SUBJECT: PROCLAMATION OF JULY 2024 AS PARKS AND RECREATION MONTH

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:

FISCAL IMPACT: There is no direct fiscal impact associated with this action.

BACKGROUND & ANALYSIS: Since 1985, the National Recreation and Park Association (NRPA) has recognized July as Parks and Recreation Month. To commemorate, organizations and individuals alike celebrate and promote the impact local parks and recreation centers have on their communities. This month serves as an opportunity to encourage residents to explore local parks and enjoy outdoor activities. This year's NRPA theme, "Where You Belong," celebrates the many ways parks and recreation professionals across the country foster a sense of belonging in their community by providing welcoming and inclusive programs, essential services for all ages and abilities, and safe, accessible spaces to build meaningful connections. This month, the Recreation & Community Services Department will use social media to showcase various recreational programs that build a strong, vibrant, and more resilient community. This showcase will feature interviews with community members who have participated in these programs and describe how parks and recreation have enriched their lives and community. The City operates seven community centers; in the past year, 530,000 participants have visited a community center, 310,000 participants have visited a park, and 720,000 participants participated in our programs. Residents can learn more about recreational programs, classes, activities, and special events by visiting www.OntarioCA.gov/Recreation or by contacting the Recreation & Community Services Department directly at (909) 395-2020.

This Parks and Recreation Month let's unite and uplift the many reasons why local parks and recreation truly embody the essence of belonging. Together, we can demonstrate why these spaces are "*Where You Belong*."

SUBJECT: **RESOLUTIONS ESTABLISHING THE ANNUAL SPECIAL TAXES WITHIN COMMUNITY FACILITIES DISTRICTS IN OLD MODEL COLONY AND ONTARIO RANCH FOR FISCAL YEAR 2024-25**

RECOMMENDATION: That the City Council adopt Resolutions establishing the annual special taxes within City of Ontario Community Facilities Districts in Old Model Colony and Ontario Ranch for Fiscal Year 2024-25.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The proposed Fiscal Year 2024-25 total special tax revenues from community facilities districts is projected to be $35,698,590. Special tax revenues of $20,741,020 will be used for debt service for those districts which have issued bonds or will be used to acquire infrastructure once bonds are issued for those districts currently awaiting bond issuances. Special tax revenues from CFD Services districts in the amount of $14,957,570 will be used to fund City services and administrative costs. Included in the special tax revenues from bonded community facilities districts is a Direct Funding Allocation of $1,208,805 to be used to pay for future facility improvements and infrastructure replacement costs. The City must declare Direct Funding Allocations as City Facilities funds for the acquisition or construction of facilities. The Fiscal Year 2024-25 Adopted Budget includes revenues to the General Fund of $12,955,000 to pay for City services. Special tax revenues of approximately $380,000 will be included in the next quarterly budget update to account for the variance of preliminary levy estimates to the final levy amounts and revenues to the General Fund will be added to pay for City provided services.

BACKGROUND & ANALYSIS: Community Facilities Districts (CFD) generate special tax revenues to fund facilities and services within their respective districts. The facilities to be financed by the districts are as follows: street and bridge improvements; domestic and recycled water distribution

facilities; sewer collection facilities; solid waste facilities; storm drainage facilities; park and recreation facilities and equipment; aquatic facilities and equipment; fire facilities and equipment; police facilities and equipment; library facilities and equipment; fiber optic telecommunication system facilities; general governmental offices; administrative and meeting facilities; and land, rights-of-way and easements necessary for any of such facilities. The services authorized to be financed, in whole or in part, are as follows: police protection services; fire protection and suppression services; ambulance and paramedic services; maintenance and lighting of parks, parkways, streets, roads, and open space; flood and storm drain protection services; and maintenance and operation of any real property or tangible property with an estimated useful life of five or more years that is owned by the City.

The City's CFD Consultant, Goodwin Consulting Group, has prepared the Fiscal Year 2024-25 Administrative Tax Reports which include a description of each community facilities district, the basis for the annual levy, and the eligible uses for district special tax revenues. Each district's report is on file in the Records Management Department.

Summaries of the proposed annual tax rates for Fiscal Year 2024-25 and the assessed rates for Fiscal Year 2023-24 can be found in the attached Annual Tax Levy Tables, Exhibits A through G. In addition, where applicable, the maximum rate that can be legally levied is indicated next to the proposed rate for Fiscal Year 2024-25. Furthermore, the Ontario Ranch Direct Funding Allocation to the City Facilities fund from bonded CFDs declared for Fiscal Year 2024-25 is shown in Exhibit H.

For Community Facilities Districts within the Old Model Colony, staff proposes a level tax rate equal to the rates levied in Fiscal Year 2023-24 to lessen the tax burden to the landowners within those districts. For Ontario Ranch, due to the rapid development, staff recommends a five percent rate reduction for Fiscal Year 2024-25 from the rates levied in Fiscal Year 2023-24 to residential and non-residential districts. Some districts for which bonds will be or have been issued to acquire public infrastructure and facilities, will see increases in the total levy collected from all homes in the district. Minor increases are attributable to increases in the levy required to fund each district's annual debt service used to pay for the improvements; however, large increases in the total levy collected from such districts are attributable to new home starts for those districts. The details for each of these levies, which vary by residential floor area (square footage), can be found within each district's Administrative Tax Report and are identified for each parcel number within the district. The adoption of a Resolution for each of the above, named districts by the City Council is required annually to establish the special tax rates to be levied.

SUBJECT: **AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, LEVYING SPECIAL TAXES WITHIN CITY OF ONTARIO COMMUNITY FACILITIES DISTRICT NO. 71 (NEUHOUSE PHASE 2)**

RECOMMENDATION: That the City Council consider and adopt an Ordinance authorizing the levy of special taxes within City of Ontario Community Facilities District No. 71 (Neuhouse Phase 2).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The use of Mello-Roos financing in the Neuhouse Phase 2 residential development is projected to generate approximately $415,627 per year, at build-out, to fund administrative fees and municipal services; and approximately $15.9 million in bond proceeds to be used to fund a portion of the public infrastructure improvements needed to serve the project. Mello-Roos bonds are not a direct obligation of the City and are paid from special taxes levied on each taxable parcel in the District; therefore, there is no fiscal impact to the General Fund from the issuance of Mello-Roos bonds. City Council approval will be required to process annual special tax levies in future years.

BACKGROUND & ANALYSIS: The Mello-Roos Community Facilities Act of 1982 (the Act) provides local government, with the consent from a majority of the property owners, the authority to establish community facilities districts for the purpose of levying special taxes to finance various public infrastructure facilities and to fund municipal services.

At a public hearing conducted by the City Council on July 2, 2024, the City Council adopted a Resolution of Formation of Community Facilities District No. 71 (Neuhouse Phase 2); authorized the levy of a special tax; established an appropriations limit of the Community Facilities District; and

called a special election for the Community Facilities District. On that date, an election was held in which the qualified electors of the Community Facilities District approved said proposition by more than the two-thirds vote required by the Act. Adoption of the proposed ordinance to authorize the levy of special taxes within the Community Facilities District will conclude the formation process for the City of Ontario Community Facilities District No. 71 (Neuhouse Phase 2).

The Neuhouse Phase 2 project addresses the development of two zones: Zone 1 is approximately 9.18 gross acres located west of Mill Creek Avenue, east of Twinkle Avenue, south of Chino Avenue, and north of Schaefer Avenue; and Zone 2 is approximately 19.73 gross acres located west of Haven Avenue, east of Clover Place, south of Riverside Drive, and north of Chino Avenue. At build-out, the project is expected to include 335 residential units, comprised of 144 attached units in Zone 1, and 191 units in Zone 2 (96 attached and 95 detached).

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Community Development Prepared By: Andrew Garland Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 5

SUBJECT: **A CONSTRUCTION CONTRACT WITH ONYX PAVING COMPANY, INC. FOR THE 2024 STREET MAINTENANCE SLURRY SEAL, CAPE SEAL & CDBG PAVEMENT MANAGEMENT REHABILITATION PROJECT**

RECOMMENDATION: That the City Council award a Construction Contract with Onyx Paving Company, Inc. of Anaheim, California, for the 2024 Street Maintenance Slurry Seal, Cape Seal & CDBG Pavement Rehabilitation Project (Project) in the contract amount of $2,112,000 plus a ten percent (10%) contingency of $211,200, for a total of $2,323,200; and authorize the City Manager, or his designee, to execute said contract and all related documents, and file a notice of completion at the conclusion of all construction activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2024-25 Adopted Budget includes appropriations from Measure I fund, Community Development Block Grant (CDBG), Road Maintenance and Rehabilitation Account (SB1), Gas Tax, CalRecycle Rubberized Pavement Grant Program, and Capital Projects fund. The total recommended expenditure authorization for Onyx Paving Company, Inc. consists of $2,112,000 plus a ten percent (10%) contingency of $211,200, for a total of $2,323,200.

BACKGROUND & ANALYSIS: The general scope of work to be performed under this construction contract consists of, but is not limited to, Type II Emulsion-Aggregate Slurry application, Asphalt-Rubber Aggregate Membrane (ARAM) Cape Seal application, crack repair, curb ramps, curb and gutter, and other tasks appurtenant to this project. This project will extend the lifespan of the streets by ten (10) years and will prevent more costly future repairs. A project location map is provided for reference as Exhibit "A".

In May 2024, the City solicited bids for the project and two bids were received. The following is a summary of the bid results:

COMPANY	LOCATION	AMOUNT
Onyx Paving Company, Inc.	Anaheim, CA	$2,112,000
All American Asphalt	Corona, CA	$2,903,356

Onyx Paving Company, Inc. submitted the lowest responsive bid and has previously performed similar work in the City of Ontario in a satisfactory manner.

The City was awarded the Cal Recycle Grant in December 2023 which promotes the use of rubber from California-generated waste tires in asphalt products. The grant will reimburse construction costs for asphalt-rubber chip seal at a rate of $0.50/SY.

ENVIRONMENTAL REVIEW: The environmental impacts of this project were reviewed and Staff determined that the Project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Class 1, Existing Facilities) of CEQA, whereas the project consists of repair/maintenance to existing streets, sidewalks, gutters, and similar facilities that are typical/necessary for a street rehabilitation/improvements, resulting in negligible and/or no expansion of use beyond what existed at the time of the Lead Agency's determination.

CONTRACT

THIS CONTRACT is entered as of _____, in the County of San Bernardino, State of California, by and between the City of Ontario, hereinafter called City, and **Onyx Paving Company, Inc.**, hereinafter called Contractor. The City and the Contractor for the considerations stated herein agree as follows:

ARTICLE 1. SCOPE OF WORK. The Contractor shall perform all Work within the time stipulated in the Contract and shall provide all labor, materials, equipment, tools, utility services, and transportation to complete all of the Work required in strict compliance with the Contract Documents as specified in Article 5 below for the following Project:

2024 STREET MAINTENANCE SLURRY SEAL, CAPE SEAL AND CDBG PAVEMENT MANAGEMENT REHABILITATION

The Contractor and its surety shall be liable to the City for any damages arising as a result of the Contractor's failure to comply with this obligation.

ARTICLE 2. TIME FOR COMPLETION. Time is of the essence in the performance of the Work. The Work shall be commenced on the date stated in the City's Notice to Proceed. The Contractor shall complete all Work required by the Contract Documents within **Seventy-Five (75) working days** from the commencement date stated in the Notice to Proceed, herein after the Contract Time. By its signature hereunder, Contractor agrees the Contract Time for completion set forth above is adequate and reasonable to complete the Work.

The City shall pay to the Contractor as full compensation for the performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the **Two Million One Hundred Twelve Thousand Dollars 00/100 ($2,112,000.00)**, hereinafter the Contract Price. Payment shall be made as set forth in the General Conditions.

ARTICLE 4. LIQUIDATED DAMAGES. The Contractor acknowledges that the City will sustain actual damages for each and every day completion of the Project is delayed beyond the Contract Time. Because of the nature of the Project, it would be

impracticable or extremely difficult to determine the City's actual damages. Accordingly, as provided in Government Code section 53069.85, it is agreed that the Contractor will pay the City the sum of **Four Thousand Two Hundred Dollars ($4,200*)*** for each and every calendar day of delay in completing the Work beyond the time prescribed in the Contract Documents for finishing the Work, as Liquidated Damages and not as a penalty or forfeiture. In the event the Liquidated Damages are not paid, the Contractor agrees the City may deduct that amount from any money due or that may become due the Contractor under the Contract. This Article does not affect the City's rights to other damages or remedies specified in the Contract Documents or allowed by law.

Should Contractor be inexcusably delayed in the performance of the Work, City may deduct Liquidated Damages based on its estimate of when Contractor will achieve Final Completion or other milestones. City need not wait until Final Completion to withhold Liquidated Damages from Contractor.

Liquidated Damages are not a penalty but an agreed upon estimate of the actual damages that would be sustained by the City for delay, including but not limited to loss of revenue, inconvenience to the City and the public, and increased Project administration expenses, such as extra inspection, construction management, staff time and architectural and engineering expenses. Liquidated Damages do not include actual damages the City incurs on account of claims by third parties against the City on account of any delay.

Should money due or to become due to the Contractor be insufficient to cover Liquidated Damages or other offsets due, then Contractor forthwith shall pay the remainder of the assessed liquidated damages to City.

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Engineering Prepared By: Craig Cruz Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 6

SUBJECT: **AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADDING ARTICLE 22 (VALET PARKING) TO CHAPTER 6 (TRAFFIC) OF TITLE 4 (PUBLIC SAFETY) OF THE ONTARIO MUNICIPAL CODE, ESTABLISHING REGULATIONS RELATING TO VALET PARKING**

RECOMMENDATION: That the City Council consider and adopt an Ordinance adding Article 22 (Valet Parking) to Chapter 6 (Traffic) of Title 4 (Public Safety) and amending Section 4-6.1202 of the Ontario Municipal Code, establishing regulations relating to valet parking.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: There is not a direct fiscal impact associated with this action. The proposed fee will cover the costs associated with the processing of the valet permit application.

BACKGROUND & ANALYSIS: On June 4, 2024, the City Council introduced an Ordinance adding Article 22 (Valet Parking) to Chapter 6 (Traffic) of Title 4 (Public Safety) of the Ontario Municipal Code, establishing regulations relating to valet parking. With an increase in development and/or the popularity of certain businesses, an increase of parking demand and decrease of off-street parking facilities, both temporarily and permanently, can occur. Valet parking can provide for efficient use of limited parking spaces and provide an additional visitor/patron amenity.

The Ontario Municipal Code currently does not contain any provisions regulating valet parking. This Ordinance would establish a legal framework to guide the implementation, operation, and regulation of a valet parking permitting system. The Engineering Department would administer the valet parking permit application process, which would include, but not be limited to, establishing fees, reviewing the map of the valet services, and reviewing the placement of signs and pedestals. Valet parking permits would be valid for not more than one year from the date of issuance and can be renewed. Valet parking zone inspections will be conducted to ensure compliance with the ordinance, the permit and any conditions of approval.

The Fiscal Year 2024-25 Citywide Fee Schedule includes the new fees for a valet parking permit application, which was approved at the June 17, 2024, special City Council budget meeting.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADDING ARTICLE 22 (VALET PARKING) TO CHAPTER 6 (TRAFFIC) OF TITLE 4 (PUBLIC SAFETY) AND AMENDING SECTION 4-6.1202 OF THE ONTARIO MUNICIPAL CODE, ESTABLISHING REGULATIONS RELATING TO VALET PARKING.

WHEREAS, the Ontario Municipal Code currently does not contain any provisions regulating valet parking; and

WHEREAS, the City Council wishes to regulate valet parking and valet parking operators through a permitting system to enhance public safety and to avoid potential public nuisances;

WHEREAS, pursuant to Article XI, Section 7 of the California Constitution, the City has broad discretionary power to make and enforce within its limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws; and

WHEREAS, this Ordinance establishes a legal framework to guide the implementation, operation, and regulation of a valet parking permitting system.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The Recitals set forth above are incorporated herein and made an operative part of this Ordinance.

