**Public Comment: \*** I am writing my comment to ask the Board to recommend allowing outdoor cannabis grows to the City Council. Indoor cannabis grows use heat lamps which present a fire risk on their own- sparks, circuit failures, bad wiring, fire-prone equipment, overloaded outlets and just accidentally getting knocked over are all serious concerns which can easily be removed by simply growing outdoors.

A Fire Protection District Board shouldn't be taking a position on cannabis itself. But I think to send a recommendation to the City Council, that outdoor grows reduce the risk of fire and thus increase safety, seems like it ought to be within your purview, and may end up preventing future fires and keeping us all safer.

Thank you.

## TITLE

Annual Appropriations Limit for Fiscal Year 2021-2022

## RECOMMENDATION

Adopt a [Resolution](#) approving the annual appropriations limit for the American Canyon Fire Protection District for fiscal year 2021-2022.

## CONTACT

Michael P. Cahill, Fire Chief

## BACKGROUND & ANALYSIS

In November 1979, California voters added Article XIII-B to the State Constitution, which placed limitations on the appropriations of State and local governments. The Article, as implemented by State Legislation, requires that local agencies set an annual spending limit for budget appropriations funded from the proceeds of taxes, as defined by the law and accepted statewide guidelines.

### Calculating the Appropriations Limit

The base year was set as fiscal year 1978-1979 and the first appropriations limit was applied to public agency budgets beginning in fiscal year 1980-1981. The appropriations limit is revised annually by a prescribed formula that uses a combination of the percentage changes in California's per capita personal income or non-residential assessed valuation, if available, and the local jurisdictions change in population measured as of January 1st of each year. The percentage change in per capita personal income and the percentage change in population are provided by the California Department of Finance.

In June 1990, Proposition 111 was approved, which amended Article XIII-B. The amendment changed both how the limit was calculated and the appropriations that were subject to the limit, and added governing body adoption and independent audit requirements.

There are no penalties under Article XIII-B for failure to adopt a limit. Compliance with the law is intended to be locally enforced by citizens. The State Government Code limits a civil court challenge of the appropriations limit calculation to a 45-day period after adoption.

### Proceeds of Taxes and Appropriations Subject to Limit

After the annual appropriations limit is calculated, the appropriations that are subject to the limit are determined. The appropriations limit only applies to appropriations that are funded from the proceeds of taxes, which are defined in the statewide guidelines.

### American Canyon Fire Protection District Appropriation Limit

Consistent with prior years, the fiscal year 2021-2022 appropriations limit was calculated using the statewide per capita personal income increase of 5.73% and the City of American Canyon population change of -0.47%. Applying these factors results in an increase in the prior year appropriations limit of 5.23%, or \$ 691,375; and when added to the FY 2020-21 appropriations limit of \$13,219,399, results in a FY 2021-2022 appropriations limit of \$13,910,774. The appropriations subject to the limit were determined to be \$5,081,232, which is \$8,829,542 under the appropriation limit. The detailed calculations are presented in the attached [Appropriations Spending Limit Worksheet](#).

Establishing the Appropriations Limit  
For Fiscal Year 2021-2022  
Pursuant to Article XIII B of the California Constitution**

**WHEREAS**, Article XIII B of the California Constitution provides that the total annual appropriations subject to limitation of each governmental entity shall not exceed the appropriation limit of such government entity for the prior year adjusted for certain changes mandated by Proposition 4 passed in November 1979 and Proposition 111 passed in June 1990 except as otherwise provided for in said Article XIII B and implementing State statutes; and

Fire Mitigation Fees

## **RECOMMENDATION**

Adopt a [Resolution](#) Increasing the 1986 Mitigation Fee for Fiscal Year 2021-2022 by the Change in the [Consumer Price Index](#) for the Year ended April 2021, 4.1 percent.

## **CONTACT**

Michael P. Cahill, Fire Chief

## **BACKGROUND & ANALYSIS**

In November 1986, the voters approved a mitigation fee which is actually an assessment to help pay for Fire District facilities and apparatus. This revenue measure was needed due to the combination of the passage of Proposition 13 (Article XIII of the State Constitution), which severely reduced the District's tax base and the needs in future years based on projected construction of residential and commercial development. The Fire Mitigation Fee is a one-time tax (which is now properly characterized as an assessment) which is levied upon property owners who construct and occupy any residential, commercial or industrial building located with the District. The assessment is calculated based on the square footage of the structure.

