AGENDA FOR BOARD WORKSHOP

BOARD WORKSHOP CAN BE VIEWED VIA LIVE STREAM OVER THE INTERNET ON THE DISTRICT'S WEBSITE (www.browardschools.com).

Second Revision - 01/26/24 Revised - 01/19/24

Public speakers will be permitted three minutes each to address a topic prior to Board Members' discussion on the topic. The times for items on the agenda are only estimates. The actual start times for these topics may vary up to an hour or more depending on the nature of the items and the length of the Board discussions and public comments. The meeting will also be live streamed. **Public Written Agenda Comments- Members of the public may submit public written comment by visiting the District's webpage at www.browardschools.com/publicparticipation. Public Written Agenda Comments must be submitted no later than 2 hours prior to the start of the School Board Meeting/Workshop. Anonymous comments will not be accepted; therefore, written comments must include the person's name, city of residence, and zip code. Written agenda comments may not exceed a maximum of nineteen hundred (1900) characters.** Pursuant to School Board Policy 1100A, the public may speak a total of fifteen (15) minutes during any single meeting, not including committee reports. Additionally, in the event a large group of individuals (more than twenty (20)) sign-up to speak on any one agenda item, the Board Chair has the authority to adjust the time limit for each speaker to speak less than the three (3) minutes (*which is approximately 400 words*) usually permitted or limit the overall time speakers will be heard on that item.

Free guest parking is available at the southeast 3rd Avenue parking lot on all School Board meeting dates.

Citizens Concerned About Our Children (CCC) Settlement Agreement

Annual Superintendent's Report

Established 1915
BROWARD
County Public Schools

INTRODUCTION

Rationale

SBBC Policy 1.5 requires the Superintendent to provide an annual status report to the School Board and community on the implementation of the terms of the CCC Settlement Agreement during a Board workshop in January (SBBC Policy 1.5, Section 4.j.).

Purpose

This report is presented to the School Board and community members in compliance with both the CCC Settlement Agreement and SBBC Policy 1.5.

2022-2027 STRATEGIC PLAN

Guardrail 2: Equity

The Superintendent may not allow resources to be allocated without firm evidence of their equitable distribution.

Request of School Board

Provide feedback to the Superintendent on priorities related to the current status of the conditions of the CCC Settlement Agreement.

Financial Impact: Vary by Condition

Background Information

On August 1, 2000, the School Board of Broward County, Florida entered into a settlement agreement with the group Citizens Concerned About Our Children (CCC) to ensure equity and diversity are promoted across all schools in the District.

The District's Board-appointed members of the Diversity Committee were named in the lawsuit as the body of stakeholders charged with monitoring the District's implementation of the nine (9) conditions named in the lawsuit. These conditions include:

- Condition 1 – Textbooks
- Condition 2 – Technology
- Condition 3 – Standards of Service
- Condition 4 – Advance Academics
- Condition 5 – Athletics
- Condition 6 – Media Centers
- Condition 7 – Discipline
- Condition 8 – Five Year Capital Plan
- Condition 9 – School Assignments and Reassignments

Updates Since the January 2023 Annual Report

- The Diversity Committee, in collaboration with District staff, have worked diligently since August 2023 to update the indicators used to measure the status of the conditions.
- Revisions were made to 24 of the original 32 indicators. An additional 7 indicators were created to further measure progress for a total of 39 indicators.
- Work is ongoing to make additional revisions to indicators within conditions not yet updated. These updates will be reflected in future reports, as applicable.
- All original and updated indicators are reflected throughout the report.

Results Summary

A full narrative for each indicator is located within the annual report. The appendix includes supplemental data for all conditions.

CCC SETTLEMENT AGREEMENT

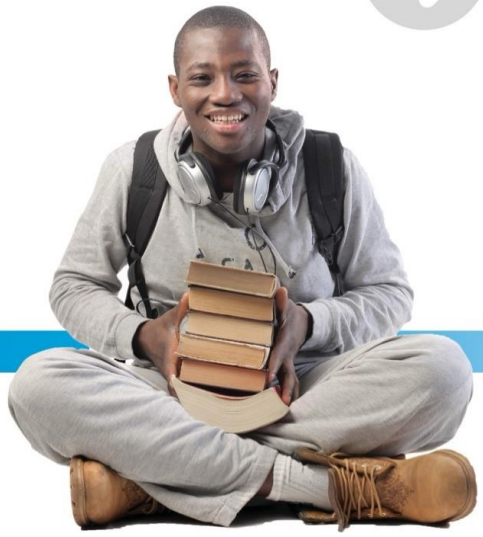

2023-24 ANNUAL SUPERINTENDENT'S REPORT

BACKGROUND INFORMATION

To ensure that diversity and equity are promoted within Broward County Public Schools, the Citizens Concerned About Our Children (CCC) Settlement Agreement and Release specifies nine conditions that the District has agreed to address and monitor.

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA (SBBC) Policy 1.5 requires the Superintendent to provide an annual status report at a Board workshop each January. This report complies with this policy requirement and seeks to provide information collected from a variety of data sources across District departments and schools as it relates to the nine conditions.

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

CCC Settlement Agreement Status Report 2023-24

Introduction

The CCC Settlement Agreement Status Report, 2023-24, provides information regarding the extent to which District and school staffs of Broward County Public Schools (BCPS) have met the conditions stipulated by the August 1, 2000, Citizens Concerned About Our Children (CCC) Settlement Agreement and Release. To ensure that diversity and equity are promoted within BCPS, the CCC Settlement Agreement specifies nine (9) conditions. Under each condition of the Agreement, BCPS, with the cooperation of the Diversity Committee established standards and indicators to address the terms of the Agreement.

This report includes information collected from a variety of data sources across District departments and available databases. The data and findings contained in the report focus on the 2022-23 and 2023-24 school years, where available.

The CCC Settlement Agreement applies to all District schools operated by BCPS. As charter schools are not District schools and are not operated by BCPS, they are not addressed in the Agreement. Due to budgetary constraints, the District cannot currently comply with some indicators established by the Diversity Committee.

Method

Quantitative data were gathered from District files, records, and databases. These data were chosen if the identified measure provided information regarding the status of one of the conditions in the Agreement and if the measure was available either through District databases or maintained in a file by a District department. To ensure data accuracy, select departments verified the site-by-site information.

Each of the nine conditions is broken down into measurable indicators. The indicators reflected in this report were updated during the first and second quarters of the 2023-24 school

year by the Diversity Committee, in collaboration with various District departments. The revisions made are highlighted in the pages that follow with reporting tables reflecting the previous indicators and the updated versions. The District is committed to continuing to work with the Diversity Committee to update indicators as is necessary to reflect current laws, policies, and practices.

Results

Results provided on the following pages include a current status of each of the indicators related to the nine conditions. Each indicator includes findings, actions (if applicable), and source of information. Table 1 provides a summary of the indicators by status.

Condition 1: The SCHOOL BOARD agrees to develop a plan to survey the schools to ascertain the number, quality, age, and availability of textbooks in relation to student enrollment and identify any gaps present. As a result of said survey, and subsequent analysis of the results, the SCHOOL BOARD shall implement plans to provide equal allocation of current textbooks district wide.

Condition 1:

The SCHOOL BOARD agrees to develop a plan to survey the schools to ascertain the number, quality, age, and availability of textbooks in relation to student enrollment and identify any gaps present. As a result of said survey, and subsequent analysis of the results, the SCHOOL BOARD shall implement plans to provide equal allocation of current textbooks district wide.

1.1 Students have access to a hard copy textbook for all classes on their schedule, unless a textbook waiver is signed by their parent(s)/guardian(s), in which case, the student shall be provided online access to the textbook.

Textbook orders are managed via the Instructional Materials Survey (IMS) databases and District student information system, TERMS. Textbook coordinators at each school can place order requests in the IMS databases based on current student enrollment counts reflected in TERMS throughout the school year to ensure incoming students have textbooks. Textbook coordinators at each school are responsible for counting deliveries and ensuring that the correct number of textbooks are delivered to the school by the vendor, Florida School Book Depository (FSBD).

Current cycle adoption materials are funded by the District based on student enrollment counts reflected in TERMS. Replenishment materials from past adoptions are listed on the Delivery of Instructional Materials memo that is distributed to principals annually through BCPS Central in the Principals Information Vital to Operations and Teaching (PIVOT) section. This memo explains that materials are available for replenishment with District funds.

Textbook orders are placed based on current enrollment counts for each school to ensure that each student receives one book and one digital access. Schools can place additional order requests for the current adoption cycle instructional materials and replenishment materials throughout the year based on enrollment growth.

An increase in textbook adoption vendor price has forced the District to utilize general funds to supplement costs above the State allocation for instructional materials. These budget constraints do not allow the District to purchase additional books above or beyond Full Time Equivalency (FTE) enrollment counts. If a school wants to purchase extra instructional materials (beyond one core textbook per child per subject allocation) they should use their Maintenance of Effort (MOE) funds provided by the State to ensure every student has access to a hard textbook that either loses or damages their textbook.

The Department of Innovative Learning, along with the Regional/Associate Superintendents and Teaching and Learning Directors, have continued to work collaboratively this year to retrain and effectively communicate to principals the importance of spending their allocated Maintenance of Effort (MOE) funds. This communication has extended to the monthly level principal meetings and through our traditional PIVOT memo routing methods. We have also begun sharing this in our newsletters to media specialists to communicate the importance of not leaving any of allocated funds on the table, specifically sharing how these funds can be used for the purchase of any outstanding materials that may cause any academic gaps at schools.

1.2 The school ensures that all textbooks are current and meet the State/District adoption cycle standard, including approved waivers. The District uses an online inventory tracker (i.e., Destiny) to ensure accurate accounting of all instructional materials.

All adopted core textbooks for BCPS follow the State adoption cycle. The internal District evaluation process of submitted materials aligns with the Florida Department of Education Core Questions Rubric. The current adoption cycle for the 2024-25 school year is Science K-

12. The full textbook adoption cycle and timeline is included in the supplemental data for Condition 1.

Source: Innovative Learning

1.3 The District and all schools comply with SBBC Policy 4140: Instructional Materials.

The District purchases core textbooks and digital licenses during an adoption cycle for each student. Textbook coordinators at each school can request additional materials based on enrollment growth throughout the school year by submitting an email request to the "Textbook Orders" mailbox. Upon receipt of the request, orders are processed following a verification of the current enrollment by the Department of Innovative Learning. Ordered materials are delivered directly to the schools by the State textbook vendor, FSBD. In instances of schools who did not meet their projected enrollment, their additional textbooks are requested by the textbook warehouse to redistribute to schools that exceeded their projected enrollment and are in need of additional instructional materials. This cycle is utilized at all school levels to ensure equity and adequate distribution of instructional materials. In accordance with s. 1006.23, F.S., students also receive digital access to all instructional materials via the single sign-on or learning management system platforms.

Source: Innovative Learning

1.4 The District has an established, written textbook replacement plan including a process flowchart and timeline.

Each school collects fines for damaged or lost textbooks and uses the collected fines to replace lost and/or damaged textbooks. The textbook replacement plan flowchart (see supplemental data for Condition 1) details this process. The textbook coordinator at each school handles the replacement of lost or damaged textbooks for their location, making the

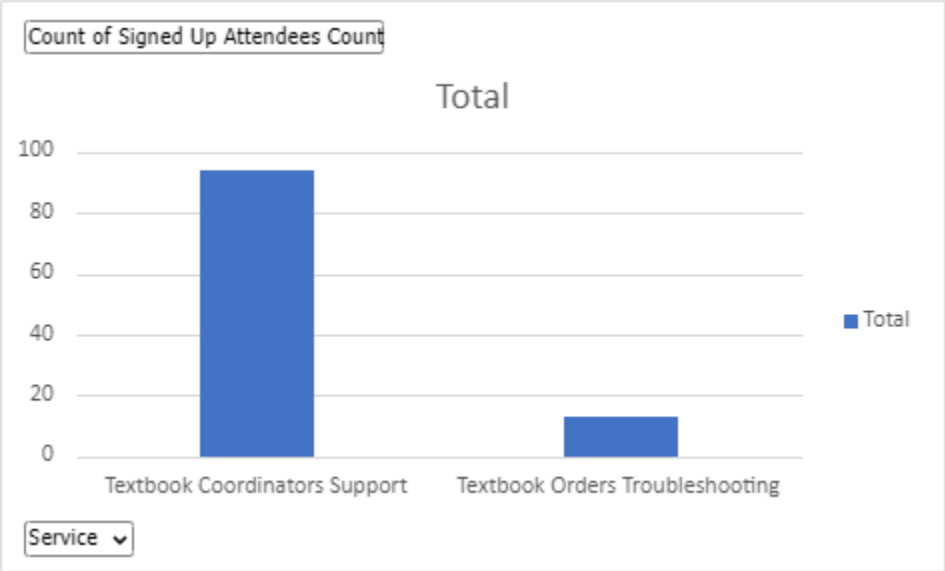

timeline fluid. If schools need additional materials for any reason, the textbook coordinator follows the district procedures to order replacement materials.

Source: Innovative Learning

1.5 Each school principal appoints a textbook coordinator who receives annual training to perform the duties assigned to them by the principal regarding requisition, purchase, receipt, storage, records, and reports of instructional materials. This also includes training on the established textbook replacement plan.

Each school has either a textbook coordinator or assistant principal designated to perform the duties of a textbook coordinator for the school. The Department of Innovative Learning offers four regional face-to-face collaborative training sessions annually for textbook coordinators to attend. This annual training explains and reviews policies and procedures for textbook ordering/maintenance. In addition to the four regional training sessions, the Department of Innovative Learning added an additional layer of support offering individualized textbook training to any textbook coordinators who did not participate in one of the four regional sessions during the first nine weeks of school (please see the chart below). Textbook coordinators receive access to a Canvas course specifically created to provide a central repository of information and to track orders. Reports were created to provide information to the Regional offices on the enrollment of schools' textbook coordinators in the Canvas course. Finally, one-on-one training and support is available to all Textbook Coordinators throughout the year to assist with the management of materials using the Destiny Follett system and ordering processes from the Department of Innovative Learning.

- Technology in BCPS is governed by Policy 5306 – School and District Technology Usage
- Policy 5306 establishes and maintains guidelines and procedures for the appropriate technology utilization and infusion in the classroom, in the schools, and district administration and management, and in planning and evaluation to prepare students more effectively for the transition from school to work for success in the workplace, and to improve the operations of the school system.
- Protecting the District's information assets based on risk against accidental or unauthorized disclosure, modification, or destruction and assuring the confidentiality, integrity, and availability of District data by applying appropriate physical and technical safeguards without creating unjustified obstacles to the conduct of the District's mission and objectives and providing multi-factor authentication for all District personnel.

2.1 The District has a written plan to achieve a 1:1 laptop/computer to student ratio. All schools, at minimum, meet the current District average for laptop/computer to student ratio. The school maintains a 1:1 laptop to teacher ratio. The school provides access to internet-connected devices to all personnel capable of fulfilling the duties of their position.

Ninety-five percent (95%) of schools meet or exceed a 1:1 student to laptop ratio. Through the Refresh project, the District expects to complete the 1:1 allocation by the end of June 2024. The laptop-to-teacher ratio is met at a 1:1 ratio. All District personnel have access to a

laptop or desktop computer to carry out the functions associated with their jobs. Principals/department directors have the discretion to determine which employees receive a device that they are able to take home. This decision depends on the requirements of the employee's position.

2.2 All classroom teachers demonstrate competency in the use of current software programs used to effectively facilitate classroom instruction (i.e., Microsoft Office and Canvas) within two years of employment as a classroom teacher.

This academic year professional learning, one-on-one mentoring, online reference repositories and phone support have been leveraged to build capacity at the school sites and spread expertise across the District in the use of instructional technology to support department initiatives, Instructional Technology Facilitators (ITFs) from the Department of Innovative Learning provide support via synchronous (face-to-face and virtual) professional learning sessions, asynchronous online courses, webinars, and one-on-one support sessions scheduled through Bookings by the teacher requesting support. To date, this level of organizational support includes 784 support events aligned to e-Learning. Support events include phone support, face-to-face, presentations, site-based support, and online virtual support performed by ITFs. Additional performance metrics included 1,060 support hours logged in support of technology implementation in the classroom. Six-hundred twenty-one (621) of these support hours were dedicated to Title I schools. ITFs provided targeted support to over 3,927 teachers, 431 administrators, and 1,126 students. See https://tinyurl.com/CCC-IL-2-2 . Learning Across Broward (LAB) is used as a Professional Development Learning Management System (PDLMS) to provide equitable access to all professional learning activities offered by the Department of Innovative Learning related to effective use of technology in the classroom and by teachers and District

employees. From July 1, 2023, 3,927 teachers have completed professional learning aligned to digital integrations using LAB and Canvas Learning Management System (LMS). The LAB and Canvas LMS are accessible at work and from home. The Canvas LMS and Microsoft Teams are used to offer face-to-face, hybrid, and online courses. This provides the greatest flexibility and access to learners based on their preferred learning method. Professional learning is programmed in various formats to meet the teacher/learner where and when they can learn. For example, Canvas for Teachers is offered in an asynchronous open-entrance/ open-exit course throughout the year for in-service credit. Additional learning pathways that support personnel in the acquisition of knowledge related to technology integration include webinars, online (synchronous and asynchronous), and live face-to-face professional learning at the introductory, intermediate, and advanced levels. Micro-credentials are earned by educators who complete the advanced level trainings. As previously stated, many courses are offered both asynchronously and synchronously so that busy educators can customize the fit of their learning activities into their schedules at a time best for them. For the 2023-24 school year, the Department of Innovative Learning continues utilizing open entrance and exit courses that provide educators the additional flexibility to begin professional learning at a time and pace that works best within their individual schedules.

Beginning teachers are enrolled in the New Teacher Academy (NTA). The NTA is a program designed to provide core knowledge, skills, and abilities to teachers new to the District and/or the profession. The Department of Innovative Learning offers three courses during the NTA that are designed to meet learner outcomes identified by teachers and administrators as essential for the new teacher's success in the first semester of school. The training is offered prior to the beginning of the school year and throughout the school year to ensure all new teachers are supported.

To establish a baseline of knowledge, skills, and abilities, first year teachers are required to complete introductory professional learning in using the Canvas LMS and Microsoft Teams. Digital instructional materials are subject-specific and supported by the Departments of Secondary and Elementary Learning. District-wide digital resources are supported synchronously, asynchronously, and hybrid at the introductory, intermediate, and advanced levels. Furthermore, digital resources are supported by on-demand learning and a reference repository via https://browardschools.instructure.com/courses/123.

Registrations and course interests are captured using LAB. The Department of Innovative Professional l supported the use of technology in classrooms, facilitating the following professional learning sessions for the previous 5 years. Note the increase in professional learning activities indicated in 2020 and 2021. This increase in this metric of teacher support was due to the pandemic response that resulted in a shift to distance learning for instruction district-wide.

2.3 The District has a written plan to provide no cost or low-cost internet access to staff and students in need.

There is no current written plan in place to provide no cost or low-cost internet access to staff and students in need. There are no funds allocated to provide such service. However, the District has an established partnership with our local college to provide such service to students in select neighborhoods within Broward County that meet the program criteria.

The SCHOOL BOARD will analyze this data and implement plans to address the conclusions of said analysis.

3.1 Each school has demonstrated above State average for performance and/or learning gains on State-mandated assessments, including FAST and all EOCs.

Performance data on the new FAST scale for this indicator is not yet available for the 2022-23 school year. The 2022-23 results for the Florida Assessment of Student Thinking (FAST) and Benchmarks for Excellent Student Thinking (B.E.S.T.) End-of-Course (EOC) assessments are based on provisional achievement level cuts that are linked to each assessment's respective 2021-22 reporting scale. The state adopted new cut scores for the FAST assessments and B.E.S.T. EOC assessments that are not yet available on the new scale. Additionally, since the 2022-23 school year was the first administration of the FAST, learning gains cannot be measured.

During the 2021-22 school year, one hundred sixty-two (76.4%) schools demonstrated performance or register learning gains at or above the State average in reading. Also, for the 2021-22 school year, one hundred fifty-two (71.7%) schools demonstrated performance or register learning gains at or above the State average in mathematics.

3.3 Each school's School Improvement Plan (SIP) contains a written plan to address the academic needs of any subgroup of students identified as achieving below 41% of the Federal Percent of Points Index (FPPI). Note: FPPI is calculated by summing the points earned for each component and dividing it by the total number of available points for all components with sufficient data.

Each school's SIP plan is available on the District's website at https://www.browardschools.com/sip.

Condition 4: The SCHOOL BOARD agrees to develop a plan that shall establish a core of Advanced Placement (AP) and Honors Courses for delivery at every high school. Core courses will be taught at each high school. The SCHOOL BOARD also agrees to develop a plan for the utilization of distance learning for discrete courses and the implementation of procedures to rotate the live presentation of discrete courses to high schools throughout the county to assure equal access and availability for all students in all schools. This condition only applies to high schools.

4.2 Students have access to discrete courses not taught at their school through Broward Virtual School and/or Florida Virtual School. Demographic data on student enrollment in discrete courses is provided by course for each school.

For discrete courses not taught at their school, students have access through distance learning or online through Broward Virtual School for eight Advanced Placement (AP) courses in the core subjects of Math, English, and Social Studies. These offerings include:

- English Language
- English Literature
- Calculus AB
- Calculus BC
- Microeconomics
- Macroeconomics
- Psychology
- U.S. Government

Students can also take courses from Florida Virtual School, which offers 14 Advanced Placement courses. Specific courses available at each school are listed in the supplemental data for Condition 4.

4.3 Each school uses multiple data points, including test scores, teacher recommendations and parent preference to guide students into advanced course work.

Schools use AP Potential, which utilizes students' PSAT/SAT scores, to create a list of students that have been identified as having a high chance of being successful in Honors/AP

courses (Level 3 courses or higher). All BCPS traditional schools enroll at least 85% of students flagged for success in upper-level courses.

4.4 Each school has a plan to provide assistance to students who do not meet the requirements for advanced coursework to increase the likelihood of qualifying in future academic terms.

High School Counselors collaborate with students to strategically design schedules that optimize success for each individual. Supported by BRACE (Broward Advisors for Continuing Education) advisors, students receive informed guidance on selecting high school courses tailored to their future endeavors in career paths, technical schools, or 4-year colleges. As part of district-wide initiatives, there is a focus on boosting participation in courses like Cambridge/AICE General Paper, where the district boasts a passing rate exceeding 90%. This drive aims to encourage students to engage with college-level coursework earlier in their high school journey. Additionally, efforts are underway to enhance access to on-campus dual enrollment courses, including SLS (Student Life Skills), which equips students demonstrating a need with essential soft skills crucial for success in a college setting.

4.5 Each middle school has a procedure for notifying all parents and students enrolled in high school credit courses of the impact their grade in that course has on their high school grade point average and the implications for post-secondary options.

Middle schools employ a meticulous process for placing students into accelerated high school courses, utilizing State standardized exam scores and following district procedures. Proactively, the school communicates student schedules to parents/guardians well in advance, providing an opportunity for them to request any necessary adjustments.

To ensure transparency and understanding, when a middle school student enrolls in a high school course, parents/guardians are thoroughly briefed on the potential impact on the student's grade point average (GPA). In the event that a decision is made to withdraw the student from the accelerated course, parents/guardians are required to sign a parent preference form, indicating the reasons for the withdrawal.

Also, the schools actively engage in informative parent nights for advanced academics. These sessions are designed to educate parents about the available options and the consequential impact of enrolling their children in high school courses during middle school.

The SCHOOL BOARD agrees to develop a plan to survey all schools' media centers to ascertain the number, quality, age, and availability of media/library books in relation to student enrollment and identify any gaps present. As a result of said survey and subsequent analysis of results, the SCHOOL BOARD shall implement a plan to provide for equal allocation and access to media center materials including a district-wide take-home policy. The Department of Innovative Learning's Library Media Services is providing communication and professional learning opportunities throughout the 2023-24 school year to inform schools of Policy 4120 - Library Media/Innovative Learning Commons which includes CCC Condition 6 for Media Centers.