SECTION 2. Article 22 (Valet Parking), is hereby added to Chapter 6 (Traffic) of Title 4 (Public Safety) of the Ontario Municipal Code to read in its entirety as follows:

Article 22 (Valet Parking), of Chapter 6 (Traffic), of Title 4 (Public Safety)

Sec. 4-6.2201 Purpose.
Sec. 4-6.2202 Definitions.
Sec. 4-6.2203 Designation of Valet Parking Zones.
Sec. 4-6.2204 High-Visibility Safety Apparel Required.
Sec. 4-6.2205 Rules and Regulations.
Sec. 4-6.2206 Conformance with Applicable Laws.
Sec. 4-6.2207 Permit Required.
Sec. 4-6.2208 Application for Valet Parking Permits.
Sec. 4-6.2209 Duration of Permit.
Sec. 4-6.2210 Insurance
Sec. 4-6.2211 Valet Parking Permit.
Sec. 4-6.2212 Permit Revocation.
Sec. 4-6.2213 Penalties.

Sec. 4-6.2201 Purpose.

The primary purpose of public streets and rights-of-way is the free and unobstructed right of travel. The city recognizes that the use of public streets and rights-of-way for valet parking operations, while providing a public benefit, may impede travel, interfere with rights of others using the streets and rights-of-way, and may affect the public safety and create a public nuisance. The city may therefore permit and restrict valet parking operations as a special privilege, not as a matter of right, in order to foster public safety and to prevent public nuisances. The approval of any permit under this chapter for the use of the public right-of-way is on a temporary and nonpermanent basis and is for a nonexclusive use of that public right-of-way. Permittees shall have neither a property interest in nor any entitlement to the granting or continuation of any permit for the use of any public right-of-way. For the reasons set forth in this article, a system of valet parking permits is enacted for the City of Ontario.

Sec. 4-6.2202 Definitions.

For purposes of this article, the following terms shall have the prescribed meaning:

1. "City council" shall mean the city council of the City of Ontario.

3. "Parking facility" shall mean any area dedicated for public parking, including but not limited to dedicated curbside parking areas, parking lots, and parking structures.

4. "Permittee" shall mean any person who holds a valid valet parking permit and who is engaged in running a valet parking operation.

5. "Person" shall mean a natural person, firm, partnership, association, corporation or other business entity, and employees, agents and subcontractors thereof.

6. "Public right-of-way" shall mean any area within the City of Ontario designated for public use as a public street, pedestrian way, or other thoroughfare, including but not limited to roadways, parkways, alleys, sidewalks, and pedestrian ways.

7. "Sponsor" shall mean any person who operates, or causes to be operated, a valet parking operation at the sponsor's place of business or function.

8. “Valet parking” shall mean and include any person, firm or corporation engaged in, conducting or managing the receiving, taking possession of, driving, moving, parking, or leaving standing other persons’ motor vehicles, whether or not a charge is levied, and whether or not such persons are employed by, or under contract to the business for which the vehicles are being parked.

9. “Valet parking attendant” means any employee or agent of a Permittee or Valet Parking Operator, or any employee or agent of a sponsor providing valet parking to its customers, who receives, takes possession of or moves any vehicle, or who handles the keys to any vehicle left with the attendant for valet parking.

10. “Valet parking operator” means any Permittee or person engaged in the business of valet parking operations, including any person contracting with a valet parking operator to provide valet parking, or any person engaged in providing valet parking services to the public.

11. "Valet parking permit" means a permit issued in accordance with this division for the approved use of valet parking in a valet parking zone.

12. "Valet parking zone" means an area for a standard single passenger vehicle on the public right-of-way that has been set aside by the city engineer for valet parking.

Sec. 4-6.2203 Designation of Valet Parking Zones.

1. The city engineer shall consider the following in evaluating approval of valet parking zones:

    a. Safety and convenience for the people of the City of Ontario;

    b. Actual number of passengers to be served by the zone;

    c. Proximity of existing valet parking zones;

    d. Existing demands for curb use such as the number and location of existing transit, taxi, and transportation network company loading zones, and existing commercial loading zones in the general area of the requested zone;

    e. Overall determination of available on street parking for the area; and

    f. Designation of the valet parking zone will cause no significant impact on the environment.

2. Valet parking zones may also be used for on-street public parking, or for loading and unloading of persons or property.

Sec. 4-6.2204 High-Visibility Safety Apparel Required.

1. No Valet Parking Operator shall employ, direct or otherwise permit, a valet parking attendant to park or retrieve any vehicle on, along, or across any public right-of-way, unless that valet parking attendant is wearing high-visibility safety apparel as specified in this chapter.

2. Valet parking attendants shall wear high-visibility safety apparel at all times while valet parking on any public right-of-way, including while walking on, along or across any public right-of-way.

Sec. 4-6.2205 Rules and Regulations.

The city council may establish rules and regulations, by resolution, for the implementation and enforcement of the provisions of this chapter and when duly adopted by the city council such rules shall be in full force and effect.

Sec. 4-6.2206 Conformance with Applicable Laws.

Nothing in this article is intended to authorize the parking of motor vehicles by Valet Parking Operators, their agents, employees, and valet parking attendants in a manner contrary to any applicable state laws and local parking and traffic regulations, including this code.

Sec. 4-6.2207 Permit Required.

No person shall operate, engage in, conduct, manage, or cause to be operated any valet parking operation or any related activity upon any portion of a public street or public right-of-way or other city property, including any city-owned parking facility, except under the terms and conditions of a current valet parking permit and, if using the public street or public right-of-way in any manner for drop-off and pick-up of vehicles, under the terms and conditions of a current sponsor's valet parking permit.

Sec. 4-6.2208 Application for Valet Parking Permits.

1. The city engineer is authorized to issue, upon written application, a valet parking permit in accordance with section 7-3.04. Applications for valet parking shall be made upon application forms provided by the city engineer and shall be accompanied by a filing fee. The fee for each permit application shall be paid at the time of application. The permit fees shall be based on the reasonable cost of application, plan review, study, and other services as required for permit approval. Other fees based on the cost of private usage of the public right-of-way will also be assessed per valet

parking zone spaces. Such fees shall be established by resolution of the City Council.

2. The application shall include:

   a. The business name and address of the corporation, partnership or other business entity seeking the permit;

   f. A map of the immediate area showing the location of the valet service and the off-street parking lot(s) to be used for the storage of vehicles. Any changes in this provision shall require the approval of the city engineer.

   g. Any agreement between the Valet Parking Operator and the off-street parking lot operator for the storage of vehicles.

3. An applicant may appeal the denial of a valet parking permit as set forth in Section 7-3.06 of this Code.

Sec. 4-6.2209 Duration of Permit.

1. Each valet parking permit issued by the city engineer shall be valid for not more than one (1) year from date of issuance. Each application renewal of a valet parking permit will be subject to an annual valet parking zone inspection. 3. The Valet Parking Operator shall be the business owner, under contract to or employed by the business or businesses to be served.

4. The Valet Parking Operator shall agree to provide and maintain one moveable ground sign or pedestal sign identifying the availability of valet parking, the Valet Parking Operator's name, the address and telephone number of the business, the hours of operation, the valet parking permit number, and the valet parking fees, if any. SECTION 4. If any section, sentence, clause, or phrase of this Ordinance of the application thereof to any entity, person, or circumstance is held for any reason to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The People of the City of Ontario hereby declare that they would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses, or phrases by declared invalid or unconstitutional.

SECTION 5. The City Council finds that adoption of this Ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15358 (the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, because it has no potential for resulting in physical change to the environment, directly or indirectly. Department: Engineering Prepared By: Miguel Sotomayor Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 8

SUBJECT: AMENDMENT NOS. 3 AND 4 TO THE PROFESSIONAL SERVICES AGREEMENT WITH ARDURRA FOR ON-CALL CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES

RECOMMENDATION: That the City Council approve Amendment Nos. 3 and 4 to the Professional Services Agreement with Ardurra Group, Inc., of El Segundo, California, to provide on-call Construction Management and Inspection Services in the amount of $800,000 (Amendment No. 3) and $827,472 plus a ten percent (10%) contingency of $82,748 (Amendment No. 4), for a revised total not-to-exceed authorization amount of $4,102,549; and extend the term of agreement one year.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in Ontario Ranch

FISCAL IMPACT: The services for Amendment No. 3 are paid from development related fees collected from applicants for inspection services on an as-needed basis. The Fiscal Year 2024-25 Adopted Budget includes $800,000 for on-call Construction Management and Inspection Services. If needed, additional General Fund appropriations, as well as the corresponding increase in development related revenues for inspection services, will be included in a future quarterly budget update.

The proposed Amendment No. 4 increases the Agreement amount by $827,472 plus an additional ten percent (10%) contingency of $82,748. The Fiscal Year 2024-25 Adopted Budget includes appropriations from Road Maintenance and Rehabilitation Account (SB1) for the project.

BACKGROUND & ANALYSIS: Amendment No. 3 adds $800,000 and is to extend the term of the existing on-call Construction Management and Inspection Services Agreement one year. Amendment No. 4 adds $827,472 plus $82,748 for contingency and is a project-specific task order

for on-call Construction Management and Inspection Services for the Transformative Climate Communities (TCC) Active Transportation Project. The recommended action for Amendment Nos. 3 and 4 sets the revised total not-to-exceed authorization amount at $4,102,549.

In August 2021, the City awarded a three-year contract with an option to extend the agreement for two additional one-year terms to Ardurra Group for on-call Construction Management and Inspection Services. Subsequent appropriations from Amendment Nos. 1 and 2 for additional services were made to supplement the City's Engineering Department staff, bringing the total not-to-exceed amount to $2,392,329. Amendments Nos. 3 and 4 will allow the City to maintain the schedule commitments to support development-related construction activities, TCC Active Transportation Project and ensure that construction progresses in compliance with City requirements and approved plans and specifications.

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Community Improvement Prepared By: Douglas J Sorel Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 10

SUBJECT: AN AGREEMENT WITH N. HARRIS COMPUTER CORPORATION FOR CITYVIEW SOFTWARE LICENSES, SUPPORT AND CONTRACTUAL SERVICES

RECOMMENDATION: That the City Council approve and authorize the City Manager (or his designee) to negotiate and execute a Software License and Support Agreement in the amount of $275,310 with N. Harris Computer Corporation to provide software licenses and maintenance for the CityView code enforcement software system for a three-year term; and negotiate and execute a Software Contractual Services Agreement with N. Harris Computer Corporation in the amount of $56,745 to upgrade the CityView code enforcement software system.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The total CityView code enforcement software license and support agreement cost will total $275,310 over three (3) years. Funding for Year One (1) totaling $86,330 is included in the Fiscal Year 2024-25 Budget. Funding for Years Two (2) and Three (3) in the amount of $91,802 and $97,178, respectively, will be included as part of the IT Annual Operating Budget process. The total cost for the software contractual services agreement is $56,745 and is included in the Fiscal Year 2024-25 Budget as a one-time expense.

BACKGROUND & ANALYSIS: The Community Improvement Department currently uses CityView Software as the central case management software. CityView was originally purchased in 2001 and upgraded incrementally over the past 23 years. The Software License and Support Agreement will ensure the Community Improvement Department has the software licenses required to support existing staffing levels and access to professional support by the developer. It will also allow the Department to leverage incremental software updates twice a year. Final contract approval will be contingent upon successful submittal and approval of all required supporting documents.

The CityView upgrade will migrate the Community Improvement Department script-based workflows to a graphical workflow system. The current script-based workflows were designed for the Department's reactive enforcement model and requires a high level of technical competence to modify. The new graphical workflow system will modernize these workflows for the Department's

proactive enforcement model while making them easier to use and modify. This will enable to the Community Improvement Department to simplify or automate routine administrative tasks and enhance the Department's ability to adapt to new programs and processes. Final contract approval is contingent on the successful submission and approval of all required supporting documents.

3.1.7 The Software and/or some components may be licensed with the designation of "Read Only"; where this occurs the license permits users with view-only access to the Software but not the right to input, write or alter any data or information. Any applicable "Read Only" designation will be stated in SCHEDULE A and those aspects of the Software will be licensed as such.

3.1.8 The license rights granted herein and the other terms and conditions of this Agreement do not apply to any third party software listed in SCHEDULE A in this Agreement. Such third party software is licensed pursuant to and subject to all of the terms and conditions set out in the applicable third party license agreements for such software. For greater certainty and without limiting the generality of the foregoing, CityView makes no warranties, express or implied with respect to the third party software, including without limitation, their merchantability or fitness for a particular purpose and CityView accepts no liability of any kind whatsoever with respect to third party software.

4 LICENSE RESTRICTIONS

4.1 Without limiting the generality of the License granted in paragraph 3 and any other restrictions listed in this Agreement, Licensee shall not, and will not allow, direct or authorize any other party, directly or indirectly, to:

4.1.1 Use the Software for any purpose other than in connection with Licensee's primary business or operations;

4.1.2 Disassemble, de-compile, reverse engineer, defeat license encryption mechanisms, or translate any part of the Software,

4.1.3 Attempt to reconstruct or discover the Source Code of the Software or to otherwise convert it into human readable code;

4.1.4 Modify or create derivate works of the Software;

4.1.5 Rent, lease, lend, or use the Software for timesharing or bureau use;

4.1.6 Allow a third party to copy, access, or use the Software;

4.1.7 Take any actions that would cause the Software to become subject to any open source or quasi-open source license agreement or;

4.1.8 Attempt to access a Module or Add-on for which a license has not been granted.

4.2 Licensee shall be wholly liable to CityView for any misuse of the Software and these restrictions are absolute except as and only to the extent that this Agreement may expressly permit CityView to do otherwise.

4.3 Licensee requires a separate License for each environment into which the Software or any portion thereof is read in machine-readable form for operation on such Designated Computer System in a production environment.

4.4 The Licensee may only use the Software for which it has paid the license fees. Upon the payment of the applicable license fee Licensee shall be provided with the electronic key which will permit Licensee to use the components of the Software for which it has paid a license fee. The Licensee may at any time request a further license to use additional components, the use of which shall be subject to the payment of the appropriate license fee and the provision of an electronic key.

4.5 The Licensee may only use the Configuration Console where it has paid the appropriate license fee. Upon the payment of the applicable license fee, Licensee shall be permitted to use the Configuration Console subject to any restrictions that may be detailed in writing when such permission is granted.

4.6 Prior to the use of the Software for the initial and each renewal term, the use of the Software will be subject to the Licensee's receipt from CityView of an electronic key permitting access to the Software. The receipt of the key is subject to the renewal of the Standard Support Service Level Agreement. The Licensee acknowledges that it will not be able to use the Software in any fashion without the use of the key and that it understands fully its obligations in order to receive each applicable key.

5 LICENSE FEES

5.1 The rights granted to Licensee hereunder are subject to the Licensee paying to CityView the following license fees:

5.1.1 A license fee to use the Software; license fee(s) in relation to the Modules for which the Licensee has requested access; and the license fee related to the Configuration Console, if requested by Licensee.

5.1.2 The appropriate license fees are detailed in SCHEDULE A and the Modules for which a license is provided and whether a license in the Configuration Console is provided are also listed in SCHEDULE A (including the details of the applicable license fees). The list of licenses for Modules and the Configuration Console may be amended from time to time by a Statement of Work that specifically references this Agreement and which amends SCHEDULE A by detailing those Modules that are being licensed or will no longer be licensed in accordance with the terms of this Agreement.

5.1.3 Where a Project is undertaken, the license fees applicable to the Software related to the Project shall be detailed in a short form Contractual Services Agreement

5.2 The failure to pay such license fees within ninety days of an invoice shall automatically terminate this Agreement despite any cure periods provided elsewhere herein and paragraph 9.1 shall apply.

5.3 In addition to the above required license fees, any services applicable to the installation, implementation, training or configuration of the Software (both at the time the initial license is granted and for any subsequent licenses) may require additional professional service fees for the provision of the applicable professional services both of which would be subject to this Agreement.

6 SUPPORT

6.1 In consideration of payment of the annual support and maintenance fee set out in SCHEDULE A (the "Support and Maintenance Fees"), CityView will provide:

6.1.1 Priority response on support requests regarding the Software, as described in the CityView Service Level Agreement Attached as SCHEDULE E;

6.1.2 Remote diagnosis of operational issues related to the Software, provided that the Licensee has obtained, at its cost, the necessary software, hardware and instruction to allow CityView to provide such assistance.

6.1.3 Updates for the Software at no extra charge except for magnetic media and courier costs, these updates to include minor changes, enhancements, improvements, and problem resolutions;

6.2 In consideration of the services set out above, the Licensee agrees to pay the Support and Maintenance Fees in accordance with the payment schedule set out in SCHEDULE A. Despite anything in the support terms or this Agreement to the contrary, the Support and Maintenance Fees may be increased by CityView at the annual renewal time for Support and Maintenance and additionally if new modules are added to and become subject to this Agreement as described in paragraph 4.4.

