ARTICLE 14
Reduction in Force

In the event the Board determines that a number of employees must be reduced for any reason, such reduction in employees shall be based on objective, reasonable and nondiscriminatory standards which (1) shall not be arbitrary or capricious, (2) shall not deprive employees of other rights conferred by this Agreement or laws of Florida and the United States, and (3) shall be capable of uniform application. The District reserves the right to conduct a reduction in force (layoff) at any time in accordance with the provisions of this Article and Article II. If a reduction in employees is determined to be necessary, the following procedure shall be controlling:

A. **Notification:**

1. If a reduction of employees becomes necessary, written notification of the reduction shall be given to the BTU-ESP no later than ten (10) calendar days before the action is to become effective. The notification shall include the following information:

3. Upon receipt of notification of layoff, employee(s) may send to the Talent Acquisition & Operations (Non-Instructional) Department an updated statement of qualifications. In addition, employees are responsible for verification that their address and email address are correct in the District's Employee Self-Service (ESS) system.

B. **Order of Reduction:**

1. When layoffs occur, a qualified employee at the work location having the longest unit seniority within each bargaining unit classification (Classroom Assistant, Certified Classroom Assistant, Teacher Assistant, Certified Teacher Assistant) and those individual categories listed on the Program Assistant Pay Schedule) affected, shall be laid off last. "Qualified" shall apply to those employed working in the bilingual program who are fluent in a second

language or employees working in exceptional educational programs who have participated in inservice or equivalent training in the area (i.e. speech, language, autism, behavior, Child Development Association (CDA), medical and/or augmentative communication training.

1. As vacancies occur, the District shall email and send via Certified U.S. mail to employees on the layoff recall list a notice of vacancies for which the employee is qualified.

2. The notice listing the vacancies shall include the total days in the annual employment calendar. Said vacancies will be mailed to the employee's address on record. It is the responsibility of the employee to update the District's Employee Self-Service (ESS) system with an accurate address and email address. If the employee cannot be located at the address given and/or the letter is returned to the District by the U.S. Postal Service, the employee shall be removed from the recall list, and the individual will be no longer employed by the District.

3. If the employee fails to respond within three (3) business days of receipt of the recall notification, the employee shall be deemed to have refused the vacancies offered.

4. The right of recall shall not exceed eighteen (18) months for Program Assistants and one (1) year from the date of layoff for all other classifications. The employee shall rank vacancies in order of preference. However, an employee who fails to accept at least one (1) of three (3) vacancies offered for which they are qualified shall be removed from the layoff list and no longer employed by the District. An employee, who is offered the position and subsequently declines

the position, shall be removed from the layoff list and no longer employed by the District.

5. An education support professional who has been placed on a recall list shall have the option to return to the immediate past place of employment under the following conditions:

   a. The vacancy at the previous work location must occur prior to the Full Time Equivalent (FTE) count in February.

3. An employee who accepts a permanent part-time or permanent full-time position shall be removed from the layoff list.

4. A Teacher Assistant or an employee from the Program Assistant job classifications who had previously held a position as a Classroom Assistant/Teacher Assistant who is laid off shall inform the Talent Acquisition & Operations (Non-Instructional) Department as to whether he/she is interested in being recalled to a Classroom Assistant position. Said notification shall be made not later than the last day of the school year, at which time the employee shall be placed on the Classroom Assistant recall list in order of unit seniority. Should an employee be laid off prior to the end of the school year said employee shall immediately notify the Talent Acquisition & Operations (Non-Instructional) Department of his/her

election to be recalled to a Classroom Assistant position. The employee shall be eligible for recall in only one job classification. A teacher assistant shall be removed from the Classroom Assistant recall list pursuant to recall procedure C(4).

The employee shall have the option of purchasing at their own expense through payroll deduction, an additional amount of "Group Term" Life Insurance ranging from one and one-quarter (1¼) times the employee's annual salary, up to five (5) times the employee's annual salary or one million dollars ($1,000,000), whichever is less (medial underwriting may apply above the guarantee issue amounts) in accordance and subject to the provisions of the group life insurance policy provided by the District.

B. **Dental and Health ~~and Dental~~ Insurance:**

1. The District shall pay the following premiums for individual employee's health and dental insurance.

   a. For employees that elect dental insurance, the District shall provide a maximum of $10.80 per month towards the elected dental insurance in accordance with the term and schedule of benefits currently in effect.

   b. The District offers three (3) health insurance plans: Premier Plus Plan, Premier Plan, and Premier Choice Plan. Employees will have the option to select the Premier Plus Plan or the Premier Plan, to include employee contributions through payroll deductions. Employees will continue to pay the cost of the health insurance premium for any coverage selected other than employee-only coverage. In addition to the District agreeing to pay 100% of the cost of the health insurance premium for employee-only coverage for the Premier Choice Plan, the District will explore contracting with a supplemental enhanced primary care provider. The goal is to reduce health care costs for the District and the employees who join the enhanced primary care provider. There will be no additional cost to the employee for this supplemental coverage.

For future plan years:

The parties are committed to working through the Superintendent's Insurance and Wellness Advisory Committee to implement cost effective improvements to the group health insurance program, such as the increased usage of:

- Teladoc
- Wellness Programs
- Extended Rx offerings
- Urgent Care over Emergency Room visits, when feasible

The District shall separately account for costs of group insurance program within the General Fund in a manner that allows costs and savings to be readily identified. At the end of each fiscal year, any savings in the overall cost of the insurance programs (defined as the total premium equivalent contributions for that year compared to the projected total premium contributions for the next year) shall be placed in a reserve which may only be used to fund future employee supplements, and/or other benefits for employees, prior to the end of the next plan year.

c. All new employees ~~may~~ must elect to enroll in ~~a~~ the District-offered ~~plan of their choice subject to conditions for enrollment in such plan~~ Premier Choice Plan for the first three (3) years of employment, if they do not voluntarily decline such insurance. Thereafter, the employee may elect to remain in the Premier Choice Plan or elect a different medical plan during the upcoming Open Enrollment period, effective for January 1st the following year.

d. Benefit levels, plan design, cost containment for the plan premium contributions and benefit improvements will be reviewed annually by the Superintendent's Insurance and Wellness Advisory Committee. The Superintendent's Insurance and Wellness Advisory Committee will make recommendations to the Superintendent about benefit levels, plan design, cost containment for the plan and benefit improvements. Nothing herein, however, waives the right of either party to negotiate the terms and conditions of

insurance. Thereafter, either party may demand negotiations through the Superintendent or designee to amend benefit levels, plan design, cost containment for the plan and benefit improvements, or premium contributions.

e. An employee eligible for health insurance may voluntarily decline such insurance. Beginning in the 2024 Open Enrollment Period, ~~A~~an employee declining medial insurance for the first time, shall be required to sign an affidavit indicating other medical coverage and provide proof of other medical insurance during the open enrollment period ~~each year~~. ~~Employees shall be responsible to maintain proof of continuing medical insurance.~~ Employees choosing not to participate in the School Board of Broward County's ~~medical~~ health insurance program shall be ~~reimbursed at a rate of~~ receive up to seven hundred fifty dollars and no cents ($750.00) per year (opt-out dollars) only if such proof is provided. The cost of such insurance shall be borne by the retiree~~, except that the District shall provide without charge for the collection and remittance of premiums for such insurance~~. Applications must be submitted within thirty (30) days of retirement.

H. **Cafeteria Insurance Program:** The District agrees to provide a cafeteria insurance program to all full-time bargaining unit members including those on Board-approved paid leaves with the exception of sick leave or disability leave. Part-time unit members and members on unpaid Board-approved leave are not eligible to participate in the program. The following criteria shall apply to the granting of cafeteria insurance benefits:

1. The District will provide twenty-five dollars ($25) per month not to exceed three hundred dollars ($300) per employee per fiscal year. Employees hired after the commencement of the fiscal year, shall receive twenty-five dollars ($25) per month for each full month of employment.

2. Employees on a Board-paid leave that provides less than 100 percent salary shall receive a percentage of the twenty-five dollar ($25) per month cafeteria payment equal to the percentage of their salary while on leave.

I. ~~The parties agree to eliminate enrollment in the fourth-tier dependent rate which is identified in insurance documents as the "children (both spouses School Board employees employed in the same plan)" effective at the conclusion of the open enrollment period (November, 1994) for the 1995 insurance plan year. Employees enrolled in the fourth-tier prior to the date indicated above may remain in this tier until the time their employment with the School Board ends. Once all of the affected employees have left the employment of the District, the fourth-tier shall be eliminated.~~

J. **Employee Reimbursement**:

1. If employees are attacked or assaulted, victims of theft or vandalism in the course of employment, the District will insure or otherwise reimburse such employees for any loss, damage or destruction of clothing or personal property up to five hundred dollars ($500) per employee per school upon verification to the supervisor, unless the employee is otherwise reimbursed.

2. Other employees may be required to work a different schedule based upon the operational needs of the system.

B. The standard workweek for full-time employees will be thirty-seven and one-half (37.5) hours.

C. The workweek shall consist of five (5) consecutive days during the school year unless mutually agreed by the employee and his/her supervisor. Schedules varying from these provisions, shall not be subject to this section. The District may change the workweek during the summer to four (4) consecutive days, in which case the standard daily working hours may be longer than eight and one-half (8.5) consecutive hours. The standard work week for payroll purposes shall be Monday through Sunday.

D. No employee shall be required to work more than twelve (12) hours in a workday, except in case of an emergency or operational need of the District.

E. **Compensatory Time**

1. Professional employees, as defined by Florida Statutes, Section 447.203, who are exempt from coverage by the Fair Labor Standards Act (FLSA) shall receive compensatory time at the ratio of 1:1 for pre-approved work in excess of thirty-seven and one-half (37.5) hours. The accumulation and use of compensatory time shall be recorded in a standard format established by the Board. The accumulation of compensatory time for these employees is limited to forty (40) hours or, upon approval of the supervisor, to eighty (80) hours. In special circumstances, the Superintendent or his/her designee may extend the limit on the accumulation of compensatory time if mutually agreed to by the employee.

2. Compensatory time shall be scheduled by mutual agreement by the employee and his/her supervisor. If compensatory time is denied, arrangements shall be made to schedule another mutually agreeable time promptly after such denial. The employer shall not unreasonably deny a request for compensatory time. The employee shall not be unreasonable in selecting time off. When an exempt employee is requested to work in excess of the standard workweek

of thirty-seven and one-half (37.5) hours and compensatory time cannot be taken because of operational needs of the District, the hours shall be paid to the affected employee at his/her regular hourly rate at the end of the fiscal year or when approved in advance by his/her supervisor.

3. The Board shall apply FLSA requirements for compensatory time and overtime for non-exempt employees to all employees other than those cited in subsection 1 above. Employees shall be paid four (4) hours at the appropriate rate of pay on each non-work day they are on call. If the affected employee is assigned work to perform during non-regular work hours, the employee shall be paid for all hours worked in excess of four (4) hours at the appropriate rate of pay. In the event the employee is required to report to work, the employee shall be paid for mileage incurred in reporting to and returning from work. If the on-call duties occur during a week in which the District is closed as the result of a recognized holiday, the holiday hours shall count as hours worked for the purposes of computing overtime compensation for non-exempt personnel pursuant to the provisions of this section. On–call assignments shall be made on a rotation basis for all qualified employees.

G. **Emergency Call-Back:** Emergency Call Back is defined as those instances when unit members have not been placed on-call, but are contacted to return to their work location or to perform work on short notice during an off-duty period. Non-exempt employees shall be paid a minimum of four (4) hours at the appropriate rate of pay on each non-work day they are

called back. Exempt employees shall receive compensatory time on an hour-for-hour basis at not less than four (4) hours for call back work. In the event employees are required to report to work, both exempt and non-exempt employees shall be paid for mileage incurred in reporting to and returning from work for call back duties. If the call-back duties require work in excess of the four (4)-hour minimum, the employee shall be compensated at the appropriate rate of pay for the actual number of hours worked. If the call back duties occur during a week in which the District is closed as the result of a recognized holiday, the holiday hours shall count as hours worked for the purposes of computing overtime compensation for non-exempt employees pursuant to the provisions of this section.

H. **Flexible Hours:** Employees shall be allowed with the approval of their supervisor, which approval shall not be unreasonably withheld, to adjust their work schedule to allow for medical appointments or personal emergencies.

Employees by mutual agreement, may be assigned flexible work schedules to support the 24-hour operating schedule; respond to emergency/unforeseen requirements; and to adapt to cyclic workload requirements. Regular work schedules for each employee shall be established, anticipating, to the extent possible, extra and/or other than normal schedule requirements. When a department deems it necessary to institute a second/third/alternate shift, the department shall initially solicit volunteers. If there is an inadequate number of volunteers, those employees with the necessary qualifications shall be selected by reverse seniority.

Where feasible, an employee shall be granted release time through flexible scheduling to attend parent/teacher conferences or other school activities involving their children that may occur during the regular workday.

I. **Abusive Language, Insults, Harassment**: School Board employees should not be subjected to harassment, abusive language, upbraiding, insults or interference by an administrator/supervisor or other persons in the performance of the employee's duties.

J. **Telecommuting Assignments**: Nothing herein shall preclude a supervisor, with agreement from the impacted employee, from providing an opportunity for employees to perform regular duties by telecommuting.

K. **Contract Renewal**

1. An employee's status shall be renewed from year to year unless the Board terminates the employee for one of the following reasons: just

cause, failure to meet job standards, reorganization of the workforce or a reduction in the number of employees on a District wide basis for financial or operational reasons.

2. In the event the Board terminates an employee, the Board may suspend the employee with or without pay. The employee shall receive written notice and shall have the opportunity to formally appeal the termination through the grievance procedure.

L. **Emergency Working Conditions**

In the event that, due to conditions beyond the control of the Board, including but not limited to hurricanes, windstorms, floods and tornadoes, the Superintendent, or his or her designee, or the School Board, or any other public official, declares an emergency and directs the School Board to commence emergency operations and/or orders the schools, facilities or administrative areas to be closed, employees shall be compensated as described below:

1. Any employee regularly scheduled to work during the time of the emergency or who is ordered to return home during the emergency or prior to the completion of said employee's work day shall be paid for all hours during the emergency period which the employee had been scheduled to work. Make up days may be required for those instructional days not waived by the State for employers in the Transportation Department and School Nurses/LPNs. Other employees required to work on those additional instructional days shall be compensated subject to emergency call back provisions.

2. Any employee scheduled to be on pre-approved sick leave, annual leave, or personal leave during the declared emergency shall suffer no loss of pay and no leave time shall be deducted from the applicable leave accumulation.

3. Any employee who is assigned or called back by the Board to work during the declared emergency shall be compensated at double the employee's straight time base hourly rate for all hours actually worked. This compensation shall be in addition to any compensation which would otherwise be due the employee under the provisions of paragraph 1 above.

4. Full-time employees who fail to report to work after a call-back shall not be compensated for days not worked while schools are closed due to the emergency conditions unless on approved leave prior to

the time of the call-back or on other approved leave provided in this Agreement.

M. **Continuing Education:**

Both parties agree that continuous improvement of employee skills benefit both the employee and the School Board in the performance of job duties. Therefore, the parties agree to the provision of continuing education funding opportunities so that employees may acquire, maintain and improve skills at no cost or at a reduced cost. To meet this goal, the parties agree to create a fund for BTU-TSP employees who seek reimbursement for additional qualifications and/or coursework related to skills within their job family.

In order to address this issue and accomplish their common goal, the parties agree to the following:

1. Establishing an ongoing committee with equal numbers of no more than three (3) participants from each party.

2. The committee has the authority to design and recommend a procedure, and create an appropriate application and related processes, to be made available to TSP employees by September 30th of each fiscal year. If an extension is needed, the parties mutually agree to extend the deadline for no more than thirty (30) days.

3. Designees from the District and BTU-TSP will chair the committee.

4. The committee shall be authorized to establish dates for distribution of the funds based on the approved guidelines.

5. The parties have reached agreement regarding the administration of the fund:

    a. Establishing an annual training fund consisting of a minimum of $100,000.

    b. Employees must have completed eight (8) years of work experience, as determined by their most recent date of hire with the School Board, in order to be eligible to request the funds.

N. **Labor Management Meetings:**

Upon mutual agreement, three (3) representatives of the Administration and three (3) representatives of the BTU-TSP will meet during the regular school year on an as-needed basis at times convenient to both parties for

the purpose of reviewing the administration of the Agreement and to resolve matters of mutual concern.

The parties agree that each may invite subject matter experts ("SMEs") to the meeting, as needed, to address agenda items. The identity of any SMEs to appear at a Labor Management meeting will be shared at least forty-eight (48) hours before the meeting. Unless mutually agreed upon, the Labor Management meeting will not be scheduled for more than one and one-half (1½) hours. The parties agree that these meetings are intended to discuss matters of common interest. These meetings are not intended for the purpose of collective bargaining or to discuss mattes of active grievances, pending arbitrations or disciplinary actions.

Each party will submit to the other at least seventy-two (72) hours prior to the meeting, an agenda covering what it wishes to discuss. Agenda items must be mutually agreed upon at least forty-eight (48) hours prior to the meeting. The parties will alternate the location of the Labor Management meetings.

The Chairperson will jointly rotate between the Administration and the Union. The Chairperson will be responsible for conducting the meeting and distributing the agenda. Summaries of action plans will be shared between both parties.

ARTICLE SEVEN
HEALTH AND SAFETY

A. Employees shall not be required to work under unsafe or hazardous conditions. Employees are to be provided a safe work place and are to be furnished with safety devices, protective clothing, and such safeguards as are necessary to reduce or eliminate accidents and injuries. Managers/supervisors are to do everything reasonably necessary to protect the life, health and safety of each employee and the public. Whenever an unsafe or hazardous condition exists, the employee aware of the condition shall report it to the immediate supervisor who shall make every effort to take immediate steps to correct the unsafe or hazardous condition. If the immediate supervisor cannot correct the problem within ten (10) workdays of the date of notification of said problem, the affected Chief School Performance & Accountability Officer shall be notified for the purpose of investigation and resolution of the matter. This deadline may be extended by mutual agreement between the parties.

B. Employees will follow safe practices and operating methods on all jobs assigned. Employees shall be required to wear the safety devices, protective clothing or equipment designated by management for employee protection. Safety devices and equipment, when required, will be provided by the School Board. Refusal or failure of an employee to use or wear such devices or equipment, or failure to follow safe practice and operating methods, shall be grounds for appropriate corrective action.

C. In the event an employee is involved in an accident or injury, an accident report will be completed and distributed, as prescribed by School Board Policies and State Statutes.

D. If an employee complains of indoor air quality problems, the District shall follow the IAQ Response Protocol to investigate the root cause and determine a course of action to correct the problem, if necessary. The employee initiating the complaint will be provided with information on the course of action and the tentative timeline for completion. The District's IAQ Response Protocol and any amendments to it are hereby incorporated into the contract by reference.

E. Bomb/Terrorist Threats: Employees shall not return to worksites which have been evacuated due to bomb or other similar devices until clearance for such returns has been given by proper authorities. Employees shall not search for bombs or other similar devices.

F. In order to ensure the safety of employees and students, the District shall follow the center for disease control protocols when responding to

infectious diseases. When receiving a complaint regarding potentially hazardous, dangerous, or infectious situations, the administrator/ designee shall contact the appropriate District department (i.e., Risk Management, Environmental Health & Safety or Physical Plant Operations, etc.) or local emergency response providers (local police and fire departments) for the purpose of taking appropriate action to resolve the situation. The administrator shall inform the notifying employee of the recommendation received and the action taken.

G. Reports of threats of a violent nature made against an employee shall immediately be reported to supervisory personnel, who shall immediately notify SIU and the affected employee. The employee shall be given the opportunity to immediately notify law enforcement officials, the union and other appropriate individuals if the employee so desires.

ARTICLE EIGHT
GRIEVANCE PROCEDURE

A. **Definition:** A grievance is defined as any difference or dispute between the Board and the BTU-TSP or any employee affecting terms and/or conditions of employment regarding the application or interpretation of this Agreement.

B. **Purpose:** The Board and the BTU-TSP desire that these grievances be settled in an orderly, prompt, and equitable manner so that the efficiency of the Board may be maintained and the morale of employees not be impaired. Every effort will be made by the Board, employees, and the BTU-TSP to settle the grievances at the lowest level of supervision.

C. **Exclusive Rights:** The parties agree that the BTU-TSP has the exclusive right to process grievances under all steps of this grievance procedure, except that any bargaining unit member may process a grievance through said procedure if the BTU-TSP expressly waives its right in writing to process a grievance because the unit member is not a dues-paying member of the union. A copy of the waiver shall be provided to the school district's Director of Employee & Labor Relations. The BTU-TSP accepts its duty of fair representation but retains its right to preclude the processing of non-meritorious grievances through the steps of this grievance procedure, inclusive of arbitration.

D. **Informal Discussion:** In the event that an employee believes there is a basis for a grievance, he/she shall first discuss promptly the alleged grievance with the immediate supervisor either personally or, if he/she prefers, accompanied by a BTU-TSP steward, within fifteen (15) working days of the date on which the employee could reasonably have known of the occurrence of the event giving rise to the alleged grievance.

E. **Formal Grievance:** If, as a result of the informal discussion with the immediate supervisor, an alleged grievance still exists, the following formal grievance procedure may be invoked within seven (7) working days of the informal discussion, on the form set forth in Appendix C, signed by the grievant and/or a steward of the BTU-TSP, which form shall be available from the administrator or the BTU-TSP steward in each work location.

If the grievance involves more than one (1) work location, a group of employees, or arises from the action or inaction of the administration above the level of the immediate supervisor, it may be initially filed with Employee & Labor Relations at Step II and informal discussion may be waived by mutual agreement. In the event that a BTU-TSP steward has

not signed the grievance, a copy of the grievance shall be provided to the BTU-TSP immediately upon the filing of the grievance.

STEP I

The grievant may submit to the immediate supervisor a copy of the grievance form. Within seven (7) working days of receipt of the grievance, the immediate supervisor shall meet with the grievant and/or the BTU-TSP in an effort to resolve the grievance. The immediate supervisor shall indicate the disposition of the grievance in writing within seven (7) working days after such meeting, and shall furnish a copy thereof to the BTU-TSP.

STEP II

If the grievant or BTU-TSP is not satisfied with the disposition of the grievance, or if no disposition has been made within the specified time limit, the grievance shall be submitted to Employee & Labor Relations within seven (7) working days of the disposition, or expiration of the time limit. Within twelve (12) working days of receipt of the grievance, Employee & Labor Relations shall meet with the grievant and/or the BTU-TSP and shall indicate the disposition of the grievance in writing to the grievant and/or BTU-TSP within seven (7) days of such a meeting.

STEP III

If the grievant is not satisfied with the disposition of the grievance by Employee & Labor Relations, or if no disposition has been made within the specified time limit, the grievance may be submitted by the BTU-TSP to arbitration before an impartial arbitrator within fifteen (15) working days of the date of the disposition at Step II, or the expiration of the time limit. If the parties cannot agree as to the arbitrator within seven (7) working days from the notification date that arbitration will be pursued, the BTU-TSP will contact Employee & Labor Relations one final time for the purpose of attempting to reach agreement prior to requesting the AAA or FMCS to select an arbitrator in accordance with their rules. The arbitrator shall be selected by the American Arbitration Association or the Federal Mediation and Conciliation Service in accordance with their rules, which rules must likewise govern the arbitration proceedings.

The arbitrator shall limit his/her decision to the application and interpretation of this agreement and shall have no power to amend, modify, nullify, alter, add to, or subtract from the terms of this Agreement. Neither party shall be permitted to assert in such arbitration proceedings any ground or rely on any evidence not previously disclosed to the other party. Both parties agree that the award of the arbitrator shall be final and binding.

F. **Cost of Arbitration**: If the arbitrator sustains the position of the grievant, the fees and expenses of the arbitrator, including AAA or FMCS filing fees, shall be paid by the Board. However, if the arbitrator sustains the Board's position, all fees and expenses shall be paid by the grievant or the BTU-TSP. If the decision issued by the arbitrator is not the one requested by either party, the arbitrator shall determine the distribution of his/her fees between the parties. Each party shall be responsible for any other expense it chooses to incur. Employees required to testify will be made available without loss of pay; however, whenever possible, they will be placed on call to minimize time lost from work. Employees who have completed their testimony shall return to work unless they are the grievant(s). In group grievances, the group of employees shall be represented by the BTU-TSP and one member of the group.

If the BTU-TSP waives its right to process a grievance to arbitration because the affected employee is not a dues-paying member of the BTU-TSP, the employee may carry the case forward but he/she may be responsible for all arbitration costs pursuant to this provision. Under such circumstances, the BTU-TSP shall not be responsible for arbitration costs associated with the specific grievance.

G. **Time Limits:** The time limits provided in this Article shall be strictly observed, but may be extended by written agreement of the parties. Whenever illness or other incapacity of either party or its representatives prevents attendance at a grievance meeting, the time limits shall be extended to such time that such person(s) can be present. When such grievance meetings and conferences are held during work hours, all employees whose presence is required shall be excused, without loss of pay or accumulated leave, for that purpose.

H. **Reprisal to Employees:** All employees will be entitled to fair, reasonable and equitable treatment in the processing of grievances. No reprisals of any kind will be made by the Board or its representative or any member of the administration against any bargaining unit member(s) in the grievance procedure by reason of such participation.

I. The grievance response or final grievance disposition will be placed in the employee's personnel file. All other documents related to the grievance will be placed in a separate grievance file.

J. **School Board Policies:** Access to School Board policies at each work location shall be available to BTU-TSP stewards for the purpose of reference and information, as well as for the purpose of expediting the provisions of this grievance procedure.

K. **Expedited Arbitration:** On a case-by-case basis, the parties may mutually agree to utilize an expedited arbitration procedure. The parties agree to use the Rules for Expedited Arbitration Procedures and Hearings published by the agency conducting the hearing.

COMPENSATION

A. **Step Assignment**: All BTU-TSP employees shall be paid on a Step in the salary schedule (see Appendix D). Employees shall be paid retroactively from the first workday of employment during that fiscal year.

The parties agree that employees shall not advance a step on the Salary Schedule unless the Collective Bargaining Agreement specifically calls for a step increase for the specific school year in question. If there is no Collective Bargaining Agreement in effect at the start of a school year, then step increases shall not be granted unless the subsequent contract specifically requires one.

B. **Step Increase**: Employees shall move to the next step of the salary schedule, only when agreed to specifically by parties in contract negotiations. If a step increase is provided, it shall be granted to those employees who receive an overall performance evaluation rating of "Effective" or higher. An employee who receives an overall performance evaluation of less than "Effective" shall not be eligible for the Board approved step increase; however, if the affected employee receives an overall performance evaluation of "Effective" or higher for the succeeding year he/she shall be granted the withheld step but not on a retroactive basis.

C. **General Increase**: If a general increase is provided, it shall be granted to those employees who receive an overall performance evaluation rating of "Effective" or higher. When the added responsibilities fall within the definition of acting or working out of classification assignment (as defined below), and upon approval by the Superintendent and the Board, the employee shall be eligible for additional compensation.

1. **Acting Assignments:** An acting assignment is the temporary appointment of an employee to a vacant position assigned at a higher pay grade for which a Board approved job description exists and for which the employee meets the minimum job qualifications.

Employees appointed to an acting assignment may be relieved of their regular job duties and responsibilities for the duration of the appointment.

2. **Working Out of Classification Assignments:** A working out of classification assignment is the temporary appointment of additional responsibilities for a specific duty, special project or initiative that is distinctly different from the employee's regularly assigned job. While a Board approved job description is not required for a working out of classification assignment, a description of the responsibilities associated with the task and business rationale for the assignment must be included as part of the request.

3. **Temporary Assignment Eligibility Criteria and Provisions:** The following provisions are applicable to both acting and working out of classification assignments:

   a. Offers of acting and working out of classification assignments shall be placed in writing by the supervisor to the employee on the basis of qualifications.

   b. Assignments must be approved by the Superintendent and the Board.

will be reduced to the amount earned prior to the temporary assignment.

h. Employees who are temporarily assigned to work in a lower classification are ineligible for temporary supplemental pay and shall continue to be paid at the rate for their regular position.

i. At the termination of the temporary assignment, the employee shall revert to his/her former status, unless appointed or assigned as a permanent employee in that position.

j. An employee temporarily placed outside of the bargaining unit shall be entitled to return to the position previously held and shall accrue benefits and seniority as if they were in the bargaining unit during this temporary upgrade.

E. **New Appointee Salaries**: New employees will normally enter at the minimum step of the appropriate pay grade. Effective upon ratification of this contract, newly hired employees who possess experience beyond that required to qualify for the position, which is directly related to the position, will be granted initial placement higher than the beginning sep within a range indicated below according to the following schedule:

One (1) to five (5) years – Up to Step 2
More than five (5) and up to ten (10) years – Step 3 up to Step 6
More than ten (10) and up to fifteen (15) years – Step 7 up to Step 10
More than fifteen (15) years – Step 10 or above

There may be times when an individual's job uniqueness and level of skills sought may require a higher initial placement. In such cases, the Superintendent reserves the sole discretion to make such placement above the range indicated in the schedule above based on the individual's job uniqueness and level of skills.

Complaints about an employees' placement on the salary schedule may be presented to the employee's supervisor. If the supervisor is unable to resolve the complaint, the Superintendent of Schools and the President of the BTU will meet periodically to discuss the job uniqueness and level of skill in order to jointly resolve complaints. Such resolutions shall be final and binding.

F. **Promotions**: For purposes of this section, a promotion shall be defined as an action which awards a current employee a vacant position at a higher-grade classification that includes significant increases in job performance responsibilities beyond the job that the employee currently holds. Promotional opportunities must be advertised and interested employees must apply for the position.

The daily/hourly rate of an employee will be the basis for step placement when the promotion results in a salary schedule and/or assigned calendar change. The resulting pay will be no less than the minimum of the new pay grade but no more than the maximum salary of the assigned pay grade. Employees on a temporary/acting position in another pay grade/schedule shall have their pay raise computed on the basis of the regular job they held prior to the temporary/acting position.

When an employee who is currently on the BTU-TSP Salary Schedule or on another salary schedule, is promoted, as a result of a job change or job progression to a higher pay grade position, the step placement will be determined based on the higher of the two following methods: apply 5% on the salary of the previous grade/schedule and step/salary for promotions on one pay grade, and an additional 3% for each additional pay grade or promotional salary calculations shall be based on the provisions provided in this Article 11, Section E. Employees demoted as a result of corrective action shall receive a decrease in pay immediately upon Board approval.

   At the conclusion of the ten (10) month salary protection period, the employee will be placed on a step on the new pay grade based on the employee's assigned step in the previous paygrade. This reduction in salary shall be no less than 3% and no more than 10% of the employee's salary in the previous pay grade. If the reduction reflects more than a 10% decrease, the employee will be placed on the highest step within a maximum reduction of 10% of the previous salary.

2. **Voluntary Demotion**: When an employee, regardless of his/her assigned salary schedule, applies for and accepts a position on the BTU-TSP Salary Schedule at a lower pay grade, the employee's salary will be adjusted immediately. D. **Liability Insurance:** The District shall provide Liability Insurance at no cost to employees in an amount of $300,000 within the self-insured retention limits with excess coverage of $700,000, if necessary, for each employee in case of a lawsuit arising within the scope of the employee's duties.

E. **Annuity Programs:** The Board shall make available to all employees through payroll deduction, tax deferred annuity programs with companies, which qualify and are approved under guidelines and criteria established by the Board.

F. **Rate Increase:** Written notice of any rate increase in health and dental insurance for dependents coverage shall be provided to each employee

within thirty (30) days of the date the increase is made known to the Board.

G. **Group Insurance Program/Retirees:** Employees covered by the District's insurance plan(s) upon retiring from the District may elect to remain in the Group Insurance Program at the rates applicable to the entire group. The cost of such insurance shall be borne by the retiree, ~~except that the District shall provide without charge for the collection and remittance of premiums for such insurance.~~ Applications must be submitted within thirty (30) days of retirement.

H. **Cafeteria Insurance Program:** The District agrees to provide a cafeteria insurance program to all full-time bargaining unit members including those on Board-approved paid leaves with the exception of sick leave or disability leave. Part-time unit members and members on unpaid Board-approved leave are not eligible to participate in the program. The following criteria shall apply to the granting of cafeteria insurance benefits:

1. The District will provide twenty-five dollars ($25) per month not to exceed three hundred dollars ($300) per employee per fiscal year. Employees hired after the commencement of the fiscal year, shall receive twenty-five dollars ($25) per month for each full month of employment.

2. Employees on a Board-paid leave that provides less than 100 percent salary shall receive a percentage of the twenty-five dollar ($25) per month cafeteria payment equal to the percentage of their salary while on leave.

3. The specific benefit components of the cafeteria program shall be contained in a booklet, which shall be distributed electronically to all eligible unit members or maintained on the Benefits website.

I. ~~The parties agree to eliminate enrollment in the fourth-tier dependent rate which is identified in insurance documents as the "children (both spouses School Board employees employed in the same plan)" effective at the conclusion of the open enrollment period (November, 1994) for the 1995 insurance plan year. Employees enrolled in the fourth-tier prior to the date indicated above may remain in this tier until the time their employment with the School Board ends. Once all of the affected employees have left the employment of the District, the fourth-tier shall be eliminated.~~

J. **Employee Reimbursement**:

1. If employees are attacked or assaulted, victims of theft or vandalism in the course of employment, the District will insure or otherwise

reimburse such employees for any loss, damage or destruction of clothing or personal property up to five hundred dollars ($500) per employee per school upon verification to the supervisor, unless the employee is otherwise reimbursed.

2. If an employee's vehicle is damaged as a result of vandalism while on a work location, the employee will be reimbursed for the damage in the amount of their automobile insurance deductible not to exceed seven hundred fifty dollars ($750) when there is reasonable cause to believe that the act of vandalism was caused on such property.

3. Any individual submitting a fraudulent claim under this provision shall be subject to disciplinary action up to and including termination.

4. The Board's maximum liability under this section is seven thousand dollars ($7,000) annually.

K. **Vision Insurance**: The District shall provide without cost to the employee a basic vision insurance program, in accordance with the terms and benefits provided in the summary plan description. Employees may also elect to enroll in an enhanced vision insurance plan, at the employee's expense, through payroll deductions.

ARTICLE THIRTEEN
ASSIGNMENT, TRANSFER, AND PROMOTION

A. **Announcement of Vacancies**: The following procedures shall apply for the selection of candidates for positions in the bargaining unit through transfers, promotions and new employment.

1. A vacancy shall be deemed to have occurred when a full-time employee is sought to fill a full-time position.

2. The announcement of vacancies will state job-related qualifications for the positions, including certification, education, other experiential requirements, supervisory responsibilities, whether the position is covered by a collective bargaining agreement and whether the position is exempt from FLSA regulations. These announcements will specify the application procedures and shall be posted at least seven (7) days before the application deadline. These announcements will be distributed to all work locations within Broward County Public Schools.

3. No positions will be filled prior to the end of the posting period.

B. **Task Assignments**: See details in Article 11D.

C. **Lateral Transfers**: Vacancies may be filled by the lateral transfer of a unit member providing that:

1. The transfer is requested by the employee or deemed by the Superintendent to be in the best interest of the school system.

2. The employee's position is of the same pay grade as the vacancy.

3. The employee meets the qualifications of the vacant position.

4. If qualifications and skill are substantially equivalent, the employee with the greatest seniority shall be assigned to the position.

5. Upon approval by the Superintendent, employees may be allowed to make a lateral transfer into a higher level of a position that involves job progression even though the position was posted at the lowest level of job progression (i.e. Accountant III to a Budget Analyst III).

D. **Direct Appointment**: Upon the recommendations of the Superintendent, with the approval of the School Board, a vacancy may be filled by a direct appointment of an individual who has demonstrated the specific

qualifications and background applicable to the position. Direct appointments may be made when necessary as the result of reorganization, in case of an emergency, as a reassignment of personnel within areas, or when the Interview Committee advises that it cannot make an appropriate selection.

E. **Reassignment of Personnel**: The Superintendent may recommend to the School Board staff reassignments for the most effective deployment of personnel. Changes in work locations will not be made in an arbitrary or capricious manner.

F. **Formal Selection Procedures:**

1. When a position is posted and the position is not filled through one of the above procedures, there shall be an initial screening of applicants to determine those applicants whose combination of training and experience most closely match the published qualification for the position and who will be included in the procedures of the Interview Committee. The screening process shall include two (2) qualified individuals from the department who is hiring to lend their expertise to help prevent a qualified candidate from being overlooked in the initial screening process. Talent Acquisition & Operations (Non-Instructional) will be responsible for verifying the educational background of candidates. Preference shall be given to current employees in the screening process.

2. Upon completion of appropriate reference and clearance checks, the candidate selected by the Superintendent, or designee, shall be recommended to the Board for approval. Once a candidate has been selected for and has accepted a position, those candidates not selected shall be notified that another candidate will be recommended for employment. Employment of the successful candidate shall not be final until approved by the Board. The resulting salary for a current employee chosen for promotion shall follow the provisions of Article 11, Section F. The Board will make every effort to be consistent when assigning salaries to newly hired employees.

3. The parties agree to refer the issue of the interview and selection process for filling vacancies to a labor/management committee. The committee shall be charged with identifying problems and making recommendations to the Superintendent and BTU-TSP President for improvements.

   The parties agree that:

a. The district shall review with BTU-TSP current procedures and methods to monitor adherence to them.

b. BTU-TSP shall have access to information on the results of past and current selection procedures.

G. **Hardship Transfers**

For purposes of this section, a "hardship" shall apply to an employee who has completed one (1) year of continuous service with the District. "Hardship" shall be defined as:

1. Employee traveling twenty (20) miles or more one-way by the most direct route from their residence to the assigned work location. The employee shall provide confirmation of eligibility, along with the application, using any nationally recognized navigation/route finder such as, but not limited to, American Automobile Association (AAA); Mapquest.com or other such nationally recognized Internet-based program.

   OR

   Has a serious medical condition which can be substantiated by a Board selected physician or acceptable written explanations as determined by Superintendent and/or designee.

2. An employee who meets the "hardship" definition will be guaranteed an interview for a Board-determined vacancy, in the same job description, at any of the work locations that the employee has selected. An employee with a "hardship" transfer shall be given preference during all phases of the interview process. Specifically, employees requesting a "hardship" transfer shall be awarded two (2) additional points to their overall final interview score.

3. Employees may request only one hardship transfer within a fiscal year. The Request for Transfer Form, as set forth in Appendix G, may be submitted at any time during the fiscal year.

4. Hardship transfer applications shall expire at the conclusion of the fiscal year in which the application was submitted.

5. An applicant with documented attendance and/or performance deficiencies within a twelve (12) month period of the application shall be ineligible for a hardship transfer to an existing vacant position.

H. **Veteran's Preferences**

Any preferences set forth in this Article do not supersede any Veteran's preferences required by Florida Statutes 295.07 and 295.08.

ARTICLE FOURTEEN
LAYOFF AND RECALL

A. **Layoff**: In the event the Board determines that the number of employees must be reduced for any reason, such reduction in employees shall be based on objective, reasonable and nondiscriminatory standards which 1) shall not be arbitrary or capricious; 2) shall not deprive employees of other rights conferred by this Agreement or laws of Florida and the United States; and 3) shall be capable of uniform application. If a reduction in employees is determined to be necessary, the following procedure shall be controlling:

1. Layoff is defined as the separation of an employee for lack of work or funds as determined by the Board, or due to the reduction in or the contracting out of services, without fault or delinquency on the employee's part.

2. Prior to implementing a reduction in personnel, the Superintendent or his/her representative (with decision making power) will meet with representatives of the BTU-TSP to discuss the proposed Board action, including but not limited to the initial number and identity of positions being considered for reduction, and solicit their suggestions or alternatives to layoffs.

3. The Board shall then determine the net number of positions to be reduced and the departments/programs or specific positions in which the layoff shall occur.

4. An employee with less than effective overall ratings on performance evaluations in the department/program or positions in which the layoff shall occur shall be laid off prior to employees with an effective overall rating in the department/program or positions in which the layoff shall occur regardless of seniority and shall have no right to displace other employees. In no case shall employees enrolled with the Florida Retirement System (FRS) prior to July 1, 2011 and in their sixth year of service or enrolled with FRS on or after July 1, 2011 and in their eighth year of credible service be laid off if the layoff would result in their failure to vest with the FRS. Such employees shall be retained until they become vested. Retained employees must be qualified for their assigned positions.

5. **ORDER OF LAYOFF**

a. When the District has hired outside vendors to fill bargaining unit vacancies that could not be filled by any other method and a layoff occurs, bargaining unit members who are placed on layoff shall have the right to displace such outside vendors when the employee is qualified and competent to perform the duties of the position that is filled by the outside_vendor. Nothing in this section shall be construed to limit the District's right to contract out services, as long as such contracting out of services is in compliance with the provisions of Article 18.

b. Employees in each affected department/program shall then be laid off in the following manner in ascending seniority:

First – Temporary Employees
Second – Employees with annual overall appraisal ratings of less than effective
Third – Part-Time Employees
Fourth – Regular Full-Time Employees
Fifth – A Building Designated Steward or TSP Elected Officials

c. In the event that two or more employees being considered for layoff have the same seniority date, order of layoff will be determined by the tie breakers below in the following order:

1. bargaining unit date.
2. date of employment in the current job description.
3. a lot drawing witnessed by a representative of the BTU and the Employee & Labor Relations Department.