6.1 The school provides a balanced collection of 15,000 (10,000 at elementary schools) usable library volumes, or at least 10 volumes per student if school enrollment is less than or equal to 1,500 (1,000 at elementary schools).

As of August 2023, 94% of elementary schools, 66% of middle schools, 53% of high schools, 83% of combination schools and 76% of centers met the specified standards. To more closely monitor schools that are out of compliance, the Innovative Learning Department will conduct yearly updates. The Innovative Learning Department will provide schools that are out of compliance with appropriate support.

6.2 The library subscribes to a minimum of thirty-five (35) periodicals annually, and the selections serve all grade levels.

BCPS subscribes to online periodicals. Schools are utilizing electronic magazines and newspapers available through district-wide subscriptions to the online Gale Database.

6.3 Budget expenditures meet maintenance of effort standards for the last three (3) years - $9.60 per elementary and middle school pupil and $12.80 per pupil in high schools. Data will be reported but not used to determine degree of compliance.

Forty-two percent (42%) of elementary schools, 36% of middle schools, 30% of high schools, 50% of combination schools, and 29% of centers met the 2022-23 school year standards.

The state allocates annual funding for the upkeep and maintenance of library books, equipment, and resources within library media centers. The Department of Innovative Learning, Regional Superintendents, and Teaching and Learning Directors have been collaborating this year to retrain school administrators on allowable expenditures of allocated funds to support any gaps in library media resources. This information has also been included in the newly adopted SBBC Policy 4120 Library Media/Innovative Learning Commons. When the distributed MOE dollars are not spent to update library book collections and the process of weeding does not occur, the percentage of books circulated per student decreases. These funds do not roll over from year to year. "School Funding Allocations & Guidelines July 1, 2023 – June 30, 2024," allocates funds for library media. This information can be found on the BCPS District website under Budget Resources and the School Funding Allocations & Guidelines for 2023-2024, page 6.

6.4 Students and personnel have access to media services, materials, and equipment.

"School Funding Allocations & Guidelines July 1, 2023 – June 30, 2024," allocates funds for employing a media specialist. This information can be found on the BCPS District website under Budget Resources and the School Funding Allocations & Guidelines for 2023-2024, pages 11, 18, and 29.

Per House Bill 1069 a school must "… establish and maintain a program of school library media services for all public schools in the district, including school library media centers, or school library media centers open to the public, and, in addition such traveling or circulating libraries as may be needed for the proper operation of the district school system." District records reflect the circulation of books for the 2022-2023 school year at 71% of elementary schools, 36% of middle schools, 37% of high schools, 67% of combination schools, and 24% of centers provided access to library materials for the students and teachers.

Source: Department of Innovative Learning

6.5 The school has implemented a plan to provide access to media center materials and a school-wide take-home procedure.

All schools have been instructed to allow students to take materials home from the media center. Policy 4120 Library Media/Innovative Learning describes access to library media materials.

Source: Department of Innovative Learning

6.6 No more than 50% of the collection have publication dates older than 15 years.

Seventeen percent (17%) of elementary schools, 25% of middle schools, 20% of high schools, 50% of combination schools, and 24% of centers met the standards updated in August 2023.

The ability to update the library media collection is directly tied to school expenditures. Schools that do not have an annual practice that includes creating a process for the annual updating of library/media materials while simultaneously weeding the school library collection will see an increase in the age of collection. “School Funding Allocations & Guidelines July 1, 2023 – June 30, 2024,” allocates funds for library media. This information can be found on the BCPS District website under Budget Resources and the School Funding Allocations & Guidelines for 2023-2024, page 6.

Condition 7: The SCHOOL BOARD agrees to develop a plan to collect data on current disciplinary practices including suspension rates and additional support provided by the Standards of Student Services (SOSS). The SCHOOL BOARD shall analyze this data and implement a plan to address the conclusions of said analysis and to assure equity in the administration of student discipline countywide.

The Department of Equity, Diversity and School Climate collects data on disciplinary practices across the District utilizing the Discipline Management System (DMS). This centralized database allows for ongoing monitoring, review, and analysis of data to ensure accuracy of coding and compliance with the discipline matrix. All violations of rules outlined in Policy 5090 – Code of Student Conduct are input into the DMS for review and processing by school-based administrators and/or behavior specialists. All District principals and assistant principals participate in annual training focused on topics including, but not limited to, rule definitions, investigative procedures, requirements when issuing consequences, and DMS navigation.

7.1 The District will summarize, on a school-by-school basis, the proportion of disciplinary actions that comply with the Discipline Matrix prescription, as well as, external, multiple external, and internal suspension rates, and the proportion of alternative placements. Links to the Discipline Matrix and SESIR data will be linked to each school's website.

When comparing the total number of non-charter, elementary (137), middle (35), high (32), combination (9), and center (16) schools using the Discipline Management System (DMS) as prescribed with the total number of non-charter schools in the District not using the DMS, findings indicate that 97.4% of District schools are using the DMS. The six (6) schools listed below do not use the DMS as they operate under their own specialized behavior modification programs due to the unique needs of the students who attend these schools.

Schools Not Using the Discipline Matrix

Gulfstream Early Learning Center	The Quest Center
Whispering Pines Center	Wingate Oaks Center

School principals can deviate from the guidelines of the discipline matrix when assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances. These circumstances include but are not limited to considerations for age, development, and cognitive abilities of the student. In most circumstances, principals may only deviate by one level when applying consequences per the Discipline Matrix, except for substance related and mandatory expulsion incidents (SBBC Policy 5090 – Code of Student Conduct).

The Department of Equity, Diversity and School Climate analyzes suspension data to determine school support needs. Schools with higher suspension rates are identified and additional support is provided as needed. Positive Behavior Intervention Support (PBIS) Specialists are assigned by region to support schools and students by helping in the design of behavior modification plans for identified students and monitor Multi-tiered System of Supports (MTSS)/Response to Intervention (RtI) plan implementation. This includes providing training to school PBIS teams on the State Tier 1 PBIS model. Currently, there are 76 District schools that have received this training and have earned the designation of a PBIS certified school, 31 elementary, 27 middle, 9 high, 4 combo, and 5 center schools.

These schools receive additional support from District PBIS Specialists and have the opportunity to apply for recognition from the State as a PBIS Model School. For the 2022-23 school year, nine schools received this recognition: Atlantic West ES, Challenger ES, Coral Springs MS, Lake Forest ES, Margate ES, McNicol MS, New River MS, Pembroke Lakes ES, and William Dandy MS.

In addition to providing training, additional roles of the PBIS Specialists include:

- Supporting school administrators to resolve issues related to appropriate programming for students with behavior challenges by serving as a district liaison on school MTSS/RtI teams.
- Communicating with school leaders, teachers, parents regarding the individual needs of identified students.
- Providing consultation in the development and implementation of functional behavior assessments and behavior intervention plans for individual students. This includes but is not limited to conducting classroom/school observations, data collection, analysis and program evaluation.
- Orchestrating re-entry meetings in concert with school support teams for students who have been suspended, expelled, or are court involved and require development plans to yield expected behaviors.
- Arranging for and provide on-going professional learning opportunities for schools focused on positive behavior supports for students with behavioral challenges.

New for the 2023-24 school year, behavioral support teachers have been hired to support teachers with establishing an effective tier one classroom management plan while supporting students who need more intensive interventions such as an individualized behavior plan. The following links provide District reports for disciplinary actions

regarding In-School Suspensions, Out-of-School Suspensions, and Alternatives to External Suspension (AES) in Broward County Public Schools (BCPS) through the 2022 school year. 7.2 The District provides multiple alternatives to external suspension as viable disciplinary options in the Discipline Matrix.

The discipline matrix uses multiple alternatives to out-of-school suspensions such as detentions (after school or on Saturday), in-school suspensions, behavioral modification plans, counseling, curriculum intervention, and other interventions, when appropriate. The interventions and/or consequences can be reviewed in each grade band's discipline matrix which is included in the appendix of the Code of Student Conduct.

7.3 Each school makes a reasonable attempt to communicate with parents as a disciplinary intervention to resolve student behavioral problems, prior to consequences being issued.

Schools are required by Policy 5090 to communicate with parents/guardians any time a student violates a rule outlined in the Code of Student Conduct. Additionally, during the 2023-24 annual training for all school administrators, the expectation of communicating with parents prior to the issuance of consequences was highlighted.

7.4 Each school provides access to alternative resources that promote positive student behavioral changes (e.g., SPBP, CHAMPS, District Family Counseling Program).

In addition to the support provided by District PBIS Specialists, all schools are provided access to alternative resources that promote positive student behavioral changes in a variety of ways such as iCHAMPS, Suite360 Intervention and Restorative Justice Curriculum, RethinkEd, and EverFi Health and Wellness Modules. Additionally, all school administrators

were provided with training on all prevention and intervention resources available in the District during their annual training.

7.5 Each school's Positive Behavior Intervention Support (PBIS) committee will complete quarterly Big 5 data reports for quarters 1, 2, and 3 and an end of the year Big 5 data report to include referrals by student, incidents of behavior (top 5 behaviors), events by time of day (top 3 times), referrals by date (monthly), events by location (top 3 areas), referrals by grade level, and referrals by race vs. population (disproportionality).

District PBIS Specialists monitor schools for completion of their quarterly Big 5 reports and continuously work with school to ensure 100% compliance on a quarterly basis. Following a review of the Big 5 reports, schools with high numbers of behavioral referrals and/or high rates of disproportionality in their discipline data are supported by the PBIS Specialists and through professional learning for school staff and student assemblies. Support to address disproportionality is provided by the Prevention and Equity/Diversity teams within the Department of Equity, Diversity, and School Climate.

7.6 Each school will create a school-wide positive behavior plan (SPBP) prior to the start of each school year using data from the previous year's end of year Big 5 data report. Each school will implement the SPBP, beginning with the training of all staff and students on the school-wide expectations, and monitor the plan for effectiveness using the Quarterly Big 5 data reports.

Each school's SPBP is included in their annual SIP. The school's SPBP is developed by the school's PBIS team in collaboration with stakeholders on the School Advisory Council (SAC). District PBIS Specialists review each school's SPBP and provide feedback, which is also

uploaded to the school's SIP. Each plan must then be voted on by the school's faculty and SAC prior to its inclusion in the SIP. Each school's SPBP can be located in their SIP by visiting www.browardschools.com/sip. District PBIS Specialists work with schools throughout the year on completing their Quarterly Big 5 reports to monitor and/or adjust their SPBP for effectiveness.

The SCHOOL BOARD shall identify criteria, refine data analysis techniques, and prioritize the needs within constraints of available funding and publish that information within the Five-Year Capital Plan.

8.1 The Five-Year Capital Plan contains a priority listing of projects to bring school facilities into parity with District Standards.

The Board approved the Adopted District Educational Facilities Plan (ADEFP) on September 5, 2023. The plan includes a priority listing of projects to bring school facilities into parity with district standards. The District's needs are far beyond what is allocated in the five-year capital plan, but an effort was made to provide resources to improve existing schools in alignment with the District's strategic plan. To the extent that funding is available this indicator is met.

8.4 School meets minimum standards for school facilities as specified in the CCC Agreement. Standard One: All space standards are based on the Board-approved facility list standards in the current State Plan Survey. Standard Two: All new construction, expansion and remodeling will be based on the District's generic educational specification available online at: www.browardschools.com under the

Facilities and Construction Department. Standard Three: All permanent construction will meet the Florida Building Code.

The District has established minimum standards for school facilities that serve to provide consistent and equitable solutions to spatial requirements in accordance with educational specifications, design criteria, and technical specifications.

8.5 The Five-Year Capital Plan contains a listing of ADA facilities compliance projects. The District ensures that facilities meet the requirements of the Americans with Disabilities Act (ADA).

The District has developed a continuous ADA facilities compliance program that ensures facilities meet the requirements of the ADA. Program accessibility and ADA compliance includes physical accessibility, but also incorporates all the policies, practices, and procedures that allow people with disabilities to participate in programs and access important information throughout the District. The ADA department implements projects and procedures to remove physical barriers found in schools throughout the District. For the most part these barriers are found in schools that were built prior to the Americans with Disabilities Act of 1992.

All new facilities are designed to provide equal access and encourage participation by all individuals, meaning that all forms of entry, exit and overall enjoyment must be equally accessible to all, whether a disabled person or not. These new buildings must comply with the current Florida Building Code Accessibility section as well as SREF requirements.

For existing facilities, the ADA department continues to address deficiencies that are developed into individual projects based on inspections, school requests, or for special accommodation requests by students or staff that arise during the school year. These

requests are evaluated by the OEEO department and once approved are completed by the ADA department.

Current projects within the ADA Department include:

- Over 30 projects related to accessible parking and accessible routes
- Accessible signage for restrooms
- Restroom remodeling and retrofits
- Installations of automatic door openers in several schools based on a special accommodation request from students or staff
- ADA compliant wheelchair lifts for stages and mezzanines
- Retrofit of existing workstations in Science Labs
- Portable wheelchair lifts
- Installation of changing tables
- Input and guidance on SMART projects containing ADA scope/plan reviews
- Providing assistance to the EEO/ADA compliance department when special accommodation requests/complaints are submitted to the district during the school year. These requests may come from teachers, students, staff or parents who require ADA related accommodations
- Individual projects arising from inspections performed by the Department of Education

ADA compliance is an ongoing effort for the District and with the recent approval by the Board to add staff to the ADA department demonstrates the District's commitment to

removing physical barriers from facilities and structures and providing equal access to students and staff.

The SCHOOL BOARD shall not utilize race, national origin, ethnicity, religion or gender as the sole criteria for student assignments, magnet programs or reassignment.

9.1 Student assignments/reassignments are based on multiple criteria pursuant to School Board Policy 5004.1

The School Board of Broward County, FL does not utilize diversity as a factor to determine eligibility for student assignments, magnet programs or reassignments. BCPS options for students to attend other schools are guided by Policy 5004.1-School Choice. Policy 5004.1-School Choice outlines the criteria for magnet programs, Nova Schools, general reassignments, and military assignments. Race, national origin, ethnicity, religion, and

gender are not considered in any criteria for selection. The Office of School Choice does collect the data on the School Choice Application for reporting purposes only.

- Of the 98 principal responses, 57 provided their name/identified themselves, and 9 needed assistance.
  - Two principals who identified themselves had an existing order in the FileMaker Database, and we are currently working to accommodate their order.
  - 7 principals who identified themselves and stated their needs, were contacted to assist with fulfilling their orders.
- 41 of the 98 principals were anonymous submissions/did not provide a name or other identifiable information. Two anonymous
  - submissions could be identified by cross-referencing their order with the FileMaker Database and textbook Outlook email.
  - Five anonymous submissions had an order request or concern but had no identifiable information to properly assist with fulfilling their order.
- Based on the calculation, the overall rating of readiness for the Central Region adds up to 83.7%. Our background research, which was not captured in the survey, showed that Central does not consistently follow the proper textbook ordering process in the FileMaker database, and this impacts the accuracy of their orders as we process what they submit.
- Overall, 89.4% of all Principals rated their preparation level 7 or above.
- All outstanding orders must follow the instructional material ordering process to ensure they receive their materials, as no orders can be processed without officially being in the FileMaker Database.

SUBJECT: 2023-2024 INSTRUCTIONAL MATERIALS MAINTENANCE OF EFFORT (MOE)
AND SCIENCE ALLOCATION

ACTION: Principals, please share the information below with your textbook coordinators and any personnel involved in the purchase of instructional materials at your site.

RATIONALE: Please be advised that the Budget department has placed the Instructional Materials Maintenance of Effort (MOE) and Science Lab allocation funds for the 2023-2024 school year into the projected school budgets. These funds should be used to order instructional materials for the 2023-2024 school year as described below.

For the 2023-2024 school year, the District is purchasing instructional materials for Social Studies (K-12) and gap instructional materials for Science based on projected student enrollments using data from the IMS (Instructional Materials Survey) databases and TERMS. MOE and Science Lab funds are used for schools to purchase additional instructional materials as needed and/or to replenish science lab materials and equipment.

Supplemental Reading Material Guidance for K-12 Teachers

The reading of novels in the classroom is a critical component of a child's education. The use of novels helps to build student reading endurance, allows for significant and deep classroom conversation, and exposes students to ideas, themes, and character development beyond what is available in shorter fictional pieces.

While the district supports the use of novels in the classroom, every school in Broward County has a unique population of students and the selection of novels for those students should be based on needs that are reflective of that uniqueness. Novels should provide a portal to the world through which students can view themselves and others, as well as a connection to the world that they see every day. Schools have the autonomy to build booklists based on the specific needs of the students in their classrooms and in the communities that they service.

Schools also have the responsibility to select novels that are appropriate for the age of the students who will be reading them. Additionally, schools must ensure that the content of the novels is appropriate for the age and grade as well. Look at professional peer-reviewed journals for age or grade-level recommendations. It is highly recommended that schools read reviews of novels from established websites when beginning the process of developing a booklist. Additionally, professional and peer-reviewed sites such as School Library Journal, Kirkus, Hornbook, Booklist, and Publishers Weekly are used to review novels. These professional joumals provide the age/grade range for the appropriateness of the content. This is a great place to begin the booklist compilation process and the selection of novels that will support standards-based instruction. Other crowd-sourced sites, such as Common Sense Media, Amazon, Scholastic, and Good Reads, can also provide descriptions of novels and can be sorted to display the title's content summary and appropriateness for school-aged children.

District adopted instructional materials may also offer recommendations for age-appropriate novels that work well within their thematic units. These titles may serve as lists for independent student reading, literature circles, or whole group instruction, but should be vetted by the classroom teachers to ensure that they are appropriate for the student population of the school.

Selecting Novels for Classroom Use:

Preserving the students' opportunity to read freely as a hallmark of our free society is a special obligation of teachers. It is a part of their professional responsibility to guide each student's learning to improve the quality of the choices he/she makes in the exercise of the right to read. Therefore, we must recognize the professional responsibility of teachers to select books for their classes, to recommend books for individual reading, and to discuss with a student any work read whether the teacher has recommended it, or the student has discovered it for himself/herself.

Professional training has equipped the teacher to select books for students. It must be assumed that good taste, common sense, and an awareness of professional responsibility to students will guide teachers in making wise selections. To strengthen their own judgments, however, teachers at each

school should consult with one another, under the leadership of their department chairperson, to compile basic booklists for use within their department and articulate with teachers at the feeder schools in their zonet Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students (HBI 069).

In every decision regarding the appropriateness of a particular work, the following questions should be considered:

- Will the study of this work help achieve specific curriculum objectives?
- Are there other works that will achieve the same objectives as well?
- Is the selection readable for students of diverse ability levels?
- Does the selection meet the state's mandate of presenting voices from diverse cultures?
- Is this study of work suited to the maturity level of the students for whom it is intended?
- Has there been any strong opposition to this selection in the local community?
- Will this selection draw upon the students' backgrounds and interests?
- Does the selection Follow Florida Statutes, State Board of Education rules and school district policies?

In addition to the above questions being utilized in the decision-making process, parental input as to the materials read by their children is important. When teaching long-form fiction, teachers should send home permission forms that give a summary of the text, provide insight into controversial themes that may arise, and offer the ability to parents to opt out of having their child read the text if it falls outside of their comfort zone. Together, teachers and parents determine a rich and powerful canon of literature for students to engage with.

Guidelines for the Adherence to Florida House Bill 1557:

Florida House Bill 1557 was enacted in 2022 and has opened the conversation regarding what can and cannot be taught in English Language Arts classrooms. HB 1557, and by extension State Rule 6A-IO.081 , states that teachers "Shall not intentionally provide classroom instruction to students in

grade 9-12 on sexual orientation or gender identity unless such instruction is required by state academic standards...[.]" While this state rule prohibits classroom instruction on sexual orientation or gender identity, it does not prohibit the unbiased discussion of literary characters or nonfiction personalities as they relate to the educational standards and benchmarks required by the state.

As an example, in Tennessee Williams's Pulitzer Prize winning play, "A Streetcar Named Desire," a minor character, who has died, is alluded to as having been gay. Classroom discussion about these two characters should focus on state benchmarks, such as ELA.12.R.l.3 (Evaluate the development of character perspective, including conflicting perspectives). The classroom conversation should not bring in the teacher's personal bias or perspective regarding the fact that the character is gay. Discussion about the sexual orientation of the character should be contained within the language and purpose of the state standards and benchmarks. Student questions regarding sexual orientation and gender identity beyond the intended conversation around the text piece should be referred to the students' parents and not discussed within the classroom.

To put it simply:

- Can a teacher teach a text piece that contains a gay character? Yes
- Can a teacher hold a classroom discussion about a gay character while adhering to the state standards and benchmarks? Yes
- Can a teacher hold a classroom discussion, or interject statements during a classroom discussion, containing personal bias for/against a gay character in a text piece? No

A Note on Bias:

Maintaining a classroom environment free from personal bias is paramount in a class setting. The pursuit of educational standards demands that educators present a diverse range of literary works, viewpoints, and CUltural contexts to foster critical thinking and inclusivity. Allowing personal bias to seep into teaching can hinder students' ability to engage with material objectively and inhibit their exploration of diverse perspectives. By upholding the principles of neutrality, educators ensure that students have the opportunity to form their own judgments, cultivate open-mindedness, and develop the analytical skills necessary for effective communication and understanding in an increasingly interconnected world.

Supplemental Reading Material Parent Permission Form

Parents and Guardians,

As part of your child's learning in our class this year, he/she will be introduced to a wide variety of authors and genres. Many of the texts that we will be reading this year are part of our district adopted instructional materials and have gone through rigorous vetting to ensure that they are of a high quality and appropriate content level. To expand upon the themes and discussions found in these materials, some longer form fictional pieces (novels) may be utilized. As your child's teacher, I have selected the following novel as part of this educational extension:

Novel Title: _____ Author:_____

In order to keep you apprised of what your child will be reading, I have compiled the following information regarding the novel and the purpose for its inclusion in our curriculum.

e Plot Summary:

- Educational Value:

e Connection to Curriculum:

Additionally, while I have deemed this material to be age and grade appropriate for students, there may be instances within the content that may be considered controversial. Specifically, these areas include the author's use of (violence, sexual content, adult language, alcohol/drug use, consumerism). Though not excessive in nature, it is prudent that I share this information with you prior to the students reading the novel. I will be guiding your child through the content of the novel and engaging him/her in appropriate conversation about the characters, plot, and theme.

As the parent/guardian, you have the right to opt out of your child reading this specific novel. If you choose to do so, an alternate novel/assignment that stays within the theme(s) being discussed in class may be assigned as a replacement. Please select the appropriate option below and sign this form to ensure that we remain in partnership in guiding your child's educational needs.

_____ I have read the description of the novel listed above and give permission for my child to read it as part of the curriculum.

_____ I have read the description of the novel listed above and do not wish to have my child read it as part of the curriculum. Please assign an alternate title or text.

*Please note that failure to return a form will constitute non-consent to the reading of the novel as part of the class curriculum.

If you have any additional questions or concerns regarding this novel, please feel free to contact me at:

ACTION: Principals, please share the information below with your textbook coordinators and any personnel involved in the purchase of instructional materials at your site.

RATIONALE: Please be advised that the Budget department has placed the Instructional Materials Maintenance of Effort (MOE) and Science Lab allocation funds for the 2023-2024 school year into the projected school budgets. These funds should be used to order instructional materials for the 2023-2024 school year as described below.

For the 2023-2024 school year, the District is purchasing instructional materials for Social Studies (K-12) and gap instructional materials for Science based on projected student enrollments using data from the IMS (Instructional Materials Survey) databases and TERMS. MOE and Science Lab funds are used for schools to purchase additional instructional materials as needed and/or to replenish science lab materials and equipment.