7 CONTEMPORANEOUS AGREEMENTS

7.1 The parties agree that execution of the following agreements are conditions precedent to the effectiveness of this Agreement and that the following agreements shall be entered into no later than contemporaneously with the execution of this Agreement.

7.2 Additionally, the Licensee shall have the option of entering into an Escrow Agreement or the Licensee may continue to abide by any current escrow to be updated if necessary. In the event that Licensee wishes to have the Source Code to the Software deposited in an escrow account for Licensee's benefit, Licensee shall sign the escrow language in SCHEDULE C and such terms shall apply to this Agreement. If executed, the Escrow Agreement shall govern the terms and conditions whereby Licensee could gain access to the Software source code for the purpose of maintaining and supporting the Software. Licensee shall be solely responsible for the costs associated with the Escrow Agreement as may be invoiced by CityView.

8 TERM AND TERMINATION

8.1.1 The term of this annual contract shall commence on August 1, 2024 and will renew annually for a duration of three (3) years, automatically expiring on July 31, 2027.

8.1.2 Licensee may terminate this Agreement in the event that Licensee's governing body does not or is unable to make a budget appropriation for this Agreement with One Hundred Eighty (180) Days advance notice to CityView and shall pay any fees owed up to the date of termination date provided by Licensee. Otherwise, the Licensee may only terminate this Agreement prior to the completion of the Project where CityView has materially breached its obligations under this Agreement and failed to remedy them as permitted hereunder.

8.1.3 CityView may terminate this Agreement where Licensee fails to comply with its obligations of confidentiality set out in paragraph 11 or the obligations under paragraph 4.1 of this Agreement, whereby CityView must notify the Licensee in writing of such default (a "Default Notice"). Upon receipt of a Default Notice, the Licensee must correct the default at no additional cost to CityView, or issue a written notice of its own disputing the alleged default, in either case within thirty (30) days immediately following receipt of a Default Notice.

8.1.4 If the Licensee fails to correct the default, or issue a notice disputing the alleged default, in either case within thirty (30) days following receipt of the Default Notice, CityView may terminate the whole of this Agreement including the grant of license to the Software and in such case the Licensee will be responsible for payment to CityView of only that part of the fee earned by CityView for that part of the Services performed in accordance with the Contractual Services Agreement, unless that agreement states otherwise, up to the time of communication of such notice of termination to the Licensee and the entire License Fee for all Software that was fully installed on the Designated Computer System. Once a dispute has been settled, to the extent that any issues still remain unresolved in the Default Notice, Licensee shall have thirty (30) days to remedy such breach following the date of the settlement of the other issues.

8.1.5 Despite the above, for any Default Notice alleging a breach paragraph 4.1.3, CityView may terminate this Agreement at any time following the delivery of a Default Notice despite Licensee rectifying such default.

9 PROCEDURE FOLLOWING TERMINATION

9.1 If this Agreement is terminated for any reason except an Event of Default, then within thirty (30) days following such termination, the Licensee shall destroy/return the Software and any documentation to CityView, at CityView's absolute discretion, and the Licensee shall certify, under the hand of a duly authorized officer of the Licensee, that all copies of the Software and Documentation or any part thereof, in any form, within the possession or control of the Licensee have been destroyed/returned to CityView.

9.2 Upon the termination of this Agreement for any reason except for the terms set out in SCHEDULE B, the Licensee will not be entitled to access the Source Code through the escrow agreement where a valid escrow agreement exists.

9.3 Upon the termination of this Agreement for any reason whatsoever:

9.3.1 The parties agree that the Standard Support Service Level Agreement expires on its own terms, and

9.3.2 The confidentiality provisions shall survive and be binding on both parties for five (5) years from the date of termination.

10 CITYVIEW'S PROPRIETARY RIGHTS

10.1 The grant of the License herein contained permits the limited use of the Software by the Licensee. Title to and all property in the Software, its name, logo and computer stored data shall remain exclusively with CityView.

10.2 The Licensee hereby acknowledges that the Software and the Documentation is the property of CityView and that the Software constitutes a trade secret, and agrees to exercise due care and diligence in safeguarding the Software, the Documentation and CityView's proprietary interest.

10.3 The Licensee also acknowledges that any negligence or deliberate violation of this Agreement on its part which results in failure to protect CityView's proprietary interest in the Software shall actually and materially damage CityView.

10.4 In order to ensure compliance with the terms of this Agreement, CityView shall be entitled, upon reasonable notice to Licensee and subject to CityView's compliance with Licensee's reasonable security measures, to enter upon the Licensee's premises during normal business hours and require the Licensee to produce such information, records and documents as may be required to ascertain compliance.

10.5 CityView may revise or update the Software from time to time at its discretion.

11 OWNERSHIP OF SOFTWARE AND CONFIDENTIALITY OBLIGATIONS

11.1 The Licensee acknowledges that the Software contains proprietary information and Confidential Information of CityView which shall, at all times, remain the property of CityView and, in addition to its obligations outlined paragraph 4, the Licensee agrees to treat such Confidential Information in accordance with paragraph 11.2 and 11.3.

11.2 The Licensee will take the same care to safeguard the Software as it takes to safeguard its own Confidential Information of a like nature and such care shall not be any less than would be taken by a reasonable person to safeguard its own confidential information.

11.3 In order to assist Licensee with the protection of its proprietary information and Confidential Information and to enable CityView to ensure that the Licensee is complying with its obligations, Licensee shall permit CityView to visit during normal business hours any premises at which the Software is used or installed and shall provide CityView with access to its Software. CityView shall provide Licensee with reasonable notice of any such audit.

12 LIMITED WARRANTY OF PERFORMANCE

12.1 CityView warrants to Licensee that:

12.1.1 The Software shall function as described in the user documentation accompanying the Software from the Completion of Services if the Software is properly used in accordance with CityView's instructions and the terms of this Agreement.

12.1.2 The Software (including Software updates) will be provided via electronic delivery.

12.2 In the event an error is discovered in the Software outside the warranty period and the error can be reproduced by CityView, CityView will make reasonable commercial efforts to provide Licensee with a correction or suitable workaround in accordance with the terms of this Agreement. CityView reserves the right to correct any defects about which it is made aware and to produce Releases at a time of Cityview's own choosing and at CityView's discretion. Licensee's sole recourse in the event the Software does not conform to the applicable documentation is the repair and replacement of the Software.

12.3 The warranty above is void if the Licensee modifies the Software without the written consent of CityView. Examples of such modifications include, but are not limited to, the de-compiling and modifying of the source code, and tampering with the base set-up of the system.

12.4 For clarity, the parties agree that THE LICENSEE shall have the right to configure the Software using the Desktop configuration tools. Where a license for Configuration Console has been granted, THE LICENSEE shall have the right to use Configuration Console for expression writing in accordance with 0 without voiding the warranties herein.

12.5 The Licensee assumes sole responsibility for the selection of the Software to achieve the Licensee's intended results, and for the installation, use and results obtained from the Software.

13 EXCLUSIONS TO WARRANTIES

13.1 CityView shall not be liable for any breach of the foregoing warranties which results from causes beyond the reasonable control of CityView, including:

13.1.1 Where the installation, integration, modification or enhancement of the Software has not been carried out by CityView or its authorized agent, or where Licensee has taken any action which is expressly prohibited by the Documentation or this Agreement;

13.1.2 Any use or combination of the Software with any software, equipment or services not supplied by or on behalf of CityView;

13.1.3 User error, or other use of the Software in a manner or in an operating environment for which it was not intended or other than as permitted in this Agreement;

13.1.4 Licensee's failure to install a new Update which has been released to remedy an error or bug, and which CityView has stated to Licensee is a required Update necessary for security purposes or for legislative compliance purposes or other reasons as CityView may determine is important in its sole discretion; or

13.1.5 Any other event of force majeure.

14 NO OTHER WARRANTIES

14.1 TO THE GREATEST EXTENT PERMITTED BY LAW, THE SOFTWARE IS LICENSED AND ALL OTHER MATERIALS AND SERVICES ARE PROVIDED TO THE LICENSEE "AS IS" AND THERE ARE NO WARRANTIES, REPRESENTATIONS OR CONDITIONS, EXPRESSED OR IMPLIED, WRITTEN OR ORAL, ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING, USAGE OF TRADE OR OTHERWISE, REGARDING THEM OR ANY OTHER PRODUCT, SERVICE OR MATERIAL PROVIDED HEREUNDER OR IN CONNECTION HEREWITH.

14.2 CITYVIEW, ITS LICENSORS AND SUPPLIERS DISCLAIM ANY IMPLIED WARRANTIES OR CONDITIONS REGARDING THE SOFTWARE AND ANY OTHER PRODUCTS, SERVICES AND MATERIALS PROVIDED HEREUNDER OR IN CONNECTION HEREWITH, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABLE QUALITY, MERCHANTABILITY, DURABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT.

14.3 CITYVIEW DOES NOT REPRESENT OR WARRANT THAT THE SOFTWARE SHALL OPERATE ERROR FREE OR IN THE COMBINATIONS SELECTED, THAT IT SHALL MEET ANY OR ALL OF THE LICENSEE'S PARTICULAR REQUIREMENTS, OR THAT ALL ERRORS OR DEFECTS IN THE SOFTWARE CAN BE FOUND OR CORRECTED.

14.4 NO AGREEMENTS VARYING OR EXTENDING ANY EXPRESS WARRANTIES SET FORTH IN THIS AGREEMENT SHALL BE BINDING ON EITHER PARTY UNLESS IN WRITING AND SIGNED BY AN AUTHORIZED SIGNING OFFICER OF CITYVIEW.

15 INTELLECTUAL PROPERTY INDEMNITY

15.1 In the event there is a third party claim against Licensee alleging that Licensee's use of the Software in accordance with this Agreement constitutes an infringement of a Canadian or United States patent, copyright, trade-mark or trade secret, CityView shall, at its expense, defend Licensee and pay any final judgment against Licensee or settlement agreed to by CityView on Licensee's behalf; provided that Licensee promptly notifies CityView of any such claim or proceeding and shall give CityView full and complete authority, information, and assistance to defend such claim or proceeding. This indemnity is only effective where:

15.1.1 Licensee has not made any admissions or begun settlement negotiations either prior to or after providing notice to CityView of the applicable claim except with CityView's prior written consent,

15.1.2 CityView shall have sole control of the defense of any claim or proceeding and all negotiations for its compromise or settlement, and

15.1.3 Licensee has not modified the Software in any manner whatsoever except with the prior written consent of CityView.

15.2 Any breach by Licensee of its covenants under this paragraph 2.1.2 shall nullify this indemnity but not the sole right of CityView to have full and complete authority of the defense to defend such claim or proceeding and of all negotiations related therewith. In the event that the Licensee's use of the Software is finally held to be infringing or CityView deems that it may be held to be infringing, Licensee agrees that the sole remedy available to it is that CityView shall, at CityView's election:

15.2.1 Procure for the Licensee the right to continue use of the Application Software; or

15.2.2 Modify or replace the Software so that it becomes non-infringing.

15.3 The foregoing states CityView's entire liability, and the Licensee's exclusive remedy, with respect to any claims of infringement of any copyright, patent, trade-mark, trade secret or other property interest rights relating to the Software, or any part thereof or use thereof. CityView's obligations under this paragraph 2.1.2 shall survive the termination and/or expiration of this Agreement.

15.4 Licensee may, at Licensee's sole cost and expense—which is outside the scope of this indemnity—retain counsel of its own choosing who shall be permitted to attend all settlement conferences and hearings or other court appearances (except where the court has specifically made an order against such attendance) related to the proceeding.

16 REMEDIES AND LIMITATION OF LIABILITY

16.1 The Licensee and CityView recognize that circumstances may arise entitling the Licensee to damages for breach or other fault on the part of CityView arising from this Agreement. The parties agree that in all such circumstances the Licensee's remedies and CityView's liabilities will be limited as set forth below and that these provisions will survive notwithstanding the termination or other discharge of the obligations of the parties under this Agreement.

16.1.1 EXCEPT FOR DAMAGES ARISING OUT OF (a) CITYVIEW'S BREACH OF ITS CONFIDENTIALITY OBLIGATIONS OR (b) INDEMNITY OBLIGATIONS PROVIDED IN PARAGRAPH 2.1.2, BOTH PARTIES AGREE THAT CITYVIEW's LIABILITY (UNDER BREACH OF CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER ALTERNATIVE LEGAL THEORIES), IF ANY, FOR ANY DAMAGES RELATING TO THIS AGREEMENT SHALL NOT EXCEED THE LICENSE FEES OR THE SUPPORT AND MAINTENANCE FEES, AS APPLICABLE, PAID TO CITYVIEW BY LICENSEE DURING THE THEN-CURRENT TERM OF THIS AGREEMENT.

16.1.2 IN ADDITION TO THE FOREGOING NEITHER PARTY SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL OR OTHER DAMAGES OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST REVENUE OR LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF DATA, FAILURE TO REALIZE EXPECTED SAVINGS, OR COST OF SUBSTITUTE GOODS OR SERVICES ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, EVEN IF SUCH OTHER PARTY HAS BEEN ADVISED OF THE LIKELIHOOD OF THE OCCURRENCE OF SUCH DAMAGES AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY .

16.1.3 PARAGRAPHS 16.1.1 AND 16.1.2 SHALL APPLY IN RESPECT OF ANY CLAIM, DEMAND OR ACTION BY A PARTY IRRESPECTIVE OF THE NATURE OF THE CAUSE OF ACTION UNDERLYING SUCH CLAIM, DEMAND OR ACTION, INCLUDING, BUT NOT LIMITED TO, BREACH OF CONTRACT OR TORT.

16.2 Where remedies are expressly afforded by this Agreement, such remedies are intended by the parties to be the sole and exclusive remedies of the Licensee for liabilities of CityView arising out of or in connection with this Agreement, notwithstanding any remedy otherwise available at law or in equity.

17 INTENT

17.1 The parties hereby confirm that the waivers and disclaimers of liability, releases from liability, limitations and apportionments of liability, and exclusive remedy provisions expressed throughout this License Agreement shall apply even in the event of default, negligence (in whole or in part), strict liability or breach of contract of the person released or whose liability is waived, disclaimed, limited, apportioned or fixed by such remedy provision, and shall extend to such person's affiliates and to its shareholders, directors, officers, employees and affiliates.

18 INJUNCTIVE RELIEF

18.1 The Licensee agrees that the breach of any term, provision or condition of this Agreement by the Licensee may cause irreparable damage to CityView in which case an award of damages may not be adequate relief to CityView. Therefore, the Licensee agrees that in addition to all the remedies available to CityView in the event of any breach of this Agreement by the Licensee, CityView shall have the right to obtain timely injunctive relief to protect its proprietary right.

19 COUNTERPARTS

19.1 This Agreement may be executed in counterparts (whether by facsimile or PDF signature or otherwise), each of which when so executed shall constitute an original and all of which together shall constitute one and the same instrument.

20 GOVERNING LAW

20.1 The validity and interpretation of this Agreement and each clause and part thereof shall be governed by the law of the California without reference to principles of conflict of laws.

21 ENTIRE AGREEMENT

21.1 This Agreement contains all the terms and conditions agreed on by the parties hereto with regard to the matters dealt with herein, and no understandings or agreements, verbal or otherwise, exist between the parties except as herein expressly set out. This Agreement completely replaces all other software license agreements that may have been entered into between the parties (including all precursor entities, including those entities that have amalgamated with N. Harris Computer Corporation).

22 RIGHT TO ASSIGN

22.1 This Agreement and the rights and liabilities hereunder shall not be assigned by the Licensee unless consent in writing is obtained from CityView.

23 SUCCESSORS AND ASSIGNS

23.1 This Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties.

24 SEVERABILITY

24.1 If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of this Agreement shall continue in full force and effect.

25 WAIVER

25.1 No waiver of any default shall constitute a waiver of any other breach or default, whether of the same or any other covenant or condition. No waiver, benefit, privilege or service voluntarily given or performed by other parties shall give the other any contractual right by custom, estoppel, or otherwise.

26 FORCE MAJEURE

26.1 No default, delay or failure to perform on the part of CityView shall be considered a breach of this Agreement where such default, delay or failure is due to a force majeure or to circumstances beyond its control. Such circumstances will include, without limitation, strikes, riots, civil disturbances, actions or inactions concerning government authorities, epidemics, war, terrorist acts, embargoes, severe weather, fire, earthquakes, acts of God or the public enemy or default of a common carrier or other disasters or events.