Pursuant to the 1986 Mitigation Fee Resolution 86-5, Section 4, Paragraph K, the Board of Directors shall review and adjust the rate each year according to the changes in the Consumer Price Index (CPI). For the year ending April 2021, the CPI index for the San Francisco/Oakland/San Jose increased 4.1 percent. The increase is applicable to all building permits issued beginning July 1st, 2021.

## **COUNCIL PRIORITY PROGRAMS AND PROJECTS**

Public Safety: "Ensure American Canyon remains a safe community."

## **FISCAL IMPACT**

When the percentage increase in the CPI is applied, the assessment is increased as follows:

*Assessment Rate Per Square Foot*

<b>Category</b>	<b>Current</b>	<b>Proposed</b>
Single Family	\$ .2483	\$ .2585
Multi-Family	\$ .3030	\$ .3154
Commercial	\$ .4545	\$ .4731
Industrial	\$ .5512	\$ .5738

**ENVIRONMENTAL REVIEW**

The approval of the proposed resolution is not subject to the California Environmental Quality Act (“CEQA”) pursuant to Section 15060(c)(2) because the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment; and Section 15060(c)(3) because the activity is not a project as defined in Section 15378(b)(4) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3 because it is a governmental financing mechanism that has no potential for resulting in physical change to the environment, directly or indirectly. In addition, the resolution is not a project under CEQA Regulation Section 15061(b)(3) because it has no potential for causing a significant effect on the environment.

Additionally, in September 1997, District Counsel completed a Prop. 218 analysis and confirmed that no additional CEQA study or Public Hearing needs to be conducted when confirming the annual increase.

**WHEREAS**, the American Canyon Fire Protection District (“District”) Resolution 86-5, Section 4, Paragraph K, provides that the Board of Directors shall review and adjust the voter approved Mitigation Fee each year according to the changes in the Consumer Price Index; and

**WHEREAS**, the Consumer Price Index for the San Francisco / Oakland / San Jose area for the year ending April 2021 increased 4.1 percent;

**WHEREAS**, the 4.1 percent adjustment in the Consumer Price Index causes an increase to the District Mitigation Fee as follows:

## **TITLE**

Dispatch Agreement

## **RECOMMENDATION**

Adopt a [Resolution](#) authorizing execution of Amendment No. 7 for FY 2021/22 to the Cooperative Joint Powers Dispatching Services Agreement between the City of Napa and the American Canyon Fire Protection District to continue the administration and operation of centralized emergency response dispatching services.

## **CONTACT**

Michael P. Cahill, Fire Chief

## **BACKGROUND & ANALYSIS**

On July 1, 2011 the City of Napa Central Dispatch commenced emergency dispatch services for the District subsequent to approval of the original [agreement](#) by the District Board of Directors on December 21, 2010.

The Agreement has been amended annually to extend the term for additional one-year periods and to update the annual fee to reflect the increased costs for dispatch services. The annual fees have been comprised of \$35,774 for Fiscal Year 2013/14 and \$53,847 for Fiscal Year 2014/15 pursuant to the original Agreement; \$54,952 for Fiscal Year 2015/16 by Amendment No 1; \$64,351 for Fiscal Year 2016/17 by Amendment No. 2; \$67,569 for Fiscal Year 2017/18 by Amendment No 3; \$69,596 for Fiscal Year 2018/19 by Amendment No. 4; \$72,032 for Fiscal Year 2019/20 by Amendment No 5; and \$74,193 for Fiscal Year 2020/2021 by Amendment No 6; and

The [seventh proposed amendment](#) identifies costs of providing the services based on the cost allocation attributed to District calls for service.

Utilizing Napa Central Dispatch as the Districts emergency call dispatcher has benefitted the District in numerous ways including: reduced costs through economy of scale, reduced call processing time through the Public Safety Answering Point (“PSAP”) being the primary dispatcher, enabling the use of Mobile Data Computers (“MDC’s”), Computer Aided Dispatch (“CAD”) to Record Management System (“RMS”) interface, Automatic Vehicle Locaters (“AVL”), and streamlining Chief Officer

response to major incidents as per the Joint Powers Agreement (“JPA”) between the District and the City of Napa Fire Department.

### **COUNCIL PRIORITY PROGRAMS AND PROJECTS**

Public Safety: "Ensure American Canyon remains a safe community."

### **FISCAL IMPACT**

The proposed one-year amendment increases the annual cost to the District for dispatch services from the FY 2020/21 amount of \$74,193 to the amount of \$76,419 for FY 2021/22. This is a total increase of \$2,436.

