   a) For a period of two years, any bid submitted by Awardee shall not be considered and shall not be recommended for award.
   b) All departments being advised not to do business with Awardee.

59. **CONE OF SILENCE:** Any Bidder, or lobbyist for a Bidder, is prohibited from having any communications (except as provided in this rule) concerning any solicitation for a competitive procurement with any School Board member, the Superintendent, any Evaluation Committee Member, or any other School District employee after Procurement & Warehousing Services releases a solicitation to the General Public. All communications regarding this solicitation shall be directed to the designated Purchasing Agent unless so notified by Procurement & Warehousing Services. This "Cone of Silence" period shall go into effect and shall remain in effect from the time of the release of the solicitation until the Agreement is awarded by SBBC. Further, any Awardee, its principals, or their lobbyists shall not offer campaign contributions to School Board Members or offer contributions to School Board Members for campaigns of other candidates for political office during the period in which the Awardee is attempting to sell goods or services to SBBC This period of limitation of offering campaign contributions shall commence at the time of the "cone of silence" period for any solicitation for a competitive procurement as described by School Board Policy 3320, Part II, Section GG as well as School Board Policy 1007, Section 5.4 – Campaign Contribution Fundraising. **Any Bidder or lobbyist who violates this provision shall cause their Bid (or that of their principal) to be considered non-responsive and therefore be ineligible for award.**

60. **TERMINATION:** This ITB award may be terminated with or without cause by SBBC during the term hereof upon giving the other party thirty (30) days written notice that SBBC is terminating the ITB award.

61. **EVALUATION AND BIDS:** SBBC evaluates all Bids in accordance with Chapters 119.071 and 286.0113, Florida Statutes.

62. **MEET OR RELEASE:** If during the Agreement term, SBBC is offered a lower price from a third party supplier for a product or service awarded under this Agreement, or offers another item that meets or exceeds the specifications for the item at a lower price than the awarded price, SBBC shall request Awardee to meet the lower price offered by the third party supplier. The awardee shall be required to respond to this request within three (3) days of the request. If Awardee is unable to meet the lower price, SBBC shall be released from its contractual obligation to purchase the item under this Agreement. No response to this request shall indicate that Awardee is unable to offer the item at a lower price. This action, purchasing awarded item from third party supplier, shall not hold SBBC in default of Agreement. Each purchase shall be considered separate and apart from each other.

63. **CONFIDENTIAL RECORDS:** Notwithstanding any provision to the contrary within this Agreement, any party contracting with SBBC under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes; Family Educational Rights and Privacy Act (FERPA), and any other state or federal law or regulation regarding the confidentiality of student information and records. Each such party agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the party, or an officer, employee, agent, representative, contractor, or sub-contractor of the party to the extent that the party or an officer, employee, agent, representative, contractor, or sub-contractor of the party shall either intentionally or negligently violate the provisions of this section or of Sections 1002.22 and/or 1002.221, Florida Statutes.

(continued)

63. *Awardee agrees that it may create, receive from or on behalf of SBBC, or have access to, records or record systems that are subject to FERPA and/or HIPAA (collectively, the "Confidential Records"). Awardee represents, warrants, and agrees that it shall: (1) hold the Confidential Records in strict confidence and shall not use or disclose the Confidential Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by the SBBC in writing; (2) safeguard the Confidential Records according to commercially reasonable administrative, physical and technical standards as required by law; and (3) continually monitor its operations and take any and all action necessary to assure that the Confidential Records are safeguarded in accordance with the terms of this Agreement. At the request of the SBBC, Awardee agrees to provide SBBC with a written summary of the procedures Awardee uses to safeguard the Confidential Records. A breach of these confidentiality requirements shall constitute grounds for the SBBC to terminate any contract with Awardee.*

64. **PROPRIETARY INFORMATION**: Pursuant to Chapter 119, Florida Statutes, bids received as a result of this ITB shall not become public record until thirty (30) days after the date of opening or until posting of the recommendation for award, whichever occurs first. Thereafter, all bid documents or other materials submitted by all Bidders in response to this ITB shall be open for inspection by any person and in accordance with Chapter 119, Florida Statutes. To the extent, a Bidder asserts any portion of its bid is confidential and exempt, long with specific citations of the Florida Statutes establishing the confidentiality or exemption. Failure to identify the portions of the bid claimed to be exempt or the specific statutory authority establishing the exemption shall be deemed a waiver by the Bidder that any unidentified portion of the bid is confidential or exempt from disclosure under Chapter 119, Florida Statutes.

Should a public record request for bid documents or other materials submitted by a Bidder be submitted, SBBC shall notify the contact person identified in the bid of the request in writing. The notice provided shall indicate that requested materials shall be produced unless, within ten (10) calendar days of the date of the written notification, the Awardee initiated an action in a court of competent jurisdiction to obtain an injunction or protective order prohibiting the release of the requested materials. The awardee shall name the party requesting the materials as a defendant and shall not name SBBC as a party to the action. Awardee agrees to hold SBBC harmless from any award to a plaintiff for damages, costs or attorney's fees based on nondisclosure of information asserted to be confidential and exempt. Failure to timely initiate the action shall be deemed a waiver by the Awardee that the requested information is confidential and exempt. Awardee agrees to waive any cause of action it may have against SBBC for the release of materials pursuant to a public record request except those based on the intentional or grossly negligent conduct of any employee of SBBC. Submission by a Bidder in response to this ITB shall be deemed as Bidder's consent to the foregoing conditions.

65. **E-VERIFY**: Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC will immediately terminate this Agreement. Termination pursuant to this section is not a breach of this Agreement and may not be considered as such.

66. **PUBLIC RECORDS:** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Awardee shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Awardee shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Awardee shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Awardee does not transfer the public records to SBBC. Upon completion of the Agreement, Awardee shall transfer, at no cost, to SBBC all public records in possession of Awardee or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Awardee transfers all public records to SBBC upon completion of the Agreement, Awardee shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Awardee keeps and maintains public records upon completion of the Agreement, Awardee shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems. (continued……)

66. **IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

67. **NONDISCRIMINATION:** As a condition of entering into the award of this ITB, Awardee represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

As part of such compliance, Awardee shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Awardee retaliate against any person for reporting instances of such discrimination. Awardee shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. Awardee understands and agrees that a material violation of this clause is considered a material breach of an award of this ITB and may result in termination of this ITB, disqualification of the company from participating in SBBC's solicitations, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

68. **ANNUAL APPROPRIATION**: SBBC's performance and obligations under this ITB is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this ITB, this ITB may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

69. **EXCESS FUNDS**: Any party receiving funds paid by SBBC under this ITB agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

70. **NO WAIVER OF SOVEREIGN IMMUNITY**: Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this ITB and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

71. **NO THIRD PARTY BENEFICIARIES**: The parties (SBBC and Awardee) expressly acknowledge that it is not their intent to create or confer any rights or obligations under this ITB in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this ITB. The parties agree that there are no third-party beneficiaries to this ITB and that no third-party is entitled to assert a claim against any of the parties based upon this ITB. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any ITB.

72. **DEFAULT**: The parties (SBBC and Awardee) agree that, if either party is in default of its obligations under this ITB, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this ITB may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 60.

73. **INDEPENDENT CONTRACTOR**: The parties (SBBC and Awardee) to this ITB are acting in the capacity of independent contractor(s) and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this ITB. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

74. **RIGHTS AND REMEDIES**: The duties and obligations imposed by this ITB and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

EXECUTIVE SUMMARY

ITB-FY24-014 - Physical Examinations for School Bus Drivers

Board Meeting Date: June 9, 2026

Requested Action:
Approve the First Renewal between The School Board of Broward County, Florida (SBBC), and the following two Vendors: 1) Urgent Medical Center, Inc.; 2) Julia Kyung Yoo, Inc., and budget authority in the amount of $40,220.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• This ITB Renewal ensures there is no breach of safety policies or procedures while adhering to the District's Safe Drive Plan Policy 5300.1.
Statutory Requirement	• This ITB Renewal ensures that the District adheres to the Florida Statutes 1012.45, CFR 49 CFR 383.71(h) by certifying that School Bus Operators are physically capable of safely operating and transporting students. • Code of Federal Regulations - 49 CFR 391.41. • Florida Administrative Code (6A.3).
If the School Board votes "Yes"	• The School Board ensures that The School Board of Broward County, Florida (SBBC), Transportation & Fleet Services Department complies with U.S. Department of Transportation regulations requiring school bus operators to maintain a valid medical certification and Commercial Driver License (CDL) to operate a commercial vehicle. Florida Administrative Code (6A-3) further requires the district to ensure that school bus operators are physically capable of operating vehicles in accordance with 49 CFR 391.41. If the School Board approves the proposed requirement for bus operator physical examinations, the district will proceed with implementation in alignment with established timelines. All bus operators will be scheduled for required physicals based on certification and compliance deadlines, with priority given to those with imminent renewal dates. The Transportation Department, in coordination with Human Resources and Risk

	Management, will oversee scheduling, tracking, and documentation.
If the School Board votes "No"	• SBBC will continue operating under current practices and existing regulatory requirements for bus operator health certifications; however, this decision would result in noncompliance with Florida Administrative Code (6A-3) and 49 CFR 391.41, which require operators to be medically certified. As a result, Broward County Public Schools may be unable to ensure that all bus operators meet required physical qualifications, potentially leading to a shortage of eligible drivers and disruptions to student transportation services.
Alignment to the 2027 Strategic Goals and Guardrails	• Guardrail 1: Safety
Measurable Outcome(s)/Return on Investment	• This ITB ensures there is no breach of safety policies or procedures while adhering to the District's Safe Drive Plan, Federal and State mandates by certifying that School Bus Operators are physically capable of safely operating and transporting students.

Background/History
The Scope of this ITB Renewal includes providing physical examinations to school bus drivers to comply with the requirements of the Federal Motor Carrier Safety Administration Department of Transportation rules and regulations of 49 CFR 391.41 using form MCSA-5875. It is also a requirement by the Florida Department of Transportation that school bus drivers must maintain a valid physical.

Physicals are performed at the awardee's facility or on-site at each of the five transportation terminals in Pompano Beach, Oakland Park, Davie, and two locations in Pembroke Pines.

School Impact, Stakeholder Engagement, and Implementation Considerations

This section outlines how the proposed item will impact schools, including the selection and prioritization process where applicable, as well as stakeholder and end-user input. It also addresses technology and capital asset life cycles, replacement planning, and any additional operational details necessary to provide the Board with a comprehensive understanding of implementation.

Impact on Schools	The proposed requirement for bus operator physical examinations is expected to have an indirect but important impact on schools by supporting safe and reliable student transportation. Ensuring that all bus operators meet established medical and fitness standards reduces the risk

	of service disruptions and enhances overall student safety. Schools may experience minor operational adjustments during implementation, particularly if operators require time off to complete examinations; however, these impacts will be mitigated through coordinated scheduling and substitute coverage planning.
School Selection /Prioritization	While the requirement applies District-wide to all bus operators, prioritization for scheduling physical examinations will be based on compliance timelines, licensure renewal dates, and operational need. Operators with upcoming certification expirations or those assigned to high-demand routes will be prioritized to ensure continuity of service. This phased approach allows the District to maintain transportation coverage while efficiently bringing all operators into compliance.
Community/ Stakeholder Engagement	The District has engaged key stakeholders throughout the development of this proposal, including transportation leadership, school administrators, employee associations, and risk management teams. Communication efforts have focused on reinforcing the importance of student safety and regulatory compliance. Stakeholder feedback has supported the implementation approach and emphasized the importance of clear communication and scheduling flexibility.
End-User Input	Input from bus operators and transportation staff informed the planning and rollout of the physical examination process. Key considerations included appointment accessibility, scheduling flexibility, cost coverage, and minimizing disruption to work schedules. Feedback highlighted the need for convenient examination locations and adequate notice for appointments. These insights were incorporated into the implementation plan to support employee participation and compliance.
Technology/Capital Expected Lifecycle/Replacement Cycle	The proposed initiative does not require significant new technology or capital investments. Existing human resources and transportation management systems will be used to track compliance, schedule examinations, and maintain records. No new capital assets are required, and there is no impact on existing asset lifecycle or replacement planning. Any associated costs are operational in nature and limited to standard medical examination expenses and administrative coordination.

All purchase deliveries must include a packing slip or receipt/invoice listing the items and prices of goods delivered. (continued….)

57. For security reasons, the credit card charge receipt showing the work location's credit card number cannot be attached to the packing slip or receipt/invoice submitted as part of the purchase delivery. District work locations may request that an Awardee maintains secure records of the credit card account assigned an alias or password, to avoid divulging the actual credit card number upon every purchase.

58. **NONCONFORMANCE TO AGREEMENT CONDITIONS:** Items offered may be tested for compliance with bid conditions and specifications at any time. Items delivered, not conforming to bid conditions or specifications, may be rejected and returned at Awardee's expense. Goods or services not delivered as per delivery date in the bid and/or Purchase Order may be rejected upon delivery and/or maybe purchased on the open market. Any increase in cost may be charged against the Awardee. Any violation of these stipulations may also result in:
   a) For a period of two years, any bid submitted by Awardee shall not be considered and shall not be recommended for award.
   b) All departments being advised not to do business with Awardee.

59. **CONE OF SILENCE:** Any Bidder, or lobbyist for a Bidder, is prohibited from having any communications (except as provided in this rule) concerning any solicitation for a competitive procurement with any School Board member, the Superintendent, any Evaluation Committee Member, or any other School District employee after Procurement & Warehousing Services releases a solicitation to the General Public. All communications regarding this solicitation shall be directed to the designated Purchasing Agent unless so notified by Procurement & Warehousing Services. This "Cone of Silence" period shall go into effect and shall remain in effect from the time of the release of the solicitation until the Agreement is awarded by SBBC. Further, any Awardee, its principals, or their lobbyists shall not offer campaign contributions to School Board Members or offer contributions to School Board Members for campaigns of other candidates for political office during the period in which the Awardee is attempting to sell goods or services to SBBC This period of limitation of offering campaign contributions shall commence at the time of the "cone of silence" period for any solicitation for a competitive procurement as described by School Board Policy 3320, Part II, Section GG as well as School Board Policy 1007, Section 5.4 – Campaign Contribution Fundraising. **Any Bidder or lobbyist who violates this provision shall cause their Bid (or that of their principal) to be considered non-responsive and therefore be ineligible for award.**

60. **TERMINATION:** This Agreement award may be terminated with or without cause by SBBC during the term hereof upon giving the other party thirty (30) days written notice that SBBC is terminating the Agreement award.

61. **EVALUATION AND BIDS:** SBBC evaluates all Bids in accordance with Chapters 119.071 and 286.0113, Florida Statutes.

62. **MEET OR RELEASE:** If during the Agreement term, SBBC is offered a lower price from a third party supplier for a product or service awarded under this Agreement, or offers another item that meets or exceeds the specifications for the item at a lower price than the awarded price, SBBC shall request Awardee to meet the lower price offered by the third party supplier. The awardee shall be required to respond to this request within three (3) days of the request. If Awardee is unable to meet the lower price, SBBC shall be released from its contractual obligation to purchase the item under this Agreement. No response to this request shall indicate that Awardee is unable to offer the item at a lower price. This action, purchasing awarded item from third party supplier, shall not hold SBBC in default of Agreement. Each purchase shall be considered separate and apart from each other.

63. **CONFIDENTIAL RECORDS:** Notwithstanding any provision to the contrary within this Agreement, any party contracting with SBBC under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes; Family Educational Rights and Privacy Act (FERPA), and any other state or federal law or regulation regarding the confidentiality of student information and records. Each such party agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the party, or an officer, employee, agent, representative, contractor, or sub-contractor of the party to the extent that the party or an officer, employee, agent, representative, contractor, or sub-contractor of the party shall either intentionally or negligently violate the provisions of this section or of Sections 1002.22 and/or 1002.221, Florida Statutes.

(continued)

63. *Awardee agrees that it may create, receive from or on behalf of SBBC, or have access to, records or record systems that are subject to FERPA and/or HIPAA (collectively, the "Confidential Records"). Awardee represents, warrants, and agrees that it shall: (1) hold the Confidential Records in strict confidence and shall not use or disclose the Confidential Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by the SBBC in writing; (2) safeguard the Confidential Records according to commercially reasonable administrative, physical and technical standards as required by law; and (3) continually monitor its operations and take any and all action necessary to assure that the Confidential Records are safeguarded in accordance with the terms of this Agreement. At the request of the SBBC, Awardee agrees to provide SBBC with a written summary of the procedures Awardee uses to safeguard the Confidential Records. A breach of these confidentiality requirements shall constitute grounds for the SBBC to terminate any contract with Awardee.*

64. **PROPRIETARY INFORMATION**: Pursuant to Chapter 119, Florida Statutes, bids received as a result of this ITB shall not become public record until thirty (30) days after the date of opening or until posting of the recommendation for award, whichever occurs first. Thereafter, all bid documents or other materials submitted by all Bidders in response to this ITB shall be open for inspection by any person and in accordance with Chapter 119, Florida Statutes. To the extent, a Bidder asserts any portion of its bid is confidential and exempt, long with specific citations of the Florida Statutes establishing the confidentiality or exemption. Failure to identify the portions of the bid claimed to be exempt or the specific statutory authority establishing the exemption shall be deemed a waiver by the Bidder that any unidentified portion of the bid is confidential or exempt from disclosure under Chapter 119, Florida Statutes.

Should a public record request for bid documents or other materials submitted by a Bidder be submitted, SBBC shall notify the contact person identified in the bid of the request in writing. The notice provided shall indicate that requested materials shall be produced unless, within ten (10) calendar days of the date of the written notification, the Awardee initiated an action in a court of competent jurisdiction to obtain an injunction or protective order prohibiting the release of the requested materials. The awardee shall name the party requesting the materials as a defendant and shall not name SBBC as a party to the action. Awardee agrees to hold SBBC harmless from any award to a plaintiff for damages, costs or attorney's fees based on nondisclosure of information asserted to be confidential and exempt. Failure to timely initiate the action shall be deemed a waiver by the Awardee that the requested information is confidential and exempt. Awardee agrees to waive any cause of action it may have against SBBC for the release of materials pursuant to a public record request except those based on the intentional or grossly negligent conduct of any employee of SBBC. Submission by a Bidder in response to this ITB shall be deemed as Bidder's consent to the foregoing conditions.

65. **E-VERIFY**: Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC will immediately terminate this Agreement. Termination pursuant to this section is not a breach of this Agreement and may not be considered as such.

66. **PUBLIC RECORDS:** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Awardee shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Awardee shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Awardee shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Awardee does not transfer the public records to SBBC. Upon completion of the Agreement, Awardee shall transfer, at no cost, to SBBC all public records in possession of Awardee or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Awardee transfers all public records to SBBC upon completion of the Agreement, Awardee shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Awardee keeps and maintains public records upon completion of the Agreement, Awardee shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems. (continued……)

66. **IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

67. **NONDISCRIMINATION:** As a condition of entering into the award of this ITB, Awardee represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

As part of such compliance, Awardee shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Awardee retaliate against any person for reporting instances of such discrimination. Awardee shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. Awardee understands and agrees that a material violation of this clause is considered a material breach of an award of this ITB and may result in termination of this ITB, disqualification of the company from participating in SBBC's solicitations, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

68. **ANNUAL APPROPRIATION**: SBBC's performance and obligations under this ITB is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this ITB, this ITB may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

69. **EXCESS FUNDS**: Any party receiving funds paid by SBBC under this ITB agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

70. **NO WAIVER OF SOVEREIGN IMMUNITY**: Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this ITB and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

71. **NO THIRD PARTY BENEFICIARIES**: The parties (SBBC and Awardee) expressly acknowledge that it is not their intent to create or confer any rights or obligations under this ITB in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this ITB. The parties agree that there are no third-party beneficiaries to this ITB and that no third-party is entitled to assert a claim against any of the parties based upon this ITB. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any ITB.

72. **DEFAULT**: The parties (SBBC and Awardee) agree that, if either party is in default of its obligations under this ITB, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this ITB may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 60.

73. **INDEPENDENT CONTRACTOR**: The parties (SBBC and Awardee) to this ITB are acting in the capacity of independent contractor(s) and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this ITB. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

74. **RIGHTS AND REMEDIES**: The duties and obligations imposed by this ITB and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• School Board Policy 4800 – Exceptional Student Education Policies and Procedures requires Broward County Public Schools to provide specialized materials, equipment, and assistive technology necessary for students with disabilities to receive a Free Appropriate Public Education (FAPE).
Statutory Requirement	• Florida Statute § 1003.01 – Exceptional Students • Florida Statute §1003.575 – Assistive Technology Devices Both statutes require Districts to provide appropriate instructional materials, equipment, and assistive technology for students with disabilities.
If the School Board votes "Yes"	• The School Board of Broward County, Florida (SBBC), will continue providing specialized equipment and materials necessary to implement students' Individualized Education Plans (IEPs). • Students will maintain access to assistive technology, diagnostic tools, therapy equipment, hearing aid purchase and repair, mobility equipment, and specialized curriculum materials. • SBBC will remain compliant with School Board Policy 4800, Individuals with Disabilities Education Act (IDEA) requirements, and Florida Statutes governing services for students with disabilities.

If the School Board votes "No"	• SBBC may not be able to provide required assistive technology, diagnostic materials, therapy equipment, and other specialized resources necessary to support students' IEPs. • This could result in non-compliance with federal IDEA requirements, Florida statutes, and School Board Policy 4800, potentially impacting the District's ability to provide FAPE to students with disabilities.
Alignment to the 2027 Strategic Goals and Guardrails	• Guardrail 2: Equity • Guardrail 3: School Support • Guardrail 5: Wellness Support
Measurable Outcome(s)/Return on Investment	• This ITB supports student access to instructional materials, assistive technology, and specialized equipment required to implement IEPs. Access to these resources supports improved academic engagement, measurable progress toward IEP goals, and compliance with federal and state requirements under the IDEA. Additionally, the ITB ensures timely access to essential resources that support equitable educational opportunities for students with disabilities across the District.

Background/History
The Scope of Requirements includes but is not limited to assistive technology, diagnostic and testing materials, hearing aids, equipment and supplies, mobility assistance equipment, PT/OT supplies, special education curriculum materials and software, speech therapy materials, vision aids, equipment, and supplies, or any another catalog that provides supplies and/or equipment for assisting and educating individuals with disabilities, and the repair of hearing aids for Individuals with Disabilities.

The renewal ensures continuity of resources and operational efficiency while allowing the District to maintain stable vendor relationships and predictable pricing for specialized Exceptional Student Education (ESE) materials and equipment.

Procurement Method:	**Piggyback Agreement** (Yes/No): No **Acquisition Method**: Pursuant to Purchasing Policy 3800 and Rule 6A-1.012(1)(b), Florida Administrative Code, an Invitation to Bid (ITB) is a written competitive solicitation used when the School District can clearly define the scope of work for a service or establish precise specifications for the commodities being purchased. 60. **TERMINATION:** This ITB award may be terminated with or without cause by SBBC during the term hereof upon giving the other party thirty (30) days written notice that SBBC is terminating the ITB award.

61. **EVALUATION AND BIDS:** SBBC evaluates all Bids in accordance with Chapters 119.071 and 286.0113, Florida Statutes.

62. **MEET OR RELEASE:** If during the Agreement term, SBBC is offered a lower price from a third party supplier for a product or service awarded under this Agreement, or offers another item that meets or exceeds the specifications for the item at a lower price than the awarded price, SBBC shall request Awardee to meet the lower price offered by the third party supplier. The awardee shall be required to respond to this request within three (3) days of the request. If Awardee is unable to meet the lower price, SBBC shall be released from its contractual obligation to purchase the item under this Agreement. No response to this request shall indicate that Awardee is unable to offer the item at a lower price. This action, purchasing awarded item from third party supplier, shall not hold SBBC in default of Agreement. Each purchase shall be considered separate and apart from each other.

63. **CONFIDENTIAL RECORDS:** Notwithstanding any provision to the contrary within this Agreement, any party contracting with SBBC under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes; Family Educational Rights and Privacy Act (FERPA), and any other state or federal law or regulation regarding the confidentiality of student information and records. Each such party agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the party, or an officer, employee, agent, representative, contractor, or sub-contractor of the party to the extent that the party or an officer, employee, agent, representative, contractor, or sub-contractor of the party shall either intentionally or negligently violate the provisions of this section or of Sections 1002.22 and/or 1002.221, Florida Statutes.

(continued)

63. *Awardee agrees that it may create, receive from or on behalf of SBBC, or have access to, records or record systems that are subject to FERPA and/or HIPAA (collectively, the "Confidential Records"). Awardee represents, warrants, and agrees that it shall: (1) hold the Confidential Records in strict confidence and shall not use or disclose the Confidential Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by the SBBC in writing; (2) safeguard the Confidential Records according to commercially reasonable administrative, physical and technical standards as required by law; and (3) continually monitor its operations and take any and all action necessary to assure that the Confidential Records are safeguarded in accordance with the terms of this Agreement. At the request of the SBBC, Awardee agrees to provide SBBC with a written summary of the procedures Awardee uses to safeguard the Confidential Records. A breach of these confidentiality requirements shall constitute grounds for the SBBC to terminate any contract with Awardee.*

64. **PROPRIETARY INFORMATION**: Pursuant to Chapter 119, Florida Statutes, bids received as a result of this ITB shall not become public record until thirty (30) days after the date of opening or until posting of the recommendation for award, whichever occurs first. Thereafter, all bid documents or other materials submitted by all Bidders in response to this ITB shall be open for inspection by any person and in accordance with Chapter 119, Florida Statutes. To the extent, a Bidder asserts any portion of its bid is confidential and exempt, long with specific citations of the Florida Statutes establishing the confidentiality or exemption. Failure to identify the portions of the bid claimed to be exempt or the specific statutory authority establishing the exemption shall be deemed a waiver by the Bidder that any unidentified portion of the bid is confidential or exempt from disclosure under Chapter 119, Florida Statutes.

Should a public record request for bid documents or other materials submitted by a Bidder be submitted, SBBC shall notify the contact person identified in the bid of the request in writing. The notice provided shall indicate that requested materials shall be produced unless, within ten (10) calendar days of the date of the written notification, the Awardee initiated an action in a court of competent jurisdiction to obtain an injunction or protective order prohibiting the release of the requested materials. The awardee shall name the party requesting the materials as a defendant and shall not name SBBC as a party to the action. Awardee agrees to hold SBBC harmless from any award to a plaintiff for damages, costs or attorney's fees based on nondisclosure of information asserted to be confidential and exempt. Failure to timely initiate the action shall be deemed a waiver by the Awardee that the requested information is confidential and exempt. Awardee agrees to waive any cause of action it may have against SBBC for the release of materials pursuant to a public record request except those based on the intentional or grossly negligent conduct of any employee of SBBC. Submission by a Bidder in response to this ITB shall be deemed as Bidder's consent to the foregoing conditions.

65. **E-VERIFY**: Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC will immediately terminate this Agreement. Termination pursuant to this section is not a breach of this Agreement and may not be considered as such.

66. **PUBLIC RECORDS:** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Awardee shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Awardee shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Awardee shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Awardee does not transfer the public records to SBBC. Upon completion of the Agreement, Awardee shall transfer, at no cost, to SBBC all public records in possession of Awardee or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Awardee transfers all public records to SBBC upon completion of the Agreement, Awardee shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Awardee keeps and maintains public records upon completion of the Agreement, Awardee shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems. (continued……)

66. **IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.**

67. **NONDISCRIMINATION:** As a condition of entering into the award of this ITB, Awardee represents and warrants that it will comply with the SBBC's Commercial Nondiscrimination Policy, as described under, Section D.1 of SBBC's Policy No. 3330 – Supplier Diversity Outreach Program.

