F. A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, RELATED TO SECTION 21-52, NAMING, RENAMING AND CO-DESIGNATING VILLAGE ROADS, STREETS, OR PUBLIC WAYS; CO-DESIGNATING EAST HIBISCUS STREET BETWEEN FRANJO ROAD AND SOUTH DIXIE HIGHWAY AS "BE STRONG WAY"; PROVIDING FOR THE INSTALLATION OF APPROPRIATE SIGNAGE; AND PROVIDING AN EFFECTIVE DATE. *(Sponsored by Mayor Karyn Cunningham)*

Item 14F was *continued* to the Regular Council Meeting of June 3, 2024.

G. A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, AUTHORIZING THE VILLAGE MANAGER TO EXPEND UP TO TWENTY-FIVE HUNDRED ($2,500.00) DOLLARS TO PURCHASE SMALL, CLOTH AMERICAN FLAGS TO BE DISTRIBUTED AT THE VILLAGE'S ANNUAL JULY 4TH CELEBRATION; AND PROVIDING FOR AN EFFECTIVE DATE. *(Sponsored by Councilmember Steve Cody)*

Item 14G was moved by Councilmember Steve Cody. **Item 14G failed for a lack of a second.**

H. A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, REGARDING PARKS AND RECREATION; AUTHORING THE USE OF THALATTA ESTATE AT NO COST TO SOUTH DADE WOMEN VETERANS ALLIANCE, INC., FOR THE PURPOSE OF CONDUCTING A FUNDRAISER-FASHION SHOW EVENT TITLED "LET IT GO-WALKING IN MY FREEDOM"; AND PROVIDING AN EFFECTIVE DATE. *(Sponsored by Administration and Prepared by Parks and Recreation Director, Fanny Carmona)*

Item 14H was moved by Councilmember Patrick Fiore. Seconded by Councilmember Steve Cody.

Fanny Carmona, Parks and Recreation Director explained that the Resolution would waive all established user fees and that the South Dade Women Veterans Alliance shall have use of Thalatta Estate on June 8, 2024, at no cost with the provisions of the receipt to comply with all rules and regulations. She also reported that staff costs to work the event would not exceed $200.

It was approximately 9:57 p.m., when Vice Mayor Leanne Tellam **motioned** to extend the meeting until 10:10 p.m. The motion was **seconded** by Councilmember Patrick Fiore. **All voted in favor (5-0). The motion passed unanimously.**

Councilmember Marsha Matson reported that June 8th is a Saturday night, and that the month of June is part of wedding season. She urged the Council to oppose providing fee waivers to organizations that are not part of the Palmetto Bay community and reported that criteria and screening for groups to use Thalatta should be implemented.

Village Manager Nick Marano reported that the Village is following the rules and procedures that were approved by the Council by Ordinance.

Vice Mayor Leanne Tellam spoke in opposition to the approval of the Resolution and explained that although she supports veterans, the South Dade Women Veterans Alliance is not fully vetted through Guidestar, the financials component of the organization and that June 8th was not sufficient time to get invitations to use the space of Thalatta properly. She also explained that through the Education Advisory Committee, the first preference is to be given to the schools as part of the compact agreement.

Councilmember Patrick Fiore explained that when the Ordinance passed regarding

authorizing 501(c)(3) entities to use Palmetto Bay facilities, it didn't prohibit organizations outside of Palmetto Bay.

Councilmember Steve Cody questioned if any Village event or Village entity would need to postpone their event if the Resolution passed.

Director Carmona responded no and explained that the date was open.

The question was called in favor of the Resolution. **The Resolution passed (3-2);** Vice Mayor Leanne Tellam and Councilmember Marsha Matson voted opposed.

15. OTHER BUSINESS: None.

16. COUNCIL COMMENTS None.

Comments (type your comments in the box below)	First I believe we should be asking the County to stop any constructions of a bridge until they complete the smart traffic signal system the committed to in 2016-2017. We should also add to include noise reduction windows for all residents that live right on 87th Ave. As the induced demand that Mayor Cava and commissioner cohen-Higgins so much want in the village. Also when is the county going to repair the sidewalks on 87 Ave b/t 160 St & 162 St.

Comments (type your comments in the box below)	Is this traffic cirlcle related to the bridge? Why was a noise study never done. The noise that this bridge would bring would make it impossible for the residents to sleep at night. The county should be sued for disturbing our peace. Because this bridge will disrupt our peaceful Life, Liberty to enter and exit our homes as we're accustom to and our pursuit of a Happy Night's sleep. Building this bridge is only opening up a pathway for the cancer that is Miami traffic to spread.

General Public Comments -"Requests, Petitions & Public Comments Submitted"	Consider adopting "Courteous & Safe Palmetto Bay - What You Can Do" as a handout for the Police at VPB Events. It is a one-page list of what Cars, Cyclists & Pedestrians can do to make Palmetto Bay Safer and more Pleasant.

Agenda Item No.	11-A
Comments (type your comments in the box below)	While I am enthusiastic about reciting the Pledge, it should not be required and does not prove patriotism. The Supreme Court in WV State BOE vs. Barnette ruled that Jehovah's Witnesses could not be required to recite the Pledge of Allegance in public schools in 1943. The same applies to "under God" added in 1954. I think it is admirable that the US does not require such pledges.
Agenda Item No.	11-B
Comments (type your comments in the box below)	I think Section 8 adding Elected Officials is problematic without the citizens knowing how much of a benefit that will be to our Mayor & Council.
Agenda Item No.	12-A

Comments (type your comments in the box below)	Consider redesigning the traffic circle so the roads drain to the lansdcaped center, rather than to the outside. Of course a drain will have to be added to keep water from completely flooding the circle after a major storm.
Agenda Item No.	14-A
Comments (type your comments in the box below)	ET would like to meet with the vendor Street Plans Collabrative. I have been a Bike / Ped. advocate for many years and have many suggestions that may be of interest to them. They would certainly improve the SS4A Plan. Please e-mail me at e341@bellsouth.net if that is acceptable.
Agenda Item No.	14-D
Comments (type your comments in the box below)	If our lawyer does not think a Town Hall is wise we should not do it. Instead it would be useful to have a brief document listing the facts. Many residents do not know of the Traffic Study loophole that allows approval if the % increase in traffic is small. Please include the Fire Station, as that was originally part of the deal.
Agenda Item No.	14-E
Comments (type your comments in the box below)	On P 637 the camera unit cost shold be $5,000, not $10,000.
Agenda Item No.	14-F
Comments (type your comments in the box below)	Please ensure the signs for Hibiscus are dominant. It is important that those who are not familiar with the area know where our Village Hall is.

General Public Comments -"Requests, Petitions & Public Comments Submitted"	The bridge was passed unlawfully by way of procedure and by way of the irrelevant Covid label. Every traffic mitigation strategy must be applied before the extremely expensive bridge and added circles. Not lawfully fighting this bridge conveys the message that Palmetto Bay village elected officials and residents don't care about the village, when the opposite is true. We care deeply. No circles, deadly bike lanes, and no ultra expensive, traffic inducing bridge.

What elections are there in Florida?

Presidential Preference Primary Election (PPP). The PPP is an election held every four years. It is part of the beginning process for the two major political parties in Florida to select their nominee for President and Vice-president. Only voters registered with one of the two parties vote their preference for whom they would like to appear on the General Election ballot in November. After the PPP, each respective party's delegates from Florida formally nominate the preferred presidential candidate at the respective party's national convention based on party rules. The parties typically hold these conventions in July or August.

> For the 2024 election cycle, the office of President and Vice-President will be on the ballot, starting with the PPP. For more information about the election process for these offices, visit the Division of Elections' webpages on For Voters - Quick Facts – Presidential Preference Primary Election and Presidential Electors/Electoral College.

Primary Election. The Primary Election is held 11 weeks before the General Election in every even-numbered year. In Florida, the primary election is closed. This means that a voter seeking to vote for a party's nominee must first be a registered party member of the Florida political party to vote for the respective party candidates or nominees for an office in a primary election, including a presidential preference primary election. However, all registered voters can vote for candidates in an office in the primary election if all the candidates for that office have the same party affiliation and the winner of the primary election will not face any opposition in the general election. All registered voters can also vote in races for nonpartisan judicial and school board offices, nonpartisan special districts, or local referendum questions.

General Election. A General Election is held in November of every even-numbered year. All registered voters, regardless of party affiliation or no party affiliation, may exercise their right to vote for federal and state races, judicial retention and statewide proposed constitutional amendments and revisions on the General Election ballot. The ballot may include county and local races and local public measures.

Special Election. The Governor calls a special election:

- If no person has been elected at a general election to fill an office which was required to be filled by election at such general election.
- If a vacancy occurs in the office of state senator or member of the state house of representatives.
- If it is necessary to elect presidential electors, by reason of the offices of President and Vice President both having become vacant.
- If a vacancy occurs in the office of a member from Florida of the House of Representatives of Congress. (Note: A vacancy in the office of a U.S. Senate is filled by temporary appointment until the vacancy is filled at the next general election.)

For currently scheduled special elections, visit the Division of Elections' Special Elections webpage.

Local Election. For currently scheduled local elections such as a town, city or municipal election which may be held separately from statewide or county elections, contact or visit your county Supervisor of Elections' website for more information on local elections.

- At least two sample ballots in each polling place on Election Day or during early voting period.
- Online through county Supervisor of Elections' websites.
- Through newspaper publication or by email, if email address is on file with a request to receive the sample ballot electronically.
- If no email address is available, then the Supervisor of Elections mails the sample ballot to each registered voter or to each household in which there is a registered voter.

Voter registration

What are the requirements to register to vote?

To register and vote, you must be:

- At least 18 years of age (you can pre-register on or after your 16th birthday),
- A citizen of the United States of America, and
- A legal resident of Florida and of the county the applicant seeks to be registered.

You cannot register or vote if you are:

- Adjudicated mentally incapacitated with respect to voting, unless that right has been restored.
- A convicted felon, unless your right to vote has been restored by law.
- Not a U.S. citizen (A legal permanent resident is not a U.S. citizen).

How can I register or update my registration?

The most secure and convenient way to register or update your voter registration is through Florida's online voter registration website – RegistertoVoteFlorida.gov. The system:

- Allows you to submit an online application or to use the system to enter your information into a form that you can then print, sign, date and submit to your county Supervisor of Elections.
- Electronically confirms while you are online if the State could verify your personal identifying information, and if so, also confirms that your county Supervisor of Elections has received your online application and how you may check your voter status thereafter.
- Is available 24 hours a day, 7 days a week.
- Is ADA compliant and includes accessibility features for persons with disabilities.
- Is available in English and Spanish.

You can also submit a voter registration application as follows:

- Through the Department of Highway Safety and Motor Vehicles' Online GoRenew.com at the same time as you update information on your Florida driver license or state identification card.
- In person or by mail to any County Supervisor of Elections' office.
- In person through an electronic intake process at any office that issues Florida driver licenses or Florida identification cards.
- In person at any designated voter registration agency (i.e., any office that provides public assistance or state funded programs for persons with disabilities, any armed recruitment office, any center for independent living, and any public library).

The Statewide Voter Registration Application (DS-DE 39) is fillable and downloadable from the Division's Forms webpage. Forms are also available at any county Supervisor of Elections

office, library, or any entity authorized by the Florida Fish and Wildlife Conservation Commission to issue fishing, hunting, or trapping permits.

Keep these key things in mind for updating your record:

- If your address changes, it is best to update your record as soon as possible to avoid any issues before you vote.
- If you changed your name by marriage or other legal process since the last time you registered or updated your record, provide your former name. This helps to find your record if already registered so the Supervisor of Elections can update your record to reflect your new name. You can make a name change at the polls.
- To choose or change your party affiliation, submit an updated voter registration application online or by paper. You must select or change your party at least 29 days before an election for the selection or change to be effective for a primary election. You cannot change your party at the polling place for a primary election.
- Signatures change over time. If your signature on record does not match your current signature on a ballot certificate (for a Vote-by-Mail Ballot, early voting ballot or provisional ballot), or on a candidate petition or other petition, the ballot or petition may not count because the signatures could not be matched. It is recommended that you regularly update your signature. You must use a paper voter registration application to submit a signature update.

When can I register to vote?

You can apply to register or update your voter registration record any time. However, to vote in an upcoming election, the deadline to register is the 29th day before the election. Under limited circumstances, military and overseas citizens may register up to 5 days before an election. Please visit the Division of Elections' webpage Military and Overseas Citizens Voting for more information or contact your county Supervisor of Elections.

Are there special requirements for registering for the first time in Florida?

If you are registering by mail for the first time and you **have never been issued** a Florida driver license number, Florida identification card number, or a Social Security number, you will have to swear or affirm that you have never been issued one under oath on your application. You will need to provide a copy of one of the following identifications either with the application or at some point before you vote for the first time unless you are exempt under specific classes of persons:

• United States passport • Debit or credit card • Military identification • Student identification • Retirement center identification • Neighborhood association identification • Public assistance identification • Veteran health identification card issued by the United States Department of Veteran Affairs • Florida license to carry a concealed weapon or firearm • Employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality.

Or, if you have not been issued one of the identifications above, you must provide a copy of these documents:

• Utility bill • Bank statement • Government check or paycheck • Other government document containing your name and current residence address.

Please contact your Supervisor of Elections for further information.

When will I get my voter information card?

A voter information card must be sent within 5 business days after your application for new registration or update is processed. A voter information card includes important information about your current registration record. The card also includes your address of legal residence, date of registration, party affiliation, assigned precinct, polling place for Election Day, and district offices (local, state, and federal) for which you can vote. Once you receive a card, review the information to ensure it is accurate. If not, contact your Supervisor of Elections immediately.

To replace a lost or damaged card, contact your county Supervisor of Elections.

Note: A voter information card is for information purposes only. It is proof of your registration but not legal verification of your eligibility to vote. It is your responsibility to keep his or her eligibility status current. A voter may confirm his or her eligibility to vote with the Department of State.

Voting by mail

How do I request a vote-by-mail ballot?

You must submit a request for a Vote-by-Mail Ballot to your county Supervisor of Elections' office. A request can be:

- By signed writing (e.g., mail, fax, or scanned attachment to an email) to your Supervisor of Elections using the statewide vote-by-mail request form (visit the Division of Elections' Forms webpage). If the request is online, a signature may be indicated by checking a box affirming the voter's request or accompanied by a digital or electronic signature or attaching a scanned image of an original signature with an email. However, if the ballot is to be mailed to an address other than the one on record, the request must be a signed writing.
- In person.
- By phone.

A verified /verifiable Florida driver license number, Florida identification card number or the last four digits of the voter's social security number is needed to process a request for a Vote-by-Mail Ballot.

A voter's immediate family (spouse or the parent, child, grandparent, grandchild, or sibling of the designee or of the designee's spouse) or the voter's legal guardian may request the ballot on the voter's behalf. The requestor also must provide this information if asking for a ballot on behalf of a voter:

- The requestor's address.
- The requestor's driver license number, state identification card, or the last four digits of the voter's Social Security number (if available).
- The requestor's relationship to the voter.
- The requestor's signature (if the request is written).

Please visit the Division of Elections' Vote-by-Mail webpage for all the information that is required to submit a request.

When do I get my requested ballot?

If a request is on file by the time Vote-by-Mail Ballots are mailed for an upcoming election, you will be mailed a ballot during the designated periods for delivery. All other requests are filled within 2 days of the request. No ballot may be mailed out later than 10 days before an election. Please see key election dates on pages 8 and 9 for when ballots are sent.

You or your designee may pick up a Vote-by-Mail Ballot at any time once they become available up through Election Day.

A designee is limited to picking up two blank Vote-by-Mail Ballots for other voters other than themselves and members of their immediate family. An immediate family member refers to the designee's spouse, parent, child, grandparent, grandchild, or the designee's spouse's parent, child, grandparent, grandchild, or sibling. A designee must have written authorization from you in the form of a completed affidavit to pick-up a Vote-by-Mail Ballot for a Voter, present a picture I.D., and sign a declaration. If you do not have a Vote-by-Mail Ballot request already on file, your written request for a Vote-by-Mail Ballot must accompany the affidavit. Form DS-DE 162 is a combination form that includes the affidavit for ballot pick-up, the voter's written authorization for the designee and if a request is not already on record, the voter's request for a vote-by-mail ballot. Visit Division of Elections' Forms webpage for DS-DE 162.

Is there an emergency affidavit for pick-up during mandatory early voting period up through Election Day?

Yes. If a voter or designee picks up a vote-by-mail at any time during the start of mandatory early voting period up through Election Day, a special emergency affidavit must be completed. The voter or designee on behalf of the voter must affirm that an emergency exists that keeps the voter from being able to vote at a designated early voting site in his or her county or at his or her assigned polling place on Election Day, whichever is applicable. Visit Division of Elections' Forms webpage for DS-DE 162.

How and when do I return my voted ballot?

The county Supervisor of Elections must receive your voted ballot no later than 7 p.m. (local time) on Election Day. You may return the ballot by mail or in person to the Supervisor of Elections or by dropping off at any designated secure ballot intake station (See Can I drop off my Vote-by-Mail Ballot at an early voting site).

For timely return of ballots by domestic voters, the United States Postal Service (USPS) recommends that ballots be mailed back at least one (1) week before the Election Day deadline. This helps to account for any unforeseen events or weather issues. For more information about election mail and the USPS, visit election-mail.

For timely return of ballots by absent stateside and overseas military and overseas civilians, the U.S. Department of Defense's Federal Voting Assistance Program (FVAP) recommends earlier return timelines between 11 and 35 days before Election Day depending on location.

The following only applies to overseas (military and civilian) voters:

- Only an overseas voter has the option to return the ballot and signed Voter's Certificate by fax. The ballot and certificate must be faxed directly to the number provided by the Supervisor of Elections or to a fax number provided by FVAP. For further information, please contact your county Supervisor of Elections Office.

- Only an overseas voter has 10 extra days from Election Day for a Vote-by-Mail Ballot to be received by the county Supervisor of Elections. This 10-day extension only applies in presidential preference primary elections, general elections, and special elections and special primary elections. The overseas voter's ballot must be postmarked or dated by Election Day and received within 10 days of the election to be counted, provided the ballot is otherwise proper.

- The Federal Write-in Absentee Ballot (FWAB) is an emergency back-up Vote-by-Mail Ballot that can be used only by absent stateside and overseas military and overseas civilians. If it is getting close to Election Day and you still have not received your Vote-by-Mail Ballot, use the FWAB. The FWAB is available online at fvap.gov as an online assisted request or a document download. To use a FWAB in Florida, you must first be a registered

voter and have already submitted a request for a regular Vote-by-Mail Ballot. The FWAB ballot can be used to vote in any federal, state, or local race.

- Only an overseas voter can request a state-write in vote-by-mail ballot if there are military or other contingencies that affect normal mail delivery. The State Write-in Vote-by-Mail Ballot can only be used for a general election. You must request the ballot from your Supervisor of Elections up to 3 - 6 months before the general election.

Can I drop my voted ballot off at an early voting site?

