In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Charles Drew Elementary School for the 2023-24 and 2024-25 fiscal years. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2023-24 and 2024-25 fiscal years, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies, and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

## CASH COLLECTIONS AND RECEIPTING DOCUMENTATION

Per Redbook, Chapter 8, Internal Funds, 1.4 Cash Collections, and Deposits, "all money collected by the school must be substantiated by pre-numbered receipts, consecutively numbered class receipt records, reports of monies collected, prenumbered tickets, reports of tickets issued and sold, or other auditable records. Standard Practice Bulletin (SPB) I-302 Cash Collections states that all receipting documents and pre-numbered tickets shall be maintained on perpetual inventories and collection amounts are reconciled to the amounts recorded on receipting documentation and in Great Plains.

During the inventory and analysis of collections recorded in BC-40P Receipt Books and Monies Collection Envelopes, BC-40P Book #4767 was not made available for audit. There was no indication that this book was signed out on the log and no *Certificate of Loss* was completed prior to the audit.

### Recommendation

The Office of the Chief Auditor (OCA) recommends that the school Principal review Redbook Chapter 8 and Standard Practice Bulletin I-302 and develop proper controls over receipting instruments.

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls. The additional support should include comprehensive training for staff on their responsibilities and requirements.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2023-24 & 2024-25**

This correspondence acknowledges the receipt and prompt review of the Internal Audit report for Charles R. Drew Elementary School covering Fiscal Years (FY) 2023-24 and 2024-25. The audit identified one exception related to **Cash Collections and Receipting Documentation over the two-year period.**

Research showed that the BC-40P receipt book was issued to a sponsor on 10/17/2023, and the sponsor failed to return it before transferring to another location. The bookkeeper failed to complete a certificate of loss documenting that the book was not returned.

In alignment with the Office of the Chief Auditor's (OCA) recommendations, the following corrective actions will be taken to provide additional support to the location.

- The Bookkeeper assigned to the location will attend mandatory training on cash collections and receipting standards by **December 31, 2025.**
- The Supervisor of Internal Funds will perform two site visits before **February 27, 2026,** to confirm the school is operating within established standards for receipting processes and inventory verification.
- The Principal will ensure that all sponsors attend district training prior to assuming sponsor responsibilities.
- The Principal will replace any sponsors who fail to operate within established standards and procedures.

The BSC and Charles R. Drew Elementary School take these findings seriously and remain committed to maintaining sound financial practices and ensuring compliance with all applicable guidelines.

SUBJECT: **CHARLES DREW ELEMENTARY SCHOOL INTERNAL ACCOUNTS AUDIT FISCAL YEAR 2023-24 & 2024-25**

This correspondence comes as a response to the Chief Auditor's internal accounts audit conducted for Charles Drew Elementary School covering Fiscal Years (FY) 2023-24 and 2024-25. The audit identified one exception related to Cash Collections and Receipting Documentation. I have thoroughly read and reviewed the audit report and the principal's response in their entirety. In alignment with the Office of the Chief Auditor's (OCA) recommendations, the North Regional Office will implement the actions below:

- The North Region Director will meet with the principal and review the audit findings.
- The North Region Director will verify with the principal that all sponsors who did not attend the live district training view the recorded sessions prior to assuming sponsor responsibilities.
- The North Region Director will direct principal to replace any sponsors who fail to operate within established standards and procedures.
- The North Region Director will visit the school monthly to review the school's compliance with the Business Support Center's established processes for cash collections and receipting documentation.

It is important to note that the current principal was not in her role during the audit period covered in this report, but she is fully committed to ensuring that these issues do not occur under her leadership. The North Regional Office takes these findings seriously. We will monitor this area closely at the school. The corrective actions will be implemented and reviewed as indicated above. I may be reached at (754) 321-3600 for additional information.

| TOTAL | $ | 91,504.92 |

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Discovery Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

**DISBURSEMENTS**

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 1.3 and 1.4, checks must be used to disburse and account for funds, with the Principal responsible for all financial transactions and proper check signatures. Per Standard Practice Bulletin (SPB) I-305, disbursements from internal accounts require written authorization from the Principal and must be supported by original invoices or paid receipts. During the Internal Funds audit, the auditor reviews disbursements to ensure all necessary information and approvals are in place.

A review of disbursements from the school to the Business Support Center showed that the school prepaid for purchase card (P-card) expenditures from Account *6005-0000 - Activity Fees* for aftercare. An analysis of the FY2025 pre-loads paid to the Business Support Center compared to the amount of expenditures per the P-Card statements indicated a discrepancy. The P-card pre-loads totaled $35,628.39, while expenditures were $38,649.04, resulting in an overspend of $3,020.65. As of the completion of the audit, the overspend had not been paid.

Check authorizations were accompanied by a "P-Card Re-Load Request" form; however, per SPB I-305, all disbursements must be supported by an original invoice or receipt.

**Recommendation**

The Office of the Chief Auditor recommends that the school Principal review the purchase card pre-payments and expenditures with the Business Support Center to resolve the outstanding balance owed for the purchase card expenditures. Additionally, the Principal should consult with the Business Support Center to ensure proper reconciliation of purchase card payments and expenditures are implemented.

**SCHOOL IMPROVEMENTS**

Per Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 2.5 General a. This category encompasses all accounts for funds that are to be used for the general welfare of the student body. Additionally, Chapter 8, 3.4 Restricted Expenses, restricts expenditures on equipment or supplies used for curriculum or classroom use. Standard Practice Bulletin (SPB) I-204 Trusts states that up to 15% of the General account may be used for school improvements. Such funds should be transferred to a Trust Account specifically established to track school improvement expenditures. Per SPB I-205, purchase of materials, supplies and postage appropriated for in the school's budget funds is an inappropriate expenditure, except when the school's budget funds have been verified as being exhausted or unavailable.

A review of *Account 6313-8000 School Improvements* indicated a beginning balance of $6,817.54, and an additional $3,242.42 transferred during FY25. A review of the School Improvement disbursements indicated expenditures of $6,699.89, which includes an invoice for $6,499.90 for twenty-two (22) office chairs paid in September 2024. During FY2025, *Account 7025 - General Account* had a balance of $21,616.11; the expenditures from school improvements were approximately thirty-one percent (31%) of the total General account balance instead of the allowable fifteen percent (15%).

**Recommendation**

The Office of the Chief Auditor recommends that the Principal review Redbook Chapter 8 and Standard Practice Bulletins I-205 and I-204 and develop proper controls over the funding and use of School Improvement funds. In addition, the Principal should consult with the Business Support Center to ensure the controls are adequately implemented.

We recommend the Principal only transfer funds to *School Improvement Account 6313-0000* for a specific objective to be utilized in the current school year and unused funds be transferred back into Account 7025-0000 General Account. If the purpose is for a project that requires the monies to remain in trust beyond the current school year, then it should be for a documented specific purpose. Per Redbook, Chapter 8 Internal Funds 2.4 Trust Accounts:

1. Funds collected for a specific, restricted purpose shall be accounted for in a trust account.
2. When the purpose of the trust fund has been accomplished or becomes inoperative, unused trust funds shall be returned to the person(s) from whom collected.
3. If a school organization undertakes a project extending beyond the current fiscal year or receives a restricted donation to be used over a period of time beyond the year in which received, approval must be granted in accordance with district school board rules and the funds held in a trust account.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and prompt review of the findings from the Internal Audit performed for fiscal year (FY) 2025 for Discovery Elementary School. The audit revealed two exceptions related to **purchase card (P-Card) disbursements and School Improvements.**

Below are the corrective measures that the Business Support Center (BSC) and school leadership have agreed to and have implemented to prevent further exceptions related to P-Card disbursements.

P-Card Disbursements:

- The District Internal Funds P-Card process was revised effective **September 1, 2025**, eliminating the requirement for disbursements as part of the encumbrance process.
- This process change mitigates the risk of future **overpayments or underpayments** related to P-Card encumbrances.
- A comprehensive reconciliation of the school's P-Card activity was completed for the entire period beginning **July 1, 2023**.
- The outstanding balance identified during the audit will be **paid in full by January 9, 2026**, resolving the P-Card audit exception.

After careful review, the BSC rejects the conditions and recommendations of the audit finding related to School Improvements. Standard Practice Bulletin (SPB) I-204 was updated to explicitly define the proper handling of School Improvement Trust Accounts in response to a previous audit finding. Based on the conditions observed, the school operated in compliance with SPB I-204, which permits the purchase of tangible property to update or enhance areas of the building used by students or the public.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

In addition, the Chief Auditor was provided written confirmation on 2/21/2025 from the Florida Department of Education that our revised Standard Practice Bulletin would supersede requirements contained in Chapter 8 of the Florida Financial & Program Cost Accounting & Reporting for Florida Schools regarding this issue.

The BSC and Discovery Elementary School take these findings seriously and remain committed to maintaining sound financial practices and ensuring compliance with all applicable guidelines.

**SUBJECT: DISCOVERY ELEMENTARY SCHOOL INTERNAL AUDIT – FISCAL YEAR 2024-2025**

This correspondence acknowledges receipt and review of the audit findings for fiscal year 2024-25 for Discovery Elementary School. I have read the response to the findings as well. In addition to the corrective measures the principal is instituting, the Office of the Central Regional Superintendent will provide the following support and oversight in assisting the school in this area:

- The director will review Redbook Chapter 8, 1.3, 1.4, 2.4, 2.5, 3.4, and Standard Practice Bulletins I-204, I-205, and I-305 with the principal to ensure proper implementation of policies, procedures, and guidelines about purchase cards, pre-payments, expenditures, and use of School Improvement funds.
- The director will monitor the corrective actions noted in the Business Support Center's response to ensure they are occurring in the manner described by the principal and Business Support Center.
- The director will include a review of the school procedures in the regularly scheduled site visits with the principal and provide appropriate guidance and support for improvement.

The Office of the Central Regional Superintendent recognizes the seriousness of these audit findings. We will work with the school to develop, implement, and monitor sound business practices that should prevent further occurrences of this nature. As always, I may be reached at 754-321-3000 for additional information.

c: Ducarmel Augustin, Ph.D., Director, Teaching & Learning
Ingrid Osgood, Ed.D., Principal, Discovery Elementary School

The audit of Discovery Elementary School resulted in an exception relating to school improvement purchases, the Office of the Chief Auditor (OCA) report is summarized as follows:

A review of the school improvement disbursements indicated that the school spent $6,499.90, thirty-one (31%) of the General Account, to purchase twenty-two (22) adult office chairs in September 2024. The purchase amount exceeded the ten to fifteen percent (10-15%) of the General Account as deemed generally acceptable per Standard Practice Bulletin (SPB) I-205 General.[1] However, SPB I-205 also states the purchase of materials, supplies and postage appropriated for in the school's budgeted funds is an inappropriate expenditure, except when the school's budgeted funds were verified as being exhausted or unavailable. According to the Financial and Program Cost Accounting and Reporting for Florida Schools Manual ("Redbook") Chapter 8, 2.5, General account funds are to be utilized for the general welfare of the student body. Chapter 8, 3.4 Restricted Expenses, also restricts expenditures on equipment or supplies used for curriculum or classroom use.

The Business Support Center (BSC) Director's response to the audit exception stated:

> *After careful review, the BSC rejects the conditions and recommendations of the audit finding related to School Improvements. Standard Practice Bulletin (SPB) I-204 was updated to explicitly define the proper handling of School Improvement Trust Accounts in response to a previous audit finding. Based on the conditions observed, the school operated in compliance with SPB I-204, which permits the purchase of tangible property to update or enhance areas of the building used by students or the public.*
>
> *In addition, the Chief Auditor was provided written confirmation on 2/21/2025 from the Florida Department of Education that our revised Standard Practice Bulletin would supersede requirements contained in Chapter 8 of the Florida Financial & Program Cost Accounting & Reporting for Florida Schools regarding this issue.*

OCA Follow Up to Management Response

In response to the audit exception, the BSC Director referenced an email sent to the Chief Auditor on February 21, 2025 which included a Florida Department of Education ("FDOE") letter, dated June 18, 2012 (See Appendix D.1-Attachment 1), as a justification for revising the Standard Practice Bulletin and the BSC's rejection of the conditions and the recommendations reported in the audit of internal funds for Discovery Elementary.

In the letter, the FDOE replied to a letter former BCPS superintendent (R.R.) previously submitted to the FDOE, on June 7, 2012, notifying the Commissioner of Education of the District's intent to centralize its school internal fund accounting and a request to modify policies and procedures regarding the school internal funds as outlined in "Redbook."

[1] See SPB I-205 Subsection III. A. 5.

On January 5, 2026, the OCA requested the BSC Director provide a copy of the June 7, 2012 letter from the former superintendent (R.R) referenced in the FDOE letter for further context; however, it was not provided as of the date of this OCA response.

The email also included correspondence dated January 13, 2025 (See Appendix D.4 & D.5 - Attachment 2), wherein the BSC Director wrote the following:

> *"Based on this history, can you please confirm that BCPS is able to modify, at our discretion, the policies and procedures contained in the Redbook Chapter 8, by issuing our own clearly written board approved policies and officer approved internal procedures."*

The OCA reviewed the FDOE's response provided in the email to the BSC director, which stated the following:

> *"The district* ***school board can modify policies and procedures*** *regarding school internal fund, from outlined in the 2023 Red Book, to best meet its needs.* (Emphasis Added)
>
> ***District management*** *is responsible for the design, implementation, and maintenance of internal control around school internal fund, as well as providing an annual audit of school internal funds as part of the financial audit requirements."* (Empasis Added)

The communication indicated that the "school board" has the authority to modify policies and procedures regarding school internal funds but specified that management was responsible for the design, implementation, and maintenance of the internal control around internal fund.

The BSC Director also wrote that SPB I-204 Trusts was updated. The updated SPB was made effective in April 2025, which was subsequent to the purchase of the items noted in the report (See Appendix D.12 - Attachment 3). The updated SPB I-204 as well as the recently updated SPB I-305 Disbursements (*December 1, 2025*) modifies policies and procedures outlined in Redbook Chapter 8 without District school board approval, specifically pertaining to restricted expenses and parking fees. As stated by the FDOE, the District school board can modify policies and procedures, district management is responsible for the design, implementation and maintenance of the controls.

The OCA recommends that Business Support Center submit modifications to policies and procedures for Internal Funds that are not in line with Redbook Chapter 8 to the District School Board for review and approval in accordance with the letter and email guidance provided by the FDOE.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Falcon Cove Middle School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

**DISBURSEMENTS**

Per the Redbook Chapter 8 – Internal Funds, SECTION II – GENERAL PRACTICES 8. Bank statements shall be reconciled as soon as received, preferably by a person other than the person who receives and disburses funds. Per Standard Practice Bulletin (SBP) I-305, disbursements from internal accounts must be authorized in writing by the Principal.

During our review of the school's disbursement records and adjustments, it was noted that check number 1314 in the amount of $2,779 was voided in the Great Plains general ledger system and reissued as check number 1324. However, both checks were cashed which resulted in a double payment to the vendor. It was also noted that the Principal did not sign the *Expense Reimbursement/Payment Request* form for check number 1324. A refund was requested from the vendor in September 2024 but never received. During the audit in October 2025 at the request of the auditor, the bookkeeper sent a follow-up request for a refund. A refund of $2,779 was received from the vendor and deposited by the school in November 2025.

A review of additional voided checks revealed that checks were voided within the Great Plains general ledger system, however the auditor reviewed the status of the checks within the banking system and noted that the status remained "outstanding". The auditor advised the bookkeeper to reach out to the bank to ensure the checks were voided to avoid potential duplicate payments.

**Recommendation**

The Office of the Chief Auditor (OCA) recommends that the school verify that all voided checks are correctly handled in both the Great Plains general ledger system and the bank. The Principal and Bookkeeper should examine all outstanding checks during monthly reconciliations to ensure voids are accurately reflected in both systems.

Additionally, the OCA recommends that the Principal and Bookkeeper consult the Treasury Department for guidance and training on proper procedures to void checks with the bank.

Furthermore, Standard Practice Bulletin I-305 Disbursements provides detailed guidance on issuing, signing, and documenting disbursements, however, the bulletin does not have a process for voiding checks. The OCA recommends that the Principal contact the Business Support Director to review Standard Practice Bulletin I-305 on Disbursements and establish procedures for voiding checks both in the Great Plains general ledger system and at the bank.

**SUBJECT: RESPONSE-AUDIT REPORT ON INTERNAL ACCOUNTS FISCAL YEAR 2025**

This correspondence serves as confirmation of receipt and prompt review of the findings from the Internal Audit performed for fiscal year (FY) 2025 for Falcon Cove Middel School. The audit revealed one policy exception related to a voided check that resulted in a double payment to a vendor. In response, the following recommendations outlined in the Audit Report have been implemented to prevent future exceptions in this area:

**Policy Compliance Measures:**

· Effective immediately, all voided checks will be verified in the Great Plains ledger and with Chase Bank to ensure that they cannot be cashed. We have contacted the Treasury Department to ensure we are following the correct process to void checks with the Bank properly.

· Additionally, we are working with the Budget Support Department on their recommended process for voided checks since Bulletin I-305 does not address voided checks directly. This will ensure compliance with any voided checks in the future.

All voided checks will be examined during monthly reconciliations to ensure that all voided checks are accurately reflected in both systems to avoid any over payments.

**Commitment to Compliance and Financial Integrity:**

At Falcon Cove Middle School, we remain committed to maintaining the highest standards of financial accountability, transparency, and compliance with district policies. Our leadership team and budget keeper have taken proactive steps to ensure that all processes align with the established guidelines, preventing future exceptions.

We appreciate the guidance provided through this audit process and value the opportunity to continuously strengthen our financial practices. Please do not hesitate to reach out should you require any further information or documentation regarding our corrective measures.

SUBJECT: **FALCON COVE MIDDLE SCHOOL – INTERNAL AUDIT FY2025**

The Superintendent's office recognizes the seriousness of the audit findings, particularly those related to the processing and documentation of voided checks. We acknowledge the importance of maintaining accurate financial records and ensuring that all transactions are properly reflected in both the Great Plains general ledger system and the bank records.

To address the findings, the Superintendent's office will collaborate closely with the principal to establish clear processes and procedures for the proper handling of voided checks. These measures will include:

- Implementing a standardized procedure for processing voided checks in both the Great Plains general ledger system and the bank.
- Establishing a monthly reconciliation process for the principal and the bookkeeper to review all outstanding checks, ensuring that voided checks are accurately reflected in both systems.

The South Regional Director will incorporate a review of the newly adopted procedures into regularly scheduled site visits with the principal. During these visits, the Director will provide guidance and support to help ensure continuous improvement.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Nova Eisenhower Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

**DISBURSEMENTS – PURCHASE CARDS**

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 1.3 and 1.4, checks must be used to disburse and account for funds, with the Principal responsible for all financial transactions and proper check signatures. Per Standard Practice Bulletin (SPB) I-305, disbursements from internal accounts require written authorization from the Principal and must be supported by original invoices or paid receipts. During the Internal Funds audit, the auditor reviews disbursements to ensure all necessary information and approvals are in place.

A review of disbursements from the school to the Business Support Center showed that the school prepaid for purchase card (P-card) expenditures from Account *6005-0000 - Activity Fees* for aftercare. During the FY2024 audit, the Principal, bookkeeper and Business Support Center were informed that it appeared the school's expenditures exceeded their pre-loads by approximately $5,300.00 in April 2025 resulting in unpaid P-card expenditures.

An analysis of the FY2025 pre-loads paid to the Business Support Center compared to the amount of expenditures per the P-Card statements indicated that the total balance of unpaid P-card expenditures rose to $6,479.01. As of the completion of the audit, the balance of unpaid P-card expenditures had not been resolved.

Check authorizations were accompanied by a "P-Card Re-Load Request" form; however, per SPB I-305, all disbursements must be supported by an original invoice or receipt.

**Recommendation**

The Office of the Chief Auditor recommends that the school Principal review the purchase card pre-payments and expenditures with the Business Support Center to resolve the outstanding balance owed for the purchase card expenditures. Additionally, the Principal should consult with the Business Support Center to ensure proper reconciliation of purchase card payments and expenditures are implemented.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Nova Eisenhower Elementary School for Fiscal Year 2024–2025. The audit identified one exception related to purchase card (P-Card) disbursements.

To address this issue, the District Internal Funds P-Card process was revised effective September 1, 2025. Under the updated process, disbursements are no longer required as part of the encumbrance process. This change eliminates the risk of future overpayments or underpayments related to P-Card encumbrances, as noted in the audit.

Additionally, a full reconciliation of the school's purchase card activity was completed for the period beginning July 1, 2023. The remaining balance owed by the school was paid in full on December 19, 2025, thereby resolving the audit exception.

The Business Support Center and Nova Eisenhower Elementary School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of South Plantation High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

**FUNDRAISING**

According to Redbook Chapter 8, 2.3 Classes, Clubs and Departments, b. the sponsor of each school club or organization is responsible for providing adequate financial documents and records to the principal and is responsible for retaining duplicates. 2.3.e states, a financial report shall be filed with the Principal's office at the close of each fundraising activity. Standard Practice Bulletin (SBP) I-402 Fundraising Activities indicates that the sponsor of each Class, Club or Department is responsible for providing adequate financial documentation and records which must be retained for audit. The auditor reviews the Financial Reports and inventory documentation required in the Standard Practice Bulletin and Chapter 8 as part of the Internal Funds audit.

While reviewing fundraising activities, we noted that the financial report and related inventory documentation for parking decals was not presented for audit.

In addition, a review of the chocolate sale fundraiser for the Class of 2026 indicated that the amount of boxes sold did not reconcile to the amount of funds recorded in the school's general ledger. Per the financial report there were 52 boxes sold at $60 each totaling $3,120, however the auditor could only substantiate $2,812 receipted into the school's account noting a shortage of $308. BC-40P Book #11 was issued on March 5, 2025 for chocolate sales with a starting receipt # of 6883993; however this book was indicated as missing, and a *Certificate of Loss* was presented to the auditor. The auditor's review of the transactions in Great Plains did not show any receipt numbers posted in Great Plains subsequent to the date the BC-40P was issued.

**Recommendation**

The Office of the Chief Auditor OCA recommends that the school Principal review Chapter 8 and SPB I-402 and ensure the proper implementation of procedures regarding the financial documents and records related to fundraising activities.

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls. The additional support should include comprehensive training for all Sponsors on their responsibilities and requirements.

**PURCHASE CARDS**

Per Redbook Chapter 8, approved pre-numbered checks shall be used to disburse and account for funds and the Principal is responsible for all financial transactions and proper check signatures. Per SPB I-305 disbursements from internal accounts must be authorized in writing by the Principal and be accompanied by original invoices or paid receipts. As a part of the Internal Funds audit, the auditor reviews disbursements to ensure that all required information and approvals are completed for disbursements.

A review of disbursements from the school to the Business Support Center revealed that the school pre-paid for purchase card expenditures. The OCA completed an analysis of purchase card pre-loads and expenditures from FY2024 through FY2025 which indicates that at the end of FY2025 the school had overfunded their purchase card by $7,080.26. As of November 7, 2025 the school had not been issued a refund of the overages.

**Recommendation**

The Office of the Chief Auditor recommends that the school Principal review the purchase card reconciliation and request reimbursements for any excess payment. In addition, the principal should consult with the Business Support Center to ensure the controls are adequately implemented.

The OCA also recommends that the Business Support Center develop and document proper procedures before the implementation of changes to disbursements and purchase card protocols. It is further recommended that excess pre-payments be analyzed and returned to schools prior to the close of the fiscal year for proper reflection on their financial reports

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Riverglades Elementary School for the 2024-2025 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-2025 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

**Total Funds Completed** **13,014,381.42** 56% of the total Internal Funds balance of $23,072,577.65

**General Information on Internal Funds**

The total year-end balance of Broward's non-Charter schools' Internal Funds (including the Technical Colleges and Community Schools) was $24.2M in June 2024 and $25.1M in June 2025. During fiscal year 2025, the combined total of inflows was approximately $109M, and the combined total of outflows was $110M.

Although Internal Funds are not available to the School Board to support the general operating expenses of the District, they are reported in the District's Annual Comprehensive Financial Report (ACFR). Student Activities finances are reported in the ACFR in the Fiduciary - Custodial Fund (fund 8920). The Bookstore activities at the Technical Colleges are reported in the ACFR in the Non-Major Special Revenue Funds as Other Special Revenue (fund 4980).

If a school is fortunate enough to have a large balance in its Internal Funds checking account (each school is limited to one checking account by Florida Department of Education regulation) they may withdraw money from the checking account and transfer it to an account for the school in the Treasurer's Pooled Funds. This allows the school to accrue a bit more interest income, while avoiding the possibility of exceeding FDIC deposit insurance limits. The Treasurer's Office periodically disburses interest payments to each school that has a Treasurer's Pooled Funds Account, and the interest payments are receipted into each school's Internal Funds. The Internal Funds invested in the Treasurer's Pool at fiscal year-end 2025 totaled $13.3M.

Internal Funds (also known as Internal Accounts or Student Activity Funds) are monies generated and used within a school, in contrast to the tax-derived funds that support school budgets and the general operations of the District. Any money collected or handled by any SBBC employee in connection with a school activity is required to be deposited into the school's Internal Funds.

Funding and Financial Reporting for Florida Schools (Redbook) Chapter 8 *Internal Funds* contains the Florida Department of Education's published regulatory guidelines, as well as the accounting structure, for public school Internal Funds. The District's Internal Accounts policies and Standard Practice Bulletins are based on this FDOE regulation.

The specified Internal Accounts funds are:

- 1000's Athletics
- 2000's Music
- 3000's Classes
- 4000's Clubs
- 5000's Departments
- 6000's Trusts
- 7000's General.

The **Athletics** fund may contain an Athletic Account and smaller accounts belonging to Cheerleaders and particular sports teams or clubs. Athletic event ticket sales revenues are recorded in an account in the Athletics fund. High Schools have occasionally received reimbursements from the Athletics and Student Activities Department, for certain Athletics expenses that were originally paid from the school's Internal Funds.

The **Music** fund holds money collected for Band and Orchestra instrument rental fees, and any other fundraising proceeds, ticket sales, or collections by a school's Chorus, Band, or Orchestra.

**Class** accounts typically record funds collected and disbursed by each grade level. In a High School, the Senior Class Account typically shows higher revenues and disbursements than the other class accounts due to activities such as the Homecoming Dance and Senior Prom. The Class Accounts may hold collections related to any project, activity or field trip pursued by any grade level.

**Club** accounts record the money raised and disbursed by various Clubs. The Class and Club sponsors authorize expenditures from the accounts belonging to organizations they sponsor. Yearbook sales are accounted for in the Club Accounts. Most schools have Faculty Club Accounts to receive Faculty Club dues collected and vending machine commissions derived from machines in Teacher-designated areas of the school. These funds are disbursed in accordance with Faculty Club voting and authorization.

**Department** accounts may hold, for example, Library collections for lost Library books or Book Fair proceeds, or donations given to the school for use by a particular school department, such as ESE or Guidance. A Physical Education Department Account could be used to record revenues and expenditures related to the purchase and sale of PE Uniforms.

**Trust** accounts hold money that is to be used for a specific purpose, or that is required to be remitted to the District.

After-School Care collections and Summer Camp collections from parents, Facility Rental collections from lessees, and Sales Taxes due on fundraisers are accounted for in the Trust accounts. Small grants and donations may also be recorded in Trust accounts to be used for donor-designated purposes.

Elementary schools, middle schools, alternative schools and centers receive a categorical allocation in their budgets for the Supplemental Arts and Sciences Program, which is placed in each recipient school's Internal Funds checking account by the District's Treasurer. Schools may use these funds to pay approved field trip vendors directly, and unused funds are returned to the District at the end of each school year.

Vending machine commissions are also initially receipted in a Trust Account, before being transferred to other Internal Funds accounts. Staff Appreciation is a Trust Account that is permitted to receive up to 25% of the school's vending machine commissions.

The Promotions/Public Relations and Hospitality Trust Accounts hold money transferred in from the General Account, that is subject to annual maximums and restricted in purpose. Unused funds must be transferred back to the General Account at the end of each fiscal year.

The **General** Account records funds to be used for the general welfare of the student body, including donations without a specified purpose.

Limited funds may be transferred from the General Account to the Promotions/Public Relations and Hospitality Accounts and the School Improvement Trust Account at the beginning of each school year.

Financial and Program Cost Accounting and Reporting for Florida Schools 2021 (published by the Office of Funding and Financial Reporting – Florida Department of Education) Chapter 8 *School Internal Funds,* Section III – Standards, Practices and Procedures states:

> "3.4 RESTRICTED EXPENDITURES The following expenditures from internal funds are deemed inappropriate and shall not be made except from trust funds collected for a specifically identified purpose.
>
> a. Equipment, supplies, forms and postage for curricular or classroom use. The exception is for revenues derived from career education production shops, which may be used for this purpose.
>
> b. Curricular-related travel. The exception is for revenues derived from career education production shops, which may be used for this purpose.
>
> c. Professional, technical or consultant services. The exception is for revenues derived from career education production shops, which may be used for these purposes.
>
> d. Articles for the personal use of any student, employee or other person, except those items that are identifiable as being in recognition of service or promotion of school activities and those items identified under rule 6A-1.0143, F.A.C., Promotion and Public Relations Funding.
>
> e. Personal memberships or subscriptions.
>
> f. Salaries or other compensation for duties or assignments that are the responsibility of the school district.
>
> g. Loans, credit or accommodation purchases for anyone.
>
> h. Repairs and maintenance of district school board equipment for which district school board funds are available. The exception is for revenues derived from career education production shops, which may be used for these purposes."

Expenditures that are paid from a school's budget by the Accounts Payable Department may be reimbursed by the school's Internal Funds, if appropriate. For example:

- Employees who work as gate help at a school Football game must be paid via Payroll, so money from the school's Internal Funds Athletic Account is remitted to the Treasurer's Office to cover these payments to SBBC employees.

- Equipment should be purchased through SAP, with the assistance of the Procurement Department. If Internal Funds are the source of payment, the money is remitted to the Treasurer's Office so that the invoice may be paid by the District's Accounts Payable Department, and the item is added to the school's Property Inventory.

- Schools may engage the Transportation Department to provide buses for field trips, so Internal Funds money may be remitted by the school to the Treasurer's Office to pay Transportation for services.

Any money collected or disbursed in association with a school field trip must flow through the school's Internal Funds. Booster Clubs and PTOs may donate money to their schools to enable the schools to pay the bills for field trips.

**Subject:** FW: Disbursements via ACH for Internal Funds

Good afternoon Mr. Rhodes,

Congratulations again on the birth of your first grandchild! Such wonderful blessing for you and your family.

Per your request, here is the FLDOE's response clarifying our previously issued waiver. Given the significant staff changes over the years, I sought clarification to ensure our current interpretation aligns with the original intent of the waiver,

particularly regarding the SBBC's latitude with Chapter 8 requirements. This clarification is essential as we update our Policies and Standard Practice Bulletin, especially in areas like ACH transactions.

According to the FLDOE, the waiver allows us to modify policies and procedures related to school internal funds, as outlined in the 2023 Red Book, to better align with the district's needs.

Lastly, the red text below is the clarifying response from Ms. Liu regarding fundraisers. This guidance combined with our current Standard Practice Bulletins regarding field trips and fundraisers, supports the assertion that there is no current requirement for a financial report for Grad Bash. If the OCA has documented literature that provides otherwise, I welcome the opportunity to review it as a team.

- Chapter 8 references "fundraising activity/ies" on numerous occasions- however the term is not clearly defined in the definition of terms used in the guide. Can the FDOE provide some clarification on the term "fundraising activity/ies" to ensure we are using it appropriately in our interpretation with events like Prom. We currently do not consider it a fundraising event as it charges only enough in admission to cover the costs of the event but does not raise money for other intended purposes. Fundraising is not an accounting term. If a district organizes an activity or hosts an event with the purpose of raising funds, it qualifies as a fundraising activity. For instance, if the costs of prom are covered by student attendees or existing district resources, it is not considered a fundraising activity. However, if the district organizes a separate event or activity to generate funds from external sources for the prom, that would be classified as a fundraising activity.

Please let me know if you have any questions.

Thank you, Ms. Li.

I appreciate you providing confirmation that the exemption granted to us previously by the FDOE allows us the latitude to operate outside of Chapter 8, notwithstanding the annual audit requirement, as long as we have documented policies and procedures in place to provide for internal controls.

Have a wonderful afternoon.

**Importance:** High

Good morning Ms. Liu,

I thank you for sending this information over and apologize for the delay in expressing my gratitude, as my original response was stuck in my Outbox along with a few others I sent from home during our break. Looks like quite a bit of the responses below, push the determinations back on our district which is not entirely unexpected given we should have all these items addressed in our internal policies and procedures.

Back when the Business Support Center was created, our Superintendent, Robert Runcie, had requested for modification of the polices and procedures in Chapter 8 given that were going to be operating significantly different than other decentralized districts in the state. That request was honored in a subsequent response from the Commissioner of Education in a letter dated 6/18/2022 attached to this email. The waiver was approved with the caveat that we would remain responsible for providing an annual audit of school internal funds pursuant to Rule 6A-1.087, Florida Administrative Code.

**Based on this history, can you please confirm that BCPS is able to modify, at our discretion, the policies and procedures contained in the Redbook Chapter 8, by issuing our own clearly written board approved policies and officer approved internal procedures**. And- that these internal procedures are acceptable, when in conflict with items listed in Chapter 8. For example, with this waiver could we institute ACH disbursements for remittances back to our district, even though Chapter 8 does not currently allow for it, if we document our process for handling ACH payments in this manner. The letter appears to be very broad, but with the changing of staff we want to ensure the interpretation is still as was intended when it was issued. Appreciate this last bit of guidance as we are currently rewriting many of our policies and procedures and want to ensure we provide clear and explicit guidance to support our schools.

In service,
-Ryan

**Subject:** FW: Disbursements via ACH for Internal Funds

Good afternoon Mr. Eggers,

Reaching out to see if there may be a better contact for inquiring about the process, timelines, and involvement for changes to Chapter 8? I have reached out twice unsuccessfully to the email address you provided for Ms. Liu. Perhaps the email address provided was incorrect…

In addition to asking about process, timelines, and involvement for changes to Chapter 8, I have a few other clarifying questions regarding the content for Chapter 8 as our Internal Auditors have switched their positions on a few items. Can you direct me to who you think is best to assist with providing the following clarifications:

- Chapter 8 references "fundraising activity/ies" on numerous occasions- however the term is not clearly defined in the definition of terms used in the guide.
  Can the FDOE provide some clarification on the term "fundraising activity/ies" to ensure we are using it appropriately in our interpretation with events like Prom. We currently do not consider it a fundraising event as it charges only enough in admission to cover the costs of the event but does not raise money for other intended purposes. Fundraising is not an accounting term. If a district organizes an activity or hosts an event with the purpose of raising funds, it qualifies as a fundraising activity. For instance, if the costs of prom are covered by student attendees or existing district resources, it is not considered a fundraising activity. However, if the district organizes a separate event or activity to generate funds from external sources for the prom, that would be classified as a fundraising activity.
- Chapter 8, Section I, 12. states that "Purchases from internal accounts shall not exceed the resources of the applicable student activity/ project account, except for items acquired for resale or items authorized by district school board rules."
- This is being interpreted by our audit team that, at no time, can any account activity (such as Prom) have a negative cash flow even if the activity is profitable and the overall club account has remained positive. Can the FDOE provide some clarification on whether or not this is the appropriate interpretation of Chapter 8, Section I, 12. The purpose of this requirement is to ensure that internal funds are neither misused nor allowed to result in a deficit for individual activity accounts. As stated, school districts should establish clear policies outlining what expenditures are allowable, what is not, and the extent to which funds can be spent in advance of revenue, if permitted at all.
- Chapter 8, Section III, 1.5, b. states that "Internal funds that are **temporarily idle** shall, as required by law, be invested pursuant to policies of the district school board using any medium of investment legal for public funds and may not exceed insurance protection or other legal collateral limits."
  - Can you please provide structure and clarity to the term "temporarily idle", specifically the time frame to be considered temporarily idle. This matter is at the discretion of the district. The classification of funds as idle depends on factors such as the time span between inflows and outflows, the chosen investment medium, and other relevant considerations.
- Our Internal Funds bank accounts are now housed within one bank a centrally for the district. This makes it implausible not to exceed the FDIC insurance protection of $250K, however given our bank is a QPD- does that even matter? Our Internal Auditors previously issued us an audit exception regarding this item, and I am looking for guidance from the FDOE on the proper mitigation of this item or if this reference in Chapter 8 should be considered for revision. This matter is not specific to Chapter 8 School Internal Funds. We recommend collaborating with your auditors and CFO to determine the most effective approach to safeguarding the funds.
- Chapter 8, Section III, 3.4, b. states that the following is a restricted expenditure: "Curricular-related travel. The exception is for revenues derived from career education production shops, which may be used for this purpose."
  - Can you please provide structure and clarity to the term "curricular-related". It refers to activities or content connected to the curriculum, designed to provide students with hands-on experience and deeper subject understanding.
- We have had club sponsors, accompanying students on field trips (such as debate) as a chaperone, that have also spoken at these student-centered club sponsored events while performing their chaperone duties. Does this participation at a speaker reclassify this trip as curricular-related travel and therefore a restricted expenditure? As previously noted, the district should establish policies in accordance with Section III, 3.1, to govern allowable and unallowable costs.

- Chapter 8, Section III, 3.4, b. states that the following is a restricted expenditure: Salaries or other compensation for duties or assignments that are the responsibility of the school district.
    - We have had schools attempt to pay for substitute teacher costs, related to coverage for a field trip, from Internal Funds. We have taken the position that substitute teacher costs, regardless of reason, are to be considered salary for duties or assignments that are the responsibility of the school district. Can you confirm if we are interpreting this properly. The purpose of this requirement is to prevent the misuse of school internal funds to cover salaries and benefits of school personnel performing regular school responsibilities. While using school activity funds to pay substitute teachers for club activities is rare, certain factors should be considered in such cases. For example:
      Are club members and their parents/guardians informed that club fees will cover the substitute teacher's pay?
      When does the field trip take place (during school hours or otherwise)?
      What is the substitute teacher's role and involvement with the club? Is it already included in the contract for the scheduled work hours and pay?
      We recommend that districts establish clear policies to provide explicit guidance and ensure consistent practices across all schools. Additionally, we encourage you to discuss this matter with your district CFO and HR director.

With gratitude,

**Subject:** Disbursements via ACH for Internal Funds

Good morning Ms. Liu,

I have the pleasure of providing oversight for our Internal Funds service line at BCPS; it's a pleasure to meet you virtually.

I spoke with Mr. Eggers this morning about the process for updates to Chapter 8 of the Rebook. He provided me with your contact information to reach out and discuss further. One update of particular interest is the ability to do disbursements, from Internal Funds, via ACH. As Chapter 8 currently reads, the only mechanism for disbursements of two signatures on a check. Lacking the ability to utilize ACH payments for Internal Funds has created an avoidable inefficiency for BCPS- especially as it relates to remittances from Internal Funds over to our district budget accounts which we are currently doing through check.

Can you provide insight on if this is a consideration on the table. If it is not, can you please advise on the process overall for updates and if there is an opportunity to be involved in the process. Thank you for your consideration.

A. **ALL** school improvements **MUST** adhere to the purchasing requirements of School Board Policy 3800.

B. Any installation of new or replacement equipment that becomes part of, or is affixed to, school buildings—and must comply with fire and building codes—**MUST** be reviewed and approved by the appropriate department. Approval should be documented through an interdepartmental memo or a Purchase Order issued or approved by the appropriate department.

A. Any non-designated funds remaining in the SITA at year-end **MUST** be transferred back to the **General Fund**.

B. Designated funds in the SITA may be carried over from year to year **ONLY** if they are allocated for approved projects that require more than the annual 15% transfer limit. There is no time frame restriction as to how long a school may accrue for an approved project. To designate funds, the school principal **MUST** approve the project in advance using an **Activity Approval Form**.

C. Upon completion of the approved project, any unused trust designated funds **MUST** be transferred back to the **General Fund**

## IV. PARKING DECAL FEES

As prescribed in Chapter 8 of the Florida Schools Red Book, collections from parking decals issued by secondary schools and career centers may be restricted as to use, and if so, **MUST** be accounted for separately in a trust account. The Parking Decal Fees Trust Account will track all fees generated from parking decal sales, as specified in Policy 5307, along with related expenses. These guidelines do not apply to optional fundraisers related to parking facility areas.

The following are guidelines for expenditures from this account:

A. **ALL** purchases from the Parking Decal Fees Trust Account **MUST** adhere to the purchasing requirements of School Board Policy 3800.

**The following pages are excerpts of the draft minutes of the Audit Committee Meeting of January 29, 2026 that are specifically related to the Audit of the Internal Funds of Selected Schools.**

**The complete minutes, which include Committee discussion on matters not related to this item, are scheduled for Committee discussion and approval at their next scheduled meeting on March 12, 2026.**

We have two more items. We're right on time. We have two minutes. Do you want to extend for 10 minutes?

MS. SHAW: I have to go. Do you have quorum still?

MS. FERTIG: We'll have quorum if you leave but not if anyone -- one, two, three, four, five, six -- we need to just -- okay.

And I am going to suggest that we take these next two audits and get those finalized and then we could -- if there's anything else, comments or whatever, maybe we just hold it until we meet next Friday.

Is that agreeable with everybody or do you want to just -- well, how about a motion to extend for 10 minutes?

MS. ROSAS: So moved.

MS. SHAW: Second.

MS. FERTIG: Okay. All in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Okay. The Audit of the Internal Funds of Selected Schools and the Progress Report. Who's our point person here?

MS. GOULDBOURNE: This is the Audit of Selected Schools for Internal Funds, we have 50

schools that were audited in this report. Five schools had exceptions. As far as the Progress Report, we are at 56 percent of the total fund balance, which we need to be by March, so that's why we need to get this reporting so it can be presented to the board at the March school board meeting so we are in compliance with policy.

We have five reports, five schools that had exceptions. We have Charles Drew that has an exception as far as cash collections and receiving documentation that was logged. Discovery Elementary had a disbursements issue and school improvements. The disbursement I believe was also a P-Card issue. Falcon Cove had an issue with disbursement which related to voided checks. Nova Eisenhower Elementary School also had an issue with purchase cards preloads and reconciliation. And South Plantation High School had an issue with their fundraising receiving documentation as well as purchase cards reconciliation issues.

And, you know, if anyone has questions we can go into those further.

MS. FERTIG: Okay. Any comments? Any questions.

MR. NAYLOR: Motion to transmit.

MS. SHAW: Second.

MS. FERTIG: Okay. So moved and seconded to transmit the Audit of the Internal Funds of Selected Schools and the Progress Report. All in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

(No response.)

MS. FERTIG: Okay. Motion carries.

We are on number 12, Property and Inventory Audit of Selected Locations. Who wants to do this one? It was a good report so I'm surprised no one wants to --

MR. RHODES: I will. So just very quickly, we have gone from Gabriel who resigned back in August and we had a task-assigned until we hired a new manager. This report is the first with the new manager and we're trying to make sure that we get form and the available substance to the audit committee. And this was an otherwise clean audit. There were no items unaccounted for in the audit. And, just so you know, we intend to expand now to look more into discrepancies as well as items unaccounted for going forward.

Members of the School Board of Broward County, Florida
Members of the Audit Committee of the School Board of Broward County, Florida
Dr. Howard Hepburn, Superintendent of Schools

Ladies and Gentlemen:

We have performed a review of Property and Inventory Control of 16 locations, pursuant to Florida Statute 274, Florida Administrative Code 69I-73, and Business Practice Bulletin O-100.

Each property Custodian (Department Director/ School Principal) is responsible for the safekeeping and proper use of the property entrusted to his or her care, are required to implement corrective actions, and comply with applicable laws, regulations, and School Board policies.

Our responsibility is to perform audits in accordance with generally accepted government auditing standards and to provide recommendations that improve operations, strengthen internal controls, and ensure compliance.

We have reviewed, on a test basis, the property and inventory records disclosed from District accounts and determined that all 16 locations audited complied with prescribed laws, codes, policies, and procedures.

Audit findings are issues that may involve a deficiency in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or instances of fraud. Elements of a finding generally include criteria, condition, cause, and effect or potential effect, and relevant recommendations.

Established 1915
BROWARD
County Public Schools

Audit findings result from significant internal control weaknesses and unaccounted-for property that meet or exceed the following materiality thresholds, based on either monetary value or the severity of internal control deficiencies (quantity):

- Monetary (based on historical cost per item):
  - $2,500 or more for Standard property items
  - $1,500 or more for SMART Bond assets
- Internal control deficiency (quantity-based):
  - 10 or more unaccounted-for property items, regardless of individual cost or net book value

We wish to express our appreciation to the administration and staff of the various locations for their cooperation and courtesies extended during our audits.

Sincerely,

Dave Rhodes
Chief Auditor

## Scope, Objectives, and Methodology

The Office of the Chief Auditor conducts compliance audits, on a test basis, of selected schools and departments to provide the School Board, property custodians, and other stakeholders with unbiased, timely, and relevant information for promoting accountability and improving internal controls.

We conducted these compliance audits between August through November 2025 in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on the audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We performed our audits with the objectives of:

- Evaluating compliance with current laws, rules, and district policies and procedures.
- Examining internal controls established by the location.
- Detecting indicators of fraud, waste, and abuse.

In conducting our test-based audit, we:

- Reviewed current laws, rules, and district policies and procedures.
- Physically verified selected property to ensure accurate accountability.
- Examined documentation supporting recorded property to confirm proper transfers, surplus procedures, and temporary removal of property by staff members.
- Reviewed the purchasing system to ensure all purchased property is appropriately recorded on property records.
- Prepared and submitted findings, discrepancies, and recommendations requiring management response. Management responses are detailed in Section III of this report.

## Authority

The audits were conducted in accordance with Generally Accepted Government Auditing Standards (Yellow Book) and School Board Policy 1700. The audit criteria referenced Section 274 of the Florida Statutes, Rules 69I-73 and 71 of the Florida Administrative Code, as well as the District's Business Practice Bulletin O-100.