A laid-off employee is entitled to one of the following options:

1) to fill a vacant position within his/her current job family, or
2) to return to the job classification within the same job family, which the laid-off employee most recently held, and displace the employee who has held the position for the least amount of time, or
3) displace the employee with the least amount of time in any position within the job family.

d. For any option, the laid-off employee must be qualified for the position, and the position must be at an equivalent or lower pay grade. For purposes of this section, a job classification

shall not have been deemed to change because of a change in title or reporting structure if its duties have remained essentially the same. If such positions are not available or if an employee is displaced from such a position, the employee shall be placed on the recall list.

e. If an employee chooses a position at a lower pay grade, his/her salary shall not be reduced for a twelve (12) month period from the effective date of the layoff.

f. If more than one employee identified for layoff is qualified for such positions, then the position shall be offered to the employee with the most seniority as defined in this contract. Employees who accept positions in a different department or position shall be required to demonstrate their proficiency to perform the duties of the new position for a period not less than thirty (30) days and no more than ninety (90) days. Such employees will receive appropriate orientation and training as determined necessary by the concerned department. If the employee fails to successfully perform the new job duties, he/she shall be placed on the layoff list for twelve (12) months starting with the effective date of the layoff.

g. If layoffs are to occur, a list of employees, containing their seniority, their positions and their current job family shall be prepared by the Board and a copy thereof made available to BTU-TSP prior to notice of layoff to employees.

h. Laid-off employees shall receive payment for accumulated vacation leave, sick leave and compensatory time. Payment for sick leave shall be in accordance with the schedule in Article 15, section T.

i. In order to accommodate new and revised job descriptions, the parties shall have the authority to modify job families upon mutual agreement without submitting the changes to ratification by members of the bargaining unit. The authority to incorporate such changes into the contract is limited to changes for the purpose of including new job descriptions in existing job families.

B. **IT Displacement Process**: Effective with the 2013-2014 school year, both parties agree that continuous improvement of employee skills benefits both the employee and the School Board in the performance of job duties. Therefore, the parties agree to address the displacement process within the TSP job families for employees whose primary function is IT.

All TSP job families whose primary function is IT (Computer Applications, Computer Customer Service, Computer Network Systems Analyst, Computer Operations, Computer Programmer, and Telecommunications) shall be able to exercise displacement rights, as described in Article 14(A)(5), across the six (6) families.

In order to address this issue and accomplish their common goal, the parties agree to the following:

1. It is the intent of the District to create additional qualifications for job descriptions that are reasonable to attain within a six (6) month period. Both parties will participate in this process.

2. All revised job descriptions relating to the six (6) job families listed above must be submitted, and reviewed with the BTU-TSP no later than January 31st of each year in order to be used for the displacement process during that same school year. Changes after this date shall take effect for the following school year.

3. Displaced employees in the six (6) job families may be subject to meeting additional qualifications of a revised job description.

4. Pursuant to Appendix E, employees within the six (6) job families will have access to reimbursement funds for acquiring additional qualifications and/or pursuing additional coursework to improve or maintain skills within their job family.

5. Both parties agree that this provision shall not establish a precedent.

C. **RECALL:** Employees who have been laid off shall be re-employed in seniority order from most senior to least senior. Employees whose positions have been eliminated through layoff or otherwise, shall be called first to fill a vacancy within their job family.

1. Prior to other employees being recalled from the recall list, an employee who displaced another employee pursuant to provisions contained in this article shall have the right to be recalled to a vacant position for which they are qualified. However, the employee who displaces another employee shall not be eligible for a position at a higher pay grade than the one he/she originally held at the time of layoff. If the employee who displaced another employee fills a vacancy in his/her original department, then the employee whom he/she displaced will automatically be recalled into the position from which he/she previously held. After this process, other

employees will be recalled to fill a vacancy for which they are qualified in the same department they were assigned at the time of their layoff.

2. Employees may be offered a position outside their department/program for which they are qualified. Employees may refuse a position outside their department/program. Employees who refuse such a position a second time shall have no further rights to recall.

3. Each employee on layoff shall be required to provide the District Personnel Office, in writing, with a current address to which a letter of recall may be sent. Employees being recalled shall be notified by "Certified Mail Delivery Confirmation" and shall have five (5) working days from the date of the receipt of notice to respond to the School Board's offer and return to work. The School Board reserves the right to temporarily assign an employee to the vacancy until the recalled employee reports to work. If the letter is mailed to the address provided by the employee and is returned to the School Board because the address is incorrect, the School Board has fulfilled the obligation of this sub-section.

   If the School Board does not receive an affirmative response, the employee will be moved to the bottom of the recall list. If the recall notice is returned in the allotted time, yet not marked appropriately by the Human Resources & Equity Department, the employee shall retain his/her place on the recall list for the next job opening for which he/she is qualified. However, after the third returned notice, the employee's name will be dropped from the recall list and the School Board shall have no further obligation to the employee.

4. An employee whose contract is non-renewed due to reorganization shall be entitled to recall rights for a layoff period of eighteen (18) months. All other employees shall be entitled to recall rights for a layoff period of twelve (12) months.

5. The employee laid off pursuant to this Article shall be given the opportunity to continue insurance coverages in existing programs during the layoff provided that the premium for such insurance programs shall be paid by the employee on a monthly basis in advance of the month due.

6. No new or substitute appointments may be made while there are laid off employees available who are qualified to fill the vacancies, except that employees may be hired into positions that have been offered and refused by employees on the layoff/recall list.

ARTICLE FIFTEEN
LEAVES

A. Earned Annual Leave

1. Permanent part-time employees shall earn a pro rata share of Paid Vacation(s) of a full-time employee.

2. Payment of accrued, but unused, vacation time up to the limits contained in subsection (a) and (b) below, shall be made upon separation from employment provided notice of intention to leave has been filed with the designated county level unit administrator or if filing intention to leave is clearly impossible, it will be paid subsequent to the date that the School Board approved such separation. Further, such payment already earned may not amount to a sum larger than that provided in the affected employee's annual contract. Exceptions may be made in cases of dismissal or when a change in the individual's work year shall be imposed by the Board. Payment shall be made based on the affected employee's daily pay rate at the time of separation.

   a. Employees assigned to a vacation-earning calendar may receive payment for up to sixty-two point five (62.5) days of vacation under section (2) above. Effective July 1, 1995, terminal pay for accrued vacation leave may not exceed a maximum of 60 days for employees hired on or after said date.

   b. All other eligible employees not mentioned in subsection (a) above may receive payment for up to fifty (50) days of vacation pursuant to the criterion in this policy.

3. All permanent employees on Board assigned vacation earning calendars shall be eligible to receive a vacation with pay subject to the following provisions:

   a. Vacation requests, properly submitted by the employee to the appropriate division head and/or department head, shall be completed prior to the first day of vacation. Requests may be denied if not submitted in a timely manner.

   b. The affected employee's supervisor may reject a vacation request for a specific date if he/she feels that the employee's absence may disrupt the work of the department/school.

   c. An individual employed prior to the 15th of the month shall be given credit for earned vacation time for that month. Any

individual employed for one (1) day more than half of the Board approved vacation-earning calendar shall receive a year of service toward vacation credit for that calendar year. Vacation may be used as earned. At the end of each fiscal year unused vacation shall be carried forward to the following year.

d. Employees transferring to a twelve-month position from other contract calendar positions shall be given credit for the number of full time continuous years of service. They will start earning vacation the first month of twelve-month employment.

e. No employee may take in excess of fifteen (15) vacation days in any given month without the express written authorization of the Superintendent/designee.

f. Each employee on a vacation-earning calendar must take a minimum of five (5) consecutive vacation days per year providing the employee has accrued five (5) days. This provision may be waived by the Superintendent/designee in unusual circumstances.

g. Employees assigned to vacation-earning calendars shall earn paid vacation based on the following formula:

1. Five (5) complete years of service or less - 1-1/4 days per month.

2. More than five (5) complete years of service but less than ten (10) complete years of service - 1-1/2 days per month.

3. Ten (10) complete years of service or more - 2 days per month.

4. Total accrued vacation may not exceed sixty-two and one-half (62.5) days carry-over from one (1) fiscal year to the next.

4. For purposes of computing vacation accrual only, employees assigned to the BTU-TSP shall be credited with up to ten (10) years of work experience from another school district in any state or other employer provided that said experience is directly related to the job duties performed by the affected employee at the time he/she was hired by the Board.

B. **Legal Commitments**: Employees shall be granted leave for legal commitments and shall receive their regular salary while serving as jurors or witnesses under subpoena in any case, except when appearing as a party in a non-job related case. All monies received may be retained by the employee.

In the event that an employee has taken legal action against the District, said employee will not be granted leave nor be paid by the District when attending legal proceedings/meetings regarding the case, except for legal actions taken as a result of a grievance of this contract.

C. **Professional Leave/Special Grants**: The Board authorizes the Superintendent/designee to award special grants to qualified school-based and county-based employees who are assigned to the TSP salary schedule. The purpose of the grants is to enhance the ability of the affected employee(s) to carry out their responsibilities in a manner that will improve the effectiveness, efficiency, and quality of the Broward County Public Schools.

RULES

1. The Superintendent/designee shall develop and submit for Board approval the criteria and categories for the awards. The awards may be granted and paid for attendance at workshops, seminars, institutes, or to hire consultants to be used in countywide workshops. Awards may also be granted to affected administrators for the purpose of visiting outstanding programs in other school districts which would benefit the operation of the Broward County Public Schools.

2. The Superintendent/designee shall establish a committee to advise him/her on categories and criteria and to process grant applications. The Superintendent/designee shall appoint all committee members. A representative of the BTU-TSP will be appointed as a member to the committee.

3. Affected employees shall submit application forms by predetermined dates as established by the Superintendent/designee for the first and second semesters of each school year.

4. The Board will determine on an annual basis the funding level of the grant program.

5. The time period an employee is away from the District completing his/her grant work shall not be considered a break in service and

shall count as regular service for the purpose of retirement, vacation and sick leave accrual, etc.

D. **Professional Leave Without Pay**: Professional Leave for employees may be approved to pursue professional growth activities that will be beneficial to the Broward County Public Schools. Such leave shall be provided one (1) time only for full-time bargaining unit personnel who are in an active pay status (not on leave) with an acceptable performance evaluation for the preceding school year and a minimum of seven (7) years of full-time Broward County Public Schools experience including three (3) years of experience in a professional or technical position.

Professional leave recipients shall continue to receive Board paid insurance benefits for one (1) year.

Employees returning from Professional Leave will be assigned to a position as determined by the Superintendent/designee or placed on a recall list if no position is available.

E. **Longer Workdays**: Employees whose workday is regularly scheduled for more than seven and one-half (7.5) hours per day shall accumulate a day of sick leave and vacation leave equal to the number of hours in their regularly scheduled work day. For these employees, the balance for their leaves shall be reduced by same number of hours for each day used.

F. **Leave of Absence – Employees Elected to a Public State or National Elected Office**: A permanent employee elected to serve in a public office will receive professional leave with pay when attending official meetings of the affected public body.

RULES

1. The affected employee must submit a written leave request and attach proof that they have been elected to the specific public office.

2. The Superintendent/designee may temporarily assign the affected employee in order to maintain a quality level of service to the district.
3. This article is only for elected public office and does not cover clubs, professional organizations, etc.

4. This article shall also apply to an employee who is appointed by the Governor/Legislature to complete the term of office of a state/national elected public office.

G. **Accrual**: During leaves of absence with pay, a bargaining unit member shall continue to earn annual leave days except in the case of annual leave

granted in conjunction with resignation or termination of employment. In such cases, terminal vacation leave for which an employee is paid upon termination shall not be used for accrual of additional leave days.

H. **Family Medical Leave**: The Board will provide family and medical leave to qualified employees pursuant to the provisions of the Family and Medical Leave Act (FMLA) of 1993. The rules listed below generally outline the procedures for carrying out said leaves. The Board authorizes the Superintendent/designee to create and carry out all procedures necessary to implement this policy regarding the Family and Medical Leave Act.

1. A leave of absence under this policy shall be granted for a total of twelve (12) workweeks during any school year (July-June) for one of the following reasons.

   a. Birth of a son or daughter of the employee and in order to care for such son or daughter.

   b. Placement of a son or daughter with the employee for adoption or foster care.

   c. Care for the spouse, or a son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition.

   d. A serious health condition that makes the employee unable to perform the functions of the position of such employee.

2. For purposes of this policy, an "eligible employee" means an employee who has been employed:

   a. for at least twelve (12) months by the Board; and

   b. for at least 1,250 hours of service with the Board in the twelve-(12) month period immediately preceding the commencement of the leave.

3. If both a husband and wife are employed by the board, the aggregate number of workweeks of leave to which both may be entitled is twelve (12) workweeks for:

   a. birth of a child or placement of a child for adoption or foster care.

   b. care for a sick parent(s)

4. Employees who are on a leave granted under this policy who are eligible and receive Board provided group health insurance when actively working for the Board shall maintain this coverage for the duration of such leave. Employees who paid for dependent insurance and other types of board offered insurance coverage must make arrangements before going on leave to make direct premium payments to the Board while on leave.

5. Employees who wish to take family leave as outlined in rule number one, subsections (a) and (b) above, must provide the employer with not less than thirty (30) calendar days written notice, before the date the leave is to begin, except that if the date of the birth or placement requires leave to begin in less than thirty (30) calendar days, the employee shall provide such notice soon as is practicable.

6. Employees who wish to take medical leave as outlined in rule number one, subsections (c) and (d) above, shall provide the Board with thirty (30) calendar days notice, except that if the date of the treatment requires leave to begin in less that in thirty (30) days, the employee shall provide such notice as is practicable. Employees shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer.

7. Family Leave as outlined in rule number one (1) above, subsections (a) and (b) above shall not be taken intermittently. Employees cannot take leave in separate blocks of time or work on a reduced schedule during twelve (12) weeks of leave. The affected employee can take the desired leave time once only during the twelve-(12) weeks of leave.

8. Medical Leave as outlined in rule number one (1) above, subsections (c) and (d) may be taken intermittently when medically necessary. Under such circumstances, the employee must try to schedule the leave so as not to unduly disrupt the employer's operations. Also, the Superintendent/designee may place the employee in an alternative position, which better accommodates intermittent leave.

9. Leave under the Family & Medical Leave Act is intended to provide assistance to employees who do not have other leaves available. Therefore, pursuant to the authority granted under said law, employees wishing to take family or medical leave must first use the following leaves:

    a. Employees must substitute any accrued paid vacation and personal reasons leave for family leave provided for in rule

number one, subsections (a) above for any part of the twelve (12) week leave period.

b. Employees must substitute any accrued paid vacation, personal reasons leave, sick leave, paid medical leave, disability leave and workers compensation leave for medical leave as described in rule number one (1), subsection (c) and (d) above. (NOTE: employees who do not qualify for disability or workers compensation may qualify for medical leave if they meet the certification requirement listed in rule number fourteen (14) below.)

c. The Board will not count paid leave which was not for a family or medical purpose against the employees' FMLA twelve (12) week leave entitlement.

10. The Board shall require a medical certification from eligible employees who request medical leave under the FMLA. The form will be provided by the Superintendent/designee and the completed form must be returned within a time frame determined by the Superintendent/designee.

11. Upon return from a FMLA leave, the affected employee is entitled to be restored to the same position that the employee held when the leave started, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

12. The Board authorizes the Superintendent/designee to develop and implement procedures to carry out this policy, the FMLA and applicable U.S. Department of Labor Regulations.

I. **Illness In Line of Duty**: Any permanent bargaining unit employee shall be entitled to illness-in-line-of-duty leave with pay when the employee has to be absent from his/her duties because of personal injury received in the discharge of duty or because of illness from any contagious or infectious disease contracted at work. Such leave shall be in addition to any other leave to which the employee may be entitled, and such leave shall not be cumulative. Each employee shall be entitled to at least ten (10) days of such leave, but additional leave days may be granted by the Board. Any employee absent on such leave shall reimburse the Board for any Workers Compensation payments received for the period. Paid holidays occurring during such leave shall not be included in the computation of the number of days with respect to which leave is applicable. A substantiating statement by a physician and a corroborating statement by the administrator shall be required prior to approval of said leave, except that

the corroborating statement of the administrator may be subject to the grievance procedure.

1. A unit employee shall be entitled to illness-in-line-of-duty leave when absent from their duties because of illness from any contagious or infectious disease contracted in the course of their employment.

2. Contagious or infectious disease as heretofore described shall include but not limited to children diseases (measles, chicken pox, diphtheria, rubella), typhoid, meningitis, tuberculosis, hepatitis, mononucleosis, ringworm, head lice, when substantial proof is provided by a qualified physician and a corroborating statement of the immediate supervisor showing that such illness resulted from contact with students or other employees.

3. The employee's identity shall remain confidential, except as required by law.

4. The Superintendent/designee may, when deemed in the best interest of the school system, involuntarily transfer employees with contagious or infectious diseases. Before an employee is involuntarily transferred, a conference shall be held with the departmental supervisor or his/her designee or appropriate bureau/office head, except where such transfers are a result of a legal order.

J. **Military Leave**

Leave for military duty shall be granted in accordance with Florida Statutes, federal law, and such rules and regulations pertaining thereto as shall be approved by the Board.

Any individual employed by the Broward County Public Schools who is a member of the United States Military Reserve or the National Guard shall be entitled to leave of absence from his/her respective duties without loss of pay when he/she is ordered to active duty by the appropriate unit, provided:

1. Leaves granted shall be a matter of legal right and shall not exceed seventeen (17) days in any calendar year. However, the Board may grant a fully paid leave of absence for up to thirty (30) days of active military leave.

2. Notwithstanding the thirty (30) day leave limitation contained in paragraph 1 above, the Board shall grant additional leave for the

duration of the employee's active military service. Such leave shall normally be without pay. However, the Board may supplement the military pay of its employees who are reservists called to active military service in an amount necessary to bring their total salary, inclusive of their base military pay, to the level earned at the time they were called to active military duty. For purposes of this section, "total salary" shall be defined as the employee's main job with the Board, exclusive of all supplements and other extra jobs that the employee may have with the Board.

3. Personnel required to report for physical examinations in connection with the Selective Service law shall be paid for the time required for this obligation.

4. Upon completion of such military duty, the individual shall be re-employed in compliance with state and federal laws.

K. **Hardship Leave**: A unit employee eligible for sick leave may receive hardship leave time for his/her own illness up to a maximum of thirty (30) additional working days for the same illness per fiscal year, provided that:

1. Documentary evidence is presented by a Board approved physician to the Board proving that this particular illness necessitated confinement, either at home or hospital, which prevented the employee from reporting to work. The employee must be confined for ten (10) consecutive working days or more, without available sick leave, in order to receive this benefit.

2. The word "confinement" means medical restriction requiring isolation from the work place, not physical enclosure.

3. The time granted for hardship will be on the basis of one (1) day for each two (2) days of confinement (thirty (30) working days is the maximum allowed any fiscal year for any and all hardship leave).

4. Hardship leave may be granted to an employee while on leave from the Board if illness is the same one for which he/she was granted a leave of absence.

5. Application for hardship leave must be submitted to immediate supervisor no later than one year after the conclusion of the confinement period.

L. **Personal Leave**: The Board may grant personal leave without pay to any employee for justifiable reasons and for a period of time and subject to such conditions as it may determine appropriate.

1. Any bargaining unit employee who has been employed consecutively for three (3) years may request a Personal Leave for a period not to exceed one (1) year. If the Board grants such leave to any bargaining unit employee with one (1) year of service but less than three (3) years' service, the Board shall not assume any obligation to reemploy the individual to whom such leave has been granted.

2. An employee on Personal Leave must notify, in writing, the Leaves Department as to his/her intentions regarding employment for the following fiscal year. This must be done no later than March 1 of the fiscal year in which he/she is on leave. Failure to do so shall relieve the Board of any responsibility or contractual obligations.

3. Board action shall not be required when requesting vacation for a short period (2-3 days). A request for Personal Leave Form must be filed with the Division of Human Resources & Equity.

4. While on personal leave, employees who elect to maintain insurance benefits coverage are responsible for contacting the Division of Human Resources & Equity.

M. **Parental/Maternity Leave**: A unit employee shall be granted a parental leave of absence without pay for up to one (1) year for the purpose of childbearing and/or parenting as follows:

1. A unit employee who is pregnant shall be entitled upon request to a leave to begin at any time between the commencement of her pregnancy and one (1) year after a child is born to her.

   a. The employee shall notify her immediate supervisor, in writing, of her desire to take such leave and, except in a case of emergency, shall give such notice at least thirty (30) calendar days prior to the date on which her leave is to begin. She shall include with such notice either a health care provider's statement certifying her pregnancy or a copy of the birth certificate of her child, whichever is applicable.

   b. An employee who is pregnant may continue active employment as late in her pregnancy as she desires provided she is able to properly perform her required functions as certified by a qualified physician.

2. A male employee shall notify his supervisor, in writing, of his desire to take parental leave to begin at any time between the birth of his child, and one (1) year thereafter. Except in cases of emergency,

such notice is to be given at least thirty (30) days prior to the day on which the leave is to begin.

3. A unit employee adopting an infant child (i.e., one (1) year of age or less) shall be entitled upon request to a leave to commence at any time during the first year after receiving de facto custody of said infant child, or prior to receiving such custody, if necessary, in order to fulfill the requirement of adoption.

4. A unit employee on parental leave may elect to use any accrued vacation (annual leave), personal leave with pay, and/or sick leave before entering leave-without-pay status.

5. The Board will continue appropriate contributions to the IRS Section 125 Cafeteria Plan. The employee may continue to make contributions to those compensation or employment benefit plans, which permit continuation of such contributions.

6. Failure of a bargaining unit member to respond to the official Personnel Management and Service's Letter of Intent or failure to return to work immediately following the expiration of leave shall constitute willful neglect of duty which shall subject the employee to termination.

N. **Sick Leave**: A full-time employee who is unable to perform his/her duty because of illness, or because of illness or death of father, mother, sister, brother, husband, wife, child, other close relative, or member of his/her own household and consequently has to be absent from his/her work, shall be granted leave of absence for sickness by the Superintendent/designee in writing by him/her to do so. The following provisions shall govern sick leave:

1. **Accrual:** Each employee on a full-time basis shall be entitled to four (4) days of sick leave as of the first day of employment of each contract year, and shall thereafter earn one (1) day of sick leave for each month of employment, which shall be credited to the employee at the end of that month, and which shall not be used prior to the time it is earned and credited to the employee. However, the employee shall be entitled to earn no more than one (1) day of sick leave times the number of months of employment during the year of employment. When an employee uses a sick leave day, it shall be paid at the affected employee's daily rate of pay at the time the day is utilized. Also, when an employee uses a sick leave day, those days are earned at a lower rate of pay and shall be deducted before sick days having a higher value. Such leave shall be taken only when necessary because of sickness as herein prescribed. Such sick leave

shall be cumulative from year to year. There shall be no limit on the number of days of sick leave an employee may accrue, except that at least one-half (1/2) of this cumulative leave must be established within the District.

2. **Sick leave accumulated in another Florida district or districts:** Sick leave that is accumulated in other Florida school district(s) by an employee shall be accrued to the employee at a rate equal to the number of sick leave days allowed the employee during each year of employment in this District until such time as all sick leave accumulated in other Florida school district(s) has been transferred to the District.

   Such transferred sick leave days shall be in addition to sick leave days to which the employee is entitled from this school district.

   a. An employee absent on sick leave, which has been approved by the appropriate administrator, shall receive full compensation for the duration of the leave granted, provided claim for such compensation, on forms to be supplied by the Superintendent/designee shall have been filed by the end of the work month in which the absence occurs. Any employee who finds it necessary to be absent from his/her duties because of illness shall notify his/her immediate supervisor, if possible, before the beginning of the workday on which he/she must be absent, or during that day except for emergency reasons recognized by the School Board as valid. When requested by the Superintendent/designee, the employee will be required to submit a certificate of illness from a licensed physician or from the county health officer.

   b. The computation of sick leave for employees who have been transferred from temporary to permanent status shall begin at the date of permanent employment.

   c. Permanent, part-time employees shall earn sick leave on a pro-rata basis. In order to receive a full day of sick leave credit for the month, the employment period must have begun on or before the 15th of the month. Employees who commence work after the 15th of the month shall earn a prorate share of sick leave for the month. However, each eligible employee shall be entitled to earn no more than one (1) day of sick leave times the number of months of employment in the affected employee's assigned work calendar. If the employee terminates his/her employment and has not accrued the four (4) sick days available to him/her, the School Board shall

withhold the average daily amount for the sick days utilized but unearned by the employee.

d. Upon proper application, an employee, who has been employed continuously for three (3) or more years, may be granted temporary leave of absence for extended illness, without pay, such leave not to exceed one (1) year. Upon return to duty following such absence, the employee shall be employed in the same or similar position. The Board assumes no obligation for reassignment at times other than the beginning of a school or fiscal year, depending on the position previously held.

e. Leave granted for extended illness requires semi-annual medical statements (July and January) verifying the illness or situation of the individual involved.

3. **Use of Sick Leave:** An employee shall have the right to use sick leave in hourly increments, for the purpose of medical or dental appointments.

If an immediate supervisor suspects an abuse of sick leave, he or she shall first investigate the matter and discuss the findings with the affected employee.

An abuse of sick leave is defined as a pattern or series of absences, which occur over an extended period of time, and on a regular and predictable basis and without adequate justification. For example, a regular and predictable basis would be: sick leave being used as soon as earned; absence on only Mondays or Fridays; absences occurring on the days before or after a holiday period; absences occurring on the day after a payday on a regular basis.

If the investigation sustains that a documented pattern of abuse does exist, the employee may be subject to disciplinary action.

O. **Personal Reasons Leave:** Employees shall be granted up to six (6) days in each fiscal year for personal reasons. When used, these days shall be charged to available sick leave. Leave for personal reasons shall not be cumulative. Employees shall not be required to give reasons for these days, except that the leave is for "personal reasons". Such leave must be requested in writing twenty-four (24) hours in advance of the day the employee wishes to take off, except in unusual circumstances.

P. **Continuing Insurance Coverage While on Leave**: Any employee granted a Board-approved leave of absence with or without pay as provided in this

Article shall be given the opportunity, unless otherwise provided, to continue insurance coverage in school programs and, with the approval of the retirement system, continue participation in the retirement system during the leave, provided that the premiums for such insurance programs shall be paid by the employee on a monthly basis in advance of the month due. Any such employee may serve as a substitute teacher in the District while on leave.

Q. **Sick Leave Bank**: Employees shall continue to be eligible to participate in the Board's sick leave bank for non-bargaining unit employees under the rules established by the Board.

R. **Donation of Sick Leave**: An employee may donate earned and accrued sick leave to a qualified district employee in accordance with the following procedures.

A. Qualified district employee is defined as a benefits eligible employee who holds a position, which is eligible for sick leave accrual.

B. Days/time may not be donated until such time as the recipient has depleted his/her own sick leave accrual. However, the recipient is not required to utilize days available from a sick leave bank in which they may participate prior to receiving a donation from a district employee.

C. With the exception of pay for the purpose sick leave, donated days/time shall have no value for the recipient for the purposes of terminal pay or any other program and/or provision that provides pay for accrued sick leave.

D. Donated days/time may not be utilized for the purpose of personal reasons leave.

E. At the time of an employee's donation to a qualified district employee, the donated sick leave day shall be converted to a monetary sum by multiplying the day donated times the donor's daily base rate of pay at the time of the donation. The resulting value shall be credited to the recipient for use as sick leave.

F. The recipient employee must notify his/her supervisor within five (5) days of his/her absence from work that he/she is eligible to be compensated for such sick leave as a result of a donation from an employee. An employee may notify his/her supervisor that he/she is eligible for a donation of sick leave in advance of the depletion of his/her sick leave and that a donation will be utilized upon depletion of his/her sick leave.

G. The donor employee must notify his/her supervisor within five days of a recipient employee's illness that he/she will authorize the donation of sick leave time to recipient employee. The donor employee shall sign the Sick Leave Donation Authorization form and submit the completed form to his/her supervisor within the above time frame. A donor employee may notify his/her supervisor that he/she will authorize a donation of sick leave in advance of the recipient's depletion of his/her sick leave and that a donation will be authorized upon depletion of the recipient's sick leave.

H. Day(s) will be deducted from the donor employee's sick leave accrual, in accordance with existing School Board practice, and credited to the recipient employee's sick leave accrual in accordance with the conversion specified in paragraph 5 above. Said time shall be paid to the recipient at his/her current rate of pay.

I. All sick leave compensated by the use of donated days may require a certificate of illness from a licensed physician or from the county health officer.

J. The donation of days to a qualified district employee shall not disqualify the donor employee from eligibility for attendance award(s) contained in Collective Bargaining Agreements and/or Board Policy.

S. **Terminal Pay:** Any employee at normal retirement or his/her beneficiary if service is terminated by death, shall be provided terminal pay. Such terminal pay shall not exceed an amount determined as follows:

1. During the first three (3) years of service:

   a. The affected employee's daily rate of pay on July 1, 1994, multiplied by 35 percent multiplied by the number of unused sick leave days held on July 1, 1994.

6. No employee who meets the eligibility requirements listed above may receive any compensation for sick leave payments unless they sign and execute the Payment of Sick Leave Upon Retirement Agreement provided by the Superintendent. This Agreement requires the retiring Board employee to seek, accept, and cash the first retirement benefit check issued by the Florida Retirement System.

The employee must qualify for "normal retirement" which under this policy shall mean retirement under plan A, B, C, D, E under the Florida Retirement System or any other plan established by the Legislature with either full or reduced benefits as provided by law.

Normal retirement shall not be interpreted to include disability retirement.

*Note: "At the time sick leave is earned" shall be interpreted to mean the value of sick leave at the end of each school year or at the time the affected employee retires, whichever comes first.

T. **Declared Emergency Paid Leave:**

1. A declared emergency is defined as one declared by federal, state, or local officials.

2. Employees may receive Declared Emergency Paid Leave when one or more of the following conditions exist:

ARTICLE SIXTEEN
EMPLOYEE ASSISTANCE PROGRAM

The School Board recognizes that a wide range of problems not directly associated with an employee's job function can have an effect on an employee's job performance. In most instances, the employee will overcome such personal problems independently and the effect on the job performance will be negligible. In other instances, normal supervisory assistance will serve either as motivation or guidance by which such problems can be resolved so the employee's job performance will return to an acceptable level. In some cases, however, neither the efforts of the employee nor supervisor have the desired effect of resolving the employee's problems and unsatisfactory job performance persists over a period of time, either constantly or intermittently.

The Employee Assistance Program is intended to help employees who are suffering from persistent problems, which may tend to jeopardize an employee's health and continued employment. The School Board shall not assume any financial responsibility for treatment of employees in the program.

Objectives:

1. To assist and advise employees who develop behavioral/medical problems in an effort to prevent their condition from progressing to a degree at which they cannot work effectively.

2. To identify, develop, promote and promulgate sound physical and medical health prevention programs in areas such as stress management, professional fatigue and employee fitness program.

3. To encourage use of the program through assurance of confidentiality except as required by law.

ARTICLE SEVENTEEN
PERFORMANCE PLANNING AND APPRAISAL SYSTEM

A. Scope and Purpose: This section sets forth the rules, regulations, and procedures for the establishment, maintenance, and administration of the performance planning and appraisal system applicable to employees represented by the Broward Teachers Union-Technical Support Professionals (BTU-TSP). Performance planning and appraisal is a systematic approach and process which is designed to achieve the following:

1. Document competencies and skills necessary for success in the employee's position.

2. Facilitate employee understanding of job responsibilities and expectations, priorities, and criteria used to evaluate performance.

3. Establish means to facilitate a comprehensive performance appraisal system and establish procedures for the collection, retrieval and use of data to provide feedback to an individual, a team and the system.

4. Stimulate improved job performance by clarifying position-specific performance expectations.

5. Develop the employee's effectiveness through emphasis on feedback, coaching, and professional development activities.

B. Participant Status:

1. Entry Level: this category includes employees in their first year of service in any new position, including lateral transfers.

2. Professional: this category includes all employees with more than one year of experience in their current assignment.

C. **Committee for Continued Development**: The parties agree to form a committee to review the application of procedures and to develop appropriate criteria in each category of employees represented by BTU-TSP. The President of BTU-TSP and the Superintendent shall each appoint members to the committee. The committee shall make recommendations to the President of BTU-TSP and the Superintendent within an agreed upon period of time.

D. **Procedural Steps**

1. **Orientation (First Quarter)**: Orientation shall take place during the first quarter of the year (August, September, October) or within three (3) weeks of hire or appointment to a new position. The supervisor shall orient the employee to the evaluation criteria, process and instrument to foster an understanding of the basis and procedures for appraisal. The supervisor shall review with employees, either individually or as a group, the evaluation system's rating scale and categories, the District's Strategic Plan, department improvement plans and customer surveys. The supervisor shall discuss the uniqueness of an employee's work and provide written job performance expectations for it. This supervisor shall identify training, coaching, and mentoring resources and facilitate those resources needed by the employee.

2. **Goal Setting (First Quarter)**: Goal setting shall take place during the first quarter of the year or within three (3) weeks of hire or appointment to a new administrative position. The appraiser shall discuss available data with the employee regarding customer surveys, facility audits, etc. The appraiser shall provide the employee with strategic goals tied to a departmental strategic plan or request the employee to submit a minimum of three (3) Key Goals to the appraiser linked to targets specific to the employee's job. Based on a review of the data, Key Goals will be collaboratively agreed upon. If agreement cannot be reached, the appraiser's supervisor shall establish the employee's Key Goals. The appraiser shall inform the employee how and when these goals will be rated.

3. **Optional Mid-Year appraisal (Second Quarter)**: A mid-year appraisal may take place during the second quarter of the year (November, December, January) or within three months of the completion of goal setting for a newly hired or appointed employee. Specific performance criteria for a category rated as less than "Effective" must be identified in writing on a Performance Improvement Plan (PIP) if the overall rating is "Ineffective". A mid-year appraisal with an overall rating of "less than effective" and an accompanying PIP must be completed no later than January 31. The appraiser shall review but not rate the employee's key goals.

4. **Final Appraisal (Fourth Quarter)**: A final appraisal using the current system evaluation instrument shall be conducted during the fourth quarter (April, May, June) and submitted to Supervisor, Personnel Records. A final appraisal with an overall rating of less than "Effective" along with a copy of the PIP must be submitted to the Chief of Human Resources & Equity no later than April 30 if an individual is being recommended for non-reappointment. Specific

performance criteria for a category rated less than "Effective" must be identified in writing on a PIP. The achievement of Key/Strategic Goals is also assessed.

5. **Conferences (Ongoing)**: Required conferences are held first quarter for orientation, fourth quarter for the final evaluation, and any time an interim evaluation is completed. Third quarter feedback conferences are strongly encouraged for Entry Level employees. Conferences provide for a review of data to determine the progress of performance, to adjust individual Key/Strategic Goals, and to identify and facilitate training, coaching, mentoring and resource needs. Development feedback may take place at anytime during the year but must be included in all evaluation conferences. Developmental feedback focuses on specific performance behavior and expectations. Feedback conferences for employees whose performance is ineffective must be conducted individually.

E. **Failure to Meet Job Standards**: For an employee to receive an overall rating of Ineffective that reflects his/her failure to meet job standards, the assessment instrument must provide the reasons and supporting documentation. Whenever an employee is so rated, a PIP must be developed.

F. **Performing Improvement Plan (PIP)**

1. **Noting Deficiencies**: The appraiser shall outline deficiencies and offer assistance to an employee prior to placement on a PIP.

2. **Deficiencies Continue**: If deficiencies continue after being noted by the appraiser and shared with the employee, the appraiser shall conduct an appraisal and develop a PIP if two or more categories are rated as not meeting job standards. The employee will be notified of performance deficiencies in writing on the appraisal form. This action may take place at any time. If only one category is rated as Ineffective, the overall rating will be Effective and written documentation and recommended strategies for improvement must be attached to the instrument.

3. **Development of the PIP**: Categories rated as less than "effective" must be identified on the PIP. The PIP must provide written strategies for improvement that may include staff development activities. Appropriate activities/tasks for improvement along with a timeline for their completion will be developed collaboratively between the appraiser and employee, and must include input from Human Resources & Equity. The PIP must identify a date within three months when the PIP and progress made will be reviewed.

Consequences for failure to correct the identified deficiencies must be indicated in writing on the PIP.

4. **Feedback**: An employee with a PIP will be afforded developmental feedback regularly as determined by the appraiser and apprised of progress achieved and noted while on the PIP.

5. **PIP Close Out**: At the conclusion of the period of time listed on the PIP for correcting the performance deficiencies, the appraiser will notify the employee in writing as to whether or not the performance deficiencies have been corrected. An employee's final appraisal may be given overall rating of less than "effective" if said deficiencies are not corrected. In such case, the appraiser must, prior to the final evaluation conference, meet with the appropriate Director and/or Chief to discuss the related documentation, the affected individual's PIP, and final appraisal prior to making a recommendation for the subsequent school year's renewal/reappointment. The appropriate supervisor shall meet with an employee with a PIP at any time during the evaluation process to discuss said evaluation if requested to do so. The employee may attach a statement to the appraisal within ten (10) days of its completion. The evaluation form, documentation and PIP must be submitted to Human Resources & Equity by April 30 for an end-of-year appraisal, which results in recommendation for non-renewal/non-reappointment.

ARTICLE EIGHTEEN
MISCELLANEOUS

A. **Contracting Out**: The District agrees to notify BTU-TSP informally as soon as possible and formally, no later than thirty (30) days before approval of a request to contract out, except that notification shall not be necessary if the District contracts out on a short-term basis of specific duration in order to provide supplemental resources not available through the use of current employees. The District shall provide such notification to BTU-TSP of the extension or renewal of existing agreements and of investigations by management to contract out bargaining unit work for the purpose of meeting the District's economic needs. Notification shall include the anticipated economic impact on the District and the impact on bargaining unit members. BTU-TSP shall be given an opportunity to meet with appropriate management personnel to explore ways to lessen the impact on bargaining unit members.

The District recognizes the integrity of the bargaining unit and BTU-TSP's obligation to preserve regular unit employee's jobs who are presently employed. The District reserves the right to contract out bargaining unit work as long as it is not for the sole purpose of eroding the bargaining unit.

B. **Calendar**: The District agrees to consult with the BTU-TSP President or his/her designee, prior to adoption of the school year calendar, for the purpose of giving input from employees.

C. **Liability Protection:** The District shall provide comprehensive liability coverage for all employees. for legal counsel to defend those covered in any suit brought against them even if any of the allegations of the suit are groundless, false or fraudulent, provided the employee was acting within the scope of his/her duties. Further, if a judgment should be rendered against an employee as a result of any suit, the general liability carrier shall discharge such obligations up to the limits of the coverage. Only compensatory damages (actual damages for medical expenses, hospital expenses, loss of service, pain and suffering, etc.) not punitive damages (willful and negligent damages) shall be covered under this provision.

D. The parties agree to editorially change all references to reflect BTU-TSP and steward nomenclatures.

E. **Job Descriptions**

1. **Changes in Job Descriptions**: Whenever there is a proposed change in the job description or title of a classification within this bargaining unit, the Board shall discuss with BTU-TSP the proposed change in job descriptions and/or job families prior to approval of the change. The BTU-TSP shall receive a copy of the current job description and the proposed job description. When changes result in a request for a reclassification, the parties agree to negotiate the impact the changes may have with respect to wages. The parties agree to be guided by the point factor analysis appropriate to the relative scale of values set up in a classification.

2. **Reclassification**: For the purpose of this section, a reclassification shall be defined as a change in any one or more of the following: job titles, responsibilities (including supervision), minimum qualifications, or the need to establish or maintain internal/external pay equity. Minimal changes in job titles, responsibilities, or minimum qualifications shall not result in a requirement to advertise and may or may not result in a higher step or pay grade. A reclassification shall not be used to recognize superior performance by an employee.

3. **Variations**: The parties agree that the District may assign employee tasks and duties which involve minor and occasional variation from the present job description as long as the tasks and duties assigned fall within the skills, qualifications, and other factors common to the classification.

4. **Changes in Reporting Structures**: Whenever there is a proposed change in the reporting structure for a classification within this bargaining unit, BTU-TSP shall be informed prior to its implementation.

5. **New Job Descriptions:** When new job descriptions are proposed for positions that will be paid on the TSP salary schedule, the proposed job description shall be provided to BTU-TSP prior to its approval. If a new job description is a successor title to a job description covered by this Agreement with no substantial change in duties, the new job description shall automatically become a classification included in this Agreement.

   If a new classification contains a significant part of the work now done by any classification in this bargaining unit or shares a community of interest with classifications in the bargaining unit, the BTU-TSP may notify the District that it believes the classification should be in the bargaining unit. The parties shall meet to agree upon its inclusion in or exclusion from this bargaining unit based

upon an examination of the duties assigned and the community of interest with other employees. EXECUTIVE SUMMARY

K-12 English Language Arts (ELA) Gap Purchase

Board Meeting Date: June 9, 2026

Requested Action: Approve the purchase of the K-12 English Language Arts (ELA) Gap purchase (one-year gap purchase). This action will ensure that Broward County Public Schools (BCPS) maintains compliance with state statutes regarding instructional materials adoption.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• Pursuant to School Board policy 4100- Instructional and Digital Classroom Materials: BCPS is responsible for ensuring equitable access to Board-approved instructional and digital materials necessary to support student learning and implementation of the District's academic programs.
Statutory Requirement	• Supports Fla. Stat. 1006.28 - Duties of School Board, Superintendent, and Principals, 1006.283 - Review and selection process for Instructional Materials, and 1006.40 - The use of Instructional Materials Funds.
If the School Board votes "Yes"	• If the School Board votes "Yes", approval authorizes the purchase of the English Language Arts (ELA) Gap Purchase, providing continued support of the previously adopted state approved content in schools for the 2026-2027 school year.
If the School Board votes "No"	• If the School Board votes "No", the item is not approved, the ELA Gap Purchase will not be made at this time. **This delay would postpone procurement and delivery timelines, resulting in instructional materials being received after the start of the 2026-2027 school year** and limiting timely student access to already approved ELA content.
Alignment to the 2027 Strategic Goals and Guardrails	• Goal 1: Early Literacy Proficiency • Guardrail 3: School Support • Guardrail 4: Accountability
Measurable Outcome(s)/Return on Investment	• Currently, one hundred percent (100%) of students have access to the currently adopted instructional materials for the English Language Arts content areas, which were adopted five years ago. • By the beginning of the 2026-2027 school year, one hundred percent (100%) of students will receive the appropriate instructional materials to maintain access to currently adopted ELA instructional materials. This will

	ensure that students are best equipped with instructional materials for the school year.

Background/History
The District's most recent English Language Arts (ELA) adoption was approved in May 2021 for the 2021–2026 school years, with a total value of $30,749,364. In the 2024 school year, the state revised the ELA adoption schedule, moving ELA back one year and World Languages forward one year. As a result, the District had one year remaining in the current ELA cycle. Due to current fiscal constraints, the District cannot implement a full ELA adoption at the same time as the World Languages adoption; therefore, this item proposes a one-year gap purchase to maintain continuity of ELA instructional materials.