In addition to returning a ballot by mail or in-person, you can also choose to drop off a completed Vote-by-Mail Ballot at any secure ballot intake station. These stations are located at:

- Any main and/or permanent branch office for the county Supervisor of Elections
- Any designated early voting site
- Any other site that the county may choose to designate, provided the site could have otherwise been designated as an early voting site.

Visit your county Supervisor of Elections' website for information about the available sites and hours of operation.

A voted Vote-by-Mail Ballot cannot be dropped off at polling places on Election Day unless you are choosing to vote instead at the polls. If you wish to vote at the polls, bring the ballot (voted or not) with you and it will be cancelled, and you can still vote a regular ballot.

Can I track the status of my request or ballot?

You can track the status of your Vote-by-Mail Ballot through your county Supervisor of Elections' website. Contact your county Supervisor of Elections for other ballot tracking services that the office may make available.

County-by-county webpage links are also available on the Division of Elections' Vote-by-Mail Information and Status Lookup.

You can also subscribe for free with the U.S. Postal Service's 'Informed Delivery®' by USPS. This general free service allows you to receive daily notice with a digital preview of all mail to be delivered to your address including your ballot if you have requested one.

How do I cure a missing or mismatched signature on a Vote-by-Mail Ballot?

If you forget to sign your Vote-by-Mail Ballot certificate or your signature on the certificate does not match your signature on file, you have the right to cure this defect. Your county Supervisor of Elections will attempt to contact you with the available contact information in your record or you can contact your Supervisor of Elections.

The Vote-by-Mail Ballot Cure Affidavit with instructions (Form DS-DE139) is available on your county Supervisor of Elections' website. It is also available on the Division of Elections' Forms webpage. The deadline to submit a cure affidavit is 5 PM (local time) on the second day after Election Day.

When does a vote-by-mail ballot request expire?

A ballot request, once made, is effective for all elections held after the date of the request through the end of the calendar year of the next regularly scheduled general election. A voter wishing to continue to receive a Vote-by-Mail ballot for the next election cycles thereafter would have to renew their request.

Early voting

When and where can I vote early?

Early voting is a period before Election Day in which a voter can vote in person at any designated early voting site in his or her county. Early voting is required in any election that contains a state or federal office race. Early voting is optional in elections not held in conjunction with a state or federal office.

The photo and signature requirements for voting on Election Day also apply to voting during early voting.

The early voting period must start at least on the 10th day before the election and end on the 3rd day before the election. In addition, a county Supervisor of Elections within a county has the option to offer additional days of early voting on the 15th, 14th, 13th, 12th, 11th, or 2nd day (i.e., Sunday) before an election.

Early voting hours must be at least 8 hours but no more than 12 hours per day.

Any voter in line at the time of official closing of early voting will have the opportunity to cast a ballot, just as on Election Day.

Visit your county Supervisor of Elections' website to find out the specific dates, times, and locations for early voting in your county for upcoming elections.

For more information about Early Voting, visit the Division of Elections' webpage on Early Voting and Secure Ballot Intake Stations.

Voting on Election Day

When and where can I vote on Election Day?

On Election Day, polls are open from 7:00 a.m. until 7:00 p.m. (local time). Any voter waiting in line at 7:00 p.m. (local time) will have the opportunity to cast a ballot. You can only vote in the polling place for your address of legal residence. To find your polling place or changes to your polling location, visit your county Supervisor of Elections' website. In the case of an emergency and when time does not permit to provide the notices above, the notice of the new polling place will be posted at the old polling place. Visit also the Division of Elections' Voter Precinct Lookup webpage for county-by-county webpage links for precinct lookup.

What do I need to bring to vote?

You must show a photo and signature identification before you can vote. Any one of the following photo IDs are acceptable:

- Florida driver license,
- Florida identification card issued by the Department of Highway, Safety and Motor Vehicles,
- United States passport,
- Debit or credit card,
- Military identification,
- Student identification,
- Retirement center identification,
- Neighborhood association identification,
- Public assistance identification,

- License to carry a concealed weapon or firearm issued pursuant to section 790.06, Florida Statutes, or
- Employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality.

If your photo identification does not include your signature, you must show an additional form of identification that includes your signature.

If you do not bring a current and valid I.D., you can still vote a provisional ballot. If eligible to vote, having voted in the proper precinct, and the signature on your provision ballot certificate matches the signature on record, your provisional ballot will count.

Can I vote provisionally?

If your eligibility to vote cannot be determined at the polls, an election official asserts that you are not eligible including, but not limited to, that you have been sent notice of potential ineligibility pursuant to s. 98.075(7), but a final determination of eligibility has not yet been made, you did not provide a current and valid photo ID, your right to vote is challenged, or some other basis, you are still entitled to vote a provisional ballot. The clerk at the polling location or early voting site will give you a written notice of rights that will provide the following information:

- You have the right to bring further evidence (if you choose) of your eligibility to the county Supervisor of Elections up until 5 PM (local time) of the second day after Election Day.
- If you voted a provisional ballot solely because you did not bring in identification, you do not have to bring in further evidence of eligibility, provided your eligibility is established based on prior identifying information having been provided and verified.
- If you voted a provisional ballot because your personal identifying number has not yet been verified by the time you went to vote, you can provide in person or by copy through fax, e-mail, or mail a copy of your Florida driver license/state identification card or your social security card to the county Supervisor of Elections. The deadline to provide evidence is 5 PM (local time) on the second day after Election Day.
- If your signature on the provisional ballot certificate is missing or does not match your signature on record, you have the right to cure the signature issue by submitting an affidavit to your county Supervisor of Elections. Your Supervisor will attempt to contact you with the available contact information in your record. .The Provisional Ballot Cure

Affidavit – Instructions and Form (DS-DE 210) is available online on your county Supervisor of Elections' website or the Division of Elections' Forms webpage. The deadline to submit a cure affidavit with the required identification is 5 PM (local time) on the second day after Election Day. It is also available on the Division of Elections' Forms webpage.

- You have the right to find out after the election if your provisional ballot was counted, and if not counted, the specific reason.
- If this is a primary election, you contact your county Supervisor of Elections' office immediately to confirm that you are registered, and that you will be able to vote in the general election.

Voting equipment

Which voting equipment is used in my county?

Each county purchases its own voting system. A county cannot buy or use any voting system in an election unless it has first been tested and certified by the Florida Department of State.

Each county must test the voting equipment before each election to confirm that it is counting ballots correctly. These testing events (i.e., logic and accuracy tests). The county canvassing board must publicly notice the event. The event is open to the public.

Further, after every election, each county must perform a post-election audit on the voting system unless there has been a manual recount conducted in that election. The county canvassing board must publicly notice the audit. The audit is open to the public.

All voting must be by marksense ballot, using a marking device or a voter interface device that produces a voter-verifiable paper output and meets the state and federal voter accessibility requirements for individuals with disabilities.

Instructions on how to use the voting system will be available on your county Supervisor of Elections' website and posted at the polling locations during early voting and on Election Day. If you have questions about the voting system in your county and how to use it, contact your county Supervisor of Elections.

Visit the Division of Elections' Certified Voting Systems and Vendors' webpage for a listing of tested and approved voting systems used in all counties.

Voting assistance /accessible voting

Can I get help to vote?

If you need help voting due to blindness, disability, inability to read or write, or language assistance, you have several options. You can:

- Vote on an accessible marking device at accessible polling places during early voting or on Election Day.
- Receive personal help at the polls during early voting or on Election Day. You can bring someone to assist you at the polls, except not your employer, employer's agent, your union's officer, or union agent. You will have to fill out a declaration for assistance unless you already noted on your voter registration application that you would need help at the polls. If someone other than poll workers assist you, the person helping you will also have to fill out a declaration.
- Vote an accessible vote-by-mail ballot from anywhere. Accessible ballot services or electronic ballot delivery and marking systems allow a person with disabilities to receive a ballot electronically upon request. Depending on the system available in the county, the voter has the option to mark the ballot, with or without compatible assistive devices or software that are part of the program or external to the program.
- Receive assistance in voting your vote-by-mail ballot. If you receive a vote-by-mail ballot and are unable to personally mark or select your choices, you still can have anyone, other than your employer, agent of your employer or an officer or agent of your union, mark the choices for you or have the person assist you in marking your choices on the ballot. See section 101.661, Florida Statutes.
- Participate in supervised voting if you reside at an assisted living facility or nursing home.

Contact your county Supervisor of Elections for more information about the accessible vote-by-mail system or services used in your county. Visit the Division of Elections' webpage on Accessible Voting for Persons with Disabilities.

A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, RELATING TO EMPLOYEE BENEFITS; TERMINATING PARTICIPATION IN THE FLORIDA LOCAL GOVERNMENT HEALTH INSURANCE CONSORTIUM; AUTHORIZING THE VILLAGE MANAGER TO EXECUTE APPLICABLE DOCUMENTS; AND PROVIDING AN EFFECTIVE DATE. *(Sponsored by Administration and Prepared by Human Resources & Communications Director, Olga Cadaval)*

BACKGROUND AND ANALYSIS:

In 2019, the Village Council approved Resolution No. 2019-116, which authorized the Village to enter into a Membership Agreement to participate in the Florida Local Government Health Insurance Consortium. The consortium is essentially a health insurance pool comprised of 13 public agencies throughout the state of Florida. The consortium allows the smaller sized agencies to join and create a self-insured fund in accordance with state law to reduce costs as compared to fully-insured plans. Administration of the self-insured health plan through the Consortium is provided by United Healthcare. As such, the consortium has access to the United Healthcare provider network, which covers most locations throughout the state of Florida. As a means of comparison, before joining the consortium, Palmetto Bay was part of the AvMed network which included the South Florida area only. United Healthcare is the sole provider of insurance administration services for the Consortium, and as such, members are not able to partner with any other provider.

Presently, we are nearing the end of our last contract extension with our current insurance broker Risk Management Associates, Inc. D/B/A Public Risk Insurance Advisors (PRIA.) As such, the Village recently issued a new Request for Proposals for insurance broker services. A new broker may bring different options and plans with various insurance providers, and consideration of said plans is only possible if the Village terminates its participation in the Consortium.

In addition to authorizing the Village's participation in the consortium, the Membership Agreement adopts the terms, conditions and provisions of the Interlocal Agreement Creating the Florida Local Government Health Insurance Consortium. According to said terms, approval from the Village Council is required to terminate the Village's membership in the Consortium.

FISCAL IMPACT:
There is no fiscal impact to terminate membership in the consortium.

WHEREAS, the Village Council previously passed Resolution No. 2019-116 approving a Membership Agreement to participate in the Florida Local Government Health Insurance Consortium ("Consortium"); and,

WHEREAS, the Consortium has a sole provider contract with United Healthcare; and,

WHEREAS, the Village of Palmetto Bay extended its contractual agreement with the existing insurance broker, Risk Management Associates, Inc. D/B/A Public Risk Insurance Advisors (PRIA) through August 22, 2024; and,

WHEREAS, the Village of Palmetto Bay has issued a new Request for Proposals for insurance broker services and, under such, the Village may have the opportunity to engage other insurance providers besides United Healthcare; and,

ARTICLE VI – MEMBER OBLIGATIONS

6.1 **Payment.** Each Member agrees to make Member Contributions consisting of claim costs, claims administration costs, management fees, insurance premiums and other costs as set by the Executive Committee in advance for each plan year.

6.2 **Determining Member Contribution Amount.** Member Contributions for the Benefits selected by a member will be determined by premiums charged by an insurance company for any benefits financed through an insured contract or by use of a risk financial model of a Program Administrator for those Benefits

financed on a self-funded basis. This shall also be known as the Maximum Amount. In either case a Member will know in advance of any plan year what their Member Contributions will be for the upcoming plan year subject only to enrollment changes made by the Member during the plan year. Members agree to keep the Consortium informed of enrollment changes. Each Member will certify to the Consortium each employee or other individual who is or becomes an Eligible Employee or Participant. The Program Administrators may act solely upon such certification, and by so acting in good faith, the Program Administrator will incur no responsibility, liability or obligation for such action.

6.3 **Cross-Share.** Cross-share is an efficient risk-sharing mechanism between consortium group members that is utilized before traditional, aggregate stop-loss coverage. In such a model, the Consortium self-insures a portion of the claims risk associated with aggregate breaches by using pledged claims fund surpluses from individual Consortium Members, a portion of the claims risk associated with aggregate breaches.

A Consortium Member will pledge a specified, maximum percentage of its claim fund surplus to cover consortium-wide aggregate breaches. The amount of the percentage pledged is based upon a Consortium Member's size and specific deductible, as well as by the rules of the Consortium. The current applicable percentages are attached to this Agreement as Exhibit B and are incorporated herein by reference. The Consortium Member will only pledge a portion of the surplus experienced in a given plan year. Surpluses carried forward from previous plan years are not subject to Cross-Share calculations. If a Consortium Member experiences an aggregate breach, during the applicable plan year, and therefore do not have a surplus, then that Consortium Member will not pledge any funds toward Cross-Share in that applicable year.

6.4 **Due Date.** 1/12 of the yearly Member Contributions will be due monthly on the date determined by the Executive Committee.

6.5 **Violation of Obligations.** A Member will be in breach of this Agreement if it fails to timely and accurately submit enrollment reports, in the form approved by the Executive Committee. Non-payment or non-reporting by a Member shall not relieve any other Member of its obligation to make reports and payment of its required Member Contributions. The Consortium may take any action necessary to enforce the timely and accurate filing of reports and the timely payment of Member Contributions and/or liquidated damages due. However, the Consortium may only sue a Member with 2/3 approval by the Executive Committee. In the event that the Consortium sues a Member, the non-prevailing party agrees to pay all expenses

of suit, including court costs and reasonable attorney fees, both at the trial and appellate levels.

6.6 **Interest.** The parties recognize and acknowledge that the regular and prompt payment of Member Contributions to the Consortium is essential to the effective maintenance of this Consortium. Therefore, if a Member fails to pay its correct Member Contributions for any reason when due, interest on such Member Contributions which are late shall accrue on and after the first day of delinquency at the maximum allowable interest rate permitted under The Florida Local Government Prompt Payment Act, Section 218.74, Florida Statutes, until such Member Contributions are paid.

6.7 **Suspension of Coverage.** The Executive Committee, after providing at least ten (10) days prior written notice to a defaulting Member, may suspend or cancel all coverage and benefits for a Member or its Eligible Employees or Participants during any period when a Member is in default of its obligations to the Consortium.

6.8 **Audit.** All Members shall make such reports and statements to the Consortium with respect to the amount and calculation of any and all Member Contributions, or with respect to any other matter pertinent to the establishment, maintenance, and administration of the Consortium, as the Executive Committee may deem necessary and desirable. The Consortium may, at reasonable times and during normal business hours, conduct an audit or examination by a Certified Public Accountant or other designated representative of the Consortium of the payroll records, books and records, information, data, reports, or documents of any Members which may be pertinent in connection with determining the accuracy of the Member Contributions and reports. The audit or examination may be made whether or not the Member has had any previous record of delinquency in filing any reports and/or in failing to pay Member Contributions to the Consortium. In connection with audits or examination and upon request thereof, the Member will make available to the auditor, the following:

(a) All state and federal employment tax reports, payroll ledgers, time cards and other records, which may be necessary to determine the number of hours worked by all Eligible Employees for whom Member Contributions are being paid or should be paid.

(b) In the event such examination or audit discloses unpaid Member

Contributions in excess of ten (10%) percent of those due based on enrollment previously reported the Member will be liable for and shall pay to the Consortium the reasonable cost of such examination or audit.

6.9 **Waiver.** Notwithstanding the foregoing, the Executive Committee may waive, in whole or part, liquidated damages, interest, accounting and/or legal fees for any default of any Member upon good cause shown thereof as determined in the discretion of the Executive Committee. The failure of the Consortium to insist on strict observation or performance of this Agreement by any Member or to exercise any right or remedy shall not be construed as a waiver of any subsequent breach of this Agreement or impair or waive any available right or remedy.

Article VII – LIABILITY

7.1 **Acts of Board of Directors and Executive Committee.** The members of the Board of Directors and the Executive Committee are hereby empowered to do acts, whether or not expressly authorized herein, which the Board of Directors or Executive Committee may deem necessary to accomplish the general objectives of maintaining the Consortium solely in the interests of the Members and beneficiaries for the exclusive purpose of (a) providing benefits to Members and beneficiaries, and (b) defraying reasonable expenses of administering the Consortium. Such actions shall be taken with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. Such actions shall include the diversification of the investments of the Consortium so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so, and all such actions shall be in accordance with the documents and instruments governing the Consortium insofar as such documents and instruments are consistent with applicable law. If an investment manager or managers have been appointed in accordance with the terms of this Agreement, no Director shall be liable for the acts or omissions of such investment manager or managers nor shall any Director be under an obligation to invest or otherwise manage any asset of the Consortium which is subject to the management of such investment manager.

7.3 **Advice of Counsel.** The Board of Directors or Executive Committee may from time to time consult with legal counsel and shall be entitled to act upon such advice of counsel to the Consortium with respect to legal questions.

7.4 **Director Limited Liability.** As permitted by law, Directors shall not be liable for any act pursuant to this Agreement in good faith taken or omitted, or for the act or omission of any agent, employee, or attorney selected with reasonable care, or for any act or omission of any other Director, but a Director shall be liable only for his failure to act according to the standards set forth in paragraph 7.1 of this article or his own gross negligence or willful misconduct.

7.5 **Member Financial Liability; Indemnification.** Each Member shall be financially liable to the Consortium and/or to a Carrier only for their Member Contributions. No Member shall have financial liability or responsibility for the acts of other Members, other than the liability required under the operating financial risk sharing model being used by the Consortium. The Member will be provided with their Member Contribution amount, which is the same as their Maximum Amount of financial liability at the beginning of each Contract Year. The Member Contribution is based on the Member's quoted enrollment and the actuarial financial risk sharing model being used by the Consortium. The Member Contribution for the Contract Year will be based on the maximum rates provided at the beginning of the Contract Year and based upon the actual enrollment throughout the Contract Year. The Member's financial liability or responsibility for the acts of other Members shall not exceed the Member Contribution / Maximum Amount. Notwithstanding the foregoing, to the extent authorized by law, each Member is responsible for indemnifying the Consortium from any and all judgments, costs, settlements and reasonable attorney fees incurred by the Consortium as a result of such Member's noncompliance with its obligations under the Agreement.

7.6 **Immunity.** All of the privileges and immunities from liability and exemptions from laws, ordinances and rules which apply to the activity of officials, officers, agents or employees of the Consortium Members shall apply to the officials, officers, agents or employees of the Consortium when performing their respective functions and duties under the provisions of this Agreement. The

Consortium Members further intend that the Consortium shall have all of the privileges and immunities from liability and exemptions from laws, ordinances, rules and common law which apply to Florida local governmental units. The Consortium and each Consortium Member shall be entitled to all protections granted to them under Sections 768.28 and 163.01(5)(o), Florida Statutes, other Florida Statutes and the common law governing sovereign immunity. Pursuant to Section 163.01(5)(o), Florida Statutes, Consortium Members may not be held jointly liable for the torts of the officers or employees of the Consortium, or any other tort attributable to the Consortium and the Consortium alone shall be liable for any torts attributable to it or for torts of its officers, employees, or agents, and then only to the extent of the waiver of sovereign immunity or limitation of liability as specified in Section 768.28, Florida Statutes. Nothing in this Agreement shall be deemed to constitute a waiver of sovereign immunity.