## Summary

A total of sixteen internal audits of tangible personal property were conducted, with each district location representing a separate audit engagement. The audits were performed to assess compliance with applicable property and inventory control requirements. Six of these locations had unaccounted-for property items. Across the sixteen locations, 2,584 property items were sampled, with a combined historical value of $5,426,653.38. Twenty-one of these items were identified as unaccounted for, representing a combined historical value of $25,439.29 and a current netbook value of $650.05.

**The complete minutes, which include Committee discussion on matters not related to this item, are scheduled for Committee discussion and approval at their next scheduled meeting on March 12, 2026.**

MR. NAYLOR: Motion to transmit.

MS. SHAW: Second.

MS. FERTIG: Okay. So moved and seconded to transmit the Audit of the Internal Funds of Selected Schools and the Progress Report. All in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

(No response.)

MS. FERTIG: Okay. Motion carries.

We are on number 12, Property and Inventory Audit of Selected Locations. Who wants to do this one? It was a good report so I'm surprised no one wants to --

MR. RHODES: I will. So just very quickly, we have gone from Gabriel who resigned back in August and we had a task-assigned until we hired a new manager. This report is the first with the new manager and we're trying to make sure that we get form and the available substance to the audit committee. And this was an otherwise clean audit. There were no items unaccounted for in the audit. And, just so you know, we intend to expand now to look more into discrepancies as well as items unaccounted for going forward.

MS. FERTIG: Okay. Thank you.

Any comments?

I just want to say, great report and today overall I think we've seen a lot of positive progress, but this -- this was great.

So motion to transmit?

MR. NAYLOR: So moved.

MS. ROSAS: Second.

MS. FERTIG: Who made the motion? Okay.

MS. SHAW: And I do have to compliment the team on this report.

MS. FERTIG: And, please, if you can convey that to the board as part of the motion? Yes? Is that okay?

Yeah. Okay. So congratulate all of these schools.

All in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

(No response.)

MS. FERTIG: Okay. Motion carries.

We are down to Follow-Up Matrix. And I don't know if someone has something they want to raise today. If not, just study it carefully and bring it next week.

**EXECUTIVE SUMMARY**

**Recommendation to Approve the Post-Submission United States Department of Education Mental Health Service Professional Demonstration Program Grant Application**

---

**Board Meeting Date: March 10, 2026**

**Requested Action:**
Approve the Post-Submission United States Department of Education Mental Health Service Professional Demonstration Program Grant Application.

**School Board Policy Requirement/Authority:** N/A

**Is it Statutorily Required?** N/A

**District-zone Impact:** District-wide

**Impact if the Board Voted Yes or No:**
**- If the Board Votes "Yes":** If this grant application is approved, and contingent upon the timely execution of a Board-approved partnership agreement within six months as required by the U.S. Department of Education, the District will receive $1,250,000 in federal funding to support school psychology internships, graduate degree programming in partnership with an Institution of Higher Education, and certification examination assistance.
**- If the Board votes "No":** If this grant application is not approved, the District will forfeit the $1,250,000 nationally competitive award of the U.S. Department of Education, funding specifically designated to support high-need local educational agencies (LEAs) in addressing the shortage of credentialed school psychologists. Declining the award would limit the District's ability to strengthen school-based mental health service capacity, respond to documented local and national workforce shortages, and leverage federal resources to expand support to improve students' mental health.

**Background/History:**
The United States Department of Education's Mental Health Service Professional (MHSP) Demonstration Grant Program supports the development and expansion of school-based mental health service providers, specifically school psychologists, in high-need LEAs. The program is designed to strengthen workforce pipelines by supporting partnerships that train, place, and credential future school psychologists to address shortages nationwide. The overarching goal is to increase the number of credentialed school psychologists available to deliver both intensive and preventive mental health services to students. These services include: (a) providing targeted mental health supports to students with significant needs, and (b) delivering early intervention services to address emerging concerns and determine the need for more intensive support.

The Broward PATH (Psychologist Advancement and Training Hub) Forward project is designed to expand and sustain the District's school psychology workforce pipeline by supporting three eligible District employees through graduate program completion and certification, funding 23 full-time school psychology interns, and providing certification examination support for all participants. Core project activities include establishing and implementing a formal partnership with an Institution of Higher Education, providing tuition assistance, funding intern stipends, and supervision, supporting certification testing, and embedding long-term sustainability within the District's Human Resources recruitment and retention systems.

The United States Department of Education's Mental Health Service Professional (MHSP) Demonstration Grant Program is a new discretionary, competitive grant for over a four year period through the 2026-2029 school years. The Exceptional Student Education (ESE) Department has been awarded $1,250,000 for the Broward PATH Forward project. The department will manage the grant. For more information, please contact Stephanie Acosta Castro, Director of ESE Support/Compliance.

**Alignment to 2027 Goals and Guardrails:**
Guardrail 3: School Support; Guardrail 4: Accountability; Guardrail 5: Wellness Support

**Measurable Outcome(s)/Return on Investment:**
Over the four-year grant period, the District will measure program success by tracking the unduplicated, cumulative number of school psychology graduate candidates trained under the project to provide school-based mental health services in high-need local educational agencies; the unduplicated, cumulative number of candidates placed in approved practicum and internship experiences within our high-need LEA; and the unduplicated, cumulative number of credentialed school psychologists hired as a result of project participation.

**Financial Impact, Funding Source & Budget Status:**
The positive financial impact is $1,250,000. The source of funds is the United States Department of Education. There is no additional financial impact to the District.

**Impact on Schools:**
The MHSP grant award will significantly strengthen the District's capacity to deliver comprehensive, school-based mental health services by expanding the school psychology workforce in our high-need LEA. Through recruitment, internships, and potential employment of trained graduate candidates, schools will gain increased access to credentialed school psychologists who can provide early intervention mental health services and intensive mental health services.

**If there is an impact on schools, how will schools be selected/prioritized?**
All District schools will be eligible to receive services and benefit from the MHSP grant through the expanded school psychology workforce.

Members of the School Board and Citizens of Broward County:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of The School Board of Broward County, Florida, (the District of Broward County Public Schools) for the fiscal year ended June 30, 2025. These financial statements are presented to conform with the Generally Accepted Accounting Principles (GAAP) in the United States as applied to governmental units. The Florida Statutes require that the District publish, within nine months of the close of each fiscal year, a complete set of audited financial statements. The U.S. Securities and Exchange Commission (SEC) also requires a legal undertaking on the part of governmental debt issuers to provide annual audited financial information. The ACFR is published to fulfill these requirements. In addition to meeting legal requirements, this report is intended to provide informative and relevant financial information for the residents of Broward County, School Board Members (the Board), investors, creditors, and other concerned readers. We believe that the information, as presented, is accurate in all material aspects; that it is designed to present fairly the financial position and changes in the financial position of the District; and that all disclosures necessary to enable the reader to gain an adequate understanding of the District's financial condition have been included. The responsibility for the preparation of the accompanying financial statements and other information contained in this ACFR rests with the District's management.

The District's management is responsible for the establishment and maintenance of a comprehensive internal control framework to ensure compliance with applicable laws and District policies. The District's internal control framework also ensures that financial transactions are properly recorded and documented to provide reliable information for the preparation of the District's financial statements in accordance with GAAP. Since the cost of internal controls should not outweigh their benefits, the District's internal control framework has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement.

State statutes allow an outside independent audit of school districts by a firm of certified public accountants in lieu of an audit by the State of Florida Auditor General, under certain conditions. The scope of services and pricing remains unchanged, ensuring continuity in the District's external financial services. In keeping with the minority business enterprise program established by the Board, Forvis Mazars, LLP will be assisted by S. Davis & Associates, P.A., Certified Public Accountants. The independent audits concluded that there was a reasonable basis for rendering an unmodified opinion on the District's financial statements for the year ended June 30, 2025.The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statement in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the independent auditor's report.

Cognia (formerly AdvancEd) and the Southern Association of Colleges and Schools ("SACS") are the accreditation agencies for BCPS, the first fully accredited school system in Florida since 1962. The District was recommended to the Cognia Accreditation Commission to be accredited again in 2021 and proudly earned re-accreditation for a five-year period. On May 10, 2021, the District received the Cambridge District of the Year for having high academic achievements among students participating in Cambridge programs. It is one of three Districts in the United States to receive this distinction.
The General Fund, the primary operating fund of the District, had an annual adopted operating budget of approximately $3.3 billion for the fiscal year ended June 30, 2025. This budget served 236,667 pre-kindergartens through 12th grade students in 325 schools.

The District has taxing authority and provides pre-kindergarten, elementary, secondary, vocational education services and technical colleges to the residents of Broward County. Besides the various educational programs offered to K-12 students, pre-kindergarten services include: programs for babies whose teen parents are progressing toward achieving high school diplomas; programs for special education infants and toddlers below the age of three; pre-kindergarten programs for three and four-year-old students; and programs for eligible low-income, at-risk students.

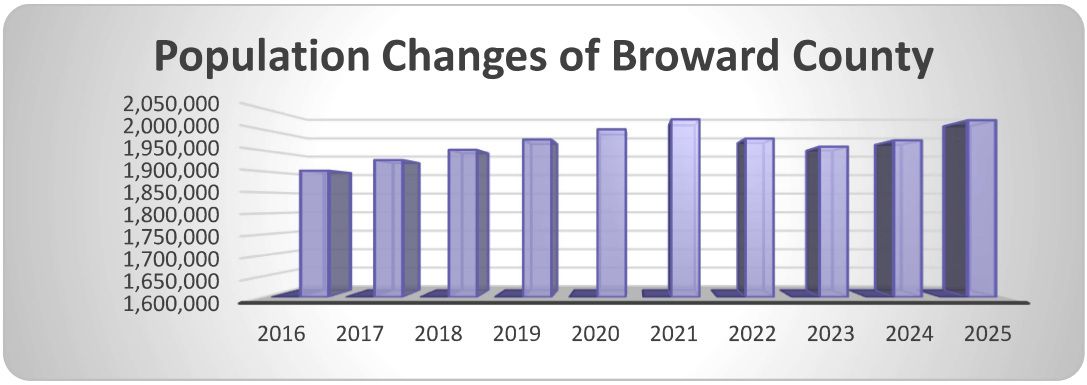
In addition to services provided for children, the District offers programs for adults to learn the necessary skills in order to enter the workforce or increase opportunities for advancement in current positions. Also, nearly 34,000 active English Language Learners (ELL) from 192 countries and speaking 159 languages have the opportunity to learn communication skills through our English for Speakers of Other Languages (ESOL) programs, and all citizens can take fee-supported courses to increase personal development in various subjects such as nursing, automotive technology, culinary arts, and finance.



The District was created by the state constitution and is part of the state system of public education operated under the general direction and control of the State Board of Education. Established in 1915, the District is governed by nine elected members. The appointed Superintendent of Schools serves as executive officer of the District. As of November 18, 2025, the Board members are: Sara Leonardi, Chair; Dr. Jeff Holness, Vice Chair; Lori Alhadeff, Maura McCarthy Bulman, Adam Cervera, Esq., Debra Hixon, Nora Rupert, Rebecca Thompson, and Dr. Allen Zeman. The ACFR includes all funds of the District, the Broward School Board Leasing Corporation, as well as the Broward Education Foundation and charter schools, which are reported discretely as component units, thus all combined comprise the reporting entity.

In accordance with the Florida Statutes, the District has formally established budgetary accounting control for its operating funds. The major functional level is the legal level of budgetary control. Budgeted amounts may be amended by resolution at any Board meeting prior to the due date for the annual financial report. The budgetary control is maintained at the function level by the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Purchase orders which result in an overrun of budget balances are not released until additional appropriations are made available through transfer from other accounts by the Board.

## FACTORS AFFECTING FINANCIAL CONDITION

### Local Economy

Located on the southeastern coast of Florida, Broward County has an area of approximately 1,200 square miles. It is bordered to the north by Palm Beach County and to the south by Miami-Dade County. Broward County ranks second in population in the state, with a 2025 estimated population of over 2 million. The largest private sector employers in Broward County include the following: Memorial Healthcare System, Broward Health, Nova Southeastern University, FirstService Residential, Spirit Airlines, American Express, Auto Nation, and Jet Blue.

The District's Demographics and Student Assignments Department forecasted student enrollment for all levels for fiscal years 2024-25 through 2029-30. For the fiscal year ended June 30, 2025, the overall enrollment in kindergarten through twelfth grade (excluding charter schools) is anticipated to decrease by 16,607 students by the end of the five-year period, with a decrease of 8,243 students at the elementary level, a decrease of 4,561 students for middle schools, and a decrease of 3,203 students at the high school level.

As of June 30, 2025, 32.6 percent of the District's school facilities were over 40 years old. The District's Capital Improvement Program identifies and addresses the maintenance needs of these aging school facilities.

## Long-Term Planning

Each year the District prepares, and the School Board adopts a District Educational Facilities Plan (DEFP) for five years to keep the School Board and the public fully informed of how the District is using sound policies and practices that meet the essential needs of students and warrant public confidence in District operations. The DEFP is incorporated in the District's adopted budget annually as required by Florida Statute 1013.35. The 2024-25 DEFP lays out a $3.8 billion long-term financial plan including the **S**afety, **M**usic and Art, **A**thletics, **R**enovation, and **T**echnology (SMART) Program and was adopted on September 4, 2024.

The DEFP highlights SMART construction projects across the District. These projects are being implemented through contracts the District has entered with outside firms to provide Owner's Representative and Cost/Program Controls management services. Using these firms, the District is enhancing efficiency by keeping current with the latest developments in construction management systems and practices. In addition, the firms are establishing a centrally coordinated repository of data by implementing, maintaining, and upgrading management information systems appropriate to facilitate the efficient and effective use of information throughout the District's capital projects. The District sustains reserves to stabilize the SMART Program and other projects in the DEFP. These reserves protect ongoing projects over the duration of the SMART Program so that changes in the economic environment and other risks are mitigated.

Since the Marjory Stoneman Douglas (MSD) High School tragedy on February 14, 2018, the District and school leadership remain focused on meeting the needs of students, employees and the entire school community during an emotional and difficult recovery process. In fiscal year 2019, Senate Bill 7026 provided funding for MSD to meet the facility needs necessary to recover from this tragedy. In total, Florida Legislature approved $26.3 million for the District to:

- Provide portables
- Build a new permanent building
- Demolish the 1200 Building (Florida Inventory Of School Houses, (FISH), Building 12)
- Construct a memorial

In 2024, the District began implementing walkthrough metal detection devices at all high schools. Additional hardware and software solutions such as drones, video surveillance, intercoms and security communication equipment, threat and tip tracking, and security staff continue to be utilized to address safety and security concerns District-wide.

## General Obligation Bond Referendum

The School Board and District leadership are committed to invest in the funding to enhance students' learning environments by focusing on improvements in SMART to achieve its long-term goals. To meet this commitment, in 2014 the School Board unanimously approved a resolution and on November 4, 2014, Broward County voters gave their overwhelming support of the District's request to pass $800 million in General Obligation Bond (GOB) with a 74 percent approval margin. The first series of the GOB was issued, and the District received $155.1 million in June 2015. In February 2019, the second series of the GOB was issued, and the District received $174.7 million. In February 2021, the third series of the GOB was issued, and the District received $207.5 million. In May 2022, the fourth and last series of the GOB was issued, and the District received $262.7 million. Proceeds from the bonds issue are being used to modernize and improve the safety of outdated educational facilities and upgrade instructional technology. This was in direct response to years of unsuccessful advocacy requesting the Florida legislature to restore the capital millage to historic levels and the current push in an ongoing effort to address the District's critical capital budget situation. When the general obligation bond is combined with other capital outlay funds, the SMART program totals $1.7 billion. All GOB funding has been spent and the District was scheduled to complete the Program by October 31, 2025.

## Secure the Next Generation Referendum

On August 28, 2018, voters in Broward County approved the Secure the Next Generation referendum. This half-mill initiative provided additional School Resource Officers and security staff for all schools, including charter schools with more than 900 students, and improved compensation for teachers and school related non-administrative staff. It also served to guarantee essential programs in District schools such as additional guidance counselors, social workers and behavior specialists. The referendum took effect on July 1, 2019, and funds were allocated starting the 2019-20 school year through June 30, 2023.

On August 23, 2022, voters in Broward County approved the renewal of the Secure the Next Generation Referendum which will increase voters' investment in education from a half-mill to one mill to continue securing funds for all public schools - and will now also include all charter schools. This initiative will allow the District to: recruit and retain high-quality teachers and staff by increasing compensation supplements, maintain and enhance school resource officers and school safety staff, and maintain and enhance essential programs such as mental health services.

In 2024-25 the referendum provided funding for 157 full-time staff and in 2025-26 proposed funding for 217 full-time staff.

## Post COVID-19

With the return of the students to 100% in person learning for the school year 2021-2022, the District provided students with increased in-person instructional time with highly qualified teachers. Additional teachers were hired to provide targeted academic assistance during the school days and extended learning opportunities with Saturday, winter and spring break academic camps and after-school tutoring options were implemented. The District again offered the BCPS Summer 2025 for students with academic needs in core subject areas such as reading and math, as well as credit recovery options. In fiscal year 2024-25, the District received a $5.2 million reimbursement from federal sources for COVID-related expenditures. No federal revenue is anticipated for fiscal year 2025-26.

To continuously meet the mental health and social-emotional learning needs of students and staff, the District has made available mental health professionals in every school.

## Federal Education Stabilization Fund

In 2020-21, Congress passed three funding bills to address the economic aftermath of the COVID-19 pandemic and its impact on the country's educational system. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act provided initial funding support. The Elementary and Secondary School Emergency Relief (ESSER) Fund was established granting the District $64.5 million. The Governor's Emergency Education Relief (GEER) Fund was created through the CARES Act to provide additional funds to support education systems, including workforce and postsecondary sectors. The District was awarded $8.2 million in funding to assist with: rapid credentialing for areas with critical workforce needs, expansion of apprenticeship and dual enrollment programs, summer recovery and learning loss mitigation activities, and career and technical education and workforce pathway supports.

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriation (CRRSA) Act awarded the District through the Elementary and Secondary School Emergency Relief Fund (ESSER II) with $264.7 million funding to address the impact COVID-19 has had and continues to have on elementary and secondary schools.

On March 11, 2021, the American Rescue Plan (ARP) was established which allocated to local education agencies with developed plans for the intended use of their ARP funds. This provided the District with $599.7 million, through the Elementary and Secondary School Emergency Relief Fund (ARP ESSER) to address loss of learning in students, focusing on the impact of lost instructional time, summer enrichment and afterschool programs.

## Transition of Summer Food Service Program

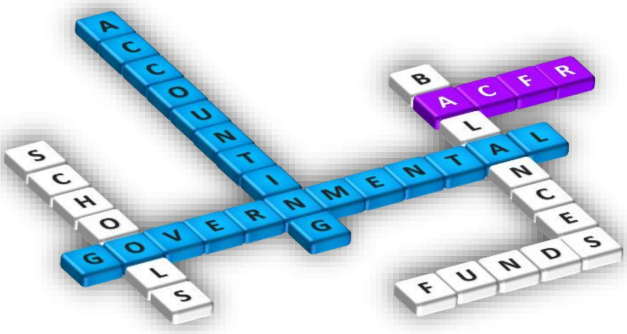
The Summer Food Service Program (SFSP) is a federally funded, state administered program that provides free healthy meals and snacks to children and teens in low-income areas, ensuring children have access to nutritious meals when schools are not in session. For the fiscal year ended June 30, 2025, the District continued a hybrid model of the National School Lunch Program (NSLP) by implementing the Community Eligibility Provision (CEP). CEP is a non-pricing meal service option for schools and school districts in low-income areas that allows the qualifying schools and districts to serve breakfast and lunch at no cost to all enrolled students without collecting household meal applications.

## Relevant Financial Policies

Presented below is an explanation of financial information, management of financial resources and obligations, and control techniques applicable to financial resources and obligations.

***Financial Information.*** The MD&A summarizes the Statement of Net Position and the Statement of Activities and reviews the activity for the year. The actual government-wide statements are presented in detail. These statements are intended to present the District in a more corporate style and provide a view of the "big picture."

Additionally, the Fund Financial Statements are designed to address by category the major governmental funds, as well as proprietary and fiduciary funds. An explanation of these complementary presentations can be found in the MD&A and in the notes (see Note 1).

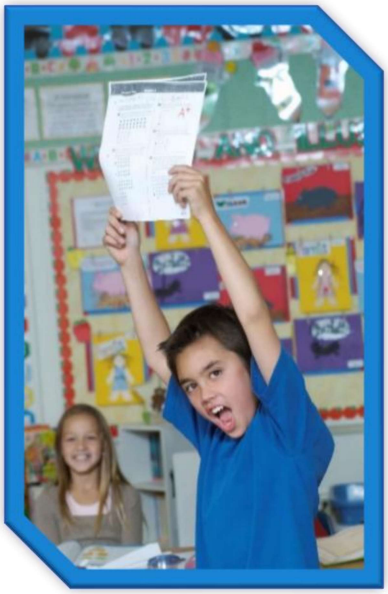


***Accounting Systems.*** In developing and evaluating the District's accounting control framework, consideration is given to the adequacy of internal accounting controls. Accounting controls are comprised of the plan of organization, procedures and records that are concerned with the safeguarding of assets, and the reliability of financial records. Consequently, accounting controls are designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles in the United States of America or any other criteria, such as finance-related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.

- Access to assets is permitted only in accordance with management's authorization.
- The recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

All internal control evaluations occur within the above framework. We believe the District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.



***Fund Balance Policy.*** The District has amended the adopted Board Policy 3111 on 07/23/2024. The new Board Policy 3510 provides the Superintendent will plan to attain a General Fund ending fund balance, in the assigned and unassigned General Fund balances, of five percent (5%) of the total annual General Fund operating revenues; that includes three percent (3%) in the unassigned fund balance.

***Budget Policy.*** The Board follows procedures established by State Statute and State Board of Education rules in establishing annual budgets for governmental funds. Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.

***Cash Management Policies and Practices.*** The District's investment policy authorizes investments with the State Board Administration (SBA), interest-bearing time deposits, savings accounts, and U. S. Treasury and Agency securities. All public deposits are held in qualified public depositories. Cash management and investment activities are discussed in greater detail in the notes to the financial statements.

## AWARDS AND ACKNOWLEDGEMENTS

Broward County Public Schools (BCPS) Financial Division was the 2008 Council of the Great City Schools (CGCS) Award Winner for Excellence in Financial Management. Our District is the first district in the nation to receive this prestigious award. The CGCS Award for Excellence in Financial Management focuses on policies, procedures and outcomes across a broad range of financial areas. A rigorous Best of Financial Management Policies Peer Review process assesses our District's financial management practices; and Key Performance Indicators are used as an evaluative research and objective analytical baseline to demonstrate the efficient and effective use of financial resources.

This award represents a significant achievement by the School District, Board of Education, Superintendent and administrative staff that support the highest standards in financial accountability and controls that are needed to safeguard and protect the financial integrity of the District. Their efforts reflect an extraordinary dedication to excellence in financial management and demonstrate outstanding stewardship of taxpayer dollars with the ultimate beneficiaries being the children of Broward County Public Schools.

To receive this award, the District achieved 95 percent or 2,309 of a possible 2,430 points by complying with all 95 mandatory practices and a minimum of 41 of 53 recommended practices in the following nine categories: 1) Treasury, 2) General Financial Management, 3) Internal Controls, 4) Capital Asset Management, 5) Budget, Strategic Planning & Management, 6) Debt Management, 7) Internal and External Financial Auditing, 8) Risk Management and 9) Purchasing.

The Association of School Business Officials (ASBO) International awarded a Certificate of Excellence in Financial Reporting to the District for its ACFR for the fiscal year ended June 30, 2024. In order to be awarded a Certificate of Excellence, a governmental unit must publish an easily readable and efficiently organized ACFR, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Excellence is valid for a period of one year only. For the fiscal year ended June 30, 2025, ASBO also awarded the District the Meritorious Budget Award for excellence in the preparation and issuance of its annual budget.

Additionally, the Government Finance Officers Association of the United States and Canada (GFOA) awarded the District the Certificate of Achievement for Excellence in Financial Reporting and the Distinguished Budget Presentation Award. The Certificate of Achievement for Excellence in Financial Reporting award certifies that the ACFR substantially conformed to the accounting and reporting standards adopted by GFOA for the fiscal year ended June 30, 2024.

We believe our current Annual Comprehensive Financial Report continues to conform to the standards established for both the Certificate of Excellence Program and the Certificate of Achievement Program. Accordingly, we are submitting the ACFR for fiscal year ended June 30, 2025, to both ASBO and GFOA to be considered for these prestigious awards once again.

The preparation of this ACFR could not have been accomplished without the efficient and dedicated services of the entire staff of the Office of the Chief Financial Officer, the Audit Committee, the Office of the Chief Auditor, as well as other departments that provided assistance throughout the preparation of this report. In addition, we appreciate the thoroughness with which our auditors, Forvis Mazars, LLP and S. Davis & Associates, P.A., Certified Public Accountants performed their audit function.

Finally, we would like to thank the Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Dr. Howard Hepburn

# Independent Auditor's Report

Honorable Chairperson and Members of
The School Board of Broward County, Florida

## Report on the Audit of the Financial Statements

### *Opinions*

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School Board of Broward County, Florida (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the major special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component units, which represent 100% of the assets, net positions and revenues of the aggregate discretely presented component units columns. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the report of the other auditors.

### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards,* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, pension schedules, and other postemployment benefit schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison schedules, and combining and individual nonmajor fund financial statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the budgetary comparison schedules, and combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Other Information*

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### *Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards,* we have also issued our report dated February 24, 2026, on our consideration of District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## FINANCIAL HIGHLIGHTS

### Government-Wide Financial Statements

- The District's financial status, as reflected in the ***total net position***, increased by $170.2 million, or 35.9 percent, from $473.6 million to $643.8 million when compared to the prior year. The increase in total net position is due to the net decreases in total assets of $56.5 million and a net decrease in deferred outflows of resources of $29.9 million offset by the net decrease in total liabilities of $379.3 million and the net increases in deferred inflows of resources of $122.7 million. Moreover, the increase in net position is attributable to the decrease in net pension liability and other postemployment benefits (OPEB) obligations, a decrease in the Charter Schools Referendum Settlement liability, offset by an increase to long-term obligations such as compensated absences (refer to Notes 12, 13, 14 and 15 of the Notes to the Basic Financial Statements for more information).

- ***Total revenues*** of $3.8 billion increased by $7.2 million, or 0.2 percent, from the prior year. The increase is primarily due to an increase in ad valorem taxes of $107.0 million (including General, Referendum, Debt Service and Capital Projects Funds), and an increase in program revenues (charges for services, operating grants and contributions, and capital grants and contributions) of $25.0 million. The increase in program revenues is attributable to an increase in charges for services of $0.4 million, an increase in capital grants and contributions of $4.6 million, and an increase in operating grants and contributions of $20.0 million. The increases were offset by other general revenues which decreased by $124.9 million due to decreases in Federal Education Stabilization Funds and the Florida Education Finance Program (FEFP).

- The District had $3.6 billion in ***expenses*** related to programs, a decrease of $250.3 million or 6.5 percent, from the prior year, primarily due to a decrease in instructional services, instructional support services, school administration, general administration, student transportation services, and food services. There were increases in operation and maintenance of plant and facilities acquisition and construction.

- The District's ***debt*** (Bonds Payable, Certificates of Participation, Equipment Finance Agreements, and Leases) decreased by $119.8 million, or 6.1 percent, to $1.8 billion from $2.0 billion in the prior year. This decrease was primarily due to the payment of debt (refer to Notes 8 through 11 of the Notes to the Basic Financial Statements for more information).

### Governmental Funds Financial Statements

- The overall General Fund balance (the primary operating fund) increased by $6.9 million, or 3.5 percent, to $206.0 million from $199.1 million in the prior year.

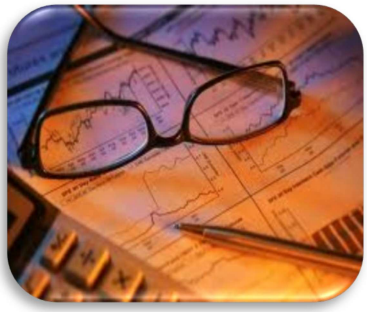
- The assigned and unassigned portion of the general fund balance increased by $19.8 million compared to prior year from $94.9 million as of June 30, 2024, to $114.7 million as of June 30, 2025.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The District's Annual Comprehensive Financial Report (ACFR) includes a series of basic financial statements and accompanying notes, with the primary focus being on the District as a whole. The Statement of Net Position and the Statement of Activities are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status. The governmental fund financial statements report the District's operations in more detail by providing information as to how services are financed in the short-term, as well as the remaining available resources for future spending. Additionally, the governmental fund financial statements focus on major funds rather than fund types. The proprietary fund statements offer short-term and long-term financial information about the activities the District operates like businesses, such as printing services. The remaining statements, the fiduciary fund statements, provide financial information for those activities in which the District acts solely as a trustee or agent for the benefit of others. The accompanying notes provide essential information that may not be readily available on the face of the basic financial statements. Consequently, these notes form an integral part of the basic financial statements.

## GOVERNMENT-WIDE FINANCIAL STATEMENTS

Government-wide financial statements incorporate governmental, as well as its non-fiduciary component units. They contain various adjustments, elimination and reclassification entries, such as the recording of depreciation, the recognition of other revenues, and the recognition of long-term liabilities. The government-wide financial statements are designed to provide the readers with a view of the District as a whole. While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole, looks at all financial transactions and asks the question, "How did the District do financially during 2025?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities and the District's operating results under the economic resources measurement focus. Both statements are prepared using the accrual basis of accounting similar to that used by most private-sector companies, matching the financial impact of long-term financial decisions to the period in which the expense or revenue is more properly attributed. In short, the financial impact of long-term decisions is promptly recorded as the transaction occurs, as opposed to recording it when paid. A good example of this is the recording of compensated absences, such as vacation and sick leave. In the fund financial statements, vacation and sick leave are expensed when used, not when accrued, with the unused hours accumulating over time. Consequently, the reader of the ACFR would never see the potential financial impact the accumulated leave would have on the District's financial health. In the government-wide financial statements, vacation and sick leave are expensed when accrued, allowing the reader to see the full financial impact.



The Statement of Net Position combines and/or consolidates the governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations. The Statement of Net Position also provides information about the nature and amounts of investment of resources and obligations to creditors.

The Statement of Activities provides information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, as reported in the Statement of Net Position, is one way to measure the District's financial health or financial position. A reader can think of the District's net position as the difference between what the District owns (assets) and what the District owes (liabilities). Over time, the increase or decrease in the District's net position, as reported in the Statement of Activities, is another indicator of whether its financial health is improving or deteriorating. The difference between revenues and expenses is the District's operating results. However, the District's goal is to provide services to our students, not to generate profits as commercial entities do. To fully assess the financial

health of any government entity, the reader must also consider other non-financial factors such as the quality of education provided, the safety of the schools, fluctuations in the local economy, state-mandated programs, administrative changes, and the physical condition of the District's capital assets.

## FUND FINANCIAL STATEMENTS

Fund financial statements are generally presented on a modified accrual basis, using the current financial resources measurement focus, and report expenditures rather than expenses as used in the government-wide financial statements. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the General Fund, the Federal Education Stabilization Funds, the Certificates of Participation (COP) Series Debt Service Funds, Local Millage Capital Improvement Funds, and Other Capital Projects Funds. Data from the other 11 governmental funds are combined into a single, aggregated presentation.

***Governmental Funds.*** Most of the District's activities are reported in governmental funds which describe how money flows into and out of those funds and the balances remaining at year-end that are available for spending in future periods. These funds are reported using an accounting method called "modified accrual accounting," which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and services. Governmental fund information helps determine what financial resources will be available in the near future to support educational programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

***Proprietary Funds.*** Based on the nature of the activities, proprietary funds are used to report the activities in the District's Internal Service Funds. The Internal Service Funds are used to record the financing of goods or services provided by one department to another on a cost reimbursement basis. Proprietary funds are reported in the same way as government-wide financial statements. The Internal Service Funds are presented in the proprietary fund financial statements. The proprietary funds are included in the governmental activities in the government-wide financial statements.

***Fiduciary Funds.*** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds are much like that used for proprietary funds. The District's fiduciary fund consists of a custodial fund used to account for student activity funds.

***Notes to the Basic Financial Statements.*** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

***Other Information.*** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's net pension liability and changes in its total other postemployment benefits (OPEB) liability.

## ANALYSIS OF THE OVERALL FINANCIAL POSITION AND RESULTS OF OPERATIONS

The analysis below focuses on the Net Position (Table 1) and Changes in Net Position (Table 2) of the District's governmental activities.

**Government-Wide Financial Analysis.** The District's financial status, as reflected in the total net position, increased by $170.2 million, from $473.6 million, to $643.8 million when compared to the prior year. The increase in total net position is due to the net decreases in total liabilities, a net decrease in deferred outflows of resources, and a net increase in deferred inflows, offset by the net decreases in total assets. By far, the largest portion of the District's net position reflects its net investment in capital assets (i.e., land; buildings; furniture, fixtures and equipment).

Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The decrease in the long-term liabilities is primarily due to a decrease in the pension and other postemployment benefits (OPEB) liabilities.

The second largest portion of the District's net position represents resources that are subject to external restrictions on how they may be used. Of the $640.7 million in restricted net position, $452.2 million is restricted for capital projects. There was a deficit of $1.7 billion in the unrestricted net position as of June 30, 2025. The deficit in the Statement of Net Position should not be viewed as an indication of financial difficulties. The District would only experience an actual deficit if it had to pay all of its long-term liabilities at once.

As shown in Table 2, governmental activities increased the District's net position by $170.2 million from the prior year. Key highlights are as follows:

- Other general revenues decreased by $124.9 million due to decreases in Federal Education Stabilization Funds and FEFP.

- Ad valorem taxes (property taxes) increased by $107.0 million (including General, Referendum, Debt Service, and Capital Funds) primarily due to an increase in the total assessed property values.

- Program revenues (charges for services, operating grants and contributions, and capital grants and contributions) increased by $25.0 million.

- There was no Special Item in 2025, compared to the $76.3 million reduction of net position in 2024.

- Total expenses decreased by $250.3 million primarily due to decreases in instructional services expense of $189.5 million, $23.3 million in School administration, instructional support services of $31.8 million, general administration of $11.0 million, food services of $3.6 million, and student transportation services of $10.5 million. These decreases were offset by increases in operation and maintenance of plants of $24.8 million and facilities acquisition and construction of $0.8 million.

**Financial Analysis of the Government's Funds.** As was noted earlier, the District uses funds to help control and manage money for particular purposes. Looking at the funds aids in determining if the District is being accountable for the resources taxpayers and others provide; and may also give more insight into the District's overall financial health. In particular, the combination of assigned and unassigned fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year.

***Governmental Funds.*** As of June 30, 2025, the District's governmental funds reported a combined fund balance of $801.3 million, a decrease of $180.7 million, or 18.4 percent from the prior year. The decrease in fund balance is due to the following funds: a decrease of $138.7 million in the Capital Projects Funds and a decrease of $48.9 million in the Other Governmental Funds, which was offset by an increase of $6.9 million in the General Fund, and an increase of $0.15 million in the COP Series Debt Service Funds (refer to Exhibit 4 of the Fund Financial Statements for additional information).

***General Fund.*** The fund balance for the General Fund increased by $6.9 million, mainly due to increases in the federal, state and local sources including revenue from investment income. The assigned and unassigned portion of the fund balance increased by $19.8 million compared to the prior year from $94.9 million as of June 30, 2024, to $114.7 million as of June 30, 2025.

***Other Major Funds:***

***Federal Education Stabilization Funds.*** There is no fund balance as assets equal liabilities. These funds are used to account for the following emergency relief funds: Elementary and Secondary School Emergency Relief (ESSER) Funds and Governor's Emergency Education Relief (GEER) Funds. Both funds were established in phases as a result of: (1) the Coronavirus Aid, Relief, and Economic Security (CARES) Act established on March 27, 2020, (2) the Coronavirus Response and Relief Supplemental Appropriation (CRRSA) Act established on December 27, 2020, and (3) American Rescue Plan (ARP) established on March 11, 2021.

***Local Millage Capital Improvement Funds.*** The fund balance of the major Local Millage Capital Improvement Funds decreased by $32.0 million compared to the prior year mainly due to an increase in capital outlay expenses offset by an increase in revenue received from local sources, including ad valorem taxes.

***COP Series Debt Service Funds.*** The fund balance of the major COP Series Debt Service Funds increased by $14.8 thousand (refer to Note 9 of the Notes to the Basic Financial Statements for more information).

***Other Capital Projects Funds.*** The fund balance of the Other Capital Projects Funds decreased by $106.7 million compared to the prior year due to spending General Obligation Bond proceeds from sales in prior years.

***General Fund Budgetary Highlights (Reported on a Budgetary Basis)***. Over the course of the year, the District revises its budget to deal with unexpected changes in revenues and expenditures. The District's original and final budget amounts compared with actual amounts are provided in Table 3.

The final budget as compared to the original budget for revenues and other financing sources decreased by $151.0 million primarily due to a decrease in the State's funding. The decrease in ad valorem taxes is due to the District collecting less than the original budgeted proceeds based on 96 percent of the current year gross taxable value per Section 1011.62(4)(a), Florida Statutes.

During the year, final appropriations including other financing uses decreased by $140.4 million from original appropriations as the District recognized the State removing FES from instructional services. The decreases were offset by the increases in student and instructional support services, operation and maintenance of plants, as well as pay increase for teachers.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

**Capital Assets.** As shown in Table 4, as of June 30, 2025, the District had invested approximately $3.7 billion in a broad range of capital assets. This amount represents a net increase (including additions, deletions, and depreciation) of $186.7 million from the prior year. The District is focused on keeping vital components of school buildings running, such as air conditioning and roofing systems while keeping the schools safe and accessible. The District had $251.2 million committed towards various construction contracts (refer to Note 20 of the Notes to the Basic Financial Statements for more information). Due to the implementation of GASB Statement No. 87, *Leases*, $1.2 million in intangible right-to-use lease assets (net of accumulated amortization) was recognized by the District (refer to Note 5 of the Notes to the Basic Financial Statements for more information).

On February 14, 2018, the District experienced a horrific tragedy at Marjory Stoneman Douglas (MSD) High School. As a result of this tragedy, the 1200 Building (Florida Inventory of School Houses (FISH), Building 12) at the school is deemed evidentiary and cannot be used by the District or demolished until the conclusion of all investigations and legal matters. In 2018, Senate Bill, SB 7026, cited as the "Marjory Stoneman Douglas High School Public Safety Act," earmarked $26.3 million for the projects at MSD to meet the facility needs necessary to recover from this tragedy that includes providing temporary portables (this project is complete and closed), building a new permanent building (this project is substantially complete and occupied; pending certificate of final inspection for full close-out), demolishing the 1200 Building (FISH, Building 12), and constructing a memorial.

On March 5, 2021, there was a partial roof collapse in the media center at the District's James S. Rickards Middle School. As a result of the partial roof collapse, Building 1 of Rickards Middle School has been deemed a total loss and will be entirely replaced. The District's efforts to continue educating the Rickards Middle School students will include temporary placement of the students in three nearby campuses, renovations to Buildings 2 and 5 on the Rickards Middle School campus to restore life safety and communications systems that were originally housed in Building 1, placement of temporary modular buildings on the Rickards Middle School campus so that all the students can return, and a full building replacement project for Building 1. It is currently anticipated that the replacement building will be substantially completed by 07/31/2026. When the replacement building is completed, the temporary modular buildings will be removed from the campus.

**Debt Administration.** As shown in Table 5, at the end of June 30, 2025, the District had $1.8 billion in debt outstanding compared to $2.0 billion in the prior year, a decrease of $119.8 million, or 6.1 percent, from the prior year. The decrease was primarily due to the payment of debt GOB and COPs principal obligations. Due to the implementation of GASB Statement No. 87, Leases, $1.2 million in lease liabilities was recognized by the District (refer to Notes 8 through 11 of the Notes to the Basic Financial Statements for more information).

## ECONOMIC FACTORS

The State of Florida, by constitution, does not have a State personal income tax and therefore the State operates primarily using sales, gasoline, and corporate income taxes. State funds to school districts are provided by legislative appropriations from the State's general revenue funds under the Florida Education Finance Program (FEFP) and local property taxes. The level of tourism in the State heavily influences the amount collected. Any change in the anticipated amount of revenues collected by the State would directly impact the revenue allocation to the District.

On August 23, 2022, Broward County residents approved the Secure the Next Generation Referendum renewal which became effective July 1, 2023. This renewed referendum supports the District's continued commitment to secure a high-quality education and safe learning environment for students, teachers, and staff. The approved referendum increased the local millage from ½ mill approved in 2018 to 1 mill for a period of four years through June 30, 2027. Referendum funds have secured safety and security positions, improved compensation for teachers and staff, and expanded educational opportunities for our students.

## REQUESTS FOR INFORMATION

The District's financial statements are designed to present users (participants, investors, creditors, and regulatory agencies) with a general overview of the District's finances and to demonstrate the District's accountability. | Amounts reported for governmental activities in the Statement of Activities is different because: | |
| Governmental funds report capitalizable and non-capitalizable capital outlays as expenditures. However, in the Statement of Activities, the cost of those capitalizable assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capitalized capital outlays ($358,171) were greater than depreciation ($171,358) in the current period. | 186,813 |
| The issuance of long-term debt provides a source of current financial resources to governmental funds. However, issuing debt increases long-term liabilities in the Statement of Net Position. Refundings of debt represent a use of current financial resources in governmental funds. However, refunding of debt decreases long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of debt premiums, discounts, deferral amounts on refunding when debt is first issued, but these amounts are deferred and amortized in the Statement of Activities: | |
| Debt Proceeds, net | (1,012) |
| Equipment finance/lease proceeds | (40,383) |
| The repayment of long-term debt principal amount is reported as an expenditure in the governmental funds but reduces the liability in the Statement of Net Position. Premiums and discounts on debt issued are reported in the governmental funds in the year the debt is issued and are amortized over the life of the debt in the Statement of Activities. | |
| Net principal payments and amortized premiums and discounts | 186,066 |
| Internal service funds are used by the District to charge the costs of services, such as printing services to individual funds. The change in net position of internal service funds is reported within the governmental activities. | (149) |
| Revenues reported in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds. | (26) |
| Revenues reported in the governmental funds that were reported as revenue in the statement of activities in the prior year under full accrual. | - |
| In the Statement of Activities, certain expenses - compensated absences (vacation and sick leave and other postemployment benefits) - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amount actually paid) and for new retirees, the amount expected to be paid out for terminal sick leave over the next year. | |
| Net change in postemployment benefit liabilities | (482) |
| Net change in compensated absences | 7,057 |
| Net change in estimated liability for self-insured risks | 1,284 |
| Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due, except matured interest payable which is accrued in the debt service funds. | |
| Net change in accrued interest on long-term debt | 287 |
| Change in debt related deferrals including deferred amounts are recognized as paid or received in the governmental funds but must be capitalized and amortized in the government-wide presentation. This amount represents the net amount between current year's additions and amortization of current and prior year's amounts. | (31,678) |
| Governmental funds report District pension contribution as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense. In addition, the amortization of changes in deferred pension adjustments is recorded through pension expense. | 18,087 |
| Net effect of various miscellaneous transactions involving capital assets (i.e., changes in capitalization threshold, sales, disposals, recoveries and donations). | (94) |
| Charter Schools Referendum Settlement is recorded in the Statement of Activities under the full accrual basis of accounting, but is not recorded in the governmental funds until due and payable with current financial resources. This is the net increase in Charter Schools Referendum Settlement | 25,141 |
| Change in net position of governmental activities | $ 170,235 |

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The School Board of Broward County, Florida (the District) has direct responsibility for operation, control, and supervision of schools in Broward County and is considered a primary government for financial reporting purposes. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The general operating authority of the District and the Superintendent is contained in chapters 1000 through 1013, Florida Statutes. Pursuant to Section 1010.01, Florida Statutes, the Superintendent of Schools is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education. The District's significant accounting policies are described below.

### A. FINANCIAL REPORTING ENTITY

The District was created by the State Constitution and is part of the state system of public education operated under the general direction and control of the State Board of Education. Established in 1915, the District is governed by nine elected board members (the Board). The appointed Superintendent of Schools is the executive officer of the District. The District has taxing authority and provides elementary, secondary and vocational education services to the residents of Broward County, Florida (Broward County).

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, Section 2100. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations that the nature and significance of their relationship with the District are such that exclusion would cause the District's basic financial statements to be misleading or incomplete.

Based on the application of these criteria, District management has determined that the component units reportable with the accompanying basic financial statements are the Broward School Board Leasing Corporation (the Corporation), the Broward Education Foundation (the Foundation) and 88 charter schools.

***Blended Component Units –*** The Corporation was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note 11 of the Notes to the Financial Statements. Due to the substantive economic relationship between the District and the Corporation, the financial activities of the Corporation are included in the accompanying basic financial statements. Separate financial statements for the Corporation are not published.

***Discretely Presented Component Units –*** The Foundation, a non-profit direct-support organization of the District, is included as a discretely presented component unit in the accompanying basic financial statements. The purpose of the Foundation is exclusively educational and charitable, namely, to receive, hold, invest, and administer property and to make expenditures for the benefit of the District. In addition, the Foundation is fiscally dependent on the District to provide financial support for its ongoing operating expenses.

Additionally, in accordance with Section 1002.33, Florida Statutes, district school boards are authorized to approve charter school applications. Charter schools are public schools operating under a performance contract with the local school district and are fiscally dependent on the District for a majority of their funding. Revenues such as Florida Education Finance Program (FEFP), State Categoricals and other State and Federal revenue sources are received by the District on behalf of the charter schools and then remitted to them. As such, charter schools are funded on the same basis and are subject to the same financial reporting requirements as the District. Additionally, all students enrolled in charter schools are included in the District's total enrollment. There were 88 operating charter school sites in the 2025 fiscal year. All of the charter schools are considered component units of the District or another legal entity. For financial reporting

purposes, 88 of the charter schools are included in the basic financial statements of the District as discretely presented component units.

