10.1 **Leasing Affordable Units Below Income Level Designations.** In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Authority's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in Section 4 of this Agreement. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a.) Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for Very-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for Very-Low Income Households, adjusted for household size; and includes Extremely-Low Income Households.

b.) Low-Income Households ("Low-Income Households") that do not exceed the following : i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households.

In order to maintain the household income mix set forth in Section 4 above, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

11. Maintenance. The Developer shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. If at any time Developer fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the City or Authority with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the City or Authority with respect to landscaping and building improvements, then the City and Authority, in addition to whatever remedy it may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Property and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City or Authority and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Developer to the City or Authority, as appropriate, upon demand.

12. Management Plan. The Developer shall submit for the approval of the City and Authority a "Management Plan" which sets forth in detail the Developer's property management duties, the affirmative marketing procedures in accordance with Section 7 hereof, the tenant selection process in accordance with Section 8 hereof, a security system and crime prevention program, the procedures for the collection of rent, the procedures for eviction of tenants, the rules and regulations of the Property and manner of enforcement, a standard lease form in accordance with Section 6 hereof, the identity of the manager of the Property (the "Property Manager"), and other matters relevant to the management of the Property. The Management Plan shall require the Developer to adhere to a fair lease and grievance procedure and provide a plan for tenant participation in management decisions. The management of the Property shall be in compliance with the Management Plan which is approved by the City and Authority.

If the City or Authority determines that the performance of the Property Manager is deficient based upon the standards set forth in the Management Plan and in this Agreement, the City and/or Authority shall provide notice to the Developer of such deficiencies, and the Developer shall use its best efforts to correct such deficiencies. In the event that such deficiencies have not been cured within the time set forth in Section 15 hereof, the City and the Authority shall each have the right to require the Developer to immediately remove and replace the Property Manager with another property manager or property management company which is reasonably acceptable to the City and the Authority, which is not related to or affiliated with the Developer, and which has not less than five (5) years experience in property management, including significant experience managing affordable multifamily residential development of the size, quality and scope of the Property.

13. Monitoring and Recordkeeping. Throughout the Affordability Period, Developer shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City and the Authority a Certification of Continuing Program Compliance in the form provided by the City and the Authority. Representatives of the City and the Authority shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property, and to conduct an independent audit or inspection of such records. The Developer agrees to cooperate with the City and the Authority in making the Property available for such inspection or audit. If for any reason the City or the Authority is unable to obtain the Developer's consent to such an inspection or audit, the Developer understands and agrees that the City and/or the Authority may obtain at Developer's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Developer agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

14. Non-Discrimination Covenants. Developer covenants by and for itself, its successors and assigns, and all persons claiming under or through them that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, religion, sex, marital status, familial status, disability, national origin, or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property, nor shall Developer itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Property. Developer shall also comply with the equal opportunity and fair housing requirements set forth in Section 92.350 of the HOME Regulations. The covenants established in this Section 14 shall, without regard to technical classification and designation, be binding for the benefit and in favor of the City, the Authority and their successors and assigns, and shall remain in effect in perpetuity.

15. Defaults and Remedies. Defaults of this Agreement and remedies therefor shall be governed by the provisions of Article 400 of the Affordable Housing Agreement.

16. Waiver of Terms and Conditions. Any party may, in its sole discretion, waive in writing any of the terms and conditions of this Agreement. Waivers of any covenant, term, or condition contained herein shall not be construed as a waiver of any subsequent breach of the same covenant, term, or condition.

17. Non-Liability of City Officials and Employees. No member, official, employee or agent of the City or the Authority shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the City or the Authority or for any amount which may become due to the Developer or its successors, or on any obligations under the terms of this Agreement.

18. Time. Time is of the essence in this Agreement.

19. Notices. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given either by (i) personal service, (ii) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to the address of the party as set forth below, or at any other address as that party may later designate by Notice:

Whenever the term "Developer," "Authority" or "City" is used in this Agreement, such term shall include any other successors and assigns as herein provided.

MASTER LOAN AGREEMENT AMENDMENT

THIS MASTER LOAN AGREEMENT AMENDMENT (the "Amendment") is entered into this 11th day of July, 2017 by and among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **HOUSING AUTHORITY OF THE CITY OF BURBANK** a public body, corporate and politic (the "Authority"), and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the Borrower").

Recitals

A. Effective February 1, 2012, the redevelopment dissolution bill, AB 1X 26, eliminated redevelopment agencies in the State of California but authorized local housing authorities to accept the former redevelopment agencies housing assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Housing Authority of the City of Burbank ("Authority") consented to accept the Agency's housing duties. Therefore, wherever the word "Agency" appears in any previous agreement, including the subject one, by operation of law, it automatically is changed to "Authority" without the need for any formal amendment. However, given the opportunity, this Amendment references Authority instead of Agency, except where a recital restates prior actions.

B. On March 21, 2006, the Borrower, the Redevelopment Agency of the City of Burbank ("Agency"), and the City entered into a Loan Agreement which restated and amended the prior Affordable Housing Agreements as to eleven income-restricted projects, and combined all properties into one loan agreement. Subsequently ten (10) additional properties were added which either restated the Loan Agreement or amended it (157 West Linden Avenue/160 West Elm Court; 261 West Verdugo Avenue; 2219-2329 North Niagara Street, 2406 N. Naomi Street, 275 Verdugo Avenue, 2615 Thornton Avenue, 225 Linden Avenue, 2234 Catalina, 2223-2235 Catalina Street, and 2300 Niagara Street). A new Master Loan Agreement includes cross collateralization and cross default clauses, as further security for the Authority and City. Additionally, a new deed of trust was recorded on all projects as identified in the Affordable Housing Agreement securing the combined debt of Borrower. The deed of trust recorded on October 25, 2006 as Instrument No. 06 2369323 in the Los Angeles County's Recorders Office, states that it "secures all indebtedness owed to Beneficiary [City and Agency] ....for future amounts made from time to time, according to the terms of promissory notes made by Trustor [BHC]" and as to "payment of additional sums and interest thereon which may hereafter be loaned to Trustor...when evidenced by a promissory note or notes reciting that they are secured by this Deed of Trust as modified, and when this Deed of Trust is amended to include additional obligations."

C. On November 20, 2008, the parties further amended the Loan Agreement to make minor changes to reflect a certain audit performed by the Agency in 2008. The amended Loan Agreement is now referred to as the Master Loan Agreement. It is the intent of the parties to amend or increase the collective balance under this Master Loan Agreement to reflect new loans for new projects.

D. The parties now desire to add a new loan to the Master Loan Agreement in conjunction with a new project at 153, 159 and 199 W. Elmwood Avenue, Burbank, California. An Affordable Housing Agreement and Regulatory Agreement, together with this Master Loan

Amendment and the related amended Deed of Trust have been entered into on _____, to document the additional loan to Borrower.

E. Authority, City and Borrower entered into an Affordable Housing Agreement for the property located at 153, 159 and 199 W. Elmwood Avenue, in the City of Burbank (the "Property"), located on the land more particularly described in the Legal Description attached as Exhibit A to the Affordable Housing Agreement, and incorporated herein by reference; the property will be rehabilitated so that ten (10) affordable rental units will exist (Developer may choose the units) (Project No. 23).

F. The City desires to provide financial assistance to the Borrower in the form of a loan of HOME funds in the amount not to exceed Four Hundred, Forty-Two Thousand, Five Hundred dollars ($442,500) (the "City Loan"). In consideration for the City Loan, the Borrower desires to rehabilitate the Property, and to maintain the Property as an affordable housing project, and shall execute the promissory note to City.

G. The Master Loan Agreement establishes unified loan terms as to the payment and administration of the loan.

The parties agree as follows:

1. The first paragraph of Section 1 "Loans for Individual Properties" only is amended to add the following:

The new project being added to the Master Loan Amount is 153, 159 and 199 W. Elmwood Avenue, Burbank, California, as defined in Recital E above. The specific terms of the loan are set forth in the respective Affordable Housing Agreement, this Agreement (which incorporates the Master Loan Agreement) and the attached Notes, all of which are incorporated herein by this reference.

2. This Amendment to the Master Loan Agreement is intended to increase the balance of the loans made to Borrower, and to provide a new loan under the same terms and conditions of the Master Loan Agreement. The Master Loan Agreement is amended to include the new loan specified herein.

3. Any residual receipts generated from the operation of the 153, 159 and 199 W. Elmwood Avenue property may be used to refund a BHC loan in the principal amount of Four Hundred, Forty-Two Thousand Five Hundred dollars ($442,500). Once the BHC loan has been repaid in full, proceeds from the operation of the 153, 159 and 199 W. Elmwood Avenue property shall contribute to residual receipts payments to the Authority pursuant to the Master Loan Agreement.

4. All other provisions of the Master Loan Agreement not inconsistent with this Amendment and all previous amendments shall remain in full force and effect.

AMENDED AND RESTATED MASTER LOAN AGREEMENT
(Phase 1)

THIS AMENDED AND RESTATED MASTER LOAN AGREEMENT (the "Agreement") is entered into this 14th day of January, 2025 (the "Effective Date", among the **HOUSING AUTHORITY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Authority"), the **CITY OF BURBANK**, a municipal corporation and charter city, and **BURBANK HOUSING CORPORATION,** a California nonprofit public benefit corporation (the "Borrower" and/or "BHC"). This Agreement amends and restates in their entirety the Loan Agreements, Promissory Notes, and Deed of Trust, and other agreements related to the projects and properties listed in Recital I below. This Agreement is Phase 1 of a series of anticipated amendments to the Master Loan Agreement approved by the City and Agency on March 21, 2006 and signed by the parties on January 2, 2007, and as amended on November 20, 2008 (the "Master Loan Agreement"), and is intended to modify the loan; future phases may modify project related capital and reserve fund accounts and set forth a process to remove projects from the Master Loan Agreement for redevelopment.

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank established a nonprofit corporation, the Burbank Housing Corporation, ("BHC") to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, et seq, ("HOME"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (hereafter "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Housing Authority of the City of Burbank ("Authority") accepted the Redevelopment Agency of the City of Burbank ("Agency") housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income tenants/owners. Based on the successful

Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered the Master Loan Agreement which modified agreements and combined all properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project, The Master Loan Agreement combined Agency (now Authority) funds ("Authority Loan") and City HOME and CDBG funds ("City Loan"). The Master Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The Authority Loan and City Loan together are referred to as the "Loan".

G. The required affordability under the HOME program is 15 years for rehabilitation projects and 20 years for new construction projects; there is no required affordability period under the CDBG program. The City promissory note before this modification required compliance with the HOME or CDBG regulations for the term of the note, which exceeded the minimum HOME and CDBG requirements. BHC and the City desire to reduce the maturity date for each portion of the City Loan to reflect the original maturity date for each portion of the Loan (which matched or exceeded the HOME and/or CDBG requirements, as applicable), while increasing the term of the affordability requirements on projects assisted by the City Loan . The result of this modification will eliminate ties with the federal government for the HOME and CDBG funds sooner, while extending the term of the affordability restrictions on the projects assisted with HOME and/or CDBG funds. Each portion of the City Loan is or will immediately be forgivable as of the initial term of each loan except for loans associated with certain properties identified in this Agreement. However, BHC and the City also desire to extend the affordability period for each project assisted by the City Loan despite any partial or full forgiveness of the City Loan as further provided in this Agreement.

H. Now the parties desire to further modify, restate, and replace in its entirety the Master Loan Agreement by entering into this Amended and Restated Master Loan Agreement to modify and restate the terms of the Loan to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan as set forth in more detail on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2) except for the loans related to specified properties as noted in Section 1.1 and on Exhibit A-2; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the loans related to specified properties as noted in Section 1.1 and on Exhibit A-1; 3) define "affordability covenant period" to be 55 years and three months for the Loan commencing January1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not

limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

I. The projects and properties subject to this Amended and Restated Master Loan Agreement are the following, as well as any future projects which specifically incorporate the Amended and Restated Master Loan Agreement in any City/Authority loan documents regarding those future projects:

1. On July 10, 2001, BHC entered into an affordable housing agreement with the City and the Agency to acquire, rehabilitate and manage real property located at 199 West Elmwood Avenue which was then improved with a six-unit apartment building. BHC provided a consolidated Promissory Note to the Agency, in exchange for Agency funds. This Elmwood project is collectively referred to as "Project No.3".

4. On July 16, 2002, BHC entered into an affordable housing agreement with the City and Agency concerning the acquisition, rehabilitation, and management of 1721 Elliot Drive, then improved with an eight-unit apartment building. Under the terms of the affordable housing agreement, the City agreed to loan BHC funds, a portion from CDBG, and a portion from HOME funds. The Agency also lent BHC funds for this project. The Elliot project is hereafter referred to as "Project No. 4".

5. On May 27, 2003, BHC and the Agency entered into an affordable housing agreement concerning 3030 Thornton Avenue, which was then improved with a single family dwelling. The Agency provided a loan to BHC. The 3030 Thornton Avenue project is hereafter referred to as "Project No. 5".

On September 23, 2003, BHC and Agency entered into a disposition and development agreement ("DDA") and lease agreement whereby BHC agreed to rehabilitate and then lease the property at 1801-1815 Grismer Avenue, 1819 Grismer Avenue and 1729-1735 Elliott Drive. As part of the DDA, the Agency provided BHC a loan for the rehabilitation of existing structures and construction of an activity center to be used for after school care by the focus neighborhood of the Grismer and Elliott projects. The aforementioned project is hereafter referred to as "Project No. 6".

7. On November 18, 2003, BHC entered into an affordable housing agreement with the City for assistance to purchase and rehabilitate seven units at 2325 and 2335 Fairview Street. The City provided a loan to BHC from HOME funds (hereafter "Project No. 7").

An activity center serves the neighborhood. This Project involves multiple unrelated properties. Though this amendment, this Project is being divided into two separate projects: 1) 2321- 2323 N. Catalina ("Project No. 8A") and 2) 2321 N. Fairview Street ("Project No. 8B"). The Keeler project is hereafter referred to as "Project No. 10." As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. Therefore, Project No. 10 is hereby intentionally deleted.

J. NOW, THEREFORE, Authority, City and **BHC** (or the Borrower) hereby agree as follows:

1. Loans for individual properties. The Promissory Notes in favor of the Authority or Agency, and those in favor of the City, applicable to the Project Nos. 1-9 and 11- 25 shall be amended and restated to conform to this Agreement, with Exhibit A-1 as the form promissory note for Authority Loan and Exhibit A-2 as the form promissory note for City (HOME and CDBG) Loan ("Notes"). Exhibits A-1 and A-2 are incorporated herein by reference. However, it is not intended to amend any portion of the Promissory Notes relating to the Development Fee. Provisions relating to the Development Fee shall begin with Project No. 15 only, and then apply to all future projects that specifically provide for it. Notwithstanding the foregoing, this Agreement amends and restates each separate loan agreement, where such existed, or other applicable document, and related Agreement, such as Affordable Housing Agreements and to the extent that this Agreement is inconsistent with any prior agreement affecting the aforementioned Projects, this Agreement shall prevail. The Notes and Deed of Trust continue to provide that a default on any one Note can result in a default on all of the projects subject to the Agreement now and from time to time any future project in which the Authority/City documents state that that project shall conform to this Agreement , which can result in the Authority or City exercising foreclosure rights on all of the projects. Accounting shall be maintained for each individual project in compliance with this Agreement.

1.1 Repayment of Amended Loan; Interest The Borrower's obligation to repay the Amended and Restated Master Loan shall be set forth in the Authority Note and City Note. The payments on the Authority Note shall be due annually commencing April 1, 2026 for the period of January 1, 2025 - December 31, 2025. No payment shall be due for the period from December 31, 2024 to April 1, 2025. The term of the Authority Loan and Authority Note shall be for fifty-five (55) years and three (3) months commencing January 1, 2025. As long as there is no breach of the affordability terms during the Affordability Period, payments on the Authority Loan and Authority Note shall be forgiven after every 12 months on April 1 of each year for the immediately preceding calendar year by the amount $1/55^{th}$ of the initial balance (as to the total balance and for the amount of such loan for each project which received Authority Loan funds as shown on Schedule 1 to the Authority Amended and Restated Promissory Note (attached hereto as Exhibit A-1); and completely, for the Authority Note, upon the expiration of the Affordability Period (April 1, 2080); provided however, that the portions of the Authority Loan and Authority Note attributable to Project No. 1, Project No. 7, and Project No. 8B (2331-2333 North Fairview, 2325-2335 North Fairview, and 2321 North Fairview properties (the "Fairview Properties")) shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, April 1, 2080, shall not bear interest, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. The term for each portion of the City Loan and City Note is as set forth in on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2). As long as there is no breach of the affordability terms during the Affordability Period,

no payments shall be due on the City Loan or City Note, and each portion of the City Loan is hereby forgiven or will be forgiven as of the initial term of the original note evidencing the applicable portion of the City Loan as set forth on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2); provided however, that the portions of the City Loan and City Note attributable to the Fairview Properties shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, shall not bear interest, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. Upon a breach of the affordability terms during the Affordability Period, then any remaining principal balance of the Notes shall be due immediately. Borrower shall no longer make an annual payment or any Loan payment unless payments are accelerated in accordance with the Notes. No interest shall be incurred or owed on the Loan or under the Notes or any other document evidencing the Loan effective as of December 31, 2024, and all Note balances shall be reset as of that date. This modified repayment schedule eliminates any payment from residual receipts, and references to residual receipts in any documents involving the projects subject to this Agreement are hereby deleted.

If the Fairview Properties have not been released from the terms of this Agreement and Deed of Trust by the date five (5) years after the Effective Date, or earlier if requested by BHC, the terms of the Loan associated with those properties will revert to the terms for the other properties covered by this Agreement for the Authority Loan and City Loan respectively. In that case, the notes for the Fairview Properties will be modified to reflect those terms.

1.2 Definitions. As used in this Master Loan Agreement the following definitions apply:

"Approved General Administrative Costs" shall mean costs incurred by Borrower as a nonprofit corporation which are not directly attributable to a specific project, but which are directly related to preserving affordable housing for low-to moderate-income households in accordance with Health & Safety Code Sec. 33334.2(e) and consistent to the mission statement and goals of Borrower in accordance with Articles of Incorporation and By-laws.

"Developer Fee" shall mean a compensation to Borrower as a developer fee as set forth in the Affordable Housing Agreements, for the time and risk involved to develop the specific project. The Developer Fee can only be used to further Borrower's mission and goals, and for no other purposes. The Developer Fee shall be kept in a separate account by Borrower which shall be capped at $600,000. During the Annual Budget process, Borrower shall provide a proposed budget as to the anticipated expenditure of these funds. Developer Fees further shall be paid as specified in the individual project Affordable Housing Agreement, or set forth in this Agreement.

"Income" shall mean all gross income and all revenues of any kind from the Property (each Project is hereafter referred to as Property) in a calendar year, including without limitation, Property rents, late charges, laundry revenues, vending machines, interest on security deposits, food service, if any, and any other revenues of whatever kind or nature from the Property.

"Operating Expenses" shall mean actual, reasonable and customary (for comparable affordable housing projects in Los Angeles County) costs, fees and expenses directly incurred, paid, and attributable to the operation, maintenance, and management of the Property in a calendar year, including: (a) property management fee from the Property; (b) painting, cleaning, repairs, alterations, landscaping, utilities, sidewalk repair; refuse removal, certificates, permits and licenses, sewer

The Operating Expenses shall not in any event include non-cash expenses, including without limitation, depreciation.

"Reserve Deposits" shall mean (a) payments to a capital replacement reserve account in accordance with a capital reserve study, which shall be updated from time to time to the extent payable from cash flow from the Projects; and (b) payments to an operating reserve which shall be equal to six months of then operating expenses. The exact amounts to be deposited annually into the capital replacement reserve account has been initially determined by the Authority's Assistant Executive Director in accordance with the Borrower submitted capital reserve study in a form reasonably acceptable to the Authority's Assistant Executive Director. The capital reserve study shall be updated periodically at the request of the Authority's Assistant Executive Director, and in which case, the amount of capital replacement reserve account shall reflect the updated capital reserve study. Two accounts shall be maintained at all times, each account though can be combined with other Projects' reserve accounts for capital replacement and other Projects' operating reserve accounts. The operating reserve account shall be built up and maintained at an amount equal to six months then operating expenses. It is intended that this operating reserve account shall be capped at the then six month operating expense amount. The capital replacement reserve account and the operating reserve account may then be used on any of the Projects as necessary.

1.3 Annual Budget Process Required. Not later than. November 1 of each year, Borrower shall begin conferring with Authority's Assistant Executive Director and shall present a proposed budget for the following calendar year. During this budget process, the parties shall meet, and the Authority's Assistant Executive Director shall determine at that time, reserve amounts, the anticipated use of the Developer Fee, as well as the reasonableness of the other estimated expenses and income. With respect to consideration of Approved General Administrative Costs, the Authority's Assistant Executive Director shall determine that the planning and administrative expenses are necessary for the production, improvement, or preservation of low-and moderate-income housing. Before December 31, the Authority's Assistant Executive Director shall provide Borrower with approval as to Approved General Administrative Costs. No later than April 1, Borrower shall obtain annual audited financial statements with respect to Borrower's operations that have been reviewed by an independent certified public accountant together with an expressed written opinion of the certified public accountant that such financial statements present the financial position, results of operations, and cash flows fairly and in accordance with generally accepted accounting principles. One statement can be provided for all Projects as long as each Project is clearly delineated, or separate statements can be provided for each Project. Further, the Authority may audit Borrower at any time, by providing reasonable notice. The audit shall be at Authority's expense.

Notwithstanding the foregoing, however, the total amount of the principal and any other amounts owing under the Notes shall become immediately due and payable upon the earlier to occur of the following:

a. the sale, lease, exchange or other conveyance of the real property, or any portion thereof, that is subject to the Deed of Trust securing the Notes (other than transfers specifically approved by the City and/or Authority); or

b. in the event of a default by the Borrower under this Agreement, the Affordable Housing Agreements related to any of the Projects as amended, any Regulatory Agreement recorded against any property subject to the Deed of Trust securing the Notes, the Deed of Trust securing the Notes, or the Notes, which has not been cured within the period of time set forth in those documents.

Failure to declare such amounts due shall not constitute a waiver on the part of the Agency to declare them due subsequently.

1.4 Security for Agency and City Loan. The Notes for Project Nos. 1-9 and 11-25 have previously been secured by one Deed of Trust with Assignment Rents (Short Form) recorded on October 26, 2006 as Instrument No. 06-2369323 in the Official Records of Los Angeles County (the "Deed of Trust") as an encumbrance to the Borrower's interest in the collective Projects. An Amended and Restated Deed of Trust will be recorded to reflect the loan modification in the form attached hereto as Exhibit B, and incorporated herein by this reference. The Amended and Restated Deed of Trust secures all of the outstanding Agency/Authority and City Notes related to the Projects. Each Note includes all of the provisions for cross-default and cross-collateralization. The Amended and Restated Deed of Trust is intended to secure future amounts lent to Borrower from either City and/or Agency in which the future documents state that those amounts are secured by the Amended and Restated Deed of Trust, and other future modifications to this Agreement. This Agreement can be amended at any time to include additional loans from either City alone or the Authority alone, without the consent of the other (either City or Authority). The entire security, therefore, can be foreclosed upon a default in any one of the specific Notes. Once recorded, the Instrument Number of the Amended and Restated Deed of Trust shall be noted here: 20250809610.

1.5 Amendments to Affordable Housing Agreements. As part of this Agreement, the Affordable Housing Agreement for each Project subject to the Loan, if any, shall be modified as provided in this Agreement.

1.6 Affordability Period set forth in Regulatory Agreements. As part of this Agreement, the Regulatory Agreement for each property subject to the Loan shall be modified to provide for a set term of 55 years and three months for the Affordability Period, commencing with January1, 2025, and expiring April 1, 2080. The form of the Third Amendment to Regulatory Agreement shall be in the form set forth as Exhibit C-1 for all Projects other than Project No. 8A and Project No. 8B, the Third Amendment to Regulatory Agreement for Project No. 8A shall be in the form set forth as Exhibit C-2, and the Third Amendment to Regulatory Agreement for Project No. 8B shall be shall be in the form set forth as Exhibit C-3, attached hereto and incorporated herein by this reference.

1.7 Subordination. The Deed of Trust shall not be subordinate to any other deeds of trust, unless expressly approved by the Authority and/or City, which approval or denial may be made in its sole and absolute discretion. In the event this provision is in conflict with any other provision in a Related Agreement, this provision shall prevail. Approval by Authority is required as to subordination related to Authority Note; similarly, approval by City is required as to subordination related to City Note.

1.8 Assignment. The Promissory Notes shall not be assigned by Borrower without the prior written consent of the Authority and/or City.

1.9 Amendments to Articles and By-laws; City Representatives on Board. As further consideration for the Authority Loan and the City Loan, BHC agrees to maintain its Articles of Incorporation and By-laws to reflect that its mission is expanded to provide community services in the City of Burbank and general administrative activities associated with the development, improvement, and preservation of low- and moderate-income housing in the City of Burbank, including but not limited to activity centers and child care, and that its powers and purpose be limited to the geographic boundaries of the City of Burbank. The amended provisions required by this section shall not be changed without Authority and City prior approval. The required provisions shall be reflected in the Articles and By-laws. Whether or not the provisions are incorporated into the articles and by-laws, any violation of this section will further be deemed to be a default of the Amended and Restated Master Loan Agreement, causing acceleration of the Loan herein. Two representatives from the City or Authority shall be on the BHC Board of Directors as appointed by the City or Authority. The two members shall have full Board membership rights including but not limited to voting rights.

The financial terms of the leases at 1) 427 West Valencia and 313 West Valencia, and 2) 1729-1735 Elliot Dr., 1801-1818 and 1819 Grismer; are modified to eliminate interest past and future, to eliminate any payment from residual receipts, to forgive payments when not in default, and to extend the terms of the leases for 55 years to correspond to the new Affordability Period. The forms of the modifications of the leases are attached as Exhibits D-1 and D-2.

If a Project is not so maintained, and such condition is not corrected within a reasonable period after written notice thereof from the Authority, then the Authority may perform the necessary maintenance, and Borrower shall pay such costs as are reasonably incurred for such maintenance.

2.3 Indemnity and Insurance. Borrower shall furnish the City and Authority with proper evidence of the insurance which is required pursuant to the Regulatory Agreements and this Agreement. At a minimum the following standards shall apply: The Borrower shall take out and maintain or shall cause its contractor to take out and maintain during the Affordability Period a comprehensive general liability policy in the amount of not less than Two Million Dollars

Borrower shall also require all property managers to maintain comparable insurance, and to also maintain fidelity (employee dishonesty) insurance in a commercially reasonable amount. Coverage provided hereunder by the Borrower shall be primary insurance and not be contributing with any insurance maintained by the Authority or City, and the policy shall contain such an endorsement. The insurance policy or the endorsement shall contain a waiver of subrogation for the benefit of the City and the Authority. The required certificate shall be updated annually, and the City and Authority reserve the right to increase these amounts no more than once every five years in a commercially reasonable amount determined by the City's Risk Manager. Borrower shall also take out and maintain until the end of the Affordability Period a policy of property damage insurance, with the policy amount in the full replacement value of the Property.

In the event Borrower is unable to obtain any of the insurance coverages required herein, the Authority or City may find BHC in default of this Agreement; provided, however, the Borrower may request the Authority's Executive Director to pay for the insurance or to waive said insurance coverage requirements and place the Property and Rehabilitation on the Authority's insurance policy(ies). The Authority's Executive Director may approve or deny Borrower's waiver request in its sole and absolute discretion. Concurrently with Borrower's waiver request, the Borrower shall provide written correspondence from at least three (3) insurance underwriters evidencing Borrower's inability to obtain insurance coverage, regardless of cost. Any cost to the Authority caused by a purchase of insurance or a waiver of insurance coverage, including increased premium, may be added to the amount of the collective Notes under this Amended and Restated Master Loan Agreement, and shall be repaid pursuant to the terms thereof, or Authority may pursue a separate action (such as acceleration of the Notes, nonjudicial foreclosure, or litigation) for repayment of the insurance policy cost, Such action is not limited to the real property.

In addition to the foregoing, the Borrower shall defend, indemnify, assume all responsibility for, and hold the former Agency, the Authority and the City, and their representatives, volunteers, officers, employees and agents, harmless from all claims, demands, damages, defense costs or liability of any kind or nature relating to the subject matter of this Agreement or the implementation thereof and for any damages to property or injuries to persons, including accidental death (including attorney's fees and costs), which may be caused by any acts or omissions of the Borrower under this Agreement, whether such activities or performance thereof be by the Borrower or by anyone directly or indirectly employed or contracted with by the Borrower and whether such damage shall accrue or be discovered before or after termination of this Agreement. The Borrower shall not be liable for property damage or bodily injury to the extent occasioned by the willful misconduct or sole negligence of the City, the Agency, the Authority or their respective agents or employees.

3.1 Legal Authority. Borrower has full right, power and lawful authority to undertake all obligations as provided herein, and the execution, performance and delivery of this Agreement by Borrower has been fully authorized by all requisite actions on the part of the Borrower. The parties who have executed this Agreement on behalf of Borrower are authorized to bind Borrower by their signatures hereto.

3.2 Litigation. To the best of Borrower's knowledge, there are no actions, suits, material claims, legal proceedings, or any other proceedings affecting the Borrower or any parties affiliated with Borrower, at law or in equity before any court or governmental agency, domestic or foreign, which if adversely determined, would materially impair the right or ability of Borrower to execute or perform its obligations under this Agreement or any documents required hereby to be executed by Borrower, or which would materially adversely affect the financial condition of Borrower or any parties affiliated with Borrower.

3.3 No Conflict. To the best of Borrower's knowledge, Borrower's execution, delivery, and performance of its obligations under this Agreement will not constitute a default or a breach under any contract, agreement or order to which Borrower or any parties affiliated with Borrower is a party or by which it is bound.

3.4 No Bankruptcy. No attachments, execution proceedings, assignments for the benefit of creditors, insolvency, bankruptcy, reorganization, receivership or other proceedings have been filed or are pending or threatened against the Borrower or any parties affiliated with Borrower, nor are any of such proceedings contemplated by Borrower or any parties affiliated with Borrower.

4. Remedies for Default. A failure by any party to perform any action or covenant required by this Agreement, the Affordable Housing Agreements, the Regulatory Agreements, the Promissory Notes, the Deed of Trust, or any loan or deed of trust for the acquisition, rehabilitation, or operation of the Projects subject to this Agreement, which is senior to the Agency Loan, within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other parties specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other

party shall not be in Default if such party cures such default within sixty (60) days of the claimed Default is a failure to pay amounts due pursuant to the Promissory Notes, or one hundred twenty (120) days from receipt of such notice for all other claimed Defaults hereunder, unless a longer cure period is provided in the Regulatory Agreements, Promissory Notes, Deed of Trust or other applicable Related Agreement. However, in the event that such Default is other than a failure to pay money and is of such a nature that it cannot reasonably be cured within one hundred twenty (120) days from receipt of such notice, the claimant shall not institute any proceeding against the other party, and the other party shall not be in Default if such party immediately upon receipt of such notice, with due diligence, commences to cure, correct or remedy such failure or delay and completes such cure, correction or remedy with diligence as soon as reasonably possible thereafter. In the event that the Borrower is in default on any loan or deed of trust senior to the Loan, the Borrower shall immediately deliver to the Authority a copy of such notice of default. Even if the holder of such loan or deed of trust has not exercised its rights or remedies with respect to such default, the Authority shall have the right (but not be obligated to) cure such default. In such event, the Authority shall be entitled to reimbursement from the Borrower of all costs and expenses actually incurred by the Authority in curing such default. The Authority shall be entitled to add such amount to the amounts owing pursuant to the Promissory Notes, and secured by the Deed of Trust, or in the alternative, Authority may pursue a separate action (such as acceleration of the Notes or specific Note in issue, nonjudicial foreclosure, or litigation) for repayment of the cost, not limited to the real property.

4.1 Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. The Authority may also cause all indebtedness of the Borrower under this Agreement and the Promissory Note to become immediately due and payable, and may institute an action for judicial or nonjudicial foreclosure pursuant to the Deed of Trust. Legal actions must be instituted in the Superior Court of the County of Los Angeles, State of California, in an appropriate municipal court in that county, or in the United States District Court for the Central District of California.

4.2 Acceptance of Service of Process. In the event that any legal action is commenced by the Borrower against Authority, service of process on Authority shall be made by personal service upon the Secretary or Executive Director of Authority or in such other manner as may be provided by law. . In the event that any legal action is commenced by the Borrower against City, service of process on Authority shall be made by personal service upon the City Clerk or City Manager or in such other manner as may be provided by law. In the event that any legal action is commenced by Authority and/or City against the Borrower, service of process shall be made in such manner as may be provided by law and shall be effective whether served inside or outside of California.

4.3 Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by any party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same Default or any other Default by another party.

4.4 Inaction Not a Waiver of Default. Any failures or delays by any party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default

or of any such rights or remedies, or deprive any party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

4.5 Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

4.6 Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

Borrower, or any successor in interest, in the event of any Default or breach by Authority(or the City) or for any amount which may become due to the Borrower or its successors, or on any obligations under the terms of this Agreement.

EXHIBIT A-1

Promissory Note Form for Authority Loan

AMENDED AND RESTATED PROMISSORY NOTE (AUTHORITY)

$43,822,258.70

January 14, 2025
Burbank, California

FOR VALUE RECEIVED, BURBANK HOUSING CORPORATION, a California nonprofit public benefit corporation ("Borrower"), promises to pay to the **HOUSING AUTHORITY OF THE CITY OF BURBANK,** a public body, corporate and politic (the "Authority"), at the Authority's office at 275 East Olive Avenue, Burbank, California 91510-6459, or such other place as the Authority/City may designate in writing, the principal sum calculated as of the Effective Date of Forty-Three Million Eight Hundred Twenty-Two Thousand Two Hundred Fifty-Eight and Seventy Hundredths Dollars ($43,822,258.70) (the "Note Amount"), in currency of the United States of America, which at the time of payment is lawful for the payment of public and private debts.

1. **Agreement.** This Amended and Restated Promissory Note (the "Note") is given in accordance with that certain **Amended and Restated Master Loan Agreement** executed by the Authority, the City of Burbank and the Borrower, dated as of January 14, 2025 (the "Agreement") which is incorporated herein by this reference. The Agreement further incorporates this Note, the Deed of Trust, and Regulatory Agreements affecting twenty-four (25) projects from time to time, which now have the same terms, having been modified by the Agreement. The Note Amount collectively combines all amounts owed to the Authority for all of the projects, with Schedule 1 to this Note specifying the amounts due to the Authority for each project. The rights and obligations of the Borrower and the Authority under this Note shall be governed by the Agreement (including its exhibits) and by the additional terms set forth in this Note. In the event of any conflict, the Agreement prevails, then this Note, then the Regulatory Agreements, and then the Deed of Trust. This Note, Regulatory Agreements, Deed of Trust, and Affordable Housing Agreements are collectively referred as the Related Agreements to the Amended and Restated Master Loan Agreement.

2. **Interest and Term.** As of December 31, 2024, no interest shall accrue on the Note Amount. The term of the Note shall be fifty-five years, commencing on January 1, 2024 and ending on January 1, 2080.

3. **Repayment of Note Amount.** Payments are due annually, commencing with April 1, 2026, for the annual payment from January 1, 2025-December 31, 2025; however, each twelve month payment shall be forgiven by 1/55th of the initial balance (for the total amount and the amount associated with each project) and completely upon expiration of the Affordability Period (April 1, 2080), as long as Borrower does not breach of the affordability terms during the Affordability Period; provided however, that the portions of the Authority Loan and Authority Note attributable to Project No. 1, Project No. 7, and Project No. 8B (2331-2333 North Fairview, 2325-2335 North Fairview and 2321 North Fairview properties) (the "Fairview Projects")

shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, April 1, 2080, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. No payments shall be due between December 31, 2024 and April 1, 2025.

The Note Amount shall be immediately due and payable in the event that one of the repayment conditions set forth herein, to wit: Borrower commits a material default of the Agreement, this Note, the Deed of Trust securing this Note, or the Regulatory Agreements, and fails to cure said default within the time periods provided in those documents, if any. Otherwise, Borrower shall have no obligation to pay this Note or make any installment payment thereon. On April 1, 2080, this obligation shall be paid in full, provided Borrower has not committed or caused the occurrence of a material default of the Agreement, this Note, the Deed of Trust securing this Note, or the Regulatory Agreements, the Note Amount will be forgiven in its entirety except that the portions of the Authority Loan and this Note attributable to the Fairview Properties shall not be forgiven and instead will be due and payable on December 31, 2080. Notwithstanding the foregoing, the full Note Amount may be accelerated as set forth herein.

Notwithstanding the foregoing, however, the total amount of the principal, interest and any other amounts owing under this Note shall become immediately due and payable upon the earlier to occur of the following:

a. the sale, lease, exchange or other conveyance of the real property, or any portion thereof, that is subject to the Deed of Trust (other than transfers approved or permitted pursuant to the Agreement); or

b. in the event of a default by the Borrower under the Agreement, the Deed of Trust securing this Note, the Regulatory Agreements, or this Note, which has not been cured within the period of time set forth in those documents.

Failure to declare such amounts due shall not constitute a waiver on the part of the Authority to declare them due subsequently.

4. Security. The Notes for Project Nos. 1-9 and 11-25 (as defined in the Agreement) have previously been secured by one Deed of Trust with Assignment Rents (Short Form) recorded on October 26, 2006 as Instrument No. 06-2369323 in the Official Records of Los Angeles County (the "Deed of Trust") as an encumbrance to the Borrower's interest in the collective Projects. An Amended and Restated Deed of Trust will be recorded to reflect the loan modification in the form attached hereto as Exhibit B, and incorporated herein by this reference. The Amended and Restated Deed of Trust secures all of the outstanding Agency/Authority and City Notes related to the Projects. Each Note includes all of the provisions for cross-default and cross-collateralization. The Amended and Restated Deed of Trust is intended to secure future amounts lent to Borrower from either City and/or Authority in which the future documents state that those amounts are secured by the Amended and Restated Deed of Trust, and other future modifications to this Agreement. This Agreement can be amended at any time to include additional loans from either City alone or the Authority alone, without the consent of the other (either City or Authority). The entire security, therefore, can be foreclosed upon a default in any

one of the specific Notes. Once recorded the Instrument Number of the Amended and Restated Deed of Trust shall be noted here:_____.

5. Waivers

a. Borrower expressly agrees that this Note or any payment hereunder may be extended from time to time at the Authority's sole discretion and that the Authority may accept security in consideration for any such extension or release any security for this Note at its sole discretion all without in any way affecting the liability of Borrower.

b. No extension of time for payment of this Note made by agreement by the Authority with any person now or hereafter liable for the payment of this Note shall operate to release, discharge, modify, change or affect the original liability of Borrower under this Note, either in whole or in part.

c. The obligations of Borrower under this Note shall be absolute, and Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reasons whatsoever.

6. Attorneys' Fees and Costs. Borrower agrees that if any amounts due under this Note are not paid when due, to pay in addition, all costs and expenses of collection and reasonable attorneys' fees paid or incurred in connection with the collection or enforcement of this Note if suit is filed.

7. Deed of Trust Acceleration. The Deed of Trust and the Agreement provide for acceleration of the payments due under this Note in the event of default under the Deed of Trust or Agreement.

8. Amendments; Modifications.; Assignments. This Note may not be changed orally, but only by an amendment in writing signed by Borrower and by the Authority. In the event Authority at some time in the future, and from time-to -time, agrees in its sole and absolute discretion, to release Borrower as to a specific property subject to the Agreement, then this Note, the Deed of Trust and respective Regulatory Agreement can be released, reconveyed and/or modified to so reflect. In the event of any release, the affordability restrictions may be renegotiated.

9. Assignment Prohibited. Except in connection with transfers permitted pursuant to the Agreement or a dissolution context, in no event shall Borrower assign or transfer any portion of this Note without the prior express written consent of the other party, which consent may be given or withheld in the other party's sole discretion.

10. Terms. Any terms not separately defined herein shall have the same meanings as set forth in the Amended and Restated Master Loan Agreement.

THIRD AMENDMENT TO REGULATORY AGREEMENT (Phase 1 - 2025 Master Loan Amendment)

THIS THIRD AMENDMENT TO REGULATORY AGREEMENT is entered into as of January _____, 2025 among the Housing Authority of the City of Burbank, a public body, corporate and politic (the "Authority") , the City of Burbank , a charter city and municipal corporation ("City"), and Burbank Housing Corporation, a California nonprofit public benefit corporation (the "Developer or BHC").

Subject Properties

listed in Attachment No. 1 with prior recorded instrument numbers and/or legal descriptions (collectively "Subject Properties")

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank (the "Agency") established a nonprofit corporation, the Burbank Housing Corporation ("BHC"), to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also receives Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (the "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income households at the Subject Properties. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Subject Properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Subject Properties.

G. The parties further modified restated, and replaced in its entirety, the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain of the Subject Properties as identified in the A&R MLA;

2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. The Subject Properties include Twenty Four (24) projects, which in turn oftentimes involved multiple parcels. Each individual parcel is subject to a regulatory agreement, separate for City or Authority, which restricts certain units to be affordable for a specific time period and is recorded in the official records of the Los Angeles County Recorder's Office (the "Original Regulatory Agreement"). The Original Regulatory was modified after adoption and amendment of the Loan Agreement in 2006-7 to reflect changes by the Loan Agreement as amended and in 2010 to reflect a modification requested by Developer (collectively "Regulatory Agreement"). Those legal descriptions or instrument numbers for the recorded documents of the Original Regulatory Agreement and the two amendments thereto are set forth in Attachment No 1.

I. The Regulatory Agreement is now further being amended by the Third Amendment in conjunction with the terms set forth in the A&R MLA, specifically the extension of affordability covenants to April 1, 2080.

J. As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. However, the documents that went before Council in January, 2025 inadvertently included Property No. 10, Administratively, the City Attorney through Resolution No. 25-29,585 and the Assistant Executive Director (authority to issue estoppels and interpretations of the Regulatory Agreement) have opined that this property should be deleted from the final agreement and all of the exhibits, for the debt had been released from the MLA in 2009 (Council Resolution No. 27,924 and Redevelopment Agency Resolution R-2215). Therefore, Project No. 10 is hereby intentionally deleted from this global amendment.

K. Intentionally excluded from this global amendment is the property referenced in the A&R MLA as Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement for Project No. 8 required, among other things, specific affordability requirements together with operation

of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

NOW, THEREFORE, the parties hereto agree as follows:

1. Amendment: This Third Amendment modifies each individual regulatory agreement for each property identified in Attachment No. 1 as Subject Properties as follows.

    a. Extension of Affordability Covenants. This Third Amendment extends the affordability covenant period as to Subject Properties for fifty-five years and three months commencing upon January 1, 2025 to April 1, 2080.

    b. Conforming to A&R MLA. This Third Amendment amends the Regulatory Agreement for each property identified in Attachment 1 to conform it to any conflicting term in the A&R MLA, and any term in a future amendment to A&R MLA.

2. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement remain the same and the Regulatory Agreement remains in full force and effect.

3. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement as amended by this Third Amendment, and that the Regulatory Agreement with this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

4. Monitoring. As to a matter between the Authority and City, Authority agrees to monitor the Regulatory, as amended by this Third Amendment as to Authority affordability covenants and also monitor City affordability covenants, at Authority's cost.

5. Performance secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Properties by Instrument No. 06-2369323, and as amended and restated by Instrument No. _____, recorded on _____, 2025.

6. Counterparts. This Third Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

7. Successors and Assigns. The Regulatory Agreement as amended by this Third Amendment shall run with the land, and all of the terms, covenants and conditions of the Regulatory Agreement as amended by this Third Amendment shall be binding upon BHC and the permitted successors and assigns of BHC.

IN WITNESS WHEREOF, the parties hereto have executed this Third Amendment to the Regulatory Agreement as of the date and year set forth above.

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Projects into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual Projects as one large project. The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Projects.

G. The parties further modified restated, and replaced in its entirety the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain Projects as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain Projects as identified in the A&R MLA; 3) to define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) to eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) to eliminate interest on Authority Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan (with certain exceptions); 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7 continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. Subject Property, along with 2321 North Fairview Street, is referenced in the A&R MLA as collectively Project No. 8. Through the A&R MLA, the Project No. 8 is divided into two separate projects - the project located at Subject Property-2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements. The regulatory agreement requires among other things, specific affordability requirements, together with operation of an activity center located on Subject Property to serve the neighborhood.

G. The parties further modified restated, and replaced in its entirety the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the

principal associated with certain Projects as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain Projects as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. Subject Property, along with 2321-2323 N. Catalina Street, is referenced in the A&R MLA as collectively Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement required, among other things, specific affordability requirements together with operation of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at Subject Property-2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

I. A Regulatory Agreement was recorded on Subject Property as Instrument No. 04-1599871 on June 17, 2004, as amended by an Amended Regulatory Agreement recorded on Subject Property as Instrument No. 06-2369324 on October 25, 2006 (the "First Amendment"). On September 23, 2010, the parties agreed to amend the Regulatory Agreement to allow BHC to have flexibility to lease affordable units below income level designations (the "Second Amendment"). The Second Amendment did not appear on a title report for Subject Property due to administrative recording error, and shall be recorded prior to the recording of this Third Amendment.

J. The Regulatory Agreement, as amended by the First and Second Amendments, is now further being amended by this Third Amendment to 1) reflect the modification to the A&R MLA, specifically the extension of affordability covenants to April 1, 2080, and 2) separate the Subject Property from the adjacent parcels 2321-2323 Catalina St.

NOW, THEREFORE, the parties hereto agree as follows:

1. Recital B is amended to read as follows: The Developer purchased with Authority and City assistance the Subject Property The Subject Property is improved with a two-story apartment building containing six units at 2321 North Fairview Street.

The Developer shall further restrict the units by ensuring that the Low Income Units are all one-bedroom units, and that four Moderate Income Units are two-bedroom units.

3. Extension of Affordability Covenants. The final paragraph of Section 4 is amended to read as follows:

"The Property shall be subject to the requirements of this Section 4 in perpetuity commencing on the date of the Developer's acquisition of the Property. For purposes of this Section 4, "in perpetuity" means the useful life of the Property with the land use controls imposed herein, but not less than fifty-five years and three months commencing January 1, 2025 and expiring April 1, 2080. The duration of this requirement shall be known as the "Affordability Period"."

4. Conforming to A&R MLA. This Third Amendment further amends the Regulatory Agreement to conform it to any conflicting term in the A&R MLA and any term in a future amendment to the A&R MLA.

5. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement, as amended by the First and Second Amendments, remain the same and the Regulatory Agreement, as amended by the First and Second Amendments, remains in full force and effect.

6. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement, as amended by the First Amendment, the Second Amendment, and this Third Amendment, and that the Regulatory Agreement together with the First Amendment, the Second Amendment, and this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

8. Performance secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Property by Instrument No. 06-2369323, as amended and restated on January___, 2025, recorded as Instrument No._____ on _____, 2025.

9. Counterparts. This Third Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

10. Successors and Assigns. The Regulatory Agreement as amended by the First Amendment, the Second Amendment, and this Third Amendment shall run with the land, and all of the terms, covenants and conditions of the Regulatory Agreement, as amended by the First Amendment, the Second Amendment, and by this Third Amendment shall be binding upon BHC and the permitted successors and assigns of BHC.

IN WITNESS WHEREOF, the parties hereto have executed this Second Amendment to the Regulatory Agreement as of the date and year set forth above.

402.3 Duration of Affordability Requirements. The Buildings shall be subject to the requirements of this Section 402 in perpetuity commencing upon the date of this Agreement. The duration of this requirement shall be known as the "Affordability Period."

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency and/or City may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other

tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, Lower or Low- and Moderate Income Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low, Lower or Low- and Moderate Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency and City, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low, Lower and Low- and Moderate-Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency and City as provided herein. The maximum Monthly Rent chargeable for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development, at the following amounts:

10

a. For Very Low Income Households: the lesser of (a) One-Twelfth (1/12th) of Thirty Percent (30%) of Fifty Percent (50%) of Los Angeles County annual median income for a household size appropriate for the unit, or (b) the fair market rent for existing housing for comparable units in the area as established by the United States Department of Housing and Urban Development under 24 CFR 888.111.

b. For Lower Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of Sixty Percent (60%) of Los Angeles County annual median income for a household size appropriate for the unit.

c. For Low and Moderate Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of One Hundred Ten Percent (110%) of Los Angeles County annual median income for a household size appropriate for the unit.

For purpose of determining "Affordable Rent" only, "household size appropriate to the unit" shall mean one person for a studio apartment unit, two persons for a one bedroom apartment unit, three persons for a two bedroom apartment unit, four persons for a three bedroom apartment unit, and five persons for a four bedroom apartment unit. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit. The Agency and City, may in their discretion, base the utilities allowance on a utilities allowance adopted by the Los Angeles County Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Based on a standard of two persons per bedroom plus one additional person, occupancy of studio apartment units shall be limited to two persons, occupancy of one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons, and occupancy of four bedroom apartment units shall be limited to nine persons. For those housing units originally subject to the Purchase Regulatory Agreement, the requirements of this section shall only be applied to tenants occupying the units after the Date of Agreement. All tenants occupying housing units in the First Project Buildings prior to the Date of Agreement shall comply with Section 402.6 of the Purchase Regulatory Agreement.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted

by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

402.9 Property Tax Exemption. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency and City do not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency and/or City with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency and/or City with respect to landscaping and building improvements, then the Agency and/or City, in addition to whatever remedies they may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or City and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency and/or City upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency and City. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Assistant Executive Director and the City's Community Development Director, or their designee(s). The Agency has assigned to Nonprofit the management agreement which the Agency has entered with Jenkins Properties, and Nonprofit has assumed such management agreement or entered a new management agreement with Jenkins Properties. The fees payable to the Property Manager shall not exceed six percent (6%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency and City shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency and City, the Agency and City may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency and/or City have not been corrected within thirty

(30) days after notice to Nonprofit, the Agency and/or City may in their sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. Reserve Accounts. The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Two Hundred Fifty Dollars ($250) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). Notwithstanding the foregoing, however, no payments shall be made into the Capital Replacement Reserve which cause the balance thereof to exceed Sixty-Five Thousand Dollars ($65,000), except that interest accruing on the Capital Reserve Account shall remain in such account until withdrawn for the purposes hereof. Funds in the Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the Agency and City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

406. Achievement Center. Nonprofit shall operate within the Buildings an educational center (the "Achievement Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Achievement Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

The following services shall be provided by the Achievement Center on a daily basis:

(a) Enrollment of students, including recruitment, orientation, assessment, development of strategy, monitoring and reevaluation.

(b) Monitoring of individual student progress, including review of program performance, grade reports, parent and community feedback.

(c) Observation of student behavior in multiple settings, supplying intervention when necessary.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Achievement Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Achievement Center shall be administered by a full-time Achievement Center Director. The hiring and termination of the Achievement Center Director shall be subject to approval by the Agency Assistant Executive Director, or his or her designee.

Participation in the Achievement Center shall be limited to residents of the Buildings and residents of apartment complexes in the 100 block of West Elmwood Avenue with which the Agency has entered into affordable housing agreements.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency and City shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency and City in making the Property available for such inspection or audit. If for any reason the Agency and/or City are unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency and/or City may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

a. In deeds: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein

conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

b. **In leases:** "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

c. **In contracts:** "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency and/or the City, service of process on the Agency shall be made by personal service upon the Agency's Secretary or in such other manner as may be provided by law and service of process on the City shall be made by personal service upon the City Clerk or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency or City against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. Non-Liability of Officials and Employees of the Agency and City. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of the Agency and/or City which shall not excuse performance by the Agency and/or City respectively); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency and City. It is because of those qualifications and identity that the Agency and City have entered into this Agreement with the Nonprofit. Accordingly, for the

period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency and City, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency and City approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency and City agree that they will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency and City requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency and City. The Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, and similar factors. The Agency and City agree not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel and the City Attorney shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency and City shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency and City such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency or City. The Agency or City may assign or transfer any of their rights or obligations under this Agreement with the approval of the

Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City and vice versa, at any time without the consent of the Nonprofit.

604. Agency and City Approvals and Actions. The Agency and City shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Assistant Executive Director (or his or her duly authorized representative) and the Community Development Director, respectively.. The Agency's Assistant Executive Director and the City's Community Development Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency and City, respectively, so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency and City, respectively, as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board and City Council, respectively.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

610. Amendment and Supersession of Prior Agreements. This Agreement amends and supersedes the Purchase Regulatory Agreement, dated November 30, 1999, by and between Agency and Nonprofit, and the AHA Regulatory Agreement, dated July 17, 2001, among the Agency, City, and Nonprofit, which, except as set forth in Section 402.7 of this Agreement, shall be of no further force or effect as of the Date of Agreement.

03 1634472

19

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Amended and Restated Regulatory Agreement as of the date first set forth above ("Date of Agreement").

REGULATORY AGREEMENT

THIS REGULATORY AGREEMENT (the "Agreement") is entered into as of this 11th day of July, 2017 by and among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **HOUSING AUTHORITY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Authority"), and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer").

RECITALS

A. The City has received funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. §12701, *et seq.*, for the purpose of the production and operation of housing affordable to lower, very low, and extremely low income families.

B. Effective February 1, 2012, the redevelopment dissolution bill, AB1X26, eliminated redevelopment agencies in the state of California but authorized local housing authorities to accept the former redevelopment agencies housing assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority consented to accept the former Redevelopment Agency of the City of Burbank ("Agency") housing duties.

C. The Developer is negotiating an agreement to rehabilitate ten (10) rental units located at 153, 159 and 199 Elmwood Avenue, the City of Burbank (the "Property"), located on the land more particularly described in the Legal Description attached hereto as Exhibit A, and incorporated herein by reference.

D. The City, the Authority and the Developer have entered into an Affordable Housing Agreement dated as of July 11, 2017, pursuant to which the City have agreed to provide financial assistance to Developer to rehabilitate the Property, and the Developer has agreed to rehabilitate the Property with such financial assistance.

E. The City, the Agency, now Authority as successor, and the Developer have entered into Master Loan Agreement Amendment dated July 11, 2017, pursuant to which City and Agency, now Authority as successor, have required on-going requirements of the loans. If there is any inconsistency between the Agreement and the Master Loan Agreement, the latter prevails.

F. Beginning with this project, the parties intend to extend the term of the Affordability Period of the Agreement so that it is the same as all future regulatory agreements for future projects. It is the intent of the parties to extend this term of this Agreement, as part of all future projects.

G. The execution and recording of this Agreement is a condition to the City making assistance available to the Developer pursuant to the Affordable Housing Agreement.

Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

11. Maintenance. If at any time Developer fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the City or Authority with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the City or Authority with respect to landscaping and building improvements, then the City and Authority, in addition to whatever remedy it may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Property and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City or Authority and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Developer to the City or Authority, as appropriate, upon demand.

12. Management Plan. The Developer shall submit for the approval of the City and Authority a "Management Plan" which sets forth in detail the Developer's property management duties, the affirmative marketing procedures in accordance with Section 7 hereof, the tenant selection process in accordance with Section 8 hereof, a security system and crime prevention program, the procedures for the collection of rent, the procedures for eviction of tenants, the rules and regulations of the Property and manner of enforcement, a standard lease form in accordance with Section 6 hereof, the identity of the manager of the Property (the "Property Manager"), and other matters relevant to the management of the Property. The Management Plan shall require the Developer to adhere to a fair lease and grievance procedure and provide a plan for tenant participation in management decisions. The management of the Property shall be in compliance with the Management Plan which is approved by the City and Authority.

If the City or Authority determines that the performance of the Property Manager is deficient based upon the standards set forth in the Management Plan and in this Agreement, the City and/or Authority shall provide notice to the Developer of such deficiencies, and the Developer shall use its best efforts to correct such deficiencies. In the event that such deficiencies have not been cured within the time set forth in Section 15 hereof, the City and the Authority shall each have the right to require the Developer to immediately remove and replace the Property Manager with another property manager or property management company which is reasonably acceptable to the City and the Authority, which is not related to or affiliated with the Developer, and which has not less than five (5) years experience in property management, including significant experience managing affordable multifamily residential development of the size, quality and scope of the Property.

13. **Monitoring and Recordkeeping.** Throughout the Affordability Period, Developer shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City and the Authority a Certification of Continuing Program Compliance in the form provided by the City and the Authority. Representatives of the City and the Authority shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property, and to conduct an independent audit or inspection of such records. The Developer agrees to cooperate with the City and the Authority in making the Property available for such inspection or audit. If for any reason the City or the Authority is unable to obtain the Developer's consent to such an inspection or audit, the Developer understands and agrees that the City and/or the Authority may obtain at Developer's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Developer agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

14. **Non-Discrimination Covenants.** Developer covenants by and for itself, its successors and assigns, and all persons claiming under or through them that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, religion, sex, marital status, familial status, disability, national origin, or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property, nor shall Developer itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Property. Developer shall also comply with the equal opportunity and fair housing requirements set forth in Section 92.350 of the HOME Regulations. The covenants established in this Section 14 shall, without regard to technical classification and designation, be binding for the benefit and in favor of the City, the Authority and their successors and assigns, and shall remain in effect in perpetuity.

15. **Defaults and Remedies.** Defaults of this Agreement and remedies therefor shall be governed by the provisions of Article 400 of the Affordable Housing Agreement.

16. **Waiver of Terms and Conditions.** Any party may, in its sole discretion, waive in writing any of the terms and conditions of this Agreement. Waivers of any covenant, term, or condition contained herein shall not be construed as a waiver of any subsequent breach of the same covenant, term, or condition.

17. **Non-Liability of City Officials and Employees.** No member, official, employee or agent of the City or the Authority shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the City or the Authority or for any amount which may become due to the Developer or its successors, or on any obligations under the terms of this Agreement.

18. **Time.** Time is of the essence in this Agreement.

AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS

THIS AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS (the "Amendment") is entered into as of September 23, 2010, among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency") and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer" or "BHC").

RECITALS

A. In 1997, the Redevelopment Agency of the City of Burbank established a non-profit corporation to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, *et seq*, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 *et seq*.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, *et seq*., (hereafter "Community Redevelopment Law") the Agency is required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

D. BHC, the City, and the Agency have to date worked together to provide and preserve Two Hundred and Seventy-Five (275) units of low-to-moderate income households. Based on the successful Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school child care, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

E. On October 26, 1999, the Agency, City, and BHC entered into an affordable housing agreement for the property located at 2331-2333 North Fairview to acquire, rehabilitate, and provide three (3) affordable rental units. (hereafter referred to as "Project No.1").

F. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and provide four (4) affordable rental units located at 3000-3006 Thornton Avenue ("Project No.2").

In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

c. Low-Income Households ("Low-Income Households") that do not exceed the following: i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households as defined above. For Lower Income Households: Monthly rent chargeable by the tenant must be the lesser of (a) the lower income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit; or (d) HOME program High HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

d. Moderate-Income Households ("Moderate-Income Households") that do not exceed the following: i) the qualifying limits defined under California Health and Safety Code Section 50093 for Moderate-Income Households, as adjusted for household size; and includes Extremely-Low, Very-Low, and Low-Income Households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the moderate income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; or (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD.

In order to maintain the household income mix set forth in each respective AHA, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

3. **Amendment to the Regulatory Agreement.** The Affordable Housing Agreements and Regulatory Agreements applicable to Projects No. 1-17 are hereby amended to reflect the changes set forth in this AHA No. 2. The AHA's and Regulatory Agreements for Projects No. 1-17, shall remain in full force and effect except as to that reflected in this Agreement (Amendment No.2) and the attached Regulatory Agreement. It is not the intent to modify any other provision of the documents as to all of the aforementioned projects except for Projects Nos. 3 and 6. Should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date set forth above.

RECITALS

A. The City has received funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. §12701, *et seq.*, for the purpose of the production and operation of housing affordable to lower and very low income families.

B. The Agency is required by California Health and Safety Code Section 33334.2, *et seq.*, to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

C. The Developer has negotiated and acquired, and operated seventeen (17) properties of which the Agency and/or City have financed (collectively the "Affordable Housing Projects"). The Developer recorded a Regulatory Agreement on each respective Affordable Housing Project to reflect the affordability restrictions. Each Regulatory Agreement further reflected the individual restrictions imposed on each Affordable Housing Project through the respective Affordable Housing Agreement ("AHA"). The recordation numbers of each Regulatory Agreement of the seventeen (17) properties is set forth in detail on Exhibit A and incorporated herein by this reference.

D. The City, the Agency and the Developer have entered into an Affordable Housing Agreement Amendment No. 2 dated as of September 23, 2010, pursuant to which the City and Agency have agreed to provide flexibility to Developer in the implementation of the affordability restrictions . The parties further modified the specific affordability designations in Properties No. 3 and 6. This Amendment to the Regulatory Agreement shall apply to all seventeen (17) properties.

NOW, THEREFORE, the parties hereto agree as follows:

1. A new provisions shall be added to each of the AHA and respective Regulatory Agreements:

In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

c. Low-Income Households ("Low-Income Households") that do not exceed the following: i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households as defined above. For Lower Income Households: Monthly rent chargeable by the tenant must be the lesser of (a) the lower income rents set forth in Health & Safety Code Section 50053 based on the methodology established

by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit; or (d) HOME program High HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

d. Moderate-Income Households ("Moderate-Income Households") that do not exceed the following: i) the qualifying limits defined under California Health and Safety Code Section 50093 for Moderate-Income Households, as adjusted for household size; and includes Extremely-Low, Very-Low, and Low-Income Households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the moderate income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; or (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD.

In order to maintain the household income mix set forth in each respective AHA, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

2. **Amendment to Properties No. 3 and No. 6.** Each Affordable Housing Agreement and Regulatory Agreement designates the number of affordable units and the targeted restricted household income level. The Affordable Housing Agreement and Regulatory Agreement applicable for Property No. 3 and Property No. 6 is amended as set forth in this section. Property No. 3 initially required the following designation of affordable housing units:

Property No. 3	Affordability	Initial
Elmwood	Extremely-Low	0
	Very-Low	19
	Low	23
	Moderate	23

This Amendment changes that designation to:

Property No. 3	Affordability	New
Elmwood	Extremely-Low	7
	Very-Low	25
	Low	23
	Moderate	10

Property No. 6 initially required the following designation of affordable housing units:

Property No. 6	Affordability	Initial
Peyton-Grismer	Extremely-Low	0
	Very-Low	14
	Low	19
	Moderate	37

6

This Amendment changes that designation to:

Property No. 6	Affordability	New
Peyton-Grismer	Extremely-Low	13
	Very-Low	20
	Low	25
	Moderate	12

3. **Amendment.** This Agreement may not be changed orally, but only by agreement in writing signed by Developer, the Agency and the City.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment to the Regulatory Agreement as of the date and year set forth above.

REGULATORY AGREEMENT AMENDMENT

THIS REGULATORY AGREEMENT AMENDMENT (the "Agreement") is entered into as of this 23RD day of September, 2010 by and among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency"), and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer").

RECITALS

A. The City has received funds from the HOME Investment Partnership Act of the United States. 42 U.S.C. §12701, *et seq.*, for the purpose of the production and operation of housing affordable to lower and very low income families.

B. The Agency is required by California Health and Safety Code Section 33334.2, *et seq.*, to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

C. The Developer has negotiated and acquired, and operated seventeen (17) properties of which the Agency and/or City have financed (collectively the "Affordable Housing Projects"). The Developer recorded a Regulatory Agreement on each respective Affordable Housing Project to reflect the affordability restrictions. Each Regulatory Agreement further reflected the individual restrictions imposed on each Affordable Housing Project through the respective Affordable Housing Agreement ("AHA"). The recordation numbers of each Regulatory Agreement of the seventeen (17) properties is set forth in detail on Exhibit A and incorporated herein by this reference.

D. The City, the Agency and the Developer have entered into an Affordable Housing Agreement Amendment No. 2 dated as of September 23, 2010, pursuant to which the City and Agency have agreed to provide flexibility to Developer in the implementation of the affordability restrictions. The parties further modified the specific affordability designations in Properties No. 3 and 6. This Amendment to the Regulatory Agreement shall apply to all seventeen (17) properties.

SUBJECT: BURBANK HOUSING CORPORATION PROPOSAL TO AMEND AFFORDABLE HOUSING AGREEMENTS TO INCREASE HOUSING OPPORTUNITIES FOR LOWER INCOME HOUSEHOLDS TO MEET COMMUNITY NEED

PURPOSE

The purpose of this report is to provide information to the Burbank City Council (City) and Burbank Redevelopment Agency Board (Agency) to consider amending agreements that will redefine the income and affordability requirements as previously approved by and between the City and the Burbank Housing Corporation (BHC) and by and between the Agency and BHC. The objective of these amendments is to increase affordable housing opportunities to meet the current housing demand of the community. This action will meet the City Council's goal of Sustainability by improving environmental and social sustainability within the City.

BACKGROUND

Since 1997, the City has implemented a pro-active approach to neighborhood revitalization in partnership with BHC. The City and the Agency have extended funding to BHC to assist in the acquisition and rehabilitation of distressed residential properties as a strategy for upgrading neighborhoods in decline and maintaining rents at an affordable rate. By investing resources to improve the housing stock, provide affordable housing opportunities, and develop neighborhood-based Family Resource Centers, our partnership with BHC has improved the quality of life for Burbank residents in the Elmwood, Verdugo-Lake, Golden State, Peyton-Grismer, and Lake-Alameda Focus Neighborhoods (Focus Neighborhoods).

These efforts have been consistent with several housing objectives and programs of the City's Affordable Housing Strategy, first set forth by the Blue Ribbon Task Force on Affordable Housing as approved by the City and Agency in 2003.

Affordable Housing Properties

BHC currently operates or is in the process of improving properties with over 270 affordable housing units within the Focus Neighborhoods. Each of these properties have been developed to provide affordable rental housing opportunities to assist Burbank households earning 120 percent of area median income, defined by California Redevelopment Law (CRL) as Low and Moderate Income Households. The table below reflects the number of housing units produced within each Focus Neighborhood. The table also includes the total units within the BHC's Transitional Housing Program.

Burbank Housing Corporation
Affordable Housing Portfolio

Focus Neighborhoods & Transitional Housing Program	Number of Units
Elmwood Focus Neighborhood	65
Verdugo-Lake Focus Neighborhood	72
Golden State Focus Neighborhood*	36
Peyton-Grismer Focus Neighborhood**	77
Lake-Alameda Focus Neighborhood	9
Transitional Housing Program*	16
TOTAL	**275**

* Includes properties currently being rehabilitated by BHC.
** Excludes eight units within the Keeler-Elliott Homeownership Development.

