CITY OF ONTARIO

Regular City Council/Housing Authority Meeting
APRIL 21, 2026

City Hall
303 East B Street, Ontario, CA 91764

MAYOR PAUL S. LEON • MAYOR PRO TEM ALAN D. WAPNER
COUNCIL MEMBERS JIM W. BOWMAN, DEBRA PORADA AND DAISY MACIAS

CITY CLERK SHEILA MAUTZ • TREASURER JAMES R. MILHISER
CITY MANAGER SCOTT OCHOA • CITY ATTORNEY RUBEN DURAN

WELCOME TO A MEETING OF THE ONTARIO CITY COUNCIL

All documents for public review are on file with the Records Management/City Clerk's Department located at 303 East B Street, Ontario, CA 91764.

Anyone wishing to speak in person during public comment or on a particular item will be required to fill out a blue slip. Blue slips must be turned in prior to public comment beginning or before an agenda item is taken up. The Clerk will not accept blue slips after that time.

To submit written public comments by email, please send your name, the agenda item you are commenting on, and your comments to publiccomments@ontarioca.gov. The public comment submission window opens at the time the agenda is published and remains open until 4:00 p.m. on the day of the meeting. All comments received during this timeframe will be forwarded to the City Council for consideration before action is taken on the matter and will be entered into the record.

Speakers will be alerted when they have 1 minute remaining and when their time is up. Speakers are then to return to their seats and no further comments will be permitted.

In accordance with State Law, remarks during public comment are to be limited to subjects within Council's jurisdiction. Remarks on other agenda items will be limited to those items.

Remarks from those seated or standing in the back of the chamber will not permitted. All those wishing to speak including Council and Staff need to be recognized by the Chair before speaking.

ACCOMMODATIONS

If you need special assistance or accommodations to participate in this meeting, please contact the City Clerk's office at 909-395-2009. Notification of 48 hours prior to the meeting will help the City make reasonable arrangements. Equipment for the hearing impaired is available in the Records Management Office.

ORDER OF BUSINESS

The regular City Council and Housing Authority meeting begins with Closed Session and Closed Session Comment at 6:00 p.m., Public Comment at 6:30 p.m. immediately followed by the Regular Meeting and Public Hearings. No agenda item will be introduced for consideration after 10:00 p.m. except by majority vote of the City Council.

CALL TO ORDER *(OPEN SESSION)*

ROLL CALL

Wapner, Bowman, Porada, Macias, Mayor/Chairman Leon

INFORMATION RELATIVE TO POSSIBLE CONFLICT OF INTEREST

Agenda item contractors, subcontractors and agents may require member abstentions due to conflict of interests and financial interests. Council Member abstentions shall be stated under this item for recordation on the appropriate item.

CLOSED SESSION PUBLIC COMMENT

The Closed Session Public Comment portion of the Council/Housing Authority meeting is limited to matters appearing on the Closed Session. Additional opportunities for further Public Comment will be given during and at the end of the meeting.

CLOSED SESSION

REPORT ON CLOSED SESSION

City Attorney

PUBLIC COMMENTS 6:30 P.M.

The Public Comment portion of the Council/Housing Authority meeting is limited to 30 minutes. An opportunity for further Public Comment may be given at the end of the meeting. Under provisions of the Brown Act, Council is prohibited from taking action on oral requests. As previously noted -- if you wish to address the Council, fill out one of the blue slips at the rear of the chambers and give it to the City Clerk.

To submit written public comments by email, please send your name, the agenda item you are commenting on, and your comments to publiccomments@ontarioca.gov. The public comment submission window opens at the time the agenda is published and remains open until 4:00 p.m. on the day of the meeting. All comments received during this timeframe will be forwarded to the City Council for consideration before action is taken on the matter and will be entered into the record.

AGENDA REVIEW/ANNOUNCEMENTS

The City Manager will go over all updated materials and correspondence received after the Agenda was distributed to ensure Council Members have received them. He will also make any necessary recommendations regarding Agenda modifications or announcements regarding Agenda items to be considered.

CONSENT CALENDAR

All matters listed under CONSENT CALENDAR will be enacted by one motion in the form listed below – there will be no separate discussion on these items prior to the time Council votes on them, unless a member of the Council requests a specific item be removed from the Consent Calendar for a separate vote.

---

1. APPROVAL OF MINUTES

Minutes for the regular meetings of the City Council and Housing Authority of March 17, 2026, and approving same as on file in the Records Management Department.

ATTACHMENT: 20260317 Meeting Minutes (Not Official Until Approved).docx

Mayor Leon called upon the speaker:
Alex Lopez, spoke in favor of Item No. 10.

MOTION: Moved by Council Member Macias, seconded by Council Member Bowman and carried by a unanimous vote of 5-0, to approve the Consent Calendar as presented.

1. APPROVAL OF MINUTES

Approved minutes for the regular meetings of the City Council and Housing Authority of February 17, 2026, and approving same as on file in the Records Management Department.

2. BILLS & PAYROLL

Approved Bills February 6, 2026, through February 26, 2026, in the amount of $74,430,749.75, and Payroll January 25, 2026 through February 7, 2026, in the amount of $5,986,884.18.

3. A CONSTRUCTION CONTRACT WITH ELECNOR BELCO ELECTRIC, INC., FOR THE PEDESTRIAN HYBRID BEACON AT GROVE AVENUE AND ST. ANDREWS STREET

The City Council took the following actions:

A. Authorized the City Manager, or his designee, to execute a Construction Contract with Elecnor Belco Electric, Inc., of Chino, California, for the construction of the Pedestrian Hybrid Beacon at Grove Avenue and St. Andrews Street in the amount of $439,542 plus a 10% contingency of $43,954

for a total not-to-exceed contract amount of $483,496; and

B. Authorized the City Manager, or his designee, to execute all documents required for the completion of the project which may include, but not be limited to, agreements, assessments, easements, reduction of retention accounts, contract amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction-related activities.

4. A DESIGN SERVICES AGREEMENT WITH MICHAEL BAKER INTERNATIONAL, INC., FOR ENVIRONMENTAL AND ENGINEERING DESIGN SERVICES FOR THE STATE ROUTE 60/ EUCLID AVENUE INTERCHANGE PHASED IMPROVEMENTS PROJECT

The City Council authorized the City Manager, or his designee, to execute a Design Services Agreement with Michael Baker International, Inc., of Ontario, California, to provide environmental and engineering design services for the State Route 60/Euclid Avenue Interchange Phased Improvements Project for a total not-to-exceed contract amount of $1,799,766.

5. AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH FCG CONSULTANTS, INC., FOR CONSTRUCTION MANAGEMENT, INSPECTION, GEOTECHNICAL TESTING, AND PUBLIC OUTREACH SERVICES FOR THE SAN ANTONIO STORM DRAIN PROJECT

The City Council took the following actions:

A. Authorized the City Manager, or his designee, to execute Amendment No. 2 to the Professional Services Agreement with FCG Consultants, Inc., of Yorba Linda, California, to provide construction management, inspection, geotechnical testing, and public outreach services for the San Antonio Storm Drain Project in the amount of $1,988,250 for a total not-to-exceed contract amount of $2,588,250, and extend the contract for an additional one-year term; and

B. Authorized the City Manager, or his designee, to execute all documents required for the completion of the project which may include, but not limited to, agreements, assessments, easements, reduction of retention accounts, contract amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction-related activities.

6. A CHANGE ORDER TO THE CONSTRUCTION AGREEMENT WITH SLS PROPERTY SOLUTIONS, INC. FOR EMERGENCY ON-CALL BOARD UPS AND ABATEMENT

The City Council authorized Change Order #3 to the construction agreement with SLS Property Solutions Inc. of Santa Ana, CA for emergency board ups and abatements, extending the term of the agreement by one additional year and increasing the total not-to-exceed amount to $700,000 for the term of the agreement; and authorize the City Manager, or his designee, to execute said Agreement and future change orders within authorization limits.

7. APPROVAL TO SUBMIT ESTABLISHMENT DOCUMENTS TO CREATE THE ONTARIO COMMUNITY AND YOUTH FOUNDATION, A CALIFORNIA NONPROFIT PUBLIC BENEFIT CORPORATION

The City Council authorized the City Manager and City Attorney, or their designees, to execute and file the Articles of Incorporation and Bylaws for the Ontario Community and Youth Foundation, a nonprofit public benefit corporation, and authorize the completion, execution, and filing of all documents necessary to establish the organization as a tax-exempt entity under State and federal law.

8. AN ENCAMPMENT DELEGATED MAINTENANCE AGREEMENT BETWEEN THE STATE OF CALIFORNIA, ACTING BY AND THROUGH THE DEPARTMENT OF TRANSPORTATION AND THE CITY OF ONTARIO

The City Council authorized the City Manager or his designee to execute an Encampment Delegated Maintenance Agreement with the State of California, acting by and through the Department of Transportation (Caltrans) to specific maintenance functions.

9. AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH GEORGE HILLS COMPANY, INC. FOR THIRD-PARTY ADMINISTRATION SERVICES FOR LIABILITY CLAIMS

The City Council authorized the City Manager or his designee to execute Amendment No. 1 to the Professional Services Agreement with George Hills Company, Inc. of Rocklin, California, for third-party administration services for liability claims, extend the term by two years, and increase compensation by $371,567, for a total not-to-exceed amount of $850,315.

10. ADOPTION OF AN ORDINANCE ADDING CHAPTER 34 (FLAVORED TOBACCO; NITROUS OXIDE) TO TITLE 5 (PUBLIC WELFARE, MORALS AND CONDUCT) OF THE ONTARIO MUNICIPAL CODE, PROHIBITING THE SALE OF FLAVORED TOBACCO AND NITROUS OXIDE WITHIN THE CITY

The City Council adopted an Ordinance prohibiting the sale of flavored tobacco, oil burners, nitrous oxide, and certain kratom products within the City. Introduction and first reading took place at the regular meeting of March 3, 2026.

ORDINANCE NO. 3329 AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADDING CHAPTER 34 (FLAVORED TOBACCO; NITROUS OXIDE) TO TITLE 5 (PUBLIC WELFARE, MORALS AND CONDUCT) OF THE ONTARIO MUNICIPAL CODE, PROHIBITING THE SALE OF FLAVORED TOBACCO, NITROUS OXIDE, AND KRATOM PRODUCTS WITHIN THE CITY, AND FINDING THE ORDINANCE TO BE EXEMPT FROM CEQA.

11. PROFESSIONAL SERVICES AGREEMENT FOR FINANCIAL AUDIT AND ACCOUNTING COMPLIANCE SERVICES

The City Council authorized the City Manager or designee to execute a three year professional services agreement with the accounting firm CliftonLarsonAllen LLP of Irvine, California for $447,740 to perform annual auditing and accounting compliance services for the City of Ontario, the Ontario Housing Authority, and the Successor Agency of the former Redevelopment Agency; and authorize extension of the agreement for up to two additional years subject to City Council approved budgets. If the City chooses to extend the contract for the additional fiscal years, the total compensation shall not exceed $768,480.

12. A GOODS AND SERVICES AGREEMENT WITH RANCHO PACIFIC ELECTRIC CONSTRUCTION, INC., FOR THE ELECTRICAL SWITCH GEAR AT THE ONTARIO PROFESSIONAL BASEBALL STADIUM FLIGHT TOWER RESTAURANT PROJECT

The City Council took the following actions:

A. Authorized the City Manager, or his designee, to execute a Goods and Services Agreement with Rancho Pacific Electric Construction, Inc., of Rancho Cucamonga, California, for the procurement of electrical switch gear at the Ontario Professional Baseball Stadium Flight Tower Restaurant Project D&C25-004 in the amount of $408,900, plus a 10% contingency of $40,890, for a total not-to-exceed contract amount of $449,790; and
B. Authorized the City Manager, or his designee, to execute all documents required for the completion of the project which may include, but not limited to, agreements, easements, reduction of retention accounts, contract amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction-related activities.

13. A PURCHASE AND SALE AGREEMENT BETWEEN THE CITY OF ONTARIO AND IKEA PROPERTY INC.

The City Council approved a Purchase and Sale Agreement for the property located at 2350-2630 East Inland Empire Boulevard in the City of Ontario and authorize the City Manager to execute all other documents required for implementation of the Agreement.

PUBLIC HEARINGS

14. A PUBLIC HEARING TO CONSIDER THE ADOPTION OF AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT (FILE NO. PDA21-009) BETWEEN THE CITY OF ONTARIO AND WEST HAVEN 27, LLC.

The City Council introduced and waived further reading of an Ordinance approving a Development Agreement (File No. PDA21-009) between the City of Ontario and West Haven 27, LLC.

ORDINANCE NO. 3330 (FIRST READING) AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, RECOMMENDING CITY COUNCIL APPROVE FILE NO. PDA21-009, A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF ONTARIO AND WEST HAVEN 27, LLC TO ESTABLISH THE TERMS AND CONDITIONS ASSOCIATED WITH TENTATIVE TRACT MAP 20696 (FILE NO. Notice of public hearing was duly given and affidavits of compliance are on file in the Records Management Department. There were no written communications.

Mayor Leon opened the public hearing and inquired whether persons were present who wished to speak to the item. Hearing no one, Mayor Leon closed the public hearing and opened the item for Council discussion.

MOTION: Moved by Council Member Porada, seconded by Council Member Bowman and carried by a unanimous vote of 5-0, to introduce Ordinance No. 3331.

16. A PUBLIC HEARING TO CONSIDER CERTIFYING THE CENTERPARK SPECIFIC PLAN FINAL FOCUSED ENVIRONMENTAL IMPACT REPORT, AND TO CONSIDER APPROVAL OF THE CENTERPARK SPECIFIC PLAN (FILE NO. PSP24-002)

The City Council took the following actions:

A. Adopted a Resolution certifying the Final Focused Environmental Impact Report (State Clearinghouse No. 2025060731) prepared for the CenterPark Specific Plan (File No. PSP24-002), and adopting and approving a Mitigation Monitoring and Reporting Program, California Environmental Quality Act ("CEQA") Findings, and a Statement of Overriding Considerations.
B. Introduced and waive further reading of an Ordinance approving the CenterPark Specific Plan (File No. PSP24-002), appended to the attached Ordinance as "Attachment A", pursuant to the facts and reasons contained in the staff report and subject to the conditions of approval appended to the attached Ordinance as "Attachment B".

RESOLUTION NO. 2026-017 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT CERTIFYING THE CENTERPARK SPECIFIC PLAN FINAL FOCUSED ENVIRONMENTAL IMPACT REPORT (STATE CLEARINGHOUSE NO. 2025060731), ADOPTING CEQA FINDINGS, STATEMENTS OF OVERRIDING CONSIDERATIONS AND A MITIGATION MONITORING AND REPORTING PROGRAM FOR THE CENTERPARK SPECIFIC PLAN, LOCATED WITHIN THE SOUTHWESTERN PORTION OF THE CITY OF ONTARIO BOUNDED BY A SOUTHERN CALIFORNIA EDISON EASEMENT LOCATED APPROXIMATELY 330 FEET NORTH OF EDISON AVENUE, WALKER AVENUE ON THE EAST, EUCALYPTUS AVENUE ON THE SOUTH, CAMPUS AVENUE ON THE WEST, AND BISECTED BY EDISON AVENUE, AND MAKING FINDINGS IN SUPPORT THEREOF - APNS: 1053-301-01, -02; 1053-311-01, -02, 1053-321-01, -02, -03; 1053-331-01, -02, -03, -04; 1053-341-01, -02; 1053-351-01, -02; 1053-361-01, -02, -03; 1053-371-01, - 02; 0216-311-01,-02, -09; 0216-321-03, -08; 0216-322-03, -04, -10.

ORDINANCE NO. 3332 (FIRST READING) AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING, PURSUANT TO THE CERTIFIED FOCUSED ENVIRONMENTAL IMPACT REPORT (STATE CLEARINGHOUSE NO. 2025060731) FOR THE CENTERPARK SPECIFIC PLAN, THE CENTERPARK SPECIFIC PLAN (FILE NO. PSP24-002), TO ESTABLISH THE LAND USE DISTRICTS, DEVELOPMENT STANDARDS, DESIGN GUIDELINES, AND INFRASTRUCTURE IMPROVEMENTS FOR THE POTENTIAL DEVELOPMENT OF UP TO 4,293 RESIDENTIAL DWELLING UNITS, 115,809 SQUARE FEET OF RETAIL USES, 135,110 SQUARE FEET OF OFFICE USES, AND 68 ACRES OF OPEN SPACE (PARKLAND/NON-RECREATIONAL USES) ON

APPROXIMATELY 258 ACRES OF LAND AND MAKING FINDINGS IN SUPPORT THEREOF – APNS: 1053-301-01, -02, 1053-311-01, -02, 1053-321-01, -02, -03, 1053-331-01, -02, -03, -04, 1053-341-01, -02; 1053-351-01, -02, 1053-361-01, - 02, -03, 1053-371-01, -02, 0216-311-01, -02, -09, 0216-321-03, -08, 0216-322-03, -04, -10.

Notice of public hearing was duly given and affidavits of compliance are on file in the Records Management Department, one written communication from Mitchell M. Tsai Law Firm, in opposition.

Mayor Leon opened the public hearing and inquired whether persons were present who wished to speak to the item. Hearing no one, Mayor Leon closed the public hearing and opened the item for Council discussion.

MOTION: Moved by Council Member Porada, seconded by Council Member Bowman and carried by a unanimous vote of 5-0, to adopt Resolution No. 2026-017 and introduce Ordinance No. 3332.

ADMINISTRATIVE REPORTS/DISCUSSION/ACTION

17. JAY LITTLETON BALL PARK

The City Council reviewed corresponding reports and moved to table the item.

City Clerk Mautz announced written communications:
Judy and Jack Davis, requested restoring Jay Littleton Ball Park.
David Castro, requested restoring Jay Littleton Ball Park.
Timothy Pickett, in favor of restoring Jay Littleton Ball Park.
Matt Reese, in favor of preserving the Scout House at Jay Littleton Ball Park.
Ted Bailey, in favor of restoring Jay Littleton Ball Park.

Mayor Leon called upon the speakers:
Carlos Lora, regarding the Scout House.
Patrick Willard, spoke in favor of preserving the Scout House.
Tina Silva, requested restoration of Jay Littleton Ball Park.
Chris Robles, requested restoration of Jay Littleton Ball Park.
Melinda Boss, requested restoration of Jay Littleton Ball Park.
Rosanne Mendez, requested restoration of Jay Littleton Ball Park.
Josiah Chavez, requested restoration of Jay Littleton Ball Park.
Kevin Kizzee, requested restoration of Jay Littleton Ball Park.
Gary Littleton, requested restoration of Jay Littleton Ball Park.
Charlene Littleton, requested restoration of Jay Littleton Ball Park.
Donna Littleton Phares, spoke in favor of restoring Jay Littleton Ball Park.
Mejia family, spoke regarding the Scout House.
Richard and Noah Hernandez, spoke regarding the Scout House.
Cesar Garcia, spoke regarding the Scout House.
Frida Garcia, spoke regarding the Scout House.
Steve Salas, spoke regarding the Scout House.

Randy Bekendam, requested restoration of Jay Littleton Ball Park.
Joe Vlietstra, spoke regarding the Scout House.
Susan Kenehan, spoke regarding the Scout House.
Christine DeVries, spoke regarding the Scout House.
Steve Puttkammer, requested restoration of Jay Littleton Ball Park.

Council Member Daisy Macias left the chamber at 7:28 p.m. and returned to the dais at 7:30 p.m. Mayor Leon left the chamber at 7:33 p.m. and returned to the dais at 7:34 p.m.

Mayor Leon opened the item for Council discussion and Council discussed the item. City Manager Ochoa and City Attorney Duran offered clarification regarding the item.

MOTION: Motion made by Council Member Porada, seconded by Mayor Leon, to table the item. Motion was carried by a vote of 3-2, with Mayor pro Tem Wapner and Council Member Macias opposed.

STAFF MATTERS

City Manager Ochoa had no updates.

COUNCIL MATTERS

Council Member Porada had no comments.

Mayor pro Tem Wapner had no comments.

Council Member Macias had no comments.

Council Member Bowman had no comments.

Mayor Leon had no comments.

ADJOURNMENT

Mayor Leon adjourned the meetings of the Joint Agencies at 8:44 p.m.

Respectfully submitted,

_____
SHEILA MAUTZ, CITY CLERK/SECRETARY

APPROVED:

_____
PAUL S. LEON, MAYOR/CHAIRMAN

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Public Works Prepared By: Leonard Lui Department: Public Works Prepared By: Tricia Maruki Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Khoi Do, Bonnie Tam, Jacqueline Leon Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 3

SUBJECT: **AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH Z&K CONSULTANTS, INC., FOR CONSTRUCTION MANAGEMENT SERVICES FOR THE FOURTH STREET STORM DRAIN, WATER MAIN AND STREET IMPROVEMENTS PROJECT**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute Amendment No. 1 to the Professional Services Agreement with Z&K Consultants, Inc., of Riverside, California, to provide construction management services for the Fourth Street Storm Drain, Water Main, and Street Improvements Project in the amount of $418,750 for a total not-to-exceed contract amount of $758,126, and extend the contract through June 4, 2029.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: The recommended Amendment No. 1 to the Professional Services Agreement with Z&K Consultants, Inc., is in the amount of $158,126, increasing the total not-to-exceed contract amount from $600,000 to $758,126. The original Agreement was established as an on-call contract, of which $339,376 has been previously allocated under Task Order No. 1 for a separate project, leaving a remaining balance of $260,624. The proposed construction management services for the Fourth Street Project total $418,750. Project costs will be allocated proportionally between funding sources, with $251,250 funded by Capital Projects - Measure Q for the storm drain portion and $167,500 funded by Water Capital Funds for the water main portion. If approved, additional appropriations will be included in future quarterly budget updates to the City Council, as needed.

BACKGROUND & ANALYSIS: On June 4, 2024, the City Council approved a Professional Services Agreement with Z&K Consultants, Inc., for on-call project management services for a total not-to-

exceed contract amount of $600,000 over a three-year term.

The Fourth Street Storm Drain, Water Main, and Street Improvements Project is a master-planned facility within the General City that spans from the Cucamonga Creek Channel to El Dorado Avenue and Fifth Street. The portion of the storm drain from the channel to Corona Avenue was previously constructed by developers and as part of the I-10 widening project.

On February 4, 2026, the City received two qualified proposals from on-call consultants in response to a Task Order request for Construction Management Services for the Fourth Street Project. The proposal results are listed below:

VENDOR	LOCATION	PROPOSED FEE	PROPOSAL SCORE
FCG Consultants, Inc.	Yorba Linda, CA	$606,546	80
Z&K Consultants, Inc.	Riverside, CA	$418,750	85

A review team comprised of City staff evaluated the proposals and made recommendations based on qualifications, understanding of the City's needs, demonstrated experience with similar projects, and the criteria specified in the RFP.

After careful evaluation of the written proposals, Z&K Consultants, Inc., was determined to be the best overall qualified respondent. The firm demonstrated a broad range of expertise through the successful delivery of similar infrastructure projects for nearby municipal agencies in a timely manner. In addition, its construction management experience, collaborative approach, and familiarity with large storm drain facilities distinguished it from the other firms considered.

Staff recommends approving Amendment No. 1 to the Professional Services Agreement with Z&K Consultants, Inc., to ensure continuity of construction management and public outreach services for the duration of the construction phase of the Fourth Street Storm Drain, Water Main, and Street Improvements Project.

AMENDMENT NO. 1 TO PROFESSIONAL SERVICES AGREEMENT BETWEEN THE CITY OF ONTARIO AND Z&K CONSULTANTS, INC.

1. Parties and Date.

This Amendment No. 1 to the Agreement (as defined herein) is made and entered as of _____, by and between the City of Ontario ("City") and **Z&K Consultants, Inc.**, a California S Corporation ("Consultant"). City and Consultant sometimes individually referred to as "Party" and collectively as "Parties."

2. Recitals.

2.1 Agreement. The City and Consultant have entered into an agreement entitled "On-Call Project Management Services" dated June 4, 2024 ("Agreement").

2.2 Amendment Purpose. The City and Consultant desire to amend the Agreement to increase the compensation by **One Hundred Fifty Eight Thousand One Hundred Twenty-Six and 00/100 ($158,126.00)** for a total-not-to-exceed compensation of **Seven Hundred Fifty Eight Thousand One Hundred Twenty-Six Dollars and 00/100 ($758,126.00)**.

2.3 Amendment Authority. This Amendment No. 1 is authorized pursuant to Sections 3.2.1 of the Agreement.

3. Terms.

3.1 Amendment. Section 3.1.1, 3.1.2 and Section 3.2.1 of the Agreement is hereby amended in its entirety to read as follows:

> 3.1.1 General Scope of Services Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional construction management services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" and "A-1" attached hereto and incorporated herein by

reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term The term of this Agreement shall be from June 04, 2024 to June 04, 2029, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedule and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2.1 Compensation Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" and "C-1" attached hereto and incorporated herein by reference. The total compensation shall not exceed **Seven Hundred Fifty Eight Thousand One Hundred Twenty-Six Dollars and 00/100 ($758,126.00)** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2 Continuing Effect of Agreement. Except as amended by this Amendment No. 1, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this Amendment No. 1. From and after the date of this Amendment No. 1, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No. 1.

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 1.

3.4 Severability. If any portion of this Amendment No. 1 is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5 Integration. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

[SIGNATURES ON FOLLOWING PAGE]

1. Executive Summary

1. Executive Summary

The Fourth Street Storm Drain, Water Main, and Street Improvements Project (SM2301) is a multi-phased utility corridor reconstruction combining large-diameter storm drain installation, potable water main replacement, and full right-of-way street improvements under a single construction contract.

Z&K understands that SM2301 is a technically complex, schedule-sensitive infrastructure project requiring disciplined leadership and proactive coordination from day one.

The project integrates three separate design packages and includes deep trenching, 17 potable water tie-ins, extensive traffic control, and work adjacent to Corona Elementary School. With a 280-working-day duration and liquidated damages provisions, the project requires disciplined schedule control, early regulatory coordination, and structured stakeholder management.

Proactive Pre-Construction Strategy

Z&K will begin with a comprehensive biddability and constructability review of all Contract Documents concurrently, developing a formal Risk Register to identify technical, contractual, staging, and regulatory exposure before construction begins. Particular attention will be given to shoring assumptions, utility conflicts, consistency across the three plan sets, and phasing milestones for school-frontage work. Early coordination for Construction General Permit compliance and Linear Underground Permit (LUP) documentation will be prioritized to ensure timely WDID approval and prevent mobilization delays.

Project Snapshot

- 60” RCP Trunk Storm Drain
- 17 Potable Water Tie-Ins
- 280 Working-Day Schedule
- School-Frontage Critical Milestone
- Multi-Agency Utility Coordination
- LUP / CGP Regulatory Compliance

Construction Management Leadership

Lisa Naslund, PE, QSD/P will serve as Senior Construction Manager, QA/QC & Value Engineering Lead, and single point of responsibility for day-to-day project delivery. Crystal Fraire, PE, QSD/P will provide executive leadership and strategic oversight, ensuring alignment with City priorities and contractual objectives.

Our Construction Management approach emphasizes disciplined documentation, proactive CPM schedule oversight, coordination with City and OMUC inspection staff, and structured submittal, RFI, and change management processes to protect the City’s contractual position.

Public Outreach and Quality Assurance

Given the project’s residential setting and proximity to Corona Elementary School, Amber Garcia will lead proactive public outreach efforts, including advance notifications, coordinated water shutdown communication, and ongoing stakeholder engagement to minimize disruption.

Z&K’s geotechnical and materials testing partner, Converse Consultants, will provide certified laboratory and field testing services, including trench backfill verification, concrete and pavement testing, and timely reporting to ensure compliance with project standards.

Schedule Control and Risk Mitigation

Construction phasing and water shutdown sequencing are critical to project success. Z&K will closely review baseline and monthly CPM schedules, enforce Schedule of Values controls, and monitor long-lead submittals to minimize delay exposure.

Lisa Naslund, PE, QSD/P, will lead schedule and risk oversight through structured QA/QC review of submittals, change documentation, and compliance tracking to ensure consistency across the storm drain, water, and street improvements phases.

> SM2301 is a high-visibility, technically complex corridor reconstruction requiring disciplined leadership, precise coordination, and rigorous contract administration. Z&K is prepared to deliver focused Construction Management services that protect the City’s interests and ensure successful completion on time, within budget, and with minimal community impact.

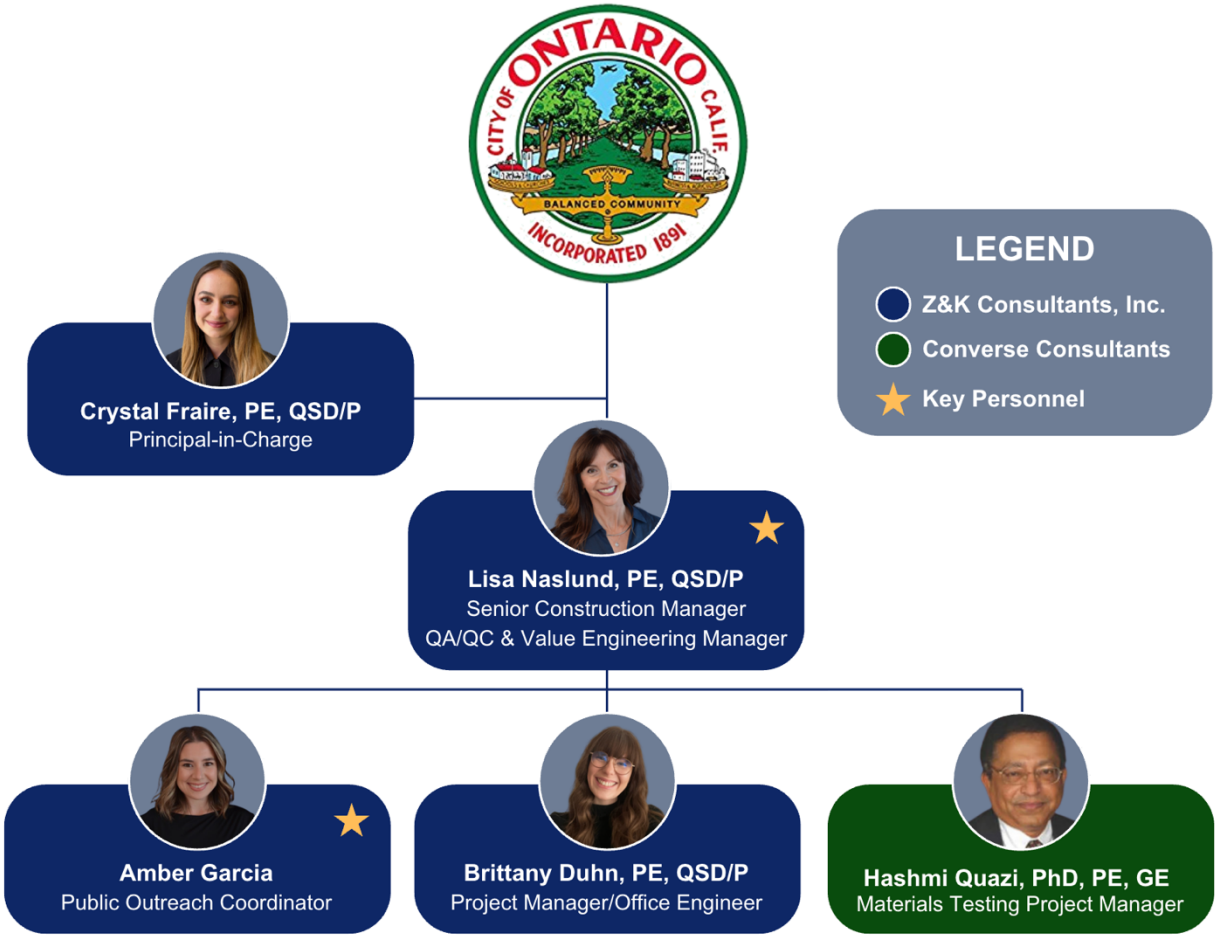
2. Staffing Resources

2. Staffing Resources

Z&K's proposed organizational structure for SM2301 establishes a clear chain of responsibility, led by a single accountable Senior Construction Manager supported by executive leadership, public outreach coordination, and integrated materials testing services.



Z&K is committed to the stability and continuity of the proposed team. The key personnel identified herein will not be replaced without prior written authorization from the City of Ontario.

Project Team Bios

Z&K has assembled a senior-level Construction Management team structured to deliver SM2301 with clear accountability, executive oversight, and disciplined quality control. The team combines experienced municipal construction leadership, structured QA/QC oversight, proactive public outreach coordination, and integrated materials testing support. Each key member has delivered complex public works infrastructure projects involving roadway, storm drain, potable water systems, regulatory compliance, and multi-agency coordination.

Lisa Naslund, PE, QSD/P, *Senior Construction Manager, QA/QC & Value Engineering Manager*

Lisa Naslund is a licensed Professional Engineer with over 25 years of experience leading municipal capital improvement projects from design through construction. Her experience spans storm drain systems, potable water improvements, roadway rehabilitation, ADA-compliant right-of-way construction, and multi-discipline utility coordination within active urban corridors. She has supported and managed projects for the Cities of Manhattan Beach involving large-diameter reinforced concrete pipe installations, deep trench construction, waterline replacement, environmental compliance, and phased corridor reconstruction.

For **Task 1 – Biddability and Constructability Review**, Lisa will serve as QA/QC and Value Engineering Lead. She will conduct a comprehensive review of the 100% Plans, Specifications, and Engineer's Estimate (PS&E), evaluating clarity, consistency, quantity accuracy, feasibility of construction, phasing constraints, and potential conflicts or omissions. She will identify value engineering opportunities, recommend optimized construction sequencing and working day allocations, and develop a structured Risk Register to strengthen contractual protections and minimize change order exposure prior to advertisement.

For **Task 2 – Construction Management, Geotechnical and Materials Testing Services**, Lisa will serve as Senior Construction Manager and single point of responsibility for project delivery. She will provide full construction contract administration in accordance with approved PS&E documents and City of Ontario standards. Her responsibilities include leading pre-construction and weekly construction meetings, monitoring CPM schedules and working day tracking, managing submittals and RFIs, evaluating and negotiating change orders, reviewing progress payments and quantity reports, coordinating utility interfaces, and integrating geotechnical and materials testing services into the overall construction schedule. She will also oversee regulatory compliance, public outreach coordination, and documentation control through project closeout.

Lisa's leadership approach emphasizes proactive risk mitigation, milestone enforcement, disciplined documentation control, and protection of the City's contractual interests. Her experience managing complex corridor-based infrastructure projects ensures that SM2301 will be delivered with structured oversight, technical consistency, and schedule discipline throughout its 280-working-day duration.

Amber Garcia, *Public Outreach Coordinator*

Amber specializes in public outreach and stakeholder coordination for infrastructure projects located within active residential communities. She has experience supporting projects requiring advance notifications, utility shutdown coordination, and structured community engagement strategies. For SM2301, Amber will lead proactive outreach efforts, including preparation and distribution of notifications, coordination of water shutdown communications, hotline monitoring, and engagement with schools and surrounding stakeholders. Her role will ensure that communication efforts are aligned with construction phasing and minimize disruption to residents and the school community.

Brittany Duhn, PE, QSD/P, *Project Manager/Office Engineer*

Brittany is a licensed Civil Engineer with experience supporting construction management on municipal infrastructure projects. Her background includes coordination of contract documentation, schedule monitoring, submittal and RFI tracking, and regulatory compliance support across multi-phase public works programs. For SM2301, Brittany will serve as PM/OE, overseeing document control, schedule integration, pay application review, and coordination between the City, Contractor, and inspection staff. Her involvement ensures accurate documentation, structured contract compliance, and disciplined project controls throughout all phases of construction.

Executive Leadership

Crystal Fraire, PE, QSD/P, *Principal-in-Charge*

Crystal provides executive leadership and corporate oversight for Z&K's municipal infrastructure programs. As Principal-in-Charge, she will ensure alignment with City priorities, maintain quality management standards, and provide strategic guidance throughout the project lifecycle to support successful delivery of SM2301.

Subconsultants

Converse Consultants (Geotechnical and Materials Testing Services) | Converse Consultants provides certified geotechnical and materials testing services for municipal infrastructure projects throughout Southern California. Services include trench backfill and compaction testing, asphalt and concrete testing, batch plant inspections, and detailed field reporting. In coordination with Z&K, Converse will integrate testing with project phasing and CPM milestones to ensure compliance with City standards and regulatory requirements.

Lisa Naslund, PE, QSD/P

Senior Construction Manager, QA/QC & Value Engineering Manager

EDUCATION
» BSCE – California State University – Long Beach

LICENSES & REGISTRATION
» Professional Engineer, P.E. State of California, #67989
» SWPPP (QSD) & (QSP) Certificate #23613
» 30-Hr. Cal OSHA
» Defensive Driving Training

Lisa Naslund is a licensed Professional Engineer with over 25 years of experience delivering municipal capital improvement projects from design through construction. Her experience includes storm drain systems, potable water improvements, roadway rehabilitation, and utility undergrounding within active urban corridors. In her QA/QC and Value Engineering role, Lisa performs comprehensive biddability and constructability reviews of Plans, Specifications, and Engineer's Estimates, identifying technical conflicts, phasing constraints, and cost-saving opportunities prior to advertisement. She has led constructability reviews and bidding efforts for complex infrastructure projects, including Manhattan Beach's $28 million 28th Street Stormwater Infiltration Project. During construction, Lisa serves as Senior Construction Manager and primary point of responsibility for project delivery. She oversees contractor performance, CPM schedule monitoring, working day tracking, submittal and RFI management, change order evaluation, progress payment review, and regulatory coordination. Her leadership emphasizes proactive risk mitigation, disciplined documentation control, and protection of agency interests to ensure successful project delivery on time and within budget.

EXPERIENCE

City of Manhattan Beach, 28th Street Stormwater Infiltration Project (*Project Manager)* | Lisa provides project management oversight for the City's $28M 28th Street Stormwater Infiltration Project, a complex coastal initiative improving stormwater capture and groundwater recharge. The project includes tapping an existing 60-inch storm drain 50 feet below grade, construction of a new pump station, installation of a stormwater distribution system, development of approximately 40 infiltration wells, and reconstruction of a beach-adjacent parking lot. She led the constructability review and public bidding process and continues to support construction-phase project management, overseeing schedule tracking, cost monitoring, environmental compliance, grant reporting, and stakeholder coordination to ensure alignment between design intent and construction execution.

City of Manhattan Beach, Stormwater Trash Capture Project (*Project/Construction Manager)* | Lisa supports project management and construction coordination for a $4M Stormwater Trash Capture Project addressing regulatory compliance and water quality improvements. The work includes installation of four full-capture devices, approximately 80 trash capture units within existing manholes, ADA curb ramp reconstruction, and roadway rehabilitation within active right-of-way corridors. She oversees schedule tracking, submittal and RFI review, contractor coordination, and public communication efforts, ensuring regulatory compliance and disciplined project controls while minimizing community disruption.

City of Manhattan Beach, Water Line Reconstruction Project (*Project/Construction Manager)* | Lisa provided project management and construction oversight for a $4M water line reconstruction project modernizing aging potable water infrastructure. The project included installation of new water mains, meters, hydrants, service laterals, trench backfill and compaction, pavement restoration, and ADA curb ramp reconstruction. She coordinated phased construction to maintain uninterrupted service, monitored contractor performance and schedule compliance, and supported change management and documentation control through successful project closeout delivered on schedule and within budget.

City of Manhattan Beach, Utility Undergrounding Project (*Project/Construction Manager*) | Lisa supports project management and construction coordination for a utility undergrounding project converting overhead electrical systems to underground infrastructure across multiple residential corridors. The work includes conduit and vault installation, coordination with Southern California Edison, connection of approximately 110 properties, pole removal, and new street lighting installation.

Amber Garcia

Public Outreach Coordinator

EDUCATION

» Bachelor of Business Administration – Long Beach State University

Amber Garcia brings experience in public outreach, stakeholder engagement, and community coordination for municipal infrastructure projects within active urban corridors. She specializes in proactive communication planning, advance notification development, and coordination between construction teams, residents, businesses, and agency stakeholders to minimize disruption and maintain public confidence throughout construction. Amber has supported roadway rehabilitation, utility replacement, and stormwater improvement projects requiring structured outreach programs, including public meeting coordination, community notices, hotline management, and direct response to resident inquiries. She works closely with construction management teams to align outreach efforts with project phasing, traffic control implementation, and scheduled service interruptions. Her approach emphasizes early communication, transparency, and issue resolution to reduce community impacts and prevent escalation of concerns. Amber ensures outreach documentation is tracked and incorporated into project reporting, reinforcing accountability and consistent stakeholder engagement from pre-construction through closeout.

EXPERIENCE

City of Pico Rivera - Water Main Replacement Project, *Public Outreach Coordinator* | Led public outreach efforts for multi-phase potable water main replacement within active residential and arterial corridors. Coordinated advance notifications for service interruptions, including water shutdowns, tie-ins, and pressure testing activities. Managed community communication related to trench excavation, traffic control implementation, and surface restoration activities. Worked closely with construction management staff to align outreach messaging with phased construction sequencing, ensuring residents and businesses were informed prior to impacts. Tracked public inquiries, coordinated response resolution with field teams, and supported documentation of outreach activities to maintain transparency and minimize disruption during service reconnections and roadway restoration.

City of Lomita - Narbonne South Water Main Replacement Project, *Public Outreach Coordinator* | Directed public communication and stakeholder coordination for replacement of aging water distribution infrastructure within a constrained urban corridor. Developed and distributed advance notices regarding service interruptions, traffic control modifications, and construction scheduling. Coordinated closely with City staff, inspection teams, and contractor representatives to address resident concerns and maintain service continuity throughout phased installation. Monitored hotline activity, documented outreach efforts, and ensured consistent communication during trenching, valve replacements, service reconnections, and surface restoration activities.

Elsinore Valley Municipal Water District (EVMWD) - Highway 74 Waterline Relocation – El Cariso Village Project, *Public Outreach & Stakeholder Coordination Lead* | Managed public outreach and stakeholder coordination for relocation of potable water transmission mains within a Caltrans-controlled mountain corridor. Coordinated advance notifications related to lane closures, traffic control modifications, and scheduled water service interruptions under limited-access conditions. Worked closely with District staff, construction management teams, Caltrans representatives, and contractor personnel to align outreach efforts with phased construction sequencing and tie-in activities. Monitored community inquiries, coordinated resolution of concerns, and ensured clear communication regarding schedule updates and service continuity throughout construction.

City of Torrance - Van Ness Water Wells Transmission Main Project, *Public Outreach & Stakeholder Coordination Lead* | Led public outreach and stakeholder coordination for installation of large-diameter potable water transmission mains connecting groundwater wells to the City's distribution system within active roadway corridors. Coordinated advance notifications regarding lane closures, construction staging, and scheduled testing and tie-in activities. Worked closely with City staff, construction management teams, and contractor personnel to align outreach messaging with phased pipeline installation, pressure testing, and chlorination activities.

Brittany Duhn, PE, QSD/P

Project Manager/Office Engineer

Education

- Bachelor of Science in Civil Engineering – Cal Poly Pomona

Registration/Certification

- Licensed Professional Civil Engineer, #C91078
- SWPPP QSD/QSP, #27609
- OSHA 30-hour Certification
- Caltrans Temporary Pedestrian Facility Training

Brittany Duhn is a licensed Civil Engineer with experience supporting construction management on municipal infrastructure projects involving storm drain, potable water, and roadway improvements. Her background includes contract documentation control, CPM schedule monitoring, submittal and RFI tracking, change management coordination, and regulatory compliance support across multi-phase capital improvement programs.

As Project Manager / Office Engineer, Brittany oversees document control systems, integrates inspection tracking with baseline CPM schedules, and supports progress payment review and quantity verification. She works closely with field inspectors, contractors, and agency staff to ensure submittals, RFIs, and change documentation are processed efficiently and in accordance with contract requirements.

Brittany's structured and detail-oriented approach reinforces schedule discipline, contract compliance, and documentation accuracy, supporting successful project delivery from pre-construction through closeout.

RELEVANT EXPERIENCE

City of Pico Rivera - Water Main Replacement Project, *Project Manager / Office Engineer* | Supported construction management activities for multi-phase potable water main replacement within residential and arterial corridors. Managed submittal and RFI tracking, coordinated document control systems, and integrated inspection documentation with baseline CPM schedule activities. Assisted with progress payment review, quantity tracking, and change documentation processing to ensure compliance with contract requirements. Coordinated closely with field inspectors and contractor personnel to support phased water service tie-ins, testing, and surface restoration while maintaining schedule alignment.

City of Manhattan Beach - 28th Street Stormwater Infiltration Project, *Project Manager / Office Engineer* | Provided document control and schedule integration support for construction of a regional stormwater diversion and infiltration system serving a 1,500-acre drainage area. Managed submittals, RFIs, and change documentation related to pretreatment systems, underground pump station components, and deep drywell installation. Assisted with progress payment verification and regulatory documentation tracking, including SWPPP compliance reporting. Coordinated with inspection staff, contractors, and agency stakeholders to maintain schedule discipline and accurate project records throughout phased construction.

Elsinore Valley Municipal Water District (EVMWD) - Highway 74 Waterline Relocation – El Cariso Village Project, *Project Manager / Office Engineer* | Supported construction management oversight for relocation and replacement of potable water transmission mains within a Caltrans-controlled corridor. Managed submittal review processes, RFI tracking, and documentation control for trench-based pipeline installation, valve and hydrant placements, and multi-point tie-ins. Assisted with schedule updates, testing documentation, and coordination of inspection records to ensure alignment with project milestones and regulatory compliance requirements.

City of Torrance - Van Ness Water Wells Transmission Main Project, *Project Manager / Office Engineer* | Supported construction activities for installation of large-diameter potable water transmission mains connecting groundwater wells to the City's distribution system. Managed submittal processing, RFI coordination, and change documentation tracking for pipeline installation, utility crossings, pressure testing, and chlorination activities. Assisted with pay application review and integration of inspection records into project documentation systems to support schedule control and quality assurance.

3. Proposed Method to Accomplish the Work

3. Proposed Method to Accomplish the Work

Z&K's proposed method to accomplish the work is structured to address the Scope of Services outlined in Exhibit "A," the goals of the City, and the technical and regulatory requirements of SM2301. Our approach integrates Task 1 constructability and biddability review with disciplined Task 2 construction management, regulatory coordination, schedule control, public outreach, and quality assurance oversight.

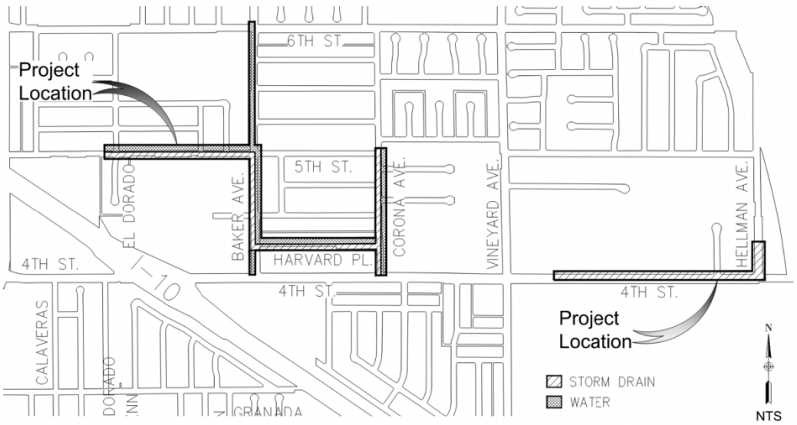
The following sections describe our technical and management approach to delivering these services in a coordinated, proactive, and accountable manner.

Project Understanding

The City of Ontario has structured SM2301 to combine potable water and storm drain infrastructure improvements into a single construction contract, followed by right-of-way street rehabilitation. This consolidated approach increases efficiency within the corridor and reduces public disruption; however, it also introduces added coordination complexity, regulatory oversight requirements, and phasing sensitivity across multiple scopes of work.

The City is requesting Task 1 services to perform a comprehensive Biddability and Constructability Review of the Bid Documents, along with three categories of services during construction (Construction Management, Geotechnical and Materials Testing Services, and Public Outreach and Coordination).

Maintaining strict adherence to varying design standards, technical specifications, and approved materials requirements across these packages will be critical to avoiding inconsistencies during construction. The multi-phased nature of the project increases the importance of compatibility between plan sets, coordinated phasing, and clear contractual language.



In addition to design integration challenges, regulatory compliance represents a key project driver. The combined SWPPP must comply with the Construction General Permit (CGP) under a Linear Underground Permit (LUP) classification. While the Technical Specifications reference a "small" LUP, official classifications fall under Risk Levels 1, 2, or 3, and confirmation of the appropriate risk level must occur prior to ground-disturbing activities. Permit Registration Documents (PRDs) are required to be submitted within 30 days of award, and a WDID number must be obtained before initiating potholing or excavation operations.

Because the City of Ontario will serve as the Legally Responsible Party (LRP) under the CGP, early permit coordination and accurate classification will be essential to prevent mobilization delays and maintain regulatory compliance throughout construction.

Overall, SM2301 presents a technically complex, schedule-sensitive infrastructure program requiring disciplined coordination across storm drain, potable water, and street improvement phases, while maintaining compliance with regulatory requirements and minimizing impacts to the surrounding community.

Constructability & Risk Register Development

As requested in Task 1 services, Z&K will perform a comprehensive Biddability and Constructability Review of the Contract Documents to identify technical, contractual, phasing, and regulatory risks prior to construction. Given that SM2301 integrates three separate plan packages prepared by multiple Engineers of Record, compatibility and clarity across all documents will be critical to reducing change orders and schedule impacts.

The project integrates three distinct design packages prepared by multiple Engineers of Record:

1. Storm Drain Improvement Plans – City of Ontario
2. Water Improvement Plans – Ardurra
3. Street Improvement Plans – City of Ontario

Comprehensive Contract Document Review

Z&K will review all Contract Documents concurrently, including storm drain, water, and street improvement plans, technical specifications, and appendices, to evaluate cross-discipline compatibility. This review will assess consistency in technical standards, approved materials requirements, phasing language, and inspection protocols. Building upon the three coordinated plan packages identified above, Z&K will evaluate cross-discipline compatibility, consistency of technical standards, and alignment of phasing language across storm drain, water, and street improvements.

> Special attention will be given to ensuring alignment between these packages and recommending clarifications within the Special Technical Provisions where tighter contractual language is warranted.

Risk Register Development

Simultaneously with the constructability review, Z&K will develop a formal Risk Register to document potential areas of exposure, including:

- Utility conflicts and potholing coordination
- Shoring and soil classification assumptions
- Water tie-in sequencing and system impacts
- Staging constraints within the right-of-way
- Traffic control integration across phases
- Regulatory permit timing
- School-frontage milestone constraints
- Approved Materials List consistency
- Bidding strategy ambiguities

This Risk Register will be used as a living management tool throughout construction to proactively mitigate schedule and claims exposure.

Shoring and Soil Classification Clarification

Section 10.3 of the geotechnical report references OSHA Class C soils. To eliminate bidding ambiguity and reduce risk, Z&K will recommend explicit contract language requiring contractors to assume CalOSHA Class C soil conditions and to provide engineered, stamped shoring designs for each applicable work area. This clarification ensures that tabular shoring methods are not improperly applied and that all deep excavation activities are supported by professionally designed systems.

Staging and Right-of-Way Constraints

The Contract Documents indicate no designated contractor staging area and restrict material storage within the right-of-way outside of specified work hours. Z&K's constructability review will evaluate staging feasibility, traffic control integration, and contractor access constraints to ensure that phasing assumptions are realistic and achievable within corridor limitations.

Utility Coordination Review

The project includes seventeen (17) potable water connections and requires coordination with Cucamonga Valley Water District (CVWD), Southern California Edison (SCE), and other franchise utilities. Constructability review will evaluate:

- Tie-in sequencing
- Inspection coordination with CVWD
- Highlining requirements
- SCE pole support requirements within five feet of trench limits
- Integration of utility coordination into the overall CPM schedule

Regulatory & Permit Coordination Strategy

Regulatory compliance is a critical driver of SM2301's schedule and risk profile. Given that the City of Ontario will serve as the Legally Responsible Party (LRP) under the Construction General Permit (CGP), early and accurate coordination of permit documentation is essential to prevent mobilization delays and maintain compliance throughout construction.

Linear Underground Permit (LUP) Compliance

The project requires compliance under a Linear Underground Permit (LUP) classification. Although the Technical Specifications reference a "small" designation, LUPs are formally categorized under Risk Levels 1, 2, or 3. Confirmation of the appropriate risk level must occur prior to submittal of Permit Registration Documents (PRDs) and prior to any ground-disturbing activities, including potholing.

Z&K will ensure that permit classification, documentation sequencing, and compliance timelines are clearly integrated into the overall project schedule.

