## **BACKGROUND & ANALYSIS**

The City Council formed the Open Space, Active Transportation, and Sustainability Commission in 2022 (Attachment 1 & 2). The Commission's Fiscal Year 2023/24 Work Plan is shown in Attachment 3.

The American Canyon Municipal Code Chapter 2.30 - defines the Commission's purview and clarifies its role and function as follows: *"the function, powers, and duties of the Open Space, Active Transportation, and Sustainability Commission shall include the review of issues referred to the Commission by the City Council, the City Manager, and City staff, residents, or organizations of the City; to provide advice, comment and make recommendations regarding such issues as requested; to organize or facilitate community benefit activities or functions; and other duties as assigned by the City Council."*

Per these guidelines, the Commission serves in an advisory capacity to the City Council and staff. Each fiscal year, the Commission develops a Work Plan for the upcoming fiscal year. The Work Plan will list issues and projects to be addressed by the Commission and should be consistent with the Council's adopted goals and priorities pertaining to open space, active transportation, and sustainability. Attachment 4 outlines the *Draft* Fiscal Year 2024/25 Work Plan.

For issues and projects that come up during the year that are out of the realm of the approved Work Plan and would require significant staff time or City funds, the Commission should determine if it is feasible to wait until the next year to address the issue or project. If the Commission determines

that the issue or project should be addressed in the current fiscal year, a recommendation for modification of the Work Plan will need to be submitted to the Council for consideration. This recommendation for modification of the Work Plan will need to indicate which issues or projects will be postponed or eliminated to accommodate and add the new issue or project to the Work Plan.

Staff recommends the Commission review and comment on the Draft FY2024/25 Work Plan (Attachment 4). The Work Plan will be proposed to the Council during a Joint Special meeting on June 18, 2024.