ARTICLE VIII – INSURANCE

8.1 **Obtaining Insurance.** The Consortium may obtain policies and/or claims administrative services from any insurance company or companies authorized to conduct business in the State of Florida at such times and in such forms and amounts and with such provisions, conditions, and limitations as the Executive Committee may deem necessary or desirable to best effectuate the purpose of the Consortium. The policies may be issued in the name of the Consortium and the Executive Committee may exercise all rights and privileges granted to the policyholder and may agree with the carrier on any alterations, modifications, or amendments of the policy, as the Executive Committee, in its sole discretion, may deem necessary or desirable.

8.4 **Authority.** No insurance carrier shall be required to inquire into the authority of

the Board of Directors or the Executive Committee with regard to any dealings in connection with a policy issued or to be issued by the carrier, but may in good faith rely solely upon any instrument executed by the Board of Directors or the Executive Committee. Nor shall any carrier have a duty to see to the application of any moneys it may pay to, or according to the direction of, the Board of Directors or the Executive Committee.

8.5 **Funding.** Notwithstanding the forgoing provisions relating to insurance which may be contracted for by the Consortium, any portion or all of the coverage and benefits provided for or contemplated by this Agreement may be funded by the Consortium in any prudent and legal manner, including, but not limited to, self-funding by the Consortium itself, as may be determined by the Executive Committee.

The Executive Committee will notify the Program Administrators and any insurance carrier or other advisors of any amendment and execute any instrument, which may be necessary in connection therewith. In the event there are funds remaining

(b) Second, accumulated reserve funds, if any, shall be distributed to those Members contributing to reserves (including former Members who have not theretofore been repaid their contributions to reserves) in the same proportion, after consideration of the interest earned or other return on investment obtained on each such Member's contributions to reserves during the period of investment, as such Member's contributions to reserves bears to the total of all such contributions by all such Members to such reserve funds.

The parties acknowledge that this Agreement contains the entire understanding and agreement of the parties. No modifications hereof shall be effective unless made in writing and executed by the parties hereto with the same formalities as this Agreement is executed.

Article 26 Captions and Paragraph Headings

Captions and paragraph headings contained in this Agreement are for convenience and reference only and in no way define, describe, extend or limit the scope and intent of this Agreement, nor the intent of any provisions hereof.

Article 27 Joint Preparation

The preparation of this Agreement has been a joint effort of the parties, and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties that the other. It is the parties' further intention that this Agreement be construed liberally to achieve its intent.

Article 28 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same agreement.

Article 29 Exhibits are Inclusionary

All exhibits attached hereto or mentioned herein which contain additional terms shall be deemed incorporated herein by reference. Typewritten or handwritten provisions inserted in this form or attached hereto shall control all printed provisions in conflict therewith.

Article 30 Jurisdiction and Venue

For the purposes of this agreement, Florida law shall govern the terms of this agreement. Venue shall be in Miami-Dade County, Florida.

Article 31 Sovereign Immunity and Attorney's Fees.

The Village does not waive sovereign immunity under 768.28, Florida Statutes, for any claim for breach of agreement or for an award of prejudgment interest; provided, however, that in any action arising out of or to enforce this agreement, the prevailing party shall be entitled to its reasonable attorney's fees and costs in any state or federal administrative, circuit court and appellate court proceedings. In the event of any litigation arising out of this agreement or project agreement, each party hereby knowingly, irrevocably, voluntarily, and intentionally waives its right to trial by jury.

Article 32 Permits, Licenses and Filing Fees

~~The Broker/Agent shall provide and install suitable safeguards, approved by the Village, to protect Village property from injury or damage. If Village property is injured or damaged resulting from the Broker/Agent's operations, it shall be replaced or restored at the Broker/Agent's expense. The facilities shall be replaced or restored to a condition as good as when the Broker/Agent began work.~~

Article 34 Immigration Act of 1986

The Broker/Agent warrants on behalf of itself and all sub-Broker/Agents engaged for the performance of this work that only persons authorized to work in the United States pursuant to the Immigration Reform and Control Act of 1986 and other applicable laws shall be employed in the performance of the work hereunder.

Article 35 Broker/Agent Non-Discrimination

Article 36 Accuracy of Specifications

The specifications for this project are believed by the Village to be accurate and to contain no affirmative misrepresentation or any concealment of fact. Broker/Agents are cautioned to undertake an independent analysis of any results in the specifications, as Village does not guaranty the accuracy of its interpretation of results contained in the specifications package. In preparing its proposal, the Broker/Agent and all sub-Broker/Agents named in its proposal shall bear sole responsibility for proposal preparation errors resulting from any misstatements or omissions in the specifications that could easily have been ascertained by examining either the scope or accurate data in the Village's possession. Although the effect of ambiguities or defects in the specifications will be as determined by law, any patent ambiguity or defect shall give rise to a duty of Broker/Agent to inquire prior to proposal submittal. Failure to so inquire shall cause any such ambiguity to be construed against the Broker/Agent. An ambiguity shall be considered patent if it is of such a nature that the Broker/Agent, assuming reasonable skill, ability and diligence on its part, knew or should have known of the existence of the ambiguity or defect. Furthermore, failure of the Broker/Agent or sub-Broker/Agents to notify Village in writing of specification defects or ambiguities prior to proposal submittal shall waive any right to assert said defects or ambiguities subsequent to submittal of the proposal.

To the extent that these specifications constitute performance specifications, the Village shall not be liable for costs incurred by the successful Broker/Agent to achieve the project's objective or standard beyond the amounts provided therefore in the proposal.

In the event that, after awarding the agreement, any dispute arises as a result of any actual or alleged ambiguity or defect in the specifications, or any other matter whatsoever, Broker/Agent shall immediately notify the Village in writing, and the Broker/Agent and all sub-Broker/Agents shall continue to perform, irrespective of whether or not the ambiguity or defect is major, material, minor or trivial, and irrespective of whether or not a change order, time extension, or additional compensation has been granted by Village. Failure to provide the hereinbefore described written notice within one (1) working day of Broker/Agent's becoming aware of the facts giving rise to the dispute shall constitute a waiver of the right to assert the causative role of the defect or ambiguity in the plans or specifications concerning the dispute.

Article 37 Warranty Of Authority

The signatories to this agreement warrant that they are duly authorized by action of their respective Village commission, board of directors or other Village to execute this agreement and to bind the parties to the promises, terms, conditions and warranties contained in this agreement.

Article 38 Miscellaneous Provision

In the event a court must interpret any word or provision of this agreement, the word or provision shall not be construed against either party by reason of drafting or negotiating this agreement.

IN WITNESS WHEREOF the undersigned parties have executed this Agreement on the date indicated above.

In addition, the Company hereby agrees not to modify the insurance coverage without thirty (30) day written advance notice to the Village subject to the Village's approval.

Compliance with the foregoing requirements shall not relieve the bidder of this liability and obligation under this section or under any other section in the Contract.

If the insurance certificate is received within the specified time frame but not in the manner prescribed, the bidder shall be notified of such deficiency and shall have an additional five (5) calendar days to submit a corrected certificate to the Village. If the bidder fails to submit the required insurance documents in the manner prescribed in the Contract within fifteen (15) calendar days after Village notification to comply, the bidder shall be in default of the contractual terms and conditions and award of the Contract will be rescinded, unless such time frame for submission has been extended by the Village.

The bidder shall be responsible for assuring that the insurance certificates required in conjunction with this Section remain in force for the duration of the contractual period of the Contract, including any and all option years or extension periods that may be granted by the Village. If insurance certificates are scheduled to expire during the contractual period, the bidder shall be responsible for submitting new or renewed insurance certificates to the Village at a minimum of thirty (30) calendar days in advance of such expiration. In the event that expired certificates are not replaced with new or renewed certificates which cover the contractual period, the Village shall suspend the Contract until such time as the new or renewed certificates are received by the Village in the manner prescribed herein; provided, however, that this suspended period does not exceed thirty (30) calendar days. Thereafter, the Village may, at its sole discretion, terminate this contract. ALL INSURANCE POLICIES SHALL NAME THE VILLAGE AS AN ADDITIONAL INSURED.

3.15 Accounting

Please note that failure to provide a detailed invoice could result in delay of payment and include termination of any Contract.

Invoices, unless otherwise indicated, must show purchase order number, and shall be submitted to the Village of Palmetto Bay, Public Service Office, 9495 SW 180th Street, Palmetto Bay, FL 33157.

3.16 Statement of Contract Disqualifications

Each bidder shall submit a statement regarding any past government disqualifications on the form provided in the ITB package.

3.17 Submittal of One Bid Only

No individual or business entity shall be allowed to make more than one bid, or to be interested in more than one bid.

3.18 Exceptions to Specifications

Exceptions to these specifications shall be listed and explained on a separate page titled "Exceptions to Specifications". This page shall then be attached and submitted at the same time as the bid. Each exception must refer to the page number and paragraph to which it is relevant. The nature and reasoning of each exception, including what, if any, alternative is being offered, shall be explained in its entirety. The Village, at its sole and absolute discretion, may accept or reject any or all exceptions and alternatives. Where exceptions and alternatives are rejected, the Village shall require the bidder to comply

with the particular term and/or condition of the bid to which the bidder took exception. Failure to comply may be cause for rejection of the bid.

3.19 Non-Appropriation of Funds

The Village reserves the right to terminate in whole or in part the Contract in the event that sufficient funds to complete the Contract are not appropriated by the Village.

3.20 Property of the Village

All discoveries and documents produced as a result of any service or project undertaken on behalf of the Village shall become the property of the Village.

3.21 Contract Time

The number of days within which, or the date by which, the Work is to be completed is included in the Contract. Time is of the essence regarding all terms and conditions in the Contract.

3.22 Liquidated Damages

The bidder and the Village recognize that time is of the essence of this Contract and that the Village will suffer financial loss and other damages if the Work is not substantially or finally complete within the time specified in the Contract. The bidder also recognize the expense and difficulties involved in a legal or arbitration proceeding. The bidder acknowledges and agrees that the actual damages which the Village will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described are a fair and reasonable estimate of the delay damages which the Village is expected to suffer in the event of such delay. Accordingly, as actual damages cannot be ascertained, the bidder and the Village agree that as liquidated damages for delay, but not as a penalty, the bidder shall pay the Village the amount of One Thousand and 00/100 Dollars ($1,000.00) for each day after the time specified in the Documents for Substantial Completion until the Work is substantially complete.

Liquidated damages shall be deducted from the bidder's applications for payment. However, if at the time of the bidder's final application for payment, the bidder is owed insufficient amounts to fully cover the deduction for liquidated damages, then the bidder shall pay the amount due within ten (I0) days of written demand by the Village.

3.23 Litigation

Bidders shall describe any prior or pending litigation or investigation, either civil or criminal, involving a governmental agency or which may affect the performance of the services to be rendered in which the bidder, any of its employees, or subcontractors has been involved in within the last three (3) years.

3.24 Subcontractors

If the bidder intends on Subcontracting out all or any portion of the of the Project, the name of the proposed Subcontracting companies must be clearly disclosed in the bid.

Following the award of the contract, no additional sub-contracting will be allowed without the prior written consent of the Village.

In order that the Village may be assured that only qualified and competent Subcontractors will be employed on the Project, each Bidder shall submit with the Bid a list of the Subcontractors who will perform the work for each division of the Project Specifications as indicated on the "List of Subcontractors" form contained within the Bid Form. The Bidder shall have determined to its own complete satisfaction that a listed Subcontractor has been successfully engaged in its particular type of business for a reasonable length of time, has successfully completed installations comparable to that which is required by the Contract Documents and is qualified both technically and financially to perform that pertinent phase of the Work for which it is listed. Only one Subcontractor shall be listed for each division of the Work. The "List of Subcontractors" shall be accompanied by an experience statement with pertinent information as to similar projects and other evidence of qualification, with all applicable licenses, registration or certification numbers noted on the Bid Form opposite its name for each such Subcontractor, person, and organization. No change shall be made to the "List of Subcontractors" after submission of the Bid, unless agreed to in writing by the Village. The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. If the Village after due investigation has reasonable objection to any proposed Subcontractor the Village before giving the Notice of Intent to Award, shall request the apparent successful bidder to submit an acceptable substitute without an increase in the Bid Price. If the apparent successful bidder declines to make any such substitution, the Contract shall not be awarded to such bidder and the Bid Guaranty of that bidder shall be forfeited. Any Subcontractor so listed and to whom the Village does not make written objection prior to the giving of the Notice of Intent to Award will be deemed acceptable. Failure to provide the "List of Subcontractors" shall result in the bid being deemed non-responsive.

If the Contract Price is on the basis of Cost-of-the-Work Plus a Fee or GMP, the eventual successful bidder, prior to the Notice of Intent to Award, shall identify in writing those portions of the Work that such bidder proposes to subcontract and after the Notice of Intent to Award may only subcontract other portions of the Work with the Villages written consent.

3.25 Indemnification

The bidder shall indemnify and hold harmless the Village and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorney's fees and costs of defense at both trial and appellate levels in which the Village or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting

from the performance of the Contract to the extent caused by negligence, reckless or wrongful conduct in the performance of the Contract by the bidder or its employees, agents, servants, partners, principals or Subcontractors. The bidder shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village, and shall pay all costs, judgments and attorney's fees at trial and appellate levels which may issue as a result of the bidder's negligence. The bidder expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the bidder shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein shall be deemed a waiver of Sovereign Immunity provided to the Village by Section 768.28, Florida Statutes. The Village shall not be liable for any damages or claims of any type including but not limited to lost profits, special damages, consequential damages, punitive damages or business interruption on account of the Village's decision to terminate this Contract. Additionally, the bidder agrees that in the event the Contract is terminated for the Village's breach, the damages that the bidder may have against the Village shall be limited to actual compensatory damages. The Parties knowingly, irrevocably, voluntarily, and intentionally waive all rights to trial by jury.

3.26 Quality

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this ITB shall be new and be the latest model, of the best quality, and of the highest-grade workmanship. The Proposer, in addition to any warranties provided by the manufacturer of the materials, shall provide warranties of **MERCHANTIBILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

3.27 Protests, Appeals and Disputes

The procedures and requirements for bid protests, appeals and disputes are set forth in the Village Code, Sec. 2-175 (o) – (p), the provisions of which are hereby incorporated as if fully set forth herein, which may be found on www.municode.com: https://www.municode.com/library/#!/fl/palmetto_bay/codes/code_of_ordinances?nodeId=COOR_CH2AD_ARTVIFI_DIV2PRCO_S2-175PRPR

3.28 Force Majeure

The performance of any act by the Parties may be delayed or suspended at any time while, but only so long as either Party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such Party, provided however, the Village shall have the right to provide substitute service from third parties or Village personnel and in such event the Village shall withhold payment due for such period of time. If the condition of force majeure exceeds a period of fourteen (14) days the Village may, at its option and discretion, cancel or renegotiate the Contract.

3.29 Work Delays

Should the work be obstructed or delayed required to be done by approved changes in the work or by any default, act, or omission of the Village, or by strikes, fire, earthquake, hurricane, or any other Act of God, or by the inability to obtain materials, equipment, or labor due to local, State or federal government restrictions, then the time of completion may, at the Village's sole option, be extended for such periods as may be agreed upon by the Parties. In the event that there is insufficient time to grant such extensions prior to the completion date of the Contract, the Village Manager may, at the time of acceptance of the work, waive liquidated damages that may have accrued for failure to complete on time, due to any of the above.

3.30 Bid Guaranty

The bid must be accompanied by a bid guaranty in the form of a certified check payable to the Village of Palmetto Bay or a Bid Bond (form attached) in the amount of not less than five percent (5%) of the total amount of the bid, issued by a properly licensed surety company. For contracts not exceeding fifty thousand dollars and zero cents ($50,000.00) a bid guaranty is not required.

The Bid Guaranty will be retained until the Parties have executed the Contract and furnished the required Contract Security, whereupon it will be returned; if the successful bidder fails to execute, deliver and furnish the required guaranty within fifteen (15) days of the Notice of Intent to Award, Village may annul the Notice of Intent to Award and the Bid Security of that Bidder shall be forfeited.

3.31 PERFORMANCE AND PAYMENT BONDS

Within ten (10) days of the award of contract, there shall be placed surety bonds, each in the amount of One Hundred percent (100%) of the contract price, and issued by a properly licensed surety company acceptable to the Village. All bonds must be issued by an agent of broker licensed in the State of Florida and authorized to do business under the laws of the State of Florida. The bonds should provide that the surety's liability will be co-extensive with the Contractor's liability, and should contain a provision that the surety waives notice of changes to the contract, including, but not limited to, changes in the times for performance. For contracts not exceeding fifty thousand dollars and zero cents ($50,000.00) a surety bond is not required.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

They also recognize the expense and difficulties involved in a legal or arbitration proceeding. The Company acknowledges and agrees that the actual damages which the Village will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described are a fair and reasonable estimate of the delay damages which the Village is expected to suffer in the event of such delay. Accordingly, as actual damages cannot be ascertained, the Parties agree that as liquidated damages for delay, but not as a penalty, the Company shall pay the Village the amount of One Thousand and 00/100 Dollars ($1,000.00) for each day after the time specified in the Documents for Substantial Completion until the Work is substantially complete.

Liquidated damages shall be deducted from the Company's applications for payment. Article 9. Indemnification

The Company shall indemnify, defend and hold harmless the Village and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense at both trial and appellate levels, in which the Village or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Contract by the Company or its employees, agents, servants, partners, principals or subcontractors. The Company shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village, and shall pay all costs, judgments, and attorney's fees which may issue as a result of the Company's negligence, both trial and appellate levels. The Company expressly

understands and agrees that any insurance protection required by this Contract or otherwise provided by the Company shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein shall be deemed a waiver of Sovereign Immunity provided to the Village by the Section 768.28, Florida Statutes. The Village shall not be liable for any damages for lost profits, special damages, consequential damages, or business interruption on account of the Village's decision to terminate this Contract. Additionally, the Company agrees that in the event this Contract is terminated for the Village's breach, the damages that the Company may have against the Village shall be limited to actual compensatory damages. The Village does not waive sovereign immunity under Section 768.28, Florida Statutes, for any claim for breach of contract or for an award of prejudgment interest; provided, however, that in any action arising out of or to enforce this Contract, the prevailing Party shall be entitled to its reasonable attorney's fees and costs at trial or appellate levels. The Parties knowingly, irrevocably, voluntarily, and intentionally waive all rights to trial by jury.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Whenever two or more Bids, which are equal with respect to price, quality, and service, are received by the Village for the procurement of commodities or contractual services, a Bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie Bids will be followed if none of the tied companies have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

2) Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3) Give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in Subsection (1).
4) In the statement specified in Subsection (1), notify the employees, that, as a condition of working of the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employee of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the requester (the person requesting the TIN), and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Cars & Trucks

(You can give someone a break.)