As part of such compliance, Awardee shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Awardee retaliate against any person for reporting instances of such discrimination. Awardee shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. Awardee understands and agrees that a material violation of this clause is considered a material breach of an award of this ITB and may result in termination of this ITB, disqualification of the company from participating in SBBC's solicitations, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

68. **ANNUAL APPROPRIATION**: SBBC's performance and obligations under this ITB is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this ITB, this ITB may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

69. **EXCESS FUNDS**: Any party receiving funds paid by SBBC under this ITB agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

70. **NO WAIVER OF SOVEREIGN IMMUNITY**: Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this ITB and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

71. **NO THIRD PARTY BENEFICIARIES**: The parties (SBBC and Awardee) expressly acknowledge that it is not their intent to create or confer any rights or obligations under this ITB in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this ITB. The parties agree that there are no third-party beneficiaries to this ITB and that no third-party is entitled to assert a claim against any of the parties based upon this ITB. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any ITB.

72. **DEFAULT**: The parties (SBBC and Awardee) agree that, if either party is in default of its obligations under this ITB, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this ITB may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 60.

73. **INDEPENDENT CONTRACTOR**: The parties (SBBC and Awardee) to this ITB are acting in the capacity of independent contractor(s) and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this ITB. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

74. **RIGHTS AND REMEDIES**: The duties and obligations imposed by this ITB and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

These orders shall be made via phone or fax for direct delivery and billing to the requesting work location. Only actual items shipped/delivered can be charged to the credit card account (i.e., no back-orders). All purchase deliveries must include a packing slip or receipt/invoice listing the items and prices of goods delivered. (continued….)

57. The awardee shall be required to respond to this request within three (3) days of the request. If Awardee is unable to meet the lower price, SBBC shall be released from its contractual obligation to purchase the item under this Agreement. No response to this request shall indicate that Awardee is unable to offer the item at a lower price. This action, purchasing awarded item from third party supplier, shall not hold SBBC in default of Agreement. Each purchase shall be considered separate and apart from each other.

63. **CONFIDENTIAL RECORDS:** Notwithstanding any provision to the contrary within this Agreement, any party contracting with SBBC under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes; Family Educational Rights and Privacy Act (FERPA), and any other state or federal law or regulation regarding the confidentiality of student information and records. At the request of the SBBC, Awardee agrees to provide SBBC with a written summary of the procedures Awardee uses to safeguard the Confidential Records. A breach of these confidentiality requirements shall constitute grounds for the SBBC to terminate any contract with Awardee.*

64. **PROPRIETARY INFORMATION**: Pursuant to Chapter 119, Florida Statutes, bids received as a result of this ITB shall not become public record until thirty (30) days after the date of opening or until posting of the recommendation for award, whichever occurs first. To the extent, a Bidder asserts any portion of its bid is confidential and exempt, long with specific citations of the Florida Statutes establishing the confidentiality or exemption. Failure to identify the portions of the bid claimed to be exempt or the specific statutory authority establishing the exemption shall be deemed a waiver by the Bidder that any unidentified portion of the bid is confidential or exempt from disclosure under Chapter 119, Florida Statutes.

    Should a public record request for bid documents or other materials submitted by a Bidder be submitted, SBBC shall notify the contact person identified in the bid of the request in writing. The awardee shall name the party requesting the materials as a defendant and shall not name SBBC as a party to the action. Awardee agrees to hold SBBC harmless from any award to a plaintiff for damages, costs or attorney's fees based on nondisclosure of information asserted to be confidential and exempt. Failure to timely initiate the action shall be deemed a waiver by the Awardee that the requested information is confidential and exempt. Awardee agrees to waive any cause of action it may have against SBBC for the release of materials pursuant to a public record request except those based on the intentional or grossly negligent conduct of any employee of SBBC. Submission by a Bidder in response to this ITB shall be deemed as Bidder's consent to the foregoing conditions.

65. **E-VERIFY**: Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC will immediately terminate this Agreement. Termination pursuant to this section is not a breach of this Agreement and may not be considered as such.

66. **PUBLIC RECORDS:** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Awardee shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Awardee shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Awardee shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Awardee does not transfer the public records to SBBC. Upon completion of the Agreement, Awardee shall transfer, at no cost, to SBBC all public records in possession of Awardee or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Awardee transfers all public records to SBBC upon completion of the Agreement, Awardee shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. Awardee shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant marketplace. Awardee understands and agrees that a material violation of this clause is considered a material breach of an award of this ITB and may result in termination of this ITB, disqualification of the company from participating in SBBC's solicitations, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third-party.

68. **ANNUAL APPROPRIATION**: SBBC's performance and obligations under this ITB is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this ITB, this ITB may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

69. **EXCESS FUNDS**: Any party receiving funds paid by SBBC under this ITB agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

70. **NO WAIVER OF SOVEREIGN IMMUNITY**: Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this ITB and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

71. **NO THIRD PARTY BENEFICIARIES**: The parties (SBBC and Awardee) expressly acknowledge that it is not their intent to create or confer any rights or obligations under this ITB in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this ITB. The parties agree that there are no third-party beneficiaries to this ITB and that no third-party is entitled to assert a claim against any of the parties based upon this ITB. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any ITB.

72. **DEFAULT**: The parties (SBBC and Awardee) agree that, if either party is in default of its obligations under this ITB, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this ITB may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 60.

73. **INDEPENDENT CONTRACTOR**: The parties (SBBC and Awardee) to this ITB are acting in the capacity of independent contractor(s) and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this ITB. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

EXECUTIVE SUMMARY

RFP-FY22-015 – Casualty Actuarial Services with AMI Risk Consultants, Inc.

Board Meeting Date: June 9, 2026

Requested Action:
Approve the Second Amendment to the Agreement between The School Board of Broward County, Florida (SBBC), and AMI Risk Consultants, Inc.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• None
Statutory Requirement	• None
If the School Board votes "Yes"	• Approving the Second Amendment and additional budget authority, SBBC will have a firm to analyze past claims data and estimate the probability of future claims.
If the School Board votes "No"	• By not approving this Second Amendment and additional budget authority, SBBC will not have a firm to analyze past claims data and estimate the probability of future claims.
Alignment to the 2027 Strategic Goals and Guardrails	• Business Operations
Measurable Outcome(s)/Return on Investment	• The use of actuarial science will allow assessment of risk and ensure financial stability against District losses.

Background/History
AMI Risk Consultants, Inc., SBBC's actuary, utilizes mathematics, statistics, and financial theory to evaluate risk and uncertainty. Actuaries analyze data to estimate the likelihood of future events such as accidents, claims, and lawsuits, as well as calculate financial costs associated with liability/workers' compensation risk.

This financial analysis allows our District to establish liability and workers' compensation reserves. Actuaries use probability distributions to model the chances of future events like insured losses. Statistical techniques allow them to analyze past claims data and estimate the probability of future claims.

Actuarial calculations must comply with regulatory requirements, which vary by region. New risks, such as climate change and pandemics, pose a challenge due to a lack of historical data.

Risk Management will exercise this 1-year extension to continue the use of actuarial science to assess risk and ensure financial stability against District losses.

Historically, actuarial services play a crucial role in setting reserves and managing risk. The services noted above are used to set reserves to protect the District from financial loss.

   (c) **July 1, 2024** to **June 30, 2025**

5. For the aggregate of all fiscal years starting at the inception of the self-insured programs and ending **June 30, 2022**, VENDOR shall provide an estimate and the rationale for the estimate, of the actual cash requirements which will be required for payment of losses (including allocated loss adjustment expense) during the **July 1, 2022** to **June 30, 2023** year. In addition, VENDOR shall provide similar data on the cash requirements for losses, which both occur and will be paid during the **July 1, 2022** to **June 30, 2023**.

6. VENDOR shall provide estimates and the rationale for funding to meet Governmental Accounting Standards Board Statement No. 10 (GASB 10) requirements.

7. VENDOR shall provide estimates for reserves on a discounted and an undiscounted basis.

8. VENDOR shall provide estimates for funding levels on future loss payments with respect to two different confidence intervals with SBBC determining the confidence levels prior to commencement of the Actuarial Services.

9. In order to offer a basis for comparison of future funding, VENDOR shall provide separate estimates based on alternatives of no excess Insurance (or statutory cap) and excess Insurance. These estimates are based on Section 768.28, Florida Statutes, and similar to the Insurance maintained by SBBC, and based on the premise that SBBC's Property and Casualty Insurance Consultant is not aware of any credible data based on the impact of Section 768.28, Florida Statutes.

10. SBBC maintains excess coverage for Workers' Compensation/Employers' Liability as described in the introduction Section of this RFP. In order to offer a basis on limits on worker's compensation for comparison of future funding, Awardee should provide separate estimates, for **July 1, 2022** to **June 30, 2023, July 1, 2023** to **June 30, 2024**, and **July 1, 2024** to **June 30, 2025** (if Agreement is renewed, **July 1, 2025** to **June 30, 2026** and **July 1, 2026** to **June 30, 2027**) based on alternate self-insured retention's of $1,000,000, $1,250,000 and $1,500,000.

When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Principal, Broward Virtual School 1400 NW 44th Avenue Coconut Creek, FL 33066
To Vendor:	Sales Contract Administrator 11720 Plaza America Drive, 9th Floor Reston, VA 20190
With a Copy to:	Office of General Counsel

2.13 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.14 **Affidavit Regarding the Use of Coercion for Labor and Services**. Pursuant to Section 787.06(13), Florida Statutes, Vendor, when executing, renewing, or extending an agreement with The School Board of Broward County, Florida must provide an affidavit signed by an officer or representative of Vendor under penalty of perjury stating that Vendor does not use coercion for labor or services as defined in that statute. The submission of a false affidavit may subject Vendor to civil penalties, attorney's fees, and/or costs. Any Agreement with SBBC shall be terminated by SBBC without recourse if Vendor is found to have submitted a false affidavit.

2.15 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by Vendor that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Vendor further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Vendor acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. Vendor further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if Vendor (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if Vendor is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.16 **Background Screening**. Vendor shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of Vendor's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of Vendor or its personnel providing any services under this Agreement. Vendor shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to Vendor and its personnel. The parties agree that the failure of Vendor to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit Vendor to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. Vendor agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from Vendor failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.17 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. Vendor shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, Vendor shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. Vendor shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if Vendor does not transfer the public records to SBBC. Upon completion of the Agreement, Vendor shall transfer, at no cost, to SBBC all public records in possession of Vendor or keep and maintain public records required by SBBC to perform the services required under the Agreement. If Vendor transfers all public records to SBBC upon completion of the Agreement, Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Vendor keeps and maintains public records upon completion of the Agreement, Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.18 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.19 **Liability**. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

(a) By SBBC. SBBC agrees to be fully responsible up to the limits of Section 768.28, Florida Statutes, for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable, up to the limits of Section 768.28, Florida Statutes, for any damages resulting from said negligence.

(b) By Vendor. Vendor agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by Vendor, its agents, servants, or employees; the equipment of Vendor, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of Vendor or the negligence of Vendor's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by Vendor, SBBC, or otherwise.

2.20 **Insurance Requirements**. Vendor shall comply with the following insurance requirements throughout the term of this Agreement:

(a) General Liability. Vendor shall have and maintain General Liability insurance with limits of not less than one million dollars ($1,000,000) per occurrence for Bodily Injury/Property Damage; $1,000,000.00 General Aggregate; and Limits of not less than $1,000,000.00 for Products/Completed Operations Aggregate.

(b) Professional Liability & Omissions. Vendor shall have and maintain Professional Liability/Errors & Omissions insurance with a limit of not less than $1,000,000.00 per occurrence covering any services provided under this Agreement.

(c) Workers' Compensation. In accordance with Chapter 440, Florida Statutes, Vendor shall have and maintain Workers' Compensation insurance and Employer's Liability limits of not less than $100,000.00/$100,000.00/$500,000.00 (each accident/disease-each employee/disease-policy limit).

(d) Auto Liability. Vendor shall have and maintain Owned, Non-Owned and Hired Auto Liability insurance with Bodily Injury and Property Damage with limits of not less than $1,000,000.00 Combined Single Limit. If Vendor does not own any vehicles, it shall have and maintain hired and non-owned automobile liability coverage in the amount of $1,000,000.00. In addition, an affidavit signed by Vendor must be furnished to SBBC stating the following: "Vendor does not own any vehicles. If Vendor acquires any vehicles during the term of the Agreement, Vendor agrees to provide proof of "Any Auto" coverage effective as of the date of vehicle acquisition."

(e) Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

(f) Verification of Coverage. Proof of the required insurance must be furnished by Vendor to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. To streamline this process, SBBC has partnered with EXIGIS Risk Management Services to collect and verify insurance documentation. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences to permit Vendor to remedy any deficiencies. Vendor must verify its account information and provide contact details for its Insurance Agent via the link provided to it by email.

(g) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

1) The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2) All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

3) Certificate Holder: The School Board of Broward County, Florida, c/o EXIGIS Risk Management Services, P.O. Box 4668-ECM, New York, New York 10163-4668.

(h) Cancellation of Insurance. Vendor is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(i) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.21 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.22 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.23 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.24 **Incorporation by Reference**. **Exhibits 1, 2, 3, 4,** and **5**, attached hereto and referenced herein are incorporated into this Agreement by reference.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the parties intend to directly or substantially benefit a third party by this Agreement. The parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement shall at all times be acting in the capacity of independent contractors and not as an officer, employee or agent of one another. Neither party or its respective agents, employees, subcontractors or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits or any other benefits of SBBC employees shall exist as a result of the performance of any duties or responsibilities under this Agreement. SBBC shall not be responsible for social security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.05.

3.05 **Termination**. This Agreement may be canceled with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC shall be entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC shall have no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, title to such property shall pass to SBBC, and SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida, or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida shall have jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.17 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall lack of funds on the part of either party be deemed Force Majeure.

3.18 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.19 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Agreement.

3.20 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.21 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the date first above written.

K12 FLORIDA L.L.C. DISCLOSURE REQUIREMENTS

Section 1002.45, Florida Statutes., requires the Provider to publish, for the general public, and as part of this application and any subsequent applications or contracts with school districts, the following information:

SOURCE OF ORIGIN OF CURRICULUM AND COURSE CONTENT

- **Information and data about the curriculum of each full-time and part-time program. Please include, at minimum, the source or origin of curriculum and course content, specific research and best practice used in design, the basis for and frequency of revisions, research related to effectiveness of curriculum, evidence that content and assessments are accurate, free of bias, and accessible for students with disabilities and limited English proficiency. Post a list identifying the National Collegiate Athletic Association (NCAA) approval status for each applicable high school course offered.**

K12 Florida L.L.C., currently authorized by the Florida Department of Education (FLDOE) to participate with school districts in their Virtual Instruction Programs as well as to provide virtual instruction services to district sponsored online schools and cyber charter schools, is an indirect wholly owned subsidiary of Stride, Inc. "Stride, Inc." is referred to as "K12" in this document, consistent with the company's branding. "Stride" is used in this document when it is part of a specific Stride entity's or product's name. "K12 Florida L.L.C." in this document refers to the K12 Florida Virtual Instruction Program Provider .

K12 has transformed the teaching and learning experience for millions of people by providing innovative, high-quality, tech-enabled education solutions, curriculum, and programs directly to students, schools, the military, and enterprises in primary, secondary, and post-secondary settings. K12 is a premier provider of K-12 education for students, schools, and districts, including career learning services through middle and high school curriculum. During school year 2023-2024, K12 supported over 194,000 students through its full-time public and private school programs. For adult learners, K12 delivers professional skills training in healthcare and technology, as well as staffing and talent development for Fortune 500 companies. K12 has delivered millions of courses over the past decade and serves learners in all 50 states and more than 100 countries.

K12 has invested in developing and acquiring curriculum and online learning platforms that promote mastery of core concepts and skills for students of all abilities. The K12 suite of services and instructional curriculum and courseware, collectively referred to as the "K12 Curriculum", currently includes public and private K-12 options, Learning Academy) for districts (previously named the FuelEd Instructional Services Team), World Languages, Stride Skills Arcade, and Career Readiness Education (CRE) curriculum. The K12 curriculum also includes an array of Advanced Placement (AP) courses that is far larger than that in most conventional brick-and-mortar schools. K12 re-evaluates its AP catalog of courses in accordance with changing College Board guidelines and student and school requests. AP courses are college-level courses that follow curriculum frameworks specified by the College Board.
These courses are designed to prepare students for success on AP exams, providing students the opportunity to earn credit at many of the nation's colleges and universities. The list of Advanced Placement courses that have been officially approved through the College Board's AP audit process are listed in the High School Curriculum section below.

K12 provides a continuum of technology-based educational products and solutions to cyber charter schools, public school districts, public schools (including online schools), private schools, and families as we strive to transform the educational experience into one that delivers individualized education on a highly scalable basis. As an innovator in K-12 online education, we believe we have attained distinctive core competencies that allow us to meet the varied needs of our school customers and students and have shown academic success and achievement in the schools we serve.

CURRICULUM AND COURSE CONTENT

The design, development, and delivery of K12's curriculum is grounded in a set of guiding principles that promote critical thinking and problem-solving skills to prepare students for the demands of the 21st Century. K12 uses "big ideas" in every subject area to organize the explicit learning objectives for each course. This approach enables teachers to easily connect their instruction to both content standards and to Florida's B.E.S.T. Standards. It also helps students understand how skills and standards are connected, providing a coherence to the teaching/learning process often missed when content standards are taught as independent, unrelated ideas.

K12 content experts have developed a clear understanding of those subjects, concepts, and skills (as determined by experience and research on learning and teaching) that are often difficult for students to grasp. Greater instructional effort is focused on the most important concepts and on the most challenging concepts and skills. K12 uses existing research, feedback from parents and students, and the judgement of experienced teachers to determine these priorities and to modify K12's learning systems to guide the allocation of each student's time and effort. It is important to emphasize that this personalized approach to instruction ensures that every student will receive the instructional support needed to master Florida's B.E.S.T. Standards.

In addition to aligning to the Florida standards (including the B.E.S.T. Standards and State Academic Standards) and the National Standards for Quality Online Courses, courses within the K12 curriculum both align to and support the State Academic Standards. The objectives are crafted from educational research, state and national standards, and deep content expertise. Each course clearly identifies the objectives to be mastered in each lesson, unit, and semester. The lesson objectives are clearly defined on the learning platform.

Several types of multimedia are standard in the K12 curriculum and used strategically to engage different learning intelligences, particularly visual and kinesthetic learners who are often harder to engage through traditional teaching methods:

- *Audio*: Maximizes the learner's ability to process information without being overwhelmed by visuals
- *Photographs/Illustrations*: Help represent, organize, and interpret the content
- *Interactive Activities*: Are used to segment content, personalize learning, promote agency in learning, and offer the opportunity to engage in activities incrementally increasing in cognitive difficulty (See Interactive Framework, below)

- *Technology-Enhanced Items (TEI):* Offer students the opportunity to demonstrate varying depths of knowledge mimicking high-stakes testing demands
- *Animations/Videos*: Are used as concrete modeling of behavioral learning objectives, hooks to introduce real-world applications, and bring instruction to life

As an example of interactive activities, K12 Science courses include open-ended simulations giving students an environment to model natural phenomena. The open-ended simulations present the learner with the simplest case appropriate for their knowledge development and then provide the means to reshape the environment using increasingly more sophisticated tools or ideas. The simulations give students the opportunity to create and test models, to reinforce core lesson ideas, and to apply scientific and engineering practices in virtual labs.

Interactive Framework

The K12 curriculum provides an interactive framework designed to enable students to fully reap the benefits of the personalized online learning environment. Many digital curriculum courses created by other curriculum providers are simply online textbooks and lack robustness and implementation support. The K12 course experience is designed expressly for a digital learning environment that follows careful instructional design principles and is packed with rigorous content so that the learning experience creates a full story arc. K12 courses follow a framework of interactivity that is peppered with engaging media, video, and interactivity, fully using technology to enhance learning and engage students. Courses match interactivity level to the cognitive level of the task at hand based on research-backed principles of cognitive science, feedback from the students in the schools and programs served by K12, as well as feedback from parents and teachers.

Curriculum Overview

K12's courses are built on a consistent, predictable instructional model to ground students in what to expect and are packed with rigorous content, interactivity, and engaging media and video. The courses personalize learning in a variety of ways, from offering more scaffolded learner paths for students needing extra support, to matching readers to appropriately leveled texts. Courses are designed expressly for a digital learning environment, using technology and instructional design principles to enhance instruction and engagement, not just to deliver print-based instruction online. The result is a comprehensive online learning experience.

Elementary School Curriculum

Families with students enrolled in grades K-5 begin the school year with the "Introduction to Online Learning" course. This introductory course provides an overview of each curriculum area so students and Learning Coaches (usually guardians or parents but could be any caring adult who will support the student in their learning process) can familiarize themselves with the philosophy behind the curriculum methodology and overall course organization. Topics covered include:

- the online school tools like the daily plan, messages, and help
- course organization of lessons, including assessments, and
- strategies to get organized and be a successful student in online courses.

The lessons are interactive and include actual animations or graphics that are used in the courses themselves. By the end of their introductory course, students will be fully prepared to begin their lessons in the online school.

Elementary students take English language arts, math, science, history/social studies, art, music, health and physical education, and world languages. With hundreds of engaging lessons in each subject, students learn the fundamental skills and knowledge building blocks or schemas needed to master the major subject areas, meet state standards, and complete more advanced coursework. The curriculum includes formative and grade-specific assessments built in at regular intervals appropriate to each course and subject.

English Language Arts (ELA): Younger elementary students learn the basics of phonics and grammar and prepare for reading through systematic, multi-sensory activities. Students in grades K-2 have grade specific collections about fairy tales, folktales, rhymes, poems, and fables. Older elementary students continually sharpen their fluency—the ability to read on grade level with accuracy, automaticity, rate, and intonation—so that they can focus on comprehension as opposed to laboriously decoding text. Upper elementary students also develop literary analysis and comprehension skills by reading novels and nonfiction works. Students in grades 3-5 have their own grade specific collections of fiction and nonfiction texts called Expeditions in Reading.

K12's grades K-5 ELA courses help students develop reading and writing skills, while also inspiring a love of literature. The program features fiction and non-fiction works. K12's ELA curriculum supports students' development of analytical and critical thinking skills through engaging text-dependent questions and tasks—including inferential reading comprehension questions. Through the use of exemplars and short, targeted writing assignments, students practice vocabulary and learn the skills required for different forms of writing.

Math: K12's grades K-5 mathematics program is designed to establish mathematical fluency while also deepening the ability to reason mathematically (conceptual math). K12's suite of mathematics courses represents K12's second generation of research and development into effective approaches in early mathematics instruction and current e-learning instructional design.

K12's mathematics courses emphasize an active, multi-sensory approach to ensure that students understand the concrete realities that underlie mathematical concepts. Spiraling practice and review ensures mastery of basic skills. Embedded online games and animations motivate and engage students in challenging work and help illustrate concepts, while challenge problems help students develop critical thinking skills. From helping younger students make the link between the concrete and the abstract to immersing older students in the symbolic manipulations of algebra, K12 mathematics provides a thorough mathematical grounding and foundation for middle school.

Science: Science K-5 courses are designed to be engaging through explicit instruction, integrated e- books, vocabulary terms, and both directed and exploratory laboratory experiences. The program brings all four domains of science (physical, life, earth, and space) alive, nurturing curiosity,

analytical skills, and an appreciation of how the world is shaped by ongoing scientific and technological advances. The lessons address interdisciplinary core ideas, make connections to the cross-cutting concepts, and provide opportunities for students to engage in science and engineering practices.

Social Studies: The K12 kindergarten history and social sciences program takes students on a world tour of the seven continents and provides an overview of American History through a series of biographies of famous Americans. The first grade history program tells the story of the geography and ancient history of Greece, Egypt, and China; as well as the origins of Judaism, Hinduism, Buddhism, and democracy.
Grades 2-4 focus on exploring community, civics, citizenship, and state history through ebooks, web explorations, and hands on projects. Students in second grade experience a broad introduction to social studies and build a base for future learning. Third graders explore the world around them through the lens of diverse social studies concepts and topics. Fourth graders investigate the geography, history, economics, and civics of the United States. Students in grades 5 and up explore major themes and topics in greater depth through an American Studies course.

The courses draw from the diversity of human experience to develop civic competencies in students. Students analyze and interpret significant events, patterns, and themes in their community's history, the United States, and the world. Students read about diverse peoples and locations to appreciate and compare cultures. They gain age-appropriate, foundational knowledge of how the United States government functions and the rights and responsibilities of its citizens. As they learn about, reflect on, and, in later grades, research American history, students make connections between the past and the present. They develop an understanding of economic and geographic concepts, strengthening their grasp of their individual role in the local, national, and international story.

Art: Grade K-5 art courses offer lessons in which students create art, present their work, respond to art, and formulate connections between art and their lives. The courses expose students to an assortment of art and artists from different times, places, and cultures. Students use a variety of techniques, processes, and materials to create art.

Music: K12's K-5 music courses offer engaging content across various styles and encourage students to explore rhythm, melody, movement, and expression through a mix of online and offline activities. Each course consists of six units, with six 30-minute lessons per unit, including video-based instruction for 3rd and 4th graders featuring animated characters. Students participate in observational assessments and have opportunities to express themselves through singing, dancing, and creative activities, while also making connections to other subjects. Additionally, each unit incorporates a book from the K12 Library for independent or guided reading, enhancing the overall learning experience.

Middle School Curriculum

Students in grades 6-8 begin the school year by attending either "Introduction to Online Learning: Middle School", which introduces new students to the online learning platform, or "Welcome to Stride Career Prep". These introductory courses provide an overview of each curriculum area so students and learning coaches can familiarize themselves with the philosophy behind the curriculum methodology and overall course organization. Topics covered include:

- the online school tools like the daily plan, messages, and help;
- course organization of lessons, including assessments;
- strategies to get organized and be a successful student in online courses;
- time management (including how to take advantage of the flexibility of online courses); and
- how to form a consistent plan each day.

The lessons are interactive and include actual animations or graphics that are used in the courses themselves. By the end of their respective introductory courses, students are fully prepared to begin their lessons in the online school.

Middle school students take English language arts, math, history and social sciences, science, and elective courses. For the 2024-2025 school year, elective courses include Chinese and Spanish world languages, Career Readiness Education, Coding Fundamentals: Intro, Computer Literacy, Game Design, Health, Intermediate American Art, Intermediate World Art, Introduction to the Internet, Journalism, Photography, Physical Education, Music, Web Design, and World of Computing. Skills recovery courses are also available for English Language Arts, History/Social Studies, Math, and Science. With hundreds of engaging lessons in each subject across our proprietary curriculum, students learn the fundamental skills and knowledge building blocks or schemas needed to master the major subject areas, meet state standards, and complete more advanced coursework. The curriculum includes formative and summative assessments built in at regular intervals appropriate to each course and subject.

English Language Arts: English language arts (ELA) courses are student-centric and designed to support the depth of knowledge required by today's standards and high-stakes testing environments. With rich content, designed to engage and motivate, and enough practice to support mastery—including built-in time for independent practice, and actionable formative data—these ELA courses include the tools and technology that equip students with the skills they need to be successful throughout their academic careers.

Throughout these courses, students engage in literary analysis and close reading of short stories, poetry, drama, novels, and informational texts. Students read "between the lines" to interpret literature and go beyond the text to discover how the culture in which a work of literature was created contributes to the theme and ideas it conveys. Instruction and reading strategies accompany reading selections to help engage students in the text and sharpen their comprehension. Students study a variety of media to understand informational and persuasive techniques, explicit and implied messages, and how visual and auditory cues affect messages.

Students express their ideas and knowledge using standard (formal) English in written and oral assignments. Analyzing and practicing the form and structure of various writing genres enhances students' communication skills. Vocabulary is taught explicitly and through an array of vocabulary acquisition strategies that give students the tools to independently increase their vocabulary. Students study grammar, usage and mechanics; and practice sentence analysis, sentence structure, and proper punctuation. Setting goals, implementing reading strategies, self-monitoring progress, and reflecting on successes and challenges help students become metacognitive learners. These courses include discussion activities that engage

EXHIBIT A

students in the curriculum while creating a sense of community.