The component units beginning net position does not agree to prior year ending net position on the Statement of Net Position because availability of financial information for individual charter schools varies from year to year. The 2025 fiscal year net position at the beginning of the year decreased by $3.0 million from $152.0 million to $149.0 million. The accompanying basic financial statements include the operations of the District, the Corporation, the Foundation, and the 88 charter schools. The District is independent of and is not financially accountable for any other local governmental units or civic entities other than those mentioned above. The Foundation and charter schools are presented as discrete component units in the government-wide presentation.

## B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The basis of accounting refers to when revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

***Government-Wide Financial Statements*** – The Government-Wide Financial Statements are prepared under the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental and business-type activities. These statements include the financial activities of the government in its entirety, except for those that are fiduciary, and distinguish between the District's governmental and business-type activities. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which are generally supported by fees charged. The District currently does not have any business-type activities.

The Statement of Net Position includes all assets and deferred outflows and liabilities and deferred inflows of the District. The Statement of Activities presents a comparison between the direct expenses and program revenues of the District. Direct expenses are those that are specifically associated with a program or function and therefore, are clearly identifiable to a particular function.

Amounts reported as program revenues include: 1) charges to students for tuition fees, rentals, materials, supplies, or services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The District eliminates from the Statement of Net Position and the Statement of Activities most interfund receivables and payables and transfers between funds as well as the transactions associated with its Internal Service Funds to minimize the effect of double counting. However, direct expenses are not eliminated from the various functional categories.

***Fund Financial Statements*** – Governmental fund financial statements are prepared using the current financial resource measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The main exceptions to this general rule are interest and principal on long-term debt, including lease

liabilities, as well as expenditures related to compensated absences, pension obligation, self-insured claims, and other postemployment benefits, which are recognized when due, unless funds have been set aside in the debt service funds for repayments. General capital asset acquisitions, including entering into contracts giving the District the intangible right-to-use assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value and (b) non-exchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange.

Revenue resulting from exchange transactions is recorded on the modified accrual basis when the exchange takes place, if available.

Revenues resulting from non-exchange transactions are further classified into (a) derived tax revenues, (b) imposed non-exchange revenues, (c) government-mandated non-exchange transactions, and (d) voluntary non-exchange transactions. Derived tax revenues (e.g., sales taxes) are recorded when the transaction occurs. Imposed non-exchange transactions (e.g., property taxes) are recorded when the use of the resource is required or first permitted by time requirement (e.g., property taxes, the period for which they are levied). Government-mandated and voluntary non-exchange transactions (e.g., Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met and the item is susceptible to accrual.

When applying the "susceptible to accrual" concept under the modified accrual basis, revenues are recognized when they become measurable and available. Measurable means the amount of the transaction can be determined. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met if available. The District considers all revenues except grant revenues to be available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are considered available if collected within 6 months of the end of the current fiscal period.

The Proprietary fund financial statements are prepared under the economic resources measurement focus and the accrual basis of accounting.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are for graphics and printing, maintenance services and facility construction management provided to other funds. Operating expenses for the internal service funds include salaries, employee benefits, purchased services, supplies, materials, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary (Custodial) funds are prepared under the economic resources measurement focus and the accrual basis of accounting.

The fund statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds rather than reporting funds by type. Each major fund is reported in a separate column. Non-major funds are aggregated and reported in a single column. Currently, the District does not have any funds classified as enterprise funds. The District reports the following major funds:

GENERAL FUND

The General Fund is the primary operating fund of the District. The General Fund is used to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

FEDERAL EDUCATION STABILIZATION FUNDS

These funds are used to account for funding provided through (1) CARES Act: ESSER I Fund, (2) CRRSA Act: ESSER II Fund, and (3) ARP Act: ARP ESSER and ARP Other Funds. Direct funding provided to Local Educational Agencies (LEAs) for the purpose of addressing the impact that the COVID-19 pandemic has had, and continues to have, on elementary and secondary schools in Florida, including K-12 education, workforce education, and voluntary prekindergarten education. These funds are intended to provide emergency relief to ensure school districts are equipped to provide instructional services despite the challenges caused by COVID-19 and to assist students who have fallen behind as a result of the pandemic.

CERTIFICATE OF PARTICIPATION (COP) SERIES DEBT SERVICE FUNDS

These funds are used to account for the accumulation of resources for the payment of debt principal, interest, and related costs on the long-term certificates of participation series.

LOCAL MILLAGE CAPITAL IMPROVEMENT FUNDS

These funds are used to account for financial resources received from millage to be used for maintenance and other educational capital needs, including new construction, renovation, and remodeling projects.

OTHER CAPITAL PROJECTS FUNDS

These funds are used to account for financial resources that are not already captured in one of the other capital outlay funds. This includes, proceeds from certificates of participation, proceeds from capital equipment leases, school impact fees revenues, and also includes School Safety/School Hardening Grant proceeds from the State of Florida.

The District also reports the following additional fund types:

PROPRIETARY FUNDS – INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department to another on a cost reimbursement basis. These funds are used to account for printing and other services provided to other District funds. Proprietary funds are included in the governmental activities in the government-wide financial statements.

FIDUCIARY FUND – CUSTODIAL FUND

This fund is used to account for resources of each school's internal fund, which is used to administer monies collected at the schools in connection with school, student athletics, classes, and club activities.

## C. DEPOSITS AND INVESTMENTS

The District maintains an accounting system in which substantially all general District cash, investments, and accrued interest are recorded and maintained in a separate group of accounts. All such cash and investments are reflected as "Equity in Pooled Cash and Investments" in each fund in the accompanying financial statements. Investment income is allocated based on the weighted average balances of each fund's Equity in Pooled Cash and Investments.

Cash includes amounts in demand and time accounts as well as cash on hand. For purposes of the statement of cash flows, cash and cash equivalents also include highly liquid investments with an original maturity of three months or less at time of purchase.

The District currently holds investments in two short-term external accounts: 1) Florida Public Assets for Liquidity Management (FL PALM), which the FL PALM indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2025, is similar to money market funds in which shares are owned in the fund rather than the underlying investments, and 2) The Local Government Surplus Funds Trust Fund (Trust Fund or Fund) administered by the State Board of Administration (Board) was created in 1977, is governed by Part IV of Chapter 218, Florida Statutes, titled Investment of Local Government Surplus Funds, and is now known as Florida PRIME. These amounts are reported at amortized cost which approximates fair value.

Investments are stated at fair value as determined from quoted market prices. Funds are invested in various instruments allowed by the District's investment policy and by Florida Statutes, including money market funds and bank certificates of deposit.

Types and amounts of investment held at fiscal year-end are described in a subsequent note.

## D. INVENTORIES AND PREPAIDS

Inventories consist of expendable supplies held for consumption in the course of the District's operations. Inventories are stated at cost, as determined on a first-in, first-out basis, or a moving weighted average cost basis. United States Department of Agriculture commodities received from the Federal Government are recorded at the unit rate established by the Federal Government. This inventory is accounted for under the consumption method, and as such, is recorded as an expenditure when used.

Prepaid expenses are recognized when the goods or services are purchased but not consumed at year-end. The expenditure is recorded when the asset is used.

## E. CAPITAL ASSETS

Capital assets are tangible and intangible assets, which include property, plant, equipment, land, and land improvements are reported in the government-wide financial statements and in the proprietary fund financial statements. Capital assets, which the District defines as those with an initial useful life of more than one year and costing more than $1,000 for furniture and equipment, audio visual equipment, and motor vehicles; $5,000 for land, buildings and fixed equipment, land improvements other than buildings; $100,000 for intangible assets including computer software and right-to-use lease assets. Such assets are recorded at historical cost or at estimated historical cost if the actual historical cost is not available (except for intangible right-to-use lease assets, the measurement of which is discussed below in subsection I. LEASES). Donated capital assets are recorded at acquisition value at the date of donation. Land, land improvements, construction in progress, and broadcast license intangible are not depreciated. Other capital assets used in operations are depreciated/amortized using the straight-line method over their estimated useful lives.

The estimated useful lives are as follows:

| Description | Estimated Useful Lives |
|---|---|
| Land improvements | 15 to 35 years |
| Buildings and fixed equipment | 7 to 50 years |
| Right-to-use lease assets | 5 to 20 years |
| Furniture, fixtures, and equipment | 5 to 20 years |
| Audio visual | 5 years |
| Computer software | 5 years |
| Motor vehicles | 10 to15 years |

Depreciation expense on school buses has been allocated to the student transportation services function on the government-wide Statement of Activities. All other depreciation/amortization expense has been ratably allocated to the various expense functions based on an analysis of the use of each room in the District and its relative square footage. When capital assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in the results of operations in the government-wide statements and in the proprietary fund financial statements.

The District is required annually to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Such events or changes in circumstances that may be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or other changes in environmental factors, technological changes or evidence of obsolescence, changes in manner or duration of use of a capital asset, and construction stoppage. A capital asset is considered impaired when its service utility has declined significantly and unexpectedly. Based on these criteria, there was no impairment recognized in the 2025 fiscal year.

## F. REVENUE

***State Revenue Sources –*** Revenues from state sources for current operations are primarily from the Florida Education Finance Program (FEFP), administered by the Florida Department of Education (FDOE), under the provisions of Section 1011.62, Florida Statutes. The District files reports on full time equivalent (FTE) student membership with the FDOE. The FDOE accumulates information from these reports and calculates the allocation of FEFP funds to the District. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review. Normally, such adjustments are treated as reductions of revenue in the year the reduction is made.

The District receives revenue from the State to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. These funds are described as “restricted for categorical carryover programs” in the Statement of Net Position and the Governmental Funds Balance Sheet. The revenues for FEFP and categorical programs are recognized in the period in which the funds are available for use, when all eligibility requirements have been met, and when the funds are available.

From the Public Education Capital Outlay and Debt Service Trust Fund (PECO), the State allocates funding on an annual basis. Funds are used for maintenance, repair, renovation, and remodeling. In recent years, 100 percent of K-12 district funding was for charter schools. The State allocates from the General Revenue Fund the School Hardening Grant Program to improve the physical security of school buildings. Funds may only be used for capital outlay purposes and are allocated based on approved applications annually. From motor vehicle license revenues, the State collects and remits annually to the district Capital Outlay and Debt Services funds (CO&DS). Funds are for capital outlay purposes.

***Educational Impact Fees –*** Broward County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1982. This ordinance was most recently amended in May 2020 when Ordinance 2020-22 established revisions to the educational impact fees. The educational impact fee is collected for most new residential development by the County and each municipality within the County based on an interlocal agreement. A new interlocal agreement was entered on September 2020 providing additional clarity on expending school impact fees. The fees are to be used solely for the acquisition of school sites or the provision of facilities to the public educational system necessitated by new residential development and are not to be used to pay new or existing debt for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential development. The authorized uses primarily include needed school facilities including, but are not limited to, acquiring new school sites; construction of new schools; classroom additions; addition to core capacities; and acquiring technology by the growth necessitated by new residential development.

***Property Taxes*** – In the fund financial statements, property tax revenue is recognized when levied for, and available, which is when received, except at year end when revenue is accrued for taxes collected by the Broward County Revenue Collector as of fiscal year end but remitted to the District within 60 days subsequent to fiscal year end. Any delinquent taxes expected to be collected in the subsequent fiscal year are accrued for and reported as unavailable revenue at year-end. Delinquent taxes collected in subsequent periods are recognized as revenue during the fiscal year in which they are received. In the government-wide financial statements, property tax revenue is recognized when levied for, net of allowance for estimated uncollectible amounts. Accordingly, uncollected, but earned, property tax revenue, net of uncollectible amounts, represent a reconciling item between the fund and government-wide presentation.

***Federal Revenue Sources*** – The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally awarded based on applications submitted to, and approved by, various granting agencies. For Federal awards for which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred, at the government-wide level and if incurred and available in the governmental funds.

## G. UNEARNED/UNAVAILABLE REVENUE

Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the fund financial statements. In addition, amounts related to government fund receivables that are measurable, but not available are recorded as unavailable revenue in the governmental fund financial statements.

## H. LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Debt premiums and discounts and deferral amounts on refunding are deferred and amortized over the life of the bonds using the effective interest method, or the straight-line method if it does not differ materially from the effective interest method. Debt payable is reported net of the applicable debt premium or discount. Debt issuance costs are expensed when incurred. Deferred gains (losses) on refundings are reported as deferred outflows or inflows of resources.

In the fund financial statements, governmental fund types recognize debt premiums and discounts and prepaid insurance costs during the current period. The face amount of the debt issues is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Debt issuance costs, whether or not withheld from the actual debt proceeds received and principal payments, are reported as debt service expenditures.

## I. LEASES

The District is a lessee for a noncancellable leases of buildings and fixed equipment. The District recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. Lease liabilities are recognized with an initial, individual value of $100,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion as lease payments are made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for any payments made at or before the lease commencement date, plus certain direct costs. The lease asset is amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Key estimates and judgments related to leases include how the District determines 1) the discount rate it uses to discount the expected lease payments to present value, 2) lease term, and 3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

## J. COMPENSATED ABSENCES

Compensated absences are salary related payments to employees for accumulated vacation and sick leave. These amounts also include the related employer's share of Social Security and Medicare and retirement contributions. They are recorded as expenditures when used or are accrued as a payable to employees who are entitled to cash payment in lieu of taking leave. District employees may accumulate unused sick leave without limitation and unused vacation up to a specified amount depending on their date of hire. Vacation leave is payable to employees upon termination or retirement at the current rate of pay on the date of termination or retirement. Sick leave is payable to employees upon retirement at the rate of pay in effect at the time the leave is earned. The number of days payable is subject to limitations as set forth in District policies.

The government-wide financial statements report long-term liabilities or obligations that are expected to be paid in the future. Long-term liabilities reported include vested vacation and sick pay benefits and an estimate for anticipated non-vested sick pay benefits. The current portion represents the estimated terminal sick-leave amount that is due to, and has not been paid out to, employees who have retired on or prior to June 30, 2025.

The non-current portion (the amount estimated to be used in subsequent fiscal years) is maintained separately and represents a reconciling item between the fund financial statements and government-wide financial statements. The District implemented GASB Statement No. 101 in the current year and it is reflected in Note 12.

## K. SELF-INSURANCE

The District is self-insured for portions of its general and automobile liability insurance, workers' compensation, and health insurance. The estimated liability for self-insured risks represents an estimate of the amount to be paid on claims reported and on claims incurred but not reported (see Note 17 of the Notes to the Basic Financial Statements). For the governmental funds, in the fund financial statements, the liability for self-insured risks is considered long-term and therefore, is not a fund liability (except for any amounts due and payable at year end) and represents a reconciling item between the governmental fund level and government-wide presentations.

## L. FUND BALANCE

Fund balance is the difference between fund assets and liabilities in the governmental fund financial statements that are based on the modified accrual basis of accounting. GASB Statement No. 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, provides for two major fund balance classifications: nonspendable and spendable. Nonspendable fund balance includes amounts that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of nonspendable fund balance include inventory, prepaid items, and the principal (corpus) of a permanent fund. The District has classified inventory and prepaids as nonspendable.

GASB 54 provides for four categories of the spendable fund balance classification based on the level of constraint placed on the use of those resources:

- Restricted fund balance includes amounts on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions or enabling legislation.

- Committed fund balance includes resources constrained to a specific purpose by the District's highest level of decision-making authority, the School Board. This formal action is completed through a Board resolution. These items cannot be used for any other purpose unless the Board takes action to remove or change the constraint through the same formal action of a Board resolution.

- Assigned fund balance represents amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed. Under the provisions of Section 1001.51, Florida Statutes, Duties and Responsibilities of District School Superintendent, the superintendent is delegated certain financial authority. The District's management can assign fund balance based on Board direction.

- Unassigned fund balance in the General Fund includes the remaining fund balance, or net resources, available for any purpose. A negative unassigned fund balance may be reported in other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

In addition, the District has amended adopted Board Policy 3111 on 07/23/2024. The new Board Policy 3510 provides the Superintendent will plan to attain a General Fund ending fund balance, in the assigned

and unassigned General Fund balances, of five percent (5%) of the total annual General Fund operating revenues; that includes three percent (3%) in the unassigned fund balance.

Once the General Fund ending fund balance in the assigned and unassigned fund balances reaches the five percent (5%) level, it must be maintained at that level. Subsequently, if the General Fund ending fund balance is projected to fall below five percent (5%) of the total General Fund revenues during any current fiscal year, then the Superintendent shall provide the School Board with written notification.

Pursuant to Section 1011.051, Florida Statutes:

- If at any time the portion of the General Fund's ending fund balance in the assigned and unassigned fund balances falls below three percent (3%) of the total annual General Fund operating revenues during the current fiscal year, the Superintendent shall provide written notification to the School Board and the Commissioner of Education. If such financial condition exists for two (2) consecutive fiscal years, the Superintendent shall reduce the School District's administration expenditures reported pursuant to Section 1010.215(4), Florida Statutes, in proportion to the reduction in the General Fund's ending balance or the reduction in student Enrollment, whichever is greater.

- If at any time the portion of the General Fund's ending fund balance in the assigned and unassigned fund balances falls below two percent (2%) of the projected General Fund revenues during the current fiscal year, the Superintendent shall provide written notification to the School Board and the Commissioner of Education.

For Capital Projects Fund reserve, the Superintendent will plan to attain a contingency balance of not less than ten percent (10%) of the current fiscal year's estimated capital improvement tax revenues. The Capital Projects contingency fund shall not be utilized without the School Board's prior approval.

**M. NET POSITION**

In the Statement of Net Position, assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position on the government-wide and proprietary fund financial statements that are based on the accrual basis of accounting. Net position is displayed in three components:

- The Net Investment in Capital Assets component of net position consists of capital assets (net of accumulated depreciation) and deferred outflow of resources for losses on refunding transactions, reduced by the outstanding balance of debt related to the acquisition or construction of those assets and deferred inflow of resources for gains on refunding transactions.

- The Restricted component of net position consists of restricted net assets (where constraints on their use are: 1) externally imposed by creditors, grantors, contributors or laws or regulations of other governments, or 2) imposed by law through constitutional provisions or enabling legislation), reduced by liabilities and deferred inflows of resources related to those assets.
- The Unrestricted component of net position (deficit) consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the other two components of net position.

When both restricted and unrestricted assets are available for a specific purpose, it is the District's policy to use restricted assets first, until exhausted, before using unrestricted resources. Further descriptions of the components of net position are addressed in Note 19 of the Notes to the Basic Financial Statements.

## N. MANAGEMENT'S USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, deferred inflows and outflows, contingent assets and liabilities disclosed at the date of the financial statements, and the reported amount of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

## O. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Statement of Net Position has a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense) until then. Deferred outflows of resources include deferred loss on refunding debt, pension actuarial adjustments, and OPEB actuarial adjustments.

In addition to liabilities, the Statement of Net Position has a separate section for deferred inflows of resources. The separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources include deferred gain on refunding debt, pension actuarial adjustments, and OPEB actuarial adjustments.

A deferred loss/gain on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or new refunding debt. The deferred outflows/inflows of resources related to pensions and OPEB are discussed in subsequent notes.

## P. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and Health Insurance Subsidy (HIS) pension plans, and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans and are recorded in the government-wide financial statements. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## Q. IMPACT OF NEW ACCOUNTING PRONOUNCEMENTS

In June 2022, GASB issued Statement No. 101, *Compensated Absences*. This Statement became effective for fiscal year end June 30, 2025. This Statement establishes standards of accounting and financial reporting for (a) compensated absences and (b) associated salary-related payments, including certain defined contribution pensions and defined contribution other postemployment benefits (OPEB). The District implemented GASB Statement No. 101 in the current year and it is reflected in Note 12.

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. This Statement will become effective for fiscal year end June 30, 2025. This Statement establishes financial reporting requirements for risks related to vulnerabilities due to certain concentrations or constraints. The requirements of this Statement apply to the financial statements of all state and local governments. This standard is not expected to impact the District's financial statements.

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. This Statement will become effective for fiscal year end June 30, 2026. The objective of this Statement is to improve key

components of the financial reporting model. The purposes of the improvements are to (a) enhance the effectiveness of the financial reporting model in providing information that is essential for decision making and assessing a government's accountability and (b) address certain application issues identified through pre-agenda research conducted by the GASB. This standard is not expected to impact the District's financial statements.

In September 2024, GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*. This statement will become effective for fiscal years beginning after June 15, 2025. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use assets recognized in accordance with Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset. This standard is not expected to impact the District's financial statements.

Management of the District is still in the process of determining what effect, if any, the above Statements with an implementation date after June 2025 will have on the basic financial statements and related disclosures.

### R. ROUNDING

Due to rounding of whole numbers, some tables or schedules within the financial statements may not add to total.

## 2. DEPOSITS AND INVESTMENTS

Board Policy Number 3110, a comprehensive investment policy pursuant to Section 218.415, Florida Statutes, establishes permitted investments, asset allocation limits and issuer limits, credit ratings requirements and maturity limits to protect the District's cash and investment assets. The policy's main objectives are geared to maintaining the safety of principal, liquidity, and return on investment.

**Cash and Cash Equivalents:**

As of June 30, 2025, the carrying amount of the District's bank deposit account was $63 million. Banks qualified as public depositories under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes, all deposits.

Cash equivalents consist of amounts placed with Bank of America, FL PALM, and Florida PRIME.

Funds can be invested in non-negotiable interest-bearing time certificates of deposit or savings accounts in banks organized under the laws of this state and/or in National Banks organized by the laws of the United States and doing business and situated in the State of Florida, provided that any such deposits are secured by the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes. A maximum of 25 percent of available funds may be invested in non-negotiable interest-bearing time certificates of deposit. A maximum of

15 percent of available funds may be deposited with any one issuer. The maximum maturity on any certificate is one year from the date of purchase.

Cash and investments at June 30, 2025, are shown below (in thousands):

| | Governmental Funds | Internal Service Funds | Total Government-Wide | Custodial Fund |
|---|---|---|---|---|
| Total Investments measured at fair value level | $ 955,088 | $ 2,010 | $ 957,098 | $ 13,379 |

**Fair Value:**

In February 2015, GASB issued Statement No. 72, addressing the accounting and financial reporting issues related to fair value measurements. GASB No. 72 defines fair value as the price that would be received to sell an asset. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets; Level 2 inputs are based on other significant observable inputs such as indices for fixed income bonds and quoted prices for similar assets in markets that are not active. As of June 30, 2025, the District did not have any Level 3 investments.

In accordance with GASB No.79, the Bank of America Money Market Funds, FL PALM, and Florida PRIME accounts meet the necessary criteria and report their investments at amortized cost. Therefore, the pool participants do not need to adjust the investments to fair value.

As of June 30, 2025, the District has the following recurring fair value measurements (in thousands):

| | | Fair Value Measurement Using | |
|---|---|---|---|
| | Total Assets 6/30/2025 | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) |

The policy also authorizes the District to invest in interest-bearing time deposits or savings accounts, direct obligations of the United States Treasury, Federal Agencies, discount notes, and money market funds with the

highest credit quality rating from nationally recognized statistical rating organizations and registered with the Securities and Exchange Commission; State and/or local government taxable and/or tax exempt debt, general obligation and/or revenue bonds, rated at least "Aa" by Moody's and "AA" by Standard & Poor's for long term debt, or rated at least "MIG-2" by Moody's and "SP-2" by Standard & Poor's for short-term debt; and bankers acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System, at the time of purchase, the short term paper is rated, at a minimum, "P-1" by Moody's Investors Services and "A-1" by Standard & Poor's. Additionally, the bank shall not be listed with any recognized credit watch information service.

The Policy also authorizes the District to invest in commercial paper of any United States company that is rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's (prime commercial paper). Additionally, the company shall not be listed with any recognized credit watch information service. Corporate notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum "Aa" by Moody's and a minimum long term debt rating of "AA" by Standard & Poor's.

**Interest Rate Risk:**

The District manages its exposure to interest rate risk by forecasting cash outflows and inflows. To the extent possible, an attempt will be made to match investment maturities with known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than twenty-four (24) months. According to the District's policy, securities may be purchased at a premium or traded for other securities to improve yield, maturity, or credit risk.

Investments of bond reserves, construction funds, and other non-operating funds (core funds) shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five (5) years.

The following table shows the District's portfolio weighted average maturity at June 30, 2025 (in thousands):

The securities are held in an account separate and apart from the assets of the financial institution.

As of June 30, 2025, the District's investment portfolio was held by Principal Custody Solutions, a third-party custodian, as required by the School Board's investment policy.

## 4. AD VALOREM TAXES

The District is authorized by Florida Statutes to levy property taxes for District operations, capital improvements and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. Property taxes are assessed by the Broward County Property Appraiser and are collected by the Broward County Revenue Collector who remits them to the District. The Board adopted the 2024 tax levy on September 10, 2024.

Property values are assessed as of January 1 of each year, and levied on November 1, at which time taxes become an enforceable lien on property. Such levy serves to finance expenditures of the following fiscal year. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to four percent for early payment.

On April 1 of the year following the year of assessment, taxes become delinquent, and Florida Statutes provide for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing certificates to satisfy unpaid taxes at any time after they become delinquent. The District recognizes revenue during the fiscal year following the year of assessment. Accordingly, substantially all the taxes assessed on January 1, 2024, have been recognized during the fiscal year ended June 30, 2025.

The following is a summary of millages and taxes levied on the final 2024 tax rolls for the fiscal year 2025 (dollars in thousands):

| | | Taxes | | |
|---|---|---|---|---|
| | Millages | Levied | Collected | Uncollected |
| General Fund | | | | |
| Non-voted School Tax: | | | | |
| Required Local Effort | 3.063 | $ 1,002,210 | $ 958,858 | $ 3,263 |
| Discretionary Local Effort | 0.748 | 244,745 | 234,158 | 797 |
| | 3.811 | $ 1,246,955 | $ 1,193,016 | $ 4,060 |
| Voted Tax: | | | | |
| Referendum | 1.000 | $ 327,199 | $ 313,009 | $ 1,101 |
| Capital Projects Funds | | | | |
| Non-voted School Tax: | | | | |
| Capital Improvements | 1.500 | $ 490,798 | $ 469,544 | $ 1,622 |
| Debt Service Funds | | | | |
| Voted Tax: | | | | |
| Debt Service | 0.155 | $ 50,552 | $ 48,365 | $ 165 |

The State Constitution limits the non-voted levying of taxes by the District to 10 mills ($10.00 per thousand of assessed valuation). State law prescribes the upper limit of non-voted taxes to be levied on an annual basis, with the fiscal year 2025, a limit being 5.31 mills, which includes up to 1.50 mills for the Capital Projects Funds. The voter approved levy for debt service is limited to 6.00 mills; for fiscal year 2025, the levy was 0.15 mills for Debt Service Funds and 1.00 mills for the Referendum Fund.

The Capital Outlay Bond Issues (COBI) are retired by the State for the District. The bonds mature serially and are secured by a pledge of the District's share of revenue from the sale of license plates. The State Board of Administration determines the sinking fund requirements for these bonds annually. The sinking fund, maintained in the COBI Debt Service Fund, on June 30, 2025, was $1.6 million.

The amount of $93.4 million is presently outstanding related to the leases for buses, vehicles, equipment, computer devices, and software. The School Board expects to finance additional items from time to time under such Equipment Finance Agreements. Payments are expected to be made from local option millage levy revenues.

On June 9, 2025, the District issued Certificates of Participation, Series 2025A, in the amount of $207.4 million fully refunding the Certificates of Participation, Series 2015A and Series 2015B through a negotiated sale process.

The Tax Reform Act of 1986 requires local units of government to rebate to the Federal Government the income (in excess of interest costs) received from investing proceeds on substantially all tax-exempt debt issued subsequent to August 1986. For the fiscal year ended June 30, 2025, the District has no accrued liability for rebatable arbitrage.

The Tax Cut and Job Act of 2017 amended the Internal Revenue Code of 1986. One of the changes affecting the District and other public issuers was the elimination of advance refunding.

**Other Liabilities**

Compensated absences, pensions, and other postemployment benefits are generally liquidated with resources from the General Fund.

## 10. DEFEASED DEBT

The District executed two major refunding transactions to optimize its financial position by reducing future debt service costs and generating economic savings. The issuance of the Certificates of Participation, Series 2025A is expected to produce approximately $10.7 million in net present value savings, representing 4.95 percent of the refunded par amount. Additionally, the General Obligation School Refunding Bonds, Series 2025 generated approximately $2 million in net present value savings, or 2.68 percent of the refunded bonds.

On March 11, 2025, the School Board approved the negotiated sale of Certificates of Participation, Series 2015A, for $115.4 million and Series 2015B, for $102.1 million, and the issuance of the Certificates of Participation Series 2025A, in the amount of $207.4 million, through a negotiated sale process. For this refund, the District reduced its total debt service requirements by approximately $10.7 million.

In addition, on March 11, 2025, a portion of the General Obligation Bonds Series 2015, was partially defeased in the amount of $75.4 million, through the issuance of General Obligation Refunding Bonds Series 2025, in the amount of $69.4 million. For this refund, the District reduced its total debt service requirements by approximately $2 million.

In prior years, the District defeased certain Certificates of Participation by creating separate irrevocable trust funds. New debt was issued, and the proceeds were used to purchase U.S. Government Securities that were placed in an irrevocable trust with an escrow agent to provide for all future debt service payments. These investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the financial statements. As of June 30, 2025, the total current amount of outstanding defeased debt removed from the District's financial statements, amounted to $293 million.

## 11. OBLIGATION UNDER LEASE PURCHASE AGREEMENT-CERTIFICATES OF PARTICIPATION

The District entered into a Lease Purchase Agreement with the Corporation on June 15, 1989, and a Master Lease Purchase Agreement on July 1, 1990 (the "lease agreements") to finance the acquisition or construction of certain facilities, vehicles, and equipment for District operations.

The following table shows issues/refunding to third parties, evidencing an undivided proportionate interest in basic lease payments to be made by the District as lessee pursuant to the lease agreements. Interest rates ranged from 3.25 percent to 6.45 percent. The actual interest rate for the outstanding issuance as of June 30, 2025, is reflected in the table below:

The Certificates are not separate legal obligations of the District, but represent undivided interests in the basic lease payments to be made from appropriated funds budgeted annually by the Board for such purposes from current or other funds authorized by law and regulations of the Department of Education. However, neither the District, the State of Florida, nor any political subdivision thereof, shall be obligated to pay, except from appropriated funds, any sums due under the leases from any source of taxation. The full faith and credit of the District is not pledged for payment of such sums due hereunder and such sums do not constitute an indebtedness of the District within the meaning of any constitutional or statutory provision or limitation.

The American Recovery and Reinvestment Act (ARRA) of 2009, signed into law on February 17, 2009, created another category of direct subsidy debt for school districts: Qualified School Construction Bonds (QSCBs). The QSCBs does not represent incremental federal funding and must be repaid by the District.

The Corporation leases the facilities, vehicles and equipment to the District under the lease agreements, which are automatically renewable through varying dates (see summary below), unless earlier terminated following

the occurrence of an event of default or a non-appropriation of funds to make lease payments, all as described and defined in the leases. Failure to appropriate funds to pay lease payments under any lease will, and an event of default under any lease may, result in the termination of all leases, including the 2010A-QSCB, 2015A, 2015B, 2016A, 2016B, 2017B, 2017C, 2019A, 2019B, 2020A, 2022A, 2022B, and 2025A. Events of default related to a lease would result from the School Board's failure to pay in full any lease payment, failure to observe and perform any covenant or condition or agreement for sixty (60) days after written notice specifying such failure and requesting that it be remedied, filing of a petition in bankruptcy, insolvency, or reorganization. The remedies on default include the immediate surrender and delivery of possession of all facilities, vehicles and certain equipment (excludes certain computer equipment) financed under all leases to the Trustee in the condition, state of repair and appearance required under the leases. Upon such surrender, the Trustee will sell or lease such facilities, vehicles and certain equipment in such manner and to such person as it determines appropriate. The proceeds of any sale or lease will be applied first to the payment in full of the Certificates and then to the payment of the District's obligations under the reimbursement agreement and finally to the payment of the District.

The remaining obligation, as of June 30, 2025, through maturity to the holders of the Certificates, is as follows (in thousands):

The Corporation entered into trust agreements with the Trustee pursuant to which the Certificates will be executed, delivered and paid under the terms of which (together with the leases) the facilities, vehicles and equipment will be acquired and/or constructed. Trust funds have been established with the Trustee to facilitate payments in accordance with the lease purchase agreement and the trust agreements securing payment of the Certificates.

As a condition of the financing arrangement, the District has given ground leases on District properties to the Broward School Board Leasing Corporation, with a rental fee of $1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the various Ground Lease Agreements for the benefit of the securers of the Certificates until the earlier of the date paid in full or for a period of time as specified by the respective lease term.

## 12. COMPENSATED ABSENCES

District employees are granted a specific number of vacation days and sick leave with pay as services are rendered. Certain employees are paid for portions of sick leave accrued but not used in a fiscal year. Administrative, supervisory and non-instructional professional employees are paid for unused vacation (up to a maximum of 60 days) upon termination. All other eligible employees are paid for unused vacation (up to a maximum of 50 days) upon termination.

All employees are eligible to receive portions of accumulated unused sick pay upon retirement. Such portions are determined based upon the employee's length of service. Prior to July 1, 2004, Florida Statutes and Board policy limited retirement sick leave payments to no more than 25 percent of the sick leave accumulated on or after July 1, 2001, up to a maximum payment of 60 days. Beginning July 1, 2004, this limitation was eliminated.

The GASB issued Statement No. 101, Compensated Absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Liabilities for certain types of compensated absences—including parental leave, military leave, and jury duty leave— are not recognized until the leave commences. The Statement establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. The District implemented GASB Statement No. 101 in the current year ending June 30, 2025. Additionally, prior year restatement per Audit General (AG) finding is reflected in the reductions line below.

At June 30, 2025, the balance of compensated absences payable from future resources was $29.2 million for accumulated vacation leave and $142.0 million for accumulated sick leave and are only reflected in the governmental activities in the government-wide presentation. The net change between the prior year balance and the current year balance of the non-current portion was recorded in the government-wide statements as a current year expense.

The following is a summary of changes in the liability for compensated absences for the fiscal year ended June 30, 2025 (in thousands):

## 13. OTHER POSTEMPLOYMENT BENEFITS

### Plan Description

The District administers a single-employer defined benefit OPEB plan (Plan) for certain postemployment benefits, including continued coverage for retirees and dependents in the medical/prescription plans, as well as participation in the employer-sponsored dental group plan. In addition, retirees are eligible to continue the employer-sponsored term life insurance policy provided by the District. The benefits of the Plan conform to Florida Statutes, which are the legal authority for the Plan. Eligible retirees may choose among the same medical plan options available for active employees of the District. Prescription drug coverage is automatically extended to retirees and their dependents who continue coverage under any one of the medical plan options. Covered retirees and their dependents are subject to all the same medical, prescription and life insurance benefits and rules for coverage as are active employees. Retirees and their dependents are permitted to remain covered under the District's respective medical plans as long as they pay the premium for the plan and coverage elected. This conforms to the requirement for Florida governmental employers' provision of Section 112.0801, Florida Statutes. The premiums charged are based on a blending of the experience among younger active employees and older retired employees. Since the older retirees actually have higher costs, that means that the District is actually subsidizing the cost of the retiree coverage because it pays all or a significant portion of that premium on behalf of the active employees, providing an implicit rate subsidy. Additionally, certain retirees receive insurance coverage at a lower (explicitly subsidized) premium rate under the District's Retirement Assistance Program. The District, therefore, has assumed an obligation to pay for that implicit subsidy for the covered lifetime of the current retirees and their dependents, as well as the covered lifetime of the current employees after they retire in the future. The District does not prepare a standalone financial report for the Plan, and the Plan is not included in the report of a Public Entity Retirement System or another entity. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. For the governmental activities, other postemployment benefits are generally liquidated with resources of the General Fund.

### Benefit Terms and Employees Covered

The authority for establishing and amending the Plan funding policy and benefit terms rests with the Board. The District has not advanced funded or established a funding methodology for the annual OPEB costs or the net OPEB liability and plans to fund this postemployment benefit on a pay-as-you-go basis. As of the valuation date, June 30, 2024, there were approximately 25,270 active participants and 561 inactive participants (retirees and beneficiaries) receiving postemployment benefits. The District provided required employer contributions toward the annual OPEB cost in the amount of $6.3 million, comprised of benefit payments made on behalf of retirees for claims expense and retention costs.

**Total OPEB Liability**

The District's total OPEB liability of $163.1 million was based on the measurement date of June 30, 2024, and was determined using an actuarial roll-forward on the results of a full actuarial valuation as of June 30, 2024.

**Actuarial Assumptions and Other Inputs**

The total OPEB liability in the June 30, 2024, actuarial valuation was determined using the actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

The District furnished the participant data, economic, demographic, healthcare trend and mortality assumptions, and benefit provisions used in the June 30, 2024, valuation. The demographic assumptions were based on those employed in the July 1, 2024, actuarial valuation of the FRS, which were developed by the FRS from a statewide experience study covering the period 2018 through 2023. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions for development of the pattern of the normal cost increases were the same as those used by the FRS.
There were no benefit changes during the measurement period. The schedule of changes to the total OPEB liability for fiscal year ending June 30, 2025, is as follows:

The deferred outflows of resources related to OPEB resulting from District contributions to the Plan subsequent to the measurement date, totaling $6.6 million, will be recognized as a reduction in the total OPEB liability in fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be amortized and recognized as OPEB expense as follows:

| Fiscal Year Ending June 30, | Amount (in thousands) |

## 14. RETIREMENT PLANS

The District provides retirement benefits to its employees through the Florida Retirement System (FRS), a State-administered cost-sharing multiple-employer defined benefit retirement plan with a Deferred Retirement Option Program (DROP). The Retiree Health Insurance Subsidy (HIS) Program is available for eligible employees. The General Fund typically has been used in prior years to liquidate the long-term liabilities associated with the net pension liability.

### Florida State Retirement Programs

Plan Description. Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapter 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contribution, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An Annual Comprehensive Financial Report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services website (https://www.dms.myflorida.com/).

### FRS Pension Plan

*Plan Description*. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers' Class* – Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service (except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

*Benefits Provided*. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

| Class, Initial Enrollment, and Retirement Age/Years of Service | Percent Value |
|---|---|
| **Regular Class members – initially enrolled before July 1, 2011** | |
| Retirement up to age 62 or up to 30 years of service | 1.60 |
| Retirement at age 63 or with 31 years of service | 1.63 |
| Retirement at age 64 or with 32 years of service | 1.65 |
| Retirement at age 65 or with 33 or more years of service | 1.68 |
| **Regular Class members – initially enrolled on or after July 1, 2011** | |
| Retirement up to age 65 or up to 33 years of service | 1.60 |
| Retirement at age 66 or with 34 years of service | 1.63 |
| Retirement at age 67 or with 35 years of service | 1.65 |
| Retirement at age 68 or with 36 years of service | 1.68 |
| **Elected County Officers' Class** | 3.00 |
| **Senior Management Service Class** | 2.00 |
| **Special Risk Class** | 3.00 |

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

*Contributions.* The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2024-25 fiscal year were as follows:

| Class | Percent of Gross Salary | |
|---|---|---|
| | Employee | Employer [1] |
| FRS, Regular | 3.00 | 13.63 |
| FRS, Elected County Officers' | 3.00 | 58.68 |
| FRS, Senior Management Service | 3.00 | 34.52 |
| FRS, Special Risk | 3.00 | 32.79 |
| Teachers' Retirement System, Plan E | 6.25 | 13.90 |
| DROP – applicable to members from all of the above classes | 0.00 | 21.13 |
| FRS, Reemployed Retiree | [2] | [2] |

[1] Employer Rates include 2.00 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

[2] Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled $156.6 million for the fiscal year ending June 30, 2025, which was equal to the required contributions for the fiscal year.

*Liabilities, Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* As a result of GASB 68, at June 30, 2025, the District reported a liability of $1.1 billion for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was 2.76 percent, which was a decrease of 0.10 percent from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2025, the District recognized pension expense of $155.5 million related to the Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

| Description | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|---|---|
| Differences between expected and actual experiences | $ 107,753 | $ - |
| Net differences between projected and actual earnings on FRS pension plan investments | - | 70,890 |
| Changes of assumptions | 146,184 | - |
| Changes in proportion and differences between District FRS contributions and proportionate share of contributions | 21,356 | 58,545 |
| District FRS contributions subsequent to the measurement date | 156,597 | - |
| Total | $ 431,890 | $ 129,435 |

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling $156.6 million, will be recognized as a reduction in the net pension liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as pension expense as follows:

| Fiscal Year Ending June 30, | Amount (in thousands) |
|---|---|
| 2026 | $ (20,621) |
| 2027 | 169,385 |
| 2028 | (2,448) |
| 2029 | (8,259) |
| 2030 | 7,801 |
| Total | $ 145,858 |

*Actuarial Assumptions*. The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---|---|
| Inflation | 2.40 percent |
| Salary Increases | 3.50 percent, average, including inflation |
| Investment Rate of Return | 6.70 percent, net of pension plan investment expense, including inflation |

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018. The amortization period was reduced to 20 years for all current and future amortization bases.

The actuarial assumptions used in the July 1, 2024 valuation were based on the results of an experience study for the period July 1, 2018 through June 30, 2023.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation[1] | Annual Arithmetic Return | Compound Annual (Geometric) Return | Standard Deviation |
|---|---|---|---|---|
| Cash | 1.0% | 3.3% | 3.3% | 1.1% |
| Fixed income | 29.0% | 5.7% | 5.6% | 3.9% |
| Global equity | 45.0% | 8.6% | 7.0% | 18.2% |
| Real estate | 12.0% | 8.1% | 6.8% | 16.6% |
| Private equity | 11.0% | 12.4% | 8.8% | 28.4% |
| Strategic investments | 2.0% | 6.6% | 6.2% | 8.7% |
| Total | 100.0% | | | |
| Assumed inflation - Mean | | | 2.4% | 1.5% |

[1] As outlined in the Plan's investment policy

*Discount Rate*. The discount rate used to measure the total pension liability was 6.70 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2024 valuation is 6.70 percent.

*Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate.* The following presents the District's proportionate share (in thousands) of the net pension liability calculated using the discount rate of 6.70 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.70 percent) or 1 percentage point higher (7.70 percent) than the current rate:

| | 1% Decrease (5.70%) | Current Discount Rate (6.70%) | 1% Increase (7.70%) |
|---|---|---|---|
| District's proportionate share of the net pension liability | $ 1,876,066 | $ 1,066,574 | $ 388,452 |

*Pension Plan Fiduciary Net Position*. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and other State Administered Systems Annual Comprehensive Financial Report (ACFR).

*Payables to the Pension Plan*. At June 30, 2025, the District reported a payable of $10.8 million for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2025.

**HIS Pension Plan**

*Plan Description*. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

*Benefits Provided*. For the fiscal year ended June 30, 2025, eligible retirees and beneficiaries received a monthly HIS payment of $7.50 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of $45 and a maximum HIS payment of $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

*Contributions.* The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2025, the contribution rate was 2.00 percent of payroll pursuant to section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan for the fiscal year ending June 30, 2025, totaled $31.1 million, which was equal to the required contributions for the fiscal year.

*Liabilities, Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*. At June 30, 2025, the District reported a net pension liability of $548.1 million for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The District's proportionate share of the net pension liability was based on the District's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was 3.65 percent, a decrease of 0.10 percent from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2025, the District recognized the HIS Plan pension expense of $13.7 million. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

| Description | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|---|---|
| Difference between expected and actual experiences | $ 5,292 | $ 1,053 |
| Net differences between projected and actual earnings on HIS pension plan investments | - | 198 |
| Changes of assumptions | 9,700 | 64,884 |
| Changes in proportion and differences between District HIS contributions and proportionate share of contributions | 34 | 34,449 |
| District HIS contributions subsequent to to the measurement date | 31,113 | - |
| Total | $ 46,139 | $ 100,584 |

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling $31.1 million, will be recognized as a reduction in the net pension liability in the fiscal year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as pension expense as follows:

| Fiscal Year Ending June 30, | Amount (in thousands) |
|---|---|
| 2026 | $ (17,255) |
| 2027 | (18,009) |
| 2028 | (21,909) |
| 2029 | (16,742) |
| 2030 | (9,292) |
| Thereafter | (2,352) |
| Total | $ (85,559) |

*Actuarial Assumptions*. The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---|---|
| Inflation | 2.40 percent |
| Salary Increases | 3.50 percent, average, including inflation |
| Municipal Bond Rate | 3.93 percent |

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions for July 1, 2024, which were used to determine the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

*Discount Rate*. The discount rate used to measure the total pension liability was 3.93 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.65 percent to 3.93 percent.

*Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate.* The following presents the District's proportionate share (in thousands) of the net pension liability calculated using the discount rate of 3.93 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.93 percent) or 1 percentage point higher (4.93 percent) than the current rate:

| | 1% Decrease (2.93%) | Current Discount Rate (3.93%) | 1% Increase (4.93%) |
|---|---|---|---|
| District's proportionate share of the net pension liability | $ 623,908 | $ 548,070 | $ 485,113 |

*Pension Plan Fiduciary Net Position*. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

*Payables to the Pension Plan*. At June 30, 2025, the District reported a payable of $1.7 million for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2025.

*Aggregate Net Pension Liabilities, Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.*

The District's FRS and HIS pension expense totaled $169.2 million for the fiscal year ended June 30, 2025. Aggregate net pension liability for all plans was $1.6 billion, with balances of $478 million for deferred outflows of resources and $230 million for deferred inflows of resources.