This agenda item supports The District's 2022–2027 Strategic Plan by ensuring students and teachers have access to state-adopted instructional materials and digital resources necessary for standards-aligned instruction and continuous improvement. The Gap purchase supports Goal 1: Early Literacy Proficiency by strengthening students' language proficiency and communication skills aligned to state standards expectations. This action aligns with the District's Guardrail 3: School Support, by ensuring classrooms have essential instructional resources; and Guardrail 4: Accountability, by ensuring implementation is aligned to state adoption requirements and district monitoring expectations.

Approval supports continued compliance with state statutes for the next five years related to state-adopted World Languages titles and will ensure timely delivery to schools for the beginning of the 2026-2027 school year.
If the School Board votes "No"	• If the School Board votes "No", the item is not approved, and the recommended titles and publishers cannot be purchased or implemented at this time. While the District would remain within the state's allowable three-year window to transition to the most recent state adoption, a subsequent agenda item would need to be brought forward for future consideration. **This delay would postpone procurement and delivery timelines, resulting in instructional materials being received after the start of the 2026-2027 school year** and limiting timely student access to World Languages materials.

Alignment to the 2027 Strategic Goals and Guardrails	• Goal 4: College and Career Readiness • Guardrail 2: Equity • Guardrail 3: School Support • Guardrail 4: Accountability
Measurable Outcome(s)/Return on Investment	• Currently, one hundred percent (100%) of students have access to the previously adopted instructional materials for the World Languages content areas, which were adopted seven years ago. • By the beginning of the 2026-2027 school year, one hundred percent (100%) of students will receive the appropriate instructional materials for the World Languages content areas. This will ensure that students are best equipped with instructional materials for the school year.

Background/History
The previous World Languages Adoption took place in 2020 with an approximate cost of $8,287,176, which was inclusive of Dual Language and spent during the five years of the World Languages and Dual Language Adoption. Approximately $2,700,000 was spent for the 2025-2026 school year to purchase Gap materials for World Languages.

The World Languages Adoption scheduled for 2025-2026 was delayed from presentation to the School Board due to required revisions to specific language within the instructional materials prior to receiving state approval for adoption. Those revisions were completed, and **the state has approved all recommended materials**. The delay was not related to curriculum concerns; rather, it reflected the need to ensure full alignment with the State of Florida's requirements.

This agenda item supports The District's 2022–2027 Strategic Plan by ensuring students and teachers have access to state-adopted instructional materials and digital resources necessary for standards-aligned instruction and continuous improvement. The adoption supports Goal 4: College & Career Readiness by strengthening students' language proficiency and communication skills aligned to postsecondary and workforce expectations. This action aligns with the District's Guardrail 2: Equity, by providing equitable access to high-quality materials; Guardrail 3: School Support, by ensuring classrooms have essential instructional resources; and Guardrail 4: Accountability, by ensuring implementation is aligned to state adoption requirements and district monitoring expectations.

Florida Statute 1006.283 outlines a multi-step approval process to ensure input from all stakeholders in the adoption of instructional materials. The process includes:

- **Online Access:** Student editions of the recommended instructional materials have been made available online for 20 days prior to the Public Hearing for public review, starting on **Friday, April 10, 2026**. Online access will remain available until **Tuesday, June 30, 2026**.
- **Public Hearing:** An open, noticed public hearing will be held on **Tuesday**, **May 5, 2026**, during which the public can provide feedback on the recommended materials.
- **School Board meeting:** An open, noted School Board meeting will take place at the Regular School Board Meeting on **Tuesday, June 9, 2026**, to approve the annual instructional materials plan, identifying materials to be purchased through the district's review process.
- **Second Public Hearing (If necessary):** If formal objections are raised, a second public hearing, chaired by a Hearing Officer, will be scheduled at least 30 days after the Board's approval, no earlier than **Friday, July 10, 2026.**

This structured process ensures transparency and accountability in the selection of instructional materials.

EXECUTIVE SUMMARY

2026-2027 Statewide Voluntary Prekindergarten (VPK) Provider Contract

Board Meeting Date: June 9, 2026

Requested Action: Approve the Statewide Voluntary Prekindergarten Provider Agreement Form DEL-VPK 20 between the Early Learning Coalition of Broward County, Inc. (ELC) and The School Board of Broward County, Florida (SBBC), for a term that commences on August 10, 2026, and concludes upon completion of the VPK instructional hours and completion of the requirements outlined in the Contract or termination, and the spending authority of $4,600,719.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• N/A
Statutory Requirement	• N/A
If the School Board votes "Yes"	• The SBBC will receive approximately $4,600,719 in state funding to provide the VPK program to eligible children within District schools during the school year and summer.
If the School Board votes "No"	• The SBBC will lose approximately $4,600,719 in state funding and will be unable to provide the VPK to eligible children within District schools during the school year and summer. This would impact on the enrollment of approximately 1,542 students and the employment of approximately two hundred fifty (250) employees.
Alignment to the 2027 Strategic Goals and Guardrails	• Goal I: Early Literacy Proficiency
Measurable Outcome(s)/Return on Investment	• SBBC will provide high-quality screening, instruction, and Early Literacy interventions to approximately one thousand five hundred forty-two (1,542) children at fifty-four (54) schools during the 2026-2027 school year and additional schools during the summer terms. Providing VPK programs within SBBC improves kindergarten readiness and the likelihood of enrollment within kindergarten at Broward County Public Schools (BCPS). • Assessment data indicated that from Fall 2024 to Spring 2025, there was an increase of 44% of enrolled VPK students scoring at or above 707 (kindergarten ready) on Star Early Literacy.

Background/History

The Florida VPK Program was established in 2005 following a 2002 Florida constitutional amendment, and is governed by Chapter 1002, Part V, Florida Statutes. Its implementation and enforcement are carried out through rules within Chapter 6M-8, Florida Administrative Code, with local administration by the ELC under state oversight by the Division of Early Learning (DEL). The Statewide VPK Provider Contract (DEL-VPK20) is a compliance-based agreement between the ELC and SBBC that establishes the requirements for participation in the VPK Program. It explains provider eligibility and payment through reimbursement rather than direct funding. SBBC must deliver the required instructional hours, adhere to all statutory and regulatory requirements, submit verified enrollment and attendance data, with funding contingent upon legislative appropriations and compliance with program rules. VPK funds are restricted to program use and cannot be redirected for non-VPK purposes.

SBBC began providing VPK instruction to eligible children during the 2005-2006 school year. During the initial years, only summer and half-day VPK classes were offered. Years later, during the 2013-2014 school year, SBBC expanded the VPK program to introduce full-day VPK classes and has steadily expanded the full-day program to serve seventy-five (75) full-day classes at fifty-four (54) schools for the 2026-2027 school year. This section outlines how the proposed item will impact schools, including the selection and prioritization process where applicable, as well as stakeholder and end-user input. It also addresses technology and capital asset life cycles, replacement planning, and any additional operational details necessary to provide the Board with a comprehensive understanding of implementation.

Impact on Schools	Offering the VPK program expands access to free, high-quality preschool instruction. The program strengthens the school and district's early learning continuum by promoting kindergarten readiness, improving long-term academic outcomes, and supporting early identification of learning needs. Student enrollment in the VPK program creates a direct pipeline toward kindergarten enrollment and future FTE.
School Selection /Prioritization	Schools are selected based on many criteria, including but not limited to: • Identification of necessary funding • Available space • School and parent interest • Existing preschool offerings • Current level of compliance and program effectiveness
Community/ Stakeholder Engagement	Efforts are made at the school and district level to recruit children for the VPK program.
End-User Input	N/A
Technology/Capital Expected Lifecycle/Replacement Cycle	N/A

Additional Backup: The Florida VPK program provides reimbursement on a per-child basis. VPK program capacity within the district is scalable and not inherently capped by state statute or Florida Administrative Code.

The formula for FTE calculation is subject to revision by the Legislature during the course of the program year. In the event that a change of ownership or transfer of a VPK Program has occurred and payment, including advance payment, has been made, the succeeding VPK provider must not receive funding that, combined with the funds already dispersed to the preceding VPK provider(s), would exceed the funding for one (1) full-time (FTE) for each child enrolled.

If PROVIDER ceases to offer early learning programs before the overpayment is fully offset, PROVIDER agrees to return the funds it was overpaid. If PROVIDER fails to return the funds it was overpaid, PROVIDER will be subject to collection efforts.

44. **Attendance Documentation Submission.** PROVIDER agrees to submit monthly attendance certification, in accordance with Rule 6M-8.305, F.A.C., for payment. If PROVIDER fails to return the funds it was overpaid, PROVIDER will be subject to collection efforts and fraud restitution.

48. **Head Start Agencies.** If PROVIDER is a Head Start Agency, PROVIDER understands that, in accordance with federal law, PROVIDER's Head Start programs must be "in addition to, and not in substitution for, comparable services previously provided without Federal assistance." X. NONDISCRIMINATION

53. **Discrimination Prohibited.** PROVIDER agrees to comply with the antidiscrimination requirements of 42 U.S.C. s. 2000d, regardless of whether PROVIDER receives federal financial assistance. PROVIDER agrees not to discriminate against a parent or child, including the refusal to admit a child for enrollment in the VPK Program, in violation of the antidiscrimination requirements.

XI. TERMINATION AND NONCOMPLIANCE

54. **Noncompliance Determination and Corrective Action Notice.** If COALITION determines PROVIDER has failed to comply with the provisions governing the VPK Program as described in paragraph 5 or the requirements of this Contract, and COALITION concludes that corrective action will resolve the failure to comply, COALITION must notify PROVIDER in writing. ("Corrective action" means implementation of specific action(s) designed to correct the failure to meet a specific requirement.) The notice must: (i) identify the specific requirement(s) that the PROVIDER failed to meet, (ii) describe how PROVIDER failed to meet each requirement, (iii) provide a detailed description of any required corrective action, (iv) set a deadline for completion of the corrective action, and (v) state that PROVIDER may request a review of the determination as described in paragraph 61. Upon determining that PROVIDER has completed the corrective action, COALITION must notify PROVIDER in writing. If PROVIDER has not satisfactorily implemented its corrective actions by the end of this Contract, PROVIDER will

still be held accountable for implementing the remainder of the corrective actions if PROVIDER remains eligible to deliver the VPK Program and executes a new contract with COALITION.

55. Termination for Cause.

The following are grounds for termination for cause: (a) action, or lack of action, which threatens the health, safety, or welfare of children; or cited for a Class I violation by the Department of Children and Families or local licensing agency as applicable; (b) the material failure to comply with one or more of the terms of this Contract, including failure to verify all new hires work authorization status using E-Verify system as described in paragraph 7, and failure to implement corrective action; (c) the refusal to accept any notice described under this Contract which COALITION is required to send to PROVIDER; or (d) reasonable or probable cause for COALITION to suspect that fraud has been committed by PROVIDER as described in paragraph 60.

b. Notice of Termination for Cause. In order to terminate PROVIDER for cause, COALITION must send a written notice of termination for cause to PROVIDER. Such notice must be sent, with proof of delivery, at least five (5) business days before termination. The notice must state the date of, and the specific basis for, termination. Finally, the notice must state that PROVIDER may request a review of the determination as described in paragraph 61. Notwithstanding PROVIDER's refusal of delivery of the notice, this Contract will be terminated on the date identified in the notice. COALITION must document any refusal of delivery.

When revoking PROVIDER'S eligibility, COALITION or SCHOOL DISTRICT must adhere to requirements provided in Rule 6M-8.702, F.A.C. For multi-site providers, such as corporate chains or school districts, VPK Program ineligibility is per site and may not apply to all locations unless specifically determined otherwise by COALITION.

b. PROVIDER agrees that in the event that this Contract is terminated under the provisions of paragraphs 55 or 56, and PROVIDER's eligibility is not revoked under paragraph 57 part a., the parties may not enter into another contract for VPK services for the remainder of the contract term of this Contract.

58. **Termination of Contract by Provider.** PROVIDER and COALITION may agree to terminate this Contract by mutual consent or PROVIDER may unilaterally terminate this Contract at will. Written notice of termination must be given at least thirty (30) calendar days before the termination date in order for COALITION to make alternative arrangements for uninterrupted services for children served under this Contract. If sufficient notice of termination is not provided, COALITION may refuse to issue the final reimbursement payment to PROVIDER. If PROVIDER unilaterally terminates this Contract during the pendency of an inquiry due to suspected noncompliance with part V of Chapter 1002, of the Florida Statutes or Chapter 6M-8, F.A.C., COALITION may revoke PROVIDER'S eligibility in accordance with Rule 6M-8.702, F.A.C., if the noncompliance is upheld by the early learning coalition review hearing committee.

This information must be provided in the Provider Portal. This Contract will remain in force and effect as to all locations in Exhibit 1 that are not modified.

63. **Litigation and Venue.** In the event that PROVIDER believes that this Contract has been inappropriately terminated, or in the event of a breach of this Contract, any available remedies may be pursued in a court of competent jurisdiction. Exhibit 2: Due Process Procedures

Provider Legal Name: The School Board of Broward County, Florida

1. Purpose of Exhibit. Early learning coalitions are responsible for the local implementation of early learning programs funded with state and federal funds, such as the School Readiness Program and Voluntary Prekindergarten Education Program. Providers of such early learning programs may request a review of determinations made by an early learning coalition in accordance with the due process procedures described below.

2. Request for Review Hearing. If a provider disputes any action taken by the coalition pursuant to the terms of the Statewide Voluntary Prekindergarten Provider Contract, the provider may request a review hearing in writing by sending it to the contact person listed in the coalition's action. A review hearing is a "meeting" for the purposes of the Sunshine Law (s. 268.011, F.S.) and is subject to public notice. During a review hearing, the provider will have a reasonable opportunity to address coalition staff or sub-contractor staff regarding the coalition's action and to present supporting evidence before a Review Hearing Committee. The provider may have an attorney present at the review hearing to represent or advise the provider.

a. Content of Request for Review Hearing. The request for review hearing must state: the name and contact information of an individual authorized to provide information and binding responses on behalf of provider; the specific action by the coalition that the provider disputes, the specific reasons for the provider's belief; and whether the provider will be represented by an attorney or another individual during the review hearing.

b. Request Time. The provider's request for a review hearing must be submitted in writing to the coalition within five (5) business days of receipt of notice of the determination which the provider believes to be incorrect.

c. Supporting Documentation. The provider must send copies of any written documentation supporting the claims of the provider. Examples of relevant documentation may include, but are not limited to, attendance documentation, notarized attestations from parents, documentation from licensing or accrediting bodies, documents demonstrating dates of information submission, and a proposed corrective action plan.

3. Implementation of Review. If the coalition receives a request for review hearing from the provider, the coalition must address the request by taking the following steps.

a. Assignment of Review Hearing Committee. Within three (3) business days of receipt of a request for review hearing, the coalition must assign a Review Hearing Committee to complete the review. The Review Hearing Committee must be composed of at least three (3) but no more than five (5) members of the Coalition Board. The Chair of the coalition's board shall appoint the Review Hearing Committee and shall name the chair of the committee. At least one of the members must be a mandatory member as set forth in section 1002.83(4) and at least one other member shall be one of the provider representative members. If all attempts have been made by the coalition to schedule among the selected Review Hearing Committee members potential dates for the hearing and neither provider representative from the coalition board is available, then the

requirement for a provider representative will be waived for this hearing and the minutes of the Review Hearing Committee will document that the coalition made every attempt to have a provider representative member included but was unable to do so for this hearing.

b. Response to Request for Review Hearing. Within five (5) business days of receipt of the request for review hearing, the coalition must respond to the provider in writing, return receipt requested. The notice must include at least three (3) proposed dates and times for the review hearing which must be within forty-five (45) days of the date of receipt of the request for review hearing. The notice must also state that the review hearing may be conducted in person at a location designated by the coalition or via any method of telecommunications, as long as the public is given reasonable access to observe and, when appropriate, participate. Finally, the notice must state whether or not all of the coalition staff or sub-contractor staff whom the provider wishes to have present during the hearing will be made available. If any individual who the provider requested to have present is not available, the coalition must make available an individual who is qualified to address the subjects the provider wished the individual to address.

c. Date and Location Selection. Within five (5) business days of receipt of the response to a request for review hearing, the provider must inform the coalition of the date and time which it selects for the review hearing and whether the provider will attend the meeting in person or via a method of telecommunication. Within five (5) business days of receipt of the response to a request for review hearing, if the provider is unable to attend any of the proposed dates and times for the review hearing, the provider must submit written notice which states the specific reasons that provider is unable to attend and must contact the coalition to select a mutually agreed upon date for the review hearing. If the provider does not inform the coalition of the date and time within the required time period, then the process is considered complete and the request is denied.

d. Conducting the Review Hearing. The Review Hearing Committee must assess the claim(s) the provider made in its request for review by examining all information and documentation submitted by the provider. The provider must be given a reasonable opportunity to question coalition staff or sub-contractor staff regarding the determinations of the coalition and to present evidence before the Review Hearing Committee. The coalition will also be provided a reasonable opportunity to submit evidence to rebut any claims made by the provider.

e. Notice of Review Hearing Committee Decision. Following completion of the presentation by the provider and the coalition, the Review Hearing Committee will vote regarding each of the provider's claims. The decision of the Review Hearing Committee is final. In its deliberations, the Review Hearing Committee must determine:

i. If the determination made by the coalition was correct, in whole or in part, or incorrect.

ii. If no part of the determination made by the coalition was correct, then the provider is not required to take further action.

iii. If any part of the determination made by the coalition is correct, the Committee must identify the portion(s) determined to be correct and, as applicable, decide:

A. If corrective action is necessary, that the provider must take corrective action in regard to the part(s) which the Review Hearing Committee determines to be correct; and the revised deadlines for completion of the corrective action(s); or

B. If the provider's eligibility to offer the Voluntary Prekindergarten Education Program will be terminated, the date of termination.

f. Notice of Review Hearing Conclusion. The Chair of the Review Hearing Committee must ensure a written notice of the review hearing conclusion is prepared. The written notice must state the outcome of the Review Hearing Committee's vote regarding each of the provider's claims. In addition, the notice must specifically state the reasons supporting the Review Hearing Committee's conclusions. The dates for either corrective action to be completed, or termination of eligibility to offer the Voluntary Prekindergarten Education Program must be included in the notice. The Chair of the Review Hearing Committee must approve the notice and ensure it is made public within ten (10) business days of the conclusion of the review hearing.

Background/History
The District Attendance Office and the Marlins have collaborated on a recognition program for BCPS students, since 2017. Both organizations will continue this annual tradition of recognizing students and families for their perfect, regular, and/or improved school attendance. Perfect attendance is defined as zero absences from school;

regular attendance is defined as having attended school 95% of the school year. Improved attendance recipients have shown an improvement in their attendance patterns during SY26 compared to SY25.

The Marlins will provide the School Board of Broward County with a digital voucher along with a unique redemption code for each eligible student to attend a Marlins baseball game for free. This agreement provides vouchers with 2 free tickets for students eligible through the end of the 4th marking period. Parents may purchase additional family and friends' tickets at a discounted price for Broward County Public School students. Families are not required to attend or purchase tickets if they are not interested in participating.

Dr. Howard Hepburn, Superintendent of Schools

Ladies and Gentlemen:

We have performed a review of the Property and Inventory Controls for 19 locations, pursuant to Florida Statute 274, Florida Administrative Code 69I-73, and Business Practice Bulletin O-100.

Each Property Custodian (Department Director/School Principal) is responsible for the safekeeping and proper use of the property entrusted to his or her care, are required to implement corrective actions, and comply with applicable laws, regulations, and School Board policies.

Our responsibility is to perform audits in accordance with generally accepted government auditing standards and to provide recommendations that improve operations, strengthen internal controls, and ensure compliance.

We have reviewed, on a test basis, the property and inventory records disclosed from District accounts and determined that 14 locations audited complied with prescribed laws, codes, policies, and procedures. At five (5) of the locations audited, exceptions were identified relating to unaccounted equipment and material internal control deficiencies.

Audit findings represent issues that may involve a deficiency in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or instances of fraud. Elements of a finding generally include criteria, condition, cause, and effect or potential effect, and relevant recommendations.

Established 1915
BROWARD
County Public Schools

Audit findings result from significant internal control weaknesses and unaccounted-for property that meet or exceed the following materiality thresholds, based on either the asset's historical purchase value or the severity of internal control deficiencies (quantity):

- Monetary (based on historical cost per item):
  - $2,500 or more for Standard property items
  - $1,500 or more for SMART Bond assets
- Internal control deficiency (quantity-based):
  - 10 or more unaccounted-for property items, regardless of individual cost or net book value

We wish to express our appreciation to the administration and staff of the various locations for their cooperation and courtesies extended during our audits.

Sincerely,

Mark Magli
Chief Auditor

Scope, Objectives, and Methodology

The Office of the Chief Auditor conducts compliance audits, on a test basis, of selected schools and departments to provide the School Board, property custodians, and other stakeholders with unbiased, timely, and relevant information for promoting accountability and improving internal controls.

We conducted these compliance audits in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on the audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We performed our audits with the objectives of:

- Evaluating compliance with current laws, rules, and district policies and procedures.
- Examining internal controls established by the location.
- Detecting indicators of fraud, waste, and abuse.

In conducting our test-based audit, we:

- Reviewed current laws, rules, and district policies and procedures.
- Physically verified selected property to ensure accurate accountability.
- Examined documentation supporting recorded property to confirm proper transfers, surplus procedures, and temporary removal of property by staff members.
- Reviewed the purchasing system to ensure all purchased property is appropriately recorded on property records.
- Prepared and submitted findings, discrepancies, and recommendations requiring management response. Management responses are detailed in Section III of this report.

Authority

The audits were conducted in accordance with Generally Accepted Government Auditing Standards ("Yellow Book") and School Board Policy 1700. The audit criteria referenced Section 274 of the Florida Statutes, Rules 69I-73 and 69I-71 of the Florida Administrative Code, as well as the Broward County Public Schools (''District") Business Practice Bulletin O-100.

Summary

A total of nineteen (19) internal audits of tangible personal property were conducted, with each district location representing a separate audit engagement. The audits were performed to assess compliance with applicable property and inventory control requirements. At five (5) of the locations audited, exceptions were identified relating to unaccounted equipment and material internal control deficiencies. Twelve (12) of these locations had unaccounted-for property items. For the nineteen locations audited, 4,033 property items were sampled, with a combined historical purchase value of $7,165,326.98. Fifty-five (55) of these items were unaccounted for, representing a combined historical value of $75,458.21, and with a current netbook value of $1,705.91.

As a result of the property and inventory audit conducted at Whiddon-Rogers Education Center, it was determined that some internal controls over inventory and the management of tangible personal property were not compliant with the District's policies and procedures.

The school's property custodian is responsible for the safekeeping and proper use of property at their assigned location, in accordance with Section 274.03, F.S., Florida Administrative Code and Business Practice Bulletin O-100.

Unaccounted-for Property

During a test-based audit of property and inventory at Whiddon-Rogers Education Center, ten (10) items were unaccounted-for. The school was unable to locate these assets. The absence of effective controls for the safeguarding of equipment increases the risk of additional property items becoming missing or lost, as well as the risk of inaccurate reporting of property.

Business Practice Bulletin O-100 Section E states, "*All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation."*

Reporting Theft or Vandalism

On February 16, 2023, a Police Report was filed regarding a Lexmark Printer. However, there is no documentation confirming that the necessary supporting materials, such as **03290** *Tangible Property Loss/ Equipment Acquisition Form* and the Immediate Notification Form, were submitted to Accounting and Financial Reporting-Capital Asset for further action. Currently, the asset remains unaccounted-for.

Business Practice Bulletin O-100 Section E states, *"The original **03290** Tangible Property Loss/ Equipment Acquisition Form, with a copy of the Immediate Notification Form and the police report attached, should then be forwarded to Accounting & Financial Reporting Department - Capital Assets for record amendment. After allowing an appropriate period of time for the loss to be processed, the location should verify the applicable property records have been amended to reflect the loss. In the event property records have not been appropriately amended, the location should follow-up with Accounting & Financial Reporting Department - Capital Assets to ascertain the processing status of the submitted documentation."*

Conducting Semi-Annual Inventories

A review of the semi-annual inventory forms submitted through BCPS Central[1] revealed that, for fiscal year 2024-2025, only one semi-annual inventory was submitted. Upon further review the Office of the Chief Auditor ("OCA") also determined that the school did not submit a semi-annual inventory form for prior fiscal year 2023-2024 through BCPS Central either. Performing semi-annual inventory reconciliation allows the school to promptly detect and resolve any mistakes or inconsistencies that appear.

Non-compliance with policies and procedures for tangible personal property leaves the District vulnerable to undetected employee errors, theft, or misuse of assets. The location displayed weaknesses in the controls to safeguard tangible personal property.

Recommendations

The Office of the Chief Auditor suggests "hands on all" item reconciliation be completed at all schools/departments to ensure staff maintains an accurate physical accounting of designated assets. Additionally, the OCA recommends the following to the property custodian:

- Establish internal controls to improve accountability and the safeguarding of the District's assets.
- Implement internal control procedures that include periodic reconciliation of asset records which is conducted, at least, semi-annually accordance with District policies and procedures for property control.
- Assemble a property and inventory team and provide all staff with the inventory management procedures and expectations as implemented by the property custodian.
- Enroll designated property team member(s) to participate in the Information Technology Department's *Inventory Process & Tips* training.
- Review Business Practice Bulletin O-100 Procedures for Property and Inventory Control with the designated property team member(s) and all relating staff to ensure compliance with all policies and procedures.
- Continue school efforts to locate the remaining unaccounted-for items.

Subject: Response to Audit Findings and Corrective Actions

Dear: **Merlin Butler, Manager Property & Inventory Control Audits**

This letter serves as our formal response to the audit findings identified during the recent review. We appreciate the opportunity to address the noted discrepancies and to outline the corrective and preventive measures that have been implemented to strengthen internal controls and ensure compliance moving forward.

Laptops
To improve accountability and reduce the risk of loss, the following procedures have been implemented and will be strictly enforced:

- Teachers will consistently utilize laptop sign-in/sign-out sheets to track device usage.
- Teachers will conduct and document a laptop count at the end of each instructional period.
- All laptop carts will be securely locked at the conclusion of each school day.
- For the three laptops identified as missing, a Tangible Property Loss Form 3290 has been completed, a police report has been obtained, and an SIU report has been submitted; the paperwork will be sent to Capital Assets.

Mitigation of Camera Loss
To address concerns regarding the missing camera:

- The district will be notified immediately if any camera goes offline. The camera noted in the audit had a ticket submitted for it on 09/04/2025 because it was noted that it could not be identified because it was offline.
- Follow-up will be conducted to ensure the appropriate department investigates and resolves the issue in a timely manner.
- Cameras are mounted beyond the physical reach of the P/I team, and any access or maintenance concerns will be escalated according to the responsible department.

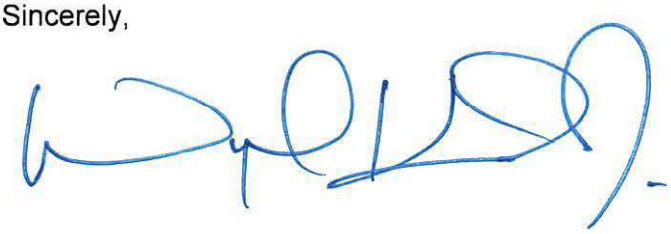
Power Supply and Modules
These items were reported as missing on an inventory approximately ten years ago and should have been removed from inventory two years after being reported missing, in accordance with standard procedures. This was brought to the attention of the auditors on 9/11/2025 via email and by phone and email on 02/11/2026. To prevent similar issues in the future:

· Once items are marked as missing, we will follow up with Capital Assets after the two-year waiting period to confirm that the items are formally removed from inventory, as required.

Printer T630N (Black & White)
This item was reported to Capital Assets on May 5, 2023. Additionally, SIU documentation was submitted on September 2, 2025, to Mr. Anthony Simon, with confirmation received that the item would be removed from inventory by mid-September. To strengthen inventory oversight moving forward:

· Quarterly inventory checks will be conducted and reported in a timely manner.

· Any discrepancies identified will be promptly documented and reported on the quarterly post-inventory report form.



Inventory Compliance and Oversight To ensure ongoing compliance with inventory requirements:

· Moving forward, semi-annual inventory forms will be completed and submitted as required.

· The principal will ensure that all semi-annual inventory forms are completed accurately, submitted by the established deadlines, and that a copy of each submission is maintained for recordkeeping purposes.

We are committed to maintaining accurate inventory records and strengthening internal controls to prevent future discrepancies. Thank you for your review and for the opportunity to address these matters. Please feel free to contact us should you require any additional documentation or clarification.

Sincerely,

Wylie L. Howard Jr.

As a result of the property and inventory audit conducted at Pine Ridge Education Center, it was determined that some internal controls over inventory and the management of tangible personal property were not compliant with the District's policies and procedures.

The school's property custodian is responsible for the safekeeping and proper use of property at their assigned location, in accordance with Section 274.03, F.S., Florida Administrative Code and Business Practice Bulletin O-100.

Unaccounted-for Property

During a test-based audit of property and inventory at Pine Ridge Education Center, two items were unaccounted for. The absence of effective controls for the safeguarding of equipment increases the risk of additional property items becoming missing or lost, as well as being inaccurately reported.

Business Practice Bulletin O-100 Section E states, "*All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation."*

Reporting Theft or Vandalism

On August 18, 2021, a Police report was filed for the Lenovo Laptop. Police report, **03290** *Tangible Property Loss/ Equipment Acquisition Form* and the Immediate Notification Form was not submitted to Capital Asset. Which is out of compliance with the District's policies and procedures. The asset remains unaccounted for.

Business Practice Bulletin O-100 Section E states, *"The original **03290** Tangible Property Loss/ Equipment Acquisition Form, with a copy of the Immediate Notification Form and the police report attached, should then be forwarded to Accounting & Financial Reporting Department - Capital Assets for record amendment. After allowing an appropriate period of time for the loss to be processed, the location should verify the applicable property records have been amended to reflect the loss. In the event property records have not been appropriately amended, the location should follow-up with Accounting & Financial Reporting Department - Capital Assets to ascertain the processing status of the submitted documentation*

Conducting Semi-Annual Inventories

The property custodian reported that a *DVMRE TRIPLEX DIGITAL RECORDER* was removed from the location by the Broward District School Police Department (BDSPD) in 2012-2013. However, the Office of the Chief Auditor accounted for this item in the 2015 and 2018 audits. During the semi-annual inventory, the asset was not reconciled. The property custodian had multiple semi-annual opportunities to address the unaccounted-for asset.

Regular semi-annual inventory reconciliation allows the school to promptly detect and resolve mistakes, discrepancies, or other inconsistencies. Non-compliance with policies and procedures for tangible personal property leaves the District vulnerable to undetected employee errors, theft, or misuse of assets.

Recommendations

The Office of the Chief Auditor suggests "hands on all" item reconciliation be completed at all schools/departments to ensure staff maintains an accurate physical accounting of designated assets. Additionally, the OCA recommends the following to the property custodian:

- Establish internal controls to improve accountability and the safeguarding of the District's assets.
- Implement internal control procedures that include periodic reconciliation of asset records which is conducted, at least, semi-annually accordance with District policies and procedures for property control.
- Assemble a property and inventory team and provide all staff with the inventory management procedures and expectations as implemented by the property custodian.
- Enroll designated property team member(s) to participate in the Information Technology Department's *Inventory Process & Tips* training.
- Review Business Practice Bulletin O-100 Procedures for Property and Inventory Control with the designated property team member(s) and all relating staff to ensure compliance with all policies and procedures.
- Continue school efforts to locate the remaining unaccounted-for items.

Betty,
sorry for the delay in my response to your audit questions. The equipment at your school are loaners, and do not belong to the school. Your units have been confiscated for a case that was requested for video to be pulled from the units.

As a result of the property and inventory audit conducted at Lake Forest Elementary, it was determined that some internal controls over inventory and the management of tangible personal property were not compliant with the District's policies and procedures.

The school's property custodian is responsible for the safekeeping and proper use of property at their assigned location, in accordance with Section 274.03, F.S., Florida Administrative Code and Business Practice Bulletin O-100.

Unaccounted-for Property

A test-based audit of property and inventory at Lake Forest Elementary revealed that seven items were unaccounted-for and could not be located by the school. The school states that it believed three of the unaccounted-for assets may have been mistakenly included in a B-Stock surplus. Additionally, one asset may have been replaced without proper documentation, while another item appears not to have been received from the vendor. Two assets remain unaccounted-for despite search efforts. These seven assets remain unaccounted for due to out-of-compliance documentation and a weakness in safekeeping procedures. The absence of effective controls for the safeguarding of equipment increases the risk of additional property items becoming missing or lost, as well as being inaccurately reported.

Business Practice Bulletin O-100 Section E states, "*All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation."*

Surplus of Tangible Personal Property

The location indicated that three of the unaccounted-for assets were sent to B-Stock surplus. However, the necessary supporting documentation was not provided. All assets are to be documented at the time of disposal utilizing the School Board approved 3290 Surplus Declaration Form. Property Custodians are responsible for ensuring efficient and accurate surplus activity. It is suggested that surplus materials be segregated and recorded prior to requesting removal. Staff should confirm the accuracy of processing for the intended surplus materials by monitoring the PNI 811 reports. Errors are to be reported to Accounting and Financial Reporting-Capital Asset immediately upon detection to ensure timely correction of record information.

Business Practice Bulletin O-100 Section F states, *"The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged.*

The property custodian should verify that the property records have been removed from the property inventory."

Item Replacement

The school suspects that the unaccounted-for AED machine was replaced, but the replacement wasn't properly documented. In the event when an item is traded or exchanged, a memorandum on the vendor's official letterhead detailing both the previous serial number and the new serial number must be submitted to Accounting & Financial Reporting - Capital Assets to ensure accurate record correction.

Purchasing Tangible Personal Property

The school has indicated that the FMR-500 COMBO SYSTEM, noted as unaccounted-for, was not received from the vendor. Supporting documentation was not provided regarding this matter. However, records indicate that the item was acquired on June 30, 2019.

Business Practice Bulletin O-100 Section A.1 states *"When tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system. If the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner."*

Conducting Semi-Annual Inventories

A review of the semi-annual inventory forms submitted through BCPS Central revealed that both semi-annual inventory were submitted for the fiscal year. However, the result of the audit indicates there are some weaknesses in conducting semi-annual inventories. Performing semi-annual inventory reconciliation allows the school to promptly detect and resolve any mistakes or inconsistencies that appear. The property custodian had multiple semi-annual opportunities to address the unaccounted-for assets.

Non-compliance with policies and procedures for tangible personal property leaves the District vulnerable to undetected employee errors, theft, or misuse of assets.

Recommendations

The Office of the Chief Auditor suggests "hands on all" item reconciliation be completed at all schools/departments to ensure staff maintains an accurate physical accounting of designated assets. Additionally, the OCA recommends the following to the property custodian:

- Establish internal controls to improve accountability and the safeguarding of the District's assets.
- Implement internal control procedures that include periodic reconciliation of asset records which is conducted, at least, semi-annually accordance with District policies and procedures for property control.

(Lake Forest Elementary continued)

- Assemble a property and inventory team and provide all staff with the inventory management procedures and expectations as implemented by the property custodian.
- Enroll designated property team member(s) to participate in the Information Technology Department's *Inventory Process & Tips* training.
- Review Business Practice Bulletin O-100 Procedures for Property and Inventory Control with the designated property team member(s) and all relating staff to ensure compliance with all policies and procedures.
- Continue school efforts to locate the remaining unaccounted-for items.

SUBJECT: AUTOMATED EXTERNAL DEFRIBULATOR, B06K-01896

In August 2021, Environmental Health & Safety (EH&S) staff removed a non-working Automatic External Defibrillator (AED) unit from Lake Forest Elementary, Serial Number B06K-01896. EH&S staff communicated with the vendor, One Beat, to obtain additional details about the age of the unit and possible warranty repair or replacement.

The unit was identified as 15 years old (in 2021) indicating it was no longer covered by any warranty. After testing, the vendor identified that the unit was recommended "to be removed from service". A replacement unit Serial Number B20D-02280, included on EH&S inventory with property pass to the school, was delivered to the school in August 2021.

It does not appear that the B06K-01896 AED unit was ever received or obtained from the vendor following evaluation, nor were necessary inventory documentation completed by EH&S staff. As the unit is on the Lake Forest Elementary inventory, this memo is being submitted to document the findings of the unit warranty and testing.

Personnel have changed at both the vendor and EH&S since August 2021. In January 2026, EH&S staff requested that current One Beat staff see if they have this unit in their possession—they cannot locate it. Due to the time that has passed since the original notification, the unit being past warranty, and recommendation to not be in service, we believe that the unit was disposed by the vendor. The unit must be taken out of Lake Forest Elementary's inventory, and the replacement unit B20D-02280 will serve as the permanent fixture at that location.

As a result of the property and inventory audit conducted at Davie Elementary, it was determined that some internal controls over inventory and the management of tangible personal property were not compliant with the District's policies and procedures.

The school's property custodian is responsible for the safekeeping and proper use of property at their assigned location, in accordance with Section 274.03, F.S., Florida Administrative Code and Business Practice Bulletin O-100.

Unaccounted-for Property

During a test-based audit of property and inventory at Davie Elementary, an Apple MacBook was not located to be accounted for. The school was unable to locate the asset and believed it may have been included in a past B-Stock surplus in error. The absence of effective controls for the safeguarding of equipment increases the risk of additional property items becoming missing or lost, as well as the risk of inaccurate reporting of property.

Business Practice Bulletin O-100 Section E states, "*All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation."*

Surplus of Tangible Personal Property

The school suspects that the Apple MacBook was sent to B-Stock surplus. However, the necessary supporting documentation was not provided. All assets are to be documented at the time of disposal utilizing the School Board approved 3290 Surplus Declaration Form. Property Custodians are responsible for ensuring efficient and accurate surplus activity. It is suggested that surplus materials be segregated and recorded prior to requesting removal. Staff should confirm the accuracy of processing for the intended surplus materials by monitoring the SAP PNI 811 reports. Errors are to be reported to Accounting and Financial Reporting-Capital Asset immediately upon detection to ensure timely correction of record information.

Business Practice Bulletin O-100 Section F states, *"The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged. The property custodian should verify that the property records have been removed from the property inventory."*

Conducting Semi-Annual Inventories

A review of the semi-annual inventory forms submitted through BCPS Central revealed that both semi-annual inventories were submitted for the fiscal year. However, the result of the audit indicates there are some weaknesses in conducting semi-annual inventories. Performing semi-annual inventory reconciliation allows the school to promptly detect and resolve any mistakes or inconsistencies that appear. The property custodian had multiple semi-annual opportunities to address the unaccounted-for asset.

Recommendations

The Office of the Chief Auditor suggests "hands on all" item reconciliation be completed at all schools/departments to ensure staff maintains an accurate physical accounting of designated assets. Additionally, the OCA recommends the following to the property custodian:

- Establish internal controls to improve accountability and the safeguarding of the District's assets.
- Implement internal control procedures that include periodic reconciliation of asset records which is conducted, at least, semi-annually accordance with District policies and procedures for property control.
- Assemble a property and inventory team and provide all staff with the inventory management procedures and expectations as implemented by the property custodian.
- Enroll designated property team member(s) to participate in the Information Technology Department's *Inventory Process & Tips* training.
- Review Business Practice Bulletin O-100 Procedures for Property and Inventory Control with the designated property team member(s) and all relating staff to ensure compliance with all policies and procedures.
- Continue school efforts to locate the remaining unaccounted-for items.

Summary of Unaccounted-For Assets
The asset listed below was deemed unaccounted-for during the Semi-Annual Inventory concluded in May 2025. The following explanation outlines why property records require adjustment:

MacBook (08LA02818): The MacBook was not matched to any room in the Inventory Database. It was in two possible past B-Stock surpluses that included 30 and 37 Macbooks respectively in 2019 and 2022. However, this Macbook was not properly recorded and/or retired from the PNI.

The following describes actions taken to locate or recover the missing assets:

A. **MacBook (08LA02818):**
   i) **Searched**: All binders with papers from acquisition (6/7/2008) to present day. All Classrooms, Offices, School Storage Rooms & Closets.
   ii) **Findings**: 2 Property Passes Returned 06/10/2016 (assigned to principal at that time) and 06/8/2017 (assigned to teacher at that time)
   iii) **Additional Checks**: Multiple Tech Specialists B-Stocked outdated Apple devices in 2019 and 2022.

The following procedures have been implemented to prevent future loss and maintain current standings:

A. All assets matched to rooms using PNI.
B. Papers retained to confirm asset status.
C. If missing an asset, submit 03290 Loss Form, SIU Report, Unaccounted Letter to Regional Superintendent before sending to Capital Assets.
D. Collaborate with security to ensure suspicious activity or theft is investigated.
E. Assets valued at $5,000 or more will be subject to tracking room location, last person to make contact, assess Avigilon Camera footage, and enforce accountability.

As all efforts to locate or recover the assets have failed, and the timeline of documentation, we requested the assets be removed from the inventory report. A copy of this information that was sent to Capital Assets was presented to auditors and will be retained at the school for records and future auditing purposes.

As a result of the property and inventory audit conducted at Community School North, it was determined that some internal controls over inventory and the management of tangible personal property were not compliant with the District's policies and procedures.

The school's property custodian is responsible for the safekeeping and proper use of property at their assigned location, in accordance with Section 274.03, F.S., Florida Administrative Code and Business Practice Bulletin O-100.

Unaccounted-for Property

A test-based audit of property and inventory at Community School North, revealed that ten (10) items were unaccounted-for and could not be located by the school. The property custodian believes that three of the items were surplus in 2024 with missing information on the documentation. The remaining seven items were unable to be found, and police reports were filed that did not adhere to the District's established policies and procedures. The absence of effective controls for the safeguarding of equipment increases the risk of additional property items becoming missing or lost, as well as the risk of inaccurate reporting of property.

Business Practice Bulletin O-100 Section E states, "*All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation."*

Reporting Theft or Vandalism

The school received notice on July 15, 2025, that its test-based audit of property and inventory would begin on August 26, 2025. On August 25, 2025, a police report was submitted regarding an Epson projector and a Motorola radio. Subsequently, on September 2, 2025, another police report was filed for two projectors. Both reports did not comply with District procedures, as they were not filed within two business days of the respective incidents, but rather due to the equipment not being safeguarded and could not be located for the audit.