Mathematics: In K12's grade 6 mathematics course, students deepen their understanding of multiplication and division of fractions to include dividing fractions by fractions, with an additional focus on increasing efficiency and fluency. Students gain a foundation in the concepts of ratio and rate as an extension of their work with whole-number multiplication and division. This foundation prepares them for work with proportional relationships in grade 7. Students also make connections among area, volume, and surface area, and continue to prepare for deep algebraic understanding by interpreting and using expressions and equations.

In K12's grade 7 mathematics course, students focus on real-world scenarios and mathematical problems involving algebraic expressions and linear equations. They also begin to apply their understanding of rational numbers with increased complexity. The course lays the foundation for exploring concepts of angle, similarity, and congruence as students work with scale drawings and construct and analyze relationships among geometric figures. Students also develop and apply understandings of proportional relationships.

K12's grade 8 mathematics course prepares students for more advanced study in algebra as students solve linear equations and systems of equations, work with radicals and integer exponents, gain conceptual understanding of functions, and use functions to model quantitative relationships. To prepare students for more advanced study in geometry, the course emphasizes the Pythagorean theorem and a deepening exploration of similarity and congruence.

Science: In grades 6-8 Earth Science, students explore topics such as the fundamentals of geology, oceanography, meteorology, and astronomy; earth's minerals and rocks; earth's interior; plate tectonics, earthquakes, volcanoes, and the movements of continents; geology and the fossil record; the oceans and the atmosphere; and the solar system and the universe. In grades 6-8 Life Science, students explore an amazing variety of organisms, the complex workings of the cell and cell biology, the relationship between living things and their environments, and discoveries in the world of modern genetics. Students tackle such topics as ecology, microorganisms, animals, plants, cells, species, adaptation, heredity, genetics, and the history of life on earth. In grades 6-8 Physical Science, among other subjects, students study the structure of atoms; the elements and the periodic table; chemical reactions; forces, including gravitational, motion, acceleration, and mass; and energy, including light, thermal, electric, and magnetism. Students' coursework provides opportunities for students to engage in science and engineering practices through laboratory experiments and engineering design challenges. With rich content, designed to engage and motivate, and practice to support mastery, these science courses include the tools and technology that students need to succeed.

History: Throughout these courses, grades 6-8 students sharpen their historical and critical analysis skills as they read primary sources and study historical accounts from a variety of perspectives. By analyzing current events, students reflect on changes and continuities within and between time periods and see how the historical events of yesterday impact the present day. Students examine relevant issues such as trade, globalization, the environment, conflict, and other topics that influence the world today and develop citizenship skills that will enable them to participate in their government and communities throughout their lives. By studying the physical and cultural traits that make regions unique, as well as studying their commonalities, and how geography has influenced American history, students expand their knowledge of the world around them. Students also learn and apply research skills as they undertake research projects, practice document and art analysis, and look at how historians draw conclusions about the past.

Art: K12's grades 6-8 art courses—including American Art and World Art—provide opportunities for students to investigate art and architecture from different cultures and eras, and create realistic and abstract works inspired by works they learn about, using many materials and techniques.

Music: Students become musicians as they explore and build foundational music skills. Students are encouraged to discover their musical potential through diverse learning activities that include singing, dancing, virtual instruments, listening maps, authentic sound recordings with famous past and present artists, an iSong player that allows students to customize key signatures, tempo, and lyrical highlighting, playing the recorder, and optional guitar lessons. Students study the musical elements of duration, pitch, design, tone color, expressive qualities and cultural context. Students are introduced to music from all over the world as they explore beat, meter, rhythm, melody, harmony, tonality, texture, form, tone color, dynamics, tempo, articulation, style, and music background, and learn to actively read and write music.

Elementary and Middle School Career and College Prep Curriculum

Career and College Prep (C&CP) as a program in the Elementary school setting is focused on Career Awareness. Selected and approved reading materials, under the direction of the teacher and/or Learning Coach can be used to access career related content, facilitating student awareness of career opportunities that can be intentionally aligned to industry gaps, areas of industry growth in the state and/or region where the student resides.

The goal of the middle school C&CP program is to create an experience that allows students to explore a number of careers and industry sectors, while understanding personal strengths and interest and potential intersection of these personal attributes and the workforce. By engaging students early and often, they will have the opportunity to create a vision for their high school years and beyond. Students engage in robust career and college exploration using quality tools such as Pathful Connect, as well as through exploratory activities like career fairs. Exploration, in addition to C&CP coursework and conversations with their counselor, aides the student in planning for high school. The student's pathway is chosen and documented by 8th grade.

Career Awareness
During the Career Awareness phase, students are exposed to a wide variety of career clusters as a foundation for future learning. Students will take part in awareness coursework, including introduction to career clusters, through Project Based Learning (PBL), and professional skills development. All these elements will begin to develop culture and community around discussion, collaboration, and reflection, preparing students for the high school C&CP experience.

Career Exploration
The Career Exploration phase of the middle school C&CP program allows students to focus their experience by selecting a C&CP exploratory course to begin the journey of more in-depth investigation of the specific careers in a cluster. During Career Exploration, students work with

counselors, teachers, and administrators to become more active in their planning towards high school graduation and professional skills development. Students will take part in exploration coursework, which will include a deeper focus around career clusters of interest, professional skills, and through PBL. This coursework will set the stage for students to plan which pathway(s) and certification(s) they want to pursue in high school. Virtual work-based learning will be facilitated by appropriate virtual work-based learning opportunities, all focused on the student's chosen career cluster. In the second semester of grade 8, students (ages 13+) will be introduced to Tallo, a closed network platform (not a social media site) that allows students to showcase their unique skills and abilities while connecting to opportunities such as post-secondary education, internships, jobs and scholarships. All posts are monitored by Tallo staff to ensure relevancy and appropriateness.

Middle school C&CP students are able to earn certifications through their CTE coursework. Middle school certifications validate fundamental technical and durable skills learned while preparing students for future success in earning industry certifications by increasing confidence and awareness of test structure.

Career and Technical Student Organizations (CTSOs), which were traditionally offered in high school, are available to middle school C&CP students. This allows students to have ongoing engagement opportunities with their peers, apply learned technical skills, and to cultivate and demonstrate leadership and other durable skills.

High School Curriculum

The "Introduction to Online Learning" course is an introduction to the virtual learning environment for high school students with information for Learning Coaches. Topics include an orientation to people and parts of an online school, the online school platform, opportunities for socializing, sample assessments, and tips about how to create an effective learning environment, manage time, and be successful. Each lesson has video tutorials, printable guides, and practice activities such as sending email or creating schedules and backup plans. Veteran students and Learning Coaches share personal experiences and advice. Other high school orientation courses offered include Welcome Back to Online Learning, Welcome to Online Career Learning, and Welcome to Stride Career Prep.

Whether targeting employment, enlistment, or post-secondary educational options such as community college, four-year university or trade school, high school students can choose from an array of appropriately paced course offerings in order to maximize their post-high school success.

K12 courses will meet all state graduation requirements, and the diversity of electives is designed both to help students earn their high school diploma and find their own path to post-high school success.

K12 continuously invests and develops techniques and features in the curriculum to improve accessibility and interoperability with mobile devices. Most K12-produced textbooks, reference guides, literature readers, and lab manuals are now offered in a digital, online format (PDFs, eBooks) and are optimized for use with mobile devices. New content is developed following mobile-first development practices and supports responsive design.

The K12 high school curriculum will provide students the opportunity to harness the power of individualized learning by choosing from comprehensive, honors, Advanced Placement®, or rapid credit recovery courses for English, math, science, history/social studies, Spanish, career readiness, and electives. Unlike other programs, where a student must be on a particular academic path, the K12 curriculum allows students to chart their own course, choosing from a variety of levels of courses designed to match various aptitudes and goals. So, if a student excels in mathematics and science, they may take all Honors/AP® courses in those subjects while choosing from comprehensive versions of English and history courses. These multiple course levels prevent students from being locked into one level of a particular subject and reflect and support the personal, natural progress and growth of each student.

Core Courses: Students work on extensive writing and research projects, and tackle problems that require more analytical thinking. Course projects and activities also require independent thinking and self-discipline.

Honors Courses: Students are expected to take more responsibility for their progress in the course and are held to a greater degree of accountability in which they must show even greater independence and self-discipline. Students synthesize and evaluate information and concepts from multiple sources and read texts typically assigned in college-level courses. Students also demonstrate college-level writing in essays that require analysis of primary and secondary sources, responsible use of evidence, and comprehensive citation of sources. Honors projects—emphasizing duration over time, group and collaborative work, and communication skills—are inspired by the principles embodied in the 21st Century Skills Initiative.

Advanced Placement (AP) Courses:

The College Board's AP Ledger updates occur through November for the previous school year. Currently, the FuelEd Instructional Services Team (aka Stride/K12 Learning Academy) AP Ledger has yet to be updated from the 2022-2023 school year. With this application, we have included a pdf of the FuelEd 2022-2023 AP Ledger (posted here https://apcourseaudit.inflexion.org/ledger/school.php?a=NTcwMDE=&b=MA==) and a pdf of the FuelEd Course Audit from AP Classroom for the 2023-2024 school year.

In SY2024-2025, K12 Florida L.L.C. is offering the following Advanced Placement courses:

Art History	French Language and Culture
Biology	Human Geography
Calculus AB	Macroeconomics
Calculus BC	Microeconomics

Chemistry	Psychology
Computer Science A	Spanish Language and Culture
Computer Science Principles	Statistics
English Language and Composition	U.S. Government and Politics
English Literature and Composition	United States History
Environmental Science	World History: Modern

Re-Taking Courses: K12 and its curriculum experts are prepared to meet all students where they are. The flexibility of courses and curriculum provides opportunities for students to take courses that they have failed to recover their GPA through grade forgiveness, as defined by the state department of education.

English: K12 high school English courses are designed to engage students in reading quality literature, writing in diverse genres, and communicating ideas in a variety of media. All courses offer students the opportunity to read short stories, novels, dramas, poetry, and nonfiction from classic and contemporary authors. Students demonstrate their mastery of literal and inferential comprehension and then progress to more complex tasks of literary analysis and interpretation. K12 English courses focus on the craft of writing and the development of oral and written communication skills in standard (formal) English through structured lessons in composition, which include opportunities for teachers to provide frequent feedback so that students may revise and refine their work. By engaging in systematic practice in vocabulary, grammar, usage, mechanics, and reading comprehension, students hone critical skills which are frequently found in standardized assessments.

Math: Grades 9-12 Math balances mastery of fundamental skills with critical thinking and problem- solving. The program emphasizes an active, research-based approach to ensure that students understand mathematical concepts and are able to master critical skills. Each course has both online and offline components. Online exploration, narration, and interactive activities help students develop and hone understanding of key concepts and skills. Online lessons also include worked examples that provide guidance and scaffolding to help students make connections between the concepts and the skills. Some worked examples are animated to bring the math to life, while others allow students to interact with a partially completed problem. Offline components provide application and practice opportunities. In addition, teachers often record their instructional sessions and make them available to students for review. Many courses are available in various levels including Honors and AP.

The textbooks (in both offline and digital formats) provide reference information and more worked examples. Robust, well-sequenced problem sets that allow students to learn by practicing are offered in every math course whether online or offline. Each lesson also includes resources that help teachers and Learning Coaches support students. Formative assessments come in the form of computer-scored quizzes. Summative assessments include computer-scored as well as teacher-graded components with robust rubrics. Teachers may also use "Exit Tickets" after online instructional sessions. These Exit Tickets allow students to demonstrate what they have learned in that live session. Teachers use this information to personalize learning feedback to students.

History: K12 grades 9-12 history courses emphasize the narrative of history—a narrative story that includes great historical figures, everyday people, and the governments, arts, belief systems, and technologies they have developed in various cultures over time. Courses integrate topics in geography, civics, and economics into the study of history, were designed with state standards and national frameworks for content and skills in mind, and are offered at levels appropriate to students' needs.
World History, Modern World Studies, United States History, and Modern United States History combine stunning textbooks—in both conventional and online formats—published by K12 and integrated with interactive online lessons that guide students' reading, reinforce major concepts, allow students to practice the skills of the historian, and enrich student learning through discussion boards and a variety of research and skills activities. Economics and U.S. Government courses are also offered to meet graduation requirements.

Science: K12 offers a complete high school curriculum for students in grades 9-12. The curriculum includes courses in physical science, biology, earth science, chemistry, physics, astronomy, forensic science, and environmental science. K12 science courses provide hands-on exploration using real materials to conduct scientific laboratory investigations at home or through virtual laboratories that reflect actual laboratory experience in a virtual setting. Students taking these high school science courses become familiar with, and practice using, science processes and scientific methods. They develop skills in areas such as questioning, hypothesizing, data collection and analysis, and forming scientific conclusions. K12's high school science courses prepare students for college science courses by providing solid, scientifically accurate content, developing laboratory awareness and skills firmly anchoring students in scientific principles.

Electives

K12's curriculum is enhanced by a wide array of electives that enriches students' education in essential areas—including those identified by the 21st Century Skills and science, technology, engineering, and mathematics (STEM) initiatives—and will prepare students well for the world beyond high school.
K12's elective curriculum includes courses in:

- World Languages: High school level World Languages courses currently offered by K12 include Spanish, Chinese, American Sign Language, and AP Spanish Language and Culture.
- Science: Special interests in science can be pursued in Environmental Science, Astronomy, or Forensic Science.
- Social Science: Students interested in the social sciences can elect to explore Anthropology, AP Psychology, AP Microeconomics, Sociology, Archaeology, and Arts/AV Tech/Communications Explorations.

- Fine Arts: Electives in the arts include Fine Art and Music Appreciation.
- Technology and Computer Science: A variety of technology and computer science courses are offered, ranging from basic Computer Literacy to Computer Science. Students may explore career avenues with courses including Digital Arts, Image Design and Editing, Data Structures in C++, and Web Design. Technology and computer science courses are heavily project-based, and students complete the courses with portfolios of completed work.
- Business: Students are given additional opportunities to explore careers with Marketing and Accounting. They can get practical experience in creating budgets, developing long-term financial plans to meet their goals, and making responsible choices about income and expenses with Personal Finance. Consumer Math's comprehensive review and study of arithmetic skills has both personal and vocational applications.
- Health and Physical Education: Students can earn credit and learn essential skills with the courses Health and Physical Education. Physical Education, which may be repeated for additional semesters as needed to meet state requirements, requires daily physical activity, verified by a parent or mentor. Physical Education is also available as credit recovery.
- Communications: Students can pursue their interests in communications with courses in Journalism, Public Speaking, or Creative Writing.
- Finding Your Path: This series of courses, which includes K12's school-counseling tool, help students navigate the unique challenges of each year of high school, plan ahead, and meet their goals.

High School Career and College Prep Curriculum

K12 recognizes that student plans after high school will vary and may include immediate immersion in the workforce as well as postsecondary education. K12 offers 37 innovative pathways aligned to 11 Career Clusters. The career clusters are Agriculture; Arts, A/V Tech, and Communications; Business Management and Administration; Marketing; Education and Training; Law, Public Safety, and Security; Health and Human Services; Hospitality and Tourism; Information Technology; Manufacturing and the Trades; and Engineering and STEM.

These pathways are frameworks used to organize courses, skills, and certifications based on relevant industry standards. Students enrolled in a pathway are engaged in an educational plan tailored toward specific occupations. Pathways are designed to provide a structured approach to career exploration and development, allowing students to make informed decisions regarding career-related goals.

K12 currently offers over 342 Career and College Prep courses ranging from career exploration courses to in-depth content. The curriculum and courses are designed to lead to post-secondary credentials, including industry-recognized certifications, and college credits in high-demand career fields by including school input in roadmap decisions, creating durable skills Learning Hub content, and seeking out quality curriculum vendors.

An example of a C&CP pathway program is K12's Information Support and Services pathway, in the Information Technology career cluster. The pathway starts with an exploration of fundamental IT concepts and IT careers. Students continue with coursework in computer science, cloud computing, and computer science e, completing the pathway with CompTIA coursework, exam prep, and certification, as well as the AWS Cloud Practitioner certification. Pathways in the IT program offer a number of industry recognized certifications such as CompTIA Network+, CompTIA Cloud Essentials+, CompTIA IT Fundamentals+ (ITF+), AWS Cloud Practitioner, CompTIA A+ Core, CompTIA Security+, ICT Gaming Essentials and CIW Site Development Associate. Students who enroll in their junior or senior years may take advantage of an accelerated program that enables them to earn credentials to be job-ready upon graduation.

Another example of a C&CP pathway is in K12's Therapeutics pathway, is the Health & Human Services career cluster. The pathway starts with an exploration of healthcare careers to ensure students understand the breadth and depth of options. Students continue with pre-requisite courses in anatomy, medical terminology, physiology, and professionalism in allied health. Students are then able to choose a focus from a number of healthcare areas, including Clinical Medical Assisting, Pharmacy Technician, Dental Assisting and more. K12's C&CP program is proud to offer 15 industry recognized healthcare related certifications, 11 of which are in partnership with MedCerts, another K12 company.

MedCerts is an online certification training provider focused on preparing students to earn short-term, industry-recognized healthcare and IT credentials. All programs are completely online, using interactive games, simulations, animations and more to teach the skills needed for national certification and starting a career in the healthcare industry. After program completion, students are eligible for national certification through an accredited, industry-recognized certifying body. Through MedCerts' high school model, K12 students can start as early as 11th grade and complete courses over the last two years of their high school education – serving as electives or CTE credits for their graduation requirements. They graduate with a diploma and the opportunity to be certified, leaving high school "Work Ready" and able to get their foot in the door at a healthcare organization ahead of their peers. With MedCerts' Articulated Credit partners, these students can use their certification toward college credits to stay ahead of the curve. An industry leader in online education, MedCerts has assisted over 80,000 students since 2009 and their full catalog features over 50 programs in the healthcare, IT and professional development industries.

SPECIFIC RESEARCH AND BEST PRACTICE USED IN DESIGN

Research-Based Curriculum

K12's assessment specialists are dedicated to reviewing and synthesizing research for course development teams. Both secondary research—cornerstone and cutting-edge research studies on curriculum and online learning completed by experts in their fields—and primary research—research on the efficacy and varying aspects of the curriculum--are conducted in house and by third parties. K12's curriculum is regularly updated based on the information gleaned from both primary and secondary research. From the amount of instructional time per subject and frequency and length of brain breaks, to the sequence and coherence of content to types of assessments, all modifications to the curriculum are evidence-based, data-driven, and backed by empirical research proven to be effective in improving learning.

User-Centric Design

User-centric design means making a product easy and enjoyable to use by understanding the people who use the product: students, Learning

Coaches, and teachers and other school personnel. It is an integral aspect of development. The User Experience Design Team at K12 seeks to understand users through observations and data. Information is organized to be effective for the user and aesthetically pleasing.

Interactive behaviors are designed to allow users to complete their goals or tasks. This process is iterative, using user feedback to inform both initial design and design enhancements.

Utilizing user research and analytics, information architecture, interaction design, content strategy, visual design, and usability testing, the team identifies problems that users encounter within the system and works to re-design aspects of the system to make it more intuitive and user-centered.

Since 2015, the K12 User Experience team has conducted over 275 studies with an outreach to over 100,000 participants. Their work has improved the overall usability of K12's platform, enabling students, teachers, and Learning Coaches to move through the system more easily, allowing them to focus on coursework instead of technical issues.

The group continues to pilot-test new laptops with students and learning coaches to improve the online school experience. Recently, the team performed seven separate studies of newly-redesigned learning components to improve aspects of the new interfaces. A recent feedback survey of K-5 learning coaches found the new K-5 Online School (OLS) with Strider the Fox and themes has increased student motivation to do schoolwork.

K12 continuously invests and develops techniques and features in the curriculum to improve accessibility and interoperability with mobile devices. Most K12-produced textbooks, reference guides, literature readers, and lab manuals are now offered in a digital, online format (PDFs, eBooks) and are optimized for use with mobile devices. New content is developed following mobile-first development practices and supports responsive design.

A Research-based Pedagogical Basis

Extensive and ongoing research ensures that the K12 curriculum is based on sound principles of instructional design and delivery. The research base includes:

- Cognitive Science Research on How Students Learn: aligns cognitive research, student performance measurement, and instructional strategies targeted to ensure best practice and student accessibility to K12 curriculum.
- Research on the Structure of Expert Knowledge: (including mathematicians, scientists, historians, writers, and others) to map the relationships among big ideas, facts, and skills in each subject area
- Research on General Instructional Principles: empirically-tested principles of online instruction using multimedia resources
- Research on Teaching Specific Topics and Addressing Possible Misconceptions: helping students overcome misconceptions related to complex instructional objectives
- National Standards for Quality Online Courses: including online course guidelines for content, instructional design, student assessment, technology, and course evaluation and support
- Proven Strong Student Achievement and Outcomes: performance evaluations based on a variety of assessment administered throughout the school year to inform and evaluate the teaching and learning cycle
- A Curriculum Designed to Meet Diverse Needs: providing unit-level and lesson-level goals and objectives, online and offline activities, and other attributes to meet diverse student needs
- Multiple Assessment Tools and Strategies: assessment tools and strategies linked to learning objectives allowing students to demonstrate what they have learned in a variety of ways

K12 Florida L.L.C. has submitted alignments to the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards for English Language Arts (ELA), Mathematics, and Social Studies to FLDOE following the timeline set by the Florida State Board of Education. As Florida adopts new subject area standards, K12 Florida L.L.C. will submit course alignments to Florida courses as required. The K12 curriculum is also aligned to the organization's mission to help students reach their full potential through inspired teaching and personalized learning.

National Standards for Quality Online Courses

In 2007, the International Association for K-12 Online Learning (iNACOL) published standards based closely on work originally formulated by the Southern Regional Education Board (SREB). iNACOL's standards outlined quality guidelines for online courses—covering content, instructional design, student assessment, technology, and course evaluation and support. Schools and other educational organizations used these standards as a rubric for evaluating the quality of any online courses they wished to offer. The iNACOL standards were revised in late summer 2011. K12's courses have been so widely recognized for embodying best practices for online learning that K12's curriculum department was invited to join the committee for revising the standards. Version 2—published in October 2011—included reformulated standards that were more easily applicable and verifiable in the growing landscape of different online scenarios.

Multiple Assessment Tools and Strategies

To assess the effectiveness of curriculum and instruction across public schools served by K12 (which, state by state, follow different standards and administer different assessments), K12 uses a variety of readiness, formative, summative, and state-required assessments at applicable grade levels. Readiness assessments offer an initial benchmark for student skill level in each core area, which allows teachers to differentiate instruction based on student needs. Formative assessments given during each instructional cycle provide detailed information which, through a variety of strategies, will improve instructional techniques and student learning while it's happening. Summative and state-required assessments are used to measure student learning at culminating points in a student's academic career, such as at the end of a semester or the end of the school year. Student performance is evaluated to inform and evaluate the teaching and learning cycle.

- K12 assessments employ a variety of formats, allowing students to demonstrate what they have learned in a variety of ways, from online computer-scored tests to extended performance tasks evaluated by the teacher. In many courses, teachers are provided detailed rubrics to guide evaluation.
- K12's assessments are consistently linked to clearly-stated learning objectives designed to capture varying depths of knowledge, including recall of factual information, deep understanding of concepts, strategic application of concepts and skills, and metacognitive knowledge. Instructional activities are built directly from the objectives and related to the assessment items, ensuring coherent alignment of objectives, instruction, and assessment.

- Appropriate assessments are built into almost every lesson to evaluate mastery and point the way to remediation or enrichment.

Technology-enhanced item types provide powerful opportunities for students to gain practice and familiarity with items mimicking the format of those they may encounter in testing scenarios today. These items allow students to demonstrate depth of knowledge and higher-order thinking ability. For this reason, a variety of item types, including drag and drop and fill in the blank, are used throughout the courses.

BASIS FOR AND FREQUENCY OF REVISION

K12 is committed to maintaining up-to-date, standards-based, fully aligned courses with enhanced course content, materials, instructions, and assessments. Larger updates are made over the course of each fiscal year (July through June). Leadership from Product Management, Curriculum Production, and Design teams partner to craft a proposed production roadmap whose initiatives are typically in response to some combination of user feedback, internal feedback, market research, primary and secondary curricular research, changes to academic standards, state requirements, requirements stemming from K12's various lines of business, and changes to internal platforms and technology. The proposed roadmap is reviewed with executive leadership and iterated upon until the initiatives for the year are confirmed. Larger updates may include, but are not limited to, entirely new course builds, major revisions to the content and/or design of existing courses, developing state-customized courses, rebuilding courses on a new platform, and creating new learning object collections for the Learning Hub—K12's content repository that empowers teachers to customize and differentiate courses.

Smaller updates and fixes that do not impact student progress in-year—such as typographical errors and confusing instructions—are made on an ongoing basis. These are often in response to user feedback from teachers, students, and families. Feedback is a crucial part of the course development process and maintenance of the course. Ultimately, all students and teachers benefit from updated courses with proven instructional methods and the latest technology.

EFFECTIVENESS OF THE K12 CURRICULUM

K12, using the K12 suite of services and instructional curriculum and courseware, has shown academic success and achievement in the schools it serves across the country.

Cognia Accreditation

AdvancED, a nonprofit nationwide accreditation agency for schools and school systems, first accredited Stride in 2010 and then renewed its five-year quality assurance accreditation in 2018. In November 2018, AdvancED merged with Measured Progress and became "Cognia." Cognia is a global nonprofit working in over 80 countries that offers accreditation and certification, assessment, professional learning, and improvement services within a framework of continuous improvement. Cognia renewed the Stride accreditation to 2025.

Cognia conducts rigorous, on-site external reviews of PreK-12 schools and school systems to ensure all learners realize their full potential. Cognia accreditation is a systems approach to improving learner performance results over time. This accreditation recognizes that increasing student achievement is more than improving instruction. It is a result of how effectively all the parts of the corporation - the leadership, schools, and classrooms served - work together to meet the needs of learners.

To earn and maintain accreditation, Stride must:

- Meet quality standards set forth by Cognia.
- Engage in a continuous process of improvement.
- Demonstrate quality assurance through internal (Self-Study) and external review (Quality Assurance Review).

Stride, Inc., Learning Solutions Instructional Services Team (serving the K12 Florida L.L.C. district virtual instruction programs and recently renamed the Stride/K12 Learning Academy), Florida Cyber Charter Academy at Clay County, Florida Cyber Charter Academy at Duval County, and Florida Cyber Charter Academy at Osceola County are each accredited by Cognia.

The Cognia™ School of Distinction program, a program that recognizes PreK–12 education institutions that exemplify excellence in education and service to learners, has been awarded to five schools served by Stride, Inc.: Idaho Technical Career Academy in 2021; Ohio Virtual Academy in 2022; The Keystone School and Oklahoma Virtual Charter Academy in 2023; and Wisconsin Virtual Academy in 2023 and 2024.

Western Association of Schools and Colleges (WASC) Accreditation

As one of six accrediting institutions in the United States, the Western Association of Schools and Colleges' (ACS WASC) mission is to "advance and validate quality ongoing school improvement by supporting its private and public elementary, secondary, and postsecondary member institutions to engage in a rigorous and relevant self-evaluation and peer review process that focuses on student learning." WASC recognizes institutions by granting accreditation to schools and programs that meet an acceptable level of quality in accordance with the established criteria. The accreditation process begins with an initial visit that helps the WASC team build their understanding of the school's purpose, its program, and operations. Schools are granted initial accreditation or candidacy and then have three years to address WASC's feedback and complete a self-study. The multifaceted self-study process involves, in part, all stakeholders, a self-study visit, an evaluation with respect to the ACS WASC criteria, and a schoolwide action plan. The follow-up process entails an annual assessment of the progress of the action plan and refinement of the plan as needed. In 2023, WASC awarded Stride Learning Academy a six-year accreditation through June 30, 2029 as a Supplementary Education Program (SEP).

Graduates of K12 Managed Public Schools

In 2007, K12 managed public schools graduated their first cohort of just 6 students. Including the first graduation cohort, 107,186 students have earned a high school diploma from online and blended schools using the K12 education program including 15,383 students who graduated by the end of the

spring term of SY2023-2024.Students graduating from K12 virtual schools have enrolled in hundreds of higher education institutions. They can be found attending selective universities, schools of liberal arts, culinary arts, business, fine arts, and top technology and fashion institutes, among others. Graduates are also going into careers--in the military, apprenticeship programs, on the job training, or directly into the workforce.