Income and Affordability Requirements

Each of the affordable housing properties are subject to agreements imposing long-term covenants and restrictions securing affordability for the longest feasible time. CRL's affordability duration is 55 years for rental housing; BHC's affordability term is in perpetuity. These agreements have been recorded with Los Angeles County and will run with the land. The affordability restrictions require BHC to lease units to income-qualified households at the defined affordable housing rent, and the restrictions vary from project to project. The U.S. Department of Housing and Urban Development (HUD) annually establishes income limits for each State based on the area median income. Thereafter, the Department of Housing and Community Development (HCD) officially publishes the income qualification standards for each County, adjusted by household size and applicable rents are established using the methodology established by CRL[1].

[1] Pursuant to California Redevelopment Law Section 50106, 50105, 50079.5, and 50093.

BHC's affordable housing units are targeted to households that fall within four basic income categories. Using the 2010 affordability standards, below is a sample of income limits adjusted by household size.

State Income Limits for Los Angeles County (2010)

Income Level	1 person household	2 person household	3 person household	4 person household
Extremely-Low (30% of AMI)	$17,400	$19,900	$22,400	$24,850
Very-Low (50% of AMI)	$29,000	$33,150	$37,300	$41,400
Low (80% of AMI)	$46,400	$53,000	$59,650	$66,250
Moderate (120% of AMI)	$52,900	$60,500	$68,050	$75,600

Area Median Income (AMI): $63,000

As mentioned earlier, the affordability requirements vary from project to project. Over the years, the terms of affordability and rent requirements have changed to assist the varying income of households, as well as providing BHC with the greatest flexibility to meet the changing needs of the community. For example, older agreements impose affordability requirements that are specific to bedroom size. Some agreements include "floating" units, which authorize BHC to assign affordability requirements to any bedroom size as long as the total number of units and bedroom mix satisfies the overall unit requirements. Finally, more recent agreements allow BHC with the most flexibility by designating units "up to" the affordability benchmark (described above). This final structure is included in more recent agreements, such as the acquisition of four units located at 225 Linden Avenue (approved in August 2010). Three of the four units are designated to households who earn "up to" the very-low income limit, and one unit is designated to a household who earns "up to" the moderate-income limit. BHC can technically rent the three very-low income units to a household who does not exceed the very-low income household limit, which includes extremely-low income households. The moderate-income unit can be rented to all income categories, which includes extremely-low, very-low, and low income households.

The table below summarizes the number of units for each target income category within BHC's portfolio:

Income Category	# of Restricted Units
Extremely-Low	7
Very-Low	72
Low	110
Moderate	86
TOTAL	**275**

Moderate-Income Vacancy Challenges

Due to increasing unemployment rates, housing vacancies are rising and rents are falling across the country. Due to the downward economic and housing market trends, BHC has faced challenges in leasing the units designated to moderate-income households. The recession has decreased market-rents to levels equivalent to or below moderate-income rent designations, leaving moderate-income restricted units vacant for extended periods of time due to more attractive market rates and areas elsewhere in the city. During the 2008 and 2009 calendar years, the highest number of units vacant at one time was 13 and 22 moderate units, respectively.

As part of the Agency's continuous housing market analysis[2], a rent survey was conducted in May 2010 to evaluate rental trends within Burbank. Included in the analysis was a detailed comparison of rental trends over the past three years within the city and regionally. The housing analysis reports the average monthly rent declining 3.2 percent between 2008 and 2009, and vacancy rates increasing by 0.4 percent between 2008 and 2009. Below is a rent survey comparison of restricted moderate-income rents within the Focus Neighborhoods and of the average market-rate rents. The chart exhibits that the market rents are less than the restricted rents. Therefore, the demand for moderate-income rental units does not exist in the community based on market-rate rents.

Bedroom Size	Market-Rate Rent (2010)	Moderate-income Rent[3] (2010)
1	$1,056	$1,386
2	$1,243	$1,559
3	$1,472	$1,733

Marketing Campaign

Even with market-rate rents declining, BHC continued to market the moderate units to meet agreement obligation. Over a two-year time period, both BHC and Agency staff developed an aggressive marketing strategy to fill the vacant moderate units and to build up a moderate-income waiting list. The marketing strategy was implemented in March 2009 and included new advertising materials, expanded and targeted marketing, rent specials and promotions. BHC also systematically reviewed the waiting list identifying families at the high end of the low-income category that could graduate into the moderate-income category; and have the ability to pay moderate-income rent in the near future. The following was executed over a one-year term[4]:

- In March 2009, a marketing flier and e-mail was targeted to employers of the Burbank Workforce (i.e. Burbank Unified School District, Chamber of Commerce,

[2] Housing market trends are published annually within the Agency's Housing Profile summarizing statistics of the previous year.

[3] Pursuant to Health and Safety Code Section 50053 (b)(4) and established by HCD, affordable rents for moderate income households are calculated using the following formula: Product of 30% times 110% of area median income, adjusted for household size appropriate for the unit.

[4] Modifications were approved by Agency staff and modifications are consistent with existing agreements.

Los Angeles Superior Court, Woodbury University, studios, childcare centers, and other local educational institutions.) In April 2009, a separate advertisement was placed in the Burbank City Employee Hotline for four weeks (two pay periods).

- Since June 2009, a leasing strategy has been implemented where BHC modifies new applicant criteria/eligibility, waived credit report fees, offered rent reductions, and offered rent/move-in specials.
- Since July 2009, marketing continues with posting vacancy banners and running multiple advertisements in various mediums such as the Burbank Leader, Craigslist, Penny Saver, and Westside Rentals.

This concerted effort has allowed BHC to fill the vacant moderate units, but the issue persists. To date, approximately ten moderate units remain vacant, while a pool of over 200 extremely-low, very-low, and low-income families remain on BHC's waiting list for an available affordable unit.

ANALYSIS

Despite best efforts, the moderate-income units remain vacant for extended periods of time while the demand for affordable units for households who earn less than moderate-income households is evidenced by the waiting list. To better meet the community need for affordable housing and fill the current moderate-income unit vacancies, BHC submitted a proposal (EXHIBIT A) requesting the City and Agency to consider amending certain agreements to increase the number of extremely-low, very-low, and low-income units by reducing the number of moderate-income units.

Unit Re-Designation Proposal

The proposal identifies two properties containing the highest percentage of moderate units and the greatest number of vacancies: the Elmwood Focus Neighborhood consisting of 65 units and Peyton Grismer Focus Neighborhood consisting of 70 units[5]. following proposed unit re-designations by property will create additional housing opportunities for lower income Burbank families and eliminate chronic vacancies:

Property	Affordability	Current	Proposed	Change
Elmwood[6]	Extremely-Low	0	7	+7
	Very-Low	19	25	+6
	Low	23	23	0
	Moderate	23	10	-13
Peyton-Grismer[7]	Extremely-Low	0	13	+13
	Very-Low	14	20	+6
	Low	19	25	+6
	Moderate	37	12	-25

[5] The proposal excludes units within the Keeler-Elliott Homeownership Development and 1721 Elliott Avenue. These properties maintain their own agreement and will not be modified.
[6] Elmwood consists of 153, 158, 159, 164, 165, 170, 171, 188, 194, and 199 Elmwood.
[7] Peyton-Grismer consists of 1729-1735 Elliott and 1801-1815 Grismer.

Provide consistency for all BHC properties

As previously mentioned, the affordability and rent restrictions that BHC must follow are project-specific and varies with each property acquisition. Each property has its own affordability and restriction terms that prohibit BHC from renting to households other than the designations, limiting their ability to adjust to the demands of the community. At the time those agreements were approved, the designations and restrictions fit with the economic climate and housing need. However, to effectively respond to shifts in the economy and the housing market, staff recommends amending all previously executed agreements to allow, upon Agency staff approval, BHC to lease their affordable units below the income level designation or to rent "up to" the designations noted for the property. This ability has already been implemented with recent acquisition transactions. The purpose of this change is to establish consistency within all BHC agreements, reduce vacancy rates, and optimize the City's affordable housing production. This new structure of affordability and rent restrictions would be used for future property acquisitions.

If approved it is the intent of Agency and BHC staff to utilize the "up to" method as a last resort to prevent long-term vacancies over 90 days. Upon 90 days, BHC will be required to obtain Agency approval to rent a unit to a household below the targeted unit designation; BHC must restore affordability requirements with the next available unit. In addition, BHC will be responsible for maintaining a healthy mix of rental units that will generate enough income to cover operational expenses when implementing the "up to" method.

PROS and CONS of Proposed Re-Designation

Based on analysis conducted by staff, if the re-designations are approved, the immediate benefit to BHC is filling the vacancies that will effectively generate income. Furthermore, BHC would be able to provide new housing opportunities to lower income Burbank residents who have been waiting for an extensive length of time, in some instances the wait has been as long as four years.

In addition, as part of the City's housing production requirements, funds spent from the Low Moderate Income Housing Fund must be at least in proportion to the community's need for housing for households of such income levels. As identified in the 2009-2014 Implementation Plan (Plan), based on the housing fund allocation for the Plan period, an increase of very-low income units must be produced to meet this income target goal by 2014.

While income targeting has improved within the last few years, the income targeting goals for the 2009-2014 Plan period fall short of the extremely-low and very-low requirement, which is currently at 35 percent for the Plan period in comparison to the required 43 percent. The proposed re-designations within BHC's portfolio will increase the extremely-low and very-low percentage to 48 percent; surpassing the Agency's goal of 43 percent. It should be noted that the existing and proposed income target goals will

change as additional affordable housing is developed. Therefore, staff will continue to monitor proportionality requirements hand-in-hand with affordable housing production.

The table below provides a comparison of the Agency's proportionality goals for the Plan period; estimated production as identified within the Implementation Plan; and estimated production as a result of the proposed affordability modifications.

2009-2014 Plan Period
Proportionality Income Target Goals

	Required	Estimated	Proposed
Extremely-Low & Very-Low	>43%	35%	48%
Low	>27%	38%	35%
Moderate	<30%	27%	17%

As discussed above, with the proposed changes to re-designate the moderate units to lower designations, BHC will be able to fill the units immediately with households awaiting an affordable housing opportunity and the Agency will surpass the extremely-low and very-low proportionality income targeting goal.

Based on a preliminary budget provided by BHC, staff concluded that there are no significant financial implications to the Agency or BHC. However, a potential long-term financial implication may be a reduction of residual receipt payments. The revised designations will coincide with an appropriate and reduced rental rate which will effectively reduce BHC's annual rental income, therefore, reducing the amount of residual receipt payments to the Agency. The reduction of rents will not affect the integrity and operations of the properties as BHC will have sufficient cash flow funding to maintain all of the properties within their portfolio. While there could be an argument that the proposed adjustments would lower BHC's rental income revenue, a counter argument would suggest that this proposal would enhance BHC's cash flow as units currently sit vacant, generating no income revenue. More importantly, these proposed adjustments will provide housing for households having an immediate need for affordable housing.

FISCAL IMPACT
There is no fiscal impact to the General Fund.

There is no immediate fiscal impact to the Agency. The long-term financial implications may be a reduction of residual receipt payments from BHC.

CONCLUSION
To meet the demands of the community and fill the current moderate-income unit vacancies, BHC submitted a proposal requesting the City and Agency consider amending certain agreements by reducing the number of moderate-income units and increasing the number of extremely-low, very-low, and low-income units. The proposal

identifies two properties that have the highest vacancies: the Elmwood Focus Neighborhood and Peyton-Grismer Focus Neighborhood. Both are the two largest properties that BHC oversees and have the highest number of moderate-income unit designations. If this proposal is approved, it would allow BHC to immediately fill their vacancies with households that have been languishing on the wait list and stop the loss of rental income. In addition, the long-term benefit would address the community need by increasing the number of affordable units that best fit the housing demand.

In addition to the proposed re-designations of moderate units, in order to limit the potential of vacancies, staff is recommending amending affordability and rent restrictions to allow BHC to rent "up to" the target designation. This language has been implemented with recent acquisitions, as well as the acquisition of 225 Linden Avenue approved in August 2010. Staff recommends that all previous agreements be amended to maintain consistency in all BHC properties. If approved, BHC would be able to rent units to households below any given income category; reduce vacancy rates; and optimize the City's affordable housing production. This consistent affordability and rent restriction would also be used for future property acquisitions.

RECOMMENDATION

Staff recommends that the City of Burbank and Burbank Redevelopment Agency Board adopt the attached resolutions approving agreements with the Burbank Housing Corporation that will modify the affordable housing income and affordability restrictions.

AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS

THIS AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS (the "Amendment") is entered into as of September 23, 2010, among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency") and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer" or "BHC").

RECITALS

A. In 1997, the Redevelopment Agency of the City of Burbank established a non-profit corporation to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, *et seq*, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 *et seq*.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, *et seq*., (hereafter "Community Redevelopment Law") the Agency is required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

D. BHC, the City, and the Agency have to date worked together to provide and preserve Two Hundred and Seventy-Five (275) units of low-to-moderate income households. Based on the successful Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school child care, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

E. On October 26, 1999, the Agency, City, and BHC entered into an affordable housing agreement for the property located at 2331-2333 North Fairview to acquire, rehabilitate, and provide three (3) affordable rental units. (hereafter referred to as "Project No.1").

F. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and provide four (4) affordable rental units located at 3000-3006 Thornton Avenue ("Project No.2").

In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

c. Low-Income Households ("Low-Income Households") that do not exceed the following: i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households as defined above. For Lower Income Households: Monthly rent chargeable by the tenant must be the lesser of (a) the lower income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit; or (d) HOME program High HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

d. Moderate-Income Households ("Moderate-Income Households") that do not exceed the following: i) the qualifying limits defined under California Health and Safety Code Section 50093 for Moderate-Income Households, as adjusted for household size; and includes Extremely-Low, Very-Low, and Low-Income Households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the moderate income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; or (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD.

In order to maintain the household income mix set forth in each respective AHA, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

3. **Amendment to the Regulatory Agreement.** The Affordable Housing Agreements and Regulatory Agreements applicable to Projects No. 1-17 are hereby amended to reflect the changes set forth in this AHA No. 2. The AHA's and Regulatory Agreements for Projects No. 1-17, shall remain in full force and effect except as to that reflected in this Agreement (Amendment No.2) and the attached Regulatory Agreement. It is not the intent to modify any other provision of the documents as to all of the aforementioned projects except for Projects Nos. 3 and 6. Should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation.

B. The Agency is required by California Health and Safety Code Section 33334.2, *et seq.*, to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

C. The Developer has negotiated and acquired, and operated seventeen (17) properties of which the Agency and/or City have financed (collectively the "Affordable Housing Projects"). The Developer recorded a Regulatory Agreement on each respective Affordable Housing Project to reflect the affordability restrictions. Each Regulatory Agreement further reflected the individual restrictions imposed on each Affordable Housing Project through the respective Affordable Housing Agreement ("AHA"). The recordation numbers of each Regulatory Agreement of the seventeen (17) properties is set forth in detail on Exhibit A and incorporated herein by this reference.

D. The City, the Agency and the Developer have entered into an Affordable Housing Agreement Amendment No. 2 dated as of _____, pursuant to which the City and Agency have agreed to provide flexibility to Developer in the implementation of the affordability restrictions . The parties further modified the specific affordability designations in Properties No. 3 and 6. This Amendment to the Regulatory Agreement shall apply to all seventeen (17) properties.

NOW, THEREFORE, the parties hereto agree as follows:

1. A new provisions shall be added to each of the AHA and respective Regulatory Agreements:

The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

During the Rehabilitation of the Second Project Property and operation of the Property, the Nonprofit shall take all necessary precautions to prevent the release of any Hazardous Materials into the environment on or under the Property. 402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency and/or City may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other

tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, Lower or Low- and Moderate Income Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low, Lower or Low- and Moderate Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency and City, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low, Lower and Low- and Moderate-Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency and City as provided herein. The maximum Monthly Rent chargeable for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development, at the following amounts:

10

a. For Very Low Income Households: the lesser of (a) One-Twelfth (1/12th) of Thirty Percent (30%) of Fifty Percent (50%) of Los Angeles County annual median income for a household size appropriate for the unit, or (b) the fair market rent for existing housing for comparable units in the area as established by the United States Department of Housing and Urban Development under 24 CFR 888.111.

b. For Lower Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of Sixty Percent (60%) of Los Angeles County annual median income for a household size appropriate for the unit.

c. For Low and Moderate Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of One Hundred Ten Percent (110%) of Los Angeles County annual median income for a household size appropriate for the unit.

For purpose of determining "Affordable Rent" only, "household size appropriate to the unit" shall mean one person for a studio apartment unit, two persons for a one bedroom apartment unit, three persons for a two bedroom apartment unit, four persons for a three bedroom apartment unit, and five persons for a four bedroom apartment unit. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit. The Agency and City, may in their discretion, base the utilities allowance on a utilities allowance adopted by the Los Angeles County Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Based on a standard of two persons per bedroom plus one additional person, occupancy of studio apartment units shall be limited to two persons, occupancy of one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons, and occupancy of four bedroom apartment units shall be limited to nine persons. For those housing units originally subject to the Purchase Regulatory Agreement, the requirements of this section shall only be applied to tenants occupying the units after the Date of Agreement. All tenants occupying housing units in the First Project Buildings prior to the Date of Agreement shall comply with Section 402.6 of the Purchase Regulatory Agreement.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted

by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

402.9 Property Tax Exemption. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency and City do not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency and/or City with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency and/or City with respect to landscaping and building improvements, then the Agency and/or City, in addition to whatever remedies they may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or City and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency and/or City upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency and City. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Assistant Executive Director and the City's Community Development Director, or their designee(s). The Agency has assigned to Nonprofit the management agreement which the Agency has entered with Jenkins Properties, and Nonprofit has assumed such management agreement or entered a new management agreement with Jenkins Properties. The fees payable to the Property Manager shall not exceed six percent (6%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency and City shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency and City, the Agency and City may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency and/or City have not been corrected within thirty

Notwithstanding the foregoing, however, no payments shall be made into the Capital Replacement Reserve which cause the balance thereof to exceed Sixty-Five Thousand Dollars ($65,000), except that interest accruing on the Capital Reserve Account shall remain in such account until withdrawn for the purposes hereof. Funds in the Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the Agency and City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency and City shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency and City in making the Property available for such inspection or audit. If for any reason the Agency and/or City are unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency and/or City may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. In the event that any legal action is commenced by the Agency or City against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. Non-Liability of Officials and Employees of the Agency and City. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of the Agency and/or City which shall not excuse performance by the Agency and/or City respectively); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency and City. It is because of those qualifications and identity that the Agency and City have entered into this Agreement with the Nonprofit. Accordingly, for the

period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency and City, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency and City approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency and City agree that they will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency and City requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency and City. The Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, and similar factors. The Agency and City agree not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel and the City Attorney shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency and City shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency and City such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency or City. The Agency or City may assign or transfer any of their rights or obligations under this Agreement with the approval of the

Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City and vice versa, at any time without the consent of the Nonprofit.

604. Agency and City Approvals and Actions. The Agency and City shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Assistant Executive Director (or his or her duly authorized representative) and the Community Development Director, respectively.. The Agency's Assistant Executive Director and the City's Community Development Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency and City, respectively, so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency and City, respectively, as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board and City Council, respectively.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

610. Amendment and Supersession of Prior Agreements. This Agreement amends and supersedes the Purchase Regulatory Agreement, dated November 30, 1999, by and between Agency and Nonprofit, and the AHA Regulatory Agreement, dated July 17, 2001, among the Agency, City, and Nonprofit, which, except as set forth in Section 402.7 of this Agreement, shall be of no further force or effect as of the Date of Agreement.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Amended and Restated Regulatory Agreement as of the date first set forth above ("Date of Agreement").

SUBJECT: Amendment to Regulatory Agreements Between the City of Burbank, the Burbank Redevelopment Agency and the Burbank Housing Corporation Governing Properties on West Elmwood

PURPOSE

The purpose of this report is to provide information for the City of Burbank and the Burbank Redevelopment Agency (hereinafter generally referred to as City/Agency) to consider terminating the Regulatory Agreement with the Burbank Housing Corporation (BHC) for 199 West Elmwood and including those conditions in an amended Regulatory Agreement governing ownership of 59 units sold to the BHC (153, 158, 159, 164, 165, 170, 171, 188 and 194 West Elmwood Avenue) under a Purchase and Sale Agreement. The intent of this action is to integrate the terms of occupancy and affordability into one master recorded document.

BACKGROUND

On November 30, 1999, the City/Agency approved a Purchase and Sale Agreement with the BHC for the disposition of 153, 158, 159, 164, 165, 170, 171, 188 and 194 West Elmwood Avenue. The sale of these 59-housing units plus the Achievement Center included various conditions restricting housing operations, e.g., occupancy, and affordability. On July 10, 2001, the City/Agency entered into an Affordable Housing Agreement to assist the BHC acquire and rehabilitate a six-unit apartment building at 199 West Elmwood Avenue and to amend and restate the Promissory Note for the earlier approved 59-unit BHC project on Elmwood to integrate the debt and revenue generated by the two projects on Elmwood.

R-2041

ANALYSIS

The Affordable Housing Agreement for 199 West Elmwood and the Purchase and Sale Agreement for other BHC-owned properties on West Elmwood each provide for a Regulatory Agreement that serves as the recording instrument for the covenants, conditions and restrictions placed on the BHC's property operations by the City/Agency for each project. While all the terms are identical for the two projects, occupancy and affordability restrictions are project specific and thereby unduly complicate BHC lease-up of units. This is a property management issue that would only increase should the BHC later acquire other properties on West Elmwood with each also generating a separate Regulatory Agreement. Consequently, staff is supporting the BHC's recommendation that the two Regulatory Agreements be melded together into one Regulatory Agreement that applies to both transactions, and that provides BHC with greater flexibility when leasing units. Staff is also recommending adjusting the occupancy standard to conform to recent transactions with the BHC. Following is a synopsis of the proposed amended Regulatory Agreement.

- **Occupancy and Affordability Requirements**

  Occupancy (also referenced as income restrictions) and affordability (rent restrictions) set forth in the Purchase and Sale Agreement (59-unit project) and the Affordable Housing Agreement (six-unit project at 199 West Elmwood Avenue) were recorded via a Regulatory Agreement for each project. The Regulatory Agreement for the purchase by BHC of the 59 Elmwood units distributed occupancy and affordability accordingly: 19 very low-income units, 20 lower-income units and 20 moderate- income units. Under the Regulatory Agreement (Section 4) for 199 West Elmwood, affordability and income covenants stipulate that three two-bedroom units will be HOME restricted for low-income households and the remaining three two-bedroom units will be affordable to moderate-income households.

  The amended Regulatory Agreement will combine the terms of the two aforementioned agreements as shown below.

Income/Rent Requirements	Regulatory Agreements		
	Elmwood (59-Units)	199 Elmwood	Amended Agreement
Very Low-Income/Set-Aside Rents	1		1
Very Low-Income/HOME Rents	18		18
Lower-Income/Set-Aside Rents	20		20
Lower-Income/HOME Rents		3	3
Moderate-Income/Set-Aside Rents	20	3	23
Totals	**59**	**6**	**65**

The Affordability Period in the Amended Regulatory Agreement will continue requiring income and rent restrictions to extend in perpetuity.

- **Property Maintenance**

  This section would be unchanged, except as it relates to occupancy standards described below. The BHC is required to maintain the Project in accordance with all applicable local codes, rehabilitation standards, ordinances and zoning ordinances as required by Section 92.251 of the HOME Regulations and at a standard of maintenance commensurate with similar housing units within Los Angeles County.

  An occupancy standard is imposed to guard against overcrowded conditions. The amended Regulatory Agreement reduces the maximum household size from an earlier limit of two persons per bedroom plus two additional persons (e.g., a two-bedroom unit would have a maximum household size of six persons) to two persons per bedroom plus one additional person (the same example for a two-bedroom would have a maximum occupancy of five persons). However, no residents as of the date of this amended Regulatory Agreement would be evicted from their apartment units if they do not meet the revised occupancy standards requirements.

  At the request of the Council and Agency, staff has attached a report regarding an alternative occupancy standard (Exhibit B) under the Uniform Housing Code of UHC (Section 503.2). The UHC provides for an occupancy standard tied the square footage of a unit; however, staff believes that the current standard of two persons per bedroom plus one person, which is patterned after federal housing quality standards, is a preferable requirement.

  The amended Regulatory Agreement would continue requiring periodic inspections and allow the City/Agency to abate property violation and attach a lien upon the Project or assess the BHC, if the BHC fails to maintain the Project. The City/Agency has authority to require replacement of a property manager due to poor performance and to approve another property manager or property management company.

- **Approval of Sale, Transfer or Assignment**

  This section remains unaltered. Covenants run with the land and all of the terms, covenants and conditions are binding upon the BHC and any "permitted" successors and assigns. The Project may not be sold, transferred, conveyed, encumbered to secure financial experience and capability, who would be required to assume the obligations of the BHC under the Agreement and would be considered a community housing development organization or CHDO.

FISCAL IMPACT

Amending the Regulatory Agreement for West Elmwood properties owned by the BHC will have no financial impact to the City/Agency.

RECOMMENDATION

City Council

Staff recommends that the City Council adopt the proposed resolution.

Redevelopment Agency

Staff recommends that the Redevelopment Agency adopt the proposed resolution.

Such policy or policies shall be written on an occurrence form. The Nonprofit shall also furnish or cause to be furnished to the Agency evidence satisfactory to the Agency that Nonprofit and any contractor with whom it has contracted for the performance of work on the Property or otherwise pursuant to this Agreement carries workers' compensation insurance as required by law. The Nonprofit shall furnish a certificate of insurance countersigned by an authorized agent of the insurance carrier on a form approved by the Agency setting forth the general provisions of the insurance coverage. The Nonprofit shall defend, indemnify, assume all responsibility for, and hold the Agency and the City, and their representatives, volunteers, officers, employees and agents, harmless from all claims, demands, damages, defense costs or liability of any kind or nature relating to the subject matter of this Agreement or the implementation thereof and for any damages to property or injuries to persons, including accidental death (including attorneys fees and costs), which may be caused by any acts or omissions of the Nonprofit under this Agreement, whether such activities or performance thereof be by the Nonprofit or by anyone directly or indirectly employed or contracted with by the Nonprofit and whether such damage shall accrue or be discovered before or after termination of this Agreement. The Nonprofit shall not be liable for property damage or bodily injury to the extent occasioned by the willful misconduct or sole negligence of the Agency, the City, or their agents or employees.

303. Rights of Access. Representatives of the Agency and/or City shall have the right to inspect the Property so long as Agency and/or City representatives comply with all safety rules.

Accordingly, the Nonprofit shall comply with all applicable requirements of the HOME Program, as it now exists or may hereafter be amended. Upon request, the Agency/City shall provide to the Nonprofit a copy of applicable HOME Program requirements.

305. Financing of the Acquisition of the Property. The Nonprofit shall not enter into any conveyance for financing without the prior written approval of the Agency and City.

400. COVENANTS AND RESTRICTIONS

401. Duty to Prevent Hazardous Material Contamination. During the Rehabilitation of the Second Project Property and operation of the Property, the Nonprofit shall take all necessary precautions to prevent the release of any Hazardous Materials into the environment on or under the Property. Such precautions shall include compliance with all

Governmental Requirements with respect to Hazardous Materials. The Nonprofit shall notify the City and Agency, and provide to the City and Agency a copy or copies, of any notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks, and the Nonprofit shall report to the City and Agency, as soon as possible after each incident, any unusual, potentially important incidents in the event of a release of any Hazardous Materials into the environment.

402. Affordable Housing Requirements.

402.1 Number of Units. The Nonprofit agrees to make available, restrict occupancy to, and rent nineteen (19) of the apartment units in the Buildings to Very Low Income Households, twenty-three (23) of the apartment units in the Buildings to Lower Income Households, and twenty-three (23) of the apartment units in the Buildings to Low- and Moderate Income Households, at the rents established pursuant to Section 402.6 hereof.

402.2 Lease Requirements. Prior to rental of any of the apartment units in the Buildings to new tenants, Nonprofit shall submit a standard lease form to the Agency and City for their approval. Each such lease shall contain a waiver of relocation rights and benefits in a form which is reasonably acceptable to the Agency and City. The Agency and City shall approve such lease form upon finding that such lease form is consistent with this Agreement and contains all of the provisions required pursuant to the HOME Program, HOME Regulations, and the Community Redevelopment Law. The Nonprofit shall enter into a lease, in the form approved by the Agency and City, with each new tenant of an apartment unit within the Buildings, and each existing tenant whose existing lease has expired. No lease shall contain any of the provisions which are prohibited pursuant to Section 92.253 of the HOME Regulations.

402.3 Duration of Affordability Requirements. The Buildings shall be subject to the requirements of this Section 402 in perpetuity commencing upon the date of this Agreement. The duration of this requirement shall be known as the "Affordability Period."

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency and/or City may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other

tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, Lower or Low- and Moderate Income Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low, Lower or Low- and Moderate Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency and City, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low, Lower and Low- and Moderate-Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency and City as provided herein. The maximum Monthly Rent chargeable for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development, at the following amounts:

a. For Very Low Income Households: the lesser of (a) One-Twelfth ($1/12^{th}$) of Thirty Percent (30%) of Fifty Percent (50%) of Los Angeles County annual median income for a household size appropriate for the unit, or (b) the fair market rent for existing housing for comparable units in the area as established by the United States Department of Housing and Urban Development under 24 CFR 888.111.

b. For Lower Income Households: One-Twelfth ($1/12^{th}$) of Thirty Percent (30%) of Sixty Percent (60%) of Los Angeles County annual median income for a household size appropriate for the unit.

c. For Low and Moderate Income Households: One-Twelfth ($1/12^{th}$) of Thirty Percent (30%) of One Hundred Ten Percent (110%) of Los Angeles County annual median income for a household size appropriate for the unit.

For purpose of determining "Affordable Rent" only, "household size appropriate to the unit" shall mean one person for a studio apartment unit, two persons for a one bedroom apartment unit, three persons for a two bedroom apartment unit, four persons for a three bedroom apartment unit, and five persons for a four bedroom apartment unit. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit. The Agency and City, may in their discretion, base the utilities allowance on a utilities allowance adopted by the Los Angeles County Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Based on a standard of two persons per bedroom plus one additional person, occupancy of studio apartment units shall be limited to two persons, occupancy of one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons, and occupancy of four bedroom apartment units shall be limited to nine persons. For those housing units originally subject to the Purchase Regulatory Agreement, the requirements of this section shall only be applied to tenants occupying the units after the Date of Agreement. All tenants occupying housing units in the First Project Buildings prior to the Date of Agreement shall comply with Section 402.6 of the Purchase Regulatory Agreement.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted

by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

402.9 Property Tax Exemption. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency and City do not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency and/or City with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency and/or City with respect to landscaping and building improvements, then the Agency and/or City, in addition to whatever remedies they may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or City and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency and/or City upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency and City. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Assistant Executive Director and the City's Community Development Director, or their designee(s). The Agency has assigned to Nonprofit the management agreement which the Agency has entered with Jenkins Properties, and Nonprofit has assumed such management agreement or entered a new management agreement with Jenkins Properties. The fees payable to the Property Manager shall not exceed six percent (6%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency and City shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency and City, the Agency and City may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency and/or City have not been corrected within thirty

(30) days after notice to Nonprofit, the Agency and/or City may in their sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. Reserve Accounts. The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Two Hundred Fifty Dollars ($250) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). Notwithstanding the foregoing, however, no payments shall be made into the Capital Replacement Reserve which cause the balance thereof to exceed Sixty-Five Thousand Dollars ($65,000), except that interest accruing on the Capital Reserve Account shall remain in such account until withdrawn for the purposes hereof. Funds in the Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the Agency and City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

Nonprofit shall operate within the Buildings an educational center (the "Achievement Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Achievement Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Achievement Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Achievement Center shall be administered by a full-time Achievement Center Director. The hiring and termination of the Achievement Center Director shall be subject to approval by the Agency Assistant Executive Director, or his or her designee.

Participation in the Achievement Center shall be limited to residents of the Buildings and residents of apartment complexes in the 100 block of West Elmwood Avenue with which the Agency has entered into affordable housing agreements.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency and City shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency and City in making the Property available for such inspection or audit. If for any reason the Agency and/or City are unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency and/or City may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

a. In deeds: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein

conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

b. In leases: "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

c. In contracts: "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency and/or the City, service of process on the Agency shall be made by personal service upon the Agency's Secretary or in such other manner as may be provided by law and service of process on the City shall be made by personal service upon the City Clerk or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency or City against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. Non-Liability of Officials and Employees of the Agency and City. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

To Agency:	Redevelopment Agency of the City of Burbank 275 East Olive Avenue P.O. Box 6459 Burbank, California 91510-6459 Attention: Assistant Executive Director
To City:	City of Burbank 275 East Olive Avenue P.O. Box 6459 Burbank, California 91510-6459 Attention: Community Development Director
To Nonprofit:	Burbank Housing Corporation 241 West Verdugo Avenue Burbank, California 91510 Attention: Judith S. Arandes, Executive Director

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of the Agency and/or City which shall not excuse performance by the Agency and/or City respectively); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency and City. It is because of those qualifications and identity that the Agency and City have entered into this Agreement with the Nonprofit. Accordingly, for the

period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency and City, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency and City approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency and City agree that they will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency and City requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency and City. The Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, and similar factors. The Agency and City agree not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel and the City Attorney shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency and City shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency and City such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency or City. The Agency or City may assign or transfer any of their rights or obligations under this Agreement with the approval of the

Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City and vice versa, at any time without the consent of the Nonprofit.

604. Agency and City Approvals and Actions. The Agency and City shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Assistant Executive Director (or his or her duly authorized representative) and the Community Development Director, respectively.. The Agency's Assistant Executive Director and the City's Community Development Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency and City, respectively, so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency and City, respectively, as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board and City Council, respectively.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

610. Amendment and Supersession of Prior Agreements. This Agreement amends and supersedes the Purchase Regulatory Agreement, dated November 30, 1999, by and between Agency and Nonprofit, and the AHA Regulatory Agreement, dated July 17, 2001, among the Agency, City, and Nonprofit, which, except as set forth in Section 402.7 of this Agreement, shall be of no further force or effect as of the Date of Agreement.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Amended and Restated Regulatory Agreement as of the date first set forth above ("Date of Agreement").

SUBJECT: Occupancy Standards

At the August 27, 2002 joint meeting of the Council and Agency, staff was instructed to return with information regarding an alternative occupancy standard predicated upon the square footage of a unit. In recent years, the Agency has established an occupancy standard in all projects it assists that limits the number of household members to two persons per bedroom plus one additional member, which meets the federal Housing Quality Standards or HQS definition under 24 CFR.982.401 (d)(2)(iii). The U. S. Department of Housing and Urban Development (HUD) requires that a Housing Authority administering HQS must "provide for the smallest number of bedrooms needed to house a family without overcrowding" and comply with HQS space requirements, which stipulates that "The dwelling unit must have at least one bedroom or living/sleeping room for each two person."[1]

As with many jurisdictions, the Agency (and the City's Housing Authority) has increased the HQS minimum standard to allow an additional household member. In addition to not reducing the HQS standard below HQS occupancy limits, this measure also accommodates households with children of differing genders, while also staving off any fair housing concern about the Agency dictating housing choices.

---

[1] *(d) Space and security-- (1) Performance requirement. The dwelling unit must provide adequate space and security for the family.*
(2) Acceptability criteria.
(ii) The dwelling unit must have at least one bedroom or living/sleeping room for each two persons. Children of opposite sex, other than very young children, may not be required to occupy the same bedroom or living/sleeping room.

EXHIBIT B

Occupancy based on a unit's square footage (as compared to the number of bedrooms as used under the current City/Agency occupancy standard) is codified in the Uniform Housing Code or UHC (Section 503.2), which sets forth the following definition of the number of permitted occupants in a dwelling:

> Dwelling units and congregate residences shall have at least one room, which shall not have less than 120 square feet of floor area. Other habitable rooms, except kitchens, shall have an area of not less than 70 square feet. Where more than two persons occupy a room used for sleeping purposes, the required floor area shall be increased at the rate of 50 square feet for each occupant in excess of two.

Under the UHC, 70 square feet of living space exclusive of the kitchen and each bathroom is required for two persons, while a minimum of 50 square feet is needed for each additional occupant. The maximum occupancy is then determined by subtracting 70 square feet from the unit's total square footage, subtracting the square footage of the kitchen and each bedroom and then dividing the remaining square footage (the habitable area) by 50.

Occupancy under the UHC is a variable, sometimes confusing standard that too often legitimizes overcrowding. Following are two examples of UHC standards that help illustrate the methodology used under the UHC to calculate maximum occupancy.

One-Bedroom/One-Bath Unit *487 Square Feet*	*Total Occupants*	Two-Bedroom/Two-Bath Unit *932 Square Feet (SF)*	*Total Occupants*
Bedroom equals 120 SF (70 for first two persons and 50 SF for third person)	3	First bedroom equals 120 SF (70 for first two persons and 50 SF for third person)	3
487 SF minus 120 SF (Bedroom) minus 50 SF (Bath) minus 100 SF (Kitchen) equals 217 SF/50 SF	4	932 SF minus 120 SF (First Bedroom) minus 100 SF (2 Baths at 50 SF each) minus 100 SF (Kitchen) equals 612 SF/50 SF	12
Total Maximum Occupants	**7**	**Total Maximum Occupants**	**15**
Current Maximum Occupancy	**3**	***Current Maximum Occupancy***	**5**

Using this calculation, a sampling (Attachment A) of Burbank Housing Corporation (BHC) units would suggest the following occupancy limits:

Property Address	Maximum Occupancy					
	One Bedroom/One Bath		Two Bedroom/One Bath		Three Bedroom/Two Bath	
	UHC	Current Standard	UHC	Current Standard	UHC	Current Standard
W. Elmwood Apts. (averaged)	13	3	14	5	NA	NA
237 West Verdugo	10	3	NA	NA	NA	NA
257 West Verdugo	NA	NA	16	5	NA	NA
241 West Verdugo	14	3	NA	NA	NA	NA
220 West Tujunga	7	3	NA	NA	15	7

There is a plethora of issues that must be addressed if the Agency opts for a standard that links maximum occupancy to a unit's square footage (UHC) rather than to one based upon persons per bedroom (housing quality standards or HQS).

- *Site Constraints.* Many of the projects the Agency assists the BHC to acquire have limited on-site parking, often one space per unit. Increasing the number of occupants creates greater demands for parking that will spill off-site.

- *Property Maintenance.* The quintessential issue is to ensure Agency assisted properties are maintained appropriately. In doing so, the Agency specifically avoided a standard that allows for an excessive number of occupants, one that far exceeds the normal wear and tear on residential units and resultantly escalates maintenance costs.

- *Service Costs.* Fire Department staff's perception is that increasing the number of occupants adds to the calls for service for safety services; "Responses or call volume is directly linked to population numbers." As density increases, there typically is a corresponding increase in the volume of calls for service. Fire Department staff observed that,

> There are more incidents of fires and medical emergencies among [residents] in overcrowded multiple dwellings. Occupancy units designed to accommodate a family unit, for instance, of 2-6 people become overtaxed when that usage swells to twice that number. Kitchens designed to accommodate cooking requirements for 2-6 people will have increased risks do to the added usage.

- *Occupancy Determination/Monitoring.* The contorted calculation used to determine occupancy under the UHC would make the initial determination and subsequent monitoring of units more difficult than the current standard. The

UHC standard will also create differing occupancy limits subject to unit configuration that can result in a number of anomalies as illustrated below.

- A household may find in that it meets occupancy standard in one unit and not in another unit with the same number of bedrooms due to the differing square footage.
- A household could occupy a unit with more square footage but with less bedrooms but not qualify for another unit with more bedrooms but with less square footage.
- Two households of identical size can apply for two units with comparable number of bedrooms, one household meeting the occupancy limit and the other household not meeting the occupancy limit again due to the square footage of the units.

- *Public Perception.* Overcrowding and substandard housing are interrelated terms often associated with poorly maintained projects. The Agency should balance the need to house larger households with public confidence that Agency assisted projects improve, not erode, housing conditions. This point was emphasized recently when Agency staff frequently had to assure residents surrounding the Peyton-Grismer neighborhood that the proposed acquisition/rehabilitation project at 1801-1819 Grismer Avenue would improve housing conditions and reduce overcrowding.

RECOMMENDATION

Staff recommends the Agency retain the current occupancy standard of two persons per bedroom plus one additional household member.

THIRD AMENDMENT TO REGULATORY AGREEMENT
(Phase 1 - 2025 Master Loan Amendment)

THIS THIRD AMENDMENT TO REGULATORY AGREEMENT is entered into as of ~~January~~ September 22, 2025 among the Housing Authority of the City of Burbank , a public body, corporate and politic (the "Authority") , the City of Burbank, a municipal corporation and charter city ("City"), and Burbank Housing Corporation, a California nonprofit public benefit corporation (the "Developer or BHC").

Subject Properties

listed in Attachment No. 1 with prior recorded instrument numbers and/or legal descriptions (collectively "Subject Properties")

R E C I T A L S

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank (the "Agency") established a nonprofit corporation, the Burbank Housing Corporation ("BHC"), to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also receives Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (the "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income households at the Subject Properties. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Subject Properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Subject Properties.

G. The parties further modified restated, and replaced in its entirety, the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority

Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. The Subject Properties include Twenty Four (24) projects, which in turn oftentimes involved multiple parcels. Each individual parcel is subject to a regulatory agreement, separate for City or Authority, which restricts certain units to be affordable for a specific time period and is recorded in the official records of the Los Angeles County Recorder's Office (the "Original Regulatory Agreement"). The Original Regulatory was modified after adoption and amendment of the Loan Agreement in 2006-7 to reflect changes by the Loan Agreement as amended and in 2010 to reflect a modification requested by Developer (collectively "Regulatory Agreement"). Those legal descriptions or instrument numbers for the recorded documents of the Original Regulatory Agreement and the two amendments thereto are set forth in Attachment No 1.

I. The Regulatory Agreement is now further being amended by the Third Amendment in conjunction with the terms set forth in the A&R MLA, specifically the extension of affordability covenants to April 1, 2080.

J. As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. However, the documents that went before Council in January, 2025 inadvertently included Property No. 10, Administratively, the City Attorney through Resolution No. 25-29,585 and the Assistant Executive Director (authority to issue estoppels and interpretations of the Regulatory Agreement) have opined that this property should be deleted from the final agreement and all of the exhibits, for the debt had been released from the MLA in 2009 (Council Resolution No. 27,924 and Redevelopment Agency Resolution R-2215). Therefore, Project No. 10 is hereby intentionally deleted from this global amendment.

K. Intentionally excluded from this global amendment is the property referenced in the A&R MLA as Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement for Project No. 8 required, among other things, specific affordability requirements together with operation of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

NOW, THEREFORE, the parties hereto agree as follows:

1. Amendment: This Third Amendment modifies each individual regulatory agreement for each property identified in Attachment No. 1 as Subject Properties as follows.

    a. Extension of Affordability Covenants. This Third Amendment extends the affordability covenant period as to Subject Properties for fifty-five years and three months commencing upon January 1, 2025 to April 1, 2080.

    b. Conforming to A&R MLA. This Third Amendment amends the Regulatory Agreement for each property identified in Attachment 1 to conform it to any conflicting term in the A&R MLA, and any term in a future amendment to A&R MLA.

2. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement remain the same and the Regulatory Agreement remains in full force and effect.

3. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. (the "Surveys"). Where appropriate, the Surveys recommend measures to abate or mitigate Asbestos Containing Materials ("ACM") and/or Lead-Based Paint ("LBP"). Nonprofit acknowledges receipt of said Surveys and is aware of the contents thereof.

Prior to the Lease Commencement, representatives of the Nonprofit shall have the right of access to all portions of the Property for the purpose of obtaining additional data and making additional surveys and tests necessary to carry out this Agreement, including additional investigation of the soils and environmental condition of the Property pursuant to Section 208 hereof. Any preliminary work undertaken on the Property by Nonprofit prior to the Lease Commencement shall be done at the sole expense of the Nonprofit, and following the Nonprofit's execution of a right of entry agreement to be provided by the Agency. Any preliminary work shall be undertaken only after securing any necessary permits from the appropriate governmental agencies.

207. Condition of the Property.

207.1 Disclosure. Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips and dust can pose health hazards if not taken care of properly. The Agency believes the Buildings were constructed prior to 1978 and, as indicated in the Surveys, the Buildings contain LBP and ACM. Lead exposure is especially harmful to young children and pregnant women. Landlords must, before renting pre-1978 housing, disclose the presence of known lead-based paint and lead-based paint hazards in the dwelling. Tenants must also receive a Federally approved pamphlet on lead poisoning prevention.

Agency hereby represents that to the best of its knowledge, except for the conditions of the Property documented in the Agency's Environmental Reports, it is not aware of and has not received

any notice or communication from any government agency having jurisdiction over the Property notifying Agency of the presence of surface or subsurface zone Hazardous Materials in, on, or under the Property, or any portion thereof, except as may be set forth in the environmental reports which the Agency has submitted to the Nonprofit prior to the date of this Agreement. "Best knowledge," as used herein, shall not impose a duty of investigation, and shall be limited to the actual knowledge of Agency employees and agents who manage the Property or have participated in the preparation of this Agreement, and all documents and materials in the possession of Agency and City.

207.2 **Investigation of Property.** The Nonprofit shall have the right, at its sole cost and expense, to engage its own environmental consultant (the "Nonprofit's Environmental Consultant") to make such additional investigations as Nonprofit deems necessary, including any "Phase 1" and/or "Phase 2" investigations of the Property, and the Agency shall promptly be provided a copy of all reports and test results provided by the Nonprofit's Environmental Consultant (the "Nonprofit's Environmental Report").

207.3 **Remediation of Property.** As part of the Scope of Rehabilitation, the Nonprofit is to undertake a program to abate or to institute interim controls to mitigate lead-based paint, either through removal or encapsulation in place, and to implement control measures for the removal or encapsulation of asbestos containing material. In conjunction with the Rehabilitation, Nonprofit shall undertake a program to abate and/or mitigate ACM which shall be consistent with an Asbestos Management Program setting forth the operational and maintenance guidelines to minimize fiber release. The Agency shall cause the Asbestos Management Program, as recommended by the Surveys, to be prepared by a duly qualified environmental consultant. Furthermore, in conjunction with the Rehabilitation, the Nonprofit shall undertake a program to abate and/or mitigate LBP consistent with a Lead Management Program as recommended by the Surveys. The Agency shall cause the preparation of the Lead Management Program and the risk assessment on which it will be based. The Nonprofit shall undertake a program to remediate the surface oil present on the Property, as set forth in the Phase 1 Environmental Site Assessments for the Reinoso Property and 1819 Grismer Avenue, in a manner consistent with the recommendations of the said Phase 1 assessments. The cost of preparing a remediation plan, if any, necessary for the remediation of the surface oil as identified in the Agency's Environmental Reports shall be borne by the Agency. Remediation of the Property shall be undertaken in accordance with all applicable Governmental Requirements.

If either the Nonprofit or the Agency, based upon the Environmental Reports, reasonably believes that Hazardous Substances, other than those identified in the Agency's Environmental Reports, are present on the Property, then either party may terminate this Agreement by Notice to the other party; provided, however, that if the other party, at its option, agrees in writing to perform the remediation of the Property at its expense, such termination shall be ineffective. The party agreeing to perform the remediation shall deliver to the other party a proposed remedial action plan ("RAP"), which RAP shall be approved by all applicable public agencies asserting jurisdiction over the remedial work to be performed pursuant to the RAP (the "Remedial Work"). The Remedial Work shall be diligently and continuously performed in accordance with applicable Governmental Requirements. In the event a party has elected to remediate the Property, such party's compliance with the provisions of this Section 207.3, and the issuance of closure letters without any requirement of further remedial work by all governmental agencies which have asserted jurisdiction over the remediation of the Property, shall each be a Condition

Precedent to the Lease Commencement.

207.4 Nonprofit Precautions After Lease Commencement. Upon the Lease Commencement, the Nonprofit shall use commercially reasonable efforts to prevent the release into the environment of any Hazardous Materials which are located in, on or under the Property. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials.

207.5 Required Disclosures After Lease Commencement. After the Lease Commencement, the Nonprofit shall notify the Agency, and provide to the Agency a copy or copies, of all environmental permits, disclosures, applications, entitlements or inquiries relating to the Property, including notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks. Upon request, the Nonprofit shall furnish to the Agency a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Property including, but not limited to, all permit applications, permits and reports including, without limitation, those reports and other matters which may be characterized as confidential.

207.6 Nonprofit Indemnity. Upon the Lease Commencement, Nonprofit agrees to indemnify, defend and hold Agency and the City and their respective officers, employees, agents, representatives and volunteers harmless from and against any claim, action, suit, proceeding, damage, liability, deficiency, fine, penalty, or punitive damage (including, without limitation, reasonable attorneys' fees), resulting from, arising out of, or based upon (i) the presence, release, use, generation, discharge, storage or disposal of any Hazardous Materials on, under, in or about, or the transportation of any such Hazardous Materials to or from, the Property which occurs after the Lease Commencement, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment or license relating to the use, generation, release, discharge, storage, disposal or transportation of Hazardous Materials on, under, in or about, to or from, the Site which occurs after the Lease Commencement. At the request of the Nonprofit, the Agency shall cooperate with and assist the Nonprofit in its defense of any such claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive damage, or expense; provided that the Agency shall not be obligated to incur any expense in connection with such cooperation or assistance.

208. Interim Management Agreement. Upon the execution of this Agreement, Agency and Nonprofit shall also execute the Interim Management Agreement in substantially the form of Attachment No. 9, attached hereto and incorporated herein by this reference. The Interim Management Agreement shall require the Nonprofit to manage the Property, or portions thereof, under ownership or possession (via Order of Possession) of the Agency. The Interim Management Agreement shall terminate as of the Lease Commencement.

300. REHABILITATION AND OPERATION OF THE PROPERTY

301. Scope of Rehabilitation. Nonprofit agrees to rehabilitate the Property in accordance with the Scope of Rehabilitation which is attached hereto as Attachment No. 4 and

incorporated herein by reference, the City Municipal Code and all other applicable local codes, rehabilitation standards, ordinances and zoning ordinances, the lead based paint requirements of 24 CFR part 35, and any applicable accessibility standards pursuant to 24 CFR part 8 (the "Rehabilitation"). The Rehabilitation shall be conducted in such a manner so as to avoid or minimize tenant displacement to the greatest extent feasible, in accordance with the provisions of Section 309.2 hereof.

Except as otherwise set forth in this Agreement, the costs of planning, designing, developing, and constructing the Rehabilitation shall be borne solely by the Nonprofit. The Rehabilitation of the Property shall be paid with the proceeds of the Agency Loan. The Nonprofit shall be responsible for any additional funds necessary to complete the Rehabilitation of the Property; provided, however, that in the event that there are insufficient Agency Loan proceeds available to fund such work, the Agency shall reasonably consider deleting certain work from the Scope of Work, and the Nonprofit shall defer payment of all or a portion of the development management fee, in order to assure that there are sufficient funds for the Rehabilitation.

302. Design Approvals. The Agency shall provide Nonprofit with a Site Plan, building floor plans, and landscape plans for the Rehabilitation. Nonprofit shall prepare and submit to the City and Agency drawings required by the City to obtain demolition, construction, or grading permits (the "Construction Drawings"). The City shall have all rights to review and approve or disapprove all such Construction Drawings and other required submittals in accordance with the City Municipal Code, and nothing set forth in this Agreement shall be construed as the City's approval of any or all of the Construction Drawings.

303. Land Use Approvals. Before commencement of Rehabilitation or other works of improvement upon the Property, the Nonprofit shall, at its own expense, secure or cause to be secured any and all land use and other entitlements, permits and approvals which may be required for the Rehabilitation by the City or any other governmental agency affected by such construction or work. Agency shall cooperate with Nonprofit to obtain all such entitlements, permits and approvals.

304. Schedule of Performance. The Nonprofit hereby covenants and agrees to commence the Rehabilitation of the Property within the time set forth in the Schedule of Performance, which is attached hereto as Attachment No. 5 and incorporated herein by reference. The Nonprofit further covenants and agrees to diligently prosecute to completion the Rehabilitation of the Property in accordance with the approved Scope of Rehabilitation and Schedule of Performance.

305. Construction Management Agreement and Contract Procurement Plan. Nonprofit shall submit to the Agency one or more contracts with a duly licensed contractor ("Construction Manager") to provide construction management services for the Rehabilitation ("Construction Management Agreement"). The Construction Manager and Construction Management Agreement shall be subject to the reasonable approval of the Agency. The Nonprofit shall also submit a plan to the Agency for procuring the services of subcontractors to perform the work necessary for the rehabilitation ("Contract Procurement Plan"). The Contract Procurement Plan shall identify a process for soliciting, receiving and reviewing bids for work.

The Nonprofit shall hire a duly licensed subcontractor for any item of work costing $500 or more.

306. **Insurance Requirements.** The Nonprofit shall take out and maintain or shall cause its contractor to take out and maintain during the Affordability Period a comprehensive general liability policy in the amount of not less than Two Million Dollars ($2,000,000) combined single limit policy, and a comprehensive automobile liability policy with limits of not less than One Hundred Thousand Dollars ($100,000) per person and Three Hundred Thousand Dollars ($300,000) per accident for bodily injury and not less than Twenty-Five Thousand Dollars ($25,000) per accident for property damage. Nonprofit shall maintain insurance in the amount of Two Million Dollars ($2,000,000) against damages sustained by reason of any action, claim or demand made by reason of breach or claim for breach of contract, or by reason of any contractual liability or alleged contractual liability on any contract entered into by the Nonprofit or its contractors, subcontractors, agents or employees with respect to the Property. All policies shall protect the Nonprofit, City and Agency from claims for such damages, and be issued by an insurance carrier qualified to do business in the State of California, which carrier is reasonably satisfactory to the Agency. Such policy or policies shall be written on an occurrence form. The Nonprofit shall also furnish or cause to be furnished to the Agency evidence satisfactory to the Agency that Nonprofit and any contractor with whom it has contracted for the performance of work on the Property or otherwise pursuant to this Agreement carries workers' compensation insurance as required by law. The Nonprofit shall furnish a certificate of insurance countersigned by an authorized agent of the insurance carrier on a form approved by the Agency setting forth the general provisions of the insurance coverage. This countersigned certificate shall name the City and the Agency and their respective officers, agents, and employees as additionally insured parties under the policy, and the certificate shall be accompanied by a duly executed endorsement evidencing such additional insured status, which shall be provided as a separate endorsement attached to the certificate. The certificate and separate endorsement by the insurance carrier shall contain a statement of obligation on the part of the carrier to notify City and the Agency of any material change, cancellation or termination of the coverage at least thirty (30) days in advance of the effective date of any such material change, cancellation or termination. Coverage provided hereunder by the Nonprofit shall be primary insurance and not be contributing with any insurance maintained by the Agency or City, and the policy shall contain such an endorsement. The insurance policy or the endorsement shall contain a waiver of subrogation for the benefit of the City and the Agency. The required certificate shall be furnished by the Nonprofit at the time set forth therefor in the Schedule of Performance. Nonprofit shall also take out and maintain from the date of the Lease Commencement until the end of the Affordability Period a policy of property damage insurance, with the policy amount in the full replacement value of the Property.

In the event Nonprofit is unable to obtain any of the insurance coverages required herein prior to Lease Commencement, the Agency may terminate this Agreement; provided, however, the Nonprofit may request the Agency to waive said insurance coverage requirements and place the Property and Rehabilitation on the Agency's insurance policy(ies). The Agency may approve or deny Nonprofit's waiver request in its sole and absolute discretion. Concurrently with Nonprofit's waiver request, the Nonprofit shall provide written correspondence from at least three (3) insurance underwriters evidencing Nonprofit's inability to obtain insurance coverage, regardless of cost. Any cost to the Agency caused by a waiver of insurance coverage,

including increased premium, shall be added to the amount of the Promissory Note under the Loan Agreement, and shall be repaid pursuant to the terms thereof.

307. Indemnity. The Nonprofit shall defend, indemnify, assume all responsibility for, and hold the Agency and the City, and their representatives, volunteers, officers, employees and agents, harmless from all claims, demands, damages, defense costs or liability of any kind or nature relating to the subject matter of this Agreement or the implementation thereof and for any damages to property or injuries to persons, including accidental death (including attorneys fees and costs), which may be caused by any acts or omissions of the Nonprofit under this Agreement, whether such activities or performance thereof be by the Nonprofit or by anyone directly or indirectly employed or contracted with by the Nonprofit and whether such damage shall accrue or be discovered before or after termination of this Agreement. The Nonprofit shall not be liable for property damage or bodily injury to the extent occasioned by the willful misconduct or sole negligence of the Agency or its agents or employees.

308. Rights of Access. Representatives of the Agency shall have the right to inspect the Property so long as Agency representatives comply with all safety rules.

309. Compliance With Laws. The Nonprofit shall carry out the operation of the Property in conformity with all applicable laws, including all applicable City zoning and development standards, building, plumbing, mechanical and electrical codes, and all other provisions of the City's Municipal Code.

309.1 Taxes and Assessments. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency does not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit. The Nonprofit shall pay prior to delinquency all ad valorem real estate taxes and assessments on the Property, subject to the Nonprofit's right to contest in good faith any such taxes or to receive an exemption from the payment of such taxes as provided above.

309.2 Relocation.

a. Relocation Plan. The Agency has prepared and adopted an Amended Relocation Plan, dated May 27, 2003, that identifies the estimated number of households that may be displaced by the Agency.

b. Timing of Rehabilitation. Nonprofit shall conduct the Rehabilitation of the Property in such a manner as to prevent, to the maximum extent feasible, any permanent or temporary displacement of existing tenants of the Property in accordance with applicable law. In the event that any of the current tenants of the Property vacate their units voluntarily, or are evicted for cause based upon a serious or repeated violation of the terms of their lease or occupancy agreement, the Nonprofit shall commence the Rehabilitation of such unit as soon as possible thereafter, and shall not re-lease such unit until after the completion of the Rehabilitation of such unit.

d. Cost of Relocation. In the event that any displacement of tenants of the Property occurs, the Agency shall provide relocation assistance in accordance with the

California relocation law, Government Code Section 7260, *et seq.*, and the regulations adopted pursuant thereto by the State of California and the City (collectively, the "Relocation Laws"), and in a manner approved by the Agency to each tenant household required to temporarily or permanently vacate a unit within the Property for purposes of completing the Rehabilitation. In the event of permanent displacement of existing tenants due to the implementation of this Agreement, despite the Nonprofit's efforts to prevent such displacement as provided above, the Agency shall be fully responsible for administering determinations of eligibility and payments pursuant to the Relocation Laws. The Agency shall bear the cost of such relocation.

309.3 Liens and Stop Notices. The Nonprofit shall not allow to be placed on the Property or any part thereof any lien or stop notice. If a claim of a lien or stop notice is given or recorded affecting the Property the Nonprofit shall within thirty (30) days of such recording or service or within five (5) days of the demand of the Agency, whichever last occurs: pay and discharge the same; or effect the release thereof by recording and delivering to the Agency a surety bond in sufficient form and amount, or otherwise; or provide the Agency with other assurance which the Agency deems, in their sole discretion, to be satisfactory for the payment of such lien or bonded stop notice and for the full and continuous protection of Agency from the effect of such lien or bonded stop notice.

310. Release of Construction Covenants. Promptly after completion of the Rehabilitation in conformity with this Agreement, Agency shall furnish the Nonprofit with a "Release of Construction Covenants," substantially in the form of Attachment No. 6 hereto which is incorporated herein by reference. Agency shall not unreasonably withhold such Release of Construction Covenants. The Release of Construction Covenants shall be a conclusive determination by the Agency of satisfactory completion of the Rehabilitation and the Release of Construction Covenants shall so state. Any party then owning or thereafter purchasing, leasing or otherwise acquiring any interest in the Site or such applicable portion shall not (because of such ownership, purchase, lease or acquisition) incur any obligation or liability under this Agreement except for those continuing covenants as set forth in documents recorded against the Site prior to the recordation of the Release of Construction Covenants, including without limitation the Lease and Regulatory Agreement. If Agency refuses or fails to furnish a Release of Construction Covenants after written request from Nonprofit, Agency shall, within thirty (30) days of written request therefor, provide Nonprofit with a written statement of the reasons Agency refused or failed to furnish the Release of Construction Covenants, together with a "punch list" containing the items which have not been satisfactorily completed and the other actions which Nonprofit must take to obtain the Release of Construction Covenants. The Agency shall furnish the Release of Construction Covenants upon the completion of the punch list items have been satisfactorily completed in accordance with this Agreement. The Release of Construction Covenants is not a notice of completion as referred to in Section 3093 of the California Civil Code.

311. Financing of Acquisition and Rehabilitation of Property.

311.1 Evidence of Financing. Not later than one hundred eighty (180) days after the In-Service Date, the Nonprofit shall close on the maximum loan supportable by the Project with the covenants and affordability restrictions of this Agreement in place (the "Permanent Loan"). The proceeds of the Permanent Loan, net of customary closing costs, shall

be used to pay down the Agency Loan, as described in Section 311.2 below. At least ninety (90) days prior to the date it intends to receive its final Release of Construction Covenants, the Nonprofit shall obtain a commitment for the Permanent Loan, subject to the ordinary and customary conditions of the loan. The Agency shall also have the right to reasonable approve the loan documents for the Permanent Loan Agreement, including a loan agreement, promissory note, deed of trust, and subordination agreement, if any. The Agency Executive Director, or his or her designee, shall approve or disapprove such evidence of financing commitments within ten (10) business days of receipt of a complete submission. Approval shall not be unreasonably withheld or conditioned. If Agency shall disapprove any such evidence of financing or loan documents, Agency shall do so by written notice to the Nonprofit stating the reasons for such disapproval and the Nonprofit shall promptly obtain and submit to Agency new evidence of financing or revised loan documents, as appropriate. Agency shall approve or disapprove such new evidence of financing and loan documents in the same manner and within the same times established in this Section 311.1 for the approval or disapproval of the evidence of financing and loan documents as initially submitted to Agency. Nonprofit shall submit the following documents as evidence of the Permanent Loan: (i) a copy of a legally binding, firm and enforceable loan commitment(s) or approval(s) obtained by the Nonprofit from unrelated financial institutions for the mortgage loan or loans for permanent financing, subject to such lenders' reasonable, customary and normal conditions and terms, and (ii) other documentation satisfactory to Agency as evidence of other sources of capital, all of which together are sufficient to demonstrate that the Nonprofit has adequate funds, together with the proceeds of the Agency Loan to lease the Property and conduct the Rehabilitation.

311.2 **Agency Loan.** Subject to all of the terms, covenants and conditions which are set forth herein, the Agency hereby agrees to provide a loan to the Nonprofit in an amount not to exceed Three Million Four Hundred Forty One Thousand Dollars ($3,441,000) for costs of performing the Scope of Rehabilitation required under this Agreement (the "Agency Loan"). The terms and conditions of the Agency Loan shall be set forth in the Loan Agreement, in the form which is attached hereto as Attachment No. 7 and incorporated herein. The Agency Loan shall be repaid by (i) payment by the Nonprofit of the Permanent Loan proceeds when obtained and (ii) the Nonprofit's annual payment to the Agency of one hundred percent (100%) of the "Residual Receipts" from the Development during the term of the Agency Loan beginning after the Rehabilitation receives a final Release of Construction Covenants, until the Agency Loan has been repaid in full. Residual Receipts is defined in Section 1.1 of the Loan Agreement as "Annual Project Revenue" less the sum of "Operating Expenses," "Debt Service," and "Reserve Deposits," as all of those terms are defined in Section 3 of the Promissory Note, which is attached as Exhibit "A" of the Loan Agreement. The balance of the Agency Loan still owing as of the fifty-fifth anniversary of the Promissory Note, if any, shall be due and payable on that date. The Agency agrees to subordinate the liens securing payment of the Agency Loan to the lien of the Permanent Loan and shall execute any subordination agreement(s) to that effect.

311.3 **No Encumbrance Except Mortgages, Deeds of Trust, or Sale and Leasebacks for Acquisition or Rehabilitation.** Subject to the provisions of Section 311.1 above, mortgages, deeds of trust, regulatory agreements, assignment agreements and memoranda of agreements are to be permitted before completion of the Rehabilitation with Agency's prior written approval, which shall not be unreasonably withheld or delayed, but only for the purpose of securing loans of funds to be used for permanent financing of the Property. Nonprofit shall

notify Agency in advance of any mortgage, deed of trust or sale and lease-back financing, if the Nonprofit proposes to enter into the same prior to the expiration of the Affordability Period. The words "mortgage" and "trust deed" as used hereinafter shall include sale and lease-back.

311.4 **Notice of Default to Mortgagee or Deed of Trust Holders; Right to Cure.** With respect to any mortgage or deed of trust granted by Nonprofit as provided herein, whenever Agency delivers any notice or demand to Nonprofit with respect to any breach or default by the Nonprofit hereunder or under any other document executed pursuant to this Agreement, Agency may at the same time deliver to each holder of record of any mortgage or deed of trust authorized by this Agreement a copy of such notice or demand. Each such holder shall (insofar as the rights granted by Agency are concerned) have the right, at its option, within thirty (30) days after the time has elapsed for Nonprofit to cure such breach or default, to cure or remedy or commence to cure or remedy and thereafter to pursue with due diligence the cure or remedy of any such default and to add the cost thereof to the mortgage debt and the lien of its mortgage. The holder, in that event, must agree to complete, or cause to be completed by a party which is reasonably acceptable to the Agency, in the manner provided in this Agreement, the improvements to which the lien or title of such holder relates. Any such holder (or assignee approved by the Agency) properly completing such improvement shall be entitled, upon compliance with the requirements of Section 310 of this Agreement, to a Release of Construction Covenants. It is understood that a holder (or assignee approved by the Agency) shall be deemed to have satisfied the thirty (30) day time limit set forth above for commencing to cure or remedy a Nonprofit default which requires title and/or possession of the Site (or portion thereof), if and to the extent any such holder (or assignee approved by the Agency) has within such thirty (30) day period commenced proceedings to obtain title and/or possession and thereafter the holder diligently pursues such proceedings to completion and cures or remedies the default.