27 MEDIATION

27.1 The parties agree to submit any claim, controversy or dispute arising out of or relating to this Agreement or the relationship created by this Agreement to non-binding mediation before bringing a claim, controversy or dispute in a court or before any other tribunal. The mediation is to be conducted by either an individual mediator or a mediator appointed by mediation services mutually agreeable to the parties. The mediation shall take place at a time and location which is also mutually agreeable; provided; however, in no event shall the mediation occur later than ninety (90) days after either party notifies the other of its desire to have a dispute be placed before a mediator. Such mediator shall be knowledgeable in software system agreements. The costs and expenses of mediation, including compensation and expenses of the mediator (and except for the attorney's fees incurred by either party), is to be shared by the parties equally. If the parties are unable to resolve the claim, controversy or dispute within ninety (90) days after the date either party provides the other notice of mediation, then either party may bring and initiate a legal proceeding to resolve the claim, controversy or dispute unless the time period is extended by a written agreement of the parties.

28 ALLOCATION OF RISK

28.1 Licensee acknowledges that the limited warranties, disclaimers and limitations of liability contained in this Agreement are fundamental elements of the basis of bargain between Licensee and CityView and set forth an allocation of risk reflected in the fees and payments due hereunder.

IN WITNESS WHEREOF, Licensee and CityView have executed this Contract as evidenced by dual signature below.

CityView Configuration Console

Correct Usage Protocol

This document outlines the accepted use of CityView Configuration Console.

How Changes Are Tracked

Every "application object" within CityView has a development status that indicates whether that object has been modified. **Application objects** are those things that can by modified using the various tools in Configuration Console. When your environment is first created, it is an exact copy of our CityView development environment, so every application object has a development status of **System**. Additionally, if the environment also includes our CityView Select configuration, then certain application objects as well as any configuration items (e.g. lookup values, which are stored in regular data tables) will have a development status of **SystemConfig**),

Changes to application objects that are made in your environment while it is on our servers (and under our control) are tagged with the status **CustomInHouse**. Changes that are made in the environment once it has been delivered into your network environment are tagged with the status **CustomOnSite**. There is also a status, **CustomOnSiteProd**, which can be used to identify objects that were modified in the Production environment (although this should be a rare occurrence because modifications should not be happening directly in Production.)

When the "application layer" of the CityView solution is upgraded (which can, and often is, done independently of the "software layer") the development status of each object is checked prior to that object being upgraded. Every object that still has a status of **System** is overwritten with the version of that object from the latest CityView development environment. If the development status is not **System** for a given object, it is not overwritten. Instead, the latest application object from the development environment is placed in the application journal table only.

Many objects are interdependent. Configuration Console users should be cognizant of this when considering changes to any modifiable object, so as to not have an adverse impact on an overall piece of functionality. CityView scrutinizes the modifications prior to performing an application-level upgrade so that risks are mitigated; however, the more custom objects there are, the more effort-intensive this process is; and, in some cases, there may be costs incurred to get a heavily customized environment upgraded. Therefore, it is very important to document customizations and follow the best practices outlined in this document.

Configuration Console

The configuration tools are continually evolving and these tools are designed to allow your environment to be easily upgraded. When trying to create new automation or modify existing business processes, your first approach must be to use the most appropriate (**purpose-built**) configuration tool for the job, such as:

- Adding a custom field to the database (use the Attribute configuration tool)
- Adding or moving fields around in existing Workspace panels (use the Workspace Panel Override tool)
- Modifying workflows or adding workflow-related automation (use the Graphical Workflow Designer)
- Making data entry fields read-only or required (use the Business Rules tool)
- Getting automation to fire when a field value is changed, or other non-workflow-related automation (use the Business Rule tool)
- Getting CityView to produce letters/documents (use the MS Word Add-in, or RTF Letter Generator if you have not purchased the MS Word Add-in)
- Making label changes to fields or buttons (use Attribute configuration tool, where possible, or existing string-replacement settings, if available for your situation)

More advanced tools, such as the Expression language, should be avoided unless there is no more suitable way to achieve the desired result. This should be done after consultation with CityView staff so that technical feasibility can be determined. It is possible that the only way to achieve the desired result is through product enhancement, and that is better to establish before spending a lot of time trying to devise a self-implemented solution.

Training Requirement

Configuration Console includes sophisticated technical configuration tools. It has a full programming language built into it and the ability to add custom fields to the database schema. Use of the more advanced tools presupposes the user has a solid knowledge of database design and software development. For this reason, all users of Configuration Console's advanced tools should have a reasonable technical skill level; and, they should receive their Configuration Console training from a CityView trainer. Configuration Console has a security model that allows for some users to have access but not have permissions to use the more advanced tools.

All configurations need to be thoroughly tested before being put into production. If you plan to do a significant amount of configuration or solution development, it is strongly recommended that you maintain a dedicated **Development** environment (separate from your **Test** environment.) CityView will not support any modification made by Configuration Console if it was made directly into a production environment without first being tested and deemed functional in a development or test environment. Furthermore, you may need to validate software upgrades or other deliverables from CityView in your Test environment and you don't want those test results to be obfuscated by other development work that you have in progress.

Minimizing the Number of Custom Objects

While heavily customized environments introduce complexity and time to the upgrade process, custom objects that are created entirely by you do not impact the upgrade process. Complexity is only introduced when a core object is customized, as it then needs to be determined, at the time of the upgrade whether or not there is risk to the system as a whole if we cannot give you the latest version of that object. If the object was created by you in the first place (i.e. it does not exist at all in the CityView development copy) then there is no problem. Note, this primarily relates to out-of-the-box expressions, but it could also relate to reports and other system objects.

The key is ensuring that you do not impact core objects while you are creating your own objects. For example, if you want to modify one of the out-of-the-box reports, consider creating a copy of it and modifying the copy instead. This way, your new objects are all self-contained and have no impact on other core objects. It also has the advantage that if CityView fixes a defect in that out-of-the-box report, you will still receive the benefit of the fix in a future upgrade.

Likewise, if you need a SQL view to facilitate writing a new report, even if that view is very similar to a view that already exists in the system, it is recommended that you make a copy of the view and base your report off of the copy. That way, if our view changes in future versions, you will receive any benefits of those changes, and our changes will not adversely affect your report.

Note: the Panel Override tools are designed to allow contextually relevant fields to be added (or removed) from the Workspace user interface (panels) without affecting the system specification.

Maintaining a Single Source of Truth

At various points, you may undertake a new project implementation with CityView or you may be in the midst of an application upgrade (colloquially referred to as a “merge”). While CityView is working with you on any kind of deliverable, you are not permitted to make use of Configuration Console. This applies to any of your onsite environments: Test, Production, and Development. The aforementioned process of comparing the development status of each object to determine what is being “merged” into Production, relies on a binary comparison of each object. There is no way to handle a situation where changes were made in a CityView development environment and changes were also made in an onsite environment (regardless of which one) and now we somehow have to piece all of those changes back together and get them all into Production.

When you start a new project with CityView, your project manager will ask you to sign a “Phased Project Kickoff Acknowledgement”, restating this requirement and ensuring your cooperation.

Summary

Configuration Console is a powerful configuration tool that allows you to change many behavioral aspects of your CityView solution. Modifying system application components could increase the complexity of upgrades and limit your ability to take advantage of the latest improvements that the CityView solution has to offer.

Changes made using Configuration Console that do not result in system objects being modified also do not impact your upgrade path. Changes that introduce complexity to the upgrade process will be manageable through the upgrade process provided the guidelines in this document have been followed and there is a not a large number of system objects that have been customized. Heavily customized environments that have not followed the guidelines document and best practices imparted during Configuration Console training may incur costs for environment upgrades. Any changes that are pushed into a production environment without being tested in a development or test environment first are not supported.

Appendix A: Naming Conventions

There are a few naming conventions that we follow rigorously and it helps us to easily identify modifications "at a glance" so that the upgrade process is easier.

- Custom fields should always be prefaced with "att". This allows our staff to easily identify fields that are client-specific and not part of the CityView core schema. For example, if you wanted to add a field to track the Number of Employees for a Business, you might want to call it NumEmployees but we recommend that you call it attNumberEmployees.
- Custom expressions names should always contain the identifier "C2". Similar to "att", this is not a technical requirement; it simply allows our staff to easily spot customer-created expressions. For example, if you wanted to create an expression that executes on the **before value change** event of the Permit Status field, you might want to call this expression bvcPermitStatus but we request that you call it bvc**C2**PermitStatus.
- Custom reports, views, searches, filters, etc. should also contain the identifier "C2" in their name so that our staff can easily identify them as custom objects.
- Any **custom** expression should be commented (at the top) so that our staff can easily understand the purpose of the expression.
- Any modification to a **core** expression should be commented with the "C2" identifier at the **start** and the **end** of the customized portion of the expression so that we can easily pick out which part of the code was customized.

Expression Naming Conventions

Use the following Matrix to define Expression Names. Expression Names are restricted to 25 characters or less so some truncating may be required.

Prefix	Table or Field Name	Type	Function	Name
bfa	PRPermit	BeforeAdd		bfaBIApplication
bvc	PRPermit	BeforeChange		bfcBIApplication
btn	GNContact	Button	Update Contact	btnGNContactUpdateContact
dex		Data Exchange		dexCACashierBatch

fmv		File Move		fmvPRMoveAttachment
fil		Filter Expression		filCEClosedCases
luf	LookupContactType	LookupFilter	Filter for Inspectors	lufLookupContactTypeInsp (Truncated)

Appendix B: Coding Standards

To make your code as "supportable" as possible, you should follow our own coding standards. This will have the added benefit of helping you read and understand the expressions that exist (out-of-the-box) in your environment.

Header

At the top of each expression there will be a multiple line header comment. This comment block will be demarcated by a comment line with 37 '-' (lines up with end of expression name field).

If at any point in the lifespan of the expression it is modified, use the format outlined below.

```
; Description:  Sets PRInspection status to "Passed".
; Created:  Vince Liderth
; Modified: Changed references from SubPermit to Permit.
; Application Object(s):  PermitApplication
; -------------------------------------
```

Code Examples

Commenting your Code

```
...
; User has unchecked the box.  We need to close the ALERT record previously created by this
inspection's stop work order:
ForEachRecord( "ALERT" )
        If (Alert:CauseRecorDID == PRInspection:RecordID AND IsEqualNoCase
(Alert:CauseTableField, "PRInspection:RecordID"))
                ALERT:Status = _CONFIG:GNAlertClosedStatus
                ALERT:dateClosed = Today
               MsgBox (True, "Stop Work Order removed. The related property alert has been
closed.", "I")
                Break
        EndIf
EndFor

...
```

IF Statements

```
...
dayOfWeekDateIn = DayOfWeek (dateIn)
flagWeekend = False

; Date cannot fall on a weekend.  If the dateIN day of week falls on a weekend, advance dateIN
the correct number of days to Monday:
If (Val(dayOfWeekDateIn) == 1)
        dateIn = dateIn + 1
        flagWeekend = True
Else
        If (Val (dayOfWeekDateIn) == 7)
                dateIn = dateIn + 2
                flagWeekend = True
        EndIf
Endif
```

FOR Loops

```
; Construct a list of reviews to add to the permit based on the inspections that have been added
by the user:
allReviews = ""
inspectionReviews = ""
counter = 0
endValue = CountSubstrings (inspectionTypes, ",", False) - 1
```

```
For (counter, 1, endValue, 1)
        thisInspection = GetStringBetween (inspectionTypes, ",", ",", False, False, counter)
        inspectionReviews = SQLAggregate ("LookupPRInspectionType", "DefaultReviews", "Min",
Append ("Code = '", thisInspection, "'"))
        allReviews = allReviews + "," + inspectionReviews
EndFor
```

Using Constants instead of Hard Coded Values

Constants can be defined in CityView Manager in the Custom Application Settings table.

DON'T

```
maxAlert = ContextAggregate ("Alert", "Type", "MAX", "Status = 'O'") ;HCV
If (maxAlert < 2)
        maximumAlertLevel = _CONFIG:AlertLevel1
Else
        maximumAlertLevel = _CONFIG:AlertLevel2
EndIf
```

DO

```
maxAlert = ContextAggregate ("Alert", "Type", "MAX", "Status = ' " + _CONFIG:AlertOpenStatus +
"'")
If (maxAlert < 2)
        maximumAlertLevel = _CONFIG:AlertLevel1
Else
        maximumAlertLevel = _CONFIG:AlertLevel2
EndIf
```

Naming Standards

Table and field names: use Pascal Case (e.g.: "ApplicationNumber", "PLApplication")

Exceptions: Date, boolean and historical field names will use Camel case (e.g.: "permitNumber"):

- dateEntered
- flagSent
- histAPN

Variable names: use Camel Case

Variables should be instantiated immediately following the expression header:

```
parseString = ""

counter = 0
```

The exceptions to this rule would be when the expression is long and it makes more sense to instantiate the variable closer to the place where it is used; or, when a variable is only needed in the scope of the IF or FOR block.

Variable names should be descriptive, e.g. applicationNumber (as opposed to appNum)

Do not prefix the variable with an indicator of its data type unless it is a date or boolean type. The name of the variable should be descriptive enough to indicate what its data type is.

CityView functions names should be typed exactly as shown in the function list, e.g. CountSubstrings() not countsubstrings()

SCHEDULE E - CITYVIEW STANDARD SUPPORT SERVICE LEVEL AGREEMENT

CityView Standard Support

Service Level Agreement

Version 2017.1

CityView Standard Support – Service Level Agreement

Contract Term: 1 Year (renewable annually)

Support Channels: Web, Email or Telephone

Support Requests Allowed: Unlimited

Who Can Report: Individuals who are trained in the use of CityView can report issues to Customer Support.

Hours of Coverage: Coverage hours are 5:00 a.m. to 5:30 p.m. Pacific Standard Time from Monday through Friday, excluding CityView Technical Support observed holidays. (Only those statutory holidays that coincide between Canada and the United states are observed by CityView Technical Support.)

Accessing Support: The preferred method of opening a support incident is to use our CityView Connect Feedback mechanism within the software. Telephone support requests should be preceded by filing a support request within CityView Connect web site, including a detailed problem description. Telephone support requests will be answered live during business days, though staff may be involved serving other customers. If your call is not answered live, please leave a message, including the support request tracking number you received from the electronic filing, your name and phone or pager number. Messages are typically responded to within two hours.

Auto Acknowledgement: CityView Connect will assign a case number, accessible from the CityView Connect Feedback Status web page. Email and telephone correspondence will also result in cases being created and those will be available for review through the CityView Connect Feedback Status web page. Whenever the status of your incident changes, an email notification will automatically be sent to the individual that opened the call.

Request Response Time: A technical support engineer will respond to all requests within the time frames specified in Table 1. Business hours are 5:00 a.m. to 5:30 p.m. Pacific Standard Time from Monday through Friday, excluding CityView Technical Support observed holidays. Only those statutory holidays that coincide between Canada and the United States are observed by CityView Technical Support. We process requests in the order of their priority followed by order of submission.

What we will do if we don't hear back from you: If we don't hear back from you in ten business days, we will close your support request and mark it as "Closed / No response from customer."

Resolution of Bug-Related Requests: We will keep your request open and follow up when a fix is available in a production release. We will also contact you if we post an experimental build that will help with your problem.

What We Need to Help You

CityView wants to be as responsive as possible to your support needs. To accomplish this goal, the CityView customer support staff relies on your knowledge, self-sufficiency, and thoroughness during the troubleshooting process. You reap the benefits from this effort — it allows CityView to focus on the more difficult problems and make the product more robust. It also helps control the amount CityView charges for support.

- **Knowledge:** You should be experienced in the installation, operation, and maintenance of the hardware, desktop, and network operating systems, and applications in your environment before you install CityView.

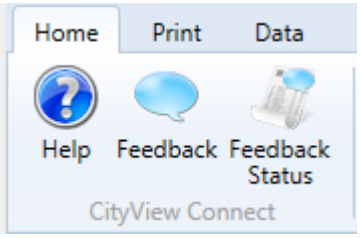
CityView © 2017

- **Self-sufficiency:** Please be as self-sufficient as possible when you encounter problems. You can do this by referring to technical documentation for your environment and by searching our CityView Connect Help site to determine if your issue is addressed before you submit it to our customer support staff.
- **Complete information:** As with any troubleshooting process, accurate and timely resolution depends on information. When you request support, please fill in all relevant fields in the request form, provide a detailed problem description, and attach any appropriate log files. Please note that using the CityView Connect Feedback mechanism within the product records most of this information automatically; therefore, it is the preferred way to submit a request to support because it guarantees we get this information with minimal effort from you. Unfortunately, when the request information is incomplete, it will take longer to resolve your issue.
- **Preparation:** If you call us for support, be prepared to provide the same level of information as is requested on the request submission form. You can help reduce the time to resolution by completing the online support request form and attaching files as directed. Then, simply provide us with the request number when you call. In addition, please have immediate access to the computer(s) on which CityView products are running.