Below is a summary for each of the District's plans related to pensions (in thousands):

| Defined Benefit Pension Plans | Net Pension Liability | Deferred Outflows of Resources | Deferred Inflows of Resources | Total Expense |
|---|---|---|---|---|
| FRS | $ 1,066,574 | $ 431,890 | $ 129,435 | $ 155,483 |
| HIS | 548,070 | 46,139 | 100,584 | 13,721 |
| Total | $ 1,614,644 | $ 478,029 | $ 230,019 | $ 169,204 |

**FRS – Defined Contribution Pension Plan**

The District contributed $28 million in the 2025 fiscal year to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the State Board of Administration (SBA), and is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers', etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2024-25 fiscal year were as follows:

| Class | Percent of Gross Compensation |
|---|---|
| FRS, Regular | 11.30 |
| FRS, Elected County Officers' | 16.34 |
| FRS, Senior Management Service | 12.67 |
| FRS, Special Risk | 19.00 |

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2025, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

*Payables to the Investment Plan*. At June 30, 2025, the District reported a payable of $2.2 million for the outstanding amount of contributions to the Investment Plan required for the fiscal year ended June 30, 2025.

## 15. CHARTER SCHOOLS REFERENDUM SETTLEMENT

On March 19, 2024, the Florida Commissioner of Education issued a memorandum to the Florida State Board of Education, finding probable cause that the Broward County School District was not in compliance with Florida law by failing to share revenues generated from the 2018 Referendum with Broward County charter schools. The memorandum recommended that the State Board of Education require the District to submit proof of a School Board-approved plan for full payment of the withheld 2018 Referendum revenues.

To address the matter, the District reached a tentative settlement agreement in April 2024 to repay the charter schools a total of $76.3 million, with interest compounding monthly at 1.0 percent (12.0 percent per annum) in accordance with §1002.33(17)(e), F.S. The settlement terms stipulated annual payments over a three-year period, beginning July 10, 2024, and concluding July 10, 2026. The School Board approved settlement agreements with various charter schools in stages, starting on June 18, 2024, and continuing with subsequent approvals on July 23, 2024; August 21, 2024; and September 10, 2024. As a result of this settlement, a liability for the settlement payable was recorded in the government-wide financial statements as a long-term liability. As of June 30, 2025, the total liability amount is $51.1 million; this amount includes $282 thousand for funds not yet distributed to charter schools that have not reached an agreement or closed.

The payment schedule is as follows (in thousands):

| Fiscal Year Ending June 30 | Total | Principal | Interest |
|---|---|---|---|
| 2026 | 40,748 | 25,424 | 15,324 |
| 2027 | 45,916 | 25,425 | 20,491 |
| **Total** | $ 86,664 | $ 50,849 | $ 35,815 |

## 16. FICA ALTERNATIVE

The district has established the FICA Alternative Retirement Plan (the FICA Plan), a defined contribution retirement plan, for certain temporary employees not covered under the Plan. Under provision of the Internal Revenue Code (IRC) section 3121(b)(7)(F), public employers could place employees not covered under existing employer pension plans into an alternative retirement plan in place of social security contributions. The FICA Plan was established under IRC Section 401(a) and requires a mandatory pre-tax contribution of 7.5 percent in lieu of Social Security. The FICA Plan is noncontributory for the district and eliminates the required match of Social Security contributions. Approximately 1,387 temporary employees are currently participating in the FICA Plan. For the period ending June 30, 2025, $1.1 million was contributed by participating employees based on gross wages of $14.1 million. A third-party administrator administers the FICA Plan, with administrative fees being paid for by the district. The district does not have any fiduciary responsibility.

## 17. RISK MANAGEMENT

The district is exposed to various risks of loss, including torts, theft, damage to and destruction of assets, errors and omissions, injuries to employees and students, and natural disasters. Workers' compensation, automobile liability, general liability, and health insurance coverage are being provided on a self-insurance basis up to specified limits. The District purchases commercial insurance for certain risks in excess of the self-insurance coverage and for other risks of loss. The district has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

The District is self-insured for portions of its health insurance, general and automobile liability insurance, and workers' compensation. Claim activity (expenditures for general and automobile liability, workers' compensation, and health insurance) is recorded in the general fund as payments become due each period. The estimated liability for self-insured risks represents an estimate of the amount to be paid on claims reported and on claims incurred but not reported. For the governmental funds, in the fund financial statements, the liability for self-insured risks is considered long-term and, therefore, is not a fund liability (except for any amounts due and payable at year-end) and represents a reconciling item between the fund level and government-wide presentations. Settled claims resulting from risks described above have not exceeded commercial coverage for the past three years.

The claims liability for workers' compensation, automobile liability, and general liability is based on an actuarial valuation performed by an independent actuary as of June 30, 2025, using a margin for a 50 percent confidence level. With the 50 percent confidence level, the actuary is estimating the margin necessary so that there is a 50 percent likelihood that the funding level will be sufficient to cover the actual liabilities. The employee health insurance liability is based on an actuarial calculation of estimated claims that have been incurred but not reported. The total claims liability of $77.0 million on June 30, 2025, includes estimated losses for all reported claims and claims incurred but not reported.

A summary of changes in the estimated liability for self-insured risks is as follows (in thousands):

| | 2025 | 2024 |
|---|---|---|
| Balance, beginning of year | $ 77,254 | $ 73,701 |
| Additions: | | |
| Claims incurred | 351,266 | 328,889 |
| Reductions: | | |
| Claims paid | (351,482) | (325,336) |

## 19. NET POSITION

The government-wide Statement of Net Position reports all financial and capital resources of the District, as well as its liabilities. The difference between assets and deferred outflows and liabilities and deferred inflows are reported as net position. Net position is displayed in three components:

- Net investment in capital assets: Capital assets, net of accumulated depreciation/amortization and reduced by the outstanding balance of debt that is attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position: Net position where constraints on their use are: (1) externally imposed by creditors, grantors, contributors, laws, or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position (deficit): All other assets and liabilities not part of the above categories. This amount represents the accumulated results of all past years' operations. The deficit in net position of governmental activities is due to long-term liabilities, including compensated absences, pension liabilities and OPEB.

The composition of net investment in capital assets as of June 30, 2025 is shown in the table below (in thousands):

| | | |
|---|---|---|
| Total capital assets, net of accumulated depreciation | | $ 3,724,973 |
| Less: | | |
| Total debt outstanding, net of unspent proceeds | $ (2,021,725) | |
| Retainage payable | (35,257) | |
| Total related debt | | (2,056,982) |
| Total net investment in capital assets [1] | | $ 1,667,991 |

[1] The deferred amount on refunding is included in the calculation of the net investment in capital assets.

## 20. COMMITMENTS AND CONTINGENCIES

The District has entered into various construction and other contracts that extend beyond year-end. The District has capital outlay commitments of $274.4 million, of which $251.2 million was for various construction contracts, and other encumbrances of $23.2 million as of June 30, 2025.

The following is a summary of the District's commitments and contingencies as of June 30, 2025 (in thousands):

| | Other Encumbrances | Capital Outlay Commitments | Total |
|---|---|---|---|
| General Fund | $ 1,341 | $ - | $ 1,341 |
| Local Millage Capital Improvement Fund | - | 140,515 | 140,515 |
| Other Capital Projects Fund | - | 100,326 | 100,326 |
| Other Governmental Funds | - | 33,529 | 33,529 |
| Total Commitments and Contingencies | $ 1,341 | $ 274,370 | $ 275,711 |

The District has various agreements with other governmental agencies that may require the District to contribute additional financial resources, as anticipated by such agreements. Such liabilities are accrued at the time they become known to the District.

The District receives funding from the State of Florida under the FEFP and is based in part on a computation of the number of students attending different types of instruction (FTE Computation). The accuracy of data compiled by individual schools supporting the FTE Computation is subject to audit by the State and, if found to be in error, could result in refunds to the State or in decreases to future funding allocations. Additionally, the District participates in a number of federal, state and local grants, which are subject to financial, and compliance audits. It is the opinion of management that the amount of revenue, if any, which may be remitted back to the State due to errors in the FTE computation or the amount of grant expenditures, which may be disallowed by grantor agencies, would not be material to the financial position of the District.

The District is a defendant in numerous lawsuits as of June 30, 2025. In the opinion of management, the District's estimated aggregate liability with respect to probable losses has been provided for in the estimated liability for insurance risks and pending claims in the accompanying financial statements, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations of governmental liability on uninsured risks. It is the opinion of management in consultation with its legal counsel, that the final settlements of these matters will not have a material adverse effect on the financial condition, changes in financial position, cash flows or changes in fund balance of the affected fund.

The District is in litigation filed by OHL Building, Inc. n/k/a OHLA Building, Inc. related to the Falcon Cove Middle School project, seeking payment in excess of $3.0 million. While the outcome is uncertain, legal counsel believes it has substantial defenses and losses cannot be reasonably estimable at this time. Accordingly, no liability has been recorded as of the fiscal year-end.

The District is a defendant in six separate lawsuits filed by Lunacon Engineering Group, Corp., a contractor engaged on various District capital improvement projects, counsel has estimated potential exposure in excess of $2.0 million in the aggregate. Based on information currently available, the District is unable to predict the outcome and legal counsel believes that the District has valid defenses and contractual protections. Accordingly, no liability has been recorded as of the fiscal year-end.

The District is a defendant in claims filed by Florida International Consulting Engineers Design, Inc. related to alleged unpaid design and construction services on multiple school projects. While the plaintiff has asserted claims in excess of $3.7 million, management, in consultation with legal counsel, believes the ultimate resolution will not have a material adverse effect on the District's financial position. At this time, the outcome of the matter and any potential loss cannot be reasonably estimated, and no liability has been recorded.

## 21. SUBSEQUENT EVENTS

On July 8, 2025, the District issued $247.5 million Tax Anticipation Notes, Series 2025, pursuant to Section 1011.13, Florida Statues, to provide interim funds for the payment of operating expenses of the District for the fiscal year commencing July 1, 2025 and ending June 30, 2026, in anticipation of the receipt of the ad valorem taxes. The Notes and the interest thereon will be special, limited obligations of the District, payable from and secured by a pledge of the ad valorem taxes levied and collected for the benefit of the District for operating purposes. The Notes are not subject to redemption prior to maturity.

**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

## I. BUDGET

**Budget Information.** GASB 34 requires governments to include as required supplementary information (RSI), budgetary comparison schedules for the general fund and each major special revenue fund that has a legally adopted budget.

Budgets are legally adopted annually for the General Fund and the major Special Revenue Fund. Unencumbered appropriations lapse at year-end for the General Fund and encumbered appropriations are carried forward, if applicable, to the following year and closed after a three-month period. Management may not amend the budget without the specific approval of the School Board. Accordingly, no expenditure may be authorized and no obligation incurred in excess of the current budgetary appropriation without Board authorization. The budgetary basis of accounting is the modified accrual basis plus encumbrances authorized for the fiscal year.

The budgeted revenues and expenditures shown in the accompanying schedule reflect all amendments to the original budget through September 9, 2025, the date the final amendments were approved by the Board.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**
**FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

## I. BUDGETARY POLICIES

The Board follows procedures established by State Statute and State Board of Education rules in establishing annual budgets for governmental funds as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.

- The major functional level is the legal level of budgetary control. Budgeted amounts may be amended by resolution at any Board meeting prior to the due date for the annual financial report. The following are legally adopted budgets by the School Board for the fiscal year 2024-25: 1) General Fund, 2) Food Service Fund, 3) Capital Funds, 4) Debt Service Funds, 5) Internal Service Funds, 6) Special Revenue - Other Federal Programs, 7) Special Revenue - Elementary Secondary School Emergency Relief Act (ESSER II), 8) Special Revenue - Other CRRSA Act Relief Fund (Including GEER II), 9) Special Revenue - Elementary And Secondary School Emergency Relief III (ESSER III), 10) Special Revenue - Other Arp Act Relief Fund and, 11) Special Revenue - Miscellaneous Funds.

- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. (A description of any differences in the basis of accounting used to prepare the budgets should be included, if applicable. For example: "except that no budget appropriation is made for capital leases in the year of inception.")

- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

# Component Units

Component units are entities where the District or its officials appoint a voting majority of an organization's governing body, and is either able to impose its will on the organization or there is a potential for the organization to provide specific financial benefits to or to impose specific financial burdens on the District or the nature and significance of the relationship between the District and the organization is such that exclusion would cause the District's financial statements to be incomplete.

The Broward Education Foundation – a non-profit direct-support organization of the District, established to receive, hold, invest and administer property and to make expenditures to enhance public education.

Charter Schools – Charter schools are public schools operating under a performance contract with the local school district.

## ARTICLE 3 – GENERAL CONDITIONS

3.1 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.2 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third-person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third-parties in any matter arising out of any Agreement.

3.3 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.4 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty

(30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.6 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this

document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

**IN WITNESS WHEREOF**, the parties hereto have made and executed this Agreement upon the date of the last signature below.

2.15 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or

(c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is One Million Dollars and 00/100 Cents ($1,000,000.00) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.16 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.17 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

## ARTICLE 3 – GENERAL CONDITIONS

3.1 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.2 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third-person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third-parties in any matter arising out of any Agreement.

3.3 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC

is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.4 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.6 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States

District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

Any delays in delivery or service under this Agreement arising out of, as a result of, or in connection with VENDOR's use of coercion for labor or services as defined by Section 787.06(13), Florida Statutes, is not a Force Majeure event under this Agreement.

2.11 **Background Screening.** FIRM shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of FIRM's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of FIRM or its personnel providing any services under this Agreement. FIRM shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to FIRM and its personnel. The parties agree that the failure of FIRM to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit FIRM to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. FIRM agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from FIRM's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.12 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. FIRM shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, FIRM shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. FIRM shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if FIRM does not transfer the public records to SBBC. Upon completion of the Agreement, FIRM shall transfer, at no cost, to SBBC all public records in possession of FIRM or keep and maintain public records required by SBBC to perform the services required under the Agreement. If FIRM transfers all public records to SBBC upon completion of the Agreement, FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If FIRM keeps and maintains public records upon completion of the Agreement, FIRM shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

**IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

2.13 **Insurance Requirements.** FIRM shall maintain professional liability insurance throughout the term of this Agreement. Upon request by SBBC or its agent or authorized representative, FIRM shall provide SBBC with a copy of its current certificate of insurance.

2.14 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.15 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is One Million Dollars and 00/100 Cents ($1,000,000.00) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized

Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.16 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.17 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

## ARTICLE 3 – GENERAL CONDITIONS

3.1 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.2 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third-person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third-parties in any matter arising out of any Agreement.

3.3 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.4 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.6 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and

signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

**IN WITNESS WHEREOF**, the parties hereto have made and executed this Agreement upon the date of the last signature below.

| **CURRENT REVISED CONTRACT:** | $ | **1,115,146.85** | **1,277 Days** |

**Status of Work:**
The construction phase is 95% complete. The project is expected to achieve Substantial Completion by November 30, 2026, and Final Completion by January 29, 2027. This is not the final change order for this Project.

**Background/History**
The scope of work for the project includes the installation of a fire sprinkler protection system in Building 1.

**Change Order Items:**
**Item #1 – (COI #5) Time Extension Request Due to Engineering Permit Delay:** This time extension request results from prolonged issues associated with the civil permit. The permit expired in September 2022, and although the original architect, ACAI Associates, continued coordinating with the City of Coral Springs to address outstanding comments, the firm ceased operations in early Spring 2024. Although a new architect was subsequently retained in Fall 2024, the result was an additional impact to the project's critical path. The permit was ultimately approved and issued in June 2025. (Unforeseen – $0.00; Add 237 Days)

**Action Plan:**
This change order has been reviewed for entitlement by AECOM. The above-referenced Change Order Item, COI #5, received a recommendation for approval by the Change Order Review Panel (CORP). **This change order is being presented for School Board approval because the financial impact of the associated delays, if converted to liquidated damages, would exceed the Superintendent's approval limit of $100,000 per change order, as established by Policy 8000.**

The request for additional time is supported by a Time Impact Analysis (TIA), which has been analyzed and recommended for approval by an Independent Claims Analyst Forensic Scheduler. See Exhibit 3 – Time Impact Analysis (TIA).

**Alignment to 2027 Goals and Guardrails**
Business Operations.

**Measurable Outcome(s)/Return on Investment**
There is no measurable outcome or return on investment associated with this item. This item ensures that the Contractor is granted days for delays that were beyond its control.

**Financial Impact**
There is no financial impact to the current project budget.

# 2. Executive Summary

## 2.1 PCO #05

The Contractor submitted PCO #05 on 05-Nov-25 requesting an extension of 289 days to the current SC date of 08-May-25. The delay identified under PCO-04 relates to the approval of Engineering permit from City of Coral Springs, previously reviewed under PCO-02 and 04.

At the time PCO-04 was reviewed, the Engineering permit had not yet been approved. Consequently, the Analyst applied a provisional date of 30-Aug-24 as the anticipated date for the Contractor to obtain permit clearance. However, the City of Coral Springs issued Engineering permit clearance on 19-Mar-25, and the Right of Way was achieved on 23-Jun-25. As of the date of this review, the Contractor has completed the Fire Protection work and is pending inspection. The Analyst in coordination with the Project Manager anticipates that the Contractor will achieve final inspection on 24-Jan-26. No new detailed delay analysis has been performed for PCO-05; instead, the Analyst relies upon the analysis previously completed under PCO-04, adjusting only the duration of the Fire Protection delay.

Accordingly, the Analyst recommends granting an excusable, non-compensable time extension of 237 days to the current SC date. Since the previous analysis categorized the delay as an unforeseen condition, the responsibility for the delay remains unchanged and continues to be classified as an unforeseen delay.

## 2.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #05 along with project records and previously completed TIA under PCO-04 and recommends,

- Granting an excusable, non-compensable time extension of **237** days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC
- Not granting compensation for General Conditions.

The breakdown of responsibility for this time extension is as follows:

| Delay Event | Days | Responsibility |
|---|---|---|
| PCO #05 Engineering Permit Delay | 237 | Unforeseen |

**Note: Please refer to previous Analysis for PCO-04 for detailed Justification, Quantitative Analysis and responsibility matrix.**

# 3. Previous Analysis:

## 3.1 PCO #4

The Contractor resubmitted revised PCO #4 on 21-Apr-25, requesting an additional 489 days be added to the contract through Substantial Completion (SC). This PCO alleges that delays associated with pending Civil Permit have delayed the project. This issue, ongoing since 22-Sep-22, has shifted the critical path, with substantial completion now expected on 29-Jun-25, which is 479 days after the Contractor's pre impact Substantial Completion date.

## 3.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #4 along with project records and conducted an independent TIA.

- Granting an excusable, non-compensable time extension of 302 days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC;
- Not granting compensation for General Conditions.

The breakdown of responsibility for this time extension is as follows:

| Delay Event | Days | Responsibility |
|---|---|---|
| PCO #4 Civil Permit Delays | 302 | Unforeseen |

### 3.3 Justification for Recommendation

- The Civil Permit expired on 22-Sep-22. According to the Project Manager, the permit was delayed due to pending responses from the Architect/Engineer (AE) to the City of Coral Springs' comments. Since the original AE went out of business, BCPS initiated the process to replace them. A new AE is now active on the project, but the permit remains pending.
- The Contractor was previously granted a 439-day time extension for Civil Permit delays under PCO-2, based on the assumption that the permit would be renewed by August 31, 2024. That assumption was made in July 2024. The permit renewal is now projected to be delayed by an additional 302 days, resulting in a corresponding 302-day impact to the projected substantial completion. This additional delay is attributed to the original AE (unforeseen).
- The Civil Permit issue is still ongoing, and once it is fully resolved, this TIA should be revisited to provide a more accurate assessment of the delay duration resulting from the permit delay.

The Analyst does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The contract is subject to a no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.

# 4. Background & Submission

## 4.1 Project Background

1. NTP was issued on 5-Jul-22. The Contract duration was 259 CDs from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 289 CDs total. The scope of work includes Installation of fire sprinkler protection throughout Building 1 including modifications to fire alarm system as required, etc.
2. A 479-day time extensions have been granted on the project for delays associated with PCO #2 Riser Piping Conflict (RFI-1 and RFI-2), Shop Drawings Review Delay, and Civil Permit Delays to date.

## 4.2 Delay Timeline

1. Expired Civil Permit
   - The Civil Permit has been expired since 22-Sep-22. the permit is pending AE response to City of Coral Springs comments, but since the original AE went out of business, BCPS initiated the process to replace them. A new AE is now active on the project, but the permit remains pending and projected to be completed on 29-Jun-25.

### 4.3 Summary of Contractor's TIA

2. The Contractor has not provided a pre-impact schedule.
3. The Contractor provided a modified January 2025 schedule update as the impacted schedule, integrating additional fragnet activities to depict the delays attributed to the delay events. There is a huge gap between when the delay started and impacted schedule data date and there are several other delays during this period including Contractor's delays which makes this analysis unacceptable.
4. The Contractor's TIA narrative is minimal and lacks full timeline explanation and supporting documentation.

# 5. Analysis

### 5.1 Quantitative

1. As the Analyst was not able to validate the TIA provided by the Contractor, an independent TIA was performed.
2. The Contractor has not submitted a pre-impact schedule. The Analyst chose the last impacted schedule from previous TIA analysis (PCO-2) as the pre-impact schedule. The Substantial Completion date in this schedule update is 11-Feb-22, with an assumption of civil permits would be renewed by August 31, 2024.
3. To develop the Impacted schedule, the following change was to reflect the additional delay impacts associated with the permit:
4. **Step 1: Fire sprinkler design shop drawings Contractor submission delay No 1**: According to the baseline shop drawings were due on 11-Aug-22 while they were still in progress until 14-Sep-22 when Contractor submitted RFI-1 for clarification. This resulted in 34 days of delay to substantial completion which is now projected to complete on 24-Apr-23 and it is Contractor's responsibility.

| Task ID | Task Name | Pre Impact Duration | Revised Duration | Baseline Finish | Revised Finish |
|---|---|---|---|---|---|
| 4 | Coral Springs Bldg Dept Permit Delay | 275 | 577 | 31-Aug-24 | 29-Jun-25 |

**Table 2 Duration changes to reflect Fire sprinkler design shop drawings Contractor submission delay No 1**

5. This duration change impacted the Substantial Completion date by an additional 302 days, moving it to 10-Dec-25, and categorizing the delay as the original AE's responsibility (unforeseen).

The scope of work for this project includes fire alarm, fire sprinklers, HVAC improvements, media center improvements and building envelope improvements.

**Change Order Items:**
**Item #1 – (COI #36) Request for Time Extension Due to Fire Alarm System Redesign:** Portable Buildings #4 and #99 were originally part of the fire alarm project scope. Subsequently, these buildings were condemned and scheduled for demolition by the SBBC. As a result, work was suspended to allow for a redesign accommodating the removal of these structures altering the critical path of the project. (Owner's Request – $0.00; Add 697 Days).

**Action Plan:**
This change order has been reviewed for entitlement by AECOM. The above-referenced Change Order Item, COI #36, received a recommendation for approval by the Change Order Review Panel (CORP). **This change order is being presented for School Board approval because the financial impact of the associated delays, if converted to liquidated damages, would exceed the Superintendent's approval limit of $100,000 per change order, as established by Policy 8000.**

The request for additional time is supported by a Time Impact Analysis (TIA), which has been analyzed and recommended for approval by an Independent Claims Analyst Forensic Scheduler. See Exhibit 3 – Time Impact Analysis (TIA).

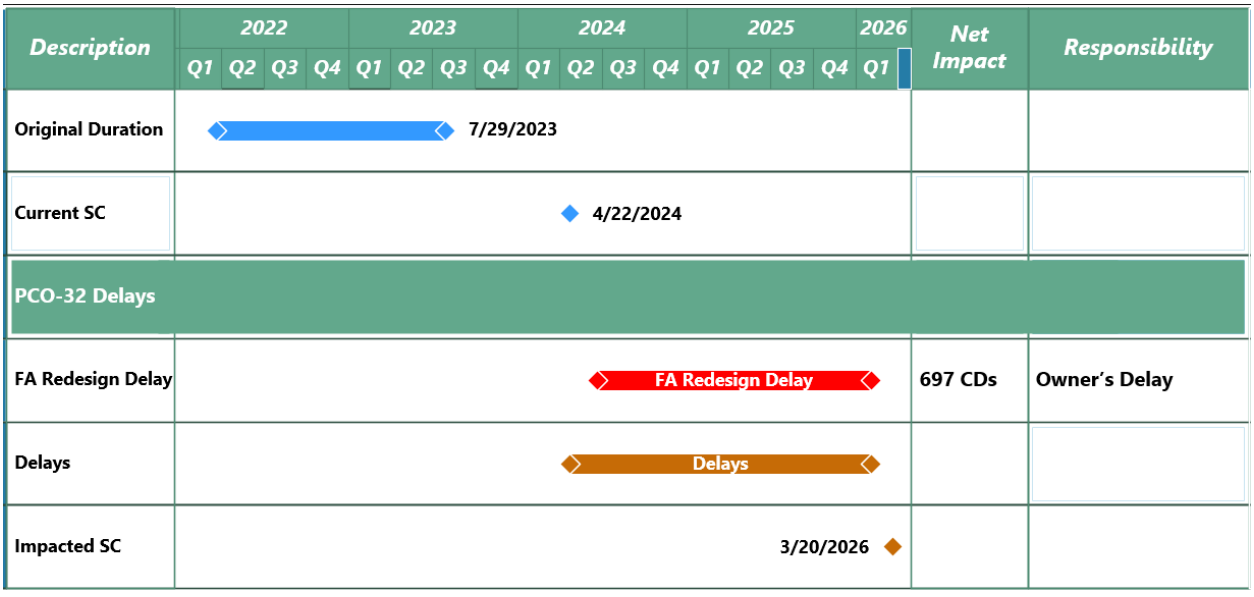
# 2. Executive Summary

## 2.1 PCO #36

On 23-Oct-25, the Contractor submitted PCO #36, requesting an excusable extension of 752-day to the Substantial Completion (SC) date of 22-Apr-24. The Contractor asserts that the Owner directed the demolition of two portable buildings that included a complete Fire Alarm (FA) scope. The FA work in the portable buildings was interconnected with the FA systems in other buildings, which necessitated design revisions and additional FA work. These changes continue to impact the project, and the Contractor anticipates the delay will extend through 03-Feb-26.

The October 2025 Monthly Project Update shows Fire Alarm redesign in progress which will continue impacting the SC with the exact impact still unknown. In coordination with the Project Manager, the Analyst determines that the Contractor's forecasted date of 03-Feb-26 to get the redesign approved by the Building Department and complete the additional work is rational. This date serves as the provisional endpoint for assessing the potential schedule impact of the delay.



The Analyst recommends granting an excusable, non-compensable time extension of 697 days to the SC. The delays that continue impacting the SC are beyond the Contractor's control, resulted from an Owner's decision to demolish two portable buildings. The two buildings had FA system interconnected with the rest of the buildings in school and necessitated design revision and additional FA work.

## 2.2 Analyst Recommendation

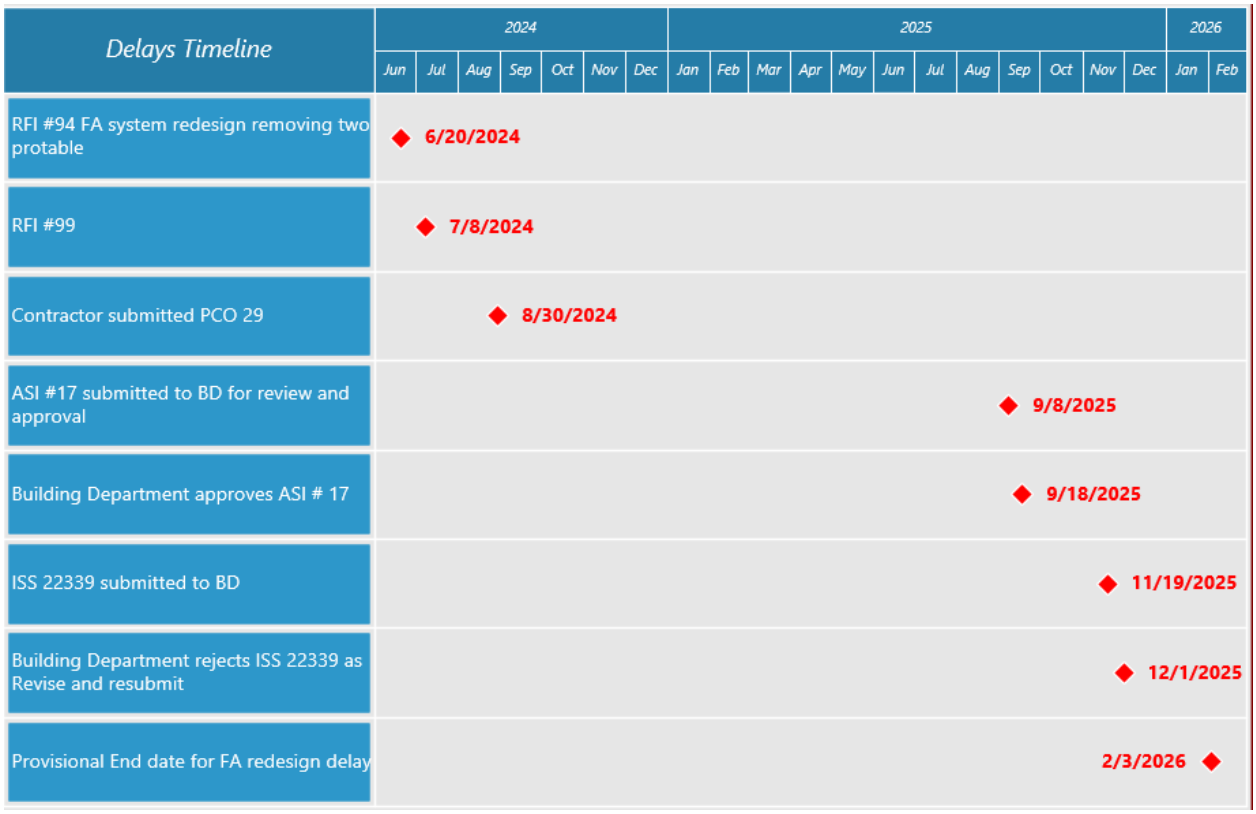
The Analyst reviewed the TIA submitted with PCO #36 along with project records and conducted an independent TIA.

- Granting an excusable, non-compensable time extension of 697 days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC;
- Not granting compensation for General Conditions.

**Graph 1 – PCO-36 Delays**

## 2.3 Justification for Recommendation

- On 27-Jun-24, the Contractor submitted RFI #94, requesting the AE to provide a new FA system design following the removal of the two portable classrooms for which the Contractor had already completed the FA scope. This redesign was the result of Owner's decision to demolish the two portable classrooms. The Contractor will submit the FA layout to the Building Department for review and approval. A conditional end date of 03-Feb-26 for the delay projects 697 days delays to the SC attributed to Owner.
- The Analyst does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The contract is subject to no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.



# 3. Background & Submission

## 3.1 Project Background

1. NTP was issued on 20-Dec-21. The Contract duration was 600 CDs from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 630 CDs total. The scope of work includes Media Center Improvement, Building Envelope Improvements (Roof, Window, Ext Wall, etc.), Fire Alarm, Fire Sprinklers, HVAC Improvements.
2. The Contractor has been granted a previous extension of 254-day through PCO #18 and #22.

## 3.2 Delay Timeline

**Graph 2 – PCO-36 Delays**

## 3.3 Summary of Contractor's TIA

1. The Contractor's TIA narrative is minimal and lacks full timeline explanation and supporting documentation
2. The Contractor mentions delay due to two portable classrooms demolition
3. The Contractor mentions the FA scope already completed in those buildings
4. The demolition of the two portable buildings resulted in redesign of FA system
5. The Contractor had not provided any evidence when the Owner decided to demolish the portables.
6. The Contractor has submitted July 2024 schedule update as a pre-impact schedule with a data date of 30-Jul-24 showing FA on a critical path.
7. The Contractor's pre-impact schedule shows SC delayed by 148 days without any explanation what caused the delays.
8. The post-impact schedule (data date: 30-Jul-24) indicates a projected Substantial Completion date of 20-Mar-26, representing a 752-day delay.
9. The Contractor has added a fragnet into their post-impact schedule without any predecessor and successor.

# 4. Analysis

### 4.1 Quantitative

1. The Analyst used AACE Recommended Practice MIP 3.6 per RP29R-03 and a validation review of the Contractor's method for prospective Time Impact Analysis. MIP 3.6 was chosen as the "best fit" since the delay event can be modeled and added and is single based.
2. As the Reviewer could not validate the TIA submitted by the Contractor, an independent TIA was developed and performed by the Reviewer.
3. The July 2024 schedule update was not a logical pre-impact schedule for the delays the Contractor alleges impacted the Substantial Completion (SC) date. The Delays started in June 2024 therefore; the Contractor should have selected the most recent update prior to the delay start date.
4. The Analyst therefore selected the May 2024 schedule update (data date: 31-May-24) as the pre-impact schedule to model the delays associated with FA system redesign due to Portable demolition.
5. The Contractor's post-impact schedule (data date: 30-Jul-24) shows delay fragnet "*Redesign of FA System due to Removal of Portables"* with no predecessor and successor.
6. The Contractor has a date constrain of Finish-No-Earlier than 03-Feb-26 on the added fragnet.
7. To evaluate the impact of the FA system redesign on Substantial Completion, the following activity was incorporated into the pre-impact schedule with a data date of 31-May-24.

**Table 2 - Delays due to FA system redesign**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 304 | FA Redesign Delays | 697 days | 431 | 433 |

8. The duration of this fragnet was derived from the RFI #94 submission date and the provisioned finish date of the delay.
9. When the impacted schedule was rescheduled, the Substantial Completion reflected a 697-day delay due to FA system redesign. This delay has been categorized as Owner's responsibility.

**Recommended Action**

Approve Change Order #5 which includes 315 days.

**District-zone Impact**: District 1

**Impact if the Board Voted Yes or No**

**-If the Board votes "Yes":** The Contractor will be granted 315 days of delays that were beyond its control.

**-If the Board votes "No":** The Contractor will be unfairly assessed for delays to the project that were beyond its control.

**Construction Contract Summary**:

| CURRENT CO REQUEST: | $ | 0.00 | 315 Days |
| **CURRENT REVISED CONTRACT:** | $ | **2,936,596.53** | **1,373 Days** |

**Status of Work**:

The construction phase is 96% complete. The project is expected to achieve Substantial Completion by March 31, 2026, and Final Completion by August 28, 2026. This is not the final change order for this Project.

**Background/History**
The scope of work for the project includes fire alarm, safety/security upgrades, electrical improvements, HVAC improvements, media center improvements, and building envelope improvements.

**Change Order Items:**
**Item #1 - (COI #20) Time Extension Request Due to Tamper Switch and Structural Joist Reinforcement Delays:** During a fire alarm inspection, a pre-existing, non-functional tamper switch that was intended to remain on the project site was discovered. Though the subsequent inspection was passed, remedying this issue required a change order, causing significant project delays. Additionally, the contractor reported an inconsistency where the reinforced joists in the field did not match those detailed in the construction plans. These two delays altered the critical path of the project. (Unforeseen - $0.00; Add 278 Days)(Consultant Error - $0.00; Add 37 Days)

**Action Plan:**
This change order has been reviewed for entitlement by AECOM. The above-referenced Change Order Items, COI #20, was recommended for approval by the Change Order Review Panel (CORP). **This change order is being presented for School Board approval because the financial impact of the associated delays, if converted to liquidated damages, would exceed the Superintendent's approval limit of $100,000 per change order, as established by Policy 8000.**

The request for additional time is supported by a Time Impact Analysis (TIA), which has been analyzed and recommended for approval by an Independent Claims Analyst Forensic Scheduler. See Exhibit 3 – Time Impact Analysis (TIA).

**Alignment to 2027 Goals and Guardrails**
Business Operations.

**Measurable Outcome(s)/Return on Investment**
There is no measurable outcome or return on investment associated with this item. This item ensures that the Contractor is granted days for delays that were beyond its control.

**Financial Impact**
There is no financial impact to the current project budget.

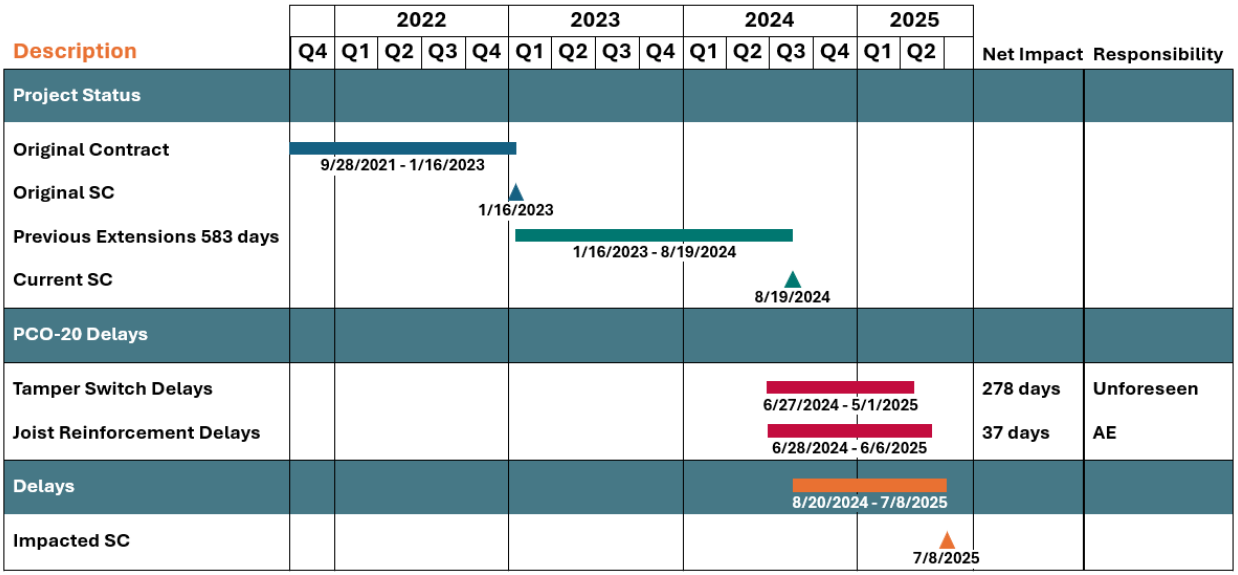
# 2. Executive Summary

## 2.1 PCO-20



On 15-Oct-25, the Contractor submitted PCO #20, requesting an extension of the current Substantial Completion (SC) date of 19-Aug-24 by additional 556-day. The Contractor asserts that Tamper switch replacement and structural joint reinforcement issues delayed the project SC. The Contractor also mentions a pending issue with the Fire Alarm (FA)work preventing FA final inspection.

The wiring used by the Contractor in FA system remains a pending issue requiring the Owner's approval. The exact impact of this delay has not yet been determined. This report does not include an analysis of the said delay. The Analyst recommends granting an excusable, non-compensable time extension of 315 days to the SC. The delays that impacted the SC were beyond the Contractor's control and arose from unforeseen conditions and AE's error.

## 2.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO-20 along with project records.

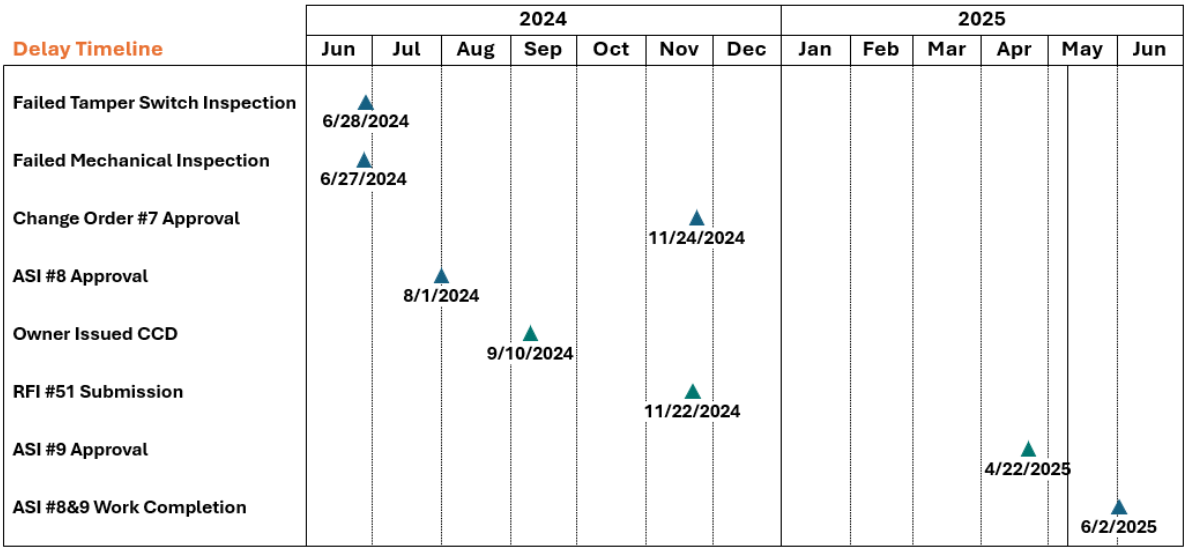
- Granting an excusable, non-compensable time extension of 315 days to the current SC date.
- Adjusting Final Completion (FC) to 30 days following SC;
- Not granting compensation for General Conditions.

**Refer to Note at the end of the Quantitative Analysis section for concurrency & net impact of each delay on SC**

**Graphical representation of PCO-20 delays**

## 2.3 Justification for Recommendation

- On 28-Jun-24, the Building Department inspector failed the FA inspection due to a non-functional existing tamper switch that was to remain in the project. This issue led to Change Order #7, which replaced and connected new tamper switches at the existing backflow. The Contractor passed the tamper switch inspection on 01-May-25. This delay which is attributed to an unforeseen condition impacts the project SC by 278 days.



- On 27-Jun-24, the Mechanical inspector issued a failed inspection ticket to the Contractor due to missing information on the plans related to the condensing unit stand. The Contractor shared this issue with the AE through an RFI, which led to Architect's Supplemental Instruction (ASI) 8. The Building Department approved ASI #8 on 01-Aug-24. Subsequently, on 10-Sep-24 the Owner issued a Construction Change Directive (CCD) to the Contractor for providing labor and materials for reinforcing the existing structural joists to comply with building code.
- On 22-Nov-24, the Contractor submitted RFI 51, seeking AE's advice on an inconsistency between the reinforced joists in the field and those shown on the plans. This resulted in ASI #9, which the Building Department approved on 22-Apr-25. The Contractor completed the related work on 02-Jun-25. Impacting the SC by 315 days. This sequence of events impacted the SC by 315 days. Since part of this delay overlaps with the tamper switch delay, the net impact extending beyond the FA-related delay is 37 days, which is attributed to the AE.
- The Analyst does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The Contract is subject to a no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.

# 3. Background & Submission

## 3.1 Project Background

1. NTP was issued on 28-Sep-21. The Contract duration was 475 CDs from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 505 CDs total. The scope of work includes Building Envelope Improvements (roof, window, exterior wall, painting) HVAC improvements, and media center improvements.
2. A previous extension of 583 days has been granted on the project through PCO-07 & 09 extending the original SC to 19-Aug-24.

## 3.2 Delay Timeline

## 3.3 Summary of Contractor's TIA

1. The Contractor's TIA narrative is minimal and lacks a full timeline explanation or supporting documentation.

2. The fire alarm final inspection and certification are scheduled to finish on 29-Jan-26.
3. The Contractor alleges delay due to a non-functional tamper switch.
4. The Contractor alleges delays related to joist reinforcement
5. The pre-impact schedule dated 07-Aug-23 is not acceptable, as none of the delays referenced in the Contractor's narrative began after this data date.
6. The Contractor did not include delay fragnets in the impacted schedule and instead applied a "Start No Earlier Than" constraint on FA work.
7. 4. The post-impact schedule (data date: 06-Oct-25) indicates a projected Substantial Completion date of 13-Mar-26, representing a 571-day delay.
8. The Contractor has imposed a "Start No Earlier Than" constraint of 12-Mar-26 on Substantial Completion, pushing the completion date to 13-Mar-26.

# 4. Analysis

## 4.1 Quantitative

1. The Analyst used AACE Recommended Practice MIP 3.6 per RP29R-03 and a validation review of the Contractor's method for prospective Time Impact Analysis. MIP 3.6 was chosen as the "best fit" since the delay event can be modeled, added and is single based.
2. As the Reviewer could not validate the TIA provided by the Contractor, the reviewer performed an independent TIA.
3. The Contractor submitted the August Update as the un-impacted schedule showing mechanical work on the critical path.
4. The impacted schedule Data Date 06-Oct-25 does not include any fragnet showing the delay, but the Contractor has a "Start No Earlier Than" date constraint on the SC, delaying it by 571 days.
5. Since the delay started in July 2023 the Analyst chose June 2023 data date 30-Jun-23 schedule update as the pre-impact schedule to evaluate the impact of this delay.
6. The analyst modeled the delay event by inserting a fragnet *Tamper Switch Delays* into the June 2023 Update.
7. The table below shows the added fragnet, to determine the delay.

**Table 2 – Tamper Switch Delay**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 210 | Tamper Switch Delays | 307 | 79 | 115 |

- The duration of the delay was derived from eBuilder and ISS log.

8. When rescheduled the impacted schedule the result is a 278-day delay to the current SC.
9. The Analyst selected the June 2023 update data date 30-Jun-23 to model and evaluate the impact of joist reinforcement on SC.
10. The table below shows the added fragnet to determine the delay.

**Table 3 – Joist Reinforcement**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 96 | Structural Joist Delays | 340 | 2 | 97 |

- The duration of the delay was derived from eBuilder and ISS log.

11. When rescheduled the impacted schedule the result is a 315-day delay to the current SC.
12. Since the Joist reinforcement delay is concurrent with Tamper switch delay, the net impact on Substantial Completion is reduced to 37 days.

**Note: Since the contract does not specify how to address concurrent delays involving multiple responsible parties, the Analyst followed AACE Recommended Practice RP 29R-03 to assess the net effect of concurrent delays. This protocol indicates that the sole remedy for such delays is an extension of time, with no monetary compensation to any party. As a result, the combined net delay attributable to the AE is determined to be 37 days, which would have been 315 days had the tamper switch not concurrently impacted the SC.**

## 4.2 Responsibility Matrix

| Contractor | Owner | AE | Unforeseen Condition | **Net Impact** |
|---|---|---|---|---|
| 0 | 0 | 37 | 278 | 315 |

**Table 3 Responsibility Matrix**

# 5. Definition

**Background/History**
The scope of work for this project includes fire alarm, fire sprinklers, HVAC improvements, media center improvements and building envelope improvements.