Don't speed.

Do not drive impaired -
(intoxicated or on drugs).

Watch for children.
(They may do something foolish.)

Follow all traffic signals.
(Stop signs mean a full stop.)

Pass cyclists at least 3 ft. away.
(On most roads you must go into the next lane to do this.)

Do not enter a lane unless it is safe to do so.

If you can safely stop for a pedestrian approaching a crosswalk you must do so.
(There is a legal crosswalk at virtually all intersections – even if they are not marked.)

Maintain a "safety zone" in front.
(1 car length (20 ft.) per 10 mph)

Eliminate Distracted Driving.
(Use cell phones only when stopped.)

Yield to vehicles in traffic circles.

Yield to pedestrians in crosswalks.

Bicycles

You are a vehicle.
(You must obey all traffic signs.)

Keep right on roads & bike lanes-
(unless directed otherwise on a path.)
or when turning left.
or when passing another vehicle.
or when avoiding a road obstacle.
(In the last 3 cases you must yield to traffic in the lane your turning into.)

You may take the lane if there is not sufficient room for a motor vehicle to safely pass you. (>13 ft. wide)

Ring bell when you approach pedestrians from behind on a path.

If you ride at night, you must have a white light visible 500 ft. in front and a red light visible 600 ft. to rear.

Do not enter a traffic lane unless it is safe to do so.

On a sidewalk or path, when going opposite traffic, watch for cars turning right. (They will only look left.)

When riding adjacent to parked cars, watch for doors opening. Keep at least 4 ft. from parked cars.

Do wear a helmet. (required under 16).
Do not wear earphones. It's illegal.

Pedestrians

Use a sidewalk or path if it is available.

If there is no sidewalk, walk on the left facing traffic.

Use extra care crossing un-signalized intersections. Drivers may not know they should stop or they may be inattentive (cell phone etc.).

Don't Jaywalk.

Even when you have a green signal, a car turning right may hit you.
Watch out!!!

Better to wait a few seconds than die.

Control your children.
You have to think ahead for them.

On paths keep right. Do not block the path or sidewalk.

When walking opposite traffic, watch for cars turning right. (They will only look left.)

When running keep right and warn slower moving pedestrians you are passing them - "On your left!"

Ms. Matson;

I really appreciate Mr. Tullberg's initiative in helping keep the Village residents safe. I reviewed his flyer and I find it to be informative and have nothing to do add at this time. I had provided him with the flyer we already give out on traffic stops that have all the rules and regulations for bicyclist, pedestrians, and drivers and he was able to use the information and added the courteous parts. I hope the resolution passes.

If I can be of any further assistance, please do not hesitate to contact me.

A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF VILLAGE OF PALMETTO BAY, FLORIDA, RELATING TO DIVISION 30-160, THE ART-IN-PUBLIC PLACES ("AIPP") PROGRAM; ACCEPTING THE RECOMMENDATION OF THE AIPP ADVISORY BOARD TO ACCEPT THE ART IN PUBLIC PLACE ARTWORK PROPOSED BY SERGIO ARCE TO BE LOCATED AT THE CORAL REEF PARK CONCESSION STAND BUILDING 7895 SW 152 STREET, PALMETTO BAY, FLORIDA 33157; AND PROVIDING AN EFFECTIVE DATE *(Sponsored by Administration and Prepared by Sustainability & Resiliency Planner Andrea Candelaria)*

BACKGROUND AND ANALYSIS:

The Village of Palmetto Bay values Art-in-Public Places (AIPP) and continuously seeks opportunities for public art, especially within enhancing the Village's public spaces. At Coral Reef Park, the Concession Stand Operator, Juan Pena, wishes to enhance the façade of the building in order to enrich the experience of park visitors. Specifically, he has chosen the artist, Sergio Arce, an urban public artist based in Miami, Florida, to paint the northern façade of the concession stand. Arce's murals can be seen local and internationally throughout parts of the United States and has experience as a public muralist. His knowledge and skill allow him to create durable and long-lasting murals that can withstand the elements and maintain their vibrant colors over time. The proposed mural seeks to provide visitors with a showcase of sights through artwork that is inviting towards all visitors of different ages.

The AIPP ordinance requires that the property owner maintain the art for twenty-five (25) years. Village staff is recommending the concession stand lessee, United Flavors, provide all maintenance necessary to preserve and maintain the artwork in good condition for the remainder of the lease or twenty-five (25) years, whichever is longer.

The Art-in-Public Places Board recommended for Staff to collaborate with the artist in order to fulfill the Board's recommendations and vision for the mural at their meeting on April 11th, 2024. After further collaboration from Village Staff and the artist, the Art-in-Public Places Board recommends the Village Council to approve the proposed mural at the Coral Reef Concession Stand.

RECOMMENDATION:

The Art-in-Public Places Advisory Board and Staff Administration recommend the Mayor and Village Council approve the proposed mural.

FISCAL IMPACT:
None.

Concept of Art

I want Parkview Cafe to be viewed as much more than a concession stand inside of Coral Reef Park. Visitors should feel like Parkview Cafe is a charming space that enhances the appeal of the park. The art displayed at the Cafe is an extension of the natural beauty that Coral Reef Park has to offer. For many years, the concession area of Coral Reef Park was sad, secluded, and desolate. Since United Flavors opened over a year and a half ago, many families have now come to enjoy this space of the park and the many tasty food options we have available.
Our ultimate goal is to provide our visitors with a showcase of sights through artwork and murals, sounds through classical music playing gently in our seating area, and taste through our scrumptious eats. The mural at Park View Cafe is a vital part of establishing the ambiance that this area of Coral Reef Park could offer visitors of all ages.

SECTION 2.0: Introduction

VILLAGE OF PALMETTO BAY ("Village")

Village of Palmetto Bay – Farmer's Market (the "Project")

The Village would like to extend to its residents the benefit of having a place to go on the weekend and be able to buy fresh organic fruits and vegetables, see beautiful artisan crafts to purchase. The Village has provided a farmer's market for its residence for the past eight (8) years and would like to continue extending this service. This service is important to maintain social gatherings for the Village residents and community.

The Company shall need to operate, manage and hire the farmer's market vendors and be willing to market and advertise to promote the success of their operation. The market will operate at Coral Reef Park (CRP):

CRP is Palmetto Bay's signature park located at 7895 SW 152nd Street, Palmetto Bay, Florida 33157. The property encompasses an amazing fifty-four (54) acres of green open spaces and a pineland preserve area. The park is bisected by the c-100 canal, which divides most of the active amenities from passive areas of the park. CRP's west side offers opportunities for tennis, racquetball, baseball, football, soccer, beach volleyball, an innovative playground area, and lush tree canopies. The lush tree canopy continues to the east side, providing natural shade to walkers and joggers utilizing the interior pathways. A meditation garden/gazebo and large pavilion are the perfect locations for relaxing picnicking or the hosting of private gatherings. CRP also serves as the venue for various cultural events, from art shows to concerts to movies. The Village introduced its farmer's market back in 2016 and has had success and good feedback from the residents and park patrons. As the Contract with the current Company is coming to an end, the Village would like to invite any Companies that are interested in fully managing the farmer's market so the Village can continue extending the opportunity to its residents.

The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

The park is bisected by the c-100 canal, which divides most of the active amenities from passive areas of the park. CRP's west side offers opportunities for tennis, racquetball, baseball, football, soccer, beach volleyball, an innovative playground area, and lush tree canopies. The lush tree canopy continues to the east side, providing natural shade to walkers and joggers utilizing the interior pathways. A meditation garden/gazebo and large pavilion are the perfect locations for relaxing picnicking or the hosting of private gatherings. CRP also serves as the venue for various cultural events, from art shows to concerts to movies. The Village introduced its farmer's market back in 2016 and has had success and good feedback from the residents and park patrons. As the Contract with the current Company is coming to an end, the Village would like to invite any Companies that are interested in fully managing the farmer's market so the Village can continue extending the opportunity to its residents.

Question No. 2: Maximum Number of 10x10' Merchant Spots: I would appreciate clarification on the maximum number of 10x10' merchant spots available for vendors participating in the farmer's market.

Response: *Without knowing the linear footage, the number of vendor spots cannot be determined. If known, divide the linear footage by ten (10) to determine the number of side by side vendors that would fit. If room in-between, divide by fifteen (15) (for five (5) feet between vendors).*

Question No. 3: Market Schedule: Will the market operate on both Saturdays and Sundays?

Response: *The farmer's market schedule is Saturdays only. The Holy Rosary St. Richard Catholic Church parking is not available on Sundays, and if parking became available, Market Manager would need to agree to provide overnight security if booths left on site overnight.*

Question No. 4: Police Requirements: What are the requirements for police presence at the market? Could you specify the number of hours, pay rate, and under what

conditions police presence is necessary? Additionally, are sports a deciding factor in determining police requirements?

Response: *Please contact the Police Department as it is under the Police Departments discretion.*

Question No. 5: Prohibited Items and Activities: Could you outline the items that cannot be sold, offered, or displayed at the market as per the contract?

Response: *See question 14 and RFP Section 4.01.*

Question No. 6: Parking for Food Trucks and Merchants: Where will the four designated food trucks be allowed to park and sell their products? Following unloading, where will the participating merchants be permitted to park their vehicles?

Response: *The food trucks will be allowed to park the vehicles in the designated parking lot near Option A and Option B. The participating vendors will be permitted to park their vehicles at the Holy Rosary St. Richard Catholic Church parking lot located at 7500 SW 152nd Street, Palmetto Bay, FL 33157.*

Question No. 7: Is there a certain size limit for the food truck?

Response: *The food truck will need to be able to fit in the designated parking lot near Option A and Option B.*

Question No. 8: Village of Palmetto Bay Tax License: Will merchants be allowed to operate prior to receiving the license upon submitting application? Are one-time merchants allowed to operate without a license?

Response: *All vendors must secure and maintain all necessary licenses, registrations, certifications and permits required by local, State or Federal law and/or regulatory agency including a local Business Tax Receipt (BTR).*

Question No. 9: Liquidated Damages: Does Liquidated damages under section 3.23 apply to our contract?

Response: *No, Liquidated Damages will not apply to the contract.*

Question No. 10: Trash Collection: Will recreational staff members of the Coral Reef Park be responsible for collecting trash at the end of each market day?

Response: *The vendors must completely clean respective area as assigned, leaving no debris and remove all from the park and dispose offsite. The Proposer must ensure that this occurs and shall follow up in the event vendors fail to do so. This includes any cooking oils, charcoals, briquettes and other disposables, etc. The vendors must clean all equipment off site and not at*

the park. The Parks and Recreation Department will provide the trash cans for use by the general public.

Question No. 11: Notification of Closed Market: How far in advance are we required to notify the Village of a closed market due to inclement weather?

Response: *It is the responsibility of the Proposer to communicate to their vendors of any cancellations including the Police Department and the Village. The public will be notified through the Village's social media platforms.*

Question No. 12: Definition of Valid Business License: Could you clarify what the definition of a Valid Business License in Florida is under section 7.0 D?

Response: *Please reference the requirements of local, State or Federal law and/or regulatory agency.*

Question No. 13: Additional Projects and Activities such as antique car shows, petting zoos, musical events, live street performances, face painting, cooking demonstrations, 5K and 10K races, golf cart and boat parades, fund raisers, donation bins, and more, are all of great interest to us. Could you confirm if these activities will be permitted? Will we be able to locate this activities west of 'Option B'?

Response: *Please present all activities and/or special events in the proposal and the Village will later determine if such activities and/or special events may be permitted.*

Question No. 14: Permitted Items for Sale: Could you confirm the items permitted for sale at the farmer's market? We plan on continuing to welcome handmade goods, fresh produce, hot food, refreshments, desserts, local businesses and services, and more.

Response: *As stated in RFP, organic/local/healthy foods, artisan crafts. All booths/items should be approved in advance by Market Manager and the Parks and Recreation Department.*

Question No. 16: Repaving Job Start Date: Could you provide a general start date for the repaving job taking place within the park stated on Page 47 Section 5 and 6, and how it may affect the operation of the farmer's market?

Response: *The Village will notify the Proposer of any projects that will affect the farmer's market. Currently, there will be a trail and sidewalk project to be completed during the summer months of 2024.*

Question No. 17: *What is the timeframe for the solicitation process after all proposals have been submitted?*

Response: *Please be advised that after the proposals have been submitted, the timeframe to review each proposal and present the recommendation to the Village Council may take thirty to sixty (30-60) days.*

For thirty two years (32) I owned and managed The Opa Locka- Hialeah Flea market located on forty -two acres . In 2017, I sold my interest in the business.

For the past three years, I have been consulting with various flea markets and farmer's markets in Dade county. In addition, I am a a professional local tour guide with an international company.

Within the large, thriving flea market, was a 60,000 sq foot farmer's market, consisting of locally grown fresh fruit and vegetables, beans, rice and spices. The surrounding residents visited this market for their produce needs, on a regular basis year round.

My annual rent for the total property, which included the farmer's market, was $3 million dollars, annually in 2016.

Some of my owner/management responsibilities included acquisition of new merchants, overseeing advertising and promotions including social media, , hiring of employees to carry out all aspects of maintenance and upkeep of the property. I was responsible for budgeting and accounting. I complied with all city, county and state regulations
The market operated 7 days a week from 6 am to 6 pm year round.

I employed 25 employees 800 merchants, **75 of which were farmers market merchants**. Everyone was treated with respect and kindness . Many merchants remained for the entire 30 plus years under my management.

In the time I operated the market, I supported local activities in the community, including but not limited to hosting the elderly at dinner for Thanksgiving, sponsoring local sports teams, and weekly donations of fruits and vegetables to Ronald McDonald House, Camillus House and Lighthouse for the Blind. A street abutting the Flea Market, the 42/37 connector, has my name placed on it to recognize my contributions to the surrounding communities.

My mantra has always been to be successful , one must also be kind.

If my bid is accepted to operate the Palmetto Bay Farmer's Market at Coral Reef Park , my goal would be to grow the local market in several ways. One would be to recruit more merchants of varied merchandise. I currently have the contact information for over one hundred and fifty merchants from various farmer's markets in the Miami area. I also am in possession of 20,000 e mail addresses in Miami , to help promote the Palmetto Bay Farmers Market to local Dade County residents . I will take full advantage of the Palmetto Bay Newsletter to advertise the Palmetto Bay Farmer's Market at Coral Reef Park . There will be a FB page and Instagram page dedicated to the market, as well.

In addition, I would plan to meet with each existing merchant, to assure them of an ongoing Farmer's Market, and to welcome them. I will also address any concerns they might have.

If permitted, I will endeavor to have some special events to attract attention to the market, working closely with the Parks Dept of Palmetto Bay.

Regarding the edible food vending requirements, I will diligently follow all city, county and state requirements, and have a copy of the edible food merchant's licenses for inspection by the city. This is a method I used in my previous business to keep up to date on my merchant's licenses.

I would also consider moving the market closer to the nearest pathway , where there are many activities taking place in the park on Saturdays. (with merchants parking at the church. I will plan to shuttle the merchants by way of golf cart back to the property once they have unloaded their goods and parked their cars.) . I understand that there may be temporary construction issues that will prohibit carrying out a final optimum location, initially. This may warrant the market remaining where it is for a finite amount of time on Sundays, until we are able to successfully relocate it to the path closest to the Saturday activities. My experience dictates that the optimum time and days to operate are when the park is at its busiest. Because the market has not been thriving to its potential, this seems to be the logical way to bring attention to it.

It would be my pleasure to enliven and grow the Palmetto Bay Farmer's Market, at Coral Reef Park, using my many years of experience. I will maintain a welcoming, pleasant and kind atmosphere. I will be totally devoted to its success.

Re: Reference Letter for Bid Proposal

Dear Scott Miller,

This letter is being sent in reference to your attempt to open a Farmers Market in the City of Palmetto Bay at the Coral Reef Park. I have personally known you for many years and am well aware of the contributions you have provided to the City of Opa-locka in the over twenty years I was a Commissioner. Whether it be through contributions to the Opa-locka Hurricanes Football optimist club or the monthly bingo event for the community, your generosity did not go unnoticed. This was not limited to just donations as you made it possible for many residents to gain employment by hiring them at the Opa-locka Hialeah Flea Market. Being that there was a Farmers Market at the flea market to provide produce to thousands of customers every week at a reasonable price; it would be natural for you to provide healthy fruits, vegetables and foods in a another community where it is needed.

A Farmers Market is an excellent way to provide nutrition in neighborhoods in a cost effective manner. The City holds several food distribution programs monthly at a great benefit to the residents who get access to healthy food items. I support your efforts and hope that you will prevail in this endeavor and in all of your future endeavors.

If you need additional information, feel free to contact me at 786-412-3785.

Sincerely,

Timothy Holmes

Re: Farmers Market/Scott Miller

Dear Fanny,

Thank you for taking the time to read this as I wish to offer my complete 100% recommendation for Scott Miller and his organization for the operation of the farmers market. Scott will be a great asset to the Village. He has been both a professional and family friend for over 30 years.

My company, a local Palmetto Bay business, has been working with Scott hand and hand. He has always shown a great dedication to his business with his work ethic and interaction with his vendors at the flea market. His tireless dedication made his work extremely successful. I expect nothing but the same from him with the operation of the Farmers Market.

I have personally witnessed the growth of the Farmers Market area of the Opa Locka Flea Market,under his personal direction, from a small section of vendors to an entire area devoted to them. The growth of that area was up over 100 vendors.

Again I would like to offer my full and complete recommendation for our village to engage Mr. Miller with our farmers market.

Dear Scott,

It is with great pleasure that I write this letter recounting our experience through the years at the Opa-Locka Hialeah Flea Market. To sum up my tenure, it was one that served as the greatest learning experience of my life. It also came along with tremendous personal and professional growth.

I started working at the Flea Market during my junior year of high school. I literally convinced one of the managers to take a chance on me by convincing them that another manager had already promised me the job. After a couple of hours of back and forth between the two managers, they decided they can use someone, and I got the job. After that day, I spent the next 28 years of my life working at the Flea Market. During that time, I achieved multiple milestones. I obtained multiple degrees in education which culminated with a Specialist Degree. I became a Classroom Teacher, Teacher Trainer, Recruiter, and now a Human Capital Management Administrator with Miami Dade County Public Schools. A couple of years into my employment, I met my wife at the Flea Market. She is currently a dental hygienist; we have 3 beautiful children and remain committed to each other until this day.

It would not be fair to say that I would not have achieved these milestones without the Flea Market, however, it is impossible to spend 28 years in a place and not have those experiences shape you and mold you. The examples you and your wife set, impacted me and my family a great deal. Your value for education and personal achievement gave me and my wife a clear sense of purpose which led to our personal and professional achievements.