How to Access Support

CityView offers several methods of accessing support described below. Please note that for Priority 1 (see Table 1) issues, customers are encouraged to submit their incident online and then follow up via CityView's toll-free phone number:

CityView Connect is the best way to receive support for our product. This feature is available from the Home tab of the ribbon in CityView Desktop as well as in many of our add-on products.



- **CityView Connect Feedback (preferred method)**
  If there is a feature you are having trouble using, or, if there is a feature you really like, please let our team know about it. Within CityView, use the Feedback button to let us know about your question or inquiry. If you have a feature request for our team, please use this method to let us know what you would like to see in the product. The information can also include screenshots and documents to help describe your feedback.

- **CityView Connect Help**

  The Help button will redirect your internet browser to our CityView Connect Help site (http://cityviewhelp.iharriscomputer.com/CityViewCMS). The site is available for customer self-service, and is comprised of a searchable content management system and downloadable updates, including links to our release notes and latest features.

- **CityView Connect Feedback Status**

  Our CityView Connect Feedback Status link redirects to our Connect Feedback website (http://cityviewsupport.harriscomputer.com/connect). This site will allow users to log new support incidents and check the status of previously submitted incidents on a 24 x 7 basis. Please contact our support group by telephone or email if there are preferred individuals who should be able to review all site calls.

- **Telephone Support**

  Telephone technical support is available between the hours of 5:00 a.m. and 5:30 p.m. PST on regular business days. Customers can contact us toll-free at 1.866.988.8324. CityView technical support will respond to telephone inquiries using the Service Level Agreement provided in Table 1 below.

Please note that any suggestions for enhancements to CityView that you submit will become the property of CityView. CityView may use this information for any CityView business purposes, without restriction, including for product support and development. CityView will not use information in a form that personally identifies you.

Limitations

CityView Support helps to identify and resolve issues with CityView's software. This Support begins as soon as the implementation project gets underway and may be provided by CityView Technical Support or R&D, depending on the circumstances. From time to time, an issue may manifest itself in CityView software but its true cause lies in a third–party product, or in the customer's infrastructure. CityView is happy to spend the time to investigate such issues and resolve them when they are within CityView. Should it be determined that the issue lies elsewhere, time may be billed at $175/hour (or the then-current Professional Services rate), plus a $300 administration fee, upon authorization by the customer.

The following are not covered by CityView's Standard Support Agreement, but may be available as separate services on a time and materials basis:

a) Services required due to misuse of CityView maintained software;

b) Services required due to software corrections, customizations, or modifications not developed by CityView;

c) Services required by the Customer to be performed by CityView outside of CityView's regular business hours;

d) Services required to resolve or work-around problems that cannot be reproduced in CityView's support environment;

e) Services which relate to tasks other than maintenance of the Customer's existing implementation and configuration of CityView, including but not limited to, enhancing or adapting CityView for specific operating environments;

f) Services requested by the Customer to implement software updates provided by CityView.

However, if there is data that does not match the format of the field (i.e. alpha characters in a numeric field), or if there is inconsistent information, CityView either will not bring that data in or the inconsistencies will be converted as is. CityView will report any data anomalies found during the conversion process.

2 PROJECT ACCEPTANCE

2.1 After delivery of the configuration changes to the City's Test environment, the City will undertake acceptance testing using self-generated testing scenarios. Should the testing identify any defects, CityView will provide in-scope fixes at no additional charge in parallel to, or immediately subsequent to, the acceptance testing.

2.2 After all fixes deemed essential for go-live are provided and retested, the code will be frozen and CityView will prepare to deploy the changes to the production environment. The City will be asked to formally accept the delivered solution for Go-live. Following go-live the CityView project team will work with the City to record any known issues. The project team is responsible for the resolution of these known issues. 30 days after Go Live CityView will request a formal letter of acceptance that substantiates the product has been delivered and is being used successfully in a live, production environment.

2.3 During the first 4 weeks after go-live, the project team will begin to familiarize and transition the project to the Technical Support group. At the end of 4 weeks, the City will continue with support through the Technical Support group.

3 CHANGE ORDER MANAGEMENT

3.1 To ensure timely and effective delivery of the project, the scope will be tightly managed. Project change control procedures will be reviewed with the team at the beginning of the project to ensure that they are clearly understood. This review helps establish a common understanding of the need for project change control and the mechanics for implementing any changes to the scope of the project. Any alterations to the project scope, budget, or schedule will be documented and authorized via the Change Control process.

3.2 A Change Control refers to any modification and/or new development deviating from the baseline established in the Statement of Work and Scope Document. It includes changes to the software, database, training, consulting services, or related processes. Each modification (or group of modifications) to the Contract, Statement of Work, or Scope Document must be documented and approved by a Change Control Form. All potential changes are compared against the project baseline in terms of functionality, schedule, cost, upgrade capability, maintainability and resources. Change Control requests can be raised by any member of the CityView or the City Project Teams.

3.3 The following steps will be followed with any changes to the baseline system:

3.3.1 The change control process will begin with a team member identifying a function or design alternative not already identified as part of the baseline system or a function that is part of the baseline but because of design issues may impact cost, schedule, or resources.

3.3.2 The person requesting the change will complete a Change Control Form and forward it to the appropriate Project Manager to determine cost, resources, and schedule impact, and the PM will forward the request on to their counter-part. Once these are determined, approval by the CityView Project Manager and the City's Project Manager is required.

3.3.3 Once approved (or denied), the change request is entered into the change control log and is placed on the agenda of the next Joint PM meeting.

4 ISSUES AND PROBLEM RESOLUTION

4.1 An issue refers to any matter that requires someone to make a decision, and about which no agreement has been reached or can be routinely reached. Typically, issues impede project progress until they are resolved. Change Control items may become issues if they're not dealt with quickly, but Change Control items are specific to the process of authorizing design changes that impact scope, schedule or budget whereas issues can be related to anything about the project that needs to be decided.

4.2 The CityView Project Manager will maintain an issue log and will assign responsibility for the resolution of project issues and reports progress to City Project Manager and the CityView Project Team. Any Project Manager or team member can submit an issue for logging and resolution. Most project issues are expected to be resolved within the overall Project Team. If the issues are not resolved to the satisfaction of the Project Team, they may need to be escalated to the appropriate level.

4.3 Typical project situations requiring escalation include conflicting resource demands threatening project staffing, group dependencies not being met, scope disagreements and issues with functionality of the project's deliverables nearing release time.

4.4 Escalation Process:

4.4.1 CityView escalation levels in the order listed below:

- Project Manager

- Manager, Client Services
- VP, Professional Services

4.4.2 City escalation levels in the order listed below:

- Project Manager
- Director of IT
- City Manager

Exhibit 1

Statement of Work

Through this Statement of Work, the City of Ontario, CA will migrate their live CityView system from the current scripted workflows to the latest CityView visual workflow environment. This Statement of Work covers the services to migrate to Select workflows including three (3) custom workflows or equivalent changes to the standard workflows in a single phase, including CityView Code Enforcement and Rental Housing.

The following services will be provided pertaining to the migration to CityView Workspace.

- Project management of 50 hours
- 30 hours of Remote Process Mapping to be divided between Code Enforcement and Rental Housing. Sessions should be conducted with a maximum of 3 subject matter experts from each department who will then be responsible for testing their respective areas of the software. The deliverable of this phase will be a Scope Document.
- Configuration of 3 custom workflows or equivalently effort intensive modifications to the CityView Select workflows.
- It is assumed the City is already happy with their existing letter templates. There are no hours included in this project for reconfiguring letter templates. Should the existing letters not fit into the new workflow (or should there be missing letters once the new workflow is created), the City will be responsible for creating those letter templates.
- It is assumed that the City is already happy with their existing lookup values and fees (e.g. Case Types, Fee Types, Violations, Correction). The City will not be getting all of the CityView Select lookup values and other non-workflow elements. This project is predominantly focused on workflows; it is not a complete reconfiguration.
- 12 hours of validation training to prepare the users to test the new workflows.
- Laserfiche integration services. The City already licenses the required CityView-Supported EDMS Extension (Laserfiche). The integration services need to be completed.
- The City's SMEs will undertake validation testing of the revised workflows to ensure the workflows are configured as per the signed off Scope Document. City will use CityView's Feedback system to log an issues.
- Once testing and refinements are complete, a single go live will be conducted. Code Enforcement and Rental Housing will go live on the revised workflows at the same time. This project will not be phased.
- No end user training included in this proposal as the City is live on CityView Workspace currently.

Exclusions & Assumptions:

No modifications to existing configuration are included in this quotation unless explicitly mentioned in this Statement of Work. This includes changes to existing reports or interfaces/integrations. Where existing scheduled processes trigger workflow, those updates will be made to reflect the workflow changes. Likewise existing letter templates will be linked into new workflow steps wherever it makes sense.

CityView is not responsible for providing or configuring hardware, virtual servers O/S settings, or IIS settings.

CityView Workspace requires an SSL certificate to be installed with Internet Information Services. When SSL is utilized, any other connected service such as ArcGIS map services, and SSRS reports will also need to use SSL. CityView now supports Esri secured map services.

Project Management and Environment Management costs account for a single-phased project.

Prices are exclusive of taxes.

All prices are in US dollars.

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Community Improvement Prepared By: Douglas J Sorel Staff Member Presenting: Scott Murphy, Executive Director Community Development Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 11

SUBJECT: A RESOLUTION FOR PLACEMENT OF SPECIAL ASSESSMENTS ON THE SAN BERNARDINO COUNTY TAX ROLLS

RECOMMENDATION: That the City Council adopt a Resolution for recovery of fees and costs incurred in abating property and dangerous building violations, as well as administrative citations and civil penalties associated with property maintenance violations and placing assessments on the San Bernardino County Tax Rolls.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Focus Resources in Ontario's Commercial and Residential Neighborhoods

FISCAL IMPACT: The levy of special assessments will result in the recovery of $352,145.63 in costs that the City has expended for inspection or abatement of property violations, as well as the collection of $323,000.00 associated with civil penalties and/or fines for continued violations, for a total of $675,145.63 related to 756 parcels. When received, these reimbursements will be deposited into the General Fund. The special assessment revenue is included in the Fiscal Year 2024-25 Adopted Budget.

BACKGROUND & ANALYSIS: As a result of Community Improvement activities, the costs for abatement of property and dangerous building violations are included in the Fiscal Year 2024-25 Adopted Budget. Additionally, the City has established administrative citations and fines for property maintenance violations and fees and penalties associated with the Systematic Health and Safety Inspection Program, Abandoned and Distressed Property Program, and Weed and Refuse Abatement Program. These costs, fines, fees, and penalties are recovered through placement of special tax assessments upon the properties. The placement of special assessments and collection of revenue is done under Ordinance 3046, Property Appearance (Title 5, Chapter 22 of the Ontario Municipal Code); Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings; and Ordinance 2920 for civil penalties for continued violations of the Ontario Municipal Code and fines associated with administrative citations (Title 1, Chapters 2 and 5 of the Ontario Municipal Code). The City and County currently have a contractual agreement regarding the implementation of special assessments; however, a Resolution authorizing the placement of the specific assessments is required. During this assessment cycle, the Community Improvement Department has billed

property owners for: the abatement of violations; the issuance of fines associated with administrative citation; the issuance of fees and penalties associated with the Systematic Health and Safety Inspection Program; the issuance of registration fees and civil penalties associated with the Abandoned and Distressed Property Program; the issuance of notice and re-inspection fees; and, civil penalties for the Weed and Refuse Abatement Program on 4,633 parcels. Of these, there are remaining amounts due on 756 parcels.

Attached are itemized accounts of: 1) costs associated with inspection or abatement as shown in Exhibit A of the Resolution; 2) civil penalties and/or fines for continued violations as shown in Exhibit B of the Resolution; and 3) total amounts per parcel as shown in Exhibit C of the Resolution. The expenditure list, including all corrections, adjustments, and payments received prior to August 8, 2024, will be submitted to the County prior to the August 10, 2024, deadline for its 2024-2025 tax rolls. All affected property owners were given notice of the imposition of special assessments via certified mail as provided in Ontario Municipal Code Section 1-4.05(a) and have either not requested an appeal or have exhausted the appellate procedure in Ontario Municipal Code Section 1-4.05(b).

Department: Innovation, Performance and Audit Prepared By: Vanny Khu Staff Member Presenting: Jordan Villwock, Management Services Director Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 12

SUBJECT: A RENEWAL WITH SUITEBRIAR FOR THE ASANA SOFTWARE ENTERPRISE MODULE

RECOMMENDATION: That the City Council approve and authorize the City Manager, or his designee, to execute the renewal with Suitebriar, of Herndon, Virginia, for the use of the Asana Enterprise module in the amount of $285,090 for a two-year term plus a 10% contingency of $14,255 per year, for a total not-to-exceed amount of $313,600.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner

FISCAL IMPACT: The Fiscal Year 2024-25 Adopted Budget includes appropriations from the Information Technology Fund for annual subscriptions for the Asana Enterprise module. The annual cost of the proposed renewal with Suitebriar is $142,545 plus a 10% contingency of $14,255 per year for a total not-to-exceed amount of $313,600.

BACKGROUND & ANALYSIS: In June 2023, the City of Ontario made a major advancement in modernizing its project and work management processes by implementing the Asana Enterprise platform. Asana Enterprise is a project management software designed to meet the needs of large organizations. It has enabled teams to manage projects, track progress, and align on goals with greater transparency and accountability.

Since its implementation, Asana has become an integral tool for the City, offering extensive integration capabilities to streamline various processes. Asana has been effective in managing departmental requests and process intake forms, managing and tracking projects, and most notably, enhanced the contract management process. Asana serves as a centralized hub where contract-related tasks, documents and communications converge. This consolidation enhances workflow efficiency and reduces redundancy. Additionally, automated updates and notifications within Asana ensure that Staff are promptly informed of any changes or updates related to contracts.

Prior to adopting Asana Enterprise, Staff relied on standard spreadsheet software to manage projects and oversee workflows which were not collaborative. This manual approach posed challenges in terms of efficiency and real-time visibility. Communication and document sharing

were often fragmented, leading to inefficiencies and delays in project execution. Initially deployed for 100 users, the platform has since expanded to 325 users, reflecting the growing demand to enhance the City's operational efficiency.

Asana Enterprise supports the City in achieving greater transparency, accountability, efficiency, and collaboration across various departments. This platform has automated routine tasks and workflows, centralize communication and documentation, and enables real-time tracking and reporting. Given the advanced features and growing utilization of Asana Enterprise, it is recommended that the City approve the two-year renewal for a not-to-exceed amount of $313,600. This renewal will ensure continued optimization of operational processes, support further growth, and maintain the City's dedication to service excellence.

SUBJECT: A PROFESSIONAL SERVICES AGREEMENT FOR CONSULTING, TRAINING, AND LEGAL SERVICES

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute a Professional Services Agreement with Atkinson, Andelson, Loya, Ruud, and Romo (AALRR) of Cerritos, California, for as-needed professional consulting, training, and legal services for a total not-to-exceed amount of $300,000.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Operate in a Businesslike Manner
Maintain the Current High Level of Public Safety

FISCAL IMPACT: The Fiscal Year 2024-25 Adopted Budget includes appropriations from the General Fund for these services. The Agreement has a not-to-exceed amount of $180,000 over three years. Two (2) one-year terms may be exercised at the City's sole discretion for an additional $120,000, for a total amount not-to-exceed $300,000. If approved, appropriations will be included in future Annual Budgets for as-needed consulting, training, and legal services.

BACKGROUND & ANALYSIS: In 2017, the City Council approved a seven-year Professional Services Agreement with AALRR for professional consulting, training, and legal services. AALRR has earned a reputation as one of California's leading law firms, known for its expertise and reliability. AALRR attorneys are trusted advisors to more than 7,000 public and private sector clients.

AALRR plays a vital role in advising and representing the City on various employment and labor-related legal issues. This includes labor relations matters, conducting workplace investigations, and providing related training to City staff. While AALLR has most recently worked primarily with the Ontario Police Department regarding legal matters pertaining to workplace investigations and labor relations matters, their expertise and training would be available to all City agencies. AALRR's extensive experience and deep understanding of the City's unique legal needs, specifically as they relate to the needs of public safety, has positioned them as an optimal choice to continue providing these services. Their experience is vital as the City navigates complex ongoing legal matters that require immediate and specialized attention.