311.5 **Failure of Holder to Complete Rehabilitation.** In any case where, ninety (90) days after the holder of any mortgage or deed of trust creating a lien or encumbrance upon the Property or any part thereof receives a notice from Agency of an uncured default by Nonprofit in completion any of the Rehabilitation under this Agreement, and such holder has not exercised the option to construct or cause to be constructed the Rehabilitation as set forth in Section 311.4, provided performance of such obligations may be delayed until such holder or successor has obtained title to the Property, or if it has exercised the option but has defaulted hereunder and failed to timely cure such default, Agency may purchase the mortgage or deed of trust by payment to the holder of the amount of the unpaid mortgage or deed of trust debt, including principal and interest and all other sums secured by the mortgage or deed of trust. If the possession of the Property or any part thereof has vested in the holder, Agency, if it so desires, shall be entitled to a conveyance from the holder to Agency upon payment to the holder of an amount equal to the sum of the following:

a. The unpaid balance of mortgage or deed of trust debt at the time title became vested in the holder (less all appropriate credits, including those resulting from collection and application of rentals and other income received during foreclosure proceedings);

b. All expenses with respect to foreclosure including reasonable attorneys' fees;

c. The net expense, if any (exclusive of general overhead), incurred by the holder as a direct result of the subsequent management of the Site or part thereof;

d. The costs of any improvements made by such holder (or assignee approved by the Agency) pursuant to the requirements of this Agreement or as otherwise approved by the Agency;

e. An amount equivalent to the interest that would have accrued on the aggregate of such amounts had all such amounts become part of the mortgage or deed of trust debt and such debt had continued in existence to the date of payment by Agency; and

f. Any customary prepayment charges imposed by the lender pursuant to its loan documents and agreed to by the Nonprofit.

311.6 **Right of Agency to Cure Mortgage or Deed of Trust Default.** In the event of a default or breach of a loan agreement, promissory note, mortgage or deed of trust, Nonprofit shall immediately deliver to Agency a copy of any default notice pertaining thereto. If the holder of any loan agreement, promissory note, mortgage or deed of trust has not exercised its option to construct prior to the issuance of the Release of Construction Covenants, pursuant to Section 311.5 hereof, Agency shall have the right but not the obligation to cure the default of such loan agreement, promissory note, mortgage, deed of trust. In such event, Agency shall be entitled to reimbursement from the Nonprofit of all proper costs and expenses incurred by Agency in curing such default. Agency shall also be entitled to a lien upon the Site to the extent of such costs and disbursements. Any such lien shall be junior and subordinate to the mortgages or deeds of trust approved by the Agency pursuant to Section 311.1.

311.7 **Subordination of Affordability Covenants.** In the event that the Agency finds that an economically feasible method of obtaining the Permanent Loan without the subordination of the affordable housing covenants set forth in this Agreement, the Lease, and the Regulatory Agreement, is not reasonably available, the Agency shall make the affordable housing covenants set forth in this Agreement, the Lease, and the Regulatory Agreement junior and subordinate to the deeds of trust and other documents required in connection with the Permanent Loan for the Property approved pursuant to this Section 311. Any subordination agreement entered into by the Agency shall contain written commitments which the Agency finds are reasonably designed to protect Agency's investment in the event of default, such as any of the following: (a) a right of Agency to cure a default on the loan prior to foreclosure, (b) a right of Agency to negotiate with the lender after notice of default from the lender and prior to foreclosure, (c) an agreement that if prior to foreclosure of the loan, Agency takes title to the property and cures the default on the loan, the lender will not exercise any right it may have to accelerate the loan by reason of the transfer of title to Agency, and (d) a right of Agency to reacquire the Property from the Nonprofit at any time after a material default on the loan.

311.8 **Changes Request by Lender.** In the event that a Lender which has been approved pursuant to this Section 311 hereof requires one or more amendments to this Agreement, or any of the attachments hereto, which amendment(s) does not materially affect Agency's interests hereunder, the Agency Executive Director or his or her designee is hereby authorized to make such amendment(s) without further authorization from the Agency Board.

311.9 **Failure to Obtain Financing.** In the event that the Nonprofit, despite exercising its best efforts to obtain required permanent financing for the Rehabilitation, fails to obtain such financing as specified in the Agreement when required hereunder, the Agency may terminate this Agreement as provided in Section 504 hereof, and declare the entire amount owing under the Promissory Note due and payable.

400. COVENANTS AND RESTRICTIONS

401. **Use in Accordance with Agreement.** The Nonprofit covenants and agrees for itself, its successors, assigns, and every successor in interest to the Property or any part thereof, that upon the Lease Commencement and during the Affordability Period, the Nonprofit shall devote the Property to the uses specified in the this Agreement, the Lease, the Regulatory Agreement for the periods of time specified therein. All uses conducted on the Property, including, without limitation, all activities undertaken by the Nonprofit pursuant to this Agreement, shall conform to all applicable provisions of the Burbank Municipal Code.

402. Affordable Housing Requirements.

402.1 **Number of Units.** The Nonprofit agrees to make available, restrict occupancy to, and rent fourteen (14) of the Housing Units to Very Low Income Households, and nineteen (19) of the Housing Units to Lower Income Households (the "Affordable Units") all at an Affordable Rent. The Housing Units that are not Affordable Units shall be rented at market. Eight (8) of the Affordable Units rented to Very Low Income Households shall be one-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be two-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be three-bedroom Housing Units. Ten (10) of the Affordable Units rented to Lower Income Households shall be one-bedroom Housing Units. Five (5) of the Affordable Units rented to Lower Income Households shall be two-bedroom Housing Units. Four (4) of the Affordable Units rented to Lower Income Households shall be three-bedroom Housing Units. All affordable units may float within the Property (i.e. the actual units within the Property subject to the income restrictions can vary as long as the percentage of units available to Very Low Income Households and Lower Income Households do not fall below the minimum numbers required herein), to the extent the substituted units are comparable in size, features, and number of bedrooms to the originally designated units.

402.2 **Lease Requirements.** Prior to rental of any of the Housing Units in the Buildings to new tenants, Nonprofit shall submit a standard lease form to the Agency for Agency's approval. Each such lease shall contain a waiver of relocation rights and benefits in a form which is reasonably acceptable to the Agency. The Agency shall approve such lease form upon finding that such lease form is consistent with this Lease and contains all of the provisions required pursuant to the HOME Program and the HOME Regulations. The Nonprofit shall enter into a lease, in the form approved by the Agency, with each new tenant of an apartment unit within the Buildings, and each existing tenant whose existing lease has expired. No lease shall contain any of the provisions which are prohibited pursuant to Section 92.253 of the HOME Regulations.

402.3 **Duration of Affordability Requirements.** The Buildings shall be

subject to the requirements of this Section 402 in perpetuity commencing upon the In-Service Date. For purposes of this Section 402.3, "in perpetuity" means the useful life of the Property with the land use controls imposed, but not less than fifty-five (55) years. The duration of this requirement shall be known as the "Affordability Period."

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, or Lower Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has

subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low or Lower Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low and Lower Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency as provided herein. The maximum monthly rental amount for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development.

a. For the fourteen Affordable Units that will be rented to Very Low Income Households, seven (7) of the Affordable Units shall be rented at the lesser of (a) High HOME Rent or (b) CRL Very Low Income Rent. The other seven (7) of the Affordable Units shall be rented at the lesser of (a) Low HOME Rent or (b) CRL Very Low Income Rent.

b. The nineteen (19) Affordable Units that will be rented to Lower Income Households shall be rented at CRL Lower Income Rent.

For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit.

c. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development, or other method acceptable to the Agency. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Occupancy of Housing Units in the Buildings shall be limited to two persons per bedroom plus one additional person per Housing Unit. Thus, one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons.

402.8 **Affirmative Marketing.** The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

403. **Maintenance Covenants.** The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency with respect to landscaping and building improvements, then the Agency, in addition to whatever remedy it may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency upon demand.

404. **Management.** Nonprofit shall manage or cause the Property and the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency. Nonprofit shall contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Executive Director, or his or her designee. The fees payable to the Property Manager shall not exceed five percent (5%) of the gross rents of the Buildings or in accordance with industry standard as approved by the Agency. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency, the Agency may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency have not been corrected within thirty (30) days after Agency's notice to Nonprofit, the Agency may in its sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. **Reserve Accounts and Other Project Accounts.** The Nonprofit shall also, or cause the Property Manager to, set aside not less than Three Hundred Dollars ($300) per unit, per

year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

The Nonprofit shall set aside, on a monthly basis, in a separate reserve account (the "Operating Reserve"), the sum of two percent (2%) of the Gross Income of the Property. In no event, however, shall the Nonprofit be required to increase the Operating Reserve to an amount which exceeds two percent (2%) of the gross income of the Property during the first full calendar year after the completion of the Rehabilitation of the Property. The Nonprofit shall retain such amount in the Operating Reserve to fund shortfalls between income and actual operating expenses.

The Nonprofit shall also set aside, on a monthly basis, in a separate account, the sum of ten percent (10%) of Gross Income for the Affordable Housing Agreements Expenses. The Nonprofit shall also set aside, in a separate account, twelve percent (12%) of Gross Income to be utilized exclusively for all costs associated with complying with Section 406 of this Agreement below ("Activity Center Expenses").

406. Peyton-Grismer Activity Center. Nonprofit shall operate within the Buildings an educational center (the "Activity Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

The following services shall be provided by the Activity Center on a daily basis:

(a) Enrollment of students, including recruitment, orientation, assessment, development of strategy, monitoring and reevaluation.

(b) Monitoring of individual student progress, including review of program performance, grade reports, parental and community feedback.

(c) Observation of student behavior in multiple settings, supplying intervention when necessary.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Activity Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Activity Center shall also provide, to the greatest extent feasible, additional family support services, e.g. parenting classes and adult educational opportunities

The Nonprofit's shall utilize its full-time activity center director to administer and manage the operations of the Activity Center. The hiring and termination of the Activity Center Director shall be subject to approval by the Agency Executive Director, or his or her designee.

Participation in the Activity Center shall be limited to residents of the Buildings, residents of apartment complexes in the Peyton-Grismer focus neighborhood subject to an Affordable Housing Agreement with the Agency or City, and, as space permits, residents in the Peyton-Grismer focus neighborhood. At all times, preference for participation in the Activity Center shall be given first to residents of the Buildings.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency in making the Property available for such inspection or audit. If for any reason the Agency is unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or

vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

(a) **In deeds:** "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

(b) **In leases:** "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

> "That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

(c) **In contracts:** "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

409. **Regulatory Agreement.** The requirements of this Agreement which are applicable after the Lease Commencement are set forth in the "Regulatory Agreement" which is attached hereto as Attachment No. 8 and incorporated herein by reference. The execution and recordation of the Regulatory Agreement as an encumbrance to the Property is a Condition to Lease Commencement, as set forth in Section 205 hereof.

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement, the Lease, the Loan Agreement, or the Regulatory Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Termination by the Nonprofit Prior to the Lease Commencement. In the event that prior to the Lease Commencement the Nonprofit is not in default under this Agreement and (a) one or more of the Nonprofit's Conditions to Lease Commencement is not fulfilled on or before the time set forth in the Schedule of Performance, or (b) any default of the Agency prior to the Lease Commencement is not cured within the time set forth in Section 501 hereof, after written demand by the Nonprofit, or (d) the Nonprofit timely disapproves the environmental condition of the Property pursuant to Section 207 hereof, then this Agreement may, at the option of the Nonprofit, be terminated by written Notice thereof to the Agency. From the date of the written Notice of termination of this Agreement by the Nonprofit to the Agency and thereafter this Agreement shall be deemed terminated, and there shall be no further rights or obligations between the parties with respect to the Property by virtue of or with respect to this Agreement.

504. Termination by the Agency Prior to the Lease Commencement. In the event that prior to the Lease Commencement the Agency is not in Default under this Agreement and (a) one or more of the Agency's Conditions to Lease Commencement is not fulfilled on or before the time set forth in the Schedule of Performance; or (b) the Nonprofit is otherwise in default of this Agreement and fails to cure such default within the time set forth in Section 501 hereof; then this Agreement and any rights of the Nonprofit or any assignee or transferee with respect to or arising out of the Agreement or the Property, shall, at the option of the Agency, be terminated by the Agency by written Notice thereof to the Nonprofit. From the date of the written Notice of termination of this Agreement by the Agency to the Nonprofit and thereafter this Agreement shall be deemed terminated, and there shall be no further rights or obligations between the parties pursuant to this Agreement.

505. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency, service of process on the Agency shall be

made by personal service upon the Agency's Executive Director or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

506. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

507. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

508. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

509. Non-Liability of Officials and Employees of the Agency. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

510. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

To Nonprofit: Burbank Housing Corporation

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of the City or any other public or governmental agency or entity (other than the acts or failures to act of the Agency which shall not excuse performance by the Agency); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency. It is because of those qualifications and identity that the Agency has entered into this Agreement with the Nonprofit. Accordingly, for the period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this

Agreement to the contrary, Agency approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency it will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency. Notwithstanding the foregoing, the Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, (iv) the transferee's past experience and performance working with cities, redevelopment agencies, and/or housing authorities, (v) and similar factors. The Agency agrees not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency. The Agency may assign or transfer any of its rights or obligations under this Agreement with the approval of the Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City at any time without the consent of the Nonprofit.

604. Relationship Between Agency and Nonprofit. It is hereby acknowledged that the relationship between the Agency and the Nonprofit is not that of a partnership or joint venture and that the Agency and the Nonprofit shall not be deemed or construed for any purpose to be the agent of the other. Accordingly, except as expressly provided herein or in the Attachments hereto, the Agency shall have no rights, powers, duties or obligations with respect

to the development, operation, maintenance or management of the Improvements.

605. Agency Approvals and Actions. The Agency shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Executive Director (or his or her duly authorized representative). The Agency's Executive Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board.

606. Counterparts. This Agreement may be signed in multiple counterparts which, when signed by all parties, shall constitute a binding agreement. This Agreement is executed in three (3) originals, each of which is deemed to be an original.

607. Integration. This Agreement contains the entire understanding between the parties relating to the transaction contemplated by this Agreement, notwithstanding any previous negotiations or agreements between the parties or their predecessors in interest with respect to all or any part of the subject matter hereof. All prior or contemporaneous agreements, understandings, representations and statements, oral or written, are merged in this Agreement and shall be of no further force or effect; provided, however, the term of the Lease shall remain in effect until the first to occur of the Lease Commencement or the termination of this Agreement. Each party is entering this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material. This Agreement includes Attachment Nos. 1 through 7, which are incorporated herein.

608. Real Estate Brokerage Commission. Each of the Agency and the Nonprofit represents to the other party that it has not engaged the services of any finder or broker and that it is not liable for any real estate commissions, broker's fees, or finder's fees which may accrue by means of the acquisition of all or part of the Property, and agrees to hold harmless the other party from such commissions or fees as are alleged to be due from the party making such representations.

609. Titles and Captions. Titles and captions are for convenience of reference only and do not define, describe or limit the scope or the intent of this Agreement or of any of its terms. Reference to section numbers are to sections in this Agreement, unless expressly stated otherwise.

610. Interpretation. As used in this Agreement, masculine, feminine or neuter gender and the singular or plural number shall each be deemed to include the others where and when the context so dictates. The word "including" shall be construed as if followed by the words "without limitation." This Agreement shall be interpreted as though prepared jointly by both parties.

611. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be

construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

612. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

613. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

614. Computation of Time. The time in which any act is to be done under this Agreement is computed by excluding the first day (such as the day escrow opens), and including the last day, unless the last day is a holiday or Saturday or Sunday, and then that day is also excluded. The term "holiday" shall mean all holidays as specified in Section 6700 and 6701 of the California Government Code. If any act is to be done by a particular time during a day, that time shall be Pacific Time Zone time.

615. Legal Advice. Each party represents and warrants to the other the following: they have carefully read this Agreement, and in signing this Agreement, they do so with full knowledge of any right which they may have; they have received independent legal advice from their respective legal counsel as to the matters set forth in this Agreement, or have knowingly chosen not to consult legal counsel as to the matters set forth in this Agreement; and, they have freely signed this Agreement without any reliance upon any agreement, promise, statement or representation by or on behalf of the other party, or their respective agents, employees, or attorneys, except as specifically set forth in this Agreement, and without duress or coercion, whether economic or otherwise.

616. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

617. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

618. Conflicts of Interest. No member, official or employee of the Agency shall have any personal interest, direct or indirect, in this Agreement, nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

619. Time for Acceptance of Agreement by Agency. This Agreement, when executed by the Nonprofit and delivered to the Agency, must be authorized, executed and

delivered by the Agency on or before thirty (30) days after signing and delivery of this Agreement by the Nonprofit or this Agreement shall be void, except to the extent that the Nonprofit shall consent in writing to a further extension of time for the authorization, execution and delivery of this Agreement.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Purchase and Sale Agreement as of the date set forth above.

LOAN AGREEMENT

THIS LOAN AGREEMENT (the "Agreement") is entered into as of _____, 2003, by and between the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency"), and _____, a California nonprofit corporation (the "Borrower").

RECITALS

The following recitals are a substantive part of this Agreement:

A. The Agency and Borrower have entered into a Disposition and Development Agreement, dated as of _____, 2003 (the "DDA"). The DDA provides (i) for the Agency to lease certain real property consisting of land and ten apartment buildings located in the City of Burbank (the "Property") from the Agency, (ii) for the Agency to provide a loan to the Borrower, (iii) for the Borrower to rehabilitate and improve the Property in accordance with the DDA's Scope of Rehabilitation, which is attached as Attachment No. 4 to the DDA (the "Rehabilitation"), and (iv) for the rental of those apartment units to very low income and lower income households at an affordable rent. The DDA is hereby incorporated herein by reference. The Agency and Borrower will, as a Condition Precedent to the disbursement of the Agency Loan also execute and record in the official records of Los Angeles County a "Regulatory Agreement" which sets forth certain obligations of the parties with respect to the operation of the Property.

B. Pursuant to Section 311.2. of the DDA, the Agency has agreed to provide a loan of Three Million Four Hundred Forty One Thousand Dollars ($3,441,000) to the Borrower (the "Agency Loan") to be used in connection with the Rehabilitation of the Property. The parties intend that this Agreement will satisfy the obligations of the Agency pursuant to Section 311.2. of the DDA.

C. The Agency's making of the Agency Loan to the Borrower is in the vital and best interest of the City and the health, safety, and welfare of its residents, and in accord with the public purposes and provisions of applicable state and local laws.

NOW, THEREFORE, the Agency and the Borrower hereby agree as follows:

1. Agency Loan. Subject to Borrower's performance of all of the terms, covenants and conditions which are set forth herein and in the DDA, the Agency hereby agrees to loan to the Borrower, and the Borrower agrees to borrow from the Agency, a sum of Three Million Four Hundred Forty One Thousand Dollars ($3,441,000) (the "Agency Loan").

1.1. Repayment of Agency Loan. The Borrower's obligation to repay the Agency Loan shall be set forth in the Promissory Note in the form of Exhibit "A" attached hereto, which is incorporated herein by reference. The Promissory Note shall be for a term commencing and the "In-Service Date" and ending fifty-five (55) years thereafter. The "In-Service Date," as defined in Section 100 of the DDA, means the date that is sixty (60) days after the Nonprofit has received a final Release of Construction Covenants for the Rehabilitation in accordance with Section 310 of the DDA. The Promissory Note shall be payable (a) payment of 100% of the net proceeds of the Permanent Loan to be obtained by the Borrower in accordance with Section 311.1 of the DDA, and

(b) commencing on the first April 1st after the In-Service Date, payment every year thereafter of the "Residual Receipts" of the Property, after payment of (i) actual, reasonable and customary (for comparable high quality multifamily rental housing developments in Los Angeles County) "Operating Expenses" directly incurred, paid, and attributable to the operation, maintenance, and management of the Property (which shall include the "Activity Center Operating Expenses" and "Affordable Housing Agreements Expenses, as more particularly defined in Sections 100 and 405 of the DDA and in the Promissory Note, (ii) the Reserve Deposits as set forth in the DDA and Promissory Note, and (iii) "Debt Service" which is senior to the Promissory Note (i.e. the Permanent Loan), as all of those terms are defined in Section 3 of the Promissory Note, until the Promissory Note has been paid in full. The Borrower shall annually, on or before April 1 of each year commencing in the year of the issuance of the Release of Construction Covenants for the Property, submit to the Agency a Residual Receipts Report, in the form attached hereto as Exhibit C and incorporated herein, which shall provide the basis for the determination of the Residual Receipts from the Development.

1.2. **Security for Agency Loan.** The Promissory Note shall be secured by a Deed of Trust with Assignment of Leases and Rents, Security Agreement, and Fixture Filing (the "Deed of Trust") to be recorded as an encumbrance to the Borrower's interest in the Property and Development, in the form of Exhibit "B" attached hereto, which is incorporated herein.

1.3. **Conditions to Disbursement of Agency Loan.** The proceeds of the Agency Loan shall be disbursed to pay and/or reimburse Borrower for the Rehabilitation in accordance with the DDA. Agency's obligation to disburse Agency Loan proceeds is subject to the fulfillment or waiver by Agency of each and all of the conditions precedent (a) through (h), inclusive, described below ("Conditions Precedent"), which are solely for the benefit of Agency, any of which may be waived by the Agency's Executive Director in his or her sole and absolute discretion:

a. **Execution of Documents.** Borrower shall have executed and delivered to the Agency the Promissory Note, the Deed of Trust, and the Regulatory Agreement in the form attached as Attachment No. 8 to the DDA, and any other documents required hereunder, and the Deed of Trust shall have been recorded as an encumbrance to the Borrower's fee interest in the Property.

b. **Permits and Land Use Approvals.** Borrower shall have obtained each and all of the land use, grading and building permits and approvals necessary for the construction and development of the Development, in accordance with Section 303 of the DDA.

c. **Construction Management Agreement/Contract Procurement Plan.** Borrower shall have provided to the Agency a signed copy of the Construction Management Agreement required by Section 305 of the DDA along with the Contract Procurement Plan as also set forth thereunder, and the Agency Executive Director shall have reasonably approved such Construction Management Agreement and Contract Procurement Plan.

e. **Lease of the Property.** The Borrower shall have satisfied the Agency Conditions to Lease Commencement under the DDA, and shall be ready to begin with the Lease Commencement.

f. **Title Policy.** A title insurance company reasonably acceptable to the Agency shall have unconditionally committed to issue a lender's policy of title insurance insuring the

lien of the Deed of Trust in the amount of the Agency Loan, subject to such exceptions as are reasonably acceptable to the Agency, together with any endorsements reasonably requested by the Agency. The cost of such title policy and endorsements shall be paid for from the proceeds of the Agency Loan.

g. **Proof of Insurance.** Borrower shall have provided to the Agency a certificate of insurance which satisfies the requirements of Section 306 of the DDA.

h. **No Default, Representations and Warranties.** Borrower shall not be in default in any of its obligations under the terms of this Agreement, the DDA, or the Regulatory Agreement. All representations and warranties of Borrower contained herein and in the DDA, and the Regulatory Agreement shall be true and correct in all material respects on and as of the date of the disbursement of the Agency Loan as though made at that time, and all covenants of Borrower which are required to be performed prior to the disbursement of the Agency Loan shall have been performed by such date.

i. **Demolition Permit for Portion of 1801 Grismer Avenue.** Developer shall have submitted all applications, fees, and plans necessary to demolish that portion of the Building at 1801 Grismer Avenue required to be demolished pursuant to the DDA.

1.4 **Procedure for Disbursement of Agency Loan Proceeds.** The Agency Loan proceeds shall be disbursed in accordance with this Section 1.4. Prior to any initial disbursement of Agency Loan proceeds, the Agency and Developer shall jointly develop a progress payment schedule ("Payment Schedule") for completed work items for the Rehabilitation ("Rehabilitation Work Items"), consistent with the Scope of Rehabilitation and Schedule of Performance. The Developer, upon completion of Rehabilitation Work Items, may make draw requests as set forth in the Payment Schedule for completed Rehabilitation Work Items. The Developer shall provide written evidence of the accrual of actual costs and expenses for each Rehabilitation Work Item. The Agency shall have the right to inspect the Property and Buildings to ensure the Rehabilitation Work Item(s) has been constructed in accordance with the Scope of Rehabilitation and the approved plans.

After disbursement of the maximum amount of Agency Loan proceeds permitted under this Section 1.4, any amounts less than the maximum Agency Loan amount not disbursed to Developer shall be used to reduce the principal amount owing under this Agreement and the Promissory Note.

1.5 **Subordination.** The Deed of Trust may be made subordinate to the deeds of trust to be held by the lender or lenders which are approved by the Agency pursuant to Section 311.1 of the DDA.

1.6 **Assumption.** The Promissory Note shall not be assumable by successors and assigns of Borrower without the prior written consent of the Agency pursuant to Section 603 of the DDA.

2. **Development Requirements.**

2.1 Development and Operation of Development in Compliance with DDA. The Borrower shall acquire, develop, rehabilitate, operate and maintain the Property in compliance with the requirements of the DDA and the Regulatory Agreement.

2.2 Maintenance. The Borrower shall maintain the Property and the Buildings (as defined in the DDA) thereon in good condition, free of debris, waste and graffiti, in a clean and presentable manner, and in compliance with the DDA, the Regulatory Agreement, and all applicable provisions of the Burbank Municipal Code. The Property shall not be demolished (except those Buildings permitted to be demolished under the DDA) or converted to another use without the prior written approval of the Agency. The Property shall be maintained in accordance with this Section 2.2 until the Agency Loan is repaid in full or for the period specified in the DDA and Regulatory Agreement, whichever period is longer. If the Property is not so maintained, and such condition is not corrected within a reasonable period after written notice thereof from the Agency, then the Agency may perform the necessary maintenance and Borrower shall pay such costs as are reasonably incurred for such maintenance.

2.3. Insurance. Borrower shall furnish the Agency with proper evidence of the insurance which is required pursuant to Section 306 of the DDA.

2.4. Indemnification and Hold Harmless. Borrower shall indemnify, hold harmless and defend, with attorney(s) reasonably acceptable to the Agency, the Agency and its officers, elected and appointed boards and officials, employees, representatives and agents, from and against any and all liability, damages, costs, losses, claims and expenses, suits, actions, proceedings and judgments, including attorney fees, however caused, resulting directly or indirectly from or connected with the Rehabilitation, the Property and/or the performance of this Agreement by Borrower or its contractors, subcontractors, agents, employees or other persons acting on its behalf, except to the extent caused by the negligence or willful misconduct of the Agency or its officers, boards, officials, employees, representatives or agents.

2.5. Compliance With Laws. The Borrower shall develop, maintain and operate the Buildings and the Property in conformity with all applicable laws, including all applicable state labor standards, the zoning and development standards of the City of Burbank, building, plumbing, mechanical and electrical codes, and all other provisions of the City Municipal Code, all applicable environmental laws, all state and federal fair housing laws, and all applicable disabled and handicapped access requirements, including without limitation the Americans With Disabilities Act, 42 U.S.C. 2.6. Nondiscrimination. Borrower for itself and its successors and assigns, agrees that there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, rental, transferring, use, occupancy, tenure, or enjoyment of the Property nor shall the Borrower or any person claiming under or through the Borrower establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, leases, sublessees, subtenants, contractors or vendees in the Property.

2.7. **Condition of the Property.**

a. **Borrower Precautions.** Borrower shall take all necessary precautions to prevent the release into the environment of any Hazardous Materials which may be located in, on or under the Property. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Borrower shall install and utilize such equipment and implement and adhere to such procedures as are consistent with commercially reasonable standards as respects the disclosure, storage, use, removal and disposal of Hazardous Materials.

b. **Environmental Indemnity.** Borrower shall indemnify, defend and hold Agency harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the release from the Property, use on the Property, generation on the Property, discharge from the Property, storage on the Property, disposal on or from the Property, or transportation to or from the Property, of any Hazardous Materials during the term of this Agreement, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment or license relating to the use, generation, release, discharge, storage, disposal or transportation of Hazardous Materials on, under, in or about, to or from, the Property. c. **Definitions.** For purposes of this Agreement, "Hazardous Materials" means any substance, material, or waste which is or becomes regulated by any local governmental authority, Los Angeles County, the State of California, regional governmental authority, or the United States Government, including, but not limited to, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste" under Section 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law)), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act), (iii) defined as a "hazardous material," "hazardous substance," or "hazardous waste" under Section 25501 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iv) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (v) petroleum, (vi) friable asbestos, (vii) polychlorinated byphenyls, (viii) methyl tertiary butyl ether, (ix) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Code of Regulations, Division 4, Chapter 20, (x) designated as "hazardous substances" pursuant to Section 311 of the Clean Water Act (33 U.S.C. §1317), (xi) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery

2.8 Liens and Stop Notices. Borrower shall use its best efforts to prevent any lien or stop notice from being placed on the Property or any part thereof, except as to those liens which are approved encumbrances under this Agreement or the DDA. If a claim of a lien or stop notice is given or recorded affecting the Property the Borrower shall within thirty (30) days of such recording or service:

a. pay and discharge the same; or

b. effect the release thereof by recording and delivering to Agency a surety bond in sufficient form and amount, or otherwise; or

c. provide Agency with indemnification from a title insurance company reasonably acceptable to the Agency against such lien or other assurance which Agency deems, in its sole discretion, to be satisfactory for the payment of such lien or bonded stop notice and for the full and continuous protection of Agency from the effect of such lien or bonded stop notice.

3. Borrower's Representations and Warranties. Borrower represents and warrants to Agency as follows:

3.1. Authority. Borrower has full right, power and lawful authority to undertake all obligations as provided herein, and the execution, performance and delivery of this Agreement by Borrower has been fully authorized by all requisite actions on the part of the Borrower. The parties who have executed this Agreement on behalf of Borrower are authorized to bind Borrower by their signatures hereto.

3.2. Litigation. To the best of Borrower's knowledge, there are no actions, suits, material claims, legal proceedings, or any other proceedings affecting the Borrower or any parties affiliated with Borrower, at law or in equity before any court or governmental agency, domestic or foreign, which if adversely determined, would materially impair the right or ability of Borrower to execute or perform its obligations under this Agreement or any documents required hereby to be executed by Borrower, or which would materially adversely affect the financial condition of Borrower or any parties affiliated with Borrower.

3.3. No Conflict. To the best of Borrower's knowledge, Borrower's execution, delivery, and performance of its obligations under this Agreement will not constitute a default or a breach under any contract, agreement or order to which Borrower or any parties affiliated with Borrower is a party or by which it is bound.

3.4. No Bankruptcy. No attachments, execution proceedings, assignments for the benefit of creditors, insolvency, bankruptcy, reorganization, receivership or other proceedings have been filed or are pending or threatened against the Borrower or any parties affiliated with Borrower, nor are any of such proceedings contemplated by Borrower or any parties affiliated with Borrower.

3.5 **Notice of Changed Conditions.** Until the disbursement of the Agency Loan, Borrower shall, upon learning of any fact or condition which would cause any of the warranties and representations in this Section 3 not to be true in any material respect, immediately give written notice of such fact or condition to Agency. Such exception(s) to a representation shall not be deemed a breach by Borrower hereunder, but shall constitute an exception which Agency shall have a right to approve or disapprove if such exception would have a material adverse effect on the development and/or operation of the Property. If Agency elects to disburse the Agency Loan to the Borrower following disclosure of such information, Borrower's representations and warranties contained herein shall be deemed to have been made as of the date of the disbursement of the Agency Loan, subject to such exception(s). If following the disclosure of such information the Borrower fails to cure such matter within the time set forth in Section 4 hereof for the cure of defaults, Agency may elect in its sole and exclusive discretion to terminate this Agreement by written notice to the Borrower.

4. **Remedies for Default.** A failure by either party to perform any action or covenant required by this Agreement, the DDA, the Regulatory Agreement, the Promissory Note, the Deed of Trust, or any loan or deed of trust for the acquisition, rehabilitation, or operation of the Property which is senior to the Agency Loan, within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such default within ten (10) days if the claimed Default is a failure to pay amounts due pursuant to the Promissory Note, or thirty (30) days from receipt of such notice for all other claimed Defaults hereunder, unless a longer cure period is provided in the DDA, Regulatory Agreement, Promissory Note, Deed of Trust or other applicable document. However, in the event that such Default is other than a failure to pay money and is of such a nature that it cannot reasonably be cured within thirty (30) days from receipt of such notice, the claimant shall not institute any proceeding against the other party, and the other party shall not be in Default if such party immediately upon receipt of such notice, with due diligence, commences to cure, correct or remedy such failure or delay and completes such cure, correction or remedy with diligence as soon as reasonably possible thereafter. In the event that the Borrower is in default on any loan or deed of trust senior to the Agency Loan, the Borrower shall immediately deliver to the Agency a copy of such notice of default. Even if the holder of such loan or deed of trust has not exercised its rights or remedies with respect to such default, the Agency shall have the right (but not be obligated to) cure such default. In such event, the Agency shall be entitled to reimbursement from the Borrower of all costs and expenses actually incurred by the Agency in curing such default, plus interest at the rate of seven percent (7%) per annum. The Agency shall be entitled to add such amount to the amounts owing pursuant to the Promissory Note, and secured by the Deed of Trust.

4.1. **Institution of Legal Actions.** In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. The Agency may also cause all indebtedness of the Borrower under this Agreement and the Promissory Note to become immediately due and payable, and may institute an action for judicial or nonjudicial foreclosure pursuant to the Deed of Trust. Legal actions must be instituted in the Superior Court of the County of Los Angeles, State of California, in an appropriate municipal court in that county, or in the United States District Court for the Central District of California.

4.2. Acceptance of Service of Process. In the event that any legal action is commenced by the Borrower against Agency, service of process on Agency shall be made by personal service upon the Secretary or Executive Director of Agency or in such other manner as may be provided by law. In the event that any legal action is commenced by Agency against the Borrower, service of process shall be made in such manner as may be provided by law and shall be effective whether served inside or outside of California.

4.3. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same Default or any other Default by the other party.

4.4. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

4.5. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

4.6. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

5. General Provisions.

5.1. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given either by (i) personal service, (ii) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to the address of the party as set forth below, or at any other address as that party may later designate by Notice:

To Agency: Redevelopment Agency of the City of Burbank
275 E. Olive Avenue
Burbank, California 91502
Attn: Executive Director

To Borrower: Burbank Housing Corporation
241 West Verdugo Avenue
Burbank, California 91502
Attn: Executive Director

Any written notice, demand or communication shall be deemed received immediately upon personal delivery or two (2) days after deposit in the United States mail; provided, however, that refusal to accept delivery after reasonable attempts thereto shall constitute receipt. Any notices attempted to be delivered to an address from which the receiving party has moved without notice shall be effective on the third day from the date of the attempted delivery or deposit in the United States mail.

5.2. Non-Liability of Officials and Employees of Agency and City. No member, official, officer or employee of Agency or the City shall be personally liable to the Borrower, or any successor in interest, in the event of any Default or breach by Agency (or the City) or for any amount which may become due to the Borrower or its successors, or on any obligations under the terms of this Agreement. The City is not a party to this Agreement and shall have no obligations hereunder.

5.3. Counterparts. This Agreement may be signed in multiple counterparts which, when signed by all parties, shall constitute a binding agreement. This Agreement is executed in three (3) originals, each of which is deemed to be an original.

5.4. Integration. This Agreement, together with the Promissory Note, Deed of Trust, Form of Residual Receipts Report, DDA, Regulatory Agreement, and other attachments to the DDA, contains the entire understanding between the parties relating to the transaction contemplated by this Agreement. All prior or contemporaneous agreements, understandings, representations and statements, oral or written, are merged in this Agreement and shall be of no further force or effect. Each party is entering this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material. This Agreement includes Exhibits A, B, and C, which constitute the entire understanding and agreement of the parties, notwithstanding any previous negotiations or agreements between the parties or their predecessors in interest with respect to all or any part of the subject matter hereof.

5.5. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

5.6. Modifications. Any alteration, change, or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

5.7. Severability. If any term, provision, condition, or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

5.8. Legal Advice. Each party represents and warrants to the other the following: they have carefully read this Agreement, and in signing this Agreement, they do so with full

knowledge of any right which they may have; they have received independent legal advice from their respective legal counsel as to the matters set forth in this Agreement, or have knowingly chosen not to consult legal counsel as to the matters set forth in this Agreement; and, they have freely signed this Agreement without any reliance upon any agreement, promise, statement or representation by or on behalf of the other party, or their respective agents, employees, or attorneys, except as specifically set forth in this Agreement, and without duress or coercion, whether economic or otherwise.

5.9. Time of Essence. Time is expressly made of the essence with respect to the performance by the parties of each and every obligation and condition of this Agreement.

5.10. Cooperation. Each party shall cooperate with the other in this transaction and, in that regard, sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

5.11 Definitions. Any terms used in this Agreement but not separately defined herein shall have the meaning given to such terms in the DDA.

7. Waivers

c. The obligations of Borrower under this Note shall be absolute and Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reasons whatsoever.

The acceptance of payment of any sum payable hereunder, or part thereof, after the due date of such payment shall not be a waiver of Agency's right to either require prompt payment when due of all other sums payable hereunder or to declare an Event of Default for failure to make prompt or complete payment.

15. Consents. Borrower hereby consents to: (a) any renewal, extension or modification (whether one or more) of the terms of the Agreement or the terms or time of payment under this Note, (b) the release or surrender or exchange or substitution of all or any part of the security, whether real or personal, or direct or indirect, for the payment hereof, (c) the granting of any other indulgences to Borrower, and (d) the taking or releasing of other or additional parties primarily or contingently liable hereunder. For purposes of this Note, "Interest Law" shall mean any present or future law of the State of California, the United States of America, or any other jurisdiction which has application to the interest and other charges under this Note. The "Maximum Legal Rate of Interest" shall mean the maximum rate of interest that Agency may from time to time charge Borrower, and under which Borrower would have no claim or defense of usury under the Interest Law.

18. Miscellaneous. Time is of the essence hereof. This Note shall be governed by and construed under the laws of the State of California except to the extent Federal laws preempt the laws of the State of California. Developer irrevocably and unconditionally submits to the jurisdiction of the Superior Court of the State of California for the County of Los Angeles or the United States District Court of the Central District of California, as Agency hereof may deem appropriate, or, if required, the Municipal Court of the State of California for the County of Los Angeles, in connection with any legal action or proceeding arising out of or relating to this Note. Borrower also waives any objection regarding personal or in rem jurisdiction or venue.

19. No Personal Liability. In the event of any default under the terms of this Note or the Deed of Trust, the sole recourse of the Agency for any and all such defaults shall be by judicial foreclosure or by the exercise of the trustee's power of sale, and Borrower and its partners shall not be personally liable for the payment of this Note or for the payment of any deficiency established after judicial foreclosure or trustee's sale; provided, however, that the foregoing shall not in any way affect any rights the Agency may have (as a secured party or otherwise) hereunder or under the Agreement or Deed of Trust to recover directly from Borrower any amounts secured by the Deed of Trust, or any funds, damages or costs (including without limitation reasonable attorneys' fees and costs) incurred by Agency as a result of fraud, misrepresentation or waste, and any costs and expenses incurred by the Agency in connection thereof (including without limitation reasonable attorneys' fees and costs).

DEED OF TRUST
WITH ABSOLUTE ASSIGNMENT OF LEASES AND RENTS, SECURITY AGREEMENT AND FIXTURE FILING

THIS DEED OF TRUST WITH ABSOLUTE ASSIGNMENT OF LEASES AND RENTS, SECURITY AGREEMENT AND FIXTURE FILING ("Deed of Trust"), made as of _____, 200_ is entered into by and between BURBANK HOUSING CORPORATION, a California nonprofit corporation ("Trustor"), _____ ("Trustee"), and the REDEVELOPMENT AGENCY OF THE CITY OF BURBANK, a public body, corporate and politic ("Beneficiary").

ARTICLE 1. GRANT IN TRUST

1.1 GRANT. For the purposes of and upon the terms and conditions in this Deed of Trust, Trustor irrevocably grants, conveys and assigns to Trustee, IN TRUST FOR THE BENEFIT OF BENEFICIARY, WITH POWER OF SALE AND RIGHT OF ENTRY AND POSSESSION, all of Trustor's right, title and interest, whether now owned or hereafter acquired, in and to that certain real property located in the City of Burbank, County of Los Angeles, State of California, described on Exhibit 1 attached hereto (the "Real Property"), including, but not necessarily limited to, (i) Trustor's fee interest in the Real Property, (ii) all buildings and other improvements and fixtures now or hereafter located on the Real Property, including, but not limited to, all apparatus, equipment, and appliances used in the operation or occupancy of the Real Property, it being intended by the parties that all such items shall be conclusively considered to be a part of the Real Property, whether or not attached or affixed to the Real Property (collectively, the "Improvements"); (iii) all development rights or credits, air rights, water, water rights and water stock related to the Real Property, the Lease or the Improvements (the Real Property, the Lease and the Improvements are collectively referred to herein as the "Property"); (iv) all minerals, oil and gas, and other hydrocarbon substances in, on or under the Property, (v) all appurtenances, easements, rights and rights of way appurtenant or related to the Property; (vi) all interest or estate which Trustor may hereafter acquire in any of the property described above; and (vii) all additions and accretions to, and the proceeds of, any of the foregoing (all of the foregoing being collectively referred to as the "Subject Property"). The listing of specific rights or property shall not be interpreted as a limit of general terms.

1.2 **ADDRESS.** The subject property is located at 1729-1735 Elliot Drive, 1801 – 1815 Grismer Avenue and 1819 Grismer Avenue, Burbank, California. However, neither the failure to designate an address nor any inaccuracy in the address designated shall affect the validity or priority of the lien of this Deed of Trust on the Subject Property as described on Exhibit A.

ARTICLE 2. OBLIGATIONS SECURED

2.1 **OBLIGATIONS SECURED**. Trustor makes this grant and assignment for the purpose of securing the following obligations ("Secured Obligations"):

a. Payment to Beneficiary of all sums at any time owing under that certain Promissory Note ("Note") of even date herewith, in the principal amount of Three Million Four Hundred Forty One Thousand Dollars ($3,441,000), as executed by Trustor and payable to the order of Beneficiary, as lender; and

b. Payment and performance of all covenants and obligations of Trustor under that certain "Loan Agreement" between Trustor and Beneficiary, dated _____ and that certain Disposition and Development Agreement ("DDA") between the Trustor (or predecessor thereof) and Beneficiary, dated _____; and

c. Payment and performance of all covenants and obligations of Trustor under this Deed of Trust; and

d. Payment and performance of all future advances and other obligations that the then owner of all or part of the Subject Property may agree to pay and/or perform (whether as principal, surety or guarantor) for the benefit of Beneficiary, when such future advance or obligation is evidenced by a writing which recites that it is secured by this Deed of Trust; and

e. All modifications, extensions and renewals of any of the obligations secured hereby, however evidenced, including, without limitation: (i) modifications of the required principal payment dates or interest payment dates or both, as the case may be, deferring or accelerating payment dates wholly or partly; or (ii) modifications, extensions or renewals at a different rate of interest whether or not in the case of a note, the modification, extension or renewal is evidenced by a new or additional promissory note or notes.

2.2 **OBLIGATIONS**. The term "obligations" is used herein in its broadest and most comprehensive sense and shall be deemed to include, without limitation, all principal, interest, prepayment charges (if any), late charges, other charges, payments, and loan fees at any time accruing or assessed on any of the Secured Obligations.

2.3 **INCORPORATION**. All terms of the Secured Obligations and the documents evidencing such obligations are incorporated herein by this reference. Any and all persons or entities who may have or acquire an interest in the Subject Property shall be deemed to have notice of the terms of the Secured Obligations and to have notice, if provided therein, that: (a) the Note may permit borrowing, repayment and re-borrowing so that repayments shall not reduce the amounts of the Secured Obligations; and (b) the rate of interest on one or more Secured Obligations may vary from time to time.

ARTICLE 3. ASSIGNMENT OF LEASES AND RENTS

3.1 ASSIGNMENT. Trustor hereby irrevocably assigns to Beneficiary, subject to any prior assignment to Trustor's lenders, all of Trustor's right, title and interest in, to and under: (a) all leases of the Subject Property or any portion thereof, all licenses and agreements relating to the management, leasing or operation of the Subject Property or any portion thereof, and all other agreements of any kind relating to the use or occupancy of the Subject Property or any portion thereof, whether now existing or entered into after the date hereof ("Leases"); and (b) the rents, issues, deposits and profits of the Subject Property, including, without limitation, all amounts payable and all rights and benefits accruing to Trustor under the Leases ("Payments"). The term "Leases" shall also include all guarantees of and security for the lessees' performance thereunder, and all amendments, extensions, renewals or modifications thereto which are permitted hereunder. This is a present and absolute assignment, not an assignment for security purposes only, and Beneficiary's right to the Leases and Payments is not contingent upon, and may be exercised without possession of, the Subject Property.

3.2 GRANT OF LICENSE. Beneficiary confers upon Trustor a license ("License"), subject to any prior license conferred upon Trustor's lenders, to collect and retain the Payments as they become due and payable, until the occurrence of a Default (as hereinafter defined). Upon a Default, the License shall be automatically revoked and Beneficiary may collect and apply the Payments pursuant to Section 6.4 without notice and without taking possession of the Subject Property. Trustor hereby irrevocably authorizes and directs the lessees under the Leases to rely upon and comply with any notice or demand by Beneficiary for the payment to Beneficiary of any rental or other sums which may at any time become due under the Leases, or for the performance of any of the lessees' undertakings under the Leases, and the lessees shall have no right or duty to inquire as to whether any Default has actually occurred or is then existing hereunder. Trustor hereby relieves the lessees from any liability to Trustor by reason of relying upon and complying with any such notice or demand by Beneficiary.

3.3 EFFECT OF ASSIGNMENT. The foregoing irrevocable Assignment shall not cause Beneficiary to be: (a) a mortgagee in possession; (b) responsible or liable for the control, care, management or repair of the Subject Property or for performing any of the terms, agreements, undertakings, obligations, representations, warranties, covenants and conditions of the Leases; or (c) responsible or liable for any waste committed on the Subject Property by the lessees under any of the Leases or any other parties; for any dangerous or defective condition of the Subject Property; or for any negligence in the management, upkeep, repair or control of the Subject Property resulting in loss or injury or death to any Lessee, licensee, employee, invitee or other person or entity. Beneficiary shall not directly or indirectly be liable to Trustor or any other person or entity as a consequence of: (i) the exercise or failure to exercise any of the rights, remedies or powers granted to Beneficiary hereunder; or (ii) the failure or refusal of Beneficiary to perform or discharge any obligation, duty or liability of Trustor arising under the Leases.

3.4 REPRESENTATIONS AND WARRANTIES. Trustor represents and warrants that as of the date of this Deed of Trust there are no existing Leases.

3.5 COVENANTS. Trustor covenants and agrees at Trustor's sole cost and expense to: (a) perform the obligations of lessor contained in the Leases and enforce by all available remedies performance by the lessees of the obligations of the lessees contained in the Leases; (b) exercise Trustor's best efforts to lease all of the apartment units within the Subject Property at all times upon the completion of construction of the Improvements; (c) deliver to Beneficiary fully executed, counterpart original(s) of each and every Lease if requested to do so; and (d) execute and record such additional assignments of any Lease or specific subordinations of any Lease to the Deed of Trust, in form and substance acceptable to Beneficiary, as Beneficiary may request. Trustor shall not, without Beneficiary's prior written consent, except as otherwise permitted pursuant to the Loan Agreement: (i) enter into any Leases after the date of this Assignment except leases in the ordinary course of Trustor's business and on the lease form approved by Beneficiary; (ii) execute any other assignment relating to any of the Leases; (iii) discount any rent or other sums due under the Leases or collect the same in advance, other than to collect rent one (1) month in advance of the time when it becomes due; (iv) terminate, modify or amend any of the terms of the Leases or in any manner release or discharge the lessees from any obligations thereunder except in the ordinary course of Trustor's business; (v) consent to any assignment or subletting by any lessee; or (vi) subordinate or agree to subordinate any of the Leases to any other deed of trust or encumbrance, except as required to obtain financing for the Subject Property. Any such attempted action in violation of the provisions of this Section 3.5 shall be null and void. Without in any way limiting the requirement of Beneficiary's consent hereunder, any sums received by Trustor in consideration of any termination (or the release or discharge of any lessee) modification or amendment of any Lease shall be applied to reduce the outstanding Secured Obligations and any such sums received by Trustor shall be held in trust by Trustor for such purpose.

3.6 ESTOPPEL CERTIFICATES. Within thirty (30) days after written request by Beneficiary, Trustor shall deliver to Beneficiary and to any party designated by Beneficiary estoppel certificates executed by Trustor and by each of the lessees, in recordable form, certifying (if such be the case): (a) that the foregoing assignment and the Leases are in full force and effect; (b) the date of each lessee's most recent payment of rent; (c) that there are no defenses or offsets outstanding, or stating those claimed by Trustor or lessees under the foregoing assignment or the Leases, as the case may be; and (d) any other information reasonably requested by Beneficiary.

ARTICLE 4. SECURITY AGREEMENT AND FIXTURE FILING

4.1 SECURITY INTEREST. Trustor hereby grants and assigns to Beneficiary, as of the effective date of the Loan Agreement, a security interest, to secure payment and performance of all of the Secured Obligations, in all of the following described personal property in which Trustor now or at any time hereafter has any interest (collectively, the "Collateral"):

> All goods, building and other materials, supplies, work in process, equipment, machinery, fixtures, furniture, furnishings, signs and other personal property, wherever situated, which are or are to be incorporated into, used in connection with, or appropriated for use thereon, (i) the Real Property described on Exhibit 1 attached hereto and incorporated by reference herein (to the extent the same are not effectively made a part of the Real Property pursuant to Section 1.1 above) or (ii) the improvements constructed or to be constructed on the Subject Property, as described in the Disposition and Development Agreement between Trustor and Beneficiary, dated _____, 2000 (which real property and improvements are, pursuant to Section 1.1 above, collectively referred to herein, along with the other property described

in Section 1.1 above, as the Subject Property); together with all rents, issues, deposits and profits of the Subject Property (to the extent, if any, they are not subject to Article III); all inventory, accounts, cash receipts, deposit accounts, accounts receivable, contract rights, general intangibles, chattel paper, instruments, documents, notes, drafts, letters of credit, insurance policies, insurance and condemnation awards and proceeds, any other rights to the payment of money, trade names, trademarks and service marks arising from or related to the Subject Property or any business now or hereafter conducted thereon by Trustor; all permits consents, approvals, licenses, authorizations and other rights granted by, given by or obtained from, any governmental entity with respect to the Subject Property; all deposits or other security now or hereafter made with or given to utility companies by Trustor with respect to the Subject Property; all advance payments of insurance premiums made by Trustor with respect to the Subject Property; all plans, drawings and specifications relating to the Subject Property; all loan funds held by Beneficiary, whether or not disbursed; all funds deposited with Beneficiary pursuant to any loan agreement; all reserves, deferred payments, deposits, accounts, refunds, cost savings and payments of any kind related to the Subject Property or any portion thereof; together with all replacements and proceeds of, and additions and accessions to, any of the foregoing; together with all books, records and files relating to any of the foregoing.

As to all of the above described personal property which is or which hereafter becomes a "fixture" under applicable law, this Deed of Trust constitutes a security agreement and a fixture filing under Sections 9105, 9313 and 9402(6) of the California Uniform Commercial Code, as amended or recodified from time to time, and is acknowledged and agreed to be a "construction mortgage" under such Sections. Trustor is the "debtor" and Beneficiary is the "secured party". Beneficiary's security interest in the Collateral shall be junior and subject to the prior security interest of Trustor's lender(s) for the Subject Property.

4.2 REPRESENTATIONS AND WARRANTIES. Trustor represents and warrants that: (a) Trustor has, or will have, good title to the Collateral; (b) Trustor has not previously assigned or encumbered the Collateral, and no financing statement covering any of the Collateral has been delivered to any other person or entity except to construction and permanent lenders approved by Beneficiary; and (c) Trustor's principal place of business is located at the address shown in Section 7.8.

4.3 RIGHTS OF BENEFICIARY. In addition to Beneficiary's rights as a "secured party" under the California Uniform Commercial Code, as amended or recodified from time to time ("UCC"), Beneficiary may, but shall not be obligated to, at any time without notice and at the expense of Trustor: (a) give notice to any person or entity of Beneficiary's rights hereunder and enforce such rights at law or in equity; (b) insure, protect, defend and preserve the Collateral or any rights or interests of Beneficiary therein; (c) inspect the Collateral; and (d) endorse, collect and receive any right to payment of money owing to Trustor under or from the Collateral. Notwithstanding the above, in no event shall Beneficiary be deemed to have accepted any property other than cash in satisfaction of any obligation of Trustor to Beneficiary unless Beneficiary shall make an express written election of said remedy under UCC §9505, or other applicable law.

4.4 RIGHTS OF BENEFICIARY ON DEFAULT. Upon the occurrence of a Default (hereinafter defined) under this Deed of Trust, then in addition to all of Beneficiary's rights as a "secured party" under the UCC or otherwise at law:

a. Beneficiary may (i) upon written notice, require Trustor to assemble any or all of the Collateral and make it available to Beneficiary at a place designated by Beneficiary; (ii) without prior notice, enter upon the Subject Property or other place where any of the Collateral may be located and take possession of, collect, sell, and dispose of any or all of the Collateral, and store the same at locations acceptable to Beneficiary at Trustor's expense; (iii) sell, assign and deliver at any place or in any lawful manner all or any part of the Collateral and bid and become purchaser at any such sales; and

b. Beneficiary may, for the account of Trustor and at Trustor's expense: (i) operate, use, consume, sell or dispose of the Collateral as Beneficiary deems appropriate for the purpose of performing any or all of the Secured Obligations; (ii) enter into any agreement, compromise, or settlement, including insurance claims, which Beneficiary may deem desirable or proper with respect to any of the Collateral; and (iii) endorse and deliver evidences of title for, and receive, enforce and collect by legal action or otherwise, all indebtedness and obligations now or hereafter owing to Trustor in connection with or on account of any or all of the Collateral.

Notwithstanding any other provision hereof, Beneficiary shall not be deemed to have accepted any property other than cash in satisfaction of any obligation of Trustor to Beneficiary unless Trustor shall make an express written election of said remedy under UCC §9505, or other applicable law.

4.5 POWER OF ATTORNEY. Trustor hereby irrevocably appoints Beneficiary as Trustor's attorney-in-fact (such agency being coupled with an interest), and as such attorney-in-fact Beneficiary may, without the obligation to do so, in Beneficiary's name, or in the name of Trustor, prepare, execute and file or record financing statements, continuation statements, applications for registration and like papers necessary to create, perfect or preserve any of Beneficiary's security interests and rights in or to any of the Collateral, and, upon a Default hereunder, take any other action required of Trustor; provided, however, that Beneficiary as such attorney-in-fact shall be accountable only for such funds as are actually received by Beneficiary.

4.6 POSSESSION AND USE OF COLLATERAL. Except as otherwise provided in this Section, or any other Loan Documents (as defined in the Loan Agreement), so long as no Default exists under this Deed of Trust, Trustor may possess, use, move, transfer or dispose of any of the Collateral in the ordinary course of Trustor's business and in accordance with the Loan Agreement and Disposition and Development Agreement.

ARTICLE 5. RIGHTS AND DUTIES OF THE PARTIES

5.1 TITLE. Trustor represents and warrants that, except as disclosed to Beneficiary in a writing which refers to this warranty, Trustor lawfully holds and possesses valid title to the Subject Property without limitation on the right to encumber.

5.2 TAXES AND ASSESSMENTS. Subject to Trustor's right to in good faith contest payment of taxes, Trustor shall pay prior to delinquency all taxes, assessments, levies and charges imposed by any public or quasi-public authority or utility company which are or which may become a lien upon or cause a loss in value of the Subject Property or any interest . Trustor shall also pay prior to delinquency all taxes, assessments, levies and charges imposed by any public authority upon Beneficiary by reason of its interest in any Secured Obligation or in the Subject Property, or by reason of any payment made to Beneficiary pursuant to any Secured Obligation; *provided, however*,

Trustor shall have no obligation to pay taxes which may be imposed from time to time upon Beneficiary and which are measured by and imposed upon Beneficiary's net income.

5.3 TAX AND INSURANCE IMPOUNDS. At Beneficiary's option and upon its demand, Trustor, shall, until all Secured Obligations have been paid in full, pay to Beneficiary monthly, annually or as otherwise directed by Beneficiary an amount estimated by Beneficiary to be equal to: (a) all taxes, assessments and levies imposed by any public or quasi-public authority or utility company which are or may become a lien upon the Subject Property and will become due for the tax year during which such payment is so directed; and (b) premiums for fire, other hazard and mortgage insurance next due. If Beneficiary determines that any amounts paid by Trustor are insufficient for the payment in full of such taxes, assessments, levies and/or insurance premiums, Beneficiary shall notify Trustor of the increased amounts required to pay all amounts due, whereupon Trustor shall pay to Beneficiary within thirty (30) days thereafter the additional amount as stated in Beneficiary's notice. All sums so paid shall not bear interest, except to the extent and in any minimum amount required by law; and Beneficiary shall, unless Trustor is otherwise in Default hereunder or under any Secured Obligation, apply said funds to the payment of, or at the sole option of Beneficiary release said funds to Trustor for the application to and payment of, such sums, taxes, assessments, levies, charges, and insurance premiums. Upon Default by Trustor hereunder or under any Secured Obligation, Beneficiary may apply all or any part of said sums to any Secured Obligation and/or to cure such Default, in which event Trustor shall be required to restore all amounts so applied, as well as to cure any other events or conditions of Default not cured by such application. Upon assignment of this Deed of Trust, Beneficiary shall have the right to assign all amounts collected and in its possession to its assignee whereupon Beneficiary and its Trustee shall be released from all liability with respect thereto. Within ninety-five (95) days following full repayment of the Secured Obligations (other than full repayment of the Secured Obligations as a consequence of a foreclosure or conveyance in lieu of foreclosure of the liens and security interests securing the Secured Obligations) or at such earlier time as Beneficiary may elect, the balance of all amounts collected and in Beneficiary's possession shall be paid to Trustor and no other party shall have any right or claim thereto.

5.4 PERFORMANCE OF SECURED OBLIGATIONS. Trustor shall promptly pay and perform each Secured Obligation when due.

5.5 LIENS, ENCUMBRANCES AND CHARGES. Trustor shall immediately discharge any lien not approved by Beneficiary in writing that has or may attain priority over this Deed of Trust, subject to the requirements of the Loan Agreement with respect to mechanic's liens. Trustor shall pay when due all obligations secured by or reducible to liens and encumbrances which shall now or hereafter encumber or appear to encumber all or any part of the Subject Property or any interest therein, whether senior or subordinate hereto.

5.6 DAMAGES; INSURANCE AND CONDEMNATION PROCEEDS.

a. The following (whether now existing or hereafter arising) are all absolutely and irrevocably assigned by Trustor to Beneficiary and, at the request of Beneficiary, shall be paid directly to Beneficiary: (i) all awards of damages and all other compensation payable directly or indirectly by reason of a condemnation or proposed condemnation for public or private use affecting all or any part of, or any interest in, the Subject Property; (ii) all other claims and awards for damages to, or decrease in value of, all or any part of, or any interest in, the Subject Property; (iii) all proceeds

of any insurance policies payable by reason of loss sustained to all or any part of the Subject Property; and (iv) all interest which may accrue on any of the foregoing. Subject to applicable law, and without regard to any requirement contained in Section 5.7(d), Beneficiary may at its discretion apply all or any of the proceeds it receives to its expenses in settling, prosecuting or defending any claim and may apply the balance to the Secured Obligations in any order, and/or Beneficiary may release all or any part of the proceeds to Trustor upon any conditions Beneficiary may impose. Beneficiary may commence, appear in, defend or prosecute any assigned claim or action and may adjust, compromise, settle and collect all claims and awards assigned to Beneficiary; provided, however, in no event shall Beneficiary be responsible for any failure to collect any claim or award, regardless of the cause of the failure.

b. At its reasonable option, Beneficiary may permit insurance or condemnation proceeds held by Beneficiary to be used for repair or restoration but may condition such application upon reasonable conditions, including, without limitation: (i) the deposit with Beneficiary of such additional funds which Beneficiary determines are needed to pay all costs of the repair or restoration, (including, without limitation, taxes, financing charges, insurance and rent during the repair period); (ii) the establishment of an arrangement for lien releases and disbursement of funds acceptable to Beneficiary; (iii) the delivery to Beneficiary of plans and specifications for the work, a contract for the work signed by a contractor acceptable to Beneficiary, a cost breakdown for the work and a payment and performance bond for the work, all of which shall be acceptable to Beneficiary; and (iv) the delivery to Beneficiary of evidence acceptable to Beneficiary (aa) that after completion of the work the income from the Subject Property will be sufficient to pay all expenses and debt service for the Subject Property; (bb) of the continuation of Leases acceptable to and required by Beneficiary; (cc) that upon completion of the work, the size, capacity and total value of the Subject Property will be at least as great as it was before the damage or condemnation occurred; (dd) that there has been no material adverse change in the financial condition or credit of Trustor since the date of this Deed of Trust; and (ee) of the satisfaction of any additional conditions that Beneficiary may reasonably establish to protect its security. Trustor hereby acknowledges that the conditions described above are reasonable, and, if such conditions have not been satisfied within thirty (30) days of receipt by Beneficiary of such insurance or condemnation proceeds, then Beneficiary may apply such insurance or condemnation proceeds to pay down principal of the Secured Obligations in such order and amounts as Beneficiary in its sole discretion may choose.

5.7 MAINTENANCE AND PRESERVATION OF THE SUBJECT PROPERTY. Trustor covenants, subject to the provisions of the Loan Agreement: (a) to insure the Subject Property against such risks as Beneficiary may reasonably require and, at Beneficiary's request, to provide evidence of such insurance to Beneficiary, and to comply with the requirements of any insurance companies insuring the Subject Property; (b) to keep the Subject Property in good condition and repair; (c) not to remove or demolish the Subject Property or any part thereof, not to alter, restore or add to the Subject Property and not to initiate or acquiesce in any change in any zoning or other land classification which affects the Subject Property without Beneficiary's prior written consent; (d) to complete or restore promptly and in good and workmanlike manner the Subject Property, or any part thereof which may be damaged or destroyed, but only to the extent of available insurance proceeds required of Trustor; (e) to comply with all laws, ordinances, regulations and standards, and all covenants, conditions, restrictions and equitable servitudes, whether public or private, of every kind and character which affect the Subject Property and pertain to acts committed or conditions existing thereon, including, without limitation, any work, alteration, improvement or demolition mandated by such laws, covenants or requirements; (f) not to commit or permit waste of

the Subject Property; and (g) to do all other acts which from the character or use of the Subject Property may be reasonably necessary to maintain and preserve its value.

5.8 DEFENSE AND NOTICE OF LOSSES, CLAIMS AND ACTIONS. At Trustor's sole expense, Trustor shall protect, preserve and defend the Subject Property and title to and right of possession of the Subject Property, the security hereof and the rights and powers of Beneficiary and Trustee hereunder against all adverse claims. Trustor shall give Beneficiary and Trustee prompt notice in writing of the assertion of any claim, of the filing of any action or proceeding, of the occurrence of any damage to the Subject Property and of any condemnation offer or action.

5.9 ACCEPTANCE OF TRUST; POWERS AND DUTIES OF TRUSTEE. Trustee accepts this trust when this Deed of Trust is recorded. From time to time upon written request of Beneficiary and presentation of this Deed of Trust or a certified copy thereof for endorsement, and without affecting the personal liability of any person or entity for payment of any indebtedness or performance of any obligations secured hereby, Trustee may, without liability therefor and without notice: (a) reconvey all or any part of the Subject Property; (b) consent to the making of any map or plat thereof; and (c) join in any grant of easement thereon, any declaration of covenants and restrictions, or any extension agreement or any agreement subordinating the lien or charge of this Deed of Trust. Except as may be required by applicable law, Trustee or Beneficiary may from time to time apply to any court of competent jurisdiction for aid and direction in the execution of the trust hereunder and the enforcement of the rights and remedies available hereunder, and may obtain orders or decrees directing or confirming or approving acts in the execution of said trust and the enforcement of said remedies. Trustee has no obligation to notify any party of any pending sale or any action or proceeding, including, without limitation, actions in which Trustor, Beneficiary or Trustee shall be a party unless held or commenced and maintained by Trustee under this Deed of Trust. Trustee shall not be obligated to perform any act required of it hereunder unless the performance of the act is requested in writing and Trustee is reasonably indemnified and held harmless against loss, cost, liability or expense.

5.10 COMPENSATION; EXCULPATION; INDEMNIFICATION.

a. Trustor shall pay Trustee's fees and reimburse Trustee for expenses in the administration of this trust, including attorneys' fees. Trustor shall pay to Beneficiary reasonable compensation for services rendered concerning this Deed of Trust, including without limit any statement of amounts owing under any Secured Obligation. Beneficiary shall not directly or indirectly be liable to Trustor or any other person or entity as a consequence of (i) the exercise of the rights, remedies or powers granted to Beneficiary in this Deed of Trust; (ii) the failure or refusal of Beneficiary to perform or discharge any obligation or liability of Trustor under any agreement related to the Subject Property or under this Deed of Trust; or (iii) any loss sustained by Trustor or any third party resulting from Beneficiary's failure to sell, lease or sublease the Subject Property after a Default (hereinafter defined) or from any other act or omission of Beneficiary in managing the Subject Property after a Default, unless the loss is caused by the gross negligence or willful misconduct of Beneficiary, and no such liability shall be asserted against or imposed upon Beneficiary, and all such liability is hereby expressly waived and released by Trustor.

b. Trustor indemnifies Trustee and Beneficiary against, and holds Trustee and Beneficiary harmless from, all losses, damages, liabilities, claims, causes of action, judgments, court costs, attorneys' fees and other legal expenses, cost of evidence of title, cost of evidence of value,

and other expenses which either may suffer or incur: (i) by reason of this Deed of Trust; (ii) by reason of the execution of this trust or in performance of any act required or permitted hereunder or by law; (iii) as a result of any failure of Trustor to perform Trustor's obligations; or (iv) by reason of any alleged obligation or undertaking on Beneficiary's part to perform or discharge any of the representations, warranties, conditions, covenants or other obligations contained in any other document related to the Subject Property, unless the loss is caused by the gross negligence or willful misconduct of Trustee or Beneficiary, as applicable. The above obligation of Trustor to indemnify and hold harmless Trustee and Beneficiary shall survive the release and cancellation of the Secured Obligations and the release and reconveyance or partial release and reconveyance of this Deed of Trust. Notwithstanding the foregoing, however, under no circumstances shall these indemnity obligations of Trustor include any obligation for payment of punitive damages assessed against Beneficiary or Trustee or their officers, employees, agents or representatives.

c. Trustor shall pay all amounts and indebtedness arising under this Section 5.10 immediately upon demand by Trustee or Beneficiary together with interest thereon from the date the indebtedness arises at the rate of interest then applicable to the principal balance of the Note as specified therein.