SWPPP & PRD Coordination

The combined SWPPP must address the entire project corridor and be submitted within 30 days of award in accordance with CGP requirements. PRD documentation must be reviewed, coordinated, and submitted through the SMARTs system to obtain the WDID number prior to construction.

Z&K will incorporate the following regulatory coordination controls into the CM Plan:

- Confirmation of LUP Risk Level classification
- Tracking of PRD preparation and submittal deadlines
- Integration of WDID acquisition into Task 1 schedule milestones
- Coordination between the Contractor, City (LRP), and regulatory agencies
- Monitoring of ongoing CGP compliance documentation

Requirement	Responsible Party	Timing	Tracking Method
LUP Risk Level Confirmation	Z&K / City	Pre-PRD	CM Plan Checklist
PRD Submittal	Contractor	Within 30 Days	SMARTs Tracking Log
WDID Acquisition	City (LRP)	Prior to Ground Disturbance	CPM Milestone
CGP Reporting	Contractor	Ongoing	Monthly Report
Notice of Termination	Z&K	Closeout	Permit Checklist

Early regulatory integration will reduce the risk of delays during mobilization and potholing operations and ensure inspection readiness from the outset of construction.

Ongoing Permit Compliance

Throughout construction, Z&K will monitor compliance with:

- SWPPP implementation requirements
- Erosion control and BMP reporting
- CGP documentation updates
- Notice of Termination (NOT) requirements at project closeout

Regulatory tracking will be incorporated into monthly reporting to maintain transparency and documentation continuity.

Phasing & Schedule Control Strategy

SM2301 is a technically complex, multi-phase infrastructure project requiring disciplined phasing control, proactive CPM management, and structured milestone enforcement. Because potable water, storm drain, and roadway improvements are consolidated into a single contract, sequencing decisions directly affect schedule performance, regulatory compliance, and public disruption.

Z&K will incorporate phasing analysis into both the Task 1 Constructability Review and Task 2 Construction Management oversight to ensure compatibility between design intent and field execution.

1 **Phase 1 – Potholing, Submittals, and Regulatory Preparation |** The Contract establishes Phase 1 as potholing of existing utilities for both pipeline alignments, preparation and submission of shop drawings and material submittals, work crew scheduling, and development of SWPPP and Traffic Control Plans.

From a constructability standpoint, the following clarifications and controls are essential:

- ✓ Confirmation that WDID approval under the Linear Underground Permit (LUP) is obtained prior to any ground-disturbing activity, including potholing.
- ✓ Clarification that the 30-day PRD submittal requirement is triggered by Notice of Award.
- ✓ Explicit confirmation that LUP compliance applies to ALL potholing operations for both storm drain and water alignments.
- ✓ Verification that work crew assumptions are sufficient to meet corridor constraints and milestone deadlines.

Z&K will ensure that regulatory documentation timelines, submittal review durations, and long-lead procurement items are incorporated into the baseline CPM schedule to prevent early schedule slippage.

2 **Phase 2 – Water Improvements |** Phase 2 requires construction of potable water improvements beginning at the downstream connection and proceeding upstream, including laterals, meters, valves, appurtenances, trench backfill, compaction, and base paving.

From a constructability perspective, Z&K will evaluate whether strict downstream-to-upstream sequencing is required. Because potable water systems are pressurized, sequencing may be optimized to mitigate traffic impacts and system disruption rather than adhering strictly to gravitational flow logic. Critical considerations include:

- ✓ Coordination of seventeen (17) potable water tie-ins.
- ✓ Inspection coordination with Cucamonga Valley Water District (CVWD) for work adjacent to existing infrastructure.
- ✓ Integration of highlining requirements into the schedule.
- ✓ Ensuring SCE pole support and other franchise utility coordination are incorporated into the CPM logic.
- ✓ Incorporating tangible schedule allowances for utility coordination tasks.

Water improvements present a high risk of cumulative schedule impact due to inspection sequencing and shutdown coordination; therefore, proactive milestone tracking will be enforced.

3 **Phase 3 – Storm Drain Construction |** Phase 3 includes installation of storm drain pipe, connector pipes, manholes, junction structures, catch basins, local depressions, connector pipe screens, and associated trench backfill and compaction. Storm drain construction is expected to be a critical path component of the project.

Constructability analysis will emphasize:

- ✓ Engineered shoring design approval timelines.
- ✓ Explicit assumption of CalOSHA Class C soils.
- ✓ Requirement for engineered, stamped shoring systems (no tabular shoring).
- ✓ Integration of shoring design submittals into CPM critical path logic.
- ✓ Establishment of measurable interim milestones.

Additionally, work adjacent to Corona Elementary School must be completed between June 1 and August 7, 2026. Z&K recommends formalizing this requirement into defined milestone language and developing a focused mini-schedule outlining week-by-week activities during the nine-week window. This approach reduces the risk of milestone failure and associated schedule impacts.

Public outreach coordination will be integrated into this phase to minimize disruption to nearby schools and places of worship.

4 **Phase 4 – Video Inspection |** The Contract requires video inspection of the storm drain system following installation.

From a constructability standpoint, Z&K recommends:

- ✓ Defining sag tolerances and non-acceptance thresholds within the Contract Documents.
- ✓ Performing progressive inspection during installation where feasible to identify deficiencies early.
- ✓ Aligning inspection timing with schedule logic to avoid rework delays late in the project.

Clear inspection criteria reduce ambiguity and mitigate downstream disputes.

5 **Phase 5 – Street Improvements |** The final phase includes curb and gutter replacement, ADA ramp installation, APS push button installation, sidewalk and driveway replacement, asphalt grinding, ARHM overlay, striping, signage, and utility adjustments.

Constructability review will focus on:

- ✓ Clarifying demolition basis (including leveling course areas).
- ✓ Confirming alignment with Appendices A - L.
- ✓ Ensuring traffic control plans are seamlessly merged across all phases.
- ✓ Confirming that final paving and striping activities are sequenced to minimize remobilization.

Because street improvements close the project corridor, sequencing and inspection timing must be carefully integrated with final punchlist and acceptance milestones.

CPM Oversight and Schedule Controls

Across all phases, Z&K will implement disciplined CPM oversight including:

- Baseline schedule review prior to approval.
- Enforcement of logical sequencing for regulatory approvals and utility coordination.
- Monthly CPM review tied to progress payments.
- Integration of three-week look-ahead schedules into bi-weekly progress meetings.
- Monitoring of long-lead procurement and substitution reviews.
- Early identification of schedule variance trends.

Construction Administration & Contract Controls

Z&K's Construction Administration and Contract Controls approach ensures disciplined oversight, proactive issue resolution, and protection of the City's contractual interests. This framework integrates schedule management, submittal and RFI tracking, payment verification, and documentation control to maintain compliance, minimize risk, and support on-time project delivery.

Progress Meetings & Communication | Z&K's Construction Administration approach emphasizes disciplined documentation and proactive communication. Lisa Naslund, PE, QSD/P will serve as the primary point of contact and oversee all construction administration activities. Bi-weekly progress meetings will review the three-week look-ahead schedule, submittal and RFI status, change orders, safety compliance, and utility coordination, with weekly summaries issued to maintain alignment and early issue identification.

Submittal & RFI Management | Z&K will implement structured submittal tracking beginning with development of a comprehensive log that includes both technical and non-technical requirements. Material submittals and RFIs will receive initial review to confirm consistency with the Contract Documents and timely response. Submittal timelines will be integrated into the CPM schedule to prevent review-related delays and maintain schedule discipline.

CPM Schedule Oversight | Z&K will conduct a detailed review of the Contractor's baseline CPM schedule prior to approval to ensure logical sequencing of regulatory approvals, utility coordination activities, and long-lead procurement items. Monthly CPM schedule updates will be reviewed in conjunction with progress payment applications to confirm schedule performance and identify variance trends. Three-week look-ahead schedules will be incorporated into progress meetings to maintain short-term visibility and proactive field coordination.

"Z&K will provide City and OMUC inspectors with a cross-referenced list of CPM schedule activities and associated activity numbers, ensuring that every field activity is directly tied to the baseline schedule for real-time tracking and accountability."

Schedule of Values & Payment Controls | The Schedule of Values will be reviewed and approved to prevent front-end loading and unbalanced bid breakdowns. Lump sum items will be structured to avoid carryover across multiple payment periods. Monthly pay applications will be verified against field documentation to confirm that only completed work is invoiced. Materials on site will not be recommended for payment without prior authorization from the City.

Substitutions & Approved Equals | Z&K will establish a structured protocol for evaluating Requests for Substitutions and Approved Equals, particularly for long-lead equipment. Substitution requests will be reviewed against specified standards and documented with clear reference to Contract requirements. Requests submitted outside contractual timeframes will not be considered. Early identification of long-lead items will be emphasized to prevent schedule impacts.

Claims Avoidance & Contract Enforcement | Z&K's claims management approach is rooted in proactive contract administration and documentation discipline. No out-of-scope work will proceed without prior written authorization. Potential claims will be evaluated based on entitlement, causation, and documented damages prior to recommendation for time or cost adjustment. All correspondence will be tracked to maintain enforceability of Contract provisions and prevent waiver exposure.

Web-Based Project Management & Documentation Control | Z&K will administer the project using a structured web-based project management platform, such as CIPO, configured to mirror the City's document organization framework. The system will track RFIs, submittals, change documentation, permit compliance records, and schedule integration while supporting preparation of monthly progress reports. This structured documentation framework ensures transparency, accountability, and defensible contract administration throughout construction.

Quality Assurance & Quality Control (QA/QC)

Z&K's Quality Assurance and Quality Control program is structured to ensure compliance with Contract Documents, technical standards, and regulatory requirements across all phases of SM2301. Given the integration of storm drain, potable water, and roadway improvements under a single contract, structured QA/QC oversight is critical to maintaining consistency and preventing downstream rework or claims exposure.

QA/QC Framework | Z&K follows a QA/QC protocol consistent with CMAA best practices for Certified Construction Managers. A comprehensive CM Plan will be developed at project initiation to integrate contract requirements, inspection standards, regulatory compliance tracking, and documentation controls into a coordinated management framework.

The CM Plan will align with the City of Ontario and OMUC inspection guidelines and establish clear procedures for document control, schedule integration, and quality tracking.

Submittal & RFI Quality Controls | QA/QC oversight will include structured review of submittals and RFIs to ensure that responses are consistent with Contract requirements and clearly identify cost implications when applicable. Particular attention will be given to ensuring that RFI responses include clarification regarding cost neutrality or potential cost impact, reducing ambiguity and minimizing change order disputes.

Schedule-Integrated QA Oversight | QA/QC tracking will be aligned with CPM schedule activities to ensure that inspection, testing, and documentation remain synchronized with construction progress. Activity codes will be coordinated with inspection staff so that each work element is traceable within the schedule and documented appropriately.

Compliance & Documentation Control | Z&K will maintain structured tracking of permit compliance, safety documentation, certified payroll requirements, and contract submittals. QA/QC procedures will ensure that documentation remains current, organized, and defensible throughout construction.

This structured QA/QC oversight reinforces disciplined contract administration, reduces exposure to claims, and supports successful project delivery.

Public Outreach & Stakeholder Coordination

SM2301 is located within an active residential corridor and adjacent to Corona Elementary School, requiring structured communication and proactive coordination to minimize disruption and maintain public confidence. Z&K recognizes that effective outreach is integral to schedule performance and risk mitigation, particularly during potable water shutdowns, deep excavation activities, and school-frontage work.

Outreach Leadership & Integration | Amber Garcia will lead public outreach efforts in coordination with the Senior Construction Manager to ensure communication strategies align with project phasing and construction milestones. Outreach will be integrated into weekly progress reviews and schedule discussions to anticipate community impacts prior to field implementation.

Advance Notification & Shutdown Coordination | Advance notifications will be prepared and distributed prior to major construction activities, including water service interruptions, traffic control shifts, and utility tie-ins. Shutdown coordination will be closely aligned with schedule milestones to ensure residents and stakeholders receive timely and accurate information.

Stakeholder Coordination | Outreach efforts will include coordination with schools, nearby places of worship, and affected businesses within the corridor. A 24-hour hotline will be monitored to receive and track community concerns, and responses will be coordinated with the CM team to ensure prompt resolution.

Reporting & Documentation | Public outreach activities will be incorporated into weekly summaries and monthly progress reports to maintain transparency and documentation continuity. Integration of outreach tracking with construction phasing reduces reactive communication and supports proactive issue resolution.

Geotechnical & Materials Testing Integration

Geotechnical and materials testing services are integral to maintaining construction quality, regulatory compliance, and long-term infrastructure performance. Z&K will coordinate closely with Converse Consultants to ensure testing activities are fully integrated into the construction schedule and inspection process.

Testing Program Oversight | Testing activities will be aligned with the Contractor's CPM schedule to ensure trench backfill, pipe bedding, subgrade preparation, and pavement placement are verified in real time. This integration prevents rework, supports inspection acceptance, and reduces schedule risk associated with failed tests or delayed reporting.

Field and Laboratory Services | Converse Consultants will perform certified laboratory and field testing in accordance with project specifications and applicable public agency standards. Services will include trench backfill and compaction verification, in-place density testing of subgrade and base materials, asphalt and ARHM testing, compressive strength testing of cast-in-place and precast concrete, and batch plant inspections. Testing documentation will be prepared in clear, concise daily field reports and laboratory summaries to ensure timely review and approval.

Non-Compliance Response | In the event of out-of-compliance results, Z&K will coordinate immediate corrective action with the Contractor and inspection staff. Recommendations will be documented, tracked, and incorporated into the CM reporting system to ensure resolution prior to advancement of dependent activities.

Post-Construction & Closeout Strategy

Z&K recognizes that a structured and disciplined closeout process is critical to delivering a fully complete, compliant, and defensible project. Our objective during closeout is to ensure that all contractual, regulatory, financial, and documentation requirements are satisfied prior to final acceptance.

Punchlist & Substantial Completion | Z&K will coordinate substantial completion inspections with the City, OMUC, and relevant stakeholders to develop and track a comprehensive punchlist. All corrective work will be documented and monitored to ensure completion prior to final acceptance. Interim milestones associated with phased improvements will be confirmed prior to progression into final closeout activities.

Contractual & Financial Reconciliation | The CM Team will manage final reconciliation of quantities, review the Final Reconciliation Change Order, confirm retention release requirements, and coordinate preparation of the final pay application. Z&K will ensure that all lien releases, warranties, guarantees, and subcontractor closeout documentation are received and properly filed prior to recommendation of final payment.

Regulatory & Permit Closeout | Z&K will coordinate completion of all regulatory documentation, including Construction General Permit requirements and Notice of Termination (NOT) under the LUP WDID. Permit closeout documentation will be incorporated into the project record and verified prior to final acceptance.

Documentation & Record Deliverables | The CM Team will confirm receipt and organization of final record drawings, Operations & Maintenance (O&M) manuals, spare parts documentation, warranty information, training materials, and any specialized equipment documentation. Final documentation will be provided in both electronic and hard copy format to ensure long-term accessibility.

Lessons Learned & Quality Review | As part of project closeout, Z&K will prepare a Lessons Learned memorandum to document key coordination, schedule, and constructability insights that may inform future City projects. This structured review reinforces continuous improvement and quality assurance practices.

Through disciplined closeout management, Z&K ensures that SM2301 transitions from construction to operations without outstanding regulatory, contractual, or documentation deficiencies.

Project Schedule for CM Services

Z&K's Construction Management services are structured to align with the City's Overall Project Schedule, which extends from contract award in March 2026 through final closeout in March 2028.

Phase 1 – Pre-Construction & Constructability Review | March 16, 2026 – April 10, 2026 (4 Weeks)

Phase 1 services include Biddability/Constructability Review, Value Engineering analysis, phasing review, and incorporation of recommended revisions into the Contract Documents through addendum. During this period, Z&K will also coordinate Permit Registration Documents (PRDs) to secure the WDID number within the required 30-day window.

Phase 2 – Construction Phase (280 Working Days) | July 13, 2026 – May 28, 2027

The Construction Phase includes Pre-Construction Services, mobilization, and full Construction Management, Geotechnical Testing, and Public Outreach oversight throughout the 280 working-day construction duration. Services include:

- Construction Management (estimated 1,400 hours)
- Geotechnical and Materials Testing (estimated 1,800 hours)
- Public Outreach and Coordination (estimated 450 hours)

All regulatory milestones, including WDID acquisition prior to ground disturbance and LUP compliance monitoring, are integrated into the baseline CPM schedule.

Phase 3 – Post-Construction & Closeout | May 31, 2027 – March 17, 2028

Post-construction services include punchlist tracking, final reconciliation change order, Close WDID/NOI documentation (2 weeks), Notice of Completion processing, warranty documentation review, and final project closeout activities.

Preliminary Schedule

CONSTRUCTION MANAGEMENT, GEOTECHNICAL AND MATERIAL TESTING

SERVICES, AND PUBLIC OUTREACH AND COORDINATION SERVICES FOR THE FOURTH STREET STORM DRAIN, WATERMAIN, AND STREET IMPROVEMENTS PROJECT (SM2301)

Overall Project Schedule

ID	Task Name	Working Days	Start	Finish
1	**Administration and General Project Milestones**	**12.6 wks**	**Thu 3/5/26**	**Mon 6/1/26**
2	CM & Inspection Contract Award Notification	0 days	Thu 3/5/26	Thu 3/5/26

5. Other Information

5. Other Information

Z&K has successfully delivered complex municipal infrastructure projects involving large-diameter storm drain systems, potable water improvements, and right-of-way rehabilitation under constrained urban conditions. The following featured projects are most comparable to SM2301 in scope, complexity, and construction duration.

STORM DRAIN EXPERIENCE

City of Manhattan Beach, 28th Street Stormwater Infiltration Project ($28M)

The 28th Street Stormwater Infiltration Project is a regionally significant stormwater quality improvement project developed under the Beach Cities Watershed Management Program (WMP). The project was designed to intercept and divert urban runoff from a 1,500-acre drainage area before discharge into Santa Monica Bay.

The system diverts up to 0.8 inches of rainfall, typically the most pollutant-laden, from the 28th Street storm drain into a pretreatment system where trash and sediment are removed. Treated water is then conveyed through an underground pumping system to approximately 40 deep drywells for groundwater infiltration. Improvements also included a diversion structure within an LACFCD facility, installation of motorized gates and actuators, pretreatment facilities, underground pump station components, infiltration wells approximately 30 feet deep, and surface restoration at the 26th Street Parking Facility.

Construction required extensive traffic control within a dense coastal corridor, utility coordination, dewatering, SWPPP implementation, environmental compliance monitoring, and coordination with Los Angeles County Flood Control District and multiple partner agencies.

Regulatory & Environmental Coordination: The project required compliance with the Construction General Permit, implementation of a Mitigated Negative Declaration (CEQA), mitigation monitoring and reporting requirements, coastal development permitting, and strict NPDES stormwater controls. Given the project's proximity to the ocean and public beach areas, environmental protection measures and public communication were critical to successful delivery.

Construction was phased under multiple Notices to Proceed (NTP 1 and NTP 2), incorporating drywell pilot drilling, material procurement, utility verification, and full-scale construction sequencing.

Relevance to SM2301: This project is highly comparable to SM2301 in the following ways:

- ✓ Large-scale stormwater infrastructure within an active urban corridor
- ✓ Multi-agency coordination (City, County Flood Control, regulatory agencies)
- ✓ Strict SWPPP and CGP compliance requirements
- ✓ Phased construction sequencing tied to permit milestones
- ✓ Deep excavation and subsurface infiltration systems
- ✓ High public visibility and community engagement requirements
- ✓ Structured constructability review and value engineering integration
- ✓ Extended construction duration (approximately 18 months)

> Z&K's management of regulatory coordination, phased construction, public interface control, and schedule oversight on this $28 million project demonstrates our capability to deliver complex, schedule-sensitive infrastructure programs comparable in scale and technical complexity to SM2301.

City of Manhattan Beach, Stormwater Trash Capture Project

This $4 million stormwater quality improvement project implements State-mandated trash reduction measures through installation of four large full-capture devices and approximately 80 additional trash capture units within existing manholes across multiple active roadway corridors. The project also includes ADA-compliant curb ramp reconstruction and associated pavement rehabilitation to restore disturbed right-of-way areas. Construction occurs within constrained urban corridors requiring careful traffic control planning and coordination.

Services provided include project management and construction coordination, schedule tracking, contractor coordination, submittal and RFI review, documentation control, and public outreach support. Regulatory compliance monitoring and coordination with City staff ensure that implementation meets stormwater mandates while minimizing disruption to residents and maintaining progress within established milestones.

Relevance to SM2301: The project demonstrates experience implementing stormwater infrastructure improvements within active right-of-way corridors, managing regulatory compliance, integrating public outreach, and coordinating phased construction, key elements of SM2301's storm drain and corridor rehabilitation components.

City of Chino, Russell Avenue Storm Drain Project

This Capital Improvement Project included installation of over 2,100 linear feet of reinforced concrete pipe (24"–66"), construction of 13 cast-in-place storm drain structures, and installation of nine utility crossing support structures within an active roadway corridor. The project required relocation of an existing asbestos cement water main, full trench restoration, and placement of approximately 108,000 square feet of slurry seal. Traffic signal loop replacement and multi-agency coordination were also required.

Relevance to SM2301: This project closely mirrors SM2301's large-diameter storm drain installation, deep trench excavation, multi-utility coordination, and phased roadway rehabilitation. Z&K managed schedule control, regulatory compliance, and field coordination to minimize disruption while maintaining budget and milestone performance.

City of Chino, Storm Drain & Public Improvements for Industrial Development

This large-scale infrastructure project included installation of over 4,500 LF of storm drain pipe (18"–108" RCP and HDPE), construction of 26 reinforced storm drain structures, 2,300 LF of potable water main (4"–12" PVC and CML&C), 1,600 LF of recycled water main, sanitary sewer installation, lift station construction, and full roadway improvements. The project required coordination across multiple utilities and agencies within an active development environment.

Relevance to SM2301: The integration of storm drain, potable water, and street improvements under a single construction contract closely parallels SM2301. The project required structured phasing, coordination of multiple underground systems, and disciplined contract administration to maintain schedule control.

City of Norco, Temescal Avenue Storm Drain Project

This Capital Improvement Project addressed chronic flooding along Temescal Avenue through installation of approximately 2,600 linear feet of 48-inch reinforced concrete pipe, construction of five new catch basins, curb and gutter reconstruction, and full roadway rehabilitation. The work required deep trench excavation within an active arterial corridor, phased construction sequencing, trench backfill and compaction, and restoration of pavement and concrete improvements. The project also required coordination with the Riverside County Flood Control Channel, implementation of comprehensive traffic control measures, and careful management of stormwater conveyance during construction.

Relevance to SM2301: The installation of large-diameter storm drain infrastructure within an active roadway corridor and coordination with regional flood control agencies directly aligns with SM2301's storm drain component and regulatory complexity.

WATERLINE EXPERIENCE

City of Pico Rivera, Water Main Replacement Project ($5.5M)

This Capital Improvement Program included removal and replacement of aging water distribution infrastructure throughout active residential and arterial corridors. The scope consisted of installation of new PVC and ductile iron water mains, gate valves, fire hydrant assemblies, service laterals, and multi-point tie-ins to the existing distribution system. Construction activities included trench excavation, shoring, pipe bedding, backfill and compaction, pressure testing, chlorination and disinfection, service reconnections, abandonment of existing pipelines, and full surface restoration including asphalt pavement replacement, curb and gutter reconstruction, and traffic striping.

The project required phased construction sequencing to maintain continuous potable water service to residents and businesses. Work was performed under active traffic conditions with comprehensive traffic control plans and close coordination with City staff, inspectors, and utility providers. Z&K managed submittal review, RFIs, change documentation, SWPPP compliance, testing coordination, and final project closeout documentation.

Relevance to SM2301: This project closely aligns with SM2301's potable water improvements, including multi-point tie-ins, trench-based water main installation, traffic control coordination within active corridors, and maintaining uninterrupted water service during construction. Z&K's experience sequencing water system shutdowns, coordinating testing and disinfection, and integrating waterline replacement with roadway restoration directly supports the successful delivery of SM2301's water main replacement component.

City of Manhattan Beach, Water Line Reconstruction Project

This $4 million capital improvement project modernized aging potable water infrastructure within residential neighborhoods and collector streets. The scope included installation of new water mains, replacement of meters and service laterals, installation of fire hydrants and valves, trench excavation and compaction, pavement restoration, and reconstruction of ADA-compliant curb ramps. The work required phased sequencing to maintain uninterrupted water service and coordinated shutdowns within active public corridors.

Services provided included project management and construction oversight support, schedule monitoring, contractor coordination, documentation review, change management support, and stakeholder communication. Coordination with inspection staff and utility providers ensured compliance with specifications and regulatory requirements while maintaining service continuity and public safety.

Relevance to SM2301: The phased installation of potable water mains within an active right-of-way, including service tie-ins, trench sequencing, and roadway restoration, directly aligns with SM2301's water main improvements and corridor-based construction requirements.

City of Manhattan Beach, Utility Undergrounding Project

This multi-phase utility undergrounding project involves conversion of overhead electrical infrastructure to underground systems across several residential corridors. The work includes installation of underground conduits and vault systems, coordination with Southern California Edison, connection of approximately 110 residential properties, removal of existing utility poles, installation of new street lighting systems, and restoration of disturbed right-of-way areas. The project requires disciplined phasing, close coordination with utility agencies, and careful sequencing within constrained public streets.

Services provided include project management and construction coordination, schedule tracking, contractor oversight support, documentation management, stakeholder communication, and coordination of phased utility cutovers to ensure safe and compliant implementation.

Relevance to SM2301: This project demonstrates experience coordinating multiple utility stakeholders, managing phased construction within active corridors, and integrating infrastructure improvements with public communication, directly supporting SM2301's multi-utility coordination and corridor management requirements.

City of Ontario, Downtown Water Main Improvements

This project involved removal and replacement of aging potable water mains within the City of Ontario's downtown corridor in accordance with City technical specifications. Improvements included installation of new PVC and ductile iron water mains, gate valves, fire hydrant assemblies, service laterals, pressure testing, chlorination and disinfection, trench excavation and shoring, backfill and compaction, and full asphalt and concrete surface restoration. Construction was performed under active traffic control conditions in a high-visibility, heavily trafficked urban environment requiring careful sequencing and coordination with adjacent businesses and utilities.

Relevance to SM2301: This project directly aligns with SM2301's potable water improvements, including phased water main replacement, multi-point tie-ins, trench safety compliance, traffic control coordination, and maintaining uninterrupted service within an active corridor. Experience delivering water infrastructure improvements under Ontario's standards and specifications further strengthens relevance to the current project.

City of Chino, Russell Avenue Water Line Replacement Project

This project included removal of an aging water main and installation of new PVC waterline, gate valves, fire hydrant assemblies, and service laterals along Russell Avenue. Construction involved trench excavation, backfill and compaction, service reconnections, abandonment of existing infrastructure, and full roadway restoration under active traffic conditions.

Relevance to SM2301: The phased replacement of water distribution infrastructure within an active corridor and coordination of service reconnections and traffic control directly align with SM2301's potable water improvements and corridor-based construction sequencing.

Elsinore Valley Municipal Water District (EVMWD), Highway 74 Waterline Relocation Project

This project involved relocation and replacement of potable water transmission mains within a Caltrans-controlled mountain corridor under limited access conditions. Work included trench-based pipeline installation, valve and hydrant placement, multi-point tie-ins, pressure testing, traffic control coordination, and environmental compliance monitoring. Construction required coordination with Caltrans, District staff, inspectors, and utility providers to ensure safe sequencing, trench safety compliance, and uninterrupted water service during relocation activities.

Relevance to SM2301: The project demonstrates Z&K's experience managing waterline relocation in constrained corridors under agency oversight, comparable to SM2301's coordination requirements and schedule-sensitive utility installation.

City of Lomita, Narbonne South Water Main Replacement Project

This project replaced aging water distribution infrastructure within an active urban corridor with significant traffic and utility constraints. Improvements included trench excavation, installation of new water mains and appurtenances, service reconnections, valve replacements, surface restoration, and coordination with multiple utilities and City inspection staff. Construction was performed under structured traffic control plans and required disciplined schedule oversight to maintain service continuity.

Relevance to SM2301: The combination of water main replacement, traffic control coordination, and integration with roadway restoration directly aligns with SM2301's waterline improvements within a constrained right-of-way.

City of Torrance, Van Ness Water Wells Transmission Main Project

This project included installation of large-diameter potable water transmission mains connecting multiple groundwater wells to the City's distribution system. Work involved trench excavation, utility crossings, pressure testing, chlorination and disinfection, valve installations, and full roadway restoration within active traffic corridors. Construction required coordination with City departments and utility owners, structured documentation control, and integration of testing and inspection activities into the project schedule.

Relevance to SM2301: The installation of transmission mains within active corridors and coordination of testing and tie-ins parallels SM2301's potable water improvements and schedule-sensitive construction requirements.

STREET EXPERIENCE

City of Carson, Citywide Pavement Rehabilitation & Slurry Seal Program

Z&K provided comprehensive Construction Management and Inspection Services for the City of Carson's multi-year Citywide Pavement Rehabilitation and Slurry Seal Program. The $10 million program included cold milling and asphalt rubber hot mix (ARHM) overlay, full-depth base repairs, slurry seal application, and localized pavement reconstruction across residential and arterial corridors. Improvements also included ADA-compliant curb ramps, sidewalk and driveway reconstruction, adjustment of manholes and utility covers to new grades, replacement of traffic detector loops, and installation of striping and pavement markings.

Relevance to SM2301: The integration of ARHM overlay, ADA upgrades, utility adjustments, and corridor-based pavement rehabilitation directly aligns with SM2301's street improvement component following storm drain and waterline installation.

City of Downey, Woodruff Avenue Pavement Rehabilitation Project

This corridor-level pavement rehabilitation project included cold milling, full-depth asphalt concrete base repairs, installation of ARHM overlay, and extensive ADA-compliant curb ramp upgrades along a major arterial roadway. The scope included removal and replacement of curbs, gutters, sidewalks, and driveway approaches, adjustment of utility structures to final grade, traffic signal detector loop installation, thermoplastic striping, and fiber optic conduit placement for ITS infrastructure. Z&K provided construction management oversight, schedule monitoring, contractor coordination, pay application review, and quality control documentation.

City of Jurupa Valley, Market Street Pavement Rehabilitation Project (CIP 19108)

The Market Street Pavement Rehabilitation Project improved a major arterial corridor through cold milling, full-depth asphalt concrete base repairs, and installation of new asphalt concrete overlay. Additional work included ADA curb ramp replacement, sidewalk reconstruction, cross-gutter improvements, adjustment of manhole and utility covers, installation of traffic signal detector loops, and restriping with new pavement markings. Construction required coordination within an active right-of-way and compliance with City and Caltrans accessibility standards.

Demonstrated Performance – On Time & Within Budget

Across the referenced projects, Z&K has consistently delivered construction management services that maintain schedule discipline and cost control. Through structured CPM oversight, milestone enforcement, proactive utility coordination, and early regulatory compliance integration, Z&K has supported completion of multi-million-dollar storm drain, waterline, and corridor rehabilitation projects within established contract durations and approved budgets. Change order exposure has been minimized through comprehensive constructability review, disciplined entitlement evaluation, and clear documentation of scope modifications. This performance record demonstrates Z&K's ability to manage complex, schedule-sensitive infrastructure programs comparable to SM2301 while protecting municipal funding and contractual objectives.

Assumptions

For purposes of this proposal, Z&K assumes:

- ✓ Construction duration remains consistent with the City's published 280 working-day schedule.
- ✓ The City will serve as the Legally Responsible Party (LRP) under the Construction General Permit.
- ✓ Utility agency review timelines will align with standard response durations.
- ✓ Contractor submittals and testing coordination will follow timelines established in the Contract Documents.
- ✓ No unforeseen subsurface conditions materially alter the baseline scope.

Should these assumptions materially change, Z&K will coordinate with the City to adjust staffing and schedule integration accordingly.

Appendix A. Converse Consultants Rates

Compensation for laboratory testing services will be made in accordance with this fee schedule which includes test report(s) and engineering time. Costs of tests not on this schedule will be by quote and/or in accordance with our current hourly fee schedule. The rates are based on non-contaminated soil. A surcharge will be charged for handling contaminated material, which will be determined based on the project. This fee schedule is valid through December 31, 2025.

IDENTIFICATION AND INDEX PROPERTIES TESTS

Visual Classification, ASTM D2488	15.00
Engineering Classification, ASTM D2487	20.00
Moisture Content and Dry (bulk) Density,	
ASTM D2216 and D2937	20.00
Moisture Content, ASTM D2216	15.00
Shrinkage Limit, ASTM D4943	85.00
Atterberg Limits, ASTM D4318	
Several points	150.00
One Point	50.00
Particle Size Analysis, ASTM D6913	
Fine Sieve, from +#200 to #4	100.00
Coarse and Fine Sieve, from #200 to 3 in	180.00
Hydrometer	120.00
Percent Passing #200 Sieve, ASTM D1140	80.00
Specific Gravity	
Fine, passing #4 sieve, ASTM D854	90.00
Coarse, retained on #4 sieve, ASTM C127	90.00
Sand Equivalent Test, ASTM D2419	110.00
Double Hydrometer Dispersion, ASTM D4221	150.00

COMPACTION AND BEARING STRENGTH

Standard Proctor Compaction, ASTM D698 or ASTM D1557	
Method A or B	200.00
Method C, 6" mold	200.00
California Impact Method, Caltrans 216	200.00
R-value, ASTM D2844 and CTM301	250.00
California Bearing Ratio (CBR), ASTM D1883	
1 Point	530.00
3 Points	750.00
Relative Density	
0.1 Cubic Foot Mold	200.00
0.5 Cubic Foot Mold	300.00

SHEAR STRENGTH

Torvane/Pocket Penetrometer	25.00
Direct Shear	
Quick Test	75.00
Consolidated, Drained, granular soil,	
ASTM D3080	200.00
Consolidated, Drained, fine grained soil,	
ASTM D3080	250.00
Consolidated, Undrained, fine grained soil	200.00
Residual Strength, per cycle	60.00
Remolded Specimens	60.00

STATIC UNIAXIAL AND TRIAXIAL STRENGTH TESTS (PER POINT)

Unconfined Compression, ASTM D2166	150.00
Unconsolidated, Undrained, ASTM D2850	160.00
Consolidated, Undrained, per point	700.00
Consolidated, Drained, per point	700.00
With Pore Pressure Measurement, per load	150.00
Remolded Specimen	90.00

CONSOLIDATION (ASTM2435) AND SWELL COLLAPSE (ASTM D4546) TESTS

8 Load Increments	220.00
Additional Load Increment	50.00
Time-Ratio, per load increment	90.00
Single Point, collapse test	90.00
Single Load Swell, ASTM D4546	
Ring Sample, Field Moisture	90.00
Ring Sample, Air Dried	90.00
Remolded Sample	60.00
Expansion Index Test, UBC 29-2/ASTM D4829	130.00

HYDRAULIC CONDUCTIVITY TESTS

Constant Head, ASTM D2434	250.00
Falling Head Flexible Wall, ASTM D5084	300.00
Triaxial Permeability, EPA 9100	350.00
Remolded Specimen	60.00

CHEMICAL TESTS

Corrosivity (pH, resistivity, sulfates, chlorides)	220.00
Organic Content, ASTM D2974	80.00

Conditions: Unit rates presented on this fee schedule are for routinely performed geotechnical laboratory tests. Numerous other earth material physical tests can be performed in our geotechnical laboratories, including rock core, soil cement and soil lime mixture tests. Tests not listed can be quoted upon request.

Prices are based on the assumption that samples are uncontaminated and do not contain heavy metals, acids, carcinogens and/or volatile organics which can be measured by an organic vapor analyzer or photoionization detector with a concentration greater than 50 parts-per-million (ppm). Quoted testing fees are based on the assumption that no protective clothing will be required to handle samples. If Level D protective clothing will be required during handling of samples (as defined in Federal CFR Part 1910.120), then a 40% increase in fees presented in this schedule will be applied. Level C protective clothing will be a 60% increase in fees. Converse will not handle samples that require either Level B or Level A protection in our geotechnical laboratories. Contaminated samples will be returned to the client. Uncontaminated samples will be disposed of 30 days after presentation of test results. The client must disclose the source of samples. Samples imported from out of state will be incinerated after testing in accordance with requirements of the United States Department of Agriculture. Soil samples obtained within the State of California currently designated quarantine areas will also be incinerated in accordance with the requirement of the State of California, Department of Food and Agriculture, Division of Plant Industry, Pest Exclusion. A $5.00 incineration fee will be added to each sample that is required to be incinerated in accordance with State and Federal law.

Test results requiring plots will be presented in a publishable format generated from computer programs. Otherwise, raw test numbers will be presented. A minimum laboratory fee of $50.00 will be charged to present and mail test results. Beyond the standard U.S. Mail delivery, specialized transmittal will be charged at additional cost (e.g., Federal Express, UPS, etc.). Geotechnical testing does not include engineering and/or geologic review and analysis. Typical turnaround for geotechnical laboratory testing is two weeks (or roughly ten working days). To expedite test turnaround to five working days, a 50% increase in the fees in this schedule will be applied. Many geotechnical tests require at least one week to perform in accordance with ASTM or other standard specifications. Fees presented in this schedule for relatively undisturbed direct shear, consolidation or expansion pressure tests are based on the assumption that 2.416-inch inside diameter brass ring samples will be provided to the geotechnical laboratory for testing. Remolded specimens will be compacted in standard 2.5-inch outside diameter brass rings for direct shear, consolidation and expansion pressure tests. All fees presented in this schedule are based on the assumption that the client will deliver samples to our laboratory at no additional cost to Converse.

Invoices will be issued monthly and are payable on receipt unless otherwise agreed upon. Interest of 1.5% per month (but not exceeding the maximum allowed by law) will be payable on any amount not paid within thirty days; payment thereafter to be applied first to accrued interest and then to the principle unpaid amount. The Client shall pay any attorneys' fees or other costs incurred in collecting any delinquent amounts.

Compensation for laboratory testing services will be based on rates in accordance with this fee schedule which includes test report(s) and engineering time. Costs of tests not on this schedule will be by quote and/or in accordance with our current hourly fee schedule. Our services will be performed in accordance with the General Conditions. This fee schedule is valid through December 31, 2025.

AGGREGATES

Moisture Content, ASTM D2216 ..... 15.00
Particle Size Analysis
- Coarse, ASTM C136, each 100.00
- Coarse and Fine, ASTM C136 & C137), each 180.00

Specific Gravity & Absorption
- Coarse Aggregate, ASTM C127 ..... 85.00
- Fine Aggregate, ASTM C128 ..... 85.00
- Unit Weight per Cubic Foot, ASTM C29 ..... 75.00
- Soundness, Sodium or Magnesium, ASTM C88, each 200.00
- Potential Alkali Reactivity, ASTM D289 ..... 300.00
- Freeze Thaw Soundness 175.00
- Los Angeles Abrasion, per class, ASTM C131, C535 ..... 220.00
- Sand Equivalent, ASTM D2419 ..... 110.00
- Lightweight Particles, ASTM C123, each 85.00
- Clay Lumps & Friable Particles, ASTM C142, each 120.00
- Stripping Test, ASTM D1664, each 85.00
- Organic Impurities, ASTM C40 ..... 75.00
- Durability ..... By Quote

CONCRETE TESTS

Laboratory Trial Batch, ASTM C192 ..... By Quote
Laboratory Mix Design, Historical Data ..... By Quote
Compression Test, 6”x12” Cylinder, ASTM C39, each 50.00
Lightweight Concrete
- Compression 50.00
- Unit Weight 50.00

Specimen Preparation, Trimming or Coring, each 60.00
Bond Strength, ASTM C321
- Prepared by Converse 150.00
- Prepared by Others 80.00

Core Compression Test, ASTM C12, each 80.00
Flexure Test, 6”x6” Beams, ASTM C78, each 110.00
Modulus of Elasticity, Static, ASTM C469, each 150.00
Length Change, ASTM C157, 3 bars, 5 readings each, up to 26 days 320.00
Splitting Tensile, 6”x12” Cylinders, each 80.00
Field Concrete Control (sampling, slump, temperature, cast 4 cylinders, molds, cylinder pick-up, within 10 miles of office, stand-by extra), ASTM/UBC, hourly rate schedule, or each cylinder 95.00
Field Concrete Control (same as above plus air content test), ASTM/UBC, each cylinder 95.00
Hold Cylinder 10.00
Cylinder Mold, sent to job site but not cast by Converse or returned to Converse 5.00

MASONRY (ASTM C140, E447, UBC STANDARD 24-22)

Moisture Content, as received, each 20.00
Absorption, each 50.00
Compression, each 55.00
Shrinkage, ASTM C426, each 100.00
Net Area and Volume, each 25.00
Masonry Blocks, per set of 9 ..... 450.00
Masonry Core Compression, each 55.00
Masonry Core Shear, each 55.00
Masonry Core Trimming, each 55.00
Compression Test, grouted prisms, 8”x8”x16”, each 120.00
Compression Test, grouted prisms, 12”x16”x16”, each 130.00
Compression Test
- 2”x4” Mortar Cylinder, each 40.00
- 3”x6” Grout Prisms, each 40.00
- 2” Cubes, ASTM C109, each 40.00

Cast by Others 40.00
Mortar or Grout Mix Designs ..... By Quote

FIREPROOFING TESTS

Oven Dry Density, per sample 70.00

MOISTURE EMISSION TEST

Moisture Emission Test Kit 70.00

ASPHALTIC CONCRETE

Stability, Flow, and Unit Weight, ASTM D6927 ..... 200.00
Marshall ASTM D1559, ASTM D2726 ..... 200.00
Measured Maximum Specific Gravity of Mix, ASTM D2041, Rice Method, each 95.00
Void Analysis of Cores or Marshall Specimens, Calculations Only, ASTM D3203, set of 2 or 3 ..... 60.00
Laboratory Mixing of Asphalt & Concrete, per sample 75.00
Complete Asphalt Concrete Mix Design Hveem or Marshall ..... By Quote
Extraction of Asphalt and Gradation, ASTM D2172, Method B, or California 310, including ash correction, each 210.00
Extraction of Rubberized Asphalt & Gradation, each 250.00
Specific Gravity, ASTM D2726 or ASTM D1188
- Uncoated 95.00
- Coated 105.00

Immersion-Compression 400.00
Particle Coating, ASTM D2489 ..... 60.00
Stripping, ASTM D1664 ..... 70.00
Moisture or Volatile Distillates in Paving Mixtures, or Materials Containing Petroleum Products or By-Products 220.00
Retained Strength, ASTM D1074/D1075, 6 specimens ..... By Quote
Retained Stability, Mil, Std, 520A, Method 104, 6 specimens ..... By Quote
CBR, ASTM D1883, including M/D Curve, 1 point 350.00
Asphalt Temperature 15.00

STRUCTURAL STEEL

Tensile Test #9 Bar or Smaller, each 60.00
Bend Test #9 Bar or Smaller, each 60.00
Tensile Test #10 Bar or Greater, each 280.00
Tensile Test #14 Bar, each 310.00
Rebar Coupler Tensile Test 100.00
Tensile Test, Welded #9 Bar or Smaller, each 100.00
Tensile Test, Welded #10 Bar or Greater, each 280.00
Tensile Test, Welded #14 Bar, each 310.00
Tensile Test, Mechanically Spliced, #9 Bar or Smaller, each 180.00
Tensile Test, Mechanically Spliced, #10 Bar or Greater, each 350.00

HIGH STRENGTH BOLT, NUT, AND WASHER TESTING

Wedge Tensile Test, A490 Bolts
- Under 100,000 lbs., each 65.00
- Over 100,000 lbs., each 75.00

Wedge Tensile Test, A325 Bolts
- Under 100,000 lbs., each 70.00

Tensile Test, Anchor Bolts, tested with displacement transducers, each 300.00
Nut Hardness, Proof & Cone Proof Load Test, each 50.00
Washer Hardness, each 40.00
A325 or A490, Bolt Hardness Only, each 40.00
Bolt A325 or A490 Wedge Tensile
- Under 100,000 lbs. & Hardness, each 90.00
- Over 100,000 lbs. & Hardness, each 100.00

Bolt, Nut & Washer, all tests per set with bolts
- Under 100,000 lbs. 300.00
- Over 100,000 lbs. 380.00

See *Schedule of Fees – Geotechnical Laboratory Testing* for soil testing. Hourly rates are available upon request. Field Laboratory rates are available upon request. Listed unit rates are based upon the assumption that samples will be delivered to our laboratory at no cost to Converse.

Introduction
It is the objective of Converse Consultants to provide its clients with quality professional and technical services and a continuing source of professional advice and opinions. Services will be performed in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. This fee schedule is valid through December 31, 2025.

Hourly Charges for Personnel
Staff assignments will depend on personnel availability, job complexity, project site location, and experience level required to satisfy the technical requirements of the project and to meet the prevailing standard of professional care.

Field Technical Services (all including vehicle and equipment)

Construction Inspector – ACI/ICC and/or AWS/CWI certified (concrete, post-tension, masonry, structural steel, fireproofing; includes concrete batch plant and local steel fabrication inspections)	$150
DSA Masonry Inspector	150
Non-Destructive Testing Inspector (ultrasonic, magnetic particle, dye penetrant, skidmore, pull testing, torque testing, Schmidt hammer, and pachometer)	155
Coring Technician	150
Soils Technician (soil, base, asphalt concrete, and moisture emission testing)	150
Sample Pick-Up	60

Professional Services (consultation for field and office, if requested)

Staff Professional	$140
Senior Staff Professional	145
Project Professional	155
Project Manager	160
Senior Professional	180
Principal Professional	210
Principal Consultant	225

Laboratory Testing

Laboratory Technician (see Geotechnical Laboratory Testing and Materials Testing Services fee schedules.)	Per Test
Laboratory Supervisor	$85

Office Support

Clerical/Word Processing	$80
Drafting	85
CAD Operator/Drafting Manager	90

Overtime and special shift rates for Field Services personnel are determined in accordance with Prevailing Wage law. Travel time to and from the job site will be charged at the hourly rates for the appropriate personnel.

Expenses
1. Exploration expenses (drilling, trenching, etc.) are charged at cost plus fifteen percent.
2. Travel and subsistence expenses (transportation, room and board, etc.) for individuals on projects requiring travel and/or living 50 miles away from the project site are charged at cost plus fifteen percent.
3. Automobile and truck expenses are charged at cost plus fifteen percent (rentals) or at the current IRS milage rate per mile for company-owned vehicles traveling between principal office and project.
4. Other out-of-pocket direct project expenses (aerial photos, long-distance telephone calls, permits, bonds, outside printing services, tests, etc.) are charged at cost plus fifteen percent.

Invoices
1. Invoices will be submitted to the Client on a monthly basis, and a final bill will be submitted upon completion of services.
2. Payment is due upon presentation of invoice and is past-due thirty days from invoice date. In the event Client fails to make any payment to Converse when due, Converse may immediately cease work hereunder until said payment, together with a service charge at the rate of eighteen percent per annum (but not exceeding the maximum allowed by law) from the due date, has been received. Further, Converse may at its sole option and discretion refuse to perform any further work irrespective of payment from Client in the event Client fails to pay Converse for services when said payments are due.
3. Client shall pay attorneys' fees or other costs incurred in collecting any delinquent amount.

General Conditions
The terms and provisions of the Converse General Conditions are incorporated into this fee schedule as though set forth in full. If a copy of the General Conditions does not accompany this fee schedule, Client should request a copy from this office.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Community Improvement Prepared By: Angel Hamilton Staff Member Presenting: Rudy Zeledon, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 4

SUBJECT: **A RESOLUTION FOR PLACEMENT OF SPECIAL ASSESSMENTS ON THE SAN BERNARDINO COUNTY TAX ROLLS**

RECOMMENDATION: That the City Council adopt a Resolution for recovery of fees and costs incurred in abating property and dangerous building violations, as well as administrative citations and civil penalties associated with property maintenance violations, and placing assessments on the San Bernardino County Tax Rolls.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The levy of special assessments will result in the recovery of $40,475.21 in costs that the City has expended for inspection or abatement of property violations, as well as the collection of $159,350.00 associated with civil penalties and/or fines for continued violations, for a total of $199,825.21 related to 91 parcels. When received, these reimbursements will be deposited into the General Fund. The Fiscal Year 2025-26 Adopted Budget includes special assessment revenue in the General Fund for these types of levies.

BACKGROUND & ANALYSIS: The City has established administrative citations and fines for property maintenance violations and fees and penalties associated with the Systematic Health and Safety Inspection Program, Abandoned and Distressed Property Program, and the Weed and Refuse Abatement Program. These costs, fines, fees, and penalties are recovered through placement of special tax assessments upon the properties. The placement of special assessments and collection of revenue is done under Ordinance 3046, Property Appearance (Title 5, Chapter 22 of the Ontario Municipal Code); Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings; and Ordinance 2920 for civil penalties for continued violations of the Ontario Municipal Code and fines associated with administrative citations (Title 1, Chapters 2 and 5 of the Ontario Municipal Code). The City and the County of San Bernardino currently have a contractual agreement regarding the implementation of special assessments; however, a Resolution authorizing the placement of the specific assessments is required. During this assessment cycle, the Community Improvement Department has billed property owners for: the abatement of violations; the issuance of fines associated with administrative citation; the issuance of fees and penalties

associated with the Systematic Health and Safety Inspection Program; the issuance of registration fees and civil penalties associated with the Abandoned and Distressed Property Program; the issuance of notice and re-inspection fees; and civil penalties for the Weed and Refuse Abatement Program on 223 parcels. Of these, there are remaining amounts due on 91 parcels. Attached are itemized accounts that include: 1) costs associated with inspection or abatement as shown in Exhibit A of the Resolution; 2) civil penalties and/or fines for continued violations as shown in Exhibit B of the Resolution; and 3) total amounts per parcel as shown in Exhibit C of the Resolution. All affected property owners were given notice of the imposition of special assessments via certified mail as provided in Ontario Municipal Code Section 1-4.05(a) and have either not requested an appeal or have exhausted the appellate procedure in Ontario Municipal Code Section 1-4.05(b).

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING A REPORT REQUESTING THE PLACEMENT OF SPECIAL ASSESSMENTS ON PROPERTY TAX BILLS FOR CIVIL PENALTIES OR RECOVERY OF COSTS INCURRED FOR ABATEMENT OF VIOLATIONS OF CITY CODES AND ORDINANCES.

WHEREAS, Ordinance No. 3046, Property Appearance (Title 5, Chapter 22, of the Ontario Municipal Code) and Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings provide for the abatement of property nuisances by repair, rehabilitation, demolition or removal; and

WHEREAS, under Resolution 94-112, Resolution ORA-499, and the Cooperation and Reimbursement Agreement entered into on the 15th day of November, 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of One Hundred Fifty Thousand Dollars ($150,000) to repair or abate dangerous buildings and properties throughout the City; and

WHEREAS, under a first amendment to the Cooperation and Reimbursement Agreement entered into on the 16th day of July 1996, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made an additional advance to the City of One Hundred Thousand Dollars ($100,000) to continue to repair or abate dangerous buildings and properties throughout the City; and

WHEREAS, under Resolution 94-113, Resolution ORA-500, and the Cooperation and Reimbursement Agreement entered into on the 15th day of November 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of Thirty Thousand Dollars ($30,000) to repair or abate dangerous buildings and properties in the 6th and Grove area; and

WHEREAS, under Resolution 94-12, Resolution ORA-464, and the Cooperation and Reimbursement Agreement entered into on the 22nd day of February 1994, by the City of Ontario and the Ontario Redevelopment Agency, the Ontario Redevelopment Agency made a one-time advance to the City of One Hundred Fifty Thousand Dollars ($150,000) to repair or demolish dangerous buildings throughout the City; and

WHEREAS, Ordinance No. 2894, Systematic Health and Safety Inspection Program (Title 8, Chapter 17, of the Ontario Municipal Code), provides for the collection of unpaid service fees, plus any penalties and accrued interest by Special Assessment; and

WHEREAS, Ordinance No. 2920, provides for the assessment of civil penalties for continued violations of the Ontario Municipal Code (Title 1, Chapter 2 of the Ontario Municipal Code), and for fines associated with administrative citations to be collected by Special Assessment (Title 1, Chapter 5 of the Ontario Municipal Code), and establishes a uniform procedure before imposing such Special Assessments (Title 1, Chapter 4 of the Ontario Municipal Code); and

WHEREAS, the above said ordinances, resolutions and agreements provide for recovery of costs incurred in the abatement of violations by means of a Special Assessment placed on the tax rolls; and

WHEREAS, the City has incurred costs involved in the abatement of violations under the Ontario Municipal Code and Uniform Code for the Abatement of Dangerous Buildings, issuing Notices of Violation, and administering the Systematic Health and Safety Program and wishes to recover said costs; and

WHEREAS, the owners of all parcels listed in Exhibit A, B, and C were given notice of imposition of such Special Assessment as provided in Ontario Municipal Code Section 1-4.05(a), and either have not requested an appeal, or have exhausted the appellate procedure provided in Ontario Municipal Code Section 1-4.05(b); and

WHEREAS, the City has an executed contract with the San Bernardino County Board of Supervisors for collection of said assessments.