With the conclusion of the initial contract with AALRR, which ended on June 30, 2024, City Staff recommends that the City Council approve an Agreement with AALRR utilizing the sole source provision. This recommendation is based on AALRR's proven ability to consistently deliver high-quality legal work and practical solutions for critical City services. The sole source provision ensures continuity in legal representation, minimizes the risks associated with transitioning to a new vendor, and leverages AALRR's established rapport and deep familiarity with the City's needs. This approach enables the City to uphold high standards of legal service, enhance operational efficiency, and maintain the current high level of public safety. This ensures successful outcomes in the City's legal affairs, including ongoing cases and compliance issues. By continuing with AALRR, the City can effectively address its complex legal matters without disruption, building on the trust and familiarity established over the years.

2.2 Project.

City desires to engage Consultant to render such professional services for the **legal services and consultation relating to labor relations and other general employment law matters** project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional **legal consulting services** necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated

herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.1.1 Governing Agreement and Conflict Resolution. In the event of a conflict between the terms and provisions of the BBK Agreement between City and Consultant, the terms and provisions of the BBK Agreement shall supersede and govern the Agreement.

3.1.1.1 By signing this Agreement, the Consultant acknowledges that the terms and provisions of the Agreement are administered by Best Best & Krieger LLP (BBK), City's General Counsel, and Consultant consents to the terms of the BBK Agreement, acknowledging that in the event of a conflict, the provisions outlined in the BBK Agreement shall take precedence.

3.1.2 Term. The term of this Agreement shall be from **July 1, 2024,** to **June 30, 2027,** unless earlier terminated as provided herein. **The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than two (2) additional one-year terms.** Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "A" attached hereto and incorporated herein by reference. The Agreement has a not-to-exceed amount of $180,000 over three years. Two (2) one-year terms may be exercised at the City's sole discretion for an additional $120,000. The total compensation shall not exceed **three hundred thousand dollars** (**$300,000**) without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "A" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which

is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: **John Bakhit, Partner.**

3.3.5 City's Representative. The City hereby designates **Angela C. Lopez, Executive Director Human Resources / Risk Management**, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates **John Bakhit, Partner**, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above (“Performance Time”). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones

described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq*.); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $2,000,000 per occurrence and no less than $4,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $2,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant's profession with limits of not less than $2,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial

General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability: (1) Additional Insured: The City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the Consultant. "Covered Professional Services" as designated in the policy must specifically include work performed under this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials,

officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold

amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the

commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant:	**Atkinson, Andelson, Loya, Ruud, and Romo** **12800 Center Court Drive, Suite 300** **Cerritos, CA 90703** **ATTN: John Bakhit, Partner**
City:	City of Ontario 303 East "B" Street Ontario, CA 91764 ATTN: Angela C. Lopez, Executive Director Human Resources / Risk Management

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in

any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person

or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in San Bernardino County. In addition to any and all contract

requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

CONFIDENTIAL ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Angela C. Lopez
Executive Director Human Resources/Risk Management
City of Ontario
200 North Cherry Avenue
Ontario, California 91764

Re: Professional Services Agreement

Dear Ms. Lopez:

The purpose of this letter is to confirm the terms and conditions of the representation of City of Ontario (the "Client" or "you") by Atkinson, Andelson, Loya, Ruud & Romo (the "Firm," "we," or "us") in connection with (1) General Labor and Employment Advice and (2) Workplace Investigations (the "Matter"). These same terms and conditions will apply to any other matter that the Firm agrees to handle for you at your request unless you and the Firm enter into a separate written agreement regarding such other matter.

These terms and conditions will not take effect, and we will have no obligation to provide legal services until you return a signed copy of this representation agreement and pay the initial deposit, if any, called for in this agreement.

Scope of the Firm's Representation.

Our services will not extend to any of your other legal affairs or other aspects of your activities unless you and the Firm agree to such representation. You understand and agree that the Firm's receipt or use of confidential or other information from you or others in the course of this representation will not give rise to any expectation by you that the Firm will render any other advice or services.

If a court action or arbitration is initiated, we will represent you through the trial or arbitration and any post-trial or arbitration motions. We will not represent you on appeal or in any execution proceedings unless you and we agree on a further representation in writing.

With respect to insurance coverage for any matters covered by the scope of services under this Agreement, you agree that it is your own responsibility, rather than the Firm's responsibility, to identify potential insurance coverage and to tender legal matters to any appropriate insurance companies that may insure you. If you desire that the Firm become involved in identifying potential insurers and/or the tender of legal disputes, then a separate written agreement between you and the Firm to that effect will be required.

The Firm will not settle, negotiate or compromise the Matter without your consent.

Assignment of Firm Personnel. I will be primarily responsible for the supervision of the Matter, but you are engaging the Firm, not me individually. As and when necessary, I will draw upon the talent and expertise of other attorneys and paralegals along with legal assistants to handle this Matter.

Communication by Firm. The Firm will keep you regularly and currently informed of the status of the Matter and will consult with you when appropriate. Copies of significant correspondence and documents will be sent to the person designated by you from time to time for that purpose. In the event that you need to reach the Firm and the person sought is unavailable, please leave a message for the person concerned, disclosing the nature and urgency of the call. It is the Firm's policy that all calls will be returned promptly and in any event no later than within one business day of receipt of the call. If you have not received a return call within that time, please call again.

Client Cooperation. You understand and agree that, in order for the Firm to represent you effectively, it is necessary for you to assist and cooperate with the Firm during this engagement. You agree to (1) make yourselves (including your employees, if applicable) available to discuss issues as they arise in this matter; (2) attend and participate in meetings, preparation sessions and court proceedings, review drafts of documents, and perform other activities in connection with the representation; and (3) provide complete and accurate information and documents to us on a timely basis. Your non-cooperation will be grounds for the Firm's withdrawal from representing you. It is essential that you and the Firm maintain open communications.

Protection of Client Confidences – High Tech Communication Devices. The Firm stays constantly aware of its important obligation to preserve the secrets and confidences of its clients which it holds in precious trust for them. To that end it is important that you and the Firm agree from the outset what kinds of communications technology the Firm should employ in the course of this engagement. For instance, the exchange of documents and other information using email or other types of electronic communications involves some risk that information will be retrieved by third parties with no right to see it. Even the use of facsimile machines can cause problems if documents are sent to numbers where the documents sit in open view.

Therefore, you should only provide the Firm with cellular numbers, facsimile numbers and email addresses which are acceptable to you for receiving confidential communications from the Firm.

If you have any mailing addresses, cellular numbers, facsimile numbers, and email addresses that the Firm should not use for confidential communications, please advise us of these in writing. You agree that the Firm may use any of your cellular numbers, facsimile numbers and email addresses other than those which you specify in writing that the Firm should not use. You can use the Technology Questionnaire form at the end of this letter for this purpose.

During the course of our representation of you, it may be necessary to wire transfer funds to the Firm. We will always provide the Firm's banking information in an encrypted email. Do not rely upon any future purported email from the Firm that changes the wire transfer information without confirming that change through a telephone call directly with a Firm attorney.

Term. The term of this Agreement shall be from July 1, 2024, to June 30, 2027, unless earlier terminated as provided herein. The City shall have the unilateral option, at its sole discretion, to renew this Agreement automatically for no more than two (2) additional one-year terms. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

Fees and Expenses. The Firm's fees are generally based on the actual time spent on the Matter by the Firm's attorneys, paralegals and legal assistants. Each has an hourly rate at which his or her time is charged. That rate is set by the Firm, taking into consideration the individual's professional expertise and other relevant factors. Generally, these rates are revised in November of each year. The current hourly rates are $250 to $990 per hour for the Firm's attorneys and $225 to $290 for the Firm's paralegals. Attorney's time will be recorded in hours and tenths of hours (six minute units) with a minimum entry of two tenths of an hour. Rates for legal assistants and others who perform services for you will be reflected on the invoices issued to you. It is contemplated that the Firm will, and the Firm reserves the right to, increase its hourly rates each year effective each January 1 after the execution of this Agreement, unless the Agreement is canceled or this provision is modified in writing. Generally, the Firm increases its annual rates by $10. John Bakhit's 2024 hourly rate is $395. Firm agrees to honor these rates up to December 31, 2024.

The amount of the fees based on the actual time spent is not necessarily the amount that will be billed to you, but may be adjusted based on the nature of the work performed or the results achieved. Each month before bills are issued, a review is performed to assess the nature and quality of the services performed for you. In cases where there is a significant disparity between the value of the services rendered or results achieved and the fees based on the time spent, the fees may be adjusted, as appropriate under the circumstances, to reflect that value.

In addition to our fees, Client will also be responsible for paying a 5% administrative charge calculated and based on fees billed to cover costs and expenses incurred in our handling of the matter such as photocopies, local travel charges and parking, fax charges, telephone charges and

other similar charges. In addition to the administrative charge Client will be responsible for reimbursing Firm for other out-of-pocket charges such as court and filing fees, deposition charges, messenger fees, witness fees, investigator fees and similar charges.

50781055.1/005890.00001

The Firm will not be obligated to advance costs on your behalf. However, for the purposes of convenience and in order to expedite matters, the Firm reserves the right to advance costs on your behalf with your prior approval in the event a particular cost item exceeds $2,000.00 in amount and without your prior approval in the event a particular cost item totals $2,000.00 or less.

The Firm will prepare a monthly statement containing a detailed description of the services performed and the costs advanced by the Firm during each month and will mail such statement to you on or about the 15th of the following month. Payment of the full amount due, as reflected on the monthly statement, will be due from you to the Firm by the end of that following month, unless other arrangements are made. In the event where you have funds deposited in the Firm's Client Trust Account at the time a monthly billing statement is prepared, funds will be transferred from the Firm's Client Trust Account to the Firm's General Account to the extent of the balance due on the monthly statement and a credit for such payment will be reflected on the monthly statement. Any balance of fees or costs advanced remaining unpaid after the due date will be subject to a 1% per month service charge.

Client agrees to review the Firm's monthly statements promptly upon receipt and to notify the Firm, in writing, with respect to any disagreement with the monthly statement. Failure to communicate written disagreement with the Firm's monthly statement within sixty (60) days of Client's receipt thereof shall be deemed to signify Client's agreement that the monthly billing statement accurately reflects: (i) the legal services performed; and (ii) the proper charge for those legal services.

Initial Deposit to be Applied to Fees and Costs Incurred. When the Firm accepts new clients or material for new matters from existing clients, our policy is to request a deposit against the fees and costs expected to be incurred in the first couple months after the Firm is engaged. This is a refundable deposit; any amount not owed for fees and costs incurred will be refunded upon request. There is no fee deposit due at this time, but the Firm reserves the right to request refundable deposits at appropriate intervals during the Firm's representation of you. All deposits will be placed in the Firm's Client Trust Account. You hereby authorize the Firm to withdraw funds held in the Client Trust Account from time to time as fees and costs are incurred.

Conflicts with Other Clients. The Firm has a number of attorneys. The Firm may currently or in the future represent one or more other clients in matters involving Client. The Firm undertakes this engagement on the condition that the Firm may represent another client in a matter in which the Firm does not represent Client, even if the interests of the other client are adverse to those of Client (including appearance on behalf of another client adverse to Client in litigation or arbitration), provided the other matter is not substantially related to the Firm's representation of

Client and in the course of representing Client attorneys of the Firm have not obtained confidential information of Client material to the representation of the other client ("Permitted Adverse Representation"). Client's consent to this arrangement is required because of its possible adverse effects on performance of the Firm's duties as attorneys to remain loyal and available to those other clients and to render legal services with vigor and competence. Also, if an attorney does not continue an engagement or must withdraw therefrom, the client may incur delay, prejudice or additional cost such as acquainting new counsel for the matter. Client agrees not to seek to disqualify the Firm from representing such other client in any Permitted Adverse Representation.

Termination of Representation. You may terminate this representation at any time, subject to the payment of any fees and costs incurred prior to such termination. The Firm may withdraw from this representation for good cause, on reasonable notice, without your consent. Good cause includes but is not limited to: (1) your failure to cooperate with us as provided above; (2) your failure to pay any bill when due or to replenish the deposit when requested as provided above; or (3) any fact or circumstance that would render our continuing representation unlawful or unethical. Any termination of our representation of you would be subject to such approval as may be required from any court in which the Firm is appearing on your behalf.

Binding Agreement. This letter represents the entire agreement between you and the Firm with respect to this Matter and any other matter which we agree to perform on your request unless such matter is covered by a separate written agreement between you and us. By signing below, you acknowledge that you have carefully reviewed and understand the content of this letter and agree to be bound by all of its terms and conditions. Furthermore, you acknowledge that the Firm has made no representations or guarantees to you regarding the outcome, or the time necessary to resolve, the Matter. No change or waiver of any of the provisions of this letter will be binding on either you or the Firm unless the change is in writing and signed by both you and the Firm.

Document Retention Policy. The Firm will retain its files on each matter handled for you for five (5) years after the Matter is closed. The Firm will then destroy those files unless you have previously asked the Firm in writing to deliver those files to you. However, the Firm will not destroy the following types of files without giving thirty days' written notice to you: (1) estate and succession planning files and (2) corporate, limited liability company or partnership organization and records files.

Consent to Firm Communication. As a part of the Firm's commitment to client service, we will send you periodic alerts on case developments and legislative changes. In addition, we will send you notice on Breakfast Briefings, Conferences, and other training opportunities designed to help you with your daily legal concerns. The Firm will send these and other additional service notices to you via regular mail and/or electronic mail at the e-mail address which you designate on the Technology Questionnaire, contract, or use in your daily communications with us. We believe that these e-mail notices are a quick and convenient way for us to keep you apprised of legal changes which affect your business.

Termination of Attorney-Client Relationship. The attorney-client relationship between you and the Firm will cease at the conclusion of the Matter. There are instances when the Firm has been engaged to provide ongoing general business, tax and estate planning advice to clients. If the Firm is not asked by the Client to provide advice for a period of one (1) year from the last date the Firm provided such ongoing advice, both you and the Firm agree that the attorney-client relationship is terminated on the last date the Firm provided advice, without further action or notice by either party. All other terms and conditions of this letter will remain in full force and effect, including the obligation to pay all unpaid fees and costs and the obligation to arbitrate any disputes as provided below. If you request additional legal services and the Firm agrees to perform those services after such termination, the terms and conditions of this letter will apply with respect to such services unless you and the Firm enter into a new written engagement agreement with respect to such services.

Attorneys' Lien. Client grants the Firm a lien for all amounts owed to the Firm on any sum or sums recovered (whether by litigation, arbitration, settlement or otherwise) in connection with our representation of Client. The Firm is authorized by Client to use this lien to satisfy any obligation owed to the Firm by Client under this letter agreement. The lien will attach to any recovery Client may obtain, whether by arbitration, award, judgment, settlement or otherwise. The effect of such a lien is that the Firm may be able to compel payment of fees and costs from any such funds even if the Firm's representation of Client has been terminated before the conclusion of the Matter. Because the lien may affect Client's property rights, it may be desirable for Client to seek the advice of an independent attorney before agreeing to such a lien. Irrespective of whether or not Client seeks such independent advice, the lien will be effective upon Client's signing of this letter agreement.

Binding Arbitration. If any dispute arises out of, or related to, a claimed breach of this agreement, the professional services rendered by attorneys, or any other disagreement of any nature, type, or description, regardless of the facts or the legal theories which may be involved, including attorney malpractice, breach of fiduciary duty, misrepresentation, or conflict of interest, such dispute shall be resolved by confidential and binding arbitration upon the written request of one party after service of that request on the other party.

There are significant advantages and disadvantages of binding arbitration. The parties shall agree on an arbitrator with special skills and experience to hear and determine the dispute unlike in a court proceeding where a judge is assigned. If the parties cannot agree, then the Superior Court of Los Angeles County shall choose an impartial arbitrator whose decision shall be final and conclusive on all matters.