K12's Suite of Curriculum Content and Assessment
School leaders and teachers will review curriculum, assessments, and supplemental materials each year or upon a change in state standards and/or assessments, to ensure standards alignment and ability to differentiate instruction and assessment. This includes instructional mapping, which is a process for collecting and planning instruction using curriculum related data that identify core skills, processes employed, and priority standards for each subject area and grade level. Modifications will be made throughout the year as determined by the school leaders and teachers as necessary.

K12's highly credentialed subject matter experts bring their own scholarly and teaching backgrounds to course design and development and are required to maintain relationships with and awareness of guidelines from more than 60 national and international subject area associations including:

EVIDENCE THAT CONTENT IS FREE OF BIAS AND ACCESSIBLE FOR STUDENTS WITH DISABILITIES AND LIMITED ENGLISH PROFICIENCY

Bias is prevented in both content and assessments by rigorous training of content specialists, writers, instructional designers, visual designers, and editors. K12's curriculum connects U.S. history and contemporary issues in ways that foster respectful, honest, and fact-based dialogue about equity and inclusion. The curriculum features a wide range of diverse viewpoints and perspectives and encourages students to shape their own perspective on related topics. Teachers, students, and families have access to K12's One Voice Curriculum—which is an inquiry-based curriculum rooted in historical facts and current events that fosters conversations about race and inclusion.

Multiculturalism

The motto on the Great Seal of the United States—E pluribus unum ("out of many, one")—affirms the bold ambition of our country to forge a unified nation out of a wide diversity of backgrounds and beliefs. At K12, we believe that students should understand and value both the pluribus and the unum—that they should learn about both the cultural diversity that distinguishes our nation and the common inheritance that unites us as Americans.

The vision for K12 places that unifying American inheritance, which remains at the core of our curriculum, within a more global context: *To provide any child access to exceptional and meaningful curriculum and tools that enable him or her to maximize his or her success in life regardless of geographic, financial, or demographic circumstance.*

To help our students grasp the common American inheritance within its global context, K12 has multicultural, pluralistic, and inclusive curriculum that seeks to weave many and diverse strands into the educational tapestry. Through this curriculum, we seek not only to educate students who are academically well prepared but also to develop students who:

- Understand the characteristics and contributions of American culture and cultures throughout the world.
- Understand that societies reflect contributions from many cultures.
- Develop attitudes of mutual acceptance and respect for others, regardless of heritage, background, gender, disability, or social status.

To achieve these goals, we feel it is important to broaden students' knowledge of the world beyond themselves; reach beyond the particularities of their

immediate situation and singular heritage; and open their mind and imagination to a diverse range of people, cultures, ideas, and achievements. Mutual respect and understanding begin when one can transcend provincial limitations and see oneself as part of both an interdependent global community and a larger historical process.

Differentiation

K12's curriculum is designed to meet the needs of a diverse student population, and teachers also proactively tailor lessons and implement strategies to meet all learner needs. Tools and strategies used to differentiate the curriculum and instruction include varying assessments, cognitive learning strategies, instructional supports, a tiered system of instruction based on Universal Design for Learning (UDL), and assistive technology tools.

Accessibility for Students with Disabilities and Limited English Proficiency

K12's product development team strives to align with the Web Content Accessibility Guidelines 2.1, Level AA. By doing this, the curriculum, communication, and resources provide an accessible platform compatible with accessibility Application Programming Interfaces, language translation programs, and native or third-party assistive technology resources. This platform meets the accessible education media needs of users following the National Instructional Materials Accessibility Standard (NIMAS). Any K12 resources resulting in user challenges due to disability may be reported for investigation and remediation, as appropriate, via https://www.k12.com/accessibility/ .

Assistive Technology

Due to the unique online nature of K12's curriculum, all students can access assistive technology tools based on their individual needs. The online learning content is rich with visual, auditory, and other student learning supports. Student diagnostic and formative assessment data coupled with adaptive learning pathways enables customized student experiences providing opportunities for students to engage in remediation or accelerated activities.

With the support of the Stride Assistive Technology Resource Guide, staff members have strategies and tools at their disposal upon identification of student need. Differentiation strategies include the flexibility to provide large group instruction, small group instruction, pre-teaching and re-teaching concepts based on student data, one-on-one tutoring sessions, and targeted interventions and supports. A sampling of differentiation support tools include text-to-speech software, speech-to-text software, lowering readability of grade level text while maintaining grade level standards, translation tools, highlighting tools, zoom text, visual dictionary, word prediction software, visual graphs, and web support.

Universal Design for Learning

Universal Design for Learning (UDL) is a set of principles for curriculum development that give all individuals equal opportunities to learn. UDL provides a process for creating instructional goals, methods, materials, and assessments that are flexible and work for everyone. This approach provides more than a single, one-size-fits-all solution; it supports flexible approaches that can be customized and adjusted for individual needs. The principles of UDL have been integrated into the Every Student Succeeds Act (ESSA) and into the design and implementation practices in multiple ways at K12:

- Planning and design of curriculum, instruction, and assessment are promoted in a proactive manner, considering flexibility in presentation, response, and motivation for students in the front end of product development.
- Throughout their educational materials and services, K12's professional development and training, implementation, and evaluation are responsive to students' tiered needs of support.

UDL principles are also compatible with and facilitate the accessibility compliance of K12 materials and services. K12 design practices consider students' needs, preferences, and abilities to interact with the K12 curriculum. These design practices have positively influenced efforts to meet web content accessibility guidelines and support individual needs for accommodations and the use of assistive technologies.

UDL principles have influenced the planning, development, authoring, editing and production of new course development and efforts to improve the access flexibility of existing curriculum assets within K12 products and services. Considerable training and professional development and other resources have been deployed to maximize this type of proactive development strategy and make ongoing school services support more effective.

Accessibility for Students with Limited English Proficiency

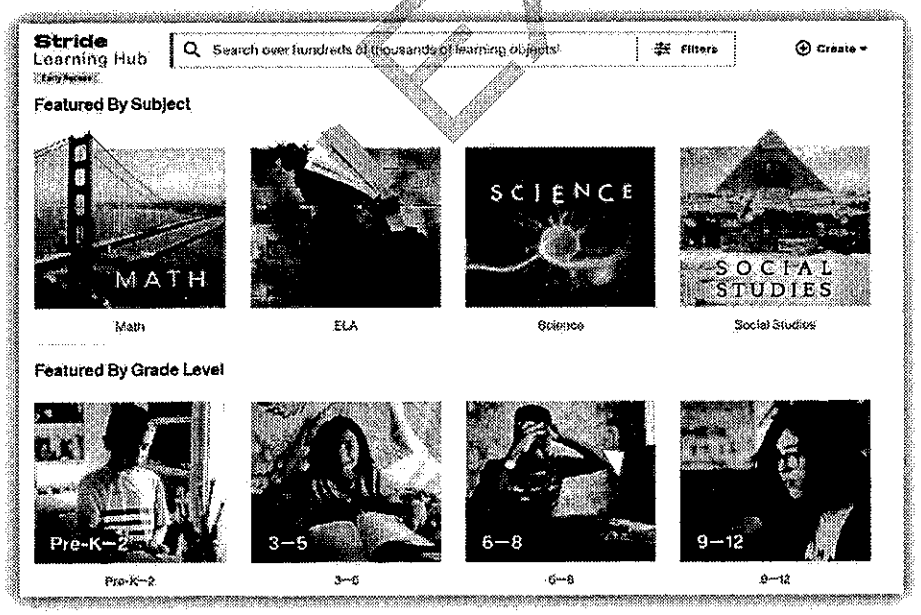
K12's schools and program will increase English proficiency and academic achievement of English Language Learner (ELL) students by providing high-quality, evidence-based language curriculum and instruction. This is accomplished by employing appropriately licensed ESOL or bilingual teachers, as defined by federal and state law and regulations, as well as the League of Latin American Citizens, *et. al.*, versus Florida Department of Education Consent Decree, for the ELL identified students. The ESOL teacher can provide support to the students within the School or program by:

- relating background information and experiences to the concepts they are learning
- scaffolding instruction to aid the students in comprehension
- assisting with communication with the parent, in their native language
- adjusting speech or content; and
- providing Project Based Learning experiences, necessary visuals, and in-classroom modeling of best instructional practices for the general education teachers.

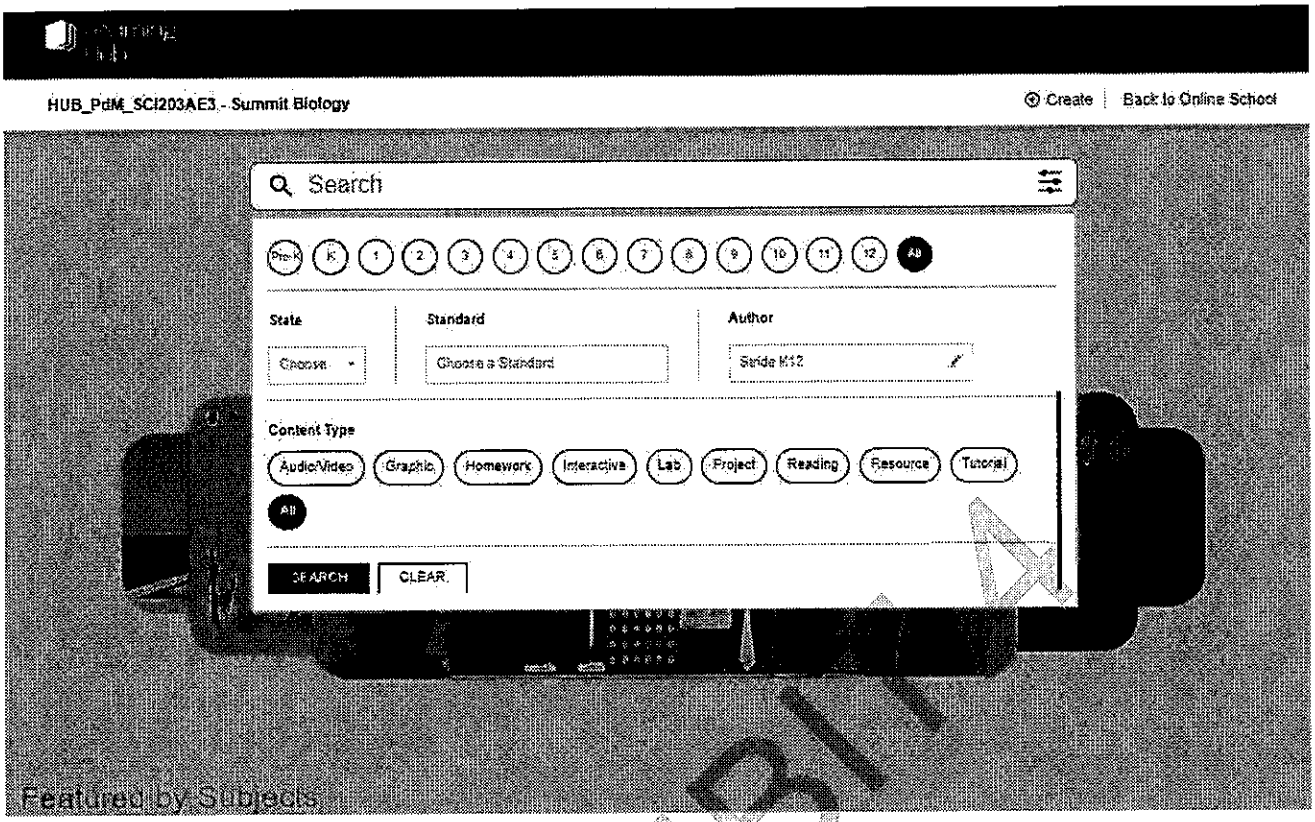
Required language proficiency assessment will be administered to all active ELL students to, if required, identify and monitor individual student language growth and overall program effectiveness with measurable outcomes. Exit criteria for ELL students and monitoring of students after ELL program exit will be consistent with state and federal requirements.

Professional development is available and will be provided to all school staff on the following: knowledge and use of effective pedagogy in instructing English Language Learners; methods for implementing instructional strategies that ensure that academic instruction in English is meaningful and comprehensible; and UDL.

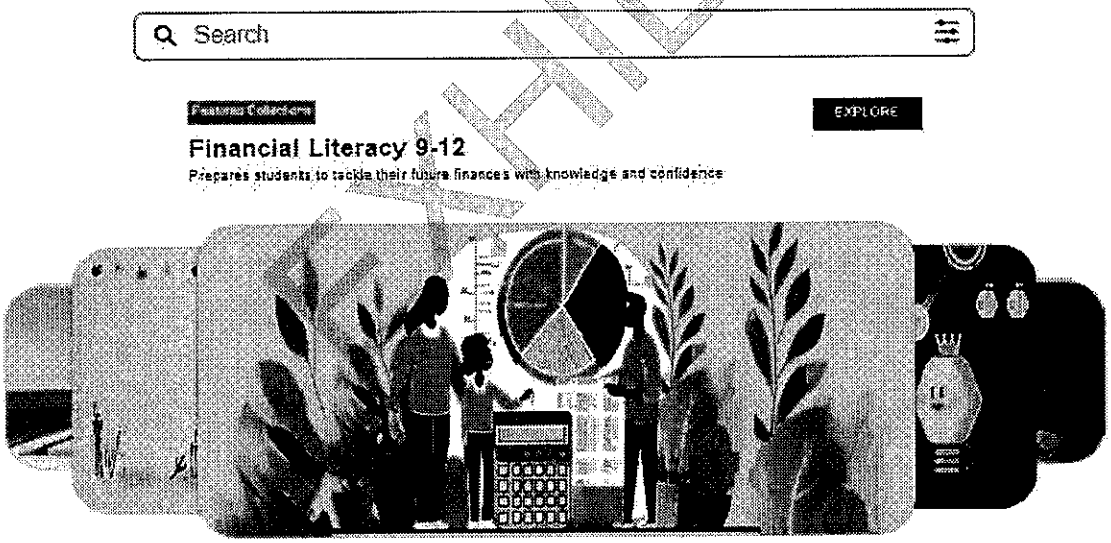
Stride Learning Hub



The Stride Learning Hub ("Learning Hub") is a cutting-edge search interface and content repository seamlessly integrated into the Stride Online School (OLS) and the Online Middle and High School (OMHS) platforms. The OLS serves all students in grades K-5. Middle school and high school students in grades 6-12 use the OMHS. Provided to elevate users' teaching experience, the Learning Hub is a powerful tool that empowers teachers to tailor courses by effortlessly searching for, previewing, and incorporating a diverse range of activities, assessments, and lessons. In recognizing the diverse ways teachers leverage resources to differentiate instruction, the Learning Hub has emerged as a one-stop- shop. High-quality, standards-aligned content can be deployed in the OLS and OMHS directly from the Learning Hub. It eliminates the need for teachers to leave the online school environment, enabling them to dedicate more time to their students and less time to resource discovery. Teachers can bookmark their favorite assessments, activities, and lessons. Additionally, while previewing activities, teachers see a list of lessons that contain those activities making it easy to search and add new content to their courses.



Key Features:



1. **Customized Content Discovery:** Teachers have access to supplemental content tailored to their **student's** unique needs. Whether they need a refresher on a previously taught topic, to remediate for a struggling learner, or to extend the curriculum, the Learning Hub has content.
2. **Smart Search** Teachers can easily find lessons, activities, and assessments, preview them, and seamlessly add them to their classroom. Teachers can fine-tune searches based on content standards in the core subject areas, as well as with filters for subjects, grade levels, and content types.
3. **Customized Assessments:** Teachers can craft personalized assessments with ease. The Learning Hub offers the ability to create a new assessment from scratch or modify an existing one by copying and editing.
4. **Customized Lessons:** Teachers can copy and edit existing lessons, to add or remove content, as well as build new lessons with activities and assessments from the platform.
5. **Collections**: In addition to robust search functionality, teachers have access to an evolving collection of specifically curated content. Examples of Collections include Doggyland for grades K-2; MathBee bubble-shooter games for math practice in grades 3-5; Wonder Media animated, illustrated videos on a variety of topics for grades 3-5; partnership content with Rebel Girls for grades 3-5; Next Generation Science: Middle School for grades 6-8; and Financial Literacy for grades 9-12. Featuring renowned content partners, these collections are continuously updated and enhanced. Teachers can view the latest through a revolving carousel or look at previous collections featured by grade or subject.

Additional features to be added to the Learning Hub in 2024 will enable teachers to bookmark their favorite assessments, activities, and lessons. Additionally, while previewing activities, teachers will see a list of lessons that contain those activities making it easy to search and add new content to their courses.

The image below shows the main Stride Learning Hub page and how teachers can search for content by subject or grade level. It is followed by examples of specific subject matter resources in the Learning Hub.

NATIONAL COLLEGIATE ATHLETIC ASSOCIATION (NCAA) COURSE APPROVAL

According to existing NCAA non-traditional program requirements, course eligibility is contingent upon instructional delivery and student-teacher interaction. Digital Academy of Florida (DAOF) is cleared by the NCAA and offers approved courses that count toward the 16 NCAA-required courses to become a college athlete. Currently, courses offered by other schools served by K12 Florida L.L.C. would require individual review by the NCAA.

If a school opts to pursue NCAA approval, it is recommended to designate a lead responsible for initiating contact with the K12 NCAA point of contact at ncaa@k12.com. Additional information can be found at: http://www.ncaa.org/student-athletes/future/nontraditional-courses.

HOURS AND AVAILABILITY OF INSTRUCTIONAL PERSONNEL

Individual teachers are available during the traditional school day and/or after school hours and may set appointments to meet with parents and/or students outside of the traditional day when necessary.
Teachers are expected to respond to communications within one business day and grade assignments within 48 hours.

AVERAGE STUDENT-TEACHER RATIOS AND TEACHER LOADS

- **Average student-teacher ratios and teacher loads for full-time and part-time teachers by grade- level bands K-3, 4-8 and 9-12 and for core and elective courses.**

K12 Florida L.L.C .takes into account the needs of the individual students, families, schools, and teachers in assigning teacher loads.

An average teacher load for elementary grades K-3 full-time core courses is 85; grades K- 3 part- time core courses (0.5 teacher) is 45; average teacher load for K-3 full time electives is 1,100, and K-3 part time (0.5) electives is 550.

An average teacher load for elementary grades 4-5 full-time core courses is 85; grades 4-5 part-time core courses (0.5 teacher) is 45; average teacher load for 4-5 full time electives is 1,100, and 4-5 part time (0.5) electives is 550.

An average teacher load for grades 6-8 full-time core courses is 275; grades 6-8 part-time core courses (0.5 teacher) is140; average grades 6-8 full

time electives load is 900, and grades 6-8 part time (0.5) electives is 450.

An average teacher load for grades 9-12 full-time core courses is 275; grades 9-12 part-time core courses (0.5 teacher) is 140; average grades 9-12 full time electives load is 325, and grades 9-12 part time (0.5) electives is 165.

In addition to synchronous sessions, teachers often work with students in a 1:1 ratio or in small group settings to review course content, provide individualized feedback or deliver instructional support. Other interactions or class meetings can be up to 1:200 if the full class is invited to a synchronous session or assembly. The student-teacher ratio is fluid based on the nature of the student-teacher interaction. The student-teacher ratio numbers are the average ratios among the cyber charter schools and all district virtual programs. Actual program ratios may be above or below the aggregated average.

[1] Where any of the following phrases are used throughout this document, the subsequent information contained in this footnote is to be considered applicable: "Free & Reduced Lunch Eligible"; "Free/Reduced Lunch Students"; "Economically Disadvantaged"; and "economically disadvantaged students." Laws and regulations vary significantly from one state to the next and are constantly evolving. States sometimes change policies and practices regarding how to identify students who are economically disadvantaged. For example, determining how and which students are eligible for free and reduced-price lunch. Data shows that these students usually underperform students identified as not eligible for subsidized meals. There are several different methods of identifying students who are economically disadvantaged. Public schools must comply with state policies regarding identification and reporting of students who are economically disadvantaged. State online schools face unique challenges when identifying students who are economically disadvantaged, and our internal data may be different than state reported data on the schools.

Performance on Statewide Assessments for school year 2022-2023 and 2023-2024. Grade level and Subgroup Performance

in English Language Arts

Beginning with the 2022-2023 school year, Florida implemented new statewide, standardized assessments in English Language Arts (ELA) and Mathematics. The Florida Assessment of Student Thinking (FAST) and Algebra 1 and Geometry end-of course (EOC) assessments are aligned with the new Benchmarks for Excellent Student Thinking (B.E.S.T.) content standards.

On October 18, 2023, the Florida State Board of Education established the Achievement Level standards for the FAST and B.E.S.T. assessments. The 2022-2023 and 2023-2024 results shown below are aligned to the new scores. Therefore, the results from the B.E.S.T. assessments **cannot be compared** to the former ELA and Mathematics assessments used from 2015-16 through 2021-22 that were aligned with the Florida Standards and reported on a different scale with different cut scores.

SCHOOL GRADES

In 2015-2016, 2016-2017, 2017-2018, and 2018-2019, K12 Florida L.L.C. maintained a school grade of "B". There were no assessments or school grades calculated in the State in SY2019-2020 due to
Covid. In SY2020-2021, the first assessment year after Covid, K12 Florida L.L.C., as other virtual schools in Florida, did not receive a school grade per FDOE Emergency Order No. 2021-EO-02. In SY2021-2022, K12 Florida L.L.C.'s school grade was "I" (Incomplete) due to not testing 95% or more students. Informational Baseline School Grades for SY2022-2023 were released by FLDOE in December 2023 using the new assessment cut scores. It should also be noted that due to a change in statute, what was previously known as a VIP provider's "school" grade, based upon the aggregate assessment scores of all students served by the provider statewide, was renamed the provider's "district" grade. All references to SY 2022-2023 and subsequent school years will refer to the provider's district grade. Due to the first year implementation of the B.E.S.T. standards and new assessments in SY2022- 2023, the SY2022-2023 grades were for "information only" since learning gains could not be calculated. K12 Florida L.L.C.'s Informational Baseline District Grade for SY2022-2023 was a
"C". K12 Florida L.L.C.'s SY2023-2024 district grade was a "D". K12 Florida L.L.C. was not disqualified pursuant to s. 1002.45(7), F.S. Based on guidance from FLDOE, K12 Florida L.L.C. assisted schools and districts served by K12 Florida L.L.C. with their School Improvement Plans, as needed.

In 2024, the FLDOE adopted a new grading scale for Elementary schools and for Middle, High, and Combination schools. Digital Academy of Florida received its first standalone school grade in 2023, however not all components were included in the calculation. In 2024, the FLDOE released the DAOF school grade to include all components where enough data was available. The 2024 school grade for DAOF is a "D" or 41% of points.

The FLCCAs each receive grades using the FLDOE Accountability school grade model. Each of the FLCCA's received a "C" school grade for SY2022-2023. In 2024, both FLCCA@Clay and FLCCA@Duval received a "D" and FLCCA@Osceola received a "C" using the new school grade scale.

GRADUATION RATES

The state of Florida's current graduation rate is 88%. FLCCA – Osceola had students enter ninth grade until school year 2019-2020 and received a graduation rate until those students graduated from high school. DAOF opened during the 2019-2020 school year, and the first graduation rate was calculated for students who graduated in 2022.

Please note, graduation rates are reported in the school year they count for school grades. This means the year listed below has a lag between when the students graduate and when they count for accountability purposes. Example: the 2021 graduation rate will be for students who entered ninth grade in school year 2016-2017 and graduated in 2020.

Measurable Outcome(s)/Return on Investment	• Participation in the Annual STEMFests has demonstrated consistent and measurable growth over time, increasing from 339 students in June 2024 to 591 students in June 2025. Building on this upward trend, attendance reached over 800 students by June 2026. As a measurable outcome, the initiative will continue to expand access and engagement, with a targeted goal of reaching at least 1,000 students by June 2027. This continued growth reflects a commitment to increasing student participation and broadening exposure to high-quality STEM learning opportunities year over year.

Background/History:
The purpose of the annual SBBC Federal Programs department's STEMFest is to foster an environment of student and parental engagement centered around the fields of Science, Technology, Engineering, and Mathematics. Specifically, the program aims to raise STEM field awareness to SBBC Federal Program's students and parents in hopes of increasing minority representation in STEM. Program efficacy is measured by attendee participation and survey respondents' sentiments. The Federal Programs Department has partnered with The Flying Classroom, LLC, to host annual STEMFests to facilitate student investigation into core STEM areas while seamlessly correlating subject matter across all core subjects. Students receive academically aligned STEM+ experiences and instruction while enhancing their abilities to collaborate, engage in critical thinking, communicate proficiently, and employ creativity to solve problems.

VENDOR shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All VENDOR's applicable records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation, and reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze, and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze, and verify the applicable business records of VENDOR directly relating to this Agreement

in order to verify the accuracy of invoices provided to SBBC. Such audit shall be no more than one (1) time per calendar year.

2.8.1 Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to VENDOR's records from the Effective Date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to VENDOR pursuant to this Agreement.

2.8.2 Notice of Inspection. SBBC's agent or its authorized representative shall provide VENDOR reasonable advance written notice [not to exceed two (2) weeks] of any intended audit, inspection, examination, evaluation, and reproduction.

2.8.3 Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to VENDOR's facilities and to any and all records related to this Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section.

2.8.4 Failure to Permit Inspection. Failure by VENDOR to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section constitute grounds for termination of this Agreement by SBBC for cause and are grounds for SBBC's denial of some or all of any VENDOR's claims for payment.

2.8.5 Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by VENDOR in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by VENDOR. If the audit discloses billings or charges to which VENDOR is not contractually entitled, VENDOR shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

2.8.6 Inspection of Subcontractor's Records. If applicable, VENDOR shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or commodities with regard to this Agreement to comply with the requirements of this section by insertion of such requirements in any written subcontract. Failure by VENDOR to include such requirements in any subcontract constitute grounds for termination of this Agreement by SBBC for cause and are grounds for the exclusion of some or all of any Payees' costs from amounts payable by SBBC to VENDOR pursuant to this Agreement and such excluded costs shall become the liability of VENDOR.

2.8.7 Inspector General Audits. VENDOR shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.9 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Federal Programs The School Board of Broward County, Florida 701 NW 31st Avenue Lauderhill, Florida 33311
To VENDOR:	The Flying Classroom, LLC 14850 NW 44th Court Suite 203 Opa Locka, Florida 33054

2.10 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.11 **Affidavit Regarding the Use of Coercion for Labor and Services**. Pursuant to Section 787.06(13), Florida Statutes, VENDOR, when executing, renewing, or extending an agreement with SBBC must provide an affidavit signed by an officer or representative of VENDOR under

penalty of perjury stating that VENDOR does not use coercion for labor or services as defined in that statute. The submission of a false affidavit may subject VENDOR to civil penalties, attorney's fees, and/or costs. Any Agreement with SBBC shall be terminated by SBBC without recourse if VENDOR is found to have submitted a false affidavit. Any delays in delivery or service under this Agreement arising out of, as a result of, or in connection with VENDOR's use of coercion for labor or services as defined by Section 787.06(13), Florida Statutes, is not a Force Majeure event under this Agreement.

2.12 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for commodities or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for commodities or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for commodities or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is One Million Dollars and 00/100 Cents ($1,000,000.00) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.13 **Background Screening.** VENDOR shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of VENDOR's non-exempt employees, representatives, agents, and sub-contractors performing duties under this

Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of VENDOR or its personnel providing any services under this Agreement. VENDOR shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to VENDOR and its personnel. The parties agree that the failure of VENDOR to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit VENDOR to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. VENDOR agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from VENDOR's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.14 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. VENDOR shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, VENDOR shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. VENDOR shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if VENDOR does not transfer the public records to SBBC. Upon completion of the Agreement, VENDOR shall transfer, at no cost, to SBBC all public records in possession of VENDOR or keep and maintain public records required by SBBC to perform the services required under the Agreement. If VENDOR transfers all public records to SBBC upon completion of the Agreement, VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If VENDOR keeps and maintains public records upon completion of the Agreement, VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.15 **Proprietary Information**.

