makers and the public, and attempt to lessen significant impacts to environmental and historical resources that may occur because of the agency's proposed Project.
Consultant Services	Services which provide a recommended course of action or personal expertise, such as accounting or a Registered Professional Forester (RPF).
Contractor	An entity contracting with the grantee for services and generally receives a Form 1099 for tax purposes.
Disadvantaged Community (DAC)	means a community with a median household income of less than 80 percent of the area average or less than 80 percent of statewide median household income consistent with Public Resources Code section 90100. Disadvantaged Communities Mapping Tool.
Direct Costs	Expenses of doing business that are directly attributable to the Project. Examples of direct costs are salaries and benefits of employees directly associated with a Project or expenses of items used directly by the Project.
Employee	Individuals employed directly by the grantee and who generally receive a W-2 for tax purposes.
Encumbrance	A commitment of funds guaranteeing a source of payment for a specific Agreement.
Execution of an Agreement	The act of signing an Agreement, which provides a legal basis for required performance by parties to the Agreement.
Grantee	The entity that has an executed grant agreement for the award of grant funds.

Indirect Costs	Expenses of doing business that are of a general nature and are incurred to benefit at least two or more functions within an organization. These costs are not usually identified specifically with a grant, grant agreement, Project, or activity, but are necessary for the general operation of the organization. Examples of Indirect Costs include salaries and benefits of employees not directly assigned to a Project; functions, such as personnel, business services, information technology, janitorial, and rent, utilities, supplies, etc. Indirect Costs may be referred to as overhead or administrative costs.
Informal Amendment	An agreement modification is an informal agreement Informal amendment that moves dollars in the line item and task budgets not to exceed 10% of total grant amount; changes deliverable due dates or makes a minor change in the work in accordance with the intent of the legislation. It does n ot require a formal amendment of the grant agreement. See the modifications section for further requirements.
Non-profit Organization	Any California corporation organized under Sections 501(c)(3) of the Federal Internal Revenue Code. A letter of determination certifying non-profit status will be required prior to Project approval.
Operating Expenses (Direct Costs)	Any cost that can be specifically identified as generated by and in accordance with the provisions or activity requirements of the grant agreement.
Payee Data Record (Std. 204)	Form Std. 204, "Payee Data Record" is required for all grant recipients. The form must be submitted to establish a vendor number for payment and to have funds encumbered.
Personnel Services	This budgeted amount includes salaries and benefits for wage-earning personnel employed by the grantee/contractor (not a subcontractor) and working on the Project.
Program Income	Income that is generated directly by Grantee's performance of the Project, including any interest earned on Advance Payments.
Project Performance Period	The period during which the Project Scope of Work costs may be incurred, and the work described in the Project Scope of Work must be completed, billed, and paid for by the State. Only eligible costs incurred during the Project Performance Period will be paid.
Project	The term "Project" means the activity or work to be accomplished utilizing grant funds and match (if applicable).
Project Scope of Work	The term “Project Scope of Work” defines the individual scope of work or activity describing in detail the proposed tasks identified, as described in enabling legislation and in the grant agreement.
Project Budget Narrative	The term "Project Budget Narrative" defines the proposed detailed budget plan.
Resolution	The purpose of a resolution by a grantee’s governing body is to allow the entity to sign Agreements and amendments for a specific project, i.e., it allows the designated entity to enter into an agreement with the State of California, and it designates someone to sign on behalf of the grantee’s governing board. A signed resolution can be submitted at the time the signed grant agreements are returned to CAL FIRE’s Grants Management Unit, Sacramento Headquarters.
Severely Disadvantaged Community	A community with a median household income of less than 60 percent of the area average or less than 60 percent of statewide median household income consistent with Public Resources Code section 90100. Disadvantaged Communities Mapping Tool.
Vulnerable population	A subgroup of the population within a region or community that faces a disproportionately heightened risk or increased sensitivity to the impacts of climate change and that lacks adequate resources to cope with, adapt to, or recover from such impacts with Public Resources Code Section 90100.

PROP 4 TOOLS

Multiple tools are available to understand climate vulnerability in California, including:

- Defining Vulnerable Communities in The Context Of Climate Adaptation
- Vulnerable Communities Platform
- Climate Change & Health Vulnerability Indicators for California
- California Wildfire Smoke and Air Pollution Health Burden Mapping Dashboard
- Fire Hazard Severity Zones (FHSZ) Maps
- Native American Contact List

V. APPENDICES

Appendix A: Environmental Compliance for CAL FIRE Projects (CEQA)
Appendix B: Sample Resolution (not required)
Appendix C: Invoice
Appendix D: State of California Standard Required Forms
Appendix E: CalMAPPER (Awarded Grants Only)
Appendix F: Low-Income and Disadvantaged Communities Appendix G: PDF Project Map
Appendix H: Justification for indirect rate above 15% and supporting documentation
Appendix I: Application Package Appendix J: Additional Resources

---

APPENDIX A – ENVIRONMENTAL COMPLIANCE FOR CAL FIRE PROJECTS

NOTE: Grantee must submit proof of California Environmental Quality Act (CEQA) or National Environmental Policy Act (NEPA) compliance within one year of the execution of the grant agreement, unless a longer period is approved by CAL FIRE. To ensure this occurs in a timely manner, the grantee should contact the Department of Forestry and Fire Protection (CAL FIRE) Local Unit Contact as soon as possible after receiving the executed Grant Agreement.

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) COMPLIANCE
Project work involving Federal actions must comply with NEPA.

Regardless of jurisdiction, CEQA Compliance is required when using Wildfire Prevention grant funds. For Federal jurisdictions that meet the requirements of Public Resources Code (PRC) section 4799.05(d)(1), a CEQA notice of exemption will need to be filed. This means that prescribed fire, reforestation, habitat restoration, thinning, or fuel reduction projects undertaken, in whole or in part, on federal lands to reduce the risk of high-severity wildfire that have been reviewed under NEPA may not need additional analysis and would be statutorily exempt from CEQA. See Item #5 below.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

Within one year of the execution of the grant agreement and prior to commencing any work that could impact the environment, CAL FIRE requires proof of adequate compliance with CEQA. This may be accomplished by one or more of the following methods:

a) Notice of exemption filed with the State Clearinghouse and, if required, the county clerk. Note that PRC § 21159.27 prohibits a project from being divided into smaller projects to qualify for one or more exemptions.
b) Initial study and negative declaration or mitigated negative declaration and all associated noticing documents filed with the State Clearinghouse and the county clerk.
c) Draft and final environmental impact report and all associated noticing documents filed with the State Clearinghouse and the county clerk.
   A map(s) showing the grant project boundary overlaid with the CEQA project boundary and identifying all treatment types. Maps must contain a legend defining all components, a datum point, a north arrow, and a bar scale. Including shapefiles identifying the "treatment" area surveyed where activities will be conducted during the grant period.
d) Timber harvesting permit or notice in compliance with the California Forest Practice Act and Rules for projects that undertake timber operations per PRC § 4527. Note that use of timber harvest documents for CEQA compliance in the absence of timber operations is not appropriate, as the Forest Practice Act and Rules do not apply in these circumstances. Applicants that will be utilizing timber harvest documents for CEQA compliance should identify within the harvest documents that they are receiving CAL FIRE grant funding.
e) Finding of no significant impact-decision notice, categorical exclusion- decision memo, or environmental impact statement-record of decision prepared in compliance with the

NEPA for projects that are exempt from CEQA pursuant to PRC § 4799.05(d)(1). When using a NEPA document, per PRC § 4799.05(d)(4)(A), a CEQA notice of exemption needs to be filed with the State Clearinghouse and with the county clerk in the county in which the project will be located in the manner specified in subdivisions (b) and (c) of Section 21108 or subdivisions (b) and (c) of Section 21152. The lead agency will also need to post the notice of exemption on its internet website together with a description of where the documents analyzing the environmental impacts of the project under the federal National Environmental Policy Act of 1969 are available for public review.

f) For activities proposed under a Program Environmental Impact Report (PEIR) (CEQA Guidelines §15168), like the California Vegetation Treatment Program (CalVTP), the PEIR, one of the following must be provided:
   - A checklist or similar evaluation tool (like a Project Specific Analysis (PSA) for the CalVTP) demonstrating that site-specific impacts were considered and that applicable mitigation measures from the Program EIR are incorporated; or
   - An Initial Study leading to a Negative Declaration, Mitigated Negative Declaration, or subsequent EIR if new effects not addressed in the Program EIR would occur; or
   - Documentation that the activity is within the scope of the Program EIR, supported by substantial evidence in the record; or
   - Other documentation showing compliance with CEQA Guidelines §§15162–15164 regarding subsequent, supplemental, or addendum analysis.

For exempt projects where the grantee is a public agency, the grantee must prepare and file the notice of exemption for an exempt project. For exempt projects where the grantee is not a public agency (e.g., Fire Safe Council), CAL FIRE, or another public agency will be responsible for preparing and filing the notice of exemption.

For non-exempt projects where the grantee is a public agency, the grantee will assume the role of lead agency. For non-exempt projects where the grantee is not a public agency (e.g., Fire Safe Council), CAL FIRE or another public agency will need to assume the role of lead agency. The lead agency is responsible for: (a) performing the necessary environmental effects analysis; (b) preparing environmental documents; and (c) filing associated notices.

The lead agency may require the grantee to prepare, or retain a consultant to prepare, the environmental documents required for demonstrating adequate compliance with CEQA. When CAL FIRE is the lead agency, the grantee must work closely with CAL FIRE staff to ensure the environmental documents reflect CAL FIRE's independent judgment.

When CAL FIRE is not the lead agency and an environmental impact report ("EIR"), negative declaration or mitigated negative declaration ("ND/MND") has been, or will be, prepared, CAL FIRE will assume the responsible agency role and review an approved environmental analysis by the lead agency, make an independent judgement about the environmental impacts analyzed, and file a Notice of Determination ("NOD") with the State Clearinghouse.

> NOTE: Pursuant to CEQA Guidelines section 15096, the lead agency may be responsible for consulting with CAL FIRE and other responsible agencies before making its determination regarding the project's potential impacts and the level of CEQA review required.

If a lead agency determines a project is exempt from CEQA and files a Notice of Exemption (NOE), CAL FIRE, as a responsible agency, must still ensure that its own discretionary decision (funding the project) complies with CEQA. CAL FIRE will review the exemption and supporting materials to confirm that grant-funded project activities are within the scope cited in the exemption and, if a categorical exemption is used, that no exceptions to the exemption apply. CAL FIRE may request additional documentation or analysis from the grantee to verify that the grant project qualifies for the exemption.

If CAL FIRE determines a CEQA document utilized by another lead agency does not adequately cover all grant-funded project activities or otherwise does not comply with the requirements of the law applicable to CAL FIRE's decision to award grant funding, the grantee may need to do additional environmental analysis to receive environmental compliance approval.

CAL FIRE will review the project, its CEQA documentation, and supporting materials to ensure that potential significant environmental impacts of all grant-funded activities, including by type and location, have been adequately addressed. CAL FIRE may request additional information to determine that CEQA documentation adequately evaluates the environmental impacts of all grant-funded activities. The grantee must plan accordingly and allow sufficient time for CAL FIRE to complete its review, recognizing that timelines may vary based on the complexity of the CEQA documents, the presence of sensitive natural or cultural resources, and the overall scope of the project. Grant Activities that could affect the environment cannot begin without written environmental compliance approval from CAL FIRE to the grantee.

Grantees should ensure they ask for adequate funds for environmental work when applying for grants. When preparing their budgets, grantees should consider the need to contract with appropriate resource professionals to do the necessary environmental effects assessment and document preparation work. This may include biologists, professional archaeologists, air quality experts, registered professional foresters, environmental planners, etc.

For all environmental documents where CAL FIRE is the lead agency, except timber harvesting permits or notices, cultural resources must be assessed per the procedures outlined in Cultural Resources Review Procedures for CAL FIRE Projects. This may require the grantee to consult with the appropriate CAL FIRE archaeologist to determine if impacts to cultural resources are possible and what, if any, assessment or mitigation work will have to be done. This consultation should be done as early in the planning process as possible.

> NOTE: Per CAL FIRE's procedures, a CAL FIRE Certified Archaeological Surveyor certificate can only be used when CAL FIRE is the lead agency for CEQA. This means that when a grantee or another public agency assumes the role of lead agency, the grantee CANNOT use a CAL FIRE Certified Archaeological Surveyor certificate to obtain records from the California Historical Resources Information System (CHRIS).

CAL FIRE must review all environmental documents and associated notices for adequate compliance with applicable procedures and CEQA.

"Public agency" includes the following:

- PRC § 21062. "Local agency" means any public agency other than a state agency, board, or commission. For purposes of this division redevelopment agency and a local agency formation commission are local agencies, and neither is a state agency, board, or commission.
- PRC § 21063. "Public agency" includes any state agency, board, or commission, any county, city and county, city, regional agency, public district, redevelopment agency, or other political subdivision.
- 14 CCR § 15368 "Local agency" means any public agency other than a state agency, board, or commission. Local agency includes but is not limited to cities, counties, charter cities and counties, districts, school districts, special districts, redevelopment agencies, local agency formation commissions, and any board, commission, or organizational subdivision of a local agency when so designated by order or resolution of the governing legislative body of the local agency.
- 14 CCR § 15379 "Public agency" includes any state agency, board, or commission and any local or regional agency, as defined in these Guidelines. It does not include the courts of the state. This term does not include agencies of the federal government.

APPENDIX B – SAMPLE RESOLUTION (NOT REQUIRED)

RESOLUTION OF THE (TITLE OF GOVERNING BODY/CITY COUNCIL/BOARD OF SUPERVISOR/BOARD OF DIRECTORS) OF (CITY/COUNTY/DISTRICT), STATE OF CALIFORNIA

Resolution Number: _____

WHEREAS, the Governor of the State of California in cooperation with the California State Legislature has enacted State of California **Climate Investment**, which provides funds to the State of California and its political subdivisions for **fire prevention programs**; and

WHEREAS, the State Department of Forestry and Fire Protection (CAL FIRE) has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing application by local agencies, non-profit organizations, and others under the program, and

WHEREAS, the applicant will enter into an agreement with the State of California to carry out (PROJECT TITLE) project;

NOW, THEREFORE, BE IT RESOLVED that the (GOVERNING BODY):

1. Approved the filing of an application for **"California Climate Investments Wildfire Prevention Grants Program"**; and
2. Certifies that said applicant has or will have sufficient funds to operate and maintain the project; and,
3. Certifies that funds under the jurisdiction of (GOVERNING BODY) are available to begin the project.
4. Certifies that said applicant will expend grant funds prior to (GRANT DEADLINE).
5. Appoints (POSITION TITLE) or a designee, to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project.

The foregoing resolution was approved and adopted the _____ day of _____, 20___ by the following vote:

APPENDIX C – INVOICE

INVOICE GUIDELINES

It is preferred, but is not required, that grantees use the invoice template posted on the CAL FIRE Grants website. Due to differences in accounting systems used by the grantee, the grantee must include the following elements when submitting a payment request, either on the grantee's invoice or as an attachment to the invoice. If a grantee chooses to use their invoice in lieu of the invoice template provided, the invoice must be put on grantee's official letterhead.

1. The word "Invoice" shall appear at the top of the page.
2. Grantee Information – Includes the grantee name and address which shall match the Std. 204 - Payee Data Record submitted with the grant agreement. Payment will be submitted to this address after the financial report has been approved. Grantee shall notify CAL FIRE in writing regarding address changes and effective dates.
3. Invoice Date and Number – Date invoice was issued and unique invoice number to be determined by the grantee for reference.
4. Grant Identification – Grant Number, Grant Performance Period, and Project Name as identified in the Grant Agreement.
5. Invoice reporting period – Performance start and end dates for which grantee is invoicing CAL FIRE. Under no circumstances will an invoice period outside of the grant performance period be accepted.
6. Payment Type – Indicate whether the invoice is to request an advance payment, interim payment, or final payment.
7. Cost breakdown – Grantee costs must be broken down by the budget item consistent with the approved budget in the Grant Agreement. The grantee must identify the amount for which CAL FIRE is being billed in the invoice period and the total amount spent and match (if applicable) from the beginning of the grant performance period through the invoice period. Advance requests should still include a breakdown of the budget items for which the grantee is planning to expend the funds.
8. Offset to current cost – Include the balance of advance funds given to grantee as well as program income earned from the grant if applicable.
9. The total amount for which grantee is requesting reimbursement from CAL FIRE.
10. Grantee contact name, phone number, and email address for questions related to the invoice.
11. All backup documentation to support the invoice (see Project Costs section).
12. Certification and signature of authorized representative - Please see sample invoice for certification language.

APPENDIX D – STATE OF CALIFORNIA STANDARD REQUIRED FORMS

THESE STANDARD FORMS MUST BE SUBMITTED IN THE GRANTS PORTAL WITH THE PROJECT APPLICATION. THE STANDARD FORMS BELOW ARE ALSO LINKED IN THE GRANTS PORTAL.

Payee Data Record form (STD. 204) – CAL FIRE utilizes this form internally for all grantees. This form is required for all applicants, including local governments, despite the language on the form. Payee Data Record STD. 204

APPENDIX E – CALMAPPER (AWARDED GRANTS ONLY)

All Prop 4 funded projects will be recorded in CAL FIRE's Management Activity Project Planning & Event Reporter (CalMAPPER). To achieve this, grantees must provide spatial information via shapefiles about where the project occurs on the landscape, identify treatments for their project, and identify what activities occurred. Submission of all activities completed must be submitted with invoices or other methods identified by the Grants Program. This may be requested as often as ground-disturbing work is performed.

APPENDIX G – PDF PROJECT MAP

In addition to the online WP Grants Mapping Center project mapping program Geopoint and polygons, include a pdf map(s) of the project with the project application. The map(s) shall meet the following requirements:

- Electronic format of PDF.
- Printed format(s) should measure 8 ½ by 11 inches.
- The scale should be 1:24,000 scale or finer. The maps should show enough of the surrounding area so that the application review team can get a sense of the relationship of the project to the surrounding area.
- The map(s) should clearly show:
    - Project boundaries
    - Treatment area(s) by type
    - Roads
    - Watercourses
    - Parcels
    - City/County/Unit
    - Proximity to wildfire-threatened communities
    - Other necessary information
- Legend: Include a map legend that identifies:
    - The features on the map
    - The project tracking number
    - Project name
    - Project proponent

APPENDIX H – JUSTIFICATION FOR INDIRECT COST RATE > 15%

Applicants that utilize a higher indirect rate on non-CAL FIRE grants and agreements may request to apply an indirect cost rate in excess of 15% as part of their application. The request shall include a detailed justification as a separate attachment to the grant application indicating why a higher rate is needed for the grant project along with supporting documentation as to how the higher indirect rate is determined. Supporting documentation may include, but is not limited to, the entity's Federally approved Negotiated Indirect Cost Rate Proposal. Submittal of the justification and supporting documentation does not guarantee approval of the higher rate which is solely at CAL FIRE's discretion.