Under your leadership, Scott Miller, I watched the Flea Market grow from a very primitive but quaint operation to becoming the largest flea market in South Florida. You would always find a way to reinvent the Flea Market from ideas likes sectioning off and birthing a farmer's market to reallocating the tire vendors into their own sub section which created visibility, growth and prosperity. The farmer's market became the hallmark of the Flea Market. I remember how the Farmer's Market grew to over 100 merchants, selling a variety of items, such as: fruits, vegetables, spices, beans, rice,

honey, etc. More importantly, the market remained vibrant for years with very little turnover and zero vacancies. The buzz around the market was tremendous.

Before it became extremely fashionable for many to talk about assisting small businesses, minority businesses, veterans' businesses and women businesses, you were already doing your part to help small businesses to grow and prosper. Your contribution to economic prosperity has spanned over 3 decades. The platform you provided enabled anyone with the drive and determination to open their own business and become as prosperous as their work ethic and entrepreneurial spirit would allow. Opportunities usually don't come to fruition without a helping hand. You would often give them an opportunity to start with no money, a grant, to allow their business to come off the ground. As an employee, you would always remind me to say okay and find a way to assist our merchants with whatever they needed. You would often assist merchants that were going through a tough time. This created a family atmosphere and a sense of ownership by the merchants. This approach allowed the Flea Market to grow but not at the expense of becoming compassionless.

You always had your pulse on the cultural fabric of the community. I remember how you were always civically engaged with the city in order to contribute in making the city more prosperous. You gave me the opportunity to participate in many of these events as a representative of the Flea Market, but more importantly, it allowed me to grow.

As our journey with the Flea Market ended, you reminded me that other chapters and opportunities will be forthcoming and to just be ready. I have never met someone so uniquely qualified to bring people together in order to build something from nothing. I have full confidence that any endeavor you partake in will find nothing but success. You are a leader and have always maximized the talents of the personnel on your team. Best wishes and success now and in the future.

Sincerely,

Samuel Pongnon

To whom it may concern;

I have known Scott Miller for about 15 years in his position as owner and manager at the Opa Locka Hialeah flea market. He was always all over the property all the time keeping all of us inline. I started to rent one restaurant in the middle of the flea and with Mr Millers advertising and promotions as well as all social media, I was able to open another 6 locations in the flea market.

He made sure that his crew kept the flea market clean and orderly
And the flea market was very diligent about the restaurants and farmers market merchants keeping up with their licenses and permits up to date.

As the farmers market grew to about 60 merchants
That area of the flea became the heart of the flea market
And I was then renting several different stores in that area to fill the demand of customers
I don't know how large that area was but big and are still running today.

I understand that this letter will be in support of his application for the farmers market in Palmetto Bay

His 30 years of operating the Opa Locka Hialeah flea market makes him an ideal and more than qualified candidate to make the farmers market grow and prosper. If you have any questions or concerns please feel free to contact me directly at 954-383-1426. Thank you

Attached are letters of recommendation from several sources. One is a former city commissioner from Opa Locka who was familiar with the growth of the Flea Market. One is from a longtime former employee who now is a professional in Human Resources at the Dade County School Board. The third is from a longtime supplier to my former business . There are also 2 letters from merchants who had multiple spaces in the Flea Market for many years and witnessed its growth under my management.

SECTION 2.0: Introduction

VILLAGE OF PALMETTO BAY ("Village")

Village of Palmetto Bay – Farmer's Market (the "Project")

The Village would like to extend to its residents the benefit of having a place to go on the weekend and be able to buy fresh organic fruits and vegetables, see beautiful artisan crafts to purchase. The Village has provided a farmer's market for its residence for the past eight (8) years and would like to continue extending this service. This service is important to maintain social gatherings for the Village residents and community.

The Company shall need to operate, manage and hire the farmer's market vendors and be willing to market and advertise to promote the success of their operation. The market will operate at Coral Reef Park (CRP):

CRP is Palmetto Bay's signature park located at 7895 SW 152nd Street, Palmetto Bay, Florida 33157. The property encompasses an amazing fifty-four (54) acres of green open spaces and a pineland preserve area. The park is bisected by the c-100 canal, which divides most of the active amenities from passive areas of the park. CRP's west side offers opportunities for tennis, racquetball, baseball, football, soccer, beach volleyball, an innovative playground area, and lush tree canopies. The lush tree canopy continues to the east side, providing natural shade to walkers and joggers utilizing the interior pathways. A meditation garden/gazebo and large pavilion are the perfect locations for relaxing picnicking or the hosting of private gatherings. CRP also serves as the venue for various cultural events, from art shows to concerts to movies. The Village introduced its farmer's market back in 2016 and has had success and good feedback from the residents and park patrons. As the Contract with the current Company is coming to an end, the Village would like to invite any Companies that are interested in fully managing the farmer's market so the Village can continue extending the opportunity to its residents.

The Bidder shall have determined to its own complete satisfaction that a listed Subcontractor has been successfully engaged in its particular type of business for a reasonable length of time, has successfully completed installations comparable to that which is required by the Contract Documents and is qualified both technically and financially to perform that pertinent phase of the Work for which it is listed. No change shall be made to the "List of Subcontractors" after submission of the Bid, unless agreed to in writing by the Village. The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. Dear Alessia Bencomo,

My name is Elizabeth Ceballos, currently doing business as Herpreneur by Liz.

Herpreneur by Liz is a community platform I created to support local South Florida women owned businesses.

After participating in pop-up markets myself in 2019 with my women's clothing boutique; I observed many missed opportunities for creating a successful market for vendors and consumers, and thus, Herpreneur came to be.

I have 20 + years of successful retail management experience as a general manager of both big box and specialty retail stores. In my retail career, I have managed over 100 employees at a time, operated warehouse logistics, and have exceeded my sales projection at every location. As a result, I have been able to successfully utilize my extensive management background to create results-driven pop-up markets.

Since December 2020 (3.5 years) I have been producing artisan markets and it is a true passion of mine. Nothing makes me happier than seeing small businesses succeed and grow, along with satisfied smiling customers.

I have produced markets in a variety of venues, such as wineries, breweries, restaurants, botanical gardens, banquet halls, courtyards, hotels, parks, and more.

We heavily advertise all of our events and drive our own foot traffic, so much so that several venues have not charged me a rental fee and many have asked if they need to pay me for bringing my market to their venue.

Herpreneur by Liz has also been featured on Deco Drive and Univision.

I wholeheartedly believe in results-driven markets and events where all participants benefit. Venues we have partnered with have reported increases in foot traffic during Herpreneur events, as well as increased social media engagement before, during, and after each event.

We utilize all social media tools at our disposal to create multiple marketing tools:
Instagram and Facebook story and feed grid flyers, Eventbrite links to track attendance leading up the event, Facebook events, results-driven locally targeted hashtags, and more. We also create printable postcards advertising the event, which vendors distribute to their social circles and local community spots they frequent. In addition, we require all vendors participating to heavily promote the event using the tools created for and provided to them.

Our social media presence continues to grow with each market. Our Instagram has 15,500 real followers that include both customers and vendors. Through our advertising and paid social media ads, our account has a monthly reach ranging from 30,000 to over 60,000 Instagram accounts.

We keep vendors motivated and excited throughout the process and are available for any questions leading up to and during the event.

The Herpreneur culture is one of community, collaboration, and passion. Herpreneur fosters a sense of support and partnership among vendors. Participating vendors are required to support and promote each other across various social media platforms.
The culture emphasizes the concept that when one business succeeds, all succeed.

As a result, we have built a loyal fan base of repeat gratified consumers.

Although I have been primarily focusing on women owned businesses, I am excited for the opportunity to expand and produce a farmers market that is all-inclusive and not exclusively aimed at female owned businesses. I have already done this when producing the holiday market during the Nights of Lights festival inside Pinecrest Gardens, which runs for approximately 17 to 21 days in December.

Additionally, I would like to note that I live 3.3 miles from Coral Reef Park. I would also state that I have many vendor contacts in Palmetto Bay whose businesses align with your vision of healthy food options and artisan goods. I am confident that I will be able to exceed your expectations.

I am so grateful for the opportunity to submit my proposal and look forward to your response.

Sincerely,

Elizabeth (Liz) Ceballos

VILLAGE OF PALMETTO BAY – FARMERS MARKET – PROPOSAL

(Scope of work, vendor application process, vendor rules & procedures, set up instructions, vendor agreement, requirements for edible food vendors, map, location, market schedule, time of market, requirements for edible food vendors)

I will curate vendors via our electronic vendor application. Each application will be reviewed thoroughly to make sure they are the right fit for The Palmetto Bay Farmers Market. (Ex: healthy &organic food, all natural, handmade items, etc.) We will review in the order that the applications were submitted. Each one is date and time stamped. Upon review, if they are approved, I will contact them via contact info on their application. I will carefully curate the market to not have artisans and food vendors selling the exact same product so that vendors are not competing within the same market, and clients will have a variety of different types of vendors making it a great customer experience.

If vendor is approved, all local, federal, state licenses, permits and insurance documents pertinent to their business category will be requested and reviewed before moving forward with registration. I will have a dedicated binder with all required licenses, permits, insurance, ect for vendors, organized by their business type. Example: artisan, food truck, cottage baker.

If they meet all the necessary requirements they will move forward and complete a contract outlining the rules and process for set up. We also make sure we set expectations on the vendor application, so they understand what is required of them even when first applying. Aside, from food trucks, all businesses will be required to use only white tents for a more visually appealing presentation. We will also have a limited number of tent rentals, available for businesses that are just starting out, their tent is not white, or their tent is damaged.

The market schedule will be as follows:
All year round every Saturday 9am-3pm
(unless village agrees and approves to omit June & July since many residents are out of town, extreme heat and unpredictable rainy weather.
Set up 7am-8:55am
Market operating hours 9am-3pm
Breakdown 3pm-4:30pm

My preference for the Sunday Farmer's Market is option B from Exhibit 1

This is our digital vendor application for pre-screening qualified vendors:

We have an extensive existing network and community of vendors. We pride ourselves on having loyal repeat vendors. We have approximately 400 vendors subscribed to our linktree where we post the vendor application links and send them a notification when new vendor applications are available.
Our linktree with the application will be available in our Instagram bio.
In just 3 years we have gained 15K + REAL followers on our Instagram page.
We will also run paid ads on Instagram, facebook and Eventbrite to recruit vendors.

Additionally, I like to review their social media pages to see their products and make sure it matches up with what they put on their vendor application.
I will also include a drop box link on the application where they can provide photos of their set up and required permits, insurance, ect. (They can also email to me)

This is our digital vendor agreement, with policies, procedures and set up instructions:
https://forms.gle/KyqFNggqBfoyCNXx9
I have attached a printout of this for your review.

In preparation for the market day a map will made in advance including the measurements from Option B. I have a measuring wheel that I use and measure the market area.
I then create a map with the allotted & approved vendors.
Each spot on my map is numbered and each vendor is given their assigned number and shown their exact assigned spot when they arrive.
The map is created making sure there is a nice flow for the customers.
The day of, before the vendors arrive for set up, if approved by The Village, I would like to mark the spots by number with chalk that will dissipate the next day. If not allowed mini numbered cones will be set up to correspond with the created map.
By 8:30 I will make sure all vendors have moved their cars to the vendor parking (church parking lot)
Before 9am, I will do a walkthrough to see how their set up is going, checking for professional both displays, making sure only the approved items were brought, and ensure everyone has canopy weights.
At 8:55am I will do a walkthrough checking each booth for presentation.

I'm going on my third event with Liz and as a newbie to the small business industry she truly has helped me tremendously! With gaining exposure and building new clientele, to giving me advice on how to boost my engagement. From the moment she gathers all the vendors together through the end of the event, she is so involved and active. You can tell how passionate she is about Herprenuer because each event has been incredible! Thank you Liz, for your constant support, advice and dedication. I am so happy to have met you and I'm so excited for what the future holds

If you ever thought of joining a community of powerful amazing supportive herpreneurs or starting a female owned business this is it! Not only is this truly an amazing community but everytime Ive had a market with herpreneurbyliz it has not once failed me! she is so helpful not only in helping you with setting up your first market, but she is also very helpful in giving you tips and business insiders to help you grow your business. She is truly an amazing mentor and wonderful amazing human being. she's a a power woman! and I absolutely appreciate her for letting me into this amazing community of other wonderful herpreneurs!

Jennifer Elizabeth Perez recommends **herpreneurbyliz.**

I participated in Her Market, a pop up shop hosted by Herpreneur by Liz and it was an amazing event. Liz went above & beyond to ensure the event was one-of-a-kind, and it was! The sense of community she creates for the vendors, the care she has for the experience we have - it was fantastic! The marketing she did for the event ensured it would be successful for us, as small business owners.

The event itself was GREAT! The setup flowed so nicely, all vendors would be visited thanks to her thoughtful layout. She had very nice decor, live music - she thought of so many details to make the customer experience worth while.

All that she did shows that as a small business owner herself, she knows what it is like to both participate in an event & attend an event. She took her perspective & made magic happen! If you have the opportunity to work with her, participate in an event or attend one - GO FOR IT!

Mei Regalado recommends **herpreneurbyliz.**

Herpreneur by Liz is a godsend for small businesses. Liz is very helpful and full of amazing and creative ideas. The events that she puts together are very organized and well advertised. My first pop-up event was a success and I owe it to Herpreneur by Liz. I can't wait to see what other events she has in store for us. I will definitely be a repeat vendor!

Alice Roque recommends **herpreneurbyliz.**

I have had the pleasure of participating in a few HerMarkets hosted by Liz. They are some of the most organized events I've attended as a vendor, and that's really important to me. She really creates a community around each event and I love how much everyone got behind each other and promoted the event like crazy. It's always a great experience and I meet so many amazing herpreneurs. Thanks for creating amazing opportunities for small businesses and showing support every step of the way!

Healthy Eats by Alex recommends herpreneurbyliz

I participated in my first Her Bazaar market in March 2022, and have been participating monthly since then. As a small business owner, the amount of popup markets available can be a bit overwhelming. I can say, without a doubt, that Liz's herpreneur events are by far the best! If you are a female-owned business looking to get your product out there and grow your customer base, I wholeheartedly recommend her popup markets. Liz goes above and beyond and consistently gives 1000% support to her vendors, guiding them through the process and proving incredible social media promotion of each vendor and event. Of course, vendors must be committed and put in the work, but following Liz's guidance ensured a successful market for all. Liz takes the time to spotlight each of her vendors and provides everyone with the necessary social media tools so that each business can continue promoting and driving foot traffic to events. The best part about participating in herpreneur events is becoming part of an inspiring community of amazing, hard-working women! All vendors engage with and support one another, which automatically sets the stage for a dynamic and positive energy surrounding each event. You're never alone, and wonderful bonds are formed along the way! I have participated in markets organized by others, and I simply cannot recommend Liz and Herpreneur enough - she is the best!

Jessica G-Zayas recommends **herpreneurbyliz**:

Re: Request for Proposal No. 2024-12-010
Village of Palmetto Bay - Farmer's Market

This Addendum forms part of the Request for Proposal (RFP) Package advertised on March 19th, 2024, and with a proposal opening date of April 19th, 2024, with any amendments and/or additions noted below.

Question No. 1: Length of Area on 'Option B': Could you kindly provide information on the length of the area designated as 'Option B' on the provided diagram, to be utilized on either side of the walkway?

Response: *The length of the trail for Option B may be used.*

Question No. 2: Maximum Number of 10x10' Merchant Spots: I would appreciate clarification on the maximum number of 10x10' merchant spots available for vendors participating in the farmer's market.

Response: *Without knowing the linear footage, the number of vendor spots cannot be determined. If known, divide the linear footage by ten (10) to determine the number of side by side vendors that would fit. If room in-between, divide by fifteen (15) (for five (5) feet between vendors).*

Question No. 3: Market Schedule: Will the market operate on both Saturdays and Sundays?

Response: *The farmer's market schedule is Saturdays only. The Holy Rosary St. Richard Catholic Church parking is not available on Sundays, and if parking became available, Market Manager would need to agree to provide overnight security if booths left on site overnight.*

Question No. 4: Police Requirements: What are the requirements for police presence at the market? Could you specify the number of hours, pay rate, and under what

conditions police presence is necessary? Additionally, are sports a deciding factor in determining police requirements?

Response: *Please contact the Police Department as it is under the Police Departments discretion.*

Question No. 5: Prohibited Items and Activities: Could you outline the items that cannot be sold, offered, or displayed at the market as per the contract?

Response: *See question 14 and RFP Section 4.01.*

Question No. 6: Parking for Food Trucks and Merchants: Where will the four designated food trucks be allowed to park and sell their products? Following unloading, where will the participating merchants be permitted to park their vehicles?

Response: *The food trucks will be allowed to park the vehicles in the designated parking lot near Option A and Option B. The participating vendors will be permitted to park their vehicles at the Holy Rosary St. Richard Catholic Church parking lot located at 7500 SW 152nd Street, Palmetto Bay, FL 33157.*

Question No. 7: Is there a certain size limit for the food truck?

Response: *The food truck will need to be able to fit in the designated parking lot near Option A and Option B.*

Question No. 8: Village of Palmetto Bay Tax License: Will merchants be allowed to operate prior to receiving the license upon submitting application? Are one-time merchants allowed to operate without a license?

Response: *All vendors must secure and maintain all necessary licenses, registrations, certifications and permits required by local, State or Federal law and/or regulatory agency including a local Business Tax Receipt (BTR).*

Question No. 9: Liquidated Damages: Does Liquidated damages under section 3.23 apply to our contract?

Response: *No, Liquidated Damages will not apply to the contract.*

Question No. 10: Trash Collection: Will recreational staff members of the Coral Reef Park be responsible for collecting trash at the end of each market day?

Response: *The vendors must completely clean respective area as assigned, leaving no debris and remove all from the park and dispose offsite. The Proposer must ensure that this occurs and shall follow up in the event vendors fail to do so. This includes any cooking oils, charcoals, briquettes and other disposables, etc. The vendors must clean all equipment off site and not at*

the park. The Parks and Recreation Department will provide the trash cans for use by the general public.

Question No. 11: Notification of Closed Market: How far in advance are we required to notify the Village of a closed market due to inclement weather?

Response: *It is the responsibility of the Proposer to communicate to their vendors of any cancellations including the Police Department and the Village. The public will be notified through the Village's social media platforms.*

Question No. 12: Definition of Valid Business License: Could you clarify what the definition of a Valid Business License in Florida is under section 7.0 D?

Response: *Please reference the requirements of local, State or Federal law and/or regulatory agency.*

Question No. 13: Additional Projects and Activities such as antique car shows, petting zoos, musical events, live street performances, face painting, cooking demonstrations, 5K and 10K races, golf cart and boat parades, fund raisers, donation bins, and more, are all of great interest to us. Could you confirm if these activities will be permitted? Will we be able to locate this activities west of 'Option B'?

Response: *Please present all activities and/or special events in the proposal and the Village will later determine if such activities and/or special events may be permitted.*

Question No. 14: Permitted Items for Sale: Could you confirm the items permitted for sale at the farmer's market? We plan on continuing to welcome handmade goods, fresh produce, hot food, refreshments, desserts, local businesses and services, and more.