For schools that wish to order instructional materials beyond the projected enrollment using school-based funds, forms, and MOE fund amounts are posted in the Textbook Coordinators Canvas Resources course:

SUBJECT: STATE LIBRARY MEDIA AND INSTRUCTIONAL MATERIALS TRAINING

ACTION: Please share this information with your library media staff, textbook coordinators and instructional designee involved in the purchasing of library or instructional materials.

RATIONALE: This serves to advise library media staff that the online training addressing the requirement per House Bill 1467 is now available. In 2022, Florida Statute 1006.29, was amended by House Bill 1467, requiring the Florida Department of Education to develop an online training program for librarians, media specialists, and other personnel involved in the selection and maintenance of library collections. The law requires this training be made available to Florida educators on Sunday, January 1, 2023. We are pleased to announce that this training is now live and can be accessed through the Instructional Materials webpage at:

BROWARD

County

https://www.fldoe.org/academics/standards/instructional-materials/.

All principals, media specialists, textbook coordinators, and library media instructional designees need to access the link and select Library Media Training under General Information. Participants should click the link to view the training and then complete the acknowledgment form. Enter your ?#@browardschools.com in the space for the email address. Training must be completed by Tuesday, February 15, 2023.

For questions, please contact Dr. Sherri Wilson, Director, Innovative Learning at 754321-2620 or via email at nicole.s.wilson@browardschools.com.

SUBJECT: PROGRESS MONITORING (PM3) IMPACT

ACTION: Please share this with your textbook coordinators. Instructional Materials Survey (IMS) databases will remain open until Friday, June 30, 2023, after progress monitoring data is available for the end of the school year. Textbook coordinators can adjust previous projected enrollments to reflect changes in your master schedule due to PM3 data.

RATIONALE: Initial projected enrollments were submitted by each school in the Instructional Materials Survey (IMS) databases that opened on Monday, April 17, 2023. The adjustments will account for changes in enrollments due to the end of year progress monitoring data (PM3). This will provide a more precise count of instructional materials to be ordered for each school site.

If you have any questions, please contact Dr. Sherri N. Wilson, Director, Innovative Learning Department at 754-321-2620 or via email at Nicole.s.wilson@browardscbools.com.

SUBJECT: LIBRARY MEDIA AND INSTRUCTIONAL MATERIALS GUIDE

ACTION: Principals are to inform media specialists, staff, and parents of the process for opting out and objecting to library media and instructional materials.

RATIONALE: In adherence to HB 1069, Broward County Public Schools (BCPS) Policy 4120, and BCPS Policy 4140, BCPS has developed a process for Library Media/Specific Materials and Instructional Materials. Please click on the link below to access the infographic to be guided through the steps for the objection process.

Library Media and Instructional Materials Guide

The purpose of this guide is to inform stakeholders of the opt-out and objection process of library media/instructional materials. The House Bill and Policies mentioned are referenced in the right column.

House Bill HB1069

The bill includes provisions designed to protect children in public schools. The bill includes requirements for age-appropriate and developmentally appropriate instruction for all students in prekindergarten through grade 12.

The bill prohibits district school boards from imposing or enforcing requirements that personnel or students be referenced with pronouns that do not correspond with biological sex as defined in the bill, subject to specified exceptions.

The bill enhances the process for transparency and review of library and classroom materials available to students in public schools and the process for parents to limit student access to materials and make objections to materials. The bill requires the suspension of materials alleged to contain pornography or obscene depictions of sexual conduct, as identified in current law, pending resolution of an objection to the material. A district school board must also discontinue the use of any material the board does not allow a parent to read aloud.

The bill requires that meetings of committees to resolve objections must be noticed and open to the public, and provides an appeals process through a special magistrate.

Each district school board must adopt a policy regarding an objection by a parent or a county resident to the use of a specific material, which clearly describes a process to handle all objections and provides for resolution. The process must provide the parent or resident the opportunity to proffer evidence to the district schoolboard (HB 1069).

BCPS Policy 4120

Policy 6317 was sunsetted on 9/13/2022 and embedded into new Policy 4120, which aligns with state statutes and the current Library Media Innovative Learning Commons spaces. In addition, the revised policy addresses the objection review process. The newly adopted district policy 4120, confirmed on June 13, 2023, states that the Superintendent establish a committee that will serve as the Superintendent's Review Committee (SRC). This body's implementation and function process is outlined on pages 8 and 9, Section three of Policy 4120. There are three prongs to creating the (SRC) body based on committee membership number, parent representation with currently enrolled student(s) in BCPS, and membership that reflects the cultural and economic diversity of Broward County Public Schools.

BCPS Policy 4140

Policy 4140 supports the goal of the Board to provide students with the appropriate instructional materials, and equipment, necessary to ensure that each student will be able to pursue a course of study to realize full academic potential. The updated Policy 4140 aligns to State statutes and has been revised to address the objection review process that extends beyond the original 30-day protest period after a new adoption.

Greetings Principals

Below is the link to the form created for textbooks coordinators/designees to return the week of August 7th for one day. Included in this email is the voluntary compensation agreement. It is suggested that the payment be $45.00/hour for one day (7.5 hours). We have identified Title I, II, and IV funds to pay for this initiative.

A PIVOT memo has been approved and will be forthcoming.

Subject: Instructional Materials Summary Tips and Tools for Pick Up

Good day Principals and Textbook Coordinators,

Enclosed you will find the summation from our meeting yesterday. The summary notes and Power Point are attached above.

The topics listed below have detailed clarifying notes to help make this transition smoother.

- **Barcoding**
- **HS Economics Second Semester**
- **Equitable Distribution**
- **Pick Up Protocols**

Additionally, please take note of all schools that have a strikethrough in them. We have confirmed **two things: First,** schools that have already returned the surplus instructional materials inventory have been accounted for and taken off of the list.

Second, the high school locations that are offering Economics during the second semester have been removed.

HS Principals, please note that we will circle back with you once the second semester begins to confirm that all Economics textbooks will be in use or if we need to arrange **a second surplus pick up** once your class rosters are leveled.

Thank you so much for your time yesterday and the Innovative Learning Team will see you starting **Tuesday October 24, 2023, at 9:00 a.m**.

See you soon.

	DIMRC Final Recommendations	Elementary December 11, 2023 Location: Boardroom 2:30pm	Secondary December 14, 2023 Location: Boardrooom 2:30pm	• These meetings will be like the October ones. • I would suggest adding another sheet to the Science Adoption Recommendations Tracker or whatever file you used to take notes during the October meetings.

Stage 4 District & State Procedures	Contract Negotiations	December 2023 - January 2024		• Once you receive cost analysis documentation from publishers, you can organize it, based on the top choices.
				• Usually curriculum team has two top ranked choices.
				• Examples of Cost Analysis organization:
				  ◦ Social Studies Adoption Cost Analysis
				  ◦ Math Adoption Cost Analysis
				  ◦ Math Adoption Cost Analysis Example 2

	Advertise Public Hearing & RSBM Dates	Early February 2024		• The Public Hearing is scheduled once the final recommendations (including cost) are decided by the curriculum teams and Innovative Learning
				• Connect with Confidential Secretary (Maureen) for the dates for the following:
				  ◦ Public Hearing
				  ◦ School Board meeting where materials will be approved by Board.
				• All materials are emailed to Confidential Secretary
				• Newspaper Ads have to be published 20 days in advanced (does not include the date of the Public Hearing)
				  ◦ Sample Public Hearing Newspaper Ad
				  ◦ Maureen will send you the tear sheet once it is posted
				• Parent Link Message

				• Prepare the Public Hearing Presentation
				  • Social Studies Public Hearing Presentation Director may ask you to attend all APG meetings during this time so you can receive feedback and make requested changes to the presentation.
				  • In Spring 2023 we were told no executive summary was needed for Public Hearing. You will have to check with IL Director and Confidential Secretary about this.
				  • Will need to send Maureen the Public Hearing Script. The template should mostly be the same, you'll update superintendent name and adoption information, etc.
				• Begin gathering Textbook information from publishers that the Textbook Orders team will need:
				  • Excel Files with FSBD Codes, ISBNs, pricing, Course Codes, book titles, grade levels.
				  • Example below:
				  ○ Social Studies Adoption Textbook Information folder with type of information that must be shared with Textbook Orders Team

	Public Hearing	Early March 2024		See above section - Advertise Public Hearing & RSBM Dates.
	Regular School Board Meeting	Mid-March 2024		• Regular School Board meeting will have a similar presentation to the Public Hearing. Example below. • This includes the Gap information as well.

	for Adoption Approval			• Social Studies Adoption and Science Gap Executive Summary • Social Studies and Science Gap Presentation • Social Studies and Science Gap Appendices ○ This year APG did not want a presentation, only appendices for the final approval meeting. • 2022-2023 Adoption Approval Meeting had a lot of APG feedback and adjustments were made based on that.
	30-Day Objection Window	Following RSBM to Adopt		During this time, check in frequently with Textbook Orders team to ensure that they have all information they need to begin placing orders once the Adoption is finalized.
	2nd Public Hearing (if necessary)	Mid-April 2024		Next adoption cycle should almost be ready to be released.
	Adoption Finalized	By May 2024

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

GENERAL:

Florida Statutes (Ch. 274), Florida Administrative Rule, and Board policy 3204 outline the District's responsibility to account for and monitor tangible personal property. The purpose of this bulletin is to outline the procedures associated with Property & Inventory Control. Board policy **3204: PROPERTY ACCOUNTABILITY AND RESPONSIBILITY** designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.

These procedures address the major aspects of inventory control including purchasing, transfer/salvage, the requirement to conduct self-inventories and the reporting of tangible personal property loss through theft or vandalism. It shall be the responsibility of the Accounting & Financial Reporting Department - Capital Assets to maintain the District's Master File of Capital Assets database for tangible personal property valued at $1,000 or more and **trackable SMART tangible personal property** that has an acquisition value less than $1,000, is considered high risk and prone to theft and has at least one year useful life and is not consumable in nature (includes but is not limited to musical instruments, iPads, tablets, desktops, printers, interactive white boards and interactive flat panel displays; see **A. Purchasing Tangible Personal Property - SMART Purchases** for detailed procedures regarding SMART purchases), and amend property records based on the submittal of appropriate documentation in accordance with this Business Practice Bulletin, while it shall be the responsibility of the Office of the Chief Auditor to conduct periodic inventory audits.

Although tangible personal property purchases with a unit value less than $1,000 are not maintained on the District's Master File of Capital Assets database, property custodians must take appropriate precautions to safeguard and track all tangible personal property **(purchased outside of the SMART program)**, especially high risk items such as iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays, cameras, audio/video equipment, custodial equipment and musical instruments. Locations must maintain records of these high risk items within a secondary, site-based tracking database. The property custodian will determine the format for maintaining the information contained in the location's secondary, site-based tracking database (Excel, FileMaker Pro, etc.) unless otherwise mandated by the respective SLT administrator.

A. PURCHASING TANGIBLE PERSONAL PROPERTY – SMART PURCHASES

1. All non-consumable SMART tangible personal property **regardless of cost** must be ordered through the District's Purchasing system utilizing appropriate coding. ***(Exhibit 1 - Detailed procedures for SMART purchasing and receiving)***

2. When ordering SMART tangible personal property, locations are prohibited from purchasing items in "lots", "bundles", or "attached lists". The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the cost center must be the same as the delivery address. SMART purchases must only be ordered via SMART Standard Requisitions/PO's (PO's beginning with #42). The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.

3. SMART tangible personal property purchases must be assigned one of the following SMART GL accounts.

   <u>SMART Purchases - $1,000 or More</u>

   a. 56210100: AV-Materials-Over $1,000-SMART
   b. 56410100: Furn/Fix/Equip-Over $1,000-SMART
   c. 56430100: Computer Equip-Over $1,000-SMART
   d. 56910100: Software-Over $1,000-SMART

   <u>SMART Purchases – Under $1,000.00</u>

   a. 56110100: Library Books-SMART
   b. 56220100: AV-Materials-Under $1,000-SMART
   c. 56420100: Furn/Fix/Equip-Under $1,000 Non Trackable-SMART
   d. 56421100: Furn/Fix/Equip-Under $1,000 Trackable-SMART
   e. 56440100: Comp Equip-Under $1,000 Non Trackable-SMART
   f. 56441100: Comp Equip-Under $1,000 Trackable-SMART
   g. 56920100: Software: Software-Under $1,000-SMART

   NOTE:

   <u>56420100: Furn/Fix/Equip-Under $1,000 Non Trackable-SMART</u> is to be used when purchasing furniture, fixtures and equipment (excluding musical instruments).

   <u>56421100: Furn/Fix/Equip-Under $1,000 Trackable-SMART</u> is to be used when purchasing musical instruments. These items will be included on the District's Master File of Capital Assets database.

   <u>56440100: Comp Equip-Under $1,000 Non Trackable-SMART</u> is to be used when purchasing keyboards, mice, wiring for computers and other similar technology/accessories.

56441100: Comp Equip-Under $1,000 Trackable-SMART is to be used when purchasing iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays. These items will be included on the District's Master File of Capital Assets database.

4. The cost center assigned to the SMART tangible personal property purchase must agree to the delivery/ship to address.

5. When SMART tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system regardless of cost. In the event an item does not physically possess a manufacturer's serial number, the new purchase documentation should be maintained in the site's property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word "none" should be utilized when receiving those items online that do not have a manufacturer assigned serial number.

6. Once the District's Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District's Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology – Production Control to all principals and their secretaries, district directors and secretaries, and budget keepers each time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the "Capital Assets Conference." This includes necessary changes to the item description, serial number, or quantities received. Additionally, if the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner. *(Property custodians will receive the email notification from Information & Technology – Production Control even when new property items have not been created or modifications have been processed to existing property records for their respective location. In such instances, there will be no report contained within their respective location file within OptiSpool.)*

7. All equipment should be stored in a secure location until it is ready for use.

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

A.1 PURCHASING TANGIBLE PERSONAL PROPERTY

1. All non-consumable tangible personal property with a unit value of $1,000 or greater must be ordered through the District's Purchasing system utilizing appropriate coding. ***(Exhibit 1A - Detailed procedures for purchasing and receiving)***

2. When ordering tangible personal property, locations are prohibited from purchasing items in "lots", "bundles", or "attached lists". The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the appropriate delivery address should be noted. The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.

3. When tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system. In the event an item does not physically possess a manufacturer's serial number, the new purchase documentation should be maintained in the site's property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word "none" should be utilized when receiving those items online that do not have a manufacturer assigned serial number.

4. See STANDARD PRACTICE BULLETIN NO:
   I-311 Proper recording of donated assets or items purchased utilizing internal funds.

5. Once the District's Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District's Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology – Production Control to all principals and their secretaries, district directors and secretaries, and budgetkeepers <u>each</u> time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the "Capital Assets Conference." This includes necessary changes to the item description, serial number, or quantities received. Additionally, if the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner. *(Property custodians will receive the email notification from Information & Technology – Production Control even when new property items have not been created or*

modifications have been processed to existing property records for their respective location. In such instances there will be no report contained within their respective location file within OptiSpool.)

6. All equipment should be stored in a secure location until it is ready for use.

B. TRANSFERRING TANGIBLE PERSONAL PROPERTY

1. When a location is permanently transferring tangible personal property to another location, the property custodian is required to execute a 3290A Surplus/Transfer Declaration Form (**See Exhibit 2**).

2. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being transferred.

3. The 3290A Surplus/Transfer Declaration Form must then be signed by both property custodians (issuing and receiving).

4. In the event the tangible personal property is able to be relocated without the assistance of Material Logistics, the receiving property custodian should then forward the original 3290A Surplus/Transfer Declaration Form to Accounting & Financial Reporting - Capital Assets.

    a. Accounting & Financial Reporting - Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.
    b. Accounting & Financial Reporting - Capital Assets will modify the property records to reflect the transfer of the applicable tangible personal property.
    c. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting - Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology – Production Control.
    d. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

5. In the event assistance is required to relocate the tangible personal property, the receiving property custodian should forward the original 3290A Surplus/Transfer Declaration Form to the Manager, Material Logistics at the Warehouse.

    a. Material Logistics will then arrange for the physical transfer of the tangible personal property. The issuing and receiving locations should ensure the actual tangible personal property corresponds to the information identified on the 3290A Surplus/Transfer Declaration Form at the time of pick-up and delivery.
    b. Material Logistics will forward the original 3290A Surplus/Transfer Declaration Form along with the B-stock pick-up acknowledgment form (**See Exhibit 3**) to Accounting & Financial Reporting - Capital Assets.
    c. Accounting & Financial Reporting Department - Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.
    d. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting Department - Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology – Production Control.
    e. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

C. ASSIGNMENT OF TANGIBLE PERSONAL PROPERTY TO STAFF

1. It is recognized that tangible personal property will be assigned to staff for temporary removal of the property from the primary operational site location. In such instances, a Property Pass (**See Exhibit 4**) must be executed to document the assignment and removal of capital equipment from the location.

2. A unique Property Pass must be completed for each piece of tangible personal property removed from the location.

Property Passes must be updated annually or as needed to ensure the physical accounting and proper return of the District's capital equipment.

D. CONDUCTING SEMI-ANNUAL INVENTORIES

1. All locations are minimally required to conduct semi-annual inventories to ensure the District's property records are accurately maintained and updated. This includes the high-risk property items maintained within the secondary database established by the location.

2. The location will request an electronic copy of its PNI 811 report from Information & Technology – Production Control.

3. Appropriate staff will physically verify each property item listed on the PNI 811 report is accounted for on premises or there is a current Property Pass executed for tangible personal property assigned to individuals.

4. Locations shall surplus tangible personal property twice per year in accordance with conducting their self-inventories (See **F. SURPLUS OF TANGIBLE PERSONAL PROPERTY**).

5. After completing the self-inventory, the property custodian shall complete the Semi-Annual Inventory Form (**See Exhibit 5**) and forward a copy of it to their respective SLT administrator.

E. REPORTING THEFT OR VANDALISM OF TANGIBLE PERSONAL PROPERTY

1. All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation.

2. To the extent possible, tangible personal property should be designated to individual staff that is requested to oversee the equipment and report any loss or theft to appropriate administration in "real-time". Additionally, tangible personal property that is not utilized on a day-to-day basis should be stored in a secured location, and the appropriate staff should physically verify this property as needed to provide the most effective means of securing tangible personal property.

3. In the event of theft or vandalism, the property custodian will report the loss to the Broward District Schools Police Department (BDSPD) and the local authorities at the time of the incident. As a component of the police report and the BDSPD's Immediate Notification Form (**See Exhibit 6**), the location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. This should be completed within 2 business days from when the incident is known or should have been known.

4. The location must then complete a **03290** Tangible Property Loss/ Equipment Acquisition Form (**See Exhibit 7**) listing all of the tangible personal property items which were stolen. The form must contain all of the appropriate identifiable information and be signed by the property custodian.

5. The original **03290** Tangible Property Loss/ Equipment Acquisition Form, with a copy of the Immediate Notification Form and the police report attached, should then be forwarded to Accounting & Financial Reporting Department - Capital Assets for record amendment. After allowing an appropriate period of time for the loss to be processed, the location should verify the applicable property records have been amended to reflect the loss by requesting an electronic **DOWNLOAD** of the location's PNI 811 report from Information & Technology – Production Control. In the event property records have not been appropriately amended, the location should follow-up with Accounting & Financial Reporting Department - Capital Assets to ascertain the processing status of the submitted documentation.

6. The location must maintain copies of all pertinent documentation for their files in order to efficiently facilitate any necessary reconciliation during subsequent property and inventory audits.

7. A record of all reported losses will be maintained by the District for the purpose of analyzing loss trends. In the event there is a trend of loss at the same location or any individual loss event is significant in magnitude, a review of the circumstances involved with the loss will be conducted in an effort to prevent similar losses in the future. This review will be conducted by representatives from the following departments: Broward District Schools Police, Risk Management, and Information & Technology. Following the review, recommendations will be made to enhance the security measures at the location in an effort to prevent similar losses in the future. These recommendations may include, but are not limited to:

    a. Modification to the receipt and storage of asset equipment at the location
    b. Modification of existing surveillance systems within the location
    c. Installation of additional security devices/equipment at the location
    d. Increased frequency of self – inventories of asset equipment
    e. Installation of passive or active security devices within high-risk equipment items

    These recommendations are not a component of the property and inventory audit performed by the Office of the Chief Auditor.

F. SURPLUS OF TANGIBLE PERSONAL PROPERTY

1. Periodically, the location should surplus any obsolete or damaged tangible personal property in order to remove these records from their property inventory. Locations shall surplus tangible personal property twice per year in accordance with their self-inventories conducted semi-annually (See **D. CONDUCTING SEMI-ANNUAL INVENTORIES**).

2. The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged.

3. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being surplussed. The 3290A Surplus/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property (See section **F.11** for instructions on surplussing Buses, Vehicles, and Trailers).

4. The location should make a copy of the 3290A Surplus/Transfer Declaration Form(s) for their record and forward the original to the Manager, Material Logistics at the Warehouse.

5. The Warehouse will arrange to pick-up the tangible personal property designated for surplus from the applicable location. A work order document will be provided to the property custodian at each location to certify removal activity.

6. After confirming the pick-up of the property items, the Manager, Material Logistics will forward the 3290A Surplus/Transfer Declaration Form along with the B-stock pick-up acknowledgment form to Accounting & Financial Reporting Department - Capital Assets for processing.

7. Accounting & Financial Reporting Department - Capital Assets will send an email confirmation to the property custodian upon receipt of the form and documentation.

8. Accounting & Financial Reporting Department - Capital Assets will process the 3290A Surplus/Transfer Declaration Form and remove the property records from the location's property inventory.

9. Within five business days of receiving notification, the 3290A Surplus/Transfer Declaration Form will be processed by Accounting & Financial Reporting Department - Capital Assets and locations will be contacted for any additional information. The property custodian should verify that the property records have

been removed from the property inventory by requesting a PNI 811 from Information & Technology – Production Control.

10. The location should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent property and inventory audits.

11. To enhance the accountability associated with Property and Inventory, the procedures for the surplus of buses, vehicles, and trailers require the following steps:

    a. The location must complete a 3290A Surplus/Transfer Declaration Form to identify buses, vehicles, and trailers to be salvaged.
    b. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial or VIN number, model number, and equipment description for each property item being surplussed. The 3290A Surplus/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property.

    c. The location should make a copy of the 3290A Surplus/Transfer Declaration Form(s) for their record and forward the original to Accounting & Financial Reporting Department – Capital Assets for processing.

    d. Accounting & Financial Reporting Department – Capital Assets will send an email confirmation to the property custodian upon receipt of form and documentation, and will mark the asset with a status of "P" for "Pending Disposal." The asset will remain in the location's inventory until final proof of disposition is submitted to Accounting & Financial Reporting Department – Capital Assets.

    e. The location must submit proof of the asset's final disposition to Accounting & Financial Reporting – Capital Assets to remove the property records from the location's property inventory. The proof of final disposition can be submitted in either of the following methods:

        i. A bill of Sale or a copy of receipt from the contracted auctioneer or,
        ii. Other proof of disposal, such as a pick-up ticket, trade-in receipt, a copy of receipt from a licensed scrap dealer, an invoice from a metal crushing company, a donation letter to a registered charity or community organization, documented evidence of dumping assets of no or little value, or other auditable supporting documentation.

f. Upon receipt of the asset's final disposition, Accounting & Financial Reporting – Capital Assets will remove the "Pending Disposal" status from the asset, which will subsequently remove the asset's property records from the location's property inventory.

G. EXECUTION OF TANGIBLE PERSONAL PROPERTY DOCUMENTATION BY DESIGNEES

1. Board policy **3204: PROPERTY ACCOUNTABILITY AND RESPONSIBILITY** designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.

2. Principals and Directors are to execute all documentation associated with tangible personal property.

3. Principal and Director Designees may execute documentation associated with tangible personal property in the absence of a property custodian in order to avoid disruption of daily operations. In such instances, the property custodian must also sign such documentation upon their return to the location, or as soon as practical.