Business Practice Bulletin O-100 Section E states, *"All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation. In the event of theft or vandalism, the property custodian will report the loss to the Special Investigative Unit and the local authorities at the time of the incident. As a component of the police & SIU report the location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. This should be completed within 2 business days from when the incident is known or should have been known."*

Surplus of Tangible Personal Property

The property custodian indicated that both OSCILLATING SPINDLE SANDER JET units were surplus in 2024, with incomplete documentation. The property custodian also indicated that the PRINTER, LEXMARK T652DN B/W DUPLEX LASER was surplus with incomplete documentation. All assets are to be documented at the time of disposal utilizing the School Board approved 3290 Surplus Declaration Form. Property Custodians are responsible for ensuring efficient and accurate surplus activity. It is suggested that surplus materials be segregated and recorded prior to requesting removal. Staff should confirm the accuracy of processing for the intended surplus materials by monitoring the SAP PNI 811 reports. Errors are to be reported to Accounting and Financial Reporting-Capital Asset immediately upon detection to ensure timely correction of record information.

Business Practice Bulletin O-100 Section F states, *"The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged. The property custodian should verify that the property records have been removed from the property inventory."*

Conducting Semi-Annual Inventories

A review of the semi-annual inventory forms submitted through BCPS Central revealed that, for the fiscal year, only one semi-annual inventory was submitted. Upon further review Office of the Chief Auditor determined that the school only submitted one semi-annual inventory for the prior fiscal year through BCPS Central. Performing semi-annual inventory reconciliation allows the school to promptly detect and resolve any mistakes or inconsistencies that appear. The property custodian had multiple semi-annual opportunities to address the unaccounted-for assets.

Non-compliance with policies and procedures for tangible personal property leaves the District vulnerable to undetected employee errors, theft, or misuse of assets. The location displayed weaknesses in the controls to safeguard tangible personal property.

Recommendations

The Office of the Chief Auditor suggests "hands on all" item reconciliation be completed at all schools/departments to ensure staff maintains an accurate physical accounting of designated assets. Additionally, the OCA recommends the following to the property custodian:

- Establish internal controls to improve accountability and the safeguarding of the District's assets.
- Implement internal control procedures that include periodic reconciliation of asset records which is conducted, at least, semi-annually accordance with District policies and procedures for property control.
- Assemble a property and inventory team and provide all staff with the inventory management procedures and expectations as implemented by the property custodian.
- Enroll designated property team member(s) to participate in the Information Technology Department's *Inventory Process & Tips* training.
- Review Business Practice Bulletin O-100 Procedures for Property and Inventory Control with the designated property team member(s) and all relating staff to ensure compliance with all policies and procedures.
- Continue school efforts to locate the remaining unaccounted-for items.

SUBJECT: **CORRECTIVE ACTION PLAN FOR 3941 COMMUNITY SCHOOLS NORTH**

1. Accountability: Summary of Unaccounted for Property
2. Response for Finding 1

The following is a narrative outlining what is believed to have happened to the asset(s) and the actions taken to locate the missing/lost asset(s):

a. Item 1: missing from Piper CS. *COPY POLICE REPORT NEEDED FROM MS. MARSH
b. Item 2: misplaced from Coral Springs CS during numerous moves of the Community School office during roof construction at Coral Springs Middle School. We firmly believe this item is somewhere in Coral Springs Middle School as the file cabinet it was in was never delivered to Community School office. * POLICE REPORT ATTACHED
c. Item 3: missing from Fort Lauderdale CS. This was discovered during the inventory audit.
d. Item 4: misplaced from Coral Springs CS during numerous moves of the Community School office during roof construction at Coral Springs Middle School. We firmly believe this item is somewhere in Coral Springs Middle School as the file cabinet it was in was never delivered to Community School office. * POLICE REPORT ATTACHED
e. Item 5: missing from Taravella High School. * POLICE REPORT ATTACHED
f. Item 6: was B-Stocked with an improper serial number. An "R" was typed instead of a "5." *COPY OF 3290A ATTACHED
g. Item 7: missing from Taravella High School. * POLICE REPORT ATTACHED
h. Item 8 In 2020, ETS staff swapped out the communication equipment in one of our portables. The previous Micro-tech did not ensure the items removed were properly documented. We have no documentation.
i. Items 9 and 10 were B-Stocked by J.P. Taravella High School without our knowledge. These were clearly marked with Community North property stickers but JPT staff listed then as having no serial number, as they did with numerous items. *COPY OF JPT's 3290A ATTACHED

SUBJECT: **CORRECTIVE ACTION PLAN FOR 3941 COMMUNITY SCHOOLS NORTH**

PAGE: 2

j. Item 11: missing from Northeast HS. *COPY OF POLICE REPORT NEEDED FROM MR. ROBINSON
Search efforts:
For several weeks, technology and administrative staff conducted extensive searches for all unaccounted for inventory items across our multiple sites. All efforts to locate the missing items have been exhausted, and SIU notification forms have been completed and submitted, with copies sent to Capital Assets to facilitate the removal of these items from our inventory. To prevent similar issues in the future, we have implemented tighter controls, including communication with our host schools, and more frequent periodic inventory checks.
3. Preventive Measures for Finding 1:
4. The following procedural changes have been implemented to prevent future asset loss:
a. A new administrator will now be in charge of all inventory procedures.
b. The B-Stock ready room has been consolidated at one location with access available to only the inventory team to prevent the unauthorized removal of property. All future items being prepared for B-Stock from our multiple sites will be moved to this secure location promptly.
c. B-Stock pickup will require the Micro-tech to be present before items are removed from the pickup location.
d. The inventory team will receive updated training to guarantee compliance with established procures.
e. A comprehensive inventory check, aligned with the latest PNI report, will be completed by the end of March 2026 to verify accuracy. Quarterly inventory checks will be conducted in-house and any missing items will be promptly investigated up to and including the filing of police reports.
5. Administrative: Semi-Annual Inventory
6. Response for Finding 2:
a. New internal controls have been established to ensure that semi-annual inventories are completed accurately and on time.
b. This task has been assigned to a different administrator who will review the accuracy and submission of the Micro-tech's report prior to certification by the principal.
c. The administration will ensure that any missing items identified during the inventory process are promptly investigated and reported to Capital Assets.
d. A calendar alert has been established by the Office Manager to ensure these reports are completed as scheduled.
7. Administrative: Required Information is Recorded on the Inventory
I'm confused about below. The memo from Merlin Butler only mentions property and semi-annual inventory reports. The Audit Questionnaire #4 says there was an ID Printer with s/n listed "Omission." We do have the s/n and have submitted correction.
Not sure if below needs to be included in CSN Response.

8. Administrative: Property not correctly identified on inventory report.
9. Response for Finding 3:
a. The budgetkeeper had recently retired and appropriate information was not communicated to the Micro-tech.
b. The Office Manager and Budgetkeeper will promptly notify the Micro-tech of any orders containing assets required for PNI report.
c. Upon receipt of orders, the Office Manager, Budgetkeeper and Micro-tech will cross-check serial numbers on items and packing slips to ensure accuracy.
d. Micro-tech will ensure all items are correctly listed on the PNI file.

NARRATIVE

On this date, I met with BCSB administrator Cunningham, Rick at the CSMS. Cunningham is the administrator for the night school that is held at CSMS in the evenings. Cunningham wanted to document the following pieces of school board equipment that had either been misplaced or lost. Cunningham simply wanted the items documented as of today, as they may have been misplaced and it is unknown at this time if they may still be at the school, which may have occurred due to the amount of classroom movement because of a large construction project occurring at the school. The following items are the items in question:

3x Epson powerlight Projectors: #GWKG670020F, #PSCK2X01767, #F57G540394F
2x Mimio teach dymo Pads: #919HM120702466, #2AA458AF

ARRATIVE

On August 25th, 2025, at approximately 1650 hours, I, Officer Jennings, was notified by Broward County School's Administrator, Erin Marsh, that a recent audit of her department's inventory revealed two items that could not be located. The first being an Espen Powerlite EMP-54 projector (S/N: J3VF722140L) valued at $1948.00, and the second being a Motorola XPR 3300c UHF Radio (S/N: 446TVB9853) valued at $337.50. The total amount of missing property is $2285.50. It should be noted that these items belong to Taravella High School.

When asked about the last time these items were seen, Erin advised approximately one year ago. Erin also advised that she does not know whether these items were stolen or misplaced, but just that they were missing.

Due to the fact that it cannot be confirmed if the items were stolen, a Charlie number was not obtained from CSPD Dispatch as the items could not be entered into NCIC/FCIC.

Erin was provided a case card and a case number for this incident.

This concludes my involvement in this case.

Item 6 on Unaccounted List

Good morning, Ms. Davis.

I have attached documentation regarding a Lexmark Printer with a similar serial number that was listed as B-Stock in 2024. The B-Stock's purchase order number is 278238. The printer was categorized as B-Stock with no asset, since there was no corresponding purchase order in the PNI file, making it challenging to verify the correct serial number.

Thank you for your response. Those items were not on our inventory, had no BPI stickers, no serial numbers etc. They were also deemed as broken by the teacher of record and were not being used. The proper docs were submitted but those items were submitted as non-asset. Thank you for giving me the update. Have a nice day.

We do not currently have these items at B-Stock. It is my understanding that these items were sent to us without serial numbers or proper documentation over a year ago and were sold at

Subject: 2751 JP Taravella wood shop b stock March 2025

Good Morning Darrick,

Last school year March 2025 we had a pickup of Wood shop equipment from JP Taravella. We discovered that two items inadvertently were placed in b-stock that belong to the community school. I was wondering if I could come down and try and find the 2 delta sanders? Please let me know the Community School was audited and I am trying to help them find the sanders.

Thanks,

To Whom it May Concern:

This letter is regarding the whereabouts of several missing items from the Taravella woodshop classroom. Several items belonging to Community Schools North were slated to be B-stocked by the teacher, Matthew Gross, and were moved to the back corner of the room. We have not run a class in that room for over a year and upon returning to the room this summer to check our inventory, we discovered that the items were gone.

After checking with the Director of B-Stock, I was informed that the items were not in his possession, but he sent me paperwork that indicated that Mrs. Johnson, an Assistant Principal at Taravella, b-stocked several items with no serial numbers. Although our items had bright yellow serial numbers affixed to them, she did not write these numbers on the transfer forms, therefore there was no record of them being in his possession. The description of the items on the transfer forms indicated that those were in fact our items.

I was not informed of the transfer when it took place in December. Please see the attached document for the items in question: If you have any further questions, please feel free to call me at 954-309-1414.

Thank you for your cooperation.

Sincerely,

Erin Marsh,

Good afternoon,

I hope this message finds you well. I have attached the SIU Immediate Notification Form along with other relevant supporting documents for your review. Could you please remove ITEMS R13-80359 and R13-80360 from our PNI file? The equipment was mistakenly classified as B-Stock by the administration at Taravella High School. You can find all the necessary information in the attached file as well.

Thank you for your assistance.

Hi Jose,
The 2 items below were sold at auction from B stock. That is what I was told. The officer said he cannot do a police report because if the person that legally bought it would be in trouble if the item was ever found by the police. He says the school board needs to clear it off inventory by calling it a missing item. Let me know what you find out.
Thanks.

Thank you for your response. Those items were not on our inventory, had no BPI stickers, no serial numbers etc. They were also deemed as broken by the teacher of record and were not being used. The proper docs were submitted but those items were submitted as non-asset. Thank you for giving me the update. Have a nice day.

We do not currently have these items at B-Stock. It is my understanding that these items were sent to us without serial numbers or proper documentation over a year ago and were sold at auction.

Good Morning Darrick,

Last school year March 2025 we had a pickup of Wood shop equipment from JP Taravella. We discovered that two items inadvertently were placed in b-stock that belong to the community school. I was wondering if I could come down and try and find the 2 delta sanders? Please let me know the Community School was audited and I am trying to help them find the sanders.

Thanks,

The following pages are excerpts of the draft minutes of the Audit Committee Meeting of May 7, 2026 that are specifically related to Internal Audit Report – Property and Inventory Audits of Selected Locations.

The complete minutes, which include Committee discussion on matters not related to this item, are scheduled for Committee discussion and approval at their next scheduled meeting on June 18, 2026.

tend to address those earlier. Is that one hundred percent? It's close to.

But, you know, the idea is what I said, is if we never showed up, that doesn't mean that we just ignored the condition. We have to address the condition and then even identify those on our own. That's the idea of internal control, is to look at things inside the framework of the management and of the function to ensure they are seeing things and they have things in place to identify those problems before we do.

MS. FERTIG: Okay. All right. I'm going to say, can we vote on our motion to transmit?

If you're okay, all in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

Okay. The motion carries. We're transmitting this to the Board.

We're going to agenda item number seven, property and inventory audit of selected locations.

Does anybody want to comment on property and --

Thank you, Mr. Smith.

MR. SMITH: Thank you.

MS. FERTIG: Anybody have a comment on this

audit?

Lew?

MR. NAYLOR: Just a question on, let's see, Pine Ridge Education Center on page 13, responsive finding two, it says that: The item was removed for the property tax for this asset and is attached to this report.

My question is about procedure, whether, when it's removed from inventory at the school, is it removed from inventory at the district or vice versa?

MR. MAGLI: I'm sorry, what page did you say?

MS. SHAW: Page 13.

MR. NAYLOR: Page 13.

MS. SHAW: And to add to his question, are they -- do they understand reverse requisition?

MR. MAGLI: So I will speak to this point.

So we track the life cycle based on what the requirement is from purchase to disposal, and the records that have to be maintained before processing an item out of the record are pretty basic and simple. We attacked this thing in the earlier 2000s, created databases that produced forms, things like this. There are errors that occur.

Our issue, sometimes, has become -- over time, is our recognition of a net value versus a usability. So the intention to some things that get old, we understand that from an accounting perspective; but from a functionality perspective -- and this committee, for the longest time, addressed it that way, which was: We can't replace all the laptops at one time because they are over three years old or we can't -- in some cases, seven, eight years old, unfortunately.

But the idea is that we have to, from start to finish, make sure we are doing our best to be the steward and safeguard that asset to its final resting place.

And there are mishaps that occur with recordkeeping, for sure. But we can't 100 percent certify that that's what's occurred if there is an absence of documentation, and we're not there to reconcile every transaction that takes place like that.

MR. NAYLOR: And I recognize that.

My question is, is there a process that is established so that when something comes off of one, it also comes off of the other list that it may be on?

MR. MAGLI: Yeah, so accounting and financial reporting maintains that record.

MR. NAYLOR: Okay.

MR. MAGLI: We pull down from that record to go and do our sampling and such. And so if those records -- excuse me -- were being processed in a timely --

We have sometimes where there is an overlap period, but not often.

MR. NAYLOR: Thanks.

MS. SHAW: Madam Chair?

MS. FERTIG: Yes?

MS. SHAW: So I was -- I was a little -- I thought it was a bit funny, because I'm looking at these property ID numbers, and I thought: Okay, the 04, the 09, or the 18, that's the year of the asset, right?

MR. MAGLI: Roughly, yes.

MS. SHAW: And so I'm looking at a piece of Lexmark equipment, and it's at $1,200 from 2004. There's no way. I'm sorry.

But I think -- so I think the unit costs are the cost -- today's cost, probably someone needs to look at that, number one. Because the department doesn't value anything more than a penny. It's

old.

Number two, the life cycle ended after the first five to seven years and in a piece of equipment such as -- such as that, number one.

Number two, let's make sure -- and I think this goes back to what we're saying earlier under I think the previous report -- that training should be across the board. So if you move from one school to another, regardless of where you are, whether you are at District, a site, everyone should understand the same process, the same procedure.

If it's no longer in use, we do not discard it and just put it in a box or put it somewhere. We complete the reverse requisition form and send it to where it goes, as you said, its final resting place. And I think that's the piece that somehow, in the last few years --

Because these audits used to be clean. You have gotten them to the point where we are like "Oh, my gosh, we brought sexy back," and so -- I'm sorry, so -- and I think that's probably part of what now we need to kind of take a step back and look at it.

And I know it's not your department's

responsibility, and Mr. Alan is here, and I think that's something that needs to be conveyed to the rest of the district. What happened in one area should be across the area, and there needs to be a standard operating procedure, and items should not be placed into a box, and if I move from one school to another, the process remains the same.

And as well, let's make sure that we're not putting that 2004 asset as $1,200, because it's probably about 10 cents.

MR. MAGLI: I just want to address that.

We do, in fact, report in there about the net values because we want that -- I mean, logic applies; we've been doing that forever, really, since I was here. I added that because I took that consideration into it; but as I said, you know, we're looking at what we have to work with and what they have.

One of the big things in the backlogs -- I can't speak to what's been happening in the last few years; but I do know that back then, the area superintendents, now the regional folks, they were the ones who took up the charge. I don't take credit for that. I did have some influence in the sense that I tried to help them with the

understanding of what was going on.

We do have an O-100 bulletin, business practice bulletin, serves as the guide for all these things that's in place, virtually unchanged since, I believe -- well, they have just recent -- recently tweaked it a little bit -- like '17, which they had -- before that, we had something. I don't even remember when we changed it. But it was basically uniform, but with the addition of the SMART Bond purchases. So none of this has changed, really, in that time period.

I think maybe Mr. Strauss can speak to what -- what goes on now with that. I really -- we've had some discussions off-line, just to see where we are with that. I think they can be successful with that again.

We're obviously in a constrained market financially, so we won't be able to do as much for a little period. Hopefully, we'll get that, you know, moving forward; but we have to make the most of what we have, whether we like it or not. And so I think this stuff becomes critical.

And, again, we've always said, If you're done with it, follow the process, work the documentation, follow it to finality, and we should

have less problems.

I did want to ask -- I'm sorry, not to cut you off Mr. De Meo -- relative to this, too, I -- because I haven't been back here doing that with you guys, and Merlin has been working on that, because the responses, at the last minute they throw a lot of the paperwork which we couldn't take during the audit.

I don't want to burden you with all of that stuff, unless you want me to, much like we had said about the exception-free ones. If you would like me to provide that all for you, I certainly will. Some of it's illegible. You can't really see it. It seems kind of meaningless, but I wouldn't make that determination for you. So while we discuss this, at the very end of this piece, I would like to kind of get an opinion from . . .

MS. FERTIG: Okay. Bob and then Mr. De Meo, and then we'll just go around here.

MR. MAYERSOHN: I'm always beating you to the punch.

So I've been on this audit committee for several years, and I always see the, you know, requirement of the semiannual inventory. And I think I've asked before -- and, Mr. Strauss,

obviously I'm directing it at you -- there has been improvements in communicating that to the schools, required to do that.

And, again, my belief is, if it's done, a lot of this stuff would be caught before you do the audit, you know, whether a laptop is missing, whether a police report was filed, whether somebody misplaced something, whether something went -- you know, wherever it would be.

Assure me some way that there is a methodology from the District that there is a response or a report that the school is doing it --

And, again, I'm assuming that all these schools have different timeframes, so it's not like everybody has to get it done by January 1st for their -- but something that would -- if they are required to do it, let's say a semiannual inventory is -- and I'll just throw out a date, you know -- October 1st, that if they don't do it within 30 days, somebody's following up and saying "Where is it?"

So is that paper and pen, or is that electronic at this point?

MR. STRAUSS: Yeah, so we have a BCPS central database. That's where schools access it. And

believe it or not, we're coming up to the second part, you know. January was the first semiannual. Now is the second semiannual, this month in May, and each of the regional offices do monitor that completion and then contact the schools if they have not completed it. So there is the followup that does exist through that avenue of the database through our Broward BCPS central database.

And so we -- you know, we see everything that the school puts in there and ensure that they've done it and signed off on it. The principal has to go in and sign off on it, and then we're checking to make sure that they've signed off on it. So there is a followup process.

MR. MAYERSOHN: So based upon that, then, there should be no school that should write a -- write a followup to say, "Yes, we understand the recommendations of the auditor is that we do a semiannual inventory," because they -- what you're telling me is that there's sufficient oversight that it should be accomplished.

MR. STRAUSS: I think most of the responses say they do a semiannual inventory. A lot of times, sometimes we'll sit there, and if a school has such egregious property inventory negative

controls, then maybe that will see even a quarterly -- you know, make them do multiple -- more than twice a year, because of that. In looking at, over the time, as mentioned, property inventory has gotten much better --

MR. MAYERSOHN: I agree.

MR. STRAUSS: -- from before.

I can give an example, I almost want to say two managers prior to -- I guess I think they just approved someone to be a manager recently, but we even had that individual come out to the principal meetings to go through the whole process -- because the process changed a little bit, from what it used to be to what it currently is -- to ensure that all our principals are understanding what is being asked.

And, obviously, it's -- you know, it's not the principal doing the property inventory, you know. It's either an assistant principal, it's microtech, it's a custodian, it's a band director, you know. It's multiple people on the inventory team that are working with the auditor to ensure that all the items are there.

And then, as you see, we still, I see in some of these reports, you know, Ms. Shaw mentions, you

know, something from '04, I mean, something that's over 20 years old, something that was a COVID laptop issue. So we still see those things crop up, and to their point, they're just commenting in what their finding is, and we still need to rectify those things sometimes.

And then, as you have change in personnel, you're always trying to ensure that consistency happens across the board.

MR. MAYERSOHN: No, I just -- as I said, just -- and I agree with you, the property inventory reports have gotten better, still not perfect; but ensuring that the system that you're currently operating with improves those processes and that's my -- you know, when I see something, you know, "Well, that should have been off the inventory ten years ago," well, but you did a property -- if you did it annual -- you know, semiannually, you would have identified and said, "Hey, wait a second here, not in 2025, but in 2005" --

MR. STRAUSS: Correct.

MR. MAYERSOHN: -- should be removed.

That's -- that's my whole point.

So I appreciate it. I know you guys are

working on it, and I just hope it continues to go up, as opposed to sideways or the rollercoaster.

MS. FERTIG: I'm not trying to rush anybody, but we're down to 35 minutes, and we have a couple of really important things we have to get to. So I'm going to go to you all real quickly, if we can, and then --

MR. DE MEO: Yeah, I'm going to be brief.

Mr. Strauss, the one at the top is really important, in policies being followed, internal controls being effective. Are -- does the District keep this top of mind? Is it discussed that, for example, if there are exceptions, it's going to show up on your performance review?

MR. STRAUSS: In the people's -- in the administrator's evaluations, there is, you know, written comments, and in those written comments, it will be noted that exceptions were incurred.

MR. DE MEO: Okay. So that's a yes, good.

Mr. Magli, the report -- this report is specific to the procedures that I talked about on the previous report, this is a good example, where it lists all of the items that -- all of the procedures and so forth.

Just a couple of other comments, one, where it

says "netbook value," I presume that's determined using a five-year life on most of the stuff?

MR. MAGLI: Roughly, but there is --

MR. DE MEO: Okay.

MR. MAGLI: -- variation between the types of equipment and things. It's provided to us.

MR. DE MEO: Five, seven -- three, five, seven.

MR. MAGLI: Correct.

MR. DE MEO: And then lastly, I may be misunderstanding this, but the monetary on page -- well, it's the second page of your report, monetary benchmark minimum materiality, $2,500 or more; for standard property items, 1,500 or more. But on the exceptions lists, there are numerous items that are below $2,500 and $1,500. Just curious on why that is.

MR. MAGLI: So there were some changes that were made while I was gone relative to how they were approaching some of the technology pieces, some of the things that were bought out of the SMART Bond allocations and things like that. So those things that you're seeing may have been in those areas relative to those specifically. I don't know which ones you're speaking, but that

would account for what you're speaking to.

MR. DE MEO: So in the future, we're not going to see something that's older than five years at an original cost of $2,500. I mean, it should be in your work papers, but for this committee and this report, really . . .

MR. MAGLI: So, again, we're testing to see what controls and what they're doing in the environment, and so this was the methodology that was employed last year -- and that's what Mr. Strauss was speaking to, that they had kind of modified that -- in the hopes to try to capture things, again, going those sampling concept, rather than a hundred percent, which is what it used to be --

MR. DE MEO: Yeah.

MR. MAGLI: -- because the volume of goods, particularly during that SMART Bond period, they were capturing everything down to, like, less than a hundred dollars.

MR. DE MEO: Yeah, I see.

MR. MAGLI: So these are things that I want to visit with our CFO with reasonability. I won't make that determination. That's not something I'm going to do, but relative --

We want to report and have it. Now, how you -- how you regard it, I understand; and we don't want to inundate you with things that --

MR. DE MEO: $300 item that's, you know, 10 years old, does it really need to be on there?

MR. MAGLI: Well, it's in our records, so we are just reporting it -- in order to get it off the record and it's captured already as an asset in our module, we have to report it that way so that it's accounted for as, you know, essentially an unaccounted-for item that they can reclassify.

MR. DE MEO: No, I understand that in your work papers; but for this report, the $2,500 materiality level I think would eliminate those for the report purpose, right?

MR. MAGLI: Historically, we really haven't separated those --

MR. DE MEO: Okay.

MR. MAGLI: -- because we bring that forward in whole --

MR. DE MEO: No, just think about it.

MR. MAGLI: -- for them to process.

MR. DE MEO: Okay. Understood.

MS. FERTIG: Mariah?

MS. RABIDEA: I just have one question.

On the SMART Bond asset pieces here, just for clarification, what additional oversight exists specifically for SMART-Bond-funded assets; and the reason I ask, right, is because that was approved directly by voters and therefore carries heightened public accountability.

MR. MAGLI: So it doesn't carry a heightened accountability in the sense that, you know, it's expected, and I think that's everyone's intent, that everybody will take care of everything. The idea was that, from a reporting, if they could track those things and those expenditures, they added additional scope of assets to be captured that way. So they were included in this process because that was the decision that was made many years ago, and so those items were added to the asset record.

So as far as it all goes, you know, on a day-to-day basis, we hope everybody can secure all their stuff and no one does anything wrong and whatever; but reality is, it's not that it's a different standard, only that they were included. So as a part of our scope of review, we have included it, because that was what the decision was made.

MS. RABIDEA: Thank you.

MR. MAGLI: Until they get retired, which should be soon, maybe.

MS. RABIDEA: Yeah.

MR. NAYLOR: Yeah, just a quick followup to Mr. De Meo's question about the $2,500. There is also a quant- -- a physical quantity count that's part of -- that is included in identifying whether something should be reported; is that correct?

MR. MAGLI: That's a methodology that was employed, like I said.

MR. NAYLOR: Okay.

MR. MAGLI: They decided to find a reasonability for --

MR. NAYLOR: Because if you have 10 items -- I mean, if you have one item that's valued under 2,500, it's not a big deal; but if you have 10 items with -- there's a pattern.

MR. MAGLI: If we stratified, you know, the information towards the whole populace of asset records, then things can look a little different. We want to be reasonable and accommodate a reporting for you that would kind of make sense, or not; but we're trying to make something that people can measure to.

As far as how people manage the equipment and all the various things, that's -- that's not different, regardless of what is included in a sample audit or a sample inventory. So that's -- that was the decision that was made and how they were doing it. I think, collectively, they had polled and queried many people, and that was what they decided to do.

MR. NAYLOR: Thank you.

MS. FERTIG: Okay. May we have a motion?

MR. NAYLOR: Motion to transmit.

MS. SHAW: Second.

MS. FERTIG: Okay. Moved by Lew, seconded by Bob.

MR. MAGLI: Mrs. Fertig?

MS. FERTIG: Yes.

MR. MAGLI: Mr. Whitney is here to talk about the fund balances. Is there any way we can move him, because he has a time --

MS. FERTIG: We are going to do that as soon as we get this motion passed. Okay?

MR. MAGLI: Okay.

MS. FERTIG: So it's been moved and seconded to transmit the property and inventory audit of selected locations. All in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

Okay. Motion carries.

And we are going to go down to the fund balance, number eight.

We have 28 minutes, and we have several things we've got to get done, so --

Yes. Thank you.

MR. WHITNEY: Sure. So are there specific questions to what you have on -- listed on the agenda, or do you want me to point to the pages and kind of talk through?

MS. FERTIG: I think if you can just give us a quick presentation, and then we'll take -- take some questions.

MR. WHITNEY: Okay. So there was the document that was posted on the agenda that was the board's -- board workshop from --

I'm sorry. Jeff Whitney, director of budget.

From the -- and I do apologize. I've -- I've got a 12 o'clock ratings call with Standard & Poor's, so I'm going to try to rush these.

MS. FERTIG: Just -- just move -- yeah, we've got the same problem, so . . .

MR. WHITNEY: So at that workshop, there was a

Members of the School Board Audit Committee
Dr. Howard Hepburn, Superintendent of Schools

Ladies and Gentlemen,

We have audited the Statement of Changes in Fund Balances for the Internal Funds of sixty-eight (68) schools pursuant to the Florida State Board of Education, Administrative Rule 6A-I.00 I and School Board Policy 1700. Each school is responsible for the preparation of the Statement of Changes in Fund Balances. Our responsibility is to express an opinion on these statements based on our audits.

We conducted our audits in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements. The audit at these schools included an examination of the Internal Funds.

An audit includes evaluating and examining, on a test basis, the financial statements and supporting documents. In planning and performing our audits of the schools' financial statements, we considered the internal control structures. Our review of the internal control structures facilitates the development of the audit procedures and the expression of an opinion on the financial statements. We believe our audits provide a reasonable basis for our opinion.

The schools' records were maintained in conformity with the School Board's accounting procedures for Internal Funds. These accounting procedures require all financial transactions be recorded on a cash basis method, with no records maintained on accounts receivables, accounts payable, or accruals. Accordingly, the Statements of Changes in Fund Balances, as shown in this report, do not present the financial position or the results of operations of the school in the manner required by generally accepted accounting principles.

Established 1915
BROWARD
County Public Schools

Our audits indicated that fifty-five (55) schools in this report generally complied with prescribed policies and procedures. The thirteen (13) remaining schools' reports contained audit exceptions.

In our opinion, the Statement of Changes in Fund Balances for the schools present fairly the changes in fund balances of the schools' Internal Funds, arising from cash transactions.

We wish to express our appreciation to the administration and staff for their cooperation and courtesies extended during our audit.

Sincerely,

Mark Magli, CIGI, CIGA

INTERNAL AUDITOR'S REPORT

AUTHORIZATION

State Board of Education Rule 6A-1.1001, Florida Administrative Code, requires District School Boards to provide for audits of Internal Funds. In accordance with School Board Policy 1700 and the Audit Plan for the 2025-26 fiscal year, the Office of the Chief Auditor has audited the financial statements for the location listed in the Table of Contents section of this report. The financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles. These financial statements are the responsibility of the Principal/Director. Our responsibility is to express an opinion on these financial statements based on our audits.

SCOPE, OBJECTIVES, AND METHODOLOGY

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We selected and tested a representative sample of receipts and disbursements for the audited location. We also analyzed selected activities where the location generated significant revenues. An audit also includes assessing the accounting principles and significant estimates made by the administration, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We perform our audits with the objectives of:

- expressing an opinion on the financial statements of the location.
- evaluating compliance by the location with the policies and procedures prescribed by the Standard Practice Bulletins.
- evaluating the internal control structure at the location to determine the extent to which selected control environment factors promote compliance with the policies and procedures prescribed by the Standard Practice Bulletins.

We conducted our audits in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States. Those standards require we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements.

Financial Statements

In our opinion, the financial statements contained in these audit reports present fairly, in all material respects, the changes in fund balances arising from cash transactions of the location, on the cash basis of accounting.

Compliance

We also tested compliance with selected policies and procedures prescribed by the Florida Department of Education Financial and Program Cost Accounting & Reporting for Florida Schools and Standard Practice Bulletins.

Internal Control Structure

In planning and performing our examinations, we obtained an understanding of the:

- internal control structure established by the administration.
- operational internal control policies and procedures relevant to cash receipts and disbursements.
- assessed level of controlled risk to determine the nature, timing, and extent of substantive tests for compliance with applicable laws, administrative rules, and district policies; including the reliability of financial records and the safeguarding of assets.

The scope of our audits also included an assessment of the controls in place at the location to promote compliance with the Standard Practice Bulletins, which contain the procedures established to control the use of the Internal Funds. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that material errors or irregularities in the location's financial records, cash receipts, and disbursements, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

The results of our audit for the individual locations are included within the report.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Bair Middle School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

FUNDRAISING - YEARBOOK

According to the *Financial & Program Cost Accounting & Reporting for Florida Schools* ("Red Book") Chapter 8, a financial report shall be filed with the principal's office at the close of each fundraising activity. Chapter 8 and Standard Practice Bulletin ("SPB") I-402, *Fundraising Activities*, indicate that the sponsor of each class, club, or department is responsible for providing adequate financial documentation and records, which must be retained for audit. According to Policy 6200, *Publications,* and SPB I-405, *Student Publications*, school publications are considered important supplements to educational programs of the school and part of the principal's approval should be based on the ability of the publication to support itself.

According to the fundraiser financial report, the school's FY2025 yearbook sales activity resulted in a loss of $1,092.00. As of February 2026, vendor invoice 152355- issued in May 2025 in the amount of $2,972.00, was not paid due to Account 4882-0000 *Yearbook* having a balance of $1,880.00, which was insufficient to cover the outstanding invoice. The school is conducting various fundraisers for the remaining amount of funds owed.

Recommendation

The Office of the Chief Auditor ("OCA") recommends that the Principal and school's yearbook Advisor strengthen the budgeting and monitoring procedures by carefully estimating order quantities based on projected sales and advertising revenue. In addition, the school should actively monitor revenues and expenditures throughout the year to prevent future deficits. The OCA advises the Principal to select a more cost-effective vendor from the District's RFP approved yearbook vendors to help lower production costs and reduce the risk of future financial issues.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Bair Middle School for Fiscal Year 2024–2025. The audit identified one exception related to Yearbooks which occurred under the previous school administration.

In alignment with the Office of the Chief Auditor's (OCA) recommendations, the following corrective actions will be implemented to strengthen budgeting, monitoring, and oversight of the yearbook program:

- The school is conducting additional fundraising activities to address the existing deficit and satisfy the outstanding vendor invoice.
- The school did not have a Yearbook offering for FY 25-26 due to the existing deficit.
- The BSC Internal Funds Specialist will provide training and guidance to any staff, prior to serving as a Yearbook Sponsor, regarding the proper completion of the Financial Report and the monitoring of revenues and expenditures to support a fiscally responsible program.
- Beginning with the 2026–2027 school year, school administration has confirmed that yearbooks will be purchased directly by parents through a District RFP-approved vendor, which will simplify financial oversight, and reduce the risk of future financial shortfalls.

The Business Support Center and Bair Middle School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Boyd H. Anderson High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

INTERNAL ADVANCE

According to Standard Practice Bulletin ("SPB") I-310 *Internal Advances,* it is sometimes necessary to advance funds to expedite expenditures for single activities, such as student travel when the actual expense is unknown or issued as change funds for dances, etc. Single activity advances must be cleared within ten (10) days after the conclusion of the activity. The requesting party is responsible at all times for the dollar amount issued. The return of the internal advance may consist of all cash; cash and receipts/invoices; or all receipts/invoices; however, if called in, the custodian must be able to account for the dollar amount issued.

A review of Account 6251-0000 *Internal Advance* indicated that there was a beginning carryover balance for internal advances issued in FY2024 totaling $2,750.00. A reconciliation completed by the auditors of the internal advances for FY2024 and FY2025 indicated that funds advanced in September 2023 for $500 and May 2024 for $2,750 were not completely cleared by the return of the funds nor by the submittal of receipts to substantiate purchases made by two sponsors. As of March 2026, $2,750.00 still remained outstanding for these two advances. The school indicated that the sponsors were no longer with the District and would need to review the former sponsors' club accounts to resolve the internal advance balance left outstanding. The OCA confirmed that the sponsor that received the $2,750.00 advance is no longer with the District, the second sponsor's name could not be found in the system.

Recommendation

The Office of the Chief Auditor ("OCA") recommends that the Principal review the requirements of SPB I-310 with the bookkeeper as well as other involved staff to ensure the proper implementation of controls over internal advances, particularly to ensure that balances are cleared within ten (10) days after the conclusion of an event and that Account 6251-0000 *Internal Advance* has a zero balance at the end of the fiscal year.

FUNDRAISING

According to the Financial & Program Cost Accounting & Reporting for Florida Schools ("Red Book") Chapter 8, 2.3 *Classes, Clubs and Departments*, b. the sponsor of each school club or organization is responsible for providing adequate financial documents and records to the principal and is responsible for retaining duplicates. Section 2.3.e states that a financial report shall be filed with the Principal's office at the close of each fundraising activity. SPB I-402 *Fundraising Activities* indicates that all merchandise sales require the completion of a financial report and the sponsor of each class, club or department is responsible for providing adequate financial documentation and records which must also be retained for audit.

The financial report and related inventory documentation for parking decals, cheerleader concession, student government snack sales and several other fundraising activities were not given to the auditor as requested for the audit.

Yearbooks

Per SPB I-405 *School Publications Yearbooks*, the documentation required to be retained for audit includes a copy of confirmation of services letter, the distribution report, a master receipt list and record of advertisements sold.

The auditor requested the required documentation listed in SPB I-405 for the FY2025 yearbook sales. The school bookkeeper indicated there were no yearbook sales, therefore the sponsor did not submit the documentation. A review of Account 4882-0000 *Yearbook* indicated that payments were received for approximately twenty-two (22) yearbooks through the school's online store during FY2025 totaling $1,060.00. The school provided the auditor with a vendor yearbook agreement and a questionnaire which stated, "no yearbooks were sold." The auditor contacted the vendor listed on the agreement to request an invoice and sales data, but the vendor replied that there was no information since the school did not get their yearbooks from them in FY2025. The school's budget keeper told the OCA that due to issues of non-responsiveness by the vendor's representative, the yearbook was not published so no yearbooks were sold. The auditor questioned what would happen to the funds that were collected and the bookkeeper stated the school would begin to mail refunds to the students who pre-paid for yearbooks.

Recommendation
OCA recommends that the school Principal review Red Book Chapter 8, SPB I-402, and SPB I-405 with the sponsor to ensure ongoing monitoring of the yearbook account activity throughout the year. The OCA also recommends that the school contact the students that paid for yearbooks and ensure refunds are issued timely.

Recommendation for all Exceptions

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls for the guidance referenced in the exception report. The additional support should include comprehensive training for all bookkeepers/budget support specialists as well as school staff on their responsibilities and requirements.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

This correspondence acknowledges the receipt and review of the findings from the Internal Audit conducted for Fiscal Year (FY) 2024-25 at Boyd Anderson High School. The audit identified multiple exceptions related to internal advances, fundraising, and yearbooks.

In alignment with the recommendations from the Office of the Chief Auditor (OCA), the Business Support Center (BSC), in collaboration with school leadership, has implemented, or is in the process of implementing, corrective actions as outlined below:

Internal Advance:

- As part of the reconciliation process, supporting receipts were identified to clear the majority of the outstanding advances. The remaining balances will be resolved by the Athletics department.
- Upon full clearance of the internal advance account, BSC and school leadership have agreed to discontinue the use of internal advances at Boyd Anderson High School.

Fundraising:

- Sales tax associated with parking decal fees was remitted to the District on April 30, 2026.
- The BSC Director reviewed fundraising requirements with school leadership on April 30, 2026.
- Effective May 1, 2026, the Principal will ensure that all sponsors receive appropriate training prior to overseeing any fundraising activities.
- The Principal will replace any sponsors who do not adhere to established policies and procedures.

Yearbooks:

- Refunds have been issued to all 22 students who purchased yearbooks but did not receive them.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2022-23**

PAGE: 2

- The BSC Director reviewed expectations, regarding yearbook sales with school leadership on April 27, 2026.

In addition to these actions, documentation and follow-up actions consistent with District standards have been completed, as applicable, to reinforce compliance with internal accounts controls.

The BSC recognizes the seriousness of audit findings and remains committed to collaborating with our locations and the Office of the Chief Auditor to run fiscally sound operations. We are confident that these corrective measures will further improve our operations by helping all locations prevent similar future audit exceptions.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Coconut Creek High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the district administration.

AUDIT EXCEPTIONS

FUNDRAISING - YEARBOOK

According to the Financial & Program Cost Accounting & Reporting for Florida Schools ("Red Book") Chapter 8, a financial report shall be filed with the principal's office at the close of each fundraising activity. Chapter 8 and Standard Practice Bulletin (SPB) I-402 *Fundraising Activities*, indicate that the sponsor of each class, club, or department is responsible for providing adequate financial documentation and records, which must be retained for audit. According to Policy 6200, *Publications*, and SPB I-405 *Student Publications*, school publications are considered important supplements to educational programs of the school and part of the principal's approval should be based on the ability of the publication to support itself.

During the review of the Account 4882-0000 *Yearbook*, it was noted there was no activity related to the sale of yearbooks for FY2025. Additionally, the payment for the FY2024 yearbook publication created in June 2024 (Check #1221) was voided. The Office of the Chief Auditor ("OCA") contacted the vendor directly to inquire about the outstanding invoice for FY2024 and yearbook sales for FY2025.

The vendor indicated that the FY2024 yearbook invoice #251191-2023 in the amount of $1,303.48, issued in May 2024, was eventually paid in May 2025. There was no evidence of payment in the school's general ledger, so the OCA inquired with the school as to how the payment was made, the Principal indicated the Yearbook Advisor personally made the payment directly to the vendor as a donation to the school and provided a donation letter. A review of Account 4882-0000 *Yearbook* indicated that there were sufficient funds available to pay the outstanding invoice.

The OCA reviewed sales documentation for the FY2025 yearbook sales received from the vendor which indicated that purchases were made online through the vendor's site. The yearbooks were sent directly to the buyer or to the school for distribution. Per the contract and sales documentation, there was a commission of $1,060.36 earned for approximately fifty (50) yearbooks sold. The vendor stated this commission check was issued and sent to the school in June 2025. As of February 2026, the auditor was unable to trace this amount to the school's general ledger or bank deposits. The school Yearbook Advisor and Budget Support Specialist/Bookkeeper informed the OCA that the commission had not been received by the school. The vendor told the OCA that the initial commission check had not been cashed and subsequently sent a replacement check to the school. The OCA will follow-up with the school to confirm its receipt and deposit of the commission check.