Response: *As stated in RFP, organic/local/healthy foods, artisan crafts. All booths/items should be approved in advance by Market Manager and the Parks and Recreation Department.*

Question No. 16: Repaving Job Start Date: Could you provide a general start date for the repaving job taking place within the park stated on Page 47 Section 5 and 6, and how it may affect the operation of the farmer's market?

Response: *The Village will notify the Proposer of any projects that will affect the farmer's market. Currently, there will be a trail and sidewalk project to be completed during the summer months of 2024.*

Question No. 17: *What is the timeframe for the solicitation process after all proposals have been submitted?*

Response: *Please be advised that after the proposals have been submitted, the timeframe to review each proposal and present the recommendation to the Village Council may take thirty to sixty (30-60) days.*

Question No. 20: What will the payment deadline be for the monthly rental fee?

Response: *The Proposer must submit the monthly rental fee before or on the 5th of every month.*

Question No. 21: How much does the current market management pay for the spot?

Response: *The current market management paid One Thousand Dollars and Zero Cents ($1,000.00) for the first year and paid One Thousand Four Hundred Dollars and Zero Cents ($1,400.00) the second year.*

Question No. 22: Is there an actual limit to the amount of vendors you can have?

Working with Liz has been a pleasure beyond words. Not only is she extremely responsive, always on time, reliable, and creative, but she also brings the highest quality vendors to our property and offers our guests a unique and interactive expeience. My favorite part of working with her is that she understands how seasonality and relevant holidays impacts our business and she adapts her market to stay on-brand and timely. Her marketing tactics are also self-sufficient and our internal marketing team doesn't need to do any promotions beyond her own in order to bring awareness to her events.

General Instructions

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Article 8. Termination

A. Termination Without Cause

Either Party may terminate this Contract without cause upon thirty (30) days prior written notice to the other Party. Termination or cancellation of the Contract will not relieve the Company of any deliverables and Work product due prior to the termination of the Contract, including but not limited to reports, statements of accounts, payments due the Village and any other records requested by the Village prior to the termination of the Contract, or after termination in the Village's discretion if needed for a post contract audit. Termination of the Contract will not relieve the Company of any obligations or liabilities resulting from any acts committed by the Company prior to the termination of the Contract.

B. Termination with Cause

Without waiving the right to terminate without cause, a Party may issue a written notice to the other claiming that the other Party is in breach of Contract and giving the other Party ten (10) calendar days to cure the default. If the alleged breach of Contract is not cured, then the Party serving the notice may terminate the Contract and be excused from further performance following termination. the termination of the Contract, including but not be limited to reports, statements of accounts, payments due the Village and any other records requested by the Village prior to the termination of the Contract.

C. Liquidated Damages

The Parties recognize that time is of the essence of this Contract and that the Village will suffer financial loss and other damages if the Work is not substantially or finally complete within the time specified in Article 4 above. They also recognize the expense and difficulties involved in a legal or arbitration proceeding. The Company acknowledges and agrees that the actual damages which the Village will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described are a fair and reasonable estimate of the delay damages which the Village is expected to suffer in the event of such delay. Accordingly, as actual damages cannot be ascertained, the Parties agree that as liquidated damages for delay, but not as a penalty, the Company shall pay the Village the amount of One Thousand and 00/100 Dollars ($1,000.00) for each day after the time specified in the Documents for Substantial Completion until the Work is substantially complete.

Liquidated damages shall be deducted from the Company's applications for payment. However, if at the time of the Company's final application for payment, the Company is owed insufficient amounts to fully cover the deduction for liquidated damages, then the Company shall pay the amount due within ten (10) days of written demand by the Village.

Article 9. Indemnification

The Company shall indemnify, defend and hold harmless the Village and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense at both trial and appellate levels, in which the Village or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Contract by the Company or its employees, agents, servants, partners, principals or subcontractors. The Company shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village in all, and shall pay all costs, judgments, and attorney's fees at trial and appellate levels which may issue as a result of the Company's negligence. The Company expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the Company shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein

shall be deemed a waiver of Sovereign Immunity provided to the Village by Section 768.28, Florida Statutes. The Village shall not be liable for any damages or claims of any type including but not limited to lost profits, special damages, consequential damages, punitive damages or business interruption on account of the Village's decision to terminate this Contract. Additionally, the Company agrees that in the event this Contract is terminated for the Village's breach, the damages that the Company may have against the Village shall be limited to actual compensatory damages. The Parties knowingly, irrevocably, voluntarily, and intentionally waive all rights to trial by jury.

Article 10. Insurance/Bonds

(A) The Award of this Contract is contingent upon the receipt of the insurance documents, as required, within ten (10) calendar days after signing this Contract. Certificates of Insurance must be submitted to the Procurement Division. Dear Ms. Bencomo:

After reviewing your request for proposal (RFP), we are excited to our build relationship with the Village of Palmetto Bay. Coral Reef Park is amazing location which adds so much value to the community from sports, exercise, access to the canals, and of course, the weekly Farmer's Market.

To provide you with the brief background on our company and myself, I founded Coconut Grove Artisan Market in 2020, It is a subsidiary of Metro Flea Miami LLC dba Metro Promotions which I founded in 2018. I have provided my DBA from the state below. Although this company was formed in 2020, I have worked market industry for 34 years. We have markets in So Florida area and in the boroughs of NYC and we special in local farmers artists and handmade trades.

My market career began in the summer of 1987, I was approached by the PTA of Mary Queen of Heaven Church in Brooklyn to help them put together a flea market in the schoolyard. I had always been active in the Church, and I agreed to help. I had no experience but always loved a challenge. To my surprise and to the glory of the PTA I signed up 110 vendors to participate in the event. Word got out and other churches and organizations reached out for my services. Little did I know then that this would become my livelihood.

Former clients include:

- The Cystic Fibrosis Foundation
- American Cancer Society
- Guardian Angel Church
- Young Israel of Sheepshead Bay
- Jewish Center of Brighton Beach
- Oceanview Jewish Center
- St Anthony's Church
- East Side Community HS
- City of Miami for Lummus Park Market
- Coney Island USA
- St. Stephen's Episcopal Church
- Empowered Youth USA

In 2016 I was awarded a two-year contract with the NYC Department of Education to run a market at PS 321 in Park Slope Brooklyn.

In 2017, the City of Miami Beach issued an RFP for the operation of an Artisan Market in Lummus Park along Ocean Drive in South Beach. I responded to the RFP and was awarded a three-year contract. I

picked up my life and moved to Miami Beach not knowing anybody and without a database of Miami Vendors. Through hard work I opened the market in November of 2018. We had 22 vendors on our opening weekend. By the end of February 2020 we had grown to two locations in Lummus Park. One a farmers Market and the other an artisan market. We topped out with over 70 vendors. As fate would have it at the time of our peak, we we're shut down due to Covid. We would never reopen.

I owned & operated an Artisan and Farmers Market in Coconut Grove with St Stephen's Church from 2020 – 2023, growing, developing, and managing two successful markets on their grounds. The markets ran on Friday evenings and Sunday afternoons providing an array on homemade good and delicious fresh farm products.

Since 2023 & 2024 we have been running pop-up markets in Wynwood, we have partnered with an organization called Empowered Youth USA. They are dedicated to helping young men in inner cities, teaching them cooking and work/life skills. My markets helped employ them and taught them a new set up organizational and management skills.

With this growth comes added marketing and promotion. I hired marketing company who assists with social media, internet presence and creative taking professional photographs of our weekly events and turning them into promotional items like flyers and videos. Coincidentally, she is a resident of Palmetto Bay, which we both feel will benefit the growth in market in Palmetto Bay. She is actively involved with the community in three school districts PTA's, Palmetto Bay Golf Cart Clubs, Religious Organizations, and Scouts of America.

Barbara also has a strong background in events production and sponsorship sales. She produced the Great Grove Bed Race in Coconut Grove for 8 years. It was a wildly successful event that brought 20,000 people into the Grove and she partnered with many celebrities like Vanilla Ice and Pitbull. She was also contracted for Volvo Ocean Race which took place in downtown Miami. It was a worldwide ocean race that spanned over a year. Miami was one of the 7 ports of entry for the race. She produced all the events on-site and was the top producer in sponsor sales, selling well over $200,000 In sponsors. She has a strong background in PR, Marketing & sales. She is extremely organized and assists the team in gather and filing paperwork from the vendors as needed.

Between both of our niche expertise and dedication to the market's success, I know we can grow this best community market In Palmetto Bay. We look forward to a continued partnership with you and the Village of Palmetto Bay.

Sincerely.

James LaMorte

Dear James,

Just wanted to let you know what a valuable part you play in South Florida's vibrant farmers market scene!

There are lots of reasons to love and promote the Grove Foodie & Artisanal Market. Your vendors are just the right mix – local entrepreneurs and food artisans from our community. The time of the market (later) is perfect for folks who miss the earlier markets, which typically open around 9am. But first and foremost, we love how the market really reflects the charm and flavor of Coconut Grove, in the shady and lush setting of St. Stephens.

Thanks for working with us in your marketing efforts. So that you know, in addition to your ad, you receive coverage:

- In our print farmers market listing every issue
- Online in our farmers market listing
- Weekly social media pushes on Instagram (30K followers) and Facebook (7K+) on market day
- A listing in the Coconut Grove BID's advertisement, which has run in every issue since summer 2021 (and we are hoping to continue through 2021). As part of our partnership with the BID, Coconut Grove businesses get lots of copies of each issue, resulting in even more exposure

South Florida has lots of farmers markets, but many fail to deliver a positive experience. We're happy that the Grove Foodie & Artisanal Market is one of the best!

Best

If awarded, we will continue to partner with other local business to send out a flyer via the USPS letting the town know about our weekly market. Other local business often place a coupon or incentive on the other side of the postcards so it is shared community effort and benefits the market, local businesses and the homeowner receiving the offer. We can target specific areas in the community within certain zip code zones.

In addition to conventional marketing, we utilize relationships we build in the community with the Palmetto Bay community leaders, schools, local groups like park sports and organizations. Barbara Ferenczi, who handles marketing in a local Palmetto Bay resident with ties to the community PTA at Coral Reef Elementary and Southwood Middle School, and Cutler Bay High, She is also involved in the Bays Golf Cart Club, Scouts of America, local churches, and temples. We have also created unique initiatives in previous markets "Bike to the Market" which encouraged people to bike to our markets using Bike Valets or racks. We would encourage the local community to do the same to Coral Reef Park and enjoy the Market and the green space with their families for the day.

Some additional strategies:

Utilize local bloggers or influencers on social media.

Community News Group – Local Newsgroups and Newsletters

Paid boosts and post on Facebook and Instagram

Creation of a Tik Tok and Snapchat page dedicated to the Palmetto Bay Market

Professional Photographs & Videos taken each month and used for market promotions.

Partnering with database which contains over 2500 vendors in the local market. Once they sign onto the market, we continue to cross-promote.

Utilizing the local traffic by placing signs on site at the park on 77th and 152nd (if permitted and approved)

We have also created unique initiatives in previous markets. "Bike to the Market" which encouraged people to bike to our markets using bike valets or racks. In Palmetto Bay, we would like to promote people to walking, biking, and carting to the park. It is a great way to get the community together and enjoy the beauty of the parks and the market.

Some Ideas for interactive events at the markets:

- **Live Music Performances:** We can arrange for local musicians or bands to perform live music at the market. It adds to the ambiance and creates a festive atmosphere. (soft and not disturbing)
- **Food Tastings or Cooking Demos:** We can partner with local food vendors or chefs to offer food tastings or cooking demonstrations. People love trying new foods, and it can also encourage them to purchase items from the vendors. We could do a ***"Taste of the Bays"*** and Include Palmetto Bay and Cutler Bay Restaurants for a food tasting.
- **DIY Workshops:** We will offer DIY workshops where attendees can learn to make crafts or artisanal products themselves. This could include activities like candle making, pottery painting, or jewelry making.
- **Kids' Corner:** We always encourage family fun so we would set up a designated area with activities for children, such as face painting, arts and crafts, or storytelling sessions. This can attract families to the market and keep kids entertained while parents' shop. .
- **Themed Events:** We would offer organize themed events based on seasons, holidays, or cultural celebrations. For example, a harvest festival in the fall, a holiday market in December, an Easter egg hunt or a cultural celebration featuring traditional music, dance, and food.
- **Local Art Exhibitions:** We created a Art Exhibit within the market in the Grove. It was a very successful day. Showcasing the work of local artists adds an extra dimension to the market and attracts art enthusiasts.
- **Wellness Activities:** Yoga in the Park is something Coral Reef is already doing, We can partner with wellness enthusiasts for activities such as yoga sessions, meditation workshops, or massage

therapy sessions. This can provide a relaxing break for visitors and complement the artisan market experience.

- **Community Partnerships:** We love to get the neighbors involved so we can collaborate with local organizations, schools, or charities to host joint events or fundraisers. This not only increases foot traffic but also strengthens ties within the community.
- **Special Guest Appearances:** Invite local celebrities, influencers, or experts in relevant fields to make guest appearances or give talks. This can draw attention to the market and generate buzz on social media.

In Reference to 4.01 Scope of Work

Metro Promotion has a database of 2500 Vendors that have participated in Markets in Miami. We normally use a form on our website and the vendors will have all the rules and regulations listed on the form. There will be a section that must click and initial showcasing the rules. This will be completed electronically. We also advertise on the website the rules and regulations on the website. We also reinforce those rules in the load-in instructions that are sent to the vendor prior to the market.

We acknowledge that each Vendor will be required to apply for their business tax licenses and all the licenses required to do vendors at the market. We have procedures in place for gathering, confirming, and storing vendor licenses and business documents to ensure compliance and accountability.

A General Outline of how we run our markets:

- **Initial Application Process**: Vendors interested in selling at the market always sign up on our website. This application usually includes basic information about the vendor's business, such as their contact information, type of products they sell, and any relevant licenses or permits they hold. We always ask to click on the rules and regulation buttons by acknowledging that they were read and received.
- **Documentation Submission**: Along with the application, vendors are required to submit copies of their licenses, permits, and other business documents. This may include things like a business license, health permits (if selling food), sales tax permits, and any other permits or certifications required by local regulations.
- **Approval and Vendor Agreement**: If the documentation is confirmed to be valid and meets our requirements, the vendor is approved to sell at the market. The vendor agreement is normally signed and stored digitally in our database (via Dropbox) If it is new vendor and time is limited before the next market, we confirm the application for such documents have been submitted.
- **Storage and Record-Keeping**: Copies of the approved vendor applications, licenses, and other relevant documents are typically stored securely by the leadership team and management. Normally using a Dropbox folder with the vendor's name. We also have physical filing cabinets for those that are not tech friendly or a combination of both. It's important to keep accurate records for compliance purposes and in case of any audits or inquiries.
- **Reviews and Updates**: We have processes in place to periodically review vendor documentation to ensure ongoing compliance. Vendors may be required to renew their licenses or permits annually or as required by law, and they may need to provide updated documentation as needed.

We are firm believers in "Leave No Trace". It is a Scouting tool we learned and implanted into our markets.

1. Plan and Prepare
2. Dispose of Waste Properly
3. Leave what you find (in nature)
4. Respect Wildlife
5. Be respectful of others.

We are acknowledging that an off-duty police officer must be hired for the market. We have obtained that information from the village.

We understand the vending units are self-contained and no electricity or water is provided. They can use generated if they are compliant with the Village of Palmetto Bay regulations. They are permitted to use SILENT generators. We actually have partnerships with Generator companies that help us get this accomplished pretty easily for the vendors.

We understand we are responsible for signage and as previously stated, we would look forward to having the ability to have professional signs made., We will comply with the rules as given to use by the Village.

We always watch the weather; we notify the vendors when the weather is bad. We keep an excel to keep track of the month rain days for compliance. Normally we are in close contact with the community or grounds that our markets are taking place on. Texts and Emails are sent. Notification is published on social media as well.

We are acknowledging that we will comply with vendor rules permitted by the village. We are acknowledging that we can not block or interfere with Canoe access and transport. We are very familiar with the park and launch pad.

We are acknowledging that an off-duty police officer must be hired for the market. We have obtained that information from the village.

James LaMorte, Barbara Ferenczi or one of our Market Managers will be on site at the market for the duration of the market each week.

We acknowledge the food truck limit. We have a few trucks we enjoy working with so we can rotate them in the parking lot as instructed by the Village of Palmetto Bay. They will follow the same procedures as other food vendors.

We are acknowledging that we as a Market and our vendors are considered independent contractors and not employees of the Village of Palmetto Bay.

In past markets we have implemented many strategies to keep vendor in compliance with the rules and regulations and nothing will change if awarded the Palmetto Bay Village Market. Our largest form of communication is out website and our written communication via text and email. We are always having an open line of communication with the vendors.

- **Online Platforms**: We use our websites to communicate with vendors. We will maintain a dedicated section on the website where vendors can access important documents, updates, and announcements related to rules and regulations. We will have links to those documents, Phone numbers and contact information for business licenses and insurance assistance.
- **Written Communication**: We are always sending out written communications. We mostly use emails and texts to vendors to remind them of important rules and regulations, upcoming events, or changes in procedures. This ensures that all vendors receive the information directly and I have a written record of the notice.

- **Notices**: In the beginning, we hand out notices highlighting important rules and regulations. This serves as a visual reminder for vendors as they proceed with their day.
- **Vendor Handbook or Guide**: As the market progresses and grows, and if we deem it necessary, we will make a flyer/handbook that outlines all the rules, regulations, and procedures that vendors need to follow. This handbook covers various topics such as setup and breakdown procedures, product guidelines, permitted activities, health and safety regulations, and any specific market policies. If is often delivered via email or downloaded from the website using a link

To Whom It May Concern,

I am writing to express my wholehearted support James LaMorte who owned and operated the Coconut Grove Artisanal Market that was on the property of St. Stephen's Church in Coconut Grove. I have also worked with Barbara Ferenczi for several years as well. Her family volunteers at the annual art show and she handles all our marketing and social media for the event. As the Pastor of this congregation, I had the privilege of witnessing firsthand the positive impact that his market and the team had on our community.

The Market, since its inception, served as a vibrant hub where local vendors, artisans, and community members come together in fellowship and commerce. It has not only provided a platform for small businesses to thrive but has also fostered a sense of community spirit and connection among our diverse residents.

I have personally observed the Market's commitment to promoting sustainable practices and locally sourced goods, aligning perfectly with our church's values of stewardship and community care. Furthermore, the Market's outreach initiatives, such as donating excess produce to local shelters and participating in community service projects, reflect its dedication to making a positive difference beyond its commercial endeavors.

In conclusion, I was very happy to have worked with James and his team for many years. As a business considering working with his team, I wanted to let you know he was always dependable for his contractual obligations, and even went about and beyond to make sure the grounds were kept in good order. I urge any organization or individual considering involvement with the Metro Promotions team to do so with confidence. I am also a Palmetto Bay Resident and look forward to visiting the market.