5.11 SUBSTITUTION OF TRUSTEES. From time to time, by a writing, signed and acknowledged by Beneficiary and recorded in the Office of the Recorder of the County in which the Subject Property is situated, Beneficiary may appoint another trustee to act in the place and stead of Trustee or any successor. Such writing shall set forth any information required by law. The recordation of such instrument of substitution shall discharge Trustee herein named and shall appoint the new trustee as the trustee hereunder with the same effect as if originally named Trustee herein. A writing recorded pursuant to the provisions of this Section 5.11 shall be conclusive proof of the proper substitution of such new Trustee.

5.12 DUE ON SALE OR ENCUMBRANCE. Except as permitted by the DDA, if the Subject Property or any interest therein shall be sold, assigned, leased, subleased, transferred (including, without limitation, through sale or transfer of a majority or controlling interest of the corporate stock or general partnership interests or limited liability company interests of Trustor), mortgaged, collaterally assigned, or further encumbered (other than leases of individual apartment units within the Improvements), whether directly or indirectly, whether voluntarily, involuntarily or by operation of law, without the prior written consent of Beneficiary, THEN Beneficiary, in its sole discretion, may declare all Secured Obligations immediately due and payable.

5.13 RELEASES, EXTENSIONS, MODIFICATIONS AND ADDITIONAL SECURITY. Without notice to or the consent, approval or agreement of any persons or entities having any interest at any time in the Subject Property or in any manner obligated under the Secured Obligations ("Interested Parties"), Beneficiary may, from time to time, release any person or entity from liability for the payment or performance of any Secured Obligation, take any action or make any agreement extending the maturity or otherwise altering the terms or increasing the amount of any Secured Obligation, or accept additional security or release all or a portion of the Subject Property and other security for the Secured Obligations. None of the foregoing actions shall release or reduce the personal liability of any of said Interested Parties, or release or impair the priority of the lien of this Deed of Trust upon the Subject Property.

5.14 RECONVEYANCE. Upon Beneficiary's written request, and upon surrender to Trustee for cancellation of this Deed of Trust or a certified copy thereof and any note, instrument, or instruments setting forth all obligations secured hereby, Trustee shall reconvey, without warranty, the Subject Property or that portion thereof then held hereunder. To the extent permitted by law, the reconveyance may describe the grantee as "the person or persons legally entitled thereto" and the recitals of any matters or facts in any reconveyance executed hereunder shall be conclusive proof of the truthfulness thereof. Neither Beneficiary nor Trustee shall have any duty to determine the rights of persons or entities claiming to be rightful grantees of any reconveyance. When the Subject Property has been fully reconveyed, the last such reconveyance shall operate as a reassignment of all future rents, issues and profits of the Subject Property to the person or persons legally entitled thereto.

5.15 SUBROGATION. Beneficiary shall be subrogated to the lien of all encumbrances, whether released of record or not, paid in whole or in part by Beneficiary pursuant to this Deed of Trust or by the proceeds of any loan secured by this Deed of Trust.

5.16 RIGHT OF INSPECTION. Beneficiary, its agents and employees, may enter the Subject Property at any reasonable time for the purpose of inspecting the Subject Property and ascertaining Trustor's compliance with the terms hereof.

ARTICLE 6. DEFAULT PROVISIONS

6.1 DEFAULT. For all purposes hereof, the term "Default" shall mean (a) at Beneficiary's option, the failure of Trustor to make any payment of principal or interest on the Note or to pay any other amount due hereunder or under the Note when the same is due and payable, within ten (10) days after receipt of written notice from Beneficiary; or (b) the failure of Trustor to perform any non-monetary obligation hereunder, or the failure to be true of any representation or warranty of Trustor contained herein and the continuance of such failure for thirty (30) days after notice from Beneficiary (or such longer grace period as may be provided pursuant to the Loan Agreement for such failure or the existence of any default under the Loan Agreement), or if it is not reasonably practicable to cure or remedy such failure within such thirty (30) day period, then Trustor shall not be deemed to be in default if Trustor shall commence such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion.

6.2 RIGHTS AND REMEDIES. At any time after Default, Beneficiary and Trustee shall each have all the following rights and remedies:

a. With or without notice, to declare all Secured Obligations immediately due and payable;

b. With or without notice, and without releasing Trustor from any Secured Obligation, and without becoming a mortgagee in possession, to cure any breach or Default of Trustor and, in connection therewith, to enter upon the Subject Property and do such acts and things as Beneficiary or Trustee deem necessary or desirable to protect the security hereof, including, without limitation: (i) to appear in and defend any action or proceeding purporting to affect the security of this Deed of Trust or the rights or powers of Beneficiary or Trustee under this Deed of Trust; (ii) to pay, purchase, contest or compromise any encumbrance, charge, lien or claim of lien which, in the sole judgment of either Beneficiary or Trustee, is or may be senior in priority to this

Deed of Trust, the judgment of Beneficiary or Trustee being conclusive as between the parties hereto; (iii) to obtain insurance; (iv) to pay any premiums or charges with respect to insurance required to be carried under this Deed of Trust; or (v) to employ counsel, accountants, contractors and other appropriate persons.

c. To commence and maintain an action or actions in any court of competent jurisdiction to foreclose this instrument as a mortgage or to obtain specific enforcement of the covenants of Trustor hereunder, and Trustor agrees that such covenants shall be specifically enforceable by injunction or any other appropriate equitable remedy and that for the purposes of any suit brought under this subparagraph, Trustor waives the defense of laches and any applicable statute of limitations;

d. To apply to a court of competent jurisdiction for and obtain appointment of a receiver of the Subject Property as a matter of strict right and without regard to the adequacy of the security for the repayment of the Secured Obligations, the existence of a declaration that the Secured Obligations are immediately due and payable, or the filing of a notice of default, and Trustor hereby consents to such appointment;

e. To enter upon, possess, manage and operate the Subject Property or any part thereof, to take and possess all documents, books, records, papers and accounts of Trustor or the then owner of the Subject Property, to make, terminate, enforce or modify Leases of the Subject Property upon such terms and conditions as Beneficiary deems proper, to make repairs, alterations and improvements to the Subject Property as necessary, in Trustee's or Beneficiary's sole judgment, to protect or enhance the security hereof;

f. To execute a written notice of such Default and of its election to cause the Subject Property to be sold to satisfy the Secured Obligations. As a condition precedent to any such sale, Trustee shall give and record such notice as the law then requires. When the minimum period of time required by law after such notice has elapsed, Trustee, without notice to or demand upon Trustor except as required by law, shall sell the Subject Property at the time and place of sale fixed by it in the notice of sale, at one or several sales, either as a whole or in separate parcels and in such manner and order, all as Beneficiary in its sole discretion may determine, at public auction to the highest bidder for cash, in lawful money of the United States, payable at time of sale. Neither Trustor nor any other person or entity other than Beneficiary shall have the right to direct the order in which the Subject Property is sold. Subject to requirements and limits imposed by law, Trustee may from time to time postpone sale of all or any portion of the Subject Property by public announcement at such time and place of sale. Trustee shall deliver to the purchaser at such sale a deed conveying the Subject Property or portion thereof so sold, but without any covenant or warranty, express or implied. The recitals in the deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person or entity, including Trustee, Trustor or Beneficiary may purchase at the sale;

g. To resort to and realize upon the security hereunder and any other security now or later held by Beneficiary concurrently or successively and in one or several consolidated or independent judicial actions or lawfully taken non-judicial proceedings, or both, and to apply the proceeds received upon the Secured Obligations all in such order and manner as Trustee and Beneficiary, or either of them, determine in their sole discretion.

h. Upon sale of the Subject Property at any judicial or non-judicial foreclosure, Beneficiary may credit bid (as determined by Beneficiary in its sole and absolute discretion) all or any portion of the Secured Obligations. In determining such credit bid, Beneficiary may, but is not obligated to, take into account all or any of the following: (i) appraisals of the Subject Property as such appraisals may be discounted or adjusted by Beneficiary in its sole and absolute underwriting discretion; (ii) expenses and costs incurred by Beneficiary with respect to the Subject Property prior to foreclosure; (iii) expenses and costs which Beneficiary anticipates will be incurred with respect to the Subject Property after foreclosure, but prior to resale, including, without limitation, costs of structural reports and other due diligence, costs to carry the Subject Property prior to resale, costs of resale (e.g. commissions, attorneys' fees, and taxes), costs of any hazardous materials clean-up and monitoring, costs of deferred maintenance, repair, refurbishment and retrofit, costs of defending or settling litigation affecting the Subject Property, and lost opportunity costs (if any), including the time value of money during any anticipated holding period by Beneficiary; (iv) declining trends in real property values generally and with respect to properties similar to the Subject Property; (v) anticipated discounts upon resale of the Subject Property as a distressed or foreclosed property; (vi) the fact of additional collateral (if any), for the Secured Obligations; and (vii) such other factors or matters that Beneficiary (in its sole and absolute discretion) deems appropriate. In regard to the above, Trustor acknowledges and agrees that: (w) Beneficiary is not required to use any or all of the foregoing factors to determine the amount of its credit bid; (x) this Section does not impose upon Beneficiary any additional obligations that are not imposed by law at the time the credit bid is made; (y) the amount of Beneficiary's credit bid need not have any relation to any loan-to-value ratios previously discussed between Trustor and Beneficiary; and (z) Beneficiary's credit bid may be (at Beneficiary's sole and absolute discretion) higher or lower than any appraised value of the Subject Property.

6.3 APPLICATION OF FORECLOSURE SALE PROCEEDS. After deducting all costs, fees and expenses of Trustee, and of this trust, including, without limitation, cost of evidence of title and attorneys' fees in connection with sale and costs and expenses of sale and of any judicial proceeding wherein such sale may be made, Trustee shall apply all proceeds of any foreclosure sale: (a) to payment of all sums expended by Beneficiary under the terms hereof and not then repaid, with accrued interest at the rate of interest specified in the Note to be applicable on or after maturity or acceleration of the Note; (b) to payment of all other Secured Obligations; and (c) the remainder, if any, to the person or persons legally entitled thereto.

6.4 APPLICATION OF OTHER SUMS. All sums received by Beneficiary under Section 6.2 or Section 3.2, less all costs and expenses incurred by Beneficiary or any receiver under Section 6.2 or Section 3.2, including, without limitation, attorneys' fees, shall be applied in payment of the Secured Obligations in such order as Beneficiary shall determine in its sole discretion; *provided, however*, Beneficiary shall have no liability for funds not actually received by Beneficiary.

6.5 NO CURE OR WAIVER. Neither Beneficiary's nor Trustee's nor any receiver's entry upon and taking possession of all or any part of the Subject Property, nor any collection of rents, issues, profits, insurance proceeds, condemnation proceeds or damages, other security or proceeds of other security, or other sums, nor the application of any collected sum to any Secured Obligation, nor the exercise or failure to exercise of any other right or remedy by Beneficiary or Trustee or any receiver shall cure or waive any breach, Default or notice of default under this Deed of Trust, or nullify the effect of any notice of default or sale (unless all Secured Obligations then due have been paid and performed and Trustor has cured all other defaults), or impair the status of the

security, or prejudice Beneficiary or Trustee in the exercise of any right or remedy, or be construed as an affirmation by Beneficiary of any tenancy, lease or option or a subordination of the lien of this Deed of Trust.

6.6 PAYMENT OF COSTS, EXPENSES AND ATTORNEYS' FEES. Trustor agrees to pay to Beneficiary immediately and without demand all costs and expenses incurred by Trustee and Beneficiary pursuant to Section 6.2 (including, without limitation, court costs and attorneys' fees, whether incurred in litigation or not) with interest from the date of expenditure until said sums have been paid at the rate of interest then applicable to the principal balance of the Note as specified therein. In addition, Trustor shall pay to Trustee all Trustee's fees hereunder and shall reimburse Trustee for all expenses incurred in the administration of this trust, including, without limitation, any attorneys' fees.

6.7 POWER TO FILE NOTICES AND CURE DEFAULTS. Trustor hereby irrevocably appoints Beneficiary and its successors and assigns, as its attorney-in-fact, which agency is coupled with an interest, (a) to execute and/or record any notices of completion, cessation of labor, or any other notices that Beneficiary deems appropriate to protect Beneficiary's interest, (b) upon the issuance of a deed pursuant to the foreclosure of this Deed of Trust or the delivery of a deed in lieu of foreclosure, to execute all instruments of assignment or further assurance with respect to the Leases and Payments in favor of the grantee of any such deed, as may be necessary or desirable for such purpose, (c) to prepare, execute and file or record financing statements, continuation statements, applications for registration and like papers necessary to create, perfect or preserve Beneficiary's security interests and rights in or to any of the Collateral, and (d) upon the occurrence of an event, act or omission which, with notice or passage of time or both, would constitute a Default, Beneficiary may perform any obligation of Trustor hereunder; *provided, however*, that: (i) Beneficiary as such attorney-in-fact shall only be accountable for such funds as are actually received by Beneficiary; and (ii) Beneficiary shall not be liable to Trustor or any other person or entity for any failure to act under this Section.

ARTICLE 7. MISCELLANEOUS PROVISIONS

7.1 NO MERGER. No merger shall occur as a result of Beneficiary's acquiring any other estate in, or any other lien on, the Subject Property unless Beneficiary consents to a merger in writing. If both the lessor's and lessee's estate under any lease or any portion thereof which now or hereafter constitutes a part of Subject Property shall at any time become vested in one owner, this Deed of Trust and the lien created hereby shall not be destroyed or terminated by application of the doctrine of merger unless Beneficiary so elects as evidenced by recording a written declaration so stating, and, unless and until Beneficiary so elects, Beneficiary shall continue to have and enjoy all of the rights and privileges of Beneficiary as to the separate estates. In addition, upon the foreclosure of the lien created by this Deed of Trust on the Subject Property pursuant to the provisions hereof, any leases or subleases then existing and affecting all or any portion of the Subject Property shall not be destroyed or terminated by application of the law of merger or as a matter of law or as a result of such foreclosure unless Beneficiary or any purchaser at such foreclosure sale shall so elect. No act by or on behalf of Beneficiary or any such purchaser shall constitute a termination of any lease or sublease unless Beneficiary or such purchaser shall give written notice thereof to such tenant or subtenant.

7.2 WAIVER OF MARSHALLING RIGHTS. Trustor, for itself and for all parties claiming through or under Trustor, and for all parties who may acquire a lien on or interest in the

Subject Property, hereby waives all rights to have the Subject Property and/or any other property, including, without limitation, the Collateral, which is now or later may be security for any Secured Obligation ("Other Property") marshaled upon any foreclosure of this Deed of Trust or on a foreclosure of any other security for any of the Secured Obligations. Beneficiary shall have the right to sell, and any court in which foreclosure proceedings may be brought shall have the right to order a sale of, the Subject Property and any or all of the Collateral or Other Property as a whole or in separate parcels, in any order that Beneficiary may designate.

7.3 RULES OF CONSTRUCTION. When the identity of the parties or other circumstances make it appropriate the masculine gender includes the feminine and/or neuter, and the singular number includes the plural. The term "Subject Property" means all and any part of the Subject Property and any interest in the Subject Property.

7.4 SUCCESSORS IN INTEREST. The terms, covenants, and conditions herein contained shall be binding upon and inure to the benefit of the heirs, successors and assigns of the parties hereto; *provided, however*, that this Section 7.4 does not waive or modify the provisions of Section 5.12.

7.5 EXECUTION IN COUNTERPARTS. This Deed of Trust may be executed in any number of counterparts, each of which, when executed and delivered to Beneficiary, will be deemed to be an original and all of which, taken together, will be deemed to be one and the same instrument.

7.6 CALIFORNIA LAW. This Deed of Trust shall be construed in accordance with the laws of the State of California, except to the extent that Federal laws preempt the laws of the State of California.

7.7 INCORPORATION. Exhibit 1 as attached, is incorporated into this Deed of Trust by this reference.

Five (5) of the Affordable Units rented to Lower Income Households shall be two-bedroom Housing Units. Four (4) of the Affordable Units rented to Lower Income Households shall be three-bedroom Housing Units.

Each such lease shall contain a waiver of relocation rights and benefits in a form which is reasonably acceptable to the Agency. The Agency shall approve such lease form upon finding that such lease form is consistent with this Lease and contains all of the provisions required pursuant to the HOME Program and the HOME Regulations. The Nonprofit shall enter into a lease, in the form approved by the Agency, with each new tenant of an apartment unit within the Buildings, and each existing tenant whose existing lease has expired. No lease shall contain any of the provisions which are prohibited pursuant to Section 92.253 of the HOME Regulations.

For purposes of this Section 42.3, "in perpetuity" means the useful life of the Property with the land use controls imposed, but not less than fifty-five (55) years. The duration of this requirement shall be known as the "Affordability Period."

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, or Lower Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low or Lower Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low and Lower Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency as provided herein. The maximum monthly rental amount for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development.

a. For the fourteen Affordable Units that will be rented to Very Low Income Households, seven (7) of the Affordable Units shall be rented at the lesser of (a) High HOME Rent or (b) CRL Very Low Income Rent. The other seven (7) of the Affordable Units shall be rented at the lesser of (a) Low HOME Rent or (b) CRL Very Low Income Rent.

b. The nineteen (19) Affordable Units that will be rented to Lower Income Households shall be rented at CRL Lower Income Rent.

For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit.

c. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Occupancy of Housing Units in the buildings shall be limited to two persons per bedroom plus one additional person per Housing Unit. Thus, one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency with respect to landscaping and building improvements, then the Agency, in addition to whatever remedy it may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of

protection, maintenance, and preservation by the Agency and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency upon demand.

404. **Management.** Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency. The fees payable to the Property Manager shall not exceed five percent (5%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency, the Agency may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency have not been corrected within thirty (30) days after Agency's notice to Nonprofit, the Agency may in its sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. **Reserve Accounts and Other Project Accounts.** The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Three Hundred Dollars ($300) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting. The Nonprofit shall set aside, on a monthly basis, in a separate reserve account (the "Operating Reserve"), the sum of two percent (2%) of the Gross Income of the Property. In no event, however, shall the Nonprofit be required to increase the Operating Reserve to an amount

which exceeds two percent (2%) of the gross income of the Property during the first full calendar year after the completion of the Rehabilitation of the Property. The Nonprofit shall retain such amount in the Operating Reserve to fund shortfalls between income and actual operating expenses.

The Nonprofit shall set aside, on a monthly basis, in a separate account, the sum of ten percent (10%) of Gross Income for the Affordable Housing Agreements Expenses ("BHC Projects Operations Account"). The Nonprofit shall, in addition, set aside twelve percent (12%) of Gross Income to be utilized exclusively for all costs associated with complying with Section 406 below ("Activity Center Account").

At all times, preference for participation in the Activity Center shall be given first to residents of the Building.

in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency in making the Property available for such inspection or audit. If for any reason the Agency is unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. **Nondiscrimination Covenants.** The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. **Inaction Not a Waiver of Default.** Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. **Applicable Law.** The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. **Non-Liability of Officials and Employees of the Agency.** No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. **Attorneys' Fees.** In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

602. **Enforced Delay; Extension of Times of Performance.** In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of the City or any other public or governmental agency or entity (other than the acts or failures to act of the Agency which shall not excuse performance by the Agency); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. **Transfers of Interest in Property or Agreement.**

603.1 **Prohibition.** The qualifications and identity of the Nonprofit are of particular concern to the Agency. It is because of those qualifications and identity that the Agency has entered into this Agreement with the Nonprofit. Accordingly, for the period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency, except as expressly set forth herein.

603.2 **Permitted Transfers.** Notwithstanding any other provision of this Agreement to the contrary, Agency approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 **Agency Consideration of Requested Transfer.** The Agency agrees that it will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set

forth in this Section 603 and as reasonably determined by the Agency. Notwithstanding the foregoing, the Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, (iv) the transferee's past experience and performance working with cities, redevelopment agencies, and/or housing authorities, (v) and similar factors. The Agency agrees not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency such further information as may be reasonably requested.

603.4 **Successors and Assigns.** All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 **Assignment by Agency.** The Agency may assign or transfer any of its rights or obligations under this Agreement with the approval of the Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City at any time without the consent of the Nonprofit.

604. **Agency Approvals and Actions.** The Agency shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Executive Director (or his or her duly authorized representative). The Agency's Executive Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board.

605. **No Waiver.** A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. **Modifications.** Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. **Severability.** If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. **Time of Essence.** Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. **Cooperation.** Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Regulatory Agreement as of the date set forth above.

Recitals

A. Agency either owns or has caused the institution of eminent domain action to acquire certain properties at 1729-1735 Elliot Drive, and 1801-1819 Grismer Avenue (collectively the "Premises").

B. Agency and Manager have entered into a Disposition and Development Agreement, ("DDA") wherein Manager has agreed to lease, rehabilitate, and operate the Premises. Prior to the commencement of the Lease (the "Lease Commencement"), Agency desires to have Manager manage and operate the Premises

C. Agency desires to retain the services of Manager to manage and operate the Premises for the benefit of Agency on the terms and conditions set forth in this Agreement.

THE PARTIES AGREE AS FOLLOWS:

ARTICLE 1. MANAGEMENT SERVICES AND STANDARDS

Appointment and Independent Contractor Status

1.01. Agency hereby appoints Manager and Manager hereby accepts appointment as manager of the Premises, to direct, supervise, and manage the operation of the Premises on the terms and conditions set forth in this Agreement. Agency and Manager acknowledge and agree that this Agreement establishes and constitutes only an Interim Management Agreement between the parties, that the parties are not joint venturers or partners, and that Manager shall not be deemed to be an employee of Agency. Manager shall at all times be an independent contractor.

Professional Management Standards

1.02.(a) Manager agrees to exert its best efforts, to furnish the services of its organization, and to exercise the highest degree of professional competence in managing the Premises so as to provide Agency with the maximum economic return consistent with proper management.

(b) Manager shall operate and maintain the Premises consistent with the Premises' other multi-unit apartment buildings on a standard equal to other apartment buildings in the surrounding vicinity with comparable facilities and amenities.

(c) Notwithstanding the authority granted in this Agreement, Manager agrees to abide by those standards and instructions that Agency may issue from time to time regarding the Plan (as defined in Paragraph 1.03(c) of this Agreement) or other standards governing the management and operation of the Premises.

LEASE

By and Between

THE REDEVELOPMENT AGENCY OF THE CITY OF BURBANK,

AGENCY

and

BURBANK HOUSING CORPORATION,

LESSEE

LEASE

This LEASE (the "Lease") is made as of_____, 200__, by and between the REDEVELOPMENT AGENCY OF THE CITY OF BURBANK, a public body, corporate and politic (the "Agency" or "Lessor"), and BURBANK HOUSING CORPORATION, a California nonprofit corporation (the "Lessee").

1. SUBJECT OF LEASE.

The purpose of this Lease is to effectuate the Redevelopment Plans of the Golden State, City Centre, South San Fernando and West Olive Redevelopment Project Areas ("Redevelopment Plans"), the implementation plans adopted pursuant thereto, and the Disposition and Improvements Agreement between Agency and Lessee (the "Developer") dated _____, 2003 (the "DDA"), by providing for the lease of the "Property" (as hereinafter defined) to Lessee, the rehabilitation of the Improvements thereon (eight of ten buildings to be rehabilitated, the remaining two to be demolished), development of other improvements including an Activity Center, (together, the "Rehabilitation") and operation of the Property and Improvements before, during, and after the Rehabilitation. Pursuant to the DDA, the Agency and the Developer have also entered into and recorded in the official records of Los Angeles County a "Regulatory Agreement" which, together with the provisions of this Lease, sets forth the obligations contained in the DDA which are intended to survive the completion of the construction of the Rehabilitation. The DDA and the Regulatory Agreement, which are available in the offices of Agency as public records, are incorporated herein by reference and made a part hereof as though fully set forth herein. The Agency has provided a loan ("Agency Loan") to the Lessee for the purpose of undertaking the Rehabilitation, which the Lessee must repay through "Residual Receipts" as set forth in the Promissory Note evidencing Lessee's obligation to repay the Agency Loan.

2. LEASE OF TITLE SITE.

Agency, for and in consideration of the rents, covenants, and agreements hereinafter reserved and contained on the part of Lessee to be paid, kept, performed and observed by Lessee, hereby leases to Lessee, and Lessee hereby leases from Agency, that certain real property in the City of Burbank (the "City") shown on the "Property Map" attached hereto as Exhibit "A" and incorporated herein by this reference, and having the legal description in the "Property Description" attached hereto as Exhibit "B" and incorporated herein by this reference (the "Property"). Except as expressly provided to the contrary in this Lease, reference to the Property is to the described land, the Improvements and other improvements existing on the Property as of the date of this Lease. The Property is exclusive of the Activity Center to be constructed on the land pursuant to the DDA, notwithstanding that the Activity Center may or shall be construed as affixed to and as constituting part of the real property.

3. LEASE TERM.

Lessee shall lease the Property from Agency and Agency shall lease the Property to

Lessee for a term commencing on _____, 200__ (the "Commencement Date") and continuing for a period of fifty-five (55) years after the In-Service Date (the "Term"), unless sooner terminated as provided for herein. As used herein, the "In-Service Date" means the date the Agency issues a final Release of Construction Covenants pursuant to the DDA.

4. USE OF THE SITE.

4.1. Use of the Property. Lessee covenants and agrees for itself, its successors and assigns that during the Term, the Property and the Improvements shall be devoted to those uses as set forth in this Lease, the DDA, and the Regulatory Agreement. In the event of any inconsistency between this Lease, the DDA, and the Regulatory Agreement, the most restrictive of the documents shall control.

4.2. Management. Nonprofit shall manage or cause the Property and the Improvements to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Improvements which has been approved by the Agency. Nonprofit shall contract with a management company or manager to operate and maintain the Improvements in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Executive Director, or his or her designee. The fees payable to the Property Manager shall not exceed five percent (5%) of the gross rents of the Improvements or in accordance with industry standard as approved by the Agency. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency, the Agency may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency have not been corrected within thirty (30) days after Agency's notice to Nonprofit, the Agency may in its sole discretion direct the Nonprofit to immediately terminate the Property Manager. Examples of management defects include, but are not limited to the following:

(a) Leasing to residents who exceed the prescribed income levels;

(b) Allowing the residents to exceed occupancy limits prescribed by law or set forth in the DDA, this Lease, or the Regulatory Agreement without taking immediate action to stop such overcrowding;

(c) Underfunding the prescribed Capital Replacement and Operating Reserves (Sections 10(1) and 10(j));

(d) Failing to timely maintain the Improvements and the Property in accordance with the DDA, Regulatory Agreement and the manner prescribed in Section 10;

(e) Failing to submit timely and/or adequate annual reports as required in Section 6.6;

(fl Fraud or embezzlement of Property monies, including without limitation the funds in the Capital Replacement Reserve, Operating Reserve and tenant security deposits; and

(g) Failing to fully cooperate with the Burbank Police Department or other local law enforcement agencies with jurisdiction over the Property, in controlling known criminal activity on the Property.

Notwithstanding the above, Lessee shall use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager as provided above.

4.3. Only Lawful Uses Permitted. Lessee shall not use the Property or the Improvements for any purpose that is in violation of any law, ordinance or regulation of any federal, state, county or local governmental agency, body or entity. Furthermore, Lessee shall not maintain, permit or commit any nuisance or unlawful conduct (as now or hereafter defined by any applicable statutory or decisional law) on the Property or the Improvements, or any part thereof.

5. RENT.

5.1 Net Lease. It is the intent of the parties hereto that the rent provided herein shall be absolutely net to Agency and that Lessee shall pay all costs, taxes, charges, and expenses of every kind and nature against the Property and the Improvements which may arise or become due during the Term, and which, except for execution hereof, would or could have been payable by Agency.

5.2 Rent. During the Term of this Lease, Lessee agrees to pay in advance, on the In-Service Date and thereafter on April 1 every year thereafter rent in the amount of One Dollar ($1.00) until the "Agency Loan" is repaid in full in accordance with the terms of the Promissory Note, dated _____. Upon the complete repayment of the Agency Loan, with interest as set forth in the Promissory Note, Lessee shall pay, on April 1 of every year thereafter until the expiration of this Lease, the amount equal to one hundred percent (100%) of "Residual Receipts," as defined herein below.

As used herein, "Operating Expenses" shall mean actual, reasonable and customary (for comparable affordable housing projects in Los Angeles County) costs, fees and expenses directly

incurred, paid, and attributable to the operation, maintenance, and management of the Property in a calendar year, including: (a) property management fee not greater than five percent (5%) of gross rents from the Property; (b) painting, cleaning, repairs, alterations, landscaping, utilities, refuse removal, certificates, permits and licenses, sewer charges, real and personal property taxes, assessments, insurance, security, advertising and promotion, janitorial services not included in property management, cleaning and building supplies, purchase, repair, servicing and installation of appliances, equipment, fixtures and furnishings, fees and expenses of accountants, attorneys and other professionals, (c) costs of operating the Activity Center (as defined in the DDA), which shall not exceed twelve percent (12%) of effective annual Income, (d) the Affordable Housing Agreements Expenses (as defined in the DDA), which shall not exceed ten percent (10%) of effective annual Income, and (e) other actual, reasonable and customary operating costs and capital costs which are directly incurred and paid by the Nonprofit. The Operating Expenses shall not in any event include non-cash expenses, including without limitation, depreciation.

As used herein, "Debt Service" shall mean all payments to service the debt of the Permanent Loan (it is anticipated by the parties that the Permanent Loan will be repaid by the time the Lessee begins to make Residual Receipts lease payments under this Lease).

As used herein, "Reserve Deposits" shall mean (a) payments to a capital replacement reserve account in an amount set forth in Section 405 of the DDA; (b) payments to an operating reserve account in the amount set forth in the DDA (2% of effective annual Income);

On or before April 1 of each year commencing on the first April 1st the Agency Loan has been repaid in full in accordance with the Promissory Note, the Borrower shall annually provide the Agency a Residual Receipts report, in the form attached as Exhibit C to the Loan Agreement between Agency and Lessee, which shall describe in detail the annual project Income, Debt Service, Operating Expenses, and Reserve Deposits, and Residual Receipts for that year. The Borrower shall also submit to the Agency, on or before April 1 of each year commencing after the date the Agency Loan has been repaid in full, annual financial statements with respect to the Improvements that have been reviewed by an independent certified public accountant, together with an expressed written opinion of the certified public accountant that such financial statements present the financial position, results of operations, and cash flows fairly and in accordance with generally accepted accounting principles.

The parties understand and acknowledge that the primary consideration for this Lease is the performance of the covenants set forth in this Lease and the Regulatory Agreement, particularly (without limitation, however) the covenants to rent the units to Very Low and Lower Income Households at an Affordable Rent pursuant to Section 6 hereof and Section 402 of the Regulatory Agreement.

5.3 Payment of Rent. All rent that becomes due and payable pursuant to this Lease shall be paid to Agency at the address of Agency listed in Section 25.7 or such other place as Agency may from time to time designate by written notice to the Lessee without notice or demand, and without setoff, counterclaim, abatement, deferment, suspension or deduction.

6. AFFORDABLE HOUSING REQUIREMENTS

6.1 Number of Affordable Units. Lessee agrees to make available, restrict occupancy to, and rent fourteen (14) of the apartment units in the Improvements ("Housing Units") to Very Low Income Households and nineteen (19) of the Housing Units to Lower Income Households (together, the "Affordable Units. The Housing Units that are not Affordable Units shall be rented at market rates. Eight (8) of the Affordable Units rented to Very Low Income Households shall be one-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be two-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be three-bedroom Housing Units. Ten (10) of the Affordable Units rented to Lower Income Households shall be one-bedroom Housing Units. Five (5) of the Affordable Units rented to Lower Income Households shall be two-bedroom Housing Units. Four (4) of the Affordable Units rented to Lower Income Households shall be three-bedroom Housing Units. All affordable units may float within the Property (i.e. the actual units within the Property subject to the income restrictions can vary as long as the percentage of units available to Very Low Income Households and Lower Income Households do not fall below the minimum numbers required herein), to the extent the substituted units are comparable in size, features, and number of bedrooms to the originally designated units.

For the purposes of this Lease, "Very Low Income Household" shall mean a household earning not greater than fifty percent (50%) of Los Angeles County area median income, adjusted for household size, as set forth by regulation of the California Department of Housing and Community Improvements, pursuant to Health and Safety Code Section 50105, or successor statute.

For the purposes of this Lease, "Lower Income Household" shall mean a household earning not greater than the applicable portion of Los Angeles County median income (generally 80%) which is set forth from time to time by regulation of the California Department of Housing and Community Improvements, pursuant to Health and Safety Code Section 50079.5.

6.2 Duration of Affordability Requirements. The Housing Units shall be subject to the requirements of this Section 6 in perpetuity commencing on the In-Service Date. For purposes of this Section 6.2, "in perpetuity" means the useful life of the Property with the land use controls but not less than fifty-five (55) years. The duration of this requirement shall be known as the "Affordability Period."

6.3. Selection of Residents. Lessee shall be responsible for the selection of residents of the Housing Units in compliance with lawful and reasonable criteria, including the criteria set forth herein and in Section 402.2 of the DDA.

6.4 Income of Residents. Following the initial lease-up of Housing Units to residents, and annually thereafter, the Lessee shall submit to Agency, at Lessee's expense, a summary of the income, household size and rent payable by each of the residents of the Housing Units. At the Agency's request, Lessee shall also provide to the Agency completed income computation and certification forms, in a form acceptable to the Agency, for any such tenant or residents. Lessee shall obtain, or shall cause to be obtained by the Property Manager, a certification from each tenant leasing an Affordable Unit demonstrating that such tenant is a

Very Low Income Household or Lower Income Household, as applicable, and meets the eligibility requirements established for the Housing Unit. Lessee shall verify, or shall cause to be verified by the Property Manager, the income certification of the tenant as set forth in Section 6.6 hereof.

6.5 Determination of Affordable Rent for the Affordable Units. Each Affordable Unit shall be rented at an "Affordable Rent," as follows:

a. For the fourteen Affordable Units that will be rented to Very Low Income Households, seven (7) of the Affordable Units shall be rented at the lesser of (a) High HOME Rent (as defined below) or (b) CRL Very Low Income Rent (as defined below). The other seven (7) of the Affordable Units shall be rented at the lesser of (a) Low HOME Rent (as defined below) or (b) CRL Very Low Income Rent.

b. The nineteen (19) Affordable Units that will be rented to Lower Income Households shall be rented at CRL Lower Income Rent (as defined below).

As used herein, "CRL Lower Income Rent" is defined under Health and Safety Code Section 50053(b)(3), as it may amended. As of the Date of Agreement, CRL Lower Income Rent is defined as the product of 30 percent times 60 percent of the area median income adjusted for family size appropriate for that unit. For those lower income households with gross incomes that exceed 60 percent of the area median income adjusted for family size, CRL Lower Income Rent shall be defined as thirty percent of gross income of the household.

As used herein, "CRL Very Low Income Rent" is defined under Health and Safety Code Section 50053(b)(2). As of the Date of Agreement, CRL Very Low Income Rent is defined as the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for that unit.

As used herein, "High HOME Rent" is defined under 24 C.F.R. 92.252(a) as the lesser of (a) the fair market value for comparable housing in the area as determined by the United States Department of Housing and Urban Improvements ("HUD") under 24 CFR 888.11, less the monthly allowance for utilities and services to by paid by each tenant, or (b) thirty percent (30%) of sixty-five percent (65%) of the median income for the area, as determined by HUD, with adjustments for number of bedrooms in the unit.

As used herein, "Low HOME Rent" is defined under 24 C.F.R. 92.252(b) as the lesser of (a) the rent for Very Low Income Households that does not exceed 30 percent of 50 percent of the area median income as determined by United States Department of Housing and Urban Improvements ("HUD"), with adjustments for smaller and larger families, or (b) High HOME Rent

For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water,

electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit.

c. The rents of the apartment units in the Improvements may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, established in connection with the Section 8 program administered by the United States Department of Housing and Urban Improvements, or other method acceptable to the Agency. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

In the event the Lessee charges rents for one or more of the Housing Units which exceed Affordable Rent, the Lessee shall promptly, and without necessity of notice or request therefore by the Agency, correct such rent and repay the amount of overcharge to the residents so charged. The cost to rectify such a discrepancy to Lessee shall not be deemed to constitute an expense of the Property. Any penalties arising from the charging of rents which exceed Affordable Rent shall be paid solely by Lessee.

6.6. Verifications. Lessee shall verify, or shall cause to be verified by the Property Manager, the income of each proposed and existing tenant of the Housing Units in an appropriate manner. Following the issuance of the Release of Construction Covenants pursuant to Section 311 of the DDA, and on or before June 30 of each year thereafter (or another mutually acceptable date approved in writing by the parties), Lessee, as an expense of the Property, shall submit to Agency the reports required pursuant to Health and Safety Code Section 33418, as the same may be amended from time to time, with each such report to be in a form reasonably acceptable to the Agency. Each annual report shall cover the immediately preceding fiscal year.

In addition, commencing on the first anniversary of the Commencement Date of this Lease, and continuing on each anniversary thereafter during the Term, the Lessee shall submit an Audited Financial Statement for the previous fiscal year (or portion thereof, including all funds from whatever source provided to the Lessee or Developer in connection with the Property. The Audited Financial Statement shall demonstrate ongoing compliance with the financial requirements of this Lease, including, without limitation, the requirements under Article 6 hereof to charge an Affordable Rent, the requirements of Section 10(i) to maintain the Operating Reserve, and the requirements of Section 10(j) to maintain the Capital Replacement Reserve.

The Lessee shall maintain on file each tenant's executed lease and income verification and rental records for the Property and the Housing Units. The Lessee shall maintain complete and accurate records pertaining to the Extremely Low Income Units, Very Low Income Units, the Moderate Income Units, and any other units and will permit any duly authorized representative of the Agency, during regular business hours at the office of the Property Manager or at the Property, and at the Agency's sole cost and expense, to inspect the books and records of the Lessee pertaining to the Property, including those records pertaining to the occupancy of the Extremely Low Income Units, the Very Low Income Units, the Moderate Income Units, and any other units. The Lessee shall prepare and submit to the Agency annually commencing on the first

anniversary of the Commencement Date and on each anniversary thereof throughout the Term, a certificate of continuing program compliance. Such documentation shall state for each unit in the Project the unit size, the rental amount, the number of occupants, and the income of the occupants and any other information which may be used to determined compliance with the terms of this Lease, the Regulatory Agreement and the DDA.

6.7. Occupancy Standards. Occupancy of Housing Units in the Improvements shall be limited to two persons per bedroom plus one additional person per Housing Unit. Thus, one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons

6.8. Regulatory Agreement. The Lessee shall execute, acknowledge, and deliver to Agency a "Regulatory Agreement," in the form of Attachment No. 8 to the DDA, to be recorded with respect to the Property in the official records of Los Angeles County, California. The Lessee shall comply with the Regulatory Agreement. The Regulatory Agreement and this Lease shall be construed to be consistent to the greatest feasible extent. In the event of any express conflict, this Lease shall control over the Regulatory Agreement, unless the Regulatory Agreement imposes a stricter requirement on the Lessee.

7. UTILITIES AND TAXES.

7.1 Utilities. Lessee shall pay, or provide for the payment by residents of the Housing Units, all charges for gas, electricity, water, sewer, garbage collection, and other utilities furnished to the Property and the Improvements and all sewer use charges, hookup or similar charges or assessments for utilities levied against the Property and the Improvements for any period included within the Term.

7.2 Real Estate Taxes.

(a) As used herein, the term "real estate taxes' shall mean all real estate taxes, assessments for improvements to the Property, municipal or county water and sewer rates and charges, or any other assessments or taxes, which shall be levied against the Property or the Improvements, or any interest therein, and which become a lien thereon and accrues during the Term.

(b) Any real estate taxes which are payable by Lessee hereunder shall be prorated between Agency and Lessee as of the Commencement Date and then again at the expiration or earlier termination of the Term.

(c) Lessee shall have the right to contest in good faith the amount or validity of any real estate taxes, in whole or in part, by appropriate administrative and legal proceedings, without any costs or expense to Agency.

(d) Lessee shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property.

The Agency does not represent or warrant to the Lessee that such an exemption will be available to the Lessee. The Lessee shall pay prior to delinquency all ad valorem real estate taxes and assessments on the Propety, subject to the right to contest in good faith the amount or validity of any such taxes or to receive an exemption from the payment of taxes as provided above.

7.3 Personal Property. Lessee covenants and agrees to pay before delinquency all personal property taxes, assessments and liens of every kind and nature upon all personally as may be from time to time situated within the Property and the Building.

7.4 Possessor Interest. Pursuant to Health and Safety Code Section 33673, the Property is required to be assessed and taxed in the same manner as privately owned property. Agency shall provide notice to the Los Angeles County Assessor within thirty (30) days of the commencement of this Lease as required by Health and Safety Code Section 33673.1. Lessee shall pay or cause to be paid, before any fine, penalty, interest or cost may be added thereto for the nonpayment thereof, all real estate taxes which may be levied against any and all interests in the Property and any Improvements during the Term, and not merely the assessed value of the leasehold interest in the Property; provided, however, that Lessee may apply for and receive a full or partial exemption from the payment of property taxes and assessments as set forth in Section 7.2 above.

8.1. Ownership During Term. With the exception of the Activity Center (which shall be deemed property of the Lessee), all improvements constructed, improved or rehabilitated on the Property by Lessee as provided in the DDA and as permitted by this Lease (the "Improvements") shall, during the Term, be and remain the property of Lessor; provided, however, that Lessee shall have no right to waste the Improvements, or to destroy, demolish or remove the Improvements except as otherwise permitted pursuant to this Lease; and provided further that Lessee's rights and powers with respect to the Improvements are subject to the terms and limitations of this Lease. Agency and Lessee intend that the improvements constituting the Improvements shall be real property.

8.2. Ownership at Termination. Upon termination of this Lease, whether by expiration of the Term or otherwise, all improvements and fixtures, including the Activity Center, shall, without compensation to Lessee, then become Agency's property, free and clear of all liens, encumbrances, and claims to or against them by Lessee or any third person, firm or entity, including but not limited to any mortgagee or lender. At the option of the Agency, the Agency may require the Lessee to demolish and remove any improvements to the Property which have not previously been approved by the Agency.

9. INDEMNIFICATION: FAITHFUL PERFORMANCE.

Except as otherwise set forth herein, Lessee shall not suffer or permit any liens to be enforced against the fee simple estate in reversion of Agency as to the Property and Improvements, nor against Lessee's leasehold interest therein by reason of work, labor, services or materials supplied or claimed to have been supplied to Lessee or anyone holding the Property and the Improvements, or any part thereof, through or under Lessee. Lessee agrees to defend, indemnify, and hold Agency and City and their respective officers, officials, employees, agents, and representatives, harmless against such liens. If any such lien shall at any time be filed against

the Property or the Improvements, Lessee shall, within thirty (30) days after notice to Lessee of the filing thereof, cause the same to be discharged of record; provided, however, that Lessee shall have the right to contest the amount or validity, in whole or in part, of any such lien by appropriate proceedings but in such event, Lessee shall notify Agency and promptly bond such lien in the manner authorized by law with a responsible surety company qualified to do business in the State of California or provide other security acceptable to Agency. Lessee shall prosecute such proceedings with due diligence. Nothing in this Lease shall be deemed to be, nor shall be construed in any way to constitute, the consent or request of Agency, express or implied, by inference or otherwise, to any person, firm or limited partnership for the performance of any labor or the furnishing of any materials for any construction, rebuilding, alteration or repair of or to the Property, the Improvements, or any part thereof prior to commencement of Rehabilitation of the Property, or any repair or alteration thereto, Lessee shall give Agency not less than fifteen (15) days advance notice in writing of intention to begin said activity in order that nonresponsibility notices may be posted and recorded as provided by State and local laws. Notwithstanding the foregoing, however, the Agency shall give its reasonable approval to permit a deed of trust securing Lessee's Permanent Loan to be secured against its fee simple interest, if, in the Agency's reasonable opinion, said security of the Permanent Loan is necessary to allow Lessee obtain the Permanent Loan in accordance with the DDA.

10. MAINTENANCE AND REPAIR.

Lessee agrees to assume full responsibility for the management, operation and maintenance of the Improvements and the Property throughout the Term without expense to Agency, and to perform all repairs and replacements necessary to maintain and preserve the Improvements and the Property in good repair, in a neat, clean, safe and orderly condition reasonably satisfactory to Agency and in compliance with all applicable laws, subject to ordinary wear and tear. Lessee agrees that Agency shall not be required to perform any maintenance, repairs or services or to assume any expense in connection with the Improvements and the Property. Lessee hereby waives all rights to make repairs or to cause any work to be performed at the expense of Agency as may be provided for in Section 1941 and 1942 of the California Civil Code, if applicable. The Lessee shall manage and maintain the Improvements on the Property in conformity with the Burbank Municipal Code.

The following standards shall be complied with by Lessee and its maintenance staff, contractors or subcontractors:

(a) Lessee shall maintain the Property, including the Improvements, the individual Housing Units, all common areas and buildings, all exterior facades, all sidewalks, and all exterior areas, in a safe and sanitary fashion suitable for a high quality multi-family rental housing development, subject to ordinary wear and tear. The Lessee agrees to provide utility services, administrative services, supplies, contract services, maintenance, maintenance reserves, and management which are necessary for the maintenance of the entire Property including interior tenant spaces, common area spaces and exterior common areas.

(b) Landscape maintenance shall include, but not be limited to: watering and irrigation; fertilization; mowing, edging, and trimming of grass; tree and shrub pruning; trimming and shaping of trees and shrubs to maintain a healthy, natural appearance and safe road conditions and visibility of any public and private roads on or immediately adjacent to the

Property, and optimum irrigation coverage; replacement, as needed, of all plant materials; control of weeds in all planters, shrubs, lawns, ground covers, or other planted areas; and staking for support of trees. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practices by Lessee.

(c) Clean-up maintenance shall include, but not be limited to: maintenance of all private paths, sidewalks, parking areas, driveways, curbs, gutters and other paved areas in clean and weed-free condition; maintenance of all such areas clear of dirt, mud, trash, debris or other matter which is unsafe or unsightly; removal of all trash, lifter and other debris from improvements and landscaping prior to mowing; clearance and cleaning of all areas maintained prior to the end of the day on which the maintenance operations are performed to ensure that all cuttings, weeds, leaves and other debris are properly disposed of.

(d) The Property shall be maintained in conformance with, in accordance with and in compliance with the approved construction and architectural and landscape plans and design scheme, as the same may be amended from time to time with the approval of the City.

(e) All maintenance work shall conform to all applicable federal and state standards and regulations for the performance of maintenance, including without limitation the Occupational Safety and Health Act.

(f) Any and all chemicals, unhealthful substances, and pesticides used in and during maintenance performed by Lessee, Property Manager or their contractors shall be applied in strict accordance with all governing regulations and in accordance with the manufacturer's directions for their use.

(g) Parking lots, lighting fixtures, trash enclosures, and all areas which can be seen from the adjacent streets shall be kept free from any debris or waste materials by regularly scheduled maintenance.

(h) All concrete and asphalt surfaces, including but not limited to retaining walls, driveways, sidewalks, curbs and gutters, patios, landings, stairs, and parking areas shall be maintained in a state of good repair, free of cracks and chipping, and as to those surfaces which are pedestrian ways, with a surface finish which is accessible in accordance with the Americans with Disabilities Act and any other similar state or federal laws and regulations.

(i) The Nonprofit shall also, or cause the Property Manager to, set aside not less than Three Hundred Dollars ($300) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the

following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

The Nonprofit shall set aside, on a monthly basis, in a separate reserve account (the "Operating Reserve"), the sum of two percent (2%) of the Effective Gross Income of the Property. In no event, however, shall the Nonprofit be required to increase the Operating Reserve to an amount which exceeds two percent (2%) of the gross income of the Property during the first full calendar year after the completion of the Rehabilitation of the Property. The Nonprofit shall retain such amount in the Operating Reserve to fund shortfalls between income and actual operating expenses.

The Nonprofit shall also set aside, on a monthly basis, in a separate account, the sum of ten percent (10%) of Effective Gross Income for the Affordable Housing Agreements Expenses (as defined in the DDA). The Nonprofit shall also set aside, in a separate account, twelve percent (12%) of Effective Gross Income to be utilized exclusively for all costs associated with complying with Section 406 of this DDA ("Activity Center Expenses").

(k) For purposes of this Section 10, "Effective Gross Income' of the Improvements shall mean the gross income actually generated by the Property and actually received by Lessee from third parties (excluding interest on reserve accounts), including without limitation rents and laundry revenues, without deduction for any expenses.

11. ENVIRONMENTAL MATTERS.

11.1 Definitions. For the purposes of this Lease, unless the context otherwise specifies or requires, the following terms shall have the meanings herein specified:

(a) The term "Hazardous Materials" shall mean any substance, material, or waste which is or becomes regulated by any local governmental authority, the County of Los Angeles, the State of California, regional governmental authority or the United States Government, including, but not limited to, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste" under Section 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law)), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act), (iii) defined as a 'hazardous material," "hazardous substance," or "hazardous waste" under Section 25501 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iv) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (v) petroleum, (vi) friable asbestos, (vii) polychlorinated byphenyls, (viii) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to

Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20, (ix) designated as "hazardous substances" pursuant to Section 311 of the Clean Water Act (33 U.S.C. § 1317), (x) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. §6901 et seq. (42 U.S.C. §6903) or (xi) defined as "hazardous substances" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §960 1 at seq. Notwithstanding the foregoing, "Hazardous Materials" shall not include such products in quantities as are customarily used in the construction, maintenance, operation, rehabilitation or management of residential developments or associated buildings and grounds, or typically used in residential activities in a manner typical of other comparable residential developments, or substances commonly ingested by a significant population living within the Improvements, including without limitation alcohol, aspirin, tobacco and saccharine.

(b) The term "Hazardous Materials Contamination" shall mean the contamination (whether presently existing or hereafter occurring) of the improvements, facilities, soil, groundwater, air or other elements on, in or of the Property by Hazardous Materials, or the contamination of the buildings, facilities, soil, groundwater, air or other elements on, in or of any other property as a result of Hazardous Materials at any time (whether before or after the Date of Lease) emanating from the Property.

(c) The term "Governmental Requirements" shall mean all past, present and future laws, ordinances, statutes, codes, rules, regulations, orders and decrees of the United States, the state, the county, the city, or any other political subdivision in which the Property is located, and any other state, county city, political subdivision, agency, instrumentality or other entity exercising jurisdiction over Agency, Lessee or the Property.

11.2 Property Evaluation. Pursuant to Section 207 of the DDA, Lessee has had an opportunity, prior to the Commencement Date of this Lease, to engage its own environmental consultant to make such investigations of the Property as Lessee has deemed necessary, and Lessee has approved the environmental condition of the Property. Lessee assumes any and all responsibility and Liabilities (as defined in Section 11.3 of this Lease) for all Hazardous Materials Contamination of the Property which occurs during the Term of this Lease or extension thereof, except to the extent of any remediation which the Agency may have agreed to perform upon the Property pursuant to the DDA.

11.3 Indemnification.

Upon and after the Commencement Date of this Lease, Lessee agrees to indemnify, defend and hold Agency harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the release from the Property, use on the Property, generation on the Property, discharge from the Property, storage on the Property, disposal on or from the Property, or transportation to or from the Property, of any Hazardous Materials during the term of this Lease, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment or license relating to the use, generation, release, discharge, storage, disposal or transportation of Hazardous Materials on, under, in or about, to or from, the Property during the term of this Lease by Lessee, its agents, employees, contractors, invitees or licensees. This indemnity shall include,

without limitation, any damage, liability, fine, penalty, parallel indemnity after closing, cost or expense arising from or out of any claim, action, suit or proceeding, including injunctive, mandamus, equity or action at law, for personal injury (including sickness, disease or death), tangible or intangible property damage, compensation for lost wages, business income, profits or other economic loss, damage to the natural resource or the environment, nuisance, contamination, leak, spill, release or other adverse effect on the environment; provided, however, under no circumstances shall these indemnity obligations of Lessee include any obligation for payment of punitive damages assessed against Agency or City or theft officers, employees, agents or representatives. Lessee's obligations under this Section 11.3(a) shall survive the expiration of this Lease.

11.4 Duty to Prevent Hazardous Material Contamination. Lessee shall take all necessary precautions to prevent the release of any Hazardous Materials into the environment. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Lessee shall install and utilize such equipment and implement and adhere to such procedures as are consistent with commercially reasonable standards generally applied by apartment complexes in Los Angeles County, California as respects the disclosure, storage, use, removal, and disposal of Hazardous Materials.

11.5 Obligation of Lessee to Remediate Premises. Notwithstanding the obligation of Lessee to indemnify Agency pursuant to Section 11.3 of this Lease, Lessee shall, at its sole cost and expense, promptly take (i) all actions required by any federal, state, regional, or local governmental agency or political subdivision or any Governmental Requirements and (ii) all actions necessary to make full economic use of the Property for the purposes contemplated by this Lease and the Regulatory Agreement, which requirements or necessity arise from the presence upon, about or beneath the Property of any Hazardous Materials or Hazardous Materials Contamination occurring during the Term. Such actions shall include, but not be limited to, the investigation of the environmental condition of the Property, the preparation of any feasibility studies or reports and the performance of any cleanup, remedial, removal or restoration work. Lessee shall take all actions necessary to promptly restore the Property to an environmentally sound condition for the uses contemplated by this Lease and the Regulatory Agreement to the extent allowable under applicable Governmental Requirements.

11.6 Right of Entry. Notwithstanding any other term or provision of this Lease, Lessee shall permit Agency or its agents or employees to enter the Property at any time during normal business hours (except in the event of an emergency), without prior notice in the event of an emergency, and with not less than twenty-four (24) hours advance notice if no emergency is involved, to inspect, monitor and/or take emergency or long-term remedial action with respect to Hazardous Materials and Hazardous Materials Contamination on or affecting the Property, or to discharge Lessee's obligations hereunder with respect to such Hazardous Materials and Hazardous Materials Contamination when Lessee has failed to do so after notice from Agency and an opportunity to cure such deficiency. Except in the event of an emergency, Lessee shall have thirty (30) days following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default to implement a cure; provided, however, Lessee shall not be in default hereunder if such cure is not reasonably capable of being cured within such thirty (30) day period and Lessee takes all reasonable steps during such initial thirty (30) day period to commence the cure (including, for example, engagement of competent environmental consultants, or the conducting of any preliminary testing) and diligently

prosecutes it to completion. In the event of an emergency, Lessee shall implement a cure of such default as soon as practicable following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default. All reasonable and necessary costs and expenses incurred by Agency in connection with performing Lessee's obligations hereunder following Lessee's failure to cure shall be reimbursed by Lessee to Agency within thirty (30) days of Lessee's receipt of written request therefore.

11.7 Storage or Handling of Hazardous Materials. Lessee, at its sole cost and expense, shall comply with all Governmental Requirements for the storage, use, transportation, handling and disposal of Hazardous Materials on or about the Property, to the extent such Hazardous Materials are stored, used, transported, handled or disposed of by Lessee or its agents, contractors, employees, tenants, licensees or invitees. Lessee shall conduct all monitoring activities required or prescribed by applicable Governmental Requirements, and shall, at its sole cost and expense, comply with all posting requirements of Proposition 65 or any other similarly enacted Governmental Requirements. In addition, in the event of any complaint or governmental inquiry, or if otherwise deemed necessary by Agency in its reasonable judgment, Agency may require Lessee, at Lessee's sole cost and expense, to conduct specific monitoring or testing activities with respect to Hazardous Materials on the Property. Lessee's monitoring programs shall be in compliance with applicable Governmental Requirements, and any program related to the specific monitoring of or testing for Hazardous Materials on the Property, shall be satisfactory to Agency, in Agency's reasonable discretion. Subject to Section 11.3 above, Lessee shall further be solely responsible, and shall reimburse Agency, for all costs and expenses incurred by Agency arising out of or connected with the removal, clean-up and/or restoration work and materials necessary to return the Property and any property adjacent to the Property affected by Hazardous Materials emanating from the Property during the Term to their condition existing at the time of the Lessee s Property evaluation. Lessee's obligations hereunder shall survive the termination of this Lease and shall not merge with any grant deed.

11.8 Environmental Inquiries. Lessee shall notify Agency, and provide to Agency a copy or copies, of the following environmental permits, disclosures, applications, entitlements or inquiries relating to the Property: notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements, and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks, and Lessee shall report to Agency, as soon as possible after each incident, any unusual, potentially important incidents with respect to the Hazardous Materials or Hazardous Materials Contamination.

In the event of a release on or from the Property during the Term of any Hazardous Materials into the environment in violation of this Section 11, Lessee shall, as soon as possible after the release, furnish to Agency a copy of any and all reports relating thereto and copies of all correspondence with governmental agencies relating to the release. Upon request of Agency, Lessee shall furnish to Agency a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Property including, but not limited to, all permit applications, permits and reports including, without limitation, those reports and other matters which may be characterized as confidential.

12. ALTERATION OF IMPROVEMENTS.

Upon completion of the Rehabilitation pursuant to the requirements of the DDA, Lessee shall not make or permit to be made any structural alteration of the Property or Improvements, nor demolish all or any part of the Property or Improvements, without obtaining all required City permits and entitlements, and without obtaining the prior written consent of Agency; provided, however, that the foregoing shall not prohibit or restrict the repair and/or replacement of the Property by Lessee in accordance with Section 10 hereof. In requesting such consent of the Agency, Lessee shall submit to Agency detailed plans and specifications of the proposed work and an explanation of the need and reasons therefore. Agency's consent shall not be unreasonably withheld, conditioned or delayed; however, it may be withheld if the Agency deems it inconsistent with the DDA, Loan Agreement, or Regulatory Agreement. This provision shall not limit or set aside any obligation of Lessee under this Lease to maintain the Improvements and the Property in a clean and safe condition, including structural repair and restoration of damaged Improvements. Agency shall not be obligated by this Lease to make any improvements to the Property or to assume any expense therefore. Lessee shall not commit or suffer to be committed any waste or impairment of the Property or the Improvements, or any pan thereof, except as otherwise permitted pursuant to this Lease.

13. DAMAGE OR DESTRUCTION.

13.1 Obligation to Repair and Restore Damage Due to Casualty Covered by Insurance. Subject to Section 13.3 below, if the Property or Improvements shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty required to be insured against by Lessee, Lessee shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the Property and/or Improvements to substantially the same condition as the Property and/or Improvements is required to be maintained in pursuant to this Lease, whether or not the insurance proceeds are sufficient to cover the actual cost of repair, replacement, or restoration, and Lessee shall complete the same as soon as possible thereafter so that the Property and/or Improvements can be occupied in accordance with this Lease. Subject to Section 25.23 hereof, in no event shall the repair, replacement, or restoration period exceed one (1) year from the date Lessee obtains insurance proceeds unless Agency's Executive Director or designee, in his or her reasonable discretion, approves a longer period of time. Agency shall cooperate with Lessee, at no expense to Agency, in obtaining any governmental permits required for the repair, replacement, or restoration. If, however, the then-existing laws of any other governmental agencies with jurisdiction over the Property do not permit the repair, replacement, or restoration to substantially predamaged condition, Lessee may elect not to repair, replace, or restore the Improvements by giving written notice to Agency (in which event Lessee will be entitled to all insurance proceeds, subject to Lessee's obligations to lenders or other third parties, but Lessee shall be required to remove all debris from the Property) or Lessee may reconstruct such other improvements on the Property as are consistent with applicable land use regulations and approved by the City, Agency, and the other governmental agency or agencies with jurisdiction. In the event Lessee elects not to repair, replace, or restore and give Agency notice of such election as provided herein, this Lease shall terminate, and ownership of the Improvements shall revert to the Agency as provided in Section 8.2 hereof.

13.2. Continued Operations. During any period of repair, Lessee shall continue, or cause the continuation of, the operation of the Improvements, Housing Units, and Affordable Units on the Property to the extent reasonably practicable from the standpoint of prudent business management.

13.3 Damage or Destruction Due to Cause Not Required to be Covered by Insurance. If the Property is destroyed or substantially damaged by a casualty for which Lessee is not required to (and has not) insured against, then Agency shall deliver written notice to Lessee of its obligations under this Section 13.3 within thirty (30) days of such event of substantial damage or destruction. In the event that the projected cost of repair, replacement or restoration does not exceed the sum of (a) the funds in the Capital Replacement Reserve, plus (b) the funds in the Operating Reserve (the "Maximum Repair Cost"), Lessee shall promptly commence and complete the repair, replacement, or restoration of the damaged or destroyed Improvements in accordance with Section 13.1 above and continue operation of the Improvements during the period of repair (if practicable) in accordance with Section 13.2 above. In the event that the projected cost of repair, replacement or restoration is projected to exceed the Maximum Repair Cost, Lessee may elect not to repair, replace, or restore such improvements, and to terminate this Lease, by providing Agency with written notice thereof within ninety (90) days after such damage or destruction, and upon the effectiveness of such termination ownership of the Improvements shall revert to the Agency as provided in Section 8.2 hereof. Notwithstanding the foregoing, however, in the event that the Agency, in its sole and absolute discretion, elects to pay for the costs of repair, replacement or restoration in excess of the Maximum Repair Cost, such termination shall be ineffective, and the Lessee shall be responsible for the costs of repair, replacement and restoration up to the Maximum Repair Cost, and the Agency shall be responsible for the costs of repair, replacement and restoration in excess of the Maximum Repair Cost. In no event, however, shall the Lessee be obligated to spend more the Maximum Repair Cost to satisfy its obligations under this Section 13.3 to repair, replace or restore the Property. In the event that the Lease is terminated by Lessee, and the Agency does not elect to pay for the costs of repair, replacement or restoration in excess of the Maximum Repair Cost, Lessee shall remove all debris from the applicable portion of the Property.

14. SALE, ASSIGNEMNT, SUBLEASE OR OTHER TRANSFER

Except for (a) leases of particular dwelling units to residents, (b) the lease of or grant of an easement or license to the City, (c) the daily rentals of space within the Activity Center portion of the Improvements to outside parties, and (d) transfers permitted pursuant to Section 603 of the Regulatory Agreement, Lessee shall not sell, assign, sublease, or otherwise transfer this Lease or any right therein, nor make any total or partial sale, assignment, sublease, or transfer in any other mode or form of the whole or any part of the Property or the Improvements (each of which events is referred to in this Lease as an "Assignment"), without prior written approval of Agency, which approval shall not be unreasonably withheld as more particularly set forth below in this Section 14. Any purported assignment without the prior written consent of Agency shall render this Lease absolutely null and void and shall confer no rights whatsoever upon any purported assignee or transferee.

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency, or the granting of easements or permits to facilitate construction or rehabilitation of the Improvements at any time during the Term.

(c) Any requested assignment for financing purposes (subject to such financing being considered and approved by Agency pursuant to Section 15 herein), including the grant of a deed of trust and/or other loan documents to secure the funds necessary for permanent financing of the Rehabilitation.

(d) The leasing or rental of individual Housing Units within the Improvements.

In the event of an assignment by Lessee under subparagraphs (a) above, not requiring Agency's prior approval, Lessee nevertheless agrees that at least thirty (30) days prior to such assignment it shall give written notice to Agency of such assignment and satisfactory evidence that the assignee or sublessee has assumed jointly with Lessee the obligations of this Lease.

Agency agrees that it will not unreasonably withhold approval of a request made pursuant to this Section 14, provided Lessee delivers written notice to Agency requesting such approval. Such notice shall be accompanied by sufficient evidence regarding the proposed assignee's or purchaser's development and/or operational qualifications and experience, and its financial commitments and resources, in sufficient detail to enable Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 14 and as reasonably determined by Agency. Agency shall evaluate such proposed transferee or assignee on the basis of its development qualifications and experience and/or qualifications and experience in the operation of facilities similar to the Property and Improvements, including experience working with cities and redevelopment agencies, and its financial commitments and resources, and may reasonably disapprove any proposed transferee or assignee, which Agency reasonably determines does not process sufficient qualifications. An assignment and assumption agreement in form satisfactory to Agency's Executive Director or designee shall also be required for all proposed assignments. Within thirty (30) days after the receipt of the Lessee's written notice requesting approval of an assignment or transfer pursuant to this Section 14, Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Lessee shall promptly furnish to Agency such further information as may be reasonably requested. Review of experience in operating similar Developments shall not be required with respect to institutional lenders providing financing pursuant to Section 15 hereof so long as the original Lessee (or a successor that has been expressly approved in writing by Agency) remains responsible for operating the Improvements and performing as Lessee pursuant to this Lease. Approval by Agency of any such sale, assignment, sublease or transfer shall be deemed to relieve Lessee or any approved or permitted assign or successor from any obligations under this Lease.

Notwithstanding any provision in this Section 14 to the contrary, in no event shall Lessee make any assignment which would or could be effective beyond the Term without the prior written consent of the Agency.

Agency may assign or transfer any of its rights or obligations under this Lease with the approval of the Lessee, which approval shall not be unreasonably withheld; provided, however, that Agency may assign or transfer any of its interests hereunder to the City at any time without the consent of the Lessee.

15. FINANCING.

Financing necessary to undertake the Rehabilitation and long-term operation of the Property is subject to the requirements of Section 311 of the DDA. In conjunction with such financing financing, Lessee may, at any time and from time to time during the Term, upon prior written notice to Agency and subject to the requirements of Sections 9 and/or 15 hereof, request that Agency authorize Lessee to mortgage, pledge, hypothecate or otherwise encumber to a federally or state chartered bank or savings and loan, a mortgage company or similar institutional lender (herein called "Lender"), by deed of trust or mortgage or other security instrument, all of Lessee's right, title and interest pursuant to this Lease and the leasehold estate hereby, following thirty (30) days prior written notice to Agency, to secure financing the Rehabilitation and/or long-term operation of the Improvements and Property. Agency shall consider such request in good faith, and may approve, disapprove, or conditionally approve in Agency's reasonable discretion.

Notwithstanding anything in this Section 15 to the contrary, Lessee shall not, without the prior written consent of Agency, which may be given or withheld in Agency's sole discretion, obtain any capital improvement loan or other conveyance for financing secured by the Property or this Lease, the term of which loan or other conveyance for financing purposes extends beyond the Term.