**Change Order Items:**
**Item #1 - (COI #31) Time Extension Request Due to Modification of Storefront:** The delay concerns a modification to the storefront system, specifically the replacement of the glass-covered opening at the entrance of the U-shaped buildings with impact panels and reflective mirror glass at the storefront frame for Buildings 5, 7, 8, 9, 11, and 12. These design changes necessitated additional permitting, as well as the manufacturing and delivery of materials required for project completion. The resulting delays are ongoing and have affected the project's critical path. (Owner's Request - $0.00; Add 614 Days)

**Action Plan:**
This change order has been reviewed for entitlement by AECOM. The above-referenced Change Order Items, COI #31, was recommended for approval by the Change Order Review Panel (CORP). **This change order is being presented for School Board approval because the financial impact of the associated delays, if converted to liquidated damages, would exceed the Superintendent's approval limit of $100,000 per change order, as established by Policy 8000.**

# 2. Executive Summary

## 2.1 PCO #31

The Contractor submitted PCO #31 on 21-Oct-25 requesting an extension of 620 days to the current SC date of 25-Jun-24. The delay identified under PCO-31 relates to the design change in the storefront system for Buildings 5, 7, 8, 9, 11, and 12, previously reviewed under PCO-12.

At the time PCO-12 was prepared, the storefront design issue was still ongoing. Therefore, the Analyst applied a provisional date of 24-Sep-24 as the anticipated date by which the Contractor would receive the required materials and resume the work. However, as of the date of this review, the Contractor has still not received the necessary storefront materials. To assess the impact of this continued delay on SC, the Analyst in coordination with the Project Manager has now applied a revised provisional completion date of 28-Feb-26 for the work associated with ASI #11. No new detailed delay analysis has been performed for PCO-31; instead, the Analyst relies upon the analysis previously completed under PCO-12, adjusting only the duration of the ongoing storefront delay.

Accordingly, the Analyst recommends extending the previously assumed delay duration from 24-Sep-24 to 28-Feb-26 and granting an excusable, non-compensable time extension of 614 days to the current SC date. Since the Owner requested the initial change in design, the responsibility for the delay remains unchanged and continues to be categorized as an Owner-requested delay.

## 2.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #32 along with project records and previously completed TIA under PCO-12 and recommends,

- Granting an excusable, non-compensable time extension of **614** days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC
- Not granting compensation for General Conditions.

The breakdown of responsibility for this time extension is as follows:

| Delay Event | Days | Responsibility |
|---|---|---|
| PCO #32 Storefront openings design change | 614 | Owner |

**Note: Please refer to previous Analysis for PCO-12 for detailed Justification, Quantitative Analysis and responsibility matrix.**

# 3. Previous Analysis:

## 3.1 PCO #12

The Contractor submitted PCO #12 on 2-Feb-24 requesting an additional 325 days be added to the contract through Substantial Completion (SC). PCO #12 states that the Storefront system for building 5, 7, 8, 9, 11, and 12 were revised and changed. The Contractor states that this design change will cause a delay due to the requirement for permitting (ASI-11, SD-3, SD-29), as well as the need for manufacturing and delivery of the material required to complete these building. The design change was to change the glass covered opening at the entrance of the U-shaped Buildings and install impact panels at the Storefront Frame along with reflective mirror glass instead.

## 3.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #12 along with project records and conducted an independent TIA.

- Granting an excusable, non-compensable time extension of **211** days to the Substantial Completion (SC) date; **25-Jun-24**
- Adjusting Final Completion (FC) to 30 days following SC; **25-Jul-24**
- Not granting compensation for General Conditions.

The breakdown of responsibility for this time extension is as follows:

| Delay Event | Days | Responsibility |
|---|---|---|
| PCO #12 Storefront openings design change | 211 | Owner |

The Analyst reviewed the TIA submitted with PCO #12 along with project records and recommends that the Contractor's TIA request should be accepted.

## 3.3 Justification for Recommendation

- The Owner requested a design change for the storefront of buildings 5, 7, 8, 9, 11, and 12. The Owner requested a change from glass to impact panels which resulted in the need for an ASI-11, shop drawings, and fabrication and delivery of new materials.
- **Note:** Since the work for PCO-12 is still ongoing and continues to affect the Substantial Completion (SC), the analyst has estimated 24-Sep-24 as the most optimistic date for the Contractor to receive storefront material.
- The exact impact of this TIA will be known once the Contractor completes the work and actual dates are available. This 211 day impact assumes that the Contractor receives the material on or before 24-Sep-24 and is able to resume demolition of existing store front after that.
- AECOM does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The contract is subject to a no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.

# 4. Background & Submission

## 4.1 Project Background

1. NTP was issued on 2-Feb-24. The Contract duration was 510 days from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 540 CDs total. Building Envelope Improvements, Fire Alarm, Fire Sprinklers, HVAC Improvements, Media Center improvements.
2. No time extensions have been granted on the project to date and there are no pending time extensions in review.

## 4.2 Delay Timeline

| Date | Event |
|---|---|
| 2-Jan-24 | A/E let Contractor know that Owner is requesting to change the Storefront openings from glass to Impact Panels |
| 3-Jan-24 | Contractor confirmed to A/E that it is possible to make that change and receive impact panel materials |
| 29-Jan-24 | Building Department received ASI-11 |
| 4-Mar-24 | Building Department approved ASI-11 (after second submission) |
| 6-May-24 | Building Department received shop drawings (SD-3 + SD-29) |
| 24-Jul-24 | Building Department approved shop drawings (3 revisions SD-3 + SD-29) |
| 25-Jul-24 | Material Ordered |
| 24-Sep-24 | Materials Delivered |

1. The storefront design change is currently ongoing on the date this report was submitted. The materials are yet to be delivered and work for this delay has not began yet.
2. The dates presented for ‘Material Delivered’ and ‘Work Began on Storefront’ are estimated dates. If the materials are delivered after the estimated date of 24-Sep-24 then the TIA can revisited.

## 4.3 Summary of Contractor’s TIA

1. The Contractor proceeded by adopting the same schedule as the post-impact schedule, integrating all additional fragment activities to depict the delays attributed to the delay events. This approach aligns with Contract requirements and the AACE MIP 3.6 implementation protocol, which the reviewer also adheres to in this report.
2. The Contractor chose ‘*Peters ES P002041-Jan_.2024_Update_r2Pre Impact*’ (data date 31-Jan-24) as the pre-impact schedule. This schedule is not acceptable and a better schedule to have used is ‘Peters ES P002041-Dec_.2023_Update_r3’ (data date 31-Dec-23), which is a schedule that reflects the project right before the onset of the delay.
3. The Contractor’s pre-impact schedule showed a Substantial Completion (SC) of 22-May-24. This date is 177 days delayed from the contractual Substantial Completions (SD) date of 27-Nov-23. this 177-day delay is not associated with PCO-12 storefront delays.
4. For the post-impact schedule, the Contractor added delays which were already addressed in previous PCO and new delays addressed in PCO-12. The following activities were added to the schedule:

| Activity ID | Tast Name | Duration | Start | Finish | Predecessor | Successor |
|---|---|---|---|---|---|---|
| 628 | Ushape Bldg. 5,7,8,9,11,12 Redesign ASI Permitting | 45 | 3-Feb-24 | 20-Mar-24 | 15FS-15 Days | 629 |
| 629 | UShape Bldg 5,7,8,9,11,12 Redisign CO Approval | 45 | 20-Mar-24 | 6-May-24 | 628 | 630 |
| 630 | UShape Bldg 5,7,8,9,11,12 Redesign Submittal Approval and Permitting | 45 | 6-May-24 | 21-Jun-24 | 629 | 631 |
| 631 | UShape Bldg 5,7,8,9,11,12 Redesign Fab & Delivery | 60 | 22-Jun-24 | 23-Aug-24 | **630** | **136,334,378, 420,459,511** |
| 631 | Restroom Details Structural approval RFI 00061 | 45 | 3-Feb-24 | 20-Mar-24 | 209 | 210 |

5. This TIA analysis was submitted on 2-Feb-24, hence most of the dates that the Contractor provided were estimated dates.
6. The post-impact schedule had a Substantial Completion (SC) date of **17-Oct-24**, which is a **148** day delay from the pre-impact's Substantial Completion date of **22-May-24**.
7. Note that the Contractor requested 325 day extension and not 148 day extension. It appears that the Contractor's 325 day request is calculated as the difference between the contractual Substantial Completion (SC) date of 27-Nov-23 and the Contract's post-impact schedule 2-May-24. That is incorrect because it accounts for delays not relating to PCO-12. The correct way of calculating the delay, is finding the difference between the Contractor's Pre-impact schedule and Post-Impact schedule's Substantial Completion which comes out to 148 days.

# 5. Analysis

## 5.1 Quantitative

1. The Analyst conducted an independent Time Impact Analysis (TIA) to assess the impact of the delay on the schedule *and used an earlier schedule as the pre-impact schedule*. The dates and durations of each delay event's activities were validated by extracting data from the submittal log, the Contractor's PCO narratives, construction schedule updates, RFIs and ASIs, project records, Contract Documents, and other qualitative information.
2. The Analyst selected 'Peters ES P002041-Dec_.2023_Update_r3' (with a data date of 31-Dec-23) as the pre-impact schedule. This schedule is the closest schedule that has data right up to the moment before the impact began.
3. The **pre-impact** schedule indicated a substantial completion (SC) of *21-Apr-24*, which is 146 days delayed from the contractual SC date of *27-Nov-24*. This delay is not related to delays associated Storefront design change (PCO-12).
4. To develop the **post-impact** schedule, the following activities were added to reflect the delay impacts associated with the Storefront design change delay:

| Activity ID | Tast Name | Duration | Start | Finish | Predecessor | Successor |
|---|---|---|---|---|---|---|
| 628 | Owner requested Storefront openings design change from glass to Impact Panels | 1 day | 2-Jan-24 | 2-Jan-24 | 2 | 629 |
| 629 | A/E prepares ASI-11 | 25 days | 3-Jan-24 | 28-Jan-24 | 628 | 630 |
| 630 | Building Department receives ASI-11 | 1 day | 29-Jan-24 | 29-Jan-24 | 629 | 631 |
| 631 | Building Department Accepts ASI-11 (Second revision) | 33 days | 30-Jan-24 | 4-Mar-24 | 630 | 632 |
| 632 | A/E prepares Store front Shop Drawings | 61 days | 4-Mar-24 | 6-May-24 | 631 | 633 |
| 633 | Building Department receives storefront Shop Drawings | 1 day | 6-May-24 | 7-May-24 | 632 | 634 |
| 634 | Building Department Accepts storefront Shop Drawings | 75 days | 7-May-24 | 24-Jul-24 | 633 | 635 |
| 635 | Material delivery (order / received) | 60 days | 24-Jul-24 | 24-Sep-24 | 634 | 334,378,420, 459,511,000 |

- The Analyst set a "start on or after" 2-Jan-24 constraint to the start of activity 628. This is because that is the start of the delay when the Owner requested that the Storefront openings be redesigned. The Analyst set the NTP as the predecessor for Activity 628.
- Since this delay is still ongoing the Analyst estimated 24-Sep-24 as the most optimistic date to receive the material needed to for the Contractor to resume the work on demolishing windows and storefront on building 5,7,8,9,11, and 12.

5. When the post-impact schedule rescheduled, it indicated a 211 day delay to Contractual Substantial Completion (SC), extending it from 21-Apr-24 to 18-Nov-24.
6. The 211 day delay is the responsibility of the Owner due to their request to a design change. They requested to install impact panels or spandrel panels instead of glass.

## 5.2 Responsibility Matrix

Approve Change Order #7 which includes 531 days.

**District-zone Impact:** District 6

**Impact if the Board Voted Yes or No:**

**-If the Board votes "Yes":** The Contractor will be granted 531 days of delays that were beyond its control.

**-If the Board votes "No":** The Contractor will be unfairly assessed for delays to the project that were beyond its control.

**Construction Contract Summary:**

| **CURRENT REVISED CONTRACT:** | $ | **4,432,595.58** | **896 Days** |

**Status of Work:**

The construction phase is 95% complete. The project is expected to achieve Substantial Completion by June 30, 2026, and Final Completion by November 27, 2026. This is not the final change order for this Project.

**Background/History**
The scope of work for this project includes building envelope improvements, fire alarm, fire sprinklers, HVAC improvements and media center improvements.

**Change Order Items:**
**Item #1 – (COI #29) Time Extension Request Due to Various Delays:** The project experienced several critical path disruptions due to concurrent delays. Initially, revisions were necessitated to the civil drawings during the City of Plantation's review of the fire line permit application. Concurrently, unforeseen on-site conditions arose, including the need for additional mechanical work on the variable air volume (VAV) transformer and the requested demolition of several portable buildings, which disrupted the fire alarm system. These various events collectively impacted the project's critical path. (Consultant Omission – $0.00; Add 71 Days)(Owner Request - $0.00; Add 224 Days)(Unforeseen - $0.00; Add 236 Days)

**Action Plan:**

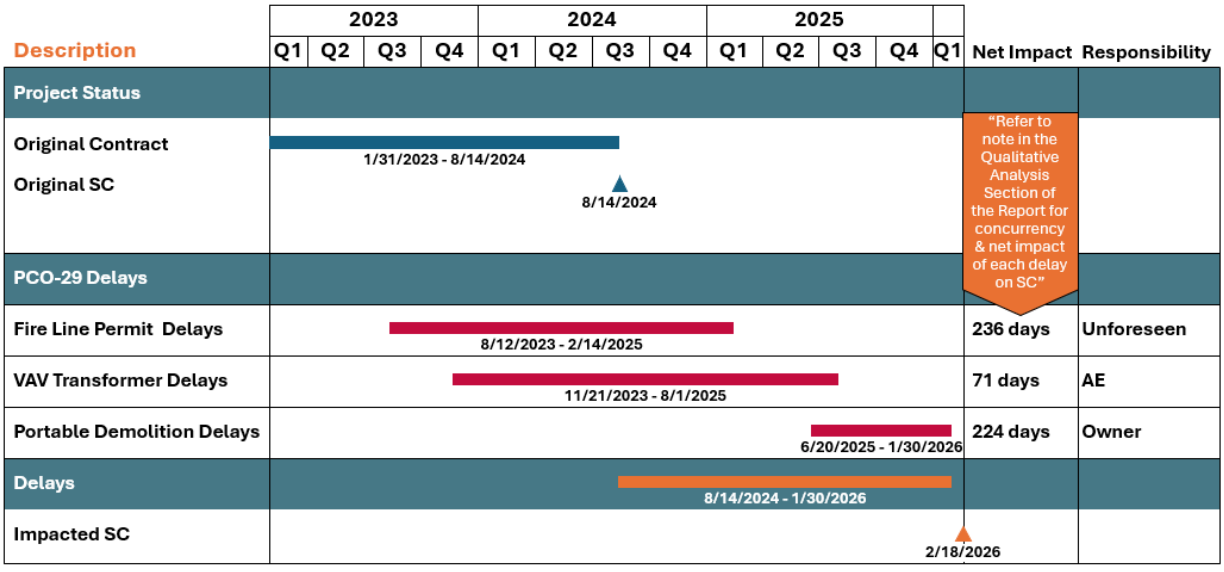
# 2. Executive Summary

## 2.1 PCO #29

On 13-Oct-25, the Contractor submitted PCO #29, requesting a 700-day extension to the contract duration through Substantial Completion (SC). The Contractor asserts that the Fire Line Permit approval process delayed the project until the City of Plantation issued the permit on 14-Feb-25. The Contractor also cites additional delays caused by added mechanical work and pending Fire Alarm (FA) work resulting from the demolition of portable buildings.



The FA-related delays associated with the portable demolition remain pending ASI approval, and the exact impact of this delay has not yet been determined. In coordination with the Project Manager, the Analyst has forecast January 30, 2026, as the date for the FA final inspection, serving as the provisional end date for the FA delay to assess its potential impact. The Analyst recommends granting an excusable, non-compensable time extension of 531 days to the SC due to unforeseen conditions, architect/engineer (AE) delays, and owner-related delays.

## 2.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #29 along with project records and conducted an independent TIA.

- Granting an excusable, non-compensable time extension of 531 days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC;
- Not granting compensation for General Conditions.

**Graph 1 – PCO-29 Delays**

## 2.3 Justification for Recommendation

- On 12-Aug-23, the Contractor submitted the Fire Line Permit application to the City of Plantation for approval. The permit approval process required revisions to the civil drawings and took over 550 days to complete. This delay impacted the Substantial Completion by 236 days and has been categorized as an unforeseen condition due to the prolonged approval process and the unique

nature of this project, which involved feeding the school's fire protection system from a fire hydrant located at a public park outside of the school and required City approval.

- On 21-Nov-23, the Contractor submitted RFI #10 to inform the AE about the missing electrical disconnects for the existing Variable Air Volume (VAV) units. Subsequently, the Contractor submitted several additional RFIs related to the same issue, which led to a change order adding the installation of transformers and shut-off switches for the VAVs to meet code requirements. The issue was resolved in July 2025 when the Contractor completed the transformer installations. The total impact of this delay is 294 days and is attributed to the AE for developing non–code-compliant plans. However, this delay partially overlaps with the delay caused by the portable demolition.
- On 20-Jun-25, the Owner demolished several portable buildings where the Contractor had already completed the Fire Alarm (FA) work included in the project scope. The demolition disrupted the FA system and led to ASI #8, which removed the demolished portables from the FA scope. This delay remains ongoing and continues to impact the Substantial Completion (SC). In coordination with the Project Manager (PM), the Analyst has assumed January 30, 2026, as the anticipated end date for this delay, resulting in an estimated 224-day impact to the SC. The exact extent of this delay is currently unknown, and the Contractor may submit an additional Time Impact Analysis (TIA) once the full impact becomes clear.
- The Analyst does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The contract is subject to no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.

# 3. Background & Submission

## 3.1 Project Background

1. NTP was issued on 31-Jan-23. The Contract duration was 565 CDs from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 595 CDs total. The scope of work includes Media Center Improvement, Building Envelope Improvements (Roof, Window, Ext Wall, etc.), Fire Alarm, Fire Sprinklers, HVAC Improvements.
2. No previous extension has been granted to the project.

## 3.2 Delay Timeline

1. On 12-Aug-23 the Contractor submitted Fire Line Permit Application to City of Plantation
2. On 22-Aug-23 the City of Plantation disapproved as revise and resubmit
3. On 21-Nov-23 Contractor submitted FRI #10 to the AE informing about electrical disconnect for existing VAVs
4. On 30-Jan-24 the City of Plantation rejected Revision 1 as revise and resubmit
5. On 10-Dec-24 Board approved PCO #06 for installing disconnects and step-up-transformers and shut off switches
6. In July 2025 Contractor completed installation of switches and transformer
7. 20-Jun-25 School demolished several Portables where the Contractor had already completed FA scope

## 3.3 Summary of Contractor's TIA

1. The Contractor has submitted a pre-impact schedule with a data date of 30-Sep-25, indicating a 478-day delay to Substantial Completion. However, this pre-impact schedule is not acceptable, as none of the delays referenced in the Contractor's narrative commenced after this data date, and two of the delays had already concluded prior to it.
2. The Contractor's post impact schedule data date 30-Sep-25 shows projected SC on 20-Jul-26 a 702-day delay to the SC
3. Fire alarm final inspection and certification are scheduled to finish on 12-Jun-24 with a total positive float of 13 days.
4. The Contractor alleges delay due to Fire Line Permit approval process, delaying critical FA activities.
5. The Contractor also alleges delays due to VAV transformers and demolition of Portables delaying mechanical and FA work.
6. The Contractor's TIA narrative is minimal and lacks full timeline explanation and supporting documentation.

# 4. Analysis

## 4.1 Quantitative

1. The Analyst used AACE Recommended Practice MIP 3.6 per RP29R-03 and a validation review of the Contractor's method for prospective Time Impact Analysis. MIP 3.6 was chosen as the "best fit" since the delay event can be modeled and added and is single based.
2. As the Reviewer could not validate the TIA submitted by the Contractor, an independent TIA was developed and performed by the Reviewer.
3. The September 2025 schedule update was not a logical pre-impact schedule for the delays the Contractor alleges impacted the Substantial Completion (SC) date. Specifically, the Fire Line Permit delay began in August 2023—approximately two years earlier than the Contractor's selected pre-impact data date.
4. The Analyst therefore selected the July 2023 schedule update (data date: 31-Jul-23) as the pre-impact schedule to model the delays associated with the Fire Line Permit.
5. To evaluate the impact of the Fire Line Permit on Substantial Completion, the following activity was incorporated into the pre-impact schedule with a data date of 31-Jul-23.

**Table 2 - Delays due to Fire Line Permit Approval**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 26 | FIRE LINE PERMIT DELAYS | 474 days | 3 | 27 |

6. The duration of this fragnet was derived from the permit application submission date and the ISS plan review period.
7. When the impacted schedule was rescheduled, the Substantial Completion reflected a 236-day delay due to the Fire Line Permit approval process. This delay has been categorized as an Unforeseen Condition.
8. The Contractor also alleges a 589-day delay related to VAV transformer issues, first identified on-site on 21-Nov-23. This issue required additional mechanical work, which the Contractor completed on 02-Jul-25. This delay independently impacts Substantial Completion by 410 days extending it to 01-Oct-25.
9. To evaluate the impact of the VAVs on Substantial Completion, the following activity was incorporated into the pre-impact schedule with a data date of 30-Nov-23

**Table 3 - Delays due to VAV Transformer**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 136 | CO Approval & Complete Additional Mechanical Work | 428 days | 135 | 137 |

10. When rescheduled this delay independently impacted the SC by 410 days.
11. Since the VAV transformer delay is partially concurrent with the Fire Line Permit delay, the impact on Substantial Completion is reduced to 229 days (01-Oct-25 – 14-Feb-25 = 229), representing the period beyond the Fire Line Permit delay.
12. On 20-Jun-25, the Owner demolished several portable buildings where the Contractor had already completed Fire Alarm (FA) work. This demolition disrupted the newly installed FA panel, resulting in an open circuit.
13. The portable demolition delay became concurrent with the VAV transformer delays and is now driving Substantial Completion. Consequently, the net impact of the VAV delays on Substantial Completion was reduced by 103 days, from the previous 229 days (01-Oct-25 – 20-Jun-25 = 103). Therefore, the net impact of the VAV transformer delay on Substantial Completion is 71 days attributed to the AE.
14. The interruption of the FA system due to portable demolition led to the issuance of ASI #8, which remains pending approval from the Building Department. The Analyst assumed an end date of 30-Jan-26 for the impact of this delay on Substantial Completion, resulting in an additional 224-day Owner-caused delay.

    **Note: Since the contract does not specify how to address concurrent delays involving multiple responsible parties, the Analyst followed AACE Recommended Practice RP 29R-03 to assess the net effect of concurrent delays. This protocol indicates that the sole remedy for such delays is an extension of time, with no monetary compensation to any party. As a result, the combined net delay attributable to the AE is determined to be 71 days, which would have been 294 days had the portable demolition not concurrently impacted the SC.**

## 4.2 Qualitative Analysis

1. The Analyst performed and independent validation of Contractor schedules and project documents (ISS documents, Field Inspections and Reports, RFI’s, e-builder comments by all stakeholders,

submittals and approvals). Dates and durations for delay events have been reviewed with the Project Manager and confirmed to the best extent possible.

### 4.3 Responsibility Matrix

The construction phase is 98% complete. The project is expected to achieve Substantial Completion by January 30, 2027, and Final Completion by June 29, 2027. This is not the final change order for this Project.

**Background/History**
The scope of work for this project includes safety and security upgrades, ADA restroom renovation, STEM lab improvements, and building envelope improvements.

**Change Order Items:**
**Item #1 – (COI #45) Installation of Liquid Applied Membrane System:** During the plan review process, the lightweight concrete option was replaced with a liquid applied membrane due to a conflict between the originally proposed lightweight concrete flashing and the existing conduits. It was determined that implementing a liquid membrane roofing system would resolve the flashing issue while preserving the roofing warranty. Accordingly, the Contractor is required to furnish all labor and materials necessary for the installation of the liquid applied membrane roofing system. (Consultant Error - $13,646.31; Add 0 Days)

**Item #2 - (COI #49) Installation of Sixty (60) E-Curbs:** The current mounting system for the disconnect switches at Building 6 utilizes u-shaped, perforated Unistrut stands, which are susceptible to water intrusion. The existing perforation design precludes the correct installation of flashing as detailed in the initial construction documents, potentially voiding the 20-year roof warranty. The recommended solution was the use of E-curbs, which provide a watertight seal and are covered under the roof assembly warranty. (Consultant Error - $40,383.25; Add 0 Days)

**Other Item**
**Item #1 – Additional Funding Request:** The change order item exceeds the available change order contingency in the project; therefore $54,030.04 is being requested to fund this change order and reconcile the Total Project Budget.

**Action Plan:**
This change order has been reviewed for entitlement by AECOM and for cost by AtkinsRealis. The above-referenced Change Order Items, COI #45 and COI #49, were recommended for approval by the Change Order Review Panel (CORP). **This change order is being presented to the School Board for approval because the Superintendent's cumulative change order approval limit (10 percent of the Board approved construction contract) under Policy 8000 has been reached.**

Future requests from the Contractor for additional time, which are supported by a Time Impact Analysis (TIA), shall be analyzed by an Independent Claims Analyst Forensic Scheduler, and if acceptable shall be presented to the Board for consideration of approval at a future Board Meeting.

**Alignment to 2027 Goals and Guardrails**
Business Operations.

**Measurable Outcome(s)/Return on Investment**
The approval of this item ensures the Contractor installs E-curbs to disconnect switches and a liquid applied membrane system to maintain roof warranty.

**Financial Impact**
The financial impact of this item is $54,029.56, $54,030.04 will be funded from the Capital Projects Reserve. This increases the project budget from $10,645,733.96 to $10,699,764.00.

Description of Change:
Provide labor and materials for the installation of 60 E-Curbs in lieu of standard flashing for electrical penetrations.

Attachments: _____

Reason For Change:
The existing disconnects at Bldg. 6 are mounted on Unistrut Stands penetrating the roof. The bid drawings indicated the stands being sealed with standard roof flashing, which will not meet the seal requirements for the 20yr manufacturer warranty. The E-Curbs meet the necessary seal and warranty requirements.

**Status of Work:**

The construction phase is 84% complete. The project is expected to achieve Substantial Completion by January 29, 2027, and Final Completion by June 28, 2027. This is not the final change order for this Project.

**Background/History**
The scope of work for the project includes HVAC improvements, media center improvements, and building envelope improvements.

**Change Order Items:**
**Item #1 – (COI #16) Installation of Dedicated Circuits for Code Compliance:** To comply with the National Electrical Code (NEC), additional hand dryers require dedicated circuits and lockable disconnects. Because the electrical panels specified in the permitted drawings were at capacity, new circuit connections had to be relocated to alternative panels. Therefore, the Contractor is to provide labor, material for additional dedicated circuits for code compliance. (Consultant Error – $40,317.18; Add 0 Days)

**Item #2 – (COI #43) Reroute and Relocate Electrical Circuits and Devices:** During the construction phase, it was identified that the coordination drawings for furniture, fixtures, and equipment required adjustments in circuit locations. The necessary modifications were implemented to accommodate the final vendor layout for previously ordered furniture and to ensure optimal functionality at the designated promethean board sites. Accordingly, the Contractor is required to furnish all labor, materials, and equipment needed to reroute and relocate electrical circuits and devices in accordance with the revised promethean board locations. (Owner's Request - $9,589.49; Add 0 Days)

**Other Item**
**Item #1 – Additional Funding Request:** The change order item exceeds the available change order contingency in the project; therefore $49,907 is being requested.

**Action Plan:**
This change order has been reviewed for entitlement by AECOM and for cost by AtkinsRealis. The above-referenced Change Order Items, COI #16 and COI #43, received a recommendation for approval by the Change Order Review Panel (CORP). **This change order is being presented to the School Board for approval because the Superintendent's cumulative change order approval limit (10 percent of the Board approved construction contract) under Policy 8000 has been reached.**

Future requests from the Contractor for additional time, which are supported by a Time Impact Analysis (TIA), shall be analyzed by an Independent Claims Analyst Forensic Scheduler, and if acceptable shall be presented to the Board for consideration of approval at a future Board Meeting.

**Alignment to 2027 Goals and Guardrails**
Business Operations.

**Measurable Outcome(s)/Return on Investment**
There is no measurable outcome or return on investment associated with this item. This item ensures that the Contractor is compensated for additional work required to install dedicated circuits for code compliance as well as reroute and relocate electrical circuits and devices.

**Financial Impact**
The financial impact of this item is $49,906.67, $49,907 will be funded from the Capital Projects Reserve. This increases the project budget from $21,313,094 to $21,363,001.

**District-zone Impact:** District 1

**Impact if the Board Voted Yes or No:**

**-If the Board votes "Yes":** The Contractor will be granted 887 days of delays that were beyond its control and compensated for additional work that was required to install dedicated circuits for code compliance.

**-If the Board votes "No":** The Contractor will be unfairly assessed for delays to the project that were beyond its control. A delay in the approval of this item may adversely affect ongoing work and scheduled inspections.

**Construction Contract Summary:**

| | | | |
|---|---|---|---|
| ORIGINAL BASE CONTRACT: | $ | 5,999,729.00 | 495 Days |
| DIRECT OWNER PURCHASE(S): | $ | (539,434.27) | 0 Days |
| PREVIOUSLY APPROVED CO'S: | $ | 216,089.18 | 0 Days |
| CURRENT CO REQUEST: | $ | 240,646.60 | 887 Days |
| **CURRENT REVISED CONTRACT:** | $ | **5,917,030.51** | **1,382 Days** |

**Status of Work:**

The construction phase is 94% complete. The project is expected to achieve Substantial Completion by October 30, 2026, and Final Completion by March 29, 2027. This is not the final change order for this Project.

**Background/History**
The scope of work for the project includes HVAC improvements, media center improvements, and building envelope improvements.

**Change Order Items:**
**Item #1 – (COI #13) Installation of New Conduits and Feeders for Switchgear:** The electrical demolition drawings specify that existing wiring is to be reused with the new main distribution panel (MDP) and three (3) new main switchboard (MSB) panels. However, the specified 4000A-rated busbar for the new MDP is incompatible with the currently installed 3000A-rated busbar. Furthermore, installation of the new MDP necessitated the relocation of the MSB-A panel to accommodate dimensional differences between the old and new equipment within the same footprint. As a result, the Contractor is required to furnish all necessary labor, materials, and equipment for the installation of new conduits and feeders for the switchgear. (Consultant Omission – $240,646.00; Add 0 Days)

**Item #2 – (COI #32) Time Extension Request Due to Scope Change Delays:** The request for time is due to the Owner's request to remove the lab work from the project scope due to budget concerns and later reinstating it with modifications. Additional requests to install new breakers, re-wiring new panels, limited access to buildings due to swing space and demolishing portables also altered the critical path of the project. (Owner's Request - $0.00; Add 887 Days)

**Other Item**
**Item #1 – Additional Funding Request:** The change order item exceeds the available change order contingency in the project; therefore $197,213 is being requested.

**Action Plan:**
This change order has been reviewed for entitlement by AECOM and for cost by AtkinsRealis. The above-referenced Change Order Items, COI #13 and COI #32 received a recommendation for approval by the Change Order Review Panel (CORP). **This change order is being presented to the School Board for approval because its value exceeds the Superintendent's change order approval limit of $100,000 per change order under Policy 8000.**

The request for additional time is supported by a Time Impact Analysis (TIA), which has been analyzed and recommended for approval by an Independent Claims Analyst Forensic Scheduler. See Exhibit 3 – Time Impact Analysis (TIA).

**Alignment to 2027 Goals and Guardrails**
Business Operations.

**Measurable Outcome(s)/Return on Investment**
There is no measurable outcome or return on investment associated with this item. This item ensures that the Contractor is compensated for additional work required to install dedicated circuits for code compliance and granted days for delays that were beyond its control.

**Financial Impact**
The financial impact of this item is $240,646.60, and $197,213 will be funded from the Capital Projects Reserve. This increases the project budget from $8,013,731 to $8,210,944. There will be a potential future impact from substantial change orders currently under review.

Provide labor and materials for new conduits and new feeders of switchgear, Panels MDP, MSB-A, MSB-B, MSB-C, MCC, 13DH & 17H. Chiller-1, Chiller 2

Reason For Change:
The electrical demolition drawings call for existing wiring to be reused with the new MDP and three new MSB panels to be installed. The new MDP required a 4000A-rated Busbar that was not compatible with the existing 3000A-Rated Busbar. In addition to this issue the new MDP installation required relocation of the MSB-A panel due to size differences between old and new equipment to be installed in the same location.

# 2. Executive Summary

## 2.1 PCO #32

The Contractor submitted PCO #32, requesting an extension to the Substantial Completion (SC) date by additional 1112-days. The Contractor asserts that the Owner's decision to remove the Lab work from the project scope and later reinstating it with modifications, continues to impact the SC to-date. The Contractor also mentions delays due to Owner's request to install new breakers, re-wiring for new panels, limited access to buildings due to swing space and demolishing of portables.

The Analyst has determined that the longest delay on this project is associated with ASI #9, a Lab scope change in Building #1. This delay began at the start of the project when the Owner decided to eliminate Lab work due to budget concerns and later reintroduced it through ASI #9. The lab work is currently in progress, and as of this writing the exact impact on SC is not certain. The Analyst, in coordination with the Project Manager, forecasts 30-Dec-25 as final inspection of Lab work, serving a provisional end date for the delay to assess its potential impact.

All other delays are wholly concurrent with the Lab scope change. The Analyst recommends granting an excusable, non-compensable time extension of 887 days to the SC. The delays that impacted the SC resulted from the Owner's decision to remove and later reintroduce Lab work to the project and were beyond the Contractor's control.

## 2.2 Analyst Recommendation

The Analyst reviewed the TIA submitted with PCO #32 along with project records and conducted an independent TIA.

- Granting an excusable, non-compensable time extension of 887 days to the Substantial Completion (SC) date;
- Adjusting Final Completion (FC) to 30 days following SC;
- Not granting compensation for General Conditions

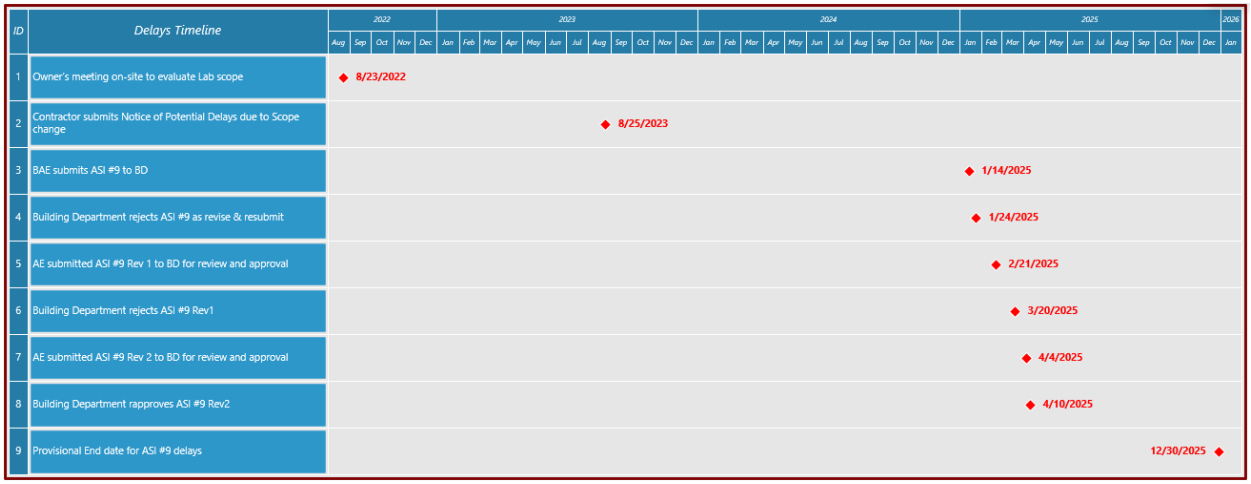
**Graphical Representation of PCO-32 Delays**

## 2.3 Justification for Recommendation

- The project scope included the Lab in Building #1, including FF&E (Furniture, Fixtures, and Equipment). The August 2022 Monthly Project Update references a meeting held by the Owner

on 23-Aug-22 to evaluate the FF&E budget, including for the Lab. Following this evaluation, the Owner decided to de-scope the Lab work from the project and later reinstated it with modifications through ASI #9. The Contractor continues to implement the ASI #9-related work, and the provisional date of 30-Dec-25 results in an impact of 887 days to the SC. This delay is attributed to the Owner's request



- The Analyst does not recommend defining any delays mentioned above as compensable based on Article 6.05 of the Project Manual which was incorporated into the Construction Contract. The contract is subject to no damage for delay clause which is enforceable except in the case of fraud, bad faith or active interference by the Owner which is not the cause of the delay in question.

# 3. Background & Submission

## 3.1 Project Background

1. NTP was issued on 21-Mar-22. The Contract duration was 495 CDs from NTP to SC, and an additional 30 CDs from SC to Final Completion (FC), 525 CDs total. The scope of work includes Media Center Improvement, Building Envelope Improvements (Roof, Window, Ext Wall, etc.), Fire Alarm, Fire Sprinklers, HVAC Improvements.
2. No previous time extension has been granted to the Contractor.

## 3.2 Delay Timeline

**PCO-32 Delay Timeline**

## 3.3 Summary of Contractor's TIA

1. On 20-Oct-25 the Contractor submitted PCO #32 requesting an extension of 1112-day to the Substantial Completion (SC) date of 29-Jul-23.
2. The Contractor alleges delay due to Lab scope change in Building #1 through ASI #9
3. The Contractor also alleges delays impacting SC due to rewiring of several electrical panels for the electrical system to become code compliance
4. The Contractor also mentions a pending issue related to portable demolition in September 2022 which will lead to revision in FA scope

5. Contractor has submitted August 2025 update data date 31-Aug-25 as the pre-impact schedule which is not a logical pre-impact schedule for the delays the Contractor alleges impacted the Substantial Completion (SC) date.
6. The longest delay the Contractor alleges impacted the SC date is Lab scope change which started at the beginning of the project in August 2022. The pre-impact schedule submitted with the TIA is three years later than the delay start date.
7. The Contractor's post impact schedule data date 30-Sep-25 shows projected SC on 15-Aug-26 an 1113-day delay to the SC, showing delays related to ASI #9 on the longest path.
8. The Contractor's TIA narrative is minimal and lacks full timeline explanation and supporting documentation.

# 4. Analysis

### 4.1 Quantitative

1. The Analyst used AACE Recommended Practice MIP 3.6 per RP29R-03 and a validation review of the Contractor's method for prospective Time Impact Analysis. MIP 3.6 was chosen as the "best fit" since the delay event can be modeled and added and is single based.
2. As the Reviewer could not validate the TIA submitted by the Contractor, an independent TIA was developed and performed by the Reviewer.
3. The Contractor has submitted Augst 2025 update with data date 30-Aug-25 as the pre-impact schedule which is not a logical pre-impact schedule for the delays the Contractor alleges impacted the Substantial Completion (SC) date. ASI #9 delays began in August 2022, approximately three years prior to the Contractor's selected pre-impact data date.
4. The Analyst therefore selected the baseline (data date: 02-Feb-22) as the pre-impact schedule to model the delays associated with ASI #9.
5. Since the delays associated with ASI #9, Lab scope change is on-going the Analyst assumed a provisional end date of 30-Dec-25 to evaluate the impact of this delay on SC.
6. To evaluate the impact of ASI #5 on Substantial Completion, the following activity was incorporated into the pre-impact schedule with a data date of 02-Feb-22.

**Table 2 - Delays due to ASI #5**

| Task ID | Task Name | Duration | Predecessor | Successor |
|---|---|---|---|---|
| 122 | ASI #9 Delays | 860 days | 113 | 123 |

7. The duration of this fragnet was derived from the on-site meeting held by the Owner to evaluate current scope and provisional end date of delay.
8. When the impacted schedule was rescheduled, the Substantial Completion reflected an 887-day delay due to ASI #9. This delay has been categorized as an Owner's delay.

# 5. Definition

1. The term "longest-path" is defined as the interconnected chain of critical activities in which the total duration of that path is longer than any other path. For continuity of understanding across all present and forthcoming parties to view this document, the term "critical" will be used as the short form of the term "longest path."
2. The term "pre-impact schedule" can be defined as the "base" schedule or latest Owner-accepted schedule prior to the start of the subject delay event.
3. The term "Excusable Delays" is defined as delays that are unforeseeable and beyond the control of the contractor.
4. The term "Non-Excusable Delays" is defined as delays that are foreseeable or within the contractor's control.
5. The term "days" refers to calendar days unless otherwise specified.

**EXECUTIVE SUMMARY**

Additional Funding Request
Cooper City Elementary School, Cooper City
Former SMART Program Renovations
Project No. P.002150

---

**Board Meeting Date:** March 10, 2026

## Requested Action:

Approve the additional funding request of $8,940 for the renovation project at Cooper City Elementary School.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Not Applicable

**District-zone Impact:** District 6

## Impact of the School Board's Vote:

**- If the School Board votes "Yes":** The project will have sufficient funding to expedite the change order approval process in accordance with Policy 8000.

**- If the School Board votes "No":** The project would lack the necessary spending authority to compensate the Contractor for the change order work outlined in the Background/History, potentially resulting in delays to the overall schedule and disruption of ongoing construction activities.

## Background/History

This item requests $8,940 from the Capital Projects Reserve to ensure sufficient funding for the expedited approval of forthcoming change orders in accordance with Policy 8000. Under this policy, the Superintendent is authorized to approve change orders up to $100,000, provided the cumulative total for the project has not exceeded ten (10) percent of the original contract amount. However, no change order can be approved until adequate funding is available, meaning this request is solely to establish the funds necessary for the Superintendent to exercise that authority.

**Project Scope & Detail:**

The scope of work for the project is being completed by Integ Miami LLC and includes campus-wide fire alarm replacement; media center and ADA restroom renovations; HVAC improvements; and building envelope improvements, including exterior door hardware replacement and reroofing of Building 85.

**Change Order Details:**
Item #1 – During field review, an existing fire alarm annunciator outside the original contract scope was identified as inoperable and no longer required for the current fire alarm system. Leaving the annunciator in place could cause confusion during an emergency. As a result, the Contractor was requested to disconnect and remove the annunciator and reroute the associated wiring to a new junction box installed above the fire alarm control panel. The Change Order Review Panel (CORP) reviewed the change order, recommended its approval, and categorized it as Owner's Request. The cost is **$8,939.34**.

**Project Status Updates:**
The construction phase is 99% complete. Upon completion of the above-referenced change order work, a follow-up field review will be conducted, after which the Contractor will request final fire alarm, fire safety, and building inspections.

Business Operations

## Measurable Outcome(s)/Return on Investment:
This change order improves operational clarity of the fire alarm system by removing nonfunctional equipment, reducing the potential for confusion during emergency response.

## Financial Impact, Funding Source & Budget Status:
- The financial impact of this item is $8,940.
- Additional funding in the amount of $8,940 will be allocated from the Capital Projects Reserve, increasing the total project budget from $1,177,238 to $1,186,178.

**EXECUTIVE SUMMARY**

Additional Funding Request
Northeast High School, Oakland Park
Former SMART Program Renovations
Project No. P.001684

---

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve the additional funding request of $100,000 to cover existing costs and provide one year of rental for four (4) temporary spot coolers serving the Band and Chorus rooms at Northeast High School.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Not Applicable

**District-zone Impact:** District 3

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** Sufficient funding will be available to cover the additional costs associated with the rental of four (4) temporary spot coolers serving the Band and Chorus rooms, including accrued rental expenses and up to one year of continued rental coverage during completion of the permanent HVAC redesign and installation.
**- If the School Board votes "No":** The temporary spot coolers may be removed, requiring the Band and Chorus rooms to operate without mechanical cooling for approximately eight (8) to nine (9) months, creating unsafe temperature and humidity conditions, potential damage to musical instruments and equipment, and disruption or relocation of instruction until the permanent HVAC system is installed.

**Background/History**
The original HVAC design for the Band and Chorus rooms was prepared by ACAI Architects, who unexpectedly ceased business operations and filed for bankruptcy. Prior to ceasing operations, the contractor had procured the replacement HVAC unit and decommissioned and removed the existing unit serving those spaces. However, upon installation of the new unit, it was discovered that the ductwork, as designed, could not physically fit within the mezzanine space. At that time, there was no Project Consultant available to resolve the issue.

Jorge A. Gutierrez Architect LLC (JAG) was subsequently engaged as the successor architect of record to assume design responsibilities. Relocation of the new unit to the roof was evaluated; however, that option would have required procurement of a different unit, structural roof reinforcement, cutting into a new roof under warranty, and additional permitting delays. Instead, JAG was directed to redesign the ductwork to accommodate the already purchased

unit within the mezzanine. The redesign has been confirmed feasible, and a proposal for the associated design services is currently being processed.

The anticipated timeline to complete the redesign, permitting, contractor change order issuance, installation, and commissioning is approximately eight (8) to nine (9) months. Temporary spot coolers are required to maintain safe and functional occupancy of the Band and Chorus rooms during this period.

No additional funding needs are anticipated at this time beyond the requested $100,000.

**Project Scope & Detail:**

The scope of work is being completed by James B. Pirtle Construction Company, Inc. and includes ADA improvements, electrical improvements, complete fire alarm system replacement, fire sprinkler upgrades, re-roofing of multiple buildings, STEM Lab improvements, safety and security enhancements, and HVAC improvements consisting of chiller replacement, air handling unit replacements, Digital Direct Controls (DDC) and Energy Management System (EMS) upgrades, test and balance, and associated electrical work to support all system improvements.

**Project Status Updates:**

The construction phase is 97% complete. Remaining work includes completion of the Building 5 mezzanine HVAC redesign and installation, resolution of structural issues at the walkway between Buildings 4 and 6, and installation of rooftop smoke vents at Building 4 pending final documentation and approvals.