NOW, THEREFORE, BE IT RESOLVED that the City Council:

SECTION 1. Confirmed the costs associated with inspection or abatement on the properties as set forth in the report in Exhibit A; and

SECTION 2. Confirmed the civil penalties and/or fines for continued violations on the properties as set forth in the report in Exhibit B; and

SECTION 3. Confirmed that Exhibit C contains the total amount assessed for both confirmed costs and confirmed civil penalties and/or fines for each of the properties; and

SECTION 4. Found and determined that the report, and Exhibits contained therein are true and accurate; and

SECTION 5. Adopts the above said report and finds that the costs of inspection or abatement on the properties listed are the costs set forth in Exhibit A, the civil penalties and/or fines for continued violations are the penalties and/or fines as set forth in Exhibit B, and the same are hereby charged and placed as special assessments upon the respective properties; and

SECTION 6. Directs Exhibit C shall be sent to the Auditor-Controller of San Bernardino County and shall be collected on the County tax roll.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 21st day of April 2026.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Housing Prepared By: Ana K Martin Department: Prepared By: Ana K Martin Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Reviewed By: Lacey A Rightmer, Kelly Zackmann, Albert Ramirez Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 5

SUBJECT: **A SETTLEMENT AGREEMENT WITH ASSOCIATED PHARMACIES, INC., J M SMITH CORPORATION, MORRIS AND DICKSON CO., LLC, LOUISIANA WHOLESALE DRUG COMPANY, INC., NORTH CAROLINA MUTUAL WHOLESALE DRUG COMPANY, INC., AND UNITED NATURAL FOODS, INC.**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to opt into a Settlement Agreement with opioid distributors, and execute documents necessary to implement the action.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The City of Ontario is expected to receive a one-time payment of approximately $19,166.76 in additional funding if it opts into the Settlement Agreement as recommended. If approved, additional revenue and related appropriations will be included at a future quarterly budget update to City Council for approval as needed.

BACKGROUND & ANALYSIS: Many states and cities across the United States have filed lawsuits against major pharmaceutical distributors of opioid painkillers (Amerisource Bergen, Cardinal Health, and McKesson), and the opioid painkiller manufacturer, Janssen (owned by Johnson & Johnson). Together, these cases have resulted in two settlements totaling approximately $26 billion. In 2024, an additional $1.2 billion settlement was reached with another painkiller manufacturer (Kroger Co.). Late last year, an agreement for $720 million settlement was reached with an additional eight opioid manufacturers: Alvogen, Amneal, Apotex, Hikma, Indivior, Mylan, Sun, and Zydus ("the Secondary Manufacturers' Settlements") for opioid distribution claims. The City of Ontario has opted into every opioid settlement and has been receiving payments since November 2022.

A tentative settlement of $97,625,000 was reached with six opioid manufacturers, collectively referred to as the "Six Remnant Defendants": Associated Pharmacies, Inc. (and American Associated Pharmacies); J M Smith Corporation, Louisiana Wholesale Drug Company, Inc.; Morris and Dickson Co., LLC; North Carolina Mutual Wholesale Drug Company, Inc.; and United Natural Foods, Inc. (including its subsidiaries SuperValu and Advantage Logistics). The settlement amount will depend on the number of entities or municipalities that participate in the settlement.

The City must use these opioid settlement funds for opioid prevention and treatment efforts, consistent with prior settlements. Funds may support treatment and recover services to help connect people to care and address the needs of people involved in the criminal justice system, pregnant or parenting women and their families, and infants affected by opioid exposure. Additionally, the funds can be used to prevent overprescribing, reduce misuse, and lower overdose deaths, as well as support program planning, coordination, training, and research.

Currently, the City is utilizing opioid settlement funds to support the Community Outreach Support Team (C.O.A.S.T.) with providing education and support to prevent opioid-related overdoses. Additionally, funding supports the Ontario Fire Department's Ontario Opioid Safe Community Program, which works to reduce fentanyl and opioid-related deaths and injuries through education, prevention, and access to life-saving resources.

The Six Remnant Defendants' Settlement Agreement uses a National Plan of Allocation, which does not require the City to use or commit funds within a specific timeframe. It also does not require the City to complete annual reports to the California Department of Healthcare Services (DHCS) regarding fund use or compliance with allocation requirements.

To participate in this settlement, the City must opt in by May 4, 2026. In doing so, the City releases its claims against the Six Remnant Defendants. If the City Council takes no action, it will automatically opt out of the settlement. In that case, Ontario's share of the funds will be reallocated among other entities or municipalities that sign onto the settlement.

Staff recommends that the City Council opt into the combined settlement and elect to receive payment.

This Settlement Agreement, including all exhibits or related agreements attached hereto or referenced herein (collectively, the "*Agreement"*), is dated February 23, 2026, by and between the Remnant Defendants and the Participating Subdivisions (as those terms are defined below). Upon satisfaction of the conditions set forth in Section IV.C. and Section IV.D., this Agreement will be binding on all Participating Subdivisions and Remnant Defendants. This Agreement will then be filed as part of a request for a Consent Judgment with the Court pursuant to the terms set forth in Section IV.E. This Agreement is intended by the Settling Parties to fully, finally, and forever resolve, discharge, and settle the Released Claims (as that term is defined herein), upon and subject to the terms and conditions herein.

I. Definitions

As used in this Agreement, the following terms have the meanings specified below:

A. "*Action(s)*" means a lawsuit purportedly brought by or on behalf of any Litigating Subdivision against one or more Remnant Defendants coordinated under or parallel to MDL No. 2804, *In re: National Prescription Opiate Litigation*, No. 1:17-md-2804-DAP (N.D. Ohio) (hereinafter "*MDL No. 2804*"), in any court, including but not limited to, the actions listed in **Exhibit A**.

B. "*Agreement*" means this agreement, as set forth above. For the avoidance of doubt, this Agreement is inclusive of all exhibits or related agreements attached hereto or referenced herein.

C. "*Alleged Harms"* means the alleged past, present, and future financial, societal, and public nuisance harms and related expenditures arising out of the alleged misuse and abuse of Products, non-exclusive examples of which are described in the documents listed on **Exhibit B**, that have allegedly arisen as a result of the physical and bodily injuries sustained by individuals suffering from opioid-related addiction, abuse, death, and other related diseases and disorders, and that have allegedly been caused by the Released Entities.

D. "*Allocated Amount*" means the portion of Opioid Remediation Funds that a Subdivision will receive pursuant to the Plan of Allocation if it becomes a Participating Subdivision.

E. "*Attorneys' Fees and Expenses*" means payment to plaintiffs' counsel of attorneys' fees and reimbursable costs and charges (including expert and consulting fees) and includes the common benefit obligations due under the MDL Court's common benefit-related orders. Attorneys' Fees and Expenses shall be paid from the Settlement Funds pursuant to the provisions of Section VI.B.1.c. and Section VIII. of this Agreement.

F. "*Claim(s)*" means any past, present or future cause of action, claim for relief, cross-claim or counterclaim, theory of liability, demand, derivative claim, request, assessment, charge, covenant, damage, debt, lien, loss, penalty, judgment, right, obligation, dispute, suit, contract, controversy, agreement, *parens patriae* claim, promise, performance, warranty, omission, or grievance of any nature whatsoever,

whether legal, equitable, statutory, regulatory or administrative, whether arising under federal, state or local common law, statute, regulation, guidance, ordinance or principles of equity, whether filed or unfiled, whether asserted or unasserted, whether known or unknown, whether accrued or unaccrued, whether foreseen, unforeseen or unforeseeable, whether discovered or undiscovered, whether suspected or unsuspected, whether fixed or contingent, and whether existing or hereafter arising, in all such cases, including, but not limited to, any request for declaratory, injunctive, or equitable relief, compensatory, punitive, or statutory damages, absolute liability, strict liability, restitution, abatement, subrogation, contribution, indemnity, apportionment, disgorgement, reimbursement, attorney fees, expert fees, consultant fees, fines, penalties, expenses, costs or any other legal, equitable, civil, administrative, or regulatory remedy whatsoever.

G. "*Claim-Over*" means a Claim asserted by a Non-Released Entity against a Released Entity on the basis of contribution, indemnity, or other claim-over on any theory relating to a Non-Party Covered Conduct Claim asserted by a Releasor.

H. "*Compensatory Restitution Amount*" means the aggregate amount paid by the Remnant Defendants hereunder other than amounts paid as attorneys' fees and costs or identified pursuant to Section VII.A.2. as being used to pay attorney's fees, investigation costs or litigation costs. For purposes of Section VI. and Section X.V., each Remnant Defendant's portion of the Compensatory Restitution Amount shall be the portion of the Opioid Remediation Fund equal to the portion of the Pooled Settlement Amount that the Remnant Defendant contributed.

I. "*Consent Judgment*" means the judgment that the Settling Parties will mutually agree to and submit to the MDL Court for entry pursuant to Section IV.E.

J. "*Covered Conduct*" means any actual or alleged act, failure to act, negligence, statement, error, omission, breach of any duty, conduct, event, transaction, agreement, misstatement, misleading statement or other activity of any kind whatsoever, occurring at any time up to and including the Effective Date (and any past, present, or future consequence of any such act, failure to act, negligence, statement, error, omission, breach of duty, conduct, event, transaction, agreement, misstatement, misleading statement or other activity, occurring at any time up to and including the Effective Date) arising from or relating to (1) compounding, counseling and documentation relating to any Product or class of Products; (2) the discovery, development, manufacture, packaging, repackaging, marketing, promotion, advertising, labeling, recall, withdrawal, distribution, delivery, monitoring, reporting, supply, sale, prescribing, dispensing, physical security, warehousing, use or abuse of, or operating procedures relating to, any Product, or any system, plan, policy or advocacy relating to any Product or class of Products, including, but not limited to, any unbranded promotion, marketing, programs, or campaigns relating to any Product or class of Products; (3) the characteristics, properties, risks, or benefits of any Product; (4) the reporting, disclosure, non-reporting or nondisclosure to federal, state or other regulators of orders placed by

or with any Released Entity; or (5) diversion control programs or suspicious order monitoring.

K. "*Designated Subdivision*" means the Subdivision designated in writing by Plaintiffs' Settlement Counsel to undertake the acts and obligations provided for in Section X.V.

L. "*Effective Date*" means the date that the Consent Judgment entered by the MDL Court pursuant to Section IV.E. becomes a Final Judgment.

M. "*Final Judgment*" means the Consent Judgment when it has become final and non-appealable. The Consent Judgment shall be deemed to be the Final Judgment on (a) the day following the expiration of the deadline for appealing the entry by the MDL Court of the Consent Judgment (or for appealing any ruling on a timely motion for reconsideration of such Consent Judgment, whichever is later), if no such appeal is filed; or (b) if an appeal of the Consent Judgment is filed (i) the date upon which all appellate courts with jurisdiction (including the United States Supreme Court by petition for certiorari) affirm such Consent Judgment, or deny any such appeal or petition for certiorari, such that no further appeal is possible, or (ii) if no appeal is filed from the appellate court decision obtained pursuant to clause (i), the day following the expiration of the deadline for filing a petition for certiorari to the United States Supreme Court. Any appeal or other proceeding pertaining solely to any order adopting or approving a Plan of Allocation and/or to any order issued with respect to an application for Attorneys' Fees and Expenses consistent with this Agreement shall not in any way delay or preclude the Consent Judgment from becoming Final, *provided* that any such appeal or proceeding has no impact on any other aspect of the Settlement or this Agreement.

N. *"Later Litigating Subdivision"* means any Subdivision, regardless of its population, in any state, that first files a lawsuit bringing a Released Claim against a Released Entity after the Preliminary Agreement Date.

O. "*Litigating Subdivision"* means (1) any (a) General Purpose Government (including, but not limited to, a municipality, county, county subdivision, city, town, township, parish, village, borough, gore, or any other entities that provide municipal-type government), School District, or Special District within a State; and (b) any other subdivision or subdivision official or sub-entity of or located within a State (whether political, geographical or otherwise, whether functioning or non-functioning, regardless of population overlap, and including, but not limited to, Nonfunctioning Governmental Units and public institutions);[1] (2) that

[1] "General Purpose Government," "School District," and "Special District" shall correspond to the "five basic types of local governments" recognized by the U.S. Census Bureau and match the 2017 list of Governmental Units. The three (3) General Purpose Governments are county, municipal, and township governments; the two (2) special purpose governments are School Districts and Special Districts. "Fire District," "Health District," "Hospital District," and "Library District" shall correspond to categories of Special Districts recognized by the U.S. Census Bureau. References to a State's Subdivisions or to a Subdivision "in," "of," or "within" a State include Subdivisions

has brought any lawsuit, including but not limited to lawsuits filed in state court or federal court including those centralized in MDL 2804 or MDL 2996, prior to the Preliminary Agreement Date; in a direct, *parens patriae*, or any other capacity; against any defendant; that alleges or seeks to recover for harms allegedly caused by Covered Conduct. **Exhibit C** is an agreed list of all Litigating Subdivisions. **Exhibit C** will be updated (including with any corrections) periodically, and a final version of **Exhibit C** will be attached hereto as of the Reference Date.

P. "*MDL Court*" means the United States District Court for the Northern District of Ohio Eastern Division, Case No. 1:17-md-2804, Judge Dan Aaron Polster, or his duly-appointed successor.

Q. "*Non-Litigating Subdivision*" means a Subdivision that is not a Litigating Subdivision.

R. "*Non-Participating Subdivision*" means any Subdivision that is not a Participating Subdivision.

S. "*Non-Party Covered Conduct Claim*" means a Claim against any Non-Released Entity involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity).

T. "*Non-Party Settlement*" means a settlement by any Releasor that settles any Non-Party Covered Conduct Claim and includes a release of any Non-Released Entity.

U. "*Non-Released Entity*" means an entity that is not a Released Entity.

V. "*Notice*" means the notice advising Subdivisions of their rights with respect to this Settlement Agreement in accordance with Section IV.B.

W. "*Notice and Administrative Costs*" means the reasonable sum of money to be paid out of the Settlement Funds for Notice and related administrative costs, including escrow fees, Taxes, or Tax Expenses. For purposes of calculating a Remnant Defendant's portion of the Settlement Fund or Opioid Remediation Fund under Section VI. and Section X.V., the Notice and Administrative Costs will be deemed to be divided and paid equally by the Remnant Defendants except as provided in Section I.YY. and Section I.AA.

X. "*Notice and Claims Administrator*" means the notice and claims administrator(s) to be selected by Plaintiffs' Settlement Counsel with the consent of the Remnant Defendants.

---

located within the State even if they are not formally or legally a sub-entity of the State; *provided*, *however*, that a "Health District" that includes any of the following words or phrases in its name shall not be considered a Subdivision: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

Y. "*Opioid Remediation*" means care, treatment, and other programs and expenditures (including reimbursement for past such programs or expenditures except where this Agreement restricts the use of funds solely to future Opioid Remediation) designed to (1) address the misuse and abuse of Products, (2) treat or mitigate opioid use or related disorders, or (3) mitigate other alleged effects of the opioid abuse crisis, including on those injured as a result of the opioid abuse crisis. **Exhibit D** provides a non-exhaustive list of expenditures that qualify as being paid for Opioid Remediation.[2]

Z. "*Opioid Remediation Fund*" means the component of the Settlement Funds described in Section VI.C.

AA. "*Opioid Remediation Funds*" means the Settlement Funds, less the payments set forth in Section VI.B.1.

BB. "*Participating Subdivision*" means a Subdivision that meets the requirements for becoming a Participating Subdivision under Section IV.C.

CC. "*Participation Report*" means the list of Subdivisions that returned a fully executed Subdivision Settlement Participation Form by the Subdivision Settlement Participation Form Submission Deadline created by the Notice and Claims Administrator.

DD. "*Plaintiffs' Settlement Counsel*" means the MDL 2804 Co-Lead Counsel, Liaison Counsel, and members of the MDL Court-appointed Settlement Negotiating Committee.

EE. "*Plan of Allocation*" means the plan or formula of allocation of the Opioid Remediation Fund set forth in **Exhibit E** that a Subdivision will receive pursuant to Section VI.C. if it becomes a Participating Subdivision. For the avoidance of doubt and notwithstanding any other provision in this Agreement, no Non-Participating Subdivision will receive any amount from the Settlement Fund, regardless of whether such Subdivision is included on **Exhibit E**.

FF. "*Pooled Settlement Amount*" means $97,625,000.00.

GG. "*Preliminary Agreement Date*" means the date this Agreement is fully executed and fully executed copies of this Agreement have been delivered to counsel for all Remnant Defendants and Plaintiffs' Settlement Counsel.

HH. "*Product*" means any chemical substance, whether used for medicinal or nonmedicinal purposes, and whether natural, synthetic, or semi-synthetic, or any finished pharmaceutical product made from or with such substance, that is: (1) an opioid or opiate, as well as any product containing any such substance; (2) a benzodiazepine, carisoprodol, or gabapentin; or (3) a combination or "cocktail" of

[2] Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

chemical substances prescribed, sold, bought, or dispensed to be used together that includes opioids or opiates. "Product" shall include, but is not limited to, any substance consisting of or containing buprenorphine, codeine, fentanyl, hydrocodone, hydromorphone, meperidine, methadone, morphine, oxycodone, oxymorphone, tapentadol, tramadol, opium, heroin, carfentanil, diazepam, estazolam, quazepam, alprazolam, clonazepam, oxazepam, flurazepam, triazolam, temazepam, midazolam, carisoprodol, gabapentin, or any variant of these substances or any similar substance.

II. "*Reference Date*" means the date by which each Remnant Defendant must inform the Plaintiffs' Settlement Counsel of its determination whether the condition in Section IV.D.1. has been satisfied. The Reference Date shall be thirty (30) days after counsel for Remnant Defendants receive the Participation Report, unless it is extended by written agreement of the Remnant Defendants and Plaintiffs' Settlement Counsel.

JJ. "*Related Agreements*" means the related but individual agreements between each Remnant Defendant and Plaintiffs' Settlement Counsel, on behalf of all Participating Subdivisions, setting forth each Remnant Defendant's share of the Pooled Settlement Amount.

KK. "*Released Claims*" means any and all Claims, including Unknown Claims, that directly or indirectly are based on, arise out of, or in any way relate to or concern Covered Conduct occurring prior to the Effective Date. Without limiting the foregoing, Released Claims include any Claims that have been, are, or could be asserted against one or more Released Entities by any Participating Subdivision or Releasor in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) directly or indirectly based on, arising out of, or relating to, in whole or in part, Covered Conduct (whether or not such Releasor has brought such action or proceeding). Released Claims also include all Claims against Released Entities asserted in any proceeding to be dismissed pursuant to this Agreement, whether or not such claims relate to Covered Conduct. The Settling Parties intend that this term be interpreted broadly. For the avoidance of doubt, Released Claims do not include Claims of private individuals. It is the intent of the Parties that Claims by private individuals be treated in accordance with applicable law. Released Claims is also used herein to describe claims brought by a non-party Subdivision that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

LL. "*Released Entities*" means, with respect to Released Claims, the Remnant Defendants and:

1. all past and present subsidiaries, divisions, predecessors, successors, and assigns (in each case, whether direct or indirect) of each Remnant Defendant;

2. all past and present subsidiaries and divisions (in each case, whether direct or indirect) of any entity described in subsection (1);

3. the respective past and present officers, directors, members, trustees, and employees of any of the foregoing (each for actions that occurred during and related to their work for, affiliation or employment with, any of the Remnant Defendants or the foregoing entities);

4. all past and present joint ventures (whether direct or indirect) of each Remnant Defendant or its subsidiaries, including in any Remnant Defendant's or its subsidiary's capacity as a participating member in such joint venture;

5. all direct or indirect parents and shareholders of the Remnant Defendants (solely in their capacity as parents or shareholders of the applicable Remnant Defendant with respect to Covered Conduct); and

6. any insurer of any Remnant Defendant or any person or entity otherwise described in subsections (1)-(5) (solely in its role as insurer of such person or entity and subject to the last sentence of Section IX.B.2.).

An illustrative list of joint ventures, subsidiaries and affiliates and predecessor entities for each Remnant Defendant is set forth in **Exhibit F**. Any person or entity described in subsections (3)-(6) shall be a Released Entity solely in the capacity described in such clauses and shall not be a Released Entity with respect to its conduct in any other capacity. With respect to joint ventures (including predecessor entities), only entities listed on **Exhibit F** are Released Entities. Current or former Defendants in In re: National Prescription Opiate Litigation, No. 1: 17-md-2804 (N.D. Ohio) ("MDL") or in other pending litigation asserting a Claim for Covered Conduct not identified in **Exhibit F** are not considered Released Entities, provided, however, that any Remnant Defendant entities that fall within clauses (1)-(5) above against whom Released Claims are brought in the MDL on or after the Preliminary Agreement Date shall be considered Released Entities even if not listed on **Exhibit F**. For the avoidance of doubt, any entity acquired, or joint venture entered into, by a Remnant Defendant after the Effective Date is not a Released Entity.

MM. "*Releasors*" means, with respect to Released Claims, (1) each Participating Subdivision and, (2) without limitation and to the maximum extent of the power of each Participating Subdivision to release Claims, (a) the Participating Subdivision's departments, agencies, divisions, boards, commissions, subdivisions, districts, instrumentalities of any kind and attorneys, and any person in his or her official capacity, whether elected or appointed to serve any of the foregoing, and any agency, person, or other entity claiming by or through any of the foregoing, and (b) any person or entity acting in a *parens patriae*, sovereign, quasi-sovereign, private attorney general, *qui tam*, taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public with

respect to a Participating Subdivision, whether or not any of them participate in this Agreement. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Participating Subdivision. In addition to being a Releasor as provided herein, a Participating Subdivision shall also provide the Subdivision Settlement Participation Form referenced in Section IV.C. providing for a release to the fullest extent of the Participating Subdivision's authority.

NN. "*Remnant Defendants*" means Associated Pharmacies, Inc., American Associated Pharmacies, J M Smith Corporation, Louisiana Wholesale Drug Company, Inc., Morris & Dickson Co., North Carolina Mutual Wholesale Drug Company, Inc., United Natural Foods, Inc. (including without limitation its direct and indirect subsidiaries SuperValu, Inc., Advantage Logistics Southwest, Inc., Advantage Logistics USA West, L.L.C., Advantage Logistics USA East, L.L.C., and UNFI Distribution Company, LLC) collectively, and all their past and present subsidiaries (excluding, in the case of United Natural Foods, Inc., New Albertsons, Inc. (a former subsidiary of SuperValu, Inc.)), divisions, predecessors, successors, and assigns (in each case, whether direct or indirect). Each individually is a "Remnant Defendant." For the avoidance of doubt, nothing in this Agreement releases or is intended to release Albertsons Companies, Inc. or any of its subsidiaries.

OO. "*Settlement*" means the settlement of the Released Claims between the Settling Parties on the terms and conditions set forth in this Agreement.

PP. "*Settlement Fund*" means the interest-bearing account to be established and controlled by the Settlement Fund Administrator as set forth in Section III.

QQ. "*Settlement Funds*" means the Pooled Settlement Amount plus any interest that may accrue on the Pooled Settlement Amount from the date the Remnant Defendants pay the Pooled Settlement Amount in the Settlement Fund or any portion thereof.

RR. "*Settlement Fund Administrator*" means the agent to be selected as set forth in Section III.D.

SS. "*Settlement Participation Form Submission Deadline*" means sixty (60) days after the Preliminary Agreement Date, unless it is extended by written agreement of the Remnant Defendants and Plaintiffs' Settlement Counsel.

TT. "*Settling Parties"* means, collectively, the Participating Subdivisions and Remnant Defendants.

UU. "*State*" means any state of the United States of America including their respective agencies, departments, and instrumentalities.

VV. "*State-Subdivision Agreement*" means an agreement that a State reaches with the Subdivisions in that State regarding the allocation, distribution, and/or use of

funds allocated to its Subdivisions under this Agreement. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if adopted pursuant to the terms of a national opioid settlement or by statute.

WW. "*Subdivisions*" means (1) all formal and legally recognized sub-entities and sub-entity officials (acting in an official capacity on behalf of a sub-entity) of a State that have a population of 30,000 or more (as recognized in the most recent U.S. Census), (2) all Litigating Subdivisions, and, for the avoidance of doubt, (3) all plaintiffs listed on Exhibit A. For the avoidance of doubt, "Subdivisions" includes sub-entities and sub-entity officials that meet the above criteria, and that provide general governance for a defined area, including a county, parish, city, town, village, or similar entity. Unless otherwise specified, "Subdivisions" includes all functional counties and parishes and other functional levels of sub-entities of a State that provide general governance for a defined area, as well as all Special Districts and historic, non-functioning sub-entities that are also Litigating Subdivisions.

XX. "*Subdivision Settlement Participation Form*" means the document or online form, in the form attached as **Exhibit G** to this Agreement, that Participating Subdivisions must execute and return to the Claims Administrator to participate in the Settlement and receive a payment pursuant to this Agreement and the Plan of Allocation, and which shall (1) make such Participating Subdivisions signatories to this Agreement, (2) include a full and complete release of any and all of such Subdivision's claims, and (3) require the prompt dismissal with prejudice of any Released Claims that have been filed by any such Participating Subdivisions.

YY. "*Taxes*" means taxes (including any estimated taxes, interest, or penalties) arising with respect to the income earned by the Settlement Fund, including, without limitation, any taxes or tax detriments that may be imposed upon the Remnant Defendants, their counsel, or any Released Entity with respect to any income earned by the Settlement Fund for any period during which the Settlement Fund does not qualify as a qualified settlement fund for federal or state income tax purposes. For purposes of calculating a Remnant Defendant's portion of the Settlement Fund or Opioid Remediation Fund under Section VI. and Section X.V., Taxes will be deemed to be divided and paid by the Remnant Defendants in proportion to the amounts they contributed to the Pooled Settlement Amount.

ZZ. "*Tax Expense*" means all expenses and costs incurred in connection with the operation and implementation of Section III., including, without limitation, expenses of tax attorneys and/or accountants (including the Settlement Fund Administrator) and mailing and distribution costs and expenses relating to filing (or failing to file) the returns described in Section III.E. For purposes of calculating a Remnant Defendant's portion of the Settlement Fund or Opioid Remediation Fund under Section VI. and Section X.V., the Tax Expense will be deemed to be divided and paid equally by all Remnant Defendants.

AAA. "*Termination Refund*" means the amount of the Settlement Funds to be returned to a Remnant Defendant that elects to terminate this Agreement pursuant to Section V.C. The Termination Refund shall be the portion of the Settlement Fund equal to the portion of the Pooled Settlement Amount contributed by the Remnant Defendant, plus all interest and/or earnings thereon, less its portion of any Notice and Administrative Costs, including any Taxes or Tax Expenses, that have been paid, incurred, or are due and owing as of the date the notice of termination is given.

BBB. "*Unknown Claims*" means any Released Claim that a Participating Subdivision or Releasor does not know or suspect to exist in their favor at the time of the release of the Released Entities that, if known by them, might have affected their settlement with and release of the Released Entities.

II. Representations and Warranties

A. **Plaintiffs' Settlement Counsel's Representations and Warranties.** Plaintiffs' Settlement Counsel represents and warrants to the Remnant Defendants as follows:

1. Plaintiffs' Settlement Counsel believes the Settlement is fair, reasonable, adequate, and beneficial to the Subdivisions and that participation in the Settlement would be in their best interests.

2. Because Plaintiffs' Settlement Counsel believes that the Settlement is in the best interests of the Subdivisions, Plaintiffs' Settlement Counsel will use their best reasonable efforts to encourage and assist the Subdivisions to participate in this Settlement.

B. **Participating Subdivisions' Representations and Warranties.** By electing to become a party to this Agreement, each Participating Subdivision represents and warrants to the Remnant Defendants as follows:

1. each Participating Subdivision has received legal advice from its attorneys regarding the advisability of entering into this Agreement and the legal consequences of this Agreement;

2. each Participating Subdivision is not relying on any statement, representation, omission, inducement, or promise by Remnant Defendants, except those expressly stated in this Agreement;

3. each Participating Subdivision has, with the assistance of its attorneys, investigated the law and facts pertaining to the Released Claims and the Settlement;

4. each Participating Subdivision has carefully read, and knows and understands, the full contents of this Agreement and is voluntarily entering into this Agreement after having consulted with its attorneys;

5. each Participating Subdivision has all necessary authority to enter into this Agreement and release all Released Claims on behalf of itself and all other entities that are Releasors by virtue of their relationship or association with it;

6. each Participating Subdivision has authorized the execution and performance of its Participation Agreement, and has authorized the person signing this Agreement on its behalf to do so;

7. upon execution of its respective Participation Agreement, each Participating Subdivision accepts, agrees to, and ratifies the terms of this Agreement; and

8. no portion of any relief under this Agreement to which any of the Participating Subdivisions may be entitled has been assigned, transferred, or conveyed by or for any of the Participating Subdivisions to any other person or entity.

C. **Remnant Defendants' Representations and Warranties.** Remnant Defendants represent and warrant to Participating Subdivisions as follows:

1. each of the Remnant Defendants has received legal advice from its attorneys regarding the advisability of entering into this Agreement and the legal consequences of this Agreement;

2. none of the Remnant Defendants is relying on any statement, representation, omission, inducement, or promise by Plaintiffs' Settlement Counsel or any Subdivision, except those expressly stated in this Agreement;

3. each of the Remnant Defendants, with the assistance of its attorneys, has investigated the law and facts pertaining to the Released Claims and the Settlement;

4. each of the Remnant Defendants has carefully read, and knows and understands, the full contents of this Agreement and is voluntarily entering into this Agreement after having consulted with its attorneys; and

5. each of the Remnant Defendants has all necessary authority to enter into this Agreement, has authorized the execution and performance of this Agreement, and has authorized the person signing this Agreement on its behalf to do so.

III. Settlement Fund

A. **Settlement Payment.** The Remnant Defendants shall pay into the Settlement Fund the Pooled Settlement Amount in consideration of the covenants, agreements, and releases

set forth in this Agreement. The Pooled Settlement Amount shall be allocated and used only as specified in Section VII.

1. Payments of the Pooled Settlement Amount to the Settlement Fund will be allocated among the Remnant Defendants in accordance with each Remnant Defendant's agreed portion as separately negotiated and agreed to by each Remnant Defendant with Plaintiffs' Settlement Counsel in the Related Agreements. A Remnant Defendant's sole responsibility for payments under this Agreement and any related agreements (including without limitation the Fee Agreement attached hereto as **Exhibit H**) shall be to pay its respective portion of the Pooled Settlement Amount. The obligations of the Remnant Defendants in this Agreement are several and not joint. No Remnant Defendant shall be responsible for any portion of another Remnant Defendant's share.

2. The Remnant Defendants shall pay into the Settlement Fund by wire transfer their respective portion of the Pooled Settlement Amount within forty-five (45) days of the later of (1) receipt of a fully executed copy of this Settlement Agreement, or (2) the Remnant Defendants' receipt of the information and instructions required to effectuate the wire transfer.

3. The Settlement Funds will be held in escrow in the Settlement Fund until the Effective Date. If the Effective Date does not occur as to one or more Remnant Defendants, the Settlement Fund Administrator will return to each Remnant Defendant for which the Effective Date did not occur, its portion of the Pooled Settlement Amount with accrued interest less that Remnant Defendant's portion of (1) any Notice and Administrative Costs incurred, and (2) any Taxes and Tax Expense due or becoming due.

4. Upon the occurrence of the Effective Date, the Pooled Settlement Amount shall not be subject to reduction and no funds may be returned to any Remnant Defendant, except as otherwise provided in this Agreement.

B. **Nature of Payment.** Each of the Remnant Defendants and Participating Subdivisions acknowledges and agrees that notwithstanding anything to the contrary in this Agreement, including but not limited to, the scope of the Released Claims:

1. It has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. (a) The Participating Subdivisions sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Participating Subdivisions; (b) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Participating Subdivisions; and (c) the portion of the Compensatory Restitution Amount received by each Participating Subdivision is no greater than the amount

of the Alleged Harms allegedly suffered by such Participating Subdivision;

3. The payment of the Compensatory Restitution Amount by the Remnant Defendants constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of and/or because of alleged bodily injury) allegedly caused by the Remnant Defendants;

4. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Participating Subdivisions to the same position or condition that they would be in had the Participating Subdivisions not suffered the Alleged Harms; and

5. For the avoidance of doubt: (a) no portion of the Compensatory Restitution Amount represents reimbursement to any Participating Subdivision or other person or entity for the costs of any investigation or litigation, (b) the entire Compensatory Restitution Amount is properly characterized as described in Section III.B., and (c) no portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, multiple or treble damages, punitive damages, or other punitive assessments.

C. **No Other Payments.** Other than payment under Section III.A. of this Agreement, the Remnant Defendants shall have no obligations to make any further or additional payment of any sort or kind in connection with this Agreement or the Settlement.

D. **The Settlement Fund and Administrator.**

1. Plaintiffs' Settlement Counsel shall arrange for the Settlement Fund to be established at Huntington Bank, with Law Office of Joseph C. Tann, PLLC and Winbridge Partners, LLC serving as the Settlement Fund Administrator subject to an escrow agreement mutually acceptable to Plaintiffs' Settlement Counsel and Remnant Defendants, and such escrow to be administered under the MDL Court's continuing supervision and control. The Settlement Fund Administrator will act as an independent and neutral third party in the performance of its functions including administering and disbursing funds from the Settlement Fund and the Opioid Remediation Fund. To the extent that there is any ambiguity or inconsistency when this Agreement and the escrow agreement are read together, the terms of this Agreement shall control.

2. The Settlement Fund Administrator shall invest the Pooled Settlement Amount deposited pursuant to Section III.A. in U.S. agency or treasury securities or other instruments backed by the full faith and credit of the U.S. government or an agency thereof, or fully insured by the U.S.

government or an agency thereof and shall reinvest the proceeds of these instruments as they mature in similar instruments at their then-current market rates; *provided*, *however*, that the Settlement Fund Administrator will not invest in any instruments that a "*qualified settlement fund*," within the meaning of Treas. Reg. § 1.468B-1, *et seq.*, is not permitted to invest in, pursuant to the Treasury regulations, or any modification in Internal Revenue Service ("*IRS*") guidelines, whether set forth in IRS rulings, other IRS pronouncements or otherwise. All risks related to the investment of the Settlement Funds shall be borne by the Settlement Fund, and any losses in the Settlement Fund shall be borne by the Settlement Fund and shall not be recoverable from the Remnant Defendants. The Remnant Defendants shall have no responsibility for, interest in, or liability whatsoever with respect to the investment decisions or the actions of the Settlement Fund Administrator or any transactions executed by the Settlement Fund Administrator related to the investment of the Settlement Funds.

3. The Settlement Fund Administrator shall not, and Plaintiffs' Settlement Counsel shall not instruct the Settlement Fund Administrator to, disburse the Settlement Funds, except as provided in this Agreement or by order of the MDL Court. For the avoidance of doubt, the Settlement Fund Administrator is authorized, and Plaintiffs' Settlement Counsel is authorized to instruct the Settlement Fund Administrator, to execute such transactions as are consistent with the terms of this Agreement or as directed by the MDL Court, including but not limited to execute transactions prior to the Effective Date to enable payment of Notice and Administrative Costs as incurred.

4. All funds held in the Settlement Fund shall be deemed and considered to be *in custodia legis* of the MDL Court, and shall remain subject to the jurisdiction of the MDL Court, until such time as such funds are distributed pursuant to this Agreement and/or further order(s) of the MDL Court.

E. **Taxes.**

1. The Settlement Fund shall be, and shall be treated by the Settling Parties and the Settlement Fund Administrator as being at all times, a "qualified settlement fund" within the meaning of Treas. Reg. § 1.468B-1 (and corresponding or similar provisions of state, local, or foreign law, as applicable), and the MDL Court shall have continuing jurisdiction over the Settlement Fund, pursuant to Treas. Reg. § 1.468B-1(c)(1), and over the Settlement Fund Administrator as its administrator. The Settlement Fund Administrator shall not take any action or tax position inconsistent with such treatment. In addition, the Settlement Fund Administrator shall timely make such elections as necessary or advisable and do all things necessary to carry out the provisions of this Section III., and shall, in any

event, make any available "*relation-back election*" (as defined in Treas. Reg. § 1.468B-1(j)(2) (and corresponding or similar elections under state, local, or foreign law, as applicable)), back to the earliest permitted date. Such elections shall be made in compliance with the procedures and requirements contained in such regulations. It shall be the responsibility of the Settlement Fund Administrator to timely and properly prepare and deliver the necessary documentation for signature by all necessary parties, and thereafter to cause the appropriate filing to occur. The Settling Parties agree to take any other reasonable actions as shall be necessary to ensure that the Settlement Fund qualifies as a qualified settlement fund for federal and state income tax purposes including but not limited to requesting the MDL Court to formally (i) approve the Settlement Fund as a "qualified settlement fund" within the meaning of Treas. Reg. § 1.468B-1, and (ii) confirm its continuing jurisdiction over the Settlement Fund and the Opioid Remediation Fund. Notwithstanding anything in this Agreement to the contrary, the Settlement Fund Administrator shall not on behalf of or in connection with the Settlement Fund request a private letter ruling, technical advice memorandum or any other ruling or guidance from the Internal Revenue Service or any other taxing authority on any matter without consulting with and obtaining the prior written consent of each Remnant Defendant.

2. For the purpose of § 468B of the Internal Revenue Code of 1986, as amended, and Treas. Reg. § 1.468B-2(k)(3) (and any corresponding or similar provisions of state, local or foreign law, as applicable), the qualified settlement fund "administrator" shall be the Law Office of Joseph C. Tann, PLLC and Winbridge Partners, LLC. Plaintiffs' Settlement Counsel shall cooperate with and cause the Settlement Fund Administrator to, and the Settlement Fund Administrator shall satisfy the administrative requirements imposed by Treas. Reg. § 1.468B-2 (and any similar provisions of state, local or foreign law, as applicable) by, for example: (i) obtaining employer identification numbers and providing the same in an IRS Form W-9 to the Remnant Defendants; (ii) satisfying any information reporting or withholding requirements imposed with respect to the Settlement Fund, including with respect to any distributions from the Settlement Fund; (iii) timely and properly filing or causing to be filed all informational and other tax returns or filings necessary or advisable with respect to the Settlement Fund (including, without limitation, the returns described in Treas. Reg. § 1.468B-2(k)) and paying any taxes reported thereon; (iv) sending copies of all such tax returns and filings to the Remnant Defendants; and (v) providing instructions for the release of sufficient funds from the Settlement Fund to pay all Taxes owed by the Settlement Fund in accordance with Section III. and Treas. Reg. § 1.468B-2 and any applicable state, local or other tax laws. Such returns, as well as the relation-back election described in Section III.E.1., shall be consistent with the provisions of this Section III.E.2. and in all events shall reflect that all Taxes as defined in Section I.YY. on the income earned by the

Settlement Fund shall be paid out of the Settlement Funds as provided in Section III.E.3. Each Released Entity shall provide to the administrator and the IRS the statement described in Treas. Reg. § 1.468B-3(e)(2) no later than February 15th of the year following each calendar year in which such Released Entity made its transfer to the Settlement Fund. The Released Entities shall have no responsibility or liability for the Settlement Fund's tax returns or other filings.

3. The following shall be paid out of the Settlement Funds: (i) all Taxes (including any estimated taxes, interest, or penalties) arising with respect to the income earned by the Settlement Fund, including, without limitation, any taxes or tax detriments that may be imposed upon the Remnant Defendants, their counsel, or any Released Entity with respect to any income earned by the Settlement Fund for any period during which the Settlement Fund does not qualify as a qualified settlement fund for federal or state income tax purposes (collectively, "*Taxes*"), and (ii) all Tax Expenses. In all events, neither the Remnant Defendants nor any other Released Entity nor their counsel shall have any liability or responsibility for any Taxes or Tax Expenses. With funds from the Settlement Fund, the Settlement Fund Administrator shall indemnify and hold harmless the Remnant Defendants and any other Released Entity and their counsel for all Taxes and Tax Expenses (including, without limitation, Taxes payable by reason of any such indemnification). Further, all Taxes and Tax Expenses shall be treated as, and considered to be, a cost of administration of the Settlement Fund and shall timely be paid by the Settlement Fund Administrator out of the Settlement Funds without prior order from the MDL Court. The Settlement Fund Administrator shall be obligated (notwithstanding anything herein to the contrary) to withhold from any funds necessary to pay such amounts, including the establishment of adequate reserves for any Taxes and Tax Expenses (as well as any amounts that may be required to be withheld under Treas. Reg. § 1.468B-2(1)(2)) (and any corresponding or similar provisions of state, local or foreign law, as applicable). Neither the Remnant Defendants nor any Released Entity nor their counsel is responsible therefor, nor shall they have any liability therefor. The Settling Parties agree to cooperate with the Settlement Fund Administrator, each other, their tax attorneys, and their accountants to the extent reasonably necessary to carry out the provisions of this Section III.E.3. and with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

IV. Implementing the Agreement

A. **Stay.** Following the Preliminary Agreement Date, Plaintiffs' Settlement Counsel and Remnant Defendants shall promptly jointly inform the MDL Court and jointly undertake reasonable best efforts to stay the Actions as to the Remnant Defendants.

B. **Notice to the Subdivisions.** No later than seven (7) calendar days after the Preliminary Agreement Date, the Notice and Claims Administrator shall send individual written Notice of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions. The form and manner of Notice agreed upon by the Parties shall be provided by the Notice and Claims Administrator to the Subdivisions. The notice shall include a Subdivision Settlement Participation Form and shall provide prominent notice of the Subdivision Settlement Participation Form Submission Deadline. Nothing contained herein shall preclude Plaintiffs' Settlement Counsel from providing further notice to or otherwise contacting any Subdivision about becoming a Participating Subdivision, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

C. **Participation by Subdivisions.**

1. A Subdivision may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form to the Notice and Claims Administrator specifying (1) that the Subdivision agrees to the terms of this Agreement, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives from the Opioid Remediation Fund, if any, pursuant to the applicable requirements of Section VII., *provided, however,* that Non-Litigating Subdivisions may only use monies originating from the Opioid Remediation Fund for purposes that qualify as Opioid Remediation, and (4) the Subdivision submits to the jurisdiction of the MDL Court for purposes limited to the MDL Court's role under this Agreement. The required Subdivision Settlement Participation Form is attached as **Exhibit G**.

2. The eligibility of entities that submit Subdivision Settlement Participation Forms to participate in the Settlement as Participating Subdivisions will be subject to confirmation by the Notice and Claims Administrator.

3. Subdivision Settlement Participation Forms shall be deemed valid only for the entity named in the request.

4. Subdivision Settlement Participation Forms shall be deemed timely if received by the Notice and Claims Administrator no later than the Subdivision Settlement Participation Form Submission Deadline, or otherwise as agreed in writing by Plaintiffs' Settlement Counsel and the Remnant Defendants.

5. A Subdivision that has not submitted a Settlement Participation Form, and is thus a Non-Participating Subdivision, shall not directly receive any portion of the Opioid Remediation Funds. The Remnant Defendants reserve all of their legal rights and defenses with respect to Non-Participating Subdivisions.

6. Within ten (10) calendar days of the Subdivision Settlement Participation Form Submission Deadline, as extended by written agreement, the Notice and Claims Administrator shall deliver to Plaintiffs' Settlement Counsel and Remnant Defendants the Participation Report.

7. Within fifteen (15) calendar days of delivering the Participation Report, the Notice and Claims Administrator shall deliver to Remnant Defendants copies of all Subdivision Settlement Participation Forms.

D. **Notice by Remnant Defendants.**

1. After receiving the Participation Report, each Remnant Defendant will individually determine on or before the Reference Date whether there is sufficient Subdivision participation and sufficient resolution or dismissal of the Claims of the Litigating Subdivisions to proceed with this Agreement. The determination shall be in the sole discretion of the Remnant Defendant and may be based on any criteria or factors deemed relevant by the Remnant Defendant.

2. On or before the Reference Date, each Remnant Defendant shall inform Plaintiffs' Settlement Counsel of its determination pursuant to Section IV.D.1. If one or more Remnant Defendants determine to proceed, those Parties will proceed to file the motion for a Consent Judgment and the obligations in the Subdivision Settlement Participation Form will become effective and binding as of the Effective Date. If one or more Remnant Defendants determine not to proceed, those Remnant Defendants shall serve notice of their decision to terminate this Agreement as to them only in accordance with Section V.C.

E. **Entry of Consent Judgment.**

1. Within fourteen (14) days after the Reference Date (or the next business day thereafter), the Settling Parties shall submit an appropriate motion to the MDL Court reporting upon the Settlement as specified herein, including the Participation Report, and jointly requesting that the MDL Court:

   a. enter a final consent judgment dismissing the Actions coordinated under MDL No. 2804 with prejudice as to the Remnant Defendants and, except as provided for in this Agreement, without costs or attorneys' fees;

   b. direct Participating Subdivisions to dismiss the other Actions not coordinated under MDL No. 2804 with prejudice as to the Remnant Defendants and, except as provided for in this Agreement, without costs or attorneys' fees;

c. discharge and release the Released Entities from all Released Claims;

d. permanently bar and enjoin the institution and prosecution by Participating Subdivisions of any other action against the Released Entities in any forum asserting any claims related in any way to the Released Claims;

e. reserve and continue exclusive jurisdiction over the Settlement, including the Settlement Fund, Opioid Remediation Fund, the Settlement Fund Administrator, the Notice and Claims Administrator, and all future proceedings concerning the administration, consummation, and enforcement of this Agreement;

f. determine pursuant to Federal Rule of Civil Procedure 54(b) that there is no just reason for delay and direct entry of a final judgment as to the Participating Subdivisions and the Remnant Defendants; and

g. confirm such other and further provisions consistent with the terms of this Agreement to which the Settling Parties expressly consent in writing.

2. In connection with the filing of the motion for a Consent Judgment, Plaintiffs' Settlement Counsel will also request that the MDL Court approve the proposed Plan of Allocation, as altered by subsequent agreement, if any, pursuant to Section VII.B.3, and apply the MDL Court's prior common benefit Orders to the Settlement Funds.

3. Participating Subdivisions shall be subject to and bound by the provisions of this Agreement, the releases contained herein, and the Final Judgment.

V. Conditions of Settlement; Effect of Disapproval, Cancellation, or Termination

A. Occurrence of Effective Date.

1. Upon the Effective Date, any and all remaining interest or right of the Remnant Defendants that have elected to proceed with the Settlement, in or to the Settlement Funds, if any, shall be absolutely and forever extinguished except as provided by this Agreement, and the Settlement Funds (less any Notice and Administrative Costs, Taxes, Tax Expenses, or Attorneys' Fees and Expenses paid) shall be transferred from the Settlement Fund to the Opioid Remediation Fund, and from the Settlement Fund Administrator to the Notice and Claims Administrator as successor Settlement Fund Administrator, within ten (10) business days of the Notice and Claims Administrator notifying Plaintiffs' Settlement Counsel

it is ready to distribute the Opioid Remediation Funds, which must be after the Effective Date.

2. Upon the Effective Date, the Participating Subdivisions shall dismiss the Actions with prejudice as to the Released Entities, including all Actions listed on **Exhibit A**, as provided for in the Consent Judgment.

B. **Failure of Effective Date to Occur.** In the event that the Effective Date does not occur for any reason as to one or more Remnant Defendants, including for the reasons set forth in Sections IV.C., then this Agreement shall be cancelled and terminated as to those Remnant Defendants for which the Effective Date does not occur only, unless the affected Settling Parties mutually agree in writing to proceed with this Agreement.

C. **Termination**.

1. Prior to the Effective Date, this Agreement may be terminated by a Remnant Defendant as to it (but not as to any other Remnant Defendant) by serving on Plaintiffs' Settlement Counsel and counsel for the other Remnant Defendants a written notice of termination within ten (10) calendar days (or such longer time as may be agreed between Remnant Defendants and Plaintiffs' Settlement Counsel) after any of the following occurrences:

   a. the Remnant Defendant provides written notice of its election not to proceed under Section IV.D.2.;

   b. a Consent Judgment approving this Agreement without modification of any of this Agreement's terms has not been entered by the MDL Court on or before one hundred eighty (180) calendar days after the Preliminary Agreement Date;

   c. this Agreement or the Consent Judgment has been disapproved by the MDL Court (or, in the event of an appeal from or review of a decision of the MDL Court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court); or

   d. the Effective Date does not otherwise occur within one hundred eighty (180) calendar days after the Preliminary Agreement Date.

2. If this Agreement is terminated by one or more Remnant Defendants pursuant to Section V.C.1.:

a. Plaintiffs' Settlement Counsel must notify the Settlement Fund Administrator and/or the Notice and Claims Administrator of those Remnant Defendants' decision to terminate this Agreement within seven (7) days of receiving written notice of such termination and instructions from those Remnant Defendants required to effectuate the wire transfer for the Termination Refund;

b. the Settlement Fund Administrator and/or the Notice and Claims Administrator shall transfer the Termination Refund to those Remnant Defendants within seven (7) days of receiving written notice from Plaintiffs' Settlement Counsel; and

c. upon receipt of the Termination Refund, this Agreement and all of its terms (except Section X.L. and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated, and this Agreement and all orders issued pursuant to this Agreement shall become null and void and of no effect as between the Participating Subdivisions and the terminating Remnant Defendants only. The Participating Subdivisions and those Remnant Defendants shall be returned to the status quo that existed in the Actions immediately prior to their entry into this Settlement Agreement (subject to appropriate extensions of deadlines to enable the Actions to proceed), and the Participating Subdivisions and the terminating Remnant Defendants shall retain all of their respective rights and defenses as of immediately prior to their entry into this Settlement Agreement. The Participating Subdivisions and those Remnant Defendants shall then proceed in all respects as if this Agreement and any related orders had not been executed.

VI. Notice and Claims Administrator

A. **Selection of Notice and Claims Administrator.** Plaintiffs' Settlement Counsel shall nominate, subject to the consent of the Remnant Defendants, an entity to serve as Notice and Claims Administrator that meets the following requirements:

1. The Notice and Claims Administrator will be bound by an agreement mutually acceptable to Plaintiffs' Settlement Counsel and Remnant Defendants.

2. The Notice and Claims Administrator will act as an independent and neutral third party in the performance of its functions including administering and disbursing funds from the Settlement Fund and the Opioid Remediation Fund.

3. The Notice and Claims Administrator may not be an entity that has acted as counsel for, or otherwise represented, a party in claims relating to Products.

4. The Notice and Claims Administrator shall have the authority to perform all actions consistent with the terms of this Agreement that the Notice and Claims Administrator deems to be reasonably necessary to effectuate the notice. Subject to the Parties' approval, the Notice and Claims Administrator may retain any entity that the Notice and Claims Administrator deems to be reasonably necessary to provide assistance in effectuating Notice to the Participating Subdivisions.

5. The Notice and Claims Administrator's role generally shall include, consistent with the terms of this Agreement, administration of the proposed Settlement, including receiving, preserving, reviewing, analyzing, and approving Participation Forms, including all supporting documentation, as well as distributing and overseeing distribution of the Opioid Remediation Fund according to the Plan of Allocation.

6. Any successor to the initial Notice and Claims Administrator shall be subject to the consent of all Settling Parties, shall fulfill the same functions from and after the date of succession, and shall be bound by the determinations made by the predecessor(s) to date.

7. The Notice and Claims Administrator shall have no authority to alter in any way the Settling Parties' or Participating Subdivisions' rights and obligations under this Agreement.

8. The Remnant Defendants and Released Entities shall have no involvement with or responsibility for supervising the Notice and Claims Administrator and are not subject to the authority of the Notice and Claims Administrator.

9. All fees, costs, and expenses incurred in the administration and/or work by the Notice and Claims Administrator, including fees, costs, and expenses of the Notice and Claims Administrator, as well as the costs of distributing the Notice, shall be paid from the Settlement Funds. Remnant Defendants shall have no obligation to pay any such fees, costs, and expenses other than the Pooled Settlement Amount.

B. **Distribution of Settlement Fund.**

1. The Notice and Claims Administrator shall administer the claims submitted by Participating Subdivisions and shall oversee distribution of the Settlement Funds, including distribution of amounts in the Opioid Remediation Fund to Participating Subdivisions pursuant to the Plan of Allocation. Subject to the terms of this Agreement and any order(s) of the

MDL Court, as may be necessary or as circumstances may require, the Settlement Funds shall be applied as follows:

a. to pay Taxes and Tax Expenses on the Settlement Funds (but not on any individual distributions to Participating Subdivisions made pursuant to the Plan of Allocation);

b. to pay Notice and Administrative Costs (including escrow fees and costs);

c. to pay the Attorneys' Fees and Expenses, as set forth in and pursuant to the provisions of Section VII. of this Agreement; and

d. to distribute the balance, which constitutes the "Opioid Remediation Funds," to Participating Subdivisions as allowed by this Agreement and the Plan of Allocation.