2.15.1 Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

2.15.2 If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.16 **Liability**. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

2.16.1 By SBBC. SBBC agrees to be fully responsible up to the limits of Section 768.28, Florida Statutes, for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment, up to the limits of Section 768.28, Florida Statutes, for any damages resulting from said negligence.

2.16.2 By VENDOR. VENDOR agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all third party claims, judgments, costs, and

expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, commodities, or services furnished by VENDOR, its agents, servants, or employees; the equipment of VENDOR, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of VENDOR or the negligence of VENDOR's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by VENDOR, SBBC, or otherwise.

2.17 **Insurance Requirements**. VENDOR shall comply with the following insurance requirements throughout the term of this Agreement:

2.17.1 General Liability. VENDOR shall have and maintain General Liability insurance with limits of not less than $1,000,000.00 per occurrence for Bodily Injury/ Property Damage; $1,000,000.00 General Aggregate; and limits of not less than $1,000,000.00 for Products/Completed Operations Aggregate.

2.17.3 Workers' Compensation. In accordance with Chapter 440, Florida Statutes, VENDOR shall have and maintain Workers' Compensation insurance and Employer's Liability limits of not less than $100,000.00/$100,000.00/$500,000.00 (each accident/disease-each employee/disease-policy limit).

VENDOR shall have and maintain Owned, Non-Owned and Hired Auto Liability insurance with Bodily Injury and Property Damage with limits of not less than $1,000,000.00 Combined Single Limit. If VENDOR does not own any vehicles, it shall have and maintain hired and non-owned automobile liability coverage in the amount of $1,000,000.00. In addition, an affidavit signed by VENDOR must be furnished to SBBC stating the following: The Flying Classroom, LLC does not own any vehicles. If The Flying Classroom, LLC acquires any vehicles during the term of the Agreement, The Flying Classroom, LLC, agrees to provide proof of "Any Auto" coverage effective as of the date of vehicle acquisition."

2.17.5 Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

2.17.6 Verification of Coverage. Proof of the required insurance must be furnished by VENDOR to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. To streamline this process, SBBC has partnered with EXIGIS Risk Management Services to collect and verify insurance documentation. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences in order to permit VENDOR sufficient time to remedy any deficiencies. VENDOR must verify its account information and provide contact details for its Insurance Agent via the link provided to it by email.

2.17.7 Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

2.17.7.1 The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2.17.7.2 All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

2.17.7.3 Certificate Holder: The School Board of Broward County, Florida, c/o EXIGIS Risk Management Services, P.O. Box 4668-ECM, New York, New York 10163-4668.

2.17.8 Cancellation of Insurance. VENDOR is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

2.17.9 SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.18 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.19 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.20 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

ARTICLE 3 – GENERAL CONDITIONS

3.1 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.2 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.3 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.4 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power,

or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.6 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and

municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement upon the date of the last signature below.

2.20 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by VENDOR that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. VENDOR further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. VENDOR acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.21 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.22 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.23 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.24 **Forced Labor**.

(a) Excluded Vendors - the Forced Labor Vendor List. Section 287.1346, Florida Statutes, prohibits SBBC from awarding a contract or purchase order to, or transacting business pertaining to the provision of commodities with a vendor on the Forced Labor Vendor List created and maintained by the Florida Department of Management Services, or an entity under the control of such vendor, for a period of three hundred and sixty-five (365) calendar days after the date the vendor was placed on the list (the "Disqualification Period") unless the vendor is removed from the list pursuant to Section 287.1346(5)(d), Florida Statutes. VENDOR understands that any contract or purchase order with SBBC for the provision of commodities of any amount may be terminated during the Agreement Term at SBBC's sole option pursuant to Section 287.1346(4)(a)2.b, Florida Statutes, if VENDOR or an entity under VENDOR's control is placed on the Forced Labor Vendor List created and maintained by the Florida Department of Management Services.

(b) Forced Labor Certification Form. Before entering into a contract or purchase order with SBBC for the provision of commodities, a member of VENDOR's senior management is required by Section 287.1346(4)(b), Florida Statutes, to certify, in writing, that to the best of his

or her knowledge the commodities such vendor is offering to the SBBC have not been produced, in whole or in part, by forced labor. "Forced labor" means work or service exacted from any person, including a minor, under the menace of a penalty for nonperformance and for which the worker does not offer himself or herself voluntarily or an activity that violates Section 787.06, Florida Statutes. "Senior management" includes chief executive officers; assistant chief executive officers, including, but not limited to, assistant presidents, vice presidents, or assistant treasurers; chief financial officers; chief personnel officers; or any employee of an entity performing similar functions. The Vendor acknowledges that pursuant to Section 287.1346(4)(f), Florida Statutes, the submission of a false certification may subject it to civil fines and penalties. VENDOR must provide SBBC with an updated and current Forced Labor Certification Form prior to any renewal or extension of this contract or purchase order. The original copy of VENDOR's executed Forced Labor Certification Form will be kept in SBBC's contract file.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement

may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement upon the date of the last signature below.

EXECUTIVE SUMMARY

ITB-FY23-026 – Musical Instrument Repair

Board Meeting Date: June 9, 2026

Requested Action:
Approve the Second Renewal and Additional Budget Authority of $169,788 for Invitation to Bid (ITB)-FY23-026 – Musical Instrument Repair to the following (3) Vendors: 1) Ace Stuart Music Company d/b/a Wellington Music Suppliers; 2) All County Music, Inc.; 3)Music Arts Enterprises, Inc., Mae.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• Not Applicable
Statutory Requirement	• Not Applicable
If the School Board votes "Yes"	• The School Board of Broward County, Florida (SBBC), will be able to continue receiving repair and maintenance services for musical instruments that are no longer covered under warranty.
If the School Board votes "No"	• SBBC may encounter delays in securing repair services, which could limit student access to functional instruments. Additionally, the absence of a contract may lead to increased costs through non-contracted or emergency repairs and may contribute to the accelerated deterioration of existing equipment.
Alignment to the 2027 Strategic Goals and Guardrails	• Business Operations
Measurable Outcome(s)/Return on Investment	• Extending the useful life of musical instruments through consistent maintenance, reducing costs by prioritizing repairs over replacements, and ensuring that students have reliable access to properly functioning equipment.

Background/History
The ITB plays an important role in maintaining instruments and equipment acquired through the SMART project, as well as supporting the upkeep of older inventory currently in use. Routine maintenance and timely repairs are essential to extending the lifespan of musical instruments and ensuring they remain in good working condition for instructional use. Musical instrument repair requests are initiated by the Music Program Director or the Principal at each school, with additional support provided by the Music Curriculum Supervisor when necessary.

Agreement Terms and Financial Impact

The following information provides a detailed summary of the contract agreement summary, financial impact of this item, including funding allocation, budget authority, fiscal year expenditures, and any current or future financial obligations.

Table A: Agreement Summary, Multi-Year Analysis, and Procurement Method
This table summarizes the contract agreement terms, including the multi-year financial breakdown and total projected cost, and identifies the procurement method used in accordance with District purchasing requirements.

Agreement Term:	Original ITB Term: July 1, 2022, through June 30, 2025; First Renewal Term: July 1, 2025, through June 30, 2026; Second Renewal Term: July 1, 2026, through June 30, 2027; Emerging/Small/Minority/Veteran/Women Business Enterprise Vendor(s): None.
Multi-Year Agreement:	Yes. There is a cost savings for operational efficiency achieved by this multiyear Agreement. A new bid will yield higher prices, based on the current market conditions.
Procurement Method:	**Piggyback Agreement**: No. **Acquisition Method**: Pursuant to Purchasing Policy 3800, in accordance with Section 6A-1.012(1)(b), F.A.C., the term "invitation to bid" shall be defined for the purposes of this policy as a written solicitation for competitive sealed bids. An invitation to bid is used when the School District is capable of specifically defining the Scope of Work for which a contractual service is required or when the School Board is capable of establishing precise specifications defining the actual commodity or group of commodities required. A written competitive solicitation includes an invitation to bid that is publicly posted.

School Impact, Stakeholder Engagement, and Implementation Considerations

This section outlines how the proposed item will impact schools, including the selection and prioritization process where applicable, as well as stakeholder and end-user input. It also addresses technology and capital asset life cycles, replacement planning, and any additional operational details necessary to provide the Board with a comprehensive understanding of implementation.

Impact on Schools	This ITB provides District-wide access to qualified vendors for the repair and maintenance of musical instruments used in K–12 music programs. The availability of reliable repair services ensures continuity of instruction, preserves instructional assets, and supports student participation in music ensembles and performance-based coursework. Without this contract, schools would experience reduced access to functioning instruments and potential inequities in student access to music instruction opportunities.
School Selection /Prioritization	ITB-FY23-026 serves all schools with music programs across the District. Repairs are initiated based on individual school needs, instrument condition, and instructional program requirements. No schools are excluded, and prioritization occurs via school-level requests. Equitable access to services is provided regardless of enrollment size or program type.
Community/ Stakeholder Engagement	The District's music programs rely heavily on functional instruments to support student engagement, performances, and educational events. Instruments that remain in a safe, playable condition support State Standards for instruction, required performing arts coursework, and student performance opportunities. In addition, the greater community is served via community showcases and districtwide music events that engage families and community stakeholders. Continued access to professional repair services reinforces the District's commitment to high-quality arts education and community partnership.
End-User Input	End-user input has been incorporated through ongoing feedback from music teachers, band and orchestra directors, and school administrators

	who regularly interact with repair vendors. These stakeholders provide practical insight regarding service quality, turnaround time, and repair effectiveness. Their feedback informs contract renewals and reinforces the necessity of maintaining multiple qualified vendors to meet varying instrument types and service needs.
Technology/Capital Expected Lifecycle/Replacement Cycle	Musical instruments are durable instructional assets with extended life cycles when properly maintained. This ITB-FY23-026 supports the preservation of existing music equipment by enabling timely repairs, preventative maintenance, and restoration services. Regular repair services reduce premature replacement costs, maximize the useful life of instruments, and support fiscally responsible stewardship of district resources, particularly for schools that may not have immediate access to new instrument purchases. Generally, the lifecycle of most heavily used musical instruments can be up to 10 years with proper care and maintenance.

In order to assure that your bid is in full compliance with all requirements of the ITB, carefully read all portions of the ITB document, paying particular attention to the following areas:

   b) **BID SUBMITTED:** Completed bid must be submitted in a sealed envelope with bid number and name clearly typed or written on the front of the envelope. Discounts for prompt payment: Award, if made, shall be in accordance with terms and conditions stated herein. Once this solicitation is released to the General Public, the Cone of Silence (See General Condition 59) shall take effect. Any bidder, or lobbyist for a bidder, is prohibited from having any communications concerning any solicitation for a competitive procurement with any School Board member, the Superintendent, or any other School District employee after Procurement & Warehousing Services releases a solicitation to the General Public. All communications must go through the Purchasing Agent. Any information that amends any portion of this ITB, which is received by any method other than an Addendum issued to the ITB, is not binding on SBBC.

In order to assure that your bid is in full compliance with all requirements of the ITB, carefully read all portions of the ITB document, paying particular attention to the following areas:

SBBC has implemented a Small/Minority/Women Business Enterprise (S/M/WBE) Program as part of the SBBC's competitive solicitation and contracting activity in accordance with School Board Policy 3330 Supplier Diversity Outreach Program. The purpose of the program is to remedy the ongoing effects of identified marketplace discrimination that the School Board has found continue to adversely affect the participation of Small/Minority and/or Women Business Enterprises ("S/M/WBE") in School Board contracts. S/M/WBE vendors utilized for this contract must be certified by SBBC's Supplier Diversity Outreach Program Office prior to the submission of the bid proposal. **For information on S/M/WBE Certification or Policy 3330, contact SBBC's Supplier Diversity Outreach Program at 754-321-0550 or visit** http://www.browardschools.com/sdop.

SBBC reserves the right to reject any bid which is not completed in full.

- **PRICING CORRECTIONS**

3.10 **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. 3.13 **Severability**. In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.17 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). AT&T is at all times committed to complying with the laws and regulations governing use of the Internet, e-mail transmission and text messaging and preserving for all of its Customers the ability to use AT&T's network and the Internet without interference or harassment from other users. The AT&T Acceptable Use Policy ("AUP") is designed to help achieve these goals.

By using IP Service(s), as defined below, SBBC agrees to comply with this Acceptable Use Policy and to remain responsible for its users. AT&T reserves the right to change or modify the terms of the AUP at any time, effective when posted on AT&T's web site at www.att.com/aup. SBBC's use of the IP Service(s) after changes to the AUP are posted shall constitute acceptance of any changed or additional terms.

Scope of the AUP

Violation of Intellectual Property Rights:
IP Service(s) shall not be used to publish, submit/receive, upload/download, post, use, copy or otherwise reproduce, transmit, re-transmit, distribute or store any content/material or to engage in any activity that infringes, misappropriates or otherwise violates the intellectual property rights or privacy or publicity rights of AT&T or any individual, group or entity, including but not limited to any rights protected by any copyright, patent, trademark laws, trade secret, trade dress, right of privacy, right of publicity, moral rights or other intellectual property right now known or later recognized by statute, judicial decision or regulation.

Threatening Material or Content:
IP Services shall not be used to host, post, transmit, or re-transmit any content or material (or to create a domain name or operate from a domain name), that harasses, or threatens the health or safety of others. In addition, for those IP Services that utilize AT&T provided web hosting, AT&T reserves the right to decline to provide such services if the content is determined by AT&T to be obscene, indecent, hateful, malicious, racist, defamatory, fraudulent, libelous, treasonous, excessively violent or promoting the use of violence or otherwise harmful to others.

Inappropriate Interaction with Minors:
AT&T complies with all applicable laws pertaining to the protection of minors, including when appropriate, reporting cases of child exploitation to the National Center for Missing and Exploited Children. For more information about online safety, visit www.ncmec.org or www.att.com/safety.

Child Pornography:

Suspected violations of this prohibition may be reported to AT&T at the following e-mail address: cp@abuse-att.net. AT&T will report any discovered violation of this prohibition to the National Center for Missing and Exploited Children and take steps to remove child pornography (or otherwise block access to the content determined to contain child pornography) from its servers.

SBBC is responsible for taking prompt corrective action(s) to remedy a violation of AUP and to help prevent similar future violations.

AUP Enforcement and Notice
SBBC's failure to observe the guidelines set forth in this AUP may result in AT&T taking actions anywhere from a warning to a suspension or termination of SBBC's IP Services. When feasible, AT&T may provide SBBC with a notice of an AUP violation via e-mail or otherwise allowing SBBC to promptly correct such violation.

AT&T reserves the right, however, to act immediately and without notice to suspend or terminate affected IP Services in response to a court order or government notice that certain conduct must be stopped, or when AT&T reasonably determines that the SBBC's use of the affected IP Services may: (1) expose AT&T to sanctions, prosecution, civil action or any other liability; (2) cause harm to or interfere with the integrity or normal operations of AT&T's network or networks with which AT&T is interconnected; (3) interfere with another AT&T Customer's use of IP Services or the Internet; (4) violate any applicable law, rule or regulation; or (5) otherwise present an imminent risk of harm to AT&T or AT&T Customers.

Copyright Infringement & Digital Millennium Copyright Act
AT&T respects the intellectual property rights of others. The Digital Millennium Copyright Act of 1998 (the "DMCA" found at 17 U.S.C. § 512) provides that owners of copyrighted works who believe that their rights under U.S. copyright law have been infringed may report alleged infringements to service providers like AT&T. In accordance with the DMCA and other applicable laws, AT&T maintains a policy that provides for the termination of IP Services, under appropriate circumstances, if SBBC is found to be a repeat infringer and/or if SBBC's IP Services are used repeatedly for infringement (the "Repeat Infringer Policy"). AT&T may terminate IP Services at any time with or without notice to SBBC.

AT&T has no obligation to investigate possible copyright infringements with respect to materials transmitted by SBBC or any other users of the IP Services. However, AT&T will process valid notifications of claimed infringement under the DMCA, and continued receipt of infringement notifications for SBBC's account will be used as a factor in determining whether SBBC is a repeat infringer. In addition, AT&T may voluntarily participate, on terms acceptable to AT&T, in copyright alert and graduated response programs.

Incident Reporting
Any complaints (other than claims of copyright infringement) regarding violation of this AUP by an AT&T Customer (or its user) should be directed to abuse@att.net. Where possible, include details that would assist AT&T in investigating and resolving such complaint (e.g., expanded headers, IP address(s), a copy of the offending transmission and any log files).

DMCA Copyright Notifications:
Pursuant to 17 U.S.C. §§ 512(b)–(d), a copyright holder may send AT&T a valid notification of claimed copyright infringement under the DMCA. For further information regarding such notifications, see https://www.att.com/legal/terms.dmca.html. AT&T's designated agent to receive notifications of claimed infringement as described in DMCA subsection 512(c)(3) is:

Registered Copyright Agent
4825 Creekstone Drive, Suite 300

Durham, NC 27703
E-mail: **copyright@att.com**

Due to the substantial volume of notifications of claimed infringement that AT&T receives and processes, we are unable to accept notices of alleged copyright infringement via this designated agent or email address other than notifications of claimed infringement sent pursuant to Sections 512(b)–(d).

AT&T also provides transitory digital network communications services, pursuant to 17 U.S.C. § 512(a). In connection with such services, AT&T provides an online form that copyright holders should use to send notifications related to alleged copyright infringement by its users based on the standards of the Automated Copyright Notice System (ANCS). Copyright holders should use this online form to submit complaints related to alleged peer-to-peer file sharing (i.e. sharing media files via peer-to-peer networking technology), or other forms of copyright notice other than those sent pursuant to Sections 512(b)–(d) of the DMCA ("ISP Conduit Notices"). By submitting complaints using this online form, we are able to more efficiently manage and process ISP Conduit Notices. Due to the substantial volume of copyright notices that AT&T receives, we are unable to guarantee processing of ISP Conduit Notices that are sent by other means. Copyright holders can access AT&T's online form at **att.com/p2pnotices**. Please note that copyright holders must complete all fields in the online form before submitting.

Contact Information:
Any notification that AT&T sends to SBBC pursuant to this AUP will be sent via e-mail to the e-mail address on file with AT&T or may be in writing to SBBC's address of record. It is SBBC's responsibility to promptly notify AT&T of any change of contact information.

Code of Student Conduct

FLORIDA STATUTE §1006.07 REQUIRES THE DISTRICT SCHOOL BOARD TO ADOPT A CODE OF STUDENT CONDUCT FOR ELEMENTARY AND SECONDARY SCHOOLS AND DISTRIBUTE THE APPROPRIATE CODE TO ALL TEACHERS, SCHOOL PERSONNEL, STUDENTS, AND PARENTS, AT THE BEGINNING OF EVERY SCHOOL YEAR. EACH CODE SHALL BE ORGANIZED AND WRITTEN IN LANGUAGE THAT IS UNDERSTANDABLE TO STUDENTS AND PARENTS AND SHALL BE DISCUSSED AT THE BEGINNING OF EVERY SCHOOL YEAR IN STUDENT CLASSES, SCHOOL ADVISORY COUNCIL MEETINGS, AND PARENT AND TEACHER ASSOCIATION OR ORGANIZATION MEETINGS. EACH CODE SHALL BE BASED ON THE RULES GOVERNING STUDENT CONDUCT AND DISCIPLINE ADOPTED BY THE DISTRICT SCHOOL BOARD AND SHALL BE MADE AVAILABLE IN THE STUDENT HANDBOOK OR SIMILAR PUBLICATION. THIS POLICY SHALL SERVE AS THE FOUNDATION FOR THE CODE OF STUDENT CONDUCT AT EACH RESPECTIVE LEVEL.

SECTION I: GUIDING PRINCIPLES

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA, (SBBC), firmly believes a positive school culture promotes equal educational opportunities and establishes the framework for a safe learning environment. The Code of Student Conduct is grounded in a set of policies, rules, and laws by which order is established and maintained for the benefit of all. Discipline within a school must have the qualities of objectivity, consistency, and equity. Parents have a fundamental right to direct the upbringing, moral or religious training, education, and care of their children. However, it is the responsibility of all school personnel, students, parents, external stakeholders, and the greater community to ensure the school environment encourages a climate conducive to learning.

The Code of Student Conduct is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor incidents and first offenses have less serious consequences than major incidents and repeat offenses. Factors such as age, grade level, social, emotional, and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

SBBC promotes parental involvement in schools and expects all stakeholders to demonstrate mutual respect for the rights of others. It is expected that all involved in teaching and learning fully accept their responsibilities to model and practice the District's eight character traits of Responsibility, Citizenship, Kindness, Honesty, Self-Control, Tolerance, Respect and Cooperation.

SECTION II: SCOPE OF AUTHORITY

For teaching and learning to take place, a safe and secure school environment is essential. This policy provides specific information on the rules that all students are expected to follow, as well as consequences for violations of these rules. The rules apply to all activities occurring on the grounds, other sites being used for school-sponsored activities, on any vehicle authorized to transport students to and from school, and during all school-sponsored activities and functions. The SBBC is not responsible for students, their conduct and/or activities, when attending non-school sponsored activities.

This Code of Student Conduct is used to govern conduct and discipline of all students attending an SBBC school. It is expected that students will obey District rules while on school grounds, while being transported to or from school at public expense, while on the school premises for instruction, and for authorized participation in a school-sponsored activity. During such times, all students are subject to the immediate control and direction of teachers, staff members, and/or bus drivers to whom such responsibility has been assigned by the principal.

Pursuant to F.S. §1006.09, this Code of Student Conduct also applies to students who commit felonies or delinquent acts which would be felonies if committed by an adult, off SBBC owned property or whose off-campus conduct creates a substantial disruption to the school environment. Off-campus conduct and conduct outside of school time that violates the District's Code of Student Conduct may also be the basis for discipline up to expulsion if it is accomplished through electronic means and substantially disrupts the educational process or orderly operation of a school. Off-campus conduct that poses a threat or danger to the safety of other students, staff, School Board members, or other members of the District community, or school property may constitute behavior that has a substantial adverse impact on the educational environment requiring disciplinary action and/or administrative assignment to another District school under the authority of the District school superintendent (F.S. §1006.08). Furthermore, any offending student may be administratively reassigned to another District school in accordance with F.S. §1006.13(6) to protect a victim and/or the sibling of a victim from further victimization for incidents occurring on or off SBBC owned property.

Students should be advised that violations of the Code of Student Conduct may also be violations of Florida law. Thus, students may be subject to school/district level disciplinary actions as well as discipline imposed by local law enforcement authorities. School Resource Officers/Deputies (SRO/SRD) and other law enforcement authorities have the power to conduct investigations independent of those conducted by school personnel for the same incident. Furthermore, the sanctions imposed by the school district for misconduct are separate and distinct from the consequences that may be imposed following the arrest and prosecution of a student for a violation of law originating from the same incident. Please keep in mind that failure of law enforcement to act does not prevent SBBC from taking appropriate actions consistent with this Code of Student Conduct or with Florida law.

Disciplinary incidents which require it, shall be reported to the Florida Department of Education (FLDOE) in accordance with Rule 6A-1.0017, F.A.C. pertaining to School Environmental Safety Incident Reporting (SESIR) requirements through the approved reporting tool provided by the SBBC. All SESIR level incidents shall be addressed by school-based administrators only. Per Rule 6A-1.0017, each public-school principal, including charter school principals or equivalent, must ensure that all persons at the school responsible for SESIR information participate in the training set forth in subsection (10) of this rule and must ensure that SESIR data is accurately and timely reported. For additional guidance regarding the SESIR definitions and the appropriate Florida Statutes, please refer to http://www.fldoe.org/safe-schools/sesir-discipline-data/.

SECTION III: PARENTAL RIGHTS

SBBC supports parents' fundamental rights to make decisions regarding the upbringing and control of their children. School district personnel shall encourage all students to discuss issues relating to their well-being with their parent. The school district may not adopt procedures or student support forms that prohibit school district personnel from notifying a parent about their student's mental, emotional, or physical health or well-being, or change in related services or monitoring, or encourage or have the effect of encouraging a student to withhold such information unless a reasonably prudent person would believe the disclosure would result in abuse, abandonment, or neglect, as those terms are defined in F.S. §39.01. (F.S. §1001.42).

Florida law supports the active involvement of parents until the student graduates from school (F.S. §§743.07, 1003.21, 1003.24). It is presumed that students are dependent students (as defined by the regulations supporting the Family Educational Rights and Privacy Act at 34 C.F.R §99.31(a)(8) and by Internal Revenue Code §152). When a student reaches the age of majority (18 years of age), the parent

shall continue to perform the parental functions of a dependent student, including but not limited to, providing excusal of absences and tardiness, signing permission slips for early release, field trips, other activities, as necessary. School Board Policy 5070 Enrollment and Withdrawal governs processes and procedures related to registering, withdrawal, and termination of school enrollment for all students, regardless of age.

The term "parent" refers to either or both parents, any guardian of a student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of a parent (F.S.§1000.21(6)).

A) SCHOOL SAFETY

1) Parents of public-school students have a right to access reported SESIR incidents (those reported pursuant to F.S. §1006.07(9)), receive timely notification of threats to school safety, and the following unlawful acts, and significant emergencies occurring on school grounds, during school transportation, or during school-sponsored activities:
   a) Weapons possession or use when there is intended harm toward another person, hostage, and active assailant situations.
   b) Murder, homicide, or manslaughter.
   c) Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.
   d) Natural emergencies, including hurricanes, tornadoes, and severe storms.
   e) Exposure as a result of a manmade emergency.
2) F.S. §1006.07(4)(b)5.(c) requires each public school, including charter schools, to implement a mobile panic alert system capable of connecting diverse emergency services technologies to ensure real-time coordination between multiple first responder agencies. Such system, known as "Alyssa's Alert," integrates with local public safety answering point infrastructure to transmit 911 calls and mobile activations. All schools will utilize ~~SaferWatch~~ the District-adopted ~~as their "Alyssa's Alert"~~ mobile panic alert system by ensuring all~~.~~ staff have access to a mobile panic alert activator. ~~SaferWatch is available on all district-owned devices and all stakeholders are encouraged to download it to their personal devices as well. Schools will also utilize SaferWatch in their lockdown drills.~~

B) INVOLUNTARY EXAMINATIONS AND MENTAL HEALTH

The Superintendent will annually report to the FLDOE the number of involuntary examinations, as defined in F.S.§394.455, which are initiated at a school, on school transportation, or at a school sponsored activity (F.S. §1006.07(10)).

1) A reasonable attempt to notify parents of public-school students by the school principal/designee shall be made before a student is removed from school, school-sponsored transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination pursuant to F.S.§394.463. A "reasonable attempt to notify" means the exercise of reasonable diligence and care by the principal/designee to make contact with the student's parent, guardian, or other known emergency contact whom the student's parent or guardian has authorized to receive notification of an involuntary examination. At a minimum, the principal/designee must take the following actions:
   a) Use available methods of communication to contact the student's parent, guardian, or other known emergency contact, including but not limited to, telephone calls, text messages, e-mails, and voicemail messages following the decision to initiate an involuntary examination of the student.
   b) Document the method and number of attempts made to contact the student's parent, guardian, or other known emergency contact, and the outcome of each attempt.

c) A principal/designee who successfully notifies any other known emergency contact may share only the information necessary to alert such contact that the parent or caregiver must be contacted. All such information must be in compliance with Federal and State law.

d) The principal/designee may delay the required notification for no more than 24 hours after the student is removed if:

(i) the principal/designee deems the delay to be in the student's best interest and if a report has been submitted to the central abuse hotline, pursuant to F.S.§39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

(ii) the principal/designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

e) Before a principal/designee contacts a law enforcement officer, he or she must verify that de-escalation strategies have been utilized and outreach to a mobile response team has been initiated unless the principal/designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under F.S.§394.463.

2. Students referred to a school-based or community-based mental health services provider, for mental health screening for the identification of mental health concerns and students at risk for mental health disorders are assessed within 15 calendar days of referral. School-based mental health services are initiated within 15 calendar days of identification and assessment. Community-based mental health services are initiated within 30 calendar days of referral.