16. INDEMNITY.

Lessee shall defend, indemnify, assume all responsibility for, and hold Agency and City, and their respective officers, employees, agents, and representatives harmless from, all claims, demands, damages, defense costs or liability of any kind or nature (including attorneys' fees and costs) and for any damages to property or injuries to persons, including accidental death, which may be caused by or arise out of the Lessee's performance or failure to perform its obligations pursuant to this Lease, whether such activities or performance thereof be by the Lessee or by anyone employed or contracted with by the Lessee and whether such damage shall accrue or be discovered before or after termination of this Lease, or from any defect in the Property or the Improvements, or from any displacement of residents or liability for relocation assistance pursuant to Government Code Section 7260, et seq., due to the acts of Lessee hereunder. Lessee shall not be liable for property damage or bodily injury occasioned by the sole negligence of, willful misconduct of, or breach of this Lease by Lessee or its agents or employees.

17. INSURANCE.

17.1. Insurance to be Provided by Lessee. During the Term, Lessee, at its sole cost and expense, shall itself take out and maintain, or cause to be taken out and maintained, the following insurance coverage, in addition to any insurance which may be required pursuant to the DDA:

(a) Maintain or cause to be maintained a policy or policies of all-risk property insurance. Such insurance policy shall be maintained in an amount not less than one

hundred percent (100%) of the "Full Insurable Value" of the Property and Improvements, as defined herein in this Section 17.

(b) Maintain or cause to be maintained, upon the commencement of the occupancy of the Housing Units, use and occupancy or business interruption or rental income insurance against the perils of fire, lightning, vandalism, malicious mischief, and such other perils ordinarily included in extended coverage fire insurance policies, in an amount equal to not less than twelve (12) months' Effective Gross Income payable to Lessee from residents on the Property, assuming one hundred percent (100%) occupancy.

(c) Maintain or cause to be maintained, in an amount not less than Two Million Dollars ($2,000,000), combined single limit, commercial general liability insurance. The required amount of insurance shall be subject to increases as Agency may reasonably require from time to time, upon the recommendation of City risk management personnel, but not more frequently than every twenty-four (24) months. In no event shall such increase or increases exceed the increase during such period in the United States Department of Labor, Bureau of Labor Statistics, Consumer Price Index for Urban Wage Earners and Clerical Workers, Subgroup "All Items," in the geographical area applicable to the Burbank area. Lessee agrees that provisions of this paragraph as to maintenance of insurance shall not be construed as limiting in any way the extent to which Lessee may be held responsible for the payment of damages to persons or property resulting from Lessee's activities, activities of its sublessees or the activities of any other person or persons for which Lessee is otherwise responsible.

(d) Maintain or cause to be maintained by the Property Manager worker's compensation insurance issued by a responsible carrier authorized under the laws of the State of California to insure employers against liability for compensation under the workers' compensation laws now in force in California, or any laws hereafter enacted as an amendment or supplement thereto or in lieu thereof. Such workers compensation insurance shall cover all persons employed by Lessee and/or Property Manager in connection with the Property and the Improvements and shall cover full liability for compensation under any such act aforesaid, based upon death or bodily injury claims made by, for on behalf of any person incurring or suffering injury or death in connection with the Property or the Improvements or the operation thereof by Lessee or Property Manager.

17.2. Definition of "Full Insurable Value". The term "Full Insurable Value" as used in this Section 17 shall mean the actual replacement cost of the Improvements, including the cost of construction of the replacing the Improvements, architectural and engineering fees, applicable governmental fees, and inspection and supervision. Lessee shall maintain the insurance policy required by Section 17.1(a) hereof at the current Full Insurable Value of the Property.

17.3. General Insurance Provisions. All policies of insurance provided for in this Section 17, except for the workers' compensation insurance, shall name Lessee as the insured and Agency and the City, and their respective officers, employees, agents, and representatives, as additional insureds, as theft respective interests may appear. All property casualty insurance policies shall include the interest of any Lessee's lender, and may provide that any loss is payable jointly to Lessee and Lessee's lender in which event such policies shall contain standard mortgage loss payable clauses. Lessee agrees to timely pay or cause to be timely paid all premiums for such insurance and, at its sole cost and expense, to comply and secure compliance

with all insurance requirements necessary for the maintenance of such insurance. Lessee agrees to submit policies of all insurance required by this Section 17 of this Lease, or certificates and endorsement forms evidencing the existence thereof, to Agency on or before the effective date of this Lease, indicating full coverage of the contractual liability imposed by this Lease. At least thirty (30) days prior to expiration of any such policy, copies of renewal policies, or certificates and endorsement forms evidencing the existence thereof, shall be submitted to Agency. All policies shall be written by good and solvent insurers qualified to do business in California, with an A.M. Best's rating of not less than "A," and which are reasonably acceptable to the Agency Executive Director or designee. All policies or certificates of insurance shall also: (1) provide that such policies shall not be cancelled or limited in any manner without at least thirty (30) days prior written notice to Agency; and (ii) provide that such coverage is primary and not contributing with any insurance as may be obtained by Agency and shall contain a waiver of subrogation for the benefit of the City and Agency. Lessee may propose to the Agency that some or all of the insurance required hereunder be provided by umbrella coverage policies or other policies which provide equivalent coverage, and the Agency general counsel shall reasonably approve or disapprove such request in accordance with Agency and City risk management policies in effect at such time.

17.4. Failure to Maintain Insurance. If Lessee fails or refuses to procure or maintain insurance as required by this Lease, Agency shall have the right, at Agency's election, and upon ten (10) days prior written notice to Lessee, to procure and maintain such insurance. The premiums paid by Agency shall be treated as added rent due from Lessee, to be paid on the first day of the month following the date on which the premiums were paid. Agency shall give prompt written notice of the payment of such premiums, stating the amounts paid and the name of the insured(s).

17.5. Insurance Proceeds Resulting from Loss or Damage to Improvements. All proceeds of insurance with respect to loss or damage to the Property or Improvements during the term of this Lease shall be payable, under the provisions of the policy of insurance, to Lessee, and said proceeds shall constitute a trust fund to be used for the restoration, repair and rebuilding of the Improvements in accordance with plans and specifications approved in writing by Agency. To the extent that such proceeds exceed the cost of such restoration, repair or rebuilding, then such proceeds shall be used to repay any outstanding loans secured by encumbrances upon the Property, and any remaining proceeds shall be treated as income to the Improvements. Notwithstanding the foregoing, within the period during which there is an outstanding mortgage upon the Improvements, such proceeds shall be payable in accordance with mortgage loan documents.

In the event this Lease is terminated by mutual agreement of Agency and Lessee and the Property is not restored, repaired or rebuilt, the insurance proceeds and proceeds of the Capital Replacement Reserve and Operating Reserve shall be jointly retained by Agency and Lessee and shall be applied first to repay any outstanding loans secured by encumbrances upon Lessee's interest in this Lease, second to any payments due under this Lease from Lessee to Agency, third to restore the Property and Improvements to their original condition and to a neat and clean condition, and finally any excess shall be paid to the Agency, and Lessee shall have no further obligation hereunder to restore, repair or rebuild the Improvements; provided, however, that within any period when there is an outstanding mortgage upon the Improvements, such proceeds shall be applied in accordance with mortgage loan documents.

In the event this Lease is partially terminated by mutual agreement of Agency and Lessee and a portion of the Improvements is not restored, repaired or rebuilt, a pro rata portion of the insurance proceeds and proceeds of the Capital Replacement Reserve and Operating Reserve attributable to the portion of the Improvements which has been terminated shall be jointly retained by Agency and Lessee and shall be applied first to repay any outstanding loans secured by encumbrances upon Lessee's interest in this Lease, second to any payments due under this Lease from Lessee to Agency, third to restore the Property and Improvements to their original condition and to a neat and clean condition, and finally any excess shall be treated as income to the Improvements, and Lessee shall have no further obligation hereunder to restore, repair or rebuild the applicable portion of the Improvements subject to termination; provided, however, that within any period when there is an outstanding mortgage upon the Improvements, such proceeds shall be applied in accordance with mortgage loan documents.

18. EMINENT DOMAIN

In the event that the Property and/or the Improvements or any part thereof shall be taken for public purposes by condemnation as a result of any action or proceeding in eminent domain, then, as between Agency and Lessee (or mortgagee, if a mortgage is then in effect), the interests of Agency and Lessee (or mortgagee) in the award and the effect of the taking upon this Lease shall be as follows:

(a) In the event of such taking of only a part of the Property, leaving the remainder of the Property in such location and in such form, shape and size as to be used effectively and practicably for the conduct thereon of the uses permitted hereunder, this Lease shall terminate and end as to the portion of the Property so taken as of the date title to such portion vests in the condemning authority, but shall continue in full force and effect as to the portion of the Property not so taken and from and after such date the rental required by this Lease to be paid by Lessee to Agency shall be reduced in the proportion which the number of square feet so taken bears to the total number of square feet in the Property.

(b) In the event of taking of only a part of the Property, leaving the remainder of the Property in such location, or in such form, shape or reduced size as to render the same not effectively and practicably usable, for the conduct thereon of the uses permitted hereunder, this Lease and all right, title and interest thereunder shall cease on the date title to the Property or the portion thereof so taken vests in the condemning authority.

(c) In the event the entire Property is taken, this Lease and all of the right, title and interest thereunder, shall cease on the date title to the Property so taken vests in the condemning authority.

(d) In the event of taking of only Lessee's leasehold interest in the Property, this Lease shall terminate.

(e) Promptly after a partial taking that does not result in termination of this Lease, at Lessee's expense and in the manner specified in provisions of this Lease related to maintenance, repairs, alterations, Lessee shall restore the Property, to the extent possible and as permitted by law, so as to place them in a condition suitable for the uses and purposes for which

the Property was leased.

(f) In the event of any taking under subparagraphs (a), (b), (c) or (d) hereinabove, that portion of any award of compensation attributable to the fair market value of the land and improvements taken, or any part thereof or portion thereof, including the value attributable to this leasehold, if any, shall belong to Agency.

(g) Provided, however, that within the period during which there is an outstanding mortgage on Lessee's interest in this Lease, the mortgagee shall be entitled to any portion of the award attributable to the Lessee's interest in this Lease, consistent with the loan documents between Lessee and the mortgagees. Any excess portion of the award attributable to the condemnation of the Improvements shall be payable to Agency.

(h) Notwithstanding the foregoing provisions of this Section, Agency may, in its discretion and without affecting the validity and existence of this Lease, transfer Agency's interests in the Property in lieu of condemnation to any authority entitled to exercise the power of eminent domain. In the event of such transfer by Agency, Lessee (or mortgagee if a mortgage is then in effect) and Agency shall retain whatever rights they may have to recover from said authority the fair market value of their respective interests in the Improvements taken by the authority in the order set forth above.

(i) All valuations to be made pursuant to this Section 18 shall be made by mutual agreement of Agency and Lessee.

19. OBLIGATION TO REFRAIN FROM DISCRIMINATION

Lessee covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall Lessee itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of residents, lessees, subtenants, sublessees or vendees of the Property or any portion thereof. The foregoing covenants shall run with the land.

Lessee shall refrain from restricting the rental or lease of the Property and the Improvements, or any portion thereof including individual Housing Units, on the basis of sex, marital status, race, color, creed, religion, ancestry or national origin of any person. All such leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

(a) In Leases:

"The lessee herein covenants by and for itself, its heirs, executors, administrators and assigns, and all persons claiming under or through it, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of sex, marital status, race, color, creed, religion, national origin, or ancestry, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee itself, or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of residents, lessees, sublessees, subtenants, or vendees in the premises herein leased."

(b) In Contracts:

"There shall be no discrimination against or segregation of, any person or group of persons on account of sex, marital status, race, color, creed, religion, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use of occupancy of residents, lessees, subtenants, sublessees or vendees of the premises."

20. NONDISCRIMINATION IN EMPLOYMENT

Lessee, for itself and its successors and assigns, agrees that during the operation of the Property provided for in this Lease, and during any work of repair or replacement, Lessee shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, sex, marital status, physical or mental disability, sexual orientation, ancestry or national origin, or on the basis of any other category or status not permitted by law.

21. COMPLIANCE WITH LAW.

Lessee agrees, at its sole cost and expense, to comply and secure compliance by all contractors and residents of the Property and Improvements with all the requirements now in force, or which may hereafter be in force, of all municipal, county, state and federal authorities, pertaining to the Property and the Improvements thereon, as well as operations conducted thereon, and to faithfully observe and secure compliance by all contractors and residents of the Property and Improvements thereon with, in the use of the Property and the Improvements, all applicable county and municipal ordinances and state and federal statutes now in force or which may hereafter be in force, and to pay before delinquency all taxes, assessments, and fees, if any, assessor levied upon Lessee or the Property or the Improvements, including the land and any buildings, structures, machines, appliances or other improvements of any nature whatsoever, erected, installed or maintained by Lessee or by reason of the business or other activities of Lessee upon or in connection with the Property and the Improvements. Lessee shall use good faith efforts to prevent residents from maintaining any nuisance or other unlawful conduct on or about the Property or in or about the Buildingds, and shall take such actions as are reasonably required to abate any such violations by residents of the Property and Improvements. The judgment of any court of competent jurisdiction, or the admission of Lessee or any sublessee or

permittee in any action or proceeding against them, or any of them, whether Agency be a party thereto or not, that Lessee, sublessee or permittee has violated any such ordinance or statute in the use of the Property or the Building shall be conclusive of that fact as between Agency and Lessee, or such sublessee or permittee.

22. ENTRY AND INSPECTION.

Agency reserves and shall have the right during reasonable business hours (except in cases of emergency), upon twenty-four (24) hours prior written notice (except in cases of emergency) to Lessee by the Executive Director of Agency or designee, to enter the Property and the Improvements for the purpose of viewing and ascertaining the condition of the same, or to protect its interests in the Property and the Improvements or to inspect the operations conducted thereon, subject to the Agency's indemnification obligations as set forth in Section 16 hereof.

23. RIGHT TO MAINTAIN.

In the event that the entry or inspection by Agency pursuant to Section 22 hereof discloses that the Property or the Improvements are not in a decent, safe, and sanitary condition, Agency shall have the right, after thirty (30) days written notice to Lessee (except in case of emergency, in which event no notice shall be necessary) and Lessee's failure to cure such default within such thirty (30) day period or such longer period as provided below, to have any necessary maintenance work done for and at the expense of Lessee, and Lessee hereby agrees to pay promptly any and all costs incurred by Agency in having such necessary maintenance work done in order to keep the Property and the Improvements in a decent, safe and sanitary condition, provided that the Agency delivers such notice which is required hereunder. Notwithstanding the foregoing, except in cases of emergency, Lessee shall have thirty (30) days following receipt of reasonably detailed written notice setting forth the nature and scope of the default to implement a cure; provided, however, that Lessee shall not be in default hereunder if such default is not reasonably capable of being cured within such thirty (30) day period and Lessee takes all reasonable steps during such initial thirty (30) day period to commence the cure and diligently prosecute it to completion. In the event of an emergency, Lessee shall implement a cure of such default as soon as practicable following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default. The rights reserved in this Section 23 shall not create any obligations on Agency or increase obligations elsewhere in this Lease imposed on Agency.

24. EVENTS OF DEFAULT AND REMEDIES.

24.1. Events of Default by Lessee. The occurrence of any one (1) or more of the following shall constitute an event of default hereunder:

(a) Lessee shall fail to undertake the Rehabilitation in accordance with the DDA and within the times set forth in the DDA, subject to applicable cure periods set forth therein, following written notice from the Agency that such construction has not been completed within the required time; or

(b) Lessee shall abandon or surrender the Property or the Improvements; or

(c) Lessee shall fail or refuse to pay, within ten (10) days of notice from Agency that the same is due, any installment of rent or any other sum required by this Lease to be paid by Lessee; or

(d) Lessee shall fail to materially perform any covenant or condition of the DDA, Regulatory Agreement, the Agency Loan Agreement, this Lease, and/or any loan documents or regulatory agreements executed by Lessee which are permitted pursuant to the foregoing, other than as set forth in subparagraphs (a) or (b) above, and any such failure shall not be cured within thirty (30) days following the service on Lessee of a written notice from Agency specifying the failure complained of, or if it is not reasonably practicable to cure or remedy such failure within such thirty (30) day period, then Lessee shall not be deemed to be in default if Lessee shall commence such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion; or

(e) Subject to any restrictions or limitations placed on Agency by applicable laws governing bankruptcy, Lessee's (i) application for, consent to or suffering of the appointment of a receiver, trustee or liquidator for all or for a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) admitting in writing its inability to pay its debts or its willingness to be adjudged a bankrupt; (iv) becoming unable to or failing to pay its debts as they mature; (v) being adjudged a bankrupt; (vi) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within ninety (90) days of such filing); (vii) convening a meeting of its creditors or any class thereof for purposes of effecting a moratorium, extension or composition of its debts; or (viii) suffering or permitting to continue unstayed and in effect for ninety (90) consecutive days any attachment, levy, execution or seizure of all or a portion of Lessee's assets or of Lessee s interest in this Lease, then such event, following the expiration of all applicable cure periods without cure, shall constitute an event of "default" under this Lease.

24.2. Remedies of Agency.

In the event of any such default as described in Section 24.1, Agency may, at its sole option:

(a) Correct or cause to be corrected said default and charge any costs thereof, to the extent applicable (including costs incurred by Agency in enforcing this provision) to the account of Lessee, which charge shall be due and payable within thirty (30) days after presentation by Agency of a statement of all or part of said costs;

(b) Correct or cause to be corrected said default and pay the costs thereof (including costs incurred by Agency in enforcing this provision) from the proceeds of any insurance;

(c) Exercise its right to maintain any and all actions at law or suits in equity to compel Lessee to correct or cause to be corrected said default and/or to obtain monetary damages for such default, as provided in Section 24.3 hereof;

(d) Have a receiver appointed to take possession of Lessee's interest in the Property and the Improvements, with power in said receiver to administer Lessee's interest in the Property and the Improvements, to collect all funds available to Lessee in connection with its operation and maintenance of the Property and the Improvements; and to perform all other acts consistent with Lessee's obligation under this Lease as the court deems proper;

(e) Maintain and operate the Property and the Improvements, without terminating this Lease during the period of such default;

(f) Terminate this Lease.

24.3. Damages. Damages which Agency recovers in the event of default under this Lease shall be those which are then available under applicable California case and statutory law to lessors for leases in the State of California including, but not limited to, any accrued but unpaid rent and the worth at the time of award of the amount by which the unpaid rent for the balance of the term of this Lease after the date of award exceeds the amount of such rental loss for the same period that Lessee proves could be reasonably avoided.

24.4. Rights and Remedies are Cumulative. The remedies provided by this Section 24 are not exclusive and shall be cumulative to all other rights and remedies possessed by Agency. The exercise by Agency of one or more such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by Lessee.

24.5. Rights of Lenders.

(a) Cure by Mortgagee. Any mortgagee shall have the right, at any time during the Term, while this Lease is in full force and effect:

(i) to do any act required by Lessee hereunder, to prevent a forfeiture of Lessee's rights hereunder as if the same had been done or performed by Lessee;

(ii) to rely on the security afforded by the leasehold estate, and to acquire and to succeed to the interest of Lessee hereunder by foreclosure, whether by judicial sale, by power of sale contained in any security instrument, or by deed given in lieu of foreclosure, and thereafter convey or assign title to the leasehold estate so acquired to any other person, firm or corporation.

If the mortgagee or Lessee shall have furnished, in writing, to Agency a request for notice, in the event of any default or breach hereunder on the part of Lessee, then Agency will not terminate this Lease by reason of such default or breach if the mortgagee shall, within sixty (60) days after the expiration of the applicable cure periods set forth herein and service on mortgagee of written notice from Agency or Agency's intention to terminate this Lease, either (i) cure such default if the same can be cured by the payment of money; or, if such is not the case (ii) undertake, in writing, to perform all covenants of this Lease capable of performance by

mortgagee. In the event of such undertaking, mortgagee shall be deemed to have cured such default if mortgagee proceeds in a timely and diligent manner to accomplish said cure; provided, however, that if in order to accomplish such cure, mortgagee must foreclose on its security interest or obtain leave of the court as in the case of bankruptcy proceedings, such default shall be deemed cured, nevertheless, if mortgagee shall have made every reasonable effort to obtain such leave in a timely and diligent manner or shall have commenced foreclosure proceedings. Provided that mortgagee cures any additional defaults in the manner and within the time herein specified, the inability of mortgagee to cure a default based upon Lessee' s bankruptcy or insolvency or other non-curable default shall not permit Agency to terminate the Lease on account of such default. Further, this section shall not be deemed to obligate mortgagee to undertake or cure any default based upon Lessee's bankruptcy or insolvency, or other non-curable default.

This obligation of mortgagee for the performance of the terms of this Lease shall terminate upon the sale, transfer or assignment of the right, title and interest of mortgagee in the leasehold estate to any other person, firm or corporation.

Any provisions contained in this Lease to the contrary notwithstanding, any mortgagee of the Property or its assignee, may enforce such mortgage and acquire title to the leasehold estate in any lawful manner and, pending foreclosure of any such mortgage, may take possession of the Property.

(b) New Lease on Termination of this Lease. In the event this Lease is terminated for any reason, any mortgagee shall have the right within sixty (60) days after receipt of notice of such termination to demand that Agency execute a new lease of the Property with mortgagee as Lessee hereunder. In such event mortgagee shall immediately execute a new lease which shall be for the unexpired term of this Lease (and shall include any unexpired option extension terms) and shall otherwise be identical with the terms of this Lease and shall have the same priority as this Lease. Such new lease shall be executed and delivered by the Agency to the mortgagee within sixty (60) days after receipt by the Agency of written notice from the mortgagee of such election to obtain a new lease and upon payment by the mortgagee of all sums owing by Lessee under the provisions of this Lease (less the rent and other income actually collected by Agency in the meantime from any sublessees or other occupants of the Premises) and upon performance by the mortgagee of all other obligations of Lessee under the provisions of this Lease with respect to which performance is then due and which are susceptible of being cured by the mortgagee. After such termination of this Lease and prior to the expiration of the period within which mortgagee may elect to obtain such new lease from the Agency, Agency shall refrain executing any new subleases or amending, canceling or terminating any existing subleases without the prior written consent of the mortgagee.

(c) Consent of Mortgagee. Notwithstanding the provisions of this Lease to the contrary, until such time as the indebtedness of Lessee to mortgagee shall have been fully paid, Agency shall not, without the prior written consent of mortgagee first had and obtained, accept any surrender of this Lease, consent to any modification hereof or consent to the assignment hereof or of any part or portion of the term created thereby or of any of interest therein.

25. MISCELLANEOUS.

25.1 Governing Law. The laws of the State of California shall govern the interpretation and enforcement of this Lease.

25.2 Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purpose of this Lease. Such legal actions must be instituted in the Superior Court of Los Angeles County, State of California, in any other appropriate court in that County, or in the Federal District Court in the District of California in which the Property is located.

25.3 Acceptance of Service of Process. In the event that any legal action is commenced by Lessee against Agency, service of process on Agency shall be made by personal service upon the Chairman or Executive Director or designee of Agency or in such other manner as may be provided by law.

In the event that any legal action is commenced by Agency against Lessee, service of process on Lessee shall be made by personal service upon Lessee or in such other manner as may be provided by law, and shall be effective whether made within or without the State of California.

25.4 Attorneys' Fees And Court Costs. In the event that either Agency or Lessee shall bring or commence an action to enforce the terms and conditions of this Lease or to obtain damages against the other party arising from any default under or violation of this Lease, then the prevailing party shall be entitled to and shall be paid reasonable attorneys' fees and court costs therefore in addition to whatever other relief such prevailing party may be entitled.

25.5 Financial Statement; Inspection of Books And Records. Lessee shall submit to the Agency on an annual basis, not later than one hundred twenty (120) days after the end of each calendar year during the term of this Lease, an audited financial statement for the operation of the Property and Improvements, which is prepared by a certified public accounting firm. In addition, Agency shall have the right (at Lessee's office, upon not less than forty-eight (48) hours' notice, and during normal business hours) to inspect the books and records of Lessee pertaining to the Property as pertinent to the purposes of this Lease. Lessee also has the right (at Agency's office, upon not less than forty-eight (48) hours' notice, and at all reasonable times) to inspect the books and records of Agency pertaining to the Property as pertinent to the purposes of this Lease.

25.6 Interest. Any amount due Agency that is not paid when due shall bear interest from the date such amount becomes due until it is paid. Interest shall be at a rate equal to the lesser of (1) the discount rate established by the San Francisco office of the Federal Reserve Bank, plus two percent (2%), on the first day of the month such amount becomes due, and (ii) the maximum rate permitted by applicable law.

25.7 Notices. All notices, statements, demands, requests, consents, approvals, authorizations, offers, agreements, appointments or designations hereunder by either party to the other shall be in writing and shall be given either by (i) personal service, (ii) delivery by

reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified or registered mail, return receipt requested, postage prepaid, and addressed as follows:'

Agency: Redevelopment Agency of the City of Burbank
275 E. Olive Avenue
Burbank, CA 91510
Attn: Asst. Executive Director

With a copy to: City Attorney's Office
275 E. Olive Avenue
Burbank, CA 91510

Lessee: Burbank Housing Corporation
241 W. Verdugo Avenue
Burbank, CA 91502

or to such other address as either party shall later designate for such purposes by written notice to the other party. Agency shall also give copies of such notices to any Lender or mortgagee which has requested such notice. Notices shall be deemed effective upon personal delivery or within three (3) days after mailing thereof as provided above; provided, however that refusal to accept delivery after reasonable attempts thereto shall constitute receipt. Any notices attempted to be delivered to an address from which the receiving party has moved without notice to the delivering party shall be effective on the third day after the attempted delivery or deposit in the United States mail.

25.8 Time is of the Essence. Time is of the essence in the performance of the terms and conditions of this Lease.

25.9 Non-Merger of Fee And Leasehold Estates. If both Agency's and Lessee's estates in the Property become vested in the same owner, this Lease shall nevertheless not be destroyed by application of the doctrine of merger except at the express election of Agency and Lessee's lender. The voluntary or other surrender of this Lease by Lessee, or a mutual cancellation thereof, shall not work as a merger and shall, at the option of Agency, terminate all or any existing sublease or subtenancies or may, at the option of Agency, operate as an assignment to Agency of any or all such existing subleases or subtenancies.

25.10 Holding Over. The occupancy of the Property after the expiration of the Term of this Lease shall be construed to be a tenancy from month to month, and all other terms and conditions of this Lease shall continue in full force and effect.

25.11 Conflict of Interest. No member, official or employee of Agency shall have any personal interest, direct or indirect, in this Lease nor shall any such member, official or employee

participate in any decision relating to the Lease which affects his personal interests or the interests of any limited partnership, partnership or association in which he is directly or indirectly interested.

Lessee warrants that it has not paid or given, and will not pay or give, any third party any money or other consideration for obtaining this Lease.

25.12 Non-Liability of Agency and City Officials And Employees. No member, official, officer, employee, agent, or representative of Agency or City shall be personally liable to Lessee, or any successor in interest, in the event of any default or breach by Agency or for any amount which may become due to Lessee or successor or on any obligations under the terms of this Lease.

25.13 Relationship. The relationship between the parties hereto shall at all times be deemed to be that of landlord and tenant. The parties do not intend nor shall this Lease be deemed to create a partnership or joint venture.

25.14 Transactions with Affiliates. Lessee shall not have the right to enter into transactions with subsidiaries, affiliates and other related entities for the purpose of leasing space, providing cleaning, maintenance and repair services, insurance policies and other purposes related to the use and development of the Property and the Improvements, without the prior written approval of the Agency, which approval shall be given only if the Agency reasonably concludes that all such costs, charges and rents are competitive with the costs, charges, rent and other sums which would be paid by or to, as the case may be, an unrelated third party.

25.15 Waivers and Amendments. All waivers of the provisions of this Lease must be in writing and signed by the appropriate authorities of Agency or Lessee. The waiver by Agency of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition, or any subsequent breach of the same or any other term, covenant or condition herein contained. The subsequent acceptance of rent hereunder by Agency shall not be deemed to be a waiver of any preceding breach of Lessee of any term, covenant or condition of this Lease, regardless of Agency's knowledge of such preceding breach at the time of acceptance of such rent. Failure on the part of Agency to require or exact full and complete compliance with any of the covenants or conditions of this Lease shall not be construed as in any manner changing the terms hereof and shall not prevent Agency from enforcing any provision hereof.

All amendments hereto must be in writing and signed by the appropriate authorities of Agency and Lessee.

The Lessee's mortgagee permitted by this Lease shall not be bound by any waiver or amendment to this Lease without Lessee's mortgagee giving its prior written consent.

25.16 Non-Merger With DDA or Regulatory Agreement. None of the terms, covenants or conditions agreed upon in writing in the DDA or Regulatory Agreement and other instruments between the parties to this Lease with respect to obligations to be performed, kept or observed by Lessee or Agency in respect to the Property or any part thereof, shall be deemed to be merged

with this Lease.

25.17 Entire Agreement; Duplicate Originals; Counterparts. Except as set forth in Section 25.16, this Lease sets forth the entire understanding of the parties with respect to Lessee's lease of the Property. This Lease is executed in three (3) duplicate originals and counterparts, each of which is deemed to be an original. This Lease includes — pages and three exhibits, Exhibits A, B, and C.

25.18 Severability. If any provision of this Lease or the application thereof to any person or circumstances shall be invalid or unenforceable to any extent, the remainder of this Lease and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforceable to the greatest extent permitted by law.

25.19 Terminology. All personal pronouns used in this Lease, whether used in the masculine, feminine, or neuter gender, shall include all other genders; the singular shall include the plural, and vice versa. Titles of sections are for convenience only, and neither limit nor amplify the provisions of the Lease itself. Except for terms expressly defined in this Lease, all terms shall have the same meaning as set forth in the DDA.

Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

In addition, the parties now wish to further restrict the remaining apartment units to Moderate Income Households.

D. Agency loaned Nonprofit $3,441,000 though the DDA and a related loan agreement to accomplish rehabilitation of the Property, however, Nonprofit has determined that an additional $2,665,484 is now required to complete the scope of rehabilitation set forth in the DDA.

RECITALS

The following recitals are a substantive part of this Amendment:

A. On September 23, 2003, BHC and Agency entered into a Disposition and Development Agreement ("DDA") and Lease Agreement whereby BHC agreed to rehabilitate and then lease the property at 1801-1815 Grismer Avenue, 1819 Grismer Avenue and 1729-1735 Elliott Drive. As part of the DDA, the Agency provided BHC a loan of $3,441,000 for the rehabilitation of existing structures and construction of an activity center to be used for after school care by the focus neighborhood of the Grismer and Elliott projects. The loan payments were to begin when the construction is completed, and continue for 55 years thereafter. BHC was obligated to obtain some third party financing from a private lender once the project is complete, and those funds shall be paid to the Agency. This private loan requirement was eliminated through the refinancing. The aforementioned project is hereafter referred to as either "Property No. 6 or Project No. 6".

B. The parties entered into that certain Loan Agreement dated January 2, 2007 for the then amount of $20,003,347.62 (the "Loan Agreement") to refinance and consolidate debt between the parties, which include Property No. 6 or Project No. 6.

C. BHC requires additional funds of up to $2,665,484 to be used for Property No. 6 or Project No. 6 as defined above and to amend the Loan Agreement to reflect this increase in funds.

D. On January 15, 2008, the City and Agency held a duly noticed public hearing to consider this revision to the DDA and the corresponding report prepared in accordance with Health and Safety Code Section 33433.

ii. LEASE

By and Between

THE REDEVELOPMENT AGENCY OF THE CITY OF BURBANK,

AGENCY

and

BURBANK HOUSING CORPORATION,

LESSEE

LEASE

This LEASE (the "Lease") is made as of April 14, 2004, (the "Commencement Date") by and between the REDEVELOPMENT AGENCY OF THE CITY OF BURBANK, a public body, corporate and politic (the "Agency" or "Lessor"), and BURBANK HOUSING CORPORATION, a California nonprofit corporation (the "Nonprofit" or "Lessee").

1. SUBJECT OF LEASE.

The purpose of this Lease is to effectuate the Redevelopment Plans of the Golden State, City Centre, South San Fernando and West Olive Redevelopment Project Areas ("Redevelopment Plans"), the implementation plans adopted pursuant thereto, and the Disposition and Development Agreement between Agency and Lessee dated September 24, 2003 (the "DDA"), by providing for the lease of the "Property" (as hereinafter defined) to Lessee, the rehabilitation of the Improvements thereon (eight of ten buildings to be rehabilitated, the remaining two to be demolished), development of other improvements including an Activity Center, (together, the "Rehabilitation") and operation of the Property and Improvements before, during, and after the Rehabilitation. Pursuant to the DDA, the Agency and the Developer have also entered into and recorded in the official records of Los Angeles County a "Regulatory Agreement" which, together with the provisions of this Lease, sets forth the obligations contained in the DDA which are intended to survive the completion of the construction of the Rehabilitation. The DDA and the Regulatory Agreement, which are available in the offices of Agency as public records, are incorporated herein by reference and made a part hereof as though fully set forth herein. The Agency has provided a loan ("Agency Loan") to the Lessee for the purpose of undertaking the Rehabilitation, which the Lessee must repay through "Residual Receipts" as set forth in the Promissory Note evidencing Lessee's obligation to repay the Agency Loan.

2. LEASE OF TITLE SITE.

Agency, for and in consideration of the rents, covenants, and agreements hereinafter reserved and contained on the part of Lessee to be paid, kept, performed and observed by Lessee, hereby leases to Lessee, and Lessee hereby leases from Agency, that certain real property in the City of Burbank (the "City") shown on the "Property Map" attached hereto as Exhibit "A" and incorporated herein by this reference, and having the legal description in the "Property Description" attached hereto as Exhibit "B" and incorporated herein by this reference (the "Property"). Except as expressly provided to the contrary in this Lease, reference to the Property is to the described land, the Improvements and other improvements existing on the Property as of the date of this Lease. The Property is exclusive of the Activity Center to be constructed on the land pursuant to the DDA, notwithstanding that the Activity Center may or shall be construed as affixed to and as constituting part of the real property.

3. LEASE TERM.

Lessee shall lease the Property from Agency and Agency shall lease the Property to Lessee for a term commencing on the Commencement Date and continuing for a period of fifty-

five (55) years after the In-Service Date (the "Term"), unless sooner terminated as provided for herein. As used herein, the "In-Service Date" means the date the Agency issues a final Release of Construction Covenants pursuant to the DDA.

4. USE OF THE SITE.

4.1. Use of the Property. Lessee covenants and agrees for itself, its successors and assigns that during the Term, the Property and the Improvements shall be devoted to those uses as set forth in this Lease, the DDA, and the Regulatory Agreement. In the event of any inconsistency between this Lease, the DDA, and the Regulatory Agreement, the most restrictive of the documents shall control.

4.2. Management. Nonprofit shall manage or cause the Property and the Improvements to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Improvements which has been approved by the Agency. Nonprofit shall contract with a management company or manager to operate and maintain the Improvements in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Executive Director, or his or her designee. The fees payable to the Property Manager shall not exceed five percent (5%) of the gross rents of the Improvements or in accordance with industry standard as approved by the Agency. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency, the Agency may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency have not been corrected within thirty (30) days after Agency's notice to Nonprofit, the Agency may in its sole discretion direct the Nonprofit to immediately terminate the Property Manager. Examples of management defects include, but are not limited to the following:

(a) Leasing to residents who exceed the prescribed income levels;

(b) Allowing the residents to exceed occupancy limits prescribed by law or set forth in the DDA, this Lease, or the Regulatory Agreement without taking immediate action to stop such overcrowding;

(c) Underfunding the prescribed Capital Replacement and Operating Reserves (Sections 10(1) and 10(j));

(d) Failing to timely maintain the Improvements and the Property in accordance with the DDA, Regulatory Agreement and the manner prescribed in Section 10;

(e) Failing to submit timely and/or adequate annual reports as required in Section 6.6;

(f) Fraud or embezzlement of Property monies, including without limitation the funds in the Capital Replacement Reserve, Operating Reserve and tenant security deposits; and

(g) Failing to fully cooperate with the Burbank Police Department or other local law enforcement agencies with jurisdiction over the Property, in controlling known criminal activity on the Property.

Notwithstanding the above, Lessee shall use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager as provided above.

4.3. Only Lawful Uses Permitted. Lessee shall not use the Property or the Improvements for any purpose that is in violation of any law, ordinance or regulation of any federal, state, county or local governmental agency, body or entity. Furthermore, Lessee shall not maintain, permit or commit any nuisance or unlawful conduct (as now or hereafter defined by any applicable statutory or decisional law) on the Property or the Improvements, or any part thereof.

5. RENT.

5.1 Net Lease. It is the intent of the parties hereto that the rent provided herein shall be absolutely net to Agency and that Lessee shall pay all costs, taxes, charges, and expenses of every kind and nature against the Property and the Improvements which may arise or become due during the Term, and which, except for execution hereof, would or could have been payable by Agency.

5.2 Rent. During the Term of this Lease, Lessee agrees to pay in advance, on the Commencement Date and thereafter on April 1 every year thereafter rent in the amount of One Dollar ($1.00) until the "Agency Loan" is repaid in full in accordance with the terms of the Promissory Note, executed pursuant to the Loan Agreement. Upon the complete repayment of the Agency Loan, with interest as set forth in the Promissory Note, Lessee shall pay, on April 1 of every year thereafter until the expiration of this Lease, the amount equal to one hundred percent (100%) of "Residual Receipts," as defined herein below.

As used herein, "Residual Receipts" shall mean Income less the sum of (i) Operating Expenses, (ii) Debt Service, and (iii) Reserve Deposits for each calendar year.

As used herein, "Operating Expenses" shall mean actual, reasonable and customary (for comparable affordable housing projects in Los Angeles County) costs, fees and expenses directly incurred, paid, and attributable to the operation, maintenance, and management of the Property in a calendar year, including: (a) a property management fee not greater than five percent (5%) of gross rents collected from the Property; (b) painting, cleaning, repairs, alterations, landscaping,

utilities, refuse removal, certificates, permits and licenses, sewer charges, real and personal property taxes, assessments, insurance, security, advertising and promotion, janitorial services not included in property management, cleaning and building supplies, purchase, repair, servicing and installation of appliances, equipment, fixtures and furnishings, fees and expenses of accountants, attorneys and other professionals; (c) costs of operating the Activity Center (as defined in the DDA), which shall not exceed twelve percent (12%) of effective annual Income; (d) the Affordable Housing Agreements Expenses (as defined in the DDA), which shall not exceed ten percent (10%) of effective annual Income; and (e) other actual, reasonable and customary operating costs and capital costs which are directly incurred and paid by the Nonprofit. The Operating Expenses shall not in any event include non-cash expenses, including without limitation, depreciation.

As used herein, "Debt Service" shall mean all payments to service the debt of the Permanent Loan (it is anticipated by the parties that the Permanent Loan will be repaid by the time the Lessee begins to make Residual Receipts lease payments under this Lease).

As used herein, "Reserve Deposits" shall mean (a) payments to a capital replacement reserve account in an amount set forth in Section 405 of the DDA, and (b) payments to an operating reserve account in the amount set forth in the DDA (2% of effective annual Income).

On or before April 1st of each year commencing on the first April 1st the Agency Loan has been repaid in full in accordance with the Promissory Note, the Lessee shall annually provide the Agency a Residual Receipts report, in the form attached as Exhibit C to the Loan Agreement between Agency and Lessee, which shall describe in detail the annual Income, Debt Service, Operating Expenses, and Reserve Deposits, and Residual Receipts for that year. The Lessee shall also submit to the Agency, on or before April 1st of each year commencing after the date the Agency Loan has been repaid in full, annual financial statements with respect to the Improvements that have been reviewed by an independent certified public accountant, together with an expressed written opinion of the certified public accountant that such financial statements present the financial position, results of operations, and cash flows fairly and in accordance with generally accepted accounting principles.

The parties understand and acknowledge that the primary consideration for this Lease is the performance of the covenants set forth in this Lease and the Regulatory Agreement, particularly (without limitation, however) the covenants to rent the units to Very Low and Lower Income Households at an Affordable Rent pursuant to Section 6 hereof and Section 402 of the Regulatory Agreement.

5.3 Payment of Rent. All rent that becomes due and payable pursuant to this Lease shall be paid to Agency at the address of Agency listed in Section 25.7 or such other place as Agency may from time to time designate by written notice to the Lessee without notice or demand, and without setoff, counterclaim, abatement, deferment, suspension or deduction.

6. AFFORDABLE HOUSING REQUIREMENTS

6.1 Number of Affordable Units. Lessee agrees to make available, restrict occupancy to, and rent fourteen (14) of the apartment units on the Property ("Housing Units") to Very Low

Income Households and nineteen (19) of the Housing Units to Lower Income Households (together, the "Affordable Units"). The Housing Units that are not Affordable Units shall be rented at market rates. Eight (8) of the Affordable Units rented to Very Low Income Households shall be one-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be two-bedroom Housing Units. Three (3) of the Affordable Units rented to Very Low Income Households shall be three-bedroom Housing Units. Ten (10) of the Affordable Units rented to Lower Income Households shall be one-bedroom Housing Units. Five (5) of the Affordable Units rented to Lower Income Households shall be two-bedroom Housing Units. Four (4) of the Affordable Units rented to Lower Income Households shall be three-bedroom Housing Units. All affordable units may float within the Property (i.e. the actual units within the Property subject to the income restrictions can vary as long as the percentage of units available to Very Low Income Households and Lower Income Households do not fall below the minimum numbers required herein), to the extent the substituted units are comparable in size, features, and number of bedrooms to the originally designated units.

For the purposes of this Lease, "Very Low Income Household" shall mean a household earning not greater than fifty percent (50%) of Los Angeles County area median income, adjusted for household size, as set forth by regulation of the California Department of Housing and Community Improvements, pursuant to Health and Safety Code Section 50105, or successor statute.

For the purposes of this Lease, "Lower Income Household" shall mean a household earning not greater than the applicable portion of Los Angeles County median income (generally 80%) which is set forth from time to time by regulation of the California Department of Housing and Community Improvements, pursuant to Health and Safety Code Section 50079.5.

6.2 Duration of Affordability Requirements. The Housing Units shall be subject to the requirements of this Section 6 in perpetuity commencing on the In-Service Date. For purposes of this Section 6.2, "in perpetuity" means the useful life of the Property with the land use controls imposed, but not less than fifty-five (55) years. The duration of this requirement shall be known as the "Affordability Period."

6.3. Selection of Residents. Lessee shall be responsible for the selection of residents of the Housing Units in compliance with lawful and reasonable criteria, including the criteria set forth herein and in Section 402.2 of the DDA.

6.4 Income of Residents. Following the initial lease-up of Housing Units to residents, and annually thereafter, the Lessee shall submit to Agency, at Lessee's expense, a summary of the income, household size and rent payable by each of the residents of the Housing Units. At the Agency's request, Lessee shall also provide to the Agency completed income computation and certification forms, in a form acceptable to the Agency, for any such tenant or residents. Lessee shall obtain, or shall cause to be obtained by the Property Manager, a certification from each tenant leasing an Affordable Unit demonstrating that such tenant is a Very Low Income Household or Lower Income Household, as applicable, and meets the eligibility requirements established for the Housing Unit. Lessee shall verify, or shall cause to be verified by the Property Manager, the income certification of the tenant as set forth in Section 6.6 hereof.

6.5 Determination of Affordable Rent for the Affordable Units. Each Affordable Unit shall be rented at an "Affordable Rent" as follows:

a. For the fourteen Affordable Units that will be rented to Very Low Income Households, seven (7) of the Affordable Units shall be rented at the lesser of (a) High HOME Rent (as defined below) or (b) CRL Very Low Income Rent (as defined below). The other seven (7) of the Affordable Units shall be rented at the lesser of (a) Low HOME Rent (as defined below) or (b) CRL Very Low Income Rent.

b. The nineteen (19) Affordable Units that will be rented to Lower Income Households shall be rented at CRL Lower Income Rent (as defined below).

As used herein, "CRL Lower Income Rent" is defined under Health and Safety Code Section 50053(b)(3), as it may amended. As of the Date of Agreement, CRL Lower Income Rent is defined as the product of 30 percent times 60 percent of the area median income adjusted for family size appropriate for that unit. For those lower income households with gross incomes that exceed 60 percent of the area median income adjusted for family size, CRL Lower Income Rent shall be defined as thirty percent of gross income of the household.

As used herein, "CRL Very Low Income Rent" is defined under Health and Safety Code Section 50053(b)(2). As of the Date of Agreement, CRL Very Low Income Rent is defined as the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for that unit.

As used herein, "Low HOME Rent" is defined under 24 C.F.R. 92.252(b) as the lesser of (a) the rent for Very Low Income Households that does not exceed 30 percent of 50 percent of the area median income as determined by United States Department of Housing and Urban Improvements ("HUD"), with adjustments for smaller and larger families, or (b) High HOME Rent.

As used herein, "High HOME Rent" is defined under 24 C.F.R. 92.252(a) as the lesser of (a) the fair market value for comparable housing in the area as determined by the United States Department of Housing and Urban Development ("HUD") under 24 CFR 888.11, less the monthly allowance for utilities and services to by paid by each tenant, or (b) thirty percent (30%) of sixty-five percent (65%) of the median income for the area, as determined by HUD, with adjustments for number of bedrooms in the unit.

For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit.

c. The rents of the Housing Units may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, established in connection with the Section 8 program administered by the United States Department of Housing and Urban Improvements, or other method reasonably acceptable to the Agency. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

In the event the Lessee charges rents for one or more of the Housing Units which exceed Affordable Rent, the Lessee shall promptly, and without necessity of notice or request therefore by the Agency, correct such rent and repay the amount of overcharge to the residents so charged. The cost to rectify such a discrepancy to Lessee shall not be deemed to constitute an expense of the Property. Any penalties arising from the charging of rents which exceed Affordable Rent shall be paid solely by Lessee.

6.6. Verifications. Lessee shall verify, or shall cause to be verified by the Property Manager, the income of each proposed and existing tenant of the Housing Units in an appropriate manner. Following the issuance of the Release of Construction Covenants pursuant to Section 311 of the DDA, and on or before June 30 of each year thereafter (or another mutually acceptable date approved in writing by the parties), Lessee, as an expense of the Property, shall submit to Agency the reports required pursuant to Health and Safety Code Section 33418, as the same may be amended from time to time, with each such report to be in a form reasonably acceptable to the Agency. Each annual report shall cover the immediately preceding fiscal year.

In addition, commencing on the first anniversary of the Commencement Date of this Lease, and continuing on each anniversary thereafter during the Term, the Lessee shall submit an Audited Financial Statement for the previous fiscal year (or portion thereof, including all funds from whatever source provided to the Lessee or Developer in connection with the Property. The Audited Financial Statement shall demonstrate ongoing compliance with the financial requirements of this Lease, including, without limitation, the requirements under Article 6 hereof to charge an Affordable Rent, the requirements of Section 10(i) to maintain the Operating Reserve, and the requirements of Section 10(j) to maintain the Capital Replacement Reserve.

The Lessee shall maintain on file each tenant's executed lease and income verification and rental records for the Housing Units. The Lessee shall maintain complete and accurate records pertaining to the Very Low Income Units, the Lower Income Units, and the other Housing Units and will permit any duly authorized representative of the Agency, during regular business hours at the office of the Property Manager or at the Property, and at the Agency's sole cost and expense, to inspect the books and records of the Lessee pertaining to the Property, including those records pertaining to the occupancy of the Very Low Income Units, the Lower Income Units, and any other units. The Lessee shall prepare and submit to the Agency annually commencing on the first anniversary of the Commencement Date and on each anniversary thereof throughout the Term, a certificate of continuing program compliance and, on the first anniversary of the In-Service Date and each anniversary thereafter, a certificate of continuing program compliance as it pertains to the Affordable Units. Such documentation shall state for each unit in the Project the unit size, the rental amount, the number of occupants, and the income of the occupants and any other information which may be used to determined

compliance with the terms of this Lease, the Regulatory Agreement and the DDA.

6.7. Occupancy Standards. Occupancy of Housing Units shall be limited to two persons per bedroom plus one additional person per Housing Unit. Thus, one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons.

6.8. Regulatory Agreement. The Lessee shall execute, acknowledge, and deliver a "Regulatory Agreement," to the Agency, in the form of Attachment No. 8 to the DDA, to be recorded with respect to the Property in the official records of Los Angeles County, California. The Lessee shall comply with the Regulatory Agreement. The Regulatory Agreement and this Lease shall be construed to be consistent to the greatest feasible extent. In the event of any express conflict, this Lease shall control over the Regulatory Agreement, unless the Regulatory Agreement imposes a stricter requirement on the Lessee.

7. UTILITIES AND TAXES.

7.1 Utilities. Lessee shall pay, or provide for the payment by residents of the Housing Units, all charges for gas, electricity, water, sewer, garbage collection, and other utilities furnished to the Property and the Improvements and all sewer use charges, hookup or similar charges or assessments for utilities levied against the Property and the Improvements for any period included within the Term.

7.2 Real Estate Taxes.

(a) As used herein, the term "real estate taxes" shall mean all real estate taxes, assessments for improvements to the Property, municipal or county water and sewer rates and charges, or any other assessments or taxes, which shall be levied against the Property or the Improvements, or any interest therein, and which become a lien thereon and accrues during the Term.

(b) Any real estate taxes which are payable by Lessee hereunder shall be prorated between Agency and Lessee as of the Commencement Date and then again at the expiration or earlier termination of the Term.

(c) Lessee shall have the right to contest in good faith the amount or validity of any real estate taxes, in whole or in part, by appropriate administrative and legal proceedings, without any costs or expense to Agency.

(d) Lessee shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency does not represent or warrant to the Lessee that such an exemption will be available to the Lessee. The Lessee shall pay prior to delinquency all ad valorem real estate taxes and assessments on the Property, subject to the right to contest in good faith the amount or validity of any such taxes or to receive an exemption from the payment of taxes as provided above.

7.3 Personal Property. Lessee covenants and agrees to pay before delinquency all personal property taxes, assessments and liens of every kind and nature upon all personally as may be from time to time situated within the Property and the Improvements.

7.4 Possessory Interest. Pursuant to Health and Safety Code Section 33673, the Property is required to be assessed and taxed in the same manner as privately owned property. Agency shall provide notice to the Los Angeles County Assessor within thirty (30) days of the commencement of this Lease as required by Health and Safety Code Section 33673.1. Lessee shall pay or cause to be paid, before any fine, penalty, interest or cost may be added thereto for the nonpayment thereof, all real estate taxes which may be levied against any and all interests in the Property and any Improvements during the Term, and not merely the assessed value of the leasehold interest in the Property; provided, however, that Lessee may apply for and receive a full or partial exemption from the payment of property taxes and assessments as set forth in Section 7.2 above.

8. OWNERSHIP.

8.1. Ownership During Term. With the exception of the Activity Center (which shall be deemed property of the Lessee), all improvements constructed, improved or rehabilitated on the Property by Lessee as provided in the DDA and as permitted by this Lease (the "Improvements") shall, during the Term, be and remain the property of Lessor; provided, however, that Lessee shall have no right to waste the Improvements, or to destroy, demolish or remove the Improvements except as otherwise permitted pursuant to this Lease; and provided further that Lessee's rights and powers with respect to the Improvements are subject to the terms and limitations of this Lease. Agency and Lessee intend that the improvements constituting the Improvements shall be real property.

8.2. Ownership at Termination. Upon termination of this Lease, whether by expiration of the Term or otherwise, all improvements and fixtures, including the Activity Center, shall, without compensation to Lessee, then become Agency's property, free and clear of all liens, encumbrances, and claims to or against them by Lessee or any third person, firm or entity, including but not limited to any mortgagee or lender (except as to liens of mortgages, deeds of trusts, or other financing approved by the Agency pursuant to the DDA). At the option of the Agency, the Agency may require the Lessee to demolish and remove any improvements to the Property which have not previously been approved by the Agency.

9. INDEMNIFICATION: FAITHFUL PERFORMANCE.

Except as otherwise set forth herein, Lessee shall not suffer or permit any liens to be enforced against the fee simple estate in reversion of Agency as to the Property and Improvements, nor against Lessee's leasehold interest therein by reason of work, labor, services or materials supplied or claimed to have been supplied to Lessee or anyone holding the Property and the Improvements, or any part thereof, through or under Lessee. Lessee agrees to defend, indemnify, and hold Agency and City and their respective officers, officials, employees, agents, and representatives, harmless against such liens. If any such lien shall at any time be filed against the Property or the Improvements, Lessee shall, within thirty (30) days after notice to Lessee of the filing thereof, cause the same to be discharged of record; provided, however, that Lessee shall have the right to contest the amount or validity, in whole or in part, of any such lien

by appropriate proceedings but in such event, Lessee shall notify Agency and promptly bond such lien in the manner authorized by law with a responsible surety company qualified to do business in the State of California or provide other security acceptable to Agency. Lessee shall prosecute such proceedings with due diligence. Nothing in this Lease shall be deemed to be, nor shall be construed in any way to constitute, the consent or request of Agency, express or implied, by inference or otherwise, to any person, firm or limited partnership for the performance of any labor or the furnishing of any materials for any construction, rebuilding, alteration or repair of or to the Property, the Improvements, or any part thereof prior to commencement of Rehabilitation of the Property, or any repair or alteration thereto, Lessee shall give Agency not less than fifteen (15) days advance notice in writing of intention to begin said activity in order that nonresponsibility notices may be posted and recorded as provided by State and local laws. Notwithstanding the foregoing, however, the Agency shall give its reasonable approval to permit a deed of trust securing Lessee's Permanent Loan to be secured against its fee simple interest, if, in the Agency's reasonable opinion, said security of the Permanent Loan is necessary to allow Lessee obtain the Permanent Loan in accordance with the DDA.

10. MAINTENANCE AND REPAIR.

Lessee agrees to assume full responsibility for the management, operation and maintenance of the Improvements and the Property throughout the Term without expense to Agency, and to perform all repairs and replacements necessary to maintain and preserve the Improvements and the Property in good repair, in a neat, clean, safe and orderly condition reasonably satisfactory to Agency and in compliance with all applicable laws, subject to ordinary wear and tear. Lessee agrees that Agency shall not be required to perform any maintenance, repairs or services or to assume any expense in connection with the Improvements and the Property. Lessee hereby waives all rights to make repairs or to cause any work to be performed at the expense of Agency as may be provided for in Sections 1941 and 1942 of the California Civil Code, if applicable. The Lessee shall manage and maintain the Improvements on the Property in conformity with the Burbank Municipal Code.

The following standards shall be complied with by Lessee and its maintenance staff, contractors or subcontractors:

(a) Lessee shall maintain the Property, including the Improvements, the individual Housing Units, all common areas and buildings, all exterior facades, all sidewalks, and all exterior areas, in a safe and sanitary fashion suitable for a high quality multi-family rental housing development, subject to ordinary wear and tear. The Lessee agrees to provide utility services, administrative services, supplies, contract services, maintenance, maintenance reserves, and management which are necessary for the maintenance of the entire Property including interior tenant spaces, common area spaces and exterior common areas.

(b) Landscape maintenance shall include, but not be limited to: watering and irrigation; fertilization; mowing, edging and trimming of grass; tree and shrub pruning; trimming and shaping of trees and shrubs to maintain a healthy, natural appearance and safe road conditions and visibility of any public and private roads on or immediately adjacent to the Property, and optimum irrigation coverage; replacement, as needed, of all plant materials; control of weeds in all planters, shrubs, lawns, ground covers, or other planted areas; and staking for support of trees. "Ordinary wear and tear" shall not include any damage or deterioration that

would have been prevented by good maintenance practices by Lessee.

(c) Clean-up maintenance shall include, but not be limited to: maintenance of all private paths, sidewalks, parking areas, driveways, curbs, gutters and other paved areas in clean and weed-free condition; maintenance of all such areas clear of dirt, mud, trash, debris or other matter which is unsafe or unsightly; removal of all trash, litter and other debris from improvements and landscaping prior to mowing; clearance and cleaning of all areas maintained prior to the end of the day on which the maintenance operations are performed to ensure that all cuttings, weeds, leaves and other debris are properly disposed of.

(d) The Property shall be maintained in conformance with, in accordance with and in compliance with the approved construction and architectural and landscape plans and design scheme, as the same may be amended from time to time with the approval of the City.

(e) All maintenance work shall conform to all applicable federal and state standards and regulations for the performance of maintenance, including without limitation the Occupational Safety and Health Act.

(f) Any and all chemicals, unhealthful substances, and pesticides used in and during maintenance performed by Lessee, Property Manager or their contractors shall be applied in strict accordance with all governing regulations and in accordance with the manufacturer's directions for their use.

(g) Parking lots, lighting fixtures, trash enclosures, and all areas which can be seen from the adjacent streets shall be kept free from any debris or waste materials by regularly scheduled maintenance.

(h) All concrete and asphalt surfaces, including but not limited to retaining walls, driveways, sidewalks, curbs and gutters, patios, landings, stairs, and parking areas shall be maintained in a state of good repair, free of cracks and chipping, and as to those surfaces which are pedestrian ways, with a surface finish which is accessible in accordance with the Americans with Disabilities Act and any other similar state or federal laws and regulations.

(i) The Nonprofit shall also, or cause the Property Manager to, set aside not less than Three Hundred Dollars ($300) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt

repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

The Nonprofit shall set aside, on a monthly basis, in a separate reserve account (the "Operating Reserve"), the sum of two percent (2%) of the Effective Gross Income of the Property. In no event, however, shall the Nonprofit be required to increase the Operating Reserve to an amount which exceeds two percent (2%) of the gross income of the Property during the first full calendar year after the completion of the Rehabilitation of the Property. The Nonprofit shall retain such amount in the Operating Reserve to fund shortfalls between income and actual operating expenses.

The Nonprofit shall also set aside, on a monthly basis, in a separate account, the sum of ten percent (10%) of Effective Gross Income for the Affordable Housing Agreements Expenses (as defined in the DDA). The Nonprofit shall also set aside, in a separate account, twelve percent (12%) of Effective Gross Income to be utilized exclusively for all costs associated with complying with Section 406 of the DDA ("Activity Center Expenses").

(k) For purposes of this Section 10, "Effective Gross Income" of the Improvements shall mean the gross income actually generated by the Property and actually received by Lessee from third parties (excluding interest on reserve accounts), including without limitation rents and laundry revenues, without deduction for any expenses.

11. ENVIRONMENTAL MATTERS.

11.1 Definitions. For the purposes of this Lease, unless the context otherwise specifies or requires, the following terms shall have the meanings herein specified:

(a) The term "Hazardous Materials" shall mean any substance, material, or waste which is or becomes regulated by any local governmental authority, the County of Los Angeles, the State of California, regional governmental authority or the United States Government, including, but not limited to, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste" under Section 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law)), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act), (iii) defined as a 'hazardous material," "hazardous substance," or "hazardous waste" under Section 25501 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iv) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (v) petroleum, (vi) friable asbestos, (vii) polychlorinated byphenyls, (viii) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20, (ix) designated as "hazardous substances" pursuant to Section 311 of the Clean Water Act (33 U.S.C. § 1317), (x) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. §6901 et seq. (42 U.S.C. §6903) or (xi) defined as

"hazardous substances" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601 et seq. Notwithstanding the foregoing, "Hazardous Materials" shall not include such products in quantities as are customarily used in the construction, maintenance, operation, rehabilitation or management of residential developments or associated buildings and grounds, or typically used in residential activities in a manner typical of other comparable residential developments, or substances commonly ingested by a significant population living within the Improvements, including without limitation alcohol, aspirin, tobacco and saccharine.

(b) The term "Hazardous Materials Contamination" shall mean the contamination (whether presently existing or hereafter occurring) of the improvements, facilities, soil, groundwater, air or other elements on, in or of the Property by Hazardous Materials, or the contamination of the buildings, facilities, soil, groundwater, air or other elements on, in or of any other property as a result of Hazardous Materials at any time (whether before or after the Date of Lease) emanating from the Property.

(c) The term "Governmental Requirements" shall mean all past, present and future laws, ordinances, statutes, codes, rules, regulations, orders and decrees of the United States, the state, the county, the city, or any other political subdivision in which the Property is located, and any other state, county city, political subdivision, agency, instrumentality or other entity exercising jurisdiction over Agency, Lessee or the Property.

11.2 Property Evaluation. Pursuant to Section 207 of the DDA, Lessee has had an opportunity, prior to the Commencement Date of this Lease, to engage its own environmental consultant to make such investigations of the Property as Lessee has deemed necessary, and Lessee has approved the environmental condition of the Property. Lessee assumes any and all responsibility and Liabilities (as defined in Section 11.3 of this Lease) for all Hazardous Materials Contamination of the Property which occurs during the Term of this Lease or extension thereof, except to the extent of any remediation which the Agency may have agreed to perform upon the Property pursuant to the DDA.

11.3 Indemnification.

Upon and after the Commencement Date of this Lease, Lessee agrees to indemnify, defend and hold Agency harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the release from the Property, use on the Property, generation on the Property, discharge from the Property, storage on the Property, disposal on or from the Property, or transportation to or from the Property, of any Hazardous Materials during the term of this Lease, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment or license relating to the use, generation, release, discharge, storage, disposal or transportation of Hazardous Materials on, under, in or about, to or from, the Property during the term of this Lease by Lessee, its agents, employees, contractors, invitees or licensees. This indemnity shall include, without limitation, any damage, liability, fine, penalty, parallel indemnity after closing, cost or expense arising from or out of any claim, action, suit or proceeding, including injunctive, mandamus, equity or action at law, for personal injury (including sickness, disease or death), tangible or intangible property damage, compensation for lost wages, business income, profits or

other economic loss, damage to the natural resource or the environment, nuisance, contamination, leak, spill, release or other adverse effect on the environment; provided, however, under no circumstances shall these indemnity obligations of Lessee include any obligation for payment of punitive damages assessed against Agency or City or theft officers, employees, agents or representatives. Lessee's obligations under this Section 11.3(a) shall survive the expiration of this Lease.

11.4 Duty to Prevent Hazardous Material Contamination. Lessee shall take all necessary precautions to prevent the release of any Hazardous Materials into the environment. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Lessee shall install and utilize such equipment and implement and adhere to such procedures as are consistent with commercially reasonable standards generally applied by apartment complexes in Los Angeles County, California as respects the disclosure, storage, use, removal, and disposal of Hazardous Materials.

11.5 Obligation of Lessee to Remediate Premises. Notwithstanding the obligation of Lessee to indemnify Agency pursuant to Section 11.3 of this Lease, Lessee shall, at its sole cost and expense, promptly take (i) all actions required by any federal, state, regional, or local governmental agency or political subdivision or any Governmental Requirements and (ii) all actions necessary to make full economic use of the Property for the purposes contemplated by this Lease and the Regulatory Agreement, which requirements or necessity arise from the presence upon, about or beneath the Property of any Hazardous Materials or Hazardous Materials Contamination occurring during the Term. Such actions shall include, but not be limited to, the investigation of the environmental condition of the Property, the preparation of any feasibility studies or reports and the performance of any cleanup, remedial, removal or restoration work. Lessee shall take all actions necessary to promptly restore the Property to an environmentally sound condition for the uses contemplated by this Lease and the Regulatory Agreement to the extent allowable under applicable Governmental Requirements.

11.6 Right of Entry. Notwithstanding any other term or provision of this Lease, Lessee shall permit Agency or its agents or employees to enter the Property at any time during normal business hours (except in the event of an emergency), without prior notice in the event of an emergency, and with not less than twenty-four (24) hours advance notice if no emergency is involved, to inspect, monitor and/or take emergency or long-term remedial action with respect to Hazardous Materials and Hazardous Materials Contamination on or affecting the Property, or to discharge Lessee's obligations hereunder with respect to such Hazardous Materials and Hazardous Materials Contamination when Lessee has failed to do so after notice from Agency and an opportunity to cure such deficiency. Except in the event of an emergency, Lessee shall have thirty (30) days following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default to implement a cure; provided, however, Lessee shall not be in default hereunder if such cure is not reasonably capable of being cured within such thirty (30) day period and Lessee takes all reasonable steps during such initial thirty (30) day period to commence the cure (including, for example, engagement of competent environmental consultants, or the conducting of any preliminary testing) and diligently prosecutes it to completion. In the event of an emergency, Lessee shall implement a cure of such default as soon as practicable following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default. All reasonable and necessary costs and expenses incurred by Agency in connection with performing Lessee's obligations hereunder

following Lessee's failure to cure shall be reimbursed by Lessee to Agency within thirty (30) days of Lessee's receipt of written request therefore.

11.7 Storage or Handling of Hazardous Materials. Lessee, at its sole cost and expense, shall comply with all Governmental Requirements for the storage, use, transportation, handling and disposal of Hazardous Materials on or about the Property, to the extent such Hazardous Materials are stored, used, transported, handled or disposed of by Lessee or its agents, contractors, employees, tenants, licensees or invitees. Lessee shall conduct all monitoring activities required or prescribed by applicable Governmental Requirements, and shall, at its sole cost and expense, comply with all posting requirements of Proposition 65 or any other similarly enacted Governmental Requirements. In addition, in the event of any complaint or governmental inquiry, or if otherwise deemed necessary by Agency in its reasonable judgment, Agency may require Lessee, at Lessee's sole cost and expense, to conduct specific monitoring or testing activities with respect to Hazardous Materials on the Property. Lessee's monitoring programs shall be in compliance with applicable Governmental Requirements, and any program related to the specific monitoring of or testing for Hazardous Materials on the Property, shall be satisfactory to Agency, in Agency's reasonable discretion. Subject to Section 11.3 above, Lessee shall further be solely responsible, and shall reimburse Agency, for all costs and expenses incurred by Agency arising out of or connected with the removal, clean-up and/or restoration work and materials necessary to return the Property and any property adjacent to the Property affected by Hazardous Materials emanating from the Property during the Term to their condition existing at the time of the Lessee s Property evaluation. Lessee's obligations hereunder shall survive the termination of this Lease and shall not merge with any grant deed.

11.8 Environmental Inquiries. Lessee shall notify Agency, and provide to Agency a copy or copies, of the following environmental permits, disclosures, applications, entitlements or inquiries relating to the Property: notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements, and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks, and Lessee shall report to Agency, as soon as possible after each incident, any unusual, potentially important incidents with respect to the Hazardous Materials or Hazardous Materials Contamination.