2. No amount may be disbursed from the Settlement Fund until the Effective Date, except that: (a) Notice and Administrative Costs (including escrow fees and costs) may be paid from the Settlement Fund as they become due, and (b) Taxes and Tax Expenses on the Settlement Funds may be paid from the Settlement Fund as they become due.

C. **Distribution of Opioid Remediation Fund.** Upon the Effective Date and thereafter, and in accordance with the terms of this Agreement, the Plan of Allocation, and any further order(s) of the MDL Court, the Opioid Remediation Funds shall be distributed to Participating Subdivisions as provided by Section VI.B.1.d.

VII. Use and Allocation of Opioid Remediation Fund.

A. Use of Opioid Remediation Funds.

1. It is the intent of the Parties that the payments disbursed from the Opioid Remediation Fund to Participating Subdivisions be for Opioid Remediation as set forth in **Exhibit D**: List of Opioid Remediation Uses, all of which are compensatory and remedial in nature consistent with the restitution characterization under 26 U.S.C. § 162(f)(2)(A). In no event may less than ninety-five percent (95%) of the Opioid Remediation Funds be spent on Opioid Remediation.

2. While disfavored by the Parties, a Participating Subdivision set forth on **Exhibit C** may use monies from the Opioid Remediation Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Participating Subdivision set forth on **Exhibit C** uses any monies from the Opioid Remediation Fund for a purpose that does not qualify as Opioid Remediation, such Participating Subdivision set forth on **Exhibit C** shall identify such amounts and report to the Notice and

Claims Administrator and the Remnant Defendants how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. It is the intent of the Parties that the reporting under this Section VII.A.2. shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this Section VII.A.2. as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the Compensatory Restitution Amount for purposes of Section III.B., and (b) Participating Subdivisions not listed on **Exhibit C** may only use monies from the Opioid Remediation Fund for purposes that qualify as Opioid Remediation.

B. **Allocation of Opioid Remediation Fund.** The allocation of the Opioid Remediation Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. The Notice and Claims Administrator will, for each Participating Subdivision, apply the terms of this Agreement and any relevant State-Subdivision Agreement or voluntary redistribution of funds as set out below before disbursing the funds.

1. A State-Subdivision Agreement may govern the operation and use of amounts allocated to the Participating Subdivisions of a particular State so long as the terms do not conflict with Section VII.A. and the funds are held in a segregated account until distributed for their intended purposes.

2. In the absence of an applicable State-Subdivision Agreement, the Opioid Remediation Fund will be used solely for future Opioid Remediation and the Opioid Remediation Funds will be distributed for their intended purposes by the Notice and Claims Administrator to Participating Subdivisions included on **Exhibit E** pursuant to the Plan of Allocation. Section VII.B.3. shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in **Exhibit E**. For the avoidance of doubt and notwithstanding any other provision in this Agreement, no Non-Participating Subdivision will receive any amount from the Opioid Remediation Fund, regardless of whether such Subdivision is included on **Exhibit E**. Also, no State will receive any amount from the Opioid Remediation Fund.

3. Any portion of the Opioid Remediation Fund allocated pursuant to Section VII.B. and the Plan of Allocation to a Subdivision that is a Non-Participating Subdivision will be re-allocated among Participating Subdivisions as later agreed between Plaintiffs' Settlement Counsel and Remnant Defendants. For avoidance of doubt, any amount allocated to a Participating Subdivision under this Section VII.B.3. must be used as provided by Section VII.A.

C. **No Liability for Distribution of Settlement Fund or Opioid Remediation Fund.** Neither the Released Entities nor their counsel shall have any responsibility for, or liability whatsoever with respect to, the distribution of the Settlement Fund or Opioid

Remediation Fund; administering the Plan of Allocation; the Settlement Fund's or Opioid Remediation Fund's qualification as a "qualified settlement fund"; the payment or withholding of Taxes or Tax Expenses; the distribution of Settlement Funds or Opioid Remediation Funds; or any losses incurred in connection with any such matters. The Releasors hereby fully, finally, and forever release, relinquish, and discharge the Released Entities and their counsel from any and all such liability. No entity shall have any claim against Plaintiffs' Settlement Counsel, the Notice and Claims Administrator, or any Released Entity based on the distributions made in accordance with this Agreement, the Plan of Allocation, or further orders of the MDL Court.

D. **Balance Remaining in Settlement Fund or Opioid Remediation Fund.** If there is any balance remaining in the Settlement Fund or Opioid Remediation Fund (whether by reason of tax refunds, uncashed checks, or otherwise), such balance shall be deemed as Opioid Remediation Funds and distributed in accordance with the Plan of Allocation and Section VII., and shall be used and expended solely for the purpose set forth in **Exhibit D**, or further order of the MDL Court (but not to the Remnant Defendants).

VIII. Attorneys' Fees and Expenses

The Agreement on Attorneys' Fees and Expenses is set forth in **Exhibit H** and incorporated herein by reference. The Released Entities shall have no responsibility for or liability whatsoever with respect to any payment for Attorneys' Fees and Expenses or to any other entity or person that may assert a claim for any attorneys' fee, expense, or costs, except as set forth in the Agreement on Attorneys' Fees and Expenses in **Exhibit H**.

IX. Releases and Dismissal

A. **No Future Actions Following Release.** As of the Effective Date, the Released Entities are fully, finally, and forever released and discharged from all of the Releasors' Released Claims. Each Releasor hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist in bringing or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever, whether on its own behalf, or as part of any putative, purported, or certified class. The releases provided for in this Agreement are intended by the Settling Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims. This Agreement shall be a complete bar to any Released Claim. Other than as set forth herein, this Agreement does not include any provisions for injunctive relief. Participating Subdivisions shall look solely to the Settlement Funds for settlement and satisfaction against the Released Entities of all claims that are released hereunder. The MDL Court shall have continuing and exclusive jurisdiction to enforce the terms and provisions of this Agreement and any and all of its Orders made in connection with Settlement approval, notice, administration, and implementation.

B. **Claim-Over and Non-Party Settlement.**

1. It is the intent of the Parties that:

a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance or other third-party contract), from other parties for their payment obligations under this Agreement;

b. The payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

d. this Agreement meets the Uniform Contribution Among Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to pay other parties.

The provisions of this Section IX.B. are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided that* a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance or other third-party contracts.

3. To the extent that, on or after the Effective Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will seek to include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Remnant Defendants in Section IX.B.2. or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. In the event that any Releasor obtains a judgment against a Non-Released Entity that does not contain a prohibition like that described in Section

IX.B.2., or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in Section IX.B.2., and such Non-Released Entity asserts a Claim-Over against a Released Entity, the Released Entity shall be relieved of the prohibition in Section IX.B.2. with respect to that Non-Released Entity and that Releasor and the Remnant Defendants shall take the following actions to ensure that the Released Entities do not pay more with respect to the Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Agreement by the Remnant Defendants:

a. The Remnant Defendants shall notify that Releasor of the Claim-Over within sixty (60) days of the assertion of the Claim-Over or within sixty (60) days of the Effective Date, whichever is later.

b. The Remnant Defendants and that Releasor shall meet and confer concerning the means to hold the Released Entities harmless from the Claim-Over and ensure that the Released Entities are not required to pay more with respect to the Released Claims than the amounts owed by Remnant Defendants under this Agreement.

c. That Releasor and the Remnant Defendants shall take steps sufficient and permissible under applicable law to hold the Released Entities harmless from the Claim-Over and ensure the Released Entities are not required to pay more with respect to the Covered Conduct than the amounts owed by Remnant Defendants under this Agreement. Such steps may include, where permissible:

(i) The Releasor supporting a motion to dismiss or such other appropriate motion as may be filed by the Released Entities in response to any Claim filed in litigation or arbitration;

(ii) Reduction of that Releasors' Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

(iv) Return of monies paid by Remnant Defendants to that Releasor under this Agreement to permit satisfaction of a

judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to Remnant Defendants by that Releasor to ensure they are held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to the Remnant Defendants under this Agreement to reduce the overall amounts to be paid under this Agreement such that they are held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and the Remnant Defendants may devise to hold the Released Entities harmless from the Claim-Over.

d. The actions of that Releasor and Remnant Defendants taken pursuant to paragraph (c) must in combination, ensure Remnant Defendants are not required to pay more with respect to Covered Conduct than the amounts owed by Remnant Defendants under this Agreement.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section IX.B.3. shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, distributor, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Each Remnant Defendant shall notify the Participating Subdivisions, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entity assert a Claim-Over arising out of contractual indemnity against it.

C. **Litigation Bar.** The Settling Parties contemplate and agree that this Agreement may be pleaded as a bar to a lawsuit, and an injunction may be obtained, preventing any action from being initiated or maintained in any case sought to be prosecuted on behalf of any Releasors with respect to the Released Claims.

D. **General Release.** The Releasors acknowledge that, by executing this Agreement, and for the consideration received hereunder, it is their intention to release, and they are releasing, all Released Claims, even Unknown Claims. In connection with the releases provided for in this Agreement, each Releasor expressly, knowingly, and voluntarily waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to Section 1542 of the California Civil Code, which reads:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT

> KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Releasors likewise expressly, knowingly, and voluntarily waive any rights under Section 20-7-11 of the South Dakota Codified Laws, which provides:

> A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

The Releasors acknowledge that they have been advised by Plaintiffs' Settlement Counsel of the contents and effects of California Civil Code § 1542, and hereby expressly waive and release with respect to the Released Claims any and all provisions, rights, and benefits conferred by California Civil Code § 1542 or by any equivalent, similar, or comparable law or principle of law in any jurisdiction, including, but not limited to Section 20-7-11 of the South Dakota Codified Laws. A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Releasor hereby expressly waives, and fully, finally, and forever settles, releases, and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Releasors' decision to enter into or participate in this Agreement.

E. **Assigned Interest Waiver.** To the extent that any Releasor has any direct or indirect interest in any rights of a third party that is a debtor under the Bankruptcy Code as a result of a claim arising out of Covered Conduct by way of assignment or otherwise, including as a result of being the beneficiary of a trust or other distribution entity, to assert claims against a Remnant Defendant (whether derivatively or otherwise), under any legal or equitable theory, including for indemnification, contribution, or subrogation, such Releasor waives the right to assert any such claim, or to receive a distribution or any benefit on account of such claim and such claim, distribution, or benefit shall be deemed assigned to such Remnant Defendant.

F. ***Res Judicata.*** Nothing in this Agreement shall be deemed to reduce the scope of the *res judicata* or claim preclusive effect that the Settlement gives rise to under applicable law.

G. **Effectiveness.** The releases set forth in this Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Funds or any portion thereof, by the enactment of future laws or the reinterpretation of existing law, or by any seizure of the Settlement Funds or any portion thereof.

H. **Cooperation.** The Settling Parties agree to use their best efforts and to cooperate to cause this Agreement and the Consent Judgment to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, the Settling Parties agree that they will not directly or indirectly assist or encourage any challenge to this Agreement or the Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgment. Upon the Effective Date, Plaintiffs' Settlement Counsel will also reasonably cooperate with the Remnant Defendants to secure the prompt dismissal of any and all Released Claims in the Actions and in any later-filed litigation implicated by the releases, covenants not to sue, and/or claim bars set forth herein.

I. **Liens.** Each Participating Subdivision agrees to be responsible for any liens, interests, actions, or claims asserted by any third party, in a derivative manner, for or against the portion of Opioid Remediation Funds allocated to that Participating Subdivision, including, without limitation, any derivative actions or claims asserted by any financial institutions, lenders, insurers, agents, representatives, successors, predecessors, assigns, attorneys, bankruptcy trustees, and any and all other entities that may claim through them in a derivative manner.

J. **Claims Excluded from Release**. Notwithstanding the foregoing, the releases provided herein shall not release claims of governmental entities that do not participate in the Settlement; claims arising solely from conduct by the Remnant Defendants that occurs after the Effective Date; claims against the Remnant Defendants other than the Released Claims; or claims alleging a breach of this Agreement or seeking to enforce this Agreement.

X. Miscellaneous Provisions

A. **Population of Subdivisions.** The population figures for Subdivisions shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.

B. **No Admission of Liability or Wrongdoing.** The Parties agree to settle the Released Claims and to execute this Agreement solely to compromise and settle protracted, complicated, and expensive litigation. The Remnant Defendants do not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgment shall be considered, construed or represented to be (1) an admission, concession or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to the Remnant Defendants.

C. **Voluntary Settlement.** Each Settling Party warrants and represents that it negotiated the terms of this Agreement in good faith, without any degree or duress or compulsion, and after consultation with competent legal counsel. The Settling Parties agree that throughout the course of the litigation of the Action, the Settling Parties and their counsel vigorously prosecuted their claims and/or defenses consistent with the applicable rules of procedure.

D. **Authorization to Enter Settlement Agreement.** The undersigned representatives of Remnant Defendants represent they are fully authorized to enter into and execute this Agreement on behalf of Remnant Defendants. Plaintiffs' Settlement Counsel represent that they

are, pursuant to MDL Court appointment, expressly authorized to take all action required or permitted to be taken pursuant to this Agreement to effectuate its terms and enter into and execute this Agreement and any modifications or amendments to this Agreement, on behalf of the Participating Subdivisions, that they deem appropriate.

E. **Integrated Agreement.** Except for any amendments, alterations, or modifications provided for under Section X.G., this Agreement, including its exhibits and any other attachments, and the Related Agreements, embodies the entire agreement and understanding between and among the Settling Parties relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral, and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter. It is understood by the Settling Parties that, except for the matters expressly represented herein, the facts or law with respect to which this Agreement is entered into may turn out to be other than or different from the facts now known to each party or believed by such party to be true. Each Settling Party therefore expressly assumes the risk of the facts or law turning out to be so different, and agrees that this Agreement shall be in all respects effective and not subject to termination by reason of any such different facts or law.

F. **Exhibits.** The exhibits to this Agreement are as follows all of which are incorporated by reference, *provided that* the descriptions of the exhibits below are for reference only and do not alter any other term of this Agreement:

Exhibit A – List of Actions. Lists lawsuits brought in state or federal court by or on behalf of Litigating Subdivisions against Remnant Defendants, coordinated under or parallel to MDL No. 2804.

Exhibit B – Documents Describing Alleged Harms. References non-exclusive examples of alleged past, present, and future financial, societal, and public nuisance harms and related expenditures.

Exhibit C – List of Litigating Subdivisions. Lists of all Litigating Subdivisions.

Exhibit D – List of Opioid Remediation Uses. Provides a non-exhaustive list of expenditures that qualify as being paid for Opioid Remediation. It includes core strategies and approved uses for settlement funds, such as naloxone distribution, medication-assisted treatment, prevention programs, and more.

Exhibit E – Plan of Allocation. The plan or formula for allocation of the Opioid Remediation Fund among Participating Subdivisions.

Exhibit F – List of Remnant Defendants' Joint Ventures, Subsidiaries, Affiliates, and Predecessor Entities. Lists joint ventures, subsidiaries, affiliates, and predecessor entities of the Remnant Defendants.

Exhibit G – Subdivision Settlement Participation Form. Form that Participating Subdivisions must execute and return to participate in the settlement and receive payment.

Exhibit H – Agreement on Attorneys' Fees, Costs, and Expenses. Details the agreement regarding the allocation and payment of attorneys' fees, costs, and expenses from the settlement funds, including the structure of the Attorney Fee Fund, Common Benefit Fund, and Contingency Fee Fund.

G. **Amendment.** The terms and provisions of this Agreement may not be altered, amended, or modified except in writing signed by all Settling Parties.

H. **Execution in Counterparts.** This Agreement may be executed in one or more counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature. Counsel for the Settling Parties to this Agreement shall exchange among themselves original or scanned counterparts and a complete, assembled executed counterpart shall be filed with the MDL Court.

I. **Construction.** None of the Settling Parties shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. **Each Party to Bear Its Own Costs and Fees.** Except as otherwise provided herein, each Settling Party shall bear its own attorneys' fees and other litigation expenses and costs.

K. **Federal Rule of Evidence 408.** The Settling Parties agree that this Agreement, its terms and the negotiations surrounding this Agreement shall be governed by Federal Rule of Evidence 408 and shall not be admissible or offered or received into evidence in any suit, action, or other proceeding, except as provided in this Agreement, upon the written agreement of the Settling Parties hereto, pursuant to an order of a court of competent jurisdiction, or as shall be necessary to give effect to, or to declare or enforce the rights of the Settling Parties with respect to, any provision of this Agreement.

L. **Use of Agreement as Evidence.** Neither this Agreement nor the Settlement, nor any act performed, statement made, or document executed pursuant to or in furtherance of this Agreement or the Settlement: (a) is, may be deemed to be, or may be used as an admission or evidence of the validity of any Released Claims, any allegation made in any Action, or any wrongdoing or liability of Remnant Defendants; or (b) is, may be deemed to be, or may be used as an admission or evidence of any liability, fault, or omission of the Released Entities in any civil, criminal, or administrative proceeding in any court, administrative agency, or other tribunal. Neither this Agreement nor the Settlement, nor any act performed, statement made, or document executed pursuant to or in furtherance of this Agreement or the Settlement shall be admissible in any proceeding for any purpose except to enforce the terms of the Settlement, and except that the Released Parties may file this Agreement and/or the Consent Judgment in any

action for any purpose, including, but not limited to, in order to support a defense or counterclaim based on principles of *res judicata*, collateral estoppel, release, good faith settlement, judgment bar or reduction, or any other theory of claim preclusion, issue preclusion, or similar defense or counterclaim. Notwithstanding anything to the contrary in this Agreement or otherwise, Remnant Defendants may file or use this Agreement and related materials in any action: (i) involving a determination regarding insurance coverage; (ii) involving a determination of the taxable income or tax liability of any Remnant Defendants; (iii) to support a claim for contribution and/or indemnification; or (iv) to support any argument or defense by a Remnant Defendant that the Pooled Settlement Amount provides a measure of compensation for asserted harms or otherwise satisfies the relief sought.

M. **Preservation of Records.** For five years following the Effective Date, (i) the Notice and Claims Administrator shall be required to keep, maintain, preserve, and otherwise refrain from altering, modifying, spoiling, deleting, removing, or destroying all records and data submitted in connection with any Participation Form; and (ii) each Participating Subdivision shall keep, maintain, preserve, and otherwise refrain from altering, modifying, spoiling, deleting, removing, or destroying all records and data supporting its Participation Form.

N. **Binding Effect.** This Agreement shall be binding upon, and inure to the benefit of, the successors and assigns of the Settling Parties.

O. **Notices.** All notices from or between the Settling Parties shall be in writing. Each such notice shall be given by: (a) email; (b) hand delivery; (c) registered or certified mail, return receipt requested, postage pre-paid; or (d) FedEx or similar overnight courier, to their representatives at the addresses set forth below or such other addresses as Plaintiffs' Settlement Counsel or the Remnant Defendants may designate, from time to time, by giving notice to all Settling Parties in the manner described in this paragraph.

Any Settling Party may change or add the contact information of the persons designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this Section X.O.

P. **Consent to Jurisdiction.** The Remnant Defendants, the Plaintiffs' Settlement Counsel, and Participating Subdivisions (including all Releasors) hereby irrevocably submit to the exclusive jurisdiction of the MDL Court only for the specific purpose of any suit, action, proceeding, or dispute arising out of or relating to the enforcement of this Agreement or the applicability of this Agreement. Solely for purposes of such suit, action, or proceeding, to the fullest extent that they may effectively do so under applicable law, the Remnant Defendants, the Plaintiffs' Settlement Counsel, and the Participating Subdivisions and the Participating Subdivisions' Counsel irrevocably waive and agree not to assert, by way of motion, as a defense or otherwise, any claim or objection that they are not subject to the jurisdiction of the MDL Court or that the MDL Court is in any way an improper venue or an inconvenient forum. Nothing herein shall be construed as a submission to jurisdiction for any purpose other than any

suit, action, proceeding, or dispute arising out of or relating to enforcement of this Agreement or the applicability of this Agreement. For the avoidance of doubt, nothing herein shall be construed as a submission to jurisdiction in any action involving a determination regarding insurance coverage.

Q. **Resolution of Disputes; Retention of Exclusive Jurisdiction.** Any disputes between or among the Remnant Defendants and any Participating Subdivision concerning matters contained in this Agreement, including the Plan of Allocation, shall, if they cannot be resolved by negotiation and agreement, be submitted to the MDL Court. The MDL Court shall retain exclusive jurisdiction over the implementation and enforcement of the Settlement.

R. **Choice of Law.** This Agreement shall be construed and enforced in accordance with, and governed by, the applicable provisions of the Federal Rules of Civil Procedure and Evidence, and the internal, substantive laws of the State of Ohio without giving effect to that State's choice of law principles.

S. **No Waiver.** No delay or omission by any Settling Party in exercising any rights under this Agreement will operate as a waiver of that or any other right. The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

T. **Preservation of Privilege**. Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party and Participating Subdivision agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

U. **Duty Not to Encourage Non-Participation.** Plaintiffs' Settlement Counsel agrees not to in any way encourage, promote, or solicit any Subdivision, or their counsel, to decline to participate in this Settlement, or seek any relief inconsistent with this Settlement.

V. **Tax Cooperation and Reporting.**

1. Upon request by any Remnant Defendant, the Participating Subdivisions agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for the Remnant Defendant to establish the statements set forth in Section III.B. to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of Section X.V.1., each Participating Subdivision shall cooperate in good faith with any Remnant Defendant with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement. The Settling Parties agree to cooperate in good faith to provide documentation and perform such further acts, reporting, or allocation to achieve maximum deductibility under the terms of this Agreement.

3. The Designated Subdivision, as defined in Section I.K., on behalf of all Participating Subdivisions, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the "*Appropriate Official*"). The Designated Subdivision shall direct and ensure that the Appropriate Official timely (a) files (i) at the time this Agreement becomes binding on the Settling Parties, an IRS Form 1098-F with respect to each of the Remnant Defendants and (ii) any legally required returns or amended returns with any applicable governmental authority, or any returns requested by the respective Remnant Defendant, and (b) provides to each of the Remnant Defendants a copy of (i) the IRS Form 1098-F filed with respect to such Remnant Defendant and (ii) any legally required written statement pursuant to any applicable law and any other document referred to in clause (a)(ii) above. Any such form, return, or statement shall be prepared and filed in a manner fully consistent with Section III.B.

4. The Participating Subdivisions agree that any return, amended return, or written statement filed or provided pursuant to Section X.V.3., and any similar document, shall be prepared and filed in a manner consistent with reporting each Remnant Defendant's portion of the Pooled Settlement Amount as the "Total amount to be paid" pursuant to this Agreement in Box 1 of IRS Form 1098-F and each Remnant Defendant's portion of the Compensatory Restitution Amount as "Restitution/remediation amount" in Box 2 of IRS Form 1098-F. If the Designated Subdivision or Appropriate Official shall be required to file any return, amended return, or written statement contemplated by this Section X.V. other than an IRS Form 1098-F, the Designated Subdivision shall direct and ensure that the Appropriate Official provides to each Remnant Defendant a draft of such return, amended return, or written statement in respect of such Remnant Defendant no later than sixty (60) calendar days prior to the due date thereof and shall accept and reflect any reasonable comments of such Remnant Defendant on the return, amended return, or written statement in respect of such Remnant Defendant.

5. For the avoidance of doubt, neither the Remnant Defendants nor the Participating Subdivisions make any warranty or representation to any Participating Subdivision or Releasor as to the tax consequences of any aspect of the Settlement or this Agreement.

W. **No Third-Party Beneficiaries**. Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Released Entity. No Participating Subdivision may assign or otherwise convey any right to enforce any provision of this Agreement.

X. **Confidentiality.** The terms of this Agreement shall remain confidential until Subdivision Settlement Participation Forms are submitted to Subdivisions pursuant to the terms of this Agreement, or the proposed order to establish qualified settlement funds is submitted to the MDL Court, whichever occurs first; *provided that*, prior to then the Settling Parties may disclose the terms of this Settlement to accountants, lenders, auditors, legal counsel, tax advisors, insurers, or consultants; or as part of any security or other disclosure required by law (as determined by a Settling Party and its counsel); or in response to a request by any governmental, judicial, or regulatory authority or otherwise required by applicable law or court order; and Participating Subdivisions may disclose the terms of the Settlement to any entity that has applied to serve as Notice and Claims Administrator, or Settlement Fund Administrator, who shall abide by the terms of this paragraph. Any formal press release by a Settling Party regarding this Settlement prior to entry of the Final Judgment shall be shared in advance with the other Settling Party, with a reasonable opportunity for comments and suggested changes.

NOTICE OF NEW NATIONAL OPIOID SETTLEMENT AND UPCOMING ACTION NEEDED TO PARTICIPATE: MONDAY, May 4, 2026, DEADLINE

A new national opioid settlement has been reached with six regional distributors/dispenser defendants (Remnant Defendants Settlement): Associated Pharmacies, Inc. (and American Associated Pharmacies); J M Smith Corporation; Louisiana Wholesale Drug Company, Inc.; Morris and Dickson Co.; North Carolina Mutual Wholesale Drug Company, Inc.; and United Natural Foods, Inc. (including is subsidiaries SuperValu and Advantage Logistics) (Six Remnant Defendants).

This is the formal Notice required by the Remnant Defendants Settlement. You are receiving this Notice because your entity is entitled to participate (Eligible Entity). Please read this Notice and the attached *Settlement Overview* carefully. The *Settlement Overview* provides additional information concerning this new national opioid settlement.

Your entity may have participated in prior national opioid settlements. This Notice concerns the opportunity to participate in this **new** settlement with the Six Remnant Defendants. Your entity may participate in this new settlement even if it did not participate in a prior national settlement.

All Eligible Entities must "opt in" to participate in this new settlement. To do so, a person with authority must sign and return the *Combined Subdivision Participation and Release Form* that will be sent via DocuSign shortly. If an Eligible Entity is unable to return an executed *Combined Subdivision Participation and Release Form* using DocuSign, the signed *Combined Subdivision Participation and Release Form* may be submitted via the Rubris Platform Portal. Please utilize the link included in this Notice to upload your entity's *Combined Subdivision Participation and Release Form* directly to the Rubris Platform Portal. DocuSign remains the preferred method of submission of the needed form.

The deadline to return the *Combined Subdivision Participation and Release Form* is Monday, May 4, 2026.

Questions about this Notice or the process for receiving and submitting the required *Combined Subdivision Participation and Release Form* may be directed to your attorney or the Notice and Claims Administrator at *opioidsparticipation@rubris.com.*

Please review the list of individuals on this email and contact the Notice and Claims Administrator at *opioidsparticipation@rubris.com* if someone else at your entity should receive communications about this Settlement.

If your entity is represented by an attorney with respect to opioid claims and they are not copied on this message, please immediately contact them concerning this Notice.

Thank you,
National Opioids Notice and Claims Administrator for the Remnant Defendants Settlement

The Notice and Claims Administrator is retained to provide the Settlement Notice required by the Settlement Agreement referenced above and to manage the collection of Subdivision Settlement Participation Forms.

EXHIBIT G

Six (6) Remnant Defendants'
Combined Subdivision Participation and Release Form
("Combined Participation Form")

Governmental Entity: Ontario city	State: CA
Authorized Official: Scott Ochoa	
Address 1: 303 East B Street	
Address 2:	
City, State, Zip: Ontario, California, 91764	
Phone: (909)395-2555	
Email: sochoa@ontarioca.gov	

The governmental entity identified above ("Governmental Entity"), in order to obtain and in consideration for the benefits provided to the Governmental Entity pursuant to the six (6) Remnant Defendants' Settlement Agreement ("RDSA"), dated February 3, 2026, and described further in Paragraph 1, and acting through the undersigned authorized official, hereby elects to participate in the RDSA, release all Released Claims against all Released Entities, and agrees as follows:

1. The Governmental Entity hereby elects to participate in the RDSA as a Participating Subdivision with each of the following six (6) Remnant Defendants that are parties to the RDSA: (1) Associated Pharmacies, Inc. (and American Associated Pharmacies), (2) J M Smith Corporation, (3) Morris and Dickson Co., L.L.C., (4) Louisiana Wholesale Drug Company, Inc., (5) North Carolina Mutual Wholesale Drug Company, Inc., and (6) United Natural Foods, Inc. (and SuperValu).

2. The Governmental Entity is aware of and has reviewed the RDSA, understands that all capitalized terms not defined in this Combined Participation Form have the meanings defined in the RDSA, and agrees that by executing this Combined Participation Form, the Governmental Entity elects to participate in the RDSA and become a Participating Subdivision as provided in the RDSAs.

3. The Governmental Entity shall promptly, and in any event no later than 14 days after the Reference Date and prior to the filing of the Consent Judgment, dismiss with prejudice any Released Claims that it has filed against any Released Entity in the RDSA. With respect to any Released Claims pending in *In Re National Prescription Opiate Litigation*, MDL No. 2804, the Governmental Entity authorizes the Plaintiffs' Executive Committee to execute and file on behalf of the Governmental Entity a Stipulation of Dismissal with Prejudice for each of six (6) Remnant Defendants listed in Paragraph 1 above substantially in the form found at *https://nationalopioidsettlement.com/additional-settlements/.*

4. The Governmental Entity agrees to the terms of each of the RDSA pertaining to Participating

Subdivisions as defined therein.

5. By agreeing to the terms of the RDSA settlements and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.

6. The Governmental Entity agrees to use any monies it receives through the RDSA solely for the purposes provided therein.

7. The Governmental Entity submits to the jurisdiction of the MDL Court and agrees to follow the process for resolving any disputes described in the RDSA.

8. The Governmental Entity has the right to enforce the RDSA as provided therein.

9. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes of the RDSA, including without limitation all provisions related to release of any claims, and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in his or her official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in the RDSA in any forum whatsoever. The release provided for in the RDSA is intended by the Parties to be broad and shall be interpreted so as to give the Released Entities in the RDSA the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The RDSA shall be a complete bar to any Released Claim against the Released Entities.

10. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision as set forth in the RDSA.

11. In connection with the releases provided in the RDSA, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims in the RDSA, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the RDSA.

12. The Governmental Entity understands and acknowledges that nothing herein is intended to modify in any way the terms of any of the RDSA, to which Governmental Entity hereby agrees. To the extent this Combined Participation Form is interpreted differently from the RDSA in any respect, the RDSA controls.

I have all necessary power and authorization to execute this Combined Participation Form on behalf of the Governmental Entity.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Public Works Prepared By: Tim Masot Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Bonnie Tam, Jacqueline Leon Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 6

SUBJECT: **A CHANGE ORDER WITH 3M CONSTRUCTION CORPORATION FOR THE LATIMER FIELD CONCESSION AND RESTROOM RENOVATION PROJECT AT JOHN GALVIN PARK**

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager, or his designee, to execute Change Order No. 2 to the Construction Contract with 3M Construction Corporation, of Anaheim, California, for the Latimer Field Concession and Restroom Renovation Project at John Galvin Park, in the amount of $142,768, which includes $48,378 in additional funds and $94,390 from previously approved contingency, for a total not-to-exceed contract amount of $1,086,667; and
B. Authorize the City Manager, or his designee, to execute all documents required for the completion of the project which may include, but not limited to, agreements, easements, reduction of retention accounts, contract amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction-related activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The recommended Change Order No. 2 to the Construction Contract with 3M Construction Corporation, of Anaheim, California, is in the amount of $142,768, which includes $48,378 in additional funding required and $94,390 from previously approved contingency funds, for a total not-to-exceed contract amount of $1,086,667. If approved, additional appropriations in the Capital Projects – Measure Q Fund will be included in future quarterly budget updates to the City Council for the Latimer Field Concession and Restroom Renovation Project at John Galvin Park.

BACKGROUND & ANALYSIS: On May 6, 2025, the City Council approved a Construction Contract with 3M Construction Corporation for the Latimer Field Concession and Restroom Renovation Project at John Galvin Park, in a total not-to-exceed contract amount of $943,899, plus a 10% contingency amount of $94,390.

During construction, unforeseen items were identified that were not anticipated in the original bid documents and require immediate attention. These items include upgrading the potable water line size, upgrading the switchgear, and completing additional electrical improvements. Staff recommends approval of Change Order No. 2 to ensure the project continues to progress efficiently and is completed in a timely manner.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Economic Development Prepared By: Charity Hernandez Department: Prepared By: Charity Hernandez Staff Member Presenting: Jennifer McLain Hiramoto, Economic Development Director Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 7

SUBJECT: **A PURCHASE AND SALE AGREEMENT BY AND BETWEEN THE CITY OF ONTARIO AND 325 SAGO, LLC**

RECOMMENDATION: That the City Council approve a Purchase and Sale Agreement ("Agreement") and authorize the City Manager, or his designee, to execute and implement any and all contracts, agreements, and other documents required to effectuate the Agreement.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the Growth and Evolution of the City's Economy
Operate in a Businesslike Manner

FISCAL IMPACT: If approved the revenue from the land sale proceeds, in the amount of $544,320, will be included in the Economic Development Activities Fund at a future quarterly budget update to City Council for approval as needed.

BACKGROUND & ANALYSIS: The City owns 19,440 SF ("Site") located at 305-325 West D Street in Downtown Ontario. The Site is currently an underutilized surface parking lot.

In December of 2025, the City adopted Resolution 2025-174, in compliance with the Surplus Land Act, declaring the subject property as surplus land. On January 26, 2026, the City received written notification from the California Department of Housing and Community Development determining that the subject property is indeed "exempt surplus land" pursuant to Government Code section 54221, subdivision (f)(1)(b).

The proposed buyer intents to submit a development application for nine townhomes consisting of two-and three-bedroom units. The townhomes will line D Street while sharing common open space throughout the site.

The Agreement provides that the proposed buyer must obtain all requisite project entitlements and environmental review for the proposed project prior to the close of escrow.

Redevelopment of this area will offer new opportunities for family-oriented home ownership on an otherwise mostly vacant parking lot, and is part of the City's larger activation vision of delivering an 18-hour day in Downtown. That includes providing new restaurants, office tenants and residential opportunities.

AGREEMENT OF PURCHASE AND SALE
AND
JOINT ESCROW INSTRUCTIONS

To: Fidelity National Title Company
4210 Riverwalk Parkway, Suite 100
Riverside, CA 92505

Escrow No. _____
Escrow Officer: Jennifer Riddle
Opening Date:

This Agreement of Purchase and Sale and Joint Escrow Instructions ("Agreement") is made and entered into by and between the City of Ontario, a California municipal corporation ("City"), and 325 Sago, LLC, a California limited liability company ("Buyer"). This Agreement is dated as of _____, 2026, for reference purposes only. City and Buyer may sometimes be referred to individually as "Party" and collectively as "Parties" herein. The Parties hereto have executed this Agreement on the dates set forth below next to their respective signatures. The Effective Date of this Agreement is set forth in Section 1, below, subject to Sections B and 6.3.3 below.

RECITALS

A. City is the owner in fee of certain real property commonly described as Parcel A, approx. 19,440 sq. ft. site along D Street, from Fern to Palm, portions of APNs 1048-576-01 and 1048-576-02, currently improved with a surface parking lot, as shown on Exhibit A, located in the City of Ontario, County of San Bernardino, State of California, and is more particularly described in Exhibit A attached hereto and incorporated herein by this reference ("Property").

B. On December 2, 2025, the City Council declared the Property "Exempt Surplus Land" under Government Code Section 54221(f)(1)(B) and Section 103(c)(3)(A) of the Surplus Land Act Guidelines, and transmitted the resolution to the California Department of Housing and Community Development ("HCD") for review and approval. On January 27, 2026, HCD provided notice to the City that the Property qualified as Exempt Surplus Land.

C. Buyer desires to purchase from City and City desires to sell to Buyer the Property.

D. City has determined that it does not have a public use for the Property, and desires to dispose of the Property to better maximize its value in furtherance of the City's land use and policy goals;

E. Subject to the terms and conditions of this Agreement, City shall sell to Buyer and Buyer shall purchase from City the Property.

NOW THEREFORE, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. Effective Date. This Agreement shall be effective on the date upon which all of the following are true and documented ("Effective Date"):

(i) This Agreement has been approved and executed by the appropriate authorities of Buyer and this Agreement has been delivered to City;

(ii) Following all legally required notices and hearings, this Agreement has been approved by City Council of the City; and

(iii) This Agreement has been executed by the appropriate authorities of City and delivered to Buyer.

If this Agreement has been approved and executed by Buyer and delivered to City as provided in (i) above, but City fails to approve, execute or deliver this Agreement as described in (ii), above, by_____, 2026 then this Agreement shall not become effective and any prior signatures and approvals by any Party will be deemed void and of no force or effect.

2. Purchase Price.

2.1 Price. The purchase price for the Property ("Purchase Price") shall be Five Hundred Forty Four Thousand Three Hundred Twenty Dollars and Zero Cents ($544,320.00) which amount equals the fair market value of the Property as determined by an independent third party appraisal of the Property.

2.2 Deposit. No later than five (5) days after the Effective Date, Buyer shall make an initial deposit of Sixteen Thousand Dollars and Zero Cents ($16,000.00) (the "Initial Deposit") in cash or other immediately available funds with Fidelity National Title Company, located at 4210 Riverwalk Parkway, Suite 100, Riverside, California (the "Escrow Holder"). Within three (3) days following completion of the Feasibility Period (defined in Section 6.2.1), Buyer shall make an additional deposit of Twenty Thousand Dollars and Zero Cents ($20,000.00). The Initial Deposit and the additional deposit together shall equal Thirty-Six Thousand Dollars and Zero Cents ($36,000.00) (collectively, the "Deposit"). For purposes of this Agreement, "other immediately available funds" shall mean a wire transfer of funds or a certified bank or cashier's check drawn on a reputable bank licensed to do business in the State of California. Upon the failure of Escrow to close by the Closing Date, as defined in Section 5.1, due to default of Buyer, the Deposit shall become nonrefundable to Buyer and Escrow Holder shall, without need for further instruction from either Buyer or City, immediately disburse the Deposit to City as liquidated damages pursuant to the terms of Section 15.1 below.

2.2.1 Interest on Deposit. During the Feasibility Period. Escrow Holder shall hold the Deposit in a federally insured interest-bearing account with any interest accruing thereon to be paid to City; provided, however, that upon the Close of Escrow, as defined in Section 5.0, the Deposit and the interest accrued on the Deposit shall be credited to the Purchase Price.

2.2.2 Closing Funds. Not later than one (1) business day prior to the Close of Escrow, Buyer shall deposit with Escrow Holder cash or other immediately available funds an amount equal to: (i) the balance of the Purchase Price ("Balance") and (ii) Buyer's share of any prorations pursuant to Section 7.2.2 below. The Balance, the Deposit and any other credits due City shall constitute a total cash amount to be credited by Escrow Holder to City at the Close of Escrow. Buyer acknowledges that City is not providing any form of financing to Buyer related to the purchase of the Property.

3. Approved Conditions of Title. City shall convey the Property to Buyer by a grant deed ("Grant Deed"). It shall be a condition to the Close of Escrow for Buyer's benefit that title to the Property is conveyed to Buyer by the Grant Deed subject to the following conditions of title ("Approved Conditions of Title"):

3.1 a lien to secure payment of general and special real property taxes and assessments, not delinquent;

3.2 the lien of supplemental taxes assessed pursuant to Chapter 3.5 commencing with Section 75 of the California Revenue and Taxation Code due to the transfer of the Property to Buyer;

3.3 all matters apparent from an inspection of the Property and all matters affecting the Approved Condition of Title created by or with the written consent of Buyer;

3.4 all exceptions which are disclosed by the Report as defined in Section 6.3.1.3, which are approved or deemed approved by Buyer as provided therein; and,

3.5 all applicable laws, ordinances, rules and governmental regulations (including, without implied limitation, those relative to building, zoning and land use) affecting the development, use, occupancy or enjoyment of the Property.

4. Escrow. The escrow ("Escrow") for this Agreement shall be opened ("Opening of Escrow") upon the delivery to Escrow Holder of: (i) counterparts of this Agreement fully executed by City and Buyer and (ii) the Deposit by Buyer. City and Buyer each agree to deliver its respective signed counterpart of this Agreement, and Buyer further agrees to deliver the Deposit, no later than five (5) days after the Effective Date. This Agreement shall constitute the instructions of City and Buyer with respect to the Escrow and the consummation of the transaction contemplated hereby. Escrow Holder shall insert the date of receipt of the fully executed Agreement and the Deposit into that certain document entitled "Consent and Acknowledgment of Escrow Holder" attached as Exhibit B hereto, and Escrow Holder shall sign and return to City and Buyer a copy of such Consent and Acknowledgment of Escrow Holder.

5. Close of Escrow. For purposes of this Agreement, "Close of Escrow" means the date upon which: (i) the Escrow Holder verifies both Parties have met and satisfied all conditions, have deposited all documents and funds, including the Purchase Price, and have paid all fees, charges and costs required pursuant to this Agreement and the Escrow instructions contained herein and (ii) the Grant Deed conveying title to the Property by City to Buyer is recorded in the Official Records of the County of San Bernardino, State of California. The Close of Escrow shall occur on or before the Closing Date, as that term is defined in Section 5.1.

5.1 Closing Date. Subject to all of the terms and conditions of this Agreement, including the satisfaction or waiver of all conditions to Closing described in Sections 6.1 and 6.2 below, the Close of Escrow shall occur upon the earlier of: (A) within forty five (45) days following the date on which the Buyer Permits are Ready to Issue (as such term is defined below); or (B) the date that is one (1) year from the Effective Date of this Agreement ("Closing Date"). Notwithstanding the foregoing, Buyer shall have the right to request to extend the Closing Date for two (2) periods of six (6) months each (each an "Extension") by delivering written notice to

Seller and Escrow Holder at least ten (10) business days prior to the then-scheduled Closing Date. Seller shall have the right to approve or disapprove the request in its sole and absolute discretion, and shall deliver written notice to Buyer and Escrow Holder of its approval or disapproval of such Extension within five (5) business days after the receipt of Seller's written request, or the request shall be deemed disapproved. Subject to all of the terms and conditions of this Agreement and subject to the times for performance set forth herein, Escrow Holder shall close the Escrow by: (i) filing for record City's Grant Deed and such other documents as may be necessary to procure the Title Policy, as defined herein, and (ii) delivering funds and documents to the Parties as provided below when and only when each of the following conditions have been satisfied:

5.1.1 Funds and Instruments. All funds and instruments required pursuant to this Agreement have been delivered to Escrow Holder; and

5.1.2 Title Policy. Escrow Holder, acting as title company, can unconditionally agree to provide the Title Policy, with liability in the amount of the Purchase Price, and insuring that title to the Property vests in Buyer subject only to the Approved Conditions of Title.

6. Parties' Obligations.

6.1 Conditions to Buyer's Obligations. Buyer's obligation to consummate the transaction contemplated by this Agreement is subject to the satisfaction of the following conditions for Buyer's benefit (or Buyer's waiver thereof, it being agreed that Buyer may waive any or all of such conditions) on or before the dates designated below for the satisfaction of such conditions. If Buyer terminates this Agreement pursuant to the terms of this Section 6.1 or Buyer disapproves any of the matters set forth in this Section 6.1, or one or more of the following conditions to Buyer's obligations to acquire the Property has not been satisfied or waived on or before the Closing Date, Buyer shall have no further right to purchase the Property, and the Escrow shall be terminated.

6.1.1 Contingency Matters. Buyer shall have from the Effective Date until 5:00 p.m. Pacific Standard Time on the day that is sixty (60) calendar days after the Effective Date ("Feasibility Period") to satisfy itself, at its sole cost and expense, in Buyer's reasonable discretion, as to the following matters:

6.1.1.1 Buyer's Review of the Property and Related Matters. Buyer shall be satisfied in its reasonable discretion with all aspects of the Property and its condition and suitability for Buyer's intended use thereof, including, the zoning for the Property, the physical condition of the Property and the availability of all licenses, variances and the like necessary for Buyer's intended use of the Property. During the term of this Escrow, Buyer, its agents, contractors and subcontractors shall have the right to enter upon the Property, at reasonable times during ordinary business hours following not less than seventy-two (72) hours prior notice to City, to make such marketing feasibility studies, inspections, surveys and tests at Buyer's sole cost and expense as are commercially reasonable and appropriate considering the nature and intended use of the Property such as engineering and soils tests, hazardous waste analysis, geological and/or engineering studies and land use or related studies. Buyer shall use care and consideration in connection with any of its inspections or tests and City shall have the right to be present during any inspection of the Property by Buyer or its agents or to control the performance of such tests or

studies at City's election. Buyer shall restore the Property to its condition as it existed immediately prior to Buyer's undertaking such tests and inspections, unless otherwise approved by the City. Buyer hereby agrees to indemnify, protect, defend with counsel chosen by City, and hold City and the Property free and harmless from and against any and all costs, losses, liabilities, damages, lawsuits, judgments, actions, proceedings, penalties, demands, attorneys' fees, mechanic's liens, or expenses of any kind or nature whatsoever, arising out of or resulting from: (i) any entry or activities upon the Property by Buyer, Buyer's agents, contractors or subcontractors, or the contractors and subcontractors of such agents (excluding, however, the mere discovery of Hazardous Materials or other adverse physical conditions at the Property), or (ii) from the enforcement of this Agreement of indemnity or the assertion by Buyer of any defense to its obligations hereunder. The indemnity obligations of Buyer set forth in this Subsection 6.1.1.1 shall survive any termination of this Agreement, and shall not merge into the Close of Escrow or the recordation of the Grant Deed in the Official Records of the County of San Bernardino.

6.1.1.2 Review and Approval of Documents and Materials. During the Feasibility Period, City agrees to make available to Buyer for Buyer's review the documents and materials, if any, respecting the Property ("Documents and Materials"), provided: (i) such Documents and Materials are in City's possession and control or are reasonably available to City as of the Effective Date, and (ii) City does not represent, warrant or certify the accuracy, adequacy or completeness of the Documents and Materials. The failure of Buyer to disapprove any of the Documents and Materials on or before the expiration of the Feasibility Period shall be deemed to constitute Buyer's approval of all the soils, environmental reports and engineering data pertaining to the Property and any architectural studies, grading plans, topographical maps and similar data regarding the Property. Buyer shall keep all information contained in the Documents and Material confidential, as provided in Section 6.1.1.3.

If, during the Feasibility Period, Buyer determines, in the exercise of its sole and absolute discretion, that it is dissatisfied with any aspects of the Property and/or its condition or suitability for Buyer's intended use or with any of the Documents and Materials, then Buyer may terminate this Agreement and the Escrow created pursuant hereto by delivering written notice to City and Escrow Holder on or before the expiration of the Feasibility Period of Buyer's election to terminate. If, prior to the expiration of the Feasibility Period, Buyer determines, in the exercise of its sole and absolute discretion, that it is satisfied with the Property and the Documents and Materials, Buyer shall deliver written notice ("Approval Notice") of such approval to City and Escrow Holder. If Buyer fails to deliver such Approval Notice or written notice of Buyer's election to terminate this Agreement to City and Escrow Holder on or before the expiration of the Feasibility Period, then Buyer shall be deemed to be satisfied with all aspects of the Documents and Materials and with all aspects of the Property, including, without implied limitation, the condition and suitability of the Property for Buyer's intended use.

6.1.1.3 Documents and Materials. Buyer acknowledges that:

6.1.1.3.1 The Documents and Materials are being furnished to it solely for Buyer's review in connection with its possible purchase of the Property;

6.1.1.3.2 Buyer is using the Documents and Materials and relying on any information or conclusion contained in the Documents and Materials at its own

risk, and City shall have no liability for any inaccuracies, omissions, errors or other matters which appear in the Documents and Materials; and

6.1.1.3.3 Buyer will use the Documents and Materials solely in connection with its examination of the Property and for no other purpose whatsoever.

6.1.1.4 Protection of Documents and Materials. In consideration of the delivery of the Documents and Materials, Buyer hereby agrees, on behalf of itself and its successors, assigns, agents, advisors, and employees, as follows:

6.1.1.4.1 The Documents and Materials are and shall remain solely for its use in connection with its potential purchase of the Property. Buyer, its agents, employees, advisors, financial partners, and lenders, shall not release any such items or disclose any such information to any other person or entity without the prior written consent of City.

6.1.1.4.2 Buyer hereby agrees to defend, with counsel chosen by City, indemnify and hold harmless City and its agents and employees from and against all damages, losses, costs, expenses, and liabilities (including all attorneys' fees and court costs incurred by City) arising out of or resulting from the failure of Buyer or its agents, advisors or employees to perform any of their obligations under this subsection; and

6.1.1.4.3 Should the Parties fail to complete this transaction, Buyer hereby agrees to return the Documents and Materials and all copies thereof to City.

6.1.1.5 Buyer's Review of Title. Buyer shall have until the last day of the Feasibility Period, to review a standard preliminary report from the Title Company with respect to the Property, together with the underlying documents (collectively, "Report") to approve title to the Property. On or before the expiration of the Feasibility Period, Buyer shall deliver to City and Escrow Holder written notice ("Buyer's Title Notice") of Buyer's disapproval or conditional approval of any matters shown in the Report. The failure of Buyer to give Buyer's Title Notice on or before the expiration of the Feasibility Period shall constitute Buyer's approval of the condition of title to the Property. If Buyer disapproves or conditionally approves any matter of title shown in the Report, then City may, but shall have no obligation to, no later than fifteen (15) days after its receipt of Buyer's Title Notice ("City's Election Period"), elect to eliminate or ameliorate to Buyer's satisfaction the disapproved or conditionally approved title matters by giving Buyer written notice ("City's Title Notice") of those disapproved or conditionally approved title matters, if any, which City agrees to so eliminate or ameliorate by the Closing Date, provided that City shall have no obligation to pay any consideration or incur any liability in order to eliminate or ameliorate such disapproved title matters. If (i) City does not elect to, or is unable to, eliminate or ameliorate any disapproved or conditionally approved title matters, (ii) Buyer reasonably disapproves City's Title Notice, or (iii) City fails to timely deliver City's Title Notice, then Buyer shall have the right, upon delivery to City and Escrow Holder (on or before five (5) days following the expiration of City's Election Period) of a written notice, to either: (A) waive its prior disapproval, in which event said disapproved matters shall be deemed approved; or (B) terminate this Agreement and the Escrow created pursuant hereto. Failure to take either one of the actions described in (A) and (B) above shall be deemed to be Buyer's election to take the action described in (A) above. If Escrow is terminated pursuant to this Subsection 6.1.1.5, then upon Buyer's

payment of one-half of Escrow Holder's fees and satisfaction of its obligations under Sections 6.4 of this Agreement, the Deposit and all interest accrued thereon while the Deposit is in Escrow shall be returned to Buyer by Escrow Holder.

6.1.2 Owner's Title Policy. The Title Company shall issue or be committed to issue to Buyer the Title Policy pursuant to Section 8 below.

6.1.3 Vacant Property. Any and all leases and other agreements affecting the use or occupancy of the Property shall have been terminated, any and all tenants and any other parties claiming a possessory interest in the Property shall have vacated the Property and all personal property belonging to the tenants and any other debris shall have been removed from the Property.

6.2 Conditions Precedent to City's Obligations. The Close of Escrow and City's obligations with respect to the transactions contemplated by this Agreement are subject to satisfaction, not later than the Closing Date of the conditions contained in this Section 6.3. The foregoing conditions are solely for the benefit of City and may be waived by City. City shall at all times have the right to waive any condition. Such waiver or waivers shall be in writing to Buyer. The waiver by City of any condition shall not relieve Buyer of any liability or obligation with respect to any representation, warranty, covenant or agreement of Buyer.

6.2.1 Buyer's Representations, Warranties and Covenants. Buyer shall have duly performed each and every agreement to be performed by Buyer hereunder and Buyer's representations, warranties and covenants set forth in this Agreement shall be true and correct as of the Closing Date.