Individuals living in a household with a student receiving services are provided information about behavioral health services through other delivery systems or payors for which such individuals may qualify if such services appear to be needed or enhancements in those individuals' behavioral health would contribute to the improved well-being of the student.

District schools and local mobile response teams use the same suicide screening instrument approved by FDOE pursuant to s. 1012.583, F.S., and Rule 6A-4.0010, Florida Administrative Code.

Assisting a mental health services provider or a behavioral health provider as described in s. 1006.041, F.S., respectively, or a school resource officer or school safety officer who has completed mental health crisis intervention training in attempting to verbally de-escalate a student's crisis situation before initiating an involuntary examination pursuant to s. 394.463, F.S. Such procedures must include strategies to de-escalate a crisis situation for a student with a developmental disability as that term is defined in s.393.063, F.S. The requirement that in a student crisis situation, the school or law enforcement personnel must make a reasonable attempt to contact a mental health professional who may initiate an involuntary examination pursuant to s. 394.463, F.S., unless the child poses an imminent danger to self or others before initiating an involuntary examination pursuant to s. 394.463, F.S. Such contact may be in person or using telehealth, as defined in s. 456.47, F.S. The mental health professional may be available to the school district either by contracts or interagency agreements with the managing entity, one or more local community behavioral health providers, the local mobile response team, or be a direct or contracted school district employee. Note: All initiated involuntary examinations located on school grounds, on school transportation or at a school-sponsored activity must be documented in the Involuntary Examinations and Restraint and Seclusion (IERS) platform.

Parents of students receiving services are provided information about other behavioral health services available through the student's school or local community-based behavioral health service providers. Schools may meet this requirement by providing information about and internet addresses for web-based directories or guides for local behavioral health services.

A system is in place to measure the program outcomes outlined in s.1006.041, F.S.

SECTION IV: RIGHTS AND RESPONSIBILITIES OF STUDENTS

Students have the right to attend school daily and learn in a safe, orderly, and distraction free learning environment. They also have the right to free speech, student publications, assembly, participation in school programs and activities, and a right to privacy. Furthermore, students have a right to use appropriate online communications and information systems, the Internet, and networks to increase their access to information and resources, obtain information, create intellectual products, collaborate, and communicate for educational purposes, and to do so without the fear that their products or their personal reputation will be violated, misrepresented, tampered with, destroyed, or stolen.

To enhance the learning experience for all students, below is a list of responsibilities and behavioral expectations to increase the probability of student success in school:

- Treat others with respect and honesty.
- Come prepared for class by bringing the necessary school supplies.
- Listen and follow instructions from school/district-staff.
- Complete all assigned classwork and homework.
- Use class time wisely to complete work and get assistance from your teacher(s).
- Take home and return all paperwork.
- Follow all rules and regulations during school and at school-sponsored events/activities.
- Take care of and return all textbooks, library books, and school-owned materials loaned to you.
- Act responsibly on campus, school-sponsored transportation, field trips, and at all school-sponsored events, regardless of locations.
- Understand the difference between appropriate and unacceptable uses of online communications and information systems, the Internet, and networks.
- Use online communications and information systems, the Internet, and networks in a responsible, efficient, ethical, and legal manner in accordance with their educational mission.
- Recognize that the use of online communications and information systems, the Internet and networks is a privilege that can be withdrawn if used in an unacceptable or illegal manner.

A) ATTENDANCE

1) SBBC stresses the importance that all students attend school regularly and remain in school until they graduate from high school. ~~However, a child who attains the age of 16 years old during the school year is not subject to compulsory school attendance beyond the date upon which they attain that age if the child files a formal declaration of intent to terminate school enrollment with the District's School Board in accordance with School Board Policy 5070. The declaration must acknowledge that terminating school enrollment is likely to reduce earning potential and must be signed by the child and the child's parent. The school district must notify the child's parent of receipt of the child's declaration of intent to terminate school enrollment (F.S. §1003.21).~~ Students who have attained the age of 16 years and who have not graduated are subject to compulsory attendance until the student files a formal declaration of intent to terminate school enrollment with the School Board in accordance with School Board Policy 5070. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the student and the student's parent. (F.S. s. 1003.21(1~~2~~)(c)).

~~1)~~2) Declaration of Intent Forms are available at each school's administration office. ~~Students who drop out of school are not eligible to receive a driver's license or driver's permit or will have their license or permit revoked (F.S. §322.091).~~

~~2)~~3) ~~The~~ Each parent of a child of compulsory school age is responsible for the child's daily school attendance. (F.S. §1003.24). School staff, parents, students, and appropriate State ~~state~~ agencies

are expected to work together to ensure that laws are obeyed including, but not limited to, referral to the State ~~state~~ designated agency for possible court action for extended absence or truancy (F.S. §1003.27). School Board Attendance Policy 5040 ~~5.5~~ outlines the rules that apply to attendance and attendance procedures. Florida law supports the active involvement of parents until the student graduates from school (F.S. §§743.07, 1003.21, 1003.26).

~~3)~~4)Non-attendance and early signs of truancy

a) It is important to be in school every day. If a child is not in school, they may be showing early signs of truancy through a pattern of non-attendance. A student may be ~~establishing~~ developing a pattern of non-attendance when they have an accumulation of tardiness, early sign-outs, and/or unexcused absences that exceed 5 school days in one ~~marking period~~calendar month or 10 school days ~~in 2 marking periods~~ within 90-calendar day period. If the school's collaborative problem-solving team (CPST) finds that a pattern of non-attendance is developing, whether the absences are excused or not, a meeting with the parent must be scheduled to identify potential remedies (F.S. §1003.26(1)(b)).

b) A student who has 15 unexcused absences within 90-calendar days with or without the knowledge or consent of the student's parent, is subject to compulsory school attendance under s. 1003.21(1) and (2)(a), and is not exempt under s. 1003.21(3) or s. 1003.24, or by meeting the criteria for any other exemption specified by law or rules of the State Board of Education may be identified as an "habitual truant" (F.S. ~~copied and pasted from~~ 1003.01(12)). In this definition, "calendar days" refers to all the days in a month, including weekends and holidays." -

~~b) student who is subject to compulsory school attendance under F.S. §§1003.21(1) and (2)(a) and is not exempt under F.S. §§1003.21(3) or 1003.24, or by meeting the criteria for any other exemption specified by law or rules of the State Board of Education (F.S. §1003.01(8)) may be identified as an "habitual truant" if he or she has 15 unexcused absences within 90 school days with or without the knowledge or justifiable consent of the child's parent.~~

c) Parents and students may verify absences at any time at school or at home by contacting the school or by accessing electronic attendance records through the student information system (SIS).

~~d)~~ If, after an accumulation of absences as noted above, the principal/designee determines that the reasons for time out of school are invalid, the principal/designee ~~shall~~must refer the student to the CPST to determine if early patterns of truancy are developing and provide appropriate interventions. The State Attorney's Office may also be notified due to non-compliance with compulsory school attendance laws (F.S. §1003.26(1)(b)). ~~However, if the principal/designee determine that the reasons for the absences are valid and there are no early signs of truancy, the parent must provide a note, to be kept on file at the school that provides the reasons for those absences. No further action will be taken.~~

4)5)~~Broward~~ Truancy Intervention ~~Program (BTIP)~~

A) At five (5), ten (10), and fifteen (15) unexcused absences, parents will receive written notification from the school as part of the school's intervention process

a) *For Elementary Only*, The Broward Truancy Intervention Program (BTIP) is a partnership between with the Broward State Attorney's Office for students in grades K-5. ~~and the SBBC~~. The program is designed to prevent excessive absences through parent notification and accountability, school interventions, and ~~daily~~ close monitoring of ~~of~~ attendance. Parents are expected to communicate with school personnel regarding absences. ~~Parents who do not comply are referred to the State Attorney's Office for failure to comply with F.S. §1003.27 which provides that a parent commits a misdemeanor of the second degree, punishable as provided by law, if the parent refuses or fails to have a child attend school regularly or refuses to participate in meetings concerning the child's truancy.~~ Parents who fail to ensure regular attendance may be referred to the State Attorney's Office under F.S. § 1003.27(7).

~~b)~~ *For Secondary Only* ~~-~~ ~~,~~ T~~t~~he truancy prevention process ~~program~~ for ~~secondary~~ grade~~s~~ 6-12 ~~levels~~ aligns with Florida Statute §§ 1003.21, 1003.24, and 1003.27. This involves ~~several phases including~~ early identification and intervention, attendance monitoring, ~~and~~ regular parental communication, and referrals to the School Social Worker.~~,~~ With parental consent, case management and support services are offered to address attendance barriers through various community providers. If excessive absences persist, the student may be referred to the Case Staffing Committee, which could lead to court involvement. ~~Phase 1 includes contacting parents for unexcused absences and making referrals to School Social Workers. Phase 2 involves the Attendance Team implementing interventions like mentoring and counseling. Phase 3 escalates to filing complaints with the Florida Department of Highway Safety and Motor Vehicles and other alternatives to withdrawal procedures for chronic truants. This comprehensive approach ensures thorough documentation and promotes educational success and student well-being.~~

~~5)~~6) Reporting an absence

a) Parents must report all school absences within two (2) school days of the absence, or the absence will be unexcused, unless otherwise excused by the school principal due to extenuating circumstances. When making the absence report, a reason for the absence must be provided along with the date(s) of the absence. Parents can find absence reporting options on each school's website. On the website, under CONTACT, select REPORT AN ABSENCE, parents can choose their preferred absence reporting method:
   (i) Online Form which provides a confirmation email that includes the date and time of submission;
   (ii) Voicemail on the schools' attendance phoneline; or
   (iii) Handwritten note from parent delivered to the front office.

b) School staff members may ask for a written medical excuse. Failure to provide a written note from a licensed practicing physician pertaining to the absences shall result in those absences being unexcused (F.S. §1003.24(4)).

c) For High School Only, absences for shared-time students must be reported to both schools.

d) **Excused absence~~s~~** ~~criteria~~:
   (i) When it is necessary to be out of school, absences may be excused for one of the eight reasons listed below. Please note that all absences will be considered unexcused until properly reported by the parent. Some situations require written documentation from a physician or public health unit. Excused absences include:
      (A) Illness or injury of the student which may impact or be related to physical or mental health. If the child is expected to miss at least 15 school days due to illness, a medical condition, for social/emotional reasons, or who would miss excessive days intermittently throughout the school year for the same reasons and could benefit from supplemental instruction, parents should consult with the Hospital/Homebound contact person at the school.
      (B) Illness of an immediate family member.
      (C) Death in the family.
      (D) Religious instruction or holidays of the student's specific faith.
      (E) Required court appearance or subpoena by a law enforcement agency.
      (F) Special event – prior approval by principal required. Examples of special events include important public functions, education enrichment activities, conferences, State/national competitions, college/university campus tour/visit, as well as exceptional cases of family need.
      (G) Scheduled doctor, dentist appointments, or treatment for autism spectrum disorder by a licensed health care practitioner or certified behavior analyst. (F.S. §1003.21(2)(b))

(H) Insurmountable conditions or c~~C~~ommunicable disease. Students having or suspected of having, some other insurmountable condition. Insurmountable conditions are extreme weather conditions; a communicable disease or infestations which the state health or county medical director indicates that can be transmitted; and local conditions determined by the district with, after taking into account the material circumstances, would render impractical a student's attendance at school (F.S. s. 1003.24(4), F.A.C. 6A-1.09513) are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S. §1003.22). Examples of communicable diseases and infestations include, but are not limited to, measles, chickenpox, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of five (5) one excused absence school days excused absence for each infestation of head lice.

(ii) Students on field trips, students who attend alternative-to-suspension programs, or in-school suspension programs are not considered absent.

e) **Unexcused absences**

(i) It is the responsibility of the school principal to ensure that parents are contacted after each unexcused absence and to ensure that there are specific, appropriate interventions as a result of each unexcused absence. Parents may receive phone calls, text messages, emails, and/or letters to inform them of their student's unexcused absences. These notifications are generated from official attendance records. Absences are only excused for the reasons listed above.

(A) Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until the certificate this document is provided, or a waiver is obtained, or if lawfully exempted. A child shall be exempted from the requirement of health examination upon written request of the student's parent stating objection to the examination on religious grounds. Students who receive the first shot in a series of immunizations but who are late obtaining subsequent shots will be given a grace period of 3 school days after which they will be excluded from school and the resulting absences will be considered unexcused.

(B) For secondary students, 14-18 years of age, who have 15 unexcused absences within 90 school calendar days, drop out of school and have a driver's license or learner's permit will have their driving privileges suspended by the Division Department of Highway Safety and Motor Vehicles or will not be issued a license or permit if they apply for one. Additional information about procedures and waivers is available from school administration or school counseling offices.

f) **Suspensions**

(i) A student assigned to in-school suspension will be included in the school's daily attendance count. The appropriate code for in-school suspension will be recorded by the attendance clerk to override the classroom teacher's reported attendance.

~~(i)~~(ii) Students who have been assigned an out-of-school suspension and choose not to participate at the alternative to external suspension (AES) program will be considered externally suspended.

(iii) A student assigned to out-of-school suspension will not be included as present in the school's daily attendance count. The student will be recorded as suspended, which will count as an absence due to suspension. This absence type is not counted as unexcused. The distinction between an absence due to suspension and an unexcused absence alleviates the double penalty problem associated with noncompliance with regular attendance as required by law (e.g., driving privileges and Learnfare).

~~(ii)~~(iv) Students who have been assigned an out-of-school suspension and do not attend all of the assigned days in the AES program, will be considered externally suspended for the day(s) they do not attend.

(v) A student assigned to "Alternative to External Suspension" means an alternative to external suspension program (AES) offered to students who have been externally suspended must attend the days assigned to the program. If they do not attend the assigned days, the absences will be considered suspensions. For a student with a disability (SWD), if a Free and Appropriate Public Education (FAPE) is provided and the student does not attend, the student will be marked absent based on this attendance policy.

g) **Tardiness**

(i) Tardiness is defined as a student not being in the classroom when classes are scheduled to begin. Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Tardiness may also count toward establishing a pattern of non-attendance that may indicate early signs of truancy.

(ii) A tardy is excused for the same reasons that an absence is excused. In extenuating circumstances, principals and/or their designee may also excuse a tardy for reasons other than those stated if documentation is provided. Parents must follow the same process to excuse a tardy as they do to excuse an absence.

(iii) A student who has an excused tardy should report directly to class after first checking in at the designated check- in area of the school.

(iv) Excessive tardiness will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance.

(v) Tardiness to any class without documentation may be considered unexcused.

h) **Early sign outs**

(i) When students are signed out early on an ongoing basis, their academic performance may be negatively impacted. The school system strongly encourages parents to ensure their student is in school for the full school day every day. Signing out early may count toward establishing a pattern of non-attendance that may indicate early signs of truancy.

(ii) All schools will establish procedures for early release that ensure that all students are treated consistently.

(iii) Students shall not be released within the final 30 minutes of the school day unless the principal/designee determines that it is an emergency, or the student has a medical/dental appointment that cannot be reasonably scheduled at another time.

(iv) Excessive early sign outs will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance.

Make-up work: School Board Policy 4000: Student Progression Plan contains all relevant information regarding the earning of grades and credits for make-up work, related to absences, field trips and suspensions.

B) RIGHT TO FREE SPEECH, STUDENT PUBLICATIONS, AND DISTRIBUTION OF MATERIALS

The Constitution of the United States of America guarantees to its citizens the right to express ideas freely. A basic education should prepare students to do that in responsible ways. Per 20 U.S.C. §7904, nothing in this policy prevents or denies a student's participation in constitutionally protected prayer in public elementary and secondary schools.

Students have a right to exchange ideas, give their opinions and points of view while hearing all sides of subjects about which people disagree. They have a right to be free of censorship within a framework of mutual respect. Students have a responsibility to be informed about all sides of controversial issues,

to listen politely to the viewpoints of others, to use good judgement in developing student publications, and to use good judgement when selecting sources of information.

1) Pledge of Allegiance

The Pledge of Allegiance to the flag shall be recited at the beginning of the day in each public elementary, middle, and high school in the State. Each student has the right not to participate in reciting the pledge. Upon written request by his or her parent, the student must be excused from reciting the pledge, including standing and placing the right hand over his or her heart. When the pledge is given, unexcused students must show full respect of the flag by standing at attention and men removing the headdress, except when such headdress is worn for religious purposes (F.S. §1003.44).

2) Moment of Silence

Pursuant to F.S. §1003.45, District schools will observe a moment of silence for 1-2 minutes. This moment of silence will occur during first period or at the beginning of the school day. In accordance with statute, the District will not make suggestions as to the nature of any reflection in which a student may engage during the moment of silence. Families are encouraged to discuss the moment of silence with their child(ren) and to make suggestions as to the best use of this time.

3) Printed, written, and electronic media.

a) No printed, written materials, or electronic media may be distributed in schools or on school grounds without the permission of the principal, or designee.

(i) A principal or designee must either approve or reject a request from a student to distribute materials within 24 hours, excluding non-school days, of the request by the student.

(A) Any request to distribute materials not acted upon within 24 hours, excluding non-school days, by the principal or designee is deemed approved.

(1) For approved materials, the principal or designee may assign reasonable restrictions with regard to time, place, and manner of distribution.

(2) For approved materials, the publication shall contain this phrase: **"THE OPINIONS AND/OR ACTIVITIES ARE NOT ENDORSED OR SPONSORED BY THE SCHOOL BOARD."**

(B) If material is denied distribution, the principal or designee must state to the student(s) the specific reasons why such material was denied distribution.

(C) If the material is denied distribution as likely to cause a substantial disruption or material interference, the principal or designee must state to the student the specific reasons why a disruption is likely to occur as a result of the distribution and why such disruption would be substantial.

(D) Any student who would like to appeal a decision made under this section has the right to appeal such decision as specified in Section X of this policy.

(ii) The following materials will not be allowed on school property or distributed in schools if the material can reasonably be interpreted as:

(A) Obscene or pornographic;

(B) Libelous or slanderous;

(C) Likely to create a substantial disruption of, or material interference with, normal school activity or appropriate discipline in the operation of the school. Material will not be deemed to fall within this subsection only because students, faculty or staff may disagree with or find the contents of the material offensive;

(D) Profane, vulgar, or lewd language; or

(E) Selling a commercial product or attempting to make a commercial profit from the sale of products.

b) Notices of student non-curricular group meetings posted on general-purpose student bulletin boards do not represent the viewpoint of the SBBC and/or the administration. The School Board

is only offering physical space to such groups and does not promote, endorse, or otherwise sponsor such materials. Students are encouraged to be sensitive to other viewpoints and beliefs when posting such notices.

c) Students may not hand out/circulate petitions or surveys during class time.

4) **School sponsored publications.** School sponsored publications are important components of school–based instructional programs. All school publications shall be consistent with the educational curriculum and the cultural values of the school community and appropriate for the school setting. In this regard, considerable latitude shall be provided to individual school leadership to plan and develop school publications.

a) The contents of all school publications must meet the district's journalism standards, which prohibit obscenity, profanity, libelous or slanderous material, vulgar or lewd language, or material that may cause substantial disruption of normal school activities. All school sponsored publications must include the following statement: *The opinions expressed in this publication are not necessarily those of [insert name of school] or The School Board of Broward County Public Schools, Florida.*

b) Approval for publication shall be based on:

(i) Consistency with the educational curriculum of the SBBC;

(ii) Reasonable school community standards and cultural values; and

(iii) The overall purpose of the publication in relation to the academic curriculum and school setting.

(iv) The principal or designee(s) shall retain final authority to approve the design and content of all school publications prior to publication or posting. Any advertisements in school-sponsored publications must adhere to SBBC Policy 6300- Advertising. Publications include, but are not limited to, items such as school newspapers, yearbooks, student newspapers, and publications put out by the PTA, Booster Clubs, and the like.

5) **Social media use.** SBBC realizes that part of 21st Century learning is adapting to the changing methods of communication. The importance of teachers, students and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21st Century learning. As such, educational standards are now requiring the use of online educational tools to demonstrate proficiency. To address related issues, SBBC has developed the following guidelines to provide direction for students when using or accessing BCPS tools, networks, online supports and resources to engage in social media activities.

a) Social Media refers to the use of web-based and mobile technologies that enable all SBBC's internal and external stakeholders to connect, collaborate, and form virtual communities via the computer and/or Internet. For some, social media is used mainly for social purposes, but for others, these sites and technologies are used as tools to teach and to connect with the community.

b) F.S. §501.1736(2)(a) prohibits a minor who is younger than 14 years of age from entering into a contract with a social media platform to become an account holder. Schools can discipline students if their speech, including online postings, disrupts school operations or constitutes a violation of Federal or State laws or SBBC policies.

c) When using social media as part of a club, organization, or school-sponsored activity, the following guidelines are expected:

(i) Be Honest/Truthful: Always be transparent about who you are and who you represent. How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.

(ii) Maintain confidentiality: Do not post any confidential or proprietary information regarding yourself and/or others.

(iii) Students can reveal some information about themselves (ethnicity, political beliefs, stance on issues, interests) but should not offer any confidential information (place of residence, phone number, discretely identifiable information, common 'hang-out'

locations). Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your parents and teachers, if applicable.

(iv) Know You Are Always "On": You must assume that your social media usage is visible to the world. Be sure to manage what and with whom you are sharing. Keep in mind that while we all have occasional frustrations, social media are not the best venues in which to air frustration as those comments are available to everyone.

(v) Be Respectful: Avoid remarks that are off topic or offensive. Always demonstrate respect for others' points of view, even when they're not offering the same in return. Never bully or pick fights, and do not respond to abusive comments. If you are sharing a negative experience, please try to do so in a constructive way.

(vi) Think Ahead: Be smart about protecting yourself, your privacy, and the privacy of others, and confidential or personal information. What you publish online is widely accessible and will be around for a long time so consider the content and consequences carefully. Show good judgment as future employment and/or academic opportunities may be adversely affected by your posts and comments.

(vii) The Internet is not anonymous, nor does it forget: Everything written on the Web can be easily traced back to its author. Information is backed up often and repeatedly, and posts in one forum are usually replicated in others through trackbacks and reposts or references. Social media venues including wikis, blogs, photo, and video sharing sites are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, enemies, parents, teachers, or a future employer to see.

(viii) Avoid "hazardous" materials: Do not post or link to any materials that are inflammatory, defamatory, harassing, or indecent.

(ix) Your online behavior should reflect honesty, respect, and consideration.

(x) When bringing your own technology to school make sure that you follow the guidelines set out in the SBBC Personally Owned Device Guidelines.

(xi) Follow the school's code of conduct when writing online. It is acceptable to disagree with someone else's opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom will be inappropriate online.

(xii) Linking to other websites to support your thoughts and ideas is recommended when appropriate. However, be sure to read the entire article prior to linking to ensure that all information is appropriate for a school setting.

(xiii) Do your own work! Do not use other people's intellectual property without their permission. It is a violation of copyright law to copy and paste other's thoughts, images, designs, etc. When paraphrasing another's idea(s) be sure to cite your source with the URL. It is good practice to hyperlink to your sources.

(xiv) Be aware that pictures may also be protected under copyright laws. Verify that you have permission to use the image or that it is under Creative Commons' attribution.

(xv) How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity. Blog and wiki posts should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation. If you edit someone else's work, be sure it is in the spirit of improving the writing.

(xvi) If you come across inappropriate material that makes you feel uncomfortable, or is not respectful, tell a school staff member right away.

d) Students who do not abide by these guidelines may lose their opportunity to take part in the project and/or access to future use of SBBC online tools. In addition, disciplinary or legal action may apply.

e) As outlined in Section II: Scope of Authority, students who utilize social media and/or other online tools/resources to bully, threaten, and/or otherwise disrupt the educational process or orderly operations of a school may be subject to discipline under the Code of Student Conduct, even if the action takes place off school property or after school hours.

6) Student activities and assembly

Students have the opportunity to take part in extracurricular activities, assemblies, and school approved organization without discrimination, as defined by applicable laws. School activities give students a chance to interact in positive ways. They can learn from each from other how to work together harmoniously for common goals. Students have the right to elect officers for student government, consult with faculty advisors of school-approved clubs/groups, and attend educational field trips (non-educational field trips such as end-of-the-year celebrations, Grad Bash, etc. are a privilege).

Students have a responsibility to keep their extracurricular activities from interfering with their academic work and to know and follow the rules for the activities they choose. Students also have a responsibility to ensure that their actions as members of school clubs and groups meet the standards that have been set by the school administration. Students have a responsibility to educate themselves as to the qualities needed for leadership and choose officers who have those qualities. Students who hold office have a responsibility to learn how to do their jobs, support the goals of the group that elected them, and to treat other members of the group fairly.

Students who participate in field trips, social and/or extracurricular activities that are school-approved and/or sponsored by school clubs or groups, have a responsibility to follow the rules set forth in the Code of Student Conduct, School Board Policy 6310, and where applicable, by the conferences, conventions or contests they may attend.

a) Extra-curricular activities. Many students take part in school-related activities that are extracurricular (take place outside of school hours), social, and interscholastic (engage in competition with other schools). Students must attend half of the classes on the day of an activity in which they want to take part unless they have been excused or exempted from class by the school administration in advance. Students are expected to have prior approval from the school administration for many activities related to school-approved and school-sponsored clubs and groups. They need approval to:
   (i) Present a program or an assembly.
   (ii) Create and hold meetings for clubs or organizations on campus.
   (iii) Collect funds as prescribed by School Board policy. Items cannot be sold for personal gain such as food, jewelry, T-shirts, etc.
   (iv) Have a school-related fundraising project on or off school grounds. Fundraising drives among students initiated by outside organizations such as the Salvation Army, United Way, Girl Scouts, etc., are not permitted in the schools.
   (v) Hold a demonstration.
   (vi) Have a guest speaker and/or vendor on campus.

b) Field trips and interscholastic extra-curricular activities. Field trips and interscholastic extracurricular activities can be an integral part of the learning process in many areas of education. All students are guaranteed the right to be afforded an equal opportunity to participate in all school sponsored social and/or extracurricular activities when the student is otherwise qualified to participate. Reasonable accommodations must be made to allow all qualified students to attend and participate in a safe and equitable manner.
   (i) Under special conditions, students may be denied participation in educational or non-educational field trips and educational school-sponsored activities (See School Board Policy 6310).
   (ii) To attend a field trip or participate in an interscholastic extra-curricular activity:

(A) Students must have parental consent, meet academic eligibility requirements, and maintain satisfactory conduct in school and in the community to participate in interscholastic, extracurricular activities.

(B) To participate in Interscholastic Extracurricular Activities, students must meet and maintain specific eligibility requirements and standards. These requirements and standards are maintained by the Department of Athletics and Student Activities at https://www.browardschools.com/Page/43305.

(C) Since representing a school either as an elected school officer or in extracurricular activities is both an honor and a privilege, students must also meet requirements established by their club, school, instructional services, and/or the Board to serve as representatives of their school.

(D) In addition to the eligibility requirements and standards set forth by the Department of Athletics and Student Activities, students who are suspended from school, expelled, administratively reassigned to a behavior intervention program, or those convicted of, or found to have committed, a felony or a delinquent act that would have been a felony if committed by an adult, regardless of whether adjudication is withheld are ineligible to participate in Interscholastic/Extracurricular activities sponsored by the Middle School Athletic Association (MSAA) and/or Florida High School Athletic Association (FHSAA) during the term of their suspension, expulsion, or behavior intervention assignment.

(E) A student may not participate in MSAA or FHSAA sanctioned activities if the student participated in that same sport at another school during that school year, unless the student meets the criteria in s. 1006.15(3)(i), F.S.

(F) A student's eligibility to participate in any interscholastic or intrascholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to s. 1006.20(2)(b).