Applicants requesting the higher rate may include the higher rate within the total application request and within the budget breakdown. CAL FIRE will evaluate the request for a higher indirect rate concurrently with the grant application. If the project is approved, but the higher indirect rate is not, CAL FIRE will notify the Grantee of the reduced award amount and request changes to the budget, if needed.

For grants awarded for projects under Proposition 4, Wildfire Prevention Grants will reimburse the grantee's indirect costs. The grantee may request one of the following indirect cost rates:

- The grantee's federal negotiated indirect cost rate, pursuant to its Negotiated Indirect Cost Rate Agreement (NICRA).
- The 15 percent de minimis indirect cost rate specified in Part 200 of Title 2 of the Code of Federal Regulations.
- A rate negotiated by the grantee with another state agency within the last five years.
- A rate proposed by the grantee in the grantee's program application with the administering state agency if the grantee does not have an existing state rate.
- Grantee can request an indirect cost rate of 15% to 20%.

APPENDIX I – APPLICATION PACKAGE

A COMPLETE APPLICATION PACKAGE INCLUDES AND IS REQUIRED TO BE CONSIDERED:

Grants Portal (Solicitation Link on WP Grants website):

- Application
- Scope of Work
- Budget
- Goals
- File Uploads*
- Online submission of Geopoint or polygons in the Project Mapping Program

*File uploads to Grants Portal:

- PDF version of Project Map(s) (formatted to 8 ½" x 11")
- Articles of Incorporation, including document w/seal from Secretary of State (non- profit applicants)
- State of California Payee Data Record form (Std. 204) – see Appendix D
- Letter(s) of Commitment if matching funds or services are included
- Letter(s) of Support (not required)
- University of California (UC)/ California State University (CSU) Model Agreement Template (Required for UC/CSU and associated auxiliary entities)

Board Resolution granting authority to sign if non-profit or local government, a signed resolution may be requested if necessary.

ZIP MULTIPLE FILES OF ONE TYPE, I.E., MULTIPLE LETTERS OF SUPPORT, TRAVEL POLICY (IF TRAVEL IS INCLUDED), FOR FUELS REDUCTION WORK; SHAPE FILES ARE REQUIRED, AND UPLOAD AS A SINGLE ZIP FILE.

APPENDIX J – ADDITIONAL RESOURCES

Local CAL FIRE Unit (Vegetation Management Foresters and Local Wildfire Prevention Grants Resources)

SouthernRegionGrants@fire.ca.gov (Southern Region Contact)

CNRgrants@fire.ca.gov (Northern Region Contact)

WPGrants@fire.ca.gov (Wildfire Prevention Grants Program Analysts)

CALFIRE.Grants@fire.ca.gov (Grants Administration)

Subscribe to CAL FIRE grant email notifications to be notified when our workshops are scheduled and to receive solicitation announcements.

APPENDIX K – CALCULATING INTEREST ON ADVANCE PAYMENTS

Interest on Advance Payments must be reported on invoices as Program Income no less frequently than quarterly, unless otherwise waived by CAL FIRE. Documentation to be provided with the invoice should include a copy of the statement showing the grantee's name, initial deposit of the advance funds into the account and the interest rate earned for each statement period associated with the invoice period reported until the advance funds have been fully liquidated. It is advised that the account number and other sensitive information be redacted from the bank statement.

Separate Account for Advance Payments: Advance funds deposited in a separate interest- bearing account that is not comingled with any other funds should provide a copy of the statement showing the interest earned for each statement period. The amount reflected as interest earned on each statement should tie to the Program Income reported on the invoice, unless there is additional program income earned.

Co-mingled Advance Payments: Advance funds that are co-mingled with other funds shall include a copy of the statement for each statement period associated with the advance funds. The calculation for the invoice period must be included and the total interest should tie to the Program Income reported on the invoice, unless there is additional program income earned. The interest earned can be calculated as:
Formula:

Remaining advance funds x interest rate % = Annual Interest. Annual Interest/365 days =Daily Rate.

Daily Rate x number of days = Interest/Program Income

Use of an alternative calculation method based on the grantee's accounting process may be accepted at CAL FIRE's discretion.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AUTHORIZING THE SUBMISSION OF AN APPLICATION FOR THE CAL FIRE WILDFIRE PREVENTION GRANTS PROGRAM.

WHEREAS, the State of California's Proposition 4 Program has allocated up to $70 million to the California Department of Forestry and Fire Protection (CAL FIRE) in FY 2025-2026 for the purpose of funding the agency's Wildfire Prevention Grants Program;

WHEREAS, CAL FIRE has been delegated responsibility for the administration of this program within the State, setting up necessary procedures governing application by local agencies, nonprofit organizations, and others under the program;

WHEREAS, the City of Eastvale desires to submit an application seeking up to $950,000 from CAL FIRE to clear hazardous fuels in the Santa Ana Riverbed;

WHEREAS, the Santa Ana Riverbed at the border of Eastvale and Norco contains dry vegetation that can serve as fuel for wildfires, especially during windy, hot, or dry weather conditions;

WHEREAS, reducing fuel minimizes the risk of fast-spreading fires that can threaten nearby homes, businesses, and infrastructures; and

WHEREAS, the City will enter into an agreement with the State of California to carry out the Eastvale Santa Ana Riverbed Hazardous Fuels Reduction Project, should CAL FIRE select the project for award and should the City subsequently accept the grant funds.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

1. Approves the filing of a grant application for the CAL FIRE Wildfire Prevention Grants Program;
2. Certifies that the City has sufficient resources to operate and maintain the project;
3. Certifies that funds under the jurisdiction of the City of Eastvale are available to begin the project;
4. Certifies that the City will expend grant funds prior to the specified grant deadline if awarded; and
5. Appoints the City Manager or a designee to conduct all negotiations, execute and submit all documents including but not limited to applications, agreements, amendments, payment requests, and so on, which may be necessary for the completion of the Eastvale Hazardous Fuels Reduction Project.

PASSED, APPROVED AND ADOPTED this 24th day of June, 2026.

Agenda Item No. 11.13
June 24, 2026

Approval of a Third Amendment to the Agreement for Services with Econolite Systems, Inc. for Traffic Signal Maintenance Services

Prepared By:
Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)
Staff recommends that the City Council:

1. Approve a Third Amendment to the Agreement for Services with Econolite Systems, Inc. for Traffic Signal Maintenance Services, extending the term of services through December 31, 2026, with a not-to-exceed amount of $150,000; and
2. Authorize the City Manager to execute the Third Amendment.

Summary
The City entered into an agreement with Econolite for traffic signal maintenance services on June 23, 2021. The current Agreement expires June 30, 2026, and the extension options available for administrative approval built into the Agreement have been exhausted, so the term cannot be extended further without obtaining approval of an amendment to the Agreement.

Concurrently, the City is finalizing a competitive procurement (RFP No. 26-107EG) for Traffic Signal Maintenance and Streetlight Maintenance Services; however, the contract award is not anticipated to be presented to the City Council until August 12, 2026.

To prevent a lapse in traffic signal maintenance coverage during the procurement and contractor-

transition period, staff recommends approval of a Third Amendment with Econolite extending services for six (6) months, through December 31, 2026. All terms, conditions, and the scope of services would otherwise remain consistent with the existing Agreement, with the exception of a 3% Consumer Price Index (CPI) rate adjustment for the Riverside-San Bernardino-Ontario area.

Background

To prevent a lapse in traffic signal maintenance coverage during the procurement and contractor-transition period, staff recommends a Third Amendment to the Agreement. The Third Amendment would extend the term of the Agreement through December 31, 2026. Because the modification adds term and compensation, City Council approval is required.

Econolite has provided quality traffic signal maintenance services to the City throughout the term of the Agreement. The amendment would maintain the existing Scope of Services, including routine preventative maintenance and emergency responsive maintenance. Compensation reflects a 3% Consumer Price Index (CPI) adjustment for the Riverside-San Bernardino-Ontario area, as reflected in the rate schedule attached to the Third Amendment.

Approving the amendment ensures uninterrupted traffic signal maintenance coverage during the period between the June 30, 2026, expiration of the current Agreement and the anticipated August 12, 2026, award of the new maintenance contract. While the new contract is slated for an August award, the extension through December 31, 2026, provides a necessary buffer for contractor onboarding, data migration, and field transition logistics. Furthermore, there are early termination provisions, allowing the City to transition to the new contract sooner if the onboarding process concludes ahead of schedule.

A lapse in coverage could delay response to traffic signal malfunctions and emergency repairs, with potential impacts to public safety and traffic flow. The recommended action provides a bridge of limited duration and limited cost with the built-in flexibility to terminate early, while the competitive procurement is completed.

Environmental

Per the California Environmental Quality Act (CEQA) Guidelines Section 15301, this action is Categorically Exempt from CEQA, as it is for the continued maintenance of existing facilities only.

Strategic Plan Action - Priority Level: 2 | Target #: F | Goal #: F

This action supports the City's commitment to roadway safety and proactive infrastructure management.

Fiscal Impact

Estimated expenditures with Econolite are $20,000.00 per month, for a projected six-month total of $120,000.00. The recommended not-to-exceed amount is established at $150,000.00, which includes a $30,000.00 contingency buffer to accommodate as-needed emergency repairs and unforeseen urgent work orders that may arise during the transition period.

Expenditures will be controlled via budget and an individual purchase order. The agreement does not guarantee work or funding, and the City retains the right to terminate the agreement sooner if needed. Subject to available funding, expenditures will be charged to the Gas Tax Traffic Signal and

Sign Maintenance account [200-510-6438].

Prior City Council/Commission Action

- June 23, 2021, City Council approved the Agreement for Services with Econolite Systems.
- First one-year extension to June 30, 2025.
- Second one-year extension to June 30, 2026.

Attachment(s)

Attachment 1 - Partial Executed_Third Amendment to the Agreement with Econolite.pdf
Attachment 2 - Exhibit B Rate Schedule.pdf

THIRD AMENDMENT TO AGREEMENT
FOR
ANNUAL TRAFFIC SIGNAL MAINTENANCE SERVICES

This Third Amendment to Agreement ("Third Amendment") is entered into this 24th day of June, 2026 by and between the City of Eastvale, a municipal corporation ("City") and Econolite Systems, Inc., a California corporation ("Contractor"), as follows:

RECITALS

A. City and Contractor entered into an agreement for traffic signal maintenance services dated June 23, 2021 ("Agreement").

B. The term of the Agreement was subsequently extended by two (2) one-year extensions, the first extending the term through June 30, 2025, and the second extending the term through June 30, 2026, which is the current expiration date of the Agreement.

C. City and Contractor now desire to enter into this Third Amendment to extend the term of the Agreement for an additional six (6) months, through December 31, 2026, and to adjust the compensation rate schedule to reflect a Consumer Price Index (CPI) increase of 3% for the Riverside–San Bernardino–Ontario, CA area, as set forth in the revised Exhibit 'B' attached hereto.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the Parties do hereby enter into this Third Amendment which modifies and amends the Agreement as follows:

1. AMENDMENTS

(a) **Section 1. (Term of Agreement)**. The term of the Agreement is hereby extended for an additional six (6) months and shall expire on December 31, 2026, unless terminated earlier in accordance with the terms of the Agreement.

(b) **Exhibit "B" (Compensation)**. The compensation rates payable to Contractor shall be adjusted to reflect a 3% increase, as set forth in the revised rate schedule attached to this Third Amendment as Exhibit "B". For the six (6) month extension period of July 1, 2026 through December 31, 2026, the total compensation payable to Contractor under the Agreement shall not exceed One-Hundred and Fifty Thousand Dollars and Zero Cents ($150,000.00). Except as expressly provided in this Third Amendment, all terms governing compensation and method of payment set forth in the Agreement remain in full force and effect.

2. GENERAL PROVISIONS

(a) **Remainder Unchanged.** Except as specifically modified and amended in this Third Amendment, the Agreement remains in full force and effect and binding upon the parties.

(b) **Integration.** This Third Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this Third Amendment.

(c) **Effective Date.** This Third Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Contractor.

(d) **Applicable Law.** The laws of the State of California shall govern the interpretation and enforcement of this Third Amendment.

(e) **References.** All references to the Agreement include all their respective terms and provisions. All defined terms utilized in this Third Amendment have the same meaning as provided in the Agreement, unless expressly stated to the contrary in this Third Amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

For the six (6) month extension period of July 1, 2026 through December 31, 2026, the total compensation payable to Contractor under the Agreement shall not exceed One-Hundred and Fifty Thousand Dollars and Zero Cents ($150,000.00).

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.14
June 24, 2026

Approval of Professional Services Agreement with Robb R. Steel for FY 2026-2027 Community Development and Economic Development Consulting Services

Prepared By:

David Murray, City Planner

Recommended Action(s)

Staff recommends that the City Council authorize the City Manager to execute a Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $60,000 for economic development and community development consultation services from July 1, 2026 to June 30, 2027.

Summary

Since 2021, staff from the City's Community Development, Economic Development, Finance, and Public Works teams have utilized Robb R. Steel's services to support local development and economic development projects such as Downtown Eastvale, Leal Property Development Agreement, Hamner Place, and the Rivian Economic Development Incentive Agreement.

The current contract with Robb R. Steel, which only covers implementation and preparation assistance for Development Agreements, is set to expire on June 30, 2026. Upon approval and execution of the FY 2026-2027 Professional Services Agreement, the new Agreement will be terminating on June 30, 2027.

Background

Robb R. Steel is a professional based in San Clemente, CA that provides economic development, community development, land use, and real estate consultation services. As well as assistance with development agreement and option agreement negotiations, preparing demographic and economic

analyses, and facilitating formations of Community Facilities Districts (CFDs).

The proposed Scope of Work for FY 2026-2027 includes support for the ongoing negotiations and reviewing of any development agreements, option agreements, and due diligence documents related to the Leal property and Downtown Eastvale, facilitation of CFD formations, reviewing/revising/updating the City's enabling documents, supporting the ongoing analysis, SLA review, and future use of the City-owned property at Hamner Place, and assistance for engaging master developers, drafting term sheets, evaluating land economics, and preparing special demographic and economic analyses. These services will be provided in an amount not-to-exceed $60,000.00 for FY 2026-2027.

City staff has deemed that Robb R. Steel is highly qualified to provide economic development and community development services for the City, as Mr. Steel had previously served as a Redevelopment Director, Economic Development Director, Development Services Director, and Assistant City Administrator for various municipalities in a public service career spanning 40 years. In addition, Mr. Steel negotiated Development Agreements for the Cities of Azusa, Colton, and Rialto.

Environmental

Pursuant to Section 15378 of the California Environmental Quality Act (CEQA) Guidelines, organizational or administrative activities of governments that do not result in direct or indirect physical changes in the environment are not considered as CEQA projects.

Strategic Plan Action - Priority Level: 1 | Target #: E | Goal #: A

The services that can be provided under the proposed contract support and contribute to the development of Downtown Eastvale and the new Civic Center, which can significantly attract new businesses and retailers to establish their presence in the City and create a "Destination Eastvale" with high-quality and unique businesses.

Fiscal Impact

There are sufficient funds in the proposed FY 2026-2027 budget for the recommended action as shown below:

Fund	Account	Division	Account Description	Budget
General	100-301-6490	CD/Admin	Other Contract Services	$60,000.00

Prior City Council/Commission Action

On September 28, 2022, the City Council approved a FY 2022-2023 Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $24,000 for implementation assistance with the Development Agreement between the City and the New Home Company.

On June 14, 2023, the City Council approved a FY 2023-2024 Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $48,000.00 for economic development and community development consultation services from July 1, 2023 to June 30, 2024. Specifically, this agreement also requested implementation assistance with the Development Agreement between the City and the New Home Company.

On May 8, 2024, the City Council approved a FY 2024-2025 Professional Services Agreement in an amount not-to-exceed $49,000 for economic development and community development consultation services from July 1, 2024 to June 30, 2025. Similarly, this agreement requested implementation assistance with the Development Agreement between the City and the New Home Company.

On June 25, 2025, the City Council approved a FY 2025-2026 Professional Services Agreement in an amount not-to-exceed $56,500 for economic development and community development consultation services from July 1, 2025 to June 30, 2026. This agreement requested continued implementation assistance with the Development Agreement between the City and the New Home Company as well as other financing, economic development, land planning, and strategic planning assistance as needed.

Attachment(s)

Attachment 1 - Proposed FY 2026-2027 Professional Services Agreement

AGREEMENT FOR ECONOMIC DEVELOPMENT PROFESSIONAL SERVICES SUPPORT

This Agreement for Services ("Agreement") is entered into as of this 1st day of July, 2026 by and between the City of Eastvale, a municipal corporation ("City") and Robb R. Steel, a sole proprietor ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by direct negotiation, the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for one (1) year commencing on the date first ascribed above.

SECTION 2. SCOPE OF SERVICES

(a) Scope of Services. Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Sixty Thousand Dollars ($60,000), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) The Contractor shall prepare two (2) invoices in equal installments for City in December 2026 and June 2027. The Contractor shall ensure that each original invoice includes a list of all work performed during the billing period. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or

discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed

upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, “construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor’s performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor

agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a

Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment"

of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 “Compensation and Method of Payment” of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 “Termination of Agreement.” Any failure on the part of the City to give notice of the Contractor’s default shall not be deemed to result in a waiver of the City’s legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City: City of Eastvale
Attn: Community Development Director
12363 Limonite Ave., Suite 910
Eastvale, CA 91752

To Contractor: Robb R. Steel
1102 Las Posas
San Clemente, CA 92673

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 “Amendment” and the City Manager’s contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager’s contracting authority under the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City’s City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City’s rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any

provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

NOTE: **CONTRACTOR'S SIGNATURES SHALL BE DULY NOTARIZED, AND APPROPRIATE ATTESTATIONS SHALL BE INCLUDED AS MAY BE REQUIRED BY THE BYLAWS, ARTICLES OF INCORPORATION, OR OTHER RULES OR REGULATIONS APPLICABLE TO CONTRACTOR'S BUSINESS ENTITY. CORPORATIONS AND LLCS MUST SUBMIT DOCUMENTATION SHOWING THAT THE INDIVIDUAL SIGNING ON ITS BEHALF HAS THE AUTHORITY TO EXECUTE THIS CONTRACT.**

EXHIBIT "A"
SCOPE OF SERVICES

Consultant shall provide services as set forth below and in accordance with "Proposal for Economic Development Consulting Services (FY27)" prepared by Robb R. Steel, Principal, on June 1, 2026.