Recommendation

The OCA recommends that the Principal and Yearbook Advisor review the requirements of Policy 6200 *Publications* and SPB I-405 *Student Publications* to strengthen controls for the oversight of the sales and commissions generated to ensure the school receives the entirety of earned commissions. Additionally, the Yearbook Advisor and Budget Support Specialist/Bookkeeper should review the requirements of SPB I-405 to ensure that invoices are properly reviewed and paid timely.

DISBURSEMENTS

Per Red Book Chapter 8, 2.3 *Classes, Clubs and Departments*, d. disbursements shall be approved by the appropriate club or organization officer, members or designee. According to SPB I-305 *Disbursements*, disbursements and/or transfers from classes, clubs, and departments require organization minutes with the signature of the applicable teacher/sponsor and officer. Additionally, SPB I-305 states cash disbursements require the manual signature of the person receiving the money, initials are not acceptable.

During a sample review of disbursements, it was noted that there was a reimbursement paid to a sponsor for the purchase of seven gift cards from Account *3030-0005 C/O 2025 -Brunch Tickets* in the amount of $342.85. The disbursement package did not include the authorizing organizational minutes, or a distribution sheet with the signatures of the parties that received the gift cards.

Recommendation

The OCA recommends that the Principal and Budget Support Specialist/Bookkeeper review the requirements referenced in Chapter 8 and SPB I-305 to ensure that required documentation and approvals are properly completed when disbursing cash, or cash equivalents in the form of gift cards, from class, club and organization accounts.

Recommendation for All Exceptions

The OCA also recommends that comprehensive training be provided to the Principal, Budget Support Specialist/Bookkeeper and staff related to the referenced Chapter 8 sections and Standard Practice Bulletins to ensure they are following the requirements and understand the importance of the controls established by the District related to internal funds.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Coconut Creek High School for Fiscal Year 2024–2025. The audit identified two exceptions related to Yearbooks and Disbursements. Below are the actions taken, or to be taken, in response to each exception.

Disbursements:

The Business Support Center (BSC) acknowledges the Office of the Chief Auditor's (OCA) determination regarding an incomplete disbursement package. The BSC has ensured that all staff involved, including the bookkeeper, are aware of and adhere to the requirements of SPB I-305.

In addition, documentation and follow-up actions consistent with District standards have been completed, as applicable, to reinforce compliance with internal accounts controls.

Yearbooks:

In alignment with the Office of the Chief Auditor's (OCA) recommendations, the following corrective actions will be implemented to strengthen monitoring and oversight of the yearbook program:

- On March 16, 2026, the Director of the Business Support Center (BSC) communicated concerns to Purchasing and Logistics Operations (PLO) regarding the inclusion of yearbook sales cutoff deadlines in the contract.
- On March 30, 2026, additional concerns were raised regarding inclusion of a final payment clause in the contract renewal to ensure that all funds owed to schools are received by the school no later than June 1 of the applicable fiscal year. These items remain under consideration by the Purchasing Agent as part of the contract renewal process.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

PAGE: 2

- The final commission from the yearbook provider has since been received and receipted by the school, resolving the outstanding commission matter noted in the audit.
- The principal reviewed with the yearbook sponsor the proper process for making donations to club accounts to ensure that vendor invoices are paid using school internal account funds and processed through established school procedure

The Business Support Center and Coconut Creek High School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Coral Glades High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

BACKGROUND

On October 15, 2025, the Principal contacted the Office of the Chief Auditor (OCA) to request an expedited annual audit of the internal funds due to the bookkeeper being administratively reassigned. The auditor began the review of the internal funds on or about October 21, 2025 for the time period July 1, 2024 through October 20, 2025. The following are the exceptions noted during the audit.

AUDIT EXCEPTIONS

RECEIPTING AND DEPOSITS

Per the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 1.4 Cash Collections and Deposits all deposits must equal the total amount of money taken in and recorded on receipts for the period covered by the deposits and funds collected must be deposited within five (5) working days. As a part of the internal funds audit, the auditor reviews transactions to ensure that all receipting documentation is substantiated by entry into the computerized bookkeeping system and deposited timely with the bank.

During our review of a sample of the school's BC-40Ps, Monies Collection Envelopes (MCE), and Ticket Reports, we noted:

a. On one occasion, a total of $140.00 was collected as a cash payment. However, this amount was inaccurately entered into Great Plains as $40.00. The BC-40P receipt #6679606 was altered from $140.00 to reflect $40.00, and the BC-40P book cover was also altered to reflect this incorrect amount. The auditor spoke with the staff member that collected the funds who confirmed that the amount collected was $140.00.

b. In October 2025, the auditor along with office manager, discovered Monies Collection Envelopes in the bookkeeper's office containing cash totaling $844.50 as follows:

    - MCE – 544229 – Collected 9/17/25, $20.00, all funds documented as received were present.
    - MCE - 544237 - Collected "9/19" (the year was not identified), $145.00, all funds documented as received were present.
    - MCE – 544236 - $ 679.50, the MCE was blank with no collection date or record of funds received. Due to the absence of the information required on the MCE, the auditor was unable to determine whether all funds were present.

c. A total of six (6) checks and one (1) money order totaling $3,524.08 were found unprocessed in the bookkeeper's office by the auditor and office manager. The checks dated in range from April 2024 through October 2025.

Recommendation

The OCA recommends that the school's Principal review Redbook Chapter 8 and Standard Practice Bulletins (SPB) I-302 Cash Collections and I-303 Deposit of Collections to ensure proper controls over receipting and deposits. Specifically, the bookkeeper should verify collection amounts and issue an official receipt evidencing the amount entered into the bookkeeping computerized system to the collector/sponsor as well as ensure that all collections are prepared to be deposited within five (5) days of receipt.

DISBURSEMENTS

Per Redbook Chapter 8, II General Practices, 4. approved pre-numbered checks shall be used to disburse and account for funds, and section 1.3 Check Signatures, b. the Principal is responsible for all financial transactions and proper check signatures. Per SPB I-305 Disbursements, payments from internal accounts must be authorized in writing by the Principal. As a part of the Internal Funds audit, the auditor reviews disbursements to ensure that all required information and approvals are completed. A review of the disbursements indicated issues as follows:

a. There were multiple instances where the check number imprinted on the check was not the same as the number created in the Great Plains system.
b. The auditor noted that there were approximately fourteen (14) checks voided on 9/4/25. A review of these transactions indicated that there were checks voided in the Great Plains accounting system but not properly voided within the banking system which resulted in five (5) of the voided checks being cashed. It is unclear whether the checks were inadvertently voided due to the errors in the check numbers being incorrect in the Great Plains system. This condition results in a book and bank balance reconciliation discrepancy. Due to the administrative reassignment of the bookkeeper, the September 2025 bank reconciliation was not completed at the time of the audit, the OCA Director informed the replacement bookkeeper to address the issue when completing the subsequent monthly bank reconciliations.
c. Check #2117, made payable to the bookkeeper as a reimbursement, in the amount of $120.80 only had a receipt attached in the amount of $20.75; there were no other receipts attached to substantiate the additional $100.05 reimbursed.
d. Several check disbursement packages were missing or not complete with an Expense/Reimbursement authorization form signed by the Principal and/or supporting invoices.
e. There were instances where the Principal's signature was not the authorizing signature on the checks for disbursement.

Recommendation

The OCA recommends that the school Principal review Redbook Chapter 8 and SPB I-305 Disbursements to develop proper controls and ensure that support documentation is complete and appropriate prior to disbursements. In addition, the Principal should work with Treasury and the

Business Support Center to implement proper procedures for voiding checks and proper signatory authority.

CLASSES, CLUBS AND DEPARTMENTS

Per Redbook Chapter 8, 2.3 Classes, Clubs and Departments, class and club monies shall be expended for the benefit of the class or club or for purposes designated by the class or club that participated in generation of the revenues. Approval for the existence of all club and class activities is the responsibility of the principal and disbursements by any club or school organization must be approved by the appropriate club or organization officer, members or designee.

There were several reimbursements to the bookkeeper, as the club sponsor, from Account – 3745-0003 Family Career and Community Leaders of America (FCCLA) and Account 4375-0000-FCCLA. The bookkeeper was approved as the sponsor by the Principal, however, acting as a sponsor and receiving reimbursements is not common practice within the District and resulted in issues with segregation of duties controls.

A review of invoices totaling $3,385.77 indicated that reimbursements paid to the bookkeeper from the FCCLA club account were for items shipped to the bookkeeper's business/personal address. The office manager informed the auditor that the items noted in the invoices presented could not be located on the school campus.

Additionally, there was a transfer of funds from Account 5530-8000 *Child Care Ed.* of $1,868.04 and Account 3745-0000 *Culinary/Pro Start* of $2,300.00 into Account 3745-0003 *FCCLA* with a description "state competition". The funds transferred from Account 5530-8000 *Child Care Ed*. are funds that should have been remitted to the District for the fee based child care program. There is no indication that the culinary club raised money on behalf of the FCCLA club. Without the transfers the account would have ended in a negative balance of approximately $4,000.

Recommendation

The OCA recommends that Management implement policies and procedures to restrict Bookkeepers/Budget Support Specialists from serving as sponsors to address the segregation of duties issues found during this audit. It is further recommended that club and organization sponsors review the trial balance for their respective organizations to ensure there is no misappropriation of the organizations' funds.

FUNDRAISING/EVENTS

According to Redbook Chapter 8, 4.3 Fundraising, the school Principal is to be made aware of, approve, and oversee all fundraising activities and actions conducted on a school campus and approve all fundraising activities in the name of the school. Additionally, per Chapter 8 and Standard Practice Bulletin I-402, a financial report shall be filed with the principal's office at the close of each fundraising activity. The Sponsor of each class, club or department is responsible for providing adequate financial documentation and records which must be retained for audit. As part of the Internal Funds audit, the auditor reviews the Financial Reports and inventory documentation required in the standard practice bulletin and Chapter 8.

During the sample review of the school's fundraising activities, we noted the financial statement for Parking Decals was not provided for approximately $20,000 of profits collected.

A review of the club accounts for FCCLA (Family Career and Community Leaders of America) indicated activity related to the collection of funds for dues and various activities; however, there were no financial reports completed by the bookkeeper who was acting as the sponsor.

Recommendation

The OCA recommends that the Principal review Redbook Chapter 8, and Standard Practice Bulletin I-402 to ensure the proper implementation of controls pertaining to the completion of financial reports for fundraising activities.

Recommendation for All Exceptions

The OCA also recommends that comprehensive training be provided to the Principal, Bookkeeper/Budget Support Specialist and staff related to the referenced Chapter 8 sections and Standard Practice Bulletins to ensure they are following the requirements and understand the importance of the controls established by the District related to internal funds.

RE: INTERNAL AUDIT RESPONSE

Please accept this as my official response to the internal audit dated March 3, 2026.

Due to diligent oversight of bookkeeping practices, it became apparent to me that the bookkeeper did not follow established protocols, policies, or procedures. It was at that time that I alerted Broward School's Police, the Coral Springs Police Department, as well as requesting a full audit by the School District's Audit Department.

There is an open criminal investigation that is ongoing for Grand Theft, Criminal Use of Personal Identification, and Organized Scheme to Defraud. The bookkeeper's actions also included forging my signature, misrepresenting herself to multiple vendors, and misplacing or knowingly manipulating paperwork to hide her trail. While it took some time to find all the information, it was clear that this was a purposeful scheme to defraud conducted in secret by manipulating the system and the checks/balances in place to prevent it.

During our previous audit, there were no exceptions found. Our bookkeeper was aware of policy, procedure, and protocol. I have very clear expectations for the fiscal operation of the school.

This bookkeeper is no longer employed with Broward Schools. Our current bookkeeper is a very experienced and competent employee who has worked diligently to assist in this audit as well as fixing many of the issues found.

Out of an abundance of caution and to ensure that everyone on my staff understands their expectations, I will reiterate the following:

1. Receipting and Deposits

To address the discrepancies noted in receipting and deposits, the following actions will be taken:

- All staff responsible for collecting funds will receive refresher training on proper completion of Monies Collection Envelopes (MCE), BC-40P receipts, and documentation requirements.
- The bookkeeper will verify all collection amounts before entering them into the Great Plains system and will issue official receipts matching the recorded amount.
- A weekly review process will be implemented by the administration to ensure that all collections are deposited within the required five (5) working days.
- A secure intake log will be established to track all funds submitted to the front office for deposit.
- All outstanding checks and funds discovered during the audit have been secured and will be processed or addressed in accordance with District procedures.

2. Disbursements

To ensure proper authorization and documentation for all disbursements:

- All check requests and reimbursements will require a completed Expense/Reimbursement Authorization Form with the Principal's approval.
- Supporting documentation, including receipts and invoices, will be verified for completeness before checks are issued.
- The bookkeeper and administrative staff will ensure that check numbers printed on checks match the numbers recorded in the Great Plains accounting system as well as documenting why checks are being voided and have principal sign the voided document.
- Procedures for properly voiding checks will be reviewed with the Treasury Department to prevent discrepancies between the accounting system and the bank. Monthly training courses will be attended by the Bookkeeper.
- Monthly bank reconciliations will be completed in a timely manner and reviewed by the administration to identify and resolve discrepancies.

3. Classes, Clubs, and Departments

To strengthen segregation of duties and ensure proper oversight:

- Moving forward, bookkeepers and budget support staff will not serve as sponsors for school clubs or organizations.
- New club sponsors will be assigned as appropriate, and responsibilities will be clearly communicated.
- Sponsors will be required to review their club's trial balance periodically to ensure accuracy and transparency of all transactions.
- Any items purchased for club activities must be shipped directly to the school and inventoried upon receipt.

4. Fundraising and Events

To improve documentation and oversight of fundraising activities:

- All fundraising activities will require prior approval from the principal or designee using the appropriate District forms.
- Sponsors will be required to submit completed financial reports at the conclusion of each fundraising activity.
- Administration will conduct periodic reviews to ensure that all fundraising documentation is completed and retained for audit purposes.
- Outstanding financial reports related to fundraising activities, including parking decal collections, will be compiled and submitted where possible.

I'm sure that by taking these ongoing steps, future audits will be free of exceptions.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Coral Springs High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies, and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

YEARBOOK SALES

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook), 2.3 Classes, Clubs, and Departments, e. a financial report shall be filed with the principal's office at the close of each fundraising activity. Chapter 8 and SPB I-402 Fundraising Activities, indicates that the sponsor of each class, club, or department is responsible for providing adequate financial documentation and records, which must be retained for audit. According to Policy 6200, Publications and SPB I-405, Student Publications Yearbooks and Memory Books, school publications are considered important supplements to educational programs of the school, and the principal's approval should be based on the ability of the publication to support itself.

During review of the payment of the vendor's final invoice in the amount of $6,669.14, the auditor requested documentation to reconcile online sales to the advance payment amount that was reflected on the invoice in the amount of $19,235, see attachment 1. On January 21, 2026 the sponsor provided a financial statement from the vendor site that showed online sales in the amount of $19,800 indicating the advanced payment credited to the school was understated by $598.00, see attachment 2. This resulted in an overpayment of $598.00 to the vendor. It was explained that the difference was due to sales which occurred after the issuance of the final invoice. The financial statement retrieved from the vendor account did not reflect the correct final payment amount nor the credit balance.

The Yearbook Financial Report disclosed a net loss of $4,979.14 for the FY2025 yearbook sales activity. Account 4882-0000 *Yearbook*, had a relatively low account balance at FY2025 of $1,610.88, the account has notably decreased from an ending balance in FY2021 of $9,311.22.

Recommendation

The Office of the Chief Auditor (OCA) recommends the yearbook advisor and bookkeeper should implement stronger invoice review procedures to ensure that all charges align and are supported by documentation prior to payment approval and contacting the publisher to obtain a refund for the overpayment.

The OCA recommends that the Principal and the Yearbook Advisor strengthen budgeting and monitoring procedures by carefully estimating order quantities based on projected sales and advertising revenue and by monitoring revenues and expenditures throughout the year to prevent future deficits. Additionally, the OCA recommends the Principal reviews the contract terms with the publisher to evaluate whether the vendor's online sales option allows the publication to properly support itself. The OCA has further concerns with the ability to monitor the amount of online sales made directly through a vendor after the issuance of the final invoice and the assurance that schools will receive proceeds from the subsequent sales.

DISBURSEMENT

Standard Practice Bulletin I-101, Section VII (Cooperative School Organizations): Cooperative school organizations, such as the Parent Teacher Organization (PTO), are independent legal entities separate from the district school board and schools. These organizations may make donations to district schools, however,

"school district employees must not be involved in the handling of money for a cooperative school organization," and funds must not be commingled.

During the review of Internal Funds disbursements, the OCA noted that the school issued a $463.60 payment to the PTO on February 3, 2025. Documentation indicated that this payment was intended to reimburse the PTO for pre-game meals provided to the football team. Further inquiry revealed that an individual associated with the PTO paid for the meals out of pocket, so the school's payment to the PTO effectively served as an indirect reimbursement to this individual.

Recommendation

The OCA recommends that PTO purchases remain separate and distinct from internal funds. The PTO should not make purchases on behalf of the school which require reimbursement from internal funds.

Recommendation for All Exceptions

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls. The additional support should include comprehensive training for relevant staff and Bookkeeper/budget Support Specialist on their responsibilities and requirements.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Coral Springs High School for Fiscal Year 2024–2025. The audit identified two exceptions related to **Yearbook Sales** and **Disbursements**. Additional information on each exception is provided below.

Disbursements:

The Business Support Center (BSC) acknowledges the Office of the Chief Auditor's (OCA) determination regarding an inappropriate disbursement made on behalf of the Parent Teacher Organization. The BSC has ensured that all staff involved are aware of and adhere to the recommendations outlined in the report.

Appropriate documentation, follow-up, and actions consistent with District standards related to staff performance management have been performed.

Yearbook Sales:

The vendor confirmed that no initial deposit was made and that the final invoice issued at the time of processing was accurate. Accordingly, no overpayment occurred. The school's bookkeeper received the final invoice, verified its accuracy against supporting documentation, and processed payment in accordance with standard procedures.

After the disbursement process had begun, the vendor continued to sell additional yearbooks through its online platform. These sales occurred after the school's traditional internal sales period had closed and generated additional revenue. The vendor provided documentation confirming that the appropriate accounting entries were made to reflect these post-invoice sales.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

PAGE: 2

Although the vendor indicated that a refund could be issued, consistent with the vendor's standard business practices- the excess funds were applied as a credit to the school's account for future use. This credit is currently reflected in the school's vendor account.

This information was provided to the OCA prior to the exit meeting and was reviewed in detail during that meeting. The BSC also requested that the finding be reissued as a discussion item and that references to deposits and overpayment be removed; however, this request was denied.

To mitigate the risk of future discrepancies or potential deficits, the school has implemented corrective action by eliminating multiple purchasing channels for yearbooks. All future sales will be conducted through a single, controlled process to ensure accurate revenue tracking, improved reconciliation, and stronger financial oversight. In addition, the principal has spoken with the yearbook sponsor about reducing the required minimum purchase to better align with actual sales trends.

During the exit meeting, the OCA also expressed concerns regarding the Yearbook bid (FY23-278). These concerns were relayed to Procurement & Logistics Operations leadership on February 27, 2026.

The Business Support Center and Coral Springs High School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Country Hills Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

DISBURSEMENTS – PURCHASE CARDS

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, II General Practices, 4. approved pre-numbered checks shall be used to disburse and account for funds. Section 1.3 Check Signatures, b. the principal is responsible for all financial transactions and proper check signatures. Per Standard Practice Bulletin (SPB) I-305, disbursements from internal accounts require written authorization from the Principal and must be supported by original invoices or paid receipts. As part of the Internal Funds audit, the auditor reviewed disbursements to ensure all required information and approvals were in place.

A review of disbursements from the school to the Business Support Center (BSC) revealed that the school prepaid for purchase card expenditures. The OCA completed a reconciliation of purchase card pre-loaded amounts and expenditures from FY2024 through FY2025, which indicated that at the end of FY2025, the school overfunded its purchase card by $3,827.51. As of February 2026, the BSC had not issued a refund to the school for the excess prepayments.

Recommendation

The Office of the Chief Auditor recommends that the school Principal review the purchase card reconciliation and request reimbursements for any excess payment. In addition, the Principal should consult with the Business Support Center to ensure the controls are adequately implemented.

The OCA also recommends that the Business Support Center develop and document proper procedures before the implementation of changes to disbursements and purchase card protocols. It is further recommended that excess pre-payments be analyzed and returned to schools prior to the close of the fiscal year for proper reflection on their annual financial reports.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Country Hills Elementary School for Fiscal Year 2024–2025. The audit identified one finding related to purchase card (P-Card) disbursements.

Below are the corrective measures that the Business Support Center (BSC) and school leadership implemented to address the current finding and prevent further findings related to P-Card disbursements.

P-Card Disbursements:

- The District Internal Funds P-Card process was revised effective **September 1, 2025**, eliminating the requirement for disbursements as part of the encumbrance process.
- This process change mitigates the risk of future **overpayments or underpayments** related to P-Card encumbrances.
- A comprehensive reconciliation of the school's P-Card activity was completed for the entire period beginning **July 1, 2023**.
- The outstanding balance of $3,717.08, covering the entire period of the process, was **paid on March 6, 2026**, resolving the P-Card audit exception.

The Business Support Center and Country Hills Elementary School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Driftwood Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

SCHOOL IMPROVEMENT

Per Financial & Program Cost Accounting & Reporting for Florida Schools ("Red Book") Chapter 8, 2.5 *General* a. This category encompasses all accounts for funds that are to be used for the general welfare of the student body. Additionally, Chapter 8, 3.4 *Restricted Expenses*, restricts expenditures on equipment or supplies used for curriculum or classroom use. Standard Practice Bulletin ("SPB") I-204 Trusts states that up to 15% of the Genera account may be used to pay for school improvements. Such funds should be transferred to a Trust Account specifically established to track school improvement expenditures. Per SPB I-205, the purchase of materials, supplies and postage appropriated for in the school's budget funds is an inappropriate expenditure, except when the school's budget funds have been verified as being exhausted or unavailable.

A review of the school improvement disbursements indicated expenditures of $14,093.00 in September 2024, which included invoices for $7,775.50 for front office seating, filing cabinets, and a desk, as well as an invoice for $5,042.50 for a conference table and six (6) office chairs. During FY2025, *Account 7025 - General Account* had a beginning balance of $26,191.68; the expenditures from school improvements were approximately fifty-three percent (53%) of the total General account balance instead of the allowable fifteen percent (15%) of approximately $4,000.00. Furthermore, the expenditures for school improvements were thirty percent (30%) of the school's FY2025 total internal funds beginning balance of $46,366.61.

Recommendation

The Office of the Chief Auditor ("OCA") recommends that the Principal review the *Red Book*, Chapter 8, and Standard Practice Bulletins I-204 and I-205, and develop and implement proper controls over the funding and use of School Improvement funds. In addition, the Principal should consult with the Business Support Center to ensure the controls are adequately implemented.

The OCA also recommends that the Principal review the updated SPB I-204 *Trust*, which was implemented in April 2025. The updated SPB allows District staff to determine the use of internal funds and exceed fifteen percent (15%) without limitation. Consideration should be given to GASB 84 and the designation of internal funds as fiduciary and custodial. Per Red Book Chapter 8, if district school board faculty or staff determine the general use of funds, or if funds are used for the benefit of faculty and staff, they should not be considered custodial funds, but instead regarded as special revenue.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Driftwood Elementary School for Fiscal Year 2024–2025. The audit identified one exception related to School Improvement expenditures, specifically regarding whether annual contributions to the School Improvement Trust Account may be accumulated over multiple years for larger purchases and whether the designation of these funds should remain custodial.

The Business Support Center (BSC) reviewed the finding and determined that the process applied by the school was consistent with the requirements of Standard Practice Bulletin (SPB) I-204, as revised and implemented on April 15, 2025. The revised SPB was issued to clarify areas where the prior guidance lacked sufficient specificity regarding School Improvement Trust accrual and usage.

Based on this review, the BSC believes the matter identified in the audit is not a compliance issue with SPB I-204, but rather an interpretive question regarding the relationship between SPB I-204 and **Financial & Program Cost Accounting & Reporting for Florida Schools (Red Book), Chapter 8**, particularly as it relates to the accumulation and use of School Improvement funds.

To address this interpretation issue in a clear and sustainable manner, the BSC recommends a collaborative approach whereby the BSC and the Office of the Chief Auditor jointly engage the Florida Department of Education (FDOE) and the Florida Auditor General's Office to obtain formal guidance on whether the current provisions of **SPB I-204** are consistent with the intent and requirements of the **Red Book**, including the designation of these funds as custodial.

Obtaining this clarification will allow the District to:

- Determine whether additional revisions to SPB I-204 are necessary, or

SUBJECT: RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25

PAGE: 2

- Confirm that the existing guidance is appropriate and consistently applied.
- Confirm specific revisions to **SPB I-205** to ensure consistency across related Standard Practice Bulletins.

This approach will help prevent future audit exceptions arising from differing interpretations of state-level guidance and will enable the District to focus on compliance and internal controls with greater clarity and consistency.

The Business Support Center and Driftwood Elementary School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Gulfstream Academy for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

DISBURSEMENTS – PURCHASE CARDS

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 1.3 and 1.4, checks must be used to disburse and account for funds, with the Principal responsible for all financial transactions and proper check signatures. Per Standard Practice Bulletin (SPB) I-305, disbursements from internal accounts require written authorization from the Principal and must be supported by original invoices or paid receipts. During the Internal Funds audit, the auditor reviews disbursements to ensure all necessary information and approvals are in place.

A review of disbursements indicated that the school paid the Business Support Center (BSC) for various field trips paid on the school's field trip purchase card issued to BSC staff on behalf of the school.

An analysis of the FY2025 payments paid to the BSC compared to the amount of expenditures per the P-Card statements indicated that the total balance of unpaid P-card expenditures was $5,203.50. As of February 2026, the balance of unpaid P-card expenditures had not been resolved.

Recommendation

The Office of the Chief Auditor recommends that the school Principal review the purchase card payments and expenditures with the Business Support Center to resolve the outstanding balance owed for the purchase card expenditures. Additionally, the Principal should consult with the Business Support Center to ensure proper reconciliation of purchase card payments and expenditures related to field trips are implemented.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Gulfstream Academy for Fiscal Year 2024–2025. The audit identified one exception related to purchase card (P-Card) disbursements.

To address this matter, the District Internal Funds P-Card process was revised effective September 1, 2025. Under the updated process, disbursements are no longer required as part of the encumbrance process. This change improves alignment between P-Card expenditures, encumbrances, and reconciliation, thereby reducing the risk of future overpayments or underpayments related to P-Card activity as noted in the audit.

The outstanding balance related to P-Card expenditures was resolved on March 17, 2026. In addition, the Principal reviewed purchase card payments and expenditures with the Business Support Center to confirm proper reconciliation of field trip P-Card activity. Documentation and follow-up actions consistent with District standards have been completed, as applicable, to reinforce compliance with internal accounts controls.

The Business Support Center and Gulfstream Academy take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of McArthur High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

STUDENT OBLIGATIONS

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8. 2.4 Trusts, e. collections for the district school board related to reimbursement for damages are trust funds. Standard Practice Bulletin (SPB) I-204 Trusts states, funds collected for direct remittance to the District, such as collections for Damaged/Lost Property, shall be accounted for in a trust account and must be submitted monthly.

In January 2025, the prior audit for FY2024 identified that Account 7025-0000 *General* received transfers totaling $1,852.79 from Account 6800-0000 *Student Obligations-OSP*. These transfers represent collections from students for damaged/lost technology obligations pertaining to unreturned chargers and laptops which were not remitted to the District.

As of January 2026, the school has not remitted the $1,852.79 to the District indicating that the issue remains unresolved.

Recommendation

The Office of Chief Auditor recommends that the Principal review the requirements of Standard Practice Bulletin I-204, Trusts, with the bookkeeper, and ensure that collections for lost and damaged technology are distinguished, receipted in Account 6258-0000 *Lost & Damaged Technology*, and remitted to The School Board of Broward County.

SUBJECT: **RESPONSE-AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and prompt review of the findings from the Internal Audit performed for fiscal year (FY) 2025 for McArthur High School. The audit revealed one exception.

Below are the corrective measures that the school leadership has agreed to and will be implementing to prevent further exceptions related to the deficient area.

Student Obligations:

- The $1,852.79 was remitted to the appropriate account coding (Account 6258-0000). Note, the original transfer within the general account occurred under a previous bookkeeper (FY2024). During the FY 2025 audit discussion it was recommended by the auditor that the BSC Bookkeeper remit the funds to the district. The BSC Bookkeeper failed to remit the funds to the appropriate account. The current in-house bookkeeper has since remitted the funds to the correct account.

- To address the audit findings and strengthen internal controls, a full-time, daily bookkeeper with over 20 years of experience has been hired.

- Prior discussion items from the previous three fiscal years were reviewed with the current bookkeeper to ensure understanding and ongoing compliance.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Miramar High School for the fiscal year 2024-25. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

Negative Fund Balance

According to the *Financial & Program Cost Accounting & Reporting for Florida Schools* ("Red Book") Chapter 8, a financial report shall be filed with the principal's office at the close of each fundraising activity. Chapter 8 and SPB I-402, *Fundraising Activities*, indicate that the sponsor of each class, club, or department is responsible for providing adequate financial documentation and records, which must be retained for audit. According to Policy 6200, *Publications,* and Standard Practice Bulletin ("SPB") I-405, *Student Publications*, school publications are considered important supplements to educational programs of the school and part of the principal's approval should be based on the ability of the publication to support itself.

The school's FY2025 yearbooks sales activity resulted in a loss of $4,770.00. The school purchased 200 yearbooks at a total cost of $15,640. However, only 106 yearbooks were sold, generating revenue of $10,870.00. This was a repeat exception, since the yearbook sales in the previous year (FY2024) also resulted in a loss of approximately $4,800. The yearbook deficits over the past two years exhausted the carryforward balance which resulted in the account ending with a negative balance of $5,083.91 for fiscal year 2024-25.

Recommendation

The Office of the Chief Auditor (OCA) recommends that the Principal and the Yearbook Advisor strengthen the budgeting and monitoring procedures by carefully estimating order quantities based on projected sales and advertising revenue. In addition, the school should actively monitor revenues and expenditures throughout the year to prevent future deficits. The OCA recommends the Principal review the contract terms with the publisher to evaluate whether the vendor's online sales option allows the publication to properly support itself. The OCA advises the Principal to consider selecting a more cost-effective vendor from the District's RFP-approved yearbook vendors to better meet the school's needs, lower production costs, and reduce the risk of future financial issues.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Miramar High School for Fiscal Year 2024–2025. The audit identified one exception related to a negative fund balance in the Yearbook account resulting from insufficient sales revenue to cover costs.

The Business Support Center (BSC) identified the developing deficit during its review activities in March 2025 and subsequently worked with school administration and the Yearbook Sponsor to implement corrective measures. Initial actions included increasing yearbook pricing and utilizing available funding sources to reduce the deficit; however, these actions were not sufficient to fully resolve the negative balance, requiring additional corrective steps.

In alignment with the Office of the Chief Auditor's (OCA) recommendations, the additional corrective actions have been, or will be, implemented to strengthen budgeting, monitoring, and oversight of the yearbook program:

- The school reduced the minimum purchase quantity with the vendor by 50 percent (from 200 to 100 copies) to better align ordering with projected sales, minimize unsold inventory, and reduce the risk of future financial shortfalls.
- The school is conducting additional fundraising activities and utilizing allowable funding sources, including vending revenues, to address the existing deficit and satisfy the outstanding vendor invoice.
- The Principal and Yearbook Sponsor, working with the BSC, will strengthen budgeting and monitoring procedures by more closely estimating order quantities based on projected sales and advertising revenue and by actively monitoring revenues and expenditures throughout the year.

- The BSC Internal Funds Specialist will provide required training and guidance to any staff prior to serving as a Yearbook Sponsor regarding proper completion of the Financial Report and ongoing monitoring of revenues and expenditures to support a fiscally responsible program.

These actions have resulted in a significant reduction of the deficit and are expected to prevent future negative fund balances.

The Business Support Center and Miramar High School take these findings seriously and remain committed to maintaining sound financial practices, strengthening internal controls, and ensuring full compliance with District policies and applicable guidelines.

Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

FUNDRAISING – PARKING DECALS (Repeat Finding)

According to the Financial & Program Cost Accounting & Reporting for Florida Schools ("Red Book") Chapter 8, 2.3 *Classes, Clubs and Departments*, b. the sponsor of each school club or organization is responsible for providing adequate financial documents and records to the principal and is responsible for retaining duplicates. 2.3.e states that a financial report shall be filed with the Principal's office at the close of each fundraising activity. Standard Practice Bulletin ("SPB") I-402 *Fundraising Activities* indicates that the sponsor of each class, club or department is responsible for providing adequate financial documentation and records which must be retained for audit. Additionally, per SPB I-313 *Sales and Use Tax*, Section 212.03(6), F.S. requires every person who leases or rents parking spaces for motor vehicles in parking lots are to collect sales tax on the rental charge.

While reviewing fundraising activities, we noted that the financial report and related inventory documentation for parking decals sold during FY2025 were not presented for audit. During the review of account 6277-8000 *Parking Fees*, the parking decal revenue was approximately $16,000.00. Additionally, sales tax on the parking decal sales was not remitted to the District.

An exception was issued on March 3, 2025 related to the financial report and inventory documentation for the sale of parking decals not being presented for audit. The corrective action in the joint response from the Principal and Business Support Center Director stated that the bookkeeper sent out financial report training documentation to the sponsors on March 11, 2025.

Recommendation

The Office of the Chief Auditor ("OCA") recommends that the school Principal review Red Book Chapter 8, SPB I-313, and SPB I-402, and ensure financial reporting requirements pertaining to parking decal sales are completed as required. Additionally, the sales tax on FY2025 sales should be remitted to the District.

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls. The additional support should include comprehensive training for all Sponsors on their responsibilities and requirements.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for Monarch High School for Fiscal Year 2024–2025. The audit identified one exception related to Parking Decals.

In alignment with the Office of the Chief Auditor's (OCA) recommendations, the following corrective actions were taken to address this item:

- The sales tax due for the Parking Decal fees in the amount of $1,052 has been remitted to the district.
- A meeting was held on 4/13/2026 with both the former and current bookkeepers who provided services to this location to ensure that reporting expectations for fundraisers are clearly understood.
- The delay in reporting was attributed to the sponsor being reassigned from 1/9/2025 to 8/25/2025 as part of a district investigation, which removed them from the location during year-end closing activities. During this time, the sponsor was directed not to communicate with the location. Upon their return, a new bookkeeper was servicing the school and was unaware of the situation, resulting in a delay in retrieving the required reports.

The Business Support Center and Monarch High School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Nova High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. Standard Practice Bulletin ("SPB") I-305 *Disbursements IV. RESTRICTED EXPENDITURES 6.,* states there should be no staff, student, or School Board employee accommodations. Accommodations are defined as items which are for the personal use or benefit of the person and do not directly benefit the school or School Board. Additionally, SPB I-305 requires organizational minutes be attached for club expenses, as well as a cash distribution which requires the manual signature of recipient.

A review of twenty-four (24) disbursements related to gift cards indicated that one hundred and sixty-eight (168) gift cards totaling approximately $6,000.00 were purchased during fiscal year 2024-25. An analysis of the check disbursement documentation indicates there were a total of one hundred and fifty (150) gift cards totaling $3,780.00 purchased for staff and eighteen (18) gift cards and personal gifts purchased for students totaling $2,230.00. Two disbursements, check numbers 1782 and 2275, totaling $379.00 were not provided to the OCA during the duration of the audit from January 2026 to March 2026. The majority of the gift card purchases reviewed were funded from the following accounts:

Account	Description	Total
4484-0000	PALS CLUB/BEST BUDDIES	2,432.50
4635-0000	STUDENT COUNCIL/SGA	1,887.52
6997-8000	STAFF APPRECIATION	1,702.13
	Total	6,022.15

One hundred and twenty-two (122) of the gift cards purchased were in $10 denominations, thirty-two (32) ranged from $25 to $100, and fourteen (14) gift cards exceeded $100.

Purchase Card Amount	Less than $20	$25-50	$51-100	$101-200
Total Purchased	122	21	11	14

Account 4484-0000 *Pals Club/Best Buddies ("Best Buddies")* funds were derived from fundraisers. Fundraising approval forms for Best Buddies indicated the funds raised would be used for field trips, staff

appreciation, activities, scholarships and donations to Friendship Walk. Purchases for gift cards and personal gifts were made for the club's student members in the amount of $1,880.00. Gift cards and personal gifts purchased for staff totaled $272.80. The disbursements had organizational minutes approving the staff appreciation gift cards; however, the school did not have a distribution list with the names of the recipients for the gift cards and a signature from the recipient.

Account 4635-0000 *Student Council/SGA ("SGA")* received transfers from various student club accounts into SGA sub account 4635-0010 *SGA-Club Transfer/Staff Appreciation* totaling approximately $4,700.00. There were seventy-three (73) gift cards purchased for staff appreciation for about $1,900.00. The disbursements from the SGA account had organizational minutes approving the staff appreciation gift cards; however, the school did not have a distribution list with the names of the recipients of the gift cards and a signature from the recipient.

According to SPB I-309 *Vending,* Account 6997-0000 *Staff Appreciation* can receive funds up to twenty-five percent (25%) of the school's vending commissions, at the Principal's discretion. Donations designated for staff appreciation are held in this account. During FY2025, vending commissions allocated to the *Staff Appreciation* account were $14,157.00. Seventy-two (72) gift cards were purchased for approximately $1,700.00, and out of the eight (8) disbursements reviewed, three disbursements did not have a distribution list attached, and one (1) disbursement had a partial list attached with ten (10) out of the required sixteen (16) receiving signatures. The distribution list also did not include documentation to support the method used to determine which staff received the gift cards.

Although the majority of the staff-appreciation gift cards purchased were less than $20 in value, the absence of adequate distribution documentation prevents verification that individual employees did not receive multiple gift cards. Furthermore, there were staff members that received cards valued at more than $100 as well as staff members that received multiple cards valued at $100 or more.

Recommendation

The Office of the Chief Auditor ("OCA") recommends that the District consider implementing a policy for the issuance of gift cards, taking into consideration Red Book Chapter 8 guidelines[2].

The District should research other Florida educational institutions, municipalities and non-profit organizations for best practices such as separating the duties of purchasing and assigning; as well as limitations to the value and frequency of gift cards issued to each individual each year. The OCA also recommends that the Principal review the requirements for cash distribution documentation in SPB I-305, treating gift cards as a cash equivalent, and ensuring proper procedures are implemented at the school to strengthen oversight of gift card transactions.

RECEIPTING DOCUMENTATION

During the Internal Funds audit, the auditor is tasked with completing an inventory of all receipting documents. Per Financial & Program Cost Accounting & Reporting for Florida Schools ("Red Book"), Chapter 8, Internal Funds, 1.4 *Cash Collections, and Deposits*, "all money collected by the school must be substantiated by pre-numbered receipts, consecutively numbered class receipt records, reports of monies

[2] The District should seek professional guidance regarding IRS Publication 15-B, *Employer's Tax Guide to Fringe Benefits*. Under De Minimis (Minimal) Benefits, the guidance states cash and cash equivalent fringe benefits such as gift cards, no matter how little, are never excludable as a de minims benefit.

collected, prenumbered tickets, reports of tickets issued and sold, or other auditable records...All checks, receipt forms and tickets shall be pre-numbered, and perpetual inventories of each shall be maintained."

During the auditor's inventory of receipting documentation, it was noted that Money Collection Envelope (MCE) 545278, was not provided for the audit. The MCE log indicates that the MCE was issued on February 15, 2025; however, there was no indication the envelope was returned. There was no Certificate of Loss form completed prior to the time of the audit in January 2026.

Recommendation

The Office of the Chief Auditor recommends that the school's Principal review Red Book Chapter 8 as well as Standard Practice Bulletins I-302 *Cash Collections* and I-404 *Certificate of Loss* to develop and establish proper controls over the management of receipting instruments. In addition, the Principal should consult the Business Support Center to ensure the controls are adequately implemented.

FUNDRAISING

According to Red Book Chapter 8, 2.3 *Classes, Clubs and Departments*, b. the sponsor of each school club or organization is responsible for providing adequate financial documents and records to the principal and for retaining duplicates. 2.3.e states that a financial report shall be filed with the principal's office at the close of each fundraising activity. SPB I-402 *Fundraising Activities* indicates that all merchandise sales require the completion of a financial report and the sponsor of each class, club or department is responsible for providing adequate financial documentation and records which must be retained for audit.

Parking Fees

Policy 5307 *Student Parking on School Campuses* states parking fees charged to park on a school campus may not exceed $60.00. Additionally, SPB I-313 *Sales and Use Tax*, F.S. Section 212.03(6), requires every person who leases or rents parking spaces for motor vehicles in parking lots to collect sales tax on the rental charge.

The financial report and related inventory documentation for parking decals were not presented for audit. During the review of Account 6277-8000 *Parking Fees*, it was noted that the school charged parking fees of $100.00 or $75.00 between August 2024 and January 2025. The parking fees were subsequently reduced to $50.00; however, there was no indication that the excess fees were reimbursed. During FY2025, the total revenues collected for parking fees were approximately $13,000.00, but the sales tax on the parking decal sales was not remitted to the District.

Recommendation

The OCA recommends that the school Principal review Red Book Chapter 8, Policy 5307, SPB I-313, and SPB I-402, and ensure financial reporting requirements pertaining to parking decal sales are completed as required. Additionally, the sales tax on FY2025 sales should be remitted to the District.

PURCHASING POLICY – Repeat Finding

In accordance with Florida Statutes, Section 6A1.012, F.A.C., SBBC Policy 3800 requires, for purchases of commodities and services between $5,000 and $50,000, not covered by existing School Board contracts, that written quotations must be obtained from at least three (3) suppliers. Competitive quotes allow for transparency, the reasonability of the rate against market pricing, and the ability to demonstrate that the outcomes represent the best value.