**EXECUTIVE SUMMARY**

Additional Funding Request
South Plantation High School, Plantation
Former SMART Program Renovations
Electrical Improvements
Project No. P.002597

---

**Board Meeting Date:** March 10, 2026

## Requested Action:

Approve the additional funding request of $37,311.40 for the Electrical Improvements Project at South Plantation High School.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Not Applicable

**District-zone Impact:** District 6

## Impact of the School Board's Vote:

**- If the School Board votes "Yes":** Funding will be available to issue a purchase order to SGM Engineering, Inc., under its continuing contract, to prepare the required Florida Power & Light (FPL) utility easement and to fund the related change order from C & F Electric of Fort Lauderdale, Inc. for installation of new underground electrical lines to the transformer. This will allow FPL to complete the upgraded electrical service and provide permanent power to the electric duct heaters.

**- If the School Board votes "No":** Funding will not be available to prepare the required easement or to complete the additional electrical work required by FPL. As a result, the upgraded electrical service cannot be completed, which could delay both the electrical and HVAC improvement projects.

## Background/History

This item requests funding to support two related actions at South Plantation High School: issuance of a purchase order in the amount of **$8,048** to SGM Engineering, Inc., under its continuing contract with the District, to prepare the required FPL utility easement; and a change order from C & F Electric of Fort Lauderdale, Inc., estimated at **$29,263.40** and currently under review, to complete additional electrical work required by FPL.

The scope of work for the Electrical Improvements Project included the installation of a new switchgear to support the HVAC equipment and electric duct heaters being replaced under a separate project. At the time, it was believed that the existing campus electrical system had sufficient capacity to support the added equipment. However, after further review, FPL

determined that the existing electrical service did not have sufficient capacity to handle the additional load.

To address this issue, a new transformer and related electrical equipment were previously added to the scope of work. Despite this addition, FPL later determined that the new transformer cannot connect to the existing campus electrical loop and instead requires a new, dedicated power feed from outside the campus.

This design change requires additional underground electrical lines from FPL's power source at the south end of the property to the new transformer. Because this revised routing was not part of the original scope, FPL also requires a formal utility easement so it can install and maintain the new service lines.

This request allows the District to move forward with both the required electrical work and the easement documentation so permanent power can be provided to the electric duct heaters installed.

**Project Scope & Detail:**
The scope of work for the project is being completed by C & F Electric of Fort Lauderdale, Inc., and includes electrical work associated with twelve (12) air handling units in Building 1, installation of new switchgear to support electric duct heaters, and electrical work to support four (4) new fan coil units serving the main lobby.

**Project Status Updates:**
The construction phase is 80% complete. Remaining work includes completion of electrical connections to the remaining HVAC equipment, installation of required underground electrical infrastructure, coordination with FPL for the upgraded electrical service, and final controls and closeout activities.

|---|---|
| Notice to Proceed: | 06/07/21 |
| Projected Substantial Completion Date: | 10/30/26 |
| Projected Final Completion Date: | 01/28/27 |

## Alignment to 2027 Goals and Guardrails:
Business Operations

## Measurable Outcome(s)/Return on Investment:
Upon completion, the project will have the required utility easement in place and the upgraded electrical service installed, allowing permanent power to be provided to the new switchgear and electric duct heaters. This will enable full operation of the installed HVAC equipment and support reliable heating and ventilation performance in Building 1.

## Financial Impact, Funding Source & Budget Status:
The financial impact of this item is $37,311.40, which includes $8,048 for issuance of a purchase order to SGM Engineering, to prepare the required FPL utility easement and $29,263.40 for a change order to C & F Electric, for additional electrical work required by FPL.

Additional funding in the amount of $37,311.40 will be allocated from the Capital Projects Reserve, increasing the total project budget from $1,466,899.81 to $1,504,211,21.

This summary reflects the construction contract with C & F Electric of Fort Lauderdale, Inc. *only*. The purchase order to SGM Engineering, Inc. will be issued under its continuing contract with the District and is not included in this construction contract summary.

*The pending change order has been confirmed to have entitlement but is awaiting formal review and approval by CORP. The associated dollar amount, time extension, and categorization remain under review and have not yet been finalized.

**Multi-year agreement: Yes / No**
No, this item is not a multi-year agreement. The construction schedule, including the duration required to achieve Substantial and Final Completion, is established in the contract documents. The contractor is performing the work under a CSMP cost-plus agreement, and change orders do not require Board approval unless they exceed the $2 million project cap. Any future requests for additional compensation or time will be reviewed by CORP, and an updated purchase order will be issued if recommended.

**EXECUTIVE SUMMARY**

Additional Funding Request

FY26 Artificial Turf Field Conversions

**Board Meeting Date:** March 10, 2026

## Requested Action:

Approve an increase of $2,880,000 to the FY26 budget for Artificial Turf Field Conversion projects at six high schools, increasing the total allocation to $12,000,000: Blanche Ely High School, Coconut Creek High School, McArthur High School, Miramar High School, Pompano Beach High School, and South Plantation High School.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Authorized pursuant to Florida Statute 1001.42(12)(b), which grants the SBBC authority to adopt and amend the District's annual budget.

**District-zone Impact:** This item impacts six high schools across multiple zones: Districts 1, 2, 6, and 7

## Impact of the School Board's Vote:

**- If the School Board votes "Yes":** The capital budget for the six artificial turf field projects identified in the FY26 DEFP will increase by $2,880,000, bringing the total allocation to $12,000,000. This action supports continued implementation of the District's multi-year athletics capital initiative.

**- If the School Board votes "No":** The capital budget for the six schools identified in the FY26 DEFP will remain at the currently approved level of $9,120,000, preventing issuance of purchase orders needed to initiate the artificial turf field projects and delaying implementation. As a result, the affected schools will continue to incur maintenance costs associated with natural grass fields and experience weather related playability and scheduling limitations.

## Background/History

The Artificial Turf Field Conversion initiative is part of the District's athletics capital program and is reflected in the District Educational Facilities Plan (DEFP) as a multi-year implementation effort developed to address recurring field deterioration, high maintenance demands, limited playability during inclement weather, and increasing utilization by athletics and extracurricular programs.

The scope of work includes the removal of existing natural grass fields and the installation of synthetic turf systems. Work generally consists of site preparation, base stabilization, installation of the turf system, and associated athletic field improvements. Each project is site-specific, and

construction costs are dependent upon geotechnical conditions, existing site conditions, and field layout. The resulting improvements will provide increased durability, greater scheduling flexibility, and lower long-term maintenance requirements.

**Implementation and Fiscal History:**

Fiscal Year 2025 (FY25) served as the initial phase of implementation and funded three schools: Deerfield Beach High School, Dillard 6-12, and South Broward High School. Initial planning assumptions estimated construction costs at approximately $1.2 million per school. However, as the projects progressed and site conditions were evaluated, projected construction costs were determined to be higher than originally anticipated. The project budgets for the three schools were subsequently adjusted in the Fiscal Year 2026 (FY26) DEFP to reflect updated cost projections. Upon completion, total expenditures were $5,639,155.68, which were generally consistent with the revised combined budget of $5,880,000.

| FY25 Schools | Project No. | Current Budget | Actual Costs | Delta |
|---|---|---|---|---|
| Deerfield Beach HS | P.003050 | 1,960,000.00 | 1,808,918.00 | (151,082.00) |
| Dillard 6-12 | P.003048 | 1,700,000.00 | 1,540,067.16 | (159,932.84) |
| South Broward HS | P.003049 | 2,220,000.00 | 2,290,170.52 | 70,170.52 |
| | **TOTAL** | **5,880,000.00** | **5,639,155.68** | **(240,844.32)** |

Beginning in Fiscal Year 2026 (FY26), the program expands to six schools annually in accordance with the approved capital plan. The six high schools identified for FY26 were approved in the DEFP with an allocation of $1,520,000 per school, for a total of $9,120,000 for year 2.

Consistent with the construction experience from FY25 and current cost projections, staff has determined that the FY26 allocations should be adjusted to more accurately reflect anticipated project costs. Staff is therefore recommending an increase to $2,000,000 per school, representing an additional $2,880,000 and bringing the combined FY26 allocation to $12,000,000.

| FY26 Schools | Project No. | Current Budget | Projected Budget |
|---|---|---|---|
| Blanche Ely HS | P.003118 | 1,520,000.00 | 2,000,000.00 |
| Coconut Creek HS | P.003119 | 1,520,000.00 | 2,000,000.00 |
| McArthur HS | P.003120 | 1,520,000.00 | 2,000,000.00 |
| Miramar HS | P.003116 | 1,520,000.00 | 2,000,000.00 |
| Pompano Beach HS | P.003121 | 1,520,000.00 | 2,000,000.00 |
| South Plantation HS | P.003117 | 1,520,000.00 | 2,000,000.00 |
| | **TOTAL** | **9,120,000.00** | **12,000,000.00** |

Construction at the six locations will be coordinated around athletic field usage, **with project completion targeted for July 31, 2026**, in advance of the 2026-2027 school year. This adjustment supports continued implementation of the District's multi-year Artificial Turf Field Conversion initiative as outlined in the DEFP and helps ensure that future phases are budgeted using current and experience-based cost data.

## Alignment to 2027 Goals and Guardrails:

Business Operations

## Measurable Outcome(s)/Return on Investment:

Approval of this item will align project funding with anticipated construction costs, authorize issuance of purchase orders, and ensure continued implementation of the District's multi-year Artificial Turf Field Conversion program as outlined in the DEFP Athletics plan.

## Financial Impact, Funding Source & Budget Status:

The financial impact of this item is $2,880,000. The additional funding will be provided from the Capital Projects Reserve and will increase the FY26 allocation for Artificial Turf Field Conversion projects from $9,120,000 to $12,000,000.

The Artificial Turf Field Conversion initiative is included in the DEFP as part of the District's multi-year athletics capital allocation. Based on demonstrated construction costs, funding levels for the remaining fiscal years of the initiative will continue to be evaluated during the annual DEFP development process. Budget reconciliation, if necessary, will occur at the conclusion of the multi-year initiative.

If an individual project exceeds its approved project budget, a separate item will be presented to the School Board of Broward County for approval.

Staff Follow Up: **26-116 (DH)**
Due Date: March 6, 2026

**Topic**: Meeting: Mach 10, 2026, RSBM
JJ-14.) Additional Funding Request – FY26 Artificial Turf Field Conversations

**Staff Follow-up**: Can you please provide a more detailed explanation for the increase in cost?

**Response:** The initial estimates provided by vendors were preliminary and ultimately proved insufficient. To remain competitive during the procurement process, vendors quoted the lowest-cost synthetic turf installation options, which were used as the basis for the District's initial budget projections.

A committee comprised of Athletics Leadership, Coaches, and Physical Plant Operations (PPO) staff interviewed prospective vendors. Based on vendor recommendations, the committee elected not to use standard crumb rubber infill due to its tendency to increase field temperatures in South Florida. Instead, an alternative infill material was selected to help maintain lower surface temperatures, which increased the overall project cost.

Additional cost impacts were identified once engineering evaluations began. Final drainage and permitting requirements could only be determined following geotechnical and percolation testing and had to comply with the design standards of the South Florida Water Management Authority.

Further expenses were associated with site-specific conditions. Many fields lacked the required concrete curb needed for turf installation, which necessitated removing a lane of the existing track to install the curb. Other factors included adjustments to field event areas, relocation or replacement of goal posts and flagpoles, and unforeseen conditions such as shallow underground utilities that required rerouting.

Because each school site has unique conditions and infrastructure requirements, project costs vary by location. PPO continues to refine future cost estimates based on experience gained from the initial synthetic turf installations.

**EXECUTIVE SUMMARY**

Final Acceptance and Release of Retainage
Cresthaven Elementary School, Pompano Beach
Former SMART Program Renovations
Project No. P.001676

---

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve Final Acceptance of the Project, Release of Retainage, a time extension of 217 days to Substantial Completion, and a time extension of 36 days between Substantial and Final Completion.

**School Board Policy Requirement/Authority:** Policy 7005 mandates that final payment may be released only after the SBBC has accepted the facility through an executed Form OEF 110B, all contractual obligations have been fulfilled, and an executed Form OEF 209 has been provided.

**Statutory Requirement/Authority:** Pursuant to F.S. 1013.50, final payment to the contractor is prohibited until the project is formally accepted by the SBBC.

**District-zone Impact:** District 7

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** This action finalizes the closeout of the project and authorizes the release of retainage (final payment) to the contractor.
**- If the School Board votes "No":** The final payment cannot be released to the contractor, thereby delaying project closeout.

**Background/History**
A Notice to Proceed (NTP) was issued to State Contracting & Engineering Corporation on July 6, 2023, with an original contract duration of 493 days to achieve Substantial Completion of the work. The project scope included campus-wide re-roofing, exterior painting, aluminum-covered walkway repairs, ADA restroom improvements, and HVAC system improvements.

A time extension of 129 calendar days was previously approved to address Project Consultant errors and omissions associated with mechanical design deficiencies and inspection-driven corrective work. These issues included omitted or incomplete mechanical room designs, the subsequent addition of fan coil unit (FCU) closets and supply air distribution, and related revisions required to satisfy permitting and inspection requirements. The impacts occurred as the work progressed and resulted in repeated inspection failures, revised submittals, additional design

clarifications, material procurement, installation of added scope, testing and balancing, and re-inspections. Collectively, these conditions extended the project schedule to March 2025 and necessitated an adjustment to the contract duration to accommodate completion of the required corrective work.

After all contractual construction work and previously approved change order scope were completed, the project entered the final phase required to achieve Substantial Completion. Between March 2025 and October 2025, the remaining activities consisted primarily of inspections, system testing, commissioning, and regulatory approvals. During this period, a series of sequential, non-concurrent delays occurred that directly affected the critical path.

Final electrical and life-safety inspections could not be approved due to unresolved questions regarding responsibility for certain mechanical components, which required clarification and direction from the Project Consultant and the Owner before corrective actions could be completed. Resolution of these items was required before approval of the inspections.

Subsequent fire alarm inspections identified conflicts between newly added mechanical elements and existing fire alarm devices. These conflicts resulted from mechanical scope added to address design omissions, and required corrective work and re-inspections before approval could be granted.

In addition, the Project Consultant and the Owner directed additional mechanical testing, rebalancing, and system verification beyond previously completed testing as conditions of acceptance. Completion and review of this additional testing were required before commissioning activities could be finalized and final inspections could proceed.

While the project schedule reflects a minor period of contractor-attributable delay associated with the administrative completion of three (3) remaining shop drawing submittals, the overall project duration was driven by design-related issues, as well as testing, verification, and acceptance requirements directed by the Owner and Project Consultant. By the time these contractor-attributable administrative activities occurred, the facility was substantially complete and usable for its intended purpose. The project record does not identify quantifiable damages to the District associated with this limited delay.

Based on these findings, AECOM recommends approval of a 217-day extension to Substantial Completion, an additional 36-day extension between Substantial and Final Completion, and release of the remaining retainage of $304,604.09 to State Contracting & Engineering Corporation.

**EXECUTIVE SUMMARY**

Final Acceptance and Release of Retainage
Dania Elementary School, Dania Beach
Former SMART Program Renovations
Project No. P.002061

---

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve Final Acceptance of the Project, Release of Retainage, and a time extension of 121 days to Substantial Completion.

**School Board Policy Requirement/Authority:** Policy 7005 mandates that final payment may be released only after the SBBC has accepted the facility through an executed Form OEF 110B, all contractual obligations have been fulfilled, and an executed Form OEF 209 has been provided.

**Statutory Requirement/Authority:** Pursuant to F.S. 1013.50, final payment to the contractor is prohibited until the project is formally accepted by the SBBC.

**District-zone Impact:** District 1

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** This action finalizes the closeout of the project and authorizes the release of retainage (final payment) to the contractor.
**- If the School Board votes "No":** The final payment cannot be released to the contractor, thereby delaying project closeout.

**Background/History**
A Notice to Proceed (NTP) was issued to LEGO Construction Co. on January 19, 2024, with an original contract duration of 480 calendar days to achieve Substantial Completion. The project scope included renovation of the art room and media center, selective demolition, campus-wide electrical upgrades, and building envelope improvements, including brick exterior replacement, exterior painting, and reroofing of Buildings 10 and 11.

A 127-day time extension was previously approved due to delays in the delivery of the main electrical switchgear, a long-lead item critical to the project schedule. Supply chain disruptions delayed delivery beyond the planned date, shifting the critical path from summer 2024 to summer 2025. The extension revised the Substantial Completion date to September 17, 2025 to align with the summer 2025 outage window.

In March 2025, Megger testing of the existing feeders serving the Building 7 distribution panel revealed insulation resistance failures. This unforeseen condition prevented the planned replacement of the Building 7 distribution panel during spring break and identified the need to fully replace the existing feeders and associated conduit serving Building 7.

Replacement of the Building 7 distribution panel requires a full campus power shutdown and temporary cooling. For this reason, the panel and feeder replacement was planned to occur during the summer 2025 outage window, concurrent with the switchgear replacement. However, funding for the additional work was not authorized until SBBC approval was obtained on July 22, 2025, and the timing of that approval prevented completion within the summer outage period.

As a result, the remaining Building 7 electrical work was deferred to the next available outage window during winter break. The panel replacement, feeder installation, testing, and inspections were completed during the winter 2025-2026 break, allowing Substantial Completion to be achieved in January 2026.

Based on a review of the project records, the project delays were primarily attributable to supply chain issues, unforeseen existing electrical conditions, operational constraints required to maintain campus functionality, and the timing of funding authorization, all of which were outside the contractor's control. Therefore, AECOM recommends approval of a 121-day extension to Substantial Completion and release of the remaining retainage of $89,124.50 to LEGO Construction Co.

Project No. P.002061-DEM

**Board Meeting Date:** March 10, 2026

## Requested Action:

Approve Final Acceptance of the Project, Release of Retainage, a time extension of 22 days to Substantial Completion, and a time extension of 12 days between Substantial and Final Completion.

**School Board Policy Requirement/Authority:** Policy 7005 mandates that final payment may be released only after the SBBC has accepted the facility through an executed Form OEF 110B, all contractual obligations have been fulfilled, and an executed Form OEF 209 has been provided.

**Statutory Requirement/Authority:** Pursuant to F.S. 1013.50, final payment to the contractor is prohibited until the project is formally accepted by the SBBC.

**District-zone Impact:** District 1

## Impact of the School Board's Vote:

**- If the School Board votes "Yes":** This action finalizes the closeout of the project and authorizes the release of retainage (final payment) to the contractor.

**- If the School Board votes "No":** The final payment cannot be released to the contractor, thereby delaying project closeout.

## Background/History

A Notice to Proceed (NTP) was issued to FHP Tectonics Corp. on June 2, 2025, with an original contract duration of 178 calendar days to achieve Substantial Completion. The project scope included the demolition of Building 2 then grading and sodding the area.

The project experienced a minor delay primarily due to the late addition of fencing and irrigation requirements that were not included in the original drawings and required additional design coordination and approvals. These items were ultimately resolved without impacting the overall completion of the demolition work.

Based on a review of the project records, AECOM recommends approval of a 22-day extension to Substantial Completion, an additional 12-day extension between Substantial and Final Completion, and release of the remaining retainage of $25,168.50 to FHP Tectonics Corp.

**EXECUTIVE SUMMARY**

Additional Funding Request

FY26 Football Scoreboards

**Board Meeting Date:** March 10, 2026

## Requested Action:

Approve additional funding in the amount of $840,000 to align the FY26 DEFP allocation for scoreboard replacement with installation and related construction costs for football videoboards at Coconut Creek High School, Deerfield Beach High School, and South Broward High School.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Authorized pursuant to Florida Statute 1001.42(12)(b), which grants the SBBC authority to adopt and amend the District's annual budget.

**District-zone Impact:** This item impacts three high schools across multiple zones: Districts 1 and 7

## Impact of the School Board's Vote:

**- If the School Board votes "Yes":** The FY26 District Educational Facilities Plan (DEFP) allocation will increase by $840,000, allowing Physical Plant Operations (PPO) to proceed with electrical, structural, and installation work necessary to complete football videoboard replacement at Coconut Creek High School, Deerfield Beach High School, and South Broward High School.

**- If the School Board votes "No":** The FY26 DEFP allocation will remain unchanged, resulting in insufficient funding for PPO to install the videoboards, delaying implementation of the scoreboard replacement initiative and limiting the intended operational and community benefits at these high-use athletic facilities.

## Background/History

The Scoreboard Replacement initiative is part of the District's athletics capital program and is reflected in the DEFP as a multi-year effort to replace aging or obsolete scoreboards across multiple sports and school sites.

The initiative addresses equipment that is non-functional, outdated, or no longer supported by manufacturers. Replacements improve reliability, visibility, and overall event operations for athletics, school activities, and community use of District facilities.

Football videoboards represent one component of the broader scoreboard replacement initiative. Schools are identified for replacement by the Athletics Department based on

equipment condition, functionality, utilization levels, and event demands, with coordination and technical input from PPO.

At certain sites, videoboard replacements are being coordinated with ongoing or planned stadium improvements, including artificial turf field conversions, to maximize construction efficiencies and minimize operational disruptions.

The annual DEFP allocation for scoreboards supports this initiative; however, projected costs for electrical work, structural components, installation, and contingency were not fully incorporated into prior budget assumptions.

**Implementation and Fiscal History:**
For FY26, Coconut Creek High School, Deerfield Beach High School, and South Broward High School were identified for football videoboard replacement. The Athletics Department has procured the videoboard equipment for these schools under the existing open-end services agreement with Daktronics, Inc.

Installation-related costs, including electrical work, structural components, and construction, are estimated at approximately $280,000 per site. Where applicable, installation activities will be coordinated with other planned stadium improvements to optimize project sequencing and site access.

PPO does not have sufficient available funding within its current allocation to absorb these costs. This item increases the FY26 DEFP allocation to align the budget with actual project requirements and allow full implementation of the identified videoboard replacements.

| FY26 Schools | Videoboard Equipment (Athletics) | Installation & Related Costs (PPO) | Total Project Cost per School |
|---|---|---|---|
| Coconut Creek HS | 160,000.00 | 280,000.00 | 440,000.00 |
| Deerfield Beach HS | 160,000.00 | 280,000.00 | 440,000.00 |
| South Broward HS | 160,000.00 | 280,000.00 | 440,000.00 |
| | **TOTAL FUNDING REQUESTED:** | **840,000.00** | |

## Alignment to 2027 Goals and Guardrails:
Business Operations

## Measurable Outcome(s)/Return on Investment:
Approval of this item will result in the installation and operational readiness of three (3) modern football videoboard systems for the 2026 season, protecting the District's investment in equipment already procured and ensuring reliable, long-term functionality of high-use athletic facilities, including stadiums undergoing broader capital improvements.

## Financial Impact, Funding Source & Budget Status:
The financial impact of this item is $840,000. The additional funding will be provided from the Capital Projects Reserve and will increase the FY26 allocation for the Scoreboard Replacement initiative from $600,000 to $1,440,000.

The Scoreboard Replacement initiative is included in the DEFP as part of the District's multi-year athletics capital allocation. Based on demonstrated construction and installation costs, funding levels for the remaining fiscal years of the initiative will continue to be evaluated during the annual DEFP development process.

If an individual project exceeds its approved project budget, a separate item will be presented to the School Board of Broward County for approval.

| ACTION | DATE | Budgeted in Current FY Yes/No | Funding Source(s) and Code(s) | AMOUNT ($) | TERM (FY) |
|---|---|---|---|---|---|
| FY26 Original Allocation (Scoreboard Replacement) | 9/3/2025 | Yes | Capital | 600,000 | FY26 |
| FY26 Budget Increase – Videoboard Installation (3 Schools) | 3/10/2026 | No | Capital | 840,000 | FY26 |
| **Total Budgeted Allocation To-Date** | | | | **1,440,000** | **N/A** |

**Multi-year agreement: Yes / No**
No, this is not a multi-year agreement. This item represents a capital budget adjustment within the existing initiative. Any additional funding requests will require separate SBBC approval.

**Procurement Method:** Not applicable

**Impact on Schools:** Coconut Creek High School, Deerfield Beach High School, and South Broward High School will receive modern football videoboard systems, resulting in improved game management, enhanced visibility and communication during athletic events, and increased operational reliability. The initiative supports district-wide athletics programming and enhances high-use stadium facilities for school and community events.

**If there is an impact on schools, how will schools be selected/prioritized:** Schools are identified through the District's established multi-year capital planning process based on equipment condition, maintenance needs, athletic utilization, and event demand, with coordination between the Athletics Department and PPO.

Staff Follow Up: **26-117 (DH)**
Due Date: March 6, 2026

Established 1915 BROWARD County Public Schools | Educating Today's Students to Succeed in Tomorrow's World

**Topic**: Meeting: Mach 10, 2026, RSBM
JJ-18.) Additional Funding Request – FY26 Football Scoreboards

**Staff Follow-up**: Can you please provide a more detailed explanation for the increase in cost?

**Response:** The Athletics Department selected a modernized scoreboard to use as a standard for football stadiums going forward. The implications of this choice for installation logistics were not initially anticipated. Generally, new scoreboards cannot be mounted on the existing structure. Therefore, installation will require additional cost factors including engineering services, a new mounting structure, updated electrical provisions, and data/control wiring. Each of these elements incur associated costs. Physical Plant Operations is collaborating with the Athletics Department to ensure proper budgeting for future projects.

Below is the budgeting cost breakdown:

- Scoreboard: $160,000
- Installation and related costs, as described above: $280,000
- Total budget cost: $440,000 each

These costs are estimates for budgeting purposes. Final expenditures may vary by location based on site-specific conditions and requirements.

**-If the Board votes "Yes":** The lease agreement with TOYOTA will become effective, authorizing TOYOTA to lease and use Rooms 513, 513A, 513B, 513C, 513D, and 513E, totaling 3,444 square feet, in Building No. 13 at Sheridan Technical College to provide TOYOTA's ASSET program to its technicians.
**-If the Board votes "No":** The lease agreement will not become effective. This action will adversely impact Sheridan Technical College's ability to partner with TOYOTA to offer highly competitive career training programs in the automobile services industry that would result in high-wage paying jobs and positively impact the local economy. Additionally, the SBBC would lose the opportunity to receive the associated base annual rent in the amount of **$106,247.40 or $8,853.95** per month from TOYOTA.

**Background/History**

Producing highly trained workers for competitive wage jobs is a must for the

automobile industry. The District's technical colleges are state and national leaders in career preparation. They have a longstanding history of partnering with several industries to provide workforce training in a variety of career fields. Over the years, the schools have partnered with and served as training hubs for various automobile companies.

Southeast Toyota Distributors, LLC. has long demonstrated a national commitment to workforce development and career technical education through strategic partnerships with secondary schools, technical colleges, and postsecondary institutions. Recognizing the increasing demand for highly skilled automotive and advanced manufacturing technicians, TOYOTA has consistently invested in training pipelines designed to prepare students for high-wage, high-skill careers in transportation technology. Atlantic Technical College has been a training partner with TOYOTA for 33 years.

TOYOTA seeks to lease the rooms specified herein in Building No. 13, at Sheridan Technical College (See Exhibit "A"). The leased facility will be utilized to support TOYOTA's automotive technician training initiatives under TOYOTA's ASSET program. By leasing space within the Sheridan Technical College, Toyota reinforces its long-standing investment in education, ensures alignment between training and industry needs, and provides students with access to cutting-edge technology and career pathways that lead directly to employment within Toyota dealerships and affiliated service networks.

**Alignment to 2027 Goals and Guardrails:**

Business Operations

**Measurable Outcome(s)/Return on Investment:**

1. The Lease Agreement requires TOYOTA to pay SBBC a base annual rent of **$106,247.40 or $8,853.95** per month for the term of the Lease Agreement. This amount includes maintenance costs, and the revenue stream ensures that the use of Broward County Public Schools (BCPS) facilities generates measurable returns to offset operational and maintenance costs of the subject space leased and utilized by TOYOTA.

2. The partnership between SBBC and TOYOTA further fosters the SBBC's public-private collaborative efforts. By providing space for TOYOTA's training programs, SBBC enhances its reputation for innovation in workforce development; in this case, enabling professional technicians to train on an SBBC technical school campus. In this manner, the presence of TOYOTA technicians on the Sheridan Technical College campus may benefit BCPS students attending the school. Additionally, it may also support the broader local economy by addressing industry workforce shortages, exemplifying the strengthening of ties with local business partners, and reinforcing community trust in the SBBC's strategic initiatives.

**Financial Impact, Funding Source & Budget Status:**

There is a positive financial impact to the SBBC, whereby TOYOTA will pay a base annual rent of **$106,247.40 or $8,853.95** per month to SBBC.

vii. SBBC and its agents shall have the right, but not the duty, to inspect the Leased Facility at any time to determine whether TOYOTA is complying with the terms of this Lease Agreement. If TOYOTA is not in compliance with this Lease Agreement, SBBC shall have the right to immediately enter upon the Leased Facility to remedy at TOYOTA's expense any contamination caused by TOYOTA's failure to comply, notwithstanding any other provision of this Lease Agreement. SBBC shall use its best efforts to minimize interference with TOYOTA's operations but shall not be liable for any interference caused thereby.

viii. Any noncompliance by TOYOTA with its duties, responsibilities and obligations under this Section shall constitute a default of this Lease Agreement, no notice of any nature from SBBC to TOYOTA being required.

2.47 **Corporate Tenancy.** Each person executing this Lease Agreement on behalf of TOYOTA hereby warrants and certifies to SBBC that TOYOTA is a corporation in good standing, is authorized to do business in the State of Florida and has full right and authority to enter into this Lease Agreement. The undersigned officer of TOYOTA hereby further warrants and certifies to SBBC that he or she, as such officer, is authorized and empowered to bind the corporation to

the terms of this Lease Agreement by his or her signature thereto. In the event any of such warranties or certifications shall prove to be false at any time hereafter, all persons who execute this Lease Agreement shall be liable, individually, and jointly and severally. SBBC has delivered a copy of this Lease Agreement to TOYOTA for TOYOTA's review only and the delivery hereof does not constitute an offer to TOYOTA or an option to Lease or a reservation of or option for the Leased Facility, and this Lease Agreement shall become effective only when a copy executed by both SBBC and TOYOTA is delivered to and accepted by SBBC.

2.49 **Operating Expenses a Separate Covenant.** TOYOTA shall not for any reason withhold or reduce TOYOTA's required payments of operating expenses and other charges provided in this Lease Agreement, it being expressly understood and agreed by the parties that such payment is a contractual covenant by TOYOTA that is independent of the other covenants of the parties hereunder.

This provision does not give TOYOTA any right to hold over at the expiration of any term of this Lease Agreement, and SBBC's acceptance of any payments following the expiration of this Lease Agreement shall not be deemed to be a renewal of the term of the Lease Agreement, either by operation of law or otherwise.

2.51 **Construction Liens.**

a) TOYOTA is prohibited from making, and agrees not to make, alterations upon the Leased Facility, except as permitted by Section 2.27, and TOYOTA will not permit any construction lien or liens to be placed upon the Leased Facility or improvements thereon during the term hereof or any renewal term thereafter, caused by or resulting from any work performed, materials furnished or obligation incurred by or at the request of TOYOTA, and in the case of the filing of any such lien TOYOTA will promptly pay the same. If TOYOTA has not satisfied such lien or transferred it to bond within ten {10) calendar days after written notice from SBBC to TOYOTA, SBBC shall have the right and privilege, solely at SBBC's option, of paying the same or any portion thereof without inquiry as to the validity thereof, and any amounts so paid, including expenses, interest, and reasonable attorneys' and paralegals' fees (whether incurred in court, out of court, on appeal or in bankruptcy or administrative proceedings), shall be considered additional operating expenses hereunder due from TOYOTA to SBBC and shall be repaid to SBBC immediately on rendition of a bill therefor, together with interest per annum at the maximum rate permitted by law until

TOYOTA shall be entitled to no part of the award made for such condemnation (or other taking). Anything to the contrary, notwithstanding, if the Leased Facility are unaffected by such condemnation (or other taking), then at SBBC's sole option this Lease Agreement and each and every one of its provisions shall continue in full force and effect. Nothing in this Section shall be construed as prohibiting TOYOTA from making an independent claim against the taking authority for TOYOTA's loss, as long as such claim does not in any way decrease, limit or otherwise adversely affect SBBC's claim.

2.54 **School Board Policies**. TOYOTA shall faithfully observe and comply with the applicable School Board Policies in effect during the term of this Lease Agreement or any Renewal Term. SBBC shall have the right to unilaterally enact additional Policies without the consent of TOYOTA but shall notify TOYOTA of any changes applicable to TOYOTA, and the same shall be effective from the date TOYOTA receives notice thereof. TOYOTA shall acquire no vested rights as to its use of the Leased Facility as relates to School Board Policies, and all modifications or additions to or deletions from the School Board Policies shall take effect immediately upon notice of the same by SBBC to TOYOTA, regardless of any past use or practice by TOYOTA upon the Leased Facility. SBBC shall not be responsible to TOYOTA for the nonperformance of any said School Board Policies by any other occupant or user of the building within which the Leased Facility is situated. TOYOTA shall and does hereby have an affirmative obligation to notify its agents, employees, principals, assigns, subs and invitees of the contents of such School Board Policies and of this Lease Agreement and to assure their compliance therewith, and TOYOTA's indemnification to SBBC under Section 2.38 hereof includes, without limitation, TOYOTA's indemnity to SBBC for any claims, losses or damages resulting from TOYOTA's breach or the breach by its agents, employees, principals, assigns, and invitees of the School Board Policies.

2.55 **Damage by Fire or the Elements.**

a) In the event that the Leased Facility should be totally destroyed by fire, hurricane, tornado or other casualty, or in the event the Leased Facility should be so damaged that rebuilding or repairs cannot be completed within thirty (30) calendar days after the date of such damage, either SBBC or TOYOTA may, at its option, by written notice to the other given not more than thirty (30) calendar days after the date of such fire or other casualty, terminate this Lease Agreement and all sums payable under this Lease Agreement shall be pro-rated accordingly. In during rebuilding or repairs, the sums payable under this Lease Agreement shall be abated effective with the date of such fire or other casualty.

b) In the event the Leased Facility should be damaged by fire, hurricane, tornado, or other casualty covered by SBBC's insurance but only to such extent that rebuilding or repairs can be completed within thirty (30) calendar days after the date of such damage, or if the damage should be more serious but neither SBBC nor TOYOTA elects to terminate this Lease Agreement, then SBBC shall, within thirty (30) calendar days after the date of such damage or such election, commence to rebuild or repair the Leased Facility and shall proceed with reasonable diligence to restore the Leased Facility to substantially the same condition in which they were immediately prior to the happening of the casualty, except that SBBC shall not be required to rebuild, repair or replace any part of the furniture, equipment, fixtures and other improvements which may have been placed by TOYOTA within the Leased Facility. TOYOTA shall, unless such damage is the result of the negligence or willful misconduct of TOYOTA or TOYOTA's employees, agents, principals, contractors, consultants, assigns, TOYOTAs or invitees, allow TOYOTA a fair diminution of any sums payable to SBBC under this Lease Agreement during the time of such rebuilding or repairs. SBBC shall have no obligation to utilize insurance proceeds to rebuild the Leased Facility, and this Lease Agreement shall terminate upon notice to TOYOTA. Any insurance which may be carried by SBBC or TOYOTA against loss or damage to the Leased Facility shall be for the sole benefit of the party carrying such insurance and under its sole control.

2.56 **TOYOTA Safeguarding the Confidentiality of Education Records.** To the extent that TOYOTA receives, is provided access to, or otherwise comes into possession of any "education records," as that term is defined by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g, and its implementing regulations (34 C.F.R. a) Nothing in this Section shall be construed to require SBBC to provide, or TOYOTA to receive, access to any education records, nor to designate TOYOTA as a "school official" for FERPA purposes.

b) In the event TOYOTA receives education records as described above, TOYOTA shall:

   i. Hold such education records in strict confidence and use them solely for the limited purpose for which they were provided;

   ii. Restrict access to such education records to employees with a legitimate need to know;

   iii. Implement reasonable administrative, physical, and technical safeguards consistent with applicable law; and

iv. Promptly notify SBBC upon discovery of any unauthorized access, use, or disclosure of such education records, to the extent required by applicable law.

c) All obligations under this Section are expressly conditioned upon TOYOTA's actual receipt of education records and shall not apply where TOYOTA does not receive or access such records.

2.57 **No Disclosure of SBBC Employee Records**. SBBC shall not disclose any employee records to TOYOTA pursuant to this Lease Agreement. However, should TOYOTA come into contact with employee records during the course of contracted responsibilities, these records shall only be disclosed pursuant to federal and state laws.

2.59 **Assessment of Data Protection Controls**. TOYOTA or any of TOYOTA's subcontractors with access to SBBC data shall provide an attestation stating TOYOTA and/or TOYOTA's subcontractors with access to SBBC data have undergone a third-party assessment of their cybersecurity controls and that the cybersecurity controls being used comply with acceptable cybersecurity standards. This attestation shall be provided to SBBC within ten (10) calendar days after the Effective Date of this Agreement and before the commencement of services by TOYOTA or any of TOYOTA's subcontractors with access to SBBC data under this Agreement. At a minimum, the audit shall show what controls are utilized for all of the following actions:

Upon the occurrence of a default that is not cured during the applicable cure period, this Lease Agreement may be terminated by the non-defaulting party upon thirty {30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial

exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.06. In the event of termination, rent shall be pro-rated up to the date of termination.

3.08 **Annual Appropriation.** The performance and obligations of SBBC under this Lease Agreement shall be contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Lease Agreement, this Lease Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty shall be accrued to SBBC in the event this provision is exercised, and SBBC shall not be obligated or liable for any future payments due or any damages as a result of termination under this section.

3.09 **Excess Funds**. Any party receiving funds paid by SBBC under this Lease Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC.

3.10 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. TOYOTA shall keep and maintain public records required by SBBC to perform the services required under this Lease Agreement. Upon request from SBBC's custodian of public records, TOYOTA shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. TOYOTA shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Lease Agreement's term and following completion of the Lease Agreement if TOYOTA does not transfer the public records to SBBC. Upon completion of the Lease Agreement, TOYOTA shall transfer, at no cost, to SBBC all public records in possession of TOYOTA or keep and maintain public records required by SBBC to perform the services required under the Lease Agreement. If TOYOTA transfer all public records to SBBC upon completion of the Lease Agreement, TOYOTA shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If TOYOTA keeps and maintains public records upon completion of the Lease Agreement, TOYOTA shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC 's information technology systems.

**IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

3.11 **Student Records.** [Intentionally deleted - inapplicable].

3.12 **Entire Lease Agreement.** This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Lease Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.13 **Amendments.** No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Lease Agreement and executed by each party hereto.

3.14 **Preparation of Lease Agreement.** The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Lease Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Waiver.** The parties agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Lease Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Lease Agreement shall not be deemed a waiver of such provision or modification of this Lease Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.16 **Compliance with Laws.** Each party shall comply with all applicable federal and state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities and obligations pursuant to this Lease Agreement.

3.17 **Governing Law and Venue.** This Lease Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. 3.18 **Binding Effect.** This Lease Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.19 **Assignment**. Neither this Lease Agreement or any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Lease Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.20 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Lease Agreement if such performance is prevented by fire, hurricane,

earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure. In the event any of the Leased Facility , or any part thereof, shall be destroyed by fire or any other cause, or if any other casualty or any unforeseen occurrence shall render the fulfillment of this Lease Agreement by either party impossible, then and thereupon, this Lease Agreement shall be modified to exclude the use of the damaged licensed facility until such time as the owning party, at its discretion, returns the facility to an operable condition.

3.21 **Place of Performance**. All obligations of SBBC under the terms of this Lease Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.22 **Severability.** In case any one or more of the provisions contained in this Lease Agreement shall for any reason be held to be invalid, illegal, unlawful, unenforceable or void in any respect, the invalidity, illegality, unenforceability or unlawful or void nature of that provision shall not affect any other provision and this Lease Agreement shall be considered as if such invalid, illegal, unlawful, unenforceable or void provision had never been included

3.23 **Captions**. The captions, section numbers, article numbers, title and headings appearing in this Lease Agreement are inserted only as a matter of convenience and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Lease Agreement, nor in any way effect this Lease Agreement and shall not be construed to create a conflict with the provisions of this Lease Agreement.

3.24 **Authority.** Each person signing this Lease Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Lease Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Lease Agreement.

3.25 **Survival.** All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Lease Agreement.

3.26 **Contract Administration.** SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Lease Agreement. Such actions shall include, but not be limited to, the immediate suspension of the use or occupancy of any or all SBBC Leased Facility as a result of the anticipation of imminent existence or existence of any of the conditions listed in Article 3.20 - Force Majeure - hereinabove.

3.27 **Counterparts and Multiple Originals.** This Lease Agreement may be executed in multiple originals, and may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Lease Agreement.

**EXECUTIVE SUMMARY**

**Recommendation to Approve the First Amendment and Additional Spending Authority with Close Up Foundation, Incorporated AGR25-083 – Rally to the Tally for New Floridians**

---

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve the First Amendment to the Agreement between The School Board of Broward County, Florida (SBBC), and Close Up Foundation, Incorporated for a term that commenced on November 13, 2024, and concludes June 30, 2027, and the additional spending authority of $350,000.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Not Applicable

**District-Zone Impact:** District-wide

**Impact if the Board Voted Yes or No**
**-If the Board votes "Yes":** The School Board's approval will directly support compliance with Title III, Part A, and the Enhanced Instructional Opportunities for Recently Arrived Immigrant Children and Youth Grant. This investment expands civic education access, accelerates English Language Learners' (ELLs) engagement, and deepens students' understanding of Florida US government and community involvement. It will also enhance academic enrichment aligned to Goal 4 of the Strategic Plan—College & Career Readiness/Acceleration—by equipping students with knowledge and confidence to become active, informed citizens.
**-If the Board votes "No":** Failure to approve the Amendment will result in immediate discontinuation of the initiative, placing the District out of compliance with key federal grant requirements. This not only jeopardizes continued Title III and immigrant support funding but also diminishes equitable access to high-quality civic engagement experiences for English Language Learners, potentially widening achievement and engagement gaps for a vulnerable student population.

**Background/History**
On Wednesday, November 13, 2024, SBBC approved AGR25-083 – Rally to the Tally for New Floridians between Close Up Foundation, Incorporated and SBBC, for two (2) one (1) year extensions through a written amendment to the Agreement, starting November 13, 2024, through June 30, 2027.

This Amendment will extend the event to sponsor eligible middle school students in grades 6th - 8th and high school students in grades 9th - 11th to attend a civic, government, and youth policy program and exhibition in Tallahassee and Broward County. All students will have access to resources and materials to help prepare for the event. Close Up will provide curriculum design, program implementation, logistics, services, speakers, educational resources, and materials.

Broward County Public Schools (BCPS) serves one of the most diverse student populations in the nation, with over thirty-two thousand (32,000) English Language Learners (ELLs) representing more than one hundred fifty (150) countries and ninety (90+) languages. As part of the District's Strategic Goal 4 – College & Career Readiness/Acceleration – BCPS is committed to providing academic enrichment and civic engagement opportunities that empower all students to succeed, particularly those who are newly arrived in the U.S. and navigating the complexities of a new educational and social system.

The Rally to the Tally for New Floridians is a nationally recognized initiative supported through Title III, Part A, and the Enhanced Instructional Opportunities for Recently Arrived Immigrant Children and Youth Grant. This initiative enhances students' knowledge of civic processes, government structure, and the legislative process through hands-on, standards-aligned experiential learning. It fosters a sense of agency and inclusion among youth, many of whom may feel disconnected from their new environment.

Historically, this program has resulted in improved student self-efficacy, increased classroom participation, and greater family engagement among ELLs. It also directly supports compliance with ESSA Title III requirements by integrating academic instruction with language development and cultural integration. In prior years, the program has been used as a model by other large urban Districts due to its effectiveness in addressing the academic and social-emotional needs of immigrant students.

BCPS's approval and implementation of this initiative demonstrates the District's proactive investment in closing opportunity gaps and ensuring that all students are prepared to thrive as active, informed citizens of Florida and the United States.

Original Term: November 13, 2024, through June 30, 2027; First Amendment Term: February 10, 2026, through June 30, 2027; Emerging/Small/Minority/Veteran/Women Business Enterprise Vendor(s): None.

**Alignment to 2027 Goals and Guardrails**
Goal 4: College & Career Readiness/Acceleration

**Measurable Outcome(s)/Return on Investment**
By June 2026 and 2027, middle and high school students attending Rally to the Tally will show an increase of five percent (5%), as evidenced by the pre-and post-surveys.

By June 2026 and 2027, middle and high school students attending Rally to the Tally will show a growth in their understanding of government, policies, and issues pertaining to their community, as evidenced by the pre- and post-surveys.

**Financial Impact, Funding Source & Budget Status**
The additional spending authority requested is $350,000 and is funded by Title III, Part A, and the Enhanced Instructional Opportunities for Recently Arrived Immigrant Children and Youth Grant. The new total award amount will be $1,025,000.

(d) Auto Liability. Close Up shall have and maintain Owned, Non-Owned and Hired Auto Liability insurance with Bodily Injury and Property Damage with limits of not less than $1,000,000 Combined Single Limit. If Close Up does not own any vehicles, it shall have and maintain hired and non-owned automobile liability coverage in the amount of $1,000,000. In addition, an affidavit signed by Close Up must be furnished to SBBC stating the following: Close Up does not own any vehicles. If Close Up acquires any vehicles during the term of the Agreement, Close Up agrees to provide proof of "Any Auto" coverage effective as of the date of vehicle acquisition."

(e) Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

(f) Verification of Coverage. Proof of the required insurance must be furnished by Close Up to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. To streamline this process, SBBC has partnered with EXIGIS Risk Management Services to collect and verify insurance documentation. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences in order to permit Close Up sufficient time to remedy any deficiencies. Close Up must verify its account information and provide contact details for its Insurance Agent via the link provided to it by email.

(g) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

1) The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2) All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

3) Certificate Holder: The School Board of Broward County, Florida, c/o EXIGIS Risk Management Services, P.O. Box 4668-ECM, New York, New York 10163-4668.