The parties shall each have the right of discovery in accordance with Code of Civil Procedure Section 1283. Arbitrations conducted pursuant to this agreement permit the same discovery rights as in a court proceeding. Each party shall bear their own costs and attorney fees, including payments to the arbitrator which can be significantly more costly than the filing fee in Court

proceedings where costs may be awarded to the prevailing party. Each party to this agreement waives and therefore gives up important constitutional rights in arbitration as the arbitrator's decision is final. There is no right to appeal to challenge any errors made in the arbitration proceeding. Unlike court proceedings, arbitration proceedings are conducted privately and the outcome will remain confidential. There is no right to a trial by a judge or jury of one's peers. There is no limitation on the type of monetary damage that can be awarded by the arbitrator. The client is advised that the client has the right to have an independent lawyer of client's choice review this arbitration provision.

If the above accurately reflects our mutual agreement, please confirm that by signing and returning a copy of this letter to me. Please do not hesitate to call me to discuss any questions you may have regarding this agreement. In addition, you have the right to consult other counsel to resolve your concerns. In conformance with the Firm's policy, we cannot commence work upon this engagement until we have received a copy of this letter countersigned by you.

Thank you for giving us the opportunity to assist you with your legal matters. We look forward to working with you on this Matter.

Very truly yours,

SUBJECT: **A CONSTRUCTION CONTRACT WITH CT&T CONCRETE PAVING, INC. FOR AMERICANS WITH DISABILITIES ACT (ADA) CONCRETE RAMP CONSTRUCTION SERVICES**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute a one-year Construction Contract with CT&T Concrete Paving, Inc., of Diamond Bar, California, for ADA Concrete Ramp Construction Services for a total not-to-exceed contract amount of $175,000.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2024-25 Adopted Budget includes appropriations in the Community Development Block Grant (CDBG) Fund for ADA Concrete Ramp Construction Services. The recommended Construction Contract with CT&T Concrete Paving, Inc., is for a total not-to-exceed contract amount of $175,000.

BACKGROUND & ANALYSIS: The Public Works Agency is responsible for the maintenance and installation of ADA ramps citywide. Every year, an average of 25 to 30 new ADA ramps are installed throughout the City using a construction contract vendor. In June 2024, the City solicited bids for Bid No. 1801 ADA Concrete Ramps Construction Services. Six (6) bids were received, and all of them met the minimum bid criteria and standards necessary to perform the scope of work. A summary of the bid results are as follows:

Vendor	Location	Bid Unit Price (Per Ramp)	Total Bid Unit Price with Additional Services
CT&T Concrete Paving, Inc.	Diamond Bar, CA	$5,700	$13,367
Metrocell Construction, Inc.	Ontario, CA	$19,000	$49,209

MAJ Engineering	Chino Hills, CA	$140,000	$154,035
Garcon Construction	Ontario, CA	$104,000	$184,977
HZS Engineering and Construction	Orange, CA	$187,000	$208,075
Gentry General Engineering, Inc.	Colton, CA	$215,420	$225,174

CT&T Concrete Paving, Inc., of Diamond Bar, California, submitted the lowest responsible bid that met all the local and federal required specifications for a unit price of $5,700 per ramp and a total unit price of $13,367 per ramp with the different types of additional services. Additional services would be charged per ramp only when rock curb, Portland Cement Concrete (PCC) curb, or drive approach is removed and replaced. A one-time mobilization cost of $7,000 will be charged for the establishment of construction sites. Based on their credentials, pricing, and favorable reference checks, Staff recommends awarding the construction contract to CT&T Concrete Paving, Inc.

FISCAL IMPACT: The proposed Design Services Agreements with Architecture Plus, Inc., DLR Group, KWWA Architecture, M. Arthur Genster Jr. & Associate, Inc., Miller Architectural Corporation, RDC-S111, Inc., and Westgroup Designs are an estimated amount of $50,000 per year for a total not-to-exceed contract amount of $150,000 over three (3) years per contract.

All seven firms have agreed to fixed billing rates set forth in their respective agreements on an on-call, as needed basis for three years. Pricing for the option years will be negotiated and any proposed fee increases will not exceed 3% per year. BACKGROUND & ANALYSIS: The City has needs for On-Call Retail Architectural Services for work that cannot be provided by City Staff. Staff is recommending contracts with a total of seven (7) qualified firms to assure a timely and cost-effective option is always available for each task order. Additionally, Staff is recommending that all contracts be executed between the firms and the City, so that any City agencies can use these firms. This procedure reduces overhead charges and increases efficiency in completing critical projects, ultimately resulting in well-executed projects.

On May 15, 2024, the City solicited requests for qualifications for on-call Retail Architectural Services and responses from the following firms were evaluated:

Architectural Firm	Location
Architecture Plus, Inc.	La Canada, CA
DLR Group	Riverside, CA

Miller Architectural Corporation	Redlands, CA
RDC-S111, Inc.	Long Beach, CA

City Staff reviewed the requests for proposals utilizing a qualifications-based selection process. Architecture Plus, Inc., DLR Group, KWWA Architecture, M. Arthur Genster Jr. & Associates, Inc., RDC-S111, Inc., Miller Architectural Corporation and Westgroup Designs were deemed to be the most qualified firms. The recommendation to award Design Services Agreements to these firms is based on their broad range of expertise as demonstrated by work performed for other municipal agencies and capability to perform highly complex work in a timely manner.

Department: Police Department Prepared By: Zina Hullings Department: Prepared By: Zina Hullings Staff Member Presenting: Mike Lorenz, Chief of Police Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 16

SUBJECT: **AN AMENDMENT TO THE GOODS AND SERVICES AGREEMENT WITH HELITENDER, INC. FOR SCHEDULED AND UNSCHEDULED REPAIRS, INSPECTION SERVICES, PARTS AND MAINTENANCE SERVICES**

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute Amendment No. 2 to the Goods and Services Agreement with Helitender, Inc. of Pacoima, CA for scheduled and unscheduled repairs, inspection services, parts and maintenance services in the amount of $150,000 for a total not-to-exceed contract amount of $300,000 and extend the agreement to June 30, 2027.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The recommended amendment increases the authorized contract amount by $150,000 for a new not-to-exceed total contract amount of $300,000 and extend the agreement to June 30, 2027. Appropriations are included in Fiscal Year 2024-25 Adopted Operating Budget for scheduled and unscheduled repairs, inspection services, parts and maintenance services for helicopters.

BACKGROUND & ANALYSIS: The Police Department Air Support Unit maintains three (3) Airbus Helicopters for air patrol. To ensure the helicopters are safe to operate and readily available (to support police, fire and departmental services) maintenance and repairs are necessary on a regular basis; and undue time delays affect the City's ability to provide services to the community. Due to specialized maintenance services and parts used on the helicopters, there is a limited number of authorized vendors that can provide these. In many cases, there is a single authorized vendor that is qualified or authorized to provide the part or service.

On May 3, 2022, City Council approved Helitender, Inc. as a sole source, pre-authorized vendor for scheduled and unscheduled helicopter repairs, inspection services, parts and maintenance services. Establishing this pre-authorized list of vendor(s) facilitates the following:

- Ensure that the helicopters are serviced and repaired when needed;
- Service is performed by qualified vendors familiar with Airbus helicopters; and
- Better maintenance because vendors are familiar with the service and repair history of the helicopters.

RECOMMENDATION: That the City Council take the following actions:

A. Authorize the City Manager, or his designee, to execute Construction Contract D&C23-013 Museum Exterior Doors with K.C. Restoration Co., Inc., of Gardena, California, for the Ontario Museum of History & Arts Exterior Doors Restoration Project for a total contract amount of $488,488, and
B. Authorize a 20% contingency of $97,697, for a total contract amount not-to-exceed $586,185; and
C. Authorize the City Manager, or his designee, to execute all documents required for the completion of the project including, but not limited to agreements, assessments, easements, reduction of retention accounts, contracts amendments within the authorization limits, and filing a notice of completion at the conclusion of all construction related activities.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Encourage, Provide or Support Enhanced Recreational, Educational, Cultural and Healthy City Programs, Policies and Activities
Operate in a Businesslike Manner

FISCAL IMPACT: The recommended Agreement with K.C. Restoration Co., Inc. is in an amount of $488,488 plus a 20% contingency of $97,697, for a total contract amount not-to-exceed $586,185. The Fiscal Year 2024-25 Adopted Budget includes appropriations in the Capital Projects Fund and Facilities and Parks Maintenance Fund for the Ontario Museum of History & Arts Exterior Doors Restoration Project.

BACKGROUND & ANALYSIS: The Ontario Museum of History & Arts was built in 1937 and is

deemed a historical landmark. As of November 2023, the museum has earned the highest national recognition of being a fully accredited museum through the American Alliance of Museums. Staff anticipates this recognition to draw more attention and visitors to the Museum. In 2019, a Museum Facilities Master Plan was adopted by the City Council. This consists of the restoration or replacement of doors, transoms, and hardware such as kickplates and push bars to maintain compliance with the Americans with Disabilities Act and Building Code. Additionally, sidelights and frames will be updated to maintain the aesthetics of the Museum. These updates are a needed benefit for security, safety and visual purposes.

On April 11, 2024, the City solicited proposals for exterior door restoration at the museum. One (1) proposal was received in response to Bid No. 1782 for Museum Exterior Doors. K.C. Restoration Co., Inc., of Gardena, California was the sole bidder with a base cost of $488,488. Based on their credentials, pricing, and favorable reference checks, Staff recommends awarding the construction contract to K.C. Restoration Co., Inc. The project has an estimated completion date of January 2025.

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Fire Department Prepared By: Sagar Patel Staff Member Presenting: Mike Gerken, Fire Chief Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 19

SUBJECT: A MEMORANDUM OF AGREEMENT WITH THE SAN BERNARDINO COUNTY FIRE DEPARTMENT TO PARTICIPATE ON REGIONAL TASK FORCE 6

RECOMMENDATION: That the City Council authorize the City Manager, or his designee, to execute a Memorandum of Agreement between the City of Ontario and the County of San Bernardino allowing Ontario Fire Department personnel to participate on California Regional Task Force 6 (CA-RTF-06).

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Maintain the Current High Level of Public Safety

FISCAL IMPACT: There is no direct fiscal impact associated with this action. Approval of the proposed Agreement will ensure that the City's Fire Department recovers the maximum amount of reimbursable costs when assigned to emergency incidents on CA-RTF-06 through the mutual aid system.

BACKGROUND & ANALYSIS: The Ontario Fire Department plays a crucial role as a mutual aid provider within California's Fire Service and Rescue Emergency Mutual Aid System. This system is pivotal in emergency management, facilitating coordinated deployment of fire and rescue resources across various levels: local, area, regional, and statewide. Its primary goal is to effectively respond to and mitigate the impacts of disasters, whether natural like hurricanes or earthquakes, or human-caused incidents such as industrial accidents or fires. By merging resources and expertise, the Mutual Aid System ensures communities have access to necessary personnel, equipment, and logistical support during emergencies. This cooperative approach enhances overall response capabilities, enabling more efficient and comprehensive interventions to protect lives, property, and the environment.

California's emergency response plan relies significantly on twelve strategically positioned Urban Search and Rescue Task Forces statewide. Among these, CA-RTF-06, administered by the San Bernardino County Fire Protection District, consists of 29 specially trained members capable of responding to a broad spectrum of emergencies and disasters, including earthquakes, hurricanes, floods, technological accidents, and hazardous materials spills. Initially exclusive to San Bernardino County Fire District personnel, CA-RTF-06 now welcomes participation from other county agencies

to ensure sufficient staffing, maintain deployable resources, enhance inter-agency cooperation, and improve service delivery.

In an effort to add value to the system while also gaining experience, Staff recommend entering into an Agreement with the San Bernardino County Fire Protection District as it will mutually benefit the City of Ontario, San Bernardino County, and the State of California. Therefore, it is recommended that the City Council approve the Memorandum of Agreement with the San Bernardino County Fire Protection District for participation in the San Bernardino County Regional Urban Search and Rescue Response System, and authorize the City Manager or his designee to execute the agreement on behalf of the Ontario Fire Department.

M. INDEMNIFICATION AND INSURANCE REQUIREMENTS

M.1 Indemnification

Pursuant to California Government Code Section 895 et seq., each party agrees to defend, indemnify, and hold each other, their elected officials, officers, employees, contractors, volunteers, and agencies mutually free and harmless from any and all claims, demands, causes of action, costs, expenses, losses, damages, injuries, or liabilities, including reasonable attorneys' fees, arising from their own performance under this Agreement, except to the extent that such liability is caused by the negligence, gross negligence, or willful misconduct of the other parties.

M.2 Additional Insured

All policies, except for Worker's Compensation, Errors and Omissions and Professional Liability policies shall contain additional endorsements naming Sponsoring Agency and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the Sponsoring Agency to vicarious liability but shall allow coverage for the Sponsoring Agency to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

M.3 Waiver of Subrogation Rights

Participating Agency shall require the carriers of the above required coverages to waive all rights of subrogation against the Sponsoring Agency, its officers, employees, agents, volunteers, contractors, and subcontractors. All general or auto liability insurance coverage provided shall not prohibit Participating Agency and Participating Agency's employees or agents from waiving the right of subrogation prior to a loss or claim. Participating Agency hereby waives all rights of subrogation against the Sponsoring Agency.

M.4 Policies Primary and Non-Contributory

All policies required above are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the Sponsoring Agency.

M.5 Severability of Interests

Participating Agency agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Participating Agency and the Sponsoring Agency or between the Sponsoring Agency and any other insured or additional insured under the policy.

M.6 Proof of Coverage

Participating Agency shall furnish Certificates of Insurance to the Sponsoring Agency to the address referenced in Section A, evidencing the insurance coverage at the time the Agreement is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Participating Agency shall maintain such insurance from the time Participating Agency commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Participating Agency shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

M.7 Acceptability of Insurance Carrier

Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A-VII".

M.8 Deductibles and Self-Insured Retention

Any and all deductibles or self-insured retentions in excess of $10,000 shall be declared to and approved by Risk Management.

M.9 Failure to Procure Coverage

In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, Sponsoring Agency has the right but not the obligation or duty to cancel the Agreement or obtain insurance if it deems necessary and any premiums paid by the Sponsoring Agency will be promptly reimbursed by the Participating Agency.

M.10 Insurance Review

Insurance requirements are subject to periodic review by Sponsoring Agency. Sponsoring Agency's Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the Sponsoring Agency. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against Sponsoring Agency, inflation, or any other item reasonably related to the Sponsoring Agency's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. Participating Agency agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the Sponsoring Agency to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of Sponsoring Agency.

M.11 Participating Agency agrees to provide insurance set forth in accordance with the requirements herein. If Participating Agency uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, Participating Agency agrees to amend, supplement or endorse the existing coverage to do so.

For Participating Agencies which are considered self-insured public entities: Both Participating Agency and Sponsoring Agency are authorized self-insured public entities for purposes of

Professional Liability, General Liability, Automobile Liability, and Workers' Compensation. Participating Agency and Sponsoring Agency warrant that through their respective program of self-insurance, they have adequate coverage or resources to protect against liabilities arising out of the performance of the terms, conditions or obligations of this agreement.

If Participating Agency is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence.

If Participating Agency owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

M.11.4 Umbrella Liability Insurance - An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

M.11.5 Abuse/Molestation Insurance – Participating Agency shall have abuse or molestation insurance providing coverage for all employees for the actual or threatened abuse or molestation by anyone of any person in the care, custody, or control of any insured, including negligent employment, investigation and supervision. Final inspection of the Goods shall be at the location specified herein, unless otherwise agreed in writing. If the Goods are found at any time to be defective in material or workmanship, or otherwise not in conformance with specifications, City shall have the right, in addition to any other rights which it may have under warranties or otherwise, to reject such Goods in whole or in part. Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Vendor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City business license, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Vendor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Vendor's failure to comply with the standard of care provided for herein. Any employee of the Vendor or its sub-Vendors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Services, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed by the Vendor and shall not be re-employed to perform any of the Services provided under this Agreement.

In addition to all warranties which may be provided by law, Vendor warrants that the Goods delivered hereunder shall, (a) be free from defect of material or workmanship and conform strictly to the specifications, drawings, or sample specified or furnished; (b) conform to drawings, plans, specifications, samples or other descriptions furnished, specified, accepted or approved by City; and (c) be merchantable and fit for the purposes intended. The warranty shall be for a period of one (1) year, or such longer period as provided by a manufacturer's warranty or as agreed to by Vendor and City, from the date of final written acceptance of the Goods by City. City is a public entity

of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Agreement to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Vendor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

4.10.1 Employment Eligibility; Vendor. By executing this Agreement, Vendor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Vendor. Vendor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement. Vendor shall avoid any violation of any such law during the term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Vendor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Vendor's compliance with the requirements provided for in Section 4.10 or any of its sub-sections.