On November 18, 2024, of the prior year audit (FY2024), an exception was issued to the school for utilizing a vendor for prom décor and entertainment services which totaled $48,350.00, with no competitive quotes. A review of the FY2025 prom expenditures revealed that the vendor was contracted again for décor and entertainment services, based on invoice number 207 for $1,500.00 (paid on November 6, 2024) and invoice #247 for $44,900.00 (paid on May 7, 2025) for a total of $46,400.00. One other vendor quote, dated April 1, 2025, for $39,836.58 was provided upon request. The school did not provide any other quotes.

Recommendation

The OCA recommends the Principal review SBBC Policy 3800 and ensure compliance with competitive quotation requirements for all future purchases between $5,000 and $50,000. Procedures should be implemented to confirm sponsors obtain at least three (3) documented written quotations for each purchase, including documented outreach to certified Small Business Enterprise (SBE) vendors, when applicable, to support compliance with procurement requirements.

Recommendation for all Exceptions

The OCA recommends the Business Support Center provide the Principal with additional support in implementing formal procedures and controls for the guidance referenced in the exception report. The additional support should include comprehensive training for all Bookkeepers/Budget Support Specialists as well as school staff on their responsibilities and requirements.

SUBJECT: **RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2024-25**

This correspondence acknowledges the receipt and review of the findings from the Internal Audit conducted for Fiscal Year (FY) 2024 at Nova High School. The audit identified multiple exceptions related to disbursements, receipting documentation, fundraising, and purchasing.

In alignment with the recommendations from the Office of the Chief Auditor (OCA), the Business Support Center (BSC), in collaboration with school leadership, has implemented, or is in the process of implementing, corrective actions as outlined below:

Disbursements:

- The BSC supports the recommendation for the District to develop a formal policy, along with a Standard Practice Bulletin to operationalize the policy, regarding the use of gift cards. A request to initiate policy development has been submitted to the Office of the CFO.

Fundraising:

- The sales tax due for the Parking Decal fees will be remitted to the district by 4/23/2026.

Purchasing Policy:

- The sponsor and the bookkeeper were both aware of the quote requirements for purchase between $5,000-$50,000 as outlined in Policy 3800.
- Documentation and follow-up actions consistent with District standards have been completed, as applicable, to reinforce compliance with internal accounts controls.

The BSC recognizes the seriousness of audit findings and remains committed to collaborating with our locations and the Office of the Chief Auditor to run fiscally sound operations. We are confident that these corrective

measures will further improve our operations by helping all locations prevent similar future audit exceptions.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of West Broward High School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies, and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

AUDIT EXCEPTIONS

GENERAL FUND REIMBURSEMENTS – REPEAT FINDING

According to the Financial & Program Cost Accounting & Reporting for Florida Schools (Redbook) Chapter 8, 2.4 Trusts, e. collections for the district school board are trust funds. Per Standard Practice Bulletin (SPB) I-204 Trusts, all funds collected for remittance to the School Board of Broward County must be submitted monthly.

Cambridge Program replacement tests are purchased using the school's allocated budget from the District General Fund. Cambridge replacement test fees are charged to students who did not show for the test or needed to re-take their Cambridge Assessment exam; these fees were collected in the school's internal funds account to be remitted to the District. During the FY2025 school audit, it was noted that the balance in Account 5155-0007 *Cambridge Program Test Fees* of $5,911.80 was transferred to Account 5155-8000 *Guidance* instead of being remitted to the District. An audit exception was issued on April 8, 2025 indicating the funds should be remitted to the District and the response's corrective action stated the funds would be remitted as of May 1, 2025. The auditor's review of these accounts indicated that the funds were not remitted as of February 2026.

During FY2025, the school collected $2,635.18 for Cambridge Program Test Fees which was also not remitted to the District as of February 2026.

In the April 2025 exception report, the OCA also recommended that the Business Support Center establish a standard trust account number for Cambridge Assessment Testing Fees to be utilized at all schools to properly monitor remittances. A review of the FY2025 and FY2026 trial balances for West Broward High School indicated that the school had not established a trust account for the Cambridge Testing Fees as recommended.

Recommendation

The Office of the Chief Auditor (OCA) recommends that the school remit the total Cambridge Program Test Fees of $10,313.38, collected to date, per the following schedule:

Cambridge Program Test Fees	
FY2024	5,911.80
FY2025	2,635.18
FY2026	1,766.40
Total	**10,313.38**

Additionally, the OCA continues to recommend that the school Principal review Redbook Chapter 8. 2.4 Trusts and SPB I-204 Trusts to implement oversight and procedures to ensure funds received into Internal Funds accounts are reviewed and properly remitted when applicable.

FUNDRAISING/EVENTS

Per Redbook Chapter 8, 2.3 Classes, Clubs, and Departments, e. a financial report shall be filed with the principal's office at the close of each fundraising activity. SPB I-402 indicates that the Sponsor of each class, club or department is responsible for providing adequate financial documentation and records which must be retained for audit. As part of the Internal Funds audit, the auditor reviews the Financial Reports and inventory documentation required in Chapter 8 and the standard practice bulletin.

During the review of a sample of the school's fundraising activities, we noted a financial statement for senior prom was not made available for audit. Analysis of the senior prom transactions indicated that the event generated approximately $8,000 in profits for the senior class. The Business Support Center informed schools they no longer needed to complete financial reports for proms as they are not considered fundraisers.

Recommendation

The OCA recommends that the school Principal review Redbook Chapter 8, and Standard Practice Bulletin I-402 to implement controls related to fundraising activities to ensure sponsors file financial statements with the Principal's office. Additionally, the OCA continues to recommend that sponsors prepare financial reports for class events such as Prom, Homecoming and Grad Bash, which generate large sums of money, for proper oversight of funds and transparency of usage.

Recommendation for All Exceptions

The OCA recommends that the Business Support Center provide the Principal with additional support in implementing formal procedures and controls. The additional support should include comprehensive training for relevant staff and Bookkeepers/Budget Support Specialists on their responsibilities and requirements.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

This correspondence acknowledges receipt and review of the Internal Audit Report for West Broward High School for Fiscal Year 2024–2025. The audit identified two exceptions related to General Fund Reimbursements and Fundraising/Events. Additional information on each exception is provided below.

General Fund Reimbursements

All funds owed to the District related to Cambridge were remitted on December 15, 2025, in the amount of $8,149.58, with an additional remittance of $2,163.50 processed on February 26, 2026. Additionally, the various Cambridge-related accounts previously maintained at West Broward were consolidated. Funds held in account 5155-0007 were transferred to the Cambridge Trust Account (6874-0000) in accordance with established standards.

The BSC also reviewed the monthly remittance expectations with the bookkeeper to ensure clear expectations as outlined in SPB I-204.

Fundraising/Events

After careful review, the BSC rejects the conditions presented related to Fundraising/Events. This matter was discussed extensively during the audit exit meeting. During that discussion, the BSC reaffirmed to the OCA that Prom is not a fundraising event; therefore, a financial report is not required under current statute, policy, or standard practice.

SUBJECT: **RESPONSE - AUDIT REPORT ON INTERNAL ACCOUNTS - FISCAL YEAR 2024-25**

PAGE: 2

The OCA indicated that, in their view, a financial report would be beneficial; however, they were unable to cite a specific statute, policy, standard practice, or failure of internal controls to support the matter as an exception. The BSC requested that the issue be documented as a discussion item rather than a condition, noting that the bookkeeper acted in accordance with existing requirements; this request was denied.

While the BSC maintains that no violation of statute, policy, or practice occurred, the BSC remains committed to continuous improvement. Accordingly, the BSC will evaluate the OCA's recommendation regarding expanded use of financial reports when the Standard Practices governing financial reporting are next reviewed or revised.

The Business Support Center and West Broward High School take these findings seriously and remain committed to maintaining sound financial practices and ensuring full compliance with District policies and applicable guidelines.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Coral Park Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Hawkes Bluff Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Meadowbrook Elementary School for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Peters Elementary for the 2024-25 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2024-25 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

Total Funds Completed **21,052,941.54** 91% of the total Internal Funds balance of $23,072,577.65

General Information on Internal Funds

The total year-end balance of Broward's non-Charter schools' Internal Funds (including the Technical Colleges and Community Schools) was $24.2M in June 2024 and $25.1M in June 2025. During fiscal year 2025, the combined total of inflows was approximately $109M, and the combined total of outflows was $110M.

Although Internal Funds are not available to the School Board to support the general operating expenses of the District, they are reported in the District's Annual Comprehensive Financial Report (ACFR). Student Activities finances are reported in the ACFR in the Fiduciary - Custodial Fund (fund 8920). The Bookstore activities at the Technical Colleges are reported in the ACFR in the Non-Major Special Revenue Funds as Other Special Revenue (fund 4980).

If a school is fortunate enough to have a large balance in its Internal Funds checking account (each school is limited to one checking account by Florida Department of Education regulation) they may withdraw money from the checking account and transfer it to an account for the school in the Treasurer's Pooled Funds. This allows the school to accrue a bit more interest income, while avoiding the possibility of exceeding FDIC deposit insurance limits. The Treasurer's Office periodically disburses interest payments to each school that has a Treasurer's Pooled Funds Account, and the interest payments are receipted into each school's Internal Funds. The Internal Funds invested in the Treasurer's Pool at fiscal year-end 2025 totaled $13.3M.

Internal Funds (also known as Internal Accounts or Student Activity Funds) are monies generated and used within a school, in contrast to the tax-derived funds that support school budgets and the general operations of the District. Any money collected or handled by any SBBC employee in connection with a school activity is required to be deposited into the school's Internal Funds.

Funding and Financial Reporting for Florida Schools (Redbook) Chapter 8 *Internal Funds* contains the Florida Department of Education's published regulatory guidelines, as well as the accounting structure, for public school Internal Funds. The District's Internal Accounts policies and Standard Practice Bulletins are based on this FDOE regulation.

The specified Internal Accounts funds are:

- 1000's Athletics
- 2000's Music
- 3000's Classes
- 4000's Clubs
- 5000's Departments
- 6000's Trusts
- 7000's General.

The **Athletics** fund may contain an Athletic Account and smaller accounts belonging to Cheerleaders and particular sports teams or clubs. Athletic event ticket sales revenues are recorded in an account in the Athletics fund. High Schools have occasionally received reimbursements from the Athletics and Student Activities Department, for certain Athletics expenses that were originally paid from the school's Internal Funds.

The **Music** fund holds money collected for Band and Orchestra instrument rental fees, and any other fundraising proceeds, ticket sales, or collections by a school's Chorus, Band, or Orchestra.

Class accounts typically record funds collected and disbursed by each grade level. In a High School, the Senior Class Account typically shows higher revenues and disbursements than the other class accounts due to activities such as the Homecoming Dance and Senior Prom. The Class Accounts may hold collections related to any project, activity or field trip pursued by any grade level.

Club accounts record the money raised and disbursed by various Clubs. The Class and Club sponsors authorize expenditures from the accounts belonging to organizations they sponsor. Yearbook sales are accounted for in the Club Accounts. Most schools have Faculty Club Accounts to receive Faculty Club dues collected and vending machine commissions derived from machines in Teacher-designated areas of the school. These funds are disbursed in accordance with Faculty Club voting and authorization.

Department accounts may hold, for example, Library collections for lost Library books or Book Fair proceeds, or donations given to the school for use by a particular school department, such as ESE or Guidance. A Physical Education Department Account could be used to record revenues and expenditures related to the purchase and sale of PE Uniforms.

Trust accounts hold money that is to be used for a specific purpose, or that is required to be remitted to the District.

After-School Care collections and Summer Camp collections from parents, Facility Rental collections from lessees, and Sales Taxes due on fundraisers are accounted for in the Trust accounts. Small grants and donations may also be recorded in Trust accounts to be used for donor-designated purposes.

Elementary schools, middle schools, alternative schools and centers receive a categorical allocation in their budgets for the Supplemental Arts and Sciences Program, which is placed in each recipient school's Internal Funds checking account by the District's Treasurer. Schools may use these funds to pay approved field trip vendors directly, and unused funds are returned to the District at the end of each school year.

Vending machine commissions are also initially receipted in a Trust Account, before being transferred to other Internal Funds accounts. Staff Appreciation is a Trust Account that is permitted to receive up to 25% of the school's vending machine commissions.

The Promotions/Public Relations and Hospitality Trust Accounts hold money transferred in from the General Account, that is subject to annual maximums and restricted in purpose. Unused funds must be transferred back to the General Account at the end of each fiscal year.

The **General** Account records funds to be used for the general welfare of the student body, including donations without a specified purpose.

Limited funds may be transferred from the General Account to the Promotions/Public Relations and Hospitality Accounts and the School Improvement Trust Account at the beginning of each school year.

Financial and Program Cost Accounting and Reporting for Florida Schools 2021 (published by the Office of Funding and Financial Reporting – Florida Department of Education) Chapter 8 *School Internal Funds,* Section III – Standards, Practices and Procedures states:

> "3.4 RESTRICTED EXPENDITURES The following expenditures from internal funds are deemed inappropriate and shall not be made except from trust funds collected for a specifically identified purpose.
>
> a. Equipment, supplies, forms and postage for curricular or classroom use. The exception is for revenues derived from career education production shops, which may be used for this purpose.
>
> b. Curricular-related travel. The exception is for revenues derived from career education production shops, which may be used for this purpose.
>
> c. Professional, technical or consultant services. The exception is for revenues derived from career education production shops, which may be used for these purposes.
>
> d. Articles for the personal use of any student, employee or other person, except those items that are identifiable as being in recognition of service or promotion of school activities and those items identified under rule 6A-1.0143, F.A.C., Promotion and Public Relations Funding.
>
> e. Personal memberships or subscriptions.
>
> f. Salaries or other compensation for duties or assignments that are the responsibility of the school district.
>
> g. Loans, credit or accommodation purchases for anyone.
>
> h. Repairs and maintenance of district school board equipment for which district school board funds are available. The exception is for revenues derived from career education production shops, which may be used for these purposes."

Expenditures that are paid from a school's budget by the Accounts Payable Department may be reimbursed by the school's Internal Funds, if appropriate. For example:

- Employees who work as gate help at a school Football game must be paid via Payroll, so money from the school's Internal Funds Athletic Account is remitted to the Treasurer's Office to cover these payments to SBBC employees.

- Equipment should be purchased through SAP, with the assistance of the Procurement Department. If Internal Funds are the source of payment, the money is remitted to the Treasurer's Office so that the invoice may be paid by the District's Accounts Payable Department, and the item is added to the school's Property Inventory.

- Schools may engage the Transportation Department to provide buses for field trips, so Internal Funds money may be remitted by the school to the Treasurer's Office to pay Transportation for services.

Any money collected or disbursed in association with a school field trip must flow through the school's Internal Funds. Booster Clubs and PTOs may donate money to their schools to enable the schools to pay the bills for field trips.

learning opportunities for our kiddos that help us remain an A-rated school district. So sincere appreciation for our teachers and instructional staff that do the hard work every day in our schools.

Again, thank you for the support. Thank you for the level of accountability that you ensure -- to ensure that BCPS remains a high-functioning district for today and in years to come.

Thank you.

MS. FERTIG: Okay. Well, thank you.

Okay. Our first -- well, we're actually on number six, but we are going to be looking at the -- at the audit for the internal funds of selected schools and progress report.

Mark, did you have any comments you wanted to make before we begin?

MR. MAGLI: No. I was just prepared to introduce the item --

MS. FERTIG: Okay.

MR. MAGLI: -- and what we did.

But I did want to, as a matter of housekeeping -- and it's something Nakia and I were talking about -- we provided you guys with written copies -- or hard copies of everything. There is a

lot of material that's put in there for non-exceptions that is enormous -- an enormous amount of pages, which we're happy to provide it.

But if you don't feel like you need that -- we certainly have the electronic copy at all times posted. That's just something I just wanted to throw out there, so we could kind of remedy that going into the next year or -- or maintain for the next year, as that would be.

MS. FERTIG: Okay.

All right. Any comments on that?

Yeah, Lew.

MR. NAYLOR: I think it's a great idea.

MS. FERTIG: Yeah.

Anybody want every piece of paper?

Okay.

MR. MAGLI: Okay. We'll make that adjustment. We just wanted to run it by you first before we just went ahead and did that.

Okay. So we can proceed.

This report provides an overview of the internal funds audits. The audit evaluated compliance with applicable statutes, School Board policy financial control requirements with an emphasis on internal controls, receiving

disbursements and fund management.

There are 68 audits that were conducted and included in this report, of which 55 generally followed pol- -- followed prescribed policies and procedures. There was 13 locations that had some exceptions.

And I will open it up for any questions.

MS. FERTIG: Okay.

Yes, Mr. Medvin?

MR. MEDVIN: I noticed, in looking at the exceptions, it seemed to me that there was a number of times where there were problems related to the yearbooks. And I'm just wondering, is this a systematic problem with yearbooks and the procedures and the ways that we deal with yearbooks? It seems like that there were deficiencies because there were too many ordered, you know, this type of problem. And I'm wondering if the universe has changed regarding yearbooks and how they worked since when I was in school.

MR. SMITH: Through the Chair, Ryan Smith, Director of the Business Support Center.

I think the landscape has shifted. I think we've seen our high schools continue to struggle with a lack of yearbook sales in today's digital

environment.

I think, to compound that, three years ago the RFP also shifted, and it allowed for different ways to purchase yearbooks. And as we modernize, sometimes our systems have to modernize with it, and we didn't do that in this case so we caught it after the fact. And as you -- as this team knows, we audit a year in arrears. So by the time we discovered these, there are already exceptions. They've already happened. At that point, we are just trying to prevent them from happening in the future.

And I do think, working with the OCA and their recommendations and working with procurement and logistics, we're going to look at the bid differently and then we're going to look at how we operate differently. And together, we believe that that will get a handle on this situation.

Thank you.

MS. FERTIG: Okay. Lew and then Rachel.

MR. NAYLOR: All right. Just a question, have you enumerated some of the causes of the issue that you could share?

MR. SMITH: Yes, we have.

The biggest piece is, when we updated the RFP,

it allowed for parents to buy yearbooks directly from the vendor; and in some cases, it was creating conflict with the reporting, because we had the vendor collecting revenue, the school collecting revenue, and we had a bookkeeper trying to make sense of all that information, often with a delay.

So many of our locations are either deciding to pull all of the sales in-house and do it through the location or push them all to the vendor so that we have consolidated revenue reporting, which will help us complete the financial reports more accurately and keep tabs on the number of sales.

In addition, many of the high school principles that work with the BSC, and even the ones that do not work with the BSC, we have had some very honest conversations about adjusting the level of books that are purchased to prevent overages that have resulted in a few of the exceptions you're looking at.

MR. NAYLOR: Go ahead.

MS. FERTIG: Go ahead, Rachel.

MS. ROSAS: Yes. I just had two questions on the Coral Glades criminal investigation. I wasn't understanding the significance of BSC versus non-BSC bookkeepers. Is that -- what's the

difference?

MR. SMITH: That's a great question, and thank you for the clarification.

Really, it's a supervisory chain. With the schools that work with the Business Support Center, they report directly through me as the director of the Business Support Center.

In this case with Coral Glades, as a non-Business-Support-Center school, the supervisor would be the principal directly.

MS. ROSAS: Okay. And then, on the Nova High, who had quite a few findings, they were two years in a row the exact same exception, where they -- they ignored the 5- to 50,000-dollar policy for the prom vendor -- I think was decor or something -- and they selected the same vendor, even though they had a finding for it the year before.

And I didn't know if that was a timing mismatch; but I was assuming that, if you get an exception one year, the next year, you would try to do better. But I don't know the exact details of what happened.

MR. SMITH: It is timing, but when we provide coaching and coaching doesn't work, we do work with our professional standards team to ensure that we

follow up in accordance with District standards.

MS. ROSAS: Okay. Thanks.

MS. FERTIG: Yes, go ahead.

MS. THEOPHIN-ATILUS: Yes, good morning.

As DAC rep, and also I am staff chair for Coconut Creek High School, and I just see the findings. Is that -- I don't know if it's -- if I can, at this time, ask that a deeper audit be done into Coconut Creek's findings?

Because earlier this year, I asked to do a governance and compliance review, and they -- I have not still, to this day, gotten any documentations of the funds or the reports. And so, you know, I believe that's a big issue. As staff chair, I do believe there are some things that need to be looked into.

MS. FERTIG: Okay. We're going to get to the audit plan later on the agenda, so if you just kind of hold that --

MS. THEOPHIN-ATILUS: Okay.

MS. FERTIG: -- until we get there.

Yes, Phyllis?

MS. SHAW: Good morning, everyone.

And I didn't get a chance to go back and look to see the number of exceptions we had in the past

three audits, but I thought this was a bit higher than previous; and if that's the case, have we thought about how, why, are there some new SOPs that we need to put in place or tooling and reschooling, if that's the case?

MR. MAGLI: To your question, thank you.

There is a number of different conditions. One thing that's very important -- and even since I've come back, we've talked, and I know that the OCA has been putting out trending reports and things like that from year to year. Nakia heads that division, so, of course, she's been instrumental in putting that report together, and we'll do it again.

So at that point, we're kind of summarizing what are the continuing issues relative to that, and I think that one of the pieces -- and we talked about it, and Mr. Smith mentioned, also -- is just sheer instruction and awareness. A lot of these things that occur, if it happened in one place may happen in other places, and we need to address that.

One of the other considerations -- and she and I have been speaking about -- is even in the beginning of the year, in setting forth the

documentation and compiling those things that would even be needed -- not just for audit, but just for backup -- and making sure they document things correctly and properly that would later be requested during an audit and they're not scattered and lost and things like that, and doing an accounting at the year-end close to ensure that those things are put together and maybe a checklist, based on this trending report, based on what's been reported today and other reports during the year, and say how do we avoid that and what are the changes.

One of the things that I've reached out to Mr. Smith about was some of the changes that they've made with the standard practice bulletins and things like that and to make pronouncement and make sure that people understand any changes that occur, just like you would with policy, and make sure that people are clear; and that it's not just a change to kind of accommodate a situation, but to improve the controls.

So the other part of that is, of course, this particular report is very big, as far as numbers of schools, and that's -- while she works with her team and they've done a great job to keep us on

path with percentage requirements and things of completion based on the balance, at this point, we kind of have a lot of reports to come forth, too. So percentage-wise, it's going to be a little bit higher at the end of the year.

MS. SHAW: Madam Chair, may I continue?

MS. FERTIG: Yes.

MS. SHAW: So and I also think we also need to be mindful of where the information is going. So we may create SOPs and -- standard operating procedures, for those folks that don't know what "SOP" means -- but it may go to only certain individuals and the person who needs to be gathering the information or doing the actual work, or certain aspects of it, it may not be flowing to them.

And I think we also need to be very mindful of that, that if it's the bookkeeper, that the bookkeeper has a great understanding that -- whatever that checklist is or whatever the standard operating procedure is and the expectations of what we need to do.

And with this audit coming out, making sure next year, whether it's the -- whether it's the -- it's the yearbook or anything else that could be

repeated, that it's also put into place and some kind of training process is done and everyone is aware that: Okay, we're looking -- these are some of the things that we're looking at for the audit. These are some of the items that could create exceptions on your audit, and let's make sure it's going on down to -- even down to the janitor.

MR. MAGLI: And I agree with that.

Again, some of the things that have been implemented through our shop -- you know, maybe Mr. Smith can speak more closely to what training is ongoing and things. There is obviously transition that also occurs at schools with staff. But we don't have the luxury, if somebody changes a position, to stop what has to happen. That's one consideration.

But relative to the training, some of it's centralized in that environment, but the schools all need to know what's happening, and I agree. So I -- we always encourage, you know, management to put forth training to ensure that the staff has what's necessary.

MS. SHAW: Thank you.

MS. FERTIG: Okay. Yes. Am I missing -- is everybody over here finished?

MR. NAYLOR: Go ahead. I'll wait.

MR. MAYERSOHN: No, you can go.

MR. NAYLOR: Okay. My question is, what is really the definition of fundraising/events? Are we only talking about fundraising events, or are we talking about fundraising/events that collect money?

MS. GOULDBORNE: So in -- in what we're talking about with fundraising, there are high-revenue events that happen, as well, which we've kind of had a gray area as to whether or not those -- those events are fundraisers.

And so, in some cases, when you have a prom, it might pay for itself and there is no money left over; but if a prom has a -- you know, residual revenue of 20,000 or over that, then, in essence, that is a fundraiser because the senior class can go ahead and use that for other events.

So we -- we put them together because, in some cases, those proms, those homecomings do generate a lot of money for the school and that --

MR. NAYLOR: Right. So they should be subject to audit.

MS. GOULDBORNE: That is our recommendation, yes.

MR. NAYLOR: Okay. Thank you.

MS. FERTIG: Okay. Over here, you want to start and go around?

MR. MAYERSOHN: Yeah, I'll start.

So a couple of questions that I have, on -- if you're looking at page 92, the response from Mr. Smith, going down: Disbursements, BCS supports recommendations, request to initiate policy development has been submitted to the office of the CFO.

Is there a timeline to make changes or to look at the policy?

MR. SMITH: Ryan Smith, director of business support center.

I believe that it's under consideration. I think it would be inappropriate for me to speak on the work of my supervisor, but I know that she's aware of it and the department is looking at it closely to figure out how we can make sure we position these schools for success.

MR. MAYERSOHN: Can we get a followup by our next meeting of where that's at, and potential timeline or decision-making that there is no need to make a change, you know, whatever the outcome may be?

The sales tax due for the parking decals, I know there was another school that had it remitted to the District by 4/23. Has that been accomplished?

MR. MAGLI: It has, yes.

MR. MAYERSOHN: Okay. And then, the -- I mean, obviously, on this, the purchasing policies, whatever, has there been any reprimand for the school or people involved?

Because to me, that's -- I mean, that seems like a standard type of purchasing, you know, knowing that 50,000 or between whatever needs to have bids, three bids. I mean, that's commonplace. So I want to know if there has been any type of reprimand, whether it's additional training or whatever.

MR. SMITH: Correct. We absolutely provide additional remediation from a training perspective. And then, as you can see in a few of my responses, I will reference documentation and followup actions consistent with District standards have been completed as applicable to reinforce compliance with internal access controls -- account controls.

Typically, when that statement is on an audit, that means I've conferred with professional

standards, who would be the equivalent of HR outside of the District.

MR. MAYERSOHN: Okay. And then finally, the Pcard usage, can you -- because, again, I know internal control or internal Pcard usage is different than general fund usage, and I think -- I think I addressed this before about loading a card with, you know, funds and saying, "Here, use it." To me, that's not Pcard; that's like giving you a gift card and saying "Here, when it runs out, it runs out."

Can you explain to me the process that takes place now -- because, in reading some of this, I guess my question is: Has that process been changed?

So explain to me from -- I get a Pcard, you know, from top to bottom, how that internal control or internal funds operates.

MR. SMITH: Yeah, so this process was changed back in September in response to an audit report. The OCA made an observation that they believed the way the money was being encumbered could impact the financial statements of the school in question. We agreed with that assessment.

We looked at the process and wanted to really

make it, in essence, the same as our other Pcards. So similar to the purchase cards that we would use in budget -- because you reference the difference between the two -- the standards for obtaining a Pcard is exactly the same.

The only difference -- and it's really not different; it's very similar to how it's done in budget, it's just through a different system -- is when someone at the school, and for this case we'll say a culinary club needs to purchase supplies for their culinary class, they will complete a funding request that will be approved by the principal in advance.

And that's critical, because when we spend internal funds or student activities money, it requires preapproval from the principal. Once that has been approved, the bookkeeper will encumber those funds within the school's financial on the internal-funds side and then request Procurement to make those funds available on the card.

And then, with a Pcard, they'll make the purchase. And then, when the Pcard statement comes in, they will reconcile it, just as they would on the budget side. And then the money would be transferred from the holding account into the main

payable account, and then we will pay the bill.

MR. MAYERSOHN: Okay.

MR. SMITH: So I think it's important to note, this was a big concern because, in the past, these funds were being encumbered through the Business Support Center. So they were, in essence, being removed from the school, held in our -- our account, and then we would pay the bill from there. We've left that in the name of controls to say that the funds that a school spends on a purchase card are held at the school, but they are encumbered so that a school cannot spend funds that were allocated to one initiative for another initiative.

MR. MAYERSOHN: And is there any -- from the Business Support Center, is there any review of this process so -- you know, checking on schools or having final oversight? How does that work?

MR. SMITH: Correct. So I think that -- if you look back at Pcards, I think they were probably the number one audit item, because when we -- when they first came up and we realized there was a problem, the year had already closed. So we were getting exceptions for a number of schools that had the same issue. So it was important that we got it fixed.

As far as the review process, the bookkeeper reviews to make sure that the request is in alignment with the stated purpose and allowed use of these funds. So that is the control. And because the funds never leave the school, then, when the statement comes in, the Pcard holder will provide all the receipts, all the backup, all the pre-approvals; and the bookkeeper will review those one more time to make sure that everything was done in accordance with standards.

So, for example, there are some things that are taxable, some things that aren't taxable. We need to make sure that if things are taxable, they weren't purchased with the Pcard, because our Pcards are designed not to be taxable.

So those things do happen, and they are reviewed on an annual basis.

MR. MAYERSOHN: So what you're saying is, the bookkeeper is the oversight person for that usage?

MR. SMITH: That is correct.

MR. MAYERSOHN: Okay. Thank you.

MS. FERTIG: Mr. De Meo?

MR. DE MEO: Hi, Mark.

MR. MAGLI: Hello, sir.

MR. DE MEO: Are you presiding over your first

audit committee meeting? Is that today?

MR. MAGLI: Yes, it is.

MR. DE MEO: Oh, well, congratulations.

MR. MAGLI: Thank you.

MR. DE MEO: So, accordingly, let me start from the top and set some benchmarks, so that I can -- we can move forward with a mutual understanding.

The report refers to the financial statements of the school. I think we should consider saying specifically the statement of changes, what is it, "statement of changes in fund balances," because it may mislead somebody to think that we audited some financial statements, and I don't think we did. So that's the first thing that I noted.

The second thing is, we mention how the internal controls function in accordance with their design or properly -- they were properly designed.

As we know, without undertaking a separate distinct audit of internal controls, we shouldn't make conclusions like that as auditors. So what I'm suggesting is that we might say we didn't have any findings or, you know, might want to consider the language that we use there.

And this is tied to something a little

broader, too. I don't know, a year or two ago, we asked your predecessor to include the definition of the various funds. That's very helpful, and what it did for me --

Yeah, near the end of the report.

What it did for me was bring to my recognition that this is a huge undertaking. 260 schools, you know, seven or eight funds, it's enormous. Now, I know it's statutory and we don't have any real discretion on what -- you know, doing it or not doing it, performing these audits. However, even though there is a lot of work there and I recognize that, the reports that we've been relying on don't really tell us what the scope is.

For example, on trusts, if there is a trust, is there a trust agreement? Did we determine -- and I don't want to get too -- too far into the weeds; I just want to give you some examples so that maybe in the future, our report will indicate what we did, maybe for each trust fund and the scope of it.

For example, did we test 80 percent of the transactions? Did we -- did we sample them? Did we substantively test them? Did we trace transactions to the source document that gives rise

to the authority for that transaction? Did we look at trust accounts? Did we look at minutes of clubs for their intention with regard to contributions and disbursements? Did we test compliance with the District centralized Pcard purchasing? Did we look at ticket stubs? Were we physically present to observe ticket sales? Because there's not a lot of controls over ticket sales, right, between number? Do we look at how many kids went on a field trip and compare that to the revenue for revenue completeness?

So I think, without overburdening you -- I know you're doing the work -- maybe we could expand the report, make it a boilerplate, and have all of those things in there so that we, as a committee, and the school board, can be assured that what they're looking at represents something that not only complies with -- with the statutory requirements but our own policies internally.

So I'm suggesting that. I hope it's not too burdensome. I think it would make the reports really meaningful, and I think we could cut back the amount of time we spend on these things, because this report is very important and the following report on the inventory -- you know, I

know we're not there yet -- a lot of these things aren't material. In fact, the scope of the funds aren't even within the external auditor's purview for -- for the audit. Because -- I don't know, there is $20 million, it's not material to them. And I think it's been expressly excluded in the proposal for audit services. They don't look at these funds.

So it's important what you're doing, but it's also important to know the nature of the work that's being performed, the scope and the findings.

And I'll make one other recommendation before I leave this area. I'm not so sure that the word "audit" is really -- that word is thrown around, right? "Audit," what does "audit" mean, right? Somewhere in ancient language, "audit" is hearing, right? It means different things to different people. To auditors, CPAs, it means one thing; to a layperson, it means something else. It's not precise language like they use in medicine or Latin in law, right?

So in the profession, as you know, "audit" has a very specific meaning. It means you're expressing an opinion on something. It might be better for us to list the procedures and say, "Here

is our findings" or "There were no findings, there were no -- there were no material breaches of internal control" or "We found that the internal control over this particular area was poorly designed or it's operating -- not operating properly, manual -- manually."

So I'd like to consider all that. I'd be happy to talk to you about it, and I don't want to take too much time here; but I think we can really take and reflect on the work that you're doing and put it in the language that makes a lot more sense without a lot of work.

So that's a lot I know, but --

MR. MAGLI: So I appreciate the input, and, of course, there has been a longstanding way of how things were kind of formulated. In layman's terms, for people to understand, too, there's kind of a fine understanding between those two things; and certainly, from the materiality, speaking to the financial reporting is significantly different. We try to give an individual case-by-case scenario here, as well. That's how it's been laid out. But we certainly can evaluate it, and I'd be happy to talk to you about it a little bit further.

You know, this is more of a representation, as

much as people's familiarity with understanding what we are trying to report and present and to get them -- you know, they're kind of familiar with that, but it doesn't mean that there are some things that can't be modified or expanded to make it more clear.

Certainly, within the framework of the programmatic audits that we do, particularly internal funds, there is -- there is things laid out and decisions that are made about what we're looking at and things like that. And based on the subjects that -- that come about relative to the findings and things, we tend to look to emphasize and deemphasize certain considerations, as you would do. When, sort of, things become remedied, we don't have to necessarily focus on those things.

So, to your point, I mean, those are things that we definitely want to consider moving forward.

MS. FERTIG: And I'm wondering if, maybe as we do our next one, we can let -- give us a -- like three or four minutes of exactly what went into the fieldwork to come up with the conclusions. I know different ones of us have come on at different times, and that might be helpful, so --

I'm sorry, I didn't think of it; but you have

a good point, Mr. De Meo, so . . .

MR. MAGLI: And for the sake of expediency, when we come here --

MS. FERTIG: Yeah.

MR. MAGLI: -- and the volume of things, you know, generally Nakia --

MS. FERTIG: Yeah.

MR. MAGLI: -- can speak to every one of these things --

MS. FERTIG: Right.

MR. MAGLI: -- very clearly.

MS. FERTIG: Yeah, I'm not every time.

MR. MAGLI: -- and succinctly, but --

MS. FERTIG: I'm just suggesting maybe we do that.

MR. MAGLI: -- we'll certainly put something together.

MR. DE MEO: Structuring the report to include those things, where you don't have to reproduce it all the time and you tweak it for the different testing that you do, would make the report so impactful and meaningful. And they would stand on their own, I think, for anybody in this room to read. And maybe we could even save time, as an audit committee, and, you know, look at it and say

"Okay."

Thank you.

MS. GOULDBORNE: I just have a quick question for clarification from Dr. De Meo.

So the end of the report where we have all of the fund definitions, is that where you would like us to expand how we -- what we did in testing each of those areas?

MR. DE MEO: No, I would actually include it in the scope in the nature of your work on page -- in the beginning pages.

And, you know, I'm not here to give you advice on how to audit, but I think these procedures look more like -- not agreed-upon procedures, but a list of procedures; and that's what you did. And if you have findings, you have findings; and if you don't, you don't.

But I don't know that we really audited -- we didn't audit the financial statements of the school. First of all, I've never seen a financial statement for a school.

MS. GOULDBORNE: I'll say quickly, each school has a trial balance, and we do review the beginning disbursements/revenues that come in and tie that back to the trial balance. And we reconcile the

ending balance to their bank statements so that the statement of revenue is our review of those -- you know, the trial balance, the beginning balance, debits, credits --

MR. DE MEO: Right.

MS. GOULDBORNE: -- transfers in, transfers out, the ending balance and ensuring that reconciles to a bank statement.

So, just as an example, we can put that in -- into their -- to state that's the things that we do to reconcile that statement to --

MR. DE MEO: Yeah, I think that would be good.

On page one, you know, "Internal Auditor's Report; Scope, Objectives and Methodology," I think there is -- that's the place to do it, you know.

And maybe do it by fund: Trust funds, we trace receipts back to the purpose and back to the trust document or -- or the intention of the donor. Or we sampled 30 items. Or we tested 80 percent of the balance. Or we traced it to an invoice.

Whatever it was, if you list those procedures by trust fund, I think it would eliminate a lot of questions. Because right now, I see six or seven funds and, with some schools, hundreds of thousands of dollars, and -- you know.

MS. GOULDBORNE: So I just want to give you some backdrop to that.

When you see schools with a really large balance, especially elementary schools, a lot of that is before and after care. So they're in trust because they have to be remitted to the District.

But, again, we can kind of clarify that and --

MR. DE MEO: Yeah.

MS. GOULDBORNE: -- give some backdrop.

MR. DE MEO: I mean, testing the carryover balances, and, you know, I'm sure you do most of that, and whatever you're doing, I'm sure is fine. It's just that it's hard for us to divine that from the report.

MS. FERTIG: I'm going to just suggest that maybe you all, if you could get with them between now and June 18th, and then we can, when we come in on June 18th, discuss what change -- how you are changing the format of the report.

MS. SHAW: And, Madam Chair?

MS. FERTIG: Yeah?

MS. SHATZ: We also need to be mindful and be careful of our own responsibilities here --

MS. FERTIG: Yeah.

MS. SHATZ: -- in terms of telling the

internal auditor how, what they need to do.

We, of course, can make suggestions. But we also need to be mindful of what we are telling them how to do their own responsibilities.

MS. FERTIG: Okay. All right. Thank you. That was great.

Mariah, you want to?

MS. RABIDEA: Yes. Good morning. Thank you.

I just want to start by saying I can't believe it's May. I don't know if anybody else feels that way.

Okay. So my questions really are a little bit more followup to some of the questions my colleagues have asked.

Okay. So the first one is, how many findings this year were repeat findings versus the first-time findings? And then, what accountability measures exist when the schools are repeatedly receiving these same audit findings across the years? I know you touched on it a little bit.

MS. GOULDBORNE: I believe there is two, and I would think any indication of what happened with the schools would have to go to the District because we are not responsible for that piece of it.

MS. FERTIG: I'm seeing on your summary sheet, Monarch, Nova, West Broward look like they had repeat findings. Does that seem right?

MS. RABIDEA: Yeah, my second question --

MS. FERTIG: Did I look at -- no.

MS. RABIDEA: Yeah.

MS. FERTIG: Okay. Go ahead.

MS. RABIDEA: My second question is really about the fundraising and the yearbook sustainability pieces. So, like, for example, Bair Middle School's yearbook activity resulted in a financial loss, and then the unpaid invoice remained outstanding into 2026 --

MS. FERTIG: Yeah.

MS. RABIDEA: -- due to insufficient funds. So what I'm wondering is, what district-wide guidance exists to ensure the student-fundraising activities remain financially stable?

And then, as a followup, are schools increasingly relying on fundraising to sustain core student experiences that historically may have received greater District support?

MR. MAGLI: So -- I'm sorry, go ahead.

MS. GOULDBORNE: There is a standard practice bulletin on yearbooks. It is -- it is considered

extracurricular activities, which student activity funds kind of fund.

But I'll let the District talk more about the district-wide . . .

MR. STRAUSS: Yeah, so in relation to yearbooks, as Nakia just said, it is a fundraiser in and of itself. So, you know, as a class, the students are taught to raise funds, and those can be a variety of ways. Sales of yearbooks obviously create revenue. Commissions from the pictures that the students can take and buy becomes a revenue. Advertisements that they sell for the yearbook become revenue sources. So there is different revenue streams that exist, and then the cost of the yearbook itself. So the goal, obviously, is that, minimum, come to a net zero.

And then a lot of -- middle school is a little bit different.

At the high-school level, a lot of the yearbooks do have profits, and that allows the class -- the yearbook class to attend an annual conference or something like that to hone their skills, as well.

The yearbook, as Mr. Smith was saying earlier and some of the other questioning, has definitely

been a struggle because of, you know -- you know, you can think back to, you know, when you were in high school, what a yearbook meant versus -- it changes. I can think back to many, many moons ago when I was in school.

Now, the yearbook maybe doesn't have the same value to the students because we see that within the -- what's occurring with -- you know, with this right here. You know, Instagram is the new yearbook, basically.

So the other thing that I would say is, in looking at it, because even one of the schools that is under me that had a yearbook issue, sometimes, when the audit comes -- so I'll give you an example. Like he mentioned, this is auditing last year's situation. So at this time of the year last year, I was getting a report of the year before, and say there was a yearbook issue. Well, I'm finding it out in the spring; it's difficult for me to fix that issue that year. So I'm almost going to guarantee myself of another finding because of the timing -- you know, the lag in timing of finding out that there was something.

So a perfect example is, I was working with one of my schools around it and said: All right.

So what do we do? So what do we do? We messed up. We made the same mistake because of the delay in notifying of the mess-up? Now, for this year, where are we?

And this year, they were able to show me: No, we did X, Y, Z to make sure that we are not creating the same mistake.

So sometimes it almost takes an additional year to catch up, especially around the yearbooks, because I have to place an order so -- you know, it's just the nature of the cycle.

But I think a lot of it just stems from how yearbooks are deemed by the students, valued by the students at this point in time.

MS. RABIDEA: Thank you.

And I just want to go back to the -- to the second part of the question just on fundraising generally. Are they increasingly relying on fundraising for core student experiences?

MR. STRAUSS: For core student experiences? I just have to ask you, what do you define -- you know, because I'm saying -- because "core student experiences" meaning the classroom, no; "core student experience" being a field trip, something of that nature, yeah, they might have to raise

funds if they want to do something above and beyond the normal experience. The normal curricular experiences are not having fundraising tied to it.

MS. RABIDEA: Okay. And just to -- yeah, go ahead.

MS. GOULDBORNE: Just to note that these funds are sort of restricted, so they can -- they are not supposed to be used for certain District activities that are the responsibility of the District that have allocated budgets for. So these are separate and distinct from District budget.