7) **STUDENT PRIVACY.** Students have the right and responsibility to learn how the information in their school records is gathered, how it is used, and what it means. Students have the right to expect that schools will keep their records safe, secure, and private. Students who are eighteen (18) years or older have the right to see their own school records. Students have the right to personal privacy and have the responsibility of respecting the rights of others. Information about another person must be treated with respect and privacy.

a) **COLLECTION, USE, AND DISCLOSURE OF SOCIAL SECURITY NUMBERS OF STUDENTS.** Pursuant to F.S. §119.071(5), SBBC collects, uses, and/or discloses Social Security numbers (SSNs) as mandated or authorized by law and as otherwise authorized in writing by the parent or adult/emancipated student (authorized by F.S. §119.071(5)(a) 6.c. FERPA, F.S. §§1002.22 and 1002.221 and School Board Policy 1480 (Student Records: Confidentiality and Family Educational Rights) afford parents, guardians or eligible students (students over 18 years of age or attending a post-secondary institution) certain rights with respect to the student's education records maintained by the District. These rights are:

(i) ***The right to inspect and review a student's education records within 30 days of the day the District receives a request for access.*** Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. When the education records contain information about more than one student, a parents may review the information related only to his or her child. E-mails not maintained in a student's file folders kept by the schools or District departments are not education records. In addition, records created and maintained solely by Broward County Schools Police ~~Special Investigative Unit (SIU)~~ are not education records.

(ii) ***The right to request the amendment of a student's education records.*** Parents or eligible students may ask SBBC to amend a record that they believe is inaccurate, misleading, or in violation of the student's privacy rights. They should write the school principal, clearly identify the part of the record they want changed and specify the reasons for the request. If the District decides not to amend the record as requested, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing within a reasonable period of time regarding the request for amendment. Additional information regarding the hearing procedures will be provided when the parent or eligible student is notified of the right to a hearing. NOTE: Substantive decision-making processes, which include but are not limited to Behavioral Threat Assessments, student discipline and grades, are not subject to the amendment process.

(iii) ***The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.*** FERPA permits disclosure without consent in many situations, including:

(A) to SBBC school officials[1] with a legitimate educational interest[2];

(G) to an agency caseworker or representative of a State or local child welfare agency, or tribal organization, when the agency is legally responsible for the care and protection of the student.

The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of

SECTION V: KNOWLEDGE AND OBSERVATION OF RULES OF CONDUCT

It is important for students to know their rights and responsibilities, which include obeying teachers and all other school employees, obeying each individual rule as defined by the school and this Code of Student Conduct, and obeying bus drivers. This also includes adherence to all SBBC safety and security protocols, including but not limited to weapons detection systems, handheld metal detectors, and specifically trained animals in search of firearms and ammunition on School Board property (School Board Policies 2010 & 2030). The rationale, procedures, and rules for the use of weapons detection systems, handheld metal detectors, and specially trained animals are contained within the aforementioned policies. These policies apply to all students. Students are subject to disciplinary consequences inclusive of confiscation, suspension, assignment to a behavior intervention program, expulsion, and/or consultation with law enforcement in accordance with the Discipline Matrix for items found to be in their possession which violate the Code of Student Conduct.

A) Dress Code

Appropriate dress and grooming can help to create a positive learning environment. Other attire may be allowed for special school activities with approval of the school administration. Possible consequences for violating the dress code are found in the Discipline Matrix. Changes in clothing trends will not override the dress code policy. All students are expected to honor their responsibilities and dress in a way that respects the rights of others. This is applicable to students while on school campus, on school transportation, or at a school-sponsored event.

1) Students shall wear their current, unaltered, and official school issued identification (ID) badge, clearly visible on the front of their person and worn using either a lanyard around their neck or a click on the upper portion of their shirt. ID badges shall be worn at all times while on school grounds and on school-sponsored transportation. ID badges for students in grades 6-12 shall include the telephone numbers for the national and statewide crisis and suicide hotlines (F.S. §1008.386(3)).
2) Footwear must be worn at all times. Parents should ensure that the shoes worn by their children do not impede their safety while at school. Bedroom slippers are not allowed.

4) Students in grades 6-12 are permitted to wear backless, sling-back, or open-toed footwear.

Other clothing not allowed are leggings without overblouses or long shirts that reach mid-thigh, tights, bodysuits, or hosiery, and bicycle racing attire unless they are worn underneath dresses, skirts, or shorts of appropriate length.
9) Clothing that exposes the upper thigh is not allowed. Shorts that extend to at least mid-thigh, such as walking shorts, Bermuda shorts, and split skirts (culottes) are permitted. For Pre-K through 3, shorter shorts may be worn since these are standard attire for these ages.
10) Clothing, jewelry, buttons, haircuts, or other items or markings which are, *suggestive, *revealing, or *indecent, associated with gangs or cults, encourage the use of drugs, alcohol, or violence, or are discriminatory/hate-related are not allowed. *Indecent, suggestive, and revealing refer to exposure of private body parts and/or pictures or words with a sexual connotation.
11) Head coverings including, but not limited to, caps and hats are not allowed unless they are necessary for safety in programs such as home economics, technology education, vocational education, and athletics or are worn for religious or medical reasons. Bandanas are not allowed. Hats that do not violate any of the rules set forth in the dress code are allowed to be worn outdoors for physical education and recess as a safety precaution from sun damage. Note: Exceptions may be granted to head coverings at the principal's/designee's discretion based upon extenuating circumstances for a particular student.
12) Curlers and other hair grooming aids are not allowed. Personal grooming including, but not limited to, combing, brushing, and/or spraying hair, and applying cosmetics is allowed only in restrooms and/or designated areas.

15) Pursuant to F.S. §1006.07(2)(g), wearing clothing or accessories that depict a firearm or weapon or express an opinion regarding a right guaranteed by the Second Amendment of the United States Constitution is not grounds for disciplinary action or referral to the criminal justice or juvenile justice system. However, a student who wears clothing or accessory that causes a substantial disruption to student learning shall be issued a consequence as outlined in the Discipline Matrix.
16) It is not a violation of this policy or the Mandatory Unified School Dress policy if a student wears a button, armband, or other accessory to exercise the right to freedom of speech as guaranteed by the First Amendment and applicable SBBC policies. Any buttons, armbands, or other accessories must comply with the standards set forth in policy.

B) Technology Usage

Computers, networks, and online communications and information systems such as the Internet and e-mail are commonplace in our classrooms and media centers. Digital curriculum and resources for students provided by SBBC are accessible via the Internet. While these systems deliver a huge number of resources to our classrooms, their ability to serve students and teachers depends on the responsible and ethical use of every device and system.

1) Use of the school district's technology and/or software for any unauthorized purpose is prohibited as outlined in School Board Policy 5306: School and District Technology Usage and may result in students' losing their opportunity to take part in projects and/or access to future use of SBBC online tools. In addition, disciplinary or legal action may apply. This includes the unauthorized use of a computer/technology, including but not limited to:
    a) Accessing or breaking into restricted accounts or networks,
    b) Creating, modifying or destroying files/records without permission,
    c) Copying software,
    d) Entering, distributing or printing unauthorized files/records,
    e) Uploading to the internet and/or sharing or distributing, offensive or inappropriate material, including video, and
    f) Any other misuse or violation of the SBBC Policy 5306.
2) The District recognizes that new and emerging technologies, such as Metaglasses and other wearable devices, can provide innovative educational opportunities. However, these devices also raise important concerns regarding privacy, safety, and responsible use.
    a) Metaglasses and other wearable technology may only be used when expressly approved by the teacher or administrator, strictly for instructional purposes. When authorized by the teacher or administrator, devices must not be worn or used in a manner that creates a safety risk, distracts from instruction, or disrupts the learning environment.
    b) Unauthorized or inappropriate use of Metaglasses or other wearable technology may result in confiscation of the device and disciplinary action, consistent with the Discipline Matrix.
    c) Recording, streaming, or photographing others without consent is strictly prohibited. This includes in classrooms, hallways, restrooms, locker rooms, and on school transportation.
    d) Students must comply with all District technology policies, the Code of Student Conduct, and applicable state and federal laws when using wearable technology.

1) Sole possession of a wireless communication device is not a violation of the Code of Student Conduct. Wireless communication devices include, but are not limited to cellular/mobile phones, smart watches, personal digital assistants, tablets, wearable technology such as Metaglasses* or similar, and other two-way communication devices.

2) A student may possess a wireless communication device while on school property or in attendance at a school function; however, elementary and middle school students may not use a wireless communication device during the school day. High school students may not use a wireless communication device during the school day, except during their assigned lunch period or when expressly directed by a teacher solely for educational purposes. A high school teacher shall designate an area for wireless communication devices during instructional time (F.S. §1006.07(2)(f)). All wireless communication devices shall be turned off or placed on airplane mode. Instructional time is defined as time from the beginning bell until the end of the school day.

Any use by a student outside the accommodations provided in their IEP or Section 504 Plan is prohibited and the student may be subject to disciplinary action in accordance with this policy.
5) Students with a doctor's note from a physician licensed under chapter 458 or chapter 459 certifying in writing that the student requires the use of a wireless communications device based upon valid clinical reasoning or evidence shall be allowed to use their wireless communication device in accordance with the orders outlined by the physician. (F.S. §1006.07(2)(f)). Any use by a student outside the orders of the physician is prohibited and the student may be subject to disciplinary action in accordance with this policy.
6) Due to school safety concerns, headphones, earbuds, or other accessories are prohibited during the school day for all elementary and middle school students, unless authorized by a teacher or administrator for instructional purposes or otherwise determined as a necessary accommodation by an IEP/504 Accommodation Plan team and specified in said plan. High school students may utilize headphones, earbuds, or other accessories during their assigned lunch period or when expressly permitted by a teacher for instructional purposes. When permitted to use headphones, earbuds, or other accessories, students must leave one ear free of a device so they can hear any emergency instructions being provided.
7) A rule violation occurs when students use their wireless communication device during the instructional day and they are subject to disciplinary action under the cell phone violation code in the Discipline Matrix; however, when used to properly report any situation that can compromise the safety of students, staff, or property, students will not be subject to additional disciplinary action for infractions such as inciting a disturbance or major campus disruption. In such an event, proper reporting includes but is not limited to photographs and/or videos that are reported immediately to school administration. Additional means to properly report include:
    a) Call the District Security Operations Center (DSOC), 24 hours a day, 7 days a week at 754-321-3500

    d) Submit a tip through SaferWatch at www.saferwatchapp.com/browardschools/.

    NOTE: Simply sharing the information on social media or through messaging apps with friends is not considered a means to properly report and solely sharing in this manner may result in disciplinary action.
8) The improper use of a wireless communication device during the school day, in attendance at a school function, or on school transportation is a violation of this policy. Improper use is defined as one that disrupts the educational environment or interferes with the safety of students, staff, or property. Pursuant to F.S. §1006.07(2)(f), the SBBC is required to provide notice that students who

use wireless communication devices in the commission of a criminal act while on school property or in attendance at a school function may face school disciplinary action and/or criminal penalties.

9) Progressive discipline will apply for repeated violations as outlined in the Discipline Matrix. Repeated violations of this policy will result in the confiscation of the wireless communication device and the device will be released only to the parent.
10) Schools are not responsible if a student's wireless communication device is lost or stolen while in school, in attendance at a school function or while on school transportation.
11) Possession of an electronic device is prohibited during all school, District, State, and National testing. Possession of an electronic device during testing that reproduces, transmits, calculates, or records is cause for invalidation of the test. Possession during testing is defined as within arm's reach, even if the electronic device is not visible. For example, students [shall] not have cellular phones in their pockets, clipped to their belts, at their desks, or anywhere they can be easily accessed during testing.
    a) During testing, the test administrator will direct students on the appropriate storage of electronic devices.
    b) It is strongly advised that students do not bring a cell phone or any other prohibited electronic device to any testing environment, including but not limited to Florida Assessment for Student Thinking (FAST), End-of-Course (EOC), Advanced Placement, AICE/Cambridge, International Baccalaureate, PSAT, SAT, and/or ACT exams. Most disciplinary issues should be addressed at the classroom level by teachers. Additionally, students exhibiting serious or chronic behavior issues will be referred to the school's CPST for the development of multi-tiered interventions to address targeted behavior problems.

Pursuant to F.S. §1006.07(7), referral to mental health services shall be in consultation with the threat assessment team.
B) In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against a student who violates this policy must be based on particular circumstances of the student's misconduct.
    1) For IDEA-eligible ESE students and students determined to be disabled under Section 504 of the Rehabilitation Act of 1973, suspensions, expulsions, and other disciplinary measures shall follow applicable laws, SBBC policies, and provisions of the Individual Education Plan (IEP) or Section 504 Accommodation Plan.

D) Consequences of Serious Misbehavior Leading to Suspension and/or Expulsion

School Board Policy 5100: Suspension and Expulsion provides more specific information governing incidents that require suspension, expulsion, or administrative assignment to a District Behavior Intervention Program. This policy can be viewed at www.browardschools.com/policies.

1) The Code of Student Conduct includes provisions for action that must be taken if there are serious problems involving weapons, drugs (including alcohol), mood-altering substances, steroids, and criminal acts. Specific action, outlined in SBBC Policy 5100, will be taken as a result of these violations, except in instances of self-defense.
    a) If the principal determines that the student was an involuntary, mutual combatant and used an action, instrument or object in self-defense, the student may not be suspended or expelled. Self-defense is when a student is unable to leave the area of a "pending attack" and must use any action that is necessary to protect oneself from serious bodily harm using only the amount of force necessary to get away from the attack and immediately seek help from the nearest adult. Provocation and/or retaliatory actions are NOT considered self-defense and will be considered as mutual participation and subject to appropriate disciplinary actions. Provocation/retaliation is considered:
        (i) Provoking another student using actions or words (verbal or written), to engage in an altercation and striking back after being struck.
        (ii) Willingly entering the area of a "pending attack" and involving oneself in the confrontation.
        (iii) Continuing to strike or hit after being able to get away.
        (iv) Choosing not to leave the area after being able to get away.
        (v) Returning to the confrontation after getting away.
    b) Florida Statutes §§776.012, 776.013 and 776.032, commonly known as the Florida Stand Your Ground law, are not applicable to charges of violations of the Code of Student Conduct and/or SBBC Policy 5100.
2) In accordance with Florida Statutes §1001.32(2), District school boards have the authority to exercise any power except as expressly prohibited by the State constitution or general law to

develop, implement, interpret, or prescribe law or policy or describe the procedure or practice requirements of such rule.

3) All violations under SBBC Policy 5100 will involve the following steps:
   a) Principal involvement.
   b) Immediate parent contact.
   c) Suspension from school grounds, all classes, and all school activities.
   d) Referral to Broward District Schools Police and local law enforcement, when specified in the Discipline Matrix and School Board Policy 5100.
      (i) All necessary steps will be taken to protect a victim from further victimization for incidents set forth in this policy, incidents that require mandatory assignment to a behavior intervention program or expulsion (See Section V of SBBC Policy 5100) or involve acts of bullying. Such actions may include assignment of the student (perpetrator) to a different school from that where the offense occurred. Only the superintendent/designee may assign a student to another school after completion of the mandatory requirements for a District-assignment behavior intervention program or expulsion assignment or after compliance with the bullying complaint procedures. Should the district make such a reassignment, transportation will be provided by the District. All "no contact orders" entered by a court and provided to a school's administrator shall be acknowledged and implemented to the extent possible. Students who return to school under a no contact order are responsible for following the terms outlined in the order. Failure to do so will result in a consultation with law enforcement and may result in an administrative assignment to an alternate school location. Transportation is not provided by the District when there is a court order for no contact requiring reassignment of the student to another school unless there is transportation available at no additional cost to the District.

4) Out-of-School Suspension

Out-of-School Suspension occurs when a student is removed from school and school-related activities on or off school grounds by the school's administration. (2) Threat/Intimidation High Level - For instances where the SESIR definition is met, the BTA risk level is determined to be high, but there is no weapon involved, the school shall follow the Discipline Matrix.

However, if a student displays, uses, sells, or transmits the item, the student shall be subject to discipline for possession/display/use/sale/transmittal of a Class B weapon.

(B) A student shall be subjected to disciplinary action in accordance with the discipline matrix for possession of a Class B Weapon, unless it is determined through an investigation that the Class B Weapon was unknowingly/inadvertently possessed and upon discovery/awareness, the student "immediately" reported, relinquished, or delivered the Class B Weapon to a staff member without incident. An expulsion occurs when, by action of the School Board, a student is removed from school and school-related activities on or off school grounds. Students who are expelled may be eligible to receive continuing education services in a District-assigned behavior intervention program. SBBC will not tolerate bullying, harassment, or discrimination of any kind, and violations of School Board Policy 5900: Anti-Bullying shall be just cause for disciplinary action as outlined in the Discipline Matrix.

This policy, and all policies, can be viewed at www.browardschools.com/policies.

SECTION X: RIGHT TO APPEAL DISCIPLINARY INFRACTIONS AND ADMINISTRATIVE CONSEQUENCES, GRIEVANCE PROCEDURES for DISCRIMINATION, BULLYING and/or HARASSMENT OFFENSES, including SECTION 504 DISCRIMINATION

There may be times when students do not agree with a violation of the Code of Student Conduct for which they have been disciplined and/or the corresponding administrative consequences. Students may speak with school staff first who will allow the student the opportunity to address the concern. Students may also request the presence of a third party, such as a counselor, assistant principal, other staff person, translator, or interpreter. Parent(s), and/or their attorney also have the right to be included. If a discussion does not resolve the concern, the student and/or parent(s) may request an appeal meeting. When requesting the appeal, the student and/or parent(s) must submit a request for an appeal within five (5) school days from the initial disciplinary notification. The request for an appeal must include a statement indicating what happened, when it happened, who was involved, and a detailed explanation for why the parent(s) or student feels the Code of Student Conduct, administrative consequences, and/or disciplinary infraction does not align with School Board policy or the discipline matrix.

A) Suspension appeals for District Schools
    1) Level 1 Appeal: The principal or the administrator with the most knowledge of the incident shall schedule a meeting with the parent/guardian within five (5) school days of receiving the written

request. Following the meeting, the Principal shall provide a written decision parent/guardian within five (5) school days. All appeal documentation must be filed and maintained in the student's educational record.

2) Level 2 Appeal: If a parent/guardian or student is unsatisfied with the outcome of the level 1 appeal, within five (5) school days from receipt of the school's written response, the parent(s)/student may request a second level of appeal in writing to their school's Regional Superintendent's Office. The request for a Level 2 appeal must include the school's written decision, original statement indicating what happened, when it happened, who was involved, and the detailed explanation of why the parent/guardian and/or student feels the Code of Student Conduct, administrative consequences, and/or disciplinary infraction does not align with School Board policy, or the disciplinary matrix.
    a) Upon receipt of such request, the Regional Superintendent, or designee, shall schedule a meeting with the parent/guardian and/or student within five (5) school days of receiving the written request for a Level 2 appeal. Following the meeting, a written decision will be provided to the parent/guardian and/or student within five (5) school days. Failure on the part of the parent/guardian or student to attend the scheduled meeting will result in the appeal being abandoned and the appeals process will be concluded.
3) Level 3 Appeal: For SBBC public schools ONLY. If the parent(s)/student are unsatisfied with the decision of the Regional Superintendent or designee, they can file a third and final level appeal in writing to the Superintendent's Office/designee within five (5) school days of receipt of the outcome from the Regional Office. This letter of appeal must include all correspondence from all previous appeals.
    a) Upon receipt of the request for appeal, the Superintendent/designee will schedule a final meeting with the parent to attempt to resolve the matter. After the date of this meeting, the Superintendent/designee has five (5) school days to send a written response. The decision of the Superintendent/designee shall be final.
4) A student shall serve his or her suspension during the pendency of any appeals. If the student is successful in his or her appeal, the student's record shall be corrected to remove all indications of the suspension, and the absences shall be reflected as "excused," for the period in question.
    a) For more serious incidents requiring a mandatory recommendation for an administrative assignment to a District behavior intervention program or expulsion, students will not be allowed to return to the school where the offense occurred. Instead, they will be eligible to receive their continuing education services at a District behavior intervention program site throughout the appeals process.
        (i) Under specific circumstances, this provision may not apply to students with disabilities with an IEP or Section 504 Accommodation plan. At all times, all local, state, and federal laws will be followed.

B) Suspension appeals for Charter Schools Adopting the SBBC Code of Student Conduct
1) Level 1 Appeal: The principal or the administrator with the most knowledge of the incident shall schedule a meeting with the parent/guardian within five (5) school days of receiving the written request. Following the meeting, the Principal shall provide a written decision parent/guardian within five (5) school days. All appeal documentation must be filed and maintained in the student's educational record.
2) Level 2 Appeal: If a parent/guardian or student is unsatisfied with the outcome of the Level 1 appeal, within five (5) school days from receipt of the school's written response, the parent(s)/student may request, in writing, a meeting with the Charter School's Governing Board. The letter asking for the appointment must include a copy of the first written statement and the school's response, if one was received. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) NOTICE

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA'S NOTICE OF PRIVACY PRACTICES RELATED TO STUDENTS & FAMILY MEDICAL/MENTAL HEALTH RECORDS PROTECTED BY HIPAA

This notice describes how medical information about you and/or your child may be used and disclosed and how you can get access to this information.

PLEASE REVIEW IT CAREFULLY

The effective date of this notice shall be August 11, 2025.

THE SCHOOL BOARD OF BROWARD COUNTY (SBBC) DUTIES UNDER HIPAA

All medical and health records are protected by Florida Statute, the Family Educational Rights and Privacy Act (FERPA) or HIPAA, depending on the health care provider, the creator of the records, and the entity in possession of the records. Copies of medical records or health related records submitted to schools (for example, by physicians) become education records (protected by FERPA) when the school is in possession of them.

HIPAA, a Federal law, requires entities covered by this law, including school districts in some limited situations, to maintain the privacy of all mental and physical health records. These records are referred to as "protected health information" (PHI).

HOW THE SCHOOL DISTRICT USES AND SHARES YOUR AND YOUR CHILD'S PROTECTED HEALTH INFORMATION (PHI)

PHI includes demographic and medical information about the past, present, or future physical or mental health of an individual. Demographic information may include your and your child's name, address, telephone number, Social Security number, and any other means of identifying you and/or your child as a specific person.

If a school or District department conducts any transactions electronically in connection with health care (for example, Medicaid billing), the information transmitted is covered by HIPAA.

Your or your child's PHI may be used or shared by the school district for purposes of medical and/or mental health treatment, payment for services, and health care operations. (Health care operations are activities compatible and directly related to treatment and payment, including day-to-day office business, administrative, and customer service activities.) Health care professionals may use this information in the clinics, schools, and/or hospitals to take care of you or your child.

It is important for you to be aware that this law allows the school district to share your and your child's PHI without your consent under the following circumstances:

a. To another health care provider for purposes of your or your child's treatment.
b. To insurance companies, Medicaid, or local, State, or Federal agencies to pay for the services provided to you or your child.
c. To report abuse of children, adults, or disabled persons.
d. For investigations related to a missing child and/or child abuse.
e. For internal investigations and audits by the school district or any grant funding body.
f. For investigations and audits by the State's Inspector General, Department of Education, or Auditor General.
g. For public health purposes including vital statistics, disease reporting, and regulation of health professionals.
h. For medical examiner investigations.

i. For research approved by the school district.
j. To respond to court orders and/or subpoenas (SBBC will make reasonable efforts to provide notice to you for an opportunity to seek a protective order).
k. For judicial and administrative proceedings.
l. When and as required by law. Restrictions by the most protective law (whether State or Federal) will be met.

Unless specified above, the school district will not share your and/or your child's PHI unless you provide written authorization. This authorization will have an expiration date. Additionally, you may revoke the authorization in writing at any time. Certain uses and sharing of psychotherapy (counseling) notes may also require your written authorization, except when required by a subpoena or court order. Uses and disclosures of PHI for marketing purposes as well as disclosures that constitute a sale of PHI require written authorization.

INDIVIDUAL RIGHTS

1. You have the right to request the school district to restrict the use of your and/or your child's PHI and with whom it may be shared. You have the right to request restrictions or limitations on the PHI used and disclosed for treatment, payment, or health care operations. You also have the right to request a limit on the PHI the school district Plan discloses to someone involved in your care or the payment of your care, like a family member or friend. To request a restriction, you must make your request in writing to the department providing the service, or you may send the request to the SBBC Privacy Officer at 600 S.E. 3rd Avenue, 11th Floor, Fort Lauderdale, FL 33301. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply. The school district will consider any of your requests but is not required to agree to them.
2. You have the right to request confidential communications. The school district may mail or call you with appointment reminders or regarding your responsibility to pay for services. We will make contact with you in the manner and at the address or telephone number you select. You may provide an address other than your residence where you can receive mail and where you may be contacted. You will be asked to put your contact information in writing.
3. You have the right to review and receive a copy of your PHI, except as limited by law. Your review of the PHI will be supervised and will be at a time and place that is convenient to you and a representative of the school district. You may be denied access as specified by law. This might occur if your child consented to care, and the parent's consent was not required by law or if your child is receiving care at the direction of a court or a person appointed by the court. If access is denied, you have the right to request a review by a licensed health care professional who is not involved in the decision to deny access. The licensed health care professional will be designated by the school district. If you request a copy, you may be charged a reasonable fee. We will provide you access to the PHI in the form and format requested by you if it is readily producible in such form and format, or if not, in a readable hard copy form. We will provide access (review and/or copy) requested within 30 days or notify you of a one-time 30-day extension, if necessary, and the reason for the extension and the date by which the information will be provided.
4. You have the right to correct your and/or your child's PHI. Your request to correct your or your child's PHI must be in writing and provide a reason to support your requested correction. If your correction is accepted, the school district will make the correction and tell you and others who need to know about the correction. The school district may deny your request, in whole or part, if it finds the PHI:
   a. Was not created by the school district.
   b. Does not qualify as PHI.
   c. Is by law not available for your review.
   d. Is accurate and complete.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

If your request is denied, the school district will place your request for corrections with your PHI. You may also send a letter detailing the reason you disagree with the decision. The school district will respond to your letter in writing. You may also file a complaint, as described below in the section entitled Complaints.

5. You have the right to receive a list of the individuals and/or agencies with which the school district has shared your PHI. All requests for this list (also known as an accounting of disclosures) must state a time period that may not include a date earlier than six (6) years prior to the date of the request. The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. The list will not include:
   a. Information shared to carry out treatment, payment, or health care operations.
   b. Information shared with you.
   c. Information incidental to otherwise permitted or required disclosures, pursuant to applicable regulations.
   d. Information you authorized to be shared.
   e. Information shared with individuals involved with your care.
   f. Information disclosed for national security or intelligence purposes.
   g. Information disclosed to correctional institutions or law enforcement officials when the disclosure was permitted without authorization.
   h. Information in a limited data set (which is PHI that excludes certain direct identifiers, such as name, address, social security number, etc.).
6. You have the right to be notified of a breach. If a breach of your unsecured PHI occurs, meaning your private information was disclosed without the required authorization, you have a right to be notified.
7. You have a right to a paper copy of this notice upon request. To obtain a paper copy, contact the school or District department providing the service.

This notice tells you how your and your child's PHI may be used and how the school district keeps this information private and confidential. The school district has always kept this information confidential; this notice simply explains the school district's legal responsibilities, with regard to PHI.

The law requires the school district to give this Notice of Privacy Practices to you. The school district is required to do what the notice currently in effect says it will do. SBBC is required to provide you with notice of its legal duties and privacy practices with respect to PHI, and to notify affected individuals following a breach of unsecured PHI. SBBC reserves the right to change the terms of this notice and to make the new provisions effective for all PHI that it maintains. If the school district changes how it handles your or your child's PHI records, you will be informed. The most current notice will be posted on the SBBC website, https://www.browardschools.com/Page/36133.

Appendix B~~C~~

Administrative Discipline Matrix

The Administrative Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. In accordance with Rule 6A-1.0017, F.A.C., school administrators have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if they determine that there are mitigating or aggravating circumstances. In circumstances that do not involve drugs/substances or incidents that rise to expulsion or behavior intervention through progressive discipline, principals may deviate by one level when applying consequences per the Discipline Matrix. For incidents associated with drugs/substances and those with progressive discipline that rise to a recommendation for expulsion or behavior intervention, the school principal must seek approval from the Superintendent, or designee to deviate from the prescribed consequences. In these circumstances, consideration of the offenders' capacity to understand his or her behavior and the inappropriateness of his or her actions as well as the offender's age, development, and disability shall be considered (Rule 6A-1.0017, F.A.C.).