6.2.2 Environmental and Entitlements.

(a) Buyer intends to seek entitlements for the development of the Property with residential uses (the "Project"). This Agreement is not a restriction or requirement for the actual density, unit count, product mix, site plan, mapping and other elements of the Project. On and after the expiration of the Feasibility Period, but not later than the Closing Date, Buyer may, at its sole cost and expense, pursue the approval of one or more of a general plan amendment, zone change, tentative subdivision map, a final subdivision map, a site plan with Buyer's conceptual elevations for the Project, CEQA certifications, and any other land use approvals (collectively, the "Entitlements") required from the City and/or San Bernardino County, and any other governmental or quasi-governmental authorities and public utilities having jurisdiction over the Property or some portion thereof (collectively, the "Authorities") for the development of the Project. Buyer acknowledges that the City may adopt a schedule to govern the timing of the Entitlement processing, which shall be incorporated herein by amendment if and when adopted. As used in this Agreement, "Approval" or "Approved" shall mean: (i) the applicable Authorities have approved the matter at question, and (ii) all administrative and judicial appeals periods within which appeals to such approval may be filed shall have expired without any such appeals having been filed, and all periods for the filing of an application for a referendum or other challenge regarding any such approval shall have expired without the filing of any such application. In order for the foregoing condition to be deemed satisfied, Buyer (in Buyer's sole and absolute discretion) shall have approved the conditions of approval to such matter, if any. In the event one or more appeals or challenges to the foregoing approval is timely filed, Approval of the governmental

action shall not occur unless and until such appeal(s) and/or challenge(s) are withdrawn or resolved so that the matter at question shall take effect, subject only to conditions that have been approved by Buyer (in Buyer's sole and absolute discretion) and are not subject to further appeal. Notwithstanding anything to the contrary herein, this Agreement is not and shall not be construed as an Approval of Entitlements for the Project, and Buyer agrees and understands that nothing in this Agreement impairs or restricts City's authority to grant or deny any such Approvals.

(b) Not less than ten (10) days prior to the Closing Date, the Buyer shall have received Entitlements for development of the Property with the Project, and Buyer shall have agreed to accept the Entitlements, with any conditions of approval, and any applicable appeal period shall have expired without appeal having been filed or, if an appeal is filed, such appeal shall have been denied, and no legal action shall have been instituted against Buyer or the City alleging the invalidity of such entitlements or environmental review.

6.2.3 Planning Commission Findings. The City's planning commission finds, pursuant to Government Code Section 65402, that the Project is consistent with the City's General Plan, and the City has received a determination from the California Department of Housing and Community Development that disposition of the Property is permitted under the provisions of the Surplus Land Act (Government Code Section 54220 et seq.).

6.2.4 Buyer's Deliveries. Buyer shall have delivered the items described in Section 7 below.

6.2.5 Compliance with California Surplus Land Act. The Property has been declared as "Exempt Surplus Land" under Government Code Section 54221(f)(1)(B) and the City has received a written determination from HCD approving the exempt surplus land findings. This Agreement and City's obligations to close are expressly contingent upon such approval remaining valid and not subject to legal challenge.

6.2.6 Seller's Final Written Authorization. Seller shall have received and approved, in writing, a final settlement statement from Escrow Holder and, upon Escrow Holder verification that the conditions for Close of Escrow have been satisfied, as required by Section 5, Seller provides written authorization for Close of Escrow.

6.3 Failure of Conditions to Close of Escrow. In the event any of the conditions set forth in Section 6.1 or Section 6.2 are not timely satisfied or waived, for a reason other than the default of Buyer or City under this Agreement:

6.3.1 Buyer may terminate this Agreement by written notice to City for the failure of the conditions set forth in this Section 6.3.1, in which event the rights and obligations of City and Buyer shall terminate.

(a) If any conditions set forth in Section 6.1 are not timely satisfied or waived.

(b) Entitlements. Buyer receives the Entitlements not later than ten (10) days prior to the Closing Date.

(c) Buyer Permits Ready to Issue. Not later than ten (10) days prior to the Closing Date, the City issues a letter to Buyer, or its permitted Assignee, that all conditions required for demolition, grading and building permits for Buyer's development of the Property for the Project (collectively the "Permits") have been satisfied, except for the posting of any required bonds and the payment of applicable permit fees ("Buyer's Permits are Ready to Issue").

(d) No Further Action Letter. To the extent applicable, not later than ten (10) days prior to the Closing Date, City shall have obtained a "no further action" letter or equivalent from the lead Authority with jurisdiction over the environmental condition of the Property confirming that no further environmental remediation is required at the Property or in connection with the Project (including, without limitation, in connection with the oil head that is located on the Property) not later than ten (10) days prior to the Closing Date.

6.3.2 City may terminate this Agreement by written notice to Buyer if any of the conditions set forth in Section 6.2 are not timely satisfied or waived, in which event the rights and obligations of City and Buyer shall terminate, except as otherwise provided herein.

6.3.3 Escrow Holder is hereby instructed to promptly return to City and Buyer all funds and documents deposited by them, respectively, into Escrow which are held by Escrow Holder on the date of said termination (subject, however, to the provisions of Section 2.2 with respect to the disposition of the Deposit) less, in the case of the Party otherwise entitled to such funds, however, the amount of any cancellation charges required to be paid by such Party under Section 6.4 below.

6.4 Cancellation Fees and Expenses. In the event this Escrow terminates because of the nonsatisfaction of any condition for a reason other than the default of Buyer or City under this Agreement, the cancellation charges required to be paid to Escrow Holder and the Title Company shall be borne one-half (½) by City and one-half (½) by Buyer and all other charges shall be borne by the Party incurring same.

7. Deliveries to Escrow Holder.

7.1 By City. City hereby covenants and agrees to deliver or cause to be delivered to Escrow Holder on or prior to the Closing Date the Grant Deed, duly executed and acknowledged in recordable form by City, conveying the Property to Buyer subject only to the Approved Conditions of Title which shall be a condition to the performance by Buyer of its obligations under the terms of this Agreement:

7.2 By Buyer. Buyer hereby covenants and agrees to deliver or cause to be delivered to Escrow Holder on or prior to the Closing Date (or such earlier date as provided below) the following instruments and documents, the delivery of each of which shall be a condition to the Close of Escrow:

7.2.1 Purchase Price. The Purchase Price and any other credits due to City in accordance with Sections 2.1 and 2.2.2.

7.2.2 Prorations. The amount due City, if any, after the prorations are computed in accordance with Section 10.

7.3 Dating of Documents by Escrow Holder. As of the Closing, City and Buyer instruct Escrow Holder to date the Grant Deed as of the date of the Closing (the Grant Deed shall be dated by Escrow Holder prior to recording).

8. Title Insurance. At the Close of Escrow, City shall cause the Title Company to issue to Buyer, a ALTA Title Insurance Policy ("Title Policy") showing fee title to the Property vested in Buyer subject only to the Approved Conditions of Title. The Title Policy shall be issued with liability in an amount equal to the Purchase Price.

9. Costs and Expenses. City shall pay: (i) the premium for the standard portion of the Title Policy (ALTA Title Insurance Policy); (ii) the cost of any endorsements required to cure title defects that City is obligated to cure under this Agreement; (iii) fifty percent (50%) of all escrow fees and costs; and (iv) all state, federal, and local documentary transfer taxes and fees, if any. Buyer shall pay: (i) any document recording charges; (ii) fifty percent (50%) of all escrow fees and costs; (iii) the premium for the extended portion of the Title Policy (including the incremental premium for an A.L.T.A. Owner's Policy if Buyer elects to obtain such policy); (iv) the cost of any endorsements not required to be paid by City, including all non-curative endorsements; (v) the cost of lender's title insurance, if applicable; and (vi) any survey or other due diligence costs. Except as expressly set forth herein, Buyer and City shall each bear their own legal and professional fees and the fees of any consultants they engage.

10. Prorations.

10.1 General. Real property taxes and operating expenses, if any, affecting the Property shall be prorated as of 11:59 p.m. Pacific Standard Time on the Close of Escrow. For purposes of calculating prorations, Buyer shall be deemed to be in title to the Property, and therefore responsible for the expenses, for the entire day upon which the Close of Escrow occurs.

10.2 Taxes and Assessments. All nondelinquent real estate taxes (general and special), bonds and assessments on the Property shall be prorated as of the Close of Escrow based on the actual current tax bill, but if such tax bill has not yet been received by City by the Close of Escrow then current year's taxes shall be deemed to be one hundred two percent (102%) of the amount of the previous year's tax bill. All delinquent real estate taxes (general and special) bonds and delinquent assessments, if any, on the Property shall be paid at the Close of Escrow from funds accruing to City. All supplemental taxes billed after the Close of Escrow for periods prior to the Close of Escrow shall be paid promptly by City.

10.3 Method of Proration. All prorations shall be made in accordance with customary practice in the County of San Bernardino, State of California, except as expressly provided herein. All prorations, unless otherwise provided in this Agreement, shall be on an accrual basis, shall be based upon actual elapsed calendar days and shall be done as of 12:01 a.m. Pacific Standard Time of the day of the Close of Escrow. Buyer acknowledges that if City has prepaid any amount, including, fees, deposits taxes, assessments, bonds and/or other obligations if any, imposed against the Property for a period prior to the Close of Escrow, Buyer shall pay City any amounts prepaid (if the prorations result in a net credit to City) by increasing or reducing the cash to be paid by Buyer at the Close of Escrow. Buyer and City agree to prepare a schedule of tentative prorations at least three (3) business days prior to the Closing Date. Such prorations, if and to the extent

known and agreed upon as of the Close of Escrow, shall be paid, through Escrow, by Buyer to City (if the prorations result in a net credit to City) or by City to Buyer (if the prorations result in a net credit to the Buyer) by increasing or reducing the cash to be paid by Buyer at the Close of Escrow. To the extent that, after the Close of Escrow, the Parties discover within ninety (90) days following the Close of Escrow that the prorations (or the adjustments made under this Section) were incorrect, each Party agrees to make any necessary corrective payment promptly upon the request of the other. A copy of the schedule of prorations as agreed upon by Buyer and City shall be delivered to Escrow Holder at least three (3) business days prior to the Closing Date.

11. Disbursements and Other Actions by Escrow Holder. At the Close of Escrow, Escrow Holder shall promptly undertake all of the following in the manner herein below indicated:

11.1 Recording. Cause the Grant Deed (with documentary transfer tax information to be affixed after recording), and any other documents which the Parties hereto may mutually direct to be recorded in the Official Records of the County of San Bernardino and obtain conformed copies thereof for distribution to Buyer and City.

11.2 Funds. Upon recordation of the Grant Deed in the Official Records of the County of San Bernardino, Escrow Holder shall disburse all funds deposited with Escrow Holder by Buyer in payment of the Purchase Price as follows:

11.2.1 Deduct all items chargeable to the account of City pursuant to Section 9.

11.2.2 If, as the result of the prorations and credits pursuant to Section 10, amounts are to be charged to account of City, deduct the total amount of such charges.

11.2.3 Disburse the balance of the Purchase Price to City promptly upon the Close of Escrow.

11.2.4 Disburse the remaining balance of the funds, if any, to Buyer promptly upon the Close of Escrow.

11.3 Title Policy. Direct the Title Company to issue the Title Policy to Buyer.

11.4 Disbursement of Documents to Buyer. Disburse to Buyer any other documents (or copies thereof) deposited into Escrow by City pursuant hereto.

12. City's Representations and Warranties.

12.1 Authority. City has the legal power, right and authority to enter into this Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby.

12.2 Existing Condition of Property. City is selling the Property to Buyer under this Agreement in the Property's present state and condition, and as of the Closing, Buyer agrees to accept the Property in its existing condition with all faults. Except as set out below, in consideration of City entering into this Agreement and as an inducement to City to sell the Property to Buyer, Buyer acknowledges and agrees that City has made no representations or warranties, express or implied, of any kind or type regarding the Property, the nature or condition of or title to

the Property or its improvements, any restrictions related to the development of the Property, the applicability of any governmental requirements pertaining to the Property or the suitability of the Property for any purpose whatsoever, including, without implied limitation, its past use, or its suitability or fitness for Buyer's intended use thereof, development expenses, building costs, zoning, assessment districts, encumbrances to title, topography, soil condition, surveys, environmental impact reports, hazardous materials reports and permit fees.

12.3 "AS-IS" Condition. Buyer acknowledges and agrees that Buyer is purchasing the Property on an **"AS-IS," "WHERE-IS"** basis. Buyer is not offering to purchase the Property based on any representation by City or City's agent. Buyer hereby acknowledges that the purchase of the Property is without warranties of any kind from City, expressed or implied, as to the condition of the Property or its improvements, if any, including, without implied limitation, soils, access to the Property or to utilities, appliances, structure, utility systems, roof, foundation, landscaping, or any other component of the Property. City does not warrant that Property conforms with any ordinances, including, without implied limitation, zoning or building.

12.4 Hazardous Materials. In accordance with California Health and Safety Code Section 25359.7, City acknowledges that to its current actual knowledge City is not aware that any release of Hazardous Materials has come to be located on or beneath the Property.

12.4.1 The term "Hazardous Materials" when used in this Agreement shall mean any hazardous waste or hazardous substance as defined in any federal, state or local statute, ordinance, rule, or regulation applicable to the Property, including, without limitation, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Title 42 United States Code §§ 9601-0662), the Resource Conservation and Recovery Act (Title 42 United States Code §§ 6901-6992k), the Carpenter-Presley-Tanner Hazardous Substance Account Act (Health and Safety Code §§ 25300-25395), and the Hazardous Waste Control Law (Health and Safety Code §§ 25100-25250.25). "Hazardous Materials" shall also include asbestos or asbestos-containing materials, radon gas, and petroleum fractions, whether or not defined as a hazardous waste or hazardous substance in any such statute, ordinance, rule or regulation. The term "Hazardous Materials Laws" shall mean those federal, state and local statutes, ordinances, rules and regulations governing the manufacture, storage, use, disposition and remediation of Hazardous Materials.

12.4.2 City shall provide access to the Property prior to Buyer's purchase of the Property for the purpose of providing Buyer an opportunity to investigate the Property and conduct, at Buyer's sole cost and expense, such investigations, inspections, surveys, analyses, plans, and tests of and related to the Property that Buyer deems necessary. City makes no representations or warranties concerning the Property, its suitability for the use intended by the Buyer, or the surface or subsurface conditions of the Property. Buyer assumes full and complete responsibility to make all investigations of surface and subsurface conditions which may be necessary or appropriate, and to evaluate the suitability of the Property for its use. If the soil conditions of the Property are not in all respects entirely suitable for the use or uses to which the Property will be put, then it is the sole responsibility and obligation of the Buyer to take such action as may be necessary to place the Property in a condition entirely suitable for such uses. Buyer shall indemnify, defend and hold harmless City, and its respective officials, officers, employees, attorneys, agents and volunteers from and against any and all liabilities, claims, demands, causes

of action, losses, damages, costs, expenses and attorneys' fees, settlements, judgments or recoveries of third Parties which may be asserted, brought or awarded arising out of or relating, directly or indirectly, to such investigations, inspections, surveys, analyses, plans, or tests.

12.4.3 Buyer fully releases and discharges City from and relinquishes all rights, claims and actions that Buyer may have or acquire against City which arise out of or are in any way connected with: (a) the presence of Hazardous Materials on, under or about the Property (including but not limited to any undiscovered Hazardous Materials located beneath the surface of the Property); (b) violations of any Hazardous Materials Laws pertaining to the Property or the activities thereon; and (c) the use, maintenance, operation, ownership or possession of the Property after Closing. This release applies to all described rights, claims and actions, whether known or unknown, foreseen or unforeseen, present or future. Buyer specifically waives application of California Civil Code Section 1542, which provides as follows:

> A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

By Initialing below, Buyer knowingly and voluntarily waives the provisions of the State Civil Code Section 1542 and all other statute and judicial decisions (whether state or federal) of similar effect solely regarding the waivers and release contained in this section.

Initials of Authorized
Buyer Representative(s)

12.4.4 Buyer agrees to defend, indemnify and hold harmless City, and its respective officials, officers, employees, attorneys, agents and volunteers from and against all claims, damages, losses, costs, expenses and liabilities (including, but not limited to, all attorneys' fees and court costs and expert witness fees paid or incurred by City) which arise out of or are in any way connected with: (a) the presence of Hazardous Materials on, under or about the Property (including, but not limited to, any undiscovered Hazardous Materials located beneath the surface of the Property), (b) violations of any Hazardous Materials Laws applicable to the Property or the activities thereon, and (c) the use, maintenance, operation, ownership or possession of the Property after Closing; provided, however, the foregoing shall not apply to the extent required by law for the City's own gross negligence or willful misconduct.

12.5 Buyer is, or prior to the Close of Escrow shall be, familiar with the Property. Buyer is relying solely upon, and Buyer acknowledges that Buyer has or prior to the Close of Escrow shall have conducted, Buyer's own, independent inspection, investigation and analysis of the Property as Buyer deems necessary or appropriate in so acquiring the Property from City (including, without implied limitation, any and all matters concerning the condition, use, sale, development or suitability for development of the Property). Buyer is not relying in any way upon any representations, statements, agreements, warranties, studies, plans, reports, descriptions, guidelines or other information or material furnished by City or City's representatives, whether

oral or written, express or implied, of any nature whatsoever regarding any of the foregoing matters.

12.6 Board Approval; Confidentiality and Publicity – City is a public entity and as such, this Agreement, shall be subject to approval by its City Council at a duly called and agendized public meeting. This Agreement shall be subject to the California Public Records Act. No press release or other public disclosure may be made by Buyer or any of its agents regarding Buyer's intent for this Property this transaction without the prior consent of City.

13. Buyer's Representations and Warranties. In consideration of City entering into this Agreement and as an inducement to City to sell the Property to Buyer, Buyer makes the following representations and warranties, each of which is material and is being relied upon by City (the continued truth and accuracy of which shall constitute a condition precedent to City's obligations hereunder):

13.1 Authority. Buyer has the legal right, power and authority to enter into this Agreement and to consummate the transactions contemplated hereby, and the execution, delivery and performance of this Agreement have been duly authorized.

13.2 No Other Action. No other action by Buyer is requisite to the valid and binding execution, delivery and performance of this Agreement, except as otherwise expressly set forth herein.

13.3 AS-IS Condition. Buyer acknowledges that Buyer is acquiring the Property **"AS-IS," "WHERE-IS"** without any warranty of City, express or implied, as to the nature or condition of or title to the Property or its fitness for Buyer's intended use of same. Buyer is, or as of the expiration of the Feasibility Period shall be, familiar with the Property. Buyer is relying solely upon, and as of the expiration of the Feasibility Period shall have conducted, Buyer's own, independent inspection, investigation and analysis of the Property as Buyer deems necessary or appropriate in so acquiring the Property from City (including, without implied limitation, any and all matters concerning the condition, use, sale, development or suitability for development of the Property). Buyer is not relying in any way upon any representations, statements, agreements, warranties, studies, plans, reports, descriptions, guidelines or other information or material furnished by City or City's representatives, whether oral or written, express or implied, of any nature whatsoever regarding any of the foregoing matters.

13.4 True at Close. The representations and warranties of Buyer set forth in this Agreement shall be true on and as of the Close of Escrow as if those representations and warranties were made on and as of such time. Buyer's representations and warranties made in this Section 13 shall be continuing and shall be true and correct as of the Close of Escrow with the same force and effect as if remade by Buyer in a separate certificate at that time. The truth and accuracy of Buyer's representations and warranties made herein shall constitute a condition for the benefit of City to the Close of Escrow and shall survive, and shall not merge into the Close of Escrow or the recordation of the Grant Deed in the Official Records of the County of San Bernardino.

14. Fire or Casualty. If, prior to the Close of Escrow, any part of the Property is damaged or destroyed by earthquake, flood, landslide, or other casualty, City shall immediately notify Buyer

of such fact. If such damage or destruction is "material," Buyer shall have the option to terminate this Agreement upon written notice to City given not later than ten (10) days after receipt of City's notice. For purposes hereof, "material" shall be deemed to be any uninsured damage or destruction to the Property or any insured damage or destruction (i) where the cost of repair or replacement is estimated to be One Hundred Thousand Dollars ($100,000.00) or more or shall take more than ninety (90) days to repair, in Buyer's good faith reasonable judgment.

15. Remedies.

15.1 Default by Buyer. **IN THE EVENT THE CLOSING AND THE CONSUMMATION OF THE TRANSACTION HEREIN CONTEMPLATED DOES NOT OCCUR AS HEREIN PROVIDED BY REASON OF ANY DEFAULT OF BUYER, BUYER AND CITY AGREE THAT IT WOULD BE IMPRACTICAL AND EXTREMELY DIFFICULT TO ESTIMATE THE DAMAGES WHICH CITY MAY SUFFER. THEREFORE BUYER AND CITY DO HEREBY AGREE THAT A REASONABLE ESTIMATE OF THE TOTAL NET DETRIMENT THAT CITY WOULD SUFFER IN THE EVENT THAT BUYER DEFAULTS AND FAILS TO COMPLETE THE PURCHASE OF THE PROPERTY IS AND SHALL BE, AN AMOUNT EQUAL TO THE DEPOSIT INCLUDING ANY ACCRUED INTEREST THEREON. SAID AMOUNT SHALL BE THE FULL, AGREED AND LIQUIDATED DAMAGES FOR THE BREACH OF THIS AGREEMENT BY BUYER. THE PAYMENT OF SUCH AMOUNT AS LIQUIDATED DAMAGES IS NOT INTENDED AS A FORFEITURE OR PENALTY WITHIN THE MEANING OF CALIFORNIA CIVIL CODE SECTIONS 3275 OR 3369, BUT IS INTENDED TO CONSTITUTE LIQUIDATED DAMAGES TO CITY PURSUANT TO CALIFORNIA CIVIL CODE SECTIONS 1671, 1676 AND 1677. NOTWITHSTANDING THE FOREGOING, NOTHING IN THIS SECTION SHALL LIMIT OR WAIVE CITY'S RIGHT TO: (I) RECOVER DAMAGES OR OTHER RELIEF IN THE EVENT OF FRAUD, WILLFUL MISCONDUCT, OR BAD FAITH BY BUYER; OR (II) ENFORCE ANY OBLIGATIONS OF BUYER THAT EXPRESSLY SURVIVE TERMINATION OF THIS AGREEMENT. UPON BUYER'S DEFAULT, THIS AGREEMENT MAY BE TERMINATED AT CITY'S OPTION, AND NEITHER PARTY SHALL HAVE ANY FURTHER RIGHTS OR OBLIGATIONS HEREUNDER, EXCEPT FOR CITY'S RIGHTS TO RETAIN THE DEPOSIT AS LIQUIDATED DAMAGES AND TO PURSUE THE ADDITIONAL REMEDIES RESERVED ABOVE.**

Buyer's Initials City's Initials

15.2 Default by City.

15.2.1 In the event City shall default under any of the terms and provisions of this Agreement, Buyer shall have the right, but not the obligation, in addition to any other rights or remedies which it may have at law or in equity, to terminate Buyer's obligations under this Agreement and the Escrow created hereby. In the event of such termination by Buyer: (a) Buyer shall be entitled to the immediate refund of the Deposit and any other funds deposited by Buyer into Escrow, including all interest earned thereon; and (b) compensation for damages recoverable by Buyer under California law, including, without limitation, due diligence costs and costs of

processing the Entitlements; provided, however, that any such compensation shall not exceed Ten Thousand Dollars ($10,000.00). In the alternative, Buyer may pursue any rights or remedies at law or in equity to acquire the Property, including the right to seek specific performance of City's obligation to convey the Property to Buyer and any other covenant of City in this Agreement. The termination of this Agreement by Buyer pursuant to its rights under this Section shall not relieve City of its liability for breach of its obligations hereunder but shall relieve Buyer of all of its obligations under this Agreement from the date of such termination.

15.2.2 Except as set forth in this Section 15.2.1, Buyer fully releases and discharges City from and relinquishes all rights, claims and actions that Buyer may have or acquire against City based on an event of default by City that prevents the Close of Escrow as required by this Agreement. This release applies to all described rights, claims and actions, whether known or unknown, foreseen or unforeseen, present or future. Buyer specifically waives application of California Civil Code Section 1542, which provides as follows:

> A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

By initialing below, Buyer knowingly and voluntarily waives the provisions of the Civil Code Section 1542 and all other statute and judicial decisions (whether state or federal) of similar effect solely regarding the waivers and release contained in this section.

16.2 Broker. City represents and warrants to Buyer, and Buyer represents and warrants to City, that no other broker or finder has been engaged by it, respectively, in connection with any of the transactions contemplated by this Agreement, or to its knowledge is in any way connected with any of such transactions. In the event of any such claims for additional brokers' or finders' fees or commissions in connection with the negotiation, execution or consummation of this Agreement, then Buyer shall indemnify, save harmless and defend City from and against such claims if they shall be based upon any statement or representation or agreement by Buyer, and City shall indemnify, save harmless and defend Buyer if such claims shall be based upon any statement, representation or agreement made by City.

16.3 Required Actions of Buyer and City. Buyer and City agree to execute all such instruments and documents and to take all actions pursuant to the provisions hereof in order to consummate the purchase and sale herein contemplated and shall use their good faith efforts to accomplish the Close of Escrow in accordance with the provisions hereof.

16.4 No Assignment. Neither Party may assign its rights or obligations under this Agreement without the prior written consent of the other, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, Buyer shall have the right, without City's consent, to transfer Buyer's rights and interests under this Agreement to a joint venture, partnership or other entity, so long as (a) such joint venture, partnership or other entity controls, is controlled by, or is under common control with Buyer; (b) the assignee must expressly assume in writing all of Buyer's obligations under this Agreement; and (c) Buyer shall deliver to City a copy of the fully executed written assignment and assumption agreement between Buyer and such assignee at least three (3) business days prior to Closing. Any attempt at assignment in violation of this subsection shall be void and without effect.

16.5 Partial Invalidity. If any term or provision of this Agreement or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each such term and provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.

16.6 Waivers. No waiver of any breach of any covenant or provision herein contained shall be deemed a waiver of any preceding or succeeding breach thereof, or of any other covenant or provision herein contained. No extension of time for performance of any obligation or act shall be deemed an extension of the time for performance of any other obligation or act except those of the waiving Party, which shall be extended by a period of time equal to the period of the delay.

16.7 Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the permitted successors and assigns of the Parties hereto.

16.8 Professional Fees. In the event of the bringing of any action or suit by a Party hereto against another Party hereunder by reason of any breach of any of the covenants, agreements or provisions on the part of the other Party arising out of this Agreement, the prevailing Party shall be entitled to have and recover from the other Party all costs and expenses of the action or suit, including reasonable attorneys' fees, accounting and engineering fees, and any other professional fees resulting therefrom.

16.9 Entire Agreement. This Agreement (including all exhibits attached hereto) is the final expression of, and contains the entire agreement between, the Parties with respect to the subject matter hereof and supersedes all prior understandings with respect thereto. This Agreement may not be modified, changed, supplemented or terminated, nor may any obligations hereunder be waived, except by written instrument signed by the Party to be charged or by its agent duly authorized in writing or as otherwise expressly permitted herein. The Parties do not intend to confer any benefit hereunder on any person, firm or corporation other than the Parties hereto.

16.10 Time of Essence. City and Buyer hereby acknowledge and agree that time is strictly of the essence with respect to each and every term, condition, obligation and provision hereof and that failure to timely perform any of the terms, conditions, obligations or provisions hereof by either Party shall constitute a material breach of and a non-curable (but waivable) default under this Agreement by the Party so failing to perform.

16.11 Construction. Headings at the beginning of each section and subsection are solely for the convenience of the Parties and are not a part of the Agreement. Whenever required by the context of this Agreement, the singular shall include the plural and the masculine shall include the feminine and vice versa. This Agreement shall not be construed as if it had been prepared by one of the Parties, but rather as if both Parties had prepared the same. Unless otherwise indicated, all references to sections and subsections are to this Agreement. All exhibits referred to in this Agreement and incorporated by this reference. In the event the date on which Buyer or City is required to take any action under the terms of this Agreement is not a business day, the action shall be taken on the next succeeding business day.

16.12 Governing Law. The Parties hereto acknowledge that this Agreement has been negotiated and entered into in the State of California. The Parties hereto expressly agree that this Agreement shall be governed by, interpreted under, and construed and enforced in accordance with the laws of the State of California.

16.13 Counterparts. This Agreement may be executed in counterparts, all of which when taken together shall be deemed fully executed originals.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the date and year hereinabove written.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Utilities Prepared By: Courtney Jones Staff Member Presenting: Scott Burton, Utilities General Manager Reviewed By: Dennice Raygoza, Courtney Jones, Michael Sigsbee Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 8

SUBJECT: **AN ORDINANCE AMENDING CHAPTER 8B OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE RELATED TO WATER SERVICE FEES**

RECOMMENDATION: That the City Council adopt an Ordinance amending Section 6-8.51 of Chapter 8B of Title 6 of the Ontario Municipal Code related to water service fees.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Pursue City's Goals and Objectives by Working with Other Governmental Agencies
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: There is no new fiscal impact anticipated from the proposed updates to Section 6-8.51 of Chapter 8B of Title 6 relating to water service fees and charges. There are no revisions to the current schedule of fees and charges being proposed at this time. If there are future fiscal impacts, they will be incorporated as part of the City's next comprehensive Rate Study. There is no impact to the General Fund.

BACKGROUND & ANALYSIS: The City owns and operates a potable water distribution system with over 40,000 service connections, providing high-quality drinking water to over 185,000 Ontario residents. The City also owns and operates a recycled water distribution system containing over 50 miles of pipelines with over 550 service connections, which supports the City's water conservation efforts by reducing the use of potable water. Recycled water is not approved for drinking and is primarily used for agricultural purposes, landscape irrigation, and commercial and industrial activities. Chapter 8B of the Municipal Code generally includes account services, criteria for water service design, construction, operations, and management of water facilities.

The proposed changes to Section 6-8.51 of Chapter 8B of Title 6 are intended to improve operational efficiency and ensure compliance with updated laws and regulations. These revisions also support public health and safety, and the reliability of the City's water system. Key proposed changes include:

- Revisions to ensure compliance with updated laws and regulations governing rates for water service outside the City limits.
- Revisions to enhance flexibility in supplying water for agricultural services to support efficient system management, regulatory compliance, and long-term resource sustainability.

The proposed ordinance amendments strengthen legal compliance and promote consistent application citywide. They also provide flexibility to support system optimization and proactive water resource management. Enhancing ordinance flexibility is aligned with the City's broader strategic goals by enabling adaptive policy implementation, improving operational resilience, supporting responsible growth, and ensuring long-term reliability and sustainability of the water system.

Staff and Legal have reviewed the proposed changes to Section 6-8.51 of Chapter 8B of Title 6 to ensure it meets state requirements. Staff recommends adoption of the proposed changes to the City's municipal code. The introduction and first reading took place at a public hearing held at the City Council meeting of April 7, 2026.

ENVIRONMENTAL REVIEW: The Ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15358 (the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, because it has no potential for resulting in physical change to the environment, directly or indirectly. Moreover, the City Council finds that this Ordinance is also exempt under CEQA pursuant to Guidelines Section 15061(b)(3) (there exists no possibility that the activity will have a significant adverse effect on the environment).

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING SECTION 6-8.51 OF CHAPTER 8B OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE PERTAINING TO WATER SERVICE FEES AND FINDING THAT SUCH ACTION DOES NOT QUALIFY AS A PROJECT SUBJECT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT UNDER STATE CEQA GUIDELINES SECTION 15378 AND IS OTHERWISE EXEMPT FROM CEQA UNDER STATE CEQA GUIDELINES SECTION 15061(b)(3).

WHEREAS, the City of Ontario (the "City") owns and operates a potable water distribution system that delivers high-quality drinking water to City residents along with a recycled water distribution system that supports the City's water conservation efforts by offsetting potable water use; and

WHEREAS, the City Council has determined that certain amendments to the City's Municipal Code are necessary in order to align with current business practices related to potable and recycled water use, and allow for optimization in operational, regulatory, public health and safety, or system reliability considerations; and

WHEREAS, the proposed amendments will specifically enhance flexibility in (1) establishing future rates for service outside the City's limits, supporting regional coordination and enabling the City to respond strategically to opportunities for external water service arrangements, and (2) supplying water for agricultural services to support efficient system management, regulatory compliance, and long-term resource sustainability; and

WHEREAS, the City Council finds the proposed amendments are aligned with the City's broader strategic goals by enabling adaptive policy implementation, improving operational resilience, supporting responsible growth, and ensuring long-term reliability and sustainability of the water system.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. Findings. The above recitals are true and correct and are incorporated herein by this reference.

SECTION 2. Section 6-8.51 (Service fees and charges) of Chapter 8B (Water Services) of Title 6 (Sanitation and Health) of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

"Sec. 6-8.51. Service fees and charges.

(a) Residential, non-residential, and private fire service water fees and charges. In addition to other fees, assessments, or charges provided by the Municipal Code or adopted by the City Council, the owner or occupant of any parcel of property for which no other water service fee or charge is provided, and which parcel of property is connected to the water system of the City, shall pay monthly water service fees and charges as established from time to time by resolution of the City Council.

(b) Turning water supply on and off. No charge shall be made for shutting off and turning on water supply when requested by the customer for the closing of an old account or the beginning of a new one. When service has been discontinued due to non-payment of utility bills or for any infraction of the rules, the charges to restore water service shall be as listed above. The customer shall pay these charges, plus the amount of any outstanding bills, before service can be restored.

(c) Construction water. All construction water shall be metered and charged.

(d) Temporary service connection. Temporary service connections shall be subject to the fees and deposits as established from time to time by resolution of the City Council. All water delivered through a temporary service connection shall be metered and charged.

(e) Water meter testing fee. Water meter testing fee shall be based on the actual costs of removal, testing and reinstallation of the meter.

(f) Reserved.

(g) Other water service work. This charge is based on actual time, travel and material cost based on the City's burden of labor and overhead rates in effect at the time service is provided.

(h) Reserved.

(i) Charges for agricultural use. Charges for usage of water for agricultural service, where the agricultural use provides assignment of water production rights to the City, shall be determined by the Utilities General Manager; provided, however, such charges will be consistent with the most recent rate study and current rates charged by the Chino Basin Watermaster for replenishment assessments.

(j) Charges for unmetered service. Unmetered usage of water and charges for unmetered usage of water shall be authorized by the Utilities General Manager prior to such usage; provided, however, such charges shall be reasonably in accordance with the charges established by resolution adopted by the City Council."

SECTION 3. CEQA. The City Council finds that adoption of this Ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15378 because the activity is not a "project" subject to CEQA. (Cal. Code Regs. Tit. 14, § 15378). Section 15378 defines a project as an activity that "has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment." (Cal. Code Regs. Tit. 14, § 15378(a).) These measures are not expected to result in any direct or reasonably foreseeable indirect physical change in the environment, and thus the Ordinance is not a project subject to CEQA. Moreover, the City Council finds that even if this Ordinance is considered a project, it is exempt from CEQA under State CEQA Guidelines Section 15061(b)(3), the "common sense" exemption, because it can be seen with certainty that there is no possibility that the Ordinance will have a significant effect on the environment. (Cal. Code Regs. Tit. 14, §15061(b)(3).)

SECTION 4. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase added by this Ordinance, or any part thereof, is for any reason held to be unconstitutional or invalid or in effective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, subdivisions, paragraphs, sentences, clauses or phrases are declared unconstitutional, invalid or ineffective.

SECTION 5. Effective Date. This Ordinance shall become effective thirty (30) days after its adoption by the City Council.

SECTION 6. Certification. The Mayor shall sign this Ordinance, and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 21st day of April 2026.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Utilities Prepared By: Thomas Palmieri Staff Member Presenting: Scott Burton, Utilities General Manager Reviewed By: Dennice Raygoza, Courtney Jones, Michael Sigsbee Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 9

SUBJECT: **PROFESSIONAL SERVICES AGREEMENTS WITH LEED ELECTRIC, INC., AND PROJECTLINE TECHNICAL SERVICES, INC., FOR ON-CALL WATER FACILITIES ELECTRICAL SYSTEMS AND MASTER PLANNING SERVICES**

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager, or designee, to execute a three-year Professional Services Agreement with Leed Electric, Inc., of Santa Fe Springs, California for On-Call Water Facilities Electrical Systems and Master Planning Services in the amount of $200,000 per year for a three-year total not-to-exceed amount of $600,000 and a term from July 1, 2026 to June 30, 2029, with the option to extend the Agreement for up to two additional one-year term extensions consistent with City Council approved budgets.
B. Authorize the City Manager, or designee, to execute a three-year Professional Services Agreement with Projectline Technical Services, Inc., of Costa Mesa, California for On-Call Water Facilities Electrical Systems and Master Planning Services in the amount of $350,000 per year for a three-year total not-to-exceed amount of $1,050,000 and a term from July 1, 2026 to June 30, 2029, with the option to extend the Agreement for up to two additional one-year term extensions consistent with City Council approved budgets.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The proposed three-year Agreements are for a combined not-to-exceed total amount of $1,650,000. At the City's discretion, up to two additional one-year extensions may be executed to continue the on-call services.

The proposed firms have agreed to fixed billing rates set forth in their respective Agreements for professional on-call, as-needed facilities electrical systems and master planning services. Fee increases after the first year will be negotiated but will not exceed 5% per year. Actual expenses will be based on billing rates and services rendered.

If approved, appropriations will be included in future Annual Budgets to City Council for approval as needed. There is no impact to the General Fund.

BACKGROUND & ANALYSIS: The City's Water Master Plan recommends capital improvement projects to maintain the reliability and availability of water services to the community and for system expansion to meet continued growth. The City's existing water system includes over 50 water production facilities, including production wells, treatment plants, booster stations, pressure-reducing stations, and reservoirs that range in age from 50-plus years to recently built and operational. Replacement, expansion, and maintenance of these existing and future water facilities require specialized guidelines, plans, and specifications for electrical, instrumentation, and control systems that connect legacy systems and best practices with new equipment and requirements, while maintaining a reliable and efficient system. Additionally, the City needs an on-call group of electrical specialists to oversee quality control and assurance checks during the design, construction, and commissioning phases of the water facilities' electrical systems. This will ensure the water system remains reliable as the City grows.

The City plans to retain two on-call electrical consultants, whose duties will include:

- Evaluating the existing design, construction, and commissioning guidelines, specifications, and practices for the City's water facilities' electrical, instrumentation, and control systems.
- Developing a standard set of design, construction, and commissioning guidelines, plans, and specifications for all City water facility projects to be used in the planning, design, and construction of these projects.
- Providing Quality Assurance and Quality Control (QA/QC) services during the design and construction phases for facility projects with complex electrical and control systems.

On September 29, 2025, the City solicited Requests for Qualifications (RFQ), Bid No. 1955, on PlanetBids for On-Call Water Facilities Electrical Systems and Master Planning Services. On November 7, 2025, the City received the following four statements of qualifications (SOQ) for these on-call services:

Company	Location
Leed Electric, Inc.	Santa Fe Springs, CA
Moore Twining Associates, Inc.	Fresno, CA
Projectline Technical Services, Inc.	Costa Mesa, CA
S Y Lee Associates, Inc.	Glendale, CA

Staff reviewed and evaluated each SOQ using a qualifications-based selection process for all firms

that submitted a response in accordance with the RFQ. Staff is recommending approval and award of the Professional Services Agreements to Leed Electric, Inc., and Projectline Technical Services, Inc., based on their broad range of expertise as demonstrated by their services provided to other municipal agencies and capability to perform the work in a timely manner.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **LEED Electric Inc**, a **CALIFORNIA CORPORATION**, with its principal place of business at **12333 Los Nietos Rd, Santa Fe Springs, CA 90670** ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing **electrical systems and master planning services** to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **On-Call Water Facilities Electrical Systems and Master Planning Services** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional **electrical systems and master planning** consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2026** to **June 30, 2029**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than **two** additional one-year terms. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The consultant shall be compensated in the amount of **Two Hundred Thousand Dollars ($200,000)** per fiscal year for a three-year total not-to-exceed amount of **Six Hundred Thousand Dollars ($600,000)** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House (“ACH”) payments. It is the City’s policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **Seyed Ali Jamali-Dinan, Chief Executive Officer**.

3.3.5 City's Representative. The City hereby designates **Dennis Mejia, P.E., Utilities Engineering Manager**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **Seyed Ali Jamali-Dinan, Chief Executive Officer**, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the

performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing

in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: **LEED Electric Inc**
12333 Los Nietos Road
Santa Fe Springs, CA 90670
ATTN: **Seyed Ali Jamali-Dinan, Chief Executive Officer**

City: City of Ontario
303 East "B" Street
Ontario, CA 91764
ATTN: **Dennis Mejia, P.E., Utilities Engineering Manager**

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from

the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing

party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

SCOPE OF SERVICES

EXHIBIT "A"

RFQual Proposed Scope of Services for
On-Call Water Facilities Electrical Systems and Master Planning Services

General Requirements and Objectives:

The City of Ontario Municipal Utilities Company is requesting Statement of Qualifications from qualified consulting firms for Operations and Engineering Specialists (referred to here as "Specialists") to provide On-Call Water Facilities Electrical Systems and Master Planning Services for three (3) years, with an option of renewing for two (2) consecutive one (1) year terms. The City desires to obtain the services of a maximum of three (3) qualified firms to provide on-call services. Task orders will be issued to firms on a competitive basis based on the qualifications and expertise of the Specialists, and the firms supporting staff and subconsultants. There is no designated minimum nor maximum value of services to be awarded to any one Consultant.

Request for Qualification (RFQual) is for Specialists to assist the City in the development of a Master Set of Electrical Guidelines, Standard Plans and Specifications (MSEGPS) to support water facilities projects. The City's water and sewer facilities include, but are not limited to, Production Wells, Ion Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations. The future MSEGPS will serve as OMUC's primary guideline for all electrical, supervisory control and data acquisition (SCADA), instrumentation and control (I&C), piping and instrumentation diagrams (P&ID) and cybersecurity requirements and best practices. Below is a list of the City's general objectives for this professional services contract:

1. Support the retainage and transfer of knowledge from current staff to the next generation of operators and engineers.
2. Evaluate the existing design, construction and commissioning guidelines and, specifications and practices for the City's water and sewer facility projects including but not limited to Production Wells, Ion Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations.
3. Improve and streamline the project delivery method from predesign/design to construction/commissioning for future water facility projects.
4. Develop a standardized set of design guidelines, plans and specifications for all the City's water facility projects.
5. Develop a standardized set of construction guidelines and specifications for all the City's water facility projects.
6. Develop a standardized set of commissioning guidelines and specifications for all the City's water facility projects.
7. Documents developed through this professional service agreement will be utilized by engineers, contractors, construction managers, and operators for future projects;
8. Provide Quality Assurance and Quality Control (QA/QC) services for complex electrical and control system projects.

Specialists should have expertise in electrical, supervisory control and data acquisition (SCADA), instrumentation and control (I&C), piping and instrumentation diagrams (P&ID) and cybersecurity services. Specialists will have a minimum of 8 years of experience in design, construction and/or operation of various City water and sewer facilities including but not limited to Production Wells, Ion

Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations. Specialists should possess the expertise and resources to provide comprehensive coordination with various stakeholders in achieving the City's objectives listed above. The City desires to work with experienced Specialists that would maintain positive working relationships with all City staff as well as other consultants and contractors; possess the ability to recognize project issues and recommend possible solutions early in the process on regulatory, technical, administrative, and managerial levels; coordinate and accomplish small and large tasks in a well-organized manner; communicate effectively in a public sector setting; and are enthusiastic about working as part of a team.

Each Prospective Consultant (or listed subconsultant) is required to be able to provide all the services listed in this RFQual.

The following scope of services provides general categories of services that may be required for each task order requested. The categories are not an exhaustive list of services but rather a sampling of the services that are typically included, but not limited to, within that area of the scope in order to demonstrate the qualifications needed for that scope of services.

Specific services requested under these agreements shall be identified by the City at the time of the request for a specific task order. For each task order requested by the City, the Consultant shall provide a task order proposal that identifies the specific scope of services to be performed, the necessary project management activities, task budget, and task schedule. Upon City's approval of the proposed task's scope of services, the City will issue a notice to proceed with purchase order requisition for the work. The Consultant is encouraged to provide recommendations with respect to scope and order of completion.

No task order or scope of services shall be performed without first receiving authorization from the City and notice to proceed with the task order. Refer to Professional Services Agreement in Exhibit "B" to review the General Requirements and other conditions.

Consultant shall be aware that certain labor categories above may be subject to prevailing wage rates as identified in the California Labor Code commencing Section 1770 et Seq. Determination of whether or not Prevailing Wages shall apply will be determined when the City's Project Manager identifies the scope of specific task orders. Please refer to Paragraph XI.11 "Prevailing Wage and Contractor Registration" of this RFQual, and Paragraph 3.10.6 "Prevailing Wages" of the Professional Services Agreement for further requirements.

Services to be performed under this contract may include:

<u>On-Call Services</u>

1) **Project Management and Administration (Applicable to each Task Order issued)**
   a) Prepare meeting agendas, conduct meetings and workshops with stakeholders, and prepare meeting minutes incorporating all stakeholders' feedback.
   b) Prepare monthly invoicing and progress report including a summary of work completed, tasks anticipated to be completed in the next month, and a review of work status relative to budget and schedule.
      i) Any divergences between work completed and budget expended, and schedule needs to be specifically explained and addressed to avoid future budget short-comings and delays in schedule.

ii) If divergences occur between work completed and budget expended, and schedule, a recovery plan must be provided to City's project manager that demonstrates how the project will be brought back on schedule and within budget.

c) Coordinate with City Staff, other consultants, and contractors.

2) Information Gathering

a) Prepare and maintain a tracking log and database of all the gathered documents

b) Conduct preliminary interviews with Engineering and Production staff on the current procedures and best practices for the predesign, design, construction, commissioning and operations of the various types of water facility projects.

c) Conduct field assessments of the City's various existing water facilities

3) Develop Standard Operating Procedures (SOP) for the Design, Construction, Commissioning and Operation

a) Prepare individual SOP for various water facility projects. SOP should include, but not limited to, the following

i) Subsection per phase of development and operation

ii) A section of common troubleshooting best practices

iii) Templates for a standardized I&C and P&ID drawing for various water facility projects, using ISA 5.1 tagging systems

iv) Material Lists with Item, Description, Manufactor, Make, Model

4) Assessment Report

a) The assessment report should have a comprehensive understanding of all the City's current practices and procedures for designing, constructing, operating and maintaining the City's various water facilities, and provide recommendations for areas of improvement.

5) Planned and Unplanned Maintenance 5-year Forecasting Budget

a) Prepare a Risk Matrix to determine the likelihood of unplanned maintenance and the potential added costs for accelerating the maintenance for emergency repairs.

6) Tagging System for OMUC's future Asset Management System

a) Knowledgeable of the operation of the "City Works" software system

b) Coordinate and support OMUC Planning Division with OMUC's Asset Management System on an as needed basis.

7) Design Guidelines

a) Prepare a set of design guidelines for water facility projects.

i) Consider using the existing Water and Sewer Design Development Guidelines and Specifications on the City's website as a formatting baseline (see link below)

(1) https://www.ontarioca.gov/government/public-works/engineering/design

ii) Incorporate industry standards and regulations including, but not limited to, AWWA, ISA, IEEE, NFPA, etc.

8) Standard Plans and Specifications

a) Prepare a set of standard plans for various water facility projects. Each set of plans may include the following drawings.
   i) P&ID
   ii) I&C
   iii) Typical subsystems for the facilities
   iv) Control Panel Layouts
   v) Electrical schematics and details
   vi) Mechanical schematics and details

b) Standard Specifications for items listed above

9) Electrical and SCADA Master Planning

a) Prepare an Electrical and SCADA Master Plan that will assist in the execution of the City's Water Master Plan
b) Include instrumentation, engineering standards relevant to I&C
c) Knowledgeable of the requirements from ISA 5.1 tagging standard and ISA 112 SCADA standards
d) Coordinate with OMUC Water Production staff and City IT Department's in any SCADA security system efforts for water facility projects
e) Knowledgeable of all local, state, and federal electrical engineering standards
f) Prepare arc flash mitigation study and recommendations
g) Standardized relay logic and electrical drawing legend sheets
h) Prepare Specifications
i) Develop a CAD standard for OMUC and implement a database
   i) Database should be a basis for electrical and I&C engineering work, to allow OMUC to track electrical and instrumentation and controls assets.
   ii) Knowledge of available electrical design systems software and provide recommendations for software that OMUC should implement into our design review practices

10) SCADA Security Risk Assessment

a) Coordinate with OMUC Water Production staff and City IT Department's current control system network security practices and guidelines for water facilities connected to the SCADA network.
b) Review and assess the City's current practices against other industry standard guidelines, including AWWA J100, ISA 95 etc.
c) Prepare a risk assessment report and recommendations for improvement.

11) On-Call Quality Assurance and Quality Control (QA/QC) Services

- Quality Assurance and Quality Control (QA/QC) review for electrical, I&C and/or P&DI submittals during the pre-design, design, construction and/or commissioning phase
- Subject Matter Expert (SME) Services
- Risk Management Services to conduct HAZID/HAZOP studies
- Constructability Review
- Construction Inspection
- Commissiong Support

Executive Summary:

11-07-2025

City of Ontario

Ref: Statement of Qualification

LEED Electric, Inc. is pleased to submit this statement of qualification as the Electrical Subcontractor for this ***[On-Call Water Facilities Electrical Systems & Master Planning]*** Project.

LEED Electric has provided quality services through a long 46 year history with the County of Los Angeles, the City of Los Angeles, County of Orange, the Metropolitan Water District of Southern California, the Department of Water and Power, Long Beach Water Department, City of Santa Monica Water Resources Division, Water Replenishment District (WRD) of Southern California, Los Angeles Wastewater Information Network System (LAWINS), Eastern Municipal Water District, and the City of Santa Ana. LEED Electric, Inc. is a qualified Small Business Enterprise with the State of California Department of General Services as well as a Certified Small Business Enterprise (SBE) with the Port of Long Beach. Numerous other public works projects have been successfully completed for virtually every local City and/or County governmental agency including Orange County Water District, Orange County Sanitation District, Los Angeles County Sanitation District, State of California Water Resources and other state agencies, and most recently expanding services to Northern California with the opening of satellite offices in Stockton and Folsom, California to support projects in Stockton, Monterey and East Bay MUD.

LEED Electric, Inc. employs local tradesmen affiliated with the International Brotherhood of Electrical Workers and is signatory with IBEW locals from Sacramento to San Diego County and complies with Project Labor Agreements (PLA) from Northern to Southern California. LEED Electric has extensive experience in industrial water related projects and intricate electrical control projects in the greater Los Angeles, Orange County and Riverside County areas. LEI is dedicated to on-time delivery of materials, labor and services for construction endeavors at all times, and along with the on-time delivery LEI responds to all inquiries for service in a timely and professional manner, with a commitment to provide the products or services meeting or exceeding the specifications of the customer. LEED Electric, Inc. (LEI) is a local full service electrical contractor with extensive experience in public works projects, having successfully completed hundreds of public works contracts during their 46-year history-from a high end of $40.0M to various projects in the $1.00MM to $5.00MM ranges.

In summary, our team of local craftsmen overseen by an experienced management team that consists of a Chief Executive Officer, Division Managers, Superintendents, Operations Personnel, Project Managers and Project Engineers to oversee quality products and services are provided and has the requisite expertise and experience in working as the electrical subcontractor for this project. Some of our satisfied customers are included in the latter portion of this statement of qualification for reference. We hope you determine that our qualifications meet your requirements. Please contact me at sjamali@leedelectric.com or (562) 270-9500 with any questions.

Yours truly,

Seyed (Seth) A. Jamali Dinan, Chief Executive Officer

> Company History & Structure

BACKGROUND:

LEED Electric Inc. is an experienced and highly recommended full-service commercial and industrial electrical, control & instrumentation contractor. The company has a reputation for completing projects on time, within budget and to the client's satisfaction. The company's comprehensive knowledge of new technologies combined with the highly trained staff and more than 46 years of experience performing heavy contracting work make LEED Electric a provider of choice. LEED Electric began operations in 1979 performing work at oil refineries, chemical plants and aerospace facilities. Later began doing public work for various municipal and county facilities on pumping plants, water treatment plants, and sewage treatment plants installing power and control systems, automation/measuring systems.

MISSION:

The mission of LEED Electric is to provide highest quality electrical, control & instrumentation installations performed safely by highly trained, skilled craftsmen to meet or exceed customer specifications.

VERSATILITY:

Contracts ranging to over $5.0 million have been successfully completed. Maintenance programs with special rates designed to fit customer needs have been provided.

PERFORMANCE:

LEED Electric has a consistent record of completed projects on or before target dates.

SAFETY:

Strict adherence to safety standards is an integral part of daily operations.

> Company History & Structure

COMMUNICATION:

LEED Electric's experienced management team is concerned about completing projects correctly and on time. The company understands that growing reputation depends on it. Constant communication with field personnel enables project managers to stay informed of job progress insuring smooth operation to timely completion.

LITIGATION:

LEED Electric has not had any litigation or threatened litigation against the firm that will affect the company's performance or completion of this proposed program.

1. The organization has never been subject of litigation for failure to meet contracted obligations to deliver or supply electricity since its inception in 1979.
2. The company has no breach of contract or criminal legal actions with potential liabilities above $50,000 or involving imprisonment (now or pending) against the company itself, any official, officer or employee of the company submitting qualifications over the last 46 years.
3. LEED Electric has not filed for bankruptcy, is not currently in default of business loans and is not responsible for undisputed payments to suppliers or transporters which are over 60 days past due.