(h) Cancellation of Insurance. Close Up is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(i) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.19 **Equal Opportunity Provision.** The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.20 **Certification Regarding Scrutinized Activities.** Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by Close Up that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Close Up further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Close Up acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. Close Up further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option

if Close Up (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is One Million Dollars and 00/100 Cents ($1,000,000) or more, the Agreement may be terminated at SBBC's option if Close Up is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.21 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.22 **Excess Funds.** Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.23 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of

confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.24 **Incorporation by Reference**. **Attachments A, B, C,** and **D** attached hereto and referenced herein are incorporated into this Agreement by reference.

## ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every

such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and

without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival.** All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

**IN WITNESS WHEREOF**, the parties hereto have made and executed this Agreement upon the date of the last signature below.

## VII. TERMS & CONDITIONS FOR PARENTS/GUARDIANS & STUDENTS

I, the parent or guardian of the student ("Participant") submitting this enrollment, request that Participant be allowed to participate on your program and agree to these terms:

### 1. CAPABILITY TO PARTICIPATE

I understand that Close Up's program will require Participant to interact with students and Close Up staff in a variety of settings. Participant will engage in structured academic activities and "live and learn" with students who may be from other schools across the county.

On occasion, Participant may be directed by the instructor to leave the group and to explore an educational stop (i.e. at a museum) on their own or in a small group. It is the responsibility of Participant to follow instructions on the meeting time and location and take actions necessary to rejoin the group. Participant is ready to travel and is willing and able to meet these obligations, to treat everyone with respect, and to follow Close Up's rules of conduct at all times.

### 2. RULES OF CONDUCT ON PROGRAM

Participant shall: (a) show respect at all times during the program, including to students, teachers, Close Up staff, presenters, vendors, and digital communications; (b) be in Participant's hotel room before curfew; and (c) participate in all scheduled program activities unless previously excused by Close Up. Students shall not: (a) enter a hotel room not assigned to them; (b) leave program or have visitors without prior written permission from parents; or (c) possess or use alcoholic beverages, illicit drugs, or firearms or weapons of any kind. Close Up also prohibits the student use of any tobacco products or electronic nicotine delivery systems (e.g. e-cigarettes) while in Close Up hotels or participating in any component of the Close Up program.

I understand if Participant violates any of these rules as determined by Close Up, this violation will result in consequences up to and including expulsion. If expelled from the program, I authorize Close Up to send Participant home at my expense and with no refund due.

### 3. ROOMING ON PROGRAM

Students on Close Up are housed four to a room with students from their own school. It is Close Up's standard practice to room students by gender and/or gender identity. Close Up will work with schools to encourage and arrange rooming accommodations that protect and respect all students. Close Up uses hotel rooms that contain two double beds. In most circumstances, two students are expected to share each bed. If a school does not have multiples of four, students may have to room with students from a different school. Students from different schools will not share a bed. Close Up rooming policies are subject to change.

### 4. TRAVEL INSURANCE

Close Up has partnered with Travel Guard Group, Inc., which offers travel insurance plans. Participants should consult Travel Guard for detailed information about coverage options and their terms of service. If you have purchased travel insurance through Travel Guard and are no longer participating in a Close Up program, you must cancel your trip and inform Travel Guard of the trip cancellation prior to the departure date.

### 5. VALUABLES

Participant is advised to leave valuables at home. Participant may share hotel rooms, meeting space, and buses with students from other schools and communities. Close Up is not liable for lost or stolen items or for any use of personal property, such as Participant's cell phone, even if such use is by other program participants.

### 6. CELL PHONES AND ELECTRONIC DEVICE

I understand that the Close Up program depends on groups of students working together in various learning environments and that use of cell phones, tablets, and/or other similar devices during such times interferes with learning opportunities. Thus, Participant shall turn off their cell phone, tablet, and/or similar devices when requested by their instructor or program leader. In addition, Participant may not record video of participants or staff without consent to do so while on the Close Up program. Failure to comply with either of these policies is considered a violation of the Close Up respect rule.

**7. PHOTOS AND LIKENESS**

I consent to the use of, in any medium, Participant's name, likeness, audio, video, photograph, or quotes, including posting the same on Close Up's website or social media. Close Up may use Facebook, Twitter, Instagram, or other social media outlets to interact with Participant regarding issues related to the program. I understand and consent to this use of social media by and with Participant.

**8. DAMAGES**

I assume liability and full responsibility to pay for any and all damage to Close Up property or property of any Close Up vendors such as hotels, restaurants, seminar rooms, or buses caused by Participant while on program. Hotel damage includes, but is not limited to, cleaning charges for Participant's room in which there has been smoking as determined by the hotel while the Participant was on program. I will pay any and all charges for damage caused by Participant in accordance with the damaged vendor's policies.

**9. MEDICAL**

Participant must bring the following documents on a Close Up program: (1) a completed Medical Questionnaire Form; (2) a signed Consent for Treatment Form; and (3) their health insurance card or a copy of the front and back of the card (if the participant has health insurance). Participants are not required to have health insurance in order to participate in a Close Up program. If Participant, in the opinion of Participant's teacher or Close Up or its delegate, needs medical consultation or treatment, I authorize such consultation or treatment and authorize release of information as deemed necessary to treat Participant and to assist with related insurance matters. I authorize all medical providers to bill my insurer directly using the information included in the health insurance card I provided.

**10. MEDICATION AND DIETARY NEEDS**

Participant is responsible for their recurring medical treatments and medication without Close Up supervision. All medications, injections, or other treatments must be monitored and administered by the Participant. I will notify Close Up in advance of all medication that needs to be refrigerated. I understand that while Close Up will take reasonable measures to assist with dietary needs, Close Up cannot control or guarantee the contents of food products during travel. Participants with dietary allergies are ultimately responsible for inspecting all food for ingredients related to the allergy. Further, I understand that Close Up does not provide medical care, but that Close Up will help Participant get access to quality medical care should Participant require it while on program.

**11. GENERAL TRANSPORTATION AND PROGRAM SERVICES**

**CLOSE UP RESPONSIBILITIES - LIMITS**

Close Up aims to give each of our participants the best possible customer service and attention. All participants on a Close Up program should be aware that, in arranging transportation (including airline transportation), restaurants, hotels, and other accommodations or any other service, Close Up and its employees, booking agents, suppliers, and affiliates are acting only as an agent for the Participant. Close Up assumes no liability or responsibility for any accident, death, personal injury, illness, property damage, delay, or other loss or expense of any nature. All airline carriers, motor coach companies, hotels, restaurants, museums, or other persons and/or suppliers providing services to Close Up for our programs are independent contractors.

**SUPPLIER AGREEMENTS**

Close Up does not own, manage, control, run, or operate any transportation (including airline carriers and motor coach companies), hotel, restaurant, or any other supplier of services connected to our program. All program services are subject to the terms and conditions specific to the supplier of such service and to the laws in which the services are supplied.

**12. HOTEL**

Close Up is not liable for lost or stolen items from said storage room or for any use of personal property.

**13. DISCLOSURE**

I authorize Close Up to share all information on Participant's application with Close Up employees or their delegates whenever helpful to performing their duties.

**14. STUDENT SURVEY**

I authorize Participant to be a part of a pre- and post-program evaluation study of civic knowledge. All information collected in connection with this survey is confidential.

**15. CERTIFICATION**

I certify that all information on this application and any attachment is correct and I agree to advise Close Up in writing of all changes to the information that might occur between now and Participant's program start date.

☐ I have read and agree to the Close Up Foundation's terms and conditions.

CLOSE UP
WASHINGTON DC

# AUTHORIZATION AND RELEASE FROM LIABILITY

Close Up Foundation ("Close Up") is committed to providing a safe, memorable, and educational experience for all participants. As Close Up continues its restart of in-person programming, our policies, schedules, health/ safety protocols, and other components of program may be changed, modified, and/or replaced.

The undersigned is an adult participant on program or the Parent(s)/Legal Guardian(s) ("Parent") of a student who will be participating on in-person Close Up programming. In consideration for my or my Student's involvement in Close Up programming, I confirm agreement to the general Close Up Terms and Conditions and hereby agree to the following terms and conditions. Close Up reserves the right to modify this document as conditions warrant. In this Authorization and Release from Liability, adult participant and student participant may be referred to individually as "Participant" and collectively as "Participants".

1. **Voluntary Participation:** I understand that Participant's involvement in any Close Up program is entirely voluntary.

2. **Health Emergency Acknowledgement:** I understand that the COVID-19 Public Health Emergency is currently on-going. I understand that COVID-19 is an extremely contagious disease that can lead to severe illness and death, and that no list of restrictions, guidelines, or practices will remove 100% of the risk of exposure to COVID-19, as the virus can be transmitted by persons who are asymptomatic, and before some people show signs of infection.

3. **Inherent Risk Acknowledgement:** I understand that there is an inherent risk of exposure to COVID-19 during travel and in any public place where other people are present. I understand that Participant may touch shared surfaces, share a sleeping room with other participants, and participate in both indoor and outdoor activities with other participants. I acknowledge that Close Up and its vendors have instituted safety and health guidelines consistent with federal, state and local health agency recommendations but cannot guarantee that all participants will follow all protocols set out in these recommendations. I acknowledge that Close Up will not be confirming the vaccination status of participants prior to participation.

4. **Assumption of Risk:** Despite the protocols and procedures in place to mitigate the transmission of COVID-19 on Close Up, I understand and acknowledge there are inherent risks for the Participant. These risks include, but are not limited to exposure to COVID-19, becoming infected with COVID-19, or becoming a symptomatic or asymptomatic carrier of the virus. I understand that Participant's possible exposure to COVID-19 may result in Participant spreading the infection to other family members or other persons. I recognize that if Participant receives a positive diagnosis of COVID-19 while on Close Up, or if Participant is notified of COVID-19 exposure within 10 days before their Close Up trip, during their Close Up trip, or after their Close Up trip, they may encounter extended quarantine/self-isolation, additional tests, medical care, hospitalization, other potential complications, and the risk of death. I hereby acknowledge and assume the risks of Participant becoming infected with COVID-19 as a result of participation on a Close Up program.

5. **Waiver and Release of Liability:** I understand and agree that travel and participation in Close Up creates the risk of accident, illness, or injury. I further understand that Participant is subject to the procedures and operations of public vendors, including airlines, and assumes the risk inherent thereto. As discussed above, participation in Close Up during the duration of the COVID-19 pandemic creates the specific risk that Participant could be exposed to and/or infected by COVID-19. I release Close Up, its Board, Officers, employees, and agents from all claims, liability, and damages that Participant may have for personal injuries, illnesses, medical expenses, or other loss resulting from Participant's involvement in Close Up, including

those pertaining to exposure to or illness from COVID-19. I agree that this release includes personal injury, illness, medical expenses, or other losses caused by or resulting from negligence, active or passive, of Close Up, its Board, Officers, employees, and agents however, the release does not apply to liability for gross negligence, willful injury, or fraud, and is not intended to release Close Up insurers, if any, or non-agent third parties of any responsibility for any claims that may otherwise be asserted.

6. **Program Modifications:** I understand and accept that Close Up reserves the right to make modifications to the original program schedule to comply with local/state/federal laws, restrictions, and guidance, as well as to adhere to safety protocols and procedures put in place by Close Up, venues, or vendors.

7. **Mask Policy:** Masks are strongly recommended, but not required for all Close Up participants and staff. Masks will be required during all components in locations where masks are required. Close Up will provide masks to participants, if desired. Any changes to this policy will be made in accordance with local, state, and federal guidance and other best practices and will be communicated to Close Up Trip Coordinators as well as posted on Close Up's website.

8. **Adherence to Safety and Health Guidelines:** I acknowledge that Close Up has implemented enhanced safety protocols and reserves the right to implement further prudent and reasonable preventative protocols, policies, and procedures designed to reduce the spread of COVID-19 during Participant's involvement in a Close Up program. I have discussed this with Participant and acknowledge the importance of the shared responsibility to adhere to these protocols in order to reduce the risks of contracting or spreading the virus while Participant is on a Close Up program. I acknowledge and agree that Participant will abide by such guidelines, including but not limited to mask-wearing, hand-washing/sanitizing, physical distancing, and reporting any symptoms of COVID-19 that Participant may experience to Close Up staff immediately.

9. **Close Up COVID-19 Protocols:** I understand that Close Up reserves the right to make a number of programmatic changes, adjustments, and modifications as a result of the ongoing COVID-19 pandemic. I have read the Close Up Foundation COVID-19 Protocols document, and understand that Close Up will adhere to the safety guidelines laid out in that document. **I understand that I may incur significant costs if Participant is required to quarantine due to a positive COVID-19 test. I understand that if Participant is required to be quarantined, I will arrange for supervision and/or take custody of Participant at Close Up's program hotel within 24 hours of notice.** I understand that Close Up, in conjunction with its medical partners and local health officials, will make a determination of who is considered exposed to COVID-19 and will be required to take precautions. I understand that the Close Up Foundation COVID-19 Protocols document may be updated, and that I am responsible for reviewing updates posted to the Close Up Foundation COVID-19 Protocols.

10. **Testing and Vaccination:** It is possible Participant is already an asymptomatic carrier of the virus and that the Participant may infect other students, employees, or other individuals on Close Up. Therefore, I understand that Close Up strongly recommends that Participant a) be fully vaccinated against COVID-19 prior to their program start date, and b) take a COVID-19 rapid test 24 hours prior to departure and recieve a negative result. Participant should consult with their personal physician regarding travel protocols, testing, and risks associated with travel. I also understand that I am responsible for ensuring that Participant follows reasonable and/or necessary protocols upon returning home from a Close Up program.

11. **Eligibility to Participate on Close Up:** I confirm that Participant a) has not tested positive for COVID-19 in the 10 days before travel; and b) has not experienced COVID-19 symptoms in the 10 days before travel. If I cannot confirm any and all of requirements (a) through (b), Participant is not eligible to participate in a Close Up in-person program. **I will alert our Trip Coordinator and Close Up staff immediately if I am informed of any new information that would change Participant's eligibility to participate.**

12. **Centers for Disease Control and Prevention Information:** I have reviewed applicable current information regarding COVID-19 and precautionary measures published by the Centers for Disease Control and Prevention

(https://www.cdc.gov/coronavirus/2019-ncov/index.html), as well as state and local health departments, and am permitting the Participant to participate in Close Up activities with a full understanding of such information. I acknowledge that I have discussed this information with Participant, who agrees to participate on Close Up activities with an understanding of this information.

13. **Miscellaneous:** The releases contained within this Authorization and Release from Liability are for the benefit of Close Up and are binding on the Participant, Parents/Guardians, their heirs, beneficiaries, legal representatives, executors, administrators, and assigns. This Authorization and Release from Liability shall be governed by the laws of the State of Virginia. If any clause, sentence, paragraph or other provision of this Authorization and Release from Liability is, for whatever reason, deemed void, or otherwise unenforceable, then such language shall be severed and the rest of the Authorization and Release from Liability shall remain in full force and effect.

By signing this Authorization and Release from Liability, **I acknowledge and represent that I have read the Authorization and Release from Liability, fully understand it, and agree to its provisions as a condition for participation in a Close Up program,** and sign it voluntarily as my own free act on behalf of myself, and, if applicable, as the Parent or Legal Guardian of the Participant, on behalf of the Participant. Each Parent/Guardian should sign this Authorization and Release from Liability; however, it may be signed by a single Parent or Guardian who has the authority to enter such agreements on behalf of the Participant and/or the consent of all other Parents or Guardians to do so. The submission of the Authorization and Release from Liability with the signature of a single Parent/Guardian will constitute the representation of that Parent/Guardian that they have the necessary authority and consent. ## V. TERMS & CONDITIONS FOR ADULTS

### 1. ADULT/TEACHER PARTICIPATION

I understand that I am on program to observe and collaborate with Close Up staff who will serve as instructors and chaperones to the students.

### 2. STUDENT PARTICIPATION

I understand the Close Up program requires a level of education, maturity, and independence of all student participants. I confirm that my students are comfortable with the noise and crowds in Tallahassee, FL, and/or other program locations and are capable of engaging with students from different parts of the county (as applicable); keeping up with the rigorous physical and academic demands of program (8:00am - 10:00pm each day); riding a charter bus throughout the week; participating in discussions on public policy issues, history, and government with their peers throughout the day; attending seminars; and following instructions on where and when to meet instructional staff for workshops, seminars, monument study time, public transportation (as applicable), and meals.

I have informed my students that they are expected to follow Close Up rules and policies at all times. In addition to those set out above, these rules and policies further include; (a) showing respect at all times during the program, including to students, teachers, Close Up staff, presenters, vendors, and digital communications; (b) being in their hotel room before curfew; and (c) participating in all scheduled program activities unless previously excused by Close Up. Students shall not: (a) enter a hotel room not assigned to them; (b) leave program or have visitors without prior written permission from me and their parents/guardians; or (c) possess or use alcoholic beverages, illicit drugs, firearms, or weapons of any kind. Close Up also prohibits the student use of any tobacco products or electronic nicotine delivery systems (e.g. e-cigarettes) while in Close Up hotels or participating in any component of the Close Up program.

I agree to be available to assist with my students' compliance in these matters as appropriate, including but not limited to, the occurrence of a violation of the Close Up rules and policies by any of my students. I further agree that in the event of any non- compliance with Close Up rules and policies, I will be available to facilitate communication with my students' parents or legal guardians and school.

I understand if any of my students violate any of these rules as determined by Close Up, this violation will result in consequences up to and including expulsion. If expelled from the program, Close Up will send the student home at the student's/parent's/legal guardian's expense with no refund due.

### 3. VALUABLES

I acknowledge that Close Up is not liable for any lost or stolen personal items and understand my students and I may share hotel rooms, meeting space, and buses with participants from other schools/communities. Therefore, I will advise my students to leave valuables at home and assume any risk should I choose to bring valuables on program.

Close Up is not liable for any use of personal property, such as cell phones, even if such use is by other program participants. I understand that Close Up's program depends on groups of students working together in various learning environments and that use of cell phones, tablets, and/or other similar devices during such times interferes with learning opportunities. Thus, I will advise my students to keep their cell phones, tablets, and similar devices turned off at all times during program. The exception to this rule is if the instructor specifically authorizes students to use their phone or electronic device. I will also advise my students that they may not record video of participants or staff without consent to do so while on the Close Up program. I understand that failure to comply with either of these policies is considered a violation of the Close Up respect rule.

### 4. PHOTOS AND LIKENESS

I consent to the use of, in any medium, my name, likeness, audio, video, photograph, or quotes, including posting the same on Close Up's website or social media. Close Up may use Facebook, Twitter, Instagram, or other social media outlets to interact with me regarding issues related to the program. I understand and consent to this use of social media by and with me.

## 5. DAMAGES

I assume liability and full responsibility to pay for any and all damage to Close Up property or property of any Close Up vendor such as hotel, restaurant, seminar room, or bus I have caused while on program. Hotel damage includes, but is not limited to, cleaning charges for my room in which there has been smoking as determined by the hotel while I was on program. I will pay any and all charges for damage caused in accordance with the damaged vendor's policy.

## 6. MEDICAL

I understand that Close Up does not provide medical care to any program participant (student or adult), and I confirm I have informed my students and their parents or legal guardians of this policy. Rather, in the event of illness or accident, Close Up provides access to Georgetown University Hospital Department of Pediatrics and/or local medical facilities. I will instruct each of my students to bring the following three items, as required, while on the Close Up program: (1) a completed Medical Questionnaire Form; (2) a signed Consent for Treatment Form; and (3) their health insurance card or a copy of the front and back of the card (if the participant has health insurance). Participants are not required to have health insurance in order to participate in a Close Up program.

Additionally, if a student needs recurring medical treatments and/or medication, I understand the student is responsible for these treatments and/or medication without Close Up supervision. All medications, injections, or other treatments must be monitored and administered either by me or the student. I will notify Close Up in advance of all medication that needs to be refrigerated. I understand that while Close Up will take reasonable measures to assist with dietary needs, Close Up cannot control or guarantee the contents of food products during travel. Students and adults with dietary allergies are ultimately responsible for inspecting all food for ingredients related to the allergy.

In the event of a medical emergency involving one of my students, I agree to be available to accompany my student to the medical care facility if necessary, facilitate communication with my student's parents/legal guardians and school concerning my student's status, and complete any other activity as required until my student is able to fully participate in the Close Up program.

## 7. GENERAL TRANSPORTATION AND PROGRAM SERVICES

### MODIFICATION TO TRAVEL TERMS AND CONDITIONS

Close Up reserves the right to correct any errors or omissions in its published materials and to amend these Travel Terms and Conditions at any time. All amended Travel Terms and Conditions shall automatically be effective upon being posted by Close Up to our website CloseUp.org.

Close Up participants should check their accounts at CloseUp.org prior to travel to ensure they are up to date on any changes.

### CLOSE UP RESPONSIBILITIES - LIMITS

Close Up aims to give each of our participants the best possible customer service and attention. All participants in a Close Up program should be aware that, in arranging transportation (including airline transportation), restaurants, hotels, and other accommodations or any other service, Close Up and its employees, booking agents, suppliers, and affiliates are acting only as an agent for the participant. Close Up assumes no liability or responsibility for any accident, death, personal injury, illness, property damage, delay, or other loss or expense of any nature. All airline carriers, motor coach companies, hotels, restaurants, museums, or other persons and/or suppliers providing services to Close Up for our programs are independent contractors.

### SUPPLIER AGREEMENTS

Close Up does not own, manage, control, run, or operate any transportation (including airline carriers and motor coach companies), hotel, restaurant, or any other supplier of services connected to our program. All program services are subject to the terms and conditions specific to the supplier of such service and to the laws in which the services are supplied.

## 8. HOTEL

Close Up is not liable for lost or stolen items from said storage room or for any use of personal property.

**9. ADULT ROOMING**

Adults are placed in double rooms (a hotel room with two double beds) with another adult of the same gender at random from the entire program group, unless a roommate has been provided before the program start date. I understand that this means I may be rooming with an adult from another school/community while on Close Up.

Adults may request a single room at an additional cost. That cost varies depending on the length of program. The cost and option to select a single room will be provided to you upon completion of your enrollment form. I understand that cost must be paid in full before my program start date.

**10. WEAPONS AND FIREARMS**

I understand that the possession or use of a firearm or any other dangerous weapon by me or any adult or student participant on any component of or activity related to program is strictly prohibited.

**11. APPROVALS**

I have obtained all the approvals needed to bring students on program.

**12. DISCLOSURE**

I authorize Close Up to share the information on my students' and my enrollment and related forms with Close Up employees or their designees whenever helpful to performing their duties.

**13. BACKGROUND CHECKS**

I attest that I have undergone a background check for criminal records consistent with the requirements of the school district, which is current and does not provide any reason to prohibit me from chaperoning student participants on the Close Up program.

**14. CERTIFICATION**

I certify that all information on this form and any attachment is correct and I agree to advise Close Up in writing of all changes to such information that might occur between now and the program start date.

A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

2.24.2 If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. 3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. 3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

The language agreed to herein expresses their

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

**AGR26-192 - Health Insurance Cost Reduction Implementation Services**

---

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve the Agreement between The School Board of Broward County, Florida (SBBC), and PGV Advisors (PGV), and the spending authority in the amount of $120,000. Initial contract term, April 1, 2026, through March 31, 2027.

**School Board Policy Requirement/Authority:** Pursuant to the professional services exemption of Section 6A-1.012(11)(a), Florida Administrative Code, and Part III-D of SBBC's School Board Policy 3800.

**Statutory Requirement/Authority:** Not Applicable

**District-Zone Impact:** District-wide

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** The awarded vendor, PGV Advisors will assist District Benefits staff with pursing and implementing GLP-1 Weight Loss Management, Disease Management and Pharmacy Services carve-out opportunities.
**- If the School Board votes "No":** The Board will miss the opportunity to pursue the carve-out of GLP-1 Weight Loss Drugs, Disease Management, focused on chronic disease prevention and Pharmacy Services, which will result in lost cost savings opportunities to the District's Medical Plan.

**Background/History**
Utilizing the professional services exemption outlined in Section 6A-1.012(11)(a) of the Florida Administrative Code, along with Part III-D of SBBC's School Board Policy 3800, the District will be able to streamline the acquisition of expert consulting and advisory support. This approach will allow the Board to address complex needs, such as health insurance cost reduction and benefits optimization in specific areas, without undergoing traditional competitive bidding processes, thereby ensuring timely and effective solutions for its employees and the Board.

**Alignment to 2027 Goals and Guardrails:**
Business Operations

**Measurable Outcome(s)/Return on Investment:**
The expected outcomes or benefits include the following:

- Enhanced Utilization Management and Cost Containment
- Support for Plan Sustainability
- Reduced GLP-1, Disease Management and Pharmacy Cost Trend

| **Total Agreement Amount** | | | | **$120,000** | |

- Forty percent (40%) once all negotiations are completed and Agreements have been executed
- Remaining fifty percent (50%) to be paid, based on actual realized savings, calculated and settled on a quarterly basis to ensure transparency and alignment with actual results through the end of the first year.

The financial impact amount represents an estimated Agreement value; however, the amount authorized will not exceed the estimated Agreement award amount. A supplemental Board action will be brought forward to authorize cost sharing payment.

PGV will perform its services in conformity with the terms expressly set forth in this MSA, including all applicable professional standards. Accordingly, PGV's services shall be evaluated solely on their substantial conformance with such terms and standards. Any claim of nonconformance must be clearly and convincingly shown.

If because of a change in SBBC's status or due to any other reason, any provision in this MSA would be prohibited by, or would impair PGV' independence under, laws, regulations, or published interpretations by governmental bodies, commissions, or other regulatory agencies, such provision shall, to that extent, be of no further force and effect and the MSA shall consist of the remaining portions.

**EXHIBIT A - GENERAL BUSINESS TERMS AND CONDITIONS**

1. **Services**. It is understood and agreed that PGV Advisors, LLC ("PGV") services ("Services") may include advice and recommendations, but all decisions in connection with the implementation of such advice and recommendations shall be the responsibility of, and made by, SBBC.

2. **Payment of Invoices.** SBBC agrees to pay properly submitted invoices within thirty (30) calendar days of the invoice date, or such other date as may be specified in the Engagement Letter to which these General Business Terms and Conditions are attached (the "MSA"). Capitalized terms not defined herein shall bear the meanings ascribed to them in the MSA. Without limiting its rights or remedies, PGV shall have the right to halt or terminate entirely its Services until payment is received on past due invoices. If SBBC objects to all or any portion of any invoice, SBBC shall notify PGV, stating the reasons for the objection. SBBC shall be entitled to withhold payment of any amounts in dispute or for cause including, but not limited to (1) nonconforming Services not remedied, (2) damage caused by PGV, its subcontractors or agents during the performance of the Services to the property of SBBC, another contractor or other third party, (3) a breach of any provisions of this engagement, or (4) for claims made by PGV's subcontractors or agents for amounts due but not paid by PGV, or for which a lien has been filed against SBBC's property. The parties shall immediately make good faith efforts to settle any disputed portion of the invoice. Upon removal or cure of such cause, sums withheld shall be paid to PGV. Final payment of any amount due shall be made following completion or termination of the Services, completion of the actions set forth in Section 3(a)-(d) below, and receipt by SBBC of PGV's invoice covering such final payment.

3. **Term.** Unless terminated sooner in accordance with its terms, this engagement shall terminate on the completion of the Services hereunder. This engagement may be terminated by either party at any time by giving written notice to the other party (i) not less than thirty (30) calendar days before the effective date of termination or (ii) immediately, by giving written notice of such termination to the other party if such other party shall be adjudicated bankrupt, become insolvent, have a supervisor, conservator, or receiver of its assets or property appointed or make a general assignment for the benefit of creditors, or institute or cause to be instituted any proceeding in a bankruptcy or reorganization or rearrangement of its affairs. In the event of such termination, SBBC agrees to pay PGV for time charges at standard hourly rates and expenses incurred to the date of termination to the extent the amount so computed exceeds payments previously made by SBBC for the engagement; provided, however, that such Services had previously been approved by SBBC. Upon expiration or termination of the MSA for any reason, or at any other time upon the SBBC's written request, PGV shall within five (5) business days after such expiration or termination:

   a) deliver to SBBC all Deliverables (as defined in paragraph 4(b)) (whether complete or incomplete) and all hardware, software, tools, equipment or other materials provided for PGV's use by SBBC;

   b) deliver to SBBC all tangible documents and materials (and any copies) containing, reflecting, incorporating or based on the confidential information;

   c) permanently erase all the Confidential Information (defined below) from PGV's computer systems; and

   d) Certify in writing to SBBC that PGV has complied with the requirements of this section.

**Ownership.**

a) **PGV Technology.** PGV has created, acquired or otherwise has rights in, and may, in connection with the performance of Services hereunder, employ, provide, modify, create, acquire or otherwise obtain rights in, various concepts, ideas, methods, methodologies, procedures, processes, know-how, and techniques (including, without limitation, models; templates; the generalized features of the structure, sequence and organization of software; user interfaces and screen designs; general purpose consulting and software tools, utilities and routines; and logic, coherence and methods of operation of systems) (collectively, the "PGV Technology").

b) **Ownership of Deliverables.** Except as provided below, upon full payment of the respective Services provided to PGV hereunder up to the date of termination, whether such Services were terminated upon completion of the Services or if the Services were earlier terminated by SBBC, SBBC is and shall be, the sole and exclusive owner of all right, title and interest throughout the world in and to all the results and proceeds of the Services performed under the MSA (collectively, the "Deliverables"), including all patents, copyrights, trademarks, trade secrets and other intellectual property rights (collectively "Intellectual Property Rights") therein. PGV agrees that the Deliverables are hereby deemed a "work made for hire" as defined in 17 U.S.C. § 101 for SBBC. If, for any reason, any of the Deliverables do not constitute a "work made for hire," PGV hereby irrevocably assigns to SBBC, in each case without additional consideration, all right, title and interest throughout the world in and to the Deliverables, including all Intellectual Property Rights therein. Any assignment of copyrights under the MSA includes all rights of paternity, integrity, disclosure and withdrawal and any other rights that may be known as "moral rights" (collectively, "Moral Rights"). PGV hereby irrevocably waives, to the extent permitted by applicable law, all claims PGV may now or hereafter have in any jurisdiction to any Moral Rights with respect to the Deliverables. To the extent that any PGV Technology is contained in any of the Deliverables, PGV hereby grants SBBC, upon full and final payment to PGV hereunder, a royalty-free, fully paid-up, worldwide, non-exclusive license to use such PGV Technology in connection with the Deliverables.

4. **Limitation on Warranties.** THIS IS A SERVICES ENGAGEMENT. PGV WARRANTS THAT IT WILL PERFORM SERVICES HEREUNDER IN A PROFESSIONAL MANNER, IN GOOD FAITH AND IN CONFORMANCE WITH ALL APPLICABLE LAWS AND CODES. PGV DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

5. **Liability.** This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

(a) By SBBC. SBBC agrees to be fully responsible up to the limits of Section 768.28, Florida Statutes, for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable, up to the limits of Section 768.28, Florida Statutes, for any damages resulting from said negligence.

(b) By PGV. PGV agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses (collectively, "Claims") including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or

become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by PGV, its agents, servants, or employees; the equipment of PGV, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of PGV or the negligence of PGV's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by PGV, SBBC, or otherwise.

(c) Settlement of Claims. SBBC shall permit PGV to defend or settle any such Indemnity Claims, provided; however, that (i) PGV shall not enter into any settlement agreement that would result in any admission by SBBC or payment by SBBC without SBBC's prior written consent, and (ii) SBBC may at its election participate in the defense of such claim, suit or the like through separate counsel at its own expense. SBBC agrees to provide PGV all reasonable assistance (at the expense of PGV) in connection with the defense or settlement of any such Indemnity Claim.

PGV represents that it has entered into agreements with all of its employees and applicable subcontractors or agents requiring them not to disclose any Confidential Information. PGV shall limit internal dissemination of SBBC's and/or its affiliates' and/or subsidiaries' Confidential Information to those PGV employees and contract employees needing to know the information for the purpose of providing the Services which are the subject of this engagement, and then only if there is a clear understanding by such individuals of their obligation to maintain the confidential status of such Confidential Information and to restrict its use solely to performing professional Services for SBBC and/or its affiliates and/or subsidiaries pursuant to this engagement. Where the individual is a contract employee of PGV, SBBC reserves the right to request such contract employee enter into a confidentiality agreement directly with SBBC in a form acceptable to SBBC and containing terms not less strict than required hereunder. No right or license, express or implied, under any patent, patent application, technical information or other intellectual property of SBBC is granted herein. In the event that PGV is served with any legal process, administrative request for information, or any other third party request for Confidential Information, PGV further agrees that it will immediately notify SBBC, and that it will not disclose or release any such Confidential Information to any third party, including a governmental entity, until such time as SBBC has had the opportunity to review the request for information and either provide its written permission for PGV to respond and/or for SBBC to take

efforts to protect its interests in said information by seeking a protective order or similar relief. The provisions of this Article shall survive the expiration or earlier termination of this engagement.

Confidential information may include but shall not be limited to: technical data or know-how relating to discoveries, ideas, inventions, concepts, software, equipment, designs, drawing, specifications, demonstration or test scripts, content under development, unpublished patent applications, techniques, processes, models, data, documentation, diagrams, flow charts, research, development, business plans or opportunities, business strategies, future projects, products or services, projects, products or services under consideration, procedures, trade secrets, purchasing information, business ideas or concepts, computer systems information, computer software, strategy, marketing methods, information related to finances, costs, pricing, vendors, customers, employees, account transactions, owner, renter or purchaser information; to include personal information, owner, renter or purchaser prospect lists, including but not limited to any lists of persons provided to PGV or any other information to which PGV gains access during the performance of the MSA whether before, on, or after the date hereof, directly or indirectly, in writing, orally, or by drawings or inspection of equipment or software, to the other party or any of its employees or agents. PGV acknowledges that this MSA is subject to the Public Records laws of the State of Florida. If PGV wishes to assert any confidentiality over any of its communications with SBBC, PGV must label such material as trade secrets under Chapter 688, Florida Statutes. This labeling requirement includes the trade secret portions of any contract that is to be executed by SBBC.

Section 688.002(4), Florida Statutes, provides that "Trade secret" means information, including a formula, pattern, compilation, program, device, method, technique, or process that:

(a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and
(b) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

SBBC is unable to identify whether any particular information that may be provided by PGV qualifies as a trade secret. Only the party asserting a trade secret exemption is in a position to establish and defend such a claim.

PGV agrees that i If a public records request is received by SBBC under applicable law for any documents that include terms that have been identified by PGV as trade secrets, SBBC will promptly notify PGV about

the public records request and will redact those labeled portions prior to allowing public inspection or copying.

If the party requesting the records from SBBC challenges a trade secrets exemption asserted by PGV, SBBC will promptly advise PGV of the challenge and PGV shall, at its sole expense and cost, immediately and promptly take any legal actions necessary to defend its asserted trade secrets exemption. If PGV fails to timely commence or to maintain such legal action to defend its claimed exemption, it shall be deemed to have waived any trade secrets exemption applicable to the requested information and SBBC may release such information to the requesting party without any repercussions.

10. **Publicity**. No publicity releases (including news releases and advertising) relating to this engagement and the Services hereunder shall be issued by PGV without the prior written approval of SBBC. Any technical paper, article, publication, or announcement of advances generated in connection with the Services under this engagement, during the period of performance of the engagement or in the future, shall require SBBC's prior written approval. PGV shall not use the name or trademarks of SBBC or any of its or their subsidiaries, licensees, divisions or affiliated companies, as a reference in any sales materials, presentations, or on sales calls, or in any of PGV's customer lists or in any publicity, news release, SBBC biography or advertisement, or in any other written materials or any promotion or other activity of any kind, without SBBC's prior written consent. SBBC specifically prohibits the photographing of any portion of the Services or other SBBC property by PGV without the written permission of SBBC.

11. **Cooperation**.

a) SBBC shall reasonably cooperate with PGV in the performance by PGV of its Services under the MSA, including, without limitation, providing PGV with reasonable facilities and timely access to data, information and personnel of SBBC.

b) SBBC shall be responsible for the performance of its employees and agents performed within the scope of their duties and for the accuracy and completeness of all data and information provided to PGV for purposes of the performance by PGV of its Services hereunder. PGV will base its conclusions on the facts and assumptions that SBBC submits and will not independently verify this information. Inaccuracy or incompleteness of the information SBBC provides could have a material effect on PGV's conclusions.

c) PGV will not update its advice for subsequent changes or modifications to the law and regulations, or to judicial and administrative interpretations thereof, unless SBBC separately engages PGV to do so in writing after such changes or modifications.

12. **Force Majeure**. No party shall be liable for any delays resulting from circumstances or causes beyond its reasonable control, including, without limitation, fire or other casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority.

13. **Independent Contractor**. It is understood and agreed that PGV is an independent contractor and that neither party is, nor shall be considered to be, an agent, distributor, partner or representative of the other. As such, PGV shall pay all salaries, wages, expenses, social security taxes, federal and state unemployment taxes and any similar taxes relating to the performance of this engagement for its employees, subcontractors and agents as may be applicable. Neither party shall act or represent itself, directly or by implication, as an agent of the other or in any manner

assume or create any obligation on behalf of, or in the name of, the other.

14. **Personnel**. PGV shall provide SBBC a list of personnel assigned to perform any Services. Any changes to personnel on any given project must be approved by SBBC in writing. During the term of this engagement, and for a period of twelve (12) months following the expiration or termination thereof, neither party will actively solicit the employment, or encourage the separation of, the personnel of the other party involved directly with providing Services hereunder.
15. **Survival**. Unless otherwise explicitly stated, all provisions of these General Terms and Conditions shall survive the expiration or termination of this engagement.
16. **Assignment**. SBBC may assign, transfer or delegate any of the rights or obligations hereunder without the prior written consent of PGV. PGV may not assign or subcontract its rights and obligations hereunder without the prior written consent of SBBC.
17. **Entire Engagement**. These terms, and the Agreement or Engagement Letter to which these terms are appended, including the exhibits and any subsequent Addenda agreed to in writing by the parties, constitutes the entire agreement between PGV and BCPS with respect to the subject matter hereof and supersedes all other oral and written representations, understandings or agreements relating to the subject matter hereof.
18. **Governing Law and Severability**. These terms, and the MSA, including the exhibits, shall be governed by, and construed in accordance with, the laws of the State of Florida (without giving effect to the choice of law principles thereof). If any provision of these terms is found by a court of competent jurisdiction to be unenforceable, such provision shall not affect the other provisions, but such unenforceable provision shall be deemed modified to the extent necessary to render it enforceable, preserving to the fullest extent permissible the intent of the parties set forth herein.
19. **Notices**. Any notice provided for in herein shall be in writing and shall be either personally delivered, or mailed first class mail (postage prepaid) or sent by reputable overnight courier service (charges prepaid) to the parties at the address set forth in the MSA, or at such address or to the attention of such other person as either party has specified by prior written notice to the other party. All Notices shall be delivered by personal delivery, nationally recognized overnight courier (with all fees pre-paid), or certified or registered mail (in each case, return receipt requested, postage prepaid)
20. **Counterparts.** The MSA may be executed in any number of counterparts, each of which shall be considered to be all original but all of which together shall constitute one and the same instrument.
21. **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Agreement.
22. **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.
23. **Travel.** Travel within Broward County, Florida shall not be billed as a reimbursable expense. Travel outside of Broward County, Florida and per diem associated with such travel may be allowable at the sole discretion of SBBC and only if approved in advance. SBBC has delegated authority to the Superintendent of Schools or his/her designee to provide prior approval to

VENDOR for any proposed travel and per diem for which reimbursement is sought from SBBC. If

any travel outside of Broward County, Florida and/or per diem receive such prior approval, then it shall be billed and reimbursed in compliance with the current or updated School Board Policy 3400 and/or other relevant School Board Policies.

24. **Certification Regarding Scrutinized Activities.** Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by PGV that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. PGV further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. PGV acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. PGV further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if PGV (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if PGV is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

25. **Nondiscrimination.**

(a) As a condition of entering into this Agreement, PGV represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

(b) As part of such compliance, PGV shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall PGV retaliate against any person for reporting instances of such discrimination. PGV shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. PGV understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of

the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

26. **Affidavit Regarding the Use of Coercion for Labor and Services.** Pursuant to Section 787.06(13), Florida Statutes, all nongovernmental entities executing, renewing, or extending a contract with SBBC must provide an affidavit signed by an officer or representative of the nongovernmental entity under penalty of perjury stating that the nongovernmental entity does not use coercion for labor or services as defined in that statute. **A copy of the State of Florida Affidavit Regarding the Use of Coercion for Labor and Services is attached hereto, as Exhibit B.** The submission of a false affidavit may subject a nongovernmental entity to civil penalties, attorney's fees, and/or costs. Any **Agreement** with SBBC shall be terminated by SBBC without recourse, if a nongovernmental entity is found to have submitted a false affidavit.

27. **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PGV shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PGV shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PGV shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PGV does not transfer the public records to SBBC. Upon completion of the Agreement, PGV shall transfer, at no cost, to SBBC all public records in possession of PGV or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PGV transfers all public records to SBBC upon completion of the Agreement, PGV shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PGV keeps and maintains public records upon completion of the Agreement, PGV shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

**IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

28. **Background Screening.** PGV shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PGV's non-exempt employees, representatives, agents, and sub-contractors

performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PGV or its personnel providing any services under this Agreement. PGV shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PGV and its personnel. The parties agree that the failure of PGV to perform any of the duties described in this section shall constitute a material breach of this Agreement, entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PGV to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PGV agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from PGV's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC-issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

29. **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

30. **Inspection of PVG's Records by SBBC**. PVG shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All of PVG's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify any and all invoices, billings, payments, and claims submitted by PVG or any of PVG's payees pursuant to this Agreement. PVG's Records subject to examination include, without limitation, those records necessary to evaluate and verify direct and indirect costs (including overhead allocations) as they may apply to costs associated with this Agreement. PVG's Records subject to this section include any and all documents pertinent to the evaluation, analysis, verification, and reconciliation of any and all expenditures under this Agreement without regard to funding sources.

(a) PVG's Records Defined. For the purposes of this Agreement, the term "PVG's Records" shall include, without limitation, accounting records, payroll time sheets, cancelled payroll checks, W-2 forms, written policies and procedures, computer records, disks and software, videos, photographs, executed subcontracts, subcontract files (including proposals of successful and unsuccessful bidders),

original estimates, estimating worksheets, correspondence, change order files (including sufficient supporting documentation and documentation covering negotiated settlements), and any other supporting documents that would substantiate, reconcile or refute any charges and/or expenditures related to this Agreement.

(b) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PVG's Records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to PVG pursuant to this Agreement.

(c) Notice of Inspection. SBBC's agent or its authorized representative shall provide PVG reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation and or reproduction.

(d) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to PVG's facilities and to any and all records related to this Agreement, and shall be provided adequate and appropriate workspace in order to exercise the rights permitted under this section.

(e) Failure to Permit Inspection. Failure by PVG to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the denial of some or all of any PVG's claims for payment by SBBC.

(f) Overcharges and Unauthorized Charges.If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by PVG in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by PVG. If the audit discloses billings or charges to which PVG is not contractually entitled, PVG shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

(g) Inspection of Subcontractor's Records. PVG shall require any and all subcontractors, insurance agents, and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure PVG to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payee's costs from amounts payable by SBBC to PVG pursuant to this Agreement and such excluded costs shall become the liability of PVG.

(h) Inspector General Audits. PVG shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

31. **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

32. **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

33. **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party ~~is~~ entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

34. **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to this Agreement.

35. **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to PGV of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

36. **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

37. **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

38. **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

39. **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

40. **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

41. **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

42. **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

43. **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

44. **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

45. **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

46. **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

**School Board Policy Requirement/Authority:** Not Applicable

**Statutory Requirement/Authority:** Not Applicable

**District-Zone Impact:** District-wide

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** Approving the Additional Spending Authority will allow Atlantic Technical College to financially compensate Apprenticeship Program sponsors as written within these Agreements.
**- If the School Board votes "No":** Not approving the Additional Spending Authority will result in Atlantic Technical College being unable to fulfill its financial contractual obligations to the individual apprenticeship sponsors within these Agreements.

**Background/History**
Atlantic Technical College (ATC) serves as the Apprenticeship Local Educational Agency (LEA) for Broward County Public Schools, providing an Apprenticeship Program, which distinguishes the District as one of the most extensive registered Apprenticeship Programs in the State of Florida. It is a Workforce Education Program that provides a variety of Building/Construction, Manufacturing, and Machining Trade programs. These awarded sponsors/vendors operate registered apprenticeship programs, including Heating, Ventilation, Air Conditioning/Refrigeration; Electrical; Elevator; Glazers; Industrial Pipefitter (Sprinkler Fitter/Pipefitter); Line Erector; Machining; Operating Engineers (Heavy Equipment); Painting and Decorating; Plumbing; and Roofing and Structural Steel. ATC apprentices in twelve trade areas. In addition, The School Board of Broward County, Florida (SBBC), Physical Plant Operations has an apprenticeship in a number of trade areas listed above, which is part of the ATC Apprenticeship Program. In keeping with Workforce demands, each program is registered with the state according to established apprenticeship standards and is reviewed by the State periodically for quality assurance and compliance.

These Agreements provide funding for program recruitment, instructional materials and supplies, equipment upgrade, replacement, and repair, and other supervisory and administrative costs, including, but not limited to, required funds for the program's Industrial Cooperative Education and Related Instruction components.

ATC pays each of the apprenticeship sponsors/vendors based on the number of active apprentices. The sponsors/vendors report participation three times per year. During the first two reporting cycles of the 2025-2026 Fiscal Year, the sponsors/vendors reported higher participation numbers than were anticipated. Because of these increased enrollment numbers, there will not be enough spending authority to pay for the third reporting window in its entirety without an increased spending authority.

Original Agreement Term: July 1, 2021, through June 30, 2024, with the option to renew for two (2) additional one (1) year periods; First Renewal Agreement Term: July 1, 2024, through June 30, 2025; Second Renewal Agreement Term: July 1, 2025, through June 30, 2026; Emerging/Small/Minority/Veteran/Women Business Enterprise Vendor(s): None.

