Pavement Management

City of Buckeye Public Works
City Council Workshop
April 16, 2024

INFRASTRUCTURE

The city of Buckeye should strategically plan, implement, and maintain current and future infrastructure and facilities to support the community's quality of life, economic viability, and protection of the environment.

Guiding Principle

1

Establish routine and industry best practice maintenance guidelines to monitor the efficiency and operability of current below and above grade infrastructure and facilities.

Guiding Principle

2

Identify programs, technologies, or resources to compliment current operational practices that ensure the sustainability of existing infrastructure and facilities.

Guiding Principle

3

Establish long-term planning, prioritization and investment strategies for future infrastructure and facilities that improve the quality of life for residents while being financially sustainable.

Pavement Condition Index Category (PCI) Results

Next Steps

FY25:

- Purchase of Asset Management Program to Identify Costs/Timeline

FY26

- Pavement Improvement Recommendation in Annual Budget Process (yearly)