### **ENVIRONMENTAL REVIEW**

No environmental review is required, as the proposed action is not a “project” pursuant to the California Environmental Quality Act and has no potential for causing an impact on the environment.

An estimate of the total costs for these capital system improvements is attached hereto as Exhibit "D" and incorporated herein by reference. The American Canyon's pro rata share of such costs shall not exceed .79% (the agreed upon .79% share is based on an estimate of the volume of calls received for the American Canyon Agencies compared to the volume of calls for the City Agencies as set forth in the table of benefitting agencies in the NBS "Final Report on the 911 Center Cost Allocation Study," attached hereto as Exhibit "C" and incorporated herein by reference) of the estimated total system costs as set forth in Exhibit "D." ## **BACKGROUND & ANALYSIS**

District Ordinance 2013-01 was approved on July 30, 2013 confirming and clarifying District Resolution No 2-80 and Resolution 6-80 which was adopted after voter approved initiative "Measure B" in June 1980 for an assessment known as the Fire Service Fee. The fee was granted by the voters, Article XIII A of the State Constitution and AB 618 and is solely for the purpose of producing revenue to maintain Fire Service levels. Fire Service Fees are collected by the Napa County Assessor's Office through property taxes on real property. Manufactured homes that are not on the Tax Assessor roles are billed annually and collected by the District. On the attachment to this Staff Report we have listed the fees that we are requesting to write off as bad debt due to our inability to collect for the various reasons indicated.

## TITLE

Fire Service Fees

## RECOMMENDATION

Adopt a [Resolution](#) approving the annual cost-of-living increase to the District Fire Service Fee Special Tax consistent with District Ordinance 2013-01 and confirming the Fire Service Fee Assessments of \$ 698,370.10 for Fiscal Year 2021/2022.

## CONTACT

Michael P. Cahill, Fire Chief

## BACKGROUND & ANALYSIS

At the June 1980 general election, a ballot measure designated as Measure B was approved by 76% of the voters of the then-independent District to provide supplemental funding for fire protection and emergency services in the District subsequent to the passage of Proposition 13 in 1978.

The Fire Service Fee is apportioned to all parcels in the District based on the associated demand for fire protection services; and is applied on a “per equivalent dwelling unit” basis, or “EDU.” On July 20, 2013, the District Board enacted Ordinance 2013-01 to clarify and implement the provisions of Measure B. The District subsequently filed a validation action, American Canyon Fire Protection District v. All Persons Interested in the Matter of the Validity of the American Canyon Fire Protection District Ordinance No. 2013-1 Confirming Special Tax for Fire Services, Napa Superior Court Case No. 26-62587, which resulted in a Judgement on January 22, 2014 which confirmed the validity of Ordinance 2013-01.

Ordinance 2013-01 provides for an annual cost-of-living increase for the Fire Service Fee. This inflationary adjustment is based on the change in the California Consumer Price Index from January to January of each year. The District has retained Capitol Public Finance to determine the [annual adjustment for 2021](#).

Consistent with that determination, it is recommended that the Fire Service Fee be increased by the cost-of-living adjustment of 1.67%. If approved, the Fire Service Fee would increase by \$1.62, from \$97.40/EDU to \$99.02/EDU.

The District Ordinance requires the Fire Chief to compile a list of “Fire Service Fees” for both secured and unsecured properties (mobile homes) in the District. The list is updated each year to reflect any new construction or parcel splits. The parcel listings are attached for review. After review of the fee listing, the Board confirms the assessments by resolution, which is then submitted to the Napa County Auditor-Controller. For secured property, the Auditor-Controller includes the annual assessments on the property tax bill. In the case of unsecured property, the Auditor -Controller distributes the collection and the Tax Collector mails the individual bills and collects the assessment separate from the property tax rolls.

The attached Fire Service Fee assessment listings for Fiscal Year 2021-2022 total \$669,575.22 for [secured](#) property and \$28,794.88. for [unsecured](#) (mobile home,) for a total assessment of \$698,370.10.

In accordance with District Ordinance 2013-01, a hearing of the “Fire Service Fee Board of Review” will be noticed subsequent to Board approval of the annual listing for any property owner wishing to challenge their annual assessment.

## **COUNCIL PRIORITY PROGRAMS AND PROJECTS**

Public Safety: "Ensure American Canyon remains a safe community."