1. **New Homes Development Agreement**. The City Council approved the Development Agreement in May 2022. The Development Agreement requires the City to take various implementation actions, including the following:
    a. **Negotiate Subsequent Development Agreement and Due Diligence Documents**. The City and New Homes continue to negotiate the terms for acquisition and conveyance of various parcels for civic center development and economic development, addressing prevailing wage and Surplus Land Act implications. Assist with negotiations to finalize Amendments to the Development Agreement or Operating Memorandums implementing the original intent of the Development Agreement. As required, review the Special Land Use Restrictions, Purchase and Sale Agreement(s), Rights-of-Entry, and related secondary implementation agreements. Review due diligence documentation for land transactions. Participate in joint conferences with the development team and legal counsel to finalize terms of implementation agreements. If requested, prepare staff report documentation for City Council consideration.
    b. **Review Developer Submittals under the Development Agreement**. The Development Agreement requires the Community Development Director to review proposed park plans, determine credit eligibility, and approve credit amounts. Continue to support staff review of documentation submitted by the Developer to calculate parkland dedication and improvement obligations, the proper granting of fee credits, and if necessary, the determination of in-lieu fee amounts due for each phase of the Project.
    c. **Annual Development Agreement Review.** The Development Agreement requires completion of an Annual Review at least once during every 12-month period. Prepare or assist with preparation of annual review documentation and delivery to City Council.
    d. **Team Meetings.** Participate as requested in team meetings with the developer and City staff to resolve land use entitlement or Development Agreement issues.

2. **Regency Centers Development Agreement.** Participate with team to review the development plan for the commercial shopping center slated for Lot 3 within the New Homes Development, including a small commercial component to be constructed above a public parking garage. Negotiate term sheet, development agreement and reciprocal easement agreement with other team members. Prepare required documents for Planning Commission and City Council hearings.

3. **Hamner Place Development Agreement.** Participate in strategic planning to complete the Surplus Land Act process. Subsequently, if successful to facilitate negotiation of a development agreement with potential commercial/office users.

4. **Other Development Agreements.** Participate in negotiations for new development agreements. Draft term sheets, review draft development agreements, evaluate land economics, prepare necessary Planning Commission and City Council reports. Facilitate compliance with the Surplus Land Act, Section 65402 (General Plan Conformance), Section 52201 (Sales/Leases), and Section 53083 (economic development subsidy) of the Government Code as required.

5. **Special Studies.** Prepare special demographic and economic analysis to support City development, including forecasts of property taxes, sales taxes, and other economic returns to development. Prepare development impact fee models as needed.

This scope assumes close coordination with City staff and consultants, with the City representatives responsible for final decisions on all substantive matters related to implementation.

Contractor shall not be required to provide more than 400 hours of service to the City during the Term.

EXHIBIT "B"
COMPENSATION

City shall compensate Contractor a fixed fee of Sixty Thousand Dollars ($60,000) payable in two equal installments in December 2026 and June 2027, per Section 4 of this Agreement.

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $2,000,000 per occurrence for bodily injury, personal injury, and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of

not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California, with Statutory Limits.

(4) Professional Liability. $2,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor’s insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor’s insurance.

(3) Contractor’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation

against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor identical to those Contractor provides.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council Meeting
CONSENT CALENDAR
Agenda Item No. 11.15
June 24, 2026

Fixed Assets, Leases, and Subscription-Based IT Arrangements Policy and Investment Policy Updates

Prepared By:
Karla Lopez, Purchasing Manager

Recommended Action(s)
Staff recommends that the City Council:

1. Delegate authority for the Fixed Assets, Leases, and Subscription-Based IT Arrangements policy to the City Manager; and
2. Approve and adopt the updated Investment Policy effective July 1, 2026.

Summary
The City's Fixed Assets Policy establishes controls for the acquisition, use, accounting, and disposal of capital assets to support accurate financial reporting. However, since its adoption on January 9, 2013, it has not been updated to reflect current standards. Staff recommends modernizing the policy by transferring approval authority from the City Council to the City Manager to allow for timely administrative updates in response to evolving GASB, GAAP, GFOA, and federal guidance. Proposed revisions also include increasing the equipment capitalization threshold from $5,000 to $10,000 to reflect inflation and align with Uniform Guidance (2 CFR Part 200, April 2024), and incorporating updated guidance for leases (GASB 87) and subscription-based IT arrangements (GASB 96) with a $50,000 capitalization threshold based on total contract value. The policy will be retitled "Fixed Assets, Leases, and Subscription-Based IT Arrangements" to reflect its expanded scope and improve clarity, compliance, and consistency in financial reporting.

The City's Investment Policy is an administrative policy adopted by City Council on an annual and as-

needed basis. The purpose of the Investment Policy is to provide guidelines for the investment of the City's funds based upon State law and prudent money management specific to the City of Eastvale. The Investment Policy applies to all funds and investment activities of the City except for the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other post employment benefits held in a trust that is governed by different policies and regulations. The City is required by the California Government Code to submit annually an Investment Policy for the new fiscal year. This is in accordance with the State Treasurer Investment Policy Guidelines for 2026.

Microsoft Copilot AI was used to generate the Fixed Asset summary above; the content was verified by Amanda Wells.

Background

FIXED ASSETS, LEASES, AND SUBSCRIPTION-BASED IT ARRANGEMENTS POLICY

The city's Fixed Assets policy was adopted on January 9, 2013. No updates have been made to the policy since adoption. Best practices, Government Accounting Standards Board (GASB), Generally Accepted Accounting Principals (GAAP), Government Finance Officer's Association (GFOA), and Federal Office of Management and Budget best practices and standards have changed since 2013. Changes are often produced by GASB and GFOA on short implementation time frames and require immediate implementation. As a result, staff recommends changing the approval authority for the city's Fixed Assets policy from the City Council to the City Manager. This will allow staff to update and implement administrative changes quickly to better prepare the city's General Ledger for annual financial statement preparation.

The purpose of the city's Fixed Assets, Leases and Subscription-Based IT Arrangements policy is to ensure adequate control and appropriate use of the city's Fixed Assets and established accounting and reporting requirements for lease assets and subscription based information technology arrangements. The policy defines fixed and leased assets and establishes guidelines for their purchase, use, accounting, inventory, transfer, disposal, and replacement. The policy is used to determine depreciation of assets, such as streets and infrastructure improvements, for use in the city's annual financial statements. Fixed assets are generally defined as "improvements," which are building and infrastructure assets, and "equipment," which are generally smaller than infrastructure assets and not affixed to the ground. Additionally, the policy is used to determine scope and materiality for lease assets and subscription based information technology arrangements (SBITA) under GASB pronouncements 87 and 96.

The current policy allocates equipment as fixed assets if an individual item exceeds $5,000 in initial procurement costs. Staff wishes to amend this value to $10,000 in order to better capture inflation and cost price index (CPI) increases over the last 13 years and align with the Uniform Guidance (2 CFR Part 200) from April 2024 from the Federal Office of Management and Budget. The policy also incorporates capitalization guidance for leases under GASB 87 and subscription-based information technology arrangements under GASB 96, with a $50,000 threshold based on the full term of the contract. These updates provide clearer guidance and improve consistency in financial reporting. As such, the policy is being retitled from "Fixed Assets" to "Fixed Assets, Leases, and and Subscription-Based IT Arrangements" to reflect the policy's expanded scope.

INVESTMENT POLICY

The city contracts with PFM Asset Management LLC (PFM) for investment management and advising. Staff reviews the policy annually and reaches out to PFM for comments to ensure that the Policy is up to date with current California Government Code statutes. At this time, staff and PFM recommend updates to the policy to include language in compliance with SB827 and SB858.

SB827 Change: One sentence is added under the Legal Authority section of the policy to recognize that all Agency officials and employees with investment responsibilities must complete fiscal and financial trainings as required by law passed under state Senate Bill 827. The training requirement is effective January 1, 2028. New officials must complete training within six months of assuming their role. Refresher trainings must occur every other year thereafter.

SB858 Change: Commercial paper investments is updated to reflect the city's ability to invest funds for 397 days or less in this category. State Senate Bill 858 adopted this change. The portfolio may only contain 25% total investment in commercial paper, this amount will remain the same.

Environmental

Fixed Asset policies and investment activities are categorically exempt from California Environment Quality Act (CEQA) review under the CEQA Guidelines Section 15303.

Strategic Plan Action - Priority Level: N/A | Target #: F | Goal #: C

Target F: Innovation & Technology, Goal C: Empower staff to innovate for efficiencies; create a culture of innovation

Fiscal Impact

The adoption of the amended Fixed Asset Policy and Investment Policy should have little to zero impact on the city's operating and capital improvement budget. The policies will affect the city's Annual Comprehensive Financial Report (ACFR) and various sub-reports related to the ACFR submitted to other local agencies and state and federal agencies, however the affects of the policies will only enhance the accuracy of the reports.

Prior City Council/Commission Action

The last update to the city's fixed asset policy was in 2013, the policy was adopted on January 9, 2023.

The Investment Policy was reaffirmed by City Council on September 10, 2025.

Attachment(s)

Attachment 1 - Policy A-02: Investment Policy - Final
Attachment 2 - Policy A-02: Investment Policy - Redlined
Attachment 3 - Policy A-18 Fixed Asset, Lease, and IT Subscription Policy - Final
Attachment 4 - Policy A-18 Fixed Asset, Lease, and IT Subscription Policy - Redlined

The City of Eastvale has adopted the following policy for the investment of City funds.

I. Legal Authority

The authority governing investments for the City of Eastvale is set forth in the California Government Code, sections 53601 et. Seq.

The City Treasurer is granted authority to make investments on behalf of the City. Government Code Section 53607 states ".....the authority of the legislative body to invest or to reinvest funds of a local agency, or to sell or exchange securities so purchased, may be delegated for a one-year period by the legislative body to the treasurer of the local agency, who shall thereafter assume full responsibility for such transactions until such time as the delegation of authority is revoked, and shall make a monthly report of such transaction to the legislative body. Subject to review, the legislative body may renew the delegation of authority pursuant to this section each year"

As permitted by Government Code 53601, the City Treasurer may delegate day-to-day investment decision making and execution authority to an investment advisor. Eligible investment advisors must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940. The advisor will follow the Policy and such other written instructions as are provided.

Government Code Section 53649 states "...the treasurer is responsible for the safekeeping of money in his custody and shall enter into any contract with a depository relating to any inactive deposits which in his judgment is to the public advantage."

Further in compliance with California Government Code 53238.2, all Agency officials and employees with investment responsibilities shall complete fiscal and financial trainings as required by law.

II. Purpose

The purpose of this policy is to provide guidelines for the investment of the City's funds based upon State law and prudent money management. This policy is designed according to the specific needs of the City of Eastvale. The ultimate goal is to enhance the economic status of the City while ensuring the safety of funds.

III. Scope

The Investment Policy applies to all funds and investment activities of the City except for the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other post-employment benefit funds held in a trust that has a separate investment policy.

IV. Investment Objectives

The investment of the funds of the City of Eastvale shall be guided by the goals of safety, liquidity, diversification and return on investments in that order of priority.

1. *Safety* - Safety of principal is the foremost objective of the City of Eastvale. Each investment transaction shall seek to ensure that capital losses are minimized,

whether from securities default, broker-dealer default, or erosion of market value. The City shall seek to preserve principal by mitigating the two types of risk: credit risk and interest rate risk.

2. *Credit Risk* - Credit Risk; defined as the risk of loss due to failure of the issuer of a security, shall be mitigated by investing only with issuers whose financial strength and reputation can be verified to be highly rated by nationally recognized statistical rating organizations (NRSROs) and by diversifying the investment portfolio so that the failure of any one issuer would not unduly harm the City's cash flow.

3. *Interest Rate Risk* – Interest rate risk, the risk of the market value fluctuations due to overall changes in the general level of interest rates, shall be mitigated by (a) structuring the portfolio so that securities mature earlier than or concurrent with the timing of major cash outflows, thus eliminating the need to sell securities prior to their maturity; (b) prohibiting the use of leverage or margin accounts; (c) prohibiting the taking of short positions, that is, selling securities which the City does not own; (d) prohibiting the use of reverse repurchase agreements; and (e) prohibiting the use of "inverse floaters". It is explicitly recognized herein, however, that in a diversified portfolio, occasional measured loses are inevitable, and must be considered within the context of the overall investment return.

2. Liquidity: The investment portfolio will remain sufficiently liquid to enable the City to meet its cash flow requirements.

3. Return on Investments: The investment portfolio shall be designed with the overall objective of obtaining a total rate of return throughout economic cycles, commensurate with investment risk constraints and cash flow needs.

V. Standard of Prudence

The City Council, City Manager, and Treasurer adhere to the guidance provided by the "prudent investor standard," California Government Code (Section 53600.3), which obligates a fiduciary to insure that "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired as authorized by law."

VI. Ethics and Conflict of Interest

Officers and employees involved in the investment process will refrain from personal business activities that could conflict with proper execution of the investment program, or which could impair their ability to make impartial decisions. Employees and investment officials will disclose to the City Manager any material financial interests in financial institutions that conduct business within their jurisdiction, and they will further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio.

VII. Authorized Financial Dealers and Institutions

If the City executes its own investment transactions, other than those investments purchased directly from the issuer, the City Treasurer will maintain a list of financial dealers and institutions qualified and authorized to transact business with the City.

The purchase by the City of any investment other than those purchased directly from the issuer, will be purchased either from an institution licensed by the State as a broker-dealer, as defined in Section 25004 of the Corporations Code, who is a member of Financial Industry Regulatory Authority (FINRA), or a member of a Federally regulated securities exchange, a National or State Chartered Bank a Federal or State Association (as defined by Section 5102 of the Financial Code), or a brokerage firm designated as a Primary Government Dealer by the Federal Reserve Bank.

The City Treasurer will investigate all institutions that wish to do business with the City, in order to determine if they are adequately capitalized, make markets in securities appropriate to the City's needs, and agree to abide by the conditions set forth in the City's Investment Policy and any other guidelines that may be provided. This will be done annually by having the financial institutions submit in writing that they have read and will abide by the City's Investment Policy and submit its most recent audited Financial Statement within 120 days of the institution's fiscal year end.

If the City has an investment advisor, the investment advisor may use its own list of authorized broker/dealers to conduct transactions on behalf of the City.

Purchase and sale of securities will be made on the basis of competitive bids and offers with a minimum of three quotes being obtained, whenever possible.

VIII. Deposits/Authorized Investments

A. Deposits

Money deposited in State or national banks, State or Federal savings associations, or State or Federal Credit unions within the State must be collateralized in accordance with Government Code 53630 et seq.. The City Treasurer, at his/her discretion, may waive the collateralization requirements for any portion that is covered by federal deposit insurance. The City shall have a signed agreement with any depository accepting City funds per Government Code Section 53649.

B. Authorized Investments

General guidelines that the City should follow in managing its investments are as follows:

- For those investment types where this Policy does not state an explicit maturity limit, no investment will be purchased which matures more than five years from the date of purchase without the prior approval of the City Council at least 90 days in advance.
- For purposes of compliance with this Policy, an investment's term or remaining maturity shall be measured from its settlement date to final maturity. A security purchased in accordance with this Policy shall not have a forward settlement date

exceeding 45 days from the time of investment.
- Maturities of individual investments shall be diversified, attempting to match, where possible, cyclical cash flow requirements.
- The use of callable securities is permitted.

To reduce overall portfolio risk while attempting to attain market value rates of return consistent with the primary objectives of safety and availability of funds, investments shall be diversified cross types of investments, maturities of those investments, and institutions in which those investments are made.

The City specifically prohibits investments in reverse repurchase agreements and derivatives (interest rate floaters, range notes, interest-only strips).

I. <u>Permitted Investments Per City Policy:</u>

Investments shall be made only in those instruments specifically authorized by California State laws (section 53600-53609), and to no greater an extent than those authorized by those laws.

Limitations on Investments:

The City will limit investments in any one issuer to no more than 5%, regardless of security type. The following are exceptions to the 5% limit: U.S. Treasuries, Federal Agencies, supranationals, and pooled funds (i.e., money market funds, local government investment pools, CAMP, CalTRUST, CalCLASS, and LAIF). Where this section specifies a percentage limitation for a particular security type, that percentage is applicable only at the date of purchase.

Credit Criteria:

Credit criteria listed in this section refers to the credit rating category (inclusive of modifiers) at the time the security is purchased. If an investment's credit rating falls below the minimum rating required at the time of purchase, the City Treasurer will perform a timely review and decide whether to sell or hold the investment.

The City's specific permitted investment guidelines are listed below.

1. **U.S. Treasuries.** United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

2. **U.S. Agency Obligations.** Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

3. **California State and Local Agency Obligations.** Obligations of the State of California or

any local agency within the state, including bonds payable solely out of revenues from a revenue producing property owned, controlled or operated by the state or any local agency or by a department, board, agency or authority of the state or any local agency. Obligations eligible for investment under this subdivision with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Obligations eligible

for investment under this subdivision with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

No more than 30% of the City's portfolio may be invested in California State and Local Agency obligations (includes 4. Other State Obligations).

4. **Other State Obligations.** Registered treasury notes or bonds of any of the other 49 United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 United States, in addition to California. Obligations eligible for investment under this subdivision with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Obligations eligible for investment under this subdivision with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

   No more than 30% of the City's portfolio may be invested in Other State obligations (includes 3. California State and Local Agency Obligations).

5. **Bankers' Acceptances.** Purchases of bankers' acceptances will have a maximum maturity of 180 days. Eligible bankers' acceptances must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

   No more than 40% of the City's portfolio may be invested in bankers' acceptances.