MS. RABIDEA: Okay. And I think maybe to follow up on that, I'm just curious, like an example I can think of is band boosters, right? Band boosters across the District fundraise constantly just to bring some of the students to local experiences with music, which is, you know, part of what they're learning and the experience that they're learning in the class, as well.

So I think maybe there are some gray areas there. I would say band booster is probably a good example of that; maybe yearbooks, not so much.

MR. STRAUSS: Right. Well, yeah, yearbook is a class.

So the band booster -- it's an interesting

dynamic. So the band booster sits outside of the internal accounts situation. So the band booster themselves -- and we have some schools that have band-booster accounts that are probably in excess of half a million dollars in some of our larger high schools, and I would say half a million dollars might be on even the low end of that.

A lot of it comes down to, like, the determination of individuals of what's that -- you know, what level of experience do you want. You know, we had an item that came up here before about Winter Guard that came to the board to allow some of our schools to go to Ohio to participate in the Winter Guard performance. Those are not tied to a school's grade -- student's grade in a class. They are extracurricular and, therefore, above and beyond that. And the level in which you want to participate kind of deems what are the fundraising necessities.

MS. RABIDEA: Thank you. I just have two more questions.

MS. FERTIG: Okay. Yeah, and I'm just going to say, we are -- we have an hour and eight minutes left. So I'm not trying -- I know this has gone on longer than most reports; but on the other hand,

this is more exceptions than we've seen in a long time, so go ahead.

MS. RABIDEA: Thank you.

So back to the -- I think someone mentioned it, the Coral Glades High School findings around the fraud investigation. So what -- what proactive fraud detection systems or -- or analytics or insights are currently used district-wide?

MR. MAGLI: I'm not familiar with what they're working on inside of finance or things like that. It's something that I have been considering and looking at potentially a further discussion relative to that, because I think there -- there may be things happening that I'm not fully aware of at this point. But certainly, there are a lot of opportunities there to identify that.

That particular instance is something a little different that would stand outside probably something in that -- that review.

But as far as approvals and system stuff, system checks and things along the way relative to expenditures, those are things that are in place at a number of levels.

And I know they're trying to automate, and they're also looking at a new ERP system, and those

were some of the considerations that were discussed at great length relative to what I believe the product is that they are seeking.

So hopefully we have some things in place already. I will follow up on that.

MS. RABIDEA: Thank you. Yeah.

And then my last question around the business support centers, has the District evaluated whether schools supported by the business support centers experience fewer audit exceptions long term than non-BSC-supported schools?

MR. SMITH: Ryan Smith, director of the Business Support Center.

We actually evaluated this in a recent white paper when we looked at centralization. The last three years, the BSC's rate was at or better than non-BSC schools. That does not include this current year, so I can't speak to this current year; but in the completed years, the answer is yes.

MS. FERTIG: I'm going to just add in here that several years ago, as an audit committee, we began to notice that we were seeing a lot of business center schools included in the list, and many of the schools have gone away from having a

bookkeeper. So now you see -- I don't know what the percentage of schools having one --

MR. STRAUSS: 60 percent.

MS. FERTIG: So we have a list that -- that you'll see in these reports about, you know, kind of -- and you can kind of go through that yourself and come to some conclusions about what you see, as far as whether those exceptions are all with non-BSC or . . .

MS. RABIDEA: Thank you.

MS. FERTIG: Is that -- yeah?

MR. MAGLI: Yes, ma'am.

Relative to the percentage of schools that are actually enrolled with the program, the BSC program, versus those that are not, again, at the end of year, we'll take -- we'll take a look at, specifically, how that is; but I believe it's 80 percent of the schools enrolled.

Is that correct, Mr. Smith?

MR. SMITH: It is, yes.

MR. MAGLI: So relatively --

MS. FERTIG: 80 percent, yeah.

MR. MAGLI: -- it kind aligns with the percentage of --

MS. FERTIG: What we see.

MR. MAGLI: -- enrollment, you know, district-wide.

MS. FERTIG: Okay. Chris, did you have anything on this?

Okay. I just want to make two comments here. And, you know, Mark, I told people, even when you were gone and not here for a few years, that you had made -- gotten us to the point where we didn't see exceptions on reports because you pointed out so many exceptions.

I know Mr. De Meo remembers this: We used to get these reports, and it would just be so -- just so many exceptions. And we went for a long period of time where we didn't see that, because I think you -- you put in a lot of training.

I know you're going to take no credit because you're too modest --

MR. MAGLI: I am not going to take any credit but --

MS. FERTIG: -- but -- but a lot of training was -- you know, we just really beefed up the training and so forth.

What I noticed about this report, 63 schools, 13 -- 13 of them have exceptions and 11 of those are high schools. And that, I think, is a critical

thing to note about this report.

You may need to be doing some extra training with high schools. It looks like it's all over the district. It's no one area. I think -- I think there is a real message in what we see here, and I know that it is possible for us to get back to the point where we don't have as many exceptions, and a key to that is training.

And I understand the delay in -- you know, in year-to-year stuff.

But my second is just a question from something I read in here: Is there any student who paid for a yearbook and didn't get it? I don't care if they got their money back. Is there any student who paid for a yearbook and didn't get it? Because I think that's something you cannot make up, you cannot really correct.

So can we have an answer to that?

MS. GOULDBORNE: In the current audit, there were students that paid for yearbooks but there -- from what we understand, there wasn't a yearbook published. There was supposed to be, and then there wasn't. And then we went in and saw the money that was collected. That's why we asked if there was a yearbook, and we got the response that

there wasn't. And so our indication at that point was if you didn't get a yearbook or there wasn't one published, then what are you going to do with the money? And so they -- I guess they initiated refunds for those payments.

MS. FERTIG: Okay. And because this is a class and because this is something that, you know, has a lot of tradition behind it, I would just kind of have -- if we can, like to see, as a followup by high school, what percentage of students -- you know, it's not going to being how many yearbooks, but what percentage of students are purchasing yearbooks; and if there were schools that could not publish a yearbook at the end of the year, I think that's kind of a critical thing to know as far as teaching the courses and including students and maybe updating what we do to make sure that we're relevant in today's world.

So I don't know how you accomplish that, and I don't know if anybody else feels the same way. But I've got to say, if you pay for a yearbook and you don't get it, you can't make that up to them, and maybe there was something else that could have been done along the way, so . . .

Okay. Anybody?

Yeah.

MR. NAYLOR: Just a quick followup on one of the things we heard, that schools don't fund transportation or things like that for field trips. I see in NCC, that elementary schools, middle schools, alternative schools and centers receive categorical allocation in their budgets for such items. How is that amount determined, and where does it show up on the school budget? Because I don't think I've ever seen that that --

MR. SMITH: I think there is -- there is different types of field trips and how they're sponsored. The educational-related field trips are handled slightly different.

Most of the trips that flow through internal funds, these are field trips that are paid for by the children. So we determine the cost of the field trip. That cost is then divided equally amongst the kids that are expected to participate, and that is the cost of the field trip.

So there are some other nuances. I think there is some science -- science and arts money and magnet that will pay for field trips; but that is funded at the school level as part of the FPFP process.

MR. NAYLOR: Okay. And do you know how that money is allocated or determined per school? Is it FTE?

MR. STRAUSS: So -- so, yeah, their overall is through their FTE budget; but I would say, to what Mr. Smith was saying, if I'm a magnet school, like I'll utilize my former school, South Broward -- when I was a principal at South Broward High School, we had additional funding through magnet that covered our field trips that were specific for our magnet students to go do and partake in as part of their curricular experience.

As a principal, you might also sit there and have other curricular field trips that you want students to go see a play, you know, because it's tied into a -- you know, something through your ELA, you know, English Language Arts classes, that you just, through your budget, you know, utilize your budget to pay for the transportation in this case.

MR. NAYLOR: Okay. Thank you.

But this doesn't mention magnet schools; it mentions elementary schools, middle schools, alternative schools. So how -- how is that --

MR. STRAUSS: What -- I'm -- what are you --

I'm --

MR. NAYLOR: Appendices C, General Information on Internal Funds.

MR. STRAUSS: And it's part of -- I just want to make sure. It's part of this report, Appendices C?

MR. NAYLOR: Yeah.

MS. GOULDBORNE: What I've known -- what I've noticed, when we -- when we're doing these reviews, is that there is a grant allocation to some of these schools. I'm not really -- we don't know what the budget side of how that's determined, but there was an arts -- arts and science grant; and from what we understand, it's the same amount for each school. Each school gets the same amount.

MR. NAYLOR: So it's a fixed amount --

MS. GOULDBORNE: It's a fixed amount.

MR. STRAUSS: Oh, so Dr. Wanza is saying there is -- we have the SEAS initiative through Broward Performing Arts, and so it might be -- it's tied to that to provide for transportation for elemen- -- for those schools to attend SEAS programs.

MR. NAYLOR: Thank you.

MS. FERTIG: Okay.

MS. SHAW: Madam Chair, motion to transmit.

MR. MAYERSOHN: Second.

MS. THEOPHIN-ATILUS: I have a question. So my -- it kind of piggybacks off of what Mary said, but a lot of bookkeepers are making the same mistakes. So is there required training for the staff members? Because, again, like Mary said, I don't think the trainings are strong enough for them and so --

And then how is -- if there is required training, how is it verified? Schools -- you made -- I'm sorry, I don't know your name.

You made the statement that schools cannot spend funds on one initiative when it's supposed to be for another, so do we have a system or something in place to prevent those things from happening? Because, unfortunately, they are, so that you know, because receipts, approvals and deposits are definitely missing and then --

It's showing that we have a lack of control on everything. So, you know, we don't have control. The consistency and the accountability is not there.

And then, my last question is, why would there be a yearbook that's not published? Because as a student or a senior or whatnot, whatever grade,

actually, you want those memories. So what would be the reason that the yearbook's not published?

MS. GOULDBORNE: I don't know. Our only question was, we see money collected, was there a yearbook? There was not. And from what we understand, there was some issues with the actual vendor with publishing that yearbook and working with the vendor.

That's the only -- that's where we -- that's where we stopped with that because we just wanted to make sure the money was -- what was collected was used how it was supposed to be used. So that's our understanding.

It might be a procurement issue to go into further detail with the vendor if there were contractual issues.

MS. THEOPHIN-ATILUS: I'm sorry. I would think before we even collect the money for that school from those students, we know that that yearbook is not being published or whatnot. We're moving too quickly then, if we're taking money on something that's not even getting published.

MR. STRAUSS: So there is a cyclical process around yearbooks, right?

So say at this time, right now, as we're

heading into next school year, I'm selecting who my vendor is going to be to do the yearbook production. Then, over the summer, you're building your ideas, your theme, you know, all the things that are occurring.

And at some point, you're coming to an agreement and doing a pre- -- not a presale, but like saying to the vendor: Hey, we think we are going to need 200 yearbooks. So that's what our expected is, and then there is always a time that you can adjust it.

So now, when you try to do sales and you see your sales don't exist or minimally exist, you know, maybe I'm doing my sales and I've only sold 20 yearbooks at this point. At that point in time, I might make the active decision to say, you know -- to not run in the red-red or, you know, stopping production of the yearbook because it's just going to become a total negative. We are going to return -- the funds should get returned to the student, obviously; and then, at that point in time, the question there is how do you move forward.

I would say that's an example that I saw and read -- it's not a school that sits under me, but

just knowing the history of that school, I would say that's not the norm that you see in just about most other schools.

MS. THEOPHIN-ATILUS: Okay. I understand --

MS. FERTIG: Still, if what you're saying is there is decline --

And we need to vote on the motions, because we are going to run out of time.

But I just want to say that this -- and I'm sure you're looking at this. This looks -- this sounds like a subject that needs, aside from what we do on audit, some real consideration of where you're going to move in the future.

But overall, hopefully, Mark, I just know those trainings for high schools are going to be so great. Mr. Strauss, Dr. Wanza is back there. We have got a lot of people who are going to make sure that we get the training, but we need to, because this is too many exceptions.

Okay. All in favor of the motion?

MS. SHAW: I do have one last comment.

Is -- could we possibly get a matrix on these reports, so especially if there are repeats, so at least we can look and if there is on the schools, especially schools with exceptions, and then we can

have a -- "Okay, there is a repeat 2022, 20-" -- whatever the case might be. But something simple, nothing --

MS. GOULDBORNE: It's at the end of the report.

MS. FERTIG: Yeah, it's page --

MS. GOULDBORNE: It's all the way to the back.

MS. FERTIG: It's page --

MS. SHAW: I must have missed it.

MS. FERTIG: Yeah.

MR. MAYERSOHN: You know what? I did, too.

MS. THEOPHIN-ATILUS: I know, Mary, you spoke on future training; but is there currently a required training --

MS. FERTIG: Yes.

MS. THEOPHIN-ATILUS: -- and are we verifying that they are doing it?

MR. SMITH: Yes.

Ryan Smith, director of the Business Support Center.

Yes, there are multiple layers of training, and I'm going to speed through because I know we're out of time.

But from the bookkeepers, when they join a team, they receive a dedicated two-week process of

onboarding training. They then are going through monthly trainings, as well as monthly meetings to make sure communication happens.

We then offer one-on-one remedial training for bookkeepers who aren't meeting the grade. In addition, we train our principals at both the grade level, region level and all principal-level meetings.

And then we have our sponsors where we do trainings before they take on the role, a sponsor, which is one of the most critical roles.

I would just put it out to this committee that something for consideration, under the approval of the OC, of course, is, there are many reports here because we've been doing high schools last; and the challenge with that is, high schools are our biggest operations, which means you would expect to have the most significant risk. But by doing them last --

MS. GOULDBORNE: We don't do them last.

MR. SMITH: -- these schools have already committed the same things for our current year, and it's already in the books.

So I would suggest that this committee strongly recommend moving high schools to the first

of the list, so that if we see an issue, it's documented early in the year, before they complete the year that they're in.

Because doing this, if these schools just get their report a month ago, chances are they've already done yearbooks this year, which means the same thing is going to carry, which is why you see these repeat findings.

I would suggest moving high schools to the front, given their risk assessment here and the amount of risk they have in the district. That way these issues can be fixed at the moment, rather than us going through another business cycle. Because the training we provide bookkeepers is significant. The training and knowledge of our principals are significant. But none of that matters if this year is already closed by the time they find out they did something wrong.

(Overtalk.)

MS. SHAW: They should know they did something wrong. I'm sorry.

MS. FERTIG: I mean, I just have -- I'm sorry, I turned this off. Apologies.

I just have to say that it's been a lot of years since I've seen over a third of high schools

have exceptions. I don't -- that, to me, points to something else, besides just when they're being -- you know.

I mean, yes, can they -- can this be done earlier? I don't know. That's a question for the audit department. But I don't think it minimizes the fact that we have way more high schools being with exceptions than we typically see in a year, so yeah.

MR. MAGLI: If I may?

MS. FERTIG: Yeah.

MR. MAGLI: The sequence by which we do audits has really nothing to do with the efficacy of what's done at the school location. It's a snapshot in time. If we never came, it would not change the circumstance. So we're -- we sequence our audits the way we have to use our staff and resources as best we can.

If one -- and I said this earlier in discussion. If one location has seen -- and I spoke to the trending analysis and the year-by-year reporting that goes on, and as one exception came forward or consideration of something came forward that was potentially a finding that could be duplicated around to other locations, my first

instinct would be to address those things when they come up, whether we did all the high schools or we did one. So I just want to say that.

Second part of that is, we bring information that's for awareness, but we don't do the training. Okay. We need to stay independent of that. We communicate.

And I think, to your point is, I did communicate a lot and I did offer, as -- as the reports do, as well, recommendations and things based on what we have seen.

What is generally successful is when trends in recognition of problems get eliminated across the board and that the communication within those groups and sectors -- I think principals, in general, if they have a greater awareness of what could happen and share the information would be better -- you know, better served and more successful.

So I just wanted to make that point, because we do our best with what we have, and we have staffing experience thing -- experiential things that we have to consider when we're doing these things.

And they do have the highest balance, so we

tend to address those earlier. Is that one hundred percent? It's close to.

But, you know, the idea is what I said, is if we never showed up, that doesn't mean that we just ignored the condition. We have to address the condition and then even identify those on our own. That's the idea of internal control, is to look at things inside the framework of the management and of the function to ensure they are seeing things and they have things in place to identify those problems before we do.

MS. FERTIG: Okay. All right. I'm going to say, can we vote on our motion to transmit?

If you're okay, all in favor?

COMMITTEE MEMBERS: Aye.

MS. FERTIG: Opposed?

Okay. The motion carries. We're transmitting this to the Board.

We're going to agenda item number seven, property and inventory audit of selected locations.

Does anybody want to comment on property and --

Thank you, Mr. Smith.

MR. SMITH: Thank you.

MS. FERTIG: Anybody have a comment on this

Background/History
The primary objective of the Title I program is to ensure that all students in high-poverty schools receive a fair, equitable, and significant opportunity to obtain a high-quality education. By leveraging supplemental resources, the program empowers students to meet and exceed proficiency on the challenging State Academic Achievement Standards and rigorous State Academic Assessments.

The United States Department of Education - Title I, Part A: Improving the Academic of the Disadvantaged is a continuation and formula grant for the 2026-2027 school year. School Impact, Stakeholder Engagement, and Implementation Considerations

This section outlines how the proposed item will impact schools, including the selection and prioritization process where applicable, as well as stakeholder and end-user input. It also addresses technology and capital asset life cycles, replacement planning, and any additional operational details necessary to provide the Board with a comprehensive understanding of implementation.

Impact on Schools	Schools benefit from Title I, Part A by providing students with a fair, equitable, and significant opportunity to receive a high-quality education while achieving proficiency on rigorous state academic standards and assessments. This funding effectively bridges achievement gaps by ensuring all learners have the resources necessary to meet and exceed state performance benchmarks.
School Selection/Prioritization	School sites are selected based on a qualification threshold of 61% or more of the K–8 student population receiving free or reduced-price meals. This eligibility also extends to designated combination schools serving grades 6–12, ensuring their continued access to essential support through Title I, Part A grant provisions.

Additional Backup:

During the 2024–2025 school year, Title I students demonstrated measurable academic achievement in Mathematics and English Language Arts (ELA), as reflected in the data table below. Across grade levels, FAST assessment results show that a majority of students met or exceeded grade-level expectations, with ELA performance on FAST STAR Early Literacy, FAST STAR Reading, and FAST ELA assessments ranging from 48% to 59%, and Mathematics performance on FAST STAR Math and FAST Math assessments ranging from 41% to 63%. At the secondary level, End of Course (EOC) assessment results further indicate strong academic outcomes, with pass rates reaching as high as 100% in Geometry, 92% in Biology, and 92% in Civics across select grade levels. FAST and EOC assessment data for the 2025–2026 school year will not be available until the end of July. Therefore, based on current performance trends and continued instructional supports, the percentage of Title I students scoring at or above grade level in Mathematics and Reading is projected to increase by approximately 3% during the 2026–2027 school year.

Measurable Outcomes of Title I students during the 2024-25 school year:

Measurable Outcome(s)/Return on Investment	• Additional Backup illustrates a detailed summary on the evaluation elements, assistance, and initiatives SEDNET has for its Measurable Outcomes/ROIs.

Background/History
In 1984, the Florida Legislature formally established SEDNET via Chapter 1006.04. The initial goal was to reduce reliance on residential institutions and instead provide "wrap-around" community-based services through coordinated planning across education, mental health, child welfare, and juvenile justice agencies. These interagency teams helped many children return from out-of-state placements into their home communities. SEDNET continues to operate as an IDEA Funded grant program through the Florida Department of Education, Bureau of Exceptional Education and Student Services (BEESS). Its mission is still centered on systems of care: building interagency collaboration, engaging families, and supporting students with emotional/behavioral disabilities.

SEDNET is a network of 19 regional projects that are comprised of major-child serving agencies, community-based service providers, students, and their families. Local school districts serve as fiscal agents for each local regional project. Within this framework, SEDNET focuses on developing interagency collaborations, working to sustain partnerships among professionals and families in education, mental health, substance abuse, child welfare, and juvenile justice systems. These efforts support children and youth with or at-risk of Emotional/Behavioral Disabilities (E/BD). The district represents Region 10, and the grant funds 90% Salary and Fringe (58% TAPS 26C017, 32% TAPS 26C018) for the SEDNET Coordinator (SBBC: District Coordinator, Severely Emotionally Disturbed Network).

The Multi-agency Service Network for Students with Emotional/Behavioral Disabilities (SEDNET) is an IDEA Funded non-competitive grant for the 2026-2027 school year. The Exceptional Student Education Support/Compliance Department has requested $117,761 in funding. This grant will be managed by the department. For more information, please contact Diane Eagan, Executive Director of Exceptional Student Education.

Measurable Outcome(s)/Return on Investment continued:

For 2026-27, SEDNET will utilize the following evaluation elements for program evaluation:

1. Collect Information: SEDNET may gather numbers and feedback through different methods—such as surveys, teacher rating forms, evaluations, and monthly reports. They may also look at informal surveys or need assessments from different stakeholder groups.
2. Review Results: Outcome information may include student grades, behavior data, discipline incidents, graduation rates, and state performance indicators listed in the SPP/APR.
3. Analyze the Information: SEDNET will review the data to find out what is working well, what is getting in the way, and whether any changes to the project are needed.
4. Follow Up: Projects will check whether schools and community partners are using the products, services, or training they receive. Follow-up may include group coaching, checklists, and online surveys. Projects may also look at school- or community-level results—such as discipline data, community mental health information, or surveys about training—to see if the work is helping achieve the goals.
5. Meet Performance Goals: Each project must meet minimum goals for every deliverable. Project staff must record the completion of each deliverable in the Project Tracking System (PTS) system and update progress within 15 days after each quarter. BEESS staff will monitor

project performance based on the data provided and make sure required deliverables are received, as required by Florida law.

During the 2025-2026 school year, SEDNET Region 10 (Broward County) provided technical assistance through consultation in coordinating services across multiple agencies and problem solving to remove or reduce barriers that prevent students from getting the support they need. Professional development sessions were provided on behavior management and behavioral support, trauma-informed strategies, and systems-of-care approaches. These efforts were aimed at supporting students with or at/risk of emotional and behavioral disabilities.

SEDNET Region 10 (Broward County) also engaged in Local Review Team (LRT), collaborative meetings with interagency stakeholders (DCF, DJJ, APD, Managing Entity-BBHC and community mental health providers) in planning for a coordinated system of care for children/youth to improve access to educational support and mental health resources available in the community (under another statute – Florida Statute 394.4955) related to children's mental health.

SEDNET Region 10 (Broward County) SEDNET Coordinator served as Chair of the Behavioral Health Partnership Committee and worked closely with staff who counsel students with emotional and behavioral disabilities.

Staff Follow Up: **TN 26-266 (DH)**
Due Date: June 5, 2026

Established 1915 BROWARD County Public Schools | Educating Today's Students to Succeed in Tomorrow's World

Topic: Meeting: June 9, RSBM

FF-3.) Second Amendment to the CareerSource Broward ISY Program Agreement and FF-4.) Second Amendment to the CareerSource Broward OSY Program Agreement

Staff Follow Up: Why was the number of participants decreased? **TN 26-266 (DH)**

Response: CareerSource Broward experienced a reduction in federal funding from the U.S. Department of Labor for the upcoming program year. These federal allocations are determined through a formula that incorporates local labor market indicators, including Broward County's employment and unemployment rates. As unemployment rates decline and employment levels improve, formula-based workforce funding is correspondingly reduced.

As a result, the total funding available to support both In-School Youth (ISY) and Out-of-School Youth (OSY) programs has decreased compared to prior years. Consequently, enrollment and performance deliverables for both programs have been adjusted to align with the available resources.

Additionally, these federally funded programs are subject to extensive compliance, documentation, monitoring, and reporting requirements. While funding levels have decreased, the federal accountability expectations remain unchanged. The reduction in funding impacts staffing, program capacity, and operational support, making it necessary to establish enrollment targets that are both realistic and achievable.

The revised funding allocations and corresponding deliverables are designed to ensure the continued delivery of high-quality services, maintain fiscal responsibility, and uphold full compliance with all federal requirements while operating within the constraints of available funding.

Staff Follow Up: **TN 26-266 (DH)**
Due Date: June 5, 2026

Established 1915 BROWARD County Public Schools | Educating Today's Students to Succeed in Tomorrow's World

Topic: Meeting: June 9, RSBM

FF-3.) Second Amendment to the CareerSource Broward ISY Program Agreement and FF-4.) Second Amendment to the CareerSource Broward OSY Program Agreement

Staff Follow Up: Why was the number of participants decreased? **TN 26-266 (DH)**

Response: CareerSource Broward experienced a reduction in federal funding from the U.S. Department of Labor for the upcoming program year. These federal allocations are determined through a formula that incorporates local labor market indicators, including Broward County's employment and unemployment rates. As unemployment rates decline and employment levels improve, formula-based workforce funding is correspondingly reduced.

As a result, the total funding available to support both In-School Youth (ISY) and Out-of-School Youth (OSY) programs has decreased compared to prior years. Consequently, enrollment and performance deliverables for both programs have been adjusted to align with the available resources.

Additionally, these federally funded programs are subject to extensive compliance, documentation, monitoring, and reporting requirements. While funding levels have decreased, the federal accountability expectations remain unchanged. The reduction in funding impacts staffing, program capacity, and operational support, making it necessary to establish enrollment targets that are both realistic and achievable.

The revised funding allocations and corresponding deliverables are designed to ensure the continued delivery of high-quality services, maintain fiscal responsibility, and uphold full compliance with all federal requirements while operating within the constraints of available funding.

Alignment to the 2027 Strategic Goals and Guardrails	• This item supports the District's Strategic Goals and Guardrails by strengthening organizational effectiveness, improving operational efficiency, enhancing legal support services, promoting accountability and transparency, and ensuring timely, legally compliant decision-making throughout the District.
Measurable Outcome(s)/Return on Investment	• Expected outcomes include:

	o Increased volume of legal work handled internally; o Reduced reliance on outside counsel and cadre counsel; o Improved contract review and procurement turnaround times; o Enhanced support for schools, departments, and District leadership; o Improved legal risk management and preventative legal services; o Increased attorney supervision, mentoring, and succession planning; o Greater operational efficiency through implementation of specialized legal practice teams. o The anticipated return on investment includes reduced outside counsel expenditures, avoidance of litigation and compliance-related costs, accelerated implementation of District initiatives, improved legal service delivery, and long-term cost savings through expansion of internal legal expertise and capacity.

Background/History

The Office of the General Counsel is implementing a strategic reorganization designed to align legal services. These agreements and amendments are intended to strengthen leadership capacity, preserve institutional knowledge, increase cost-effectiveness, improve operational efficiency, and support the implementation of a modern law-firm model focused on providing timely, high-quality legal representation to the School Board and District administration.

Importantly, these are not new positions and do not create any additional attorney positions within the Office of the General Counsel. The positions were previously approved and budgeted by the School Board. The proposed agreements and amendments simply align the existing organizational structure with the operational needs of the Office while leveraging the extensive expertise of current attorneys to increase in-house legal capacity, reduce reliance on outside counsel, and generate long-term cost savings for the District.

There was a Board approved and budgeted vacant Deputy General Counsel position. This position was advertised on the District's website, shared with the Florida School Board Attorneys Association, and other related platforms. A total of twelve (12) applications were received and screened in accordance with established minimum qualifications

and performance criteria. From this pool, four (4) candidates were selected for interview; one candidate withdrew from consideration.

All applicants were evaluated using a standardized screening instrument that assessed demonstrated experience and capacity to perform the position's principal responsibilities, including providing legal services across District operations, supervising and managing assigned attorneys, ensuring the delivery of timely and high-quality legal support, and assisting with School Board matters, including agenda review, legal risk identification, and follow-up on Board actions. The candidates demonstrated strong overall ratings across these competencies, reflecting solid-to-above-average proficiency in key legal functions.

Interviews were conducted on May 27, 2026, by a panel consisting of Kathy Dupuy-Bruno, General Counsel; John J. Sullivan, Chief of Staff; and Dr. Ernie Lozano, Chief Human Resources Officer.

Based upon the candidates' qualifications, unique experience, leadership abilities, and demonstrated capacity to support the operational and strategic objectives of the Office of the General Counsel, the General Counsel recommends the appointment of Corey Huffman as Deputy General Counsel.

Further, as part of the Office of the General Counsel's operational restructuring and legal pod realignment initiative, the Deputy General Counsel position has been revised to better align with the leadership, management, and operational responsibilities associated with the role. Effective June 30, 2026, Robert Vignola's position will transition from Deputy General Counsel to Assistant General Counsel, in a senior-level position. Mr. Vignola will continue to serve in a key leadership role within the Office of the General Counsel and will lead the Contracts and Procurement Pod, where his extensive institutional knowledge and subject-matter expertise will continue to provide significant value to the District.

The transition of Mr. Vignola's position creates a second Deputy General Counsel vacancy. Effective July 1, 2026, Kathelyn Jacques-Adams will be promoted to Deputy General Counsel and will lead the Construction Litigation and Complex Litigation Pod. Together with Corey Huffman, who will lead the Academics and Due Process Pod, the Deputy General Counsels will provide executive-level legal leadership and support the Office's modernization efforts through the implementation of a centralized legal pod structure designed to improve accountability, specialization, efficiency, and service delivery.

In addition, the General Counsel recommends the renewals of Thomas Cooney, Virginia Balkanski, and Giseli LeMay. Each have experience in their respective practice areas and provide critical legal support to the Office of the General Counsel. Their continued service preserves institutional knowledge, supports continuity of operations, and enhances the Office's ability to meet the legal needs of the School Board and District.

Collectively, the appointment and reappointment of these attorneys, support the implementation of a practice-area team structure that leverages attorney expertise more effectively, improves collaboration, and increases efficiency.

Board Meeting Date: June 9, 2026

Requested Action: Approve the Special Counsel Services Agreement between The School Board of Broward County, Florida (SBBC) and Ruiz Trial Law, PLLC.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• N/A
Statutory Requirement	• N/A
If the School Board votes "Yes"	• If the School Board votes "Yes," Ruiz Trial Law, PLLC will provide legal services to SBBC pursuant to the Special Counsel Services Agreement
If the School Board votes "No"	• If the School Board votes "No," Ruiz Trial Law, PLLC would not represent SBBC, and the SBBC would be required to seek alternative legal counsel, which could result in higher market rates or less specialized experience.
Alignment to the 2027 Strategic Goals and Guardrails	• Business Operations
Measurable Outcome(s)/Return on Investment	• Approval of this Agreement ensures continuity of specialized legal representation at negotiated rates, supporting effective risk management, timely legal guidance, and avoidance of higher market-rate costs that could result from engaging alternative counsel. The return on investment is realized through cost-conscious access to experienced counsel, operational continuity, and mitigation of potential legal exposure.

Background/History

The Office of the General Counsel continues to evaluate and implement operational strategies designed to improve the delivery of legal services to the District while maximizing efficiency, responsiveness, continuity, and fiscal responsibility. As part of this effort, the District is transitioning to a more centralized and modern legal services model focused on proactive legal support, timely responsiveness, and strategic management of outside legal expenditures.

Labor and employment matters represent one of the District's most active and operationally sensitive areas of legal practice. These matters require ongoing legal support, immediate accessibility to counsel, attendance at labor negotiations and grievance proceedings, assistance with employee discipline and due process matters, and close coordination with Human Resources and District leadership. Given the volume and time-sensitive nature of these matters, delays in legal support can significantly impact operations, employee relations, negotiations, and risk management.

To enhance the District's labor and employment representation while improving cost predictability and access to counsel, the Office of the General Counsel is recommending the engagement of Ruiz Trial Law, PLLC under a flat annual fee structure. Ruiz Trial Law, PLLC, and specifically attorney Fabian A. Ruiz, have previously represented the District in labor and employment matters. Mr. Ruiz is familiar with the District's operations, labor environment, personnel structure, and collective bargaining processes, and has established positive working relationships with District staff and leadership.

Mr. Ruiz has also been instrumental in assisting the District during labor negotiations and in helping resolve multiple union-related matters while working closely with District staff, Human Resources, labor relations personnel, and the General Counsel. His collaborative and practical approach at the bargaining table has assisted the District in addressing complex labor issues in an efficient and solution-oriented manner.

The proposed structure provides the District with direct and ongoing access to experienced labor and employment counsel for a fixed annual cost of $85,000, thereby avoiding the unpredictability and escalation of fees commonly associated with traditional hourly billing arrangements. Under a standard hourly model, collective bargaining sessions, grievance hearings, employee discipline matters, strategy meetings, and ongoing Human Resources consultation can result in substantial and fluctuating legal expenses. The flat-fee structure instead allows the District to obtain consistent and readily accessible legal representation without concern that each meeting, consultation, appearance, or negotiation session will generate additional hourly charges.

Importantly, this structure enhances the District's access to counsel by allowing Human Resources, labor relations staff, administration, and the General Counsel to work proactively and collaboratively with labor counsel as issues arise, rather than limiting involvement due to concerns regarding escalating fees. This approach promotes early intervention, problem-solving, consistency, and operational efficiency.

Under this arrangement, special counsel will work under the direction of the General Counsel and will provide comprehensive labor and employment legal support to the District. These services will be supplemented and coordinated with the District's Assistant General Counsels to ensure continuity, collaboration, responsiveness, and centralized legal oversight. Services will include participation in collective bargaining and labor negotiations, attendance at grievance hearings and arbitrations, assistance with employee discipline and due process matters, labor and employment advice and counsel, review and drafting of employment-related policies and documents, strategic Human Resources support, and other labor and employment matters assigned by the General Counsel.

This arrangement is expected to enhance continuity, responsiveness, accessibility, and overall representation in labor and employment matters while supporting the District's broader operational goals of efficiency, centralized legal coordination, and responsible fiscal management.

2.7.5 Failure to Permit Inspection. Failure by FIRM to permit audit, inspection, examination, evaluation, and reproduction as permitted under this section shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the denial of some or all of any FIRM's claims for payment by SBBC.

2.7.6 Overcharges and Unauthorized Charges. If an audit conducted in accordance with this section discloses overcharges or unauthorized charges to SBBC by FIRM in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by FIRM. If the audit discloses billings or charges to which FIRM is not contractually entitled, FIRM shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand.

If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. The parties agree that the failure of FIRM to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit FIRM to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. FIRM agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage resulting from FIRM's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. VENDOR further understands that any Agreement with SBBC for goods or services of any amount may be terminated at SBBC's option if VENDOR (a) is found to have submitted a false certification, (b) has been placed on the Scrutinized Companies or Other Entities that Boycott Israel List, or (c) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the Agreement is One Million Dollars and 00/100 Cents ($1,000,000.00) or more, the Agreement may be terminated at SBBC's option if VENDOR is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List, or has been engaged in business operations in Cuba or Syria.

ARTICLE 3 – GENERAL CONDITIONS

3.1 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this

Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.2 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third-party or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third-parties in any matter arising out of any Agreement.

3.3 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.4 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party thirty (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.5.

3.5 **Termination**. This Agreement may be terminated with or without cause by either SBBC or the FIRM during the term hereof upon thirty (30) calendar days' written notice to the other party of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining

upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.6 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.7 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.8 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.9 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid,

illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement upon the date of the last signature below.

If the School Board votes "Yes"	• If SBBC votes "Yes," the Lawsuit and all related third-party claims will be fully and finally resolved through a global settlement, releases will be exchanged upon satisfaction of conditions precedent, and the litigation will be dismissed with prejudice with each party bearing its own attorneys' fees and costs.

Background/History

FICE provided professional design and construction administration services to SBBC pursuant to multiple Professional Services Agreements associated with several District capital projects. Disputes arose regarding FICE's services and compensation, and on

October 25, 2023, FICE filed suit against SBBC and AECOM in the Circuit Court of the Seventeenth Judicial Circuit in and for Broward County, Florida, Case No. CACE 23 020213. SBBC thereafter filed a third party complaint against Heery. All defendants denied liability. Following negotiations and mediation, and without any admission of liability, the parties reached a global settlement reflecting a compromise of disputed claims as a business decision to avoid the costs and risks of continued litigation.

EXECUTIVE SUMMARY

Glades MS Conversion to K-8

Board Meeting Date: June 9, 2026

Requested Action:
Approve the amendment to the FY26 Capital Budget to allocate $400,000 from the Capital Projects Reserve for professional design services necessary to convert Glades Middle School to a K-8 configuration, and amend the FY27 District Educational Facilities Plan (DEFP) to include $7,800,000 for associated construction costs.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District 2	
School Board Policy Requirement	• SBBC Policy 8010
Statutory Requirement	• Pursuant to Sections 1011.012(1) and 1013.35(4) and (5), Florida Statutes, capital outlay funds may not be expended for remodeling or construction projects unless the project is specifically identified in the adopted DEFP and authorized in the adopted capital outlay budget.
If the School Board votes "Yes"	• SBBC will amend the FY26 Capital Budget and FY27 DEFP to include the design and construction funding necessary to proceed with the conversion of Glades MS to a K-8 configuration, allowing the project to move forward in accordance with SBBC's prior consensus direction. • Design activities will commence in FY26, with construction funding authorized in FY27, allowing the project to proceed toward occupancy for the 2028-2029 school year.
If the School Board votes "No"	• Capital funding associated with the proposed school usage change will not be authorized or incorporated into the DEFP. • Staff would need to revisit alternative enrollment and facility utilization strategies previously discussed at the December 8, 2025, SBBC Workshop, or advance other enrollment and facility utilization actions under SBBC Policy 8010, including potential consolidation, repurposing, or boundary changes, before returning with a revised recommendation to SBBC. • Reconsideration of prior proposals may generate renewed stakeholder concern in the impacted communities.

Alignment to the 2027 Strategic Goals and Guardrails	• Business Operations
Measurable Outcome(s)/Return on Investment	• Implements the conversion of Glades MS to a K-8 configuration serving the designated attendance area. • Success will be measured by the timely operational launch of grades K-8 and enrollment of students across all grade levels in the reconfigured model. • Establishes a continuous K-8 pathway within the community designed to support grade-level continuity and strengthen in-boundary student retention.

Background/History

As part of the District's *Redefining Our Schools* process and the ongoing review of enrollment trends and facility utilization in the South Region, Glades Middle School was included in a broader set of Phase 2 proposals presented at the December 8, 2025, SBBC Workshop.

The original concept presented included converting certain elementary schools within the boundary area to K-8 configurations, offlining Glades Middle School, and transitioning the Glades campus into a branch campus for Sheridan Technical College.

During that workshop, an alternate proposal was introduced to maintain Glades Middle School and convert it to a K-8 configuration. This alternative was discussed with the understanding that its viability would be dependent upon the consolidation of enrollment from two (2) elementary schools within the attendance area and the closure of those campuses as separate operating schools. Following discussion, SBBC provided consensus direction to further evaluate and advance this K-8 conversion concept.

In response to that direction, this item is being brought forward to authorize the conversion of Glades Middle School to a K-8 configuration and to incorporate the associated planning, capital improvements, and anticipated conversion costs into the DEFP, allowing design and implementation activities to proceed.

Project Scope and Cost Overview

The project will convert Glades Middle School to a K-8 configuration under Project P.003175 and will be implemented in two phases.

1) Campus Readiness for Student Occupancy (Target: 2028-2029 School Year)

Phase 1 improvements will prepare the campus to accommodate kindergarten through grade 5 students within existing facilities.

Work required to support student occupancy includes:

- Construction of twenty-four (24) single-stall unisex restrooms within existing classrooms on the first and second floors of Building 4, as required by the State Requirements for Educational Facilities (SREF).
    - Per SREF 2014, Chapter 5, Section 5(16)(b)6, mandates that a single unisex toilet room shall be provided only in child-care, pre-K through grade three, and ESE classrooms.

- Cafeteria and classroom furniture, fixtures, and equipment (FF&E) as needed.
    - To the extent feasible, existing FF&E from the affected elementary schools will be relocated and repurposed to support the conversion.

- Modification and lowering of whiteboards to accommodate elementary-grade students.

- Installation of age-appropriate casework.
- Interior and exterior repainting of Building 4.

2) Playground Installation

Phase 2 will include the development of two (2) elementary playground areas.

Associated site considerations include:

- Evaluation of stormwater impacts;
- Drainage modifications, as required; and
- Identification of ongoing maintenance funding requirements.

The total estimated project cost is **$8,200,000**, inclusive of architectural and engineering design services, supplementary consultant services, construction costs associated with facility modifications, playground development, site and drainage improvements, communication infrastructure, cafeteria improvements, and construction contingency.

The project budget will be refined upon completion of design and detailed cost estimating.

Implementation Timeline

Upon SBBC approval, design activities are anticipated to require approximately three (3) to six (6) months for completion. The permitting timeline will be dependent upon applicable regulatory review agencies. Following completion of design and permitting, the SBBC will procure a Construction Services Minor Projects (CSMP) contractor and initiate construction.

The target is to complete improvements in time to allow student occupancy for the 2028-2029 school year.

School Impact, Stakeholder Engagement, and Implementation Considerations

This section outlines how the proposed item will impact schools, including the selection and prioritization process where applicable, as well as stakeholder and end-user input. It also addresses technology and capital asset life cycles, replacement planning, and any additional operational details necessary to provide the Board with a comprehensive understanding of implementation.

Impact on Schools	The restructuring of the Glades MS attendance area transitions the current elementary-to-middle feeder pattern to a K-8 service model. Two (2) elementary schools within the Glades MS boundary will be consolidated into the Glades MS campus, which will operate as a K-8 school. A third elementary school within the boundary is anticipated to transition to a K-8 configuration. As a result, students residing within the Glades MS attendance area will no longer transition from elementary to a separate middle school campus. Instead, the area will be served primarily by K-8 schools, creating continuity of enrollment within the same school community. All affected schools are located within the existing Glades MS attendance boundary; therefore, no geographic boundary expansion is required.
School Selection /Prioritization	N/A
Community/ Stakeholder Engagement	The consideration involving Glades MS was part of the Redefining Our Schools – Phase 2 process and was discussed during multiple South Region engagement efforts. Engagement included: • Community meeting (September 10, 2025) • City of Miramar meeting (September 15, 2025) • South Regional stakeholder meeting (November 13, 2025) • School-level meetings with the District 2 Board Member • School Boundary Advisory Committee Vote held December 2, 2025 ○ The School Boundary Committee voted 6-43 (Not Recommended) on the proposal to move Glades MS students to New Renaissance MS.
End-User Input	Input was gathered through ThoughtExchange at the November 13, 2025, stakeholder meeting, with 512 participants, 524 thoughts, and 11,624 ratings. Feedback reflected strong concern about converting elementary schools to K-8 models due to the lack of middle school facilities and programming. Many stakeholders instead supported expanding Glades MS into a thoughtfully designed K-8 model by strengthening the existing campus. Speakers and submitted feedback noted that Glades MS has the capacity to appropriately serve younger students, and already has key middle school amenities, including labs, technology spaces, and electives.