In the event of a release on or from the Property during the Term of any Hazardous Materials into the environment in violation of this Section 11, Lessee shall, as soon as possible after the release, furnish to Agency a copy of any and all reports relating thereto and copies of all correspondence with governmental agencies relating to the release. Upon request of Agency, Lessee shall furnish to Agency a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Property including, but not limited to, all permit applications, permits and reports including, without limitation, those reports and other matters which may be characterized as confidential.

12. ALTERATION OF IMPROVEMENTS.

Upon completion of the Rehabilitation pursuant to the requirements of the DDA, Lessee shall not make or permit to be made any structural alteration of the Property or Improvements, nor demolish all or any part of the Property or Improvements, without obtaining all required City

permits and entitlements, and without obtaining the prior written consent of Agency; provided, however, that the foregoing shall not prohibit or restrict the repair and/or replacement of the Property by Lessee in accordance with Section 10 hereof. In requesting such consent of the Agency, Lessee shall submit to Agency detailed plans and specifications of the proposed work and an explanation of the need and reasons therefore. Agency's consent shall not be unreasonably withheld, conditioned or delayed; however, it may be withheld if the Agency deems it inconsistent with the DDA, Loan Agreement, or Regulatory Agreement. This provision shall not limit or set aside any obligation of Lessee under this Lease to maintain the Improvements and the Property in a clean and safe condition, including structural repair and restoration of damaged Improvements. Agency shall not be obligated by this Lease to make any improvements to the Property or to assume any expense therefore. Lessee shall not commit or suffer to be committed any waste or impairment of the Property or the Improvements, or any part thereof, except as otherwise permitted pursuant to this Lease.

13. DAMAGE OR DESTRUCTION.

13.1 Obligation to Repair and Restore Damage Due to Casualty Covered by Insurance. Subject to Section 13.3 below, if the Property or Improvements shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty required to be insured against by Lessee, Lessee shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the Property and/or Improvements to substantially the same condition as the Property and/or Improvements is required to be maintained in pursuant to this Lease, whether or not the insurance proceeds are sufficient to cover the actual cost of repair, replacement, or restoration, and Lessee shall complete the same as soon as possible thereafter so that the Property and/or Improvements can be occupied in accordance with this Lease. Subject to Section 25.23 hereof, in no event shall the repair, replacement, or restoration period exceed one (1) year from the date Lessee obtains insurance proceeds unless Agency's Executive Director or designee, in his or her reasonable discretion, approves a longer period of time. Agency shall cooperate with Lessee, at no expense to Agency, in obtaining any governmental permits required for the repair, replacement, or restoration. If, however, the then-existing laws of any other governmental agencies with jurisdiction over the Property do not permit the repair, replacement, or restoration to substantially predamaged condition, Lessee may elect not to repair, replace, or restore the Improvements by giving written notice to Agency (in which event Lessee will be entitled to all insurance proceeds, subject to Lessee's obligations to lenders or other third parties, but Lessee shall be required to remove all debris from the Property) or Lessee may reconstruct such other improvements on the Property as are consistent with applicable land use regulations and approved by the City, Agency, and the other governmental agency or agencies with jurisdiction. In the event Lessee elects not to repair, replace, or restore and give Agency notice of such election as provided herein, this Lease shall terminate, and ownership of the Improvements shall revert to the Agency as provided in Section 8.2 hereof.

13.2. Continued Operations. During any period of repair, Lessee shall continue, or cause the continuation of, the operation of the Improvements, Housing Units, and Affordable Units on the Property to the extent reasonably practicable from the standpoint of prudent business management.

13.3 Damage or Destruction Due to Cause Not Required to be Covered by Insurance. If the Property is destroyed or substantially damaged by a casualty for which Lessee is not required to (and has not) insured against, then Agency shall deliver written notice to Lessee of its obligations under this Section 13.3 within thirty (30) days of such event of substantial damage or destruction. In the event that the projected cost of repair, replacement or restoration does not exceed the sum of (a) the funds in the Capital Replacement Reserve, plus (b) the funds in the Operating Reserve (the "Maximum Repair Cost"), Lessee shall promptly commence and complete the repair, replacement, or restoration of the damaged or destroyed Improvements in accordance with Section 13.1 above and continue operation of the Improvements during the period of repair (if practicable) in accordance with Section 13.2 above. In the event that the projected cost of repair, replacement or restoration is projected to exceed the Maximum Repair Cost, Lessee may elect not to repair, replace, or restore such improvements, and to terminate this Lease, by providing Agency with written notice thereof within ninety (90) days after such damage or destruction, and upon the effectiveness of such termination ownership of the Improvements shall revert to the Agency as provided in Section 8.2 hereof. Notwithstanding the foregoing, however, in the event that the Agency, in its sole and absolute discretion, elects to pay for the costs of repair, replacement or restoration in excess of the Maximum Repair Cost, such termination shall be ineffective, and the Lessee shall be responsible for the costs of repair, replacement and restoration up to the Maximum Repair Cost, and the Agency shall be responsible for the costs of repair, replacement and restoration in excess of the Maximum Repair Cost. In no event, however, shall the Lessee be obligated to spend more the Maximum Repair Cost to satisfy its obligations under this Section 13.3 to repair, replace or restore the Property. In the event that the Lease is terminated by Lessee, and the Agency does not elect to pay for the costs of repair, replacement or restoration in excess of the Maximum Repair Cost, Lessee shall remove all debris from the applicable portion of the Property.

14. SALE, ASSIGNEMNT, SUBLEASE OR OTHER TRANSFER.

Except for (a) leases of particular dwelling units to residents, (b) the lease of or grant of an easement or license to the City, (c) the daily rentals of space within the Activity Center portion of the Improvements to outside parties, and (d) transfers permitted pursuant to Section 603 of the Regulatory Agreement, Lessee shall not sell, assign, sublease, or otherwise transfer this Lease or any right therein, nor make any total or partial sale, assignment, sublease, or transfer in any other mode or form of the whole or any part of the Property or the Improvements (each of which events is referred to in this Lease as an "Assignment"), without prior written approval of Agency, which approval shall not be unreasonably withheld as more particularly set forth below in this Section 14. Any purported assignment without the prior written consent of Agency shall render this Lease absolutely null and void and shall confer no rights whatsoever upon any purported assignee or transferee.

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency, or the granting of easements or permits to facilitate construction or rehabilitation of the Improvements at any time during the Term.

(b) Any requested assignment for financing purposes (subject to such financing being considered and approved by Agency pursuant to Section 15 herein), including the grant of a deed of trust and/or other loan documents to secure the funds necessary for permanent financing of the Rehabilitation.

(c) The leasing or rental of individual Housing Units within the Improvements.

(d) Daily rentals of space in the Activity Center to third parties.

(e) Transfers permitted pursuant to Section 603.2 of the DDA and/or Regulatory Agreement.

In the event of an assignment by Lessee under subparagraphs (a) through (e) above, not requiring Agency's prior approval, Lessee nevertheless agrees that at least thirty (30) days prior to such assignment it shall give written notice to Agency of such assignment and satisfactory evidence that the assignee or sublessee has assumed jointly with Lessee the obligations of this Lease.

Agency agrees that it will not unreasonably withhold approval of a request made pursuant to this Section 14, provided Lessee delivers written notice to Agency requesting such approval. Such notice shall be accompanied by sufficient evidence regarding the proposed assignee's or purchaser's development and/or operational qualifications and experience, and its financial commitments and resources, in sufficient detail to enable Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 14 and as reasonably determined by Agency. Agency shall evaluate such proposed transferee or assignee on the basis of its development qualifications and experience and/or qualifications and experience in the operation of facilities similar to the Property and Improvements, including experience working with cities and redevelopment agencies, and its financial commitments and resources, and may reasonably disapprove any proposed transferee or assignee, which Agency reasonably determines does not process sufficient qualifications. An assignment and assumption agreement in form satisfactory to Agency's Executive Director or designee shall also be required for all proposed assignments. Within thirty (30) days after the receipt of the Lessee's written notice requesting approval of an assignment or transfer pursuant to this Section 14, Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Lessee shall promptly furnish to Agency such further information as may be reasonably requested. Review of experience in operating similar developments shall not be required with respect to institutional lenders providing financing pursuant to Section 15 hereof so long as the original Lessee (or a successor that has been expressly approved in writing by Agency) remains responsible for operating the Improvements and performing as Lessee pursuant to this Lease. Approval by Agency of any such sale, assignment, sublease or transfer shall be deemed to relieve Lessee or any approved or permitted assign or successor from any obligations under this Lease.

Notwithstanding any provision in this Section 14 to the contrary, in no event shall Lessee make any assignment which would or could be effective beyond the Term without the prior written consent of the Agency.

Agency may assign or transfer any of its rights or obligations under this Lease with the approval of the Lessee, which approval shall not be unreasonably withheld; provided, however, that Agency may assign or transfer any of its interests hereunder to the City at any time without

the consent of the Lessee.

15. FINANCING.

Financing necessary to undertake the Rehabilitation and long-term operation of the Property is subject to the requirements of Section 311 of the DDA. In conjunction with such financing financing, Lessee may, at any time and from time to time during the Term, upon prior written notice to Agency and subject to the requirements of Sections 9 and/or 15 hereof, request that Agency authorize Lessee to mortgage, pledge, hypothecate or otherwise encumber to a federally or state chartered bank or savings and loan, a mortgage company or similar institutional lender (herein called "Lender"), by deed of trust or mortgage or other security instrument, all of Lessee's right, title and interest pursuant to this Lease and the leasehold estate hereby, following thirty (30) days prior written notice to Agency, to secure financing the Rehabilitation and/or long-term operation of the Improvements and Property. Agency shall consider such request in good faith, and may approve, disapprove, or conditionally approve in Agency's reasonable discretion.

Notwithstanding anything in this Section 15 to the contrary, Lessee shall not, without the prior written consent of Agency, which may be given or withheld in Agency's sole discretion, obtain any capital improvement loan or other conveyance for financing secured by the Property or this Lease, the term of which loan or other conveyance for financing purposes extends beyond the Term.

16. INDEMNITY.

Lessee shall defend, indemnify, assume all responsibility for, and hold Agency and City, and their respective officers, employees, agents, and representatives harmless from, all claims, demands, damages, defense costs or liability of any kind or nature (including attorneys' fees and costs) and for any damages to property or injuries to persons, including accidental death, which may be caused by or arise out of the Lessee's performance or failure to perform its obligations pursuant to this Lease, whether such activities or performance thereof be by the Lessee or by anyone employed or contracted with by the Lessee and whether such damage shall accrue or be discovered before or after termination of this Lease, or from any defect in the Property or the Improvements, or from any displacement of residents or liability for relocation assistance pursuant to Government Code Section 7260, et seq., due to the acts of Lessee hereunder. Lessee shall not be liable for property damage or bodily injury occasioned by the sole negligence of, willful misconduct of, or breach of this Lease by Lessor or its agents or employees.

17. INSURANCE.

17.1. Insurance to be Provided by Lessee. During the Term, Lessee, at its sole cost and expense, shall itself take out and maintain, or cause to be taken out and maintained, the following insurance coverage, in addition to any insurance which may be required pursuant to the DDA:

(a) Maintain or cause to be maintained a policy or policies of all-risk property insurance. Such insurance policy shall be maintained in an amount not less than one hundred percent (100%) of the "Full Insurable Value" of the Property and Improvements, as defined herein in this Section 17.

(b) Maintain or cause to be maintained, upon the commencement of the Lease, use and occupancy or business interruption or rental income insurance against the perils of fire, lightning, vandalism, malicious mischief, and such other perils ordinarily included in extended coverage fire insurance policies, in an amount equal to not less than twelve (12) months' Effective Gross Income payable to Lessee from residents on the Property, assuming one hundred percent (100%) occupancy.

(c) Maintain or cause to be maintained, in an amount not less than Two Million Dollars ($2,000,000), combined single limit, commercial general liability insurance. The required amount of insurance shall be subject to increases as Agency may reasonably require from time to time, upon the recommendation of City risk management personnel, but not more frequently than every twenty-four (24) months. In no event shall such increase or increases exceed the increase during such period in the United States Department of Labor, Bureau of Labor Statistics, Consumer Price Index for Urban Wage Earners and Clerical Workers, Subgroup "All Items," in the geographical area applicable to the Burbank area. Lessee agrees that provisions of this paragraph as to maintenance of insurance shall not be construed as limiting in any way the extent to which Lessee may be held responsible for the payment of damages to persons or property resulting from Lessee's activities, activities of its sublessees or the activities of any other person or persons for which Lessee is otherwise responsible.

(d) Maintain or cause to be maintained by the Property Manager worker's compensation insurance issued by a responsible carrier authorized under the laws of the State of California to insure employers against liability for compensation under the workers' compensation laws now in force in California, or any laws hereafter enacted as an amendment or supplement thereto or in lieu thereof. Such workers compensation insurance shall cover all persons employed by Lessee and/or Property Manager in connection with the Property and the Improvements and shall cover full liability for compensation under any such act aforesaid, based upon death or bodily injury claims made by, for on behalf of any person incurring or suffering injury or death in connection with the Property or the Improvements or the operation thereof by Lessee or Property Manager.

17.2. Definition of "Full Insurable Value". The term "Full Insurable Value" as used in this Section 17 shall mean the actual replacement cost of the Improvements, including the cost of construction of the replacing the Improvements, architectural and engineering fees, applicable governmental fees, and inspection and supervision. Lessee shall maintain the insurance policy required by Section 17.1(a) hereof at the current Full Insurable Value of the Property.

17.3. General Insurance Provisions. All policies of insurance provided for in this Section 17, except for the workers' compensation insurance, shall name Lessee as the insured and Agency and the City, and their respective officers, employees, agents, and representatives, as additional insureds, as theft respective interests may appear. All property casualty insurance policies shall include the interest of any Lessee's lender, and may provide that any loss is payable jointly to Lessee and Lessee's lender in which event such policies shall contain standard mortgage loss payable clauses. Lessee agrees to timely pay or cause to be timely paid all premiums for such insurance and, at its sole cost and expense, to comply and secure compliance with all insurance requirements necessary for the maintenance of such insurance. Lessee agrees to submit policies of all insurance required by this Section 17 of this Lease, or certificates and

endorsement forms evidencing the existence thereof, to Agency on or before the effective date of this Lease, indicating full coverage of the contractual liability imposed by this Lease. At least thirty (30) days prior to expiration of any such policy, copies of renewal policies, or certificates and endorsement forms evidencing the existence thereof, shall be submitted to Agency. All policies shall be written by good and solvent insurers qualified to do business in California, with an A.M. Best's rating of not less than "A," and which are reasonably acceptable to the Agency Executive Director or designee. All policies or certificates of insurance shall also: (1) provide that such policies shall not be cancelled or limited in any manner without at least thirty (30) days prior written notice to Agency; and (ii) provide that such coverage is primary and not contributing with any insurance as may be obtained by Agency and shall contain a waiver of subrogation for the benefit of the City and Agency. Lessee may propose to the Agency that some or all of the insurance required hereunder be provided by umbrella coverage policies or other policies which provide equivalent coverage, and the Agency general counsel shall reasonably approve or disapprove such request in accordance with Agency and City risk management policies in effect at such time.

17.4. Failure to Maintain Insurance. If Lessee fails or refuses to procure or maintain insurance as required by this Lease, Agency shall have the right, at Agency's election, and upon ten (10) days prior written notice to Lessee, to procure and maintain such insurance. The premiums paid by Agency shall be treated as added rent due from Lessee, to be paid on the first day of the month following the date on which the premiums were paid. Agency shall give prompt written notice of the payment of such premiums, stating the amounts paid and the name of the insured(s).

17.5. Insurance Proceeds Resulting from Loss or Damage to Improvements. All proceeds of insurance with respect to loss or damage to the Property or Improvements during the term of this Lease shall be payable, under the provisions of the policy of insurance, to Lessee, and said proceeds shall constitute a trust fund to be used for the restoration, repair and rebuilding of the Improvements in accordance with plans and specifications approved in writing by Agency. To the extent that such proceeds exceed the cost of such restoration, repair or rebuilding, then such proceeds shall be used to repay any outstanding loans secured by encumbrances upon the Property, and any remaining proceeds shall be treated as income to the Improvements. Notwithstanding the foregoing, within the period during which there is an outstanding mortgage upon the Improvements, such proceeds shall be payable in accordance with mortgage loan documents.

In the event this Lease is terminated by mutual agreement of Agency and Lessee and the Property is not restored, repaired or rebuilt, the insurance proceeds and proceeds of the Capital Replacement Reserve and Operating Reserve shall be jointly retained by Agency and Lessee and shall be applied first to repay any outstanding loans secured by encumbrances upon Lessee's interest in this Lease, second to any payments due under this Lease from Lessee to Agency, third to restore the Property and Improvements to their original condition and to a neat and clean condition, and finally any excess shall be paid to the Agency, and Lessee shall have no further obligation hereunder to restore, repair or rebuild the Improvements; provided, however, that within any period when there is an outstanding mortgage upon the Improvements, such proceeds shall be applied in accordance with mortgage loan documents.

In the event this Lease is partially terminated by mutual agreement of Agency and

Lessee and a portion of the Improvements is not restored, repaired or rebuilt, a pro rata portion of the insurance proceeds and proceeds of the Capital Replacement Reserve and Operating Reserve attributable to the portion of the Improvements which has been terminated shall be jointly retained by Agency and Lessee and shall be applied first to repay any outstanding loans secured by encumbrances upon Lessee's interest in this Lease, second to any payments due under this Lease from Lessee to Agency, third to restore the Property and Improvements to their original condition and to a neat and clean condition, and finally any excess shall be treated as income to the Improvements, and Lessee shall have no further obligation hereunder to restore, repair or rebuild the applicable portion of the Improvements subject to termination; provided, however, that within any period when there is an outstanding mortgage upon the Improvements, such proceeds shall be applied in accordance with mortgage loan documents.

18. EMINENT DOMAIN.

In the event that the Property and/or the Improvements or any part thereof shall be taken for public purposes by condemnation as a result of any action or proceeding in eminent domain, then, as between Agency and Lessee (or mortgagee, if a mortgage is then in effect), the interests of Agency and Lessee (or mortgagee) in the award and the effect of the taking upon this Lease shall be as follows:

(a) In the event of such taking of only a part of the Property, leaving the remainder of the Property in such location and in such form, shape and size as to be used effectively and practicably for the conduct thereon of the uses permitted hereunder, this Lease shall terminate and end as to the portion of the Property so taken as of the date title to such portion vests in the condemning authority, but shall continue in full force and effect as to the portion of the Property not so taken and from and after such date the rental required by this Lease to be paid by Lessee to Agency shall be reduced in the proportion which the number of square feet so taken bears to the total number of square feet in the Property.

(b) In the event of taking of only a part of the Property, leaving the remainder of the Property in such location, or in such form, shape or reduced size as to render the same not effectively and practicably usable, for the conduct thereon of the uses permitted hereunder, this Lease and all right, title and interest thereunder shall cease on the date title to the Property or the portion thereof so taken vests in the condemning authority.

(c) In the event the entire Property is taken, this Lease and all of the right, title and interest thereunder, shall cease on the date title to the Property so taken vests in the condemning authority.

(d) In the event of taking of only Lessee's leasehold interest in the Property, this Lease shall terminate.

(e) Promptly after a partial taking that does not result in termination of this Lease, at Lessee's expense and in the manner specified in provisions of this Lease related to maintenance, repairs, alterations, Lessee shall restore the Property, to the extent possible and as permitted by law, so as to place them in a condition suitable for the uses and purposes for which the Property was leased.

(f) In the event of any taking under subparagraphs (a), (b), (c) or (d) hereinabove, that portion of any award of compensation attributable to the fair market value of the land and improvements taken, or any part thereof or portion thereof, including the value attributable to this leasehold, if any, shall belong to Agency.

(g) Provided, however, that within the period during which there is an outstanding mortgage on Lessee's interest in this Lease, the mortgagee shall be entitled to any portion of the award attributable to the Lessee's interest in this Lease, consistent with the loan documents between Lessee and the mortgagees. Any excess portion of the award attributable to the condemnation of the Improvements shall be payable to Agency.

(h) Notwithstanding the foregoing provisions of this Section, Agency may, in its discretion and without affecting the validity and existence of this Lease, transfer Agency's interests in the Property in lieu of condemnation to any authority entitled to exercise the power of eminent domain. In the event of such transfer by Agency, Lessee (or mortgagee if a mortgage is then in effect) and Agency shall retain whatever rights they may have to recover from said authority the fair market value of their respective interests in the Improvements taken by the authority in the order set forth above.

(i) All valuations to be made pursuant to this Section 18 shall be made by mutual agreement of Agency and Lessee.

19. OBLIGATION TO REFRAIN FROM DISCRIMINATION.

Lessee covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall Lessee itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of residents, lessees, subtenants, sublessees or vendees of the Property or any portion thereof. The foregoing covenants shall run with the land.

Lessee shall refrain from restricting the rental or lease of the Property and the Improvements, or any portion thereof including individual Housing Units, on the basis of sex, marital status, race, color, creed, religion, ancestry or national origin of any person. All such leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

(a) In Leases:

"The lessee herein covenants by and for itself, its heirs, executors, administrators and assigns, and all persons claiming under or through it, and this lease is made and accepted upon and subject to the following conditions:

> That there shall be no discrimination against or segregation of any person or group of persons, on account of sex, marital status, race, color, creed, religion, national origin, or ancestry, in the leasing, subleasing, transferring, use,

occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee itself, or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of residents, lessees, sublessees, subtenants, or vendees in the premises herein leased."

(b) In Contracts:

"There shall be no discrimination against or segregation of, any person or group of persons on account of sex, marital status, race, color, creed, religion, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use of occupancy of residents, lessees, subtenants, sublessees or vendees of the premises."

20. NONDISCRIMINATION IN EMPLOYMENT.

Lessee, for itself and its successors and assigns, agrees that during the operation of the Property provided for in this Lease, and during any work of repair or replacement, Lessee shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, sex, marital status, physical or mental disability, sexual orientation, ancestry or national origin, or on the basis of any other category or status not permitted by law.

21. COMPLIANCE WITH LAW.

Lessee agrees, at its sole cost and expense, to comply and secure compliance by all contractors and residents of the Property and Improvements with all the requirements now in force, or which may hereafter be in force, of all municipal, county, state and federal authorities, pertaining to the Property and the Improvements thereon, as well as operations conducted thereon, and to faithfully observe and secure compliance by all contractors and residents of the Property and Improvements thereon with, in the use of the Property and the Improvements, all applicable county and municipal ordinances and state and federal statutes now in force or which may hereafter be in force, and to pay before delinquency all taxes, assessments, and fees, if any, assessor levied upon Lessee or the Property or the Improvements, including the land and any buildings, structures, machines, appliances or other improvements of any nature whatsoever, erected, installed or maintained by Lessee or by reason of the business or other activities of Lessee upon or in connection with the Property and the Improvements. Lessee shall use good faith efforts to prevent residents from maintaining any nuisance or other unlawful conduct on or about the Property or in or about the Buildings, and shall take such actions as are reasonably required to abate any such violations by residents of the Property and Improvements. The judgment of any court of competent jurisdiction, or the admission of Lessee or any sublessee or permittee in any action or proceeding against them, or any of them, whether Agency be a party thereto or not, that Lessee, sublessee or permittee has violated any such ordinance or statute in the use of the Property or the Building shall be conclusive of that fact as between Agency and Lessee, or such sublessee or permittee.

22. ENTRY AND INSPECTION.

Agency reserves and shall have the right during reasonable business hours (and at all times in cases of emergency), upon twenty-four (24) hours prior written notice (except in cases of emergency) to Lessee by the Executive Director of Agency or designee, to enter the Property and the Improvements for the purpose of viewing and ascertaining the condition of the same, or to protect its interests in the Property and the Improvements or to inspect the operations conducted thereon, subject to the Agency's indemnification obligations as set forth in Section 16 hereof.

23. RIGHT TO MAINTAIN.

In the event that the entry or inspection by Agency pursuant to Section 22 hereof discloses that the Property or the Improvements are not in a decent, safe, and sanitary condition, Agency shall have the right, after thirty (30) days written notice to Lessee (except in case of emergency, in which event no notice shall be necessary) and Lessee's failure to cure such default within such thirty (30) day period or such longer period as provided below, to have any necessary maintenance work done for and at the expense of Lessee, and Lessee hereby agrees to pay promptly any and all costs incurred by Agency in having such necessary maintenance work done in order to keep the Property and the Improvements in a decent, safe and sanitary condition, provided that the Agency delivers such notice which is required hereunder. Notwithstanding the foregoing, except in cases of emergency, Lessee shall have thirty (30) days following receipt of reasonably detailed written notice setting forth the nature and scope of the default to implement a cure; provided, however, that Lessee shall not be in default hereunder if such default is not reasonably capable of being cured within such thirty (30) day period and Lessee takes all reasonable steps during such initial thirty (30) day period to commence the cure and diligently prosecute it to completion. In the event of an emergency, Lessee shall implement a cure of such default as soon as practicable following receipt of reasonably detailed written notice from the Agency setting forth the nature and scope of the default. The rights reserved in this Section 23 shall not create any obligations on Agency or increase obligations elsewhere in this Lease imposed on Agency.

24. EVENTS OF DEFAULT AND REMEDIES.

24.1. Events of Default by Lessee. The occurrence of any one (1) or more of the following shall constitute an event of default hereunder:

(a) Lessee shall fail to undertake the Rehabilitation in accordance with the DDA and within the times set forth in the DDA, subject to applicable cure periods set forth therein, following written notice from the Agency that such construction has not been completed within the required time; or

(b) Lessee shall abandon or surrender the Property or the Improvements; or

(c) Lessee shall fail or refuse to pay, within ten (10) days of notice from Agency that the same is due, any installment of rent or any other sum required by this Lease to be paid by Lessee; or

(d) Lessee shall fail to materially perform any covenant or condition of the DDA, Regulatory Agreement, the Agency Loan Agreement, this Lease, and/or any loan documents or regulatory agreements executed by Lessee which are permitted pursuant to the foregoing, other than as set forth in subparagraphs (a) or (b) above, and any such failure shall not be cured within thirty (30) days following the service on Lessee of a written notice from Agency specifying the failure complained of, or if it is not reasonably practicable to cure or remedy such failure within such thirty (30) day period, then Lessee shall not be deemed to be in default if Lessee shall commence such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion; or

(e) Subject to any restrictions or limitations placed on Agency by applicable laws governing bankruptcy, Lessee's (i) application for, consent to or suffering of the appointment of a receiver, trustee or liquidator for all or for a substantial portion of its assets; (ii) making a general assignment for the benefit of creditors; (iii) admitting in writing its inability to pay its debts or its willingness to be adjudged a bankrupt; (iv) becoming unable to or failing to pay its debts as they mature; (v) being adjudged a bankrupt; (vi) filing a voluntary petition or suffering an involuntary petition under any bankruptcy, arrangement, reorganization or insolvency law (unless in the case of an involuntary petition, the same is dismissed within ninety (90) days of such filing); (vii) convening a meeting of its creditors or any class thereof for purposes of effecting a moratorium, extension or composition of its debts; or (viii) suffering or permitting to continue unstayed and in effect for ninety (90) consecutive days any attachment, levy, execution or seizure of all or a portion of Lessee's assets or of Lessee s interest in this Lease, then such event, following the expiration of all applicable cure periods without cure, shall constitute an event of "default" under this Lease.

24.2. Remedies of Agency. In the event of any such default as described in Section 24.1, Agency may, at its sole option:

(a) Correct or cause to be corrected said default and charge any costs thereof, to the extent applicable (including costs incurred by Agency in enforcing this provision) to the account of Lessee, which charge shall be due and payable within thirty (30) days after presentation by Agency of a statement of all or part of said costs;

(b) Correct or cause to be corrected said default and pay the costs thereof (including costs incurred by Agency in enforcing this provision) from the proceeds of any insurance;

(c) Exercise its right to maintain any and all actions at law or suits in equity to compel Lessee to correct or cause to be corrected said default and/or to obtain monetary damages for such default, as provided in Section 24.3 hereof;

(d) Have a receiver appointed to take possession of Lessee's interest in the Property and the Improvements, with power in said receiver to administer Lessee's interest in the Property and the Improvements, to collect all funds available to Lessee in connection with its operation and maintenance of the Property and the Improvements; and to perform all other acts consistent with Lessee's obligation under this Lease as the court deems proper;

(e) Maintain and operate the Property and the Improvements, without

terminating this Lease during the period of such default;

(f) Terminate this Lease.

24.3. Damages. Damages which Agency recovers in the event of default under this Lease shall be those which are then available under applicable California case and statutory law to lessors for leases in the State of California including, but not limited to, any accrued but unpaid rent and the worth at the time of award of the amount by which the unpaid rent for the balance of the term of this Lease after the date of award exceeds the amount of such rental loss for the same period that Lessee proves could be reasonably avoided.

24.4. Rights and Remedies are Cumulative. The remedies provided by this Section 24 are not exclusive and shall be cumulative to all other rights and remedies possessed by Agency. The exercise by Agency of one or more such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by Lessee.

24.5. Rights of Lenders.

(a) Cure by Mortgagee. Any mortgagee shall have the right, at any time during the Term, while this Lease is in full force and effect:

(i) to do any act required by Lessee hereunder, to prevent a forfeiture of Lessee's rights hereunder as if the same had been done or performed by Lessee;

(ii) to rely on the security afforded by the leasehold estate, and to acquire and to succeed to the interest of Lessee hereunder by foreclosure, whether by judicial sale, by power of sale contained in any security instrument, or by deed given in lieu of foreclosure, and thereafter convey or assign title to the leasehold estate so acquired to any other person, firm or corporation.

If the mortgagee or Lessee shall have furnished, in writing, to Agency a request for notice, in the event of any default or breach hereunder on the part of Lessee, then Agency will not terminate this Lease by reason of such default or breach if the mortgagee shall, within sixty (60) days after the expiration of the applicable cure periods set forth herein and service on mortgagee of written notice from Agency or Agency's intention to terminate this Lease, either (i) cure such default if the same can be cured by the payment of money; or, if such is not the case (ii) undertake, in writing, to perform all covenants of this Lease capable of performance by mortgagee. In the event of such undertaking, mortgagee shall be deemed to have cured such default if mortgagee proceeds in a timely and diligent manner to accomplish said cure; provided, however, that if in order to accomplish such cure, mortgagee must foreclose on its security interest or obtain leave of the court as in the case of bankruptcy proceedings, such default shall be deemed cured, nevertheless, if mortgagee shall have made every reasonable effort to obtain such leave in a timely and diligent manner or shall have commenced foreclosure proceedings. Provided that mortgagee cures any additional defaults in the manner and within the time herein specified, the inability of mortgagee to cure a default based upon Lessee's bankruptcy or insolvency or other non-curable default shall not permit Agency to terminate the Lease on

account of such default. Further, this section shall not be deemed to obligate mortgagee to undertake or cure any default based upon Lessee's bankruptcy or insolvency, or other non-curable default.

This obligation of mortgagee for the performance of the terms of this Lease shall terminate upon the sale, transfer or assignment of the right, title and interest of mortgagee in the leasehold estate to any other person, firm or corporation.

Any provisions contained in this Lease to the contrary notwithstanding, any mortgagee of the Property or its assignee, may enforce such mortgage and acquire title to the leasehold estate in any lawful manner and, pending foreclosure of any such mortgage, may take possession of the Property.

(b) New Lease on Termination of this Lease. In the event this Lease is terminated for any reason, any mortgagee shall have the right within sixty (60) days after receipt of notice of such termination to demand that Agency execute a new lease of the Property with mortgagee as Lessee hereunder. In such event mortgagee shall immediately execute a new lease which shall be for the unexpired term of this Lease (and shall include any unexpired option extension terms) and shall otherwise be identical with the terms of this Lease and shall have the same priority as this Lease. Such new lease shall be executed and delivered by the Agency to the mortgagee within sixty (60) days after receipt by the Agency of written notice from the mortgagee of such election to obtain a new lease and upon payment by the mortgagee of all sums owing by Lessee under the provisions of this Lease (less the rent and other income actually collected by Agency in the meantime from any sublessees or other occupants of the Premises) and upon performance by the mortgagee of all other obligations of Lessee under the provisions of this Lease with respect to which performance is then due and which are susceptible of being cured by the mortgagee. After such termination of this Lease and prior to the expiration of the period within which mortgagee may elect to obtain such new lease from the Agency, Agency shall refrain executing any new subleases or amending, canceling or terminating any existing subleases without the prior written consent of the mortgagee.

(c) Consent of Mortgagee. Notwithstanding the provisions of this Lease to the contrary, until such time as the indebtedness of Lessee to mortgagee shall have been fully paid, Agency shall not, without the prior written consent of mortgagee first had and obtained, accept any surrender of this Lease, consent to any modification hereof or consent to the assignment hereof or of any part or portion of the term created thereby or of any of interest therein.

25. MISCELLANEOUS.

25.1 Governing Law. The laws of the State of California shall govern the interpretation and enforcement of this Lease.

25.2 Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purpose of this Lease. Such legal actions must be instituted in the Superior Court of Los Angeles County, State of California, in any other appropriate court in that County, or if permitted under federal law governing federal jurisdiction

for the Central District in the Federal District Court.

25.3 Acceptance of Service of Process. In the event that any legal action is commenced by Lessee against Agency, service of process on Agency shall be made by personal service upon the Chairman or Executive Director or designee of Agency or in such other manner as may be provided by law.

In the event that any legal action is commenced by Agency against Lessee, service of process on Lessee shall be made by personal service upon Lessee or in such other manner as may be provided by law, and shall be effective whether made within or without the State of California.

25.4 Attorneys' Fees And Court Costs. In the event that either Agency or Lessee shall bring or commence an action to enforce the terms and conditions of this Lease or to obtain damages against the other party arising from any default under or violation of this Lease, then the prevailing party shall be entitled to and shall be paid reasonable attorneys' fees and court costs therefore in addition to whatever other relief such prevailing party may be entitled.

25.5 Financial Statement; Inspection of Books And Records. Lessee shall submit to the Agency on an annual basis, not later than one hundred twenty (120) days after the end of each calendar year during the term of this Lease, an audited financial statement for the operation of the Property and Improvements, which is prepared by a certified public accounting firm. In addition, Agency shall have the right (at Lessee's office, upon not less than forty-eight (48) hours' notice, and during normal business hours) to inspect the books and records of Lessee pertaining to the Property as pertinent to the purposes of this Lease. Lessee also has the right (at Agency's office, upon not less than forty-eight (48) hours' notice, and at all reasonable times) to inspect the books and records of Agency pertaining to the Property as pertinent to the purposes of this Lease.

25.6 Interest. Any amount due Agency that is not paid when due shall bear interest from the date such amount becomes due until it is paid. Interest shall be at a rate equal to the lesser of (i) the discount rate established by the San Francisco office of the Federal Reserve Bank, plus two percent (2%), on the first day of the month such amount becomes due, and (ii) the maximum rate permitted by applicable law.

25.7 Notices. All notices, statements, demands, requests, consents, approvals, authorizations, offers, agreements, appointments or designations hereunder by either party to the other shall be in writing and shall be given either by (i) personal service, (ii) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified or registered mail, return receipt requested, postage prepaid, and addressed as follows:'

Agency: Redevelopment Agency of the City of Burbank
275 E. Olive Avenue
Burbank, CA 91510
Attn: Asst. Executive Director

With a copy to: City Attorney's Office
275 E. Olive Avenue
Burbank, CA 91510

Lessee: Burbank Housing Corporation
241 W. Verdugo Avenue
Burbank, CA 91502

or to such other address as either party shall later designate for such purposes by written notice to the other party. Agency shall also give copies of such notices to any Lender or mortgagee which has requested such notice. Notices shall be deemed effective upon personal delivery or within three (3) days after mailing thereof as provided above; provided, however that refusal to accept delivery after reasonable attempts thereto shall constitute receipt. Any notices attempted to be delivered to an address from which the receiving party has moved without notice to the delivering party shall be effective on the third day after the attempted delivery or deposit in the United States mail.

25.8 Time is of the Essence. Time is of the essence in the performance of the terms and conditions of this Lease.

25.9 Non-Merger of Fee And Leasehold Estates. If both Agency's and Lessee's estates in the Property become vested in the same owner, this Lease shall nevertheless not be destroyed by application of the doctrine of merger except at the express election of Agency and Lessee's lender. The voluntary or other surrender of this Lease by Lessee, or a mutual cancellation thereof, shall not work as a merger and shall, at the option of Agency, terminate all or any existing sublease or subtenancies or may, at the option of Agency, operate as an assignment to Agency of any or all such existing subleases or subtenancies.

25.10 Holding Over. The occupancy of the Property after the expiration of the Term of this Lease shall be construed to be a tenancy from month to month, and all other terms and conditions of this Lease shall continue in full force and effect.

25.11 Conflict of Interest. No member, official or employee of Agency shall have any personal interest, direct or indirect, in this Lease nor shall any such member, official or employee participate in any decision relating to the Lease which affects his personal interests or the interests of any limited partnership, partnership or association in which he is directly or indirectly interested.

Lessee warrants that it has not paid or given, and will not pay or give, any third party any money or other consideration for obtaining this Lease.

25.12 Non-Liability of Agency and City Officials and Employees. No member, official, officer, employee, agent, or representative of Agency or City shall be personally liable to Lessee, or any successor in interest, in the event of any default or breach by Agency or for any

amount which may become due to Lessee or successor or on any obligations under the terms of this Lease.

25.13 Relationship. The relationship between the parties hereto shall at all times be deemed to be that of landlord and tenant. The parties do not intend nor shall this Lease be deemed to create a partnership or joint venture.

25.14 Transactions with Affiliates. Lessee shall not have the right to enter into transactions with subsidiaries, affiliates and other related entities for the purpose of leasing space, providing cleaning, maintenance and repair services, insurance policies and other purposes related to the use and development of the Property and the Improvements, without the prior written approval of the Agency, which approval shall be given only if the Agency reasonably concludes that all such costs, charges and rents are competitive with the costs, charges, rent and other sums which would be paid by or to, as the case may be, an unrelated third party.

25.15 Waivers and Amendments. All waivers of the provisions of this Lease must be in writing and signed by the appropriate authorities of Agency or Lessee. The waiver by Agency of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition, or any subsequent breach of the same or any other term, covenant or condition herein contained. The subsequent acceptance of rent hereunder by Agency shall not be deemed to be a waiver of any preceding breach of Lessee of any term, covenant or condition of this Lease, regardless of Agency's knowledge of such preceding breach at the time of acceptance of such rent. Failure on the part of Agency to require or exact full and complete compliance with any of the covenants or conditions of this Lease shall not be construed as in any manner changing the terms hereof and shall not prevent Agency from enforcing any provision hereof.

All amendments hereto must be in writing and signed by the appropriate authorities of Agency and Lessee.

The Lessee's mortgagee permitted by this Lease shall not be bound by any waiver or amendment to this Lease without Lessee's mortgagee giving its prior written consent.

25.16 Non-Merger With DDA or Regulatory Agreement. None of the terms, covenants or conditions agreed upon in writing in the DDA or Regulatory Agreement and other instruments between the parties to this Lease with respect to obligations to be performed, kept or observed by Lessee or Agency in respect to the Property or any part thereof, shall be deemed to be merged with this Lease.

25.17 Entire Agreement; Duplicate Originals; Counterparts. Except as set forth in Section 25.16, this Lease sets forth the entire understanding of the parties with respect to Lessee's lease of the Property. This Lease is executed in two (2) duplicate originals and counterparts, each of which is deemed to be an original. This Lease includes thirty-four (34) pages and three (3) exhibits, Exhibits A, B, and C.

25.18 Severability. If any provision of this Lease or the application thereof to any person or circumstances shall be invalid or unenforceable to any extent, the remainder of this

Lease and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforceable to the greatest extent permitted by law.

25.19 Terminology. All personal pronouns used in this Lease, whether used in the masculine, feminine, or neuter gender, shall include all other genders; the singular shall include the plural, and vice versa. Titles of sections are for convenience only, and neither limit nor amplify the provisions of the Lease itself. Except for terms expressly defined in this Lease, all terms shall have the same meaning as set forth in the DDA.

25.20 Recordation. A short form memorandum of this Lease, in the form attached hereto as Exhibit "C", shall be recorded at or within one (1) day after the time the Lease is executed.

25.21 Binding Effect. This Lease, and the terms, provisions, promises, covenants and conditions hereof, shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns.

25.22 Estoppel Certificate. Each of the parties shall at any time and from time to time upon not less than twenty (20) days' prior notice by the other, execute, acknowledge and deliver to such other party a statement in writing certifying that this Lease is unmodified and is in full force and effect (or if them shall have been modifications that this Lease is in full force and effect as modified and stating the modifications), and the dates to which the rent has been paid, and stating whether or not to the best knowledge of the signer of such certificate such other party is in default in performing or observing any provision of this Lease, and, if in default, specifying each such default of which the signer may have knowledge, and such other matters as such other party may reasonably request, it being intended that any such statement delivered by Lessee may be relied upon by Agency or any successor in interest to Agency or any prospective mortgagee or encumbrance thereof, and it being further intended that any such statement delivered by Agency may be relied upon by any prospective assignee of Lessee's interest in this Lease or any prospective mortgagee or encumbrance thereof. Reliance on any such certificate may not extend to any default as to which the signer of the certificate shall have had no actual knowledge.

25.23 Force Majeure. The time within which Agency or Lessee is obligated herein to perform any obligation hereunder, other than an obligation that may be performed by the payment of money, shall be extended and the performance excused when the delay is caused by: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; natural disasters; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier (other than a contractor, subcontractor or supplier in which Lessee has a twenty-five percent (25%) or more ownership interest, or which is controlled by Lessee, or which is an affiliated entity of Lessee); acts or omissions of the other party; acts or failures to act of the City or any other public or governmental agency or entity (other than the acts or failures to act of Agency which shall not excuse performance by Agency); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty

(30) days of the commencement of the cause.

25.24 Quiet Enjoyment. Agency does hereby covenant, promise and agree to and with Lessee that Lessee, for so long as Lessee is not in default hereof, shall and may at all times peaceably and quietly have, hold, use, occupy and possess the Property throughout the Term.

25.25 Agency Approvals and Actions. Whenever a reference is made herein to an action or approval to be undertaken by Agency, the Executive Director of Agency or his or her designee is authorized to act on behalf of Agency unless specifically provided otherwise or the law otherwise requires.

IN WITNESS WHEREOF, the parties hereto have caused this Lease to be executed by their lawfully authorized officers.

AMENDED AND RESTATED MASTER LOAN AGREEMENT
(Phase 1)

THIS AMENDED AND RESTATED MASTER LOAN AGREEMENT (the "Agreement") is entered into this 14th day of January, 2025 (the "Effective Date", among the **HOUSING AUTHORITY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Authority"), the **CITY OF BURBANK**, a municipal corporation and charter city, and **BURBANK HOUSING CORPORATION,** a California nonprofit public benefit corporation (the "Borrower" and/or "BHC"). This Agreement amends and restates in their entirety the Loan Agreements, Promissory Notes, and Deed of Trust, and other agreements related to the projects and properties listed in Recital I below. This Agreement is Phase 1 of a series of anticipated amendments to the Master Loan Agreement approved by the City and Agency on March 21, 2006 and signed by the parties on January 2, 2007, and as amended on November 20, 2008 (the "Master Loan Agreement"), and is intended to modify the loan; future phases may modify project related capital and reserve fund accounts and set forth a process to remove projects from the Master Loan Agreement for redevelopment.

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank established a nonprofit corporation, the Burbank Housing Corporation, ("BHC") to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, et seq, ("HOME"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (hereafter "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Housing Authority of the City of Burbank ("Authority") accepted the Redevelopment Agency of the City of Burbank ("Agency") housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income tenants/owners. Based on the successful

Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered the Master Loan Agreement which modified agreements and combined all properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project, The Master Loan Agreement combined Agency (now Authority) funds ("Authority Loan") and City HOME and CDBG funds ("City Loan"). The Master Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The Authority Loan and City Loan together are referred to as the "Loan".

G. The required affordability under the HOME program is 15 years for rehabilitation projects and 20 years for new construction projects; there is no required affordability period under the CDBG program. The City promissory note before this modification required compliance with the HOME or CDBG regulations for the term of the note, which exceeded the minimum HOME and CDBG requirements. BHC and the City desire to reduce the maturity date for each portion of the City Loan to reflect the original maturity date for each portion of the Loan (which matched or exceeded the HOME and/or CDBG requirements, as applicable), while increasing the term of the affordability requirements on projects assisted by the City Loan . The result of this modification will eliminate ties with the federal government for the HOME and CDBG funds sooner, while extending the term of the affordability restrictions on the projects assisted with HOME and/or CDBG funds. Each portion of the City Loan is or will immediately be forgivable as of the initial term of each loan except for loans associated with certain properties identified in this Agreement. However, BHC and the City also desire to extend the affordability period for each project assisted by the City Loan despite any partial or full forgiveness of the City Loan as further provided in this Agreement.

H. Now the parties desire to further modify, restate, and replace in its entirety the Master Loan Agreement by entering into this Amended and Restated Master Loan Agreement to modify and restate the terms of the Loan to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan as set forth in more detail on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2) except for the loans related to specified properties as noted in Section 1.1 and on Exhibit A-2; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the loans related to specified properties as noted in Section 1.1 and on Exhibit A-1; 3) define "affordability covenant period" to be 55 years and three months for the Loan commencing January1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not

limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

I. The projects and properties subject to this Amended and Restated Master Loan Agreement are the following, as well as any future projects which specifically incorporate the Amended and Restated Master Loan Agreement in any City/Authority loan documents regarding those future projects:

1. On October 26, 1999, BHC entered into an affordable housing agreement with the City and Agency to assist in the rehabilitation of 2331-2333 North Fairview Street, then improved as a single-family home and a three-unit apartment building. The City provided an interest free loan of HOME funds and the Agency provided a loan (hereafter referred to as "Project No. 1").

2. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and manage a then duplex and two-unit apartment building located at 3000-3006 Thornton Avenue (hereafter referred to as "Project No.2"), with financial assistance by the Agency and City HOME funds.

3. On July 10, 2001, BHC entered into an affordable housing agreement with the City and the Agency to acquire, rehabilitate and manage real property located at 199 West Elmwood Avenue which was then improved with a six-unit apartment building. The transaction also consolidated the prior purchase agreement obligations entered into on November 30, 1999 (the Elmwood model), concerning the acquisition of 153, 158-159,164-165, 170-171, 188, 194 Elmwood. BHC provided a consolidated Promissory Note to the Agency, in exchange for Agency funds. This Elmwood project is collectively referred to as "Project No.3".

4. On July 16, 2002, BHC entered into an affordable housing agreement with the City and Agency concerning the acquisition, rehabilitation, and management of 1721 Elliot Drive, then improved with an eight-unit apartment building. Under the terms of the affordable housing agreement, the City agreed to loan BHC funds, a portion from CDBG, and a portion from HOME funds. The Agency also lent BHC funds for this project. The Elliot project is hereafter referred to as "Project No. 4".

5. On May 27, 2003, BHC and the Agency entered into an affordable housing agreement concerning 3030 Thornton Avenue, which was then improved with a single family dwelling. The Agency provided a loan to BHC. The 3030 Thornton Avenue project is hereafter referred to as "Project No. 5".

6. On September 23, 2003, BHC and Agency entered into a disposition and development agreement ("DDA") and lease agreement whereby BHC agreed to rehabilitate and then lease the property at 1801-1815 Grismer Avenue, 1819 Grismer Avenue and 1729-1735 Elliott Drive. As part of the DDA, the Agency provided BHC a loan for the rehabilitation of existing structures and construction of an activity center to be used for after school care by the focus neighborhood of the Grismer and Elliott projects. The aforementioned project is hereafter referred to as "Project No. 6".

7. On November 18, 2003, BHC entered into an affordable housing agreement with the City for assistance to purchase and rehabilitate seven units at 2325 and 2335 Fairview Street. The City provided a loan to BHC from HOME funds (hereafter "Project No. 7").

8. On June 15, 2004, BHC and the Agency entered into an affordable housing agreement whereby Agency provided a loan to fund the acquisition, rehabilitation and management of the property located at 2321 North Fairview Street and 2321-2323 North Catalina Street and related relocation costs for displaced households. An activity center serves the neighborhood. This Project involves multiple unrelated properties. Though this amendment, this Project is being divided into two separate projects: 1) 2321- 2323 N. Catalina ("Project No. 8A") and 2) 2321 N. Fairview Street ("Project No. 8B"). The loan amounts and promissory notes are also being divided as follows: 1) 65%; to Project No. 8A; and 2) 35% to Project No. 8B.

9. On May 4, 2004, the Agency and BHC restructured and consolidated affordable housing agreements in the Lake-Verdugo Focus Neighborhood, as to 220 West Tujunga Avenue, 237, 241-243, and 257 West Verdugo Avenue, which had been entered into separately in 2000-01. The City (HOME and CDBG) and the Agency had provided funding under the initial agreements. The restructured debt included additional Agency funds lent to BHC to pay off certain private financing. An activity center serves the neighborhood. The Verdugo-Lake Focus Neighborhood projects are hereafter referred to as "Project No. 9".

10. On July 19, 2005, BHC entered into an affordable housing agreement with the Agency whereby the Agency lent BHC funds to assist in the acquisition of the property located at 1902 Keeler Street. The Keeler project is hereafter referred to as "Project No. 10." As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. However, the documents that went before Council in January, 2025 inadvertently included Property No. 10, Administratively, the City Attorney through Resolution No. 25-29,585 and the Assistant Executive Director (authority to issue estoppels and interpretations of the Regulatory Agreement) have opined that this property should be deleted from the final agreement and all of the exhibits, for the debt had been released from the MLA in 2009 (Council Resolution No. 27,924 and Redevelopment Agency Resolution R-2215). Therefore, Project No. 10 is hereby intentionally deleted.

11. On January 31, 2006, the Agency and City approved a Disposition and Development Agreement and a Lease with BHC for the property located at 313 and 427 West Valencia Avenue ("Project No. 11").

12. On April 4, 2006 , the City (HOME funds) and Agency lent BHC funds for the purchase and rehabilitation ten rental units at 157 West Linden Avenue and 160 West Elm Court/159 West Linden Avenue ("Project No. 12").

13. On January 23, 2007, the Agency, City and BHC entered into an Affordable Housing Agreement for the property located at 261 West Verdugo Avenue which was rehabilitated to provide for eight affordable rental units using City HOME funds and Agency funds ("Project No. 13").

14. On January 23, 2007, Agency and BHC entered into an Affordable Housing Agreement whereby BHC agreed to provide six rental units at 2219 and 2329 North Niagara Street. Agency funds were lent to allow for BHC to purchase and rehabilitate the property ("Project No. 14").

15. On November 25, 2008, and amended on Oct. 9, 2009, BHC recorded a regulatory agreement, whereby BHC agreed to acquire and rehabilitate four (4) rental units to low and very low income households. Agency funds and City HOME funds were lent to BHC for this property located at 2406 North Naomi Street ("Project No. 15").

16. On January 15, 2009, BHC recorded a regulatory agreement agreeing to maintain 34 affordable units at 275 W. Verdugo. Agency funds were lent to BHC for this Property ("Project No. 16").

17. On October 13, 2009, BHC recorded a regulatory agreement agreeing to maintain four affordable units at 2615 Thorton Avenue, Agency and City (HOME) lent BHC funds to acquire and rehab the property ("Project No. 17").

18. On August 27, 2010, BHC recorded a regulatory agreement agreeing to maintain four affordable units at 225 W. Linden Avenue. Agency and City (HOME) lent BHC funds for this property ("Project Property No. 18").

19. On December 17, 2010, BHC recorded a regulatory agreement agreeing to maintain seven affordable units at 2234 N. Catalina Street. Agency and City (HOME) lent BHC funds for this property ("Project No. 19").

23. On July 11, 2017, Authority, City and BHC entered into an Affordable Housing Agreement whereby BHC agreed to rehabilitate 10 rental units at 153, 159 and 199 Elmwood Avenue. 25. On November 15, 2018, BHC recorded a regulatory agreement agreeing to maintain three affordable units at 2300 N. Fairview. City (HOME) and Authority lent BHC funds for this property ("Project No. 25").

J. It is intended by the parties to amend and/or restate the applicable Affordable Housing Agreements, Promissory Notes, Deed of Trust, Regulatory Agreements, and Ground Leases, as necessary, as to the changes set forth herein, for all projects mentioned in Recital I above, to be made consistent with this Amended and Restated Master Loan Agreement ("Related Agreements").

NOW, THEREFORE, Authority, City and **BHC** (or the Borrower) hereby agree as follows:

1. Loans for individual properties. The Promissory Notes in favor of the Authority or Agency, and those in favor of the City, applicable to the Project Nos. 1-9 and 11- 25 shall be amended and restated to conform to this Agreement, with Exhibit A-1 as the form promissory note for Authority Loan and Exhibit A-2 as the form promissory note for City (HOME and CDBG) Loan ("Notes"). Exhibits A-1 and A-2 are incorporated herein by reference. However, it is not intended to amend any portion of the Promissory Notes relating to the Development Fee. Provisions relating to the Development Fee shall begin with Project No. 15 only, and then apply to all future projects that specifically provide for it. Notwithstanding the foregoing, this Agreement amends and restates each separate loan agreement, where such existed, or other applicable document, and related Agreement, such as Affordable Housing Agreements and to the extent that this Agreement is inconsistent with any prior agreement affecting the aforementioned Projects, this Agreement shall prevail. The Notes and Deed of Trust continue to provide that a default on any one Note can result in a default on all of the projects subject to the Agreement now and from time to time any future project in which the Authority/City documents state that that project shall conform to this Agreement , which can result in the Authority or City exercising foreclosure rights on all of the projects. Accounting shall be maintained for each individual project in compliance with this Agreement.

1.1 Repayment of Amended Loan; Interest The Borrower's obligation to repay the Amended and Restated Master Loan shall be set forth in the Authority Note and City Note. The payments on the Authority Note shall be due annually commencing April 1, 2026 for the period of January 1, 2025 - December 31, 2025. No payment shall be due for the period from December 31, 2024 to April 1, 2025. The term of the Authority Loan and Authority Note shall be for fifty-five (55) years and three (3) months commencing January 1, 2025. As long as there is no breach of the affordability terms during the Affordability Period, payments on the Authority Loan and Authority Note shall be forgiven after every 12 months on April 1 of each year for the immediately preceding calendar year by the amount $1/55^{th}$ of the initial balance (as to the total balance and for the amount of such loan for each project which received Authority Loan funds as shown on Schedule 1 to the Authority Amended and Restated Promissory Note (attached hereto as Exhibit A-1); and completely, for the Authority Note, upon the expiration of the Affordability Period (April 1, 2080); provided however, that the portions of the Authority Loan and Authority Note attributable to Project No. 1, Project No. 7, and Project No. 8B (2331-2333 North Fairview, 2325-2335 North Fairview, and 2321 North Fairview properties (the "Fairview Properties")) shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, April 1, 2080, shall not bear interest, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. The term for each portion of the City Loan and City Note is as set forth in on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2). As long as there is no breach of the affordability terms during the Affordability Period,

no payments shall be due on the City Loan or City Note, and each portion of the City Loan is hereby forgiven or will be forgiven as of the initial term of the original note evidencing the applicable portion of the City Loan as set forth on Schedule 1 to the City Amended and Restated Promissory Note (attached here to as Exhibit A-2); provided however, that the portions of the City Loan and City Note attributable to the Fairview Properties shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, shall not bear interest, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. Upon a breach of the affordability terms during the Affordability Period, then any remaining principal balance of the Notes shall be due immediately. Borrower shall no longer make an annual payment or any Loan payment unless payments are accelerated in accordance with the Notes. No interest shall be incurred or owed on the Loan or under the Notes or any other document evidencing the Loan effective as of December 31, 2024, and all Note balances shall be reset as of that date. This modified repayment schedule eliminates any payment from residual receipts, and references to residual receipts in any documents involving the projects subject to this Agreement are hereby deleted.

If the Fairview Properties have not been released from the terms of this Agreement and Deed of Trust by the date five (5) years after the Effective Date, or earlier if requested by BHC, the terms of the Loan associated with those properties will revert to the terms for the other properties covered by this Agreement for the Authority Loan and City Loan respectively. In that case, the notes for the Fairview Properties will be modified to reflect those terms.

1.2 Definitions. As used in this Master Loan Agreement the following definitions apply:

"Reserve Deposits" shall mean (a) payments to a capital replacement reserve account in accordance with a capital reserve study, which shall be updated from time to time to the extent payable from cash flow from the Projects; and (b) payments to an operating reserve which shall be equal to six months of then operating expenses. The exact amounts to be deposited annually into the capital replacement reserve account has been initially determined by the Authority's Assistant Executive Director in accordance with the Borrower submitted capital reserve study in a form reasonably acceptable to the Authority's Assistant Executive Director. The capital reserve study shall be updated periodically at the request of the Authority's Assistant Executive Director, and in which case, the amount of capital replacement reserve account shall reflect the updated capital reserve study. Two accounts shall be maintained at all times, each account though can be combined with other Projects' reserve accounts for capital replacement and other Projects' operating reserve accounts. The operating reserve account shall be built up and maintained at an amount equal to six months then operating expenses. One statement can be provided for all Projects as long as each Project is clearly delineated, or separate statements can be provided for each Project. Further, the Authority may audit Borrower at any time, by providing reasonable notice. The audit shall be at Authority's expense.

Notwithstanding the foregoing, however, the total amount of the principal and any other amounts owing under the Notes shall become immediately due and payable upon the earlier to occur of the following:

a. the sale, lease, exchange or other conveyance of the real property, or any portion thereof, that is subject to the Deed of Trust securing the Notes (other than transfers specifically approved by the City and/or Authority); or

b. in the event of a default by the Borrower under this Agreement, the Affordable Housing Agreements related to any of the Projects as amended, any Regulatory Agreement recorded against any property subject to the Deed of Trust securing the Notes, the Deed of Trust securing the Notes, or the Notes, which has not been cured within the period of time set forth in those documents.

Failure to declare such amounts due shall not constitute a waiver on the part of the Agency to declare them due subsequently.

1.4 Security for Agency and City Loan. The Notes for Project Nos. 1-9 and 11-25 have previously been secured by one Deed of Trust with Assignment Rents (Short Form) recorded on October 26, 2006 as Instrument No. 06-2369323 in the Official Records of Los Angeles County (the "Deed of Trust") as an encumbrance to the Borrower's interest in the collective Projects. An Amended and Restated Deed of Trust will be recorded to reflect the loan modification in the form attached hereto as Exhibit B, and incorporated herein by this reference. The Amended and Restated Deed of Trust secures all of the outstanding Agency/Authority and City Notes related to the Projects. Each Note includes all of the provisions for cross-default and cross-collateralization. The Amended and Restated Deed of Trust is intended to secure future amounts lent to Borrower from either City and/or Agency in which the future documents state that those amounts are secured by the Amended and Restated Deed of Trust, and other future modifications to this Agreement. This Agreement can be amended at any time to include additional loans from either City alone or the Authority alone, without the consent of the other (either City or Authority). The entire security, therefore, can be foreclosed upon a default in any one of the specific Notes. Once recorded, the Instrument Number of the Amended and Restated Deed of Trust shall be noted here: 20250809610.

1.5 Amendments to Affordable Housing Agreements. As part of this Agreement, the Affordable Housing Agreement for each Project subject to the Loan, if any, shall be modified as provided in this Agreement.

1.6 Affordability Period set forth in Regulatory Agreements. As part of this Agreement, the Regulatory Agreement for each property subject to the Loan shall be modified to provide for a set term of 55 years and three months for the Affordability Period, commencing with January1, 2025, and expiring April 1, 2080. The form of the Third Amendment to Regulatory Agreement shall be in the form set forth as Exhibit C-1 for all Projects other than Project No. 8A and Project No. 8B, the Third Amendment to Regulatory Agreement for Project No. 8A shall be in the form set forth as Exhibit C-2, and the Third Amendment to Regulatory Agreement for Project No. 8B shall be shall be in the form set forth as Exhibit C-3, attached hereto and incorporated herein by this reference.

1.7 Subordination. The Deed of Trust shall not be subordinate to any other deeds of trust, unless expressly approved by the Authority and/or City, which approval or denial may be made in its sole and absolute discretion. In the event this provision is in conflict with any other provision in a Related Agreement, this provision shall prevail. Approval by Authority is required as to subordination related to Authority Note; similarly, approval by City is required as to subordination related to City Note.

1.8 Assignment. The Promissory Notes shall not be assigned by Borrower without the prior written consent of the Authority and/or City.

1.9 Amendments to Articles and By-laws; City Representatives on Board. As further consideration for the Authority Loan and the City Loan, BHC agrees to maintain its Articles of Incorporation and By-laws to reflect that its mission is expanded to provide community services in the City of Burbank and general administrative activities associated with the development, improvement, and preservation of low- and moderate-income housing in the City of Burbank, including but not limited to activity centers and child care, and that its powers and purpose be limited to the geographic boundaries of the City of Burbank. The amended provisions required by this section shall not be changed without Authority and City prior approval. The required provisions shall be reflected in the Articles and By-laws. Whether or not the provisions are incorporated into the articles and by-laws, any violation of this section will further be deemed to be a default of the Amended and Restated Master Loan Agreement, causing acceleration of the Loan herein. Two representatives from the City or Authority shall be on the BHC Board of Directors as appointed by the City or Authority. The two members shall have full Board membership rights including but not limited to voting rights.

1.10 Modification of Ground Leases to Conform to New Term of Affordability Covenants, and Deletion of Residual Receipts Payments. In 2006, BHC and the Agency entered into several fifty-five (55) year leases with a promissory note and payments including interest and residual receipts as repayment. The financial terms of the leases at 1) 427 West Valencia and 313 West Valencia, and 2) 1729-1735 Elliot Dr., 1801-1818 and 1819 Grismer; are modified to eliminate interest past and future, to eliminate any payment from residual receipts, to forgive payments when not in default, and to extend the terms of the leases for 55 years to correspond to the new Affordability Period. The forms of the modifications of the leases are attached as Exhibits D-1 and D-2.

2.3 Indemnity and Insurance. Borrower shall furnish the City and Authority with proper evidence of the insurance which is required pursuant to the Regulatory Agreements and this Agreement. At a minimum the following standards shall apply: The Borrower shall take out and maintain or shall cause its contractor to take out and maintain during the Affordability Period a comprehensive general liability policy in the amount of not less than Two Million Dollars

Borrower shall also require all property managers to maintain comparable insurance, and to also maintain fidelity (employee dishonesty) insurance in a commercially reasonable amount. All policies shall protect the Borrower, City and Authority from claims for such damages, and be issued by an insurance carrier qualified to do business in the State of California, which carrier is reasonably satisfactory to the Authority. Such policy or policies shall be written on an occurrence form. Coverage provided hereunder by the Borrower shall be primary insurance and not be contributing with any insurance maintained by the Authority or City, and the policy shall contain such an endorsement. The insurance policy or the endorsement shall contain a waiver of subrogation for the benefit of the City and the Authority. The required certificate shall be updated annually, and the City and Authority reserve the right to increase these amounts no more than once every five years in a commercially reasonable amount determined by the City's Risk Manager. Borrower shall also take out and maintain until the end of the Affordability Period a policy of property damage insurance, with the policy amount in the full replacement value of the Property.

In the event Borrower is unable to obtain any of the insurance coverages required herein, the Authority or City may find BHC in default of this Agreement; provided, however, the Borrower may request the Authority's Executive Director to pay for the insurance or to waive said insurance coverage requirements and place the Property and Rehabilitation on the Authority's insurance policy(ies). The Authority's Executive Director may approve or deny Borrower's waiver request in its sole and absolute discretion. Concurrently with Borrower's waiver request, the Borrower shall provide written correspondence from at least three (3) insurance underwriters evidencing Borrower's inability to obtain insurance coverage, regardless of cost. Any cost to the Authority caused by a purchase of insurance or a waiver of insurance coverage, including increased premium, may be added to the amount of the collective Notes under this Amended and Restated Master Loan Agreement, and shall be repaid pursuant to the terms thereof, or Authority may pursue a separate action (such as acceleration of the Notes, nonjudicial foreclosure, or litigation) for repayment of the insurance policy cost, Such action is not limited to the real property.

In addition to the foregoing, the Borrower shall defend, indemnify, assume all responsibility for, and hold the former Agency, the Authority and the City, and their representatives, volunteers, officers, employees and agents, harmless from all claims, demands, damages, defense costs or liability of any kind or nature relating to the subject matter of this Agreement or the implementation thereof and for any damages to property or injuries to persons, including accidental death (including attorney's fees and costs), which may be caused by any acts or omissions of the Borrower under this Agreement, whether such activities or performance thereof be by the Borrower or by anyone directly or indirectly employed or contracted with by the Borrower and whether such damage shall accrue or be discovered before or after termination of this Agreement. In the event that the Borrower is in default on any loan or deed of trust senior to the Loan, the Borrower shall immediately deliver to the Authority a copy of such notice of default. Even if the holder of such loan or deed of trust has not exercised its rights or remedies with respect to such default, the Authority shall have the right (but not be obligated to) cure such default. 4.3 Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by any party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same Default or any other Default by another party.

4.4 Inaction Not a Waiver of Default. Any failures or delays by any party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default

or of any such rights or remedies, or deprive any party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

4.5 Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

1. **Agreement.** This Amended and Restated Promissory Note (the "Note") is given in accordance with that certain **Amended and Restated Master Loan Agreement** executed by the Authority, the City of Burbank and the Borrower, dated as of January 14, 2025 (the "Agreement") which is incorporated herein by this reference. The Agreement further incorporates this Note, the Deed of Trust, and Regulatory Agreements affecting twenty-four (25) projects from time to time, which now have the same terms, having been modified by the Agreement. The Note Amount collectively combines all amounts owed to the Authority for all of the projects, with Schedule 1 to this Note specifying the amounts due to the Authority for each project. The rights and obligations of the Borrower and the Authority under this Note shall be governed by the Agreement (including its exhibits) and by the additional terms set forth in this Note. In the event of any conflict, the Agreement prevails, then this Note, then the Regulatory Agreements, and then the Deed of Trust. This Note, Regulatory Agreements, Deed of Trust, and Affordable Housing Agreements are collectively referred as the Related Agreements to the Amended and Restated Master Loan Agreement.

2. **Interest and Term.** As of December 31, 2024, no interest shall accrue on the Note Amount. The term of the Note shall be fifty-five years, commencing on January 1, 2024 and ending on January 1, 2080.