6. **Commercial Paper.** Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a NRSRO. The entity that issues the commercial paper will meet all of the following conditions in either paragraph (a) or paragraph (b):

   a. The entity meets the following criteria: (i) Is organized and operating in the United States as a general corporation. (ii) Has total assets in excess of five hundred million dollars ($500,000,000). (iii) Has debt other than commercial paper, if any, that is rated in a rating category of "A," its equivalent or higher by a NRSRO.

   b. The entity meets the following criteria: (i) Is organized within the United States as a special purpose corporation, trust, or limited liability company. (ii) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond. (iii) Has commercial paper that is rated in a rating category of "A-1" or higher, or the equivalent, by a NRSRO.

   Eligible commercial paper will have a maximum maturity of 397 days or less.

   No more than 25% of the City's portfolio may be invested in commercial paper.

7. **Medium-Term Notes.** Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state, and operating within the U.S. Medium-term notes must be rated in a rating category of "A," its equivalent, or better by a NRSRO.

   No more than 30% of the City's portfolio may be invested in medium-term notes.

8. **Negotiable Certificates of Deposit.** Negotiable certificates of deposit issued by a nationally

or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a federally- or state-licensed branch of a foreign bank. Eligible negotiable CDs with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Eligible negotiable CDs with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

No more than 30% of the City's investment portfolio may be invested in negotiable CDs.

9. **State of California's Local Agency Investment Fund (LAIF).** The State Treasurer established LAIF for the benefit of local agencies. The City can invest up to the maximum amount permitted by the State Treasurer.

10. **Money Market Funds.** Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1, et seq.). To be eligible for investment pursuant to this subdivision these companies will either:

    a. Attain the highest ranking letter or numerical rating provided by not less than two of the three largest NRSRO or

    b. Have an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds and with assets under management in excess of $500,000,000.

    No more than 20% of the City's portfolio may be invested in money market funds.

11. **Local Government Investment Pools (LGIPs).** Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (q) of Government Code Section 53601, inclusive. Each share will represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section, the joint powers authority issuing the shares will have retained an investment adviser that meets all of the following criteria:
    a. The adviser is registered or exempt from registration with the Securities and Exchange Commission.
    b. The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (q) California Government Code Section 53601, inclusive.

    c. The adviser has assets under management in excess of five hundred million dollars ($500,000,000).

12. **Supranationals.** United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision must be rated in a rating category of "AA," its equivalent or better by a NRSRO.

    No more than 30% of the City's portfolio may be invested in supranationals.

13. **Asset-Backed Securities (ABS).** Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-back certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond. For securities eligible for investment under this subdivision not issued or guaranteed by an agency or issuer identified in subdivisions (1) or (2) above, the following limitations apply:
    a. The security shall have a maximum remaining maturity of five years or less and must be rated in a rating category of "AA," its' equivalent or higher by an NRSRO.
    b. No more than 20% of the City's portfolio may be invested in ABS authorized by this subdivision.

14. **Placement Service Bank Deposits (PSD).** Funds may be placed with a commercial bank, savings bank, savings and loan association, or credit union that uses a private sector entity that assists in the placement of deposit with eligible financial institutions located in the United States. The full amount of the principal and the interest that may be accrued during the maximum term of each PSD shall at all times be insured by federal deposit insurance. The maximum investment maturity will be restricted to five years.

    No more than 30% of the City's portfolio may be invested in PSDs.

II. Prohibited Investments

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to, inverse floaters, derivatives, range notes, interest only strips that are derived from a pool of mortgages, or in any investment that could result in zero interest accrual if held to maturity, except as authorized by Government Code Section 53601.6.

IX. Investment Program Internal Controls

A. Responsibility. The City Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from fraud, loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met.

B. Audit. Periodically, as deemed appropriate by the city or the city's external auditing firm,

an review of processes shall be conducted to ensure compliance with internal controls.

C. Separation of Reconciliation. A separation of responsibilities of reconciling bank statements and conducting investment transactions provides an internal control of checks and balances. Only individuals authorized by the Treasurer may conduct investment transactions. Consequently, individuals responsible for reconciling bank statements may not conduct investment transactions.

D. Third Party Safekeeping Agreements. A contractual agreement between the City and third party custodian is used to secure City invested funds.

E. Delivery versus Payment. All trades of marketable securities will be executed (cleared and settled) on a delivery vs. payment (DVP) basis to ensure that securities are deposited in the City's safekeeping/custody bank prior to the release of funds.

F. Reporting. The City Treasurer shall submit an investment report on a quarterly basis to

the City Council in accordance with California Government Code, Section 53646. Per the code, the report shall be submitted within 45 days of the end of the quarter; should the reporting requirements within the California Code change prior to the adoption of an updated investment policy, the reporting requirements within the current code shall supersede this policy. The City Treasurer may elect to provide the report monthly. This report shall include

- Types of investment
- List transactions as required by California Government Code 53607 when City Council has delegated authority
- Credit ratings
- Institutions involved
- Dates of purchases
- Dates of maturity
- Amount of deposits or cost of the security
- Current market value of securities
- Interest rates
- Investment fund balances
- Statement as to whether investments are in compliance with the Investment Policy, and if not, why
- Statement as to whether there are sufficient funds to meet the City's cash obligations for the next 6 months, and if not, why.

G. Annual Policy Review. The Treasurer shall review the City's investment policy annually for conformance with California state codes, general market conditions, or to clarify internal processes and as needed make recommendations for improvements to the City Council.

III. ATTACHMENT A: GLOSSARY

ACTIVE DEPOSITS: Demand or checking accounts, which receive revenues and pay disbursements.

AGENCIES: Federal agency securities.

ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR): The official annual report for the City of Eastvale. It includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related, legal and contractual provisions, extensive introductory material, and a detailed Statistical Section.

ASKED: The price at which securities are offered.

ASSET-BACKED SECURITIES (ABS): Securities whose income payments and hence value is derived from and collateralized (or "backed") by a specified pool of underlying assets which are receivables. Pooling the assets into financial instruments allows them to be sold to general investors, a process called securitization, and allows the risk of investing in the underlying assets to be diversified because each security will represent a fraction of the total value of the diverse

pool of underlying assets. The pools of underlying assets can comprise common payments credit cards, auto loans, mortgage loans, and other types of assets. Interest and principal is paid to investors from borrowers who are paying down their debt.

BANKERS' ACCEPTANCE (BA): short-term credit arrangements to enable businesses to obtain funds to finance commercial transactions. They are time drafts drawn on a bank by an exporter or importer to obtain funds to pay for specific merchandise. By its acceptance, the bank becomes primarily liable for the payment of the draft at its maturity. An acceptance is a high grade negotiable instrument. Acceptances are purchased in various denominations for 30, 60, or 90 days, but no longer than 180 days. The interest is calculated on a 360-day discount basis similar to treasury bills. Local agencies may not invest more than 40% of their surplus money in banker's acceptance.

BASIS POINT: A basis point equals one one-hundredth of 1% (.01%).

BID: The price offered for securities.

BOOK-ENTRY SECURITIES: All U.S. Treasury and Federal Agencies are maintained on computerized records at the Federal Reserve now known as "wireable" securities.

BROKER: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides. In the money market, brokers are active in markets in which banks buy and sell money and in inter-dealer markets.

CERTIFICATES OF DEPOSIT (CD): Time deposits of a bank or savings and loan. They are purchased in various denominations with maturities ranging from 30 to 360 days. The interest is calculated on a 360-day, actual day month basis and is payable monthly.

NEGOTIABLE CERTIFICATES OF DEPOSIT: Unsecured obligations of the financial institution, bank or savings and loan, bought at par value with the promise to pay face value plus accrued interest at maturity. They are high-grade negotiable instruments, paying a higher interest rate than regular certificates of deposit. The primary market issuance is in multiples of $1,000,000, the secondary market usually trades in denominations of $500,000, although smaller lots are occasionally available. As a matter of practice, only the ten largest U.S. banks, where there is a secondary market established for continued liquidity are considered for investment.

COLLATERAL: Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMMERCIAL PAPER: Short-term unsecured promissory note issued by a corporation to raise working capital. These negotiable instruments are purchased at a discount to par value or at par value with interest bearing. Local agencies are permitted by State law to invest in commercial paper of "prime" quality of the highest ranking or of the highest letter and numerical ratings as provided by Moody's Investor's Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days maturity nor exceed 30% of the local agency's surplus funds.

COUPON: (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond evidencing interest due on a payment date.

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DELIVERY VERSUS PAYMENT (DVP): There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipts is delivery of securities with an exchange of a signed receipt for the securities.

DEBENTURE: A bond secured only by the general credit of the issuer.

DISCOUNT: The difference between the cost price of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

DISCOUNT SECURITIES: Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value (e.g., U.S. Treasury bills).

DIVERSIFICATION: Dividing investment funds among a variety of securities and issuers offering

independent returns.

DERIVATIVE: An asset that derives its value from another asset. For example, a call option on the stock of Coca-Cola is a derivative security that obtains value from the shares of Coca-Cola that can be purchased with the call option. Call options, put options, convertible bonds, futures contracts, and convertible preferred stock are examples of derivatives. A derivative can be either a risky or low-risk investment, depending upon the type of derivative and how it is used.

FEDERAL CREDIT AGENCIES: Guaranteed directly or indirectly by the United States Government. All agency obligations qualify as legal investments and are acceptable as security for public deposits. They usually provide higher yields than regular Treasury issues with all of the same advantages. Examples include Federal Home Loan Bank, Federal Farm Credit Bank, FNMA (Fannie Mae) and Federal Home Loan Mortgage Corp. (Freddie Mac).

FEDERAL FUNDS: Non-interest bearing deposits held by member banks at the Federal Reserve. Also used to denote "immediately available" funds in the clearing sense. "Fed Funds" also used to refer to these funds.

FEDERAL FUNDS RATE: The rate of interest at which Fed funds are traded. This rate is currently pegged by the Federal Reserve through open-market operations.

FEDERAL OPEN MARKET COMMITTEE (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

FEDERAL RESERVE SYSTEM: The central bank of the United States created by Congress and consisting of a seven-member Board of Governors in Washington, D.C., 12 Regional Banks and about 5,700 commercial banks that are members of the system.

INTEREST-BEARING ACTIVE DEPOSITS: Money-market accounts at a financial institution, (e.g., bank, savings and loan, credit union). These accounts are demand accounts (i.e., checking accounts) with restricted transaction activity.

LIQUIDITY: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable size can be done at those quotes.

LAIF (Local Agency Investment Fund): A special fund in the State Treasury which local agencies may use to deposit funds for investment.

MARKET VALUE: The price at which a security is trading and could presumably be purchased or sold.

MASTER REPURCHASE AGREEMENT: A written contract covering all future transactions between the parties to repurchase--reverse agreements that establish each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

MATURITY: The date upon which the principal or stated value of an investment becomes due and payable.

MEDIUM-TERM CORPORATE NOTES: Unsecured promissory notes issued by a corporation organized and operating in the United States. These are negotiable instruments and are traded in the secondary market. Medium-term corporate notes can be defined as extended-maturity commercial paper.

MONEY MARKET FUNDS: Open-ended mutual fund that invests in highly liquid and safe securities (bills, commercial paper, bankers' acceptances, CD's, etc.) and pays money market rates of interest. The fund's net asset value remains a constant $1 a share.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank, as directed by the FOMC, in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

PASSBOOK SAVINGS ACCOUNTS: Similar to an inactive deposit except that the period of time is not fixed. The interest rate is much lower than for a certificate of deposit, but the savings account is more flexible. Funds can be deposited and withdrawn according to daily needs.

PLACEMENT SERVICE DEPOSITS. Deposits that are placed with a bank that uses private sector entity/network to allocate the funds across multiple banks such that the funds on deposit with each of the banks accepting deposits are under the federal deposit limit.

PORTFOLIO: Collection of securities held by an investor.

PRIMARY DEALER: A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities broker-dealers, banks, and a few unregulated firms.

RATE OF RETURN: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

QUALIFIED PUBLIC DEPOSITORIES: A financial institution which does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

REPURCHASE AGREEMENTS (RP OR REPO): A repo or reverse-repo is a short-term investment transaction. Banks buy temporarily idle funds from a customer by selling U.S. Government or other securities with a contractual agreement to repurchase the same securities on a future date. Repurchase agreements are typically for one to ten days in maturity. The customer receives interest from the bank. The interest rate reflects both the prevailing demand for Federal funds and the maturity of the repo. Some banks will execute repurchase agreements for a minimum of $100,000 to $500,000, but most banks have a minimum of $1,000,000. A reverse-repo is exactly what the name implies.

SAFEKEEPING: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SECONDARY MARKET: A market made for the purchase and sale of outstanding issues following the initial distribution.

SECURITIES & EXCHANGE COMMISSION (SEC): Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SETTLEMENT DATE: The date on which a trade is cleared by delivery of securities against funds. This date may be the same as the trade date or later.

TRADE DATE: The date on which a transaction is initiated or entered into by the buyer and seller.

TREASURY BILLS: Issued weekly with maturity dates up to one year. They are issued and traded on a discount basis with interest figured on 1 360-day basis, actual number of days. They are issued in amounts of $10,000 and up, in multiples of $5,000. They are a highly liquid security.

TREASURY NOTES: Initially issued with two- to ten-year maturities. They are actively traded in a large secondary market and are very liquid. The Treasury may issue note issues with a minimum of $1,000; however, the average minimum is $5,000.

TREASURY BOND: Long-term U.S. Treasury securities having initial maturities of more than ten years.

UNIFORM NET CAPITAL RULE (SEC RULE 15C3-1): Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a

maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

WHEN-ISSUED TRADES: Typically, there is a lag between the time a new bond is announced and sold, and the time when it is actually issued. During this interval, the security trades "when, as, and if issued."

YIELD: The rate of annual income return on an investment, expressed as a percentage. (a) INCOME YIELD is obtained by dividing the current dollar income by the current market price for the security. (b) NET YIELD or YIELD TO MATURITY is the current income yield minus any premium above par or plus any discount from par in purchase price with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

YIELD TO MATURITY: The rate of return yielded by a debt security held to maturity when both interest payments and the investor’s capital gain or loss on the security are taken into account.

CITY OF EASTVALE Administrative Policy	Policy No: A-02
Subject **Investment Policy**	Effective Date: 07/01/2026
	Page **1** of **14**

The City of Eastvale has adopted the following policy for the investment of City funds.

I. Legal Authority

The authority governing investments for the City of Eastvale is set forth in the California Government Code, sections 53601 et. Seq.

The City Treasurer is granted authority to make investments on behalf of the City. Government Code Section 53607 states ".....the authority of the legislative body to invest or to reinvest funds of a local agency, or to sell or exchange securities so purchased, may be delegated for a one-year period by the legislative body to the treasurer of the local agency, who shall thereafter assume full responsibility for such transactions until such time as the delegation of authority is revoked, and shall make a monthly report of such transaction to the legislative body. Subject to review, the legislative body may renew the delegation of authority pursuant to this section each year"

As permitted by Government Code 53601, the City Treasurer may delegate day-to-day investment decision making and execution authority to an investment advisor. Eligible investment advisors must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940. The advisor will follow the Policy and such other written instructions as are provided.

Government Code Section 53649 states "...the treasurer is responsible for the safekeeping of money in his custody and shall enter into any contract with a depository relating to any inactive deposits which in his judgment is to the public advantage."

Further in compliance with California Government Code 53238.2, all Agency officials and employees with investment responsibilities shall complete fiscal and financial trainings as required by law.

Commented [RM1]: Per SB 827 expansion of fiscal and financial training requirements - current officials by January 1, 2028, and new officials within six months of assuming their role, with refresher training at least once biennially thereafter - adding this sentence on here as CMTA certified Policies have had a tendency to list this item under delegation of authority

II. Purpose

The purpose of this policy is to provide guidelines for the investment of the City's funds based upon State law and prudent money management. This policy is designed according to the specific needs of the City of Eastvale. The ultimate goal is to enhance the economic status of the City while ensuring the safety of funds.

III. Scope

The Investment Policy applies to all funds and investment activities of the City except for the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other post-employment benefit funds held in a trust that has a separate investment policy.

IV. Investment Objectives

The investment of the funds of the City of Eastvale shall be guided by the goals of safety, liquidity, diversification and return on investments in that order of priority.

1. *Safety* - Safety of principal is the foremost objective of the City of Eastvale. Each investment transaction shall seek to ensure that capital losses are minimized,

whether from securities default, broker-dealer default, or erosion of market value. The City shall seek to preserve principal by mitigating the two types of risk: credit risk and interest rate risk.

2. *Credit Risk* - Credit Risk; defined as the risk of loss due to failure of the issuer of a security, shall be mitigated by investing only with issuers whose financial strength and reputation can be verified to be highly rated by nationally recognized statistical rating organizations (NRSROs) and by diversifying the investment portfolio so that the failure of any one issuer would not unduly harm the City's cash flow.

3. *Interest Rate Risk* – Interest rate risk, the risk of the market value fluctuations due to overall changes in the general level of interest rates, shall be mitigated by (a) structuring the portfolio so that securities mature earlier than or concurrent with the timing of major cash outflows, thus eliminating the need to sell securities prior to their maturity; (b) prohibiting the use of leverage or margin accounts; (c) prohibiting the taking of short positions, that is, selling securities which the City does not own; (d) prohibiting the use of reverse repurchase agreements; and (e) prohibiting the use of "inverse floaters". It is explicitly recognized herein, however, that in a diversified portfolio, occasional measured loses are inevitable, and must be considered within the context of the overall investment return.

2. Liquidity: The investment portfolio will remain sufficiently liquid to enable the City to meet its cash flow requirements.

3. Return on Investments: The investment portfolio shall be designed with the overall objective of obtaining a total rate of return throughout economic cycles, commensurate with investment risk constraints and cash flow needs.

V. Standard of Prudence

The City Council, City Manager, and Treasurer adhere to the guidance provided by the "prudent investor standard," California Government Code (Section 53600.3), which obligates a fiduciary to insure that "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired as authorized by law."

VI. Ethics and Conflict of Interest

Officers and employees involved in the investment process will refrain from personal business activities that could conflict with proper execution of the investment program, or which could impair their ability to make impartial decisions. Employees and investment officials will disclose to the City Manager any material financial interests in financial institutions that conduct business within their jurisdiction, and they will further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio.