Sincerely,

Willie Allen-Faiella

General Instructions

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

BACKGROUND AND ANALYSIS:

Given the determination that the parking lot at Thalatta Estate was in need of refurbishing, including a new layer of asphalt, milling and striping, a scope of work was developed and expanded to address other items including the replacement of the curbing surrounding the large center landscape island, and as recommended by the Village's tree arborist, installation of the perimeter root barriers to protect the new asphalt. An RFP# 2024-12-012 for these services was published on March 19th, 2024 and the Village received five (5) proposals and it was determined that the most advantageous pick and the highest scored Proposer was Star Paving Corporation.

FISCAL IMPACT:

Under the adopted 2023-2024 fiscal year budget from the Annual Operating Budget/Capital Improvements, the allocated amount for these services is One Hundred Fifty Thousand Dollars and Zero Cents ($150,000.00). Star Paving Corporations total amount is Fifty-Four Thousand Six Hundred Six Dollars and Zero Cents ($54,606.00).

The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Re: Request for Proposal No. 2024-12-012
VPB-Thalatta Estate Asphalt Parking Lot Refurbishing

This Addendum forms part of the Request for Proposal (RFP) Package advertised on March 19th, 2024, and with a proposal opening date of April 22nd, 2024, with any amendments and/or additions noted below.

Question No. 1: Are permits required for this project?

Response: *The successful Proposer is responsible for all necessary permits and requests for inspection(s), as well as all underground clearances in areas of work.*

Question No. 2: What is the estimated value for this project?

Response: *There is no 'estimated value' or estimated cost for this project.*

Question No. 3: *Will the contractor be required to provide a construction schedule for the project?*

Response: *Yes, please be sure to provide the construction schedule with the proposal.*

Question No. 4: Will the Building Department need the contractor to provide a survey of site plan for the project?

Response: *Should the Building Department require a survey, the Village will provide.*

Question No. 5: What are the bond requirements for this project?

Response: *Please reference the Performance and Payment Bond section on page thirteen to fourteen (13-14) of the RFP.*

Question No. 6: Does the existing irrigation pipe installation cost need to be included in the proposal?

Response: *If you are referring to the trenching work in preparation of the root barrier installation, the Proposer is responsible for all underground clearances and should hand-dig where necessary. Repair of damaged irrigation lines, etc., is the Proposer's responsibility.*

Question No. 7: Will the hedges for the curbing need to be removed? Will the Company need to replace the hedges?

Response: *It is the desire of the Village for the hedges inside the landscape island curbing to remain and not be removed.*

Question No. 8: Can the equipment be stored at the Thalatta Estate?

Response: *Yes, but be advised that the parking lot is the only available area for equipment storage which 1) may necessitate a divided paving schedule and 2) cannot interfere with Paver Replacement project scheduled prior to Parking Lot Refurbishing project*

Question No. 9: There is an existing irrigation pipe in the area where the root barrier will be installed; the existing pipe will need to be replaced after construction. Do we include that cost in the estimate?

Response: *Underground clearance is the responsibility of the contractor, and the contractor must repair any damage occurring as a result of their work.*

Question No. 10: The hedges around the existing type D curb will need to be removed for the construction of the proposed curb. Will the Village replace the hedges or does the contractor need to include that cost in the bid?

Response: *It is the desire of the Village for the existing hedge to remain.*

Thank you,

ABencomo

Question No. 6: Does the existing irrigation pipe installation cost need to be included in the proposal?

Response: *If you are referring to the trenching work in preparation of the root barrier installation, the Proposer is responsible for all underground clearances and should hand-dig where necessary. Repair of damaged irrigation lines, etc., is the Proposer's responsibility.*

Question No. 7: Will the hedges for the curbing need to be removed? Will the Company need to replace the hedges?

Response: *It is the desire of the Village for the hedges inside the landscape island curbing to remain and not be removed.*

Question No. 8: Can the equipment be stored at the Thalatta Estate?

Response: *Yes, but be advised that the parking lot is the only available area for equipment storage which 1) may necessitate a divided paving schedule and 2) cannot interfere with Paver Replacement project scheduled prior to Parking Lot Refurbishing project*

Question No. 9: There is an existing irrigation pipe in the area where the root barrier will be installed; the existing pipe will need to be replaced after construction. Do we include that cost in the estimate?

Response: *Underground clearance is the responsibility of the contractor, and the contractor must repair any damage occurring as a result of their work.*

Question No. 10: The hedges around the existing type D curb will need to be removed for the construction of the proposed curb. Will the Village replace the hedges or does the contractor need to include that cost in the bid?

Response: *It is the desire of the Village for the existing hedge to remain.*

Thank you,

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the Metro Express Inc (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the *Employer to conduct, to the extent authorized by this MOU:*

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Thalatta Estate, built in 1925, once an affluent residential site and unforgettable and unexpected backyard landing spot for the infamous large freighter washed ashore by Hurricane Andrew in 1992, is now the home to many programs, wedding and special events. Since the refurbishing of Thalatta Estate and the many nostalgic/vintage components, the existing parking lot services the many patrons, and is need of refurbishment to restore the desired aesthetics in keeping with the facility's overall appearance. Additionally, the concrete curbing enclosing the center landscape areas has deteriorated with visible cracks and gaps, and is in dire need of replacement.

The Proposer also recognize the expense and difficulties involved in a legal or arbitration proceeding. The Proposer acknowledges and agrees that the actual damages which the Village will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described are a fair and reasonable estimate of the delay damages which the Village is expected to suffer in the event of such delay. Accordingly, as actual damages cannot be ascertained, the Proposer and the Village agree that as liquidated damages for delay, but not as a penalty, the Proposer shall pay the Village the amount of One Thousand Dollars and Zero Cents ($1,000.00) for each day after the time specified in the Documents for Substantial Completion until the Work is substantially complete.

Liquidated damages shall be deducted from the Proposer's applications for payment. However, if at the time of the Proposer's final application for payment, the Proposer is owed insufficient amounts to fully cover the deduction for liquidated damages, then the Proposer shall pay the amount due within ten (10) days of written demand by the Village.

3.24 Litigation

Proposers shall describe any prior or pending litigation or investigation, either civil or criminal, involving a governmental agency or which may affect the performance of the services to be rendered in which the Proposer, any of its employees, or subcontractors has been involved in within the last three (3) years.

3.25 Subcontractors

If the bidder intends on Subcontracting out all or any portion of the of the Project, the name of the proposed Subcontracting companies must be clearly disclosed in the bid. Following the award of the contract, no additional sub-contracting will be allowed without the prior written consent of the Village.

In order that the Village may be assured that only qualified and competent Subcontractors will be employed on the Project, each Bidder shall submit with the Bid a list of the Subcontractors who will perform the work for each division of the Project Specifications as indicated on the "List of Subcontractors" form contained within the Bid Form. The Bidder shall have determined to its own complete satisfaction that a listed Subcontractor has been successfully engaged in its particular type of business for a reasonable length of time, has successfully completed installations comparable to that which is required by the Contract Documents and is qualified both technically and financially to perform that pertinent phase of the Work for which it is listed. Only one Subcontractor shall be listed for each division of the Work. The "List of Subcontractors" shall be accompanied by an experience statement with pertinent information as to similar projects and other evidence of qualification, with all applicable licenses, registration or certification numbers noted on the Bid Form opposite its name for each such Subcontractor, person, and organization. No change shall be made to the "List of Subcontractors" after submission of the Bid, unless agreed to in writing by the Village. The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. If the Village after due investigation has reasonable objection to any proposed Subcontractor the Village before giving the Notice of Intent to Award, shall request the apparent successful bidder to submit an acceptable substitute without an increase in the Bid Price. If the apparent successful bidder declines to make any such substitution, the Contract shall not be awarded to such bidder and the Bid Guaranty of that bidder shall be forfeited. Any Subcontractor so listed and to whom the Village does not make written objection prior to the giving of the Notice of Intent to Award will be deemed acceptable. Failure to provide the "List of Subcontractors" shall result in the bid being deemed non-responsive.

If the Contract Price is on the basis of Cost-of-the-Work Plus a Fee or GMP, the eventual successful bidder, prior to the Notice of Intent to Award, shall identify in writing those portions of the Work that such bidder proposes to subcontract and after the Notice of Intent to Award may only subcontract other portions of the Work with the Villages written consent.

3.26 Indemnification

The Proposer shall indemnify and hold harmless the Village and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including

attorney's fees and costs of defense at both trial and appellate levels in which the Village or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Contract to the extent caused by negligence, reckless or wrongful conduct in the performance of the Contract by the Proposer or its employees, agents, servants, partners, principals or subcontractors. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village, and shall pay all costs, judgments and attorney's fees at trial and appellate levels which may issue as a result of the Proposer's negligence. The Proposer expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the Proposer shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein shall be deemed a waiver of Sovereign Immunity provided to the Village by Section 768.28, Florida Statutes. The Village shall not be liable for any damages or claims of any type including but not limited to lost profits, special damages, consequential damages, punitive damages or business interruption on account of the Village's decision to terminate this Contract. Additionally, the Proposer agrees that in the event the Contract is terminated for the Village's breach, the damages that the Proposer may have against the Village shall be limited to actual compensatory damages. The Parties knowingly, irrevocably, voluntarily, and intentionally waive all rights to trial by jury.

3.27 Quality

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this RFP shall be new and be the latest model, of the best quality, and of the highest-grade workmanship. The Proposer, in addition to any warranties provided by the manufacturer of the materials, shall provide warranties of **MERCHANTIBILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

3.28 Protests, Appeals and Disputes

The procedures and requirements for proposal protests, appeals and disputes are set forth in the Village Code, Sec. 2-175 (o) – (p), the provisions of which are hereby incorporated as if fully set forth herein, which may be found on www.municode.com: https://www.municode.com/library/#!/fl/palmetto_bay/codes/code_of_ordinances?nodeId=COOR_CH2AD_ARTVIFI_DIV2PRCO_S2-175PRPR

3.29 Force Majeure

The performance of any act by the Parties may be delayed or suspended at any time while, but only so long as either Party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such Party, provided however, the Village shall have the right to provide substitute service from third parties or Village personnel and in such event the Village shall withhold payment due for such period of time. If the condition of force majeure exceeds

a period of fourteen (14) days the Village may, at its option and discretion, cancel or renegotiate the Contract.

3.30 E-Verify System

In accordance with Chapter 448.095, Florida Statutes, a public employer, Contractor, or sub-Contractor may not enter into a Contract unless the Proposer registers and uses the Federal E-Verify System. Thus, the Village may not enter into or renew any Contract with a Proposer that is not enrolled and uses the E-Verify system, and such Proposer is obligated to do so. The Village may ask for verification that the Proposer has registered and is using the E-Verify system. The Proposer may not be barred or penalized because they receive inaccurate information from the E-Verify program and hires or employs an ineligible person. Nothing in this section may be construed to allow intentional discrimination of any class protected by law.

3.31 Work Delays

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Re: Request for Proposal No. 2024-12-012
VPB-Thalatta Estate Asphalt Parking Lot Refurbishing

This Addendum forms part of the Request for Proposal (RFP) Package advertised on March 19th, 2024, and with a proposal opening date of April 22nd, 2024, with any amendments and/or additions noted below.

Question No. 1: Are permits required for this project?

Response: *The successful Proposer is responsible for all necessary permits and requests for inspection(s), as well as all underground clearances in areas of work.*

Question No. 2: What is the estimated value for this project?

Response: *There is no 'estimated value' or estimated cost for this project.*

Question No. 3: *Will the contractor be required to provide a construction schedule for the project?*

Response: *Yes, please be sure to provide the construction schedule with the proposal.*

Question No. 4: Will the Building Department need the contractor to provide a survey of site plan for the project?

Response: *Should the Building Department require a survey, the Village will provide.*

Question No. 5: What are the bond requirements for this project?

Response: *Please reference the Performance and Payment Bond section on page thirteen to fourteen (13-14) of the RFP.*

Question No. 6: Does the existing irrigation pipe installation cost need to be included in the proposal?

Response: *If you are referring to the trenching work in preparation of the root barrier installation, the Proposer is responsible for all underground clearances and should hand-dig where necessary. Repair of damaged irrigation lines, etc., is the Proposer's responsibility.*

Question No. 7: Will the hedges for the curbing need to be removed? Will the Company need to replace the hedges?

Response: *It is the desire of the Village for the hedges inside the landscape island curbing to remain and not be removed.*

Question No. 8: Can the equipment be stored at the Thalatta Estate?

Response: *Yes, but be advised that the parking lot is the only available area for equipment storage which 1) may necessitate a divided paving schedule and 2) cannot interfere with Paver Replacement project scheduled prior to Parking Lot Refurbishing project*

Question No. 9: There is an existing irrigation pipe in the area where the root barrier will be installed; the existing pipe will need to be replaced after construction. Do we include that cost in the estimate?

Response: *Underground clearance is the responsibility of the contractor, and the contractor must repair any damage occurring as a result of their work.*

Question No. 10: The hedges around the existing type D curb will need to be removed for the construction of the proposed curb. Will the Village replace the hedges or does the contractor need to include that cost in the bid?

Response: *It is the desire of the Village for the existing hedge to remain.*

Question No. 2: What is the estimated value for this project?

Response: *There is no 'estimated value' or estimated cost for this project.*

Question No. 3: *Will the contractor be required to provide a construction schedule for the project?*

Response: *Yes, please be sure to provide the construction schedule with the proposal.*

Question No. 4: Will the Building Department need the contractor to provide a survey of site plan for the project?

Response: *Should the Building Department require a survey, the Village will provide.*

Question No. 5: What are the bond requirements for this project?

Response: *Please reference the Performance and Payment Bond section on page thirteen to fourteen (13-14) of the RFP.*

Question No. 6: Does the existing irrigation pipe installation cost need to be included in the proposal?

Response: *If you are referring to the trenching work in preparation of the root barrier installation, the Proposer is responsible for all underground clearances and should hand-dig where necessary. Repair of damaged irrigation lines, etc., is the Proposer's responsibility.*

Response: *Yes, but be advised that the parking lot is the only available area for equipment storage which 1) may necessitate a divided paving schedule and 2) cannot interfere with Paver Replacement project scheduled prior to Parking Lot Refurbishing project*

Question No. 9: There is an existing irrigation pipe in the area where the root barrier will be installed; the existing pipe will need to be replaced after construction. Do we include that cost in the estimate?

Response: *Underground clearance is the responsibility of the contractor, and the contractor must repair any damage occurring as a result of their work.*

Question No. 10: The hedges around the existing type D curb will need to be removed for the construction of the proposed curb. Will the Village replace the hedges or does the contractor need to include that cost in the bid?

Response: *It is the desire of the Village for the existing hedge to remain.*

Re: Request for Proposal No. 2024-12-012
VPB-Thalatta Estate Asphalt Parking Lot Refurbishing

This Addendum forms part of the Request for Proposal (RFP) Package advertised on March 19th, 2024, and with a proposal opening date of April 22nd, 2024, with any amendments and/or additions noted below.

Question No. 1: Are permits required for this project?

Response: *The successful Proposer is responsible for all necessary permits and requests for inspection(s), as well as all underground clearances in areas of work.*

Question No. 2: What is the estimated value for this project?

Response: *There is no 'estimated value' or estimated cost for this project.*

Question No. 3: *Will the contractor be required to provide a construction schedule for the project?*

Response: *Yes, please be sure to provide the construction schedule with the proposal.*

Question No. 4: Will the Building Department need the contractor to provide a survey of site plan for the project?

Response: *Should the Building Department require a survey, the Village will provide.*

Question No. 5: What are the bond requirements for this project?

Response: *Please reference the Performance and Payment Bond section on page thirteen to fourteen (13-14) of the RFP.*

Question No. 6: Does the existing irrigation pipe installation cost need to be included in the proposal?

Response: *If you are referring to the trenching work in preparation of the root barrier installation, the Proposer is responsible for all underground clearances and should hand-dig where necessary. Repair of damaged irrigation lines, etc., is the Proposer's responsibility.*

Question No. 7: Will the hedges for the curbing need to be removed? Will the Company need to replace the hedges?

Response: *It is the desire of the Village for the hedges inside the landscape island curbing to remain and not be removed.*

Question No. 8: Can the equipment be stored at the Thalatta Estate?

Response: *Yes, but be advised that the parking lot is the only available area for equipment storage which 1) may necessitate a divided paving schedule and 2) cannot interfere with Paver Replacement project scheduled prior to Parking Lot Refurbishing project*

Question No. 9: There is an existing irrigation pipe in the area where the root barrier will be installed; the existing pipe will need to be replaced after construction. Do we include that cost in the estimate?

Response: *Underground clearance is the responsibility of the contractor, and the contractor must repair any damage occurring as a result of their work.*

Question No. 10: The hedges around the existing type D curb will need to be removed for the construction of the proposed curb. Will the Village replace the hedges or does the contractor need to include that cost in the bid?

Expiration Date: April 30, 2024

Dear Jorge Lopez,

Miami-Dade County Office of Small Business Development (SBD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2-8.1.1.1.1; 2-8.1.1.1.2; 2-10.4.01; 10-33.02 of Miami-Dade County's Codes. This Small Business Enterprise - Construction (SBE-Con) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audit(s) within the three (3) year certification period. **Failure to provide required documentation for a random audit will initiate the decertification process.**

At the time of expiration, your firm will submit a Re-certification Application at least one hundred and eighty (180) days, but not less than, ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. **Failure to provide the re-certification application and required supporting documentation will initiate the decertification process.**

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations(s) with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. **Failure to notify SBD of any changes may result in immediate action to decertify the firm.**

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: https://www.miamidade.gov/global/business/smallbusiness/home.page. The categories as listed below affords you the opportunity to bid and participate on contracts with Small Business Enterprise measures.

Waypoint Contracting, Inc., was awarded this best value contract to reconstruct the Morningside Tennis Center for the City of Miami. The work consisted of furnishing all materials, labor, and equipment necessary for the demolition and reconstruction of the seven existing tennis courts, plus the addition of one new court. The project also included the construction of a new plaza with seating, tables, and other site furnishings; installation of landscaping, an irrigation system, a pre-fabricated tennis practice wall, new fencing, security lights and resurfacing, and restriping of the existing parking lot.

Construction took place in an active park, which required extra precaution. The work area was enclosed to ensure the safety of the public, and so that there was no interruption of the park's regular operations. During construction, our project team discovered that the existing drainage system was deteriorated and needed to be replaced. A new system had to be designed and installed in order to allow for proper stormwater control at the park. The team worked closely with the engineer and City project staff to help design and construct the most economical and feasible solution. Waypoint was also responsible for coordinating with Musco Lighting to provide sports lighting installations.

Waypoint Contracting, Inc., was awarded this contract for the renovation of the two story building for the City of Delray Beach CRA. The work consisted of a complete structural and architectural renovation of existing two story building which included demo and replacement of entire roof structure and replacement with new trusses and roof, shoring of 2nd floor and new structural reinforcement, new stairwell structure, new elevator shaft, and structural modification of all openings. Architectural renovations included new doors, windows, stucco, paint flooring, railings, elevator, HVAC, plumbing, electrical, fire alarm, site drainage, parking, irrigation, and landscape.