4.10.2 Employment Eligibility; Subcontractors, and Consultants. To the same extent and under the same conditions as Vendor, Vendor shall require all of its subcontractors, and consultants performing any work relating to this Agreement to make the same verifications and comply with all requirements and restrictions provided for herein.

4.10.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Vendor verifies that they are a duly authorized officer of Vendor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Vendor or its subcontractors, or consultants to meet any of the requirements provided for in Sections 4.10.1 or 4.10.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Vendor under Section 4.10.2); or (3) failure to immediately remove from this contract any person found not to be in compliance with such requirements.

4.10.4 Labor Certification. By its signature hereunder, Vendor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

4.10.5 Equal Opportunity Employment. Vendor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or

applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Vendor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

4.10.6 Air Quality. Vendor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the California Air Resources Board (CARB). Vendor shall specifically be aware of the CARB limits and requirements' application to "portable equipment", which definition is considered by CARB to include any item of equipment with a fuel-powered engine. Vendor shall indemnify City against any fines or penalties imposed by CARB or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Vendor, its subcontractors, or others for whom Vendor is responsible under its indemnity obligations provided for in this Agreement.

4.10.7 Water Quality.

4.10.7.1 Management and Compliance. To the extent applicable, Vendor's Services must account for, and fully comply with, all local, state and federal laws, rules and regulations that may impact water quality compliance, including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); laws, rules and regulations of the Environmental Protection Agency, the State Water Resources Control Board and the Santa Ana Regional Water Quality Control Board; the City's ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the State.

4.10.7.2 Liability for Non-Compliance. Failure to comply with the laws, regulations and policies described in this Section is a violation of law that may subject Vendor or City to penalties, fines, or additional regulatory requirements. Vendor shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from and against any and all fines, penalties, claims or other regulatory requirements imposed as a result of Vendor's non-compliance with the laws, regulations and policies described in this Section, unless such non-compliance is the result of the sole negligence or willful misconduct of the City, its officials, officers, agents, employees or authorized volunteers.

4.10.7.3 Training. In addition to any other standard of care requirements set forth in this Agreement, Vendor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them without impacting water quality in violation of the laws, regulations and policies described in this Section. Vendor further warrants that it, its employees and subcontractors will receive adequate training, as determined by City, regarding the requirements of the laws, regulations and policies described in this Section as they may relate to the Services provided under this Agreement. Upon request, City will provide Vendor with a list of training programs that meet the requirements of this paragraph.

5. PROJECT MANAGEMENT

5.1 City's Representative. The City hereby designates the City Manager, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Vendor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

5.2 Vendor's Representative. Vendor hereby designates Laurinda Easley, or his or her designee, to act as its representative for the performance of this Agreement ("Vendor's Representative"). Vendor's Representative shall have full authority to represent and act on behalf of the Vendor for all purposes under this Agreement. The Vendor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all work required under this Agreement.

6. INSURANCE.

6.1 Time for Compliance. Vendor shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this Section. In addition, Vendor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Section.

6.2 Minimum Requirements. Vendor shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Vendor, its agents, representatives, employees or subcontractors. Vendor shall also require all of its subcontractors to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

6.2.1 Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance. The policy shall not contain any exclusion contrary to the Agreement, including but not limited to endorsements or provisions limiting coverage for (1) contractual liability (including but not limited to ISO CG 24 26 or 21 29); or (2) cross liability for claims or suits by one insured against another.

6.2.2 Minimum Limits of Insurance. Vendor shall maintain limits no less than: (1) *General Liability:* $2,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability:* $2,000,000 per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability:* Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of $1,000,000 per accident for bodily injury or disease. Defense costs shall be paid in addition to the limits.

6.2.3 Manufacturer of Goods. If Vendor is also the manufacturer of any equipment included in the Goods, Vendor shall carry Product Liability and/or Errors and Omissions Insurance which covers said equipment with limits of not less than $1,000,000.

6.2.4 Notices; Cancellation or Reduction of Coverage. At least fifteen (15) days prior to the expiration of any such policy, evidence showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or materially reduced, Vendor shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, the City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by the City will be promptly reimbursed by Vendor or the City may withhold amounts sufficient to pay premium from Vendor payments. In the alternative, the City may suspend or terminate this Agreement.

6.2.5 Additional Insured. The City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be named as additional insureds on Vendor's and its subcontractors' policies of commercial general liability and automobile liability insurance using the endorsements and forms specified herein or exact equivalents.

6.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Vendor shall provide endorsements on forms supplied or approved by the City to add the following provisions to the insurance policies:

6.3.1 General Liability. The general liability policy shall include or be endorsed (amended) to state that: (1) using ISO CG forms 20 10 and 20 37, or endorsements providing the exact same coverage, the City of Ontario, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to the Services or ongoing and complete operations performed by or on behalf of the Vendor, including materials, parts or equipment furnished in connection with such work; and (2) using ISO form 20 01, or endorsements providing the exact same coverage, the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled underlying coverage. Any excess insurance shall contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City, before the City's own primary insurance, deductible, or self-insurance shall be called upon to protect it as a named insured. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.1.

6.3.2 Automobile Liability. The automobile liability policy shall include or be endorsed (amended) to state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Vendor or for which the Vendor is responsible; and (2) the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Vendor's scheduled

underlying coverage. Any insurance, deductible, or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Vendor's insurance and shall not be called upon to contribute with it in any way. Policy shall contain or be endorsed to contain such provisions. Notwithstanding the minimum limits set forth in Section 6.2.2, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 6.3.2.

6.3.3 Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Vendor.

6.3.4 All Coverages. Each insurance policy required by this Agreement shall be endorsed to state that: (A) coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested, has been given to the City; and (B) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the City, its directors, officials, officers, employees, agents, and volunteers. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the City, its officials, officers, employees, agents and volunteers, or any other additional insureds.

6.4 Separation of Insureds; No Special Limitations; Waiver of Subrogation. All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the City, its directors, officials, officers, employees, agents, and volunteers. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. All policies shall waive any right of subrogation of the insurer against the City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, or shall specifically allow Vendor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Vendor hereby waives its own right of recovery against City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

6.5 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. Vendor shall guarantee that, at the option of the City, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its directors, officials, officers, employees, agents, and volunteers; or (2) the Vendor shall procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

6.6 Subcontractor Insurance Requirements. Vendor shall not allow any subcontractors to commence work on any subcontract relating to the work under the Agreement until they have provided evidence satisfactory to the City that they have secured all insurance required under this Section. If requested by Vendor, the City may approve different scopes or minimum limits of insurance for particular subcontractors. The Vendor and the City shall be named as additional insureds on all subcontractors' policies of Commercial General Liability using ISO form 20 38, or coverage at least as broad.

6.7 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating no less than A:VIII, licensed to do business in California, and satisfactory to the City.

6.8 Verification of Coverage. Vendor shall furnish City with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to the City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided by the City if requested. All certificates and endorsements must be received and approved by the City before work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

6.9 Reporting of Claims. Vendor shall report to the City, in addition to Vendor's insurer, any and all insurance claims submitted by Vendor in connection with the Services under this Agreement.

7. INDEMNIFICATION.

7.1 Scope of Indemnity. To the fullest extent permitted by law, Vendor shall defend, indemnify and hold the City, its officials, employees, agents and volunteers free and harmless from any and all claims, demands, causes of action, suits, actions, proceedings, costs, expenses, liability, judgments, awards, decrees, settlements, loss, damage or injury of any kind, in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively, "Claims") in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Vendor, its officials, officers, employees, subcontractors, consultants or agents arising out of or in connection with the Services, the Goods or this Agreement, including without limitation the payment of all expert witness fees, attorneys' fees and other related costs and expenses. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Vendor's indemnity obligation shall not apply to such loss or damage which is caused by the sole negligence or willful misconduct of the City.

7.2 Additional Indemnity Obligations. Vendor shall defend, with counsel of City's choosing and at Vendor's own cost, expense and risk, any and all Claims covered by this section that may be brought or instituted against City or its officials, employees, agents and volunteers. In addition, Vendor shall pay and satisfy any judgment, award or decree that may be rendered against City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Vendor shall also reimburse City for the cost of any settlement paid by City or its officials, employees, agents and volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for City's attorney's fees and costs, including expert witness fees. Vendor shall reimburse City and its officials, employees, agents and volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Vendor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its officials, employees, agents and volunteers.

8. CALIFORNIA LABOR CODE

8.1 Prevailing Wages. Vendor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and

the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Vendor agrees to fully comply with such Prevailing Wage Laws. City shall provide Vendor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Vendor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Vendor's principal place of business and at the project site. Vendor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Vendor shall therefore comply with such Labor Code sections to the fullest extent required by law.

8.2 Registration. If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Vendor and all subcontractors must be registered with the Department of Industrial Relations. Vendor shall maintain registration for the duration of this Agreement and require the same of any subcontractor. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

8.3 Compliance Monitoring. This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Vendor's sole responsibility to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor that affect Vendor's performance of Services, including any delay, shall be Vendor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Vendor caused delay and shall not be compensable by the City. Vendor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Vendor or any subcontractor.

9. SAFETY.

Vendor shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its services, the Vendor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life saving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

10. ACCOUNTING RECORDS.

Vendor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Vendor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Vendor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

11. TERMINATION OF AGREEMENT.

11.1 Grounds for Termination. City may, by written notice to Vendor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Vendor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Vendor shall be compensated only for those Services and Goods which have been adequately rendered to City, and Vendor shall be entitled to no further compensation. If terminated for cause because the Vendor refused or failed to deliver the Goods, the City may obtain Goods by whatever method it may deem expedient. If City's cost of obtaining the Goods, including compensation for additional managerial and administrative services, will exceed the unpaid balance of the Goods, Vendor will be liable for and will pay the difference to City. Vendor may not terminate this Agreement except for cause. The rights and remedies of the City provided in this Section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

11.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Vendor to provide all finished or unfinished documents and data and other information of any kind prepared by Vendor in connection with the performance of the Services under this Agreement. Vendor shall be required to provide such document and other information within fifteen (15) days of the request.

11.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, goods and services similar to those terminated.

12.10 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. 12.11 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 12.7, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

Further, Vendor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Vendor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Vendor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

12.14 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

12.15 Authority to Enter Agreement. Vendor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

CITY OF ONTARIO *Agenda Report* **July 16, 2024**	**SECTION:** **CONSENT CALENDAR**
Department: Public Works Prepared By: Tim Masot Staff Member Presenting: Tito Haes, Executive Director Public Works Reviewed By: Andrea Ampig, Bonnie Tam Approved By:	Submitted To: Council/OHA Approved: _____ Continued To: _____ Denied: _____ Item No: 21

SUBJECT: **A RESOLUTION ESTABLISHING PARKING RESTRICTIONS FOR STREET SWEEPING PURPOSES CITYWIDE AND A MAINTENANCE SERVICES AGREEMENT WITH SUPERIOR PAVEMENT MARKINGS FOR FABRICATION AND INSTALLATION OF CITYWIDE STREET SWEEPING SIGNAGE SERVICES**

RECOMMENDATION: That the City Council take the following actions:

A. Adopt a Resolution establishing parking restrictions Citywide for street sweeping purposes; and
B. Authorize the City Manager, or his designee, to execute a one-year Maintenance Services Agreement with Superior Pavement Markings, of Cypress, California, for Fabrication and Installation of Citywide Street Sweeping Signage Services, for a total contract amount not-to-exceed $1,869,821.

THE FOLLOWING COUNCIL GOALS ARE BEING ACHIEVED:
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The annual cost of the Maintenance Services Agreement for the Fabrication and Installation of Citywide Street Sweeping Signage with Superior Pavement Markings is $1,851,308, plus $18,513 for urgency services for a total not-to-exceed contract amount of $1,869,821. If approved, additional appropriations in the Integrated Waste Fund will be requested at a future quarterly budget update as needed.

BACKGROUND & ANALYSIS: On June 4, 2024, the City Council approved a Maintenance Services Agreement with CMAX Commercial Maintenance, Inc. for Citywide Street Sweeping Services. The goal of the street sweeping program is to provide economical services that sustain and restore City streets to maintain a clean and safe environment. Street sweeping is a requirement of the state and federal National Pollutant Discharge Elimination System (NPDES) and the City's Municipal Separate Storm Sewer System (MS4) permit. Debris collected in the gutter can block stormwater facilities, and cause flooding during heavy rains. Street sweeping removes debris from streets and gutters

and keeps pollutants from entering the City's storm drains.

On July 6, 2021, the City Council adopted Street Sweeping Parking Restrictions (OMC Section 4-6.1019) for residents who wish to establish parking restrictions on their street on street sweeping days in order for sweeping trucks to thoroughly remove debris from the curb and gutter areas on sweeping days. Staff is now proposing to establish citywide parking restrictions to enhance the quality of street sweeping throughout the City. Should the City Council agree to establish citywide parking restrictions, it should adopt the proposed Resolution, in accordance to OMC Section 4-61019 (c).

In April 2024, the City solicited proposals for Fabrication and Installation of Citywide Street Sweeping Signage Services. Four (4) proposals were received that met the bid criteria and standards necessary to perform this work.

VENDOR	LOCATION	BID AMOUNT
Superior Pavement Markings	Cypress, CA	$1,851,308
BC Traffic Specialist	Orange, CA	$1,999,625
Statewide Traffic Safety and Signs	Nipomo, CA	$2,901,623
Safeway Sign Company	Adelanto, CA	$3,433,210

Superior Pavement Markings Located in Cypress, California, submitted the lowest responsible proposal with $1,851,308.00. Based on proposal, credentials, pricing, and favorable reference checks.

The proposed Maintenance Services Agreement includes the fabrication and installation of 10,765 parking restriction signs citywide. The proposed scope of services also includes updating the City's Geographic Information System (GIS) to include the new parking restriction signs. Staff plans to create a public information campaign prior to and through the beginning of the enforcement period. Superior Pavement Markings is anticipated to begin sign installation in September 2024 and complete installation in February 2025.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ESTABLISHING PARKING RESTRICTIONS FOR STREET SWEEPING PURPOSES CITYWIDE

WHEREAS, the California Vehicle Code Section 22507.6 permits local authorities to prohibit or restrict the parking or standing of vehicles on designated streets or highways, or portions thereof, for the purpose of street sweeping;

WHEREAS, on July 6, 2021, the City of Ontario adopted Ordinance No. 3188, adding Section 4-6.1019 to Article 10 of Chapter 6 of Title 4 to establish parking restrictions on public streets for street sweeping;

WHEREAS, Section 4-6.1019(c) authorizes the City Council to establish designated restricted parking zones for street sweeping purposes, by resolution;

WHEREAS, staff has identified a need to enforce parking restrictions citywide as to thoroughly remove debris from curb and gutter areas to remain compliant with State and Federal National Pollutant Discharge Elimination System and the City's Municipal Separate Storm Sewer System permit;

WHEREAS, the City Council wishes to adopt a resolution, pursuant to Section 4-6.1019(c) on the Ontario Municipal Code, designating citywide restricted parking for street sweeping purposes for the streets and at during the times set forth in **Exhibit A**.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES HEREBY RESOLVE AND DECLARE AS FOLLOWS:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Regulation. The City Council hereby designates restricted parking zones Citywide for street sweeping purposes for the streets and at during the times set forth in **Exhibit A**.

Section 3. Exceptions. Pursuant to Vehicle Code section 22507.6, in residential areas, the parking restrictions established by this resolution shall not apply to commercial vehicles making pickups or deliveries of goods, wares, or merchandise from or to any building or structure located on a restricted street, or for the purpose of delivering materials to be used in the repair, alteration, remodeling or reconstruction of any building or structure for which a building permit has previously been obtained.

Section 4. Signage. The City Manager shall cause appropriate signage to be posted on each street on which parking is restricted for the purpose of street sweeping. The signage shall be in accordance with the requirements of Vehicle Code section 22507.6 and shall set forth the days and hours during which parking is prohibited for the purpose of street sweeping. The parking restrictions established in this Resolution shall become effective upon posting of the signage.

Section 5. CEQA. The Council finds that this project is categorically exempt from the California Environmental Quality Act under Title 14 of the California Code of Regulations sections 15301 (existing facilities) and 15304 (minor alterations to existing public facilities) and no further environmental assessment is necessary.

Section 6. Severability. If any provision of this Resolution or the application of any such provision to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution that can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are severable. The City declares that the City Council could have adopted this Resolution irrespective of the invalidity of any particular portion of this Resolution.

Section 7. Effective Date. This Resolution shall become effective immediately upon its adoption.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.