VII. Authorized Financial Dealers and Institutions

If the City executes its own investment transactions, other than those investments purchased directly from the issuer, the City Treasurer will maintain a list of financial dealers and institutions qualified and authorized to transact business with the City.

The purchase by the City of any investment other than those purchased directly from the issuer, will be purchased either from an institution licensed by the State as a broker-dealer, as defined in Section 25004 of the Corporations Code, who is a member of Financial Industry Regulatory Authority (FINRA), or a member of a Federally regulated securities exchange, a National or State Chartered Bank a Federal or State Association (as defined by Section 5102 of the Financial Code), or a brokerage firm designated as a Primary Government Dealer by the Federal Reserve Bank.

The City Treasurer will investigate all institutions that wish to do business with the City, in order to determine if they are adequately capitalized, make markets in securities appropriate to the City's needs, and agree to abide by the conditions set forth in the City's Investment Policy and any other guidelines that may be provided. This will be done annually by having the financial institutions submit in writing that they have read and will abide by the City's Investment Policy and submit its most recent audited Financial Statement within 120 days of the institution's fiscal year end.

If the City has an investment advisor, the investment advisor may use its own list of authorized broker/dealers to conduct transactions on behalf of the City.

Purchase and sale of securities will be made on the basis of competitive bids and offers with a minimum of three quotes being obtained, whenever possible.

VIII. Deposits/Authorized Investments

A. Deposits

Money deposited in State or national banks, State or Federal savings associations, or State or Federal Credit unions within the State must be collateralized in accordance with Government Code 53630 et seq.. The City Treasurer, at his/her discretion, may waive the collateralization requirements for any portion that is covered by federal deposit insurance. The City shall have a signed agreement with any depository accepting City funds per Government Code Section 53649.

B. Authorized Investments

General guidelines that the City should follow in managing its investments are as follows:

- For those investment types where this Policy does not state an explicit maturity limit, no investment will be purchased which matures more than five years from the date of purchase without the prior approval of the City Council at least 90 days in advance.
- For purposes of compliance with this Policy, an investment's term or remaining

maturity shall be measured from its settlement date to final maturity. A security purchased in accordance with this Policy shall not have a forward settlement date exceeding 45 days from the time of investment.
- Maturities of individual investments shall be diversified, attempting to match, where possible, cyclical cash flow requirements.
- The use of callable securities is permitted.

To reduce overall portfolio risk while attempting to attain market value rates of return consistent with the primary objectives of safety and availability of funds, investments shall be diversified cross types of investments, maturities of those investments, and institutions in which those investments are made.

The City specifically prohibits investments in reverse repurchase agreements and derivatives (interest rate floaters, range notes, interest-only strips).

I. Permitted Investments Per City Policy:

Investments shall be made only in those instruments specifically authorized by California State laws (section 53600-53609), and to no greater an extent than those authorized by those laws.

Limitations on Investments:

The City will limit investments in any one issuer to no more than 5%, regardless of security type. The following are exceptions to the 5% limit: U.S. Treasuries, Federal Agencies, supranationals, and pooled funds (i.e., money market funds, local government investment pools, CAMP, CalTRUST, CalCLASS, and LAIF). Where this section specifies a percentage limitation for a particular security type, that percentage is applicable only at the date of purchase.

Credit Criteria:

Credit criteria listed in this section refers to the credit rating category (inclusive of modifiers) at the time the security is purchased. If an investment's credit rating falls below the minimum rating required at the time of purchase, the City Treasurer will perform a timely review and decide whether to sell or hold the investment.

The City's specific permitted investment guidelines are listed below.

1. **U.S. Treasuries.** United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

2. **U.S. Agency Obligations.** Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

3. **California State and Local Agency Obligations.** Obligations of the State of California or

any local agency within the state, including bonds payable solely out of revenues from a revenue producing property owned, controlled or operated by the state or any local agency or by a department, board, agency or authority of the state or any local agency. Obligations eligible for investment under this subdivision with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Obligations eligible for investment under this subdivision with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

No more than 30% of the City's portfolio may be invested in California State and Local Agency obligations (includes 4. Other State Obligations).

4. **Other State Obligations.** Registered treasury notes or bonds of any of the other 49 United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 United States, in addition to California. Obligations eligible for investment under this subdivision with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Obligations eligible for investment under this subdivision with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

   No more than 30% of the City's portfolio may be invested in Other State obligations (includes 3. California State and Local Agency Obligations).

5. **Bankers' Acceptances.** Purchases of bankers' acceptances will have a maximum maturity of 180 days. Eligible bankers' acceptances must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

   No more than 40% of the City's portfolio may be invested in bankers' acceptances.

6. **Commercial Paper.** Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a NRSRO. The entity that issues the commercial paper will meet all of the following conditions in either paragraph (a) or paragraph (b):

   a. The entity meets the following criteria: (i) Is organized and operating in the United States as a general corporation. (ii) Has total assets in excess of five hundred million dollars ($500,000,000). (iii) Has debt other than commercial paper, if any, that is rated in a rating category of "A," its equivalent or higher by a NRSRO.

   b. The entity meets the following criteria: (i) Is organized within the United States as a special purpose corporation, trust, or limited liability company. (ii) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond. (iii) Has commercial paper that is rated in a rating category of "A-1" or higher, or the equivalent, by a NRSRO.

   Eligible commercial paper will have a maximum maturity of 397~~270~~ days or less.

   No more than 25% of the City's portfolio may be invested in commercial paper.

Commented [RM2]: SB 858

Extends allowable maturity for commercial paper from **270 days to 397 days**.

7. **Medium-Term Notes.** Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state, and operating within the U.S. Medium-term notes must be rated in a rating category of "A," its equivalent, or better by a NRSRO.

   No more than 30% of the City's portfolio may be invested in medium-term notes.

8. **Negotiable Certificates of Deposit.** Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a federally- or state-licensed branch of a foreign bank. Eligible negotiable CDs with maturities in excess of one year must be rated in a rating category of "A," its equivalent, or better by a NRSRO. Eligible negotiable CDs with maturities under one year must be rated in a rating category of at least "A-1," its equivalent, or better by a NRSRO.

   No more than 30% of the City's investment portfolio may be invested in negotiable CDs.

9. **State of California's Local Agency Investment Fund (LAIF).** The State Treasurer established LAIF for the benefit of local agencies. The City can invest up to the maximum amount permitted by the State Treasurer.

10. **Money Market Funds.** Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1, et seq.). To be eligible for investment pursuant to this subdivision these companies will either:

    a. Attain the highest ranking letter or numerical rating provided by not less than two of the three largest NRSRO or

    b. Have an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds and with assets under management in excess of $500,000,000.

    No more than 20% of the City's portfolio may be invested in money market funds.

11. **Local Government Investment Pools (LGIPs).** Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (q) of Government Code Section 53601, inclusive. Each share will represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section, the joint powers authority issuing the shares will have retained an investment adviser that meets all of the following criteria:
    a. The adviser is registered or exempt from registration with the Securities and Exchange Commission.
    b. The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (q) California Government Code Section 53601, inclusive.

c. The adviser has assets under management in excess of five hundred million dollars ($500,000,000).

12. **Supranationals.** United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision must be rated in a rating category of "AA," its equivalent or better by a NRSRO.

    No more than 30% of the City's portfolio may be invested in supranationals.

13. **Asset-Backed Securities (ABS).** Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-back certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond. For securities eligible for investment under this subdivision not issued or guaranteed by an agency or issuer identified in subdivisions (1) or (2) above, the following limitations apply:
    a. The security shall have a maximum remaining maturity of five years or less and must be rated in a rating category of "AA," its' equivalent or higher by an NRSRO.
    b. No more than 20% of the City's portfolio may be invested in ABS authorized by this subdivision.

14. **Placement Service Bank Deposits (PSD).** Funds may be placed with a commercial bank, savings bank, savings and loan association, or credit union that uses a private sector entity that assists in the placement of deposit with eligible financial institutions located in the United States. The full amount of the principal and the interest that may be accrued during the maximum term of each PSD shall at all times be insured by federal deposit insurance. The maximum investment maturity will be restricted to five years.

    No more than 30% of the City's portfolio may be invested in PSDs.

II. Prohibited Investments

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to, inverse floaters, derivatives, range notes, interest only strips that are derived from a pool of mortgages, or in any investment that could result in zero interest accrual if held to maturity, except as authorized by Government Code Section 53601.6.

IX. Investment Program Internal Controls

A. Responsibility. The City Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from fraud, loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met.

B. Audit. Periodically, as deemed appropriate by the city or the city's external auditing firm,

an review of processes shall be conducted to ensure compliance with internal controls.

C. Separation of Reconciliation. A separation of responsibilities of reconciling bank statements and conducting investment transactions provides an internal control of checks and balances. Only individuals authorized by the Treasurer may conduct investment transactions. Consequently, individuals responsible for reconciling bank statements may not conduct investment transactions.

D. Third Party Safekeeping Agreements. A contractual agreement between the City and third party custodian is used to secure City invested funds.

E. Delivery versus Payment. All trades of marketable securities will be executed (cleared and settled) on a delivery vs. payment (DVP) basis to ensure that securities are deposited in the City's safekeeping/custody bank prior to the release of funds.

F. Reporting. The City Treasurer shall submit an investment report on a quarterly basis to the City Council in accordance with California Government Code, Section 53646. Per the code, the report shall be submitted within 45 days of the end of the quarter; should the reporting requirements within the California Code change prior to the adoption of an updated investment policy, the reporting requirements within the current code shall supersede this policy. The City Treasurer may elect to provide the report monthly. This report shall include

- Types of investment
- List transactions as required by California Government Code 53607 when City Council has delegated authority
- Credit ratings
- Institutions involved
- Dates of purchases
- Dates of maturity
- Amount of deposits or cost of the security
- Current market value of securities
- Interest rates
- Investment fund balances
- Statement as to whether investments are in compliance with the Investment Policy, and if not, why
- Statement as to whether there are sufficient funds to meet the City's cash obligations for the next 6 months, and if not, why.

G. Annual Policy Review. The Treasurer shall review the City's investment policy annually for conformance with California state codes, general market conditions, or to clarify internal processes and as needed make recommendations for improvements to the City Council.

III. ATTACHMENT A: GLOSSARY

ACTIVE DEPOSITS: Demand or checking accounts, which receive revenues and pay disbursements.

AGENCIES: Federal agency securities.

ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR): The official annual report for the City of Eastvale. It includes five combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related, legal and contractual provisions, extensive introductory material, and a detailed Statistical Section.

ASKED: The price at which securities are offered.

ASSET-BACKED SECURITIES (ABS): Securities whose income payments and hence value is derived from and collateralized (or "backed") by a specified pool of underlying assets which are receivables. Pooling the assets into financial instruments allows them to be sold to general investors, a process called securitization, and allows the risk of investing in the underlying assets to be diversified because each security will represent a fraction of the total value of the diverse pool of underlying assets. The pools of underlying assets can comprise common payments credit cards, auto loans, mortgage loans, and other types of assets. Interest and principal is paid to investors from borrowers who are paying down their debt.

BANKERS' ACCEPTANCE (BA): short-term credit arrangements to enable businesses to obtain funds to finance commercial transactions. They are time drafts drawn on a bank by an exporter or importer to obtain funds to pay for specific merchandise. By its acceptance, the bank becomes primarily liable for the payment of the draft at its maturity. An acceptance is a high grade negotiable instrument. Acceptances are purchased in various denominations for 30, 60, or 90 days, but no longer than 180 days. The interest is calculated on a 360-day discount basis similar to treasury bills. Local agencies may not invest more than 40% of their surplus money in banker's acceptance.

BASIS POINT: A basis point equals one one-hundredth of 1% (.01%).

BID: The price offered for securities.

BOOK-ENTRY SECURITIES: All U.S. Treasury and Federal Agencies are maintained on computerized records at the Federal Reserve now known as "wireable" securities.

BROKER: A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides. In the money market, brokers are active in markets in which banks buy and sell money and in inter-dealer markets.

CERTIFICATES OF DEPOSIT (CD): Time deposits of a bank or savings and loan. They are purchased in various denominations with maturities ranging from 30 to 360 days. The interest is calculated on a 360-day, actual day month basis and is payable monthly.

NEGOTIABLE CERTIFICATES OF DEPOSIT: Unsecured obligations of the financial institution, bank or savings and loan, bought at par value with the promise to pay face value plus accrued interest at maturity. They are high-grade negotiable instruments, paying a higher interest rate than regular certificates of deposit. The primary market issuance is in multiples of $1,000,000, the secondary market usually trades in denominations of $500,000, although smaller lots are occasionally available. As a matter of practice, only the ten largest U.S. banks, where there is a secondary market established for continued liquidity are considered for investment.

COLLATERAL: Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMMERCIAL PAPER: Short-term unsecured promissory note issued by a corporation to raise working capital. These negotiable instruments are purchased at a discount to par value or at par value with interest bearing. Local agencies are permitted by State law to invest in commercial paper of "prime" quality of the highest ranking or of the highest letter and numerical ratings as provided by Moody's Investor's Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days maturity nor exceed 30% of the local agency's surplus funds.

COUPON: (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond evidencing interest due on a payment date.

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DELIVERY VERSUS PAYMENT (DVP): There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipts is delivery of securities with an exchange of a signed receipt for the securities.

DEBENTURE: A bond secured only by the general credit of the issuer.

DISCOUNT: The difference between the cost price of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

DISCOUNT SECURITIES: Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value (e.g., U.S. Treasury bills).

DIVERSIFICATION: Dividing investment funds among a variety of securities and issuers offering

independent returns.

DERIVATIVE: An asset that derives its value from another asset. For example, a call option on the stock of Coca-Cola is a derivative security that obtains value from the shares of Coca-Cola that can be purchased with the call option. Call options, put options, convertible bonds, futures contracts, and convertible preferred stock are examples of derivatives. A derivative can be either a risky or low-risk investment, depending upon the type of derivative and how it is used.

FEDERAL CREDIT AGENCIES: Guaranteed directly or indirectly by the United States Government. All agency obligations qualify as legal investments and are acceptable as security for public deposits. They usually provide higher yields than regular Treasury issues with all of the same advantages. Examples include Federal Home Loan Bank, Federal Farm Credit Bank, FNMA (Fannie Mae) and Federal Home Loan Mortgage Corp. (Freddie Mac).

FEDERAL FUNDS: Non-interest bearing deposits held by member banks at the Federal Reserve. Also used to denote "immediately available" funds in the clearing sense. "Fed Funds" also used to refer to these funds.

FEDERAL FUNDS RATE: The rate of interest at which Fed funds are traded. This rate is currently pegged by the Federal Reserve through open-market operations.

FEDERAL OPEN MARKET COMMITTEE (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

FEDERAL RESERVE SYSTEM: The central bank of the United States created by Congress and consisting of a seven-member Board of Governors in Washington, D.C., 12 Regional Banks and about 5,700 commercial banks that are members of the system.

INTEREST-BEARING ACTIVE DEPOSITS: Money-market accounts at a financial institution, (e.g., bank, savings and loan, credit union). These accounts are demand accounts (i.e., checking accounts) with restricted transaction activity.

LIQUIDITY: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable size can be done at those quotes.

LAIF (Local Agency Investment Fund): A special fund in the State Treasury which local agencies may use to deposit funds for investment.

MARKET VALUE: The price at which a security is trading and could presumably be purchased or sold.

MASTER REPURCHASE AGREEMENT: A written contract covering all future transactions between the parties to repurchase--reverse agreements that establish each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

MATURITY: The date upon which the principal or stated value of an investment becomes due and payable.

MEDIUM-TERM CORPORATE NOTES: Unsecured promissory notes issued by a corporation organized and operating in the United States. These are negotiable instruments and are traded in the secondary market. Medium-term corporate notes can be defined as extended-maturity commercial paper.

MONEY MARKET FUNDS: Open-ended mutual fund that invests in highly liquid and safe securities (bills, commercial paper, bankers' acceptances, CD's, etc.) and pays money market rates of interest. The fund's net asset value remains a constant $1 a share.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank, as directed by the FOMC, in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

PASSBOOK SAVINGS ACCOUNTS: Similar to an inactive deposit except that the period of time is not fixed. The interest rate is much lower than for a certificate of deposit, but the savings account is more flexible. Funds can be deposited and withdrawn according to daily needs.

PLACEMENT SERVICE DEPOSITS. Deposits that are placed with a bank that uses private sector entity/network to allocate the funds across multiple banks such that the funds on deposit with each of the banks accepting deposits are under the federal deposit limit.

PORTFOLIO: Collection of securities held by an investor.

PRIMARY DEALER: A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities broker-dealers, banks, and a few unregulated firms.

RATE OF RETURN: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

QUALIFIED PUBLIC DEPOSITORIES: A financial institution which does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

REPURCHASE AGREEMENTS (RP OR REPO): A repo or reverse-repo is a short-term investment transaction. Banks buy temporarily idle funds from a customer by selling U.S. Government or other securities with a contractual agreement to repurchase the same securities on a future date. Repurchase agreements are typically for one to ten days in maturity. The customer receives interest from the bank. The interest rate reflects both the prevailing demand for Federal funds and the maturity of the repo. Some banks will execute repurchase agreements for a minimum of $100,000 to $500,000, but most banks have a minimum of $1,000,000. A reverse-repo is exactly what the name implies.

SAFEKEEPING: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SECONDARY MARKET: A market made for the purchase and sale of outstanding issues following the initial distribution.

SECURITIES & EXCHANGE COMMISSION (SEC): Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SETTLEMENT DATE: The date on which a trade is cleared by delivery of securities against funds. This date may be the same as the trade date or later.

TRADE DATE: The date on which a transaction is initiated or entered into by the buyer and seller.

TREASURY BILLS: Issued weekly with maturity dates up to one year. They are issued and traded on a discount basis with interest figured on 1 360-day basis, actual number of days. They are issued in amounts of $10,000 and up, in multiples of $5,000. They are a highly liquid security.

TREASURY NOTES: Initially issued with two- to ten-year maturities. They are actively traded in a large secondary market and are very liquid. The Treasury may issue note issues with a minimum of $1,000; however, the average minimum is $5,000.

TREASURY BOND: Long-term U.S. Treasury securities having initial maturities of more than ten years.