H. PROPERTY AUDITS OF TANGIBLE PERSONAL PROPERTY

1. Periodically, the Office of the Chief Auditor (OCA) will conduct a property and inventory audit for locations. The purpose of this audit will be to verify the physical presence of tangible personal property designated on a location's property inventory and to ensure appropriate controls are in place to safeguard the location's tangible personal property. This will include a cursory review of the safeguards associated with high-risk items maintained within the location's secondary database (as previously defined by this Business Practice Bulletin). Accounting & Financial Reporting Department - Capital Assets will be notified by OCA when a location is being audited and upon completion of the audit so that the property records for the location are not altered during the duration of an audit.

2. OCA staff will then issue a preliminary report identifying the property items which could not be physically located or did not have appropriate documentation to support their absence.

3. The location will be provided a reconciliation period to locate the unaccounted tangible personal property or provide supplemental documentation to substantiate their physical location.

4. The OCA will then issue a final audit report to the property custodian, identifying the final discrepancy list and outlining any material weaknesses associated with the location's inventory control. A copy of the final discrepancy report will also be forwarded to Accounting & Financial Reporting Department - Capital Assets in order to amend the property records as deemed appropriate. For any new/found tangible personal property listed on the final audit discrepancy report with a historical cost/estimated value of $1,000 or more, the location must forward a **03290** Tangible Property Loss/ Equipment Acquisition Form signed by the property custodian with invoices or estimated values authorizing Accounting & Financial Reporting Department - Capital Assets to add these property items to the Master File of Capital Assets database.

5. The property custodian must provide a response to the final report findings via the respective SLT administrator, outlining a corrective action plan designed to address the property audit exceptions and improve operational standards at the location.

6. The respective SLT administrator must then provide written correspondence to the OCA confirming their support of the action plan. This correspondence will be included in the final audit report.

7. The complete property audit will then be presented to the District's Audit Committee at their next regularly scheduled meeting.

8. The property audit report will subsequently be transmitted to the School Board at a regularly scheduled School Board meeting.

Condition 5
Athletics and Extracurricular Activities

5.1 The athletic facilities at the high school meet the District standards (baseball field, softball field, track, gymnasium, tennis courts) and are in satisfactory condition.

The district standard for track and field surface is rubberized polyurethane system. ~~Over the past 12 years, the district has converted numerous tracks from asphalt to a rubberized polyurethane surface. The renovation of track surfaces has been halted and postponed due to economic conditions. The following track and field re-surfacing projects are postponed: Hollywood Hills, Pompano Beach, South Broward, Stranahan, and J.P. Taravella.~~

Update, 02/03/2023: The district standard for track and field surface is rubberized polyurethane system. As a part of the SMART bond, the following tracks were renovated: Hollywood Hills, Pompano Beach, Stranahan, and J.P. Taravella, along with Cypress Bay, Charles Flanagan, Hallandale, Miramar, Monarch, Plantation, West Broward and Western. With allocated Capital funds our office also resurfaced the following projects:

2014 - 2015: Fort Lauderdale
2020 – 2021: Piper
2021 – 2022: Blanche Ely, Cooper City, Coral Springs, South Plantation
2022 – 2023: Dillard 6-12, Northeast, South Broward
Tracks to be completed in 2023 – 2024 based on priority: Boyd Anderson, Coconut Creek, Everglades, Nova
*Note: Coral Glades is a city owned and managed facility.

Other enhancements to our district standards:

Baseball: netting, windscreens, re-sodding of the fields, replacement of clay.
Softball: netting, windscreens, re-sodding of the fields, replacement of clay.
Gymnasiums: lighting, scoreboards, flooring, bleachers.
Tennis Courts: resurfacing, relining, pressure cleaning.

NICOLE M. MANCINI, Ed.D., CHIEF ACADEMIC OFFICER
OFFICE OF ACADEMICS

March 15, 2023

TO: All Principals

FROM: Nicole M. Mancini, Ed.D.
Chief Academic Officer

VIA: Teaching and Learning Superintendents

SUBJECT: **LIBRARY BOOK CHALLENGES**

ACTION: Review District protocols related to book challenges. Guidelines and procedures are outlined below for when the District or Schools receives an inquiry or complaint without the written formal challenge form completed and submitted yet. A copy of books currently being tracked as well as the memo dated October 26, 2022, referencing the outcome of 11 challenges are provided as attachments.

RATIONALE: Steps to support schools regarding the procedures to be followed in the event of a book challenge.

1. Once an inquiry is received by the school or district, the principal or designated administrator will hold an informal conference/conversation with their staff.
2. The school should do a preliminary review of the book to ensure it does not clearly violate statute.
3. If the request(s) comes through the district, the Innovative Learning Department will proactively contact identified schools directly. (e.g., phone calls, Teams, email, or all the above).
4. The Innovative Learning Department will walk principal/instructional designee, or media specialist through the process of enacting an internal review of the book in question to ensure there is no violation of state statutes within the publication.
5. If any materials are identified at this point, immediate removal should occur and be noted in BCPS Central.
6. If the parent/organization is dissatisfied and wants to pursue the matter **formally**, then the complainant will submit the "Request for Reconsideration" form.
7. After the submission of the "Request for Reconsideration" form, the school will begin the review process with their Library Media Advisory/Collection Evaluation Committee.
8. The decision from the committee is communicated to complainant and relevant District entities.

If you need further information, or have questions regarding library book challenges, please contact, **Dr. Sherri N. Wilson, Director of Innovative Learning at 754-321-2630 or via email at nicole.s.wilson@browardschools.com.**

SUBJECT: **MEDIA SPECIALISTS AND MEDIA CLERKS 2023 FALL ALL-COUNTY MEETING**

ACTION: All Media Specialists and Media Clerks are invited to attend the 2023 Fall All County Meeting on **Wednesday, August 16, 2023, 8:00 a.m. – 3:30 p.m. at Coral Springs High School - 7201 W. Sample Road, Coral Springs, 33065.** The morning session will offer policy and statutory updates, the implementation of the new school library media website, and an introduction to a school's collection development plan. The afternoon session will train Media Specialists, Media Clerks, and Administrators on the process that all schools must follow to publish a classroom library list on its website. An invitation will be sent to all Media Specialists and Media Clerks. It is recommended for schools with Media Clerks that they attend this training accompanied by an administrator. Participant registration in **LAB (Section #66019)** will be available after **Monday, August 7, 2023.**

RATIONALE: This serves to advise Media Specialists, Media Clerks, and Administrators of the new **Library Media/Innovative Learning Commons Policy 4120, Florida Statute (FS) 1006.28** updates and training on the process that all schools must follow to publish a list on its website. The list will include, in searchable format, all materials maintained in the school library media center, classroom library, or required as part of a school or grade level reading prescribed by the department. For schools without a certified Media Specialist, Media Clerks should NOT be expected to manage the classroom library portal or develop a Collection Development Plan. Therefore, it is strongly recommended that the Media Clerk attend with an Administrator that would serve as support to the clerk.

SUBJECT: **CLASSROOM LIBRARIES**

ACTION: This memo clarifies the action steps to comply with **House Bill (HB) 1069** regarding classroom libraries. Steps for publishing lists of materials maintained and accessible in the school library, media center, classroom library, or required as part of a school grade-level reading list in a searchable format on school websites are outlined below.

RATIONALE: Steps to support schools regarding the procedures for creating searchable classroom libraries.

1. The classroom teacher reviews book titles in their classroom library to ensure they are current, age-appropriate, not violative, and adhere to state statutes.

2. The classroom teacher will log into Beanstack through the Clever dashboard.

3. The classroom teacher will specify the **lowest grade taught** within the Beanstack application. This is crucial for the approval process.

4. The classroom teacher scans the ISBN barcodes for each title using their assigned laptop computer into the Beanstack application. The titles not yet reviewed will appear as Pending.

   Teachers: Please click this link for the video tutorial: Getting Started with Creating a Classroom Library

5. After the titles are uploaded, the school's media specialist will review them and mark them as Approved or Rejected. **Only a certified media specialist can approve titles per FL Statute 1006.28.**

   Media Specialists: Please click this link for the video tutorial: **School Media Specialist Approval for Classroom Library Connector**

6. For Schools without certified media specialists, the Innovative Learning Library Media certified personnel will approve the titles.

7. A make-up training is scheduled for **Wednesday, September 20, 2023, from 1:00 p.m. – 3:00 p.m. at Orange Brook Elementary School.** Register in Learning Across Broward (LAB): **Section # 66596** - Library Media 2023 Kick-Off.

8. **2023-2024 Timeline**
   Quarter 1: Scanning of books at the elementary school sites.
   Quarter 2: Approve at the elementary school site by a certified media specialist.
   Quarter 3: Scanning of books at the secondary school sites.
   Quarter 4: Approve at the secondary school site by a certified media specialist.

SUBJECT: **LIBRARY MEDIA - NEW MEDIA SPECIALISTS LEARNING OPPORTUNITIES**

Principals should provide new media specialists with this memo and information regarding participation in the appropriate professional learning associated with the position (see courses on page 2). The preferred individual should be a certified educator and have certification in Library Media. Individuals may work one-year out-of-field. Based on experience and a person's in-service record, some individuals may meet the requirements to be classified as in-field according to new guidelines established by Talent Acquisition & Operations (Instructional). Please email the name of the new media specialist to **Celia Taylor, Curriculum Supervisor, Library Media, via email at** celia.taylor@browardschools.com **by Friday, September 22, 2023.**

Individuals identified as new media specialists should enroll in thirty-six (36) hours of professional learning (48 total hours, including implementation) during the **2023-2024** school year to acquire the necessary skills to manage the school library. The professional learning consists of 6 online courses (synchronous/asynchronous) taken sequentially. Please access the section number links on the enclosed list to register for courses.

This professional learning will provide new media specialists information on how to: build and manage a library media collection, build library programs, provide teacher collaboration opportunities, design inquiry-based lessons, manage the library budget, support the school curriculum through personalized learning for all students, and build a blended learning environment. Once new media specialists have been identified, the district's Library Media team can support them in their new role and ensure they have signed up for professional learning opportunities in Learning Across Broward (LAB) at the beginning of the school year.

SUBJECT: **LIBRARY MEDIA COLLECTION DEVELOPMENT PLAN**

The District provides support structures and strategies to assist schools, with or without a certified library media specialist, to ensure library media materials fulfill District standards and selection criteria. The Department of Innovative Learning and Library Media Services has been working strategically to ensure all school-based stakeholders are fully informed and prepared to fulfill requirements aligned with Florida's new House Bills 1467 and 1069 related to library media and instructional materials.

It is strongly recommended that all school media specialists attend professional development or training to comply with statutory guidelines addressing procedures in developing a Library Media Collection Development Plan to post on each school's website. For schools without a media specialist, it is recommended that an instructional designee attend this training. The course will be offered four times throughout the school year. SUBJECT: **CLASSROOM LIBRARIES FREQUENTLY ASKED QUESTIONS (FAQs)**

It is imperative that school personnel responsible for classroom libraries be well-informed of district policies and procedures to perform associated responsibilities with fidelity. This memo is intended to clarify frequently asked questions when scanning classroom libraries.

(Q) When is the classroom library scanning deadline?
(A) The deadline has been extended to Friday, May 31, 2024.

A timeline was created to guide schools referenced in the Pivot memo; Classroom Libraries dated Wednesday, August 30, 2023. Please see step 8 below:

2023-2024 Timeline
Quarter 1: Scanning of books at the elementary school sites.
Quarter 2: Approve at the elementary school site by a certified media specialist.
Quarter 3: Scanning of books at the secondary school sites.
Quarter 4: Approve at the secondary school site by a certified media specialist.

(Q) Should level readers from previous adoptions be scanned?
(A) No, instructional materials from previous adoptions do not need to be scanned.

(Q) What are the consequences if a teacher chooses not to have a classroom library?
(A) There are no consequences if a teacher does not wish to maintain a classroom library. However, if a teacher has a collection of books that students can access or will be used for instruction, they MUST scan those items into the Beanstack portal, so they comply with state statutes.

(Q) Who can approve books on Beanstack?
(A) A certified media specialist who has completed the Florida Department of Education Library Media Training.

(Q) Who will oversee the classroom library process when a school does not have a certified media specialist?
(A) The principal will appoint an instructional designee (assistant principal, reading coach, team leader, etc.) to oversee the process.

(Q) Who will approve titles when the school does not have a certified media specialist?
(A) District personnel will approve the titles (Note: As titles are being approved at the district level, the approval will be reflected at the school level).

(Q) How will schools scan the books?
(A) Teachers may use the camera from the Broward County Public Schools (BCPS)-assigned laptop.

(Q) Who can scan books?
(A) Teachers, media clerks, clerical staff, or volunteers may scan with the teacher's approval (Note: The classroom teacher must log into their Beanstack account).

(Q) Do teachers need to wait for books to be approved before using?
(A) Teachers may use books appropriate for their specific grade level.

(Q) Why are books rejected on Beanstack?
(A) Books are rejected if they are above a teacher's lowest grade level.

(Q) Can a teacher have titles above or below grade level?
(A) It is a school-based decision determined by the principal, media specialist, and the Library Media Committee to support above and below grade-level readers.

(Q) What is the teacher's recourse if a title is rejected?
(A) A teacher may appeal the decision. The media specialist will review and collaborate with the principal and the Library Media Committee if needed to render a decision.

(Q) When will the books be approved on Beanstack?
(A) This will be an ongoing process by the school's media specialist and the district staff.

Supplemental Reading Material Guidance for K-12 Teachers

The reading of novels in the classroom is a critical component of a child's education. The use of novels helps to build student reading endurance, allows for significant and deep classroom conversation, and exposes students to ideas, themes, and character development beyond what is available in shorter fictional pieces.

While the district supports the use of novels in the classroom, every school in Broward County has a unique population of students and the selection of novels for those students should be based on needs that are reflective of that uniqueness. Novels should provide a portal to the world through which students can view themselves and others, as well as a connection to the world that they see every day. Schools have the autonomy to build booklists based on the specific needs of the students in their classrooms and in the communities that they service.

Schools also have the responsibility to select novels that are appropriate for the age of the students who will be reading them. Additionally, schools must ensure that the content of the novels is appropriate for the age and grade as well. Look at professional peer-reviewed journals for age or grade-level recommendations. It is highly recommended that schools read reviews of novels from established websites when beginning the process of developing a booklist. Additionally, professional and peer-reviewed sites such as School Library Journal, Kirkus, Hornbook, Booklist, and Publishers Weekly are used to review novels. These professional journals provide the age/grade range for the appropriateness of the content. This is a great place to begin the booklist compilation process and the selection of novels that will support standards-based instruction. Other crowd-sourced sites, such as Common Sense Media, Amazon, Scholastic, and Good Reads, can also provide descriptions of novels and can be sorted to display the title's content summary and appropriateness for school-aged children.

District adopted instructional materials may also offer recommendations for age-appropriate novels that work well within their thematic units. These titles may serve as lists for independent student reading, literature circles, or whole group instruction, but should be vetted by the classroom teachers to ensure that they are appropriate for the student population of the school.

Selecting Novels for Classroom Use:

Preserving the students' opportunity to read freely as a hallmark of our free society is a special obligation of teachers. It is a part of their professional responsibility to guide each student's learning to improve the quality of the choices he/she makes in the exercise of the right to read. Therefore, we must recognize the professional responsibility of teachers to select books for their classes, to recommend books for individual reading, and to discuss with a student any work read whether the teacher has recommended it, or the student has discovered it for himself/herself.

Professional training has equipped the teacher to select books for students. It must be assumed that good taste, common sense, and an awareness of professional responsibility to students will guide teachers in making wise selections. To strengthen their own judgments, however, teachers at each

school should consult with one another, under the leadership of their department chairperson, to compile basic booklists for use within their department and articulate with teachers at the feeder schools in their zone. Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students (HB1069).

In every decision regarding the appropriateness of a particular work, the following questions should be considered:

- Will the study of this work help achieve specific curriculum objectives?
- Are there other works that will achieve the same objectives as well?
- Is the selection readable for students of diverse ability levels?
- Does the selection meet the state's mandate of presenting voices from diverse cultures?
- Is this study of work suited to the maturity level of the students for whom it is intended?
- Has there been any strong opposition to this selection in the local community?
- Will this selection draw upon the students' backgrounds and interests?
- Does the selection Follow Florida Statutes, State Board of Education rules and school district policies?

In addition to the above questions being utilized in the decision-making process, parental input as to the materials read by their children is important. When teaching long-form fiction, teachers should send home permission forms that give a summary of the text, provide insight into controversial themes that may arise, and offer the ability to parents to opt out of having their child read the text if it falls outside of their comfort zone. Together, teachers and parents determine a rich and powerful canon of literature for students to engage with.

Guidelines for the Adherence to Florida House Bill 1557:

Florida House Bill 1557 was enacted in 2022 and has opened the conversation regarding what can and cannot be taught in English Language Arts classrooms. HB 1557, and by extension State Rule 6A-10.081, states that teachers "Shall not intentionally provide classroom instruction to students in grade 9-12 on sexual orientation or gender identity unless such instruction is required by state academic standards...[.]" While this state rule prohibits classroom instruction on sexual orientation or gender identity, it does not prohibit the unbiased discussion of literary characters or nonfiction personalities as they relate to the educational standards and benchmarks required by the state.

As an example, in Tennessee Williams's Pulitzer Prize winning play, "A Streetcar Named Desire," a minor character, who has died, is alluded to as having been gay. Classroom discussion about these two characters should focus on state benchmarks, such as ELA.12.R.1.3 (Evaluate the development of character perspective, including conflicting perspectives). The classroom conversation should not bring in the teacher's personal bias or perspective regarding the fact that the character is gay. Discussion about the sexual orientation of the character should be contained within the language and purpose of the state standards and benchmarks. Student questions regarding sexual orientation and gender identity beyond the intended conversation around the text piece should be referred to the students' parents and not discussed within the classroom.

To put it simply:

- Can a teacher teach a text piece that contains a gay character? Yes
- Can a teacher hold a classroom discussion about a gay character while adhering to the state standards and benchmarks? Yes
- Can a teacher hold a classroom discussion, or interject statements during a classroom discussion, containing personal bias for/against a gay character in a text piece? No

A Note on Bias:

Maintaining a classroom environment free from personal bias is paramount in a class setting. The pursuit of educational standards demands that educators present a diverse range of literary works, viewpoints, and cultural contexts to foster critical thinking and inclusivity. Allowing personal bias to seep into teaching can hinder students' ability to engage with material objectively and inhibit their exploration of diverse perspectives. By upholding the principles of neutrality, educators ensure that students have the opportunity to form their own judgments, cultivate open-mindedness, and develop the analytical skills necessary for effective communication and understanding in an increasingly interconnected world.

Supplemental Reading Material Parent Permission Form

Parents and Guardians,

As part of your child's learning in our class this year, he/she will be introduced to a wide variety of authors and genres. Many of the texts that we will be reading this year are part of our district adopted instructional materials and have gone through rigorous vetting to ensure that they are of a high quality and appropriate content level. To expand upon the themes and discussions found in these materials, some longer form fictional pieces (novels) may be utilized. As your child's teacher, I have selected the following novel as part of this educational extension:

Novel Title: _____ Author: _____

In order to keep you apprised of what your child will be reading, I have compiled the following information regarding the novel and the purpose for its inclusion in our curriculum.

- Plot Summary:
- Educational Value:
- Connection to Curriculum:

Additionally, while I have deemed this material to be age and grade appropriate for students, there may be instances within the content that may be considered controversial. Specifically, these areas include the author's use of (violence, sexual content, adult language, alcohol/drug use, consumerism). Though not excessive in nature, it is prudent that I share this information with you prior to the students reading the novel. I will be guiding your child through the content of the novel and engaging him/her in appropriate conversation about the characters, plot, and theme.

As the parent/guardian, you have the right to opt out of your child reading this specific novel. If you choose to do so, an alternate novel/assignment that stays within the theme(s) being discussed in class may be assigned as a replacement. Please select the appropriate option below and sign this form to ensure that we remain in partnership in guiding your child's educational needs.

_____ I have read the description of the novel listed above and **give** permission for my child to read it as part of the curriculum.

Library Media and Instructional Materials Guide

The purpose of this guide is to inform stakeholders of the opt-out and objection process of library media/instructional materials. The House Bill and Policies mentioned are referenced in the right column.

House Bill HB1069

The bill includes provisions designed to protect children in public schools. The bill includes requirements for age-appropriate and developmentally appropriate instruction for all students in prekindergarten through grade 12.

The bill prohibits district school boards from imposing or enforcing requirements that personnel or students be referenced with pronouns that do not correspond with biological sex as defined in the bill, subject to specified exceptions.

The bill enhances the process for transparency and review of library and classroom materials available to students in public schools and the process for parents to limit student access to materials and make objections to materials. The bill requires the suspension of materials alleged to contain pornography or obscene depictions of sexual conduct, as identified in current law, pending resolution of an objection to the material. A district school board must also discontinue the use of any material the board does not allow a parent to read aloud.

The bill requires that meetings of committees to resolve objections must be noticed and open to the public, and provides an appeals process through a special magistrate.

Each district school board must adopt a policy regarding an objection by a parent or a county resident to the use of a specific material, which clearly describes a process to handle all objections and provides for resolution. The process must provide the parent or resident the opportunity to proffer evidence to the district schoolboard (HB 1069).

BCPS Policy 4120

Policy 6317 was sunsetted on 9/13/2022 and embedded into new Policy 4120, which aligns with state statutes and the current Library Media Innovative Learning Commons spaces. In addition, the revised policy addresses the objection review process. The newly adopted district policy 4120, confirmed on June 13, 2023, states that the Superintendent establish a committee that will serve as the Superintendent's Review Committee (SRC). This body's implementation and function process is outlined on pages 8 and 9, Section three of Policy 4120. There are three prongs to creating the (SRC) body based on committee membership number, parent representation with currently enrolled student(s) in BCPS, and membership that reflects the cultural and economic diversity of Broward County Public Schools.

BCPS Policy 4140

Policy 4140 supports the goal of the Board to provide students with the appropriate instructional materials, and equipment, necessary to ensure that each student will be able to pursue a course of study to realize full academic potential. The updated Policy 4140 aligns to State statutes and has been revised to address the objection review process that extends beyond the original 30-day protest period after a new adoption.

Process for parents or residents of Broward County that would like to inquire about, opt-out of, or object library media or instructional materials.

Inquire

You are are a parent or resident of Broward County and you want to **inquire** about library media or instructional materials.

Resolved

Inquiry is **resolved** by Innovative Learning.

Object

You are a parent or resident of Broward County and you want to **object to** library media/instructional materials.

Opt-Out

You are a parent and you want to **opt-out** of having your child access **library** reading materials.

As a parent, you **always** have the right to opt your child out of any library material. Please complete the Opt-Out Form.

Please note: According to BCPS Policy 4140, objections to Adopted Instructional Material(s) Process must be within 30 days after adoption.

Adopted Materials

A parent or resident of Broward County who is **objecting to** library media/instructonal materials completes **Objection to Library/Specific Materials Form**.

Phase 1

Once an objection is received by the school or district, the principal or designated administrator will hold an informal conference/conversation with their staff.

Phase 2

NOTIFICATION

The principal and/or instructional designee and the media specialist should conduct an internal review.

- An internal review determines number of books in circulation, grade, content that will be useful for the Superintendent's Review Committee debrief.
- Any material subject to an objection on the basis it is pornographic or prohibited under section 847.012, Florida Statutes, or that it depicts or describes sexual conduct as defined in s. 847.001(19), Florida Statutes (unless it is for a course required by s. 1003.46, 1003.42(2)(n)1.g. or 1003.42(2)(n)3., or identified by State DOE rule), must be removed within 5 school days after receipt of the objection and remain unavailable to students at that school until the objection is resolved.
- The Objection to Library/Instructional Form is reviewed by the Library Media Curriculum Supervisor to ensure it is entirely complete.