## **FISCAL IMPACT**

If approved, the proposed Fire Service Fee of \$99.02/EDU is expected to generate operating revenue of \$698,370.10 for fiscal year 2021-2022. Adopting the annual inflationary adjustment will maintain parity between Fire Service Fee and increases in the cost of providing fire protection and other emergency services, consistent with Ordinance 2013-01.

## **ENVIRONMENTAL REVIEW**

The approval of the proposed resolution is not subject to the California Environmental Quality Act (“CEQA”) pursuant to Section 15060(c)(2) because the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment; and Section 15060(c)(3) because the activity is not a project as defined in Section 15378 of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3 because it is a governmental financing mechanism that has no potential for resulting in physical change to the environment, directly or indirectly. In addition, the resolution is not a project under CEQA Regulation Section 15061(b)(3) because it has no potential for causing a significant effect on the environment.

## **RECOMMENDATION**

Hold a Public Hearing and adopt a [Resolution](#) approving the [Preliminary Budget](#) for the American Canyon Fire Protection District for the Fiscal Year 2021-22.

## **CONTACT**

Michael P. Cahill, Fire Chief

## **BACKGROUND & ANALYSIS**

I am pleased to present the Board with a preliminary budget for fiscal year 2021-22 that balances an enhanced level of fire and EMS services with prudent reserves and maintains the long-term fiscal integrity of the District. I appreciate the guidance and strategic direction from the Board with respect to fiscal policies and development of the budget. I also wish to express my appreciation to the union representatives and employees of the District for their ongoing collaboration and willingness to work with the Board and Administration for the long-term good of the District and the community we serve. With their cooperation and commitment to providing the best service possible within our funding constraints, we have been able to stabilize our finances, enhance essential emergency service delivery and keep the District on a fiscally sustainable path going forward.

The ongoing COVID-19 pandemic and associated stay at home orders that began in March 2020 introduced a great deal of uncertainty regarding the economic outlook and the potential for negative impacts to District revenues and expenditures in future years. During late FY 2019/20 and the first half of FY 2020/21, the District experienced an increase in certain expenditures, particularly overtime related to COVID exposures and vaccination clinics; however, those impacts lessened during the second half of FY 2020/21. Property taxes, which comprise the majority of District operating revenues, have been relatively unaffected by any negative economic impacts of the pandemic, and are expected to experience continued growth in future years.

That said, staff remains keenly aware that we still maneuvering through a truly unprecedented time of economic uncertainty stemming from the global COVID-19 pandemic, and that we need to remain

diligent in looking for any sign of the economic fallout affecting property tax revenue or District expenditures. Fortunately, due to the successful collaboration between the Board, labor and Administration noted above, the District has sufficient reserves in place to weather a short-term downturn in the housing market or allow time to make the necessary financial adjustments in the case of a prolonged economic slump, *without a significant disruption in emergency services or significant impact on our labor partners.*

Overall, the financial condition of the District remains sound with a stable outlook, based on what we know today. Since property tax revenue to be collected next fiscal year is based on the assessed value of property as of January 1, 2021, staff is comfortable with the projected 4% increase in property tax revenue for 2021-22. Also, the actuarial valuations for retirement benefits (i.e., PERS and OPEB) have a lag time of 24 months before any current events impact the amount of required contribution amounts. This affords us further opportunity over the coming year to evaluate the extent to which District revenues and expenses will be impacted by the economic fallout from the pandemic response, and to adjust accordingly.

The General Operations Fund is expected to end the 2020-21 fiscal year with a slight surplus of around \$33,000, leaving an ending fund balance at \$5.8 million. This is \$1.6 million above the Board's reserve policy requirement of \$4.2 million for the year (operating reserve of \$3 million and contingency reserve of \$1.2 million). The preliminary General Operations Fund budget for next fiscal year, 2021-22, utilizes \$396,000 of the fund balance to further enhance the current level of emergency services and preparedness by adding two additional firefighter positions. The projected ending balance on June 30, 2022, is \$5.4 million; which is \$1.1 million above the combined reserve requirement of \$4.3 million.

The preliminary budget maintains a focus on balancing a high level of fire and life safety services with preserving the long-term fiscal sustainability of the District. Following direction from the Board, staff remains committed to identifying, quantifying, and addressing the District's major unfunded liabilities, along with utilizing long-range fiscal planning tools to help understand the impact of current decisions and whether those decisions are fiscally sustainable over the long term.