UNIFORM NET CAPITAL RULE (SEC RULE 15C3-1): Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a

maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

WHEN-ISSUED TRADES: Typically, there is a lag between the time a new bond is announced and sold, and the time when it is actually issued. During this interval, the security trades "when, as, and if issued."

YIELD: The rate of annual income return on an investment, expressed as a percentage. (a) INCOME YIELD is obtained by dividing the current dollar income by the current market price for the security. (b) NET YIELD or YIELD TO MATURITY is the current income yield minus any premium above par or plus any discount from par in purchase price with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

YIELD TO MATURITY: The rate of return yielded by a debt security held to maturity when both interest payments and the investor's capital gain or loss on the security are taken into account.

CITY OF EASTVALE Administrative Policy: City Manager Authority	Policy No: A-18
Subject **Fixed Assets, Leases, and Subscription-Based IT Arrangements** _____ **City Manager's Authorization**	Effective Date: 07/01/2026 Page 1 of 6

Purpose:
The purpose of this policy is to ensure adequate control and appropriate use of the City's fixed assets. The procedures contained herein define fixed assets and establish guidelines for their purchase, use, accounting, inventory, transfer, disposal and replacement. This policy also establishes accounting and reporting requirements for lease assets and subscription-based information technology arrangements (SBITAs).

Policy:
It is the policy of the City of Eastvale that fixed assets be properly accounted for and used for appropriate City uses. It is the responsibility of City Department Heads to ensure that:

- The Purchasing Policy is followed;
- Fixed assets are adequately controlled and used appropriately;
- The Finance Department is notified when fixed assets are acquired, transferred or otherwise subject to disposal; and
- Movable assets, including equipment and furniture, are being tracked regardless of capitalization status when deemed appropriate for control purposes.

It is the responsibility of the Finance Department to ensure that fixed assets are to be financially managed to meet the following criteria:

- The financial management of the assets is to be in compliance with generally accepted governmental accounting principles;
- The financial reporting of the assets will be in compliance with Governmental Accounting Standards Board (GASB) Statement 34;
- The financial reporting shall also comply with Governmental Accounting Standards Board (GASB) Statement 87 (Leases) and Statement 96 (Subscription-Based Information Technology Arrangements); and
- Assets meeting the City's capitalization threshold shall be tagged and recorded in the City's fixed asset system. The Finance Department shall maintain inventory records, while departments shall be responsible for safeguarding and periodically verifying assigned assets; and Equipment replacement records and schedules are maintained so that funding will be available wherever possible to replace obsolete, outdated and worn-out equipment.

Compliance:
The City Manager is authorized to grant exceptions to specific provisions on a case-by-case basis within the intent of the overall policy.

It is the intention of the City that the valuation and disclosure of all city assets be in accordance with all Governmental Accounting Standards Board Statements and Generally Accepted Accounting Principles. It is the responsibility of the Finance Department to ensure that the City's financial records remain in compliance with these requirements. The Finance Department is authorized to adjust its procedures to maintain this compliance as the Governmental Accounting Standards Board Statements and Generally Accepted Accounting Principles may change from time to time.

Grant-Funded Assets: The City shall account for assets acquired with federal or state funding in accordance with applicable grant requirements. Such assets shall be properly identified, safeguarded, and disposed of in compliance with any restrictions on use or disposition imposed by law or the grantor.

General Provisions:

"Fixed" capital assets defined as tangible capital expenditures (equipment, computers, vehicles, etc.) which have a per-unit acquisition cost of $10,000 or greater, and a useful life longer than one year, will be capitalized and reported. This threshold is established in accordance with **Uniform Guidance (2 CFR Part 200.439)**, which defines equipment as tangible personal property with a useful life of more than one year and a per-unit acquisition cost that meets or exceeds the capitalization threshold established by the entity or $10,000, whichever is higher.

Specific capitalization requirements are described below:

- All costs associated with the purchase should be considered, including ancillary costs such as freight and transportation charges, installation charges, professional fees, and legal costs directly attributable to asset acquisition.

- The capitalization threshold is applied to individual units of fixed assets. For example, ten desks purchased through a single purchase order each costing $2,000 will not qualify for capitalization even though the total cost of $20,000 exceeds the threshold of $10,000.

- The capitalization threshold will generally not be applied to components of fixed assets. For example, a keyboard, monitor, and central processing unit purchased as components of a computer system will not be evaluated individually against the capitalization threshold. The entire computer system will be treated as a single fixed asset.

- Replacement is accounted for per piece. For example, should a monitor be replaced due to upgrading then the purchase price of the monitor is used to capitalize that item.

- Repairs to fixed assets will generally not be subject to capitalization unless the repair extends the useful life of the asset. In this case, it represents an improvement and is subject to the capitalization policy and should be evaluated separately.

- Improvements to existing fixed assets will be presumed (by definition) to extend the useful life of the related fixed asset and, therefore, will be subject to capitalization only if the cost of the improvement meets the $10,000 threshold. In theory, an improvement to a fixed asset that had an original cost of less than $10,000, but now exceeds the threshold as a result of the improvement, should be combined as a single asset at the total cost (original cost plus the cost of the improvement) and capitalized.

- Land, structures and improvements, and infrastructures that have a cost greater than $50,000 will be capitalized and reported. All costs associated with the purchase, construction, site preparation expenditures, professional fees, and legal costs directly attributable to asset acquisition should be considered. Capital projects will be capitalized as "construction in progress" until completed. Costs to be capitalized include direct costs, such as labor, materials, and transportation, indirect costs such as engineering and construction management, and ancillary costs such as construction period interest.

Leases- GASB 87
A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (such as buildings, land, vehicles, or equipment) as specified in the contract for a period of time in an exchange or exchange-like transaction. To qualify as a lease under GASB 87, an agreement must meet all of the following requirements:

1. Conveys Control: The City must have the right to obtain the present service capacity of the asset and the right to determine the nature and manner of its use.

2. Tangible Nonfinancial Asset: The underlying asset must be physical, such as real estate (land, buildings) or equipment (vehicles, heavy machinery, copiers).

3. Specific Period of Time: The contract must outline a definite, non-cancellable duration.

    - Short-Term Leases are excluded: Any contract with a maximum possible term of 12 months (or less), including any options to extend, regardless of their probability of being exercised.

4. Exchange or Exchange-Like Transaction: The arrangement requires payment in exchange for the right to use the asset, essentially of equal values (such as market-rate lease payments or services, rather than nominal consideration such as a $1-per-year lease).

When the City is a lessor:
The City owns the asset(s) in question (such as a vehicle or building) and leases it to the lessee. For leases meeting recognition criteria, the City must recognize a lease receivable and a deferred inflow of resources.

When the City is a lessee:
The City has the right to use the asset, provided they meet the terms in the lease contract. For leases meeting recognition criteria, the City must recognize a lease liability and an intangible right-to-use lease asset.

The City has established a recognition threshold of $50,000 for leases. The threshold is based on the total contract value, including all fixed payments over the lease term, and not on individual payment amounts.

Subscription-Based Information Technology Arrangements (SBITAs) – GASB 96
A SBITA is defined as a contract that conveys control of the right to use another party's information technology software for a period of time in an exchange or exchange-like transaction. To qualify as a SBITA under GASB 96, an arrangement must meet all the following requirements:

1. Conveys Control of the Right to Use: The arrangement gives the City the right to obtain the present service capacity from the use of the vendor's software and to determine how the software will be used.

2. Contractual Agreement: The arrangement must be contractual, specifying the terms and conditions for the right to use the underlying software.

3. Is an Exchange or Exchange-Like Transaction: The arrangement requires payment in exchange for the right to use the software, essentially of equal values.

4. Specific Period of Time: The arrangement provides the right to use the software for a defined subscription term.

    - Short-Term SBITAs are excluded: Any contract with a maximum possible term of 12 months (or less), including any options to extend, regardless of their probability of being exercised.

5. Not a Perpetual Agreement: The arrangement should not be a contract that provides perpetual access and use of the underlying IT asset. Usually, these agreements contain a one-time payment or purchase.

The City has established a recognition threshold of $50,000 for SBITAs. The threshold is based on the total contract value, including all fixed payments over the subscription term. Individual payment amounts shall not be used in determining whether the threshold is met. Agreements below this threshold shall be expensed. For auto-renewing agreements, two years of payments shall be evaluated when determining whether the $50,000 threshold is met.

Materiality Threshold for Leases and SBITAs

The City has established a threshold of $50,000 for lease assets and subscription-based IT arrangements (SBITAs) based on materiality considerations. Contracts below this threshold are not considered material to the financial statements and are therefore expensed in the period incurred. The Finance Department shall periodically review the lease and SBITA recognition threshold for continued appropriateness based on materiality to the financial statements.

Depreciation
Property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Infrastructure-Bridges	65 years
Infrastructure-Curb and Gutter	50 years
Infrastructure-Sidewalks	50 years
Infrastructure-Storm Drains	50 years
Buildings	50 years
Infrastructure-Streets	40 years
Infrastructure-Signs and Posts	15 years
Infrastructure-Traffic Signals	10 years
Infrastructure-Striping	7 years
Improvements	10 years (or the life of the leasehold if less than 10 years)
Software	7 years
Equipment	5 years

Depreciation shall be calculated at half of a year (0.5) years during the first year of the asset's acquisition or completion. Intangible assets, including lease right-to-use assets and SBITA assets, shall be amortized over the shorter of the contract term or useful life in accordance with applicable GASB standards.

Procedures:
The Finance Department is responsible for categorizing expenditure on assets generally into the following categories:

- Land Acquisition
- Infrastructure
- Improvements
- Software and Subscription-Based IT Arrangements (SBITAs)Equipment (including Furniture)
- Repairs
- Lease Right-to-Use Assets

All of the above assets are to be capitalized with the exception of repairs which do not prolong the life of the asset. The accounting procedures used for identification, classification and, where

appropriate, depreciation of these assets will be those in conformity with Generally Accepted Accounting Principles as they apply to government.

“Improvements” generally refer to buildings and infrastructure assets which either increase the value or prolong the useful life of the asset beyond the original life established at construction.

“Equipment” is differentiated from infrastructure assets by both size and, generally, mobility. Because of these issues, equipment shall be subject to inventory control which includes the application of a number tag on each piece of equipment meeting these criteria. The management of the inventory control system will be the responsibility of the Finance Department.

The Finance Department shall establish procedures to identify, evaluate, and account for lease agreements and SBITAs, including determining contract terms, valuation, and classification.

Disposal of Assets:

Transfers of Equipment
It is in the City’s best interest to use its fixed assets for the best and highest use at all times. Some assets, which may have outlived their useful lives for the purpose for which they have been originally acquired, may have residual use in another capacity in another City Department. Equipment which has been replaced (using Fixed Asset Replacement Funds) and transferred from one department to another is routinely removed from the Fixed Asset Replacement Schedule.

Surplus, Sale, Disposal and/or Destruction of Fixed Assets
Periodically, equipment which has become obsolete, broken or otherwise unusable needs to be disposed of. It is the individual department’s responsibility to notify the Finance Department to authorize the surplus, disposal, or recycle of said equipment. It is the responsibility of the Finance Department to dispose of all such property, update the City’s fixed asset records and record the transaction in accordance with the asset’s remaining useful life and residual value.

Upon the sale of any fixed assets, any proceeds will be returned to the General Fund or to the fund which acquired the assets in the first place unless federal or state law precludes this and requires a specific use of the money.
Approved:

CITY OF EASTVALE Administrative Policy: City Manager Authority	Policy No: A-18
Subject **Fixed Assets, Leases, and Subscription-Based IT Arrangements** **City Manager's Authorization**	Effective Date: 07/01/2026 Page 1 of 6

Purpose:
The purpose of this policy is to ensure adequate control and appropriate use of the City's fixed assets. The procedures contained herein define fixed assets and establish guidelines for their purchase, use, accounting, inventory, transfer, disposal and replacement. This policy also establishes accounting and reporting requirements for lease assets and subscription-based information technology arrangements (SBITAs).

Policy:
It is the policy of the City of Eastvale that fixed assets be properly accounted for and used for appropriate City uses. It is the responsibility of City Department Heads to ensure that:

- The Purchasing Policy is followed;
- Fixed assets are adequately controlled and used appropriately; ~~and~~
- The Finance Department is notified when fixed assets are acquired, transferred or otherwise subject to disposal; and ~~.~~
- Movable assets, including equipment and furniture, are being tracked regardless of capitalization status when deemed appropriate for control purposes.

It is the responsibility of the Finance Department to ensure that fixed assets are to be financially managed to meet the following criteria:

- The financial management of the assets is to be in compliance with generally accepted governmental accounting principles;
- The financial reporting of the assets will be in compliance with Governmental Accounting Standards Board (GASB) Statement 34;
- The financial reporting shall also comply with Governmental Accounting Standards Board (GASB) Statement 87 (Leases) and Statement 96 (Subscription-Based Information Technology Arrangements); and
- Assets meeting the City's capitalization threshold shall be tagged and recorded in the City's fixed asset system. The Finance Department shall maintain inventory records, while departments shall be responsible for safeguarding and periodically verifying assigned assets; and ~~Fixed assets which are "movable" in nature (i.e., equipment and furniture) will be marked with an inventory tag which will be reviewed and verified by the department using the asset and accounted for in the Finance Department;~~
- Equipment replacement records and schedules are maintained so that funding will be available wherever possible to replace obsolete, outdated and worn-out equipment.

Compliance:

The City Manager is authorized to grant exceptions to specific provisions on a case-by-case basis within the intent of the overall policy.

It is the intention of the City that the valuation and disclosure of all city assets be in accordance with all Governmental Accounting Standards Board Statements and Generally Accepted Accounting Principles. It is the responsibility of the Finance Department to ensure that the City's financial records remain in compliance with these requirements. The Finance Department is authorized to adjust its procedures to maintain this compliance as the Governmental Accounting Standards Board Statements and Generally Accepted Accounting Principles may change from time to time.

Grant-Funded Assets: The City shall account for assets acquired with federal or state funding in accordance with applicable grant requirements. Such assets shall be properly identified, safeguarded, and disposed of in compliance with any restrictions on use or disposition imposed by law or the grantor.

General Provisions:
"Fixed" regular capital assets defined as items oftangible capital expenditures (equipment, computers, vehicles, etc.) which have a per-unit acquisition cost greater than of $105,000 or greater, and a useful life longer than one year, will be be capitalized and reported. subject to accounting and reporting (capitalization). This threshold is established in accordance with **Uniform Guidance (2 CFR Part 200.439)**, which defines equipment as tangible personal property with a useful life of more than one year and a per-unit acquisition cost that meets or exceeds the capitalization threshold established by the entity or $10,000, whichever is higher.

Specific capitalization requirements are described below:

- All costs associated with the purchase should be considered, including ancillary costs such as freight and transportation charges, installation charges, professional fees, and legal costs directly attributable to asset acquisition.

- The capitalization threshold is applied to individual units of fixed assets. For example, ten desks purchased through a single purchase order each costing $21,000 will not qualify for capitalization even though the total cost of $210,000 exceeds the threshold of $105,000.

- The capitalization threshold will generally not be applied to components of fixed assets. For example, a keyboard, monitor, and central processing unit purchased as components of a computer system will not be evaluated individually against the capitalization threshold. The entire computer system will be treated as a single fixed asset.

- Replacement is accounted for per piece. For example, should a monitor be replaced due to upgrading then the purchase price of the monitor is used to capitalize that item.

- Repairs to fixed assets will generally not be subject to capitalization unless the repair extends the useful life of the asset. In this case, it represents an improvement and is subject to the capitalization policy and should be evaluated separately.

- Improvements to existing fixed assets will be presumed (by definition) to extend the useful life of the related fixed asset and, therefore, will be subject to capitalization only if the cost of the improvement meets the $10~~5~~,000 threshold. In theory, an improvement to a fixed asset that had an original cost of less than $10~~5~~,000, but now exceeds the threshold as a result of the improvement, should be combined as a single asset at the total cost (original cost plus the cost of the improvement) and capitalized.

- Land, structures and improvements, and infrastructures that have a cost greater than $50,000 will be capitalized and reported. ~~subject to accounting and reporting (capitalization).~~ All costs associated with the purchase, construction, site preparation expenditures, professional fees, and legal costs directly attributable to asset acquisition should be considered. Capital projects will be capitalized as "construction in progress" until completed. Costs to be capitalized include direct costs, such as labor, materials, and transportation, indirect costs such as engineering and construction management, and ancillary costs such as construction period interest.

Leases- GASB 87

A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (such as buildings, land, vehicles, or equipment) as specified in the contract for a period of time in an exchange or exchange-like transaction. To qualify as a lease under GASB 87, an agreement must meet all of the following requirements:

1. Conveys Control: The City must have the right to obtain the present service capacity of the asset and the right to determine the nature and manner of its use.

2. Tangible Nonfinancial Asset: The underlying asset must be physical, such as real estate (land, buildings) or equipment (vehicles, heavy machinery, copiers).

3. Specific Period of Time: The contract must outline a definite, non-cancellable duration.

   - Short-Term Leases are excluded: Any contract with a maximum possible term of 12 months (or less), including any options to extend, regardless of their probability of being exercised.

4. Exchange or Exchange-Like Transaction: The arrangement requires payment in exchange for the right to use the asset, essentially of equal values (such as market-rate lease payments or services, rather than nominal consideration such as a $1-per-year lease).

When the City is a lessor:
The City owns the asset(s) in question (such as a vehicle or building) and leases it to the lessee. For leases meeting recognition criteria, the City must recognize a lease receivable and a deferred inflow of resources.

When the City is a lessee:
The City has the right to use the asset, provided they meet the terms in the lease contract. For leases meeting recognition criteria, the City must recognize a lease liability and an intangible right-to-use lease asset.

The City has established a recognition threshold of $50,000 for leases. The threshold is based on the total contract value, including all fixed payments over the lease term, and not on individual payment amounts.

Subscription-Based Information Technology Arrangements (SBITAs) – GASB 96
A SBITA is defined as a contract that conveys control of the right to use another party's information technology software for a period of time in an exchange or exchange-like transaction. To qualify as a SBITA under GASB 96, an arrangement must meet all the following requirements:

1. Conveys Control of the Right to Use: The arrangement gives the City the right to obtain the present service capacity from the use of the vendor's software and to determine how the software will be used.

2. Contractual Agreement: The arrangement must be contractual, specifying the terms and conditions for the right to use the underlying software.