Phase 3

REVIEW PROCESS

Innovative Learning notifies Superintendent Review Committee, which convenes to review material.

1. Board members will be notified prior to notification to the Superintendent Review Committee.
2. A public notice of the meeting must be advertised.
3. Any committees convened for the purpose of resolving an objection by a parent or resident to specific materials must include parents of students who will have access to such material (HB 1069).
4. The committee applies guidelines in deciding the appropriateness of library/classroom materials (FLDOE Training 1006.29).

Phase 4

PROPOSED RECOMMENDATIONS

- A recommendation by the Superintendent's Review Committee will be rendered within **90 days** of receipt of the objection to the Superintendent and the Broward County School Board.
- Proper notification to the public/parent will follow.

Accept

You **Accept** the Decision from the Superintendent's Review Committee

Disagree

You **Disagree** the Decision from the Superintendent's Review Committee

Phase 5, Option 1

Appeal Option 1

If a parent/resident disagrees with the determination made by the Superintendent's Review Committee, then they may request inclusion on the School Board agenda.

Phase 5, Option 2

Appeal Option 2

If the parent/resident disagrees with the district school board on the objection to the use of a specific material, a parent/resident may request the Commissioner of Education to appoint a special magistrate who is a member of the Florida Bar in good standing and who has at least 5 years of experience in administrative law (HB 1069).

Committee

SUPERINTENDENT'S REVIEW COMMITTEE COMPOSITION

Recommended composition of the Superintendent's Review Committee should include the following:

- Superintendent/Superintendent Designee
- The Innovative Learning Director/The Library Media Curriculum Supervisor
- Elementary and Secondary Learning Directors/Designee(s)
- A principal representative (North, Central, and South areas)
- A Teacher Representative
- The School Board Student Representative
- A parent representative (North, Central, and South area); must have a student in Broward County Public Schools.
- An external stakeholder

Each member represented in this body should be from a diverse social, economic, and/or ethnic background. Each member should sit on this body for a period of no longer than a year. It should be composed of odd numbers.

Process for teachers that want to provide supplemental materials for their students.

Student Opt-Out Form

Schools **can** build booklists based on the specific needs of the students in their classrooms and in the communities that they service. Please provide the **opt-out form** for your students.

v.5 10/20/23

The School Board of Broward County, Florida Lori Alhadeff, Chair • Debra Hixon, Vice Chair • Torey Alston • Brenda Fam, Esq. • Daniel P. Foganholi
Dr. Jeff Holness • Sarah Leonardi • Nora Rupert • Dr. Allen Zeman • Dr. Peter B. Licata, Superintendent of Schools

The School Board of Broward County, Florida, prohibits any policy or procedure which results in discrimination on the basis of age, color, disability, gender identity, gender expression, genetic information, marital status, national origin, race, religion, sex or sexual orientation. SUPERINTENDENT OF SCHOOLS

Established 1915
BROWARD
County Public Schools

"My goal is for Broward County Public Schools to be known as a District that is student-centered, teacher-supported and principal-led, and I'm excited to get started."

ABOUT BROWARD COUNTY PUBLIC SCHOOLS

"Educating all students to reach their highest potential."

Broward County Public Schools (BCPS) is the sixth largest school district in the nation and the second largest in the state of Florida. BCPS is Florida's first fully accredited school system since 1962, serving more than 254,000 students and approximately 110,000 adult learners in 240 schools, centers and technical colleges, and 90 charter schools. BCPS supports a diverse student population representing 170 different countries and speaking 147 languages.

DISTRICT 3 HIGHLIGHTS

DISTRICT EDUCATIONAL FACILITIES PLAN OVERVIEW
FISCAL YEARS 2023-24 THROUGH 2027-28

This District Educational Facilities Plan (DEFP-FY24) covers the five-year period beginning July 1, 2023, and ending June 30, 2028. This plan sustains funding for the **S**afety, **M**usic and Arts, **A**thletics, **R**enovations and **T**echnology (SMART) Program and other projects that were approved in the DEFP adopted on September 6, 2022.

School Safety Funding

The District is committed to providing a safe and supportive environment and recognizes that students and staff need to feel safe and supported in order to perform and achieve their maximum potential.

As part of the District's strategic goals, the District strives to develop approaches that foster safer schools and buildings.

In FY2018-19, SB 7026 provided funding to replace the 1200 Building at Marjory Stoneman Douglas High School. In total, the 2018 Florida Legislature approved $26.3 million for the District to replace the 1200 building and construct a memorial. The following projects were developed to accomplish this:

- Provide temporary portables – This project is complete
- Build a new permanent classroom building – This project is complete
- Demolish the 1200 building
- Construct a memorial

Also, in FY2018-19, the District used funding from the State security grant to fund $6.2 million for security cameras, $1.8 million for public announcement (PA) systems at schools, and $1.6 million for charter schools. The District also entered into a $19.8 million capital lease to implement additional PA systems and upgrade the District's radio communications system.

In FY2019-20, the District used $4 million in State security grant to enhance the District's single point of entry and implement additional school security upgrades at District schools and provided $0.8 million to charter schools.

In FY2020-21, the District used $3.3 million in State security funding to upgrade school security hardware and provided $0.7 million to charter schools. In addition, the District is using Federal funding in the E-rate program to further improve its infrastructure to support security cameras.

In FY2021-22, the District identified local funding to continue to upgrade and replace security cameras. The State Security Grant funds provided another $3.3 million for District schools and $0.7 million for charter schools to continue upgrading school security hardware.

In FY2022-23, the State security grant funding identified approximately $1.9 million to fund school hardening needs identified in the Florida Safe School Assessment Tool (FSSAT) completed by District and charter schools.

In FY2023-24, the District will receive State security grant funding for approximately $3.6 million, and in this year's DEFP, $51 million in new safety/security funding is included to address intercoms and security communications equipment as well as address safety and security concerns district-wide.

School-by-School Projects

Within the DEFP, there is a schedule of the detailed projects for each school in the District. This is a funding schedule and does not represent the project construction schedules. As of this year's DEFP adoption, nearly all of the projects within the School-by-School schedules were funded prior to fiscal year 2023-24 (FY24). Therefore, you will not see funding listed in FY24 through FY28 for most of the construction projects in this DEFP. All projects that are shown in either the DEFP section or the SMART Program section are funded as indicated by the Previously Budgeted column.

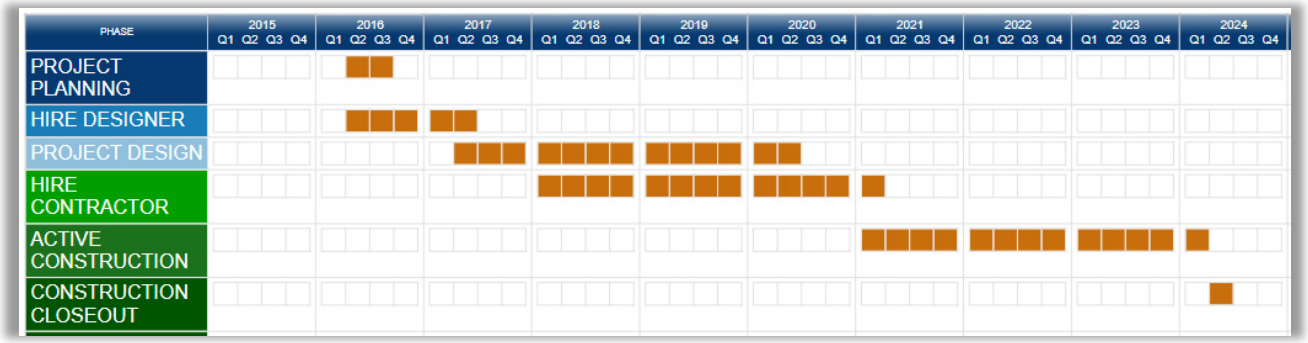

SMART Program

In summary, the DEFP is a funding plan and should not be used for construction timelines or schedules. For more information on SMART Program construction schedules visit the District's SMART Website where you can navigate to the construction schedules and view other information regarding specific projects.

Funding for Capital Outlay Needs

The DEFP-FY24 sustains funding for district-wide maintenance, student and staff computers, school buses and white fleet vehicles. The plan also funds the District's debt service for past and current financings as well as funding for building leases, capital outlay staff and charter school capital outlay.

New funding recommendations totaling $121.8 million in this plan include funding for:

- Safety and Security Intercom Upgrades
- 25 New playgrounds and other playground upgrades and repairs
- Covered walkway projects at 8 schools
- Increased funding for school furniture fixtures & equipment (FF&E), media centers and school custodial equipment
- Portable Demolitions

This funding is to address any critical capital needs, sustain efforts to complete the SMART Program, and preserve unallocated reserves to address needs identified in the Long Range Plan.

SMART Program

The SMART Program was originally supported with funding from the $800 million General Obligation Bond (GOB) and $184 million in other capital outlay funding totaling $984.1 million. The District recognized shortfalls for the program and set aside funding in a SMART Program Reserve to mitigate these funding risks. As projects are awarded to execute the program these reserve funds are used to offset the additional costs to complete the projects. The SMART program is $1,594.7 million as of June 30,2023.

The update to the DEFP-FY24 focuses on adding funding to bring the SMART reserves in alignment with the Atkins Risk Assessment. To keep the SMART Program on schedule to complete by October 2025, and align with contract awards, $47 million is needed in FY 2024.

Then as more projects close out in FY 2025 and FY 2026, $23 million from project savings is expected to return to capital reserves. After the final SMART projects are awarded the program risk greatly diminishes.

More information about the SMART Program is available on a quarterly basis when the District prepares the quarterly Bond Oversight Committee reports. The websites where this information can be found are:

http://www.broward.k12.fl.us/boc/index.html (Bond Oversight Committee website)

https://bcpssmartfutures.com (District's SMART Program Updates)

Each quarter after the Bond Oversight Committee meets, a representative from the Committee presents an update to the School Board at a workshop.

Fiscal Planning – Long Range Facility Planning

To ensure that the District uses sound data driven decision-making processes, funding for long-range facility planning is included in this DEFP. The long-range facilities plan will provide a comprehensive view of the District's facility needs and is a critical element in fiscal planning. The District cannot fund all of its facility needs and will need to prioritize limited financial resources to best meet the most critical of those needs. It is important that the District allows the long-range facilities plan to drive decisions about how we spend limited resources.

The District is developing a comprehensive long-range educational facility master plan to plan for the facilitation and execution of the master planning and modernization of its public-school buildings.

In conjunction with the long range plan the District is also moving forward with a structural assessment and evaluation program funded in this plan at $1.1 million to include:

- Scope of assessment includes building structural systems
- Incorporation of other significant building conditions affecting structural system performance or condition (e.g., building enclosure failure causing deterioration)
- Assessment parameters shall be defined for consistent application and comparison of conditions across a building and across the portfolio
- Relative rating/prioritization system to be established to enable comparison of conditions within a building and across the District portfolio
- Identify target facilities for pilot field assessment in collaboration with the District seeking to provide as representative a sample of the portfolio as possible; anticipate approximately 5 to 10 percent of the buildings will be included in the pilot sample
- Program Manual deliverable detailing assessment scope, methodology, criteria and rating system; for use by the selected consultant for the pilot assessment and by multiple consultants to complete assessment of the remainder of the portfolio

Also in place is the Roof Asset Management Program with an annual appropriation of $3.0 million that includes the following components:

- Roof surveys and condition assessments
- Roof asset management plan (RAMP)
- 10-year budget plans for the total cost of ownership
- Online database and reporting tools
- Moisture analysis –as needed
- Preventive maintenance and minor repair
- Training for in-house capabilities
- Mentoring to expand local contractor capabilities
- Annual updates to budgets and project scopes
- Emergency leak response management

Reserves

The District sustains reserves to stabilize the SMART Program and other capital projects in the DEFP. These reserves protect ongoing projects over the duration of the SMART Program so that changes in the economic environment and other risks are mitigated. There are SMART reserve funds the Board previously identified to be set aside for the SMART Program. These reserves are shown on the Appropriations page, and details of the approved transactions that impact the reserve funds are shown in the Appendix.

Total SMART Reserve

$ 225 million	SMART Reserve established FY 2018
$ 211 million	COPs Series 2020A
$ 47 million	PMOR Allocation (FY21, FY22, and FY23)
$ 29 million	SMART Program Needs (Markham ES FY22)
$ 46 million	SMART Program Needs (FY24 and FY25) → *Realigned into FY23*
$ 133 million	Cumulative GOB Premiums (May 17, 2022)
$ 47 million	Aligning Funding to the Atkins Risk Assessment (FY24)
$ 738 million	

The capital budget also includes an unallocated reserve that can be used for future SMART Program budget impacts and other Board approved needs. **Additional allocations to the SMART Program require the Board's approval**, and all future amounts are subject to change based on economic conditions and the results of annual legislative action.

Completed Projects & Financial Closeouts

When a project reaches the Substantial Completion milestone it enters the closeout phase and is moved to the Completed section of the DEFP. The Building Department certifies Substantial Completion and provides a Certificate of Occupancy (110b). Final Completion and Financial Closeout begin concurrently. The Building Department certifies Final Completion, thereby giving the Certificate of Completion (209). Financial Closeout is the point when all vendors have completed work, all commitments have been paid and closed, the construction warranty period has ended, and the School Board approves the final release of retainage. Savings from financial closeouts are returned to the SMART reserve. A list of all Financial Closeouts is provided in Appendix E.

Appendices

The Appendix section includes other information that is required by Section 1013.35, Florida Statutes, and the Citizens Concerned about our Children (CCC) Settlement Agreement to be included in the DEFP. The appendix schedules include: the Portable Transition Plan, the Public School Concurrency Plan (including the Level of Service Plan), the Allocation of Resources -10 and 20 Year Plan, the Reserve Activity Report, a detailed list of the Financial Closeouts and a list of the 25 schools that have new funding for playgrounds.

Supporting the District's Strategic Plan

The process of Adopting the DEFP provides the public with an opportunity to provide input into the plan and meets the District's guardrails of safety, equity, school support, accountability, and wellness support. Funding for the SMART Program, other capital construction projects, technology and academic equipment, buses and support vehicles provides the means to create and maintain a Safe & Supportive Environment and allows the District's educational professionals to have the appropriate classroom environments to provide High Quality Instruction to over 250,000 students.

STUDENTS FIRST

2022 - 2027 STRATEGIC PLAN

The School Board of Broward County, Florida has adopted a student outcomes-focused approach to governing to improve what students know and can do with the knowledge and skills Broward County Public Schools provides to succeed in the future.

GOALS

Early Literacy Proficiency
The percent of grade 3 students who demonstrate grade-level performance or above on the state English Language Arts (ELA) assessment will grow from 52% in June 2022 to 65% by June 2027.

Algebra Proficiency
The percent of students who met the Algebra graduation testing requirement by the end of grade 9 will grow from 53% in June 2022 to 63% by June 2027.

Science Proficiency
The percent of grade 8 students who demonstrate grade-level performance or above on the Florida Statewide Science Assessment or Biology EOC will grow from 47% in June 2022 to 55% by June 2027.

College & Career Readiness
The percent of graduates who earned any combination of two from the following list: College credit on an AP exam, IB exam, AICE exam, or dual enrollment course; Industry certification; CTACE internship; will grow from 41% in June 2022 to 51% by June 2027.

GUARDRAILS

Safety
The Superintendent may not allow a breach of safety policies and procedures that result in an increase in threatening or unsafe circumstances for students and staff.

Equity
The Superintendent may not allow resources to be allocated without firm evidence of their equitable distribution.

School Support
The Superintendent may not allow classrooms in C, D, F or Unsatisfactory rated schools to go without essential material and human resources.

Accountability
The Superintendent may not allow the District to operate without an accountability system for policy implementation that includes expectations, evaluation, transparency and continuous improvement.

Wellness Support
The Superintendent may not make decisions without ensuring students and staff are connected with necessary wellness resources.

Glossary of Terms

1. **General Obligation Bond (GOB)**

   On November 4, 2014, the voters of Broward County authorized up to $800 million in general obligation bonds to fund the Broward County Public Schools SMART Program. The four issuances of the bonds were timed to align with the needs of the projects in the SMART Program. The first series of the GOB was issued in June 2015, the second in February 2019, the third was issued in February 2021 and the fourth and final was issued in May 2022.

2. **SMART Program**

   Safety, Music & Art, Athletics, Renovations and Technology {SMART), is an ongoing capital improvement program to address infrastructure and equipment needs of Broward County Public Schools. Funding sources include the $800 million GOB and other capital funding.

3. **Program Years (SMART)**

   Program Years refer to the years that funding is identified for SMART Program projects. Included in this DEFP-FY24 update, the program years refer to:

   - Program Year 1 = Fiscal Year 2015
   - Program Year 2 = Fiscal Year 2016
   - Program Year 3 = Fiscal Year 2017
   - Program Year 4 = Fiscal Year 2018
   - Program Year 5 = Fiscal Year 2019
   - Program Year 6 = Fiscal Year 2020
   - Program Year 7 = Fiscal Year 2021
   - Program Year 8 = Fiscal Year 2022
   - Program Year 9 = Fiscal Year 2023
   - Program Year 10 = Fiscal Year 2024
   - Program Year 11 = Fiscal Year 2025
   - Program Year 12 = Fiscal Year 2026
   - Program Year 13 = Fiscal Year 2027

4. **Adopted District Educational Facilities Plan**

   The DEFP is a five-year capital improvement plan and budget planning document that is revised annually and adopted by the School Board. The first year of the DEFP is incorporated into the District's capital budget. The DEFP and the budget is a projection of revenues and a plan to appropriate funding for anticipated expenditures. The DEFP includes revenues from the GOB and appropriations for the SMART Program projects.

5. **Fiscal Years**

The District's Fiscal Year begins on July 1 each year and ends on June 30 in the following calendar year. For example, the fiscal year beginning July 1, 2023 and ending June 30, 2024 is referred to as "Fiscal Year 2024," "Fiscal Year 24," or "FY24".

6. **SMART Website**

The District's SMART Program website contains information on the SMART Program, links to specific project information and links to the SMART Program Bond Oversight Committee website. https://www.BCPSSMARTFutures.com/

7. **School Choice Enhancement**

School Choice Enhancement funding ($100,000) was allocated to every District school for a school-based, school-choice project to improve the condition of an instructional or educational space at the school. The District's Office of Capital Programs (Facilities Dept.) is working with schools to develop and execute a project that meets each school's needs within the $100,000 budget allocation.

8. **Districtwide Funding**

Funding/project(s) for locations other than schools, or projects/programs that effect larger populations of schools.

9. **Building Replacement**

Requires additional analysis by the Design Professional hired to determine if a building is in a condition that would warrant replacement or if the building is sufficiently structurally sound that would make improvements appropriate.

Note: Due to rounding of whole numbers, some tables or schedules within the District Educational Facilities Plan my not add to total.

Portable Transition Plan

Part I: Inspection, Disposition, Demolition

Currently, Broward County Public Schools (BCPS) has a total of 1,211 portables in its inventory. At this time, 81.50% of the portables are designated for instructional use in Elementary, Middle, and High Schools; 11.07% are designated for instructional use in Adult Educational Centers, Technical Colleges, and Alternative Centers; 6.52% are designated for administrative use; and 0.91% are located at the Juvenile Detention Center.

Per feedback received from the Florida Department of Education (FDOE), portables deemed as Fail Standards[1] or Unsatisfactory[2] can be demolished and cannot be used for instructional purposes. Additionally, the portables should be declared as surplus by The School Board of Broward County, Florida (SBBC) prior to their demolition. Table 1 below depicts the distribution and conditions of the portables.

Table 1 - Portable Conditions – Fiscal Year 2023-2024

Facility Type	Total Portables Remaining in the District's Inventory	Total Portables in Satisfactory Condition	Total Portables 20 Years and Older	Total Portables Deemed Unsatisfactory and Recommended for Funding and Disposal in FY 2023-2024 (1) - (2)	Total Portables Demolished/ Disposed As of Today(3)

Other Sites	11	11	11	0	0
TOTAL	**1,211**	**1,131**	**985**	**151**	**856**

[1] Portables were deemed to failed standards by the Florida Department of Education (FDOE) because these porables did not meet some of the FDOE 17 criteria. Therefore, such portables were nof affixed with the required DCA (Department of Community Affairs) insignia by the FDOE.

[2] Portables deemed unsatisfactory: Are typically due to compromising effects on the structural integrity, or excessive physical deterioration of the portable

[3] Total of portables demolished/disposed from FY 2013-14 through FY 2021-22

Table 1 indicates that currently, there are 1,211 portables in the BCPS inventory. Of this total, 151 portables that underwent inspection were determined by the Building Department to be unsatisfactory/failed standards, which of this total, 112 portables are located on school grounds, while 39 portables are located at BCPS administrative sites.

It should be noted that four hundred thousand dollars ($400,000) was allocated in the current effective Fiscal Year (FY) 2022/2023, Adopted District Educational Facilities Plan (ADEFP) to fund the demolition of portables deemed as unsatisfactory in FY 2022/2023. However, the funds were not expended at that time due to the then on-going inspection of the 1,211 portables by the Building Department. Also, at that time it was estimated that the four hundred thousand dollars ($400,000) would demolish approximately thirty-three (33) portables.

Therefore, the allocated four hundred thousand dollars ($400,000) plus an additional $1,574,500 is being requested in Fiscal Year 2023/24 to be utilized to demolish the 151 portables located at several schools' grounds and administrative sites, as depicted in Table 2.

It should be noted that upon the School Board approval of the funding requested in this Portable Transition Plan (PTP) for the portable demolition, the Facility Planning and Real Estate (FP&RE) Department will proceed with scheduling an additional Board Item before the School Board to declare and approve the subject portables as surplus. After this action, the Physical Plant Operations (PPO) Department will subsequently implement due diligence processes to demolish the portables.

Upon demolition of these portables, the data regarding the remaining portables in the BCPS inventory, will be updated in the appropriate databases such as, but not limited to, the BCPS' Planning Tool for School Enrollment and Capacity.

The BCPS Portable Transition Plan (PTP) - Five (5) Year Demolition process is based on the annual inspection of portables located at schools and administrative sites by the BCPS Building Department. Based on the findings of the inspection, the total number of portables that are deemed unsatisfactory due to the compromising effects on the structural integrity or excessive physical deterioration of the portables, will be initially distributed, as indicated by the percentages depicted in Step 1, during the planning process for each upcoming District Educational Facility Plan (DEFP). Subsequently, these portables would be recommended and slated for demolition in the five (5) year period of each effective DEFP, based on the criteria listed below.

Criteria to Select by the Order of Priority Portables Deemed as Unsatisfactory and Slated for Demolition

A portable may be considered for demolition if it meets one or more of the following criteria:

1. The portables exceed 20 years of age.
2. The portables are located at schools that are identified as under-enrolled (≤75%).
3. The portables are arranged in a cluster setting.
4. The portables are utilized for other uses such as storage, which are not justified, and/or not in use.
5. The portables pose safety and security issues at their location.

Upon the selection of the portables, ONLY portables listed in year 1 of the Five (5) Year Portable Demolition Plan Distribution will be recommended for funding and demolition. Therefore, the Five (5) Year Portable Demolition Plan Distribution shall reflect portables slated for demolition, in each five (5) year cycle of an effective DEFP.

Table 4 – Five (5) Year Portable Demolition Plan Distribution

It should be noted that the intent of the above narrative regarding the Five (5) Year Portable Demolition Plan Distribution process, is to commence implementing the delineated process in FY 2023/2024 DEFP.

On an ongoing basis and continually in the Five (5) Year cycle, BCPS staff will continue to work with school principals and pertinent staff and the Building Department to examine and process additional portables that could be deemed as unsatisfactory.