Staffing Resources:
Firm Staffing & Key Personnel

Firm: LEED Electric, Inc.
Project: On-Call Water Facilities Electrical Systems & Master Planning Services (1955)
Date: 11/07/2025

Staffing Resources:

(i) Staffing Capacity and Assigned Personnel
Our firm will assign a dedicated project team to perform the Services, consisting of the following staff:

- [John Hogan] – Division Executive
- [Cody Engelhardt] – Director of Field Operations
- [Samer Al Sibai] – Project Manager
- [Jeffrey Rua] – VP of Sales
- [Ivan Delgado] – Project Engineer
- [Kaycee Harland] – Administrative/Bid Coordinator
- [Lashawn Lugo] - Contracts Support

We maintain a scalable internal workforce and have the capacity to allocate additional qualified personnel as project requirements increase. Our firm can also draw from a pre-qualified subcontractor and internal labor pool to support workload surges or specialty tasks as needed.

(ii) Principal Points of Contact
The following three individuals will serve as the primary representatives to the City:

- **[Seth A. Jamali-Dinan] – Chief Executive Officer**
- **[Samer Al Sibai] – Project Manager**
- **[Jennifer Montgomery] – Proposal Manager**

All principal individuals will attend interviews and in-person presentations if selected as a finalist.

(iii) Team Organization and Key Personnel Roles
The proposed organizational structure is designed to ensure efficient communication, accountability, and responsiveness:

- Project Executive – Executive oversight and strategic direction
- Project Manager – Project delivery, coordination, and reporting
- Lead Estimator/Technical Lead – Cost development and quality control
- Project Engineer – Technical and administrative support
- Administrative Support – Document control and compliance management

(iv) Team Biographies
Brief biographies for each key team member are included below, highlighting relevant experience and qualifications.

Seyed (Seth) A. Jamali-Dinan – Chief Executive Officer:

As CEO of LEED Electric, Mr. Jamali Dinan enhances the company's leading posture in the industry by implementing new strategies and technologies in the field and for in-house operations. He is responsible for leading the company into new product development and new market expansion, assuring its continued growth and prosperity. Mr. Jamali Dinan oversees all aspects of company operations including: sales, estimating, project management, accounting, purchasing, contact administration, project development, customer relations, and employment development for all employees. Mr. Jamali Dinan has over 18+ years of experience in the field of general and electrical contracting and provides the intuitive real and nuanced insights needed to detect and assess the most inconspicuous challenges and undefined subtle issues and exact the precise solution for any situation. Mr. Jamali Dinan actively serves as the guiding influence to the entire management team as well as the other members of the firm. Mr. Jamali Dinan obtained his Electrical Engineering degree from the University of Nottingham in the UK in 1999 later on attending the University of Southern California (USC) receiving his MS in Construction Management in 2006. Prior to joining LEED Electric, Mr. Jamali Dinan worked as a Project Manager for over 14 years for a major General Contractor in the US and successfully completed construction projects ranging from $32M to a high end of $225M in value.

John Hogan – Division Executive:

Mr. Hogan joined LEED Electric in February 2024 as the Division Executive for Los Angeles County area and Special Projects to provide operational oversight for client management, financial and reporting issues, develop corporate policies and procedures and workforce planning and analysis. Mr. Hogan joins our Executive Team, which includes the CEO, CFO, the Division Vice President and Vice President of Sales. Mr. Hogan joins LEI with an Electrical Engineering Degree from Gonzaga University and over 35 years' experience in the construction industry as a Project Manager, Lead Estimator, Project Executive and Division Executive. Project experience includes multiple projects in the transportation industry including over $400M of work with LAX, the Ports of Los Angeles and Long Beach, the MTA and the Alameda Corridor. Additionally, experience includes multimillion dollar projects for LADWP, Utility Grade Solar, numerous Industrial Water/Wastewater clients including MWD, EMWD, WMWD and others. We look forward to his leadership and mentorship of the younger generation of Electrical Project Managers.

Jeffrey Rua – Vice President of Sales:

Mr. Rua joins the LEED Estimating Division in November 2023 with over 30 years in the construction industry in local, national, and international markets. Revenue capture with emphasis on heavy, industrial, and commercial electrical construction. Executive leadership: a teacher and mentor, committed to building the next generation of specialty construction professionals.

Cody Engelhardt – Director of Field Operations:

Mr. Engelhardt joined the LEED team in July 2020, as our Orange and Riverside County Superintendent. He is a state certified, journeyman electrician with over 10 years of experience in the electrical industry. The projects that Mr. Engelhardt has been involved with have ranged from small single-owner operations to Fortune 500 companies. Mr. Engelhardt is a goal-oriented individual with a customer service focus, he thrives in high energy, fast-paced work environments and enjoys working with others. His background includes all facets of electrical construction from ground up, to tenant improvement projects and service jobs as a journeyman and a foreman electrician. Mr. Engelhardt is extremely organized and adept in keeping records from project tracking to crewmember staffing logistics. Some of the projects Mr. Engelhardt has completed and/or been involved with are Tustin Fire Station #37, Berth 200 PV System, Vista/ Valley Substation Control Building for Southern California Edison, Crafton Hills Pump Station, as well many more, such as Irvine Valley College - Technology Building, B. Braun Pharmaceuticals - Mixing Tank Replacement 2017 & 2018. His qualifications are: California State License Number #153070, OSHA 10 & 30, First Aid/CPR trained, Heat Illness, Arc Flash/Energized Work, QSP and Confined Space trained. Mr. Engelhardt is a great leader to our Orange County crews and has been recognized with a promotion most recently in April 2024 to Director of Field Ops. He's a great example to our younger staff that shows how years of hard work can pay off!

Samer Al Sibai – Project Manager:

Samer joined the LEED Electric Team in March 2023, bringing with him several years of experience in Construction and Project Management; with a Bachelor of Science in Electrical Engineering from Homs State University, he has over 18 years of experience working on industrial and commercial projects across the USA and UAE. He started his career in Dubai / UAE with Omega Engineering PJSC, where he contributed to the completion of four different Skyrise buildings at the Jumeirah Lakes Towers. He then transitioned to Drake & Scull International PJSC, overseeing the Emirates Mall Expansion Project and Sahara Mall Expansion Project. Upon relocating to the USA, he further honed his skills with Neal Electric, working on multiple industrial projects like Terminal Island Water Reclamation Plant, Long Beach Pump Station, and LA METRO, before joining Helix Electric, where he contributed to projects such as the LAX Airport Midfield Satellite Concourse (MSC) North Project and the Amazon LAX35 Building Project. Samer's role includes a wide range of responsibilities, within construction projects; these include a review of specifications and drawings, diligent monitoring and management of construction progress, and the financial aspects of the project. Additionally, he actively participates in the final testing and commissioning process, ensuring smooth project execution within designated budgets and timelines. He has experience in various project management tools and platforms such as PlanGrid, BlueBeam, AutoCAD, Navisworks Freedom, CMiC, Oracle Textura, Accubid ChangeOrder, Procore, Spectrum Construction, Aconex, Kahua, Job Walk, and VEO HQ. We are happy to have Samer on our team and look forward to a great future, currently he is managing several projects in Orange County, most importantly a PRIME Bid for LEED for the City of Garden Grove SCADA Master Plan Implementation.

Ivan Delgado - Project Engineer:

Mr. Delgado graduated from Cal Poly Pomona with a Bachelor of Science in Construction Engineering & Management, with a specialization in pre-construction
and project management. Throughout his academic tenure, Mr. Delgado actively engaged in projects aimed at honing practical skills in these areas. Notably, he collaborated with industry leader Cordoba to enrich the curriculum with real-world applications. Upon joining LEED Electric full-time in March 2023, Mr. Delgado assumed a crucial role in tracking project RFIs, submittals, change orders,
material buyouts, and procurement activities. At LEED Electric, Mr. Delgado plays a pivotal role in ensuring the smooth progress of projects by meticulously tracking and managing RFIs, submittals, and change orders. He demonstrates exceptional proficiency in coordinating material buyouts and procurement processes, ensuring timely acquisition of resources essential for project execution. With his specialized focus, industry experience, and comprehensive skill set, Mr. Delgado continues to make significant contributions to LEED Electric's projects. His expertise in project tracking and procurement activities underscores his value as an integral member of the team, positioning him for continued success and advancement in the construction industry.

Kaycee Harland – Administrative / Bid Coordinator

Kaycee Harland is an Estimating Coordinator with experience supporting large-scale electrical construction bids through document control, subcontractor outreach, and proposal preparation. She has a strong background in purchasing, accounts payable/accounts receivable, and project administration within the electrical contracting industry. Kaycee is skilled in reviewing plans and specifications, coordinating vendor communication, and organizing accurate bid packages and logs. She is proficient in standard office and industry software including Microsoft Office, Bluebeam, Procore, QuickBooks, Sage, and NetSuite. With a commitment to accuracy, organization, and timely execution, she contributes to efficient estimating workflows and successful bid submissions.

Lashawn Lugo – Contracts Specialist

LaShawn Lugo is a seasoned Contracts Specialist with more than ten years of experience supporting procurement, contract administration, and compliance processes in both public and private sectors. She is skilled in drafting, reviewing, and negotiating contract terms, managing vendor relationships, and ensuring adherence to organizational and regulatory requirements. LaShawn brings expertise in document control, contract lifecycle management, and coordinating with cross-functional teams to support efficient project delivery. Known for strong attention to detail and a thorough understanding of contract procedures and risk mitigation, she contributes to streamlined operations and successful contract execution.

Experience & Technical Competence:

a. Experience
b. Project Specific Experience
c. Technical Competence

> Experience & Technical Competence

a. Experience

(i) Relevant Experience and Capabilities

LEED Electric, Inc. has over **45 years of experience** providing full-service electrical and instrumentation contracting throughout Southern California. Our firm has successfully completed numerous projects for public agencies involving water/wastewater treatment facilities, pump stations, and infrastructure upgrades—services directly aligned with the goals of this RFQual.

Our experience encompasses:

- **Electrical and Instrumentation Construction** for water and wastewater treatment facilities.
- **SCADA and Control System Integration**, including PLC programming and commissioning.
- **Medium- and Low-Voltage Power Distribution**, MCC installations, and conduit/raceway systems.
- **Design-Build and Design-Bid-Build Delivery** for municipal, county, and state clients.

LEED Electric's team consistently provides reliable, cost-effective solutions that meet City standards, safety regulations, and project timelines. Our proven technical competence, attention to detail, and proactive communication ensure high-quality results for every project.

(ii) Experience of Assigned Staff

The LEED Electric project team proposed for this work consists of experienced professionals with specialized expertise in public infrastructure and water/wastewater facilities.

- **Project Managers and Superintendents** – Skilled in coordinating with City staff, design engineers, and inspectors to ensure project efficiency, code compliance, and adherence to City of Ontario standards.
- **Estimators and Project Engineers** – Experienced in detailed takeoffs, specification review, and cost control specific to public works electrical scopes.
- **Electricians and I&C Technicians** – Qualified and certified professionals proficient in the installation, calibration, and testing of process control systems, power distribution, and communication networks.

Our team's combined technical background ensures the ability to anticipate field challenges, maintain safety standards, and deliver high-performing electrical systems for municipal applications.

(iii) Years in Business

LEED Electric, Inc. was established in **1976** and has been in continuous operation for **over 45 years**. The company has extensive experience providing electrical and instrumentation services to public agencies across Southern California, meeting or exceeding all client performance expectations.

(v) Local Experience and Knowledge of the City of Ontario

LEED Electric, Inc. is headquartered in **Santa Fe Springs, California**, with project experience across the **Inland Empire**, including multiple public works and infrastructure improvements for the **City of Ontario and neighboring jurisdictions**.

Our firm is familiar with:

- City of Ontario's **standard specifications and electrical codes** for municipal infrastructure.
- Coordination with **City Public Works and Engineering staff**, including inspection and permitting processes.
- Local **utility requirements and regional subcontractor networks**, allowing efficient project delivery and cost control.

Our longstanding presence and understanding of the City's operational standards ensure seamless collaboration, responsive service, and consistent adherence to project goals.

b. Project Specific Experience:

Project No. 1	
Project Name	Electrical Repair and Rehabilitation Program
Location	Santa Ana, CA
Owner	City of Santa Ana
Project Manager Name E-mail and Telephone No.	Cesar E. Barrera, P.E. (714) 647-3387 cbarrera@santa-ana.org
Contract Value (including change orders)	$676,673.00 Annually
Brief Description of Firm's Scope of Work for the Project	Provide labor, materials, and equipment necessary to repair, replace, and install existing and new electrical systems as required for the following types of facilities: Water Booster Stations, Sewer Lift Stations, Water Reservoir Sites, Pressure Control Stations, Well Sites. Which consists of Repair or replacement of motor control stations (up to 480 volts), Repair or replacement of exterior wiring, interior wiring, conduit, solid state soft starters, variable-frequency drives (VFD), motor controls, switch gears, fuses, electrical circuit boxes, transformers, etc. Trouble shooting of existing electrical wiring and appurtenances, new installations of electrical wiring and appurtenances, Telecommunication installations and Technical electrician support to City Staff as necessary.
Completion Date	December 2021

Project No. 2	
Project Name	On-Call Electrical Contracting
Location	Costa Mesa, CA
Owner	Mesa Water District
Project Manager Name E-mail and Telephone No.	Karyn Igar, PE (949) 207-5452 KarynI@MesaWater.org
Contract Value (including change orders)	$100,000.00 Annually
Brief Description of Firm's Scope of Work for the Project	Electrical & Instrumentation Maintenance, Repairs and Replacement for all of Mesa Water Districts Well Sites and Reservoir Site. Required experience with potable water treatment and distribution. Emergency and Pre-planned repairs.
Completion Date	5 Year Contract – 2018-2023

Project No. 3	
Project Name	On-Call Instrumentation and Electrical Maintenance Support Services
Location	Long Beach, CA
Owner	Water Replenishment District of Southern California
Project Manager Name E-mail and Telephone No.	Jessica Koop, P.E. (562) 275-4219 jkoop@wrd.org
Contract Value (including change orders)	$500,000.00 Annually
Brief Description of Firm's Scope of Work for the Project	Electrical & Instrumentation Maintenance, consisting of, running new or replacing circuits in all types of conduits, including power and lighting, Installing or repairing instruments, Calibrating instruments, Installing or replacing electrical equipment and gear, Lighting systems and lighting control systems, Receptacles, switches, data and telephone cables, Emergency lighting equipment, Motors, MCC panels, Electrical breakers repair/replacement, VFD and soft starters repair/replacement, Various maintenance support services and Routine/preventative equipment maintenance.
Completion Date	3 Year Contract – 2020-2023 – Awarded Again 2023-2025

c. Technical Competence:

(i) Description of In-House Resources

LEED Electric, Inc. maintains robust in-house resources that support the efficient delivery of complex electrical and instrumentation projects. Our estimating, design support, and project management teams utilize advanced software and digital tools to ensure precision, coordination, and timely execution.

- **Computer Capabilities & Software Applications:**
  - **Estimating:** Bluebeam Revu, and Trimble Accubid for accurate takeoffs and cost modeling.
  - **Design Support:** AutoCAD and Revit for electrical layout review and coordination with design teams.
  - **Project Management:** Procore and Microsoft Project for scheduling, document control, and team collaboration.
  - **Administrative & Communication Tools:** Microsoft 365 Suite and Adobe Acrobat for documentation, reporting, and communication efficiency.

Our internal network infrastructure supports high-speed data exchange and secure cloud-based file sharing, enabling seamless collaboration between office and field personnel.

(ii) Multi-Disciplinary Staff Capabilities

LEED Electric has the ability to draw upon a multi-disciplinary team of professionals to address the full scope of services requested under this RFQual. Our team includes:

- **Licensed Electricians and Field Supervisors** experienced in industrial and municipal infrastructure, water/wastewater treatment, and public works projects.
- **Instrumentation & Controls (I&C) Specialists** skilled in PLC programming, SCADA integration, and process automation.
- **Estimators and Project Engineers** are proficient in design-build and design-bid-build project delivery.
- **Safety and Quality Control Personnel** ensuring compliance with all regulatory, environmental, and owner-specific standards.

This integrated structure allows LEED Electric to manage all phases of a project—from preconstruction planning through system commissioning—with a high degree of technical accuracy and responsiveness.

TAB 6

Proposed Method to Accomplish the Work:

PROPOSED METHOD TO ACCOMPLISH THE WORK

Date: 11/07/2025

City of Ontario
Purchasing Department
303 East "B" Street
Ontario, CA 91764-4196

Subject: **Proposed Method to Accomplish the Work – On-Call Water Facilities Electrical Systems and Master Planning Services (RFQual No. 1955)**

To Whom It May Concern:

LEED Electric, Inc. is pleased to submit our proposed method and approach for providing **on-call electrical systems and master planning services** to the City of Ontario Municipal Utilities Company (OMUC). Our team's approach is structured to ensure high-quality deliverables, efficient project execution, and effective collaboration with City staff throughout the three-year contract period.

1. Project Understanding

We recognize the City's objective to develop a unified set of **Master Electrical Guidelines, Standard Plans, and Specifications (MSEGPS)** for water and sewer facilities including production wells, treatment plants, booster and pressure-reducing stations, reservoirs, and lift stations. These standards will form the foundation for consistent design, construction, and commissioning practices, ensuring reliability, safety, and cybersecurity compliance across all OMUC assets.

2. Technical Approach

Our methodology emphasizes technical accuracy, coordination, and constructability:

- **Assessment & Information Gathering:** Conduct field visits and staff interviews to document existing conditions, operational practices, and control strategies.
- **Gap Analysis:** Review existing standards and specifications to identify opportunities for improvement and alignment with AWWA, ISA, IEEE, and NFPA standards.
- **Development of Design and Construction Standards:** Prepare templates and standard details for I&C, P&ID, and SCADA systems incorporating ISA 5.1 and ISA 112 standards.
- **Electrical & SCADA Master Planning:** Develop a City-wide master plan that integrates electrical power systems with SCADA and cybersecurity strategies.
- **QA/QC and Commissioning Support:** Provide peer review, risk assessment (HAZID/HAZOP), and commissioning support for task-order projects to ensure quality, safety, and schedule adherence.

3. Management Approach

Our team will maintain **open communication** and **structured project management** practices to support OMUC staff:

- **Task Order Management:** Each assignment will begin with a detailed scope, budget, and schedule developed in coordination with the City's Project Manager.
- **Coordination and Meetings:** We will hold regular progress meetings, track milestones, and document all action items.
- **Quality Assurance:** All deliverables will undergo internal QA/QC reviews to ensure compliance with City standards.
- **Schedule and Budget Control:** Monthly progress reports will identify accomplishments, upcoming tasks, and cost tracking to maintain transparency.

4. Deliverables and Schedule
Deliverables will include assessment reports, SOPs, design guidelines, and standard plans/specifications submitted in draft and final forms. Each task order will have a mutually agreed timeline, ensuring responsiveness to City priorities and operational needs.

5. Commitment to the City of Ontario
Our firm is committed to partnering with the City to enhance operational reliability, reduce long-term maintenance costs, and ensure system standardization across OMUC's facilities. We bring a multidisciplinary team with deep experience in water utility electrical, I&C, and SCADA systems and look forward to contributing our expertise to the City's infrastructure goals.

Respectfully submitted,

Seyed A. Jamali-Dinan
Chief Executive Officer

Certification of Proposal:

CERTIFICATION OF PROPOSAL LETTER

Date: 11/07/2025

City of Ontario
Purchasing Department
303 East "B" Street
Ontario, CA 91764-4196

Subject: Certification of Proposal – On-Call Water Facilities Electrical Systems and Master Planning Services (RFQual No. 1955)

To Whom It May Concern:

The undersigned hereby submits this proposal and, by doing so, agrees to furnish professional services to the City of Ontario in accordance with the terms, conditions, and requirements of the Request for Qualifications (RFQual) for On-Call Water Facilities Electrical Systems and Master Planning Services, and to be bound by all terms and conditions set forth therein.

The undersigned further certifies that:

1. The information contained in this proposal is true and correct to the best of our knowledge.
2. The proposal is genuine and not collusive or made in the interest of, or on behalf of, any person not named herein.
3. The proposer has not directly or indirectly induced or solicited any other proposer to submit a sham proposal, or any other person to refrain from submitting a proposal.
4. The proposer has not sought by collusion to secure any improper advantage over any other proposer or to gain any advantage or benefit from the City of Ontario.
5. The proposer has reviewed and will comply with all applicable federal, state, and local laws, regulations, and ordinances in the performance of any agreement awarded as a result of this solicitation.

Respectfully submitted,

Appendices:

JEFF RUA

VP of Sales

LEED: 3 years

LOCATION: Orange County, CA

Mr. Jeff Rua serves as Vice President of Estimating for LEED Electric, bringing over 30 years of experience in electrical estimating, preconstruction, and cost management for complex industrial, water, wastewater, and public infrastructure projects across Southern California. He has held senior estimating leadership roles with several major electrical contractors, overseeing conceptual estimating, bid development, and value analysis for large-scale design-build and progressive design-build projects.

For the OC SAN Headworks Electrical Distribution Improvements Project, Mr. Rua will lead Phase 1 cost model development, detailed estimating, and procurement planning, and will support Phase 2 price development and open-book GMP negotiations, ensuring accuracy, constructability, and cost alignment throughout the project.

CODY A. ENGELHARDT

OBJECTIVE

To join a team where I can utilize my training and experience as an electrician and a leader.

FUNCTIONAL SUMMARY

A state certified, journeyman electrician with over 10 years of experience in the electrical industry. The projects that I have been involved with have ranged from small single-owner operations to Fortune 500 companies. I am a goal oriented individual with a customer service focus. I thrive in high energy, fast-paced work environments and enjoy working with others. My background includes all facets of electrical construction from ground up to tenant improvement projects and service jobs as a journeyman and a foreman. I am organized and adept in keeping records.

SUMMARY OF QUALIFICATIONS

Dynalectric – Los Alamitos, CA - 10 years to date

Selected Project Experience as a Foreman:

Tustin Fire Station #37
Tustin Fire Station #37 is a 10,000sq. ft. building that includes a three-engine apparatus bay, dorm rooms and an expansive kitchen. This ground up project had several systems to keep it functional to include an alerting system, GPS system, exhaust evacuation system and a traffic interconnecting system.

Berth 200 Photovoltaic System
Berth 200 is a maintenance rail yard and storage facility of 38 acres in the Los Angeles Port. The rail yard maintenance building has a 75kw photovoltaic system on the roof. This project took precise scheduling and prep work for the safety of my crew and played an important role in meeting the deadline and budget.

Vista/ Valley Substation Control Building for Southern California Edison
SCE Vista and Valley substations are 10,000 sq.ft. switching control buildings that aid SCE with monitoring and maintaining the utilities to Riverside and San Bernardino cities. These projects were ground up construction with multiple systems involved. There was a state of the art security system installed called NERC-CIP. It took extensive design build in the field to incorporate this system into the building, based on customer needs and standards that were already in place. Being a part of constructing a facility with-in a utility company took well managed coordination with the transition between ECS standards and industry standards.

Crafton Hills Pump Station
Crafton Hills pump station was utilized to pump raw water to much of the states Riverside and San Bernardino counties. The project consisted of a switching yard for electrical utilities, an office building and a completely new electrical control system. The scope required gutting the entire electrical system and integrating old system components with new equipment. The installation included the program logic testing, and ensuring the entire plant comes back online at the end of the outage.

Substantial Projects with other Electrical Contractors
Irvine Valley College - Technology Building
Blythe 21 Solar Project - 21 megawatt PV System
Golden State Foods - Syrup Cryovac System
BBraun Pharmaceuticals - Mixing Tank replacement 2017 & 2018

Training and Certifications:

California State License Number #153070	Heat Illness
Cal OSHA 10	Arc Flash/ Energized Work
Cal OSHA 30	Qualified Safety Person (QSP)
First Aid/CPR	Harassment Training for Supervisors
Trench, Shoring, and Excavation	Confined Space
Fall Protection	AWP/ Forklift certified

Cupertino Electric, Inc. – Whittier, CA
Project Executive 2020 - Present

- As PX I have been responsible for managing from 2-3 Project Managers and staff and estimating for multiple water treatment plant projects including the Arcadia Water Treatment Plant in Santa Monica, $10M Design Build Project; WMWD Cajalco Upgrades, $5M; EMWD Design Build projects at 5 sites including Perris, San Jacinto, Moreno Valley and Sun City locations; LADWP Silver Lake Phase 2 & 3; CVWD; Apple Valley Water District; and Tustin Simon Ranch. My primary focus has been on building a cohesive team that is capable of successively completing design build projects on time and under budget.

Cupertino Electric, Inc. – Whittier, CA
Project Executive 2013 - 2019

- As PX I was responsible for managing from 3–5 Project Managers along with their staff for $70M of work primarily at LAX and POLA, reviewing projections and forecasts, training and developing the skills of multiple teams. Projects Additional responsibilities include coordination with General Contractors to coordinate bids and expand relationships from the bid process to the close out of projects.

Fisk Electric Company (Tutor-Saliba Corp.) – Sylmar, CA
Senior Project Manager 2011 - 2013

- Report to Vice President of Fisk Electric Company. Monitor, maintain and expedite subcontractor performance in accordance with Subcontract requirements. Monitor Submittals, RFIs, and PCO logs and pricing submissions. Manage project cost accounting, financial projections and billing. Responsible for training of Project Management and Project Engineer staff.

Powerco Electric Company (Tutor-Saliba Corp.) – Sylmar, CA
Senior Project Manager 2008 - 2011

- Transition from in-house electrical at TSC to acquisition of Powerco Electric and assisted President with the re-organization of management structure and implementation of improved procedures, documentation and controls for cost reporting, project management, engineering, productivity, safety and quality assurance, including integration with TSC standards.
- Managed multiple projects with onsite staff of 6 plus IBEW field crew of up to 35 men.
- $1 Million Port of Long Beach Pier A West Interim/Source Removal Action
- $11 Million and $17 Million LAUSD Valley and South Region High Schools.

Tutor-Saliba Corporation – Sylmar, CA
Project Manager/Estimator, Electrical Operation 2007 - 2008

- As Lead Estimator was responsible for complete takeoff in conformance with the plans and specifications including providing scope for Subcontractors and vendors and solicitation of quotes. Prepare plan for onsite staff and general condition requirements. Created spreadsheet to calculate manpower projections and a determination of crew allocation.
- Lead estimator for the following projects:
- $42 Million MWD F.E. Weymouth Water Treatment Plant,
- $39 Million Robert Diemer Water Treatment Plant,

JOHN M. HOGAN

SENIOR PROJECT MANAGER

Fisk Electric Company

1994 - 1995
Fischbach and Moore
Project Engineer

1991 – 1993
Morrison Knudsen Corporation
Project Engineer

- $3 Million Hyperion Water Treatment Plant,
- $33 Million Harden Electrical Upgrade – Guam,
- $5.5 Million Lancaster Recycled Water Pump Station,
- $16 Million UCLA Life Sciences Building,
- $15 Million McCarran Airport CUP – Las Vegas. Additionally, assisted with several estimates for CalTrans, LAUSD, McCarran Airport, and various other industrial projects.

American Electric Co., LLC – Kahalui, HI
Project Manager 2006 - 2007

- Project Manager for $3.8 Million Maalaea 20 MW Unit 18 Power Plant Expansion "turn-key" installation including control systems, internal power distribution, and primary output distribution up to the substation/transmission grid.
- $3.7 Million Royal Lahina Hotel Renovation Project;
- $500 Thousand State Civil Defense Project; Numerous smaller projects ranging to $300 Thousand.

Steiny & Company – Los Angeles, CA
Project Manager 2003 - 2006

- Project Manager for $1.7 Million USCSB Student Union Renovation/Expansion;
- $2.5 Million Tom Bradley International Terminal, (TBIT), Fire Life Safety Upgrade Project finishing on time despite over $1 Million in Owner directed changes in the last 6 months of the project;
- $3.2 Million POLB CCTV Project required a presentation of the project scope to over 30 Port of Long Beach tenants as well as coordination and scheduling of subsequent construction access with all tenants and multiple subcontractors.

Amelco Electric SF, Inc. – Los Angeles, CA
Project Manager 2000 - 2003

- Project Manager for $4.5 Million Henry Ford Avenue Grade Separation Rail Project consisting of construction of a new two track railroad viaduct over Dominguez Channel south of Anaheim Street.
- Assistant Project Manager for the Alameda Corridor Transportation Authority $71 million Design/Build Subcontract to Design/Furnish/Install new Grade Crossings, Traffic Signals, Railroad Signal and Radio/Communication Systems for 26 mile R.O.W. relocation including 60 miles of track, 10 miles of Trench, 30 Bridges, 26 RR Signal Control Points, 20 Railroad Grade Crossings. Designed pump station power and instrumentation package for LA County Zoe Avenue Pump Station.

L.K. Comstock - Los Angeles, CA
Project Manager/Project Engineer 1994 – 1999

- Project Manager for two $3.5 Million MTA Red Line Subway Stations.
- Project Engineer on the $4.7 Million Elf Atochem F134a Project. Responsibilities included identifying and negotiating all contract change orders, development of lift drawings and riser diagrams for the installation of instrumentation conduit and cost to complete estimates.
- Project Engineer on the $20 Million American Fiber Resources Deinking Project. Responsible for review of the structural, mechanical and

electrical design while directing a staff of 2 engineers and 1 clerk to run a cable management/installation coordination program that insured all turnover schedules were met despite a 3-month owner delay.

Fischbach and Moore – Shinnston, WV
Project Engineer 1993 – 1994

- Field Engineer on the $25 Million Shinnston Power Station. Directed a staff of 4 clerks and 1 engineer to track a 20,000-record database for cable installation, termination, testing and turnover. Provided job documentation of delays and impacts that assisted management team in negotiating a $12 Million lump sum contract to a cost plus final value of $25 Million.

Morrison Knudsen Corporation - Puyallup, WA
Project Engineer 1991 – 1993

- Responsible for craft layout and support, power distribution conduit and supports design, cable tray layout, and QA/QC.

3601 Green Ave #B, Los Alamitos, CA 90720

samersibai77@yahoo.com

Objective

Venture into a career with a dynamic company that will utilize my years of experience in construction projects. Acknowledged by my colleagues as self-motivated, enthusiastic, quick learner, highly organized, and function well under pressure.

Education & other qualifications

- Bachelor of Science, Electrical Engineering, Power, Homs State University, Homs, Syria, 1995-2000.
- Project Management Certificate Program (PMCP), San Diego Community College, California, Feb-June 2016.
- Burlington English- Engineering Services, San Diego Continuing Education, California, Sep 2015-Jan 2016.
- Knowledge of California Electrical Code Title-24 Part-3.
- Automation and Industrial Engineering, AlMamoun University, Damascus, Syria, 2002.
- Programmable Logic Control (PLC) courses in Moller PLC devices and Moller Sucosoft Software, Specialist Sciences Center, Damascus, Syria, Jul 2002–Aug 2002.
- OSHA 30.

Certification

- Electrical Certified Engineer, UAE, Sharjah Electricity and Water Authority (SEWA), 2012- 2015.

Experience

Over 16 years of experience in large-scale projects, such as airports, high-rise residential and commercial buildings, shopping malls, hospitals, adventure land parks, water treatment plants, and other public works industrial projects.

- Ensure a quality project execution within budget, schedule.
- Review and validate the electrical Shop Drawings in coordination with other mechanical, structural, and architectural drawings and obtain approvals.
- Submit material submittals and obtain approvals.

Electrical Experience

- Construction experience with the following systems: Power, Bus Duct trunk, Lighting, Lighting control, Earthing and Lightning Protection, Fire alarm, Voice Evacuation, FM 200, Public Address, Emergency lighting (Central battery), Access Control, DAS, TETRA, GSM, CCTV, SMATV, Master Clock, IT Network structured cabling, LAN, parking management, Building Automation BMS, Chiller Plant Management, solar heater, Liquefied Petroleum Gas, Nurse, RFID, Data and Telephone Systems, Mechanical and Electrical systems interferences.

Computer skills

- PlanGrid, BlueBeam, AutoCAD, Navisworks freedom, CMiC, Labor Chart, and Oracle Textura.
- Accubid ChangeOrder 12, Procore, Spectrum Construction, Aconex, Kahua, Job Walk, and VEO HQ.

Assistant Project Manager

- Implemented Projects:
  - *Div-22: LBVA Community Living Center Project, USA, Los Angeles, Elec contract value $4.3M, (Jul 2020- Jun 2021).*
  - *Div-34: LAX Midfield Satellite Concourse MSC North Project, USA, Los Angeles, Elect contract value was $174M, (March 2018- July 2020).*

Neal Electric Corporation, USA, Los Angeles, May 2016- Mar 2018

Assistant Project Manager

- Implemented Projects:

○ *LA Metro 64S Project, USA, Los Angeles, Elect project contract value was $6.4M, (Sep 17- Mar 18).*
○ *East Los Angeles College G8 Project, USA, Los Angeles, Elect project contract value was $1,9M, (Oct 16- Aug 17).*
○ *Terminal Island Water Reclamation Project, USA, Los Angeles, Elect project contract value was $6M, (May 16- July 17).*
○ *Long Beach Pumping Station Project, USA, Los Angeles, Elect project contract value was $5,3M, (May 16-June 17).*

Drake & Scull International PJSC, U.A.E, Dubai, Jan 2012 – Aug 2015

Senior Electrical Project Engineer

- Implemented Projects:
  - ○ *Emirates Mall Expansion Project, UAE, Dubai, MEP project contract value was $28,8M, (Jan 14-Aug 15).*
  - ○ *Maliha Hospital for G.H.Q. UAE Armed Forces Project, UAE, Sharjah (Sep 2013-Jan 2014).*
  - ○ *Adventure Land Expansion Project, UAE, Sharjah, MEP project contract value was $2M, (Mar 13-Aug 13).*
  - ○ *Sahara Mall Expansion Project, UAE, Sharjah, MEP project contract value was $38,5M, (Jan 12-Sep 13), (Include Low Voltage 0,4 kV and Medium Voltage 11 kV).*

Omega Engineering PJSC, U.A.E, Dubai, Apr 2006-Dec 2011

Senior Electrical Project Engineer ***Apr 2006-Dec 2011***

- Implemented Projects:
  - ○ *The Prism Tower, UAE, Dubai, (36) floors (Jan 11-Dec 11).*
  - ○ *The Dome Tower-N1, UAE, Dubai, (35) floors MEP works project value was $12 M (Jan 09-Jan 11).*
  - ○ *Fortune Executive Tower-T1, UAE, Dubai, (35) floors (Jan 07-Jan 09).*

Electrical Site Engineer

- Implemented Project:
  - ○ *Fortune Tower-C1, UAE, Dubai, (35) floors (Apr 06-Jan 07).*

Professional Accomplishments

- Prepared billing, Construction Project, SOVs, cost to complete (CTCs), and forecast projection on CMiC.
- Managed the process of feeding the information (like shop drawings, RFIs) to the field team.
- Reviewed and QCed field redline drawings and followed up with BIM team to complete the as-built drawings.
- Submitted request for inspections to GC, client, and LADBS. Managed to close out issues and punch list items.
- Prepared look-ahead schedule based on the construction program to ensure available manpower.
- Doing takeoff, price comparison sheets, material requisitions, and purchase orders.
- Prepared and submitted submittals, letters, RFIs, change orders, and payments.
- Attended pull plan, technical, progress, and coordination meetings. Created and updated project progress maps.
- Participated and managed the QC/QA inspections, testing & commissioning, and power-on equipment process.
- Prepared and submitted close-out packages like O&M manuals, As-built drawings, and warranties.
- Coordinated, scheduled, and conducted training with the client maintenance team.
- Conducted final systems testing and commissioning walks and inspections with GC and client.
- Established direct communication with clients, consultants, and main contractors, and made presentations.
- Validate electrical power distribution systems to match project equipment and requirement.
- Reviewed electrical specifications, mechanical electrical plumbing (MEP), architectural and structural drawings.
- Ensured MEP contract drawings and specifications were properly reviewed to produce shop drawings.
- Provided engineering inputs to BIM team for shop drawings preparation.

Department of Electrical Engineering Office, Syria, 2000-2006

Lead Electrical Engineer

- Calculated heat and electrical loads. Monitored existing electrical loads and maintained proper load levels.
- Selected suitable generators, cables, related electrical devices, and components for various projects.
- Appointed to execute and maintain many electrical projects for reputable customers such as Mitsubishi Heavy Industries, York International, and Siemens.

Culver City, CA | 310-591-4575 | alejdelivn@gmail.com

EDUCATION

West Los Angeles College **Culver City, CA**
Physics A.A *Graduation Date: 2020*

California State Polytechnic University, Pomona **Pomona, CA**
Construction Engineering & Management B.S. *Graduation Date: Dec 2022*

WORK EXPERIENCE

Alva Electric INC **Los Angeles, CA**
Apprentice Electrician *Jul 2018 - Nov 2021*

- Gained knowledge and experience by analyzing and following manuals, schematic diagrams, blueprints, and other specifications
- Implemented energy-saving solutions for clients, saving them thousands of dollars each year.Bullet point 3
- Gained experience in the field by working with a certified electrician.
- Measured and prepared supplies for electrical tasks

Santa Monica Swim Center **Santa Monica, CA**
Swim Instructor *Sep 2016 - Jun 2018*

- Evaluated student performance during swim sessions and provided feedback to help them improve.
- Completed attendance, progress, and evaluation reports for each student.
- Taught students how to swim competitively and helped them practice for their meet.

PROJECT EXPERIENCE

CPP Pre-Construction Team **Pomona, CA**
MEP Engineer *Jan 2022 - Aug 2022*

- Gained in-depth knowledge of analyzing and following manuals, schematic diagrams, blueprints, and other specifications.
- Experience in working with a team of engineers to follow project deadlines.
- Successfully completed projects by adhering to the given specifications.

LEADERSHIP EXPERIENCE

Construction Management Association of America, CPP **Pomona, CA**
Treasurer *May 2022 - Dec 2022*

- Managed the finances of the CMAA CPP Chapter
- Introduced Construction Engineering students to CMAA and pursing their Construction-Manager-in-Training certification
- Built relationships with CM industry leaders

National Electrical Contractors Association, CPP **Pomona, CA**
President *May 2022 - Dec 2022*

- Introduced to NECA and the electrical construction industry to underclass Construction Engineering majors at CPP
- Starting a Construction Electrical team in order to compete at student competitions

SKILLS & INTERESTS

Skills: Microsoft AutoCAD, Revit, AutoCAD Civil 3D, Procore Office Excel
Interests: Swim, Golf, and Boxing

KAYCEE HARLAND

Estimating Coordinator

714-886-8389

harlandkaycee@hotmail.com

Buena Park, CA 90620

SUMMARY

Detail-oriented Estimating Coordinator with experience supporting bid preparation, document control, and subcontractor communication. Skilled at organizing project information, reviewing specifications, and ensuring accurate, timely submissions.

EDUCATION

Cypress College - Cypress, CA

Associates Degree in Liberal Arts & General Studies - August 2009 to May 2013

Cypress High School

August 2006 - June 2009

SKILLS

- Purchase order preparation and vendor management
- Bid coordination and estimating support
- Invoice processing and billing reconciliation
- Document control and data entry accuracy
- Proficient in Microsoft Office (Excel, Word, Outlook)
- Experienced with accounting/estimating software (QuickBooks, Sage, Bluebeam, Procore, NetSuite)
- Strong attention to detail and organization
- Excellent communication and teamwork skills
- Ability to manage multiple deadlines in fast-paced environments

PROFESSIONAL EXPERIENCE

LEED Electric, Inc. - Santa Fe Springs, CA

April 2025 - Present
Estimating Coordinator

- Review bid invitations, plans, and specifications to identify project requirements
- Distribute bid documents and manage subcontractor/vendor invitations
- Track bid progress, follow up with vendors, and maintain bid logs
- Assist estimators with quantity takeoffs and pricing data
- Organize and prepare proposal documents and bid forms for submission
- Coordinate addenda, clarifications, and updates during the bid process
- Maintain accurate records of drawings, revisions, and correspondence
- Communicate with project managers, estimators, and clients to ensure alignment
- Research and prequalify vendors/subcontractors for upcoming bids
- Support post-bid reviews and update estimate tracking databases

SOFFA Electric, Inc. - Commerce, CA

May 2021 - April 2025
Purchasing, A/P & A/R

- Purchase order preparation
- Maintaining the Bill of Materials
- Communication with Vendors
- Invoice preparation and processing
- Account reconciliation and payment tracking
- Job costing and expense allocation
- Purchase order matching and verification
- Data entry and accuracy in billing systems
- Month-end closing support

KAYCEE HARLAND

Estimating Coordinator

714-886-8389

harlandkaycee@hotmail.com

Buena Park, CA 90620

PROFESSIONAL EXPERIENCE - CONTINUED

SOFFA Electric, Inc. - Commerce, CA

May 2021 - April 2025
Purchasing, A/P & A/R

- Customer billing inquiries and issue resolution
- Maintaining organized billing records and documentation
- Proficient in QuickBooks, Excel, Sage, NetSuite, and Power Purcahse
- Collections
- Customer and Project Billing
- Knowledge of A/R (Accounts Receivable) and A/P (Accounts Payable) procedures

KDC Inc. dba: Dynalectric L.A. - Los Alamitos, CA

May 2018 - February 2021
Purchasing & Project Administrator

• Assist Purchasing Agents with their needs.
• Create and process purchase orders.
.• Scan/attach/file purchase orders.
• Create and submit product Submittals for all jobs.
• Create spreadsheets for certain tasks.
• Review RFQ/RFP documents.
• Send out all RFQ/RFP documents to vendors and subs. that are needed.
• Create and update tracking log for estimating bids.
• Update drawings per PMS request
• Update RFIs per PMS request
• Review Test & Checkout Sheets• Update Proposals with Information from the PM.

EXHIBIT "B"
SCHEDULE OF SERVICES

The services shall be completed within the duration specified below, beginning **ten (10)** calendar days after Notice to Proceed is issued:

Amend. No.	Task No.	Project Title	Project Duration	Not to Exceed Fee	P.O. Number
-	0	On-Call Water Facilities Electrical Systems and Master Planning	3 years	$600,000	
1.0	1.0				
2.0	2.0				
				$600,000	

EXHIBIT "C"
COMPENSATION

Firm: LEED Electric, Inc.
Project: On-Call Water Facilities Electrical Systems & Master Planning Services (1955)
Date: 11/07/2025

LEED Electric, Inc. proposes the following fixed hourly rates for personnel to perform the scope of services described herein. These rates shall remain firm for a period of **Three (3) years**, with the option to renew for **two (2) consecutive one (1)-year terms**.

Personnel Classification Hourly Rate:

Project Manager	$150.00 / hour
Senior Estimator	$185.00 / hour
Estimator	$150.00 / hour
Project Engineer	$125.00 / hour
Electrical Foreman	$174.08 / hour
Journeyman Electrician	$147.78 / hour
Apprentice	$125.61 / hour
Administrative Support	$85.00 / hour

Notes:

- Rates include all overhead, profit, and administrative costs.
- Overtime and premium rates (if applicable) will be billed in accordance with labor laws and project requirements.
- Travel, materials, and reimbursable expenses (if required) will be billed at cost plus applicable markup as agreed upon.

CITY OF ONTARIO
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered as of _____, by and between the City of Ontario, a municipal corporation organized under the laws of the State of California with its principal place of business at 303 East "B" Street, Ontario, California 91764-4196, County of San Bernardino, State of California ("City") and **ProjectLine Technical Services (dba for Getter Engineering, Inc.)**, a **CALIFORNIA CORPORATION**, with its principal place of business at **2900 Bristol St., D-103, Costa Mesa, CA 92626** ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing **electrical systems and master planning services** to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the **On-Call Water Facilities Electrical Systems and Master Planning Services** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional **electrical systems and master planning** consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and

all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2026** to **June 30, 2029**, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than **two** additional one-year terms. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The consultant shall be compensated in the amount of **Three Hundred Fifty Thousand Dollars ($350,000)** per fiscal year for a three-year total not-to-exceed amount of **One Million, Fifty Thousand Dollars ($1,050,000)** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.2.5 Automated Clearing House ("ACH") payments. It is the City's policy to pay its consultant invoices via electronic fund transfers through the ACH network. All payments due and owing pursuant to a properly issued and correct invoice or under this Agreement shall be made through electronic ACH transfers, unless otherwise agreed upon by both Parties in writing. Consultant shall provide the City with ACH payment details whereby the City shall initiate the ACH transfers to Consultant in the amount required pursuant to a properly issued and correct invoice or under this Agreement. Each Party shall undertake any and all required actions and execute any required documents, instruments, or agreements required to effectuate the requirements of this Section. In the event the City erroneously deposits funds into an account, or otherwise deposits funds to which Consultant is not entitled: (1) Consultant shall immediately notify the City and the financial institution; (2) Consultant shall not withdraw any of the funds which were erroneously deposited or to which Consultant is not entitled; and (3) Consultant authorizes both the City and financial institution to take all actions necessary to correct the error and return to the City all funds erroneously deposited or to which Consultant is not entitled.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **Robert Getter, Principal Engineer; Jeffrey Montano, Principal Engineer; and Henry Luong, Senior Engineer**.

3.3.5 City's Representative. The City hereby designates **Dennis Mejia, P.E., Utilities Engineering Manager**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **Robert Getter, Principal Engineer**, or his designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible

for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant’s profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

(E) If umbrella or excess liability coverage is used to meet any required limit(s) specified herein, the Contractor shall provide a “follow form” endorsement satisfactory to the City indicating that such coverage is subject to the same terms and conditions as the underlying liability policy.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. “Covered Professional Services” as designated in the policy must specifically include work performed under this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and

all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's

obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: **ProjectLine Technical Services**
(dba for Getter Engineering, Inc.)
2900 Bristol, D-103
Costa Mesa CA 92626
ATTN: **Robert Getter, Principal Engineer**

City: City of Ontario
303 East "B" Street
Ontario, CA 91764
ATTN: **Dennis Mejia, P.E., Utilities Engineering Manager**

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses

the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party,

either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

SCOPE OF SERVICES

EXHIBIT "A"

RFQual Proposed Scope of Services for
On-Call Water Facilities Electrical Systems and Master Planning Services

General Requirements and Objectives:

The City of Ontario Municipal Utilities Company is requesting Statement of Qualifications from qualified consulting firms for Operations and Engineering Specialists (referred to here as "Specialists") to provide On-Call Water Facilities Electrical Systems and Master Planning Services for three (3) years, with an option of renewing for two (2) consecutive one (1) year terms. The City desires to obtain the services of a maximum of three (3) qualified firms to provide on-call services. Task orders will be issued to firms on a competitive basis based on the qualifications and expertise of the Specialists, and the firms supporting staff and subconsultants. There is no designated minimum nor maximum value of services to be awarded to any one Consultant.

Request for Qualification (RFQual) is for Specialists to assist the City in the development of a Master Set of Electrical Guidelines, Standard Plans and Specifications (MSEGPS) to support water facilities projects. The City's water and sewer facilities include, but are not limited to, Production Wells, Ion Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations. The future MSEGPS will serve as OMUC's primary guideline for all electrical, supervisory control and data acquisition (SCADA), instrumentation and control (I&C), piping and instrumentation diagrams (P&ID) and cybersecurity requirements and best practices. Below is a list of the City's general objectives for this professional services contract:

1. Support the retainage and transfer of knowledge from current staff to the next generation of operators and engineers.
2. Evaluate the existing design, construction and commissioning guidelines and, specifications and practices for the City's water and sewer facility projects including but not limited to Production Wells, Ion Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations.
3. Improve and streamline the project delivery method from predesign/design to construction/commissioning for future water facility projects.
4. Develop a standardized set of design guidelines, plans and specifications for all the City's water facility projects.
5. Develop a standardized set of construction guidelines and specifications for all the City's water facility projects.
6. Develop a standardized set of commissioning guidelines and specifications for all the City's water facility projects.
7. Documents developed through this professional service agreement will be utilized by engineers, contractors, construction managers, and operators for future projects;
8. Provide Quality Assurance and Quality Control (QA/QC) services for complex electrical and control system projects.

Specialists should have expertise in electrical, supervisory control and data acquisition (SCADA), instrumentation and control (I&C), piping and instrumentation diagrams (P&ID) and cybersecurity services. Specialists will have a minimum of 8 years of experience in design, construction and/or operation of various City water and sewer facilities including but not limited to Production Wells, Ion

Exchange Treatment Plants, Booster Stations, Pressure Reducing Stations, Reservoirs and Sewer Lift Stations. Specialists should possess the expertise and resources to provide comprehensive coordination with various stakeholders in achieving the City's objectives listed above. The City desires to work with experienced Specialists that would maintain positive working relationships with all City staff as well as other consultants and contractors; possess the ability to recognize project issues and recommend possible solutions early in the process on regulatory, technical, administrative, and managerial levels; coordinate and accomplish small and large tasks in a well-organized manner; communicate effectively in a public sector setting; and are enthusiastic about working as part of a team.

Each Prospective Consultant (or listed subconsultant) is required to be able to provide all the services listed in this RFQual.

The following scope of services provides general categories of services that may be required for each task order requested. The categories are not an exhaustive list of services but rather a sampling of the services that are typically included, but not limited to, within that area of the scope in order to demonstrate the qualifications needed for that scope of services.

Specific services requested under these agreements shall be identified by the City at the time of the request for a specific task order. For each task order requested by the City, the Consultant shall provide a task order proposal that identifies the specific scope of services to be performed, the necessary project management activities, task budget, and task schedule. Upon City's approval of the proposed task's scope of services, the City will issue a notice to proceed with purchase order requisition for the work. The Consultant is encouraged to provide recommendations with respect to scope and order of completion.

No task order or scope of services shall be performed without first receiving authorization from the City and notice to proceed with the task order. Refer to Professional Services Agreement in Exhibit "B" to review the General Requirements and other conditions.

Consultant shall be aware that certain labor categories above may be subject to prevailing wage rates as identified in the California Labor Code commencing Section 1770 et Seq. Determination of whether or not Prevailing Wages shall apply will be determined when the City's Project Manager identifies the scope of specific task orders. Please refer to Paragraph XI.11 "Prevailing Wage and Contractor Registration" of this RFQual, and Paragraph 3.10.6 "Prevailing Wages" of the Professional Services Agreement for further requirements.

Services to be performed under this contract may include:

<u>On-Call Services</u>

1) **Project Management and Administration (Applicable to each Task Order issued)**
   a) Prepare meeting agendas, conduct meetings and workshops with stakeholders, and prepare meeting minutes incorporating all stakeholders' feedback.
   b) Prepare monthly invoicing and progress report including a summary of work completed, tasks anticipated to be completed in the next month, and a review of work status relative to budget and schedule.
      i) Any divergences between work completed and budget expended, and schedule needs to be specifically explained and addressed to avoid future budget short-comings and delays in schedule.

ii) If divergences occur between work completed and budget expended, and schedule, a recovery plan must be provided to City's project manager that demonstrates how the project will be brought back on schedule and within budget.

c) Coordinate with City Staff, other consultants, and contractors.

2) Information Gathering

a) Prepare and maintain a tracking log and database of all the gathered documents

b) Conduct preliminary interviews with Engineering and Production staff on the current procedures and best practices for the predesign, design, construction, commissioning and operations of the various types of water facility projects.

c) Conduct field assessments of the City's various existing water facilities

3) Develop Standard Operating Procedures (SOP) for the Design, Construction, Commissioning and Operation

a) Prepare individual SOP for various water facility projects. SOP should include, but not limited to, the following

i) Subsection per phase of development and operation

ii) A section of common troubleshooting best practices

iii) Templates for a standardized I&C and P&ID drawing for various water facility projects, using ISA 5.1 tagging systems

iv) Material Lists with Item, Description, Manufactor, Make, Model

4) Assessment Report

a) The assessment report should have a comprehensive understanding of all the City's current practices and procedures for designing, constructing, operating and maintaining the City's various water facilities, and provide recommendations for areas of improvement.

5) Planned and Unplanned Maintenance 5-year Forecasting Budget

a) Prepare a Risk Matrix to determine the likelihood of unplanned maintenance and the potential added costs for accelerating the maintenance for emergency repairs.

6) Tagging System for OMUC's future Asset Management System

a) Knowledgeable of the operation of the "City Works" software system

b) Coordinate and support OMUC Planning Division with OMUC's Asset Management System on an as needed basis.

7) Design Guidelines

a) Prepare a set of design guidelines for water facility projects.

i) Consider using the existing Water and Sewer Design Development Guidelines and Specifications on the City's website as a formatting baseline (see link below)

(1) https://www.ontarioca.gov/government/public-works/engineering/design

ii) Incorporate industry standards and regulations including, but not limited to, AWWA, ISA, IEEE, NFPA, etc.