3. Is an Exchange or Exchange-Like Transaction: The arrangement requires payment in exchange for the right to use the software, essentially of equal values.

4. Specific Period of Time: The arrangement provides the right to use the software for a defined subscription term.

   - Short-Term SBITAs are excluded: Any contract with a maximum possible term of 12 months (or less), including any options to extend, regardless of their probability of being exercised.

5. Not a Perpetual Agreement: The arrangement should not be a contract that provides perpetual access and use of the underlying IT asset. Usually, these agreements contain a one-time payment or purchase.

The City has established a recognition threshold of $50,000 for SBITAs. The threshold is based on the total contract value, including all fixed payments over the subscription term. Individual payment amounts shall not be used in determining whether the threshold is met. Agreements below this threshold shall be expensed. For auto-renewing agreements, two years of payments shall be evaluated when determining whether the $50,000 threshold is met.

Materiality Threshold for Leases and SBITAs

The City has established a threshold of $50,000 for lease assets and subscription-based IT arrangements (SBITAs) based on materiality considerations. Contracts below this threshold are not considered material to the financial statements and are therefore expensed in the period incurred. The Finance Department shall periodically review the lease and SBITA recognition threshold for continued appropriateness based on materiality to the financial statements.

Depreciation

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Infrastructure-Bridges	65 years
Infrastructure-Curb and Gutter	50 years
Infrastructure-Sidewalks	50 years
Infrastructure-Storm Drains	50 years
Buildings	50 years
Infrastructure-Streets	40 years
Infrastructure-Signs and Posts	15 years
Infrastructure-Traffic Signals	10 years
Infrastructure-Striping	7 years
Improvements	10 years (or the life of the leasehold if less than 10 years)
Software	7 years
Equipment	5 years

Depreciation shall be calculated at half of a year (0.5) years during the first year of the asset's acquisition or completion. Intangible assets, including lease right-to-use assets and SBITA assets, shall be amortized over the shorter of the contract term or useful life in accordance with applicable GASB standards.

Procedures:

The Finance Department is responsible for categorizing expenditure ~~for~~on assets generally into the following categories:

- Land Acquisition

- Infrastructure
- Improvements
- Software and Subscription-Based IT Arrangements (SBITAs)
- Equipment (including Furniture)
- Repairs
- Lease Right-to-Use Assets

All of the above assets are to be capitalized with the exception of repairs which do not prolong the life of the asset. The accounting procedures used for identification, classification and, where appropriate, depreciation of these assets will be those in conformity with Generally Accepted Accounting Principles as they apply to government.

"Improvements" generally refer to buildings and infrastructure assets which either increase the value or prolong the useful life of the asset beyond the original life established at construction.

"Equipment" is differentiated from infrastructure assets by both size and, generally, mobility. Because of these issues, equipment shall be subject to inventory control which includes the application of a number tag on each piece of equipment meeting these criteria. The management of the inventory control system will be the responsibility of the Finance Department.

The Finance Department shall establish procedures to identify, evaluate, and account for lease agreements and SBITAs, including determining contract terms, valuation, and classification.

Disposal of Assets:

Transfers of Equipment
It is in the City's best interest to use its fixed assets for the best and highest use at all times. Some assets, which may have outlived their useful lives for the purpose for which they have been originally acquired, may have residual use in another capacity in another City Department. Equipment which has been replaced (using Fixed Asset Replacement Funds) and transferred from one department to another is routinely removed from the Fixed Asset Replacement Schedule.

Surplus, Sale, Disposal and/or Destruction of Fixed Assets
Periodically, equipment which has become obsolete, broken or otherwise unusable needs to be disposed of. It is the individual department's responsibility to notify the Finance Department to authorize the surplus, disposal, or recycle of said equipment. It is the responsibility of the Finance Department to dispose of all such property, update the City's fixed asset records and record the transaction in accordance with the asset's remaining useful life and residual value.

Upon the sale of any fixed assets, any proceeds will be returned to the General Fund or to the fund which acquired the assets in the first place unless federal or state law precludes this and requires a specific use of the money.

Approved: ~~01/09/2013~~

AGENDA STAFF REPORT

City Council Meeting
PUBLIC HEARINGS
Agenda Item No. 12.1
June 24, 2026

Approving the Annual Reports; Confirming the Diagram and Assessment; Ordering the Levy for Landscape and Lighting Maintenance Districts and Benefit Assessment Districts for Fiscal Year 2026-2027

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council hold the public hearing and:

1. Adopt a Resolution Approving the Annual Reports, Confirming the Diagram and Assessment, and Ordering the Levy for the Following Districts: Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, And 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G and S), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM) for Fiscal Year 2026-2027; and
2. Adopt a Resolution Approving the Annual Report, Confirming the Diagram and Assessment, and Ordering the Levy for Benefit Assessment District No. 2014-2 for Fiscal Year 2026-2027.

Summary

The Districts fund annual maintenance activities at various sites including maintenance servicing and operation of streetlights, maintenance and servicing of catch basin filtration system improvements and operation and maintenance of traffic signals. Districts were formed during the development process of housing tracts within the city's boundaries both prior to the city's incorporation and after

incorporation of the city. As a result, some districts were formed by Riverside County, some were formed by Jurupa Community Services District (JCSD) and later transferred to the city, and some were formed by the City of Eastvale. District levies must be considered and adopted annually by the City Council before Riverside County's property tax assessment deadline, which is usually in August of each year.

Background

Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G and S), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM), and Benefit Assessment District No. 2014-2 (the "Districts") are special financing districts established to fund specific maintenance activities. Properties within the Districts receive special benefit from the maintenance activities and are assessed annually to fund those maintenance activities. The annual budget and assessment calculation are prepared and presented in the form of annual reports. Following a Public Hearing, the adoption of these resolutions orders the levy of the annual assessments for Fiscal Year 2026-27.

Environmental

Government fiscal activities are not considered a Project as defined by the California Environmental Quality Act (CEQA) and environmental review is not required.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

Collecting special district levies is not a strategic plan activity and relates to the daily operations of the city.

Fiscal Impact

Costs associated with the preparation of the annual reports and the annual levy and collection of assessments is charged to the Districts. Failure to approve the accompanying resolutions would result in an inability to collect the annual assessment which totals approximately $157,650.

Prior City Council/Commission Action

City Council approved Resolutions 26-07 and 26-08 Initiating the Annual Levy Proceedings and Ordering NBS to prepare the Annual Report on March 25, 2026. City Council approved resolutions for the Districts declaring the intent to levy, setting the Public Hearing for June 24, 2026 and preliminarily approving the Annual Reports on May 27, 2026.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE ANNUAL REPORTS, CONFIRMING THE DIAGRAM AND ASSESSMENT AND ORDERING THE LEVY FOR FISCAL YEAR 2026-27 FOR THE FOLLOWING DISTRICTS:

LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 89-1 CONSOLIDATED
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-1 (TRACT 36382)
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-3 (TRACT 36423)
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-4 (PARCEL MAP 35865)
ILLUMINATION DISTRICT NO. 2 (SUBAREAS: 35, 42, 46, 49, and 55)
LIGHTING MAINTENANCE DISTRICT NO. 98-2
LIGHTING MAINTENANCE DISTRICT NO. 2001-1 (ZONES: G and S)
LIGHTING MAINTENANCE DISTRICT NO. 2001-2 (ZONES: A-H, J-K, and M)
LIGHTING MAINTENANCE DISTRICT NO. 2001-3 (ZONES: A-MMM)

WHEREAS, the City Council (the "Council") of the City of Eastvale (the "City") previously completed the proceedings in accordance with and pursuant to the Landscape and Lighting Act of 1972, Part 2, Division 15 of the California Streets and Highways Code (commencing with Section 22500) (the "Act") to establish the following, hereafter referred to collectively as the "Districts":

Landscaping and Lighting Maintenance District No. 89-1 Consolidated
Landscape and Lighting Maintenance District No. 2014-1 (Tract 36382)
Landscape and Lighting Maintenance District No. 2014-3 (Tract 36423)
Landscape and Lighting Maintenance District No. 2014-4 (Parcel Map 35865)
Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55)
Lighting Maintenance District No. 98-2
Lighting Maintenance District No. 2001-1 (Zones: G and S)
Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M)
Lighting Maintenance District No. 2001-3 (Zones: A-MMM); and

WHEREAS, the City has retained NBS for the purpose of assisting with the annual levy of the Districts, and to prepare and file Annual Reports; and

WHEREAS, the City Council has, by previous resolution, declared their intention to hold a public hearing concerning the levy and collection of assessments within the Districts; and

WHEREAS, a public hearing has been held and concluded and notice thereof was duly given in accordance with Section 22626 of the Act; and

WHEREAS, at the time and place specified in the Resolution of Intention the City Council conducted such public hearing and considered all objections to the diagram and assessment.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. RECITALS: The above recitals are true and correct.

SECTION 2. ANNUAL REPORTS: The council hereby approves the Annual Reports concerning the levy of assessments for the Districts as submitted by NBS for the fiscal year commencing July 1, 2026 and ending June 30, 2027.

SECTION 3. CONFIRMATION OF ASSESSMENTS AND DIAGRAM: The City Council hereby confirms the diagram and assessment for the Districts as described in full detail in the Annual Reports on file with the City Clerk.

SECTION 4. LEVY OF ASSESSMENT: Pursuant to section 22631 of the Act, the adoption of this resolution shall constitute the levy of an assessment for the Districts for the fiscal year commencing July 1, 2026 and ending June 30, 2027. The assessments are levied without regard to property valuation.

SECTION 5. PURPOSE OF ASSESSMENT: The assessments ordered by this resolution will be for the purpose of meeting operating expenses and purchasing supplies, equipment, or materials necessary to maintain improvements within the Districts.

SECTION 6. ORDERING THE LEVY: The City Council hereby orders the City Clerk, or their designee, to file the diagram and levy of assessments for the Districts with the Riverside County Auditor for placement on the Fiscal Year 2026-27 County of Riverside Tax Roll as prescribed by the Act.

SECTION 7. SEVERABILITY: If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Resolution is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have adopted this Resolution and each and every section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared unconstitutional.

PASSED, APPROVED AND ADOPTED this 24th day of June 2026.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE ANNUAL REPORT, CONFIRMING THE DIAGRAM AND ASSESSMENT AND ORDERING THE LEVY FOR FISCAL YEAR 2026-27 FOR THE FOLLOWING DISTRICT:

BENEFIT ASSESSMENT DISTRICT NO. 2014-2 (TRACT 32821 & 32821-1)

WHEREAS, the City Council (the "Council") of the City of Eastvale (the "City") previously completed the proceedings in accordance with and pursuant to the Benefit Assessment Act of 1982, Title 5 Division 2, of the California Government Code (commencing with Section 54703) (the "Act") to establish the following, hereafter referred to as the "District": Benefit Assessment District No. 2014-2 (Tract 32821 & 32821-1); and

WHEREAS, the City has retained NBS for the purpose of assisting with the annual levy of the District, and to prepare and file an Annual Report; and

WHEREAS, the City Council has, by previous resolution, declared their intention to hold a public hearing concerning the levy and collection of assessments within the District; and

WHEREAS, a public hearing has been held and concluded and notice thereof was duly given in accordance with Section 54715 of the Act; and

WHEREAS, at the time and place specified in the Resolution of Intention the City Council conducted such public hearing and considered all objections to the diagram and assessment.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. RECITALS: The above recitals are true and correct.

SECTION 2. ANNUAL REPORT: The Council hereby approves the Annual Report concerning the levy of assessments for the District as submitted by NBS for the fiscal year commencing July 1, 2026 and ending June 30, 2027.

SECTION 3. CONFIRMATION OF ASSESSMENTS AND DIAGRAM: The City Council hereby confirms the diagram and assessment for the District as described in full detail in the Annual Report on file with the City Clerk.

SECTION 4. LEVY OF ASSESSMENT: The adoption of this resolution shall constitute the levy of an assessment for the District for the fiscal year commencing July 1, 2026 and ending June 30, 2027. The assessment is levied without regard to property valuation.

SECTION 5. PURPOSE OF ASSESSMENT: The assessments ordered by this resolution will be for the purpose of meeting operating expenses and purchasing supplies, equipment, or materials necessary to maintain improvements within the District.

SECTION 6. ORDERING OF THE LEVY: The City Council hereby orders the City Clerk, or their designee, to file the diagram and levy of assessment for the District with the Riverside County Auditor for placement on the Fiscal Year 2026-27 County of Riverside Tax Roll as prescribed by the Act.

SECTION 7. SEVERABILITY: If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Resolution is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have adopted this Resolution and each and every section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared unconstitutional.

1. ASSESSMENT SUMMARY

On March 26, 2025, the City Council of the City of Eastvale (the "City"), under the Landscaping and Lighting Act of 1972 (the "1972 Act") adopted its Resolution No. 25-12, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for the following districts: Landscaping and Lighting Maintenance District No. 89-1 Consolidated ("LLMD 89-1C"), Landscape and Lighting Maintenance District No. 2014-1 (Tract 36382) ("LLMD 2014-1"), Landscape and Lighting Maintenance District No. 2014-3 (Tract 36423) ("LLMD 2014-3") and Landscape and Lighting Maintenance District No. 2014-4 (Parcel Map 35865) ("LLMD 2014-1") (collectively the "Districts") for Fiscal Year 2026/27.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2026/27 pursuant to the requirements of the 1972 Act. The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operation, and servicing of the improvements for the Districts for the referenced fiscal year, diagrams for the Districts, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operation, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the Districts in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the Districts in proportion to the special benefit received. The table on the following page summarizes the proposed assessment for the Districts.

(1) Amount may differ from final assessment roll due to rounding
(2) Assessment is per Acre
(3) Assessment is per Parcel
(4) Assessment is per Unit
(5) Assessment is per Benefit Point

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

Maintenance may include, but is not limited to, all of the following: the repair, removal, or replacement of all or any part of any improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimming, rubbish, debris, and other solid waste; the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of: electric current or energy, gas, or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements; water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; the costs of printing, advertising, and the giving of published, posted, and mailed notices; compensation payable to the County of Riverside (the "County") for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the maintenance and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also include costs related to project management as well as costs of the City related to the administration of the Districts including legal fees, accounting, finance, and insurance costs.

2.2 Process for Annual Assessment

The City cannot levy and collect annual assessments in the Districts without complying with the procedures specified in the 1972 Act. On an annual basis, a report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of maintenance and servicing the improvements, a diagram for the assessment district, the proposed assessments upon assessable lots and parcels of land within the district, and an assessment of the estimated costs of improvements.

The City Council must also adopt a Resolution of Intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment district for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicates the general location of the district.

- Refers to the annual report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- States whether the assessment is proposed to increase from the previous year.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the resolution of intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment district, and the proposed diagram or the proposed assessment.

The City Council, upon conclusion of the public hearing, must then adopt a resolution confirming the diagram and assessment, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

2.4 Fiscal Year 2026/27 Assessment

The Fiscal Year 2026/27 assessments described in this Annual Report for the Districts are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time each District was formed. No land is proposed to be annexed to any District. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the Districts upon the assessable lots or parcels, as shown on the latest equalized roll at the County, is shown on the Assessment Roll in Appendix C of this Annual Report.

3. PLANS AND SPECIFICATIONS

The Districts provide the administration, maintenance, operation, and servicing of various improvements located in the Districts.

3.1 Description of Improvements

3.1.1 LLMD 89-1C

Zone 41 – Maintenance and servicing of fossil filters within the public right of way:

Smith River Rd
Swan Creek Dr
Wind River Dr

Zone 115 – Maintenance and servicing of fossil filters and traffic signals within the public right-of-way: A St, Cleveland Ave, Flower St, Hamner Ave, Schleisman Rd.

Zone 116 – Maintenance and servicing of fossil filters and traffic signals within the public right-of-way: Aldergate Dr, Tiburon Dr, Schleisman Rd, Whimbrel Dr.

Zone 147 – Maintenance and servicing of fossil filters and traffic signals within the public right-of-way: Schleisman Rd, Whitewell Rd.

Zone 151 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Limonite Ave & Eastvale Gateway, Limonite Ave & Hamner Ave, Hamner Ave & Eastvale Gateway, Hamner Ave & Oakdale St.

Zone 156 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Ave & Schleisman Rd, Archibald Ave & Soleil Dr, Schleisman Rd & Enclave Dr.

LMD 2014-1 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Sumner Avenue & Citrus Street, Citrus Street & Scholar Way, Citrus Street & Roosevelt High School/Granja Vista Del Rio.

LMD 2014-3 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Avenue & 65th Street.

LMD 2014-4 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Avenue & Providence Way.

3.2 Map of Improvements

Please refer to Appendix A for the maps of improvements for the Districts.

4. ESTIMATE OF COSTS

The estimated costs of administration, maintenance, operation, and servicing of the improvements, as described in the Plans and Specifications for the Districts, are summarized below.