The BCPS established workflow, memorializes the annual process the Building Department implements in its annual inspection of portables. Wherefrom, upon the Building Department deeming portables as unsatisfactory, it transmits its findings and related data to the FDOE for review and recommend for the FDOE to affirm such portables as unsatisfactory. Thereafter, upon such FDOE review and approval, the Building Department would proceed and provide the Facility Planning & Real Estate (FP&RE) Department with the list of portables that have been deemed as unsatisfactory, to enable the FP&RE Department to conduct subsequent due diligence processes in incorporating the information (including the list of portables and related demolition cost) into the applicable DEFP. Once a portable is identified as unsatisfactory, it will be declared as surplus, and be subsequently demolished when funding is allocated in each successive DEFP.

Portable Transition Plan

Part II: Construction of Covered Walkways at Identified Schools

The Portable Transition Plan is called for in the State Requirements for Educational Facilities (SREF) and requires the Plan should address covered walkways for qualified portables at school sites. To comply with this requirement, the criteria depicted below was developed to enable the selection of schools with portables on their campuses that may qualify for funding to construct covered walkways.

The primary purpose of the criteria contained in this DEFP, is to ensure that the subject portables are still needed to be utilized for educational purposes; and therefore, for prudency, serve as a guide in the selection of portables that should be funded for covered walkways. A brief explanation of the criteria are as follows:

Criteria for the selection of the schools

1. **Identify portables needed for instructional purposes (Completed)**

   The identification of these portables are determined during the portable inspection process depicted in the Broward County Public Schools (BCPS) established Annual Portable Utilization Plan, whereby the Building Department inspects and determines the condition of all BCPS portables, especially those portables needed for instructional purposes.

2. **Examination of the five-year student enrollment projections and Level of Service Standard (LOS) (Completed)**

   The review of the Level of Service Standard and the projected student enrollment data are conducted because this data is to ensure the availability of viable capacity at the school to enable student instruction, which the portables are a component.

3. **Determination of the youngest portables at the school site or those purchased after 1998 (Completed)**

   This criteria aligns with applicable state statute, which is to ensure that the selected covered walkways are not installed on portables that are older than 20 years.

4. **The portables are arranged in a cluster type setting (Completed)**

   This criteria is to ensure that it is more cost effective to install a covered walkway on portables that are arranged in a large cluster setting.

This analysis determined that the schools listed below met the above selection criteria and as such, qualify for the construction of covered walkways at the campuses.

The selection of Tradewinds Elementary School was based on the criteria cited herein, which included the analysis of the projected enrollment utilizing the District's five-year student enrollment projection and the gross capacity for the School, for school year 2022/2023. The conclusion of the analysis indicated that Tradewinds Elementary School has the most need for a covered walkway in FY 2023/2024. Therefore, the funds needed and requested for the construction of the covered walkway is $780,000. The Office of Facilities and Construction (OFC) will commence the necessary due diligence and construction process for the covered walkway as soon as the funds are approved in the FY 2023/2024 DEFP. Thereafter, the OFC will initiate the vendor and subject building permit processes to enable the construction of the covered walkway.

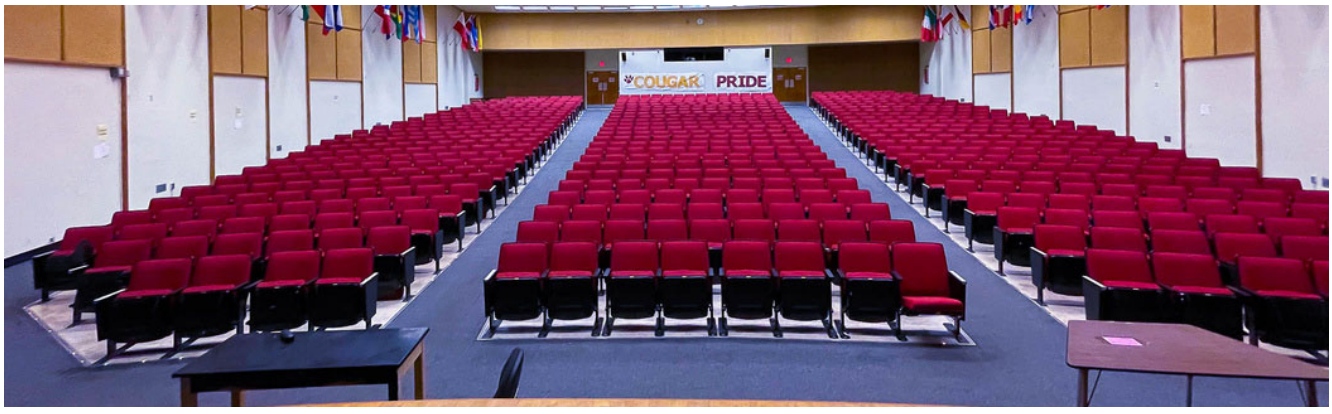

Castle Hill Elementary was revised to be Year 2 by Board approved Amendment at the July 25, 2023, Tentative DEFP Board Meeting

DISTRICT 7 HIGHLIGHTS

PUBLIC SCHOOL CONCURRENCY

Background

In Florida state law, concurrency means the implementation of a system whereby the provision of public facilities and services that are needed to serve proposed development is available at the time the impact of the development occurs. In Broward County, residential development cannot be approved until a determination from the School District has been issued, which indicates there is sufficient school capacity available to serve the proposed development. This requirement is codified in the Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA), a contract between the School Board, Broward County, and 27 municipalities, which establishes a public school concurrency management system. The purpose of this system is to create a mechanism which provides for the coordination of planning among the school district, county, and municipalities to meet the purposes of concurrency. In compliance with amended School Board Policy 1161 (which delineates the School District's public school concurrency management system) and which became effective on January 15, 2008, the School District commenced the implementation of public school concurrency on February 1, 2008. Subsequently, certain municipalities (currently 27) in Broward County adopted public school concurrency (PSC) into their comprehensive plans.

Comprehensive Plan

For information purposes, a comprehensive plan prescribes the principles, guidelines, and standards for the orderly and balanced future economic, social, physical, environmental, and fiscal development of a jurisdiction (such as a county or municipality). Each comprehensive plan must contain several "elements" that address key issues such as land use, capital improvements, sewer and solid waste, potable water, housing, and intergovernmental coordination. Also, each county and municipality that chooses to implement PSC must add a public school facilities element to their comprehensive plan, and amend any other existing elements that relate to the school facilities element.

Because PSC is implemented district-wide, the public school facilities element must be consistent with those adopted by the other local governments within the county and must be based upon data and analyses that address, among other items, how the Level of Service (LOS) Standard will be achieved and maintained. The element also contains goals which establish the long-term end toward which public school programs and activities are ultimately directed, contains measurable objectives for each goal that mark progress toward the goal, and contains policies for each objective that establish the way programs and activities will be conducted to achieve the goal.

School Board Policy 1161 and Land Development Regulations

The School Board does not adopt a comprehensive plan; therefore, the implementation authority for PSC is established in School Board Growth Management Policy 1161, and for the Municipalities and Broward County, through the land development regulations in their respective land development codes. There, the details of the development review process are articulated based on the mutually agreed upon parameters for PSC as contained in the TRILA.

PUBLIC SCHOOL CONCURRENCY (CONT'D)

Level of Service Standard

To assure the uniform district-wide implementation of PSC and in compliance with Section 163.3174, Florida Statutes (FS), the TRILA requires the establishment and adoption of an LOS, which is further codified in the Public School Facilities Element and School Board Policy 1161. Therefore, the LOS means the standard at which a public school facility is expected to operate based upon the "capacity of the facility". Such LOS, upon adoption and codified as the adopted LOS, in the municipal/county land development regulation and School Board Policy 1161, is then established and recognized as the operating LOS for PSC purposes.

For informational purposes, Permanent Capacity is the total number of student stations contained in structures built with fixed foundations and having permanently attached walls, roofs, and floors, multiplied by a utilization rate specific to the level and type of school. The permanent capacity percentage for a school is calculated by dividing the current/projected student enrollment number by its permanent capacity number.

Furthermore, Gross Capacity is the total capacity of designated permanent and relocatable (portable) capacity at a school site. The gross capacity percentage for a school is calculated by dividing the current/projected student enrollment number by its gross capacity number.

The LOS Standard was established jointly in the TRILA by the School Board, Broward County and 27 Municipalities within the County in 2008. The initial adopted LOS Standard was 110% permanent Florida Inventory of School Houses (FISH) capacity. However, since the LOS was first adopted in 2008 at 110% of permanent FISH capacity, the adopted LOS Standard has been amended three times. In 2010, the then effective Interlocal Agreement (ILA) was amended (Second Amended ILA) to change the adopted LOS Standard from 110% permanent FISH capacity to 100% gross FISH capacity. Additionally, in 2018, it was amended for the third time from the 100% gross FISH capacity to the alternate LOS.

Under the current TRILA, which became effective in 2018, the adopted LOS Standard is defined as follows: "the higher of 110% permanent FISH capacity or 100% gross capacity." This concept, known as the Alternate LOS Concept, blends both LOS standards previously adopted in the ILA and enables schools to benefit by avoiding potential school boundary changes to meet the LOS requirements of public school concurrency when the schools have available relocatable capacity onsite. The Alternate LOS Concept is further explained below.

School Type A: A bounded elementary, middle, or high school that has the equivalent of at least 10% of its permanent Florida Inventory of School Houses (FISH) capacity available onsite in relocatables. The LOS for School Type A shall be 100% gross capacity (including relocatables).

School Type B: A bounded elementary, middle or high school that has less than the equivalent of 10% of its permanent FISH capacity available onsite in relocatables. The LOS for School Type B shall be 110% permanent FISH capacity.

PUBLIC SCHOOL CONCURRENCY (CONT'D)

The Role of the Adopted Five-Year District Educational Facilities Plan

Under PSC, the School District must create a five-year Capital Improvement Plan (CIP) regarding the provision of needed capacity (classroom additions and/or improvements to existing schools, new schools) to meet the adopted LOS Standard. This plan must show where and when capacity additions will be built and must show exactly where the money to build the additions or new schools will come from.

The five-year CIP therefore, must contain enough capacity improvements necessitated to achieve and maintain the adopted LOS Standard by at least the fifth year of the CIP. In Broward County, the School Board, Broward County and pertinent municipalities have agreed that the School Board's Five-Year District Educational Facilities Plan (DEFP) shall serve as the CIP and shall be adopted into the Broward County's and pertinent municipalities' comprehensive plans.

The TRILA requires the District to annually transmit the Tentative DEFP to local governments for review to determine consistency of the Tentative DEFP with pertinent local government comprehensive plans. Subsequently, the TRILA requires that each year, after the formal adoption of the DEFP by the School Board, the District will transmit the DEFP to the County and municipalities for adoption and incorporation into their respective comprehensive plans.

Level of Service Plan

The LOS Plan is a matrix titled "Broward County Public Schools Level of Service Plan for Capital Planning" contained herein, to demonstrate each elementary, middle and high school's ability to meet the adopted LOS Standard during each DEFP period by calculating the projected enrollment divided by the LOS capacity of the facility. The LOS Plan therefore shows the projected enrollment for each of the five years covered by the DEFP, divided by the LOS capacity of each school. To be deemed a financially feasible plan, the DEFP must demonstrate that the adopted LOS Standard can be achieved and maintained at each (bounded) elementary, middle and high school over the five-year period of each adopted DEFP.

PUBLIC SCHOOL CONCURRENCY (CONT'D)

The LOS maps that accompany the LOS Plan depict the LOS status of the school in the fifth year of the DEFP, and any school boundaries with a projected LOS capacity deficit is indicated in red with a negative number indicating the shortfall of student stations needed to meet the LOS, and any school with a projected LOS surplus is indicated in green with a positive number indicating the school meets the adopted LOS in the fifth year of the DEFP.

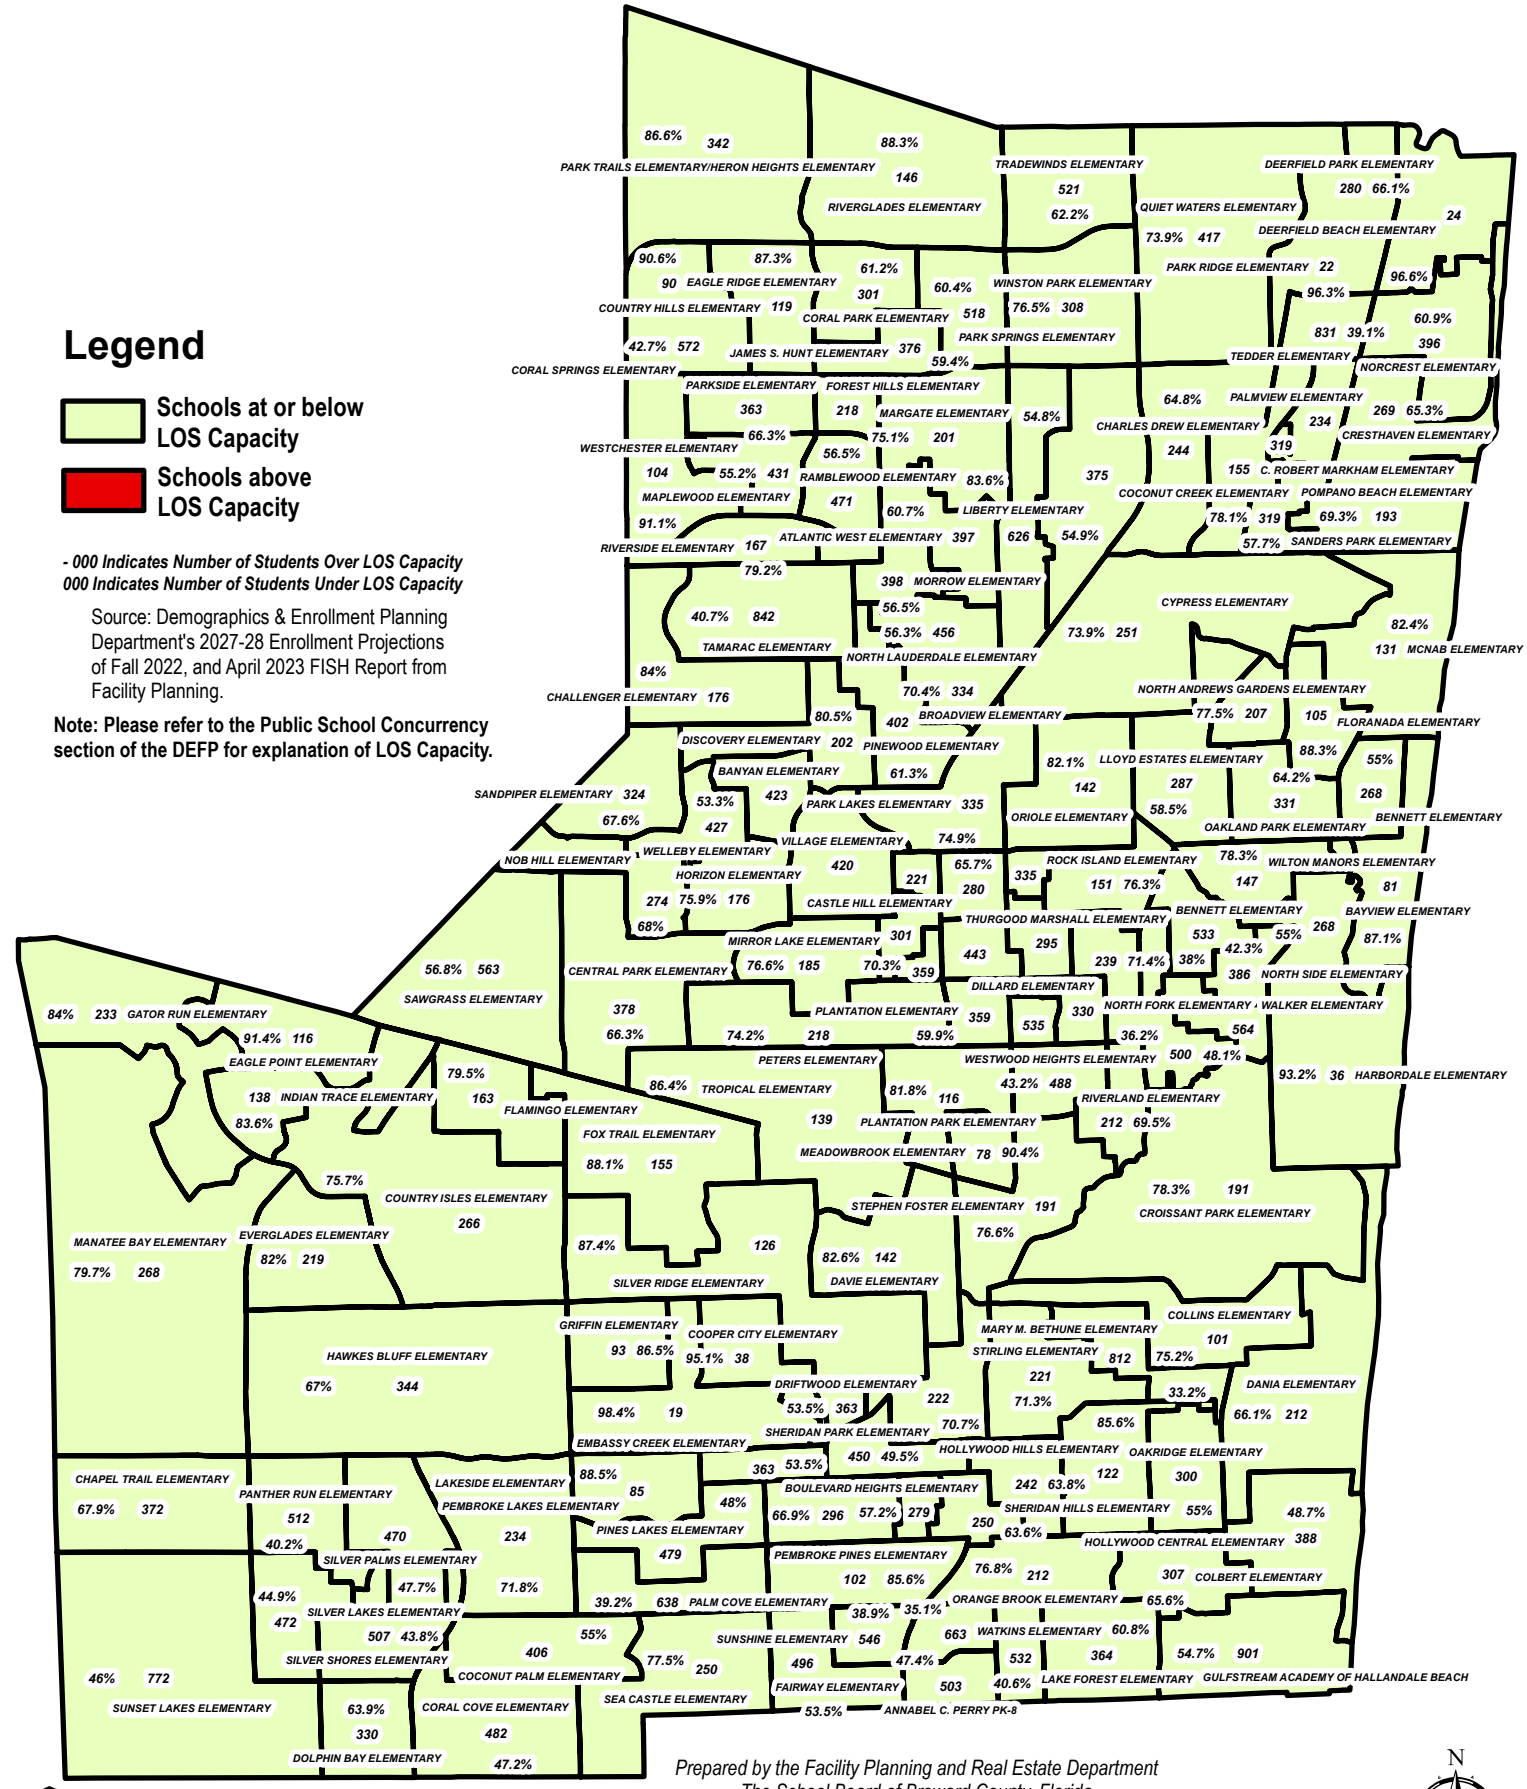

Per the TRILA and School Board policy 1161, consistent with PSC requirements, Broward County Public School (BCPS) staff issues School Capacity Availability Determination (SCAD) report for proposed development in Broward County. The report is transmitted to the pertinent local government. Based on the information contained in the SCAD report, a local government may approve a development if adequate public school facilities are available as follows: at the time of review; at the primarily impacted school levels; or at adjacent school levels located within the same Planning Area as the primarily impacted schools; or if capacity is available within the first 3 years of the adopted DEFP. These facilities are expected to be in place or under actual construction within three (3) years after the development receives final approval. Subsequently, if the SCAD report indicates adequate public school facilities are not available, then a developer may pay, if accepted by the School Board, the cost of the improvement (proportionate to the demand that the project is generating, otherwise known as proportionate share mitigation) needed to satisfy the demand created by that development, and if accepted by the School Board, the development may receive approval by the local government. Thereafter, upon acceptance of the "proportionate share mitigation" by the School Board, the School Board must amend the Five-Year DEFP to incorporate that improvement within the first three (3) years of the Plan, and provide the capacity associated with the improvement within three years after the proposed development receives final approval from the local government.