3. **Repayment of Note Amount.** Payments are due annually, commencing with April 1, 2026, for the annual payment from January 1, 2025-December 31, 2025; however, each twelve month payment shall be forgiven by 1/55th of the initial balance (for the total amount and the amount associated with each project) and completely upon expiration of the Affordability Period (April 1, 2080), as long as Borrower does not breach of the affordability terms during the Affordability Period; provided however, that the portions of the Authority Loan and Authority Note attributable to Project No. 1, Project No. 7, and Project No. 8B (2331-2333 North Fairview, 2325-2335 North Fairview and 2321 North Fairview properties) (the "Fairview Projects")

shall have terms for fifty-five (55) years and three (3) months commencing January 1, 2025 and expiring at the end of the Affordability Period, April 1, 2080, and shall not be forgiven and instead will be due and payable at the end of the Affordability Period. No payments shall be due between December 31, 2024 and April 1, 2025.

The Note Amount shall be immediately due and payable in the event that one of the repayment conditions set forth herein, to wit: Borrower commits a material default of the Agreement, this Note, the Deed of Trust securing this Note, or the Regulatory Agreements, and fails to cure said default within the time periods provided in those documents, if any. Otherwise, Borrower shall have no obligation to pay this Note or make any installment payment thereon. On April 1, 2080, this obligation shall be paid in full, provided Borrower has not committed or caused the occurrence of a material default of the Agreement, this Note, the Deed of Trust securing this Note, or the Regulatory Agreements, the Note Amount will be forgiven in its entirety except that the portions of the Authority Loan and this Note attributable to the Fairview Properties shall not be forgiven and instead will be due and payable on December 31, 2080. Notwithstanding the foregoing, the full Note Amount may be accelerated as set forth herein.

Notwithstanding the foregoing, however, the total amount of the principal, interest and any other amounts owing under this Note shall become immediately due and payable upon the earlier to occur of the following:

a. the sale, lease, exchange or other conveyance of the real property, or any portion thereof, that is subject to the Deed of Trust (other than transfers approved or permitted pursuant to the Agreement); or

b. in the event of a default by the Borrower under the Agreement, the Deed of Trust securing this Note, the Regulatory Agreements, or this Note, which has not been cured within the period of time set forth in those documents.

Failure to declare such amounts due shall not constitute a waiver on the part of the Authority to declare them due subsequently.

4. Security. The Notes for Project Nos. 1-9 and 11-25 (as defined in the Agreement) have previously been secured by one Deed of Trust with Assignment Rents (Short Form) recorded on October 26, 2006 as Instrument No. 06-2369323 in the Official Records of Los Angeles County (the "Deed of Trust") as an encumbrance to the Borrower's interest in the collective Projects. An Amended and Restated Deed of Trust will be recorded to reflect the loan modification in the form attached hereto as Exhibit B, and incorporated herein by this reference. The Amended and Restated Deed of Trust secures all of the outstanding Agency/Authority and City Notes related to the Projects. Each Note includes all of the provisions for cross-default and cross-collateralization. The Amended and Restated Deed of Trust is intended to secure future amounts lent to Borrower from either City and/or Authority in which the future documents state that those amounts are secured by the Amended and Restated Deed of Trust, and other future modifications to this Agreement. This Agreement can be amended at any time to include additional loans from either City alone or the Authority alone, without the consent of the other (either City or Authority). The entire security, therefore, can be foreclosed upon a default in any

one of the specific Notes. Once recorded the Instrument Number of the Amended and Restated Deed of Trust shall be noted here:_____.

5. Waivers

THIRD AMENDMENT TO REGULATORY AGREEMENT (Phase 1 - 2025 Master Loan Amendment)

THIS THIRD AMENDMENT TO REGULATORY AGREEMENT is entered into as of January _____, 2025 among the Housing Authority of the City of Burbank, a public body, corporate and politic (the "Authority") , the City of Burbank , a charter city and municipal corporation ("City"), and Burbank Housing Corporation, a California nonprofit public benefit corporation (the "Developer or BHC").

Subject Properties

listed in Attachment No. 1 with prior recorded instrument numbers and/or legal descriptions (collectively "Subject Properties")

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank (the "Agency") established a nonprofit corporation, the Burbank Housing Corporation ("BHC"), to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also receives Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (the "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income households at the Subject Properties. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Subject Properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Subject Properties.

G. The parties further modified restated, and replaced in its entirety, the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain of the Subject Properties as identified in the A&R MLA;

2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. The Subject Properties include Twenty Four (24) projects, which in turn oftentimes involved multiple parcels. Each individual parcel is subject to a regulatory agreement, separate for City or Authority, which restricts certain units to be affordable for a specific time period and is recorded in the official records of the Los Angeles County Recorder's Office (the "Original Regulatory Agreement"). The Original Regulatory was modified after adoption and amendment of the Loan Agreement in 2006-7 to reflect changes by the Loan Agreement as amended and in 2010 to reflect a modification requested by Developer (collectively "Regulatory Agreement"). Those legal descriptions or instrument numbers for the recorded documents of the Original Regulatory Agreement and the two amendments thereto are set forth in Attachment No 1.

I. The Regulatory Agreement is now further being amended by the Third Amendment in conjunction with the terms set forth in the A&R MLA, specifically the extension of affordability covenants to April 1, 2080.

J. As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. However, the documents that went before Council in January, 2025 inadvertently included Property No. 10, Administratively, the City Attorney through Resolution No. 25-29,585 and the Assistant Executive Director (authority to issue estoppels and interpretations of the Regulatory Agreement) have opined that this property should be deleted from the final agreement and all of the exhibits, for the debt had been released from the MLA in 2009 (Council Resolution No. 27,924 and Redevelopment Agency Resolution R-2215). Therefore, Project No. 10 is hereby intentionally deleted from this global amendment.

K. Intentionally excluded from this global amendment is the property referenced in the A&R MLA as Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement for Project No. 8 required, among other things, specific affordability requirements together with operation

of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

NOW, THEREFORE, the parties hereto agree as follows:

1. Amendment: This Third Amendment modifies each individual regulatory agreement for each property identified in Attachment No. 1 as Subject Properties as follows.

    a. Extension of Affordability Covenants. This Third Amendment extends the affordability covenant period as to Subject Properties for fifty-five years and three months commencing upon January 1, 2025 to April 1, 2080.

    b. Conforming to A&R MLA. This Third Amendment amends the Regulatory Agreement for each property identified in Attachment 1 to conform it to any conflicting term in the A&R MLA, and any term in a future amendment to A&R MLA.

2. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement remain the same and the Regulatory Agreement remains in full force and effect.

3. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement as amended by this Third Amendment, and that the Regulatory Agreement with this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

4. Monitoring. As to a matter between the Authority and City, Authority agrees to monitor the Regulatory, as amended by this Third Amendment as to Authority affordability covenants and also monitor City affordability covenants, at Authority's cost.

5. Performance secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Properties by Instrument No. 06-2369323, and as amended and restated by Instrument No. _____, recorded on _____, 2025.

6. Counterparts. This Third Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

7. Successors and Assigns. The Regulatory Agreement as amended by this Third Amendment shall run with the land, and all of the terms, covenants and conditions of the Regulatory Agreement as amended by this Third Amendment shall be binding upon BHC and the permitted successors and assigns of BHC.

IN WITNESS WHEREOF, the parties hereto have executed this Third Amendment to the Regulatory Agreement as of the date and year set forth above.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Projects into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual Projects as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Projects.

G. The parties further modified restated, and replaced in its entirety the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain Projects as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain Projects as identified in the A&R MLA; 3) to define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) to eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) to eliminate interest on Authority Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan (with certain exceptions); 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7 continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. Subject Property, along with 2321 North Fairview Street, is referenced in the A&R MLA as collectively Project No. 8. Through the A&R MLA, the Project No. 8 is divided into two separate projects - the project located at Subject Property-2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements. The regulatory agreement requires among other things, specific affordability requirements, together with operation of an activity center located on Subject Property to serve the neighborhood.

I. A Regulatory Agreement was recorded on the Subject Property as Instrument No. 04-1599871 on June 17, 2004, and amended by an Amended Regulatory Agreement Instrument No. 06-2369324 on October 25, 2006 (the "First Amendment") and as further amended by a Regulatory Agreement Amendment Instrument No. 20101493655 on October 19, 2010 (the "Second Amendment").

J. The Regulatory Agreement, as amended by the First Amendment and the Second Amendment, is now further being amended (this Third Amendment) to 1) reflect the modification to the A&R MLA, specifically the extension of affordability covenants to April 1, 2080, and 2) to separate the Subject Property from the adjacent parcels 2321 North Fairview Street.

NOW, THEREFORE, the parties hereto agree as follows:

1. Recital B is amended to read as follows: The Developer purchased with Authority and City assistance the Subject Property. The Subject Property is improved with an eight unit apartment building 2323 Catalina Street and an activity center.

The Developer shall further restrict the units by ensuring that the Very Low Income Unit is a one-bedroom unit, that the Low Income Units are all one-bedroom units, and that three of the Moderate Income Units are one-bedroom units.

3. Extension of Affordability Covenants. The final paragraph of Section 4 is amended to read as follows:

   "The Property shall be subject to the requirements of this Section 4 in perpetuity commencing on the date of the Developer's acquisition of the Property. The duration of this requirement shall be known as the "Affordability Period"."

4. Conforming to A&R MLA. This Third Amendment further amends the Regulatory Agreement to conform it to any conflicting term in the A&R MLA and any term in a future amendment to the A&R MLA.

5. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement, as amended by the First and Second Amendments, remain the same and the Regulatory Agreement, as amended by the First and Second Amendments, remains in full force and effect.

6. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement , as amended by the First Amendment, the Second Amendment, and this Third Amendment, and that the Regulatory Agreement together with the First

Amendment, the Second Amendment, and this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

7. Monitoring. As to a matter between the Authority and City, Authority agrees to monitor the Regulatory, as amended by this Third Amendment as to Authority affordability covenants and also monitor City affordability covenants, at Authority's cost.

8. Performance Secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Property by Instrument No. 06-2369323, as amended and restated on January___, 2025, recorded as Instrument No._____ on _____, 2025.

9. Counterparts. This Third Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

10. Successors and Assigns. The Regulatory Agreement as amended by the First Amendment, the Second Amendment, and this Third Amendment shall run with the land, and all of the terms, covenants and conditions of the Regulatory Agreement, as amended by the First Amendment, the Second Amendment, and by this Third Amendment, shall be binding upon BHC and the permitted successors and assigns of BHC.

IN WITNESS WHEREOF, the parties hereto have executed this Third Amendment to the Regulatory Agreement as of the date and year set forth above.

THIRD AMENDMENT TO REGULATORY AGREEMENT (Phase 1 -2025 Master Loan Amendment) (2321 N. Fairview)

THIS THIRD AMENDMENT TO REGULATORY AGREEMENT (this "Third Amendment") is entered into as of January _____, 2025 among the Housing Authority of the City of Burbank, a public body, corporate and politic (the "Authority"), the City of Burbank, a charter city and municipal corporation (the "City"), and Burbank Housing Corporation, a California nonprofit public benefit corporation (the "Developer" or BHC").

Subject Property

2321 N. Fairview, Burbank, CA and
more particularly described in Attachment No. 1.

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank (the "Agency") established a nonprofit public benefit corporation, the Burbank Housing Corporation ("BHC"), to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also receives Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (the "Community Redevelopment Law"), the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income households on twenty-four properties throughout the City (the "**Projects**"). In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Projects into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual Projects as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed of Trust recorded on the Projects.

G. The parties further modified restated, and replaced in its entirety the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the

principal associated with certain Projects as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain Projects as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority Loan, including existing outstanding and new interest payments for Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. Subject Property, along with 2321-2323 N. Catalina Street, is referenced in the A&R MLA as collectively Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement required, among other things, specific affordability requirements together with operation of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at Subject Property-2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

I. A Regulatory Agreement was recorded on Subject Property as Instrument No. 04-1599871 on June 17, 2004, as amended by an Amended Regulatory Agreement recorded on Subject Property as Instrument No. 06-2369324 on October 25, 2006 (the "First Amendment"). On September 23, 2010, the parties agreed to amend the Regulatory Agreement to allow BHC to have flexibility to lease affordable units below income level designations (the "Second Amendment"). The Second Amendment did not appear on a title report for Subject Property due to administrative recording error, and shall be recorded prior to the recording of this Third Amendment.

J. The Regulatory Agreement, as amended by the First and Second Amendments, is now further being amended by this Third Amendment to 1) reflect the modification to the A&R MLA, specifically the extension of affordability covenants to April 1, 2080, and 2) separate the Subject Property from the adjacent parcels 2321-2323 Catalina St.

NOW, THEREFORE, the parties hereto agree as follows:

1. Recital B is amended to read as follows: The Developer purchased with Authority and City assistance the Subject Property The Subject Property is improved with a two-story apartment building containing six units at 2321 North Fairview Street.

The Developer shall further restrict the units by ensuring that the Low Income Units are all one-bedroom units, and that four Moderate Income Units are two-bedroom units.

3. Extension of Affordability Covenants. The final paragraph of Section 4 is amended to read as follows:

   "The Property shall be subject to the requirements of this Section 4 in perpetuity commencing on the date of the Developer's acquisition of the Property. For purposes of this Section 4, "in perpetuity" means the useful life of the Property with the land use controls imposed herein, but not less than fifty-five years and three months commencing January 1, 2025 and expiring April 1, 2080. The duration of this requirement shall be known as the "Affordability Period"."

4. Conforming to A&R MLA. This Third Amendment further amends the Regulatory Agreement to conform it to any conflicting term in the A&R MLA and any term in a future amendment to the A&R MLA.

5. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement, as amended by the First and Second Amendments, remain the same and the Regulatory Agreement, as amended by the First and Second Amendments, remains in full force and effect.

6. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement, as amended by the First Amendment, the Second Amendment, and this Third Amendment, and that the Regulatory Agreement together with the First Amendment, the Second Amendment, and this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

8. Performance secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Property by Instrument No. 06-2369323, as amended and restated on January___, 2025, recorded as Instrument No._____ on _____, 2025.

Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low or Lower Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low and Lower Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency as provided herein. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Occupancy of Housing Units in the buildings shall be limited to two persons per bedroom plus one additional person per Housing Unit. The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the

other party; acts or failures to act of the City or any other public or governmental agency or entity (other than the acts or failures to act of the Agency which shall not excuse performance by the Agency); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency. It is because of those qualifications and identity that the Agency has entered into this Agreement with the Nonprofit. Accordingly, for the period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency agrees that it will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency. Notwithstanding the foregoing, the Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, (iv) the transferee's past experience and performance working with cities, redevelopment agencies, and/or housing authorities, (v) and similar factors. The Agency agrees not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

17

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency. The Agency may assign or transfer any of its rights or obligations under this Agreement with the approval of the Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City at any time without the consent of the Nonprofit.

604. Agency Approvals and Actions. The Agency shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Executive Director (or his or her duly authorized representative). The Agency's Executive Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

08/07/06

06 1250632

18

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Regulatory Agreement as of the date set forth above.

Four (4) of the Affordable Units rented to Very Low Income Households shall be three-bedroom Housing Units. Ten (10) of the Affordable Units rented to Lower Income Households shall be one-bedroom Housing Units. RESOLUTION NO. 27,616

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK APPROVING LOAN AGREEMENT AMENDMENT NO. 1, AN AMENDMENT TO THE DISPOSITION AND DEVELOPMENT AGREEMENT, AND AN AMENDED REGULATORY AGREEMENT BY AND BETWEEN THE REDEVELOPMENT AGENCY OF THE CITY OF BURBANK AND BURBANK HOUSING CORPORATION.

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. The Agency is required by California Health and Safety Code Section 33334.2, et seq., to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the City has established a Low and Moderate Income Housing Fund (the "Housing Fund").

B. The City and Nonprofit entered into that certain Disposition and Development Agreement dated September 24, 2003 (the "DDA") concerning ten (10) multifamily apartment buildings (the "Buildings") in the City of Burbank, located at 1801-1815 Grismer Avenue, 1729-1735 Elliott Drive, and 1819 Grismer Avenue (collectively referred to hereafter as the "Property"). The Property is further described in the Legal Description attached hereto as Exhibit A and depicted in the Map attached hereto as Exhibit B, which are both attached hereto and incorporated herein.

C. The purpose of the DDA was to complete acquisition of the unacquired portions of the Property, to lease the Property to the Nonprofit, for the Nonprofit to agree to rehabilitate and operate the Property, construct an Activity Center on the Property and other site improvements, and lease approximately 47% of the apartment units in the Buildings (after rehabilitation) to Very Low and Lower Income Households at an Affordable Rent.

D. City loaned Nonprofit $3,441,000 though the DDA and a related loan agreement to accomplish rehabilitation of the Property, however, Nonprofit has determined that an additional $2,665,484 is now required to complete the scope of rehabilitation set forth in the DDA.

E. The City and Nonprofit have negotiated an Amendment to the Disposition and Development Agreement ("Amended DDA"), Loan Agreement Amendment No. 1, and an Amended Regulatory Agreement (collectively the "Agreements") through which

c: J. Mack-RA; S. Georgino-CDD

the additional funding will be conveyed and the remaining rehabilitation will be administered.

F. The lease of the Property by the City to the Nonprofit, and the Nonprofit's rehabilitation and operation of the Improvements, including the construction of the Activity Center pursuant to the terms of this Amendment are in the vital and best interest of the City and the health, safety and welfare of its residents, and in accord with the public purposes and provisions of applicable state and local laws and requirements.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. Based upon substantial evidence provided in the record before it, the consideration for the Agency's lease of the Site pursuant to the terms and conditions of the Agreements is not less than the fair reuse value of the Site, in accordance with covenants and conditions governing the sale, and the development costs required under the Agreements.

c: J. Mack-RA; S. Georgino-CDD

E. The Agency and Nonprofit have negotiated an Amendment to the Disposition and Development Agreement ("Amended DDA"), Loan Agreement Amendment No. 1, and an Amended Regulatory Agreement (collectively the "Agreements") through which the additional funding will be conveyed and the remaining rehabilitation will be administered.

Each such lease shall contain a waiver of relocation rights and benefits in a form which is reasonably acceptable to the Agency. The Agency shall approve such lease form upon finding that such lease form is consistent with this Lease and contains all of the provisions required pursuant to the HOME Program and the HOME Regulations. The Nonprofit shall enter into a lease, in the form approved by the Agency, with each new tenant of an apartment unit within the Buildings, and each existing tenant whose existing lease has expired. The maximum monthly rental amount for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development.

a. For the fourteen Affordable Units that will be rented to Very Low Income Households, seven (7) of the Affordable Units shall be rented at the lesser of (a) High HOME Rent or (b) CRL Very Low Income Rent. The other seven (7) of the Affordable Units shall be rented at the lesser of (a) Low HOME Rent or (b) CRL Very Low Income Rent.

b. The nineteen (19) Affordable Units that will be rented to Lower Income Households shall be rented at CRL Lower Income Rent.

For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any

separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit.

c. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. The Agency may in its discretion base the utilities allowance on a utilities allowance adopted by the Burbank Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Occupancy of Housing Units in the buildings shall be limited to two persons per bedroom plus one additional person per Housing Unit. Thus, one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency with respect to landscaping and building improvements, then the Agency, in addition to whatever remedy it may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a

prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Executive Director, or his or her designee. The fees payable to the Property Manager shall not exceed five percent (5%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency, the Agency may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency have not been corrected within thirty (30) days after Agency's notice to Nonprofit, the Agency may in its sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. Reserve Accounts and Other Project Accounts. The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Three Hundred Dollars ($300) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). The annual contribution to the Capital Replacement Reserve shall increase in an amount equal to the Consumer Price Index for the Los Angeles-Riverside-Orange County survey area. The Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

The Nonprofit shall set aside, on a monthly basis, in a separate reserve account (the "Operating Reserve"), the sum of two percent (2%) of the Gross Income of the Property. In no event, however, shall the Nonprofit be required to increase the Operating Reserve to an amount which exceeds two percent (2%) of the gross income of the Property during the first full calendar year after the completion of the Rehabilitation of the Property. The Nonprofit shall retain such amount in the Operating Reserve to fund shortfalls between income and actual operating expenses.

The Nonprofit shall set aside, on a monthly basis, in a separate account, the sum of ten percent (10%) of Gross Income for the Affordable Housing Agreements Expenses ("BHC Projects

Operations Account"). The Nonprofit shall, in addition, set aside twelve percent (12%) of Gross Income to be utilized exclusively for all costs associated with complying with Section 406 below ("Activity Center Expenses").

406. Peyton-Grismer Activity Center. Nonprofit shall operate within the Buildings an educational center (the "Activity Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

The following services shall be provided by the Achievement Center on a daily basis:

(a) Enrollment of students, including recruitment, orientation, assessment, development of strategy, monitoring and reevaluation.

(b) Monitoring of individual student progress, including review of program performance, grade reports, parent and community feedback.

(c) Observation of student behavior in multiple settings, supplying intervention when necessary.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Achievement Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Activity Center shall be administered by a full-time Achievement Center Director. The hiring and termination of the Achievement Center Director shall be subject to approval by the Agency Executive Director, or his or her designee.

Participation in the Activity Center shall be limited to residents of the Buildings and residents of apartment complexes in the Peyton-Grismer focus neighborhood subject to an Affordable Housing Agreement with the Agency or the City, and, as space permits, residents in the Peyton-Grismer focus neighborhood. At all times, preference for participation in the Activity Center shall be given first to residents of the Buildings.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the

Agency in making the Property available for such inspection or audit. If for any reason the Agency is unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

a. **In deeds:** "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

b. **In leases:** "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

c. **In contracts:** "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming

under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement, the DDA, the Lease, or the Loan Agreement, the Agency within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency, service of process on the Agency shall be made by personal service upon the Agency's Executive Director or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

06 1250632

15

507. Non-Liability of Officials and Employees of the Agency. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

Burbank, California 91519-6459
Attention: Executive Director

To Nonprofit: Burbank Housing Corporation

Attention: Judith S. Arandes, Executive Director

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the

other party; acts or failures to act of the City or any other public or governmental agency or entity (other than the acts or failures to act of the Agency which shall not excuse performance by the Agency); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency. It is because of those qualifications and identity that the Agency has entered into this Agreement with the Nonprofit. Accordingly, for the period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency agrees that it will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency. Notwithstanding the foregoing, the Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, (iv) the transferee's past experience and performance working with cities, redevelopment agencies, and/or housing authorities, (v) and similar factors. The Agency agrees not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

06 1250632

17

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency. The Agency may assign or transfer any of its rights or obligations under this Agreement with the approval of the Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City at any time without the consent of the Nonprofit.

604. Agency Approvals and Actions. The Agency shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Executive Director (or his or her duly authorized representative). The Agency's Executive Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

18

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Regulatory Agreement as of the date set forth above.

AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS

THIS AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS (the "Amendment") is entered into as of September 23, 2010, among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency") and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer" or "BHC").

RECITALS

A. In 1997, the Redevelopment Agency of the City of Burbank established a non-profit corporation to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, *et seq*, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 *et seq*.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, *et seq*., (hereafter "Community Redevelopment Law") the Agency is required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

D. BHC, the City, and the Agency have to date worked together to provide and preserve Two Hundred and Seventy-Five (275) units of low-to-moderate income households. Based on the successful Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school child care, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

E. On October 26, 1999, the Agency, City, and BHC entered into an affordable housing agreement for the property located at 2331-2333 North Fairview to acquire, rehabilitate, and provide three (3) affordable rental units. (hereafter referred to as "Project No.1").

F. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and provide four (4) affordable rental units located at 3000-3006 Thornton Avenue ("Project No.2").

G. On July 10, 2001, BHC entered into an affordable housing agreement with the City and the Agency to acquire, rehabilitate and provide 65 affordable units located at 199 West Elmwood Avenue 153, 158-159,164-165, 170-171, 188, 194 Elmwood. This Elmwood project is collectively referred to as "Project No.3".

H. The Elmwood Project, Project No. 3, is being amended through the Amendment No. 2 to the Affordable Housing Agreements and related Regulatory Agreement, to modify the joint, consolidated restrictions on the affordable housing income restrictions. The number of affordable units remains unchanged.

I. On July 16, 2002, BHC entered into an affordable housing agreement with the City and Agency concerning the acquisition, rehabilitation, and provide seven (7) affordable rental units located at 1721 Elliot Drive. The Elliot project is hereafter "Project No. 4".

In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

c. Low-Income Households ("Low-Income Households") that do not exceed the following: i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households as defined above. For Lower Income Households: Monthly rent chargeable by the tenant must be the lesser of (a) the lower income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit; or (d) HOME program High HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

d. Moderate-Income Households ("Moderate-Income Households") that do not exceed the following: i) the qualifying limits defined under California Health and Safety Code Section 50093 for Moderate-Income Households, as adjusted for household size; and includes Extremely-Low, Very-Low, and Low-Income Households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the moderate income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; or (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD.

In order to maintain the household income mix set forth in each respective AHA, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

3. **Amendment to the Regulatory Agreement.** The Affordable Housing Agreements and Regulatory Agreements applicable to Projects No. 1-17 are hereby amended to reflect the changes set forth in this AHA No. 2. The AHA's and Regulatory Agreements for Projects No. 1-17, shall remain in full force and effect except as to that reflected in this Agreement (Amendment No.2) and the attached Regulatory Agreement. It is not the intent to modify any other provision of the documents as to all of the aforementioned projects except for Projects Nos. 3 and 6. Should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date set forth above.

REGULATORY AGREEMENT AMENDMENT

THIS REGULATORY AGREEMENT AMENDMENT (the "Agreement") is entered into as of this 23RD day of September, 2010 by and among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency"), and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer").

RECITALS

A. The City has received funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. §12701, *et seq.*, for the purpose of the production and operation of housing affordable to lower and very low income families.

B. The Agency is required by California Health and Safety Code Section 33334.2, *et seq.*, to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

C. The Developer has negotiated and acquired, and operated seventeen (17) properties of which the Agency and/or City have financed (collectively the "Affordable Housing Projects"). The Developer recorded a Regulatory Agreement on each respective Affordable Housing Project to reflect the affordability restrictions. Each Regulatory Agreement further reflected the individual restrictions imposed on each Affordable Housing Project through the respective Affordable Housing Agreement ("AHA"). The recordation numbers of each Regulatory Agreement of the seventeen (17) properties is set forth in detail on Exhibit A and incorporated herein by this reference.

D. The City, the Agency and the Developer have entered into an Affordable Housing Agreement Amendment No. 2 dated as of September 23, 2010, pursuant to which the City and Agency have agreed to provide flexibility to Developer in the implementation of the affordability restrictions . The parties further modified the specific affordability designations in Properties No. 3 and 6. This Amendment to the Regulatory Agreement shall apply to all seventeen (17) properties.

NOW, THEREFORE, the parties hereto agree as follows:

1. A new provisions shall be added to each of the AHA and respective Regulatory Agreements:

Leasing Affordable Units Below Income Level Designations as to all Properties. In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

SUBJECT: BURBANK HOUSING CORPORATION PROPOSAL TO AMEND AFFORDABLE HOUSING AGREEMENTS TO INCREASE HOUSING OPPORTUNITIES FOR LOWER INCOME HOUSEHOLDS TO MEET COMMUNITY NEED

PURPOSE

The purpose of this report is to provide information to the Burbank City Council (City) and Burbank Redevelopment Agency Board (Agency) to consider amending agreements that will redefine the income and affordability requirements as previously approved by and between the City and the Burbank Housing Corporation (BHC) and by and between the Agency and BHC. The objective of these amendments is to increase affordable housing opportunities to meet the current housing demand of the community. This action will meet the City Council's goal of Sustainability by improving environmental and social sustainability within the City.

BACKGROUND

Since 1997, the City has implemented a pro-active approach to neighborhood revitalization in partnership with BHC. The City and the Agency have extended funding to BHC to assist in the acquisition and rehabilitation of distressed residential properties as a strategy for upgrading neighborhoods in decline and maintaining rents at an affordable rate. By investing resources to improve the housing stock, provide affordable housing opportunities, and develop neighborhood-based Family Resource Centers, our partnership with BHC has improved the quality of life for Burbank residents in the Elmwood, Verdugo-Lake, Golden State, Peyton-Grismer, and Lake-Alameda Focus Neighborhoods (Focus Neighborhoods).

These efforts have been consistent with several housing objectives and programs of the City's Affordable Housing Strategy, first set forth by the Blue Ribbon Task Force on Affordable Housing as approved by the City and Agency in 2003.

Affordable Housing Properties

BHC currently operates or is in the process of improving properties with over 270 affordable housing units within the Focus Neighborhoods. Each of these properties have been developed to provide affordable rental housing opportunities to assist Burbank households earning 120 percent of area median income, defined by California Redevelopment Law (CRL) as Low and Moderate Income Households. The table below reflects the number of housing units produced within each Focus Neighborhood. The table also includes the total units within the BHC's Transitional Housing Program.

Burbank Housing Corporation
Affordable Housing Portfolio

Focus Neighborhoods & Transitional Housing Program	Number of Units
Elmwood Focus Neighborhood	65
Verdugo-Lake Focus Neighborhood	72
Golden State Focus Neighborhood*	36
Peyton-Grismer Focus Neighborhood**	77
Lake-Alameda Focus Neighborhood	9
Transitional Housing Program*	16
TOTAL	**275**

* Includes properties currently being rehabilitated by BHC.
** Excludes eight units within the Keeler-Elliott Homeownership Development.

Income and Affordability Requirements

Each of the affordable housing properties are subject to agreements imposing long-term covenants and restrictions securing affordability for the longest feasible time. CRL's affordability duration is 55 years for rental housing; BHC's affordability term is in perpetuity. These agreements have been recorded with Los Angeles County and will run with the land. The affordability restrictions require BHC to lease units to income-qualified households at the defined affordable housing rent, and the restrictions vary from project to project. The U.S. Department of Housing and Urban Development (HUD) annually establishes income limits for each State based on the area median income. Thereafter, the Department of Housing and Community Development (HCD) officially publishes the income qualification standards for each County, adjusted by household size and applicable rents are established using the methodology established by CRL[1].

[1] Pursuant to California Redevelopment Law Section 50106, 50105, 50079.5, and 50093.

BHC's affordable housing units are targeted to households that fall within four basic income categories. Using the 2010 affordability standards, below is a sample of income limits adjusted by household size.

State Income Limits for Los Angeles County (2010)

Income Level	1 person household	2 person household	3 person household	4 person household
Extremely-Low (30% of AMI)	$17,400	$19,900	$22,400	$24,850
Very-Low (50% of AMI)	$29,000	$33,150	$37,300	$41,400
Low (80% of AMI)	$46,400	$53,000	$59,650	$66,250
Moderate (120% of AMI)	$52,900	$60,500	$68,050	$75,600

Area Median Income (AMI): $63,000

As mentioned earlier, the affordability requirements vary from project to project. Over the years, the terms of affordability and rent requirements have changed to assist the varying income of households, as well as providing BHC with the greatest flexibility to meet the changing needs of the community. For example, older agreements impose affordability requirements that are specific to bedroom size. Some agreements include "floating" units, which authorize BHC to assign affordability requirements to any bedroom size as long as the total number of units and bedroom mix satisfies the overall unit requirements. Finally, more recent agreements allow BHC with the most flexibility by designating units "up to" the affordability benchmark (described above). This final structure is included in more recent agreements, such as the acquisition of four units located at 225 Linden Avenue (approved in August 2010). Three of the four units are designated to households who earn "up to" the very-low income limit, and one unit is designated to a household who earns "up to" the moderate-income limit. BHC can technically rent the three very-low income units to a household who does not exceed the very-low income household limit, which includes extremely-low income households. The moderate-income unit can be rented to all income categories, which includes extremely-low, very-low, and low income households.

The table below summarizes the number of units for each target income category within BHC's portfolio:

Income Category	# of Restricted Units
Extremely-Low	7
Very-Low	72
Low	110
Moderate	86
TOTAL	**275**

Moderate-Income Vacancy Challenges

Due to increasing unemployment rates, housing vacancies are rising and rents are falling across the country. Due to the downward economic and housing market trends, BHC has faced challenges in leasing the units designated to moderate-income households. The recession has decreased market-rents to levels equivalent to or below moderate-income rent designations, leaving moderate-income restricted units vacant for extended periods of time due to more attractive market rates and areas elsewhere in the city. During the 2008 and 2009 calendar years, the highest number of units vacant at one time was 13 and 22 moderate units, respectively.

As part of the Agency's continuous housing market analysis[2], a rent survey was conducted in May 2010 to evaluate rental trends within Burbank. Included in the analysis was a detailed comparison of rental trends over the past three years within the city and regionally. The housing analysis reports the average monthly rent declining 3.2 percent between 2008 and 2009, and vacancy rates increasing by 0.4 percent between 2008 and 2009. Below is a rent survey comparison of restricted moderate-income rents within the Focus Neighborhoods and of the average market-rate rents. The chart exhibits that the market rents are less than the restricted rents. Therefore, the demand for moderate-income rental units does not exist in the community based on market-rate rents.

Bedroom Size	Market-Rate Rent (2010)	Moderate-income Rent[3] (2010)
1	$1,056	$1,386
2	$1,243	$1,559
3	$1,472	$1,733

Marketing Campaign

Even with market-rate rents declining, BHC continued to market the moderate units to meet agreement obligation. Over a two-year time period, both BHC and Agency staff developed an aggressive marketing strategy to fill the vacant moderate units and to build up a moderate-income waiting list. The marketing strategy was implemented in March 2009 and included new advertising materials, expanded and targeted marketing, rent specials and promotions. BHC also systematically reviewed the waiting list identifying families at the high end of the low-income category that could graduate into the moderate-income category; and have the ability to pay moderate-income rent in the near future. The following was executed over a one-year term[4]:

- In March 2009, a marketing flier and e-mail was targeted to employers of the Burbank Workforce (i.e. Burbank Unified School District, Chamber of Commerce,

[2] Housing market trends are published annually within the Agency's Housing Profile summarizing statistics of the previous year.

[3] Pursuant to Health and Safety Code Section 50053 (b)(4) and established by HCD, affordable rents for moderate income households are calculated using the following formula: Product of 30% times 110% of area median income, adjusted for household size appropriate for the unit.

[4] Modifications were approved by Agency staff and modifications are consistent with existing agreements.

Los Angeles Superior Court, Woodbury University, studios, childcare centers, and other local educational institutions.) In April 2009, a separate advertisement was placed in the Burbank City Employee Hotline for four weeks (two pay periods).

- Since June 2009, a leasing strategy has been implemented where BHC modifies new applicant criteria/eligibility, waived credit report fees, offered rent reductions, and offered rent/move-in specials.
- Since July 2009, marketing continues with posting vacancy banners and running multiple advertisements in various mediums such as the Burbank Leader, Craigslist, Penny Saver, and Westside Rentals.

This concerted effort has allowed BHC to fill the vacant moderate units, but the issue persists. To date, approximately ten moderate units remain vacant, while a pool of over 200 extremely-low, very-low, and low-income families remain on BHC's waiting list for an available affordable unit.

ANALYSIS

Despite best efforts, the moderate-income units remain vacant for extended periods of time while the demand for affordable units for households who earn less than moderate-income households is evidenced by the waiting list. To better meet the community need for affordable housing and fill the current moderate-income unit vacancies, BHC submitted a proposal (EXHIBIT A) requesting the City and Agency to consider amending certain agreements to increase the number of extremely-low, very-low, and low-income units by reducing the number of moderate-income units.

Unit Re-Designation Proposal

The proposal identifies two properties containing the highest percentage of moderate units and the greatest number of vacancies: the Elmwood Focus Neighborhood consisting of 65 units and Peyton Grismer Focus Neighborhood consisting of 70 units[5]. following proposed unit re-designations by property will create additional housing opportunities for lower income Burbank families and eliminate chronic vacancies:

Property	Affordability	Current	Proposed	Change
Elmwood[6]	Extremely-Low	0	7	+7
	Very-Low	19	25	+6
	Low	23	23	0
	Moderate	23	10	-13
Peyton-Grismer[7]	Extremely-Low	0	13	+13
	Very-Low	14	20	+6
	Low	19	25	+6
	Moderate	37	12	-25

[5] The proposal excludes units within the Keeler-Elliott Homeownership Development and 1721 Elliott Avenue. These properties maintain their own agreement and will not be modified.
[6] Elmwood consists of 153, 158, 159, 164, 165, 170, 171, 188, 194, and 199 Elmwood.
[7] Peyton-Grismer consists of 1729-1735 Elliott and 1801-1815 Grismer.

Provide consistency for all BHC properties

As previously mentioned, the affordability and rent restrictions that BHC must follow are project-specific and varies with each property acquisition. Each property has its own affordability and restriction terms that prohibit BHC from renting to households other than the designations, limiting their ability to adjust to the demands of the community. At the time those agreements were approved, the designations and restrictions fit with the economic climate and housing need. However, to effectively respond to shifts in the economy and the housing market, staff recommends amending all previously executed agreements to allow, upon Agency staff approval, BHC to lease their affordable units below the income level designation or to rent "up to" the designations noted for the property. This ability has already been implemented with recent acquisition transactions. The purpose of this change is to establish consistency within all BHC agreements, reduce vacancy rates, and optimize the City's affordable housing production. This new structure of affordability and rent restrictions would be used for future property acquisitions.

If approved it is the intent of Agency and BHC staff to utilize the "up to" method as a last resort to prevent long-term vacancies over 90 days. Upon 90 days, BHC will be required to obtain Agency approval to rent a unit to a household below the targeted unit designation; BHC must restore affordability requirements with the next available unit. In addition, BHC will be responsible for maintaining a healthy mix of rental units that will generate enough income to cover operational expenses when implementing the "up to" method.

PROS and CONS of Proposed Re-Designation

Based on analysis conducted by staff, if the re-designations are approved, the immediate benefit to BHC is filling the vacancies that will effectively generate income. Furthermore, BHC would be able to provide new housing opportunities to lower income Burbank residents who have been waiting for an extensive length of time, in some instances the wait has been as long as four years.

In addition, as part of the City's housing production requirements, funds spent from the Low Moderate Income Housing Fund must be at least in proportion to the community's need for housing for households of such income levels. As identified in the 2009-2014 Implementation Plan (Plan), based on the housing fund allocation for the Plan period, an increase of very-low income units must be produced to meet this income target goal by 2014.

While income targeting has improved within the last few years, the income targeting goals for the 2009-2014 Plan period fall short of the extremely-low and very-low requirement, which is currently at 35 percent for the Plan period in comparison to the required 43 percent. The proposed re-designations within BHC's portfolio will increase the extremely-low and very-low percentage to 48 percent; surpassing the Agency's goal of 43 percent. It should be noted that the existing and proposed income target goals will

change as additional affordable housing is developed. Therefore, staff will continue to monitor proportionality requirements hand-in-hand with affordable housing production.

The table below provides a comparison of the Agency's proportionality goals for the Plan period; estimated production as identified within the Implementation Plan; and estimated production as a result of the proposed affordability modifications.

2009-2014 Plan Period
Proportionality Income Target Goals

	Required	Estimated	Proposed
Extremely-Low & Very-Low	>43%	35%	48%
Low	>27%	38%	35%
Moderate	<30%	27%	17%

As discussed above, with the proposed changes to re-designate the moderate units to lower designations, BHC will be able to fill the units immediately with households awaiting an affordable housing opportunity and the Agency will surpass the extremely-low and very-low proportionality income targeting goal.

Based on a preliminary budget provided by BHC, staff concluded that there are no significant financial implications to the Agency or BHC. However, a potential long-term financial implication may be a reduction of residual receipt payments. The revised designations will coincide with an appropriate and reduced rental rate which will effectively reduce BHC's annual rental income, therefore, reducing the amount of residual receipt payments to the Agency. The reduction of rents will not affect the integrity and operations of the properties as BHC will have sufficient cash flow funding to maintain all of the properties within their portfolio. While there could be an argument that the proposed adjustments would lower BHC's rental income revenue, a counter argument would suggest that this proposal would enhance BHC's cash flow as units currently sit vacant, generating no income revenue. More importantly, these proposed adjustments will provide housing for households having an immediate need for affordable housing.

FISCAL IMPACT
There is no fiscal impact to the General Fund.

There is no immediate fiscal impact to the Agency. The long-term financial implications may be a reduction of residual receipt payments from BHC.

CONCLUSION
To meet the demands of the community and fill the current moderate-income unit vacancies, BHC submitted a proposal requesting the City and Agency consider amending certain agreements by reducing the number of moderate-income units and increasing the number of extremely-low, very-low, and low-income units. The proposal

identifies two properties that have the highest vacancies: the Elmwood Focus Neighborhood and Peyton-Grismer Focus Neighborhood. Both are the two largest properties that BHC oversees and have the highest number of moderate-income unit designations. If this proposal is approved, it would allow BHC to immediately fill their vacancies with households that have been languishing on the wait list and stop the loss of rental income. In addition, the long-term benefit would address the community need by increasing the number of affordable units that best fit the housing demand.

In addition to the proposed re-designations of moderate units, in order to limit the potential of vacancies, staff is recommending amending affordability and rent restrictions to allow BHC to rent "up to" the target designation. This language has been implemented with recent acquisitions, as well as the acquisition of 225 Linden Avenue approved in August 2010. Staff recommends that all previous agreements be amended to maintain consistency in all BHC properties. If approved, BHC would be able to rent units to households below any given income category; reduce vacancy rates; and optimize the City's affordable housing production. This consistent affordability and rent restriction would also be used for future property acquisitions.

RECOMMENDATION

Staff recommends that the City of Burbank and Burbank Redevelopment Agency Board adopt the attached resolutions approving agreements with the Burbank Housing Corporation that will modify the affordable housing income and affordability restrictions.

AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS

THIS AMENDMENT NO. 2 TO AFFORDABLE HOUSING AGREEMENTS AND RELATED REGULATORY AGREEMENTS (the "Amendment") is entered into as of September 23, 2010, among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency") and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer" or "BHC").

RECITALS

A. In 1997, the Redevelopment Agency of the City of Burbank established a non-profit corporation to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. Sec. 12701, *et seq*, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 *et seq*.

D. BHC, the City, and the Agency have to date worked together to provide and preserve Two Hundred and Seventy-Five (275) units of low-to-moderate income households. Based on the successful Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school child care, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

E. On October 26, 1999, the Agency, City, and BHC entered into an affordable housing agreement for the property located at 2331-2333 North Fairview to acquire, rehabilitate, and provide three (3) affordable rental units. (hereafter referred to as "Project No.1").

F. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and provide four (4) affordable rental units located at 3000-3006 Thornton Avenue ("Project No.2").

	Very-Low	19
	Low	23
	Moderate	23

This Amendment changes that designation to:

This Amendment changes that designation to:

	Moderate	12

2. A new provisions shall be added to each of the AHA and respective Regulatory Agreements:

Leasing Affordable Units Below Income Level Designations as to all Properties. In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. REGULATORY AGREEMENT AMENDMENT

THIS REGULATORY AGREEMENT AMENDMENT (the "Agreement") is entered into as of this ____ day of _____, 2010 by and among the **CITY OF BURBANK**, a California municipal corporation (the "City"), the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency"), and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Developer").

RECITALS

A. The City has received funds from the HOME Investment Partnership Act of the United States, 42 U.S.C. §12701, *et seq.*, for the purpose of the production and operation of housing affordable to lower and very low income families.

B. The Agency is required by California Health and Safety Code Section 33334.2, *et seq.*, to expend a certain percentage of property taxes allocated to it for the purpose of increasing, improving and preserving the City of Burbank's supply of low- and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

C. The Developer has negotiated and acquired, and operated seventeen (17) properties of which the Agency and/or City have financed (collectively the "Affordable Housing Projects"). The Developer recorded a Regulatory Agreement on each respective Affordable Housing Project to reflect the affordability restrictions. Each Regulatory Agreement further reflected the individual restrictions imposed on each Affordable Housing Project through the respective Affordable Housing Agreement ("AHA"). The recordation numbers of each Regulatory Agreement of the seventeen (17) properties is set forth in detail on Exhibit A and incorporated herein by this reference.

D. The City, the Agency and the Developer have entered into an Affordable Housing Agreement Amendment No. 2 dated as of _____, pursuant to which the City and Agency have agreed to provide flexibility to Developer in the implementation of the affordability restrictions . The parties further modified the specific affordability designations in Properties No. 3 and 6. This Amendment to the Regulatory Agreement shall apply to all seventeen (17) properties.

NOW, THEREFORE, the parties hereto agree as follows:

1. A new provisions shall be added to each of the AHA and respective Regulatory Agreements:

Leasing Affordable Units Below Income Level Designations as to all Properties. In the event Developer is unable to lease an Affordable Unit at its designated income level, Developer may submit a request to the Agency's Executive Director, or its designee, to lease a particular Affordable Unit at a level that is below the agreed unit designation set forth in its respective AHA. The Executive Director, or its designee, may, in his or her sole discretion, approve such requests upon making a finding that, for a period of not less than ninety (90) days, Developer has made all reasonable efforts to market the Affordable Unit to prospective tenants at the designated income level, that there are no apparent qualified applicants at the designated income level, and that there are no significant financial impacts to the project. The Executive Director, or its designee, may authorize one or more lower income designations. The new tenants for the temporarily redesignated Affordable Unit must have a household income that meets the appropriate income designation (depending on the unit redesignation) as set forth below:

a. Extremely-Low Households ("Extremely-Low Households") that do not exceed the following: i) the qualifying limits for Extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50106 for extremely-low income households, adjusted for household size. Monthly rent chargeable by the tenant must be the lesser of (a) the extremely low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

b. Very-Low Income Households ("Very-Low Income Households") that do not exceed the following: i) qualifying limits for extremely-Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50105 for extremely-low income households, adjusted for household size; and includes extremely-low income households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the very low income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; or (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

c. Low-Income Households ("Low-Income Households") that do not exceed the following: i) the qualifying limits for Low Income Households as established and amended from time to time by the United States Department of Housing and Urban Development (HUD) or ii) the limits defined under California Health and Safety Code Section 50053 for Low-Income Households, as adjusted for households size; and includes Very-Low Income Households as defined above. For Lower Income Households: Monthly rent chargeable by the tenant must be the lesser of (a) the lower income rents set forth in Health & Safety Code Section 50053 based on the methodology established

by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD; (c) HOME program Low HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit; or (d) HOME program High HOME income rents as established and amended annually by HUD, adjusted for number of bedrooms in the unit.

d. Moderate-Income Households ("Moderate-Income Households") that do not exceed the following: i) the qualifying limits defined under California Health and Safety Code Section 50093 for Moderate-Income Households, as adjusted for household size; and includes Extremely-Low, Very-Low, and Low-Income Households as defined above. Monthly rent chargeable by the tenant must be the lesser of (a) the moderate income rents set forth in Health & Safety Code Section 50053 based on the methodology established by HCD, adjusted for number of bedrooms in the unit, including a reasonable monthly utility allowance; or (b) prevailing fair market rent for existing housing for comparable units in the area established by HUD.

In order to maintain the household income mix set forth in each respective AHA, Developer shall lease the next available Affordable Unit at the income level subject to the any waiver granted pursuant to this section. Developer shall re-apply for approval to vary from such designation, in the event Developer is unable to again lease an Affordable Unit at the designated income level.

2. **Amendment to Properties No. 3 and No. 6.** Each Affordable Housing Agreement and Regulatory Agreement designates the number of affordable units and the targeted restricted household income level. The Affordable Housing Agreement and Regulatory Agreement applicable for Property No. 3 and Property No. 6 is amended as set forth in this section. Property No. 3 initially required the following designation of affordable housing units:

Property No. 3	Affordability	Initial
Elmwood	Extremely-Low	0
	Very-Low	19
	Low	23
	Moderate	23

This Amendment changes that designation to:

Property No. 3	Affordability	New
Elmwood	Extremely-Low	7
	Very-Low	25
	Low	23
	Moderate	10

Property No. 6 initially required the following designation of affordable housing units:

Property No. 6	Affordability	Initial
Peyton-Grismer	Extremely-Low	0
	Very-Low	14
	Low	19
	Moderate	37

This Amendment changes that designation to:

Property No. 6	Affordability	New
Peyton-Grismer	Extremely-Low	13
	Very-Low	20
	Low	25
	Moderate	12

3. Amendment. This Agreement may not be changed orally, but only by agreement in writing signed by Developer, the Agency and the City.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment to the Regulatory Agreement as of the date and year set forth above.

402.2 Lease Requirements. Prior to rental of any of the apartment units in the Buildings to new tenants, Nonprofit shall submit a standard lease form to the Agency and City for their approval. Each such lease shall contain a waiver of relocation rights and benefits in a form which is reasonably acceptable to the Agency and City. The Agency and City shall approve such lease form upon finding that such lease form is consistent with this Agreement and contains all of the provisions required pursuant to the HOME Program, HOME Regulations, and the Community Redevelopment Law. The Nonprofit shall enter into a lease, in the form approved by the Agency and City, with each new tenant of an apartment unit within the Buildings, and each existing tenant whose existing lease has expired. No lease shall contain any of the provisions which are prohibited pursuant to Section 92.253 of the HOME Regulations.

402.3 Duration of Affordability Requirements. The Buildings shall be subject to the requirements of this Section 402 in perpetuity commencing upon the date of this Agreement. The duration of this requirement shall be known as the "Affordability Period."

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency and/or City may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other

tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, Lower or Low- and Moderate Income Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low, Lower or Low- and Moderate Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency and City, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low, Lower and Low- and Moderate-Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency and City as provided herein. The maximum Monthly Rent chargeable for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development, at the following amounts:

10

a. For Very Low Income Households: the lesser of (a) One-Twelfth (1/12th) of Thirty Percent (30%) of Fifty Percent (50%) of Los Angeles County annual median income for a household size appropriate for the unit, or (b) the fair market rent for existing housing for comparable units in the area as established by the United States Department of Housing and Urban Development under 24 CFR 888.111.

b. For Lower Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of Sixty Percent (60%) of Los Angeles County annual median income for a household size appropriate for the unit.

c. For Low and Moderate Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of One Hundred Ten Percent (110%) of Los Angeles County annual median income for a household size appropriate for the unit.

For purpose of determining "Affordable Rent" only, "household size appropriate to the unit" shall mean one person for a studio apartment unit, two persons for a one bedroom apartment unit, three persons for a two bedroom apartment unit, four persons for a three bedroom apartment unit, and five persons for a four bedroom apartment unit. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit. The Agency and City, may in their discretion, base the utilities allowance on a utilities allowance adopted by the Los Angeles County Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Based on a standard of two persons per bedroom plus one additional person, occupancy of studio apartment units shall be limited to two persons, occupancy of one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons, and occupancy of four bedroom apartment units shall be limited to nine persons. For those housing units originally subject to the Purchase Regulatory Agreement, the requirements of this section shall only be applied to tenants occupying the units after the Date of Agreement. All tenants occupying housing units in the First Project Buildings prior to the Date of Agreement shall comply with Section 402.6 of the Purchase Regulatory Agreement.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted

by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

402.9 Property Tax Exemption. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency and City do not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency and/or City with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency and/or City with respect to landscaping and building improvements, then the Agency and/or City, in addition to whatever remedies they may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or City and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency and/or City upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency and City. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Assistant Executive Director and the City's Community Development Director, or their designee(s). The Agency has assigned to Nonprofit the management agreement which the Agency has entered with Jenkins Properties, and Nonprofit has assumed such management agreement or entered a new management agreement with Jenkins Properties. The fees payable to the Property Manager shall not exceed six percent (6%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency and City shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency and City, the Agency and City may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency and/or City have not been corrected within thirty

(30) days after notice to Nonprofit, the Agency and/or City may in their sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. Reserve Accounts. The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Two Hundred Fifty Dollars ($250) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). Notwithstanding the foregoing, however, no payments shall be made into the Capital Replacement Reserve which cause the balance thereof to exceed Sixty-Five Thousand Dollars ($65,000), except that interest accruing on the Capital Reserve Account shall remain in such account until withdrawn for the purposes hereof. Funds in the Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the Agency and City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

406. Achievement Center. Nonprofit shall operate within the Buildings an educational center (the "Achievement Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Achievement Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

The following services shall be provided by the Achievement Center on a daily basis:

(a) Enrollment of students, including recruitment, orientation, assessment, development of strategy, monitoring and reevaluation.

(b) Monitoring of individual student progress, including review of program performance, grade reports, parent and community feedback.

(c) Observation of student behavior in multiple settings, supplying intervention when necessary.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Achievement Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Achievement Center shall be administered by a full-time Achievement Center Director. The hiring and termination of the Achievement Center Director shall be subject to approval by the Agency Assistant Executive Director, or his or her designee.

Participation in the Achievement Center shall be limited to residents of the Buildings and residents of apartment complexes in the 100 block of West Elmwood Avenue with which the Agency has entered into affordable housing agreements.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency and City shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency and City in making the Property available for such inspection or audit. If for any reason the Agency and/or City are unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency and/or City may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

a. In deeds: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein

conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

b. In leases: "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

c. In contracts: "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency and/or the City, service of process on the Agency shall be made by personal service upon the Agency's Secretary or in such other manner as may be provided by law and service of process on the City shall be made by personal service upon the City Clerk or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency or City against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. Non-Liability of Officials and Employees of the Agency and City. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

To Nonprofit:	Burbank Housing Corporation 241 West Verdugo Avenue Burbank, California 91510 Attention: Judith S. Arandes, Executive Director

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of the Agency and/or City which shall not excuse performance by the Agency and/or City respectively); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency and City. It is because of those qualifications and identity that the Agency and City have entered into this Agreement with the Nonprofit. Accordingly, for the

period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency and City, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency and City approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency and City agree that they will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency and City requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency and City. The Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, and similar factors. The Agency and City agree not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel and the City Attorney shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency and City shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency and City such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency or City. The Agency or City may assign or transfer any of their rights or obligations under this Agreement with the approval of the

Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City and vice versa, at any time without the consent of the Nonprofit.

604. Agency and City Approvals and Actions. The Agency and City shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Assistant Executive Director (or his or her duly authorized representative) and the Community Development Director, respectively.. The Agency's Assistant Executive Director and the City's Community Development Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency and City, respectively, so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency and City, respectively, as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board and City Council, respectively.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

610. Amendment and Supersession of Prior Agreements. This Agreement amends and supersedes the Purchase Regulatory Agreement, dated November 30, 1999, by and between Agency and Nonprofit, and the AHA Regulatory Agreement, dated July 17, 2001, among the Agency, City, and Nonprofit, which, except as set forth in Section 402.7 of this Agreement, shall be of no further force or effect as of the Date of Agreement.

03 1634472

19

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Amended and Restated Regulatory Agreement as of the date first set forth above ("Date of Agreement").

SUBJECT: Amendment to Regulatory Agreements Between the City of Burbank, the Burbank Redevelopment Agency and the Burbank Housing Corporation Governing Properties on West Elmwood

PURPOSE

The purpose of this report is to provide information for the City of Burbank and the Burbank Redevelopment Agency (hereinafter generally referred to as City/Agency) to consider terminating the Regulatory Agreement with the Burbank Housing Corporation (BHC) for 199 West Elmwood and including those conditions in an amended Regulatory Agreement governing ownership of 59 units sold to the BHC (153, 158, 159, 164, 165, 170, 171, 188 and 194 West Elmwood Avenue) under a Purchase and Sale Agreement. The intent of this action is to integrate the terms of occupancy and affordability into one master recorded document.

BACKGROUND

On November 30, 1999, the City/Agency approved a Purchase and Sale Agreement with the BHC for the disposition of 153, 158, 159, 164, 165, 170, 171, 188 and 194 West Elmwood Avenue. The sale of these 59-housing units plus the Achievement Center included various conditions restricting housing operations, e.g., occupancy, and affordability. On July 10, 2001, the City/Agency entered into an Affordable Housing Agreement to assist the BHC acquire and rehabilitate a six-unit apartment building at 199 West Elmwood Avenue and to amend and restate the Promissory Note for the earlier approved 59-unit BHC project on Elmwood to integrate the debt and revenue generated by the two projects on Elmwood.

ANALYSIS

The Affordable Housing Agreement for 199 West Elmwood and the Purchase and Sale Agreement for other BHC-owned properties on West Elmwood each provide for a Regulatory Agreement that serves as the recording instrument for the covenants, conditions and restrictions placed on the BHC's property operations by the City/Agency for each project. While all the terms are identical for the two projects, occupancy and affordability restrictions are project specific and thereby unduly complicate BHC lease-up of units. This is a property management issue that would only increase should the BHC later acquire other properties on West Elmwood with each also generating a separate Regulatory Agreement. Consequently, staff is supporting the BHC's recommendation that the two Regulatory Agreements be melded together into one Regulatory Agreement that applies to both transactions, and that provides BHC with greater flexibility when leasing units. Staff is also recommending adjusting the occupancy standard to conform to recent transactions with the BHC. Following is a synopsis of the proposed amended Regulatory Agreement.

- **Occupancy and Affordability Requirements**

  Occupancy (also referenced as income restrictions) and affordability (rent restrictions) set forth in the Purchase and Sale Agreement (59-unit project) and the Affordable Housing Agreement (six-unit project at 199 West Elmwood Avenue) were recorded via a Regulatory Agreement for each project. The Regulatory Agreement for the purchase by BHC of the 59 Elmwood units distributed occupancy and affordability accordingly: 19 very low-income units, 20 lower-income units and 20 moderate- income units. Under the Regulatory Agreement (Section 4) for 199 West Elmwood, affordability and income covenants stipulate that three two-bedroom units will be HOME restricted for low-income households and the remaining three two-bedroom units will be affordable to moderate-income households.

  The amended Regulatory Agreement will combine the terms of the two aforementioned agreements as shown below.

Income/Rent Requirements	Regulatory Agreements		
	Elmwood (59-Units)	199 Elmwood	Amended Agreement
Very Low-Income/Set-Aside Rents	1		1
Very Low-Income/HOME Rents	18		18
Lower-Income/Set-Aside Rents	20		20
Lower-Income/HOME Rents		3	3
Moderate-Income/Set-Aside Rents	20	3	23
Totals	**59**	**6**	**65**

The Affordability Period in the Amended Regulatory Agreement will continue requiring income and rent restrictions to extend in perpetuity.

- **Property Maintenance**

  This section would be unchanged, except as it relates to occupancy standards described below. The BHC is required to maintain the Project in accordance with all applicable local codes, rehabilitation standards, ordinances and zoning ordinances as required by Section 92.251 of the HOME Regulations and at a standard of maintenance commensurate with similar housing units within Los Angeles County.

  An occupancy standard is imposed to guard against overcrowded conditions. The amended Regulatory Agreement reduces the maximum household size from an earlier limit of two persons per bedroom plus two additional persons (e.g., a two-bedroom unit would have a maximum household size of six persons) to two persons per bedroom plus one additional person (the same example for a two-bedroom would have a maximum occupancy of five persons). However, no residents as of the date of this amended Regulatory Agreement would be evicted from their apartment units if they do not meet the revised occupancy standards requirements.

  At the request of the Council and Agency, staff has attached a report regarding an alternative occupancy standard (Exhibit B) under the Uniform Housing Code of UHC (Section 503.2). The UHC provides for an occupancy standard tied the square footage of a unit; however, staff believes that the current standard of two persons per bedroom plus one person, which is patterned after federal housing quality standards, is a preferable requirement.

  The amended Regulatory Agreement would continue requiring periodic inspections and allow the City/Agency to abate property violation and attach a lien upon the Project or assess the BHC, if the BHC fails to maintain the Project. The City/Agency has authority to require replacement of a property manager due to poor performance and to approve another property manager or property management company.

- **Approval of Sale, Transfer or Assignment**

  This section remains unaltered. Covenants run with the land and all of the terms, covenants and conditions are binding upon the BHC and any "permitted" successors and assigns. The Project may not be sold, transferred, conveyed, encumbered to secure financial experience and capability, who would be required to assume the obligations of the BHC under the Agreement and would be considered a community housing development organization or CHDO.

FISCAL IMPACT

Amending the Regulatory Agreement for West Elmwood properties owned by the BHC will have no financial impact to the City/Agency.

402.4 Selection of Tenants. Each apartment unit in the Buildings shall be leased to tenants selected by the Nonprofit who meet all of the requirements provided herein. The Agency and/or City may, from time to time, assist in the leasing of the apartment units in the Buildings by providing to the Nonprofit names of persons who have expressed interest in renting such units. The Nonprofit shall adopt a tenant selection system in conformance with Section 92.253(e) of the HOME Regulations, which shall be approved by the Agency in its reasonable discretion, which establishes a chronological waiting list system and/or random lottery system for selection of tenants. The tenant selection system shall include, without limitation, a method for investigation of the credit history of proposed tenants through obtaining a credit report on the proposed tenant. Highest priority in the selection of tenants shall be given to those applicants who have been displaced by Agency projects, if any. The Nonprofit shall not refuse to lease to a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME Program, Section 8 program or other

tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria.

402.5 Income of Tenants. Prior to the rental or lease of any apartment unit in the Buildings to a tenant, and annually thereafter, the Nonprofit shall obtain an income certification from the tenant of each apartment unit. The Nonprofit shall verify the income certification of the tenant in one or more of the following methods:

a. obtain two (2) paycheck stubs from the tenant's two (2) most recent pay periods, if any.

b. obtain a true copy of an income tax return from the tenant for the most recent tax year in which a return was filed.

c. obtain an income verification certification from the employer of the tenant.

d. obtain an income verification certification from the Social Security Administration and/or the California Department of Social Services if the tenant receives assistance from such agencies.

e. obtain a credit report from a commercial credit reporting agency.

f. obtain an alternate form of income verification reasonably requested by the Nonprofit, if none of the above forms of verification is available to the Nonprofit.

A person or family who at the time of income certification qualified as a Very Low, Lower or Low- and Moderate Income Household, as applicable, shall continue to be deemed so qualified, until such time as the person or family's income is redetermined and the person or family is determined by the Nonprofit to no longer be so qualified, even if such person or family's income has subsequently increased to an amount above the applicable income level. Upon the Nonprofit's determination that the tenant is no longer qualified as either a Very Low, Lower or Low- and Moderate Income Household, such tenant's monthly rent, instead of the amount set forth in Section 402.6 hereof, shall be adjusted to the lesser of thirty percent of the tenant's monthly income or fair market rent, as reasonably determined by the Agency and the Nonprofit. In addition, the Nonprofit shall annually submit to the Agency and City, prior to July 15 each year, a certification of the number of apartment units in the Buildings actually occupied by Very Low, Lower and Low- and Moderate-Income Households in such form as may be provided by the Agency.

402.6 Determination of Affordable Rent. Each apartment unit in the Buildings shall be rented at an "Affordable Rent" to be established by the Agency and City as provided herein. The maximum Monthly Rent chargeable for the apartment units within the Buildings shall be established by the Agency on an annual basis by written notice to the Nonprofit, upon publication of annual median income limits by the United States Department of Housing and Urban Development and the California Department of Housing and Community Development, at the following amounts:

a. For Very Low Income Households: the lesser of (a) One-Twelfth (1/12th) of Thirty Percent (30%) of Fifty Percent (50%) of Los Angeles County annual median income for a household size appropriate for the unit, or (b) the fair market rent for existing housing for comparable units in the area as established by the United States Department of Housing and Urban Development under 24 CFR 888.111.

b. For Lower Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of Sixty Percent (60%) of Los Angeles County annual median income for a household size appropriate for the unit.

c. For Low and Moderate Income Households: One-Twelfth (1/12th) of Thirty Percent (30%) of One Hundred Ten Percent (110%) of Los Angeles County annual median income for a household size appropriate for the unit.

For purpose of determining "Affordable Rent" only, "household size appropriate to the unit" shall mean one person for a studio apartment unit, two persons for a one bedroom apartment unit, three persons for a two bedroom apartment unit, four persons for a three bedroom apartment unit, and five persons for a four bedroom apartment unit. The rents of the apartment units in the Buildings may be increased simultaneously, once per year, regardless of when particular tenants commenced occupancy of their units. For purposes of this Agreement, "Monthly Rent" means the total of monthly payments for (a) use and occupancy of the Property and land and facilities associated therewith, (b) any separately charged fees or service charges assessed by the Nonprofit which are required of all tenants, other than security deposits, (c) a reasonable allowance for an adequate level of service of utilities not included in (a) or (b) above, including garbage collection, sewer, water, electricity, gas and other heating, cooking and refrigeration fuels, but not including telephone service, and (d) possessory interest, taxes or other fees or charges assessed for use of the land and facilities associated therewith by a public or private entity other than Nonprofit. The Agency and City, may in their discretion, base the utilities allowance on a utilities allowance adopted by the Los Angeles County Housing Authority, or established in connection with the Section 8 program administered by the United States Department of Housing and Urban Development. Upon the approval of the Agency, rents may be established at amounts which are lower than the maximum monthly rental amounts set forth above.

402.7 Occupancy Standards. Based on a standard of two persons per bedroom plus one additional person, occupancy of studio apartment units shall be limited to two persons, occupancy of one bedroom apartment units shall be limited to three persons, occupancy of two bedroom apartment units shall be limited to five persons, occupancy of three bedroom apartment units shall be limited to seven persons, and occupancy of four bedroom apartment units shall be limited to nine persons. For those housing units originally subject to the Purchase Regulatory Agreement, the requirements of this section shall only be applied to tenants occupying the units after the Date of Agreement. All tenants occupying housing units in the First Project Buildings prior to the Date of Agreement shall comply with Section 402.6 of the Purchase Regulatory Agreement.

402.8 Affirmative Marketing. The rental of the Affordable Units shall be conducted in accordance with the affirmative marketing requirements which have been adopted

by the City and the requirements of Section 92.351, or successor regulation, of the HOME Regulations and other applicable HOME Program requirements.

402.9 Property Tax Exemption. The Nonprofit shall be entitled to apply for and receive a full or partial exemption from the payment of property taxes and assessments which would be assessed upon the Property. The Agency and City do not represent or warrant to the Nonprofit that such an exemption will be available to the Nonprofit.

403. Maintenance Covenants. The Nonprofit shall maintain or cause to be maintained the interior and exterior of the Property in a decent, safe and sanitary manner, in accordance with the HUD Housing Quality Standards and the maintenance standards required by Section 92.251 of the HOME Regulations, and the standard of maintenance of similar housing units within Los Angeles County, California. None of the apartment units on the Property shall at any time be utilized on a transient basis nor shall the Property or any portion thereof ever be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium or rest home, or be converted to condominium ownership. If at any time Nonprofit fails to maintain the Property in accordance with this Agreement and such condition is not corrected within five days after written notice from the Agency and/or City with respect to graffiti, debris, waste material, and general maintenance, or thirty days after written notice from the Agency and/or City with respect to landscaping and building improvements, then the Agency and/or City, in addition to whatever remedies they may have at law or at equity, shall have the right to enter upon the applicable portion of the Property and perform all acts and work necessary to protect, maintain, and preserve the Buildings and landscaped areas on the Property, and to attach a lien upon the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the Agency and/or City and/or costs of such cure, including a reasonable administrative charge, which amount shall be promptly paid by Nonprofit to the Agency and/or City upon demand.