4.1 LLMD 89-1C, Zone 41

4.1.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 41 are shown below:

LLMD 89-1C, Zone 41 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$17,230.00
Field Inspection/Management	17,230.00
Repair/Replacement	17,230.00
Subtotal Maintenance, Operation, and Servicing Costs	**$51,690.00**
Incidental Expenses	
Annual Administration (City)	$1,310.00
Annual Administration (Consultant)	12,349.72
County Collection Fees	1,353.71
Subtotal Incidental Expenses	**$15,013.43**
Total LLMD 89-1C, Zone 41 Costs	**$66,703.43**
Operating Reserve Contribution	(49,113.43)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	0.00
Total Costs to be Assessed	**$17,590.00**
Total Net LLMD 89-1C, Zone 41 Assessment	**$17,590.00**
Total LLMD 89-1C, Zone 41 Parcels to be Assessed	3,518
Actual Assessment per Parcel – Fiscal Year 2026/27	**$5.00**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$85.36**

4.1.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 41 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$2,048,594
Operating Reserve Contribution – Fiscal Year 2026/27	(49,113)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$1,999,481**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.1.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget above, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 41, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2005." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.2 LLMD 89-1C, Zone 79

4.2.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 79 are shown below:

LLMD 89-1C, Zone 79 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$170.00
Field Inspection/Management	170.00
Repair/Replacement	170.00
Subtotal Maintenance, Operation, and Servicing Costs	**$ 510.00**
Incidental Expenses	
Annual Administration (City)	$130.00
Annual Administration (Consultant)	1,102.27
County Collection Fees	200.27
Subtotal Incidental Expenses	**$1,432.54**
Total LLMD 89-1C, Zone 79 Costs	**$1,942.54**
Operating Reserve Contribution	(1,521.47)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.31)
Total Costs to be Assessed	**$ 420.76**
Total Net LLMD 89-1C, Zone 79 Assessment	**$ 420.76**
Total LLMD 89-1C, Zone 79 Parcels to be Assessed	314
Actual Assessment per Parcel – Fiscal Year 2026/27	**$1.34**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$13.41**

4.2.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 79 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$16,829
Operating Reserve Contribution – Fiscal Year 2026/27	(1,521)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$15,308**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.2.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 79, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.3 LLMD 89-1C, Zone 85

4.3.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 85 are shown below:

LLMD 89-1C, Zone 85 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$170.00
Field Inspection/Management	170.00
Repair/Replacement	170.00
Subtotal Maintenance, Operation, and Servicing Costs	**$ 510.00**
Incidental Expenses	
Annual Administration (City)	$10.00
Annual Administration (Consultant)	3.51
County Collection Fees	87.59
Subtotal Incidental Expenses	**$ 101.10**
Total LLMD 89-1C, Zone 85 Costs	**$ 611.10**
Operating Reserve Contribution	(605.95)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.01)
Total Costs to be Assessed	**$5.14**
Total Net LLMD 89-1C, Zone 85 Assessment	**$5.14**
Total LLMD 89-1C, Zone 85 Acres to be Assessed	1.03
Actual Assessment per Acre – Fiscal Year 2026/27	**$5.00**
Maximum Allowable Assessment per Acre – Fiscal Year 2026/27	**$5,501.46**

4.3.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 85 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$34,143
Operating Reserve Contribution – Fiscal Year 2026/27	(606)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$ 33,537**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.3.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 85, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario. Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.4 LLMD 89-1C, Zone 111

4.4.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 111 are shown below:

LLMD 89-1C, Zone 111 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$15,730.00
Fossil Filters	3,170.00
Field Inspection/Management	3,170.00
Repair/Replacement	3,170.00
Subtotal Maintenance, Operation, and Servicing Costs	**$25,240.00**
Incidental Expenses	
Annual Administration (City)	$1,240.00
Annual Administration (Consultant)	1,235.67
County Collection Fees	213.95
Subtotal Incidental Expenses	**$2,689.62**
Total LLMD 89-1C, Zone 111 Costs	**$27,929.62**
Operating Reserve Contribution	(26,169.62)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	0.00
Total Costs to be Assessed	**$1,760.00**
Total Net LLMD 89-1C, Zone 111 Assessment	**$1,760.00**
Total LLMD 89-1C, Zone 111 Parcels to be Assessed	352
Actual Assessment per Parcel – Fiscal Year 2026/27	**$5.00**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$118.40**

4.4.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 111 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$166,580
Operating Reserve Contribution – Fiscal Year 2026/27	(26,170)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$140,410**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.4.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 111, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.5 LLMD 89-1C, Zone 115

4.5.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 115 are shown below:

LLMD 89-1C, Zone 115 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$14,190.00
Fossil Filters	170.00
Field Inspection/Management	170.00
Repair/Replacement	170.00
Subtotal Maintenance, Operation, and Servicing Costs	**$14,700.00**
Incidental Expenses	
Annual Administration (City)	$1,150.00
Annual Administration (Consultant)	786.34
County Collection Fees	167.87
Subtotal Incidental Expenses	**$2,104.21**
Total LLMD 89-1C, Zone 115 Costs	**$16,804.21**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(12,084.53)
Rounding Adjustment	(2.24)
Total Costs to be Assessed	**$4,717.44**
Total Net LLMD 89-1C, Zone 115 Assessment	**$4,717.44**
Total LLMD 89-1C, Zone 115 Parcels to be Assessed	224
Actual Assessment per Parcel – Fiscal Year 2026/27	**$21.06**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$21.07**

4.5.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 115 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	($63,189)
Operating Reserve Contribution – Fiscal Year 2026/27	(12,085)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**($ 75,274)**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.5.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 115, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2008." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.6 LLMD 89-1C, Zone 116

4.6.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 116 are shown below:

LLMD 89-1C, Zone 116 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$5,010.00
Fossil Filters	500.00
Field Inspection/Management	500.00
Repair/Replacement	500.00
Subtotal Maintenance, Operation, and Servicing Costs	**$6,510.00**
Incidental Expenses	
Annual Administration (City)	$520.00
Annual Administration (Consultant)	1,218.12
County Collection Fees	212.15
Subtotal Incidental Expenses	**$1,950.27**
Total LLMD 89-1C, Zone 116 Costs	**$8,460.27**
Operating Reserve Contribution	(7,316.91)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(5.20)
Total Costs to be Assessed	**$1,138.16**
Total Net LLMD 89-1C, Zone 116 Assessment	**$1,138.16**
Total LLMD 89-1C, Zone 116 Parcels to be Assessed	347
Actual Assessment per Parcel – Fiscal Year 2026/27	**$3.28**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$32.95**

4.6.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 116 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$62,141
Operating Reserve Contribution – Fiscal Year 2026/27	(7,317)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$ 54,824**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.6.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 116, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2008." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.7 LLMD 89-1C, Zone 147

4.7.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 147 are shown below:

LLMD 89-1C, Zone 147 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$4,720.00
Subtotal Maintenance, Operation, and Servicing Costs	**$4,720.00**
Incidental Expenses	
Annual Administration (City)	$410.00
Annual Administration (Consultant)	610.82
County Collection Fees	149.87
Subtotal Incidental Expenses	**$1,170.69**
Total LLMD 89-1C, Zone 147 Costs	**$5,890.69**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(3,919.27)
Rounding Adjustment	(1.74)
Total Costs to be Assessed	**$1,969.68**
Total Net LLMD 89-1C, Zone 147 Assessment	**$1,969.68**
Total LLMD 89-1C, Zone 147 Parcels to be Assessed	174
Actual Assessment per Parcel – Fiscal Year 2026/27	**$11.32**
Maximum Allowable Assessment per Parcel – Fiscal Year 2026/27	**$11.33**

4.7.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 147 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	($19,538)
Operating Reserve Contribution – Fiscal Year 2026/27	(3,919)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**($ 23,457)**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.7.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 147, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2009." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.8 LLMD 89-1C, Zone 151

4.8.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 151 are shown below:

LLMD 89-1C, Zone 151 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$29,980.00
Subtotal Maintenance, Operation, and Servicing Costs	**$29,980.00**
Incidental Expenses	
Annual Administration (City)	$2,170.00
Annual Administration (Consultant)	35.10
County Collection Fees	90.83
Subtotal Incidental Expenses	**$2,295.93**
Total LLMD 89-1C, Zone 151 Costs	**$32,275.93**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(20,697.05)
Rounding Adjustment	(0.10)
Total Costs to be Assessed	**$11,578.78**
Total Net LLMD 89-1C, Zone 151 Assessment	**$11,578.78**
Total LLMD 89-1C, Zone 151 Acres to be Assessed	14.09
Actual Assessment per Acre – Fiscal Year 2026/27	**$821.78**
Maximum Allowable Assessment per Acre – Fiscal Year 2026/27	**$821.78**

4.8.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 151 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	($118,903)
Operating Reserve Contribution – Fiscal Year 2026/27	(20,697)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**($139,600)**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.8.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 151, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers for "electricity" ("CPI-U" "electricity") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual "CPI-U" "electricity" adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2010." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.9 LLMD 89-1C, Zone 156

4.9.1 ANNUAL BUDGET

The estimated costs associated with LLMD89-1C, Zone 156 are shown below:

LLMD 89-1C, Zone 156 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$11,320.00
Subtotal Maintenance, Operation, and Servicing Costs	**$11,320.00**
Incidental Expenses	
Annual Administration (City)	$1,130.00
Annual Administration (Consultant)	31.59
County Collection Fees	90.47
Subtotal Incidental Expenses	**$1,252.06**
Total LLMD 89-1C, Zone 156 Costs	**$12,572.06**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(3,881.19)
Rounding Adjustment	(0.11)
Total Costs to be Assessed	**$8,690.76**
Total Net LLMD 89-1C, Zone 156 Assessment	**$8,690.76**
Total LLMD 89-1C, Zone 156 Acres to be Assessed	10.89
Actual Assessment per Acre – Fiscal Year 2026/27	**$798.06**
Maximum Allowable Assessment per Acre – Fiscal Year 2026/27	**$798.06**

4.9.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 156 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	($48,336)
Operating Reserve Contribution – Fiscal Year 2026/27	(3,881)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**($ 52,217)**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.9.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 156, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers for "electricity" ("CPI-U" "electricity") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual "CPI-U" "electricity" adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2010." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario. Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.10 LLMD 2014-1

4.10.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-1 are shown below:

LLMD 2014-1 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$10,440.00
Subtotal Maintenance, Operation, and Servicing Costs	**$10,440.00**
Incidental Expenses	
Annual Administration (City)	$950.00
Annual Administration (Consultant)	1,976.95
County Collection Fees	158.15
Subtotal Incidental Expenses	**$3,085.10**
Total LLMD 2014-1 Costs	**$13,525.10**
General Benefit Contribution	(9,396.00)
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(3.92)
Total Costs to be Assessed	**$4,125.18**
Total Net LLMD 2014-1 Assessment	**$4,125.18**
Total LLMD 2014-1 Benefit Points to be Assessed	591
Actual Assessment per Benefit Point – Fiscal Year 2026/27	**$6.98**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2026/27	**$11.65**

4.10.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-1 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$29,644
Operating Reserve Contribution – Fiscal Year 2026/27	0
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$ 29,644**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.10.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-1, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: “The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015.” In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.11 LLMD 2014-3

4.11.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-3 are shown below:

LLMD 2014-3 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$4,540.00
Subtotal Maintenance, Operation, and Servicing Costs	**$4,540.00**
Incidental Expenses	
Annual Administration (City)	$540.00
Annual Administration (Consultant)	1,976.95
County Collection Fees	167.87
Subtotal Incidental Expenses	**$2,684.82**
Total LLMD 2014-3 Costs	**$7,224.82**
General Benefit Contribution	(3,688.75)
Operating Reserve Contribution	(2,946.05)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(3.14)
Total Costs to be Assessed	**$ 586.88**
Total Net LLMD 2014-3 Assessment	**$ 586.88**
Total LLMD 2014-3 Benefit Points to be Assessed	672
Actual Assessment per Benefit Point – Fiscal Year 2026/27	**$0.87**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2026/27	**$8.78**

4.11.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-3 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$10,032
Operating Reserve Contribution – Fiscal Year 2026/27	(2,946)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$ 7,086**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.11.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-3, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: “The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015.” In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.12 LLMD 2014-4

4.12.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-4 are shown below:

LLMD 2014-4 Costs	Estimated 2026/27 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$2,000.00
Subtotal Maintenance, Operation, and Servicing Costs	**$2,000.00**
Incidental Expenses	
Annual Administration (City)	$200.00
Annual Administration (Consultant)	778.80
County Collection Fees	91.19
Subtotal Incidental Expenses	**$1,069.99**
Total LLMD 2014-4 Costs	**$3,069.99**
General Benefit Contribution	(1,625.00)
Operating Reserve Contribution	(1,087.66)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.09)
Total Costs to be Assessed	**$ 357.24**
Total Net LLMD 2014-4 Assessment	**$ 357.24**
Total LLMD 2014-4 Benefit Points to be Assessed	118.44
Actual Assessment per Benefit Point – Fiscal Year 2026/27	**$3.02**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2026/27	**$30.17**

4.12.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-4 is as follows:

Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	$14,868
Operating Reserve Contribution – Fiscal Year 2026/27	(1,088)
Operating Reserve Collection – Fiscal Year 2026/27	0
Estimated Fiscal Year Ending 6/30/27 Operating Reserve Cash Balance	**$ 13,780**

The estimated Fiscal Year ending 6/30/27 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.12.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-4, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: "The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.13 Definitions of Budget Items

The following definitions describe the costs and expenses included in the cost estimate for each of the Districts:

4.13.1 MAINTENANCE, OPERATION AND SERVICING COSTS

Energy Costs for Streetlights: This item includes the cost of energy provided by the electric utility provider.

Fossil Filters: This item includes the cost of cleaning and furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair, replacement, removal of trimmings, rubbish, debris and other solid waste.

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting, and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of traffic signals and appurtenances, including repair and replacement.

4.13.2 INCIDENTAL EXPENSES

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination and management of District services, operations, and expenses. This item also includes management of the annual process including reports, resolutions, and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District, including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings, and delinquency management. The contract fee is subject to a cost of living increase annually.

County Collection Fees: This item includes the fees charged by the County to process the levy submittal and collect and distribute funds on behalf of the City.

4.13.3 OPERATING RESERVE AND OTHER SOURCES

Operating Reserve Contribution: This item includes the amount to be credited to the annual assessment. When the Operating Reserve balance is greater than approximately one half of the annual costs, an Operating Reserve Contribution may be credited to the total costs.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10 of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contributions From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent as the County requires that the total levy amount submitted be even so that the amount can be divided into two equal installments on the tax roll.

5. METHOD OF ASSESSMENT

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1972 ACT

Pursuant to the 1972 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1972 Act, permits the establishment of assessment districts for the purpose of providing certain improvements which include the operation, maintenance and servicing of landscaping improvements.

Section 22573 of the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*
>
> *The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) [of the Streets and Highways Code, State of California])."*

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i), “Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit.”

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D Section 4(a) “No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

The maintenance and servicing of the Districts’ improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in the Districts, and as such confer a special and direct benefit to parcels in the Districts, respectively. A description of the special benefit conferred to property in the Districts has been excerpted from the formation or annexation Engineer’s Report and provided below:

- LLMD 89-1C, Zone 41 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 79 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 85 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 111 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 115 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.

- LLMD 89-1C, Zone 116 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 147 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being for properties.
- LLMD 89-1C, Zone 151 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 156 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-1 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-3 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-4 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.

The above-mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in the Districts. Since these improvements were installed and are maintained specifically for the properties in the Districts, only properties in the Districts receive a special benefit and are assessed for said maintenance.

5.3 General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to "separate the general benefits from the special benefits conferred on a parcel." General benefits are defined as those services or improvements which provide a general increase in property values to all property or provides benefits to the health, safety, or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

5.4 General and Special Benefit Separated

The amount of general benefit that is conferred from the improvements and activities cannot be funded via benefit assessments. In order to separate only that portion of the budget which is related to special benefits conferred by the improvements and activities, thereby excluding those costs which are associated with general benefits related to the improvements and activities, pass through traffic data has been reviewed.

General benefit conferred from the improvements cannot be funded by assessments. In order to separate only that portion of the cost of operating, maintaining and servicing the improvements which is related to special benefits conferred, thereby excluding those costs which are related to general benefits, pass through traffic data has been analyzed.

The City's General Plan, adopted on June 13, 2012, indicates that streets within the City generally consist of local roads, secondary and major collectors, arterials and urban arterials. There is a general benefit component associated with traffic signals and fossil filter management along arterial/collector streets roughly equal to the percentage of pass-through trips using those streets (typically 15-25% based on the amount of traffic volume placed on each type of roadway). The following table summarizes the special and general benefit for the various types of roadways based on general industry practice standards:

Roadway Type	Special Benefit	General Benefit	Comments
Local	98%	2%	Nearly all traffic is generated by local properties; the exception would be school busses, delivery and service vans/trucks, meter readers, and turn around traffic which is generally less than 2%.
Collector	50%	50%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.
Arterial	25%	75%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.

- LMD 2014-1 – The three traffic signals to be operated, maintained, and serviced are located along Citrus Street which is an Arterial according to the City of Eastvale General Plan. The two intersecting roadways, Sumner Avenue and Scholar Way are also Arterials with the third intersection being the entrance to a high school. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic, but because the high school is a large traffic generator, the pass-through traffic in Citrus Street is estimated to be 85% with local traffic accounting for 15% of trips. Further, the District is located on the south side of Citrus Street and the southeast side of Sumner Avenue. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 90%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 90%.
- LMD 2014-3 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, 65th Street is also an Arterial. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. Further, the District is located on the northwest corner of the Archibald Avenue and 65th Street intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.
- LMD 2014-4 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, Providence Way is a Local. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the southwest corner of the Archibald Avenue and Providence Way intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.

5.5 Method of Assessment Spread

Each of the parcels in the Districts is deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

A description of the method of assessment spread for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 41 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 79 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 85 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 111 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 115 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 116 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 147 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 151 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 156 – The costs and expenses are apportioned on a per acre basis.
- LLMD 2014-1 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-3 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-4 – The costs and expenses are apportioned on a per Benefit Point basis.

Each of the parcels within LLMD 2014-1, LLMD 2014-3, and LLMD 2014-4 receive special benefit from the operation, maintenance, and services of the improvements. Each parcel that has a special benefit conferred upon it is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the operation, maintenance, and services of the improvements.

Special benefit points are proportionally assigned to all parcels within the assessment district for each of the following special benefits conferred:

- Increased Safety to Motorists
- Increased Safety to Pedestrians
- Increased Traffic Capacity and Efficiency

Each parcel with a residential county land use code, for which traffic must pass through a signalized intersection, may be assigned one Benefit Point per dwelling unit per benefit. Likewise, each non-residential parcel, for which traffic must pass through a signalized intersection may be assigned one

Benefit Point per acre, or portion thereof, per benefit. (e.g. If the parcel acreage is 1.38, the parcel receives 1.38 Benefit Points per benefit.)

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of the Districts, with the allowable annual increase also approved at the time of formation. A description of the allowable annual increase for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 41 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2005.
- LLMD 89-1C, Zone 79 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 85 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 111 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 115 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 116 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 147 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2009.
- LLMD 89-1C, Zone 151 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 156 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 2014-1 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2015.

- LLMD 2014-3 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2015.
- LLMD 2014-4 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2015.

The total amount of maintenance, servicing, and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in the Districts in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the assessment roll in this report.

6. APPENDICES

The following Appendices contain Appendix A – Maps of Improvements, Appendix B – Assessment Diagrams, and Appendix C – Assessment Roll.

APPENDIX A – MAPS OF IMPROVEMENTS

Maps of Improvements for the Districts are shown on the following pages.