8) Standard Plans and Specifications

a) Prepare a set of standard plans for various water facility projects. Each set of plans may include the following drawings.
   i) P&ID
   ii) I&C
   iii) Typical subsystems for the facilities
   iv) Control Panel Layouts
   v) Electrical schematics and details
   vi) Mechanical schematics and details

b) Standard Specifications for items listed above

9) Electrical and SCADA Master Planning

a) Prepare an Electrical and SCADA Master Plan that will assist in the execution of the City's Water Master Plan
b) Include instrumentation, engineering standards relevant to I&C
c) Knowledgeable of the requirements from ISA 5.1 tagging standard and ISA 112 SCADA standards
d) Coordinate with OMUC Water Production staff and City IT Department's in any SCADA security system efforts for water facility projects
e) Knowledgeable of all local, state, and federal electrical engineering standards
f) Prepare arc flash mitigation study and recommendations
g) Standardized relay logic and electrical drawing legend sheets
h) Prepare Specifications
i) Develop a CAD standard for OMUC and implement a database
   i) Database should be a basis for electrical and I&C engineering work, to allow OMUC to track electrical and instrumentation and controls assets.
   ii) Knowledge of available electrical design systems software and provide recommendations for software that OMUC should implement into our design review practices

10) SCADA Security Risk Assessment

a) Coordinate with OMUC Water Production staff and City IT Department's current control system network security practices and guidelines for water facilities connected to the SCADA network.
b) Review and assess the City's current practices against other industry standard guidelines, including AWWA J100, ISA 95 etc.
c) Prepare a risk assessment report and recommendations for improvement.

11) On-Call Quality Assurance and Quality Control (QA/QC) Services

- Quality Assurance and Quality Control (QA/QC) review for electrical, I&C and/or P&DI submittals during the pre-design, design, construction and/or commissioning phase
- Subject Matter Expert (SME) Services
- Risk Management Services to conduct HAZID/HAZOP studies
- Constructability Review
- Construction Inspection
- Commissiong Support

ProjectLine Qualifications for On-Call Water Facilities Electrical Systems and Master Planning Services 11/7/25

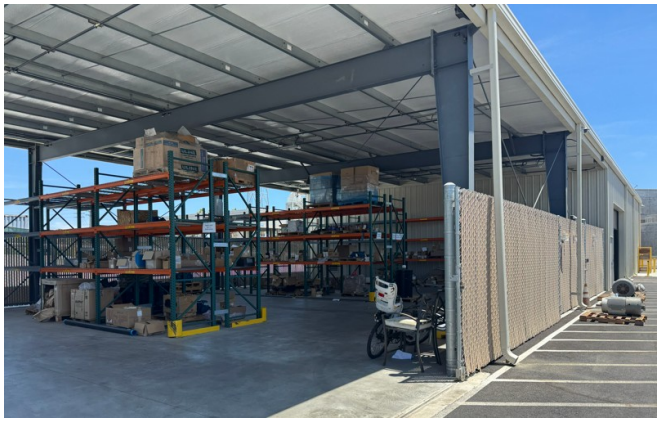
1. Executive Summary

ProjectLine specializes in electrical and controls engineering for Water Facilities.

Founded in 2001, ProjectLine Technical Services (ProjectLine) is a California corporation specializing in electrical and controls engineering services for water infrastructure projects. ProjectLine clients include major water utility agencies for whom we provide engineering and design services for water and sewer facilities, booster stations, pressure reducing stations, reservoirs, wells and ion exchange treatment plants. ProjectLine clients include Los Angeles Department of Water and Power (LADWP), Metropolitan Water District of Southern California (MWD), Orange County Sanitation District (OC San), Inland Empire Utilities Agency (IEUA), and cities such as Los Angeles and Riverside.

ProjectLine's offers relevant water facility electrical engineering experience.

- See Appendix A for ProjectLine's Statement of Qualifications. A summary of relevant projects for Ontario's RFQual follows.
- ProjectLine recently provided electrical, control systems and SCADA designs for 7 wastewater pump stations for the City of LA and Coachella Valley Water District (CVWD). Projects include both new and upgraded stations, new switchgear and MCC, control panels, backup generators, etc. ProjectLine also provided evaluations of SCADA, electrical and controls infrastructure, and tagging requirements. Both LA and CVWD have detailed electrical standards including preferred electrical and controls equipment, control philosophies, and installation and commissioning requirements. Adherence to standards helps CVWD and LA better construct, operate and maintain their facilities. It is easier for maintenance staff to troubleshoot problems, because facilities use the same instrumentation devices, for example. Standardization also benefits training and transfer of knowledge to the next generation of staff.
- ProjectLine provided on-call electrical engineering design services for several recent OC San projects. ProjectLine's designs followed OC San's robust electrical and controls standards:
    - Project P1-141 Administrative Facilities Demolition at Plant 1 includes re-routing fiber-optic cables for several buildings, addition of 14 fleet EV chargers, and design of a new parking lot and related outdoor lighting systems. Design is ongoing for 2026 construction.
    - P2-127 Warehouse Stations and Collections Yard Relocation at Plant 2, including a pre-engineered warehouse building (see photo to right), fleet vehicle covered parking, and a time-fill CNG compressor.
    - Project FR1-0019 Replacement of backup generator protection relays at OC San's Plant 1 power buildings. Existing Basler and GE Multilin 489 protection relays were end-of-life and therefore replaced with SEL relays.



- ProjectLine is currently providing electrical design services for security system upgrades at several Metropolitan Water District of Southern California (MWD) facilities as part of MWD's agency-wide upgrade to a new Genetec security platform. Projects include replacement of outdated analog cameras with new digital cameras, addition of radar and fence/ground shaker intrusion detection, and access control system upgrades.

- ProjectLine also assisted MWD with developing electrical system schematics and maps for water facilities to support goals similar to Ontario's:
    - Capture and transfer knowledge of electrical infrastructure from current staff to the next generation of operators and engineers.
    - Facilitate communication and training of staff as well as consultants and contractors.
- ProjectLine's experience with robust electrical engineering standards of many water agencies will be applied to guide Ontario's electrical design, construction and commissioning standards. ProjectLine will draw on our experience with many water agencies and best practices to:
    - **Tailor your Master Set of Electrical Guidelines, Standard Plans and Specifications (MSEGPS) to Ontario's needs.** Standard electrical plans and specifications, design guidelines and requirements for SCADA, security, etc. will provide clear and consistent directions to engineers and contractors.

    - **MSEGPS will provide Ontario with** construction and commissioning requirements for water facility electrical and controls work. ProjectLine will help the City avoid third party issues by clarifying roles and responsibilities and detailing commissioning forms to document facilities are tested and functioning before acceptance.

ProjectLine Offers a well-qualified team for your Water Facilities Electrical Engineering.

Resumes for key ProjectLine team members are included in Appendix B. ProjectLine client references are included in Appendix C, reflecting many long-standing client relationships. Section 4 includes an organization chart and more detail about our proposed team members:

- **Robert Getter, P.E. will be your Project Manager and lead Electrical Engineer.** Robert offers over 30 years of experience leading engineering teams on a variety of water infrastructure projects, including several recent design projects for OC Sanitation District, MWD, IEUA and the City of LA. Robert offers previous experience providing engineering services for Ontario, and is a registered electrical and mechanical engineer.
- **Alan Carrie, P.E. is well qualified to lead QA/QC** for Ontario's more complex electrical and control system projects. Alan offers over 35 years of engineering and design experience, including several recent design projects for OC San and MWD, and previous Ontario electrical designs. Alan will provide "a second set of eyes" to ensure Ontario designs are complete, biddable, constructable and will result in facilities that are operable and maintainable. Alan will also lead I&C engineering for Ontario's project.
- **Henry Luong will be your Project Engineer.** Henry offers 10 years of electrical engineering design and field experience, including several recent design projects for OC San, MWD, IEUA, CVWD and the City of LA. Henry is currently leading electrical and controls design for MWD's Site Security Upgrades, for OC San's P1-141 fiberoptic cable network reconfiguration, and for OC San's FE24-10 secondary clarifier rehabilitation project.

- **Dr. PengFei Chao, P.E. of PWE (Premier Water Engineering)** will lead Civil engineering if required to support City electrical tasks. Dr. Chao is an AZ licensed engineer with over 30 years of experience in planning, design, and construction management of municipal infrastructure projects. PWE will be a subconsultant to ProjectLine if there is a need for civil engineering support. Dr. Chao and PWE will provide CA registered civil engineers to Ontario's team TBD based on the assignment.

ProjectLine's key electrical engineering staff (Robert, Alan and Henry) will be supported by other electrical engineering and CAD staff as-needed to perform Ontario's on-call engineering tasks.

ProjectLine offers City of Ontario experience.

ProjectLine previously provided electrical and SCADA-related engineering services for several City water facilities. ProjectLine provided design and follow-on construction-phase engineering services for Site Security Improvements at the PWA Site and Reservoirs 1, 2, 3, 7, 8, 9 and 10. ProjectLine staff also performed several other engineering design and construction-phase engineering tasks for the City under the direction of Mr. Scott Burton (see section 11 below for more detail). ProjectLine's City experience provides familiarity with your water infrastructure and related electrical needs.

City of Ontario – Site Security Improvements, RFI #10
Summary of Access Control Requirements at PWA and Reservoir Sites

	Motorized Gate						Pedestrian Gate			
Site	Card reader outside gate?	Key Pad ?	Card reader/ keypad Pedestal	Card reader Model	Photo-beam ?	Exit loop and two safety loops?	Pedestrian Gate ?	Keypad ?	Card Reader?	Cyber-lock?
PWA site										
Gate No.1 (Admin)	Car (1 reader)	No	DKS std	HID Thin	Yes	Yes	No	NA	NA	NA
Gate No.2 (West)	Car & Truck (2 readers)	No	DKS dual	HID Thin + HID Maxi	Yes	Yes	Yes	No	Yes †	No
Gate No.3 (East)	Car & Truck (2 readers)	No	DKS dual	HID Thin + HD Maxi	Yes	Yes	No	NA	NA	NA
Reservoir 7	No	Yes ** (2 pads)	No Keypad on fence	No	Yes	Safety only	No	NA	NA	NA
Reservoir 10	No	Yes** (2 pads)	DKS std	No	Yes	Safety only	Yes	No	No	Yes

** One keypad mounted on exit side of gate and second inside gate.

† Make card reader accessible from both sides of pedestrian gate

ProjectLine offers an innovative approach

ProjectLine's proposed approach to implementing the RFQual scope applies our experience with many agencies' master planning standards (see Section 7) to offer innovative ideas for Ontario's consideration:

- Identify and focus on "early wins" in the project schedule to help build and sustain enthusiasm for the project. Change can be difficult and early rewards make it easier.
- Form and support a core project team crossing boundaries within City departments – e.g. Engineering, Operations, and IT. Need to encourage and support our team's can-do attitude!
- Focus on facts to support decision-making. Consideration of life-cycle costs of standards, and forced-ranking evaluation of alternatives can help deliver value and priorities.
- Implement electrical standards within context of existing City engineering standards. Consider what works and areas for improvement in existing standards as reference.

ProjectLine is enthusiastic about working for Ontario's Public Works team again!

2. Table of Contents:

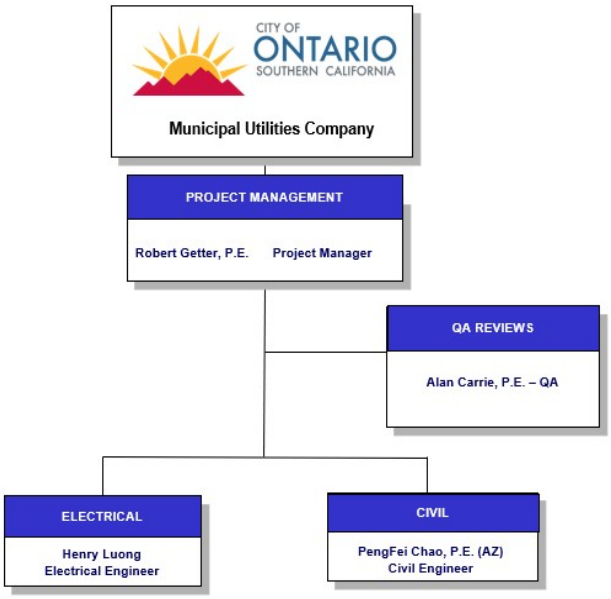
1. Executive Summary (see above)	**10. Litigation**
2. Table of Contents	**11. Other Information**
3. Identification of Proposer	**12. Certification of Proposal**
4. Staffing Resources	**13. Appendices**
5. Fiscal Stability	A. ProjectLine Statement of Qualifications
6. Experience and Technical Competence	B. Resumes
7. Proposed Method to Accomplish the Work	C. Reference Projects and Client references
8. Hourly Rate Schedule	D. Accountant letter
9. Insurance	E. Draft Schedule
	F. Hourly rate schedule
	G. Non-Collusion Statement

3. Identification of Proposer

- Legal name of company: Getter Engineering, Inc., doing business as ProjectLine Technical Services
- Address: 2900 Bristol, D-103, Costa Mesa, CA 92626
- ProjectLine is a California S-Corporation and is not owned by any parent company.
- ProjectLine representative: Robert Getter, P.E., Principal Engineer, 2900 Bristol, D-103, Costa Mesa, CA 92626. Phone: 949-351-9718.
- City of Costa Mesa Business License CM#28437. ProjectLine's Ontario Business License BL#00060145 has lapsed, and ProjectLine will renew the Ontario Business License as required to perform services for the City of Ontario.

4. Staffing Resources

ProjectLine Offers Ontario an experienced Team of engineers well-qualified to provide On-Call Water Facilities Electrical Engineering Services.



See Section 1 Executive Summary (above) for a summary of ProjectLine;s proposed team. Resumes for key ProjectLine team members are included in Appendix B. ProjectLine client references are included in Appendix C.

Robert Getter will lead ProjectLine's services for the City, assign technical resources needed for each task, and manage the team's schedule, budget and overall performance. Depending on the City's on-call task assignment, ProjectLine will assign one or more key engineers (Robert Getter, Henry Luong and/or Alan Carrie) to lead the task assignment. Robert, Henry and Alan are each very capable and experienced, and they will engage other ProjectLine staff as needed to perform field work, development of MSEGPS, and other tasks. ProjectLine has 10 staff in our Costa Mesa office who are devoted to water infrastructure and electrical engineering. ProjectLine has included Premier Water Engineering (PWE), led by Dr. PenFei Chao, on our team to assist with Civil Engineering if required. Brief biographies for Robert, Henry and Alan follow:

- **Robert Getter, P.E.** has over 30 years of experience performing electrical and mechanical engineering, design and construction-phase engineering tasks services on water infrastructure projects. Robert is registered as both electrical and mechanical engineer in California. Experience includes water and wastewater pumping and treatment facilities, pressure reducing stations, ion exchange treatment plants, reservoirs, wells, and a variety of other electrical improvements. Experience includes recent projects for OC San, MWD, IEUA, CVWD and the City of LA spanning over 25 years. **Robert previously managed several design and construction-phase engineering assignments for the City of Ontario, including Site Security Improvements at the PWA Site and Reservoirs 1, 2, 3, 7, 8, 9 and 10.**

- **Alan Carrie, P.E.** has over 35 years of electrical and controls engineering experience for public infrastructure projects, providing a range of services from planning through design and construction phases. Experience includes designs for water, stormwater, wastewater, and reclaimed water treatment equipment and systems, chemical feed systems, pumping systems, compressed air and blower systems. Experience includes recent projects for OC San, MWD, IEUA, CVWD and the City of LA spanning over 25 years. **Alan was previously electrical engineer of record for the City of Ontario's Site Security Improvements at the PWA Site and Reservoirs 1, 2, 3, 7, 8, 9 and 10.**

- **Henry Luong** has 10 years of experience performing electrical and mechanical engineering, design and construction-phase engineering tasks services on a variety of infrastructure projects. Experience includes water and wastewater pumping and treatment facilities, pressure reducing stations, reservoirs, and a variety of maintenance-related electrical upgrades. Experience includes recent projects for OC San, MWD, IEUA, CVWD and the City of LA.

5. Fiscal Stability

ProjectLine is financially stable with strong income and no debt. See Appendix D for a letter from ProjectLine's accountant advising with a related financial statement. We will be happy to provide more information as needed if selected by the City of Ontario for an on-call agreement.

6. Experience and Technical Competence

a. Experience

i. **ProjectLine Experience:** ProjectLine specializes in electrical and controls engineering for water infrastructure projects, and ProjectLine's experience is well-suited to meet the goals and fulfill the general functions for Ontario's RFQual. See section 1 Executive Summary for ProjectLine's experience with OC San, CVWD, City of LA and MWD and related electrical engineering standards. ProjectLine's Statement of Qualifications is included in Appendix A.

ii. **Staff Experience:** ProjectLine's proposed staff – Robert Getter, Alan Carrie and Henry Luong are electrical engineers who have each worked on several OC San, CVWD, City of LA and MWD projects. Alan and Robert previously provided engineering services to Ontario water facilities. Resumes are included in Appendix B.

iii. **Years in Business:** ProjectLine was incorporated in 2001, and has been providing the required scope of services for public clients for over 20 years.

iv. **References:** Please see Appendix C for five (5) ProjectLine client references, and we are using three (3) of these as project-specific reference projects (see 6.b below).

v. **Local knowledge:** ProjectLine staff Robert Getter and Alan Carrie previously provided engineering services for Ontario water facilities, including engineering design and construction-phase engineering tasks for Ontario's MUC under the direction of Scott Burton, who was assistant utilities director at that time (2007-2008). Provided design and construction-phase services for site security and reservoir repair improvements.

b. Project Specific Experience

vi. **Reference projects:** Within the past 5 years, ProjectLine provided electrical and controls engineering for the following three relevant projects (see Appendix C for details):

- OC Sanitation District P2-127 Warehouse and Collections Yard
- City of LA TOS-25 Stormwater Diversion Projects
- IEUA DeviceNet Replacement Project

vii. None of the situations described in RFQual Requirements paragraph 6.b.ii has occurred within the 24 years that ProjectLine has been in business.

c. Technical Competence

viii. ProjectLine possesses five AutoCAD and three Microstation licenses and related CAD workstations. ProjectLine design staff use Bluebeam as a design markup and review tool, and track design review comments, responses and resolution in Bluebeam sessions. ProjectLine staff have ETAP modeling experience, and experience with various lighting modeling packages. ProjectLine also has various electrical design automation tools developed in-house.

ix. ProjectLine offers multi-disciplinary project capabilities. ProjectLine staff offer mechanical, instrumentation and electrical engineering capability, and we typically employ subconsultants for other disciplines – e.g. Civil, structural, architectural, etc. Based on the RFQual scope of work, we expect that ProjectLine can perform all of the expected on-call services in-house. The only task we recommend to subcontract is the arc-flash mitigation study (Task 9.f), because in our experience this is a task that can be performed more efficiently by a specialty subconsultant. We have included PWE on our proposed team in the event that the City needs Civil engineering expertise related to electrical work.

7. Proposed Method to Accomplish the Work:

1. Project Management and Administration.

Project Controls. Effective project management, coordination, communication and schedule and budget control will begin at the outset with a **Project Management Plan (PMP)** tailored to Ontario's needs. The PMP will be used as a roadmap and will be updated as-needed. The PMP will include:

- A decisions log will be maintained to facilitate and document critical decisions and track issues for resolution. Effective communication will continue throughout the project in frequent meetings and discussions with Ontario staff and monthly progress reports. Any significant issues will be identified and reported to Ontario immediately.
- Team communication procedures with Ontario's operations, engineering and project management staff. We understand the need for a collaborative process, beginning with the kickoff meeting, developing a shared understanding of Ontario San goals, and continuing throughout the project. Our approach has proven successful on many similar projects.

We view Ontario as partners with whom we will build a successful project. Our project manager, with Ontario's staff and team members as project stakeholders, will share a successful project vision, and will address areas of concern with openness to avoid conflicts and facilitate problem resolution.

QA/QC. ProjectLine's QA/QC process will provide high-quality work products that build confidence, support and enthusiasm for meeting Ontario objectives. QA/QC will be provided in accordance with the PMP, with all work products checked prior to delivery. Our QA/QC steps will include Project Manager check of all work products, and an independent review of drawings, calculations and specifications by an experienced engineer.

Project Schedule. ProjectLine's proposed project schedule is included in Appendix E. As requested in the RFQual, this is intended as a draft first year schedule of tasks, milestones and deliverables. We will work with Ontario to manage project sequence and schedule, beginning with preparation of the PMP, and extending through completion of deliverables. We estimate an overall project duration of approximately 12 months based on the City's scope.

2. **Information Gathering.** ProjectLine proposes a systematic data gathering approach, with work products that summarize status of City facilities and best practices. These work products will be used to develop SOPs for City water facilities. ProjectLine will:

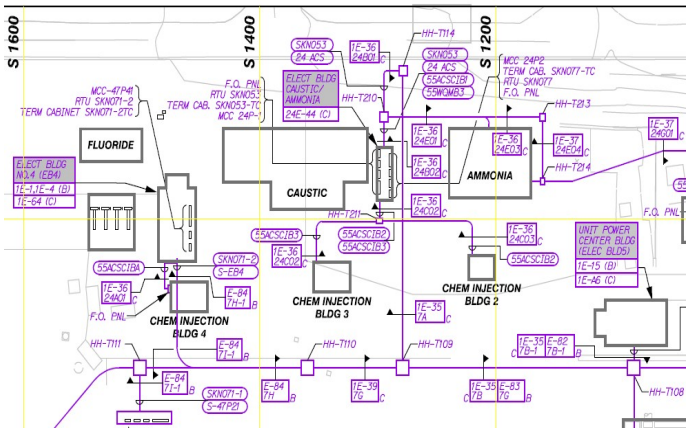
    a. Gather information on existing procedures and best practices.

    b. Conduct preliminary interviews with Engineering and Production staff.

    c. Conduct field assessments to City water facilities. ProjectLine makes effective use of technology for field data collection with ruggedized tablet computers that allow for on-the-go annotation of photos and documents, with on-line data synchronization with ProjectLine's home office network drives. The goal will be to identify and prioritize issues – e.g. code violations, end-of-life equipment, maintenance problems, etc.

    d. ProjectLine will work with the City to anticipate information that will be required to support later tasks - e.g. SOPs, Assessment Report and Maintenance Forecasting.

3. **Develop Standard Operating Procedures (SOP) for Design, Construction, Commissioning and Operation.** ProjectLine will work with City stakeholders to develop an SOP format that best fits the needs of users, and considers SOP use within the framework of Ontario's future asset management system. We envision these SOPs as a collection of baseline information for each water facility that includes P&IDs, system descriptions, operating procedures, key drawings, and equipment information. We envision future SOPs created during design, and updated through construction, operation and maintenance to become baseline documents for City staff, consultants and contractors. ProjectLine provided similar services for MWD's water treatment plants, including schematic drawings of existing electrical and controls facilities pictured here.



4. **Assessment Report.** ProjectLine envisions the following approach:

    a. Collecting ideas for improvements to current practices from information gathering and SOP development.

    b. Summarizing recommendations in a draft Report for City review and input.

    c. Holding a workshop with key stakeholders to obtain City input, and incorporating City comments into a final Report.

5. **Planned and Unplanned Maintenance 5-year Forecasting Budget.** ProjectLine will investigate the City's existing maintenance budget, and work with City electrical maintenance staff to identify issues and areas for improvement. We expect City staff are already aware of water facilities that are most critical to operations and have vulnerabilities (e.g. older electrical equipment and/or limited redundancy). These facilities will be most at risk for expensive emergency repairs. We will develop this information to recommend improvements to budget forecasting.

6. **Tagging System for OMUC's future Asset Management System.** ProjectLine has experience with many water agency tagging and asset identification systems, and we will apply this to Ontario's water facilities and electrical systems. We will first evaluate existing City tagging systems and investigate options for porting this data to the new "City Works" asset management software system. We anticipate that a facility-based asset tagging system will work best, with tagging matching existing City SCADA and P&ID tagging. The goal will be a City-wide tagging system that is logical and intuitive, and does not require a lot of effort changing existing systems. ProjectLine recently updated the City of LA's BOE tagging specifications for application to new Advanced Water Purification Systems, so we have a good understanding of tagging possibilities and limitations.

7. **Design Guidelines.** ProjectLine will consider using the existing Water and Sewer Design Development Guidelines and Specifications as a formatting baseline for the set of new electrical design guidelines. ProjectLine will incorporate appliable industry standards such as NEC, IEEE, ISA, etc. Design Guidelines will be the City's opportunity to specify standards for electrical infrastructure. For example:

    a. Electrical safety – does the City want arc-resistant or arc-quenching equipment? Types of protection relays and breakers? Where should lock-out-tag-out apply vs. local disconnects, grounding requirements, ratings for electrical equipment, etc.

    b. Electrical redundancy – where are backup generators required? Permanent vs. portable generators? What are criteria for UPS systems? Does the City have situations that warrant double-ended switchgear and MCC? What alarms are needed for critical facilities? Where to apply monitoring and trending for early warning? Does the City anticipate Battery Energy Storage Systems?

    c. Standardize materials and approaches – e.g. standardize levels of SCADA monitoring and control. What materials does the City want for electrical equipment located indoors vs. outdoors? Types of fiber-optic cable – single vs. multi-mode. Does the City have approved light pole details and standard fixture schedules?

8. **Standard Plans and Specifications.** ProjectLine will work with the City to identify standards from other agencies to use as a guide and first produce an initial table of contents. ProjectLine will then prioritize standards that will help ongoing projects. ProjectLine's experience is that agencies like to standardize instrumentation – e.g. prefer Khrone mag meters, or prefer ultrasonic level devices in certain situations, vs. pressure-type in other situations. Specifying standard approaches to pump control and related standard control schematics can also help with troubleshooting and maintenance. ProjectLine expects to develop standard SCADA-related panel details and specifications for items like switches and communication.

9. **Electrical and SCADA Master Planning.** Alan Carrie will lead ProjectLine's Master Planning:

    a. Evaluate the City's existing electrical and SCADA systems in light of the City's Water Master Plan and recommend related phased infrastructure upgrades.

    b. Coordinate with City Water Production and IT staff on security, hardware and software standards for building out the network.

    c. Incorporate relevant I&C standards for P&IDs, tagging, CAD, etc.

    d. Create a database of electrical and I&C assets to allow for tracking of assets.

    e. Evaluate design systems software alternatives and recommend products for implementation into OMUC design review processes.

    f. Prepare an arc flash mitigation study and recommendations.

10. **SCADA Security Risk Assessment.** Alan Carrie will lead ProjectLine's SCADA risk assessment:

    a. Coordinate with OMUC Water Production staff and City IT staff to document existing network security practices.

    b. Review and assess the City's current practices against industry standards and guidelines such as AWWA J100, ISA 95, etc.

    c. Prepare a Risk Assessment Report with recommendations for improvement.

11. **On-Call Quality Assurance and Quality Control (QA/QC) Services.** Alan Carrie will lead ProjectLine's electrical QA/QC services, including:

    a. Review of submittals during pre-design through construction and commissioning.

    b. Subject Matter Expert (SME) services.

    c. Risk Management services including HAZID/HAZOP studies.

    d. Constructability review.

    e. Construction inspection, and Commissioning support.

8. Hourly Rate Schedule – see Appendix F.

9. Insurance

ProjectLine has insurance coverages as specified in the City's Professional Services Agreement included as Exhibit B of the RFQual. ProjectLine will provide the City with a Certificate of Insurance as needed to comply with the Agreement with the City.

10. Litigation

Within the past five (5) years, ProjectLine has not filed any claims nor had any claims filed against us.

11. Other Information

a. As reflected in our Appendix C references, ProjectLine has a demonstrated record of staffing tasks efficiently and completing projects on time and within the allocated budget.

b. Description of community involvement: ProjectLine is an active contributor to the water infrastructure community, including memberships in Water Environment Federation (WEF), American Water Works Association (AWWA), and the Santa Ana Regional Board Section (SARBS) of the California Water Environment Association (CWEA). ProjectLine also sponsors high school and college interns.

c. ProjectLine has no conflicts of interest in connection with providing Services with this RFQual.

12. Certification of Proposal

ProjectLine hereby submits this proposal and, by doing so, agrees to provide services to the City in accordance with the RFQual, and to be bound by the terms and conditions of the RFQual.

Very truly yours,

Robert Getter, Principal Engineer
ProjectLine Technical Services, Inc.

Engineering Services Qualifications
ProjectLine
Technical Services, Inc.

About Our Company

ProjectLine Technical Services (ProjectLine) is a California corporation specializing in engineering services for infrastructure projects. ProjectLine clients include national engineering companies and major infrastructure management agencies. We offer Civil, Structural, MEP, electrical, and controls expertise throughout California and Arizona. We also have a General Engineering Contractor license (A) in California. ProjectLine clients include Los Angeles Department of Water and Power (LADWP), Cities such as Los Angeles and Riverside, Metropolitan Water District of Southern California (MWD), Orange County Sanitation District (OCSD), and Inland Empire Utilities Agency (IEUA), for whom we provide engineering services as both prime and subconsultant. ProjectLine is a Caltrans-certified Disadvantaged Minority and Women-Owned Business Enterprise and MWD and State-certified Small Business Enterprise (DBE/WBE/SBE). **An abbreviated ProjectLine SOQ follows.**

ProjectLine Offers Technical Expertise to Match Your Projects

We offer services from project planning and feasibility studies, to design and construction-phase engineering services. Our experience includes:

- Electrical, Controls, and Instrumentation engineering
- Mechanical process, Civil, and Structural engineering
- Mechanical, Electrical and Plumbing (MEP) engineering
- Water, Wastewater and stormwater conveyance, pumping and treatment facilities
- Biogas, photovoltaic, hydroelectric, and renewable energy facilities
- Battery Energy Storage Systems (BESS)
- EV charging facilities and parking structure designs
- Facility lighting and security designs
- Design-build and alternative fast-track procurement approaches
- Permitting and code compliance
- SCADA, telecommunications, network and security upgrade designs
- Sludge digestion and dewatering facilities
- Chemical storage and handling facilities
- Rehabilitation and upgrade designs
- Industrial gas facilities, including hydrogen, oxygen, nitrogen, CNG, and digester gas
- Computer-Aided Drafting (CAD) and design using AutoCAD, Microstation and related specialty applications
- Construction Management Services
- Infrastructure resiliency assessments
- Progressive **design-build** and a variety of alternative project delivery approaches

Table 1 lists services provided for recent projects and descriptions are included below.

Table 1 - ProjectLine Experience

Design Project	Civil Site	Struct.	Mech./ Process	Elec.	Instr/IT & SCADA	CM/CS
Riverside Grade Separation Project	X	X				
Highbury, Terminal Way and Edinger Pump Station Rehabilitation Projects (City of LA and OCSD)			X	X	X	X
UV Disinfection Design - LADWP				X	X

Civil, Electrical and Mechanical Upgrade Designs, Orange County Sanitation District.
Provided design services to OC San projects, including:

- **P2-127 Warehouse Station and Collection Yard Replacement at Plant 2.** ProejctLine designed replacements for warehouse and collections yard that were demolished to make room for a new solids processing facility at Plant 2. Replacement collections yard included covered parking structure for OC San CNG-fueled vactor trucks, and time-fill CNG compressor system (22 gasoline-gallon-equivalent per hour at 3600 psi), gas detection and alarms, and vehicle wash and tire filling facilities. Replacement warehouse included EV fleet charging systems and both indoor and covered outdoor warehouse spaces, security cameras and network connections. Demolition also required re-routing power and fiber communication for OC San's Oil Dock that had been powered from old warehouse.

- **J-120A Control Room Upgrades at Plant 1.** Provided upgrades for OC San's control room, including design to accommodate new ABB DCS workstations, replacement of raised floor, and added doors and windows. Workstation layout considered ergonomics and input from OC San Control Room staff. Design required temporary relocation of control room equipment during construction, and relocation of a variety of OC San security, alarm and communication systems.

- **FE22-01 Maintenance Access Platforms at Plants 1 and 2.** Designed structural platforms for access and maintenance of pumps at a large influent lift station, of sludge loading hoppers at a solids processing facility, and of conveyor equipment at screenings loading facility. Pump station platforms spanned 75 ft at 8 ft H for access to four vertical pump motors. Screenings loading facility included monorail and ultra-low headroom hoist to allow for conveyor motor removal.

City of LA Pump Station Rehabilitation Projects – Terminal Way, Highbury, Thompson, Cahuenga, Union Pacific and San Pasqual Pump Stations

ProjectLine assisted with electrical and mechanical rehabilitation design for Terminal Way Pump Station (subconsultant to Brown and Caldwell), and for Highbury, Thompson, Cahuenga, Union Pacific Pump Stations (subconsultant to Atkins Global). The Terminal Way project included replacement of pumps, motors, air conditioning (AC) equipment, backup generator, and various valves and gates. ProjectLine's scope included preliminary design for AC improvements, and final design for electrical and controls upgrades. The Highbury, Thompson, Cahuenga and Union Pacific projects included replacement of pumps, motors and backup generator, and ProjectLine's scope included electrical and controls design. ProjectLine provided assistance with City Plan Check approvals, and follow-on construction-phase engineering services.

City of Los Angeles BOS and BOE – Glendale, Hyperion and Tillman Advanced Water Purification Facilities (AWPF)

ProjectLine assisted with electrical and control systems designs for AWPF facilities at the Hyperion, Tillman and Glendale Water Reclamation Plants as subconsultant to Carollo Engineers. Hyperion and Tillman AWPF are progressive design-build projects, and ProjectLine preliminary designs were used as the design basis specification for bridging documents. The 4 mgd Hyperion AWPF includes membrane bio-reactors (MBR), reverse osmosis (RO) and advanced oxidation processes (UV plus hydrogen peroxide), and ProjectLine's role included preliminary design for electrical and controls, and mechanical design for the product water storage and pumping. Product water for the Hyperion AWPF will be used for Title 22 applications at the adjacent LAX airport. The 25 mgd Tillman AWPF includes biologically active filters, microfiltration, disinfection conversion, and AOP. Tillman AWPF water will be used for Title 22 applications and for spreading facilities. ProjectLine also assisted with electrical and controls design for a 100 gpm demonstration facility at the Glendale water reclamation plant, which provides water to water features and park area along the Los Angeles River, and includes biologically activated carbon (BAC), microfiltration (MF), RO, UV and ozone treatment systems.

Castaic Lake Water Authority/MWD – Santa Clara Valley Foothills Pipeline Turnout

Projectline provided electrical and instrumentation design services for a new MWD turnout to the Castaic Lake Water Agency as a subconsultant to Kennedy Jenks. The new turnout from the 200 inch MWD Foothill Feeder includes a 48" isolation valve and magnetic flow meter in separate underground vaults. A new electrical supply is needed to provide the turnout loads. The flow meter is connected to a new AMR cabinet which connects by phone modem to MWD's monitoring center. The local RTU is also connected to CLWA's existing PLC cabinet close by. In a related assignment, working directly for MWD, ProjectLine assisted with evaluation of alternatives to divert dewatering discharges from the Foothill Feeder from the Santa Clara River. The evaluation was undertaken to mitigate impacts to an endangered fish, the Unarmored Threespine Stickleback. Concepts were developed for diversion of the majority of the 50 million gallons of dewatering water from the area of concern, however, MWD determined biological monitoring and relocation protection of the fish to be more effective than water diversion.

Metropolitan Water District of Southern California, Site Security Upgrade Projects

ProjectLine provided electrical design for site security upgrades at 38 facilities throughout Southern California as subconsultant to Carollo Engineers and Brown and Caldwell. ProjectLine's electrical upgrade designs were performed in conjunction with security system specialists to support replacement of cameras and various other security devices, security lighting, and upgrades to access control systems. Designs were based on site visits and concept evaluations that addressed a range of issues critical to MWD's security mission.

City of Los Angeles, Albion Riverside Park. ProjectLine provided electrical design for site improvements on this Proposition O project as a subconsultant to Tetra Tech. The Institute for Sustainable Infrastructure (ISI) named the project as recipient of the 2020 Envision® Gold award for sustainable infrastructure for delivering a heightened range of environmental, social, and economic benefits to the host and affected communities. Design for the 6-acre site included BMPs to improve water quality of stormwater prior to discharging to the Los Angeles River, and upgraded outdoor sports fields, park areas, and parking areas. The project provided multiple benefits to the neighborhood by creating visual linkages to the Los Angeles River and linkages to other projects referenced in the Los Angeles River Revitalization Master plan. ProjectLine's electrical design included innovative LED lighting for sports fields and park areas based on photometric modeling, with PC-based programmable lighting controls, and meeting the latest City lighting standards.

Metropolitan Water District of Southern California (MWD) On-Call Engineering Services.

ProjectLine provided instrumentation and mechanical engineering, and CAD design support services for chemical systems upgrades to Skinner and Diemer water treatment plants as a sub-consultant to MWH. Projects added and/or replaced sodium hypochlorite, caustic, alum/ferric, ammonia, polymer and fluorosilicic acid systems. Skinner designs added and replaced a total of 56 chemical injection points for 520 mgd Modules 1 through 6 and a new 110 mgd Module 7 expansion. ProjectLine designs included sodium hypochlorite tank farm and chemical injection, chlorine ejectors and chemical injection, and pumped mixing for injection of alum/ferric and polymer. ProjectLine also provided follow-on construction-phase engineering services including responses to Contractor questions, shop drawing reviews, on-site engineering support, and **preparation of 12 Plant-Wide System Schematics for the relatively complex chemical and utility systems for the upgraded plant.**

Skinner Water Treatment Plant

Civil, Electrical and Mechanical Upgrade Designs, Orange County Sanitation District.

ProjectLine provided electrical designs for replacement of five corroded 11KV pullboxes that form part of the medium voltage distribution system at Plant 2 located in Huntington Beach. The new boxes were designed to meet code and to be installed without disturbing the existing cables. The 11KV cables were tested by the Contractor both before and after box installation to ensure cable integrity was maintained. Another upgrade design task replaced existing secondary busways for ten substation transformers at Plant 1, located in Fountain Valley. Redesigned interfaces to the transformers and switchgear were needed for the new cableways. Safety and construction sequencing to avoid impacting process operations were important considerations in design of upgrades. ProjectLine also provided mechanical design for replacement of existing HVAC equipment at the end of its useful life, ADA upgrade designs for OCSD's Plant 1 campus, preliminary engineering for expansion of the Purchasing Building at Plant 1, and civil/structural design for improvements to the Control Center at Plant 2.

Metropolitan Water District of Southern California (MWD), Weymouth ORP Design.

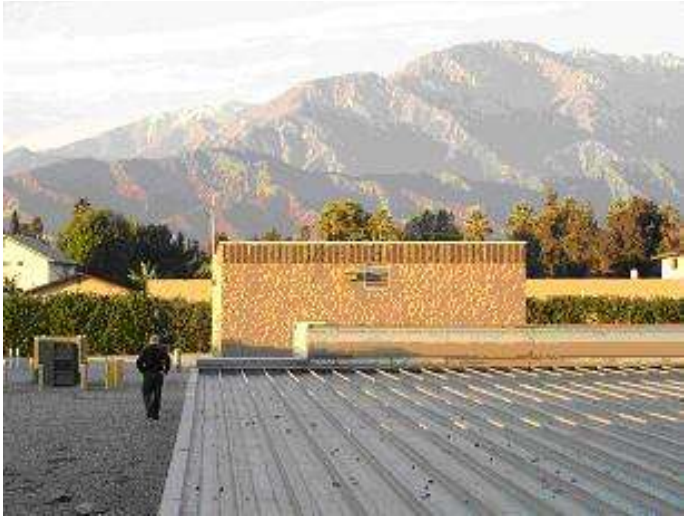
ProjectLine provided mechanical and instrumentation engineering design and CAD services for upgrade of MWD's 520 mgd Weymouth Water Treatment Plant from chlorine disinfection to ozone. Instrumentation design included over 80 P&IDs for ozone generation and related cooling water and chemical injection systems. P&IDs were developed using Bentley's Plantspace software with an innovative, customized database application. Linking a database with equipment and instruments on P&IDs allowed for accurate and efficient development of instrument lists, I/O and equipment lists. ProjectLine prepared control loop descriptions and diagrams of network communication systems detailing integration with MWD's existing SCADA.

ProjectLine designed rapid mixing systems for chemical additions, including six 3,500 gpm, 75 HP, VFD-driven centrifugal pumps with related mixing nozzles and chemical diffusers for alum, polymer and chlorine. Rapid mix designs included three large ultrasonic flow meters (in 15 ft x 13 ft box conduit) and isolation gates for connection to the existing treatment plant. ProjectLine was a subconsultant to Carollo Engineers for the project.

City of Ontario – Site Security Upgrades Project.

ProjectLine provided design-phase and construction management for upgrades to security systems at City reservoirs 1, 2, 3, 7, 8, 9 and 10. Upgrades included vandal-resistant, visually attractive electric sliding gates, fences, and Supervisory Control and Data Acquisition (SCADA) equipment enclosures. Security enclosures included intrusion alarms to the City's SCADA system. ProjectLine evaluated alternative security enclosures, fencing and gate materials, and assisted the City in selecting materials suited to City park locations of three sites. Upgrades also included motorizing three existing manual sliding gates at the Public Works Agency site. Sliding gates included security and safety loops, and card readers integrated with existing City security systems.

City of Ontario – Reservoir Repair Contract Management, Construction-Phase Engineering Services. ProjectLine provided contruction management services for repairs of two City of Ontario water supply reservoirs, 0.375 and 2.0 million gallon Reservoirs 5 and 6. ProjectLine staff prepared the project scope of work, cost estimates, construction schedule, evaluation of bids, and recommendation for contract award. Services also included contractor field oversight, Quality Assurance/Quality Control monitoring,



review of contractor submittals, and technical evaluations of repair alternatives. Repairs implemented include sealing approximately 3,000 linear feet of cracks in the concrete walls and slabs of the reservoirs, recoating corroded interior roof supports, and repairs to concrete voids and spalls. ProjectLine evaluated alternative repair methods, recommending an advanced, very-low-viscosity gravity penetrating epoxy sealant for more cost-effective repair of selected cracks. Alternative repair methods allowed completion of added work within original project budget and schedule.

Investigative Engineering Services, various clients. ProjectLine provided forensic and investigative engineering services for various confidential clients. Recent projects include investigation of PVC pipe failures at a water treatment plant, and expert witness role in $2.5 million construction claim case. The case resulted from multiple catastrophic failures of 12-inch diameter PVC pipes at an ion-exchange treatment plant located downstream of groundwater well pump stations. Investigations concluded that failures resulted from inadequate pipe supports and lack of waterhammer protection. As follow-on work, ProjectLine designed remedies, including revised pipe supports, added expansion joints, and control features to prevent waterhammer and pipe failures. Remedies were successfully implemented, and the plant now operates as intended. ProjectLine's expert witness role on another construction claim resulted from failure of seven chemical metering pumps to perform as intended for a wastewater treatment plant expansion project. Equipment failures during startup testing led to contractor claims against utility agency owner for over 300 days of construction delays, plus pump replacement. ProjectLine reviewed the design, evidence collected during testing, and depositions of key people involved. ProjectLine then evaluated claims made by pump supplier and general contractor, and provided independent recommendations to utility agency for claim resolution.

City of Los Angeles TOS-25 Stormwater Diversion Projects. ProjectLine provided electrical and controls engineering and design for stormwater diversion and infiltration projects at 9 park locations for the City of LA BOE and LADWP. Locations included North Hollywood Park, Strathern Park, David M. Gonzales Park, Fernangeles Park, Valley Village Park, Whittsett Park, Alexandria Park, and Valley Plaza Parks (north and south). Designs included pumped diversions at four of the park locations, and also included sports field lighting systems at 4 of the park locations. Projects required new electrical services, including power consolidation at several sites. Designs were completed as subconsultant to Tetra Tech, CDM Smith and Carollo Engineers.

City of Los Angeles MacArthur Lake Park Stormwater Diversion and Pumping Project. ProjectLine provided electrical and controls engineering and design for stormwater diversion and pumping from a nearby storm sewer to be used to replace potable water otherwise used for Lake filling operations. The design included 2 x 60HP submersible pumps for diversion (3000 gpm per pump), followed by a CDS pretreatment unit and a Storm filter unit. The design also included a 15HP vertical turbine pump to recirculate Lake water through a landscaped water feature.

Robert Getter, PE

Electrical and Mechanical Engineer

ProjectLine

Mr. Getter has over 30 years of experience performing electrical and mechanical engineering, design and construction-phase engineering tasks services on water infrastructure projects. Experience includes wastewater pumping and treatment facilities, and a variety of related infrastructure, including a variety of maintenance-related electrical improvements. Experience includes projects at both OC San treatment plants, spanning over 20 years. **Managed recent OC San projects including: P2-127, J-120A, FE22-01, and FR2-0027, which included a variety of electrical upgrades.** Experience includes design of over $800 million construction value for infrastructure facilities.

Relevant Project Experience

FR1-0018 Diverter Gates Replacement at Plant 1 Centrifuge Facility, OC Sanitation District. Led electrical design for replacement of 3 hydraulically-actuated diverter gates with electrically-actuated gates. Designs included new power feeders from the upper level electrical room to gates, added disconnect switches for the new motors, and control wiring to local control panels. Work was performed as subconsultant to Dudek.

FE21-05 Warehouse Stations at Plant 2, and P2-127 Collections Yard Relocation at Plant 2, OC Sanitation District. Led design for Warehouse Stations A and C at Plant 2, including demolition of the old Warehouse to make room for new Plant 2 solids dewatering facilities. FE21-05 was combined into P2-127, which included relocation of P2 Collections Yard, a covered parking facility, and time-fill CNG system. The project also included re-routing of communications networks that were previously connected to the Warehouse, and security, CCTV, and fire alarm systems for the new facilities.

J-120A Control Room Reconfiguration at Plant No. 1, OC Sanitation District. Led design for installation of new ABB Control Room workstations and furniture at Plant No. 1, as part of the ABB Plant control system upgrade. The project included relocation of existing control room equipment to a temporary control room, demolition and replacement of existing control room raised floor, re-routing electrical and communications cables and equipment, replacement of windows, and addition of a door.

FE22-01 Maintenance Access Platforms at Plants 1 and 2, OC Sanitation District. Led design for installation of maintenance access platforms to the Steve Anderson Lift Station (SALS) and Solids Dewatering Facilities at Plant 1, and the Screenings Loading Building at Plant 2. The SALS platform spans approximately 75 feet and provides

maintenance access to 4 large pump motors and bearings. Added platforms at P1 Solids Dewatering provide access to cake pump loading hopper gate motor actuator. Added platforms at P2 Screenings Building provide access to screenings screw conveyors. Designs required close coordination with OC San maintenance staff to confirm required access points and platform arrangements.

Highbury, Thompson and Cahuenga Pump Station Rehabilitation Projects, City of LA. Provided electrical and instrumentation design for rehabilitation of the City of Los Angeles' Highbury Pump Station. The upgrade included four new pumps and associated VFD pump drives, and replacement of the existing Emergency Generator to meet the latest Tier 4 AQMD requirements. Also provided electrical and instrumentation design for the rehabilitation of Thompson Pump Station. The upgrade included two new submersible pumps and electrical equipment. Both projects required comprehensive surveys of the existing electrical and instrumentation systems, preparation of a Pre-design Report, and detailed design of upgraded systems. Also provided electrical and controls engineering for Cahuenga Pump Station.

Electrical and Controls Engineer, Lift Station 55-11 Design, Coachella Valley Water District. Provided electrical and controls designs (teamed with Dudek) for upgrades to CVWD's LS55-11, including replacement of the wetwell, pumps, controls, MCC, and backup generator. The new station includes two 100 HP VFD-driven pumps, and two 50 HP constant-speed pumps.

Electrical and Controls Engineer, Sendero Booster Pump Station Design, Santa Margarita Water District. Assisted with ProjectLine electrical and control systems designs for adding three 100 HP vertical turbine pumps to an existing recycled water booster pump station as subconsultant to Dudek. Motors were provided with soft starters, and the existing switchboard was retrofitted with a portable generator connection and manual transfer switch for backup power. The facility includes an air compressor and surge tanks for control of hydraulic transients. I&C design included connection the existing SCADA system in accordance with District standards.

TOS-162 and TOS-SN-164 HWRP Electrical Resiliency and Vulnerability Mitigation, City of LA. Evaluated electrical resiliency and vulnerability mitigation for over 7,000 linear feet of pipe galleries, 6 pumping systems, 5 chemical feed systems, 4 odor control systems, and biosolids thickening and dewatering facilities at Hyperion plant. Pipe galleries include various plant utility, pumping, and life safety systems serving grit removal, primary treatment, secondary treatment, and biosolids areas of HWRP. Evaluations recommended improvements for resiliency, including flood-proofing, addressing code compliance and life safety issues, and replacement of MCC equipment at or near end of useful life. ProjectLine teamed with CDM Smith for these projects.

Electrical and Controls Engineer, RP-1 DeviceNet Replacement Design, Inland Empire Utilities Agency. ProjectLine provided electrical and controls design for replacement of DeviceNet equipment in existing networked, intelligent Rockwell MCCs with equipment compatible with IEUA's upgraded redundant ethernet network. ProjectLine is subconsultant to Eramosa for this project, which includes primary clarifier and centrifuge dewatering facilities.

Mr. Carrie offers over 30 years of electrical and controls engineering experience for public infrastructure projects, providing a range of services from planning through design and construction phases. Experience includes designs for water, stormwater, wastewater, and reclaimed water treatment equipment and systems, chemical feed systems, pumping systems, compressed air and blower systems. Experience includes recent OC San projects J-120A and P2-127. Experience a variety of electrical rehabilitations at large water and wastewater treatment plants. Experience includes OC San's cable bus upgrades, and tunnel power distribution upgrades for Plants 1 and 2. **Mr. Carrie's experience also includes preparation of SCADA master plans and a variety of water infrastructure instrumentation and control systems.**

Relevant Project Experience

FE21-05 Warehouse Stations at Plant 2, and P2-127 Collections Yard Relocation at Plant 2, OC Sanitation District. Assisted with design for Warehouse Stations A and C at Plant 2, including demolition of the old Warehouse to make room for new Plant 2 solids dewatering facilities. FE21-05 was combined into P2-127, which included relocation of P2 Collections Yard, a covered parking facility, and time-fill CNG system. The project also included re-routing of communications networks that were previously connected to the Warehouse, and security, CCTV, and fire alarm systems for the new facilities.

J-120A Control Room Reconfiguration at Plant No. 1, OC Sanitation District. Assisted with design for installation of new ABB Control Room workstations and furniture at Plant No. 1, as part of the ABB Plant control system upgrade. The project included relocation of existing control room equipment to a temporary control room, demolition and replacement of existing control room raised floor, re-routing electrical and communications cables and equipment, replacement of windows, and addition of a door. The project also included modifications to access control and plant security systems.

Highbury Pump Station Rehabilitation, City of LA. Provided electrical and instrumentation design for the rehabilitation of the City of Los Angeles Bureau of Sanitation's Highbury Pump Station. The upgrade included four new pumps and associated VFD pump drives, and replacement of the existing Emergency Generator to meet the latest Tier 4 AQMD requirements. Provided a comprehensive survey of the existing electrical and instrumentation systems, preparation of a Pre-design Report, and detailed design of upgraded system.

Orange County Sanitation District, Electrical Upgrades. Provided electrical design for replacement of five badly corroded 11KV pullboxes that form part of the medium voltage distribution system at Plant 2 located in Huntington Beach. The new boxes were designed to meet code and to be installed without disturbing the existing cables. Safety and defining construction sequencing to avoid impacting process operations was particularly important. The 11KV cables were required to be tested by the Contractor both prior and after box installation to ensure cable integrity was maintained. A second project replaced the existing secondary busways for six substation transformers at Plant 1, located in Fountain Valley. Redesigned interfaces to the transformers and switchgear were needed for the new cableways. Site surveys were completed at each substation to document "as-built" conditions. Designs addressed safety issues and maintaining operations during construction.

Electrical and Controls Engineer, Lift Station 55-11 Design, Coachella Valley Water District. Provided electrical and controls designs (teamed with Dudek) for upgrades to CVWD's LS55-11, including replacement of the wetwell, pumps, controls, MCC, and backup generator. The new station includes two 100 HP VFD-driven, and two 50 HP constant-speed pumps.

City of Los Angeles Albion Riverside Park Project. Provided electrical design for site improvements on this Proposition O project as a subconsultant to Tetra Tech. ProjectLine's electrical design included innovative LED lighting for sports fields and park areas based on photometric modeling, with web-based programmable lighting controls, and meeting the latest City lighting standards. Design for the 6-acre site included upgraded outdoor sports fields, restrooms, park areas, parking areas, and stormwater BMPs to improve water quality discharging to the Los Angeles River. The project provided multiple benefits to the neighborhood by creating visual linkages to the Los Angeles River and linkages to other projects referenced in the Los Angeles River Revitalization Master plan.