	Enhancing the current campus was viewed as more practical and cost-effective than retrofitting multiple elementary schools, while preserving established programs and the school's identity.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with

all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

2) hold any education records in strict confidence and not use or redisclose same except as required by this Agreement or as required or permitted by law unless the parent of each student or a student age 18 years or older whose education records are to be shared provides prior written consent for their release; and

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) ensure that, at all times, all of its employees who have access to any education records during the term of their employment shall abide strictly by its obligations under this Agreement, and that access to education records is limited only to its employees that require the information to carry out the responsibilities under this Agreement and shall provide said list of employees to SBBC upon request;

2) safeguard each education record through administrative, physical and technological standards to ensure that adequate controls are in place to protect the education records and information in accordance with FERPA's privacy requirements;

3) notify the SBBC Director of Information Security and Assurance immediately upon

discovery of an electronic breach of confidentiality of education records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

4) prepare and distribute, at its own cost, any and all required breach notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so, including, but not limited to, those required by Section 501.171, Florida Statutes; and

5) be responsible for any fines or penalties for failure to meet breach notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.05 **PROVIDER Safeguarding the Confidentiality of Employee Records.**

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of state or federal law or regulation regarding the confidentiality of employee records;

2) hold the employee records in strict confidence and not use or disclose same except as required by this Agreement or as required or permitted by law;

3) only share employee records with those who have a need to access the information in order to perform their assigned duties in the performance of this Agreement; and

4) be responsible for any fines or penalties for failure to meet notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. PROVIDER shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.08 **Notice**. When any of the parties' desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Before and After School Child Care The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
To PROVIDER:	BASKETBALL LAB, INC. 5850 South Pine Island Road Davie, Florida, 33328

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of, or in any way connected

2.17 **Equal Opportunity Provision**. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified

or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or

insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the

matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil

commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

THIS AUTHORIZED PROVIDER CHILD CARE PROGRAM AGREEMENT is made and entered into by and between

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

(hereinafter referred to as "SBBC"),

a body corporate and political subdivision of the State of Florida, whose principal place of business is

600 Southeast Third Avenue, Fort Lauderdale, Florida 33301 and

CHABAD OF PARKLAND, INC.

(hereinafter referred to as "PROVIDER"), a Florida Not For Profit Corporation

whose principal place of business is

7170 N. Hillsboro Canal Road, Parkland, FL 33067

WHEREAS, SBBC Policy 4390 **Child Care Programs** states that Child Care Programs on SBBC property shall be operated by an Authorized Provider(s) during non-school hours; and

WHEREAS, as an Authorized Provider, a private provider shall have a valid Agreement with SBBC prior to operating a Child Care Program in compliance with SBBC Policy 4390; and

WHEREAS, PROVIDER desires to become a private provider of a Summer Camp child care program on SBBC property during summer 2026; and

WHEREAS, PROVIDER shall obtain and maintain Facility Use Permits through SBBC's Facilitron system, subject to approval by the applicable school principal or designee, for all Summer Camp child care programs operated under this Agreement; and

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals.** The Parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with

all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

2) hold any education records in strict confidence and not use or redisclose same except as required by this Agreement or as required or permitted by law unless the parent of each student or a student age 18 years or older whose education records are to be shared provides prior written consent for their release; and

3) notify the SBBC Privacy Officer immediately upon discovery of a hard copy breach of confidentiality of education records by telephone at 754-321-1900, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law.

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) ensure that, at all times, all of its employees who have access to any education records during the term of their employment shall abide strictly by its obligations under this Agreement, and that access to education records is limited only to its employees that require the information to carry out the responsibilities under this Agreement and shall provide said list of employees to SBBC upon request;

2) safeguard each education record through administrative, physical and technological standards to ensure that adequate controls are in place to protect the education records and information in accordance with FERPA's privacy requirements;

3) notify the SBBC Director of Information Security and Assurance immediately upon

discovery of an electronic breach of confidentiality of education records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

4) prepare and distribute, at its own cost, any and all required breach notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so, including, but not limited to, those required by Section 501.171, Florida Statutes; and

5) be responsible for any fines or penalties for failure to meet breach notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.05 **PROVIDER Safeguarding the Confidentiality of Employee Records.**

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of state or federal law or regulation regarding the confidentiality of employee records;

2) hold the employee records in strict confidence and not use or disclose same except as required by this Agreement or as required or permitted by law;

3) only share employee records with those who have a need to access the information in order to perform their assigned duties in the performance of this Agreement; and

4) notify the SBBC Privacy Officer immediately upon discovery of a hard copy breach of confidentiality of employee records by telephone at 754-321-1900, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law.

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) protect employee records through administrative, physical and technological safeguards to ensure adequate controls are in place to protect the employee's records and information;

2) notify the SBBC Director of Information Security and Assurance immediately upon discovery of an electronic breach of confidentiality of employee records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

3) prepare and distribute, at its own cost, any and all required notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so; and

4) be responsible for any fines or penalties for failure to meet notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. PROVIDER shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.08 **Notice**. When any of the parties' desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Before and After School Child Care The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
To PROVIDER:	CHABAD OF PARKLAND, INC. 7170 N. Hillsboro Canal Road Parkland, Florida 33067

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of, or in any way connected

2.15 **SBBC Liability**. SBBC shall not be liable or responsible for any damage, accident, injury or death to PROVIDER or PROVIDER's property or to PROVIDER's agents, servants, employees or invitees or to their property from any cause whatsoever while such persons or property are located upon SBBC's property either prior to, during or subsequent to the term of this Agreement.

2.16 **PROVIDER Liability.** PROVIDER agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by PROVIDER, its agents, servants, or employees; the equipment of PROVIDER, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of PROVIDER or the negligence of PROVIDER's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by PROVIDER, SBBC, or otherwise.

2.17 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.18 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified

or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or

insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the

matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil

commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

3.23 **School Principal Approvals**. Operational approvals, including facility use, scheduling, and campus-level requirements, shall be determined by the school principal or designee in accordance with SBBC procedures and reflected in the Facilitron system.

3.24 **Non-School Activity Acknowledgment.** The Parties acknowledge that the summer camp program is not a School Board instructional or extracurricular program. Campers are not SBBC students for purposes of this Agreement, and PROVIDER is solely responsible for all program operations, supervision, and activities conducted on SBBC property.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement upon the date of the last signature below.

WHEREAS, SBBC Policy 4390 **Child Care Programs** states that Child Care Programs on SBBC property shall be operated by an Authorized Provider(s) during non-school hours; and

WHEREAS, as an Authorized Provider, a private provider shall have a valid Agreement with SBBC prior to operating a Child Care Program in compliance with SBBC Policy 4390; and

WHEREAS, PROVIDER desires to become a private provider of a Summer Camp child care program on SBBC property during summer 2026; and

WHEREAS, PROVIDER shall obtain and maintain Facility Use Permits through SBBC's Facilitron system, subject to approval by the applicable school principal or designee, for all Summer Camp child care programs operated under this Agreement; and

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals.** The Parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with

all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

2) hold any education records in strict confidence and not use or redisclose same except as required by this Agreement or as required or permitted by law unless the parent of each student or a student age 18 years or older whose education records are to be shared provides prior written consent for their release; and

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) protect employee records through administrative, physical and technological safeguards to ensure adequate controls are in place to protect the employee's records and information;

2) notify the SBBC Director of Information Security and Assurance immediately upon discovery of an electronic breach of confidentiality of employee records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. PROVIDER shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

When any of the parties' desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Before and After School Child Care The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
To PROVIDER:	CHAYA AYDEL SEMINARY, INC. 1295 E. Hallandale Beach Blvd. Hallandale Beach, Florida 33009

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening**. PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of, or in any way connected

with, this Agreement, and/or claim or injury or damage.

(g) Verification of Coverage. Proof of the required insurance must be furnished by PROVIDER to SBBC's Risk Management Department by Certificate of Insurance within fifteen (15) calendar days of the date of this Agreement. All certificates (and any required documents) must be received and approved by SBBC's Risk Management Department before any work commences to permit VENDOR to remedy any deficiencies. After the award, you will receive an email with a link to upload (drag and drop) your certificate of insurance.

(h) Required Conditions. Liability policies must include the following terms on the Certificate of Insurance.

(i) Cancellation of Insurance. PROVIDER is prohibited from providing services under this Agreement with SBBC without the minimum required insurance coverage and must notify

SBBC within two (2) business days if required insurance is cancelled.

(j) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverage or endorsements, herein throughout the term of this Agreement.

2.15 **SBBC Liability**. SBBC shall not be liable or responsible for any damage, accident, injury or death to PROVIDER or PROVIDER's property or to PROVIDER's agents, servants, employees or invitees or to their property from any cause whatsoever while such persons or property are located upon SBBC's property either prior to, during or subsequent to the term of this Agreement.

2.16 **PROVIDER Liability.** PROVIDER agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by PROVIDER, its agents, servants, or employees; the equipment of PROVIDER, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of PROVIDER or the negligence of PROVIDER's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by PROVIDER, SBBC, or otherwise.

2.17 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.18 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified

or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or

insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the

matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil

commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

3.23 **School Principal Approvals**. Operational approvals, including facility use, scheduling, and campus-level requirements, shall be determined by the school principal or designee in accordance with SBBC procedures and reflected in the Facilitron system.

3.24 **Non-School Activity Acknowledgment.** The Parties acknowledge that the summer camp program is not a School Board instructional or extracurricular program. Campers are not SBBC students for purposes of this Agreement, and PROVIDER is solely responsible for all program operations, supervision, and activities conducted on SBBC property.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with

all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) ensure that, at all times, all of its employees who have access to any education records during the term of their employment shall abide strictly by its obligations under this Agreement, and that access to education records is limited only to its employees that require the information to carry out the responsibilities under this Agreement and shall provide said list of employees to SBBC upon request;

2) safeguard each education record through administrative, physical and technological standards to ensure that adequate controls are in place to protect the education records and information in accordance with FERPA's privacy requirements;

3) notify the SBBC Director of Information Security and Assurance immediately upon

discovery of an electronic breach of confidentiality of education records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

4) prepare and distribute, at its own cost, any and all required breach notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so, including, but not limited to, those required by Section 501.171, Florida Statutes; and

5) be responsible for any fines or penalties for failure to meet breach notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.05 **PROVIDER Safeguarding the Confidentiality of Employee Records.**

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of state or federal law or regulation regarding the confidentiality of employee records;

2) hold the employee records in strict confidence and not use or disclose same except as required by this Agreement or as required or permitted by law;

3) only share employee records with those who have a need to access the information in order to perform their assigned duties in the performance of this Agreement; and

4) be responsible for any fines or penalties for failure to meet notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. PROVIDER shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Before and After School Child Care The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of, or in any way connected

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified

or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for Social Security, withholding taxes, contributions to unemployment compensation funds or

insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the

matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil

commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

(hereinafter referred to as "SBBC"),

a body corporate and political subdivision of the State of Florida, whose principal place of business is

600 Southeast Third Avenue, Fort Lauderdale, Florida 33301 and

LIGHTNING BASKETBALL, INC.

(hereinafter referred to as "PROVIDER"), a Florida non-profit corporation

whose principal place of business is

18600 Vista Park Blvd.

Weston, Fl 33332

WHEREAS, SBBC Policy 4390 **Child Care Programs** states that Child Care Programs on SBBC property shall be operated by an Authorized Provider(s) during non-school hours; and

WHEREAS, as an Authorized Provider, a private provider shall have a valid Agreement with SBBC prior to operating a Child Care Program in compliance with SBBC Policy 4390; and

WHEREAS, PROVIDER desires to become a private provider of a Summer Camp child care program on SBBC property during summer 2026; and

WHEREAS, PROVIDER shall obtain and maintain Facility Use Permits through SBBC's Facilitron system, subject to approval by the applicable school principal or designee, for all Summer Camp child care programs operated under this Agreement; and

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals.** The Parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus

monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a

safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

2) hold any education records in strict confidence and not use or redisclose same except as required by this Agreement or as required or permitted by law unless the parent of each student or a student age 18 years or older whose education records are to be shared provides prior written consent for their release; and

3) notify the SBBC Privacy Officer immediately upon discovery of a hard copy breach of confidentiality of education records by telephone at 754-321-1900, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law.

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) ensure that, at all times, all of its employees who have access to any education records during the term of their employment shall abide strictly by its obligations under this Agreement, and that access to education records is limited only to its employees that require the information to carry out the responsibilities under this Agreement and shall provide said list of employees to SBBC upon request;

2) safeguard each education record through administrative, physical and technological standards to ensure that adequate controls are in place to protect the education records and information in accordance with FERPA's privacy requirements;

3) notify the SBBC Director of Information Security and Assurance immediately upon discovery of an electronic breach of confidentiality of education records by telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

4) prepare and distribute, at its own cost, any and all required breach notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so, including, but not limited to, those required by Section 501.171, Florida Statutes; and

5) be responsible for any fines or penalties for failure to meet breach notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.05 **PROVIDER Safeguarding the Confidentiality of Employee Records.**

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of state or federal law or regulation regarding the confidentiality of employee records;

2) hold the employee records in strict confidence and not use or disclose same except as required by this Agreement or as required or permitted by law;

3) only share employee records with those who have a need to access the information in order to perform their assigned duties in the performance of this Agreement; and

4) notify the SBBC Privacy Officer immediately upon discovery of a hard copy breach of confidentiality of employee records by telephone at 754-321-1900, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law.

(b) IT Security. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) protect employee records through administrative, physical and technological safeguards to ensure adequate controls are in place to protect the employee's records and information;

2) notify the SBBC Director of Information Security and Assurance immediately upon discovery of an electronic breach of confidentiality of employee records by

telephone at 754-321-0300, and email at privacy@browardschools.com; and take all necessary notification steps as may be required by federal and Florida law, including, but not limited to, those required by Section 501.171, Florida Statutes;

3) prepare and distribute, at its own cost, any and all required notifications, under federal and Florida Law, or reimburse SBBC any direct costs incurred by SBBC for doing so; and

4) be responsible for any fines or penalties for failure to meet notice requirements pursuant to federal and/or Florida law.

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. PROVIDER shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

2.08 **Notice**. When any of the parties' desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC: Superintendent of Schools
The School Board of Broward County, Florida
600 Southeast Third Avenue
Fort Lauderdale, Florida 33301

With a Copy to: Director, Before and After School Child Care
The School Board of Broward County, Florida
600 Southeast Third Avenue
Fort Lauderdale, Florida 33301

With a Copy to: LIGHTNING BASKETBALL, INC.
18600 Vista Park Blvd.
Weston, Fl 33332

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties

(i) Cancellation of Insurance. PROVIDER is prohibited from providing services under

this Agreement with SBBC without the minimum required insurance coverage and must notify SBBC within two (2) business days if required insurance is cancelled.

(j) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverage or endorsements, herein throughout the term of this Agreement.

2.15 **SBBC Liability**. SBBC shall not be liable or responsible for any damage, accident, injury or death to PROVIDER or PROVIDER's property or to PROVIDER's agents, servants, employees or invitees or to their property from any cause whatsoever while such persons or property are located upon SBBC's property either prior to, during or subsequent to the term of this Agreement.

2.16 **PROVIDER Liability.** PROVIDER agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by PROVIDER, its agents, servants, or employees; the equipment of PROVIDER, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of PROVIDER or the negligence of PROVIDER's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by PROVIDER, SBBC, or otherwise.

2.17 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.18 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any

confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for

Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

3.23 **School Principal Approvals**. Operational approvals, including facility use, scheduling, and campus-level requirements, shall be determined by the school principal or designee in accordance with SBBC procedures and reflected in the Facilitron system.

3.24 **Non-School Activity Acknowledgment.** The Parties acknowledge that the summer camp program is not a School Board instructional or extracurricular program. Campers are not SBBC students for purposes of this Agreement, and PROVIDER is solely responsible for all program operations, supervision, and activities conducted on SBBC property.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement upon the date of the last signature below.

THIS AUTHORIZED PROVIDER CHILD CARE PROGRAM AGREEMENT is made and entered into by and between

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

(hereinafter referred to as "SBBC"),

a body corporate and political subdivision of the State of Florida, whose principal place of business is

600 Southeast Third Avenue, Fort Lauderdale, Florida 33301 and

NOVA DAVIE BASEBALL CAMP LLC

(hereinafter referred to as "PROVIDER"), a Florida Limited Liability Company whose principal place of business is

9530 NW 18th Street, Plantation, Florida 33322

WHEREAS, SBBC Policy 4390 **Child Care Programs** states that Child Care Programs on SBBC property shall be operated by an Authorized Provider(s) during non-school hours; and

WHEREAS, as an Authorized Provider, a private provider shall have a valid Agreement with SBBC prior to operating a Child Care Program in compliance with SBBC Policy 4390; and

WHEREAS, PROVIDER desires to become a private provider of a Summer Camp child care program on SBBC property during summer 2026; and

WHEREAS, PROVIDER shall obtain and maintain Facility Use Permits through SBBC's Facilitron system, subject to approval by the applicable school principal or designee, for all Summer Camp child care programs operated under this Agreement; and

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals.** The Parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 - SPECIAL CONDITIONS

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus

monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a

safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

2) hold any education records in strict confidence and not use or redisclose same except as required by this Agreement or as required or permitted by law unless the parent of each student or a student age 18 years or older whose education records are to be shared provides prior written consent for their release; and

(c) The obligations under this section shall survive the termination of all performance required or conclusion of all obligations existing under this Agreement.

2.06 **Cost.**

(a) No Cost to SBBC. There shall be no cost incurred to SBBC by PROVIDER under this Agreement.

(b) Cost to PROVIDER. PROVIDER shall be responsible for all costs associated with facility use, including applicable fees processed through the SBBC Facilitron system. Payment of all applicable fees through Facilitron is a condition precedent to use of SBBC facilities.

2.07 **Inspection of PROVIDER's Records by SBBC**. PROVIDER shall establish and maintain books, records, and documents (including electronic storage media) related to this Agreement. All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. For the purpose of such audits, inspections, examinations, evaluations, and reproductions, SBBC's agent or authorized representative shall have access to PROVIDER's Records from the Effective Date of this Agreement, for the duration of the term and for a period of five (5) years following termination of this Agreement. SBBC's agent or its authorized representative shall provide PROVIDER with reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation, and reproduction. SBBC's agent or its authorized representative shall have access to the PROVIDER's facilities and to any and all records related to the Agreement, and shall be provided adequate and appropriate work space in order to exercise the rights permitted under this section. When any of the parties' desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Director, Before and After School Child Care The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	NOVA DAVIE BASEBALL CAMP LLC 9530 NW 18th Street Plantation, Florida 33322

2.09 **E-Verify**. Pursuant to Section 448.095, Florida Statutes, any party contracting with SBBC shall register with and use the E-Verify system to verify the work authorization for all employees hired during the course of this Agreement. Any such party shall require any subcontractors used to perform the duties and responsibilities under this Agreement to register with and use the E-Verify system to verify the work authorization for all employees that the subcontractor hires during the course of this Agreement. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. Personnel who are subject to background screening include all of PROVIDER's non-exempt employees, representatives, agents, and sub-contractors performing duties under this Agreement who meet any of the three (3) descriptions listed above. This background screening will be conducted by SBBC in advance of PROVIDER or its personnel providing any services under this Agreement. PROVIDER shall bear the cost of acquiring the background screening required by Section 1012.32, Florida Statutes, and any fee imposed by the Florida Department of Law Enforcement (FDLE) to maintain the fingerprints provided with respect to PROVIDER and its personnel. The parties agree that the failure of PROVIDER to perform any of the duties described in this section shall constitute a material breach of this Agreement entitling SBBC to terminate this Agreement immediately for cause and with no opportunity required to permit PROVIDER to cure such default and no further responsibilities or duties for SBBC to perform under this Agreement. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. Upon completion of the Agreement, PROVIDER shall transfer, at no cost, to SBBC all public records in possession of PROVIDER or keep and maintain public records required by SBBC to perform the services required under the Agreement. If PROVIDER transfers all public records to SBBC upon completion of the Agreement, PROVIDER shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If PROVIDER keeps and maintains public records upon completion of the Agreement, PROVIDER shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-2300, OPTION 5, RECORDREQUESTS@BROWARDSCHOOLS.COM, LEGISLATIVE AFFAIRS, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties

hereto against the other on any matters whatsoever arising out of, or in any way connected with, this Agreement, and/or claim or injury or damage.

(j) SBBC reserves the right to review, reject or accept any required policies of insurance, including limits, coverage or endorsements, herein throughout the term of this Agreement.

2.15 **SBBC Liability**. SBBC shall not be liable or responsible for any damage, accident, injury or death to PROVIDER or PROVIDER's property or to PROVIDER's agents, servants, employees or invitees or to their property from any cause whatsoever while such persons or property are located upon SBBC's property either prior to, during or subsequent to the term of this Agreement.

2.16 **PROVIDER Liability.** PROVIDER agrees to indemnify, hold harmless and defend SBBC, its agents, servants and employees from any and all claims, judgments, costs, and expenses including, but not limited to, reasonable attorney's fees, reasonable investigative and discovery costs, court costs, and all other sums which SBBC, its agents, servants, and employees may pay or become obligated to pay on account of any, all and every claim or demand, or assertion of liability, or any claim or action founded thereon, arising or alleged to have arisen out of or due to the products, goods, or services furnished by PROVIDER, its agents, servants, or employees; the equipment of PROVIDER, its agents, servants, or employees while such equipment is on premises owned or controlled by SBBC; or the negligence of PROVIDER or the negligence of PROVIDER's agents when acting within the scope of their employment, whether such claims, judgments, costs, and expenses are for damages, damage to property including SBBC's property, and injury or death of any person whether employed by PROVIDER, SBBC, or otherwise.

2.17 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression, marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

2.18 **Annual Appropriation.** SBBC's performance and obligations under this Agreement is contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty accrues to SBBC if this provision is exercised, and SBBC is not obligated or liable for any future payments due or any damages as a result of termination under this section.

2.19 **Proprietary Information.**

(a) Any documents or materials submitted to SBBC shall be open for inspection by any person in accordance with Section 119.07, Florida Statutes, except as otherwise exempted from disclosure by applicable law. A party contracting with SBBC must clearly mark, label, designate, or identify any portions of any documents or materials it provides to SBBC which are claimed to be confidential and exempt from public inspection, provided that the confidential or exempt portions of such documents or materials are clearly marked with specific citations of law that provide the asserted confidentiality or exemption. A contracting party's failure to identify any

confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The notice shall state that the requested materials will be produced by SBBC to the requesting party within ten (10) calendar days of the date of the written notification, unless the contracting party has initiated an action at its sole cost and expense in a court of competent jurisdiction to preclude the release of the requested materials. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for

Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC is entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC has no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion, or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, that title to such property shall pass to SBBC, and that SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws**. Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules, regulations, and applicable SBBC Operational Handbook(s) in performing its duties, responsibilities, and obligations pursuant to this Agreement.

3.07 **Place of Performance**. All of SBBC's obligations under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and are payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any disputes, controversies, or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida has jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof is predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect**. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignment of interests under this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions**. The captions, section designations, section numbers, article numbers, titles, and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe, or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability**. If any one or more of the sections, paragraphs, sentences, clauses, or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable, or void in any respect, such does not affect the remaining portions of this Agreement and the same remain in full force and effect as if such invalid, illegal, unlawful, unenforceable, or void sections, paragraphs, sentences, clauses, or provisions had never been included.

3.14 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein is effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto. Notwithstanding the foregoing, changes to Facility Use Permits approved through the Facilitron system shall not constitute an amendment to this Agreement and shall not require execution of a written amendment.

3.16 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement is not a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver is only effective as to the specific instance for which it is obtained and is not a continuing or future waiver.

3.17 **Force Majeure**. Neither party is obligated to perform any duty, requirement, or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.18 **Rights and Remedies.** The duties and obligations imposed by this Agreement and the rights and remedies available thereunder are in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

3.19 **Survival**. All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds survive the termination of this Agreement.

3.20 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or her/his designee to take any actions necessary to implement and administer this Agreement.

3.21 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which is an original, but all of which, taken together, shall constitute one and the same Agreement.

3.22 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

3.23 **School Principal Approvals**. Operational approvals, including facility use, scheduling, and campus-level requirements, shall be determined by the school principal or designee in accordance with SBBC procedures and reflected in the Facilitron system.

3.24 **Non-School Activity Acknowledgment.** The Parties acknowledge that the summer camp program is not a School Board instructional or extracurricular program. Campers are not SBBC students for purposes of this Agreement, and PROVIDER is solely responsible for all program operations, supervision, and activities conducted on SBBC property.

2.01 **Term of Agreement.** The term of this Agreement commences on June 9, 2026 ("Effective Date") and concludes on August 7, 2026, unless terminated earlier pursuant to section 3.05 of this Agreement.

2.02 **PROVIDER Responsibilities and Requirements.** This Agreement authorizes PROVIDER to operate a Child Care Program as defined in SBBC Policy 4390 **Child Care Programs**, only during non-school hours as defined in Policy 4390, and subject to the terms of this Agreement, SBBC Policies, and applicable Summer Camp Operations Compliance Requirements. For purposes of this Agreement, "Approved Facility Use Permit" means a Facility Use Permit requested and approved through SBBC's Facilitron system by the applicable school principal or designee. Facilitron governs operational scheduling details only, while this Agreement governs authorization and legal rights. All Facility Use Permits must fall within the Term of this Agreement.

(a) Licensure and Credentials. PROVIDER represents and warrants that it currently holds, and shall maintain throughout the term of this Agreement, all licenses, permits, approvals, and credentials required under federal, state, and local law to operate a Child Care Program, including any required licensure under Florida law.

(b) General Operational Standard. PROVIDER is authorized to operate a summer camp program at SBBC facilities pursuant to approved Facility Use Permits. All participants in such program shall be referred to as "campers." PROVIDER shall operate all summer camp activities in compliance with the operational, staffing, supervision, safety, and program requirements set forth in this Agreement. These provisions govern program operations at each site and supersede any prior reference to external operational manuals or handbooks.

(c) Nature of Program and Supervision. Campers shall be under the exclusive supervision and control of PROVIDER at all times while on SBBC property. PROVIDER shall conduct a supervised summer camp program designed for minors participating in recreational, enrichment, and developmental activities. PROVIDER shall:

1) Maintain continuous supervision of all campers at all times;
2) Ensure all camper activities occur within approved times and locations reflected in the applicable Facility Use Permit; and
3) Prohibit campers from accessing any unauthorized areas of the campus.

(d) Staffing and Supervision Levels. PROVIDER shall maintain sufficient qualified personnel to ensure safe operations at all times. PROVIDER shall ensure that staffing levels are appropriate based on the number, age, and needs of campers. Staffing ratios shall not exceed 25 campers per qualified staff member. The program supervisor and campus monitor cannot be counted in the ratio. At a minimum:

1) One designated program supervisor shall be present at each site;
2) One campus monitor shall be assigned, where required by SBBC; and
3) Additional staff shall be provided in numbers sufficient to maintain camper safety and appropriate supervision.

(e) Facility Use and Scheduling (Facilitron).

1) PROVIDER shall obtain and maintain all Facility Use Permits through SBBC's Facilitron system for the use of SBBC facilities.

2) All Facility Use Permits approved through Facilitron by the applicable school principal or the principal's designee shall constitute the sole authorization for PROVIDER's use of SBBC facilities, including approved dates, times, locations, and spaces. Approved Facility Use Permits govern the specific dates, times, locations, and facilities for operations under this Agreement and are required for use, but do not independently confer Authorized Provider status absent this Agreement. Facility Use Permits, as reflected in Facilitron, are incorporated by reference solely for operational scheduling purposes and shall not modify the legal or contractual provisions of this Agreement.

3) PROVIDER may request, and the school principal or designee may approve or deny, modifications to dates, times, locations, or facilities directly through the Facilitron system.

4) No attachment to this Agreement identifying Approved Facility Use Permits is required, and no amendment to this Agreement shall be necessary to add, remove, or modify any Facility Use Permit.

5) PROVIDER shall not operate a Child Care Program at any location or time unless an approved Facility Use Permit exists in the Facilitron system.

6) If any approved Facility Use Permit is terminated in the Facilitron system, PROVIDER shall immediately cease operations at the affected location(s) and time(s).

7) Notwithstanding that PROVIDER has obtained and maintains one (1) or more Approved Facility Use Permits, through SBBC's Facilitron system, if this Agreement is terminated, then PROVIDER shall not operate a Child Care Program on SBBC Property at the location referenced in the Approved Facility Use Permits as of the effective date of such termination. Under such circumstances, PROVIDER, its subcontractors, agents, assigns, or the like shall not be entitled to a refund associated with same Approved Facility Use Permits as a result of said termination; and agrees that it shall not be entitled to and waives any damages, or other relief, in equity or in law, as a result of said process and said termination. PROVIDER shall comply with any and all SBBC Policies and procedures associated with same Approved Facility Use Permits as it relates to the change of use as a result of ceasing all operations as a Child Care Program as a result of the termination of this Agreement.

8) Facility Use Permits obtained through Facilitron are administrative instruments for scheduling, facility assignment, and payment, and do not independently grant authorization to operate a Child Care Program as an Authorized Provider under Policy 4390 absent this Agreement.

(f) Campus Monitor.

1) PROVIDER shall provide an appropriately trained campus monitor and shall comply with campus supervision and safety requirements as required by the school principal or designee and SBBC Police, which may include the provision of campus

monitor by SBBC at PROVIDER's cost where deemed necessary by SBBC.

2) PROVIDER's campus monitor shall arrive fifteen (15) minutes prior to the start of the program and shall stay fifteen (15) minutes after the last student leaves.

3) PROVIDER's campus monitor shall not supervise a group of campers or manage the desk at any point in time.

4) PROVIDER's campus monitor shall move around the campus and shall monitor the campus gate(s).

5) PROVIDER shall pay any and all cost associated with PROVIDER's campus monitor as a part of its current cost of doing business and shall not pass the costs of PROVIDER'S campus monitor onto the parents and/or guardians of the child care programs participants.

6) SBBC reserves the right, in its sole discretion, to change or add to the requirements of a campus monitor and the requirements of PROVIDER's child care program as it deems necessary for the benefit of SBBC, and as required by federal, state, local, and/or SBBC Policies.

(g) Identification Badge. PROVIDER's staff shall wear a visible and easily readable identification badge at all times when on SBBC property.

(h) PROVIDER Personnel. PROVIDER shall hire and pay for all PROVIDER personnel as PROVIDER employees. The parties agree that PROVIDER personnel are not employees of SBBC and that SBBC shall have no obligation to provide salary, wages, benefits or workers compensation for such persons.

(i) Ensuring Compliance. PROVIDER shall comply with any and all federal, state, local, and SBBC Policies, including, but not limited to, SBBC Policy 4930 and, to the extent applicable, SBBC Policy 8020 as implemented through the Facilitron system.

(j) Facilitron as System of Record. The Parties acknowledge that the Facilitron system serves as the official system of record for all Facility Use Permits issued under this Agreement. In the event of any conflict between the terms of this Agreement and the operational details contained in an approved Facility Use Permit within Facilitron, the Facilitron record shall govern with respect to dates, times, locations, and facility usage.

(k) Camper Accountability and Release. PROVIDER shall implement procedures that ensure the safety and accountability of all campers, including:

1) Daily attendance verification;

2) Controlled check-in and check-out procedures;

3) Release of campers only to authorized individuals identified by the camper's parent or guardian; and

4) Maintenance of current emergency contact information for each camper.

(l) Safety and Emergency Requirements. Camper safety shall be the primary responsibility of PROVIDER at all times during program operation. PROVIDER shall maintain a

safe environment for all campers and shall:

1) Establish and implement emergency response procedures;

2) Maintain appropriate communication capability for emergencies;

3) Immediately address any accidents, incidents, or safety concerns and then report via email to the school administrator with a copy to the SBBC Before and After School Child Care Department at BASCCBroward@BrowardSchools.com; and

4) Cooperate with SBBC personnel in responding to emergencies or safety events.

(m) Health and Incident Management. SBBC shall not be responsible for medical supervision or care of any camper. PROVIDER shall maintain procedures for responding to camper illness, injury, or behavioral incidents, including:

1) Prompt parent or guardian notification when appropriate;

2) Documentation of significant incidents; and

3) Immediate response to any condition that presents a risk to camper safety.

(n) Camper Conduct and Removal. PROVIDER shall establish reasonable rules of conduct for campers and shall maintain order and safety within the program. PROVIDER may remove or suspend a camper from participation when, in PROVIDER's reasonable discretion, such action is necessary to:

1) Protect the safety of campers or staff; or

2) Prevent disruption of program operations.

(o) Staff Qualifications and Training. PROVIDER shall be solely responsible for all employment, screening, and training requirements for its personnel. PROVIDER shall ensure that all personnel assigned to the summer camp program:

1) Are properly qualified, screened, and legally permitted to work with minors;

2) Receive appropriate training in camper supervision and safety; and

3) Comply with all applicable laws related to working with children.

(p) Camper Records and Confidentiality. PROVIDER shall maintain appropriate camper records, including registration and emergency contact information. All camper information shall:

1) Be used solely for program administration;

2) Be maintained in a secure and confidential manner; and

3) Be protected in accordance with applicable law.

(q) Equal Access. PROVIDER shall operate its summer camp program in a manner that provides equal access to participation and does not discriminate based on applicable protected classifications under law. Reasonable accommodations shall be implemented where required by law.

(r) Operational Authority of SBBC. SBBC reserves the right to impose reasonable operational requirements or restrictions at any time, including site-specific safety or facility conditions, as deemed necessary to ensure the safety of SBBC facilities and occupants, maintain compliance with applicable law, or protect the interests of SBBC. PROVIDER shall comply with all such directives.

2.03 **No Disclosure of SBBC Education Records and Employee Records**. SBBC shall not disclose any education records to PROVIDER pursuant to this Agreement. However, should PROVIDER come into contact with education records during the course of contracted responsibilities, these records are confidential and protected by the Family Educational Rights and Privacy Act (FERPA) and state laws and may not be used or re-disclosed. PROVIDER's use or re-disclosure may violate applicable federal and state laws. Likewise, no employee records shall be disclosed by SBBC to PROVIDER. Should PROVIDER come into contact with employee records, they may not be re-disclosed except as required or permitted by law.

2.04 **PROVIDER Safeguarding the Confidentiality of Education Records**. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

(a) Privacy. Notwithstanding any provision to the contrary within this Agreement, PROVIDER shall:

1) fully comply with the requirements of Sections 1002.22, 1002.221, and 1002.222, Florida Statutes; the Family Educational Rights and Privacy Act, 20 U.S.C § 1232g (FERPA) and its implementing regulations (34 C.F.R. Part 99), and any other state or federal law or regulation regarding the confidentiality of student information and records;

All of PROVIDER's Records, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and reproduction, during normal working hours, by SBBC agent or its authorized representative. If applicable, any such party must also obtain and retain an affidavit from a subcontractor stating that the subcontractor does not employ, contract with or subcontract with anyone who is not duly authorized to work in the United States. If SBBC has a good faith belief that any such party has knowingly violated Section 448.09(1), Florida Statutes, SBBC may immediately terminate this Agreement for cause and without notice or an opportunity to cure the violation. Termination by SBBC pursuant to this section is not a breach of this Agreement and may not be considered as such.

2.10 **Background Screening.** PROVIDER shall comply with all requirements of Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes, and all of its personnel who (a) are to be permitted access to school grounds when students are present, (b) will have direct contact with students, or (c) have access or control of school funds, will successfully complete the background screening required by the referenced statutes and meet the standards established by the statutes. PROVIDER agrees to indemnify and hold harmless SBBC, its officers and employees from any liability in the form of physical or mental injury, death or property damage

resulting from PROVIDER's failure to comply with the requirements of this section or with Sections 1012.32, 1012.465, 1012.467, and 1012.468, Florida Statutes. SBBC issued identification badges must be worn at all times when on SBBC property or when performing services for SBBC and must be worn where they are visible and easily readable.

2.11 **Public Records.** The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. PROVIDER shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, PROVIDER shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. PROVIDER shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if PROVIDER does not transfer the public records to SBBC. 2.12 **Waivers by PROVIDER**. PROVIDER shall not interpose any noncompulsory counterclaim of whatever nature or description in any such proceedings, the intent of this provision being that PROVIDER shall not be prohibited from pursuing a claim against SBBC in an independent suit or proceeding. In the event PROVIDER must, because of applicable court rules, interpose any counterclaim or other claim against SBBC in SBBC's proceedings, SBBC and PROVIDER covenant and agree that, in addition to any other lawful remedy of SBBC, upon motion of SBBC, such counterclaim or other claim asserted by PROVIDER shall be severed out of the proceedings instituted by SBBC (and, if necessary, transferred to a court of appropriate jurisdictional limits), and the proceedings instituted by SBBC may proceed to final judgment separately and apart from and without consolidation with or reference to the status of each counterclaim or any other claim asserted by SBBC.

2.13 **Waiver of Jury Trial**. The parties hereto shall, and they hereby do, waive trial by jury in any action, proceeding, or counterclaim brought by either of the parties

A contracting party's failure to identify any

confidential or exempt portions of documents or materials or to specify the law establishing their confidential or exempt status is a waiver of confidential or exempt status for any such unidentified or unsupported portions of any documents or materials.

(b) If SBBC receives a public record request for documents or materials in its custody under this Agreement which have been properly marked as confidential or exempt, SBBC will notify the contracting party of the public records request. The contracting party shall name the party requesting the documents or materials as a defendant and will not name SBBC as a party to the action, but will provide SBBC with notice of such proceedings. The contracting party agrees to indemnify SBBC for any costs, expenses, and attorney's fees SBBC may incur with regard to any legal proceedings and judgments that may arise from the request for the contracting party's public records that are subject to claims of confidential or exempt status. A failure to timely initiate the legal action required by this paragraph is a waiver of any claim that the requested information is confidential and exempt from public disclosure. The contracting party waives any cause of action against SBBC for the release of materials pursuant to a public records request except for any claims based upon the intentional or grossly negligent conduct of any employee of SBBC.

2.20 **Incorporation by Reference**. All Facility Use Permits approved through the Facilitron system are incorporated into this Agreement by reference without the need for a physical attachment.

ARTICLE 3 - GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section survives the termination of all performance or obligations under this Agreement and is fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third-Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations under this Agreement in or upon any third person or entity. None of the parties intend to directly or substantially benefit a third-party by this Agreement. The parties agree that there are no third-party beneficiaries to this Agreement and that no third-party is entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor**. The parties to this Agreement are acting in the capacity of independent contractors and not as an officer, employee, or agent of one another. Neither party or its respective agents, employees, subcontractors, or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits, or any other benefits of SBBC employees exists as a result of the performance of any duties or responsibilities under this Agreement. SBBC is not responsible for

Social Security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors, or assignees.

3.04 **Default**. The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days' written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period will be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days' notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy is cumulative and in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder precludes any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination**. This Agreement may be terminated with or without cause by SBBC during the term hereof upon fourteen (14) calendar days' written notice to the other parties of its desire to terminate this Agreement. EXECUTIVE SUMMARY

AGR25-084 – EMT Emergency Medical Technician (Barry University)

Board Meeting Date: June 9, 2026

Requested Action:
Approve the First Amendment between The School Board of Broward County, Florida (SBBC), and Barry University, Inc. (Barry), and the budget authority in the amount of $462,000.

General Information

The following information outlines the governing authority, districtwide implications, historical background, strategic alignment with the 2027 goals and guardrails, and the anticipated measurable outcomes and return on investment related to this agenda item.

District-zone Impact/Board Member: District-wide	
School Board Policy Requirement	• Not Applicable
Statutory Requirement	• Not Applicable
If the School Board votes "Yes"	• The Barry EMT Academy will continue to serve up to two hundred and forty (240) students across eight (8) schools, providing students with access to EMT training and eligibility for the Florida EMT exam. This agreement strengthens college and career readiness by aligning with state and local workforce demands in healthcare and emergency services.
If the School Board votes "No"	• The Barry University EMT Academy will limit student access to a high-demand program, reducing the District's ability to respond to increased demand from high schools, and constraining student opportunities for EMT licensure and related career pathways.
Alignment to the 2027 Strategic Goals and Guardrails	• Goal 4: College & Career Readiness • Guardrail 2: Equity
Measurable Outcome(s)/Return on Investment	• Continuing the Barry EMT Academy in eight (8) schools, increasing enrollment in a high-demand healthcare pathway, with more students becoming eligible for the Florida EMT certification exam. The program provides measurable workforce outcomes by preparing students with the skills and clinical experience needed for immediate employment or continued postsecondary study.

Background/History
The original Agreement provided Budget Authority for only one (1) school. Due to overwhelming student demand and strong school-level interest, SBBC will serve eight (8) high schools. This access will ensure equitable opportunities for students across the District to pursue healthcare pathways that lead directly into high-wage, high-demand fields. Due to the high interest and exemplary feedback, the program will continue in eight (8) of the current schools.

SBBC and Barry will offer the current Emergency Medical Technician (EMT) program at multiple high schools, including **Boyd Anderson High School, Charles Flanagan High School, Cooper City High School, Dillard 6-12 Magnet, Hallandale High School, Nova High School, South Plantation High School, and West Broward High School.** This Agreement allows Barry to operate at multiple site locations and provides an opportunity for students to enroll in its EMT program. Upon successful completion of the program, students will be qualified to take the State of Florida EMT Exam in compliance with Barry's licensure and accreditation with the State of Florida, Department of Health, and Bureau of Emergency Medical Services. The program prepares students for multiple career pathways, including employment as firefighter-paramedics, law enforcement officers, military service members, and emergency room technicians. Students gain both classroom instruction and hands-on clinical field experiences through Barry's established partnerships with fire departments, ambulance services, and hospitals across the region.