Long Term Plan

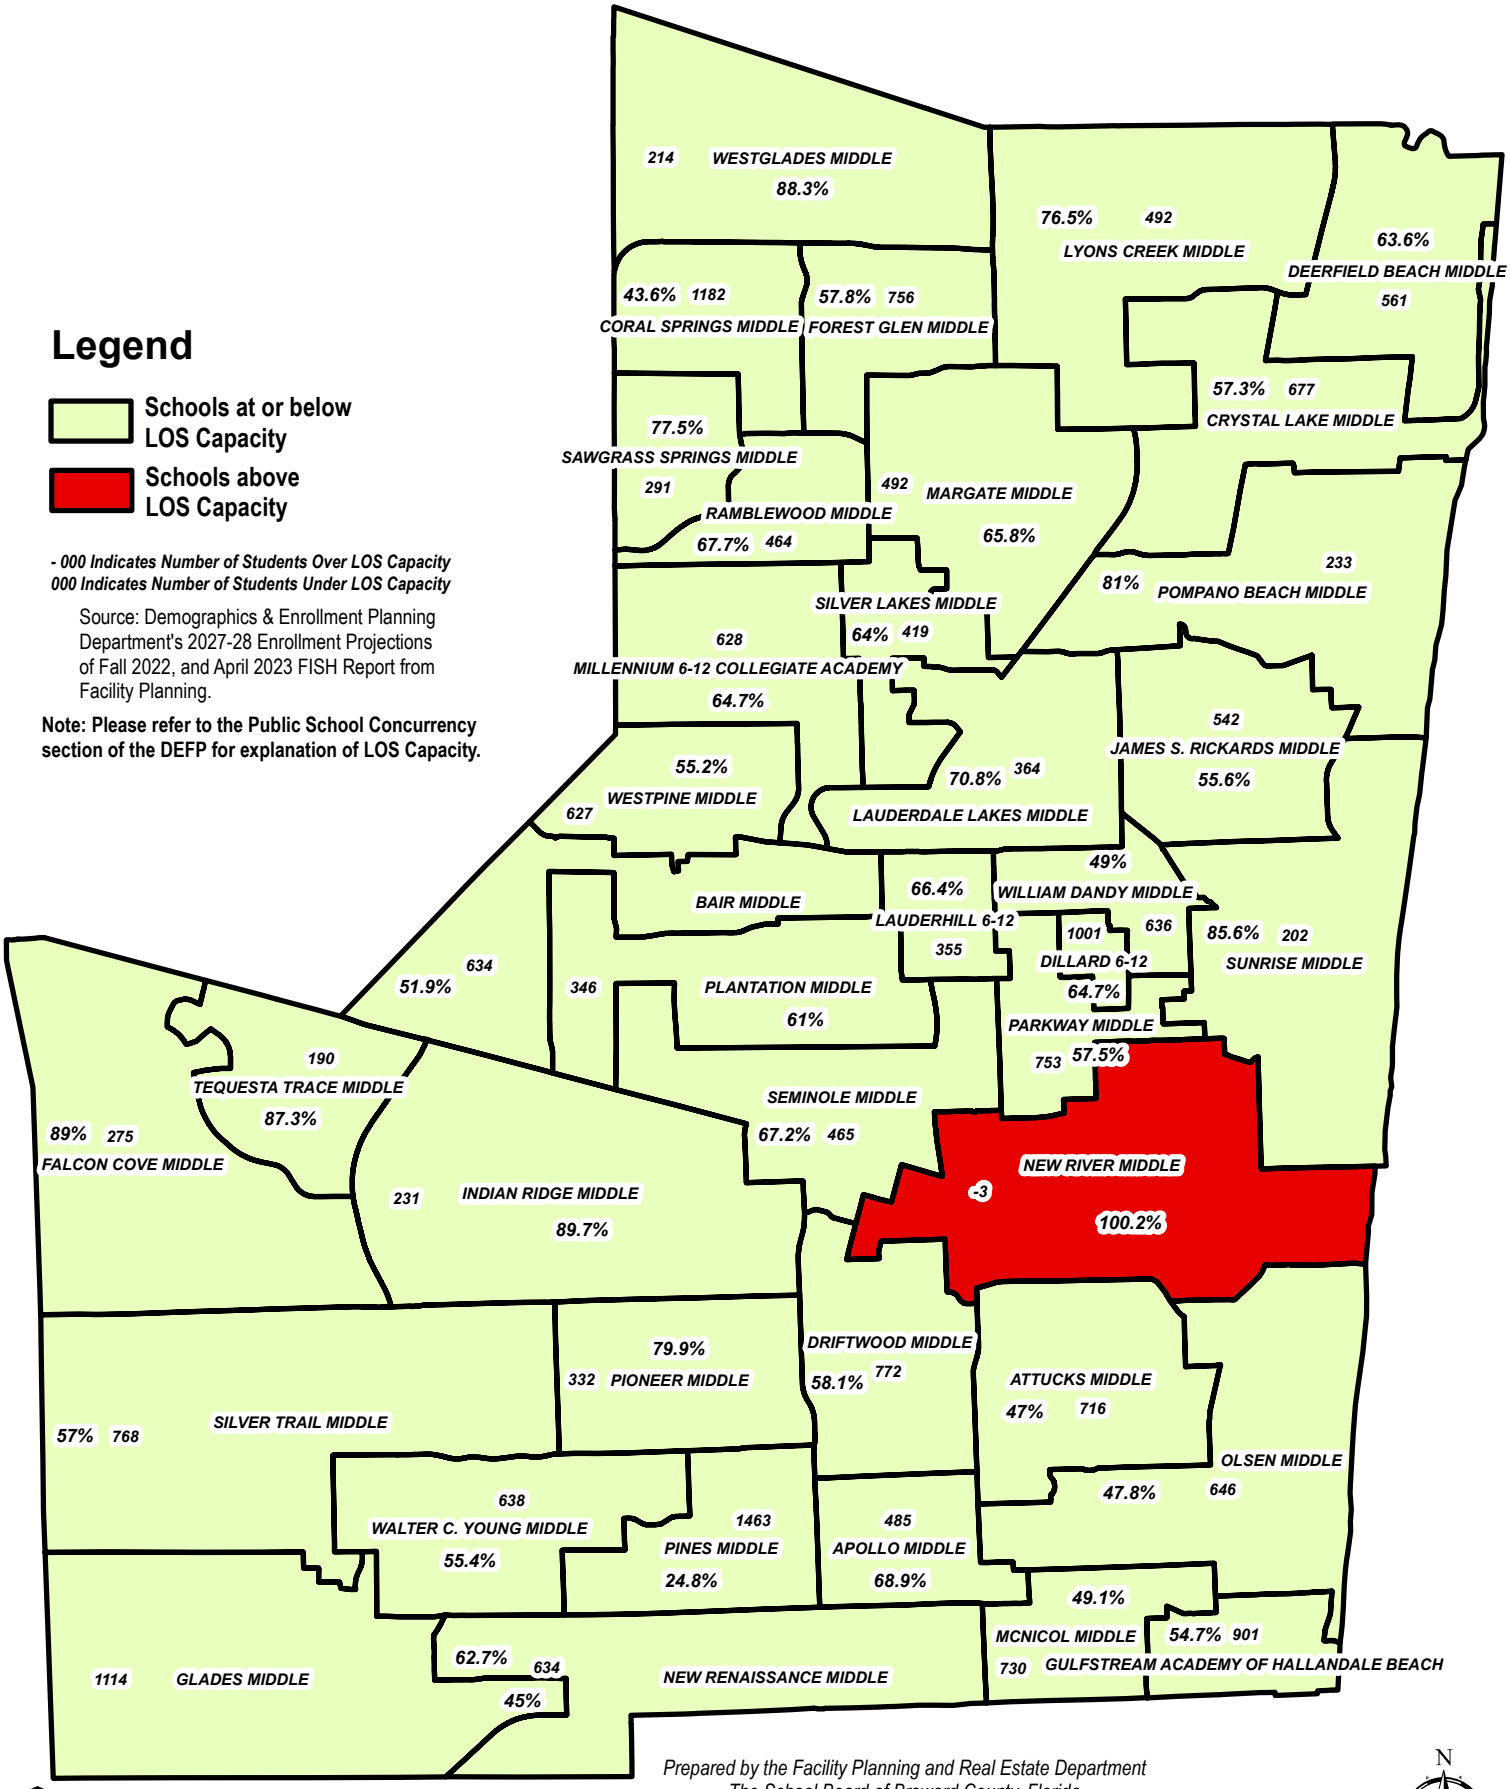

The TRILA requires the School District to review proposed residential developments regarding changes to future land use comprehensive plans and rezoning applications that may impact public schools, against a long term (ten year) planning horizon. Also, the law requires school districts to create a long-term plan to enable such analysis and planning for future needed public facilities (capacity additions or new school). To meet this requirement, the DEFP includes capacity improvements, if necessitated, anticipated over the long-term planning horizon (10 years).

ALLOCATION OF RESOURCES

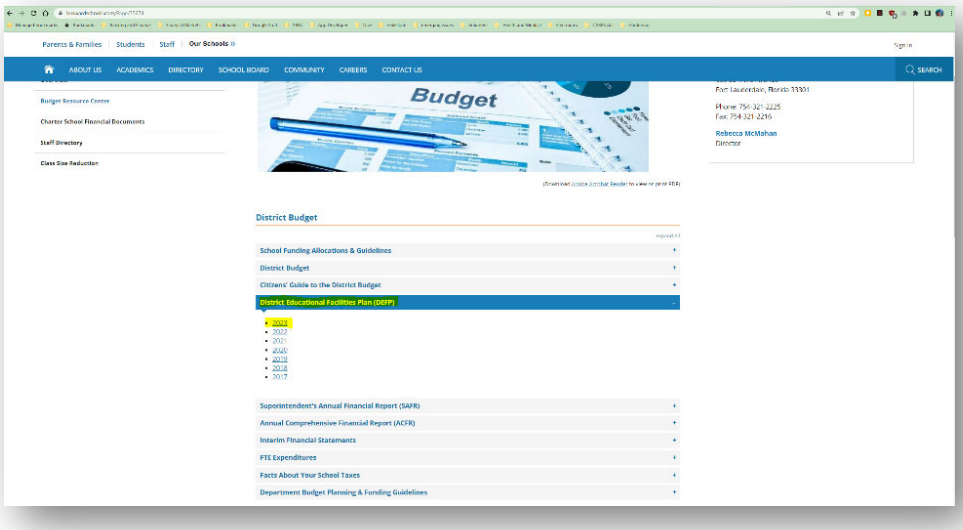

(CCC Settlement Agreement - Condition #8)

The Citizens Concerned about our Children (CCC) Settlement Agreement specifies nine conditions, each of which is intended to ensure that diversity and equity is promoted within Broward County Public Schools. Under each condition of the Agreement, the BCPS with the cooperation of the District's Diversity Committee established standards to address the terms of the Agreement. Condition #8 of the CCC Settlement with the School District requires that the five-year capital plan and subsequent five-year capital plans be developed using a structured public analysis.

The District's needs are far beyond what is allocated in this plan but an effort was made to provide resources to improve existing schools to achieve the District's mission of educating all students to reach their highest potential. This five-year capital plan is an equitable funding plan. All of the dollars allocated in the plan are for schools that are already in operation, to service the debt on the construction financing for many of these schools and to support educational programs at schools throughout the County. The District is committed to updating and upkeeping all schools in a condition that meets the needs of the students and provides benefit to the communities. The District believes that this plan fulfills condition #8 of the CCC Settlement Agreement with regard to the equitable allocation of capital outlay funds.

The Adopted District Educational Facilities Plan is available on the District's Website

https://www.browardschools.com/Page/35674

10 AND 20 YEAR PLAN

Over the next 10 and 20 years, there are many capital funding needs in the Broward County School District. The District will continue to assess and evaluate the capital needs in its determination to renovate, update and modernize its facilities.

This 5-year capital plan includes funding for a long-range facility plan that identifies capital needs that can be prioritized and will serve to update the 10 and 20 year plan.

District Educational Facilities Plan
Reserve Activity

Reserves

The District sustains reserves to stabilize the SMART Program and other projects in the DEFP.

These reserves protect ongoing projects over the duration of the SMART Program so that changes in the economic environment and other risks are mitigated. There are SMART reserve funds the Board previously identified to be set aside for the SMART Program. These reserves are shown on the Appropriations page, and details of the approved transactions that impact the reserve funds are shown in this Appendix section.

Total SMART Reserve

$225 million	SMART Reserve established FY 2018
$211 million	COPs Series 2020A
$ 47 million	PMOR Allocation (FY21, FY22, and FY23)
$ 29 million	SMART Program needs (FY22)
$ 46 million	SMART Program Needs (FY24 and FY25) (Accelerated in FY23 DEFP)
$133 million	GOB Premiums
$ 47 million	PMOR Allocation FY24
$738 million	

The capital budget also includes an unallocated reserve that can be used for future SMART Program budget impacts. Additional

Based on the new funding identified in the FY24-DEFP, the 5-year plan for playgrounds will commence with design of seven playgrounds and installation of two playgrounds during the 2023-2024 school year. Then the implementation of this plan will continue until all of these playground projects are completed over five years. The Facilities and the Environmental Health & Safety teams will identify the seven locations that will be evaluated first for feasibility and design. From that evaluation, the two playgrounds to be installed during the first year will be determined.

Policy 8000: Approval Of Facilities' Construction Contract Change Order

Office Of Capital Programs: Process Improvement Recommendation

January 30, 2024- Rule Development Workshop

INTRODUCTION

POLICY NO. 8000
RULE DEVELOPMENT OF RULEMAKING

This item is being presented upon a recommendation by the Board. It will minimize the number of change orders being presented for approval in a Regular School Board Meeting. This proposed policy revision is a process enhancement that will reduce the average processing time for change orders as well as expedite the construction work and associated payments. The proposed policy change maintains visibility for the Board and the public of any projects that have exceeded the 3% cumulative limit or the $500,000 cap.

Purpose

To orient all School Board members on the proposed policy revisions and capture the Board's feedback for Rulemaking

2022-2027 STRATEGIC PLAN

GUARDRAIL: ACCOUNTABILITY

The Superintendent may not allow the District to operate without an accountability system for policy implementation that includes expectations, evaluations, transparency, and continuous improvement

Request of School Board

Please review the policy revisions presented in this presentation and provide guidance to staff for Rulemaking at a subsequent School Board meeting.

Policy 8000: Approval Of Facilities' Construction Contract Change Order

At-a-glance

Rationale	SIGNIFICANT POLICY REVISION PROPOSALS
Increase approval powers of the Superintendent on individual change orders **NOTE:** All change orders above $5,000 will still be reviewed by the District's Change Order Review Process (CORP) and a recommendation will be provided to the Chief Facilities Officer prior to any authorization by the Superintendent.	Rule 2 - The Superintendent is authorized to approve change orders above $5,000 and up to $1050,000, provided the cumulative total of all change orders for a specific project has not reached the cumulative limits identified in Rule 3 below.
Adjust cumulative limits **NOTE:** When the cumulative total of all change orders on a project has exceeded the ceiling established above, all subsequent change orders will still require prior Board approval, except in emergency cases as declared by the Superintendent, or where the change order in question would be in the form of a credit, thereby reducing at Adjusted Contract amount.	1. Cumulative Limits Rule 3 – For construction projects $3 Million or less, tThe cumulative limit of authority shall be 3 percent of the original construction contract amount. For construction projects over $3 Million, the cumulative limit of authority shall be 3$ of the first $3 Million or original construction contract amount, plus 1% of the balance of the original contract amount over $3 Million, up to a maximum of $250500,000.

The School Board of Broward County, Florida, prohibits any policy or procedure which results in discrimination on the basis of age, color, disability, gender identity, gender expression, genetic information, marital status, national origin, race, religion, sex or sexual orientation. The School Board also provides equal access to the Boy Scouts and other designated youth groups. Individuals who wish to file a discrimination and/or harassment complaint may call the Director, Equal Educational Opportunities/ADA Compliance Department & District's Equity Coordinator/Title IX Coordinator at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

Individuals with disabilities requesting accommodations under the Americans with Disabilities Act Amendments Act of 2008, (ADAAA) may call Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

POLICY NO. 8000

APPROVAL OF FACILITIES' CONSTRUCTION CONTRACT CHANGE ORDERS

THE SCHOOL BOARD HEREBY AUTHORIZES THE APPROVAL OF CHANGE ORDERS IN THE NAME OF THE BOARD, PURSUANT TO THE RULES LISTED BELOW.

RULES

1. The Superintendent is authorized to approve all change orders up to $5,000, based on the recommendation of the District's Program Management Organization and provided the cumulative total of all change orders for a specific project has not reached the cumulative limits identified in Rule 3 below.

2. The Superintendent is authorized to approve change orders above $5,000 and up to ~~$50,000~~100,000, provided the cumulative total of all change orders for a specific project has not reached the cumulative limits identified in Rule 3 below. All change orders above $5,000 will be reviewed by the District's Change Order Review Process (CORP) and a recommendation will be provided to the Chief Facilities Officer prior to any authorization by the Superintendent.

3. ~~Cumulative Limits – For construction projects $3 Million or less, the~~ The cumulative limit of authority shall be 3 percent of the original construction contract amount~~. For construction projects over $3 Million, the cumulative limit of authority shall be 3% of the first $3 Million of original construction contract amount, plus 1% of the balance of the original construction contract amount over $3 Million,~~ up to a maximum of ~~$250~~500,000. When the cumulative total of all change orders on a project has exceeded the ceiling established above, all subsequent change orders will require prior Board approval, except in emergency cases as declared by the Superintendent, or where the change order in question would be in the form of a credit, thereby reducing the Adjusted Contract amount.

4. Subsequent to approval of change orders by the Superintendent in accordance with Rules 1 and 2, notice shall be provided to the Board in a monthly report, outlining such approvals. Although all change orders will be confirmed by the Board at project closeout, this does not preclude change orders outlined in Rule 3 above from requiring prior Board approval.

Governing Statutes

~~ALL FLORIDA STATUTES REFERRED TO WITHIN ANY POLICY ADOPTED BY THE SCHOOL BOARD SHALL BE AUTOMATICALLY AMENDED TO REFLECT ANY SUBSEQUENT AMENDMENTS MADE TO THE CITED STATUTE.~~

Pursuant to Sections 1001.30 and 1001.40, Florida Statutes, each county shall constitute a school district, and the governing body of each school district shall be a district school board. This School Board shall be known as "The School Board of Broward County, Florida." Each district school board is constituted as a body corporate and shall constitute a unit for the control, organization, and administration of schools. This School District shall be known as "The School District of Broward County, Florida."

The School Board is responsible for the operation, control, and supervision of all free public schools in Broward County. The School Board is authorized to develop any policies and programs not expressly prohibited by the general laws of the State of Florida and the State Constitution. As Legislative updates are made to Florida Statutes governing school districts, any policies referencing that law shall be reviewed, brought forward through rulemaking, and revised to reflect the amendment of that law, if necessary.

~~School Board-~~ General Powers, Duties, and Responsibilities of the District School Board ~~And Authority~~

In accordance with the provisions of Section 4(b) of Article IX of the State Constitution and Section 1001.32(2), Florida Statutes, The School Board of Broward County shall operate, control, and supervise all free public schools in its district and may exercise any power except as expressly prohibited by the State Constitution or general law. After considering recommendations submitted by the Superintendent of Schools, the School Board shall exercise the following general powers, duties, and responsibilities:

I. General Powers

A. The School Board is responsible for the organization and control of the public schools of the School District and is authorized by Florida Statutes and/or the State Board of Education Rules to determine policies necessary for the effective operation and the general improvement of the school system. This includes exercising those responsibilities that are assigned to the School Board by state law or other rules for the improvement of the district school system in carrying out the objectives of the education code.

B. The School Board shall limit its action to establishing policy and fulfilling the requirements of and exercising authority under the appropriate Florida Statutes and State Board of Education Rules.

C. The School Board is a corporate entity and shall take action only when the Board meets in accordance with Florida Statutes. School Board members are free to express their respective opinions; however, they cannot make a representation on behalf of the School Board unless official action has been taken. Once the School Board takes action upon any item, the School District will implement the School Board's action through the Superintendent, General Counsel, or the Auditor.

D. ~~Recognizing that~~ Although each School Board member has a responsibility to ~~their~~ the constituents in the member's elected area, each School Board member shall serve as a representative of the entire School District in accordance with ~~Florida Statute~~ Section 1001.363, Florida Statutes.

E. The School Board clarifies the goals and objectives of the school

system through the District Strategic Plan.

F. School Board ~~M~~members should practice governing excellence by preparing for meetings, attending meetings, and practicing good stewardship of the School District's ~~human, financial, and property~~ resources. When preparing for meetings and submitting inquiries for follow-up, the School Board should adhere to the provisions outlined in School Board Policy 1020.

G. School Board ~~M~~members are encouraged to visit the schools and departments of the School District ~~in order~~ to ~~be better~~ remain informed ~~concerning~~ about all ~~phases~~ aspects of the ~~D~~district school system. Pursuant to Section 1001.4205, Florida Statutes, any individual School Board member may, on any day and at any time at his or her discretion, visit any district school in his or her district without giving prior notice. A district school may offer, but may not require, an escort to accompany the School Board member while visiting the school pursuant to this section during the visit. Another School Board member, or other district employee, may not limit the duration or scope of another School Board member's visit to any district school or direct another School Board member visiting a district school to leave the premises.

H. Requests from a School Board member for status updates, data, or other information ~~from a School Board member~~ on topics other than School Board agenda items or which require~~s~~ significant staff work to ~~prepare~~ fully comply with the request, should be ~~requested~~ submitted through the appropriate executive leader with a copy to the Superintendent. ~~This is not intended to preclude School Board Members from requesting the status of existing items from the appropriate staff.~~

I. School Board ~~M~~members will comply with ~~are governed by~~ applicable laws, rules, and policies, including School Board Policy 1100B, and the Code of Ethics for Public Officers and Employees pursuant ~~to Florida Statutes, Title X, Chapter12, Part 3~~ to Part III of Chapter 112, Florida Statutes~~, Part 3~~.

J. School Board members must prescribe and adopt standards to provide each student the opportunity to receive a complete education program: language arts, mathematics, science, social studies, health, physical education, foreign languages, and the arts as defined by the Sunshine State Standards. The standards and policies must emphasize integration and reinforcement of reading, writing, and mathematics skills across all subjects, including career awareness, career exploration, and career and technical education.

II. Duties and Responsibilities of the School Board

A. The Superintendent of Schools shall perform all tasks necessary to make sound recommendations, nominations, proposals, and reports required by laws of the state, rules of the State Board of Education, the adopted rules of the School Board, and the Superintendent's employment contract.

B. The School Board shall require the Superintendent, as secretary, to keep such minutes and records as necessary to set forth clearly all actions and proceedings of the School Board. Minutes will be recorded, reviewed, and corrected if necessary, and presented for approval at the next regular meeting. This action for approval may be taken at an intervening special meeting if the School Board desires such. The minutes shall show the vote of each School Board member present on all matters upon which the School Board acted and be kept as a public record in a permanent location.

C. The School Board will control property and convey the title to real and personal property in accordance with applicable law.

D. The School Board may adopt and provide for the execution of plans for the establishment, organization, and operation of district schools, including, but not limited to, the following:

1. Establish schools and adopt school enrollment plans that may include school attendance areas and open enrollment provisions, maintaining and operating schools, centers, and administrative sites.
2. Provide for the elimination of school centers and the consolidation of schools.
3. Provide educational facilities for all children without payment of tuition.
4. Provide educational programs to students who reside in residential care facilities operated by the Department of Children and Families in accordance with the provisions of Section 1003.58, Florida Statutes, and the rules of the State Board of Education.
5. Offer services to students in detention facilities in accordance with the provisions of Chapter 1006, Florida Statutes.
6. Designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees, subject to the requirements of Chapter 1012, Florida Statutes.
7. Adopt policies for the opening and closing of schools and set uniform dates making sure that schools do not open earlier than August 10th of each school year.
8. Approve the school calendar to designate the observance of

school holidays and vacation periods.

9. Provide for the establishment and maintenance of workforce schools and education programs as defined by rules of the State Board of Education, and use any moneys raised by public taxation in the same manner as moneys for other school purposes are used for the maintenance and support of public schools or classes.
10. Adopt policies establishing standards of ethical conduct for educational support employees, instructional personnel, administrative personnel, and school officers, as defined in Section 1012.01, Florida Statutes, to complete training on the standards: establish the duty of educational support employees, instructional personnel administrative personnel, and school offices to report, and procedures for reporting, alleged misconduct by other educational support employee, instructional or administrative personnel, and school officers which affect the health, safety, or welfare of a student, that would result in disqualification from educator certification or employment as provided in Section 1012.315, Florida Statutes; and include an explanation of the liability protections provided under Sections 39.203 and 768.095, Florida Statutes.
11. Prohibit educational support employees, instructional personnel, and administrative personnel, as defined in Section 1012.01, Florida Statutes, from employment in any position that requires direct contact with students if the employees or personnel are ineligible for such employment under Section 1012.315, Florida Statutes, or have been terminated or have resigned in lieu of termination.

E. **School Board members' interactions with the public, press, or other entities.** Individual School Board members may not speak on behalf of The School Board unless specifically authorized to do so by The School Board.

1. School Board members shall not share any information obtained in an executive or closed-door session with any person not part of the session.
2. Except as required by applicable law, including but not limited to, Section 218.391(2)(b) of the Florida Statutes concerning the selection of auditors, School Board members are prohibited from participating in the procurement bidding process of vendors and consultants on past, current, or future bids.

F. **School Board members' interactions with District staff.** Issues brought by constituents to School Board members shall be directed to the attention of the Superintendent or the appropriate executive leader to ensure that the appropriate staff members can respond. Interactions between School Board members and the Superintendent shall be as

outlined in applicable law, rules, and policies and the Superintendent's employment contract. The School Board member shall be kept informed by the Superintendent or the designee handling the issue through the School Board member Follow-Up Process. Individual School Board members' interactions with the Superintendent or other staff must recognize the importance of working through the Superintendent or other executive leaders.

III. The Board Chair

A. Selection of Chair and Vice Chair

1. In November of each year, the School Board shall organize by electing a Chair, and Vice Chair. The Superintendent shall serve as the chair at the organizational meeting until the School Board has officially elected a chair.
2. In the absence of the Chair, the Vice Chair shall preside over the meeting. If the Chair and Vice Chair are both physically absent, the previous Board Chair shall preside. If the previous Board Chair is not physically present, a Chair Pro Tempore shall be selected by those School Board members present.
3. If a vacancy should occur in the position of Chair, the School Board shall proceed to elect a Chair at its next ensuing regular or special School Board meeting.