These tools include a long-range financial forecast model for general operations and long-range capital improvement plan (or "CIP") to aid in planning for the replacement of major equipment/apparatus, maintaining District facilities and planning for new facilities. The CIP also functions to promote the safety of our employees and the community we serve by ensuring the operational readiness of our safety apparatus and equipment. Looking ahead, the District anticipates a growing service demand over the next decade as major development projects within the City of American Canyon receive regulatory approval; and the District's financial planning tools are useful in "proactive" forward planning efforts to identify steps that can be taken today to get ahead of the expected increase in service demand associated with a growing community.

The preliminary budget includes funding for two Chief positions, two administrative assistant positions, and continuation of the current "6-0" firefighter/paramedic deployment model (i.e., six

firefighters on per shift). This level of staffing will allow the District to achieve its' goal of keeping two Advanced Life Support (ALS) engine companies fully staffed and in service on a 24-7-365 basis and represents a significant enhancement in the District's readiness capability and ability to respond to simultaneous calls for service. It also includes full funding of the actuarially determined annual contributions for retirement benefits (including retiree medical benefits), which keeps the District "on track" toward its goal of ensuring funds are available to meet the promise given to employees to provide these important benefits in retirement.

The District is proactively planning for future capital maintenance and replacement by diligently pursuing grant opportunities and regularly setting aside funds in a Capital Improvement Plan. In 2019 the Board approved the lease-purchase of a one-acre parcel in the northern part of the District for a future fire station. The District made the final payment, and took title to the property, in February 2021.

Property tax revenue in 2020-21 increased by \$184,000, or 4%, over the prior year. Vacancies in full-time positions, combined with the savings from utilizing retired annuitants in the Chief positions, resulted in salary and benefit savings of approximately \$200,000. Non-personnel related spending for 2020-21 is expected to be \$57,000 under budget as District staff remains diligent in its efforts to carefully review expenditures and save where possible to conserve resources. And finally, the unprecedented wildland fires that struck California last year resulted in a high level of statewide strike-team deployments by District personnel. While this placed a heavy burden on our firefighters, both those on the strike-team assignments and those remaining in District, it did have a positive impact on the operating budget of about \$400,000, which was enough to offset the projected operating deficit for 2020-21.

## **FISCAL IMPACT**

### **PROPOSED FY 2021-22 BUDGET**

The District's General Operations Fund accounts for the day-to-day expenses of running the Fire District. Total estimated revenue for the year is \$6.1 million and staff is recommending an operations expenditure budget totaling \$6.5 million. The operating budget includes the addition of two firefighter positions and assumes all positions are fully staffed for the year; it further assumes the filling of the Assistant Chief position for the full year. Even with the added staffing, the District remains well positioned to absorb the projected \$400,000 operating deficit for the near term, and assuming additional property tax revenue from the Watson Ranch development project beginning in FY 2023-24, can sustain the higher level of staffing throughout the period presented in the financial forecast.

Based on calendar year 2020 property transactions and values established by the County Assessor as of January 1, 2021, the District anticipates property tax revenue of \$5 million in 2021-22, accounting

for 82% of operating revenue. This represents an increase of \$192,000, or 4.0%, over the projected actual amount for 2020-21.

The other major source of operating funds for the District is the fire assessment fee. This revenue is derived from a per equivalent dwelling unit (EDU) fee on all parcels within the District. The fire assessment fee was initially enacted by voter approval in 1980 to maintain an acceptable level of fire protection and emergency services. The fee was later confirmed by action of the Board (Ordinance 2013-001) in 2013, at which time the EDU rate established at \$86. The fee ordinance provides for an annual cost-of-living adjustment to keep pace with the cost of providing emergency services, and the EDU amount was increased to \$99.02 in 2021. Staff will be recommending, under a separate action, a similar cost-of-living adjustment for 2021. The fire assessment fee is expected to generate \$665,000 of operating revenue for FY 2021-22.

As mentioned earlier, the preliminary budget funds full operational staffing at the approved level of six firefighters/paramedics per shift (exclusive of the Fire Chief and Deputy Fire Chief), and includes increases related to an employee cost of living adjustment, CalPERS retirement contributions and health benefits. Other discretionary spending included in the operating budget is an appropriation of \$174,000 for future retiree health benefits (OPEB trust contribution discussed above) and a transfer of \$174,000 to the Fleet, Facilities and Equipment Fund to fund the CIP.

Planned CIP spending FY 2021-22 includes \$91,000 for essential safety equipment and \$85,000 for a replacement command vehicle.