The project was challenging because it required careful coordination of the work to preserve the structural elements called out to the remain so not to compromise the existing structure as the new structural modifications were being made. Also the site had a very small foot print that required careful coordination of all material deliveries so not to compromise site logistics movements and disturbance to the adjacent properties/neighbors

Only one Subcontractor shall be listed for each division of the Work. The "List of Subcontractors" shall be accompanied by an experience statement with pertinent information as to similar projects and other evidence of qualification, with all applicable licenses, registration or certification numbers noted on the Bid Form opposite its name for each such Subcontractor, person, and organization. No change shall be made to the "List of Subcontractors" after submission of the Bid, unless agreed to in writing by the Village. The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. from the performance of the Contract to the extent caused by negligence, reckless or wrongful conduct in the performance of the Contract by the bidder or its employees, agents, servants, partners, principals or Subcontractors. The bidder shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village, and shall pay all costs, judgments and attorney's fees at trial and appellate levels which may issue as a result of the bidder's negligence. The bidder expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the bidder shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein shall be deemed a waiver of Sovereign Immunity provided to the Village by Section 768.28, Florida Statutes. The Village shall not be liable for any damages or claims of any type including but not limited to lost profits, special damages, consequential damages, punitive damages or business interruption on account of the Village's decision to terminate this Contract. The procedures and requirements for bid protests, appeals and disputes are set forth in the Village Code, Sec. 2-175 (o) – (p), the provisions of which are hereby incorporated as if fully set forth herein, which may be found on www.municode.com: https://www.municode.com/library/#!/fl/palmetto_bay/codes/code_of_ordinances?nodeId=COOR_CH2AD_ARTVIFI_DIV2PRCO_S2-175PRPR

The performance of any act by the Parties may be delayed or suspended at any time while, but only so long as either Party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such Party, provided however, the Village shall have the right to provide substitute service from third parties or Village personnel and in such event the Village shall withhold payment due for such period of time. If the condition of force majeure exceeds a period of fourteen (14) days the Village may, at its option and discretion, cancel or renegotiate the Contract.

3.29 Work Delays

Should the work be obstructed or delayed required to be done by approved changes in the work or by any default, act, or omission of the Village, or by strikes, fire, earthquake, hurricane, or any other Act of God, or by the inability to obtain materials, equipment, or labor due to local, State or federal government restrictions, then the time of completion may, at the Village's sole option, be extended for such periods as may be agreed upon by the Parties. In the event that there is insufficient time to grant such extensions prior to the completion date of the Contract, the Village Manager may, at the time of acceptance of the work, waive liquidated damages that may have accrued for failure to complete on time, due to any of the above.

3.30 Bid Guaranty

The bid must be accompanied by a bid guaranty in the form of a certified check payable to the Village of Palmetto Bay or a Bid Bond (form attached) in the amount of not less than five percent (5%) of the total amount of the bid, issued by a properly licensed surety company. For contracts not exceeding fifty thousand dollars and zero cents ($50,000.00) a bid guaranty is not required.

The Bid Guaranty will be retained until the Parties have executed the Contract and furnished the required Contract Security, whereupon it will be returned; if the successful bidder fails to execute, deliver and furnish the required guaranty within fifteen (15) days of the Notice of Intent to Award, Village may annul the Notice of Intent to Award and the Bid Security of that Bidder shall be forfeited.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

The following Exhibits are incorporated by reference and made part of this Contract:

The below Exhibits are also collectively referred to as the "Documents". In the event of any conflict between the Documents or any ambiguity or missing specification or instruction, the following priority is established:

A. This Contract
B. ITB# 2024-11-014 issued by the Village.
C. Bid Sheet submitted by the Company showing breakdown of costs.

Article 2. Scope of Work

1. The Work is generally described as follows:
The Project shall include but not be limited to drainage improvements, roadway trench restoration, swale restoration, roadway resurfacing and site restoration throughout the Project area.

2. The Company agrees to furnish all the materials, tools, equipment, labor, services, incidentals, and everything necessary to perform and shall perform the Work in accordance with **ITB# 2024-11-014** and plans furnished. In preparing its proposal, the Company and all subcontractors named in its proposal shall bear sole responsibility for proposal preparation errors resulting from any misstatements or omissions in the specifications that could easily have been ascertained by examining either the project site or test data in the Village's possession. Any patent ambiguity or defect shall give rise to a duty of the Company to inquire prior to proposal submittal. Failure to inquire so shall cause any such ambiguity or defect to be construed against the Company. An ambiguity or defect shall be considered patent if it is of such a nature that the Company, assuming reasonable skill, ability, and diligence on its part, knew or should have known of the existence of the ambiguity or defect.

The failure of the Company to notify the Village in writing of specification defects or ambiguities prior to proposal submittal shall waive any right to assert defects or ambiguities subsequent to the submittal of the Proposal. In the event that, after awarding the Contract, any dispute arises as a result of any actual or alleged ambiguity or defect in the specifications, or any other matter whatsoever, the Company shall immediately notify the Village in writing, and the Company shall continue to perform, irrespective of whether or not the ambiguity or defect is major, material, minor or trivial, and irrespective of whether a change order, time extension, or additional compensation has been granted by Village. 3) Give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in Subsection (1).
4) In the statement specified in Subsection (1), notify the employees, that, as a condition of working of the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employee of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Re: Invitation to Bid No. 2024-11-014
Paving and Drainage Improvements Project

This Addendum forms part of the Invitation to Bid (ITB) Package advertised on April 16th, 2024, and with a bid opening date of May 7th, 2024, with any amendments and/or additions noted below.

Question No. 1: Can the experience/reference be from our subcontractor?

Response: *Experience is preferably from the Prime Contractor; however, the Proposer may submit the experience from their subcontractor.*

Question No. 2: Could you please provide us with the budget/estimate for the subject project?

Response: *The cost estimate for this project is Three Hundred Fifteen Thousand Four Hundred Sixty-Five Dollars and Zero Cents ($315,465.00).*

Question No. 3: What is the contract term for this project?

Response: *The contract term for this project is five (5) months.*

Question No. 4: Does the Proposer need to provide references even if the Proposer already does work for the Village of Palmetto Bay?

Response: *Yes, the solicitation mentions that each proposal must be accompanied by a list of at least three (3) references, which shall include all the information requested in the reference form. The Village should not be listed as one of the references provided.*

Question No. 5: Exhibit E calls out to remove the existing drainage wells (3 EA). Are these drainage wells? If so, what part of the well is to be removed? Does the casing need to be plugged?

Response: *These are old shallow/small diameter wells (with or without casing). Portion of well in conflict with proposed drainage structure at same location would need to be partially removed to allow for installation of new drainage structure. Casing would not need to be plugged.*

Question No. 6: In the bid form, Bid Item# 425-2 has an Estimated Quantity of 0 EA. Please confirm the correct quantity for this item.

Response: *Correct, quantity for 425-2 Manholes (Type J-7T) is 0 EA. Manholes proposed for this project should be 425-3 Manholes (Type P-7T).*

Question No. 7: What are the proposed Catch Basins & Manholes for this project? The dimensions are important to determine an accurate proposal.

Response: Drainage Structures are all P-Boxes, as per FDOT Standard Plans 425-010 (attached). For height of structure, price per the following:

Structures connected to French Drains 72" Height
Structures Non-Connected to French Drains 60" Height

GENERAL NOTES:

1. Work this Item with Specification 425 and Index 425-001.

2. Type P standard structure bottoms are 4'-0" diameter and smaller (Alt. A) and 5'-0" square (Alt. B). Larger diameter structure bottoms are designated Type J. Shapes are permitted for all structures.

3. Walls of circular structures (Alt. A) constructed in place may be of brick or monolithic concrete. Circular precast and rectangular structures (Alt. B) shall be reinforced concrete only.

4. Wall thickness and reinforcement shall be either traditional cast-in-place or precast concrete units except that precast circular units may be furnished with walls in accordance with ASTM C478 (see Table 1).

5. Top and bottom slab thickness and reinforcement are for precast and cast-in-place construction (see Class IV concrete, except when Class II concrete is called for in the Plans).

6. Alt. A or Alt. B structure bottoms may be used in conjunction with cast-iron inlet tops Types 1, 2, 3, 4, 5, 6, 8, and 10 and any manhole or junction box. Alt. B structure bottoms may be used in conjunction with curb inlet Types 7 & 8, or any solid bottom inlet.

7. Rectangular structures may be rotated as directed by the Engineer in order to facilitate connections between the structure walls and pipes.

8. Use straight embedment reinforcement in top and bottom slabs except when 45° hooks are specifically required.

9. Construct corner chords as shown for rectangular structures used with circular risers and one thread and when used as new or reconstructed inlets, ditch, and inlet bottoms. Construct chords in the top slab of the Alt. A structure bottom when used with the Type B risers. Reinforce each chord with two #5 bars.

10. Where larger pipe diameters than specified in standard may be substituted at the contractor's option when these units will not cause an increase the severity of utility conflicts. Furnish such larger units at no additional cost to the Department. Larger Alt. A units cannot replace Alt. B units without approval of the Engineer. This does not apply to the utility item.

REINFORCEMENT NOTES:

1. Locate wall reinforcement in rectangular structures as shown in the WALL REINFORCEMENT SPLICE DETAILS in Index 425-001.

2. Provide a minimum 2" clear cover for all reinforcement unless otherwise noted and except for ASTM C478 (see 1).

3. Additional bars used to reinforce box openings for precast structures with oversize pipe openings may be omitted from the wall surface.

4. Cut or bend reinforcement as your option to maximum clear.

5. Remove exposed ends of reinforcing at precast joint openings and grouted joints to 1" below the concrete surface and seal with a Type P Epoxy meeting the requirements of Specification 926.

6. Equivalent area metric or Sl/metric welded wire reinforcement may be substituted in accordance with Index 425-001.

TABLE 4 NOTES:

1. Wall depth is measured in the top of the bottom slab for keyed and to the top of the intermediate slab for risers.
2. Wall height is the distance between top of lower cell to bottom of upper cell. Maximum wall height is 13' for wall lengths exceeding 12', or 28' for wall lengths exceeding 22'.
3. Wall lengths assuming 6'-0" required two layers of reinforcing (See Table 4) each 2" of cover from the horizontal walls to the inside and outside faces for each wall.
4. Wall lengths exceeding the dimensions or depths shown in Table 4, or 12'-8" diameter require a special design.
5. Wall thickness and reinforcing for rectangular structures is based on the longer wall length.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. *For federal tax purposes, you are considered a U.S. person if you are:*

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Response: *Experience is preferably from the Prime Contractor; however, the Proposer may submit the experience from their subcontractor.*

Question No. 2: Could you please provide us with the budget/estimate for the subject project?

Response: *The cost estimate for this project is Three Hundred Fifteen Thousand Four Hundred Sixty-Five Dollars and Zero Cents ($315,465.00).*

Question No. 3: What is the contract term for this project?

Response: *The contract term for this project is five (5) months.*

Question No. 4: Does the Proposer need to provide references even if the Proposer already does work for the Village of Palmetto Bay?

Response: *Yes, the solicitation mentions that each proposal must be accompanied by a list of at least three (3) references, which shall include all the information requested in the reference form. The Village should not be listed as one of the references provided.*

Question No. 5: Exhibit E calls out to remove the existing drainage wells (3 EA). Are these drainage wells? If so, what part of the well is to be removed? Does the casing need to be plugged?

Response: *These are old shallow/small diameter wells (with or without casing). Portion of well in conflict with proposed drainage structure at same location would need to be partially removed to allow for installation of new drainage structure. Casing would not need to be plugged.*

The bidder and the Village recognize that time is of the essence of this Contract and that the Village will suffer financial loss and other damages if the Work is not substantially or finally complete within the time specified in the Contract. The bidder also recognize the expense and difficulties involved in a legal or arbitration proceeding. The bidder acknowledges and agrees that the actual damages which the Village will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described are a fair and reasonable estimate of the delay damages which the Village is expected to suffer in the event of such delay. Accordingly, as actual damages cannot be ascertained, the bidder and the Village agree that as liquidated damages for delay, but not as a penalty, the bidder shall pay the Village the amount of One Thousand and 00/100 Dollars ($1,000.00) for each day after the time specified in the Documents for Substantial Completion until the Work is substantially complete.

Liquidated damages shall be deducted from the bidder's applications for payment. However, if at the time of the bidder's final application for payment, the bidder is owed insufficient amounts to fully cover the deduction for liquidated damages, then the bidder shall pay the amount due within ten (10) days of written demand by the Village.

3.23 Litigation

Bidders shall describe any prior or pending litigation or investigation, either civil or criminal, involving a governmental agency or which may affect the performance of the services to be rendered in which the bidder, any of its employees, or subcontractors has been involved in within the last three (3) years.

In order that the Village may be assured that only qualified and competent Subcontractors will be employed on the Project, each Bidder shall submit with the Bid a list of the Subcontractors who will perform the work for each division of the Project Specifications as indicated on the "List of Subcontractors" form contained within the Bid Form. The Bidder shall have determined to its own complete satisfaction that a listed Subcontractor has been successfully engaged in its particular type of business for a reasonable length of time, has successfully completed installations comparable to that which is required by the Contract Documents and is qualified both technically and financially to perform that pertinent phase of the Work for which it is listed. Only one Subcontractor shall be listed for each division of the Work. The "List of Subcontractors" shall be accompanied by an experience statement with pertinent information as to similar projects and other evidence of qualification, with all applicable licenses, registration or certification numbers noted on the Bid Form opposite its name for each such Subcontractor, person, and organization. No change shall be made to the "List of Subcontractors" after submission of the Bid, unless agreed to in writing by the Village. The Village may make a determination regarding the responsibility and qualifications of each Subcontractor. To demonstrate qualifications to perform the Work, each Subcontractor must be prepared to submit, within five (5) days of Village's request, written evidence of the types set forth in the Request for Letter of Interest, such as financial data, previous experience, licensing, certification, and evidence of authority to conduct business in the Village. If the Village after due investigation has reasonable objection to any proposed Subcontractor the Village before giving the Notice of Intent to Award, shall request the apparent successful bidder to submit an acceptable substitute without an increase in the Bid Price. If the apparent successful bidder declines to make any such substitution, the Contract shall not be awarded to such bidder and the Bid Guaranty of that bidder shall be forfeited. Any Subcontractor so listed and to whom the Village does not make written objection prior to the giving of the Notice of Intent to Award will be deemed acceptable. Failure to provide the "List of Subcontractors" shall result in the bid being deemed non-responsive.

If the Contract Price is on the basis of Cost-of-the-Work Plus a Fee or GMP, the eventual successful bidder, prior to the Notice of Intent to Award, shall identify in writing those portions of the Work that such bidder proposes to subcontract and after the Notice of Intent to Award may only subcontract other portions of the Work with the Villages written consent.

3.25 Indemnification

The bidder shall indemnify and hold harmless the Village and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorney's fees and costs of defense at both trial and appellate levels in which the Village or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting

from the performance of the Contract to the extent caused by negligence, reckless or wrongful conduct in the performance of the Contract by the bidder or its employees, agents, servants, partners, principals or Subcontractors. The bidder shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, against the Village, and shall pay all costs, judgments and attorney's fees at trial and appellate levels which may issue as a result of the bidder's negligence. The bidder expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the bidder shall in no way limit the responsibility to indemnify, hold harmless and defend the Village or its officers, employees, agents, and instrumentalities. One Percent (1%) of the Contract amount shall represent the consideration to be provided for this Indemnification. Nothing contained herein shall be deemed a waiver of Sovereign Immunity provided to the Village by Section 768.28, Florida Statutes. The Village shall not be liable for any damages or claims of any type including but not limited to lost profits, special damages, consequential damages, punitive damages or business interruption on account of the Village's decision to terminate this Contract. Additionally, the bidder agrees that in the event the Contract is terminated for the Village's breach, the damages that the bidder may have against the Village shall be limited to actual compensatory damages. The Parties knowingly, irrevocably, voluntarily, and intentionally waive all rights to trial by jury.

3.26 Quality

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this ITB shall be new and be the latest model, of the best quality, and of the highest-grade workmanship. The Proposer, in addition to any warranties provided by the manufacturer of the materials, shall provide warranties of **MERCHANTIBILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

3.27 Protests, Appeals and Disputes

The procedures and requirements for bid protests, appeals and disputes are set forth in the Village Code, Sec. 2-175 (o) – (p), the provisions of which are hereby incorporated as if fully set forth herein, which may be found on www.municode.com: https://www.municode.com/library/#!/fl/palmetto_bay/codes/code_of_ordinances?nodeId=COOR_CH2AD_ARTVIFI_DIV2PRCO_S2-175PRPR

3.28 Force Majeure

The performance of any act by the Parties may be delayed or suspended at any time while, but only so long as either Party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such Party, provided however, the Village shall have the right to provide substitute service from third parties or Village personnel and in such event the Village shall withhold payment due for such period of time. If the condition of force majeure exceeds a period of fourteen (14) days the Village may, at its option and discretion, cancel or renegotiate the Contract.

3.29 Work Delays

Should the work be obstructed or delayed required to be done by approved changes in the work or by any default, act, or omission of the Village, or by strikes, fire, earthquake, hurricane, or any other Act of God, or by the inability to obtain materials, equipment, or labor due to local, State or federal government restrictions, then the time of completion may, at the Village's sole option, be extended for such periods as may be agreed upon by the Parties. In the event that there is insufficient time to grant such extensions prior to the completion date of the Contract, the Village Manager may, at the time of acceptance of the work, waive liquidated damages that may have accrued for failure to complete on time, due to any of the above.

3.30 Bid Guaranty

The bid must be accompanied by a bid guaranty in the form of a certified check payable to the Village of Palmetto Bay or a Bid Bond (form attached) in the amount of not less than five percent (5%) of the total amount of the bid, issued by a properly licensed surety company. For contracts not exceeding fifty thousand dollars and zero cents ($50,000.00) a bid guaranty is not required.

The Bid Guaranty will be retained until the Parties have executed the Contract and furnished the required Contract Security, whereupon it will be returned; if the successful bidder fails to execute, deliver and furnish the required guaranty within fifteen (15) days of the Notice of Intent to Award, Village may annul the Notice of Intent to Award and the Bid Security of that Bidder shall be forfeited.

3.31 PERFORMANCE AND PAYMENT BONDS

Within ten (10) days of the award of contract, there shall be placed surety bonds, each in the amount of One Hundred percent (100%) of the contract price, and issued by a properly licensed surety company acceptable to the Village. All bonds must be issued by an agent of broker licensed in the State of Florida and authorized to do business under the laws of the State of Florida. The bonds should provide that the surety's liability will be co-extensive with the Contractor's liability, and should contain a provision that the surety waives notice of changes to the contract, including, but not limited to, changes in the times for performance. For contracts not exceeding fifty thousand dollars and zero cents ($50,000.00) a surety bond is not required.