B. Duties of the Chair

1. Serve as the presiding officer at Board Meetings and Workshops and conduct meetings to ensure that the School Board only discusses issues which are properly before the School Board
2. Ensure the integrity of the Board's process and solidarity.
3. Represent the Board to outside parties when another School Board member has not been designated.
4. Execute all documentation on behalf of the School Board upon its approval.
5. The Chair shall serve as the School Board's primary spokesperson at news conferences and public functions. For the distribution of district-wide alerts and materials, the Chair will coordinate with the Superintendent and the Office of Communications when conveying the sentiments of the School Board. In the event the Chair is unavailable, the Vice Chair (or appropriate designee) shall assume these duties.

IV. Boardsmanship Resolution

A. All School Board members shall review and sign a Boardsmanship Resolution as a part of the November Organizational Meeting.

B. Whenever there is a change in School Board memberships, the School Board shall collectively execute the Boardsmanship Resolution along with the newly seated School Board members.

I. The Deputy Superintendent, Chief of Staff will make the appropriate notations on the respective agenda item(s) and deliver a revised agenda to the School Board within seven (7) days of the scheduled meeting/workshop. The District website will be updated simultaneously with the revised agenda to inform the public of the co-sponsorships

V. RULES GOVERNING DEBATE

A. If an agenda item has been acted upon by the School Board during a meeting, a motion for reconsideration of the agenda item, at that same meeting, may only be made by a School Board member who was present and voted on the prevailing side when the School Board acted upon the agenda item.

B. A School Board member having obtained the floor while debating a motion can speak no longer than five (5) minutes per agenda item. The Office of the Chief of Staff shall oversee the timing of the discussion and inform the Chair when a School Board member's allotted time has expired. The viewpoints of all Board members are to be heard. School Board members shall not speak again until the other School Board members have had the opportunity to be heard unless he/she declines the opportunity to speak. If a rebuttal or response is needed, the School Board member that made the motion will be permitted a maximum of three (3) minutes to do so. The Office of the Chief of Staff shall oversee the timing of the discussion and inform the Chair when a School Board member's allotted time has expired.

C. A School Board member reading a report is not considered debating, but the member is bound by the time limitations when speaking in support or against the motion.

D. A School Board member cannot yield any unexpired portion of their time to another member. No member can speak more than twice on any agenda item on the same day. If the agenda item is discussed again on another day, all School Board members have a right to debate again. Merely asking a question or making a secondary motion is not considered debate.

E. Each debatable motion is a separate question with respect to a School Board member's right to speak. Thus, the member can speak for five (5 minutes) on the main motion and any subsequent motion based on the same agenda item.

F. All matters not covered by School Board Policies, Florida Statutes, or other governing documents, shall be governed by the current edition of Robert's Rules of Order, Newly Revised.

VI. SCHOOL BOARD'S ROLE IN PERSONNEL NOMINATIONS

A. "**Principal**" in this policy ~~refers, in the context of lobbyist activities,~~ refers to a person or entity that employed a lobbyist or personnel during the preceding twelve (12) months to influence the governmental decision-making of t~~T~~he School Board or an official of the school district, or sought during the preceding twelve (12) months, to encourage the passage, defeat, or modification of any proposal or recommendation by t~~T~~he School Board or an official of the school district, through compensation.

4. "**Relative**" in this policy shall be defined as an individual who is related to a public officer or employee as a father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great grandchild, step grandparent, step great grand-parent, step grandchild, step great grandchild, person who is engaged to be married to the School Board ~~M~~member or who otherwise holds himself or herself out as or is generally known as the person whom the School Board ~~M~~member intends to marry or with whom the School Board ~~M~~member intends to form a household, or any other natural person having the same legal residence as the School Board ~~M~~member.

II. Acceptance of Gifts and Misuse of Office

A. **~~Definition and~~ Valuation of Gifts**. ~~Gifts shall be defined using the definition set forth in Part 1 which is the definition of that term under Part III of Chapter 112, Florida Statutes – Code of Ethics for Public Officers and Employees.~~ The valuation of gifts under this policy shall be determined in the same manner as the valuation of a gift under Part III of Chapter 112, Florida Statutes – Code of Ethics for Public Officers and Employees.

B. **Solicitation or Acceptance of Gifts**. ~~No~~ School Board ~~M~~members shall not solicit or accept anything of value to the School Board ~~M~~member, including a gift, loan, reward, promise of future employment, favor, or service, based upon any understanding that the vote, official action, or judgment of the School Board ~~M~~member would be influenced thereby.

C. **Limitation upon Solicitation of Gifts**: School Board ~~M~~members and their relatives, as defined above, shall~~may~~ not directly or indirectly solicit any gift from any person, vendor, potential vendor, other entity doing business with

the school district or a lobbyist, or from any principal or employee of such lobbyist.

D. **Limitations Upon Acceptance of Gifts:** School Board ~~M~~members and their relatives, as defined above, or any other person on his or her behalf, shall~~may~~ not directly or indirectly accept any gift in excess of Fifty Dollars ($50.00) from any person, vendor, potential vendor, other entity doing business with the school district, or from lobbyists, or any principal or employer of such lobbyist.

E. **Acceptance of Other Gifts:** Except for gifts that are otherwise precluded by Sections ~~2.2~~ II(.C) and 2.3 II(.D) of this policy and applicable law, School Board Members may accept gifts given to them as permitted by the provisions of Part III of Chapter 112, Florida Statutes. This policy does not preclude School Board ~~M~~members from knowingly:

1. receiving gifts from relatives as defined in this policy and as permitted by Section 112.3148(8)(a)(1), Florida Statutes;
2. accepting a gift valued in excess of Fifty Dollars (50.00) ~~accepting a gift valued in excess of Fifty Dollars ($50.00) from a lobbyist, any principal or employer of a lobbyist, or from any vendor or contractor, potential vendor, or other entity doing business with the school district, provided that~~ when~~if~~ the School Board ~~M~~member compensates the donor within ninety (90) days of receipt of the gift to reduce the value of the gift to ~~for the amount of the gift valued in excess of~~ Fifty Dollars ($50.00) or less. ~~as permitted by~~ (Section 112.3148(7)(b) and (8)(a), Florida Statutes);
3. temporarily accepting a gift, from any person, including a lobbyist, any principal or employer of a lobbyist, or from any vendor or contractor that provides goods or services to t~~T~~he School Board, having a value in excess of Fifty Dollars ($50.00), in the School Board ~~M~~member's official capacity, on behalf of a governmental entity or charitable organization provided the gift is promptly transferred by the School Board ~~M~~member to that intended recipient as permitted by Section 112.3148(5)(a), Florida Statutes;
4. accepting any gift permitted under Part III of Chapter 112, Florida Statutes, (Code of Ethics for Public Officers and Employees) from t~~T~~he School Board's direct support organizations existing as permitted by Sections 1001.453, ~~Florida Statutes, as permitted by Section~~ and 112.3148(6)(d), Florida Statutes;
5. accepting any salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with the School Board ~~M~~member's employment, business or service as an officer or director of a corporation or organization as permitted by Section 112.312(12)(b)(1), Florida Statutes;
6. accepting any contributions or expenditures reported pursuant to Chapter 106, Florida Statutes, campaign-related personal services

provided without compensation by individuals volunteering their time, or any other contribution or expenditure by a political party as permitted by Section 112.312(12)(b)2, Florida Statutes;

7. accepting an honorarium or an expense related to an honorarium event paid to a School Board ~~M~~member or to the School Board ~~M~~member's spouse to the extent that they are permitted by Section 112.312(12)(b)3, Florida Statutes;
8. accepting an award, plaque, certificate or similar personalized item given in recognition of the School Board ~~M~~member's public, civic, charitable or professional service as permitted by Section 112.312(12)(b)4, Florida Statutes;
9. accepting an honorary membership in a service or fraternal organization presented merely as a courtesy by such organization as permitted by Section 112.312(12)(b)5, Florida Statutes;
10. accepting any use of a public facility or public property, made available by a governmental agency, for a public purpose as permitted by Section 112.312(12)(b)6, Florida Statutes;
11. accepting any transportation, lodging or parking provided to a School Board ~~M~~member by the school district in relation to officially approved governmental business as permitted by Section 112.312(12)(b)7, Florida Statutes;
12. accepting any gifts provided directly or indirectly by a state, regional or national organization which promotes the exchange of ideas between, or the professional development of, governmental officials or employees, and whose membership is primarily composed of elected or appointed public officials or staff, to a School Board ~~M~~member as permitted by Section 112.312(12)(b)8, Florida Statutes.

13. **Copies of Gift Disclosure Reports**. School Board ~~M~~members shall provide the Supervisor – Official School Board Records with copies of any Quarterly Gift Disclosure Report (COE-Form 9) or of any Annual Disclosure of Gifts from Governmental Entities and Direct Support Organizations and Honorarium Event Related Expenses (COE-Form 10) within thirty (30) days of their filing with the Florida Commission on Ethics.

III. **Misuse of Office.** ~~No~~ School Board ~~M~~members shall not corruptly use or attempt to use his or her official position or any property or resource which may be within his or her trust, or perform his or her official duties, to secure a special privilege, benefit, or exemption for himself, herself, or others.

IV. **Disclosure or Use of Certain Information.** A School Board ~~M~~member may not disclose or use information not available to members of the general public and gained by reason of his or her official position, except for information relating

exclusively to governmental practices, for his or her personal gain or benefit, or for the personal gain or benefit of any other person or business entity.

V. **Outside Employment and Contractual Services.**

A. **Employment as Lobbyist.** School Board ~~M~~members shall not be employed for compensation as a lobbyist or engage in lobbying activities before the Broward County Commission, any Broward County municipality or any other local taxing authority located within Broward County, inclusive of taxing authorities, quasi-judicial boards, appointed boards, and commissions, except when appearing on behalf of t~~T~~he School Board at its direction. This form of employment is deemed to be in substantial conflict with the proper discharge of a School Board ~~M~~member's duties and the public interest. Nothing herein precludes any School Board ~~M~~member from appearing in an individual capacity, without compensation, before any governmental agency or official to advocate for or against any pending issue or matter.

B. **Employment (Other):** Except as limited by Section ~~3.0~~V(A), School Board ~~M~~members may engage in other lawful outside employment consistent with their public duties and where not inconsistent with Part III of Chapter 112, Florida Statutes. School Board ~~M~~members shall quarterly disclose (1) any outside or concurrent employment for which they were compensated in excess of One Hundred Dollars ($100.00), or (2) any contractual services for which they received fees in excess of One Hundred Dollars ($100.00) ~~$100~~, by filing a form substantially similar to the attached **SBBC Ethics Form A – Quarterly Report of Outside Employment and Contractual Services**. The form shall be filed with the Supervisor – Official School Board Records no later than the last business day of the calendar quarter that follows the calendar quarter for which it is filed. This section shall not apply to any employment of a School Board Mmember by a relative or to any funds received from the state or federal government.

VI. **School Board Member Contacts with Lobbyists.**

A. **Reporting of Lobbying Activity:** School Board ~~M~~members shall report any and all lobbying activity that knowingly occurs between that School Board ~~M~~member, and individual lobbyists, or the principal or employer of a lobbyist. For the purposes of this section only, "lobbying activity" only refers to matters in which there would be economic gain to the principal or employer of the lobbyist and, with regard to such matters, shall apply to any communication by a lobbyist (~~as defined in Rule I.C.1 1.2(a) of this policy~~) with a School Board ~~M~~member for the purpose of influencing any action, non-action, or decision-making; or attempting to obtain the good will of a School Board ~~M~~member or attempt to encourage a School Board ~~M~~member

to pass, defeat, or modify any proposal or recommendation. Reporting of lobbying activity as defined in this section is mandated for all forms of activity to lobby an individual School Board ~~M~~member, inclusive of written correspondence or any form of electronic or telephonic communication. School Board ~~M~~members are not required by this policy to report any contacts made by (1) persons representing school allied groups (e.g., PTA, District Advisory Committee, Band Booster Associations, etc.); (2) persons representing an employee bargaining group (e.g., unions and "meet and confer" groups); (3) public officials or employees and representatives of other governmental agencies acting in their official capacity; (4) attorneys representing a client in a judicial or formal administrative proceeding conducted pursuant to Chapter 120, Florida Statutes (or any other formal hearing before an agency, board, commission or authority of this state); ~~or~~ (5) any person in his or her individual capacity for the purpose of self-representation; or (6) any remarks made by a person speaking during a public meeting of t~~T~~he School Board. This section shall not require School Board Members to report any bulk or transitory communications they have received.

B. **Form and Method of Reporting**: Except as otherwise required herein, all lobbying reports required under this policy shall be made no later than ten (10) days from the lobbying activity by the lobbyist or their principal or employer. For the purposes of this policy, days are calculated using days during which The School Board's administration is open and conducting business. However, reports shall be made no later than prior to the commencement of a School Board meeting wherein the matter lobbied on is debated and/or voted upon. Even if the matter is on the consent agenda, disclosure of the lobbying activity is still required prior to voting. All reports shall be in writing and filed with the Supervisor – Official School Board Records on a form substantially similar to the attached SBBC Ethics Form B – School Board Member's Lobbying Contact Report. At a minimum, said form must list the lobbyist's name, the principal or employer of said lobbyist, the subject matter of lobbying activity, and the date and location of the lobbying activity. These lobbying activity report forms are public records and are subject to public inspection both in hard copy and also in a searchable manner via the school district's website.

VII. <u>Solicitation and Receipt of Contributions.</u>

A. **District Fundraising Policy**: The provisions set forth in this policy regarding charitable and campaign fundraising are in addition to any other disclosures and requirements required by applicable state or federal statute. "Fundraising" under this part of School Board Policy ~~1007~~ 1080 refers to a School Board ~~M~~member's verbal or written encouragement of others to donate money or goods or services. Passive activity or unintentional acts of a School Board ~~M~~member or personal contributions

made by a School Board ~~M~~member to any charity or political campaign shall not constitute fundraising for the purposes of this policy.

B. **Charitable Fundraising**: A School Board ~~M~~member may solicit funds for a non-profit charitable organization (as defined under the Internal Revenue Code) as long as there is no *quid pro quo* or other special consideration or direct or indirect personal benefit between the School Board ~~M~~member and the non-profit charitable organization. School Board ~~M~~members may not use school district employees during work hours or other school district resources in connection with charitable fundraising. This restriction does not preclude a School Board ~~M~~member from soliciting funds for school district-sponsored programs or events or those of t~~T~~he School Board's direct-support organizations existing under Section 1001.453, Florida Statutes. This restriction shall not preclude the use of school district employees or other school district resources in connection with school district-sponsored programs or events or those of ~~T~~the School Board's direct-support organizations existing under Section 1001.453, Florida Statutes.

C. **Quarterly Charitable Fundraising Report**: Except as provided herein, School Board ~~M~~members shall quarterly report any and all solicitations they make seeking funds for charitable purposes. This provision does not apply to school district-sponsored programs or events or those of t~~T~~he School Board's direct-support organizations existing under Section 1001.453, Florida Statutes. This provision does not apply to campaign fundraising which is addressed separately under this policy.

D. **Form and Method of Quarterly Charitable Fundraising Report:** All required quarterly report of charitable fundraising shall be made no later than the last business day of the calendar quarter that follows the calendar quarter for which disclosure is made of a School Board ~~M~~member's charitable fundraising activities. All reports must be in writing and on a form substantially similar to the attached **SBBC Ethics Form C – School Board Member's Quarterly Charitable Fundraising Report.** At a minimum, said form must list the name of the charitable non-profit organization, the subject matter of the charitable fundraising activity, and the date(s) of the charitable fundraising activity. These charitable fundraising disclosure forms are public records and shall be available for public inspection in hard copy and also in a searchable manner via the school district's website.

E. **Campaign Contribution Fundraising:** School Board ~~M~~members shall not knowingly accept campaign contributions for their own campaigns from a person or an entity, its principals, or their lobbyists during the period in which said person or entity is attempting to sell goods or services to t~~T~~he School Board. This period of limitation upon the acceptance of campaign contributions shall be the "cone of silence" period for any solicitation for a competitive procurement as described in School Board Policy 3320, Part II, Section ~~HH~~GG. The district administration shall periodically issue to School

Board ~~M~~members a Competitive Solicitation Report that lists all pending competitive solicitations and the names of any persons or entities having submitted a bid, response or proposal to the school district. If a School Board ~~M~~member learns through review of the Competitive Solicitation report or other means after receipt of a campaign contribution that it was improperly made during the cone of silence, the School Board ~~M~~member shall return the campaign contribution to the donor and notify the Superintendent or his designee of the returned campaign contribution. School Board ~~M~~members may not use school district employees during work hours or other school district resources in connection with efforts to raise campaign contributions or to conduct campaigns. Further, no solicitation for a campaign contribution for any political candidate may be made on school district property or using school district resources. However, nothing herein shall preclude the rental of a school facility after school hours for use for a campaign activity or fundraiser pursuant to School Board Policies 1341 and 1400.1.

VIII. Procurement Selection Committees.

~~Procurement Selection Committees: A~~ Except as required by applicable law, including Section 218.391(2)(b), Florida Statute, a School Board ~~M~~member shall not serve as a member of a school district procurement selection or evaluation committee, shall not influence the selection of persons serving on such committees, shall not participate or interfere in any manner with the functions or activities of such committees, and shall not interfere with the performance by school district staff of their duties pertaining to the selection process. This provision is not to be considered a limitation on the ability of a School Board ~~M~~member to make full inquiry through the Superintendent of Schools or his/her designee about the selection process before, during or after the conclusion of such process or to take any other action expressly permitted by any School Board Policy.

IX. New School Board Members' Onboarding Training

A. Each new School Board member shall participate in onboarding trainings provided through the Superintendent of Schools or by his/her designee. Onboarding training must be done within ninety (90) calendar days of taking office. School Board members are strongly encouraged to participate in any additional training available for new School Board members that may be provided by the Florida School Boards Association or other organizations. Topics for onboarding may include: Florida Sunshine Law, the Florida Open Public Records Act, and ethical standards contained in Part III of Chapter 112 - Florida Statutes (the Code of Ethics for Public Officers and Employees), and School Board Policy 1080 - Ethics Code for Board Members, organization structure of the School District, and the budget process and its formation.

B. All required training shall be reported within ninety (90) calendar days of taking office. All reports must be in writing using the attached **SBBC ETHICS FORM D NEW SCHOOL BOARD MEMBERS ONBOARDING REPORT**. School Board member Onboarding Trainings Reports are public records and are subject to public inspection both in hard copy and in a searchable manner via the Broward County Public Schools website. The forms should be filed with the Office of the Chief of Staff or his/her designee according to Florida Statutes, rules of the State Board of Education and the adopted policies of the School Board.

X. ~~**Training and Education.**~~ **Ethics Training and Education.**

~~**Training for School Board Members.**~~

A. School Board ~~M~~members shall comply with the annual ethics training requirements of Section 112.3142, Florida Statutes. All forms regarding disclosure information should be properly executed and filed according to the standards and protocols of the Florida Commission on Ethics.

B. **Method of Reporting SBBC ETHICS FORM E SCHOOL BOARD MEMBERS ANNUAL TRAINING REPORT:** All required annual training reports shall be filed no later than December 31, of any given calendar year. All reports must be in writing and shall be filed with the Office of the Chief of Staff or his/her designee according to Florida Statutes, rules of the State Board of Education, and the adopted policies of the School Board. The reporting form is a public record and is subject to public inspection both in hard copy and in a searchable manner via the school district website.

~~8.1 **Role of School Board**. In accordance with the provisions of Section 4(b) of Article IX of the State Constitution, The School Board shall operate, control and supervise all free public schools in its district and may exercise any power except as expressly prohibited by the State Constitution or general law. After considering recommendations submitted by the Superintendent of Schools, The District School Board shall exercise the following general powers:~~
~~8.1.1 Determine policies and programs consistent with state law and rule deemed necessary by it for the efficient operation and general improvement of the Broward County district school system;~~
~~8.1.2 Adopt rules pursuant to Sections 120.536(1) and 120.54, Florida Statutes, to implement the provisions of law conferring duties upon The School Board to supplement those prescribed by the State Board of Education and the Commissioner of Education;~~
~~8.1.3 Prescribe and adopt standards and policies to provide each district school student the opportunity to receive a complete education program, including language arts, mathematics, science, social studies, health, physical education, foreign languages, and the arts, as defined by the Sunshine State Standards. The standards and policies must emphasize integration and reinforcement of reading, writing and mathematics skills across all subjects, including career awareness, career exploration, and career and technical education;~~

~~8.1.4 Contract, sue and be sued. The School Board shall constitute the contracting agent for the Broward County district school system;~~
~~8.1.6 Assign students to district schools; and~~
~~8.1.7 Enter into agreements for accepting credit card, charge card, and debit card payments as compensation for goods, services, tuition and fees, as authorized by law; and 8.1.5 Perform duties and exercise those responsibilities that are assigned to it by law or by the rules of the State Board of Education or the Commissioner of education and, in addition thereto, those that it may find to be necessary for the improvement of the Broward County district school system in carrying out the purposes and objectives of the education code.~~
~~8.2 **Role of Superintendent**. Responsibility for the administration and management of the schools and for the supervision of instruction in the district shall be vested in the Superintendent of Schools as provided by law. The Superintendent of Schools shall have the authority, and when necessary for the more efficient and adequate operation of the Broward County district school system, the Superintendent of Schools shall exercise the following powers:~~
~~8.2.1 Exercise general oversight over the Broward County district school system in order to determine problems and needs, and recommend improvements; and 8.2.2 Advise and counsel with The School Board on all educational matters and recommend to The School Board for action such matters as should be acted upon; and~~
~~8.2.3 Recommend to The School Board for adoption such policies pertaining to the Broward County district school system as the Superintendent of Schools may consider necessary for its more efficient operation; and~~
~~8.2.4 Prepare and organize by subjects and submit to The School Board for adoption such rules to supplement those adopted by the State Board of Education as, in the Superintendent of Schools' opinion, will contribute to the efficient operation of any aspect of education in the district. When rules have been adopted, the district school superintendent shall see that they are executed; and~~
~~8.2.5 From time to time prepare, organize by subject, and submit to The School Board for adoption such minimum standards relating to the operation of any phase of the~~
~~Broward County district school system as are needed to supplement those adopted by the State Board of Education and as will contribute to the efficient operation of any aspect of education in the district and ensure that minimum standards adopted by The School Board and the State~~
~~Board of Education are observed; and~~
~~8.2.6 Perform such duties and exercise such responsibilities as are assigned to the Superintendent of Schools by law and by rules of the State Board of Education.~~

Follow-up on Board Requests from the 10/17/23 Regular School Board Meeting

Established 1915
BROWARD
County Public Schools

Introduction

RATIONALE

During the 10/17/23 Regular School Board Meeting, the Board tasked the Superintendent of Schools with bringing back three items for discussion.

1. **A plan for expanding childcare options for employees with emphasis on birth to age 3**
2. **A slide or handout with the percentage of teachers from years 1-7 and when they leave the District**
3. **A plan for tuition assistance for all employee groups in the area of continuing education**

PURPOSE

The items presented today were requested by the School Board for additional discussion and next steps for implementation.

2022-2027 STRATEGIC PLAN

Guardrail 3 – School Support: The Superintendent may not make decisions may not allow classrooms in C, D, F, and Unsatisfactory rated schools to go without essential material and human resources.

Employee Childcare Options

Next Steps

- ✓ Survey all employees to determine need/interest for childcare options
- ✓ Based on survey results, explore opportunities to partner with local pre-schools in identified areas
- ✓ Research potential of matching employee needs with current District-operated options
- ✓ Determine feasibility of expanding District-operated options through the Redefining Broward County Public Schools process
- ✓ Points of consideration for District-operated options include, but are not limited to, potential facility retrofitting, licensing requirements for infant and toddler classes, program times to meet staff needs, and staffing models by program