Per F.S. §1006.13, the threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. Refer to School Board Policy 4380: Behavioral Threat Management for more information related to threats.

A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives poses a threat to school safety.

A Recommendation for the Behavior Intervention Program (BIP) via the Expulsion Abeyance Office applies when elementary level student (Grades K-5) commits an offense for which a secondary student would receive a mandatory expulsion under SBBC Policy 5100.

All SESIR level incidents shall be addressed by school-based administrators only. SESIR guidelines require reporting to the FLDOE.

It is prohibited to issue an AES or an out of school suspension (OSS) in lieu of an in-school suspension (ISS) when the Discipline Matrix prescribes such an action. Documentation in the Student Information System and parent contact is required for all violations requiring administrative action. Discipline for ESE/504 students with disabilities shall be in accordance with State and Federal laws and SBBC policies. For incidents resulting in out-of-school suspension, AES shall be offered when appropriate and available (F.S. §1006.09(1)(a)).

Interventions and consequences for students are listed in the matrices below. <u>Parent contact is required for all incidents.</u> Additionally, the interventions and consequences may include but are not limited to:

• Parent conference/contact (mandatory)	• Verbal warning
• Referral to collaborative problem-solving team (CPST)	• Written reprimand
• Referral to School-based Threat Management Team (SBTMT)	• School/community service work

EXECUTIVE SUMMARY

School Board Policy 5100: Suspension and Expulsion

Board Meeting Date: June 9, 2026

Requested Action: Adopt Policy titled Suspension and Expulsion, by approving the proposed revisions to Policy 5100.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• Policy 1000 – Rulemaking
Statutory Requirement	• N/A
If the School Board votes "Yes"	• If the School Board approves the proposed revisions to Policy 5100, the District will benefit from a restructured policy that aligns with its companion policy, 5090: Code of Student Conduct. This ensures all stakeholders have access to information on the guidelines and procedures for when a student commits an infraction that mandates an external suspension, expulsion, and/or administrative assignment to a Behavior Intervention Program.
If the School Board votes "No"	• If the School Board does not approve the proposed revisions to Policy 5100, the current policy language will remain in effect and will not be aligned to the consequences outlined in companion policy, 5090.
Alignment to the 2027 Strategic Goals and Guardrails	• Business Operations
Measurable Outcome(s)/Return on Investment	• The updated guidelines and procedures for suspensions, expulsions, and administrative assignments to a District Behavior Intervention Program will support greater consistency across schools to ensure fair and reliable application of rules governing student conduct.

Background/History

Section 1006.13, Florida Statutes, requires District School Boards to adopt a policy of zero tolerance. Some acts of misconduct specified in School Board Policy 5090, Code of Student Conduct, require a student to be temporarily removed from their traditional home boundary or choice school through suspension, behavior intervention, or expulsion. School Board Policy 5100, Suspension and Expulsion, outlines the procedures to be followed when an act of misconduct requires students' removal from school. The revisions reflected throughout this policy are to align with revisions made to School Board Policy 5090, Code of Student Conduct.

The proposed revisions to this policy were reviewed during the 2026 District Discipline Committee meetings which were held on March 9th, March 26th, March 30th, and April 13th. Members of the District Discipline Committee include parents, community members, District/Regional Advisory representatives, Board-appointed committee representatives, school principals, teachers, mental health providers, and non-instructional staff members.

SUSPENSION AND EXPULSION

THE INTENT OF THIS POLICY IS TO PROVIDE FOR THE MAINTENANCE OF A SAFE, ORDERLY AND PEACEFUL EDUCATIONAL ENVIRONMENTS FOR ALL STUDENTS AND TO ALIGN WITH ZERO-TOLERANCE LEGISLATION AND STATUTORY REQUIREMENTS.

IN ACCORDANCE WITH F.S. §§1001.32(2) AND 120.52(16), DISTRICT SCHOOL BOARDS HAVE THE AUTHORITY TO EXERCISE ANY POWER EXCEPT AS EXPRESSLY PROHIBITED BY THE STATE CONSTITUTION OR GENERAL LAW TO DEVELOP, IMPLEMENT, INTERPRET, OR PRESCRIBE LAW OR POLICY OR DESCRIBE THE PROCEDURE OR PRACTICE REQUIREMENTS OF SUCH RULE.

THIS SCHOOL BOARD OF BROWARD COUNTY (SBBC) POLICY, ITS RULES, AND PROCEDURES SHALL APPLY TO ALL ACTIVITIES OCCURRING ON SCHOOL GROUNDS, ON OTHER SITES BEING USED FOR SCHOOL ACTIVITIES, AND IN ANY VEHICLE AUTHORIZED FOR THE TRANSPORTING OF STUDENTS. FURTHER, THIS SBBC POLICY, ITS RULES AND PROCEDURES SHALL ALSO APPLY TO ALL SCHOOL-AUTHORIZED FUNCTIONS AND/OR ACTIVITIES, INCLUDING, BUT NOT LIMITED TO, FIELD TRIPS, ATHLETIC EVENTS, AND CLUB ACTIVITIES. THIS SBBC POLICY SHALL BE APPLIED EQUALLY TO ALL STUDENTS WITHOUT DISCRIMINATION BASED ON ECONOMIC STATUS, RACE, RELIGION, NATIONAL ORIGIN, SEXUAL ORIENTATION, ETHNICITY, OR DISABILITY (FOR STUDENTS WITH DISABILITIES ELIGIBLE UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT, "IDEA" OR SECTION 504 OF THE REHABILITATION ACT OF 1973, THERE ARE ADDITIONAL RIGHTS THAT MUST BE APPLIED).

All students have a right to a high-quality education. As such, school disciplinary measures should not be used to exclude students from school or otherwise deprive them of such an education, unless it is necessary to preserve the safety of students and staff.

The district will make every reasonable effort to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The majority of disciplinary issues should be addressed at the classroom level by teachers. In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or administrative action taken against a student who violates this SBBC policy must be based on particular circumstances of the student's misconduct.

Pursuant to F.S. §§1003.31 and 1006.08, students who commit violent or disruptive behaviors that may pose a threat to the safety of school staff or students shall be assigned to an alternative educational program or, pursuant to F.S. §1006.07(7), referred to mental health services identified by the school district. Referral to mental health services shall be in consultation with the threat management team.

The discipline matrix, attached as appendix C to SBBC Policy 5090, Code of Student Conduct, is hereby incorporated into, and made part, of this policy. The discipline matrix sets forth the guidelines for assigning consequences for violations of school board policies. In accordance with Rule 6A-1.0017, F.A.C., school administrators have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if they determine that there are mitigating or aggravating circumstances. In

circumstances that do not involve drugs/substances or incidents that rise to expulsion or behavior intervention through progressive discipline, principals may deviate by one level when applying consequences per the Discipline Matrix. For incidents associated with drugs/substances and those with progressive discipline that rise to a recommendation for expulsion or behavior intervention, the school principal must seek approval from the Superintendent, or designee to deviate from the prescribed consequences. In these circumstances, consideration of the offenders' capacity to understand his or her behavior and the inappropriateness of his or her actions as well as the offender's age, development, and disability shall be considered (Rule 6A-1.0017, F.A.C.).
Under Florida law, the superintendent of schools/designee and the School Board shall have the authority to remove from the classroom, the school bus and the school campus disobedient, disrespectful, violent, abusive, uncontrollable, or disruptive students, in support of the authority of teachers, school bus drivers and school principals, and to provide for a proper placement of such students, including in an alternative setting, when appropriate. (F.S. §§1001.42, 1001.51(24), 1003.31, 1003.32 and 1006.08).

Students eligible for public-supported education in the Broward County Public School system shall not be suspended or expelled from school for disciplinary reasons for any period unless such student is provided an opportunity for a student conference/hearing pursuant to rules of the School Board. Students who are IDEA and Section 504 eligible have additional rights under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act and State Board rule. The student's Individualized Education Plan (IEP) or 504 plan team should convene as soon as possible to address the student's program and determine appropriate action including but not limited to conducting manifestation determinations, as necessary.

All necessary steps will be taken to protect a victim from further victimization for incidents set forth in this policy. In addition, disciplinary proceedings, up to and including expulsion, may be initiated against a student formally charged with a felony for an act that did not occur on school property if the incident is shown to have an adverse impact on the educational program, discipline, or welfare in the school where that student is enrolled, as described in F.S.§1006.09(2). Such actions may result in assignment of the student (perpetrator) to a different school away from where the offense occurred or the adversely impacted school. Furthermore, the superintendent, or designee, may assign a student to another District school after completing any mandatory requirements for District-approved behavior intervention program (BIP), expulsion, or other administrative assignments. Students reassigned for an off-campus felony that has an adverse impact on the school may not be reassigned to the impacted school. Should the district make such a reassignment, transportation will be provided by the District. All "no contact orders" entered by a court shall be enforced to the greatest extent possible. Transportation shall not be provided by the District when there is a court order for no contact requiring the reassignment of the student to another school, unless the district determines that there is transportation available at no additional cost to the district**.**

A. OFFENSES/UNACCEPTABLE BEHAVIOR

A student shall be subject to disciplinary action and/or assignment to a School Board approved Behavior Intervention Program (BIP) as deemed appropriate by the principal/designee, in accordance with SBBC Policy 5090: Code of Student Conduct's Discipline Matrix when the student commits such acts deemed as "petty acts of misconduct" (*i.e.*, which are not a threat to school safety and do not require consultation with law enforcement (F.S. §1006.13(2)(c)), including, but are not limited to the following:

1. Willfully disobeys.
2. Openly defies authority of a member of the staff.
3. Uses profane or obscene language.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

4. Repeatedly exhibits behavior that interferes with the teacher's ability to communicate effectively.

The criterion for disciplinary action includes but is not limited to consideration of the incident violation type, frequency, student's age, grade, developmental ability and exceptionality.

B. PROCEDURES FOR DISCIPLINARY ACTION OTHER THAN OUT OF SCHOOL SUSPENSION

For the commission of any of the above behaviors, principal or designee may implement any of the following disciplinary actions including, but not limited to:

1. Conference with the student and parent/guardian
2. Counseling
3. Detention
4. In-school suspension
5. Saturday school
6. Alternative to external suspension (AES)
7. Suspension from bus transportation, but not from school

C. THE HOPE SCHOLARSHIP PROGRAM

Pursuant to F.S. §1002.40, the Hope Scholarship is for students in grades kindergarten through 12 who are enrolled in a Florida public school and have been subjected to an incident of battery; harassment; hazing; bullying; kidnapping; simple battery; robbery; sexual offenses, sexual harassment, sexual assault, or sexual battery; threat or intimidation; or fighting at school to have the opportunity to transfer to another public school with capacity or to receive a scholarship to enroll in an approved private school. Incidents reported may be investigated at the district level, however, there does not have to be substantiation on the part of the district to offer a transfer to another public school with capacity or the ability for the student to move to an eligible private school on scholarship. School district personnel in Florida have a responsibility to notify families of the Hope Scholarship Program.

D. PROCEDURES FOR SUSPENSIONS FROM SCHOOL AND SCHOOL ACTIVITIES

In accordance with the Discipline Matrix, the principal or designee shall have the right to suspend a student from school and/or all school activities for up to ten (10) days for an incident. Students with disabilities (IDEA eligible and 504) cannot be suspended out of school for more than 10 school days in a school year without providing a free and appropriate public education (FAPE). All out-of-school suspensions shall include a provision for schoolwork to be completed in accordance with SBBC Policy 4000. (F.S. §1003.01(13)(b)).

The following procedures shall be followed for all disciplinary actions:

1. Student Conference/Hearing – Due Process

b. If the student denies the alleged rule violation(s), the student shall be given an explanation of the alleged rule violation and an opportunity to respond.
c. If a determination has been made that the student should be suspended, the principal/designee shall immediately attempt to contact the parent or guardian by phone and ~~provide~~ document~~ation of~~ the attempted notification to the parent.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

suspension form, shall be sent within twenty-four (24) business hours from the suspension decision by US Mail or other communication method agreed to by the parent on the most recently submitted Student Emergency Contact Card. Additionally, notice of a suspension may also be emailed or hand-delivered to the parent/guardian or to the student, if the student is not a dependent student as defined in the Internal Revenue Code §152 or has been emancipated per F.S. §743.015 or whose parent is unknown as per SBBC Policy 5040: Attendance.

2. Emergency Suspension

If, in the opinion of the principal/designee, there is justifiable reason to believe that a student conference/hearing prior to suspension is not feasible because the student's presence at school poses a continuing danger or an ongoing threat of disruption to the orderly conduct of school, then the principal/designee may immediately suspend the student and subsequently conduct a student conference/hearing within 72 hours of the student's removal. In the case of a student with a disability, the IEP/504 Team should convene as soon as possible to address the student's program and to determine appropriate action.

3. Suspension from School Board Transportation

The principal/designee shall have the right to suspend a student from bus transportation for recurring, unacceptable bus behavior. The suspension may be for up to ten consecutive school days. Any further exclusion from bus transportation beyond that described requires School Board approval. When determination has been made that the student will be suspended from bus transportation, the principal/designee shall immediately contact the parent or guardian and provide documentation of notification. In the case of a student with a disability where transportation is an IEP related service or 504 Plan accommodation for the student, suspension from the bus may constitute a change in placement and the student's IEP/504 Team will need to be involved if suspension from the bus will total more than ten (10) school days in the school year.

E. PROCEDURE FOR PARENT NOTIFICATION OF STUDENT ARREST WHILE AT SCHOOL OR PARTICIPATING IN A SCHOOL-SPONSORED ACTIVITY

If the determination is made by law enforcement that a student is to be arrested while at school or participating in a school-sponsored activity, the principal/designee shall contact the parent by phone to provide notification without unnecessary delay. If unsuccessful, repeated attempts shall be made by phone, email or in writing. All attempted notifications, either successful or unsuccessful, shall be documented.

F. ZERO TOLERANCE

Pursuant to F.S. §1006.13, District school boards shall promote a safe and supportive learning environment in schools by protecting students and staff from conduct that poses a threat to school safety. A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies may not be rigorously applied to petty acts of misconduct. Zero-tolerance policies must apply equally to all students regardless of their economic status, race, or disability.

The threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety. For more information related to threats, refer to SBBC Policy 4380: Behavioral Threat Assessment (BTA).

The District shall enter into agreements with the county sheriff's office and local police department specifying guidelines for ensuring that acts that pose a threat to school safety,

whether committed by a student or adult, are reported to a law enforcement agency. The agreements must include the role of school resource officers, if applicable, in handling reported incidents and a procedure requiring school personnel to consult with school resource officers concerning delinquent acts and crimes.

The school principal shall notify all school personnel as to their responsibilities regarding incident reporting, that acts which pose a threat to school safety and crimes are properly reported to the school principal/designee, and that the disposition of the incident is properly documented.

For any student who is attending a public school and is adjudicated guilty of, or delinquent for, or is found to have committed, regardless of whether adjudication is withheld, or pleads guilty or nolo contendere to, a felony violation of as defined by F.S. §1006.13(6)(a) and, before or at the time of such adjudication, withholding of adjudication, or plea, the offender was attending a school attended by the victim or a sibling of the victim of the offense, the Department of Juvenile Justice shall notify the District school board of the adjudication or plea, the requirements in this paragraph, and whether the offender is prohibited from attending that school or riding on a school bus whenever the victim or a sibling of the victim is attending the same school or riding on the same school bus, except as provided pursuant to a written disposition order under F.S. §985.455(2). Upon receipt of such notice, the District school board shall take appropriate action.

District-zone Impact/Board Member:	Districtwide
School Board Policy Requirement	• Not applicable
Statutory Requirement	• Not applicable
If the School Board votes "Yes"	• A "Yes" vote on Policy 8500 ensures Broward County Public Schools maintains a modern, legally compliant framework for the responsible use of district technology. • The revised policy updates outdated language, clarifies expectations for appropriate and ethical use, strengthens accountability, and reinforces protections for district systems and student data.
If the School Board votes "No"	• A "No" vote would require the School District to continue operating under outdated policy language. • Failure to approve leaves the policy out of compliance with the five-year review cycle. • If not approved, the result could be a weakened accountability system for technology use.
Alignment to the 2027 Strategic Goals and Guardrails	• Safety and Accountability

Measurable Outcome(s)/Return on Investment	• Improved compliance with technology and security standards • Reduction in technology misuse incidents • Stronger cybersecurity and data – protection posture • Increased consistency in disciplinary and corrective actions • Improved operational clarity for staff and schools • Governance readiness for emerging technologies.

Background/History

Policy 8500 originated as Policy 5306, commonly referred to as the Acceptable Use Policy. Its original purpose was to establish basic rules governing the use of district computers, networks, and online telecommunications by employees and students, including expectations around appropriate behavior, system monitoring, and lack of privacy when using district technology. The original policy focused primarily on preventing misuse of computer networks, addressing internet safety and filtering requirements, establishing that use of district technology was a privilege and not a right, and complying with early federal requirements such as the Children's Internet Protection Act (CIPA). As technology became deeply embedded in instruction, administration, and district operations, the policy has expanded beyond simple acceptable use rules. The policy is rewritten to reflect enterprise-level governance rather than narrow usage rules.

Board Meeting Date: June 9, 2026

Requested Action: Approve the revised Technology Advisory Committee Policy 8510 (previously Policy 5306.1), which establishes the committee's purpose as providing strategic input and advice on technology used throughout the School District, with membership that includes School Board member appointees, District personnel, District students, and community members.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member:	Districtwide
School Board Policy Requirement	• Not applicable
Statutory Requirement	• Not applicable
If the School Board votes "Yes"	• Clearer governance and accountability as the policy formally defines TAC's purpose, scope, and limits. • Stronger, better-informed technology decisions • Broader stakeholder representation which improves inclusiveness and helps surface operational impacts earlier.
If the School Board votes "No"	• There will be less structured, consistent Board-connected input on technology decisions • Less stakeholder representation which is a key lever for inclusive input on districtwide technology and procurement decisions
Alignment to the 2027 Strategic Goals and Guardrails	• Equity and Accountability
Measurable Outcome(s)/Return on Investment	• Recommendations adopted by TAC that led to price reductions, added value, or risk mitigation • Ensure stakeholder input is represented for major technology procurement/implementation brought

	to TAC as reflected in meeting minutes and/or TAC recommendations.

Background/History

The Technology Advisory Committee (TAC) was originally established under Policy 5306.1 and later renumbered/converted to Policy 8510 as part of the District's policy reformatting and rulemaking update process. The School Board adopted Policy 5306.1 – Technology Advisory Committee on 10/6/2020, formally establishing TAC's purpose (strategic input on district technology, including procurement) and basic governance elements such as membership structure, quorum, and meeting expectations. This is essentially the same committee governance policy, updated and reorganized under the newer numbering/format. Information Systems Division (ISD) and stakeholders conducted a structured review cycle (internal edits, TAC input, and legal sufficiency review) to make the policy more concise, coherent, less duplicative, and more aligned with ISD operations and TAC recommendations, culminating in the rulemaking path and a Board action date of 6/9/2026.

EXECUTIVE SUMMARY

School Board Policy 8540 - Educational Records: Transfer, Retention, and Disposal

Board Meeting Date: June 9, 2026

Requested Action: Approve the revised Policy 8540 (previously 5100.2) outlining the processes for transferring, retaining, and disposing of educational records.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member:	Districtwide
School Board Policy Requirement	• The District needs to comply with the laws and rules governing educational records and we meet that obligation by adopting a policy like 8540.
Statutory Requirement	• FERPA — 20 U.S.C. § 1232g • FERPA regulations — 34 C.F.R. Part 99 • F.S. § 1002.22 • F.S. § 119.07 • F.A.C. Rule 6A-1.0955 • F.A.C. Rule 1B-24.003
If the School Board votes "Yes"	• Confirmation our procedures are aligned to FERPA, state student-records requirements, public-records handling, and Florida records retention rules. • Codifying timelines and controls • Offers consistent district-wide practice and one uniform standard for schools and departments.
If the School Board votes "No"	• Higher compliance exposure (FERPA and state rules) • Inconsistent record transfers across schools • Weaker retention and disposal controls • Reduced accountability and defensibility • Student impact and service delays
Alignment to the 2027 Strategic Goals and Guardrails	• Equity and Accountability
Measurable Outcome(s)/Return on Investment	• Record transfer timelines • Record transfer completeness and quality

	• FERPA disclosure log compliance • Retention and disposal compliance of schools aligned to the latest Records Disposition Request (RDR) • Operational efficiency in resolving record – transfer issues.

Background/History

Policy 8540 (formerly Policy 5100.2) has a long history because it sits at the intersection of (1) student-record privacy and access and (2) records retention/disposition—two areas that have been repeatedly updated by federal/state requirements and by district operational changes. In the 1969 adoption the District formalized standard handling for student cumulative folders, transfer procedures, local retention, and controlled disposal. FERPA (1974) created national rules for access/disclosure of educational records. Future updates corresponded to tightening procedures around standardized retention schedules (GS7), movement toward electronic student information systems, and clearer handling of specialized records (ESE, psychological records, and health documentation). This revision is a result of the BCPS rule-development refresh and specifically repeals outdated language, update procedures and processes, and align with Florida Statutes. This revised policy reflects newer expectations and explicit FERPA disclosure log practices.

EXECUTIVE SUMMARY

School Board Policy 8550 – Wireless Communications Device Use and Operational Restrictions on District (Owned and Leased) Property

Board Meeting Date: June 9, 2026

Requested Action: Approve the revised policy (previously 7015) which provides guidance to students, employees, parents, and visitors on the use of cell phones and other electronic devices while operating a motor vehicle. Added to the policy, as per Board input, is language regarding transportation-related apps in Section II.E.2.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: Districtwide	
School Board Policy Requirement	• Not applicable
Statutory Requirement	• F.S. § 316.305 • F.S. § 316.306
If the School Board votes "Yes"	• Approving this policy provides clear, districtwide expectations for the use of wireless communication devices while operating vehicles on district-owned and leased property. • Approval of this policy will help reduce preventable incidents and support safe, orderly campus traffic operations • Improve safety for students, staff, families, and visitors • Strengthen transportation safety practices
If the School Board votes "No"	• The District will lose a clear, districtwide standard specifically tailored to wireless device use while operating vehicles. • Higher safety risk while driving on School Board property • Inconsistent expectations and enforcement • Greater operational and legal exposure resulting from an accident

Alignment to the 2027 Strategic Goals and Guardrails	• Safety and Accountability
Measurable Outcome(s)/Return on Investment	• Safety and incident reduction on School Board property • Claim frequency and claim costs tied to vehicle incidents on district property • Completion rate of required training/acknowledgment • Number of documented violations and corrective actions

Background/History

This policy was originally adopted on June 24, 2014 (formerly Policy 7015) to address the safety hazards associated with cell phone and electronic device use while operating motor vehicles on School Board property, where students, staff, families, and visitors routinely interact with campus traffic and transportation operations. This policy revision 8550 updates definitions and operational expectations to align with current Florida distracted-driving requirements (including statutory provisions addressing wireless communications device use and school zones) and to reinforce district transportation practices, including restrictions applicable to school bus operations and the use of transportation-related applications while vehicles are in motion.

For the present, the parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Deputy Superintendent, Teaching & Learning The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
To NUTRI-LINK:	Michael Lobato 281 Mavericks Run Martin, Georgia 30557

2.10 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.11 **Background Screening**. NUTRI-LINK shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of NUTRI-LINK's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of NUTRI-LINK or its personnel providing any services under this Agreement. NUTRI-LINK shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to NUTRI-LINK and its personnel. The parties agree that the failure of NUTRI-LINK to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit NUTRI-LINK to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. NUTRI-LINK agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from NUTRI-LINK'S failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.12 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. NUTRI-LINK shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, NUTRI-LINK shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. NUTRI-LINK shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if NUTRI-LINK does not transfer the public records to SBBC. Upon completion of the Agreement, NUTRI-LINK shall transfer, at no cost, to SBBC all public records in possession of NUTRI-LINK or keep and maintain public records required by SBBC to perform the services required under the Agreement. If NUTRI-LINK transfers all public records to SBBC upon completion of the Agreement, NUTRI-LINK shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If NUTRI-LINK keeps and maintains public records upon completion of the Agreement, NUTRI-LINK shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE

AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.13 **Liability**. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

(a) By SBBC. SBBC agrees to be fully responsible up to the limits of Section 768.28, Florida Statutes, for its acts of negligence, or its employees' acts of negligence when acting within the scope of their employment and agrees to be liable, up to the limits of Section 768.28, Florida Statutes, for any damages resulting from said negligence.

(b) By NUTRI-LINK. NUTRI-LINK agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by NUTRI-LINK, its agents, servants, or employees; the equipment of NUTRI-LINK, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of NUTRI-LINK or the negligence of NUTRI-LINK'S agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by NUTRI-LINK, SBBC, or otherwise.

2.14 **Insurance Requirements**. NUTRI-LINK shall comply with the following insurance requirements throughout the term of this Agreement:

(a) General Liability. NUTRI-LINK shall have and maintain General Liability insurance with limits of not less than $1,000,000 per occurrence for Bodily Injury/ Property Damage; $1,000,000 General Aggregate; and limits of not less than $1,000,000 for Products/Completed Operations Aggregate.

(b) Professional Liability/Tech Errors & Omissions. NUTRI-LINK shall have and maintain Professional Liability/Errors & Omissions insurance with a limit of not less than $1,000,000 per occurrence covering any services provided under this Agreement.

(c) Workers' Compensation. In accordance with Chapter 440, Florida Statutes, NUTRI-LINK shall have and maintain Workers' Compensation insurance and Employer's Liability limits of not less than $100,000/$100,000/$500,000 (each accident/disease-each employee/disease-policy limit).

(d) Acceptability of Insurance Carriers. The insurance policies required under this Agreement shall be issued by companies qualified to do business in the State of Florida and having a rating of at least A- VI by AM Best or Aa3 by Moody's Investor Service.

(e) Verification of Coverage. Proof of the required insurance must be furnished by NUTRI-LINK to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. To streamline this process, SBBC has partnered with EXIGIS Risk Management Services to collect and verify insurance documentation. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences in order to permit NUTRI-LINK sufficient time to remedy any deficiencies. NUTRI-LINK must verify its account information and provide contact details for its Insurance Agent via the link provided to it by email.

(f) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance:

1) The School Board of Broward County, Florida, its members, officers, employees, and agents are added as additional insureds.

2) All liability policies are primary of all other valid and collectable coverage maintained by The School Board of Broward County, Florida.

3) Certificate Holder: The School Board of Broward County, Florida, c/o EXIGIS Risk Management Services, P.O. Box 4668-ECM, New York, New York 10163-4668.

(h) Cancellation of Insurance. NUTRI-LINK is prohibited from providing services under this Agreement with SBBC without first obtaining the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(i) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverages, or endorsements herein throughout the term of this Agreement.

2.15 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.16 **Certification Regarding Scrutinized Activities**. Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing an Agreement for goods or services over One Million Dollars and 00/100 Cents ($1,000,000.00) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to Section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Entering into this Agreement constitutes certification by NUTRI-LINK that it is not listed on any of the following: (a) the Scrutinized Companies that Boycott Israel List, (b) Scrutinized Companies with Activities in Sudan List, or (c) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector

List. NUTRI-LINK further certifies that it is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. NUTRI-LINK acknowledges that pursuant to Section 287.135, Florida Statutes, the submission of a false certification may subject it to civil penalties, attorney's fees, and/or costs. NUTRI-LINK further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if NUTRI-LINK (a) is found to have submitted a false certification, (b) has been placed on the List of Scrutinized Companies that Boycott Israel, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is one million dollars ($1,000,000) or more, the Agreement may be terminated at SBBC's option if NUTRI-LINK is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

2.17 **Annual Appropriation**. SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.18 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC, together with any applicable statutory interest.

2.19 **Proprietary Information**.

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and

attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon thirty (30) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of

such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies**. The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration**. SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals**. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the Effective Date.