City of Los Angeles, Northeast Police Station Parking Structure. Provided electrical 30% design (MEP) as subconsultant to Brooks + Scarpa for a 200+ space parking structure added to the City's Northeast Police Station. The 30% design was used for design-build procurement of parking structure. Work included power supply from existing Police Station distribution panels; lighting design for Title 24; EV charging stations; sprinkler and standpipe fire protection and detection systems; provisions for future roof-mounted solar PV; and a vehicle washing facility.

City of Los Angeles Aliso Creek- Limekiln Creek Restoration Project. Provided electrical and controls designs for stormwater diversion and pumping as subconsultant to Tetra Tech. Aliso Creek is located within a 12,484-acre watershed that conveys upstream runoff from developed portions of the Northridge, Granada Hills, and Chatsworth to the Los Angeles River. The Project included both water quality and park facility improvements, with vegetation and wildlife habitat restoration. Water quality benefits include an increase in infiltrated water and a reduction in TMDLs. The project included dry and up to 10 cfs of wet weather diversion. Diverted flows are conveyed to and pretreated with hydrodynamic separators and then pumped to bioretention basins for additional filtration.

Henry Luong

Electrical and Mechanical Engineer

ProjectLine

Mr. Luong offers 10 years of experience performing electrical and mechanical engineering, design and construction-phase engineering tasks services on a variety of infrastructure projects. Experience includes wastewater pumping and treatment facilities, and a variety of maintenance-related electrical improvements. Experience includes recent projects at 5 wastewater pump stations for the City of LA and for Coachella Valley Water District (CVWD), and for both OC San treatment plants. **Recent OC San projects include: P2-127, J-120A, P1-141, FR1-0018 and FR2-0027, which included relevant electrical engineering and design.**

Relevant Project Experience

FR1-0018 Diverter Gates Replacement at Plant 1 Centrifuge Facility, OC Sanitation District. Provided electrical and controls design for replacement of 3 hydraulically-actuated diverter gates with electrically-actuated gates. Designs included new power feeders from the upper level electrical room to gates, added disconnect switches for the new motors, and control wiring to local control panels. The project required careful consideration of maintenance access, with elevated gates accessible from 8 ft tall access platforms with limited working clearances. Work was performed as subconsultant to Dudek.

FE21-05 Warehouse Stations at Plant 2, and P2-127 Collections Yard Relocation at Plant 2, OC Sanitation District. Provided construction-phase engineering services for Warehouse Station A at Plant 2. FE21-05 was combined into P2-127, which included relocation of P2 Collections Yard, a covered parking facility, and time-fill CNG system. The project also included re-routing of communications networks that were previously connected to the Warehouse, and security, CCTV, and fire alarm systems for the new facilities.

J-120A Control Room Reconfiguration at Plant No. 1, OC Sanitation District. Provided design for installation of new ABB Control Room workstations and furniture at Plant No. 1, as part of the ABB Plant control system upgrade. The project included relocation of existing control room equipment to a temporary control room, demolition and replacement of existing control room raised floor, re-routing electrical and communications cables and equipment, replacement of windows, and addition of a door. The project also included modifications to access control and plant security systems.

Thompson and Cahuenga Pump Station Rehabilitation Projects, City of LA. Provided electrical and instrumentation design for rehabilitation of the City of Los Angeles' Thompson Pump Station. The

upgrade included two new submersible pumps and electrical equipment. Also provided electrical and controls engineering for Cahuenga Pump Station upgrades, including complete replacement of MCC, pumps, motors and controls.

Electrical and Controls Engineer, Lift Station 55-11, Coachella Valley Water District. Provided construction-phase electrical and controls engineering (teamed with Dudek) for upgrades to CVWD's LS55-11, including replacement of the wetwell, pumps, controls, MCC, and backup generator. The new station includes two 100 HP VFD-driven pumps, and two 50 HP constant-speed pumps.

Electrical and Controls Engineer, Valley View and Avenue 66 Lift Station Designs, Coachella Valley Water District. Provided electrical and controls engineering design (teamed with Dokken and Dudek, respectively) for two new sewer lift stations, including new submersible wetwell pumps, controls, MCC, and backup generators. The new Valley View station includes two 40 HP constant speed pumps with reduced voltage soft starters and bypass starters, and a 210 kW backup generator with 50% load bank. The Avenue 66 lift station includes two 15 HP constant-speed pumps with reduced voltage soft starters and bypass starters, and a 50 kW backup generator with 50% load bank.

Electrical and Controls Engineer, RP-1 DeviceNet Replacement Design, Inland Empire Utilities Agency. Provided electrical and controls design for replacement of DeviceNet equipment in existing networked, intelligent Rockwell MCCs with equipment compatible with IEUA's upgraded redundant ethernet network. ProjectLine is subconsultant to Eramosa for this project, which includes primary clarifier and centrifuge dewatering facilities.

Electrical and Controls Engineer, Lake Mathews Electrical Infrastructure Upgrades, Metropolitan Water District of Southern California. Provided electrical and controls Owner's Advisor services for replacement of electrical infrastructure and addition of a pressure control structure (PCS) at MWD's Lake Mathews Facility. Assisted with concept design for replacing existing 2600 V site power distribution with 4160 V systems. This required replacement of step-down transformers at 6 unit power centers, and replacement of existing overhead lines with buried ductbanks. Also assisted with concept design for addition of a new PCS to replace an existing open forebay locate upstream of MWD's upper and lower feeders. ProjectLine was subconsultant to Carollo Engineers for this project, implemented with a Progressive Design-Build approach.

Jeff Montano, PE

Principal Electrical Engineer

ProjectLine

Mr. Montano offers over 30 years of electrical and controls engineering experience for public infrastructure projects, providing a range of services from planning through design and construction phases. Experience includes designs for water, stormwater, wastewater, and reclaimed water treatment equipment and systems, chemical feed systems, pumping systems. Experience includes master planning and design of SCADA and electrical systems, and field installation, inspection, startup and commissioning.

Charles Lee, lead I&C engineer for HWRF, charles.lee@lacity.org, 310.648.5450

Relevant Project Experience

Project Manager, DeviceNet Replacement and SCADA Migration Projects, Chino, CA, BOE (2023 – 2025). Teamed with Eramosa, led engineering and design for replacing IEUA-wide Recycle Water SCADA System, that covers all treatment plants and distribution system over a wide area network. Led related effort for IEUA's Regional Plant 1 (RP1), the oldest and most modified IEUA plant with improvements dated to 1948. RP1 was operating on two SCADA systems struggling with obsolescence and support. Worked with the Agency to apply SCADA standards, upgrade the campus Fiber infrastructure, and address server and control room upgrades. Worked with IEUA to apply SCADA standards, upgrade the obsolete equipment, and address server and control room upgrades. The result is a single SCADA software across IEUA that reduces lifecycle cost of ownership. Also led design team to replace legacy smart DeviceNet network with Ethernet devices at RP1. Devices are smart overloads, power monitors, VFDs in Motor Control Centers (MCC) and valve actuators at key areas of IEUA's RP-1 treatment plant.

Project Manager, SCADA Master Plan, San Juan Water District, City of San Juan (2020). Led effort that created a SCADA Master Plan for the Napa Sanitation District. Effort included Assessment, Industry Practices for SCADA, a Gap analysis and an Action Plan to progress the system along with the 10-year upgrade plan that included proposed projects and annual cash flow projections.

Project Manager, SCADA Master Plan, Napa Sanitation District, City of Napa (2019). Led effort on SCADA Master Plan for the Napa Sanitation District. Effort included Assessment, Industry Practices for SCADA, a Gap analysis and an Action Plan to progress the system along with the 10-year upgrade plan that included proposed projects and annual cash flow projections.

Project Manager, Hyperion Flare Replacement Project, Los Angeles, CA, BOE (2025 – present). As subconsultant to Brown and Caldwell, assisted with preparation of I&C designs for replacement of 6 x 2000 scfm digester gas flares at Hyperion Treatment Plant. Flares are used as backup to existing engines and boilers that normally use digester gas. Existing end-of-life flares are being replaced with new ultra-low NOX flares for environmental control improvements. The project includes backup sulfur removal systems and digester gas blower systems to allow bypassing existing systems for maintenance. The project includes vendor package control systems connected to the plant Distributed Control System.

Project Manager, Helms Pump Storage Facility DCS Replacement, Pacific Gas & Electric (2014). Led electrical design of equipment arrangements, power distribution, fiber network, grounding, and interconnections for new Emerson Ovation distributed control system installed in a 1200MW three-unit facility. The system replaced an existing Foxboro distributed control system and was phased in over multiple outage seasons while maintaining unit operations and addressing NERC related considerations. Additions included Enterprise Historian and related NERC consideration. Coordination with corporate IT and security team members were key to address NERC related items.

PengFei Chao, PhD, PE

Principal Engineer, PWE

SUMMARY

- Professional civil and environmental engineer with over 25 years of extensive experience in water/wastewater treatment and water conveyance systems.
- Specializing in water and wastewater master and capital improvement planning, cost estimating, treatment technology evaluation and process optimization, bench and pilot scale testing, water treatment system design, hydraulic and water quality modeling, construction management and water quality control and management.

EDUCATION

- PhD, Civil Engineering, Arizona State University, Tempe, AZ, December 2002
- MS, Civil Engineering, Arizona State University, Tempe, AZ, December 1998
- BS, Chemistry, Chinese Culture University, Taipei, Taiwan, June 1993

LICENSES

Professional Engineer (Registration No. 47516 AZ)

ROLES AND RESPONSIBILITIES:

- Conduct and oversee water and wastewater treatment systems along with related infrastructure projects. Main job responsibilities include:

Capital Improvement Programs:

- Conduct and/or direct water, wastewater, and storm drainage systems evaluations, report findings, and facilitate implementation of corrective actions;
- Perform condition and performance assessment for water and wastewater associated treatment systems and infrastructures;
- Conduct cost/benefit analysis to optimize repair or replacement schedules for water and wastewater system assets;
- Develop capital improvement projects, including repairs or replacements of existing water and sewerage systems and development of new systems;
- Review and approve engineering reports, drawings and specifications performed by contracted professional engineers, technicians, inspectors, surveyors, etc.;
- Provide cost effective recommendations for system maintenance, repair or replacement to internal Operations Department and Asset Management Department personnel;
- Oversee construction of water and wastewater treatment systems to monitor construction progress, quality and resolution of problems, and for compliance with regulatory requirements;
- Review plans for future improvements and coordinate projects with regulatory agencies, consultants, and contractors.

Operations and Maintenance:

- Assist onsite operations and maintenance staff in trouble-shooting with both water quality and maintenance problems;
- Review operating permits, discharge monitoring and monthly operating reports and associated periodic test reports, and identify system deficiencies;
- Review system deficiencies with site management and system operating personnel, and make recommendations for remediation;

APPENDIX C

REFERENCE PROJECTS AND CLIENT REFERENCES

Appendix C presents five (5) client references required by RFQual requirement VI.6.a.iv. Two of the 5 client references are listed below. Three of the 5 client references are also presented as most relevant service contracts performed within the past five years (required by VI.6.b.i), and the details for these references and reference projects are included in three reference forms that follow.

Giti Radvar, Project Manager

OC Sanitation District

18480 Bandilier Cir, Fountain Valley, CA 92708

GRadvar@ocSan.gov

(714) 593-7248

Project J-120A Control Room Upgrades at Plant 1. ProjectLine provided design drawings and specifications for reconfiguration of Plant 1 control room for installation of ABB's EOW x3 workstations as part of OC San's ABB Distributed Control System implementation. Key Issues addressed in design included designing a temporary control room to be used during construction of reconfigured room, and related relocation of several security and safety features (e.g. fire alarm, UPS, battery alarms, phones, remote gate controls, weather station, page-party, etc. Project included new door and windows, and replacement of raised floor. Design was completed in 2024, and construction will be completed in 2026. Construction contract amount was $1.5 million. ProjectLine's engineering design contract was $283,000.

PART A

Reference for Company Name: ProjectLine Technical Services, Inc.

Project Name: TOS-25 Stormwater Diversion Projects at City of LA Parks

Contact Name and project responsibility & relationship to the project: Robert Getter, P.E., Project Manager, and Henry Luong, Project Engineer for Electrical and Instrumentation Design.

Telephone No.: 949-351-9718 **E-mail:** rgetter@projectlinets.com

Reference Company Information:

Name: City of LA – Bureau of Engineering

Address: 201 N Figueroa St, Los Angeles, CA 90012

Contact Name: Eduardo Hernandez, P.E.

Telephone No.: (559) 681-2442 **E-mail:** Eduardo.Hernandez@lacity.org

Description of the project, including issues identified and addressed:

ProjectLine provided electrical and controls (EI&C) design drawings and specifications for stormwater diversion and improvements at 9 City parks: North Hollywood, Strathern, DM Gonzales, Fernangeles, Valley Plaza North and South, Valley Village, Whitsett and Alexandria Parks. ProjectLine provided EI&C designs as subconsultant to CDM Smith, Carollo, and Tetra Tech. Projects all included stormwater flow metering and diversion to underground infiltration basins. Two parks include pump stations for stormwater diversion, including 3 x 110 HP (North Hollywood) and 3 x 60 HP (Valley Plaza Park North). Five of the parks include new hi-mast sports lighting for baseball and soccer fields based on photometric modeling for the levels of play. Lighting designs include LA Department of Building and Safety-approved pole designs, and remote scheduling capability via internet. Upgraded electrical services and SCADA controls were key design issues that required special attention. Designs were completed in 2024, and construction of the first park awarded (DM Gonzales) is scheduled for completion in 2027. Construction bid amount for DM Gonzales is $48 million.

Please describe, rate performance of projects/services provided to your firm by ProjectLine.

Design Completion: September 2024

Term of Contract: From 2020 To 2025 Monetary Amount of Contract: $935,000 (all 9 parks)

Description of Project/Services Provided:

Electrical and controls design, and follow-on bid and construction-phase engineering services.

Rate Overall Performance:

Exceptional **Above Standard** **Acceptable** **Needed Improvement**

Please circle one and make any applicable comments below.

ProjectLine did an exceptional job on the electrical and controls design for the 9 Stormwater Capture Parks projects. They were very supportive in coordinating with the Department of Building and Safety and LADWP to obtain the permits and approvals necessary for the projects.

Rate Responsiveness to Requirements, Methodology, Project Approach

Exceptional **Above Standard** **Acceptable** **Needed Improvement**

Please circle one and make any applicable comments below.

One of ProjectLine's many attributes is their responsiveness to addressing the City's questions, and comments from permitting agencies. They also made recommendations that would make the electrical and controls design of the projects more cost effective to the City. Additionally, they were always available to attend virtual or site meetings to solve design issues with the projects.

Rate Company Personnel, Subconsultants' Experience, Technical Certifications, Quality, Accuracy of Work:

Exceptional **Above Standard** **Acceptable** **Needed Improvement**

Please circle one and make any applicable comments below.

Robert, Henry, and other personnel that I've worked with at ProjectLine are very technically sound, can explain electrical design issues thoroughly, and are knowledgeable about the electrical permitting requirements and approvals from various agencies. The quality of their work is excellent.

Rate the Company's Response to Potential Problems, Problem Solving Methods

Exceptional **Above Standard** **Acceptable** **Needed Improvement**

Please circle one and make any applicable comments below.

Since this program consisted of 9 projects, ProjectLine identified potential issues, based on permitting comments, that could be resolved on other projects beforehand. Also, ProjectLine took the initiative and communicated directly with the permitting agencies to resolve permitting comments in a timely manner.

Were services/projects completed on schedule and within budget?

Yes No

Please circle one and make any applicable comments below.

These projects were delayed due to the City's internal processes, but to no fault of ProjectLine. ProjectLine was patient in waiting for the City's internal processes to be completed, and yet they were still responsive to the City. The projects were completed within budget.

General Comments:

I am very pleased with the service that ProjectLine provided for the nine Stormwater Capture Parks Projects. Their electrical and controls designs were excellent. Their overall support and responsiveness to the City was key to obtaining permit approvals from various agencies. Their availability to meet virtually, in person, or on short notice was outstanding. I would highly recommend ProjectLine due to their knowledge of the subject matter, qualifications, availability, and responsiveness.

Overall performance of was great considering the challenges placed on ProjectLine by OCSAN to deliver the design of the project on time per OCSAN's General Manager Work Plan.

Rate Responsiveness to Requirements, Methodology, Project Approach
Exceptional Above Standard Acceptable Needed Improvement
Please circle one and make any applicable comments below.

ProjectLine performed well in accepting and adapting to client changes and needs.

Rate Company Personnel, Subconsultants' Experience, Technical Certifications, Quality, Accuracy of Work:
Exceptional Above Standard Acceptable Needed Improvement
Please circle one and make any applicable comments below.

Company personnel are great to work with, knowledgeable and competent. Coordination with designs provided by subconsultants did require some rework but was handled quickly and professionally and did not affect delivery date of the final product.

Rate the Company's Response to Potential Problems, Problem Solving Methods
Exceptional Above Standard Acceptable Needed Improvement
Please circle one and make any applicable comments below.

While there were some gaps in the scope of the design that were discovered in construction, ProjectLine responded quickly and professionally to correct issues in a timely manner so as not to delay the Contractor in their work.

Were services/projects completed on schedule and within budget?
Yes No
Please circle one and make any applicable comments below.

OCSAN had strict time constraints for the delivery of the design on this Project. ProjectLine's hard work and diligence in the design process to complete the project on time is greatly appreciated.

General Comments:

ProjectLine performed well in the design and execution of this project for OCSAN, especially given the constraints of the design process, scope, budget, and time allotted to perform the design work under this Contract. The Construction phase posed some challenges that ProjectLine responded quickly and diligently to correct any errors or issues discovered and assisted the Contractor with information and design work to complete the Construction work.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Police Department Prepared By: Celeste Owens Department: Prepared By: Celeste Owens Staff Member Presenting: Rudy Lopez, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 10

SUBJECT: **AN AMENDMENT TO THE MAINTENANCE SERVICES AGREEMENT WITH AMERICAN THREAT ASSESSMENT CONSULTING, INC. FOR SECURITY CAMERA INSTALLATION AT THE ONTARIO POLICE DEPARTMENT**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute Amendment No. 14 to the Maintenance Services Agreement with American Threat Assessment Consulting, Inc. (A.T.A.C.), of Rancho Cucamonga, California, in the amount of $42,906 for security camera installation at the Ontario Police Department, for a total not-to-exceed contract amount of $3,221,364.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The recommended Amendment No. 14 to the Maintenance Services Agreement with A.T.A.C. is $42,906 for the purchase and installation of two OneReach fiber runs from the Intermediate Distribution Frame (IDF) to designated camera locations at the Ontario Police Department. This amendment will increase the total contract amount to a not-to-exceed $3,221,364. The Fiscal Year 2025-26 Adopted Budget includes appropriations to support this expenditure with the Grants Fund.

BACKGROUND & ANALYSIS: A.T.A.C. provides installation and maintenance services for the City's security cameras. The initial agreement began in 2019 and over time, A.T.A.C. has provided the City with professional installation, maintenance, and technical support for its security camera systems. The company has consistently delivered high-quality service. On January 20, 2026, the City Council approved Amendment No. 13 for the purchase, installation, and monitoring of six cameras and necessary equipment for the Fleet Services Shop located at the Public Works Yard.

Staff recommend approving Amendment No. 14 to authorize the purchase and installation of two OneReach fiber runs from the IDF to the designated camera locations at the Ontario Police Department.

AMENDMENT NO. 14 TO THE MAINTENANCE SERVICES AGREEMENT BETWEEN THE CITY OF ONTARIO AND AMERICAN THREAT ASSESSMENT CONSULTING, INC.

1. Parties and Date.

This Amendment No. **14** to the Agreement (as defined herein) is made and entered as of _____, by and between the City of Ontario ("City") and **American Threat Assessment Consulting, Inc**., a Corporation ("Contractor). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties."

2. Recitals.

2.1 Agreement. The City and Contractor have entered into an agreement entitled "Security Cameras, Access Control, Paging/Duress Installation, Repair and Maintenance Services Agreement" dated August 1, 2020 ("Agreement").

2.2 Amendment Purpose. The City and Contract desire to amend the Agreement to increase the agreement amount by $42,906. The parties have heretofore entered into that Amendment No. 1 date April 19, 2021, Amendment No. 2 dated August 19, 2021, Amendment No. 3 dated June 21, 2022, Amendment No. 4 dated August 8, 2022, Amendment No. 5 dated April 4, 2023, Amendment No. 6 dated July 12, 2023, Amendment No. 7 dated October 17, 2023, Amendment No. 8 dated July 16, 2024, Amendment No. 9 dated June 17, 2025, Amendment No. 10 date July 2, 2025, Amendment No. 11 dated December 16, 2025, Amendment No. 12 dated January 20, 2026, and Amendment No. 13 dated January 20, 2026.

2.3 Amendment Authority. This Amendment No. 14 is authorized pursuant to Section 3.5.18 of the Agreement.

3. Terms.

3.1 Amendment. Section 3.3.1 of the Agreement is hereby amended in its entirety to read as follows:

"**3.3.1 Compensation** Contractor shall receive compensation, including authorized reimbursements, for all services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **Three Million Two Hundred Twenty-One Thousand Three Hundred Sixty-Four Dollars ($3,221,364)** without written approval of the City Manager. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement"

Exhibit "A" and "C" are hereby amended to add Attachemnt "A" which is hereto and incorporated herein by reference. All other previously added or deleted scope of services are retained in their entirety.

3.2 Continuing Effect of Agreement. Except as amended by this **Amendment No. 14**, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this **Amendment No. 14**. From and after the date of this **Amendment No. 14**, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this **Amendment No. 14**.

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this **Amendment No. 14**.

3.4 Severability. If any portion of this **Amendment No. 14** is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5 Integration. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

Date: March 11, 2026

Attention: Vergel Oriel

ATAC, Inc. is pleased to submit the following pricing for the project referenced above. The information is based on information sent by Vergel Oriel. This proposal is based on ATAC, Inc. providing material listed below only and associated manufacturer warranties.

Description of Work:

- The bill of materials below is based on documentation provided by the City of Ontario. If additional security technology is required, ATAC, Inc. shall provide it at an additional cost.
- The bill of materials has been developed by ATAC, Inc. based on the information available at the time of design. Any unforeseen site conditions or field constraints may require adjustments to the materials and scope of work.
- ATAC, Inc. shall coordinate and manage all aspects of the project including installation.
- All necessary 120v shall be existing or furnished and installed by others at no cost to ATAC, Inc. This proposal excludes patch and paint work. All Fire Stopping shall be furnished by others at no cost to ATAC, Inc.
- All Warranties shall be per manufacturer's warranty. ATAC, Inc. shall provide a proposal for a service and maintenance contract upon request.
- This proposal is based on prevailing wage labor rates.
- All work shall be performed during standard business hours. Should work be required after hours, additional costs may apply.
- This proposal includes a work lift for installation.
- This proposal is based on all material being billed upon receipt of the contract.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **CONSENT CALENDAR**
Department: Police Department Prepared By: Celeste Owens Department: Prepared By: Celeste Owens Staff Member Presenting: Rudy Lopez, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 11

SUBJECT: **AN AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH CALTEK TECHNOLOGIES, INC., FOR LOW-VOLTAGE CABLING AND EQUIPMENT INSTALLATION**

RECOMMENDATION: That the City Council authorize the City Manager, or designee, to execute Amendment No. 9 to the Professional Services Agreement with CalTek Technologies, Inc., (CalTek) of Ontario, California, in the amount of $23,512 for low-voltage cabling at the Ontario Police Department, for a total not-to-exceed contract of $649,244.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The recommended Amendment No. 9 to the Professional Services Agreement with CALTEK is $23,512 for the purchase and installation of EMT Conduit, AXIS Cameras, and (2) CAT6 cables from the TR to the camera locations provided by ITS in the Police Department. The Fiscal Year 2025-26 Adopted Budget includes appropriations to support this expenditure with the Grants Fund.

BACKGROUND & ANALYSIS: CALTEK Technologies, Inc., provides and installs the City's low-voltage cabling and AXIS cameras. The initial agreement began in 2022 and over time, CalTek has provided the City with professional installation of low-voltage cabling and cameras. CalTek is familiar with cabling infrastructure, standards utilized, and secure area access protocols across the City.

Staff recommend approving Amendment No. 9 to authorize the purchase and installation of EMT Conduit, AXIS Cameras, and two CAT6 cables from the TR to the camera locations provided by ITS in the Ontario Police Department.

AMENDMENT NO. 9 TO THE PROFESSIONAL SERVICES AGREEEMNT BETWEEN THE CITY OF ONTARIO AND CALTEK TECHNOLOGIES, INC.

1. Parties and Date.

This Amendment No. 9 to the Agreement (as defined herein) is made and entered as of _____, by and between the City of Ontario ("City") and CalTek Technologies, Inc., a CORPORATION (Contractor). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties."

2. Recitals.

2.1 Agreement. The City and Contractor have entered into an agreement entitled "Professional Services Agreement" dated March 2, 2022 ("Agreement").

2.2 Amendment Purpose. The City and Contractor desire to amend the Agreement to increase the agreement amount by $23,512. The Parties have heretofore entered into that Amendment No. 1 dated April 4, 2023, Amendment No. 2 dated July 18, 2023, Amendment No. 3 dated December 5, 2023, Amendment 4 dated January 16, 2024, Amendment No. 5 dated May 17, 2024, Amendment No. 6 dated October 1, 2024, Amendment 7 dated February 18, 2025 and Amendment No. 9 dated July 01, 2025.

2.3 Amendment Authority. This Amendment No. 9 is authorized pursuant to Section 3 of the Agreement.

3. Terms.

3.1 Amendment. Section 3.2.1 Compensation the Agreement is hereby amended in its entirety to read as follows:

> "Consultant shall receive compensation, including authorized reimbursements, for all services rendered under this Agreement at the rates set forth in Attachment "A" attached hereto and incorporated

herein by reference. The total compensation shall not exceed Six Hundred Forty-Nine Thousand Two Hundred Forty-Four Dollars ($649,244) without the written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will by compensated at the rates and manner set forth in this Agreement."

3.2 Continuing Effect of Agreement. Except as amended by this Amendment No. 9, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this Amendment No. 9. From and after the date of this Amendment No. 9, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No. 9

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 9.

3.4 Severability. If any portion of this Amendment No. 9 is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5 Integration. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

Customer Name	CITY OF ONTARIO ITS	**Proposal Date**	03/19/26
Project Name	CITY OF ONTARIO POLICE DEPARTMENT CONDUIT AND AXIS CAMERAS	**Quote Number**	7837
Requested By	VERGEL ORIEL	**Site Address**	2500 S ARCHIBALD AVE, ONTARIO, CA 91761
Telephone	(909) 395-2495		
Address	303 E B ST, ONTARIO, CA 91764	**Customer PO**	

PROPOSED SCOPE OF SERVICES
CALTEK TECHNOLOGIES proposes to furnish all parts and labor to install the following:

SCOPE OF WORK:

Provide and install ¾" EMT Conduit, AXIS Cameras, and (02) CAT6 cables from the TR to the Camera locations provided by ITS in the Police Department.

Support

- Provide and install 150FT of ¾" EMT Conduit from the Shop TR to the new location of the IP Camera.
  - Provide install Couplers, Connectors, and 2-hole straps to support the ¾" conduit pathway.
- Provide and install (20) 4ft Rods to support the new CAT6 cables.
- Provide and install (20) 2" J-hooks to support new CAT6 cables.

Horizontal Cables for IP Cameras

- Provide and install (02) CAT6 cables from the TR to the new locations provided by City of Ontario ITS.
  - Provide and terminate (02) CAT6 RJ-45 Mod Plugs for the Camera location.
  - Provide labor to Terminate onto existing Patch panel in the TR.
  - Provide labor to Label and Certify per customer standards.

Axis Cameras

- Provide and install (01) AXIS 5MP Multidirectional IP Camera, 360° (Q6300-E) per the locations provided by City of Ontario ITS.
    - Provide labor to Aim and Focus AXIS Bullet Cameras.
- Provide and install (01) AXIS 2MP AI-Powered PTZ IP Camera (Q6355-LE) per the location provided by City of Ontario ITS.
    - Provide labor to Aim and Focus Panoramic Camera.
- Provide and install (01) AXIS 4x8MP Multidirectional Panoramic Camera (P3748-PLVE) per the location provided by City of Ontario ITS.
    - Provide labor to Aim and Focus Panoramic Camera.
- Provide and install (01) AXIS 4x8MP Multidirectional Panoramic Camera (P3737-PLE) per the location provided by City of Ontario ITS.
    - Provide labor to Aim and Focus Panoramic Camera

NOTES OF IMPORTANCE:

- Caltek will be shown the locations of the drops on the wall prior to starting the work.
- Any work outside of the Scope of Work is subject to a change order.
- Proposal does include state or federal prevailing wages.

ASSUMPTIONS/QUALIFICATIONS

- Scope of Work is based on a provided floor plan with detailed outlet locations.
- It is assumed the building has drop ceiling with lift out tiles to allow the space above to be used as a pathway to route cables and that ceiling height does not exceed 9 ft. from floor to ceiling or 15 ft. from slab to slab. Must be fishable sheet rock wall construction and hollow.
- Labor is based on regular hours work.
- Pricing does not include horizontal or vertical surface raceway.
- Cost for low voltage permits are not included in this proposal if required shall be considered a change order and billed to the customer.
- Space within all ceilings and walls will be free and clear for the cable pathway at the time of installation.
- Conduits and pull boxes required for cable pathway will be the responsibility of OTHERS and are suitable for the installation of the new proposed cabling.
- Any core holes required for cable pathway or access will be the responsibility of OTHERS. Pricing does not include boring or drilling through concrete or firewalls.
- A ground bar exists in each Telecommunications room and will have connectivity to the main building ground.
- Equipment Room has sufficient space for installation of equipment rack, and all required termination hardware and equipment.
- Unless noted, data and voice patching and switch ports will be the responsibility of others.
- A pathway will be provided for cable access to all modular furniture station outlets.
- No man-lift is included and if required shall be considered a change order and billed to the customer.
- All phone switch programming, connectivity, and related work will be the responsibility of others.
- The proposed pricing is valid for a period of 30-days.
- For Wire Removal – Caltek Technologies will remove all ceiling tiles. All building and security alarms, pay phone wiring, and door-strike controls will be identified by the Customer, as well as any other wiring that is not included in the removal.
- Where required, the Customer will supply and install 3/4" plywood backboards of sufficient size to accommodate the proposed cables, blocks or electronic equipment.
- Proposal does include state or federal prevailing wages.
- No other work unless specifically noted is included in this proposal.

PROPOSED FEE SCHEDULE

CALTEK TECHNOLOGIES hereby proposes to provide and install the proposed Cabling System (described above) for the following:

Materials: $14,258.67
Labor: $6,468.49
Lift Rental: $1,430.00
Tax: $1,354.57
GRAND TOTAL LUMP SUM: $23,511.73

GENERAL CONDITIONS

1. The Customer will provide prompt access to work areas when required. Any additional time resulting from lack of access will be billed to the Customer at standard or premium rates as applicable and is not included in this quotation.
2. Both Caltek Technologies and the Customer will adhere to compliance to all applicable codes.
3. Asbestos Contamination - It is the Customer's responsibility to provide Caltek Technologies employees and subcontractors with an environment free from hazardous pollutants, including Asbestos. In the event pollutants are encountered, the Customer shall remove the pollutant and bear any additional construction and installation charges, which may result.
4. Changes in the work described herein may result in extra charges and will be performed only upon execution of a change order, which will reflect additional cost.
5. Sub structure to be provided by the Customer and is not included in this quotation are the following: core drilling, raceway, molding, tele/power poles, sleeves, floor receptacle housings, etc. unless stated in the scope of work section.
6. Removal of left in, existing, or abandoned wire and cable are not included in this proposal unless stated in the Scope of Work section.
7. Payment terms: Thirty calendar days from date of invoice.
8. The cost to expedite shipping is not included in this proposal and if required shall be considered a change order and billed to the customer.
9. Alterations or deviations, if any from the scope of work, or any delays or postponements of the work by the Customer or his agents which result in additional materials or labor costs, will become an extra charge which will be billed as an addition to this proposal amount.
10. Change Management for additions to proposed SOW will be submitted by the Caltek Technologies Project Manager and approved by the customer before work is approved or additional material is ordered.
11. Any extra move on or off the job site due to circumstances beyond our control will be billed as an extra at hourly labor and equipment rates.
12. Unless noted it is the responsibility of the customer to supply a proper Telecommunication bonding backbone and Telecommunication grounding bus bar in each ER or TR.
13. The Customer shall be responsible to obtain approval from any Historic Commission, Agency or other organization that may be required. A copy of this authorization shall be provided to Caltek Technologies prior to the procurement of any material and materials used in the restoration shall be standard material readily available for general construction. Matching of materials to be Historically compliant is not included in this proposal.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **PUBLIC HEARINGS**
Department: Housing Prepared By: Albert Ramirez Department: Prepared By: Hannah K Mac Kenzie Staff Member Presenting: Helen McAlary, Executive Director Community Life and Culture Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 12

SUBJECT: **AMENDMENT TO THE CITY'S FIVE-YEAR (2019-2023) PERMANENT LOCAL HOUSING ALLOCATION PLAN**

RECOMMENDATION: That the City Council take the following actions:

A. Conduct a public hearing to receive comments relating to a proposed amendment to the City of Ontario's Five-Year Permanent Local Housing Allocation Plan (PHLA Plan);
B. Adopt a Resolution approving the PLHA Plan amendment; and
C. Authorize the City Manager, or his designee, to execute the PLHA Plan amendment, and any documents related to the amendment.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: The proposed amendment will reprogram funding from the original PLHA Allocation Plan. The Fiscal Year 2025-26 budget includes appropriations and related revenues for the Permanent Local Housing Allocation.

BACKGROUND & ANALYSIS: In September 2017, the California Legislature adopted Senate Bill 2 (SB 2), also known as the Building Homes and Jobs Act. This legislation established a $75 recording fee on real estate documents to support affordable housing production statewide. SB 2 created the Permanent Local Housing Allocation (PLHA) Program, administered by the California Department of Housing and Community Development (HCD).

Through the PLHA Program, entitlement jurisdictions, including the City of Ontario, receive formula-based funding distributed in five-year cycles. As part of the application process, jurisdictions must identify eligible activities for HCD review and approval. On July 7, 2020, the City Council adopted Resolution No. 2020-121, approving the City's PLHA Allocation Plan.

The proposed amendment updates the City's approved five-year PLHA Allocation Plan by

reallocating funds to better align with current housing priorities. The amendment increases investment in new construction of affordable rental housing and homeownership activities, and expands eligibility for homeownership activities to households earning up to 120% of Area Median Income (AMI), compared to the current 80% AMI limit. This change will allow PLHA funds to be used in the City's Keys to Community First-Time Homebuyer Program.

The amendment eliminates funding for enhanced homeless services and capital reserves for permanent supportive housing and reallocates those funds to new construction of affordable housing and homeownership activities. Funding for administration remains unchanged at the maximum 5% allowed under HCD guidelines. Staff supports this reallocation, as existing resources are available to address the needs previously funded under enhanced homeless services, and there are currently no permanent supportive housing projects requiring capital reserve funding.

The revised five-year allocations are as follows:

- Enhanced Homeless Services: $0 (previously $3,771,100)
- New Construction of Affordable Housing: $3,154,316 (previously $3,771,100)
- Homeownership Activities: $1,896,769 (previously $806,751)
- Capital Reserves for Permanent Supportive Housing: $0 (previously $354,925)
- Administration: $265,845 (unchanged)
- Total: $5,316,930

The proposed amendment will allow the City to allocate additional resources to key City Council initiatives. The City currently operates the Keys to Community First-Time Homebuyer Program. On June 17, 2025, the City Council allocated $1,688,748 to the program using a combination of local and Permanent Local Housing Allocation (PLHA) funds. The proposed amendment would allocate an additional $1,090,018 in funding to further support the program.

To date, eight loans have been issued, all to households above 80% AMI, using only local funds. The average income level of participating households is 101% AMI. In the current housing market, lower-income households often face challenges qualifying for primary mortgages, even with financial assistance. Increasing the eligibility threshold to 120% AMI, as permitted by California Department of Housing and Community Development (HCD) guidelines, will enable more effective utilization of PLHA funds.

The development of new affordable rental housing remains a high priority for the City. Approximately $1.8 million in PLHA funds has already supported Emporia Place II, a 50-unit affordable housing project in downtown Ontario. The City is actively advancing additional affordable housing projects and will use remaining PLHA funds to support current and future developments as opportunities arise.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING AN AMENDMENT TO THE PERMANENT LOCAL HOUSING ALLOCATION PLAN FOR THE PERMANENT LOCAL HOUSING ALLOCATION PROGRAM.

THE CITY OF ONTARIO ("APPLICANT") HEREBY CONSENTS TO, ADOPTS, AND RATIFIES THE FOLLOWING RESOLUTION:

WHEREAS, the State of California (the "State"), Department of Housing and Community Development ("Department") issued a Notice of Funding Availability ("NOFA") dated 10/15/2024 under the Permanent Local Housing Allocation ("PLHA") Program; and

WHEREAS, the Department is authorized to provide up to $195 million under the SB 2 Permanent Local Housing Allocation Program Formula Component from the Building Homes and Jobs Trust Fund for assistance to Cities and Counties (as described in Health and Safety Code section 50470 et seq. (Chapter 364, Statutes of 2017 ("SB 2")); and

WHEREAS, Applicant is an eligible Local government applying for the Program to administer one or more eligible activities, or a Local or Regional Housing Trust Fund to whom an eligible Local government delegated its PLHA formula allocation; and

WHEREAS the Department may approve funding allocations for PLHA Program, subject to the terms and conditions of the Guidelines, NOFA, Program requirements, the Standard Agreement and other contracts between the Department and PLHA grant recipients; and

WHEREAS, Applicant is required to execute a resolution to certify any amendment to existing PLHA Program application or plan.

NOW THEREFORE, BE IT RESOLVED THAT:

SECTION 1. If Applicant receives a grant of PLHA funds from the Department pursuant to the above referenced PLHA NOFA, it represents and certifies that it will use all such funds in a manner consistent and in compliance with all applicable state and federal statutes, rules, regulations, and laws, including without limitation all rules and laws regarding the PLHA Program, as well as any and all contracts Applicant may have with the Department.

SECTION 2. Applicant is hereby authorized and directed to receive a PLHA grant, in an amount not to exceed the five-year estimate of the PLHA formula allocations, as stated in Appendix C of the current NOFA, of $5,520,108 in accordance with all applicable rules and laws.

SECTION 3. Applicant hereby agrees to use the PLHA funds for eligible activities as approved by the Department and in accordance with all Program requirements, Guidelines, other rules and laws, as well as in a manner consistent and in compliance with the Standard Agreement and other contracts between the Applicant and the Department.

SECTION 4. Pursuant to Sections 302(c)(4) and 302(c)(5) of the Guidelines, Applicant's PLHA Plan Amendment for the 2020-2023 Allocations is attached to this resolution, and Applicant hereby adopts this PLHA Plan Amendment and certifies compliance with all public notice, public comment, and public hearing requirements in accordance with the Guidelines.

SECTION 5. Pursuant to Applicant's certification in this resolution, the PLHA funds will be expended only for eligible Activities and consistent with all program requirements.

SECTION 6. Applicant certifies that, if funds are used for the acquisition, construction or rehabilitation of for-sale housing projects or units within for-sale housing projects, the grantee shall record a deed restriction against the property that will ensure compliance with one of the requirements stated in Guidelines Section 302(c)(6)(A),(B) and (C).

SECTION 7. Applicant certifies that, if funds are used for the development of an Affordable Rental Housing Development, the Local government shall make PLHA assistance in the form of a low-interest, deferred loan to the Sponsor of the Project, and such loan shall be evidenced through a Promissory Note secured by a Deed of Trust and a Regulatory Agreement shall restrict occupancy and rents in accordance with a Local government-approved underwriting of the Project for a term of at least 55 years.

SECTION 8. Applicant shall be subject to the terms and conditions as specified in the Standard Agreement, the PLHA Program Guidelines and any other applicable SB 2 Guidelines published by the Department.

SECTION 9. The City Manager, or his designee, is authorized to execute the PLHA Program Application, the PLHA Standard Agreement and any subsequent amendments or modifications thereto, as well as any other documents which are related to the Program or the PLHA grant awarded to Applicant, as the Department may deem appropriate.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 21st day of April 2026.

§302(c)(4) Plan

Rev. M.10/28/24

§302(c)(4)(A) Describe the manner in which allocated funds will be used for eligible activities.

The City of Ontario plans to use PLHA funds for the following activities:
1) Administration; 2) Affordable Multifamily Rental Housing Production - Provide below market interest, deferred loans for new construction multifamily rental housing projects that will be occupied by households with incomes up to 60% of AMI, and 3) Homeownership Opportunities. Provide homeownership opportunities through either down payment assistance loans to low- and moderate-income households or loans for the construction of new single-family homes on small infill lots for low to moderate-income households.

§302(c)(4)(B) Provide a description of the way the Local government will prioritize investments that increase the supply of housing for households with incomes at or below 60 percent of Area Median Income (AMI).

Approximately fifty-five percent (55%) of the PLHA funding is anticipated to be provided financial assistance in the form of a below market rate instert rate deferred loan to facilitate the construction of new multifamily housing units restricted to households earning up to 60% of AMI.

§302(c)(4)(C) Provide a description of how the Plan is consistent with the programs set forth in the Local Government's Housing Element.

The City of Ontario's Housing Element was adopted on October 15, 2013 includes policy directives that are consistent with proposed PLHA activities including:
1) Policy H4-2: We increase and expand homeownership rates for lower- and moderate-income households by offering financial assistance, low-interest loans, and educational resources, and by working in collaboration with partnerships; and 2) Policy H4-5: We support collaborative partnerships of nonprofit organizations, affordable housing developers, major employers, and for-profit developers to produce affordable housing.
All of the PLHA activities fit within these Housing Element policies. Given that these projects will serve households at both very low and low-income limits, we have combined the RHNA numbers for both very low- and low-income needs.

Activities Detail (Activities Detail (Must make a selection on Formula Allocation Application worksheet under Eligible Activities, §301))

§301(a)(1) The predevelopment, development, acquisition, rehabilitation, and preservation of multifamily, residential live-work, rental housing that is affordable to extremely low-,very low-, low-, or moderate-income households, including necessary Operating subsidies.

§302(c)(4)(E)(I) Provide a detailed and complete description of how allocated funds will be used for each proposed Affordable Rental Housing Activity.

The PLHA funds will be used to provide below market rate interest loans to developers to facilitate the construction of new multifamily construction projects throughout Ontario.

Complete the table below for each proposed Affordable Rental Housing Activity to be funded with 2020-2023 PLHA allocations. If a single Activity will be assisting households at more than one level of Area Median Income, please list the highest AMI to be served.

Funding Allocation Year	2020	2021	2022	2023											
Type of Affordable Housing Activity	New Construction of Affordable Rental Housing	New Construction of Affordable Rental Housing	New Construction of Affordable Rental Housing	New Construction of Affordable Rental Housing											
§302(c)(4)(E)(i) Percentage of Funds Allocated for the Proposed Affordable Rental Housing Activity	55%	55%	55%	55%											
§302(c)(4)(E)(ii) Area Median Income Level Served	60%	60%	60%	60%											TOTAL
§302(c)(4)(E)(iii) Unmet share of the RHNA at the AMI Level Note: complete for years 2020, 2022, 2023 only	4337														4337
§302(c)(4)(E)(iii) Projected Number of Households Served	25	25	25	25											100
§302(c)(4)(E)(iv) Period of Affordability for the Proposed Affordable Rental Housing Activity (55 years required for rental housing projects)	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	55 Years	

§302(c)(4)(E)(iii) A description of major steps/actions and a proposed schedule for the implementation and completion of the Activity.

Project 1 - The major steps for the allocation of these funds will include execution of a Disposition and Development Agreement (DDA), securing entitlements and other additional funding (LIHTC, AHSC, bonds, etc.), construction, and lease-up. It is anticipated that a DDA will be executed by January 2021. Construction is estimated to begin on or about November 2021 and will be completed by June 2023. In total, It is anticipated that project will take approximately 36 months for completion

Project 2 - The major steps for the allocation of these funds will include execution of a Disposition and Development Agreement (DDA), securing entitlements and other additional funding (LIHTC, AHSC, bonds, etc.), construction, and lease-up. It is anticipated that an a DDA will be executed by April 2025. Construction is estimated to begin on or about January 2027 and will be completed by July 2028. In total, It is anticipated that project will take approximately 36 months for completion.

§301(a)(9) Homeownership opportunities, including, but not limited to, down payment assistance.

§302(c)(4)(E)(I) Provide a detailed and complete description of how allocated funds will be used for the proposed Activity.

Forty percent (40%) of the funds will be used to provide down payment assistance to households earning up to 120% of AMI for first-time homebuyers and/or through low-interest, deferred loans for acquisition, construction, or rehabilitation of for-sale housing developments for households earning up to 120% of AMI.

Complete the table below for each proposed Activity to be funded with 2020-2023 PLHA allocations. If a single Activity will be assisting households at more than one level of Area Median Income, please list the highest AMI to be served.

Funding Allocation Year	2020	2021	2022	2023											
Type of Homeowner Assistance	Homebuyer Assistance	Homebuyer Assistance	Homebuyer Assistance	Homebuyer Assistance											
§302(c)(4)(E)(i) Percentage of Funds Allocated for the Proposed Activity	40%	40%	40%	40%											
What Percentage of the Percentage Above Will be Used for Ownership Housing?	100%	100%	100%	100%											
§302(c)(4)(E)(ii) Area Median Income Level Served	120%	120%	120%	120%											TOTAL
§302(c)(4)(E)(iii) Unmet share of the RHNA at the AMI Level Note: complete for years 2020, 2022, 2023 only	1977														1977
§302(c)(4)(E)(iii) Projected Number of Households Served	5	5	3	2											15
§302(c)(4)(E)(iv) Period of Affordability for the Proposed Activity	30	30	30	30											

§302(c)(4)(E)(iii) A description of major steps/actions and a proposed schedule for the implementation and completion of the Activity.

The City will design and operate a first-time homebuyer program, offering down-payment assistance loans of up to $120,000 to income-qualified households. Program guidelines are expected to be completed by July 2025. Each year, staff will perform active marketing outreach efforts to promote this program.

PLHA Formula - Amendment for years 2021, 2022, 2023

Rev. M.10/28/24

Eligible Applicant Type:	**Entitlement**				
Local Government Recipient of PLHA Formula Allocation:		Ontario			
2020 PLHA Formula Allocation Amount:	n/a	2019 Allowable Local Admin (5%):	n/a	Admin requested?	Yes
2021 PLHA Formula Allocation Amount:	n/a	2020 Allowable Local Admin (5%):	n/a	Admin requested?	Yes
2022 PLHA Formula Allocation Amount:	n/a	2021 Allowable Local Admin (5%):	n/a	Admin requested?	Yes
2023 PLHA Formula Allocation Amount:	n/a	2022 Allowable Local Admin (5%):	n/a	Admin requested?	Yes

Instructions: If the Local Government Recipient of the PLHA Formula Allocation delegated its PLHA formula allocation to a Local Housing Trust Fund or to another Local Government, the Applicant (for which information is required below) is the Local Housing Trust Fund or administering Local Government. The PLHA award will be made to the Applicant (upon meeting threshold requirements) and the Applicant is responsible for meeting all program requirements throughout the term of the Standard Agreement.

The 302(c)(4) Plan template worksheet requires first choosing one or more of the Eligible Activities listed below. If "Yes" is clicked, the 302(c)(4) Plan worksheet opens a series of questions about what precise activities are planned. Some specific activities, such as providing downpayment assistance to lower-income households for acquisition of an affordable home, could be included under either Activity 2 or 9. Please only choose one of those Activities; don't list the downpayment assistance under both Activities. **Please note that 40% of each allocation you are requesting to amend with this application MUST be allocated to an activity that supports Homeownership in accordance with the NOFA. Ownership activities are 2,3,4,7,8,9 (activities 2,3,4, & 8 will only count as ownership if the funds will go towards ownership sub activities as opposed to rental housing sub activities including ADU's)**

If the PLHA funds are used for the same Activity but for different Area Median Income (AMI) level, select the highest AMI level the Activity will serve (you can always go lower than what is listed but you may not serve higher than what is listed without completing a plan amendment in the future).

For each year (2021-2023), allocations must equal 100% annually including the allowable administrative costs of up to 5%.

§300 Eligible Applicants

§300(a) and **(b)** Eligible Applicants for the Entitlement and Non-Entitlement formula component described in Section §100(b)(1) and (2) are limited to the metropolitan cities and urban counties allocated a grant for the federal fiscal year 2017 pursuant to the federal CDBG formula specified in 42 USC, Section §5306 and Non-entitlement local governments.

CITY OF ONTARIO *Agenda Report* **April 21, 2026**	**SECTION:** **ADMINISTRATIVE REPORTS/DISCUSSION/ACTION**
Department: Management Services Prepared By: Claudia Y Isbell Staff Member Presenting: Claudia Y. Isbell, Assistant City Clerk Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 13

SUBJECT: CANVASS OF A SPECIAL MUNICIPAL ELECTION ON MARCH 24, 2026

RECOMMENDATION: That the City Council adopt a Resolution of the City Council of the City of Ontario, California, reciting the facts of the Special Municipal Election held on March 24, 2026, and declaring the results thereof and such other matters as provided by law.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

FISCAL IMPACT: The estimated cost of the Special Municipal Election held on March 24, 2026 is $1.2 million from the General Fund.

BACKGROUND & ANALYSIS: On March 28 and April 7, 2025, the City Clerk's Office received notices of intents to circulate initiative petitions from Unite Here Local 11 seeking to qualify ordinances/measures; 1. Hotel, Event Center and Airport Worker Protection, Retention, and Minimum Wage Ordinances, and 2. Requiring voter approved development agreements for major hotel development and major event center projects. Both initiatives met the 10% register voter signature requirements established by the California Elections Code.

On December 16, 2025, the City Council heard impact reports regarding each of the initiatives and opted to put the measures to the voters at a Special Municipal Election scheduled for March 24, 2026.

Pursuant to the City Council's direction, a Special Municipal Election was held on Tuesday, March 24, 2026, for the initiatives/measures. The County of San Bernardino Registrar of Voters has completed the canvass of the results and the appropriate Resolution, with results attached as Exhibit A has been prepared for adoption.

The San Bernardino County Registrar of Voters has certified the election results with both measures failing to meet the required number of votes to pass. Copies of the Statement of Certification of Election Results for the 2026 Special Election, Final Certified Election Results, and Total Canvass declaring results of the failed measures are attached.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, RECITING THE FACT OF THE SPECIAL MUNICIPAL ELECTION HELD ON MARCH 24, 2026; DECLARING THE RESULTS AND SUCH OTHER MATTERS AS PROVIDED BY LAW.

WHEREAS, a Special Municipal Election was held and conducted in the City of Ontario, California, on Tuesday, March 24, 2026, as required by law; and

WHEREAS, notice of the election was given in the time, form and manner as provided by law; voting precincts were properly established; election officers were appointed, and in all respects the elections were held and conducted and the votes were cast, received and canvassed and the returns made and declared in the time, form and manner as required by the provisions of the Elections Code of the State of California for the holding of elections in cities; and

WHEREAS, the County Election Department canvassed the returns of the election and has certified the results to this City Council; the results are received, attached, and made a part hereof as “Exhibit A”.

NOW, THEREFORE, the City Council of the City of Ontario hereby finds, determines and resolves as follows:

SECTION 1. That the whole number of ballots cast in the precincts including vote-by-mail ballots and provisional ballots are detailed in the Official Canvass attached as Exhibit A.

SECTION 2. That the measures voted upon at the election are as follows:

Measure V
Measure W

SECTION 3. That the number of votes cast in each precinct, and the number of votes cast in the City for each measure above-named, are set forth in “Exhibit A,” which is attached hereto and incorporated herein by this reference.

SECTION 4. That as result of the election, a majority of voters voting on the measures relating to Measure V and Measure W did not vote in favor of it, and that the measures were not carried, and shall not be deemed adopted and ratified.

SECTION 5. The City Clerk shall enter on the records of the City of Ontario, a statement of result of the election, showing:

1) The whole number of votes/ballots cast in the City;
2) The measures voted for;
3) The total number of votes cast for each measure.

SECTION 6. The City Clerk shall certify to the passage and adoption of this Resolution and enter it into the book of original resolutions.

SECTION 7. Severability. If any section, subsection, subdivision, sentence, or clause or phrase in this Resolution or any part thereof is for any reason held to be unconstitutional, invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Resolution or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases are declared unconstitutional, invalid, or ineffective.

SECTION 8. Effective Date. This Resolution shall become effective immediately.

PASSED, APPROVED, AND ADOPTED this 21st day of April 2026.