404. Management. Nonprofit shall manage or cause the Buildings to be managed in a prudent and business-like manner, consistent with first-class multifamily rental housing in Los Angeles County, California, and in accordance with the operating budget for the Buildings which has been approved by the Agency and City. Nonprofit may contract with a management company or manager to operate and maintain the Buildings in accordance with the terms of this Agreement (the "Property Manager"); provided, however, that the hiring and termination of the Property Manager shall be subject to approval by Agency Assistant Executive Director and the City's Community Development Director, or their designee(s). The Agency has assigned to Nonprofit the management agreement which the Agency has entered with Jenkins Properties, and Nonprofit has assumed such management agreement or entered a new management agreement with Jenkins Properties. The fees payable to the Property Manager shall not exceed six percent (6%) of the gross rents of the Buildings. Nonprofit may not itself act as the Property Manager, nor may any of Nonprofit's directors or officers, or any entity with which they are affiliated, act as the Property Manager. Approval of the Property Manager by Agency and City shall not be unreasonably withheld. If, at any time, the Property Manager is not performing to the reasonable satisfaction of the Agency and City, the Agency and City may direct the Nonprofit to use its best efforts to correct any defects in management at the earliest feasible time and, if necessary, to replace the Property Manager prior to the elapsing of such time period. If the management defects identified by Agency and/or City have not been corrected within thirty

(30) days after notice to Nonprofit, the Agency and/or City may in their sole discretion direct the Nonprofit to immediately terminate the Property Manager.

405. Reserve Accounts. The Nonprofit shall also, or cause the Property Manager to, annually set aside not less than Two Hundred Fifty Dollars ($250) per unit, per year, into a separate interest-bearing trust account (the "Capital Replacement Reserve"). Notwithstanding the foregoing, however, no payments shall be made into the Capital Replacement Reserve which cause the balance thereof to exceed Sixty-Five Thousand Dollars ($65,000), except that interest accruing on the Capital Reserve Account shall remain in such account until withdrawn for the purposes hereof. Funds in the Capital Replacement Reserve shall be used for capital replacements to the Property fixtures and equipment which are normally capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve the Nonprofit of the obligation to undertake necessary capital repairs and improvements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Nonprofit, at its expense, shall submit to the Agency and City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Property shall include only those items with a long useful life, including without limitation the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement and irrigation pipe and controls replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement, and common area repainting.

406. Achievement Center. Nonprofit shall operate within the Buildings an educational center (the "Achievement Center") which provides an after-school educational services program to children in grades kindergarten through 12 who reside in the Buildings. The Achievement Center shall provide (i) learning enrichment services, including homework assistance, self-study and reading, (ii) mentoring opportunities, including formal mentor relationships and after-school learning sessions, and (iii) community service opportunities, including volunteer opportunities and neighborhood involvement.

The following services shall be provided by the Achievement Center on a daily basis:

(a) Enrollment of students, including recruitment, orientation, assessment, development of strategy, monitoring and reevaluation.

(b) Monitoring of individual student progress, including review of program performance, grade reports, parent and community feedback.

(c) Observation of student behavior in multiple settings, supplying intervention when necessary.

(d) Maintaining a comfortable, safe and positive environment for all students.

The Achievement Center shall provide opportunities for mentoring relationships to be developed and strengthened, including (i) recruiting, evaluating and selecting mentors, (ii) promoting cooperative relationships with other individuals, such as teachers, older students and community members, and (iii) providing opportunities for participation in special events.

The Achievement Center shall be administered by a full-time Achievement Center Director. The hiring and termination of the Achievement Center Director shall be subject to approval by the Agency Assistant Executive Director, or his or her designee.

Participation in the Achievement Center shall be limited to residents of the Buildings and residents of apartment complexes in the 100 block of West Elmwood Avenue with which the Agency has entered into affordable housing agreements.

407. Monitoring and Recordkeeping. Throughout the Affordability Period, Nonprofit shall comply with all applicable recordkeeping and monitoring requirements set forth in Section 92.508 (or successor regulation) of the HOME Regulations and shall annually complete and submit to City a Certification of Continuing Program Compliance in the form provided by the Agency. Representatives of the Agency and City shall be entitled to enter the Property, upon at least twenty-four (24) hours notice, to monitor compliance with this Agreement, to inspect the records of the Property with respect to the Affordable Units, and to conduct an independent audit or inspection of such records. The Nonprofit agrees to cooperate with the Agency and City in making the Property available for such inspection or audit. If for any reason the Agency and/or City are unable to obtain the Nonprofit's consent to such an inspection or audit, the Nonprofit understands and agrees that the Agency and/or City may obtain at Nonprofit's expense an administrative inspection warrant or other appropriate legal order to obtain access to and search the Property. Nonprofit agrees to maintain records in businesslike manner, and to maintain such records for the term of this Agreement.

408. Nondiscrimination Covenants. The Nonprofit covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Property, nor shall the Nonprofit itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Property. The foregoing covenants shall run with the land.

The Nonprofit shall refrain from restricting the rental, sale or lease of the Property on the basis of race, color, religion, sex, marital status, ancestry or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

a. In deeds: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein

conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the land herein conveyed. The foregoing covenants shall run with the land."

b. In leases: "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

c. In contracts: "There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferee himself or herself or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the premises."

500. DEFAULTS AND REMEDIES

501. Default Remedies. Subject to the extensions of time set forth in Section 602 of this Agreement, failure by either party to perform any action or covenant required by this Agreement within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such failure within thirty (30) days from receipt of such notice, or if the nature of such Default is such that more than thirty (30) days is reasonable required to cure such deficiency, if such party immediately, with due diligence, commences to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy with diligence.

502. Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. Such actions shall be instituted in the Superior Court of State of California, Los Angeles County.

503. Acceptance of Service of Process. In the event that any legal action is commenced by the Nonprofit against the Agency and/or the City, service of process on the Agency shall be made by personal service upon the Agency's Secretary or in such other manner as may be provided by law and service of process on the City shall be made by personal service upon the City Clerk or in such other manner as may be provided by law. In the event that any legal action is commenced by the Agency or City against the Nonprofit, service of process on the Nonprofit shall be made by personal service in such manner as may be provided by law.

504. Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

505. Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

506. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

507. Non-Liability of Officials and Employees of the Agency and City. No member, official or employee of the Agency or the City shall be personally liable to the Nonprofit, or any successor in interest, in the event of any Default or breach by the Agency (or the City) or for any amount which may become due to the Nonprofit or its successors, or on any obligations under the terms of this Agreement.

508. Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

600. GENERAL PROVISIONS

601. Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given by first class mail, postage prepaid, or reputable overnight delivery service, addressed to the party to whom the Notice is directed as set forth below, or at any other address as that party may later designate by Notice.

Any written notice, demand or communication shall be deemed received immediately if delivered by hand and shall be deemed received on the third day from the date it is postmarked if delivered by registered or certified mail.

602. Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Agreement shall be extended, where delays or Defaults are due to events which are outside of the reasonable control of the party claiming an extension, which may include, without limitation: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other party; acts or failures to act of any other public or governmental agency or entity (other than the acts or failures to act of the Agency and/or City which shall not excuse performance by the Agency and/or City respectively); or any other causes beyond the control or without the fault of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Agency and Nonprofit.

603. Transfers of Interest in Property or Agreement.

603.1 Prohibition. The qualifications and identity of the Nonprofit are of particular concern to the Agency and City. It is because of those qualifications and identity that the Agency and City have entered into this Agreement with the Nonprofit. Accordingly, for the

period commencing upon the date of this Agreement and throughout the Affordability Period, no voluntary or involuntary successor in interest of the Nonprofit shall acquire any rights or powers under this Agreement, (b) nor shall the Nonprofit make any total or partial sale, transfer, conveyance, assignment, subdivision, refinancing or lease of the whole or any part of the Property (collectively referred to herein as a "Transfer"), without the prior written approval of the Agency and City, except as expressly set forth herein.

603.2 Permitted Transfers. Notwithstanding any other provision of this Agreement to the contrary, Agency and City approval of a Transfer shall not be required in connection with any of the following:

(a) The conveyance or dedication of any portion of the Property to the City or other appropriate governmental agency.

(b) Any lease of an apartment unit in the Property to individual tenants in the ordinary course of business.

603.3 Agency Consideration of Requested Transfer. The Agency and City agree that they will not unreasonably withhold approval of a request for approval of a Transfer made pursuant to this Section 603, provided the Nonprofit delivers written notice to the Agency and City requesting such approval. Such notice shall be accompanied by evidence regarding the proposed transferee's qualifications and experience, and its financial commitments and resources, in sufficient detail to enable the Agency to evaluate the proposed assignee or purchaser pursuant to the criteria set forth in this Section 603 and as reasonably determined by the Agency and City. The Agency may, in considering any such request, take into consideration such factors as (i) the quality of any new and/or replacement owner, (ii) the transferee's past performance as owner and operator of affordable multifamily apartment complexes, (iii) the current financial condition of the transferee, and similar factors. The Agency and City agree not to unreasonably withhold its approval of any such requested Transfer, taking into consideration the foregoing factors.

An assignment and assumption agreement in form satisfactory to the Agency's legal counsel and the City Attorney shall also be required for all proposed Transfers. Within thirty (30) days after the receipt of the Nonprofit's written notice requesting Agency approval of a Transfer pursuant to this Section 603, the Agency and City shall either approve or disapprove such proposed assignment or shall respond in writing by stating what further information, if any, the Agency reasonably requires in order to determine the request complete and determine whether or not to grant the requested approval. Upon receipt of such a response, the Nonprofit shall promptly furnish to the Agency and City such further information as may be reasonably requested.

603.4 Successors and Assigns. All of the terms, covenants and conditions of this Agreement shall be binding upon the Nonprofit and its permitted successors and assigns. Whenever the term "Nonprofit" is used in this Agreement, such term shall include any other permitted successors and assigns as herein provided.

603.5 Assignment by Agency or City. The Agency or City may assign or transfer any of their rights or obligations under this Agreement with the approval of the

Nonprofit, which approval shall not be unreasonably withheld; provided, however, that the Agency may assign or transfer any of its interests hereunder to the City and vice versa, at any time without the consent of the Nonprofit.

604. Agency and City Approvals and Actions. The Agency and City shall maintain authority of this Agreement and the authority to implement this Agreement through the Agency's Assistant Executive Director (or his or her duly authorized representative) and the Community Development Director, respectively.. The Agency's Assistant Executive Director and the City's Community Development Director shall have the authority to make approvals, issue interpretations, execute documents, waive provisions, extend time periods, and/or enter into amendments of this Agreement on behalf of the Agency and City, respectively, so long as such actions do not materially or substantially change the uses permitted on the Property, or add to the costs incurred or to be incurred by the Agency and City, respectively, as specified herein. All other material and/or substantive interpretations, waivers, or amendments shall require the consideration, action and written consent of the Agency Board and City Council, respectively.

605. No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

606. Modifications. Any alteration, change or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

607. Severability. If any term, provision, condition or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

608. Time of Essence. Time is expressly made of the essence with respect to the performance by the Agency and the Nonprofit of each and every obligation and condition of this Agreement.

609. Cooperation. Each party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

610. Amendment and Supersession of Prior Agreements. This Agreement amends and supersedes the Purchase Regulatory Agreement, dated November 30, 1999, by and between Agency and Nonprofit, and the AHA Regulatory Agreement, dated July 17, 2001, among the Agency, City, and Nonprofit, which, except as set forth in Section 402.7 of this Agreement, shall be of no further force or effect as of the Date of Agreement.

IN WITNESS WHEREOF, the Agency and the Nonprofit have executed this Amended and Restated Regulatory Agreement as of the date first set forth above ("Date of Agreement").

SUBJECT: Occupancy Standards

At the August 27, 2002 joint meeting of the Council and Agency, staff was instructed to return with information regarding an alternative occupancy standard predicated upon the square footage of a unit. In recent years, the Agency has established an occupancy standard in all projects it assists that limits the number of household members to two persons per bedroom plus one additional member, which meets the federal Housing Quality Standards or HQS definition under 24 CFR.982.401 (d)(2)(iii). The U. S. Department of Housing and Urban Development (HUD) requires that a Housing Authority administering HQS must "provide for the smallest number of bedrooms needed to house a family without overcrowding" and comply with HQS space requirements, which stipulates that "The dwelling unit must have at least one bedroom or living/sleeping room for each two person."[1]

As with many jurisdictions, the Agency (and the City's Housing Authority) has increased the HQS minimum standard to allow an additional household member. In addition to not reducing the HQS standard below HQS occupancy limits, this measure also accommodates households with children of differing genders, while also staving off any fair housing concern about the Agency dictating housing choices.

---

[1] *(d) Space and security-- (1) Performance requirement. The dwelling unit must provide adequate space and security for the family.*
(2) Acceptability criteria.
(ii) The dwelling unit must have at least one bedroom or living/sleeping room for each two persons. Children of opposite sex, other than very young children, may not be required to occupy the same bedroom or living/sleeping room.

EXHIBIT B

Occupancy based on a unit's square footage (as compared to the number of bedrooms as used under the current City/Agency occupancy standard) is codified in the Uniform Housing Code or UHC (Section 503.2), which sets forth the following definition of the number of permitted occupants in a dwelling:

> Dwelling units and congregate residences shall have at least one room, which shall not have less than 120 square feet of floor area. Other habitable rooms, except kitchens, shall have an area of not less than 70 square feet. Where more than two persons occupy a room used for sleeping purposes, the required floor area shall be increased at the rate of 50 square feet for each occupant in excess of two.

Under the UHC, 70 square feet of living space exclusive of the kitchen and each bathroom is required for two persons, while a minimum of 50 square feet is needed for each additional occupant. The maximum occupancy is then determined by subtracting 70 square feet from the unit's total square footage, subtracting the square footage of the kitchen and each bedroom and then dividing the remaining square footage (the habitable area) by 50.

Occupancy under the UHC is a variable, sometimes confusing standard that too often legitimizes overcrowding. Following are two examples of UHC standards that help illustrate the methodology used under the UHC to calculate maximum occupancy.

One-Bedroom/One-Bath Unit *487 Square Feet*	*Total Occupants*	Two-Bedroom/Two-Bath Unit *932 Square Feet (SF)*	*Total Occupants*
Bedroom equals 120 SF (70 for first two persons and 50 SF for third person)	3	First bedroom equals 120 SF (70 for first two persons and 50 SF for third person)	3
487 SF minus 120 SF (Bedroom) minus 50 SF (Bath) minus 100 SF (Kitchen) equals 217 SF/50 SF	4	932 SF minus 120 SF (First Bedroom) minus 100 SF (2 Baths at 50 SF each) minus 100 SF (Kitchen) equals 612 SF/50 SF	12
Total Maximum Occupants	**7**	**Total Maximum Occupants**	**15**
Current Maximum Occupancy	**3**	***Current Maximum Occupancy***	**5**

Using this calculation, a sampling (Attachment A) of Burbank Housing Corporation (BHC) units would suggest the following occupancy limits:

Property Address	Maximum Occupancy					
	One Bedroom/One Bath		Two Bedroom/One Bath		Three Bedroom/Two Bath	
	UHC	Current Standard	UHC	Current Standard	UHC	Current Standard
W. Elmwood Apts. (averaged)	13	3	14	5	NA	NA
237 West Verdugo	10	3	NA	NA	NA	NA
257 West Verdugo	NA	NA	16	5	NA	NA
241 West Verdugo	14	3	NA	NA	NA	NA
220 West Tujunga	7	3	NA	NA	15	7

There is a plethora of issues that must be addressed if the Agency opts for a standard that links maximum occupancy to a unit's square footage (UHC) rather than to one based upon persons per bedroom (housing quality standards or HQS).

- *Site Constraints.* Many of the projects the Agency assists the BHC to acquire have limited on-site parking, often one space per unit. Increasing the number of occupants creates greater demands for parking that will spill off-site.

- *Property Maintenance.* The quintessential issue is to ensure Agency assisted properties are maintained appropriately. In doing so, the Agency specifically avoided a standard that allows for an excessive number of occupants, one that far exceeds the normal wear and tear on residential units and resultantly escalates maintenance costs.

- *Service Costs.* Fire Department staff's perception is that increasing the number of occupants adds to the calls for service for safety services; "Responses or call volume is directly linked to population numbers." As density increases, there typically is a corresponding increase in the volume of calls for service. Fire Department staff observed that,

  > There are more incidents of fires and medical emergencies among [residents] in overcrowded multiple dwellings. Occupancy units designed to accommodate a family unit, for instance, of 2-6 people become overtaxed when that usage swells to twice that number. Kitchens designed to accommodate cooking requirements for 2-6 people will have increased risks do to the added usage.

- *Occupancy Determination/Monitoring.* The contorted calculation used to determine occupancy under the UHC would make the initial determination and subsequent monitoring of units more difficult than the current standard. The

UHC standard will also create differing occupancy limits subject to unit configuration that can result in a number of anomalies as illustrated below.

- A household may find in that it meets occupancy standard in one unit and not in another unit with the same number of bedrooms due to the differing square footage.
- A household could occupy a unit with more square footage but with less bedrooms but not qualify for another unit with more bedrooms but with less square footage.
- Two households of identical size can apply for two units with comparable number of bedrooms, one household meeting the occupancy limit and the other household not meeting the occupancy limit again due to the square footage of the units.

- *Public Perception.* Overcrowding and substandard housing are interrelated terms often associated with poorly maintained projects. The Agency should balance the need to house larger households with public confidence that Agency assisted projects improve, not erode, housing conditions. This point was emphasized recently when Agency staff frequently had to assure residents surrounding the Peyton-Grismer neighborhood that the proposed acquisition/rehabilitation project at 1801-1819 Grismer Avenue would improve housing conditions and reduce overcrowding.

RECOMMENDATION

Staff recommends the Agency retain the current occupancy standard of two persons per bedroom plus one additional household member.

THIRD AMENDMENT TO REGULATORY AGREEMENT
(Phase 1 - 2025 Master Loan Amendment)

THIS THIRD AMENDMENT TO REGULATORY AGREEMENT is entered into as of ~~January~~ September 22, 2025 among the Housing Authority of the City of Burbank , a public body, corporate and politic (the "Authority") , the City of Burbank, a municipal corporation and charter city ("City"), and Burbank Housing Corporation, a California nonprofit public benefit corporation (the "Developer or BHC").

Subject Properties

listed in Attachment No. 1 with prior recorded instrument numbers and/or legal descriptions (collectively "Subject Properties")

R E C I T A L S

The following recitals are a substantive part of this Agreement:

A. In 1997, the former Redevelopment Agency of the City of Burbank (the "Agency") established a nonprofit corporation, the Burbank Housing Corporation ("BHC"), to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also receives Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (the "Community Redevelopment Law") the Agency was required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency established a Low and Moderate Income Housing Fund, which is now known as the Low and Moderate Income Housing Asset Fund (the "Housing Fund").

D. Effective February 1, 2012, redevelopment agencies were dissolved in the State of California; the law authorized local housing authorities to accept the former redevelopment agencies assets and housing functions previously performed by the redevelopment agency. On January 31, 2012, the Authority accepted the Agency's housing duties and assets, including the Housing Fund.

E. BHC, the City, and the Agency/Authority have to date worked together to provide and preserve 322 units for low-to-moderate income households at the Subject Properties. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school childcare, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

F. To further this partnership, the City, Agency and BHC entered into a consolidated loan agreement approved by the City and Agency on March 21, 2006 and executed on January 2, 2007, and as amended on November 20, 2008 (the "Loan Agreement"), which modified agreements and combined the loans made by the City and Agency for the Subject Properties into one loan agreement to assure that all of the terms remained consistent and to treat all of the individual properties as one large project. The Loan Agreement combined Agency (now Authority) loans ("Authority Loan") and City HOME and CDBG loans ("City Loan"). The Loan Agreement included, among other things, cross-collaterization and cross-default clauses as further security for the Authority Loan and the City Loan. The loan is secured by a single Deed-of-Trust recorded on the Subject Properties.

G. The parties further modified restated, and replaced in its entirety, the Loan Agreement by entering into the Amended and Restated Master Loan Agreement (Phase 1- January 2025) (the "A&R MLA") to modify and restate the terms of the loan (the "Loan") to specifically 1) make forgivable each portion of the City Loan as of the initial term of the original note evidencing that portion of the City Loan except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 2) make the annual Authority Loan payment forgivable after the completion of each year of the affordability covenant commencing April 1, 2025 except for the principal associated with certain of the Subject Properties as identified in the A&R MLA; 3) define "affordability covenant period" to be 55 years and 3 months for the Authority Loan and City Loan commencing January 1, 2025 and ending April 1, 2080 ("Affordability Period"); 4) eliminate the concept of "residual receipts payments" which had resulted in Loan payments only when certain conditions existed; 5) eliminate interest on Authority

Loan, including existing outstanding and new interest payments for the Authority Loan, to make consistent with City Loan; 6) continue the requirement that two BHC board of director members be comprised of individuals appointed by the City/Authority; and 7) continue certain limitations that currently and must always exist in BHC's Articles of Incorporation and By-laws to restrict any business and mission of BHC to the geographic area of the City of Burbank; this restriction includes but is not limited to use of any City/Authority funds only for projects located in the City of Burbank (which precludes investing in any non-City of Burbank projects).

H. The Subject Properties include Twenty Four (24) projects, which in turn oftentimes involved multiple parcels. Each individual parcel is subject to a regulatory agreement, separate for City or Authority, which restricts certain units to be affordable for a specific time period and is recorded in the official records of the Los Angeles County Recorder's Office (the "Original Regulatory Agreement"). The Original Regulatory was modified after adoption and amendment of the Loan Agreement in 2006-7 to reflect changes by the Loan Agreement as amended and in 2010 to reflect a modification requested by Developer (collectively "Regulatory Agreement"). Those legal descriptions or instrument numbers for the recorded documents of the Original Regulatory Agreement and the two amendments thereto are set forth in Attachment No 1.

I. The Regulatory Agreement is now further being amended by the Third Amendment in conjunction with the terms set forth in the A&R MLA, specifically the extension of affordability covenants to April 1, 2080.

J. As part of the Keeler Homeownership Development June 16, 2009, Project No. 10 has been removed from the Master Loan process and treated individually. However, the documents that went before Council in January, 2025 inadvertently included Property No. 10, Administratively, the City Attorney through Resolution No. 25-29,585 and the Assistant Executive Director (authority to issue estoppels and interpretations of the Regulatory Agreement) have opined that this property should be deleted from the final agreement and all of the exhibits, for the debt had been released from the MLA in 2009 (Council Resolution No. 27,924 and Redevelopment Agency Resolution R-2215). Therefore, Project No. 10 is hereby intentionally deleted from this global amendment.

K. Intentionally excluded from this global amendment is the property referenced in the A&R MLA as Project No. 8, specifically 2321 North Fairview Street and 2321-2323 North Catalina Street. The regulatory agreement for Project No. 8 required, among other things, specific affordability requirements together with operation of an activity center to serve the neighborhood. Though the A&R MLA, Project No. 8 is divided into two separate projects - the project located at 2321-2323 North Catalina Street ("Project No. 8A") and the project located at 2321 North Fairview Street ("Project No. 8B"), with separate amended regulatory agreements.

NOW, THEREFORE, the parties hereto agree as follows:

1. Amendment: This Third Amendment modifies each individual regulatory agreement for each property identified in Attachment No. 1 as Subject Properties as follows.

    a. Extension of Affordability Covenants. This Third Amendment extends the affordability covenant period as to Subject Properties for fifty-five years and three months commencing upon January 1, 2025 to April 1, 2080.

    b. Conforming to A&R MLA. This Third Amendment amends the Regulatory Agreement for each property identified in Attachment 1 to conform it to any conflicting term in the A&R MLA, and any term in a future amendment to A&R MLA.

2. No Other Changes. Except as amended pursuant this Third Amendment, all terms of the Regulatory Agreement remain the same and the Regulatory Agreement remains in full force and effect.

3. Interpretation and Estoppel Certificates. While it is not the intent to modify any other term, should any interpretation question result due to this modification, the Assistant Executive Director and the City Attorney shall provide an interpretation. The interpretation may, if requested by BHC, be provided to Council by memo, and Council may, if it desires to do so as a body, call up the matter for discussion and further interpretation. The Assistant Executive Director is authorized to execute an estoppel certificate stating that BHC is in full compliance with the Regulatory Agreement as amended by this Third Amendment, and that the Regulatory Agreement with this Third Amendment is a true and complete copy, and if applicable, to memorialize an interpretation authorized herein.

4. Monitoring. As to a matter between the Authority and City, Authority agrees to monitor the Regulatory, as amended by this Third Amendment as to Authority affordability covenants and also monitor City affordability covenants, at Authority's cost.

5. Performance secured by Deed of Trust. Performance of the obligations hereunder are secured by a Deed of Trust recorded on Subject Properties by Instrument No. 06-2369323, and as amended and restated by Instrument No. 20250809610, recorded on November 17, 2025.

6. Counterparts. This Third Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

7. Successors and Assigns. The Regulatory Agreement as amended by this Third Amendment shall run with the land, and all of the terms, covenants and conditions of the Regulatory Agreement as amended by this Third Amendment shall be binding upon BHC and the permitted successors and assigns of BHC.

IN WITNESS WHEREOF, the parties hereto have executed this Third Amendment to the Regulatory Agreement as of the date and year set forth above.

LOAN AGREEMENT

THIS LOAN AGREEMENT (the "Agreement") is entered into this 2nd day of January, 2007, by and between the **REDEVELOPMENT AGENCY OF THE CITY OF BURBANK**, a public body, corporate and politic (the "Agency"), the **CITY OF BURBANK**, a municipal corporation and charter city, and **BURBANK HOUSING CORPORATION**, a California nonprofit corporation (the "Borrower or BHC").

RECITALS

The following recitals are a substantive part of this Agreement:

A. In 1997, the Redevelopment Agency of the City of Burbank established a non-profit corporation to improve and preserve the existing housing inventory in the City of Burbank, California that is affordable to low-income and moderate-income persons and to provide community assistance and property management services at affordable housing projects within the City of Burbank.

B. The City of Burbank receives funds from the HOME Investment Partnership Act of the united States, 42 U.S.C. Sec. 12701, et seq, ("HOME funds"), for the purpose of the production and operation of housing affordable to lower and very low income families. The City also has Community Development Block Grant ("CDBG") funds authorized under Title I of the Housing and Community Development Act of 1974, 42 U.S.C. Sec. 5301 et seq.

C. Pursuant to Section 33334.2 of the California Health and Safety Code Section 33000, et seq., (hereafter "Community Redevelopment Law") the Agency is required to expend a certain percentage of property taxes allocated to it for the purposes of increasing, improving and preserving the City of Burbank's supply of low-and moderate-income housing available at an affordable housing cost. Pursuant thereto, the Agency has established a Low and Moderate Income Housing Fund (the "Housing Fund").

D. BHC, the City, and the Agency have to date worked together to provide and preserve 202 units of low-to-moderate income tenants/owners. Based on the successful Elmwood model, the parties recognize that affordable housing requires social centers/services to invigorate neighborhoods and to keep projects successful. In conjunction with some of the neighborhood projects, activity centers have been built which directly benefit the occupants, and for example, provide after school child care, homework assistance; community service opportunities, including volunteer opportunities and neighborhood involvement, among other vital services to the low and moderate occupants. BHC manages those centers as its owner.

E. On October 26, 1999, BHC entered into an affordable housing agreement with the City and Agency to assist in the rehabilitation of 2331-2333 North Fairview Street, then improved as a single family home and a three unit apartment. The City provided a loan up to $200,000 at three percent (3%) interest of HOME funds to be paid out of residual receipts and the Agency provided a loan in the amount of $126,930 also at three percent (3%) interest. Hereafter referred to as either "Property No. 1 or Project No.1".

F. On April 25, 2001, BHC entered into an affordable housing agreement with the City and Agency to acquire, rehabilitate and manage a then duplex and two unit apartment located at 3000-3006 Thornton Avenue (hereafter referred to as either "Property No. 2 or Project No. 2"), with financial assistance by the Agency and City. The Agency lent $366,000 to BHC which was to be repaid by an $18,516.84 annual payment beginning on April 1, 2003 until paid, although the balance is due April 1, 2033. The Agency Note for Project No.2 bears interest at the rate of three percent annually. A deed of trust in first position on the Project No. 2 secures the note. The City lent HOME funds in an amount up to $150,000, which would be forgiven, unless BHC commits a material default of the note, deed of trust or regulatory agreement, and fails to cure such default. In the event of an uncured default, the note is accelerated and due in full.

G. On July 10, 2001, BHC entered into an affordable housing agreement with the City and the Agency to acquire, rehabilitate and manage real property located at 199 West Elmwood Avenue which was then improved with a six-unit apartment building. The transaction also consolidated the prior purchase agreement obligations entered into on November 30, 1999 concerning the acquisition of 153, 158-159,164-165, 170-171, 188, 194 Elmwood. The consolidated Promissory Note to the Agency was for $3,007,265.48. This Elmwood project is collectively referred to as either "Property No. 3 or Project No.3". Under the terms of the consolidated Promissory Note to the Agency, BHC is to make annual payments based on 100% of the residual receipts of the combined Elmwood projects, as narrowly defined in the note. The Agency would then share as BHC's annual payment to the City an amount equal to 20% of the annual residual receipts received from BHC. The note accrued no interest, and the first payment was to be made April 1, 2002, with the remaining balance due on November 30, 2029. As part of this refinance, the $100,000 for Child Care Fee Loan is to be repaid to the Agency. The Agency shall, pursuant to the terms of a Cooperation Agreement dated July 16, 2003, repay the City that $100,000.

H. On July 16, 2002, BHC entered into an affordable housing agreement with the City and Agency concerning the acquisition, rehabilitation, and management of 1721 Elliot Drive, then improved with an eight unit apartment. Under the terms of the affordable housing agreement, the City agreed to loan BHC $550,000, a portion from CDBG, and a portion from HOME funds. Under the terms of the promissory note, 55% of the annual residual receipts would be deposited to the CDBG fund, and 45% of the annual residual receipts would be deposited in the HOME fund. Annual residual receipts are owed each April 1 commencing on April 1, 2004, until paid in full, but in no event, no later than April 1, 2034. Sec. 209.1 of the AHA, BHC agreed to not seek a property tax exemption, notwithstanding its non-profit status. The Elliot project is hereafter referred to as either "Property No. 4 or Project No. 4". This refinancing will allow BHC to seek a property tax exemption. This provision was amended in the Amended Affordable Housing Agreement, in March 2006.

I. On May 27, 2003, BHC and the Agency entered into an affordable housing agreement concerning 3030 Thornton Avenue, which was then improved with a single family dwelling. The Agency provided a loan to BHC in the amount of $290,000 to fund certain costs of the project. The loan was divided into two notes. One note was for $57,200 accruing interest at 3% per annum, amortized over thirty years beginning April 1, 2005. The second note, in the amount of $232,800 is deferred (subject only to a material default), and was to be forgiven in full on the 55th year anniversary of the date of the note. In Sec. 209.1 of the affordable housing agreement, BHC agreed to not seek a property tax exemption, notwithstanding its non-profit status. The Amended Affordable Housing Agreement, in March 2006, eliminated that prohibition. The 3030 Thornton Avenue project is hereafter referred to as either "Property No. 5 or Project No. 5".

J. On September 23, 2003, BHC and Agency entered into a disposition and development agreement ("DDA") and lease agreement whereby BHC agreed to rehabilitate and then lease the property at 1801-1815 Grismer Avenue, 1819 Grismer Avenue and 1729-1735 Elliott Drive. As part of the DDA, the Agency provided BHC a loan of $3,441,000 for the rehabilitation of existing structures and construction of an activity center to be used for after school care by the focus neighborhood of the Grismer and Elliott projects. The loan payments were to begin when the construction is completed, and continue for 55 years thereafter. BHC was obligated to obtain some third party financing from a private lender once the project is complete, and those funds shall be paid to the Agency. This private loan requirement was eliminated through the refinancing. Any remaining amounts shall be repaid out of residual receipts, subject to debt service for that private loan. Once the Agency note is repaid, the rent (which was $1/yr.) requires payments on April 1 which shall be equal to 100% of the residual receipts of the project, as defined in the lease (sec. 5.2). It is the intent of the parties to amend the Loan Agreement and related Promissory Note and to incorporate those amended terms into the Lease Agreement automatically. The aforementioned project is hereafter referred to as either "Property No. 6 or Project No. 6".

K. On November 18, 2003, BHC entered into an affordable housing agreement with the City for assistance to purchase and rehabilitate seven units at 2325 and 2335 Fairview Street. The City provided a loan to BHC in the amount of $1,080,000 of HOME funds, which principal will be forgiven (subject to acceleration if uncured material default occurs) at the 55th anniversary of the date of the note (hereafter referred to as either "Property No. 7 or Project No. 7").

L. On June 15, 2004, BHC and the Agency entered into an affordable housing agreement whereby Agency provided a loan of $3,143,000 to fund the acquisition, rehabilitation and management of the property located at 2321 North Fairview Street and 2321-2323 North Catalina Street and related relocation costs for displaced households. The loan accrues 3% interest per year over fifty-five (55) years, and is to be repaid by BHC in an amount equal to 50% of the residual receipts from the property, commencing on April 1, 2006, until the loan is repaid, but in no event, no later than April 1, 2061. An activity center serves the neighborhood. It is the intent of the parties to amend the Loan Agreement and related Promissory Note and to incorporate those amended terms into the Lease Agreement automatically. This project is hereafter referred to as either "Property No. 8 or Project No. 8".

M. On May 4, 2004, the Agency and BHC restructured and consolidated certain affordable housing agreements in the Lake-Verdugo Focus Neighborhood, as to 220 West Tujunga Avenue, 237, 241-243, and 257 West Verdugo Avenue, which had been entered into separately in 2000-01. The restructured debt included Agency lending funds in the amount of $1,255,200 to allow BHC to pay off certain private financing. A new private loan was obtained, and that amount was repaid to the Agency, remaining obligations to the Agency and City are to be paid out of residual receipts (100%) during the next 55 years (but in no event later than April 1, 2060) after debt service is paid to the conventional lender. The Agency/City loans involved over five separate notes. An activity center serves the neighborhood. The Verdugo-Lake Focus Neighborhood projects are hereafter referred to as either "Property No. 9 or Project No. 9".

N. On July 19, 2005, BHC entered into an affordable housing agreement with the Agency whereby the Agency agreed to lend BHC $384,000 from the Housing Fund to assist in the acquisition of the property located at 1902 Keeler Street. The loan, which is subordinate to a first deed of trust securing a loan by a private lender, will be forgiven at the end of 55 years, as long as no

material default has occurred. The Keeler project is hereafter referred to as either "Property No. 10 or Project No. 10."

O. On January 31, 2006, the Agency and City approved a Disposition and Development Agreement and a Lease with BHC for the property located at 313 and 427 West Valencia Avenue, which documents allowed for administrative amendments to the documents to make that transaction consistent with the revised documents related to this refinancing. The aforementioned property is hereafter referred to as either "Property No. 11 or Project No. 11".

P. The properties located at 157 West Linden Avenue and 160 West Elm Court are collectively referred to as either "Property No. 12 or Project No. 12".

Q. With the exception of Projects No. 6 and 8, BHC has performed all of its obligations under the affordable housing agreements (the "AHAs") with respect to the acquisition and rehabilitation of each applicable property and currently maintains and operates the property subject to individual Regulatory Agreements exclusive to each property. The Regulatory Agreement for Projects 1-10 is being amended herein.

R. The Agency and BHC further desire to amend the Loan Agreement for the Agency to grant BHC funds from the Agency's Low and Moderate Income Housing Fund, established pursuant to Health and Safety Code Section 33433.3, to pay off BHC's preexisting conventional debt and replace it with a new Agency Loan as to Property Nos. 3, 4, 7, 9, and 10. The corresponding note for each of these properties shall be increased to assure the pay off amounts.

S. Pursuant to each of individual AHAs, BHC has executed Promissory Notes in favor of the City to repay loans made under each AHA of either federal HOME funds (HOME Investment Partnership Act of the United States, 42 U.S.C. §12701, et seq.), or CDBG funds (Title I of the Housing and Community Development Act of 1974, 42 U.S.C. §5301 et seq.) ("City Note"), and/or in favor of the Agency to repay a loan from the Agency's Low and Moderate Income Housing Fund established pursuant to California Health and Safety Code Section 33433.3 (the "Agency Note"). The Agency Note and City Notes are referred to herein collectively as the Agency/City Notes. Agency, City, and Borrower desire to amend the Agency/City Notes to make the terms of said notes consistent and concurrent.

T. With respect to Projects No. 6 and 8, the changes attached hereto shall act as an amendment to the DDA and AHA respectively, where necessary to incorporate the changes of the attached Promissory Note and Loan Agreement, which otherwise would be inconsistent with the original terms.

U. The parties desire to restructure the debt on Projects No. 3, 4, 7, 9, 10 by paying off the existing permanent financing on the property with an increased loan from the Agency in the respective amounts of approximately $300,000, $346,200, $393,400, $525,600, $99,300, with BHC, and the remainder of the Agency Loan to be repaid by Residual Receipts (as defined herein and in the attached Promissory Note). Further, conversion of certain Agency Loans which required fixed annual payments are to be converted to residual receipt loans, specifically for Property Nos. 1, 2 and 5.

V. The Parties further desire to amend the regulatory agreement on each respective property (hereinafter, the "Amended Regulatory Agreement,"). The purpose of the amendment is to

modify any provisions which define residual receipts in any way inconsistent with this Loan Agreement.

NOW, THEREFORE, the Agency, City and BHC (hereafter the Borrower) hereby agree as follows:

1. **Loans for individual properties.** In order for the Agency to increase its loan on certain properties, the Promissory Notes in favor of the Agency, and those in favor of the City, applicable to the Project Nos. 1-10 shall be amended and restated to conform to this Loan Agreement. Property No. 11 provided for administrative changes to the note to make it consistent with this agreement. Property No. 12 already provided that security relative to that transaction would be wrapped into the blanket deed of trust. This Loan Agreement amends each separate loan agreement, where such existed, or other applicable document, and to the extent that this agreement is inconsistent with any prior one affecting the aforementioned Projects, this agreement shall prevail. As consideration for the refinancing, all of the separate loans shall be treated as one; therefore, a default on one Note can result in a default on all twelve (12) Notes; which can result in the Agency or City exercising foreclosure rights on all twelve of the Projects. Accounting shall be maintained for each individual property (Project Nos. 1 through 11) in compliance with this Amended Loan Agreement. The project specific deed of trusts shall be released and one new Deed of Trust shall secure all properties collectively (hereafter "Properties"). All loans from the Agency and from the City are now subject to the following terms as set forth below.

1.1 **Repayment of Amended Loan.** The Borrower's obligation to repay the Amended Agency Loan and the Amended City Loan shall be set forth in each Amended and Restated Promissory Note attached as Exhibit "A-1 through A-10" hereto, which is incorporated herein by reference. The term of all of the Notes shall be for fifty-five (55) years after the execution of the Amended and Restated Promissory Note (hereafter Note or Notes). Any balance of the Note shall be due on the anniversary date in the 55th year. The Notes shall commence immediately, and as to the Notes securing Agency loans, the first residual receipt compliance date shall be April 1, 2007, as set forth below, and continuing every year thereafter until payment has occurred in full. Borrower shall make an annual payment equal to one hundred percent (100%) of the "Residual Receipts", as hereafter defined, unless payments are accelerated in accordance with the Note.

1.2 **Definitions.** As used in this Loan Agreement the following definitions apply:

"Approved General Administrative Costs" shall mean costs incurred by Borrower as a Borrower corporation which are not directly attributable to a specific project, but which are directly related to preserving affordable housing for low-to moderate-income households in accordance with Health & Safety Code Sec. 33334.2(e) and consistent to the mission statement and goals of Borrower in accordance with Articles of Incorporation and By-laws.

"Approved Project Residual Receipts" shall be defined as the Income less the sum of the Operating Expenses and Reserve Deposits for each calendar year.

"Income" shall mean all gross income and all revenues of any kind from the Property (each Project is hereafter referred to as Property) in a calendar year, including without limitation,

Property rents, late charges, laundry revenues, vending machines, interest on security deposits, food service, if any, and any other revenues of whatever kind or nature from the Property.

"Operating Expenses" shall mean actual, reasonable and customary (for comparable affordable housing projects in Los Angeles County) costs, fees and expenses directly incurred, paid, and attributable to the operation, maintenance, and management of the Property in a calendar year, including: (a) property management fee from the Property; (b) painting, cleaning, repairs, alterations, landscaping, utilities, sidewalk repair; refuse removal, certificates, permits and licenses, sewer charges, real and personal property taxes, assessments, insurance, security, advertising and promotion, janitorial services not included in property management, cleaning and building supplies, purchase, repair, servicing and installation of appliances, equipment, fixtures and furnishings, fees and expenses of accountants, attorneys and other professionals; (c) asset management fee; (d) specific expenses required in the operation of on-site activity centers; (e) other costs consistent with Borrower's Articles of Incorporation and By-Laws, and Borrower's operating deficiencies of other Affordable Housing Projects not covered by operating reserves; and (f) other actual, reasonable and customary operating costs which are directly incurred and paid by the Borrower. The Operating Expenses shall not in any event include non-cash expenses, including without limitation, depreciation.

"Reserve Deposits" shall mean (a) payments to a capital replacement reserve account on a per unit per year basis; and (b) payments to an operating reserve which shall be determined on a per unit per year basis. The exact amounts of the per unit cost as to the capital replacement reserve account, and to the operating reserve account shall be determined by the Agency Assistant Executive Director each Jan. 1. For the January 1, 2007 budget, the capital reserve shall be $300/unit, and the operating reserve shall be $200/unit, unless otherwise modified by parties. Two accounts shall be maintained at all times, each account though can be combined with other Projects reserve account for capital replacement and other Projects operating reserve accounts as allowed by Agency's Executive Director. The reserves accounts may then be used on any of the Properties as necessary.

"Residual Receipts" shall mean the "Approved Project Residual Receipts" less the "Approved General Administrative Costs" (if any).

1.3 Annual Budget Process Required. No later than January 1st of each calendar year, Borrower shall confer with Agency and present a budget for that calendar year. During this budget process, the parties shall meet and the Agency Assistant Executive Director shall determine at that time, the parameters of the exact reserve amounts, as well as the reasonableness of the other estimated expenses and income. With respect to consideration of Approved General Administrative Costs, the Agency shall determine that the planning and administrative expenses are necessary for the production, improvement, or preservation of low-and moderate-income housing. The parties shall again meet no later than Dec. 31 of each calendar year to reconcile the budget. Borrower shall obtain annual audited financial statements with respect to the Property that have been reviewed by an independent certified public accountant together with an expressed written opinion of the certified public accountant that such financial statements present the financial position, results of operations, and cash flows fairly and in accordance with generally accepted accounting principles. One statement can be provided for all of the Properties as long as each Project is clearly delineated or separate statements can be provided for each Project. Further, the Agency may audit Borrower at any time, by providing reasonable notice. The audit shall be at Agency's expense. At that time, the Assistant Executive Director shall provide Borrower with approval as to Approved General Administrative Costs and Approved Residual receipts if any.

The Residual Receipts shall be reported to the Agency annually in the form of a residual receipts report approved by the Agency. The Borrower shall annually, on or before April 1 of each year commencing on April 1, 2007, submit to the Agency a Residual Receipts Report which shall provide the basis for the determination of the Residual Receipts.

Notwithstanding the foregoing, however, the total amount of the principal and any other amounts owing under the Notes shall become immediately due and payable upon the earlier to occur of the following:

a. the sale, lease, exchange or other conveyance of the Property that is subject to the Deed of Trust securing this Note, or any portion of the Property; or

b. in the event of a default by the Borrower under this Agreement, the AHA, any Agency Regulatory Agreement recorded against any property subject to the Deed of Trust securing this Note, the Deed of Trust securing the Note, or the Note, which has not been cured within the period of time set forth in those documents.

Failure to declare such amounts due shall not constitute a waiver on the part of the Agency to declare them due subsequently.

1.4 Security for Agency and City Loan. The Notes shall be secured by one Deed of Trust with Assignment of Rents (Short Form) (the "Deed of Trust") to be recorded as an encumbrance to the Borrower's interest in the collective Property, which includes all of the properties, Projects Nos. 1 though 12, in the form of Exhibit "B" attached hereto, which is incorporated herein. The Deed of Trust shall secure all of the outstanding Agency and City Notes. Each Note shall have a cross-default and cross-collateralization reference. The entire security pool therefore, can be foreclosed upon a default in any one of the specific Notes. Full reconveyances and substitution of trustee shall be executed by the City Manager and Executive Director prior to the recordation of the Deed of Trust provided herein. Property Nos. 11 and 12 were approved with a provision authorizing administrative changes to the Deed of Trust so that it would be included in the security for this Note.

1.5 Conditions to Disbursement of Agency Loan. This transaction includes increased assistance from the Agency as set forth in certain Notes which shall be disbursed to pay off the existing debt on Projects No. 3, 4, 7, 9, 10, for Agency agrees to pay off the existing permanent financing on those aforementioned properties with an increased loan from the Agency in the respective amounts of approximately $300,000, $346,200, $393,400, $525,600, $99,300 the aforementioned amounts are estimates only, once is the exact payoff amount is determined the amount of the Agency loan shall be modified accordingly. a. Execution of Documents. Borrower shall have executed and delivered to the Agency and City the Amended and Restated Promissory Notes, the Deed of Trust, the Regulatory Agreement Amendment, and any other documents required hereunder.

b. No Default, Representations and Warranties. Borrower shall not be in default in any of its obligations under the terms of this Agreement, the Affordable Housing

Agreements, or the Regulatory Agreement. All representations and warranties of Borrower contained herein and the Regulatory Agreement shall be true and correct in all material respects on and as of the date of the disbursement of the Agency loan as though made at that time, and all covenants of Borrower which are required to be performed prior to the disbursement of the Agency loan shall have been performed by such date. Borrower represents and warrants that it has not conveyed any interest in any of the properties set forth above except to the private lenders referenced in Recital U above up to and including the date of the closing.

1.6 Subordination. The Deed of Trust shall not be subordinate to any other deeds of trust, unless expressly approved by the Agency and City.

1.7 Assignment. The Promissory Notes shall not be assigned by Borrower without the prior written consent of the Agency/City.

1.8 Amendments to Articles and By-laws. As further consideration for this refinancing, BHC agrees to amend its Articles of Incorporation and By-laws to reflect that its mission is expanded to provide community services and general administrative activities associated with the development, improvement, and preservation of low- and moderate-income housing in the City of Burbank, including but not limited to activity centers and child care, and that its powers and purpose be limited to the geographic boundaries of the City of Burbank. The amended provisions required by this section, shall not be further changed without Agency and City prior approval, which provision shall also be expressly provided. The required provisions shall be reflected in the Articles and By-laws, to the extent legally possible. Whether or not the provisions are incorporated into the articles and by-laws, any violation of this section will further be deemed to be a default of the Loan Agreement, causing acceleration of the Loan as amended herein. The City Attorney shall approve all modifications before BHC submits amended articles and before amending by-laws to the appropriate governmental entities, which submission shall occur within six months of this agreement. Submission to the Internal Revenue Service as to non-profit status given the proposed changes have occurred by the execution date of the amended promissory notes and the closing. BHC agrees to continue to diligently complete the amendment process to achieve the goals herein, and shall provide proof of these changes within a reasonable time.

2. Minimum Requirements.

2.1 Operation of Development in Compliance with Affordable Housing Agreements. The Borrower shall rehabilitate (where applicable), operate and maintain each Property in compliance with the requirements of the Affordable Housing Agreements applicable to each individual property and each respective Regulatory Agreement, as amended.

2.2 Maintenance. The Borrower shall maintain the Property and thereon in good condition, free of debris, waste and graffiti, in a clean and presentable manner, and in compliance with the Affordable Housing Agreements, the Regulatory Agreement, this Agreement and all applicable provisions of the Burbank Municipal Code. The Property shall be maintained in accordance with this Section 2.2 until the Agency Loan is repaid in full or for the period specified in the Regulatory Agreement, whichever period is longer. If the Property is not so maintained, and such condition is not corrected within a reasonable period after written notice thereof from the Agency,

then the Agency may perform the necessary maintenance and Borrower shall pay such costs as are reasonably incurred for such maintenance.

2.3 Insurance. Borrower shall furnish the Agency with proper evidence of the insurance which is required pursuant to the Affordable Housing Agreements and/or the Regulatory Agreement. At a minimum the following standards shall apply: The Borrower shall take out and maintain or shall cause its contractor to take out and maintain during the Affordability Period a comprehensive general liability policy in the amount of not less than Two Million Dollars ($2,000,000) combined single limit policy, and a comprehensive automobile liability policy with limits of not less than One Hundred Thousand Dollars ($100,000) per person and Three Hundred Thousand Dollars ($300,000) per accident for bodily injury and not less than Twenty-Five Thousand Dollars ($25,000) per accident for property damage. Borrower shall maintain insurance in the amount of Two Million Dollars ($2,000,000) against damages sustained by reason of any action, claim or demand made by reason of breach or claim for breach of contract, or by reason of any contractual liability or alleged contractual liability on any contract entered into by the Borrower or its contractors, subcontractors, agents or employees with respect to the Property. All policies shall protect the Borrower, City and Agency from claims for such damages, and be issued by an insurance carrier qualified to do business in the State of California, which carrier is reasonably satisfactory to the Agency. Such policy or policies shall be written on an occurrence form. The Borrower shall also furnish or cause to be furnished to the Agency and City evidence satisfactory to the city Attorney that Borrower and any contractor with whom it has contracted for the performance of work on the Property or otherwise pursuant to this Agreement carries workers' compensation insurance as required by law. The Borrower shall furnish a certificate of insurance countersigned by an authorized agent of the insurance carrier on a form approved by the Agency setting forth the general provisions of the insurance coverage. This countersigned certificate shall name the City and the Agency and their respective officers, agents, and employees as additionally insured parties under the policy, and the certificate shall be accompanied by a duly executed endorsement evidencing such additional insured status, which shall be provided as a separate endorsement attached to the certificate. The certificate and separate endorsement by the insurance carrier shall contain a statement of obligation on the part of the carrier to notify City and the Agency of any material change, cancellation or termination of the coverage at least thirty (30) days in advance of the effective date of any such material change, cancellation or termination. Coverage provided hereunder by the Borrower shall be primary insurance and not be contributing with any insurance maintained by the Agency or City, and the policy shall contain such an endorsement. The insurance policy or the endorsement shall contain a waiver of subrogation for the benefit of the City and the Agency. The required certificate shall be updated annually at the Jan. 1 meeting described above. Borrower shall also take out and maintain until the end of the Affordability Period a policy of property damage insurance, with the policy amount in the full replacement value of the Property.

In the event Borrower is unable to obtain any of the insurance coverages required herein, the Agency may find BHC in default of this Agreement; provided, however, the Borrower may request the Agency to pay for the insurance or to waive said insurance coverage requirements and place the Property and Rehabilitation on the Agency's insurance policy(ies). The Agency may approve or deny Borrower's waiver request in its sole and absolute discretion. Concurrently with Borrower's waiver request, the Borrower shall provide written correspondence from at least three (3) insurance underwriters evidencing Borrower's inability to obtain insurance coverage, regardless of cost. Any cost to the Agency caused by a purchase of insurance or a waiver of insurance coverage, including increased premium, shall be added to the amount of the Promissory Note under the Loan Agreement, and shall be repaid pursuant to the terms thereof.

2.4. Indemnity. The Borrower shall defend, indemnify, assume all responsibility for, and hold the Agency and the City, and their representatives, volunteers, officers, employees and agents, harmless from all claims, demands, damages, defense costs or liability of any kind or nature relating to the subject matter of this Agreement or the implementation thereof and for any damages to property or injuries to persons, including accidental death (including attorneys fees and costs), which may be caused by any acts or omissions of the Borrower under this Agreement, whether such activities or performance thereof be by the Borrower or by anyone directly or indirectly employed or contracted with by the Borrower and whether such damage shall accrue or be discovered before or after termination of this Agreement. The Borrower shall not be liable for property damage or bodily injury to the extent occasioned by the willful misconduct or sole negligence of the Agency or its agents or employees.

2.5 Compliance With Laws. The Borrower shall develop, maintain and operate the Property in conformity with all applicable laws, including all applicable state labor standards, the zoning and development standards of the City of Burbank, building, plumbing, mechanical and electrical codes, and all other provisions of the City Municipal Code, all applicable environmental laws, all state and federal fair housing laws, and all applicable disabled and handicapped access requirements, including without limitation the Americans With Disabilities Act, 42 U.S.C. Section 12101, *et seq.*, Government Code Section 4450, *et seq.*, Government Code Section 11135, *et seq.*, and the Unruh Civil Rights Act, Civil Code Section 51, *et seq.*

2.6 Nondiscrimination. Borrower for itself and its successors and assigns, agrees that there shall be no discrimination against or segregation of any person or group of persons, on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the leasing, subleasing, rental, transferring, use, occupancy, tenure, or enjoyment of the Property nor shall the Borrower or any person claiming under or through the Borrower establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, leases, sublessees, subtenants, contractors or vendees in the Property.

2.7 Condition of the Property.

a. Borrower Precautions. Borrower shall take all necessary precautions to prevent the release into the environment of any Hazardous Materials which may be located in, on or under the Property. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Borrower shall install and utilize such equipment and implement and adhere to such procedures as are consistent with commercially reasonable standards as respects the disclosure, storage, use, removal and disposal of Hazardous Materials.

b. Environmental Indemnity. Borrower shall indemnify, defend and hold Agency harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the release from the Property, use on the Property, generation on the Property, discharge from the Property, storage on the Property, disposal on or from the Property, or transportation to or from the Property, of any Hazardous Materials during the term of this Agreement, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment or license relating to the use, generation, release, discharge, storage, disposal or transportation of Hazardous Materials on, under, in or about, to or

from, the Property. This indemnity shall include, without limitation, any damage, liability, fine, penalty, parallel indemnity after closing, cost or expense arising from or out of any claim, action, suit or proceeding, including injunctive, mandamus, equity or action at law, for personal injury (including sickness, disease or death), tangible or intangible property damage, compensation for lost wages, business income, profits or other economic loss, damage to the natural resource or the environment, nuisance, contamination, leak, spill, release or other adverse effect on the environment; provided, however, under no circumstances shall these indemnity obligations of Borrower include any obligation for payment of punitive damages assessed against Agency or City or their officers, employees, agents or representatives.

c. **Definitions.** For purposes of this Agreement, "Hazardous Materials" means any substance, material, or waste which is or becomes regulated by any local governmental authority, Los Angeles County, the State of California, regional governmental authority, or the United States Government, including, but not limited to, any material or substance which is (i) defined as a "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste" under Section 25115, 25117 or 25122.7, or listed pursuant to Section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law)), (ii) defined as a "hazardous substance" under Section 25316 of the California Health and Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act), (iii) defined as a "hazardous material," "hazardous substance," or "hazardous waste" under Section 25501 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory), (iv) defined as a "hazardous substance" under Section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances), (v) petroleum, (vi) friable asbestos, (vii) polychlorinated byphenyls, (viii) methyl tertiary butyl ether, (ix) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Code of Regulations, Division 4, Chapter 20, (x) designated as "hazardous substances" pursuant to Section 311 of the Clean Water Act (33 U.S.C. §1317), (xi) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. §6901, *et seq.* (42 U.S.C. §6903) or (xii) defined as "hazardous substances" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601, *et seq.*

2.8 Liens and Stop Notices. Borrower shall use its best efforts to prevent any lien or stop notice from being placed on the Property or any part thereof, except as to those liens which are approved encumbrances under this Agreement or the Regulatory Agreement. If a claim of a lien or stop notice is given or recorded affecting the Property the Borrower shall within thirty (30) days of such recording or service:

a. pay and discharge the same; or

b. effect the release thereof by recording and delivering to Agency a surety bond in sufficient form and amount, or otherwise; or

c. provide Agency with indemnification from a title insurance company reasonably acceptable to the Agency against such lien or other assurance which Agency deems, in its sole discretion, to be satisfactory for the payment of such lien or bonded stop notice and for the full and continuous protection of Agency from the effect of such lien or bonded stop notice.

3. Borrower's Representations and Warranties. Borrower represents and warrants to Agency as follows:

3.1 Authority. Borrower has full right, power and lawful authority to undertake all obligations as provided herein, and the execution, performance and delivery of this Agreement by Borrower has been fully authorized by all requisite actions on the part of the Borrower. The parties who have executed this Agreement on behalf of Borrower are authorized to bind Borrower by their signatures hereto.

3.2 Litigation. To the best of Borrower's knowledge, there are no actions, suits, material claims, legal proceedings, or any other proceedings affecting the Borrower or any parties affiliated with Borrower, at law or in equity before any court or governmental agency, domestic or foreign, which if adversely determined, would materially impair the right or ability of Borrower to execute or perform its obligations under this Agreement or any documents required hereby to be executed by Borrower, or which would materially adversely affect the financial condition of Borrower or any parties affiliated with Borrower.

3.3 No Conflict. To the best of Borrower's knowledge, Borrower's execution, delivery, and performance of its obligations under this Agreement will not constitute a default or a breach under any contract, agreement or order to which Borrower or any parties affiliated with Borrower is a party or by which it is bound.

3.4 No Bankruptcy. No attachments, execution proceedings, assignments for the benefit of creditors, insolvency, bankruptcy, reorganization, receivership or other proceedings have been filed or are pending or threatened against the Borrower or any parties affiliated with Borrower, nor are any of such proceedings contemplated by Borrower or any parties affiliated with Borrower.

3.5 Notice of Changed Conditions. Until the disbursement of the Agency Loan, Borrower shall, upon learning of any fact or condition which would cause any of the warranties and representations in this Section 3 not to be true in any material respect, immediately give written notice of such fact or condition to Agency. Such exception(s) to a representation shall not be deemed a breach by Borrower hereunder, but shall constitute an exception which Agency shall have a right to approve or disapprove if such exception would have a material adverse effect on the development and/or operation of the Property. If Agency elects to disburse the Agency Loan to the Borrower following disclosure of such information, Borrower's representations and warranties contained herein shall be deemed to have been made as of the date of the disbursement of the Agency Loan, subject to such exception(s). If following the disclosure of such information the Borrower fails to cure such matter within the time set forth in Section 4 hereof for the cure of defaults, Agency may elect in its sole and exclusive discretion to terminate this Agreement by written notice to the Borrower.

4. Remedies for Default. A failure by either party to perform any action or covenant required by this Agreement, the Regulatory Agreement, the Promissory Note, the Deed of Trust, or any loan or deed of trust for the acquisition, rehabilitation, or operation of the Property which is senior to the Agency Loan, within the time periods provided herein following notice and failure to cure as described hereafter, constitutes a "Default" under this Agreement. A party claiming a Default shall give written notice of Default to the other party specifying the Default complained of. Except as otherwise expressly provided in this Agreement, the claimant shall not institute any proceeding against any other party, and the other party shall not be in Default if such party cures such default

within ten (10) days if the claimed. Default is a failure to pay amounts due pursuant to the Promissory Note, or thirty (30) days from receipt of such notice for all other claimed Defaults hereunder, unless a longer cure period is provided in the Regulatory Agreement, Promissory Note, Deed of Trust or other applicable document. However, in the event that such Default is other than a failure to pay money and is of such a nature that it cannot reasonably be cured within thirty (30) days from receipt of such notice, the claimant shall not institute any proceeding against the other party, and the other party shall not be in Default if such party immediately upon receipt of such notice, with due diligence, commences to cure, correct or remedy such failure or delay and completes such cure, correction or remedy with diligence as soon as reasonably possible thereafter. In the event that the Borrower is in default on any loan or deed of trust senior to the Agency Loan, the Borrower shall immediately deliver to the Agency a copy of such notice of default. Even if the holder of such loan or deed of trust has not exercised its rights or remedies with respect to such default, the Agency shall have the right (but not be obligated to) cure such default. In such event, the Agency shall be entitled to reimbursement from the Borrower of all costs and expenses actually incurred by the Agency in curing such default, plus interest at the rate of seven percent (7%) per annum. The Agency shall be entitled to add such amount to the amounts owing pursuant to the Promissory Note, and secured by the Deed of Trust.

4.1 Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any Default, to recover damages for any Default, or to obtain any other remedy consistent with the purpose of this Agreement. The Agency may also cause all indebtedness of the Borrower under this Agreement and the Promissory Note to become immediately due and payable, and may institute an action for judicial or nonjudicial foreclosure pursuant to the Deed of Trust. Legal actions must be instituted in the Superior Court of the County of Los Angeles, State of California, in an appropriate municipal court in that county, or in the United States District Court for the Central District of California.

4.2 Acceptance of Service of Process. In the event that any legal action is commenced by the Borrower against Agency, service of process on Agency shall be made by personal service upon the Secretary or Executive Director of Agency or in such other manner as may be provided by law. In the event that any legal action is commenced by Agency against the Borrower, service of process shall be made in such manner as may be provided by law and shall be effective whether served inside or outside of California.

4.3 Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same Default or any other Default by the other party.

4.4 Inaction Not a Waiver of Default. Any failures or delays by either party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

4.5 Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

4.6 Attorneys' Fees. In any action between the parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with any of the terms or provisions of this Agreement, the prevailing party in the action shall be entitled, in addition to any other relief to which it might be entitled, reasonable costs and expenses including, without limitation, litigation costs and reasonable attorneys' fees.

5. General Provisions.

5.1 Notices, Demands and Communications Between the Parties. Any approval, disapproval, demand, document or other notice ("Notice") which either party may desire to give to the other party under this Agreement must be in writing and may be given either by (i) personal service, (ii) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to the address of the party as set forth below, or at any other address as that party may later designate by Notice:

Attn: Executive Director

To Borrower: Burbank Housing Corporation
1819 Grismer Avenue
Burbank, California 91504
Attn: Executive Director

To City: City of Burbank
275 E. Olive Avenue
Burbank, California 91502
Attn: City Manager

Any written notice, demand or communication shall be deemed received immediately upon personal delivery or two (2) days after deposit in the United States mail; provided, however, that refusal to accept delivery after reasonable attempts thereto shall constitute receipt. Any notices attempted to be delivered to an address from which the receiving party has moved without notice shall be effective on the third day from the date of the attempted delivery or deposit in the United States mail.

5.2 Non-Liability of Officials and Employees of Agency and City. No member, official, officer or employee of Agency or the City shall be personally liable to the Borrower, or any successor in interest, in the event of any Default or breach by Agency (or the City) or for any amount which may become due to the Borrower or its successors, or on any obligations under the terms of this Agreement. The City is not a party to this Agreement and shall have no obligations hereunder.

5.3 Counterparts. This Agreement may be signed in multiple counterparts which, when signed by all parties, shall constitute a binding agreement. This Agreement is executed in two (2) originals, each of which is deemed to be an original.

5.4 Integration. This Agreement, together with the Promissory Note, Deed of Trust, Form of Residual Receipts Report, and Regulatory Agreement contains the entire understanding between the parties relating to the transaction contemplated by this Agreement. All prior or contemporaneous agreements, understandings, representations and statements, oral or written, are merged in this Agreement and shall be of no further force or effect. Each party is entering this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material. This Agreement includes Exhibits A, B, and C, which constitute the entire understanding and agreement of the parties, notwithstanding any previous negotiations or agreements between the parties or their predecessors in interest with respect to all or any part of the subject matter hereof.

5.5 No Waiver. A waiver by either party of a breach of any of the covenants, conditions or agreements under this Agreement to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Agreement.

5.6 Modifications. Any alteration, change, or modification of or to this Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each party.

5.7 Severability. If any term, provision, condition, or covenant of this Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

5.8 Legal Advice. Each party represents and warrants to the other the following: they have carefully read this Agreement, and in signing this Agreement, they do so with full knowledge of any right which they may have; they have received independent legal advice from their respective legal counsel as to the matters set forth in this Agreement, or have knowingly chosen not to consult legal counsel as to the matters set forth in this Agreement; and, they have freely signed this Agreement without any reliance upon any agreement, promise, statement or representation by or on behalf of the other party, or their respective agents, employees, or attorneys, except as specifically set forth in this Agreement, and without duress or coercion, whether economic or otherwise.

5.9 Time of Essence. Time is expressly made of the essence with respect to the performance by the parties of each and every obligation and condition of this Agreement.

5.10 Cooperation. Each party shall cooperate with the other in this transaction and, in that regard, sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Agreement including, but not limited to, releases or additional agreements.

5.11 Definitions. Any terms used in this Agreement but not separately defined herein shall have the meaning given to such terms in the Regulatory Agreement.

5.12 Date of Agreement. This Loan Agreement is dated March 2006, but signed in October, 2006 because of prepayment penalties in certain private loans which precluded closing on the Agency refinancing until that time.

The Agency Note for Project No.2 bears interest at the rate of three percent interest, amortized over thirty years. A deed of trust in first position on the Project No. 2 secures the note. The City lent HOME funds in an amount up to $150,000, which would be forgiven, unless BHC commits a material default of the note, deed of trust or regulatory agreement, and fails to cure such default. In the event of an uncured default, the note is accelerated and due in full.

Project No. 3

Elmwood Avenue

On July 10, 2001, BHC entered into an affordable housing agreement with the City and the Agency to acquire, rehabilitate and manage real property located at 199 West Elmwood Avenue which was then improved with a six-unit apartment building. The transaction also consolidated the prior purchase agreement obligations entered into on November 30, 1999 concerning the acquisition of 153, 158-159,164-165, 170-171, 188, 194 Elmwood. The consolidated Promissory Note to the Agency was for **$3,007,265.48**. This Elmwood project is collectively referred to as "Project No.3". Under the terms of the consolidated Promissory Note to the Agency, BHC is to make annual payments based on 100% of the residual receipts of the combined Elmwood projects, as narrowly defined in the note. The Agency would then share as BHC's annual payment to the City an amount equal to 20% of the annual residual receipts received from BHC. The note accrued no interest, and the first payment was to be made April 1, 2002, with the remaining balance due on November 30, 2029. Additionally, as part of this refinancing, the City loan of $100,000 to the Agency and then to BHC is to be repaid.

Agency Loan

[J: Is there not a city loan too?] The Agency Note is less than this amount.