**Financial Impact, Funding Source & Budget Status:**
The additional spending authority being requested is $800,000, bringing the total spending authority to $25,580,000. The funding source will come from post-secondary enrollments generated through the State Workforce Development funds.

**Board Meeting Date:** March 10, 2026

**Requested Action:**
Approve the Second Amendment to the Agreement between The School Board of Broward County, Florida (SBBC), and Embry-Riddle Aeronautical University, Inc. **School Board Policy Requirement/Authority:** School Board Policy 4000, Section IV, F, 3. Dual Enrollment.

**Statutory Requirement/Authority:** Not Applicable

**District-Zone Impact:** District-wide

**Impact of the School Board's Vote:**
**- If the School Board votes "Yes":** SBBC students will continue to access Dual Enrollment and aerospace courses through ERAU, including high school and middle school coursework, college credit options, and Science, Technology, Engineering, and Mathematics (STEM) outreach activities.
**- If the School Board votes "No":** Students in the District's aviation and aerospace programs will lose access to college-level coursework and credentialed faculty, interrupting pathways that lead to postsecondary credit and aerospace careers.

**Background/History**
Embry-Riddle Aeronautical University (ERAU) provides access to STEM and aviation education for middle and high school students. Students participate in dual enrollment, high school-level, and middle school-level aerospace courses taught by ERAU-credentialed adjunct faculty and trained existing Career Technical Education (CTE) instructors.

The program introduces students to college-level aviation and aerospace curriculum. These courses provide students with college credits while aligning with state CTE frameworks and preparing students for industry credentials.

In addition to Dual Enrollment instruction, ERAU provides professional development for teachers, access to course materials, ongoing curriculum support, and opportunities for participation in aerospace competitions and career exploration initiatives. The partnership now spans more than twenty-five (25) Broward County middle and high schools, creating a cohesive pipeline from middle school aerospace foundations to postsecondary degree pathways in aviation, aerospace engineering, and unmanned systems.

Agreement Term: August 1, 2023, through July 31, 2026; Emerging/Small/Minority/Veteran/Women Business Enterprise Vendor(s): None.

ERAU shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to ERAU and its personnel. The parties agree that the failure of ERAU to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit ERAU to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. ERAU agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from ERAU's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.14 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. ERAU shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, ERAU shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time

at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. ERAU shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if ERAU does not transfer the public records to SBBC. Upon completion of the Agreement, ERAU shall transfer, at no cost, to SBBC all public records in possession of ERAU or keep and maintain public records required by SBBC to perform the services required under the Agreement. If ERAU transfers all public records to SBBC upon completion of the Agreement, ERAU shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If ERAU keeps and maintains public records upon completion of the Agreement, ERAU shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

**IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

2.15 **Liability**. Each party agrees to be fully responsible for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

2.16 **Insurance Requirements**.

ERAU shall comply with the following insurance requirements throughout the term of this Agreement:

(a) General Liability. ERAU shall have and maintain General Liability insurance with limits of not less than $1,000,000 per occurrence for Bodily Injury/ Property Damage; $1,000,000 General Aggregate; and limits of not less than $1,000,000 for Products/Completed Operations Aggregate.

(b) Workers' Compensation. In accordance with Chapter 440, Florida Statutes, ERAU shall have and maintain Workers' Compensation insurance and Employer's Liability limits of not less than $100,000/$100,000/$500,000 (each accident/disease-each employee/disease-policy limit).

(c) Professional Liability/Errors & Omissions. ERAU shall have and maintain Professional Liability/Errors & Omissions insurance with a limit of not less than $1,000,000 per occurrence covering any services provided under this Agreement.

(d) Auto Liability. ERAU shall have and maintain Owned, Non-Owned and Hired Auto Liability insurance with Bodily Injury and Property Damage with limits of not less than $1,000,000 Combined Single Limit. If ERAU does not own any vehicles, it shall have and maintain hired and non-owned automobile liability coverage in the amount of $1,000,000. In addition, an affidavit signed by ERAU must be furnished to SBBC stating the following: "Insert Name does not own any vehicles. If ERAU acquires any vehicles during the term of the Agreement, ERAU agrees to provide proof of "Any Auto" coverage effective as of the date of vehicle acquisition."

(e) Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

(f) Verification of Coverage. Proof of the required insurance must be furnished by ERAU to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences in order to permit ERAU sufficient time to remedy any deficiencies. ERAU must verify its account information and provide contact details for its Insurance Agent via the link provided to it by email.

(g) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

1) The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2) All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

3) Certificate Holder: The School Board of Broward County, Florida, 600 SE 3rd Ave, Fort Lauderdale, FL 33301.

(h) Cancellation of Insurance. ERAU is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(i) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.17 **Nondiscrimination**.

(a) As a condition of entering into this Agreement, ERAU represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

(b) As part of such compliance, ERAU shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or

commercial treatment of subcontractors, ERAUs, suppliers, or commercial customers, nor shall ERAU retaliate against any person for reporting instances of such discrimination. ERAU shall provide equal opportunity for subcontractors, ERAUs, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. ERAU understands and agrees that a material violation of this clause is considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

2.18 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by ERAU that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. ERAU further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. ERAU acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. ERAU further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if ERAU (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if ERAU is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.19 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.20 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery

of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.21 **Incorporation by Reference**. **Appendices A, B, C, and D a**re attached hereto and referenced herein are incorporated into this Agreement by reference.

2.22 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

## ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the parties intend to directly or substantially benefit a third party by this Agreement. The parties agree that there are no third party beneficiaries to this Agreement and that

no third party shall be entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement shall at all times be acting in the capacity of independent contractors and not as an officer, employee or agent of one another. Neither party or its respective agents, employees, subcontractors or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits or any other benefits of SBBC employees shall exist as a result of the performance of any duties or responsibilities under this Agreement. SBBC shall not be responsible for social security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) days written notice to cure the default. However, if said default cannot be cured within said thirty (30) day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) days notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.05.

3.05 **Termination**. This Agreement may be canceled with or without cause by SBBC or ERAU during the term hereof upon thirty (30) days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC shall be entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC shall have no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, title to such property shall pass to SBBC, and SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal

problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida shall have jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a

waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.17 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

**IN WITNESS WHEREOF**, the parties hereto have made and executed this Agreement upon the date of the last signature below.

DE = Dual enrollment credit course

SEC = Secondary credit course

## Appendix C: Additional Terms and Conditions

### Purpose

Dual enrollment courses are postsecondary courses that eligible students can take to earn both secondary and college or career certificate credit facilitating accelerated progress toward a post-secondary certificate or degree. The Gaetz Aerospace Institute (GAI) of Embry-Riddle Aeronautical University (ERAU), Contract Committee meets annually in the spring to go over the current year's agreements and discusses changes that are required due to changes in statute or rule and any changes desired by either the school district or the college. A draft document is prepared by ERAU personnel and sent to all members of the Committee for additional changes or approval. Once the document is in its final draft, copies are sent to the school districts to take to their school boards for approval and signatures. Once approved and signed, copies are sent to Embry-Riddle Aeronautical University (ERAU) to be approved and signed by GAI–ERAU. Digitally signed, electronic copies are sent to the school district personnel unless hard copies are requested.

### A. A ratification or modification of all existing agreements

Once the Agreement is signed by both parties, the Agreement will be active for the upcoming academic year. This Agreement covers **dual enrollment**, but also course work to support career pathways, outreach and teacher preparation. Legislative changes that occur after the final draft of this document which impact the existing or upcoming academic year will take precedence.

### B. A description of the process by which students and their parents are informed about opportunities for student participation in the concurrent/dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school guidance counselors if they are interested in learning more about participation in dual enrollment. High school guidance counselors will review with the student criteria for participation in the dual enrollment program. Information will also be available to students and parents on ERAU's Gaetz Aerospace Institute website. It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

1. References to students in this document mean any student enrolled in a GAI - ERAU course.

2. Registration in this document refers to the period of time between applying and enrolling in their dual enrollment courses each semester.

3. References to applying or applications means the process by which the student completes the online application, enters the information required, and submits the parent consent form. This process is completed upon entry to the program and is only required to be completed once.

4. GAI will provide information to the secondary schools regarding requirements for participation in, and the educational benefits to be derived from concurrent/dual enrollment.

5. The secondary schools, in turn, will utilize printed, published, electronic, or other media to notify students and their parents or guardians of the opportunity to participate in these programs. The secondary schools will additionally provide information, using these same methods, to students and their parents or guardians, of the eligibility criteria for participation in these programs.

6. GAI will post application deadlines and registration dates on its concurrent/dual enrollment website https://erau.edu/gaetz-aerospace-institute/students-instructors/important-dates.

7. GAI's Regional Managers, Faculty and staff will work with district and school officials on targeted concurrent/dual enrollment recruiting activities.

C. **A delineation of courses and programs available to students eligible to participate in concurrent/dual enrollment, outreach and career pathway courses.**

1. Courses to be provided by GAI under this Agreement will be mutually agreed upon by GAI and the School District and will avoid unnecessary duplication of existing courses.

2. Section 1007.271(1), Florida Statutes, establishes that "the dual enrollment program is the enrollment of an eligible secondary student … in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree". A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

3. GAI will furnish each school with a copy of the current courses with descriptions for each course in which a student may be enrolled. Specific courses to be provided on school campuses in the

participating districts shall be mutually agreed upon by the School Board and GAI.

- Dual enrollment: https://erau.edu/gaetz-aerospace-institute/programs/concurrent-dual-enrollment
- High school credit courses: https://erau.edu/gaetz-aerospace-institute/programs/smarter-high-school

4. Courses eligible for dual enrollment must be a minimum of three college credits; courses with two or more college credits with a 1.0 or more credit lab are acceptable. If there are co-requisite courses required by ERAU, the courses must be taken simultaneously.

5. GAI courses, both dual enrollment and SMART@ER courses, **have a cap of no more than 30 students per section (class period)**. Dual enrollment courses may not be combined with other courses. All students in the dual enrollment classroom must be enrolled with ERAU.

**D. A description of the process by which students and their parents exercise options to participate in the concurrent/dual enrollment program**

Students and the parent/guardian of students wishing to pursue participation in the GAI program must contact their secondary school guidance counselors to discuss admissions criteria and to obtain the necessary application information.

**E. Application Process**

1. Complete Online Application – New Students Only – First 10 Days of Semester All new students (students who have not taken an ERAU class previously) must complete the online application. Special care should be taken to enter information correctly as this will create the official ERAU student account. Applications are typically processed within a few business days. The online application link can be found on the GAI website at https://erau.edu/gaetz-aerospace-institute/students-instructors.

   Once the application is processed at ERAU, the student will receive an email with their Embry-Riddle Student ID number and email address. The student must log on to ERNIE to claim their account and set up their password. To access ERNIE, go to www.erau.edu and click on ERNIE at the top of the page.

2. Complete Consent Form – New Students Only – First 10 Days of

the semester all new students (students who have not taken an ERAU class previously) must submit a Consent Form, complete with their ERAU student ID#, and both parent/guardian and guidance counselor signatures. The Consent Form must be submitted to ERAU for the student to be eligible to enroll in courses.

3. Enrolling in Courses – ALL STUDENTS

Instructors will supply their students with the correct Course Code and Section Number for the class during the Registration period and instructions for enrolling. Students will self-enroll in their courses online each semester by accessing their ERNIE accounts.

The school is responsible for providing any documents needed for eligibility. This may include secondary school transcripts or placement test scores.

All documentation must be received by ERAU by the posted deadlines. If a student does not meet eligibility criteria or does not submit paperwork by the posted deadline, they may not be eligible to enroll.

F. **Registration** - GAI brochures will be provided to guidance counselors by ERAU to better help students and parents understand the requirements, admission, enrollment, procedures, and benefits of program participation. The registration process is also housed on the GAI website: https://erau.edu/gaetz-aerospace-institute/students-instructors.

Instructors will supply their students with the correct course and section number during open registration and students will self-register online. Students should verify their enrollments by logging in to their ERNIE accounts and reviewing their student center records. Students are held to the GAI academic calendar and deadlines. Any schedule changes must be made by the published deadlines. It is the student's responsibility to notify ERAU's GAI office if they change schools or withdraw from secondary school.

G. **Withdrawal process** – dual enrollment students must notify their teacher and guidance counselor to withdraw from a course(s) within the withdrawal period. The student must see their guidance counselor to request a withdrawal. The guidance counselor will email ERAU at bosmat@erau.edu of the effective date of the student's schedule change. Requests must be received by the withdrawal deadline. The student will receive a W on their transcript for the attempt in the course. Students who withdraw two times are no longer eligible to participate in the ERAU-GAI program.

Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a course if the student is disruptive to the learning process such that the progress of other

students or the efficient administration of the course is hindered.

In addition, a student will be sanctioned accordingly if found to violate any of the ERAU student code of conduct standards as outlined in the ERAU Student Handbook. This could include a sanction ranging from a warning to permanent dismissal from ERAU. https://erau.edu/gaetz-aerospace-institute/students-instructors/academic-integrity-student-handbook

Each course taken through concurrent/dual enrollment will count toward the student's total attempted hours once they graduate secondary school. If the student takes unnecessary course work, it could impact Federal Financial Aid and university excess hour fees in the future. It is the responsibility of school guidance counselors to share this information with parents.

H. **Grade Distribution** - All students enrolled in concurrent/dual enrollment classes will be graded on the same basis as other college students in the same courses. GAI will assign letter grades to each student/course and the letter grade assigned shall be posted to the student's secondary school transcript by the school district. Final grades between the university course and high school course must match.

I. **A list of any additional initial student eligibility requirements for participation in the concurrent/dual enrollment program**

1. An overall GPA of 2.5 on an unweighted 4.0 scale is required for students to enroll in dual enrollment. Students must be in grades 10-12 to enroll in dual enrollment courses. Continued eligibility for college credit dual enrollment (concurrent/dual enrollment) requires the maintenance of a 2.0 unweighted secondary school GPA and the minimum GPA required by the college. S. 1007.271(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree and the terms of the agreement are contained within the dual enrollment agreement.

2. The secondary schools shall identify those students qualified and interested in participation of concurrent/dual enrollment classes. The secondary school administrators will approve student eligibility for participation in these classes. The student must be enrolled in their County Public School System or Private School Organization and must be working towards a secondary school diploma to participate in concurrent/dual enrollment.

3. Parent/Guardian signature is required on the consent form.

4. Concurrent/dual enrollment courses are weighted at least at the honors level on the secondary school transcripts. Any course taken becomes a permanent part of the student's academic record. Students will earn secondary school and college credit for the course dual enrollment

(concurrent enrollment). If a student does not successfully complete their course(s) it could affect future financial aid eligibility.

5. The district and participating school are held to the GAI academic calendar and deadlines. Any schedule changes must be made by the published deadlines. Efforts are made to align the GAI academic calendar as closely as possible with the high school calendars, but discrepancies may occur with course dates, testing and grading deadlines. It is the student and school's responsibility to notify the GAI office if the student changes school or withdraws from a secondary school.

6. Students who earn an "F" grade in a course are no longer eligible to enroll in GAI courses.

7. Students who earn a "D" grade may retake that one class. Courses may only be repeated once.

8. Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, dual enrollment courses become a part of a student's permanent college transcript and are calculated into the student's permanent postsecondary GPA. It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations.

9. Students must be designated as at least a sophomore in secondary school for consideration for concurrent/dual enrollment courses. Students are no longer eligible for concurrent/dual enrollment once they successfully complete 4 years of enrollment in secondary school or graduation, whichever comes first. Any exceptions to the requirements must be approved by both the secondary school and GAI.

10. Students who will graduate from secondary school prior to completion of the post-secondary course may not register for the course through concurrent/dual enrollment. This means that secondary school seniors may NOT take a Summer A course as concurrent/dual enrollment or as a regular college student since they have not officially graduated from secondary school prior to the start of that term.

**J. A delineation of the secondary school credit earned for the passage of each concurrent/dual enrollment course**

1. The school district will ensure that appropriate secondary school credit

will be awarded upon successful completion of concurrent/dual enrollment classes. The district and school administration are responsible for registering their career themed courses with the Department of Education if the dual enrollment course is tied to an Industry Certification approved under CAPE.

**K. A recommended procedure for informing students and their parents of college-level course expectations**

1. GAI will supply secondary school guidance counselors with concurrent/dual enrollment brochures which include application instructions to inform students/parents of the requirements and benefits of participation in the program.

2. Instructors will remind students that concurrent/dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-concurrent/dual enrollment postsecondary instruction. Instructors will provide students with a course syllabus outlining course requirements.

3. Students are informed that they should plan to study at least two to three hours outside of class for every hour they are in the class to be successful in college level courses. In addition, guidance counselors should inform parents that concurrent/dual enrollment courses become a part of a student's permanent college transcript and are calculated into the student's permanent postsecondary GPA.

**L. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis**

There will be no exception made to the required grade point averages for academic or career concurrent/dual enrollment without prior approval by both GAI and the HS administration.

1. The registration policies for concurrent/dual enrollment courses as determined by the postsecondary institution.

2. Concurrent/dual enrollment students will follow the college's procedures for drop, withdrawal, and petition policies.

3. The beginning and ending dates of courses offered during the regular day in the secondary school facilities will follow the secondary school schedule and calendar. However, course registration, withdrawal and final grade submission dates will be held to the ERAU-GAI academic calendar.

**M. Exceptions, if any, to the professional rules, guidelines, and expectations**

**stated in the faculty or adjunct faculty handbook for the postsecondary institution**

ERAU employees serving as concurrent/dual enrollment faculty in the GAI approved to teach college courses under this Agreement will annually attend a new faculty or adjunct orientation conducted by GAI where they will receive a copy of the Gaetz Faculty Guidebook, which includes the Web address of the Student Handbook, add/drop, withdrawal, and grading policies, as well as the ERAU Student Code of Conduct and critical dates. These instructors are expected to adhere to the professional guidelines, rules, and expectations presented in each handbook.

**N. Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

1. The School Board shall annually assess the demand for concurrent/dual enrollment and provide that information to GAI for assistance in planning classes in the ERAU scheduling system.

2. GAI shall be responsible for ensuring that the quality of instruction provided to concurrent/dual enrollment students is comparable to that afforded other ERAU students. To this end, the following will apply to concurrent/dual enrollment courses taught on secondary school campuses:

    a. Concurrent/dual enrollment faculty shall be provided with a full-time ERAU faculty contact or liaison in the discipline they are teaching.

    b. Concurrent/dual enrollment faculty shall be provided a copy of course plans, objectives and relevant ERAU Institutional Master Course Outline (MCO's). These objectives and outcomes must be included in the course syllabus.

    c. The course syllabus must be provided to students and filed with the GAI discipline chairperson prior to the start of each term. Content of the syllabus must meet the same criteria as required for all college courses offered at ERAU.

    d. Textbooks and instructional materials used in concurrent/dual enrollment courses must be the same or comparable with those used in courses taught on the ERAU Daytona Beach campus. If not identical, they must be approved by the discipline chairperson at the college.

    e. For academic disciplines where a departmental exam is used, the final exam will be provided to the concurrent/dual enrollment faculty by ERAU prior to the scheduled administration dates.

3. The secondary school administration will recommend qualified secondary school teachers as instructors for concurrent/dual enrollment courses. To be qualified, faculty selected to teach concurrent/dual enrollment classes must submit an adjunct application to their administrative contact at GAI ERAU, along with their postsecondary transcripts. The instructors must meet ERAU faculty credentialing requirements set by Southern Association of Colleges and Schools (SACS) Commission on Colleges' Principles of Accreditation: Foundations for Quality Enhancement, 2012 Edition (section 3.7.1).

4. In the absence of qualified secondary school instructors, ERAU may provide adjunct instructors to teach concurrent/dual enrollment courses on secondary school campuses.

5. GAI secondary school instructors who teach concurrent/dual enrollment courses will be evaluated by the secondary school administration using the district-wide evaluation instrument. These instructors shall also be observed for evaluative purposes by a GAI Regional Manager, or faculty liaison in accordance with GAI faculty evaluation processes. Secondary school faculty that instruct an ERAU course will follow the school board's guidelines for the performance of employees when evaluating these concurrent/dual enrollment instructors. Copies of instructor performance evaluations will be maintained by the district and ERAU. This will include following the procedures for sharing and discussing the performance assessment tool/process with those being evaluated at least 20 days prior to the classroom observation;

    i. scheduling the observation in advance;

    ii. providing a copy of the performance assessment to the instructor within ten (10) working days after the observation;

    iii. allowing the instructor to submit a written rebuttal to be placed with the assessment document in his/her personnel file housed in the Human Resource Office at ERAU;

    iv. and allowing the instructor the right to inspect, review, and copy the contents of his/her personnel file. Results of GAI's observation will be shared with the district administrator.

6. Concurrent/dual enrollment courses taught on a secondary school campus may not be combined with any non-college credit secondary school course.

7. As is appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses that some parents may object to for "minors." Courses are not

to be modified to accommodate variations in student age and/or maturity.

8. Any course-, discipline-, college-, or system-wide learning assessments required by the college in non-concurrent/dual enrollment sections of a course shall also be administered in all concurrent/dual enrollment sections of the course.

9. GAI shall analyze student performance in concurrent/dual enrollment course offerings on secondary school and college campuses to ensure that the level of preparation for future success is comparable with non-concurrent/dual enrollment college students. Analyses and recommendations shall be shared and reviewed with principals and school district administrators.

10. IMPORTANT: If a secondary school wants to offer 30 credits or more on their campus, they must submit a request to ERAU's Senior Vice President for Academic Affairs at least 9 months in advance. If approved by ERAU officials, the secondary school and school district administrators will work with college officials to create and submit a "substantive change" to SACS. Approval must be received from SACS before the additional courses on the secondary school campus may be advertised or offered.

**O. The responsibilities of the school district regarding the determination of student eligibility before participating in the concurrent/dual enrollment program and the monitoring of student performance while participating in the concurrent/dual enrollment program**

1. Student screening for eligibility and participation is the responsibility of the secondary school principals according to district and state requirements.

2. The secondary school counselor shall identify those students qualified to participate in concurrent/dual enrollment classes on a semester basis and will verify their continued eligibility throughout their participation. This verification will be conducted after grades are posted each semester. The counselor will notify GAI's concurrent/dual enrollment officer when a student's eligibility status changes.

3. The secondary school counselor will work with students to include concurrent/dual enrollment course plans to minimize enrollment in a random selection of ERAU-GAI courses.

4. GAI instructors will provide academic advising services to concurrent/dual enrollment students, monitor their progress and attendance in concurrent/dual enrollment classes, and provide progress and attendance reports to their secondary school at the college mid-term

and upon completion of the college term.

5. Students and their parents will be informed of college-level course expectations.

6. Students attending concurrent/dual enrollment classes held in secondary school facilities during regular school hours will be subject to the school district and FAA attendance policies when applicable. Required documentation of enrollment will be reported to the school district's MIS offices and ERAU Records office.

7. Students may enroll in courses conducted during school hours or extended school hours. However, if the student is projected to graduate from secondary school before the scheduled completion date of a post-secondary course, the students may not register for that course through concurrent/dual enrollment. The student may apply to ERAU and upon admission and special permission by the Office of Admissions, may register and pay the required tuition and fees.

8. CODE OF STUDENT CONDUCT: Students taking concurrent/dual enrollment classes on their secondary school campus will be subject to their school district's code of conduct. If a student in secondary school class is found to have plagiarized any portion of his/her course work or assignments, the instructor will notify ERAU's Dean of Students and the student will be subject to the same disciplinary actions as other students taking courses on the ERAU campus, regardless of disciplinary action is taken by their school district. If a student is disruptive to the learning process through their classroom behavior so that the progress of other students or the efficient administration of the course is hindered, a student may lose the opportunity to participate in the concurrent/dual enrollment course, regardless of eligibility requirements for continued enrollment.

9. STUDENT RECORDS: The parties may provide personally identifiable student records to each other in the performance of this Agreement. Such records are provided pursuant to Section 1002.22(3)(d), Florida Statutes, and 20 U.S.C.A. 1232g Each party further agrees to comply with Section 1002.22, Florida Statutes, and 20 U.S.C.A. 1232 f, including but not limited to provisions related to confidentiality, access, consent, length of retention, and security of student records.

**P. The responsibilities of GAI regarding the transmission of student grades in concurrent/dual enrollment courses to the school district.**

1. Students with unsatisfactory progress reports should be counseled by the secondary school guidance counselor immediately upon receipt of grades from the instructor.

2. All students enrolled in concurrent/dual enrollment classes will be graded on the same basis as other college students in the same courses. GAI will assign letter grades to each student/course and the letter grade assigned shall be posted to the student's secondary school transcript by the school district. Instructors will submit grades to the student's secondary school and to ERAU.

3. If a concurrent/dual enrollment student earns an F grade in any course(s) during one semester he/she will no longer be eligible to participate in concurrent/dual enrollment. A student who earns a D grade will be permitted to retake that one course if offered, course may only be repeated once.

**Q. Accountability**

This Agreement and the policies and allocation of responsibility shall be effective upon being signed by the representative authorized to commit the school districts and Gaetz Aerospace Institute of Embry-Riddle Aeronautical University, but shall be executed before registration for the fall term of the following school year. Courses of study and programs are to be incorporated into the Agreement before instruction begins. This Agreement shall be valid for the 2022-2025 school year.

It is the responsibility of the high school dual enrollment specialist to notify ERAU's GAI Regional Managers or Education Director of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, ERAU will decide what courses can be offered on the high school campus.

It is the responsibility of the school administrative contact and instructor to verify their attendance rosters. ERAU instructors must check their online class rosters every day to ensure that the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify the high school dual enrollment contact person. The high school dual enrollment contact person should notify ERAU's Student Services coordinator. Students not properly enrolled in ERAU dual enrollment courses will NOT receive college credit. Roster verification is the responsibility of the school administration.

**R. E-Verify System**

Pursuant to Fla. Stat. §448.095, ERAU agrees that it shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees during the term of this contract or solicitation.

1. Pursuant to Fla. Stat. §448.095, if ERAU enters into a contract with a subcontractor(s) for the labor, supplies or services provided under this

contract or solicitation, ERAU must require that the subcontractor(s) provide it with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. ERAU understands that it must maintain a copy of such affidavit for the duration of the contract or solicitation.

2. If School Board has a good faith belief that ERAU has knowingly violated Fla. Stat. §448.09, School Board shall terminate the contract with the Contractor. ERAU is liable for any additional costs incurred by the School Board as a result of a termination of this contract or solicitation pursuant to §448.095(2)(f).

3. If School Board has a good faith belief that a subcontractor(s) has knowingly violated §448.095, but contractor has otherwise complied with this subsection, School Board shall promptly notify ERAU and order ERAU to immediately terminate the contract with the subcontractor(s).

**[Remainder of page left blank intentionally]**

b. For schools that have less than 1,800 students, the minimum number of students is 10. If a school wishes to enroll less than 10 students, then they must send a waiver request to the ACA Director via the Regional Manager and the GAI Scheduler.

7. **GAI EQUIPMENT:** Within the agreement, "GAI Equipment" and "Equipment" within the GAI agreement with the school district does not include computers, computer hardware, and software.

8. **ORDER OF COURSES:** AS 120 (Principles of Aeronautics) and AS 121 (Private Pilot Ground school) must be taken in order.
   a. Member schools can enroll students to take AS 121 AFTER AS 120 has been completed if the student so wishes.
   b. Member schools CANNOT enroll students to take AS 120 after AS 121.

9. **SCHEDULE CHANGES:** Changes in course, adding/deleting course sections must have administrative approval and provided in writing to ERAU prior to course commencing.

10. **STUDENT CONDUCT AND BEHAVIOR:** A student will lose the opportunity to participate in a course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered. In addition, a student will be sanctioned accordingly if found to violate any of the ERAU student code of conduct standards.

11. **STUDENT ENTRY REQUIREMENTS:** Students must be in grades 10-12 for DE courses and have a minimum 2.5 unweighted GPA. Any exceptions must be requested in writing from the school administration stating just cause.

12. **STUDENT ACADEMIC PERFORMANCE:**
   a. Students who earn a "D" grade may retake that one class. Courses may only be repeated once.
   b. Students who earn an "F" grade in a course are no longer eligible to enroll in GAI courses.
   c. GAI students who withdraw two times are no longer eligible to participate in the program.

13. **TESTING FEES:**
   a. For GAI courses that include a certification test as part of the prescribed syllabus, GAI will pay the initial testing fees for the GAI student only.

      i. Either GAI will prepay the testing fee to the vendor or they will reimburse the member school when invoiced (in one group invoice) for the testing fees that were outlaid by the school.

ii. Individual/personal student expenses for testing will not be reimbursed by GAI.
iii. To be reimbursed, test receipts and testing scores from the testing entity must be submitted.

b. For GAI courses that do not include a certification test for which the school and Instructor wish to test a GAI student:

i. A written request must be sent to GAI ahead of the testing date and a written agreement to reimburse the test must be received from GAI in order for GAI to reimburse the school for any testing monies outlaid.
ii. Individual/personal student expenses for testing will not be reimbursed by GAI.
iii. To be reimbursed, test receipts and passing test scores from the testing entity must be submitted. Failing scores will not be reimbursed.

I have reviewed and understand all of the GAI agreement-related rules above and agree to adhere within them as a representative of my school.

**Procurement Method:**
In accordance with Section 6A-1.012(1)(b), F.A.C., the term "invitation to bid" shall be defined for the purposes of this policy as a written solicitation for competitive sealed bids. An invitation to bid is used when the school district is capable of specifically defining the scope of work for which a contractual service is required or when the School Board is capable of establishing precise specifications defining the actual commodity or group of commodities required. A written competitive solicitation includes an invitation to bid that is publicly posted.

**Impact on Schools:**
This Agreement provides ongoing support for the construction of new playgrounds, maintenance of existing facilities, and emergency response for damaged equipment. These efforts minimize operational disruptions and ensure students have continuous access to safe, developmentally appropriate spaces that promote physical, social, and emotional growth. All work complies with State Requirements for Educational Facilities, American Society for Testing and Materials standards, and Consumer Product Safety Commission guidelines to reduce injury risks and District liability. Additionally, the Agreement supports playground beautification, equipment upgrades for interactive features, and installation of ADA-compliant rubber surfacing to replace sand.

**If there is an impact on schools, how will schools be selected/prioritized:**
Safety-related work orders are prioritized based on risk level and resource availability, ensuring compliance with District handbook guidelines and safety standards. In lieu of a bond, SBBC may accept a cashier's check, official bank check, or money order in the amount of the bond.

7.42 **PACKING SLIPS:** It will be the responsibility of the Awardee to attach all packing slips to the Purchase Order number/control number. Failure to provide a packing slip attached to the outside of the shipment will result in the refusal of shipment at the vendor's expense.

7.43 **USE OF OTHER CONTRACTS:** SBBC reserves the right to utilize any other SBBC contract, any State of Florida Contract, any contract awarded by any other city or county governmental agencies, other school boards, other community college/state university system cooperative bid agreement, or to directly negotiate/purchase per School Board policy and/or State Board Rule 6A-1.012, as currently enacted or as amended from time to time, in lieu of any offer received or award made as a result of this bid if it is in its best interest to do so.

7.44 **AUDIT AND INSPECTION OF AWARDEE'S DOCUMENTS AND RECORDS:** The District or its representative reserves the right to inspect and/or audit all the Awardee's documents and records as they pertain to the products and services delivered under this Agreement. Documents/records in any form shall be open to the District or State's representative and may include but are not limited to all correspondence, ordering, payment, inspection, and receiving records, contracts, or sub-contracts that directly or indirectly pertain to the transactions between the District and the Awardee(s).

7.45 **CREDIT CARDS:** Individual schools and departments may place some orders and utilize, as the form of payment, a District-issued credit card to the extent authorized by the School Board. These orders will be made via phone or fax for direct delivery and billing to the requesting work location. Please note that credit card purchases will benefit all vendors by providing immediate payment (i.e., within 48-72 hours), thereby eliminating the need to submit an invoice to the District's Accounts Payable Department or reconcile receivable balances. For credit card purchases, all vendors must have the capability to accept fax orders, which must be confirmed by calling back the requesting work location to verify prices and obtain a credit card number. Only actual items shipped/delivered can be charged to the credit card account (i.e., no back-orders). All purchase deliveries must include a packing slip or receipt/invoice listing the items and prices of goods delivered. For security reasons, the credit card charge receipt showing the work location's credit card number cannot be attached to the packing slip or receipt/invoice submitted as part of the purchase delivery. District work locations may request that a vendor maintains secure records of the credit card account assigned an alias or password to avoid divulging the actual credit card number upon every purchase.

7.46 **NONCONFORMANCE TO CONTRACT CONDITIONS:** Items or services offered may be tested for compliance with ITB conditions and specifications at any time. Items delivered that do not conform to ITB conditions or specifications may be rejected and returned at the vendor's expense. Services not conforming to ITB specifications shall be corrected and performed again to meet the specifications of the ITB at the expense of the Awardee. Goods or services not delivered as per the delivery date in ITB and/or Purchase Order may be rejected upon delivery and/or may be purchased on the open market. Any increase in cost may be charged against the Awardee. Any violation of these stipulations may also result in:

a) Cancellation and default of contract;
b) For a period of two (2) years, any proposal submitted by the vendor will not be considered and will not be recommended for award.
c) All departments are advised not to do business with vendors.

7.47 **CONE OF SILENCE:** Any proposer or lobbyist for a proposer is prohibited from having any communications (except as provided in this rule) concerning any solicitation for a competitive procurement with any School Board member, the Superintendent, any Evaluation Committee Member, or any other School District employee after Procurement and Warehousing Services releases a solicitation to the General Public. All communications regarding this solicitation shall be directed to the designated Purchasing Agent unless so notified by Procurement & Warehousing Services. This "Cone of Silence" period shall go into effect and shall remain in effect from the time of the release of the solicitation until the contract is awarded by the School Board. Further, any vendor, its principals, or their lobbyists shall not offer campaign contributions to School Board Members or offer contributions to School Board Members for campaigns of other candidates for political office during the period in which the vendor is attempting to sell goods or services to the School Board. This period of limitation of offering campaign contributions shall commence at the

7.47 (continued) time of the "cone of silence" period for any solicitation for a competitive procurement as described by School Board Policy 3800, Part VIII, as well as School Board Policy 1007, Section 5.4 – Campaign Contribution Fundraising. **Any vendor or lobbyist who violates this provision shall cause their Proposal (or that of their principal) to be considered non-responsive and, therefore, be ineligible for award.**

7.50 **SEVERABILITY:** In case any one (1) or more of the provisions contained in this ITB shall be for any reason held to be invalid, illegal, unlawful, unenforceable or void in any respect, the invalidity, illegality, unenforceability or unlawful or void nature of that provision shall not affect any other provision, and this ITB shall be considered as if such invalid, unlawful, unenforceable or void provision had never been included herein.

7.51 **DISTRIBUTION:** DemandStar by Onvia, www.demandstar.com, is the official method approved by Procurement & Warehousing Services for the distribution of all competitive solicitations, including ITBs and RFPs. It is the responsibility of all interested parties to ensure they have received all necessary documents, including the Addenda, and have included all necessary information in their response. SBBC is not responsible for Proposer's failure to obtain complete bidding documents from DemandStar. SBBC reserves the right to reject any bid as non-responsive for failure to include all necessary documents or required Addenda. For information regarding the above-referenced solicitation, contact the designated Purchasing Agent, as stated herein.

7.52 **PRICE REDUCTIONS:** If, from the date of proposal opening, the Awardee either bids the same products and/or services at a lower price than offered to SBBC or reduces the price of the proposed product or service, the lowest of these reduced prices will be extended to SBBC.

7.53 **LOBBYIST ACTIVITIES:** In accordance with SBBC Policy 1100B, as currently enacted or as amended from time to time, persons acting as lobbyists must state, at the beginning of their presentation, letter, telephone call, e-mail, or facsimile transmission to School Board Members, Superintendent or Members of Senior Management, the group, association, organization or business interest she/he is representing.

a) A lobbyist is defined as a person who, for immediate or subsequent compensation (e.g., monetary profit/personal gain), represents a public or private group, association, organization, or business interest and engages in efforts to influence School Board Members on matters within their official jurisdiction.
b) A lobbyist is not considered a person representing school-affiliated groups (e.g., PTA, DAC, Band Booster Associations, etc.) nor a public official acting in her/his official capacity.
c) Lobbyists shall annually (July 1) disclose in each instance and for each client prior to any lobbying activities, their identity and activities by completing the lobbyist statement form, which can be obtained from Official School Board Records, School Board Member's Offices or the Superintendent's Office and will be recorded on the School Board of Broward County's website, www.browardschools.com.
d) The lobbyist must disclose any direct business association with any current elected or appointed official or employee of SBBC or any immediate family member of such elected or appointed official or employee of SBBC.
e) Senior-level employees (Pay Grade 30 and above) and/or School Board Members are prohibited from lobbying activities for one (1) year after resignation or retirement or expiration of their term of office.

A person who is debarred or suspended shall be excluded from Federal financial and non-financial assistance and benefits under Federal programs and activities.

7.54 (continued) Except as provided in § 85.200, Debarment or Suspension, § 85.201, Treatment of Title IV HEA participation, and § 85.215, Exception Provision, debarment or suspension of a participant in a program by one (1) agency shall have government-wide effect. A lower-tier covered transaction is, in part, any transaction between a participant [SBBC] and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction, and any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $100,000) under a primary covered transaction; or any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount, under which that person shall have a critical influence on or substantive control over that covered transaction. A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. Each participant shall require participants in lower-tier covered transactions to include the certification for it and its principals in any bid submitted in connection with such lower-tier covered transactions.

## CERTIFICATION:

a) The prospective lower-tier participant certifies, by submission of this ITB, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

b) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this bid.

Every time a proposal that includes a reference to this Form is submitted, a new Form is required. Any proposal that does not include this required Form shall not be evaluated and shall not be considered for award. **A signature is required on BOTH the Debarment Form AND the Required Response Form.** A signature on one document cannot be substituted for the signature required on the other document. **Failure to complete and sign both documents requiring signature shall result in rejection of the proposal submitted.**

7.55 **TERMINATION:** This contract award may be terminated with or without cause by SBBC during the term hereof upon giving the other party thirty (30) days prior written notice that The School Board is terminating the contract award.

7.56 **TIE BID PROCEDURES:** When identical points are received from two (2) or more vendors and all other factors are equal in point value, priority for an award shall be given to vendors in the following sequence:

a) A business that certifies that it has implemented a drug-free workplace program shall be given preference in accordance with the provisions of Chapter 287.087, Florida Statutes, as currently enacted or as amended from time to time;
b) The School Board of Broward County, Florida, M/WBE certified vendor;
c) The Broward County Certified Minority/Women Business Enterprise vendor;
d) The Palm Beach County or Miami-Dade County Certified Minority/Women Business Enterprise vendor;
e) The Florida Certified Minority/Women Business Enterprise vendor;
f) The Broward County vendor, other than a Minority/Women Business Enterprise vendor;
g) The Palm Beach County or Miami-Dade County vendor, other than a Minority/Women Business Enterprise vendor;
h) The Florida vendor, whose main office is in the State of Florida, other than a Minority/Women Business Enterprise vendor.
i) If the application of the above criteria does not indicate a priority for an award, the award will be decided by a coin toss. The coin toss shall be held publicly in Procurement & Warehousing Services, and the tie low bid vendors are invited to be present as witnesses.

Included as a part of the ITB documents is a Form entitled **SWORN STATEMENT PURSUANT TO CHAPTER 287.087, FLORIDA STATUTES, AS CURRENTLY ENACTED OR AS AMENDED FROM TIME TO TIME, ON PREFERENCE TO BUSINESSES WITH DRUG-FREE WORKPLACE PROGRAMS.** This form will be used by the Proposer to certify that it has implemented a drug-free workplace program.

7.57 **CONFIDENTIAL RECORDS:** The Awardee acknowledges that certain information about the District's students is contained in records created, maintained or accessed by the Awardee and that this information is confidential and protected by the Family Educational Rights and Privacy Act of 1974 (FERPA) (20 U.S. C. 1232g), and/or the Health Insurance Portability and Accountability Act (HIPAA) (45 CFR parts 160-164) and related District policies, as amended from time to time, currently available at www.browardschools.com. Confidentiality of information cannot be disclosed unless valid consent is obtained from the students or their legal guardians. Both parties agree to protect these records in compliance with FERPA, HIPAA, and the District's policy. To the extent permitted by law,

7.57 (continued) Nothing contained herein shall be construed as precluding either party from releasing such information to the other so that each can perform its respective responsibilities.

*Awardee agrees that it may create, receive from, or on behalf of the District, or have access to, records or record systems that are subject to FERPA and/or HIPAA (collectively, the "Confidential Records"). Awardee represents, warrants, and agrees that it will: (1) hold the Confidential Records in strict confidence and will not use or disclose the Confidential Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by the District in writing; (2) safeguard the Confidential Records according to commercially reasonable administrative, physical and technical standards as required by law; and (3) continually monitor its operations and take any and all action necessary to assure that the Confidential Records are safeguarded in accordance with the terms of this Agreement. At the request of the District, the Awardee agrees to provide the District with a written summary of the procedures the Awardee uses to safeguard the Confidential Records. A breach of these confidentiality requirements shall constitute grounds for the District to terminate any Agreement with the Awardee.*

7.58 **PUBLIC INSPECTION OF PROPOSALS:** Pursuant to Section 119.071 (1)(b), Florida Statutes, responses received as a result of this ITB shall be exempt from public inspection and copying until thirty (30) days after the opening of the proposals or until the posting of the recommendation for intended award, whichever is earlier. If SBBC rejects all proposals and concurrently provides notice of its intent to reissue the competitive solicitation, the rejected proposals shall remain exempt from public inspection and copying until such time as SBBC posts notice of an intended decision concerning the reissued competitive solicitation or until SBBC withdraws the reissued competitive solicitation.

If a Proposer contends that any portion of its response to the ITB is confidential and exempt from public inspection and copying, it is the Proposer's responsibility to clearly label each such portion of its proposal as confidential and specify the applicable statutory exemption from public inspection and copying on such portion(s) of its proposal. Confidential or exempt portions of any proposal must also be submitted in a separate sealed envelope and marked as such. A failure by the Proposer to prepare and label the confidential or exempt portions of its proposal in the manner specified in this section of the ITB shall constitute a waiver by the Proposer of any applicable exemptions from disclosure or any confidential status, including ones that may be applicable to trade secrets under Florida law.

SBBC will promptly provide a Proposer's contact person with written notice if a public records request has been made for any portions of the Proposer's response to the ITB. SBBC will provide for the inspection or copying of any non-exempt portions of any proposal in its possession in accordance with applicable law. If a Proposer wishes to preclude the inspection or copying of any non-exempt portions of its response to the ITB or if a dispute exists as to whether such portions are entitled to an exemption, the Proposer must obtain a protective order from a court of competent jurisdiction prohibiting the inspection or copying of the requested materials. The failure to initiate such legal proceedings in a timely manner shall constitute a waiver by the Proposer of any applicable exemption or confidential status of the requested materials.
By submitting a response to this ITB, the Proposer agrees to waive any cause of action or claim for damages it may have against SBBC for its release of records in response to a public record other than those that are prepared and labeled as confidential or exempt as described in this section. The Proposer agrees to hold SBBC harmless from any award to a plaintiff for damages, costs, or attorney's fees based upon SBBC's non-disclosure of portions of the Proposer's response that have been prepared and labeled as confidential or exempt from public inspection and further agrees to reimburse SBBC for any attorney's fees and costs it may incur in the defense of such non-disclosure.

7.59 **FORCE MAJEURE:** Neither party shall be obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, war, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall lack of funds on the part of either party be deemed Force Majeure. In the event that a vendor does not provide goods or services due to Force Majeure for a contract awarded through a competitive solicitation, SBBC reserves the right to avoid a disruption in the provision of such goods or services by purchasing them either from an alternate awardee or by obtaining pricing from at least two (2) prospective vendors.

7.60 **GRATUITIES**: Proposer(s) shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of SBBC, including any School Board Member, Superintendent of Schools, and any Evaluation Committee Members, for the purpose of influencing consideration of their Proposal.

7.61 **PREPARATION AND COST OF PROPOSAL:** The proposer is solely responsible for any and all costs associated with responding to this ITB. SBBC will not reimburse any Proposer for any costs associated with the preparation and submittal of any Proposal or for any travel and per diem costs that are incurred by any Proposer

7.62 **PUBLIC RECORDS:** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Awardee(s) shall keep and maintain public records required by SBBC to perform the services required under this contract. Upon request from SBBC's custodian of public records, Awardee(s) shall provide SBBC with a copy of any requested public records or allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Awardee(s) shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract's term and following completion of the contract if Awardee(s) does not transfer the public records to SBBC. Upon completion of the contract, Awardee(s) shall transfer, at no cost, to SBBC all public records in possession of Awardee(s) or keep and maintain public records required by SBBC to perform the services required under the contract. If Awardee(s) transfers all public records to SBBC upon completion of the contract, Awardee(s) shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Awardee(s) keeps and maintains public records upon completion of the contract, the Awardee(s) shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

**IF A PARTY TO THIS ITB HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE ITB, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

7.63 **E-VERIFY:** Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this ITB Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this ITB Agreement to register with and use the E-Verify system to verify the work authorization for all employees subcontractor hires during the course of this ITB Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with, or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC will immediately terminate the ITB Agreement. Termination pursuant to this section is not a breach of this ITB Agreement and may not be considered as such.

7.64 **DEFAULT**: The parties (SBBC and Awardee) agree that if either party is in default of its obligations under this ITB, the non-defaulting party shall provide to the defaulting party (30) calendar days written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this ITB may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 7.55. If the default is not cured by the Awardee, the steps in section 7.46 shall be taken.

# INSTRUCTIONS FOR CERTIFICATION – SUPPLEMENT FOR ATTACHMENT C

1. By signing and submitting this proposal, the prospective lower-tier participant will provide the certification set out below.
2. The certification in this clause is a material representation of the fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower-tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower-tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (Telephone Number).
8. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower-tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