## TITLE

Update the American Canyon Fire Protection District Board of Directors Meeting Dates

## RECOMMENDATION

Adopt a [Resolution](#) updating the American Canyon Fire Protection District Board of Directors meeting dates from the fifth Tuesday of the month to the second Tuesday of each month.

## CONTACT

Michael P. Cahill, Fire Chief

## BACKGROUND & ANALYSIS

In 2008, the City of American Canyon Governance Protocol Handbook was updated, adding a Fire District Board meeting on the fifth Tuesday of the month when there is a fifth Tuesday, in which the District Board conducts a standalone, non-joint meeting from the American Canyon City Council in order to focus on District-related items. (Section V 4.1.1. Meetings). Until a comprehensive revision is done to the Governance Handbook, the District is requesting to add flexibility to the provision to meet monthly, preferably on the second Tuesday of each month. The reason for this change is to provide additional opportunities for the City Council sitting ex-officio as the Fire District Board of Directors to focus on Fire District issues.

In order to assist the Board of Directors and staff planning for 2021, consider the Fire District Board meeting dates as follows:

Tuesday, August 10, 2021

Tuesday, September 14, 2021

Tuesday, October 12, 2021

Tuesday, November 9, 2021

Tuesday, December 14, 2021

## COUNCIL PRIORITY PROGRAMS AND PROJECTS

**BACKGROUND & ANALYSIS**

On July 18, 2019 the City of American Canyon ("City"), and American Canyon I, LLC, a Delaware Limited Liability Company and its affiliated companies ("AC-1") executed a Development Agreement ("Development Agreement") for the Watson Ranch Specific Plan ("WRSP") (Ordinance 2019-06, Agreement 2019-A107).

AC-1 and its affiliated companies (McGrath Properties American Canyon, LLC, and JamCan, LLC ) wish to sell certain lots of the WRSP to D.R. Horton BAY, Inc., a Delaware corporation, or one of its affiliated corporations ("Horton") (Lots 10, 14 and 15).

The Horton development proposal for Lots 14 and 15 of the Horton Property is the development of approximately 98 market rate residential housing lots. The development proposal for Lot 10 is approximately 218 market rate residential housing lots.

The Development Agreement provides that Assignor may, in its sole and exclusive discretion, assign, all, part, or none of the benefits and/or burdens of the Development Agreement to the Assignee(s), here Horton. Through these Assignment Agreements, AC-1's partial assignment to Horton of the Development Agreement as it relates to the Subject Properties is determined and binds the Parties. The parties anticipate two Assignment Agreements for Lot 10 and Lots 14 and 15.

Under the Development Agreement, Section 4.01(h)(2), the transfer of the Development Agreement

to a new owner is contingent upon the City consenting to the transfer based on the following considerations:

City's approval of a proposed Assignment shall be based upon the proposed Assignee's reputation, experience, financial resources and access to credit and capability to successfully carry out the development of the Property to completion.

The City finds that the proposed assignments to Horton, based on its reputation, experience, financial resources and access to credit, and capability to successfully carry out the development of the Property to completion, conform to the Development Agreement.

City Staff has received and reviewed the initial proposed development proposals and confirm that the uses depicted in the conceptual development plans are consistent with the authorized development approved under the WRSP Project approvals.

On December 6, 2020 the City Council approved final Assignment Agreements between AC-1 and Lennar Corporation (Lots 14 and 15) which were approved as to form by the City Attorney consistent with applicable law. Since then, Lennar Corporation withdrew as the purchaser of Lots 14 and 15, and Horton is now the proposed assignee for Lots 14 and 15, and Lot 10.

## **COUNCIL PRIORITY PROGRAMS AND PROJECTS**

### **FISCAL IMPACT**

Not applicable. AC-1, Horton would be responsible for carrying out the obligations of the Development Agreement for the Horton Properties and the remaining portion of the WRSP.

### **ENVIRONMENTAL REVIEW**

This Project has been reviewed under the California Environmental Quality Act ("CEQA") through the Final Environmental Impact Report ("Final EIR") for the Watson Ranch Specific Plan Project (State Clearinghouse No. 2015022030) certified by the City October 16, 2018. The Final EIR anticipated and analyzed development of the proposed assigned properties. Pursuant to CEQA Guidelines, Section 15162, no further environmental review is necessary because there are no changes in the project, changes in project circumstances or new information which would result in significantly increased or new environmental impacts, or changes in the feasibility of project alternatives or mitigation measures.
